The Clerk called the roll and all members were present except Representatives Appelwick, Gallagher, Locke, Padden, Vekich and Walk. On motion of Ms. H. Myers, Representatives Appelwick, Gallagher and Vekich were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Trisha Hagan and Megan Berry. Prayer was offered by The Reverend Don Nicholson, Minister of the Victory Christian Center of Olympia.

CENTENNIAL MESSAGE FROM THE WASHINGTON STATE HISTORICAL SOCIETY

April 13, 1989

On this day in 1889, a Tacoma poet advertised a theatrical performance to raise money for the victims of a Seattle fire. His poetry was so bad that a Seattle newspaper said that, though the city had suffered disaster by the fire, it had at least escaped a "perhaps worse infliction" by the poet. And the mayor and city council in Seattle debated firing Police Chief Mitchell on grounds that he was not enforcing the laws against alcohol and other vice.

On April 13, 1922 radio station KTW in Seattle, the first church-owned radio station in the country, was started by the First Presbyterian Church's Minister, Mark Allison Matthews. It was built by J. D. Ross, head of Seattle City Light.

On April 13, 1949 a severe earthquake rocked Washington. Among the items damaged was the lantern atop the State Capitol; a replica that weighed less replaced it.

On this day in 1966 Boeing announced plans to build a four hundred and ninety passenger jet transport plane, the 747. Pan American World Airways ordered twenty-five.

And, on this day in 1968, a lunar eclipse was seen in much of Washington.

AFTERNOON SESSION

The Speaker called the House to order.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5026, by Committee on Children & Family Services (originally sponsored by Senators Kreidler, Smith, Stratton, Rinehart, Wojahn and Sutherland)

Expanding child care resources and information.

The bill was read the second time. Committee on Human Services recommendation: Majority, do pass as amended. (For committee amendments, see Journal, 82nd Day, March 31, 1989.)

Mr. Bristow moved adoption of the committee amendment and spoke in favor of it. The committee amendment was adopted.

Mr. Bristow moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

*NEW SECTION, Sec. 1. The purpose of this act is to:

(1) Increase the availability of child care services in Washington state through the provision of start-up and expansion grant funds to persons and organizations providing child care services;

(2) Make affordable child care services available to low-income families in Washington state; and

(3) Improve the quality of child care services in Washington state through the provision of training and support services to child care providers.

Sec. 2. Section 30, chapter 228, Laws of 1963 as amended by section 111, chapter 154, Laws of 1973 1st ex. sess. and RCW 74.12.340 are each amended to read as follows:

The department is authorized to promulgate rules and regulations governing the provision of ~~((day)) child care ((as a part of child welfare services))~~ when the secretary determines that a need exists for such ~~((day)) child care~~ and that it is in the best interests of the child, the parents, or the custodial parent and in determining the need for such ~~((day)) child care~~ priority shall be given to geographical areas having the greatest need for such care and to members of low income groups in the population: PROVIDED, That where the family is financially able to

pay part or all of the costs of such care, fees shall be imposed and paid according to the financial ability of the family.

Sec. 3, Section 1, chapter 213, Laws of 1988 and RCW 74.13.085 are each amended to read as follows:

It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. However, ((to the extent child care services are used;)) there has been a dramatic increase in participation of women in the workforce which has made the availability of quality, affordable child care a critical concern for the state and its citizens. There are not enough child care services and facilities to meet the needs of working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to work places and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, mini-centers, centers and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry.

Sec. 4, Section 3, chapter 213, Laws of 1988 and RCW 74.13.095 are each amended to read as follows:

(1) The legislature ((recognizes)) finds that a severe shortage of affordable, quality child care services exists to the detriment of all families and employers throughout the state. Many workers are unable to enter or remain in the work force due to a shortage of child care ((resources)) services. The high costs of starting ((a child care business)) or expanding a child care facility create a barrier to the creation of new slots, especially for children with special needs. The legislature further finds that increasing the availability of affordable, quality child care services for the state's working parents, especially those who are low income or have handicapped children, is a recognized governmental function. The provision of grants to child care providers who, in consideration for receiving such grant, agree to serve special needs or low-income children for a fixed period of years, is a means of increasing the availability of child care services in this state.

(2) A child care expansion grant fund is created in the custody of the secretary of the department of social and health services. Grants shall be awarded on a one-time only basis to persons, organizations, or schools needing assistance to start a child care ((center or mini-center)) facility, including a family day care home, as defined by the department by rule, or to make capital improvements in existing licensed child care ((providers)) facilities, including family day care homes ((providers, for the purpose of making capital improvements in order to accommodate handicapped children as defined under chapter 72.40 RCW, sick children, or infant care, or children needing night time care)). As a condition of receiving a grant under this section, a person, organization, or school requesting a grant, shall make a commitment to serve a reasonable number of the following children:

(a) Handicapped children as defined under chapter 72.40 RCW;

(b) Sick children;

(c) Infants;

(d) Children requiring night time or weekend care;

(e) Children whose costs of care are subsidized by the department of social and health services; or

(f) Children of parents whose household income is at or below two hundred percent of the federal poverty level, adjusted for family size, as determined annually by the federal department of health and human services.

For each grant awarded under this section, the department shall designate the specific number or percentage of children under (a) through (f) of this subsection that the child care provider must be willing to accept in its program.

No grant may exceed ((ten)) twenty-five thousand dollars. Start-up costs shall not include operational costs after the first three months of business.

(3) Child care expansion grants shall be awarded on the basis of need for the proposed services in the community, within appropriated funds. Every effort shall be made to ensure that the distribution of grants is balanced geographically throughout the state.

(4) Where the grant is made to a private person or organization, the grant shall be repaid to the fund if the child care facility using the grant to start up or expand ceases to provide child care earlier than the following time periods from when the grant is made: (a) Twelve months for a grant up to five thousand dollars; (b) twenty-four months for a grant over five thousand dollars up to ten thousand dollars; (c) thirty-six months for a grant over ten thousand dollars up to fifteen thousand dollars; (d) forty-eight months for a grant over fifteen thousand dollars up to twenty thousand dollars; and (e) sixty months for a grant over twenty thousand dollars up to twenty-five thousand dollars.

(5) The department shall adopt rules under chapter ~~((34-04))~~ 34.05 RCW setting forth criteria, application procedures, and methods to assure compliance with the purposes described in this section.

NEW SECTION. Sec. 5. A new section is added to chapter 74.— RCW (as created in section 6 of this act) to read as follows:

The department of social and health services shall, within appropriated funds:

(1) Staff and assist the child care coordinating committee in the implementation of its duties under RCW 74.13.090;

(2) Work with local governments, nonprofit organizations, businesses, and community child care advocates to create local child care resource and referral organizations. These organizations may carry out needs assessments, resource development, provider training, technical assistance, and parent information and training;

(3) Actively seek public and private money for distribution as grants to potential or existing local child care resource and referral organizations. No grant shall be distributed that is greater than twenty-five thousand dollars;

(4) Adopt rules regarding the application for and distribution of grants to local child care resource and referral organizations;

(5) Provide staff support and technical assistance to local child care resource and referral organizations;

(6) Organize the local child care resource and referral organizations into a state-wide system;

(7) Maintain a state-wide child care referral data bank and work with department of social and health services licensors to provide information to local child care resource and referral organizations about licensed child care providers in the state;

(8) Through local resource and referral organizations, compile data about local child care needs and availability for future planning and development;

(9) Coordinate the provision of training and technical assistance to child care providers; and

(10) Collect and assemble information regarding the availability of insurance and of federal and other child care funding to assist state and local agencies, businesses, and other child care providers in offering child care services.

NEW SECTION. Sec. 6. RCW 74.12.340, 74.13.085, 74.13.090, 74.13.095, and 74.15.200 are recodified into a new chapter in Title 74 RCW relating to child care."

(1) ~~((School districts are hereby authorized to))~~ The superintendent of public instruction shall contract with the University of Washington for the education of eligible academically highly capable high school students at such early entrance or transition schools as are now or hereafter established and maintained by the university.

(2) ~~((School districts may authorize))~~ The superintendent of public instruction ~~((to))~~ shall allocate all or a portion of the state basic education allocation moneys, state categorical moneys and federal moneys generated by a student attending a University of Washington early entrance or transition school pursuant to this section directly to the university: PROVIDED, That such state moneys shall be expended exclusively for instruction and related activities necessary for students to fulfill the high school graduation requirements established by their school district of enrollment.

Representatives Jacobsen and Brough spoke in favor of adoption of the amendment to the committee amendment, and it was adopted.

Mr. Sayan moved adoption of the following amendment by Representatives Sayan, Prince, Heavey and Van Luven to the committee amendment:

On page 3, after line 7 of the striking amendment, insert the following:

"Sec. 4. Section 22, chapter 279, Laws of 1971 ex. sess. as last amended by section 1, chapter 307, Laws of 1983 and RCW 28B.15.620 are each amended to read as follows:

Notwithstanding any other provision of law, veterans of the Vietnam conflict who have served in the southeast Asia theater of operations attending institutions of higher learning shall be exempted from the payment of any increase in tuition and fees otherwise applicable to any other resident or nonresident student at any institution of higher education, and shall not be required to pay more than the total amount of tuition and fees paid by veterans of the Vietnam conflict on October 1, 1977: PROVIDED, That for the purposes of this exemption, 'veterans of the Vietnam conflict' shall be those persons who have been on active federal service as a member of the armed military or naval forces of the United States between a period commencing August 5, 1964, and ending on May 7, 1975, and who qualify as a resident student under RCW 28B.15.012, and who have enrolled in state institutions of higher education on or before May 7, ((1989)) 1990. This section shall expire June 30, 1995."

Representatives Sayan and Van Luven spoke in favor of adoption of the amendment to the committee amendment.

POINT OF INQUIRY

Mr. Sayan yielded to question by Mr. Braddock.

Mr. Braddock: Do you have an estimate of what the cost of this tuition break would be over the next six years?

Mr. Sayan: This is not a tuition break. It is simply an extension of the opportunity to apply for existing benefits. It does not extend the eligibility period beyond the period of June 30, 1995. It gives the counselors an opportunity to work individual case problems, getting them into the system as options for Vietnam veterans. It does not change the expiration date of the law.

Mr. Braddock: What is the need, then, for this amendment?

Mr. Sayan: The need for this is that, in the past recession, it has been deemed that a number of Vietnam veterans, who would have been eligible, have not gotten into the system or gotten their lives in order. There is a strong sympathy to give them an opportunity to seek counseling to determine if, indeed, they will take advantage of the existing law.

Representatives Locke, Braddock and H. Sommers spoke against adoption of the amendment to the committee amendment, and Representatives Sayan and Van Luven again spoke in favor of it. Representatives Heavey and Wolfe spoke in favor of the amendment.

POINT OF ORDER

Mr. Nelson: Mr. Speaker, I believe the gentleman is straying widely from the mark on this amendment. I think it is an important amendment, but let's discuss the amendment and not extemporaneous matters, historical matters perhaps.

SPEAKER'S RULING

The Speaker: Representative Wolfe, could you please limit your remarks to the subject of the amendment before us.

Mr. Wolfe concluded his remarks in favor of the amendment to the committee amendment, and Mr. Jacobsen spoke in favor of it.

Mr. Fuhrman demanded an electric roll call vote, and the demand was sustained.

Mr. Crane demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Representative Sayan and others to the committee amendment to Substitute Senate Bill No. 5293, and the amendment to the committee amendment was adopted by the following vote: Yeas, 83; nays, 14; excused, 1.

Voting yea: Representatives Anderson, Appelwick, Ballard, Basich, Baugher, Beck, Betzoff, Bowman, Brekke, Bristow, Brooks, Brough, Brumsickle, Cantwell, Chandler, Cooper, Crane, Day, Dellwo, Dorn, Doty, Ferguson, Fisher G, Fisher R, Fraser, Fuhrman, Hankins, Hargrove, Haugen, Heavey, Holland, Horn, Insee, Jacobsen, Jesernig, Jones, King P, King R, Kremen, Leonard, May, McLean, Meyers R, Miller, Morris, Moyer, Myers H, Nealey, Nelson, Nutley, O'Brien, Padden, Patrick, Peery, Prentice, Prince, Pruitt, Raiter, Rasmussen, Rayburn, Rector, Sayan, Schmidt, Schoon, Scott, Silver, Smith, Sommers D, Sprenkle, Tate, Todd, Van Luven, Vekich, Walk, Walker, Wilson S, Wineberry, Winsley, Wolfe, Wood, Youngsman, Zellinsky, and Mr. Speaker - 83.

Excused: Representative Gallagher - 1.

SENATE AMENDMENTS TO HOUSE BILL

April 4, 1989

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1065 with the following amendments:

NEW SECTION, Sec. 6. The legislature finds that treatment of the emotional problems of child sexual abuse victims may be impaired by lengthy delay in trial of the accused and the resulting delay in testimony of the child victim. The trauma of the abusive incident is likely to be exacerbated by requiring testimony from a victim who has substantially completed therapy and is forced to relive the incident. The legislature finds that it is necessary to prevent, to the extent reasonably possible, lengthy and unnecessary delays in trial of a person charged with abuse of a minor.

NEW SECTION, Sec. 7. A new section is added to chapter 10.46 RCW to read as follows:

When a defendant is charged with a crime which constitutes a violation of RCW 9A.64.020 or chapter 9.68, 9.68A, or 9A.44 RCW, and the alleged victim of the crime is a person under the

age of eighteen years, neither the defendant nor the prosecuting attorney may agree to extend the originally scheduled trial date unless the court within its discretion finds that there are substantial and compelling reasons for a continuance of the trial date and that the benefit of the postponement outweighs the detriment to the victim. The court may consider the testimony of lay witnesses and of expert witnesses, if available, regarding the impact of the continuance on the victim."

On page 1, line 2 of the title, after "9.94A.120;" insert "adding a new section to chapter 10.46 RCW;"

and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

MOTION

Mr. Appelwick moved that the House do concur in the Senate amendments to Substitute House Bill No. 1065.

Representatives Appelwick and Padden spoke in favor of the motion, and it was carried.

(1) The performance of parental functions and the duty to provide child support are distinct responsibilities in the care of a child. If a party fails to comply with a provision of a decree or temporary order of injunction, the obligation of the other party to make payments for support or maintenance or to permit contact with children is not suspended. An attempt by a parent, in either the negotiation or the performance of a parenting plan, to condition one aspect of the parenting plan upon another (~~may be deemed to be in bad faith. If the court finds that a parent acted in bad faith in an attempt to condition parental functions, in a refusal~~), to refuse to perform the duties provided in the parenting plan, or (~~in the hindrance of~~) to hinder the performance by the other parent (~~the court has broad discretion to punish the conduct by a punitive award or other remedies, including civil or criminal contempt, and may consider the conduct in awarding attorneys' fees~~) of duties provided in the parenting plan, may be punished by the court by holding the party in contempt of court and by awarding to the aggrieved party reasonable attorneys' fees and costs incidental in bringing a motion for contempt of court.

(2)(a) A motion may be filed without notice to initiate a contempt action to coerce a parent to comply with an order establishing residential provisions for a child. If the court finds there is reasonable cause to believe the parent has not complied with the order, the court may issue an order to show cause why the relief requested should not be granted.

(b) If, based on all the facts and circumstances, the court finds after hearing that the parent has not complied with the order establishing residential provisions for the child, the court may find the parent in contempt of court. Upon a finding of contempt, the court shall order:

(i) The noncomplying parent to provide the moving party additional time with the child. The additional time shall be equal to the time missed with the child, due to the parent's noncompliance;

(ii) The parent to pay, to the moving party, all court costs and reasonable attorneys' fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(iii) The parent to pay, to the moving party, a civil penalty, not less than the sum of one hundred dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order, but in no event for more than one hundred eighty days.

(3) On a second failure within three years to comply with a residential provision of a court-ordered parenting plan, a motion may be filed to initiate contempt of court proceedings according to the procedure set forth in subsection (2) (a) and (b) of this section. On a finding of contempt under this subsection, the court shall order:

(a) The noncomplying parent to provide the other parent or party additional time with the child. The additional time shall be twice the amount of the time missed with the child, due to the parent's noncompliance;

(b) The noncomplying parent to pay, to the other parent or party, all court costs and reasonable attorneys' fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(c) The noncomplying parent to pay, to the moving party, a civil penalty of not less than two hundred fifty dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order but in no event for more than one hundred eighty days.

(4) For purposes of subsections (1), (2), and (3) of this section, the parent shall be deemed to have the present ability to comply with the order establishing residential provisions unless he or she establishes otherwise by a preponderance of the evidence. The parent shall establish a reasonable excuse for failure to comply with the residential provision of a court-ordered parenting plan by a preponderance of the evidence.

(5) Any monetary award ordered under subsections (1), (2), and (3) of this section may be enforced, by the party to whom it is awarded, in the same manner as a civil judgment.

(6) Subsections (1), (2), and (3) of this section authorize the exercise of the court's power to impose remedial sanctions for contempt of court and is in addition to any other contempt power the court may possess.

(7) Upon motion for contempt of court under subsections (1) through (3) of this section, if the court finds the motion was brought without reasonable basis, the court shall order the moving party to pay to the nonmoving party, all costs, reasonable attorneys' fees, and a civil penalty of not less than one hundred dollars.

Sec. 2. Section 2, chapter 95, Laws of 1984 and RCW 9A.40.070 are each amended to read as follows:

(1) A relative of a person is guilty of custodial interference in the second degree if, with the intent to deny access to such person by a parent, guardian, institution, agency, or other person having a lawful right to physical custody of such person, the relative takes, entices, retains, detains, or conceals the person from a parent, guardian, institution, agency, or other person having a lawful right to physical custody of such person. This subsection shall not apply to a parent's noncompliance with a court-ordered parenting plan.

(2) A parent of a child is guilty of custodial interference in the second degree if: (a) The parent takes, entices, retains, detains, or conceals the child, with the intent to deny access, from the other parent having the lawful right to time with the child pursuant to a court-ordered parenting plan; or (b) the parent has not complied with the residential provisions of a court-ordered parenting plan after a finding of contempt under section 1(3) of this act; or (c) if the court finds that the parent has engaged in a pattern of willful violations of the court-ordered residential provisions.

(3) Nothing in (b) of this subsection prohibits conviction of custodial interference in the second degree under (a) or (c) of this subsection in absence of findings of contempt.

(4) The first conviction of custodial interference in the second degree is a gross misdemeanor. The second or subsequent conviction of custodial interference in the second degree is a class C felony.

Sec. 3. Section 26, chapter 157, Laws of 1973 1st ex. sess. as amended by section 19, chapter 460, Laws of 1987 and RCW 26.09.260 are each amended to read as follows:

(1) The court shall not modify a prior custody decree or a parenting plan unless it finds, upon the basis of facts that have arisen since the prior decree or plan or that were unknown to the court at the time of the prior decree or plan, that a substantial change has occurred in the circumstances of the child or the parents and that the modification is necessary to serve the best interests of the child. In applying these standards, the court shall retain the residential schedule established by the decree or parenting plan unless:

(a) The parents agree to the modification;

(b) The child has been integrated into the family of the petitioner with the consent of the other parent in substantial deviation from the parenting plan; ~~(or)~~

(c) The child's present environment is detrimental to the child's physical, mental, or emotional health and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child; ~~or~~

(d) The court has found the nonmoving parent in contempt of court at least twice within three years because the parent failed to comply with the residential time provisions in the court-ordered parenting plan, or the parent has been convicted of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070.

(2) A conviction of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070 shall constitute a substantial change of circumstances for the purposes of this section.

~~((2))~~ (3) If the court finds that a motion to modify a prior decree or parenting plan has been brought in bad faith, the court shall assess the attorney's fees and court costs of the non-moving parent against the moving party.

NEW SECTION. Sec. 4. A new section is added to chapter 26.09 RCW to read as follows:

All court orders containing parenting plan provisions or orders of contempt, entered pursuant to section 1 of this act, shall include the following language:

WARNING: VIOLATION OF THE RESIDENTIAL PROVISIONS OF THIS ORDER WITH ACTUAL KNOWLEDGE OF ITS TERMS IS PUNISHABLE BY CONTEMPT OF COURT, AND MAY BE A CRIMINAL OFFENSE UNDER RCW 9A.40.070(2). VIOLATION OF THIS ORDER MAY SUBJECT A VIOLATOR TO ARREST.

Sec. 5. Section 3, chapter 95, Laws of 1984 and RCW 9A.40.080 are each amended to read as follows:

(1) Any reasonable expenses incurred in locating or returning a child or incompetent person shall be assessed against a defendant convicted under RCW 9A.40.060 or 9A.40.070.

(2) In any prosecution of custodial interference in the first or second degree, it is a complete defense, if established by the defendant by a preponderance of the evidence, that:

(a) The defendant's purpose was to protect the child, incompetent person, or himself or herself from imminent physical harm, (and) that the belief in the existence of the imminent physical harm was reasonable, and that the defendant sought the assistance of the police, sheriff's office, protective agencies, or the court of any state before committing the acts giving rise to the charges or within a reasonable time thereafter;

(b) The complainant had, prior to the defendant committing the acts giving rise to the crime, for a protracted period of time, failed to exercise his or her rights to physical custody or access to the child under a court-ordered parenting plan or order granting visitation rights, provided that such failure was not the direct result of the defendant's denial of access to such person;

(c) The acts giving rise to the charges were consented to by the complainant; or

(d) The offender, after providing or making a good faith effort to provide notice to the person entitled to access to the child, failed to provide access to the child due to reasons that a reasonable person would believe were directly related to the welfare of the child, and allowed access to the child in accordance with the court order within a reasonable period of time. The burden of proof that the denial of access was reasonable is upon the person denying access to the child.

(3) Consent of a child less than sixteen years of age or of an incompetent person does not constitute a defense to an action under RCW 9A.40.060 or 9A.40.070.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SENATE BILL NO. 5950, by Senators Talmadge, Bailey and Bauer

Mr. Appelwick moved that the House do not adopt the committee amendments. The motion was carried.

Mr. Appelwick moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that possible confusion may exist in interpreting the statute of limitations provisions for child sexual abuse civil actions in RCW 4.16.190 and 4.16.340 regarding the accrual of a cause of action for a person under age eighteen. The legislature finds that amending RCW 4.16.340 will clarify that the time limit for commencement of an action under RCW 4.16.340 is tolled until the child reaches age eighteen. The 1989 amendment to RCW 4.16.340 is intended as a clarification of existing law and is not intended to be a change in the law.

(2) The legislature further finds that the enactment of chapter 145, Laws of 1988, which deleted specific reference to RCW 9A.44.070, 9A.44.080, and 9A.44.100(1)(b) from RCW 9A.04.080 and also deleted those specific referenced provisions from the laws of Washington, did not intend to change the statute of limitations governing those offenses from seven to three years.

Sec. 2. Section 1, chapter 144, Laws of 1988 and RCW 4.16.340 are each amended to read as follows:

(1) All claims or causes of action based on intentional conduct brought by any person for recovery of damages for injury suffered as a result of childhood sexual abuse shall be commenced within three years of the act alleged to have caused the injury or condition, or three years of the time the victim discovered or reasonably should have discovered that the injury or condition was caused by said act, whichever period expires later: PROVIDED, That the time limit for commencement of an action under this section is tolled for a child until the child reaches the age of eighteen years.

(2) The victim need not establish which act in a series of continuing sexual abuse or exploitation incidents caused the injury complained of, but may compute the date of discovery from the date of discovery of the last act by the same perpetrator which is part of a common scheme or plan of sexual abuse or exploitation.

(3) The knowledge of a custodial parent or guardian shall not be imputed to a person under the age of eighteen years.

(4) For purposes of this section, 'child' means a person under the age of eighteen years.

(5) As used in this section, 'childhood sexual abuse' means any act committed by the defendant against a complainant who was less than eighteen years of age at the time of the act and which act would have been a violation of chapter 9A.44 RCW or RCW 9.68A.040 or prior laws of similar effect at the time the act was committed.

Sec. 3. Section 14, chapter 145, Laws of 1988 and RCW 9A.04.080 are each amended to read as follows:

(1) Prosecutions for criminal offenses shall not be commenced after the periods prescribed in this section.

(a) The following offenses may be prosecuted at any time after their commission:

(i) Murder;

(ii) Arson if a death results.

(b) The following offenses shall not be prosecuted more than ten years after their commission:

(i) Any felony committed by a public officer if the commission is in connection with the duties of his or her office or constitutes a breach of his or her public duty or a violation of the oath of office;

(ii) Arson if no death results.

(c) Violations of the following ((offenses)) statutes shall not be prosecuted more than three years after the victim's eighteenth birthday or more than seven years after their commission, whichever is later: ((Rape of a child in the first or second degree or child molestation in the first or second degree.))

(i) RCW 9A.44.073, 9A.44.076, 9A.44.083, 9A.44.086, 9A.44.070, 9A.44.080, or 9A.44.100(1)(b);

or
(ii) If the victim was under the age of fourteen years of age at the time of the commission of the offense, RCW 9A.44.040, 9A.44.050, or 9A.64.020.

(d) The following offenses shall not be prosecuted more than six years after their commission: Violations of RCW 9A.82.060 or 9A.82.080.

(e) The following offenses shall not be prosecuted more than five years after their commission: Any class C felony under chapter 7A.09 RCW.

(f) Bigamy shall not be prosecuted more than three years after the time specified in RCW 9A.64.010.

(g) No other felony may be prosecuted more than three years after its commission.

(h) No gross misdemeanor may be prosecuted more than two years after its commission.

(i) No misdemeanor may be prosecuted more than one year after its commission.

(2) The periods of limitation prescribed in subsection (1) of this section do not run during any time when the person charged is not usually and publicly resident within this state.

(3) If, before the end of a period of limitation prescribed in subsection (1) of this section, an indictment has been found or a complaint or an information has been filed, and the indictment, complaint, or information is set aside, then the period of limitation is extended by a period equal to the length of time from the finding or filing to the setting aside.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

POINT OF INQUIRY

Ms. Rust yielded to question by Mr. D. Sommers.

Mr. D. Sommers: This bill establishes different standards of liability for "extraordinary costs" incurred by governmental entities responding to hazardous material incidents. Transporters, who cause such an incident, are liable for extraordinary costs incurred by the state or any of its political subdivisions. Nontransporters of hazardous materials responsible for an incident are liable only for costs incurred by a municipal fire department or fire district. Is there any provision in this bill which would require a transporter to pay for extraordinary costs, if the transporter were involved in an incident but not responsible for it?

Ms. Rust: No, there is not.

Mr. Braddock moved adoption of the committee amendment and spoke in favor of it. The committee amendment was adopted.

Mr. Appelwick moved adoption of the following amendment by Representatives Appelwick and Padden:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. The legislature finds that the legal status of children born under surrogate parenting arrangements is currently uncertain, and that there remain many ethical and legal problems and issues concerning rights and responsibilities of the parents, child, and the surrogate mother and her husband, if any. There are further concerns about the risk of exploitation and coercion which may arise from the commercialization of surrogate parenting.

NEW SECTION, Sec. 2. As used in this chapter:

(1) 'Assisted conception' means a pregnancy resulting from insemination of an egg of a woman with sperm of a man: (a) By means other than sexual intercourse; or (b) by removal and implantation of an embryo after sexual intercourse; but does not include the pregnancy of a wife resulting from the insemination of her egg using her husband's sperm.

(2) 'Donor' means an individual whose body produces sperm or egg used for the purpose of assisted conception, whether or not a payment is made for the sperm or egg used, but does not include a woman who gives birth to a resulting child.

(3) 'Surrogate' means an adult woman who enters into an agreement to bear a child conceived through assisted conception for intended parents.

(4) 'Child' includes children.

NEW SECTION, Sec. 3. A woman who gives birth to a child is the child's mother.

NEW SECTION, Sec. 4. The husband of a woman who bears a child through assisted conception is the father of the child, notwithstanding any declaration of invalidity or annulment of the marriage obtained after the assisted conception, unless within two years after learning of the child's birth he commences an action in which the mother and child are parties and in which it is determined that he did not consent to the assisted conception.

NEW SECTION, Sec. 5. (1) A donor is not the parent of a child conceived through assisted conception.

(2) A person who dies before a conception using his sperm or her egg is not a parent of any resulting child born of the conception.

NEW SECTION, Sec. 6. A child whose status as a child is declared or negated by this chapter is the child, legal heir, and lawful issue only of his or her parent or parents as determined under this chapter for all purposes under the laws of the state of Washington.

NEW SECTION, Sec. 7. Any agreement in which a woman agrees to become a surrogate or to relinquish her rights and duties as parent of a child conceived through assisted conception is void. The surrogate, however, is the mother of a resulting child and the surrogate's husband, if a party to the agreement, is the father of the child. If the surrogate's husband is not a party to the agreement or the surrogate is unmarried, paternity of the child is governed by chapter 26.26 RCW, the uniform parentage act.

NEW SECTION, Sec. 8. A person, with or without compensation, shall not enter into, induce, arrange, procure, or otherwise assist in the formation of a surrogate parentage contract under which an unemancipated minor female or a female diagnosed as having a mental illness or developmental disability is the surrogate mother.

NEW SECTION, Sec. 9. No person, organization, or agency, with or without compensation, shall enter into, induce, arrange, procure, or otherwise assist in the formation of a surrogate parentage contract, written or unwritten.

NEW SECTION, Sec. 10. Every person who violates the provisions of section 8 of this act shall be subject to a civil penalty of not more than fifty thousand dollars. Every person who violates the provisions of section 9 of this act shall be subject to a civil penalty of not more than twenty thousand dollars. The prosecuting attorney may seek recovery of such penalties in a civil action.

NEW SECTION, Sec. 11. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

NEW SECTION, Sec. 12. This chapter applies prospectively only and not retroactively.

Sec. 13. Section 4, chapter 30, Laws of 1985 and RCW 11.02.005 are each amended to read as follows:

When used in this title, unless otherwise required from the context:

(1) 'Personal representative' includes executor, administrator, special administrator, and guardian or limited guardian and special representative.

(2) 'Net estate' refers to the real and personal property of a decedent exclusive of homestead rights, exempt property, the family allowance and enforceable claims against, and debts of, the estate.

(3) 'Representation' refers to a method of determining distribution in which the takers are in unequal degrees of kinship with respect to the intestate, and is accomplished as follows: After first determining who, of those entitled to share in the estate, are in the nearest degree of kinship, the estate is divided into equal shares, the number of shares being the sum of the number of persons who survive the intestate who are in the nearest degree of kinship and the number of persons in the same degree of kinship who died before the intestate but who left issue surviving the intestate; each share of a deceased person in the nearest degree shall be divided among those of the intestate's issue who survive the intestate and have no ancestor then living who is in the line of relationship between them and the intestate, those more remote in degree taking together the share which their ancestor would have taken had he or she survived the intestate. Posthumous children are considered as living at the death of their parent.

(4) 'Issue' includes all the lawful lineal descendants of the ancestor ((and)), all lawfully adopted children, and all children whose status as children are declared under sections 2 through 7 of this act.

(5) 'Degree of kinship' means the degree of kinship as computed according to the rules of the civil law; that is, by counting upward from the intestate to the nearest common ancestor and then downward to the relative, the degree of kinship being the sum of these two counts.

(6) 'Heirs' denotes those persons, including the surviving spouse, who are entitled under the statutes of intestate succession to the real and personal property of a decedent on the decedent's death intestate.

(7) 'Real estate' includes, except as otherwise specifically provided herein, all lands, tenements, and hereditaments, and all rights thereto, and all interest therein possessed and claimed in fee simple, or for the life of a third person.

(8) 'Will' means an instrument validly executed as required by RCW 11.12.020 and includes all codicils.

(9) 'Codicil' means an instrument that is validly executed in the manner provided by this title for a will and that refers to an existing will for the purpose of altering or changing the same, and which need not be attached thereto.

(10) 'Guardian' or 'limited guardian' means a personal representative of the person or estate of an incompetent or disabled person as defined in RCW 11.88.010 and the term may be used in lieu of 'personal representative' wherever required by context.

(11) 'Administrator' means a personal representative of the estate of a decedent and the term may be used in lieu of 'personal representative' wherever required by context.

(12) 'Executor' means a personal representative of the estate of a decedent appointed by will and the term may be used in lieu of 'personal representative' wherever required by context.

(13) 'Special administrator' means a personal representative of the estate of a decedent appointed for limited purposes and the term may be used in lieu of 'personal representative' wherever required by context.

(14) 'Trustee' means an original, added, or successor trustee and includes the state, or any agency thereof, when it is acting as the trustee of a trust to which chapter 11.98 RCW applies.

(15) Words that import the singular number may also be applied to the plural of persons and things.

(16) Words importing the masculine gender only may be extended to females also.

Sec. 14. Section 2, chapter 291, Laws of 1977 ex. sess. as amended by section 1, chapter 155, Laws of 1979 and RCW 13.04.011 are each amended to read as follows:

For purposes of this title:

(1) Except as specifically provided in RCW 13.40.020 and chapter 13.24 RCW, as now or hereafter amended, 'juvenile,' 'youth,' and 'child' mean any individual who is under the chronological age of eighteen years;

(2) 'Juvenile offender' and 'juvenile offense' have the meaning ascribed in RCW 13.40.010 through 13.40.240;

(3) 'Court' when used without further qualification means the juvenile court judge(s) or commissioner(s);

(4) 'Parent' or 'parents,' except as used in chapter 13.34 RCW, as now or hereafter amended, means that parent or parents who have the right of legal custody of the child. 'Parent' or 'parents' as used in chapter 13.34 RCW, means the biological ((or)), adoptive parents of a child, or parents whose status as parents are declared under sections 2 through 7 of this act, unless the legal rights of that person have been terminated by judicial proceedings;

(5) 'Custodian' means that person who has the legal right to custody of the child.

NEW SECTION. Sec. 15. This chapter may be cited as the uniform status of children of assisted conception act.

NEW SECTION. Sec. 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 17. Sections 2 through 12 and 15 of this act shall constitute a new chapter in Title 26 RCW.

Strike everything after the enacting clause and insert the following:

***NEW SECTION.** Sec. 1. The legislature finds that the possibility exists for a drastic reduction in the volume of low-level radioactive waste disposed at Hanford in several years if waste from outside the region is denied access to the facility. The legislature further finds that the state has become dependent upon the millions of dollars of revenue generated by the waste site, funds which are annually deposited in the state general fund and other state accounts, and that proper analysis of the impacts of a loss of these funds has not been conducted, leaving the state in a potentially vulnerable position.

Sec. 2. Section 8, chapter 19, Laws of 1983 1st ex. sess. as amended by section 1, chapter 2, Laws of 1986 and RCW 43.200.080 are each amended to read as follows:

The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter ~~((34-04))~~ 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. All such fees, when received by the department of ecology, shall be transmitted to the state treasurer, who shall act as custodian. The perpetual maintenance fund is created in the the state treasury. The treasurer shall place the money in a special ((account)) fund which may be designated the 'perpetual maintenance ((account)) fund.' ~~((Appropriations are required to permit expenditures and payment of obligations from this account, and the condition of the account and its administration shall be reported biennially to the legislature by the director.))~~ The perpetual maintenance fund shall be comprised of a site closure account and a perpetual surveillance and maintenance account. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. All moneys currently administered by the department of ecology for closure of the Hanford low-level radioactive waste disposal facility shall be transferred to the site closure account within the perpetual maintenance fund. All future moneys contributed to the perpetual maintenance fund shall be directed to the site closure account until December 31, 1992. Thereafter receipts shall be directed to the perpetual maintenance fund as specified by the department. Moneys in the perpetual maintenance ((account)) fund shall be invested by the state investment board in the same manner as other state moneys. Any interest accruing as a result of investment shall accrue to the perpetual maintenance

((account)) fund. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the perpetual maintenance ~~((account. The perpetual maintenance account shall be used exclusively for surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations))~~ fund;

(3) To assure maintenance of such insurance coverage by state licensees, lessees, or sub-lessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(4) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management; and

(5) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

(6) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The initial set of plans shall be completed by October 1, 1989, and shall be updated annually. The department shall report annually on the plans and on the balances in the site closure and perpetual surveillance accounts to the energy and utilities committees of the senate and the house of representatives.

On motion of Ms. Hankins, the following amendment to the title was adopted:

(1) An employer may qualify as a self-insurer by establishing to the director's satisfaction that he or she has sufficient financial ability to make certain the prompt payment of all compensation under this title and all assessments which may become due from such employer. Each application for certification as a self-insurer submitted by an employer shall be accompanied by payment of a fee of one hundred fifty dollars or such larger sum as the director shall find necessary for the administrative costs of evaluation of the applicant's qualifications. Any employer who has formerly been certified as a self-insurer and thereafter ceases to be so certified may not apply for certification within three years of ceasing to have been so certified.

(2) A self-insurer may be required by the director to supplement existing financial ability by depositing in an escrow account in a depository designated by the director, money and/or corporate or governmental securities approved by the director, or a surety bond written by any company admitted to transact surety business in this state, or provide an irrevocable letter of credit issued by a federally or state chartered commercial banking institution authorized to conduct business in the state of Washington filed with the department. The money, securities, ~~((or)) bond, or letter of credit~~ shall be in an amount reasonably sufficient in the director's discretion to insure payment of reasonably foreseeable compensation and assessments but not less than the employer's normal expected annual claim liabilities and in no event less than one hundred thousand dollars. In arriving at the amount of money, securities, ~~((or)) bond, or letter of credit~~ required under this subsection, the director shall take into consideration the financial ability of the employer to pay compensation and assessments and his or her probable continuity of operation. However, a letter of credit shall be acceptable only if the self-insurer has a net worth of not less than five hundred million dollars as evidenced in an annual financial statement prepared by a qualified, independent auditor using generally accepted accounting principles. The money, securities, ~~((or)) bond, or letter of credit~~ so deposited shall be held by the director to secure the payment of compensation by the self-insurer and to secure payment of his or her assessments. The amount of security may be increased or decreased from time to

time by the director. The income from any securities deposited may be distributed currently to the self-insurer.

(3) Securities or money deposited by an employer pursuant to subsection (2) of this section shall be returned to him or her upon his or her written request provided the employer files the bond required by such subsection.

(4) If the employer seeking to qualify as a self-insurer has previously insured with the state fund, the director shall require the employer to make up his or her proper share of any deficit or insufficiency in the state fund as a condition to certification as a self-insurer.

(5) A self-insurer may reinsure a portion of his or her liability under this title with any reinsurer authorized to transact such reinsurance in this state: PROVIDED, That the reinsurer may not participate in the administration of the responsibilities of the self-insurer under this title. Such reinsurance may not exceed eighty percent of the liabilities under this title.

(6) For purposes of the application of this section, the department may adopt separate rules establishing the security requirements applicable to units of local government. In setting such requirements, the department shall take into consideration the ability of the governmental unit to meet its self-insured obligations, such as but not limited to source of funds, permanency, and right of default.

(7) The director shall adopt rules to carry out the purposes of this section including, but not limited to, rules respecting the terms and conditions of letters of credit and the establishment of the appropriate level of net worth of the self-insurer to qualify for use of the letter of credit. Only letters of credit issued in strict compliance with the rules shall be deemed acceptable.

Sec. 2. Section 51.44.070, chapter 23, Laws of 1961 as last amended by section 1, chapter 312, Laws of 1983 and RCW 51.44.070 are each amended to read as follows:

(1) For every case resulting in death or permanent total disability the department shall transfer on its books from the accident fund of the proper class and/or appropriate account to the 'reserve fund' a sum of money for that case equal to the estimated present cash value of the monthly payments provided for it, to be calculated upon the basis of an annuity covering the payments in this title provided to be made for the case. Such annuity values shall be based upon rates of mortality, disability, remarriage, and interest as determined by the ~~((state insurance commissioner))~~ department, taking into account the experience of the reserve fund in such respects.

Similarly, a self-insurer in these circumstances shall pay into the reserve fund a sum of money computed in the same manner, and the disbursements therefrom shall be made as in other cases.

(2) As an alternative to payment procedures otherwise provided under law, in the event of death or permanent total disability to workers of self-insured employers, a self-insured employer may upon establishment of such obligation file with the department a bond, or an assignment of account from a federally or state chartered commercial banking institution authorized to conduct business in the state of Washington, or purchase an annuity, in an amount deemed by the ~~((insurance commissioner))~~ department to be reasonably sufficient to insure payment of the pension benefits provided by law. The department shall adopt rules governing assignments of account or annuities. Such rules shall ensure that the funds are available if needed, even in the case of failure of the banking institution, the institution authorized to provide annuities, or ~~((of))~~ the employer's business.

The annuity value for every such case shall be determined by the ~~((insurance commissioner))~~ department based upon the ~~((commissioner's))~~ department's experience as to rates of mortality, disability, remarriage, and interest. The amount of the required bond ~~((or))~~, assignment of account, or annuity may be reviewed and adjusted periodically by the department, based upon periodic redeterminations by the ~~((insurance commissioner))~~ department as to the outstanding annuity value for the case.

Under such alternative, the ~~((department))~~ self-insurer shall ~~((make the monthly payments from the pension reserve fund))~~ provide for the benefits provided for by RCW 51.32.050 and 51.32.060 to the self-insured beneficiary or beneficiaries ~~((and the department shall be reimbursed for all such payments from the particular self-insured employer through periodic charges not less than quarterly in a manner to be determined by the director.~~

~~Any self-insured employer electing this alternative method of providing for payment to the beneficiary or beneficiaries shall additionally pay to the department a deposit equal to the first three months' payments otherwise required under RCW 51.32.050 and 51.32.060. Such deposit shall be placed in the reserve fund in accordance with RCW 51.44.140 and shall be returned to the respective self-insured employer when monthly payments are no longer required for such particular obligation.~~

~~If a self-insurer delays or refuses to reimburse the department beyond fifteen days after the reimbursement charges become due, there shall be a penalty paid by the self-insurer upon order of the director of an additional amount equal to twenty-five percent of the amount then due which shall be paid into the pension reserve fund. Such an order shall conform to the requirements of RCW 51.52.050).~~

Sec. 3. Section 51.28.070, chapter 23, Laws of 1961 as last amended by section 36, chapter 350, Laws of 1977 ex. sess. and RCW 51.28.070 are each amended to read as follows:

Information contained in the claim files and records of injured workers, under the provisions of this title, shall be deemed confidential and shall not be open to public inspection (other than to public employees in the performance of their official duties), but representatives of a claimant, be it an individual or an organization, may review a claim file or receive specific information therefrom upon the presentation of the signed authorization of the claimant. A claimant may review his or her claim file if the director determines, pursuant to criteria adopted by rule, that the review is in the claimant's interest. Employers or their duly authorized representatives may review any files of their own injured workers in connection with any pending claims. Physicians treating or examining workers claiming benefits under this title, or physicians giving medical advice to the department regarding any claim may, at the discretion of the department, inspect the claim files and records of injured workers, and other persons may make such inspection, at the (~~departments~~) department's discretion, when such persons are rendering assistance to the department at any stage of the proceedings on any matter pertaining to the administration of this title.

NEW SECTION. Sec. 4. A new section is added to chapter 51.32 RCW to read as follows:

(1) Whenever an application for benefits is filed that requires a determination of whether benefits shall be paid pursuant to the reopening of an accepted claim under RCW 51.32.160 or by allowance of a claim for new injury or occupational disease, the department shall make the determination in a single order. Pending entry of the order, benefits shall be paid promptly pursuant to this title by either the department or the self-insurer, as the case may be, as determined by the department. Benefits shall be paid at the lesser of the two benefit entitlements that may apply to the claim.

(2) If, upon final determination, the entity that paid benefits under subsection (1) of this section is determined not to be responsible for payment of the benefits, such entity shall be reimbursed by the responsible entity for all amounts paid, unless subsection (3) of this section applies.

(3) If, upon final determination, neither the department nor a self-insurer is determined to be responsible for the benefits, the recipient of benefits shall repay the entity having paid the benefits and recoupment may be made from future payments due the recipient on any claim with the state fund or self-insurer, as the case may be. The director may exercise his or her discretion to waive, in whole or in part, the amount of any such repayments where the recovery would be against equity and good conscience.

(4) If the department's determination under this section is appealed, benefits shall continue to be paid until the responsible entity is finally determined.

NEW SECTION. Sec. 5. A new section is added to chapter 51.32 RCW to read as follows:

When a worker insured by the state fund or a self-insured employer has received compensation for temporary total disability pursuant to RCW 51.32.090 for thirteen consecutive weeks of disability, the department shall notify the employment security department in accordance with the requirements of chapter 50.06 RCW. The notice shall be given within ten working days of the commencement of the fourteenth week in which the worker receives temporary total disability compensation. The department may adopt rules under chapter 34.05 RCW establishing reporting requirements for self-insured employers to carry out the purposes of this section.

NEW SECTION. Sec. 6. The legislature finds that delays and inefficiencies in the administration of the industrial insurance system are detrimental to the system and to the welfare of injured workers. It is the intent of the legislature that the department and self-insurers act promptly on industrial insurance claims and on requests from injured workers. The purpose of section 7 of this act is to minimize the delay and uncertainty that injured workers frequently experience from the industrial insurance system.

NEW SECTION. Sec. 7. A new section is added to chapter 51.32 RCW to read as follows:

(1) The self-insurer shall provide a copy of the worker's claim file at no cost within fifteen days of receipt of a request by the worker or the worker's representative. The self-insurer shall provide the contents of the claim file unless the request is for only a particular portion of the file.

(2) The self-insurer shall transmit notice to the department of any written protest by an injured worker to an appealable order relating to the administration of an industrial injury claim under this chapter within ten working days. Receipt of a written notice by the self-insurer shall be deemed to be receipt by the department. Failure of a self-insurer to comply with this notification requirement shall subject the self-insurer to the penalty provisions of RCW 51.48.017.

NEW SECTION. Sec. 8. A new section is added to chapter 51.44 RCW to read as follows:

(1) The industrial insurance premium refund account is created in the state treasury. All industrial insurance refunds earned by state agencies under the state fund retrospective rating program shall be deposited into the account. Interest on the moneys in the account shall be deposited into the general fund. Moneys in the account may be spent only after appropriation. No agency may receive an appropriation for an amount greater than the refund earned by the agency. Expenditures from the account may be used for any program within an agency, but preference shall be given to programs that promote or provide incentives for employee safety and early, appropriate return-to-work for injured employees.

(2) By December 1, 1990, and each December 1st thereafter, the office of financial management shall report to the senate economic development and labor committee and the house of representatives commerce and labor committee on the industrial insurance premium refund account, including the amounts deposited in the fund, the amounts appropriated to the agencies from the fund, and the agencies' use of the appropriated funds.

NEW SECTION. Sec. 9. (1) Section 1 of this act shall take effect January 1, 1990.

(2) Section 8 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989."

(1) The legislature finds that the dramatic increase in the participation of women in the workforce has resulted in a shortage of affordable, quality child care. The economy will continue to need the increasing participation of women in the workforce in the future; therefore affordable and quality child care is important for economic development.

(2) The committee may approve applications for projects to provide child care. The committee may, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3)(a) A child care facilities loan guarantee fund is created in the custody of the committee. All receipts designated for the guarantee fund shall be placed in the guarantee fund and shall be administered by the committee including:

(i) Premiums and fees for guaranteeing loans;

(ii) Income from investments that the state treasurer, on instruction of the committee, makes for the committee under this section;

Disbursements from the guarantee fund shall be on authorization by the committee. No appropriation shall be required to permit expenditures and payment of obligations from the fund.

(b) The guarantee fund shall be used to pay all expenses and disbursements authorized by the committee for administering the guarantee fund and financing the expansion, renovation, capital improvement or development of child care facilities in this state, including, but not limited to:

(i) Guaranty payments required by loan defaults; and

(ii) Expenses for administrative, legal, actuarial, technical assistance, and other services.

(c) If at any time the amount of money in the guarantee fund exceeds the amount that the committee finds necessary to meet its current expenses and obligations, the excess shall be deposited with the state treasurer to the credit of the fund and invested in the manner provided for by law.

(4)(a) Subject to the restrictions of this subsection (4), the committee, on application, may provide a guarantee of a loan made to an applicant. The committee may guarantee a loan only if the applicant meets the qualifications required by this section and the loan is to be used for expansion, renovation, capital improvement, or financing of a child care facility.

(b) To apply for a loan guarantee, an applicant shall submit an application to the committee on the form required by the committee. The application shall include, at a minimum:

(i) A detailed description of the proposed or existing day care facility, including the categories of children served or to be served and documentation of licensing pursuant to chapter 74.15 RCW;

(ii) An itemization of known and estimated costs;

(iii) The total amount of investment required to expand or develop the day care facility;

(iv) The funds available to the applicant without loan guarantee assistance from the committee;

(v) The amount of loan guarantee assistance sought from the committee;

(vi) Information about the inability of the applicant to obtain the financing necessary for the facility on reasonable terms through conventional lending channels;

(vii) Information on the financial status of the applicant, including, if applicable:

(A) A current balance sheet;

(B) A profit and loss statement;

(C) Credit references; and

(D) Any other relevant information required by the committee.

(c) In guaranteeing loans under this subsection (4), consideration shall be given to:

(i) Geographic distribution of child care facilities;

(ii) Community need in the community in which the facility is or will be located;

(iii) Community income, with special weight given to those communities with the lowest median family income; and

(iv) Commitment by the applicant as a condition of the loan guarantee to serve a reasonable number of: Handicapped children, as defined under chapter 72.40 RCW; sick children; infants; children requiring night time or weekend care; or children whose costs of care are subsidized by the department of social and health services.

(d) Except as otherwise required in this subsection (4), the committee may set the terms and conditions for guarantees of loans. The total aggregate amount of the loan guarantee for any applicant may not exceed eighty percent of the loan.

(5) The total aggregate amount of insurance from the guarantee fund, with respect to the insured portions of loans, may not exceed at any time an amount equal to five times the balance in the guarantee fund.

(6) The committee shall adopt rules setting forth criteria, application procedures, and methods to assure compliance with the purposes described in this section."

Renumber the sections consecutively and correct internal references accordingly.

Mr. Wang moved adoption of the following amendment by Representatives Wang, Vekich, Brough and Miller:

On page 1, after the enacting clause, insert the following:

NEW SECTION. Sec. 1. The legislature finds that the demands of the workplace and the needs of families need to be balanced to promote family stability and economic security. Changes in workplace leave policies are desirable to accommodate changes in the work force such as rising numbers of dual-career couples and working single parents. Further, inadequate job security exists for some employees who experience serious health conditions which prevent them from working for temporary periods. In addition, given the mobility of American society, many people no longer have available community or family support networks and therefore need additional flexibility in the workplace. The legislature declares it to be in the public interest to provide reasonable family leave upon the birth or adoption of a child or to care for a family member with a serious health condition and to provide reasonable temporary medical leave for an employee with a serious health condition.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Child' means a biological, adopted, or foster child, a stepchild, or a legal ward, who is:

(a) Under eighteen years of age; or
(b) Eighteen years of age or older and incapable of self-care because of mental or physical disability.

(2) 'Department' means the department of labor and industries.

(3) 'Employee' means a person engaged by an employer:

(a) To work an average of at least eighteen hours per week;

(b) In a job that is not considered temporary or seasonal; and

(c) Who has completed at least one year of employment.

For purposes of this subsection, a job is temporary if the term of employment is less than nine months and the original term has not extended beyond nine months.

(4) 'Employer' means:

(a) Any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state, that employed thirty-five or more persons in this state within a twenty-mile radius of the employee's workplace during any calendar quarter of the previous twelve months; PROVIDED, That until October 1, 1991, 'employer' is limited to any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state, that employed fifty or more persons in this state within a twenty-mile radius of the employee's workplace during any calendar quarter of the previous twelve months;

(b) The state; and

(c) Any unit of local government including, but not limited to, a county, city, town, municipal corporation, quasi-municipal corporation, or political subdivision, that employed thirty-five or more persons in this state within a twenty-mile radius of the employee's workplace during any calendar quarter of the previous twelve months: PROVIDED, That until October, 1991, 'employer' is limited to any unit of local government including, but not limited to, a county, city, town, municipal corporation, quasi-municipal corporation, or political subdivision, that employed fifty or more persons in this state within a twenty-mile radius of the employee's workplace during any calendar quarter of the previous twelve months.

(5) 'Family leave' means leave from employment to care for a newborn or newly adopted child, or a family member with a serious health condition, as provided in section 3 of this act.

(6) 'Health care provider' means a person licensed as a physician under chapter 18.71 RCW, an advanced registered nurse practitioner under rules adopted by the board of nursing under chapter 18.88 RCW, or an osteopath under chapter 18.57 RCW; a person authorized to practice as a physician's assistant under chapter 18.71A RCW; or any other persons licensed or certified to provide health care services and capable of making the determinations required by this chapter, as determined by the department.

(7) 'Medical leave' means leave from employment because of an employee's serious health condition, as provided in section 4 of this act.

(8) 'Parent' means a biological, foster, or adoptive parent, a stepparent, or a legal guardian.

(9) 'Person' includes one or more individuals, partnerships, associations, organizations, corporations, cooperatives, legal representatives, trustees and receivers, or any group of persons; includes any owner, lessee, proprietor, manager, agent, or employee, whether one or more natural persons; and further includes any political or civil subdivisions of the state and any agency or instrumentality of the state or of any political or civil subdivision.

(10) 'Reduced leave schedule' means leave scheduled for fewer than an employee's usual number of hours per workweek or hours per workday.

(11) 'Serious health condition' means an illness, injury, impairment, or physical or mental condition, whether or not preexisting, which requires:

(a) Inpatient care in a hospital, hospice, or residential medical care facility; or

(b) Continuing treatment or continuing supervision by a health care provider.

NEW SECTION. Sec. 3. (1) Except as provided in subsection (4) of this section, an employee is entitled to thirteen workweeks of family leave during any twenty-four month period under the circumstances in (a) and (b) of this subsection. The leave required by this section is in addition to any leave because of disability as a result of sickness or temporary disability because of pregnancy or childbirth.

(a) An employee may take leave to care for a newborn child of the employee or an adopted child of the employee who is under the age of sixteen at the time of placement for adoption. Leave under this subsection shall be completed within twelve months after the birth or placement for adoption, as applicable.

(b) An employee may take leave to care for any of the following individuals who has a serious health condition:

(i) A child of the employee;

(ii) The spouse of the employee;

(iii) A parent of the employee or the employee's spouse who is dependent for care on the employee; or

(iv) Any other relative of the employee who is dependent for care on the employee and relies on the employee or the employee's spouse for at least twenty-five percent of his or her financial support.

An employee may take leave under this subsection only when the individual requires the care of another person and the employee is an appropriate person to provide the care, as determined by a health care provider.

(2) Leave may be taken on a reduced leave schedule if:

(a) The total period during which the thirteen workweeks is taken does not exceed thirty-six consecutive workweeks; and

(b) The leave is scheduled so as not to disrupt unduly the operations of the employer.

(3) The leave required by this section may be unpaid. If an employer provides paid family leave for fewer than thirteen workweeks, the additional weeks of leave added to attain the thirteen workweek total may be unpaid. An employer may require an employee to first use up the employee's total accumulation of paid vacation leave, personal leave, family leave, or other comparable paid leave to which the employee is otherwise entitled before going on unpaid leave; however, nothing in this section requires more than thirteen total workweeks of leave.

(4) An employer may limit or deny family leave to an employee who receives compensation that is within the top ten percent of compensation of the employer's employees within the state.

NEW SECTION. Sec. 4. (1) Except as provided in subsection (5) of this section, an employee is entitled to thirteen workweeks of medical leave during any twelve-month period when the employee is unable to perform the functions of the employee's position because of a serious health condition. The leave required by this section shall not be construed to limit any leave required as a reasonable accommodation to the sensory, mental, or physical handicap of the employee.

(2) Medical leave may be taken on a reduced leave schedule if:

(a) The total period during which the thirteen workweeks is taken does not exceed fifty-two consecutive workweeks; and

(b) The leave is scheduled so as not to disrupt unduly the operations of the employer.

(3) The leave required by this section may be unpaid. An employer may require an employee to first use up the employee's total accumulation of paid sick leave, disability leave, vacation leave, personal leave, or other comparable paid leave to which the employee is otherwise entitled before going on unpaid leave; however nothing in this section requires more than thirteen total workweeks of leave.

(4) Nothing in this chapter shall be construed to prohibit an employee with a serious health condition and an employer from mutually agreeing to alternative employment for the employee. Any such period of alternative employment shall not cause a reduction in the period of medical leave to which the employee is entitled.

(5) An employer may limit or deny medical leave to an employee who receives compensation that is within the top ten percent of compensation of the employer's employees within the state.

NEW SECTION. Sec. 5. (1) An employee planning to take family leave under section 3(1)(a) of this act shall provide the employer with at least thirty days' written notice of the expected date of delivery or placement for adoption, except that if the placement for adoption is at an unanticipated time and the employee is unable to give thirty days' written notice, the employee shall notify the employer within twenty-four hours of the placement for adoption.

(2) If family leave under section 3(1)(b) of this act or medical leave under section 4 of this act is foreseeable, the employee shall provide the employer with at least fourteen days' written notice of the expected leave and shall make a reasonable effort to schedule the leave so as not to disrupt unduly the operations of the employer.

(3) If family leave under section 3(1)(b) of this act or medical leave under section 4 of this act is not foreseeable fourteen or more days before the leave is to take place, the employee shall notify the employer within twenty-four hours of knowing when the leave is to take place and shall make a reasonable effort to schedule the leave so as not to disrupt unduly the operations of the employer.

NEW SECTION. Sec. 6. (1) An employer may require that a claim for family leave under section 3(1)(b) of this act or medical leave under section 4 of this act be confirmed by a health care provider of the child, spouse, parent, other relative, or employee, whichever is appropriate.

(2) The health care provider shall confirm:

(a) The date on which the serious health condition commenced or was discovered;

(b) The probable duration of the condition; and

(c) That the individual requires the care of another person and the employee is an appropriate person to provide the care.

(3) An employer may require, at the employer's expense, that the employee obtain the opinion of a second health care provider selected by the employer concerning any information required under subsection (2) of this section. If the health care providers disagree on any factor which is determinative of the employee's eligibility for family or medical leave, the two health care providers shall select a third health care provider, whose opinion, obtained at the employer's expense, shall be conclusive.

NEW SECTION. Sec. 7. An employer may limit the combined number of workweeks of family leave and medical leave provided under this chapter to thirteen workweeks during any twelve-month period.

NEW SECTION. Sec. 8. (1) Subject to subsection (2) of this section, an employee who exercises any right provided under section 3 or 4 of this act shall be entitled, upon return from leave or during any reduced leave schedule:

(a) To the same position held by the employee when the leave commenced; or

(b) To a position with equivalent benefits, pay, and other terms and conditions of employment.

(2) The entitlement under subsection (1) of this section does not apply if:

(a) The employer is unable to reinstate the employee due to a bona fide reduction in force; or

(b) The employer is unable to reinstate the employee due to the permanent or temporary shutdown of the employee's workplace for at least thirty days or the transfer of the business of the employee's workplace to a location at least sixty miles from the original location of the workplace.

(3) The taking of leave under this chapter shall not result in the loss of any benefit, including seniority or pension rights, accrued before the date on which the leave commenced.

(4) Except as provided in section 9 of this act, nothing in this chapter shall be construed to require the employer to grant benefits, including seniority or pension rights, during any period of leave.

(5) All policies applied during the period of leave to the classification of employees to which the employee belongs shall apply to the employee on leave.

NEW SECTION. Sec. 9. If the employer provided medical, dental, or disability benefits to an employee prior to leave under section 3 or 4 of this act, and the employee is not eligible for any employer contribution to medical, dental, or disability benefits under the applicable collective bargaining agreement or employer policy during any period of leave, the employer shall allow the employee to elect to continue the employee's medical, dental, and disability benefits, including any spouse and dependent coverage. The coverage shall be identical to the coverage provided to similarly situated persons not on leave and the premium to be paid by the employee shall not exceed one hundred two percent of the applicable premium for the leave period.

NEW SECTION. Sec. 10. The department shall administer the provisions of this chapter.

NEW SECTION. Sec. 11. The department shall adopt rules to carry out the provisions of this chapter.

NEW SECTION. Sec. 12. (1) The rights and remedies under this chapter are in addition to any other rights or remedies provided by law.

(2) Nothing in this chapter shall be construed to discourage employers from adopting policies which provide greater leave rights to employees than those required by this chapter.

(3) The provisions of this chapter shall be construed liberally for the accomplishment of the purposes thereof.

NEW SECTION. Sec. 13. (1) Nothing in this chapter shall be construed to supersede any provision of any local law which provides greater leave rights to employees than the rights established under this chapter.

(2) Nothing in this chapter shall be construed to diminish an employer's obligation to comply with any collective bargaining agreement or any employment benefit program or plan which provides greater leave rights to employees than the rights provided under this chapter.

(3) The rights provided to employees under this chapter may not be diminished by any collective bargaining agreement or any employment benefit program or plan entered into or renewed after the effective date of this section.

NEW SECTION. Sec. 14. This chapter shall apply to collective bargaining agreements or employment benefit programs or plans entered into or renewed after the effective date of this section.

NEW SECTION. Sec. 15. The department has power to hold hearings, subpoena witnesses, compel their attendance, administer oaths, take the testimony of any person under oath, and in connection therewith, to require the production for examination of any books or papers relating to any matter under investigation or in question before the department. The department may make rules as to the issuance of subpoenas under this chapter, as to service of complaints, decisions, orders, recommendations, and other process or papers of the department, either personally or by registered mail, return receipt requested, or by leaving a copy thereof at the principal office or place of business of the person required to be served. The return post office receipt, when service is by registered mail, shall be proof of service of the same.

NEW SECTION. Sec. 16. No person shall be excused from attending and testifying or from producing records, correspondence, documents, or other evidence in obedience to the subpoena of the department, on the ground that the testimony or evidence required of the person may tend to incriminate or subject the person to a penalty or forfeiture, but no person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which the person is compelled, after having claimed the privilege against self-incrimination, to testify or produce evidence, except that such person so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. The immunity herein provided shall extend only to natural persons so compelled to testify.

NEW SECTION. Sec. 17. In case of contumacy or refusal to obey a subpoena issued to any person, the superior court of any county within the jurisdiction of which the investigation, proceeding, or hearing is carried on or within the jurisdiction of which the person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the department, shall have jurisdiction to issue to such person an order requiring such person to appear before the department, there to produce evidence, if so ordered, or there to give testimony touching the matter under investigation or in question. Any failure to obey such order of the court may be punished by the court as a contempt thereof.

NEW SECTION. Sec. 18. Witnesses before the department shall be paid the same fees and mileage that are paid witnesses in the courts of this state. Witnesses whose depositions are taken and the person taking the same shall be entitled to the same fees as are paid for like services in the courts of the state.

NEW SECTION. Sec. 19. Violation of sections 3 through 9 of this act is an unfair practice.

(1) Any person claiming to be aggrieved by an alleged unfair practice may, personally or by his or her attorney, make, sign, and file with the department a complaint in writing under oath. The complaint shall state the name and address of the person alleged to have committed the unfair practice and the particulars thereof, and contain such other information as may be required by the department.

(2) Whenever it has reason to believe that any person has been engaged or is engaging in an unfair practice, the department may issue a complaint.

(3) Any employer or principal whose employees, or agents, or any of them, refuse or threaten to refuse to comply with the provisions of this chapter may file with the department a written complaint under oath asking for assistance by conciliation or other remedial action.

Any complaint filed pursuant to this section must be so filed within six months after the alleged violation of this chapter.

NEW SECTION. Sec. 20. After the filing of any complaint, the department shall refer it to the appropriate staff of the department for investigation and ascertainment of the facts alleged in the complaint. The results of the investigation shall be reduced to written findings of fact, and a finding shall be made that there is or that there is not reasonable cause for believing that an unfair practice has been or is being committed. A copy of said findings shall be furnished to the complainant and to the person named in such complaint, hereinafter referred to as the respondent.

If the finding is made that there is reasonable cause for believing that an unfair practice has been or is being committed, the staff of the department shall endeavor to eliminate the unfair practice by conference, conciliation, and persuasion.

If an agreement is reached for the elimination of such unfair practice as a result of such conference, conciliation and persuasion, the agreement shall be reduced to writing and signed by the respondent, and an order shall be entered by the department setting forth the terms of said agreement. No order shall be entered by the department at this stage of the proceedings except upon such written agreement.

If no such agreement can be reached, a finding to that effect shall be made and reduced to writing, with a copy thereof furnished to the complainant and the respondent.

NEW SECTION. Sec. 21. (1) In case of failure to reach an agreement for the elimination of an unfair practice or upon violation of a final order issued under section 22(5) of this act, and upon the entry of findings to that effect, the department may issue a citation. The form of the citation shall be adopted by rule under chapter 34.05 RCW. The department may assess a civil penalty not to exceed one thousand dollars for each violation against a person issued a citation. Any person who receives a citation shall pay the amount noted on the citation within thirty days of receipt. Monetary penalties collected under this section shall be deposited into the general fund.

(2) Any person aggrieved by any action taken or decision made by the department under subsection (1) of this section may appeal the action or decision to the director by filing notice of the appeal with the director within thirty days of the department's action or decision. Upon receipt of an appeal, a hearing shall be held in accordance with chapter 34.05 RCW. The director shall issue all final orders after the hearing. The final orders are subject to appeal in accordance with chapter 34.05 RCW. Orders not appealed within the time period specified in chapter 34.05 RCW are final and binding.

NEW SECTION. Sec. 22. (1) Upon consideration of the circumstances of the respondent and the person aggrieved by an unfair practice, and after an evaluation of whether a remedy for the person aggrieved or imposing a penalty under section 21 of this act will more effectively accomplish the purposes of this chapter, the department may, in lieu of imposing a civil penalty under section 21 of this act, seek a remedy for the person aggrieved under this section. The director shall thereupon request the appointment of an administrative law judge under Title 34 RCW to hear the complaint and shall cause to be issued and served in the name of the department a written notice, together with a copy of the complaint, as the same may have been amended, requiring the respondent to answer the charges of the complaint at a hearing before the administrative law judge, at a time and place to be specified in such notice.

(2) The place of any such hearing may be the office of the department or another place designated by it. The case in support of the complaint shall be presented at the hearing by counsel for the department; PROVIDED, That the complainant may retain independent counsel and submit testimony and be fully heard. No member or employee of the department who previously made the investigation or caused the notice to be issued shall participate in the hearing except as a witness, nor shall the member or employee participate in the deliberations of the administrative law judge in such case. Any endeavors or negotiations for conciliation shall not be received in evidence.

(3) The respondent shall file a written answer to the complaint and appear at the hearing in person or otherwise, with or without counsel, and submit testimony and be fully heard. The respondent has the right to cross-examine the complainant.

(4) The administrative law judge conducting any hearing may permit reasonable amendment to any complaint or answer. Testimony taken at the hearing shall be under oath and recorded.

(5) If, upon all the evidence, the administrative law judge finds that the respondent has engaged in any unfair practice, the administrative law judge shall state findings of fact and shall issue and file with the department and cause to be served on such respondent an order requiring such respondent to cease and desist from such unfair practice and to take such affirmative action, including, but not limited to, hiring, reinstatement or upgrading of employees, with or without back pay, or to take such other action as, in the judgment of the administrative law judge, will effectuate the purposes of this chapter, including action that could be ordered by a court, except that damages for humiliation and mental suffering shall not exceed one thousand dollars, and including a requirement for report of the matter on compliance.

(6) The final order of the administrative law judge shall include a notice to the parties of the right to obtain judicial review of the order by appeal in accordance with the provisions of RCW 34.05.518 or 34.05.570, and that such appeal must be served and filed within thirty days after the service of the order on the parties.

(7) If, upon all the evidence, the administrative law judge finds that the respondent has not engaged in any alleged unfair practice, the administrative law judge shall state findings of fact and shall similarly issue and file an order dismissing the complaint.

(8) An order dismissing a complaint may include an award of reasonable attorneys' fees in favor of the respondent if the administrative law judge concludes that the complaint was frivolous or brought in bad faith.

(9) The department may impose a civil penalty under section 21(1) of this act upon any person who violates a final order. The respondent may seek review of the penalty under section 21(2) of this act or, if the respondent has sought judicial review of the underlying order, the respondent may seek review of the penalty as part of the review of the underlying order.

(10) The department shall establish rules of practice to govern, expedite and effectuate the foregoing procedure.

NEW SECTION, Sec. 23. (1) The department shall petition the court within the county wherein any unfair practice occurred or wherein any person charged with an unfair practice resides or transacts business for the enforcement of any final order which is not complied with and is issued by the department or an administrative law judge under the provisions of this chapter and for appropriate temporary relief or a restraining order, and shall certify and file in court the final order sought to be enforced. Within five days after filing such petition in court, the department shall cause a notice of the petition to be sent by registered mail to all parties or their representatives.

(2) From the time the petition is filed, the court shall have jurisdiction of the proceedings and of the questions determined thereon, and shall have the power to grant such temporary relief or restraining order as it deems just and suitable.

(3) If the petition shows that there is a final order issued by the department or administrative law judge under section 20, 21, or 22 of this act and that the order has not been complied with in whole or in part, the court shall issue an order directing the person who is alleged to have not complied with the administrative order to appear in court at a time designated in the order, not less than ten days from the date thereof, and show cause why the administrative order should not be enforced according to the terms. The department shall immediately serve the person with a copy of the court order and the petition.

(4) The administrative order shall be enforced by the court if the person does not appear, or if the person appears and the court finds that:

(a) The order is regular on its face;

(b) The order has not been complied with; and

(c) The person's answer discloses no valid reason why the order should not be enforced, or that the reason given in the person's answer could have been raised by review under RCW 34.05.570, and the person has given no valid excuse for failing to use that remedy.

(5) The jurisdiction of the court shall be exclusive and its judgment and decree shall be final, except that the same shall be subject to appellate review by the supreme court or the court of appeals, on appeal, by either party, irrespective of the nature of the decree or judgment. The review shall be taken and prosecuted in the same manner and form and with the same effect as is provided in other cases.

NEW SECTION, Sec. 24. Any respondent or complainant, including the department, aggrieved by a final order of an administrative law judge may obtain judicial review of such order as provided under the administrative procedure act, chapter 34.05 RCW. From the time a petition for review is filed, the court has jurisdiction to grant to any party such temporary relief or restraining order as it deems just and suitable. If the court affirms the order, it shall enter a judgment and decree enforcing the order as affirmed.

NEW SECTION, Sec. 25. Petitions filed under sections 23 and 24 of this act shall be heard expeditiously and determined upon the transcript filed, without requirement of printing. Hearings in the court under this chapter shall take precedence over all other matters, except matters of the same character.

NEW SECTION, Sec. 26. In any case in which the department shall issue an order against any political or civil subdivision of the state, or any agency, or instrumentality of the state or of the foregoing, or any officer or employee thereof, the department shall transmit a copy of such

(1) No school district board of directors or administrators may:

(a) increase an employee's salary or compensation to include a payment in lieu of providing a fringe benefit; or

(b) Allow any payment to an employee which is partially or fully conditioned on the termination or retirement of the employee, except as provided in subsection (2) of this section.

(2) A school district board of directors may compensate an employee for termination of the employee's contract in accordance with the termination provisions of the contract. If no such provisions exist the compensation must be reasonable based on the proportion of the uncompleted contract. Compensation received under this subsection shall not be included for the purposes of computing a retirement allowance under any public retirement system in this state.

(3) Provisions of any contract in force on March 27, 1982, which conflict with the requirements of this section shall continue in effect until contract expiration. After expiration, any new contract including any renewal, extension, amendment or modification of an existing contract executed between the parties shall be consistent with this section.

(4) Notwithstanding any other provision of law, a school district board of directors may compensate an employee for the employee's resignation from district employment. Compensation received under this subsection shall not be included for the purposes of computing a retirement allowance under any public retirement system in this state.

Renumber remaining section consecutively.

Representatives Appelwick and Betzoff spoke in favor of adoption of the amendment, and Ms. Brough spoke against it. Mr. Appelwick again spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Appelwick yielded to question by Ms. Hine.

Ms. Hine: Are you suggesting that a person could go out prior to a normal retirement age or number of years of service?

Mr. Appelwick: Not at all. This, in no way, would have an impact on the retirement system, either in terms of their eligibility for retirement or their benefits. A specific example would be a central administrator, who is age 55 or older and who has determined that he would retire, except that he would not be Medicare-eligible and would have to pay his own insurance benefits, if he quits before the age of 62. He says to the district, "I am going to hang on until I'm 62 to keep my benefits." The district would have some flexibility to negotiate and have that person retire and bring in some new talent, but under the amendment they could not balloon their pension and they could not draw their pension any earlier than allowed by the pension laws. This is only an amendment to Title 28A in terms of clarifying the incentives for retirement.

Ms. Hine: My concern is, under Plan I in the pension system, that is right—they may go out at age 55. Under Plan I it is the number of years of service; under Plan II it is a certain age. Am I correct in assuming this would not affect anyone who is enrolled in Plan II?

Mr. Appelwick: The amendment has no impact on either plan in terms of the employee's eligibility to retire, based on years or age. In fact, the only reason there is a reference to a pension is to clarify that this amendment has no impact on compensation for purposes of calculating pensions. This strictly has to do with compensation for early termination of an employment contract.

Mr. Schoon spoke in favor of passage of the amendment, and Representatives K. Wilson and Hine spoke against it.

POINT OF INQUIRY

Mr. Appelwick yielded to question by Mr. Ferguson.

Mr. Ferguson: Do I read this amendment right that this is going to be a local issue and those funds would be paid locally? There is no limit, I assume. It's open-ended, but it is local?

Mr. Appelwick: Yes, the point of the amendment is to give a school board the discretion to give an incentive to someone to terminate a contract prior to its normal termination date, because it is in their interest to be rid of that employee. This does not tie their hands, so they can make sure the jobs get done.

Representatives Ferguson and Betzoff spoke in favor of adoption of the amendment, and Ms. Haugen spoke against it.

Mr. Crane demanded the previous question, and the demand was sustained.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be adoption of the amendment by Representative Appelwick and others to Senate Bill No. 5858.

The Speaker (Mr. O'Brien presiding), being in doubt, called upon the House to divide. The result of the division was: Yeas - 37; Nays -60. The amendment was not adopted.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

SECOND READING

SENATE BILL NO. 5966, by Senators Rinehart, Murray, Smitherman and McMullen

Providing the same family leave for adoptive parents as for birth parents.

The House resumed consideration of Senate Bill No. 5966 on second reading.

The Speaker stated the question before the House to be the Point of Order by Representative Patrick regarding the scope and object of the amendment by Representative Wang and others to Senate Bill No. 5966.

SPEAKER'S RULING

The Speaker: The Speaker has examined Senate Bill No. 5966 and the amendment by Representative Wang and others. Senate Bill No. 5966 deals with the minimum standards placed on employers in the granting of parental leave to biological and nonbiological parents. The amendment by Representative Wang deals with the minimum amount of parental leave which employers must provide to their employees. While the scope and object question presented by the amendment is a very close call, the Speaker finds that both the amendment and the bill

deal with the subject of state standards for parental leave. Therefore, the amendment falls within the scope and object of the original bill. Your point is not well taken.

Mr. Wang spoke in favor of adoption of the amendment.

Mr. May demanded an electric roll call vote, and the demand was sustained.

Ms. Walker spoke against adoption of the amendment.

SUBSTITUTE SENATE BILL NO. 5648, by Committee on Economic Development & Labor (originally sponsored by Senators Smitherman, Lee, Murray and Vognil))

Authorizing creation of a federation of Washington ports.

The bill was read the second time. Committee on Trade & Economic Development recommendation: Majority, do pass as amended. (For committee amendments, see Journal, 82nd Day, March 31, 1989.) Committee on Appropriations recommendation: Majority, do pass as amended by Committee on Trade & Economic Development as amended by Committee on Appropriations. (For committee amendments, see Journal, 85th Day, April 3, 1989.)

Ms. Cantwell moved adoption of the committee amendment by Committee on Trade & Economic Development.

POINT OF ORDER

Mr. R. Meyers: Thank you, Mr. Speaker. I would like a ruling on the scope and object of the committee amendment, which deals with something outside of the federation's creation.

SPEAKER'S RULING

The Speaker: Representative Meyers, the Speaker has examined Substitute Senate Bill No. 5648 and the amendment offered by the Committee on Trade & Economic Development. The Senate Bill deals with the Washington Public Ports, the establishment of a federation, and the duties and opportunities allowed to the federation. It can operate a trading company, provide a network of services, and provide expertise and assistance to businesses interested in export markets. The amendment deals with the same subjects by creating a temporary task force for the purposes of examining cooperative measures available to ports, improving coordination and increasing efficiency. I find that they deal with the same general subject of trying to allow the ports to cooperate and expand jointly. I find that your point is not well taken. This amendment is within the scope and object of the original bill.

Mr. Grant moved adoption of the committee amendment on page 9, after line 27, by Committee on Appropriations to the committee amendment by Committee on Trade & Economic Development. Mr. Grant spoke in favor of the committee amendment to the committee amendment, and it was adopted.

On motion of Mr. Grant, the committee amendment on page 17, beginning on line 7, by Committee on Appropriations to the committee amendment by Committee on Trade & Economic Development was adopted.

Ms. Brough moved adoption of the following amendment by Representatives Brough and Walk to the committee amendment by Committee on Trade & Economic Development:

On page 14, line 1 of the amendment, after "force" insert ": PROVIDED, That the task force shall not consider, nor shall its findings or recommendations include, matters relating to rates, rate setting, or price-fixing by Washington ports or local associate development organizations"

Ms. Brough spoke in favor of the amendment to the committee amendment.

Mr. Fuhrman demanded an electric roll call vote, and the demand was sustained.

Representatives Haugen and Cantwell spoke against the amendment to the committee amendment, and Representatives R. Meyers and Schoon spoke in favor of it.

On motion of Ms. Rust, the committee amendment was adopted.

Mr. Sayan moved adoption of the following amendment:

On page 3, strike everything after line 1, and insert the following:

***NEW SECTION. Sec. 9. LEGISLATIVE FINDINGS.** (1) Washington's coastal waters, seabed, and shorelines are among the most valuable and fragile of its natural resources.

(2) Ocean and marine-based industries and activities, such as fishing, aquaculture, tourism, and marine transportation have played a major role in the history of the state and will continue to be important in the future. Other industries and activities, such as those based on the development and extraction of minerals and other nonrenewable resources, can provide social and economic benefits as well.

(3) Washington's coastal waters, seabed, and shorelines are faced with conflicting use demands. Some uses may pose unacceptable environmental or social risks at certain times.

(4) At present, there is not enough information available to adequately assess the potential adverse effects of oil and gas exploration and production off Washington's coast.

(5) The state of Washington has primary jurisdiction over the management of coastal and ocean natural resources within three miles of its coastline. From three miles seaward to the boundary of the two hundred mile exclusive economic zone, the United States federal government has primary jurisdiction. Since protection, conservation, and development of the natural resources in the exclusive economic zone directly affect Washington's economy and environment, the state has an inherent interest in how these resources are managed.

NEW SECTION. Sec. 10. LEGISLATIVE POLICY AND INTENT. (1) The purpose of this chapter is to articulate policies and establish guidelines for the exercise of state and local management authority over Washington's coastal waters, seabed, and shorelines.

(2) There shall be no leasing of Washington's tidal or submerged lands extending from mean high tide seaward three miles along the Washington coast from Cape Flattery south to Cape Disappointment, nor in Grays Harbor, Willapa Bay, and the Columbia river downstream from the Longview bridge, for purposes of oil or gas exploration, development, or production until at least July 1, 1995. During the 1995 legislative session, the legislature shall determine whether the moratorium on leasing should be extended past July 1, 1995. This determination shall be based on the information available at that time, including the analysis described in section 13 of this act. If the legislature does not extend the moratorium on leasing, the moratorium will end on July 1, 1995. At any time that oil or gas leasing, exploration, and development are allowed to occur, these activities shall be required to meet or exceed the standards and criteria contained in section 12 of this act.

(3) When conflicts arise among uses and activities, priority shall be given to resource uses and activities that will not adversely impact renewable resources over uses which are likely to have an adverse impact on renewable resources.

(4) It is the policy of the state of Washington to actively encourage the conservation of liquid fossil fuels, and to explore available methods of encouraging such conservation.

(5) It is not currently the intent of the legislature to include recreational uses or currently existing commercial uses involving fishing or other renewable marine or ocean resources within the uses and activities which must meet the planning and review criteria set forth in section 12 of this act. It is not the intent of the legislature, however, to permanently exclude these uses from the requirements of section 12 of this act. If information becomes available which indicates that such uses should reasonably be covered by the requirements of section 12 of this act, the permitting government or agency may require compliance with those requirements, and appeals of that decision shall be handled through the established appeals procedure for that permit or approval.

(6) The state shall participate in federal ocean and marine resource decisions to the fullest extent possible to ensure that the decisions are consistent with the state's policy concerning the use of those resources.

NEW SECTION. Sec. 11. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) 'Coastal counties' means Clallam, Jefferson, Grays Harbor, and Pacific counties.

(2) 'Coastal waters' means the waters of the Pacific Ocean seaward from Cape Flattery south to Cape Disappointment, from mean high tide seaward two hundred miles.

NEW SECTION. Sec. 12. PLANNING AND PROJECT REVIEW CRITERIA. (1) When the state of Washington and local governments develop plans for the management, conservation, use, or development of natural resources in Washington's coastal waters, the policies in section 10 of this act shall guide the decision-making process.

(2) Uses or activities that require federal, state, or local government permits or other approvals and that will adversely impact renewable resources, marine life, fishing, aquaculture, recreation, navigation, air or water quality, or other existing ocean or coastal uses, may be permitted only if the criteria below are met or exceeded:

(a) There is a demonstrated significant local, state, or national need for the proposed use or activity;

(b) There is no reasonable alternative to meet the public need for the proposed use or activity;

(c) There will be no likely long-term significant adverse impacts to coastal or marine resources or uses;

(d) All reasonable steps are taken to avoid and minimize adverse environmental impacts, with special protection provided for the marine life and resources of the Columbia river, Willapa Bay and Grays Harbor estuaries, and Olympic national park;

(e) All reasonable steps are taken to avoid and minimize adverse social and economic impacts, including impacts on aquaculture, recreation, tourism, navigation, air quality, and recreational, commercial, and tribal fishing;

(f) Compensation is provided to mitigate adverse impacts to coastal resources or uses;

(g) Plans and sufficient performance bonding are provided to ensure that the site will be rehabilitated after the use or activity is completed; and

(h) The use or activity complies with all applicable local, state, and federal laws and regulations.

NEW SECTION. Sec. 13. OIL AND GAS LEASING ANALYSIS. Prior to September 1, 1994, the department of natural resources and the department of ecology, working together and at the direction of the joint select committee on marine and ocean resources, shall complete an analysis of the potential positive and negative impacts of the leasing of state-owned lands which is described in section 10(2) of this act. The department shall consult with the departments of fisheries, wildlife, community development, and trade and economic development, and with the public, when preparing this analysis. The analysis shall be presented to the legislature no later than September 1, 1994. This analysis shall be used by the legislature in determining whether the oil and gas leasing moratorium contained in section 10 of this act should be extended.

NEW SECTION. Sec. 14. A new section is added to chapter 90.58 RCW to read as follows:

SHORELINE MASTER PLAN REVIEW. (1) The department of ecology, in cooperation with other state agencies and coastal local governments, shall prepare and adopt ocean use guidelines and policies to be used in reviewing, and where appropriate, amending, shoreline master programs of local governments with coastal waters or coastal shorelines within their boundaries. These guidelines shall be finalized by April 1, 1990.

(2) After the department of ecology has adopted the guidelines required in subsection (1) of this section, counties, cities, and towns with coastal waters or coastal shorelines shall review their shoreline master programs to ensure that the programs conform with sections 10 and 12 of this act and with the department of ecology's ocean use guidelines. Amended master programs shall be submitted to the department of ecology for its approval under RCW 90.58.090 by June 30, 1991.

NEW SECTION. Sec. 15. The energy office shall prepare and transmit to the governor and the appropriate legislative committees of the legislature no later than September 1, 1994, a report on liquid fossil fuel supply and demand and on strategies which exist or which can be developed for conserving liquid fossil fuels. This report shall include information on how the conservation of liquid fossil fuels might affect the need for new supplies of liquid fossil fuels, and how conservation might affect the need for oil or gas leasing, exploration, or development off the coast of Washington. This report shall also contain suggestions for implementing the identified conservation strategies. This report shall be used by the legislature in determining whether the oil and gas leasing moratorium contained in section 10 of this act should be extended.

NEW SECTION. Sec. 16. A new section is added to chapter 90.58 RCW to read as follows:

The department of ecology shall consult with affected state agencies, local governments, Indian tribes, and the public prior to responding to federal coastal zone management consistency certifications for uses and activities occurring on the federal outer continental shelf.

NEW SECTION. Sec. 17. The authority for the joint select committee on marine and ocean resources is extended until June 30, 1994. During this time, the committee shall perform the following tasks:

(1) Analyze how the state can maximize the potential positive impacts and minimize the potential negative impacts associated with proposed federal outer continental shelf lands act oil and gas lease sales of Washington's coastal waters.

(2) Analyze the advantages and disadvantages of using the energy facilities—site locations act for making decisions on onshore energy facilities. The committee shall also explore alternative approaches for making these decisions.

(3) Work in coordination with, and provide direction to, the department of natural resources in preparing the analysis described in section 13 of this act.

(4) Complete those tasks assigned to it during the 1987 legislative session in SHCR 4407.

NEW SECTION. Sec. 18. (1) The sum of one hundred eighty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1991, from the general fund to the department of ecology for the purposes of section 14 of this act. One hundred twenty thousand dollars of this amount, or as much thereof as may be necessary, shall be distributed by the department of ecology to local governments for the purpose of reviewing and amending their shoreline master programs.

(2) The sum of one hundred thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1991, from the general fund to the joint select committee on marine and ocean resources to be used to contract with the departments of ecology and natural resources for purposes of the analysis in section 13 of this act.

(3) To the maximum extent possible, the department of ecology and the department of natural resources shall use federal grant funds instead of the appropriations under this section.

NEW SECTION. Sec. 19. Section captions as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 20. Sections 9 through 13 of this act shall constitute a new chapter in Title 43 RCW and may be known and cited as the ocean resources management act.

NEW SECTION. Sec. 21. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 22. Sections 1 through 8 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

Correct any internal references accordingly.

Mr. Sayan spoke in favor of adoption of the amendment.

POINT OF ORDER

Mr. May: I request a ruling on scope and object.

SPEAKER'S RULING

The Speaker: Representative May, I am sorry, but your Point of Order was not raised in a timely manner. Reed's Rules state that, in raising a Point of Order on scope and object, you can have no intervening business. The record shows that I recognized Representative Sayan to make the motion. He made the motion. At that point I paused, then recognized Representative Sayan for discussion, and he began the debate. Your point, I'm afraid, is just not timely.

Mr. Sayan continued his remarks in favor of the amendment, and it was adopted.

With consent of the House, the amendment by Committee on Environmental Affairs to the title was adopted.

With consent of the House, the following amendment by Representative Sayan to the title was adopted:

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Ms. Rust spoke in favor of passage of the bill.

(ii) Additional certificated staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(i) and (ii) of this subsection shall be reduced by certificated staff units at the rate of 46 certificated instructional staff units and 4 certificated administrative staff units per 1,000 vocational and handicapped full time equivalent students.

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$6,355 per certificated staff unit in the 1989-90 school year and a maximum of \$6,654 per certificated staff unit in the 1990-91 school year.

(9) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 6.78 percent from the 1988-89 school year to the 1989-90 school year, and 9.81 percent from the 1989-90 school year to the 1990-91 school year. However, if Initiative 102 is not enacted, the increase from the 1989-90 school year to the 1990-91 school year is 5.97 percent.

a ratio in kindergarten through grade three for the 1989-90 school year of at least fifty-two full time basic education instructional staff per thousand full time equivalent students, in order to qualify under this section for funding for the 1990-91 school year above the district's actual K-3 ratio achieved in the 1989-90 school year or the statutory minimum ratio established under RCW 28A.41.140(2)(c), whichever is greater. For the purposes of this subsection, 'instructional staff' includes certificated instructional employees as defined in RCW 28A.41.140(3) and classified classroom assistants.

(c) Regardless of whether the maximum amounts authorized in this subsection are granted, they will be considered granted by the higher education coordinating board when comparing

faculty salaries to other institutions for the purpose of determining salary increase requirements.

(d) The salary increase amounts authorized in this subsection for institutions other than community colleges are intended to provide an equal percentage salary increase between faculty and exempt personnel, after any merit or market pay considerations.

(e) The salary increases authorized under this subsection may be granted to state employees at Washington State University who are supported in full or in part by federal land grant formula funds.

(f) The state board for community college education shall allocate the amounts authorized in this subsection among the community college districts according to policies and guidelines established by the board that may include policies for achieving more equitable salary levels among districts and more equitable salary levels between part time and full time faculty.

(6) The following amounts from the appropriations in sections 602 through 608 of this act, or as much thereof as may be necessary, shall be spent to provide higher education personnel board classified employees with a 2.5 percent salary increase effective January 1, 1990, and an additional 8.5 percent salary increase effective January 1, 1991. If the application of this increase results in a fractional range, the higher education personnel board shall round the increase to the nearest whole range. These increases shall be implemented in compliance and conformity with all requirements of the comparable worth agreement ratified by 1986 Senate Concurrent Resolution No. 126. "(a) If Second Substitute Senate Bill No. 5400, as amended by the House, is not enacted by June 30, 1989, the following conditions and limitations are subject to the appropriations in this subsection:

(i) The legislature assumes that the improvements funded in this section are the first step towards building a mental health system with strong coordination within communities and between communities and the state hospitals. Should Second Substitute Senate Bill No. 5400 not be enacted, the legislature intends to proceed with the transition described in that bill. The legislature intends that counties or groups of counties will form regional support networks to provide comprehensive mental health services to their residents. Comprehensive services include short term evaluation and treatment, emergency intervention, community residential and support services, and other services needed to support the mentally ill. The legislature intends that the state hospitals will continue to play an important role in the mental health system. It is also intended that networks gradually reduce their reliance on the state hospitals for routine short term evaluation and treatment.

(ii) Beginning July 1, 1989, the department of social and health services shall track by county and by region the use and cost of state hospital and local evaluation and treatment facilities, including the use of local hospitals under medicaid. Reports shall include information on seventy-two hour detentions and fourteen-day, ninety-day, and one hundred eighty-day commitments. In addition, the report shall include information on voluntary inpatient care at state hospitals and in the community. To the extent feasible, reports shall reflect client county of residence. Reports shall be made available to regional support networks and counties at six-month intervals.

(iii) Contracts with regional support networks and service providers shall include provisions requiring such data, statistics, schedules, and information as the secretary of the department of social and health services may reasonably require. The contracts shall provide that failure to meet contract reporting requirements without good cause shall result in penalties, which may include termination of the contract, or withholding of payment. The contracts shall provide for written notice of failure to comply with reporting requirements and a thirty-day period for corrective action.

(iv) Counties or groups of counties wishing to enter into regional support network contracts with the secretary of the department of social and health services for the 1989-91 biennium, shall notify the secretary and submit a preliminary plan by October 30, 1989. The networks shall submit an overall six-year plan (including operating and capital budgets, and a time-line) in a format specified by the secretary no later than sixty days prior to the proposed contract implementation date. The secretary shall negotiate and finalize contracts with regional support networks for implementation of approved plans no later than March 1, 1990. Consistent with legislative intent in (i) above, the secretary shall ensure that contracts reflect plans which implement the transition to local responsibility for comprehensive services. Transition steps may include but are not limited to development of local resource management, development of local evaluation and treatment programs, and development of local housing and support systems.

(v) The secretary of the department of social and health services, in consultation with affected parties, shall develop a distribution formula for the funds appropriated in this section. The secretary shall report on the formula to the appropriations and human services committees of the house of representatives and the ways and means and health care and corrections committees of the senate by October 1, 1989.

(vi) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the ways and means and health care and corrections committees of the senate and the appropriations and human services committees of the house of representatives.

(vii) The department shall study and report to the legislature by December 2, 1989, on expanding the use of federal Title XIX funds and the definition of institutions for mental diseases to provide services to persons who are acutely mentally ill, chronically mentally ill, or at risk of becoming so. The study shall also include an assessment of the impact of Title XIX funds and the definition of institutions for mental diseases on the use of state funds to provide needed mental health services to the chronically mentally ill.

(b) A maximum of \$33,012,000 of the general fund—state appropriation and \$16,057,000 of the general fund—federal appropriation are provided for approved regional network plans through contracts negotiated with the secretary of the department of social and health services.

(i) Contracts shall include financial plans which ensure that the ongoing cost of programs initiated during state fiscal year 1991 can be sustained by approximately the same level of resources, adjusted for inflation, in state fiscal year 1992. It is the intent of the legislature that contracting for new resources in subsequent biennia not be unduly restricted by "bow wave" costs from 1989-91 contracts. Of the amounts provided in this subsection, a maximum of \$500,000 from the general fund—state appropriation may be used for planning and technical assistance grants to counties or regions wishing to form networks. The amounts in this subsection include moneys needed to implement the omnibus budget and reconciliation act of 1987 ("OBRA"). First priority for necessary mental health services shall be given to individuals transferred from nursing homes because of OBRA. Such services shall be consistent with an individual's discharge plan and shall include residential services, if needed. Assumptions regarding the number of transfers from the nursing homes shall be incorporated into each contract and shall be consistent with the state-wide plan. The department shall coordinate OBRA transfers consistent with the provisions of each contract. The secretary shall negotiate contracts with networks from areas comprising no more than two-thirds of the state's population. Contracts shall be negotiated in at least two competitive rounds. The first round of contracts shall be effective no later than January 1, 1990. The last round of contracts shall be effective no later than March 1, 1990.

(ii) The department shall continue contracting directly for the Kitsap mental health services residential care alternative project until such time as Kitsap county becomes or joins a regional support network. The reimbursement rate per available bed-day shall not exceed \$208 in fiscal year 1990 and \$216 in fiscal year 1991. During the contract period, all eligible involuntary treatment referrals for Kitsap county residents shall be made to the project. No involuntary referrals shall be made to western state hospital except when the following conditions are met: The Kitsap residential treatment facility is filled to capacity; and the mental health division and the Kitsap county mental health coordinator concur with the referral. Priority for referral to western state hospital shall be given to individuals under ninety-day or one hundred eighty-day commitments and individuals who have exhausted all community placement options.

(iii) Chartley house may be continued as a part of a network contract or funded directly by the department.

(c) \$2,000,000 of the general fund—state appropriation is provided solely for a mental health housing reserve. The secretary of the department of social and health services shall transfer funds from the reserve to the state hospitals in any quarter in which hospital census exceeds the December 1988 forecast. Any amount remaining after March 1991 may be used for one-time grants. In making grants, the secretary shall give priority to proposals that facilitate network development, demonstrate integration with other mental health services and that are designed to reduce involuntary treatment.

(d) \$6,000,000 of the general fund—state appropriation is provided solely for increases for involuntary treatment act administration, including costs associated with involuntary medication hearings.

(e) \$2,700,000 of the general fund—state appropriation is provided solely for information system requirements associated with Second Substitute Senate Bill No. 5400 as amended.

(f) \$600,000 of the general fund—state appropriation and \$400,000 of the general fund—federal appropriation are provided solely for increasing local hospital outlier payments.

Priority for the remaining moneys shall be given to maintaining Title XIX eligibility for children's outpatient services at risk of losing federal financial participation because of lack of state match.

(h) \$6,343,000 of the children's services and support account is provided solely for the expansion of the primary intervention program.

(i) \$500,000 of the children's services and support account appropriation is provided solely for a study of children's mental health services state-wide.

(j) \$5,128,000 of the general fund—state appropriation and \$1,931,000 of the general fund—federal appropriation are for vendor rate increases for vendors providing services to the mental health program, as specified in section 202 of this act."

NEW SECTION, Sec. 1. A county may use a small works roster and award contracts under sections 2 through 4 of this act for any project for which the estimated cost is one hundred thousand dollars or less.

NEW SECTION, Sec. 2. Each county may maintain a small works roster which shall be comprised of all contractors requesting to be on the roster and who are, where required by law, properly licensed or registered to perform work in the state of Washington. Whenever possible, the county shall actively solicit participation by women and minority contractors.

Whenever possible, not less than five separate appropriate contractors shall be requested to submit proposals on any individual contract.

Once a contractor on the small works roster has been offered an opportunity to submit a proposal, that contractor shall not be offered another opportunity on any contract until all other appropriate contractors, including minority and women contractors, have been afforded an opportunity to submit a proposal on a contract.

NEW SECTION, Sec. 4. When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or less, the county shall award the contract to the contractor submitting the lowest responsible proposal.

NEW SECTION, Sec. 5. Sections 1 through 4 of this act are each added to chapter 36.32 RCW.

The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in said advertisements, and after being opened, shall be filed for public inspection. Notice of intention to let contracts or to enter into lease agreements involving amounts exceeding one thousand dollars but less than ~~((three thousand five hundred))~~ ten thousand dollars, shall be posted by the county legislative authority on a bulletin board in its office not less than three days prior to making such lease or contract. For advertisement and competitive bidding to be dispensed with as to purchases between one thousand and ~~((three thousand five hundred))~~ ten thousand dollars, the county legislative authority must authorize by resolution a county procedure for securing telephone or written quotations, or both, from enough vendors to assure establishment of a competitive price and for awarding such contracts for purchase of materials, equipment, or services to the lowest responsible bidder. The procedure shall include the annual establishment of an array of general categories in which such contracts, leases, or purchases are anticipated. A roster shall be developed for each category, consisting of all potential bidders who have requested to be included on the roster. The county shall invite proposals from all vendors listed on the appropriate roster for each purchase between one thousand and ten thousand dollars. Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 5, chapter 65, Laws of 1955 as last amended by section 1, chapter 54, Laws of 1972 ex. sess. and RCW 53.08.040 are each amended to read as follows:

A district may improve its lands by dredging, filling, bulkheading, providing waterways or otherwise developing such lands (~~for sale or lease~~) for industrial and commercial purposes. A district may also acquire, construct, install, improve, and operate sewer and water utilities to serve its own property and other property owners under terms, conditions, and rates to be fixed and approved by the port commission. A district may also acquire, by purchase, construction, lease, or in any other manner, and may maintain and operate other facilities for the control or elimination of air, water, or other pollution, including, but not limited to, facilities for the treatment and/or disposal of industrial wastes, and may make such facilities available to others under terms, conditions and rates to be fixed and approved by the port commission. Such conditions and rates shall be sufficient to reimburse the port for all costs, including reasonable amortization of capital outlays caused by or incidental to providing such other pollution control facilities: PROVIDED, That no part of such costs of providing any pollution control facility to others shall be paid out of any tax revenues of the port: AND PROVIDED FURTHER, That no port shall enter into an agreement or contract to provide sewer and/or water utilities or pollution control facilities if substantially similar utilities or facilities are available from another source (or sources) which is able and willing to provide such utilities or facilities on a reasonable and nondiscriminatory basis unless such other source (or sources) consents thereto.

In the event that a port elects to make such other pollution control facilities available to others, it shall do so by lease, lease purchase agreement, or other agreement binding such user to pay for the use of said facilities for the full term of the revenue bonds issued by the port for the acquisition of said facilities, and said payments shall at least fully reimburse the port for all principal and interest paid by it on said bonds and for all operating or other costs, if any, incurred by the port in connection with said facilities: PROVIDED, HOWEVER, That where there is more than one user of any such facilities, each user shall be responsible for its pro rata share of such costs and payment of principal and interest. Any port intending to provide pollution control facilities to others shall first survey the port district to ascertain the potential users of such facilities and the extent of their needs. The port shall conduct a public hearing upon the proposal and shall give each potential user an opportunity to participate in the use of such facilities upon equal terms and conditions.

Such circumstances include when: (a) The location of the custodial parent is unknown; (b) the child support debt is in litigation; or (c) the responsible parent or custodial parent cannot be identified. When, following termination of public assistance, the office of support enforcement collects support, all moneys collected up to the maximum of the support due for the period following termination from public assistance shall, to the extent permitted by federal law, be paid to the custodial parent before any distribution to the office of support enforcement under federal law. This section shall not apply to support collected through intercepting federal tax refunds under 42 U.S.C. Sec. 664. When a responsible parent has more than one support obligation, or a support debt is owed to more than one party, moneys received will be distributed between the parties proportionally, based upon the amount of the support obligation and/or support debt owed.

(2) Distribute support payments to the payee under the support order or to another person who has lawful physical custody of the child or custody with the payee's consent. The payee may file an application for an adjudicative proceeding to challenge distribution to such other person. Prior to distributing support payments to any person other than the payee, the registry shall:

(b) Mail to the responsible parent and to the payee at the payee's last known address a copy of the physical custodian's statement and a notice which states that support payments will be sent to the physical custodian; and

(c) File a copy of the notice with the clerk of the court that entered the original support order.

(3) If the Washington state support registry distributes a support payment to a person in error, the registry may obtain restitution by means of a set-off against future payments received on behalf of the person receiving the erroneous payment, or may act according to RCW 74.20A.270 as deemed appropriate. Any set-off against future support payments shall be limited to amounts collected on the support debt and ten percent of amounts collected as current support.

Sec. 35. Section 18, chapter 171, Laws of 1979 ex. sess. as last amended by section 14, chapter 276, Laws of 1985 and RCW 74.20A.270 are each amended to read as follows:

The notice shall describe the claim of the department, stating the legal basis for the claim and shall provide sufficient detail to enable the person, firm, corporation, association or political subdivision or officer or agent thereof upon whom service is made to identify the support moneys in issue or the specific violation of RCW 74.20A.100 that has occurred. The notice may also make inquiry as to relevant facts necessary to the resolution of the issue.

The notice may be served by certified mail, return receipt requested, or in the manner of a summons in a civil action. Upon service of the notice all moneys not yet disbursed or spent or like moneys to be received in the future are deemed to be impounded and shall be held in trust pending answer to the notice and any hearing which is requested.

The notice shall be answered under oath and in writing within twenty days of the date of service, which answer shall include true answers to the matters inquired of in the notice. The answer shall also either acknowledge the department's right to the moneys or request an administrative hearing to contest the allegation that chapter 26.18 RCW, RCW 74.20A.100, or 26.23.040, has been violated, or determine the rights to ownership of the support moneys in

issue. The hearing shall be held pursuant to this section, chapter ~~((34-04))~~ 34.05 RCW, and the rules of the department and shall be ~~((a-contested case))~~ an adjudicative proceeding as provided for in chapter ~~((34-04))~~ 34.05 RCW. The burden of proof to establish ownership of the support moneys claimed, including but not limited to moneys not yet disbursed or spent, is on the department.

If no answer is made within the twenty days, the department's claim shall be assessed and determined and subject to collection action as a support debt pursuant to chapter 26.18 or 74.20A RCW, or RCW 26.23.040. Any such debtor may, at any time within one year from the date of service of the notice of support debt, petition the secretary or the secretary's designee for a hearing upon a showing of any of the grounds enumerated in RCW 4.72.010 or superior court civil rule 60. A copy of the petition shall also be served on the department. The filing of the petition shall not stay any collection action being taken, but the debtor may petition the secretary or the secretary's designee for an order staying collection action pending final decision of the secretary or the secretary's designee or the courts on any appeal made pursuant to chapter ~~((34-04))~~ 34.05 RCW. Any moneys held and/or taken by collection action prior to the date of any such stay and any support moneys claimed by the department, including moneys to be received in the future to which the department may have a claim, shall be held in trust pending final decision and appeal, if any, to be disbursed in accordance with the final decision. The secretary or the secretary's designee shall condition the stay to provide for the trust.

If the hearing is granted it shall be an administrative hearing limited to the determination of the ownership of the moneys claimed in the notice of debt. The right to the hearing is conditioned upon holding of any funds not yet disbursed or expended or to be received in the future in trust pending the final order in these proceedings or during any appeal made to the courts. The secretary or the secretary's designee shall enter an appropriate order providing for the terms of the trust.

The hearing shall be an ~~((contested case))~~ adjudicative proceeding as provided for in chapter ~~((34-04))~~ 34.05 RCW and shall be held pursuant to this section, chapter ~~((34-04))~~ 34.05 RCW, and the rules of the department. The hearing shall be promptly scheduled within thirty days from the date of receipt of the answer by the department. The hearing shall be conducted by a duly qualified hearing examiner appointed for that purpose. Hearings may be held in the county of residence of the debtor or other place convenient to the debtor.

If the debtor fails to appear at the hearing, the hearing examiner shall, upon showing of valid service, enter an initial decision and order declaring the amount of support moneys, as claimed in the notice, to be assessed and determined and subject to collection action. Within thirty days of entry of the decision and order the debtor may petition the secretary or the secretary's designee to vacate the decision and order upon a showing of any of the grounds enumerated in RCW 4.72.010 or superior court civil rule 60.

The hearing and review process shall be as provided for in RCW 74.20A.055.

If, at any time, the superior court enters judgment for an amount of debt at variance with the amount determined by the final order in these proceedings, the judgment shall supersede the final order in these proceedings. Any debt determined by the superior court in excess of the amount determined by the final order in these proceedings shall be the property of the department as assigned under 42 U.S.C. 602(A)(26)(a), RCW 74.20.040, 74.20A.250, 74.20.320, or 74.20.330. The department may, despite any final order in these proceedings, take action pursuant to chapters 74.20 or 74.20A RCW to obtain such a judgment or to collect moneys determined by such a judgment to be due and owing.

If public assistance moneys have been paid to a parent for the benefit of that parent's minor dependent children, debt under this chapter shall not be incurred by nor at any time be collected from that parent because of that payment of assistance. Nothing in this section prohibits or limits the department from acting pursuant to RCW 74.20.320 and this section to assess a debt against a recipient or ex-recipient for receipt of support moneys paid in satisfaction of the debt assigned under RCW 74.20.330 which have been assigned to the department but were received by a recipient or ex-recipient from another responsible parent and not remitted to the department. To collect these wrongfully retained funds from the recipient, the department may not take collection action in excess of ten percent of the grant payment standard during any month the public assistance recipient remains in that status unless required by federal law. Payments not credited against the department's debt pursuant to RCW 74.20.101 may not be assessed or collected under this section.

Sec. 36. Section 17, chapter 42, Laws of 1975-'76 2nd ex. sess. and RCW 26.26.160 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section the court has continuing jurisdiction to prospectively modify a judgment and order for future education and future support, and with respect to matters listed in RCW 26.26.130 (3) and (4), and RCW 26.26.150(2) upon showing a substantial change of circumstances. The procedures set forth in RCW 26.09.175 shall be used in modification proceedings under this section.

(2) A judgment or order entered under this chapter may be modified without a showing of substantial change of circumstances upon the same grounds as RCW 26.09.170 permits support orders to be modified without a showing of a substantial change of circumstance.

Sec. 37. Section 6, chapter 157, Laws of 1973 1st ex. sess. as last amended by section 26, chapter 263, Laws of 1984 and RCW 26.09.060 are each amended to read as follows:

(1) In a proceeding for:

(a) Dissolution of marriage, legal separation, or a declaration of invalidity; or

(b) Disposition of property or liabilities, maintenance, or support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse; either party may move for temporary maintenance or for temporary support of children entitled to support. The motion shall be accompanied by an affidavit setting forth the factual basis for the motion and the amounts requested.

(2) As a part of a motion for temporary maintenance or support or by independent motion accompanied by affidavit, either party may request the court to issue a temporary restraining order or preliminary injunction, providing relief proper in the circumstances, and restraining or enjoining any person from:

(a) Transferring, removing, encumbering, concealing, or in any way disposing of any property except in the usual course of business or for the necessities of life, and, if so restrained or enjoined, requiring him to notify the moving party of any proposed extraordinary expenditures made after the order is issued;

(b) Molesting or disturbing the peace of the other party or of any child and, upon a showing by clear and convincing evidence that the party so restrained or enjoined has used or displayed or threatened to use a deadly weapon as defined in RCW 9A.04.110 in an act of violence or has previously committed acts of domestic violence and is likely to use or display or threaten to use a deadly weapon in an act of domestic violence, requiring the party to surrender any deadly weapon in his immediate possession or control or subject to his immediate possession or control to the sheriff of the county having jurisdiction of the proceeding or to the restrained or enjoined party's counsel or to any person designated by the court. The court may order temporary surrender of deadly weapons without notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for response has elapsed;

(c) Entering the family home or the home of the other party upon a showing of the necessity therefor;

(d) Removing a child from the jurisdiction of the court.

(3) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(4) The court may issue a temporary restraining order or preliminary injunction and an order for temporary maintenance or support in such amounts and on such terms as are just and proper in the circumstances.

(5) Restraining orders issued under this section restraining the person from molesting or disturbing another party or from entering a party's home shall bear the legend: VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.09 RCW AND WILL SUBJECT A VIOLATOR TO ARREST.

(6) The court may order that any temporary restraining order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall forthwith enter the order for one year into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in the state.

(7) A temporary order, temporary restraining order, or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding;

(b) May be revoked or modified;

(c) Terminates when the final decree is entered, except as provided under subsection (8) of this section, or when the petition for dissolution, legal separation, or declaration of invalidity is dismissed;

(d) May be entered in a proceeding for the modification of an existing decree.

(8) ~~((A support debt owed to the state for public assistance expenditures which has been charged against a party pursuant to RCW 74.20A.040 and/or 74.20A.055 shall not be merged in, or otherwise extinguished by, the final decree or order, unless the office of support enforcement has been given notice of the final proceeding and an opportunity to present its claim for the support debt to the court and has failed to file an affidavit as provided in this subsection. Notice of the proceeding shall be served upon the office of support enforcement personally, or by certified mail, and shall be given no fewer than thirty days prior to the date of the final proceeding. An original copy of the notice shall be filed with the court either before service or within a reasonable time thereafter. The office of support enforcement may present its claim, and thereby preserve the support debt, by filing an affidavit setting forth the amount of the debt with the court, and by mailing a copy of the affidavit to the parties or their attorney prior~~

to the date of the final proceeding)) Delinquent support payments accrued under an order for temporary support remain collectible and are not extinguished when a final decree is entered unless the decree contains specific language to the contrary. A support debt under a temporary order owed to the state for public assistance expenditures shall not be extinguished by the final decree if:

- (a) The obligor was given notice of the state's interest under chapter 74.20A RCW; or
(b) The temporary order directs the obligor to make support payments to the office of support enforcement or the Washington state support registry.

Sec. 38. Section 10, chapter 157, Laws of 1973 1st ex. sess. as last amended by section 9, chapter 275, Laws of 1988 and RCW 26.09.100 are each amended to read as follows:

(1) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity, maintenance, or child support, after considering all relevant factors but without regard to marital misconduct, the court may order either or both parents owing a duty of support to any child of the marriage dependent upon either or both spouses to pay an amount determined pursuant to the schedule adopted under RCW 26.19.040. The court may require ((annual adjustments of support based upon changes in a party's income or the child's needs, or based upon changes in the child support schedule)) periodic adjustments of support.

(2) A parent who (a) is required to pay child support in excess of three hundred dollars per month and (b) is current in his or her child support obligation may file a motion for an accounting of how the support is being spent by the receiving parent. The motion shall be accompanied by an affidavit setting forth facts that establish reasonable cause to believe that a substantial portion of the child support is not benefitting the child for whom is in intended. The motion and affidavit shall also be served on the parent receiving the child support payments.

(3) If the court determines that the motion and affidavit establish reasonable cause, it shall require the receiving parent to appear at a certain time and place for a hearing on the motion. The court shall require the parent receiving the support to present such records and information as it determines are necessary to establish how the child support is spent.

(4) If after hearing the court determines that a substantial portion of the child support payments are not benefitting the child, the court shall enter an appropriate order directing the receiving parent to spend the child support to benefit the child.

(5) Unless the court has entered an order under subsection (4) of this section, a parent may not file a motion under this section more frequently than once every twelve months.

(6) If after hearing the court determines that the motion was not brought in good faith or that the motion was brought to harass the parent receiving the child support, the court shall award reasonable costs and attorney's fees to the receiving parent.

Sec. 39. Section 4, chapter 435, Laws of 1987 and RCW 26.23.040 are each amended to read as follows:

~~((1) The legislature recognizes that, in order for the support registry to operate in an effective and efficient manner and to ensure that delinquent child support payments will be enforced and collected promptly, especially when the responsible parent is employed and earning regular wages, current employment information must be available to the registry. The legislature also recognizes that the current employer reporting requirements to the department of employment security are not sufficient to facilitate the efforts of the registry to operate effectively and efficiently and collect delinquent payments promptly. Finally, the legislature recognizes that it may not be reasonable to create several different employer reporting systems because of the burdens that would be imposed on employers, especially small businesses. Therefore, the legislature directs the secretary of social and health services and the commissioner of employment security to work with business and employer groups to devise a single reporting process which will meet the needs of both departments and which will provide for prompt and timely employer reporting. The secretary and the commissioner shall prepare and submit a joint report to the judiciary and commerce and labor committees of the house of representatives and the senate by November 1, 1987. The report shall describe the progress that has been made in devising a new reporting system and shall include any recommendations for legislative action that have been agreed upon by the departments and the business and employer groups.~~

~~(2) The report shall include exemptions from the reporting requirement for employees employed for less than two months duration, whether they are full-time or part-time employees or employed on a sporadic basis, employees who earn less than three hundred dollars per month, and other appropriate exemptions. The report shall also provide for simple methods for employers to use in reporting information to the registry which shall include mailing a copy of the W-4 form, calling a toll-free telephone number maintained by the registry, or by other authorized means. The reporting process established by the report shall be designed to provide for up-to-date employment reports without imposing undue burdens on employers and small businesses.~~

~~(3) The secretary and the commissioner shall prepare and submit a report to the judiciary and commerce and labor committees of the house of representatives and the senate by January 25, 1989. This report shall describe the system or systems in effect at that time for employer reporting, identify any problems with the system or systems, include an assessment of the costs~~

associated with the system or systems and the benefits derived from the information reported; if these costs and benefits can be quantified and identified, assess the additional work load for employers to comply with reporting requirements, propose a means by which employers may be compensated for their costs to comply with the reporting requirements, and include recommendations for legislative action if appropriate:

(4)) (1) Except as provided in subsection (3) of this section, all employers doing business in the state of Washington, and to whom the department of employment security has assigned the standard industrial classification sic codes listed in subsection (2) of this section, shall report to the Washington state support registry:

(a) The hiring of any person who resides or works in this state to whom the employer anticipates paying earnings; and

(b) The rehiring or return to work of any employee who was laid off, furloughed, separated, granted a leave without pay, or terminated from employment.

(2) Employers in the standard industrial classifications that shall report to the Washington state support registry include:

(a) Construction industry sic codes: 15, building; and 16, other than building;

(b) Manufacturing industry sic code 37, transportation equipment;

(c) Wholesale trade industry sic codes: 73, business services, except sic code 7362 (temporary help supply services); and 80, health services.

(3) Employers are not required to report the hiring of any person who:

(a) Will be employed for less than one months duration;

(b) Will be employed sporadically so that the employee will be paid for less than three hundred fifty hours during a continuous six-month period; or

(c) Will have gross earnings less than three hundred dollars in every month.

The secretary of the department of social and health services may adopt rules to establish additional exemptions if needed to reduce unnecessary or burdensome reporting.

(4) Employers may report by mailing the employee's copy of the W-4 form, or other means authorized by the registry which will result in timely reporting.

(5) Employers shall submit reports within thirty-five days of the hiring, rehiring, or return to work of the employee. The report shall contain:

(a) The employee's name, address, social security number, and date of birth; and

(b) The employer's name, address, and employment security reference number or unified business identifier number.

(6) An employer who fails to report as required under this section shall be given a written warning for the first violation and shall be subject to a civil penalty of up to two hundred dollars per reporting period, for each subsequent violation. The penalty may be imposed and collected by the office of support enforcement under RCW 74.20A.270.

(7) The registry shall retain the information for a particular employee only if the registry is responsible for establishing, enforcing, or collecting a support obligation or debt of the employee. If the employee does not owe such an obligation or a debt, the registry shall not create a record regarding the employee and the information contained in the notice shall be promptly destroyed.

(8) This section shall expire on July 1, 1993.

NEW SECTION. Sec. 40. A new section is added to chapter 26.23 RCW to read as follows:

The legislative budget committee shall conduct a study of the effectiveness of the reporting program contained in RCW 26.23.040. The study shall include a cost-benefit analysis using accepted accounting practices, control group comparisons of responsible parent work history and support payment history between industries and employers who report and those who do not, statistical detail by standard industrial code to describe (1) the percentage of reports made to the support registry, (2) the percentage of resulting matches with open support enforcement cases, and (3) the level of recovery of delinquent child support, a review of alternative or expedited reporting procedures utilizing new hire data from other public or private sources, control group comparisons regarding the responsible parent work history and support payment history using existing or expedited data sources compared with the employer reporting program, and recommendations as to expansion, termination, or enhancement of the reporting program.

The secretary of the department of social and health services and the commissioner of employment security shall provide necessary data and assistance to conduct the employer reporting program and the study and participate in the review of alternative reporting procedures. The department of social and health services shall reimburse the legislative budget committee and the employment security department for necessary expenses subject to the approval of the office of financial management.

The committee shall prepare and submit a report to the appropriate committees of the house of representatives and senate by November 7, 1992.

Sec. 41. Section 1, chapter 440, Laws of 1987 as amended by section 4, chapter 275, Laws of 1988 and RCW 26.19.030 are each amended to read as follows:

(1) A child support schedule commission is established. The commission shall review and propose changes to the child support schedule and review and adopt changes to the worksheets and instructions.

(3) The secretary of social and health services or the secretary's designee shall serve as chair of the commission.

(4) The secretary, administrator for the courts, chief administrative law judge, and attorney general shall serve on the commission while holding their respective positions. The term of the remaining members of the commission shall be three years, except that members serving on the commission as of March 24, 1988, shall serve staggered terms which shall be determined by lot, but shall not serve longer than three years from the date of appointment unless reappointed for an additional three-year term. SENATE AMENDMENTS TO HOUSE BILL

April 12, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1104 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 111, chapter 7, Laws of 1985 and RCW 46.16.015 are each amended to read as follows:

(1) Neither the department of licensing nor its agents may issue or renew a motor vehicle license for any vehicle registered in an emission contributing area, as that area is established under chapter 70.120 RCW ((70.120.040)), for any year in which the vehicle is required to be tested under chapter 70.120 RCW, unless the application for issuance or renewal is: (a) Accompanied by a valid certificate of compliance (~~issued pursuant to RCW 70.120.060 or 70.120.080~~) or a valid certificate of acceptance issued pursuant to chapter 70.120 RCW ((70.120.070)); or (b) exempted from this requirement pursuant to subsection (2) of this section. The certificates must have a date of validation which is within ninety days of the date of application for the vehicle

license or license renewal. Certificates for fleet vehicles may have a date of validation which is within twelve months of the assigned license renewal date.

(2) Subsection (1) of this section does not apply to the following vehicles:

(a) New motor vehicles whose equitable or legal title has never been transferred to a person who in good faith purchases the vehicle for purposes other than resale;

(b) Motor vehicles (~~fifteen years old or older~~) with a model year of 1967 or earlier;

(c) Motor vehicles that use propulsion units powered exclusively by electricity;

(d) Motor vehicles fueled exclusively by propane, compressed natural gas, or liquid petroleum gas, unless it is determined that federal sanctions will be imposed as a result of this exemption;

(e) Motorcycles as defined in RCW 46.04.330 and motor-driven cycles as defined in RCW 46.04.332;

(f) Motor vehicles powered by diesel engines;

(g) Farm vehicles as defined in RCW 46.04.181;

(h) Used vehicles which are offered for sale by a motor vehicle dealer licensed under chapter 46.70 RCW; or

(i) Motor vehicles exempted by the director of the department of ecology.

The provisions of subparagraph (a) of this subsection may not be construed as exempting from the provisions of subsection (1) of this section applications for the renewal of licenses for motor vehicles that are or have been leased.

(3) The department of licensing shall mail to each owner of a vehicle registered within an emission contributing area a notice regarding the boundaries of the area and restrictions established under this section that apply to vehicles registered in such areas. The information for the notice shall be supplied to the department of licensing by the department of ecology. Such a notice shall be mailed to the owner ninety days prior to the expiration date of the owner's motor vehicle license.

NEW SECTION. Sec. 2. VEHICLE EMISSION STANDARDS--DESIGNATION OF NONCOMPLIANCE AREAS AND EMISSION CONTRIBUTING AREAS. The director:

(1) Shall adopt motor vehicle emission standards to ensure that no less than seventy percent of the vehicles tested comply with the standards.

(2) Shall designate a geographic area as being a 'noncompliance area' for motor vehicle emissions if (a) the department's analysis of the data, recorded for a period of no less than one year, at the monitoring sites indicates that the standard has or will probably be exceeded, and (b) the department determines that the primary source of the contaminant being monitored at the sites is motor vehicle emissions.

(3) Shall reevaluate noncompliance areas if the United States environmental protection agency modifies the relevant air quality standards, and shall discontinue the program if compliance is indicated and if the department determines that the area would continue to be in compliance after the program is discontinued. The director shall notify persons residing in noncompliance areas of the reevaluation.

(4) Shall analyze information regarding the motor vehicle traffic in a noncompliance area to determine the smallest land area within whose boundaries are present registered motor vehicles that contribute significantly to the violation of motor vehicle-related air quality standards in the noncompliance area. The director shall declare the area to be an 'emission contributing area.' An emission contributing area established for a carbon monoxide or oxides of nitrogen noncompliance area must contain the noncompliance area within its boundaries. An emission contributing area established for an ozone noncompliance area located in this state need not contain the ozone noncompliance area within its boundaries if it can be proven that vehicles registered in the area contribute significantly to violations of the ozone air quality standard in the noncompliance area. An emission contributing area may be established in this state for violations of federal air quality standards for ozone in an adjacent state if (a) the United States environmental protection agency designates an area to be a 'nonattainment area for ozone' under the provisions of the federal Clean Air Act (42 U.S.C. 7401 et. seq.), (b) the nonattainment area encompasses portions of both Washington and the adjacent state, and (c) it can be proven that vehicles registered in this state contribute significantly to the violation of the federal air quality standards for ozone in the adjacent state's portion of the nonattainment area.

(5) Shall designate areas as being noncompliance areas or emission contributing areas, and shall establish the boundaries of such areas by rule. The director may also modify boundaries. In establishing the external boundaries of an emission contributing area, the director shall use the boundaries established for ZIP code service areas by the United States postal service.

(6) May make grants to units of government in support of planning efforts to reduce motor vehicle emissions in areas where emission control inspections are not required.

NEW SECTION. Sec. 3. NONCOMPLIANCE AREAS--ANNUAL REVIEW. (1) The director shall review annually the air quality and forecasted air quality of each area in the state designated as a noncompliance area for motor vehicle emissions.

(2) An area shall no longer be designated as a noncompliance area if the director determines that:

(a) Air quality standards for contaminants derived from motor vehicle emissions are no longer being violated in the noncompliance area; and

(b) The standards would not be violated if the emission inspection system in the emission contributing area was discontinued and the requirements of RCW 46.16.015 no longer applied.

NEW SECTION. Sec. 4. MOTOR VEHICLE INSPECTIONS REQUIRED--FEES--RESULTS--CERTIFICATE OF COMPLIANCE. (1) The department shall administer a system for biennial inspection of emissions of all motor vehicles registered within the boundaries of each emission contributing area. Persons residing within the boundaries of an emission contributing area shall register their motor vehicle within that area, unless business reasons require registration outside the area. Requests for exemption from inspection for business reasons shall be reviewed and approved by the director.

(2) The director shall:

(a) Adopt procedures for conducting emission tests for motor vehicles. The tests shall include idle and high revolution per minute tests.

(b) Adopt criteria for calibrating emission testing equipment. Electronic equipment used to test for emissions standards provided for in this chapter shall be properly calibrated. The department shall examine frequently the calibration of the emission testing equipment used at the stations.

(c) Authorize, through contracts, the establishment and operation of inspection stations for conducting the vehicle emission tests authorized in this chapter. No person contracted to inspect motor vehicles may perform for compensation repairs on any vehicles. No public body may establish or operate contracted inspection stations. Any contracts must be let in accordance with the procedures established for competitive bids in chapter 43.19 RCW.

(3) Subsection (2)(c) of this section does not apply to volunteer motor vehicle inspections under RCW 70.120.020(1)(a) if the inspections are conducted for the following purposes:

(a) Auditing;

(b) Contractor evaluation;

(c) Collection of data for establishing calibration and performance standards; or

(d) Public information and education.

(4)(a) The director shall establish by rule the fee to be charged for emission inspections. The inspection fee shall be a standard fee applicable state-wide or throughout an emission contributing area and shall be no greater than eighteen dollars. Surplus moneys collected from fees over the amount due the contractor shall be paid to the state and deposited in the general fund. Fees shall be set at the minimum whole dollar amount required to (i) compensate the contractor, and (ii) offset the general fund appropriation to the department to cover the administrative costs of the motor vehicle emission inspection program.

(b) Before each inspection, a person whose motor vehicle is to be inspected shall pay to the inspection station the fee established under this section. The person whose motor vehicle is inspected shall receive the results of the inspection test. If the inspected vehicle's emissions comply with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected vehicle's emissions do not comply with those standards, one retest of the vehicle's emission shall be afforded without charge.

(5) All units of local government and agencies of the state with motor vehicles garaged or regularly operated in an emissions contributing area shall test the emissions of those vehicles biennially to ensure that the vehicle's emissions comply with the emission standards established by the director. A report of the results of the tests shall be submitted to the department.

Sec. 5. Section 2, chapter 163, Laws of 1979 ex. sess. and RCW 70.120.020 are each amended to read as follows:

(1) The department shall conduct the following programs in a manner that will enhance the successful implementation of the air pollution control system established for motor vehicles by this chapter:

(a) A voluntary motor vehicle emissions inspection program;

(b) A public educational program regarding the health effects of air pollution emitted by motor vehicles; the purpose, operation, and effect of emission control devices and systems; and the effect that proper maintenance of motor vehicle engines has on fuel economy and air pollution emission; and

(c) A public notification program identifying the geographic areas of the state that are designated as being noncompliance areas and emission contributing areas and describing the requirements imposed under this chapter for those areas.

MOTION

Ms. Rust moved that the House do concur in the Senate amendments to Engrossed Substitute House Bill No. 1104.

Ms. Rust spoke in favor of the motion, and Mr. Heavey spoke against it.

POINT OF INQUIRY

Ms. Rust yielded to question by Ms. Brough.

Ms. Brough: Thank you, Representative Rust. If my vehicle is older than 1980, do I have to pay fifty dollars to have it certified?

Ms. Rust: People with cars, that are 1980 and older, only have to pay fifty dollars for a waiver. That is the same as the House version.

Ms. Brough spoke against the motion to concur in the Senate amendments to Engrossed Substitute House Bill No. 1104, and Representatives D. Sommers and Valle spoke in favor of it.

POINT OF INQUIRY

Mr. D. Sommers yielded to question by Mr. May.

Mr. May: You spoke to the certified emissions people. Could you tell me how many there are and how well-located they are? I'd like to be assured that we can get to them easily.

Mr. D. Sommers: Currently there are only two counties in the state in which testing is required, and the Department has a list of facilities that are acceptable. Now they are going to be looking at individual mechanics to certify them. In the Spokane area there is no problem; there are enough of these locally. I suppose the same thing is true in Seattle.

Mr. May: You don't know how many?

Mr. D. Sommers: I have been told there are three.

Mr. Padden spoke against the motion to concur in the Senate amendments, and Mr. Schoon spoke in favor of it.

POINT OF PARLIAMENTARY INQUIRY

Ms. Brough: Do we have a striking amendment before us, or are these amendments separate? And, if they are, I would like to move that we divide the question and consider the certified emissions specialists separately.

SPEAKER'S REPLY

The Speaker: What we have before us is the striking amendment from the Senate, and the question before us is the motion to concur in that striking Senate amendment.

Ms. Brough again opposed the motion to concur in the Senate amendments to Engrossed Substitute House Bill No. 1104. Mr. Ferguson spoke in favor of the motion, and Mr. May spoke against it. Ms. Rust again spoke in favor of the motion.

ANNOUNCEMENT BY THE SPEAKER

SENATE AMENDMENTS TO HOUSE BILL

April 4, 1989

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1253 with the following amendments:

On page 2, after line 35, insert the following:

*Sec. 3. Section 1, chapter 267, Laws of 1988 and RCW 18.52B.010 are each amended to read as follows:

The legislature takes special note of the contributions made by nursing assistants in (~~nursing-homes~~) health care facilities whose tasks are arduous and whose working conditions may be contributing to the high and often critical turnover among the principal cadre of health care workers who provide for the basic needs of (~~long-term-care~~) patients. The legislature

also recognizes the growing shortage of nurses (~~(in long-term care)~~) as the proportion of the elderly population grows and as the acuity of patients in hospitals and nursing homes becomes generally more severe.

The legislature finds and declares that occupational nursing assistants should have a formal system of educational and experiential qualifications leading to career mobility and advancement. The establishment of such a system should bring about a more stabilized work force in ~~(the nursing home setting)~~ health care facilities, as well as provide a valuable resource for recruitment into licensed nursing practice.

The legislature declares that the registration of nursing assistants and providing for voluntary certification of those who wish to seek higher levels of qualification is in the interest of the public health, safety, and welfare.

Sec. 4. Section 2, chapter 267, Laws of 1988 and RCW 18.52B.020 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Department' means the department of licensing.
 (2) 'Director' means the director of licensing or the director's designee.
 (3) 'Board' means the Washington state board of nursing.
 (4) 'Nursing assistant--certified' means an individual certified under this chapter.
 (5) 'Nursing assistant--registered' means an individual registered under this chapter.
 (6) 'Committee' means the Washington state nursing assistant advisory committee.
 (7) 'Certification program' means an educational program approved by the superintendent of public instruction or the state board for community college education in consultation with the board, and offered by or under the administration of an accredited educational institution, either at a school site or a ~~((nursing home))~~ health care facility site. A program shall be offered at or near a ~~((nursing home))~~ health care facility site only if the ~~((nursing home))~~ health care facility can provide adequate classroom and clinical facilities.

~~(8) ('Registration program' means a nursing assistant training program as defined under chapter 18.52A RCW.~~

~~(9) 'Nursing home' means a facility licensed under chapter 18.51 RCW.) 'Health care facility' means a nursing home, hospital, hospice care facility, home health care agency, hospice agency, or other entity for delivery of health care services.~~

Sec. 5. Section 3, chapter 267, Laws of 1988 and RCW 18.52B.030 are each amended to read as follows:

(1) A nursing assistant(~~(--registered)~~) may assist in the care of patients under the direction and supervision of a licensed (registered) nurse or licensed practical nurse, provided that a ~~((nursing home))~~ health care facility shall not assign an assistant to provide ~~((resident))~~ patient care until the assistant has demonstrated skill necessary to perform assigned duties and responsibilities competently. Nothing in this chapter shall be construed as conferring on a nursing assistant the authority to administer medication or to practice as a licensed (registered) nurse or licensed practical nurse.

(2) A nursing assistant--certified may assist in the care of the ill, injured, or infirm under the direction and supervision of a licensed (registered) nurse or licensed practical nurse except that a nursing assistant--certified may not administer medication or practice as a licensed (registered) nurse as defined in chapter 18.88 RCW or licensed practical nurse as defined in chapter 18.78 RCW.

~~((3) The board may further define by rule the scope of practice and minimum competencies of nursing assistants--certified in consultation with the nursing assistant advisory committee.))~~

Sec. 6. Section 4, chapter 267, Laws of 1988 and RCW 18.52B.040 are each amended to read as follows:

NEW SECTION. Sec. 4. A new section is added to chapter 26.26 RCW to read as follows:

(1) In entering or modifying a support order under this chapter, the court shall require either or both parents to maintain or provide health insurance coverage for any dependent child as provided under RCW 26.09.105.

(2) This section shall not be construed to limit the authority of the court to enter or modify support orders containing provisions for payment of uninsured health expenses, health costs, or insurance premiums which are in addition to and not inconsistent with this section. 'Health insurance coverage' as used in this section does not include medical assistance provided under chapter 74.09 RCW.

(3) A parent ordered to provide health insurance coverage shall provide proof of such coverage within twenty days of the entry of the order, or within twenty days of the date such coverage becomes available, to:

(a) The physical custodian; or

(b) The department of social and health services if the parent has been notified or ordered to make support payments to the Washington state support registry.

(4) Every order requiring a parent to provide health insurance coverage shall be entered in compliance with RCW 26.23.050 and be subject to direct enforcement as provided under chapter 26.18 RCW.

NEW SECTION. Sec. 5. A new section is added to chapter 26.18 RCW to read as follows:

(1) Whenever an obligor parent who has been ordered to provide health insurance coverage for a dependent child fails to provide such coverage or lets it lapse, the department or the obligee may seek enforcement of the coverage order as provided under this section.

(2)(a) If the obligor parent's order to provide health insurance coverage contains language notifying the obligor that failure to provide such coverage may result in direct enforcement of the order and orders payments through, or has been submitted to, the Washington state support registry for enforcement, then the department may, without further notice to the obligor, send a notice of enrollment to the obligor's employer or union by certified mail, return receipt requested.

The notice shall require the employer or union to enroll the child in the health insurance plan as provided in subsection (3) of this section.

(b) If the obligor parent's order to provide health insurance coverage does not order payments through, and has not been submitted to, the Washington state support registry for enforcement:

(i) The obligee may, without further notice to the obligor send a certified copy of the order requiring health insurance coverage to the obligor's employer or union by certified mail, return receipt requested; and

(ii) The obligee shall attach a notarized statement to the order declaring that the order is the latest order addressing coverage entered by the court and require the employer or union to enroll the child in the health insurance plan as provided in subsection (3) of this section.

(3) Upon receipt of an order that provides for health insurance coverage, or a notice of enrollment:

(a) The obligor's employer or union shall answer the party who sent the order or notice within thirty-five days and confirm that the child:

(i) Has been enrolled in the health insurance plan:

(ii) Will be enrolled in the next open enrollment period; or
 (iii) Cannot be covered, stating the reasons why such coverage cannot be provided;
 (b) The employer or union shall withhold any required premium from the obligor's income or wages;

(c) If more than one plan is offered by the employer or union, and each plan may be extended to cover the child, then the child shall be enrolled in the obligor's plan. If the obligor's plan does not provide coverage which is accessible to the child, the child shall be enrolled in the least expensive plan otherwise available to the obligor parent;

(d) The employer or union shall provide information about the name of the health insurance coverage provider or insurer and the extent of coverage available to the obligee or the department and shall make available any necessary claim forms or enrollment membership cards.

(4) If the order for coverage contains no language notifying the obligor that failure to provide health insurance coverage may result in direct enforcement of the order, the department or the obligee may serve a written notice of intent to enforce the order on the obligor by certified mail, return receipt requested, or by personal service. If the obligor fails to provide written proof that such coverage has been obtained or applied for within twenty days of service of the notice, or within twenty days of coverage becoming available the department or the obligee may proceed to enforce the order directly as provided in subsection (2) of this section.

(5) If the obligor ordered to provide health insurance coverage elects to provide coverage that will not be accessible to the child because of geographic or other limitations when accessible coverage is otherwise available, the department or the obligee may serve a written notice of intent to purchase health insurance coverage on the obligor by certified mail, return receipt requested. The notice shall also specify the type and cost of coverage.

(6) If the department serves a notice under subsection (5) of this section the obligor shall, within twenty days of the date of service:

(a) File an application for an adjudicative proceeding; or

(b) Provide written proof to the department that the obligor has either applied for, or obtained, coverage accessible to the child.

(7) If the obligee serves a notice under subsection (5) of this section, within twenty days of the date of service the obligor shall provide written proof to the obligee that the obligor has either applied for, or obtained, coverage accessible to the child.

(8) If the obligor fails to respond to a notice served under subsection (5) of this section to the party who served the notice, the party who served the notice may purchase the health insurance coverage specified in the notice directly. The amount of the monthly premium shall be added to the support debt and be collectible without further notice. The amount of the monthly premium may be collected or accrued until the obligor provides proof of the required coverage.

(9) The signature of the obligee or of a department employee shall be a valid authorization to the coverage provider or insurer for purposes of processing a payment to the child's health services provider. An order for health insurance coverage shall operate as an assignment of all benefit rights to the obligee or to the child's health services provider, and in any claim against the coverage provider or insurer, the obligee or the obligee's assignee shall be subrogated to the rights of the obligor. Notwithstanding the provisions of this section regarding assignment of benefits, this section shall not require a health care service contractor authorized under chapter 48.44 RCW or a health maintenance organization authorized under chapter 48.46 RCW to deviate from their contractual provisions and restrictions regarding reimbursement for covered services. If the coverage is terminated, the employer shall mail a notice of termination to the department or the obligee at the obligee's last known address within thirty days of the termination date.

(10) This section shall not be construed to limit the right of the obligor or the obligee to bring an action in superior court at any time to enforce, modify, or clarify the original support order.

(11) Nothing in this section shall be construed to require a health maintenance organization, or health care service contractor, to extend coverage to a child who resides outside its service area.

NEW SECTION. Sec. 6. A new section is added to chapter 74.20A RCW to read as follows:

(1) Whenever a support order is entered or modified under this chapter, the department shall require the responsible parent to maintain or provide health insurance coverage for any dependent child as provided under RCW 26.09.105.

(2) 'Health insurance coverage' as used in this section does not include medical assistance provided under chapter 74.09 RCW.

(3) A parent ordered to provide health insurance coverage shall provide proof of such coverage to the department within twenty days of the entry of the order, or within fifteen days of the date such coverage becomes available.

NEW SECTION. Sec. 7. A new section is added to chapter 74.20A RCW to read as follows:

In furtherance of the policy of the state to cooperate with the federal government in the administration of the child support enforcement program, the department may adopt such rules and regulations as may become necessary to entitle the state to participate in federal funds, unless such rules would be expressly prohibited by law. Any section or provision of law dealing with the child support program which may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling the state to receive federal funds. If any law dealing with the child support enforcement program is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds, such conflicting law is declared to be inoperative solely to the extent of the conflict.

Sec. 8. Section 5, chapter 435, Laws of 1987 and RCW 26.23.050 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the superior court shall include in all superior court orders which establish or modify a support obligation((:));

The parties to the order must agree to such a plan and the plan must contain reasonable assurances that payments will be made in a regular and timely manner.

(b) If the order directs payment to the person entitled to receive the payments instead of to the Washington state support registry, the order shall include a statement that the order may be submitted to the registry if a support payment is past due.

(k) That if proof of health insurance coverage is not provided within twenty days, the obligee or the department may seek direct enforcement of the coverage through the obligor's employer or union without further notice to the obligor as provided under chapter 26.18 RCW; and

(l) The reasons for not ordering health insurance coverage if the order fails to require such coverage.

(~~(5)~~) (6) The physical custodian's address shall be omitted from an order entered under the administrative procedure act. A responsible parent whose support obligation has been determined by such administrative order may request the physical custodian's residence address by submission of a request for disclosure under RCW 26.23.120.

(7) The superior court clerk, the office of administrative hearings, and the department of social and health services shall, within five days of entry, forward to the Washington state support registry, a true and correct copy of all superior court orders or administrative orders establishing or modifying a support obligation which provide that support payments shall be made to the support registry. NEW SECTION, Sec. 9. A new section is added to chapter 26.18 RCW to read as follows:

(1) An obligated parent's employer or union shall be liable for a fine of up to one thousand dollars per occurrence, if the employer or union fails or refuses, within thirty-five days of receiving the order or notice for health insurance coverage to:

Special permits may not be issued for movements on any state highway outside the limits of any city or town in excess of the following widths:

On two-lane highways, fourteen feet;

On multiple-lane highways where a physical barrier serving as a median divider separates opposing traffic lanes, twenty feet;

On multiple-lane highways without a physical barrier serving as a median divider, thirty-two feet.

These limits apply except under the following conditions:

(1) In the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) the maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: PROVIDED, That when the department of transportation, pursuant to general rules adopted by the transportation commission, determines a hardship would result, this limitation may be exceeded upon approval of the department of transportation; (c) prior to issuing a permit a qualified transportation department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made;

(2) Permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations;

(3) Permits may be issued for vehicles with a total outside width, including the load, of nine feet or less when the vehicle is equipped with a mechanism designed to cover the load pursuant to RCW 46.61.655;

(4) These limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED FURTHER, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining widths in excess of such limitation;

~~((4))~~ (5) These limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed eighty thousand pounds and the overall width of load does not exceed sixteen feet: PROVIDED, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the department of transportation or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

Sec. 3. Section 46.44.095, chapter 12, Laws of 1961 as last amended by section 1, chapter 55, Laws of 1988 and RCW 46.44.095 are each amended to read as follows:

When a combination of vehicles has been lawfully licensed to a total gross weight of eighty thousand pounds and when a three or more axle single unit vehicle has been lawfully licensed to a total gross weight of forty thousand pounds pursuant to provisions of RCW 46.44-.041, a permit for additional gross weight may be issued by the department of transportation upon the payment of thirty-seven dollars and fifty cents per year for each one thousand pounds or fraction thereof of such additional gross weight: PROVIDED, That the tire limits specified in RCW 46.44.042 shall apply, and the gross weight on any single axle shall not exceed twenty thousand pounds, and the gross load on any group of axles shall not exceed the limits set forth in RCW 46.44.041: PROVIDED FURTHER, That within the tire limits of RCW 46.44.042, and notwithstanding RCW 46.44.041 and 46.44.091, a permit for an additional six thousand pounds may be purchased for the rear axles of a two-axle garbage truck or eight thousand pounds for the tandem axle of a three axle garbage truck at a rate not to exceed thirty dollars per thousand. Such additional weight in the case of garbage trucks shall not be valid or permitted on any part of the federal interstate highway system.

The annual additional tonnage permits provided for in this section shall be issued upon such terms and conditions as may be prescribed by the department pursuant to general rules adopted by the transportation commission. Such permits shall entitle the permittee to carry such additional load in an amount and upon highways or sections of highways as may be determined by the department of transportation to be capable of withstanding increased gross load without undue injury to the highway: PROVIDED, That the permits shall not be valid on any highway where the use of such permits would deprive this state of federal funds for highway purposes.

For those vehicles registered under chapter 46.87 RCW, the annual additional tonnage permits provided for in this section may be issued to coincide with the registration year of the base jurisdiction. For those vehicles registered under chapter 46.16 RCW and whose registration has staggered renewal dates, the annual additional tonnage permits may be issued to coincide with the expiration date of the registration. The permits may be purchased at any time, and if they are purchased for less than a full year, the fee shall be one-twelfth of the full fee multiplied by the number of months, including any fraction thereof, covered by the permit. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit from one vehicle to another a fee of ~~((five))~~ ten dollars

shall be charged for each duplicate issued or each transfer. The department of transportation shall issue permits on a temporary basis for periods not less than five days at ~~((one))~~ two dollars per day for each two thousands pounds or fraction thereof.

The fees levied in RCW 46.44.0941 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state, or any city or town or metropolitan municipal corporation within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.87 RCW, the fees provided for in this section shall be computed by the department of transportation by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.87 RCW to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

When computing fees that result in an amount other than full dollars, the fee shall be increased to the next full dollar if fifty cents or over and shall be reduced to the next full dollar if forty-nine cents or under. The minimum fee for any prorated tonnage permit issued under this section shall be twenty-five dollars.

Sec. 4. Section 46.44.096, chapter 12, Laws of 1961 as last amended by section 56, chapter 7, Laws of 1984 and RCW 46.44.096 are each amended to read as follows:

In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of transportation, and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Special permits issued under RCW 46.44.047, 46.44.0941, or 46.44.095, may be obtained from offices of the department of transportation, ports of entry, or other agents appointed by the department.

The department may appoint agents for the purposes of selling special motor vehicle permits, additional tonnage permits, and log tolerance permits. Agents so appointed may retain three dollars and fifty cents for each permit sold to defray expenses incurred in handling and selling the permits. If the fee is collected by the department of transportation, the department shall certify the fee so collected to the state treasurer for deposit to the credit of the motor vehicle fund.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible. When a movement involves a combination of state highways, county roads, and/or city streets the fee shall be paid to the state department of transportation. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible.

If, pursuant to RCW 46.44.090, cities or counties issue additional tonnage permits similar to those provided for issuance by the state department of transportation in RCW 46.44.095, the state department of transportation shall authorize the use of the additional tonnage permits on state highways subject to the following conditions:

(1) The owner of the vehicle covered by such permit shall establish to the satisfaction of the state department of transportation that the primary use of the vehicle is on the streets or roads of the city or county issuing the additional tonnage permit;

(2) That the fees paid for the additional tonnage are not less than those established in RCW 46.44.095;

(3) That the city or county issuing the permit shall allow the use of permits issued by the state pursuant to RCW 46.44.095 on the streets or roads under its jurisdiction;

(4) That all of the provisions of RCW 46.44.042 and 46.44.041 shall be observed.

When the department of transportation is satisfied that the above conditions have been met, the department of transportation, by suitable endorsement on the permit, shall authorize its use on such highways as the department has authorized for such permits pursuant to RCW 46.44.095, and all such use of such highways is subject to whatever rules and regulations the state department of transportation has adopted for the permits."

In line 1 of the title, after "fees;" strike the remainder of the title and insert "and amending RCW 46.44.0941, 46.44.092, 46.44.095, and 46.44.096."

and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

It also recognizes that some Washington residents may be unable to pursue such out-of-state enrollment owing to their limited financial resources and the higher cost of nonresident tuition. The legislature intends to facilitate expanded nonresident undergraduate upper division enrollment opportunities for residents of the state by authorizing the governing boards of the four-year institutions of higher education to enter into exchange programs with other states' comparable public four-year institutions with comparable programs wherein the participating institutions agree that visiting undergraduate upper division students will pay resident tuition rates of the host institutions.

The boards of regents of the state universities and the boards of trustees of the regional universities and The Evergreen State College may enter into undergraduate upper division student exchange agreements with comparable public four-year institutions of higher education of other states and agree to charge participating undergraduate upper division students resident tuition rates subject to the following restrictions:

(1) In any given academic year, the number of undergraduate upper division nonresident exchange students receiving nonresident tuition waivers at a state institution, shall not exceed the number of that institution's undergraduate upper division students receiving nonresident

tuition waivers at participating out-of-state institutions. Waiver imbalances that may occur in one year shall be off-set in the year immediately following.

(2) Undergraduate upper division student participation in an exchange program authorized by this section is limited to one calendar year.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1989

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1405 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. A new section is added to chapter 28B.15 RCW to read as follows:

In addition to the tuition and fees imposed under RCW 28B.15.202, 28B.15.402, and 28B.15.502, the boards of regents or trustees at each of the state's regional and state universities, The Evergreen State College, and the state's community colleges may impose a building fee surcharge in the manner provided in this section.

The building fee surcharge shall be expressed as a percentage of tuition fees as defined in RCW 28B.15.020. The building fee surcharge shall not exceed ten percent of tuition fees and

shall not apply to the summer term. For each state fiscal biennium, the respective board may impose the surcharge by November 10 of the year prior to the beginning of the fiscal biennium. Any subsequent modification of the surcharge shall not take effect until the end of the fiscal biennium for which the surcharge was imposed. Once imposed, the building fee surcharge shall not be reduced by the respective board if the reduction will result in the inability of the applicable bond retirement fund to pay the principal and interest on bonds for which the building fee surcharge revenue was pledged.

No surcharge under this section may be imposed or increased by the board of regents or trustees without the consultation of the student services and activities fee committee established under RCW 28B.15.045.

If a building fee surcharge is imposed under this section in a community college district with more than one campus, the surcharge shall apply uniformly to all campuses of that district.

The revenue generated from the building fee surcharge, together with a matching amount of operating fee revenue, shall be deposited in the state treasury as provided in RCW 28B.15.025 and shall be used solely for the capital purposes of the individual institution of higher education imposing the surcharge.

It is the intent of this section to provide additional resources to the state's institutions of higher education to address the institutions' unmet needs for capital improvements. The imposition of a surcharge by an institution of higher education under this section shall not be a prerequisite to the receipt by that institution of other appropriations for capital improvements.

Sec. 2. Section 12, chapter 390, Laws of 1985 and RCW 28B.15.025 are each amended to read as follows:

The term 'building fees' means the building fees imposed under RCW 28B.15.202, 28B.15.402, and 28B.15.502 and the building fee surcharge and matching funds authorized under section 1 of this act charged students registering at the state's colleges and universities(-which); The building fees are to be used as follows: At the University of Washington, solely for the purposes provided in RCW 28B.15.210; at Washington State University, solely for the purposes provided in RCW 28B.15.310; at each of the regional universities and at The Evergreen State College, solely for the purposes provided in RCW 28B.35.370; and at the community colleges, for the purposes provided in RCW 28B.50.320, 28B.50.360 and 28B.50.370. The community college building fee surcharge and matching funds shall be paid into the state treasury and deposited in the community college capital projects account pursuant to RCW 28B.50.360(2). The term 'building fees' is a renaming of the 'general tuition fee,' and shall not be construed to affect otherwise moneys pledged to, or used for bond retirement purposes.

Sec. 3. Section 2, chapter 257, Laws of 1981 as last amended by section 1, chapter 42, Laws of 1986 and RCW 28B.15.067 are each amended to read as follows:

Except as provided in section 1 of this act, tuition fees shall be established and adjusted annually under the provisions of this chapter beginning with the 1987-88 academic year. Such fees shall be identical, subject to other provisions of this chapter, for students enrolled at either state university, for students enrolled at the regional universities and The Evergreen State College and for students enrolled at any community college. Tuition fees shall reflect the undergraduate and graduate educational costs of the state universities, the regional universities and the community colleges, respectively, in the amounts prescribed in this chapter. The change from the biennial tuition fee adjustment to an annual tuition fee adjustment shall not reduce the amount of revenue to the state general fund.

Sec. 4. Section 20, chapter 15, Laws of 1970 ex. sess. as last amended by section 16, chapter 57, Laws of 1985 and by section 56, chapter 390, Laws of 1985 and RCW 28B.50.360 are each reenacted and amended to read as follows:

There is hereby created in the state treasury a community college bond retirement fund. Except as provided in RCW 28B.15.025, within thirty-five days from the date of start of each quarter all building fees of each such community college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community college bond retirement fund which fund as required, is hereby created in the state treasury. Such amounts of the funds deposited in the bond retirement fund as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) That portion of the building fees not required for or in excess of the amounts necessary to pay and secure the payment of any of the bonds as provided in subsection (1) above shall

be deposited in the community college capital projects account which account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community college education in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and for the payment of principal of and interest on any bonds issued for such purposes. All earnings of investments of balances in the community college capital projects account shall be credited to the general fund.

(3) Notwithstanding the provisions of subsections (1) and (2) above, at such time as all outstanding building bonds of the college board payable from the community college bond retirement fund have been paid, redeemed, and retired, or at such time as ample provision has been made by the state for full payment, from some source other than the community college bond retirement fund, of the principal of and the interest on and call premium, if applicable, of such bonds as they mature and/or upon their call prior to their maturity, through refunding or otherwise, that portion of all building fees of the community colleges equal to the amount required to pay yearly debt service on any general obligation bonds issued by the state in accordance with Article VIII, section 1, Washington state Constitution, for community college purposes, shall be paid into the general fund of the state treasury. The state finance committee shall determine whether ample provision has been made for payment of such bonds payable from the said bond retirement fund and shall determine the amount required to pay yearly debt service on such general obligation bonds of the state. This subsection does not apply to the building fee surcharge and matching funds authorized under section 1 of this act. Nothing in this subsection shall be construed as obligating the legislature or the state to provide for payment of such community college building bonds from some source other than the community college bond retirement fund or as pledging the general credit of the state to the payment of such bonds.

(4) The revenue from the building fee surcharge and matching funds authorized under section 1 of this act is not obligated to the payment of principal or interest on any bond issued prior to the effective date of this act or any bond for which the building fee surcharge and matching fund revenue was not specifically pledged.

Sec. 5. Section 6, chapter 257, Laws of 1981 as last amended by section 19, chapter 390, Laws of 1985 and RCW 28B.15.202 are each amended to read as follows:

APPOINTMENT OF CONFEREES

The Speaker (Mr. O'Brien presiding) appointed Representatives Cole, Jones and Walker as conferees on Substitute House Bill No. 1711.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1989

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1917 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is the intent of the legislature that only individuals who meet and maintain minimum standards of competence and conduct may provide certified appraisal services to the public.

NEW SECTION. Sec. 2. This chapter may be known and cited as the certified real estate appraiser act.

NEW SECTION. Sec. 3. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) 'Appraisal' or 'real estate appraisal' means an analysis, opinion, or conclusion relating to the nature, quality, value, or utility of specified interests in, or aspects of, identified real estate, for or in expectation of compensation. An appraisal may be classified by subject matter into either a valuation or an analysis. A 'valuation' is an estimate of the value of real estate or real property. An 'analysis' is a study of real estate or real property other than estimating value.

(2) 'Appraisal report' means any communication, written or oral, of an appraisal.

(3) 'Appraisal assignment' means an engagement for which an appraiser is employed or retained to act, or would be perceived by third parties or the public as acting, as a disinterested third party in rendering an unbiased analysis, opinion, or conclusion relating to the nature, quality, value, or utility of specified interests in, or aspects of, identified real estate. The term 'appraisal assignment' may apply to valuation work and analysis work.

(4) 'Board' means the certified real estate appraiser certification board.

(5) 'Certified appraisal' means an appraisal prepared or signed by a state-certified real estate appraiser. A certified appraisal represents to the public that it meets the appraisal standards defined in this chapter.

(6) 'Department' means the department of licensing.

(7) 'Director' means the director of the department of licensing.

(8) 'Real estate' means an identified parcel or tract of land, including improvements, if any.

(9) 'Real property' means one or more defined interests, benefits, or rights inherent in the ownership of real estate.

(10) 'Specialized appraisal services' means all appraisal services which do not fall within the definition of appraisal assignment. The term 'specialized appraisal service' may apply to valuation work and to analysis work. Regardless of the intention of the client or employer, if the appraiser would be perceived by third parties or the public as acting as a disinterested third party in rendering an unbiased analysis, opinion, or conclusion, the work is classified as an appraisal assignment and not a specialized appraisal service.

(11) 'State-certified real estate appraiser' means a person who develops and communicates real estate appraisals and who holds a valid certificate issued to him or her for either

general or residential real estate under this chapter. A state-certificated real estate appraiser may designate or identify an appraisal rendered by him or her as a 'certified appraisal' and indicate which type of certification is held.

NEW SECTION. Sec. 4. (1) No person, other than a state-certified real estate appraiser, may assume or use that title or any title, designation, or abbreviation likely to create the impression of certification as a real estate appraiser by this state. A person who is not certified under this chapter shall not describe or refer to any appraisal or real estate located in this state by the term 'certified.'

(2) This section does not preclude a person who is not certified as a state-certified real estate appraiser from appraising real estate in this state for compensation.

NEW SECTION. Sec. 5. There is established a real estate appraiser certification board which shall consist of seven members, two of whom are public members and five of whom are real estate appraisers.

The governor shall appoint the members of the real estate appraiser certification board.

Each of the real estate appraiser members first appointed to the board shall possess a minimum of ten years of active experience as a real estate appraiser, and shall be appointed from a cross-section of real estate appraisal organizations.

Each real estate appraiser member of the board appointed after July 1, 1990, must be a state-certified real estate appraiser under this chapter at the time of appointment and during the entire term. At least two members of the board shall be state-certified general real estate appraisers. At least one member of the board shall be a state-certified residential real estate appraiser. The term of each member of the board shall be three years, except that, of the members first appointed, one shall serve for three years, three shall serve for two years, and three shall serve for one year. Upon the expiration of a term, a member of the board continues to hold office until the appointment of a successor. No person shall serve as a member of the board for more than two consecutive terms. The governor may remove a member for cause.

The public members of the board shall not be engaged in the practice of real estate appraising.

The governor shall appoint one of the members as a chairperson. The chairperson serves at the pleasure of the governor.

The board shall meet at least once a year or as necessary to conduct board business upon the call of the chairperson at times and places as the chairperson shall designate.

A quorum of the board shall be five members.

Members of the board shall receive compensation under RCW 43.03.240 and shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 6. The real estate appraiser certification board provides technical assistance to the director relating to real estate appraisal standards and real estate appraiser qualifications and has the following responsibilities, powers, and duties:

(1) To recommend to the director the experience, education, and examination requirements that are appropriate for each classification of state-certified real estate appraiser;

(2) To recommend to the director the examination specifications, and the minimum scaled score required to pass the certification examinations for each classification of certification required by this chapter; and

(3) To conduct administrative hearings, as requested by the director, in connection with disciplinary proceedings under this chapter.

NEW SECTION. Sec. 7. The director shall have the following powers and duties:

(2) No certificate may be issued under this chapter to a corporation, partnership, firm, or group. This shall not be construed to prevent a state-certified appraiser from signing an appraisal report on behalf of a corporation, partnership, firm, or group practice.

Such order shall not be operative for a period of ten days from the date thereof. Any licensee or applicant aggrieved by a final decision by the director in an adjudicative proceeding whether such decision is affirmative or negative in form, is entitled to a

judicial review in the superior court under the provisions of the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 23. (1) After the application has been filed, the fee paid, and bond posted, if required the department shall, if no denial order is in effect and no proceeding is pending under RCW 46.70.180 or 46.70.200, issue the appropriate license, which license, in the case of a vehicle dealer, shall designate the classification of the dealer(~~(- PROVIDED, That nothing shall)~~). Nothing prohibits a vehicle dealer from obtaining licenses for more than one classification, and(~~(- PROVIDED FURTHER, That nothing shall)~~) nothing prevents any vehicle dealer from dealing in other classes of vehicles on an isolated basis.

(2) An auction company licensed under chapter 18.11 RCW may sell at auction all classifications of vehicles under a motor vehicle dealer's license issued under this chapter including motor vehicles, miscellaneous type vehicles, and mobile homes and travel trailers.

Sec. 4. Section 46.70.070, chapter 12, Laws of 1961 as last amended by section 11, chapter 241, Laws of 1986 and RCW 46.70.070 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, before issuing a vehicle dealer's license, the department shall require the applicant to file with the department a surety bond in the amount of:

(a) Fifteen thousand dollars for motor vehicle dealers;

(b) Thirty thousand dollars for mobile home and travel trailer dealers: PROVIDED, That if such dealer does not deal in mobile homes such bond shall be fifteen thousand dollars;

(c) Five thousand dollars for miscellaneous dealers(~~(-running)~~). The bond shall run to the state, and shall be executed by a surety company authorized to do business in the state. Such bond shall be approved by the attorney general as to form and conditioned that the dealer shall conduct his business in conformity with the provisions of this chapter(;;).

~~((1))~~ (2) Wholesale dealers shall not be required to file a surety bond with the department.

(3) Before issuing a motor vehicle dealer's license to an auction company, the department shall require the applicant to file a vehicle dealer's surety bond with the department in the amount of fifteen thousand dollars. The bond shall cover all vehicle sales in the state.

(4) Any retail purchaser who (~~shall have~~) has suffered any loss or damage by reason of breach of warranty or by any act by a dealer which constitutes a violation of this chapter (~~shall have the right to~~) may institute an action for recovery against such dealer and the surety upon such bond. Successive recoveries against said bond shall be permitted, but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. Upon exhaustion of the penalty of said bond or cancellation of the bond by the surety the vehicle dealer license shall automatically be deemed canceled.

~~((2))~~ (5) Except as provided in subsection (3) of this section, the bond for any vehicle dealer licensed or to be licensed under more than one classification shall be the highest bond required for any such classification.

~~((3))~~ (6) Vehicle dealers shall maintain a bond for each business location in this state and bond coverage for all temporary subagencies."

SENATE AMENDMENTS TO HOUSE BILL

April 4, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1369 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 70.118 RCW to read as follows:
The legislature finds that:

(1) Many saltwater-front lots were developed without adequate means of sewage disposal;

(2) Installation of community sewers is not practical in many of these areas;

(3) Many of these homes are being expanded, remodeled, or rebuilt in violation of the building code; and

(4) These sewer systems are polluting the waters of the state.

The legislature further finds that modern technology has developed effective ways to treat the sewage from these residences in order to protect against significant health hazards and water quality degradation.

It is the intent of the legislature to allow the owners of single-family saltwater-front residences to replace inadequate on-site sewage treatment facilities with modern effective systems. It is also the intent of the legislature to provide incentives for these homeowners to upgrade their sewage disposal systems by allowing these homes to be remodeled, rebuilt, or expanded.

NEW SECTION. Sec. 2. A new section is added to chapter 70.118 RCW to read as follows:

The owners of single-family residences that were legally occupied prior to June 9, 1988, and that are on property adjacent to marine waters or discharge untreated sewage directly into marine waters, who repair or replace an existing on-site sewage disposal system so that the system achieves a thirty-day average effluent quality of: (1) Less than 10 mg/l BOD₅, and (2) less than 10 mg/l total suspended solids, and (3) less than 200 MPN/100 ml fecal coliform bacteria may remodel, expand, or replace the single-family residence. This standard must be met prior to discharge of the effluent below the surface of the ground. Residences expanded under this section shall use low-flow plumbing fixtures. Not later than January 1, 1990, the state board of health shall adopt such minimum nutrient loading standards for systems allowed under this section as the board finds necessary to ensure protection of the public health, attainment of state water quality standards, and the protection of shellfish and other public resources.

If the department of social and health services finds that more restrictive standards are necessary to ensure protection of the public health, attainment of state water quality standards, and the protection of shellfish and other public resources, the department may propose rules for adoption by the state board of health identifying the standards necessary for implementing its finding. The department may also identify the geographic areas where it is necessary to implement the more restrictive standards. In addition, the department may propose standards for the design, construction, maintenance, and monitoring of sewage disposal systems.

NEW SECTION. Sec. 3. A new section is added to chapter 70.118 RCW to read as follows:

If the legislative authority of a county or city finds that more restrictive standards than those contained in section 2 of this act or those adopted by the state board of health for systems allowed under section 2 of this act or limitations on expansion of a residence are necessary to ensure protection of the public health, attainment of state water quality standards, and the protection of shellfish and other public resources, the legislative authority may adopt ordinances or resolutions setting standards as they may find necessary for implementing their findings. The legislative authority may identify the geographic areas where it is necessary to implement the more restrictive standards. In addition, the legislative authority may adopt standards for the design, construction, maintenance, and monitoring of sewage disposal systems.

NEW SECTION. Sec. 4. (1) Except as provided in subsection (2) of this section, this act shall take effect November 1, 1989.

(2) Section 2 of this act shall not take effect if the state board of health adopts standards for the replacement and repair of existing on-site sewage disposal systems located on property adjacent to marine waters by October 31, 1989.

NEW SECTION. Sec. 5. The house of representatives committee on environmental affairs and the senate committee on environment and natural resources shall investigate on-site sewage regulation and practices in the state including, but not limited to, ways to ensure long-term maintenance and operation of these systems and report to their respective houses at the 1990 session of the Washington state legislature."

In line 1 of the title, after "systems;" strike the remainder of the title and insert "adding new sections to chapter 70.118 RCW; creating a new section; and providing an effective date."

and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

SENATE AMENDMENTS TO HOUSE BILL

April 6, 1989

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1397 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 2, chapter 225, Laws of 1971 ex. sess. as amended by section 2, chapter 399, Laws of 1987 and RCW 90.54.020 are each amended to read as follows:

Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served. Technology-based effluent limitations or standards for discharges for municipal water treatment plants located on the Chehalis, Columbia, Cowlitz, Lewis, or Skagit river shall be adjusted to reflect credit for substances removed from the plant intake water if:

(i) The municipality demonstrates that the intake water is drawn from the same body of water into which the discharge is made; and

(ii) The municipality demonstrates that no violation of receiving water quality standards or appreciable environmental degradation will result.

(4) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.

(5) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.

(6) Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state. In addition to traditional development approaches, improved water use efficiency and conservation shall be emphasized in the management of the state's water resources and in some cases will be a potential new source of water with which to meet future needs throughout the state.

(7) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.

(8) Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and ground waters.

(9) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

(10) Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest.

Sec. 2. Section 8, chapter 216, Laws of 1979 ex. sess. and RCW 90.03.005 are each amended to read as follows:

It is the policy of the state to promote the use of the public waters in a fashion which provides for obtaining maximum net benefits arising from both diversionary uses of the state's public waters and the retention of waters within streams and lakes in sufficient quantity and quality to protect instream and natural values and rights. Consistent with this policy, the state supports economically feasible and environmentally sound development of physical facilities through the concerted efforts of the state with the United States, public corporations, Indian tribes, or other public or private entities. Further, based on the tenet of water law which precludes wasteful practices in the exercise of rights to the use of waters, the department of ecology shall reduce these practices to the maximum extent practicable, taking into account sound principles of water management, the benefits and costs of improved water use efficiency, and the most effective use of public and private funds, and, when appropriate, to work to that end in concert with the agencies of the United States and other public and private entities.

NEW SECTION. Sec. 3. (1) Nothing in this act shall affect or operate to impair any existing water rights.

(2) Nothing in this act shall be used to prevent future storage options, recognizing that storage may be necessary as a method of conserving water to meet both instream and out-of-stream needs.

(3) Nothing in this act shall infringe upon the rate-making prerogatives of any public water purveyor.

(4) Nothing in this act shall preclude the joint select committee on water resource policy from reviewing any subject matter contained herein for any future modifications.

Sec. 4. Section 13, chapter 225, Laws of 1971 ex. sess. and RCW 90.54.120 are each amended to read as follows:

For the purposes of this chapter, unless the context is clearly to the contrary, the following definitions shall be used:

(1) 'Department' means department of ecology.

(2) 'Utilize' or 'utilization' shall not only mean use of water for such long recognized consumptive or nonconsumptive beneficial purposes as domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, thermal power production, mining, recreational, maintenance of wildlife and fishlife purposes, but includes the retention of water in lakes and streams for the protection of environmental, scenic, aesthetic and related purposes, upon which economic values have not been placed historically and are difficult to quantify.

(3) 'Water use efficiency' means those measures, projects, practices, or techniques which result in a net water savings that cost less than obtaining an equivalent amount of water from the next least costly source of supply.

(4) 'Greywater' means water collected from the shower, bath, kitchen and bathroom sinks, and washing machine.

NEW SECTION. Sec. 5. A new section is added to chapter 90.54 RCW to read as follows:

Consistent with the fundamentals of water resource policy set forth in this chapter, state and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out water use efficiency and conservation programs and practices consistent with the following:

(1) Water efficiency and conservation programs should utilize an appropriate mix of economic incentives, cost share programs, regulatory programs, and technical and public information efforts. Programs which encourage voluntary participation are preferred.

(2) Increased water use efficiency should receive consideration as a potential source of water in state and local water resource planning processes. In determining the cost-effectiveness of alternative water sources, consideration should be given to the benefits of conservation, waste water recycling, and impoundment of waters.

(3) In determining the cost-effectiveness of alternative water sources, full consideration should be given to the benefits of storage which can reduce the damage to stream banks and property, increase the utilization of land, provide water for municipal, industrial, agricultural, and other beneficial uses, provide for the generation of electric power from renewable resources, and improve stream flow regimes for fishery and other instream uses.

(4) Entities receiving state financial assistance for construction of water source expansion or acquisition of new sources shall develop, and implement if cost-effective, a water use efficiency and conservation element of a water supply plan pursuant to section 12(1) of this act.

(5) State programs to improve water use efficiency should focus on those areas of the state in which water is overappropriated; areas that experience diminished streamflows or aquifer levels; and areas where projected water needs, including those for instream flows, exceed available supplies.

(6) Existing and future generations of citizens of the state of Washington should be made aware of the importance of the state's water resources and the need for wise and efficient use and development of this vital resource. In order to increase this awareness, state agencies should integrate public education on increasing water use efficiency into existing public information efforts. This effort shall be coordinated with other levels of government, including local governments and Indian tribes.

Sec. 6. Section 37, chapter 117, Laws of 1917 as amended by section 92, chapter 109, Laws of 1987 and RCW 90.03.360 are each amended to read as follows:

The owner or owners of any ditch or canal shall maintain, to the satisfaction of the department of ecology, substantial controlling works, and a measuring device at the point where the water is diverted, and these shall be so constructed and maintained as to permit ~~((of))~~ accurate measurement and practical regulation of the flow of water diverted into said ditch or canal. Every owner or manager of a reservoir for the storage of water shall construct and maintain, when required by the department, any measuring device necessary to ascertain the natural flow into and out of said reservoir.

Metering of diversions or measurement by other approved methods may be required as a condition for all new water right permits. The department may also require, as a condition for such permits, reports regarding such metered diversions as to the amount of water being diverted. Such reports shall be in a form prescribed by the department.

NEW SECTION, Sec. 7. A new section is added to chapter 90.44 RCW to read as follows:

The department of ecology may require withdrawals of ground water to be metered, or measured by other approved methods, as a condition for a new water right permit. The department may also require, as a condition for such permits, reports regarding such withdrawals as to the amount of water being withdrawn. These reports shall be in a form prescribed by the department.

NEW SECTION, Sec. 8. A new section is added to chapter 19.27 RCW to read as follows:

(1) The state building code council shall adopt rules under chapter 34.05 RCW that implement and incorporate the water conservation performance standards in subsections (3) and (4) of this section. These standards shall apply to all new construction and all remodeling involving replacement of plumbing fixtures in all residential, hotel, motel, school, industrial, commercial use, or other occupancies determined by the council to use significant quantities of water.

(2) The legislature recognizes that a phasing-in approach to these new standards is appropriate. Therefore, standards in subsection (3) of this section shall take effect on July 1, 1990. The standards in subsection (4) of this section shall take effect July 1, 1993.

(3) Standards for water use efficiency effective July 1, 1990.

(a) Standards for waterclosets. The guideline for maximum water use allowed in gallons per flush (gpf) for any of the following waterclosets is the following:

(e) Except where designed and installed for use by the physically handicapped, lavatory faucets located in restrooms intended for use by the general public must be equipped with a metering valve designed to close by water pressure when unattended (self-closing).

(f) No urinal or watercloset that operates on a continuous flow or continuous basis shall be permitted.

(5) The building code council shall make an assessment regarding the low-volume fixtures required under subsection (4) of this section. The assessment shall consider the availability of low-volume fixtures which are technologically feasible, will operate effectively, and are economically justified. The council shall also assess the potential impact on the necessary flow or water required to insure sewerage or septic lines and treatment plants will effectively operate.

The council shall submit a report to the chief clerk of the house of representatives and the secretary of the senate by October 30, 1992, setting forth its conclusions, and any recommendations for legislative action.

(6) The water conservation performance standards shall supersede all local government codes. After July 1, 1990, cities, towns, and counties shall not amend the code revisions and standards established under subsection (3) or (4) of this section.

Sec. 9, Section 5, chapter 360, Laws of 1985 and RCW 19.27.031 are each amended to read as follows:

Except as otherwise provided in this chapter, there shall be in effect in all counties and cities the state building code which shall consist of the following codes which are hereby adopted by reference:

(1) Uniform Building Code and Uniform Building Code Standards, 1982 edition, published by the International Conference of Building Officials;

(2) Uniform Mechanical Code, 1982 edition, including Chapter 22, Fuel Gas Piping, Appendix B, published by the International Conference of Building Officials;

(3) The Uniform Fire Code and Uniform Fire Code Standards, 1982 edition, published by the International Conference of Building Officials and the Western Fire Chiefs Association: PROVIDED, That, notwithstanding any wording in this code, participants in religious ceremonies shall not be precluded from carrying hand-held candles;

(4) Except as provided in section 8 of this act, the Uniform Plumbing Code and Uniform Plumbing Code Standards, 1982 edition, published by the International Association of Plumbing and Mechanical Officials: PROVIDED, That chapters 11 and 12 of such code are not adopted; and

(5) The rules and regulations adopted by the council establishing standards for making buildings and facilities accessible to and usable by the physically handicapped or elderly persons as provided in RCW 70.92.100 through 70.92.160.

In case of conflict among the codes enumerated in subsections (1), (2), (3), and (4) of this section, the first named code shall govern over those following.

The council may issue opinions relating to the codes at the request of a local building official.

NEW SECTION. Sec. 10. A new section is added to chapter 90.48 RCW to read as follows:

The department of ecology shall require sewer plans to include a discussion of water conservation measures considered or underway and their anticipated impact on public sewer service.

NEW SECTION. Sec. 11. A new section is added to chapter 90.54 RCW to read as follows:

(1) The department of ecology may establish a task force to assist in a state-wide evaluation of irrigated areas, not to exceed six months in duration, to determine the associated impacts of efficiency measures, efficiency opportunities, and local interest. The department and the task force shall establish a list of basin and stream efficiency initiatives and select an irrigation area for a voluntary demonstration project.

(2) Prior to conducting conservation assessments and developing conservation plans, the department of ecology shall secure technical and financial assistance from the bureau of reclamation to reduce the costs to the state to the extent possible.

(3) A 'conservation assessment' as described in this section shall be conducted before a demonstration project to increase the efficiency of irrigated agriculture is undertaken for an irrigated area, a basin, subbasin, or stream. The conservation assessment should:

(a) Evaluate existing patterns, including current reuse of return flows, and priorities of water use;

(b) Assess conflicting needs for future water allocations and claims to reserved rights;

(c) Evaluate hydrologic characteristics of surface and ground water including return flow characteristics;

(d) Assess alternative efficiency measures;

(e) Determine the likely net water savings of efficiency improvements including the amount and timing of water that would be saved and potential benefits and impacts to other water uses and resources including effects on artificial recharge of ground water and wetland impacts;

(f) Evaluate the full range of costs and benefits that would accrue from various measures; and

(g) Evaluate the potential for integrating conservation efforts with operation of existing or potential storage facilities.

MOTION

Ms. Rayburn moved that the House do concur in the Senate amendments to Substitute House Bill No. 1397.

Ms. Rayburn spoke in favor of the motion.

POINT OF INQUIRY

Ms. R. Fisher yielded to question by Mr. Nelson.

Mr. Nelson: It is my reading of the definition of "water use efficiency" as amended by the Senate that, in determining the least costly source of supply, we are also to consider the environmental costs and benefits. Is this your understanding of the definition added by the Senate?

Ms. R. Fisher: Yes, it is. During review of this bill by the Joint Select Committee on Water Resource Policy, we were reminded that the term "least-cost" was described by the Water Use Efficiency Study Committee Report as including noneconomic considerations like environmental costs and benefits.

Mr. Nelson: Representative Fisher, it is my understanding that, in applying the "water use efficiency" definition, the total benefits, including but not limited to environmental benefits, must exceed total costs. Is this your understanding?

Ms. Fisher: Yes.

The motion to concur in the Senate amendments to Substitute House Bill No. 1397 was carried.

For the purposes of this chapter:

(1) 'Selling price' means the consideration, whether money, credits, rights, or other property except trade-in property of like kind, expressed in the terms of money paid or delivered by a buyer to a seller without any deduction on account of the cost of tangible property sold, the cost of materials used, labor costs, interest, discount, delivery costs, taxes other than taxes imposed under this chapter if the seller advertises the price as including the tax or that the seller is paying the tax, or any other expenses whatsoever paid or accrued and without any deduction on account of losses; but shall not include the amount of cash discount actually taken by a buyer; and shall be subject to modification to the extent modification is provided for in RCW 82.08.080.

When tangible personal property is rented or leased under circumstances that the consideration paid does not represent a reasonable rental for the use of the articles so rented or leased, the 'selling price' shall be determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe~~((;))~~.

For the purposes of this chapter:

(1) 'Value of the article used' shall mean the consideration, whether money, credit, rights, or other property except trade-in property of like kind, expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the article of tangible personal property, the use of which is taxable under this chapter. The term includes, in addition to the consideration paid or given or contracted to be paid or given, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used shall be determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules and regulations as the department of revenue may prescribe.

In case the articles used are acquired by bailment, the value of the use of the articles so used shall be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules and regulations as the department of revenue may prescribe: PROVIDED, That in case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used shall be determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules and regulations as the department of revenue may prescribe.

In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than ninety days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used shall be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW upon the full value of the article used, as defined in the first paragraph of this subsection.

In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used shall be determined according to the value of the ingredients of such articles.

In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used shall be determined by: (a) The retail selling price of such new or improved product when first offered for sale; or (b) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(2) 'Value of the service used' shall mean the consideration paid, whether money, credit, rights, or other property, expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the service, the use of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value of the service, the value of the service used shall be determined as

nearly as possible according to the retail selling price at the place of use of similar services of like quality and character under rules prescribed by the department of revenue.

(3) 'Use,' 'used,' 'using,' or 'put to use' shall have their ordinary meaning, and shall mean;

(a) With respect to personal property, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, or any other act preparatory to subsequent actual use or consumption within this state; and

((f4)) (5) 'Retailer' means every seller as defined in RCW 82.08.010 and every person engaged in the business of selling tangible personal property or adult entertainment services at retail and every person required to collect from purchasers the tax imposed under this chapter((:));

((f5)) (6) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, shall have full force and effect with respect to taxes imposed under the provisions of this chapter. 'Consumer,' in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, shall also mean any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. In addition, 'consumer' includes any person who purchases, acquires, or uses any adult entertainment service other than for resale in the regular course of business. Resale of a service means a separately stated charge to another person for the service by a person who has paid or is obligated to pay an identical charge to one who has originally rendered the identical service.

Sec. 12. Section 82.12.020, chapter 15, Laws of 1961 as last amended by section 7, chapter 7, Laws of 1983 and RCW 82.12.020 are each amended to read as follows:

This tax will not apply with respect to the use of any article of tangible personal property purchased, extracted, produced or manufactured outside this state until the transportation of such article has finally ended or until such article has become commingled with the general mass of property in this state. This tax shall apply to the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state. Except as provided in RCW 82.12.0252, payment by one purchaser or user of tangible personal property or adult entertainment services of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or services from the taxes imposed by such chapters. The tax shall be levied and collected in an amount equal to the value of the article used or the value of the service used by the taxpayer multiplied by the rate in effect for the retail sales tax under RCW 82.08.020, as now or hereafter amended, in the county in which the article or service is used.

Sec. 13. Section 52, chapter 37, Laws of 1980 and RCW 82.12.0252 are each amended to read as follows:

The provisions of this chapter shall not apply in respect to the use of any article of tangible personal property or adult entertainment service purchased at retail or acquired by lease, gift or bailment if the sale thereof to, or the use thereof by, the present user or his bailor or donor has already been subjected to the tax under chapter 82.08 or 82.12 RCW and such tax has been paid by the present user or by his bailor or donor; or in respect to the use of property acquired by bailment and such tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 or 82.12 RCW as of the time of first use; or in respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and such original bailment was prior to June 9, 1961.

Sec. 14. Section 5, chapter 89, Laws of 1967 ex. sess. as amended by section 2, chapter 27, Laws of 1987 and RCW 82.12.035 are each amended to read as follows:

A city or town may ~~((also))~~ construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage, ~~((and systems and plants for garbage and refuse collection and disposal with))~~ or solid waste handling as defined by RCW 70.95.030, and shall have full authority to manage, regulate, operate, ~~((and))~~ control ~~((them))~~, and to fix the price of service ~~((thereof))~~ of those systems, plants, sites, or other facilities within and without the limits of the city or town ~~((PROVIDED, That))~~. The rates charged ~~((must))~~ shall be uniform for the same class of customers or service. In classifying customers served or service furnished by ~~((such))~~ a system or systems of sewerage, the legislative authority of the city or town ~~((governing body))~~ may in its discretion consider any or all of the following factors: The difference in cost of service to ~~((the various))~~ customers; the location of ~~((the various))~~ customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the ~~((various))~~ parts of the system; the different character of the service furnished ~~((various))~~ customers; the quantity and quality of the sewage delivered and the time of its delivery; capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments; and any other ~~((matters which))~~ factors that present a reasonable difference as a ground for distinction.

Sec. 7. Section 17, chapter 282, Laws of 1986 and RCW 35.92.024 are each amended to read as follows:

(1) Notwithstanding the provisions of any city charter ~~((of any city))~~, or any law to the contrary, and in addition to any other authority provided by law, the legislative authority of a city or town may contract with one or more ~~((private))~~ vendors for one or more of the design, construction, or operation ~~((function))~~ of, or other service related to, the systems ~~((and))~~, plants, sites, or other facilities for solid waste handling ~~((as defined in RCW 70.95.030 and))~~ in accordance with the procedures set forth in ~~((subsections (2) and (3) of))~~ this section. ~~((Contracts shall be for facilities that are in substantial compliance with the solid waste management plans prepared pursuant to chapter 70.95 RCW. Such systems and plants may be owned, leased, and/or operated in whole or in part by the city or town, or owned, leased, and/or operated in whole or in part by the private vendor.))~~ Solid waste handling systems, plants, sites, or other facilities constructed, purchased, acquired, leased, added to, altered, extended, maintained, managed, utilized, or operated pursuant to this section, RCW 35.21.120 and 35.21.152, whether publicly or privately owned, shall be in substantial compliance with the solid waste management plan applicable to the city or town adopted pursuant to chapter 70.95 RCW. Agreements relating to such solid waste handling systems, plants, sites, or other facilities may be for such term and may contain such covenants, conditions, and remedies as the legislative authority of a city or town may deem necessary or appropriate. When a contract for design services is entered into separately from other services permitted under this section, procurement shall be in accordance with chapter 39.80 RCW.

(2) If the legislative authority of the city or town decides to proceed with the consideration of qualifications or proposals for services from vendors, the city or town shall publish notice of its requirements and request submission of qualifications ~~((for the design, construction, and operation of solid waste handling systems and plants))~~ statements or proposals. The notice shall be published in the official newspaper of the city or town at least once a week for two weeks not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice shall ~~((a))~~ state in summary form ~~((:))~~ (a) the general scope and nature of the ~~((system and plant or work for which the services are required))~~ design, construction, operation, or other service, (b) the name and address of a representative of the city or town who can provide further details, ~~((and))~~ (c) the final date for the submission of qualifications statements or proposals, (d) an estimated schedule for the consideration of qualifications, the selection of vendors, and the negotiation of a contract or contracts for services, (e) the location at which a copy of any request for qualifications or request for proposals will be made available, and (f) the criteria established by the legislative authority to select a vendor or vendors, which may include but shall not be limited to the vendor's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability and financial resources; cost of the services, nature of facility design proposed by the vendor; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public; project performance guarantees; penalty and other enforcement provisions; environmental protection measures to be used; consistency with the applicable comprehensive solid waste management plan; and allocation of project risks.

(3) If the legislative authority of the city or town decides to proceed with the ~~((construction of a resource recovery facility or one or more of the services to be provided for such a facility))~~ consideration of qualifications or proposals, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The legislative authority or representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or may request detailed proposals without having first received and evaluated qualifications statements. The legislative authority or its representative shall evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the legislative authority of the city or town, discussions and interviews shall be held with at least two vendors. Any revisions to a request for qualifications or request for proposals shall be made available to all vendors then under consideration by the city or town and shall be made available to any other person who has requested receipt of that information.

(4) Based on criteria established by the legislative authority of the city or town, the representative ~~((of the legislative authority))~~ shall recommend to the legislative authority a vendor ~~((based upon criteria established by the city or town, which shall not be determined solely by price but by all terms of the contract, who is))~~ or vendors that are initially determined to be the best qualified to provide one or more of the ~~((services required for))~~ design, construction or operation of, or other service related to, the proposed project or services. ~~((If two or more vendors submit qualifications, at least two vendors shall be interviewed.))~~ The legislative authority may select one or more qualified vendors ~~((may be selected to provide))~~ for one or more of the design, construction, or operation of, or other service related to, the proposed project or services.

(5) The legislative authority or its representative ~~((shall))~~ may attempt to negotiate a contract with the ~~((first))~~ vendor or vendors selected for one or more of the design, construction, ~~((design;))~~ or operation ~~((portions))~~ of, or other service related to, the proposed project ~~((at a price and))~~ or services on ~~((other))~~ terms that the legislative authority determines to be fair and reasonable and in the best interest of the city or town. ~~((Only the legislative authority may approve and sign the contract. PROVIDED, That where a contract for design is entered into separately from other services permitted under this section, procurement shall be in accord with chapter 39.80 RCW.))~~ If the legislative authority or its representative is unable to negotiate such a contract with ~~((the first vendor))~~ any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the city or town, negotiations with ~~((that vendor))~~ any one or more of the vendors shall be ~~((formally))~~ terminated or suspended and ~~((other))~~ another qualified vendor or vendors may be selected in accordance with the procedures set forth in ~~((subsections (2) and (3) of))~~ this section. If the legislative authority decides to continue the process of selection, negotiations shall continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the legislative authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the legislative authority. The process may be repeated until an agreement is reached.

~~((4))~~ (6) Prior to entering into ~~((such))~~ a contract with a vendor, the legislative authority of the city or town ~~((must have made))~~ shall make written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the contract ~~((and))~~, that the contract is financially sound, and that it is advantageous for the city or town to use this method for awarding contracts compared to other methods.

~~((5))~~ (7) Each contract shall include a project performance bond or bonds or other security by the vendor ~~((which))~~ that in the judgment of the legislative authority of the city or town is sufficient to secure adequate performance by the vendor.

~~((6))~~ (8) The provisions of chapters 39.12, 39.19, and 39.25 RCW shall apply to a contract entered into under this section to the same extent as if the systems and plants were owned by a public body.

(9) The vendor selection process permitted by this section shall be supplemental to and shall not be construed as a repeal or limitation on any other authority granted by law.

The alternative selection process provided by this section may not be used in the selection of a person or entity to construct a publicly owned facility for the storage or transfer of solid waste or solid waste handling equipment unless the facility is either (a) privately operated pursuant to a contract greater than five years, or (b) an integral part of a solid waste processing facility located on the same site. Instead, the applicable provisions of RCW 35.22.620, and 35.23.352, and chapters 39.04 and 39.30 RCW shall be followed.

Sec. 8. Section 9, chapter 436, Laws of 1987 and RCW 36.32.265 are each amended to read as follows:

RCW 36.32.240, 36.32.250, and 36.32.260 do not apply to ~~((agreements entered into))~~ the selection of persons or entities to construct or develop water pollution control facilities or to provide water pollution control services under ~~((the authority of chapter 70.150 RCW if there is~~

~~compliance with the procurement procedure under~~) RCW 70.150.040 or the selection of persons or entities to construct or develop solid waste handling facilities or to provide solid waste handling services under RCW 36.58.090.

Sec. 9. Section 2, chapter 58, Laws of 1975-'76 2nd ex. sess. as amended by section 20, chapter 282, Laws of 1986 and RCW 36.58.040 are each amended to read as follows:

The legislative authority of ~~(each)~~ a county may by ordinance provide for the establishment of a system or systems of solid waste ~~((disposal))~~ handling for all ~~((the))~~ unincorporated areas of the county or for portions thereof. ~~((Each))~~ A county may designate a disposal site or sites for all solid waste collected in the unincorporated areas pursuant to the provisions of a comprehensive solid waste plan adopted pursuant to chapter 70.95 RCW~~((--PROVIDED, That))~~. However for any solid waste collected by a private hauler operating ~~((pursuant to))~~ under a certificate granted by the Washington utilities and transportation commission under the provisions of chapter 81.77 RCW and which certificate is for collection in a geographic area lying in more than one county, such designation of disposal sites shall be pursuant to an interlocal agreement between the involved counties.

~~((Such systems may also provide for the processing and conversion of solid wastes into other valuable or useful products with full jurisdiction and authority to))~~ A county may construct, lease, purchase, acquire, add to, alter, or extend solid waste handling systems, plants, sites, or other facilities and shall have full jurisdiction and authority to manage, regulate, maintain, utilize, operate, ~~((and))~~ control ~~((such system and))~~, and establish the rates and charges for those solid waste handling systems, plants, ~~((and to))~~ sites, or other facilities. A county may enter into agreements with public or private parties ~~((providing for the construction))~~ to: (1) Construct, purchase, ~~((acquisition))~~ acquire, lease, ~~((maintenance, and operation of))~~ add to, alter, extend, maintain, manage, utilize, or operate publicly or privately owned or operated solid waste handling systems ~~((and))~~, plants ~~((for the processing and conversion of))~~, sites, or other facilities; (2) establish rates and charges for those systems, plants, sites, or other facilities; (3) designate particular publicly or privately owned or operated systems, plants, sites, or other facilities as disposal sites; (4) process, treat, or convert solid waste~~((s))~~ into other valuable or useful materials or products; and ~~((for the sale of said))~~ (5) sell the material or products of those systems, plants, or other facilities. ~~((Contracts shall be for facilities that are in substantial compliance with the solid waste management plans prepared pursuant to chapter 70.95 RCW.))~~

The legislative authority of a county may award contracts for solid waste handling~~((--and such contracts may))~~ that provide that a county ~~((pay))~~ provide for a minimum periodic fee or other method of compensation in consideration of the operational availability of ~~((a))~~ those solid waste handling systems ~~((or))~~, plants, sites, or other facilities at a specified minimum level, without regard to the ownership of the systems ~~((or))~~, plants, sites or other facilities, or the amount of solid waste actually handled during all or any part of the ~~((contractual period: There shall be included in the))~~ contract. When a minimum level of solid waste is specified in a contract entered into under this section, there shall be a specific allocation of financial responsibility ~~((in cases where))~~ in the event the amount of solid waste handled ~~((during the contract period))~~ falls below the minimum level provided in the contract. Solid waste handling systems, plants, sites, or other facilities constructed, purchased, acquired, leased, added to, altered, extended, maintained, managed, utilized, or operated pursuant to this section, whether publicly or privately owned, shall be in substantial compliance with the solid waste management plan applicable to the county adopted pursuant to chapter 70.95 RCW. Agreements relating to such solid waste handling systems, plants, sites, or other facilities may be for such term and may contain such covenants, conditions, and remedies as the legislative authority of the county may deem necessary or appropriate.

As used in this chapter, the terms 'solid waste' and 'solid waste handling' shall be as defined in RCW 70.95.030.

Nothing in this section shall be construed to authorize the operation of a solid waste collection system by counties or to authorize counties to affect the authority of the utilities and transportation commission under RCW 81.77.020.

The alternative selection process provided by this section may not be used in the selection of a person or entity to construct a publicly owned facility for the storage or transfer of solid waste or solid waste handling equipment unless the facility is either (a) privately operated pursuant to a contract greater than five years, or (b) an integral part of a solid waste processing facility located on the same site. Instead, the applicable provisions of RCW 36.32.250, and chapters 39.04 and 39.30 RCW shall be followed.

Sec. 10. Section 19, chapter 282, Laws of 1986 and RCW 36.58.090 are each amended to read as follows:

(1) Notwithstanding the provisions of any county charter ~~((of any county))~~ or any law to the contrary, and in addition to any other authority provided by law, the legislative authority of a county may contract with one or more ~~((private))~~ vendors for one or more of the design, construction, or operation ~~((function))~~ of, or other service related to, the solid waste handling systems ~~((and))~~, plants ~~((for solid waste handling, as defined in RCW 70.95.030 and))~~, sites, or other facilities in accordance with the procedures set forth in ~~((subsections (2) and (3) of))~~ this section.

~~((Such systems and plants may be owned, leased, and/or operated in whole or in part by the county, or owned, leased, and/or operated in whole or in part by the private vendor.))~~ When a contract for design services is entered into separately from other services permitted under this section, procurement shall be in accord with chapter 39.80 RCW. For the purpose of this chapter, the term "legislative authority" shall mean the board of county commissioners or, in the case of a home rule charter county, the official, officials, or public body designated by the charter to perform the functions authorized therein.

(2) If the legislative authority of the county decides to proceed with the consideration of qualifications or proposals for services from vendors, the county shall publish notice of its requirements and request submission of qualifications ~~((for the design, construction, and operation of solid waste handling systems and plants))~~ statements or proposals. The notice shall be published in the official newspaper of the county at least once a week for two weeks not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice shall state in summary form (a) the general scope and nature of the ~~((system and plant or work for which the services are required))~~ design, construction, operation, or other service, (b) the name and address of a representative of the county who can provide further details, ~~((and))~~ (c) the final date for the submission of qualifications statements or proposals, (d) ~~an estimated schedule for the consideration of qualifications, the selection of vendors, and the negotiation of a contract or contracts for services,~~ (e) the location at which a copy of any request for qualifications or request for proposals will be made available, and (f) the criteria established by the legislative authority to select a vendor or vendors, which may include but shall not be limited to the vendor's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability and financial resources; cost of the services; nature of facility design proposed by the vendor; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public; project performance guarantees; penalty and other enforcement provisions; environmental protection measures to be used; consistency with the applicable comprehensive solid waste management plan; and allocation of project risks.

(3) If the legislative authority of the county decides to proceed with the ~~((construction of a resource recovery facility or one or more of the services to be provided for such a facility))~~ consideration of qualifications or proposals, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. ~~The legislative authority or representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or the representative may request detailed proposals without having first received and evaluated qualifications statements. The representative shall evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the legislative authority of the county, discussions and interviews shall be held with at least two vendors. Any revisions to a request for qualifications or request for proposals shall be made available to all vendors then under consideration by the city or town and shall be made available to any other person who has requested receipt of that information.~~

(4) Based on criteria established by the legislative authority of the county, the representative ~~((of the legislative authority))~~ shall recommend to the legislative authority a vendor ~~((based upon criteria established by the county, which shall not be determined solely by price but by all terms of the contract, who is))~~ or vendors that are initially determined to be the best qualified to provide one or more of the ~~((services required for))~~ design, construction, or operation of, or other service related to, the proposed project or services. ~~((If two or more vendors submit qualifications, at least two vendors shall be interviewed.))~~ The legislative authority may select one or more qualified vendors ~~((may be interviewed and selected to provide))~~ for one or more of the design, construction, or operation of, or other service related to, the proposed project or services.

(5) The legislative authority or its representative ~~((shall))~~ may attempt to negotiate a contract with the ~~((first))~~ vendor or vendors selected for one or more of the design, construction, ~~((design,))~~ or operation ~~((portions))~~ of, or other service related to, the proposed project ~~((at a price and))~~ or services on ~~((other))~~ terms that the legislative authority determines to be fair and reasonable and in the best interest of the county. ~~((Only the legislative authority may approve and sign the contract. SENATE AMENDMENTS TO HOUSE BILL

April 13, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1574 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. Due to a change in the federal regulations governing the sale of brokered natural gas, cities have lost significant revenues from the utility tax on natural gas. It is therefore the intent of the legislature to adjust the utility and use tax authority of the state and cities to maintain this revenue source for the municipalities and provide equality of taxation between intrastate and interstate transactions.

NEW SECTION, Sec. 2. A new section is added to chapter 82.14 RCW to read as follows:

(1) The governing body of any city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose on every person a use tax for the privilege of using natural gas or manufactured gas in the city as a consumer.

(2) The tax shall be imposed in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the tax on natural gas businesses under RCW 35.21.870 in the city in which the article is used. The 'value of the article used,' does not include any amounts that are paid for the hire or use of a natural gas business in transporting the gas subject to tax under this subsection if those amounts are subject to tax under RCW 35.21.870.

(3) The tax imposed under this section shall not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

(4) There shall be a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 35.21.870 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

(5) The use tax hereby imposed shall be paid by the consumer. The administration and collection of the tax hereby imposed shall be pursuant to RCW 82.14.050.

NEW SECTION, Sec. 3. A new section is added to chapter 82.12 RCW to read as follows:

(1) There is hereby levied and there shall be collected from every person in this state a use tax for the privilege of using natural gas or manufactured gas within this state as a consumer.

(2) The tax shall be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020(1)(b). The 'value of the article used' does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(7) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section shall not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020(1)(b) with respect to the gas for which exemption is sought under this subsection.

(4) There shall be a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020(1)(b) by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

(5) The use tax hereby imposed shall be paid by the consumer to the department.

(6) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report shall contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department shall require by rule.

(7) The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 82.08 RCW to read as follows:

The tax levied by RCW 82.08.020 shall not apply to sales of natural or manufactured gas.

NEW SECTION. Sec. 5. A new section is added to chapter 82.12 RCW to read as follows:

The tax levied by RCW 82.12.020 shall not apply in respect to the use of natural or manufactured gas.

Sec. 6. Section 4, chapter 94, Laws of 1970 ex. sess. as amended by section 17, chapter 49, Laws of 1982 1st ex. sess. and RCW 82.14.030 are each amended to read as follows:

(1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be; PROVIDED, That except as provided in section 2 of this act, this sales and use tax shall not apply to natural or manufactured gas. The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax); PROVIDED, HOWEVER, That in the event a county shall impose a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein shall not exceed four hundred and twenty-five one-thousandths of one percent.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5, chapter 49, Laws of 1982 1st ex. sess., in addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax shall be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is levied. The rate of such additional tax imposed by a county shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax); PROVIDED HOWEVER, That in the event a county shall impose a sales and use tax under this subsection at a rate equal to or greater than the rate imposed under this subsection by a city within the county, the county shall receive fifteen percent of the city tax; PROVIDED FURTHER, That in the event that the county shall impose a sales and use tax under this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county shall receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

NEW SECTION. Sec. 7. This act shall take effect July 1, 1990."

On page 1, line 1 of the title, after "gas;" strike the remainder of the title and insert "amending RCW 82.14.030; adding a new section to chapter 82.14 RCW; adding new sections to chapter 82.12 RCW; adding a new section to chapter 82.08 RCW; creating a new section; and providing an effective date."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1133 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. The legislature finds that the increasing difficulty of balancing work life and family needs for parents in the workforce has made the availability of quality, affordable child care a critical concern for the state and its citizens. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the workforce to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state and its businesses.

The legislature further finds that making information on child care options available to businesses can help the market for child care adjust to the needs of businesses and working families. The legislature further finds that investments are necessary to promote partnerships between the public and private sectors, educational institutions, and local governments to increase the supply, affordability, and quality of child care in the state.

Sec. 2. Section 1, chapter 213, Laws of 1988 and RCW 74.13.085 are each amended to read as follows:

It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. However, ~~((to the extent child care services are used:))~~ there has been a dramatic increase in participation of women in the workforce which has made the availability of quality, affordable child care a critical concern for the state and its citizens. There are not enough child care services and facilities to meet the needs of working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to work places and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, mini-centers, centers and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry.

Sec. 3. Section 2, chapter 213, Laws of 1988 and RCW 74.13.090 are each amended to read as follows:

(1) There is established a child care coordinating committee to provide coordination and communication between state agencies responsible for child care and early childhood education services. The child care coordinating committee shall be composed of not less than seventeen nor more than thirty members who shall include:

(a) One representative each from the department of social and health services, the department of community development, the office of the superintendent of public instruction, and any other agency having responsibility for regulation, provision, or funding of child care services in the state;

(b) One representative from the ~~((governor's commission on children))~~ department of labor and industries;

(c) One representative from the department of trade and economic development;

(d) ~~One representative from the department of revenue~~;

~~e) One representative from the employment security department~~;

~~f) At least one representative of family home child care providers and one representative of center care providers~~;

~~(((h))) j) At least one representative of resource and referral programs~~;

~~(((i))) k) One pediatric or other health professional~~;

~~(((j))) l) At least one representative of college or university child care providers~~;

~~(((k))) m) At least one representative of a citizen group concerned with child care~~;

~~(((l))) n) At least one representative of a labor organization~~;

~~(((m))) o) At least one representative of a head start - early childhood education assistance program agency~~;

~~(((n))) p) At least one employer who provides child care assistance to employees~~;

~~(((o))) q) Parents of children receiving, or in need of, child care, half of whom shall be parents needing or receiving subsidized child care and half of whom shall be parents who are able to pay for child care.~~

The named state agencies shall select their representative to the child care coordinating committee. The department of social and health services shall select the remaining members, considering recommendations from lists submitted by professional associations and other interest groups until such time as the committee adopts a member selection process. ~~((Staff support for the child care coordinating committee shall be provided within available resources by the department of social and health services on an ongoing basis.))~~ The department shall use any federal funds which may become available to accomplish the purposes of RCW 74.13.085 through 74.13.095.

The committee shall elect officers from among its membership and shall adopt policies and procedures specifying the lengths of terms, methods for filling vacancies, and other matters necessary to the ongoing functioning of the committee. The secretary of social and health services shall appoint a temporary chair until the committee has adopted policies and elected a chair accordingly. Child care coordinating committee members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(2) To the extent possible within available funds, the child care coordinating committee shall:

~~iii) Review options and make recommendations on the feasibility of establishing an allocation for day care facilities when constructing state buildings~~;

(c) Review ~~((agency))~~ department of social and health services administration of the child care expansion grant program described in RCW 74.13.095;

~~(d) ((Review alternative models for child care service systems, in the context of the policies set forth in RCW 74.13.085, and recommend to the legislature a new child care service structure;~~

~~(e) Review options and make recommendations on the feasibility of establishing an allocation for day care facilities when constructing state buildings; and~~

~~(f)) Review rules regarding child care facilities and services for the purpose of identifying those which unnecessarily obstruct the availability and affordability of child care in the state;~~

~~(e) Advise and assist the child care resource coordinator in implementing his or her duties under section 5 of this act; and~~

(f) Perform other functions to improve the quantity and quality of child care in the state, including compliance with existing and future prerequisites for federal funding.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:

(2) The partnership shall follow the same policies and procedures adopted by the child care coordinating committee, and members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(3) To the extent possible within available funds, the partnership shall:

(a) Review and propose statutory and administrative changes to encourage employer involvement in child care and partnerships between employers and the public sector to increase the quantity, quality, and affordability of child care services and facilities in this state;

(b) Review public and private child care programs with the purpose of enhancing communications and coordination among business, labor, public agencies, and child care providers in order to encourage employers to develop and implement child care services for their employees;

(c) Evaluate alternative employer-assisted child care service systems, in the context of the policies set forth in RCW 74.13.085, and recommend to the legislature and local governments ways to encourage and enhance employer-assisted child care services in the state, including statutory and administrative changes;

All findings and recommendations of the partnership to the legislature shall be incorporated into the annual report of the child care coordinating committee required under RCW 74.13.090.

NEW SECTION. Sec. 5. A new section is added to chapter 74.13 RCW to read as follows:

The office of the child care resources coordinator is established to operate under the authority of the department of social and health services. The office shall, within appropriated funds:

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2020 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. The legislature finds that the ratio of women to men in intercollegiate athletics in Washington's higher education system is inequitable. It is the intent of the legislature, through additional tuition and fee waivers, to achieve gender equity in intercollegiate athletics.

Sec. 2. Section 1, chapter 262, Laws of 1979 ex. sess. as last amended by section 3, chapter 232, Laws of 1986 and RCW 28B.15.740 are each amended to read as follows:

(1) The boards of trustees or regents of each of the state's regional universities, The Evergreen State College, or state universities, and the various community colleges, consistent with regulations and procedures established by the state board for community college education, may waive, in whole or in part, tuition and services and activities fees subject to the limitations set forth in subsections (2) and (3).

(2) Except as provided in subsection (3) of this section, the total dollar amount of tuition and fee waivers awarded by any state university, regional university, or state college, shall not exceed four percent, and for the community colleges considered as a whole, such amount shall not exceed three percent of an amount determined by estimating the total collections from tuition and services and activities fees had no such waivers been made and deducting the portion of that total amount which is attributable to the difference between resident and nonresident fees: PROVIDED, That at least three-fourths of the dollars waived shall be for needy students who are eligible for resident tuition and fee rates pursuant to RCW 28B.15.012 through 28B.15.015: PROVIDED FURTHER, That the remainder of the dollars waived, not to exceed one-fourth of the total, may be applied to other students at the discretion of the board of trustees or regents, except on the basis of participation in intercollegiate athletic programs: PROVIDED FURTHER, That the waivers for undergraduate and graduate students of foreign nations under RCW 28B.15.556 are not subject to the limitation under this section.

(3) In addition to the tuition and fee waivers provided in subsection (2) of this section, a total dollar amount of tuition and fee waivers awarded by any state university, regional university, or state college, not to exceed one percent, as calculated in subsection (2) of this section, may be used for the purpose of achieving or maintaining gender equity in intercollegiate athletic programs. At any institution that has an underrepresented gender class in intercollegiate athletics, any such waivers shall be awarded:

(a) First, to members of the underrepresented gender class who participate in intercollegiate athletics, where such waivers result in saved or displaced money that can be used for athletic programs for the underrepresented gender class. Such saved or displaced money shall be used for programs for the underrepresented gender class; and

(b) Second, (i) to nonmembers of the underrepresented gender class who participate in intercollegiate athletics, where such waivers result in saved or displaced money that can be used for athletic programs for members of the underrepresented gender class. Such saved or displaced money shall be used for programs for the underrepresented gender class; or (ii) to members of the underrepresented gender class who participate in intercollegiate athletics, where such waivers do not result in any saved or displaced money that can be used for athletic programs for members of the underrepresented gender class.

NEW SECTION. Sec. 3. Institutions of higher education shall strive to accomplish the following goals:

(1) Provide the following benefits and services equitably to male and female athletes participating in intercollegiate athletic programs: Equipment and supplies; medical services; services and insurance; transportation and per diem allowances; opportunities to receive coaching and instruction; scholarships and other forms of financial aid; conditioning programs; laundry services; assignment of game officials; opportunities for competition, publicity, and awards; and scheduling of games and practice times, including use of courts, gyms, and pools. Each institution which provides showers, toilets, lockers, or training room facilities for athletic purposes shall provide access to comparable facilities for both males and females.

(2) Provide equitable intercollegiate athletic opportunities for male and female students including opportunities to participate and to receive the benefits of the services listed in subsection (1) of this section.

(3) Provide participants with female and male coaches and administrators to act as role models.

NEW SECTION. Sec. 4. (1) An institution of higher education may grant waivers for the purpose of achieving gender equity in intercollegiate athletic programs as authorized in section 2 of this act for the 1990-1991 academic year only if the institution is a state institution that is required by court order to achieve gender equity in athletic programs.

(2) An institution of higher education may grant waivers for the purpose of achieving gender equity in intercollegiate athletic programs as authorized in section 2 of this act, for the 1991-92 academic year only if the institution's governing board has adopted a plan for complying with the provisions of section 3 of this act and submitted the plan to the higher education coordinating board.

(3) Beginning in the 1992-93 academic year, an institution of higher education shall not grant any waiver for the purpose of achieving gender equity in intercollegiate athletic programs as authorized in section 2 of this act unless the institution's plan has been approved by the higher education coordinating board.

(4) The plan shall include, but not be limited to:

(a) For any institution with an underrepresented gender class, provisions that ensure that by July 1, 1994, the institution shall provide athletic opportunities for the underrepresented gender class at a rate that meets or exceeds the rate at which that class participates in high school interscholastic athletics in Washington state not to exceed the point at which the underrepresented gender class is no longer underrepresented;

(b) Activities to be undertaken by the institution to increase participation rates of any underrepresented gender class in interscholastic and intercollegiate athletics. These activities may include, but are not limited to: Sponsoring equity conferences, coaches clinics and sports

clinics; and taking a leadership role in working with athletic conferences to reduce barriers to participation by those gender classes in interscholastic and intercollegiate athletics;

(d) Measures to achieve institutional compliance with the provisions of section 3 of this act.

NEW SECTION. Sec. 5. (1) The higher education coordinating board shall report biennially, beginning December 1990, to the governor and the house of representatives and senate committees on higher education, on institutional efforts to comply with the requirements of sections 2 through 4 of this act. Each report shall include recommendations on measures to assist institutions with compliance. The first report shall also include a recommendation on whether to grant this waiver authority to community college governing boards.

(2) Before the board makes its report in December 1994, the board shall assess the extent of institutional compliance with the requirements of sections 2 through 4 of this act. The 1994 report shall include a recommendation on whether to continue this waiver authority.

NEW SECTION. Sec. 6. (1) As used in and for the limited purposes of sections 1 and 3 through 5 of this act and RCW 28B.15.740, 'underrepresented gender class' means female students or male students, where the ratio of participation of female or male students, respectively, in intercollegiate athletics is less than approximately the ratio of female to male students or male to female students, respectively, enrolled as undergraduates at an institution.

NEW SECTION. Sec. 7. Nothing in this act shall be construed to excuse any institution from any more stringent requirement to achieve gender equity imposed by law, nor to permit any institution to decrease participation of any underrepresented gender class.

NEW SECTION. Sec. 8. Sections 1 and 3 through 6 of this act are each added to chapter 28B.15 RCW.

NEW SECTION. Sec. 9. This act shall expire on June 30, 1997.*

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1671 with the following amendments:

Strike everything after the enacting clause and insert the following:

"1.

LEGISLATIVE FINDINGS AND DEFINITIONS

Sec. 1. Section 1, chapter 134, Laws of 1969 ex. sess. as last amended by section 1, chapter 345, Laws of 1985 and RCW 70.95.010 are each amended to read as follows:

FINDINGS. The legislature finds:

(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs.

(4) (The following priorities in the management of solid waste are necessary and should be followed in order of descending priority as applicable:

(a) Waste reduction;

(b) Waste recycling;

(c) Energy recovery or incineration; and

(d) Landfill;

(5)) Waste reduction must become a fundamental strategy of solid waste management. It is therefore necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility.

(5) Source separation of waste must become a fundamental strategy of solid waste management. Collection and handling strategies should have, as an ultimate goal, the source separation of all materials with resource value or environmental hazard.

(6)(a) It is the responsibility of every person to minimize his or her production of wastes and to separate recyclable or hazardous materials from mixed waste.

(b) It is the responsibility of state, county, and city governments to provide for a waste management infrastructure to fully implement waste reduction and source separation strategies and to process and dispose of remaining wastes in a manner that is environmentally safe and economically sound. It is further the responsibility of state, county, and city governments to monitor the cost-effectiveness and environmental safety of combusting separated waste, processing mixed waste, and recycling programs.

(c) It is the responsibility of county and city governments to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies.

(d) It is the responsibility of state government to ensure that local governments are providing adequate source reduction and separation opportunities and incentives to all, including persons in both rural and urban areas, and nonresidential waste generators such as commercial, industrial, and institutional entities, recognizing the need to provide flexibility to accommodate differing population densities, distances to and availability of recycling markets, and collection and disposal costs in each community; and to provide county and city governments with adequate technical resources to accomplish this responsibility.

(7) Environmental and economic considerations in solving the state's solid waste management problems requires strong consideration by local governments of regional solutions and intergovernmental cooperation.

(8) The following priorities for the collection, handling, and management of solid waste are necessary and should be followed in descending order as applicable:

(a) Waste reduction;

(b) Recycling, with source separation of recyclable materials as the preferred method;

(c) Energy recovery, incineration, or landfill of separated waste;

(d) Energy recovery, incineration, or landfilling of mixed wastes.

(9) It is the state's goal to achieve a fifty percent recycling rate by 1995.

(10) Steps should be taken to make recycling at least as affordable and convenient to the ratepayer as mixed waste disposal.

(11) It is necessary to compile and maintain adequate data on the types and quantities of solid waste that are being generated and to monitor how the various types of solid waste are being managed.

(12) Vehicle batteries should be recycled and the disposal of vehicle batteries into landfills or incinerators should be discontinued.

(13) Excessive and nonrecyclable packaging of products should be avoided.

(14) Comprehensive education should be conducted throughout the state so that people are informed of the need to reduce, source separate, and recycle solid waste.

(15) All governmental entities in the state should set an example by implementing aggressive waste reduction and recycling programs at their workplaces and by purchasing products that are made from recycled materials and are recyclable.

(16) To ensure the safe and efficient operations of solid waste disposal facilities, it is necessary for operators and regulators of landfills and incinerators to receive training and certification.

(17) It is necessary to provide adequate funding to all levels of government so that successful waste reduction and recycling programs can be implemented.

(18) The development of stable and expanding markets for recyclable materials is critical to the long-term success of the state's recycling goals. Market development must be encouraged on a state, regional, and national basis to maximize its effectiveness. The state shall assume primary responsibility for the development of a multifaceted market development program to carry out the purposes of this act.

(19) There is an imperative need to anticipate, plan for, and accomplish effective storage, control, recovery, and recycling of discarded ~~((vehicle))~~ tires and other problem wastes with the subsequent conservation of resources and energy.

II.

Upon each review such plans shall be extended to show long-range needs for solid waste handling facilities for twenty years in the future, and a revised construction and capital acquisition program for six years in the future. Each revised solid waste management plan shall be submitted to the department.

Each plan shall be reviewed and revised within five years of (~~June 7~~) July 1, 1984, and thereafter shall be reviewed, and revised if necessary (~~at least once every five years~~) according to the schedule provided in subsection (2) of this section.

(2) Cities and counties preparing solid waste management plans shall submit the waste reduction and recycling element required in RCW 70.95.090 and any revisions to other elements of its comprehensive solid waste management plan to the department no later than:

- (a) July 1, 1991, for class one areas;

Guidelines prepared under this section shall be consistent with the provisions of this chapter. Guidelines for the preparation of the waste reduction and recycling element of the comprehensive solid waste management plan shall be completed by the department by March 15, 1990. These guidelines shall provide recommendations to local government on materials to be considered for designation as recyclable materials. The state solid waste management plan prepared pursuant to RCW 70.95.260 shall be consistent with these guidelines.

(2) The department shall be responsible for development and implementation of a comprehensive state-wide public information program designed to encourage waste reduction, source separation, and recycling by the public. The department shall operate a toll free hotline to provide the public information on waste reduction and recycling.

(3) The department shall provide technical assistance to local governments in the development and dissemination of informational materials and related activities to assure recognition of unique local waste reduction and recycling programs.

The department shall allocate to the counties and cities applying for financial aid for planning, such funds as may be available pursuant to legislative appropriations or from any federal grants for such purpose.

The department shall determine priorities and allocate available funds among the counties and cities applying for aid according to criteria established by regulations of the department considering population, urban development, environmental effects of waste disposal, existing waste handling practices, proposed programs for waste reduction and recycling, and the local justification of their proposed expenditures.

NEW SECTION. Sec. 8. A new section is added to chapter 70.95 RCW to read as follows:

ECOLOGICAL REVIEW OF LOCAL PLANS. (1) The department and local governments preparing plans are encouraged to work cooperatively during plan development. Each county and city preparing a comprehensive solid waste management plan shall submit a preliminary draft plan to the department for technical review. The department shall review and comment on the draft plan within one hundred twenty days of receipt. The department's comments shall state specific actions or revisions that must be completed for plan approval.

(2) Each final draft solid waste management plan shall be submitted to the department for approval. The department will limit its comments on the final draft plans to those issues identified during its review of the draft plan and any other changes made between submittal of the preliminary draft and final draft plans. Disapproval of the local comprehensive solid waste management plan shall be supported by specific findings. A final draft plan shall be deemed approved if the department does not disapprove it within forty-five days of receipt.

(3) If the department disapproves a plan or any plan amendments, the submitting entity may appeal the decision under the procedures of Part IV of chapter 34.05 RCW. An administrative law judge shall preside over the appeal. The appeal shall be limited to review of the specific findings which supported the disapproval under subsection (2) of this section.

Sec. 9. Section 26, chapter 134, Laws of 1969 ex. sess. as amended by section 23, chapter 6, Laws of 1985 and by section 8, chapter 345, Laws of 1985 and RCW 70.95.260 are each re-enacted and amended to read as follows:

The plan shall relate to solid waste management for twenty years in the future and shall be reviewed biennially, revised as necessary, and extended so that perpetually the plan shall look to the future for twenty years as a guide in carrying out a state coordinated solid waste management program. The plan shall be developed into a single integrated document and shall be adopted no later than October 1990. The plan shall be revised regularly after its initial completion so that local governments revising local comprehensive solid waste management plans can take advantage of the data and analysis in the state plan.

(3) Provide technical assistance to any person as well as to cities, counties, and industries.

(4) Initiate, conduct, and support research, demonstration projects, and investigations, and coordinate research programs pertaining to solid waste management systems.

IMPLEMENTING SERVICE LEVELS. Each county, or any city, or jurisdictional board of health shall adopt regulations or ordinances governing solid waste handling implementing the comprehensive solid waste management plan covering storage, collection, transportation, treatment, utilization, processing and final disposal including but not limited to the issuance of permits and the establishment of minimum levels and types of service for any aspect of solid waste handling. County regulations or ordinances adopted regarding levels and types of service shall not apply within the limits of any city where the city has by local ordinance determined that the county shall not exercise such powers within the corporate limits of the city.

Such regulations or ordinances shall assure that solid waste storage and disposal facilities are located, maintained, and operated in a manner so as properly to protect the public health, prevent air and water pollution, are consistent with the priorities established in RCW 70.95.010, and avoid the creation of nuisances. Such regulations or ordinances may be more stringent than the minimum functional standards adopted by the department. Regulations or ordinances adopted by counties, cities, or jurisdictional boards of health shall be filed with the department.

Such committees shall consist of ~~((up to))~~ a minimum of nine members and shall represent a balance of interests including, but not limited to, citizens, public interest groups, business, the waste management industry, and local elected public officials. The members shall be appointed by the county legislative authority. A county or city shall not apply for funds from the state and local improvements revolving account, Waste Disposal Facilities, 1980, under chapter 43.99F RCW, for the preparation, update, or major amendment of a comprehensive solid waste management plan unless the plan or revision has been prepared with the active assistance and participation of a local solid waste advisory committee.

NEW SECTION. Sec. 12. A new section is added to chapter 70.95 RCW to read as follows:

UTILITIES AND TRANSPORTATION COMMISSION COST ASSESSMENT. Upon receipt, the department shall immediately provide the utilities and transportation commission with a copy of each preliminary draft local comprehensive solid waste management plan. Within forty-five days after receiving a plan, the commission shall have reviewed the plan's assessment of solid waste collection cost impacts on rates charged by solid waste collection companies regulated under chapter 81.77 RCW and shall advise the county or city submitting the plan and the department of the probable effect of the plan's recommendations on those rates.

Sec. 13. Section 1, chapter 184, Laws of 1988 and RCW 70.95.280 are each amended to read as follows:

WASTE STREAM MONITORING. The department of ecology shall determine the best management practices for categories of solid waste in accordance with the priority solid waste management methods established in RCW 70.95.010. In order to make this determination, the department shall conduct a comprehensive solid waste stream analysis and evaluation. Following establishment of baseline data resulting from an initial in-depth analysis of the waste stream, the department shall develop a less intensive method of monitoring the disposed waste stream including, but not limited to, changes in the amount of waste generated and waste type. The department shall monitor curbside collection programs and other waste segregation and disposal technologies to determine, to the extent possible, the effectiveness of these programs in terms of cost and participation, their applicability to other locations, and their implications regarding rules adopted under this chapter. Persons who collect solid waste shall annually report to the department the types and quantities of solid waste that are collected and where it is delivered. The department shall adopt guidelines for reporting and for keeping proprietary information confidential.

III.

RECYCLING SERVICES

Sec. 14. Section 35.21.120, chapter 7, Laws of 1965 as amended by section 18, chapter 282, Laws of 1986 and RCW 35.21.120 are each amended to read as follows:

Every city or town may by ordinance provide for the establishment of a system of ~~((garbage))~~ solid waste collection and disposal or recyclable materials collection and disposal, or

both, for the entire city or town or for portions thereof, and award contracts for ((garbage)) solid waste collection and disposal and recyclable materials collection and disposal, or provide for it under the direction of officials and employees of the city or town. Contracts for solid waste handling may provide that a city or town pay a minimum periodic fee in consideration of the operational availability of a solid waste or recyclable materials handling system or plant, without regard to the ownership of the system or plant or the amount of solid waste or recyclable materials actually handled during all or any part of the contract period. There shall be included in the contract specific allocation of financial responsibility in cases where the amount of solid waste or recyclable materials handled during the contract period falls below the minimum level provided in the contract.

NEW SECTION. Sec. 15. A new section is added to chapter 36.58 RCW to read as follows:

COUNTY SURCHARGE. (1) The legislative authority of any county may impose a fee upon the solid waste collection services of a solid waste collection company operating within the unincorporated areas of the county, to fund the administration and planning expenses that may be incurred by the county in complying with the requirements in RCW 70.95.090. The fee may be in addition to any other solid waste services fees and charges a county may legally impose.

(2) Each county imposing the fee authorized by this section shall notify the Washington utilities and transportation commission and the affected solid waste collection companies of the amount of the fee ninety days prior to its implementation.

NEW SECTION. Sec. 16. A new section is added to chapter 70.95 RCW to read as follows:

ECOLOGY/LOCAL HEALTH DEPARTMENT AGREEMENTS. Any jurisdictional health department and the department of ecology may enter into an agreement providing for the exercise by the department of ecology of any power that is specified in the contract and that is granted to the jurisdictional health department under this chapter. However, the jurisdictional health department shall have the approval of the legislative authority or authorities it serves before entering into any such agreement with the department of ecology.

IV.

The commission may order consolidated billing and provide for reasonable and necessary expenses to be paid to the administering company if more than one certificate is granted in an area.

The commission, on complaint made on its own motion or by an aggrieved party, at any time, after the holding of a hearing of which the holder of any certificate has had notice and an opportunity to be heard, and at which it shall be proven that the holder has willfully violated or refused to observe any of the commission's orders, rules, or regulations, or has failed to operate as a ~~((garbage and refuse))~~ solid waste collection company for a period of at least one year preceding the filing of the complaint, may suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter.

No ~~((garbage and refuse))~~ solid waste collection company shall hereafter operate for the hauling of ~~((garbage and refuse))~~ solid waste for compensation without first having obtained from the commission a certificate declaring that public convenience and necessity require such operation. A condition of operating a ~~((garbage and refuse))~~ solid waste company in the unincorporated areas of a county shall be complying with the solid waste management plan prepared under chapter 70.95 RCW applicable in the company's franchise area.

Issuance of the certificate of necessity shall be determined upon, but not limited to, the following factors: The present service and the cost thereof for the contemplated area to be served; an estimate of the cost of the facilities to be utilized in the plant for ~~((garbage and refuse))~~ solid waste collection and disposal, sworn to before a notary public; a statement of the assets on hand of the person, firm, association or corporation which will be expended on the purported plant for ~~((garbage and refuse))~~ solid waste collection and disposal, sworn to before a notary public; a statement of prior experience, if any, in such field by the petitioner, sworn to before a notary public; and sentiment in the community contemplated to be served as to the necessity for such a service.

Except as provided in section 29 of this act, when an applicant requests a certificate to operate in a territory already served by a certificate holder under this chapter, the commission may, after hearing, issue the certificate only if the existing ~~((garbage and refuse))~~ solid waste collection company or companies serving the territory will not provide service to the satisfaction of the commission.

In all other cases, the commission may, with or without hearing, issue certificates, or for good cause shown refuse to issue them, or issue them for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted such terms and conditions as, in its judgment, the public convenience and necessity may require.

Any right, privilege, certificate held, owned, or obtained by a ~~((garbage and refuse))~~ solid waste collection company may be sold, assigned, leased, transferred, or inherited as other property, but only upon authorization by the commission.

Any (~~garbage and refuse~~) solid waste collection company, which upon July 1, 1961 is operating under authority of a common carrier or contract carrier permit issued under the provisions of chapter 81.80 RCW shall be granted a certificate of necessity without hearing upon compliance with the provisions of this chapter. Such (~~garbage and refuse~~) solid waste collection company which has paid the plate fee and gross weight fees required by chapter 81.80 RCW for the year 1961 shall not be required to pay additional like fees under the provisions of this chapter for the remainder of such year.

For purposes of issuing certificates under this chapter, the commission may adopt categories of solid wastes as follows: Garbage, refuse, recyclable materials, and demolition debris. A certificate may be issued for one or more categories of solid waste. Certificates issued on or before the effective date of this act shall not be expanded or restricted by operation of this chapter.

Sec. 22. Section 6, chapter 295, Laws of 1961 as amended by section 9, chapter 115, Laws of 1973 and RCW 81.77.050 are each amended to read as follows:

Any application for a certificate (~~of public convenience and necessity~~) issued under this chapter or amendment thereof, or application to sell, lease, mortgage, or transfer a certificate (~~of public convenience and necessity~~) issued under this chapter or any interest therein, shall be accompanied by such filing fee as the commission may prescribe by rule: PROVIDED, That such fee shall not exceed two hundred dollars.

Each policy for liability or property damage insurance or surety bond required herein shall be filed with the commission and kept in full force and effect and failure so to do shall be cause for revocation of the delinquent's certificate.

Sec. 24. Section 9, chapter 295, Laws of 1961 as last amended by section 3, chapter 143, Laws of 1971 ex. sess. and RCW 81.77.080 are each amended to read as follows:

Every (~~garbage and refuse~~) solid waste collection company shall, on or before the 1st day of April of each year, file with the commission a statement on oath showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to (~~eight-tenths of~~) one percent of the amount of gross operating revenue: PROVIDED, That the fee shall in no case be less than one dollar.

It is the intent of the legislature that the fees collected under the provisions of this chapter shall reasonably approximate the cost of supervising and regulating motor carriers subject thereto, and to that end the utilities and transportation commission is authorized to decrease the schedule of fees provided in this section by general order entered before March 1st of any year in which it determines that the moneys then in the (~~garbage and refuse~~) solid waste collection companies account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating such carriers.

All fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be by it transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund.

Sec. 25. Section 11, chapter 295, Laws of 1961 as amended by section 2, chapter 436, Laws of 1985 and RCW 81.77.100 are each amended to read as follows:

Neither this chapter nor any provision thereof shall apply, or be construed to apply, to commerce with foreign nations or commerce among the several states except insofar as the same may be permitted under the provisions of the Constitution of the United States and the acts of congress.

However, in order to protect public health and safety and to ensure (~~garbage and refuse~~) solid waste collection services are provided to all areas of the state, the commission, in accordance with this chapter, shall regulate all (~~garbage or refuse~~) solid waste collection companies conducting business in the state.

Sec. 26. Section 2, chapter 105, Laws of 1965 ex. sess. and RCW 81.77.110 are each amended to read as follows:

The commission may with or without a hearing issue temporary certificates to engage in the business of operating a (~~garbage and refuse~~) solid waste collection company, but only after it finds that the issuance of such temporary certificate is consistent with the public interest. Such temporary certificate may be issued for a period up to one hundred eighty days where

the area or territory covered thereby is not contained in the certificate of any other ((garbage and refuse)) solid waste collection company. In all other cases such temporary certificate may be issued for a period not to exceed one hundred twenty days. The commission may prescribe such special rules and regulations and impose such special terms and conditions with reference thereto as in its judgment are reasonable and necessary in carrying out the provisions of this chapter. The commission shall collect a fee of twenty-five dollars for an application for such temporary certificate.

Sec. 27. Section 1, chapter 58, Laws of 1975-'76 2nd ex. sess. and RCW 36.58.030 are each amended to read as follows:

As used in RCW 36.58.030 through 36.58.060, the term 'transfer station' means a staffed, fixed supplemental facility used by persons and route collection vehicles to deposit solid wastes into transfer trailers for transportation to a disposal site. This does not include detachable containers, except in third class or smaller counties, and in any first class county located east of the crest of the Cascade mountain range, where detachable containers shall be securely fenced, staffed by an attendant during all hours when the detachable container is open to the public, charge a tipping fee that shall cover the cost of providing and for use of the service, and shall be operated as a transfer station.

Sec. 28. Section 2, chapter 58, Laws of 1975-'76 2nd ex. sess. as amended by section 20, chapter 282, Laws of 1986 and RCW 36.58.040 are each amended to read as follows:

The legislative authority of each county may by ordinance provide for the establishment of a system of solid waste disposal for all the unincorporated areas of the county or for portions thereof. Each county may designate disposal sites for all solid waste collected in the unincorporated areas pursuant to the provisions of a comprehensive solid waste plan adopted pursuant to chapter 70.95 RCW: PROVIDED, That for any solid waste collected by a private hauler operating pursuant to a certificate granted by the Washington utilities and transportation commission under the provisions of chapter 81.77 RCW and which certificate is for collection in a geographic area lying in more than one county, such designation of disposal sites shall be pursuant to an interlocal agreement between the involved counties.

Such systems may also provide for the processing and conversion of solid wastes into other valuable or useful products with full jurisdiction and authority to construct, lease, purchase, acquire, manage, regulate, maintain, operate, and control such system and plants, and to enter into agreements with public or private parties providing for the construction, purchase, acquisition, lease, maintenance, and operation of systems and plants for the processing and conversion of solid wastes and for the sale of said products. Contracts shall be for facilities that are in substantial compliance with the solid waste management plans prepared pursuant to chapter 70.95 RCW.

The legislative authority of a county may award contracts for solid waste handling, and such contracts may provide that a county pay a minimum periodic fee in consideration of the operational availability of a solid waste handling system or plant, without regard to the ownership of the system or plant or the amount of solid waste actually handled during all or any part of the contractual period. There shall be included in the contract specific allocation of financial responsibility in cases where the amount of solid waste handled during the contract period falls below the minimum level provided in the contract.

The legislative authority of a county may:

(1) By ordinance award a contract to collect source separated recyclable materials from residences within unincorporated areas. The legislative authority has complete authority to manage, regulate, and fix the price of the source separated recyclable collection service. The contracts may provide that the county pay minimum periodic fees to a municipal entity or permit holder; or

(2) Notify the commission in writing to carry out and implement the provisions of the waste reduction and recycling element of the comprehensive solid waste management plan.

This election may be made by counties at any time after the effective date of this act. An initial election must be made no later than ninety days following approval of the local comprehensive waste management plan required by section 3 of this act.

If the commission finds that the market is effectively competitive it shall award authority to collect such recyclable materials using a competitive bidding process. For purposes of this section 'effective competition' means that:

(a) Sufficient competition exists to ensure that no single competitor can exercise undue market power in the bidding process; and

(b) Use of competitive bidding will result in cost-effective recycling.

(2) Authority awarded using competitive bidding shall last no longer than five years.

(3) The competitive bidding process shall be conducted according to commission rules. The selection of the winning bid shall be made by the local government with solid waste planning authority for the market area. The local government may reject all bids. After the local government has selected a winning bidder, that bidder shall be subject to commission jurisdiction for purposes of enforcing compliance with the terms of the bid. If the commission awards authority using competitive bidding, a local government may not use its option under section 18 of this act until the expiration of the authority.

The commission shall adopt rules to implement this section no later than October 1, 1990.

(2) All known and measurable costs related to implementation of the approved county or city comprehensive solid waste management plan.

If a solid waste collection company files a tariff to recover the costs specified under this section, and the commission suspends the tariff, the portion of the tariff covering costs specified in this section shall be placed in effect by the commission at the request of the company on an interim basis as of the originally filed effective date, subject to refund, pending the commission's final order. The commission may adopt rules to implement this section.

STATE GOVERNMENT WASTE REDUCTION AND RECYCLING

NEW SECTION. Sec. 53. A new section is added to chapter 70.95C RCW to read as follows:

WASTE REDUCTION AND RECYCLING PLAN. The legislature finds and declares that the buildings and facilities owned and leased by state government produce significant amounts of solid and hazardous wastes, and actions must be taken to reduce and recycle these wastes and thus reduce the costs associated with their disposal. In order for the operations of state government to provide the citizens of the state an example of positive waste management, the legislature further finds and declares that state government should undertake an aggressive program designed to reduce and recycle solid and hazardous wastes produced in the operations of state buildings and facilities to the maximum extent possible.

The office of waste reduction, in cooperation with the department of general administration, shall establish an intensive waste reduction and recycling program to promote the reduction of waste produced by state agencies and to promote the source separation and recovery of recyclable and reusable materials.

All state agencies, including but not limited to, colleges, community colleges, universities, offices of elected and appointed officers, the supreme court, court of appeals, and administrative departments of state government shall fully cooperate with the office of waste reduction and recycling in all phases of implementing the provisions of this section. The office shall establish a coordinated state plan identifying each agency's participation in waste reduction and recycling. The office shall develop the plan in cooperation with a multi-agency committee on waste reduction and recycling. Appointments to the committee shall be made by the director of the department of general administration. The director shall notify each agency of the committee, which shall implement the applicable waste reduction and recycling plan elements. All state agencies are to use maximum efforts to achieve a goal of increasing the use of recycled paper by fifty percent by July 1, 1993.

NEW SECTION. Sec. 54. A new section is added to chapter 70.95C RCW to read as follows:

WASTE REDUCTION AND RECYCLING AWARDS PROGRAM. The office of waste reduction shall develop, in consultation with the superintendent of public instruction, an awards program to achieve waste reduction and recycling in the public schools, grades kindergarten through high school. The office shall develop guidelines for program development and implementation. Each public school shall implement a waste reduction and recycling program conforming to guidelines developed by the office.

For the purpose of granting awards, the office may group schools into not more than three classes, based upon student population, distance to markets for recyclable materials, and other criteria, as deemed appropriate by the office. Awards shall be granted each year to the schools that achieve the greatest levels of waste reduction and recycling. Each award shall be of a sum not less than ten thousand dollars. The office shall also develop recommendations for an awards program for waste reduction in the public schools. The office shall submit these recommendations to the appropriate standing committees in the house of representatives and senate on or before November 30, 1989.

The superintendent of public instruction shall distribute guidelines and other materials developed by the office to implement programs to reduce and recycle waste generated in administrative offices, classrooms, laboratories, cafeterias, and maintenance operations.

NEW SECTION. Sec. 55. A new section is added to chapter 70.95 RCW to read as follows:

No solid waste incineration or energy recovery facility shall be operated prior to the completion of an environmental impact statement containing the considerations required under RCW 43.21C.030(2)(c) and prepared pursuant to the procedures of chapter 43.21C RCW. This section does not apply to a facility operated prior to January 1, 1989, as a solid waste incineration facility or energy recovery facility burning solid waste.

VIII.

PREFERENTIAL RECYCLING PRODUCT PURCHASES

Sec. 56. Section 2, chapter 120, Laws of 1987 as amended by section 3, chapter 168, Laws of 1988 and RCW 35.23.352 are each amended to read as follows:

(1) Any second or third class city or any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies and equipment will not exceed the sum of thirty thousand dollars if more than one craft or trade is involved with the public works, or twenty thousand dollars if a single craft or trade is involved with the public works or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon posting notice calling for sealed bids upon the work. The notice thereof shall be posted in a public place in the city or town and by publication in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids,

once each week for two consecutive weeks before the date fixed for opening the bids. The notice shall generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in the full amount of the contract price. If the bidder fails to enter into the contract in accordance with his bid and furnish a bond within ten days from the date at which he is notified that he is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second or third class city or a town may use a small works roster and award contracts under this subsection for contracts of one hundred thousand dollars or less.

(a) The city or town may maintain a small works roster comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in this state.

(b) Whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less, and the city uses the small works roster, the city or town shall invite proposals from all appropriate contractors on the small works roster: PROVIDED, That whenever possible, the city or town shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section. The invitation shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

(c) When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or less, the city or town shall award the contract to the contractor submitting the lowest responsible bid.

(4) After September 1, 1987, each second class city, third class city, and town shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and labor on that construction project.

(6) Any purchase of supplies, material, equipment or services other than professional services, except for public work or improvement, where the cost thereof exceeds seven thousand five hundred dollars shall be made upon call for bids: PROVIDED, That the limitations herein shall not apply to any purchases of materials at auctions conducted by the government of the United States, any agency thereof or by the state of Washington or a political subdivision thereof.

(7) Bids shall be called annually and at a time and in the manner prescribed by ordinance for the publication in a newspaper published or of general circulation in the city or town of all notices or newspaper publications required by law. The contract shall be awarded to the lowest responsible bidder.

(8) For advertisement and competitive bidding to be dispensed with as to purchases between seven thousand five hundred and fifteen thousand dollars, the city legislative authority must authorize by resolution a procedure for securing telephone and/or written quotations from enough vendors to assure establishment of a competitive price and for awarding the contracts for purchase of materials, equipment, or services to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

(9) These requirements for purchasing may be waived by resolution of the city or town council which declared that the purchase is clearly and legitimately limited to a single source or supply within the near vicinity, or the materials, supplies, equipment, or services are subject to special market conditions, and recites why this situation exists. Such actions are subject to RCW 39.30.020.

(10) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(1) Nothing in this section shall prohibit any second or third class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 57. Section 36.32.250, chapter 4, Laws of 1963 as last amended by section 9, chapter 169, Laws of 1985 and by section 1, chapter 369, Laws of 1985 and RCW 36.32.250 are each reenacted and amended to read as follows:

No contract, lease, or purchase may be entered into by the county legislative authority or by any elected or appointed officer of such county until after bids have been submitted to the county upon specifications therefor. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection, and an advertisement thereof stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, or material, equipment, or service to be purchased, and that specifications therefor may be seen at the office of the clerk of the county legislative authority, shall be published in the county official newspaper: PROVIDED, That advertisements for public works contracts for construction, alteration, repair, or improvement of public facilities shall be additionally published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done: AND PROVIDED FURTHER, That if the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done publication of an advertisement of the applicable specifications in the county official newspaper only shall be sufficient. Such advertisements shall be published at least once in each week for two consecutive weeks prior to the last date upon which bids will be received and as many additional publications as shall be determined by the county legislative authority. The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in said advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed. The contract for the public work, lease, or purchase shall be awarded to the lowest responsible bidder, taking into consideration the quality of the articles or equipment to be purchased or leased. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law. If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. In the letting of any contract, lease, or purchase involving less than three thousand five hundred dollars, advertisement and competitive bidding may be dispensed with on order of the county legislative authority. Notice of intention to let contracts or to enter into lease agreements involving amounts exceeding one thousand dollars but less than three thousand five hundred dollars, shall be posted by the county legislative authority on a bulletin board in its office not less than three days prior to making such lease or contract. For advertisement and competitive bidding to be dispensed with as to purchases between one thousand and three thousand five hundred dollars, the county legislative authority must authorize by resolution a county procedure for securing telephone or written quotations, or both, from enough vendors to assure establishment of a competitive price and for awarding such contracts for purchase of materials, equipment, or services to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. Wherever possible, supplies shall be purchased in quantities for a period of at least three months, and not to exceed one year. Supplies generally used throughout the various departments shall be standardized insofar as possible, and may be purchased and stored for general use by all of the various departments which shall be charged for the supplies when withdrawn from the purchasing department.

This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

Nothing in this section shall prohibit the legislative authority of any county from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 58. Section 1, chapter 72, Laws of 1985 and RCW 39.30.040 are each amended to read as follows:

(1) Whenever a unit of local government is required to make purchases from the lowest bidder or from the supplier offering the lowest price for the items desired to be purchased, the unit of local government may, at its option when awarding a purchase contract, take into consideration tax revenue it would receive from purchasing the supplies, materials, or equipment from a supplier located within its boundaries. The unit of local government must award the

purchase contract to the lowest bidder after such tax revenue has been considered. However, any local government may allow for preferential purchase of products made from recycled materials or products that may be recycled or reused. The tax revenues which units of local government may consider include sales taxes that the unit of local government imposes upon the sale of such supplies, materials, or equipment from the supplier to the unit of local government, and business and occupation taxes that the unit of local government imposes upon the supplier that are measured by the gross receipts of the supplier from such sale. Any unit of local government which considers tax revenues it would receive from the imposition of taxes upon a supplier located within its boundaries, shall also consider tax revenues it would receive from taxes it imposes upon a supplier located outside its boundaries.

(2) As used in this section, the term 'unit of local government' means any county, city, town, metropolitan municipal corporation, public transit benefit area, county transportation authority, or other municipal or quasi-municipal corporation authorized to impose sales and use taxes or business and occupation taxes.

Sec. 59. Section 1, chapter 120, Laws of 1987 and RCW 35.22.620 are each amended to read as follows:

(1) As used in this section, the term 'public works' means as defined in RCW 39.04.010.

(2) A first class city may have public works performed by contract pursuant to public notice and call for competitive bids. As limited by subsection (3) of this section, a first class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period. The amount of public works that a first class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population in excess of one hundred fifty thousand shall not have public employees perform a public works project in excess of fifty thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of twenty-five thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population of one hundred fifty thousand or less shall not have public employees perform a public works project in excess of thirty-five thousand dollars if more than one craft or trade is involved with the public works project, or a public works project in excess of twenty thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

(4) In addition to the accounting and record-keeping requirements contained in RCW 39.04.070, every first class city annually shall prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public employees above or below ten percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report shall indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ten percent of the total biennial construction budget.

After September 1, 1987, each first class city with a population of one hundred fifty thousand or less shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(6) When any emergency shall require the immediate execution of such public work, upon the finding of the existence of such emergency by the authority having power to direct such public work to be done and duly entered of record, publication of description and estimate may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the city council shall adopt a resolution certifying the existence of this emergency situation.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first class city may use a small works roster and award contracts under this subsection for contracts of one hundred thousand dollars or less.

(a) The city may maintain a small works roster comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in this state.

(b) Whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less, and the city uses the small works roster, the city shall invite proposals from all appropriate contractors on the small works roster: PROVIDED, That not less than five separate appropriate contractors, if available, shall be invited to submit bids on any one contract: PROVIDED FURTHER, That whenever possible, the city shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section. Once a bidder on the small works roster has been offered an opportunity to bid, that bidder shall not be offered another opportunity until all other appropriate contractors on the small works roster have been afforded an opportunity to submit a bid. Invitations shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

(c) When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or less, the city shall award the contract to the contractor submitting the lowest responsible bid.

(8) The allocation of public works projects to be performed by city employees shall not be subject to a collective bargaining agreement.

(9) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(10) Nothing in this section shall prohibit any first class city from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 60. Section 43.19.1911, chapter 8, Laws of 1965 as last amended by section 4, chapter 183, Laws of 1983 and RCW 43.19.1911 are each amended to read as follows:

When purchases are made through competitive bidding, the contract shall be let to the lowest responsible bidder, subject to any preferences provided by law to Washington products and vendors and to RCW 43.19.704, taking into consideration the quality of the articles proposed to be supplied, their conformity with specifications, the purposes for which required, and the times of delivery: PROVIDED, That whenever there is reason to believe that the lowest acceptable bid is not the best price obtainable, all bids may be rejected and the division of purchasing may call for new bids or enter into direct negotiations to achieve the best possible price. Each bid with the name of the bidder shall be entered of record and each record, with the successful bid indicated, shall, after letting of the contract, be open to public inspection. In determining 'lowest responsible bidder', in addition to price, the following elements shall be given consideration:

(1) The ability, capacity, and skill of the bidder to perform the contract or provide the service required;

(2) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;

(3) Whether the bidder can perform the contract within the time specified;

(4) The quality of performance of previous contracts or services;

(5) The previous and existing compliance by the bidder with laws relating to the contract or services;

(6) Such other information as may be secured having a bearing on the decision to award the contract: PROVIDED, That in considering bids for purchase, manufacture, or lease, and in determining the 'lowest responsible bidder,' whenever there is reason to believe that applying the 'life cycle costing' technique to bid evaluation would result in lowest total cost to the state, first consideration shall be given by state purchasing activities to the bid with the lowest life cycle cost which complies with specifications. 'Life cycle cost' means the total cost of an item to the state over its estimated useful life, including costs of selection, acquisition, operation, maintenance, and where applicable, disposal, as far as these costs can reasonably be determined, minus the salvage value at the end of its estimated useful life. The 'estimated useful life' of an item means the estimated time from the date of acquisition to the date of replacement or disposal, determined in any reasonable manner. Nothing in this section shall prohibit any state agency, department, board, commission, committee, or other state-level entity from allowing

for preferential purchase of products made from recycled materials or products that may be recycled or reused.

IX.

MARKETING OF RECYCLABLE MATERIALS

Sec. 61. Section 1, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 1, chapter 422, Laws of 1987 and RCW 43.160.010 are each amended to read as follows:

FINDINGS REGARDING RECYCLING MARKETS. (1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

(3) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

Sec. 62. Section 6, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 5, chapter 422, Laws of 1987 and RCW 43.160.060 are each amended to read as follows:

COMMUNITY ECONOMIC REVITALIZATION BOARD LOANS AND GRANTS. The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not make a grant or loan:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that probably would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only make grants or loans:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, and industrial distribution((;)); (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; or ((#)) (iv) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.

(3) The board shall prioritize each proposed project according to the number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.

(4) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any loan or grant application is approved, the political subdivision seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

NEW SECTION. Sec. 63. A new section is added to chapter 43.160 RCW to read as follows:

ECOLOGY REVIEW. (1) Before board consideration of an application from a political subdivision that includes a request for assistance in financing the cost of public facilities to encourage the development of a private facility to process recyclable materials, the application shall be forwarded by the board to the department of ecology.

(2) The department of ecology shall submit a recommendation on all applications related to processing recyclable materials to the board for their consideration.

(3) Upon receiving an application for assistance in financing the cost of public facilities to encourage the development of a private facility to process recyclable materials from the board, the department of ecology shall, within thirty days, determine whether or not the proposed assistance:

(a) Has a significant impact on the residential and commercial waste stream;

(b) Results in a product that has a ready market;

(c) Does not jeopardize any other planned market development projects; and

(d) Results in a product that would otherwise be purchased out-of-state.

(4) Upon completion of its determination of the factors contained in subsection (3) of this section and any other factors it deems pertinent, the department of ecology shall forward its recommended approval, as submitted or amended, or recommended disapproval of the proposed improvements to the board, along with any recommendation it may wish to make concerning the desirability and feasibility of the proposed market development. If the department of ecology recommends disapproval of any proposed project, it shall specify its reasons for recommending disapproval.

(5) The board shall notify the department of ecology of its decision regarding any application made under this section.

NEW SECTION. Sec. 64. A new section is added to chapter 43.31 RCW to read as follows:

DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT. (1) The department is the lead state agency to assist in establishing and improving markets for recyclable materials generated in the state. This priority on creating and expanding a recyclables market should be fully integrated into the current targeted sector marketing programs of the department. In carrying out these marketing responsibilities, the department shall work closely with the office of waste reduction in the department of ecology.

(2) The department of trade and economic development, with the assistance of the department of ecology and the committee for recycling markets created by section 100 of this act, shall develop programs to accomplish the following:

(a) Develop new markets inside and outside this state for recycled materials;

(b) Attract new businesses to this state whose purpose is to use recycled materials;

(c) Educate businesses and consumers about the high quality of Washington recycled materials;

(d) Promote business and consumer use of products made from recycled materials;

- (e) Provide technical market assistance to businesses and local governments;
- (f) Cooperate with and secure the cooperation of any department, agency, commission, or instrumentality in state or local government affected by or concerned with market development; and
- (g) Create and maintain a list of recyclers, collectors, and other persons or entities interested in the development of markets for recycling and solicit the opinions of those persons with respect to market development.

X.

The board shall be a subcommittee of the solid waste advisory committee created under RCW 70.95.040 and shall be comprised of five members appointed by the director. It is unlawful for any person to perform the duties of an operator without being duly certified under this chapter. The department shall adopt rules that allow the owner or operator of a landfill or solid waste incineration facility to request a variance from this requirement under emergency conditions.

The department may impose such conditions as may be necessary to protect human health and the environment during the term of the variance.

NEW SECTION, Sec. 74. PENALTIES. Any person, including any firm, corporation, municipal corporation, or other governmental subdivision or agency, with the exception of incinerator operators, violating any provision of this chapter or the rules adopted under this chapter, is guilty of a misdemeanor. Incinerator operators who violate any provision of this chapter shall be guilty of a gross misdemeanor. Incineration of medical waste shall be conducted under sufficient burning conditions to reduce all combustible material to a form such that no portion of the combustible material is visible in its uncombusted state.

XI. REVENUE

Sec. 78. Section 6, chapter 282, Laws of 1986 and RCW 82.18.010 are each amended to read as follows:

For purposes of this chapter:

(1) ~~'(Refuse) Solid waste~~ collection business' means every person who receives solid waste for transfer, storage, or disposal including but not limited to all collection services, public or private dumps, transfer stations, and similar operations.

(2) 'Person' shall have the meaning given in RCW 82.04.030 or any later, superseding section.

(4) 'Taxpayer' means that person upon whom the ~~'(refuse) solid waste~~ collection tax is imposed.

Sec. 79. Section 7, chapter 282, Laws of 1986 and RCW 82.18.020 are each amended to read as follows:

SOLID WASTE COLLECTION TAX. There is imposed on each person using the solid waste services of a ~~'(refuse) solid waste~~ collection business a ~~'(refuse) solid waste~~ collection tax equal to three and six-tenths percent of the consideration charged for the services.

NEW SECTION, Sec. 80. A new section is added to chapter 82.18 RCW to read as follows:

SOLID WASTE COLLECTION TAX. (1) There is imposed on each person using the services of a solid waste collection business a solid waste collection tax of one percent of the consideration charged for the services. This tax shall be applied only to a service charge for actual solid waste collection services that are provided. For residential collection service only, the tax shall apply to the lesser of the consideration charged for the services or:

(a) For customers with less than two-can service, the first eight dollars of the monthly charge for the services.

(b) For customers with two-can service or more, the first twelve dollars of the monthly charge for the services.

NEW SECTION, Sec. 82. Section 80 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989.

NEW SECTION, Sec. 83. The joint select committee on preferred solid waste management created pursuant to section 91 of this act shall report to the legislature by January 1, 1993, as to whether the tax imposed under section 80 of this act should be continued or modified to achieve the purposes of this act.

Sec. 84. Section 8, chapter 282, Laws of 1986 and RCW 82.18.030 are each amended to read as follows:

The person collecting the charges made for using the ~~'(refuse) solid waste~~ collection business shall collect the tax imposed in ~~'(section 6 of this act) this chapter~~. If any person charged with collecting the tax fails to bill the taxpayer for the tax, or in the alternative has not notified

the taxpayer in writing of the imposition of the tax, or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax.

MOTION

Ms. Rust moved that the House do concur in the Senate amendments to Engrossed Substitute House Bill No. 1671.

POINT OF ORDER

Mr. R. Meyers: Thank you, Mr. Speaker. I would like a ruling on the scope and object of the Senate amendments.

The Speaker (Mr. O'Brien presiding) deferred further consideration of Engrossed Substitute House Bill No. 1671.

SENATE AMENDMENTS TO HOUSE BILL

April 10, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2137 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the future health of certain sectors of Washington state's economy is at risk in the face of increasing global competition. The service and aerospace industries have responded well to this increasing global competition. However, certain traditional industries, such as forest products and agriculture which are primarily located in rural areas, have experienced some decline. However, significant public and private resources are being directed toward restoring the vitality of these industries. In the area of forest products the level of industry investment since 1985 is estimated at six billion dollars nationally resulting in increased productivity in excess of forty percent within Washington state since 1982.

(2) The legislature finds that, in addition to these industries, there are a number of emerging sectors in the state economy which offer real promise. These include biotechnology, manufactured forest products, and food processing. In the next decade, these emerging sectors can be among the state's strongest, most stable sectors able to successfully compete in the global market and assist economic development in Washington's rural and urban communities. It is

the purpose of sections 1 through 7 of this act to help these emerging sectors by encouraging a broader base and support for their development. It is also the purpose of sections 1 through 7 of this act to ensure that more specific direction is given to the department in developing its programs and that the impact of resources the department directs toward targeted sectors is better measured.

(3) The legislature also finds that the state must work in partnership with the private sector to enhance economic development, whether restoring the vitality of declining industries or developing new industries with good economic potential. In order for the public and private efforts to be most successful, the state, particularly the department, must clearly articulate: (a) its goals and objectives; (b) its appraisal of the sector that led to the goals and objectives; (c) its choice of strategy for achieving the goals and objectives; (d) its implementation plans and timetables; and (e) its evaluation criteria and process. The department must work with the private sector, research institutions, other state agencies, and the legislature in the analysis, the setting of goals, the choice of strategy, and the evaluation process so that all parties have input into and understand how the problem is being defined and how the problem is being solved.

NEW SECTION. Sec. 2. (1) The department shall establish targeted sector programs in the areas of biotechnology, manufactured forest products, and food processing. The purpose of these programs shall be to analyze the current state of the targeted sector, develop an action plan, and implement a program for each targeted sector to increase the sales of products from these sectors nationally and internationally.

(2) A targeted sector program within the department shall:

(a) Administer the targeted sector programs established in subsection (1) of this section;

(b) Contract with the international marketing program for agricultural commodities and trade at Washington State University to analyze the current state of the food processing industry and develop an industry action plan;

(c) Contract with the center for international trade in forest products at the University of Washington to analyze the current state of the wood products manufacturing industry and develop an industry action plan;

(d) Contract with the northwest policy center at the University of Washington to analyze the current state of the biotechnology industry and develop an industry action plan.

(3) The department in conjunction with the centers shall also develop an evaluation process to measure the effectiveness of the targeted sector programs. The targeted sector programs are intended to significantly increase the jobs and capital investment in these sectors through a well-conceived and implemented action plan.

NEW SECTION. Sec. 3. (1) The centers shall appraise their respective targeted sectors to determine the current state of the sector. In making this appraisal, the centers shall consider, but shall not be limited to, the following: (a) The strengths and weaknesses of the sector; (b) the opportunities and risks in the sector; (c) any emerging products, processes and market niches in the sector; (d) the commercialization of technology related to the sector; (e) the availability of capital in the sector; (f) the education and training needs in the sector; (g) the infrastructure development in the sector; (h) the number of employees and businesses in the sector; and (i) the role the state should play in the long-term development of the sector.

(2) The centers shall base their action plan for each targeted sector on the appraisal of the sector under subsection (1) of this section. Where needs are identified in the appraisal of the sector or a component of the industry action plan, but are beyond the scope of the department's program or ability to accomplish without additional resources, the department shall provide clear recommendations to the legislature regarding an action plan the state should implement to address these identified needs.

NEW SECTION. Sec. 4. (1) In the forest products manufacturing targeted sector program the evergreen partnership shall act as the advisory committee to the department.

(2) In the food products processing targeted sector program the department of agriculture food products processing advisory committee shall act as the advisory committee to the department of trade and economic development.

(3) In the biotechnology targeted sector program the Washington state biotechnology association shall act as the advisory committee to the department.

NEW SECTION. Sec. 5. The advisory committees shall:

(1) Provide policy direction regarding:

(a) The appraisal process;

(b) Program development;

(c) Program implementation; and

(d) Evaluate criteria and process for the targeted sector program; and

(2) Review the role of other state agencies and the private sector in advising the department.

NEW SECTION. Sec. 6. By January 10th of each year the department in conjunction with the centers as provided under section 2 of this act shall report in writing on its targeted sector programs to the trade and economic development committee in the house of representatives and the economic development and labor committee in the senate. The department shall report on

each element of the targeted sector program, including: (1) Appraisal of the sector; (2) alternatives for assisting in the growth and development of the sector; (3) the choice of the strategy and the rationale behind that choice; (4) the implementation of the strategy; and (5) the evaluation of the targeted sector program. The department in conjunction with the centers as provided under section 2 of this act shall also make current information available on a regular basis to the legislature and the private sector regarding its targeted sector programs.

NEW SECTION. Sec. 7. The department shall work with the centers, industry trade groups, local governments and local economic development organizations in implementing the target sector programs. The department shall seek and utilize nonstate funds to help carry out these programs.

NEW SECTION. Sec. 8. The business assistance center of the department of trade and economic development, in consultation with the Washington state institute for public policy and the northwest policy center shall review the establishment of an industrial extension grant program in conjunction with the targeted sector program projects.

NEW SECTION. Sec. 9. The department, in reviewing the establishment of the industrial extension program, shall identify:

- (1) The manner in which the program should be structured and funded;
- (2) The scope of services that should be provided; and
- (3) The availability of possible grant recipients that could provide services under the program; such grant recipients should have the following characteristics:
 - (a) Demonstrate the participation of local education institutions, trade or industry associations, and local economic development groups;
 - (b) Provide the services of industrial engineers, efficiency experts, and other technicians familiar with the modernization needs of local industries;
 - (c) Offer firm-specific assistance for a limited period of time, after which firms may negotiate assistance on a fee basis;
 - (d) Work primarily with small firms which could not otherwise afford the expertise;
 - (e) Develop mechanisms to provide information on new manufacturing technologies to existing small and medium-sized firms; and
 - (f) Provide whatever information the business assistance center deems necessary to evaluate the potential effectiveness of the program.

NEW SECTION. Sec. 10. The business assistance center shall examine mechanisms for the establishment of flexible manufacturing networks or consortia through which small firms cooperatively access modernization, marketing, training and other services.

NEW SECTION. Sec. 11. The business assistance center shall report by January 1, 1989, to the senate economic development and labor committee and house of representatives trade and economic development committee on its findings and recommendations on the establishment of an industrial extension program and flexible manufacturing networks or consortia program.

NEW SECTION. Sec. 12. Sections 1 through 11 of this act are each added to chapter 43.31 RCW.

NEW SECTION. Sec. 13. A new section is added to chapter 43.131 RCW to read as follows:
The targeted sector programs shall be terminated on June 30, 1994, as provided in section 14 of this act.

NEW SECTION. Sec. 14. A new section is added to chapter 43.131 RCW to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

April 6, 1989

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1756 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Universal telephone service for the people of the state of Washington is a policy goal of the legislature and has been enacted previously into Washington law. Access to universal and affordable telephone service enhances the economic and social well-being of Washington citizens.

NEW SECTION. Sec. 2. As used in section 3 of this act, 'extended area service' means the ability to call from one exchange to another exchange without incurring a toll charge.

NEW SECTION. Sec. 3. Any business, resident, or community may petition for and shall receive extended area service within the service territory of the local exchange company that provides service to the petitioner under the following conditions:

(1) Any customer, business or residential, interested in obtaining extended area service in their community must collect and submit to the commission the signatures of a representative majority of affected customers in the community. A 'representative majority' for purposes of this section consists of fifteen percent of the access lines in that community;

(2) After receipt of the signatures, the commission shall authorize a study to be conducted by the affected local exchange company in order to determine whether a community of interest exists for the implementation of extended area service. For purposes of this section a community of interest shall be found if the average number of calls per customer per month from the area petitioning for extended area service to the area to which extended area service will be implemented is at least five;

(3) If a community of interest exists, the commission shall then calculate any increased rate that would be applied to the area which would have extended area service granted to it. This rate shall be based on the charges to a rate group having the same or similar calling capability as set forth in the tariffs of the local exchange telecommunications company involved;

(4) The affected telecommunications company shall be given the opportunity to propose an alternative plan that might be priced differently and that plan shall be included in the poll of subscribers as an alternative under subsection (5) of this section;

(5) After determining the amount of any additional rate, the commission shall notify the subscribers who will be affected by the increased rate and conduct a poll of those subscribers. If a simple majority votes its approval the commission shall order extended area service; and

(6) Any extended area service program adopted pursuant to this section shall be considered experimental and not binding on the commission in subsequent extended area service proceedings. If an extended area service program adopted pursuant to this section results in a revenue deficiency for a local exchange company, the commission shall allocate the resulting revenue requirement in a manner which produces fair, just and reasonable rates for all classes of customers.

NEW SECTION. Sec. 4. The pilot program specified in sections 2 and 3 of this act applies only to extended area service petitions which meet the conditions under section 3 of this act, and have been filed with the commission by January 1, 1989. Any petitions for extended area service filed after January 1, 1989, shall be addressed under terms and conditions determined by the commission. By December 1, 1990, the commission shall submit to the energy and utilities committees of the house of representatives and the senate a report on extended area service. The report shall include:

(1) The status of any experimental, pilot program which provides extended area service developed under this section, and whether such an experimental, pilot program approach should continue to be made available.

(2) The status of all extended area service petitions pending at the commission;

(3) Commission action on the recommendations of the local extended calling advisory committee; and

(4) Commission recommendations for any other legislation addressing the issue of extended area service.

NEW SECTION. Sec. 5. The extended area service program under sections 2 through 5 of this act shall expire on December 1, 1990, except for any extended area service obtained by any business residence or community and put in place under section 3 of this act.

NEW SECTION. Sec. 6. The utilities and transportation commission shall study the feasibility of the elimination, by January 1, 1992, of multiparty lines and mileage charges in all telephone exchanges throughout the state and the relationship between mileage charges and extended area service. The study shall include recommendations as to methods to equitably share the costs of any such program, any recommendations for legislative action, and an analysis of technological changes which may alter the telecommunications network in the next decade. The utilities and transportation commission shall report the results of the study to the energy and utilities committees of the house of representatives and the senate by December 1, 1989.

NEW SECTION. Sec. 7. The sum of forty-five thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1991, from the public service revolving fund to the utilities and transportation commission for the purposes of section 6 of this act.

NEW SECTION. Sec. 8. Sections 2, 3 and 6 of this act are each added to chapter 80.36 RCW.*

On page 5, line 2 of the title amendment, after "companies;" strike the remainder of the title and insert "adding new sections to chapter 80.36 RCW; creating new sections; and making an appropriation."

and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2000 with the following amendments:

Strike everything after the enacting clause and insert the following:

***NEW SECTION.** Sec. 1. Agricultural products are produced by many individual farmers and ranchers located throughout the state. The efficient production and marketing of agricultural products by farmers, ranchers, and handlers is of vital concern to the welfare and general economy of the state. It is the purpose of this chapter to establish standards of fair practices required of handlers, producers, and associations of producers, with respect to certain agricultural commodities, to establish the mutual obligation of handlers and accredited associations of producers to negotiate relative to the production or marketing of these agricultural commodities.

It is the intent of the legislature that a workable process be developed through which a fair price and other contract terms can be arrived at through negotiations between processors of agricultural products and an accredited association of producers, and that in developing rules and administering this chapter the director of agriculture shall recognize this intent.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Accredited association of producers' means an association of producers which is accredited by the director to be the exclusive negotiation agent for all producer members of the association within a negotiating unit.

(2) 'Advance contract' means a contract for purchase and sale of a crop entered into before the crop becomes a growing crop and providing for delivery at or after the harvest of that crop.

(3) 'Agricultural products' as used in this chapter means sweet corn and potatoes produced for sale from farms in this state.

(4) 'Association of producers' means any association of producers of agricultural products engaged in marketing, negotiating for its members, shipping, or processing as defined in section 15(a) of the federal agriculture marketing act of 1929 or in section 1 of 42 Stat. 388.

(5) 'Director' means the director of the department of agriculture.

(6) 'Handler' means a processor or a person engaged in the business or practice of:

(a) Acquiring agricultural products from producers or associations of producers for use by a processor;

(b) Processing agricultural products received from producers or associations of producers, provided that a cooperative association owned by producers shall not be a handler except when contracting for crops from producers who are not members of the cooperative association;

(c) Contracting or negotiating contracts or other arrangements, written or oral, with or on behalf of producers or associations of producers with respect to the production or marketing of any agricultural product for use by a processor; or

(d) Acting as an agent or broker for a handler in the performance of any function or act specified in (a), (b), or (c) of this subsection.

(7) 'Negotiate' means meeting at reasonable times and for reasonable periods of time commencing at least sixty days before the normal planting date and concluding within thirty days of the normal planting date to make a serious, fair, and reasonable attempt to reach agreement by acknowledging or refuting with reason points brought up by either party with respect to the price, terms of sale, compensation for products produced under contract, or other terms relating to the production or sale of these products: PROVIDED, That neither party shall be required to disclose proprietary business or financial records or information.

(8) 'Negotiating unit' means a negotiating unit approved by the director under section 3 of this act.

(9) 'Person' means an individual, partnership, corporation, association, or any other entity.

(10) 'Processor' means any person that purchases agricultural crops from a producer and cans, freezes, dries, dehydrates, cooks, presses, powders, or otherwise processes those crops in any manner for eventual resale. A person who solely cleans, sorts, grades, and packages a farm product for sale without altering the natural condition of the product is not a processor. A person processing any portion of a crop is a processor.

(11) 'Producer' means a person engaged in the production of agricultural products as a farmer or planter, including a grower or farmer furnishing inputs, production management, or facilities for growing or raising agricultural products. A producer who is also a handler shall be considered a handler under this chapter.

(12) 'Qualified commodity' means agricultural products as defined in subsection (3) of this section.

NEW SECTION. Sec. 3. (1) An association of producers may file an application with the director:

(a) Requesting accreditation to serve as the exclusive negotiating agent on behalf of its producer members who are within a proposed negotiating unit with respect to any qualified commodity;

(b) Describing geographical boundaries of the proposed negotiating unit;

(c) Specifying the number of producers and the quantity of products included within the proposed negotiating unit;

(d) Specifying the number and location of the producers and the quantity of products represented by the association; and

(e) Supplying any other information required by the director.

(2) Within a reasonable time after receiving an application under subsection (1) of this section, the director shall approve or disapprove the application in accordance with this section.

(a) The director shall approve the initial application or renewal if the director determines that:

(i) The association is owned and controlled by producers under the charter documents or bylaws of the association;

(ii) The association has valid and binding contracts with its members empowering the association to sell or negotiate terms of sale of its members' products or to negotiate for compensation for products produced under contract by its members;

(iii) The association represents a sufficient percentage of producers or that its members produce a sufficient percentage of agricultural products to enable it to function as an effective agent for producers in negotiating with a given handler as defined in rules promulgated by the department. In making this finding, the director shall exclude any quantity of the agricultural products contracted by producers with producer-owned and controlled processing cooperatives with its members and any quantity of these products produced by handlers.

(iv) One of the association's functions is to act as principal or agent for its members in negotiations with handlers for prices and other terms of trade with respect to the production, sale, and marketing of the products of its members, or for compensation for products produced by its members under contract; and

(v) Accreditation would not be contrary to the policies established in section 1 of this act.

(b) If the director does not approve the application under (a) of this subsection, then the association of producers may file an amended application with the director. The director, within a reasonable time, shall approve the amended application if it meets the requirements set out in (a) of this subsection.

(3) At the discretion of the director, or upon submission of a timely filed petition by an affected handler or an affected association of producers, the association of producers accredited under this section may be required by the director to renew the application for accreditation by providing the information required under subsection (1) of this section.

NEW SECTION. Sec. 4. It shall be unlawful for any handler to engage, or permit any employee or agent to engage, in the following practices:

(1) To refuse to negotiate with an association of producers accredited under section 3 of this act with respect to any qualified commodity: PROVIDED, That the obligation to negotiate does not require either party to agree to a proposal, to make a concession, or to enter into a contract;

(2) To coerce any producer in the exercise of his or her right to contract with, join, refrain from contracting with or joining, belong to an association of producers, or refuse to deal with any producer because of the exercise of that producer's right to contract with, join, or belong to an association or because of that producer's promotion of legislation on behalf of an association of producers;

(3) To discriminate against any producer with respect to price, quantity, quality, or other terms of purchase, acquisition, or other handling of agricultural products because of that producer's membership in or contract with an association of producers or because of that producer's promotion of legislation on behalf of an association of producers;

(4) To coerce or intimidate any producer to enter into, maintain, breach, cancel, or terminate a membership agreement or marketing contract with an association of producers or a contract with a handler;

(5) To pay or loan money, give anything of value, or offer any other inducement or reward to a producer for refusing or ceasing to belong to an association of producers;

(6) To make knowingly false reports about the finances, management, or activities of associations of producers or handlers; or

(7) To conspire, agree, or arrange with any other person to do, aid, or abet any act made unlawful by this chapter.

NEW SECTION. Sec. 5. It shall be unlawful for any accredited association of producers or members of such association to engage, or permit any employee or agent to engage, in the following practices:

(1) To refuse to negotiate with a handler for any qualified commodity for which the association is accredited under section 3 of this act;

(6) To pay or loan money, give anything of value, or offer any other inducement or reward to a producer for refusing to contract or negotiate with a processor.

NEW SECTION. Sec. 6. (1) If any person is charged with violating any provision of this chapter, the director shall investigate the charges. If, upon investigation, the director has reasonable cause to believe that the person charged has violated the provision, the director shall issue and cause to be served upon the person, a complaint stating the charges. A hearing on the charges shall be conducted in accordance with the provisions of chapter 34.05 RCW concerning contested cases.

(2) No complaint may be issued based upon any act occurring more than six months before the filing of the charge with the director. At the discretion of the director, any other person may be allowed to intervene in the proceeding and to present testimony and other evidence.

(3) If upon the preponderance of the evidence taken, the director is of the opinion that any person named in the complaint has engaged in or is engaging in any prohibited practice, the director shall make and enter findings of fact and shall issue and cause to be served on that person, an order requiring that person to cease and desist from the practice and to take affirmative action to further the policies of this chapter. The order may also require the person to make reports from time to time showing the extent of compliance with the order. (1) The director shall require any person to:

(a) Establish and maintain records;

(b) Make reports; and

(c) Provide other information as may be reasonably required.

(2) Any person subject to the provisions of this chapter shall provide the information, records, and reports reasonably required by the director, or make such material available to the director for inspection and/or copying at reasonable times and places, except that no person shall be required under this section to provide to the director proprietary business or financial records or information.

NEW SECTION. Sec. 8. A person injured in his or her business or property by reason of any violation of or conspiracy to violate section 4 or 5 of this act may sue in a court of competent jurisdiction of the county in which such violation occurred without respect to the amount in controversy, and shall recover damages sustained, including reasonable attorneys' fees and costs of bringing the suit. Any action to enforce any cause of action under this section shall be forever barred unless commenced not later than two years after the cause of action accrues.

NEW SECTION. Sec. 9. A person who violates section 4 or 5 of this act may be assessed a civil penalty by the director of not more than five thousand dollars for each offense. No civil penalty may be assessed unless the person charged has been given notice and opportunity for a hearing pursuant to chapter 34.05 RCW. In determining the amount of the penalty, the director shall consider the size of the business of the person charged, the penalty's affect on the person's ability to continue in business, and the gravity of the violation. If the director is unable to collect the civil penalty, the director shall refer the collection to the attorney general.

NEW SECTION. Sec. 10. The director or any aggrieved producer, accredited association, or handler may bring an action to enjoin the violation of any provision of this chapter or any regulation made pursuant to this chapter in a court of competent jurisdiction of the county in which such violation occurs or is about to occur.

NEW SECTION. Sec. 11. The director may promulgate such rules in accordance with chapter 34.05 RCW, and orders, as may be necessary to carry out this chapter.

NEW SECTION. Sec. 12. The advisory committee shall study and report on all issues related to this chapter.

NEW SECTION. Sec. 13. This chapter may be known and cited as the agricultural marketing and fair practices act.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 15. Sections 1 through 13 of this act shall constitute a new chapter in Title 15 RCW.

NEW SECTION. Sec. 16. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

SENATE AMENDMENTS TO HOUSE BILL

April 6, 1989

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1047 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 9-312, chapter 157, Laws of 1965 ex. sess. as last amended by section 52, chapter 35, Laws of 1986 and RCW 62A.9-312 are each amended to read as follows:

(1) The rules of priority stated in other sections of this Part and in the following sections shall govern when applicable: RCW 62A.4-208 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; RCW 62A.9-103 on security interests related to other jurisdictions; RCW 62A.9-114 on consignments.

(2) ~~(A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest))~~ Conflicting priorities between security interests in crops shall be governed by chapter 60.11 RCW.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if

(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the twenty-one day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of RCW 62A.9-304); and

(c) the holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within twenty days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under RCW 62A.8-321 on securities, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

Sec. 2. Section 9-402, chapter 157, Laws of 1965 ex. sess. as last amended by section 5, chapter 186, Laws of 1982 and RCW 62A.9-402 are each amended to read as follows:

(1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and

contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of RCW 62A.9-103, or when the financing statement is filed as a fixture filing (RCW 62A.9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) proceeds under RCW 62A.9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) collateral as to which the filing has lapsed; or

(d) collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor)
Address
Name of secured party (or assignee)
Address

1. This financing statement covers the following types (or items) of property:
(Describe)

2. (If applicable) The above goods are to become fixtures on*
(Describe Real Estate)

and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is

*Where appropriate substitute either "The above timber is standing on"
' or "The above minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on"

3. (If products of collateral are claimed)

Products of the collateral are also covered

(use
whichever Signature of Debtor (or Assignor)

is
applicable) Signature of Secured Party (or Assignee)

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party; PROVIDED, That a secured party may amend a financing statement without the signature of the debtor when the amendment is to change the address or name of the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this Article, unless the context otherwise requires, the term 'financing statement' means the original financing statement and any amendments. The fee for filing an amendment shall be the same as the fee for filing a financing statement.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of RCW 62A.9-103, or a financing statement filed as a fixture filing (RCW 62A.9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if (a) the goods are described in the mortgage by item or type, (b) the goods are or are to become fixtures related to the real estate described in the mortgage, (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (d) the mortgage is duly recorded. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or the names of partners. Where the debtor so changes his name or in the case of an organization its

name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement or an amendment is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading."

On page 1, line 2 of the title, after "code;" strike the remainder of the title and insert "and amending RCW 62A.9-312 and 62A.9-402."

and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 1989

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1445 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature that nothing in this act shall prevent or discourage an individual from making an effort to repay any state financial aid awarded during his or her collegiate career.

Sec. 2. Section 8, chapter 222, Laws of 1969 ex. sess. as last amended by section 56, chapter 370, Laws of 1985 and RCW 28B.10.802 are each amended to read as follows:

As used in RCW 28B.10.800 through 28B.10.824:

(1) 'Institutions of higher education' shall mean (1) any public university, college, community college, or vocational-technical institute operated by the state of Washington or any political subdivision thereof or (2) any other university, college, school, or institute in the state of Washington offering instruction beyond the high school level which is a member institution of an accrediting association recognized by rule of the board for the purposes of this section: PROVIDED, That any institution, branch, extension or facility operating within the state of Washington which is affiliated with an institution operating in another state must be a separately accredited member institution of any such accrediting association: PROVIDED FURTHER, That no institution of higher education shall be eligible to participate in a student financial aid program unless it agrees to and complies with program rules and regulations adopted pursuant to RCW 28B.10.822.

(2) The term 'financial aid' shall mean loans and/or grants to needy students enrolled or accepted for enrollment as a ((full-time)) student at institutions of higher education.

(3) The term 'needy student' shall mean a post high school student of an institution of higher learning as defined in subsection (1) of this section who demonstrates to the board the financial inability, either through the student's parents, family and/or personally, to meet the total cost of board, room, books, and tuition and incidental fees for any semester or quarter.

(4) The term 'disadvantaged student' shall mean a post high school student who by reason of adverse cultural, educational, environmental, experiential, familial or other circumstances is unable to qualify for enrollment as a full time student in an institution of higher learning, who would otherwise qualify as a needy student, and who is attending an institution of higher learning under an established program designed to qualify the student for enrollment as a full time student.

(5) 'Commission' or 'board' shall mean the higher education coordinating board.

Sec. 3. Section 11, chapter 222, Laws of 1969 ex. sess. and RCW 28B.10.806 are each amended to read as follows:

The commission shall have the following powers and duties:

(1) Conduct a full analysis of student financial aid as a means of:

(a) Fulfilling educational aspirations of students of the state of Washington, and

(b) Improving the general, social, cultural, and economic character of the state.

Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid. The commission will disseminate the information yielded by their analyses to all appropriate individuals and agents.

(c) This study should include information on the following:

(i) all programs and sources of available student financial aid,

(ii) distribution of Washington citizens by socio-economic class,

(A) demands of students for specific educational goals in colleges, and

(B) the discrepancy between high school students' preferences and the colleges they actually selected.

(2) Design a state program of student financial aid based on the data of the study referred to in this section. The state program will supplement available federal and local aid programs. The state program of student financial aid will not exceed the difference between the budgetary costs of attending an institution of higher learning and the student's total resources, including family support, personal savings, employment, and federal and local aid programs.

(3) Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the commission shall consider the following:

(a) Assets and income of the student.

(b) Assets and income of the parents, or the individuals legally responsible for the care and maintenance of the student.

(c) The cost of attending the institution the student is attending or planning to attend.

(d) Any other criteria deemed relevant to the commission.

(4) Set the amount of financial aid to be awarded to any individual needy or disadvantaged student in any school year.

(5) Award financial aid to ~~((full-time))~~ needy or disadvantaged students for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

(6) Review the need and eligibility of all applications on an annual basis and adjust financial aid to reflect changes in the financial need of the recipients and the cost of attending the institution of higher education.

Sec. 4. Section 12, chapter 222, Laws of 1969 ex. sess. and RCW 28B.10.808 are each amended to read as follows:

In awarding grants, the commission shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the commission, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The commission shall annually select the financial aid award winners from among Washington residents applying for student financial aid who have been ranked according to financial need as determined by the amount of the family contribution and other considerations brought to the commission's attention.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until dispersed.

(3) A grant may be renewed until the course of study is completed, but not for more than an additional ~~((three))~~ four academic years beyond the first year of the award. These shall not be required to be consecutive years. Qualifications for renewal will include maintaining satisfactory academic standing toward completion of the course of study, and continued eligibility as determined by the commission. Should the recipient terminate his enrollment for any reason

during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds.

(4) In computing financial need the commission shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions.

Sec. 5, Section 13, chapter 222, Laws of 1969 ex. sess. and RCW 28B.10.810 are each amended to read as follows:

For a student to be eligible for financial aid ~~((he))~~ the student must:

Substitute House Bill No. 1965 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SUBSTITUTE HOUSE BILL NO. 1031 AS AMENDED BY THE SENATE, by Committee on Capital Facilities & Financing (originally sponsored by Representatives Fuhrman, Sayan, Silver, Holland, Heavey, Winsley and Betrozoff; by request of Legislative Budget Committee)

Making changes to state budget requests.

The House resumed consideration of the Senate amendments to Substitute House Bill No. 1031. (See Journal, 99th Day, April 17, 1989, for previous action.)

The Speaker stated the question before the House to be the Point of Order by Representative H. Sommers regarding the scope and object of the Senate amendments to Substitute House Bill No. 1031.

SPEAKER'S RULING

The Speaker: Representative Sommers, the Speaker has examined both Substitute House Bill No. 1031 and the amendments offered in the Senate. This is not a difficult call. The bill amends the State Budget and Accounting Act and requires annual routine or ongoing maintenance costs to be programmed and requires all debt-financed pass-through money to local governments to be programmed in the state capital budget. It directs OFM to conduct a technical and program analysis of

all major buildings included in the governor's budget recommendation. The amendment establishes the Capitol Campus Advisory Committee, which clearly does not perfect the bill. It clearly broadens what the bill was to do, so I find your point is well taken. The amendment is outside the scope and object of the original House Bill.

MOTION

Ms. H. Sommers moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 1031 and ask the Senate to recede therefrom. The motion was carried.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1671 AS AMENDED BY THE SENATE, by Committee on Environmental Affairs (originally sponsored by Representatives Sprenkle, D. Sommers, Basich, Pruitt, Braddock, Appelwick, Ebersole, Walker, Phillips, Brekke, Rust, May, R. Fisher, Valle, Nelson, Rasmussen, Rector, Spanel, Todd and R. King) .

Providing major solid waste reform.

The House resumed consideration of the Senate amendments to Engrossed Substitute House Bill No. 1671. (For previous action, see today's Journal, Afternoon Session.)

The Speaker stated the question before the House to be the Point of Order by Representative R. Meyers regarding the scope and object of the Senate amendments to Engrossed Substitute House Bill No. 1671.

SPEAKER'S RULING

The Speaker: The Speaker has examined Engrossed Substitute House Bill No. 1671 and the Senate striking amendment. Engrossed Substitute House Bill No. 1671 is a comprehensive, and I emphasize comprehensive, act dealing with many aspects of solid waste management and site cleaning, including service levels, collection authority, planning, waste reduction and recycling programs, and conditions for siting incinerators and energy recovery facilities. In examining the Senate striking amendment, the Speaker finds that it deals with the same matters as the original bill and does not broaden the scope and object. Your point is not well taken.

The Speaker stated the question before the House to be the motion by Representative Rust that the House do concur in the Senate amendments to Engrossed Substitute House Bill No. 1671.

Representatives Rust, May and Padden spoke in favor of the motion, and Mr. Jones opposed it. The motion was carried.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker stated the question before the House to be the final passage of Engrossed Substitute Senate Bill No. 1671 as amended by the Senate.

POINT OF INQUIRY

Ms. Rust yielded to question by Mr. Pruitt.

Mr. Pruitt: Section 4 of the bill requires local governments to designate areas as either urban or rural, based on several criteria. This designation will ultimately determine what level of services are to be provided in that area. Is it intended that suburban areas generally be designated as urban?

Ms. Rust: Yes. Local governments will designate an area based on population, population density, and other criteria. Population and population density are important criteria because curbside collection may require a minimum population base in order to make it cost effective. As suburban areas resemble urban areas more closely than rural areas, local governments will be expected to designate densely populated suburban areas as urban in most instances.

POINT OF INQUIRY

Ms. Rust yielded to question by Mr. D. Sommers.

Mr. D. Sommers: Representative Rust, currently, there exists under RCW 70.79 a state agency whose mandate is to formulate rules and regulations relating to the certification, inspection and operation of combustion boilers, pressure vessels and their related technologies in the interest of public safety. The State Board of Boiler Rules, which is a part of the Department of Labor and Industries, consists of five appointed members including a mechanical engineer. Would you agree that a member of this board would have a valid place on the Board of Advisors for Operator Certification created under section 70 of this bill?

Ms. Rust: Yes.

Mr. D. Sommers: One other question, please. I have a question concerning the definition of "source separation" in Section 2, on page six, lines six through eight. Is the intent here to include or exclude recycling programs, like those in south Seattle and Pasco, where recyclables are placed in one container for pickup, versus other programs such as the one in north Seattle, whereby householders place each type of recyclable material in a separate container?

Ms. Rust: This definition is intended to include both types of recycling, whether in one or several containers.

POINT OF INQUIRY

Ms. Rust yielded to question by Mr. Cooper.

Mr. Cooper: Representative Rust, Section 20(6) of the bill directs the WUTC to require solid waste collection and recycling companies to use rate structures and billing systems consistent with the solid waste management priorities set forth in RCW 70.95.010. At the same time, franchised haulers regulated by the Commission are directed to comply with local comprehensive solid waste management plans. Is it intended that Section 20(6) would allow the Commission to require rate structures which are inconsistent with a local comprehensive solid waste management plan?

Ms. Rust: No. Section 20(6) is intended to direct the Commission to require rate structures which encourage waste reduction and recycling. This would take place within the framework of the local plan.

Mr. Cooper: Section 30(1) of the bill directs the Commission to include in rates charges for disposal of solid waste at facilities the solid waste collection company is required to use under the local comprehensive solid waste management plan. Is it intended that Section 20(6) could be used in a manner inconsistent with that directive?

Ms. Rust: No. Section 20(6) deals with rate design. Section 30(1) deals with the revenues required by a company to cover its operating costs. The costs specified in Section 30(1) are intended to be passed through to rate payers.

POINT OF INQUIRY

Ms. Rust yielded to question by Mr. May.

Mr. May: Representative Rust, I am referencing the Senate Ways & Means Committee amendment in Sections 17, and 32 through 36. As a businessman these provisions affect me. I assume that the intent of this language is to permit competition in the collection of commercial and industrial recyclables. I also assume that this language is not intended to permit anyone other than a solid waste collection company holding a garbage certificate to collect garbage and refuse.

Ms. Rust: You are correct. The language you refer to and the bill are not intended to permit anyone other than a WUTC-regulated garbage company or a city-authorized solid waste collection system to collect garbage and refuse which may, incidentally, contain recyclable material.

POINT OF INQUIRY

Ms. Rust yielded to question by Mr. Sprengle.

Mr. Sprengle: Representative Rust, regarding the language in Section 52, on page 36 of the striking amendment, would this language require a contractor, doing remodeling and construction work, to dispose of the debris from the construction work in a solid waste container that is provided by the city or solid waste collection company serving that area, or could the contractor haul that debris in a vehicle to a disposal site?

Ms. Rust: This language does not require the use of a solid waste collection container or hauling service provided by the city or the city's contract solid waste hauler in this situation. A contractor, doing construction and remodeling work, can use a vehicle to haul the debris, provided such solid waste hauling is incidental to the vehicle's normal and regular use.

Representatives Sprengle and Walker spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 1671 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 91; nays, 4; absent, 2; excused, 1.

Voting yeas: Representatives Anderson, Appelwick, Ballard, Basich, Beck, Belcher, Betzoff, Bowman, Braddock, Brekke, Bristow, Brooks, Brough, Brumsickle, Cantwell, Chandler, Cole, Cooper, Crane, Day, Dellwo, Dorn, Doty, Ebersole, Ferguson, Fisher G, Fisher R, Fraser, Grant, Hargrove, Haugen, Hine, Holland, Horn, Inslee, Jacobsen, Jesernig, Jones, King P, King R, Kremen, Locke, May, McLean, Meyers R, Miller, Morris, Moyer, Myers H, Nealey, Nelson, Nutley, O'Brien, Padden, Patrick, Peery, Phillips, Prentice, Prince, Pruitt, Raiter, Rasmussen, Rayburn, Rector, Rust, Sayan, Schmidt, Schoon, Scott, Silver, Smith, Sommers D, Sommers H, Spanel, Sprengle, Tate, Todd, Valle, Van Luven, Vekich, Walk, Walker, Wang, Wilson K, Wilson S, Winsley, Wolfe, Wood, Youngsman, Zellinsky, and Mr. Speaker - 91.

Voting nays: Representatives Baugher, Fuhrman, Hankins, Heavey - 4.

Absent: Representatives Leonard, Wineberry - 2.

Excused: Representative Gallagher - 1.

Engrossed Substitute House Bill No. 1671 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1989

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2014 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that there is increasing demand for school districts' special education programs to include medical services necessary for handicapped children's participation and educational progress. In some cases, these services could qualify for federal funding under Title XIX of the social security act. The legislature intends to establish a process for school districts to obtain reimbursement for eligible services from medical assistance funds. In this way, state dollars for handicapped education can be leveraged to generate federal matching funds, thereby increasing the overall level of resources available for school districts' special education programs.

Sec. 2. Section 11, chapter 66, Laws of 1971 ex. sess. as amended by section 5, chapter 87, Laws of 1980 and RCW 28A.41.053 are each amended to read as follows:

The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for handicapped programs. Funding for programs operated by local school districts shall be ((funded)) on an excess cost basis from appropriations provided by the legislature for handicapped programs and shall take account of state funds accruing through RCW 28A.41.130, 28A.41.140, and other state and local funds, excluding special excess levies. Funding for local district programs may include payments from state and federal funds for medical assistance provided under RCW 74.09.500 through 74.09.910. However, the superintendent of public instruction shall reimburse the department of social and health services from state appropriations for handicapped education programs for the state-funded portion of any medical assistance payment made by the department for services provided under an individualized education program established pursuant to chapter 28A.13 RCW. The amount of such interagency reimbursement shall be

deducted by the superintendent of public instruction in determining additional allocations to districts for handicapped education programs under this section.

Sec. 3. Section 5, chapter 30, Laws of 1967 ex. sess. as last amended by section 3, chapter 5, Laws of 1985 and RCW 74.09.520 are each amended to read as follows:

The term 'medical assistance' may include the following care and services: (1) Inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and x-ray services; (4) skilled nursing home services; (5) physicians' services, which shall include prescribed medication and instruction on birth control devices; (6) medical care, or any other type of remedial care as may be established by the secretary; (7) home health care services; (8) private duty nursing services; (9) dental services; (10) physical therapy and related services; (11) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in diseases of the eye or by an optometrist, whichever the individual may select; (12) other diagnostic, screening, preventive, and rehabilitative services(~~(-PROVIDED-That)~~); and (13) like services when furnished to a handicapped child by a school district as part of an individualized education program established pursuant to chapter 28A.13 RCW. For the purposes of this section, the department may not cut off any prescription medications, oxygen supplies, respiratory services, or other life-sustaining medical services or supplies.

'Medical assistance,' notwithstanding any other provision of law, shall not include routine foot care, or dental services delivered by any health care provider, that are not mandated by Title XIX of the social security act unless there is a specific appropriation for these services. Services included in an individualized education program for a handicapped child under chapter 28A.13 RCW shall not qualify as medical assistance prior to the implementation of the funding process developed under section 4 of this act.

NEW SECTION. Sec. 4. The department of social and health services and the superintendent of public instruction shall jointly develop a process and plan to enable school districts to bill medical assistance for eligible services included in handicapped education programs, subject to the restrictions and limitations of this act. The process shall be implemented during the 1990-91 school year, with the intent that the billing system be in operation in selected regions of the state during the first half of that school year. The billing system shall be extended state-wide prior to the beginning of the 1991-92 school year. The planning shall include:

- (1) Consideration of the types of services provided by school districts that would be eligible for medical assistance, and whether the state's medical assistance plan should be expanded to cover additional services for children;
- (2) Establishment of categories of eligible services and the rates of reimbursement;
- (3) Development of a state-wide billing system for use by school districts and educational service districts, which may include phased expansion of the system, providing billing services to the various regions of the state in stages;
- (4) Measures for accountability and auditing of billings;
- (5) Information bulletins and workshops for school districts and educational service districts;
- (6) Contracting with educational service districts or other organizations for billing services or for other assistance in implementing the process established under this section;
- (7) Formal agreements between the department and the superintendent of public instruction for notification of payments and for interagency reimbursement under section 2 of this act; and
- (8) Review and approval of the plan by the office of financial management prior to submission to the legislature of the report under section 5 of this act.

NEW SECTION. Sec. 5. Prior to January 15, 1990, the superintendent of public instruction and the department of social and health services shall submit a joint report to the appropriations committee of the house of representatives and the ways and means committee of the senate on the agencies' progress in developing the medical assistance billing system for school districts established under this act."

On page 1, line 2 of the title, after "children," strike the remainder of the title and insert "amending RCW 28A.41.053 and 74.09.520; and creating new sections."

and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

SENATE AMENDMENTS TO HOUSE BILL

April 7, 1989

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1051 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. A new section is added to chapter 10.77 RCW to read as follows:

With respect to this act, the legislature finds that among those persons who endanger the safety of others by committing felony crimes are a small number of persons with developmental disabilities. While their conduct is not typical of the vast majority of persons with developmental disabilities who are responsible citizens, for their own welfare and for the safety of others the state may need to exercise control over those few dangerous individuals who are developmentally disabled, have been charged with felony crimes, and have been found either incompetent to stand trial or not guilty by reason of insanity. The legislature finds, however, that the use of civil commitment procedures under chapter 71.05 RCW to effect state control over dangerous developmentally disabled persons has resulted in their commitment to institutions for the mentally ill. The legislature finds that existing programs in mental institutions may be inappropriate for persons who are developmentally disabled because the services provided in mental institutions are oriented to persons with mental illness, a condition not necessarily associated with developmental disabilities. Therefore, the legislature believes that, where appropriate, and subject to available funds, persons with developmental disabilities who have been charged with felony crimes and have been found incompetent to stand trial or not guilty by reason of insanity should receive state services addressing their needs, that such services must be provided in conformance with an individual habilitation plan, and that their initial treatment should be separate and discrete from treatment for persons involved in any other treatment or habilitation program in a manner consistent with the needs of public safety.

NEW SECTION, Sec. 2. A new section is added to chapter 71.05 RCW to read as follows:

With respect to this act, the legislature finds that among those persons who endanger the safety of others by committing felony crimes are a small number of persons with developmental disabilities. While their conduct is not typical of the vast majority of persons with developmental disabilities who are responsible citizens, for their own welfare and for the safety of others the state may need to exercise control over those few dangerous individuals who are developmentally disabled, have been charged with felony crimes, and have been found either incompetent to stand trial or not guilty by reason of insanity. The legislature finds, however, that the use of civil commitment procedures under chapter 71.05 RCW to effect state control over dangerous developmentally disabled persons has resulted in their commitment to institutions for the mentally ill. The legislature finds that existing programs in mental institutions may be inappropriate for persons who are developmentally disabled because the services provided in mental institutions are oriented to persons with mental illness, a condition not necessarily associated with developmental disabilities. Therefore, the legislature believes that, where appropriate, and subject to available funds, persons with developmental disabilities who have been charged with felony crimes and have been found incompetent to stand trial or not guilty by reason of insanity should receive state services addressing their needs, that such

services must be provided in conformance with an individual habilitation plan, and that their initial treatment should be separate and discrete from treatment for persons involved in any other treatment or habilitation program in a manner consistent with the needs of public safety.

Sec. 3, Section 1, chapter 117, Laws of 1973 1st ex. sess. as last amended by section 1, chapter 122, Laws of 1983 and RCW 10.77.010 are each amended to read as follows:

Sec. 4, Section 6, chapter 117, Laws of 1973 1st ex. sess. as amended by section 6, chapter 198, Laws of 1974 ex. sess. and RCW 10.77.060 are each amended to read as follows:

(1) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate at least two qualified experts or professional persons, one of whom shall be approved by the prosecuting attorney, to examine and report upon the mental condition of the defendant. At least one of the experts or professional persons appointed shall be a developmental disabilities professional if the court is advised by any party that the defendant may be developmentally disabled. For purposes of the examination, the court may order the defendant committed to a hospital or other suitable facility for a period of time necessary to complete the examination, but not to exceed fifteen days.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the examination authorized by subsection (1) of this section, and that ~~((he))~~ the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the examination shall include the following:

(a) A description of the nature of the examination;

(b) A diagnosis of the mental condition of the defendant;

(c) If the defendant suffers from a mental disease or defect, or is developmentally disabled, an opinion as to ~~((his))~~ competency;

(f) An opinion as to whether the defendant is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

Sec. 5. Section 9, chapter 117, Laws of 1973 1st ex. sess. as last amended by section 3, chapter 215, Laws of 1979 ex. sess. and RCW 10.77.090 are each amended to read as follows:

(1) If at any time during the pendency of an action and prior to judgment, the court finds following a report as provided in RCW 10.77.060, as now or hereafter amended, that the defendant is incompetent, the court shall order the proceedings against ~~((him))~~ the defendant be stayed, except as provided in subsection (5) of this section, and, if the defendant is charged with a felony, may commit the defendant to the custody of the secretary, who shall place such defendant in an appropriate facility of the department for evaluation and treatment, or the court may alternatively order the defendant to undergo evaluation and treatment at some other facility, or under the guidance and control of some other person, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event, for no longer than a period of ninety days. A defendant found incompetent shall be evaluated at the direction of the secretary and a determination made whether the defendant is developmentally disabled. Such evaluation and determination shall be accomplished as soon as possible following the court's placement of the defendant in the custody of the secretary. When appropriate, and subject to available funds, if the defendant is determined to be developmentally disabled, he or she may be placed in a program specifically reserved for the treatment and training of persons with developmental disabilities where the defendant shall have the right to habilitation according to an individualized service plan specifically developed for the particular needs of the defendant. The program shall be separate from programs serving persons involved in any other treatment or habilitation program. The program shall be appropriately secure under the circumstances and shall be administered by developmental disabilities professionals who shall direct the habilitation efforts. The program shall provide an environment affording security appropriate with the charged criminal behavior and necessary to protect the public safety. The department may limit admissions of such persons to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department. A copy of the report shall be sent to the facility. On or before expiration of the initial ninety day period of commitment the court shall conduct a hearing, at which it shall determine whether or not the defendant is incompetent. If the defendant is charged with a crime which is not a felony, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the county mental health professional to evaluate the defendant and commence proceedings under chapter 71.05 RCW if appropriate; and subsections (2) and (3) of this section shall not be applicable: PROVIDED, That, upon order of the court, the prosecutor may directly petition for fourteen days of involuntary treatment under chapter 71.05 RCW.

(2) If the court finds by a preponderance of the evidence that the defendant is incompetent, the court shall have the option of extending the order of commitment or alternative treatment for an additional ninety day period, but it must at the time of extension set a date for a

prompt hearing to determine the defendant's competency before the expiration of the second ninety day period. The defendant, ~~((his)) the defendant's~~ attorney, the prosecutor, or the judge shall have the right to demand that the hearing on or before the expiration of the second ninety day period be before a jury. No extension shall be ordered for a second ninety-day period, nor for any subsequent period as provided in subsection (3) of this section if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension. If no demand is made, the hearing shall be before the court. The court or jury shall determine whether or not the defendant has become competent.

(3) At the hearing upon the expiration of the second ninety day period or at the end of the first ninety day period, in the case of a developmentally disabled defendant, if the jury or court, as the case may be, finds that the defendant is incompetent, the charges shall be dismissed without prejudice, and either civil commitment proceedings shall be instituted, if appropriate, or the court shall order the release of the defendant: PROVIDED, That the criminal charges shall not be dismissed if at the end of the second ninety day period, or at the end of the first ninety day period, in the case of a developmentally disabled defendant, the court or jury finds that the defendant is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, and that there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for an additional six months. At the end of said six month period, if the defendant remains incompetent, the charges shall be dismissed without prejudice and either civil commitment proceedings shall be instituted, if appropriate, or the court shall order release of the defendant.

(4) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(5) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables ~~((him)) the defendant~~ to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(6) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of examination which meets the requirements of RCW 10.77.060(3).

Sec. 6. Section 11, chapter 117, Laws of 1973 1st ex. sess. as last amended by section 1, chapter 25, Laws of 1983 and RCW 10.77.110 are each amended to read as follows:

(1) If a defendant is acquitted of a felony by reason of insanity, and it is found that he or she is not a substantial danger to other persons, and does not present a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, the court shall direct ~~((his)) the defendant's~~ final discharge. If it is found that such defendant is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, the court shall order his or her hospitalization, or any appropriate alternative treatment less restrictive than detention in a state mental hospital, pursuant to the terms of this chapter.

(2) If the defendant has been found not guilty by reason of insanity and a substantial danger, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, so as to require treatment then the secretary shall immediately cause the defendant to be evaluated to ascertain if the defendant is developmentally disabled. When appropriate, and subject to available funds, the defendant may be committed to a program specifically reserved for the treatment and training of developmentally disabled persons. A person so committed shall receive habilitation services according to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The treatment program shall provide physical security to a degree consistent with the finding that the defendant is dangerous and may incorporate varying conditions of security and alternative sites when the dangerousness of any particular defendant makes this necessary. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department.

(3) If it is found that such defendant is not a substantial danger to other persons, and does not present a substantial likelihood of committing felonious acts jeopardizing public safety or security, but that he or she is in need of control by the court or other persons or institutions, the court shall direct ~~((his)) the defendant's~~ conditional release. If the defendant is acquitted by reason of insanity of a crime which is not a felony, the court shall order the defendant's release or order the defendant's continued custody only for a reasonable time to allow the county-

designated mental-health professional to evaluate the individual and to proceed with civil commitment pursuant to chapter 71.05 RCW, if considered appropriate.

Sec. 7. Section 12, chapter 117, Laws of 1973 1st ex. sess. as amended by section 11, chapter 198, Laws of 1974 ex. sess. and RCW 10.77.120 are each amended to read as follows:

The secretary shall forthwith provide adequate care and individualized treatment at one or several of the state institutions or facilities under his or her direction and control wherein persons committed as criminally insane may be confined. Such persons shall be under the custody and control of the secretary to the same extent as are other persons who are committed to ~~(his)~~ the secretary's custody, but such provision shall be made for their control, care, and treatment as is proper in view of their condition. In order that the secretary may adequately determine the nature of the mental illness or developmental disability of the person committed to him or her as criminally insane, and in order for the secretary to place such individuals in a proper facility, all persons who are committed to the secretary as criminally insane shall be promptly examined by qualified personnel in such a manner as to provide a proper evaluation and diagnosis of such individual. The examinations of all developmentally disabled persons committed under this chapter shall be performed by developmental disabilities professionals. Any person so committed shall not be discharged from the control of the secretary save upon the order of a court of competent jurisdiction made after a hearing and judgment of discharge.

Whenever there is a hearing which the committed person is entitled to attend, the secretary shall send him or her in the custody of one or more department employees to the county where the hearing is to be held at the time the case is called for trial. During the time ~~(he)~~ the person is absent from the facility, he or she shall be confined in a facility designated by and arranged for by the department, and shall at all times be deemed to be in the custody of the department employee and provided necessary treatment. If the decision of the hearing remits the person to custody, the department employee shall forthwith return ~~(him)~~ the person to such institution or facility designated by the secretary. If the state appeals an order of discharge, such appeal shall operate as a stay, and the person in custody shall so remain and be forthwith returned to the institution or facility designated by the secretary until a final decision has been rendered in the cause.

Sec. 8. Section 14, chapter 117, Laws of 1973 1st ex. sess. as amended by section 12, chapter 198, Laws of 1974 ex. sess. and RCW 10.77.140 are each amended to read as follows:

Each person committed to a hospital or other facility or conditionally released pursuant to this chapter shall have a current examination of his or her mental condition made by one or more experts or professional persons at least once every six months. Said person may retain, or if ~~(he)~~ the person is indigent and so requests, the court may appoint a qualified expert or professional person to examine him or her, and such expert or professional person shall have access to all hospital records concerning the person. In the case of a committed or conditionally released person who is developmentally disabled, the expert shall be a developmental disabilities professional. The secretary, upon receipt of the periodic report, shall provide written notice to the court of commitment of compliance with the requirements of this section.

Sec. 9. Section 2, chapter 122, Laws of 1983 and RCW 10.77.163 are each amended to read as follows:

(1) Before a person committed under this chapter is permitted temporarily to leave a treatment facility for any period of time without constant accompaniment by facility staff, the superintendent, professional person in charge of a treatment facility, or his or her professional designee shall in writing notify the prosecuting attorney of any county to which the person is released and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision conditionally to release the person. The notice shall be provided at least thirty days before the anticipated release and shall describe the conditions under which the release is to occur.

(2) In addition to the notice required by subsection (1) of this section, the superintendent of each state institution designated for the custody, care, and treatment of ~~((the criminally insane))~~ persons committed under this chapter shall notify appropriate law enforcement agencies through the state patrol communications network of the furloughs of persons committed under RCW 10.77.090 or 10.77.110. Notification shall be made at least forty-eight hours before the furlough, and shall include the name of the person, the place to which the person has permission to go, and the dates and times during which the person will be on furlough. ~~((For emergency furloughs, forty-eight hours notice is not required, but notice shall be made before the departure:))~~

(3) Upon receiving notice that a person committed under this chapter is being temporarily released under subsection (1) of this section, the prosecuting attorney may seek a temporary restraining order to prevent the release of the person on the grounds that the person is dangerous to self or others.

Sec. 10. Section 3, chapter 122, Laws of 1983 and RCW 10.77.165 are each amended to read as follows:

In the event of an escape by a ~~((criminally insane))~~ person committed under this chapter from a state institution or the disappearance of such a person on conditional release, the

superintendent shall notify as appropriate, local law enforcement officers, other governmental agencies, the person's relatives, and any other appropriate persons about information necessary for the public safety or to assist in the apprehension of the person.

Sec. 11. Section 20, chapter 117, Laws of 1973 1st ex. sess. as last amended by section 2, chapter 25, Laws of 1983 and RCW 10.77.200 are each amended to read as follows:

(1) Upon application by the ~~((criminally insane))~~ committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for final discharge. If the secretary approves the final discharge he or she then shall authorize said person to petition the court.

(2) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for final discharge, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of his choice. If the petitioner is indigent, and ~~((he))~~ the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner is developmentally disabled, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner may be finally discharged without substantial danger to other persons, and without presenting a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(3) Nothing contained in this chapter shall prohibit the patient from petitioning the court for final discharge or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

Sec. 12. Section 21, chapter 117, Laws of 1973 1st ex. sess. as amended by section 3, chapter 196, Laws of 1983 and RCW 10.77.210 are each amended to read as follows:

All records and reports made pursuant to this chapter, shall be made available only upon request, to the committed person, to his or her attorney, to his or her personal physician, to the prosecuting attorney, to the court, to the protection and advocacy agency, or other expert or professional persons who, upon proper showing, demonstrates a need for access to such records. All records and reports made pursuant to this chapter shall also be made available, upon request, to the department of corrections or the ~~((board of prison terms and paroles))~~ indeterminate sentence review board if the person was on parole or probation at the time of detention, hospitalization, or commitment or the person is subsequently convicted for the crime for which ~~((they were))~~ he or she was detained, hospitalized, or committed pursuant to this chapter.

The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310.

Sec. 15. Section 37, chapter 142, Laws of 1973 1st ex. sess. as last amended by section 5, chapter 67, Laws of 1986 and RCW 71.05.320 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services for a further period of intensive treatment not to exceed ninety days from the date of judgment: PROVIDED, That if the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department. If the committed person is developmentally disabled and has been determined incompetent pursuant to RCW 10.77.090(3), and the best interests of the person or others will not be served by a less-restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department. When appropriate and subject to available funds, treatment and training of such persons must be provided in a program specifically reserved for the treatment and training of developmentally disabled persons. A person so committed shall receive habilitation services pursuant to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. Said treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department. An order for treatment less restrictive than involuntary detention may include conditions, and if such conditions are not adhered to, the designated mental health professional or developmental disabilities professional may order the person apprehended under the terms and conditions of RCW 71.05.340 as now or hereafter amended.

If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment: PROVIDED, That if the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(2) Said person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) of this section unless the superintendent or professional person in charge of the facility in which he is confined, or in the event of a less restrictive alternative, the designated mental health professional or developmental disabilities professional, files a new petition for involuntary treatment on the grounds that the committed person;

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm to others; or

(b) Was taken into custody as a result of conduct in which he attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm to others; or

(c) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability presents a substantial likelihood of repeating similar acts considering the charged criminal behavior, life history, progress in treatment, and the public safety; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in subsections (b) and (c) of this section was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to reprove that element. Such new petition for involuntary treatment shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this subsection are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided herein above. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. No person committed as herein provided may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length.

Sec. 16. Section 2, chapter 67, Laws of 1986 and RCW 71.05.325 are each amended to read as follows:

(1) Before a person committed under grounds set forth in RCW 71.05.280(3) is released from involuntary treatment because a new petition for involuntary treatment has not been filed under RCW 71.05.320(2), the superintendent, professional person, or designated mental health professional responsible for the decision whether to file a new petition shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision not to file a new petition for involuntary treatment. Notice shall be provided at least thirty days before the period of commitment expires.

(2)(a) Before a person committed under grounds set forth in RCW 71.05.280(3) is permitted temporarily to leave a treatment facility pursuant to RCW 71.05.270 for any period of time without constant accompaniment by facility staff, the superintendent, professional person in charge of a treatment facility, or his or her professional designee shall in writing notify the prosecuting attorney of any county to which the person is to be released and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision conditionally to release the person. The notice shall be provided at least thirty days before the anticipated release and shall describe the conditions under which the release is to occur.

(b) The provisions of RCW 71.05.330(2) apply to proposed temporary releases, and either or both prosecuting attorneys receiving notice under this subsection may petition the court under RCW 71.05.330(2).

(3) Nothing in this section shall be construed to authorize detention of a person unless a valid order of commitment is in effect.

NEW SECTION. Sec. 17. A new section is added to chapter 10.77 RCW to read as follows:

The provisions of this act shall apply equally to persons presently in the custody of the department who were found by a court to be not guilty by reason of insanity or incompetent to stand trial, or who have been found to have committed acts constituting a felony pursuant to RCW 71.05.280(3) and present a substantial likelihood of repeating similar acts, and the secretary shall cause such persons to be evaluated to ascertain if such persons are developmentally disabled for placement in a program specifically reserved for the treatment and training of persons with developmental disabilities.

NEW SECTION. Sec. 18. A new section is added to chapter 71.05 RCW to read as follows:

The provisions of this act shall apply equally to persons presently in the custody of the department who were found by a court to be not guilty by reason of insanity or incompetent to stand trial, or who have been found to have committed acts constituting a felony pursuant to

RCW 71.05.280(3) and present a substantial likelihood of repeating similar acts, and the secretary shall cause such persons to be evaluated to ascertain if such persons are developmentally disabled for placement in a program specifically reserved for the treatment and training of persons with developmental disabilities.

NEW SECTION. Sec. 19. (1) The legislature finds that since the later 1970s, there has been an increase in the reinstitutionalization of the mentally ill in prisons, jails, and mentally ill offender programs within state hospitals in Washington. The mentally ill offender is frequently released from jail or prison without any supervision or case management in the community. The mentally ill offender is also released from the state hospital to the community where the mental health system is resource-deficient to accommodate the needs of the mentally ill, criminally stigmatized person. Many of these individuals become reinvolvement with the criminal justice system, the jails, courts, and corrections with additional convictions and/or state hospital commitments. Neither the treatment needs of this population nor public safety is being met by the existing systems.

There is public concern about the lack of adequate security in mentally ill offender programs at state hospitals. It is the intent of the legislature to promote public safety and provide a secure treatment facility to serve the forensic patients who are under the supervision of the department of corrections or the department of social and health services.

(2)(a) The department of corrections and the department of social and health services shall conduct a study for the development of a forensic hospital which would serve the needs of mentally ill offenders currently in state health institutions and prisons. In preparing the study, the departments shall consult with other states, counties, cities, jails, private and public agencies, and community groups for recommendations in housing and treating the mentally ill offender.

(b) The scope of the study shall be sufficiently broad to encompass the inpatient and community service needs of the mentally ill offenders, from their first contact with the criminal justice system to reintegration in the community.

(c) The departments shall report back to the senate law and justice committee and the house of representatives judiciary committee before March 1, 1990.

NEW SECTION. Sec. 20. Section 19 of this act shall expire March 1, 1990.

NEW SECTION. Sec. 21. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

MOTION

Mr. Grant moved that the House refuse to concur in the Senate amendments to Second Substitute House Bill No. 1476 and ask the Senate to recede therefrom.

POINT OF ORDER

Mr. Basich: Mr. Speaker, I would hope for a ruling on the Senate amendments that are not within the scope and object of the bill.

SPEAKER'S RULING

The Speaker: The Speaker has examined Second Substitute House Bill No. 1476 and the Senate amendments. Second Substitute House Bill No. 1476 is fairly clear. It spells out the Washington Marketplace program. The goal is to identify businesses within communities which either purchase or plan to purchase supplies from sources outside the state. Buyers who are interested in participating in the program provide the program with their product specifications. It is a worthy program. The Senate amendments establish the Office of Capital Projects within the Department of Trade and Economic Development. It is designed to assist Washington businesses in marketing their products overseas—a gain, this is a worthy endeavor, I am sure. But it does not fall within the original purpose of this bill. It does not perfect the bill; it broadens considerably what the bill intended to do. I find, Representative Basich, that your point is well taken. The Senate amendments are outside the scope and object of the original House Bill.

The Speaker stated the question before the House to be the motion to refuse to concur in the Senate amendments to Second Substitute House Bill No. 1476 and ask the Senate to recede therefrom.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1989

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1305 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. (1) The legislature finds that chapter 9, Laws of 1982 2nd ex. sess. was intended to extend state public utility taxation to electrical energy generated in this state for eventual distribution outside this state. The legislature further finds that chapter 9, Laws of 1982 2nd ex. sess. was held unconstitutional by the Thurston county superior court in Washington Water Power v. State of Washington (memorandum opinion No. 83-2-00977-1). The purpose of Part I of this act is to recognize the effect of that decision by correcting the relevant RCW sections to read as though the legislature had not enacted chapter 9, Laws of 1982 2nd ex. sess., and thereby make clear the effect of subsequent amendments in Part II of this act.

(2) The purpose of Part II of this act is to provide a constitutional means of replacing the revenue lost as a result of the Washington water power decision.

PART I

Sec. 101. Section 82.04.120, chapter 15, Laws of 1961 as last amended by section 1, chapter 493, Laws of 1987 and RCW 82.04.120 are each amended to read as follows:

ANNOUNCEMENT BY THE SPEAKER

The Speaker (Mr. R. King presiding) deferred further consideration of Substitute House Bill No. 1305.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1989

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2167 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that mobile home parks are an important part of housing in Washington state. Mobile homes allow many citizens to own a home who otherwise would not. Mobile home parks provide a place to locate mobile homes, and therefore, can be a source of affordable housing. Mobile home parks also provide community living opportunities which can enable senior citizens to live independently for as long as possible.

(2) The legislature also finds that local siting and zoning regulations for mobile home parks and land use decisions by some local jurisdictions prohibit or hinder the establishment or expansion of mobile home parks. In areas where mobile home parks are closing, such decisions increase the problem for tenants due to a lack of available spaces on which to move a mobile home.

(3) The purpose of this act is to encourage local jurisdictions to review their land use regulations and permit procedures pertaining to mobile home parks and to encourage the establishment or expansion of mobile home parks.

NEW SECTION. Sec. 2. A new section is added to chapter 35.63 RCW to read as follows:

Any city with a population of ten thousand or more or any county with a population of one hundred fifty thousand or more shall conduct a review of the need and demand for mobile home parks. The review shall be completed by May 31, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the department of community development by June 30, 1990.

NEW SECTION. Sec. 3. A new section is added to chapter 35A.63 RCW to read as follows:

Each municipality with a population of ten thousand or more shall conduct a review of the need and demand for mobile home parks. The review shall be completed by May 31, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the department of community development by June 30, 1990.

NEW SECTION. Sec. 4. A new section is added to chapter 36.70 RCW to read as follows:

Each county with a population of one hundred fifty thousand or more shall conduct a review of the need and demand for mobile home parks. The review shall be completed by May 31, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the department of community development by June 30, 1990.

NEW SECTION. Sec. 5. A new section is added to chapter 35.22 RCW to read as follows:

If a first class city zones under its inherent charter authority and not under chapter 35.63 RCW, then each first class city shall conduct a review of the need and demand for mobile home parks. The review shall be completed by May 31, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the department of community development by June 30, 1990.

NEW SECTION. Sec. 6. A new section is added to chapter 36.32 RCW to read as follows:

(b) Consult with federal, state, and local agencies, senior citizen organizations, the real estate industry, and other groups as it considers necessary;

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. A new section is added to chapter 51.16 RCW to read as follows:

(1) The department shall assess premiums, under the provisions of this section, for certain horse racing employments licensed in accordance with chapter 67.16 RCW. This premium assessment shall be for the purpose of providing industrial insurance coverage for employees of trainers licensed under chapter 67.16 RCW, including but not limited to exercise riders, pony riders, and grooms, and includes all on or off track employment. For the purposes of sections 1 through 7 of this act a hotwalker shall be considered a groom. The department may adopt rules under chapter 34.05 RCW to carry out the purposes of this section, including rules providing for alternative reporting periods and payment due dates for coverage under this section.

(2) The department shall compute industrial insurance premium rates on a per license basis, which premiums shall be assessed at the time of each issuance or renewal of the license for owners, trainers, and grooms in amounts established by department rule for coverage under this section. This premium assessment shall be for the purpose of providing industrial insurance coverage for workers licensed under chapter 67.16 RCW, including but not limited to exercise riders, pony riders, and grooms. Premium assessments shall be determined in accordance with the requirements of this title, except that assessments shall not be experience rated and shall be fixed at the basic manual rate. However, rates may vary according to differences in working conditions at major tracks and fair tracks.

(3) For the purposes of paying premiums and assessments under this section and making reports under this title, individuals licensed as trainers by the Washington horse racing commission shall be considered employers. The premium assessment for a groom's license shall be paid by the trainer responsible for signing the groom's license application and shall be payable at the time of license issuance or renewal.

(4) Premium assessments under this section shall be collected by the Washington horse racing commission and deposited in the industrial insurance trust funds as provided under department rules.

NEW SECTION. Sec. 2. A new section is added to chapter 67.16 RCW to read as follows:

The industrial insurance premium assessments required under section 1 of this act shall be retroactive to January 1, 1989, and shall be collected from all licensees whose licenses were issued after that date. The department shall adopt such rules as are necessary to ensure that no licensee licensed prior to the effective date of this act shall pay more than the assessment fixed at the basic manual rate. The commission shall deposit the industrial insurance premium assessments in the industrial insurance trust fund as required by rules adopted by the department of labor and industries.

(2) In addition to the license fees to be imposed on owner licenses as authorized by this chapter, the commission shall collect the industrial insurance premium assessments required under section 1 of this act, to apply retroactively to all licenses issued prior to the effective date of this act and after January 1, 1989. The assessment on each owner's license shall not imply that an owner is an employer, but shall be required as part of the privilege of holding an owner's license. The fee to be assessed on owner licenses as required by section 1 of this act shall in no case exceed one hundred fifty dollars. The commission shall deposit the industrial insurance premium assessments collected in the industrial insurance trust fund as required by rules adopted by the department of labor and industries.

(2) It shall be unlawful for the employer, unless specifically authorized by this title, to deduct or obtain any part of the premium or other costs required to be by him or her paid from the wages or earnings of any of his or her workers, and the making of or attempt to make any such deduction shall be a gross misdemeanor.

Sec. 4. Section 9, chapter 14, Laws of 1980 and RCW 51.32.073 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, each employer shall retain from the earnings of each worker that amount as shall be fixed from time to time by the director, the basis for measuring said amount to be determined by the director. The money so retained shall be matched in an equal amount by each employer, and all such moneys shall be remitted to the department in such manner and at such intervals as the department directs and shall be placed in the supplemental pension fund: PROVIDED, That the state apprenticeship council shall pay the entire amount into the supplemental pension fund for registered apprentices or trainees during their participation in supplemental and related instruction classes. The moneys

The department may require a self-insurer to make any additional payments which are payable from the supplemental pension fund and thereafter such self-insurer shall be reimbursed therefrom.

(2) None of the amount assessed for the supplemental pension fund under section 1 of this 1989 act may be retained from the earnings of workers covered under section 1 of this 1989 act.

It shall be unlawful for any person to hold any race meet without having first obtained and having in force and effect a license issued by the commission as in this chapter provided; and it shall be unlawful for any owner, trainer or jockey to participate in race meets in this state without first securing a license therefor from the state racing commission, the fee for which shall be set by the commission which shall offset the cost of administration and shall not be for a period exceeding ~~((three))~~ one year(s).

NEW SECTION. Sec. 6. The house commerce and labor committee and the senate economic development and labor committee, in conjunction with the horse racing commission and the department of labor and industries, shall conduct a study of industrial insurance coverage of the horse racing industry, specifically including coverage for jockeys. 2SSB 5400 Prime Sponsor, Committee on Ways & Means: Regarding mental health systems. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass with the following amendments by Committee on Appropriations and without amendments by Committee on Human Services:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 2, chapter 204, Laws of 1982 as amended by section 1, chapter 274, Laws of 1986 and RCW 71.24.015 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide(s) for:

(1) Access to mental health services for adults and children of the state who are acutely mentally ill, seriously disturbed, or chronically mentally ill, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. It is also the purpose of this chapter to ensure that children in need of mental health care and treatment receive the care and treatment appropriate to their developmental level, and to enable treatment decisions to be made in response to clinical needs and in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of services through state-wide standards for ~~((management))~~ monitoring((;)) and reporting of information;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which ~~((may))~~ shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to encourage the development of county-based services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties

are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

Sec. 2. Section 3, chapter 204, Laws of 1982 as amended by section 2, chapter 274, Laws of 1986 and RCW 71.24.025 are each amended to read as follows:

~~(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.~~

~~(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to the law, applicable rules and regulations, or applicable standards, or failure to meet the minimum standards established pursuant to this section.~~

~~(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. ~~(13) The standards for certification of evaluation and treatment facilities shall include standards relating to maintenance of good physical and mental health and other services to be afforded persons pursuant to this chapter and chapter 71.05 RCW, and shall otherwise assure the effectuation of the purposes and intent of this chapter and chapter 71.05 RCW.~~

~~(14)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects county needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, and seriously disturbed as defined in chapter 71.24 RCW. The formula shall take into consideration the impact on counties of demographic factors in counties which result in concentrations of priority populations as defined in ((chapter 71.24 RCW)) subsection (15) of this section. These factors shall include the population concentrations resulting from commitments under the involuntary treatment act, chapter 71.05 RCW, to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.~~

(b) The department shall submit a proposed distribution formula in accordance with this section to the ways and means and ~~((human services))~~ health care and corrections committees of the senate and to the ways and means and human services committees of the house of representatives by ~~((January 1, 1988))~~ October 1, 1989. The formula shall also include a projection of the funding allocations that will result for each county, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

(15) To supersede duties assigned under subsection (5) (a) and (b) of this section, and to assure a county-based, integrated system of care for acutely mentally ill adults and children, chronically mentally ill adults and children, and seriously disturbed adults and children who are determined by regional support networks at their sole discretion to be at risk of becoming acutely or chronically mentally ill, the secretary shall encourage the development of regional support networks as follows:

By December 1, 1989, the secretary shall recognize regional support networks requested by counties or groups of counties.

All counties wishing to be recognized as a regional support network on December 1, 1989, shall submit their intentions regarding participation in the regional support networks by October 30, 1989, along with preliminary plans. Counties wishing to be recognized as a regional support network by January 1, 1993, shall submit their intentions by November 30, 1992, along with preliminary plans. The secretary shall assume all duties assigned to the nonparticipating counties under chapters 71.05 and 71.24 RCW on July 1, 1995. Such responsibilities shall include those which would have been assigned to the nonparticipating counties under regional support networks.

The implementation of regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05 and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(16) The secretary shall:

(a) Disburse the first funds for the regional support networks that are ready to begin implementation by January 1, 1990, or within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks to begin implementation between January 1, 1990, and March 1, 1990, and complete implementation by June 1995. The contracts shall be consistent with available resources and plans submitted by participating regional support networks, and approved by the department.

(c) By July 1, 1993, allocate one hundred percent of available resources to regional support networks created by January 1, 1990, in a single grant. Regional support networks created by January 1, 1993, shall receive a single block grant by July 1, 1995. The grants shall include funds currently provided for all residential services, all services pursuant to chapter 71.05 RCW, and all community support services and shall be distributed in accordance with a formula submitted to the legislature by January 1, 1993, in accordance with subsection (14) of this section.

(d) By January 1, 1990, allocate available resources to regional support networks for community support services, resource management services, and residential services excluding evaluation and treatment facilities provided pursuant to chapter 71.05 RCW in a single grant using the distribution formula established in subsection (14) of this section.

(e) By March 1, 1990, or within sixty days of approval of the contract continuing through July 1, 1993, provide grants as specifically appropriated by the legislature to regional support networks for evaluation and treatment facilities for persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. For regional support networks created by January 1, 1993, provide grants as specifically appropriated by the legislature to regional support networks for evaluation and treatment facilities for persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW through July 1, 1995.

(f) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(g) Study and report to the legislature by December 1, 1989, on expanding the use of federal Title XIX funds and the definition of institutions for mental diseases to provide services to persons who are acutely mentally ill, chronically mentally ill, or at risk of becoming so. The study shall also include an assessment of the impact of Title XIX funds and the definition of institutions for mental diseases on the use of state funds to provide needed mental health services to the chronically mentally ill.

(h) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(i) Identify in its departmental biennial operating and capital budget requests the funds requested by regional support networks to implement their responsibilities under this chapter.

(j) Contract to provide or, if requested, make grants to counties to provide technical assistance to county authorities or groups of county authorities to develop regional support networks.

(17) The department of social and health services, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the health care and corrections committee of the senate and the human services committee of the house of representatives.

(18) The secretary shall establish a task force to examine the recruitment, training, and compensation of qualified mental health professionals in the community, which shall include the advantages and disadvantages of establishing a training academy, loan forgiveness program, or educational stipends offered in exchange for commitments of employment in mental health. The task force shall report back to the appropriate committees of the legislature by January 1, 1990.

Sec. 4. Section 5, chapter 204, Laws of 1982 as amended by section 5, chapter 274, Laws of 1986 and RCW 71.24.045 are each amended to read as follows:

The county authority shall:

(1) Submit biennial needs assessments beginning January 1, 1983, and mental health service plans which incorporate all services provided for by the county authority consistent with state minimum standards and which provide access to treatment for the county's residents including children and other underserved populations who are acutely mentally ill, chronically mentally ill, or seriously disturbed. The county program shall provide:

(a) Outpatient services;

(b) Emergency care services for twenty-four hours per day;

(c) Day treatment for mentally ill persons which includes training in basic living and social skills, supported work, vocational rehabilitation, and day activities. Such services may include therapeutic treatment. In the case of a child, day treatment includes age-appropriate basic living and social skills, educational and prevocational services, day activities, and therapeutic treatment;

(d) Screening for patients being considered for admission to state mental health facilities to determine appropriateness of admission;

(e) Consultation and education services;

(f) Residential and inpatient services, if the county chooses to provide such optional services; and

(g) Community support services ~~((for acutely and chronically mentally ill persons which include: (i) Discharge planning for clients leaving state mental hospitals, other acute care inpatient facilities, inpatient psychiatric facilities for persons under twenty-one years of age, and other children's mental health residential treatment facilities; (ii) sufficient contacts with clients, schools, families, or significant others to provide for an effective program of community maintenance; and (iii) medication monitoring)).~~

The county shall develop the biennial needs assessment based on clients to be served, services to be provided, and the cost of those services, and may include input from the public, clients, and licensed service providers. Each county authority may appoint a county mental health advisory board which shall review and provide comments on plans and policies developed by the county authority under this chapter. The composition of the board shall be broadly representative of the demographic character of the county and the mentally ill persons served therein. Length of terms of board members shall be determined by the county authority;

(2) Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(3) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective. ~~((Whenever a county authority chooses to operate as a licensed service provider, the secretary shall act as the county authority for that service.))~~

(4) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts, including the minimum standards of ~~((management and))~~ service delivery as established by the department;

(5) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in ((RCW 71.24.035(5)(b))) this chapter;

(8) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

NEW SECTION, Sec. 5. A new section is added to chapter 71.24 RCW to read as follows:

A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. The roles and responsibilities of county authorities shall be determined by the terms of that agreement and the provisions of law. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(1) Regional support networks shall within three months of recognition submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties by July 1, 1995, instead of those presently assigned to counties under RCW 71.24.045(1):

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) By July 1, 1993, provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. For regional support networks that are created after June 30, 1991, the requirements of (c) of this subsection must be met by July 1, 1995.

(d) By July 1, 1993, administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of mentally ill offenders, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section. For regional support networks that are created after June 30, 1991, the requirements of (d) of this subsection must be met by July 1, 1995.

(e) In the 1991-93 biennium, regional support networks which were recognized in 1989 shall include within their contracts measurable progress toward implementing evaluation and treatment goals, including agreements to reduce the overall number of detentions and agreements to divert a portion of short-term commitments from state hospitals established in the regional network plan: PROVIDED, That such agreements will not be required until the 1991 legislature has reviewed the feasibility and practicality of such agreements and has concurred with the appropriateness of such agreements.

(f) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, and mental health services to children as provided in this chapter.

(g) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.

(3) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made

available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter. The composition of the board shall be broadly representative of the demographic character of the region and the mentally ill persons served therein. Length of terms of board members shall be determined by the regional support network.

(5) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(6) Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(7). The office of financial management shall consider information gathered in studies required in this chapter and information about the experience of other states to propose a mental health services administrative cost lid to the 1991 legislature which shall include administrative costs of licensed service providers, the state psychiatric hospitals and the department.

(7) The first regional support network contract may include a pilot project to: Establish standards and procedures for (a) making referrals for comprehensive medical examinations and treatment programs for those whose mental illness is caused or exacerbated by organic disease, and (b) training staff in recognizing the relationship between mental illness and organic disease.
