(4)(a) In order to maximize the funding appropriated for the basic health plan, the health care authority is directed to make modifications that will reduce the total number of subsidized enrollees to approximately 65,000 by January 1, 2010. In addition to the reduced enrollment, other modifications may include changes in enrollee premium obligations, changes in benefits, enrollee cost-sharing, and termination of the enrollment of individuals concurrently enrolled in a medical assistance program as provided in Substitute House Bill No. 2341.

(b) The health care authority shall coordinate with the department of social and health services to negotiate a medicaid section 1115 waiver with the federal centers for medicare and medicaid services that would provide matching funds for services provided to persons enrolled in the basic health plan under chapter 70.47 RCW.

(c) If the waiver in (b) of this subsection is granted, the health care authority may implement the waiver if it allows the program to remain within appropriated levels, after providing notice of its terms and conditions to the relevant policy and fiscal committees of the legislature in writing thirty days prior to the planned implementation date of the waiver.

(5) \$250,000 of the general fund--state appropriation for fiscal year 2010 and \$250,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the implementation of Substitute Senate Bill No. 5360 (community collaboratives). If the bill is not enacted by June 30, 2009, the amounts provided in this section shall lapse.

(6) The ~~((department))~~ authority shall seek public-private partnerships and federal funds that are or may become available to implement health information technology projects under the federal American recovery and reinvestment act of 2009.

(7)(a) \$2,495,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the authority for grants to two pilot projects, one each based in Spokane and Whatcom counties, to provide a full continuum of health care services to low-income adults. The pilot project in Spokane county shall aim for an enrollment of five hundred individuals and the pilot project in Whatcom county shall aim for an enrollment of one thousand individuals. All individuals enrolled in the pilot projects shall meet the criteria in (b) of this subsection. Grantees must demonstrate experience in working with an established network of health care providers in the county capable of providing continuity of health care services that may include a primary care medical home and catastrophic insurance coverage, to low-income adults. Expectations of grantees will include: Coordinating public, private, and volunteer efforts within the county to maximize participation within the grant funds available; and providing continuity of care to participants that promotes improved health outcomes as determined by the health care authority. Grantees will submit reports as directed by the health care authority.

(b) In order to participate in a pilot, eligible low-income adults must have an income at or below two hundred percent of the federal poverty level; reside in the county where the project is based; be on the basic health waiting list at the time of application to participate; have no other health insurance coverage; and not be eligible for full-scope medical assistance programs, federal medicare programs, or health insurance through their employer. Grantees may require participants to meet other criteria, such as qualifying for health insurance coverage and paying premiums or other costs in order to participate in the pilot.

(c) The authority, in collaboration with the grantees of the pilots in (a) of this subsection, shall seek any federal funds that may be available with the enactment of federal health care reform.

(8) In the event that the authority markets a nonsubsidized version of the basic health plan, the authority must also provide information on other health care coverage options to potential clients.

(9) \$20,000 of the general fund--state appropriation for fiscal year 2010 and \$63,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the implementation of chapter 220, Laws of 2010 (accountable care organizations).

The appropriations in this section are subject to the following conditions and limitations:

(1) (~~(\$1,874,000 of the general fund--state appropriation for fiscal year 2010 and \$1,922,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for 10 additional basic law enforcement academies in fiscal year 2010 and 10 additional basic law enforcement academies in fiscal year 2011.~~

—(2)) \$1,191,000 of the general fund--state appropriation for fiscal year 2010 and \$1,191,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington association of sheriffs and police chiefs to continue to develop, maintain, and operate the jail booking and reporting system (JBRS) and the statewide automated victim information and notification system (SAVIN).

((~~3~~)) (2) \$5,000,000 of the general fund--state appropriation for fiscal year 2010 and \$5,000,000 of the general fund--state appropriation for fiscal year 2011, are provided to the Washington association of sheriffs and police chiefs solely to verify the address and residency of registered sex offenders and kidnapping offenders under RCW 9A.44.130. The Washington association of sheriffs and police chiefs shall:

(a) Enter into performance-based agreements with units of local government to ensure that registered offender address and residency are verified:

- (i) For level I offenders, every twelve months;
- (ii) For level II offenders, every six months; and
- (iii) For level III offenders, every three months.

For the purposes of this subsection, unclassified offenders and kidnapping offenders shall be considered at risk level I unless in the opinion of the local jurisdiction a higher classification is in the interest of public safety.

(b) Collect performance data from all participating jurisdictions sufficient to evaluate the efficiency and effectiveness of the address and residency verification program; and

(c) Submit a report on the effectiveness of the address and residency verification program to the governor and the appropriate committees of the house of representatives and senate by December 31, each year.

The Washington association of sheriffs and police chiefs may retain up to three percent of the amount provided in this subsection for the cost of administration. Any funds not disbursed for address and residency verification or retained for administration may be allocated to local prosecutors for the prosecution costs associated with failing-to-register offenses.

((~~4~~)) (3) \$30,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for the implementation of Second Substitute House Bill No. 2078 (persons with developmental disabilities in correctional facilities or jails). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(4) \$171,000 of the general fund--local appropriation is provided solely to purchase ammunition for the basic law enforcement academy. Jurisdictions with one hundred or more full-time commissioned officers shall reimburse to the criminal justice training commission the costs of ammunition, based on the average cost of ammunition per cadet, for cadets that they enroll in the basic law enforcement academy.

(5) The criminal justice training commission may not run a basic law enforcement academy class of fewer than 30 students.

(6) \$1,500,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for continuing the enforcement of illegal drug laws in the rural pilot project enforcement areas as set forth in chapter 339, Laws of 2006.

The appropriations in this section are subject to the following conditions and limitations:

(1) Pursuant to RCW 43.135.055, the department is authorized to increase fees related to factory assembled structures, contractor registration, electricians, plumbers, asbestos removal, boilers, elevators, and manufactured home installers. These increases are necessary to support expenditures authorized in this section, consistent with chapters 43.22, 18.27, 19.28, and 18.106 RCW, RCW 49.26.130, and chapters 70.79, 70.87, and 43.22A RCW.

(2) \$424,000 of the accident account--state appropriation and \$76,000 of the medical aid account--state appropriation are provided solely for implementation of a community agricultural worker safety grant at the department of agriculture. The department shall enter into an interagency agreement with the department of agriculture to implement the grant.

(3) \$4,850,000 of the medical aid account--state appropriation is provided solely to continue the program of safety and health as authorized by RCW 49.17.210 to be administered under rules adopted pursuant to chapter 34.05 RCW, provided that projects funded involve workplaces insured by the medical aid fund, and that priority is given to projects fostering accident prevention through cooperation between employers and employees or their representatives.

(4) \$150,000 of the medical aid account--state appropriation is provided solely for the department to contract with one or more independent experts to evaluate and recommend improvements to the rating plan under chapter 51.18 RCW, including analyzing how risks are pooled, the effect of including worker premium contributions in adjustment calculations, incentives for accident and illness prevention, return-to-work practices, and other sound risk-management strategies that are consistent with recognized insurance principles.

(5) The department shall continue to conduct utilization reviews of physical and occupational therapy cases at the 24th visit. The department shall continue to report performance measures and targets for these reviews on the agency web site. The reports are due September 30th for the prior fiscal year and must include the amount spent and the estimated savings per fiscal year.

(6) The appropriations in this section reflect reductions in the appropriations for the department of labor and industries' administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing administrative costs only.

(7) \$500,000 of the accident account--state appropriation is provided solely for the department to contract with one or more independent experts to oversee and assist the department's implementation of improvements to the rating plan under chapter 51.18 RCW, in collaboration with the department and with the department's work group of retrospective rating and workers' compensation stakeholders. The independent experts will validate the impact of recommended changes on retrospective rating participants and nonparticipants, confirm implementation technology changes, and provide other implementation assistance as determined by the department.

(8) \$194,000 of the accident account--state appropriation and \$192,000 of the medical aid account--state appropriation are provided solely for implementation of Senate Bill No. 5346 (health care administrative procedures). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

(9) \$131,000 of the accident account--state appropriation and \$128,000 of the medical aid account--state appropriation are provided solely for implementation of Senate Bill No. 5613 (stop work orders). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

(10) \$68,000 of the accident account--state appropriation and \$68,000 of the medical aid account--state appropriation are provided solely for implementation of Senate Bill No. 5688 (registered domestic partners). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

(11) \$320,000 of the accident account--state appropriation and \$147,000 of the medical aid account--state appropriation are provided solely for implementation of Senate Bill No. 5873 (apprenticeship utilization). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

~~(15))~~ (12) \$73,000 of the general fund--state appropriation for fiscal year 2010, \$66,000 of the general fund--state appropriation for fiscal year 2011, \$606,000 of the accident account--state appropriation, and \$600,000 of the medical aid account--state appropriation are provided solely for the implementation of House Bill No. 1555 (underground economy). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.~~

~~(16))~~ (13) \$574,000 of the accident account--state appropriation and \$579,000 of the medical account--state appropriation are provided solely for the implementation of House Bill No. 1402 (industrial insurance appeals). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

(14) Within statutory guidelines, the boiler program shall explore opportunities to increase program efficiency. Strategies may include the consolidation of routine multiple inspections to the same site and trip planning to ensure the least number of miles traveled.

(15) \$16,000 of the general fund--state appropriation for fiscal year 2010 and \$50,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the crime victims compensation program to pay claims for mental health services for crime victim compensation program clients who have an established relationship with a mental health provider and subsequently obtain coverage under the medicaid program or the medical care services program under chapter 74.09 RCW. Prior to making such payment, the program must have determined that payment for the specific treatment or provider is not available under the medicaid or medical care services program. In addition, the program shall make efforts to contact any healthy options or medical care services health plan in which the client may be enrolled to help the client obtain authorization to pay the claim on an out-of-network basis.

(16) \$48,000 of the accident account--state appropriation and \$48,000 of the medical aid account--state appropriation are provided solely for the implementation of Substitute House Bill No. 2789 (issuance of subpoenas for purposes of agency investigations of underground economic activity). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(17) \$71,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for implementation of Senate Bill No. 6349 (farm internship program). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(18) \$127,000 of the general fund--state appropriation for fiscal year 2010 and \$133,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the department to provide benefits in excess of the cap established by sections 1 and 2, chapter 122, Laws of 2010. These benefits shall be paid for claimants who were determined eligible for and who were receiving crime victims' compensation benefits because they were determined to be permanently and totally disabled, as defined by RCW 51.08.160, prior to April 1, 2010. The director shall establish, by May 1, 2010, a process to aid crime victims' compensation recipients in identifying and applying for appropriate alternative benefit programs.

(19) \$155,000 of the public works administration account--state appropriation is provided solely for the implementation of Engrossed House Bill No. 2805 (offsite prefabricated items). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

TOTAL APPROPRIATION.....	(((\$987,113,000))
<u>\$1,088,763,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department of health and the state board of health shall not implement any new or amended rules pertaining to primary and secondary school facilities until the rules and a final cost estimate have been presented to the legislature, and the legislature has formally funded implementation of the rules through the omnibus appropriations act or by statute. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(2) In accordance with RCW 43.70.250 and 43.135.055, the department is authorized to establish and raise fees in fiscal year 2011 as necessary to meet the actual costs of conducting business and the appropriation levels in this section. This authorization applies to fees for the review of sewage tank designs, fees related to regulation and inspection of farmworker housing, and fees associated with the following professions: Acupuncture, dental, denturist, mental health counselor, nursing, nursing assistant, optometry, radiologic technologist, recreational therapy, respiratory therapy, social worker, cardiovascular invasive specialist, and practitioners authorized under chapter 18.240 RCW.

(3) Pursuant to RCW 43.135.055 and RCW 43.70.250, the department is authorized to establish fees by the amount necessary to fully support the cost of activities related to the administration of long-term care worker certification. The department is further authorized to increase fees by the amount necessary to implement the regulatory requirements of the following bills: House Bill No. 1414 (health care assistants), House Bill No. 1740 (dental residency licenses), and House Bill No. 1899 (retired active physician licenses).

~~((3))~~ (4) \$764,000 of the health professions account--state appropriation is provided solely for the medical quality assurance commission to maintain disciplinary staff and associated costs sufficient to reduce the backlog of disciplinary cases and to continue to manage the disciplinary caseload of the commission.

~~((4))~~ (5) \$57,000 of the general fund--state appropriation for fiscal year 2010 and \$58,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the midwifery licensure and regulatory program to offset a reduction in revenue from fees. ~~((There shall be no change to the current annual fees for new or renewed licenses for the midwifery program.))~~ The department shall convene the midwifery advisory committee on a quarterly basis to address issues related to licensed midwifery. The appropriations in this section assume that the current application and renewal fee for midwives shall be increased by fifty dollars and all other fees for midwives be adjusted accordingly.

~~((5))~~ (6) Funding for the human papillomavirus vaccine shall not be included in the department's universal vaccine purchase program in fiscal year 2010. Remaining funds for the universal vaccine purchase program shall be used to continue the purchase of all other vaccines included in the program until May 1, 2010, ~~((or until state funds are exhausted,))~~ at which point state funding for the universal vaccine purchase program shall be discontinued. ~~((Funds from section 317 of the federal public health services act direct assistance shall not be used in lieu of state funds.))~~

~~((6))~~ (7) Beginning July 1, 2010, the department, in collaboration with the department of social and health services, shall maximize the use of existing federal funds, including section 317 of the federal public health services act direct assistance as well as federal funds that may become available under the American recovery and reinvestment act, in order to continue to provide immunizations for low-income, nonmedicaid eligible children up to three hundred percent of the federal poverty level in state-sponsored health programs.

~~((7))~~ (8) The department shall eliminate outreach activities for the health care directives registry and use the remaining amounts to maintain the contract for the registry and minimal staffing necessary to administer the basic entry functions for the registry.

~~((8))~~ (9) Funding in this section reflects a temporary reduction of resources for the 2009-11 fiscal biennium for the state board of health to conduct health impact reviews.

~~((9))~~ (10) Pursuant to RCW 43.135.055 and 43.70.125, the department is authorized to adopt rules to establish a fee schedule to apply to applicants for initial certification surveys of health care facilities for purposes of receiving federal health care program reimbursement. The fees shall only apply when the department has determined that federal funding is not sufficient to compensate the department for the cost of conducting initial certification surveys. The fees for initial certification surveys may be established as follows: Up to \$1,815 for ambulatory surgery centers, up to \$2,015 for critical access hospitals, up to \$980 for end stage renal disease facilities, up to \$2,285 for home health agencies, up to \$2,285 for hospice agencies, up to \$2,285 for hospitals, up to \$520 for rehabilitation facilities, up to \$690 for rural health clinics, and up to \$7,000 for transplant hospitals.

~~((10))~~ (11) Funding for family planning grants for fiscal year 2011 is reduced in the expectation that federal funding shall become available to expand coverage of services for individuals through programs at the department of social and health services. In the event that such funding is not provided, the legislature intends to continue funding through a supplemental appropriation at fiscal year 2010 levels. \$4,500,000 of the

general fund--state appropriation is provided solely for the department of health-funded family planning clinic grants due to federal funding not becoming available.

~~((11))~~ (12) \$16,000,000 of the tobacco prevention and control account--state appropriation is provided solely for local health jurisdictions to conduct core public health functions as defined in RCW 43.70.514.

~~((12))~~ (13) \$100,000 of the health professions account appropriation is provided solely for implementation of Substitute House Bill No. 1414 (health care assistants). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

~~((13))~~ (14) \$42,000 of the health professions account--state appropriation is provided solely to implement Substitute House Bill No. 1740 (dentistry license issuance). If the bill is not enacted by June 30, 2009, the amount provided in this section shall lapse.

~~((14))~~ (15) \$23,000 of the health professions account--state appropriation is provided solely to implement Second Substitute House Bill No. 1899 (retired active physician licenses). If the bill is not enacted by June 30, 2009, the amount provided in this section shall lapse.

~~((15))~~ (16) \$12,000 of the general fund--state appropriation for fiscal year 2010 and \$67,000 of the general fund--private/local appropriation are provided solely to implement House Bill No. 1510 (birth certificates). If the bill is not enacted by June 30, 2009, the amount provided in this section shall lapse.

~~((16))~~ (17) \$31,000 of the health professions account is provided for the implementation of Second Substitute Senate Bill No. 5850 (human trafficking). If the bill is not enacted by June 2009, the amount provided in this subsection shall lapse.

~~((17))~~ (18) \$282,000 of the health professions account is provided for the implementation of Substitute Senate Bill No. 5752 (dentists cost recovery). If the bill is not enacted by June 2009, the amount provided in this subsection shall lapse.

~~((18))~~ (19) \$106,000 of the health professions account is provided for the implementation of Substitute Senate Bill No. 5601 (speech language assistants). If the bill is not enacted by June 2009, the amount provided in this subsection shall lapse.

(20) Subject to existing resources, the department of health is encouraged to examine, in the ordinary course of business, current and prospective programs, treatments, education, and awareness of cardiovascular disease that are needed for a thriving and healthy Washington.

(21) \$400,500 from the health professions account is appropriated to fund nursing commission programs related to discipline, impaired practitioner programs, and expedited credentialing. Funding comes from a reduction in the \$20 fees that nurses pay for access to University of Washington library resources.

(22) \$390,000 of the health professions account--state appropriation is provided solely to implement chapter 169, Laws of 2010 (nursing assistants). The amount provided in this subsection is from fee revenue authorized by Engrossed Substitute Senate Bill No. 6582.

(23) \$10,000 of the health professions account--state appropriation for fiscal year 2010 and \$40,000 of the health professions account--state appropriation for fiscal year 2011 are provided solely for the department to study cost effective options for collecting demographic data related to the health care professions workforce to be submitted to the legislature by December 1, 2010.

(24) \$66,000 of the health professions account--state appropriation is provided solely to implement chapter 209, Laws of 2010 (pain management).

(25) \$10,000 of the health professions account--state appropriation is provided solely to implement chapter 92, Laws of 2010 (cardiovascular invasive specialists).

(26) \$23,000 of the general fund--state appropriation is provided solely to implement chapter 182, Laws of 2010 (tracking ephedrine, etc.).

(27) The department is authorized to coordinate a tobacco cessation media campaign using all appropriate media with the purpose of maximizing the use of quit-line services and youth smoking prevention.

(28) For all contracts for smoking cessation and awareness services agreed to after the effective date of this section, at least ten percent of the value of that contract shall be dedicated to supporting smoking cessation and prevention programs for underserved and hard to reach populations, including populations with smoking rates higher than the state average.

(29) It is the intent of the legislature that the reductions in appropriations to the AIDS/HIV programs shall be achieved, to the greatest extent possible, by reducing those state government administrative costs that do not affect direct client services or direct service delivery or programs. The agency shall, to the greatest extent possible, reduce spending in those areas that shall have the least impact on implementing these programs.

(30) \$400,000 of the state toxics control account--state appropriation is provided solely for granting to a willing local public entity to provide emergency water supplies or water treatment for households with individuals at high public health risk from nitrate- contaminated wells in the lower Yakima basin.

(31) \$100,000 of the state toxics control account--state appropriation is provided solely for an interagency contract to the department of ecology to grant to agencies involved in improving groundwater quality in the lower Yakima Valley. These agencies will develop a local plan for improving water quality and reducing nitrate contamination. The department of ecology will report to the appropriate committees of the legislature and to the office of financial management no later than December 1, 2010, summarizing progress towards developing and implementing this plan.

NEW SECTION. Sec. 222. A new section is added to 2009 c 564 (uncodified) to read as follows:

FOR THE DEPARTMENT OF CORRECTIONS. The appropriations to the department of corrections in this act shall be expended for the programs and in the amounts specified herein. However, after May 1, 2010, after approval by the director of financial management and unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2010 between programs. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds and not federal funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any deviations from appropriation levels. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

Sec. 223. 2010 c 3 s 215 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF CORRECTIONS

(1) ADMINISTRATION AND SUPPORT SERVICES

General Fund--State Appropriation (FY 2010)	(\$55,622,000)
<u>\$55,772,000</u>

<u>\$55,417,000</u>	

TOTAL APPROPRIATION.....((\$111,940,000))
\$111,189,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Within funds appropriated in this section, the department shall seek contracts for chemical dependency vendors to provide chemical dependency treatment of offenders in corrections facilities, including corrections centers and community supervision facilities, which have demonstrated effectiveness in treatment of offenders and are able to provide data to show a successful treatment rate.

(b) \$35,000 of the general fund--state appropriation for fiscal year 2010 and \$35,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the support of a statewide council on mentally ill offenders that includes as its members representatives of community-based mental health treatment programs, current or former judicial officers, and directors and commanders of city and county jails and state prison facilities. The council will investigate and promote cost-effective approaches to meeting the long- term needs of adults and juveniles with mental disorders who have a history of offending or who are at-risk of offending, including their mental health, physiological, housing, employment, and job training needs.

(2) CORRECTIONAL OPERATIONS

State Efficiency and Restructuring Account--State
 Appropriation \$34,522,000

TOTAL APPROPRIATION.....((\$1,277,587,000))
\$1,286,337,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The department may expend funds generated by contractual agreements entered into for mitigation of severe overcrowding in local jails. Any funds generated in excess of actual costs shall be deposited in the state general fund. Expenditures shall not exceed revenue generated by such agreements and shall be treated as a recovery of costs.

(b) The department shall accomplish personnel reductions with the least possible impact on correctional custody staff, community custody staff, and correctional industries. For the purposes of this subsection, correctional custody staff means employees responsible for the direct supervision of offenders.

(c) During the 2009-11 biennium, when contracts are established or renewed for offender pay phone and other telephone services provided to inmates, the department shall select the contractor or contractors primarily based on the following factors: (i) The lowest rate charged to both the inmate and the person paying for the telephone call; and (ii) the lowest commission rates paid to the department, while providing reasonable compensation to cover the costs of the department to provide the telephone services to inmates and provide sufficient revenues for the activities funded from the institutional welfare betterment account.

(d) The Harborview medical center and the University of Washington medical center shall provide inpatient and outpatient hospital services to offenders confined in department of corrections facilities at a rate no greater than the average rate that the department has negotiated with other community hospitals in Washington state.

(e) A political subdivision which is applying for funding to mitigate one-time impacts associated with construction or expansion of a correctional institution, consistent with WAC 137-12A-030, may apply for the mitigation funds in the fiscal biennium in which the impacts occur or in the immediately succeeding fiscal biennium.

(f) Within amounts provided in this subsection, the department, jointly with the department of social and health services, shall identify the number of offenders released through the extraordinary medical placement program, the cost savings to the department of corrections, including estimated medical cost savings, and the costs for medical services in the community incurred by the department of social and health services. The department and the department of social and health services shall jointly report to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010.

(g) \$11,863,000 of the general fund--state appropriation for fiscal year 2010, \$11,864,000 of the general fund--state appropriation for fiscal year 2011, and \$2,336,000 of the general fund-private/local appropriation are provided solely for in-prison evidence-based programs and for the reception diagnostic center program as part of the offender re-entry initiative.

(h) The department shall appropriately transition offenders from custody as close as possible to the offender's earned release date without adversely affecting public safety. The number of offenders held beyond their earned release date should not exceed the number of offenders held beyond their earned release date in fiscal year 2008. By June 1, 2010, the department shall provide a report on its offender population to the office of financial management and the legislative fiscal committees. The report shall include (i) an explanation for the increase in the adult inmate population between the November 2009 forecast and the February 2010 forecast; (ii) an explanation for the increase in the number of offenders held beyond their earned release date between fiscal year 2008 and calendar year 2009; and (iii) a description of the department's actions to reduce and maintain the number of offenders held beyond their earned release date to the population level from fiscal year 2008, and a timetable for achieving that goal.

(i) The appropriations in this subsection are based on savings assumed from decreasing the offender population at the McNeil Island corrections center to 256 minimum security offenders, decreasing the offender population at the Larch corrections center to 240 offenders, the closure of the Ahtanum View corrections center, and the closure of the Pine Lodge corrections center for women.

(3) COMMUNITY SUPERVISION

General Fund--State Appropriation (FY 2010)	(\$151,249,000))
<u>\$150,729,000</u>	
General Fund--State Appropriation (FY 2011)	(\$141,785,000))
<u>\$139,945,000</u>	
TOTAL APPROPRIATION	(\$293,034,000))
<u>\$290,674,000</u>	

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The department shall accomplish personnel reductions with the least possible impact on correctional custody staff, community custody staff, and correctional industries. For the purposes of this subsection, correctional custody staff means employees responsible for the direct supervision of offenders.

(b) \$2,083,000 of the general fund--state appropriation for fiscal year 2010 and \$2,083,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement Senate Bill No. 5525 (state institutions/release). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(c) The appropriations in this subsection are based upon savings assumed from the implementation of Engrossed Substitute Senate Bill No. 5288 (supervision of offenders).

(d) \$2,791,000 of the general fund--state appropriation for fiscal year 2010 and \$3,166,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for evidence-based community programs and for community justice centers as part of the offender re- entry initiative.

(e) \$418,300 of the general fund--state appropriation for fiscal year 2010 is provided solely for the purposes of settling all claims in *Hilda Solis, Secretary of Labor, United States Department of Labor v. State of Washington, Department of Corrections, United States District Court, Western District of Washington, Cause No. C08-cv-05362-RJB*. The expenditure of this amount is contingent on the release of all claims in the case, and total settlement costs shall not exceed the amount provided in this subsection. If settlement is not fully executed by June 30, 2010, the amount provided in this subsection shall lapse.

(f) \$984,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for supplemental services that will be provided to offenders in lieu of a prison sentence, pursuant to chapter 224, Laws of 2010 (confinement alternatives).

(4) CORRECTIONAL INDUSTRIES

General Fund--State Appropriation (FY 2010)	\$2,574,000

<u>\$40,084,000</u>	
TOTAL APPROPRIATION	(\$80,905,000))
<u>\$80,812,000</u>	

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The state prison institutions may use funds appropriated in this subsection to rent uniforms from correctional industries in accordance with existing legislative mandates.

(b) The state prison medical facilities may use funds appropriated in this subsection to purchase goods and supplies through hospital or other group purchasing organizations when it is cost effective to do so.

Sec. 224. 2009 c 564 s 224 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SERVICES FOR THE BLIND

<u>\$1,910,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the amounts appropriated in this section, the sentencing guidelines commission, in partnership with the courts, shall develop a plan to implement an evidence-based system of community custody for adult felons that will include the consistent use of evidence-based risk and needs assessment tools, programs, supervision modalities, and monitoring of program integrity. The plan for the evidence-based system of community custody shall include provisions for identifying cost-effective rehabilitative programs; identifying offenders for whom such programs would be cost-effective; monitoring the system for cost-effectiveness; and reporting annually to the legislature. In developing the plan, the sentencing guidelines shall consult with: The Washington state institute for public policy; the legislature; the department of corrections; local governments; prosecutors; defense attorneys; victim advocate groups; law enforcement; the Washington federation of state employees; and other interested entities. The sentencing guidelines commission shall report its recommendations to the governor and the legislature by December 1, 2009.

(2)(a) Except as provided in subsection (b), during the 2009-11 biennium, the reports required by RCW 9.94A.480(2) and 9.94A.850(2) (d) and (h) shall be prepared within the available funds and may be delayed or suspended at the discretion of the commission.

(b) The commission shall submit the analysis described in section 15 of Engrossed Substitute Senate Bill No. 5288 no later than December 1, 2011.

(3) Within the amounts appropriated in this section, the sentencing guidelines commission shall survey the practices of other states relating to offenders who violate any conditions of their community custody. In conducting the survey, the sentencing guidelines commission shall perform a review of the research studies to determine if a mandatory minimum confinement policy is an evidence-based practice, investigate the implementation of such a policy in other states, and estimate the fiscal impacts of implementing such a policy in Washington state. The sentencing guidelines commission shall report its findings to the governor and the legislature by December 1, 2010.

Sec. 226. 2009 c 564 s 226 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

- (1) \$170,000 of the oil spill prevention account--state appropriation is provided solely for a contract with the University of Washington's sea grant program to continue an educational program targeted to small spills from commercial fishing vessels, ferries, cruise ships, ports, and marinas.
- (2) \$240,000 of the woodstove education and enforcement account-- state appropriation is provided solely for citizen outreach efforts to improve understanding of burn curtailments, the proper use of wood heating devices, and public awareness of the adverse health effects of woodsmoke pollution.
- (3) \$3,000,000 of the general fund--private/local appropriation is provided solely for contracted toxic-site cleanup actions at sites where multiple potentially liable parties agree to provide funding.
- (4) \$3,600,000 of the local toxics account--state appropriation is provided solely for the standby emergency rescue tug stationed at Neah Bay.
- (5) \$811,000 of the state toxics account--state appropriation is provided solely for oversight of toxic cleanup at facilities that treat, store, and dispose of hazardous wastes.
- (6) \$1,456,000 of the state toxics account--state appropriation is provided solely for toxic cleanup at sites where willing parties negotiate prepayment agreements with the department and provide necessary funding.

(7) \$558,000 of the state toxics account--state appropriation and \$3,000,000 of the local toxics account--state appropriation are provided solely for grants and technical assistance to Puget Sound-area local governments engaged in updating shoreline master programs.

(8) \$950,000 of the state toxics control account--state appropriation is provided solely for measuring water and habitat quality to determine watershed health and assist salmon recovery, beginning in fiscal year 2011.

(9) RCW 70.105.280 authorizes the department to assess reasonable service charges against those facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that involves both a nonradioactive hazardous component and a radioactive component. Service charges may not exceed the costs to the department in carrying out the duties in RCW 70.105.280. The current service charges do not meet the costs of the department to carry out its duties. Pursuant to RCW 43.135.055 and 70.105.280, the department is authorized to increase the service charges no greater than 18 percent for fiscal year 2010 and no greater than 15 percent for fiscal year 2011. Such service charges shall include all costs of public participation grants awarded to qualified entities by the department pursuant to RCW 70.105D.070(5) for facilities at which such grants are recognized as a component of a community relations or public participation plan authorized or required as an element of a consent order, federal facility agreement or agreed order entered into or issued by the department pursuant to any federal or state law governing investigation and remediation of releases of hazardous substances. Public participation grants funded by such service charges shall be in addition to, and not in place of, any other grants made pursuant to RCW 70.105D.070(5). Costs for the public participation grants shall be billed individually to the mixed waste facility associated with the grant.

(10) The department is authorized to increase the following fees in the 2009-2011 biennium as necessary to meet the actual costs of conducting business and the appropriation levels in this section: Environmental lab accreditation, dam safety and inspection, biosolids permitting, air emissions new source review, and manufacturer registration and renewal.

(11) \$63,000 of the state toxics control account--state appropriation is provided solely for implementation of Substitute Senate Bill No. 5797 (solid waste handling permits). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(12) \$225,000 of the general fund--state appropriation for fiscal year 2010 and \$193,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for implementation of Engrossed Second Substitute Bill No. 5560 (agency climate leadership). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(13) \$150,000 of the general fund--state appropriation for fiscal year 2010 and \$150,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for watershed planning implementation grants to continue ongoing efforts to develop and implement water agreements in the Nooksack Basin and the Bertrand watershed. These amounts are intended to support project administration; monitoring; negotiations in the Nooksack watershed between tribes, the department, and affected water users; continued implementation of a flow augmentation project; plan implementation in the Fishtap watershed; and the development of a water bank.

(14) \$215,000 of the general fund--state appropriation for fiscal year 2010 and \$235,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to provide watershed planning implementation grants for WRIA 32 to implement Substitute House Bill No. 1580 (pilot local water management program). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(15) \$200,000 of the general fund--state appropriation for fiscal year 2010 and \$200,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the purpose of supporting the trust water rights program and processing trust water right transfer applications that improve instream flow.

(16)(a) The department shall convene a stock water working group that includes: Legislators, four members representing agricultural interests, three members representing environmental interests, the attorney general or designee, the director of the department of ecology or designee, the director of the department of agriculture or designee, and affected federally recognized tribes shall be invited to send participants.

(b) The group shall review issues surrounding the use of permit- exempt wells for stock-watering purposes and may develop recommendations for legislative action.

(c) The working group shall meet periodically and report its activities and recommendations to the governor and the appropriate legislative committees by December 1, 2009.

(17) \$73,000 of the water quality permit account--state appropriation is provided solely to implement Substitute House Bill No. 1413 (water discharge fees). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(18) The department shall continue to work with the Columbia Snake River irrigators' association to determine how seasonal water operation and maintenance conservation can be utilized. In implementing this proviso, the department shall also consult with the Columbia River policy advisory group as appropriate.

(19) The department shall track any changes in costs, wages, and benefits that would have resulted if House Bill No. 1716 (public contract living wages), as introduced in the 2009 regular session of the legislature, were enacted and made applicable to contracts and related subcontracts entered into, renewed, or extended during the 2009-11 biennium. The department shall submit a report to the house of representatives commerce and labor committee and the senate labor, commerce, and consumer protection committee by December 1, 2011. The report shall include data on any aggregate changes in wages and benefits that would have resulted during the 2009-11 biennium.

(20) Within amounts appropriated in this section the department shall develop recommendations by December 1, 2009, for a convenient and effective mercury-containing light recycling program for residents, small businesses, and small school districts throughout the state. The department shall consider options including but not limited to, a producer-funded program, a recycler-supported or recycle fee program, a consumer fee at the time of purchase, general fund appropriations, or a currently existing dedicated account. The department shall involve and consult with stakeholders including persons who represent retailers, waste haulers, recyclers, mercury-containing light manufacturers or wholesalers, cities, counties, environmental organizations and other interested parties. The department shall report its findings and recommendations for a recycling program for mercury-containing lights to the appropriate committees of the legislature by December 1, 2009.

(21) ~~((During the 2009-11 biennium, the department shall implement its cost reimbursement authority for processing water right applications using a competitive bidding process. For each cost reimbursement application, the department shall obtain cost proposals and other necessary information from at least three prequalified costs reimbursement consultants and shall select the lowest responsive bidder.~~

~~---~~ ~~((22))~~ \$140,000 of the freshwater aquatic algae control account-- state appropriation is provided solely for grants to cities, counties, tribes, special purpose districts, and state agencies for capital and operational expenses used to manage and study excessive saltwater algae with an emphasis on the periodic accumulation of sea lettuce on Puget Sound beaches.

~~---~~ ~~((23))~~ (22) By December 1, 2009, the department in consultation with local governments shall conduct a remedial action grant financing alternatives report. The report shall address options for financing the remedial action grants identified in the department's report, entitled "House

Bill 1761, Model Toxics Control Accounts Ten-Year Financing Plan" and shall include but not be limited to the following: (a) Capitalizing cleanup costs using debt insurance; (b) capitalizing cleanup costs using prefunded cost-cap insurance; (c) other contractual instruments with local governments; and (d) an assessment of overall economic benefits of the remedial action grants funded using the instruments identified in this section.

(23) \$220,000 of the site closure account--state appropriation is provided solely for litigation expenses associated with the lawsuit filed by energy solutions, inc., against the Northwest interstate compact on low-level radioactive waste management and its executive director.

(24) \$68,000 of the water rights processing account--state appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 6267 (water rights processing). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(25) \$10,000 of the state toxics control account--state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 5543 (mercury-containing lights). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(26) \$300,000 of the state toxics control account--state appropriation is provided solely for piloting and evaluating two coordinated, multijurisdictional permitting teams for nontransportation projects.

(27)(a) \$4,000,000 of the state drought preparedness account--state appropriation is provided solely for response to a drought declaration pursuant to chapter 43.83B RCW. If such a drought declaration occurs, the department of ecology may provide funding to public bodies as defined in RCW 43.83B.050 in connection with projects and measures designed to alleviate drought conditions that may affect public health and safety, drinking water supplies, agricultural activities, or fish and wildlife survival.

(b) Projects or measures for which funding will be provided must be connected with a water system, water source, or water body that is receiving, or has been projected to receive, less than seventy-five percent of normal water supply, as the result of natural drought conditions. This reduction in water supply must be such that it is causing, or will cause, undue hardship for the entities or fish or wildlife depending on the water supply. The department shall issue guidelines outlining grant program and matching fund requirements within ten days of a drought declaration.

<u>\$916,000</u>	
TOTAL APPROPRIATION	(\$324,032,000)
<u>\$324,346,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

- (1) \$294,000 of the aquatic lands enhancement account--state appropriation is provided solely for the implementation of hatchery reform recommendations defined by the hatchery scientific review group.
- (2) \$355,000 of the general fund--state appropriation for fiscal year 2010 and \$422,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the department to implement a pilot project with the Confederated Tribes of the Colville Reservation to develop expanded recreational fishing opportunities on Lake Rufus Woods and its northern shoreline and to conduct joint enforcement of lake fisheries on Lake Rufus Woods and adjoining waters, pursuant to state and tribal intergovernmental agreements developed under the Columbia River water supply program. For the purposes of the pilot project:
 - (a) A fishing permit issued to a nontribal member by the Colville Tribes shall satisfy the license requirement of RCW 77.32.010 on the waters of Lake Rufus Woods and on the north shore of Lake Rufus Woods;
 - (b) The Colville Tribes have agreed to provide to holders of its nontribal member fishing permits a means to demonstrate that fish in their possession were lawfully taken in Lake Rufus Woods;
 - (c) A Colville tribal member identification card shall satisfy the license requirement of RCW 77.32.010 on all waters of Lake Rufus Woods;
 - (d) The department and the Colville Tribes shall jointly designate fishing areas on the north shore of Lake Rufus Woods for the purposes of enhancing access to the recreational fisheries on the lake; and
 - (e) The Colville Tribes have agreed to recognize a fishing license issued under RCW 77.32.470 or RCW 77.32.490 as satisfying the nontribal member fishing permit requirements of Colville tribal law on the reservation portion of the waters of Lake Rufus Woods and at designated fishing areas on the north shore of Lake Rufus Woods;
- (3) Prior to submitting its 2011-2013 biennial operating and capital budget request related to state fish hatcheries to the office of financial management, the department shall contract with the hatchery scientific review group (HSRG) to review this request. This review shall: (a) Determine if the proposed requests are consistent with HSRG recommendations; (b) prioritize the components of the requests based on their contributions to protecting wild salmonid stocks and meeting the recommendations of the HSRG; and (c) evaluate whether the proposed requests are being made in the most cost effective manner. The department shall provide a copy of the HSRG review to the office of financial management with their agency budget proposal.
- (4) Within existing funds, the department shall continue implementing its capital program action plan dated September 1, 2007, including the purchase of the necessary maintenance and support costs for the capital programs and engineering tools. The department shall report to the office of financial management and the appropriate committees of the legislature, its progress in implementing the plan, including improvements instituted in its capital program, by September 30, ~~(2011)~~ 2010.
- (5) \$1,232,000 of the state wildlife account--state appropriation is provided solely to implement Substitute House Bill No. 1778 (fish and wildlife). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(6) \$400,000 of the general fund--state appropriation for fiscal year 2010 and \$400,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for a state match to support the Puget Sound nearshore partnership between the department and the U.S. army corps of engineers.

(7) ~~(\$100,000)~~ \$50,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$100,000)~~ \$50,000 of the general fund-- state appropriation for fiscal year 2011 are provided solely for removal of derelict gear in Washington waters.

(8) The department of fish and wildlife shall dispose of all ~~(fixed wing)~~ Cessna aircraft it currently owns. The proceeds from the aircraft shall be deposited into the state wildlife account. Disposal of the aircraft must occur no later than June 30, 2010. The department shall coordinate with the department of natural resources on the installation of fire surveillance equipment into its Partenavia aircraft. The department shall make its Partenavia aircraft available to the department of natural resources on a cost-reimbursement basis for its use in coordinating fire suppression efforts. The two agencies shall develop an interagency agreement that defines how they will share access to the plane.

(9) \$50,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for an electron project fish passage study consistent with the recommendations and protocols contained in the 2008 electron project downstream fish passage final report.

(10) \$60,000 of the general fund--state appropriation for fiscal year 2010 and \$60,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for implementation of Engrossed Second Substitute Bill No. 5560 (agency climate leadership). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(11) If sufficient new revenues are not identified to continue hatchery operations, within the constraints of legally binding tribal agreements, the department shall dispose of, by removal, sale, lease, reversion, or transfer of ownership, the following hatcheries: McKernan, Colville, Omak, Bellingham, Arlington, and Mossyrock. Disposal of the hatcheries must occur by June 30, 2011, and any proceeds received from disposal shall be deposited in the state wildlife account. Within available funds, the department shall provide quarterly reports on the progress of disposal to the office of financial management and the appropriate fiscal committees of the legislature. The first report shall be submitted no later than September 30, 2009.

(12) \$100,000 of the eastern Washington pheasant enhancement account--state appropriation is provided solely for the department to support efforts to enhance permanent and temporary pheasant habitat on public and private lands in Grant, Franklin, and Adams counties. The department may support efforts by entities including conservation districts, nonprofit organizations, and landowners, and must require such entities to provide significant nonstate matching resources, which may be in the form of funds, material, or labor.

(13) Within the amounts appropriated in this section, the department of fish and wildlife shall develop a method for allocating its administrative and overhead costs proportionate to program fund use. As part of its 2011-2013 biennial operating budget, the department shall submit a decision package that rebalances expenditure authority for all agency funds based upon proportionate contributions.

(14) Within the amounts appropriated in this section, the department shall identify additional opportunities for partnerships in order to keep fish hatcheries operational. Such partnerships shall aim to maintain fish production and salmon recovery with less reliance on state operating funds.

(15) Within the amounts appropriated in this section, the department shall work with stakeholders to develop a long-term funding model that sustains the department's work of conserving species and habitat, providing sustainable recreational and commercial opportunities and using sound business practices. The funding model analysis shall assess the appropriate uses of each fund source and whether the department's current and projected revenue levels are adequate to sustain its current programs. The department shall report its recommended funding model including supporting analysis and stakeholder participation summary to the office of financial management and the appropriate committees of the legislature by October 1, 2010.

(16) By October 1, 2010, the department shall enter into an interagency agreement with the department of natural resources for land management services for the department's wildlife conservation and recreation lands. Land management services may include but are not limited to records management, real estate services such as surveying, and land acquisition and disposal services. The interagency agreement shall describe business processes, service delivery expectations, cost, and timing. In the agreement, the department shall define its roles and responsibilities. A draft agreement shall be submitted to the office of financial management and the appropriate fiscal committees of the legislature by July 1, 2010.

(17) Prior to opening game management unit 490 to public hunting, the department shall complete an environmental impact statement that includes an assessment of how public hunting activities will impact the ongoing protection of the public water supply.

(18) The department must work with appropriate stakeholders to facilitate the disposition of salmon to best utilize the resource, increase revenues to regional fisheries enhancement groups, and enhance the provision of nutrients to food banks. By November 1, 2010, the department must provide a report to the appropriate committees of the legislature summarizing these discussions, outcomes, and recommendations. After November 1, 2010, the department shall not solicit or award a surplus salmon disposal contract without first giving due consideration to implementing the recommendations developed during the stakeholder process.

(19) \$50,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for increased fish production at Voight Creek hatchery.

The appropriations in this section are subject to the following conditions and limitations:

- (1) \$1,355,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$1,299,000)~~ \$349,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for deposit into the agricultural college trust management account and are provided solely to manage approximately 70,700 acres of Washington State University's agricultural college trust lands.
- (2) ~~(\$11,128,000)~~ \$22,670,000 of the general fund--state appropriation for fiscal year 2010, \$11,128,000 of the general fund-- state appropriation for fiscal year 2011, and \$5,000,000 of the disaster response account--state appropriation are provided solely for emergency fire suppression. None of the general fund and disaster response account amounts provided in this subsection may be used to fund agency indirect and administrative expenses. Agency indirect and administrative costs shall be allocated among the agency's remaining accounts and appropriations. The department of natural resources shall submit a quarterly report to the office of financial management and the legislative fiscal committees detailing information on current and planned expenditures from the disaster response account. This work shall be done in coordination with the military department.
- (3) \$5,000,000 of the forest and fish support account--state appropriation is provided solely for adaptive management, monitoring, and participation grants to tribes. If federal funding for this purpose is reinstated, the amount provided in this subsection shall lapse.
- (4) \$600,000 of the derelict vessel removal account--state appropriation is provided solely for removal of derelict and abandoned vessels that have the potential to contaminate Puget Sound.
- (5) \$666,000 of the general fund--federal appropriation is provided solely to implement House Bill No. 2165 (forest biomass energy project). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.
- (6) \$5,000 of the general fund--state appropriation for fiscal year 2010 and \$5,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement Substitute House Bill No. 1038 (specialized forest products). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.
- (7) \$440,000 of the state general fund--state appropriation for fiscal year 2010 and \$440,000 of the state general fund--state appropriation for fiscal year 2011 are provided solely for forest work crews that support correctional camps and are contingent upon continuing operations of Naselle youth camp at the level provided in fiscal year 2008. The department shall consider using up to \$2,000,000 of the general fund--federal appropriation to support and utilize correctional camp crews to implement natural resource projects approved by the federal government for federal stimulus funding.
- (8) The department of natural resources shall dispose of the King Air aircraft it currently owns. Before disposal and within existing funds, the department shall transfer specialized equipment for fire surveillance to the department of fish and wildlife's Partenavia aircraft. Disposal of the aircraft must occur no later than June 30, 2010, and the proceeds from the sale of the aircraft shall be deposited into the ~~((natural resources equipment revolving fund))~~ forest and fish support account. ~~((At the expiration of current leases))~~ No later than June 30, 2011, the department shall lease facilities in eastern Washington sufficient to house the necessary aircraft, mechanics, and pilots used for forest fire prevention and suppression.

(9) \$30,000 of the general fund--state appropriation for fiscal year 2010 and \$30,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for implementation of Engrossed Second Substitute Bill No. 5560 (agency climate leadership). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(10) \$1,030,000 of the aquatic lands enhancement account--state appropriation for fiscal year 2011 is provided solely for continuing scientific studies already underway as part of the adaptive management process. Funds may not be used to initiate new studies unless the department secures new federal funding for the adaptive management process.

(11) Within available funds, the department of natural resources shall review the statutory method for determining aquatic lands lease rates for private marinas, public marinas not owned and operated by port districts, yacht clubs, and other entities leasing state land for boat moorage. The review shall consider alternative methods for determining rents for these entities for a fair distribution of rent, consistent with the department management mandates for state aquatic lands.

(12) \$40,000 of the general fund--state appropriation for fiscal year 2011 and \$100,000 of the aquatic lands enhancement account--state appropriation are provided solely to install up to twenty mooring buoys in Eagle Harbor and to remove abandoned boats, floats, and other trespassing structures.

(13) By October 1, 2010, the department shall enter into an interagency agreement with the department of fish and wildlife for providing land management services on the department of fish and wildlife's wildlife conservation and recreation lands. Land management services may include but are not limited to records management, real estate services such as surveying, and land acquisition and disposal services. The interagency agreement shall describe business processes, service delivery expectations, cost, and timing. A draft agreement shall be submitted to the office of financial management and the appropriate fiscal committees of the legislature by July 1, 2010.

(14) \$41,000 of the forest development account--state appropriation, \$44,000 of the resources management cost account--state appropriation, and \$2,000 of the agricultural college trust management account--state appropriation are provided solely for the implementation of Second Substitute House Bill No. 2481 (DNR forest biomass agreements). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(15) The department may not include shellfish growers in its aquatic habitat conservation plan if those growers have been issued a federal nationwide or individual permit by the United States army corps of engineers, in consultation with the United States fish and wildlife service and the national marine fisheries service, which concludes that shellfish cultivation activities on department-managed aquatic lands will not pose jeopardy to threatened or endangered species under the federal endangered species act.

Sec. 309. 2010 c 3 s 305 (uncodified) is amended to read as follows:

TOTAL APPROPRIATION.....	(\$42,277,000)
<u>\$57,015,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) \$350,000 of the aquatic lands enhancement account appropriation is provided solely for funding to the Pacific county noxious weed control board to eradicate remaining spartina in Willapa Bay.

(2) \$19,000 of the general fund--state appropriation for fiscal year 2010 and \$6,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement Substitute Senate Bill No. 5797 (solid waste handling permits). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(3) The department is authorized to establish or increase the following fees in the 2009-11 biennium as necessary to meet the actual costs of conducting business: Christmas tree grower licensing, nursery dealer licensing, plant pest inspection and testing, and commission merchant licensing.

(4) \$5,420,000 of the general fund--state appropriation for fiscal year 2011 and \$2,782,000 of the general fund--federal appropriation are provided solely for implementation of Substitute Senate Bill No. 6341 (food assistance/department of agriculture). Within amounts appropriated in this subsection, \$65,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for a contract with a food distribution program for communities in the southwestern portion of the state and for workers impacted by timber and salmon fishing closures and reductions. The department may not charge administrative overhead or expenses to this contract. If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(5) The department shall, if public or private funds are available, partner with eligible public and private entities with experience in food collection and distribution to review funding sources for eight full-time volunteers in the AmeriCorps VISTA program to conduct outreach to local growers, agricultural donors, and community volunteers. Public and private partners shall also be utilized to coordinate gleaning unharvested tree fruits and fresh produce for distribution to individuals throughout Washington state.

(6) When reducing laboratory activities and functions, the department shall not impact any research or analysis pertaining to bees.

TOTAL APPROPRIATION..... ((~~\$11,334,000~~))
\$14,508,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$305,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for measuring water and habitat quality to determine watershed health and assist salmon recovery.

(2) ((~~\$896,000~~)) \$794,000 of the state toxics control account-- state appropriation is provided solely for activities that contribute to Puget Sound protection and recovery, including provision of independent advice and assessment of the state's oil spill prevention, preparedness, and response programs, including review of existing activities and recommendations for any necessary improvements. The partnership may carry out this function through an existing committee, such as the ecosystem coordination board or the leadership council, or may appoint a special advisory council. Because this is a unique statewide program, the partnership may invite participation from outside the Puget Sound region.

(3) Within the amounts appropriated in this section, the Puget Sound partnership shall facilitate an ongoing monitoring consortium to integrate monitoring efforts for storm water, water quality, watershed health, and other indicators to enhance monitoring efforts in Puget Sound.

(4) The Puget Sound partnership shall work with Washington State University and the environmental protection agency to secure funding for the beach watchers program.

(5) ((~~\$877,000~~)) \$839,000 of the general fund--state appropriation for fiscal year 2010 and ((~~\$877,000~~)) \$764,000 of the general fund-- state appropriation for fiscal year 2011 are provided solely to support public education and volunteer programs. The partnership is directed to distribute the majority of funding as grants to local organizations, local governments, and education, communication, and outreach network partners. The partnership shall track progress for this activity through the accountability system of the Puget Sound partnership.

(6) The Puget Sound partnership shall negotiate an agreement with the recreation and conservation office to consolidate or share certain administrative functions currently performed by each agency independently. The agencies shall proportionately share the costs of such shared functions. Examples of shared functions may include, but are not limited to, support for personnel, information technology, grant and contract management, invasive species work, legislative coordination, and policy and administrative support of various boards and councils.

<u>\$87,081,000</u>	
TOTAL APPROPRIATION	((\$154,338,000))
<u>\$156,106,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) A maximum of (~~(\$22,532,000)~~) \$23,096,000 of the general fund-- state appropriation for fiscal year 2010 and (~~(\$21,023,000)~~) \$21,926,000 of the general fund--state appropriation for fiscal year 2011 is for state agency operations.

(a) (~~(\$11,792,000)~~) \$11,226,000 of the general fund--state appropriation for fiscal year 2010 and (~~(\$11,325,000)~~) \$10,367,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the operation and expenses of the office of the superintendent of public instruction.

(i) Within the amounts provided in this subsection, the superintendent shall recognize the extraordinary accomplishments of four students who have demonstrated a strong understanding of the civics essential learning requirements to receive the Daniel J. Evans civic education award.

(ii) Within amounts appropriated in this subsection (1)(a), the office of the superintendent of public instruction, consistent with WAC 392-121-182 (alternative learning experience requirements) which requires documentation of alternative learning experience student headcount and full-time equivalent (FTE) enrollment claimed for basic education funding, shall provide, (~~(via the)~~) monthly (report of school district enrollment), accurate monthly headcount and FTE enrollments for students in (~~(internet)~~) alternative learning experience (ALE) programs as well as information about resident and serving districts.

(iii) Within amounts provided in this subsection (1)(a), the state superintendent of public instruction shall share best practices with school districts regarding strategies for increasing efficiencies and economies of scale in school district noninstructional operations through shared service arrangements and school district cooperatives, as well as other practices.

(b) \$250,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for a statewide school district reorganization commission.

(i) The commission shall develop and recommend a comprehensive plan for the reorganization of Washington school districts for review and potential adoption by the legislature.

(ii) The commission shall be composed of the following members: A representative of the state board of education selected by the members of the board; two representatives of school administrators selected by the Washington association of school administrators, with one representative each from eastern and western Washington; two representatives of school board directors selected by the Washington state school directors' association, with one representative each from eastern and western Washington; one representative of certificated instructional school employees selected by the Washington education association; an individual with experience as a demographer or as a participant on the redistricting commission under chapter 44.05 RCW selected by the governor.

(iii) The commission shall develop objective criteria, ranked in priority order, for the reorganization of Washington school districts to include consideration of but not be limited to criteria in RCW 28A.315.015 and 28A.315.205. Based on the adopted objective criteria, the commission shall develop a comprehensive plan for the reorganization and reduction of Washington school districts. The plan may also result in a reorganization of the number and boundaries of educational service districts.

(iv) The commission shall submit a final comprehensive school district reorganization plan to the superintendent of public instruction, the governor, and the legislature by December 1, 2012, to include the following: A list of the recommended school districts and educational service districts and their respective boundaries; recommended procedures and timelines for phased-in implementation of the reorganization plan; procedures and timelines for determination, adjustment, and transfer of assets and liabilities among school districts, including bonded indebtedness; procedures and timelines for determination and election of school district and educational service district boards of directors; and any other relevant elements the commission deems essential for legislative and gubernatorial consideration.

(c) \$25,000 of the general fund--state appropriation for fiscal year 2011 is provided to the office of the superintendent of public instruction solely to convene a science, technology, engineering, and mathematics (STEM) working group to develop a comprehensive plan with a shared vision, goals, and measurable objectives to improve policies and practices to ensure that a pathway is established for elementary schools, middle schools, high schools, postsecondary degree programs, and careers in the areas of STEM, including improving practices for recruiting, preparing, hiring, retraining, and supporting teachers and instructors while creating pathways to boost student success, close the achievement gap, and prepare every student to be college and career ready. The working group shall be composed of the director of STEM at the office of the superintendent of public instruction who shall be the chair of the working group, and at least one representative from the state board of education, professional educator standards board, state board of community and technical colleges, higher education coordinating board, workforce training and education coordinating board, the achievement gap oversight and accountability committee, and others with appropriate expertise. The

working group shall develop a comprehensive plan and a report with recommendations, including a timeline for specific actions to be taken, which is due to the governor and the appropriate committees of the legislature by December 1, 2010.

~~(d)~~ ~~(\$927,000)~~ \$920,000 of the general fund--state appropriation for fiscal year 2010 and \$941,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for research and development activities associated with the development of options for new school finance systems, including technical staff, reprogramming, and analysis of alternative student funding formulae. Within this amount is \$150,000 for the state board of education for further development of accountability systems, and \$150,000 for the professional educator standards board for continued development of teacher certification and evaluation systems.

~~((b))~~ ~~(e)~~ \$965,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$965,000)~~ \$946,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the operation and expenses of the state board of education, including basic education assistance activities.

~~((e))~~ ~~(f)~~ \$5,366,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$5,264,000)~~ \$3,312,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to the professional educator standards board for the following:

(i) \$1,070,000 in fiscal year 2010 and ~~(\$1,070,000)~~ \$1,058,000 in fiscal year 2011 are for the operation and expenses of the Washington professional educator standards board ~~(including administering the alternative routes to certification program, pipeline for paraeducators conditional scholarship loan program, and the retooling to teach math conditional loan program)~~;

(ii) ~~(\$3,431,000)~~ \$4,106,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$3,431,000)~~ \$2,066,000 of the general fund--state appropriation for fiscal year 2011 are for conditional scholarship loans and mentor stipends provided through the alternative routes to certification program administered by the professional educator standards board, including the pipeline for paraeducators program and the retooling to teach conditional loan programs. Funding within this subsection (1)(f)(ii) is also provided for the recruiting Washington teachers program. ~~(Of these amounts:~~

~~—(A) \$500,000 each year is for conditional scholarships to candidates seeking an endorsement in special education, math, science, or bilingual education;~~

~~—(B) \$2,372,000 for fiscal year 2010 and \$2,372,000 for fiscal year 2011 are for the expansion of conditional scholarship loans and mentor stipends for individuals enrolled in alternative route state partnership programs and seeking endorsements in math, science, special education or bilingual education;~~

~~—(C) Any remaining amounts in this subsection (c) shall be used to continue existing alternative routes to certification programs; and~~

~~—(C) Certificated instructional staff allocations in this subsection (2)(a)(ii) exceeding the statutory minimums established in RCW 28A.150.260 shall not be considered part of basic education.) For districts that enroll fewer than 25 percent of their total full-time equivalent student enrollment in grades K through three in digital or online learning programs as defined in WAC 392-121-182, fifty-three and two-tenths certificated instructional staff units per thousand full-time equivalent students in grades K through three.~~

~~—(I) For all other districts, a minimum of forty-nine certificated instructional staff units per 1,000 full-time equivalent (FTE) students in grades K through three, with additional certificated instructional staff units to equal the documented staffing level in grades K through three, up to a maximum of fifty-three and two-tenths certificated instructional staff units per 1,000 FTE students.~~

~~—(B)(I) For districts that enroll fewer than 25 percent of their total full-time equivalent student enrollment in grade four in digital or online learning programs defined in WAC 392-121-182: For the 2009-10 school year, fifty-three and two-tenths certificated instructional staff units per thousand full-time equivalent students in grade four, and for the 2010-11 school year, forty-seven and forty-three one-hundredths certificated instructional staff units per thousand full-time equivalent students in grade four.~~

~~—(II) For all other districts:~~

~~For the 2009-10 school year, a minimum of forty-six certificated instructional staff units per 1,000 full-time equivalent (FTE) students in grade four, and additional certificated instructional staff units to equal the documented staffing level in grade four, up to a maximum of fifty-three and two-tenths certificated instructional staff units per 1,000 FTE students.~~

~~For the 2010-11 school year, a minimum of forty-six certificated instructional staff units per 1,000 full-time equivalent (FTE) students in grade four, and additional certificated instructional staff units to equal the documented staffing level in grade four, up to a maximum of forty-seven and forty-three one-hundredths certificated instructional staff units per 1,000 FTE students;~~

~~(iii) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 5-12;~~

~~(iv) Certificated staff allocations in this subsection (2)(a) exceeding the statutory minimums established in RCW 28A.150.260 shall not be considered part of basic education;~~

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; ~~(and)~~

~~(B) Middle school vocational STEM programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.8 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and~~

~~(C) Skills center programs meeting the standards for skills center funding established in January 1999 by the superintendent of public instruction with a waiver allowed for skills centers in current operation that are not meeting this standard until the 2010-11 school year, 0.92 certificated instructional staff units and 0.08 certificated administrative units for each 16.67 full-time equivalent vocational students;~~

(ii) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support; and

(iii) Indirect cost charges by a school district to vocational- secondary programs and vocational middle-school shall not exceed 15 percent of the combined basic education and vocational enhancement allocations of state funds;

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(f) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 2009-10 and 2010-11 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(e) through (h) of this section, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each 58.75 average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 14.43 percent in the 2009-10 school year and 14.43 percent in the 2010- 11 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of ~~((46.58))~~ 16.59 percent in the 2009-10 school year and ~~((46.58))~~ 16.59 percent in the 2010-11 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (g) of this section, there shall be provided a maximum of \$10,179 per certificated staff unit in the 2009-10 school year and a maximum of ~~((10,445))~~ \$10,424 per certificated staff unit in the 2010- 11 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of \$24,999 per certificated staff unit in the 2009-10 school year and a maximum of ~~((25,449))~~ \$25,399 per certificated staff unit in the 2010-11 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(B) of this section, there shall be provided a maximum of \$19,395 per certificated staff unit in the 2009-10 school year and a maximum of ~~((19,744))~~ \$19,705 per certificated staff unit in the 2010-11 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$607.44 for the 2009-10 and 2010-11 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) Funding in this section is sufficient to provide additional service year credits to educational staff associates pursuant to chapter 403, Laws of 2007.

(10)(a) The superintendent may distribute a maximum of ~~((7,288,000))~~ \$7,286,000 outside the basic education formula during fiscal years 2010 and 2011 as follows:

(i) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of \$567,000 may be expended in fiscal year 2010 and a maximum of ~~((577,000))~~ \$576,000 may be expended in fiscal year 2011;

- (ii) For summer vocational programs at skills centers, a maximum of \$2,385,000 may be expended for the 2010 fiscal year and a maximum of \$2,385,000 for the 2011 fiscal year. 20 percent of each fiscal year amount may carry over from one year to the next;
- (iii) A maximum of ~~(\$404,000)~~ \$403,000 may be expended for school district emergencies; and
- (iv) A maximum of \$485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(b) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(11) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 4.0 percent from the 2008-09 school year to the 2009-10 school year and 4.0 percent from the 2009-10 school year to the 2010-11 school year.

(12) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (g) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

(13) General apportionment payments to the Steilacoom historical school district shall reflect changes to operation of the Harriet Taylor elementary school consistent with the timing of reductions in correctional facility capacity and staffing.

Sec. 503. 2009 c 564 s 503 (unmodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION. (1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on April 22, 2009, at 08:22 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on April 22, 2009, at 08:22 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 14.43 percent for school year 2009-10 and 14.43 percent for school year 2010-11 for certificated staff and for classified staff ~~((16.58))~~ 16.59 percent for school year 2009-10 and ~~((16.58))~~ 16.59 percent for the 2010-11 school year.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

- (a) "BA" means a baccalaureate degree.
- (b) "MA" means a masters degree.
- (c) "PHD" means a doctorate degree.
- (d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.
- (e) "Credits" means college quarter hour credits and equivalent in- service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

- (a) The employee has a masters degree; or
- (b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 2 and the salary schedules in subsection (4)(a) of this section include one learning improvement day for the 2009-10 school year and zero learning improvement days for the 2010-11 school year. A school district is eligible for the learning improvement day funds only if the learning improvement day has been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional day shall be limited to specific activities identified in the state required school improvement plan related to improving student learning that are consistent with education reform implementation, and shall not be considered part of basic education. The principal in each school shall assure that the days are used to provide the necessary school-wide, all staff professional development that is tied directly to the school improvement plan. The school principal and the district superintendent shall maintain documentation as to their approval of these activities. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

Sec. 504. 2009 c 564 s 504 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS	
General Fund--State Appropriation (FY 2010)	(((\$4,215,000)))
<u>(\$4,414,000)</u>	
General Fund--State Appropriation (FY 2011)	((\$14,172,000))
<u>(\$1,806,000)</u>	
General Fund--Federal Appropriation	((\$6,000))

(\$1,000)

TOTAL APPROPRIATION ((~~\$9,963,000~~))
(\$6,221,000)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to all districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.

(b) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. These adjustments shall ensure a minimum salary allocation for certificated administrative staff of \$57,986 in the 2009-10 school year and \$57,986 in the 2010-11 school year.

(c) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for classified staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. These salary adjustments ensure a minimum salary allocation for classified staff of \$31,865 in the 2009- 10 school year and \$31,865 in the 2010-11 school year.

(d) The appropriations in this subsection (1) include associated incremental fringe benefit allocations at rates 13.79 percent for the 2009-10 school year and 13.79 percent for the 2010-11 school year for certificated staff and ((~~13.09~~)) 13.09 percent for the 2009-10 school year and ((~~13.09~~)) 13.09 percent for the 2010-11 school year for classified staff.

(e) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act. The appropriations in this section provide incremental fringe benefit alterations based on formula adjustments as follows:

	School Year	
	2009-10	2010-11
Pupil Transportation (per weighted pupil mile)	\$0	\$0
Highly Capable (per formula student)	(\$1.49)	((\$1.49)) <u>\$2.98</u>
Transitional Bilingual Education (per eligible bilingual student)	(\$3.93)	((\$3.93)) <u>\$7.86</u>
Learning Assistance (per formula student)	(\$1.18)	((\$1.18)) <u>\$2.36</u>

(f) The appropriations in this section include no salary adjustments for substitute teachers.

(2) ((~~\$44,188,000~~)) \$44,213,000 is provided for adjustments to insurance benefit allocations. The maintenance rate for insurance benefit allocations is \$732.00 per month for the 2009-10 and 2010-11 school years. The appropriations in this section provide for a rate increase to \$745.00 per month for the 2009-10 school year and \$768.00 per month for the 2010-11 school year. The adjustments to health insurance benefits are at the following rates:

	School Year	
	2009-10	2010-11
Pupil Transportation (per weighted pupil mile)	\$0.12	\$0.33
Highly Capable (per formula student)	((\$0.82)) <u>\$0.79</u>	\$2.22
Transitional Bilingual Education (per eligible bilingual student)	((\$2.10)) <u>\$2.11</u>	\$5.83
Learning Assistance (per formula student)	\$0.54	\$1.49

(3) The rates specified in this section are subject to revision each year by the legislature.

Sec. 505, 2009 c 564 s 505 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR PUPIL TRANSPORTATION

General Fund--State Appropriation (FY 2010) ((~~\$307,357,000~~))
\$317,116,000
 General Fund--State Appropriation (FY 2011) ((~~\$307,070,000~~))
\$296,747,000
 TOTAL APPROPRIATION ((~~\$614,427,000~~))
\$613,863,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) A maximum of \$878,000 of this fiscal year 2010 appropriation and a maximum of ~~(\$894,000)~~ \$892,000 of the fiscal year 2011 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) Allocations for transportation of students shall be based on reimbursement rates of \$48.15 per weighted mile in the 2009-10 school year and ~~(\$48.40)~~ \$48.37 per weighted mile in the 2010-11 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(4) The office of the superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(5) The superintendent of public instruction shall base depreciation payments for school district buses on the pre-sales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

(6) Funding levels in this section reflect reductions from the implementation of Substitute House Bill No. 1292 (authorizing waivers from the one hundred eighty-day school year requirement in order to allow four-day school weeks).

Sec. 506. 2009 c 564 s 506 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL FOOD SERVICE PROGRAMS

General Fund--State Appropriation (FY 2010)	\$3,159,000
General Fund--State Appropriation (FY 2011)	\$3,159,000
General Fund--Federal Appropriation	(\$281,988,000)
<u>\$391,988,000</u>	
TOTAL APPROPRIATION	(\$288,306,000)
<u>\$398,306,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) \$3,000,000 of the general fund--state appropriation for fiscal year 2010 and \$3,000,000 of the general fund--state appropriation for fiscal year 2011 are provided for state matching money for federal child nutrition programs.

(2) \$100,000 of the general fund--state appropriation for fiscal year 2010 and \$100,000 of the 2011 fiscal year appropriation are provided for summer food programs for children in low-income areas.

(3) \$59,000 of the general fund--state appropriation for fiscal year 2010 and \$59,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to reimburse school districts for school breakfasts served to students enrolled in the free or reduced price meal program pursuant to chapter 287, Laws of 2005 (requiring school breakfast programs in certain schools).

~~((4) \$1,588,000 of the general fund--federal appropriation of American recovery and reinvestment act of 2009 (ARRA) funds is provided solely for equipment assistance to school food authorities (SFAs) participating in the national school lunch program (NSLP). Local SFAs may apply to the office of the superintendent of public instruction to receive grants in accordance with provisions of the ARRA. Sec. 507. 2009 c 564 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2010)	(\$640,959,000)
<u>\$632,136,000</u>	
General Fund--State Appropriation (FY 2011)	(\$652,388,000)
<u>\$650,856,000</u>	
General Fund--Federal Appropriation	(\$656,052,000)
<u>\$664,601,000</u>	
Education Legacy Trust Account--State	
Appropriation	\$756,000
TOTAL APPROPRIATION	(\$1,950,155,000)
<u>\$1,948,349,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(5)(a) For the 2009-10 and 2010-11 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools in the 2009-10 school year. In the 2010-11 school year, the per student allocation under this subsection (5)(b) shall include the same factors as in the 2009-10 school year, but shall also include the classified staff enhancements included in section 502(3)(b).

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, (~~(\$73,668,000)~~ \$44,269,000) of the general fund--state appropriation and \$29,574,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state and federal revenues related to services for special education-eligible students. Awards associated with (b) and (c) of this subsection shall not exceed the total of a district's specific determination of need.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services. The safety net awards to school districts shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999. The state safety net oversight committee shall ensure that safety net documentation and awards are based on current medicaid revenue amounts.

(g) The office of the superintendent of public instruction, at the conclusion of each school year, shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) The office of the superintendent of public instruction shall review and streamline the application process to access safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvement to the process.

(12) A maximum of \$678,000 may be expended from the general fund-- state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high- cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(15) \$262,000 of the general fund--state appropriation for fiscal year 2010 and \$251,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

(16) ~~(\$221,357,000 of the general fund-- federal appropriation of American recovery and reinvestment act of 2009 funds is provided solely for the individuals with disabilities education act (IDEA), Part B, for distribution to school districts. The funds' use is to be consistent with the current IDEA, Part B statutory and regulatory requirements.~~

~~---~~(17)) \$50,000 of the general fund--state appropriation for fiscal year 2010, \$50,000 of the general fund--state appropriation for fiscal 2011, and \$100,000 of the general fund--federal appropriation shall be expended to support a special education ombudsman program within the office of superintendent of public instruction.

Sec. 508. 2009 c 564 s 508 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR EDUCATIONAL SERVICE DISTRICTS

General Fund--State Appropriation (FY 2010)	\$8,394,000
General Fund--State Appropriation (FY 2011)	(\$8,395,000)
<u>\$8,319,000</u>	
TOTAL APPROPRIATION	(\$16,789,000)
<u>\$16,713,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) The educational service districts shall continue to furnish financial services required by the superintendent of public instruction and RCW 28A.310.190 (3) and (4).

(2) \$3,355,000 of the general fund--state appropriation for fiscal year 2010 and \$3,355,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for regional professional development related to mathematics and science curriculum and instructional strategies. Funding shall be distributed among the educational service districts in the same proportion as distributions in the 2007-2009 biennium. Each educational service district shall use this funding solely for salary and benefits for a certificated instructional staff with expertise in the appropriate subject matter and in professional development delivery, and for travel, materials, and other expenditures related to providing regional professional development support. The office of superintendent of public instruction shall also allocate to each educational service district additional amounts provided in section 504 of this act for compensation increases associated with the salary amounts and staffing provided in this subsection (2).

(3) The educational service districts, at the request of the state board of education pursuant to RCW 28A.310.010 and 28A.310.340, may receive and screen applications for school accreditation, conduct school accreditation site visits pursuant to state board of education rules, and submit to the state board of education post-site visit recommendations for school accreditation. The educational service districts may assess a cooperative service fee to recover actual plus reasonable indirect costs for the purposes of this subsection.

Sec. 509. 2009 c 564 s 509 (uncodified) is amended to read as follows:

\$102,881,000
 TOTAL APPROPRIATION (~~(\$443,931,000)~~)
\$448,462,000

The appropriations in this section are subject to the following conditions and limitations:

- (1) (~~(\$36,806,000)~~) \$35,804,000 of the general fund--state appropriation for fiscal year 2010, \$34,516,000 of the general fund-- state appropriation for fiscal year 2011, \$1,350,000 of the education legacy trust account--state appropriation, and \$15,868,000 of the general fund--federal appropriation are provided solely for development and implementation of the Washington (~~assessments of student learning (WASL))~~ state assessment system, including: (i) Development and implementation of retake assessments for high school students who are not successful in one or more content areas (~~of the WASL~~); and (ii) development and implementation of alternative assessments or appeals procedures to implement the certificate of academic achievement. The superintendent of public instruction shall report quarterly on the progress on

development and implementation of alternative assessments or appeals procedures. Within these amounts, the superintendent of public instruction shall contract for the early return of 10th grade student (~~(WASLE)~~ assessment results, on or around June 10th of each year.

(2) \$3,249,000 of the general fund--state appropriation for fiscal year 2010 and \$3,249,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the design of the state assessment system and the implementation of end of course assessments for high school math.

(3) Within amounts provided in subsections (1) and (2) of this section, the superintendent of public instruction, in consultation with the state board of education, shall develop a statewide high school end-of-course assessment measuring student achievement of the state science standards in biology to be implemented statewide in the 2011-12 school year. By December 1, 2010, the superintendent of public instruction shall recommend whether additional end-of-course assessments in science should be developed and in which content areas. Any recommendation for additional assessments must include an implementation timeline and the projected cost to develop and administer the assessments.

(4) \$1,014,000 of the education legacy trust account appropriation is provided solely for allocations to districts for salaries and benefits for the equivalent of two additional professional development days for fourth and fifth grade teachers during the 2008-2009 school year. The allocations shall be made based on the calculations of certificated instructional staff units for fourth and fifth grade provided in section 502 of this act and on the calculations of compensation provided in sections 503 and 504 of this act. Districts may use the funding to support additional days for professional development as well as job-embedded forms of professional development.

~~((4))~~ (5) \$3,241,000 of the education legacy trust fund appropriation is provided solely for allocations to districts for salaries and benefits for the equivalent of three additional professional development days for middle and high school math and science teachers during the 2008-2009 school year, as well as specialized training for one math and science teacher in each middle school and high school during the 2008-2009 school year. Districts may use the funding to support additional days for professional development as well as job-embedded forms of professional development.

~~((5) \$3,850,000)~~ (6) \$3,773,000 of the education legacy trust account--state appropriation is provided solely for a math and science instructional coaches program pursuant to chapter 396, Laws of 2007. Funding shall be used to provide grants to schools and districts to provide salaries, benefits, and professional development activities for up to twenty-five instructional coaches in middle and high school math and twenty-five instructional coaches in middle and high school science in each year of the biennium; and up to \$300,000 may be used by the office of the superintendent of public instruction to administer and coordinate the program.

~~((6) \$1,781,000)~~ (7) \$1,740,000 of the general fund--state appropriation for fiscal year 2010 and ~~((1,943,000))~~ \$1,775,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to allow approved middle and junior high school career and technical education programs to receive enhanced vocational funding. The office of the superintendent of public instruction shall provide allocations to districts for middle and junior high school students in accordance with the funding formulas provided in section 502 of this act. If Second Substitute Senate Bill No. 5676 is enacted the allocations are formula-driven, otherwise the office of the superintendent shall consider the funding provided in this subsection as a fixed amount, and shall adjust funding to stay within the amounts provided in this subsection.

~~((7))~~ (8) \$139,000 of the general fund--state appropriation for fiscal year 2010 and \$139,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for (a) staff at the office of the superintendent of public instruction to coordinate and promote efforts to develop integrated math, science, technology, and engineering programs in schools and districts across the state; and (b) grants of \$2,500 to provide twenty middle and high school teachers each year professional development training for implementing integrated math, science, technology, and engineering program in their schools.

~~((8) \$1,579,000)~~ (9) \$1,473,000 of the general fund--state appropriation for fiscal year 2010 and ~~((1,579,000))~~ \$395,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington state leadership and assistance for science education reform (LASER) regional partnership activities coordinated at the Pacific science center, including instructional material purchases, teacher and principal professional development, and school and community engagement events. Funding shall be distributed to the various LASER activities in a manner proportional to LASER program spending during the 2007-2009 biennium.

~~((9) \$81,010,000)~~ (10) \$88,981,000 of the education legacy trust account--state appropriation is provided solely for grants for voluntary full-day kindergarten at the highest poverty schools, as provided in chapter 400, Laws of 2007. The office of the superintendent of public instruction shall provide allocations to districts for recipient schools in accordance with the funding formulas provided in section 502 of this act. Each kindergarten student who enrolls for the voluntary full-day program in a recipient school shall count as one-half of one full-time equivalent student for the purpose of making allocations under this subsection. Although the allocations are formula-driven, the office of the superintendent shall consider the funding provided in this subsection as a fixed amount, and shall limit the number of recipient schools so as to stay within the amounts appropriated each fiscal year in this subsection. The funding provided in this subsection is estimated to provide full-day kindergarten programs for 20 percent of kindergarten enrollment. Funding priority shall be given to schools with the highest poverty levels, as measured by prior year free and reduced priced lunch eligibility rates in each school. Additionally, as a condition of funding, school districts must agree to provide the full-day program to the children of parents who request it in each eligible school. For the purposes of calculating a school district levy base, funding provided in this subsection shall be considered a state block grant program under RCW 84.52.0531.

(a) Of the amounts provided in this subsection, a maximum of \$272,000 may be used for administrative support of the full-day kindergarten program within the office of the superintendent of public instruction.

(b) Student enrollment pursuant to this program shall not be included in the determination of a school district's overall K-12 FTE for the allocation of student achievement programs and other funding formulas unless specifically stated.

~~((10))~~ (11) \$700,000 of the general fund--state appropriation for fiscal year 2010 and \$900,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the development of a leadership academy for school principals and administrators. The superintendent of public instruction shall contract with an independent organization to design, field test, and implement a state-of-the-art education leadership academy that will be accessible throughout the state. Initial development of the content of the academy activities shall be supported by private funds. Semiannually the independent organization shall report on amounts committed by foundations and others to support the development and implementation of this program. Leadership academy partners, with varying roles, shall include the state level organizations for school administrators and principals, the superintendent of public instruction, the professional educator standards board, and others as the independent organization shall identify.

~~((11))~~ (12) \$105,754,000 of the general fund--federal appropriation is provided for preparing, training, and recruiting high quality teachers and principals under Title II of the no child left behind act.

~~((12) \$1,546,000)~~ (13) \$1,960,000 of the general fund--state appropriation for fiscal year 2010 and ~~((3,046,000))~~ \$1,523,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to the office of the superintendent of public instruction for focused assistance. The office of the superintendent of public instruction shall conduct educational audits of low-performing schools and enter into performance agreements between school districts and the office to implement the recommendations of the audit and the community. Funding in this subsection ~~((may))~~ shall be used for focused assistance programs for individual schools ~~((as well as))~~ or school districts. The office of the superintendent of public instruction shall report to the fiscal committees of the legislature by September 1, 2011, providing an accounting of the uses of focused assistance funds during the 2009-11 fiscal biennium, including a list of schools served and the types of services provided.

~~((13) \$30,702,000 of the general fund--federal appropriation is provided for the reading first program under Title I of the no child left behind act.))~~

(14) \$1,667,000 of the general fund--state appropriation for fiscal year 2010 and \$1,667,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to eliminate the lunch co-pay for students in grades kindergarten through third grade that are eligible for reduced price lunch.

(15) \$5,285,000 of the general fund--state appropriation for fiscal year 2010 and \$5,285,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for: (a) The meals for kids program under RCW 28A.235.145 through 28A.235.155; (b) to eliminate the breakfast co-pay for students eligible for reduced price lunch; and (c) for additional assistance for school districts initiating a summer food service program.

(16) ~~((1,056,000))~~ \$1,003,000 of the general fund--state appropriation for fiscal year 2010 and \$1,056,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington reading corps. The superintendent shall allocate reading corps members to low-performing schools and school districts that are implementing comprehensive, proven, research-based reading programs. Two or more schools may combine their Washington reading corps programs. Grants provided under this section may be used by school districts for expenditures from September 2009 through August 31, 2011.

(17) ~~((3,594,000))~~ \$3,269,000 of the general fund--state appropriation for fiscal year 2010 and \$3,594,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to school districts to provide a continuum of care for children and families to help children become ready to learn. Grant proposals from school districts shall contain local plans designed collaboratively with community service providers. If a continuum of care program exists in the area in which the school district is located, the local plan shall provide for coordination with existing programs to the greatest extent possible. Grant funds shall be allocated pursuant to RCW 70.190.040.

(18) ~~((1,959,000))~~ \$1,861,000 of the general fund--state appropriation for fiscal year 2010 and \$1,959,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for improving technology infrastructure, monitoring and reporting on school district technology development, promoting standards for school district technology, promoting statewide coordination and planning for technology development, and providing regional educational technology support centers, including state support activities, under chapter 28A.650 RCW.

(19) \$225,000 of the general fund--state appropriation for fiscal year 2010 and \$225,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the operation of the center for the improvement of student learning pursuant to RCW 28A.300.130.

(20) ~~((250,000))~~ \$246,000 of the education legacy trust account--state appropriation is provided solely for costs associated with the office of the superintendent of public instruction's statewide director of technology position.

(21)(a) ~~((28,270,000))~~ \$28,715,000 of the general fund--state appropriation for fiscal year 2010 and ~~((36,513,000))~~ \$36,168,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the following bonuses for teachers who hold valid, unexpired certification from the national board for professional teaching standards and who are teaching in a Washington public school, subject to the following conditions and limitations:

(i) For national board certified teachers, a bonus of \$5,000 per teacher beginning in the 2007-08 school year and adjusted for inflation in each school year thereafter in which Initiative 732 cost of living adjustments are provided ~~((National board certified teachers who become public school principals shall continue to receive this bonus for as long as they are principals and maintain the national board certification))~~;

(ii) An additional \$5,000 annual bonus shall be paid to national board certified teachers who teach in either: (A) High schools where at least 50 percent of student headcount enrollment is eligible for federal free or reduced price lunch, (B) middle schools where at least 60 percent of student headcount enrollment is eligible for federal free or reduced price lunch, or (C) elementary schools where at least 70 percent of student headcount enrollment is eligible for federal free or reduced price lunch;

(iii) The superintendent of public instruction shall adopt rules to ensure that national board certified teachers meet the qualifications for bonuses under (a)(ii) of this subsection for less than one full school year receive bonuses in a pro-rated manner; and

(iv) During the 2009-10 and 2010-11 school years, and within the available state and federal appropriations, certificated instructional staff who have met the eligibility requirements and have applied for certification from the national board for professional teaching standards may receive a conditional two thousand dollars or the amount set by the office of the superintendent of public instruction to contribute toward the current assessment fee, not including the initial up-front candidacy payment. The fee shall be an advance on the first annual bonus under RCW 28A.405.415. The assessment fee for national certification is provided in addition to compensation received under a district's salary schedule adopted in accordance with RCW 28A.405.200 and shall not be included in calculations of a district's average salary and associated salary limitation under RCW 28A.400.200. Recipients who fail to receive certification after three years are required to repay the assessment fee, not including the initial up-front candidacy payment, as set by the national board for professional teaching standards and administered by the office of the superintendent of public instruction. The office of the superintendent of public instruction shall adopt rules to define the terms for initial grant of the assessment fee and repayment, including applicable fees.

(b) Included in the amounts provided in this subsection are amounts for mandatory fringe benefits.

(22) ~~((2,750,000))~~ \$2,475,000 of the general fund--state appropriation for fiscal year 2010 and ~~((2,750,000))~~ \$912,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for secondary career and technical education grants pursuant to chapter 170, Laws of 2008. This funding may additionally be used to support FIRST Robotics programs. In fiscal year 2011, if equally matched by private donations, \$300,000 of the appropriation shall be used to support FIRST Robotics programs, including FIRST Robotics professional development.

(23) \$150,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the implementation of House Bill No. 2621 (K-12 school resource programs). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(24) \$300,000 of the general fund--state appropriation for fiscal year 2010 ((and \$300,000 of the general fund--state appropriation for fiscal year 2011 are)) is provided solely for the local farms-healthy kids program as described in chapter 215, Laws of 2008. The program is suspended in the 2011 fiscal year, and not eliminated.

~~((24))~~ (25) \$2,348,000 of the general fund--state appropriation for fiscal year 2010 and ~~((2,348,000))~~ \$2,000,000 of the general fund--state appropriation for fiscal year 2011 are ~~(appropriated)~~ provided solely for a beginning educator support program. School districts and/or regional consortia may apply for grant funding beginning in the 2009-10 school year. The superintendent shall implement this program in 5 to 15 school districts and/or regional consortia. The program provided by a district and/or regional consortia shall include: A paid orientation; assignment of a qualified mentor; development of a professional growth plan for each beginning teacher aligned with professional certification; release time for mentors and new teachers to work together, and teacher observation time with accomplished peers. \$250,000 may be used to provide state-wide professional development opportunities for mentors and beginning educators. The superintendent of public instruction shall adopt rules to establish and operate a research-based beginning educator support program no later than August 31, 2009. OSPI must evaluate the program's progress and may contract for this work. A report to the legislature about the beginning educator support program is due November 1, 2010.

~~((25) \$4,400,000)~~ (26) \$4,290,000 of the education legacy trust account--state appropriation is provided solely for the development and implementation of diagnostic assessments, consistent with the recommendations of the Washington assessment of student learning work group.

~~((26) \$70,000 of the general fund--state appropriation for fiscal year 2010 is provided solely))~~ (27) Funding within this section is provided for implementation of Engrossed Substitute Senate Bill No. 5414 (statewide assessments and curricula).

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) The superintendent shall distribute a maximum of \$901.46 per eligible bilingual student in the 2009-10 school year and \$901.46 in the 2010-11 school year, exclusive of salary and benefit adjustments provided in section 504 of this act.

(3) The superintendent may withhold up to 1.5 percent of the school year allocations to school districts in subsection (2) of this section, and adjust the per eligible pupil rates in subsection (2) of this section accordingly, solely for the central provision of assessments as provided in RCW 28A.180.090 (1) and (2).

(4) \$70,000 of the amounts appropriated in this section are provided solely to track current and former transitional bilingual program students.

(5) The general fund--federal appropriation in this section is provided for migrant education under Title I Part C and English language acquisition, and language enhancement grants under Title III of the elementary and secondary education act.

Sec. 515. 2009 c 564 s 515 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR THE LEARNING ASSISTANCE PROGRAM

General Fund--State Appropriation (FY 2010)	((101,067,000))
<u>\$103,865,000</u>	
General Fund--State Appropriation (FY 2011)	((102,237,000))

General Fund--Federal Appropriation	((543,925,000))
<u>\$553,925,000</u>	
Education Legacy Trust Account--State	
Appropriation	\$47,980,000
TOTAL APPROPRIATION	((795,209,000))
<u>\$816,082,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) The general fund--state appropriations in this section are subject to the following conditions and limitations:

(a) The appropriations include such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) Funding for school district learning assistance programs shall be allocated at maximum rates of \$281.71 per funded student for the 2009-10 school year and ~~((282-63))~~ \$283.00 per funded student for the 2010-11 school year exclusive of salary and benefit adjustments provided under section 504 of this act.

(c) A school district's funded students for the learning assistance program shall be the sum of the following as appropriate:

(i) The district's full-time equivalent enrollment in grades K-12 for the prior school year multiplied by the district's percentage of October headcount enrollment in grades K-12 eligible for free or reduced price lunch in the prior school year; and

(ii) If, in the prior school year, the district's percentage of October headcount enrollment in grades K-12 eligible for free or reduced price lunch exceeded forty percent, subtract forty percent from the district's percentage and multiply the result by the district's K- 12 annual average full-time equivalent enrollment for the prior school year.

(d) In addition to the amounts allocated in (b) and (c) of this subsection, an additional amount shall be allocated to school districts with high concentrations of poverty and English language learner students, subject to the following rules and conditions:

(i) To qualify for additional funding under this subsection, a district's October headcount enrollment in grades kindergarten through grade twelve must have at least twenty percent enrolled in the transitional bilingual instruction program based on an average of the program headcount taken in October and May of the prior school year; and must also have at least forty percent eligible for free or reduced price lunch based on October headcount enrollment in grades kindergarten through twelve in the prior school year.

(ii) Districts meeting the specifications in (d)(i) of this subsection shall receive additional funded students for the learning assistance program at the rates specified in subsection (1)(b) of this section. The number of additional funded student units shall be calculated by subtracting twenty percent from the district's percent transitional bilingual instruction program enrollment as defined in (d)(i) of this subsection, and the resulting percent shall be multiplied by the district's kindergarten through twelve annual average full-time equivalent enrollment for the prior school year.

(2) Allocations made pursuant to subsection (1) of this section shall be adjusted to reflect ineligible applications identified through the annual income verification process required by the national school lunch program, as recommended in the report of the state auditor on the learning assistance program dated February, 2010.

(3) The general fund--federal appropriation in this section is provided for Title I Part A allocations of the no child left behind act of 2001.

~~((3))~~ (4) A school district may carry over from one year to the next up to 10 percent of the general fund--state or education legacy trust funds allocated under this program; however, carryover funds shall be expended for the learning assistance program.

~~((4))~~ (5) School districts are encouraged to coordinate the use of these funds with other federal, state, and local sources to serve students who are below grade level and to make efficient use of resources in meeting the needs of students with the greatest academic deficits.

~~((5))~~ (6) Within amounts appropriated in this section, funding is provided for the implementation of extended learning programs required in chapter 328, Laws of 2008.

~~((6) \$51,970,000 of the general fund--federal appropriation for fiscal year 2010 and \$77,955,000 of the general fund--federal appropriation for fiscal year 2011 of American recovery and reinvestment act of 2009 (ARRA) Title I, Part A funds are in addition to regular Title I, Part A allocations solely for allocation to eligible school districts in accordance with the guidelines of ARRA.~~

~~—(7) \$48,981,000 of the general fund--federal appropriation from the American recovery and reinvestment act of 2009 (ARRA) is for school improvement. This consists of 4 percent, or \$5,413,000 of the Title I, Part A recovery funds which must be set aside for school improvement as well as \$43,568,000 in additional school improvement funds--)~~

Sec. 516. 2009 c 564 s 516 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR STUDENT ACHIEVEMENT PROGRAMS

General Fund--State Appropriation (FY 2010)	\$19,000
General Fund--State Appropriation (FY 2011)	((104,101,000))
	<u>\$25,730,000</u>
General Fund--Federal Appropriation	\$200,295,000
TOTAL APPROPRIATION	((304,396,000))
	<u>\$226,044,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for school district student achievement programs shall be allocated at a maximum rate of \$131.16 per FTE student for the 2009-10 school year and ~~((99.32))~~ \$0 per FTE student for the 2010-11 school year. For the purposes of this section, FTE student refers to the annual average full-time equivalent enrollment of the school district in grades kindergarten through twelve for the prior school year, as reported to the office of the superintendent of public instruction by August 31st of the previous school year.

(2) The appropriation is allocated for the following uses as specified in RCW 28A.505.210:

(a) To reduce class size by hiring certificated elementary classroom teachers in grades K-4 and paying nonemployee-related costs associated with those new teachers;

(b) To make selected reductions in class size in grades 5-12, such as small high school writing classes;

(c) To provide extended learning opportunities to improve student academic achievement in grades K-12, including, but not limited to, extended school year, extended school day, before-and-after-school programs, special tutoring programs, weekend school programs, summer school, and all-day kindergarten;

(d) To provide additional professional development for educators including additional paid time for curriculum and lesson redesign and alignment, training to ensure that instruction is aligned with state standards and student needs, reimbursement for higher education costs related to enhancing teaching skills and knowledge, and mentoring programs to match teachers with skilled, master teachers. The funding shall not be used for salary increases or additional compensation for existing teaching duties, but may be used for extended year and extended day teaching contracts;

(e) To provide early assistance for children who need prekindergarten support in order to be successful in school; or

(f) To provide improvements or additions to school building facilities which are directly related to the class size reductions and extended learning opportunities under (a) through (c) of this subsection (2).

(3) The superintendent of public instruction shall distribute the school year allocation according to the monthly apportionment schedule defined in RCW 28A.510.250.

(4) \$200,295,000 of the general fund--federal appropriation for fiscal year 2010 is provided solely for American recovery and reinvestment act of 2009 (ARRA) fiscal stabilization funds to restore state reductions for the student achievement program.

Sec. 517. 2009 c 564 s 518 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION. (1) Appropriations made in this act to the office of the superintendent of public instruction shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act, except as expressly provided in subsection (2) of this section.

(2) The appropriations to the office of the superintendent of public instruction in this act shall be expended for the programs and amounts specified in this act. However, after May 1, 2010, unless specifically prohibited by this act and after approval by the director of financial management, the superintendent of public instruction may transfer state general fund appropriations for fiscal year 2010 among the following programs to meet the apportionment schedule for a specified formula in another of these programs: General apportionment; employee compensation adjustments; pupil transportation; special education programs; institutional education programs; transitional bilingual programs; and student achievement and learning assistance programs.

(3) The director of financial management shall notify the appropriate legislative fiscal committees in writing prior to approving any allotment modifications or transfers under this section.

(End of part)

PART VI HIGHER EDUCATION

Sec. 601. 2009 c 564 s 601 (uncodified) is amended to read as follows:

The appropriations in sections 605 through 611 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the department of personnel for inclusion in the department's data warehouse. Uniform reporting procedures shall be established by the department of personnel for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(3) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(4) The colleges of education for institutions with appropriations in sections 606 through 611 shall develop a plan, by October 30, 2009, to increase the number of math and science teacher endorsements and certificates granted by the institution. The plan shall address the college's math and science teacher endorsement and certification completion goal for each of the next six years, beginning with the 2010-2011 academic year, and shall be reported to the governor, the relevant policy committees of the legislature, the higher education coordinating board (HECB) and the professional educator standards board (PESB). Plan components may address: Student advising practices, increased outreach and recruitment efforts to under-represented populations, linkages with university mathematics and science departments, and implementation of redesigned, innovative endorsement and certification programs. To accomplish this work, enrollments may need to be shifted from low-need endorsement and certificate areas to math and science. A report shall be made each October 30th to the HECB and PESB regarding the degree to which plan goals have been met and activities undertaken to support those outcomes.

(5) In accordance with RCW 28B.10.920 through 28B.10.922, the state performance agreement committee and each public four-year institution of higher education shall develop performance agreements for the period September 1, 2009, through June 30, 2015. The agreements shall reflect the level of state, tuition, and other resources appropriated or authorized for each institution in this act and in the omnibus 2009-11 omnibus capital budget act, as well as reasonably anticipated changes in such resources for the two subsequent biennia as required to accomplish the higher education master plan as adopted by the legislature. The agreements shall build upon each institution's actual performance relative to the 2011 targets previously negotiated between the institution, the higher education coordinating board, and the office of financial management, and shall include measurable performance targets, benchmarks, and goals in areas including but not limited to:

- (a) Student enrollment levels, by campus;
- (b) Baccalaureate and advanced degree production;
- (c) Baccalaureate and advanced degree production in high employer- demand fields;
- (d) Undergraduate retention and graduation rates;
- (e) Time-to-degree for students entering as freshmen, and as upper- division transfers;
- (f) Efficiency to degree; and
- (g) Capital investment as required to (i) maintain existing capacity, and (ii) meet enrollment targets in accordance with the master plan as adopted by the legislature.

Each institution shall report progress toward its performance targets during the preceding academic year to the state performance agreement committee prior to November 1, 2010. The higher education coordinating board shall consolidate and summarize the institutional reports, and provide them to the relevant policy and fiscal committees of the legislature by December 1, 2010.

(6) To facilitate transparency and compliance with the American recovery and reinvestment act, the institutions of higher education receiving state and federal appropriations under sections 605 through 611 of this act shall allot anticipated state, federal, and tuition expenditures by budget program and fiscal year. The office of financial management shall notify the legislative ways and means committees of the proposed allotments at least ten days prior to their approval.

(7) To the extent permitted by the applicable personnel system rules, and to the extent collectively bargained with represented employees, institutions of higher education are encouraged to achieve the reductions in full-time-equivalent employment and payroll levels necessary to operate within this budget through strategies that will minimize impacts on employees, their families, their communities, and short- and longer-term accomplishment of institutional mission. Institutions are encouraged to utilize strategies such as reduced work- hours per day or week, voluntary leave without pay, and temporary furloughs that enable employees to maintain permanent employment status. Institutions are further encouraged to implement such strategies in ways that will enable employees to maintain full insurance benefits, full retirement service credit, and a living wage.

(8)(a) For institutions receiving appropriations in section 605 of this act the only allowable salary increases provided are those with normally occurring promotions and increases related to faculty and staff retention, to the extent permitted by Engrossed Substitute Senate Bill No. 5460, ~~((and))~~ House Bill No. 2328, and Substitute Senate Bill No. 6382. In fiscal year 2010 and fiscal year 2011, the state board for community and technical colleges may use salary and benefit savings from faculty turnover to provide salary increments and associated benefits for faculty who qualify through professional development and training.

(b) For employees under the jurisdiction of chapter 41.56 RCW, salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee's position is allocated.

(c) For each institution of higher education receiving appropriations under sections 606 through 611 of this act:

(i) The only allowable salary increases are those associated with normally occurring promotions and increases related to faculty and staff retention, to the extent permitted by Engrossed Substitute Senate Bill No. 5460 (~~(and)~~), House Bill No. 2328, and Substitute Senate Bill No. 6382; and

(ii) Institutions may provide salary increases from other sources to instructional and research faculty, exempt professional staff, teaching and research assistants, as classified by the office of financial management, and all other nonclassified staff, but not including employees under RCW 28B.16.015, to the extent permitted by Engrossed Substitute Senate Bill No. 5460 (~~(and)~~), House Bill No. 2328, and Substitute Senate Bill No. 6382. Any salary increase granted under the authority of this subsection (8)(c)(ii) shall not be included in an institution's salary base for future state funding. It is the intent of the legislature that state general fund support for an institution shall not increase during the current or any future biennium as a result of any salary increases authorized under this subsection (8)(c)(ii).

Sec. 602. 2009 c 564 s 602 (uncodified) is amended to read as follows:

(1) Within the funds appropriated in this act, each institution of higher education is expected to enroll and educate at least the following numbers of full-time equivalent state-supported students per academic year:

	2009-10 Annual Average	2010-11 Annual Average
University of Washington	36,546	37,162
Washington State University	22,250	22,250
Central Washington University	((8,477)) <u>8,469</u>	((8,734)) <u>8,808</u>
Eastern Washington University	((8,469)) <u>8,477</u>	((8,808)) <u>8,734</u>
The Evergreen State College	4,213	4,213
Western Washington University	11,373	11,762
State Board for Community & Technical Colleges Adult Students	139,237	((139,237)) <u>143,046</u>
Running Start Students	11,558	11,558

(2) In achieving or exceeding these enrollment targets, each institution shall seek to:

(a) Maintain and to the extent possible increase enrollment opportunities at branch campuses;

(b) Maintain and to the extent possible increase enrollment opportunities at university centers and other partnership programs that enable students to earn baccalaureate degrees on community college campuses; and

(c) Eliminate and consolidate programs of study for which there is limited student or employer demand, or that are not areas of core academic strength for the institution, particularly when such programs duplicate offerings by other in-state institutions.

(3) By September 1, 2009, each institution shall report to the higher education committees and the relevant fiscal committees of the legislature on its plans for achieving the objectives in this section.

(4) For purposes of monitoring and reporting statewide enrollment, the University of Washington and Washington State University shall notify the office of financial management of the number of full-time student equivalent enrollments budgeted for each of their campuses.

Sec. 603. 2009 c 564 s 605 (uncodified) is amended to read as follows:

FOR THE STATE BOARD FOR COMMUNITY AND TECHNICAL COLLEGES

General Fund--State Appropriation (FY 2010)	((620,071,000))
<u>\$631,804,000</u>	
General Fund--State Appropriation (FY 2011)	((642,509,000))
<u>\$629,745,000</u>	
General Fund--Federal Appropriation	\$17,171,000
Education Legacy Trust Account--State Appropriation	((95,125,000))
<u>\$95,035,000</u>	
<u>Opportunity Express Account--State Appropriation</u>	<u>\$18,556,000</u>
TOTAL APPROPRIATION	((1,374,876,000))
<u>\$1,392,311,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) \$28,761,000 of the general fund--state appropriation for fiscal year 2010 (~~(and)~~), \$28,761,000 of the general fund--state appropriation for fiscal year 2011, and \$17,556,000 of the opportunity express account--state appropriation are provided solely as special funds for training and

related support services, including financial aid, as specified in RCW 28C.04.390. Funding is provided to support at least 6,200 full-time equivalent students in fiscal year 2010 and at least ~~((6,200))~~ 9,984 full-time equivalent students in fiscal year 2011.

(2) \$2,725,000 of the general fund--state appropriation for fiscal year 2010 and \$2,725,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for administration and customized training contracts through the job skills program. The state board shall make an annual report by January 1st of each year to the governor and to the appropriate policy and fiscal committees of the legislature regarding implementation of this section, listing the scope of grant awards, the distribution of funds by educational sector and region of the state, and the results of the partnerships supported by these funds.

(3) Of the amounts appropriated in this section, \$3,500,000 is provided solely for the student achievement initiative.

(4) When implementing the appropriations in this section, the state board and the trustees of the individual community and technical colleges shall minimize impact on academic programs, maximize reductions in administration, and shall at least maintain, and endeavor to increase, enrollment opportunities and degree and certificate production in high employer-demand fields of study at their academic year 2008-09 levels.

(5) Within the board's 2009-11 biennial budget allocation to Bellevue College, and pursuant to RCW 28B.50.810, the college may implement, on a tuition and fee basis, an additional applied baccalaureate degree in interior design. This program is intended to provide students with additional opportunities to earn baccalaureate degrees and to respond to emerging job and economic growth opportunities. The program reviews and approval decisions required by RCW 28B.50.810 (3) and (4) shall be completed by July 31, 2009, so that the degree may be offered during the 2009-10 academic year.

(6) In accordance with the recommendations of the higher education coordinating board's 2008 *Kitsap region higher education center study*, the state board shall facilitate development of university centers by allocating thirty 2-year and 4-year partnership full-time enrollment equivalencies to Olympic College and ten 2-year and 4-year partnership full-time enrollment equivalencies to Peninsula College. The colleges shall use the allocations to establish a partnership with a baccalaureate university or universities for delivery of upper division degree programs in the Kitsap region. The Olympic and Peninsula Community College districts shall additionally work together to ensure coordinated development of these and other future baccalaureate opportunities through coordinated needs assessment, planning, and scheduling.

(7) By September 1, 2009, the state board for community and technical colleges, the higher education coordinating board, and the office of financial management shall review and to the extent necessary revise current 2009-11 performance measures and targets based on the level of state, tuition, and other resources appropriated or authorized in this act and in the omnibus 2009-11 omnibus capital budget act. The boards and the office of financial management shall additionally develop new performance targets for the 2011-13 and the 2013-15 biennia that will guide and measure the community and technical college system's contributions to achievement of the state's higher education master plan goals.

(8) \$2,250,000 of the general fund--state appropriation for fiscal year 2010 and \$2,250,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the hospital employee education and training program under which labor, management, and college partnerships develop or expand and evaluate training programs for incumbent hospital workers that lead to careers in nursing and other high-demand health care occupations. The board shall report student progress, outcomes, and costs to the relevant fiscal and policy committees of the legislature by November 2009 and November 2010.

(9) Community and technical colleges are not required to send mass mailings of course catalogs to residents of their districts. Community and technical colleges shall consider lower cost alternatives, such as mailing postcards or brochures that direct individuals to online information and other ways of acquiring print catalogs.

(10) \$1,112,000 of the general fund--state appropriation for fiscal year 2010 and \$1,113,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the state board to enhance online distance learning and open courseware technology. Funds shall be used to support open courseware, open textbooks, open licenses to increase access, affordability and quality of courses in higher education. The state board for community and technical colleges shall select the most appropriate courses to support open courseware based solely upon criteria of maximizing the value of instruction and reducing costs of textbooks and other instructional materials for the greatest number of students in higher education, regardless of the type of institution those students attend.

(11) \$158,000 of the general fund--state appropriation for fiscal year 2011 is provided solely to implement House Bill No. 2694 (B.S. in nursing/university center). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(12)(a) The labor education and research center is transferred from The Evergreen State College to south Seattle community college and shall begin operations on July 1, 2010.

(b) At least \$164,000 of the general fund--state appropriation for fiscal year 2011 shall be expended on the labor education and research center to provide outreach programs and direct educational and research services to labor unions and worker-centered organizations.

(13) \$1,000,000 of the opportunity express account--state appropriation is provided solely for the opportunity grant program as specified in RCW 28B.50.271.

(14) \$1,750,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the state board for community and technical colleges to contract with the aerospace training and research center on Paine field in Everett, Washington to support industry- identified training in the aerospace sector.

(15) Sufficient amounts are provided in this section to implement the food stamp employment and training program under Second Substitute House Bill No. 2782 (security lifeline act).

Sec. 604. 2009 c 564 s 606 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

- (1) In implementing the appropriations in this section, the president and regents shall seek to minimize impacts on student services and instructional programs by maximizing reductions in administration and other non-instructional activities.
- (2) Because higher education is an essential driver of economic recovery and development, the university shall maintain, and endeavor to increase, enrollment and degree production levels at or beyond their academic year 2008-09 levels in the following high-demand fields: Biological and biomedical sciences; computer and information sciences; education with specializations in special education, math, or science; engineering and engineering technology; health professions and related clinical sciences; and mathematics and statistics.
- (3) \$75,000 of the general fund--state appropriation for fiscal year 2010 and \$75,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for forestry research by the Olympic natural resources center.
- (4) \$150,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for the William D. Ruckelshaus center for facilitation, support, and analysis to support the nurse staffing steering committee in its work to apply best practices related to patient safety and nurse staffing.
- (5) \$54,000 of the general fund--state appropriation for fiscal year 2010 and \$54,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the University of Washington geriatric education center to provide a voluntary adult family home certification program. In addition to the minimum qualifications required under RCW 70.128.120, individuals participating in the voluntary adult family home certification program shall complete fifty- two hours of class requirements as established by the University of Washington geriatric education center. Individuals completing the requirements of RCW 70.128.120 and the voluntary adult family home certification program shall be issued a certified adult family home license by the department of social and health services. The department of social and health services shall adopt rules implementing the provisions of this subsection.
- (6) \$50,000 of the general fund--state appropriation for fiscal year 2010 and \$52,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the center for international trade in forest products in the college of forest resources.
- (7)(a) \$183,000 of the general fund--state appropriation for fiscal year 2011 is for the technology law and public policy clinic at the University of Washington school of law to prepare a comprehensive report identifying and analyzing trends in the telecommunications industry and pathways for telecommunications regulatory reform. The report must include, but not be limited to, a review of the following issues: (i) The taxation treatment of all telecommunications services that provide the same or functionally equivalent services; (ii) the character and degree of competition in the telecommunications market; (iii) the regulatory, legal, and economic barriers to adequate competition, actual or perceived, that exist; (iv) what changes could be made in policy, law, or administrative rule to address any actual or perceived barriers to competition; and (v) the role of the utilities and transportation commission in the oversight and regulation of telecommunications services.
- (b) The technology law and public policy clinic shall consult with local governments, public utility districts, telecommunications service providers, the utilities and transportation commission, the department of revenue, and other stakeholders in preparing its analysis and report.
- (c) By December 1, 2011, the technology law and public policy clinic shall issue a report to the legislature with recommendations on legislative action that may be necessary in order to effectuate telecommunications regulatory reform in Washington.
- (8) \$250,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for joint planning to increase the number of residency positions and programs in eastern Washington and Spokane within the existing Washington, Wyoming, Alaska, Montana, Idaho (WWAMI) regional medical education program partnership between the University of Washington school of medicine, Washington State University, and area physicians and hospitals. The joint planning efforts are to include preparation of applications for new residency programs in family medicine, internal medicine, obstetrics, psychiatry and general surgery; business plans for those new programs; and for increasing the number of positions in existing programs among regional academic and hospital partners and networks. The results of the joint planning efforts, including the status of the application preparation and business plan, must be reported to the house of representatives committee on higher education and the senate committee on higher education and workforce development by December 1, 2010.
- (9) \$25,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for implementation of chapter 164, Laws of 2010 (local government infrastructure). The University of Washington shall use a qualified researcher to report the percentage probability that the application's assumptions and estimates of jobs created and increased tax receipts will be achieved by the projects. In making this report, the qualified researcher shall work with the department of revenue and the applicants to develop a series of factors that are based on available economic metrics and sound principles.

(2) Because higher education is an essential driver of economic recovery and development, the college shall maintain, and endeavor to increase, enrollment and degree production levels at or beyond their academic year 2008-09 levels in the following high-demand fields: Biological and biomedical sciences; computer and information sciences; education with specializations in special education, math, or science; engineering and engineering technology; health professions and related clinical sciences; and mathematics and statistics.

(3)(a) At least \$100,000 of the general fund--state appropriation for fiscal year 2010 (~~and at least \$100,000 of the general fund--state appropriation for fiscal year 2011~~) shall be expended on the labor education and research center.

(b) In fiscal year 2011 the labor education and research center shall be transferred from The Evergreen State College to south Seattle community college.

(4) \$100,000 of the general fund--state appropriation for fiscal year 2010 and \$100,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington state institute for public policy to report to the legislature regarding efficient and effective programs and policies. The report shall calculate the return on investment to taxpayers from evidence-based prevention and intervention programs and policies that influence crime, K-12 education outcomes, child maltreatment, substance abuse, mental health, public health, public assistance, employment, and housing. The institute for public policy shall provide the legislature with a comprehensive list of programs and policies that improve these outcomes for children and adults in Washington and result in more cost-efficient use of public resources. The institute shall submit interim reports by December 15, 2009, and October 1, 2010, and a final report by June 30, 2011. The institute may receive additional funds from a private organization for the purpose of conducting this study.

(5) To the extent federal or private funding is available for this purpose, the Washington state institute for public policy and the center for reinventing public education at the University of Washington shall examine the relationship between participation in pension systems and teacher quality and mobility patterns in the state. The department of retirement systems shall facilitate researchers' access to necessary individual-level data necessary to effectively conduct the study. The researchers shall ensure that no individually identifiable information will be disclosed at any time. An interim report on project findings shall be completed by November 15, 2010, and a final report shall be submitted to the governor and to the relevant committees of the legislature by October 15, 2011.

(6) At least \$200,000 of the general fund--state appropriation for fiscal year 2010 and at least \$200,000 of the general fund--state appropriation for fiscal year 2011 shall be expended on the Washington center for undergraduate education.

(7) \$15,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for the Washington state institute for public policy to examine the need for and methods to increase the availability of nonfood items, such as personal hygiene supplies, soaps, paper products, and other items, to needy persons in the state. The study shall examine existing private and public programs that provide such products, and develop recommendations for the most cost-effective incentives for private and public agencies to increase local distribution outlets and local and regional networks of supplies. A final report shall be delivered to the legislature and the governor by December 1, 2009.

(8) \$17,000 of the general fund--state appropriation for fiscal year 2010 and \$42,000 of the general fund--state appropriation for fiscal year 2011 are provided to the Washington state institute for public policy to implement Second Substitute House Bill No. 2106 (child welfare outcomes). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(9) \$54,000 of the general fund--state appropriation for fiscal year 2010 and \$23,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement Substitute Senate Bill No. 5882 (racial disproportionality). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(10) \$75,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for the Washington state institute of public policy to evaluate the adequacy of and access to financial aid and independent living programs for youth in foster care. The examination shall include opportunities to improve efficiencies within these programs. The institute shall report its findings by December 1, 2009.

(11) \$75,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for the Washington state institute for public policy to conduct an assessment of the general assistance unemployable program and other similar programs. The assessment shall include a review of programs in other states that provide similar services and will include recommendations on promising approaches that both improve client outcomes and reduce state costs. A report is due by December 1, 2009.

(12) To the extent funds are available, the Washington state institute for public policy is encouraged to continue the longitudinal analysis of long-term mental health outcomes directed in chapter 334, Laws of 2001 (mental health performance audit), to build upon the evaluation of the

impacts of chapter 214, Laws of 1999 (mentally ill offenders); and to assess program outcomes and cost effectiveness of the children's mental health pilot projects as required by chapter 372, Laws of 2006.

(13) \$50,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the institute for public policy to provide research support to the council on quality education.

(14) At least \$119,207 of the general fund--state appropriation for fiscal year 2011 shall be expended on the longhouse center.

(15) At least \$103,146 of the general fund--state appropriation for fiscal year 2011 shall be expended on the Northwest Indian applied research institute.

<u>\$16,295,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the funds appropriated in this section, the higher education coordinating board shall complete a system design planning project that defines how the current higher education delivery system can be shaped and expanded over the next ten years to best meet the needs of Washington citizens and businesses for high quality and accessible post-secondary education. The board shall propose policies and specific, fiscally feasible implementation recommendations to accomplish the goals established in the *2008 strategic master plan for higher education*. The project shall specifically address the roles, missions, and instructional delivery systems both of the existing and of proposed new components of the higher education system; the extent to which specific academic programs should be expanded, consolidated, or discontinued and how that would be accomplished; the utilization of innovative instructional delivery systems and pedagogies to reach both traditional and nontraditional students; and opportunities to consolidate institutional administrative functions. The study recommendations shall also address the proposed location, role, mission, academic program, and governance of any recommended new campus, institution, or university center. During the planning process, the board shall inform and actively involve the chairs from the senate and house of representatives committees on higher education, or their designees. The board shall report the findings and recommendations of this system design planning project to the governor and the appropriate committees of the legislature by December 1, 2009.

(2) \$146,000 of the general fund--state appropriation for fiscal year 2010 and \$65,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the higher education coordinating board to administer Engrossed Second Substitute House Bill No. 2021 (revitalizing student financial aid). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(3) ~~(\$227,000)~~ \$167,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$11,000)~~ \$71,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement Engrossed Second Substitute House Bill No. 1946 (regarding higher education online technology). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(4) ~~(\$400,000)~~ \$350,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$400,000)~~ \$200,000 of the general fund-- state appropriation for fiscal year 2011 are provided solely for the higher education coordinating board to contract with the Pacific Northwest university of health sciences to conduct training and education of health care professionals to promote osteopathic physician services in rural and underserved areas of the state.

Sec. 611. 2009 c 564 s 613 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) (~~(\$191,704,000)~~) \$178,726,000 of the general fund--state appropriation for fiscal year 2010, (~~(\$232,929,000)~~) \$120,572,000 of the general fund--state appropriation for fiscal year 2011, (~~(\$80,190,000)~~) \$109,188,000 of the education legacy trust account appropriation, \$73,500,000 of the opportunity pathways appropriation, and (~~(\$2,446,000)~~) \$2,545,000 of the general fund--federal appropriation are provided solely for student financial aid payments under the state need grant; the state work study program including up to a four percent administrative allowance; the Washington scholars program; and the Washington award for vocational excellence. State need grant and the Washington award for vocational excellence (~~and state work study awards~~) shall be adjusted to offset the cost of the resident undergraduate tuition increases, limited to those tuition increases authorized under this act. The Washington scholars program shall provide awards sufficient to offset ninety percent of the total tuition and fee award.

(2)(a) Within the funds appropriated in this section, eligibility for the state need grant shall include students with family incomes at or below 70 percent of the state median family income (MFI), adjusted for family size. Awards for all students shall be adjusted by the estimated amount by which Pell grant increases exceed projected increases in the noninstructional costs of attendance. Awards for students with incomes between 51 and 70 percent of the state median shall be prorated at the following percentages of the award amount granted to those with incomes below 51 percent of the MFI: 70 percent for students with family incomes between 51 and 55 percent MFI; 65 percent for students with family incomes between 56 and 60 percent MFI; 60 percent for students with family incomes between 61 and 65 percent MFI; and 50 percent for students with family incomes between 66 and 70 percent MFI.

(b) Grant awards for students at private four-year colleges shall be set at the same level as the student would receive if attending one of the public research universities.

(3) (~~(\$1,000,000 of the education legacy trust account--state appropriation is provided solely to encourage more students to teach secondary mathematics and science. \$500,000 of this amount is for the future teacher scholarship and conditional loan program. \$500,000 of this amount is provided to support state work study positions for students to intern in secondary schools and classrooms.)~~) To the maximum extent practicable, the board shall provide state work study subsidies only to resident students during the 2010-11 academic year. Additionally, in order to provide work opportunities to as many resident students as possible, the board is encouraged to increase the proportion of student wages that is to be paid by both proprietary and nonprofit, public, and private employers.

(4) \$3,872,000 of the education legacy trust account--state appropriation is provided solely for the passport to college scholarship program pursuant to chapter 28B.117 RCW. The higher education coordinating board shall contract with a college scholarship organization with expertise in managing scholarships for low-income, high-potential students and foster care children and young adults to administer the program. Of the amount in this subsection, \$39,000 is provided solely for the higher education coordinating board for administration of the contract and the remaining shall be contracted out to the organization for the following purposes:

(a) \$384,000 is provided solely for program administration, and

(b) \$3,449,000 is provided solely for student financial aid for up to 151 students and to fund student support services. Funds are provided for student scholarships, provider training, and for incentive payments to the colleges they attend for individualized student support services which may include, but are not limited to, college and career advising, counseling, tutoring, costs incurred for students while school is not in session, personal expenses, health insurance, and emergency services.

(5) \$1,250,000 of the general fund--state appropriation for fiscal year 2010 (~~and \$1,250,000 of the general fund--state appropriation for fiscal year 2011 are~~) is provided solely for the health professional scholarship and loan program. The funds provided in this subsection shall be: (a) Prioritized for health care deliver sites demonstrating a commitment to serving the uninsured; and (b) allocated between loan repayments and scholarships proportional to current program allocations.

(6) For fiscal year 2010 and fiscal year 2011, the board shall defer loan or conditional scholarship repayments to the future teachers conditional scholarship and loan repayment program for up to one year for each participant if the participant has shown evidence of efforts to find a teaching job but has been unable to secure a teaching job per the requirements of the program.

(7) \$246,000 of the general fund--state appropriation for fiscal year 2010 and \$246,000 of the general fund--state appropriation for fiscal year 2011 are for community scholarship matching grants and its administration. To be eligible for the matching grant, nonprofit groups organized under section 501(c)(3) of the federal internal revenue code must demonstrate they have raised at least \$2,000 in new moneys for college scholarships after the effective date of this section. Groups may receive no more than one \$2,000 matching grant per year and preference shall be given to groups affiliated with scholarship America. Up to a total of \$46,000 per year of the amount appropriated in this section may be awarded to a nonprofit community organization to administer scholarship matching grants, with preference given to an organization affiliated with scholarship America.

(8) \$500,000 of the general fund--state appropriation for fiscal year 2010 and \$500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for state need grants provided to students enrolled in three to five credit-bearing quarter credits, or the equivalent semester credits. Total state expenditures on this program shall not exceed the amounts provided in this subsection.

(9) (~~(\$3,000,000)~~) \$2,500,000 of the education legacy trust account--state appropriation is provided solely for the gaining early awareness and readiness for undergraduate programs project.

<u>\$54,020,000</u>	
TOTAL APPROPRIATION	(((\$57,405,000))
<u>\$56,929,000</u>	

The appropriations in this section are subject to the following conditions and limitations: ((=))

(1) \$60,000 of the general fund--state appropriation for fiscal year 2010 and \$60,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for implementation of Engrossed Second Substitute House Bill No. 2227 (evergreen jobs act). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(2) In 2010 and 2011, the board shall continue to designate recipients of the Washington award for vocational excellence and to recognize them at award ceremonies as provided in RCW 28C.04.535, but state funding is provided for award of only one scholarship per legislative district during the 2010-11 academic year. After the 2010-11 academic year, and as provided in RCW 28B.76.670, the board may distribute grants to these eligible students to the extent that funds are appropriated for this purpose.

Sec. 613. 2009 c 564 s 615 (uncodified) is amended to read as follows:

FOR THE SPOKANE INTERCOLLEGIATE RESEARCH AND TECHNOLOGY INSTITUTE

General Fund--State Appropriation (FY 2010)	\$1,598,000
General Fund--State Appropriation (FY 2011)	(((\$1,611,000))
<u>\$1,490,000</u>	
TOTAL APPROPRIATION	(((\$3,209,000))
<u>\$3,088,000</u>	

The appropriations in this section are subject to the following conditions and limitations: Within existing resources, the Spokane intercollegiate research and technology institute shall coordinate with the Washington technology center to identify gaps and overlaps in programs and evaluate strategies to reduce administrative overhead expenses per section 122(27) of this act.

Sec. 614. 2009 c 564 s 616 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF EARLY LEARNING

General Fund--State Appropriation (FY 2010)	(((\$60,478,000))
<u>\$60,400,000</u>	
General Fund--State Appropriation (FY 2011)	(((\$61,045,000))
<u>\$21,241,000</u>	
General Fund--Federal Appropriation	(((\$244,859,000))
<u>\$265,305,000</u>	
Opportunity Pathways Account--State Appropriation	\$40,000,000
TOTAL APPROPRIATION	(((\$366,382,000))
<u>\$386,946,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) (((\$55,696,000)) \$54,878,000 of the general fund--state appropriation for fiscal year 2010 and (((\$55,696,000)) \$14,685,000 of the general fund--state appropriation for fiscal year 2011, and \$40,000,000 of the opportunity pathways account appropriation are provided solely for early childhood education and assistance program services. This appropriation temporarily reduces the number of slots for the 2009-11 fiscal biennium for the early childhood education and assistance program. The department shall reduce slots where providers serve both federal headstart and early childhood education and assistance program children, to the greatest extent possible, in order to achieve no reduction of slots across the state. The amounts in this subsection also reflect reductions to the administrative expenditures for the early childhood education and assistance program. The department shall reduce administrative expenditures, to the greatest extent possible, prior to reducing early childhood education and assistance program slots. Of these amounts, \$10,284,000 is a portion of the biennial amount of state matching dollars required to receive federal child care and development fund grant dollars.

(2) \$1,000,000 of the general fund--federal appropriation is provided to the department to contract with Thrive by Five, Washington for a pilot project for a quality rating and improvement system to provide parents with information they need to choose quality child care and education programs and to improve the quality of early care and education programs. The department in collaboration with Thrive by Five shall operate the pilot projects in King, Yakima, Clark, Spokane, and Kitsap counties. The department shall use child care development fund quality money for this purpose.

(3) \$425,000 of the general fund--state appropriation for fiscal year 2010, (((\$425,000)) \$213,000 of the general fund--state appropriation for fiscal year 2011, and \$850,000 of the general fund-- federal appropriation are provided solely for child care resource and referral network

services. The general fund--federal funding represents moneys from the American recovery and reinvestment act of 2009 (child care development block grant).

(4) \$750,000 of the general fund--state appropriation for fiscal year 2010, \$750,000 of the general fund--state appropriation for fiscal year 2011, and \$1,500,000 of the general fund--federal appropriation are provided solely for the career and wage ladder program created by chapter 507, Laws of 2005. The general fund--federal funding represents moneys from the American recovery and reinvestment act of 2009 (child care development block grant).

(5) \$50,000 of the general fund--state appropriation for fiscal year 2010 and \$50,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the department to work with stakeholders and the office of the superintendent of public instruction to identify and test a kindergarten assessment process and tools in geographically diverse school districts. School districts may participate in testing the kindergarten assessment process on a voluntary basis. The department shall report to the legislature on the kindergarten assessment process not later than January 15, 2011. Expenditure of amounts provided in this subsection is contingent on receipt of an equal match from private sources. As matching funds are made available, the department may expend the amounts provided in this subsection.

(6) \$1,600,000 of the general fund--federal appropriation is provided solely for the department to fund programs to improve the quality of infant and toddler child care through training, technical assistance, and child care consultation.

(7) \$200,000 of the general fund--state appropriation for fiscal year 2010 and \$200,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to develop and provide culturally relevant supports for parents, family, and other caregivers.

(8) The legislature notes that the department of early learning is developing a plan for improving child care licensing and is consulting, as practicable, with parents, licensed child care providers, and stakeholders from the child care community. The plan shall outline the processes and specify the resources necessary for improvements such as continuing licenses, child care licensing technology, and weighted child care regulations, including development of risk-based decision making models and inclusive, evidence-based rule making. The department shall submit to the appropriate committees of the legislature a plan by January 15, 2011.

(9) The department is the lead agency for and recipient of the federal child care and development fund grant. Amounts within this grant shall be used to fund child care licensing, quality initiatives, agency administration, and other costs associated with child care subsidies. The department shall transfer a portion of this grant to the department of social and health services to partially fund the child care subsidies paid by the department of social and health services on behalf of the department of early learning.

(10) The department shall use child care development fund money to satisfy the federal audit requirement of the improper payments act (IPIA) of 2002. In accordance with the IPIA's rules, the money spent on the audits will not count against the five percent state limit on administrative expenditures.

(11) Within available amounts, the department in consultation with the office of financial management and the department of social and health services shall report quarterly enrollments and active caseload for the working connections child care program to the legislative fiscal committees. The report shall also identify the number of cases participating in both temporary assistance for needy families and working connections child care.

(12) The appropriations in this section reflect reductions in the appropriations for the department's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

(13) \$500,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to contract with the private-public partnership established in chapter 43.215 RCW for home visitation programs. Of this amount, \$200,000 of the general fund-- state appropriation for fiscal year 2011 is provided solely for expenditure into the home visiting services account created in Part IX of this act to be used for contracts for home visitation with the private-public partnership.

(14) In accordance to RCW 43.215.255(2) and 43.135.055, the department is authorized to increase child care center licensure fees by fifty-two dollars for the first twelve children and an additional four dollars per additional child in fiscal year 2011 for costs to the department for the licensure activity, including costs of necessary inspection.

Sec. 615. 2009 c 564 s 617 (uncodified) is amended to read as follows:

FOR THE STATE SCHOOL FOR THE BLIND

NEW SECTION. Sec. 710. A new section is added to 2009 c 564 (uncodified) to read as follows:

STRATEGIC PRINTING STRATEGY. (1) The office of financial management shall work with the appropriate state agencies to generate savings of \$1,500,000 from the state general fund that can arise from a strategic printing strategy. From appropriations in this act, the office of financial management shall reduce general fund--state allotments by \$1,500,000 for fiscal year 2011 to reflect the savings from the strategic printing strategy. The allotment reductions shall be placed in unallotted status and remain unexpended.

(2) The office of financial management, with the assistance of the department of information services and the department of printing, shall conduct an analysis of the state's printing processes to identify the most reasonable strategies of attaining a statewide savings target of \$1,500,000 without affecting direct program activities. The strategies shall include, but not be limited to, standardizing envelopes, utilizing print management, and streamlining processes. Pursuant to RCW 41.06.142(3), the strategies shall also include, on the approval of the office of financial management, pilot projects to authorize state agencies and institutions to directly acquire printing services. The analysis shall identify savings by agency and fund that will result from the implementation of a strategic printing strategy. The results of this analysis shall then be provided to the director of financial management and appropriate legislative committees by July 1, 2010. The director shall use the analysis as the basis to achieve the savings identified in subsection (1) of this section.

NEW SECTION. Sec. 711. A new section is added to 2009 c 564 (uncodified) to read as follows:

INFORMATION TECHNOLOGY. Pursuant to section 11, chapter 282, Laws of 2010 (state government technology use), the office of financial management shall work with the appropriate state agencies to generate savings of \$30,000,000 from technology efficiencies from the state general fund. From appropriations in this act, the office of financial management shall reduce general fund--state allotments by \$30,000,000 for fiscal year 2011. The office of financial management shall, utilizing existing fund balance, reduce the data processing revolving account rates in an amount to reflect up to half of the reductions identified in this section. The allotment reductions shall be placed in unallotted status and remain unexpended. Nothing in this section is intended to impact revenue collection efforts by the department of revenue.

NEW SECTION. Sec. 712. A new section is added to 2009 c 564 (uncodified) to read as follows:

Appropriations are adjusted to reflect changes to appropriations to reflect changes in the employer cost of providing health benefit coverage. The office of financial management shall update agency appropriations schedules to reflect the changes in funding levels in this section as identified by agency and fund in LEAP transportation document GLB-2010A. From the applicable accounts, the office of financial management shall adjust allotments to the respective agencies by an amount that conforms with funding adjustments enacted in the 2010 supplemental omnibus operating appropriations act. Any allotment reductions under this section must be placed in reserve status and remain unexpended.

NEW SECTION. Sec. 716. A new section is added to 2009 c 564 (uncodified) to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM PERMIT COMPLIANCE

Motor Vehicle Account--State Appropriation \$2,425,000

The appropriation in this section is subject to the following conditions and limitations: The motor vehicle account appropriation is provided solely for the department of transportation program delivery management and support program's compliance with its national pollution discharge elimination system permit. The department's work may include the competition of system development, reporting, and planning to meet deadlines in the current biennium.

NEW SECTION. Sec. 717. A new section is added to 2009 c 564 (uncodified) to read as follows:

FOR THE OFFICE OF FINANCIAL MANAGEMENT--AGENCY REALLOCATION AND REALIGNMENT COMMISSION

General Fund--State Appropriation (FY 2011) \$250,000

The appropriations in this section are subject to the following conditions and limitations:

- (1) The agency reallocation and realignment of Washington (ARROW) commission on restructuring state government is established, with members as provided in this section.
 - (a) The governor, the president of the senate, and the speaker of the house of representatives shall each appoint two members to the commission, each of whom shall have broad statewide policy and fiscal experience. Each appointing authority shall appoint a member to replace any member who resigns.

(b) The commission shall choose its chair from among its membership or may select a representative of the administering higher education institution as chair. The president of the senate and the speaker of the house, or their mutually selected designee, shall convene the initial meeting of the commission and shall preside until a chair is chosen.

(2) The commission shall:

- (a) Review budget, revenue, and caseload forecasts and estimates over the ensuing six-year period;
- (b) Examine current operations and organization of state government, assuming no expansion of current funding sources; and
- (c) Evaluate operational and organizational restructuring possibilities to find cost savings and efficiencies in order to maintain or enhance governmental functions with fewer resources.

(3) The commission may make proposals to:

- (a) Adopt methods and procedures for reducing expenditures to the lowest amount consistent with the efficient performance of essential services, activities, and functions;
- (b) Eliminate duplication and overlapping of services, activities, and functions, and time-consuming or wasteful practices;
- (c) Consolidate services, activities, and functions of a similar nature;
- (d) Abolish services, activities, and functions to improve the efficient operation of government;
- (e) Eliminate state departments and agencies, create new state departments and agencies, reorganize existing state departments and agencies, and transfer functions and responsibilities among state departments and agencies;
- (f) Define or redefine the duties and responsibilities of state officers; and
- (g) Revise present provisions for continuing appropriations of state funds of whatever kind for whatever purpose, eliminate any such existing provisions, or adopt new provisions.

(4) Staffing and administrative support to the commission shall be provided by a university or college that volunteers to do so.

(5) Commissioners are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 from funds appropriated to the commission.

(6) The expenses of the commission shall be paid out of funds appropriated to the commission, funds made available by the university or college administering the commission, and gifts, grants, and donations.

(7) The commission shall report its findings and recommendations, including proposed legislation, to the appropriate committees of the legislature. Recommendations may be in bill form as proposed legislation, as appropriations or revenue proposals, revisions to administrative rules, or other appropriate formats.

(8) The office of the code reviser shall assist the commission with bill drafting as needed.

(9) This section expires June 30, 2011.

**PART IX
MISCELLANEOUS**

Sec. 901. 2010 c 3 s 601 (uncodified) is amended to read as follows:

NEW HIRES. (1) From the effective date of this section until July 1, 2011, state agencies of the legislative, executive, and judicial branches shall not establish new staff positions or fill vacant existing staff positions except as specifically authorized by this section.

(2) The following activities of state agencies are exempt from subsection (1) of this section:

(a) Direct custody, supervision, and patient care in corrections, juvenile rehabilitation, institutional care of veterans, the mentally ill, developmentally disabled, state hospitals, the special commitment center, and the schools for the blind and the deaf;

(b) Direct protective services to children and other vulnerable populations in the department of social and health services;

(c) Washington state patrol investigative services and field enforcement;

(d) Hazardous materials response and emergency cleanup;

(e) Emergency public health and patient safety response and the public health laboratory;

(f) Military operations and emergency management within the military department;

(g) Firefighting;

(h) Enforcement officers in the department of fish and wildlife, the liquor control board, the gambling commission, and the department of natural resources;

(i) Park rangers at the parks and recreation commission;

(j) Seasonal employment by natural resources agencies to the extent that employment levels do not exceed the prior fiscal year;

(k) Seasonal employment in the department of transportation maintenance programs to the extent that employment levels do not exceed the prior fiscal year;

(l) Employees hired on a seasonal basis by the department of agriculture for inspection and certification of agricultural products and for insect detection;

(m) Activities directly related to tax and fee collection, revenue generation, auditing, and recovery;

(n) In institutions of higher education, any positions directly related to academic programs, as well as positions not funded from state funds or tuition, positions that are filled by enrolled students at their own institution as student workers, positions in campus police and security, positions related to emergency management and response, and positions related to student health care and counseling;

(o) Operations of the state lottery and liquor control board business enterprises;

(p) The unemployment insurance program of the employment security department; and

(q) Activities that are necessary to receive or maintain federal funds by the state.

(3) The exemptions specified in subsection (2) of this section do not require the establishment of new staff positions or the filling of vacant staff positions in the activities specified.

(4) Exceptions to this section may be granted under section 605 of this act.

(5) Also exempted from this section are positions related to facility realignments in the department of corrections, positions related to the transfer of programs between state agencies assumed in this act, and disability determination staff funded solely by federal funds.

NEW SECTION. Sec. 902. A new section is added to 2009 c 564 (uncodified) to read as follows:

AGENCY STAFFING. (1) By July 1, 2010, all state agencies must prepare and submit to the office of financial management staffing plans for fiscal year 2011. The first plan must list, by month and by job class, the number of budgeted FTEs, salaries, and benefits for the state general fund. The second plan must list, by month and by job class, the number of budgeted FTEs, salaries, and benefits for the total of all other allotted funds. The plans must be submitted at the same organizational level of detail as funds are appropriated to the agency. Agency allotments and staffing plans submitted to the office of financial management must be consistent.

(2) Agencies may only allot FTEs to the extent that the funding allotment contains sufficient funding to fully support those positions. To the extent that allotted FTEs would exceed available funding to support those positions, agencies shall request that the office of financial management revise their full-time equivalent staff allotment to the funded level; legislative and judicial agencies shall report the revised level to the office of financial management. The office of financial management shall summarize, by agency, the changes made under this subsection and provide that information to the appropriate fiscal committees of the legislature by October 1, 2010.

(3) Each agency shall report to the office of financial management the number of FTEs filled, by job class, as of July 1, 2010. The information must be provided at the same level of detail as is contained in the staffing plan. For any positions that are vacant on that date, the agency shall list the date that position was last filled. The office of financial management shall summarize information provided under this subsection and report to the appropriate fiscal committees of the legislature by October 1, 2010.

NEW SECTION. Sec. 903. A new section is added to 2009 c 564 (uncodified) to read as follows:

STATE HOUSING FINANCE COMMISSION--FORECLOSURE REVIEW. In an effort to reduce the number of residential foreclosures while protecting the interests of both borrowers and beneficiaries, the state housing finance commission shall conduct a review of the effectiveness of RCW 61.24.031, which requires a beneficiary or authorized agent to contact the borrower before issuing a notice of default for the purposes of assessing the borrower's financial ability to repay the debt and discussing alternatives to foreclosure. The commission's review of the process shall, at a minimum, examine whether the contact requirement has resulted in an increase in the number of loan modifications and whether additional statutory provisions, such as mandatory mediation, are needed to produce effective communication between beneficiaries and borrowers. The state housing finance commission shall report its findings and any recommendations for legislation to the appropriate committees of the legislature by November 30, 2010.

NEW SECTION. Sec. 904. A new section is added to 2009 c 564 (uncodified) to read as follows:

COLLECTIVE BARGAINING AGREEMENT--WSRCC ADULT FAMILY HOME PROVIDERS. Appropriations in this act reflect the collective bargaining agreement reached between the governor and the Washington state residential care council of adult family homes under the provisions of chapter 41.56 RCW.

NEW SECTION. Sec. 905. A new section is added to 2009 c 564 (uncodified) to read as follows:

For purposes of RCW 43.88.110(7), any cash deficit in existence at the close of fiscal year 2010 shall be liquidated over the remainder of the 2009-2011 fiscal biennium.

Sec. 906. 2009 c 564 s 914 (uncodified) is amended to read as follows:

COMPENSATION--INSURANCE BENEFITS. Appropriations for state agencies in this act are sufficient for nonrepresented and represented state employee health benefits for state agencies, including institutions of higher education and are subject to the following conditions and limitations:

(1)(a) The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$745 per eligible employee for fiscal year 2010. For fiscal year 2011 the monthly employer funding rate shall not exceed (~~(\$768)~~) \$850 per eligible employee.

(b) In order to achieve the level of funding provided for health benefits, the public employees' benefits board shall require any or all of the following: Employee premium copayments, increases in point-of-service cost sharing, the implementation of managed competition, or make other changes to benefits consistent with RCW 41.05.065. During the 2009-11 fiscal biennium, the board may only authorize benefit plans and premium contributions for an employee and the employee's dependents that are the same, regardless of an employee's status as represented or nonrepresented under the personnel system reform act of 2002.

(c) The health care authority shall deposit any moneys received on behalf of the uniform medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments, into the public employees' and retirees' insurance account to be used for insurance benefits. Such receipts shall not be used for administrative expenditures.

(d) The conditions in this section apply to benefits for nonrepresented employees, employees represented by the super coalition, and represented employees outside of the super coalition, including employees represented under chapter 47.64 RCW.

(2) The health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. From January 1, 2010, through the remainder of the 2009-11 fiscal biennium, the subsidy shall be \$182.89.

(3) Technical colleges, school districts, and educational service districts shall remit to the health care authority for deposit into the public employees' and retirees' insurance account established in RCW 41.05.120 the following amounts:

(a) For each full-time employee, \$59.59 per month beginning September 1, 2009, and (~~(\$64.90)~~) \$62.48 beginning September 1, 2010;

(b) For each part-time employee, who at the time of the remittance is employed in an eligible position as defined in RCW 41.32.010 or 41.40.010 and is eligible for employer fringe benefit contributions for basic benefits, \$59.59 each month beginning September 1, 2009, and (~~(\$64.90)~~) \$62.48 beginning September 1, 2010, prorated by the proportion of employer fringe benefit contributions for a full-time employee that the part-time employee receives. The remittance requirements specified in this subsection shall not apply to employees of a technical college, school district, or educational service district who purchase insurance benefits through contracts with the health care authority.

Sec. 907. 2010 c 247 s 503 (uncodified) is amended to read as follows:

COMPENSATION--INSURANCE BENEFITS. Appropriations for state agencies in this act are sufficient for nonrepresented and represented state employee health benefits for state agencies, and are subject to the following conditions and limitations:

(1)(a) Unless otherwise provided in the 2010 supplemental omnibus operating appropriations act, the monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$745 per eligible employee for fiscal year 2010. For fiscal year 2011, the monthly employer funding rate shall not exceed (~~(\$795)~~) \$850 per eligible employee.

(b) In order to achieve the level of funding provided for health benefits, the public employees' benefits board shall require any or all of the following: Employee premium copayments; increases in point-of-service cost sharing; the implementation of managed competition; or make other changes to benefits consistent with RCW 41.05.065. During the 2009-11 fiscal biennium, the board may only authorize benefit plans and premium contributions for an employee and the employee's dependents that are the same, regardless of an employee's status as represented or nonrepresented under the personnel system reform act of 2002.

(c) The health care authority shall deposit any moneys received on behalf of the uniform medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments into the public employees' and retirees' insurance account to be used for insurance benefits. Such receipts shall not be used for administrative expenditures.

(d) The conditions in this section apply to benefits for nonrepresented employees, employees represented by the super coalition, and represented employees outside of the super coalition, including employees represented under chapter 47.64 RCW.

(2) Unless otherwise provided in the 2010 supplemental omnibus operating appropriations act, the health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. From January 1, 2010, through December 31, 2010, the subsidy shall be \$182.89. Beginning January 1, 2011, the subsidy shall be \$182.89 per month.

NEW SECTION. Sec. 908. A new section is added to 2009 c 564 (uncodified) to read as follows:

(1) During the 2009-2011 fiscal biennium, every state agency shall implement processes to make all renewal notices available to customers via electronic means by July 1, 2012. The appropriations in this act provide funding for this purpose.

(2) Every state agency shall encourage customers to opt-in for an electronic renewal notice in lieu of physical renewal notice.

(3) For purposes of this section:

(a) "Renewal notices" includes, but is not limited to, notices for the renewal of licenses, registrations, and permits; and

(b) "State agency" includes every state office, department, division, bureau, board, and commission of the state.

NEW SECTION. Sec. 909. A new section is added to 2009 c 564 (uncodified) to read as follows:

CORE FUNCTIONS OF GOVERNMENT REVIEW. (1) The legislature intends to evaluate whether the state agencies and activities are performing in the most efficient manner.

(2) By August 1, 2010, the joint legislative audit and review committee must select one of the priorities of government results and determine the relative priority of each activity based on the activity's contribution to the overall objectives of the priorities of government results area.

(3) The state auditor must select at least one but not more than four of the highest priority activities identified under subsection (2) of this section to be the subject of performance audits. The activities must be selected for performance audits under this subsection based on the evidence that the program or activity would likely benefit from the evaluation or review. The performance audit shall be conducted using generally accepted government auditing standards and may include an evaluation of: (a) Ways to improve performance, streamline operations, and provide cost-effective service to citizens; (b) programs and services that can be eliminated, reduced, consolidated, or enhanced; and (c) gaps and overlaps in the programs and services and recommendations for improving, eliminating, blending, or separating functions to correct gaps or overlaps.

(4) The state auditor must select at least one of the lowest priority activities identified in subsection (2) of this section to be the subject of an activity assessment. The assessment must address the following questions:

- (a) Does the activity continue to serve the purpose for which it was created?
- (b) In comparison to other programs and priorities, does this purpose continue to merit the use of the state's limited resources?
- (c) Does this activity continue to contribute to the priorities of government identified?
- (d) Are there better alternatives for the use of these resources or to accomplish the objective of the activity?

(5) The performance audits conducted under subsection (3) of this section and the assessments under subsection (4) of this section must be completed by June 30, 2011.

Sec. 910. RCW 13.06.050 and 1993 c 415 s 7 are each amended to read as follows:

No county shall be entitled to receive any state funds provided by this chapter until its application and plan are approved, and unless and until the minimum standards prescribed by the department of social and health services are complied with and then only on such terms as are set forth in this section. In addition, any county making application for state funds under this chapter that also operates a juvenile detention facility must have standards of operations in place that include: Intake and admissions, medical and health care, communication, correspondence, visiting and telephone use, security and control, sanitation and hygiene, juvenile rights, rules and discipline, property, juvenile records, safety and emergency procedures, programming, release and transfer, training and staff development, and food service.

(1) ~~For the 2009-2011 fiscal biennium, the~~ distribution of funds to a county or a group of counties (~~shall~~) may be based on criteria including but not limited to the county's per capita income, regional or county at-risk populations, juvenile crime or arrest rates, rates of poverty, size of racial minority populations, existing programs, and the effectiveness and efficiency of consolidating local programs towards reducing commitments to state correctional facilities for offenders whose standard range disposition does not include commitment of the offender to the department and reducing reliance on other traditional departmental services.

(2) The secretary will reimburse a county upon presentation and approval of a valid claim pursuant to the provisions of this chapter based on actual performance in meeting the terms and conditions of the approved plan and contract. Funds received by participating counties under this chapter shall not be used to replace local funds for existing programs.

(3) The secretary, in conjunction with the human rights commission, shall evaluate the effectiveness of programs funded under this chapter in reducing racial disproportionality. The secretary shall investigate whether implementation of such programs has reduced disproportionality in counties with initially high levels of disproportionality. The analysis shall indicate which programs are cost-effective in reducing disproportionality in such areas as alternatives to detention, intake and risk assessment standards pursuant to RCW 13.40.038, alternatives to incarceration, and in the prosecution and adjudication of juveniles. The secretary shall report his or her findings to the legislature by December 1, 1994, and December 1 of each year thereafter.

NEW SECTION. Sec. 911. A new section is added to 2009 c 564 (uncodified) to read as follows:

(1) Except for the activities and organizations provided in subsection (2) of this section, all small agencies with fewer than 176 FTEs shall utilize the office of financial management small agency client services for budget, accounting, and payroll services. The director of financial management shall define the transition process and specific agency requirements.

(2) The following activities and organizations are not subject to the requirements of subsection (1) of this section:

(a) The processing of invoices and budgeting provided for conservation districts by agencies established under chapters 89.08 and 89.10 RCW;

(b) The accounting requirements of the state housing finance commission and its affiliates established under chapters 43.180, 28B.07, and 43.340 RCW; and

(c) The accounting requirements of the health care facilities authority established under chapter 70.37 RCW, and the economic development finance authority established under chapter 43.163 RCW.

Sec. 912. RCW 15.76.115 and 2001 2nd sp.s. c 16 s 1 are each amended to read as follows:

The fair fund is created in the custody of the state treasury. All moneys received by the department of agriculture for the purposes of this fund and from RCW 67.16.105(4) shall be deposited into the fund. At the beginning of fiscal year 2002 and each fiscal year thereafter, the state treasurer shall transfer into the fair fund from the general fund the sum of two million dollars, except for fiscal year 2011 the state treasurer shall transfer into the fair fund from the general fund the sum of one million one hundred three thousand dollars. Expenditures from the fund may be used only for assisting fairs in the manner provided in this chapter. Only the director of agriculture or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

Sec. 913. RCW 28A.300.380 and 2000 c 84 s 2 are each amended to read as follows:

(1) The superintendent of public instruction shall maintain support for statewide coordination for career and technical student organizations by providing program staff support that is available to assist in meeting the needs of career and technical student organizations and their members and students. ~~((The superintendent shall provide at least one full-time equivalent program staff for purposes of implementing this section.))~~ The superintendent may provide additional support to the organizations through contracting with independent coordinators.

(2) Career and technical student organizations eligible for technical assistance and other support services under this section are organizations recognized as career and technical student organizations by:

- (a) The United States department of education; or

(b) The superintendent of public instruction, if such recognition is recommended by the Washington association for career and technical education.

(3) Career and technical student organizations eligible for technical assistance and other support services under this section include, but are not limited to: The national FFA organization; family, career, and community leaders of America; skillsUSA; distributive education clubs of America; future business leaders of America; and the technology student association.

Sec. 914. RCW 28B.50.837 and 2009 c 564 s 1803 are each amended to read as follows:

(1) The Washington community and technical college exceptional faculty awards program is established. The program shall be administered by the college board. The college faculty awards trust fund hereby created shall be administered by the state treasurer.

(2) Funds appropriated by the legislature for the community and technical college exceptional faculty awards program shall be deposited in the college faculty awards trust fund. At the request of the college board, the treasurer shall release the state matching funds to the local endowment fund of the college or its foundation. No appropriation is necessary for the expenditure of moneys from the fund. Expenditures from the fund may be used solely for the exceptional faculty awards program. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may transfer from the college faculty awards trust fund to the state general fund such amounts as reflect the excess fund balance in the account ~~((fund))~~.

Sec. 915. RCW 28B.76.565 and 2009 c 564 s 1805 are each amended to read as follows:

Funds appropriated by the legislature for the distinguished professorship program shall be deposited in the distinguished professorship trust fund. At the request of the higher education coordinating board under RCW 28B.76.575, the treasurer shall release the state matching funds to the designated institution's local endowment fund. No appropriation is required for expenditures from the fund. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may transfer from the distinguished professorship trust fund to the state general fund such amounts as reflect the excess fund balance in the account ~~((fund))~~.

Sec. 916. RCW 28B.76.610 and 2009 c 564 s 1806 are each amended to read as follows:

Funds appropriated by the legislature for the graduate fellowship program shall be deposited in the graduate fellowship trust fund. At the request of the higher education coordinating board under RCW 28B.76.620, the treasurer shall release the state matching funds to the designated institution's local endowment fund. No appropriation is required for expenditures from the fund. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may transfer from the graduate fellowship trust fund to the state general fund such amounts as reflect the excess fund balance in the account ~~((fund))~~.

Sec. 917. RCW 28B.102.080 and 2007 c 396 s 9 are each amended to read as follows:

(1) The future teachers conditional scholarship account is created in the custody of the state treasurer. An appropriation is not required for expenditures of funds from the account. The account is not subject to allotment procedures under chapter 43.88 RCW except for moneys used for program administration.

(2) The board shall deposit in the account all moneys received for the future teachers conditional scholarship and loan repayment program and for conditional loan programs under chapter 28A.660 RCW. The account shall be self-sustaining and consist of funds appropriated by the legislature for the future teachers conditional scholarship and loan repayment program, private contributions to the program, receipts from participant repayments from the future teachers conditional scholarship and loan repayment program, and conditional loan programs established under chapter 28A.660 RCW. Beginning July 1, 2004, the board shall also deposit into the account: (a) All funds from the institution of higher education loan account that are traceable to any conditional scholarship program for teachers or prospective teachers established by the legislature before June 10, 2004; and (b) all amounts repaid by individuals under any such program.

(3) Expenditures from the account may be used solely for conditional loans and loan repayments to participants in the future teachers conditional scholarship and loan repayment program established by this chapter, conditional scholarships for participants in programs established in chapter 28A.660 RCW, and costs associated with program administration by the board.

(4) Disbursements from the account may be made only on the authorization of the board.

(5) During the 2009-2011 fiscal biennium, the legislature may transfer from the future teachers conditional scholarship account to the state general fund such amounts as reflect the excess fund balance of the account.

Sec. 918. RCW 28B.105.110 and 2009 c 564 s 1807 and 2009 c 564 s 920 are each reenacted and amended to read as follows:

(1) The GET ready for math and science scholarship account is created in the custody of the state treasurer.

(2) The board shall deposit into the account all money received for the GET ready for math and science scholarship program from appropriations and private sources. The account shall be self-sustaining.

(3) Expenditures from the account shall be used for scholarships to eligible students and for purchases of GET units. Purchased GET units shall be owned and held in trust by the board. Expenditures from the account shall be an equal match of state appropriations and private funds raised by the program administrator. During the 2009-2011 fiscal biennium, expenditures from the account not to exceed five percent may be used by the program administrator to carry out the provisions of RCW 28B.105.090.

(4) With the exception of the operating costs associated with the management of the account by the treasurer's office as authorized in chapter 43.79A RCW, the account shall be credited with all investment income earned by the account.

(5) Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW.

(6) Disbursements from the account shall be made only on the authorization of the board.

(7) During the 2007-2009 fiscal biennium, the legislature may transfer state appropriations to the GET ready for math and science scholarship account that have not been matched by private contributions to the state general fund.

(8) During the 2009-2011 fiscal biennium, the legislature may transfer from the GET ready for math and science scholarship account to the state general fund such amounts as have not been donated from or matched by private contributions.

Sec. 919. RCW 38.52.105 and 2005 c 422 s 2 are each amended to read as follows:

The disaster response account is created in the state treasury. Moneys may be placed in the account from legislative appropriations and transfers, federal appropriations, or any other lawful source. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for support of state agency and local government disaster response and recovery efforts and to reimburse the workers' compensation funds and self-insured employers under RCW 51.16.220. ~~((During the 2001-03 biennium, funds from the account may also be used for costs associated with national security preparedness activities.))~~ During the 2009-2011 fiscal biennium, the legislature may

transfer from the disaster response account to the state drought preparedness account such amounts as reflect the excess fund balance of the account to support expenditures related to a state drought declaration.

Sec. 920. RCW 43.17.390 and 2009 c 564 s 931 are each amended to read as follows:

Starting ~~((in 2012))~~ June 30, 2010, and at least once every three years thereafter, each agency with more than three hundred full-time equivalent employees shall apply to the Washington state quality award, or similar organization, for an independent assessment of its quality management, accountability, and performance system. The assessment shall evaluate the effectiveness of all elements of its management, accountability, and performance system, including: Leadership, strategic planning, customer focus, analysis and information, employee performance management, and process improvement. The purpose of the assessment is to recognize best practice and identify improvement opportunities.

Sec. 921. RCW 43.20A.725 and 2004 c 254 s 1 are each amended to read as follows:

(1) The department, through the sole authority of the office or its successor organization, shall maintain a program whereby an individual of school age or older who possesses a hearing or speech impairment is provided with telecommunications equipment, software, and/or peripheral devices, digital or otherwise, that is determined by the office to be necessary for such a person to access and use telecommunications transmission services effectively.

(2) The department, through the sole authority of the office or its successor organization, shall maintain a program where telecommunications relay services of a human or electronic nature will be provided to connect hearing impaired, deaf-blind, or speech impaired persons with persons who do not have a hearing or speech impairment. Such telecommunications relay services shall provide the ability for an individual who has a hearing or speech impairment to engage in voice, tactile, or visual communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech impairment to communicate using voice or visual communication services by wire or radio subject to subsection (4)(b) of this section.

(3) The telecommunications relay service and equipment distribution program may operate in such a manner as to provide communications transmission opportunities that are capable of incorporating new technologies that have demonstrated benefits consistent with the intent of this chapter and are in the best interests of the citizens of this state.

(4) The office shall administer and control the award of money to all parties incurring costs in implementing and maintaining telecommunications services, programs, equipment, and technical support services according to this section. The relay service contract shall be awarded to an individual company registered as a telecommunications company by the utilities and transportation commission, to a group of registered telecommunications companies, or to any other company or organization determined by the office as qualified to provide relay services, contingent upon that company or organization being approved as a registered telecommunications company prior to final contract approval. The relay system providers and telecommunications equipment vendors shall be selected on the basis of cost-effectiveness and utility to the greatest extent possible under the program and technical specifications established by the office.

(a) To the extent funds are available under the then-current rate and not otherwise held in reserve or required for other purposes authorized by this chapter, the office may award contracts for communications and related services and equipment for hearing impaired or speech impaired individuals accessing or receiving services provided by, or contracted for, the department to meet access obligations under Title 2 of the federal Americans with disabilities act or related federal regulations.

(b) The office shall perform its duties under this section with the goal of achieving functional equivalency of access to and use of telecommunications services similar to the enjoyment of access to and use of such services experienced by an individual who does not have a hearing or speech impairment only to the extent that funds are available under the then-current rate and not otherwise held in reserve or required for other purposes authorized by this chapter.

(5) The program shall be funded by a telecommunications relay service (TRS) excise tax applied to each switched access line provided by the local exchange companies. The office shall determine, in consultation with the office's program advisory committee, the budget needed to fund the program on an annual basis, including both operational costs and a reasonable amount for capital improvements such as equipment upgrade and replacement. The budget proposed by the office, together with documentation and supporting materials, shall be submitted to the office of financial management for review and approval. The approved budget shall be given by the department in an annual budget to the department of revenue no later than March 1st prior to the beginning of the fiscal year. The department of revenue shall then determine the amount of telecommunications relay service excise tax to be placed on each switched access line and shall inform local exchange companies and the utilities and transportation commission of this amount no later than May 1st. The department of revenue shall determine the amount of telecommunications relay service excise tax to be collected in the following fiscal year by dividing the total of the program budget, as submitted by the office, by the total number of switched access lines in the prior calendar year, as reported to the department of revenue under chapter 82.14B RCW, and shall not exercise any further oversight of the program under this subsection other than administering the collection of the telecommunications relay service excise tax as provided in RCW 82.72.010 through 82.72.090. The telecommunications relay service excise tax shall not exceed nineteen cents per month per access line. The telecommunications relay service excise tax shall be separately identified on each ratepayer's bill with the following statement: "Funds federal ADA requirement." All proceeds from the telecommunications relay service excise tax shall be put into a fund to be administered by the office through the department. During the 2009-2011 fiscal biennium, the funds may also be used to provide individualized employment services and employment-related counseling to people with disabilities, and technical assistance to employers about the employment of people with disabilities. "Switched access line" has the meaning provided in RCW 82.14B.020.

(6) The telecommunications relay service program and equipment vendors shall provide services and equipment consistent with the requirements of federal law for the operation of both interstate and intrastate telecommunications services for the hearing impaired or speech impaired. The department and the utilities and transportation commission shall be responsible for ensuring compliance with federal requirements and shall provide timely notice to the legislature of any legislation that may be required to accomplish compliance.

(7) The department shall adopt rules establishing eligibility criteria, ownership obligations, financial contributions, and a program for distribution to individuals requesting and receiving such telecommunications devices distributed by the office, and other rules necessary to administer programs and services consistent with this chapter.

Sec. 922. RCW 43.43.839 and 1995 c 169 s 2 are each amended to read as follows:

The fingerprint identification account is created in the custody of the state treasurer. All receipts from incremental charges of fingerprint checks requested for noncriminal justice purposes and electronic background requests shall be deposited in the account. Receipts for fingerprint checks by the federal bureau of investigation may also be deposited in the account. Expenditures from the account may be used only for the cost

of record checks. Only the chief of the state patrol or the chief's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. No appropriation is required for expenditures prior to July 1, 1997. After June 30, 1997, the account shall be subject to appropriation. During the 2009-2011 fiscal biennium, the legislature may transfer from the fingerprint identification account to the state general fund such amounts as reflect the excess fund balance of the account.

Sec. 923. RCW 43.43.944 and 2007 c 520 s 6034 are each amended to read as follows:

(1) The fire service training account is hereby established in the state treasury. The fund shall consist of:

- (a) All fees received by the Washington state patrol for fire service training;
- (b) All grants and bequests accepted by the Washington state patrol under RCW 43.43.940;
- (c) Twenty percent of all moneys received by the state on fire insurance premiums; and
- (d) General fund--state moneys appropriated into the account by the legislature.

(2) Moneys in the account may be appropriated only for fire service training. The state patrol may use amounts appropriated from the fire service training account under this section to contract with the Washington state firefighters apprenticeship trust for the operation of the firefighter joint apprenticeship training program. The contract may call for payments on a monthly basis. ~~During the (2007-2009))~~ 2009-2011 fiscal biennium, the legislature may appropriate funds from this account for school fire prevention activities within the Washington state patrol ((and additional sanitary wastewater treatment capacity at the state fire service training center)).

(3) Any general fund--state moneys appropriated into the account shall be allocated solely to the firefighter joint apprenticeship training program. The Washington state patrol may contract with outside entities for the administration and delivery of the firefighter joint apprenticeship training program.

Sec. 924. RCW 43.60A.185 and 2006 c 343 s 8 are each amended to read as follows:

The veterans innovations program account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for purposes of the veterans innovations program. During the 2009-2011 fiscal biennium, the funds may be used for contracting for veterans' claims assistance services.

Sec. 925. RCW 43.131.406 and 2006 c 343 s 11 are each amended to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 2017:

- (1) 2006 c 343 s 1 (uncodified);
- (2) RCW 43.60A.160 and 2006 c 343 s 3;
- (3) RCW 43.60A.165 and 2006 c 343 s 4;
- (4) RCW 43.60A.170 and 2006 c 343 s 5;
- (5) RCW 43.60A.175 and 2006 c 343 s 6;
- (6) RCW 43.60A.180 and 2006 c 343 s 7; and
- (7) RCW 43.60A.185 and section 924 of this act and 2006 c 343 s 8.

Sec. 926. RCW 43.70.110 and 2009 c 403 s 5 are each amended to read as follows:

(1) The secretary shall charge fees to the licensee for obtaining a license. Physicians regulated pursuant to chapter 18.71 RCW who reside and practice in Washington and obtain or renew a retired active license are exempt from such fees. After June 30, 1995, municipal corporations providing emergency medical care and transportation services pursuant to chapter 18.73 RCW shall be exempt from such fees, provided that such other emergency services shall only be charged for their pro rata share of the cost of licensure and inspection, if appropriate. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Except as provided in subsection (3) of this section, fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) License fees shall include amounts in addition to the cost of licensure activities in the following circumstances:

- (a) For registered nurses and licensed practical nurses licensed under chapter 18.79 RCW, support of a central nursing resource center as provided in RCW 18.79.202, until June 30, 2013;
- (b) For all health care providers licensed under RCW 18.130.040, the cost of regulatory activities for retired volunteer medical worker licensees as provided in RCW 18.130.360; and

(c) For physicians licensed under chapter 18.71 RCW, physician assistants licensed under chapter 18.71A RCW, osteopathic physicians licensed under chapter 18.57 RCW, osteopathic physicians' assistants licensed under chapter 18.57A RCW, naturopaths licensed under chapter 18.36A RCW, podiatrists licensed under chapter 18.22 RCW, chiropractors licensed under chapter 18.25 RCW, psychologists licensed under chapter 18.83 RCW, registered nurses licensed under chapter 18.79 RCW, optometrists licensed under chapter 18.53 RCW, mental health counselors licensed under chapter 18.225 RCW, massage therapists licensed under chapter 18.108 RCW, clinical social workers licensed under chapter 18.225 RCW, and acupuncturists licensed under chapter 18.06 RCW, the license fees shall include up to an additional twenty-five dollars to be transferred by the department to the University of Washington for the purposes of RCW 43.70.112. During the 2009-2011 fiscal biennium, five dollars of the current twenty-dollar fee received from registered nurses under this subsection may be expended by the department of health exclusively for the purposes of funding approved treatment programs for impaired registered nurses, registered nursing license processing functions, and disciplinary activities related to registered nurses.

(4) Department of health advisory committees may review fees established by the secretary for licenses and comment upon the appropriateness of the level of such fees.

Sec. 927. RCW 43.78.030 and 1994 c 82 s 1 are each amended to read as follows:

The public printer shall print and bind the session laws, the journals of the two houses of the legislature, all bills, resolutions, documents, and other printing and binding of either the senate or house, as the same may be ordered by the legislature; and such forms, blanks, record books, and printing and binding of every description as may be ordered by all state officers, boards, commissions, and institutions, and the supreme court, and the court of appeals and officers thereof, as the same may be ordered on requisition, from time to time, by the proper authorities. This section shall not apply to the printing of the supreme court and the court of appeals reports, to the printing of bond certificates or bond offering disclosure documents, to the printing of educational publications of the state historical societies, or to any printing done or contracted for by institutions of higher education: PROVIDED, That institutions of higher education, in consultation with the public printer, develop vendor selection procedures comparable to those used by the public printer for contracted printing jobs. Where any institution or institution of higher learning of the state is

or may become equipped with facilities for doing such work, it may do any printing: (1) For itself, or (2) for any other state institution when such printing is done as part of a course of study relative to the profession of printer. Any printing and binding of whatever description as may be needed by any institution or agency of the state department of social and health services not at Olympia, or the supreme court or the court of appeals or any officer thereof, the estimated cost of which shall not exceed one thousand dollars, may be done by any private printing company in the general vicinity within the state of Washington so ordering, if in the judgment of the officer of the agency so ordering, the saving in time and processing justifies the award to such local private printing concern.

Beginning on July 1, 1989, and on July 1 of each succeeding odd-numbered year, the dollar limit specified in this section shall be adjusted as follows: The office of financial management shall calculate such limit by adjusting the previous biennium's limit by an appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest fifty dollars.

During the 2009-2011 fiscal biennium, this section does not apply to pilot printing projects authorized by the office of financial management to allow state agencies and institutions to directly acquire printing services.

Sec. 928. RCW 43.79.460 and 2009 c 518 s 21 are each amended to read as follows:

(1) The savings incentive account is created in the custody of the state treasurer. The account shall consist of all moneys appropriated to the account by the legislature. The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures from the account.

(2) Within the savings incentive account, the state treasurer may create subaccounts to be credited with incentive savings attributable to individual state agencies, as determined by the office of financial management in consultation with the legislative fiscal committees. Moneys deposited in the subaccounts may be expended only on the authorization of the agency's executive head or designee and only for the purpose of one-time expenditures to improve the quality, efficiency, and effectiveness of services to customers of the state, such as one-time expenditures for employee training, employee incentives, technology improvements, new work processes, or performance measurement. Funds may not be expended from the account to establish new programs or services, expand existing programs or services, or incur ongoing costs that would require future expenditures.

(3) For purposes of this section, "incentive savings" means state general fund appropriations that are unspent as of June 30th of a fiscal year, excluding any amounts included in across-the-board reductions under RCW 43.88.110 and excluding unspent appropriations for:

(a) Caseload and enrollment in entitlement programs, except to the extent that an agency has clearly demonstrated that efficiencies have been achieved in the administration of the entitlement program. "Entitlement program," as used in this section, includes programs for which specific sums of money are appropriated for pass-through to third parties or other entities;

(b) Enrollments in state institutions of higher education;

(c) A specific amount contained in a condition or limitation to an appropriation in the biennial appropriations act, if the agency did not achieve the specific purpose or objective of the condition or limitation;

(d) Debt service on state obligations; and

(e) State retirement system obligations.

(4) The office of financial management, after consulting with the legislative fiscal committees, shall report the amount of savings incentives achieved.

(5) For fiscal year 2009, the legislature may transfer from the savings incentive account to the state general fund such amounts as reflect the fund balance of the account attributable to unspent state general fund appropriations for fiscal year 2008. For fiscal year 2010, the legislature may transfer from the savings incentive account to the state general fund such amounts as reflect the fund balance of the account attributable to unspent state general fund appropriations for fiscal year 2009.

Sec. 929. RCW 43.79.465 and 2009 c 4 s 903 are each amended to read as follows:

The education savings account is created in the state treasury. The account shall consist of all moneys appropriated to the account by the legislature.

(1) Ten percent of legislative appropriations to the education savings account shall be distributed as follows: (a) Fifty percent to the distinguished professorship trust fund under RCW 28B.76.565; (b) seventeen percent to the graduate fellowship trust fund under RCW 28B.76.610; and (c) thirty-three percent to the college faculty awards trust fund under RCW 28B.50.837.

(2) The remaining moneys in the education savings account may be appropriated solely for (a) common school construction projects that are eligible for funding from the common school construction account, (b) technology improvements in the common schools, (c) during the 2001-03 fiscal biennium, technology improvements in public higher education institutions, ~~((and))~~ (d) during the 2007-2009 fiscal biennium, the legislature may transfer from the education savings account to the state general fund such amounts as reflect the excess fund balance of the account attributable to unspent state general fund appropriations for fiscal year 2008, and (e) for fiscal year 2010, the legislature may transfer from the education savings account to the state general fund such amounts as reflect the fund balance of the account attributable to unspent general fund appropriations for fiscal year 2009.

Sec. 930. RCW 43.89.010 and 2000 2nd sp.s. c 4 s 7 are each amended to read as follows:

The chief of the Washington state patrol is hereby authorized to establish a communications network which will inter-connect the law enforcement agencies of the state and its political subdivisions into a unified written communications system. The chief of the Washington state patrol is authorized to lease or purchase such facilities and equipment as may be necessary to establish and maintain the communications network.

(1) The communications network shall be used exclusively for the official business of the state, and the official business of any city, county, city and county, or other public agency.

(2) This section does not prohibit the occasional use of the state's communications network by any other state or public agency thereof when the messages transmitted relate to the enforcement of the criminal laws of the state.

(3) The chief of the Washington state patrol shall fix the monthly operational charge to be paid by any department or agency of state government, or any city, county, city and county, or other public agency participating in the communications network: **PROVIDED**, That in computing charges to be made against a city, county, or city and county the state shall bear at least fifty percent of the costs of such service as its share in providing a modern unified communications network to the law enforcement agencies of the state. Of the fees collected pursuant to this section, one-half shall be deposited in the motor vehicle fund and one-half shall be deposited in the state patrol highway account. However, for the 2009-2011 fiscal biennium the fees collected pursuant to this section shall be deposited in the state general fund.

(4) The chief of the Washington state patrol is authorized to arrange for the connection of the communications network with the law enforcement communications system of any adjacent state, or the Province of British Columbia, Canada.

Sec. 931. RCW 43.105.080 and 1999 c 80 s 8 are each amended to read as follows:

There is created a revolving fund to be known as the data processing revolving fund in the custody of the state treasurer. The revolving fund shall be used for the acquisition of equipment, software, supplies, and services and the payment of salaries, wages, and other costs incidental to the acquisition, development, operation, and administration of information services, telecommunications, systems, software, supplies and equipment, including the payment of principal and interest on bonds issued for capital projects, by the department, Washington State University's computer services center, the department of personnel's personnel information systems division, the office of financial management's financial systems management group, and other users as jointly determined by the department and the office of financial management. The revolving fund is subject to the allotment procedure provided under chapter 43.88 RCW. Disbursements from the revolving fund for the services component of the department are not subject to appropriation. Disbursements for the strategic planning and policy component of the department are subject to appropriation. All disbursements from the fund are subject to the allotment procedures provided under chapter 43.88 RCW. The department shall establish and implement a billing structure to assure all agencies pay an equitable share of the costs.

During the 2009-2011 fiscal biennium, the legislature may transfer from the data processing revolving account to the state general fund such amounts as reflect the excess fund balance associated with the information technology pool.

As used in this section, the word "supplies" shall not be interpreted to delegate or abrogate the division of purchasing's responsibilities and authority to purchase supplies as described in RCW 43.19.190 and 43.19.200.

Sec. 932. RCW 43.155.050 and 2009 c 564 s 940 are each amended to read as follows:

(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. During the 2009-2011 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund and the city-county assistance account such amounts as reflect the excess fund balance of the account.

(2) The job development fund is hereby established in the state treasury. Moneys in the job development fund may be spent only after appropriation. During the 2009-2011 fiscal biennium, the legislature may transfer from the job development fund to the general fund such amounts as reflect the excess fund balance of the fund.

NEW SECTION. Sec. 933. A new section is added to chapter 43.215 RCW to read as follows:

(1)(a) The home visiting services account is created in the custody of the state treasurer. Revenues to the account shall consist of appropriations by the legislature and all other sources deposited in the account.

(b) Expenditures from the account shall be used for state matching funds for the purposes of the program established in this section including administrative expenses. Only the director or the director's designee may authorize expenditures from the account. Authorizations for expenditures may be given only after private funds are committed and available.

(c) Expenditures from the account are exempt from the appropriations and allotment provisions of chapter 43.88 RCW. However, amounts used for program administration by the department are subject to the allotment and budgetary controls of chapter 43.88 RCW, and an appropriation is required for these expenditures.

(2) The department must expend moneys from the account to provide state matching funds for partnership activities to implement home visiting services and administer the infrastructure necessary to develop, support, and evaluate evidence-based, research-based, and promising home visiting programs.

(3) Activities eligible for funding through the account include, but are not limited to:

(a) Home visiting services that achieve one or more of the following: (i) Enhancing child development and well-being by alleviating the effects on child development of poverty and other known risk factors; (ii) reducing the incidence of child abuse and neglect; or (iii) promoting school readiness for young children and their families; and

(b) Development and maintenance of the infrastructure for home visiting programs, including training, quality improvement, and evaluation.

(4) Beginning July 1, 2010, the department shall contract with the nongovernmental private-public partnership designated in RCW 43.215.070 to administer programs funded through the home visiting services account. The department shall monitor performance and provide periodic reports on the use outcomes of the home visiting services account.

(5) The nongovernmental private-public partnership shall, in the administration of the programs:

(a) Fund programs through a competitive bid process; and

(b) Convene an advisory committee of early learning and home visiting experts, including one representative from the department, to advise the partnership regarding research and the distribution of funds from the account to eligible programs.

(6) To promote continuity for families receiving home visiting services through programs funded on the effective date of this section, those programs funded under chapter 43.121 RCW shall be funded through June 30, 2012, based on availability of funds and the achievement of stated performance goals. This section does not require any program to receive continuous funding beyond June 30, 2012. Organizations that may receive program funding include local health departments; nonprofit, neighborhood-based, community, regional, or statewide organizations; and federally recognized Indian tribes located in the state.

Sec. 934. RCW 43.320.110 and 2005 c 518 s 932 are each amended to read as follows:

There is created a local fund known as the "financial services regulation fund" which shall consist of all moneys received by the divisions of the department of financial institutions, except for the division of securities which shall deposit thirteen percent of all moneys received, except as provided in RCW 43.320.115, and which shall be used for the purchase of supplies and necessary equipment; the payment of salaries, wages, and utilities; the establishment of reserves; and other incidental costs required for the proper regulation of individuals and entities subject to regulation by the department. The state treasurer shall be the custodian of the fund. Disbursements from the fund shall be on authorization of the director of

financial institutions or the director's designee. In order to maintain an effective expenditure and revenue control, the fund shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

During the ~~((2005-2007))~~ 2009-2011 fiscal biennium, the legislature may transfer from the financial services regulation fund to the state general fund such amounts as reflect the excess fund balance of the fund.

Sec. 935. RCW 43.320.165 and 2009 c 386 s 2 are each amended to read as follows:

The prevent or reduce owner-occupied foreclosure program account is created in the custody of the state treasurer. All receipts from the appropriation in section 4, chapter 322, Laws of 2008 as well as receipts from private contributions and all other sources that are specifically designated for the prevent or reduce owner-occupied foreclosure program must be deposited into the account. Expenditures from the account may be used solely for the purpose of preventing or reducing owner-occupied foreclosures through the prevent or reduce owner-occupied foreclosure program as described in RCW 43.320.160. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. During the 2009-2011 fiscal biennium, the legislature may transfer from the prevent or reduce owner-occupied foreclosure program account to the financial education public-private partnership account such amounts as reflect the excess fund balance of the account.

Sec. 936. RCW 46.09.170 and 2009 c 564 s 944 and 2009 c 187 s 2 are each reenacted and amended to read as follows:

(1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty- three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer shall place these funds in the general fund as follows:

(a) Thirty-six percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.09.110, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.09.110, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks ~~(and)~~ or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. ~~((This appropriation is))~~ The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

Sec. 937. RCW 48.02.190 and 2009 c 161 s 1 are each amended to read as follows:

(1) As used in this section:

(a) "Organization" means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state, every health care service contractor, as defined in RCW 48.44.010, every health maintenance organization, as defined in RCW 48.46.020, or self-funded multiple employer welfare arrangement, as defined in RCW 48.125.010, registered to do business in this state. "Class one" organizations shall consist of all insurers as defined in RCW 48.01.050. "Class two" organizations shall consist of all organizations registered under provisions of chapters 48.44 and 48.46 RCW. "Class three" organizations shall consist of self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(b)(i) "Receipts" means (A) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (B) prepayments to health care service contractors, as defined in RCW 48.44.010, health

maintenance organizations, as defined in RCW 48.46.020, or participant contributions to self-funded multiple employer welfare arrangements, as defined in RCW 48.125.010, less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

(ii) Participant contributions, under chapter 48.125 RCW, used to determine the receipts in this state under this section shall be determined in the same manner as premiums taxable in this state are determined under RCW 48.14.090.

(c) "Regulatory surcharge" means the fees imposed by this section.

(2) The annual cost of operating the office of insurance commissioner shall be determined by legislative appropriation. A pro rata share of the cost shall be charged to all organizations as a regulatory surcharge. Each class of organization shall contribute a sufficient amount to the insurance commissioner's regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) The regulatory surcharge shall be calculated separately for each class of organization. The regulatory surcharge collected from each organization shall be that portion of the cost of operating the insurance commissioner's office, for that class of organization, for the ensuing fiscal year that is represented by the organization's portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year. However, the regulatory surcharge must not exceed one-eighth of one percent of receipts and the minimum regulatory surcharge shall be one thousand dollars.

(4) The commissioner shall annually, on or before June 1st, calculate and bill each organization for the amount of the regulatory surcharge. The regulatory surcharge shall be due and payable no later than June 15th of each year. However, if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such regulatory surcharge within the time specified, the commissioner may use the regulatory surcharge factors for the prior year as the basis for the regulatory surcharge and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. Any organization failing to pay the regulatory surcharges by June 30th shall pay the same penalties as the penalties for failure to pay taxes when due under RCW 48.14.060. The regulatory surcharge required by this section is in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner's regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner's regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner's regulatory account to the succeeding fiscal year and shall be used to reduce future regulatory surcharges.

(7)(a) Each insurer may annually collect regulatory surcharges remitted in preceding years by means of a policyholder surcharge on premiums charged for all kinds of insurance. The recoupment shall be at a uniform rate reasonably calculated to collect the regulatory surcharge remitted by the insurer.

(b) If an insurer fails to collect the entire amount of the recoupment in the first year under this section, it may repeat the recoupment procedure provided for in this subsection (7) in succeeding years until the regulatory surcharge is fully collected or a de minimis amount remains uncollected. Any such de minimis amount may be collected as provided in (d) of this subsection.

(c) The amount and nature of any recoupment shall be separately stated on either a billing or policy declaration sent to an insured. The amount of the recoupment must not be considered a premium for any purpose, including the premium tax or agents' commissions.

(d) An insurer may elect not to collect the regulatory surcharge from its insured. In such a case, the insurer may recoup the regulatory surcharge through its rates, if the following requirements are met:

(i) The insurer remits the amount of surcharge not collected by election under this subsection; and

(ii) The surcharge is not considered a premium for any purpose, including the premium tax or agents' commission.

(8) During the 2009-2011 fiscal biennium, the legislature may transfer from the insurance commissioner's regulatory account to the state general fund such amounts as reflect the excess fund balance in the account.

Sec. 938. RCW 67.40.040 and 2008 c 329 s 917 and 2008 c 328 s 6011 are each reenacted and amended to read as follows:

(1) The proceeds from the sale of the bonds authorized in RCW 67.40.030, proceeds of the taxes imposed under RCW 67.40.090 and 67.40.130, and all other moneys received by the state convention and trade center from any public or private source which are intended to fund the acquisition, design, construction, expansion, exterior cleanup and repair of the Eagles building, conversion of various retail and other space to meeting rooms, purchase of the land and building known as the McKay Parcel, development of low-income housing, or renovation of the center, and those expenditures authorized under RCW 67.40.170 shall be deposited in the state convention and trade center account hereby created in the state treasury and in such subaccounts as are deemed appropriate by the directors of the corporation.

(2) Moneys in the account, including unanticipated revenues under RCW 43.79.270, shall be used exclusively for the following purposes in the following priority:

(a) For reimbursement of the state general fund under RCW 67.40.060;

(b) After appropriation by statute:

(i) For payment of expenses incurred in the issuance and sale of the bonds issued under RCW 67.40.030;

(ii) For expenditures authorized in RCW 67.40.170, and during the ~~((2007-2009))~~ 2009-2011 fiscal biennium, ~~((the legislature may transfer from the state convention and trade center account to the Washington housing trust account such amounts as reflect the excess fund balance in the account; and during the 2007-2009 biennium,))~~ the legislature may transfer from the state convention and trade center account to the general fund such amounts as reflect the excess fund balance in the account;

(iii) For acquisition, design, and construction of the state convention and trade center;

(iv) For debt service for the acquisition, design, and construction and retrofit of the museum of history and industry museum property or other future expansions of the convention center as approved by the legislature; and

(v) For reimbursement of any expenditures from the state general fund in support of the state convention and trade center; and

(c) For transfer to the state convention and trade center operations account.

(3) The corporation shall identify with specificity those facilities of the state convention and trade center that are to be financed with proceeds of general obligation bonds, the interest on which is intended to be excluded from gross income for federal income tax purposes. The corporation shall not permit the extent or manner of private business use of those bond-financed facilities to be inconsistent with treatment of such bonds as governmental bonds under applicable provisions of the Internal Revenue Code of 1986, as amended.

(4) In order to ensure consistent treatment of bonds authorized under RCW 67.40.030 with applicable provisions of the Internal Revenue Code of 1986, as amended, and notwithstanding RCW 43.84.092, investment earnings on bond proceeds deposited in the state convention and

trade center account in the state treasury shall be retained in the account, and shall be expended by the corporation for the purposes authorized under chapter 386, Laws of 1995 and in a manner consistent with applicable provisions of the Internal Revenue Code of 1986, as amended.

(5) Subject to the conditions in subsection (6) of this section, starting in fiscal year 2008, and except for the 2009-2011 fiscal biennium in which no transfers shall be made, the state treasurer shall transfer:

(a) The sum of four million dollars, or as much as may be available pursuant to conditions set forth in this section, from the state convention and trade center account to the tourism enterprise account, with the maximum transfer being four million dollars per fiscal year; and

(b) The sum of five hundred thousand dollars, or as much as may be available pursuant to conditions set forth in this section, from the state convention and trade center account to the tourism development and promotion account, with the maximum transfer being five hundred thousand dollars per fiscal year.

(6)(a) Funds required for debt service payments and reserves for bonds issued under RCW 67.40.030; for debt service authorized under RCW 67.40.170; and for the issuance and sale of financial instruments associated with the acquisition, design, construction, and retrofit of the museum of history and industry museum property or for other future expansions of the center, as approved by the legislature, shall be maintained within the state convention and trade center account.

(b) Except for during the 2009-2011 fiscal biennium, during which no reserve shall be retained, no less than six million one hundred fifty thousand dollars per year shall be retained in the state convention and trade center account for funding capital maintenance as required by the center's long-term capital plan, facility enhancements, unanticipated replacements, and operating reserves for the convention center operation. This amount shall be escalated annually as follows:

(i) Four percent for annual inflation for capital maintenance, repairs, and replacement;

(ii) An additional two percent for enhancement to the facility; and

(iii) An additional three percent for growth in expenditure due to aging of the facility and the need to maintain an operating reserve.

(c) Sufficient funds shall be reserved within the state convention and trade center account to fund operating appropriations for the annual operation of the convention center.

Sec. 939. RCW 66.08.170 and 2009 c 564 s 947 are each amended to read as follows:

There shall be a fund, known as the "liquor revolving fund", which shall consist of all license fees, permit fees, penalties, forfeitures, and all other moneys, income, or revenue received by the board. The state treasurer shall be custodian of the fund. All moneys received by the board or any employee thereof, except for change funds and an amount of petty cash as fixed by the board within the authority of law shall be deposited each day in a depository approved by the state treasurer and transferred to the state treasurer to be credited to the liquor revolving fund. During the 2009-2011 fiscal biennium, the legislature may transfer funds from the liquor revolving ~~((account-fund))~~ fund to the state general fund and may direct an additional amount of liquor profits to be distributed to local governments. Neither the transfer of funds nor the additional distribution of liquor profits to local governments during the 2009-2011 fiscal biennium may reduce the excess fund distributions that otherwise would occur under RCW 66.08.190. Licensee sales are exempt from any increases to the price of liquor made by the board during the 2009-2011 fiscal biennium for the purpose of implementing any transfers to the state general fund or additional distribution of liquor profits. This exemption includes price increases implemented for such purposes during the 2009-2011 fiscal biennium prior to the effective date of this section but applies only to sales made on or after July 1, 2010. Disbursements from the revolving fund shall be on authorization of the board or a duly authorized representative thereof. In order to maintain an effective expenditure and revenue control the liquor revolving fund shall be subject in all respects to chapter 43.88 RCW but no appropriation shall be required to permit expenditures and payment of obligations from such fund.

Sec. 940. RCW 67.70.044 and 2009 c 576 s 1 are each amended to read as follows:

(1) Pursuant to RCW 67.70.040(1)(a), the commission may enter into the multistate agreement establishing a shared game lottery known as "The Big Game," that was entered into by party state lotteries in August 1996 and subsequently amended and a shared game lottery known as "Powerball."

(2) The shared game lottery account is created as a separate account outside the state treasury. The account is managed, maintained, and controlled by the commission and consists of all revenues received from the sale of shared game lottery tickets or shares, and all other moneys credited or transferred to it from any other fund or source under law. The account is allotted according to chapter 43.88 RCW. During the 2009-2011 fiscal biennium, the legislature may transfer from the shared game lottery account to the education legacy trust account such amounts as reflect the excess fund balance of the account.

Sec. 941. RCW 67.70.230 and 1985 c 375 s 4 are each amended to read as follows:

There is hereby created and established a separate account, to be known as the state lottery account. Such account shall be managed, maintained, and controlled by the commission and shall consist of all revenues received from the sale of lottery tickets or shares, and all other moneys credited or transferred thereto from any other fund or source pursuant to law. The account shall be a separate account outside the state treasury. No appropriation is required to permit expenditures and payment of obligations from the account. During the 2009-2011 fiscal biennium, the legislature may transfer from the state lottery account to the education legacy trust account such amounts as reflect the excess fund balance of the account.

Sec. 942. RCW 70.105D.070 and 2009 c 564 s 951 are each amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(viii) Water and environmental health protection and monitoring programs;

(ix) Programs authorized under chapter 70.146 RCW;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship;

(xii) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150; ~~(and)~~

(xiii) During the 2009-2011 fiscal biennium, shoreline update technical assistance; and

(xiv) During the 2009-2011 fiscal biennium, multijurisdictional permitting teams.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority:

(i) Remedial actions;

(ii) Hazardous waste plans and programs under chapter 70.105 RCW;

(iii) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(iv) Funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and

(v) Cleanup and disposal of hazardous substances from abandoned or derelict vessels, defined for the purposes of this section as vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel, that pose a threat to human health or the environment.

(b) Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that is a Puget Sound partner, as defined in RCW 90.71.010, along with any project that is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, shall, except as conditioned by RCW 70.105D.120, receive priority for any available funding for any grant or funding programs or sources that use a competitive bidding process. During the 2007-2009 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(c) To expedite cleanups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations:

(i) The director may alter grant-matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;

(ii) The use of outside contracts to conduct necessary studies;

(iii) The purchase of remedial action cost-cap insurance, when necessary to expedite multiparty clean-up efforts.

(d) To facilitate and expedite cleanups using funds from the local toxics control account, during the 2009-2011 fiscal biennium the director may establish grant-funded accounts to hold and disperse local toxics control account funds and funds from local governments to be used for remedial actions.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) Except during the 2009-2011 fiscal biennium, one percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation, or, after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(7) The department shall adopt rules for grant or loan issuance and performance.

(8) During the 2007-2009 and 2009-2011 fiscal biennia, the legislature may transfer from the local toxics control account to either the state general fund or the oil spill prevention account, or both such amounts as reflect excess fund balance in the account.

(9) During the 2009-2011 fiscal biennium, the local toxics control account may also be used for a standby rescue tug at Neah Bay, local government shoreline update grants, private and public sector diesel equipment retrofit, and oil spill prevention, preparedness, and response activities.

(10) During the 2009-2011 fiscal biennium, the legislature may transfer from the state toxics control account to the state general fund such amounts as reflect the excess fund balance in the account.

Sec. 943. RCW 74.31.030 and 2007 c 356 s 4 are each amended to read as follows:

(1) By July 30, 2007, the department shall designate a staff person who shall be responsible for the following:

- (a) Coordinating policies, programs, and services for individuals with traumatic brain injuries; and
- (b) Providing staff support to the council created in RCW 74.31.020.

(2) The department shall provide data and information to the council established under RCW 74.31.020 that is requested by the council and is in the possession or control of the department.

(3) By December 1, 2007, the department shall provide a preliminary report to the legislature and the governor, and shall provide a final report by December 1, 2008, containing recommendations for a comprehensive statewide plan to address the needs of individuals with traumatic brain injuries, including the use of public-private partnerships and a public awareness campaign. The comprehensive plan should be created in collaboration with the council and should consider the following:

- (a) Building provider capacity and provider training;
- (b) Improving the coordination of services;
- (c) The feasibility of establishing agreements with private sector agencies to develop services for individuals with traumatic brain injuries;

and

- (d) Other areas the council deems appropriate.

(4) By December 1, 2007, the department shall:

(a) Provide information and referral services to individuals with traumatic brain injuries until the statewide referral and information network is developed. The referral services may be funded from the traumatic brain injury account established under RCW 74.31.060; ~~(and)~~

(b) Encourage and facilitate the following:

- (i) Collaboration among state agencies that provide services to individuals with traumatic brain injuries;
- (ii) Collaboration among organizations and entities that provide services to individuals with traumatic brain injuries; and
- (iii) Community participation in program implementation; and

(c) During the 2009-2011 fiscal biennium:

(i) Secure funding to develop housing specifically for traumatic brain injured individuals by leveraging federal and private fund sources;

(ii) Expand support group services with an emphasis on persons returning from active military duty with traumatic brain injury and their families;

(iii) Establish training and outreach to first responders and emergency medical staff for care related to traumatic brain injury; and

(iv) Improve awareness of health insurance coverage options and promote best practices in private health insurance coverage.

(5) By December 1, 2007, and by December 1st each year thereafter, the department shall issue a report to the governor and the legislature containing the following:

- (a) A summary of action taken by the department to meet the needs of individuals with traumatic brain injuries; and
- (b) Recommendations for improvements in services to address the needs of individuals with traumatic brain injuries.

Sec. 944. RCW 74.31.060 and 2007 c 356 s 7 are each amended to read as follows:

The traumatic brain injury account is created in the state treasury. Two dollars of the fee imposed under RCW 46.63.110(7)(c) must be deposited into the account. Moneys in the account may be spent only after appropriation, and may be used only to provide a public awareness campaign and services relating to traumatic brain injury under RCW 74.31.040 and 74.31.050, for information and referral services, and for costs of required department staff who are providing support for the council and information and referral services under RCW 74.31.020 and 74.31.030. During the 2009-2011 fiscal biennium, money in the account may also be spent on long-term care services and the services authorized in RCW 74.31.030(4)(c). The secretary of the department of social and health services has the authority to administer the funds.

Sec. 945. RCW 70.93.180 and 2009 c 564 s 950 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the "waste reduction, recycling, and litter control account". Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide, for the biennial litter survey under RCW 70.93.200(8), and for statewide public awareness programs under RCW 70.93.200(7). The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, and recycling, so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b) Twenty percent to the department for local government funding programs for waste reduction, litter control, and recycling activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; and

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) During the 2009-2011 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. ~~((For purposes of subsection (1) of this section, this transfer shall be treated as an expenditure for litter collection.))~~ Additionally, during the 2009-2011 fiscal biennium, subsection (1)(a), (b), and (c) of this section is suspended.

NEW SECTION. **Sec. 946.** A new section is added to chapter 43.79 RCW to read as follows:

The legislature recognizes that efforts to restructure state operations to achieve greater efficiency are often impeded by the lack of a financing tool to support the transition and phase-down of state operations. The state efficiency and restructuring account is established in the state treasury to finance efforts to restructure state operations and achieve budget savings. Moneys from the account may be expended only after appropriation. As directed by the legislature, the state treasurer must transfer funds from specified accounts into the state efficiency and restructuring account to support appropriations from that account. The state treasurer must maintain a record of such transfers and must calculate repayment obligations to any accounts providing surplus funds for a term of eight years at an interest rate that is five tenths of a percent higher than the interest rate that the account would have earned without the transfer. The state treasurer must submit a report of all such repayment obligations to the office of financial management by September 1st of each year. The governor's budget request under RCW 43.88.060 must include sufficient funds to meet the biennial repayment obligation.

Sec. 947. RCW 70.105D.130 and 2008 c 106 s 1 are each amended to read as follows:

(1) The cleanup settlement account is created in the state treasury. The account is not intended to replace the state toxics control account established under RCW 70.105D.070. All receipts from the sources identified in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as identified in subsection (4) of this section.

(2) The following receipts must be deposited into the cleanup settlement account:

(a) Receipts from settlements or court orders that direct payment to the account and resolve a person's liability or potential liability under this chapter for either or both of the following:

(i) Conducting future remedial action at a specific facility, if it is not feasible to require the person to conduct the remedial action based on the person's financial insolvency, limited ability to pay, or insignificant contribution under RCW 70.105D.040(4)(a);

(ii) Assessing or addressing the injury to natural resources caused by the release of a hazardous substance from a specific facility; and

(b) Receipts from investment of the moneys in the account.

(3) If a settlement or court order does not direct payment of receipts described in subsection (2)(a) of this section into the cleanup settlement account, then the receipts from any payment to the state must be deposited into the state toxics control account.

(4) Expenditures from the cleanup settlement account may only be used to conduct remedial actions at the specific facility or to assess or address the injury to natural resources caused by the release of hazardous substances from that facility for which the moneys were deposited in the account. Conducting remedial actions or assessing or addressing injury to natural resources includes direct expenditures and indirect expenditures such as department oversight costs. During the 2009-2011 fiscal biennium, the legislature may transfer excess fund balances in the account into the state efficiency and restructuring account. Transfers of excess fund balances made under this section shall be made only to the extent amounts transferred with required repayments do not impair the ten-year spending plan administered by the department of ecology for environmental remedial actions dedicated for any designated clean-up site associated with the Everett smelter and Tacoma smelter, including plumes, or former Asarco mine sites. The cleanup settlement account must be repaid with interest under provisions of the state efficiency and restructuring account.

(5) The department shall track moneys received, interest earned, and moneys expended separately for each facility.

(6) After the department determines that all remedial actions at a specific facility, and all actions assessing or addressing injury to natural resources caused by the release of hazardous substances from that facility, are completed, including payment of all related costs, any moneys remaining for the specific facility must be transferred to the state toxics control account established under RCW 70.105D.070.

(7) The department shall provide the office of financial management and the fiscal committees of the legislature with a report by October 31st of each year regarding the activity within the cleanup settlement account during the previous fiscal year.

Sec. 948. RCW 70.146.100 and 2007 c 233 s 1 are each amended to read as follows:

(1) The water quality capital account is created in the state treasury. Moneys in the water quality capital account may be spent only after appropriation.

(2) Expenditures from the water quality capital account may only be used: (a) To make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other moneys are made available on a cost-sharing basis, for the capital component of water pollution control facilities and activities; (b) for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities; or (c) to defray any part of the capital component of the payments made by a public body to a service provider under a service agreement entered into under RCW 70.150.060. During the 2009-2011 fiscal biennium, the legislature may transfer from the water quality capital account to the state general fund such amounts as reflect the excess fund balance of the account.

Sec. 949. RCW 79.105.150 and 2009 c 564 s 959 are each amended to read as follows:

(1) After deduction for management costs as provided in RCW 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys received by the state from the sale or lease of state-owned aquatic lands and from the sale of valuable material from state-owned aquatic lands shall be deposited in the aquatic lands enhancement account which is hereby created in the state treasury. After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. During the 2009-2011 fiscal biennium, the aquatic lands enhancement account may also be used for scientific research as part of the adaptive management process. During the 2009-11 fiscal biennium, the legislature may transfer from the aquatic lands enhancement account to the state general fund such amounts as reflect excess fund balance of the account.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;

(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and

(c) Develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants.

(3) To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The department shall consult with affected interest groups in implementing this section.

(5) After January 1, 2010, any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

Sec. 950. RCW 80.01.080 and 2006 c 3 s 2 are each amended to read as follows:

There is created in the state treasury a public service revolving fund. Regulatory fees payable by all types of public service companies shall be deposited to the credit of the public service revolving fund. Except for expenses payable out of the pipeline safety account, all expense of operation of the Washington utilities and transportation commission shall be payable out of the public service revolving fund.

During the ~~((2003-2005))~~ 2009-2011 fiscal biennium, the legislature may transfer from the public service revolving fund to the state general fund such amounts as reflect the excess fund balance of the fund.

~~((Due to the extraordinarily high winter energy costs, during the 2005-2007 fiscal biennium, no more than seven million six hundred thousand dollars, as appropriated in section 1, chapter 3, Laws of 2006, shall be payable out of the public service revolving fund to provide energy assistance to customers in accordance with the low income energy assistance program.))~~

Sec. 951. RCW 80.36.430 and 2009 c 564 s 960 are each amended to read as follows:

(1) The Washington telephone assistance program shall be funded by a telephone assistance excise tax on all switched access lines and by funds from any federal government or other programs for this purpose. Switched access lines are defined in RCW 82.14B.020. The telephone assistance excise tax shall be applied equally to all residential and business access lines not to exceed fourteen cents per month. The department shall submit an approved annual budget for the Washington telephone assistance program to the department of revenue no later than March 1st prior to the beginning of each fiscal year. The department of revenue shall then determine the amount of telephone assistance excise tax to be placed on each switched access line and shall inform local exchange companies and the utilities and transportation commission of this amount no later than May 1st. The department of revenue shall determine the amount of telephone assistance excise tax by dividing the total of the program budget funded by the telephone assistance excise tax, as submitted by the department, by the total number of switched access lines in the prior calendar year. The telephone assistance excise tax shall be separately identified on each ratepayer's bill as the "Washington telephone assistance program." All money collected from the telephone assistance excise tax shall be transferred to a telephone assistance fund administered by the department.

(2) Local exchange companies shall bill the fund for their expenses incurred in offering the telephone assistance program, including administrative and program expenses. The department shall disburse the money to the local exchange companies. The department is exempted from having to conclude a contract with local exchange companies in order to effect this reimbursement. The department shall recover its administrative costs from the fund. The department may specify by rule the range and extent of administrative and program expenses that will be reimbursed to local exchange companies.

(3) The department shall enter into an agreement with the department of ~~((community, trade, and economic development))~~ commerce for an amount not to exceed eight percent of the prior fiscal year's total revenue for the administrative and program expenses of providing community service voice mail services. The community service voice mail service may include toll-free lines in community action agencies through which recipients can access their community service voice mailboxes at no charge.

(4) During the 2009-2011 biennium, the department shall enter into an agreement with the ~~((military department))~~ WIN 211 organization for ~~((one million dollars to))~~ operational support ~~((the WIN 211 program))~~.

Sec. 952. RCW 82.14.495 and 2009 c 4 s 907 are each amended to read as follows:

(1) The streamlined sales and use tax mitigation account is created in the state treasury. The state treasurer shall transfer into the account from the general fund amounts as directed in RCW 82.14.500. Expenditures from the account may be used only for the purpose of mitigating the negative fiscal impacts to local taxing jurisdictions as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may transfer from the streamlined sales and use tax mitigation account to the state general fund such amounts as reflect the excess fund balance of the account.

(2) Beginning July 1, 2008, the state treasurer, as directed by the department, shall distribute the funds in the streamlined sales and use tax mitigation account to local taxing jurisdictions in accordance with RCW 82.14.500.

(3) The definitions in this subsection apply throughout this section and RCW 82.14.390 and 82.14.500.

(a) "Agreement" means the same as in RCW 82.32.020.

(b) "Local taxing jurisdiction" means counties, cities, transportation authorities under RCW 82.14.045, public facilities districts under chapters 36.100 and 35.57 RCW, public transportation benefit areas under RCW 82.14.440, and regional transit authorities under chapter 81.112 RCW, that impose a sales and use tax.

(c) "Loss" or "losses" means the local sales and use tax revenue reduction to a local taxing jurisdiction resulting from the sourcing provisions in RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020.

(d) "Net loss" or "net losses" means a loss offset by any voluntary compliance revenue.

(e) "Voluntary compliance revenue" means the local sales tax revenue gain to each local taxing jurisdiction reported to the department from persons registering through the central registration system authorized under the agreement.

(f) "Working day" has the same meaning as in RCW 82.45.180.

Sec. 953. RCW 83.100.230 and 2008 c 329 s 924 are each amended to read as follows:

The education legacy trust account is created in the state treasury. Money in the account may be spent only after appropriation.

Expenditures from the account may be used only for deposit into the student achievement fund and for expanding access to higher education through funding for new enrollments and financial aid, and other educational improvement efforts. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, moneys in the account may also be transferred into the state general fund.

NEW SECTION. **Sec. 954.** A new section is added to 2009 c 564 (uncodified) to read as follows:

JOINT LEGISLATIVE SELECT COMMITTEE ON HEALTH REFORM IMPLEMENTATION.

The joint legislative select committee on health reform implementation is established. The joint legislative select committee on health reform implementation shall be co-chaired by the chairs of the health committees of the senate and the house of representatives, and leadership of the two largest caucuses in the senate and the house of representatives shall each appoint two additional legislators to serve on the committee. The

co-chairs may direct the formation of advisory committees, if desired, to focus on specific topic areas, such as insurance regulation, access and expansion of public and private programs, and workforce issues, and may invite interested stakeholders and additional experts to advise the committee. All participation in the joint select committee and any advisory committees is without compensation.

This section expires June 30, 2011.

NEW SECTION. Sec. 955. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 956. Section 910 of this act expires June 30, 2011.

NEW SECTION. Sec. 957. Section 935 of this act expires June 30, 2011.

NEW SECTION. Sec. 958. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

MESSAGE FROM THE SENATE

April 12, 2010
Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1690 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The establishment of alternative public works contracting procedures authorized for use by public bodies has been a complex, controversial, and challenging undertaking, but it has been successful. The key to the successful adoption and consideration of these procedures has depended, in great part, on the review and oversight mechanisms put in place by the legislature in chapter 39.10 RCW, as well as the countless hours of dedicated work by numerous stakeholders over many years. It is the intent of the legislature to clarify that, unless otherwise specifically provided for in law, public bodies that want to use an alternative public works contracting procedure may use only those procedures specifically authorized in chapter 39.10 RCW.

Sec. 2. RCW 39.10.200 and 2007 c 494 s 1 are each amended to read as follows:

The legislature finds that the traditional process of awarding public works contracts in lump sum to the lowest responsible bidder is a fair and objective method of selecting a contractor. However, under certain circumstances, alternative public works contracting procedures may best serve the public interest if such procedures are implemented in an open and fair process based on objective and equitable criteria. The purpose of this chapter is to authorize the use of certain supplemental alternative public works contracting procedures, to prescribe appropriate requirements to ensure that such contracting procedures serve the public interest, and to establish a process for evaluation of such contracting procedures. It is the intent of the legislature to establish that, unless otherwise specifically provided for in law, public bodies may use only those alternative public works contracting procedures specifically authorized in this chapter, subject to the requirements of this chapter.

Sec. 3. RCW 39.10.230 and 2009 c 75 s 1 are each amended to read as follows:

The board has the following powers and duties:

(1) Develop and recommend to the legislature policies to further enhance the quality, efficiency, and accountability of capital construction projects through the use of traditional and alternative delivery methods in Washington, and make recommendations regarding expansion, continuation, elimination, or modification of the alternative public works contracting methods;

(2) Evaluate the use of existing contracting procedures and the potential future use of other alternative contracting procedures including competitive negotiation contracts;

(3) ~~((Develop guidelines to be used by the committee for the review and approval of design-build demonstration projects that procure operations and maintenance services))~~ Submit recommendations to the appropriate committees of the legislature evaluating alternative contracting procedures that are not authorized under this chapter;

(4) Appoint members of the committee; and

(5) Develop and administer questionnaires designed to provide quantitative and qualitative data on alternative public works contracting procedures on which evaluations are based.

"Sec. 4. RCW 35.82.200 and 1965 c 7 s 35.82.200 are each amended to read as follows:

(1) In addition to the powers conferred upon an authority by other provisions of this chapter, an authority is empowered to borrow money or accept contributions, grants or other financial assistance from the federal government for or in aid of any housing project within its area of operation, to take over or lease or manage any housing project or undertaking constructed or owned by the federal government, and to these ends, to comply with such conditions and enter into such mortgages, trust indentures, leases or agreements as may be necessary, convenient or desirable. It is the purpose and intent of this chapter to authorize every authority to do any and all things necessary or desirable to secure the financial aid or cooperation

of the federal government in the undertaking, construction, maintenance or operation of any housing project by such authority.

(2) All housing authorities shall be subject to the provisions of chapter 39.10 RCW except where alternative requirements or procedures of federal law or federal regulation are authorized.

(3) The requirements of chapter 39.12 RCW regarding prevailing wages shall apply to housing authority public works except where specifically preempted by federal law or federal regulation."

Sec. 5. RCW 43.131.408 and 2007 c 494 s 507 are each amended to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 2014:

MESSAGE FROM THE SENATE

April 12, 2010

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2561 with the following amendment:

Format changed to accommodate text.

Strike everything after the enacting clause and insert the following:

**"PART I
SHORT TITLE AND INTENT**

NEW SECTION. Sec. 101. This act may be known and cited as the jobs act.

NEW SECTION. Sec. 102. The legislature intends to create jobs in every corner of Washington state by issuing bonds, which will catalyze energy savings and repair work at public schools and state colleges and universities.

It is the intent of the legislature that these investments will create jobs quickly and directly, at a time when the state's residents need jobs. It is the further intent of the legislature that these investments both accelerate innovation in the energy efficiency sector and create locally developed technologies and companies to provide sustainable jobs. The legislature intends to prioritize the use of innovative technologies and facilitate the development of a sustainable innovation cluster that creates and installs highly efficient building technologies and creates jobs.

The legislature intends that these job-creating projects save taxpayers money, with an estimated one hundred twenty-six million dollars saved each year in public schools through reduced energy and operational costs, and improve the health and safety of those buildings. The energy savings are equivalent to the use of an estimated ninety thousand houses. It is also the intent of the legislature that these job-creating projects lead to reduced pollutants, as the weatherization and energy efficiency projects will reduce pollution emissions by an estimated amount equivalent to removing an estimated one hundred thirty thousand cars from the roads each year.

**PART II
BOND AUTHORIZATION**

NEW SECTION. Sec. 201. (1) For the purpose of creating jobs by constructing needed capital improvements to public facilities for energy, utility, and operational cost savings, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of five hundred five million dollars, or so much thereof as may be required, for this purpose and all costs incidental thereto. The bonds issued under the authority of this section are known as jobs act bonds.

(2) Bonds authorized in this section must be sold in the manner, at the time or times, in amounts, and at such prices as the state finance committee determines.

(3) The authorization to issue bonds contained in this chapter does not expire until the full authorization has been issued.

(4) No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 202. (1) The nondebt-limit general fund bond retirement account must be used for the payment of the principal of and interest on the bonds authorized in section 201 of this act.

(2) The state finance committee must, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in section 201 of this act.

(3) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of section 201 of this act, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the nondebt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

NEW SECTION. Sec. 203. (1) Bonds issued under this section and sections 201 and 202 of this act must state that they are a general obligation of the state of Washington, must pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and must contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

**PART III
PROGRAM REQUIREMENTS, APPROPRIATIONS, AND REVENUE PROVISIONS**

NEW SECTION. Sec. 301. (1) The department of commerce, in consultation with the department of general administration and the Washington State University energy program, shall administer the jobs act.

(2) The department of general administration must develop guidelines that are consistent with national and international energy savings performance standards for the implementation of energy savings performance contracting projects by the energy savings performance contractors by December 31, 2010.

(3) The definitions in this section apply throughout this chapter and section 302 of this act unless the context clearly requires otherwise.

(a) "Cost-effectiveness" means that the present value to higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions.

NEW SECTION. Sec. 302. (1) Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the department of general administration, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis must be performed by a licensed engineer and documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(4) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings, as defined in section 301 of this act, for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of general administration's energy savings performance contracting project guidelines developed pursuant to section 301 of this act; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of general administration through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of general administration through a request for qualifications, a licensed engineer specializing in energy conservation, or by a project resource conservation manager or educational service district resource conservation manager.

(5) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(6) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(8)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor may not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

(9) The department of commerce may charge projects administrative fees and may pay the department of general administration and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(10) The department of commerce and the department of general administration must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled.

NEW SECTION. Sec. 303. FOR THE DEPARTMENT OF COMMERCE--JOBS ACT

The appropriation in this section is subject to the following conditions and limitations: The appropriation is for fiscal year 2011 and is provided solely for grants to public school districts and public higher education institutions for energy and operational cost savings improvements to public facilities and related projects that result in energy and operational cost savings under the provision and requirements of sections 301 and 302 of this act. Related projects are those projects that must be completed in order for the energy efficiency improvements to be effective.

Appropriation:

Washington Works Account--State	\$500,000,000
Prior Biennia (Expenditures).....	\$0
Future Biennia (Projected Costs)	\$0
TOTAL \$500,000,000	

NEW SECTION. Sec. 304. The legislature intends to increase general state revenues to pay for a portion of the increased debt service costs for voter-approved bonds and for debt-limit bonds authorized by the legislature for projects awarded grants under sections 301 and 302 of this act for energy efficiency projects in public facilities.

Sec. 305. RCW 82.08.0293 and 2010 1st sp.s. c ... (2ESSB 6143) s 902 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of food and food ingredients. "Food and food ingredients" means substances, whether in liquid, concentrated, solid, frozen, dried, or dehydrated form, that are sold for ingestion or chewing by humans and are consumed for their taste or nutritional value. "Food and food ingredients" does not include:

(a) "Alcoholic beverages," which means beverages that are suitable for human consumption and contain one-half of one percent or more of alcohol by volume; and

(b) "Tobacco," which means cigarettes, cigars, chewing or pipe tobacco, or any other item that contains tobacco.

(2) ~~((Until July 1, 2013,))~~ The exemption of "food and food ingredients" provided for in subsection (1) of this section does not apply to prepared food, soft drinks, bottled water, candy, or dietary supplements. ~~((Beginning July 1, 2013, the exemption of "food and food ingredients" provided for in subsection (1) of this section does not apply to prepared food, soft drinks, candy, or dietary supplements.))~~ For purposes of this subsection, the following definitions apply:

(a) "Dietary supplement" means any product, other than tobacco, intended to supplement the diet that:

(i) Contains one or more of the following dietary ingredients:

(A) A vitamin;

(B) A mineral;

(C) An herb or other botanical;

(D) An amino acid;

(E) A dietary substance for use by humans to supplement the diet by increasing the total dietary intake; or

(F) A concentrate, metabolite, constituent, extract, or combination of any ingredient described in this subsection;

(ii) Is intended for ingestion in tablet, capsule, powder, softgel, gelcap, or liquid form, or if not intended for ingestion in such form, is not represented as conventional food and is not represented for use as a sole item of a meal or of the diet; and

(iii) Is required to be labeled as a dietary supplement, identifiable by the "supplement facts" box found on the label as required pursuant to 21 C.F.R. Sec. 101.36, as amended or renumbered as of January 1, 2003.

(b)(i) "Prepared food" means:

(A) Food sold in a heated state or heated by the seller;

(B) Food sold with eating utensils provided by the seller, including plates, knives, forks, spoons, glasses, cups, napkins, or straws. A plate does not include a container or packaging used to transport the food; or

(C) Two or more food ingredients mixed or combined by the seller for sale as a single item, except:

(I) Food that is only cut, repackaged, or pasteurized by the seller; or

(II) Raw eggs, fish, meat, poultry, and foods containing these raw animal foods requiring cooking by the consumer as recommended by the federal food and drug administration in chapter 3, part 401.11 of The Food Code, published by the food and drug administration, as amended or renumbered as of January 1, 2003, so as to prevent foodborne illness.

(ii) "Prepared food" does not include the following food or food ingredients, if the food or food ingredients are sold without eating utensils provided by the seller:

(A) Food sold by a seller whose proper primary North American industry classification system (NAICS) classification is manufacturing in sector 311, except subsector 3118 (bakeries), as provided in the "North American industry classification system--United States, 2002";

(B) Food sold in an unheated state by weight or volume as a single item; or

(C) Bakery items. The term "bakery items" includes bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts, Danish, cakes, tortes, pies, tarts, muffins, bars, cookies, or tortillas.

(c) "Soft drinks" means nonalcoholic beverages that contain natural or artificial sweeteners. Soft drinks do not include beverages that contain: Milk or milk products; soy, rice, or similar milk substitutes; or greater than fifty percent of vegetable or fruit juice by volume.

(d) "Candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts, or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation containing flour and does not require refrigeration.

(e) "Bottled water" means water that is placed in a sealed container or package for human consumption. Bottled water is calorie free and does not contain sweeteners or other additives except that it may contain: (i) Antimicrobial agents; (ii) fluoride; (iii) carbonation; (iv) vitamins, minerals, and electrolytes; (v) oxygen; (vi) preservatives; and (vii) only those flavors, extracts, or essences derived from a spice or fruit. "Bottled water" includes water that is delivered to the buyer in a reusable container that is not sold with the water.

(3) Notwithstanding anything in this section to the contrary, the exemption of "food and food ingredients" provided in this section applies to food and food ingredients that are furnished, prepared, or served as meals:

(a) Under a state administered nutrition program for the aged as provided for in the older Americans act (P.L. 95-478 Title III) and RCW 74.38.040(6);

(b) That are provided to senior citizens, individuals with disabilities, or low-income persons by a not-for-profit organization organized under chapter 24.03 or 24.12 RCW; or

(c) That are provided to residents, sixty-two years of age or older, of a qualified low-income senior housing facility by the lessor or operator of the facility. The sale of a meal that is billed to both spouses of a marital community or both domestic partners of a domestic partnership meets the age requirement in this subsection (3)(c) if at least one of the spouses or domestic partners is at least sixty-two years of age. For purposes of this subsection, "qualified low-income senior housing facility" means a facility:

(i) That meets the definition of a qualified low-income housing project under 26 U.S.C. Sec. 42 of the federal internal revenue code, as existing on August 1, 2009;

(ii) That has been partially funded under 42 U.S.C. Sec. 1485; and

(iii) For which the lessor or operator has at any time been entitled to claim a federal income tax credit under 26 U.S.C. Sec. 42 of the federal internal revenue code.

(4)(a) Subsection (1) of this section notwithstanding, the retail sale of food and food ingredients is subject to sales tax under RCW 82.08.020 if the food and food ingredients are sold through a vending machine. Except as provided in (b) of this subsection, the selling price of food and food ingredients sold through a vending machine for purposes of RCW 82.08.020 is fifty-seven percent of the gross receipts.

(b) For soft drinks and hot prepared food and food ingredients, other than food and food ingredients which are heated after they have been dispensed from the vending machine, the selling price is the total gross receipts of such sales divided by the sum of one plus the sales tax rate expressed as a decimal.

(c) For tax collected under this subsection (4), the requirements that the tax be collected from the buyer and that the amount of tax be stated as a separate item are waived.

Sec. 306. RCW 82.12.0293 and 2010 1st sp.s. c ... (2ESSB 6143) s 903 are each amended to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of food and food ingredients for human consumption. "Food and food ingredients" has the same meaning as in RCW 82.08.0293.

(2) ~~((Until July 1, 2013,))~~ The exemption of "food and food ingredients" provided for in subsection (1) of this section does not apply to prepared food, soft drinks, bottled water, candy, or dietary supplements. ~~((Beginning July 1, 2013, the exemption of "food and food ingredients" provided for in subsection (1) of this section does not apply to prepared food, soft drinks, candy, or dietary supplements.))~~ "Prepared food," "soft drinks," "dietary supplements," "candy," and "bottled water" have the same meanings as in RCW 82.08.0293.

(3) Notwithstanding anything in this section to the contrary, the exemption of "food and food ingredients" provided in this section ~~((apply))~~ applies to food and food ingredients which are furnished, prepared, or served as meals:

(a) Under a state administered nutrition program for the aged as provided for in the older Americans act (P.L. 95-478 Title III) and RCW 74.38.040(6);

(b) Which are provided to senior citizens, individuals with disabilities, or low-income persons by a not-for-profit organization organized under chapter 24.03 or 24.12 RCW; or

(c) That are provided to residents, sixty-two years of age or older, of a qualified low-income senior housing facility by the lessor or operator of the facility. The sale of a meal that is billed to both spouses of a marital community or both domestic partners of a domestic partnership meets the age requirement in this subsection (3)(c) if at least one of the spouses or domestic partners is at least sixty-two years of age. For purposes of this subsection, "qualified low-income senior housing facility" has the same meaning as in RCW 82.08.0293.

**PART IV
TECHNICAL PROVISIONS**

NEW SECTION. Sec. 401. (1) The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 201 of this act, and section 202 of this act may not be deemed to provide an exclusive method for the payment.

(2) The office of the state treasurer must determine a mechanism to allow individual Washington state residents to purchase jobs act bonds.

NEW SECTION. Sec. 402. The bonds authorized by this chapter constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations.

NEW SECTION. Sec. 403. The state finance committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds provided for in this act, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance.

NEW SECTION. Sec. 404. The Washington works account is created in the state treasury. All receipts from bonds authorized under section 201 of this act must be deposited in the account. Moneys in the account may be spent only after appropriation. The proceeds from the sale of the bonds authorized in section 201 of this act must be deposited in the account. Moneys in the account must be used exclusively for:

(1) The purposes of sections 301, 302, and 303 of this act, which includes energy and operational cost savings improvements and related projects that result in energy and operational cost savings for public school districts and public higher education institutions; and

(2) The payment of the expenses incurred in connection with the sale and issuance of the bonds.

NEW SECTION. Sec. 405. If the state finance committee deems it necessary to issue any portion of the bonds authorized in this chapter as taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, the proceeds of such taxable bonds must be transferred to the state taxable building construction account in lieu of any deposits otherwise provided by section 404 of this act. The state treasurer must submit written notice to the director of financial management if it is determined that any such transfer to the state taxable building construction account is necessary. Moneys in the account may be spent only after appropriation. For purposes of this section, "nontaxable bond proceeds" includes proceeds from bonds issued as tax exempt bonds and proceeds from taxable bonds eligible for direct federal subsidy under federal internal revenue service rules.

Sec. 406. RCW 39.94.040 and 2003 c 6 s 2 are each amended to read as follows:

(1) Except as provided in RCW 28B.10.022, the state may not enter into any financing contract for itself if the aggregate principal amount payable thereunder is greater than an amount to be established from time to time by the state finance committee or participate in a program providing for the issuance of certificates of participation, including any contract for credit enhancement, without the prior approval of the state finance committee. Except as provided in RCW 28B.10.022, the state finance committee shall approve the form of all financing contracts or a standard format for all financing contracts. The state finance committee also may:

(a) Consolidate existing or potential financing contracts into master financing contracts with respect to property acquired by one or more agencies, departments, instrumentalities of the state, the state board for community and technical colleges, or a state institution of higher learning; or to be acquired by another agency;

(b) Approve programs providing for the issuance of certificates of participation in master financing contracts for the state or for other agencies;

(c) Enter into agreements with trustees relating to master financing contracts; and

(d) Make appropriate rules for the performance of its duties under this chapter.

(2) In the performance of its duties under this chapter, the state finance committee may consult with representatives from the department of general administration, the office of financial management, and the department of information services.

(3) With the approval of the state finance committee, the state also may enter into agreements with trustees relating to financing contracts and the issuance of certificates of participation.

(4) Except for financing contracts for real property used for the purposes described under chapter 28B.140 RCW, the state may not enter into any financing contract for real property of the state without prior approval of the legislature.

(5) The state may not enter into any financing contract on behalf of another agency without the approval of such a financing contract by the governing body of the other agency. For the purposes of this requirement, a financing contract must be treated as used for real

property if it is being entered into by the state for the acquisition of land; the acquisition of an existing building; the construction of a new building; or a major remodeling, renovation, rehabilitation, or rebuilding of an existing building. Prior approval of the legislature is not required under this chapter for a financing contract entered into by the state under this chapter for energy conservation improvements to existing buildings where such improvements include (a) fixtures and equipment that are not part of a major remodeling, renovation, rehabilitation, or rebuilding of the building, or (b) other improvements to the building that are being performed for the primary purpose of energy conservation. Such energy conservation improvements must be determined eligible for financing under this chapter by the office of financial management in accordance with financing guidelines established by the state treasurer, and are to be treated as personal property for the purposes of this chapter.

**PART V
REFERENDUM PROVISIONS**

NEW SECTION. Sec. 501. (1) The secretary of state shall submit sections 101 through 203 and 401 through 405 of this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 and Article VIII, section 3 of the state Constitution and the laws adopted to facilitate their operation.

(2) If the people ratify this act as specified under subsection (1) of this section, revenues generated shall be spent as detailed in this act.

(3) Pursuant to RCW 29A.72.050(6), the statement of subject and concise description for the ballot title shall read: "The legislature has passed Engrossed House Bill No. 2561 (this act), concerning job creation through energy efficiency projects in school buildings. This bill would promote job creation by authorizing bonds to construct energy efficiency savings improvements to schools, including higher education buildings."

NEW SECTION. Sec. 502. Sections 303 through 306 of this act are contingent upon approval by the voters of sections 101 through 203 and 401 through 405 of this act. If sections 101 through 203 and 401 through 405 of this act are not approved by the voters by December 1, 2010, sections 303 through 306 of this act are null and void.

NEW SECTION. Sec. 503. Sections 201 through 203, 301, 302, and 401 through 405 of this act constitute a new chapter in Title 43 RCW.

**PART VI
MISCELLANEOUS PROVISIONS**

NEW SECTION. Sec. 601. This act takes effect if Second Engrossed Substitute Senate Bill No. 6143 is enacted by the legislature during the 2010 1st special session."

On page 1, line 2 of the title, after "facilities" strike the remainder of the title and insert "and raising revenue therefor; amending RCW 82.08.0293, 82.12.0293, and 39.94.040; adding a new chapter to Title 43 RCW; creating new sections; making an appropriation; providing a contingent effective date; providing for submission of certain sections of this act to a vote of the people; and declaring an emergency."

and the same is herewith transmitted.

"NEW SECTION. Sec. 1. The legislature finds that institutions of higher education are key to the future employment opportunities of Washington citizens and to the economic well-being of the state. The legislature further finds that current student financial aid programs are underfunded and subject to the unpredictability of the state budget. It is the intent of the legislature to direct increases in lottery account moneys toward stabilizing and increasing existing resources for opportunity grants, get ready for math and science scholarships, passport to college scholarships, college bound scholarships, the state work study program, the state need grant, Washington scholars awards, and the Washington award for vocational excellence.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.76 RCW to read as follows:

The Washington opportunity pathways account is created in the state treasury. Expenditures from the account may be used only for programs in chapter 28B.12 RCW (state work-study), chapter 28B.50 RCW (opportunity grant), RCW 28B.76.660 (Washington scholars award), RCW 28B.76.670 (Washington award for vocational excellence), chapter 28B.92 RCW (state need grant program), chapter 28B.105 RCW (GET ready for math and science scholarship), chapter 28B.117 RCW (passport to college promise), and 28B.118 RCW (college bound scholarship).

Sec. 3. RCW 67.70.340 and 2009 c 576 s 2 and 2009 c 479 s 45 are each reenacted and amended to read as follows:

(1) The legislature recognizes that creating a shared game lottery could result in less revenue being raised by the existing state lottery ticket sales. The legislature further recognizes that the fund most impacted by this potential event is the education construction account. Therefore, it is the intent of the legislature to use some of the proceeds from the shared game lottery to make up the difference that the potential state lottery revenue loss would have on the education construction account. The legislature further intends to use some of the proceeds from the shared game lottery to fund programs and services related to problem and pathological gambling.

(2) The education construction account is expected to receive one hundred two million dollars annually from state lottery games other than the shared game lottery. For fiscal year 2003 and thereafter, if the amount of lottery revenues earmarked for the education construction account is less than one hundred two million dollars, the commission, after making the transfer required under subsection (3) of this section, must transfer sufficient moneys from revenues derived from the shared game lottery into the education construction account to bring the total revenue up to one hundred two million dollars.

(3)(a) The commission shall transfer, from revenue derived from the shared game lottery, to the problem gambling account created in

RCW 43.20A.892, an amount equal to the percentage specified in (b) of this subsection of net receipts. For purposes of this subsection, "net receipts" means the difference between (i) revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares; and (ii) the sum of payments made to winners.

(b) In fiscal year 2006, the percentage to be transferred to the problem gambling account is one-tenth of one percent. In fiscal year 2007 and subsequent fiscal years, the percentage to be transferred to the problem gambling account is thirteen one-hundredths of one percent.

(4) The commission shall transfer the remaining net revenues, if any, derived from the shared game lottery "Powerball" authorized in RCW 67.70.044(1) after the transfers pursuant to this section into the state general fund for the student achievement program under RCW 28A.505.220.

(5) The remaining net revenues, if any, in the shared game lottery account after the transfers pursuant to this section shall be deposited into the ~~((general fund))~~ Washington opportunity pathways account.

NEW SECTION. Sec. 4. In consultation with independent experts and in collaboration with the higher education coordinating board, the state lottery commission shall upon the effective date of this act develop and begin implementation of a strategy and plan for actively marketing the state lottery as an essential contributor to higher education. The commission shall report to the appropriate committees of the legislature on the key messages, components, performance objectives, and anticipated revenue impacts of the strategy by December 1, 2010.

NEW SECTION. Sec. 5. The joint legislative audit and review committee shall conduct a review of marketing and vendor expenditures and incentive payment programs at the state lottery commission to identify cost savings and efficiencies to maximize contributions to beneficiaries under this act. This review shall include examination of the following:

(1) The expenditures at the state lottery commission related to marketing and vendors compared with ticket sales. This review shall include an analysis of: Marketing expenses for fiscal years 2005 to 2010 and the impact on ticket sales; the impact to sales of tickets from the change in lottery beneficiaries provided in this act from the education construction fund to the Washington opportunity pathways account; and the competitive bidding process for vendors in Washington. In its final report on this subject, due to the legislature by November 2010, the joint legislative audit and review committee shall provide: A description of the competitive contracting processes for marketing services and vendors, and any marketing programs or expenditures funded through the lottery administrative account; an all-state survey of marketing and vendor contractors for other state lotteries; identification of whether there are duplicative or unproductive marketing activities; identification of whether savings may occur from changing vendors; and an analysis of marketing expenses and ticket sales for fiscal year 2000 through the months of fiscal year 2011 for which data are available.

(2) The incentive payment program for employees at the state lottery commission. This review shall include an analysis of the state's laws, policies, procedures, and practices as they relate to incentive payments. In its final report on this subject, due to the legislature by November 2010, the joint legislative audit and review committee shall provide: A description of how the incentive payment program at the state lottery commission operates, and comparison to best practices for outcome-based performance payments."

Correct the title.

Representative Chandler spoke in favor of the adoption of the amendment.

Excused: Representative Kretz.

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6409, having received the necessary constitutional majority, was declared passed.

POINT OF PERSONAL PRIVILEGE

Representative Kessler: "Eighteen years ago I decided to run for the state legislature representing a district that had 19% unemployment, a rural area of our state, and I have never looked back and never regretted these eighteen years. One of my proudest achievements for all of us who have worked together on this is to provide direction for One Washington. One of my dearest friends, the good gentleman from the 16th District, Uncle Bill, who is no longer with us, taught of the importance of trying to tear down the Cascade Curtain. I tried my darndest in my eighteen years to tear down the urban-rural divide and I think we've made huge strides. I have appreciated the friendship and leadership of Mr. Speaker from the 43rd District, and working with him these past twelve years, and working with the good lady from the 37th who has been on our leadership team. We've all bonded and become quite good friends. We brought a very diverse group of viewpoints to the leadership team which was always very interesting and I love that perspective. I love that our caucus this year passed a bill that provides jobs in Eastern Washington. I love that we don't look at that as, well that's politically not our area so we're not going to

help them. I love that about my caucus, I love that I've been a part of that. I appreciated you Mr. Speaker, you are just amazing. I watch you handle all the fairly tedious discussions and I think what a wonderful job you are doing and I'm so glad you represent us. I don't know where the other Mr. Speaker is half the time. I came in with some people that I care very deeply for that are still here. My good friend from the 40th who made me weep when I said goodbye when I knew he was leaving. Representative Quall and I sat at the same table in 1992 at a reorganization meeting and we just hit it off immediately. My good friend from the 42nd, our Ways & Means chair, and I have shared many years together, many good times together and many hard times together. We've had new leadership with our good lady from the 25th, Representative Morrell. She has just brought, she is a nurse, she is the one that picked me up this year, drove me to the doctor, took me to a cardiologist in Puyallup and said get in there and get taken care of. My good friend, the Minority Leader from the 20th, Representative DeBolt. He and I have always respected the institution and the fact that we can disagree. I have loved working with your freshmen when they come in to office to try and help them be successful to get some piece of legislation passed because it must feel pretty crummy to be in the minority and not have that ability for your members. I've loved it that my caucus thinks that is okay. I have a special friend in this, all of you by the way, I really appreciate, respect and have various degrees of friendship with but always great affection for all of you. The fine lady from the 32nd who has made early learning her passion, which is also a passion of mine. I so respect what she has done and I think it has made an incredible difference and will make an incredible difference for our children. Children learn from the minute they are born, in fact they actually learn when they are still in the mothers' womb. They do learn and the more they learn the better prepared they are and the better off they are in their lives. They are ready for school. So for our emphasis on early learning I really totally appreciate the good lady from the 32nd. Being a part of this place is an amazing experience that few people ever have. We have done things like make sure that all children in the State of Washington are covered by healthcare. We didn't wait for Congress we didn't wait for some politically correct time, we just knew it was right that our children should all have healthcare. We stuck up for that in these terrible times and this great recession as well. Our children are being covered by healthcare and it feels incredibly great to be a part of a group of men and women who have provided that for our children. You won't believe this, but in 1993 I actually voted for education reform. We've been working on that ever since and we keep making strides. I am so glad to live in a state where education is the paramount duty of our constitution. It challenges us to be ever vigilant in making sure we're actually funding that basic education. We've had the ability to change laws that change lives, that saved lives, that make lives better, that allow some people to go to college whose families have never ever been to college. And then we can do little things that we do for our constituents and those are very special to each and every one of us. This year the gentleman from the 45th had a bill

that included something that was very dear to the heart of one of my constituents. He called me about a year and a half ago and said that his relative was married to a man who beat her up, domestic violence. He killed her and the gentleman told me that he prohibited the family from having her body taken care of and a burial because he was in charge of the disposition of her remains. The bill that the good gentleman from the 45th passed this year included that no victim of a domestic violence murder would ever have to have her perpetrator continue that violence against her after she is gone, that the disposition would not be put in the hands of the person accused of that murder. I know each and every one of you have so many stories like that where you are able to, because of the positions that we all have, were able to do great and small things together and I'm privileged to have served with all of you. Now I'm sad that I'm leaving but I'm really glad, just so you know I am really actually glad, I think it's time. I love you all, it's been fun being in the trenches with you because sometimes those trenches are deep and very, very difficult and I hope that we all appreciate our differences because that's what makes this place function, that's what makes this place very special and that's what makes each and every one of you very special because we can really make a difference. We have made a difference and we continue to make a difference. I will watch you on TVW, but I don't actually get it where I live, so I won't be making a big habit of it. But if I'm anywhere there is TVW I will watch you and be somewhat nostalgic that I won't be here any longer. Thank you for the privilege of serving with all of you. That is my deal, I'm retiring. I'm almost 70, for God's sake, it's time. To my seat mates, my wonderful Senator and my wonderful seat mate who could save me if I did start to croak on the floor, you've just been a joy to serve with and we've had each others' backs. The Senator and I have had each others' backs for eighteen years and it's been a real pleasure, he prays for me and that has got to be good, so thank you again, all of you. I wish you all well and please be kind to one another. Thank you."

POINTS OF PERSONAL PRIVILEGE

Representatives Van De Wege, DeBolt, Quall, Armstrong, Linville, Orcutt, Santos, Morris and Mr. Speaker thanked Representative Kessler for her service to the people of the 24th District and the State of Washington, and wished her well in her retirement.

This requirement does not apply to appropriations for preconstruction activities or appropriations whose sole purpose is to purchase real property that does not include a construction or renovation component.

(2) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(3) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(4) Projects funded in this section must be held by the recipient for a minimum of ten years and used for the same purpose or purposes intended by the legislature as required in RCW 43.63A.125(6).

(5) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(6) Except as directed otherwise prior to the effective date of this section, the department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended, or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature.

(7) The appropriation is provided solely for the following list of projects:

NEW SECTION. Sec. 1016. A new section is added to 2009 c 497 (uncodified) to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Jobs Act for K-12 Public Schools and Higher Education Institutions (91000085)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for grants to public school districts and public higher education institutions for operational cost savings improvements to public school district and higher education facilities and related projects that result in energy and operational cost savings. Related projects are those projects that must be completed in order for the energy efficiency improvements to be effective. Grants may also be used for loan interest payments over the term of a loan.

(2) The department of commerce, in consultation with the department of general administration, the office of the superintendent of public instruction, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts and public higher education institutions. Final grant awards shall be determined by the department of commerce.

(3) The definitions in this section apply throughout this section.

(a) "Cost-effectiveness" means that the present value to public school districts and public higher education institutions of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(c) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(f) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions.

(g) "Innovative measures" means advanced or emerging technologies, systems or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics and controls systems for buildings; novel heating, cooling, ventilation and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(4) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than 1,000 full-time equivalent students, based on demand and capacity.

(5) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis shall be performed by a licensed engineer, and the documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy-savings or energy cost- reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(6) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of general administration's energy savings performance contracting project guidelines; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of general administration through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of general administration through a request for qualifications, a licensed engineer that is a certified energy manager, a project resource conservation manager, or educational service district resource conservation manager.

(7) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(8) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(9) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(10)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. Public school districts and public higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor shall not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost- effectiveness criteria. Public school districts and public higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost- effectiveness criteria.

(11) The department of commerce may charge projects administrative fees and may pay the department of general administration, the Washington State University energy program, and the office of the superintendent of public instruction administration fees in an amount determined through a memorandum of understanding.

(12) The department of commerce and the department of general administration must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled.

FOR THE OFFICE OF FINANCIAL MANAGEMENT

Catastrophic Flood Relief (20084850)

The reappropriation in this section is subject to the following conditions and limitations:

(1) \$1,640,000 of the reappropriation is provided solely for nonfederal matching funds and state agency costs associated with the army corps of engineers flood hazard mitigation projects for the Chehalis river basin.

(2) \$1,200,000 of the total reappropriation is provided solely for the Chehalis basin flood control authority to develop governance agreements for development, operation, and maintenance of flood hazard mitigation measures throughout the basin. The development of the governance agreements shall include preliminary estimates of local property tax options necessary to support the maintenance and operation of the twin city levy project and tax options necessary to support other possible flood control measures throughout the basin. The agreements must be executed by July 1, 2011.

(3)(a) \$2,000,000 of the reappropriation is provided solely for the following studies of flood mitigation measures: (i) Studies contracted prior to the effective date of this act; (ii) a study to evaluate the feasibility of a combination of the United States' army corps of engineers twin city project, with other retention structures, and nonstructural flood mitigation measures to be completed by June 30, 2011; (iii) a study to determine how ecosystem services, including nonstructural alternatives, would likely mitigate downstream flooding to be completed by December 2010; (iv) continuation of the general investigation of basin wide flood control measures by the United States' army corps of engineers; (v) an independent peer review of completed geotechnical and hydrological studies of possible upper basin retention structures to be completed by October 2010; (vi) a study of the effect of possible retention structures and other flood control measures on fish in the basin to be completed by June 2011, provided that the fish study shall not examine options for retention structures that the peer review in this section determines is not feasible.

(b) From the effective date of this act and prior to any expenditure on new studies, the Chehalis basin flood authority must submit any new study proposal to the basinwide general investigation project manager of the United States army corps of engineers for review. Based upon the United States army corps of engineers review of the proposal, the Chehalis basin flood authority must develop a proposed scope of work for the study that ensures, to the fullest extent possible, that the study will be eligible for federal work-in-kind credit.

(c) The Chehalis basin flood authority must: (i) In consultation with the department of ecology, select qualified experts to conduct the peer review of geotechnical and hydrological studies; and (ii) consult with the Washington state department of fish and wildlife, the confederated tribes of the Chehalis reservation, and the Lewis county public utility district to develop and agree upon a scope of work for, and select a qualified expert to, conduct the fish study. The peer review must be submitted to the office of financial management before funds are allotted for the fish study.

(4) \$300,000 of the reappropriation is provided solely for an early flood warning system.

(5) It is the intent of the legislature to fulfill the commitment of section 101, chapter 179, Laws of 2008 and chapter 180, Laws of 2008, by appropriating funds when the federal match requirement is needed.

NEW SECTION. Sec. 1023. A new section is added to 2009 c 497 (uncodified) to read as follows:

FOR THE OFFICE OF FINANCIAL MANAGEMENT. (1) Due to the downturn of the economy and the direct effects on the state bond debt limit, the legislature intends to reduce bond debt while focusing resources on maintaining and creating jobs. Therefore, the legislature directs the office of financial management to work with state agencies to achieve savings in the amount of \$50,000,000 by reducing previously approved allotments or by withholding approval of planned allotments for those projects that have not shown substantial progress under the criteria established in subsection (2) of this section or from projects with savings identified pursuant to section 6012 of this act.

(2) A project is subject to allotment reduction or non-approval of a planned allotment under this section if:

(a)(i) It is a state project administered by a state agency; or

(ii) It is a grant or a loan project for which a state agency allocates funding to a non-state entity;

(b) Appropriations for the project were made in the 2009-11 or previous omnibus capital appropriations acts from the state building construction account, state taxable building construction account, or any other debt limit bond account, not including projects receiving 2010 supplemental capital budget appropriations, minor works projects, or the school construction assistance grant program; and

(c) The project has failed to secure all required and appropriate transaction elements necessary to execute contracts with the administering state agency by November 30, 2010. Required and appropriate transaction elements may include, but are not limited to, matching funds, permits, environmental reviews, and required contracts and partnership agreements.

(3) Amounts attributable to allotment reductions or non-approval of planned allotments made under this section must be placed in or remain in unallotted status and remain unexpended.

(4) By December 31, 2010, the office of financial management must report to the house of representatives capital budget committee and the senate ways and means committee on the projects for which allotments were reduced or for which approval was withheld, including a list of the specific projects and related funds remaining in unallotted status.

(5) Agencies and prospective grant or loan recipients are encouraged to reapply or request funds in the 2011-13 biennial capital appropriations act for projects for which allotments were reduced or not approved under this section.

Kittitas Groundwater Study (30000029)

The appropriation in this section is subject to the following conditions and limitations:

By September 30, 2010, if, after consultation with major Yakima basin governments and stakeholders, the department of ecology and Kittitas county reach an agreement on a preferred approach, including the appropriate geographic scope and administering entity, the appropriation may be fully or partially redirected for the following purposes:

(1) Funds may be provided to develop and implement water banking and transfer methods and agreements that are fully protective of senior water rights and that protect domestic groundwater users and improve the profitability of farming operations. The legislature finds such activities to be in the public interest because they can help sustain the viability of the agricultural economy and enhance the certainty of water supplies for domestic groundwater users.

(2) Funds may be provided to lease or purchase water rights to create a reserve water supply for domestic groundwater users that have a groundwater right with a priority date later than May 10, 1905, as well as for all out-of-priority groundwater users. In securing water for such domestic groundwater users, strong preference shall be given to the use of water banking and transfer methods that provide alternatives to permanent purchase and dry-up of agricultural water rights in the basin, including dry-year options, water banking, long-term water supply lease agreements, long-term agricultural land fallowing agreements, and reduced consumptive use through efficiency or alternative cropping arrangements while maintaining historic return flows.

(3) A portion of the appropriation may be used for administrative costs, not to exceed four percent, and other costs associated with leasing or acquiring and transferring the water rights. All costs shall be fully recovered from participating domestic water users for their prorated portion of the cost, including but not limited to the costs of securing a water right or rights for this purpose, costs associated with the development and implementation of alternative agricultural water transfer methods, associated annual operational costs, and federal water service contract costs owed to the United States bureau of reclamation. Funds recovered in this manner shall be deposited in the state and local improvement revolving fund and may be used for any purpose provided in this section.

Flood Protection Study (20082855)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation in this section is provided solely for the department to conduct a study to determine the number of decertified levees in the state and to identify strategies for maintaining accreditation, re-accrediting, or recertifying ((the)) levees so that they ((provide)) are recognized by federal agencies as providing optimum protection for the communities protected by the levees. The department must prioritize areas to include in the study based on population and the economic impact of potential flood damage.

The study must include the following components:

- (1) A working group of levee managers, local agencies, and stakeholders to advise and inform the study;
- (2) ~~((A))~~ In-state examples of the costs and processes of technical review of the structural integrity of levee systems;
- (3) An inventory, map, and ~~((rate the effectiveness))~~ description of the level of protection of existing levee systems; ~~((and))~~
- (4) The development of strategies and actions needed to improve the existing levee system and to ensure certification by the United States army corps of engineers for one-hundred year flood protection;
- (5) The identification of current funding sources and the amounts available for levee improvements; and
- (6) Recommendation for additional new funding sources and options.
- (7) The study must be completed and a report provided to the appropriate legislative committees by ~~((July))~~ December 1, 2010.
- (8) The study under this section is exempt from the provisions of section 602, chapter 3, Laws of 2010 and section 7, chapter 5, Laws of 2009.

FOR THE DEPARTMENT OF NATURAL RESOURCES

Natural Resources Real Property Replacement (30000051)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for acquisition of working forest lands at risk of conversion to nonforest uses and working natural resource lands that will protect and enhance the value of trust land holdings. The legislature finds that the chronic loss of working forest lands threatens the long-term prospects of the timber products and other natural resource industries, which in turn threatens the long-term economic return for the beneficiaries of state trust lands. Acquisition of these lands is intended to help stabilize the primary source of revenue to trust land beneficiaries. The department shall submit a report to the

appropriate committees of the legislature by October 1, 2010, and every two years thereafter, indicating the lands purchased under this section, showing the locations, acres, purchase price, and within that purchase price, the value of the property attributed to the future value of timber harvests given an expected rate of return for timber lands, and the value of the property attributed to future development of the property. It is the intent of the legislature to lease the development rights of these conversion lands and retain them as long-term working natural resource lands under the sustainable harvest plan. Working forest lands acquired under this section shall be managed at a level equal to or greater than seventy-five percent of the expected harvest under the sustainable harvest plan.

The department shall not proceed with the Ice Harbor land exchange prior to June 30, 2011.

Sec. 3037. 2009 c 497 s 3203 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF NATURAL RESOURCES

Trust Land Transfer (30000066)

The appropriation in this section is subject to the following conditions and limitations:

- (1) The total appropriation is provided to the department solely to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, housing and essential government services, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2009-2a, developed April 23, 2009.
- (2) Property transferred under this section must be appraised and transferred at fair market value. The value of the timber transferred must be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The value of the land transferred must be deposited in the natural resources real property replacement account.
- (3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040.
- (4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and shall not exceed (~~one and nine-tenths~~) two and six-tenths percent of the appropriation.
- (5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.
- (6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer and lease agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the original intended public purpose and the department and legislature approves such uses.
- (7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.
- (8) The department shall execute trust land transfers that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the total value of transferred property is timber value and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers.
- (9) \$4,189,000 of the amount appropriated is provided solely for fifty-year leases of development rights from timber lands at risk of conversion to non-timber land uses purchased from appropriations in the 2007-2009 fiscal period.
- (10) (~~On June 30, 2011,~~) The state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction account and the appropriations in this section shall be reduced by an equivalent amount.

FOR THE DEPARTMENT OF NATURAL RESOURCES

Forest Hazard Reduction and Biomass Equipment (91000003)

The appropriation in this section is subject to the following conditions and limitations:

(1) The natural resources equipment account appropriation in this section is provided solely for the purchase of forest biomass feedstock processing equipment appropriate for forest biomass-to-energy projects in eastern Washington in areas with a scarcity of primary wood processing facilities, or for making grants on a competitive basis to local governments or nonprofit entities in such local areas for purchase of such equipment. Equipment purchased, either by the department or a grantee, must be made available for lease, or other lawful means of conveyance, or be operated directly, for use in forest biomass-to-energy projects in an area of eastern Washington with a scarcity of primary wood processing facilities. In providing for the use of such equipment, consideration shall be given by the department or grantee in the opportunity for the forest biomass-to-energy project to promote forest treatments to improve forest health and/or remove hazardous buildup of forest fuels. Consideration may also be given to generating jobs in counties with high rates of unemployment.

(2) The state building construction account--state appropriation is provided solely for forest improvement treatments on forest lands of eastern Washington with the five highest priority fire and disease hazards in Stevens, Ferry, Lincoln, Pend Oreille, Okanogan, Yakima, Kittitas, and Spokane counties. Forest treatments on private lands funded by this appropriation require an agreement with the property owner that includes a commitment to maintain the improvements to forest health.

Forest Riparian Easement Program (30000070)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$600,000 of the forest and fish support account appropriation is provided contingent upon the sale of the king air by the department. The office of financial management shall allot only an amount that is equivalent to the proceeds received from the sale of the king air and no more than \$600,000.

(2) If the appropriation in this section is less than the level demanded in submitted applications, the department of natural resources shall prioritize the use of the funds as follows:

(3) Highest priority shall be given to applications that include one or more of the following conditions, in the following priority order: (a) The greatest proportion of riparian buffer impacted in the related forest practices application; (b) lands in deferred tax status of classified timber land or classified open space as defined in RCW 84.34.020; (c) lands at greatest risk of conversion to other land uses as determined by county zoning and land classifications and proximity to urban growth areas or other areas of concentrated land development; (d) lands that are certified by a forest certification recognized by the department; (e) the applicant has not received a forestry riparian easement since July 1, 2007; (f) the applicant is not a nonprofit organization; (g) the applicant has been waiting three years or more for a forestry easement purchase; and (h) the application does not include any of the conditions specified in subsection (2) of this section.

(4) The lowest priority shall be given to applications that include any of the following conditions: (a) The forest management activities for the aggregated ownership of the landowner referenced in the application, his or her spouse, and his or her children exceed the small forest landowner definition in RCW 76.13.120(2)(c); (b) the applicant has had legal ownership for less than five years, except when the applicant is a

lineal descendant of a landowner meeting this condition; (c) the applicant has an outstanding violation of the forest practices act under chapter 76.09 RCW; (d) the applicant is in default on a financial obligation to an agency of the state including noncompliance with a child support order under RCW 74.20A.320; (e) the application is for land on which other conservation easements have been executed and recorded on the title; or (f) the land is owned by a nonprofit organization that does not have deferred tax designations of either classified timber land or classified open space as defined in RCW 84.34.020 and does not have a county-recognized forest management plan.

(5) The department of natural resources shall use legally binding affidavits to obtain from the applicants any supplemental information necessary to assist in prioritizing the use of the funds appropriated in this section. The department must verify the prioritized use of the funds appropriated in this section by: (a) Investigating a random subset of affidavits for easements purchased for an amount less than one hundred thousand dollars; and (b) investigating all easements purchased for an amount in excess of one hundred thousand dollars.

(6) The department shall work with interested stakeholders to develop recommendations for changes to the ongoing eligibility, prioritization, and policy provisions of the forestry riparian easement program specified in RCW 76.13.120. In developing these recommendations, the department and the interested stakeholders shall consider the inclusion of the conditions utilized in this section to establish eligibility and prioritization of funding. The department and the interested stakeholders shall submit final recommendations in the form of legislation to the office of financial management and the legislature by October 1, 2010.

Sec. 5006. 2009 c 497 s 5014 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2009-11 School Construction Assistance Grant Program (30000031)

The appropriation in this section is subject to the following conditions and limitations:

(1) ~~(The office of the superintendent of public instruction shall develop a tracking system to increase accuracy in predicting the timing of school district claims for reimbursement for school construction assistance grants. The office of the superintendent of public instruction shall also improve its communication with school districts regarding the status of grant projects and create requirements regarding the timing of reimbursement claims. The office of the superintendent of public instruction shall submit a report on the progress of the new tracking and communication system to the appropriate committees of the legislature by November 15, 2009. The report must include a list of school district capital projects receiving state funding and each project's anticipated final reimbursement date.~~

~~—(2)) In calculating square foot eligibility for state assistance grants, kindergarten student headcount shall not be reduced by fifty percent.~~

(2) For school construction projects funded through the school construction assistance grant program, the superintendent of public instruction shall require mapping the design of new facilities and remapping the design of facilities to be remodeled.

(3) Up to \$17,000,000 of the state building construction account-- state appropriation in this section is for the Grand Coulee Dam school district school project, contingent on the availability of sufficient contributions from federal, local, or private sources to make up the remainder of the total cost of the project. The Grand Coulee Dam school district is faced with a unique set of local funding barriers and federal funds may substitute as the usual requirement for school district participation. In the event sufficient matching contributions are not secured, these funds shall lapse.

(4) \$250,000 of the common school construction account--state appropriation is provided solely for the office of the superintendent of public instruction to develop a K-12 facility inventory and condition system based on option number 3, described in the joint legislative audit and review committee's January 2010 report, "K-12 Pilot Facility Inventory, Condition and Use System" as providing semi- customized information capabilities with complete state data. The office of the superintendent of public instruction must require school districts to submit any energy audits completed for K-12 public school buildings to be incorporated in the inventory system. It is the legislature's intent to improve the availability of information regarding the local use of state funds provided for school maintenance. Although school facilities are constructed by, and the property of, local jurisdictions, the legislature encourages school districts to invest in activities that extend the useful life of school district facilities. The state's general taxpayers have an interest in information regarding these local decisions since state policy has been to contribute funds in the biennial omnibus operating budget for facilities' maintenance and to contribute capital budget funds to eligible districts for renovation and replacement of buildings. In light of 2010 legislation enacting changes to RCW 28A.150.260 that increase state funding for school maintenance from \$73.27 per annual average full-time equivalent K-12 student to \$153.18 per student by the 2015-16 school year, with annual adjustments for inflation thereafter, it is the legislature's intent to facilitate development of an information system that will provide better data regarding school districts' use of any state funds provided to assist with maintenance and to monitor facilities' conditions.

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

~~((Health, Safety,))~~ Energy Efficiency and Small Repair Grants (91000007)

The appropriation in this section is subject to the following conditions and limitations:

(1) Up to \$3,000,000 of the appropriation is provided solely for nonrecurring costs associated with school facility repairs and renovations necessary for health and safety. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria for providing funding for specific projects to stay within the appropriation level provided in this section. The criteria must include, but are not limited to, the following: (a) Limiting recipient district applications to one hundred thousand dollars per three-year period; (b) limiting districts eligible to receive the grant only once in any three-year period; and (c) requiring any district receiving funding provided in this section to demonstrate a consistent commitment to addressing school facilities needs.

(2) ~~((The))~~ \$50,000,000 of the new appropriation is provided solely for energy operational cost savings ~~((and safety and health infrastructure))~~ improvements to school facilities ~~((initiated after July 1, 2009))~~. The appropriation must be distributed using the performance-based contracting method of delivering energy operational cost savings ~~((and safety and health infrastructure))~~ improvements to public facilities ~~((, unless the minimal cost or the immediacy of the project makes performance based contracting impracticable. If the minimal cost or immediacy of the project makes performance based contracting impracticable, the school district must receive a waiver from the office of the superintendent of public instruction in order to use the appropriation to address safety and health needs))~~.

(3) The superintendent of public instruction must report to the appropriate committees of the legislature and the office of financial management on the timing and use of the funds by the end of each fiscal year, until the funds are fully expended.

(4) \$100,000 of the appropriation is provided solely to the Monroe public schools for retrofitting the Frank Wagner Elementary chimney.

MISCELLANEOUS AND SUPPLEMENTAL PROVISIONS

Sec. 6001. 2009 c 497 s 6009 (uncodified) is amended to read as follows:

ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

State agencies may enter into agreements with the department of general administration and the state treasurer's office to develop requests to the legislature for acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered.

Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(1) Department of corrections: ~~(Enter into a financing contract for up to \$17,958,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase or build work release beds, violator beds, or other community based re-entry facilities.)~~ Enter into a financing contract for up to \$12,400,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to move correctional industries facilities and operations from McNeil island corrections center to Stafford creek corrections center.

(2) Community and technical colleges:

(a) Enter into a financing contract on behalf of Walla Walla Community College for up to \$1,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase up to 40 acres of land.

(b) Enter into a financing contract on behalf of Bellingham Technical College for up to \$1,390,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an instructional resource center.

(c) Enter into a financing contract on behalf of Bellingham Technical College for up to ~~(\$28,968,000)~~ \$27,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an instructional resource center. The cost of this financing contract shall be paid from the community and technical colleges capital projects account. This facility shall be eligible for maintenance and operations funding on the same terms as if constructed with state general obligation bonds.

(d) Enter into a financing contract on behalf of Edmonds Community College for up to \$5,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to provide space for allied health and construction industry.

(e) Contingent upon the sale and purchase specified in section 5071 of this act, enter into a financing contract on behalf of Spokane Community College for up to \$3,400,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase the Riverpoint One building.

(f) Enter into a financing contract on behalf of North Seattle Community College for up to \$8,900,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an employment resource center.

(g) Enter into a financing contract on behalf of Everett Community College for up to \$25,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop a student fitness and health center.

(h) Enter into a financing contract on behalf of Wenatchee Valley Community College for up to \$2,700,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase a music and art center.

(i) Enter into a financing contract on behalf of Green River Community College for up to \$20,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop a 40,000 square foot addition to Green River Kent station.

(j) Enter into a financing contract on behalf of Walla Walla Community College for up to \$1,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the water and environment center.

(k) Enter into a financing contract pursuant to chapter 39.94 RCW on behalf of Green River Community College for up to \$26,532,000 plus financing expenses and required reserves to construct a new classrooms facility as specified in project 20061205. The cost of this financing contract shall be paid from the community and technical colleges capital projects account. This facility shall be eligible for maintenance and operations funding on the same terms as if constructed with state general obligation bonds.

(3) Parks and recreation commission: Enter into a financing contract for up to \$2,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the Mount Spokane lodge. The parks and recreation commission shall use energy savings performance contracting if practicable. The lodge shall be operated by a private concessionaire under a contract with the parks and recreation commission that is a qualified management contract under the applicable internal revenue service guidelines.

(4) Department of general administration: Enter into a financing contract for up to \$27,144,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the rehabilitation of the John L. O'Brien building, subject to approval of the project scope by the speaker of the house of representatives and the chief clerk of the house of representatives.

(5) Department of ecology: Enter into a financing contract for up to \$11,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to rebuild the east wall of the department of ecology's headquarters building in Lacey, Washington.

(6) Washington State University: Enter into a financing contract for up to \$15,000,000 plus financing expenses and required reserve pursuant to chapter 39.94 RCW for a student information system.

(7) Department of social and health services: Enter into a financing contract for up to \$15,850,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct or renovate specialized housing and treatment facilities for youth committed to the juvenile rehabilitation administration. The debt service is to be paid with the savings associated with closure of the Maple Lane school.

NEW SECTION. Sec. 6002. A new section is added to 2009 c 497 (uncodified) to read as follows:

FOR THE DEPARTMENT OF GENERAL ADMINISTRATION--ENERGY SAVINGS PERFORMANCE CONTRACTING. (1) The department of general administration, in fulfilling its requirement to maintain a registry of energy service contractors pursuant to RCW 39.35A.050, shall update the preapproved list of energy services companies that are qualified to provide services to public facilities in the state by June 30, 2010.

(2) The department of general administration must develop guidelines that are consistent with national and international energy savings performance standards for the implementation of energy savings performance contracting projects June 30, 2010.

NEW SECTION. Sec. 6003. A new section is added to 2009 c 497 (uncodified) to read as follows:

FOR THE OFFICE OF FINANCIAL MANAGEMENT. The office of financial management budget instructions, required by chapter 43.88 RCW, must instruct all agencies submitting budget requests for building renovations and improvements and operating budget requests for facility leases to conduct preliminary energy audits if proposed renovations or improvements involve building envelope, heating, ventilating, air conditioning, controls, and lighting. The budget instructions must also direct agencies to contact the department of general administration for assistance, if necessary.

NEW SECTION. Sec. 6004. A new section is added to 2009 c 497 (uncodified) to read as follows:

DEBT AFFORDABILITY STUDY. The office of the state treasurer shall prepare a debt affordability study by December 1, 2010, that provides an assessment of the state's current debt portfolio and an analysis of the impact of future debt issuance. The study must include but is not limited to: An overview of the state's outstanding and projected debt; the structure of the debt portfolio; the cost of existing debt; sources of funds for interest, principal, or lease payments; and the purposes for which debt instruments and financing contracts are issued. To assist with this work, the office of the state treasurer shall convene and staff a work group to include staff from the fiscal committees of the state house of representatives and state senate and the office of financial management.

NEW SECTION. Sec. 6005. A new section is added to 2009 c 497 (uncodified) to read as follows:

FOR SPOKANE COMMUNITY COLLEGE. The Washington state military department shall transfer building 100 and 5.47 acres of associated land at Geiger field to Spokane community college for the development of a Spokane aerospace technology center.

Sec. 6006. 2008 c 5 s 1 (uncodified) is amended to read as follows:

Pursuant to chapter 43.155 RCW, the following project loans recommended by the public works board are authorized to be made with funds appropriated from the public works assistance account, and no loan authorized in this act shall bear an interest rate greater than one-half of one percent:

- (1) Arlington--sanitary sewer project--expand and upgrade the wastewater treatment plant and biosolids composting facility to meet new discharge limitations, produce a higher quality effluent, and accommodate future growth..... \$10,000,000
- (2) Auburn--street project--reconstruct approximately 0.3 miles of roadway with four travel lanes to bring up to current arterial and truck route standards and modify intersection to optimize efficiency and level of service \$1,800,000
- (3) Blaine--sanitary sewer project--construct a new wastewater treatment plant and section of outfall pipe to increase treatment capacity, produce reuse quality water, and improve Puget Sound water quality for shellfish..... \$10,000,000
- (4) Bonney Lake--domestic water project--replace approximately 71,000 linear feet of leaky water mains to reduce current water loss by ten percent \$5,352,000
- (5) Bonney Lake--sanitary sewer project--replace approximately 12,000 linear feet of failing interceptor sewer pipes \$4,648,000
- (6) Buckley--sanitary sewer project--rebuild the wastewater treatment plant to provide nutrient removal and meet state and federal discharge regulations and the construction of an interceptor \$5,000,000
- (7) Camas--sanitary sewer project--construct improvements to the wastewater treatment facilities to provide class A biosolids at the main sewage pump station \$10,000,000
- (8) Clark county--road project--construct new road segments, widen roadways, improve and redesign intersections, and install and modify traffic signals necessary to improve a major interchange with two freeways \$10,000,000
- (9) Clark regional wastewater district--sanitary sewer project-- modify existing and construct new wastewater facilities to process approximately 4.65 million gallons more of wastewater per day and ensure treatment processes continue to be in compliance with current regulations..... \$8,000,000
- (10) Coal creek utility district--sanitary sewer project--construct sewer lift station, approximately 1,250 lineal feet of gravity sewer main, and 500 feet of force main to provide public sewer to approximately 25 properties on a lake that have private septic systems that have failed or are in prefailure status \$898,875
- (11) College Place--domestic water project--construct two steel tanks, a booster station, approximately 6,000 feet of transmission line, 3,400 feet of water mains, three pressure reducing valves, and associated telemetry to rectify a deficiency in fire flow and standby water storage protection \$4,710,051
- (12) Cowlitz county public utility district No. 1--domestic water project--construction of approximately six new groundwater supply wells, 2,100 feet of raw water piping a new water treatment plant producing approximately 20 million gallons per day of potable water, and approximately 4,350 feet of transmission main to connect to the system to replace current water supply that is being impacted by increasing water sediment \$3,213,000
- (13) Ephrata--domestic water project--replace approximately 68,000 feet of failing water mains, 50,000 feet of failing water service pipes, and the resurfacing of 20 miles of overlaying roadway, including approximately 100 fire hydrants, 400 catch basins, 15 storm sewer drywells, 22,000 feet of curb and gutter, and 16,000 feet of storm sewer pipe..... \$6,605,727
- (14) Freeland water district--domestic water project--connect a new well and new reservoir to the existing system, rehabilitate the existing well, and install new equipment to increase system reliability, redundancy, and capacity. Install new chlorination equipment to improve water quality \$347,516
- (15) Gig Harbor--sanitary sewer project--improvements to the wastewater treatment plant including new equipment and electrical work, add a third clarifier, install ultraviolet disinfection, and extend and upsize the outfall \$10,000,000
- (16) Highline water district--domestic water project--construction of 11,350 feet of transmission main and looping of pipes to eliminate low pressures and fire flows and improve water quality, and create a new pressure zone to correct high pressures..... \$5,390,418

- (17) Karcher creek sewer district--sanitary sewer project--install a new sewer system, including a lift station and approximately 3,600 lineal feet of sewer main, in conjunction with a road project to service approximately 17 homes that will lose their septic systems due to the road project \$1,358,130
- (18) Kennewick--sanitary sewer project--construct improvements to critical wastewater treatment plant processes to enhance reliability, improve energy efficiency and redundancy, as well as increase the capacity of the sludge pumping station..... \$5,500,000
- (19) Kent--street project--construct two bridges, one for the roadway over a set of railroad tracks, and one for railroad tracks over a lowered roadway. This will grade separate the tracks from the roadway to provide safe and reliable operations twenty-four hours a day \$10,000,000
- (20) King county--sanitary sewer project--construct 13,100 lineal feet of pipe to convey approximately 9 million gallons per day of reclaimed water to reduce withdrawals of 250-acre feet per year from the Sammamish river..... \$7,000,000
- (21) La Center--sanitary sewer project--upgrade wastewater treatment plant to reduce the levels of nitrogen discharged in the effluent and approximately doubling the operation of the plant and producing class A reuse water \$10,000,000
- (22) Lake Forest Park water district--domestic water project-- replace approximately 6,915 lineal feet of undersized and corroded water pipes to improve safety and reliability of the system by reducing pipe failures and increasing fire flow \$917,935
- (23) Lake Stevens--sanitary sewer project--construct a new wastewater treatment plant, 9,500 feet of interceptor line, a pump station, and an outfall pipe in partnership with Lake Stevens sewer district \$10,000,000
- (24) Lake Stevens sewer district--sanitary sewer project--construct a new wastewater treatment plant, 9,500 feet of interceptor line, a pump station, and an outfall pipe in partnership with the city of Lake Stevens \$10,000,000
- (25) Lakewood--sanitary sewer project--construct 3 pump stations, approximately 17,200 linear feet of force mains, 13,500 linear feet of gravity collector pipe line, and 320 side sewer stubs to service two neighborhoods currently served exclusively by septic systems..... \$1,840,000
- (26) LOTT alliance--sanitary sewer project--construct approximately 7,400 feet of force main and replace existing pump station with new 1,000 gallon per minute pump station..... \$4,003,807
- (27) Mansfield--sanitary sewer project--expand and rehabilitate wastewater treatment lagoons and effluent spray irrigation system as well as remove the discharge of groundwater from basement sump pumps to the collection system..... \$235,600
- (28) Midway sewer district--sanitary sewer project--replace approximately 16,500 lineal feet of sewer mains and 50 manholes to reduce infiltration and inflow \$3,782,500
- (29) Mount Vernon--sanitary sewer project--upgrade existing wastewater treatment plant, including a new pretreatment facility, 4 additional clarifiers, upgrade aeration basins, installation of an ultraviolet disinfection system, and odor control system \$10,000,000
- (30) Newcastle--road project--reconstruct, widen, and signalize approximately 5,200 linear feet of road to 2 lanes in each direction, add left turn lanes, sidewalks, bicycle lanes, install lighting systems, replace two-lane bridge with a four-lane bridge, and install new traffic signals \$5,000,000
- (31) Olympia--sanitary sewer project--install approximately 6,500 linear feet of sewer mains and construct a lift station to serve 63 homes with failing on-site sewage systems..... \$1,808,375
- (32) Olympus Terrace sewer district--sanitary sewer project-- rehabilitate approximately 9,350 linear feet of sewer trunkline, construct approximately 9,800 linear feet of high-flow storm water bypass piping for excess flow, construct approximately 4,150 linear feet of road access, and restore creek habitat \$8,000,000
- (33) Omak--sanitary sewer project(~~--add 2 compost containers, convert storage tank to sludge holding tank, and install a second headworks screen to increase the wastewater treatment plant capacity by 35 percent~~)..... \$450,000
- (34) Port Angeles--sanitary sewer project--construct approximately 11,500 feet of sewer main, modify a storage tank, and modify the wastewater treatment plant \$10,000,000
- (35) Regional board of mayors--solid waste project--close landfill site by capping and sealing with a soil cap \$859,500
- (36) Regional board of mayors--solid waste project--construct a new solid waste transfer station, including structures and equipment..... \$1,541,000
- (37) Ronald wastewater district--sanitary sewer project-- rehabilitate 2 lift stations by replacing pumps, valves, fittings, piping, odor control systems, and electrical equipment..... \$955,400
- (38) Seattle--domestic water project--replace floating pumps with land-based pump station with a maximum capacity of approximately 250 million gallons per day, including 8 pumps, concrete structure, a tunnel, approximately 4,000 feet of pipeline, and a standby generator. \$10,000,000
- (39) Sedro-Woolley--sanitary sewer project--rehabilitate or replace 4 interceptor segments totaling approximately 29,700 linear feet, install 2 pump stations, and upgrade the secondary clarifier in order to lift a building moratorium..... \$6,023,491
- (40) Shelton--sanitary sewer project--construct a satellite reclamation plant with a capacity of approximately 0.4 million gallons per day to produce class A reclaimed water, approximately 22,000 linear feet of sewer pipelines, and approximately 25,000 linear feet of reclaimed water force main \$2,079,360
- (41) Shelton--sanitary sewer project--replace approximately 38,480 linear feet of mainline sewers to reduce inflow and infiltration..... \$5,737,500
- (42) Skagit county sewer district No. 2--sanitary sewer project-- upgrade wastewater treatment plant to a water reclamation facility to provide class A reclaimed water with a capacity of approximately 0.35 million gallons per day..... \$10,000,000
- (43) Snohomish--sanitary sewer project--construct approximately 1,900 feet of sewer pipe, a new pump station with a capacity of approximately 8,000 gallons per minute, and approximately 4,300 feet of force main to reduce overflows \$2,000,000
- (44) Snohomish--sanitary sewer project(~~--upgrade existing wastewater treatment plant including a new influent flow structure, screens, aerators, effluent filtration, ultraviolet disinfection, effluent pump station, improvements to the existing lagoons, and electrical improvements~~) \$4,500,000
- (45) Snohomish county--road project--construct a new, approximately two-mile, two-lane truck route around the city of Granite Falls, including 3 roundabouts to improve safety and air quality in the downtown area \$10,000,000

(46) Southwest Suburban sewer district--sanitary sewer project-- replace and/or slipline approximately 5,470 feet of trunk/interceptor sewer main and construct a new lift station to reduce overflows \$3,268,250

(47) Tacoma--domestic water project--replace 3 open-topped concrete reservoirs with 2 enclosed concrete reservoirs of approximately 33 million gallons each and related piping to comply with the safe drinking water act and a bilateral compliance agreement \$10,000,000

(48) Tekoa--sanitary sewer system--reconstruct approximately 1,000 feet of failing sewer line and manholes to reduce significant groundwater infiltration \$135,115

(49) Three rivers regional wastewater authority--sanitary sewer project--construct 2 clarifiers and associated piping to replace 2 failed clarifiers at the wastewater plant..... \$6,630,750

(50) Washougal--sanitary sewer project--construct a new wastewater treatment plant headworks, including a fine screen, grit removal, and replace approximately 150 linear feet of gravity sewer, and make improvements to the lagoons, including 450 linear feet of piping, modify overflow structures, and a new pump \$3,100,000

(51) Yakima--domestic water project--develop a new, approximately 3,000 gallon per minute, domestic water well, including drilling, placement of casing, a new pump house, and connection to the existing water distribution system in order to augment the water supply during drought conditions \$2,257,200

(52) Yakima--street project--construct 2 underpasses and reconstruct 3 lanes on each roadway under a railroad mainline to accommodate additional rail and reduce traffic and emergency response delays and air pollution \$3,000,000

Sec. 6007. RCW 43.155.050 and 2009 c 564 s 940 are each amended to read as follows:

(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. During the 2009-2011 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund and the city-county assistance account such amounts as reflect the excess fund balance of the account. During the 2009-2011 fiscal biennium, sums in the public works assistance account may be used for the water pollution control revolving fund program match in section 3013 of this act.

(2) The job development fund is hereby established in the state treasury. Moneys in the job development fund may be spent only after appropriation.

Sec. 6008. RCW 28B.20.725 and 1969 ex.s. c 223 s 28B.20.725 are each amended to read as follows:

The board is hereby empowered:

- (1) To reserve the right to issue bonds later on a parity with any bonds being issued;
- (2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;
- (3) To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;
- (4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;
- (5) To authorize the transfer to the University of Washington building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. However, during the 2009-2011 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 6009. RCW 28B.30.750 and 1969 ex.s. c 223 s 28B.30.750 are each amended to read as follows:

The board is hereby empowered:

- (1) To reserve the right to issue bonds later on a parity with any bonds being issued;
- (2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;
- (3) To authorize the transfer of money from the Washington State University building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;
- (4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;
- (5) To authorize the transfer to the Washington State University building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. However, during the 2009-2011 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.

NEW SECTION. Sec. 6010. A new section is added to 2009 c 497 (uncodified) to read as follows:

FOR THE STATE TREASURER--TRANSFERS

University of Washington bond retirement fund:

For transfer to the University of Washington building account for fiscal year 2010 \$14,000,000

Sec. 6011. RCW 43.160.080 and 2008 c 327 s 11 are each amended to read as follows:

There shall be a fund in the state treasury known as the public facilities construction loan revolving account, which shall consist of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account shall be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account shall be subject in all respects to chapter 43.88 RCW. During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018 of this act and for matching funds for the federal energy regional innovation cluster in section 1017 of this act.

Sec. 6012. 2009 c 497 s 6004 (uncodified) is amended to read as follows:

(1) The office of financial management may ~~((authorize a))~~ transfer ~~((of))~~ appropriation authority provided for a capital project that is in excess of the amount required for the completion of ~~((such))~~ the project ~~((to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.~~

~~—(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.~~

~~—(3)), based on the authorized scope, to the risk pool in section 1021.~~

~~—(2) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.~~

~~((4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.~~

~~—(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.))~~

(3) The office of financial management shall not allot any portion of a capital budget appropriation for: (a) Contingencies above the amount required for completion of a project as described in budget documents submitted as part of the governor's capital budget request or consistent with legislative history; (b) proposed alternates submitted in bid documents if agencies cannot document a programmatic need and an operational budget savings resulting from the completion of the alternate project component that would pay for the cost of the alternate within eight years; or (c) for any equipment costs or project scope beyond what was described in the budget documents submitted as part of the governor's capital budget request.

(4) The office of financial management shall submit a monthly report of approved allotments, subject to this section, by project. The report shall include the accepted base bid and any approved alternates with the analysis demonstrating sufficient operational budget savings.

Sec. 6013. RCW 90.71.370 and 2009 c 479 s 74 are each amended to read as follows:

(1) By December 1, 2008, and by September 1st of each even-numbered year beginning in 2010, the council shall provide to the governor and the appropriate fiscal committees of the senate and house of representatives its recommendations for the funding necessary to implement the action agenda in the succeeding biennium. The recommendations shall:

- (a) Identify the funding needed by action agenda element;
- (b) Address funding responsibilities among local, state, and federal governments, as well as nongovernmental funding; and
- (c) Address funding needed to support the work of the partnership, the panel, the ecosystem work group, and entities assisting in coordinating local efforts to implement the plan.

(2) In the 2008 report required under subsection (1) of this section, the council shall include recommendations for projected funding needed through 2020 to implement the action agenda; funding needs for science panel staff; identify methods to secure stable and sufficient funding to meet these needs; and include proposals for new sources of funding to be dedicated to Puget Sound protection and recovery. In preparing the science panel staffing proposal, the council shall consult with the panel.

(3) By November 1st of each odd-numbered year beginning in 2009, the council shall produce a state of the Sound report that includes, at a minimum:

(a) An assessment of progress by state and nonstate entities in implementing the action agenda, including accomplishments in the use of state funds for action agenda implementation;

(b) A description of actions by implementing entities that are inconsistent with the action agenda and steps taken to remedy the inconsistency;

(c) The comments by the panel on progress in implementing the plan, as well as findings arising from the assessment and monitoring program;

(d) A review of citizen concerns provided to the partnership and the disposition of those concerns;

(e) A review of the expenditures of funds to state agencies for the implementation of programs affecting the protection and recovery of Puget Sound, and an assessment of whether the use of the funds is consistent with the action agenda; and

(f) An identification of all funds provided to the partnership, and recommendations as to how future state expenditures for all entities, including the partnership, could better match the priorities of the action agenda.

(4)(a) The council shall review state programs that fund facilities and activities that may contribute to action agenda implementation. By November 1, 2009, the council shall provide initial recommendations regarding program changes to the governor and appropriate fiscal and policy committees of the senate and house of representatives. By November 1, 2010, the council shall provide final recommendations regarding program changes, including proposed legislation to implement the recommendation, to the governor and appropriate fiscal and policy committees of the senate and house of representatives.

(b) The review in this subsection shall be conducted with the active assistance and collaboration of the agencies administering these programs, and in consultation with local governments and other entities receiving funding from these programs:

- (i) Water pollution control facilities financing, chapter 70.146 RCW;

- (ii) The water pollution control revolving fund, chapter 90.50A RCW;
 - (iii) The public works assistance account, chapter 43.155 RCW;
 - (iv) The aquatic lands enhancement account, RCW 79.105.150;
 - (v) The state toxics control account and local toxics control account and clean-up program, chapter 70.105D RCW;
 - (vi) The acquisition of habitat conservation and outdoor recreation land, chapter 79A.15 RCW;
 - (vii) The salmon recovery funding board, RCW 77.85.110 through 77.85.150;
 - (viii) The community economic revitalization board, chapter 43.160 RCW;
 - (ix) Other state financial assistance to water quality-related projects and activities; and
 - (x) Water quality financial assistance from federal programs administered through state programs or provided directly to local governments in the Puget Sound basin.
- (c) The council's review shall include but not be limited to:
- (i) Determining the level of funding and types of projects and activities funded through the programs that contribute to implementation of the action agenda;
 - (ii) Evaluating the procedures and criteria in each program for determining which projects and activities to fund, and their relationship to the goals and priorities of the action agenda;
 - (iii) Assessing methods for ensuring that the goals and priorities of the action agenda are given priority when program funding decisions are made regarding water quality-related projects and activities in the Puget Sound basin and habitat-related projects and activities in the Puget Sound basin;
 - (iv) Modifying funding criteria so that projects, programs, and activities that are inconsistent with the action agenda are ineligible for funding;
 - (v) Assessing ways to incorporate a strategic funding approach for the action agenda within the outcome-focused performance measures required by RCW 43.41.270 in administering natural resource-related and environmentally based grant and loan programs.

(5) During the 2009-11 fiscal biennium, the council's review must result in a ranking of projects affecting the protection and recovery of the Puget Sound basin that are proposed in the governor's capital budget submitted under RCW 43.88.060. The ranking shall include recommendations for reallocation of total requested funds for Puget Sound basin projects to achieve the greatest positive outcomes for protection and recovery of Puget Sound and shall be submitted to the appropriate fiscal committees of the legislature no later than February 1, 2011.

Sec. 6014. RCW 39.10.210 and 2007 c 494 s 101 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Alternative public works contracting procedure" means the design-build, general contractor/construction manager, and job order contracting procedures authorized in RCW 39.10.300, 39.10.340, and 39.10.420, respectively.
- (2) "Board" means the capital projects advisory review board.
- (3) "Committee" means the project review committee.
- (4) "Design-build procedure" means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.
- (5) "Total contract cost" means the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, and the percent fee on the negotiated maximum allowable construction cost.
- (6) "General contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to provide services during the design phase and to act as construction manager and general contractor during the construction phase.
- (7) "Job order contract" means a contract in which the contractor agrees to a fixed period, indefinite quantity delivery order contract which provides for the use of negotiated, definitive work orders for public works as defined in RCW 39.04.010.
- (8) "Job order contractor" means a registered or licensed contractor awarded a job order contract.
- (9) "Maximum allowable construction cost" means the maximum cost of the work to construct the project including a percentage for risk contingency, negotiated support services, and approved change orders.
- (10) "Negotiated support services" means items a general contractor would normally manage or perform on a construction project including, but not limited to surveying, hoisting, safety enforcement, provision of toilet facilities, temporary heat, cleanup, and trash removal.
- (11) "Percent fee" means the percentage amount to be earned by the general contractor/construction manager as overhead and profit.
- (12) "Public body" means any general or special purpose government, including but not limited to state agencies, institutions of higher education, counties, cities, towns, ports, school districts, and special purpose districts, provided that for the 2009-2011 fiscal biennium, the definition of public body for this chapter does not include public bodies funded in section 1012 of this act if alternative requirements or procedures of federal law or regulations are authorized.
- (13) "Certified public body" means a public body certified to use design-build or general contractor/construction manager contracting procedures, or both, under RCW 39.10.270.
- (14) "Public works project" means any work for a public body within the definition of "public work" in RCW 39.04.010.
- (15) "Total project cost" means the cost of the project less financing and land acquisition costs.
- (16) "Unit price book" means a book containing specific prices, based on generally accepted industry standards and information, where available, for various items of work to be performed by the job order contractor. The prices may include: All the costs of materials; labor; equipment; overhead, including bonding costs; and profit for performing the items of work. The unit prices for labor must be at the rates in effect at the time the individual work order is issued.
- (17) "Work order" means an order issued for a definite scope of work to be performed pursuant to a job order contract.

Sec. 6015. RCW 39.94.040 and 2003 c 6 s 2 are each amended to read as follows:

- (1) Except as provided in RCW 28B.10.022, the state may not enter into any financing contract for itself if the aggregate principal amount payable thereunder is greater than an amount to be established from time to time by the state finance committee or participate in a program providing for the issuance of certificates of participation, including any contract for credit enhancement, without the prior approval of the state finance committee. Except as provided in RCW 28B.10.022, the state finance committee shall approve the form of all financing contracts or a standard format for all financing contracts. The state finance committee also may:

(a) Consolidate existing or potential financing contracts into master financing contracts with respect to property acquired by one or more agencies, departments, instrumentalities of the state, the state board for community and technical colleges, or a state institution of higher learning; or to be acquired by an other agency;

(b) Approve programs providing for the issuance of certificates of participation in master financing contracts for the state or for other agencies;

(c) Enter into agreements with trustees relating to master financing contracts; and

(d) Make appropriate rules for the performance of its duties under this chapter.

(2) In the performance of its duties under this chapter, the state finance committee may consult with representatives from the department of general administration, the office of financial management, and the department of information services.

(3) With the approval of the state finance committee, the state also may enter into agreements with trustees relating to financing contracts and the issuance of certificates of participation.

(4) Except for financing contracts for real property used for the purposes described under chapter 28B.140 RCW, the state may not enter into any financing contract for real property of the state without prior approval of the legislature. For the purposes of this requirement, a financing contract must be treated as used for real property if it is being entered into by the state for the acquisition of land; the acquisition of an existing building; the construction of a new building; or a major remodeling, renovation, rehabilitation, or rebuilding of an existing building. Prior approval of the legislature is not required under this chapter for a financing contract entered into by the state under this chapter for energy conservation improvements to existing buildings where such improvements include: (a) Fixtures and equipment that are not part of a major remodeling, renovation, rehabilitation, or rebuilding of the building, or (b) other improvements to the building that are being performed for the primary purpose of energy conservation. Such energy conservation improvements must be determined eligible for financing under this chapter by the office of financial management in accordance with financing guidelines established by the state treasurer, and are to be treated as personal property for the purposes of this chapter.

(5) The state may not enter into any financing contract on behalf of an other agency without the approval of such a financing contract by the governing body of the other agency.

GOVERNOR'S VETO MESSAGES
Sixtieth Legislature
2010 Legislative Session

April 1, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Second Substitute House Bill 1096 entitled:

"AN ACT Relating to enhancing small business participation in state purchasing."

I support the intent of this bill and believe that state government can and should be more active in promoting state contracting procurement with small businesses. Small businesses are a vital component in building and stabilizing Washington's economy. State agencies already provide outreach and training to the small business community. Earlier legislation I signed imposed a freeze on contracts at this time to save money. In addition this bill requires a collection of data that is burdensome, resource-intensive, and lacks accountability. Further, the Departments of General Administration, Information Services, and Transportation were not appropriated funds for this purpose and would each be required to absorb the cost to implement the bill.

I am vetoing this bill but I urge the Legislature during the next session to develop legislation that provides appropriate reporting requirements and that can be implemented within appropriated funds.

For these reasons I have vetoed Engrossed Second Substitute House Bill 1096 in its entirety.

Respectfully submitted,

Christine Gregoire
Governor

March 19, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, House Bill 1880 entitled:

"AN ACT Relating to ballot envelopes."

This bill provides that county auditors may, but are no longer required to, provide return ballot envelopes that have a privacy flap to cover the voter's signature and optional telephone number. There is no emergent need for the bill to become effective immediately, and therefore the emergency clause in Section 2 of this bill is unnecessary.

For this reason, I have vetoed Section 2 of House Bill 1880.

With the exception of Section 2, House Bill 1880 is approved.

Respectfully submitted,

Christine Gregoire
Governor

March 25, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 309, 412 and 415 Second Substitute House Bill 2016 entitled:

"AN ACT Relating to campaign contribution and disclosure laws."

This bill reorganizes and recodifies chapter 42.17 RCW, provides for the listing of the controlling entity on independent expenditures if the sponsor is a political committee, and allows bona fide political parties to use exempt funds for independent expenditures and electioneering communications.

Two bills delivered to me by the Legislature amend the same sections of existing laws in inconsistent ways. Section 309 (amending RCW 42.17.450), Section 412 (amending RCW 42.17.100), and Section 415 (amending RCW 42.17.550) amend the same sections of existing law that are amended or repealed in Senate Bill 6243 which will be signed today. These sections are technical changes with clarifying language which can be vetoed without affecting the policy changes in Second Substitute House Bill 2016.

For these reasons, I have vetoed Sections 309, 412 and 415 of Second Substitute House Bill 2016.

With the exception of Sections 309, 412 and 415, Second Substitute House Bill 2016 is approved.

Respectfully submitted,

Christine Gregoire
Governor

April 1, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill 2575 entitled:

"AN ACT Relating to the expansion of the membership of the capital projects advisory review board."

This bill expands the membership of the capital projects advisory review board which currently has 23 members. Adding a member to an existing board is inconsistent with my policy of reducing boards and commissions in state government.

For this reason I have vetoed House Bill 2575 in its entirety.

Respectfully submitted,

Christine Gregoire
Governor

April 23, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Second Substitute House Bill 2630 entitled:

"AN ACT Relating to creating the opportunity express program."

Section 6 is an unnecessary emergency clause. The general fund appropriation to the Opportunity Express Account created in the bill is a Fiscal Year 2011 appropriation. Engrossed Second Substitute House Bill 2630 can take effect ninety days after the adjournment of the session at which it was enacted and still allow timely transfer of funding to the new account.

For these reasons, I have vetoed Section 6 of Engrossed Second Substitute House Bill 2630.

With the exception of Section 6 of Engrossed Second Substitute House Bill 2630 is approved.

Respectfully submitted,

Christine Gregoire
Governor

April 1, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 404, Engrossed Second Substitute House Bill 2658 entitled:

"AN ACT Relating to refocusing the mission of the department of commerce, including transferring programs."

Section 404 of Engrossed Second Substitute House Bill 2658 outlines ways the state energy strategy must identify administrative actions, regulatory coordination, and legislative recommendations that need to be undertaken to ensure that the energy strategy is implemented and operationally supported by all state agencies and regulatory bodies responsible for implementation of energy policy in the state. I strongly agree with the intent of this section. However, a subsection in Section 404 provides that the Legislature shall, by concurrent resolution, approve or recommend changes to the energy strategy and updates. Such provisions create ambiguities that may impede the Department of Commerce in the performance of its duties.

As this bill recognizes, the energy strategy is the primary guidance for implementation of the state's energy policy and should be an integrated document that includes proposed executive actions under existing law as well as any proposals for new legislation. Section 404 could be read to require legislative approval before the Department undertakes any actions that are included in the strategy. Executive actions authorized by existing law should not be subject to legislative approval, as such a requirement would infringe upon the right and ability of the executive branch to execute the laws. Therefore, I will direct the Department to undertake activities outlined in Section 404 while retaining the authority to implement existing laws without a requirement for additional legislative approval.

For these reasons I have vetoed Section 404 of Engrossed Second Substitute House Bill 2658.

With the exception of Section 404, Engrossed Second Substitute House Bill 2658 is approved.

Respectfully submitted,

Christine Gregoire
Governor

March 29, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Second Substitute House Bill 2731 entitled:
"AN ACT Relating to implementing a program of early learning for educationally at-risk children."

Section 1 indicates the Legislature's intent regarding the future of early learning in our state. The Legislature is undertaking a study of the optimal approach for implementing a voluntary program for early learning in Senate Bill 6759 which I am signing today. I look forward to future legislation implementing the results of that study. Because the language in this section presupposes the outcome of the study called for in Senate Bill 6759, I am vetoing this section.

For this reason, I have vetoed Section 1 of Second Substitute House Bill 2731.

With the exception of Section 1, Second Substitute House Bill 2731 is approved.

Respectfully submitted,

Christine Gregoire
Governor

March 29, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 11, Substitute House Bill 2776 entitled:
"AN ACT Relating to funding distribution formulas for K-12 education."

Section 11 amends RCW 28.175.010 to add the requirement that the Washington State Institute for Public Policy annually calculate savings to taxpayers resulting from improved graduation rates. Since this provision is also contained in Senate Bill 6403 which I am also signing today, I am vetoing Section 11 in order to avoid a double amendment regarding the same subject.

For this reason, I have vetoed Section 11 of Substitute House Bill 2776.

With the exception of Section 11, Substitute House Bill 2776 is approved.

Respectfully submitted,

Christine Gregoire
Governor

April 1, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 202, Engrossed Substitute House Bill 2777 entitled:
"AN ACT Relating to modifying domestic violence provisions."

This bill makes a number of changes to the laws relating to domestic violence. Section 202 adds a new section to chapter 36.28A RCW.

This section provides that "[w]hen funded" the Washington association of sheriffs and police chiefs shall convene a work group to develop a model policy regarding the reporting of domestic violence to law enforcement in cases where the victim is unable or unwilling to make a report in the jurisdiction where the alleged crime occurred. The Legislature has not provided funding for this work group. Rather than leave an inoperable section in statute, I have vetoed Section 202. If the Legislature makes funds available for this purpose in the future, the tasks and directions to the work group may be included in an appropriations bill.

For this reason, I have vetoed Section 202 of Engrossed Substitute House Bill 2777.

With the exception of Section 202, Engrossed Substitute House Bill 2777 is approved.

Respectfully submitted,

Christine Gregoire
Governor

March 29, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 9, Engrossed Second Substitute House Bill 2782 entitled:
"AN ACT Relating to establishing the security lifeline act."

This bill reforms one of the oldest safety net programs in Washington State for better efficiency and fiscal management. Section 9 would require the Health Care Authority to prioritize ineligible disability lifeline recipients for enrollment in the subsidized Basic Health Plan. The Health Care Authority would be required to continue to process these applications, even if subsidized enrollment is limited or closed due to lack of funding. Prioritizing ineligible disability lifeline recipients is counter to the reform actions exemplified within the security lifeline bill. Section 9 would limit the Health Care Authority's ability to efficiently manage enrollment to the appropriated budget, maintain a balanced risk pool, and is detrimental to the long-term viability of the Basic Health Plan.

We must preserve a viable safety net and access to health care for all Washington residents. For these reasons, I have vetoed Section 9 of Engrossed Second Substitute House Bill 2782. With the exception of Section 9, Engrossed Second Substitute House Bill 2782 is approved. Respectfully submitted,

Christine Gregoire
Governor

May 4, 2010

The Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 5061, 6003 and 6012, Engrossed Substitute House Bill 2836 entitled: "AN ACT Relating to the capital budget."

Section 5061, page 98, Community and Technical College System, Bates Technical College Mohler Communications Technology Center Design funding for the Mohler Communications Technology Center at Bates Technical College was reduced by \$563,000 from the budget approved by the 2009 Legislature. This reduced budget amount would not be sufficient to pay for currently executed contracts, and the costs cannot be deferred until the next biennium. Therefore, I am vetoing Section 5061.

Section 6003, page 111, Office of Financial Management Budget Instructions

With this proviso, the Office of Financial Management must require that preliminary energy audits be conducted on project requests that involve significant renovations or improvements in owned or leased facilities. Reducing energy consumption is a high priority, but requiring energy audits before funding decisions are made will be burdensome and costly. I am directing the Office of Financial Management to develop instructions to state agencies that will serve the goal of reducing energy costs without requiring formal audits for every project. Therefore, I am vetoing Section 6003.

Section 6012, page 121-122, Project Transfer Authority

This proviso eliminates existing authorization for the Office of Financial Management to approve the transfer of funds from one capital project to another within the same state agency. It also places limitations on approving spending plans for construction contingencies, bid alternates, and equipment costs for capital budget projects already approved by the Legislature. These limitations are too stringent for state agencies and may cause unintended cost increases and schedule delays. I am directing the Office of Financial Management to continue to scrutinize capital project spending plans to identify additional savings that can be directed to new projects in the 2011-13 Biennium. Therefore, I am vetoing Section 6012.

For these reasons, I have vetoed Sections 5061, 6003 and 6012 of Engrossed Substitute House Bill 2836. With the exception of Sections 5061, 6003 and 6012, Engrossed Substitute House Bill 2836 is approved. Respectfully submitted,

Christine O. Gregoire
Governor

March 25, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 8, Engrossed Substitute House Bill 2876 entitled: "AN ACT Relating to pain management."

The bill generally requires state health care boards and commissions to adopt rules, including dosage standards, on chronic, noncancer pain management. Section 8, however, requires that before final adoption, these rules be submitted to the Legislature.

Members of the Legislature may review agency rules, proposed or final, and their perspectives are valuable. However, requiring proposed rules to be submitted to the Legislature would infringe upon the role of the executive branch and would blur the distinction between the Legislature and a state agency with regard to the rulemaking process.

For these reasons, I have vetoed Section 8 of Engrossed Substitute House Bill 2876. With the exception of Section 8, Engrossed Substitute House Bill 2876 is approved. Respectfully submitted,

Christine Gregoire
Governor

March 29, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 12, Substitute House Bill 2893 entitled:
"AN ACT Relating to school levies."

Section 12 provides in part: "If each provision of this act as passed by the senate and house of representatives is not enacted into law, the entire act is null and void." The only action that could prevent any provision of the bill from being enacted into law is the veto power of the Governor. The Washington Constitution provides the Governor with the power to object to one or more sections of a bill while approving other sections of the bill. Section 12 purports to provide that the veto of any section of this bill is a veto of the entire bill. This attempt to constrain the Governor's veto power is inconsistent with our state constitution.

As noted by the Washington Supreme Court in *Washington State Legislature v. Lowry*, 131 Wn.2d 309, 320 (1997), "[o]ur constitution condones neither artful legislative drafting nor crafty gubernatorial vetoes." Neither the Legislature in its bill drafting nor the Governor in exercising the veto should deprive the other of the fair opportunity to exercise its constitutional prerogatives. A veto of Section 12 will cause "the act ... to be considered now just as it would have been if the vetoed provisions had never been written into the bill at any stage of the proceedings." *State ex rel. Stiner v. Yelle*, 174 Wash. 402, 408 (1933).

For these reasons, I have vetoed Section 12 of Substitute House Bill 2893.

With the exception of Section 12, Substitute House Bill 2893 is approved.

Respectfully submitted,

Christine Gregoire
Governor

March 23, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Engrossed Substitute House Bill 2925 entitled:
"AN ACT Relating to impact payments of a municipally owned hydroelectric facility."

The bill requires large cities that own a hydroelectric facility in another county to continue to make financial compensation payments to the county in the event an existing compensation agreement between the city and county expires. There is no emergent need for the bill to become effective immediately, and therefore the emergency clause in Section 3 of this bill is unnecessary.

For this reason I have vetoed Section 3 of Engrossed Substitute House Bill 2925.

With the exception of Section 3 of Engrossed Substitute House Bill 2925 is approved.

Respectfully submitted,

Christine Gregoire
Governor

March 30, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Substitute House Bill 2939 entitled:

"AN ACT Relating to notations on driver abstracts that a person was not at fault in a motor vehicle accident."

Section 2 of the legislation states the bill is null and void if funding is not provided in the transportation budget. The transportation budget as passed the Legislature did not contain funding for this bill. However, I am vetoing this section with the understanding that the Department of Licensing will assess the costs of implementing the bill and request any needed funding in 2011.

For this reason, I have vetoed Section 2 of Substitute House Bill 2939.

With the exception of Section 2, Substitute House Bill 2939 is approved.

Respectfully submitted,

Christine Gregoire
Governor

April 1, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 1, 3, and 4, Engrossed Second Substitute House Bill 3141 entitled: "AN ACT Relating to redesigning the delivery of temporary assistance for needy families."

This bill directs significant changes to the Temporary Assistance for Needy Families program (TANF) known as the WorkFirst program. The WorkFirst program is an important safety net program for many of Washington's low-income families and children. As Washington addresses an economic downturn, our important and vital safety net programs must provide appropriate assistance to Washington residents. The WorkFirst program has been in existence for almost 13 years. In conversations with the Legislature, I expressed my support for reevaluation of the WorkFirst program to examine how to best meet the challenges for various Washington families to obtain work stability and family self-sufficiency.

Section 3 of the bill directs an executive cabinet level workgroup, the WorkFirst Subcabinet, to examine and report on the TANF program in the context of a reframed legislative intent set forth in Section 1. Section 4 makes a programmatic change in advance of any examination and report. The best way for an executive cabinet level workgroup to examine a broad, programmatic agenda of a \$900 million block grant program is under the direction of the Governor, without restrictions or initial assumptions.

Although I have vetoed Sections 1, 3 and 4, I am directing the WorkFirst Subcabinet to examine the best practices to meet the needs of WorkFirst families to obtain employment and achieve family self-sufficiency. The WorkFirst Subcabinet shall provide a report and plan to implement the best practices for WorkFirst families and children that are sustainable.

For these reasons, I have vetoed Sections 1, 3, and 4 of Engrossed Second Substitute House Bill 3141.

With the exception of Sections 1, 3, and 4, Engrossed Second Substitute House Bill 3141 is approved. Respectfully submitted,

Christine Gregoire
Governor

April 1, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 5, 13, 14 and 15, Engrossed Substitute House Bill 3178 entitled: "AN ACT Relating to creating efficiencies in the use of technology in state government."

Section 5 requires the Information Services Board to develop standardized contracts and to review state agency information technology budgets. I am vetoing Section 5 because the Department of Information Services already has the authority to standardize its contracts and has already implemented many standardized contracts. In developing a statewide enterprise-based information technology strategy, the Office of Financial Management and Department of Information Services can determine if additional contract standardization is required. In addition, it is premature to vest additional authority and staff in the Information Services Board prior to the information technology governance review called for in Section 16 of this bill. Finally, no funding was provided to implement these subsections.

Section 13 requires the Office of Financial Management to develop and execute a pilot program to contract with private providers for the delivery, support, maintenance, and operation of information technology projects and report on the findings. I am vetoing this section because funding has not been provided for this purpose in the omnibus appropriations act and the Office of Financial Management cannot absorb the cost.

Section 14 requires the Department of Information Services to report on the efforts to develop a centralized project management office by November 1, 2010. I am vetoing this section because it codifies a requirement for the Department to produce a one-time report on the status of the establishment of a Centralized Information Technology Project Management Office that was funded as part of the 2007 Supplemental Budget. The Department has already completed the report and will submit it to the Legislature.

Section 15 requires the Office of Financial Management to contract with an independent consultant to conduct a technical and financial analysis of the state's plan for the Consolidated State Data Center and Office Building and to develop a business plan outlining the various options for use of the site. I am vetoing this section because funding was not provided for this purpose in the omnibus appropriations act and the Office of Financial Management cannot absorb the cost.

For these reasons, I have vetoed Sections 5, 13, 14 and 15 of Engrossed Substitute House Bill 3178.

With the exception of Sections 5, 13, 14 and 15, Engrossed Substitute House Bill 3178 is approved.

Respectfully submitted,

Christine Gregoire
Governor

April 1, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 17 and 18, Engrossed Substitute House Bill 3209 entitled:
"AN ACT Relating to managing costs of the ferry system."

Section 17 eliminates ferry passes for current employees, retirees, and their family members at the end of the current collective bargaining agreements. The issuance of ferry passes is a subject of collective bargaining and should be dealt with as part of the overall compensation package at the bargaining table, not singled out in legislation for elimination. Legislating matters subject to bargaining may restrict the state's ability to address other more important cost savings measures through the collective bargaining process. I am directing my Labor Relations Office to focus in this bargaining cycle on the best approaches to reduce long-term labor costs, including ferry passes and all aspects of the compensation package.

Section 18 reduces the Ferries Division insurance policy appropriation by \$670,000, based on a legislative study that concluded that the Department could save money by eliminating some marine insurance coverage. I share the Legislature's interest in saving money over the long term and being responsible stewards of taxpayer dollars by protecting our state-owned assets. While I am vetoing this subsection, I direct the Office of Financial Management to work with the Legislature over the interim to review the Department's marine insurance coverage carefully and to assess whether cost reductions can be made while still adequately protecting taxpayer dollars.

For these reasons, I have vetoed Sections 17 and 18 of Engrossed Substitute House Bill 3209.

With the exception of Sections 17 and 18, Engrossed Substitute House Bill 3209 is approved.

Respectfully submitted,

Christine Gregoire
Governor

April 23, 2010

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 11, House Bill 3219 entitled:
"AN ACT Relating technical corrections to the Revised Code of Washington."

This bill implements several changes recommended by the Statute Law Committee which were not enacted during the regular session. It also updates effective dates for the elimination of boards and commissions and for a campaign law provision.

Section 11 is not a technical change, but reinstates the Pesticide Incident Reporting and Tracking (PIRT) Review Panel which was eliminated in Engrossed Second Substitute House Bill 2617 which I signed on March 29, 2010. Section 11 requires the Department of Health to support the PIRT Review Panel activities, but the operating budget passed by the Legislature does not provide funding for such support. The Department of Health would have to decrease support for pesticide investigation and exposure response activities to fund this panel. In a time of difficult choices, I am vetoing this section so that the Department of Health can focus its limited funding on front line services instead of support to operate the PIRT Review Panel.

For these reasons, I have vetoed Section 11 of House Bill 3219.

With the exception of Section 11, House Bill 3219 is approved.

Respectfully submitted,

Christine Gregoire
Governor
