Notes

The brief descriptions and digest paragraphs in this digest were prepared by the employees of the legislature as a guide to interested persons concerned with the various measures pending before the legislature. Brief descriptions and digest paragraphs are not offered in substitution of or supplementary to the official titles and official text of the legislative measures. The brief descriptions and digest paragraphs are not intended to constitute any part of the law, are not in any manner adopted or acted upon by the legislature, and are in no way evidence of the intent of the legislature.

If the only action on a bill for a session is "By resolution, reintroduced and retained in present status." and no action other than "By resolution, reintroduced and retained in present status." occurs in subsequent sessions in the two-year legislative cycle for that bill, the history for those sessions will not be printed in this publication.

Companion bills are shown for original bills only.

The brief description for each bill family shows only once on the original bill unless there is a change in the brief description for a later version of the bill.

HOW TO USE
THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The *Legislative Digest and History of Bills* is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily *Legislative Digest* is available. Use the daily *Legislative Digest* to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the *Legislative Digest and History of Bills*. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the *Legislative Digest* publication.

This publication consists of three parts:

(1) Digest paragraphs and legislative actions on all measures (bills);
(2) RCW - Bill Table;
(3) Topical Index; and
(4) Session Law Chapter to Bill Table

DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

(1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
(2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
(3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
(4) The special status of legislation reports for the Senate and the House.

The bulk of the *Legislative Digest and History of Bills* is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular *Legislative Digest and History of Bills* is found on the Index Page of the *Legislative Digest and History of Bills* beginning on page one. Several examples of these reports are:

(1) Senate Bills Introduced by Members
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
(2) Senate Bills Introduced by Request;
(3) Senate Bills Passed by the Senate;
(4) Senate Bills Passed by the Senate and House;
(5) Senate Bills Failed to Pass the House;
(6) Senate Bills Passed Both Houses Showing Executive Action; and
(7) Governor's Messages on Bills Vetoed or Partially Vetoed
VO - Veto overridden
PV - Partial Veto
V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)

RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

38.03.030	AMD	SHB	1301*
38.03.040	AMD	SHB	1375+
39.07.060	REP	2SSB	5111

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action must be taken in cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is http://www.leg.wa.gov, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

SB 5024 by Senator Benton; by request of Department of Enterprise Services

Making conforming amendments made necessary by reorganizing and streamlining central service functions, powers, and duties of state government.

(DIGEST AS ENACTED)

Makes conforming amendments made necessary by the reorganization and streamlining of central service functions, powers, and duties of state government.

VETO MESSAGE ON SB 5024

May 11, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 19, 25, 48, 49, and 127, Senate Bill No. 5024 entitled:

> "AN ACT Relating to conforming amendments made necessary by reorganizing and streamlining central service functions, powers, and duties of state government."

The following sections contain conflicting or double amendments to sections of law amended in legislation I have already signed into law and are not necessary:

Section 19 amends RCW 19.27A.020, which was also amended in House Bill No. 1011, already signed into law.

Section 25 amends RCW 27.48.040, which was also amended in Senate Bill No. 5176, already signed into law.

Sections 48 and 49 amend RCW 39.35C.050 and 39.35C.090, which were also amended in Senate Bill No. 5075, already signed into law.

Section 127 decodifies RCW 43.19.533, which was repealed in Senate Bill No. 5075, already signed into law.

For these reasons I have vetoed Sections 19, 25, 48, 49, and 127 of Senate Bill No. 5024.

With the exception of Sections 19, 25, 48, 49, and 127, Senate Bill No. 5024 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON 2SSB 5052

April 24, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 36, 42, 43, 44, 45, 46, and 52, Second Substitute Senate Bill No. 5052 entitled:

> "AN ACT Relating to establishing the cannabis patient protection act."

After tremendous deliberation, compromise and hard work from our outstanding bipartisan sponsors and co-sponsors, committee chairs and ranking members from both houses, we have a measure that will create a medical marijuana system that works for our state.

I am committed to ensuring a system that serves patients well and makes medicine available in a safe and accessible manner, just like we would do for any medicine. That's what this bill strives to provide. It will help families of patients in real need.

As significant an accomplishment as this bill is for our state - and for patients to be ensured of having a safe place to get medicine they need - I know some remain concerned. These perspectives are important and compelling. I recognize the solution is not perfect. However, I do think this is far better than today's wholly unregulated system.

We will have options for patients and a system of strong enforcement to ensure public safety, especially for children. It is a good thing that this bill allows immediate enforcement of dispensaries to ensure they are not selling marijuana to kids.

I want to be clear that I am committed to implementing this law effectively by ensuring cooperatives are safe for patients in need, not sources of illicit diversion in our communities. To this end, I have directed the Liquor Control Board to work with the Attorney General's Office and local law enforcement to consider all options to ensure patient and public safety.

I also want to reassure you that the Department of Health will create an authorization form that will continue to honor the doctor-patient relationship.

While this bill takes a tremendous step forward, a large volume remains of unfinished work on marijuana tax policy, enforcement, local revenue sharing and funding for public health prevention programs. I strongly support efforts to address these items - and call on legislators to finish the job and provide the tools necessary to ensure a well-regulated and functioning marijuana market in our state.

I am vetoing the following sections:

Section 36. This section prohibits employers of health care providers from limiting medical marijuana recommendations to patients. This is an employment law provision that may cause confusion and potential unintended consequences. This section was added without adequate input. The sponsors of this legislation have also requested this provision be vetoed to allow time for further discussion to develop appropriate policy.

Sections 42 and 43. These sections remove from Schedule I of our state's Controlled Substances Act any medical marijuana product. This is a laudable idea and I appreciate the intent to reduce the stigma of medical marijuana by rescheduling it from a Schedule I - an illegal - controlled substance to something more appropriate. However, our state's rescheduling system has very limited effect, and rescheduling just medicinal marijuana - not the entire cannabis plant and derivatives - may cause serious problems such as having the unintended effect of limiting the types of marijuana that are considered medicine. To that end, I have instructed the Department of Health to thoroughly consider this idea in consultation with medical professionals and stakeholders, and bring an appropriate resolution to me and the Legislature by next year. Furthermore, I will continue to advocate for the federal government to consider a national rescheduling solution, which may be most beneficial, considering the limited power that state rescheduling has in this respect.

Sections 44, 45 and 46. These sections create new felonies in our criminal code. Washington state does not need additional criminal penalties related to medical marijuana. Moreover, these sections were added as part of the same amendment that created sections 42 and 43 that would have rescheduled medical marijuana. Because I have vetoed sections 42 and 43, sections 44, 45, and 46 are also unnecessary.

Section 52. This section makes Senate Bill 5052 contingent on the enactment of some version of House Bill 2136 by October 1, 2015. This contingent effective date causes confusion and potentially conflicts with other effective dates in Senate Bill 5052. In addition, if the Legislature is unable to pass a version of House Bill 2136, the Code Reviser's Office has advised me that this provision acts as a null and void clause, in which case we risk jeopardizing the integrity of the system created in this bill. I strongly agree with the need for additional policy and administrative changes to ensure a well- regulated and functioning marijuana market. However, this bill should not be made contingent on those changes.

For these reasons I have vetoed Sections 36, 42, 43, 44, 45, 46, and 52 of Second Substitute Senate Bill No. 5052.

With the exception of Sections 36, 42, 43, 44, 45, 46, and 52, Second Substitute Senate Bill No. 5052 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON ESSB 5145

March 10, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5145 entitled:

"AN ACT Relating to the membership of the health technology clinical committee."

This is a worthy bill, but it has preceded the passage of the 2016-2017 supplemental operating budget, which is a greater legislative priority. Until a budget agreement is reached, I cannot support this bill.

For these reasons I have vetoed Engrossed Substitute Senate Bill No. 5145 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SB 5265

March 10, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5265 entitled:

> "AN ACT Relating to allowing a public depository to arrange for reciprocal deposits of public funds."

This is a worthy bill, but it has preceded the passage of the 2016-2017 supplemental operating budget, which is a greater legislative priority. Until a budget agreement is reached, I cannot support this bill.

For these reasons I have vetoed Senate Bill No. 5265 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

Concerning the diversion of certain municipal waters.

(SUBSTITUTED FOR - SEE 1ST SUB)

Allows a municipal owner of foreign water discharged to the Nooksack river between river miles seventeen and nineteen to claim and divert up to an equal quantity of water annually from the Nooksack river without satisfying laws governing water appropriation if certain conditions are met.

SB 5458 by Senators Angel, Rolfes, and Hasegawa

Concerning health district banking.

(DIGEST AS ENACTED)

Allows a health district to perform certain banking functions. Veto overridden on March 29, 2016.

VETO MESSAGE ON SB 5458

March 10, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5458 entitled:

"AN ACT Relating to health district banking."

This is a worthy bill, but it has preceded the passage of the 2016-2017 supplemental operating budget, which is a greater legislative priority. Until a budget agreement is reached, I cannot support this bill.

For these reasons I have vetoed Senate Bill No. 5458 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SSB 5501

May 11, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Substitute Senate Bill No. 5501 entitled:

"AN ACT Relating to the prevention of animal cruelty."

Section 7, by expanding the exceptions for "accepted husbandry practices" used in commercial farming to noncommercial farming, could potentially leave livestock and other animals subject to neglect or cruelty. Contrary to the purpose of this bill, animal control officers and prosecutors will have more difficulty enforcing animal cruelty laws in cases involving backyard farming and hobby farms.

For these reasons I have vetoed Section 7 of Substitute Senate Bill No. 5501.

With the exception of Section 7, Substitute Senate Bill No. 5501 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SB 5549

March 10, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5549 entitled:

"AN ACT Relating to the registration and disciplining of pharmacy assistants."

This is a worthy bill, but it has preceded the passage of the 2016-2017 supplemental operating budget, which is a greater legislative priority. Until a budget agreement is reached, I cannot support this bill.

For these reasons I have vetoed Senate Bill No. 5549 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON E2SSB 5564

May 14, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 39(2), Engrossed Second Substitute Senate Bill No. 5564 entitled:

> "AN ACT Relating to decreasing the barriers to successful community participation for individuals involved with the juvenile justice system."

This bill lowers the financial burden on juvenile offenders and their families, making it more likely that they will be able to turn their lives around and be productive members of society. Section 39(2) eliminates the legal financial obligation associated with a diversion program. The revenue from the financial obligation in section 39(2) provides substantial funding for Community Youth Services, a diversion program in Thurston county that is very successful in providing diversion services to juveniles. It is vital to continue to provide adquate [adequate] funds for these diversion services.

For these reasons I have vetoed Section 39(2) of Engrossed Second Substitute Senate Bill No. 5564.

With the exception of Section 39(2), Engrossed Second Substitute Senate Bill No. 5564 is approved.

Respectfully submitted,
Jay Inslee

Governor

VETO MESSAGE ON ESSB 5785

May 18, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5785 entitled:

"AN ACT Relating to the definition of official duties of state officers."

This bill changes definition of official duty for a state officer holding an elective office in the state Ethics Act. The definition is expanded to mean not only those duties prescribed in the state Constitution, state statutes or agency rules, legislatively funded or mandated authority and responsibilities, but also any activities described in an agency's strategic plan and tasks or action directly related to carrying out the state officer's other official duties.

I believe this is an unnecessary change to the Ethics Act. First, this legislation creates a different standard of ethics for elected officials. While they have different roles, I believe all public employees should be held to the same rules. Moreover, elected officials - as head of agencies - already define much of their job duties. There is no need to create an expanded definition of official duty. By doing so, we unnecessarily risk endangering the public's trust.

For these reasons I have vetoed Engrossed Substitute Senate Bill No. 5785 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SSB 5824

April 24, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 6, and 8, Substitute Senate Bill No. 5824 entitled:

"AN ACT Relating to certain recreational guides."

Sections 6 and 8 of this bill are technical changes that are meant to simplify this chapter by placing game fish guide license fees in the same section as food fish guide license fees (RCW 77.64.440 [77.65.440]). However, House Bill 1232 and Senate Bill 5464 both contain a reference to the original location of the game fish guide license (RCW 77.65.480). To avoid creating a reference error, I am vetoing sections 6 and 8.

For these reasons I have vetoed Sections 6 and 8 of Substitute Senate Bill No. 5824.

With the exception of Sections 6 and 8, Substitute Senate Bill No. 5824 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON 2ESSB 5988

July 15, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 204, page 3, lines 31-35, and page 4, lines 1-15, Second Engrossed Substitute Senate Bill No. 5988 entitled:

"AN ACT Relating to additive transportation funding and appropriations."

Section 204, page 3, lines 31-35, and page 4, lines 1-15, Department of Transportation, Beaver Dams

This proviso creates a complicated process for managing beaver dams on private property that pose a threat to Washington state highways, individual personal property, and public safety. The proposed process would require the Washington State Department of Transportation to notify private property owners of impending threats from beaver dam failure, to produce wildlife management plans, and to provide potential remedies that could create liability for the state. Therefore, I have vetoed Section 204, page 3, lines 31-35, and page 4, lines 1-15.

For these reasons I have vetoed Section 204, page 3, lines 31-35, and page 4, lines 1-15 of Second Engrossed Substitute Senate Bill No. 5988.

With the exception of Section 204, page 3, lines 31-35, and page 4, lines 1-15, Second Engrossed Substitute Senate Bill No. 5988 is approved.

Respectfully submitted,
Jay Inslee
Governor

SB 5996 by Senators King, Hobbs, Fain, Liias, Litzow, Braun, Schoesler, Parlette, Dammeier, Warnick, Sheldon, O'Ban, Hewitt, Becker, and Brown

Concerning Washington state department of transportation projects.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides an expedited environmental review and approval process that the department of transportation must use for a transportation project requiring the preparation of an environmental impact statement under the national environmental policy act.

Requires the department of transportation to: (1) Streamline the permitting process by developing and maintaining positive relationships with the regulatory agencies and the Indian tribes; and

(2) Use available technologies to minimize permit delays for, inform and interact with interested parties including relevant environmental regulatory authorities regarding, and optimize the effectiveness of proposed compensatory mitigation projects.

Requires the department of ecology to convene a work group including the department of transportation and local governments to identify procedures to more effectively achieve certain objectives related to local land use reviews.

SB 5996-S by Senate Committee on Transportation (originally sponsored by Senators King, Hobbs, Fain, Liias, Litzow, Braun, Schoesler, Parlette, Dammeier, Warnick, Sheldon, O'Ban, Hewitt, Becker, and Brown)

(DIGEST AS ENACTED)

Requires the department of transportation to: (1) Work cooperatively and proactively with state regulatory and natural resource agencies, public and private sector interests, and Indian tribes to avoid project delays;

(2) Expedite project delivery and routine maintenance activities through the use of programmatic agreements and permits where possible and seek new opportunities to eliminate duplicative processes; and

(3) Submit a report to the transportation committees of the legislature detailing engineering errors on highway construction projects resulting in project cost increases in excess of five hundred thousand dollars.

Requires the department of transportation, the department of ecology, and the department of fish and wildlife to: (1) Use their existing authorities and guidance to provide a preference for the removal of existing fish passage barriers owned by cities and counties as compensatory mitigation for environmental impacts of transportation projects where appropriate; and

(2) Consult with other relevant entities to develop a framework for encouraging off-site and out-of-kind local fish passage barrier mitigation that provides results that are consistent with habitat protection priorities and are ecologically preferable to on-site mitigation.

VETO MESSAGE ON 2ESSB 5996

July 6, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 9, Second Engrossed Substitute Senate Bill No. 5996 entitled:

> "AN ACT Relating to Washington state department of transportation projects."

This bill is one of several substantive transportation reform bills I am signing into law today. The goal of this particular bill is to streamline the environmental decision making process for transportation projects without sacrificing environmental protections. Section 9 contains additional reporting requirements for the Washington State Department of Transportation (WSDOT) on lean efforts and to complete a Baldridge assessment. I wholeheartedly support adequately measuring and reporting on performance metrics and lean management efforts. The transportation investment package, however, already includes a number of studies and reports WSDOT must complete and prioritize within available funding. The unfunded requirements in Section 9 of this bill unnecessarily hinder efforts to implement this and other reform bills.

For these reasons I have vetoed Section 9 of Second Engrossed Substitute Senate Bill No. 5996.

With the exception of Section 9, Second Engrossed Substitute Senate Bill No. 5996 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON ESSB 6052

June 30, 2015

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 130, page 27, line 29; 204(2)(f); 501(1)(f); 950(3); 963; and 1213, page 381, lines 6-7, Engrossed Substitute Senate Bill No. 6052 entitled:

"AN ACT Relating to fiscal matters."

Section 130, page 27, line 29, Office of Financial Management, Data Processing Revolving Account

The Data Processing Revolving Account will be abolished, effective January 1, 2016, pursuant to passage of Engrossed Second Substitute Senate Bill No. 5315. Because this appropriation to the Office of Financial Management is no longer necessary, I have vetoed Section 130, page 27, line 29.

Section 204(2)(f), pages 58-59, Department of Social and Health Services, Study on Clinical Role of Psychiatrists

This proviso requires the Department of Social and Health Services, within existing resources, to contract with a consultant to conduct a workload study and to examine the clinical role of psychiatrists at the state psychiatric hospitals with respect to patients who are the subject of both forensic and civil commitment. In addition to findings and recommendations on those topics, the consultant must identify factors other than compensation that are negatively affecting job retention for psychiatrists and make recommendations for addressing those issues. Although I welcome additional expertise to address factors that may influence job retention, funding is not provided for the cost of an independent contractor. For this reason, I have vetoed Section 204(2)(f).

Section 501(1)(f), page 126, Superintendent of Public Instruction, School District Accounting Rules and Reporting

This proviso requires the Superintendent of Public Instruction to revise the accounting rules for school districts, as well as accounting and financial information technology systems, to separate expenditures of levy and local effort assistance revenues from all other expenditures. It also requires additional detailed reporting of school district compensation data. The Superintendent estimated $400,000 would be needed to implement this proviso, and no funding was provided. In addition, the new rules and systems must be in place by the 2016-17 school year, leaving no time for the Superintendent to test the system with pilot districts prior to implementation. For these reasons, I have vetoed Section 501(1)(f).

Section 950(3), page 257, Law Enforcement Officers' and Firefighters' Retirement System (LEOFF) Distribution in 2017

I support funding for the Local Law Enforcement Officers' and Firefighters' Retirement System Benefits Improvement Account, and included funding for this account in my budget proposal. Rather than provide a General Fund--State appropriation to this account, the Legislature transferred money from the LEOFF retirement system pension fund to the benefits improvement account. While I am approving this one-time transfer, I am concerned that repeated transfers would undermine the stability of the pension fund and increase the cost of existing pension benefits for plan members, local governments, and the state of Washington. Because I believe that future funding for the benefits improvement account should be made through General Fund appropriations, as envisioned by the legislation that created that account, I am vetoing language that indicates legislative intent for future transfers from the pension fund. For this reason, I have vetoed Section 950(3).

Section 963, page 268, Life Sciences Discovery Fund

The Life Sciences Discovery Fund Authority (LSDFA) provides valuable and innovative research that improves the health of all Washingtonians. I am disappointed the Legislature could not come to an agreement on providing some new funding for the LSDFA. I am concerned that Section 963 unduly restricts the awarding of grants with money currently in the Life Sciences Discovery Fund and abruptly ends the work of the LSDFA. This prohibition also restricts the LSDFA from using new revenue provided by marijuana research licenses pursuant to Senate Bill No. 5121. We must provide maximum flexibility for the LSDFA to carry out its mission and expend all remaining money in the Life Sciences Discovery Fund. For these reasons, I have vetoed Section 963.

Section 1213, page 381, lines 6-7, Health Care Authority, Savings Through Waiver Request

The budget assumes that the Health Care Authority (HCA) can achieve General Fund--State savings in state fiscal year 2015 by, among several savings steps, seeking a waiver from the federal Centers for Medicare and Medicaid Services. This waiver would provide federal flexibility in the area of innovative reimbursement methods. The Centers for Medicare and Medicaid Services has indicated that it will not approve this waiver request, and therefore, the savings cannot be achieved. For this reason, I have vetoed Section 1213, page 381, lines 6-7, and directed HCA to place any unused funds in reserve status.

For these reasons I have vetoed Sections 130, page 27, line 29; 204(2)(f); 501(1)(f); 950(3); 963; and 1213, page 381, lines 6-7 of Engrossed Substitute Senate Bill No. 6052.

With the exception of Sections 130, page 27, line 29; 204(2)(f); 501(1)(f); 950(3); 963; and 1213, page 381, lines 6-7, Engrossed Substitute Senate Bill No. 6052 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SB 6148

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 6148 entitled:

For these reasons I have vetoed Senate Bill No. 6148 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

Companion Bill: 2455

Allowing incremental electricity produced as a result of certain capital investment projects to qualify as an eligible renewable resource under the energy independence act.

(DIGEST AS PASSED LEGISLATURE)

Revises the definition of "eligible renewable resource," for purposes of the energy independence act, to include incremental electricity produced as a result of a capital investment completed after March 31, 1999, that increases, relative to a baseline level of generation prior to the capital investment, the amount of electricity generated in a facility that generates qualified biomass energy and that commenced operation before March 31, 1999.

Requires the facility to demonstrate that the incremental electricity resulted from the capital investment, which does not include expenditures on operation and maintenance in the normal course of business, through direct or calculated measurement.

VETO MESSAGE ON ESB 6166

April 1, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 6166 entitled:

> "AN ACT Relating to allowing incremental electricity produced as a result of certain capital investment projects to qualify as an eligible renewable resource under the energy independence act."

This bill would allow electricity produced by new capital investments in older biomass facilities to be fully eligible as renewable energy under Initiative 937, the Energy Independence Act.

I appreciate the intent of this bill to encourage owners to make capital improvements that increase the efficiency and use of renewable energy at older biomass facilities. However, the bill would undermine investments in renewable energy previously made by others.

I remain open to changes in our renewable energy standards that encourage new investments and new technologies, without displacing current investments.

For these reasons I have vetoed Engrossed Senate Bill No. 6166 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SSB 6177

March 10, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 6177 entitled:

"AN ACT Relating to the marijuana research license."

This is a worthy bill, but it has preceded the passage of the 2016-2017 supplemental operating budget, which is a greater legislative priority. Until a budget agreement is reached, I cannot support this bill.

For these reasons I have vetoed Substitute Senate Bill No. 6177 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SB 6220

March 10, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 6220 entitled:

> "AN ACT Relating to promoting economic development by maximizing the use of federal economic development funding opportunities."

This is a worthy bill, but it has preceded the passage of the 2016-2017 supplemental operating budget, which is a greater legislative priority. Until a budget agreement is reached, I cannot support this bill.

For these reasons I have vetoed Senate Bill No. 6220 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON E2SSB 6242

April 1, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Engrossed Second Substitute Senate Bill No. 6242 entitled:

> "AN ACT Relating to the indeterminate sentence review board."

I am vetoing the emergency clause provision in this bill. To properly implement this legislation, the Indeterminate Sentence Review Board (ISRB) needs time to hire and train additional staff, update and create new forms, and notify offenders of the bill requirements. I expect that during this implementation process, the ISRB will continue to work closely with prosecutors and victims to improve transparency and notification.

For these reasons I have vetoed Section 3 of Engrossed Second Substitute Senate Bill No. 6242.

With the exception of Section 3, Engrossed Second Substitute Senate Bill No. 6242 is approved.

Respectfully submitted,

Jay Inslee
Governor

VETO MESSAGE ON ESSB 6248

April 1, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Engrossed Substitute Senate Bill No. 6248 entitled:

> "AN ACT Relating to risk mitigation plans to promote the transition of eligible coal units [a pathway for a transition of eligible coal units]."

Section 3 of the bill prohibits the Utilities and Transportation Commission (UTC) from authorizing the use of retirement account funds if the electrical company proposes a closure or retirement date before December 31, 2022, subject to certain exceptions. This section inappropriately changes the long-standing definition of how the commission determines whether utility investment and expenses are prudent. It unnecessarily interferes with the market and with UTC's role in determining how best to protect the ratepayers of Washington-owned utilities.

For these reasons I have vetoed Section 3 of Engrossed Substitute Senate Bill No. 6248.

With the exception of Section 3, Engrossed Substitute Senate Bill No. 6248 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SSB 6329

April 1, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 6329 entitled:

> "AN ACT Relating to creating the parent to parent program for individuals with developmental disabilities."

I fully support the intent of this legislation, including the establishment of this program in state statute and provision of certain activities through a contracted agency, dependent on funding provided for that purpose. However, this bill is identical in its substantive provisions with the House companion bill, House Bill 2394, creating the parent to parent program for individuals with developmental disabilities. I have previously signed House Bill 2394 into law, thereby making the provisions of this bill duplicative and unnecessary.

For these reasons I have vetoed Substitute Senate Bill No. 6329 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SSB 6498

March 10, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 6498 entitled:

"AN ACT Relating to testimonial privileges for alcohol and drug addiction recovery sponsors."

This is a worthy bill, but it has preceded the passage of the 2016-2017 supplemental operating budget, which is a greater legislative priority. Until a budget agreement is reached, I cannot support this bill.

For these reasons I have vetoed Substitute Senate Bill No. 6498 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SSB 6523

April 1, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute Senate Bill No. 6523 entitled:

> "AN ACT Relating to service credit for pension purposes for certain emergency medical services employees."

The first section of this bill is not necessary for the implementation of the bill, and it raises facts that are inconsistent with the remainder of the bill. This may cause confusion and make the statute less clear.

For these reasons I have vetoed Section 1 of Substitute Senate Bill No. 6523.

With the exception of Section 1, Substitute Senate Bill No. 6523 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SSB 6569

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 6569 entitled:

For these reasons I have vetoed Substitute Senate Bill No. 6569 in its entirety.

VETO MESSAGE ON ESSB 6656

April 19, 2016

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 2, 7, 9, and 12, Engrossed Substitute Senate Bill No. 6656 entitled:

> "AN ACT Relating to the reform of practices at state hospitals."

Section 2 refers to the creation of a transition plan for changing the current financing structure for civil bed utilization. While I agree a transition plan is needed, I would prefer to use the consultant's recommendations to inform the development of the plan. The consultant is funded in the Office of Financial Management's (OFM) budget. I will charge OFM to work with the Department of Social and Health Services (DSHS) and the consultant to address the requirements of this section and report back to me and the Select Committee on Quality Improvement in State Hospitals by November 2016.

Section 7 creates rules for how funds from the Governor's Behavioral Health Innovation Fund can be used. While I agree with many of the categories for funding, I am concerned that funding cannot be used for compensation increases for hospital personnel; a critical tool in increasing staffing at the state hospitals. As a result, I have vetoed Section 7.

Section 9 requires DSHS to assure that several policies are implemented, subject to the availability of funding. This section is effective in July of 2016. While I agree with many of the policies stipulated in the bill, this section requires implementation of policies that have not had the full benefit of the recommendations made by the consultants called for in section 5. In addition, provisions that require a plan to use all the funding appropriated for Enhanced Services Facilities is duplicative of the requirements of Section 11. For these reasons, I have vetoed Section 9.

Section 12 requires the Office of Financial Management to create a job class for Advanced Registered Nurse Practioners [Practitioners] (ARNP) and Physician Assistants (PA) to allow them to work at the top of their practice. While I agree that allowing ARNPs and other mid-level professionals to practice in our hospitals should be an important part of the state's strategy to address workforce shortages, the requirement to create the job class is not consistent with the process provided in law for creation of classified positions. I have therefore vetoed Section 12.

For these reasons I have vetoed Sections 2, 7, 9, and 12 of Engrossed Substitute Senate Bill No. 6656.

With the exception of Sections 2, 7, 9, and 12, Engrossed Substitute Senate Bill No. 6656 is approved.

Respectfully submitted,
Jay Inslee
Governor
