Sec. 3. 2009 c 548 s 302 (uncodified) is amended to read as follows:

(1) Beginning ~~(July)~~ April 1, 2010, the office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to develop options for a new system of supplemental school funding through local school levies and local effort assistance.

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established ~~(under this act)~~ by the legislature based on prototypical schools and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall also:

- (a) Examine local school district capacity to address facility needs associated with phasing-in full-day kindergarten across the state and reducing class size in kindergarten through third grade;
- (b) Provide technical advice to the quality education council including an analysis on the potential use of local funds that may become available for redeployment and redirection as a result of increased state funding allocations for pupil transportation and maintenance, supplies, and operating costs; and
- (c) Advise the quality education council and the legislature on further development and implementation of the funding formulas under RCW 28A.150.260, as appropriate.

(4) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. When choosing the individuals to serve on the working group, the office of financial management and the office of the superintendent of public instruction are encouraged, as appropriate, to include members of the funding formula technical working group convened in accordance with section 112, chapter 548,

Laws of 2009. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders. In addition to the staff support provided by the office of financial management and the office of the superintendent of public instruction, the department of revenue shall provide technical assistance, including financial and legal analysis, to support the working group's findings and analysis under subsection (3) of this section.

~~((4))~~ (5) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in ~~(section 114 of this act)~~ RCW 28A.290.010. The working group shall submit an initial report to the legislature ~~(December 4)~~ and the quality education council by November 30, 2010, and a final report by June 30, 2011.

Sec. 4. RCW 43.41.398 and 2009 c 548 s 601 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of financial management in collaboration with the office of the superintendent of public instruction, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

- (a) How to reduce the number of tiers within the existing salary allocation model;
- (b) How to account for labor market adjustments;
- (c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;
- (d) The role of and types of bonuses available;
- (e) Ways to accomplish salary equalization over a set number of years; and
- (f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

- (a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;

(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and

(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by December 1, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.300 RCW to read as follows:

The office of the superintendent of public instruction shall implement and maintain an internet-based portal that provides ready public access to the state's prototypical school funding model for basic education under RCW 28A.150.260. The portal must provide citizens the opportunity to view, for each local school building, the staffing levels and other prototypical school funding elements that are assumed under the state funding formula. The portal must also provide a matrix displaying how individual school districts are deploying those same state resources through their allocation of staff and other resources to school buildings, so that citizens are able to compare the state assumptions to district allocation decisions for each local school building.

NEW SECTION. Sec. 6. The legislature intends to continue to refine and provide greater detail to the distribution formula for the basic education instructional allocation, which shall be based on minimum staffing and nonstaff costs that the legislature deems necessary to support instruction and operations in prototypical schools as defined by the legislature. The legislature expects that the detailed prototype school model will bring greater transparency, understanding, and public accountability to the funding system because it displays funding assumptions in understandable terms centered on the operations of school buildings.

Sec. 7. RCW 28A.150.260 and 2009 c 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or ~~((28A.155))~~ 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-

student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

~~((e))~~ (4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on ~~((a))~~ the following general education average class size ~~((as specified in the omnibus appropriations act.))~~ of full-time equivalent students per teacher:

General education	
average	
class size	
Grades K-3	25.23
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12, except in cases when lower average class sizes are specified for approved career and technical education programs and skill centers	28.74

(b) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical	
education average	
class size	
Approved career and technical education offered at the middle school and high school level	26.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction	22.76

(c) According to an implementation schedule adopted by the legislature, the omnibus appropriations act shall at a minimum specify:

- (i) ((Basic average class size; —(ii) Basic)) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and
- ~~((iii))~~ (ii) A specialty average class size for ~~((exploratory and preparatory career and technical education,))~~ laboratory science, advanced placement, and international baccalaureate courses ~~((; and~~
- (iv) Average class size in grades kindergarten through three)).
- ~~((4))~~ (5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:
 - ((i) Principals, including assistant principals, and other certificated building-level administrators;
 - (ii) Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;
 - (iii) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;
 - (iv) Guidance counselors, performing functions including parent outreach and graduation advisor;
 - (v) Professional development coaches;
 - (vi) Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;
 - (vii) Office support, technology support, and other noninstructional aides;
 - (viii) Custodians, warehouse, maintenance, laborer, and professional and technical education support employees; and
 - (ix) Classified staff providing student and staff safety.

(6)(a) The minimum staffing allocation for each school district to provide district-wide support services shall be allocated per one thousand full-time equivalent students in grades K-12 as follows:

~~((7)(a) Except as provided in subsection (8) of this section, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs: ((Student technology; utilities; curriculum, textbooks, library materials, and instructional supplies; instructional professional development for both certificated and classified staff; other building level costs including maintenance, custodial, and security; and central office administration.))~~

Instructional professional development for certified and classified staff	\$9.04
Facilities maintenance	\$73.27
Security and central office	\$50.76

~~((The annual average full-time equivalent student amounts in (a) of this subsection shall be enhanced))~~ According to an implementation schedule adopted by the legislature and in addition to the amounts provided in (a) of this subsection, the omnibus appropriations act shall provide an amount based on the full-time equivalent student enrollment ~~((#))~~ for each of the following: (i) Exploratory career and technical education courses for students in grades seven through twelve; (ii) laboratory science courses for students in grades nine through twelve; (iii) preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and (iv) preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

~~((5))~~ (8) In addition to the allocations otherwise provided under ((subsections (3) and (4) of)) this section ((shall be enhanced as follows to provide additional allocations for classroom teachers and

maintenance, supplies, and operating costs) amounts shall be provided to support the following programs and services:

(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the ~~((percent))~~ district percentage of students in ~~((each school))~~ grades K-12 who ((are)) were eligible for free ((and)) or reduced-price meals in the prior school year. The minimum allocation for the ~~((learning assistance))~~ program shall provide ~~((an extended school day and extended school year))~~ for each level of prototypical school ~~((and a per student allocation for maintenance, supplies, and operating costs))~~ resources to provide, on a statewide average, 1.5156 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher and zero hours per week of instruction during vacation periods.

(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide ~~((for supplemental instruction based on percent of the school day a student is assumed to receive supplemental instruction and a per student allocation for maintenance, supplies, and operating costs))~~ resources to provide, on a statewide average, 4.7780 hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher and zero hours per week of instruction during vacation periods.

~~((6))~~ The allocations provided under subsections (3) and (4) of this section shall be enhanced. The minimum allocation for the programs shall provide ~~((an extended school day and extended school year for each level of prototypical school and a per student allocation for maintenance, supplies, and operating costs))~~ resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher and zero hours per week of instruction during vacation periods.

~~((7))~~ (9) The allocations under subsections ~~((3)(b), (e)(i), and (d), (4), and (8)))~~ (4)(a), (5)(a), (6), and (7) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

((8)) The distribution formula shall include allocations to school districts to support certificated and classified staffing of central office administration. The minimum allocation shall be calculated as a percentage, identified in the omnibus appropriations act, of the total allocations for staff under subsections (3) and (6) of this section for all schools in the district.

—(9)) (10)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (3) and ~~((5))~~ (8) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections ~~((3))~~ and (4), (5), and (7) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(2) The excess cost allocation to school districts shall be based on the following:

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 ~~((3)(b), (e)(i), and (d), (4), and (8)))~~ (4)(a), (5)(a), (6), and (7), to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

Sec. 9. RCW 28A.150.410 and 2007 c 403 s 1 are each amended to read as follows:

(1) The legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher librarians, professional development coaches, guidance counselors, and student health services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Beginning January 1, 1992, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(4) Beginning in the 2007-08 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

NEW SECTION. **Sec. 13.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 6143, by Senate Committee on Ways & Means (originally sponsored by Senator Prentice)

Relating to revenue and taxation. Revised for 1st Substitute: Modifying excise tax laws to preserve funding for public schools, colleges, and universities, as well as other public systems essential for the safety, health, and security of all Washingtonians.

The bill was read the second time.

Representative Hunter moved the adoption of amendment (1531).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In order to preserve funding for education, public safety, health care, environmental protection, and safety net services for children, elderly, disabled, and vulnerable people, it is the intent of the legislature to close obsolete tax preferences, clarify the legislature's intent regarding existing tax policy, and to ensure balanced tax policy while bolstering emerging industries.

PART I

Minimum Nexus Standards

NEW SECTION. Sec. 101. (1) The legislature finds that out-of-state businesses that do not have a physical presence in Washington earn significant income from Washington residents from providing services or collecting royalties on the use of intangible property in this state. The legislature further finds that these businesses receive significant benefits and opportunities provided by the state, such as: Laws providing protection of business interests or regulating consumer credit; access to courts and judicial process to enforce business rights, including debt collection and intellectual property rights; an orderly and regulated marketplace; and police and fire protection and a transportation system benefiting in-state agents and other representatives of out-of-state businesses. Therefore, the legislature intends to extend the state's business and occupation tax to these companies to ensure that they pay their fair share of the cost of services that this state renders and the infrastructure it provides.

(2)(a) The legislature also finds that the current cost apportionment method in RCW 82.04.460(1) for apportioning most service income has been difficult for both taxpayers and the department to apply due in large part (i) to the difficulty in assigning certain costs of doing business inside or outside of this state, and (ii) to its dissimilarity with the apportionment methods used in other states for their business activity taxes.

(b) The legislature further finds that there is a trend among states to adopt a single factor apportionment formula based on sales. The legislature recognizes that adoption of a sales factor only apportionment method has the advantages of simplifying apportionment and making Washington a more attractive place for businesses to expand their property and payroll. For these reasons, the legislature adopts single factor sales apportionment for purposes of apportioning royalty income and certain service income.

(c) Nothing in this act may be construed, however, to authorize apportionment of the gross income or value of products taxable under the following business and occupation tax classifications: Retailing, wholesaling, manufacturing, processing for hire, extracting, extracting for hire, printing, government contracting, public road construction,

the classifications in RCW 82.04.280 (2), (4), (6), and (7), and any other activity not specifically included in the definition of apportionable activities in RCW 82.04.460.

Sec. 102. RCW 82.04.220 and 1961 c 15 s 82.04.220 are each amended to read as follows:

(1) There is levied and ~~((shall be))~~ collected from every person that has substantial nexus with this state a tax for the act or privilege of engaging in business activities. ~~((Such))~~ The tax ~~((shall be))~~ is measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be.

(2) A person who has substantial nexus with this state in any tax year will be deemed to have substantial nexus with this state for the following four tax years.

NEW SECTION. Sec. 103. A new section is added to chapter 82.04 RCW to read as follows:

"Engaging within this state" and "engaging within the state," when used in connection with any apportionable activity as defined in RCW 82.04.460, means that a person generates gross income of the business from sources within this state, such as customers or intangible property located in this state, regardless of whether the person is physically present in this state.

NEW SECTION. Sec. 104. A new section is added to chapter 82.04 RCW to read as follows:

(1) A person engaging in business is deemed to have substantial nexus with this state if the person is:

- (a) An individual and is a resident or domiciliary of this state;
- (b) A business entity and is organized or commercially domiciled in this state; or

(c) A nonresident individual or a business entity that is organized or commercially domiciled outside this state, and in any tax year the person has:

- (i) More than fifty thousand dollars of property in this state;
- (ii) More than fifty thousand dollars of payroll in this state;
- (iii) More than five hundred thousand dollars of receipts from this state; or

(iv) At least twenty-five percent of the person's total property, total payroll, or total receipts in this state.

(2)(a) Property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section is the average value of the taxpayer's property, including intangible property, owned or rented and used in this state during the tax year.

(b)(i) Property owned by the taxpayer, other than loans and credit card receivables owned by the taxpayer, is valued at its original cost basis. Loans and credit card receivables owned by the taxpayer are valued at their outstanding principal balance, without regard to any reserve for bad debts. However, if a loan or credit card receivable is charged off in whole or in part for federal income tax purposes, the portion of the loan or credit card receivable charged off is deducted from the outstanding principal balance.

(ii) Property rented by the taxpayer is valued at eight times the net annual rental rate. For purposes of this subsection, "net annual rental rate" means the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

(c) The average value of property must be determined by averaging the values at the beginning and ending of the tax year; but the department may require the averaging of monthly values during the tax year if reasonably required to properly reflect the average value of the taxpayer's property.

(d)(i) For purposes of this subsection (2), loans and credit card receivables are deemed owned and used in this state as follows:

(A) Loans secured by real property, personal property, or both real and personal property, are deemed owned and used in the state if the real property or personal property securing the loan is located within this state. If the property securing the loan is located both within this state and one or more other states, the loan is deemed owned and used in this state if more than fifty percent of the fair

market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the loan is deemed owned and used in this state if the borrower is located in this state. The determination of whether the real or personal property securing a loan is located within this state must be made, as of the time the original agreement was made, and any and all subsequent substitutions of collateral must be disregarded.

(B) Loans not secured by real or personal property are deemed owned and used in this state if the borrower is located in this state.

(C) Credit card receivables are deemed owned and used in this state if the billing address of the cardholder is in this state.

(ii) The definitions in section 106 of this act apply to this subsection.

(e) Notwithstanding anything else to the contrary in this subsection, property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section does not include a person's ownership of, or rights in, computer software as defined in RCW 82.04.215, including computer software used in providing a digital automated service; master copies of software; and digital goods and digital codes residing on servers located in this state.

(3)(a) Payroll counting toward the thresholds in subsection (1)(c)(ii) and (iv) of this section is the total amount paid by the taxpayer for compensation in this state during the tax year plus nonemployee compensation paid to representative third parties in this state. Nonemployee compensation paid to representative third parties includes the gross amount paid to nonemployees who represent the taxpayer in interactions with the taxpayer's clients and includes sales commissions.

(b) Compensation is paid in this state if the compensation is properly reportable to this state for unemployment compensation tax purposes, regardless of whether the compensation was actually reported to this state.

(c) Nonemployee compensation is paid in this state if the service performed by the representative third party occurs entirely or primarily within this state.

(d) For purposes of this subsection, "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees or nonemployees and defined as gross income under 26 U.S.C. Sec. 61 of the federal internal revenue code of 1986, as existing on April 1, 2010.

(4) Receipts counting toward the thresholds in subsection (1)(c)(iii) and (iv) of this section are those amounts included in the numerator of the receipts factor under sections 105 and 106 of this act.

(5)(a) Each December, the department must review the cumulative percentage change in the consumer price index. The department must adjust the thresholds in subsection (1)(c)(i) through (iii) of this section if the consumer price index has changed by five percent or more since the later of July 1, 2010, or the date that the thresholds were last adjusted under this subsection. For purposes of determining the cumulative percentage change in the consumer price index, the department must compare the consumer price index available as of December 1st of the current year with the consumer price index as of the later of July 1, 2010, or the date that the thresholds were last adjusted under this subsection. The thresholds must be adjusted to reflect that cumulative percentage change in the consumer price index. The adjusted thresholds must be rounded to the nearest one thousand dollars. Any adjustment will apply to tax periods that begin after the adjustment is made.

(b) As used in this subsection, "consumer price index" means the consumer price index for all urban consumers (CPI-U) available from the bureau of labor statistics of the United States department of labor.

(6) Subsections (1) through (5) of this section only apply with respect to the taxes imposed under this chapter on apportionable activities as defined in RCW 82.04.460. For purposes of the taxes

imposed under this chapter on any activity not included in the definition of apportionable activities in RCW 82.04.460, a person is deemed to have substantial nexus with this state if the person has a physical presence in this state, which need only be demonstrably more than a slightest presence. For purposes of this subsection, a person is physically present in this state if the person has property or employees in this state. A person is also physically present in this state if the person, either directly or through an agent or other representative, engages in activities in this state that are significantly associated with the person's ability to establish or maintain a market for its products in this state.

NEW SECTION. Sec. 105. A new section is added to chapter 82.04 RCW to read as follows:

(1) The apportionable income of a person within the scope of RCW 82.04.460(1) is apportioned to Washington by multiplying its apportionable income by the receipts factor. Persons who are subject to tax under more than one of the tax classifications enumerated in RCW 82.04.460(3)(a) (i) through (ix) must calculate a separate receipts factor for each tax classification that the person is taxable under.

(2) For purposes of subsection (1) of this section, the receipts factor is a fraction and is calculated as provided in subsections (3) and (4) of this section and section 106 of this act.

(3)(a) The numerator of the receipts factor is the total gross income of the business of the taxpayer attributable to this state during the tax year from engaging in an apportionable activity. The denominator of the receipts factor is the total gross income of the business of the taxpayer from engaging in an apportionable activity everywhere in the world during the tax year.

(b) Except as otherwise provided in this section, for purposes of computing the receipts factor, gross income of the business generated from each apportionable activity is attributable to the state:

(i) Where the customer received the benefit of the taxpayer's service or, in the case of gross income from royalties, where the customer used the taxpayer's intangible property.

(ii) If the customer received the benefit of the service or used the intangible property in more than one state, gross income of the business must be attributed to the state in which the benefit of the service was primarily received or in which the intangible property was primarily used.

(iii) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i) or (ii) of this subsection (3), gross income of the business must be attributed to the state from which the customer ordered the service or, in the case of royalties, the office of the customer from which the royalty agreement with the taxpayer was negotiated.

(iv) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), or (iii) of this subsection (3), gross income of the business must be attributed to the state to which the billing statements or invoices are sent to the customer by the taxpayer.

(v) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), or (iv) of this subsection (3), gross income of the business must be attributed to the state from which the customer sends payment to the taxpayer.

(vi) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), (iv), or (v) of this subsection (3), gross income of the business must be attributed to the state where the customer is located as indicated by the customer's address: (A) Shown in the taxpayer's business records maintained in the regular course of business; or (B) obtained during consummation of the sale or the negotiation of the contract for services or for the use of the taxpayer's intangible property, including any address of a customer's payment instrument when readily available to the taxpayer and no other address is available.

(vii) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), (iv), (v), or (vi) of this subsection (3), gross income of the business must be attributed to the commercial domicile of the taxpayer.

(viii) For purposes of this subsection (3)(b), "customer" means a person or entity to whom the taxpayer makes a sale or renders services or from whom the taxpayer otherwise receives gross income of the business. "Customer" includes anyone who pays royalties or charges in the nature of royalties for the use of the taxpayer's intangible property.

(c) Gross income of the business from engaging in an apportionable activity must be excluded from the denominator of the receipts factor if, in respect to such activity, at least some of the activity is performed in this state, and the gross income is attributable under (b) of this subsection (3) to a state in which the taxpayer is not taxable. For purposes of this subsection (3)(c), "not taxable" means that the taxpayer is not subject to a business activities tax by that state, except that a taxpayer is taxable in a state in which it would be deemed to have substantial nexus with that state under the standards in section 104(1) of this act regardless of whether that state imposes such a tax. "Business activities tax" means a tax measured by the amount of, or economic results of, business activity conducted in a state. The term includes taxes measured in whole or in part on net income or gross income or receipts. "Business activities tax" does not include a sales tax, use tax, or a similar transaction tax, imposed on the sale or acquisition of goods or services, whether or not denominated a gross receipts tax or a tax imposed on the privilege of doing business.

(d) This subsection (3) does not apply to financial institutions with respect to apportionable income taxable under RCW 82.04.290. Financial institutions must calculate the receipts factor as provided in section 106 of this act and subsection (4) of this section with respect to apportionable income taxable under RCW 82.04.290. For purposes of this subsection, "financial institution" has the same meaning as in section 106 of this act.

(4) A taxpayer may calculate the receipts factor for the current tax year based on the most recent calendar year for which information is available for the full calendar year. If a taxpayer does not calculate the receipts factor for the current tax year based on previous calendar year information as authorized in this subsection, the business must use current year information to calculate the receipts factor for the current tax year. In either case, a taxpayer must correct the reporting for the current tax year when complete information is available to calculate the receipts factor for that year, but not later than October 31st of the following tax year. Interest will apply to any additional tax due on a corrected tax return. Interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the original return was due, and will accrue until the additional taxes are paid. Penalties as provided in RCW 82.32.090 will apply to any such additional tax due only if the current tax year reporting is not corrected and the additional tax is not paid by October 31st of the following tax year. Interest as provided in RCW 82.32.060 will apply to any tax paid in excess of that properly due on a return as a result of a taxpayer using previous calendar year data or incomplete current- year data to calculate the receipts factor.

(5) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Apportionable activities" and "apportionable income" have the same meaning as in RCW 82.04.460.

(b) "State" has the same meaning as in section 106 of this act.

NEW SECTION. Sec. 106. A new section is added to chapter 82.04 RCW to read as follows:

(1) A financial institution must, for purposes of apportioning gross income of the business taxable under RCW 82.04.290 using the apportionment method provided in section 105(1) of this act, calculate the receipts factor as provided in this section and section 105(4) of

this act. Financial institutions that are subject to tax under any other tax classification enumerated in RCW 82.04.460(3)(a) (i) through (v) and (vii) through (ix) must calculate a separate receipts factor, as provided in section 105 of this act, for each of the other tax classifications that the financial institution is taxable under.

(2)(a)(i) The numerator of the receipts factor includes gross income from interest, fees, and penalties on loans secured by real property, personal property, or both real and personal property, if the real or personal property is located within this state. If the property securing the loan is located both within this state and one or more other states, the income described in this subsection (2)(a)(i) is included in the numerator of the receipts factor if more than fifty percent of the fair market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the income described in this subsection (2)(a)(i) is included in the numerator of the receipts factor if the borrower is located in this state.

(ii) The denominator of the receipts factor includes gross income from interest, fees, and penalties on loans secured by real property, personal property, or both real and personal property, wherever the property is located.

(iii) The determination of whether the real or personal property securing a loan is located within this state must be made as of the time the original agreement was made and any and all subsequent substitutions of collateral must be disregarded.

(b) The numerator of the receipts factor includes gross income from interest, fees, and penalties on loans not secured by real or personal property if the borrower is located in this state. The denominator of the receipts factor includes gross income from interest, fees, and penalties on loans that are not secured by real or personal property, regardless of where the borrower is located.

(c) The receipts factor includes gross income from net gains, which may not be less than zero, on the sale of loans. Net gains on the sale of loans includes income recorded under the coupon stripping rules of 26 U.S.C. Sec. 1286 of the federal internal revenue code of 1986, as existing on April 1, 2010.

(i) The amount of net gains, which may not be less than zero, on the sale of loans secured by real property, personal property, or both real and personal property, included in the numerator of the receipts factor is determined by multiplying such net gains by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (a) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (a) of this subsection (2).

(ii) The amount of net gains, which may not be less than zero, from the sale of loans not secured by real or personal property included in the numerator of the receipts factor is determined by multiplying such net gains by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (b) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (b) of this subsection (2).

(iii) The denominator of the receipts factor includes gross income from net gains, which may not be less than zero, on all sales of loans.

(d) Loan servicing fees are included in the receipts factor as provided in (d)(i) and (ii) of this subsection (2).

(i)(A)(I) The numerator of the receipts factor includes gross income from loan servicing fees derived from loans secured by real property, personal property, or both real and personal property, multiplied by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (a) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (a) of this subsection (2).

(II) The denominator of the receipts factor includes gross income from all loan servicing fees derived from loans secured by real property, personal property, or both real and personal property.

(B)(I) The numerator of the receipts factor includes gross income from loan servicing fees derived from loans not secured by real or personal property multiplied by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (b) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (b) of this subsection (2).

(II) The denominator of the receipts factor includes gross income from all loan servicing fees derived from loans not secured by real or personal property.

(ii) If the financial institution receives loan servicing fees for servicing either the secured or the unsecured loans of another, the numerator of the receipts factor includes such fees if the borrower is located in this state. The denominator of the receipts factor includes all such fees.

(e)(i) Interest, dividends, net gains (which may not be less than zero), and other income from investment assets and activities and from trading assets and activities, as provided in this subsection (2)(e), are included in the receipts factor. Investment assets and activities and trading assets and activities include but are not limited to: Investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts such as swaps; equities; and foreign currency transactions.

(ii) The numerator of the receipts factor includes gross income from interest, dividends, net gains (which may not be less than zero), and other receipts from investment assets and activities and from trading assets and activities described in (e)(i) of this subsection (2) that are attributable to this state. The denominator of the receipts factor includes all such gross income wherever earned.

(A) The amount of interest, dividends, net gains (which may not be less than zero), and other income from investment assets and activities in the investment account to be attributed to this state and included in the numerator of the receipts factor is determined by multiplying all such income from such assets and activities by a fraction. The numerator of the fraction is the average value of such assets that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the average value of all such assets.

(B)(I) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this state and included in the numerator of the receipts factor is determined by multiplying the amount described in (e)(ii)(B)(II) of this subsection (2) from such funds and such securities by a fraction. The numerator of the fraction is the average value of federal funds sold and securities purchased under agreements to resell that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the average value of all such funds and such securities.

(II) The amount used for purposes of making the calculation in (e)(ii)(B)(I) of this subsection (2) is the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(C)(I) The amount of interest, dividends, gains and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts described in (e)(ii)(A) or (B) of this subsection (2), attributable to this state and included in the numerator of the receipts factor is determined by multiplying the amount described in (e)(ii)(C)(II) of this subsection (2) by a fraction.

The numerator of the fraction is the average value of such trading assets that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the average value of all such assets.

(II) The amount used for purposes of making the calculation in (e)(ii)(C)(I) of this subsection (2) is the amount by which interest, dividends, gains and other receipts from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(D) For purposes of this subsection (2)(e)(ii), average value must be determined using the rules for determining the average value of property set forth in section 104(2) of this act.

(iii) In lieu of using the method set forth in (e)(ii) of this subsection (2), the financial institution may elect, or the department may require, in order to fairly represent the business activity of the financial institution in this state, the use of the method set forth in this subsection (2)(e)(iii).

(A) The amount of interest, dividends, net gains (which may not be less than zero), and other income from investment assets and activities in the investment account to be attributed to this state and included in the numerator of the receipts factor is determined by multiplying all such income from such assets and activities by a fraction. The numerator of the fraction is the gross income from such assets and activities that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this state and included in the numerator of the receipts factor is determined by multiplying the amount described in (e)(ii)(B)(II) of this subsection (2) from such funds and such securities by a fraction. The numerator of the fraction is the gross income from such funds and such securities that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains and other receipts from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts described in (e)(ii)(A) or (B) of this subsection (2), attributable to this state and included in the numerator of the receipts factor is determined by multiplying the amount described in (e)(ii)(C)(II) of this subsection (2) by a fraction. The numerator of the fraction is the gross income from such trading assets and activities that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the gross income from all such assets and activities.

(iv) If the financial institution elects or is required by the department to use the method set forth in (e)(iii) of this subsection (2), it must use this method for subsequent tax returns unless the financial institution receives prior permission from the department to use, or the department requires, a different method.

(v) The financial institution has the burden of proving that an investment asset or activity or trading asset or activity was properly assigned to a regular place of business outside of this state by demonstrating that the day-to-day decisions regarding the asset or activity occurred at a regular place of business outside this state. If the day-to-day decisions regarding an investment asset or activity or trading asset or activity occur at more than one regular place of business and one such regular place of business is in this state and one such regular place of business is outside this state, such asset or activity is considered to be located at the regular place of business of the financial institution where the investment or trading policies or guidelines with respect to the asset or activity are established. Such

policies and guidelines are presumed, subject to rebuttal by preponderance of the evidence, to be established at the commercial domicile of the financial institution.

(f) The numerator of the receipts factor includes gross income from interest, fees, and penalties on credit card receivables, and gross income from fees charged to cardholders, such as annual fees, if the billing address of the cardholder is in this state. The denominator of the receipts factor includes gross income from interest, fees, and penalties on all credit card receivables, and gross income from fees charged to all cardholders, such as annual fees.

(g)(i) The numerator of the receipts factor includes gross income from net gains, which may not be less than zero, from the sale of credit card receivables multiplied by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (f) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (f) of this subsection (2).

(ii) The denominator of the receipts factor includes gross income from net gains, which may not be less than zero, from all sales of credit card receivables.

(h)(i) The numerator of the receipts factor includes gross income from all credit card issuer's reimbursement fees multiplied by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (f) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (f) of this subsection (2).

(ii) The denominator of the receipts factor includes gross income from all credit card issuer's reimbursement fees.

(i) The numerator of the receipts factor includes gross income from merchant discounts if the commercial domicile of the merchant is in this state. The denominator of the receipts factor includes gross income from all merchant discounts. For purposes of this subsection (2)(i), gross income must be computed net of any cardholder charge backs but may not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its cardholders.

(j) Apportionable income that would be attributable under this subsection (2) to a state in which the financial institution is not taxable must be excluded from the denominator of the receipts factor if at least some of the activity that generated the income is performed in this state, and the gross income is attributable under this subsection (2) to a state in which the taxpayer is not taxable. For purposes of this subsection (2)(j), "not taxable" has the same meaning as in section 105 of this act.

(k)(i) The numerator of the receipts factor includes apportionable income taxable under RCW 82.04.290 and not otherwise included in the receipts factor under this subsection (2) if the activity producing the apportionable income is performed in this state. If the activity is performed both inside and outside this state, the numerator of the receipts factor includes apportionable income taxable under RCW 82.04.290 and not otherwise included in the receipts factor under this subsection (2) if a greater proportion of the activity producing the apportionable income is performed in this state based on cost of performance.

(ii) The denominator of the receipts factor includes apportionable income taxable under RCW 82.04.290 from activities performed everywhere, where the apportionable income taxable under RCW 82.04.290 is not otherwise included in the receipts factor under this subsection (2).

(3) Except as otherwise provided in subsection (4) of this section, the definitions in the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions, adopted November 17, 1994, as existing on the effective date of this section, apply to this section.

(4) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Apportionable income" has the same meaning as in RCW 82.04.460.

(b) "Credit card" means a card or device existing for the purpose of obtaining money, property, labor, or services on credit.

(c) "Financial institution" has the same meaning as in WAC 458-20-14601. However, the department may not make any substantive changes to the definition of "financial institution" in WAC 458-20-14601 unless the changes implement a legislative amendment to this definition of financial institution.

(d) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any foreign country or political subdivision of a foreign country.

Sec. 107. RCW 82.04.2907 and 2009 c 535 s 407 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of receiving income from royalties ((or charges in the nature of royalties for the granting of intangible rights, such as copyrights, licenses, patents, or franchise fees)), the amount of tax with respect to ((such)) the business ((shall be)) is equal to the gross income from royalties ((or charges in the nature of royalties from the business)) multiplied by the rate of 0.484 percent.

(2) For the purposes of this section, "gross income from royalties" means compensation for the use of intangible property, ~~((such as))~~ including charges in the nature of royalties, regardless of where the intangible property will be used. For purposes of this subsection, "intangible property" includes copyrights, patents, licenses, franchises, trademarks, trade names, and similar items. ~~((H))~~ "Gross income from royalties" does not include compensation for any natural resource, the licensing of prewritten computer software to the end user, or the licensing ~~((or use))~~ of digital goods, digital codes, or digital automated services to the end user as defined in RCW 82.04.190(11).

Sec. 108. RCW 82.04.460 and 2004 c 174 s 6 are each amended to read as follows:

(1) ~~Except as otherwise provided in this section, any person ((rendering services)) earning apportionable income taxable under ((RCW 82.04.290 or 82.04.2908)) this chapter and ((maintaining places of business both within and without this state which contribute to the rendition of such services shall)) also taxable in another state, must, for the purpose of computing tax liability under ((RCW 82.04.290 or 82.04.2908)) this chapter, apportion to this state, in accordance with section 105 of this act, that portion of the person's ((gross)) apportionable income ((which is)) derived from ((services rendered)) business activities performed within this state. ((Where such apportionment cannot be accurately made by separate accounting methods, the taxpayer shall apportion to this state that proportion of the taxpayer's total income which the cost of doing business within the state bears to the total cost of doing business both within and without the state.))~~

(2) ~~((Notwithstanding the provision of subsection (1) of this section, persons doing business both within and without the state who receive gross income from service charges, as defined in RCW 63.14.010 (relating to amounts charged for granting the right or privilege to make deferred or installment payments) or who receive gross income from engaging in business as financial institutions within the scope of chapter 82.14A RCW (relating to city taxes on financial institutions) shall apportion or allocate gross income taxable under RCW 82.04.290 to this state pursuant to rules promulgated by the department consistent with uniform rules for apportionment or allocation developed by the states.~~

~~((3))~~ The department ~~((shall))~~ may by rule provide a method or methods of apportioning or allocating gross income derived from sales of telecommunications service and competitive telephone service((s)) taxed under this chapter, if the gross proceeds of sales subject to tax under this chapter do not fairly represent the extent

of the taxpayer's income attributable to this state. ~~((The rules shall be, so far as feasible, consistent with the methods of apportionment contained in this section and shall require the consideration of those facts, circumstances, and apportionment factors as will result in an equitable and constitutionally permissible division of the services.))~~ The rule must provide for an equitable and constitutionally permissible division of the tax base.

(3) For purposes of this section, the following definitions apply unless the context clearly requires otherwise:

(a) "Apportionable income" means gross income of the business generated from engaging in apportionable activities, including income received from apportionable activities performed outside this state if the income would be taxable under this chapter if received from activities in this state, less the exemptions and deductions allowable under this chapter. For purposes of this subsection, "apportionable activities" means only those activities taxed under:

(i) RCW 82.04.255;

(ii) RCW 82.04.260 (3), (4), (5), (6), (7), (8), (9), and (12);

(iii) RCW 82.04.280(5);

(iv) RCW 82.04.285;

(v) RCW 82.04.286;

(vi) RCW 82.04.290;

(vii) RCW 82.04.2907;

(viii) RCW 82.04.2908; and

(ix) RCW 82.04.260(13), 82.04.263, and 82.04.280(1), but only to the extent of any activity that would be taxable under any of the provisions enumerated under (a)(i) through (viii) of this subsection (3) if the tax classifications in RCW 82.04.260(13), 82.04.263, and 82.04.280(1) did not exist.

(b)(i) "Taxable in another state" means that the taxpayer is subject to a business activities tax by another state on its income received from engaging in apportionable activities; or the taxpayer is not subject to a business activities tax by another state on its income received from engaging in apportionable activities, but any other state has jurisdiction to subject the taxpayer to a business activities tax on such income under the substantial nexus standards in section 104(1) of this act.

(ii) For purposes of this subsection (3)(b):

(A) "Business activities tax" has the same meaning as in section 105 of this act; and

(B) "State" has the same meaning as in section 106 of this act.

PART II

Tax Avoidance Transactions

NEW SECTION. Sec. 201. A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) Unless otherwise specifically provided in statute, the department must respect the form of a transaction, except where the form of the transaction or a related series of transactions is adopted for the purpose of:

(i) Disguising income received, or otherwise avoiding tax on income, from a person that is not affiliated with the taxpayer;

(ii) Disguising the purchase or sale of property or services from or to a person that is not affiliated with the taxpayer; or

(iii) Avoiding the tax imposed in RCW 82.12.020 on the use of property in this state that is owned by an entity organized outside of Washington.

(b) For purposes of this subsection, "affiliated" means under common control. "Control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

(2)(a) The department must, as resources allow, adopt rules to assist in determining when to disregard the form of a transaction or a related series of transactions adopted for the purposes described in subsection (1)(a)(i) through (iii) of this section. In adopting rules, the

department may consider the following judicial doctrines, except to the extent such doctrines are inconsistent with express provisions contained in Washington state statutes:

- (i) The sham transaction doctrine;
- (ii) The economic substance doctrine;
- (iii) The business purpose doctrine;
- (iv) The substance over form doctrine;
- (v) The step transaction doctrine; and
- (vi) The assignment of income doctrine.

(b) The adoption of a rule as required under this subsection is not a condition precedent for the department to use the authority provided in this section. Any rules adopted under this section must include examples of transactions that the department will disregard for tax purposes.

(3) The provisions of this section are cumulative and nonexclusive and do not affect any other remedies provided to the department under statutory or common law.

NEW SECTION. Sec. 202. A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) The department may not use section 201 of this act to disregard any transaction, plan, or arrangement initiated before April 1, 2010, if, in respect to such transaction, plan, or arrangement, the taxpayer had reported its tax liability in conformance with either specific written instructions provided by the department to the taxpayer, a determination published under the authority of RCW 82.32.410, or other document published by the department.

(b) This section does not apply if the transaction, plan, or arrangement engaged in by the taxpayer differs materially from the transaction, plan, or arrangement that was addressed in the specific written instructions, published determination, or other published document.

(2) For purposes of this section, "specific written instructions" means tax reporting instructions provided to a taxpayer and which specifically identifies the taxpayer to whom the instructions apply. Specific written instructions may be provided as part of an audit, tax assessment, determination, closing agreement, or in response to a binding ruling request.

Sec. 203. RCW 82.32.090 and 2006 c 256 s 6 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there ~~((shall be))~~ is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if the tax is not received on or before the last day of the second month following the due date, there ~~((shall be))~~ is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars.

(2) If the department of revenue determines that any tax has been substantially underpaid, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax determined by the department to be due. If payment of any tax determined by the department to be due is not received by the department by the due date specified in the notice, or any extension thereof, there ~~((shall be))~~ is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if payment of any tax determined by the department to be due is not received on or before the thirtieth day following the due date specified in the notice of tax due, or any extension thereof, there ~~((shall be))~~ is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added ~~((shall))~~ may be less than five dollars. As used in this section, "substantially underpaid" means that the taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered

by, the department's examination, and the amount of underpayment is at least one thousand dollars.

(3) If a warrant ~~((be))~~ is issued by the department ~~((of revenue))~~ for the collection of taxes, increases, and penalties, there ~~((shall be))~~ is added thereto a penalty of ten percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in any business or performed any act upon which a tax is imposed under this title and that person has not obtained from the department a registration certificate as required by RCW 82.32.030, the department ~~((shall))~~ must impose a penalty of five percent of the amount of tax due from that person for the period that the person was not registered as required by RCW 82.32.030. The department ~~((shall))~~ may not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department ~~((shall))~~ must add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department ~~((of revenue))~~ has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department ~~((shall))~~ may not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions ~~((shall))~~ apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department ~~((of revenue shall))~~ must be clearly identified as such and ~~((shall))~~ must inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(6) If the department finds that all or any part of a deficiency resulted from engaging in a disregarded transaction, as described in section 201(1)(a) (i), (ii), or (iii) of this act, the department must assess a penalty of thirty-five percent of the additional tax found to be due as a result of engaging in a transaction disregarded by the department under section 201(1)(a) (i), (ii), or (iii) of this act. The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same tax found to be due, except for the evasion penalty provided in subsection (7) of this section. The department may not assess the penalty under this subsection if, before the department discovers the taxpayer's use of a transaction described under section 201(1)(a) (i), (ii), or (iii) of this act, the taxpayer discloses its participation in the transaction to the department.

~~((7))~~ (7) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable ~~((hereunder))~~, a further penalty of fifty percent of the additional tax found to be due ~~((shall))~~ must be added.

~~((7))~~ (8) The penalties imposed under subsections (1) through (4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

~~((8))~~ (9) The department ~~((of revenue))~~ may not impose both the evasion penalty and the penalty for disregarding specific written instructions or the penalty provided in subsection (6) of this section on the same tax found to be due.

~~((9))~~ (10) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department ~~((of revenue))~~, and that has a statutorily defined due date.

NEW SECTION. Sec. 204. (1) The legislature finds that this state's tax policy with respect to the taxation of transactions between affiliated entities and the income derived from such transactions (intercompany transactions) has motivated some taxpayers to engage in transactions designed solely or primarily to minimize the tax effects of intercompany transactions. The legislature further finds that some intercompany transactions result from taxpayers that are required to establish affiliated entities to comply with regulatory mandates and that transactions between such affiliates effectively increases the tax burden in this state on the affiliated group of entities.

(2) Therefore, as existing resources allow, the department of revenue is directed to conduct a review of the state's tax policy with respect to the taxation of intercompany transactions. The review must include the impacts of such transactions under the state's business and occupation tax and state and local sales and use taxes. The department may include other taxes in the review as it deems appropriate.

(3) In conducting the review, the department must examine how this state's tax policy compares to the tax policy of other states with respect to the taxation of intercompany transactions. The department's review must include an analysis of potential alternatives to the current policy of taxing intercompany transactions, including their estimated revenue impacts if practicable.

(4) In conducting this review, the department may seek input from members of the business community and others as it deems appropriate.

(5) The department must report its findings to the fiscal committees of the house of representatives and senate by December 1, 2010. However, if the department has not completed its review by December 1, 2010, the department must provide the fiscal committees of the legislature with a brief status report by December 1, 2010, and the final report by December 1, 2011.

Sec. 205. RCW 82.12.020 and 2009 c 535 s 305 are each amended to read as follows:

(1) There is ~~((hereby))~~ levied and ~~((there shall be))~~ collected from every person in this state a tax or excise for the privilege of using within this state as a consumer any:

(a) Article of tangible personal property ~~((purchased at retail, or))~~ acquired by ~~((lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7)))~~ the user in any manner, including tangible personal property acquired at a casual or isolated sale, and including by-products used by the manufacturer thereof, except as otherwise provided in this chapter, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state;

(b) Prewritten computer software, regardless of the method of delivery, but excluding prewritten computer software that is either provided free of charge or is provided for temporary use in viewing information, or both;

(c) Services defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b), excluding services defined as a retail sale in RCW 82.04.050(6)(b) that are provided free of charge;

(d) Extended warranty; or

(e)(i) Digital good, digital code, or digital automated service, including the use of any services provided by a seller exclusively in connection with digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.

(ii) With respect to the use of digital goods, digital automated services, and digital codes acquired by purchase, the tax imposed in this subsection (1)(e) applies in respect to:

(A) Sales in which the seller has granted the purchaser the right of permanent use;

(B) Sales in which the seller has granted the purchaser a right of use that is less than permanent;

(C) Sales in which the purchaser is not obligated to make continued payment as a condition of the sale; and

(D) Sales in which the purchaser is obligated to make continued payment as a condition of the sale.

(iii) With respect to digital goods, digital automated services, and digital codes acquired other than by purchase, the tax imposed in this subsection (1)(e) applies regardless of whether or not the consumer has a right of permanent use or is obligated to make continued payment as a condition of use.

(2) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property, extended warranty, digital good, digital code, digital automated service, or service taxable under RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b), if the sale to, or the use by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(3)(a) Except as provided in this section, payment of the tax imposed by this chapter or chapter 82.08 RCW by one purchaser or user of tangible personal property, extended warranty, digital good, digital code, digital automated service, or other service does not have the effect of exempting any other purchaser or user of the same property, extended warranty, digital good, digital code, digital automated service, or other service from the taxes imposed by such chapters.

(b) The tax imposed by this chapter does not apply:

(i) If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor;

(ii) In respect to the use of any article of tangible personal property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use;

(iii) In respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961; or

(iv) To the use of digital goods or digital automated services, which were obtained through the use of a digital code, if the sale of the digital code to, or the use of the digital code by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(4)(a) Except as provided in (b) of this subsection (4), the tax is levied and must be collected in an amount equal to the value of the article used, value of the digital good or digital code used, value of the extended warranty used, or value of the service used by the taxpayer, multiplied by the applicable rates in effect for the retail sales tax under RCW 82.08.020.

(b) In the case of a seller required to collect use tax from the purchaser, the tax must be collected in an amount equal to the purchase price multiplied by the applicable rate in effect for the retail sales tax under RCW 82.08.020.

(5) For purposes of the tax imposed in this section, "person" includes anyone within the definition of "buyer," "purchaser," and "consumer" in RCW 82.08.010.

Sec. 206. RCW 82.45.010 and 2008 c 116 s 3 and 2008 c 6 s 701 are each reenacted and amended to read as follows:

(1) As used in this chapter, the term "sale" (~~(shall have)~~) has its ordinary meaning and (~~(shall)~~) includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert (~~(shall)~~) must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department (~~(of revenue shall)~~) must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department (~~(shall)~~) must consider the following:

~~((a))~~ (i) Persons (~~(shall)~~) must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

~~((b))~~ (ii) When persons are not commonly owned or controlled, they (~~(shall)~~) must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions (~~(shall be)~~) are considered separate acquisitions.

(3) The term "sale" (~~(shall)~~) does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer of any leasehold interest other than of the type mentioned above.

(c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(d) The partition of property by tenants in common by agreement or as the result of a court decree.

(e) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance with the terms of a decree of dissolution of marriage or state registered domestic partnership or in fulfillment of a property settlement agreement.

(f) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(i) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage or deed of trust.

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(k) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed.

(l) The sale of any grave or lot in an established cemetery.

(m) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(n) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.

(o) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner (~~(= PROVIDED, That)~~). However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than ~~((+))~~ (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, ~~((2))~~ (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or ~~((3))~~ (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes ~~((shall))~~ become due and payable on the original transfer as otherwise provided by law.

(p)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of ~~((section))~~ 26 U.S.C. Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(ii) However, the transfer described in (p)(i) of this subsection cannot be preceded or followed within a twelve-month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (p)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(p)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax

under this subsection (3)(p)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.

(q) A qualified sale of a manufactured/mobile home community, as defined in RCW 59.20.030, that takes place on or after June 12, 2008, but before December 31, 2018.

Sec. 207. RCW 82.45.033 and 1993 sp.s. c 25 s 505 are each amended to read as follows:

(1) As used in this chapter, the term "controlling interest" has the following meaning:

~~((+))~~ (a) In the case of a corporation, either fifty percent or more of the total combined voting power of all classes of stock of the corporation entitled to vote, or fifty percent of the capital, profits, or beneficial interest in the voting stock of the corporation; and

~~((2))~~ (b) In the case of a partnership, association, trust, or other entity, fifty percent or more of the capital, profits, or beneficial interest in such partnership, association, trust, or other entity.

(2) The department may, at the department's option, enforce the obligation of the seller under this chapter as provided in this subsection (2):

(a) In the transfer or acquisition of a controlling interest as defined in subsection (1)(a) of this section, either against the corporation in which a controlling interest is transferred or acquired, against the person or persons who acquired the controlling interest in the corporation or, when the corporation is not a publicly traded company, against the person or persons who transferred the controlling interest in the corporation; and

(b) In the transfer or acquisition of a controlling interest as defined in subsection (1)(b) of this section, either against the entity in which a controlling interest is transferred or acquired or against the person or persons who transferred or acquired the controlling interest in the entity.

Sec. 208. RCW 82.45.070 and 1969 ex.s. c 223 s 28A.45.070 are each amended to read as follows:

The tax ~~((herein))~~ provided for in this chapter and any interest or penalties thereon ~~((shall be))~~ is a specific lien upon each ((piece)) parcel of real property located in this state that is either sold or that is owned by an entity in which a controlling interest has been transferred or acquired. The lien attaches from the time of sale until the tax ~~((shall have been))~~ is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

Sec. 209. RCW 82.45.080 and 1980 c 154 s 3 are each amended to read as follows:

(1) The tax levied under this chapter ~~((shall be))~~ is the obligation of the seller and the department ((of revenue)) may, at the department's option, enforce the obligation through an action of debt against the seller or the department may proceed in the manner prescribed for the foreclosure of mortgages ((and resort to)). The department's use of one course of enforcement ((shall)) is not ((be)) an election not to pursue the other.

(2) For purposes of this section and notwithstanding any other provisions of law, the seller is the parent corporation of a wholly owned subsidiary, when such subsidiary is the transferor to a third-party transferee and the subsidiary is dissolved before paying the tax imposed under this chapter.

Sec. 210. RCW 82.45.100 and 2007 c 111 s 112 are each amended to read as follows:

(1) Payment of the tax imposed under this chapter is due and payable immediately at the time of sale, and if not paid within one month thereafter ~~((shall))~~ will bear interest from the time of sale until the date of payment.

(a) Interest imposed before January 1, 1999, ~~((shall be))~~ is computed at the rate of one percent per month.

(b) Interest imposed after December 31, 1998, ~~((shall be))~~ is computed on a monthly basis at the rate as computed under RCW 82.32.050(2). The rate so computed ~~((shall))~~ must be adjusted on the first day of January of each year for use in computing interest for that

calendar year. The department ~~((of revenue shall))~~ must provide written notification to the county treasurers of the variable rate on or before December 1st of the year preceding the calendar year in which the rate applies.

(2) In addition to the interest described in subsection (1) of this section, if the payment of any tax is not received by the county treasurer or the department of revenue, as the case may be, within one month of the date due, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax; if the tax is not received within two months of the date due, there ~~((shall))~~ will be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within three months of the date due, there ~~((shall))~~ will be assessed a total penalty of twenty percent of the amount of the tax. The payment of the penalty described in this subsection ~~((shall be))~~ is collectible from the seller only, and RCW 82.45.070 does not apply to the penalties described in this subsection.

(3) If the tax imposed under this chapter is not received by the due date, the transferee ~~((shall be))~~ is personally liable for the tax, along with any interest as provided in subsection (1) of this section, unless ~~((~~ ~~—(a))~~ an instrument evidencing the sale is recorded in the official real property records of the county in which the property conveyed is located ~~((~~ ~~—(a))~~

(b) Either the transferor or transferee notifies the department of revenue in writing of the occurrence of the sale within thirty days following the date of the sale)).

(4) If upon examination of any affidavits or from other information obtained by the department or its agents it appears that all or a portion of the tax is unpaid, the department ~~((shall))~~ must assess against the taxpayer the additional amount found to be due plus interest and penalties as provided in subsections (1) and (2) of this section. The department ~~((shall))~~ must notify the taxpayer by mail, or electronically as provided in RCW 82.32.135, of the additional amount and the same ~~((shall))~~ becomes due and ~~((shall))~~ must be paid within thirty days from the date of the notice, or within such further time as the department may provide.

(5) No assessment or refund may be made by the department more than four years after the date of sale except upon a showing of:

- (a) Fraud or misrepresentation of a material fact by the taxpayer;
- (b) A failure by the taxpayer to record documentation of a sale or otherwise report the sale to the county treasurer; or
- (c) A failure of the transferor or transferee to report the sale under RCW 82.45.090(2).

(6) Penalties collected on taxes due under this chapter under subsection (2) of this section and RCW 82.32.090 (2) through (7) ~~((shall))~~ must be deposited in the housing trust fund as described in chapter 43.185 RCW.

Sec. 211. RCW 82.45.220 and 2005 c 326 s 3 are each amended to read as follows:

(1) An organization that fails to report a transfer of the controlling interest in the organization under RCW 43.07.390 to the secretary of state and is later determined to be subject to real estate excise taxes due to the transfer, ~~((shall be))~~ is subject to the provisions of RCW 82.45.100 as well as the evasion penalty in RCW 82.32.090 ~~((6))~~ (7).
 (2) Subsection (1) of this section also applies to the failure to report to the secretary of state the granting of an option to acquire an interest in the organization if the exercise of the option would result in a sale as defined in RCW 82.45.010(2).

Sec. 212. RCW 43.07.390 and 2005 c 326 s 2 are each amended to read as follows:

(1)(a) The secretary of state ~~((shall))~~ must adopt rules requiring any entity that is required to file an annual report with the secretary of state, including entities under Titles 23, 23B, 24, and 25 RCW, to disclose: (i) Any transfer ~~((in))~~ of the controlling interest ~~((of))~~ in the entity ~~((and any interest in real property)); and (ii) the granting of any~~

option to acquire an interest in the entity if the exercise of the option would result in a sale as defined in RCW 82.45.010(2).

(b) The disclosure requirement in this subsection only applies to entities owning an interest in real property located in this state.

(2) This information ~~((shall))~~ must be made available to the department of revenue upon request for the purposes of tracking the transfer of the controlling interest in entities owning real property and to determine when the real estate excise tax is applicable in such cases.

(3) For the purposes of this section, "controlling interest" has the same meaning as provided in RCW 82.45.033.

PART III

Modifying and Placing a Cap on the First Mortgage Deduction

NEW SECTION. Sec. 301. In 1980, the legislature adopted a business and occupation tax deduction to financial businesses for amounts derived from interest received on investments or loans primarily secured by first mortgages or trust deeds on nontransient residential properties which was codified in RCW 82.04.4292. However, the Washington state supreme court in *Homestreet, Inc. v. Dep't of Revenue*, 166 Wn.2d 444 (2009) held that a mortgage lender was entitled to a business and occupation tax deduction under RCW 82.04.4292 for the portion of interest it retained for servicing loans and mortgage-backed securities that it sold on a service-retained basis on the secondary market. The legislature finds that inclusion of interest retained for servicing loans and mortgage-backed securities was not within the legislative intent when the deduction provided in 82.04.4292 was adopted in 1980. Therefore, by this act, the legislature declares that the deduction provided by RCW 82.04.4292 does not apply to fees that are received in exchange for services, regardless of whether the source of the fees is or may have been interest when paid by a borrower.

Sec. 302. RCW 82.04.4292 and 1980 c 37 s 12 are each amended to read as follows:

(1) In computing tax there may be deducted from the measure of tax by those engaged in banking, loan, security or other financial businesses, amounts derived from interest received on investments or loans primarily secured by first mortgages or trust deeds on nontransient residential properties.

(2) Interest deductible under this section includes the portion of fees charged to borrowers, including points and loan origination fees, that is recognized over the life of the loan as an adjustment to yield in the taxpayer's books and records according to generally accepted accounting principles.

(3) Subsections (1) and (2) of this section notwithstanding, the following is a nonexclusive list of items that are not deductible under this section:

(a) Fees for specific services such as: Document preparation fees; finder fees; brokerage fees; title examination fees; fees for credit checks; notary fees; loan application fees; interest lock-in fees if the loan is not made; servicing fees, including servicing fees received by lenders when they sell loans or mortgage-backed or mortgage-related securities in the secondary market while retaining the right to service the loans or securities and receive a portion of the interest payments as the servicing fee; and similar fees or amounts;

(b) Fees received in consideration for an agreement to make funds available for a specific period of time at specified terms, commonly referred to as commitment fees;

(c) Any other fees, or portion of a fee, that is not recognized over the life of the loan as an adjustment to yield in the taxpayer's books and records according to generally accepted accounting principles; and

(d) Gains on the sale of valuable rights such as:

(i) Service release premiums, which are amounts received when servicing rights are sold; and

(ii) Gains on the sale of loans.

(4) The total amount a person may deduct under this section for any calendar year may not exceed one hundred million dollars.

PART IV

Repealing the Nonresident Sales Tax Exemption

NEW SECTION. Sec. 401. RCW 82.08.0273 (Exemptions--Sales to nonresidents of tangible personal property, digital goods, and digital codes for use outside the state--Proof of nonresident status-- Penalties) and 2009 c 535 s 512, 2007 c 135 s 2, 2003 c 53 s 399, 1993 c 444 s 1, 1988 c 96 s 1, 1982 1st ex.s. c 5 s 1, & 1980 c 37 s 39 are each repealed.

PART V

Direct Seller Business and Occupation Tax Exemption

NEW SECTION. Sec. 501. (1) A business and occupation tax exemption is provided in RCW 82.04.423 for certain out-of-state sellers that sell consumer products exclusively to or through a direct seller's representative. The intent of the legislature in enacting this exemption was to provide a narrow exemption for out-of-state businesses engaged in direct sales of consumer products, typically accomplished through in-home parties or door-to-door selling.

(2) In *Dot Foods, Inc. v. Dep't of Revenue*, Docket No. 81022-2 (September 10, 2009), the Washington supreme court held that the exemption in RCW 82.04.423 applied to a taxpayer: (a) That sold nonconsumer products through its representative in addition to consumer products; and (b) whose consumer products were ultimately sold at retail in permanent retail establishments.

(3) The legislature finds that most out-of-state businesses selling consumer products in this state will either be eligible for the exemption under RCW 82.04.423 or could easily restructure their business operations to qualify for the exemption. As a result, the legislature expects that the broadened interpretation of the direct sellers' exemption will lead to large and devastating revenue losses. This comes at a time when the state's existing budget is facing a two billion six hundred million dollar shortfall, which could grow, while at the same time the demand for state and state-funded services is also growing. Moreover, the legislature further finds that RCW 82.04.423 provides preferential tax treatment for out-of-state businesses over their in-state competitors and now creates a strong incentive for in-state businesses to move their operations outside Washington.

(4) Therefore, the legislature finds that it is necessary to reaffirm the legislature's intent in establishing the direct sellers' exemption and prevent the loss of revenues resulting from the expanded interpretation of the exemption by amending RCW 82.04.423 retroactively to conform the exemption to the original intent of the legislature and by prospectively ending the direct sellers' exemption as of the effective date of this section.

Sec. 502. RCW 82.04.423 and 1983 1st ex.s. c 66 s 5 are each amended to read as follows:

(1) ~~Prior to April 1, 2010, this chapter ((shall))~~ does not apply to any person in respect to gross income derived from the business of making sales at wholesale or retail if such person:

- (a) Does not own or lease real property within this state; and
- (b) Does not regularly maintain a stock of tangible personal property in this state for sale in the ordinary course of business; and
- (c) Is not a corporation incorporated under the laws of this state; and
- (d) Makes sales in this state exclusively to or through a direct seller's representative.

(2) For purposes of this section, the term "direct seller's representative" means a person who buys only consumer products on a buy-sell basis or a deposit-commission basis for resale, by the buyer or any other person, in the home or otherwise than in a permanent retail establishment, or who sells at retail, or solicits the sale at retail of, only consumer products in the home or otherwise than in a permanent retail establishment; and

(a) Substantially all of the remuneration paid to such person, whether or not paid in cash, for the performance of services described

in this subsection is directly related to sales or other output, including the performance of services, rather than the number of hours worked; and

(b) The services performed by the person are performed pursuant to a written contract between such person and the person for whom the services are performed and such contract provides that the person will not be treated as an employee with respect to such purposes for federal tax purposes.

(3) Nothing in this section (~~shall~~) may be construed to imply that a person exempt from tax under this section was engaged in a business activity taxable under this chapter prior to (~~the enactment of this section~~) August 23, 1983.

PART VI

Business and Occupation Tax Preferences for Manufacturers of Products Derived from Certain Agricultural Products

NEW SECTION. Sec. 601. (1)(a) In 1967, the legislature amended RCW 82.04.260 in chapter 149, Laws of 1967 ex. sess. to authorize a preferential business and occupation tax rate for slaughtering, breaking, and/or processing perishable meat products and/or selling the same at wholesale. The legislature finds that RCW 82.04.260(4) was interpreted by the state supreme court on January 13, 2005, in *AgriLink Foods, Inc. v. Department of Revenue*, 153 Wn.2d 392 (2005). The supreme court held that the preferential business and occupation tax rate on the slaughtering, breaking, and/or processing of perishable meat products applied to the processing of perishable meat products into nonperishable finished products, such as canned food.

(b) The legislature intends to narrow the exemption provided for slaughtering, breaking, and/or processing perishable meat products and/or selling such products at wholesale by requiring that the end product be a perishable meat product; a nonperishable meat product that is comprised primarily of animal carcass by weight or volume, other than a canned meat product; or a meat by-product.

(2)(a) A business and occupation tax exemption is provided for (i) manufacturing by canning, preserving, freezing, processing, or dehydrating fresh fruits or vegetables, and (ii) selling such products at wholesale by the manufacturer to purchasers who transport the goods out of state in the ordinary course of business. This exemption expires July 1, 2012, and is replaced by a preferential business and occupation tax rate.

(b) The legislature finds that the rationale of the *AgriLink* decision, if applied to these tax preferences, could result in preferential tax treatment for any processed food product that contained any fresh fruit or vegetable as an ingredient, however small the amount.

(c) The legislature intends to narrow the tax preference provided to fruit and vegetable manufacturers by requiring that the end product be comprised either (i) exclusively of fruits and/or vegetables, or (ii) of any combination of fruits, vegetables, and certain other substances that, cumulatively, may not exceed the amount of fruits and vegetables contained in the product measured by weight or volume.

NEW SECTION. Sec. 602. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging within this state in the business of manufacturing:

(a) Perishable meat products, by slaughtering, breaking, or processing, if the finished product is a perishable meat product; as to such persons the tax imposed is equal to the value of the perishable meat products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent;

(b) Meat products, by dehydration, curing, smoking, or any combination of these activities, if the finished meat products are not canned; as to such persons the tax imposed is equal to the value of the meat products manufactured, or, in the case of a processor for hire,

the gross income of the business, multiplied by the rate of 0.138 percent;

(c) Hides, tallow, meat meal, and other similar meat by-products, if such products are derived in part from animals and manufactured in a rendering plant licensed under chapter 16.68 RCW; as to such persons the tax imposed is equal to the value of the products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent.

(2) Upon every person engaging within this state in the business of selling at wholesale:

(a) Perishable meat products; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent;

(b) Meat products that have been manufactured by the seller by dehydration, curing, smoking, or any combination of such activities, if the finished meat products are not canned; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent;

(c) Hides, tallow, meat meal, and other similar meat by-products, if such products are derived in part from animals and manufactured by the seller in a rendering plant; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Animal" means all members of the animal kingdom except humans, fish, and insects.

(b) "Carcass" means all or any parts, including viscera, of a slaughtered animal.

(c) "Fish" means any water-breathing animal, including shellfish.

(d) "Hide" means any unprocessed animal pelt or skin.

(e)(i) "Meat products" means:

(A) Products comprised exclusively of animal carcass; and

(B) Products, such as jerky, sausage, and other cured meat products, that are comprised primarily of animal carcass by weight or volume and may also contain water; nitrates; nitrites; acids; binders and extenders; natural or synthetic casings; colorings; flavorings such as soy sauce, liquid smoke, seasonings, citric acid, sugar, molasses, corn syrup, and vinegar; and similar substances.

(ii) Except as provided in (e)(i) of this subsection (3), "meat products" does not include products containing any cereal grains or cereal-grain products, dairy products, legumes and legume products, fruit or vegetable products as defined in RCW 82.04.260, and similar ingredients, unless the ingredient is used as a flavoring. For purposes of this subsection, "flavoring" means a substance that contains the flavoring constituents derived from a spice, fruit or fruit juice, vegetable or vegetable juice, edible yeast, herb, bark, bud, root, leaf, or any other edible substance of plant origin, whose primary function in food is flavoring or seasoning rather than nutritional, and which may legally appear as "natural flavor," "flavor," or "flavorings" in the ingredient statement on the label of the meat product.

(iii) "Meat products" includes only products that are intended for human consumption as food or animal consumption as feed.

(f) "Perishable" means having a high risk of spoilage within thirty days of manufacture without any refrigeration or freezing.

(g) "Rendering plant" means any place of business or location where dead animals or any part or portion thereof, or packing house refuse, are processed for the purpose of obtaining the hide, skin, grease residue, or any other by-product whatsoever.

Sec. 603. RCW 82.04.4266 and 2006 c 354 s 3 are each amended to read as follows:

(1) This chapter (~~shall~~) does not apply to the value of products or the gross proceeds of sales derived from:

(a) Manufacturing fruit(~~s~~) or vegetable(~~s~~) products by canning, preserving, freezing, processing, or dehydrating fresh fruits or vegetables; or

(b) Selling at wholesale fruit(~~s~~) or vegetable(~~s~~) products manufactured by the seller by canning, preserving, freezing, processing, or dehydrating fresh fruits or vegetables and sold to purchasers who transport in the ordinary course of business the goods out of this state. A person taking an exemption under this subsection (1)(b) must keep and preserve records for the period required by RCW 82.32.070 establishing that the goods were transported by the purchaser in the ordinary course of business out of this state.

(2)(a) "Fruit or vegetable products" means:

(i) Products comprised exclusively of fruits, vegetables, or both; and

(ii) Products comprised of fruits, vegetables, or both, and which may also contain water, sugar, salt, seasonings, preservatives, binders, stabilizers, flavorings, yeast, and similar substances. However, the amount of all ingredients contained in the product, other than fruits, vegetables, and water, may not exceed the amount of fruits and vegetables contained in the product measured by weight or volume.

(b) "Fruit or vegetable products" includes only products that are intended for human consumption as food or animal consumption as feed.

(3) This section expires July 1, 2012.

(1) In addition to the taxes imposed under RCW 82.04.260(~~((42))~~) (11), a surcharge is imposed on those persons who are subject to any of the taxes imposed under RCW 82.04.260(~~((42))~~) (11). Except as otherwise provided in this section, the surcharge is equal to 0.052 percent. The surcharge is added to the rates provided in RCW 82.04.260(~~((42))~~) (11) (a), (b), (c), and (d). The surcharge and this section expire July 1, 2024.

(2) All receipts from the surcharge imposed under this section (~~((shall))~~) must be deposited into the forest and fish support account created in RCW 76.09.405.

(3)(a) The surcharge imposed under this section (~~((shall be))~~) is suspended if:

(i) Receipts from the surcharge total at least eight million dollars during any fiscal biennium; or

(ii) The office of financial management certifies to the department that the federal government has appropriated at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington for any federal fiscal year.

(b)(i) The suspension of the surcharge under (a)(i) of this subsection (3) (~~((shall))~~) takes effect on the first day of the calendar month that is at least thirty days after the end of the month during which the department determines that receipts from the surcharge total at least eight million dollars during the fiscal biennium. The surcharge (~~((shall be))~~) is imposed again at the beginning of the following fiscal biennium.

(ii) The suspension of the surcharge under (a)(ii) of this subsection (3) (~~((shall))~~) takes effect on the later of the first day of October of any federal fiscal year for which the federal government appropriates at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington, or the first day of a calendar month that is at least thirty days following the date that the office of financial management makes a certification to the department under subsection (5) of this section. The surcharge (~~((shall be))~~) is imposed again on the first day of the following July.

(4)(a) If, by October 1st of any federal fiscal year, the office of financial management certifies to the department that the federal government has appropriated funds for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington but the amount of the appropriation is less than two million dollars, the department (~~((shall))~~) must adjust the surcharge in accordance with this subsection.

(b) The department (~~((shall))~~) must adjust the surcharge by an amount that the department estimates will cause the amount of funds deposited into the forest and fish support account for the state fiscal year that begins July 1st and that includes the beginning of the federal fiscal year for which the federal appropriation is made, to be reduced by twice the amount of the federal appropriation for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington.

(c) Any adjustment in the surcharge (~~((shall))~~) takes effect at the beginning of a calendar month that is at least thirty days after the date that the office of financial management makes the certification under subsection (5) of this section.

(d) The surcharge (~~((shall be))~~) is imposed again at the rate provided in subsection (1) of this section on the first day of the following state fiscal year unless the surcharge is suspended under subsection (3) of this section or adjusted for that fiscal year under this subsection.

(e) Adjustments of the amount of the surcharge by the department are final and (~~((shall))~~) may not be used to challenge the validity of the surcharge imposed under this section.

(f) The department (~~((shall))~~) must provide timely notice to affected taxpayers of the suspension of the surcharge or an adjustment of the surcharge.

(5) The office of financial management (~~((shall))~~) must make the certification to the department as to the status of federal appropriations for tribal participation in forest and fish report-related activities.

Sec. 608. RCW 82.04.298 and 2008 c 49 s 1 are each amended to read as follows:

~~((11))~~ (B) The denominator of the fraction is the total taxable amount subject to the tax imposed under all manufacturing classifications in chapter 82.04 RCW.

~~((11))~~ (C) For purposes of both the numerator and denominator of the fraction, the total taxable amount refers to the total taxable amount required to be reported on the person's returns for the calendar year before the calendar year in which the credit under this section is earned. The department may provide for an alternative method for calculating the numerator in cases where the tax rate provided in RCW 82.04.260~~((11))~~ (10) for manufacturing was not in effect

during the full calendar year before the calendar year in which the credit under this section is earned.

~~((IV))~~ (D) No credit is available under (b)(i)(A) or (B) of this subsection (2) if either the numerator or the denominator of the fraction is zero. If the fraction is greater than or equal to nine-tenths, then the fraction is rounded to one.

(4) A credit earned during one calendar year may be carried over to be credited against taxes incurred in a subsequent calendar year, but may not be carried over a second year. No refunds may be granted for credits under this section.

(5) In addition to all other requirements under this title, a person taking the credit under this section must report as required under RCW 82.32.545.

(6) This section expires July 1, 2024.

This exemption applies only to computer equipment not otherwise exempt under RCW 82.08.02565.

(2) A person taking the exemption under this section must keep records necessary for the department to verify eligibility under this section. (4) "Computer equipment" does not include computer equipment that is used primarily for administrative purposes including but not limited to payroll processing, accounting, customer service, telemarketing, and collection. If computer equipment is used simultaneously for administrative and nonadministrative purposes, the administrative use ~~((shall))~~ must be disregarded during the period of simultaneous use for purposes of determining whether the computer equipment is used primarily for administrative purposes.

Sec. 613. RCW 82.32.545 and 2008 c 81 s 10 are each amended to read as follows:

However, persons engaged in manufacturing commercial airplanes or components of such airplanes may report employment, wage, and benefit information per job at the manufacturing site. The report ~~((shall))~~ may not include names of employees. The report ~~((shall))~~ must also detail employment by the total number of full-time, part-time, and temporary positions. The first report filed under this subsection ~~((shall))~~ must include employment, wage, and benefit information for the twelve-month period immediately before first use of a preferential tax rate under RCW 82.04.260~~((14))~~ (10), 82.04.250(3), or 82.04.290(3), or tax exemption or credit under RCW 82.04.4461, 82.08.980, 82.12.980, 82.29A.137, 84.36.655, and 82.04.4463, unless a survey covering this twelve-month period was filed as required by a statute repealed by chapter 81, Laws of 2008. The report is due by March 31st following any year in which a preferential tax rate under RCW 82.04.260~~((14))~~ (10), 82.04.250(3), or 82.04.290(3), is used, or tax exemption or credit under RCW 82.04.4461, 82.08.980, 82.12.980, 82.29A.137, 84.36.655, and 82.04.4463 is taken. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(b) If a person fails to submit an annual report under (a) of this subsection by the due date of the report, the department ~~((shall))~~ must declare the amount of taxes exempted or credited, or reduced in the case of the preferential business and occupation tax rate, for that year to be immediately due and payable. Excise taxes payable under this subsection are subject to interest but not penalties, as provided under this chapter. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(3) By November 1, 2010, and by November 1, 2023, the fiscal committees of the house of representatives and the senate, in consultation with the department, ~~((shall))~~ must report to the legislature on the effectiveness of chapter 1, Laws of 2003 2nd sp. sess., chapter 177, Laws of 2006, and chapter 81, Laws of 2008 in regard to keeping Washington competitive. The report ~~((shall))~~ must measure the effect of these laws on job retention, net jobs created for Washington residents, company growth, diversification of the state's economy, cluster dynamics, and other factors as the committees select. The reports ~~((shall))~~ must include a discussion of principles to apply in evaluating whether the legislature should reenact any or all of the tax preferences in chapter 1, Laws of 2003 2nd sp. sess., chapter 177, Laws of 2006, and chapter 81, Laws of 2008.

Sec. 614. RCW 82.32.550 and 2008 c 81 s 12 are each amended to read as follows:

(1)((a) Chapter 1, Laws of 2003 2nd sp. sess. takes effect on the first day of the month in which the governor and a manufacturer of commercial airplanes sign a memorandum of agreement regarding an affirmative final decision to site a significant commercial airplane final assembly facility in Washington state. The department shall provide notice of the effective date of chapter 1, Laws of 2003 2nd sp. sess. to affected taxpayers, the legislature, and others as deemed appropriate by the department.

(b) Chapter 1, Laws of 2003 2nd sp. sess. is contingent upon the siting of a significant commercial airplane final assembly facility in

the state of Washington. If a memorandum of agreement under subsection (1) of this section is not signed by June 30, 2005, chapter 1, Laws of 2003 2nd sp. sess. is null and void.

(c)(i) The rate in RCW 82.04.260(11)(a)(ii) takes effect July 1, 2007.

(ii) If on December 31, 2007, final assembly of a superefficient airplane has not begun in Washington state, the department shall provide notice of such to affected taxpayers, the legislature, and others as deemed appropriate by the department.

(2) The definitions in this subsection apply throughout this section.

—(a)) "Commercial airplane" has its ordinary meaning, which is an airplane certified by the federal aviation administration for transporting persons or property, and any military derivative of such an airplane.

((b)) (2) "Component" means a part or system certified by the federal aviation administration for installation or assembly into a commercial airplane.

((c) "Final assembly of a superefficient airplane" means the activity of assembling an airplane from components parts necessary for its mechanical operation such that the finished commercial airplane is ready to deliver to the ultimate consumer.

(d) "Significant commercial airplane final assembly facility" means a location with the capacity to produce at least thirty-six superefficient airplanes a year.

(e) "Siting" means a final decision by a manufacturer to locate a significant commercial airplane final assembly facility in Washington state.

—(f)) (3) "Superefficient airplane" means a twin aisle airplane that carries between two hundred and three hundred fifty passengers, with a range of more than seven thousand two hundred nautical miles, a cruising speed of approximately mach .85, and that uses fifteen to twenty percent less fuel than other similar airplanes on the market.

Sec. 615. RCW 82.32.630 and 2007 c 48 s 6 are each amended to read as follows:

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources, the legislature needs information on how a tax incentive is used.

(2)(a) A person who reports taxes under RCW 82.04.260((42)) ~~shall~~ (11) must file a complete annual survey with the department. The survey is due by March 31st following any year in which a person reports taxes under RCW 82.04.260((42)) (11). The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The survey ((shall)) must include the amount of tax reduced under the preferential rate in RCW 82.04.260((42)) (11). The survey ((shall)) must also include the following information for employment positions in Washington:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(b) The first survey filed under this subsection ((shall)) must include employment, wage, and benefit information for the twelve-month period immediately before first use of a preferential tax rate under RCW 82.04.260((42)) (11).

(c) As part of the annual survey, the department may request additional information, including the amount of investment in

equipment used in the activities taxable under the preferential rate in RCW 82.04.260((42)) (11), necessary to measure the results of, or determine eligibility for, the preferential tax rate in RCW 82.04.260((42)) (11).

(d) All information collected under this section, except the amount of the tax reduced under the preferential rate in RCW 82.04.260((42)) (11), is deemed taxpayer information under RCW 82.32.330. Information on the amount of tax reduced is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request, except as provided in (e) of this subsection. If the amount of the tax reduced as reported on the survey is different than the amount actually reduced based on the taxpayer's excise tax returns or otherwise allowed by the department, the amount actually reduced may be disclosed.

(e) Persons for whom the actual amount of the tax reduction is less than ten thousand dollars during the period covered by the survey may request the department to treat the amount of the tax reduction as confidential under RCW 82.32.330.

(f) Small harvesters as defined in RCW 84.33.035 are not required to file the annual survey under this section.

(3) If a person fails to submit a complete annual survey under subsection (2) of this section by the due date or any extension under RCW 82.32.590, the department ((shall)) must declare the amount of taxes reduced under the preferential rate in RCW 82.04.260((42)) (11) for the period covered by the survey to be immediately due and payable. The department ((shall)) must assess interest, but not penalties, on the taxes. Interest ((shall)) must be assessed at the rate provided for delinquent excise taxes under this chapter, retroactively to the date the reduced taxes were due, and ((shall)) will accrue until the amount of the reduced taxes is repaid.

(4) The department ((shall)) must use the information from the annual survey required under subsection (2) of this section to prepare summary descriptive statistics by category. The department ((shall)) must report these statistics to the legislature each year by September 1st. The requirement to prepare and report summary descriptive statistics ((shall)) ceases after September 1, 2025.

(5) By November 1, 2011, and November 1, 2023, the fiscal committees of the house of representatives and the senate, in consultation with the department, ((shall)) must report to the legislature on the effectiveness of the preferential tax rate provided in RCW 82.04.260((42)) (11). The report shall measure the effect of the preferential tax rate provided in RCW 82.04.260((42)) (11) on job retention, net jobs created for Washington residents, company growth, and other factors as the committees select. The report ((shall)) must include a discussion of principles to apply in evaluating whether the legislature should continue the preferential tax rate provided in RCW 82.04.260((42)) (11).

Sec. 616. RCW 82.32.632 and 2009 c 461 s 6 are each amended to read as follows:

(1)(a) Every person claiming the preferential rate provided in RCW 82.04.260((44)) (13) must file a complete annual report with the department. The report is due by March 31st of the year following any calendar year in which a person is eligible to claim the preferential rate provided in RCW 82.04.260((44)) (13). The department may extend the due date for timely filing of annual reports under this section as provided in RCW 82.32.590.

(b) The report must include information detailing employment, wages, and employer-provided health and retirement benefits for employment positions in Washington for the year that the preferential rate was claimed. The report must not include names of employees. The report must also detail employment by the total number of full-time, part-time, and temporary positions for the year that the tax preference was claimed.

(c) If a person filing a report under this section did not file a report with the department in the previous calendar year, the report filed under this section must also include employment, wage, and

benefit information for the calendar year immediately preceding the calendar year for which the preferential rate provided in RCW 82.04.260(~~(14)~~) (13) was claimed.

(2) As part of the annual report, the department may request additional information necessary to measure the results of, or determine eligibility for, the preferential rate provided in RCW 82.04.260(~~(14)~~) (13).

(3) Other than information requested under subsection (2) of this section, the information contained in an annual report filed under this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(4) Except as otherwise provided by law, if a person claims the preferential rate provided in RCW 82.04.260(~~(14)~~) (13) but fails to submit a report by the due date or any extension under RCW 82.32.590, the department must declare the amount of the tax preference claimed for the previous calendar year to be immediately due and payable. The department must assess interest, but not penalties, on the amounts due under this subsection. The interest must be assessed at the rate provided for delinquent taxes under this chapter, retroactively to the date the tax preference was claimed, and accrues until the taxes for which the tax preference was claimed are repaid. Amounts due under this subsection are not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(5) By November 1, 2014, and November 1, 2016, the fiscal committees of the house of representatives and the senate, in consultation with the department, must report to the legislature on the effectiveness of the preferential rate provided in RCW 82.04.260(~~(14)~~) (13). The report must measure the effect of the preferential rate provided in RCW 82.04.260(~~(14)~~) (13) on job retention, net jobs created for Washington residents, industry growth, and other factors as the committees select. The report must include a discussion of principles to apply in evaluating whether the legislature should continue the preferential rate provided in RCW 82.04.260(~~(14)~~) (13).

Sec. 617. RCW 82.45.195 and 2007 c 48 s 7 are each amended to read as follows:

A sale of standing timber is exempt from tax under this chapter if the gross income from such sale is taxable under RCW 82.04.260(~~(12)~~) (11)(d).

Sec. 618. RCW 35.102.150 and 2009 c 461 s 4 are each amended to read as follows:

Notwithstanding RCW 35.102.130, a city that imposes a business and occupation tax must allocate a person's gross income from the activities of printing, and of publishing newspapers, periodicals, or magazines, to the principal place in this state from which the taxpayer's business is directed or managed. As used in this section, the activities of printing, and of publishing newspapers, periodicals, or magazines are those activities to which the tax rates in RCW 82.04.260(~~(14)~~) (13) and 82.04.280(1) apply.

Sec. 619. RCW 48.14.080 and 2009 c 535 s 1102 are each amended to read as follows:

(1) As to insurers, other than title insurers and taxpayers under RCW 48.14.0201, the taxes imposed by this title (~~shall be~~) are in lieu of all other taxes, except as otherwise provided in this section.

(2) Subsection (1) of this section does not apply with respect to:

(a) Taxes on real and tangible personal property;

(b) Excise taxes on the sale, purchase, use, or possession of (i) real property; (ii) tangible personal property; (iii) extended warranties; (iv) services, including digital automated services as defined in RCW 82.04.192; and (v) digital goods and digital codes as those terms are defined in RCW 82.04.192; and

(c) The tax imposed in RCW 82.04.260(~~(14)~~) (9), regarding public and nonprofit hospitals.

(3) For the purposes of this section, the term "taxes" includes taxes imposed by the state or any county, city, town, municipal

corporation, quasi-municipal corporation, or other political subdivision.

The department of agriculture must provide a list of eligible persons, as defined in subsection (4)(c)(i) and (ii) of this section, to the department of revenue. Conservation districts must maintain lists of eligible persons as defined in subsection (4)(c)(iii) of this section to allow the department of revenue to verify eligibility. Sec. 702. RCW 82.12.890 and 2009 c 469 s 602 are each amended to read as follows:

(1) The provisions of this chapter do not apply with respect to the use by an eligible person of:

(a) Qualifying livestock nutrient management equipment;

PART VIII

Ending the Preferential Business and Occupation Tax Treatment Received by Directors of Corporations

NEW SECTION. Sec. 801. (1) In adopting the state's business and occupation tax, the legislature intended to tax virtually all business activities carried on within the state. See *Simpson Inv. Co. v. Dept of Revenue*, 141 Wn.2d 139, 149 (2000). The legislature recognizes that the business and occupation tax applies to all activities engaged in with the object of gain, benefit, or advantage to the taxpayer or to another person or class, directly or indirectly, unless a specific exemption applies.

(2) One of the major business and occupation tax exemptions is provided in RCW 82.04.360 for income earned as an employee or servant as distinguished from income earned as an independent contractor. The legislature's intent in providing this exemption was to exempt employee wages from the business and occupation tax but not to exempt income earned as an independent contractor.

(3) The legislature finds that corporate directors are not employees or servants of the corporation whose board they serve on and therefore are not entitled to a business and occupation tax exemption under RCW 82.04.360. The legislature further finds that there are no business and occupation tax exemptions for compensation received for serving as a member of a corporation's board of directors.

(4) The legislature also finds that there is a widespread misunderstanding among corporate directors that the business and occupation tax does not apply to the compensation they receive for serving as a director of a corporation. It is the legislature's expectation that the department of revenue will take appropriate measures to ensure that corporate directors understand and comply with their business and occupation tax obligations with respect to their director compensation. However, because of the widespread misunderstanding by corporate directors of their liability for business and occupation tax on director compensation, the legislature finds that it is appropriate in this unique situation to provide limited relief against the retroactive assessment of business and occupation taxes on corporate director compensation.

(5) The legislature also reaffirms its intent that all income of all independent contractors is subject to business and occupation tax unless specifically exempt under the Constitution or laws of this state or the United States.

Sec. 802. RCW 82.04.360 and 1991 c 324 s 19 and 1991 c 275 s 2 are each reenacted and amended to read as follows:

(1) This chapter (~~shall~~) does not apply to any person in respect to his or her employment in the capacity of an employee or servant as distinguished from that of an independent contractor. For the purposes of this section, the definition of employee (~~shall~~) includes those persons that are defined in section 3121(d)(3)(B) of the federal internal revenue code of 1986, as amended through January 1, 1991.

(2) (~~A booth renter, as defined by RCW 18.16.020, is an independent contractor for purposes of this chapter.~~) Until April 1, 2010, this chapter does not apply to amounts received by an individual from a corporation as compensation for serving as a member of that corporation's board of directors. Beginning April 1, 2010, such amounts are taxable under RCW 82.04.290(2).

NEW SECTION. Sec. 803. The sole reason for deleting the language in RCW 82.04.360(2) is because RCW 18.16.020 no longer defines the term "booth renter." This should not be construed as a substantive change in the law.

PART IX

Airplane Excise Tax

Sec. 901. RCW 82.48.010 and 1995 c 318 s 4 are each amended to read as follows:

For the purposes of this chapter, unless otherwise required by the context:

(1) "Department" means the department of licensing.

~~(2) "Aircraft" means any weight-carrying device or structure for navigation of the air which is designed to be supported by the air;~~

~~((2) "Secretary" means the secretary of transportation;))~~

(3) "Person" includes a firm, partnership, limited liability company, or corporation;

(4) "Small multi-engine fixed wing" means any piston-driven multi-engine fixed wing aircraft with a maximum gross weight as listed by the manufacturer of less than seventy-five hundred pounds; and

(5) "Large multi-engine fixed wing" means any piston-driven multi-engine fixed wing aircraft with a maximum gross weight as listed by the manufacturer of seventy-five hundred pounds or more).

Sec. 902. RCW 82.48.020 and 2000 c 229 s 4 are each amended to read as follows:

(1) An annual excise tax is hereby imposed for the privilege of using any aircraft in the state. A current certificate of air worthiness with a current inspection date from the appropriate federal agency and/or the purchase of aviation fuel ~~((shall))~~ constitutes the necessary evidence of aircraft use or intended use. ~~((The tax shall))~~ The amount of the tax is five-tenths of one percent of the taxable value of the aircraft, as determined under section 903 of this act.

~~(2) The tax imposed under this section must be collected annually or under a staggered collection schedule as required by the ((secretary)) department by rule. ((No additional tax shall be imposed under this chapter upon any aircraft upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such aircraft has already been paid for the year in which transfer of ownership occurs. A violation of this subsection is a misdemeanor punishable as provided under chapter 9A.20 RCW.~~

~~(2))~~ (3) Persons who are required to register aircraft under chapter 47.68 RCW and who register aircraft in another state or foreign country and avoid the ~~((Washington))~~ aircraft excise tax imposed under this section are liable for ~~((such))~~ the unpaid excise tax. A violation of this subsection is a gross misdemeanor.

(4) The department of revenue may, under chapter 82.32 RCW, assess and collect the unpaid excise tax imposed under ((chapter 82.32 RCW)) this section, including the penalties and interest provided in chapter 82.32 RCW.

~~((3))~~ (5) Except as provided under subsection ~~((s (1) and (2)))~~ (3) of this section, a violation of this chapter is a misdemeanor punishable as provided in chapter 9A.20 RCW.

NEW SECTION. Sec. 903. A new section is added to chapter 82.48 RCW to read as follows:

(1)(a) Except as otherwise provided in this section, taxable value is based on the most recent purchase price of the aircraft, depreciated according to the year of the most recent purchase of the aircraft. For purposes of this subsection, "purchase price" means the consideration, whether money, credit, rights, or other property expressed in terms of money paid or given or contracted to be paid or given by the purchaser to the seller for the aircraft.

(b) For aircraft for which the most recent purchase price was not indicative of the fair market value of the aircraft at the time of purchase, the department may appraise the aircraft. If the department appraises the aircraft, the taxable value is based on the department's appraisal of fair market value of the aircraft at the time of the most recent purchase, depreciated according to the year of the most recent purchase of the aircraft.

(c) For aircraft acquired other than by purchase, including aircraft manufactured, constructed, or assembled by the owner, the department must appraise the aircraft before registration. In such cases, the taxable value is the fair market value at the time of the department's appraisal. For subsequent years, taxable value is based on the department's appraisal of fair market value of the aircraft, depreciated according to the year that the owner acquired the aircraft

or, in the case of aircraft manufactured, constructed, or assembled by the owner, the year that the aircraft became operational.

(2)(a) An appraisal conducted by the department:

(i) Need not include a physical inspection of the aircraft; and

(ii) May be based on any guidebook, report, or compendium of recognized standing in the aviation industry and information provided to the department by the owner of the aircraft.

(b) Any aircraft owner disputing the department's appraised value under this section may petition for a conference with the department as provided under RCW 82.32.160 or for reduction of the tax due as provided under RCW 82.32.170.

(3)(a) The department must prepare a depreciation schedule for use in the determination of the taxable value for the purposes of this chapter. The schedule must be based upon information available to the department pertaining to the current fair market value of aircraft.

(b) The department must recommend a depreciation schedule to the fiscal committees of the senate and house of representatives by December 31, 2010, for enactment in law during the 2011 legislative session for use in the determination of taxable value for taxes due under this chapter during calendar year 2012 and subsequent calendar years.

However, under circumstances determined to be justifiable by the department a second fifteen day period may be authorized consecutive with the first fifteen day period; and for the purposes of this exemption the term "nonresident" as used herein includes a user who has one or more places of business in this state as well as in one or more other states, but the exemption for nonresidents applies only to those vehicles which are most frequently dispatched, garaged, serviced, maintained, and operated from the user's place of business in another state.

PART XI

Foreclosure Exemption

Sec. 1101. RCW 82.45.010 and 2010 c ... s 206 (section 206 of this act) are each amended to read as follows:

(1) As used in this chapter, the term "sale" has its ordinary meaning and includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department must consider the following:

(i) Persons must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(ii) When persons are not commonly owned or controlled, they must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions are considered separate acquisitions.

(3) The term "sale" does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer of any leasehold interest other than of the type mentioned above.

(c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(d) The partition of property by tenants in common by agreement or as the result of a court decree.

(e) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance with the terms of a decree of dissolution of marriage or state registered domestic partnership or in fulfillment of a property settlement agreement.

(f) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(i) ~~((Any))~~ A transfer or conveyance made (i) to the beneficiary of a deed of trust pursuant to a trustee's sale in the nonjudicial foreclosure of a deed of trust ~~((or))~~; (ii) to the mortgagee, beneficiary of the deed of trust, or lienholder pursuant to an order of sale by the court in the judicial foreclosure of any mortgage, deed of trust, or lien ~~((foreclosure proceeding or upon execution of a judgment, or))~~; (iii) to the mortgagee by the mortgagor or to the beneficiary of a deed of trust by the grantor pursuant to deed in lieu of foreclosure to satisfy a mortgage or deed of trust; or (iv) to the judgment creditor pursuant to a writ of execution to enforce a judgment.

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(k) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed.

(l) The sale of any grave or lot in an established cemetery.

(m) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(n) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.

(o) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner. However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes become due and payable on the original transfer as otherwise provided by law.

(p)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of 26 U.S.C.

Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(ii) However, the transfer described in (p)(i) of this subsection cannot be preceded or followed within a twelve-month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (p)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(p)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax under this subsection (3)(p)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.

(q) A qualified sale of a manufactured/mobile home community, as defined in RCW 59.20.030, that takes place on or after June 12, 2008, but before December 31, 2018.

Sec. 1102. RCW 82.45.080 and 1980 c 154 s 3 are each amended to read as follows:

(1) The tax levied under this chapter (~~((shall be))~~) is the obligation of the seller and the department (~~((of revenue))~~) may, at the department's option, enforce the obligation through an action of debt against the seller or the department may proceed in the manner prescribed for the foreclosure of mortgages (~~((and resort to))~~). The department's use of one course of enforcement ((shall)) is not ((be)) an election not to pursue the other.

(2) For purposes of this section and notwithstanding any other provisions of law, in a sale involving a judicial or nonjudicial foreclosure or enforcement of a judgment, the seller is the:

(a) Beneficiary of a deed of trust in any transfer or conveyance to any party other than such beneficiary pursuant to a trustee's sale in the nonjudicial foreclosure of the deed of trust;

(b) Mortgagee, beneficiary of a deed of trust, or lienholder in any transfer or conveyance to any party other than such mortgagee, beneficiary, or lienholder pursuant to an order of sale by the court in the judicial foreclosure of any mortgage, deed of trust, or lien; and

(c) Judgment creditor in any transfer or conveyance to any party other than such creditor pursuant to a writ of execution to enforce a judgment.

For the purposes of this section, any retail sales taxes that have been paid but not collected shall be deductible from the retail sales taxes collected but not paid.

For purposes of this subsection "wilfully fails to pay or to cause to be paid" means that the failure was the result of an intentional, conscious, and voluntary course of action.

~~—(2) The officer, member or manager, or other person shall be liable only for taxes collected which~~) Whenever the department has issued a warrant under RCW 82.32.210 for the collection of unpaid

retail sales tax funds collected and held in trust under RCW 82.08.050 from a limited liability business entity and that business entity has been terminated, dissolved, or abandoned, or is insolvent, the department may pursue collection of the entity's unpaid sales taxes, including penalties and interest on those taxes, against any or all of the responsible individuals. For purposes of this subsection, "insolvent" means the condition that results when the sum of the entity's debts exceeds the fair market value of its assets. (4)(a) Except as provided in this subsection (4)(a), a responsible individual who is the current or a former chief executive or chief financial officer is liable under this section only for sales tax liability accrued during the period that he or she was the chief executive or chief financial officer. However, if the responsible individual had the responsibility or duty to remit payment of the limited liability business entity's sales taxes to the department during any period of time that the person was not the chief executive or chief financial officer, that individual is also liable for sales tax liability that became due during the period that he or she had the duty to remit payment of the limited liability business entity's taxes to the department but was not the chief executive or chief financial officer.

~~—(b) All other responsible individuals are liable under this section only for sales tax liability that became due during the period he or she had the ((control, supervision,)) responsibility((:)) or duty to ((act for the corporation described in subsection (1) of this section, plus interest and penalties on those taxes.~~

~~—(5) This section applies only in situations where the department has determined that there is no reasonable means of collecting the retail sales tax funds held in trust directly from the corporation.~~

~~—(6)) (7) This section does not relieve the ((corporation or)) limited liability ((company)) business entity of ((other tax liabilities)) its sales tax liability or otherwise impair other tax collection remedies afforded by law.~~

If the digital good or digital code is acquired other than by purchase, the value of the digital good or digital code must be determined as nearly as possible according to the retail selling price at place of use of similar digital goods or digital codes of like quality and character under rules the department may prescribe;

(6) "Use," "used," "using," or "put to use" have their ordinary meaning, and mean:

(a) With respect to tangible personal property, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption within this state;

(h) With respect to a service described in RCW 82.04.050(3)(h), the first presence within this state by the taxpayer after the service has been performed upon that taxpayer;

(7) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW;

(9) "Extended warranty" has the same meaning as in RCW 82.04.050(7);

(10) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, (~~shall have~~) has full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, (~~shall~~) also means any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. With respect to property distributed to persons within this state by a consumer as defined in this subsection (10), the use of the property (~~shall be~~) is deemed to be by such consumer.

(6) "Prewritten computer software" means computer software, including prewritten upgrades, that is not designed and developed by the author or other creator to the specifications of a specific purchaser. The combining of two or more prewritten computer software programs or prewritten portions thereof does not cause the combination to be other than prewritten computer software. Where a person modifies or enhances computer software of which such persons is not the author or creator, the person (~~shall be~~) is deemed to be the author or creator only of the person's modifications or enhancements. Prewritten computer software or a prewritten portion thereof that is modified or enhanced to any degree, where such modification or enhancement is designed and developed to the specifications of a specific purchaser, remains prewritten computer software; however where there is a reasonable, separately stated charge or an invoice or other statement of the price given to the purchaser for the modification or enhancement, the modification or enhancement (~~shall~~) does not constitute prewritten computer software.

(7) "Retained rights" means any and all rights, including intellectual property rights such as those rights arising from copyrights, patents, and trade secret laws, that are owned or are held under contract or license by a software developer, author, inventor, publisher, licensor, sublicensor, or distributor.

An exemption certificate claiming multiple points of use must be in a form and contain such information as required by the department.

(2) A buyer is entitled to use an exemption certificate claiming multiple points of use only if the buyer is a business or other organization and the digital goods or digital automated services purchased, or the digital goods or digital automated services to be obtained by the digital code purchased, or the prewritten computer software or services defined as a retail sale in RCW 82.04.050 (6)(b) or (7) purchased will be concurrently available for use within and outside this state. A buyer is not entitled to use an exemption certificate claiming multiple points of use for digital goods, digital codes, digital automated services, prewritten computer software, or services defined as a retail sale in RCW 82.04.050(6)(b) purchased for personal use.

(3) A buyer claiming an exemption under this section must report and pay the tax imposed in RCW 82.12.020 and any local use taxes imposed under the authority of chapter 82.14 RCW and RCW 81.104.170 directly to the department in accordance with RCW 82.12.02088 and 82.14.457.

(4) For purposes of this section, "concurrently available for use within and outside this state" means that employees or other agents of the buyer may use the digital goods, digital automated services, prewritten computer software, or services defined as a retail sale in RCW 82.04.050 (6)(b) or (7) simultaneously from one or more locations within this state and one or more locations outside this state. A digital code is concurrently available for use within and outside this state if employees or other agents of the buyer may use the digital goods or digital automated services to be obtained by the code simultaneously at one or more locations within this state and one or more locations outside this state.

(iii) With respect to digital goods, digital automated services, and digital codes acquired other than by purchase, the tax imposed in this subsection (1)(e) applies regardless of whether or not the consumer has a right of permanent use or is obligated to make continued payment as a condition of use.

(2) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property, extended warranty, digital good, digital code, digital automated service, or service taxable under RCW 82.04.050 (2)(a) or (g), (3)(a), (~~(6)(b)~~), or (7), if the sale to, or the use by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(3)(a) Except as provided in this section, payment of the tax imposed by this chapter or chapter 82.08 RCW by one purchaser or user of tangible personal property, extended warranty, digital good, digital code, digital automated service, or other service does not have the effect of exempting any other purchaser or user of the same property, extended warranty, digital good, digital code, digital automated service, or other service from the taxes imposed by such chapters.

(b) The tax imposed by this chapter does not apply:

(i) If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor;

(ii) In respect to the use of any article of tangible personal property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use;

(iii) In respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961; or

(iv) To the use of digital goods or digital automated services, which were obtained through the use of a digital code, if the sale of the digital code to, or the use of the digital code by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(4)(a) Except as provided in (b) of this subsection (4), the tax is levied and must be collected in an amount equal to the value of the article used, value of the digital good or digital code used, value of the extended warranty used, or value of the service used by the taxpayer, multiplied by the applicable rates in effect for the retail sales tax under RCW 82.08.020.

(b) In the case of a seller required to collect use tax from the purchaser, the tax must be collected in an amount equal to the purchase price multiplied by the applicable rate in effect for the retail sales tax under RCW 82.08.020.

Sec. 1701. RCW 82.60.010 and 1985 c 232 s 1 are each amended to read as follows:

The legislature finds that there are several areas in the state that are characterized by very high levels of unemployment and poverty. The (~~legislative legislature~~) legislature further finds that economic stagnation is the primary cause of this high unemployment rate and poverty; that new state policies are necessary in order to promote economic stimulation and new employment opportunities in these distressed areas; and that policies providing incentives for economic growth in these distressed areas are essential. For these reasons, the legislature (~~hereby~~) reestablishes a tax deferral program to be effective solely in distressed (areas and under circumstances where the deferred tax payments are for investments or costs that result in the creation of a specified number of jobs) counties. The legislature declares that this limited program serves the vital public purpose of creating employment opportunities and reducing poverty in the distressed (~~areas~~) counties of the state.

(B) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual survey required under RCW 82.60.070; and

(C) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the qualified building and the lessee.

~~—(e))~~ "Eligible investment project" does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010(~~(5))~~ (4), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part, or investment projects (~~which~~) that have already received deferrals under this chapter.

As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.

NEW SECTION. Sec. 1703. A new section is added to chapter 82.60 RCW to read as follows:

The application ~~((shall))~~ must be made to the department in a form and manner prescribed by the department. The application ~~((shall))~~ must contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information

required by the department. The department ~~((shall))~~ must rule on the application within sixty days.

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment for which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. 4	25%
5	30%

(2) The department may authorize an accelerated repayment schedule upon request of the recipient.

(3) Interest ~~((shall))~~ may not be charged on any taxes deferred under this chapter for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

Sec. 1709. RCW 82.60.070 and 2004 c 25 s 7 are each amended to read as follows:

(1)(a) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(b) Each recipient of a deferral granted under this chapter after June 30, 1994, ~~((shall))~~ must complete an annual survey. If the economic benefits of the deferral are passed to a lessee as provided in ~~((RCW 82.60.020(4)))~~ section 1704 of this act, the lessee ~~((shall agree to))~~ must complete the annual survey and the applicant is not required to complete the annual survey. The survey is due by March 31st of the year following the calendar year in which the investment project is certified by the department as having been operationally complete and the seven succeeding calendar years. The survey ~~((shall))~~ must include the amount of tax deferred, the number of new products or research projects by general classification, and the number of trademarks, patents, and copyrights associated with activities at the investment project. The survey ~~((shall))~~ must also include the following information for employment positions in Washington:

- (i) The number of total employment positions;
- (ii) Full-time, part-time, and temporary employment positions as a percent of total employment;
- (iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and
- (iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(c) As part of the survey, the department may request additional information necessary to measure the results of, or determine eligibility for, the deferral program, to be submitted at the same time as the survey.

(d) All information collected under this subsection, except the amount of the tax deferral taken, is deemed taxpayer information under RCW 82.32.330 and is not disclosable. Information on the amount of tax deferral taken is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(e) The department ~~((shall))~~ must use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers ~~((shall))~~ may be included in any category. The department ~~((shall))~~ must report these statistics to the legislature each year by September 1st.

(f) The department ~~((shall))~~ must also use the information to study the tax deferral program authorized under this chapter. The department ~~((shall))~~ must report to the legislature by December 1, ~~((2009))~~ 2019. The report ~~((shall))~~ must measure the effect of the program on job creation, the number of jobs created for residents of

eligible areas, company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

(2)(a) If, on the basis of a survey under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project ~~((shall be immediately due))~~.

(b) If a recipient of the deferral fails to complete the annual survey required under subsection (1) of this section by the date due, twelve and one-half percent of the deferred tax ~~((shall))~~ will be immediately due. If the economic benefits of the deferral are passed to a lessee as provided in ~~((RCW 82.60.020(4)))~~ section 1704 of this act, the lessee ~~((shall be))~~ is responsible for payment to the extent the lessee has received the economic benefit.

(3) Notwithstanding any other subsection of this section, deferred taxes need not be repaid on machinery and equipment for lumber and wood products industries, and sales of or charges made for labor and services, of the type which qualifies for exemption under RCW 82.08.02565 or 82.12.02565 to the extent the taxes have not been repaid before July 1, 1995.

(4) Notwithstanding any other subsection of this section, deferred taxes on the following need not be repaid:

- (a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and
- (b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

Sec. 2003. RCW 82.16.120 and 2009 c 469 s 505 are each amended to read as follows:

(1) Any individual, business, local governmental entity, not in the light and power business or in the gas distribution business, or a participant in a community solar project may apply to the light and power business serving the situs of the system, each fiscal year beginning on July 1, 2005, for an investment cost recovery incentive for each kilowatt-hour from a customer-generated electricity renewable energy system. No incentive may be paid for kilowatt-hours generated before July 1, 2005, or after June 30, 2020.

(2)(a) Before submitting for the first time the application for the incentive allowed under subsection (4) of this section, the applicant must submit to the department of revenue and to the climate and rural energy development center at the Washington State University, established under RCW 28B.30.642, a certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system;

(ii) The applicant's tax registration number;

(v) The date that the renewable energy system received its final electrical permit from the applicable local jurisdiction.

(b) Within thirty days of receipt of the certification the department of revenue must notify the applicant by mail, or electronically as provided in RCW 82.32.135, whether the renewable energy system qualifies for an incentive under this section. The department may consult with the climate and rural energy development center to determine eligibility for the incentive. System certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(m).

(3)(a) By August 1st of each year application for the incentive ~~((shall))~~ must be made to the light and power business serving the situs of the system by certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system;

Such records ~~((shall))~~ must be open for examination at any time upon notice by the light and power business that made the payment or by the department. If upon examination of any records or from other information obtained by the business or department it appears that an incentive has been paid in an amount that exceeds the correct amount of incentive payable, the business may assess against the person for the amount found to have been paid in excess of the correct amount of incentive payable and ~~((shall))~~ must add thereto interest on the amount. Interest ~~((shall be))~~ is assessed in the manner that the department assesses interest upon delinquent tax under RCW 82.32.050.

(ii) If it appears that the amount of incentive paid is less than the correct amount of incentive payable the business may authorize additional payment.

(4) Except for community solar projects, the investment cost recovery incentive may be paid fifteen cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For community solar projects, the investment cost recovery incentive may be paid thirty cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For the purposes of this

section, the rate paid for the investment cost recovery incentive may be multiplied by the following factors:

- (a) For customer-generated electricity produced using solar modules manufactured in Washington state or a solar stirling converter manufactured in Washington state, two and four-tenths;

- (5) No individual, household, business, or local governmental entity is eligible for incentives provided under subsection (4) of this section for more than five thousand dollars per year. Each applicant in a community solar project is eligible for up to five thousand dollars per year.
- (6) If requests for the investment cost recovery incentive exceed the amount of funds available for credit to the participating light and power business, the incentive payments ~~((shall))~~ must be reduced proportionately.
- (7) The climate and rural energy development center at Washington State University energy program may establish guidelines and standards for technologies that are identified as Washington manufactured and therefore most beneficial to the state's environment.
- (8) The environmental attributes of the renewable energy system belong to the applicant, and do not transfer to the state or the light and power business upon receipt of the investment cost recovery incentive.

The amount of the credit ~~((shall be))~~ is equal to the state share of use tax computed to be due under RCW 82.12.020. The person ~~((shall))~~ must submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(2) For the purposes of this section, "aluminum smelter" has the same meaning as provided in RCW 82.04.217.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, ~~((2012))~~ 2017.

The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010~~((7))~~ (2) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section ~~((shall))~~ does not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section ~~((shall))~~ does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020 with respect to the gas for which exemption is sought under this subsection.

(6) There ~~((shall be))~~ is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

(7) The use tax hereby imposed ~~((shall))~~ must be paid by the consumer to the department.

(8) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. (2) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information to evaluate whether the stated goals of legislation were achieved.

(3) The goals of the smelter tax incentives are to retain family-wage jobs in rural areas by:

(a) Enabling the aluminum industry to maintain production of aluminum at a level that will preserve at least 75 percent of the jobs that were on the payroll effective January 1, 2004, as adjusted for employment reductions publicly announced before November 30, 2003; and

(b) Allowing the aluminum industry to continue producing aluminum in this state through ~~((2012))~~ 2017 so that the industry will be positioned to preserve and create new jobs when the anticipated reduction of energy costs occurs.

(4)(a) An aluminum smelter receiving the benefit of a smelter tax incentive ~~((shall))~~ must make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The report is due by March 31st following any year in which a tax incentive is claimed or used. The report ~~((shall))~~ may not include names of employees. The report ~~((shall))~~ must detail employment by the total number of full-time, part-time, and temporary positions. The report

~~((shall))~~ must indicate the quantity of aluminum smelted at the plant during the time period covered by the report. The first report filed under this subsection ~~((shall))~~ must include employment, wage, and benefit information for the twelve-month period immediately before first use of a tax incentive. Employment reports ~~((shall))~~ must include data for actual levels of employment and identification of the number of jobs affected by any employment reductions that have been publicly announced at the time of the report. Information in a report under this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(b) If a person fails to submit an annual report under (a) of this subsection by the due date of the report, the department ~~((shall))~~ must declare the amount of taxes exempted or credited, or reduced in the case of the preferential business and occupation tax rate, for that year to be immediately due and payable. Excise taxes payable under this subsection are subject to interest but not penalties, as provided under this chapter. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

((5) By December 1, 2007, December 1, 2010, and December 1, 2015, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the smelter tax incentives under RCW 82.04.4482 and 82.16.0498. The reports shall measure the effect of the tax incentives on job retention for Washington residents and any other factors the committees may select.))

"NEW SECTION. Sec. 201. A new section is added to chapter 82.32 RCW to read as follow:

(1) It is the intent of the legislature to require all taxpayers to pay their fair share of taxes. To accomplish this purpose, it is the legislature's intent to identify and prohibit transactions, plans, and arrangements that are designed to deceptively avoid taxes.

(2) The legislature directs the department to prepare a report that identifies transactions, plans, and arrangements that are primarily designed to deceptively avoid the payment of taxes. These include a transaction, plan, or arrangement that:

(a) Disguises income received, or otherwise avoids tax on income, from a person that is not affiliated with the taxpayer;

(b) Disguises the purchase or sale of property or services from or to a person that is not affiliated with the taxpayer;

(c) Avoids the tax imposed by RCW 82.12.020 on the use of property in the state that is owned by an entity organized outside of the state;

(d) Is a sham transaction in fact or in substance; is intended solely for tax avoidance purposes and lacks economic substance;

(e) Elevates form over substance;

(f) Is completed in multiple steps, rather than a single transaction, where the intent in using multiple steps is to avoid taxation; or

(g) Assigns or transfers a taxpayer's earned income to another person where the intent is to avoid tax.

(3) Beginning December 1, 2010, and by December 1 of each subsequent year, the department must submit its report to the house of representatives finance committee and the senate ways and means committee, or their successors. The department may include draft legislation to address the deceptive tax avoidance transactions, plan, or arrangements identified in the report.

(4) The definitions in this subsection apply to this section.

(a) "Affiliated" means under common control;

(b) "Control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through ownership or voting shares, by contract, or otherwise;

(c) "Lacks economic substance" means having no purpose other than to obtain a tax benefit where a participant's risk of profit or loss is insignificant when compared to the tax benefit; and

(d) "Sham" means fictitious, deceptive, and fraudulent.

(5) The legislature specifies the following as transactions, plans, or arrangements that may be primarily designed to deceptively avoid the payment of taxes:

(a) A joint venture arrangement between a contractor required to register under RCW 18.27.020 and an owner or developer of a construction project when the arrangement: (i) provides for guaranteed payments to the contractor for construction services; and (ii) does not entitle the contractor to share in substantial profits and bear significant risk from the project.

(b) (i) A parent/subsidiary organizational structure or arrangement wherein the parent: (A) creates a subsidiary outside of Washington; (B) provides services to customers outside of Washington; (C) assigns out-of-state customer contracts to the out-of-state subsidiary; (D) requires out-of-state customers to pay for services to the out-of-state subsidiary; and (E) receives income that represents payment for these out-of-state customer contracts through a dividend or transfer from the out-of-state subsidiary.

(ii) A parent/subsidiary organizational structure or arrangement described in this subsection (5) (b) will not be considered primarily designed to deceptively avoid the payment of taxes if the services provided to the customers outside Washington are primarily performed by employees of the out-of-state subsidiary.

(6) The department may disregard any transaction, plan, or arrangement that is specified in subsection (5) of this section, except if:

(a) The taxpayer initiated the transaction, plan, or arrangement before April 1, 2010; and (b) the taxpayer had reported its tax liability in conformance with: (i) specific written instructions provided by the department to the taxpayer; or (ii) a published determination or any other document published by the department.

(7)(a) For purposes of subsection (6) of this section, "specific written instructions" means tax reporting instructions provided to a taxpayer which specifically identify the taxpayer to whom the instructions apply. Specific written instructions may be provided as part of an audit, tax assessment, determination, closing agreement, or in response to a binding ruling request.

(b) Subsection (6) of this section applies to tax periods beginning January 1, 2006, but does not apply to any tax periods ending before April 1, 2010, that were included in a completed field audit conducted by the department.

(c) Subsection (6) of this section must be construed narrowly to ensure that only transactions, plans, or arrangements where there is clear and convincing evidence of deceptive tax avoidance are subject to tax liability."

The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same tax found to be due, except for the evasion penalty provided in subsection (7) of this section. The department may not assess the penalty under this subsection if, before the department discovers the taxpayer's use of a transaction described under section 201(2)(a), (b), (c), (d), (e),

(f), and (g) of this act, the taxpayer discloses its participation in the transaction to the department"

(1) The legislature finds that this state's tax policy with respect to the taxation of transactions between affiliated entities and the income derived from such transactions (intercompany transactions) has motivated some taxpayers to engage in transactions designed solely or primarily to minimize the tax effects of intercompany transactions. The legislature further finds that some intercompany transactions result from taxpayers that are required to establish affiliated entities to comply with regulatory mandates and that transactions between such affiliates effectively increases the tax burden in this state on the affiliated group of entities.

(2)(a) The department of revenue is directed to conduct a review of the state's tax policy with respect to the taxation of intercompany transactions. The review must:

(i) Include the impacts of such transactions under the state's business and occupation tax and state and local sales and use taxes;

(ii) Examine how this state's tax policy compares to the tax policy of other states with respect to the taxation of intercompany transactions; and

(iii) Analyze potential alternatives to the current policy of taxing intercompany transactions, including their estimated revenue impacts if practicable.

(b) In conducting this review, the department must seek input from members of the business community and others as it deems appropriate.

(c) The department must report its findings to the fiscal committees of the house of representatives and senate by December 1, 2010. However, if the department has not completed its review by December 1, 2010, the department must provide the fiscal committees of the legislature with a brief status report by December 1, 2010, and the final report by December 1, 2011."

The amount of such payments shall be five percent of the monthly benefits payable as a result of the worker's death for each such child but such payments shall not exceed twenty-five percent. Such payments on account of such child or children shall be subtracted from the amount to which such surviving spouse would have been entitled had such surviving spouse had legal custody of all of the children and the surviving spouse shall receive the remainder after such payments on account of such child or children have been subtracted. Such payments on account of a child or children not in the legal custody of such surviving spouse shall be apportioned equally among such children.

(c) Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: PROVIDED, That a monthly payment shall be made to the child or children of the deceased worker from the month following such remarriage in a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. Payments to such child or children shall be apportioned equally among such children. Such sum shall be in place of any payments theretofore made for the benefit of or on account of any such child or children. (i) If it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of the amendments in chapter 45, Laws of 1975-'76 2nd ex. sess., the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: PROVIDED, That benefits under this subsection or subsection (4) of this section shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018, as follows:

June 30, 1995	115%
June 30, 1996	120%

If any dependent is under the age of eighteen years at the time of the occurrence of the injury, the payment to such dependent shall cease when such dependent reaches the age of eighteen years except such payments shall continue until the dependent reaches age twenty-three while permanently enrolled at a full time course in an accredited school. The payment to any dependent shall cease if and when, under the same circumstances, the necessity creating the dependency would have ceased if the injury had not happened.

(6) For claims filed prior to July 1, 1986, if the injured worker dies during the period of permanent total disability, whatever the cause of death, leaving a surviving spouse, or child, or children, the surviving spouse or child or children shall receive benefits as if death resulted from the injury as provided in subsections (2) through (4) of this section. Upon remarriage or death of such surviving spouse, the payments to such child or children shall be made as provided in subsection (2) of this section when the surviving spouse of a deceased worker remarries.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. The installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license ~~((upon receipt of))~~ after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or ~~((of))~~ has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation ~~((is effective as of the date of the conviction, and continues with the~~

~~same force and effect as any suspension or revocation under this title~~) as provided under RCW 46.20.245. Payments shall be made directly to the ignition interlock company. The company shall remit the additional twenty-dollar fee to the department.

(b) The department shall deposit the proceeds of the twenty-dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

- ~~(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers.~~

~~(8) An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.~~

The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.~~

NEW SECTION. Sec. 5. A new section is added to chapter 46.61 RCW to read as follows:

If a person is required, as part of the person's judgment and sentence, to install an ignition interlock device on all motor vehicles operated by the person and the person is under the jurisdiction of the municipality or county probation or supervision department, the probation or supervision department must verify the installation of the ignition interlock device or devices. The municipality or county probation or supervision department satisfies the requirement to verify the installation or installations if the municipality or county probation or supervision department receives written verification by one or more companies doing business in the state that it has installed the required device on each vehicle owned or operated by the person. The municipality or county shall have no further obligation to supervise the use of the ignition interlock device or devices by the person and shall not be civilly liable for any injuries or damages caused by the person for failing to use an ignition interlock device or for driving under the influence of intoxicating liquor or any drug or being in actual physical control of a motor vehicle under the influence of intoxicating liquor or any drug.

Sec. 6. RCW 46.20.410 and 2008 c 282 s 8 are each amended to read as follows:

(1) Any person convicted for violation of any restriction of an occupational driver's license(;) or a temporary restricted driver's license((~~or an ignition interlock driver's license~~)) shall in addition to the ((~~immediate revocation~~)) cancellation of such license and any other penalties provided by law be fined not less than fifty nor more than two hundred dollars or imprisoned for not more than six months or both such fine and imprisonment.

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

Sec. 8. RCW 46.20.740 and 2008 c 282 s 13 are each amended to read as follows:

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped.

He or she shall also be advised that the court will not accept a petition for deferred prosecution from a person who: (i) Sincerely believes that he or she is innocent of the charges; (ii) sincerely believes that he or she does not, in fact, suffer from alcoholism, drug addiction, or mental problems (~~unless the petition for deferred prosecution is under section 18 of this act~~); or (iii) in the case of a petitioner charged under chapter 9A.42 RCW, sincerely believes that he or she does not need child welfare services.

If a petitioner, who has been accepted for a deferred prosecution, fails or neglects to carry out and fulfill any term or condition of the petitioner's treatment plan or any term or condition imposed in connection with the installation of an interlock or other device under RCW 46.20.720 (~~or 46.20.385~~), the facility, center, institution, or agency administering the treatment or the entity administering the use of the device, shall immediately report such breach to the court, the prosecutor, and the petitioner or petitioner's attorney of record, together with its recommendation. The court upon receiving such a report shall hold a hearing to determine whether the petitioner should be removed from the deferred prosecution program. At the hearing, evidence shall be taken of the petitioner's alleged failure to comply with the treatment plan or device installation and the petitioner shall have the right to present evidence on his or her own behalf. The court shall either order that the petitioner continue on the treatment plan or be removed from deferred prosecution. (~~If the petitioner's noncompliance is based on a violation of a term or condition imposed in connection with the installation of an ignition interlock device under RCW 46.20.385, the court shall either order that the petitioner comply with the term or condition or be removed from deferred prosecution.~~) If removed from deferred prosecution, the court shall enter judgment pursuant to RCW 10.05.020 and, if the charge for which the deferred prosecution was granted was a misdemeanor or gross misdemeanor under Title 46 RCW, shall notify the department of licensing of the removal and entry of judgment.

Sec. 11. RCW 10.05.160 and 2008 c 282 s 19 are each amended to read as follows:

 - (4) Failure of the evaluation facility to provide the information required in RCW 10.05.040 and 10.05.050, if the defendant has been referred to the facility for treatment. If an appeal on such basis is successful, the trial court may consider the use of another treatment program;
 - (5) Failure of the court to order the installation of an ignition interlock or other device under RCW (~~46.20.720 or 46.20.385~~) 10.05.140.

MESSAGE FROM THE SENATE

March 2, 2010

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 3046 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 24.03 RCW to read as follows:

Superior courts may dissolve a nonprofit corporation:

(1) Except as provided in the articles of incorporation or bylaws, in a proceeding by fifty members or members holding at least five percent of the voting power, whichever is less, by one or more directors, or by the attorney general if it is established that:

(a) The directors are deadlocked in the management of the corporate affairs, the members, if any, are unable to break the deadlock, and irreparable injury to the corporation or its mission is threatened or being suffered because of the deadlock;

(b) The directors or those in control of the corporation have acted, are acting, or will act in a manner that is illegal, oppressive, or fraudulent;

(c) The members are deadlocked in voting power and have failed, for a period that includes at least two consecutive annual meeting dates, to elect successors to directors whose terms have, or otherwise would have, expired;

(d) The corporate assets are being misapplied or wasted; or

(e) The corporation has insufficient assets to continue its activities and it is no longer able to assemble a quorum of directors or members;

(2) In a proceeding by a creditor, if it is established that:

(a) The creditor's claim has been reduced to judgment, the execution on the judgment returned unsatisfied, and the corporation is insolvent; or

(b) The corporation has admitted in a record that the creditor's claim is due and owing and the corporation is insolvent; or

(3) In a proceeding by the corporation to have its voluntary dissolution continued under court supervision.

NEW SECTION. Sec. 2. A new section is added to chapter 24.03 RCW to read as follows:

(1) Venue for a proceeding brought by the attorney general to dissolve a corporation pursuant to section 1 of this act lies in the court specified in RCW 24.03.260. Venue for a proceeding brought by any other party named in section 1 of this act lies in the county where a corporation's principal office (or, if none in this state, its registered office) is or was last located.

(2) It is not necessary to make directors or members parties to a proceeding to dissolve a nonprofit corporation unless relief is sought against them individually.

(3) A court in a proceeding brought to dissolve a nonprofit corporation may issue injunctions, appoint a general or custodial receiver with all powers and duties the court directs, take other action required to preserve the corporate assets wherever located, and carry on the activities of the corporation until a full hearing can be held.

(4) A court in a judicial proceeding brought to dissolve a nonprofit corporation may appoint one or more general receivers to wind up and liquidate, or one or more custodial receivers to manage, the affairs of the corporation. The court shall hold a hearing, after giving notice to all parties to the proceeding and any interested persons designated by the court, before appointing a general or custodial receiver. The court appointing a general or custodial receiver has exclusive jurisdiction over the corporation and all of its property wherever located.

(5) The court may require the general or custodial receiver to post bond, with or without sureties, in an amount the court directs.

(6) The court shall describe the powers and duties of the general or custodial receiver in its appointing order, which may be amended from time to time. Among other powers:

(a) The general receiver:

(i) May dispose of all or any part of the assets of the nonprofit corporation wherever located, at a public or private sale, if authorized by the court; and

(ii) May sue and defend in his or her own name as general receiver of the corporation in all courts of this state;

(b) The custodial receiver may exercise all of the powers of the corporation, through or in place of its board of directors, to the extent necessary to manage the affairs of the corporation consistent with its mission and in the best interests of the corporation, and its creditors.

(7) During a general receivership, the court may redesignate the general receiver a custodial receiver, and during a custodial receivership may redesignate the custodial receiver a general receiver, if doing so is consistent with the mission of the nonprofit corporation and in the best interests of the corporation and its creditors.

(8) The court from time to time during the general or custodial receivership may order compensation paid and expense disbursements or reimbursements made to the general or custodial receiver and counsel from the assets of the nonprofit corporation or proceeds from the sale of the assets.

(9) The assets of the corporation or the proceeds resulting from the sale, conveyance, or other disposition thereof shall be applied and distributed as follows:

(a) All costs and expenses of the court proceedings and all liabilities and obligations of the corporation shall be paid, satisfied, and discharged, or adequate provision shall be made therefor;

(b) Assets held by the corporation upon condition requiring return, transfer, or conveyance, which condition occurs by reason of the dissolution or liquidation, shall be returned, transferred, or conveyed in accordance with such requirements;

(c) Assets received and held by the corporation subject to limitations permitting their use only for charitable, religious, eleemosynary, benevolent, educational, or similar purposes, but not held upon a condition requiring return, transfer, or conveyance by reason of the dissolution or liquidation, shall be transferred or conveyed to one or more domestic or foreign corporations, societies, or organizations engaged in activities substantially similar to those of the dissolving or liquidating corporation as the court may direct;

(d) Other assets, if any, shall be distributed in accordance with the provisions of the articles of incorporation or the bylaws to the extent that the articles of incorporation or bylaws determine the distributive rights of members, or any class or classes of members, or provide for distribution to others;

(e) Any remaining assets may be distributed to such persons, societies, organizations, or domestic or foreign corporations, whether for profit or not for profit, specified in the plan of distribution adopted as provided in this chapter, or where no plan of distribution has been adopted, as the court may direct.

(10) Subsections (4) through (8) of this section do not apply to a church or its integrated auxiliaries.

NEW SECTION. Sec. 3. A new section is added to chapter 24.03 RCW to read as follows:

(1) If after a hearing the court determines that one or more grounds for judicial dissolution described in section 1 of this act exist, it may enter a decree dissolving the nonprofit corporation and specifying the effective date of the dissolution, and the clerk of the court shall deliver a certified copy of the decree to the secretary of state, who shall file it.

(2) After entering the decree of dissolution, the court shall direct the winding up and liquidation of the nonprofit corporation's affairs in accordance with this chapter.

Sec. 4. RCW 7.60.025 and 2006 c 52 s 1 are each amended to read as follows:

(1) A receiver may be appointed by the superior court of this state in the following instances, but except in any case in which a receiver's appointment is expressly required by statute, or any case in which a receiver's appointment is sought by a state agent whose authority to seek the appointment of a receiver is expressly conferred by statute, or any case in which a receiver's appointment with respect to real property is sought under (b)(ii) of this subsection, a receiver shall be appointed only if the court additionally determines that the appointment of a receiver is reasonably necessary and that other available remedies either are not available or are inadequate:

(a) On application of any party, when the party is determined to have a probable right to or interest in property that is a subject of the action and in the possession of an adverse party, or when the property or its revenue-producing potential is in danger of being lost or materially injured or impaired. A receiver may be appointed under this subsection (1)(a) whether or not the application for appointment of a receiver is combined with, or is ancillary to, an action seeking a money judgment or other relief;

(b) Provisionally, during the pendency of any action to foreclose upon any lien against or for forfeiture of any interest in real or personal property, or after notice of a trustee's sale has been given under RCW 61.24.040, or after notice of forfeiture has been given under RCW 61.30.040, on application of any person, when the interest in the property that is the subject of foreclosure or forfeiture of the person seeking the receiver's appointment is determined to be probable and either:

- (i) The property or its revenue-producing potential is in danger of being lost or materially injured or impaired; or
- (ii) The appointment of a receiver with respect to the real or personal property that is the subject of the action, the notice of trustee's sale or notice of forfeiture is provided for by agreement or is reasonably necessary to effectuate or enforce an assignment of rents or other revenues from the property;
- (c) After judgment, in order to give effect to the judgment;
- (d) To dispose of property according to provisions of a judgment dealing with its disposition;
- (e) To the extent that property is not exempt from execution, at the instance of a judgment creditor either before or after the issuance of any execution, to preserve or protect it, or prevent its transfer;
- (f) If and to the extent that property is subject to execution to satisfy a judgment, to preserve the property during the pendency of an appeal, or when an execution has been returned unsatisfied, or when an order requiring a judgment debtor to appear for proceedings supplemental to judgment has been issued and the judgment debtor fails to submit to examination as ordered;
- (g) Upon an attachment of real or personal property when the property attached is of a perishable nature or is otherwise in danger of waste, impairment, or destruction, or where the abandoned property's owner has absconded with, secreted, or abandoned the property, and it is necessary to collect, conserve, manage, control, or protect it, or to dispose of it promptly, or when the court determines that the nature of the property or the exigency of the case otherwise provides cause for the appointment of a receiver;

MESSAGE FROM THE SENATE

March 5, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 3179 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.14.450 and 2009 c 551 s 1 are each amended to read as follows:

(1) A county legislative authority may submit an authorizing proposition to the county voters at a primary or general election and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must clearly state the purposes for which the proposed sales and use tax will be used. ~~((Funds raised under this tax shall not supplant existing funds used for these purposes, except as follows: Up to one hundred percent may be used to supplant existing funding in calendar year 2010; up to eighty percent may be used to supplant existing funding in calendar year 2011; up to sixty percent may be used to supplant existing funding in calendar year 2012; up to forty percent may be used to supplant existing funding in calendar year 2013; and up to twenty percent may be used to supplant existing funding in calendar year 2014. For purposes of this subsection, existing funds means the actual operating expenditures for the calendar year in which the ballot measure is approved by voters. Actual operating expenditures excludes lost federal funds, lost or expired state grants or loans, extraordinary events not likely to reoccur, changes in contract provisions beyond the control of the county or city receiving the services, and major nonrecurring capital expenditures.))~~ The rate of tax under this section may not exceed three-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(2)(a) A city legislative authority may submit an authorizing proposition to the city voters at a primary or general election and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must clearly state the purposes for which the proposed sales and use tax will be used. The rate of tax under this subsection may not exceed one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax. A city may not begin imposing a tax approved by the voters under this subsection prior to January 1, 2011.

(b) If a county adopts an ordinance or resolution to submit a ballot proposition to the voters to impose the sales and use tax under subsection (1) of this section prior to a city within the county adopting an ordinance or resolution to submit a ballot proposition to the voters to impose the tax under this subsection, the rate of tax by the city under this subsection may not exceed an amount that would cause the total county and city tax rate under this section to exceed three-tenths of one percent. This subsection (2)(b) also applies if the county and city adopt an ordinance or resolution to impose sales and use taxes under this section on the same date.

(c) If the city adopts an ordinance or resolution to submit a ballot proposition to the voters to impose the sales and use tax under this subsection prior to the county in which the city is located, the county must provide a credit against its tax under subsection (1) of this section for the city tax under this subsection to the extent the total county and city tax rate under this section would exceed three-tenths of one percent.

~~(3)~~ (3) The tax authorized in this section is in addition to any other taxes authorized by law and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county.

~~((3))~~ (4) The retail sale or use of motor vehicles, and the lease of motor vehicles for up to the first thirty-six months of the lease, are exempt from tax imposed under this section.

~~((4))~~ (5) One-third of all money received under this section must be used solely for criminal justice purposes, fire protection purposes, or both. For the purposes of this subsection, "criminal justice purposes" has the same meaning as provided in RCW 82.14.340.

~~((5))~~ (6) Money received by a county under subsection (1) of this section must be shared between the county and the cities as follows: Sixty percent must be retained by the county and forty percent must be distributed on a per capita basis to cities in the county.

(7) Tax proceeds received by a city imposing a tax under this section must be shared between the county and city as follows: Fifteen percent must be distributed to the county and eighty-five percent is retained by the city.

Sec. 2. RCW 82.14.460 and 2009 c 551 s 2 are each amended to read as follows:

(1)(a) A county legislative authority may authorize, fix, and impose a sales and use tax in accordance with the terms of this chapter.

(b) If a county with a population over eight hundred thousand has not imposed the tax authorized under this subsection by January 1, 2011, any city with a population over thirty thousand located in that county may authorize, fix, and impose the sales and use tax in accordance with the terms of this chapter. The county must provide a credit against its tax for the full amount of tax imposed under this subsection (1)(b) by any city located in that county if the county imposes the tax after January 1, 2011.

(2) The tax authorized in this section ~~((shall be))~~ is in addition to any other taxes authorized by law and ~~((shall))~~ must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county for a county's tax and within a city for a city's tax. The rate of tax ~~((shall))~~ equals one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(3) Moneys collected under this section ~~((shall))~~ must be used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and services. For the purposes of this section, "programs and services" includes, but is not limited to, treatment services, case management, and housing that are a component of a coordinated chemical dependency or mental health treatment program or service.

(4) All moneys collected under this section must be used solely for the purpose of providing new or expanded programs and services as provided in this section, except a portion of moneys collected under this section may be used to supplant existing funding for these purposes in any county or city as follows: Up to fifty percent may be used to supplant existing funding in calendar year 2010; up to forty percent may be

used to supplant existing funding in calendar year 2011; up to thirty percent may be used to supplant existing funding in calendar year 2012; up to twenty percent may be used to supplant existing funding in calendar year 2013; and up to ten percent may be used to supplant existing funding in calendar year 2014.

(5) Nothing in this section may be interpreted to prohibit the use of moneys collected under this section for the replacement of lapsed federal funding previously provided for the operation or delivery of services and programs as provided in this section.

Sec. 3. RCW 82.14.340 and 1995 c 309 s 1 are each amended to read as follows:

(1) The legislative authority of any county may fix and impose a sales and use tax in accordance with the terms of this chapter, provided that such sales and use tax is subject to repeal by referendum, using the procedures provided in RCW 82.14.036. The referendum procedure provided in RCW 82.14.036 is the exclusive method for subjecting any county sales and use tax ordinance or resolution to a referendum vote.

(2) The tax authorized in this section ~~((shall be))~~ is in addition to any other taxes authorized by law and ~~((shall))~~ must be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within such county. The rate of tax ~~((shall))~~ equals one-tenth of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax).

(3) When distributing moneys collected under this section, the state treasurer ~~((shall))~~ must distribute ten percent of the moneys to the county in which the tax was collected. The remainder of the moneys collected under this section ~~((shall))~~ must be distributed to the county and the cities within the county ratably based on population as last determined by the office of financial management. In making the distribution based on population, the county ~~((shall))~~ must receive that proportion that the unincorporated population of the county bears to the total population of the county and each city ~~((shall))~~ must receive that proportion that the city incorporated population bears to the total county population.

(4) Moneys received from any tax imposed under this section ~~((shall))~~ must be expended ~~((exclusively))~~ for criminal justice purposes ~~((and shall not be used to replace or supplant existing funding))~~. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020.

~~((Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.))~~

(5) In the expenditure of funds for criminal justice purposes as provided in this section, cities and counties, or any combination thereof, are expressly authorized to participate in agreements, pursuant to chapter 39.34 RCW, to jointly expend funds for criminal justice purposes of mutual benefit. Such criminal justice purposes of mutual benefit include, but are not limited to, the construction, improvement, and expansion of jails, court facilities, ~~((and))~~ juvenile justice facilities, and services with ancillary benefits to the civil justice system.

(2)(a) "Value of the article used" ~~((shall be))~~ is the purchase price for the article of tangible personal property, the use of which is taxable under this chapter. The term also includes, in addition to the purchase price, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used ~~((shall be))~~ is determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules as the department may prescribe.

(b) In case the articles used are acquired by bailment, the value of the use of the articles so used ~~((shall))~~ must be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used ~~((shall be))~~ is determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules as the department of revenue may prescribe.

(c) In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than one hundred eighty days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used ~~((shall))~~ must be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW upon the full value of the article used, as defined in (a) of this subsection.

(d) In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used ~~((shall be))~~ is determined according to the value of the ingredients of such articles.

(e) In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used ~~((shall be))~~ is determined by: (i) The retail selling price of such new or improved product when first offered for sale; or (ii) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(f) In the case of an article purchased with a direct pay permit under RCW 82.32.087, the value of the article used ~~((shall be))~~ is determined by the purchase price of such article if, but for the use of the direct pay permit, the transaction would have been subject to sales tax;

(3) "Value of the service used" means the purchase price for the digital automated service or other service, the use of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value thereof, the value of the service used ~~((shall be))~~ is determined as nearly as possible according to the retail selling price at place of use of similar services of like quality and character under rules the department may prescribe;

(4) "Value of the extended warranty used" means the purchase price for the extended warranty, the use of which is taxable under this chapter. If the extended warranty is received by gift or under conditions wherein the purchase price does not represent the true value of the extended warranty, the value of the extended warranty used (~~shall be~~) is determined as nearly as possible according to the retail selling price at place of use of similar extended warranties of like quality and character under rules the department may prescribe;

(5) "Value of the digital good or digital code used" means the purchase price for the digital good or digital code, the use of which is taxable under this chapter. If the digital good or digital code is acquired other than by purchase, the value of the digital good or digital code must be determined as nearly as possible according to the retail selling price at place of use of similar digital goods or digital codes of like quality and character under rules the department may prescribe;

(6) "Use," "used," "using," or "put to use" have their ordinary meaning, and mean:

(a) With respect to tangible personal property, except for natural gas and manufactured gas, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption within this state;

(b) With respect to a service defined in RCW 82.04.050(2)(a), the first act within this state after the service has been performed by which the taxpayer takes or assumes dominion or control over the article of tangible personal property upon which the service was performed (as a consumer), and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(c) With respect to an extended warranty, the first act within this state after the extended warranty has been acquired by which the taxpayer takes or assumes dominion or control over the article of tangible personal property to which the extended warranty applies, and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(h) With respect to natural gas or manufactured gas, the use of which is taxable under RCW 82.12.022, including gas that is also taxable under the authority of RCW 82.14.230, the first act within this state by which the taxpayer consumes the gas by burning the gas or storing the gas in the taxpayer's own facilities for later consumption by the taxpayer;

(7) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW;

(8)(a)(i) Except as provided in (a)(ii) of this subsection (8), "retailer" means every seller as defined in RCW 82.08.010 and every person engaged in the business of selling tangible personal property at retail and every person required to collect from purchasers the tax imposed under this chapter.

(ii) "Retailer" does not include a professional employer organization when a covered employee coemployed with the client under the terms of a professional employer agreement engages in activities that constitute a sale of tangible personal property, extended warranty, digital good, digital code, or a sale of any digital automated service or service defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b) that is subject to the tax imposed by this chapter. In such cases, the client, and not the professional employer organization, is deemed to be the retailer and is responsible for collecting and remitting the tax imposed by this chapter.

(b) For the purposes of (a) of this subsection, the terms "client," "covered employee," "professional employer agreement," and "professional employer organization" have the same meanings as in RCW 82.04.540;

(9) "Extended warranty" has the same meaning as in RCW 82.04.050(7);

(10) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, (~~shall have~~) has full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, (~~shall~~) also means any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. (2) The tax (~~shall be~~) is imposed in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the tax on natural gas businesses under RCW 35.21.870 in the city in which the article is used. The "value of the article used," does not include any amounts that are paid for the hire or use of a natural gas business in transporting the gas subject to tax under this subsection if those amounts are subject to tax under RCW 35.21.870.

(3) The tax imposed under this section (~~shall~~) does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

(4) There (~~shall be~~) is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 35.21.870 by another (~~state~~) municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection; or

MESSAGE FROM THE SENATE

March 8, 2010

Mr. Speaker:

The Senate refuses to concur in the House amendment to ENGROSSED SUBSTITUTE SENATE BILL NO. 5902 and asks the House to recede therefrom, and the same is herewith transmitted.

Brad Hendrickson, Deputy Secretary

HOUSE AMENDMENT TO SENATE BILL

There being no objection, the House receded from its amendment. The rules were suspended and ENGROSSED SUBSTITUTE SENATE BILL NO. 5902 was returned to second reading for the purpose of amendment.

There being no objection, the House reverted to the sixth order of business.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 5902, by Senate Committee on Ways & Means (originally sponsored by Senators Pridemore, Fraser, McAuliffe, Kline, Kohl-Welles and McDermott)

Promoting accessible communities for persons with disabilities.

Representative Liias moved the adoption of amendment (1578).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that when people who have disabilities are welcomed and included as members of our communities and provided with equal access to the opportunities available to others, their participation enriches those communities, enhances the strength of those communities' diversity, and contributes toward the economic vitality of those communities. The legislature further finds that more than nine hundred thousand Washington state residents with disabilities continue to face barriers to full participation that could be easily eliminated.

NEW SECTION. Sec. 2. (1) The accessible communities account is created in the custody of the state treasurer. One hundred dollars of the assessment imposed under RCW 46.16.381 (7), (8), and (9) must be deposited into the account. Any reduction in the penalty or fine and assessment imposed under section 6 of this act shall be applied proportionally between the penalty or fine and the assessment.

(2) The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Only the commissioner may authorize expenditures from the account.

(3) Expenditures from the account may be used for promoting greater awareness of disability issues and improved access for and inclusion and acceptance of persons with disabilities in communities in the state of Washington, including:

(a) Reimbursing travel, per diem, and reasonable accommodation for county accessible community advisory committee meetings and committee sponsored activities including, but not limited to, supporting the involvement of people with disabilities and disability organization in emergency planning and emergency preparedness activities;

(b) Establishing and maintaining an accessible communities web site;

(c) Providing training or technical assistance for county accessible community advisory committees;

(d) A grant program for funding proposals developed and submitted by county accessible community advisory committees to promote greater awareness of disability issues and acceptance, inclusion, and access for persons with disabilities within the community;

(e) Reimbursing the state agency that provides administrative support to the governor's committee on disability issues and employment for costs associated with implementing this act; and

(f) Programming changes to the judicial information system accounting module required for disbursement of funds to this account.

NEW SECTION. Sec. 3. A new section is added to chapter 50.40 RCW to read as follows:

(1) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall:

(a) Determine eligibility of accessible community advisory committees for reimbursement or for grant funding according to section 4 of this act; and

(b) Solicit proposals from active accessible community advisory committees for projects to improve disability awareness and access for persons with disabilities, and shall select projects for funding from moneys available in the accessible communities account.

(2) The commissioner shall adopt rules to administer this section.

(3) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall establish an accessible communities web site to provide the following information: Guidance, technical assistance, reference materials, and resource identification for local governments, accessible community advisory committees, and public accommodations; examples of best practices for local initiatives and activities to promote greater awareness of disability issues and access for persons with disabilities within the community; and a searchable listing of local public accommodations that have taken steps to be more disability friendly, including information on the specific access features provided.

NEW SECTION. Sec. 4. A new section is added to chapter 36.01 RCW to read as follows:

(1) A county has the option to expand the scope of an advisory committee established and maintained under RCW 29A.46.260 to that of an accessible community advisory committee, or to create an accessible community advisory committee.

(2) A county that has an active accessible community advisory committee may be reimbursed within available funds from the accessible communities account created in section 2 of this act for travel, per diem, and reasonable accommodation expenses for the participation of that committee's members in committee meetings and sponsored activities.

(3) A county establishes that it has an active accessible community advisory committee by submitting biennial assurances to the governor's committee on disability issues and employment that:

(a) The decision to establish an accessible community advisory committee was made by the county legislative authority, or by agents or officers acting under that authority.

(b) If an accessible community advisory committee is established by expanding the advisory committee established and maintained under RCW 29A.46.260, the county auditor supports that expansion.

(c) Committee members include persons with a diverse range of disabilities who are knowledgeable in identifying and eliminating attitudinal, programmatic, communication, and physical barriers encountered by persons with disabilities.

(d) The committee is actively involved in the following activities: Advising on addressing the needs of persons with disabilities in emergency plans; advising the county and other local governments within the county on access to programs services and activities, new construction or renovation projects, sidewalks, other pedestrian routes of travel, and disability parking enforcement; and developing local initiatives and activities to promote greater awareness of disability issues, and acceptance, involvement, and access for persons with disabilities within the community.

(4) Counties may form joint accessible community advisory committees, as long as no more than one of the participating counties has a population greater than seventy thousand.

Sec. 5. RCW 29A.46.260 and 2006 c 207 s 7 are each amended to read as follows:

(1) The legislature finds that the elimination of polling places resulting from the transition to vote by mail creates barriers that restrict the ability of many voters with disabilities from achieving the independence and privacy in voting provided by the accessible voting devices required

under the help America vote act. Counties adopting a vote by mail system must take appropriate steps to mitigate these impacts and to address the obligation to provide voters with disabilities an equal opportunity to vote independently and privately, to the extent that this can be achieved without incurring undue administrative and financial burden.

(2) Each county shall establish and maintain an advisory committee that includes persons with diverse disabilities and persons with expertise in providing accommodations for persons with disabilities. The committee shall assist election officials in developing a plan to identify and implement changes to improve the accessibility of elections for voters with disabilities. The plan shall include recommendations for the following:

- (a) The number of polling places that will be maintained in order to ensure that people with disabilities have reasonable access to accessible voting devices, and a written explanation for how the determination was made;
- (b) The locations of polling places, drop-off facilities, voting centers, and other election-related functions necessary to maximize accessibility to persons with disabilities;
- (c) Outreach to voters with disabilities on the availability of disability accommodation, including in-person disability access voting;
- (d) Transportation of voting devices to locations convenient for voters with disabilities in order to ensure reasonable access for voters with disabilities; and
- (e) Implementation of the provisions of the help America vote act related to persons with disabilities.

Counties must update the plan at least annually. The election review staff of the secretary of state shall review and evaluate the plan in conformance with the review procedure identified in RCW 29A.04.570.

(3) Counties may form a joint advisory committee to develop the plan identified in subsection (2) of this section if ~~((the total population of the joining counties does not exceed thirty thousand, and the counties are geographically adjacent))~~ no more than one of the participating counties has a population greater than seventy thousand.

Sec. 6. RCW 46.16.381 and 2007 c 262 s 1 and 2007 c 44 s 1 are each reenacted and amended to read as follows:

(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk or involves acute sensitivity to light and meets one of the following criteria, as determined by a licensed physician, an advanced registered nurse practitioner licensed under chapter 18.79 RCW, or a physician assistant licensed under chapter 18.71A or 18.57A RCW:

- (a) Cannot walk two hundred feet without stopping to rest;
- (b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;
- (c) Has such a severe disability, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
- (d) Uses portable oxygen;
- (e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;
- (f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association;
- (g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician, advanced registered nurse practitioner, or physician assistant of the applicant shall document that the disability is comparable in severity to the others listed in this subsection;
- (h) Is legally blind and has limited mobility; or
- (i) Is restricted by a form of porphyria to the extent that the applicant would significantly benefit from a decrease in exposure to light.

(2) The applications for parking permits for persons with disabilities and parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's, advanced registered nurse practitioner's, or physician assistant's signature and immediately below the applicant's signature: "A parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility or involves acute sensitivity to light (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to \$5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued to all persons who are issued parking placards, including those issued for temporary disabilities, and special parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the person with disabilities. Instead of regular motor vehicle license plates, persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the name of the person with disabilities. Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or RCW 46.16.385 may park in places reserved for persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate

shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person's physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its database of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(7) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a ~~((traffic))~~ parking infraction with a monetary penalty of two hundred fifty dollars. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed.

(8) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to park in, block, or otherwise make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed. The clerk of the court shall report all violations related to this subsection to the department.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for persons with physical disabilities without a placard or special license plate issued under this section or RCW 46.16.385. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(10) ~~((The penalties))~~ (a) The assessment imposed under subsections (7), (8), and (9) of this section shall be allocated as follows:

(i) One hundred dollars shall be deposited in the accessible communities account created in section 2 of this act; and

(ii) One hundred dollars shall be deposited in the multimodal transportation account under RCW 47.66.070 for the sole purpose of supplementing a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation that is administered by the department of transportation.

(b) Any reduction in any penalty or fine and assessment imposed under subsections (7), (8), and (9) of this section shall be applied proportionally between the penalty or fine and the assessment. When a reduced penalty is imposed under subsection (7), (8), or (9) of this section, the amount deposited in the accounts identified in (a) of this subsection shall be reduced equally and proportionally.

(c) The penalty or fine amounts shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(11) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(12)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(13) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves persons having disabilities or disabling diseases; or

(b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(14) The court may not suspend more than one-half of any fine imposed under subsection (7), (8), (9), or (11) of this section.

(15) For the purposes of this section, "legally blind" means a person who: (a) Has no vision or whose vision with corrective lenses is so limited that the individual requires alternative methods or skills to do efficiently those things that are ordinarily done with sight by individuals with normal vision; or (b) has an eye condition of a progressive nature which may lead to blindness.

Sec. 7. RCW 43.79A.040 and 2009 c 87 s 4 are each amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

Sec. 2. RCW 48.43.035 and 2004 c 244 s 4 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

- (a) Nonpayment of premium;
- (b) Violation of published policies of the carrier approved by the insurance commissioner;
- (c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
- (d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;
- (e) Covered persons committing fraudulent acts as to the carrier;
- (f) Covered persons who materially breach the health plan; or
- (g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:

- (a) A carrier has zero enrollment on a product;
- (b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product;
- (c) No sooner than January 1, 2005, a carrier discontinues offering a particular type of health benefit plan offered for groups of up to two hundred if: (i) The carrier provides notice to each group of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll, with regard to small employer groups, in any other small employer group plan, or with regard to groups of up to two hundred, in any other applicable group plan, currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage;

(d) A carrier discontinues offering all health coverage in the small group market or for groups of up to two hundred, or both markets, in the state and discontinues coverage under all existing group health benefit plans in the applicable market involved if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all such existing health benefit plans; and (ii) the carrier provides notice to each covered group of the intent to discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this state in the applicable group market involved for a five-year period beginning on the date of the discontinuation of the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or

(e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

((6) Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to a group of one only if: (a) The carrier continues to offer any other small employer group plan in which the group of one was eligible to enroll on the day prior to June 10, 2004; and (b) the person continues to qualify as a group of one under the criteria in place on the day prior to June 10, 2004.))

(2) "Provider" means any health professional, hospital, or other institution, organization, or person that furnishes health care services and is licensed to furnish such services.

(3) "Health care service contractor" means any corporation, cooperative group, or association, which is sponsored by or otherwise intimately connected with a provider or group of providers, who or which not otherwise being engaged in the insurance business, accepts prepayment for health care services from or for the benefit of persons or groups of persons as consideration for providing such persons with any health care services. "Health care service contractor" does not include direct patient-provider primary care practices as defined in RCW 48.150.010.

(4) "Participating provider" means a provider, who or which has contracted in writing with a health care service contractor to accept payment from and to look solely to such contractor according to the terms of the subscriber contract for any health care services rendered to a person who has previously paid, or on whose behalf prepayment has been made, to such contractor for such services.

(5) "Enrolled participant" means a person or group of persons who have entered into a contractual arrangement or on whose behalf a contractual arrangement has been entered into with a health care service contractor to receive health care services.

(6) "Commissioner" means the insurance commissioner.

(7) "Uncovered expenditures" means the costs to the health care service contractor for health care services that are the obligation of the health care service contractor for which an enrolled participant would also be liable in the event of the health care service contractor's insolvency and for which no alternative arrangements have been made as provided herein. The term does not include expenditures for covered services when a provider has agreed not to bill the enrolled participant even though the provider is not paid by the health care service contractor, or for services that are guaranteed, insured or assumed by a person or organization other than the health care service contractor.

(8) "Copayment" means an amount specified in a group or individual contract which is an obligation of an enrolled participant for a specific service which is not fully prepaid.

(9) "Deductible" means the amount an enrolled participant is responsible to pay before the health care service contractor begins to pay the costs associated with treatment.

(10) "Group contract" means a contract for health care services which by its terms limits eligibility to members of a specific group. The group contract may include coverage for dependents.

(11) "Individual contract" means a contract for health care services issued to and covering an individual. An individual contract may include dependents.

(12) "Carrier" means a health maintenance organization, an insurer, a health care service contractor, or other entity responsible for the payment of benefits or provision of services under a group or individual contract.

(13) "Replacement coverage" means the benefits provided by a succeeding carrier.

(14) "Insolvent" or "insolvency" means that the organization has been declared insolvent and is placed under an order of liquidation by a court of competent jurisdiction.

(15) "Fully subordinated debt" means those debts that meet the requirements of RCW 48.44.037(3) and are recorded as equity.

(16) "Net worth" means the excess of total admitted assets as defined in RCW 48.12.010 over total liabilities but the liabilities shall not include fully subordinated debt.

(17) "Census date" means the date upon which a health care services contractor offering coverage to a small employer must base rate calculations. For a small employer applying for a health benefit plan through a contractor other than its current contractor, the census date is the date that final group composition is received by the contractor. For a small employer that is renewing its health benefit plan through its existing contractor, the census date is ninety days prior to the effective date of the renewal.

Sec. 4. RCW 48.44.023 and 2009 c 131 s 2 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer's claim history when making a determination regarding whether the employer's wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer's request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) On the census date, as defined in RCW 48.44.010, rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, and differences in census date between new and renewal groups, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(k) If the rate developed under this section varies the adjusted community rate for the factors listed in (a) of this subsection, the date for determining those factors must be no more than ninety days prior to the effective date of the health benefit plan.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

The term does not include expenditures for covered services when a provider has agreed not to bill the enrolled participant even though the provider is not paid by the health maintenance organization, or for services that are guaranteed, insured, or assumed by a person or organization other than the health maintenance organization.

(15) "Copayment" means an amount specified in a subscriber agreement which is an obligation of an enrolled participant for a specific service which is not fully prepaid.

(16) "Deductible" means the amount an enrolled participant is responsible to pay out-of-pocket before the health maintenance organization begins to pay the costs associated with treatment.

(17) "Fully subordinated debt" means those debts that meet the requirements of RCW 48.46.235(3) and are recorded as equity.

(18) "Net worth" means the excess of total admitted assets as defined in RCW 48.12.010 over total liabilities but the liabilities shall not include fully subordinated debt.

(19) "Participating provider" means a provider as defined in subsection (9) of this section who contracts with the health maintenance organization or with its contractor or subcontractor and has agreed to provide health care services to enrolled participants with an expectation of receiving payment, other than copayment or deductible, directly or indirectly, from the health maintenance organization.

(20) "Carrier" means a health maintenance organization, an insurer, a health care services contractor, or other entity responsible for the payment of benefits or provision of services under a group or individual agreement.

(21) "Replacement coverage" means the benefits provided by a succeeding carrier.

(22) "Insolvent" or "insolvency" means that the organization has been declared insolvent and is placed under an order of liquidation by a court of competent jurisdiction.

(23) "Census date" means the date upon which a health maintenance organization offering coverage to a small employer must base rate calculations. For a small employer applying for a health benefit plan through a health maintenance organization other than its current health maintenance organization, the census date is the date that final group composition is received by the health maintenance organization. For a small employer that is renewing its health benefit plan through its existing health maintenance organization, the census date is ninety days prior to the effective date of the renewal.

Sec. 6. RCW 48.46.066 and 2009 c 131 s 3 are each amended to read as follows:

(1)(a) A health maintenance organization offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a health maintenance organization from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A health maintenance organization offering a health benefit plan under this subsection shall clearly disclose all the covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530.

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer's claim history when making a determination regarding whether the employer's wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer's request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) On the census date, as defined in RCW 48.46.020, rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, and differences in census date between new and renewal groups, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(k) If the rate developed under this section varies the adjusted community rate for the factors listed in (a) of this subsection, the date for determining those factors must be no more than ninety days prior to the effective date of the health benefit plan.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 7. RCW 48.21.045 and 2009 c 131 s 1 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

MESSAGE FROM THE SENATE

March 8, 2010

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2935 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is the intent of the legislature to reduce and consolidate the number of state boards that conduct administrative review of environmental and land use decisions and to make more uniform the timelines for filing appeals with such boards. The legislature intends to eliminate the hydraulics appeals board and the forest practices appeals board by transferring their duties to the pollution control hearings board. The legislature further intends to eliminate certain preliminary informal appeals heard internally by agencies. The legislature also intends to consolidate administratively and physically collocate the growth management hearings boards into the environmental and land use hearings office by July 1, 2011.

(2) Not later than July 1, 2012, the growth management hearings board consists of seven members qualified by experience or training in matters pertaining to land use law or land use planning, except that the governor may reduce the board to six members if warranted by the board's caseload. All board members must be appointed by the governor, two each residing respectively in the central Puget Sound, eastern Washington, and western Washington regions and shall continue to meet the qualifications set out in RCW 36.70A.260. The reduction from seven board members to six board members must be made through attrition, voluntary resignation, or retirement.

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may ~~((appoint))~~ use one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners ~~((selected))~~ used by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

Each county and city preparing a comprehensive solid waste management plan shall submit a preliminary draft plan to the department for technical review. The department shall review and comment on the draft plan within one hundred twenty days of receipt. The department's comments shall state specific actions or revisions that must be completed for plan approval.

(2) Each final draft solid waste management plan shall be submitted to the department for approval. The department will limit its comments on the final draft plans to those issues identified during its review of the draft plan and any other changes made between submittal of the preliminary draft and final draft plans. Disapproval of the local comprehensive solid waste management plan shall be supported by specific findings. A final draft plan shall be deemed approved if the department does not disapprove it within forty-five days of receipt.

(3) If the department disapproves a plan or any plan amendments, the submitting entity may appeal the decision ~~((under the procedures of Part IV of chapter 34.05 RCW. An administrative law judge shall preside over the appeal))~~ to the pollution control hearings board as provided in RCW 43.21B.230. The appeal shall be limited to review of the specific findings which supported the disapproval under subsection (2) of this section.

(1) Prior to issuing a forest health hazard warning or forest health hazard order, the commissioner shall consider the findings and recommendations of the forest health technical advisory committee and shall consult with county government officials, forest landowners and forest land managers, consulting foresters, and other interested parties to gather information on the threat, opportunities or constraints on treatment options, and other information they may provide. The commissioner, or a designee, shall conduct a public hearing in a county within the geographical area being considered.

(2) The commissioner of public lands may issue a forest health hazard warning when he or she deems such action is necessary to manage the development of a threat to forest health or address an existing threat to forest health. A decision to issue a forest health hazard warning may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has or is likely to (i) spread to multiple forest ownerships and cause extensive damage to forests; or (ii) significantly increase forest fuel that is likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause, there are (i) insect populations building up to large scale levels; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire; or

(c) When otherwise determined by the commissioner to be appropriate.

(3) The commissioner of public lands may issue a forest health hazard order when he or she deems such action is necessary to address a significant threat to forest health. A decision to issue a forest health hazard order may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has (i) spread to multiple forest ownerships and has caused and is likely to continue to cause extensive damage to forests; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause (i) insect populations are causing extensive damage to forests; or (ii) significantly increased forest fuels are likely to further the spread of uncharacteristic fire;

(c) Insufficient landowner action under a forest health hazard warning; or

(d) When otherwise determined by the commissioner to be appropriate.

(4) A forest health hazard warning or forest health hazard order shall be issued by use of a commissioner's order. General notice of the commissioner's order shall be published in a newspaper of general circulation in each county within the area covered by the order and on the department's web site. The order shall specify the boundaries of the area affected, including federal and tribal lands, the forest stand conditions that would make a parcel subject to the provisions of the order, and the actions landowners or land managers should take to reduce the hazard.

(5) Written notice of a forest health hazard warning or forest health hazard order shall be provided to forest landowners of specifically affected property.

(a) The notice shall set forth:

(i) The reasons for the action;

(ii) The boundaries of the area affected, including federal and tribal lands;

(iii) Suggested actions that should be taken by the forest landowner under a forest health hazard warning or the actions that must be taken by a forest landowner under a forest health hazard order;

(iv) The time within which such actions should or must be taken;

(v) How to obtain information or technical assistance on forest health conditions and treatment options;

(vi) The right to request mitigation under subsection (6) of this section and appeal under subsection (7) of this section;

(vii) These requirements are advisory only for federal and tribal lands.

(b) The notice shall be served by personal service or by mail to the latest recorded real property owner, as shown by the records of the county recording officer as defined in RCW 65.08.060. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

(6) Forest landowners who have been issued a forest health hazard order under subsection (5) of this section may apply to the department for the remission or mitigation of such order. The application shall be made to the department within fifteen days after notice of the order has been served. Upon receipt of the application, the department may remit or mitigate the order upon whatever terms the department in its discretion deems proper, provided the department deems the remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department may ascertain the facts regarding all such applications in such reasonable manner and under such rule as it deems proper.

(7) Forest landowners who have been issued a forest health hazard order under subsection (5) of this section may appeal the order to the ~~((forest practices appeals))~~ pollution control hearings board.

~~((#))~~ The appeal shall be filed within thirty days after notice of the order has been served, unless application for mitigation has been made to the department. When such an application for mitigation is made, such appeal shall be filed within thirty days after notice of the disposition of the application for mitigation has been served as provided in RCW 43.21B.230.

~~((b))~~ The appeal must set forth:

(i) The name and mailing address of the appellant;

(ii) The name and mailing address of the appellant's attorney, if any;

(iii) A duplicate copy of the forest health hazard order;

(iv) A separate and concise statement of each error alleged to have been committed;

(v) A concise statement of facts upon which the appellant relies to sustain the statement of error; and

(vi) A statement of the relief requested.)

(8) A forest health hazard order issued under subsection (5) of this section is effective thirty days after date of service unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, the order is effective thirty days after notice setting forth the disposition of the application is served unless an appeal is filed from such disposition. Whenever an appeal of the order is filed, the order shall become effective only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the order in whole or in part.

(9) Upon written request, the department may certify as adequate a forest health management plan developed by a forest landowner, before or in response to a forest health hazard warning or forest health hazard order, if the plan is likely to achieve the desired result and the terms of the plan are being diligently followed by the forest landowner. The certification of adequacy shall be determined by the department in its sole discretion, and be provided to the requestor in writing.

Sec. 19. RCW 76.09.020 and 2009 c 354 s 5 and 2009 c 246 s 4 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Appeals board" means the ~~((forest practices appeals))~~ pollution control hearings board created by RCW ~~((76.09.210))~~ 43.21B.010.

(3) "Application" means the application required pursuant to RCW 76.09.050.

(4) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspidomorphi and Osteichthyes identified in the forests and fish report, the Columbia torrent salamander (*Rhyacotriton kezeri*), the Cascade torrent salamander (*Rhyacotriton cascadae*), the Olympic torrent salamander (*Rhyacotriton olympian*), the Dunn's salamander (*Plethodon dunni*), the Van Dyke's salamander (*Plethodon vandyke*), the tailed frog (*Ascaphus truei*), and their respective habitats.

(5) "Board" means the forest practices board created in RCW 76.09.030.

(6) "Commissioner" means the commissioner of public lands.

(11) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and

(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

(12) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner. However, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

(13) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(e) Fertilization;

(f) Prevention and suppression of diseases and insects;

(g) Salvage of trees; and

(h) Brush control.

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(14) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

(15) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(16) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(17) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

(18) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

(19) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

(20) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

(21) "Small forest landowner" has the same meaning as defined in RCW 76.09.450.

(22) "Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(23) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

(24) "Unconfined channel migration zone" means the area within which the active channel of an unconfined stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(25) "Unconfined stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex floodplain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

(26) "Date of receipt" has the same meaning as defined in RCW 43.21B.001.

Sec. 20. RCW 76.09.050 and 2005 c 146 s 1003 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

- (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;
- (b) Which require approvals under the provisions of the hydraulics act, RCW 77.55.021;
- (c) Within "shorelines of the state" as defined in RCW 90.58.030;
- (d) Excluded from Class II by the board; or
- (e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, (d) involving timber harvesting or road construction on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides: (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or (ii) a conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific

manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in (~~RCW 76.09.220(8)~~) section 24 of this act. In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.

Sec. 21. RCW 76.09.080 and 1989 c 175 s 163 are each amended to read as follows:

(1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:

(a) There is any violation of the provisions of this chapter or the forest practices regulations; or

(b) There is a deviation from the approved application; or

(c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(2) The stop work order shall set forth:

(a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;

(b) An order to stop all work connected with the violation, deviation, damage, or potential damage;

(c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and

(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner, or forest land owner may commence an appeal to the appeals board within (~~fifteen~~) thirty days (~~(after service upon)~~) from the date of receipt of the order by the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be an adjudicative proceeding within the meaning of chapter 34.05 RCW, the administrative procedure act. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding.

Sec. 22. RCW 76.09.090 and 1975 1st ex.s. c 200 s 6 are each amended to read as follows:

If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator or land owner a notice, which shall clearly set forth:

(1)(a) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or

- (b) The relevant provisions of this chapter or of the forest practice regulations relating thereto;
- (2) The right of the operator or land owner to a hearing before the department; and
- (3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which resulted from any violation, unauthorized deviation, or wilful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.

The department shall mail a copy thereof to the forest land owner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. Such notice to comply shall become a final order of the department: PROVIDED, That no direct appeal to the appeals board will be allowed from such final order. Such operator shall undertake the course of action so ordered by the department unless, within fifteen days after the date of service of such notice to comply, the operator, forest land owner, or timber owner, shall request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than twenty days after receiving such request. Within ten days after such hearing, the department shall issue a final order either withdrawing its notice to comply or clearly setting forth the specific course of action to be followed by such operator. Such operator shall undertake the course of action so ordered by the department unless within thirty days after the date of receipt of such final order, the operator, forest land owner, or timber owner appeals such final order to the appeals board.

No person shall be under any obligation under this section to prevent, correct, or compensate for any damage to public resources which occurs more than one year after the date of completion of the forest practices operations involved exclusive of reforestation, unless such forest practices were not conducted in accordance with forest practices rules and regulations: PROVIDED, That this provision shall not relieve the forest land owner from any obligation to comply with forest practices rules and regulations pertaining to providing continuing road maintenance. No action to recover damages shall be taken under this section more than two years after the date the damage involved occurs.

Sec. 23. RCW 76.09.170 and 1999 sp.s. c 4 s 803 are each amended to read as follows:

(1) Every person who violates any provision of RCW 76.09.010 through 76.09.280 or of the forest practices rules, or who converts forest land to a use other than commercial timber operation within three years after completion of the forest practice without the consent of the county, city, or town, shall be subject to a penalty in an amount of not more than ten thousand dollars for every such violation. Each and every such violation shall be a separate and distinct offense. In case of a failure to comply with a stop work order, every day's continuance shall be a separate and distinct violation. Every person who through an act of commission or omission procures, aids or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty in this section. No penalty shall be imposed under this section upon any governmental official, an employee of any governmental department, agency, or entity, or a member of any board or advisory committee created by this chapter for any act or omission in his or her duties in the administration of this chapter or of any rule adopted under this chapter.

(2) The department shall develop and recommend to the board a penalty schedule to determine the amount to be imposed under this section. The board shall adopt by rule, pursuant to chapter 34.05 RCW, such penalty schedule to be effective no later than January 1, 1994. The schedule shall be developed in consideration of the following:

- (a) Previous violation history;
- (b) Severity of the impact on public resources;
- (c) Whether the violation of this chapter or its rules was intentional;
- (d) Cooperation with the department;
- (e) Repairability of the adverse effect from the violation; and
- (f) The extent to which a penalty to be imposed on a forest landowner for a forest practice violation committed by another should be reduced because the owner was unaware of the violation and has not received substantial economic benefits from the violation.

(3) The penalty in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rule as it may deem proper.

(4) Any person incurring a penalty under this section may appeal the penalty to the ~~((forest practices))~~ appeals board. Such appeals shall be filed within thirty days ~~((of))~~ after the date of receipt of ~~((notice imposing any))~~ the penalty unless an application for remission or mitigation is made to the department. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application for remission or mitigation.

(5) The penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred under this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of the penalty incurred is filed, the penalty shall become due and payable only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

(6) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty, interest, costs, and attorneys' fees. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter ~~((provided))~~. In addition to or as an alternative to seeking enforcement of penalties in superior court, the department may bring an action in district court as provided in Title 3 RCW, to collect penalties, interest, costs, and attorneys' fees.

(7) Penalties imposed under this section for violations associated with a conversion to a use other than commercial timber operation shall be a lien upon the real property of the person assessed the penalty and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics' liens.

(8) Any person incurring a penalty imposed under this section is also responsible for the payment of all costs and attorneys' fees incurred in connection with the penalty and interest accruing on the unpaid penalty amount.

NEW SECTION. Sec. 24. A new section is added to chapter 76.09 RCW to read as follows:

A person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may seek review from the appeals board by filing a request for the same within thirty days from the date of receipt of the decision. Concurrently with the filing of any request for review with the appeals board as provided in this section, the requestor must file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

Sec. 25. RCW 76.09.310 and 1987 c 95 s 4 are each amended to read as follows:

(1) The department shall send a notice to all forest landowners, both public and private, within the geographic area selected for review, stating that the department intends to study the area as part of the hazard-reduction program.

(2) The department shall prepare a proposed plan for each geographic area studied. The department shall provide the proposed plan to affected landowners, Indian tribes, interested parties, and to the advisory committee, if established pursuant to RCW 76.09.305.

(3) Any aggrieved landowners, agencies, tribes, and other persons who object to any or all of the proposed hazard-reduction plan may, within thirty days of issuance of the plan, request the department in writing to schedule a conference. If so requested, the department shall schedule a conference on a date not more than thirty days after receiving such request.

(4) Within ten days after such a conference, the department shall either amend the proposed plan or respond in writing indicating why the objections were not incorporated into the plan.

(5) Within one hundred twenty days following the issuance of the proposed plan as provided in subsection (2) of this section, the department shall distribute a final hazard-reduction plan designating those sites for which hazard-reduction measures are recommended and those sites where no action is recommended. For each hazard-reduction measure recommended, a description of the work and cost estimate shall be provided.

(6) Any aggrieved landowners, agencies, tribes, and other persons are entitled to appeal the final hazard-reduction plan to the ((forest practices)) appeals board if, within thirty days of the issuance of the final plan, the party transmits a notice of appeal to the ((forest practices)) appeals board and to the department.

(7) A landowner's failure to object to the recommendations or to appeal the final hazard-reduction plan shall not be deemed an admission that the hazard-reduction recommendations are appropriate.

(8) The department shall provide a copy of the final hazard-reduction plan to the department of ecology and to each affected county.

Sec. 26. RCW 77.55.011 and 2009 c 549 s 1028 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water runoff devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered artificially.

(2) "Board" means the ((hydraulic appeals)) pollution control hearings board created in chapter 43.21B RCW ((77.55.304)).

(3) "Commission" means the state fish and wildlife commission.

(4) "Department" means the department of fish and wildlife.

(5) "Director" means the director of the department of fish and wildlife.

(6) "Emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(10) "Marine terminal" means a public or private commercial wharf located in the navigable water of the state and used, or intended to be used, as a port or facility for the storing, handling, transferring, or transporting of goods to and from vessels.

(11) "Ordinary high water line" means the mark on the shores of all water that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in ordinary years as to mark upon the soil or vegetation a character distinct from the abutting upland. Provided, that in any area where the ordinary high water line cannot be found, the ordinary high water line adjoining saltwater is the line of mean higher high water and the ordinary high water line adjoining fresh water is the elevation of the mean annual flood.

(12) "Permit" means a hydraulic project approval permit issued under this chapter.

Sec. 27. RCW 77.55.021 and 2008 c 272 s 1 are each amended to read as follows:

(1) Except as provided in RCW 77.55.031, 77.55.051, and 77.55.041, in the event that any person or government agency desires to undertake a hydraulic project, the person or government agency shall, before commencing work thereon, secure the approval of the department in the form of a permit as to the adequacy of the means proposed for the protection of fish life.

(2) A complete written application for a permit may be submitted in person or by registered mail and must contain the following:

- (a) General plans for the overall project;
- (b) Complete plans and specifications of the proposed construction or work within the mean higher high water line in saltwater or within the ordinary high water line in freshwater;
- (c) Complete plans and specifications for the proper protection of fish life; and
- (d) Notice of compliance with any applicable requirements of the state environmental policy act, unless otherwise provided for in this chapter.

(3)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned. Except as provided in this subsection and subsections (8), (10), and (12) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection;

(iii) The applicant requests a delay; or

(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(c) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

(4) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life.

~~(a) Except as provided in (b) of this subsection, issuance, denial, conditioning, or modification of a permit shall be appealable to ((the department or) the board ((as specified in RCW 77.55.301)) within thirty days from the date of receipt of the ((notice of) decision as provided in RCW 43.21B.230.~~

(b) Issuance, denial, conditioning, or modification of a permit may be informally appealed to the department within thirty days from the date of receipt of the decision. Requests for informal appeals must be filed in the form and manner prescribed by the department by rule. A permit decision that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(5)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for a period of up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(6) The department may, after consultation with the permittee, modify a permit due to changed conditions. The modification ((becomes effective unless appealed to the department or the board as specified in RCW 77.55.301 within thirty days from the notice of the proposed modification)) is appealable as provided in subsection (4) of this section. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(7) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request. A decision by the department ~~((may be appealed to the board within thirty days of the notice of the decision))~~ is appealable as provided in subsection (4) of this section. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(8)(a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, oral approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency oral permit must be established by the department and reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(9) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

(10) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days

from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(11)(a) For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department shall issue a permit, upon request, for work necessary to abate the chronic danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and (3) of this section.

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

(12) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

Sec. 28. RCW 77.55.141 and 2005 c 146 s 501 are each amended to read as follows:

(1) In order to protect the property of marine waterfront shoreline owners it is necessary to facilitate issuance of permits for bulkheads or rockwalls under certain conditions.

(2) The department shall issue a permit with or without conditions within forty-five days of receipt of a complete and accurate application which authorizes commencement of construction, replacement, or repair of a marine beach front protective bulkhead or rockwall for single-family type residences or property under the following conditions:

(a) The waterward face of a new bulkhead or rockwall shall be located only as far waterward as is necessary to excavate for footings or place base rock for the structure and under no conditions shall be located more than six feet waterward of the ordinary high water line;

(b) Any bulkhead or rockwall to replace or repair an existing bulkhead or rockwall shall be placed along the same alignment as the bulkhead or rockwall it is replacing. However, the replaced or repaired bulkhead or rockwall may be placed waterward of and directly abutting the existing structure only in cases where removal of the existing bulkhead or rockwall would result in environmental degradation or removal problems related to geological, engineering, or safety considerations; and

(c) Construction of a new bulkhead or rockwall, or replacement or repair of an existing bulkhead or rockwall waterward of the existing structure shall not result in the permanent loss of critical food fish or shellfish habitats; and

(d) Timing constraints shall be applied on a case-by-case basis for the protection of critical habitats, including but not limited to migration corridors, rearing and feeding areas, and spawning habitats, for the proper protection of fish life.

(3) Any bulkhead or rockwall construction, replacement, or repair not meeting the conditions in this section shall be processed under this chapter in the same manner as any other application.

(4) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may ~~((formally))~~ appeal the decision ~~((to the board pursuant to this chapter))~~ as provided in RCW 77.55.021(4).

Sec. 29. RCW 77.55.181 and 2005 c 146 s 505 are each amended to read as follows:

(1) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under (a) and (b) of this subsection:

(a) A fish habitat enhancement project must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made fish passage barriers, including culvert repair and replacement;

(ii) Restoration of an eroded or unstable streambank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety; and

(b) A fish habitat enhancement project must be approved in one of the following ways:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration; and

(vii) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts. Within forty-five days, the department

shall either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(b) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may ~~((formally))~~ appeal the decision ~~((to the board pursuant to the provisions of this chapter))~~ as provided in RCW 77.55.021(4).

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section.

Sec. 30. RCW 77.55.241 and 2005 c 146 s 602 are each amended to read as follows:

(1) The legislature finds that the construction of hydraulic projects may require mitigation for the protection of fish life, and that the mitigation may be most cost-effective and provide the most benefit to the fish resource if the mitigation is allowed to be applied in locations that are off-site of the hydraulic project location. The department may approve off-site mitigation plans that are submitted by permit applicants.

(2) If a permit applicant proposes off-site mitigation and the department does not approve the permit or conditions the permit in such a manner as to render off-site mitigation unpracticable, the project proponent ~~((must be given the opportunity to submit the permit application to the board for approval))~~ may appeal the decision as provided in RCW 77.55.021(4).

Sec. 31. RCW 77.55.291 and 2005 c 146 s 701 are each amended to read as follows:

(1) The department may levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 77.55.021. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director or the director's designee describing the violation.

(2)(a) ~~Except as provided in (b) of this subsection, any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the ((director)) board.~~ Appeals shall be filed within thirty days from the date of receipt of ~~((notice imposing any))~~ the penalty in accordance with RCW 43.21B.230.

(b) Issuance of a civil penalty may be informally appealed to the department within thirty days from the date of receipt of the penalty. Requests for informal appeal must be filed in the form and manner prescribed by the department by rule. A civil penalty that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(3) The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

Sec. 32. RCW 78.44.270 and 1993 c 518 s 35 are each amended to read as follows:

~~((Appeals from))~~ Department determinations under this chapter ~~((shall be made as follows:~~

Appeals from department determinations made under this chapter shall be made under the provisions of the Administrative Procedure Act (chapter 34.05 RCW), and shall be considered an adjudicative proceeding within the meaning of the Administrative Procedure Act, chapter 34.05 RCW) may be appealed to the pollution control hearings board as provided in RCW 43.21B.230. Only a person aggrieved within the meaning of RCW 34.05.530 has standing and can file an appeal.

Sec. 33. RCW 78.44.380 and 2007 c 192 s 3 are each amended to read as follows:

(1) The department may issue an order to stop all surface mining to any permit holder, miner, or other person who authorizes, directs, or conducts such activities without a valid surface mine reclamation permit. This order is effective upon issuance unless otherwise stated in the order. Administrative appeal of the order to stop work does not stay the stop work requirement. The department shall notify the local jurisdiction of record when a stop work order has been issued for operating without a valid reclamation permit.

(2) The department may issue an order to stop surface mining occurring outside of any permit area to a permit holder that does not have a legal right to occupy the affected area. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

(3) Where a permit holder is conducting surface mining activities outside of its permit boundary, but within land that it has the right to occupy, the department may issue an order to stop surface mining or mining-related activities occurring outside of the authorized area after the permit holder fails to comply with a notice of correction. The notice of correction must specify the corrections necessary as per the violation and provide a reasonable time to do so. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

(4) Stop work orders must be in writing, delivered by United States certified mail with return receipt requested, facsimile, or by hand to the permit holder of record. The order must state the facts supporting the violation, the law being violated, and the specific activities being stopped. Stop work orders must be signed by the state geologist or an assistant state geologist. The ~~((department))~~ pollution control hearings board shall proceed as quickly as feasible to complete any requested adjudicative proceedings unless the parties stipulate to an appeal timeline or the department's stop work order states that it is not effective until after the administrative review process. If the recipient appeals the order, the recipient may file a motion for stay with the presiding officer, which will be reviewed under ~~((preliminary injunction standards))~~ RCW 43.21B.320.

Sec. 34. RCW 79.100.120 and 2006 c 153 s 5 are each amended to read as follows:

(1) A person seeking to contest an authorized public entity's decision to take temporary possession or custody of a vessel under this chapter, or to contest the amount of reimbursement owed to an authorized public entity under this chapter, may request a hearing in accordance with this section.

(2)(a) If the contested decision or action was undertaken by a state agency, a written request for a hearing related to the decision or action must be filed with the ~~((aquatic resources division of the department))~~ pollution control hearings board and served on the state agency in accordance with RCW 43.21B.230 (2) and (3) within ((twenty)) thirty days of the date the authorized public entity acquires custody of the vessel

under RCW 79.100.040, or if the vessel is redeemed before the authorized public entity acquires custody, the date of redemption, or the right to a hearing is deemed waived and the vessel's owner is liable for any costs owed the authorized public entity. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(b) Upon receipt of a timely hearing request, the ~~((department))~~ pollution control hearings board shall proceed to hear and determine the validity of the decision to take the vessel into temporary possession or custody and the reasonableness of any towing, storage, or other charges permitted under this chapter. Within five business days after the request for a hearing is filed, the ~~((department))~~ pollution control hearings board shall notify the vessel owner requesting the hearing and the authorized public entity of the date, time, and location for the hearing. Unless the vessel is redeemed before the request for hearing is filed, the ~~((department))~~ pollution control hearings board shall set the hearing on a date that is within ten business days of the filing of the request for hearing. If the vessel is redeemed before the request for a hearing is filed, the ~~((department))~~ pollution control hearings board shall set the hearing on a date that is within sixty days of the filing of the request for hearing. A proceeding brought under this subsection may be heard by one member of the pollution control hearings board, whose decision is the final decision of the board.

(3)(a) If the contested decision or action was undertaken by a metropolitan park district, port district, city, town, or county, which has adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, those rules or procedures must be followed in order to contest a decision to take temporary possession or custody of a vessel, or to contest the amount of reimbursement owed.

(b) If the metropolitan park district, port district, city, town, or county has not adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, then a person requesting a hearing under this section must follow the procedure established in RCW 53.08.320(5) for contesting the decisions or actions of moorage facility operators.

Sec. 35. RCW 84.33.0775 and 1999 sp.s. c 5 s 1 are each amended to read as follows:

(1) A taxpayer is allowed a credit against the tax imposed under RCW 84.33.041 for timber harvested on and after January 1, 2000, under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(2)(a) For a person other than a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by eight-tenths of one percent.

(b) For a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to sixteen percent of the tax imposed under this chapter.

(c) The amount of credit claimed by a taxpayer under this section shall be reduced by the amount of any compensation received from the federal government for reduced timber harvest due to enhanced aquatic resource requirements. If the amount of compensation from the federal government exceeds the amount of credit available to a taxpayer in any reporting period, the excess shall be carried forward and applied against credits in future reporting periods. This subsection does not apply to small harvesters as defined in RCW 84.33.073.

(d) Refunds may not be given in place of credits. Credit may not be claimed in excess of tax owed. The department of revenue shall disallow any credits, used or unused, upon written notification from the department of natural resources of a final decision that timber for which credit was claimed was not harvested under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(3) As used in this section, a forest ~~((practice(s)))~~ practices notification or application is subject to enhanced aquatic resource requirements if it includes, in whole or in part, riparian area, wetland, or steep or unstable slope from which the operator is limited, by rule adopted under RCW 76.09.055, 34.05.090, 43.21C.250, and 76.09.370, or any federally approved habitat conservation plan or department of natural resources approved watershed analysis, from harvesting timber, or if a road is included within or adjacent to the area covered by such notification or application and the road is covered by a road maintenance plan approved by the department of natural resources under rules adopted under chapter 76.09 RCW, the forest practices act, or a federally approved habitat conservation plan.

(4) For forest practices notification or applications submitted after January 1, 2000, the department of natural resources shall indicate whether the notification or application is subject to enhanced aquatic resource requirements and, unless notified of a contrary determination by the ~~((forest practices appeals board))~~ pollution control hearings board, the department of revenue shall use such indication in determining the credit to be allowed against the tax assessed under RCW 84.33.041. The department of natural resources shall develop revisions to the form of the forest practices notifications and applications to provide a space for the applicant to indicate and the department of natural resources to confirm or not confirm, whether the notification or application is subject to enhanced aquatic resource requirements. For forest practices notifications or applications submitted before January 1, 2000, the applicant may submit the approved notification or application to the department of natural resources for confirmation that the notification or application is subject to enhanced aquatic resource requirements. Upon any such submission, the department of natural resources will within thirty days confirm or deny that the notification or application is subject to enhanced aquatic resource requirements and will forward separate evidence of each confirmation to the department of revenue. Unless notified of a contrary ruling by the ~~((forest practices appeals board))~~ pollution control hearings board, the department of revenue shall use the separate confirmations in determining the credit to be allowed against the tax assessed under RCW 84.33.041.

(5) A refusal by the department of natural resources to confirm that a notification or application is subject to enhanced aquatic resources requirements may be appealed to the ~~((forest practices appeals board under RCW 76.09.220))~~ pollution control hearings board.

(6) A person receiving approval of credit must keep records necessary for the department of revenue to verify eligibility under this section.

Sec. 36. RCW 90.58.140 and 1995 c 347 s 309 are each amended to read as follows:

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date ~~((the permit decision was filed))~~ of receipt as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of ~~((filing))~~ receipt as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b) Construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of ~~((filing))~~ receipt, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(c) If the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date ~~((the permit decision was filed))~~ of receipt as provided in subsection (6) of this section.

If a permittee begins construction pursuant to subsections (a), (b), or (c) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be ~~((filed with))~~ transmitted to the department and the attorney general. A petition for review of such a decision must be commenced within twenty-one days from the date of receipt of the decision. With regard to a permit other than a permit governed by subsection (10) of this section, "date of ~~((filing))~~ receipt" as used herein ~~((means))~~ refers to the date ~~((of actual receipt by the department))~~ that the applicant receives written notice from the department that the department has received the decision. With regard to a permit for a variance or a conditional use, "date of ~~((filing))~~ receipt" means the date a local government or applicant receives the written decision of the department rendered on the permit pursuant to subsection (10) of this section ~~((is transmitted by the department to the local government. The department shall notify in writing the local government and the applicant of the date of filing)).~~ For the purposes of this subsection, the term "date of receipt" has the same meaning as provided in RCW 43.21B.001.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state.

Sec. 37. RCW 90.58.180 and 2003 c 393 s 22 are each amended to read as follows:

(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may, except as otherwise provided in chapter 43.21L RCW, seek review from the shorelines hearings board by filing a petition for review within twenty-one days of the date of ~~((filing))~~ receipt of the decision as ~~((defined))~~ provided for in RCW 90.58.140(6).

Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department, the office of the attorney general, and the local government. The department and the attorney general may intervene to protect the public interest and ~~((insure))~~ ensure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. The shorelines hearings board shall schedule review proceedings on the petition for review without regard as to whether the period for the department or the attorney general to intervene has or has not expired.

(2) The department or the attorney general may obtain review of any final decision granting a permit, or granting or denying an application for a permit issued by a local government by filing a written petition with the shorelines hearings board and the appropriate local government within twenty-one days from the date ~~((the final decision was filed))~~ of receipt as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW. The board shall issue its decision on the appeal authorized under subsections (1) and (2) of this section within one hundred eighty days after the date the petition is filed with the board or a petition to intervene is filed by the department or the attorney general, whichever is later. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

(4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:

(a) Is clearly erroneous in light of the policy of this chapter; or

(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or

(c) Is arbitrary and capricious; or

(d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or

(e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5)(a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board.

Sec. 38. RCW 90.58.190 and 2003 c 321 s 4 are each amended to read as follows:

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of a growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

(3)(a) The department's final decision to approve(;) or reject(~~(-or modify)~~) a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date of the department's written notice to the local government of the department's final decision to approve(;) or reject(~~(-or modify)~~) a proposed master program or master program amendment (~~(as provided in RCW 90.58.090(2))~~). The department's written notice must conspicuously and plainly state that it is the department's final decision and that there will be no further modifications under RCW 90.58.090(2).

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the administrative procedure act. The aggrieved local government shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program amendment, provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program amendment.

Sec. 39. RCW 90.58.210 and 1995 c 403 s 637 are each amended to read as follows:

(2) Any person who shall fail to conform to the terms of a permit issued under this chapter or who shall undertake development on the shorelines of the state without first obtaining any permit required under this chapter shall also be subject to a civil penalty not to exceed one thousand dollars for each violation. Each permit violation or each day of continued development without a required permit shall constitute a separate violation.

(3) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department or local government, describing the violation with reasonable particularity and ordering the act or acts constituting the violation or violations to cease and desist or, in appropriate cases, requiring necessary corrective action to be taken within a specific and reasonable time.

MESSAGE FROM THE SENATE

March 4, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2658 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.330.007 and 2009 c 565 s 1 are each amended to read as follows:

(1)(a) In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

(b) In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a

plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

(c) The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission.

(2)(a) The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a department of commerce that fosters new partnerships for strong and sustainable communities. The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing them thorough sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; increase accountability to the public, the executive branch, and the legislature; manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure.

(b) The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services.

(3) The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

(4) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms.

(5) The department shall examine the functions and operations of agricultural commodity commissions in the state and collaborate with industry sector and cluster associations on legislation that would enable industries to develop self-financing systems for addressing industry-identified issues such as workforce training, international marketing, quality improvement, and technology deployment. By

December 1, 2010, the department shall report to the governor and the legislature on its findings and proposed legislation.

(6) The legislature recognizes that there are many strong community services and housing programs currently operating within the department and serving our most vulnerable individuals, families, and communities. The legislature finds that some of these programs can readily be transferred beginning on July 1, 2010, to other mission-aligned agencies in state government. However, the legislature finds that to maintain the strength and credibility of the majority of the department's community services and housing programs, it is necessary to create a separate division for them within the department and to develop a plan to establish a separate state government agency for them in the future.

(7)(a) The legislature directs the department of commerce to establish a single division to contain community services and housing programs that deliver essential services to individuals, families, and communities, and to plan for the creation of a community services and housing agency.

(b) Services provided by the division shall include, but are not limited to: (i) Homeless housing and assistance programs including transitional housing, emergency shelter grants, independent youth housing, housing assistance for persons with mental illness, and housing opportunities for people with AIDS; (ii) affordable housing development programs including the housing trust fund and low-income home energy assistance; (iii) farm worker housing; (iv) crime victims' advocacy and sexual assault services; (v) community mobilization against substance abuse and violence; (vi) asset building for working families; (vii) local and community projects including the building communities fund, building for the arts, and youth recreational facilities grants; (viii) dispute resolution centers; (ix) the Washington families fund; (x) community services block grants; (xi) community development block grants; (xii) child care facility fund; (xiii) WorkFirst community jobs; (xiv) long-term care ombudsman; (xv) state drug task forces; (xvi) justice assistance grants; (xvii) children and families of incarcerated parents; and (xviii) the Washington new Americans program.

(c) The economic development committees in the house of representatives and the senate shall, in consultation with the governor and the department: (i) Solicit information and advice from representatives of community, social services, and housing organizations at the local and state levels, including minority communities, people with disabilities, and other vulnerable populations; and (ii) develop a plan for consideration and action in the 2011 legislative session to establish a separate state government agency whose mission is focused on community services and housing.

NEW SECTION. Sec. 2. RCW 43.330.005 (Intent) and 1993 c 280 s 1 are each repealed.

SECOND READING

SUBSTITUTE SENATE BILL NO. 5798, by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Kohl-Welles, McCaslin, Keiser, Pflug and Kline)

Concerning medical marijuana.

Representative Cody moved the adoption of amendment (1580).

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 69.51A.005 and 2007 c 371 s 2 are each amended to read as follows:

The people of Washington state find that some patients with terminal or debilitating illnesses, under their ~~((physician's))~~ health care professional's care, may benefit from the medical use of marijuana. Some of the illnesses for which marijuana appears to be beneficial include chemotherapy-related nausea and vomiting in cancer patients; AIDS wasting syndrome; severe muscle spasms associated with multiple sclerosis and other spasticity disorders;

epilepsy; acute or chronic glaucoma; and some forms of intractable pain.

The people find that humanitarian compassion necessitates that the decision to authorize the medical use of marijuana by patients with terminal or debilitating illnesses is a personal, individual decision, based upon their ~~((physician's))~~ health care professional's professional medical judgment and discretion.

Therefore, the people of the state of Washington intend that:

Qualifying patients with terminal or debilitating illnesses who, in the judgment of their ~~((physicians))~~ health care professionals, may benefit from the medical use of marijuana, shall not be found guilty of a crime under state law for their possession and limited use of marijuana;

Persons who act as designated providers to such patients shall also not be found guilty of a crime under state law for assisting with the medical use of marijuana; and

~~((Physicians))~~ Health care professionals also be excepted from liability and prosecution for the authorization of marijuana use to qualifying patients for whom, in the ~~((physician's))~~ health care professional's professional judgment, medical marijuana may prove beneficial.

(1) Advising a qualifying patient about the risks and benefits of medical use of marijuana or that the qualifying patient may benefit from the medical use of marijuana where such use is within a professional standard of care or in the individual ~~((physician's))~~ health care professional's medical judgment; or

(2) Providing a qualifying patient with valid documentation, based upon the ~~((physician's))~~ health care professional's assessment of the qualifying patient's medical history and current medical condition, that the medical use of marijuana may benefit a particular qualifying patient.

Sec. 4. RCW 69.51A.060 and 2007 c 371 s 6 are each amended to read as follows:

(1) It shall be a misdemeanor to use or display medical marijuana in a manner or place which is open to the view of the general public.

(2) Nothing in this chapter requires any health insurance provider to be liable for any claim for reimbursement for the medical use of marijuana.

(3) Nothing in this chapter requires any ~~((physician))~~ health care professional to authorize the use of medical marijuana for a patient.

(4) Nothing in this chapter requires any accommodation of any on-site medical use of marijuana in any place of employment, in any school bus or on any school grounds, in any youth center, in any correctional facility, or smoking medical marijuana in any public place as that term is defined in RCW 70.160.020.

(5) It is a class C felony to fraudulently produce any record purporting to be, or tamper with the content of any record for the purpose of having it accepted as, valid documentation under RCW 69.51A.010(~~((6)(a))~~) (7)(a).

(6) No person shall be entitled to claim the affirmative defense provided in RCW 69.51A.040 for engaging in the medical use of marijuana in a way that endangers the health or well-being of any person through the use of a motorized vehicle on a street, road, or highway.

SECOND READING

SUBSTITUTE SENATE BILL NO. 6355, by Senate Committee on Higher Education & Workforce Development (originally sponsored by Senators Kilmer, Becker, Rockefeller and Shin)

Expanding the higher education system upon proven demand.

Representative Wallace moved the adoption of amendment (1589).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the state institutions of higher education are providing a high quality education to the citizens of the state. The legislature further finds that to meet goals of the strategic master plan for higher education the state needs a higher education system that is capable of delivering many more degrees. The legislature also finds that expansion of the system should be based on the proven demands of the citizens and the marketplace, a concept called "expand on demand." The legislature further finds that the higher education coordinating board, in collaboration with the state board for community and technical colleges, the two-year and four-year institutions of higher education, and other stakeholders developed a system design plan that contains seven guiding principles for system expansion, focuses near-term enrollment growth at university branch campuses, comprehensive universities, and university centers where existing capacity is available without new state capital investment, establishes a process for evaluating major new capital expansion, and creates a fund for innovation to foster change and innovation in higher education delivery. The legislature finds that the strategies in the plan support the concept of expand on demand and would increase degree production by first reinvesting in higher education to use existing capacity while also providing long-term strategies to guide decisions on when and where to build new campuses, significantly expand existing sites, and change missions of existing institutions.

The legislature endorses the system design plan, approved by the higher education coordinating board in November 2009, and adopts the recommendations and strategies in the plan.

Sec. 2. RCW 28B.50.020 and 2009 c 64 s 2 are each amended to read as follows:

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each college district shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and

recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(3) Provide for basic skills and literacy education, and occupational education and technical training at technical colleges in order to prepare students for careers in a competitive workforce;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training, and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training, and service programs as future needs occur; and

(7) Establish firmly that ~~((except on a pilot basis))~~ as provided under RCW 28B.50.810, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning ~~((, and never to be considered for conversion into four year liberal arts colleges)).~~

Sec. 3. RCW 28B.50.810 and 2008 c 166 s 2 are each amended to read as follows:

(1) ~~((By April 2006,))~~ The college board ~~((shall))~~ may select ~~((four))~~ community or technical colleges to develop and offer programs of study leading to ~~((an))~~ applied baccalaureate degrees. ~~((At least one of the four pilot programs chosen must lead to a baccalaureate of applied science degree which builds on an associate of applied science degree. The college board shall convene a task force that includes representatives of both the community and technical colleges to develop objective selection criteria.~~

(2) By February 2008, the college board shall select up to three colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the colleges selected must be a technical college. The college board shall use the objective selection criteria developed under subsections (1) and (3) of this section to make the selection.

~~((3))~~ Colleges may submit ~~((an))~~ applications to ~~((become a pilot college under this section))~~ the college board. The college board and the higher education coordinating board shall review the applications and select the ~~((pilot))~~ colleges using objective criteria, including, but not limited to:

(a) The college demonstrates the capacity to make a long-term commitment of resources to build and sustain a high quality program;

(b) The college has or can readily engage faculty appropriately qualified to develop and deliver a high quality curriculum at the baccalaureate level;

(c) The college can demonstrate demand for the proposed program from a sufficient number of students within its service area to make the program cost-effective and feasible to operate;

(d) The college can demonstrate that employers demand the level of technical training proposed within the program, making it cost-effective for students to seek the degree; and

(e) The proposed program fills a gap in options available for students because it is not offered by a public four-year institution of higher education in the college's geographic area.

~~((4))~~ (2) A college selected ~~((as a pilot college))~~ under this section may develop the curriculum for and design and deliver courses leading to an applied baccalaureate degree. However, degree programs developed under this section are subject to approval by the college board under RCW 28B.50.090 and by the higher education coordinating board under RCW 28B.76.230 before a ~~((pilot))~~ college may enroll students in upper division courses. ~~((A pilot college approved under subsection (1) of this section may not enroll students in upper division courses before the fall academic quarter of 2006. A~~

~~pilot college approved under subsection (2) of this section may not enroll students in upper division courses before the fall academic quarter of 2009.)~~

Sec. 4. RCW 28B.76.020 and 1985 c 370 s 2 are each amended to read as follows:

~~(For the purposes of this chapter.)~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the higher education coordinating board~~((and))~~.

(2) "Four-year institutions" means the University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, and The Evergreen State College.

(3) "Major expansion" means expansion of the higher education system that requires significant new capital investment, including building new institutions, campuses, branches, or centers or conversion of existing campuses, branches, or centers that would result in a mission change.

(4) "Mission change" means a change in the level of degree awarded or institutional type not currently authorized in statute.

Sec. 5. RCW 28B.76.230 and 2005 c 258 s 11 are each amended to read as follows:

(1) The board shall develop a comprehensive and ongoing assessment process to analyze the need for additional degrees and programs, additional off-campus centers and locations for degree programs, and consolidation or elimination of programs by the four-year institutions. Board recommendations regarding proposed major expansion shall be limited to determinations of whether the major expansion is within the scope indicated in the most recent strategic master plan for higher education or most recent system design plan. Recommendations regarding existing capital prioritization processes are not within the scope of the evaluation of major expansion. Major expansion and proposed mission changes may be proposed by the board, any public institution of higher education, or by a state or local government.

(2) As part of the needs assessment process, the board shall examine:

(a) Projections of student, employer, and community demand for education and degrees, including liberal arts degrees, on a regional and statewide basis;

(b) Current and projected degree programs and enrollment at public and private institutions of higher education, by location and mode of service delivery; ~~((and))~~

(c) Data from the workforce training and education coordinating board and the state board for community and technical colleges on the supply and demand for workforce education and certificates and associate degrees; and

(d) Recommendations from the technology transformation task force created in chapter 407, Laws of 2009, and institutions of higher education relative to the strategic and operational use of technology in higher education. These and other reports, reviews, and audits shall allow for: The development of enterprise-wide digital information technology across educational sectors, systems, and delivery methods; the integration and streamlining of administrative tools including but not limited to student information management, financial management, payroll, human resources, data collection, reporting, and analysis; and a determination of the costs of multiple technology platforms, systems, and models.

(3) Every two years the board shall produce, jointly with the state board for community and technical colleges and the workforce training and education coordinating board, an assessment of the number and type of higher education and training credentials required to match employer demand for a skilled and educated workforce. The assessment shall include the number of forecasted net job openings at

each level of higher education and training and the number of credentials needed to match the forecast of net job openings.

(4) The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(5) The following activities are subject to approval by the board:

(a) New degree programs by a four-year institution;

(b) Creation of any off-campus program by a four-year institution;

(c) Purchase or lease of major off-campus facilities by a four-year institution or a community or technical college;

(d) Creation of higher education centers and consortia;

(e) New degree programs and creation of off-campus programs by an independent college or university in collaboration with a community or technical college; and

(f) Applied baccalaureate degree programs developed by colleges under RCW 28B.50.810 .

(6) Institutions seeking board approval under this section must demonstrate that the proposal is justified by the needs assessment developed under this section. Institutions must also demonstrate how the proposals align with or implement the statewide strategic master plan for higher education under RCW 28B.76.200.

(7) The board shall develop clear guidelines and objective decision-making criteria regarding approval of proposals under this section, which must include review and consultation with the institution and other interested agencies and individuals.

(8) The board shall periodically recommend consolidation or elimination of programs at the four-year institutions, based on the needs assessment analysis.

(9) In the case of a proposed major expansion or mission change, the needs assessment process under subsection (2) of this section constitutes a threshold inquiry. If the board determines that the need for the proposed major expansion or mission change has not been justified, the inquiry is concluded. If the board determines that the need for the proposed major expansion or mission change has been sufficiently established, the board, in consultation with any directly involved institutions and other interested agencies and individuals, shall proceed to examine the viability of the proposal using criteria including, but not limited to:

(a) The specific scope of the project including the capital investment requirements, the number of full-time equivalent students anticipated, and the number of academic programs planned;

(b) The existence of an efficient and sustainable financial plan;

(c) The extent to which existing resources can be leveraged;

(d) The current and five-year projected student population, faculty, and staff to support the proposed programs, institution, or innovation;

(e) The plans to accommodate expected growth over a twenty-year time frame;

(f) The extent to which new or existing partnerships and collaborations are a part of the proposal; and

(g) The feasibility of any proposed innovations to accelerate degree production.

(10) After the board completes its evaluation of the proposed major expansion or mission change using the needs assessment under subsection (2) of this section and viability determination under subsection (9) of this section, the board shall make a recommendation to either proceed, modify, or not proceed with the proposed major expansion or mission change. The board's recommendation shall be presented to the governor and the legislature.

Sec. 6. RCW 28B.120.005 and 1999 c 169 s 2 are each amended to read as follows:

The legislature finds that encouraging collaboration among the various educational sectors to meet statewide productivity and

educational attainment needs as described in the system design plan developed by the higher education coordinating board will strengthen the entire educational system, kindergarten through twelfth grade and higher education. The legislature also recognizes that the most effective way to develop innovative and collaborative programs is to encourage institutions to develop them voluntarily, in line with established state goals. Through a system of competitive grants, the legislature shall encourage the development of innovative and collaborative and cost-effective solutions to issues of critical statewide need, including:

- (1) Raising educational attainment and planning and piloting innovative initiatives to reach new locations and populations;
- (2) Recognizing needs of special populations of students, including access and completion efforts targeting underrepresented populations;
- ~~((2))~~ (3) Furthering the development of learner-centered, technology-assisted course delivery, including expansion of online and hybrid coursework, open courseware, and other uses of technology in order to effectively and efficiently share costs, improve the quality of instruction and student, faculty, and administrative services, increase undergraduate and graduate student access, retention, and graduation, and to enhance transfer capability;
- ~~((3))~~ (4) Furthering the development of competency-based measurements of student achievement to be used as the basis for awarding degrees and certificates; ~~(and~~
- ~~—(4))~~ (5) Increasing the collaboration among both public and private sector institutions of higher education; ~~and~~
- (6) Improving productivity through innovations such as accelerated programs and alternative scheduling.

Sec. 7. RCW 28B.120.010 and 1999 c 169 s 5 are each amended to read as follows:

The Washington fund for innovation and quality in higher education program is established. The higher education coordinating board shall administer the program ~~((for the purpose of awarding grants in which a four year institution of higher education is named as the lead institution. The state board for community and technical colleges shall administer the program for the purpose of awarding grants in which a community or technical college is named as the lead institution))~~ and shall work in close collaboration with the state board for community and technical colleges and other local and regional entities. Through this program the higher education coordinating board(s) may award on a competitive basis incentive grants to state public or private nonprofit institutions of higher education or consortia of institutions to encourage ~~((cooperative))~~ programs designed to address specific system problems. ~~((Grants shall not exceed a two year period.))~~ Each institution or consortia of institutions receiving the award shall contribute some financial support, either by covering part of the costs for the program during its implementation, or by assuming continuing support at the end of the grant period. Strong priority will be given to proposals that involve more than one sector of education ~~((and to proposals that show substantive institutional commitment))~~. Institutions are encouraged to solicit nonstate funds to support these cooperative programs.

Sec. 8. RCW 28B.120.020 and 1999 c 169 s 3 are each amended to read as follows:

The higher education coordinating board shall have the following powers and duties in administering the program for those proposals in which a four-year institution of higher education is named as the lead institution and fiscal agent:

- (1) To adopt rules necessary to carry out the program;
- (2) ~~((To establish one or more review committees to assist in the evaluation of proposals for funding. The review committee shall include individuals with significant experience in higher education in areas relevant to one or more of the funding period priorities and shall include representatives from both the four-year and two-year sectors of higher education;~~

~~—(3))~~ To award grants no later than September 1st in those years when funding is available by June 30th;

~~((4))~~ (3) To establish each biennium specific guidelines for submitting grant proposals consistent with RCW 28B.120.005 and consistent with the strategic master plan for higher education, the system design plan, the overall goals of the program and ~~((consistent with))~~ the guidelines established by the state board for community and technical colleges under RCW 28B.120.025. ~~((During the 1999-01 biennium the guidelines shall be consistent with the following desired outcomes of:~~

- (a) Minority and diversity initiatives that encourage the participation of minorities in higher education, including students with disabilities;
- (b) K-12 teacher preparation models that encourage collaboration between higher education and K-12 to improve the preparedness of teachers, including provisions for higher education faculty involved with teacher preparation to spend time teaching in K-12 schools;
- (c) Collaborative instructional programs involving K-12, community and technical colleges, and four-year institutions of higher education to develop a three-year degree program, or reduce the time to degree;
- (d) Contracts with public or private institutions or businesses to provide services or the development of collaborative programs;
- (e) Articulation and transfer activities to smooth the transfer of students from K-12 to higher education, or from the community colleges and technical colleges to four-year institutions;
- (f) Projects that further the development of learner-centered, technology-assisted course delivery; and
- (g) Projects that further the development of competency-based measurements of student achievement to be used as the basis for awarding degrees and certificates.))

After June 30, 2001, and each biennium thereafter, the board shall determine funding priorities for ~~((collaborative))~~ proposals for the biennium in consultation with the governor, the legislature, the office of the superintendent of public instruction, the state board for community and technical colleges, the workforce training and education coordinating board, higher education institutions, educational associations, and business and community groups consistent with statewide needs;

~~((5))~~ (4) To solicit grant proposals and provide information to the institutions of higher education about the program; and

~~((6))~~ (5) To establish reporting, evaluation, accountability, monitoring, and dissemination requirements for the recipients of the grants awarded by the higher education coordinating board.

Sec. 9. RCW 43.88D.010 and 2008 c 205 s 2 are each amended to read as follows:

(1) By October ~~((45th))~~ 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees, the higher education coordinating board, and the four-year institutions ~~((and to proposals that show substantive institutional commitment))~~. ~~((except that, for 2008, the office of financial management shall complete the objective analysis and scoring by November 1st))~~. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

- (a) Access-related projects to accommodate enrollment growth at main and branch campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings (~~(or renovate facilities to restore building life and upgrade space to meet current program requirements)~~). Facilities that cannot be economically renovated are considered replacement projects. ~~((Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life.))~~ New space may be programmed for the same or a different use than the space being replaced (~~(or renovated)~~) and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

~~(d) Major stand-alone campus infrastructure projects;~~

~~((d))~~ (e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

~~((e))~~ (f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees ~~((and the joint legislative audit and review committee))~~, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges, the higher education coordinating board, and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by ~~((the joint legislative audit and review committee and))~~ independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions ~~((, except that, for the 2009-2011 budget development cycle, this information must be distributed by July 1, 2008))~~. The office of financial management, in consultation with the legislative fiscal committees ~~((and the joint legislative audit and review~~

~~committee))~~, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the higher education coordinating board and the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August ~~((15th))~~ 1st of each even-numbered year ~~((, beginning in 2008,))~~ each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. ~~((On a pilot basis, the office of financial management shall require one research university to prepare two separate prioritized lists for each category, one for the main campus, and one covering all of the institution's branch campuses. The office of financial management shall report to the legislative fiscal committees by December 1, 2009, on the effect of this pilot project on capital project financing for all branch campuses.))~~ The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

Sec. 10. RCW 28B.76.210 and 2008 c 205 s 4 are each amended to read as follows:

(1) The board shall collaborate with the four-year institutions including the council of presidents, the community and technical college system, and when appropriate the workforce training and education coordinating board, the superintendent of public instruction, and the independent higher educational institutions to identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature that recommendations from the board reflect not merely the sum of budget requests from multiple institutions, but prioritized funding needs for the overall system of higher education.

(2) By December of each odd-numbered year, the board shall distribute guidelines which outline the board's fiscal priorities to the institutions and the state board for community and technical colleges.

(a) The institutions and the state board for community and technical colleges shall submit an outline of their proposed operating budgets to the board no later than July 1st of each even-numbered year. Pursuant to guidelines developed by the board, operating budget outlines submitted by the institutions and the state board for community and technical colleges after January 1, 2007, shall include all policy changes and enhancements that will be requested by the institutions and the state board for community and technical colleges in their respective biennial budget requests. Operating budget outlines shall include a description of each policy enhancement, the dollar amount requested, and the fund source being requested.

(b) Capital budget outlines for the two-year institutions shall be submitted by August 15th of each even-numbered year, and shall include the prioritized ranking of the capital projects being requested, a description of each capital project, and the amount and fund source being requested.

(c) Capital budget outlines for the four-year institutions must be submitted by August 15th of each even-numbered year, and must include: The institutions' priority ranking of the project; the capital budget category within which the project will be submitted to the office of financial management in accordance with RCW 43.88D.010; a description of each capital project; and the amount and fund source being requested.

(d) The office of financial management shall reference these reporting requirements in its budget instructions.

(3) The board shall review and evaluate the operating and capital budget requests from four-year institutions and the community and technical college system based on how the requests align with the board's budget priorities, the missions of the institutions, and the statewide strategic master plan for higher education under RCW 28B.76.200.

(4) The board shall submit recommendations on the proposed operating budget and priorities to the office of financial management by October 1st of each even-numbered year, and to the legislature by January 1st of each odd-numbered year.

~~(5) The board's capital budget recommendations for the community and technical college system and the four-year institutions must be submitted to the office of financial management ((by November 15th of each even-numbered year)) and to the legislature by ((January 1st of each odd-numbered year)) November 15th of each even-numbered year. The board's recommendations for the four-year institutions must include ((the relative share of the higher education capital budget that the board recommends be assigned to each project category, as defined in RCW 43.88D.010, and to minor works program and preservation)) a single, prioritized list of the major projects that the board recommends be funded with state bond and building account appropriations during the forthcoming fiscal biennium. In developing this single prioritized list, the board shall:~~

(a) Seek to identify the combination of projects that will most cost-effectively achieve the state's goals. These goals include increasing baccalaureate and graduate degree production, particularly in high-demand fields; promoting economic development through research and innovation; providing quality, affordable educational environments; preserving existing assets; and maximizing the efficient utilization of instructional space;

(b) Be guided by the objective analysis and scoring of capital budget projects completed by the office of financial management pursuant to chapter 43.88D RCW;

(c) Anticipate (i) that state bond and building account appropriations continue at the same level during each of the two subsequent fiscal biennia as has actually been appropriated for the baccalaureate institutions during the current one; (ii) that major projects funded for design during a biennium are funded for construction during the subsequent one before state appropriations are provided for new major projects; and (iii) that minor health, safety, code, and preservation projects are funded at the same average level as in recent biennia before state appropriations are provided for new major projects.

~~((§))~~ (6) Institutions and the state board for community and technical colleges shall submit any supplemental budget requests and revisions to the board at the same time they are submitted to the office of financial management. The board shall submit recommendations on the proposed supplemental budget requests to the office of financial management by November 1st and to the legislature by January 1st.

NEW SECTION. Sec. 11. A new section is added to chapter 28B.20 RCW to read as follows:

(1) This section provides an alternative process for awarding contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of university buildings and facilities in which critical patient care or highly specialized medical research is located. These provisions may be used, in lieu of other procedures to

award contracts for such work, when the estimated cost of the work is equal to or less than five million dollars and the project involves construction, renovation, remodeling, or alteration of improvements within a building that is used directly for critical patient care or highly specialized medical research.

(2) The university may create a single critical patient care or specialized medical research facilities roster or may create multiple critical patient care or specialized medical research facilities rosters for different trade specialties or categories of anticipated work. At least once a year, the university shall publish in a newspaper of general circulation a notice of the existence of the roster or rosters and solicit a statement of qualifications from contractors who wish to be on the roster or rosters of prime contractors. In addition, qualified contractors shall be added to the roster or rosters at any time they submit a written request, necessary records, and meet the qualifications established by the university. The university may require eligible contractors desiring to be placed on a roster to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the university as a condition of being placed on a roster or rosters. Placement on a roster shall be on the basis of qualifications.

(3) The public solicitation of qualifications shall include but not be limited to:

(a) A description of the types of projects to be completed and where possible may include programmatic, performance, and technical requirements and specifications;

(b) The reasons for using the critical patient care and specialized medical research roster process;

(c) A description of the qualifications to be required of a contractor, including submission of an accident prevention program;

(d) A description of the process the university will use to evaluate qualifications, including evaluation factors and the relative weight of factors;

(e) The form of the contract to be awarded;

(f) A description of the administrative process by which the required qualifications, evaluation process, and project types may be appealed; and

(g) A description of the administrative process by which decisions of the university may be appealed.

(4) The university shall establish a committee to evaluate the contractors submitting qualifications. Evaluation criteria for selection of the contractor or contractors to be included on a roster shall include, but not be limited to:

(a) Ability of a contractor's professional personnel;

(b) A contractor's past performance on similar projects, including but not limited to medical facilities, and involving either negotiated work or other public works contracts;

(c) The contractor's ability to meet time and budget requirements;

(d) The contractor's ability to provide preconstruction services, as appropriate;

(e) The contractor's capacity to successfully complete the project;

(f) The contractor's approach to executing projects;

(g) The contractor's approach to safety and the contractor's safety history; and

(h) The contractor's record of performance, integrity, judgment, and skills.

(5) Contractors meeting the evaluation committee's criteria for selection must be placed on the applicable roster or rosters.

(6) When a project is selected for delivery through this roster process, the university must establish a procedure for securing written quotations from all contractors on a roster to assure that a competitive price is established. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Plans and specifications must be included in the invitation but may not be detailed. Award of

a project must be made to the responsible bidder submitting the lowest responsive bid.

(7) The university shall make an effort to solicit proposals from certified minority or certified woman-owned contractors to the extent permitted by the Washington state civil rights act, RCW 49.60.400.

(8) Beginning in September 2010 and every other year thereafter, the university shall provide a report to the capital projects advisory review board which must, at a minimum, include a list of rosters used, contracts awarded, and a description of outreach to and participation by women and minority-owned businesses.

NEW SECTION. Sec. 12. A new section is added to chapter 43.131 RCW to read as follows:

The alternative process for awarding contracts established in section 11 of this act terminates June 30, 2015, as provided in section 13 of this act.

NEW SECTION. Sec. 13. A new section is added to chapter 43.131 RCW to read as follows:

Section 11 of this act, as now existing or hereafter amended, is repealed, effective June 30, 2016."

Concerning the assessment and treatment of certain persons with mental illnesses. (REVISED FOR ENGROSSED: Improving procedures relating to the commitment of persons found not guilty by reason of insanity.)

Representative Green moved the adoption of amendment (1591).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 10.77 RCW to read as follows:

(1) The secretary shall establish an independent public safety review panel for the purpose of advising the secretary and the courts with respect to persons who have been found not guilty by reason of insanity. The panel shall provide advice regarding all recommendations: (a) For a change in commitment status; (b) to allow furloughs or temporary leaves accompanied by staff; or (c) to permit movement about the grounds of the treatment facility, with or without the accompaniment of staff.

(2) The members of the public safety review panel shall be appointed by the governor for a renewable term of three years and shall include the following:

- (a) A psychiatrist;
- (b) A licensed clinical psychologist;
- (c) A representative of the department of corrections;
- (d) A prosecutor or a representative of a prosecutor's association;
- (e) A representative of law enforcement or a law enforcement association;
- (f) A consumer and family advocate representative; and

(3) Thirty days prior to issuing a recommendation for conditional release under RCW 10.77.150 or forty-five days prior to issuing a recommendation for release under RCW 10.77.200, the secretary shall submit its recommendation with the committed person's application and the department's risk assessment to the public safety review panel. The public safety review panel shall complete an independent assessment of the public safety risk entailed by the secretary's proposed conditional release recommendation or release recommendation and provide this assessment in writing to the secretary. The public safety review panel may, within funds appropriated for this purpose, request additional evaluations of the committed person. The public safety review panel may indicate whether it is in agreement with the secretary's recommendation, or

whether it would issue a different recommendation. The secretary shall provide the panel's assessment when it is received along with any supporting documentation, including all previous reports of evaluations of the committed person in the person's hospital record, to the court, prosecutor in the county that ordered the person's commitment, and counsel for the committed person.

(4) The secretary shall notify the public safety review panel at appropriate intervals concerning any changes in the commitment or custody status of persons found not guilty by reason of insanity. The panel shall have access, upon request, to a committed person's complete hospital record.

(5) The department shall provide administrative and financial support to the public safety review panel. The department, in consultation with the public safety review panel, may adopt rules to implement this section.

(6) By December 1, 2014, the public safety review panel shall report to the appropriate legislative committees the following:

(a) Whether the public safety review panel has observed a change in statewide consistency of evaluations and decisions concerning changes in the commitment status of persons found not guilty by reason of insanity;

(b) Whether the public safety review panel should be given the authority to make release decisions and monitor release conditions;

(c) Any other issues the public safety review panel deems relevant.

NEW SECTION. Sec. 2. A new section is added to chapter 10.77 RCW to read as follows:

(1) If the secretary determines in writing that a person committed to the custody of the secretary for treatment as criminally insane presents an unreasonable safety risk which, based on behavior, clinical history, and facility security is not manageable in a state hospital setting, the secretary may place the person in any secure facility operated by the secretary or the secretary of the department of corrections. Any person affected by this provision shall receive appropriate mental health treatment governed by a formalized treatment plan targeted at mental health rehabilitation needs and shall be afforded his or her rights under RCW 10.77.140, 10.77.150, and 10.77.200. The secretary of the department of social and health services shall retain legal custody of any person placed under this section and review any placement outside of a department mental health hospital every three months, or sooner if warranted by the person's mental health status, to determine if the placement remains appropriate.

(2) Beginning December 1, 2010, and every six months thereafter, the secretary shall report to the governor and the appropriate committees of the legislature regarding the use of the authority under this section to transfer persons to a secure facility. The report shall include information related to the number of persons who have been placed in a secure facility operated by the secretary or the secretary of the department of corrections, and the length of time that each such person has been in the secure facility.

(3) This section expires June 30, 2015.

NEW SECTION. Sec. 3. (1) The Washington state institute for public policy shall, in collaboration with the department of social and health services and other applicable entities, undertake a search for validated mental health assessment tools in each of the following areas:

(a) An assessment tool or combination of tools to be used by individuals performing court-ordered competency assessments and level of risk assessments of defendants pursuant to chapter 10.77 RCW; and

(b) An assessment tool or combination of tools to be used by individuals developing recommendations to courts as to the appropriateness of conditional release from inpatient treatment of criminally insane patients pursuant to chapter 10.77 RCW.

(2) This section expires June 30, 2011.

Sec. 4. RCW 10.77.120 and 2000 c 94 s 15 are each amended to read as follows:

(1) The secretary shall ~~((forthwith))~~ provide adequate care and individualized treatment to persons found criminally insane at one or several of the state institutions or facilities under ~~((his or her))~~ the direction and control ~~((wherein persons committed as criminally insane may be confined. Such persons shall be under the custody and control of the secretary to the same extent as are other persons who are committed to the secretary's custody, but such provision shall be made for their control, care, and treatment as is proper in view of their condition))~~ of the secretary. In order that the secretary may adequately determine the nature of the mental illness or developmental disability of the person committed ~~((to him or her))~~ as criminally insane, ~~((and in order for the secretary to place such individuals in a proper facility,))~~ all persons who are committed to the secretary as criminally insane shall be promptly examined by qualified personnel in ~~((such a manner as))~~ order to provide a proper evaluation and diagnosis of such individual. The examinations of all ~~((developmentally disabled))~~ persons with developmental disabilities committed under this chapter shall be performed by developmental disabilities professionals. Any person so committed shall not be released from the control of the secretary ~~((save upon the))~~ except by order of a court of competent jurisdiction made after a hearing and judgment of release.

(2) Whenever there is a hearing which the committed person is entitled to attend, the secretary shall send ~~((him or her))~~ the person in the custody of one or more department employees to the county ~~((where))~~ in which the hearing is to be held at the time the case is called for trial. During the time the person is absent from the facility, ~~((he or she shall))~~ the person may be confined in a facility designated by and arranged for by the department, ~~((and))~~ but shall at all times be deemed to be in the custody of the department employee and provided necessary treatment. If the decision of the hearing remits the person to custody, the department employee shall ~~((forthwith))~~ return the person to such institution or facility designated by the secretary. If the state appeals an order of release, such appeal shall operate as a stay, and the person shall remain in custody ~~((shall so remain))~~ and be ~~((forthwith))~~ returned to the institution or facility designated by the secretary until a final decision has been rendered in the cause.

Sec. 5. RCW 10.77.150 and 1998 c 297 s 41 are each amended to read as follows:

(1) Persons examined pursuant to RCW 10.77.140 may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person's commitment the person's application for conditional release as well as the secretary's recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released. Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county that ordered the person's commitment. The secretary's recommendation must include any proposed terms and conditions upon which the secretary reasonably believes the person may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be

provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3)(a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the patient examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person may be released conditionally without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the order shall also specify that the conditionally released person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer prior to making any change in the offender's address or employment. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the person is not in compliance with the court-ordered conditions of release.

~~((3))~~ (4) If the court determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the medication or treatment or upon a change in mental health condition that renders the patient a potential risk to the public report ~~((the failure))~~ to the court, to the prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer.

~~((4))~~ (5) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial.

Sec. 6. RCW 10.77.160 and 1993 c 31 s 7 are each amended to read as follows:

When a conditionally released person is required by the terms of his or her conditional release to report to a physician, department of corrections community corrections officer, or medical or mental health practitioner on a regular or periodic basis, the physician, department of corrections community corrections officer, medical or mental health practitioner, or other such person shall monthly, for the first six months after release and semiannually thereafter, or as otherwise directed by the court, submit to the court, the secretary, the institution from which released, and to the prosecuting attorney of the

county in which the person was committed, a report stating whether the person is adhering to the terms and conditions of his or her conditional release, and detailing any arrests or criminal charges filed and any significant change in the person's mental health condition or other circumstances.

Sec. 7. RCW 10.77.190 and 1998 c 297 s 43 are each amended to read as follows:

(1) Any person submitting reports pursuant to RCW 10.77.160, the secretary, or the prosecuting attorney may petition the court to, or the court on its own motion may schedule an immediate hearing for the purpose of modifying the terms of conditional release if the petitioner or the court believes the released person is failing to adhere to the terms and conditions of his or her conditional release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the secretary of social and health services, the secretary of corrections, or the court, after examining the report filed with them pursuant to RCW 10.77.160, or based on other information received by them, reasonably believes that a conditionally released person is failing to adhere to the terms and conditions of his or her conditional release the court or secretary of social and health services or the secretary of corrections may order that the conditionally released person be apprehended and taken into custody ~~((until such time as a hearing can be scheduled to determine the facts and whether or not the person's conditional release should be revoked or modified))~~. The court shall be notified of the apprehension before the close of the next judicial day ~~((of the apprehension))~~. The court shall schedule a hearing within thirty days to determine whether or not the person's conditional release should be modified or revoked. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court or secretary of social and health services or the secretary of corrections or their designees shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) If the hospital or facility designated to provide outpatient care determines that a conditionally released person presents a threat to public safety, the hospital or facility shall immediately notify the secretary of social and health services or the secretary of corrections or their designees. The secretary shall order that the conditionally released person be apprehended and taken into custody.

(4) The court, upon receiving notification of the apprehension, shall promptly schedule a hearing. The issue to be determined is whether the conditionally released person did or did not adhere to the terms and conditions of his or her release, or whether the person presents a threat to public safety. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or his or her conditional release shall be revoked and he or she shall be committed subject to release only in accordance with provisions of this chapter.

Sec. 8. RCW 10.77.200 and 2000 c 94 s 16 are each amended to read as follows:

(1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release

under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

~~____~~ (3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of the prosecuting attorney's choice. If the petitioner is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner (~~is developmentally disabled~~) has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

~~((3))~~ (4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Upon a finding that the petitioner has a mental disease or defect in a state of remission under this subsection, the court may deny release, or place or continue such a person on conditional release.

~~____~~ (5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

~~(6)~~ Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

NEW SECTION. Sec. 9. A new section is added to chapter 10.77 RCW to read as follows:

For persons who have received court approval for conditional release, the secretary or the secretary's designee shall supervise the person's compliance with the court-ordered conditions of release. The level of supervision provided by the secretary shall correspond to the level of the person's public safety risk. In undertaking supervision of persons under this section, the secretary shall coordinate with any treatment providers designated pursuant to RCW 10.77.150(3), any department of corrections staff designated pursuant to RCW 10.77.150(2), and local law enforcement, if appropriate. The secretary shall adopt rules to implement this section."

"Sec. 1. RCW 13.34.096 and 2009 c 520 s 25 are each amended to read as follows:

(1) The department or supervising agency shall provide the child's foster parents, preadoptive parents, or other caregivers with notice of their right to be heard prior to each proceeding held with respect to the child in juvenile court under this chapter. The rights to notice and to be heard apply only to persons with whom a child has been placed by the department (~~(before shelter care)~~) or other supervising agency and who are providing care to the child at the time of the proceeding. This section shall not be construed to grant party status to any person solely on the basis of such notice and right to be heard.

(2) The department or other supervising agency and the court also shall consider, in any hearing under this chapter regarding a change in the child's placement, written information about the child submitted by persons who provided care to the child within twelve months preceding the hearing and other persons who have a significant relationship with the child.

SUBSTITUTE SENATE BILL NO. 6730, as amended by the House, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 10, 2010

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2424, and under suspension of the rules returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 2424 to second reading for purpose of amendment. The Senate further adopted amendment 2424-S.E AMS KLIN S5446.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.68A.001 and 2007 c 368 s 1 are each amended to read as follows:

The legislature finds that the prevention of sexual exploitation and abuse of children constitutes a government objective of surpassing importance. The care of children is a sacred trust and should not be abused by those who seek commercial gain or personal gratification based on the exploitation of children.

The legislature further finds that the protection of children from sexual exploitation can be accomplished without infringing on a constitutionally protected activity. The definition of "sexually explicit conduct" and other operative definitions demarcate a line between protected and prohibited conduct and should not inhibit legitimate scientific, medical, or educational activities.

The legislature further finds that children engaged in sexual conduct for financial compensation are frequently the victims of sexual abuse. Approximately eighty to ninety percent of children engaged in sexual activity for financial compensation have a history of sexual abuse victimization. It is the intent of the legislature to encourage these children to engage in prevention and intervention services and to hold those who pay to engage in the sexual abuse of children accountable for the trauma they inflict on children. The legislature further finds that due to the changing nature of technology, offenders are now able to access child pornography in different ways and in increasing quantities. By amending current statutes governing depictions of a minor engaged in sexually explicit conduct, it is the intent of the legislature to ensure that intentional viewing of and dealing in child pornography over the internet is subject to a criminal penalty without limiting the scope of existing prohibitions on the possession of or dealing in child pornography, including the possession of electronic depictions of a minor engaged in sexually explicit conduct. It is also the intent of the legislature to clarify, in response to *State v. Sutherby*, 204 P.3d 916 (2009), the unit of prosecution for the statutes governing possession of and dealing in

depictions of a minor engaged in sexually explicit conduct. It is the intent of the legislature that the first degree offenses under RCW 9.68A.050, 9.68A.060, and 9.68A.070 have a per depiction or image unit of prosecution, while the second degree offenses under RCW 9.68A.050, 9.68A.060, and 9.68A.070 have a per incident unit of prosecution as established in *State v. Sutherby*, 204 P.3d 916 (2009). Furthermore, it is the intent of the legislature to set a different unit of prosecution for the new offense of viewing of depictions of a minor engaged in sexually explicit conduct such that each separate session of intentionally viewing over the internet of visual depictions or images of a minor engaged in sexually explicit conduct constitutes a separate offense.

NEW SECTION. Sec. 2. A new section is added to chapter 9.68A RCW to read as follows:

This chapter does not apply to lawful conduct between spouses.

Sec. 3. RCW 9.68A.011 and 2002 c 70 s 1 are each amended to read as follows:

Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) An "internet session" means a period of time during which an internet user, using a specific internet protocol address, visits or is logged into an internet site for an uninterrupted period of time.

~~(2)~~ (2) To "photograph" means to make a print, negative, slide, digital image, motion picture, or videotape. A "photograph" means anything tangible or intangible produced by photographing.

~~((2))~~ (3) "Visual or printed matter" means any photograph or other material that contains a reproduction of a photograph.

~~((3))~~ (4) "Sexually explicit conduct" means actual or simulated:

- (a) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals;
- (b) Penetration of the vagina or rectum by any object;
- (c) Masturbation;
- (d) Sadomasochistic abuse ((for the purpose of sexual stimulation of the viewer));

(e) ((Exhibition of the genitals or unclothed pubic or rectal areas of any minor, or the unclothed breast of a female minor, for the purpose of sexual stimulation of the viewer;

~~—(f))~~ Defecation or urination for the purpose of sexual stimulation of the viewer;

(f) Depiction of the genitals or unclothed pubic or rectal areas of any minor, or the unclothed breast of a female minor, for the purpose of sexual stimulation of the viewer. For the purposes of this subsection (4)(f), it is not necessary that the minor know that he or she is participating in the described conduct, or any aspect of it; and

(g) Touching of a person's clothed or unclothed genitals, pubic area, buttocks, or breast area for the purpose of sexual stimulation of the viewer.

~~((4))~~ (5) "Minor" means any person under eighteen years of age.

~~((5))~~ (6) "Live performance" means any play, show, skit, dance, or other exhibition performed or presented to or before an audience of one or more, with or without consideration.

Sec. 4. RCW 9.68A.050 and 1989 c 32 s 3 are each amended to read as follows:

((A person who:))

(1)(a) A person commits the crime of dealing in depictions of a minor engaged in sexually explicit conduct in the first degree when he or she:

~~(i)~~ (i) Knowingly develops, duplicates, publishes, prints, disseminates, exchanges, finances, attempts to finance, or sells ~~((any))~~ a visual or printed matter that depicts a minor engaged in an act of sexually explicit conduct as defined in RCW 9.68A.011(4) (a) through (e); or

The Senate further adopted amendment 3076-S2 AMS HARG S5494.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The Washington institute for public policy shall, in collaboration with the department of social and health services and other applicable entities, undertake a search for a validated mental health assessment tool or combination of tools to be used by designated mental health professionals when undertaking assessments of individuals for detention, commitment, and revocation under the involuntary treatment act pursuant to chapter 71.05 RCW.

(2) This section expires June 30, 2011.

Sec. 2. RCW 71.05.212 and 1999 c 214 s 5 are each amended to read as follows:

(1) Whenever a (~~county~~) designated mental health professional or professional person is conducting an evaluation under this chapter, consideration shall include all reasonably available information from credible witnesses and records regarding:

~~((4))~~ **(a)** Prior recommendations for evaluation of the need for civil commitments when the recommendation is made pursuant to an evaluation conducted under chapter 10.77 RCW;

~~((2))~~ **(b)** Historical behavior, including history of one or more violent acts;

~~((3))~~ **(c)** Prior determinations of incompetency or insanity under chapter 10.77 RCW; and

~~((4))~~ **(d)** Prior commitments under this chapter.

(2) Credible witnesses may include family members, landlords, neighbors, or others with significant contact and history of involvement with the person. If the designated mental health professional relies upon information from a credible witness in reaching his or her decision to detain the individual, then he or she must provide contact information for any such witness to the prosecutor. The designated mental health professional or prosecutor shall provide notice of the date, time, and location of the probable cause hearing to such a witness.

(3) Symptoms and behavior of the respondent which standing alone would not justify civil commitment may support a finding of grave disability or likelihood of serious harm when:

(a) Such symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts;

(b) These symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and

(c) Without treatment, the continued deterioration of the respondent is probable.

~~(In addition)~~ **(4)** When conducting an evaluation for offenders identified under RCW 72.09.370, the (~~county~~) designated mental health professional or professional person shall consider an offender's history of judicially required or administratively ordered antipsychotic medication while in confinement.

Sec. 3. RCW 71.05.245 and 1999 c 13 s 6 are each amended to read as follows:

(1) In making a determination of whether a person is gravely disabled or presents a likelihood of serious harm in a hearing conducted under RCW 71.05.240 or 71.05.320, the court must consider the symptoms and behavior of the respondent in light of all available evidence concerning the respondent's historical behavior.

(2) Symptoms or behavior which standing alone would not justify civil commitment may support a finding of grave disability or likelihood of serious harm when: (a) Such symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts; (b) these symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and (c) without treatment, the continued deterioration of the respondent is probable.

(3) In making a determination of whether there is a likelihood of serious harm in a hearing conducted under RCW 71.05.240 or 71.05.320, the court shall give great weight to any evidence before the court regarding whether the person has: ~~((+))~~ (a) A recent history of one or more violent acts; or ~~((=))~~ (b) a recent history of one or more commitments under this chapter or its equivalent provisions under the laws of another state which were based on a likelihood of serious harm. The existence of prior violent acts or commitments under this chapter or its equivalent shall not be the sole basis for determining whether a person presents a likelihood of serious harm.

For the purposes of this ~~(section)~~ subsection "recent" refers to the period of time not exceeding three years prior to the current hearing.

NEW SECTION. Sec. 4. A new section is added to chapter 71.05 RCW to read as follows:

(1) Whenever a person who is the subject of an involuntary commitment order under this chapter is discharged from an evaluation and treatment facility or state hospital, the evaluation and treatment facility or state hospital shall provide notice of the person's discharge to the designated mental health professional office responsible for the initial commitment and the designated mental health professional office that serves the county in which the person is expected to reside. The evaluation and treatment facility or state hospital must also provide these offices with a copy of any less restrictive order or conditional release order entered in conjunction with the discharge of the person, unless the evaluation and treatment facility or state hospital has entered into a memorandum of understanding obligating another entity to provide these documents.

(2) The notice and documents referred to in subsection (1) of this section shall be provided as soon as possible and no later than one business day following the discharge of the person. Notice is not required under this section if the discharge is for the purpose of transferring the person for continued detention and treatment under this chapter at another treatment facility.

(3) The department shall maintain and make available an updated list of contact information for designated mental health professional offices around the state.

NEW SECTION. Sec. 5. Sections 2 and 3 of this act take effect January 1, 2012.

NEW SECTION. Sec. 6. A new section is added to chapter 9.94A RCW to read as follows:

(1) Before imposing any legal financial obligations upon a defendant who suffers from a mental health condition, other than restitution or the victim penalty assessment under RCW 7.68.035, a judge must first determine that the defendant, under the terms of this section, has the means to pay such additional sums.

(2) For the purposes of this section, a defendant suffers from a mental health condition when the defendant has been diagnosed with a mental disorder that prevents the defendant from participating in gainful employment, as evidenced by a determination of mental disability as the basis for the defendant's enrollment in a public

assistance program, a record of involuntary hospitalization, or by competent expert evaluation.

NEW SECTION. Sec. 7. If specific funding for the purposes of sections 1, 2, and 3 of this act, referencing the specific section of this act by section number and by bill or chapter number, is not provided by June 30, 2010, in the omnibus appropriations act, each section not referenced is null and void."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "amending RCW 71.05.212 and 71.05.245; adding a new section to chapter 71.05 RCW; adding a new section to chapter 9.94A RCW; creating new sections; providing an effective date; and providing an expiration date."

MESSAGE FROM THE SENATE

March 2, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2547 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.96.030 and 1989 c 415 s 3 are each amended to read as follows:

Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, no manufacturer may terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer, unless the manufacturer has complied with the notice requirements of RCW 46.96.070 and an administrative law judge has determined, if requested in writing by the new motor vehicle dealer within the applicable time period specified in RCW 46.96.070 (1), (2), or (3), after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith, as defined in this chapter, regarding the termination, cancellation, or nonrenewal. Between the time of issuance of the notice required under RCW 46.96.070 and the effective termination, cancellation, or nonrenewal of the franchise

under this chapter, the rights, duties, and obligations of the new motor vehicle dealer and the manufacturer under the franchise and this chapter are unaffected, including those under RCW 46.96.200.

Sec. 2. RCW 46.96.070 and 1989 c 415 s 7 are each amended to read as follows:

Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the new motor vehicle dealer. For the purposes of this chapter, the discontinuance of the sale and distribution of a new motor vehicle line, or the constructive discontinuance by material reduction in selection offered, such that continuing to retail the line is no longer economically viable for a dealer is, at the option of the dealer, considered a termination, cancellation, or nonrenewal of a franchise. The notice shall be by certified mail or personally delivered to the new motor vehicle dealer and shall state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice shall be given:

- (1) Not less than ninety days before the effective date of the termination, cancellation, or nonrenewal;
- (2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:
 - (a) Insolvency of the new motor vehicle dealer or the filing of any petition by or against the new motor vehicle dealer under bankruptcy or receivership law;
 - (b) Failure of the new motor vehicle dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;
 - (c) Conviction of the new motor vehicle dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or
 - (d) Suspension or revocation of a license that the new motor vehicle dealer is required to have to operate the new motor vehicle dealership where the suspension or revocation is for a period in excess of thirty days;
- (3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motor vehicle line.

Sec. 3. RCW 46.96.090 and 1989 c 415 s 9 are each amended to read as follows:

(1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for termination, cancellation, or nonrenewal under RCW 46.96.070(2) or a voluntary termination, cancellation, or nonrenewal initiated by the dealer, the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer the dealer costs for any relocation, substantial alteration, or remodeling of a dealer's facilities required by a manufacturer for the continuance or renewal of a franchise agreement completed within three years of the termination, cancellation, or nonrenewal and:

- (a) A sum equivalent to rent for the unexpired term of the lease or one year, whichever is less, or such longer term as provided in the franchise, if the new motor vehicle dealer is leasing the new motor vehicle dealership facilities from a lessor other than the manufacturer; or
- (b) A sum equivalent to the reasonable rental value of the new motor vehicle dealership facilities for one year or until the facilities are leased or sold, whichever is less, if the new motor vehicle dealer owns the new motor vehicle dealership facilities.

(2) The rental payment required under subsection (1) of this section is only required to the extent that the facilities were used for activities under the franchise and only to the extent the facilities were not leased for unrelated purposes. If the rental payment under

subsection (1) of this section is made, the manufacturer is entitled to possession and use of the new motor vehicle dealership facilities for the period rent is paid.

Sec. 4. RCW 46.96.105 and 2003 c 21 s 2 are each amended to read as follows:

(1) Each manufacturer shall specify in its franchise agreement, or in a separate written agreement, with each of its dealers licensed in this state, the dealer's obligation to perform warranty work or service on the manufacturer's products. Each manufacturer shall provide each of its dealers with a schedule of compensation to be paid to the dealer for any warranty work or service, including parts, labor, and diagnostic work, required of the dealer by the manufacturer in connection with the manufacturer's products. The schedule of compensation must not be less than the rates charged by the dealer for similar service to retail customers for nonwarranty service and repairs, and must not be less than the schedule of compensation for an existing dealer as of the effective date of this section.

(a) The rates charged by the dealer for nonwarranty service or work for parts means the price paid by the dealer for those parts, including all shipping and other charges, increased by the franchisee's average percentage markup. A dealer must establish and declare the dealer's average percentage markup by submitting to the manufacturer one hundred sequential customer-paid service repair orders or ninety days of customer-paid service repair orders, whichever is less, covering repairs made no more than one hundred eighty days before the submission. A change in a dealer's established average percentage markup takes effect thirty days following the submission. A manufacturer may not require a dealer to establish average percentage markup by another methodology. A manufacturer may not require information that the dealer believes is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations.

(b) A manufacturer shall compensate a dealer for labor and diagnostic work at the rates charged by the dealer to its retail customers for such work. If a manufacturer can demonstrate that the rates unreasonably exceed those of all other franchised motor vehicle dealers in the same relevant market area offering the same or a competitive motor vehicle line, the manufacturer is not required to honor the rate increase proposed by the dealer. If the manufacturer is not required to honor the rate increase proposed by the dealer, the dealer is entitled to resubmit a new proposed rate for labor and diagnostic work.

(c) A dealer may not be granted an increase in the average percentage markup or labor and diagnostic work rate more than twice in one calendar year.

(2) All claims for warranty work for parts and labor made by dealers under this section shall be submitted to the manufacturer within one year of the date the work was performed. All claims submitted must be paid by the manufacturer within thirty days following receipt, provided the claim has been approved by the manufacturer. The manufacturer has the right to audit claims for warranty work and to charge the dealer for any unsubstantiated, incorrect, or false claims for a period of one year following payment. However, the manufacturer may audit and charge the dealer for any fraudulent claims during any period for which an action for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in the manner specified by the manufacturer shall be either approved or disapproved within thirty days following their receipt. The manufacturer shall notify the dealer in writing of any disapproved claim, and shall set forth the reasons why the claim was not approved. Any claim not specifically disapproved in writing within thirty days following receipt is approved, and the manufacturer is required to pay that claim within thirty days of receipt of the claim.

(4) A manufacturer may not otherwise recover all or any portion of its costs for compensating its dealers licensed in this state for warranty

parts and service either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition.

Sec. 5. RCW 46.96.110 and 1989 c 415 s 11 are each amended to read as follows:

(1) Notwithstanding the terms of a franchise, (a) an owner may appoint a designated successor to succeed to the ownership of the new motor vehicle dealer franchise upon the owner's death or incapacity, or (b) if an owner who has owned the franchise for not less than five consecutive years, the owner may appoint a designated successor to be effective on a date of the owner's choosing that is prior to the owner's death or disability.

(2) Notwithstanding the terms of a franchise, a designated successor ~~((of a deceased or incapacitated owner of a new motor vehicle dealer franchise))~~ described under subsection (1) of this section may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under RCW 46.96.020(5)(a), but who is not experienced in the business of a new motor vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motor vehicle dealer to help manage the day-to-day operations of the motor vehicle dealership; or in the case of a designated successor who meets the definition of a designated successor under RCW 46.96.020(5) (b) or (c), the person is qualified and experienced in the business of a new motor vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a new motor vehicle dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the new motor vehicle dealership within sixty days after the owner's death or incapacity, or if the appointment is under subsection (1)(b) of this section, at least thirty days before the designated successor's proposed succession; and

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor ~~((of a deceased or incapacitated owner))~~ of a new motor vehicle dealer franchise fails to meet the requirements set forth in subsections (2)(a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer's receipt of:

(a) Notice of the designated successor's intent to succeed to the ownership interest of the new motor vehicle dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section shall state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file

a petition with the department protesting the refusal to honor the succession. The petition shall contain a short statement setting forth the reasons for the designated successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer shall not terminate or discontinue the franchise until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct any hearing concerning the refusal to the succession as provided in RCW 46.96.050(2) and all hearing costs shall be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.96.050(3).

(10) This section does not preclude the owner of a new motor vehicle dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between such a written instrument that has not been revoked by written notice from the owner to the manufacturer and this section, the written instrument governs.

Sec. 6. RCW 46.96.185 and 2003 c 21 s 3 are each amended to read as follows:

(1) Notwithstanding the terms of a franchise agreement, a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

(a) Discriminate between new motor vehicle dealers by selling or offering to sell a like vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(b) Discriminate between new motor vehicle dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(c) Discriminate between new motor vehicle dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(d) Discriminate between new motor vehicle dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motor vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer, distributor, factory branch, or factory representative shall disclose in writing to the dealer the method by which new motor vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

(e) Discriminate against a new motor vehicle dealer by preventing, offsetting, or otherwise impairing the dealer's right to request a documentary service fee on affinity or similar program

purchases. This prohibition applies to, but is not limited to, any promotion plan, marketing plan, manufacturer or dealer employee or employee friends or family purchase programs, or similar plans or programs;

~~(f)~~ (f) Give preferential treatment to some new motor vehicle dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motor vehicles sold or distributed by the manufacturer, distributor, factory branch, or factory representative, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

~~(g)~~ (g) Compete with a new motor vehicle dealer of any make or line by acting in the capacity of a new motor vehicle dealer, or by owning, operating, or controlling, whether directly or indirectly, a motor vehicle dealership in this state. It is not, however, a violation of this subsection for:

(i) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one twelve-month period on petition of the temporary operator to the department. The matter will be handled as an adjudicative proceeding under chapter 34.05 RCW. A dealer who is a franchisee of the petitioning manufacturer or distributor may intervene and participate in a proceeding under this subsection ~~(1)((f))~~ (g)(i). The temporary operator has the burden of proof to show justification for the extension and a good faith effort to sell the dealership to an independent person at a fair and reasonable price;

(ii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship for the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been underrepresented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, and where the independent person: (A) Has made, or within a period of two years from the date of commencement of operation will have made, a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. Nothing in this subsection ~~(1)((f))~~ (g)(ii) relieves a manufacturer, distributor, factory branch, or factory representative from complying with ~~(RCW 46.96.185(1))~~ (a) through ~~((e))~~ (f) of this subsection;

(iii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship where the independent person: (A) Has made, or within a period of two years from the date of commencement of operation will have made, a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with

the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. The number of dealerships operated under this subsection ~~(1)((f))~~ (g)(iii) may not exceed four percent rounded up to the nearest whole number of a manufacturer's total of new motor vehicle dealer franchises in this state. Nothing in this subsection ~~(1)((f))~~ (g)(iii) relieves a manufacturer, distributor, factory branch, or factory representative from complying with ~~(RCW 46.96.185(1))~~ (a) through ~~((e))~~ (f) of this subsection;

(iv) A truck manufacturer to own, operate, or control a new motor vehicle dealership that sells only trucks of that manufacturer's line make with a gross vehicle weight rating of 12,500 pounds or more, and the truck manufacturer has been continuously engaged in the retail sale of the trucks at least since January 1, 1993; or

(v) A manufacturer to own, operate, or control a new motor vehicle dealership trading exclusively in a single line make of the manufacturer if (A) the manufacturer does not own, directly or indirectly, in the aggregate, in excess of forty-five percent of the total ownership interest in the dealership, (B) at the time the manufacturer first acquires ownership or assumes operation or control of any such dealership, the distance between any dealership thus owned, operated, or controlled and the nearest new motor vehicle dealership trading in the same line make of vehicle and in which the manufacturer has no ownership or control is not less than fifteen miles and complies with the applicable provisions in the relevant market area sections of this chapter, (C) all of the manufacturer's franchise agreements confer rights on the dealer of that line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and the manufacturer agree are appropriate, and (D) as of January 1, 2000, the manufacturer had no more than four new motor vehicle dealers of that manufacturer's line make in this state, and at least half of those dealers owned and operated two or more dealership facilities in the geographic territory or area covered by their franchise agreements with the manufacturer;

~~((g))~~ (h) Compete with a new motor vehicle dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motor vehicles under the manufacturer's new car warranty and extended warranty. Nothing in this subsection ~~(1)((g))~~ (h), however, prohibits a manufacturer, distributor, factory branch, or factory representative from owning or operating a service facility for the purpose of providing or performing maintenance, repair, or service work on motor vehicles that are owned by the manufacturer, distributor, factory branch, or factory representative;

~~((h))~~ (i) Use confidential or proprietary information obtained from a new motor vehicle dealer to unfairly compete with the dealer. For purposes of this subsection ~~(1)((h))~~ (i), "confidential or proprietary information" means trade secrets as defined in RCW 19.108.010, business plans, marketing plans or strategies, customer lists, contracts, sales data, revenues, or other financial information;

~~((i))~~ (j)(i) Terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer based upon any of the following events, which do not constitute good cause for termination, cancellation, or nonrenewal under RCW 46.96.060: (A) The fact that the new motor vehicle dealer owns, has an investment in, participates in the management of, or holds a franchise agreement for the sale or service of another make or line of new motor vehicles~~((-or))~~; (B) the fact that the new motor vehicle dealer has established another make or line of new motor vehicles or service in the same dealership facilities as those of the manufacturer or distributor ~~((with the prior written approval of the manufacturer or distributor, if the approval was~~

~~required under the terms of the new motor vehicle dealer's franchise agreement~~); (C) that the new motor vehicle dealer has or intends to relocate the manufacturer or distributor's make or line of new motor vehicles or service to an existing dealership facility that is within the relevant market area, as defined in RCW 46.96.140, of the make or line to be relocated, except that, in any nonemergency circumstance, the dealer must give the manufacturer or distributor at least sixty days' notice of his or her intent to relocate; or (D) the failure of a franchisee to change the location of the dealership or to make substantial alterations to the use or number of franchises on the dealership premises or facilities.

(ii) Notwithstanding the limitations of this section, a manufacturer may, for separate consideration, enter into a written contract with a dealer to exclusively sell and service a single make or line of new motor vehicles at a specific facility for a defined period of time. The penalty for breach of the contract must not exceed the amount of consideration paid by the manufacturer plus a reasonable rate of interest; ~~(j)~~

~~(k)~~ (k) Coerce or attempt to coerce a motor vehicle dealer to refrain from, or prohibit or attempt to prohibit a new motor vehicle dealer from acquiring, owning, having an investment in, participating in the management of, or holding a franchise agreement for the sale or service of another make or line of new motor vehicles or related products, or establishing another make or line of new motor vehicles or service in the same dealership facilities, if the prohibition against acquiring, owning, investing, managing, or holding a franchise for such additional make or line of vehicles or products, or establishing another make or line of new motor vehicles or service in the same dealership facilities, is not supported by reasonable business considerations. The burden of proving that reasonable business considerations support or justify the prohibition against the additional make or line of new motor vehicles or products or nonexclusive facilities is on the manufacturer;

(l) Require, by contract or otherwise, a new motor vehicle dealer to make a material alteration, expansion, or addition to any dealership facility, unless the required alteration, expansion, or addition is uniformly required of other similarly situated new motor vehicle dealers of the same make or line of vehicles and is reasonable in light of all existing circumstances, including economic conditions. In any proceeding in which a required facility alteration, expansion, or addition is an issue, the manufacturer or distributor has the burden of proof;

(m) Prevent or attempt to prevent by contract or otherwise any new motor vehicle dealer from changing the executive management of a new motor vehicle dealer unless the manufacturer or distributor, having the burden of proof, can show that a proposed change of executive management will result in executive management by a person or persons who are not of good moral character or who do not meet reasonable, preexisting, and equitably applied standards of the manufacturer or distributor. If a manufacturer or distributor rejects a proposed change in the executive management, the manufacturer or distributor shall give written notice of its reasons to the dealer within sixty days after receiving written notice from the dealer of the proposed change and all related information reasonably requested by the manufacturer or distributor, or the change in executive management must be considered approved; or

(n) Condition the sale, transfer, relocation, or renewal of a franchise agreement or condition manufacturer, distributor, factory branch, or factory representative sales, services, or parts incentives upon the manufacturer obtaining site control, including rights to purchase or lease the dealer's facility, or an agreement to make improvements or substantial renovations to a facility. For purposes of this section, a substantial renovation has a gross cost to the dealer in excess of five thousand dollars.

(2) Subsection (1)(a), (b), and (c) of this section do not apply to sales to a motor vehicle dealer: (a) For resale to a federal, state, or

local government agency; (b) where the vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e) where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleet" means a group of fifteen or more new motor vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department of licensing.

(3) The following definitions apply to this section:

(a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, distributor, factory branch, or factory representative, whether paid to the dealer or the ultimate purchaser of the vehicle.

(b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(c) "Motor vehicles" does not include trucks that are 14,001 pounds gross vehicle weight and above or recreational vehicles as defined in RCW 43.22.335.

(d) "Operate" means to manage a dealership, whether directly or indirectly.

(e) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW.

Sec. 7. RCW 46.96.200 and 1994 c 274 s 7 are each amended to read as follows:

(1) Notwithstanding the terms of a franchise, a manufacturer shall not (~~unreasonably~~) withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer who does not already hold a franchise with the manufacturer or is capable of being licensed as a new motor vehicle dealer in the state of Washington. A decision or determination made by the administrative law judge as to whether a qualified buyer is capable of being licensed as a new motor vehicle dealer in the state of Washington is not conclusive or determinative of any ultimate determination made by the department of licensing as to the buyer's qualification for a motor vehicle dealer license. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally used by the manufacturer containing the information and reasonable promises required by a manufacturer is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging new motor vehicle dealer, and the department of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the new motor vehicle dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice shall be served not later than sixty days after the receipt of all of such documents. Service of all notices under this section shall be made by personal service or by certified mail, return receipt requested.

(3) The notice in subsection (2) of this section shall state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring new motor vehicle dealer, the new motor vehicle dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition shall contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed, and the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) (In determining whether the manufacturer unreasonably withheld its approval to the sale, transfer, or exchange, the manufacturer has the burden of proof that it acted reasonably. A manufacturer's refusal to accept or approve a proposed buyer who otherwise meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer, or who otherwise is capable of being licensed as a new motor vehicle dealer in the state of Washington, is presumed to be unreasonable.

~~(6))~~ The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging new motor vehicle dealer and the manufacturer may be parties to the hearing.

~~(7))~~ (6) The administrative law judge shall conduct any hearing as provided in RCW 46.96.050(2), and all hearing costs shall be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging new motor vehicle dealer may appeal the final order of the administrative law judge as provided in RCW 46.96.050(3).

~~(8))~~ (7) This section and RCW 46.96.030 through 46.96.110 apply to all franchises and contracts existing on July 23, 1989, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.

~~(9))~~ (8) RCW 46.96.140 through 46.96.190 apply to all franchises and contracts existing on October 1, 1994, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.

NEW SECTION. Sec. 8. A new section is added to chapter 46.96 RCW to read as follows:

(1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for a termination, cancellation, or nonrenewal under RCW 46.96.070(2), or a voluntary termination, cancellation, or nonrenewal initiated by the dealer, the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer the fair market value of the motor vehicle dealer's goodwill for the make or line as of the date

immediately preceding any communication to the public or dealer regarding termination. To the extent the franchise agreement provides for the payment or reimbursement to the new motor vehicle dealer in excess of the value specified in this section, the provisions of the franchise agreement control.

(2) The manufacturer shall pay the new motor vehicle dealer the value specified in subsection (1) of this section within ninety days after the date of termination.

NEW SECTION. Sec. 9. A new section is added to chapter 46.96 RCW to read as follows:

A manufacturer shall, upon demand, indemnify and hold harmless any existing or former franchisee and the franchisee's successors and assigns from any and all damages sustained and attorneys' fees and other expenses reasonably incurred by the franchisee that result from or relate to any claim made or asserted by a third party against the franchisee to the extent the claim results from any of the following:

(1) The condition, characteristics, manufacture, assembly, or design of any vehicle, parts, accessories, tools, or equipment, or the selection or combination of parts or components manufactured or distributed by the manufacturer or distributor;

(2) Service systems, procedures, or methods that the franchisor required or recommended the franchisee to use;

(3) Improper use by the manufacturer, its assignees, contractors, representatives, or licensees of nonpublic personal information obtained from a franchisee concerning any consumer, customer, or employee of the franchisee; or

(4) Any act or omission of the manufacturer or distributor for which the franchisee would have a claim for contribution or indemnity under applicable law or under the franchise, irrespective of any prior termination or expiration of the franchise.

NEW SECTION. Sec. 10. A new section is added to chapter 46.96 RCW to read as follows:

A manufacturer may not take or threaten to take any adverse action against a new motor vehicle dealer, including charge backs, reducing vehicle allocations, or terminating or threatening to terminate a franchise, because the dealer sold or leased a vehicle to a customer who exported the vehicle to a foreign country or who resold the vehicle, unless the manufacturer or distributor definitively proves that the dealer knew or reasonably should have known that the customer intended to export or resell the vehicle. A manufacturer or distributor shall, upon demand, indemnify, hold harmless, and defend any existing or former franchisee or franchisee's successors or assigns from any and all claims asserted, or damages sustained and attorneys' fees and other expenses reasonably incurred by the franchisee that result from or relate to any claim made or asserted, by a third party against the franchisee for any policy, program, or other behavior suggested by the manufacturer for sales of vehicles to parties that intend to export a vehicle purchased from the franchisee.

NEW SECTION. Sec. 11. A new section is added to chapter 46.96 RCW to read as follows:

A new motor vehicle dealer who is injured in his or her business or property by a violation of this chapter may bring a civil action in the superior court to recover the actual damages sustained by the dealer, together with the costs of the suit, including reasonable attorneys' fees if the new motor vehicle dealer prevails. The new motor vehicle dealer may bring a civil action in district court to recover his or her actual damages, except for damages that exceed the amount specified in RCW 3.66.020, and the costs of the suit, including reasonable attorneys' fees.

NEW SECTION. Sec. 12. A new section is added to chapter 46.96 RCW to read as follows:

A manufacturer or distributor shall not enter into an agreement or understanding with a new motor vehicle dealer that requires the dealer to waive any provisions of this chapter. However, a dealer may, by written contract and for valuable and reasonable separate

consideration, waive, limit, or disclaim a manufacturer's obligations or a dealer's rights under RCW 46.96.080, 46.96.090, 46.96.105, 46.96.140, and 46.96.150, if the contract sets forth the specific provisions of this chapter that are waived, limited, or disclaimed. A manufacturer shall not coerce, threaten, intimidate, or require a new motor vehicle dealer, as a condition to granting or renewing a franchise, to enter into such an agreement or understanding.

NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 2 of the title, after "manufacturers;" strike the remainder of the title and insert "amending RCW 46.96.030, 46.96.070, 46.96.090, 46.96.105, 46.96.110, 46.96.185, and 46.96.200; and adding new sections to chapter 46.96 RCW."

E2SSB 6409 Prime Sponsor, Committee on Ways & Means: Creating the Washington opportunity pathways account. Reported by Committee on Ways & Means

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 14. The legislature finds that institutions of higher education are key to the future employment opportunities of Washington citizens and to the economic well-being of the state. The legislature further finds that current student financial aid programs are underfunded and subject to the unpredictability of the state budget. It is the intent of the legislature to direct increases in lottery account moneys toward stabilizing and increasing existing resources for

opportunity grants, GET ready for math and science scholarships, passport to college scholarships, college bound scholarships, the state work study program, the state need grant, Washington scholars awards, and the Washington award for vocational excellence.

NEW SECTION. Sec. 15. A new section is added to chapter 28B.76 RCW to read as follows:

The Washington opportunity pathways account is created in the state treasury. Expenditures from the account may be used only for programs in chapter 28B.12 RCW (state work-study), chapter 28B.50 RCW (opportunity grant), RCW 28B.76.660 (Washington scholars award), RCW 28B.76.670 (Washington award for vocational excellence), chapter 28B.92 RCW (state need grant program), chapter 28B.105 RCW (GET ready for math and science scholarship), chapter 28B.117 RCW (passport to college promise), and chapter 28B.118 RCW (college bound scholarship).

Sec. 16. RCW 67.70.340 and 2009 c 576 s 2 and 2009 c 479 s 45 are each reenacted and amended to read as follows:

(1) The legislature recognizes that creating a shared game lottery could result in less revenue being raised by the existing state lottery ticket sales. The legislature further recognizes that the fund most impacted by this potential event is the education construction account. Therefore, it is the intent of the legislature to use some of the proceeds from the shared game lottery to make up the difference that the potential state lottery revenue loss would have on the education construction account. The legislature further intends to use some of the proceeds from the shared game lottery to fund programs and services related to problem and pathological gambling.

(2) The education construction account is expected to receive one hundred two million dollars annually from state lottery games other than the shared game lottery. For fiscal year 2003 and thereafter, if the amount of lottery revenues earmarked for the education construction account is less than one hundred two million dollars, the commission, after making the transfer required under subsection (3) of this section, must transfer sufficient moneys from revenues derived from the shared game lottery into the education construction account to bring the total revenue up to one hundred two million dollars.

(3)(a) The commission shall transfer, from revenue derived from the shared game lottery, to the problem gambling account created in RCW 43.20A.892, an amount equal to the percentage specified in (b) of this subsection of net receipts. For purposes of this subsection, "net receipts" means the difference between (i) revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares; and (ii) the sum of payments made to winners.

(b) In fiscal year 2006, the percentage to be transferred to the problem gambling account is one-tenth of one percent. In fiscal year 2007 and subsequent fiscal years, the percentage to be transferred to the problem gambling account is thirteen one-hundredths of one percent.

(4) The commission shall transfer the remaining net revenues, if any, derived from the shared game lottery "Powerball" authorized in RCW 67.70.044(1) after the transfers pursuant to this section into the state general fund for the student achievement program under RCW 28A.505.220.

(5) The remaining net revenues, if any, in the shared game lottery account after the transfers pursuant to this section shall be deposited into the ~~(general fund)~~ Washington opportunity pathways account.

NEW SECTION. Sec. 17. In consultation with independent experts and in collaboration with the higher education coordinating board, the state lottery commission shall upon the effective date of this act develop and begin implementation of a strategy and plan for actively marketing the state lottery as an essential contributor to higher education. The commission shall report to the appropriate committees of the legislature on the key messages, components, performance objectives, and anticipated revenue impacts of the strategy by December 1, 2010.

NEW SECTION. Sec. 18. The joint legislative audit and review committee shall conduct a review of marketing and vendor expenditures and incentive payment programs at the state lottery commission to identify cost savings and efficiencies to maximize contributions to beneficiaries under this act. This review shall include examination of the following:

(1) The expenditures at the state lottery commission related to marketing and vendors compared with ticket sales. This review shall include an analysis of: Marketing expenses for fiscal years 2005 to 2010 and the impact on ticket sales; the impact to sales of tickets from the change in lottery beneficiaries provided in this act from the education construction fund to the Washington opportunity pathways account; and the competitive bidding process for vendors in Washington. In its final report on this subject, due to the legislature by November 2010, the joint legislative audit and review committee shall provide: A description of the competitive contracting processes for marketing services and vendors, and any marketing programs or expenditures funded through the lottery administrative account; an all-state survey of marketing and vendor contractors for other state lotteries; identification of whether there are duplicative or unproductive marketing activities; identification of whether savings may occur from changing vendors; and an analysis of marketing expenses and ticket sales for fiscal year 2000 through the months of fiscal year 2011 for which data are available.

(2) The incentive payment program for employees at the state lottery commission. This review shall include an analysis of the state's laws, policies, procedures, and practices as they relate to incentive payments. In its final report on this subject, due to the legislature by November 2010, the joint legislative audit and review committee shall provide: A description of how the incentive payment program at the state lottery commission operates, and comparison to best practices for outcome-based performance payments."

SECOND READING

SECOND SUBSTITUTE SENATE BILL NO. 6578, by Senate Committee on Ways & Means (originally sponsored by Senators Swecker, Jacobsen, Kastama, Pflug, Becker and Fraser)

Creating an optional multiagency permitting team. Revised for 2nd Substitute: Concerning the creation of optional multiagency permitting teams.

The bill was read the second time.

Representative Orcutt moved the adoption of amendment (1605).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the state of Washington maintains at least twelve state agencies that exist either wholly or in part to manage, regulate, mediate, or enforce the state's public and private natural resources, many of which have overlapping jurisdiction and authorities.

(2) The legislature finds that the overlap of state natural resources agencies creates unnecessary expenses for the state government, confusion for the state's citizens, and hampers private sector economic development.

(3) The legislature finds that it is important for state agencies to communicate, share resources, and provide comments during each other's rule-making processes. However, it is unnecessarily duplicative for more than one state agency to be involved in the implementation or enforcement of any one program.

Sec. 2. RCW 76.09.360 and 1997 c 290 s 2 are each amended to read as follows:

The department (~~(together with the department of fish and wildlife, and the department of ecology relating to water quality protection,)~~) shall develop a suitable process to permit landowners to secure all permits required for the conduct of forest practices (~~(in a single multiyear permit)~~) to be (~~(jointly)~~) issued only by the (~~(departments and the departments shall report their findings to the legislature not later than December 31, 2000)~~) department.

NEW SECTION. Sec. 3. A new section is added to chapter 77.55 RCW to read as follows:

The requirements of RCW 77.55.021 are to be considered satisfied for any project that is required under chapter 76.09 RCW to submit a forest practices application or that is associated with any project that is required under chapter 76.09 RCW to submit a forest practices application.

Sec. 4. RCW 76.09.040 and 2009 c 246 s 1 are each amended to read as follows:

(1) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall adopt forest practices rules pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:

- (a) Establish minimum standards for forest practices;
- (b) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a) of this subsection if the plan is consistent with the purposes and policies stated in RCW 76.09.010 and the plan meets or exceeds the objectives of the minimum standards;
- (c) Set forth necessary administrative provisions;
- (d) Establish procedures for the collection and administration of forest practice fees as set forth by this chapter; and
- (e) Allow for the development of watershed analyses.

Forest practices rules pertaining to water quality protection shall be adopted by the board after reaching agreement with the director of the department of ecology or the director's designee on the board with respect thereto. All other forest practices rules shall be adopted by the board.

Forest practices rules shall be administered and enforced by either the department or the local governmental entity as provided in this chapter. Such rules shall be adopted and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2) The board shall prepare proposed forest practices rules (~~(. In addition to any forest practices rules relating to water quality protection proposed by the board, the department of ecology may submit to the board)~~) including proposed forest practices rules relating to water quality protection.

Prior to initiating the rule-making process, the proposed rules shall be submitted for review and comments to the department of fish and wildlife, the department of ecology, and to the counties of the state. After receipt of the proposed forest practices rules, the department of fish and wildlife, the department of ecology, and the counties of the state shall have thirty days in which to review and submit comments to the board (~~(, and to the department of ecology with respect to its proposed rules relating to water quality protection)~~). After the expiration of such thirty day period the board (~~(and the department of ecology)~~) shall jointly hold one or more hearings on the proposed rules pursuant to chapter 34.05 RCW. At such hearing(s) any county may propose specific forest practices rules relating to problems existing within such county. The board may adopt (~~(and the department of ecology may approve)~~) such proposals if they find the proposals are consistent with the purposes and policies of this chapter.

(3) The board shall establish by rule a program for the acquisition of riparian open space and critical habitat for threatened or endangered species as designated by the board. Acquisition must be a conservation easement. Lands eligible for acquisition are forest lands within unconfined channel migration zones or forest lands containing

critical habitat for threatened or endangered species as designated by the board. Once acquired, these lands may be held and managed by the department, transferred to another state agency, transferred to an appropriate local government agency, or transferred to a private nonprofit nature conservancy corporation, as defined in RCW 64.04.130, in fee or transfer of management obligation. The board shall adopt rules governing the acquisition by the state or donation to the state of such interest in lands including the right of refusal if the lands are subject to unacceptable liabilities. The rules shall include definitions of qualifying lands, priorities for acquisition, and provide for the opportunity to transfer such lands with limited warranties and with a description of boundaries that does not require full surveys where the cost of securing the surveys would be unreasonable in relation to the value of the lands conveyed. The rules shall provide for the management of the lands for ecological protection or fisheries enhancement. For the purposes of conservation easements entered into under this section, the following apply: (a) For conveyances of a conservation easement in which the landowner conveys an interest in the trees only, the compensation must include the timber value component, as determined by the cruised volume of any timber located within the channel migration zone or critical habitat for threatened or endangered species as designated by the board, multiplied by the appropriate quality code stumpage value for timber of the same species shown on the appropriate table used for timber harvest excise tax purposes under RCW 84.33.091; (b) for conveyances of a conservation easement in which the landowner conveys interests in both land and trees, the compensation must include the timber value component in (a) of this subsection plus such portion of the land value component as determined just and equitable by the department. The land value component must be the acreage of qualifying channel migration zone or critical habitat for threatened or endangered species as determined by the board, to be conveyed, multiplied by the average per acre value of all commercial forest land in western Washington or the average for eastern Washington, whichever average is applicable to the qualifying lands. The department must determine the western and eastern Washington averages based on the land value tables established by RCW 84.33.140 and revised annually by the department of revenue.

(4) Subject to appropriations sufficient to cover the cost of such an acquisition program and the related costs of administering the program, the department must establish a conservation easement in land that an owner tenders for purchase; provided that such lands have been taxed as forest lands and are located within an unconfined channel migration zone or contain critical habitat for threatened or endangered species as designated by the board. Lands acquired under this section shall become riparian or habitat open space. These acquisitions shall not be deemed to trigger the compensating tax of chapters 84.33 and 84.34 RCW.

(5) Instead of offering to sell interests in qualifying lands, owners may elect to donate the interests to the state.

(6) Any acquired interest in qualifying lands by the state under this section shall be managed as riparian open space or critical habitat.

Sec. 5. RCW 76.09.050 and 2005 c 146 s 1003 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted

without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, RCW 77.55.021;

(c) Within "shoreslines of the state" as defined in RCW 90.58.030;

(d) Excluded from Class II by the board; or

(e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, (d) involving timber harvesting or road construction on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides: (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or (ii) a conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or

continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the ~~((departments of ecology and fish and wildlife, and to the))~~ county, city, or town in whose jurisdiction the forest practice is to be commenced. ~~((Any comments by such agencies shall be directed to the department of natural resources.))~~

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.

Sec. 6. RCW 76.09.060 and 2007 c 480 s 11 and 2007 c 106 s 1 are each reenacted and amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the notification and application shall be signed or otherwise certified as acceptable. Activities conducted by the department or a contractor under the direction of the department under the provisions of RCW 76.04.660, shall be exempt from the landowner signature requirement on any forest practice application required to be filed. The application or notification shall be delivered in person to the department, sent by first-class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.56 RCW. The information required may include, but is not limited to:

(a) Name and address of the forest landowner, timber owner, and operator;

(b) Description of the proposed forest practice or practices to be conducted;

(c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately

adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;

(g) Soil, geological, and hydrological data with respect to forest practices;

(h) The expected dates of commencement and completion of all forest practices specified in the application;

(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;

(j) An affirmation that the statements contained in the notification or application are true; and

(k) All necessary application or notification fees.

(2) Long range plans may be submitted to the department for review and consultation.

(3) The application for a forest practice or the notification of a forest practice is subject to the reforestation requirement of RCW 76.09.070.

(a) If the application states that any land will be or is intended to be converted:

(i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as well as the forest practices rules.

(b) Except as provided elsewhere in this section, if the landowner harvests without an approved application or notification or the landowner does not state that any land covered by the application or notification will be or is intended to be converted, and the department or the county, city, town, or regional governmental entity becomes aware of conversion activities to a use other than commercial timber operations, as that term is defined in RCW 76.09.020, then the department shall send to ~~(the department of ecology and)~~ the appropriate county, city, town, and regional governmental entities the following documents:

(i) A notice of a conversion to nonforestry use;

(ii) A copy of the applicable forest practices application or notification, if any; and

(iii) Copies of any applicable outstanding final orders or decisions issued by the department related to the forest practices application or notification.

(c) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes.

(d) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices application or notification without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had stated an intent to convert.

(e) Land that is the subject of a notice of conversion to a nonforestry use produced by the department and sent to the department of ecology and a local government under this subsection is subject to the development prohibition and conditions provided in RCW 76.09.460.

(f) Landowners who have not stated an intent to convert the land covered by an application or notification and who decide to convert the land to a nonforestry use within six years of receiving an approved application or notification must do so in a manner consistent with RCW 76.09.470.

(g) The application or notification must include a statement requiring an acknowledgment by the forest landowner of his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of two years from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed. At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more than one forest practice may have an effective term of more than two years. The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than two years. Such rules shall include extended time periods for application or notification approval or disapproval. On an approved application with a term of more than two years, the applicant shall inform the department before commencing operations.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in RCW 76.06.130.

(a) For the purposes of this subsection, exotic forest insect or disease has the same meaning as defined in RCW 76.06.020.

(b) In order to minimize adverse impacts to public resources, control measures must be based on integrated pest management, as defined in RCW 17.15.010, and must follow forest practices rules relating to road construction and maintenance, timber harvest, and

forest chemicals, to the extent possible without compromising control objectives.

(c) Agencies conducting or directing control efforts must provide advance notice to the appropriate regulatory staff of the department of the operations that would be subject to exemption from forest practices application or notification requirements.

(d) When the appropriate regulatory staff of the department are notified under (c) of this subsection, they must consult with the landowner, interested agencies, and affected tribes, and assist the notifying agencies in the development of integrated pest management plans that comply with forest practices rules as required under (b) of this subsection.

(e) Nothing under this subsection relieves agencies conducting or directing control efforts from requirements of the federal clean water act as administered by the department of ecology under RCW 90.48.260.

(f) Forest lands where trees have been cut as part of an exotic forest insect or disease control effort under this subsection are subject to reforestation requirements under RCW 76.09.070.

(g) The exemption from obtaining approved forest practices applications or notifications does not apply to forest practices conducted after the governor, the director of the department of agriculture, or the commissioner of public lands have declared that an emergency no longer exists because control objectives have been met, that there is no longer an imminent threat, or that there is no longer a good likelihood of control.

Sec. 7. RCW 76.09.100 and 1975 1st ex.s. c 200 s 7 are each amended to read as follows:

If the department (~~(of ecology)~~) determines that a person has failed to comply with the forest practices regulations relating to water quality protection, and (~~(that the department of natural resources has not issued a stop work order or notice to comply, the department of ecology shall inform the department thereof. If)~~) the department of natural resources fails to take authorized enforcement action within twenty-four hours under RCW 76.09.080, 76.09.090, 76.09.120, or 76.09.130, the (~~(department of ecology may petition to the chairman)~~) chair of the appeals board (~~(-who)~~) shall, within forty- eight hours, either deny (~~(the petition)~~) further consideration or direct the department of natural resources to immediately issue a stop work order or notice to comply, or to impose a penalty. No civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department of natural resources.

Sec. 8. RCW 76.09.150 and 2000 c 11 s 7 are each amended to read as follows:

(1) The department shall make inspections of forest lands, before, during and after the conducting of forest practices as necessary for the purpose of ensuring compliance with this chapter and the forest practices rules and to ensure that no material damage occurs to the natural resources of this state as a result of such practices.

(2) Any duly authorized representative of the department shall have the right to enter upon forest land at any reasonable time to enforce the provisions of this chapter and the forest practices rules.

(3) The department (~~(or the department of ecology)~~) may apply for an administrative inspection warrant to either Thurston county superior court, or the superior court in the county in which the property is located. An administrative inspection warrant may be issued where:

(a) The department has attempted an inspection of forest lands under this chapter to ensure compliance with this chapter and the forest practices rules or to ensure that no potential or actual material damage occurs to the natural resources of this state, and access to all or part of the forest lands has been actually or constructively denied; or

(b) The department has reasonable cause to believe that a violation of this chapter or of rules adopted under this chapter is occurring or has occurred.

(4) In connection with any watershed analysis, any review of a pending application by an identification team appointed by the department, any compliance studies, any effectiveness monitoring, or other research that has been agreed to by a landowner, the department may invite representatives of other agencies, tribes, and interest groups to accompany a department representative and, at the landowner's election, the landowner, on any such inspections. Reasonable efforts shall be made by the department to notify the landowner of the persons being invited onto the property and the purposes for which they are being invited.

Sec. 9. RCW 76.09.260 and 1974 ex.s. c 137 s 26 are each amended to read as follows:

The department shall represent the state's interest in matters pertaining to forestry and forest practices, including federal matters and matters relating to representing the state for the purposes of the federal water pollution control act as it relates to forest practices, and may consult with and cooperate with the federal government and other states, as well as other public agencies, in the study and enhancement of forestry and forest practices. The department is authorized to accept, receive, disburse, and administer grants or other funds or gifts from any source, including private individuals or agencies, the federal government, and other public agencies for the purposes of carrying out the provisions of this chapter.

((Nothing in this chapter shall modify the designation of the department of ecology as the agency representing the state for all purposes of the Federal Water Pollution Control Act.))

Sec. 10. RCW 76.09.470 and 2007 c 106 s 3 are each amended to read as follows:

(1) If a landowner who did not state an intent to convert his or her land to a nonforestry use decides to convert his or her land to a nonforestry use within six years of receiving an approved forest practices application or notification under this chapter, the landowner must:

(a) Stop all forest practices activities on the parcels subject to the proposed land use conversion to a nonforestry use;

(b) Contact the (~~(department of ecology and the)~~) applicable county, city, town, or regional governmental entity to begin the permitting process; and

(c) Notify the department and withdraw any applicable applications or notifications or request a new application for conversion.

(2) Upon being contacted by a landowner under this section, the county, city, town, or regional governmental entity must:

(a) Notify the department and request from the department the status of any applicable forest practices applications, notifications, or final orders or decisions; and

(b) Complete the following activities:

(i) Require that the landowner be in full compliance with chapter 43.21C RCW, if applicable;

(ii) Receive notification from the department that the landowner has resolved any outstanding final orders or decisions issued by the department; and

(iii) Make a determination as to whether or not the condition of the land in question is in full compliance with local ordinances and regulations. If full compliance is not found, a mitigation plan to address violations of local ordinances or regulations must be required for the parcel in question by the county, city, town, or regional governmental entity. Required mitigation plans must be prepared by the landowner and approved by the county, city, town, or regional governmental entity. Once approved, the mitigation plan must be implemented by the landowner. Mitigation measures that may be required include, but are not limited to, revegetation requirements to plant and maintain trees of sufficient maturity and appropriate species

composition to restore critical area and buffer function or to be in compliance with applicable local government regulations.

NEW SECTION. Sec. 11. A new section is added to chapter 90.48 RCW to read as follows:

All responsibilities and duties of the department under this chapter are transferred to the department of natural resources for any discharge or other water quality issue related to a project required to obtain a forest practices approval under chapter 76.09 RCW.

NEW SECTION. Sec. 15. A new section is added to chapter 90.48 RCW to read as follows:

All responsibilities and duties of the department under this chapter are transferred to the department of agriculture with regard to any matters falling within the scope of chapter 90.64 RCW.

Sec. 16. RCW 90.48.260 and 2007 c 341 s 55 are each amended to read as follows:

Unless otherwise designated in this chapter, the department of ecology is hereby designated as the state water pollution control agency for all purposes of the federal clean water act as it exists on February 4, 1987, and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. With regard to the national estuary program established by section 320 of that act, the department shall exercise its responsibility jointly with the Puget Sound partnership, created in RCW 90.71.210. The department of ecology may delegate its authority under this chapter, including its national pollutant discharge elimination permit system authority and duties regarding animal feeding operations and concentrated animal feeding operations, to the department of agriculture through a memorandum of understanding. Until any such delegation receives federal approval, the department of agriculture's adoption or issuance of animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives will achieve compliance with all federal and state water pollution control laws. The powers granted herein include, among others, and notwithstanding any other provisions of chapter 90.48 RCW or otherwise, the following:

(1) Complete authority to establish and administer a comprehensive state point source waste discharge or pollution discharge elimination permit program which will enable the department to qualify for full participation in any national waste discharge or pollution discharge elimination permit system and will allow the department to be the sole agency issuing permits required by such national system operating in the state of Washington subject to the provisions of RCW 90.48.262(2). Program elements authorized herein may include, but are not limited to: (a) Effluent treatment and limitation requirements together with timing requirements related thereto; (b) applicable receiving water quality standards requirements; (c) requirements of standards of performance for new sources; (d) pretreatment requirements; (e) termination and modification of permits for cause; (f) requirements for public notices and opportunities for public hearings; (g) appropriate relationships with the secretary of the army in the administration of his responsibilities which relate to anchorage and navigation, with the administrator of the environmental protection agency in the performance of his duties, and with other governmental officials under the federal clean water act; (h) requirements for inspection, monitoring, entry, and reporting; (i) enforcement of the program through penalties, emergency powers, and criminal sanctions; (j) a continuing planning process; and (k) user charges.

(2) The power to establish and administer state programs in a manner which will insure the procurement of moneys, whether in the form of grants, loans, or otherwise; to assist in the construction, operation, and maintenance of various water pollution control facilities and works; and the administering of various state water pollution control management, regulatory, and enforcement programs.

(3) The power to develop and implement appropriate programs pertaining to continuing planning processes, area-wide waste treatment management plans, and basin planning.

The governor shall have authority to perform those actions required of him or her by the federal clean water act.

Sec. 17. RCW 77.55.021 and 2008 c 272 s 1 are each amended to read as follows:

(1) Except as provided in RCW 77.55.031, 77.55.051, ~~((and))~~ 77.55.041, and section 3 of this act, in the event that any person or government agency desires to undertake a hydraulic project, the person or government agency shall, before commencing work thereon, secure the approval of the department in the form of a permit as to the adequacy of the means proposed for the protection of fish life.

(2) A complete written application for a permit may be submitted in person or by registered mail and must contain the following:

- (a) General plans for the overall project;
- (b) Complete plans and specifications of the proposed construction or work within the mean higher high water line in saltwater or within the ordinary high water line in freshwater;
- (c) Complete plans and specifications for the proper protection of fish life; and
- (d) Notice of compliance with any applicable requirements of the state environmental policy act, unless otherwise provided for in this chapter.

(3)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned. Except as provided in this subsection and subsections (8), (10), and (12) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

- (i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;
- (ii) The site is physically inaccessible for inspection;

(iii) The applicant requests a delay; or

(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(c) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

(4) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life. Issuance, denial, conditioning, or modification of a permit shall be appealable to the department or the board as specified in RCW 77.55.301 within thirty days of the notice of decision.

(5)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for a period of up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(6) The department may, after consultation with the permittee, modify a permit due to changed conditions. The modification becomes effective unless appealed to the department or the board as specified in RCW 77.55.301 within thirty days from the notice of the proposed modification. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(7) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the board within thirty days of the notice of the decision. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(8)(a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, oral approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of

the emergency oral permit must be established by the department and reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(9) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

(10) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(11)(a) For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department shall issue a permit, upon request, for work necessary to abate the chronic danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and (3) of this section.

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

(12) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

Sec. 18. RCW 77.12.755 and 2003 c 311 s 10 are each amended to read as follows:

~~(In coordination with the department of natural resources and lead entity groups.)~~ The department must establish a ranked inventory of fish passage barriers on land owned by small forest landowners based on the principle of fixing the worst first within a watershed consistent with the fish passage priorities of the forest and fish report. The department shall first gather and synthesize all available existing information about the locations and impacts of fish

passage barriers in Washington. This information must include, but not be limited to, the most recently available limiting factors analysis conducted pursuant to RCW 77.85.060(2), the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHAP), and any comparable science-based assessment when available. The inventory of fish passage barriers must be kept current and at a minimum be updated by the beginning of each calendar year. Nothing in this section grants the department or others additional right of entry onto private property.

Sec. 19. RCW 77.12.870 and 2009 c 333 s 21 are each amended to read as follows:

(1) The department (~~(in consultation with the Northwest straits commission, the department of natural resources, and other interested parties,))~~ must create and maintain a database of known derelict fishing gear, including the type of gear and its location.

(2) A person who loses or abandons commercial fishing gear within the waters of the state is encouraged to report the location of the loss and the type of gear lost to the department within forty-eight hours of the loss.

Sec. 20. RCW 77.12.878 and 2002 c 281 s 6 are each amended to read as follows:

(1) The director shall create a rapid response plan in cooperation with the aquatic nuisance species committee and its member agencies that describes actions to be taken when a prohibited aquatic animal species is found to be infesting a water body. These actions include eradication or control programs where feasible and containment of infestation where practical through notification, public education, and the enforcement of regulatory programs.

(2) The commission may adopt rules to implement the rapid response plan.

(3) The director (~~(the department of ecology, and the Washington state parks and recreation commission))~~ may post signs at water bodies that are infested with aquatic animal species that are classified as prohibited aquatic animal species under RCW 77.12.020 or with invasive species of the plant kingdom. The signs should identify the prohibited plant and animal species present and warn users of the water body of the hazards and penalties for possessing and transporting these species. Educational signs may be placed at uninfested sites.

Sec. 21. RCW 77.15.390 and 2001 c 253 s 40 are each amended to read as follows:

(1) A person is guilty of unlawful taking of seaweed if the person takes, possesses, or harvests seaweed and:

(a) The person does not have and possess the license required by chapter 77.32 RCW for taking seaweed; or

(b) The action violates any rule of the department (~~(or the department of natural resources))~~ regarding seasons, possession limits, closed areas, closed times, or any other rule addressing the manner or method of taking, possessing, or harvesting of seaweed.

(2) Unlawful taking of seaweed is a misdemeanor. This does not affect rights of the state to recover civilly for trespass, conversion, or theft of state-owned valuable materials.

Sec. 22. RCW 77.44.040 and 1996 c 222 s 4 are each amended to read as follows:

The goals of the warm water game fish enhancement program are to improve the fishing for warm water game fish using cost-effective management. Development of new ponds and lakes shall be an important and integral part of the program. The department shall work (~~(with the department of natural resources))~~ to coordinate the reclamation of surface mines and the development of warm water game fish ponds. Improvement of warm water fishing shall be coordinated with the protection and conservation of cold water fish populations. This shall be accomplished by carefully designing the warm water projects to have minimal adverse effects upon the cold water fish populations. New pond and lake development should have

beneficial effects upon wildlife due to the increase in lacustrine and wetland habitat that will accompany the improvement of warm water fish habitat. The department shall not develop projects that will increase the populations of undesirable or deleterious fish species such as carp, squawfish, walking catfish, and others.

Fish culture programs shall be used in conditions where they will prove to be cost-effective, and may include the purchase of warm water fish from aquatic farmers defined in RCW 15.85.020.

Consideration should be made for development of urban area enhancement of fishing opportunity for put-and-take species, such as channel catfish, that are amenable to production by low-cost fish culture methods. Fish culture shall also be used for stocking of high value species, such as walleye, smallmouth bass, and tiger musky. Introduction of special genetic strains that show high potential for recreational fishing improvement, including Florida strain largemouth bass and striped bass, shall be considered.

Transplantation and introduction of exotic warm water fish shall be carefully reviewed to assure that adverse effects to native fish and wildlife populations do not occur. This review shall include an analysis of consequences from disease and parasite introduction.

Population management through the use of fish toxicants, including rotenone or derris root, shall be an integral part of the warm water game fish enhancement program. However, any use of fish toxicants shall be subject to a thorough review to prevent adverse effects to cold water fish, desirable warm water fish, and other biota. Eradication of deleterious fish species shall be a goal of the program.

Habitat improvement shall be a major aspect of the warm water game fish enhancement program. Habitat improvement opportunities shall be defined with scientific investigations, field surveys, and by using the extensive experience of other state management entities. Installation of cover, structure, water flow control structures, screens, spawning substrate, vegetation control, and other management techniques shall be fully used. The department shall work to gain access to privately owned waters that can be developed with habitat improvements to improve the warm water resource for public fishing.

The department shall use the resources of cooperative groups to assist in the planning and implementation of the warm water game fish enhancement program. In the development of the program the department shall actively involve the organized fishing clubs that primarily fish for warm water fish. The warm water fish enhancement program shall be cooperative between the department and private landowners; private landowners shall not be required to alter the uses of their private property to fulfill the purposes of the warm water fish enhancement program. The director shall not impose restrictions on the use of private property, or take private property, for the purpose of the warm water fish enhancement program.

Sec. 23. RCW 77.55.121 and 2005 c 146 s 404 are each amended to read as follows:

(1) Beginning in January 1998, the department (~~(and the department of natural resources))~~ shall implement a habitat incentives program based on the recommendations of federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the timber, fish, and wildlife cooperators, and other interested parties. The program shall allow a private landowner to enter into an agreement with the department(~~(s))~~) to enhance habitat on the landowner's property for food fish, game fish, or other wildlife species. In exchange, the landowner shall receive state regulatory certainty with regard to future applications for a permit or a forest practices permit on the property covered by the agreement. The overall goal of the program is to provide a mechanism that facilitates habitat development on private property while avoiding an adverse state regulatory impact to the landowner at some future date. A single agreement between the department(~~(s))~~) and a landowner may encompass up to one thousand acres. A landowner may enter into multiple agreements with the department(~~(s))~~), provided that the total

acreage covered by such agreements with a single landowner does not exceed ten thousand acres. The department ~~((s are))~~ is not obligated to enter into an agreement unless the department ~~((s))~~ finds that the agreement is in the best interest of protecting fish or wildlife species or their habitat.

(2) A habitat incentives agreement shall be in writing and shall contain at least the following: (a) A description of the property covered by the agreement; (b) an expiration date; (c) a description of the condition of the property prior to the implementation of the agreement; and (d) other information needed by the landowner and the departments for future reference and decisions.

(3) As part of the agreement, the department may stipulate the factors that will be considered when the department evaluates a landowner's application for a permit on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with ~~((the department of natural resources and))~~ affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of a permit must be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(4) As part of the agreement, the department ~~((of natural resources))~~ may stipulate the factors that will be considered when the department ~~((of natural resources))~~ evaluates a landowner's application for a forest practices permit under chapter 76.09 RCW on property covered by the agreement. The department's ~~((of natural resources))~~ identification of these evaluation factors shall be in concurrence with ~~((the department and))~~ affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of forest practices permits shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(5) The agreement is binding on and may be used by only the landowner who entered into the agreement with the department. The agreement shall not be appurtenant with the land. However, if a new landowner chooses to maintain the habitat enhancement efforts on the property, the new landowner and the department and the department of natural resources may jointly choose to retain the agreement on the property.

(6) If the department ~~((and the department of natural resources))~~ receives multiple requests for agreements with private landowners under the habitat incentives program, the department ~~((s))~~ shall prioritize these requests and shall enter into as many agreements as possible within available budgetary resources.

Sec. 24. RCW 77.55.211 and 2005 c 146 s 406 are each amended to read as follows:

The department ~~((the department of ecology, and the department of natural resources))~~ shall ~~((jointly))~~ develop an informational brochure that describes when permits and any other authorizations are required for flood damage prevention and reduction projects, and recommend ~~((s))~~ ways to best proceed through the various regulatory permitting processes.

Sec. 25. RCW 77.55.131 and 2005 c 146 s 405 are each amended to read as follows:

The department ~~((and the department of ecology))~~ will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84- 99, and state requirements established pursuant to RCW 77.55.021 are met.

Sec. 26. RCW 77.65.510 and 2009 c 195 s 1 are each amended to read as follows:

(1) The department must establish and administer a direct retail endorsement to serve as a single license that permits a Washington license holder or alternate operator to commercially harvest retail-eligible species and to clean, dress, and sell his or her catch directly to consumers at retail, including over the internet. The direct retail

endorsement must be issued as an optional addition to all holders of: (a) A commercial fishing license for retail-eligible species that the department offers under this chapter; and (b) an alternate operator license who are designated as an alternate operator on a commercial fishing license for retail eligible species.

(2) The direct retail endorsement must be offered at the time of application for the qualifying commercial fishing license. Individuals in possession of a qualifying commercial fishing license issued under this chapter, and alternate operators designated on such a license, may add a direct retail endorsement to their current license at any time. Individuals who do not have a commercial fishing license for retail-eligible species issued under this chapter, and who are not designated as alternate operators on such a license, may not receive a direct retail endorsement. The costs, conditions, responsibilities, and privileges associated with the endorsed commercial fishing license is not affected or altered in any way by the addition of a direct retail endorsement. These costs include the base cost of the license and any revenue and excise taxes.

(3) An individual need only add one direct retail endorsement to his or her license portfolio. If a direct retail endorsement is selected by an individual holding more than one commercial fishing license issued under this chapter, a single direct retail endorsement is considered to be added to all qualifying commercial fishing licenses held by that individual, and is the only license required for the individual to sell at retail any retail-eligible species permitted by all of the underlying endorsed licenses. If a direct retail endorsement is selected by an individual designated as an alternate operator on more than one commercial license issued under this chapter, a single direct retail endorsement is the only license required for the individual to sell at retail any retail-eligible species permitted by all of the underlying endorsed licenses on which the individual is designated as an alternate operator. The direct retail endorsement applies only to the Washington license holder or alternate operator obtaining the endorsement.

(4) In addition to any fees charged for the endorsed licenses and harvest documentation as required by this chapter or the rules of the department, the department may set a reasonable annual fee not to exceed the administrative costs to the department for a direct retail endorsement.

(5) The holder of a direct retail endorsement is responsible for documenting the commercial harvest of salmon and crab according to the provisions of this chapter, the rules of the department for a wholesale fish dealer, and the reporting requirements of the endorsed license. Any retail-eligible species caught by the holder of a direct retail endorsement must be documented on fish tickets.

(6) The direct retail endorsement must be displayed in a readily visible manner by the seller wherever and whenever a sale to someone other than a licensed wholesale dealer occurs. The commission may require that the holder of a direct retail endorsement notify the department up to eighteen hours before conducting an in-person sale of retail-eligible species, except for in-person sales that have a cumulative retail sales value of less than one hundred fifty dollars in a twenty-four hour period that are sold directly from the vessel. For sales occurring in a venue other than in person, such as over the internet, through a catalog, or on the phone, the direct retail endorsement number of the seller must be provided to the buyer both at the time of sale and the time of delivery. All internet sales must be conducted in accordance with federal laws and regulations.

(7) The direct retail endorsement is to be held by a natural person and is not transferrable or assignable. If the endorsed license is transferred, the direct retail endorsement immediately becomes void, and the transferor is not eligible for a full or prorated reimbursement of the annual fee paid for the direct retail endorsement. Upon becoming void, the holder of a direct retail endorsement must surrender the physical endorsement to the department.

(8) The holder of a direct retail endorsement must abide by the provisions of Title 69 RCW as they apply to the processing and retail sale of seafood. The department must distribute a pamphlet(~~(provided by the department of agriculture,)~~) with the direct retail endorsement generally describing the labeling requirements set forth in chapter 69.04 RCW as they apply to seafood.

(9) The holder of a qualifying commercial fishing license issued under this chapter, or an alternate operator designated on such a license, must either possess a direct retail endorsement or a wholesale dealer license provided for in RCW 77.65.280 in order to lawfully sell their catch or harvest in the state to anyone other than a licensed wholesale dealer.

(10) The direct retail endorsement entitles the holder to sell a retail-eligible species only at a temporary food service establishment as that term is defined in RCW 69.06.045, or directly to a restaurant or other similar food service business.

Sec. 27. RCW 77.70.210 and 2000 c 107 s 70 are each amended to read as follows:

(1) A herring spawn on kelp fishery license is required to commercially take herring eggs which have been deposited on vegetation of any type.

(2) A herring spawn on kelp fishery license may be issued only to a person who:

(a) Holds a herring fishery license issued under RCW 77.65.200 and 77.70.120; and

(b) Is the highest bidder in an auction conducted under subsection (3) of this section.

(3) The department shall sell herring spawn on kelp commercial fishery licenses at auction to the highest bidder. Bidders shall identify their sources of kelp. ~~((Kelp harvested from state-owned aquatic lands as defined in RCW 79.90.465 requires the written consent of the department of natural resources.))~~ The department shall give all holders of herring fishery licenses thirty days' notice of the auction.

Sec. 28. RCW 77.105.070 and 1994 c 264 s 47 are each amended to read as follows:

The department shall ~~((work with the department of ecology and local government entities to))~~ streamline the siting process for new enhancement projects. The department is encouraged to work with the legislature to develop statutory changes that enable expeditious processing and granting of permits for fish enhancement projects.

Sec. 29. RCW 79.13.620 and 2003 c 334 s 378 are each amended to read as follows:

(1) It is the purpose of ~~((chapter 163, Laws of 1996))~~ this section that all state agricultural lands, grazing lands, and grazeable woodlands ~~((shall))~~ be managed in keeping with the statutory and constitutional mandates under which each agency operates. ~~((Chapter 163, Laws of 1996 is consistent with section 1, chapter 4, Laws of 1993 sp. sess.))~~

(2) ~~((The ecosystem standards developed under chapter 4, Laws of 1993 sp. sess. for state-owned agricultural and grazing lands are defined as desired ecological conditions. The standards are not intended to prescribe practices. For this reason,))~~ Land managers are encouraged to use an adaptive management approach in selecting and implementing practices that work towards meeting the standards based on the best available science and evaluation tools.

(3) ~~((For as long as the chapter 4, Laws of 1993 sp. sess. ecosystem standards remain in effect, they))~~ Land shall be ~~((applied))~~ managed through a collaborative process that incorporates the following principles:

(a) The land manager and lessee or permittee shall look at the land together and make every effort to reach agreement on management and resource objectives for the land under consideration;

(b) They will then discuss management options and make every effort to reach agreement on which of the available options will be used to achieve the agreed-upon objectives;

(c) No land manager or owner ever gives up his or her management prerogative;

(d) Efforts will be made to make land management plans economically feasible for landowners, managers, and lessees and to make the land management plan compatible with the lessee's entire operation;

(e) Coordinated resource management planning is encouraged where either multiple ownerships, or management practices, or both, are involved;

(f) The department of fish and wildlife shall consider multiple use, including grazing, on lands owned or managed by the department of fish and wildlife where it is compatible with the management objectives of the land; and

(g) The department shall allow multiple use on lands owned or managed by the department where multiple use can be demonstrated to be compatible with RCW 79.10.100, 79.10.110, and 79.10.120.

(4) The ecosystem standards are to be achieved by applying appropriate land management practices on riparian lands and on the uplands in order to reach the desired ecological conditions.

~~((5))~~ The legislature urges that state agencies that manage grazing lands make planning and implementation of chapter 163, Laws of 1996, using the coordinated resource management and planning process, a high priority, especially where either multiple ownerships, or multiple use resources objectives, or both, are involved. In all cases, the choice of using the coordinated resource management planning process will be a voluntary decision by all concerned parties including agencies, private landowners, lessees, permittees, and other interests.)

Sec. 30. RCW 79.19.080 and 2003 c 334 s 531 are each amended to read as follows:

Periodically, at intervals to be determined by the board, the department shall identify trust lands which are expected to convert to commercial, residential, or industrial uses within ten years. The department shall adhere to existing local comprehensive plans, zoning classifications, and duly adopted local policies when making this identification and determining the fair market value of the property.

The department shall hold a public hearing on the proposal in the county where the state land is located. At least fifteen days but not more than thirty days before the hearing, the department shall publish a public notice of reasonable size in display advertising form, setting forth the date, time, and place of the hearing, at least once in one or more daily newspapers of general circulation in the county and at least once in one or more weekly newspapers circulated in the area where the trust land is located. At the same time that the published notice is given, the department shall give written notice of the hearings to the ~~((departments of fish and wildlife and general administration, to the parks and recreation commission, and to the))~~ county, city, or town in which the property is situated. The department shall disseminate a news release pertaining to the hearing among printed and electronic media in the area where the trust land is located. The public notice and news release also shall identify trust lands in the area which are expected to convert to commercial, residential, or industrial uses within ten years.

A summary of the testimony presented at the hearings shall be prepared for the board's consideration. The board shall designate trust lands which are expected to convert to commercial, residential, or industrial uses as urban land. Descriptions of lands designated by the board shall be made available to the county and city or town in which the land is situated and for public inspection and copying at the department's administrative office in Olympia, Washington and at each area office.

The hearing and notice requirements of this section apply to those trust lands which have been identified by the department prior to July 1, 1984, as being expected to convert to commercial, residential, or industrial uses within the next ten years, and which have not been sold or exchanged prior to July 1, 1984.

Sec. 31. RCW 79.70.030 and 2003 c 334 s 549 are each amended to read as follows:

In order to set aside, preserve, and protect natural areas within the state, the department is authorized, in addition to any other powers, to:

(1) Establish the criteria for selection, acquisition, management, protection, and use of such natural areas, including:

(a) Limiting public access to natural area preserves consistent with the purposes of this chapter. Where appropriate, and on a case-by-case basis, a buffer zone with an increased low level of public access may be created around the environmentally sensitive areas;

(b) Developing a management plan for each designated natural area preserve. The plan must identify the significant resources to be conserved consistent with the purposes of this chapter and identify the areas with potential for low-impact public and environmental educational uses. The plan must specify the types of management activities and public uses that are permitted, consistent with the purposes of this chapter. The department must make the plans available for review and comment by the public, and state, tribal, and local agencies, prior to final approval;

(2) Cooperate or contract with any federal, state, or local governmental agency, private organizations, or individuals in carrying out the purpose of this chapter;

(3) Consistent with the plan, acquire by gift, devise, purchase, grant, dedication, or means other than eminent domain, the fee or any lesser right or interest in real property which shall be held and managed as a natural area;

These disposal sites ~~((are))~~ should be approved through a cooperative planning process by the department ~~((s of natural resources and ecology))~~, the United States army corps of engineers, and the United States environmental protection agency ~~((in cooperation with the Puget Sound partnership))~~. These disposal sites are essential to the commerce and well-being of the citizens of the state of Washington. Management and environmental monitoring of these sites are necessary to protect environmental quality and to ~~((assure))~~ ensure appropriate use of state-owned aquatic lands. The creation of an aquatic land dredged material disposal site account is a reasonable means to enable and facilitate proper management and environmental monitoring of these disposal sites.

Sec. 58. RCW 78.56.090 and 1994 c 232 s 9 are each amended to read as follows:

(1) In the processing of an application for an initial waste discharge permit for a tailings facility pursuant to the requirements of chapter 90.48 RCW, the department of ~~((ecology))~~ natural resources shall consider site-specific criteria in determining a preferred location of tailings facilities of metals mining and milling operations and incorporate the requirements of all known available and reasonable methods in order to maintain the highest possible standards to insure the purity of all waters of the state in accordance with the public policy identified by RCW 90.48.010.

In implementing the siting criteria, the department shall take into account the objectives of the proponent's application relating to mining and milling operations. These objectives shall consist of, but not be limited to (a) operational feasibility, (b) compatibility with optimum tailings placement methods, (c) adequate volume capacity, (d) availability of construction materials, and (e) an optimized embankment volume.

(2) To meet the mandate of subsection (1) of this section, siting of tailings facilities shall be accomplished through a two-stage process that consists of a primary alternatives screening phase, and a secondary technical site investigation phase.

(3) The primary screening phase will consist of, but not be limited to, siting criteria based on considerations as to location as follows:

- (a) Proximity to the one hundred year floodplain, as indicated in the most recent federal emergency management agency maps;
- (b) Proximity to surface and ground water;
- (c) Topographic setting;
- (d) Identifiable adverse geologic conditions, such as landslides and active faults; and

(e) Visibility impacts of the public generally and residents more particularly.

(4) The department of ~~((ecology))~~ natural resources, through the primary screening process, shall reduce the available tailings facility sites to one or more feasible locations whereupon a technical site

investigation phase shall be conducted by the department for the purpose of verifying the adequacy of the remaining potential sites. The technical site investigations phase shall consist of, but not be limited to, the following:

- (a) Soil characteristics;
- (b) Hydrologic characteristics;
- (c) A local and structural geology evaluation, including seismic conditions and related geotechnical investigations;
- (d) A surface water control analysis; and
- (e) A slope stability analysis.

(5) Upon completion of the two phase evaluation process set forth in this section, the department of ~~((ecology))~~ natural resources shall issue a site selection report on the preferred location. This report shall address the above criteria as well as analyze the feasibility of reclamation and stabilization of the tailings facility. The siting report may recommend mitigation or engineering factors to address siting concerns. The report shall be developed in conjunction with the preparation of and contained in an environmental impact statement prepared pursuant to chapter 43.21C RCW. The report may be utilized by the department of ecology for the purpose of providing information related to the suitability of the site and for ruling on an application for a waste discharge permit.

(6) The department of ~~((ecology))~~ natural resources may, at its discretion, require the applicant to provide the information required in either phase one or phase two as described in subsections (3) and (4) of this section.

Sec. 59. RCW 78.56.100 and 1994 c 232 s 10 are each amended to read as follows:

(1) In order to receive a waste discharge permit from the department of ~~((ecology))~~ natural resources pursuant to the requirements of chapter 90.48 RCW or in order to operate a metals mining and milling tailing facility, an applicant proposing a metals mining and milling operation regulated under this chapter must meet the following additional requirements:

(a) Any tailings facility shall be designed and operated to prevent the release of pollution and must meet the following standards:

(i) Operators shall apply all known available and reasonable technology to limit the concentration of potentially toxic materials in the tailings facility to assure the protection of wildlife and human health;

(ii) The tailings facility shall have a containment system that includes an engineered liner system, leak detection and leak collection elements, and a seepage collection impoundment to assure that a leak of any regulated substance under chapter 90.48 RCW will be detected before escaping from the containment system. The design and management of the facility must ensure that any leaks from the tailings facility are detected in a manner which allows for remediation pursuant to chapter 90.48 RCW. The applicant shall prepare a detailed engineering report setting forth the facility design and construction. The applicant shall submit the report to the department of ~~((ecology))~~ natural resources for its review and approval of a design as determined by the department. Natural conditions, such as depth to groundwater or net rainfall, shall be taken into account in the facility design, but not in lieu of the protection required by the engineered liner system;

(iii) The toxicity of mine or mill tailings and the potential for long-term release of regulated substances from mine or mill tailings shall be reduced to the greatest extent practicable through stabilization, removal, or reuse of the substances; and

(iv) The closure of the tailings facility shall provide for isolation or containment of potentially toxic materials and shall be designed to prevent future release of regulated substances contained in the impoundment;

(b) The applicant must develop a waste rock management plan approved by the department of ~~((ecology and the department of))~~

natural resources which emphasizes pollution prevention. At a minimum, the plan must contain the following elements:

(i) An accurate identification of the acid generating properties of the waste rock;

(ii) A strategy for encapsulating potentially toxic material from the environment, when appropriate, in order to prevent the release of heavy metals and acidic drainage; and

(iii) A plan for reclaiming and closing waste rock sites which minimizes infiltration of precipitation and runoff into the waste rock and which is designed to prevent future releases of regulated substances contained within the waste rock;

(c) If an interested citizen or citizen group so requests of the department of ~~((ecology))~~ natural resources, the metals mining and milling operator or applicant shall work with the department ~~((of ecology))~~ and the interested party to make arrangements for citizen observation and verification in the taking of required water samples. While it is the intent of this subsection to provide for citizen observation and verification of water sampling activities, it is not the intent of this subsection to require additional water sampling and analysis on the part of the mining and milling operation or the department. The citizen observation and verification program shall be incorporated into the applicant's, operator's, or department's normal sampling regimen and shall occur at least once every six months. There is no duty of care on the part of the state or its employees to any person who participates in the citizen observation and verification of water sampling under chapter 232, Laws of 1994 and the state and its employees shall be immune from any civil lawsuit based on any injuries to or claims made by any person as a result of that person's participation in such observation and verification of water sampling activities. The metals mining and milling operator or applicant shall not be liable for any injuries to or claims made by any person which result from that person coming onto the property of the metals mining and milling operator or applicant as an observer pursuant to chapter 232, Laws of 1994. The results from these and all other relevant water sampling activities shall be kept on file with the relevant county and shall be available for public inspection during normal working hours; and

(d) An operator or applicant for a metals mining and milling operation must complete a voluntary reduction plan in accordance with RCW 70.95C.200.

(2) Only those tailings facilities constructed after April 1, 1994, must meet the requirement established in subsection (1)(a) of this section. Only those waste rock holdings constructed after April 1, 1994, must meet the requirement established in subsection (1)(b) of this section.

Sec. 60. RCW 78.56.110 and 1995 c 223 s 1 are each amended to read as follows:

(1) The department of ~~((ecology))~~ natural resources shall not issue necessary permits to an applicant for a metals mining and milling operation until the applicant has deposited with the department ~~((of ecology))~~ a performance security which is acceptable to the department ~~((of ecology))~~ based on the requirements of subsection (2) of this section. This performance security may be:

(a) Bank letters of credit;

(b) A cash deposit;

(c) Negotiable securities;

(d) An assignment of a savings account;

(e) A savings certificate in a Washington bank; or

(f) A corporate surety bond executed in favor of the department of ecology by a corporation authorized to do business in the state of Washington under Title 48 RCW.

The department of ~~((ecology))~~ natural resources may, for any reason, refuse any performance security not deemed adequate.

(2) The performance security shall be conditioned on the faithful performance of the applicant or operator in meeting the following obligations:

(a) Compliance with the environmental protection laws of the state of Washington administered by the department of ~~((ecology))~~ natural resources, or permit conditions administered by the department ~~((of ecology))~~, associated with the construction, operation, and closure pertaining to metals mining and milling operations, and with the related environmental protection ordinances and permit conditions established by local government when requested by local government;

(b) Reclamation of metals mining and milling operations that do not meet the threshold of surface mining as defined by RCW 78.44.031(17);

(c) Postclosure environmental monitoring as determined by the department of ~~((ecology))~~ natural resources; and

(d) Provision of sufficient funding as determined by the department of ~~((ecology))~~ natural resources for cleanup of potential problems revealed during or after closure.

(3) The department of ~~((ecology))~~ natural resources may, if it deems appropriate, adopt rules for determining the amount of the performance security, requirements for the performance security, requirements for the issuer of the performance security, and any other requirements necessary for the implementation of this section.

(4) The department of ~~((ecology))~~ natural resources may increase or decrease the amount of the performance security at any time to compensate for any alteration in the operation that affects meeting the obligations in subsection (2) of this section. At a minimum, the department shall review the adequacy of the performance security every two years.

(5) Liability under the performance security shall be maintained until the obligations in subsection (2) of this section are met to the satisfaction of the department of ~~((ecology))~~ natural resources. Liability under the performance security may be released only upon written notification by the department ~~((of ecology))~~.

(6) Any interest or appreciation on the performance security shall be held by the department of ~~((ecology))~~ natural resources until the obligations in subsection (2) of this section have been met to the satisfaction of the department ~~((of ecology))~~. At such time, the interest shall be remitted to the applicant or operator. However, if the applicant or operator fails to comply with the obligations of subsection (2) of this section, the interest or appreciation may be used by the department ~~((of ecology))~~ to comply with the obligations.

(7) ~~((Only one agency may require a performance security to satisfy the deposit requirements of RCW 78.44.087, and only one agency may require a performance security to satisfy the deposit requirements of this section. However,))~~ A single performance security, when acceptable to ((both the department of ecology and)) the department of natural resources, may be utilized ((by both agencies)) to satisfy the requirements of this section and RCW 78.44.087.

Sec. 61. RCW 78.56.120 and 1995 c 223 s 2 are each amended to read as follows:

The department of ~~((ecology))~~ natural resources may, with staff, equipment, and material under its control, or by contract with others, remediate or mitigate any impact of a metals mining and milling operation when it finds that the operator or permit holder has failed to comply with relevant statutes, rules, or permits, and the operator or permit holder has failed to take adequate or timely action to rectify these impacts.

If the department intends to remediate or mitigate such impacts, the department shall issue an order to submit performance security requiring the permit holder or surety to submit to the department the amount of moneys posted pursuant to RCW 78.56.110. If the amount specified in the order to submit performance security is not paid within twenty days after issuance of the notice, the attorney general upon request of the department shall bring an action on behalf of the state in a superior court to recover the amount specified and associated legal fees.

The department may proceed at any time after issuing the order to submit performance security to remediate or mitigate adverse impacts.

The department shall keep a record of all expenses incurred in carrying out any remediation or mitigation activities authorized under this section, including:

(1) Remediation or mitigation;

(2) A reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized; and

(3) Administrative and legal expenses related to remediation or mitigation.

The department shall refund to the surety or permit holder all amounts received in excess of the amount of expenses incurred. If the amount received is less than the expenses incurred, the attorney general, upon request of the department of ~~((ecology))~~ natural resources, may bring an action against the permit holder on behalf of the state in the superior court to recover the remaining costs listed in this section.

Sec. 62. RCW 78.56.160 and 1998 c 245 s 161 are each amended to read as follows:

(1) Until June 30, 1996, there shall be a moratorium on metals mining and milling operations using the heap leach extraction process. The department of natural resources ~~((and the department of ecology))~~ shall ~~((jointly))~~ review the existing laws and regulations pertaining to the heap leach extraction process for their adequacy in safeguarding the environment.

(2) Metals mining using the process of in situ extraction is permanently prohibited in the state of Washington.

Sec. 63. RCW 78.60.070 and 2007 c 338 s 1 are each amended to read as follows:

(1) Any person proposing to drill a well or redrill an abandoned well for geothermal resources shall file with the department a written application for a permit to commence such drilling or redrilling on a form prescribed by the department accompanied by a permit fee of two hundred dollars. ~~((The department shall forward a duplicate copy to the department of ecology within ten days of filing.))~~

(2) Upon receipt of a proper application relating to drilling or redrilling the department shall set a date, time, and place for a public hearing on the application, which hearing shall be in the county in which the drilling or redrilling is proposed to be made, and shall instruct the applicant to publish notices of such application and hearing by such means and within such time as the department shall prescribe. The department shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the drilling or redrilling is proposed to be made and in such other appropriate information media as the department may direct.

(3) Any person proposing to drill a core hole for the purpose of gathering geothermal data, including but not restricted to heat flow, temperature gradients, and rock conductivity, shall be required to obtain a single permit for each core hole according to subsection (1) of this section, including a permit fee for each core hole, but no notice need be published, and no hearing need be held. Such core holes that penetrate more than seven hundred and fifty feet into bedrock shall be deemed geothermal test wells and subject to the payment of a permit fee and to the requirement in subsection (2) of this section for public notices and hearing. In the event geothermal energy is discovered in a core hole, the hole shall be deemed a geothermal well and subject to the permit fee, notices, and hearing. Such core holes as described by this subsection are subject to all other provisions of this chapter, including a bond or other security as specified in RCW 78.60.130.

(4) All moneys paid to the department under this section shall be deposited with the state treasurer for credit to the general fund.

Sec. 64. RCW 78.60.080 and 1974 ex.s. c 43 s 8 are each amended to read as follows:

A permit shall be granted only if the department is satisfied that the area is suitable for the activities applied for; that the applicant will be able to comply with the provisions of this chapter and the rules and regulations enacted hereunder; and that a permit would be in the best interests of the state.

The department shall not allow operation of a well under permit if it finds that the operation of any well will unreasonably decrease groundwater available for prior water rights in any aquifer or other groundwater source for water for beneficial uses, unless such affected water rights are acquired by condemnation, purchase or other means.

The department shall have the authority to condition the permit as it deems necessary to carry out the provisions of this chapter, including but not limited to conditions to reduce any environmental impact.

((The department shall forward a copy of the permit to the department of ecology within five days of issuance.))

Sec. 65. RCW 78.60.100 and 2007 c 338 s 2 are each amended to read as follows:

Any well or core hole drilled under authority of this chapter from which:

(1) It is not technologically practical to derive the energy to produce electricity commercially, or the owner or operator has no intention of deriving energy to produce electricity commercially, and

(2) Usable minerals cannot be derived, or the owner or operator has no intention of deriving usable minerals, shall be plugged and abandoned as provided in this chapter or, upon the owner's or operator's written application to the department ~~((of natural resources and with the concurrence and approval of the department of ecology))~~, jurisdiction over the well may be transferred to the department ~~((of ecology))~~ and, in such case, the well shall no longer be subject to the provisions of this chapter but shall be subject to any applicable laws and rules relating to wells drilled for appropriation and use of groundwaters. If an application is made to transfer jurisdiction, a copy of all logs, records, histories, and descriptions shall be provided to the department ~~((of ecology))~~ by the applicant.

Sec. 66. RCW 90.03.247 and 2003 c 39 s 48 are each amended to read as follows:

Whenever an application for a permit to make beneficial use of public waters is approved relating to a stream or other water body for which minimum flows or levels have been adopted and are in effect at the time of approval, the permit shall be conditioned to protect the levels or flows. No agency may establish minimum flows and levels or similar water flow or level restrictions for any stream or lake of the state other than the department of ecology whose authority to establish is exclusive, as provided in chapter 90.03 RCW and RCW 90.22.010 and 90.54.040. The provisions of other statutes, including but not limited to RCW ~~((77.55.100))~~ 77.55.021 and chapter 43.21C RCW, may not be interpreted in a manner that is inconsistent with this section. In establishing such minimum flows, levels, or similar restrictions, the department shall, during all stages of development ~~((by the department of ecology))~~ of minimum flow proposals, consult with, and carefully consider the recommendations of ~~((the department of fish and wildlife, the department of community, trade, and economic development, the department of agriculture, and representatives of the))~~ affected Indian tribes. ~~((Nothing herein shall preclude the department of fish and wildlife, the department of community, trade, and economic development, or the department of agriculture from presenting its views on minimum flow needs at any public hearing or to any person or agency, and the department of fish and wildlife, the department of community, trade, and economic development, and the department of agriculture are each empowered to participate in proceedings of the federal energy regulatory commission and other agencies to present its views on minimum flow needs.))~~

Sec. 67. RCW 90.03.280 and 1994 c 264 s 83 are each amended to read as follows:

Upon receipt of a proper application, the department shall instruct the applicant to publish notice thereof in a form and within a time prescribed by the department in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use is to be made, and in such other newspapers as the department may direct, once a week for two consecutive weeks. ~~((Upon receipt by the department of an application it shall send notice thereof containing pertinent information to the director of fish and wildlife.))~~

Sec. 68. RCW 90.03.290 and 2001 c 239 s 1 are each amended to read as follows:

(1) When an application complying with the provisions of this chapter and with the rules of the department has been filed, the same shall be placed on record with the department, and it shall be its duty to investigate the application, and determine what water, if any, is available for appropriation, and find and determine to what beneficial use or uses it can be applied. If it is proposed to appropriate water for irrigation purposes, the department shall investigate, determine and find what lands are capable of irrigation by means of water found available for appropriation. If it is proposed to appropriate water for the purpose of power development, the department shall investigate, determine and find whether the proposed development is likely to prove detrimental to the public interest, having in mind the highest feasible use of the waters belonging to the public.

(2)(a) If the application does not contain, and the applicant does not promptly furnish sufficient information on which to base such findings, the department may issue a preliminary permit, for a period of not to exceed three years, requiring the applicant to make such surveys, investigations, studies, and progress reports, as in the opinion of the department may be necessary. If the applicant fails to comply with the conditions of the preliminary permit, it and the application or applications on which it is based shall be automatically canceled and the applicant so notified. If the holder of a preliminary permit shall, before its expiration, file with the department a verified report of expenditures made and work done under the preliminary permit, which, in the opinion of the department, establishes the good faith, intent, and ability of the applicant to carry on the proposed development, the preliminary permit may, with the approval of the governor, be extended, but not to exceed a maximum period of five years from the date of the issuance of the preliminary permit.

(b) For any application for which a preliminary permit was issued and for which the availability of water was directly affected by a moratorium on further diversions from the Columbia river during the years from 1990 to 1998, the preliminary permit is extended through June 30, 2002. If such an application and preliminary permit were canceled during the moratorium, the application and preliminary permit shall be reinstated until June 30, 2002, if the application and permit: (i) Are for providing regional water supplies in more than one urban growth area designated under chapter 36.70A RCW and in one or more areas near such urban growth areas, or the application and permit are modified for providing such supplies, and (ii) provide or are modified to provide such regional supplies through the use of existing intake or diversion structures. The authority to modify such a canceled application and permit to accomplish the objectives of (b)(i) and (ii) of this subsection is hereby granted.

(3) The department shall make and file as part of the record in the matter, written findings of fact concerning all things investigated, and if it shall find that there is water available for appropriation for a beneficial use, and the appropriation thereof as proposed in the application will not impair existing rights or be detrimental to the public welfare, it shall issue a permit stating the amount of water to which the applicant shall be entitled and the beneficial use or uses to which it may be applied: PROVIDED, That where the water applied for is to be used for irrigation purposes, it shall become appurtenant only to such land as may be reclaimed thereby to the full extent of the soil for agricultural purposes. But where there is no unappropriated

water in the proposed source of supply, or where the proposed use conflicts with existing rights, or threatens to prove detrimental to the public interest, having due regard to the highest feasible development of the use of the waters belonging to the public, it shall be duty of the department to reject such application and to refuse to issue the permit asked for.

(4) If the permit is refused because of conflict with existing rights and such applicant shall acquire same by purchase or condemnation under RCW 90.03.040, the department may thereupon grant such permit. Any application may be approved for a less amount of water than that applied for, if there exists substantial reason therefor, and in any event shall not be approved for more water than can be applied to beneficial use for the purposes named in the application. In determining whether or not a permit shall issue upon any application, it shall be the duty of the department to investigate all facts relevant and material to the application. After the department approves said application in whole or in part and before any permit shall be issued thereon to the applicant, such applicant shall pay the fee provided in RCW 90.03.470(~~(- PROVIDED FURTHER, That in the event a permit is issued by the department upon any application, it shall be its duty to notify the director of fish and wildlife of such issuance).~~)).

Sec. 69. RCW 90.03.360 and 1994 c 264 s 85 are each amended to read as follows:

(1) The owner or owners of any water diversion shall maintain, to the satisfaction of the department of ecology, substantial controlling works and a measuring device constructed and maintained to permit accurate measurement and practical regulation of the flow of water diverted. Every owner or manager of a reservoir for the storage of water shall construct and maintain, when required by the department, any measuring device necessary to ascertain the natural flow into and out of said reservoir.

Metering of diversions or measurement by other approved methods shall be required as a condition for all new surface water right permits, and except as provided in subsection (2) of this section, may be required as a condition for all previously existing surface water rights. The department may also require, as a condition for all water rights, metering of diversions, and reports regarding such metered diversions as to the amount of water being diverted. Such reports shall be in a form prescribed by the department.

(2) Where water diversions are from waters in which the salmonid stock status is depressed or critical, as determined by the department of fish and wildlife, or where the volume of water being diverted exceeds one cubic foot per second, the department shall require metering or measurement by other approved methods as a condition for all new and previously existing water rights or claims. The department shall attempt to integrate the requirements of this subsection into its existing compliance workload priorities, but shall prioritize the requirements of this subsection ahead of the existing compliance workload where a delay may cause the decline of wild salmonids. ~~((The department shall notify the department of fish and wildlife of the status of fish screens associated with these diversions.))~~ This subsection (2) shall not apply to diversions for public or private hatcheries or fish rearing facilities if the diverted water is returned directly to the waters from which it was diverted.

Sec. 70. RCW 90.03.590 and 2003 1st sp.s. c 5 s 16 are each amended to read as follows:

(1) On a pilot project basis, the department may enter into a watershed agreement with one or more municipal water suppliers in water resource inventory area number one to meet the objectives established in a water resource management program approved or being developed under chapter 90.82 RCW with the consent of the initiating governments of the water resource inventory area. The term of an agreement may not exceed ten years, but the agreement may be renewed or amended upon agreement of the parties.

(2) A watershed agreement must be consistent with:

(a) Growth management plans developed under chapter 36.70A RCW where these plans are adopted and in effect;

(b) Water supply plans and small water system management programs approved under chapter 43.20 or 70.116 RCW;

(c) Coordinated water supply plans approved under chapter 70.116 RCW; and

(d) Water use efficiency and conservation requirements and standards established by the state department of health or such requirements and standards as are provided in an approved watershed plan, whichever are the more stringent.

(3) A watershed agreement must:

(a) Require the public water system operated by the participating municipal water supplier to meet obligations under the watershed plan;

(b) Establish performance measures and timelines for measures to be completed;

(c) Provide for monitoring of stream flows and metering of water use as needed to ensure that the terms of the agreement are met; and

(d) Require annual reports from the water users regarding performance under the agreement.

(4) As needed to implement watershed agreement activities, the department may provide or receive funding, or both, under its existing authorities.

(5) The department must provide opportunity for public review of a proposed agreement before it is executed. The department must make proposed and executed watershed agreements and annual reports available on the department's internet web site.

(6) The department must consult with affected local governments ~~((and the state departments of health and fish and wildlife))~~ before executing an agreement.

(7) Before executing a watershed agreement, the department must conduct a government-to-government consultation with affected tribal governments. The municipal water suppliers operating the public water systems that are proposing to enter into the agreements must be invited to participate in the consultations. During these consultations, the department and the municipal water suppliers shall explore the potential interest of the tribal governments or governments in participating in the agreement.

(8) Any person aggrieved by the department's failure to satisfy the requirements in subsection (3) of this section as embodied in the department's decision to enter into a watershed agreement under this section may, within thirty days of the execution of such an agreement, appeal the department's decision to the pollution control hearings board under chapter 43.21B RCW.

(9) Any projects implemented by a municipal water system under the terms of an agreement reached under this section may be continued and maintained by the municipal water system after the agreement expires or is terminated as long as the conditions of the agreement under which they were implemented continue to be met.

(10) Before December 31, 2003, and December 31, 2004, the department must report to the appropriate committees of the legislature the results of the pilot project provided for in this section. Based on the experience of the pilot project, the department must offer any suggested changes in law that would improve, facilitate, and maximize the implementation of watershed plans adopted under this chapter.

Sec. 71. RCW 90.16.050 and 2007 c 286 s 1 are each amended to read as follows:

(1) Every person, firm, private or municipal corporation, or association hereinafter called "claimant", claiming the right to the use of water within or bordering upon the state of Washington for power development, shall on or before the first day of January of each year pay to the state of Washington in advance an annual license fee, based upon the theoretical water power claimed under each and every separate claim to water according to the following schedule:

(a) For projects in operation: For each and every theoretical horsepower claimed up to and including one thousand horsepower, at the rate of eighteen cents per horsepower; for each and every theoretical horsepower in excess of one thousand horsepower, up to and including ten thousand horsepower, at the rate of three and six-tenths cents per horsepower; for each and every theoretical horsepower in excess of ten thousand horsepower, at the rate of one and eight-tenths cents per horsepower.

(b) For federal energy regulatory commission projects in operation, the following fee schedule applies in addition to the fees in (a) of this subsection: For each theoretical horsepower of capacity up to and including one thousand horsepower, at the rate of thirty-two cents per horsepower; for each theoretical horsepower in excess of one thousand horsepower, up to and including ten thousand horsepower, at the rate of six and four-tenths cents per horsepower; for each theoretical horsepower in excess of ten thousand horsepower, at the rate of three and two-tenths cents per horsepower.

(c) To justify the appropriate use of fees collected under (b) of this subsection, the department of ecology shall submit a progress report to the appropriate committees of the legislature prior to December 31, 2009, and biennially thereafter until December 31, 2017.

(i) The progress report will: (A) Describe how license fees were expended in the federal energy regulatory commission licensing process during the current biennium, and expected workload and full-time equivalent employees for federal energy regulatory commission licensing in the next biennium; (B) include any recommendations based on consultation with ~~((the departments of ecology and fish and wildlife,))~~ hydropower project operators ~~((;))~~ and other interested parties; and (C) recognize hydropower operators that exceed their environmental regulatory requirements.

(ii) The fees required in (b) of this subsection expire June 30, 2017. The biennial progress reports submitted by the department of ecology will serve as a record for considering the extension of the fee structure in (b) of this subsection.

(2) The following are exceptions to the fee schedule in subsection (1) of this section:

(a) For undeveloped projects, the fee shall be at one-half the rates specified for projects in operation; for projects partly developed and in operation the fees paid on that portion of any project that shall have been developed and in operation shall be the full annual license fee specified in subsection (1) of this section for projects in operation, and for the remainder of the power claimed under such project the fees shall be the same as for undeveloped projects.

(b) The fees required in subsection (1) of this section do not apply to any hydropower project owned by the United States.

(c) The fees required in subsection (1) of this section do not apply to the use of water for the generation of fifty horsepower or less.

(d) The fees required in subsection (1) of this section for projects developed by an irrigation district in conjunction with the irrigation district's water conveyance system shall be reduced by fifty percent to reflect the portion of the year when the project is not operable.

(e) Any irrigation district or other municipal subdivision of the state, developing power chiefly for use in pumping of water for irrigation, upon the filing of a statement showing the amount of power used for irrigation pumping, is exempt from the fees in subsection (1) of this section to the extent of the power used for irrigation pumping.

Sec. 72. RCW 90.16.090 and 2007 c 286 s 2 are each amended to read as follows:

(1) All fees paid under provisions of this chapter, shall be credited by the state treasurer to the reclamation account created in RCW 89.16.020 and subject to legislative appropriation, be allocated and expended by the director of ecology for:

(a) Investigations and surveys of natural resources in cooperation with the federal government, or independently thereof, including

stream gaging, hydrographic, topographic, river, underground water, mineral and geological surveys; and

(b) Expenses associated with staff at the department ~~((s))~~ of ecology ~~((and fish and wildlife))~~ working on federal energy regulatory commission relicensing and license implementation.

(2) Unless otherwise required by the omnibus biennial appropriations acts, the expenditures for these purposes must be proportional to the revenues collected under RCW 90.16.050(1).

Sec. 73. RCW 90.22.010 and 1997 c 32 s 4 are each amended to read as follows:

The department of ecology may establish minimum water flows or levels for streams, lakes or other public waters for the purposes of protecting fish, game, birds or other wildlife resources, or recreational or aesthetic values of said public waters whenever it appears to be in the public interest to establish the same. In addition, the department of ecology shall ~~((, when requested by the department of fish and wildlife to))~~ protect fish, game, or other wildlife resources ~~((under the jurisdiction of the requesting state agency)),~~ or if the department of ecology finds it necessary to preserve water quality, establish such minimum flows or levels as are required to protect the resource or preserve the water quality ~~((described in the request or determination)).~~ ~~((Any request submitted by the department of fish and wildlife shall include a statement setting forth the need for establishing a minimum flow or level.))~~ When the department acts to preserve water quality, it shall include a ~~((similar))~~ statement setting forth the need for establishing a minimum flow or level with the proposed rule filed with the code reviser. This section shall not apply to waters artificially stored in reservoirs, provided that in the granting of storage permits by the department of ecology in the future, full recognition shall be given to downstream minimum flows, if any there may be, which have theretofore been established hereunder.

Sec. 74. RCW 90.22.020 and 1994 c 264 s 87 are each amended to read as follows:

Flows or levels authorized for establishment under RCW 90.22.010, or subsequent modification thereof by the department shall be provided for through the adoption of rules. Before the establishment or modification of a water flow or level for any stream or lake or other public water, the department shall hold a public hearing in the county in which the stream, lake, or other public water is located. If it is located in more than one county the department shall determine the location or locations therein and the number of hearings to be conducted. Notice of the hearings shall be given by publication in a newspaper of general circulation in the county or counties in which the stream, lake, or other public waters is located, once a week for two consecutive weeks before the hearing. The notice shall include the following:

(1) The name of each stream, lake, or other water source under consideration;

(2) The place and time of the hearing;

(3) A statement that any person, including any private citizen or public official, may present his or her views either orally or in writing.

~~((Notice of the hearing shall also be served upon the administrators of the departments of social and health services, natural resources, fish and wildlife, and transportation.))~~

Sec. 75. RCW 90.22.060 and 1998 c 245 s 172 are each amended to read as follows:

By December 31, 1993, the department of ecology shall, in cooperation with the Indian tribes, ~~((and the department of fish and wildlife,))~~ establish a statewide list of priorities for evaluation of instream flows. In establishing these priorities, the department shall consider the achievement of wild salmonid production as its primary goal.

Sec. 76. RCW 90.24.010 and 1999 c 162 s 1 are each amended to read as follows:

Ten or more owners of real property abutting on a lake may petition the superior court of the county in which the lake is situated,

for an order to provide for the regulation of the outflow of the lake in order to maintain a certain water level therein. If there are fewer than ten owners, a majority of the owners abutting on a lake may petition the superior court for such an order. The court, after ~~((notice to the department of fish and wildlife and))~~ a hearing, is authorized to make an order fixing the water level thereof and directing the department of ecology to regulate the outflow therefrom in accordance with the purposes described in the petition. This section shall not apply to any lake or reservoir used for the storage of water for irrigation or other beneficial purposes, or to lakes navigable from the sea.

Sec. 77. RCW 90.24.030 and 1994 c 264 s 88 are each amended to read as follows:

The petition shall be entitled "In the matter of fixing the level of Lake in county, Washington", and shall be filed with the clerk of the court and a copy thereof, together with a copy of the order fixing the time for hearing the petition, shall be served on each owner of property abutting on the lake, not less than ten days before the hearing. Like copies shall also be served upon ~~((the director of fish and wildlife and))~~ the director of ecology. The copy of the petition and of the order fixing time for hearing shall be served in the manner provided by law for the service of summons in civil actions, or in such other manner as may be prescribed by order of the court. For the benefit of every riparian owner abutting on a stream or river flowing from such lake, a copy of the notice of hearing shall be published at least once a week for two consecutive weeks before the time set for hearing in a newspaper in each county or counties wherein located, said notice to contain a brief statement of the reasons and necessity for such application.

Sec. 78. RCW 90.24.060 and 1994 c 264 s 89 are each amended to read as follows:

Such improvement or device in said lake for the protection of the fish and game fish therein shall be installed by and under the direction of the board of county commissioners of said county with the approval of the ~~((respective directors of the department of fish and wildlife and))~~ director of the department of ecology of the state of Washington and paid for out of the special fund provided for in RCW 90.24.050.

Sec. 79. RCW 90.38.040 and 2001 c 237 s 29 are each amended to read as follows:

(1) All trust water rights acquired by the department shall be placed in the Yakima river basin trust water rights program to be managed by the department. The department shall issue a water right certificate in the name of the state of Washington for each trust water right it acquires.

(2) Trust water rights shall retain the same priority date as the water right from which they originated. Trust water rights may be modified as to purpose or place of use or point of diversion, including modification from a diversionsary use to a nondiversionsary instream use.

(3) Trust water rights may be held by the department for instream flows, irrigation use, or other beneficial use. Trust water rights may be acquired on a temporary or permanent basis. To the extent practicable and subject to legislative appropriation, trust water rights acquired in an area with an approved watershed plan developed under chapter 90.82 RCW shall be consistent with that plan if the plan calls for such acquisition.

(4) A schedule of the amount of net water saved as a result of water conservation projects carried out in accordance with this chapter, shall be developed annually to reflect the predicted hydrologic and water supply conditions, as well as anticipated water demands, for the upcoming irrigation season. This schedule shall serve as the basis for the distribution and management of trust water rights each year.

(5)(a) No exercise of a trust water right may be authorized unless the department first determines that no existing water rights, junior or

senior in priority, will be impaired as to their exercise or injured in any manner whatever by such authorization.

(b) Before any trust water right is exercised, the department shall publish notice thereof in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in such other newspapers as the department determines are necessary, once a week for two consecutive weeks. ~~((At the same time the department may also send notice thereof containing pertinent information to the director of fish and wildlife.))~~

(c) Subsections (4) and (5)(b) of this section do not apply to a trust water right resulting from a donation for instream flows described in RCW 90.38.020(1)(b) or from the lease of a water right under RCW 90.38.020(6) if the period of the lease does not exceed five years. However, the department shall provide the notice described in (b) of this subsection the first time the trust water right resulting from the donation is exercised.

(6) RCW 90.03.380 and 90.14.140 through 90.14.910 shall have no applicability to trust water rights held by the department under this chapter or exercised under this section.

Sec. 80. RCW 90.48.170 and 1994 c 264 s 91 are each amended to read as follows:

Applications for permits shall be made on forms prescribed by the department and shall contain the name and address of the applicant, a description of the applicant's operations, the quantity and type of waste material sought to be disposed of, the proposed method of disposal, and any other relevant information deemed necessary by the department. Application for permits shall be made at least sixty days prior to commencement of any proposed discharge or permit expiration date, whichever is applicable. Upon receipt of a proper application relating to a new operation, or an operation previously under permit for which an increase in volume of wastes or change in character of effluent is requested over that previously authorized, the department shall instruct the applicant to publish notices thereof by such means and within such time as the department shall prescribe. The department shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the disposal of waste material is proposed to be made and in such other appropriate information media as the department may direct. Said notice shall include a statement that any person desiring to present his or her views to the department with regard to said application may do so in writing to the department, or any person interested in the department's action on an application for a permit, may submit his or her views or notify the department of his or her interest within thirty days of the last date of publication of notice. Such notification or submission of views to the department shall entitle said persons to a copy of the action taken on the application. ~~((Upon receipt by the department of an application, it shall immediately send notice thereof containing pertinent information to the director of fish and wildlife and to the secretary of social and health services.))~~ When an application complying with the provisions of this chapter and the rules and regulations of the department has been filed with the department, it shall be its duty to investigate the application, and determine whether the use of public waters for waste disposal as proposed will pollute the same in violation of the public policy of the state.

Sec. 81. RCW 90.48.366 and 2007 c 347 s 1 are each amended to read as follows:

The department ~~((, in consultation with the departments of fish and wildlife and natural resources, and the parks and recreation commission,))~~ shall adopt rules establishing a compensation schedule for the discharge of oil in violation of this chapter and chapter 90.56 RCW. The amount of compensation assessed under this schedule shall be no less than one dollar per gallon of oil spilled and no greater than one hundred dollars per gallon of oil spilled. The compensation schedule shall reflect adequate compensation for unquantifiable damages or for damages not quantifiable at reasonable cost for any

adverse environmental, recreational, aesthetic, or other effects caused by the spill and shall take into account:

(1) Characteristics of any oil spilled, such as toxicity, dispersibility, solubility, and persistence, that may affect the severity of the effects on the receiving environment, living organisms, and recreational and aesthetic resources;

(2) The sensitivity of the affected area as determined by such factors as: (a) The location of the spill; (b) habitat and living resource sensitivity; (c) seasonal distribution or sensitivity of living resources; (d) areas of recreational use or aesthetic importance; (e) the proximity of the spill to important habitats for birds, aquatic mammals, fish, or to species listed as threatened or endangered under state or federal law; (f) significant archaeological resources as determined by the department of archaeology and historic preservation; and (g) other areas of special ecological or recreational importance, as determined by the department; and

(3) Actions taken by the party who spilled oil or any party liable for the spill that: (a) Demonstrate a recognition and affirmative acceptance of responsibility for the spill, such as the immediate removal of oil and the amount of oil removed from the environment; or (b) enhance or impede the detection of the spill, the determination of the quantity of oil spilled, or the extent of damage, including the unauthorized removal of evidence such as injured fish or wildlife.

Sec. 82. RCW 90.48.445 and 1999 sp.s. c 11 s 1 are each amended to read as follows:

(1) The director shall issue or approve water quality permits for use by federal, state, or local governmental agencies and licensed applicators for the purpose of using, for aquatic noxious weed control, herbicides and surfactants registered under state or federal pesticide control laws, and for the purpose of experimental use of herbicides on aquatic sites, as defined in 40 C.F.R. Sec. 172.3. The issuance of the permits shall be subject only to compliance with: Federal and state pesticide label requirements, the requirements of the federal insecticide, fungicide, and rodenticide act, the Washington pesticide control act, the Washington pesticide application act, and the state environmental policy act, except that:

(a) When the director issues water quality permits for the purpose of using glyphosate and surfactants registered by the department of agriculture to control spartina, as defined by RCW 17.26.020, the water quality permits shall contain the following criteria:

(i) Spartina treatment shall occur between June 1st and October 31st of each year unless the department ~~(, the department of agriculture, and the department of fish and wildlife agree to add)~~ ~~authorizes~~ additional dates beyond this period, except that no aerial application shall be allowed on July 4th or Labor Day and for ground application on those days the applicator shall post signs at each corner of the treatment area;

(ii) The applicator shall take all reasonable precautions to prevent the spraying of nontarget vegetation and nonvegetated areas;

(iii) A period of fourteen days between treatments is required prior to re-treating the previously treated areas;

(iv) Aerial or ground broadcast application shall not be made when the wind speed exceeds ten miles per hour; and

(v) An application shall not be made when a tidal regime leaves the plants dry for less than four hours.

(b) The director shall issue water quality permits for the purpose of using herbicides or surfactants registered by the department of agriculture to control aquatic noxious weeds, other than spartina, and the permit shall state that aerial and ground broadcast applications may not be made when the wind speed exceeds ten miles per hour.

(c) The director shall issue water quality permits for the experimental use of herbicides on aquatic sites, as defined in 40 C.F.R. Sec. 172.3, when the department of agriculture has issued an experimental use permit, under the authority of RCW 15.58.405(3). Because of the small geographic areas involved and the short duration

of herbicide application, water quality permits issued under this subsection are not subject to state environmental policy act review.

(2) Applicable requirements established in an option or options recommended for controlling the noxious weed by a final environmental impact statement published under chapter 43.21C RCW by the department prior to May 5, 1995, by the department of agriculture, or by the department of agriculture jointly with other state agencies shall be considered guidelines for the purpose of granting the permits issued under this chapter. This section may not be construed as requiring the preparation of a new environmental impact statement to replace a final environmental impact statement published before May 5, 1995, but instead shall authorize the department of agriculture, as lead agency for the control of spartina under RCW 17.26.015, to supplement, amend, or issue addenda to the final environmental impact statement published before May 5, 1995, which may assess the environmental impact of the application of stronger concentrations of active ingredients, altered application patterns, or other changes as the department of agriculture deems appropriate.

(3) The director of ecology may not utilize this permit authority to otherwise condition or burden weed control efforts. Except for permits issued by the director under subsection (1)(c) of this section, permits issued under this section are effective for five years, unless a shorter duration is requested by the applicant. The director's authority to issue water quality modification permits for activities other than the application of surfactants and approved herbicides, to control aquatic noxious weeds or the experimental use of herbicides used on aquatic sites, as defined in 40 C.F.R. Sec. 172.3, is unaffected by this section.

(4) As used in this section, "aquatic noxious weed" means an aquatic weed on the state noxious weed list adopted under RCW 17.10.080.

Sec. 83. RCW 90.48.448 and 1999 c 255 s 3 are each amended to read as follows:

(1) Subject to restrictions in this section, a government entity seeking to control a limited infestation of Eurasian water milfoil may use the pesticide 2,4-D to treat the milfoil infestation, without obtaining a permit under RCW 90.48.445, if the milfoil infestation is either recently documented or remaining after the application of other control measures, and is limited to twenty percent or less of the littoral zone of the lake. Any pesticide application made under this section must be made according to all label requirements for the product and must meet the public notice requirements of subsection (2) of this section.

(2) Before applying 2,4-D, the government entity shall: (a) Provide at least twenty-one days' notice to the department of ecology ~~(, the department of fish and wildlife, the department of agriculture, the department of health,)~~ and all lake residents; (b) post notices of the intent to apply 2,4-D at all public access points; and (c) place informational buoys around the treatment area.

(3) The department ~~(of fish and wildlife)~~ may impose timing restrictions on the use of 2,4-D to protect salmon and other fish and wildlife.

(4) The department may prohibit the use of 2,4-D if the department finds the product contains dioxin in excess of the standard allowed by the United States environmental protection agency. Sampling protocols and analysis used by the department under this section must be consistent with those used by the United States environmental protection agency for testing this product.

(5) Government entities using this section to apply 2,4-D may apply for funds from the freshwater aquatic weeds account consistent with the freshwater aquatic weeds management program as provided in RCW 43.21A.660.

(6) Government entities using this section shall consider development of long-term control strategies for eradication and control of the Eurasian water milfoil.

(7) For the purpose of this section, "government entities" includes cities, counties, state agencies, tribes, special purpose districts, and county weed boards.

Sec. 84. RCW 90.74.020 and 1997 c 424 s 3 are each amended to read as follows:

(1) Project proponents may use a mitigation plan to propose compensatory mitigation within a watershed. A mitigation plan shall:

(a) Contain provisions that guarantee the long-term viability of the created, restored, enhanced, or preserved habitat, including assurances for protecting any essential biological functions and values defined in the mitigation plan;

(b) Contain provisions for long-term monitoring of any created, restored, or enhanced mitigation site; and

(c) Be consistent with the local comprehensive land use plan and any other applicable planning process in effect for the development area, such as an adopted subbasin or watershed plan.

(2) The department((s)) of ecology (~~(and fish and wildlife)~~) may not limit the scope of options in a mitigation plan to areas on or near the project site, or to habitat types of the same type as contained on the project site. The department((s)) of ecology (~~(and fish and wildlife)~~) shall fully review and give due consideration to compensatory mitigation proposals that improve the overall biological functions and values of the watershed or bay and accommodate the mitigation needs of infrastructure development.

The department((s)) of ecology (~~(and fish and wildlife are)~~) is not required to grant approval to a mitigation plan that the department((s)) finds does not provide equal or better biological functions and values within the watershed or bay.

(3) When making a permit or other regulatory decision under the guidance of this chapter, the department(~~(s) of ecology and fish and wildlife~~) shall consider whether the mitigation plan provides equal or better biological functions and values, compared to the existing conditions, for the target resources or species identified in the mitigation plan. This consideration shall be based upon the following factors:

(a) The relative value of the mitigation for the target resources, in terms of the quality and quantity of biological functions and values provided;

(b) The compatibility of the proposal with the intent of broader resource management and habitat management objectives and plans, such as existing resource management plans, watershed plans, critical areas ordinances, and shoreline master programs;

(c) The ability of the mitigation to address scarce functions or values within a watershed;

(d) The benefits of the proposal to broader watershed landscape, including the benefits of connecting various habitat units or providing population-limiting habitats or functions for target species;

(e) The benefits of early implementation of habitat mitigation for projects that provide compensatory mitigation in advance of the project's planned impacts; and

(f) The significance of any negative impacts to nontarget species or resources.

(4) A mitigation plan may be approved through a memorandum of agreement between the project proponent and (~~(either)~~) the department of ecology (~~(or the department of fish and wildlife, or both)~~).

Sec. 85. RCW 90.74.030 and 1997 c 424 s 4 are each amended to read as follows:

(1) In making regulatory decisions relating to wetland or aquatic resource mitigation, the department(~~(s) of ecology and fish and wildlife~~) shall, at the request of the project proponent, follow the guidance of RCW 90.74.005 through 90.74.020.

(2) If the department of ecology (~~(or the department of fish and wildlife)~~) receives multiple requests for review of mitigation plans, (~~(each)~~) the department may schedule its review of these proposals to conform to available budgetary resources.

Sec. 86. RCW 90.82.048 and 2003 1st sp.s. c 5 s 9 are each amended to read as follows:

(1) The timelines and interim milestones in a detailed implementation plan required by RCW 90.82.043 must address the planned future use of existing water rights for municipal water supply purposes, as defined in RCW 90.03.015, that are inchoate, including how these rights will be used to meet the projected future needs identified in the watershed plan, and how the use of these rights will be addressed when implementing instream flow strategies identified in the watershed plan.

(2) The watershed planning unit or other authorized lead agency shall ensure that holders of water rights for municipal water supply purposes not currently in use are asked to participate in defining the timelines and interim milestones to be included in the detailed implementation plan.

(3) The department of health shall annually compile a list of water system plans and plan updates to be reviewed by the department during the coming year and shall (~~(consult with the departments of community, trade, and economic development, ecology, and fish and wildlife to)~~): (a) Identify watersheds where further coordination is needed between water system planning and local watershed planning under this chapter; and (b) develop a work plan for conducting the necessary coordination.

Sec. 87. RCW 90.90.020 and 2006 c 6 s 3 are each amended to read as follows:

(1)(a) Water supplies secured through the development of new storage facilities made possible with funding from the Columbia river basin water supply development account shall be allocated as follows:

(i) Two-thirds of active storage shall be available for appropriation for out-of-stream uses; and

(ii) One-third of active storage shall be available to augment instream flows and shall be managed by the department of ecology. The timing of releases of this water shall be determined by the department of ecology, in cooperation with the (~~(department of fish and wildlife and)~~) fisheries comanagers, to maximize benefits to salmon and steelhead populations.

(b) Water available for appropriation under (a)(i) of this subsection but not yet appropriated shall be temporarily available to augment instream flows to the extent that it does not impair existing water rights.

(2) Water developed under the provisions of this section to offset out-of-stream uses and for instream flows is deemed adequate mitigation for the issuance of new water rights provided for in subsection (1)(a) of this section and satisfies all consultation requirements under state law related to the issuance of new water rights.

(3) The department of ecology shall focus its efforts to develop water supplies for the Columbia river basin on the following needs:

(a) Alternatives to groundwater for agricultural users in the Odessa subarea aquifer;

(b) Sources of water supply for pending water right applications;

(c) A new uninterrupted supply of water for the holders of interruptible water rights on the Columbia river mainstem that are subject to instream flows or other mitigation conditions to protect stream flows; and

(d) New municipal, domestic, industrial, and irrigation water needs within the Columbia river basin.

(4) The one-third/two-thirds allocation of water resources between instream and out-of-stream uses established in this section does not apply to applications for changes or transfers of existing water rights in the Columbia river basin.

Sec. 88. RCW 90.90.030 and 2006 c 6 s 4 are each amended to read as follows:

(1) The department of ecology may enter into voluntary regional agreements for the purpose of providing new water for out-of-stream

use, streamlining the application process, and protecting instream flow.

(2) Such agreements shall ensure that:

(a) For water rights issued from the Columbia river mainstem, there is no negative impact on Columbia river mainstem instream flows in the months of July and August as a result of the new appropriations issued under the agreement;

(b) For water rights issued from the lower Snake river mainstem, there is no negative impact on Snake river mainstem instream flows from April through August as a result of the new appropriations issued under the agreement; and

(c) Efforts are made to harmonize such agreements with watershed plans adopted under the authority of chapter 90.82 RCW that are applicable to the area covered by the agreement.

(3) The protection of instream flow as set forth in subsection (2) of this section is adequate for purposes of mitigating instream flow impacts resulting from any appropriations for out-of-stream use made under a voluntary regional agreement, and the only applicable consultation provisions under state law regarding instream flow impacts shall be those set forth in subsection (4) of this section.

(4) Before executing a voluntary agreement under this section, the department of ecology shall:

(a) Provide a sixty-day period for consultation with county legislative authorities and watershed planning groups with jurisdiction over the area where the water rights included in the agreement are located, ~~((the department of fish and wildlife,))~~ and affected tribal governments, and federal agencies. ~~((The department of fish and wildlife shall provide written comments within that time period.))~~ The consultation process for voluntary regional agreements developed under the provisions of this section is deemed adequate for the issuance of new water rights provided for in this section and satisfies all consultation requirements under state law related to the issuance of new water rights; and

(b) Provide a thirty-day public review and comment period for a draft agreement, and publish a summary of any public comments received. The thirty-day review period shall not begin until after the department of ecology has concluded its consultation under (a) of this subsection and the comments that have been received by the department are made available to the public.

(5) The provisions of subsection (4) of this section satisfy all applicable consultation requirements under state law.

(6) The provisions of this section and any voluntary regional agreements developed under such provisions may not be relied upon by the department of ecology as a precedent, standard, or model that must be followed in any other voluntary regional agreements.

(7) Nothing in this section may be interpreted or administered in a manner that precludes the processing of water right applications under chapter 90.03 or 90.44 RCW that are not included in a voluntary regional agreement.

(8) Nothing in this section may be interpreted or administered in a manner that impairs or diminishes a valid water right or a habitat conservation plan approved for purposes of compliance with the federal endangered species act.

(9) The department of ecology shall monitor and evaluate the water allocated to instream and out-of-stream uses under this section, evaluate the program, and provide an interim report to the appropriate committees of the legislature by June 30, 2008. A final report shall be provided to the appropriate committees of the legislature by June 30, 2011.

(10) If the department of ecology executes a voluntary agreement under this section that includes water rights appropriated from the lower Snake river mainstem, the department shall develop aggregate data in accordance with the provisions of RCW 90.90.050 for the lower Snake river mainstem.

(11) Any agreement entered into under this section shall remain in full force and effect through the term of the agreement regardless of the expiration of this section.

(12) The definitions in this subsection apply to this section and RCW 90.90.050, and may only be used for purposes of implementing these sections.

(a) "Columbia river mainstem" means all water in the Columbia river within the ordinary high water mark of the main channel of the Columbia river between the border of the United States and Canada and the Bonneville dam, and all groundwater within one mile of the high water mark.

(b) "Lower Snake river mainstem" means all water in the lower Snake river within the ordinary high water mark of the main channel of the lower Snake river from the head of Ice Harbor pool to the confluence of the Snake and Columbia rivers, and all groundwater within one mile of the high water mark.

(13) This section expires June 30, 2012.

Any city which imposes a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales, (~~shall~~) must impose such tax at a single uniform rate upon all such business activities. The taxing authority granted to cities for taxes upon business activities measured by gross receipts or gross income from sales (~~shall~~) may not exceed a rate of .0020; except that any city with an adopted ordinance at a higher rate, as of January 1, 1982 (~~shall~~) must be limited to a maximum increase of ten percent of the January 1982 rate, not to exceed an annual incremental increase of two percent of current rate (~~(= PROVIDED, That)~~). Cities which impose a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales (~~shall~~) must be required to submit an annual report to the state auditor identifying the rate established and the revenues received from each fee or tax. This section (~~shall~~) does not apply to any business activities subject to the tax imposed by chapter 82.16 RCW, except community residential service businesses and adult day health businesses. For purposes of this section, the providing to consumers of competitive telephone service, as defined in RCW 82.04.065, or

As used in this section, "payphone service" means making telephone service available to the public on a fee-per-call basis, independent of any other commercial transaction, for the purpose of making telephone calls, when the telephone can only be activated by inserting coins, calling collect, using a calling card or credit card, or dialing a toll-free number, and the provider of the service owns or leases the telephone equipment but does not own the telephone line providing the service to that equipment and has no affiliation with the owner of the telephone line.

NEW SECTION. Sec. 7. By June 30, 2015, the joint legislative audit and review committee in consultation with the department of social and health services and the department of revenue, must conduct a review of the taxes imposed by this act on community residential services businesses and adult day health businesses. In this review, the committee must consult with a broad range of interested stakeholders. The review must consider issues including benefits of the tax, compliance with the tax, any determinations by the centers for medicaid and medicare services regarding the tax, administrative costs, other administrative issues and other issues deemed appropriate. The committee must report to the legislature on its findings and any recommendations related to the taxes imposed in this act and related services funded by these taxes by December 1, 2015.

NEW SECTION. Sec. 8. Sections 1 and 3 of this act take effect July 1, 2010.

NEW SECTION. Sec. 9. Sections 2 and 4 of this act take effect June 30, 2013.

NEW SECTION. Sec. 10. Sections 1 and 3 of this act expire June 30, 2013."

MESSAGE FROM THE SENATE

March 10, 2010

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2776 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the legislature's intent to continue implementation of chapter 548, Laws of 2009, by adopting the technical details of a new distribution formula for the instructional program of basic education. The legislature intends to continue to review and revise the formulas and may make revisions as necessary for technical purposes and consistency in the event of mathematical or other technical errors.

(2) The legislature further intends to adjust the timelines for the working groups created under chapter 548, Laws of 2009, so that their expertise and advice can be received as soon as possible and to make adjustments to the composition of the local finance working group. The legislature further intends to clarify the legislature's intent to fully fund all-day kindergarten by the 2018-19 school year.

Sec. 2. RCW 28A.150.315 and 2009 c 548 s 107 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. The funding shall continue to be phased-in until full statewide implementation of all-day kindergarten is achieved in the 2018-19 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(a) Provide at least a one thousand-hour instructional program;

(b) Provide a curriculum that offers a rich, varied set of

experiences that assist students in:

(i) Developing initial skills in the academic areas of reading, mathematics, and writing;

(ii) Developing a variety of communication skills;

(iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;

(iv) Acquiring large and small motor skills;

(v) Acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; and

(vi) Learning through hands-on experiences;

(c) Establish learning environments that are developmentally appropriate and promote creativity;

(d) Demonstrate strong connections and communication with early learning community providers; and

(e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

Sec. 3. 2009 c 548 s 302 (uncodified) is amended to read as follows:

(1) Beginning (~~(July)~~) April 1, 2010, the office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to develop options for a new system of supplemental school funding through local school levies and local effort assistance.

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established (~~(under this act)~~) by the legislature based on prototypical schools and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall also:

(a) Examine local school district capacity to address facility needs associated with phasing-in full-day kindergarten across the state and reducing class size in kindergarten through third grade;

(b) Provide technical advice to the quality education council including an analysis on the potential use of local funds that may become available for redeployment and redirection as a result of increased state funding allocations for pupil transportation and maintenance, supplies, and operating costs; and

(c) Advise the quality education council and the legislature on further development and implementation of the funding formulas under RCW 28A.150.260, as appropriate.

(4) The working group shall be composed of the following members:

(a) Four members of the house of representatives, with two members representing each of the major caucuses and appointed by the speaker of the house of representatives;

(b) Four members of the senate, with two members representing each of the major caucuses and appointed by the president of the senate; and

(c) Representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. When choosing the individuals to serve on the working group, the office of financial management and the office of the superintendent of public instruction are encouraged to include, as appropriate, members of the funding formula technical working group convened in accordance with section 112, chapter 548, Laws of 2009. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders. In

addition to the staff support provided by the office of financial management and the office of the superintendent of public instruction, the department of revenue shall provide technical assistance, including financial and legal analysis, to support the working group's findings and analysis under subsection (3) of this section.

~~((4))~~ (5) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in ~~(section 114 of this act)~~ RCW 28A.290.010. The working group shall submit an initial report to the legislature ~~((December 1))~~ and the quality education council by November 30, 2010, and a final report by June 30, 2011.

Sec. 4. RCW 43.41.398 and 2009 c 548 s 601 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of financial management in collaboration with the office of the superintendent of public instruction, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

- (a) How to reduce the number of tiers within the existing salary allocation model;
- (b) How to account for labor market adjustments;
- (c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;
- (d) The role of and types of bonuses available;
- (e) Ways to accomplish salary equalization over a set number of years; and
- (f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

- (a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;
- (b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and
- (c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of

educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by December 1, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.300 RCW to read as follows:

The office of the superintendent of public instruction shall implement and maintain an internet-based portal that provides ready public access to the state's prototypical school funding model for basic education under RCW 28A.150.260. The portal must provide citizens the opportunity to view, for each local school building, the staffing levels and other prototypical school funding elements that are assumed under the state funding formula. The portal must also provide a matrix displaying how individual school districts are deploying those same state resources through their allocation of staff and other resources to school buildings, so that citizens are able to compare the state assumptions to district allocation decisions for each local school building.

NEW SECTION. Sec. 6. The legislature intends to continue to refine and provide greater detail to the distribution formula for the basic education instructional allocation, which shall be based on minimum staffing and nonstaff costs that the legislature deems necessary to support instruction and operations in prototypical schools as defined by the legislature. The legislature expects that the detailed prototype school model will bring greater transparency, understanding, and public accountability to the funding system because it displays funding assumptions in understandable terms centered on the operations of school buildings.

Sec. 7. RCW 28A.150.260 and 2009 c 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter ~~28A.155~~, 28A.165, 28A.180, or ~~((28A.155))~~ 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

- (i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;
- (ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and
- (iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

~~((e))~~ (4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on ~~((an))~~ the following general education average class size ((as specified in the omnibus appropriations act)) of full-time equivalent students per teacher:

General education average class size	
Grades K-3	25.23
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12, except in cases when lower average class sizes are specified for approved career and technical education programs and skill centers	28.74

(b) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level	26.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction	22.76

(c) According to an implementation schedule adopted by the legislature, the omnibus appropriations act shall at a minimum specify:

- (i) ~~((Basic average class size; —(ii) Basic))~~ A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and
- ~~((iii))~~ (ii) A specialty average class size for ~~((exploratory and preparatory career and technical education;))~~ laboratory science, advanced placement, and international baccalaureate courses ~~((— and —(iv) Average class size in grades kindergarten through three))~~.
- ~~((d))~~ (5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:
 - ((i) Principals, including assistant principals, and other certificated building-level administrators;
 - (ii) Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;
 - (iii) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;
 - (iv) Guidance counselors, performing functions including parent outreach and graduation advisor;
 - (v) Professional development coaches;
 - (vi) Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;
 - (vii) Office support, technology support, and other noninstructional aides;
 - (viii) Custodians, warehouse, maintenance, laborer, and professional and technical education support employees; and
 - (ix) Classified staff providing student and staff safety.

MESSAGE FROM THE SENATE

March 9, 2010

Mr. Speaker:

The President ruled that the amendment is outside the "scope and object" of the measure and violative of Senate Rule 25. The Senate refuses to concur in the House amendment to SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 6508 and insists on its position.

HOUSE AMENDMENT TO SENATE BILL

There being no objection, the House receded from its amendment. The rules were suspended and SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 6508 was returned to second reading for the purpose of amendment.

There being no objection, the House reverted to the sixth order of business.

SECOND READING

SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 6508, by Senate Committee on Government Operations & Elections (originally sponsored by Senators Fairley, Prentice, Pridemore, Kline, Rockefeller, Ranker, Tom, McDermott, Gordon and Keiser)

Changing the class of persons entitled to recoveries under a wrongful death action or survival action.

Representative Pedersen moved the adoption of amendment (1599).

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.20.010 and 1917 c 123 s 1 are each amended to read as follows:

(1) When the death of a person is caused by the wrongful act, neglect or default of another his personal representative may maintain an action for damages against the person causing the death; and although the death shall have been caused under such circumstances as amount, in law, to a felony.

(2) The liability of a governmental entity in an action under this section that is based on a parent's significant involvement in an adult child's life is limited to situations where the governmental entity's acts or omissions are negligent and are a proximate cause of the death of the claimant, and where the governmental entity is not otherwise immune or where the governmental entity's liability is not otherwise limited by statute or case law.

(3) For the purposes of this section, "governmental entity" means the state, local agencies, political subdivisions, and any officers, employees, or agents of the state, local agencies, or political subdivisions.

Sec. 2. RCW 4.20.020 and 2007 c 156 s 29 are each amended to read as follows:

(1) Every ~~((such))~~ action under RCW 4.20.010 shall be for the benefit of the ~~((wife, husband))~~ spouse, state registered domestic partner, ~~((child))~~ or children, including stepchildren, of the person whose death shall have been so caused. If there ~~((be))~~ is no ~~((wife, husband))~~ spouse, state registered domestic partner, or ~~((such))~~ child ~~((or children, such)),~~ the action may be maintained for the benefit of:

(a) The parents(, sisters, or brothers, who may be dependent upon the deceased person for support, and who are resident within the United States at the time of his death) of a deceased adult child if the parents are financially dependent upon the adult child for support or if the parents have had significant involvement in the adult child's life;
or

(b) Sisters or brothers who are financially dependent upon the decedent for support if there is no spouse, state registered domestic partner, child, or parent.

In every such action the jury may ~~((give such))~~ award economic and noneconomic damages as~~(s)~~ may to them seem just. In an action under RCW 4.20.010 that is based on a parent's significant involvement in an adult child's life, economic damages include any student loan balance that the parent may be obligated to repay as a result of acting as a cosigner or guarantor on the decedent's student loans, except for student loan balances that, under the terms of the loan, are eligible for a complete discharge upon the death of the borrower.

(2) For the purposes of this section:

(a) "Financially dependent for support" means substantial dependence based on the receipt of services that have an economic or monetary value, or substantial dependence based on actual monetary payments or contributions; and

(b) "Significant involvement" means demonstrated support of an emotional, psychological, or financial nature within the relationship, at or reasonably near the time of death, or at or reasonably near the time of the incident causing death. When determining if the parents have had significant involvement in the adult child's life, the court shall consider, but not be limited to, objective evidence of personal, verbal, written, or electronic contact with the adult child, and in-person interaction with the adult child during holidays, birthdays, and other events.

Sec. 3. RCW 4.20.046 and 2008 c 6 s 409 are each amended to read as follows:

(1) All causes of action by a person or persons against another person or persons shall survive to the personal representatives of the former and against the personal representatives of the latter, whether ~~((such))~~ the actions arise on contract or otherwise, and whether or not ~~((such))~~ the actions would have survived at the common law or prior to the date of enactment of this section(~~(- PROVIDED, HOWEVER, That))~~).

(2) In addition to recovering economic losses for the estate, the personal representative ~~((shall only be))~~ is entitled to recover on behalf of those beneficiaries identified under RCW 4.20.060 any noneconomic damages for pain and suffering, anxiety, emotional distress, or humiliation personal to and suffered by ~~((a))~~ the deceased ~~((on behalf of those beneficiaries enumerated in RCW 4.20.020, and))~~ in such amounts as determined by a jury to be just under all the circumstances of the case. Damages under this section are recoverable regardless of whether or not the death was occasioned by the injury that is the basis for the action.

(3) The liability of property of spouses or domestic partners held by them as community property and subject to execution in satisfaction of a claim enforceable against such property so held shall

not be affected by the death of either or both spouses or either or both domestic partners; and a cause of action shall remain an asset as though both claiming spouses or both claiming domestic partners continued to live despite the death of either or both claiming spouses or both claiming domestic partners.

~~((2))~~ (4) Where death or an injury to person or property, resulting from a wrongful act, neglect or default, occurs simultaneously with or after the death of a person who would have been liable therefor if his or her death had not occurred simultaneously with such death or injury or had not intervened between the wrongful act, neglect or default and the resulting death or injury, an action to recover damages for such death or injury may be maintained against the personal representative of such person.

Sec. 4. RCW 4.20.060 and 2007 c 156 s 30 are each amended to read as follows:

(1) No action for a personal injury to any person occasioning death shall abate, nor shall ~~((such))~~ the right of action ~~((determine))~~ terminate, by reason of ~~((such))~~ the death ~~((:))~~ if ~~((such))~~ the person has a surviving ~~((spouse, state registered domestic partner, or child living, including stepchildren, or leaving no surviving spouse, state registered domestic partner, or such children, if there is dependent upon the deceased for support and resident within the United States at the time of decedent's death, parents, sisters, or brothers; but such action may be prosecuted, or commenced and prosecuted, by the executor or administrator))~~ beneficiary in whose favor the action may be brought under subsection (2) of this section.

(2) An action under this section shall be brought by the personal representative of the deceased ~~((:))~~ in favor of ~~((such))~~ the surviving spouse or state registered domestic partner ~~((, or in favor of the surviving spouse or state registered domestic partner))~~ and ~~((such))~~ children ~~((, or if))~~. If there is no surviving spouse ((or)), state registered domestic partner, ((in favor of such child)) or children, ((or if no surviving spouse, state registered domestic partner, or such child or children, then)) the action shall be brought in favor of the decedent's:

(a) Parents ~~((, sisters, or brothers who may be dependent upon such person for support, and resident in the United States at the time of decedent's death))~~ if the parents are financially dependent upon the decedent for support or if the parents have had significant involvement in the decedent's life; or

(b) Sisters or brothers who are financially dependent upon the decedent for support if there is no spouse, state registered domestic partner, child, or parent.

(3) In addition to recovering economic losses, the persons identified in subsection (2) of this section are entitled to recover any noneconomic damages personal to and suffered by the decedent including, but not limited to, damages for the decedent's pain and suffering, anxiety, emotional distress, or humiliation, in such amounts as determined by a jury to be just under all the circumstances of the case.

(4) For the purposes of this section:

(a) "Financially dependent for support" means substantial dependence based on the receipt of services that have an economic or monetary value, or substantial dependence based on actual monetary payments or contributions; and

(b) "Significant involvement" means demonstrated support of an emotional, psychological, or financial nature within the relationship, at or reasonably near the time of death, or at or reasonably near the time of the incident causing death. When determining if the parents have had significant involvement in the child's life, the court shall consider, but not be limited to, objective evidence of personal, verbal, written, or electronic contact with the child, and in-person interaction with the child during holidays, birthdays, and other events.

Sec. 5. RCW 4.24.010 and 1998 c 237 s 2 are each amended to read as follows:

(1) A ~~((mother or father, or both,))~~ parent who has regularly contributed to the support of his or her minor child, ~~((and the mother or father, or both, of a child on whom either, or both, are))~~ or a parent who is financially dependent on a minor child for support or who has had significant involvement in the minor child's life, may maintain or join ~~((as a party))~~ an action as plaintiff for the injury or death of the child.

(2) Each parent, separately from the other parent, is entitled to recover for his or her own loss regardless of marital status, even though this section creates only one cause of action ~~((, but if the parents of the child are not married, are separated, or not married to each other damages may be awarded to each plaintiff separately, as the trier of fact finds just and equitable)).~~

(3) If one parent brings an action under this section and the other parent is not named as a plaintiff, notice of the institution of the suit, together with a copy of the complaint, shall be served upon the other parent: PROVIDED, That notice shall be required only if parentage has been duly established.

Such notice shall be in compliance with the statutory requirements for a summons. Such notice shall state that the other parent must join as a party to the suit within twenty days or the right to recover damages under this section shall be barred. Failure of the other parent to timely appear shall bar such parent's action to recover any part of an award made to the party instituting the suit.

(4) In ~~((such))~~ an action under this section, in addition to damages for medical, hospital, medication expenses, and loss of services and support, damages may be recovered for the loss of love and companionship of the child and for injury to or destruction of the parent-child relationship in such amount as, under all the circumstances of the case, may be just.

(5) For the purposes of this section:

(a) "Financially dependent for support" means substantial dependence based on the receipt of services that have an economic or monetary value, or substantial dependence based on actual monetary payments or contributions; and

(b) "Significant involvement" means demonstrated support of an emotional, psychological, or financial nature within the relationship, at or reasonably near the time of death, or at or reasonably near the time of the incident causing death. When determining if the parents have had significant involvement in the child's life, the court shall consider, but not be limited to, objective evidence of personal, verbal, written, or electronic contact with the child, and in-person interaction with the child during holidays, birthdays, and other events.

NEW SECTION. Sec. 6. This act applies to all causes of action that are based on deaths occurring on or after the effective date of this act.

NEW SECTION. Sec. 7. (1) On December 1, 2011, and every December 1st thereafter, the risk management division within the office of financial management shall report to the house of representatives ways and means committee, the house of representatives judiciary committee, the senate ways and means committee, and the senate government operations and elections committee, or successor committees, on the incidents covered by this act that involve state agencies.

(2) On December 1, 2011, and every December 1st thereafter, each local government risk pool or local government risk management division, or the equivalent in local governments, shall report to the legislative body of the local government on the incidents covered by this act that involve the local government.

(3) This section expires December 2, 2016.

Representative Blake moved the adoption of amendment (1634).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Water is an essential element for economic prosperity and it generates new, family-wage jobs and state revenues. It is the intent of the legislature to provide both water right applicants and the department of ecology with the necessary tools to expedite the processing of water right applications depending on the needs of the project and agency workload.

NEW SECTION. Sec. 2. Sufficient resources to support the department of ecology's water resource program are essential for effective and sustainable water management that provides certainty to processed applications. The department of ecology shall review current water resource functions and fee structures, and report to the legislature and the governor by September 1, 2010, on improvements to make the program more self-sustaining and efficient.

Sec. 3. RCW 90.03.265 and 2003 c 70 s 6 are each amended to read as follows:

(1)(a) Any applicant for a new withdrawal or a change, transfer, or amendment of a water right pending before the department((;)) may initiate a cost-reimbursement agreement with the department to provide expedited review of the application. A cost-reimbursement agreement may ~~((only))~~ be initiated under this section if the applicant agrees to pay for, or as part of a cooperative effort agrees to pay for, the cost of processing his or her application and all other applications from the same source of supply which must be acted upon before the applicant's request because they were filed prior to the date of when the applicant filed.

(b) The requirement to pay for the cost of other applications under (a) of this subsection does not apply to an application for a new appropriation that would not diminish the water available to earlier pending applicants for new appropriations from the same source of supply.

(c) The requirement to pay for the cost of processing other applications under (a) of this subsection does not apply to an application for a change, transfer, or other amendment that would not diminish the water available to earlier pending applicants for changes or transfers from the same source of supply.

(d) In determining whether an application would not diminish the water available to earlier pending applicants, the department shall consider any water impoundment or other water resource management mitigation technique proposed by the applicant under RCW 90.03.255 or 90.44.055.

(e) The department may enter into cost-reimbursement agreements provided resources are available and shall use the process established under RCW 43.21A.690 for entering into cost-reimbursement agreements. The department's share of work related to a cost-reimbursement application, such as final certificate approval, must be prioritized within the framework of other water right processing needs and as determined by agency rule.

(f) Each individual applicant is responsible for his or her own appeal costs that may result from a water right decision made by the department under this section. In the event that the department's approval of an application under this section is appealed under chapter 43.21B RCW by a third party, the applicant for the water right in question must reimburse the department for the cost of defending the decision before the pollution control hearings board unless otherwise agreed to by the applicant and the department. If an applicant appeals either an approval or a denial made by the department under this section, the applicant is responsible only for its own appeal costs.

(2) In pursuing a cost-reimbursement project, the department must determine the source of water proposed to be diverted or withdrawn from, including the boundaries of the area that delimits the source. The department must determine if any other water right permit applications are pending from the same source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department finds they are hydraulically connected. The department shall consider technical information submitted by the applicant in making its determinations under this subsection. The department may recover from a cost-reimbursement applicant its own costs in making the same source determination under this subsection.

(3) Upon request of the applicant seeking cost-reimbursement processing, the department may elect to initiate a coordinated cost-reimbursement process. To initiate this process, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that cost-reimbursement processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on a cost-reimbursement basis;

(d) Provide an estimate of how long the cost-reimbursement process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the cost-reimbursement process.

(4) The applicant initiating the cost-reimbursement request must pay for the cost of the determination under subsections (2) and (3) of this section and other costs necessary for the initial phase of cost-reimbursement processing. The cost for each applicant for conducting processing under a coordinated cost-reimbursement agreement must be based primarily on the proportionate quantity of water requested by each applicant. The cost may be adjusted if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity.

(5)(a) Only the department may approve or deny a water right application processed under this section, and such a final decision remains solely the responsibility and function of the department. The department retains full authority to amend, refuse, or approve any work product provided by any consultant under this section. The department may recover its costs related to: (i) The review of a consultant to ensure that no conflict of interest exists; (ii) the management of consultant contracts and cost-reimbursement agreements; and (iii) the review of work products provided by participating consultants.

(b) For any cost-reimbursement process initiated under subsection (1) of this section, the applicant may, after consulting with the department, select a prequalified consultant listed by the department under subsection (7) of this section or may be assigned such a prequalified consultant by the department.

(c) For any coordinated cost-reimbursement process initiated under subsection (3) of this section, the applicant may, after consulting with the department, select a prequalified consultant listed by the department under subsection (7) of this section or may be assigned a prequalified consultant by the department.

(d) In lieu of having one or more of the work products performed by a prequalified consultant listed under subsection (7) of this section, the department may, at its discretion, recognize specific work completed by an applicant or an applicant's consultant prior to the initiation of cost-reimbursement processing. The department may also, at its discretion, authorize the use of such a consultant to perform a specific scope of the work that would otherwise be assigned to prequalified consultants listed under subsection (7) of this section.

(e) At any point during the cost-reimbursement process, the department may request or accept technical information, data, and analysis from the applicant or the applicant's consultant to support the cost-reimbursement process or the department's decision on the application.

(6) The department is authorized to adopt rules or guidance providing minimum qualifications and standards for any consultant's submission of work products under this section, including standards for submission of technical information, scientific analysis, work product documentation, review for conflict of interest, and report presentation that such a consultant must meet.

(7) The department must provide notice to potential consultants of the opportunity to be considered for inclusion on the list of cost-reimbursement consultants to whom work assignments will be made. The department must competitively select an appropriate number of consultants who are qualified by training and experience to investigate and make recommendations on the disposition of water right applications. The prequalified consultant list must be renewed at least every six years, though the department may add qualified cost-reimbursement consultants to the list at any time. The department must enter a master contract with each consultant selected and thereafter make work assignments based on availability and qualifications.

(8) The department may remove any consultant from the consultant list for poor performance, malfeasance, or excessive complaints from cost-reimbursement participants. The department

may interview any cost-reimbursement consultant to determine whether the person is qualified for this work, and must spot-check the work of consultants to ensure that the public is being competently served.

(9) When a prequalified cost-reimbursement consultant from the department's list described in subsection (7) of this section is assigned or selected to investigate an application or set of applications, the consultant must document its findings and recommended disposition in the form of written draft technical reports and preliminary draft reports of examination. Within two weeks of the department receiving draft technical reports and preliminary draft reports of examination, the department shall provide the applicant such documents for review and comment prior to their completion by the consultant. The department shall consider such comments by the applicant prior to the department's issuance of a draft report of examination. The department may modify the preliminary draft reports of examination submitted by the consultant. The department's decision on a permit application is final unless it is appealed to the pollution control hearings board under chapter 43.21B RCW.

(10) If an applicant elects not to participate in a cost-reimbursement process, the application remains on file with the department, retains its priority date, and may be processed under regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 90.03 RCW to read as follows:

The water rights processing account is created in the state treasury. All receipts from the fees collected under sections 5, 7, and 12 of this act must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account may only be used to support the processing of water right applications for a new appropriation, change, transfer, or amendment of a water right as provided in this chapter and chapters 90.42 and 90.44 RCW or for the examination, certification, and renewal of certification of water right examiners as provided in section 7 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 90.03 RCW to read as follows:

(1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

- (a) Inform those applicants that expedited processing of applications within the described water source is being initiated;
- (b) Provide to individual applicants the criteria under which the applications will be examined and determined;
- (c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;
- (d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that the application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed through regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing shall be used to reimburse the other applicants who participated in the previous expedited processing of applications, provided sufficient proceeds remain to fully cover the department's cost of processing the delayed entry application and the department's estimated administrative costs to reimburse the previously expedited applicants.

NEW SECTION. Sec. 6. A new section is added to chapter 90.03 RCW to read as follows:

The department must post notice on its web site and provide additional electronic notice and opportunity for comment to affected federally recognized tribal governments concurrently when providing notice to applicants under RCW 90.03.265 and sections 5 and 12 of this act.

NEW SECTION. Sec. 7. A new section is added to chapter 90.03 RCW to read as follows:

(1) The department shall establish and maintain a list of certified water right examiners. Certified water right examiners on the list are eligible to perform final proof examinations of permitted water uses leading to the issuance of a water right certificate under RCW 90.03.330. The list must be updated annually and must be made available to the public through written and electronic media.

(2) In order to qualify, an individual must be registered in Washington as a professional engineer, professional land surveyor, or registered hydrogeologist, or an individual must demonstrate at least five years of applicable experience to the department, or be a board member of a water conservancy board. Qualified individuals must also pass a written examination prior to being certified by the department. Such an examination must be administered by either the department or an entity formally approved by the department. Each

certified water right examiner must demonstrate knowledge and competency regarding:

- (a) Water law in the state of Washington;
- (b) Measurement of the flow of water through open channels and enclosed pipes;
- (c) Water use and water level reporting;
- (d) Estimation of the capacity of reservoirs and ponds;
- (e) Irrigation crop water requirements;
- (f) Aerial photo interpretation;
- (g) Legal descriptions of land parcels;
- (h) Location of land and water infrastructure through the use of maps and global positioning;
- (i) Proper construction and sealing of well bores; and
- (j) Other topics related to the preparation and certification of water rights in Washington state.

(3) Except as provided in subsection (9) of this section, upon completion of a water appropriation and putting water to beneficial use, in order to receive a final water right certificate, the permit holder must secure the services of a certified water right examiner who has been tested and certified by the department. The examiner shall carry out a final examination of the project to verify its completion and to determine and document for the permit holder and the department the amount of water that has been appropriated for beneficial use, the location of diversion or withdrawal and conveyance facilities, and the actual place of use. The examiner shall take measurements or make estimates of the maximum diversion or withdrawal, the capacity of water storage facilities, the acreage irrigated, the type and number of residences served, the type and number of stock watered, and other information relevant to making a final determination of the amount of water beneficially used. The examiner shall take photographs of the facilities to document the use or uses of water and the photographs must be submitted with the examiner's report to the department. The department shall specify the format and required content of the reports and may provide a form for that purpose.

(4) The department may suspend or revoke a certification based on poor performance, malfeasance, failure to acquire continuing education credits, or excessive complaints from the examiner's customers. The department may require the retesting of an examiner. The department may interview any examiner to determine whether the person is qualified for this work. The department shall spot-check the work of examiners to ensure that the public is being competently served. Any person aggrieved by an order of the department including the granting, denial, revocation, or suspension of a certificate issued by the department under this chapter may appeal pursuant to chapter 43.21B RCW.

(5) The decision regarding whether to issue a final water right certificate is solely the responsibility and function of the department.

(6) The department shall make its final decision under RCW 90.03.330 within sixty days of the date of receipt of the proof of examination from the certified water right examiner, unless otherwise requested by the applicant or returned for correction by the department. The department may return an initial proof of examination for correction within thirty days of the department's receipt of such initial proof from a certified water right examiner. Such proof must be returned to both the certified water right examiner and the applicant. Within thirty days of the department's receipt of such returned proof from the certified water right examiner, the department shall make its final decision under RCW 90.03.330, unless otherwise requested by the applicant.

(7) Each certified water right examiner must complete eight hours annually of qualifying continuing education in the water resources field. The department shall determine and specify the qualifying continuing education and shall inform examiners of the opportunities. The department shall track whether examiners are current in their continuing education and may suspend the certification of an

examiner who has not complied with the continuing education requirement.

(8) Each certified water right examiner must be bonded for at least fifty thousand dollars.

(9) The department may waive the requirement to secure the services of a certified water right examiner in situations in which the department has already conducted a final proof of examination or finds it unnecessary for purposes of issuing a certificate of water right.

(10) The department shall establish and collect fees for the examination, certification, and renewal of certification of water right examiners. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. Pursuant to RCW 43.135.055, the department is authorized to set fees for examination, certification, and renewal of certification for water right examiners.

(11) The department may adopt rules appropriate to carry out the purposes of this section.

Sec. 8. RCW 90.14.065 and 1987 c 93 s 1 are each amended to read as follows:

(1)(a) Any person or entity, or successor to such person or entity, having a statement of claim on file with the water rights claims registry ~~((on April 20, 1987,))~~ may submit to the department of ecology for filing~~(s)~~ an amendment to such a statement of claim if the submitted amendment is based on:

~~((1))~~ (i) An error in estimation of the quantity of the applicant's water claim prescribed in RCW 90.14.051 if the applicant provides reasons for the failure to claim such right in the original claim;

~~((2))~~ (ii) A change in circumstances not foreseeable at the time the original claim was filed, if such change in circumstances relates only to the manner of transportation or diversion of the water and not to the use or quantity of such water; or

~~((3))~~ (iii) The amendment is ministerial in nature.

(b) The department shall accept any such submission and file the same in the registry unless the department by written determination concludes that the requirements of (a)(i), (ii), or (iii) of this subsection ~~((1), (2), or (3) of this section))~~ have not been satisfied.

(2) In addition to subsection (1) of this section, a surface water right claim may be changed or transferred in the same manner as a permit or certificate under RCW 90.03.380, and a water right claim for groundwater may be changed or transferred as provided under RCW 90.03.380 and 90.44.100.

(3) Any person aggrieved by a determination of the department may obtain a review thereof by filing a petition for review with the pollution control hearings board within thirty days of the date of the determination by the department. The provisions of RCW 90.14.081 shall apply to any amendment filed or approved under this section.

Sec. 9. RCW 90.44.100 and 2009 c 183 s 16 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (b) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c)

where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" of a water right permit or certificate is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well. The location of the original well or wells of a water right claim filed under chapter 90.14 RCW is the area located within a one-quarter mile radius of the current well or wells.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

(6) This section does not apply to a water right involved in an approved local water plan created under RCW 90.92.090 or a banked water right under RCW 90.92.070.

Sec. 10. RCW 90.44.100 and 2003 c 329 s 3 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (b) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal

from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" of a water right permit or certificate is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well. The location of the original well or wells of a water right claim filed under chapter 90.14 RCW is the area located within a one-quarter mile radius of the current well or wells.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

NEW SECTION. Sec. 11. A new section is added to chapter 90.44 RCW to read as follows:

Applications to appropriate groundwater under a cost-reimbursement agreement must be processed in accordance with RCW 90.03.265 when an applicant requests the assignment of a cost-reimbursement consultant as provided in RCW 43.21A.690.

NEW SECTION. Sec. 12. A new section is added to chapter 90.44 RCW to read as follows:

(1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that expedited processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;

(d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed through regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing shall be used to reimburse the other applicants who participated in the previous expedited processing of applications, provided sufficient proceeds remain to fully cover the department's cost of processing the delayed entry application and the department's estimated administrative costs to reimburse the previously expedited applicants.

NEW SECTION. Sec. 13. A new section is added to chapter 90.03 RCW to read as follows:

Nothing in this act affects or diminishes the processing of water right applications under any other existing authority, including but not limited to existing authority for the priority processing of applications by the department.

NEW SECTION. Sec. 14. Section 9 of this act expires June 30, 2019.

NEW SECTION. Sec. 15. Section 10 of this act takes effect June 30, 2019.

NEW SECTION. Sec. 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 6604, by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators Hobbs, King, McAuliffe, Oemig, Tom, Brandland, Holmquist, McDermott and Kline)

Providing flexibility in the education system.

Representative Quall moved the adoption of amendment (1646).

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.655.061 and 2009 c 524 s 5 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the requirement that any change in

performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the PSAT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in

calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection (~~((12))~~).

~~((a))~~ Student learning plans are required for eighth (~~through twelfth~~) grade students who were not successful on any or all of the content areas of the (~~Washington~~) state assessment (~~for student learning~~) during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

~~((i))~~ (a) The student's results on the (~~Washington~~) state assessment (~~of student learning~~);

~~((ii))~~ (b) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

~~((iii))~~ (c) Any credit deficiencies;

~~((iv))~~ (d) The student's attendance rates over the previous two years;

~~((v))~~ (e) The student's progress toward meeting state and local graduation requirements;

~~((vi))~~ (f) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

~~((vii))~~ (g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

~~((viii))~~ (h) The alternative assessment options available to students under this section and RCW 28A.655.065;

~~((ix))~~ (i) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

~~((x))~~ (j) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

((b) All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.)"

SUBSTITUTE HOUSE BILL NO. 3124, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 10, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 3178 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.105 RCW to read as follows:

(1) The legislature finds that the provision of information technology in state government lacks strategic coordination, transparency, and meaningful enterprise-wide direction and oversight. It is no longer economically sustainable or technically feasible for state agencies to obtain and provide large-scale, commonly utilized information technology products and services on an individual, agency- by-agency basis without coordination. Instead, the state needs a strong, enterprise-based information technology strategy to ensure the public's needs are being met and the state is receiving the highest quality information technology products and services at the best price from public or private providers. Developing a strong enterprise-wide strategy also includes establishing clear lines of authority and accountability within state agencies so that those services unique to individual agencies receive the support required to effectively and efficiently provide services to citizens. To accomplish these objectives, the state needs to develop an open, transparent process for determining the total cost of ownership for the information technology products and services it provides, and to provide such information in an easily accessible, public fashion. It is in the state's interest to ensure that the wide range of disparate networks, systems, services, and structures across state government become more closely coordinated, organized, and structured. This type of coordinating effort is already underway in the area of higher education through the efforts of the higher education technology transformation task force and informally within other areas. When more transparent technical and financial information is readily available, the state can make sound policy decisions about what information technology services should be provided centrally on a shared services basis, and what products and services may be best suited for either contracting with private providers or for maintenance at the agency level. Furthermore, if attractive pricing models and service level agreements are developed for enterprise-based information technology services, the legislative and judicial branches will have an incentive to participate in those services as well.

(2) It is the intent of the legislature to organize, consolidate, and, where appropriate, contract with private providers for technology systems and resources in a strategic fashion that is based upon sound, objective, nonpolitical, and independent technical and financial criteria. The state needs to develop a clear, enterprise-based statewide strategy for information technology to ensure that there is transparency and accountability regarding how information technology resources are being allocated, how decisions are being made, and who is accountable for on-time, on-budget delivery.

NEW SECTION. Sec. 2. A new section is added to chapter 43.105 RCW to read as follows:

(1) State agencies that are purchasing wireless devices or services must make such purchases through the state master contract, unless the state agency provides to the office of financial management evidence that the state agency is securing its wireless devices or services from another source for a lower cost than through participation in the state master contract.

(2) For the purposes of this section, "state agency" means any office, department, board, commission, or other unit of state government, but does not include a unit of state government headed by a statewide elected official, an institution of higher education as defined in RCW 28B.10.016, the higher education coordinating board, the state board for community and technical colleges, or agencies of the legislative or judicial branches of state government.

NEW SECTION. Sec. 3. A new section is added to chapter 43.88 RCW to read as follows:

(1) As part of the biennial budget process, the office of financial management shall collect from agencies, and agencies shall provide,

information to produce reports, summaries, and budget detail sufficient to allow review, analysis, and documentation of all current and proposed expenditures for information technology by state agencies. Information technology budget detail must be included as part of the budget submittal documentation required pursuant to RCW 43.88.030.

(2) The office of financial management must collect, and present as part of the biennial budget documentation, information for all existing information technology projects as defined by information services board policy. The office of financial management must work with the department of information services to maximize the ability to draw this information from the information technology portfolio management data collected by the department of information services pursuant to RCW 43.105.170. Connecting project information collected through the portfolio management process with financial data developed under subsection (1) of this section provides transparency regarding expenditure data for existing technology projects.

(3) The biennial budget documentation submitted by the office of financial management pursuant to RCW 43.88.030 must include an information technology plan identifying proposed large information technology projects. This plan must be presented using a method similar to the capital budget, identifying project costs through stages of the project and across fiscal periods and biennia from project initiation to implementation. This information must be submitted electronically, in a format to be determined by the office of financial management and the legislative evaluation and accountability program committee.

(4) The office of financial management shall also institute a method of accounting for information technology-related expenditures, including creating common definitions for what constitutes an information technology investment.

Sec. 4. RCW 43.88.560 and 1992 c 20 s 7 are each amended to read as follows:

The director of financial management shall establish policies and standards governing the funding of major information technology projects as required under RCW 43.105.190(2). The director of financial management shall also direct the collection of additional information on information technology projects and submit an information technology plan as required under section 3 of this act.

Sec. 5. RCW 43.105.041 and 2009 c 486 s 13 are each amended to read as follows:

(1) The board shall have the following powers and duties related to information services:

(a) To develop standards and procedures governing the acquisition and disposition of equipment, proprietary software and purchased services, licensing of the radio spectrum by or on behalf of state agencies, and confidentiality of computerized data. The board shall coordinate with the office of financial management to develop contracting standards for information technology acquisition and purchased services and must work with state agencies to ensure deployment of standardized contracts;

(b) To purchase, lease, rent, or otherwise acquire, dispose of, and maintain equipment, proprietary software, and purchased services, or to delegate to other agencies and institutions of state government, under appropriate standards, the authority to purchase, lease, rent, or otherwise acquire, dispose of, and maintain equipment, proprietary software, and purchased services: PROVIDED, That, agencies and institutions of state government are expressly prohibited from acquiring or disposing of equipment, proprietary software, and purchased services without such delegation of authority. The acquisition and disposition of equipment, proprietary software, and purchased services is exempt from RCW 43.19.1919 and, as provided in RCW 43.19.1901, from the provisions of RCW 43.19.190 through 43.19.200, except that the board, the department, and state agencies, as delegated, must post notices of technology procurement bids on the

state's common vendor registration and bid notification system. This subsection (1)(b) does not apply to the legislative branch;

(c) To develop statewide or interagency technical policies, standards, and procedures;

(d) To review and approve standards and common specifications for new or expanded telecommunications networks proposed by agencies, public postsecondary education institutions, educational service districts, or statewide or regional providers of K-12 information technology services, and to assure the cost-effective development and incremental implementation of a statewide video telecommunications system to serve: Public schools; educational service districts; vocational-technical institutes; community colleges; colleges and universities; state and local government; and the general public through public affairs programming;

(e) To provide direction concerning strategic planning goals and objectives for the state. The board shall seek input from the legislature and the judiciary;

(f) To develop and implement a process for the resolution of appeals by:

(i) Vendors concerning the conduct of an acquisition process by an agency or the department; or

(ii) A customer agency concerning the provision of services by the department or by other state agency providers;

(g) To establish policies for the periodic review by the department of agency performance which may include but are not limited to analysis of:

(i) Planning, management, control, and use of information services;

(ii) Training and education; and

(iii) Project management;

(h) To set its meeting schedules and convene at scheduled times, or meet at the request of a majority of its members, the chair, or the director;

(i) To review and approve that portion of the ((department's)) budget ((requests)) that ((provides for)) may provide independent, technical staff support to the board; and

(j) To develop procurement policies and procedures, such as unbundled contracting and subcontracting, that encourage and facilitate the purchase of products and services by state agencies and institutions from Washington small businesses to the maximum extent practicable and consistent with international trade agreement commitments.

(2) Statewide technical standards to promote and facilitate electronic information sharing and access are an essential component of acceptable and reliable public access service and complement content-related standards designed to meet those goals. The board shall:

(a) Establish technical standards to facilitate electronic access to government information and interoperability of information systems, including wireless communications systems. Local governments are strongly encouraged to follow the standards established by the board; and

(b) Require agencies to consider electronic public access needs when planning new information systems or major upgrades of systems.

In developing these standards, the board is encouraged to include the state library, state archives, and appropriate representatives of state and local government.

(3)(a) The board, in consultation with the K-20 board, has the duty to govern, operate, and oversee the technical design, implementation, and operation of the K-20 network including, but not limited to, the following duties: Establishment and implementation of K-20 network technical policy, including technical standards and conditions of use; review and approval of network design; procurement of shared network services and equipment; and resolving user/provider disputes concerning technical matters. The board shall

delegate general operational and technical oversight to the K-20 network technical steering committee as appropriate.

(b) The board has the authority to adopt rules under chapter 34.05 RCW to implement the provisions regarding the technical operations and conditions of use of the K-20 network.

(4) The board shall review all information technology efforts under its purview based on independent technical and financial information, regardless of whether the projects or services are being provided by public or private providers. This review must be conducted by independent, technical staff support, subject to funds appropriated for this specific purpose.

(5) In reviewing these efforts, the board, in consultation with the office of financial management, shall review state agency information technology budgets. The board may acquire project management assistance to assist in its efforts under this act.

Sec. 6. RCW 43.105.180 and 1999 c 80 s 11 are each amended to read as follows:

~~(Upon request of the office of financial management,)~~ (1) The department, in coordination with the information services board and the office of financial management, shall evaluate agency budget requests for major information technology projects identified under RCW 43.105.190, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. The department shall submit recommendations for funding all or part of such requests to the office of financial management and to the chairs, ranking minority members, and staff coordinators of the appropriations committees of the senate and house of representatives. The department shall also submit recommendations regarding consolidation of similar proposals or other efficiencies it finds in reviewing proposals.

(2) The department, with the advice and approval of the office of financial management and the information services board, shall establish criteria, consistent with portfolio-based information technology management, for the evaluation of agency budget requests under this section. These budget requests shall be made in the context of an agency's information technology portfolio; technology initiatives underlying budget requests are subject to board review. Criteria shall include, but not be limited to: Feasibility of the proposed projects, consistency with the state strategic information technology plan, consistency with information technology portfolios, appropriate provision for public electronic access to information, evidence of business process streamlining and gathering of business and technical requirements, and services, costs, and benefits.

(3) For the purposes of this section, "state agency" includes every state office, department, division, bureau, board, commission, or other state agency, including offices headed by a statewide elected official.

(3) Ensure the judicial information system information technology portfolio is organized and structured to clearly indicate participation in and use of enterprise-wide information technology strategies;

(4) As part of the biennial budget process, submit the judicial information system information technology portfolio to the chair and ranking member of the ways and means committees of the house of representatives and the senate, the office of financial management, and the department of information services.

NEW SECTION. Sec. 8. A new section is added to chapter 44.68 RCW to read as follows:

(a) An analysis, based upon agency portfolios, of the state's information technology infrastructure, including its value, condition, and capacity;

(b) An evaluation of performance relating to information technology;

(c) An assessment of progress made toward implementing the state strategic information technology plan, including progress toward electronic access to public information and enabling citizens to have two-way access to public records, information, and services;

(d) An analysis of the success or failure, feasibility, progress, costs, and timeliness of implementation of major information technology projects under RCW 43.105.190. At a minimum, the portion of the report regarding major technology projects must include:

(i) Final total cost of ownership budget data for the entire life-cycle of the project, including capital and operational costs, broken down by staffing costs, contracted service, hardware purchase or lease, software purchase or lease, travel, and training. ~~((e))~~ (e) An inventory of state information services, equipment, and proprietary software.

Copies of the report shall be distributed biennially to the governor and the chairs and ranking minority members of the appropriations committees of the senate and the house of representatives. The major technology section of the report must examine major information technology projects completed in the previous biennium to determine the performance of the implementing agency, cost and value effectiveness, and timeliness and other performance metrics necessary to assess the quality and value of the investment. The report must also examine projects two years after completion for progress toward meeting performance goals and operating budget savings. The first report is due December 15, 2011, and every two years thereafter.

NEW SECTION. Sec. 9. A new section is added to chapter 43.105 RCW to read as follows:

(1) The board, in consultation with the department and the office of financial management, shall develop an enterprise-based strategy for information technology in state government informed by information technology expenditure information collected from state agencies pursuant to section 3 of this act.

(2) In developing an enterprise-based strategy for the state, the board is encouraged to consider the following strategies as possible opportunities for achieving greater efficiency:

(a) Developing personal computer replacement policies for the state, with consideration given to alternative models of personal computer usage for state government use, such as thin client, software as a service, browser-based functionality, mobile computing, and other models that are less dependent upon traditional computing;

(b) Pursuing shared services initiatives across functional areas, which may include services such as e-mail, telephony, and data storage;

(c) Pursuing pilot programs, such as a pilot to demonstrate the value of application management services, to identify opportunities to achieve operational efficiencies;

(f) Partnering with private providers for commonly utilized information technology products and services.

(3) The legislative and judicial branches are encouraged to coordinate with, and participate in, shared services initiatives, pilot programs, and development of the enterprise-based strategy, where appropriate.

NEW SECTION. Sec. 2. (1) The office of financial management, with the assistance of the department of information services, must identify areas of potential savings that will achieve the savings identified in the omnibus appropriations act. These areas shall include, but not be limited to, wireless service, telephony, desktop computers, electronic mail services, and data storage.

(2) The office of financial management shall work with the appropriate state agencies, including the department of information services, to generate savings that arise pursuant to this act from the improved acquisition and delivery of information technology products and services. To accomplish this objective, state agencies must provide timely, accurate total cost of ownership data to the office of financial management upon request regarding information technology products and services. The savings must be at least equal to those specified in the omnibus appropriations act. The office of financial management shall reduce agency allotments by the amounts specified

in the omnibus appropriations act to reflect these savings. The allotment reductions shall be placed in unallotted status and remain unexpended.

(3) For the purposes of this section, "state agency" means any office, department, board, commission, or other unit of state government, but does not include a unit of state government headed by a statewide elected official, an institution of higher education as defined in RCW 28B.10.016, the higher education coordinating board, the state board for community and technical colleges, or agencies of the legislative or judicial branches of state government.

This inventory must be used to inform the development of a state information technology asset management process. Prior to implementation of any state information technology asset management process, the department must submit its recommended approach, including an estimate of the associated implementation costs, to the board for approval.

(2) For the purposes of this section, "state agency" includes every state office, department, division, bureau, board, commission, or other state agency, including offices headed by a statewide elected official, and offices in the legislative and judicial branches of state government, notwithstanding the provisions of RCW 44.68.105.

In selecting a private provider for the pilot program, the office of financial management must engage in a competitive bid process or request for proposals process.

(2) The objective of the pilot program will be to assess: (a) Each agency's information technology application portfolio; (b) opportunities to use best practices and tools; and (c) whether the agency should proceed with application managed services or other similar programs based on the results of the assessment.

(3) The department of information services and the office of financial management shall prepare a report of the findings of the pilot assessments by September 1, 2010, and a final report of the pilot results by June 30, 2011. The final report must include the following: Identification of short and long-term costs, risks, benefits, and other organizational impacts of implementing application managed services or other similar programs within the pilot agencies. NEW SECTION. Sec. 6. (1) The office of financial management shall contract with an independent consultant to:

(a) Conduct a technical and financial analysis of the state's plan for the consolidated state data center and office building; and

(b) Develop a strategic business plan outlining the various options for use of the site that maximize taxpayer value consistent with the terms of the finance lease and related agreements.

(2) The analysis must consist of, at a minimum, an assessment of the following issues:

(a) The total capital and operational costs for the proposed data center and office building;

(b) The occupancy rate for the consolidated state data center, as compared to total capacity, that will result in revenue exceeding total capital and operating expenses;

(c) The potential reallocation of resources that could result from the consolidation of state data centers and office space; and

(d) The potential return on investment for the consolidated state data center and office building that may be realized without impairing any existing contractual rights under the terms of the financing lease and related agreements.

MESSAGE FROM THE SENATE

March 10, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 3209 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the Washington state ferry system is a critical component of the state's highway system. The legislature further finds that ferry system revenues are inadequate to support the capital requirements of aging vessels and terminals, and operating cost growth is fast outpacing the growth of fare revenue and gas tax revenue dedicated to the ferry system. As such, and drawing on more than four consecutive years of legislative analysis and operating policy reforms, the legislature finds that a realignment of the ferry compensation policy framework is an appropriate next step toward the legislature's long-term goal of assuring sustainable, cost-effective ferry service. The legislature further intends to address increased costs of ferry system operations in a manner that balances the interests of the ferry system, ferry workforce, and fare payers. It is the intent of the legislature that final recommendations from the joint transportation committee ferry study, submitted to the legislature during the 2009 regular legislative session, be enacted by the legislature and implemented by the department of transportation as soon as practicable in order to benefit from the efficiencies and cost savings identified in the recommendations. It is also the intent of the legislature to make various additional policy changes aimed at further efficiencies and cost savings. Since the study began in 2006, recommendations have been made with regard to long range planning and implementing the most efficient and effective balance between ferry capital and

operating investments. It is intended that this act, the 2009-2011 omnibus transportation appropriations act, and subsequent transportation appropriations acts serve as vehicles for enacting these recommendations in order to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars.

NEW SECTION. Sec. 2. (1) The office of financial management shall convene an expert panel of ferry operators to conduct a management review of the Washington state department of transportation, ferries division. The panel must have between three and five members and must represent both management and operations specialists, as well as public and private ferry operators that can bring best practices and state-of-the-art knowledge to this effort. The panel shall review past studies, conduct its own review, and make recommendations of the ferries division's management. The study must be completed and submitted to the transportation committees of the senate and house of representatives by August 1, 2010, and must include:

(a) A review and comment on the studies and audits conducted on the ferries division over the past four years in areas of overhead and management organization structure and costs, maintenance practices, scheduling, and prioritization of preservation of vessels and terminals to ensure they represent current best practices;

(b) A report on the implementation of the recommendations in the studies and audits described in (a) of this subsection, and a report on their effectiveness compared to national best practices; and

(c) A review and report on the procedures for crew and service scheduling and recommendations on opportunities for improvement to provide the least cost of operations while maintaining service schedules that meet the needs of ferries customers.

(2) This section expires July 1, 2011.

Sec. 3. RCW 47.60.355 and 2007 c 512 s 11 are each amended to read as follows:

(1) Terminal and vessel preservation funding requests shall only be for assets in the life-cycle cost model.

(2) Terminal and vessel preservation funding requests that exceed five million dollars per project must be accompanied by a predesign study. The predesign study must include all elements required by the office of financial management.

Sec. 4. RCW 47.60.365 and 2007 c 512 s 12 are each amended to read as follows:

The department shall develop terminal and vessel design standards that:

(2) Adhere to operational strategies as described in RCW 47.60.327; and

(3) Choose the most efficient balance between capital and operating investments by using a life-cycle cost analysis.

Sec. 5. RCW 47.60.375 and 2008 c 124 s 3 are each amended to read as follows:

(1) The capital plan must adhere to the following:

(a) A current ridership demand forecast;

(b) Vehicle level of service standards as described in RCW 47.06.140;

(c) Operational strategies as described in RCW 47.60.327; and

Sec. 6. RCW 47.60.385 and 2008 c 124 s 6 are each amended to read as follows:

(1) Terminal improvement, vessel improvement, and vessel acquisition project funding requests must adhere to the capital plan(~~(-~~
~~—(2) Requests for terminal improvement design and construction funding must~~), include route-based planning, and be submitted with a predesign study that:

(a) Includes all elements required by the office of financial management;

(b) Separately identifies basic terminal and vessel elements essential for operation and their costs;

(c) Separately identifies additional elements to provide ancillary revenue and customer comfort and their costs;

(i) Includes planned service modifications as a result of the proposed capital project, and the consistency of those service modifications with the capital plan; and

(j) Demonstrates the evaluation of long-term operating costs including fuel efficiency, staffing, and preservation.

(2) The department shall prioritize vessel preservation and acquisition funding requests over vessel improvement funding requests.

NEW SECTION. Sec. 7. A new section is added to chapter 47.60 RCW to read as follows:

(1) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel acquisition funding must be submitted with a predesign study that:

(a) Includes a business decision case on vessel sizing;

(b) Includes an updated vessel deployment plan demonstrating maximum use of existing vessels, and an updated systemwide vessel rebuild and replacement plan;

(c) Includes an analysis that demonstrates that acquiring a new vessel or improving an existing vessel is more cost-effective than other alternatives considered. At a minimum, alternatives explored must include:

(i) Alternatives to new vessel construction that increase capacity of existing vessels;

(ii) Service level changes in lieu of adding vessel capacity; and

(iii) Acquiring existing vessels or existing vessel plans rather than wholly new vessels or vessel plans; and

(d) Demonstrates that the vessel proposed for improvement, construction, or purchase, if intended to replace an existing vessel or to place an existing vessel into inactive or reserve status, is consistent with the scheduled replacements in the rebuild and replacement plan.

(2) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel improvement funding must be submitted with a predesign study that includes:

(a) An explanation of any regulatory changes necessitating the improvement;

(b) The requirements under subsection (1) of this section, if the improvement modifies the capacity of a vessel;

(c) A cost-benefit analysis of any modifications designed to improve fuel efficiency, including potential impacts on vessel maintenance and repair; and

(d) An assessment of out-of-service time associated with making the improvement and ongoing preservation of the improvement.

NEW SECTION. Sec. 8. (1) Signage must be prominently displayed at each terminal and on each vessel that informs the public that assaults on Washington state employees will be prosecuted to the full extent of the law.

(2) The department shall investigate the frequency, severity, and prosecutorial results of assaults on Washington state ferries employees and, if appropriate, make recommendations to the transportation committees of the senate and house of representatives during the 2011 legislative session regarding methods to decrease the number of assaults on employees and procedures for prosecuting those who assault employees.

(3) This section expires June 30, 2011.

Sec. 9. RCW 47.28.030 and 2007 c 218 s 90 are each amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars ~~(- PROVIDED, That),~~

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses, and minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

~~((1))~~ (a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

~~((2))~~ (b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

~~((3))~~ (c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of March 15, 2010, through June 30, 2011, work for less than one hundred twenty thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to

conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

Sec. 10. RCW 47.64.120 and 2006 c 164 s 3 are each amended to read as follows:

(1) ~~Except as otherwise provided in this chapter,~~ the employer and ferry system employee organizations, through their collective bargaining representatives, shall meet at reasonable times ~~(;)~~ to negotiate in good faith with respect to wages, hours, working conditions, and insurance, ~~((and health care benefits as limited by RCW 47.64.270,))~~ and other matters mutually agreed upon. Employer funded retirement benefits shall be provided under the public employees retirement system under chapter 41.40 RCW and shall not be included in the scope of collective bargaining. Except as provided under RCW 47.64.270, the employer is not required to bargain over health care benefits. Any retirement system or retirement benefits shall not be subject to collective bargaining.

(2) Upon ratification of bargaining agreements, ferry employees are entitled to an amount equivalent to the interest earned on retroactive compensation increases. For purposes of this section, the interest earned on retroactive compensation increases is the same monthly rate of interest that was earned on the amount of the compensation increases while held in the state treasury. The interest will be computed for each employee until the date the retroactive compensation is paid, and must be allocated in accordance with appropriation authority. The interest earned on retroactive compensation is not considered part of the ongoing compensation obligation of the state and is not compensation earnable for the purposes of chapter 41.40 RCW. Negotiations shall also include grievance procedures for resolving any questions arising under the agreement, which shall be embodied in a written agreement and signed by the parties.

(3) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

Sec. 11. RCW 47.64.170 and 2007 c 160 s 1 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee

organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) ((Until a new collective bargaining agreement is in effect, the terms and conditions of the previous collective bargaining agreement shall remain in force.)) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9)(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the

exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

~~((9))~~ (10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

Sec. 12. RCW 47.64.200 and 2006 c 164 s 7 are each amended to read as follows:

As the first step in the performance of their duty to bargain, the employer and the employee organization shall endeavor to agree upon impasse procedures. Unless otherwise agreed to by the employee organization and the employer in their impasse procedures, the arbitrator or panel ~~((is limited to selecting the most reasonable offer, in its judgment, of the final offers on each impasse item submitted by the parties. The employee organization and the employer may mutually agree to the impasse procedure under which the arbitrator or panel may))~~ shall issue a decision it deems just and appropriate with respect to each impasse item. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320 apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320.

Sec. 13. RCW 47.64.270 and 2006 c 164 s 17 are each amended to read as follows:

(1) The employer and one coalition of all the exclusive bargaining representatives subject to this chapter and chapter 41.80 RCW shall conduct negotiations regarding the dollar amount expended on behalf of each employee for health care benefits.

(2) Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW ~~((and))~~.

(3) The employer and employee organizations may collectively bargain for ~~((other))~~ insurance ~~((and health care))~~ plans other than health care benefits, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050. ~~((To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer's contribution for employees' and dependents' insurance and health care plans exceeds that of other state general government employees in the 1985-87 fiscal biennium, employees shall not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during any subsequent fiscal biennium. If such differential increases in the 1987-89 fiscal biennium or the 1985-87 offset by bargaining unit is insufficient to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset. Compensation shall include all wages and employee benefits.))~~

Sec. 14. RCW 47.64.280 and 2006 c 164 s 18 are each amended to read as follows:

(1) There is created the marine employees' commission. The governor shall appoint the commission with the consent of the senate. The commission shall consist of three members: One member to be appointed from labor, one member from industry, and one member from the public who has significant knowledge of maritime affairs. The public member shall be chair of the commission. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that

any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds.

Commission members are eligible for reappointment. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members are not eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission. Members of the commission shall be compensated in accordance with RCW 43.03.250 and shall receive reimbursement for official travel and other expenses at the same rate and on the same terms as provided for the transportation commission by RCW 47.01.061. The payments shall be made from the Puget Sound ferry operations account.

(2) The commission shall: (a) Adjust all complaints, grievances, and disputes between labor and management arising out of the operation of the ferry system as provided in RCW 47.64.150; (b) provide for impasse mediation as required in RCW 47.64.210; ~~and (c) ((provide salary surveys as required in RCW 47.64.220; and (d))~~ perform those duties required in RCW 47.64.300.

(3)(a) In adjudicating all complaints, grievances, and disputes, the party claiming labor disputes shall, in writing, notify the commission, which shall make careful inquiry into the cause thereof and issue an order advising the ferry employee, or the ferry employee organization representing him or her, and the department of transportation, as to the decision of the commission.

(b) The parties are entitled to offer evidence relating to disputes at all hearings conducted by the commission. The orders and awards of the commission are final and binding upon any ferry employee or employees or their representative affected thereby and upon the department.

(c) The commission shall adopt rules of procedure under chapter 34.05 RCW.

(d) The commission has the authority to subpoena any ferry employee or employees, or their representatives, and any member or representative of the department, and any witnesses. The commission may require attendance of witnesses and the production of all pertinent records at any hearings held by the commission. The subpoenas of the commission are enforceable by order of any superior court in the state of Washington for the county within which the proceeding may be pending. The commission may hire staff as necessary, appoint consultants, enter into contracts, and conduct studies as reasonably necessary to carry out this chapter.

Sec. 15. RCW 47.64.320 and 2006 c 164 s 14 are each amended to read as follows:

(1) The mediator, arbitrator, or arbitration panel may consider only matters that are subject to bargaining under this chapter, except that health care benefits are not subject to interest arbitration.

(2) The decision of an arbitrator or arbitration panel is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to compensation and fringe benefit provisions of an arbitrated collective bargaining agreement, is not binding on the state, the department of transportation, or the ferry employee organization.

(3) In making its determination, the arbitrator or arbitration panel shall be mindful of the legislative purpose under RCW 47.64.005 and 47.64.006 and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(a) The financial ability of the department to pay for the compensation and fringe benefit provisions of a collective bargaining agreement;

(b) Past collective bargaining contracts between the parties including the bargaining that led up to the contracts;

~~((b))~~ (c) The constitutional and statutory authority of the employer;

~~((c))~~ (d) Stipulations of the parties;

~~((d))~~ (e) The results of the salary survey as required in RCW ~~((47.64.220))~~ 47.64.170(8);

~~((e))~~ (f) Comparison of wages, hours, employee benefits, and conditions of employment of the involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved;

~~((f))~~ (g) Changes in any of the foregoing circumstances during the pendency of the proceedings;

~~((g))~~ (h) The limitations on ferry toll increases and operating subsidies as may be imposed by the legislature; ~~((and~~

~~((h))~~ (i) The ability of the state to retain ferry employees;

(j) The overall compensation presently received by the ferry employees, including direct wage compensation, vacations, holidays and other paid excused time, pensions, insurance benefits, and all other direct or indirect monetary benefits received; and

(k) Other factors that are normally or traditionally taken into consideration in the determination of matters that are subject to bargaining under this chapter.

(4) This section applies to any matter before the respective mediator, arbitrator, or arbitration panel.

Sec. 16. RCW 41.80.020 and 2002 c 354 s 303 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;

(b) Any retirement system or retirement benefit; or

(c) Rules of the director of personnel or the Washington personnel resources board adopted under section 203, chapter 354, Laws of 2002.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter.

The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4).

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency

policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142.

NEW SECTION. Sec. 17. A new section is added to chapter 47.60 RCW to read as follows:

Upon expiration of the collective bargaining agreements in existence as of the effective date of this section, the department shall not allow free passage on any ferry vessel operated by the department to:

(1) Any department employee unless it is directly related to the employee's job duties, directly reporting to duty, or directly returning home from duty;

(2) Any former department employee or their families; or

(3) Any department employee's family members.

Sec. 18. 2010 c ... (ESSB 6381) s 222 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X

Puget Sound Ferry Operations Account--State

Appropriation ~~((425,922,000))~~

\$425,252,000

The appropriation in this section is subject to the following conditions and limitations:

(1) \$78,754,952 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2009-11 fiscal biennium. This appropriation is contingent upon the enactment of ~~((sections 716 and 701 of this act))~~ section 701, chapter . . . (ESSB 6381), Laws of 2010. All fuel purchased by the Washington state ferries at Harbor Island truck terminal for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent.

(2) To protect the waters of Puget Sound, the department shall investigate nontoxic alternatives to fuel additives and other commercial products that are used to operate, maintain, and preserve vessels.

(3) If, after the department's review of fares and pricing policies, the department proposes a fuel surcharge, the department must evaluate other cost savings and fuel price stabilization strategies that would be implemented before the imposition of a fuel surcharge. The department shall report to the legislature and transportation commission on its progress of implementing new fuel forecasting and budgeting practices, price hedging contracts for fuel purchases, and fuel conservation strategies by November 30, 2010.

(4) The department shall strive to significantly reduce the number of injuries suffered by Washington state ferries employees. By December 15, 2009, the department shall submit to the office of financial management and the transportation committees of the legislature its implementation plan to reduce such injuries.

(5) The department shall continue to provide service to Sidney, British Columbia. The department may place a Sidney terminal departure surcharge on fares for out of state residents riding the Washington state ferry route that runs between Anacortes, Washington and Sidney, British Columbia, if the cost for landing/license fee, taxes, and additional amounts charged for docking are in excess of \$280,000 CDN. The surcharge must be limited to recovering amounts above \$280,000 CDN.

(6) The department shall analyze operational solutions to enhance service on the Bremerton to Seattle ferry run. The Washington state

ferry shall report its analysis to the transportation committees of the legislature by December 1, 2009.

(7) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2011-13 omnibus transportation appropriations act request, as determined jointly by the office of financial management, the Washington state ferries, and the legislative transportation committees.

(8) (~~(\$4,794,000)~~) \$4,124,000 of the Puget Sound ferry operations account--state appropriation is provided solely for commercial insurance for ferry assets. The office of financial management, after consultation with the transportation committees of the legislature, must present a business plan for the Washington state ferry system's insurance coverage to the 2010 legislature. The business plan must include a cost-benefit analysis of Washington state ferries' current commercial insurance purchased for ferry assets and a review of self- insurance for noncatastrophic events.

(9) \$1,100,000 of the Puget Sound ferry operations account--state appropriation is provided solely for a marketing program. The department shall present a marketing program proposal to the transportation committees of the legislature during the 2010 legislative session before implementing this program. Of this amount, \$10,000 is for the city of Port Townsend and \$10,000 is for the town of Coupeville for mitigation expenses related to only one vessel operating on the Port Townsend/Keystone ferry route. The moneys provided to the city of Port Townsend and town of Coupeville are not contingent upon the required marketing proposal.

(10) \$350,000 of the Puget Sound ferry operations account--state appropriation is provided solely for two extra trips per day during the summer of 2009 season, beyond the current schedule, on the Port Townsend/Keystone route.

(11) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(12) The legislature finds that measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the legislature and to the office of financial management on the development of these measurements along with recommendations to the 2010 legislature on which measurements must become a part of the next omnibus transportation appropriations act.

(13) As a priority task, the department is directed to propose a comprehensive incident and accident investigation policy and appropriate procedures, and to provide the proposal to the legislature by November 1, 2009, using existing resources and staff expertise. In addition to consulting with ferry system unions and the United States coast guard, the Washington state ferries is encouraged to solicit independent outside expertise on incident and accident investigation best practices as they may be found in other organizations with a similar concern for marine safety. It is the intent of the legislature to enact the policies into law and to publish that law and procedures as a manual for Washington state ferries' accident/incident investigations. Until that time, the Washington state ferry system must exercise particular diligence to assure that any incident or accident investigations are conducted within the spirit of the guidelines of this act. The proposed policy must contain, at a minimum:

(a) The definition of an incident and an accident and the type of investigation that is required by both types of events;

(b) The process for appointing an investigating officer or officers and a description of the authorities and responsibilities of the investigating officer or officers. The investigating officer or officers must:

(i) Have the appropriate training and experience as determined by the policy;

(ii) Not have been involved in the incident or accident so as to avoid any conflict of interest;

(iii) Have full access to all persons, records, and relevant organizations that may have information about or may have contributed to, directly or indirectly, the incident or accident under investigation, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW;

(iv) Be provided with, if requested by the investigating officer or officers, appropriate outside technical expertise; and

(v) Be provided with staff and legal support by the Washington state ferries as may be appropriate to the type of investigation;

(c) The process of working with the affected employee or employees in accordance with the employee's or employees' respective collective bargaining agreement and the appropriate union officials, within protocols afforded to all public employees;

(d) The process by which the United States coast guard is kept informed of, interacts with, and reviews the investigation;

(e) The process for review, approval, and implementation of any approved recommendations within the department; and

(f) The process for keeping the public informed of the investigation and its outcomes, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW.

(14) \$7,300,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the purposes of travel time associated with Washington state ferries employees. However, if Engrossed Substitute House Bill No. 3209 (managing costs of ferry system) is enacted by June 30, 2010, containing an appropriation for purposes of travel time associated with Washington state ferries employees, the amount provided in this subsection lapses.

(15) \$50,000 of the Puget Sound ferry operations account--state appropriation is provided solely to implement a mechanism to report on- time performance statistics.

(a) The department shall conduct a study to identify process changes that would improve on-time performance on a route-by-route basis. The study must include looking into the slowing down of vessels for fuel economy purposes and touch-and-go sailings on peak runs. The department shall report its findings to the transportation committees of the senate and house of representatives by December 1, 2010.

(b) The department shall, by November 1, 2010, report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak period on-time performance. The statistics must include reasons for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' web site. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

(16) The department shall investigate outsourcing the call center functions planned for the ferry reservation system and report its findings to the transportation committees of the senate and house of representatives by December 15, 2010.

(17) By July 1, 2010, the department shall provide to the governor and the transportation committees of the senate and house of representatives a listing of all benefits that Washington state ferries union employees receive that other state employees do not traditionally receive. The listing must include any costs associated with these benefits.

However, if sufficient resources are available to build one 144-auto vessel prior to exercising the option to build the fourth Island Home class ferry vessel, procurement of the fourth Island Home class ferry vessel will be postponed and the department shall pursue procurement of a 144-auto vessel.

(a) The first two Island Home class ferry vessels must be placed on the Port Townsend-Keystone route.

(b) The department may add additional passenger capacity to one of the Island Home class ferry vessels to make it more flexible within the system in the future, if doing so does not require additional staffing on the vessel.

(b) The department shall conduct a cost-benefit study on alternative furnishings and fittings for the 144-vehicle vessel class. The study must review the proposed interior furnishings and fittings for the long-term maintenance and out-of-service vessel costs and, if appropriate, propose alternative interior furnishings and fittings that will decrease long-term maintenance and out-of-service vessel costs. The study must include a projection of out-of-service time and a life-cycle cost analysis of planned out-of-service time, including the impact on fleet size. (7) The department shall pursue purchasing a foreign-flagged vessel for service on the Anacortes, Washington to Sidney, British Columbia ferry route.

(8) The department shall provide to the office of financial management and the legislature quarterly reports providing the status on each project listed in this section and in the project lists submitted pursuant to this act and on any additional projects for which the department has expended funds during the 2009-11 fiscal biennium. Elements must include, but not be limited to, project scope, schedule, and costs. The department shall also provide the information required under this subsection via the transportation executive information systems (TEIS). The quarterly report regarding the status of projects identified on the list referenced in subsection (1) of this section must be developed according to an earned value method of project monitoring.

(9) The department shall review and adjust its capital program staffing levels to ensure staffing is at the most efficient level necessary to implement the capital program in the omnibus transportation appropriations act. The Washington state ferries shall

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

This review will evaluate the impact of the planned out-of-service periods scheduled for each vessel on the ability of the overall system to deliver uninterrupted service and will assess the risk of service disruption from unscheduled maintenance or longer than planned maintenance periods.

(14) The department shall work with the department of archaeology and historic preservation to ensure that the cultural resources investigation is properly conducted on all large ferry terminal projects. These projects must be conducted with active archaeological management. Additionally, the department shall establish a scientific peer review of independent archaeologists that are knowledgeable about the region and its cultural resources.

MESSAGE FROM THE SENATE

March 11, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1096 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.19 RCW to read as follows:

(1) The legislature finds that it is in the state's economic interest and serves a public purpose to promote and facilitate the fullest possible participation by Washington businesses of all sizes in the process by which goods and services are purchased by the state. The legislature further finds that large businesses have the resources to participate fully and effectively in the state's purchasing system, and because of many factors, including economies of scale, the purchasing system tends to create a preference in favor of large businesses and to disadvantage small businesses. The legislature intends, therefore, to assist, to the maximum extent possible, small businesses to participate in order to enhance and preserve competitive enterprise and to ensure that small businesses have a fair opportunity to be awarded contracts or subcontracts for goods and services purchased by the state.

(2) Purchasing agencies must establish and implement a plan to increase the number of small businesses annually receiving state contracts for goods and services purchased by the state. The goal of the plan must be to have the number of small businesses receiving state contracts in 2012 be at least fifty percent higher, and in 2014 be at least one hundred percent higher, than the number of contracts awarded to small businesses in 2009.

(3) On July 1, 2011, and each July 1st thereafter, the department of general administration, in consultation with the department of information services and the department of transportation, shall report to the governor and the appropriate committees of the legislature on progress in carrying out the plan required by this section. Annual reports must include information about progress in increasing the number of small businesses participating in state contracts, steps taken to meet the goals of the plan, and the characteristics of small businesses that are awarded contracts.

(4) As used in this section:

(a) "Purchasing agencies" are limited to the department of general administration, the department of information services, and the department of transportation.

(b) "In-state business" means a business that has its principal office located in Washington and its officers domiciled in Washington.

(c) "Small business" means an in-state business, including a sole proprietorship, corporation, partnership, or other legal entity, that: (i) Certifies, under penalty of perjury, that it is owned and operated independently from all other businesses and has either (A) fifty or fewer employees, or (B) a gross revenue of less than seven million dollars annually as reported on its federal income tax return or its return filed with the department of revenue over the previous three consecutive years; or (ii) is certified under chapter 39.19 RCW.

(5) This section expires July 1, 2015."

On page 1, line 2 of the title, after "purchasing;" strike the remainder of the title and insert "adding a new section to chapter 43.19 RCW; and providing an expiration date."

and the same is herewith transmitted.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1096, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 11, 2010

Mr. Speaker:

The Senate recessed from its amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2658. Under suspension of the rules, the bill was returned to second reading for purpose of amendment. The Senate adopted 2658-S2.E AMS KAST S5513.2 and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's

comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission.

Sec. 2. RCW 43.330.005 and 1993 c 280 s 1 are each amended to read as follows:

The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a ~~((merged))~~ department of ~~((community, trade, and economic development))~~ commerce that fosters new partnerships for strong and sustainable communities. ~~((The consolidation of the department of trade and economic development and the department of community development into one department will))~~ The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing ~~((a simpler point of entry for state programs))~~ them through sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; ~~((and))~~ increase accountability to the public, the executive branch, and the legislature~~((~~

~~((~~— A new department can bring together a focused effort to:); manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure~~((; protect our cultural heritage; and promote the health and safety of the state's citizens))~~.

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in ~~((this consolidation))~~ creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services.

Sec. 3. RCW 43.330.007 and 2009 c 565 s 1 are each amended to read as follows:

(1) The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

(2) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms.

NEW SECTION. Sec. 4. The department shall examine the functions and operations of agricultural commodity commissions in the state and collaborate with industry sector and cluster associations on legislation that would enable industries to develop self-financing systems for addressing industry-identified issues such as workforce training, international marketing, quality improvement, and technology deployment. By December 1, 2010, the department shall report to the governor and the legislature on its findings and proposed legislation.

NEW SECTION. Sec. 5. (1) The legislature recognizes that there are many strong community services and housing programs currently operating within the department and serving our most vulnerable individuals, families, and communities. The legislature finds that some of these programs can readily be transferred beginning on July 1, 2010, to other mission-aligned agencies in state government. However, the legislature finds that to maintain the strength and credibility of the majority of the department's community services and housing programs, it is necessary to create a separate division for them within the department.

(2)(a) The legislature directs the department to establish the community services and housing division to deliver essential services to individuals, families, and communities.

(b) Services provided by the division shall include, but are not limited to: (i) Homeless housing and assistance programs including transitional housing, emergency shelter grants, independent youth housing, housing assistance for persons with mental illness, and housing opportunities for people with AIDS; (ii) affordable housing development programs including the housing trust fund and low-income home energy assistance; (iii) farm worker housing; (iv) crime victims' advocacy and sexual assault services; (v) community mobilization against substance abuse and violence; (vi) asset building for working families; (vii) local and community projects including the building communities fund, building for the arts, and youth recreational facilities grants; (viii) dispute resolution centers; (ix) the Washington families fund; (x) community services block grants; (xi) child care facility fund; (xii) WorkFirst community jobs; (xiii) long-term care ombudsman; (xiv) state drug task forces; (xv) justice assistance grants; (xvi) children and families of incarcerated parents; and (xvii) the Washington new Americans program.

(3) This section expires July 1, 2012.

In addition to other authorities, the county or city may impose conditions on building permits requiring connection to an existing public water system where the existing system is willing and able to provide safe and reliable potable water to the applicant with reasonable economy and efficiency. An application

for a water right shall not be sufficient proof of an adequate water supply.

(2) Within counties not required or not choosing to plan pursuant to RCW 36.70A.040, the county and the state may mutually determine those areas in the county in which the requirements of subsection (1) of this section shall not apply. The departments of health and ecology shall coordinate on the implementation of this section. Should the county and the state fail to mutually determine those areas to be designated pursuant to this subsection, the county may petition the department of ~~((community, trade, and economic development))~~ general administration to mediate or, if necessary, make the determination.

(3) Buildings that do not need potable water facilities are exempt from the provisions of this section. The department of ecology, after consultation with local governments, may adopt rules to implement this section, which may recognize differences between high-growth and low-growth counties.

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Technology, Energy & Communications was not adopted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.16.110 and 2009 c 469 s 504 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means an owner and assignee of a community solar project as defined in subsection (2)(a)(i) of this section that is responsible for applying for the investment cost recovery incentive on behalf of the other owners and performing such administrative tasks on behalf of the other owners as may be necessary, such as receiving investment cost recovery incentive payments, and allocating and paying appropriate amounts of such payments to the other owners.

(2)(a) "Community solar project" means:

(i) A solar energy system that is capable of generating up to seventy-five kilowatts of electricity and is owned by local individuals, households, nonprofit organizations, or nonutility businesses that is placed on the property owned by a cooperating local governmental entity that is not in the light and power business or in the gas distribution business; ~~(e)~~

(ii) A utility-owned solar energy system that is capable of generating up to seventy-five kilowatts of electricity and that is voluntarily funded by the utility's ratepayers where, in exchange for their financial support, the utility gives contributors a payment or credit on their utility bill for the value of the electricity produced by the project; or

(iii) A solar energy system, placed on the property owned by a cooperating local governmental entity that is not in the light and power business or in the gas distribution business, that is capable of generating up to seventy-five kilowatts of electricity, and that is owned by a company whose members are each eligible for an investment cost recovery incentive for the same customer-generated electricity as provided in RCW 82.16.120.

(b) For the purposes of "community solar project" as defined in (a) of this subsection:

(i) "Company" means an entity that is:

(A) I A limited liability company;

(II) A cooperative formed under chapter 23.86 RCW; or

(III) A mutual corporation or association formed under chapter 24.06 RCW; and

(B) Not a "utility" as defined in this subsection (2)(b); and

(ii) "Nonprofit organization" means an organization exempt from taxation under ((Title)) 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended, as of January 1, 2009; and

~~((#))~~ (iii) "Utility" means a light and power business, an electric cooperative, or a mutual corporation that provides electricity service.

~~((#))~~ (3) "Customer-generated electricity" means a community solar project or the alternating current electricity that is generated from a renewable energy system located in Washington and installed on an individual's, businesses', or local government's real property that is also provided electricity generated by a light and power business. Except for community solar projects, a system located on a leasehold interest does not qualify under this definition. Except for utility- owned community solar projects, "customer-generated electricity" does not include electricity generated by a light and power business with greater than one thousand megawatt hours of annual sales or a gas distribution business.

~~((#))~~ (4) "Economic development kilowatt-hour" means the actual kilowatt-hour measurement of customer-generated electricity multiplied by the appropriate economic development factor.

~~((#))~~ (5) "Local governmental entity" means any unit of local government of this state including, but not limited to, counties, cities, towns, municipal corporations, quasi-municipal corporations, special purpose districts, and school districts.

~~((#))~~ (6) "Photovoltaic cell" means a device that converts light directly into electricity without moving parts.

~~((#))~~ (7) "Renewable energy system" means a solar energy system, an anaerobic digester as defined in RCW 82.08.900, or a wind generator used for producing electricity.

~~((#))~~ (8) "Solar energy system" means any device or combination of devices or elements that rely upon direct sunlight as an energy source for use in the generation of electricity.

~~((#))~~ (9) "Solar inverter" means the device used to convert direct current to alternating current in a photovoltaic cell system.

~~((#))~~ (10) "Solar module" means the smallest nondivisible self-contained physical structure housing interconnected photovoltaic cells and providing a single direct current electrical output.

Sec. 2. RCW 82.16.120 and 2009 c 469 s 505 are each amended to read as follows:

(1)(a) Any individual, business, local governmental entity, not in the light and power business or in the gas distribution business, or a participant in a community solar project may apply to the light and power business serving the situs of the system, each fiscal year beginning on July 1, 2005, for an investment cost recovery incentive for each kilowatt-hour from a customer-generated electricity renewable energy system.

(No incentive may be paid for kilowatt-hours generated before July 1, 2005, or after June 30, 2020.)

(b) In the case of a community solar project as defined in RCW 82.16.110(2)(a)(i), the administrator must apply for the investment cost recovery incentive on behalf of each of the other owners.

(c) In the case of a community solar project as defined in RCW 82.16.110(2)(a)(iii), the company owning the community solar project must apply for the investment cost recovery incentive on behalf of each member of the company.

(2)(a) Before submitting for the first time the application for the incentive allowed under subsection (4) of this section, the applicant must submit to the department of revenue and to the climate and rural energy development center at the Washington State University, established under RCW 28B.30.642, a certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system.

(A) If the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), the certification must also include the name and address of each of the owners of the community solar project.

(B) If the applicant is a company that owns a community solar project as defined in RCW 82.16.110(2)(a)(iii), the certification must also include the name and address of each member of the company;

(ii) The applicant's tax registration number;

(iii) That the electricity produced by the applicant meets the definition of "customer-generated electricity" and that the renewable energy system produces electricity with:

(A) Any solar inverters and solar modules manufactured in Washington state;

(B) A wind generator powered by blades manufactured in Washington state;

(C) A solar inverter manufactured in Washington state;

(D) A solar module manufactured in Washington state; or

(E) Solar or wind equipment manufactured outside of Washington state;

(iv) That the electricity can be transformed or transmitted for entry into or operation in parallel with electricity transmission and distribution systems; and

(v) The date that the renewable energy system received its final electrical permit from the applicable local jurisdiction.

(b) Within thirty days of receipt of the certification the department of revenue must notify the applicant by mail, or electronically as provided in RCW 82.32.135, whether the renewable energy system qualifies for an incentive under this section. The

department may consult with the climate and rural energy development center to determine eligibility for the incentive. System certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(m).

(3)(a) By August 1st of each year application for the incentive ~~((shall))~~ must be made to the light and power business serving the situs of the system by certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system.

(A) If the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), the application must also include the name and address of each of the owners of the community solar project.

(B) If the applicant is a company that owns a community solar project as defined in RCW 82.16.110(2)(a)(iii), the application must also include the name and address of each member of the company;

(ii) The applicant's tax registration number;

(iii) The date of the notification from the department of revenue stating that the renewable energy system is eligible for the incentives under this section; and

(iv) A statement of the amount of kilowatt-hours generated by the renewable energy system in the prior fiscal year.

(b) Within sixty days of receipt of the incentive certification the light and power business serving the situs of the system ~~((shall))~~ must notify the applicant in writing whether the incentive payment will be authorized or denied. The business may consult with the climate and rural energy development center to determine eligibility for the incentive payment. Incentive certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(m).

(c)(i) Persons, administrators of community solar projects, and companies receiving incentive payments ~~((shall))~~ must keep and preserve, for a period of five years, suitable records as may be necessary to determine the amount of incentive applied for and received. Such records ~~((shall))~~ must be open for examination at any time upon notice by the light and power business that made the payment or by the department. If upon examination of any records or from other information obtained by the business or department it appears that an incentive has been paid in an amount that exceeds the correct amount of incentive payable, the business may assess against the person for the amount found to have been paid in excess of the correct amount of incentive payable and ~~((shall))~~ must add thereto interest on the amount. Interest ~~((shall be))~~ is assessed in the manner that the department assesses interest upon delinquent tax under RCW 82.32.050.

(ii) If it appears that the amount of incentive paid is less than the correct amount of incentive payable the business may authorize additional payment.

(4) Except for community solar projects, the investment cost recovery incentive may be paid fifteen cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For community solar projects, the investment cost recovery incentive may be paid thirty cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For the purposes of this section, the rate paid for the investment cost recovery incentive may be multiplied by the following factors:

(a) For customer-generated electricity produced using solar modules manufactured in Washington state, two and four-tenths;

(b) For customer-generated electricity produced using a solar or a wind generator equipped with an inverter manufactured in Washington state, one and two-tenths;

(c) For customer-generated electricity produced using an anaerobic digester, or by other solar equipment or using a wind generator equipped with blades manufactured in Washington state, one; and

(d) For all other customer-generated electricity produced by wind, eight-tenths.

(5)~~(a)~~ No individual, household, business, or local governmental entity is eligible for incentives provided under subsection (4) of this section for more than five thousand dollars per year.

(b) Except as provided in (c) through (e) of this subsection (5), each applicant in a community solar project is eligible for up to five thousand dollars per year.

(c) Where the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), each owner is eligible for an incentive but only in proportion to the ownership share of the project, up to five thousand dollars per year.

(d) Where the applicant is a company owning a community solar project that has applied for an investment cost recovery incentive on behalf of its members, each member of the company is eligible for an incentive that would otherwise belong to the company but only in proportion to each ownership share of the company, up to five thousand dollars per year. The company itself is not eligible for incentives under this section.

(e) In the case of a utility-owned community solar project, each ratepayer that contributes to the project is eligible for an incentive in proportion to the contribution, up to five thousand dollars per year.

(6) If requests for the investment cost recovery incentive exceed the amount of funds available for credit to the participating light and power business, the incentive payments ~~((shall))~~ must be reduced proportionately.

(7) The climate and rural energy development center at Washington State University energy program may establish guidelines and standards for technologies that are identified as Washington manufactured and therefore most beneficial to the state's environment.

(8) The environmental attributes of the renewable energy system belong to the applicant, and do not transfer to the state or the light and power business upon receipt of the investment cost recovery incentive.

(9) No incentive may be paid under this section for kilowatt-hours generated before July 1, 2005, or after June 30, 2020.

Sec. 3. RCW 82.16.130 and 2009 c 469 s 506 are each amended to read as follows:

(1) A light and power business shall be allowed a credit against taxes due under this chapter in an amount equal to investment cost recovery incentive payments made in any fiscal year under RCW 82.16.120. The credit shall be taken in a form and manner as required by the department. The credit under this section for the fiscal year may not exceed one percent of the businesses' taxable power sales due under RCW 82.16.020(1)(b) or one hundred thousand dollars, whichever is greater. Incentive payments to participants in a utility-owned community solar project as defined in RCW 82.16.110(~~((+))~~) (2)(a)(ii) may only account for up to twenty-five percent of the total allowable credit. Incentive payments to participants in a company-owned community solar project as defined in RCW 82.16.110(2)(a)(iii) may only account for up to five percent of the total allowable credit. The credit may not exceed the tax that would otherwise be due under this chapter. Refunds shall not be granted in the place of credits. Expenditures not used to earn a credit in one fiscal year may not be used to earn a credit in subsequent years.

(2) For any business that has claimed credit for amounts that exceed the correct amount of the incentive payable under RCW 82.16.120, the amount of tax against which credit was claimed for the excess payments shall be immediately due and payable. The department shall assess interest but not penalties on the taxes against which the credit was claimed. Interest shall be assessed at the rate

provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and shall accrue until the taxes against which the credit was claimed are repaid.

(3) The right to earn tax credits under this section expires June 30, 2020. Credits may not be claimed after June 30, 2021.

Sec. 4. RCW 82.16.140 and 2005 c 300 s 5 are each amended to read as follows:

(1) Using existing sources of information, the department ~~((shall))~~ must report to the house appropriations committee, the house committee dealing with energy issues, the senate committee on ways and means, and the senate committee dealing with energy issues by December 1, ~~((2009))~~ 2014. The report ~~((shall))~~ must measure the impacts of ~~((chapter 300, Laws of 2005))~~ RCW 82.16.110 through 82.16.130, including the total number of solar energy system manufacturing companies in the state, any change in the number of solar energy system manufacturing companies in the state since July 1, 2005, and, where relevant, the effect on job creation, the number of jobs created for Washington residents, and such other factors as the department selects.

(2) The department ~~((shall))~~ may not conduct any new surveys to provide the report in subsection (1) of this section.

(3) For the purposes of this section, "company" has the same meaning as provided in RCW 82.04.030.

NEW SECTION. Sec. 5. A new section is added to chapter 82.16 RCW to read as follows:

Owners of a community solar project as defined in RCW 82.16.110(2)(a) (i) and (iii) must agree to hold harmless the light and power business serving the situs of the system, including any employee, for the good faith reliance on the information contained in an application or certification submitted by an administrator or company. In addition, the light and power business and any employee is immune from civil liability for the good faith reliance on any misstatement that may be made in such application or certification. Should a light and power business or employee prevail upon the defense provided in this section, it is entitled to recover expenses and reasonable attorneys' fees incurred in establishing the defense."

"PART I ACCOUNTABILITY FRAMEWORK

NEW SECTION. Sec. 101. The legislature finds that it is the state's responsibility to create a coherent and effective accountability framework for the continuous improvement for all schools and districts. This system must provide an excellent and equitable education for all students; an aligned federal/state accountability system; and the tools necessary for schools and districts to be accountable. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, and if necessary, intervention.

The office of the superintendent of public instruction is responsible for developing and implementing the accountability tools to build district capacity and working within federal and state guidelines. The legislature assigned the state board of education responsibility and oversight for creating an accountability framework. This framework provides a unified system of support for challenged schools that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions. Such a system will identify schools and their districts for recognition as well as for additional state support. For a specific group of challenged schools, defined as persistently lowest-achieving schools, and their districts, it is necessary to provide a required action process that creates a partnership between the state and local district to target funds and assistance to turn around the identified lowest-achieving schools.

Phase I of this accountability system will recognize schools that have done an exemplary job of raising student achievement and closing the achievement gaps using the state board of education's accountability index. The state board of education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps. Phase I will also target the lowest five percent of persistently lowest-achieving schools defined under federal guidelines to provide federal funds and federal intervention models through a voluntary option in 2010, and for those who do not volunteer and have not improved student achievement, a required action process beginning in 2011.

Phase II of this accountability system will work toward implementing the state board of education's accountability index for identification of schools in need of improvement, including those that are not Title I schools, and the use of state and local intervention models and state funds through a required action process beginning in 2013, in addition to the federal program. Federal approval of the state board of education's accountability index must be obtained or else the federal guidelines for persistently lowest-achieving schools will continue to be used.

The expectation from implementation of this accountability system is the improvement of student achievement for all students to prepare them for postsecondary education, work, and global citizenship in the twenty-first century.

NEW SECTION. Sec. 102. (1) Beginning in 2010, and each year thereafter, by December 1st, the superintendent of public instruction shall annually identify schools as one of the state's persistently lowest-achieving schools if the school is a Title I school, or a school that is eligible for but does not receive Title I funds, that is among the lowest-achieving five percent of Title I or Title I eligible schools in the state.

(2) The criteria for determining whether a school is among the persistently lowest-achieving five percent of Title I schools, or Title I eligible schools, under subsection (1) of this section shall be established by the superintendent of public instruction. The criteria must meet all applicable requirements for the receipt of a federal school improvement grant under the American recovery and reinvestment act of 2009 and Title I of the elementary and secondary education act of 1965, and take into account both:

(a) The academic achievement of the "all students" group in a school in terms of proficiency on the state's assessment, and any alternative assessments, in reading and mathematics combined; and

(b) The school's lack of progress on the mathematics and reading assessments over a number of years in the "all students" group.

NEW SECTION. Sec. 103. (1) Beginning in January 2011, the superintendent of public instruction shall annually recommend to the state board of education school districts for designation as required action districts. A district with at least one school identified as a persistently lowest-achieving school shall be designated as a required action district if it meets the criteria developed by the superintendent of public instruction. However, a school district shall not be recommended for designation as a required action district if the district was awarded a federal school improvement grant by the superintendent in 2010 and for three consecutive years following receipt of the grant implemented a federal school intervention model at each school identified for improvement. The state board of education may designate a district that received a school improvement grant in 2010 as a required action district if after three years of voluntarily implementing a plan the district continues to have a school identified as persistently lowest-achieving and meets the criteria for designation established by the superintendent of public instruction.

(2) The superintendent of public instruction shall provide a school district superintendent with written notice of the recommendation for designation as a required action district by certified mail or personal service. A school district superintendent may request reconsideration of the superintendent of public instruction's recommendation. The reconsideration shall be limited to a determination of whether the school district met the criteria for being recommended as a required action district. A request for reconsideration must be in writing and served on the superintendent of public instruction within ten days of service of the notice of the superintendent's recommendation.

(3) The state board of education shall annually designate those districts recommended by the superintendent in subsection (1) of this section as required action districts. A district designated as a required action district shall be required to notify all parents of students attending a school identified as a persistently lowest-achieving school in the district of the state board of education's designation of the district as a required action district and the process for complying with the requirements set forth in sections 104 through 110 of this act.

NEW SECTION. Sec. 104. (1) The superintendent of public instruction shall contract with an external review team to conduct an academic performance audit of the district and each persistently lowest-achieving school in a required action district to identify the potential reasons for the school's low performance and lack of progress. The review team must consist of persons under contract with the superintendent who have expertise in comprehensive school and district reform and may not include staff from the agency, the school district that is the subject of the audit, or members or staff of the state board of education.

(2) The audit must be conducted based on criteria developed by the superintendent of public instruction and must include but not be limited to an examination of the following:

- (a) Student demographics;
- (b) Mobility patterns;
- (c) School feeder patterns;
- (d) The performance of different student groups on assessments;
- (e) Effective school leadership;
- (f) Strategic allocation of resources;
- (g) Clear and shared focus on student learning;
- (h) High standards and expectations for all students;
- (i) High level of collaboration and communication;
- (j) Aligned curriculum, instruction, and assessment to state standards;
- (k) Frequency of monitoring of learning and teaching;
- (l) Focused professional development;

- (m) Supportive learning environment;
- (n) High level of family and community involvement;
- (o) Alternative secondary schools best practices; and
- (p) Any unique circumstances or characteristics of the school or district.

(3) Audit findings must be made available to the local school district, its staff, the community, and the state board of education.

NEW SECTION. Sec. 105. (1) The local district superintendent and local school board of a school district designated as a required action district must submit a required action plan to the state board of education for approval. Unless otherwise required by subsection (3) of this section, the plan must be submitted under a schedule as required by the state board. A required action plan must be developed in collaboration with administrators, teachers, and other staff, parents, unions representing any employees within the district, students, and other representatives of the local community. The superintendent of public instruction shall provide a district with assistance in developing its plan if requested. The school board must conduct a public hearing to allow for comment on a proposed required action plan. The local school district shall submit the plan first to the office of the superintendent of public instruction to review and approve that the plan is consistent with federal guidelines. After the office of the superintendent of public instruction has approved that the plan is consistent with federal guidelines, the local school district must submit its required action plan to the state board of education for approval.

(2) A required action plan must include all of the following:

- (a) Implementation of one of the four federal intervention models required for the receipt of a federal school improvement grant, for those persistently lowest-achieving schools that the district will be focusing on for required action. However, a district may not establish a charter school under a federal intervention model without express legislative authority. The intervention models are the turnaround, restart, school closure, and transformation models. The intervention model selected must address the concerns raised in the academic performance audit and be intended to improve student performance to allow a school district to be removed from the list of districts designated as a required action district by the state board of education within three years of implementation of the plan;
- (b) Submission of an application for a federal school improvement grant or a grant from other federal funds for school improvement to the superintendent of public instruction;
- (c) A budget that provides for adequate resources to implement the federal model selected and any other requirements of the plan;
- (d) A description of the changes in the district's or school's existing policies, structures, agreements, processes, and practices that are intended to attain significant achievement gains for all students enrolled in the school and how the district intends to address the findings of the academic performance audit; and
- (e) Identification of the measures that the school district will use in assessing student achievement at a school identified as a persistently lowest-achieving school, which include improving mathematics and reading student achievement and graduation rates as defined by the office of the superintendent of public instruction that enable the school to no longer be identified as a persistently lowest-achieving school.

(3)(a) For any district designated for required action, the parties to any collective bargaining agreement negotiated, renewed, or extended under chapter 41.59 or 41.56 RCW after the effective date of this section must reopen the agreement, or negotiate an addendum, if needed, to make changes to terms and conditions of employment that are necessary to implement a required action plan.

(b) If the school district and the employee organizations are unable to agree on the terms of an addendum or modification to an existing collective bargaining agreement, the parties, including all labor organizations affected under the required action plan, shall

request the public employment relations commission to, and the commission shall, appoint an employee of the commission to act as a mediator to assist in the resolution of a dispute between the school district and the employee organizations. Beginning in 2011, and each year thereafter, mediation shall commence no later than April 15th. All mediations held under this section shall include the employer and representatives of all affected bargaining units.

(c) If the executive director of the public employment relations commission, upon the recommendation of the assigned mediator, finds that the employer and any affected bargaining unit are unable to reach agreement following a reasonable period of negotiations and mediation, but by no later than May 15th of the year in which mediation occurred, the executive director shall certify any disputed issues for a decision by the superior court in the county where the school district is located. The issues for determination by the superior court must be limited to the issues certified by the executive director.

(d) The process for filing with the court in this subsection (3)(d) must be used in the case where the executive director certifies issues for a decision by the superior court.

(i) The school district shall file a petition with the superior court, by no later than May 20th of the same year in which the issues were certified, setting forth the following:

- (A) The name, address, and telephone number of the school district and its principal representative;
- (B) The name, address, and telephone number of the employee organizations and their principal representatives;
- (C) A description of the bargaining units involved;
- (D) A copy of the unresolved issues certified by the executive director for a final and binding decision by the court; and
- (E) The academic performance audit that the office of the superintendent of public instruction completed for the school district.

(ii) Within seven days after the filing of the petition, each party shall file with the court the proposal it is asking the court to order be implemented in a required action plan for the district for each issue certified by the executive director. Contemporaneously with the filing of the proposal, a party must file a brief with the court setting forth the reasons why the court should order implementation of its proposal in the final plan.

(iii) Following receipt of the proposals and briefs of the parties, the court must schedule a date and time for a hearing on the petition. The hearing must be limited to argument of the parties or their counsel regarding the proposals submitted for the court's consideration. The parties may waive a hearing by written agreement.

(iv) The court must enter an order selecting the proposal for inclusion in a required action plan that best responds to the issues raised in the school district's academic performance audit, and allows for the award of a federal school improvement grant or a grant from other federal funds for school improvement to the district from the office of the superintendent of public instruction to implement one of the four federal intervention models. The court's decision must be issued no later than June 15th of the year in which the petition is filed and is final and binding on the parties; however the court's decision is subject to appeal only in the case where it does not allow the school district to implement a required action plan consistent with the requirements for the award of a federal school improvement grant or other federal funds for school improvement by the superintendent of public instruction.

(e) Each party shall bear its own costs and attorneys' fees incurred under this statute.

(f) Any party that proceeds with the process in this section after knowledge that any provision of this section has not been complied with and who fails to state its objection in writing is deemed to have waived its right to object.

(4) All contracts entered into between a school district and an employee must be consistent with this section and allow school

districts designated as required action districts to implement one of the four federal models in a required action plan.

NEW SECTION. Sec. 106. A required action plan developed by a district's school board and superintendent must be submitted to the state board of education for approval. The state board must accept for inclusion in any required action plan the final decision by the superior court on any issue certified by the executive director of the public employment relations commission under the process in section 105 of this act. The state board of education shall approve a plan proposed by a school district only if the plan meets the requirements in section 105 of this act and provides sufficient remedies to address the findings in the academic performance audit to improve student achievement. Any addendum or modification to an existing collective bargaining agreement, negotiated under section 105 of this act or by agreement of the district and the exclusive bargaining unit, related to student achievement or school improvement shall not go into effect until approval of a required action plan by the state board of education. If the state board does not approve a proposed plan, it must notify the local school board and local district's superintendent in writing with an explicit rationale for why the plan was not approved. Nonapproval by the state board of education of the local school district's initial required action plan submitted is not intended to trigger any actions under section 108 of this act. With the assistance of the office of the superintendent of public instruction, the superintendent and school board of the required action district shall either: (a) Submit a new plan to the state board of education for approval within forty days of notification that its plan was rejected, or (b) submit a request to the required action plan review panel established under section 107 of this act for reconsideration of the state board's rejection within ten days of the notification that the plan was rejected. If federal funds are not available, the plan is not required to be implemented until such funding becomes available. If federal funds for this purpose are available, a required action plan must be implemented in the immediate school year following the district's designation as a required action district.

NEW SECTION. Sec. 107. (1) A required action plan review panel shall be established to offer an objective, external review of a request from a school district for reconsideration of the state board of education's rejection of the district's required action plan. The review and reconsideration by the panel shall be based on whether the state board of education gave appropriate consideration to the unique circumstances and characteristics identified in the academic performance audit of the local school district whose required action plan was rejected.

(2)(a) The panel shall be composed of five individuals with expertise in school improvement, school and district restructuring, or parent and community involvement in schools. Two of the panel members shall be appointed by the speaker of the house of representatives; two shall be appointed by the president of the senate; and one shall be appointed by the governor.

(b) The speaker of the house of representatives, president of the senate, and governor shall solicit recommendations for possible panel members from the Washington association of school administrators, the Washington state school directors' association, the association of Washington school principals, the achievement gap oversight and accountability committee, and associations representing certificated teachers, classified school employees, and parents.

(c) Members of the panel shall be appointed no later than December 1, 2010, but the superintendent of public instruction shall convene the panel only as needed to consider a school district's request for reconsideration. Appointments shall be for a four-year term, with opportunity for reappointment. Reappointments in the case of a vacancy shall be made expeditiously so that all requests are considered in a timely manner.

(3) The required action plan review panel may reaffirm the decision of the state board of education, recommend that the state

board reconsider the rejection, or recommend changes to the required action plan that should be considered by the district and the state board of education to secure approval of the plan. The state board of education shall consider the recommendations of the panel and issue a decision in writing to the local school district and the panel. If the school district must submit a new required action plan to the state board of education, the district must submit the plan within forty days of the board's decision.

(4) The state board of education and superintendent of public instruction must develop timelines and procedures for the deliberations under this section so that school districts can implement a required action plan within the time frame required under section 106 of this act.

NEW SECTION. Sec. 108. The state board of education may direct the superintendent of public instruction to require a school district that has not submitted a final required action plan for approval, or has submitted but not received state board of education approval of a required action plan by the beginning of the school year in which the plan is intended to be implemented, to redirect the district's Title I funds based on the academic performance audit findings.

NEW SECTION. Sec. 109. A school district must implement a required action plan upon approval by the state board of education. The office of superintendent of public instruction must provide the required action district with technical assistance and federal school improvement grant funds or other federal funds for school improvement, if available, to implement an approved plan. The district must submit a report to the superintendent of public instruction that provides the progress the district is making in meeting the student achievement goals based on the state's assessments, identifying strategies and assets used to solve audit findings, and establishing evidence of meeting plan implementation benchmarks as set forth in the required action plan.

NEW SECTION. Sec. 110. (1) The superintendent of public instruction must provide a report twice per year to the state board of education regarding the progress made by all school districts designated as required action districts.

(2) The superintendent of public instruction must recommend to the state board of education that a school district be released from the designation as a required action district after the district implements a required action plan for a period of three years; has made progress, as defined by the superintendent of public instruction, in reading and mathematics on the state's assessment over the past three consecutive years; and no longer has a school within the district identified as persistently lowest achieving. The state board shall release a school district from the designation as a required action district upon confirmation that the district has met the requirements for a release.

(3) If the state board of education determines that the required action district has not met the requirements for release, the district remains in required action and must submit a new or revised plan under the process in section 105 of this act.

Sec. 111. RCW 28A.305.225 and 2009 c 548 s 503 are each amended to read as follows:

(1) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition, for continuous improvement, and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools

and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance. ~~((Once the accountability index has identified schools that need additional help, a more thorough analysis will be done to analyze specific conditions in the district including but not limited to the level of state resources a school or school district receives in support of the basic education system, achievement gaps for different groups of students, and community support.~~

(3) Based on the accountability index and in consultation with the superintendent of public instruction, the state board of education shall develop a proposal and timeline for implementation of a comprehensive system of voluntary support and assistance for schools and districts. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(4)(a) The state board of education shall develop a proposal and implementation timeline for a more formalized comprehensive system improvement targeted to challenged schools and districts that have not demonstrated sufficient improvement through the voluntary system. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. The proposal and timeline shall be submitted to the education committees of the legislature by December 1, 2009, and shall include recommended legislation and recommended resources to implement the system according to the timeline developed.

(b) The proposal shall outline a process for addressing performance challenges that will include the following features: (i) An academic performance audit using peer review teams of educators that considers school and community factors in addition to other factors in developing recommended specific corrective actions that should be undertaken to improve student learning; (ii) a requirement for the local school board plan to develop and be responsible for implementation of corrective action plan taking into account the audit findings, which plan must be approved by the state board of education at which time the plan becomes binding upon the school district to implement; and (iii) monitoring of local district progress by the office of the superintendent of public instruction. The proposal shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

~~---~~(5)) (3) The state board of education, in cooperation with the office of the superintendent of public instruction, shall annually recognize schools for exemplary performance as measured on the state board of education accountability index. The state board of education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps.

~~---~~(4) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

~~---~~((6)) (5) The state board of education shall work with the education data center established within the office of financial management and the technical working group established in section 112, chapter 548, Laws of 2009 to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and districts but also as a tool for

schools and districts to report to the state legislature and the state board of education on how the state resources received are being used.

NEW SECTION. **Sec. 112.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "All students group" means those students in grades three through eight and high school who take the state's assessment in reading and mathematics required under 20 U.S.C. Sec. 6311(b)(3).

(2) "Title I" means Title I, part A of the federal elementary and secondary education act of 1965 (ESEA) (20 U.S.C. Secs. 6311-6322).

NEW SECTION. **Sec. 113.** The superintendent of public instruction and the state board of education may each adopt rules in accordance with chapter 34.05 RCW as necessary to implement this chapter.

NEW SECTION. **Sec. 114.** (1) The legislature finds that a unified and equitable system of education accountability must include expectations and benchmarks for improvement, along with support for schools and districts to make the necessary changes that will lead to success for all students. Such a system must also clearly address the consequences for persistent lack of improvement. Establishing a process for school districts to prepare and implement a required action plan is one such consequence. However, to be truly accountable to students, parents, the community, and taxpayers, the legislature must also consider what should happen if a required action district continues not to make improvement after an extended period of time. Without an answer to this significant question, the state's system of education accountability is incomplete. Furthermore, accountability must be appropriately shared among various levels of decision makers, including in the building, in the district, and at the state.

(2)(a) A joint select committee on education accountability is established beginning no earlier than May 1, 2012, with the following members:

(i) The president of the senate shall appoint two members from each of the two largest caucuses of the senate.

(ii) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.

(b) The committee shall choose its cochairs from among its membership.

(3) The committee shall:

(a) Identify and analyze options for a complete system of education accountability, particularly consequences in the case of persistent lack of improvement by a required action district;

(b) Identify and analyze appropriate decision-making responsibilities and accompanying consequences at the building, district, and state level within such an accountability system;

(c) Examine models and experiences in other states;

(d) Identify the circumstances under which significant state action may be required; and

(e) Analyze the financial, legal, and practical considerations that would accompany significant state action.

(4) Staff support for the committee must be provided by the senate committee services and the house of representatives office of program research.

(5) The committee shall submit an interim report to the education committees of the legislature by September 1, 2012, and a final report with recommendations by September 1, 2013.

(6) This section expires June 30, 2014.

PART II

EVALUATIONS

Sec. 201. RCW 28A.150.230 and 2006 c 263 s 201 are each amended to read as follows:

(1) It is the intent and purpose of this section to guarantee that each common school district board of directors, whether or not acting through its respective administrative staff, be held accountable for the

proper operation of their district to the local community and its electorate. In accordance with the provisions of Title 28A RCW, as now or hereafter amended, each common school district board of directors shall be vested with the final responsibility for the setting of policies ensuring quality in the content and extent of its educational program and that such program provide students with the opportunity to achieve those skills which are generally recognized as requisite to learning.

(2) In conformance with the provisions of Title 28A RCW, as now or hereafter amended, it shall be the responsibility of each common school district board of directors to adopt policies to:

(a) Establish performance criteria and an evaluation process for its superintendent, classified staff, certificated personnel, including administrative staff, and for all programs constituting a part of such district's curriculum. Each district shall report annually to the superintendent of public instruction the following for each employee group listed in this subsection (2)(a): (i) Evaluation criteria and rubrics; (ii) a description of each rating; and (iii) the number of staff in each rating;

(b) Determine the final assignment of staff, certificated or classified, according to board enumerated classroom and program needs and data, based upon a plan to ensure that the assignment policy: (i) Supports the learning needs of all the students in the district; and (ii) gives specific attention to high-need schools and classrooms;

(c) Provide information to the local community and its electorate describing the school district's policies concerning hiring, assigning, terminating, and evaluating staff, including the criteria for evaluating teachers and principals;

(d) Determine the amount of instructional hours necessary for any student to acquire a quality education in such district, in not less than an amount otherwise required in RCW 28A.150.220, or rules of the state board of education;

~~((d))~~ (e) Determine the allocation of staff time, whether certificated or classified;

~~((e))~~ (f) Establish final curriculum standards consistent with law and rules of the superintendent of public instruction, relevant to the particular needs of district students or the unusual characteristics of the district, and ensuring a quality education for each student in the district; and

~~((f))~~ (g) Evaluate teaching materials, including text books, teaching aids, handouts, or other printed material, in public hearing upon complaint by parents, guardians or custodians of students who consider dissemination of such material to students objectionable.

Sec. 202. RCW 28A.405.100 and 1997 c 278 s 1 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, the superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

(b) Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

(2)(a) Pursuant to the implementation schedule established in subsection (7)(b) of this section, every board of directors shall, in accordance with procedures provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish revised evaluative criteria and a four-level rating system for all certificated classroom teachers.

(b) The minimum criteria shall include: (i) Centering instruction on high expectations for student achievement; (ii) demonstrating effective teaching practices; (iii) recognizing individual student learning needs and developing strategies to address those needs; (iv) providing clear and intentional focus on subject matter content and curriculum; (v) fostering and managing a safe, positive learning environment; (vi) using multiple student data elements to modify instruction and improve student learning; (vii) communicating and collaborating with parents and school community; and (viii) exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

(c) The four-level rating system used to evaluate the certificated classroom teacher must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. When student growth data, if available and relevant to the teacher and subject matter, is referenced in the evaluation process it must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

~~(3)(a)~~ Except as provided in subsection ~~((3))~~ (10) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel ~~((, hereinafter referred to as "employees" in this section;))~~ shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. An employee in the third year of provisional status as defined in RCW 28A.405.220 shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than ninety minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

(b) As used in this subsection and subsection (4) of this section, "employees" means classroom teachers and certificated support personnel.

~~(4)(a)~~ At any time after October 15th, an employee whose work is not judged ((unsatisfactory)) satisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement. During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at

least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

(b) Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

~~((2))~~ (5) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Except as provided in subsection (6) of this section, such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

~~((3))~~ (6)(a) Pursuant to the implementation schedule established by subsection (7)(b) of this section, every board of directors shall establish revised evaluative criteria and a four-level rating system for principals.

(b) The minimum criteria shall include: (i) Creating a school culture that promotes the ongoing improvement of learning and teaching for students and staff; (ii) demonstrating commitment to closing the achievement gap; (iii) providing for school safety; (iv) leading the development, implementation, and evaluation of a data-driven plan for increasing student achievement, including the use of multiple student data elements; (v) assisting instructional staff with alignment of curriculum, instruction, and assessment with state and local district learning goals; (vi) monitoring, assisting, and evaluating effective instruction and assessment practices; (vii) managing both staff and fiscal resources to support student achievement and legal responsibilities; and (viii) partnering with the school community to promote student learning.

(c) The four-level rating system used to evaluate the principal must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. When available, student growth data that is referenced in the evaluation process must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(7)(a) The superintendent of public instruction, in collaboration with state associations representing teachers, principals,

administrators, and parents, shall create models for implementing the evaluation system criteria, student growth tools, professional development programs, and evaluator training for certificated classroom teachers and principals. Human resources specialists, professional development experts, and assessment experts must also be consulted. Due to the diversity of teaching assignments and the many developmental levels of students, classroom teachers and principals must be prominently represented in this work. The models must be available for use in the 2011-12 school year.

(b) A new certificated classroom teacher evaluation system that implements the provisions of subsection (2) of this section and a new principal evaluation system that implements the provisions of subsection (6) of this section shall be phased-in beginning with the 2010-11 school year by districts identified in (c) of this subsection and implemented in all school districts beginning with the 2013-14 school year.

(c) A set of school districts shall be selected by the superintendent of public instruction to participate in a collaborative process resulting in the development and piloting of new certificated classroom teacher and principal evaluation systems during the 2010-11 and 2011-12 school years. These school districts must be selected based on: (i) The agreement of the local associations representing classroom teachers and principals to collaborate with the district in this developmental work and (ii) the agreement to participate in the full range of development and implementation activities, including: Development of rubrics for the evaluation criteria and ratings in subsections (2) and (6) of this section; identification of or development of appropriate multiple measures of student growth in subsections (2) and (6) of this section; development of appropriate evaluation system forms; participation in professional development for principals and classroom teachers regarding the content of the new evaluation system; participation in evaluator training; and participation in activities to evaluate the effectiveness of the new systems and support programs. The school districts must submit to the office of the superintendent of public instruction data that is used in evaluations and all district-collected student achievement, aptitude, and growth data regardless of whether the data is used in evaluations. If the data is not available electronically, the district may submit it in nonelectronic form. The superintendent of public instruction must analyze the districts' use of student data in evaluations, including examining the extent that student data is not used or is underutilized. The superintendent of public instruction must also consult with participating districts and stakeholders, recommend appropriate changes, and address statewide implementation issues. The superintendent of public instruction shall report evaluation system implementation status, evaluation data, and recommendations to appropriate committees of the legislature and governor by July 1, 2011, and at the conclusion of the development phase by July 1, 2012. In the July 1, 2011 report, the superintendent shall include recommendations for whether a single statewide evaluation model should be adopted, whether modified versions developed by school districts should be subject to state approval, and what the criteria would be for determining if a school district's evaluation model meets or exceeds a statewide model. The report shall also identify challenges posed by requiring a state approval process.

~~(8)~~ Each certificated ~~(employee)~~ classroom teacher and certificated support personnel shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee's professional performance.

~~((4))~~ (9) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated ~~(employees)~~ classroom teachers and certificated support personnel or administrators in accordance with this section, as now or hereafter

amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

~~((5))~~ (10) After ~~((an employee))~~ a certificated classroom teacher or certificated support personnel has four years of satisfactory evaluations under subsection (1) of this section or has received one of the two top ratings for four years under subsection (2) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) or (2) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) or (2) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. A locally bargained short-form evaluation emphasizing professional growth must provide that the professional growth activity conducted by the certificated classroom teacher be specifically linked to one or more of the certificated classroom teacher evaluation criteria. However, the evaluation process set forth in subsection (1) or (2) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) or (2) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) or (2) of this section may be used as a basis for determining that an employee's work is ~~((unsatisfactory))~~ not satisfactory under subsection (1) or (2) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise.

Sec. 203. RCW 28A.405.220 and 2009 c 57 s 2 are each amended to read as follows:

(1) Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first ~~((two))~~ three years of employment by such district, unless: ~~((a))~~ (a) The employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district; or (b) the school district superintendent may make a determination to remove an employee from provisional status if the employee has received one of the top two evaluation ratings during the second year of employment by the district. Employees as defined in this section shall hereinafter be referred to as "provisional employees(("))."

(2) In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

(3) Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within

ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.
