POINT OF ORDER

Representative DeBolt: "My point is Mr. Speaker that you can not impugn a members interpretation of the policy before the body. He read the bill, he saw the open flame, he made his decisions based upon that. He also looked at shelters, it's in there and so if you look at it from the perspective of interpretation, we've listened to a lot of interpretations on this floor, we've heard stories of peoples' lives, we've heard about insurance rates, we've heard about picking pockets; dumb things, I expect a little latitude on the opportunity to at least have our opinion count, thank you."

SPEAKER'S RULING

Mr. Speaker (Representative Morris presiding): "Representative DeBolt, your point is not well taken. In the House Floor Protocol Sheet which you were handed out on your desk, it indicates that it is appropriate to attack arguments and not members. If he was attacking the veracity of the good gentleman from the 42nd District and not the arguments that he was putting forth on this floor, his remarks would be out of order because they would be attacking persons and not arguments. Your point is not well taken."

The information must be submitted to the awarding agency and to the department of general administration within ten days of delivery of the item under the contract. The information that must be provided is:

(a) The total cost of the public works project;

(b) The contract value, including labor and materials, of the off-site, prefabricated, nonstandard, project specific items produced outside Washington; and

(c) The name, address, and federal employer identification number of the contractor that produced the off-site, prefabricated, nonstandard, project specific items.

(2)(a) The required information under this section must be submitted on forms made available by the department of general administration.

(b) The department of general administration shall develop standard contract language to meet the requirements of subsection (1)(a) of this section and make the language available on its web site.

(3) For the purposes of this section, "off-site, prefabricated, nonstandard, project specific items" means products or items that are: (a) Made primarily of architectural or structural precast concrete, fabricated steel, pipe and pipe systems, or sheet metal and sheet metal duct work; (b) produced specifically for the public work and not considered to be regularly available shelf items; (c) produced or manufactured by labor expended to assemble or modify standard items; and (d) produced at an off-site location.

(4) The department of general administration shall compile information collected under this section and submit it on an annual basis to the capital projects advisory review board created in RCW 39.10.220 for review and public hearing.

(5) This section applies to contracts entered into on or after September 1, 2010, and expires December 31, 2015.

Sec. 2. RCW 39.04.350 and 2009 c 197 s 2 are each amended to read as follows:

(1) Before award of a public works contract, a bidder must meet the following responsibility criteria to be considered a responsible bidder and qualified to be awarded a public works project. The bidder must:

(f) Until December 31, 2015, not have violated section 1 of this act more than one time.

(2) In addition to the bidder responsibility criteria in subsection (1) of this section, the state or municipality may adopt relevant supplemental criteria for determining bidder responsibility applicable to a particular project which the bidder must meet.

(a) Supplemental criteria for determining bidder responsibility, including the basis for evaluation and the deadline for appealing a determination that a bidder is not responsible, must be provided in the invitation to bid or bidding documents.

(b) In a timely manner before the bid submittal deadline, a potential bidder may request that the state or municipality modify the supplemental criteria. The state or municipality must evaluate the information submitted by the potential bidder and respond before the bid submittal deadline. If the evaluation results in a change of the criteria, the state or municipality must issue an addendum to the bidding documents identifying the new criteria.

(c) If the bidder fails to supply information requested concerning responsibility within the time and manner specified in the bid documents, the state or municipality may base its determination of responsibility upon any available information related to the supplemental criteria or may find the bidder not responsible.

(d) If the state or municipality determines a bidder to be not responsible, the state or municipality must provide, in writing, the reasons for the determination. The bidder may appeal the determination within the time period specified in the bidding documents by presenting additional information to the state or municipality. The state or municipality must consider the additional information before issuing its final determination. If the final determination affirms that the bidder is not responsible, the state or municipality may not execute a contract with any other bidder until two business days after the bidder determined to be not responsible has received the final determination.

(3) The capital projects advisory review board created in RCW 39.10.220 shall develop suggested guidelines to assist the state and municipalities in developing supplemental bidder responsibility criteria. The guidelines must be posted on the board's web site.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 82.02.050 and 1994 c 257 s 24 are each amended to read as follows:

(1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3)(a) Counties, cities, and towns collecting impact fees must make available to applicants for building permits issued for a lot or unit within a subdivision, short subdivision, or site development permit issuance a process by which the applicant may record a covenant against title to the property that requires payment equal to one hundred percent of the impact fee rates in effect at the time of issuance of the building permit, less a credit for any deposits paid. Covenants recorded in accordance with this subsection (3) must provide for payment through escrow of the impact fee due and owing to be paid at the time of closing of sale of the lot or unit that is the subject of the building permit. Payment of such fees must be made from seller's proceeds, unless an agreement to the contrary is reached between buyer and seller. In the absence of an agreement to the contrary, the seller shall bear strict liability for the payment of said fees.

(b) A seller, and/or agents of a seller, of property subject to a covenant authorized under this subsection (3), must provide written disclosure of such covenant to a purchaser or prospective purchaser pursuant to the provisions of chapter 64.06 RCW. The disclosure of said covenant must include the amount of fees payable, and the governmental entities to which such fees are to be paid at closing.

(c) In the event the lot or unit is leased or rented rather than sold, all impact fees applicable to such lot or unit must be paid in full upon issuance of a certificate of occupancy or equivalent final occupancy approval.

(d) This subsection (3) applies only to: (i) Counties with more than one million five hundred thousand residents and the cities and towns within these counties; and (ii) counties adjoining counties meeting the requirements of (i) of this subsection (3)(d) that have

more than six hundred fifty thousand but fewer than eight hundred thousand residents, and the cities and towns within these counties.

(e) This subsection (3) does not apply to dwellings governed by chapter 64.34 RCW.

(4) The impact fees:

(a) ~~((Shall))~~ **Must** only be imposed for system improvements that are reasonably related to the new development;

(b) ~~((Shall))~~ **May** not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) ~~((Shall))~~ **Must** be used for system improvements that will reasonably benefit the new development.

~~((4))~~ **(5)(a)** Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After the date a county, city, or town is required to adopt its development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees ~~((shall be))~~ **is** contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

~~((a))~~ **(i)** Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

~~((b))~~ **(ii)** Additional demands placed on existing public facilities by new development; and

~~((c))~~ **(iii)** Additional public facility improvements required to serve new development.

(b) If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

Sec. 2. RCW 36.70A.070 and 2005 c 360 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an

inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural

development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(~~(14)~~) (15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(~~(14)~~) (15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the department of transportation's six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve

as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ~~((six-year improvement))~~ ten-year investment program developed by the ~~((department of transportation))~~ office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after the county or city receives full payment of all impact fees due.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year plan required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. (3) The tax imposed under this section (~~shall~~) does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

NEW SECTION. Sec. 11. EXEMPTIONS. The provisions of this chapter do not apply to the following:

(1) A department or unit within a financial institution that is subject to direct regulation by an agency of the United States government, or to regulation by an agency of this state, that receives a request for the performance of an appraisal from one employee of the financial institution, and another employee of the

same financial institution assigns the request for the appraisal to an appraiser that is part of an appraiser panel; or

(2) An appraiser that enters into an agreement, whether written or otherwise, with another appraiser for the performance of an appraisal, and upon completion of the appraisal, the report of the appraiser performing the appraisal is signed by both the appraiser who completed the appraisal and the appraiser who requested the completion of the appraisal.

NEW SECTION. Sec. 12. RECORDKEEPING. An appraisal management company must certify to the department on initial application and upon renewal, that it maintains a detailed record of each service request that it receives and the appraiser that performs the appraisal for the appraisal management company. This statement must also certify that the appraisal management company maintains a complete copy of the completed appraisal report, for a minimum period of not less than five years after the appraisal is completed, nor for a period of not less than two years after final disposition of a judicial proceeding in which testimony relating to the records was given, whichever period expires later.

NEW SECTION. Sec. 13. ADJUDICATION OF DISPUTES BETWEEN AN APPRAISAL MANAGEMENT COMPANY AND AN APPRAISER. (1) Except within the first thirty days after an appraiser is first added to the appraiser panel of an appraisal management company, an appraisal management company may not remove an appraiser from its appraiser panel, or otherwise refuse to assign requests for real estate appraisal services to an appraiser without:

(a) Notifying the appraiser in writing of the reasons why the appraiser is being removed from the appraiser panel of the appraisal management company, including if the appraiser is being removed from the panel for illegal conduct, a violation of state licensing standards, substandard performance, or administrative purposes. In addition, if the removal is not for administrative purposes, the nature of the alleged conduct, substandard performance, or violation must be provided; and

(b) Providing an opportunity for the appraiser to respond to the notification of the appraisal management company.

(2) An appraiser that is removed from the appraiser panel of an appraisal management company for alleged illegal conduct or a violation of state licensing standards, may file a complaint with the department for a review of the decision of the appraisal management company, except that in no case will the department make any determination regarding the nature of the business relationship between the appraiser and the appraisal management company which is unrelated to the actions specified in subsection (1) of this section.

(3) If an appraiser files a complaint against an appraisal management company pursuant to subsection (2) of this section, the department may investigate the complaint within one hundred eighty days during which time the appraiser must remain removed from the panel.

(4) If after opportunity for hearing and review, the department determines that an appraiser did not commit a violation of law or a violation of state licensing standards, the department shall order that an appraiser be restored to the appraiser panel of the appraisal management company that was the subject of the complaint without prejudice.

(5) Following the adjudication of a complaint to the department by an appraiser against an appraisal management company, an appraisal management company may not refuse to make assignments for real estate appraisal services to an appraiser, or reduce the number of assignments, or otherwise penalize the appraiser because of the adjudicated complaint, if the department has found that the appraisal management company acted without reasonable cause in removing the appraiser from the appraiser panel.

NEW SECTION. Sec. 14. DISCIPLINARY ACTIONS--
FOUNDATIONS. (1) In addition to the unprofessional conduct described in RCW 18.235.130, the director may take disciplinary action for the following:

(a) Failing to meet the minimum qualifications for licensure established under this chapter;

(b) Failing to pay appraisers no later than forty-five days after completion of the appraisal service unless otherwise agreed or unless the appraiser has been notified in writing that a bona fide dispute exists regarding the performance or quality of the appraisal service;

(c) Failing to pay appraisers even if the appraisal management company is not paid by its client;

(d) Coercing, extorting, colluding, compensating, instructing, inducing, intimidating, bribing an appraiser, or in any other manner including:

(i) Withholding or threatening to withhold timely payment for an appraisal;

(ii) Requiring the appraiser to remit a portion of the appraisal fee back to the appraisal management company;

(iii) Withholding or threatening to withhold future business for, or demoting or terminating or threatening to demote or terminate, an appraiser;

(iv) Expressly or impliedly promising future business, promotions, or increased compensation for an appraiser;

(v) Conditioning the request for an appraisal or the payment of an appraisal fee or salary or bonus on the opinion, conclusion, or valuation to be reached, or on a preliminary estimate or opinion requested from an appraiser;

(vi) Requesting that an appraiser provide an estimated, predetermined, or desired valuation in an appraisal report, or provide estimated values or comparable sales at any time prior to the appraiser's completion of an appraisal;

(vii) Providing to an appraiser an anticipated, estimated, encouraged, or desired value for a subject property or a proposed or target amount to be loaned to the borrower, except that a copy of the sales contract for purchase transactions must be provided to the appraiser;

(viii) Providing to an appraiser, or any entity or person related to the appraiser, stock or other financial or nonfinancial benefits;

(ix) Obtaining, using, or paying for a second or subsequent appraisal or ordering an automated valuation model in connection with a mortgage financing transaction unless there is a reasonable basis to believe that the initial appraisal was flawed or tainted and such basis is clearly and appropriately noted in the loan file, or unless such appraisal or automated valuation model is done pursuant to a bona fide prefunding or postfunding appraisal review or quality control process; or

(x) Any other act or practice that impairs or attempts to impair an appraiser's independence, objectivity, or impartiality, or that violates law;

(e) Altering, modifying, or otherwise changing a completed appraisal report submitted by an appraiser;

(f) Copying and using the appraiser's signature for any purpose or in any other report;

(g) Extracting, copying, or using only a portion of the appraisal report without reference to the entire report;

(h) Prohibiting or attempting to prohibit the appraiser from including or referencing the appraisal fee, the appraisal management company name or identity, or the client's or lender's name or identity in the appraisal report;

(i) Knowingly requiring an appraiser to prepare an appraisal report, engaging an appraiser to perform an appraisal, or accepting an appraisal from an appraiser who has informed the appraisal management company that he or she does not have either the

geographic competence or necessary expertise to complete the appraisal;

(j) Knowingly requiring an appraiser to prepare an appraisal report under such a limited time frame when the appraiser, in the appraiser's own professional judgment, has informed the appraisal management company that it does not afford the appraiser the ability to meet all relevant legal and professional obligations or provide a credible opinion of value for the property being appraised. This subsection (1)(j) allows an appraiser to decline an assignment, but is not a basis for complaints against the appraisal management company;

(k) Requiring, or attempting to require, an appraiser to modify an appraisal report except as permitted under subsection (2)(a) or (b) of this section;

(l) Prohibiting, or attempting to prohibit, or inhibiting legal or other allowable communication between the appraiser and:

(i) The lender;

(ii) A real estate licensee;

(iii) A property owner; or

(iv) Any other party or person from whom the appraiser, in the appraiser's own professional judgment, believes information would be relevant or pertinent in completing the appraisal;

(m) Knowingly requiring or attempting to require the appraiser to do anything that violates chapter 18.140 RCW or other applicable state and federal laws or with any allowable assignment conditions or certifications required by the client;

(n) Prohibiting or refusing to allow, or attempting to prohibit or refuse to allow, the transfer of an appraisal from one lender to another lender if the lenders are allowed to transfer an appraisal under applicable federal law; or

(o) Requiring an appraiser to sign any indemnification agreement that would require the appraiser to defend and hold harmless the appraisal management company or any of its agents, employees, or independent contractors for any liability, damage, losses, or claims arising out of the services performed by the appraisal management company or its agents, employees, or independent contractors and not the services performed by the appraiser.

(2) Nothing in subsection (1) of this section may be construed as prohibiting the appraisal management company from requesting that an appraiser:

(a) Provide additional information about the basis for a valuation, including whether or not the appraiser considered other sales and reasons the other sales were either not considered relevant or included in the appraisal; or

(b) Correct objective factual errors in an appraisal report.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.148.005 and 1990 c 64 s 1 are each amended to read as follows:

(1) The legislature finds that:

(a) Final regulations adopted by the United States environmental protection agency (EPA) require owners and operators of underground petroleum storage tanks to demonstrate financial responsibility for accidental releases of petroleum as a precondition to continued ownership and operation of such tanks;

(b) Financial responsibility is demonstrated through the purchase of pollution liability insurance or an acceptable alternative such as coverage under a state financial responsibility program, in the amount of at least five hundred thousand dollars per occurrence and one million dollars annual aggregate depending upon the nature, use, and number of tanks owned or operated;

(c) Many owners and operators of underground petroleum storage tanks cannot purchase pollution liability insurance either because private insurance is unavailable at any price or because owners and operators cannot meet the rigid underwriting standards of existing insurers, nor can many owners and operators meet the strict regulatory standards imposed for alternatives to the purchase of insurance; ~~(and)~~

(d) Without a state financial responsibility program for owners and operators of underground petroleum storage tanks, many tank owners and operators will be forced to discontinue the ownership and operation of these tanks; and

(e) Safeguarding funding for the pollution liability insurance program trust account is necessary to maintain federal funding for the state underground storage tanks program.

(2) The purpose of this chapter is to create a state financial responsibility program meeting EPA standards for owners and operators of underground petroleum storage tanks in a manner that:

(a) Minimizes state involvement in pollution liability claims management and insurance administration;

(b) Protects the state of Washington from unwanted and unanticipated liability for accidental release claims;

(c) Creates incentives for private insurers to provide needed liability insurance; and

(d) Parallels generally accepted principles of insurance and risk management.

To that end, this chapter establishes a temporary program to provide pollution liability reinsurance at a price that will encourage a private insurance company or risk retention group to sell pollution liability insurance in accordance with the requirements of this chapter to owners and operators of underground petroleum storage tanks, thereby allowing the owners and operators to comply with the financial responsibility regulations of the EPA.

(3) It is not the intent of this chapter to permit owners and operators of underground petroleum storage tanks to obtain pollution liability insurance without regard to the quality or condition of their storage tanks or without regard to the risk management practices of tank owners and operators, nor is it the intent of this chapter to provide coverage or funding for past or existing petroleum releases. Further, it is the intent of the legislature that the program follow generally accepted insurance underwriting and actuarial principles and to deviate from those principles only to the extent necessary and within the tax revenue limits provided, to make pollution liability insurance reasonably affordable and available to owners and operators who meet the requirements of this chapter, particularly to those owners and operators whose underground storage tanks meet a vital economic need within the affected community.

(4) The pollution liability insurance program established by this chapter and chapter 70.149 RCW is merged into the department.

Sec. 2. RCW 70.148.010 and 1990 c 64 s 2 are each amended to read as follows:

Sec. 3. RCW 70.148.020 and 2006 c 276 s 1 are each amended to read as follows:

The ~~((director))~~ department has the following powers and duties:

(1) To design and from time to time revise a reinsurance contract providing coverage to an insurer meeting the requirements of this chapter. Before initially entering into a reinsurance contract, the ~~((director))~~ department shall prepare an actuarial report describing the various reinsurance methods considered by the ~~((director))~~ department and describing each method's costs. In designing the reinsurance contract the ~~((director))~~ department shall consider common insurance industry reinsurance contract provisions and shall design the contract in accordance with the following guidelines:

(a) The contract shall provide coverage to the insurer for the liability risks of owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action that are underwritten by the insurer.

(b) In the event of an insolvency of the insurer, the reinsurance contract shall provide reinsurance payable directly to the insurer or to its liquidator, receiver, or successor on the basis of the liability of the insurer in accordance with the reinsurance contract. In no event may the program be liable for or provide coverage for that portion of any covered loss that is the responsibility of the insurer whether or not the insurer is able to fulfill the responsibility.

(c) The total limit of liability for reinsurance coverage shall not exceed one million dollars per occurrence and two million dollars annual aggregate for each policy underwritten by the insurer less the ultimate net loss retained by the insurer as defined and provided for in the reinsurance contract.

(d) Disputes between the insurer and the insurance program shall be settled through arbitration.

(2) To design and implement a structure of periodic premiums due the ~~((director))~~ department from the insurer that takes full advantage of revenue collections and projected revenue collections to ensure affordable premiums to the insured consistent with sound actuarial principles.

(3) To periodically review premium rates for reinsurance to determine whether revenue appropriations supporting the program can be reduced without substantially increasing the insured's premium costs.

(4) To solicit bids from insurers and select an insurer to provide pollution liability insurance to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action.

(5) To monitor the activities of the insurer to ensure compliance with this chapter and protect the program from excessive loss exposure resulting from claims mismanagement by the insurer.

(6) To monitor the success of the program and periodically make such reports and recommendations to the legislature as the ~~((director))~~ department deems appropriate, and to annually publish a financial report on the pollution liability insurance program trust account showing, among other things, administrative and other expenses paid from the fund.

(7) To annually report the financial and loss experience of the insurer as to policies issued under the program and the financial and loss experience of the program to the legislature.

(8) To enter into contracts with public and private agencies to assist the ~~((director))~~ department in ~~((his or her))~~ its duties to design, revise, monitor, and evaluate the program and to provide technical or professional assistance to the ~~((director))~~ department.

(9) To examine the affairs, transactions, accounts, records, documents, and assets of insurers as the ~~((director))~~ department deems advisable.

(1) All examination and proprietary reports and information obtained by the ~~((director))~~ department and the ~~((director's))~~ department's staff in soliciting bids from insurers and in monitoring the insurer selected by the ~~((director))~~ department shall not be made public or otherwise disclosed to any person, firm, corporation, agency, association, governmental body, or other entity.

(2) Subsection (1) of this section notwithstanding, the ~~((director))~~ department may furnish all or part of examination reports prepared by the ~~((director))~~ department or by any person, firm, corporation, association, or other entity preparing the reports on behalf of the ~~((director))~~ department to:

(a) The Washington state insurance commissioner;

(b) A person or organization officially connected with the insurer as officer, director, attorney, auditor, or independent attorney or independent auditor; and

(c) The attorney general in his or her role as legal advisor to the ~~((director))~~ department.

(3) Subsection (1) of this section notwithstanding, the ~~((director))~~ department may furnish all or part of the examination or proprietary reports or information obtained by the ~~((director))~~ department to:

(a) The Washington state insurance commissioner; and

(5) A person who violates any provision of this section is guilty of a gross misdemeanor.

Sec. 10. RCW 70.148.070 and 1990 c 64 s 8 are each amended to read as follows:

(1) In selecting an insurer to provide pollution liability insurance coverage to owners and operators of underground storage tanks, the ~~((director))~~ department shall evaluate bids based upon criteria established by the ~~((director))~~ department that shall include:

(a) The insurer's ability to underwrite pollution liability insurance;

(b) The insurer's ability to settle pollution liability claims quickly and efficiently;

(c) The insurer's estimate of underwriting and claims adjustment expenses;

(d) The insurer's estimate of premium rates for providing coverage;

(e) The insurer's ability to manage and invest premiums; and

(f) The insurer's ability to provide risk management guidance to insureds.

The ~~((director))~~ department shall select the bidder most qualified to provide insurance consistent with this chapter and need not select the bidder submitting the least expensive bid. The ~~((director))~~ department may consider bids by groups of insurers and management companies who propose to act in concert in providing coverage and who otherwise meet the requirements of this chapter.

(2) The successful bidder shall agree to provide liability insurance coverage to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action consistent with the following minimum standards:

(a) The insurer shall provide coverage for defense costs.

(b) The insurer shall collect a deductible from the insured for corrective action in an amount approved by the ~~((director))~~ department.

(c) The insurer shall provide coverage for accidental releases in the amount of five hundred thousand dollars per occurrence and one million dollars annual aggregate but no more than one million dollars per occurrence and two million dollars annual aggregate exclusive of defense costs.

(d) The insurer shall require insurance applicants to meet at least the following underwriting standards before issuing coverage to the applicant:

(i) The applicant must be in compliance with statutes, ordinances, rules, regulations, and orders governing the ownership and operation of underground storage tanks as identified by the ~~((director))~~ department by rule; and

(ii) The applicant must exercise adequate underground storage tank risk management as specified by the ~~((director))~~ department by rule.

(e) The insurer may exclude coverage for losses arising before the effective date of coverage, and the ~~((director))~~ department may adopt rules establishing standards for determining whether a loss was incurred before the effective date of coverage.

(f) The insurer may exclude coverage for bodily injury, property damage, and corrective action as permitted by the ~~((director))~~ department by rule.

(g) The insurer shall use a variable rate schedule approved by the ~~((director))~~ department taking into account tank type, tank age, and other factors specified by the ~~((director))~~ department.

(3) The ~~((director))~~ department shall adopt all rules necessary to implement this section. In developing and adopting rules governing rates, deductibles, underwriting standards, and coverage conditions, limitations, and exclusions, the ~~((director))~~ department shall balance the owner and operator's need for coverage with the

need to maintain the actuarial integrity of the program, shall take into consideration the economic impact of the discontinued use of a storage tank upon the affected community, and shall consult with the ~~((standing)) ad hoc~~ technical advisory committees established under RCW 70.148.030~~((3))~~ (4). ~~((In developing and adopting rules governing coverage exclusions affecting corrective action, the director shall consult with the Washington state department of ecology.))~~

(4) Notwithstanding the definitions contained in RCW 70.148.010, the ~~((director))~~ department may permit an insurer to use different words or phrases describing the coverage provided under the program. In permitting such deviations from the definitions contained in RCW 70.148.010, the ~~((director))~~ department shall consider the regulations adopted by the United States environmental protection agency requiring financial responsibility by owners and operators of underground petroleum storage tanks.

(5) Owners and operators of underground storage tanks or sites containing underground storage tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

(a) The owner or operator must have a plan for proceeding with corrective action; and

(b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or operator demonstrates to the satisfaction of the ~~((director))~~ department that corrective action has been completed.

(6) ~~((When))~~ Within thirty days of a reinsurance contract ((has been)) being entered into by the ((agency)) department and insurance companies, ((the director shall notify the department of ecology of the letting of the contract. Within thirty days of that notification.)) the department ~~((of ecology))~~ shall notify all known owners and operators of petroleum underground storage tanks that appropriate levels of financial responsibility must be established by October 26, 1990, in accordance with federal environmental protection agency requirements, and that insurance under the program is available. All owners and operators of petroleum underground storage tanks must also be notified that declaration of method of financial responsibility or intent to seek to be insured under the program must be made to the state by November 1, 1990. If the declaration of method of financial responsibility is not made by November 1, 1990, the department ~~((of ecology))~~ shall, pursuant to chapter 90.76 RCW, prohibit the owner or operator of an underground storage tank from obtaining a tank tag or receiving petroleum products until such time as financial responsibility has been established.

Sec. 11. RCW 70.148.080 and 1990 c 64 s 9 are each amended to read as follows:

If the insurer cancels or refuses to issue or renew a policy, the affected owner or operator may appeal the insurer's decision to the director or the director's designee. The director or the director's designee shall conduct a brief adjudicative proceeding under chapter 34.05 RCW.

Sec. 12. RCW 70.148.090 and 1990 c 64 s 10 are each amended to read as follows:

(1) The activities and operations of the program are exempt from the provisions and requirements of Title 48 RCW and to the extent of their participation in the program, the activities and operations of the insurer selected by the ~~((director))~~ department to provide liability insurance coverage to owners and operators of underground storage tanks are exempt from the requirements of Title 48 RCW except for:

(a) Chapter 48.03 RCW pertaining to examinations;

(b) RCW 48.05.250 pertaining to annual reports;

(c) Chapter 48.12 RCW pertaining to assets and liabilities;

(d) Chapter 48.13 RCW pertaining to investments;

(e) Chapter 48.30 RCW pertaining to deceptive, false, or fraudulent acts or practices; and

(f) Chapter 48.92 RCW pertaining to liability risk retention.

(2) To the extent of their participation in the program, the insurer selected by the ~~((director))~~ department to provide liability insurance coverage to owners and operators of underground storage tanks shall not participate in the Washington insurance guaranty association nor shall the association be liable for coverage provided to owners and operators of underground storage tanks issued in connection with the program.

Sec. 13. RCW 70.148.130 and 2005 c 428 s 2 are each amended to read as follows:

(1) Subject to the conditions and limitations of RCW 70.148.120 through 70.148.170, the ~~((director))~~ department shall establish and manage a program for providing financial assistance to public and private owners and operators of underground storage tanks who have been certified by the governing body of the county, city, or town in which the tanks are located as meeting a vital local government, public health or safety need. In providing such financial assistance the ~~((director))~~ department shall:

(a) Require owners and operators, including local government owners and operators, to demonstrate serious financial hardship;

(b) Limit assistance to only that amount necessary to supplement applicant financial resources;

(c) Limit assistance to no more than two hundred thousand dollars in value for any one underground storage tank site of which amount no more than seventy-five thousand dollars in value may be provided for corrective action; and

(d) Whenever practicable, provide assistance through the direct payment of contractors and other professionals for labor, materials, and other services.

(2)(a) Except as otherwise provided in RCW 70.148.120 through 70.148.170, no grant of financial assistance may be used for any purpose other than for corrective action and repair, replacement, reconstruction, and improvement of underground storage tanks and tank sites. If at any time prior to providing financial assistance or in the course of providing such assistance, it appears to the ~~((director))~~ department that corrective action costs may exceed seventy-five thousand dollars, the ~~((director))~~ department may not provide further financial assistance until the owner or operator has developed and implemented a corrective action plan with the department ~~((of ecology))~~.

(b) A grant of financial assistance may also be made to an owner or operator that has discontinued using underground petroleum storage tanks due to economic hardship. An owner or operator may receive a grant up to two hundred thousand dollars per retailing location if:

(i) The property is located in an underserved rural area;

(ii) The property was previously used by a private owner or operator to provide motor vehicle fuel; and

(iii) The property is at least ten miles from the nearest motor vehicle fuel service station.

(3) When requests for financial assistance exceed available funds, the ~~((director))~~ department shall give preference to providing assistance first to those underground storage tank sites which constitute the sole source of petroleum products in remote rural communities.

(4) ~~((The ((director shall consult with the department of ecology in approving financial assistance for corrective action to ensure compliance with regulations governing underground petroleum storage tanks and corrective action)) department, in approving financial assistance for corrective action, shall ensure compliance with rules governing underground petroleum storage tanks and corrective action.))~~

(5) The ~~((director))~~ department shall approve or disapprove applications for financial assistance within sixty days of receipt of a completed application meeting the requirements of RCW 70.148.120 through 70.148.170. The certification by local government of an owner or operator shall not preclude the ~~((director))~~ department from disapproving an application for financial assistance if the ~~((director))~~ department finds that such assistance would not meet the purposes of RCW 70.148.120 through 70.148.170.

(6) The ~~((director))~~ department may adopt all rules necessary to implement the financial assistance program and shall consult with the technical advisory committee established under RCW 70.148.030 in developing such rules and in reviewing applications for financial assistance.

Sec. 14. RCW 70.148.140 and 1991 c 4 s 3 are each amended to read as follows:

(1) To qualify for financial assistance, a private owner or operator retailing petroleum products to the public must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the ~~((director))~~ department;

(b) If the ~~((director))~~ department makes a preliminary determination of possible eligibility for financial assistance, apply to the appropriate governing body of the city or town in which the tanks are located or in the case where the tanks are located outside of the jurisdiction of a city or town, then to the appropriate governing body of the county in which the tanks are located, for a determination by the governing body of the city, town, or county that the continued operation of the tanks meets a vital local government, or public health or safety need; and

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) In consideration for financial assistance and prior to receiving such assistance the owner and operator must enter into an agreement with the state whereby the owner and operator agree:

(a) To sell petroleum products to the public;

(b) To maintain the tank site for use in the retail sale of petroleum products for a period of not less than fifteen years from the date of agreement;

(c) To sell petroleum products to local government entities within the affected community on a cost-plus basis periodically negotiated between the owner and operator and the city, town, or county in which the tanks are located; and

(d) To maintain compliance with state underground storage tank financial responsibility and environmental regulations.

(3) The agreement shall be filed as a real property lien against the tank site with the county auditor ~~((of the county))~~ of the county in which the tanks are located. If the owner or operator transfers his or her interest in such property, the new owner or operator must agree to abide by the agreement or any financial assistance provided under RCW 70.148.120 through 70.148.170 shall be immediately repaid to the state by the owner or operator who received such assistance.

(4) As determined by the ~~((director))~~ department, if an owner or operator materially breaches the agreement, any financial assistance provided shall be immediately repaid by such owner or operator.

(5) The agreement between an owner and operator and the state required under this section shall expire fifteen years from the date of entering into the agreement.

Sec. 15. RCW 70.148.150 and 1991 c 4 s 4 are each amended to read as follows:

(1) To qualify for financial assistance, a public owner or operator must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the ~~((director))~~ department;

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) The ~~((director))~~ department shall give priority to and shall encourage local government entities to consolidate multiple operational underground storage tank sites into as few sites as possible. For this purpose, the ~~((director))~~ department may provide financial assistance for the establishment of a new local government underground storage tank site contingent upon the closure of other operational sites in accordance with environmental regulations. Within the per site financial limits imposed under RCW 70.148.120 through 70.148.170, the ~~((director))~~ department may authorize financial assistance for the closure of operational sites when closure is for the purpose of consolidation.

Sec. 16. RCW 70.148.160 and 1991 c 4 s 5 are each amended to read as follows:

To qualify for financial assistance, a rural hospital ~~((as defined in RCW 18.89.020))~~, owning or operating an underground storage tank must:

(1) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the ~~((director))~~ department;

(2) Apply to the governing body of the city, town, or county in which the hospital is located for certification that the continued operation of the tank or tanks is necessary to maintain vital local public health or safety needs;

(3) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided; and

(4) Agree to provide charity care ~~((as defined in RCW 70.39.020))~~ in an amount of equivalent value to the financial assistance provided under RCW 70.148.120 through 70.148.170. The ~~((director))~~ department shall consult with the department of health to monitor and determine the time period over which such care should be expected to be provided in the local community.

Sec. 17. RCW 70.148.170 and 1991 c 4 s 6 are each amended to read as follows:

(1) The ~~((director))~~ department shall develop and distribute to appropriate cities, towns, and counties a form for use by the local government in making the certification required for all private owner and operator financial assistance along with instructions on the use of such form.

(2) In certifying a private owner or operator retailing petroleum products to the public as meeting vital local government, public health or safety needs, the local government shall:

(a) Consider and find that other retail suppliers of petroleum products are located remote from the local community;

(b) Consider and find that the owner or operator requesting certification is capable of faithfully fulfilling the agreement required for financial assistance;

(c) Designate the local government official who will be responsible for negotiating the price of petroleum products to be sold on a cost-plus basis to the local government entities in the affected communities and the entities eligible to receive petroleum products at such price; and

(d) State the vital need or needs that the owner or operator meets.

(3) In certifying a hospital as meeting local public health and safety needs the local government shall:

(a) Consider and find that the continued use of the underground storage tank by the hospital is necessary; and

(b) Consider and find that the hospital provides health care services to the poor and otherwise provides charity care.

(4) The ~~((director))~~ department shall notify the governing body of the city, town, or county providing certification when financial assistance for a private owner or operator has been approved.

Sec. 18. RCW 70.149.010 and 1995 c 20 s 1 are each amended to read as follows:

(1) It is the intent of the legislature to establish a temporary regulatory program to assist owners and operators of heating oil tanks. The legislature finds that it is in the best interests of all citizens for heating oil tanks to be operated safely and for tank leaks or spills to be dealt with expeditiously. The legislature further finds that it is necessary to protect tank owners from the financial hardship related to damaged heating oil tanks. The problem is especially acute because owners and operators of heating oil tanks used for space heating have been unable to obtain pollution liability insurance or insurance has been unaffordable.

(2) The pollution liability insurance program established by this chapter and chapter 70.148 RCW is merged into the department.

Sec. 19. RCW 70.149.030 and 1995 c 20 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Accidental release" means a sudden or nonsudden release of heating oil, occurring after July 23, 1995, from operating a heating oil tank that results in bodily injury, property damage, or a need for corrective action, neither expected nor intended by the owner or operator.

The ~~((director))~~ department shall:

(1) Design a program, consistent with RCW 70.149.120, for providing pollution liability insurance for heating oil tanks that provides up to sixty thousand dollars per occurrence coverage and aggregate limits, and protects the state of Washington from unwanted or unanticipated liability for accidental release claims. The department shall require a competitive bid process for cleanups covered under the insurance program. The department shall also implement additional cost control measures that provide the most efficient and effective use of program funds;

(2) Administer, implement, and enforce the provisions of this chapter. To assist in administration of the program, the director is authorized to appoint up to two employees who are exempt from the civil service law, chapter 41.06 RCW, and who shall serve at the pleasure of the director;

(3) Administer the heating oil pollution liability trust account, as established under RCW 70.149.070;

(4) Employ and discharge, at ~~((his or her))~~ its discretion, agents, attorneys, consultants, companies, organizations, and

employees as deemed necessary, and to prescribe their duties and powers, and fix their compensation;

(5) Adopt rules under chapter 34.05 RCW as necessary to carry out the provisions of this chapter;

(6) Design and from time to time revise a reinsurance contract providing coverage to an insurer or insurers meeting the requirements of this chapter. The ~~((director))~~ department is authorized to provide reinsurance through the pollution liability insurance program trust account;

(7) Solicit bids from insurers and select an insurer to provide pollution liability insurance for third-party bodily injury and property damage, and corrective action to owners and operators of heating oil tanks;

(8) Register, and design a means of accounting for, operating heating oil tanks;

(9) Implement a program to provide advice and technical assistance to owners and operators of active and abandoned heating oil tanks if contamination from an active or abandoned heating oil tank is suspected. Advice and assistance regarding administrative and technical requirements may include observation of testing or site assessment and review of the results of reports. If the ~~((director))~~ department finds that contamination is not present or that the contamination is apparently minor and not a threat to human health or the environment, the ~~((director))~~ department may provide written opinions and conclusions on the results of the investigation to owners and operators of active and abandoned heating oil tanks. The ~~((agency))~~ department is authorized to collect, from persons requesting advice and assistance, the costs incurred by the ~~((agency))~~ department in providing such advice and assistance. The costs may include travel costs and expenses associated with review of reports and preparation of written opinions and conclusions. Funds from cost reimbursement must be deposited in the heating oil pollution liability trust account. The state of Washington, the department, the pollution liability insurance ~~((agency))~~ program, and its officers and employees are immune from all liability, and no cause of action arises from any act or omission in providing, or failing to provide, such advice, opinion, conclusion, or assistance;

(10) Establish a public information program to provide information regarding liability, technical, and environmental requirements associated with active and abandoned heating oil tanks;

(11) Monitor ~~((agency))~~ program expenditures and seek to minimize costs and maximize benefits to ensure responsible financial stewardship;

(12) Study if appropriate user fees to supplement program funding are necessary and develop recommendations for legislation to authorize such fees.

Sec. 21. RCW 70.149.050 and 1995 c 20 s 5 are each amended to read as follows:

(1) In selecting an insurer to provide pollution liability insurance coverage to owners and operators of heating oil tanks used for space heating, the ~~((director))~~ department shall evaluate bids based upon criteria established by the ~~((director))~~ department that shall include:

(f) The insurer's ability to provide risk management guidance to insureds.

(2) The ~~((director))~~ department shall select the bidder most qualified to provide insurance consistent with this chapter and need not select the bidder submitting the least expensive bid. The ~~((director))~~ department may consider bids by groups of insurers and management companies who propose to act in concert in providing coverage and who otherwise meet the requirements of this chapter.

(3) Owners and operators of heating oil tanks, or sites containing heating oil tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

(a) The owner or operator must have a plan for proceeding with corrective action; and

(b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or operator demonstrates to the satisfaction of the ~~((director))~~ department that corrective action has been completed.

Sec. 22. RCW 70.149.060 and 1995 c 20 s 6 are each amended to read as follows:

(c) Chapter 48.12 RCW pertaining to assets and liabilities;

(d) Chapter 48.13 RCW pertaining to investments;

RESOLUTION

HOUSE RESOLUTION NO. 4689, by Representatives Hasegawa and Santos

WHEREAS, On February 19, 1942, President Franklin D. Roosevelt signed Executive Order 9066, under which more than 120,000 Americans and resident aliens of Japanese ancestry, 12,000 of them residing in Washington state, were incarcerated in 10 internment camps scattered throughout western states during World War II; and

WHEREAS, The order for assembly and detention at Camp Harmony in Puyallup, Washington inflicted a great human cost of abandoned homes, businesses, careers, professional advancements, and disruption to family life, thus causing Japanese-Americans from the state of Washington to lose millions of dollars in property and assets, to suffer immeasurable physical and psychological damage, and to be deprived of their constitutional liberties without due process of law; and

WHEREAS, The alleged purpose of this drastic course of action was to prevent Japanese-Americans, all of whom were deemed disloyal and untrustworthy, from committing acts of espionage and sabotage against the United States during its involvement in World War II; and

WHEREAS, An overwhelming number of Japanese-Americans from the state of Washington responded to questions of their loyalty and patriotism by volunteering from within barbed wire camps to serve in the United States Military Intelligence Service and the United States Army's 442nd Regimental Combat Team, the latter of which became the most decorated unit of its size in American history with seven Presidential Unit Citations, 21 Congressional Medals of Honor, 52 Distinguished Service Crosses, one Distinguished Service Medal, 588 Silver Stars, 4,000 Bronze Stars, 9,486 Purple Hearts, and a total of 18 decorations from France and Italy; and

WHEREAS, A few equally patriotic Japanese-Americans, such as Gordon Hirabayashi, then a student at the University of Washington, were willing to face imprisonment to seek justice by challenging the constitutionality of the evacuation and internment orders; and

WHEREAS, Through the fact-finding work of the Commission on Wartime Relocation and Internment of Civilians, the United States Congress later found that "there was no military or security reason for the internment" of individuals of Japanese ancestry and that the internment "was caused by racial prejudice, war hysteria, and a failure of political leadership"; and

WHEREAS, On August 10, 1988, President Ronald Reagan signed H.R. 442, the Civil Liberties Act, which recognized the injustice of the relocation and internment of American citizens of Japanese ancestry and provided token monetary redress; and

WHEREAS, Japanese-American internees from the state of Washington endured economic, physical, and psychological hardship and suffered in silence for more than forty years before the state of Washington provided monetary redress and reparations to municipal and state employees;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives, along with the people of Washington, pause to acknowledge the sixty-eighth anniversary of the signing of Executive Order 9066, to recognize the Japanese-American internees and World War II veterans from the state of Washington, to honor their patience, heroism, sacrifice, and patriotic loyalty, and to remember the lessons and blessings of liberty and justice for all; and

REPORTS OF STANDING COMMITTEES

February 17, 2010

ESSB 5543 Prime Sponsor, Committee on Environment, Water & Energy: Reducing the release of mercury into the environment. Reported by Committee on Environmental Health

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 31. The legislature finds that:

(1) Mercury is an essential component of many energy efficient lights. Improper disposal methods will lead to mercury releases that threaten the environment and harm human health. Spent mercury lighting is a hard to collect waste product that is appropriate for product stewardship;

(2) Convenient and environmentally sound product stewardship programs for mercury-containing lights that include collecting, transporting, and recycling mercury-containing lights will help protect Washington's environment and the health of state residents;

(3) The purpose of this act is to achieve a statewide goal of recycling all end-of-life mercury-containing lights by 2020 through expanded public education, a uniform statewide requirement to recycle all mercury-containing lights, and the development of a comprehensive, safe, and convenient collection system that includes use of residential curbside collection programs, mail-back containers, increased support for household hazardous waste facilities, and a network of additional collection locations;

(4) Product producers must play a significant role in financing no-cost collection and processing programs for mercury-containing lights; and

(5) Providers of premium collection services such as residential curbside and mail-back programs may charge a fee to cover the collection costs for these more convenient forms of collection.

NEW SECTION. Sec. 32. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

NEW SECTION. Sec. 33. (1) Every producer of mercury-containing lights sold in or into Washington state for residential use must fully finance and participate in a product stewardship program for that product, including the department's costs for administering and enforcing this chapter.

(2) Every producer must:

(a) Participate in a product stewardship program approved by the department and operated by a product stewardship organization contracted by the department. All producers must finance and participate in the plan operated by the product stewardship organization, unless the producer obtains department approval for an independent plan as described in (b) of this subsection; or

(b) Finance and operate, either individually or jointly with other producers, a product stewardship program approved by the department.

(3) A producer, group of producers, or product stewardship organization funded by producers must pay all administrative and operational costs associated with their program or programs, except for the collection costs associated with curbside and mail-back collection programs. (6) All product stewardship programs operated under approved plans must recover their fair share of unwanted covered products as determined by the department.

(7) The department or its designee may inspect, audit, or review audits of processing and disposal facilities used to fulfill the requirements of a product stewardship program.

(8) No product stewardship program required under this chapter may use federal or state prison labor for processing unwanted products.

(9) Product stewardship programs for mercury-containing lights must be fully implemented by January 1, 2013.

NEW SECTION. Sec. 34. (1) A producer, group of producers, or product stewardship program submitting a proposed product stewardship plan under section 3(2)(b) of this act must submit that plan by January 1st of the year prior to the planned implementation.

(2) The department shall establish rules for plan content. Plans must include but are not limited to:

(a) All necessary information to inform the department about the plan operator and participating producers and their brands;

(b) The management and organization of the product stewardship program that will oversee the collection, transportation, and processing services;

(5) Each product stewardship program shall submit an annual report to the department describing the results of implementing their plan for the prior year. The department may adopt rules for reporting requirements. All reports submitted to the department must be made available for public review on the department's web site and at the department's headquarters.

(2) Mercury recovered from retorting must be recycled or placed in a properly permitted hazardous waste landfill, or placed in a properly permitted mercury repository.

NEW SECTION. Sec. 37. (1) Except for persons involved in registered mail-back programs, a person who collects unwanted mercury-containing lights in the state, receives funding through a product stewardship program for mercury-containing lights, and who is not a generator of unwanted mercury-containing lights must:

(a) Register with the department as a collector of unwanted mercury-containing lights. Until the department adopts rules for collectors, the collector must provide to the department the legal name of the person or entity owning and operating the collection location, the address and phone number of the collection location, and the name, address, and phone number of the individual responsible for operating the collection location and update any changes in this information within thirty days of the change;

(b) Maintain a spill and release response plan at the collection location that describes the materials, equipment, and procedures that will be used to respond to any mercury release from an unwanted mercury-containing light;

(c) Maintain a worker safety plan at the collection location that describes the handling of the unwanted mercury-containing lights at the collection location and measures that will be taken to protect worker health and safety; and

(d) Use packaging and shipping material that will minimize the release of mercury into the environment and minimize breakage and use mercury vapor barrier packaging if mercury-containing lights are transported by the United States postal service or a common carrier.

(2) A person who operates a curbside collection program or owns or operates a mail-back business participating in a product stewardship program for mercury-containing lights and uses the United States postal service or a common carrier for transport must register with the department and use mercury vapor barrier packaging for curbside collection and mail-back containers.

NEW SECTION. Sec. 38. Effective January 1, 2013:

(1) All persons, residents, government, commercial, industrial, and retail facilities and office buildings must recycle their end-of-life mercury-containing lights.

(2) No mercury-containing lights may knowingly be placed in waste containers for disposal at incinerators, waste to energy facilities, or landfills.

(3) No mercury-containing lights may knowingly be placed in a container for mixed recyclables unless there is a separate location or compartment for the mercury-containing lights that complies with local government collection standards or guidelines.

(4) No owner or operator of a solid waste facility may be found in violation of this section if the facility has posted in a

conspicuous location a sign stating that mercury-containing lights must be recycled and are not accepted for disposal.

(5) No solid waste collector may be found in violation of this section for mercury-containing lights placed in a disposal container by the generator of the mercury-containing light.

NEW SECTION. Sec. 39. As of January 1, 2013, no producer, wholesaler, retailer, electric utility, or other person may distribute, sell, or offer for sale mercury-containing lights for residential use to any person in this state unless the producer is participating in a product stewardship program under a plan approved by the department.

NEW SECTION. Sec. 40. (1) The department shall send a written warning and a copy of this chapter and any rules adopted to implement this chapter to a producer who is not participating in a product stewardship program approved by the department and whose mercury-containing lights are being sold in or into the state.

(2) A producer not participating in a product stewardship program approved by the department whose mercury-containing lights continue to be sold in or into the state sixty days after receiving a written warning from the department shall be assessed a penalty of up to one thousand dollars for each violation. A violation is one day of sales.

(3) If any producer fails to implement its approved plan, the department shall assess a penalty of up to five thousand dollars for the first violation along with notification that the producer must implement its plan within thirty days of the violation. After thirty days, any producer failing to implement their approved plan must be assessed a penalty of up to ten thousand dollars for the second and each subsequent violation. A subsequent violation occurs each thirty-day period that the producer fails to implement the approved plan.

(4) The department shall send a written warning to a producer that fails to submit a product stewardship plan, update or change the plan when required, or submit an annual report as required under this chapter. The written warning must include compliance requirements and notification that the requirements must be met within sixty days. If requirements are not met within sixty days, the producer will be assessed a ten thousand dollar penalty per day of noncompliance starting with the first day of notice of noncompliance.

(5) Penalties prescribed under this section must be reduced by fifty percent if the producer complies within thirty days of the second violation notice.

(6) A producer may appeal penalties prescribed under this section to the pollution control hearings board created under chapter 43.21B RCW.

NEW SECTION. Sec. 41. (1) The department shall provide on its web site a list of all producers participating in a product stewardship plan that the department has approved and a list of all producers the department has identified as noncompliant with this chapter and any rules adopted to implement this chapter.

(2) Product wholesalers, retailers, distributors, and electric utilities must check the department's web site or producer-provided written verification to determine if producers of products they are selling in or into the state are in compliance with this chapter.

(3) No one may distribute or sell mercury-containing lights in or into the state from producers who are not participating in a product stewardship program or who are not in compliance with this chapter and rules adopted under this chapter.

(4) The department shall serve, or send with delivery confirmation, a written warning explaining the violation to any person known to be distributing or selling mercury-containing lights in or into the state from producers who are not participating in a product stewardship program or who are not in compliance with this chapter and rules adopted under this chapter.

(5) Any person who continues to distribute or sell mercury-containing lights from a producer that is not participating in an approved product stewardship program sixty days after receiving a written warning from the department may be assessed a penalty two times the value of the products sold in violation of this chapter or five hundred dollars, whichever is greater. The penalty must be waived if the person verifies that the person has discontinued distribution or sales of mercury-containing lights within thirty days of the date the penalty is assessed. A retailer may appeal penalties to the pollution control hearings board.

(6) The department shall adopt rules to implement this section.

(7) A sale or purchase of mercury-containing lights as a casual or isolated sale as defined in RCW 82.04.040 is not subject to the provisions of this section.

(8) A person primarily engaged in the business of reuse and resale of a used mercury-containing light is not subject to the provisions of this section when selling used working mercury-containing lights, for use in the same manner and purpose for which it was originally purchased.

(9) In-state distributors, wholesalers, and retailers in possession of mercury-containing lights on the date that restrictions on the sale of the product become effective may exhaust their existing stock through sales to the public.

NEW SECTION. Sec. 42. All producers shall pay the department annual fees to cover the cost of administering and enforcing this chapter. The department may prioritize the work to implement this chapter if fees are not adequate to fund all costs of the program.

NEW SECTION. Sec. 43. The product stewardship programs account is created in the custody of the state treasurer. All funds received from producers under this chapter and penalties collected under this chapter must be deposited in the account. Expenditures from the account may be used only for administering this chapter. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 44. (1) The department may adopt rules necessary to implement, administer, and enforce this chapter.

(2) The department may adopt rules to establish performance standards for product stewardship programs and may establish administrative penalties for failure to meet the standards.

(3) By December 31, 2010, and annually thereafter until December 31, 2014, the department shall report to the appropriate committees of the legislature concerning the status of the product stewardship program and recommendations for changes to the provisions of this chapter.

(4) Beginning October 1, 2014, the department shall annually invite comments from local governments, communities, and citizens to report their satisfaction with services provided by product stewardship programs. This information must be used by the department to determine if the plan operator is meeting convenience requirements and in reviewing proposed updates or changes to product stewardship plans.

(5) Beginning October 1, 2014, the department shall annually invite comments from retailers, consumer groups, electric utilities, the Northwest power and conservation council, and other interested parties regarding the impacts of the requirements of this chapter on the availability or purchase of energy efficient lighting within the state. If the department determines that evidence shows the requirements of this chapter have resulted in negative impacts on the availability or purchase of energy efficient lighting in the state, the department shall report this information by December 31st of each year to the appropriate committees of the legislature with recommendations for changes to the provisions of this chapter.

(6) Beginning October 1, 2014, the department shall annually invite comments from retailers, consumer groups, electric utilities, the Northwest power and conservation council, and other interested parties regarding the availability of energy efficient nonmercury lighting to replace mercury-containing lighting within the state. If the department determines that evidence shows that energy efficient nonmercury-containing lighting is available and achieves similar energy savings as mercury lighting at similar cost, the department shall report this information by December 31st of each year to the appropriate committees of the legislature with recommendations for legislative changes to reduce mercury use in lighting.

(7) Beginning October 1, 2014, the department shall annually estimate the overall statewide recycling rate for mercury-containing lights and calculate that portion of the recycling rate attributable to the product stewardship program.

(8) The department may require submission of independent performance evaluations and report evaluations documenting the effectiveness of mercury vapor barrier packaging in preventing the escape of mercury into the environment. The department may restrict the use of packaging for which adequate documentation has not been provided. Restricted packaging may not be used in any product stewardship program required under this chapter.

NEW SECTION. Sec. 45. Nothing in this chapter changes or limits the authority of the Washington utilities and transportation commission to regulate collection of solid waste, including curbside collection of residential recyclable materials, nor does this chapter change or limit the authority of a city or town to provide such service itself or by contract under RCW 81.77.020.

NEW SECTION. Sec. 46. Nothing in this chapter changes the requirements of any entity regulated under chapter 70.105 RCW to comply with the requirements under that chapter.

NEW SECTION. Sec. 47. This chapter must be liberally construed to carry out its purposes and objectives.

SSB 5295 Prime Sponsor, Committee on Government Operations & Elections: Implementing unanimous recommendations of the public records exemptions accountability committee. Reported by Committee on State Government & Tribal Affairs

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 52. RCW 70.05.170 and 2009 c 134 s 1 are each amended to read as follows:

(1)(a) The legislature finds that the mortality rate in Washington state among infants and children less than eighteen years of age is unacceptably high, and that such mortality may be preventable. The legislature further finds that, through the performance of child mortality reviews, preventable causes of child mortality can be identified and addressed, thereby reducing the infant and child mortality in Washington state.

(b) It is the intent of the legislature to encourage the performance of child death reviews by local health departments by providing necessary legal protections to the families of children whose deaths are studied, local health department officials and employees, and health care professionals participating in child mortality review committee activities.

(2) As used in this section, "child mortality review" means a process authorized by a local health department as such department is defined in RCW 70.05.010 for examining factors that contribute to deaths of children less than eighteen years of age. The process may include a systematic review of medical, clinical, and hospital records; home interviews of parents and caretakers of children who have died; analysis of individual case information; and review of this information by a team of professionals in order to identify modifiable medical, socioeconomic, public health, behavioral,

administrative, educational, and environmental factors associated with each death.

(3) Local health departments are authorized to conduct child mortality reviews. In conducting such reviews, the following provisions shall apply:

~~(a) (All medical records, reports, and statements procured by, furnished to, or maintained by a local health department pursuant to chapter 70.02 RCW for purposes of a child mortality review are confidential insofar as the identity of an individual child and his or her adoptive or natural parents is concerned. Such records may be used solely by local health departments for the purposes of the review. This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review, if such compilations and reports do not identify individual cases and sources of information.~~

~~(b) Any records or documents supplied or maintained for the purposes of a child mortality review are not subject to discovery or subpoena in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision shall not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section.~~

~~(c) Any summaries or analyses of records, documents, or records of interviews prepared exclusively for purposes of a child mortality review are not subject to discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed.)~~ All health care information collected as part of a child mortality review is confidential, subject to the restrictions on disclosure provided for in chapter 70.02 RCW. When documents are collected as part of a child mortality review, the records may be used solely by local health departments for the purposes of the review;

(b) No identifying information related to the deceased child, the child's guardians, or anyone interviewed as part of the child mortality review may be disclosed. Any such information shall be redacted from any records produced as part of the review;

(c) Any witness statements or documents collected from witnesses, or summaries or analyses of those statements or records prepared exclusively for purposes of a child mortality review, are not subject to public disclosure, discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision does not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section. This provision shall not restrict or limit the discovery or subpoena of documents from such witnesses simply because a copy of a document was collected as part of a child mortality review;

(d) No local health department official or employee, and no members of technical committees established to perform case reviews of selected child deaths may be examined in any administrative, civil, or criminal proceeding as to the existence or contents of documents assembled, prepared, or maintained for purposes of a child mortality review.

(e) This section shall not be construed to prohibit or restrict any person from reporting suspected child abuse or neglect under chapter 26.44 RCW nor to limit access to or use of any records, documents, information, or testimony in any civil or criminal action arising out of any report made pursuant to chapter 26.44 RCW.

(4) The department shall assist local health departments to collect the reports of any child mortality reviews conducted by

local health departments and assist with entering the reports into a database to the extent that the data is not protected under subsection (3) of this section. Notwithstanding subsection (3) of this section, the department shall respond to any requests for data from the database to the extent permitted for health care information under chapter 70.02 RCW. In addition, the department shall provide technical assistance to local health departments and child death review coordinators conducting child mortality reviews and encourage communication among child death review teams. The department shall conduct these activities using only federal and private funding.

(5) This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review. Any portions of such compilations and reports that identify individual cases and sources of information must be redacted.

(3) Activities regulated by counties, cities, or towns as provided in subsections (1) and (2) of this section shall be administered and enforced by those counties, cities, or towns. The department shall not regulate these activities under this chapter.

(4) The board shall continue to adopt rules and the department shall continue to administer and enforce those rules in each county, city, or town for all forest practices as provided in this chapter until such a time as the county, city, or town has updated its development regulations as required by RCW 36.70A.130 and, if applicable, RCW 36.70A.215, and has adopted ordinances or regulations under subsections (1) and (2) of this section. (8) To improve the administration of the forest excise tax created in chapter 84.33 RCW, a county, city, or town that

"Committee on Agency Officials' Salaries

Sec. 1. RCW 43.03.027 and 1970 ex.s. c 43 s 1 are each amended to read as follows:

It is hereby declared to be the public policy of this state to base the salaries of public officials on realistic standards in order that such officials may be paid according to the true value of their services and the best qualified citizens may be attracted to public service. It is the purpose of ~~((RCW 43.03.027, 43.03.028,))~~ this section and RCW 43.03.040~~((43.03.045 and 43.03.047))~~ to effectuate this policy by utilizing the expert knowledge of citizens having access to pertinent facts concerning proper salaries for public officials, thus removing and dispelling any thought of political consideration in fixing the appropriateness of the amount of such salaries.

Sec. 2. RCW 43.03.028 and 2007 c 241 s 3 are each amended to read as follows:

(1) ~~((There is hereby created a state committee on agency officials' salaries to consist of seven members, or their designees, as follows: The president of the University of Puget Sound; the chairperson of the council of presidents of the state's four year institutions of higher education; the chairperson of the Washington personnel resources board; the president of the Association of Washington Business; the president of the Pacific Northwest Personnel Managers' Association; the president of the Washington State Bar Association; and the president of the Washington State Labor Council. If any of the titles or positions mentioned in this subsection are changed or abolished, any person occupying an~~

~~equivalent or like position shall be qualified for appointment by the governor to membership upon the committee.~~

~~((2) The committee))~~ The department of personnel shall study the duties and salaries of the directors of the several departments and the members of the several boards and commissions of state government, who are subject to appointment by the governor or whose salaries are fixed by the governor, and of the chief executive officers of the following agencies of state government:

The arts commission; the human rights commission; the board of accountancy; the board of pharmacy; the eastern Washington historical society; the Washington state historical society; the recreation and conservation office; the criminal justice training commission; the department of personnel; the state library; the traffic safety commission; the horse racing commission; the advisory council on vocational education; the public disclosure commission; the state conservation commission; the commission on Hispanic affairs; the commission on Asian Pacific American affairs; the state board for volunteer firefighters and reserve officers; the transportation improvement board; the public employment relations commission; the forest practices appeals board; and the energy facilities site evaluation council.

~~((The committee))~~ (2) The department of personnel shall report to the governor or the chairperson of the appropriate salary fixing authority at least once in each fiscal biennium on such date as the governor may designate, but not later than seventy-five days prior to the convening of each regular session of the legislature during an odd-numbered year, its recommendations for the salaries to be fixed for each position.

~~((3) Committee members shall be reimbursed by the department of personnel for travel expenses under RCW 43.03.050 and 43.03.060.))~~

Sec. 3. RCW 34.12.100 and 1986 c 155 s 10 are each amended to read as follows:

The chief administrative law judge shall be paid a salary fixed by the governor after recommendation of the ~~((state committee on agency officials' salaries))~~ department of personnel. The salaries of administrative law judges appointed under the terms of this chapter shall be determined by the chief administrative law judge after recommendation of the ~~((state committee on agency officials' salaries))~~ department of personnel.

Sec. 4. RCW 42.17.370 and 1995 c 397 s 17 are each amended to read as follows:

The commission is empowered to:

(1) Adopt, promulgate, amend, and rescind suitable administrative rules to carry out the policies and purposes of this chapter, which rules shall be adopted under chapter 34.05 RCW. Any rule relating to campaign finance, political advertising, or related forms that would otherwise take effect after June 30th of a general election year shall take effect no earlier than the day following the general election in that year;

(2) Appoint and set, within the limits established by the ~~((committee on agency officials' salaries))~~ department of personnel under RCW 43.03.028, the compensation of an executive director who shall perform such duties and have such powers as the commission may prescribe and delegate to implement and enforce this chapter efficiently and effectively. The commission shall not delegate its authority to adopt, amend, or rescind rules nor shall it delegate authority to determine whether an actual violation of this chapter has occurred or to assess penalties for such violations;

(3) Prepare and publish such reports and technical studies as in its judgment will tend to promote the purposes of this chapter, including reports and statistics concerning campaign financing, lobbying, financial interests of elected officials, and enforcement of this chapter;

(4) Make from time to time, on its own motion, audits and field investigations;

(5) Make public the time and date of any formal hearing set to determine whether a violation has occurred, the question or questions to be considered, and the results thereof;

(6) Administer oaths and affirmations, issue subpoenas, and compel attendance, take evidence and require the production of any books, papers, correspondence, memorandums, or other records relevant or material for the purpose of any investigation authorized under this chapter, or any other proceeding under this chapter;

(7) Adopt and promulgate a code of fair campaign practices;

(8) Relieve, by rule, candidates or political committees of obligations to comply with the provisions of this chapter relating to election campaigns, if they have not received contributions nor made expenditures in connection with any election campaign of more than one thousand dollars;

(9) Adopt rules prescribing reasonable requirements for keeping accounts of and reporting on a quarterly basis costs incurred by state agencies, counties, cities, and other municipalities and political subdivisions in preparing, publishing, and distributing legislative information. The term "legislative information," for the purposes of this subsection, means books, pamphlets, reports, and other materials prepared, published, or distributed at substantial cost, a substantial purpose of which is to influence the passage or defeat of any legislation. The state auditor in his or her regular examination of each agency under chapter 43.09 RCW shall review the rules, accounts, and reports and make appropriate findings, comments, and recommendations in his or her examination reports concerning those agencies;

(10) After hearing, by order approved and ratified by a majority of the membership of the commission, suspend or modify any of the reporting requirements of this chapter in a particular case if it finds that literal application of this chapter works a manifestly unreasonable hardship and if it also finds that the suspension or modification will not frustrate the purposes of the chapter. The commission shall find that a manifestly unreasonable hardship exists if reporting the name of an entity required to be reported under RCW 42.17.241(1)(g)(ii) would be likely to adversely affect the competitive position of any entity in which the person filing the report or any member of his or her immediate family holds any office, directorship, general partnership interest, or an ownership interest of ten percent or more. Any suspension or modification shall be only to the extent necessary to substantially relieve the hardship. The commission shall act to suspend or modify any reporting requirements only if it determines that facts exist that are clear and convincing proof of the findings required under this section. Requests for renewals of reporting modifications may be heard in a brief adjudicative proceeding as set forth in RCW 34.05.482 through 34.05.494 and in accordance with the standards established in this section. No initial request may be heard in a brief adjudicative proceeding and no request for renewal may be heard in a brief adjudicative proceeding if the initial request was granted more than three years previously or if the applicant is holding an office or position of employment different from the office or position held when the initial request was granted. The commission shall adopt administrative rules governing the proceedings. Any citizen has standing to bring an action in Thurston county superior court to contest the propriety of any order entered under this section within one year from the date of the entry of the order; and

(11) Revise, at least once every five years but no more often than every two years, the monetary reporting thresholds and reporting code values of this chapter. The revisions shall be only for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the period commencing with the month of December

preceding the last revision and concluding with the month of December preceding the month the revision is adopted. As to each of the three general categories of this chapter (reports of campaign finance, reports of lobbyist activity, and reports of the financial affairs of elected and appointed officials), the revisions shall equally affect all thresholds within each category. Revisions shall be adopted as rules under chapter 34.05 RCW. The first revision authorized by this subsection shall reflect economic changes from the time of the last legislative enactment affecting the respective code or threshold through December 1985;

(12) Develop and provide to filers a system for certification of reports required under this chapter which are transmitted by facsimile or electronically to the commission. Implementation of the program is contingent on the availability of funds.

It is the intent of the legislature to consolidate fire protection services into a single state agency ~~((and to create a state board with the responsibility of (1) establishing a comprehensive state policy regarding fire protection services and (2) advising the chief of the Washington state patrol and the director of fire protection on matters relating to their duties under state law)).~~ It is also the intent of the legislature that the fire protection services program created herein will assist local fire protection agencies in program development without encroaching upon their historic autonomy. The administrator for the courts shall develop a plan to improve the collection and reporting of information on juvenile offenders by all juvenile courts in the state. The information related to juvenile offenders shall include, but is not limited to, social, demographic, education, and economic data on juvenile offenders and where possible, their families. Development and implementation of the plan shall be accomplished in consultation with the human rights commission, ~~((the governor's juvenile justice advisory committee,))~~ superior court judges, juvenile justice administrators, and interested juvenile justice practitioners and researchers. The plan shall include a schedule and budget for implementation and shall be provided to the office of financial management by September 15, 1993.

Sec. 69. RCW 13.40.510 and 1997 c 338 s 61 are each amended to read as follows:

(1) In order to receive funds under RCW 13.40.500 through 13.40.540, local governments may, through their respective agencies that administer funding for consolidated juvenile services, submit proposals that establish community juvenile accountability programs within their communities. These proposals must be submitted to the juvenile rehabilitation administration of the department of social and health services for certification.

(2) The proposals must:

(a) Demonstrate that the proposals were developed with the input of ~~((the community public health and safety networks established under RCW 70.190.060, and))~~ the local law and justice councils established under RCW 72.09.300;

(b) Describe how local community groups or members are involved in the implementation of the programs funded under RCW 13.40.500 through 13.40.540;

(c) Include a description of how the grant funds will contribute to the expected outcomes of the program and the reduction of youth violence and juvenile crime in their community. Data approaches are not required to be replicated if the networks have information that addresses risks in the community for juvenile offenders.

(3) A local government receiving a grant under this section shall agree that any funds received must be used efficiently to encourage the use of community-based programs that reduce the reliance on secure confinement as the sole means of holding juvenile offenders accountable for their crimes. The local government shall also agree to account for the expenditure of all funds received under the grant and to submit to audits for compliance with the grant criteria developed under RCW 13.40.520.

(4) The juvenile rehabilitation administration, in consultation with the Washington association of juvenile court administrators~~((;))~~ and the state law and justice advisory council, ~~((and the family policy council,))~~ shall establish guidelines for programs that may be funded under RCW 13.40.500 through 13.40.540. The guidelines must:

(a) Target diverted and adjudicated juvenile offenders;

(b) Include assessment methods to determine services, programs, and intervention strategies most likely to change behaviors and norms of juvenile offenders;

(c) Provide maximum structured supervision in the community. Programs should use natural surveillance and community guardians such as employers, relatives, teachers, clergy, and community mentors to the greatest extent possible;

(d) Promote good work ethic values and educational skills and competencies necessary for the juvenile offender to function effectively and positively in the community;

(e) Maximize the efficient delivery of treatment services aimed at reducing risk factors associated with the commission of juvenile offenses;

(f) Maximize the reintegration of the juvenile offender into the community upon release from confinement;

(g) Maximize the juvenile offender's opportunities to make full restitution to the victims and amends to the community;

(h) Support and encourage increased court discretion in imposing community-based intervention strategies;

(i) Be compatible with research that shows which prevention and early intervention strategies work with juvenile offenders;

(j) Be outcome-based in that it describes what outcomes will be achieved or what outcomes have already been achieved;

(k) Include an evaluation component; and

(l) Recognize the diversity of local needs.

(5) The state law and justice advisory council (~~with the assistance of the family policy council and the governor's juvenile justice advisory committee~~) may provide support and technical assistance to local governments for training and education regarding community-based prevention and intervention strategies.

Oil Spill Advisory Council

NEW SECTION. Sec. 78. The following acts or parts of acts are each repealed:

(1) RCW 90.56.120 (Oil spill advisory council--Meetings--Travel expenses and compensation) and 2006 c 372 s 907 & 2005 c 304 s 2; and

(2) RCW 90.56.130 (Council--Duties--Work plan--Reports) and 2005 c 304 s 3.

Sec. 79. RCW 90.56.005 and 2005 c 304 s 1 are each amended to read as follows:

(1) The legislature declares that water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported as cargo and fuel by vessels on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is at best only partially effective. Preventing spills is more protective of the environment and more cost-effective when all the response and damage costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to achieve a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, Pennsylvania, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water, and average removal rates are only fourteen percent;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill;

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil; and

(e) In section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for ~~((an))~~ independent ~~((oil spill advisory council to))~~ review on an ongoing basis the adequacy of oil spill prevention, preparedness, and response activities in this state; and

(h) To provide an adequate funding source for state response and prevention programs.

Sec. 80. RCW 90.56.060 and 2005 c 304 s 4 are each amended to read as follows:

(1) The department shall prepare and annually update a statewide master oil and hazardous substance spill prevention and contingency plan. In preparing the plan, the department shall consult with an advisory committee representing diverse interests concerned with oil and hazardous substance spills, including the United States coast guard, the federal environmental protection agency, state agencies, local governments, port districts, private facilities, environmental organizations, oil companies, shipping companies, containment and cleanup contractors, tow companies, and hazardous substance manufacturers ~~((, and with the oil spill advisory council))~~.

(2) The state master plan prepared under this section shall at a minimum:

(a) Take into consideration the elements of oil spill prevention and contingency plans approved or submitted for approval pursuant to this chapter and chapter 88.46 RCW and oil and hazardous substance spill contingency plans prepared pursuant to other state or federal law or prepared by federal agencies and regional entities;

(b) State the respective responsibilities as established by relevant statutes and rules of each of the following in the prevention of and the assessment, containment, and cleanup of a worst case spill of oil or hazardous substances into the environment of the state: (i) State agencies; (ii) local governments; (iii) appropriate federal agencies; (iv) facility operators; (v) property owners whose land or other property may be affected by the oil or hazardous substance spill; and (vi) other parties identified by the department as having an interest in or the resources to assist in the containment and cleanup of an oil or hazardous substance spill;

(c) State the respective responsibilities of the parties identified in (b) of this subsection in an emergency response;

(d) Identify actions necessary to reduce the likelihood of spills of oil and hazardous substances;

(e) Identify and obtain mapping of environmentally sensitive areas at particular risk to oil and hazardous substance spills;

(f) Establish an incident command system for responding to oil and hazardous substances spills; and

(g) Establish a process for immediately notifying affected tribes of any oil spill.

(a) Consult with federal, provincial, municipal, and community officials, other state agencies, the state of Oregon, and with representatives of affected regional organizations;

(b) Submit the draft plan to the public for review and comment;

(c) Submit to the appropriate standing committees of the legislature for review, not later than November 1st of each year, the plan and any annual revision of the plan; and

(d) Require or schedule unannounced oil spill drills as required by RCW 90.56.260 to test the sufficiency of oil spill contingency plans approved under RCW 90.56.210.

(4) The department shall evaluate the functions of advisory committees created by the department regarding oil spill prevention, preparedness, and response programs, and shall revise or eliminate those functions which are no longer necessary.

(2) "Department" means the department of health.

~~((3))~~ (2) "Secretary" means the secretary of health or the secretary's designee.

(4) (3) "Orthotics" means the science and practice of evaluating, measuring, designing, fabricating, assembling, fitting, adjusting, or servicing, as well as providing the initial training necessary to accomplish the fitting of, an orthosis for the support, correction, or alleviation of neuromuscular or musculoskeletal dysfunction, disease, injury, or deformity. The practice of orthotics encompasses evaluation, treatment, and consultation. With basic observational gait and postural analysis, orthotists assess and design orthoses to maximize function and provide not only the support but the alignment necessary to either prevent or correct deformity or to improve the safety and efficiency of mobility or locomotion, or both. Orthotic practice includes providing continuing patient care in order to assess its effect on the patient's tissues and to assure proper fit and function of the orthotic device by periodic evaluation.

(5) (4) "Orthotist" means a person licensed to practice orthotics under this chapter.

(6) (5) "Orthosis" means a custom-fabricated, definitive brace or support that is designed for long-term use. Except for the treatment of scoliosis, orthosis does not include prefabricated or direct-formed orthotic devices, as defined in this section, or any of the following assistive technology devices: Commercially available knee orthoses used following injury or surgery; spastic muscle tone-inhibiting orthoses; upper extremity adaptive equipment; finger splints; hand splints; custom-made, leather wrist gauntlets; face masks used following burns; wheelchair seating that is an integral part of the wheelchair and not worn by the patient independent of the wheelchair; fabric or elastic supports; corsets; arch supports, also known as foot orthotics; low-temperature formed plastic splints; trusses; elastic hose; canes; crutches; cervical collars; dental appliances; and other similar devices as determined by the secretary, such as those commonly carried in stock by a pharmacy, department store, corset shop, or surgical supply facility. Prefabricated orthoses, also known as custom-fitted, or off-the-shelf, are devices that are manufactured as commercially available stock items for no specific patient. Direct-formed orthoses are devices formed or shaped during the molding process directly on the patient's body or body segment. Custom-fabricated orthoses, also known as custom-made orthoses, are devices designed and fabricated, in turn, from raw materials for a specific patient and require the generation of an image, form, or mold that replicates the patient's body or body segment and, in turn, involves the rectification of dimensions, contours, and

volumes to achieve proper fit, comfort, and function for that specific patient.

~~((7))~~ (6) "Prosthetics" means the science and practice of evaluating, measuring, designing, fabricating, assembling, fitting, aligning, adjusting, or servicing, as well as providing the initial training necessary to accomplish the fitting of, a prosthesis through the replacement of external parts of a human body lost due to amputation or congenital deformities or absences. The practice of prosthetics also includes the generation of an image, form, or mold that replicates the patient's body or body segment and that requires rectification of dimensions, contours, and volumes for use in the design and fabrication of a socket to accept a residual anatomic limb to, in turn, create an artificial appendage that is designed either to support body weight or to improve or restore function or cosmesis, or both. Involved in the practice of prosthetics is observational gait analysis and clinical assessment of the requirements necessary to refine and mechanically fix the relative position of various parts of the prosthesis to maximize the function, stability, and safety of the patient. The practice of prosthetics includes providing continuing patient care in order to assess the prosthetic device's effect on the patient's tissues and to assure proper fit and function of the prosthetic device by periodic evaluation.

~~((8))~~ (7) "Prosthetist" means a person who is licensed to practice prosthetics under this chapter.

~~((9))~~ (8) "Prosthesis" means a definitive artificial limb that is alignable or articulated, or, in lower extremity applications, capable of weight bearing. Prosthesis means an artificial medical device that is not surgically implanted and that is used to replace a missing limb, appendage, or other external human body part including an artificial limb, hand, or foot. The term does not include artificial eyes, ears, fingers or toes, dental appliances, ostomy products, devices such as artificial breasts, eyelashes, wigs, or other devices as determined by the secretary that do not have a significant impact on the musculoskeletal functions of the body. In the lower extremity of the body, the term prosthesis does not include prostheses required for amputations distal to and including the transmetatarsal level. In the upper extremity of the body, the term prosthesis does not include prostheses that are provided to restore function for amputations distal to and including the carpal level.

~~((10))~~ (9) "Authorized health care practitioner" means licensed physicians, physician's assistants, osteopathic physicians, chiropractors, naturopaths, podiatric physicians and surgeons, dentists, and advanced registered nurse practitioners.

(e) Upon receipt of a complaint signed by a majority of the members of an adjacent county noxious weed control board or weed district, or by one hundred registered voters that are land owners within the county, require the county legislative authority or noxious weed control board of the county or weed district that is

the subject of the complaint to respond to the complaint within forty-five days with a plan for the control of the noxious weeds cited in the complaint;

(f) If the complaint in (e) of this subsection involves a class A or class B noxious weed, order the county legislative authority, noxious weed control board, or weed district to take immediate action to eradicate or control the noxious weed infestation. If the county or the weed district does not take action to control the noxious weed infestation in accordance with the order, the director may control it or cause it to be controlled. The county or weed district is liable for payment of the expense of the control work including necessary costs and expenses for attorneys' fees incurred by the director in securing payment from the county or weed district. The director may bring a civil action in a court of competent jurisdiction to collect the expenses of the control work, costs, and attorneys' fees;

(g) In counties without an activated noxious weed control board, enter upon any property as provided for in RCW 17.10.160, issue or cause to be issued notices and citations and take the necessary action to control noxious weeds as provided in RCW 17.10.170, hold hearings on any charge or cost of control action taken as provided for in RCW 17.10.180, issue a notice of civil infraction as provided for in RCW 17.10.230 and 17.10.310 through ~~((and))~~ and 17.10.350, and place a lien on any property pursuant to RCW 17.10.280, 17.10.290, and 17.10.300 with the same authorities and responsibilities imposed by these sections on county noxious weed control boards;

(2) Where the ~~((state noxious weed control board))~~ department receives a request for inclusion from an adjacent county's noxious weed control board or weed district, which the adjacent board or district has included that weed in its county list, and the adjacent board or weed district alleges that its noxious weed control program is being hampered by the failure to include the weed on the county's noxious weed list.

Sec. 105. RCW 17.10.130 and 1997 c 353 s 15 are each amended to read as follows:

The powers and duties of a regional noxious weed control board are as follows:

(1) The regional board shall, within ninety days of the adoption of the state noxious weed list ~~((from))~~ by the ~~((state noxious weed control board))~~ department and following a hearing, select those weeds from the state list that it finds necessary to be controlled on a regional basis. The weeds thus selected shall also be contained in the county noxious weed list of each county in the region.

(2) The regional board shall take action as may be necessary to coordinate the noxious weed control programs of the region and adopt a regional plan for the control of noxious weeds.

Sec. 106. RCW 17.10.160 and 1997 c 353 s 20 are each amended to read as follows:

Any authorized agent or employee of the county noxious weed control board ~~((or of the state noxious weed control board))~~ or of the department ~~((of agriculture))~~ where not otherwise proscribed by law may enter upon any property for the purpose of administering this chapter and any power exercisable pursuant thereto, including the taking of specimens of weeds, general inspection, and the performance of eradication or control work. Prior to carrying out the purpose for which the entry is made, the official making such entry or someone in his or her behalf, shall make a reasonable attempt to notify the owner of the property as to the purpose and need for the entry.

(1) When there is probable cause to believe that there is property within this state not otherwise exempt from process or execution upon which noxious weeds are standing or growing and the owner refuses permission to inspect the property, a judge of the superior court or district court in the county in which the property is located may, upon the request of the county noxious weed control board or its agent, issue a warrant directed to the board or agent authorizing the taking of specimens of weeds or other materials, general inspection, and the performance of eradication or control work.

(2) Application for issuance and execution and return of the warrant authorized by this section shall be in accordance with the applicable rules of the superior court or the district courts.

(3) Nothing in this section requires the application for and issuance of any warrant not otherwise required by law: PROVIDED, That civil liability for negligence shall lie in any case in which entry and any of the activities connected therewith are not undertaken with reasonable care.

(4) Any person who improperly prevents or threatens to prevent entry upon land as authorized in this section or any person who interferes with the carrying out of this chapter shall be upon conviction guilty of a misdemeanor.

Sec. 107. RCW 17.10.201 and 1997 c 353 s 34 are each amended to read as follows:

(1) The ~~((state noxious weed control board))~~ department shall:

(a) Work with the various federal and tribal land management agencies to coordinate state and federal noxious weed control;

(c) Assist the various federal and tribal land management agencies by seeking adequate funding for noxious weed control.

(2) County noxious weed control boards and weed districts shall work with the various federal and tribal land management agencies in each county in order to:

(a) Identify new noxious weed infestations;

(b) Outline and plan necessary noxious weed control actions;

(c) Develop coordinated noxious weed control programs; and

(d) Notify local federal and tribal agency land managers of noxious weed infestations.

(3) The department ~~((of agriculture))~~, county noxious weed control boards, and weed districts are authorized to enter federal lands, with the approval of the appropriate federal agency, to survey for and control noxious weeds where control measures of a type and extent required under this chapter have not been taken.

(4) The department ~~((of agriculture))~~, county noxious weed control boards, and weed districts may bill the federal land management agency that manages the land for all costs of the noxious weed control performed on federal land. If not paid by the federal agency that manages the land, the cost of the noxious weed control on federal land may be paid from any funds available to the county noxious weed control board or weed district that performed the noxious weed control. Alternatively, the costs of noxious weed control on federal land may be paid from any funds specifically appropriated to the department of agriculture for that purpose.

(5) The department ~~((of agriculture))~~, county noxious weed control boards, and weed districts are authorized to enter into any reasonable agreement with the appropriate authorities for the control of noxious weeds on federal or tribal lands.

The rules shall identify the products, screenings, and articles in which the seeds must be controlled and the maximum amount of the seed to be permitted in the product, screenings, or article to avoid a hazard of spreading the noxious weed by seed from the product, screenings, or article. The director shall also adopt ~~((with the advice of the state board,))~~ rules designating toxic weeds which shall be controlled in feed stuffs and screenings to prevent injury to the animal that consumes the feed. The rules shall identify the feed stuffs and screenings in which the toxic weeds must be controlled and the maximum amount of the toxic weed to be permitted in the feed. Rules developed under this section shall identify ways that products, screenings, articles, or feed stuffs containing noxious weed seeds or toxic weeds can be made available for beneficial uses.

(2) Any person who knowingly or negligently sells or otherwise distributes a product, article, screenings, or feed stuff designated by rule containing noxious weed seeds or toxic weeds designated for control by rule and in an amount greater than the amount established by the director for the seed or weed by rule is guilty of a misdemeanor.

(3) The department ~~((of agriculture shall))~~, upon request of the buyer, inspect products, screenings, articles, or feed stuffs designated by rule and charge fees, in accordance with chapter 22.09 RCW, to determine the presence of designated noxious weed seeds or toxic weeds.

Sec. 110. RCW 17.10.250 and 1997 c 353 s 28 are each amended to read as follows:

The legislative authority of any county with an activated noxious weed control board or the board of any weed district may apply to the director for noxious weed control funds when informed by the director that funds are available. Water Supply Advisory Committee

NEW SECTION. Sec. 154. RCW 70.119A.160 (Water supply advisory committee) and 1998 c 245 s 112 & 1995 c 376 s 4 are each repealed.

Sec. 155. RCW 70.119A.180 and 2003 1st sp.s. c 5 s 7 are each amended to read as follows:

(1) It is the intent of the legislature that the department establish water use efficiency requirements designed to ensure efficient use of water while maintaining water system financial viability, improving affordability of supplies, and enhancing system reliability.

(2) The requirements of this section shall apply to all municipal water suppliers and shall be tailored to be appropriate to system size, forecasted system demand, and system supply characteristics.

(3) For the purposes of this section:

(a) Water use efficiency includes conservation planning requirements, water distribution system leakage standards, and water conservation performance reporting requirements; and

(b) "Municipal water supplier" and "municipal water supply purposes" have the meanings provided by RCW 90.03.015.

(4) To accomplish the purposes of this section, the department shall adopt rules necessary to implement this section by December 31, 2005. The department shall:

(a) Develop conservation planning requirements that ensure municipal water suppliers are: (i) Implementing programs to integrate conservation with water system operation and management; and (ii) identifying how to appropriately fund and implement conservation activities. Requirements shall apply to the conservation element of water system plans and small water system management programs developed pursuant to chapter 43.20 RCW. In establishing the conservation planning requirements the department shall review the current department conservation planning guidelines and include those elements that are appropriate for rule. Conservation planning requirements shall include but not be limited to:

(A) Selection of cost-effective measures to achieve a system's water conservation objectives. Requirements shall allow the municipal water supplier to select and schedule implementation of the best methods for achieving its conservation objectives;

(B) Evaluation of the feasibility of adopting and implementing water delivery rate structures that encourage water conservation;

(C) Evaluation of each system's water distribution system leakage and, if necessary, identification of steps necessary for achieving water distribution system leakage standards developed under (b) of this subsection;

(D) Collection and reporting of water consumption and source production and/or water purchase data. Data collection and reporting requirements shall be sufficient to identify water use patterns among utility customer classes, where applicable, and evaluate the effectiveness of each system's conservation program. Requirements, including reporting frequency, shall be appropriate to system size and complexity. Reports shall be available to the public; and

(E) Establishment of minimum requirements for water demand forecast methodologies such that demand forecasts prepared by municipal water suppliers are sufficient for use in determining reasonably anticipated future water needs;

(b) Develop water distribution system leakage standards to ensure that municipal water suppliers are taking appropriate steps to reduce water system leakage rates or are maintaining their water distribution systems in a condition that results in leakage rates in compliance with the standards. Limits shall be developed in terms of percentage of total water produced and/or purchased and shall not be lower than ten percent. The department may consider alternatives to the percentage of total water supplied where alternatives provide a better evaluation of the water system's leakage performance. The department shall institute a graduated system of requirements based on levels of water system leakage. A municipal water supplier shall select one or more control methods appropriate for addressing leakage in its water system;

(c) Establish minimum requirements for water conservation performance reporting to assure that municipal water suppliers are regularly evaluating and reporting their water conservation performance. The objective of setting conservation goals is to enhance the efficient use of water by the water system customers. Performance reporting shall include:

(i) Requirements that municipal water suppliers adopt and achieve water conservation goals. The elected governing board or governing body of the water system shall set water conservation goals for the system. In setting water conservation goals the water supplier may consider historic conservation performance and conservation investment, customer base demographics, regional climate variations, forecasted demand and system supply characteristics, system financial viability, system reliability, and affordability of water rates. Conservation goals shall be

established by the municipal water supplier in an open public forum;

(ii) Requirements that the municipal water supplier adopt schedules for implementing conservation program elements and achieving conservation goals to ensure that progress is being made toward adopted conservation goals;

(iii) A reporting system for regular reviews of conservation performance against adopted goals. Performance reports shall be available to customers and the public. Requirements, including reporting frequency, shall be appropriate to system size and complexity;

(iv) Requirements that any system not meeting its water conservation goals shall develop a plan for modifying its conservation program to achieve its goals along with procedures for reporting performance to the department;

(v) If a municipal water supplier determines that further reductions in consumption are not reasonably achievable, it shall identify how current consumption levels will be maintained;

(d) Adopt rules that, to the maximum extent practical, utilize existing mechanisms and simplified procedures in order to minimize the cost and complexity of implementation and to avoid placing unreasonable financial burden on smaller municipal systems.

~~(5) ((The department shall establish an advisory committee to assist the department in developing rules for water use efficiency. The advisory committee shall include representatives from public water system customers, environmental interest groups, business interest groups, a representative cross section of municipal water suppliers, a water utility conservation professional, tribal governments, the department of ecology, and any other members determined necessary by the department. The department may use the water supply advisory committee created pursuant to RCW 70.119A.160 augmented with additional participants as necessary to comply with this subsection to assist the department in developing rules.~~

~~(6))~~ The department shall provide technical assistance upon request to municipal water suppliers and local governments regarding water conservation, which may include development of best management practices for water conservation programs, conservation landscape ordinances, conservation rate structures for public water systems, and general public education programs on water conservation.

~~((7))~~ ~~(6)~~ To ensure compliance with this section, the department shall establish a compliance process that incorporates a graduated approach employing the full range of compliance mechanisms available to the department.

~~((8))~~ ~~(7)~~ Prior to completion of rule making required in subsection (4) of this section, municipal water suppliers shall continue to meet the existing conservation requirements of the department and shall continue to implement their current water conservation programs.

Sec. 156. RCW 90.86.030 and 2005 c 60 s 3 are each amended to read as follows:

(1) The joint legislative committee on water supply during drought shall convene from time to time at the call of the chair when a drought conditions order under RCW 43.83B.405 is in effect, or when the chair determines, in consultation with the department of ecology, that it is likely that such an order will be issued within the next year.

(2) The committee may request and review information relating to water supply conditions in the state, and economic, environmental, and other impacts relating to decreased water supply being experienced or anticipated. The governor's executive water emergency committee, the department of ecology, ~~((the water supply advisory committee))~~ and other state agencies with

water management or related responsibilities shall cooperate in responding to requests from the committee.

(3) During drought conditions in which an order issued under RCW 43.83B.405 is in effect, the department of ecology shall provide to the committee no less than monthly a report describing drought response activities of the department and other state and federal agencies participating on the water supply availability committee. The report shall include information regarding applications for, and approvals and denials of emergency water withdrawals and temporary changes or transfers of, water rights under RCW 43.83B.410.

(4) The committee from time to time shall make recommendations to the senate and house of representatives on budgetary and legislative actions that will improve the state's drought response programs and planning.

Forest Fire Advisory Board

NEW SECTION. Sec. 161. RCW 76.04.145 (Forest fire advisory board) and 1986 c 100 s 15 are each repealed.

Sec. 162. RCW 70.94.6534 and 2009 c 118 s 501 are each amended to read as follows:

(1) The department of natural resources shall have the responsibility for issuing and regulating burning permits required by it relating to the following activities for the protection of life or property and/or for the public health, safety, and welfare:

(a) Abating a forest fire hazard;

(b) Prevention of a fire hazard;

(c) Instruction of public officials in methods of forest fire fighting;

(d) Any silvicultural operation to improve the forest lands of the state; and

(e) Silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

(2) The department of natural resources shall not retain such authority, but it shall be the responsibility of the appropriate fire protection agency for permitting and regulating outdoor burning on lands where the department of natural resources does not have fire protection responsibility.

(3) Permit fees shall be assessed for silvicultural burning under the jurisdiction of the department of natural resources and collected by the department of natural resources as provided for in this section. All fees shall be deposited in the air pollution control account, created in RCW 70.94.015. The legislature shall appropriate to the department of natural resources funds from the air pollution control account to enforce and administer the program under this section and RCW ~~((70.94.6534,))~~ 70.94.6536, 70.94.6538, and 70.94.6540. Fees shall be set by rule by the department of natural resources at the level necessary to cover the costs of the program after receiving recommendations on such fees from the public ~~((and the forest fire advisory board established by RCW 76.04.145)).~~

Sec. 163. RCW 76.04.630 and 1993 c 36 s 2 are each amended to read as follows:

There is created a landowner contingency forest fire suppression account in the state treasury. Moneys in the account may be spent only as provided in this section. Disbursements from the account shall be on authorization of the commissioner of public lands or the commissioner's designee. The account is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

The department may expend from this account the amounts as may be available and as it considers appropriate for the payment of emergency fire costs resulting from a participating landowner fire. The department may, when moneys are available from the landowner contingency forest fire suppression account, expend moneys for summarily abating, isolating, or reducing an extreme fire hazard under RCW 76.04.660. All moneys recovered as a result of the department's actions, from the owner or person responsible, under RCW 76.04.660 shall be deposited in the landowner contingency forest fire suppression account.

When a determination is made that the fire was started by other than a landowner operation, moneys expended from this account in the suppression of such fire shall be recovered from the general fund appropriations as may be available for emergency fire suppression costs. The department shall deposit in the landowner contingency forest fire suppression account moneys paid out of the account which are later recovered, less reasonable costs of recovery.

This account shall be established and renewed by an annual special forest fire suppression account assessment paid by participating landowners at a rate to be established by the department. In establishing assessments, the department shall seek to establish and thereafter reestablish a balance in the account of three million dollars. The department may establish a flat fee assessment of no more than seven dollars and fifty cents for participating landowners owning parcels of fifty acres or less. For participating landowners owning parcels larger than fifty acres, the department may charge the flat fee assessment plus a per acre assessment for every acre over fifty acres. The per acre assessment established by the department may not exceed fifteen cents per acre per year. The assessments may differ to equitably distribute the assessment based on emergency fire suppression cost experience necessitated by landowner operations. Amounts assessed for this account shall be a lien upon the forest lands with respect to which the assessment is made and may be collected as directed by the department in the same manner as forest protection assessments. Payment of emergency costs from this account shall in no way restrict the right of the department to recover costs pursuant to RCW 76.04.495 or other laws.

When the department determines that a forest fire was started in the course of or as a result of a landowner operation, ~~((it shall notify the forest fire advisory board of the determination.))~~ the determination shall be final, unless, within ninety days of the notification, ~~((the forest fire advisory board))~~ or an interested party serves a request for a hearing before the department. The hearing shall constitute an adjudicative proceeding under chapter 34.05 RCW, the administrative procedure act, and an appeal shall be in accordance with RCW 34.05.510 through 34.05.598.

Sec. 164. RCW 76.04.660 and 2007 c 480 s 13 are each amended to read as follows:

(1) The owner of land on which there is an additional fire hazard, when the hazard is the result of a landowner operation or the land is within an area covered by a forest health hazard warning issued under RCW 76.06.180, shall take reasonable measures to reduce the danger of fire spreading from the area and may abate the hazard by burning or other satisfactory means.

(2) An extreme fire hazard shall exist within areas covered by a forest health hazard order issued by the commissioner of public lands under RCW 76.06.180 in which there is an additional fire hazard caused by disturbance agents and the landowner has failed to take such action as required by the forest health hazard order. The duties and liability of such landowner under this chapter are as described in subsections (5), (6), and (7) of this section.

(3) The department shall adopt rules defining areas of extreme fire hazard that the owner and person responsible shall abate. The areas shall include but are not limited to high risk areas such as where life or buildings may be endangered, areas adjacent to public highways, and areas of frequent public use.

(4) The department may adopt rules ~~((after consultation with the forest fire advisory board.))~~ defining other conditions of extreme fire hazard with a high potential for fire spreading to lands in other ownerships. The department may prescribe additional measures that shall be taken by the owner and person responsible to isolate or reduce the extreme fire hazard.

(5) The owner or person responsible for the existence of the extreme fire hazard is required to abate, isolate, or reduce the hazard. The duty to abate, isolate, or reduce, and liability under this chapter, arise upon creation of the extreme fire hazard. Liability shall include but not be limited to all fire suppression expenses incurred by the department, regardless of fire cause.

(6) If the owner or person responsible for the existence of the extreme fire hazard or forest debris subject to RCW 76.04.650 refuses, neglects, or unsuccessfully attempts to abate, isolate, or reduce the same, the department may summarily abate, isolate, or reduce the hazard as required by this chapter and recover twice the actual cost thereof from the owner or person responsible. Landowner contingency forest fire suppression account moneys may be used by the department, when available, for this purpose. Moneys recovered by the department pursuant to this section shall be returned to the landowner contingency forest fire suppression account.

(7) Such costs shall include all salaries and expenses of people and equipment incurred therein, including those of the department. All such costs shall also be a lien upon the land enforceable in the same manner with the same effect as a mechanic's lien.

(8) The summary action may be taken only after ten days' notice in writing has been given to the owner or reputed owner of the land on which the extreme fire hazard or forest debris subject to RCW 76.04.650 exists. The notice shall include a suggested method of abatement and estimated cost thereof. The notice shall be by personal service or by registered or certified mail addressed to the owner or reputed owner at the owner's last known place of residence.

(9) A landowner or manager may make a written request to the department to inspect their property and provide a written notice

that they have complied with a forest health hazard warning or forest health hazard order, or otherwise adequately abated, isolated, or reduced an additional or extreme fire hazard. An additional or extreme fire hazard shall be considered to continue to exist unless and until the department, in its sole discretion, issues such notice.

2ESSB 6508 Prime Sponsor, Committee on Government Operations & Elections: Changing the class of persons entitled to recoveries under a wrongful death action or survival action. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 4.20.020 and 2007 c 156 s 29 are each amended to read as follows:

(1) Every ~~((such))~~ action under RCW 4.20.010 shall be for the benefit of the ~~((wife, husband))~~ spouse, state registered domestic partner, ~~((child))~~ or children, including stepchildren, of the person whose death shall have been so caused. If there ~~((be))~~ is no ~~((wife, husband))~~ spouse, state registered domestic partner, or ~~((such))~~ child ~~((or children, such)),~~ the action may be maintained for the benefit of:

(a) ~~The parents~~~~((, sisters, or brothers, who may be dependent upon the deceased person for support, and who are resident within the United States at the time of his death))~~ of a deceased adult child if the parents are financially dependent upon the adult child for support or if the parents have had significant involvement in the adult child's life; or

(b) Sisters or brothers who are financially dependent upon the decedent for support if there is no spouse, state registered domestic partner, child, or parent.

In every such action the jury may ~~((give such))~~ award economic and noneconomic damages as~~((;))~~ under all circumstances of the case~~((;))~~ may to them seem just.

(2) For the purposes of this section:

(a) "Financially dependent for support" means substantial dependence based on the receipt of services that have an economic or monetary value, or substantial dependence based on actual monetary payments or contributions; and

ESSB 5704 Prime Sponsor, Committee on Government Operations & Elections: Concerning creation of a flood district by three or more counties. Reported by Committee on Local Government & Housing

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 12. RCW 85.38.090 and 1991 c 349 s 12 are each amended to read as follows:

(1) Whenever the governing body of a special district has more than three members, the governing body shall be reduced to three members as of January 1, 1986, by eliminating the positions of those district governing body members with the shortest remaining terms of office. The remaining three governing body members shall have staggered terms with the one having the shortest remaining term having his or her position filled at the 1987 special district general election, the one with the next shortest remaining term having his or her position filled at the 1989 special district general election, and the one with the longest remaining term having his or her position filled at the 1992 special district general election. If any of these remaining three governing body members have identical remaining terms of office, the newly calculated remaining terms of these persons shall be determined by lot with the county auditor who assists the special district in its elections managing such lot procedure. The newly established terms shall be recorded by the county auditor.

(2) However, whenever five or more special districts have consolidated under chapter 85.36 RCW and the consolidated district has five members in its governing body on July 28, 1985, the consolidated district may adopt a resolution retaining a five-member governing body. At any time thereafter, such a district may adopt a resolution and reduce the size of the governing body to three members with the reduction occurring as provided in subsection (1) of this section, but the years of the effective dates shall be extended so that the reduction occurs at the next January 1st occurring after the date of the adoption of the resolution. Whenever a special district is

so governed by a five-member governing body, two members shall be elected at each of two consecutive special district general elections, and one member shall be elected at the following special district general election, each to serve a six-year staggered term.

(3) Nothing in this section permits the governing body of a flood control district that is subject to section 2 of this act to reduce the size of its governing body.

NEW SECTION. Sec. 13. A new section is added to chapter 85.38 RCW to read as follows:

The following provisions apply to the governing bodies of flood control districts that, upon creation, have territory in three or more counties:

(1) The governing body shall include one member from each county with territory in the district, and two additional members selected as provided by this section. No more than two governing members may be from the same county.

(2) The initial members of the governing body must be chosen by each county legislative authority within which the district resides, with each county choosing one member, and the two counties with the largest populations within the district choosing one additional member each. The initial governing body members shall serve until their successors are elected and qualified at the next special district general election.

(3) At this first election, the members receiving the two greatest number of votes shall serve six-year terms, the members receiving the third and fourth greatest number of votes shall serve four-year terms, and the remaining members shall serve two-year terms of office.

(4) The requirements for the filing period, method for filing declarations of candidacy, and the arrangement of candidate names on the ballot for all special district general elections conducted after the initial election in the district shall be the same as the requirements for the initial election in the district. No primary elections may be held for the governing body of a flood control district that, upon creation, has territory in three or more counties.

(5) A vacancy occurs upon the death, resignation, or incapacity of a governing body member, or whenever the governing body member ceases to be a registered voter of the district.

(6)(a) Whenever a vacancy occurs in the governing body, the legislative authority of the county within which the largest geographic portion of the district is located shall appoint a registered voter to serve until a person is elected, at the next special district general election occurring sixty or more days after the vacancy has occurred, to serve the remainder of the unexpired term. The person so elected shall take office immediately when qualified as defined in RCW 29A.04.133.

(b) If an election for the position that became vacant would otherwise have been held at this special district general election, only one election shall be held and the person elected to fill the succeeding term for that position shall take office immediately when qualified as defined in RCW 29A.04.133 and shall serve both the remainder of the unexpired term and the succeeding term.

(7) An elected or appointed member of the governing body, or a candidate for the governing body, must be a registered voter of the flood control district who has resided within the district for period of not less than thirty days before the election. In accordance with RCW 85.38.127, land ownership is not a requirement for serving on the governing body of the district."

2ESSB 5742 Prime Sponsor, Committee on Human Services & Corrections: Concerning crime-free rental housing. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 14. The legislature finds that local governments, landlords, and tenants working together to provide crime-free rental housing is beneficial to the public health, safety, and welfare. The legislature is also concerned about activities and provisions that serve to bar a person with a criminal history from obtaining viable housing regardless of other factors that may indicate rental stability, such as employment, rental references, or time in the community with no further criminal activity. It is therefore the intent of this act to provide certain requirements that a local government must follow in adopting a crime-free rental housing program.

NEW SECTION. Sec. 15. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Crime-free rental housing program" means a crime prevention program designed to reduce crime, drugs, and gangs on rental housing premises under the supervision of the local police department or a crime prevention officer. The program may include, but is not limited to: Property management and crime prevention training classes; crime prevention through environmental design surveys; and community awareness training.

(2) "Criminal activity" means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants, owner, guests, occupants, or property manager.

(3) "Local government" means any city, code city, town, or county.

(4) "Premises" has the same meaning as in RCW 59.18.030.

(5) "Rental housing" means any tenancy subject to chapter 59.12, 59.18, or 59.20 RCW.

NEW SECTION. Sec. 16. (1)(a) Except as provided in (b) of this subsection, a local government may adopt and implement a crime-free rental housing program within its jurisdiction in accordance with this chapter.

(b) A crime-free rental housing program adopted and implemented by a county is applicable only to unincorporated areas of the county.

(2) Except as provided in subsection (3) of this section, a crime-free rental housing program must be voluntary.

(3) A local government may require a landlord to participate in a crime-free rental housing program upon exceeding a reasonable threshold of instances of criminal activity on the premises if the landlord has not made a good faith effort to deter the criminal activity.

(b) A good faith effort may include, but is not limited to:

(i) Service of notice on the tenant to comply or quit as allowed by law or the commencement of an unlawful detainer action against the tenant; and

(ii) Attendance and completion of a landlord training program approved by the local government.

(4)(a) As a prerequisite to subsection (3) of this section, upon the occurrence of criminal activity on the premises, the local police department must send a notice to the landlord setting forth the following:

(i) The date and location of the occurrence;

(ii) The nature of the occurrence; and

(iii) The name of the person who engaged in the occurrence.

(b) Notice is deemed properly delivered when it is either served upon the landlord or a property manager of the rental property, or is delivered by first-class mail to the last known address of the landlord.

(5) This section does not prevent a local government from charging a fee for participation in a crime-free rental housing program.

(6) This section does not affect a local government's authority to enforce existing law in regard to rental housing, except in regard to a crime-free rental housing program.

NEW SECTION. Sec. 17. A crime-free rental housing program may not prohibit a landlord from hiring or renting to a person solely because of the person's criminal history.

NEW SECTION. Sec. 18. (1) Except as provided in subsection (2) of this section, this chapter supersedes and preempts all rules, regulations, codes, statutes, or ordinances of all local governments regarding the same subject matter. The state preemption created in this section applies to all rules, regulations, codes, statutes, and ordinances pertaining to crime-free rental housing programs at any time.

(2) Section 3 of this act does not apply to rules, regulations, codes, statutes, or ordinances adopted by local governments prior to July 1, 2010, except as required by an order issued by a court of competent jurisdiction pursuant to litigation regarding the rules, regulations, codes, statutes, or ordinances.

NEW SECTION. Sec. 19. Sections 1 through 5 of this act constitute a new chapter in Title 35 RCW."

Signed by Representatives Pedersen, Chair; Goodman, Vice Chair; Rodne, Ranking Minority Member; Shea, Assistant Ranking Minority Member; Kelley; Kirby; Roberts; Ross and Warnick.

MINORITY recommendation: Do not pass. Signed by Representative Ormsby.

ESSB 5902 Prime Sponsor, Committee on Ways & Means: Promoting accessible communities for persons with disabilities. Reported by Committee on Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 20. The legislature finds that when people who have disabilities are welcomed and included as members of our communities and provided with equal access to the opportunities available to others, their participation enriches those communities, enhances the strength of those communities' diversity, and contributes toward the economic vitality of those communities. The legislature further finds that more than nine hundred thousand Washington state residents with disabilities continue to face barriers to full participation that could be easily eliminated.

NEW SECTION. Sec. 21. (1) The accessible communities account is created in the custody of the state treasurer. Two hundred dollars from each full penalty imposed under RCW 46.16.381 (7), (8), and (9) must be deposited into the account. When a reduced penalty is imposed under RCW 46.16.381 (7), (8) and (9), the amount deposited in the accessible communities account shall be reduced proportionally.

(2) The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Only the commissioner may authorize expenditures from the account.

(3) Expenditures from the account may be used for promoting greater awareness of disability issues and improved access for and

inclusion and acceptance of persons with disabilities in communities in the state of Washington, including:

(a) Reimbursing travel, per diem, and reasonable accommodation for county accessible community advisory committee meetings and committee sponsored activities including, but not limited to, supporting the involvement of people with disabilities and disability organization in emergency planning and emergency preparedness activities;

(b) Establishing and maintaining an accessible communities web site;

(c) Providing training or technical assistance for county accessible community advisory committees;

(d) A grant program for funding proposals developed and submitted by county accessible community advisory committees to promote greater awareness of disability issues and acceptance, inclusion, and access for persons with disabilities within the community;

(e) Reimbursing the state agency that provides administrative support to the governor's committee on disability issues and employment for costs associated with implementing this act; and

(f) Programming changes to the judicial information system accounting module required for disbursement of funds to this account.

NEW SECTION. Sec. 22. A new section is added to chapter 50.40 RCW to read as follows:

(1) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall:

(a) Determine eligibility of accessible community advisory committees for reimbursement or for grant funding according to section 4 of this act; and

(b) Solicit proposals from active accessible community advisory committees for projects to improve disability awareness and access for persons with disabilities, and shall select projects for funding from moneys available in the accessible communities account.

(2) The commissioner shall adopt rules to administer this section.

(3) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall establish an accessible communities web site to provide the following information: Guidance, technical assistance, reference materials, and resource identification for local governments, accessible community advisory committees, and public accommodations; examples of best practices for local initiatives and activities to promote greater awareness of disability issues and access for persons with disabilities within the community; and a searchable listing of local public accommodations that have taken steps to be more disability friendly, including information on the specific access features provided.

NEW SECTION. Sec. 23. A new section is added to chapter 36.01 RCW to read as follows:

(1) A county has the option to expand the scope of an advisory committee established and maintained under RCW 29A.46.260 to that of an accessible community advisory committee, or to create an accessible community advisory committee.

(2) A county that has an active accessible community advisory committee may be reimbursed within available funds from the accessible communities account created in section 2 of this act for travel, per diem, and reasonable accommodation expenses for the participation of that committee's members in committee meetings and sponsored activities.

(3) A county establishes that it has an active accessible community advisory committee by submitting biennial assurances to the governor's committee on disability issues and employment that:

(a) The decision to establish an accessible community advisory committee was made by the county legislative authority, or by agents or officers acting under that authority.

(b) If an accessible community advisory committee is established by expanding the advisory committee established and maintained under RCW 29A.46.260, the county auditor supports that expansion.

(c) Committee members include persons with a diverse range of disabilities who are knowledgeable in identifying and eliminating attitudinal, programmatic, communication, and physical barriers encountered by persons with disabilities.

(d) The committee is actively involved in the following activities: Advising on addressing the needs of persons with disabilities in emergency plans; advising the county and other local governments within the county on access to programs services and activities, new construction or renovation projects, sidewalks, other pedestrian routes of travel, and disability parking enforcement; and developing local initiatives and activities to promote greater awareness of disability issues, and acceptance, involvement, and access for persons with disabilities within the community.

(4) Counties may form joint accessible community advisory committees, as long as no more than one of the participating counties has a population greater than seventy thousand.

Sec. 24. RCW 29A.46.260 and 2006 c 207 s 7 are each amended to read as follows:

(1) The legislature finds that the elimination of polling places resulting from the transition to vote by mail creates barriers that restrict the ability of many voters with disabilities from achieving the independence and privacy in voting provided by the accessible voting devices required under the help America vote act. Counties adopting a vote by mail system must take appropriate steps to mitigate these impacts and to address the obligation to provide voters with disabilities an equal opportunity to vote independently and privately, to the extent that this can be achieved without incurring undue administrative and financial burden.

(2) Each county shall establish and maintain an advisory committee that includes persons with diverse disabilities and persons with expertise in providing accommodations for persons with disabilities. The committee shall assist election officials in developing a plan to identify and implement changes to improve the accessibility of elections for voters with disabilities. The plan shall include recommendations for the following:

(a) The number of polling places that will be maintained in order to ensure that people with disabilities have reasonable access to accessible voting devices, and a written explanation for how the determination was made;

(b) The locations of polling places, drop-off facilities, voting centers, and other election-related functions necessary to maximize accessibility to persons with disabilities;

(c) Outreach to voters with disabilities on the availability of disability accommodation, including in-person disability access voting;

(d) Transportation of voting devices to locations convenient for voters with disabilities in order to ensure reasonable access for voters with disabilities; and

(e) Implementation of the provisions of the help America vote act related to persons with disabilities.

Counties must update the plan at least annually. The election review staff of the secretary of state shall review and evaluate the plan in conformance with the review procedure identified in RCW 29A.04.570.

(3) Counties may form a joint advisory committee to develop the plan identified in subsection (2) of this section if ~~((the total population of the joining counties does not exceed thirty thousand, and the counties are geographically adjacent))~~ no more than one of the participating counties has a population greater than seventy thousand.

Sec. 25. RCW 46.16.381 and 2007 c 262 s 1 and 2007 c 44 s 1 are each reenacted and amended to read as follows:

(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk or involves acute sensitivity to light and meets one of the following criteria, as determined by a licensed physician, an advanced registered nurse practitioner licensed under chapter 18.79 RCW, or a physician assistant licensed under chapter 18.71A or 18.57A RCW:

(a) Cannot walk two hundred feet without stopping to rest;

(b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;

(c) Has such a severe disability, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;

(d) Uses portable oxygen;

(e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;

(f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association;

(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician, advanced registered nurse practitioner, or physician assistant of the applicant shall document that the disability is comparable in severity to the others listed in this subsection;

(h) Is legally blind and has limited mobility; or

(i) Is restricted by a form of porphyria to the extent that the applicant would significantly benefit from a decrease in exposure to light.

(2) The applications for parking permits for persons with disabilities and parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's, advanced registered nurse practitioner's, or physician assistant's signature and immediately below the applicant's signature: "A parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility or involves acute sensitivity to light (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to \$5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued to all persons who are issued parking placards, including those issued for temporary disabilities, and special parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the person with disabilities. Instead of regular motor vehicle license plates, persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the name of the person with disabilities. Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or

special license plates issued under this section or RCW 46.16.385 may park in places reserved for persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabalances that regularly transport persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person's physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its database of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(7) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a ~~((traffic))~~ parking infraction with a monetary penalty of ~~((two))~~ four hundred fifty dollars.

(8) It is a parking infraction, with a monetary penalty of ~~((two))~~ four hundred fifty dollars for a person to park in, block, or otherwise make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. The Clerk of the court shall report all violations related to this subsection to the department.

(9) It is a parking infraction, with a monetary penalty of ~~((two))~~ four hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for persons with physical disabilities without a placard or special license plate issued under this section or RCW 46.16.385. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this

section. A local jurisdiction providing nonmetered, on-street parking places reserved for persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(10) ~~((The penalties))~~ Two hundred dollars from each full penalty imposed under subsections (7), (8), and (9) of this section shall be deposited in the accessible communities account created in section 2 of this act. When a reduced penalty is imposed under subsections (7), (8), and (9) of this section, the amount deposited in the accessible communities account shall be reduced proportionally. The remaining penalty amounts shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(11) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(12)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(13) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves persons having disabilities or disabling diseases; or

(b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(14) The court may not suspend more than one-half of any fine imposed under subsection (7), (8), (9), or (11) of this section.

(15) For the purposes of this section, "legally blind" means a person who: (a) Has no vision or whose vision with corrective lenses is so limited that the individual requires alternative methods or skills to do efficiently those things that are ordinarily done with sight by individuals with normal vision; or (b) has an eye condition of a progressive nature which may lead to blindness.

Sec. 26. RCW 43.79A.040 and 2009 c 87 s 4 are each amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The Washington promise scholarship account, the college savings program account, the Washington advanced college tuition payment program account, the accessible communities account, the agricultural local fund, the American Indian scholarship endowment fund, the foster care scholarship endowment fund, the foster care endowed scholarship trust fund, the students with dependents grant account, the basic health plan self-insurance reserve account, the contract harvesting revolving account, the Washington state combined fund drive account, the commemorative works account, the Washington international exchange scholarship endowment fund, the toll collection account, the developmental disabilities endowment trust fund, the energy account, the fair fund, the family leave insurance account, the food animal veterinarian conditional scholarship account, the fruit and vegetable inspection account, the future teachers conditional scholarship account, the game farm alternative account, the GET ready for math and science scholarship account, the grain inspection revolving fund, the juvenile accountability incentive account, the law enforcement officers' and firefighters' plan 2 expense fund, the local tourism promotion account, the pilotage account, the produce railcar pool account, the regional transportation investment district account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility account, the self-insurance revolving fund, the sulfur dioxide abatement account, the children's trust fund, the Washington horse racing commission Washington bred owners' bonus fund and breeder awards account, the Washington horse racing commission class C purse fund account, the individual development account program account, the Washington horse racing commission operating account (earnings from the Washington horse racing commission operating account must be credited to the Washington horse racing commission class C purse fund account), the life sciences discovery fund, the Washington state heritage center account, the reduced cigarette ignition propensity account, and the reading achievement account. (1)(a) In its dispositional order, the court shall require the respondent to make restitution to any persons who have suffered loss or damage as a result of the offense committed by the respondent. In addition, restitution may be ordered for loss or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which, pursuant to a plea agreement, are not prosecuted.

(b) Restitution may include the costs of counseling reasonably related to the offense.

(c) The payment of restitution shall be in addition to any punishment which is imposed pursuant to the other provisions of this chapter.

(d) The court may determine the amount, terms, and conditions of the restitution including a payment plan extending up to ten years if the court determines that the respondent does not have the means to make full restitution over a shorter period. ~~((Restitution may include the costs of counseling reasonably related to the offense.))~~ For the purposes of this section, the respondent shall remain under the court's jurisdiction for a maximum term of ten years after the respondent's eighteenth birthday and, during this period, the restitution portion of the dispositional order may be modified as to amount, terms, and conditions at any time. If the court grants a respondent's petition pursuant to RCW 13.50.050(11), the court's jurisdiction under this subsection shall terminate.

(e) Nothing in this section shall prevent a respondent from petitioning the court pursuant to RCW 13.50.050(11) if the respondent has paid the full restitution amount stated in the court's order and has met the statutory criteria.

(f) If the respondent participated in the crime with another person or other persons, all such participants shall be jointly and severally responsible for the payment of restitution. ~~((For the purposes of this section, the respondent shall remain under the court's jurisdiction for a maximum term of ten years after the respondent's eighteenth birthday. Prior to the expiration of the ten-year period, the juvenile court may extend the judgment for the payment of restitution for an additional ten years.))~~

(g) At any time, the court may determine that the respondent is not required to pay, or may relieve the respondent of the requirement to pay, full or partial restitution to any insurance provider authorized under Title 48 RCW if the respondent reasonably satisfies the court that he or she does not have the means to make full or partial restitution to the insurance provider and could not reasonably acquire the means to pay the insurance provider the restitution over a ten-year period.

(2) Regardless of the provisions of subsection (1) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the

crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the disposition order for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(3) If an order includes restitution as one of the monetary assessments, the county Clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments.

(4) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated, incompetent, disabled, or deceased.

(5) A respondent under obligation to pay restitution may petition the court for modification of the restitution order."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 28. RCW 36.70A.110 and 2009 c 342 s 1 and 2009 c 121 s 1 are each reenacted and amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve. As part of this planning process, each city within the county must include areas sufficient to accommodate the broad range of needs and uses that will accompany the projected urban growth including, as appropriate, medical, governmental,

institutional, commercial, service, retail, and other nonresidential uses.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the ((appropriate)) growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or

potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009.

Sec. 29. RCW 36.70A.130 and 2009 c 479 s 23 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if

planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section or in accordance with the provisions of subsections (5) and (8) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW;

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget;

(iv) Until June 30, 2006, the designation of recreational lands under RCW 36.70A.1701. A county amending its comprehensive plan pursuant to this subsection (2)(a)(iv) may not do so more frequently than every eighteen months; and

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.031(2), provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with ((a)) the growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. Except

as provided in subsections (5) and (8) of this section, the schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) A county that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The county has a population of less than fifty thousand and has had its population increase by no more than seventeen percent in the ten years preceding the date established in the applicable schedule as of that date.

(c) A city that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The city has a population of no more than five thousand and has had its population increase by the greater of either no more than one hundred persons or no more than seventeen percent in the ten years preceding the date established in the applicable schedule as of that date.

(d) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities: (a) Complying with the schedules in this section; (b) demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas; or (c) complying with the extension provisions of subsection (5)(b) or (c) of this section may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW. A county or city that is fewer than twelve months out of compliance with the schedules in this

section for development regulations that protect critical areas is making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

(8) Except as provided in subsection (5)(b) and (c) of this section:

(a) Counties and cities required to satisfy the requirements of this section according to the schedule established by subsection (4)(b) through (d) of this section may comply with the requirements of this section for development regulations that protect critical areas one year after the dates established in subsection (4)(b) through (d) of this section;

(b) Counties and cities complying with the requirements of this section one year after the dates established in subsection (4)(b) through (d) of this section for development regulations that protect critical areas shall be deemed in compliance with the requirements of this section; and

(c) This subsection (8) applies only to the counties and cities specified in subsection (4)(b) through (d) of this section, and only to the requirements of this section for development regulations that protect critical areas that must be satisfied by December 1, 2005, December 1, 2006, and December 1, 2007.

(9) Notwithstanding subsection (8) of this section and the substantial progress provisions of subsections (7) and (10) of this section, only those counties and cities complying with the schedule in subsection (4) of this section, or the extension provisions of subsection (5)(b) or (c) of this section, may receive preferences for grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW.

(10) Until December 1, 2005, and notwithstanding subsection (7) of this section, a county or city subject to the time periods in subsection (4)(a) of this section demonstrating substantial progress towards compliance with the schedules in this section for its comprehensive land use plan and development regulations may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW. A county or city that is fewer than twelve months out of compliance with the schedules in this section for its comprehensive land use plan and development regulations is deemed to be making substantial progress towards compliance.

Sec. 30. RCW 36.70A.172 and 1995 c 347 s 105 are each amended to read as follows:

(1) In designating and protecting critical areas under this chapter, counties and cities shall include the best available science in developing policies and development regulations to protect the functions and values of critical areas. In addition, counties and cities shall give special consideration to conservation or protection measures necessary to preserve or enhance anadromous fisheries.

(2) If it determines that advice from scientific or other experts is necessary or will be of substantial assistance in reaching its decision, ((a)) the growth management hearings board may retain scientific or other expert advice to assist in reviewing a petition under RCW 36.70A.290 that involves critical areas.

Sec. 31. RCW 36.70A.250 and 1994 c 249 s 29 are each amended to read as follows:

((1)) There are hereby created three growth management hearings boards for the state of Washington. The boards shall be established as follows:

(b) A Central Puget Sound board with jurisdictional boundaries including King, Pierce, Snohomish, and Kitsap counties; and

(c) A Western Washington board with jurisdictional boundaries including all counties that are required or choose to plan under RCW 36.70A.040 and are located west of the crest of the Cascade

At least three members of the board shall be admitted to practice law in this state, one each residing respectively in the Central Puget Sound, Eastern Washington, and Western Washington regions. At least three members of the board shall have been a city or county elected official, one each residing respectively in the Central Puget Sound, Eastern Washington, and Western Washington regions. No more than two members at the time of their appointment or during their term may reside in the same county.

(2) Each member of the board shall be appointed for a term of six years. A vacancy shall be filled by appointment by the governor for the unexpired portion of the term in which the vacancy occurs. Members of the previously existing three growth management hearings boards appointed before the effective date of this section shall complete their staggered, six-year terms as members of the growth management hearings board created under subsection (1) of this section. The reduction from nine board members on the previously existing three growth management hearings boards to seven total members on the growth management hearings board shall be made through attrition, voluntary resignation, or retirement.

Sec. 32. RCW 36.70A.260 and 1994 c 249 s 30 are each amended to read as follows:

~~((1) Each growth management hearings board shall consist of three members qualified by experience or training in matters pertaining to land use planning and residing within the jurisdictional boundaries of the applicable board. Skamania county, if it is required or chooses to plan under RCW 36.70A.040, may elect to be included within either the Western Washington Region or the Eastern Washington Region.

(2)(a) Each regional panel selected to hear and decide cases shall consist of three board members, at least a majority of whom shall reside within the region in which the case arose, unless such members cannot sit on a particular case because of recusal or disqualification, or unless the board administrative officer determines that there is an emergency including, but not limited to, the unavailability of a board member due to illness, absence, vacancy, or significant workload imbalance. The presiding officer of each case shall reside within the region in which the case arose, unless the board administrative officer determines that there is an emergency.

(b) Except as provided otherwise in this subsection (2)(b), each regional panel must: (i) Include one member admitted to practice law in this state; (ii) include one member who has been a city or county elected official; and (iii) reflect the political composition of the board. ~~(Each))~~ The growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of ~~((a))~~ the board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. ~~((If it is determined that the review boards shall operate on a full-time basis,))~~ Each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. ((If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member.)) The boards shall operate on either a part-time or full-time basis, as determined by the governor))~~ in Olympia.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of ~~((each))~~ the board shall constitute a quorum for ~~((making orders or decisions,))~~ adopting rules necessary for the conduct of its powers and duties~~((s))~~ or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The board((s)) shall specify in ~~((their joint))~~ its rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by ~~((a))~~ the board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) ~~((Each))~~ The board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the ~~((board))~~ regional panel deciding the particular case and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the board~~((s))~~.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The ~~((joint))~~ rules of practice of the board~~((s))~~ shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) ~~((The))~~ All members of the board~~((s))~~ shall meet ~~((jointly))~~ on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

(10) The board shall annually elect one of its members to be the board administrative officer. The duties and responsibilities of the administrative officer include handling day-to-day administrative, budget, and personnel matters on behalf of the board, together with making case assignments to board members in accordance with the board's rules of procedure in order to achieve a fair and balanced workload among all board members. The administrative officer of the board may carry a reduced caseload to allow time for performing the administrative work functions.

Sec. 34. RCW 36.70A.280 and 2008 c 289 s 5 are each amended to read as follows:

(1) ~~((A))~~ The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW. Nothing in this subsection authorizes ~~((a))~~ the board to hear petitions alleging noncompliance with RCW 36.70A.5801; or

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, ~~((a))~~ the board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by ~~((a))~~ the board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by ~~((a))~~ the board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as ~~((a))~~ the "board adjusted population projection." None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

Sec. 35. RCW 36.70A.290 and 1997 c 429 s 12 are each amended to read as follows:

(1) All requests for review to ~~((a))~~ the growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board. The board shall render written decisions articulating the basis for its holdings. The board shall not issue advisory opinions on issues not presented to the board in the statement of issues, as modified by any prehearing order.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city.

(a) Except as provided in (c) of this subsection, the date of publication for a city shall be the date the city publishes the ordinance, or summary of the ordinance, adopting the comprehensive plan or development regulations, or amendment thereto, as is required to be published.

(b) Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

Except as provided in (c) of this subsection, for purposes of this section the date of publication for a county shall be the date the county publishes the notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

(c) For local governments planning under RCW 36.70A.040, promptly after approval or disapproval of a local government's shoreline master program or amendment thereto by the department of ecology as provided in RCW 90.58.090, the local government shall publish a notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology. For purposes of this section, the date of publication for the adoption or amendment of a shoreline master program is the date the

local government publishes notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology.

(3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, or the parties have filed an agreement to have the case heard in superior court as provided in RCW 36.70A.295, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city, county, or the state and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(5) The board, shall consolidate, when appropriate, all petitions involving the review of the same comprehensive plan or the same development regulation or regulations.

Sec. 36. RCW 36.70A.295 and 1997 c 429 s 13 are each amended to read as follows:

(1) The superior court may directly review a petition for review filed under RCW 36.70A.290 if all parties to the proceeding before the board have agreed to direct review in the superior court. The agreement of the parties shall be in writing and signed by all of the parties to the proceeding or their designated representatives. The agreement shall include the parties' agreement to proper venue as provided in RCW 36.70A.300(5). The parties shall file their agreement with the board within ten days after the date the petition is filed, or if multiple petitions have been filed and the board has consolidated the petitions pursuant to RCW 36.70A.300, within ten days after the board serves its order of consolidation.

(2) Within ten days of receiving the timely and complete agreement of the parties, the board shall file a certificate of agreement with the designated superior court and shall serve the parties with copies of the certificate. The superior court shall obtain exclusive jurisdiction over a petition when it receives the certificate of agreement. With the certificate of agreement the board shall also file the petition for review, any orders entered by the board, all other documents in the board's files regarding the action, and the written agreement of the parties.

(3) For purposes of a petition that is subject to direct review, the superior court's subject matter jurisdiction shall be equivalent to that of the board. Consistent with the requirements of the superior court civil rules, the superior court may consolidate a petition subject to direct review under this section with a separate action filed in the superior court.

(4)(a) Except as otherwise provided in (b) and (c) of this subsection, the provisions of RCW 36.70A.280 through 36.70A.330, which specify the nature and extent of board review, shall apply to the superior court's review.

(b) The superior court:

(i) Shall not have jurisdiction to directly review or modify an office of financial management population projection;

(ii) Except as otherwise provided in RCW 36.70A.300(2)(b), shall render its decision on the petition within one hundred eighty days of receiving the certification of agreement; and

(iii) Shall give a compliance hearing under RCW 36.70A.330(2) the highest priority of all civil matters before the court.

(c) An aggrieved party may secure appellate review of a final judgment of the superior court under this section by the supreme court or the court of appeals. The review shall be secured in the manner provided by law for review of superior court decisions in other civil cases.

(5) If, following a compliance hearing, the court finds that the state agency, county, or city is not in compliance with the court's prior order, the court may use its remedial and contempt powers to enforce compliance.

(6) The superior court shall transmit a copy of its decision and order on direct review to the board, the department, and the governor. If the court has determined that a county or city is not in compliance with the provisions of this chapter, the governor may impose sanctions against the county or city in the same manner as if ((a)) the board had recommended the imposition of sanctions as provided in RCW 36.70A.330.

(7) After the court has assumed jurisdiction over a petition for review under this section, the superior court civil rules shall govern a request for intervention and all other procedural matters not specifically provided for in this section.

Sec. 37. RCW 36.70A.302 and 1997 c 429 s 16 are each amended to read as follows:

(1) ((A)) The board may determine that part or all of a comprehensive plan or development regulations are invalid if the board:

(a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;

(b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt of the board's order by the city or county. The determination of invalidity does not apply to a completed development permit application for a project that vested under state or local law before receipt of the board's order by the county or city or to related construction permits for that project.

(3)(a) Except as otherwise provided in subsection (2) of this section and (b) of this subsection, a development permit application not vested under state or local law before receipt of the board's order by the county or city vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.

(b) Even though the application is not vested under state or local law before receipt by the county or city of the board's order, a determination of invalidity does not apply to a development permit application for:

(i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board's order, except as otherwise specifically provided in the board's order to protect the public health and safety;

(ii) A building permit and related construction permits for remodeling, tenant improvements, or expansion of an existing structure on a lot existing before receipt of the board's order by the county or city; and

(iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt of the board's order by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other

measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.

(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

Sec. 38. RCW 36.70A.310 and 1994 c 249 s 32 are each amended to read as follows:

A request for review by the state to ((a)) the growth management hearings board may be made only by the governor, or with the governor's consent the head of an agency, or by the commissioner of public lands as relating to state trust lands, for the review of whether: (1) A county or city that is required or chooses to plan under RCW 36.70A.040 has failed to adopt a comprehensive plan or development regulations, or county-wide planning policies within the time limits established by this chapter; or (2) a county or city that is required or chooses to plan under this chapter has adopted a comprehensive plan, development regulations, or county-wide planning policies, that are not in compliance with the requirements of this chapter.

Sec. 39. RCW 36.70A.3201 and 1997 c 429 s 2 are each amended to read as follows:

((In amending RCW 36.70A.320(3) by section 20(3), chapter 429, Laws of 1997.)) The legislature intends that the board((s apply)) applies a more deferential standard of review to actions of counties and cities than the preponderance of the evidence standard provided for under existing law. In recognition of the broad range of discretion that may be exercised by counties and cities consistent with the requirements of this chapter, the legislature intends for the board((s)) to grant deference to counties and cities in how they plan for growth, consistent with the requirements and goals of this chapter. Local comprehensive plans and development regulations require counties and cities to balance priorities and options for action in full consideration of local circumstances. The legislature finds that while this chapter requires local planning to take place within a framework of state goals and requirements, the ultimate burden and responsibility for planning, harmonizing the planning goals of this chapter, and implementing a county's or city's future rests with that community.

Sec. 40. RCW 36.70A.345 and 1994 c 249 s 33 are each amended to read as follows:

The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands

by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of a sanction or sanctions under this section shall be preceded by written findings by the governor, that either the county or city is not proceeding in good faith to meet the requirements of the act; or that the county or city has unreasonably delayed taking the required action. The governor shall consult with and communicate his or her findings to the ((appropriate)) growth management hearings board prior to imposing the sanction or sanctions. For those counties or cities that are not required to plan or have not opted in, the governor in imposing sanctions shall consider the size of the jurisdiction relative to the requirements of this chapter and the degree of technical and financial assistance provided.

Sec. 41. RCW 90.58.190 and 2003 c 321 s 4 are each amended to read as follows:

(1) The appeal of the department's decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(5) is governed by RCW 34.05.510 through 34.05.598.

(2)(a) The department's decision to approve, reject, or modify a proposed master program or amendment adopted by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board ((with jurisdiction over the local government)). The appeal shall be initiated by filing a petition as provided in RCW 36.70A.250 through 36.70A.320.

(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter, the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of ((a)) the growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

(3)(a) The department's decision to approve, reject, or modify a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date of the department's written notice to the local government of the department's decision to approve, reject, or modify a proposed master program or master program amendment as provided in RCW 90.58.090(2).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program amendment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government's master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act. The aggrieved local government shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program amendment, provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program amendment.

Sec. 42. RCW 34.05.518 and 2003 c 393 s 16 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43.21L RCW, be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;

(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;

(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and

(d) The appellate court's determination in the proceeding would have significant precedential value.

Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and the growth management hearings board(s) as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

(i) Fundamental and urgent statewide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43.21L RCW.

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with

the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.

Sec. 43. RCW 34.12.020 and 2002 c 354 s 226 are each amended to read as follows:

(3) All funds, credits, or other assets held by the three growth management hearings boards must, on the effective date of this section, be transferred to the growth management hearings board. Any appropriations made to the three growth management hearings boards must, on the effective date of this section, be transferred and credited to the growth management hearings board. If any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(4) All employees of the three growth management hearings boards are transferred to the growth management hearings board. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the growth management hearings board to perform their usual duties upon the same terms as formerly, without

ESB 6240 Prime Sponsor, Senator Keiser: Regulating joint underwriting associations. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 46. Availability of insurance for loss arising from flooding in the geographical area protected by any dam is vital to the economy of the state of Washington. If adequate property insurance for loss arising from this flood is not available, the security of citizens' property and the viability of business operations and services are threatened. This chapter gives the commissioner authority to ensure continued availability of excess insurance to insure property at risk from, and business that is interrupted by, flood arising from the failure of a dam or from efforts to prevent the failure of a dam. The commissioner may establish a temporary joint underwriting association for excess flood insurance to insure property at risk from, and business that is interrupted by, flood arising from the failure of a dam or from efforts to prevent the failure of a dam if:

(1) Excess flood insurance of a particular class or type is not available from the voluntary market; or

(2) There are so few insurers selling excess flood insurance that a competitive market does not exist.

The commissioner may use appropriated funds as needed to establish and supervise the association.

NEW SECTION. Sec. 47. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Association" means a nonprofit underwriting association established under this chapter.

(2) "Board" means the governing board of the association.

(3) "Casualty insurance" has the same meaning as "general casualty insurance" in RCW 48.11.070. "Casualty insurance" does not include any type of:

(a) Workers' compensation insurance;

(b) Employers' liability insurance;

(c) Nuclear liability insurance;

(d) Surety insurance; or

(e) Personal insurance.

(4) "Dam" means any United States army corps of engineers dam located in a county with a population that exceeds one million.

(5) "Excess flood insurance" means insurance against loss, including business interruption, arising from flood that is in excess of the limit of liability insurance offered by the national flood insurance program. Excess flood insurance does not include coverage for personal insurance.

(6) "Person" means a natural person, association, partnership, or corporation.

(7) "Personal insurance" means:

(a) Private passenger automobile coverage;

(b) Homeowner's coverage, including mobile homeowners, manufactured homeowners, condominium owners, and renter's coverage;

(c) Dwelling property coverage;

(d) Earthquake coverage for a residence or personal property;

(e) Personal liability and theft coverage;

(f) Personal inland marine coverage; and

(g) Mechanical breakdown coverage for personal auto or home appliances.

(8) "Property insurance" has the same meaning as in RCW 48.11.040 and does not include personal insurance or surety insurance.

NEW SECTION. Sec. 48. (1) The commissioner may create an association to provide excess flood insurance to insure property at risk from, and business that is interrupted by, flood arising from the failure of a dam or from efforts to prevent the failure of a dam if the requirements of this section are met.

(2) The commissioner must hold a hearing under chapters 48.04 and 34.05 RCW before forming an association.

(3) An association may not begin underwriting operations for excess flood or business interruption insurance until the commissioner finds that:

(a) If a market assistance plan formed under section 15 of this act finds that there are fewer than four admitted or surplus lines insurers offering excess flood insurance, exclusive of personal insurance, then the market assistance plan is inadequate to insure property at risk from, and business that is interrupted by, flood arising from the failure of a dam or from efforts to prevent the failure of a dam;

(b) Persons cannot buy excess flood insurance through the voluntary market; or

(c) There are so few insurers selling excess flood insurance that a competitive market does not exist.

(4) At a hearing to appeal the commissioner's finding that excess flood insurance is unavailable through the voluntary market or that a competitive market does not exist, the finding that four or more admitted or surplus lines insurers are offering excess flood insurance, exclusive of personal insurance, is prima facie evidence that a competitive market does exist. A decision of the commissioner, finding that excess flood insurance is unavailable through the market assistance plan, voluntary market, or that a competitive market does not exist, may be appealed under chapters 48.04 and 34.05 RCW.

NEW SECTION. Sec. 49. (1) The association may offer policies only as follows:

(a) The coverage of any one policy may not exceed five million dollars; and

(b) The total amount of all coverage offered by the association may never exceed two hundred fifty million dollars.

(2) The board, jointly with the commissioner, shall apportion policies within these limitations on an equitable basis.

NEW SECTION. Sec. 50. (1) If an association is formed, a person that is unable to obtain excess flood or business interruption insurance because it is unavailable in the voluntary market or because the market is not competitive is eligible to apply to an association for insurance.

(2) The association may decline to insure particular persons that present an extraordinary risk because of the nature of their operations, property condition, past claims experience, or inadequate risk management. However, the location of a property for which insurance is sought from the association must not, in and of itself, constitute an extraordinary risk.

(3) Any decision to decline coverage must be sent to the applicant and include:

- (a) A statement of the actual reason for declination; and
- (b) A statement that the applicant may appeal the decision to the commissioner.

(4) If the commissioner finds that the decision to decline coverage is not supported by the criteria in this section, the commissioner may require the association to provide coverage.

(5) A decision of the commissioner to provide or to decline to provide coverage under this may be appealed under chapters 48.04 and 34.05 RCW.

NEW SECTION. Sec. 51. (1) The association is composed of all insurers that have a certificate of authority to write either casualty or property insurance, or both, in this state. Every property or casualty insurer, or both, must be a member of the association as a condition of its authority to continue to transact business in this state.

(2) The association has the general powers and limitations of a nonprofit corporation under chapter 24.03 RCW and of an insurance company under Title 48 RCW, as needed to transact its business.

(3) To the extent consistent with this chapter, the association and its member insurers are "persons" under chapter 48.30 RCW.

NEW SECTION. Sec. 52. (1) A governing board shall administer the association.

(2) The board and the commissioner shall work cooperatively to achieve the objectives of this chapter.

(3) The board may select and employ one or more persons to manage the operations of an association. Every managing person must be authorized to transact insurance in the state of Washington and have demonstrated expertise in excess flood insurance. The board may employ any advisors that the board deems necessary.

(4) The board must consist of seven persons appointed as set forth in this subsection.

(a) Three board members must be member insurers appointed by each of the following three trade associations: Property casualty insurers association of America, American insurance association, and national association of mutual insurance companies. At least one of the three insurers on the board must be a domestic insurer.

(b) Four board members must be residents of the state. One is appointed by the insurance commissioner. One is appointed by the King county council. One is appointed by the association of Washington cities, to represent one or more of the following municipal governments: Auburn, Kent, Renton, or Tukwila. One is appointed by the board of directors of the center for advanced manufacturing Puget Sound. None of the resident-appointees may be employed by, serve on the board of directors of, or have a substantial ownership interest in any insurer.

(c) Original board members must be appointed to serve an initial term of three years and may be appointed for a second term. Board members may serve consecutive terms. Successor board members must be appointed as soon as possible subject to (a) and (b) of this subsection.

(5) The commissioner shall notify the members of the board if he or she has information that any board member is dishonest, reckless,

or incompetent or is failing to perform any duty of his or her office, and the board shall meet immediately to consider the matter. The commissioner must receive notice of the time and place of this meeting. If the board finds by a majority of the board members, with the accused board member not voting on this matter, that the commissioner's objection is well-founded, the accused board member shall be removed immediately. The successor of a board member removed under this section must be appointed as soon as possible subject to subsection (4) of this section.

(6) All members of the board shall conduct the business of the association in a manner that is in the interest of all policyholders of the association. Board members stand in a fiduciary relationship to the association and must discharge their duties in good faith and with that diligence, care, and skill that ordinary, prudent persons would exercise under similar circumstances in a like position.

(7) Each person serving on the board or any subcommittee thereof, each member insurer of the association, and each officer and employee of the association must be indemnified by the association against all costs and expenses actually and necessarily incurred by him, her, or it in connection with the defense of any action, suit, or proceeding in which he, she, or it is made a party by reason of his, her, or its being or having been a member of the board, or a member or officer or employee of the association, except in relation to matters as to which he, she, or it has been judged in such action, suit, or proceeding to be liable by reason of willful misconduct in the performance of his, her, or its duties as a member of the board, or member, officer, or employee of the association. This indemnification is not exclusive of other rights as to which the member, officer, or employee may be entitled as a matter of law.

(8) Board members may not receive any compensation, but may be reimbursed for all travel expenses as provided in RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 53. (1) The board must adopt a plan of operation within thirty days of its appointment.

(2) The plan of operation may take effect only after it has been reviewed by the commissioner. Any changes recommended by the commissioner must be either approved by a majority of the members of the board or a written statement of the board's reasons for rejection of any provision provided to the commissioner. The commissioner may continue to consult with the board to arrive at a plan of operation that is approved by both the commissioner and the board, or the commissioner may accept the plan of operation of the board. This process must conclude with a plan of operation accepted by the board within thirty days of the first board appointed under this act.

(a) The plan of operation may be amended by agreement of a majority of the members of the board and the commissioner.

(b) The association must use rates that are demonstrably sound as compared to accepted actuarial standards. At the time of filing with the commissioner, the rates must be accompanied by an actuarial analysis. The rates must comply with chapter 48.19 RCW and be approved by the commissioner.

NEW SECTION. Sec. 54. The association must file a statement annually with the commissioner that contains information about the association's transactions, financial condition, and operations during the preceding year. The statement must be in the form and in a manner approved by the commissioner. The association must maintain its records according to the accounting practices and procedures manual adopted by the national association of insurance commissioners. The commissioner may require the association to furnish additional information if the commissioner considers it necessary to evaluate the scope, operation, and experience of the association.

NEW SECTION. Sec. 55. (1) The commissioner may examine the transactions, financial condition, and operations of the association when the commissioner finds it necessary in order to carry out the purposes of this chapter. Except as set forth in subsections (2) and (3)

of this section, each examination must be conducted in the manner prescribed for domestic insurance companies in chapter 48.03 or 48.37 RCW.

(2) The commissioner is not required to examine any association on a prescribed cycle or schedule.

(3) An association created under this chapter is responsible for the total costs of its financial and market conduct examinations. RCW 48.03.060 (1) and (2) and 48.37.060(14) (a) and (b) are not applicable to the examination of an association created under this chapter.

NEW SECTION. Sec. 56. (1) The association is not a member of the guaranty fund created under chapter 48.32 RCW. The guaranty fund, this state, and any political subdivisions are not responsible for losses sustained by the association.

(2) The association is exempt from payment of all fees and all taxes levied by the state or any of its subdivisions, except taxes levied on real or personal property.

NEW SECTION. Sec. 57. (1) The association is funded by premiums paid by persons insured by the association.

(a) All premiums for the association must be deposited into a fund or funds under management of the board.

(b) Premiums must be used to pay claims, administrative costs, and other expenses of the association.

(2) The association may assess its members to pay past and future financial obligations of the association, not funded by premiums. Each member insurer must be assessed a proportionate share based on the sum of direct premiums earned in this state for all property insurance and casualty insurance.

(3) If the association makes an assessment, an assessed insurer must pay the association within thirty days after it receives notice of the assessment. If an insurer does not pay an assessment within thirty days after it receives notice of the assessment:

(a) The assessment accrues interest at the maximum legal rate until it is paid in full. The interest is paid to the association;

(b) The association may collect the assessment in a civil action and must be awarded its attorneys' fees if it prevails;

(c) The commissioner may suspend, revoke, or refuse to renew an insurer's certificate of authority; and

(d) The commissioner may fine the insurer up to ten thousand dollars.

(4) This section may be enforced under RCW 48.02.080.

NEW SECTION. Sec. 58. (1) The association may operate for a period of five years. At the end of the five-year period, the association must be dissolved unless the legislature authorizes its continued operation.

(2) If, at any time, the commissioner or the board of directors holds a hearing under chapters 48.04 and 34.05 RCW and determines that excess flood and business interruption insurance is available through a market assistance plan, in the voluntary market, or that a competitive market exists, the commissioner must order the association to end its underwriting operations.

(3) If the commissioner or the board of directors orders the association to end all underwriting operations, the commissioner must supervise the dissolution of the association, including settlement of all financial and legal obligations and distribution of any remaining assets as follows:

(a) If there has been an assessment on the members of the association, and after all creditors of the association are paid in full, then to the member insurers in a proportional manner and as determined by rule by the commissioner; or

(b) If there has not been an assessment on the members of the association, or if there are funds remaining after distribution under (a) of this subsection and after all creditors of the association are paid in full, then to the policyholders in a proportional manner and as determined by rule by the commissioner.

NEW SECTION. Sec. 59. The commissioner may adopt all rules needed to implement and administer this chapter and to ensure

the efficient operation of the association, including but not limited to rules:

(1) Creating sample plans of operation for the assistance of the board;

(2) Requiring or limiting certain policy provisions;

(3) Containing the basis and method for assessing members for operation of the association; and

(4) Establishing the order in which the assets of the association that is dissolved by the commissioner must be distributed.

NEW SECTION. Sec. 60. (1) The commissioner must by rule require insurers authorized to write property insurance in this state to form a market assistance plan to assist persons located in the geographical area protected by any dam that are unable to purchase excess flood or business interruption insurance in an adequate amount from either the admitted or nonadmitted market.

(2) For the purpose of this section, a market assistance plan means a voluntary mechanism by insurers writing property insurance in this state in either the admitted or nonadmitted market to provide excess flood or business interruption insurance for a class of insurance as designated in writing to the plan by the commissioner.

(3) The bylaws and method of operation of any market assistance plan must be approved by the commissioner prior to its operation.

(4) A market assistance plan must have a minimum of twenty-five insurers willing to insure risks within the class designated by the commissioner. If twenty-five insurers do not voluntarily agree to participate, the commissioner may require either property or property and casualty, or both, insurers to participate in a market assistance plan as a condition of continuing to do business in this state. The commissioner must make this requirement to fulfill the quota of at least twenty-five insurers. The commissioner must make his or her designation on the basis of the insurer's premium volume of property insurance in this state.

NEW SECTION. Sec. 61. The board and the commissioner shall report to the respective committees of the house of representatives and senate having jurisdiction over the insurance code by January 31, 2011, and each subsequent January 31st of each year that the association remains in existence.

Sec. 62. RCW 48.15.040 and 1983 1st ex.s. c 32 s 4 are each amended to read as follows:

If certain insurance coverages cannot be procured from authorized insurers, such coverages, hereinafter designated as "surplus lines," may be procured from unauthorized insurers subject to the following conditions:

(1) The insurance must be procured through a licensed surplus line broker.

(2) The insurance must not be procurable, after diligent effort has been made to do so from among a majority of the insurers authorized to transact that kind of insurance in this state.

(3) Coverage shall not be procured from an unauthorized insurer for the purpose of securing a lower premium rate than would be accepted by any authorized insurer nor to secure any other competitive advantage.

(4) The commissioner may by regulation establish the degree of effort required to comply with subsections (2) and (3) of this section.

(5) At the time of the procuring of any such insurance an affidavit setting forth the facts referred to in subsections (2) and (3) of this section must be executed by the surplus line broker. Such affidavit shall be filed with the commissioner within thirty days after the insurance is procured.

(6) For purposes of chapter 48.-- RCW (the new chapter created in section 18 of this act), a joint underwriting association established or authorized by the legislature is not an authorized insurer.

NEW SECTION. Sec. 63. Sections 1 through 16 of this act constitute a new chapter in Title 48 RCW.

NEW SECTION. Sec. 64. This act is necessary for the immediate preservation of the public peace, health, or safety, or

support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 65. This act expires December 31, 2016."

NEW SECTION. Sec. 67. A new section is added to chapter 59.18 RCW to read as follows:

(1) Local municipalities may require that landlords provide a certificate of inspection as a business license condition. A local municipality does not need to have a business license or registration program in order to require that landlords provide a certificate of inspection. A certificate of inspection does not preclude or limit inspections conducted pursuant to the tenant remedy as provided for in RCW 59.18.115, at the request or consent of the tenant, or pursuant to a warrant.

(2) A qualified inspector who is conducting an inspection under this section may only investigate a rental property as needed to provide a certificate of inspection.

(3) A local municipality may only require a certificate of inspection on a rental property once every three years.

(4)(a) A rental property that has received a certificate of occupancy within the last four years and has had no code violations reported on the property during that period is exempt from inspection under this section.

(b) A rental property inspected by a government agency or other qualified inspector within the previous twenty-four months may provide proof of that inspection which the local municipality may accept in lieu of a certificate of inspection. If any additional inspections of the rental property are conducted, a copy of the findings of these inspections may also be required by the local municipality.

(5) A rental property owner may choose to inspect one hundred percent of the units on the rental property and provide only the certificate of inspection for all units to the local municipality. However, if a rental property owner chooses to inspect only a sampling of the units, the owner must send written notice of the inspection to all units at the property. The notice must advise tenants that some of the units at the property will be inspected and that the tenants whose units need repairs or maintenance should send written notification to the landlord as provided in RCW 59.18.070. The notice must also advise tenants that if the landlord fails to adequately respond to the request for repairs or maintenance, the tenants may contact local municipality officials. A copy of the notice must be provided to the inspector upon request on the day of inspection.

(6)(a) If a rental property has twenty or fewer dwelling units, no more than four dwelling units at the rental property may be selected by the local municipality to provide a certificate of inspection as long as the initial inspection reveals that no conditions exist that endanger or impair the health or safety of a tenant.

(b) If a rental property has twenty-one or more units, no more than twenty percent of the units, rounded up to the next whole number, on the rental property, and up to a maximum of fifty units at any one property, may be selected by the local municipality to provide a certificate of inspection as long as the initial inspection reveals that no conditions exist that endanger or impair the health or safety of a tenant.

(c) If a rental property is asked to provide a certificate of inspection for a sample of units on the property and a selected unit fails the initial inspection, the local municipality may require up to one hundred percent of the units on the rental property to provide a certificate of inspection.

(d) If a rental property has had conditions that endanger or impair the health or safety of a tenant reported since the last required inspection, the local municipality may require one hundred percent of the units on the rental property to provide a certificate of inspection.

(e) If a rental property owner chooses to hire a qualified inspector other than a municipal housing code enforcement officer, and a selected unit of the rental property fails the initial inspection, both the results of the initial inspection and any certificate of inspection must be provided to the local municipality.

(7)(a) The landlord shall provide written notification of his or her intent to enter an individual unit for the purposes of providing a local municipality with a certificate of inspection in accordance with RCW 59.18.150(6). The written notice must indicate the date and approximate time of the inspection and the company or person performing the inspection, and that the tenant has the right to see the inspector's identification before the inspector enters the individual unit. A copy of this notice must be provided to the inspector upon request on the day of inspection.

(b) A tenant who continues to deny access to his or her unit is subject to RCW 59.18.150(8).

(8) If a rental property owner does not agree with the findings of an inspection performed by a local municipality under this section, the local municipality shall offer an appeals process.

(9) A penalty for noncompliance under this section may be assessed by a local municipality. A local municipality may also notify the landlord that until a certificate of inspection is provided, it is unlawful to rent or to allow a tenant to continue to occupy the dwelling unit.

(10) Any person who knowingly submits or assists in the submission of a falsified certificate of inspection, or knowingly submits falsified information upon which a certificate of inspection is issued, is, in addition to the penalties provided for in subsection (9) of this section, guilty of a gross misdemeanor and must be punished by a fine of not more than five thousand dollars.

(11) As of the effective date of this section, a local municipality may not enact an ordinance requiring a certificate of inspection unless the ordinance complies with this section. This prohibition does not preclude any amendments made to ordinances adopted before the effective date of this section.

Sec. 68. RCW 59.18.150 and 2002 c 263 s 1 are each amended to read as follows:

(1) The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, alterations, or improvements, supply necessary or agreed services, or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workers, or contractors.

(2) Upon written notice of intent to seek a search warrant, when a tenant or landlord denies a fire official the right to search a dwelling unit, a fire official may immediately seek a search warrant and, upon a showing of probable cause specific to the dwelling unit sought to be searched that criminal fire code violations exist in the dwelling unit, a court of competent jurisdiction shall issue a warrant allowing a search of the dwelling unit.

Upon written notice of intent to seek a search warrant, when a landlord denies a fire official the right to search the common areas of the rental building other than the dwelling unit, a fire official may immediately seek a search warrant and, upon a showing of probable cause specific to the common area sought to be searched that a criminal fire code violation exists in those areas, a court of competent jurisdiction shall issue a warrant allowing a search of the common areas in which the violation is alleged.

The superior court and courts of limited jurisdiction organized under Titles 3, 35, and 35A RCW have jurisdiction to issue such search warrants. Evidence obtained pursuant to any such search may be used in a civil or administrative enforcement action.

(3) As used in this section:

(a) "Common areas" means a common area or those areas that contain electrical, plumbing, and mechanical equipment and facilities used for the operation of the rental building.

(b) "Fire official" means any fire official authorized to enforce the state or local fire code.

(4)(a) A search warrant may be issued by a judge of a superior court or a court of limited jurisdiction under Titles 3, 35, and 35A RCW to a code enforcement official of the state or of any county, city, or other political subdivision for the purpose of allowing the inspection of any specified dwelling unit and premises to determine the presence of an unsafe building condition or a violation of any building regulation, statute, or ordinance.

(b) A search warrant must only be issued upon application of a designated officer or employee of a county or city prosecuting or regulatory authority supported by an affidavit or declaration made under oath or upon sworn testimony before the judge, establishing probable cause that a violation of a state or local law, regulation, or ordinance regarding rental housing exists and endangers the health or safety of the tenant or adjoining neighbors. In addition, the affidavit must contain a statement that consent to inspect has been sought from the owner and the tenant but could not be obtained because the owner or the tenant either refused or failed to respond within five days, or a statement setting forth facts or circumstances reasonably justifying the failure to seek such consent. A landlord may not take or threaten to take reprisals or retaliatory action as defined in RCW 59.18.240 against a tenant who gives consent to a code enforcement official of the state or of any county, city, or other political subdivision to inspect his or her dwelling unit to determine the presence of an unsafe building condition or a violation of any building regulation, statute, or ordinance.

(c) In determining probable cause, the judge is not limited to evidence of specific knowledge, but may also consider any of the following:

- (i) The age and general condition of the premises;
- (ii) Previous violations or hazards found present in the premises;
- (iii) The type of premises;
- (iv) The purposes for which the premises are used; or

The judge shall also allow the owner and any tenant who appears during consideration of the application for the warrant to defend against or in support of the issuance of the warrant.

The inspection warrant must be executed and returned to the judge by whom it was issued within the time specified in the warrant or within the extended or renewed time. After the expiration of the time specified in the warrant, the warrant, unless executed, is void.

(g) An inspection pursuant to a warrant must not be made:

(i) Between 7:00 p.m. of any day and 8:00 a.m. of the succeeding day, on Saturday or Sunday, or on any legal holiday, unless the owner

(ii) Without the presence of an owner or occupant over the age of eighteen years or a person designated by the owner or occupant unless specifically authorized by a judge upon a showing that the authority is reasonably necessary to effectuate the purpose of the search warrant; or

(iii) By means of forcible entry, except that a judge may expressly authorize a forcible entry when:

(A) Facts are shown that are sufficient to create a reasonable suspicion of a violation of a state or local law or rule relating to municipal or county building, fire, safety, environmental, animal control, land use, plumbing, electrical, health, minimum housing, or zoning standards that, if the violation existed, would be an immediate threat to the health or safety of the tenant; or

(h) Immediate execution of a warrant is prohibited, except when necessary to prevent loss of life or property.

(i) Any person who willfully refuses to permit inspection, obstructs inspection, or aids in the obstruction of an inspection of property authorized by warrant issued pursuant to this section is subject to remedial and punitive sanctions for contempt of court under chapter 7.21 RCW. Such conduct may also be subject to a civil penalty imposed by local ordinance that takes into consideration the facts and circumstances and the severity of the violation.

(5) The landlord may enter the dwelling unit without consent of the tenant in case of emergency or abandonment.

The tenant shall not unreasonably withhold consent to the landlord to enter the dwelling unit at a specified time where the landlord has given at least one day's notice of intent to enter to exhibit the dwelling unit to prospective or actual purchasers or tenants. A landlord shall not unreasonably interfere with a tenant's enjoyment of the rented dwelling unit by excessively exhibiting the dwelling unit.

The prevailing landlord or tenant may recover costs of the suit or arbitration under this section, and may also recover reasonable attorneys' fees.

~~((8))~~ (9) Nothing in this section is intended to (a) abrogate or modify in any way any common law right or privilege or (b) affect the common law as it relates to a local municipality's right of entry under emergency or exigent circumstances.

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and ~~((7))~~ (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor

shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Except as provided in RCW 13.40.213 and subsection (7) of this section, where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.411(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment, or a class C felony that is a violation of RCW 9.41.080 or 9.41.040(2)(a)(iii); or

(b) An alleged offender is accused of a felony and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or

(c) An alleged offender has previously been committed to the department; or

(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

(e) An alleged offender has two or more diversion agreements on the alleged offender's criminal history; or

(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and ~~((7))~~ (8) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient to charge an alleged offender with either prostitution or prostitution loitering and the alleged offense is the offender's first prostitution or prostitution loitering offense, the prosecutor shall divert the case.

~~((8))~~ (8) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

~~((9))~~ (9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

~~((9))~~ (10) The responsibilities of the prosecutor under subsections (1) through ~~((8))~~ (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

~~((10))~~ (11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

Sec. 73. RCW 13.40.213 and 2009 c 252 s 2 are each amended to read as follows:

(1) When a juvenile is alleged to have committed the offenses of prostitution or prostitution loitering, and the allegation, if proved, would not be the juvenile's first offense, a prosecutor may divert the offense if the county in which the offense is alleged to have been committed has a comprehensive program that provides:

- (a) Safe and stable housing;
- (b) Comprehensive on-site case management;
- (c) Integrated mental health and chemical dependency services, including specialized trauma recovery services;
- (d) Education and employment training delivered on-site; and
- (e) Referrals to off-site specialized services, as appropriate.

(2) A prosecutor may divert a case for prostitution or prostitution loitering into the comprehensive program described in this section, notwithstanding the filing criteria set forth in RCW 13.40.070(5).

(3) A diversion agreement under this section may extend to twelve months.

(4)(a) The administrative office of the courts shall compile data regarding:

- (i) The number of juveniles whose cases are diverted into the comprehensive program described in this section;
- (ii) Whether the juveniles complete their diversion agreements under this section; and
- (iii) Whether juveniles whose cases have been diverted under this section have been subsequently arrested or committed subsequent offenses.

(b) ((A)) An annual report of the data compiled shall be provided to the governor and the appropriate committee of the legislature. The first report is due by November 1, 2010.

NEW SECTION. Sec. 74. A new section is added to chapter 13.40 RCW to read as follows:

In any proceeding under this chapter related to an arrest for prostitution or prostitution loitering, there is a presumption that the alleged offender meets the criteria for a certification as a victim of a severe form of trafficking in persons as defined in section 7105 of Title 22 of the United States code, and that the alleged offender is also a victim of commercial sex abuse of a minor.

NEW SECTION. Sec. 75. A new section is added to chapter 74.15 RCW to read as follows:

The department shall require that to be licensed or continue to be licensed as a secure or semi-secure crisis residential center or HOPE center that the center has on staff, or otherwise has access to, a person who has been trained to work with the needs of sexually exploited children. For purposes of this section, "sexually exploited child" means that person as defined in RCW 13.32A.030(17).

(2) In a prosecution under RCW 9.68A.050, 9.68A.060, 9.68A.070, or 9.68A.080, it is not a defense that the defendant did not know the age of the child depicted in the visual or printed matter(~~(= PROVIDED, That)~~). (4) In a prosecution under RCW 9.68A.050, 9.68A.060, or 9.68A.070, it shall be an affirmative defense that the defendant was a law enforcement officer in the process of conducting an official investigation of a sex-related crime against a minor, or that the defendant was providing individual case treatment as a recognized medical facility or as a psychiatrist or psychologist licensed under Title 18 RCW.

(5) In a prosecution under RCW 9.68A.050, 9.68A.060, or 9.68A.070, the state is not required to establish the identity of the alleged victim.

2SSB 6515 Prime Sponsor, Committee on Ways & Means: Refocusing the department of commerce, including transferring programs. Reported by Committee on Community & Economic Development & Trade

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 84. A new section is added to chapter 43.330 RCW to read as follows:

(1) In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of

commerce and directed the agency to organize around a concise core mission aligned with the state's economic development plan and around jobs. In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

(2) The purposes of this act are: (a) To implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs; (b) to direct strategic initiatives and targeted actions focused on the mission of growing and improving jobs; (c) to direct the department to establish a separate division to contain community services and housing programs, and to work with the legislature on future plans for these programs; (d) to direct creation of a central point of access within the department for small business and entrepreneurial assistance; and (e) to direct development of a statewide clean energy strategy. This act also directs additional efficiencies in state government, which will better enable the department of commerce to focus on its new mission.

(3) The legislature finds that the department of commerce has conducted a credible process to identify the most critical economic needs of our state. The legislature recognizes that to sustain a world-class innovation economy on a foundation of strong communities requires continuous improvement and focus on the fundamentals. The legislature finds that the state's reputation as a center of innovative, cutting edge research and development will form the foundation of whole new markets, product categories, and industry clusters. The legislature therefore affirms the department's mission, to focus on growing and improving jobs, and supports the eight priorities identified by the department in its 2009 report to the legislature: (a) Improving the state's competitiveness; (b) strengthening education and workforce training; (c) investing in infrastructure; (d) increasing regulatory efficiency; (e) building community capacity; (f) focusing on rural economic development; (g) engaging with key industry sectors; and (h) helping small businesses succeed.

(4)(a) The legislature recognizes that small businesses and entrepreneurs are a foundation of the state's economy yet they encounter many barriers to achieving long-term stability and growth. Gaining access to capital, complying with complex government regulations, and competing successfully for market opportunities are among the challenges they face. The legislature finds that state government must enhance its commitment to helping small businesses and entrepreneurs thrive, including finding ways to integrate and coordinate existing programs to make them more accessible and effective. The legislature further finds that the mission of the department of commerce to growing and improving jobs in Washington makes it particularly well-suited to take a leadership role in these efforts.

(b) The legislature therefore directs the department of commerce, beginning in fiscal year 2011, to create a central point of access within the department for small business and entrepreneurial assistance, and in collaboration with other agencies and partners over time, to (i) consolidate and expand small business financing services; (ii) develop and implement regulatory assistance initiatives; and (iii) institute innovative systems to connect small businesses and entrepreneurs to a broad array of technical assistance resources at the local, state, and federal levels.

(c) The department shall report to appropriate legislative committees by December 1, 2010, on the milestones achieved and the future actions planned to meet the priorities described in subsections (3) and (4) of this section.

(5)(a) The legislature recognizes that there are many strong community services and housing programs currently operating within

the department and serving our most vulnerable individuals, families, and communities. The legislature finds that some of these programs can readily be transferred beginning on July 1, 2010, to other mission-aligned agencies in state government. However, the legislature finds that to maintain the strength and credibility of the majority of the department's community services and housing programs, it is necessary to create a separate division for them within the department and to develop a plan to establish a separate state government agency for them in the future.

(b) The legislature directs the department of commerce to establish a single division to contain community services and housing programs that deliver essential services to individuals, families, and communities. Services provided by the division shall include, but are not limited to: (i) Homeless housing and assistance programs including transitional housing, emergency shelter grants, independent youth housing, housing assistance for persons with mental illness, and housing opportunities for people with AIDS; (ii) affordable housing development programs including the housing trust fund and low-income home energy assistance; (iii) farm worker housing; (iv) crime victims' advocacy and sexual assault services; (v) community mobilization against substance abuse and violence; (vi) asset building for working families; (vii) local and community projects including the building communities fund, building for the arts, and youth recreational facilities grants; (viii) dispute resolution centers; (ix) the Washington families fund; (x) community services block grants; (xi) community development block grants; (xii) child care facility fund; (xiii) WorkFirst community jobs; (xiv) long-term care ombudsman; (xv) state drug task forces; (xvi) justice assistance grants; (xvii) children and families of incarcerated parents; and (xviii) the Washington new Americans program.

(c) The economic development committees in the house of representatives and the senate shall, in consultation with the governor and the department: (i) Solicit information and advice from representatives of community, social services, and housing organizations at the local and state levels, including minority communities, people with disabilities, and other vulnerable populations; and (ii) develop a plan for consideration and action in the 2011 legislative session to establish a separate state government agency whose mission is focused on community services and housing.

(6) The department shall examine the functions and operations of agricultural commodity commissions in the state and collaborate with industry sector and cluster associations on legislation that would enable industries to develop self-financing systems for addressing industry-identified issues such as workforce training, international marketing, quality improvement, and technology deployment. By December 1, 2010, the department shall report to the governor and the legislature on its findings and proposed legislation.

PART I

DEPARTMENT OF HEALTH--PUBLIC HEALTH

Sec. 101. RCW 70.05.125 and 2009 c 479 s 48 are each amended to read as follows:

(1) The county public health account is created in the state treasury. Funds deposited in the county public health account shall be distributed by the state treasurer to each local public health jurisdiction based upon amounts certified to it by the department of ~~((community, trade, and economic development))~~ health in consultation with the Washington state association of counties. The account shall include funds distributed under RCW 82.14.200(8) and such funds as are appropriated to the account from the state general fund, the public health services account under RCW 43.72.902, and such other funds as the legislature may appropriate to it.

(2)(a) The ~~((director))~~ secretary of the department of ~~((community, trade, and economic development))~~ health shall certify the amounts to be distributed to each local public health jurisdiction

using 1995 as the base year of actual city contributions to local public health.

(b) Only if funds are available and in an amount no greater than available funds under RCW 82.14.200(8), the department of community, trade, and economic development shall adjust the amount certified under (a) of this subsection to compensate for any annexation of an area with fifty thousand residents or more to any city as a result of a petition during calendar year 1996 or 1997, or for any city that became newly incorporated as a result of an election during calendar year 1994 or 1995. The amount to be adjusted shall be equal to the amount which otherwise would have been lost to the health jurisdiction due to the annexation or incorporation as calculated using the jurisdiction's 1995 funding formula.

(c) The county treasurer shall certify the actual 1995 city contribution to the department. Funds in excess of the base shall be distributed proportionately among the health jurisdictions based on incorporated population figures as last determined by the office of financial management.

NEW SECTION. Sec. 810. (1) By December 1, 2015, the department shall review risk assessments, scientific studies, and other relevant analysis regarding alternative brake friction material and determine whether the material may be available. The department shall consider any new science with regard to the bioavailability and toxicity of copper.

(2) If the department finds that alternative brake friction material may be available, it shall convene a brake friction material advisory committee. The committee shall include, but is not limited to:

- (a) A representative of the department, who will chair the committee;
- (b) The chief of the Washington state patrol, or the chief's designee;

(3) If convened pursuant to subsection (2) of this section, the committee shall separately assess alternative brake friction material for passenger vehicles, light-duty vehicles, and heavy-duty vehicles. The committee shall make different recommendations to the department as to whether alternative brake friction material is available or unavailable for passenger vehicles, light-duty vehicles, and heavy-duty vehicles. For purposes of this section, "heavy-duty vehicle" means a vehicle used for commercial purposes with a gross vehicle weight rating above twenty-six thousand pounds. The committee shall also consider appropriate exemptions including original equipment service and brake friction material manufactured prior to the dates specified in section 5 of this act. The department shall consider the committee's recommendations and make a finding as to whether alternative brake friction material is available or unavailable.

(4) If, pursuant to subsection (3) of this section, the department finds that alternative brake friction material:

- (a) Is available, it shall comply with section 5 of this act;
- (b) Is not available, it shall periodically evaluate the finding and, if it determines that alternative brake friction material may be available, comply with subsections (2) and (3) of this section. If the department finds that alternative brake friction material is available, it shall comply with section 5 of this act.

NEW SECTION. Sec. 811. If, pursuant to section 4 of this act, the department finds that alternative brake friction material is available:

- (1)(a) By December 31st of the year in which the finding is made, the department shall publish the information required by section 4 of this act in the Washington State Register and present it in a report to the appropriate committees of the legislature; and
- (b) The report must include recommendations for exemptions on original equipment service and brake friction material manufactured prior to dates specified in this section and may include recommendations for other exemptions.

(2) Beginning eight years after the report in subsection (1) of this section is published in the Washington State Register, no manufacturer, wholesaler, retailer, or distributor may sell or offer for sale brake friction material in Washington state containing more than

0.5 percent copper and its compounds by weight, as specified in the report.

(3) The department shall adopt rules to implement this section.

NEW SECTION. Sec. 812. (1) Motor vehicles manufactured by small volume motor vehicle manufacturers are exempt from this chapter for any year in which the manufacturer qualifies as a small volume motor vehicle manufacturer. Small volume motor vehicle manufacturers must report vehicle sales annually to the department for the purpose of qualifying for this exemption.

(2) Any motor vehicle manufacturer or brake friction material manufacturer may apply to the department for an exemption from this chapter for brake friction material intended for a specific motor vehicle model or class of motor vehicles based on special needs or characteristics of the motor vehicles for which the brake friction material is intended. Exemptions may only be issued for specific motor vehicle models or special classes of vehicles, such as fire trucks, police cars, and heavy or wide-load equipment hauling, provided the manufacturer can demonstrate it is not feasible to comply with the requirements of this chapter, is necessary to comply with safety standards, or causes significant financial hardship.

Exemptions are valid for no less than one year and may be renewed automatically as needed or the exemption may be permanent for as long as the vehicle is used in the manner described in the application.

NEW SECTION. Sec. 813. (1) By January 1, 2013, and at least every three years thereafter, manufacturers of brake friction material sold or offered for sale in Washington state shall provide data to the department adequate to enable the department to determine concentrations of antimony, copper, nickel, and zinc and their compounds in brake friction material sold or offered for sale in Washington state.

(2) Using data provided pursuant to subsection (1) of this section and other data as needed, and in consultation with the brake friction material manufacturing industry, the department must:

- (a) By July 1, 2013, establish baseline concentration levels for constituents identified in subsection (1) of this section in brake friction material; and
- (b) Track progress toward reducing the use of copper and its compounds and ensure that concentration levels of antimony, nickel, or zinc and their compounds do not increase by more than fifty percent above baseline concentration levels.

(3) If concentration levels of antimony, nickel, or zinc and their compounds in brake friction material increase by more than fifty percent above baseline concentration levels, the department shall review scientific studies to determine the potential impact of the constituent on human health and the environment. If scientific studies demonstrate the need for controlling the use of the constituent in brake friction material, the department may consider recommending limits on concentration levels of the constituent in the material.

(4) Confidential business information otherwise protected under RCW 43.21A.160 or chapter 42.56 RCW is exempt from this chapter.

NEW SECTION. Sec. 814. (1) Manufacturers of brake friction material offered for sale in Washington state must certify compliance with the requirements of this chapter and mark proof of certification on the brake friction material in accordance with criteria developed under this section.

- (a) Self-certification of compliance by brake friction material manufacturers using accredited laboratories; and
- (b) Marked proof of certification, including manufacture date, on brake friction material and product packaging. Marked proof of certification must appear by January 1, 2015. Brake friction material manufactured or packaged prior to January 1, 2015, is exempt from this subsection (2)(b).

(3) Beginning January 1, 2021, manufacturers of new motor vehicles offered for sale in Washington state must ensure that motor vehicles are equipped with brake friction material certified to be compliant with the requirements of this chapter.

NEW SECTION. Sec. 815. (1) The department shall enforce this chapter. The department may periodically purchase and test brake friction material sold or offered for sale in Washington state to verify that the material complies with this chapter.

(2) Enforcement of this chapter by the department must rely on notification and information exchange between the department and manufacturers, distributors, and retailers. The department shall issue one warning letter by certified mail to a manufacturer, distributor, or retailer that sells or offers to sell brake friction material in violation of this chapter, and offer information or other appropriate assistance regarding compliance with this chapter. Once a warning letter has been issued to a distributor or retailer for violations under subsections (3) and (5) of this section, the department need not provide warning letters for subsequent violations by that distributor or retailer. For the purposes of subsection (6) of this section, a warning letter serves as notice of the violation. If compliance is not achieved, the department may assess penalties under this section.

(3) A brake friction material distributor or retailer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation. Brake friction material distributors or retailers that sell brake friction material that is packaged consistent with section 8(2)(b) of this act are not in violation of this chapter. However, if the brake friction material distributor or retailer had actual knowledge that the brake friction material being sold violates section 3 or 5 of this act, the brake friction material distributor or retailer is subject to civil penalties according to this section.

(4) A brake friction material manufacturer that knowingly violates this chapter shall recall the brake friction material and reimburse the brake friction distributor, retailer, or any other purchaser for the material and any applicable shipping and handling charges for returning the material. A brake friction material manufacturer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation.

NEW SECTION. Sec. 1. (1) The institute for public policy shall, in collaboration with the department of social and health services and other applicable entities, undertake a search for validated mental health assessment tools in each of the following areas:

(a) An assessment tool or combination of tools to be used by individuals performing court-ordered competency assessments and level of risk assessments of defendants pursuant to chapter 10.77 RCW; and

(b) An assessment tool or combination of tools to be used by individuals developing recommendations to courts as to the appropriateness of conditional release from inpatient treatment of criminally insane patients pursuant to chapter 10.77 RCW.

(2) This section expires June 30, 2011.

Sec. 2. RCW 10.77.150 and 1998 c 297 s 41 are each amended to read as follows:

(1) Persons examined pursuant to RCW 10.77.140 may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person's commitment the person's application for conditional release as well as the secretary's recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released. Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county which ordered the person's commitment. The secretary's recommendation must include any proposed terms and conditions upon which the secretary reasonably believes the person may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3)(a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the patient examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person may be released conditionally without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the order shall also specify that the conditionally released person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer prior to making any change in the offender's address or employment. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the person is not in compliance with the court-ordered conditions of release.

~~((3))~~ (4) If the court determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her

to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the medication or treatment report the failure to the court, to the prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer.

~~((4))~~ (5) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial.

Sec. 3. RCW 10.77.200 and 2000 c 94 s 16 are each amended to read as follows:

(1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of the prosecuting attorney's choice. If the petitioner is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner ~~((is developmentally disabled))~~ has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

~~((3))~~ (4) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

NEW SECTION. Sec. 4. A new section is added to chapter 10.77 RCW to read as follows:

(1) The department shall review the costs of the operation of each of the following boards and the rates of recidivism and treatment outcomes for the populations under their jurisdiction as follows:

(b) The Virginia community services boards' administration of cases involving persons found not guilty by reason of insanity.

(2) The department shall report the results of its review to the appropriate committees of the legislature by December 15, 2010.

NEW SECTION. Sec. 5. A new section is added to chapter 10.77 RCW to read as follows:

For persons who have received court approval for conditional release, the secretary, or such person as the secretary shall designate, shall supervise the person's compliance with the court-ordered conditions of release. The level of supervision provided by the secretary shall correspond to the level of the person's assessed public safety risk. In undertaking supervision of persons under this section, the secretary shall coordinate with any treatment providers designated pursuant to RCW 10.77.150(3), any department of corrections staff designated pursuant to RCW 10.77.150(2), and local law enforcement, if appropriate. The secretary shall adopt rules to implement this section."

"Sec. 6. RCW 9.94A.030 and 2009 c 375 s 4 are each amended to read as follows:

However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. - (d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;
- (e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(3) If the court is considering this alternative, the court shall request that the department contact the children's administration of the Washington state department of social and health services to determine if the agency has an open child welfare case or prior substantiated referral of abuse or neglect involving the offender or if the agency is aware of any substantiated case of abuse or neglect with a tribal child welfare agency involving the offender.

(a) If the offender has an open child welfare case, the department will provide the release of information waiver and request that the children's administration or the tribal child welfare agency provide a report to the court. If the children's administration has never had any substantiated referrals or an open case with the offender, the department will inform the court.

(4) If the sentencing court determines that the offender is eligible for a sentencing alternative under this section and that the sentencing alternative is appropriate and should be imposed, the court shall waive imposition of a sentence within the standard sentence range and impose a sentence consisting of twelve months of community custody. The court shall consider the offender's criminal history when determining if the alternative is appropriate.

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan. The voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) For each offender who is the recipient of a rental voucher, the department shall include, concurrent with the data that the department otherwise obtains and records, the housing status of the offender for the duration of the offender's supervision.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

NEW SECTION. Sec. 13. A new section is added to chapter 9.94A RCW to read as follows:

For offenders not sentenced under section 2 of this act, but otherwise eligible under this section, no more than the final twelve months of the offender's term of confinement may be served in partial confinement as home detention as part of the parenting program developed by the department.

(1) The secretary may transfer an offender from a correctional facility to home detention in the community if it is determined that the

parenting program is an appropriate placement and when all of the following conditions exist:

(a) The offender is serving a sentence in which the high end of the range is greater than one year;

(b) The offender has no current conviction for a felony that is a sex offense or a violent offense;

(c) The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence;

(d) The offender signs any release of information waivers required to allow information regarding current or prior child welfare cases to be shared with the department and the court;

(e) The offender:

(i) Has physical or legal custody of a minor child;

(ii) Has a proven, established, ongoing, and substantial relationship with his or her minor child that existed prior to the commission of the current offense; or

(iii) Is a legal guardian of a child that was under the age of eighteen at the time of the current offense; and

(f) The department determines that such a placement is in the best interests of the child.

(2) When the department is considering partial confinement as part of the parenting program for an offender, the department shall inquire of the individual and the children's administration with the Washington state department of social and health services whether the agency has an open child welfare case or prior substantiated referral for abuse or neglect involving the offender. If the children's administration or a tribal jurisdiction has an open child welfare case, the department will seek input from the children's administration or the involved tribal jurisdiction as to: (a) The status of the child welfare case; and (b) recommendations regarding placement of the offender and services required of the department and the court governing the individual's child welfare case. The department and its officers, agents, and employees are not liable for the acts of offenders participating in the parenting program unless the department or its officers, agents, and employees acted with willful and wanton disregard.

(3) All offenders placed on home detention as part of the parenting program shall provide an approved residence and living arrangement prior to transfer to home detention.

(4) While in the community on home detention as part of the parenting program, the department shall:

(a) Require the offender to be placed on electronic home monitoring;

(b) Require the offender to participate in programming and treatment that the department determines is needed;

(c) Assign a community corrections officer who will monitor the offender's compliance with conditions of partial confinement and programming requirements; and

(d) If the offender has an open child welfare case with the children's administration, collaborate and communicate with the identified social worker in the provision of services.

(5) The department has the authority to return any offender serving partial confinement in the parenting program to total confinement if the offender is not complying with sentence requirements.

Sec. 14. RCW 9.94A.734 and 2007 c 199 s 9 are each amended to read as follows:

(1) Home detention may not be imposed for offenders convicted of the following offenses, unless imposed as partial confinement in the department's parenting program under section 8 of this act:

(a) A violent offense;

(b) Any sex offense;

(c) Any drug offense;

- (d) Reckless burning in the first or second degree as defined in RCW 9A.48.040 or 9A.48.050;
- (e) Assault in the third degree as defined in RCW 9A.36.031;
- (f) Assault of a child in the third degree;
- (g) Unlawful imprisonment as defined in RCW 9A.40.040; or
- (h) Harassment as defined in RCW 9A.46.020.

Home detention may be imposed for offenders convicted of possession of a controlled substance under RCW 69.50.4013 or forged prescription for a controlled substance under RCW 69.50.403 if the offender fulfills the participation conditions set forth in this section and is monitored for drug use by a treatment alternatives to street crime program or a comparable court or agency-referred program.

(2) Home detention may be imposed for offenders convicted of burglary in the second degree as defined in RCW 9A.52.030 or residential burglary conditioned upon the offender:

- (a) Successfully completing twenty-one days in a work release program;
- (b) Having no convictions for burglary in the second degree or residential burglary during the preceding two years and not more than two prior convictions for burglary or residential burglary;
- (c) Having no convictions for a violent felony offense during the preceding two years and not more than two prior convictions for a violent felony offense;

(4) Participation in a home detention program shall be conditioned upon:

- (a) The offender obtaining or maintaining current employment or attending a regular course of school study at regularly defined hours, or the offender performing parental duties to offspring or minors normally in the custody of the offender;
- (b) Abiding by the rules of the home detention program; and
- (c) Compliance with court-ordered legal financial obligations.

The home detention program may also be made available to offenders whose charges and convictions do not otherwise disqualify them if medical or health-related conditions, concerns or treatment would be better addressed under the home detention program, or where the health and welfare of the offender, other inmates, or staff would be jeopardized by the offender's incarceration. Participation in the home detention program for medical or health-related reasons is conditioned on the offender abiding by the rules of the home detention program and complying with court-ordered restitution.

Sec. 15. RCW 9.94A.190 and 2009 c 28 s 5 are each amended to read as follows:

(1) A sentence that includes a term or terms of confinement totaling more than one year shall be served in a facility or institution operated, or utilized under contract, by the state, or in home detention pursuant to section 8 of this act. Except as provided in subsection (3) or (5) of this section, a sentence of not more than one year of confinement shall be served in a facility operated, licensed, or utilized

under contract, by the county, or if home detention or work crew has been ordered by the court, in the residence of either the offender or a member of the offender's immediate family.

(2) If a county uses a state partial confinement facility for the partial confinement of a person sentenced to confinement for not more than one year, the county shall reimburse the state for the use of the facility as provided in this subsection. The office of financial management shall set the rate of reimbursement based upon the average per diem cost per offender in the facility. The office of financial management shall determine to what extent, if any, reimbursement shall be reduced or eliminated because of funds provided by the legislature to the department for the purpose of covering the cost of county use of state partial confinement facilities. The office of financial management shall reestablish reimbursement rates each even-numbered year.

(3) A person who is sentenced for a felony to a term of not more than one year, and who is committed or returned to incarceration in a state facility on another felony conviction, either under the indeterminate sentencing laws, chapter 9.95 RCW, or under this chapter shall serve all terms of confinement, including a sentence of not more than one year, in a facility or institution operated, or utilized under contract, by the state, consistent with the provisions of RCW 9.94A.589.

(4) Notwithstanding any other provision of this section, a sentence imposed pursuant to RCW 9.94A.660 which has a standard sentence range of over one year, regardless of length, shall be served in a facility or institution operated, or utilized under contract, by the state.

(5) Sentences imposed pursuant to RCW 9.94A.507 shall be served in a facility or institution operated, or utilized under contract, by the state.

Sec. 16. RCW 9.94A.6332 and 2009 c 375 s 14 are each amended to read as follows:

The procedure for imposing sanctions for violations of sentence conditions or requirements is as follows:

(1) If the offender was sentenced under the drug offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.660.

(2) If the offender was sentenced under the special (~~sexual~~ ~~[sex])~~ sex offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.670.

(3) If the offender was sentenced under the parenting sentencing alternative, any sanctions shall be imposed by the department or by the court pursuant to section 2 of this act.

(4) If a sex offender was sentenced pursuant to RCW 9.94A.507, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

~~((4))~~ (5) In any other case, if the offender is being supervised by the department, any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, upon receipt of a violation hearing report from the department, the court retains any authority that those statutes provide to respond to a probationer's violation of conditions.

~~((5))~~ (6) If the offender is not being supervised by the department, any sanctions shall be imposed by the court pursuant to RCW 9.94A.6333.

Sec. 17. RCW 9.94A.633 and 2009 c 375 s 12 are each amended to read as follows:

(1)(a) An offender who violates any condition or requirement of a sentence may be sanctioned with up to sixty days' confinement for each violation.

(b) In lieu of confinement, an offender may be sanctioned with work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through

electronic monitoring, or any other sanctions available in the community.

(2) If an offender was under community custody pursuant to one of the following statutes, the offender may be sanctioned as follows:

(a) If the offender was transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.728(2), the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

(b) If the offender was sentenced under the drug offender sentencing alternative set out in RCW 9.94A.660, the offender may be sanctioned in accordance with that section.

(c) If the offender was sentenced under the parenting sentencing alternative set out in section 2 of this act, the offender may be sanctioned in accordance with that section.

~~((sex))~~ (d) If the offender was sentenced under the special ~~((sexual))~~ sex offender sentencing alternative set out in RCW 9.94A.670, the suspended sentence may be revoked and the offender committed to serve the original sentence of confinement.

~~((eth))~~ (e) If the offender was sentenced to a work ethic camp pursuant to RCW 9.94A.690, the offender may be reclassified to serve the unexpired term of his or her sentence in total confinement.

~~((sex))~~ (f) If a sex offender was sentenced pursuant to RCW 9.94A.507, the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

(3) If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, the probationer may be sanctioned pursuant to subsection (1) of this section. The department shall have authority to issue a warrant for the arrest of an offender who violates a condition of community custody, as provided in RCW 9.94A.716. Any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. The department shall provide a copy of the violation hearing report to the sentencing court in a timely manner. Nothing in this subsection is intended to limit the power of the sentencing court to respond to a probationer's violation of conditions."

ESSB 6658 Prime Sponsor, Committee on Environment, Water & Energy: Modifying community solar project provisions for investment cost recovery incentives. Reported by Committee on Technology, Energy & Communications

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 18. RCW 82.16.110 and 2009 c 469 s 504 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means an owner and assignee of a community solar project as defined in subsection (2)(a)(i) of this section that is responsible for applying for the investment cost recovery incentive on behalf of the other owners and performing such

administrative tasks on behalf of the other owners as may be necessary, such as receiving investment cost recovery incentive payments, and allocating and paying appropriate amounts of such payments to the other owners.

~~((2))~~ (a) "Community solar project" means:

(i) A solar energy system that produces a maximum instantaneous power output of one megawatt of electricity and is owned by local individuals, households, nonprofit organizations, or nonutility businesses that is placed on the property owned by a cooperating local governmental entity that is not in the light and power business or in the gas distribution business; ~~((eth))~~

(ii) A utility-owned solar energy system that produces a maximum instantaneous power output of one megawatt of electricity and that is voluntarily funded by the utility's ratepayers where, in exchange for their financial support, the utility gives contributors a payment or credit on their utility bill for the value of the electricity produced by the project;

(iii) A solar energy system, placed on the property owned by a cooperating local governmental entity that is not in the light and power business or in the gas distribution business, that produces a maximum instantaneous power output of one megawatt of electricity, and that is owned by a limited liability company whose members are each eligible for an investment cost recovery incentive for the same customer-generated electricity as provided in RCW 82.16.120; or

(iv) A virtual net metering system, as defined in RCW 80.60.010, that uses solar energy to generate electricity and the customer-generators participating in virtual net metering are assigned fractions or shares by a net metering aggregator as determined under RCW 80.60.010 through 80.60.030.

(b) For the purposes of "community solar project" as defined in (a) of this subsection:

(i) "Nonprofit organization" means an organization exempt from taxation under ~~((Title))~~ 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended, as of January 1, 2009; and

(ii) "Utility" means a light and power business, an electric cooperative, or a mutual corporation that provides electricity service.

~~((2))~~ (3) "Customer-generated electricity" means a community solar project or the alternating current electricity that is generated from a renewable energy system located in Washington and installed on an individual's, businesses', or local government's real property that is also provided electricity generated by a light and power business. Except for community solar projects, a system located on a leasehold interest does not qualify under this definition. Except for utility-owned community solar projects, "customer-generated electricity" does not include electricity generated by a light and power business with greater than one thousand megawatt hours of annual sales or a gas distribution business.

~~((3))~~ (4) "Economic development kilowatt-hour" means the actual kilowatt-hour measurement of customer-generated electricity multiplied by the appropriate economic development factor.

~~((4))~~ (5) "Local governmental entity" means any unit of local government of this state including, but not limited to, counties, cities, towns, municipal corporations, quasi-municipal corporations, special purpose districts, and school districts.

~~((5))~~ (6) "Photovoltaic cell" means a device that converts light directly into electricity without moving parts.

~~((6))~~ (7) "Renewable energy system" means a solar energy system, an anaerobic digester as defined in RCW 82.08.900, or a wind generator used for producing electricity.

~~((7))~~ (8) "Solar energy system" means any device or combination of devices or elements that rely upon direct sunlight as an energy source for use in the generation of electricity.

~~((8))~~ (9) "Solar inverter" means the device used to convert direct current to alternating current in a photovoltaic cell system.

~~((9))~~ (10) "Solar module" means the smallest nondivisible self-contained physical structure housing interconnected photovoltaic cells and providing a single direct current electrical output.

Sec. 19. RCW 82.16.120 and 2009 c 469 s 505 are each amended to read as follows:

(1)(a) Any individual, business, local governmental entity, not in the light and power business or in the gas distribution business, or a participant in a community solar project may apply to the light and power business serving the situs of the system, each fiscal year beginning on July 1, 2005, for an investment cost recovery incentive for each kilowatt-hour from a customer-generated electricity renewable energy system.

(No incentive may be paid for kilowatt-hours generated before July 1, 2005, or after June 30, 2020.)

(b) In the case of a community solar project as defined in RCW 82.16.110(2)(a)(i), the administrator must apply for the investment cost recovery incentive on behalf of each of the other owners.

(c) In the case of a community solar project as defined in RCW 82.16.110(2)(a)(iii), the limited liability company owning the community solar project must apply for the investment cost recovery incentive on behalf of each member of the limited liability company.

(d) In the case of a community solar project as defined in RCW 82.16.110(2)(a)(iv), the net metering aggregator must apply for the investment cost recovery incentive on behalf of each customer-generator.

(2)(a) Before submitting for the first time the application for the incentive allowed under subsection (4) of this section, the applicant must submit to the department of revenue and to the climate and rural energy development center at the Washington State University, established under RCW 28B.30.642, a certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system.

(A) If the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), the certification must also include the name and address of each of the owners of the community solar project.

(B) If the applicant is a limited liability company that owns a community solar project as defined in RCW 82.16.110(2)(a)(iii), the certification must also include the name and address of each member of the limited liability company.

(C) If the applicant is a virtual net metering aggregator as defined in RCW 82.16.110(2)(a)(iv), the certification must also include the name and address of each customer-generator participating in virtual net metering;

(ii) The applicant's tax registration number;

(iii) That the electricity produced by the applicant meets the definition of "customer-generated electricity" and that the renewable energy system produces electricity with:

(A) Any solar inverters and solar modules manufactured in Washington state;

(B) A wind generator powered by blades manufactured in Washington state;

(C) A solar inverter manufactured in Washington state;

(D) A solar module manufactured in Washington state; or

(E) Solar or wind equipment manufactured outside of Washington state;

(iv) That the electricity can be transformed or transmitted for entry into or operation in parallel with electricity transmission and distribution systems; and

(v) The date that the renewable energy system received its final electrical permit from the applicable local jurisdiction.

(b) Within thirty days of receipt of the certification the department of revenue must notify the applicant by mail, or electronically as provided in RCW 82.32.135, whether the renewable

energy system qualifies for an incentive under this section. The department may consult with the climate and rural energy development center to determine eligibility for the incentive. System certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(m).

(3)(a) By August 1st of each year application for the incentive ~~((shall))~~ must be made to the light and power business serving the situs of the system by certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system.

(A) If the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), the application must also include the name and address of each of the owners of the community solar project.

(B) If the applicant is a limited liability company that owns a community solar project as defined in RCW 82.16.110(2)(a)(iii), the application must also include the name and address of each member of the limited liability company;

(ii) The applicant's tax registration number;

(iii) The date of the notification from the department of revenue stating that the renewable energy system is eligible for the incentives under this section; and

(iv) A statement of the amount of kilowatt-hours generated by the renewable energy system in the prior fiscal year.

(b) Within sixty days of receipt of the incentive certification the light and power business serving the situs of the system ~~((shall))~~ must notify the applicant in writing whether the incentive payment will be authorized or denied. The business may consult with the climate and rural energy development center to determine eligibility for the incentive payment. Incentive certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(m).

(c)(i) Persons receiving incentive payments ~~((shall))~~ must keep and preserve, for a period of five years, suitable records as may be necessary to determine the amount of incentive applied for and received. Such records ~~((shall))~~ must be open for examination at any time upon notice by the light and power business that made the payment or by the department. If upon examination of any records or from other information obtained by the business or department it appears that an incentive has been paid in an amount that exceeds the correct amount of incentive payable, the business may assess against the person for the amount found to have been paid in excess of the correct amount of incentive payable and ~~((shall))~~ must add thereto interest on the amount. Interest ~~((shall be))~~ is assessed in the manner that the department assesses interest upon delinquent tax under RCW 82.32.050.

(ii) If it appears that the amount of incentive paid is less than the correct amount of incentive payable the business may authorize additional payment.

(4) Except for community solar projects, the investment cost recovery incentive may be paid fifteen cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For community solar projects, the investment cost recovery incentive may be paid thirty cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For the purposes of this section, the rate paid for the investment cost recovery incentive may be multiplied by the following factors:

(a) For customer-generated electricity produced using solar modules manufactured in Washington state, two and four-tenths;

(b) For customer-generated electricity produced using a solar or a wind generator equipped with an inverter manufactured in Washington state, one and two-tenths;

(c) For customer-generated electricity produced using an anaerobic digester, or by other solar equipment or using a wind generator equipped with blades manufactured in Washington state, one; and

(d) For all other customer-generated electricity produced by wind, eight-tenths.

(5)(a) No individual, household, business, or local governmental entity is eligible for incentives provided under subsection (4) of this section for more than five thousand dollars per year.

(b) Except as provided in (c) and (d) of this subsection (5), each applicant in a community solar project is eligible for up to five thousand dollars per year.

(c) Where the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), each owner is eligible for an incentive up to five thousand dollars per year.

(d) Where the applicant is a limited liability company owning a community solar project that has applied for an investment cost recovery incentive on behalf of its members, the limited liability company is eligible for an incentive up to five thousand dollars per year.

(6) Owners in a community solar project are eligible to receive an investment cost recovery incentive based on the total customer-generated electricity produced by the project but only in proportion to each ownership share or, in the case of a utility-owned community solar project, in proportion to each ratepayer's contribution. No owner in a community solar project is eligible for incentives under this section for more than five thousand dollars.

(7) If requests for the investment cost recovery incentive exceed the amount of funds available for credit to the participating light and power business, the incentive payments ~~((shall))~~ must be reduced proportionately.

~~((7))~~ (8) The climate and rural energy development center at Washington State University energy program may establish guidelines and standards for technologies that are identified as Washington manufactured and therefore most beneficial to the state's environment.

~~((8))~~ (9) The environmental attributes of the renewable energy system belong to the applicant, and do not transfer to the state or the light and power business upon receipt of the investment cost recovery incentive.

(10) No incentive may be paid under this section for kilowatt-hours generated before July 1, 2005, or after June 30, 2020.

NEW SECTION. Sec. 20. A new section is added to chapter 82.16 RCW to read as follows:

Owners of a community solar project as defined in RCW 82.16.110(2)(a) (i) and (iii) must agree to hold harmless the light and power business serving the situs of the system, including any employee, for the good faith reliance on the information contained in an application or certification submitted by an administrator or limited liability company. In addition, the light and power business and any employee is immune from civil liability for the good faith reliance on any misstatement that may be made in such application or certification. Should a light and power business or employee prevail upon the defense provided in this section, it is entitled to recover expenses and reasonable attorneys' fees incurred in establishing the defense.

(d) Registers with the secretary of state as required by statute as either: A limited liability company; a profit corporation; a nonprofit corporation; a limited partnership; or a limited liability partnership.

(17) "Assigned fraction" means the percentage of kilowatt-hours generated by a net metering system deducted from the electrical consumption of a customer-generator. Unless there is a voluntary agreement for smaller fractions, an assigned fraction may not be smaller than:

(a) One-tenth of a percent (1/1000) and on average produce no less than one thousand kilowatt-hours annually for utilities with more than twenty-five thousand ratepayers; or

(b) One percent (1/100) and on average produce no less than two thousand kilowatt-hours annually for utilities with less than twenty-five thousand ratepayers.

(18) "Operating fraction" means the percentage of kilowatt-hours generated by a net metering system that is:

(a) Specified by the net metering aggregator;

(b) Not assigned to a customer-generator for virtual net metering; and

(c) Sold by the virtual net metering aggregator to the utility at the rates, terms, and conditions that would otherwise apply to a renewable energy generation system of the same size as the net metering system.

(19) "Distribution system" means all of the distribution lines, substations, switches, and other distribution hardware contiguously connected at voltages below ninety kilovolts that are:

(a) Owned and operated by a single utility; or

(b) Owned and operated by two or more utilities with adjoining distribution systems agreeing to combine their distribution systems for the purpose of virtual net metering.

(20) "Full requirements customer" has the same meaning as defined in RCW 19.280.020.

Sec. 22. RCW 80.60.020 and 2007 c 323 s 2 are each amended to read as follows:

(1) An electric utility:

(a) Shall offer to make net metering available to eligible customers-generators on a first-come, first-served basis until the cumulative generating capacity of net metering systems equals 0.25 percent of the utility's peak demand during 1996. On January 1, 2014, the cumulative generating capacity available to net metering systems will equal 0.5 percent of the utility's peak demand during 1996. Not less than one-half of the utility's 1996 peak demand available for net metering systems shall be reserved for the cumulative generating capacity attributable to net metering systems that generate renewable energy;

(b) Shall allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of electricity in two directions, unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment:

(i) That the use of additional metering equipment to monitor the flow of electricity in each direction is necessary and appropriate for the interconnection of net metering systems, after taking into account the benefits and costs of purchasing and installing additional metering equipment; and

(ii) How the cost of purchasing and installing an additional meter is to be allocated between the customer-generator and the utility;

(c) Shall charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class, but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge unless the

commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment that:

(i) The electric utility will incur direct costs associated with interconnecting or administering net metering systems that exceed any offsetting benefits associated with these systems; and

(ii) Public policy is best served by imposing these costs on the customer-generator rather than allocating these costs among the utility's entire customer base;

(d) Shall buy an operating fraction of the net metering aggregator of the net metering system using rates, tariffs, contracts, and conditions as would otherwise apply to the utility buying power from a comparable renewable energy generator.

(2)(a) If a production meter (~~and~~), software, and associated interconnection equipment is required by the electric utility to provide meter aggregation under RCW 80.60.030(4), (~~the~~) customer-generators (~~is~~) or aggregators are responsible for the purchase of the production meter (~~and~~), software, and associated interconnection equipment. If an electric utility chooses to update its billing software to accommodate meter aggregation, the customer-generator may not be required to purchase software.

(b) If the electric utility decides to update its billing software to accommodate meter aggregation, the aggregator must assign fractions to customer-generators and operating fractions in a manner consistent with this chapter.

(c) If the net metering aggregator is required by the electric utility to provide software to accommodate meter aggregation, the aggregator must provide net meter readings to the electric utility in the form the electric utility uses to read meters.

(3) A net metering aggregator, who must assign fractions to customer-generators and operating fractions as required under subsection (2)(b) of this section, shall submit an updated list of assigned fractions and operating fractions to the electric utility no more than once per quarter on a date determined by the electric utility. A net metering aggregator must provide information to the electric utility demonstrating that the assigned fractions and operating fractions equal one hundred percent.

Sec. 23. RCW 80.60.030 and 2007 c 323 s 3 are each amended to read as follows:

Consistent with the other provisions of this chapter, the net energy measurement must be calculated in the following manner:

(1) The electric utility shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(2) If the electricity supplied by the electric utility exceeds the electricity generated by the customer-generator and fed back to the electric utility during the billing period, the customer-generator shall be billed for the net electricity supplied by the electric utility, in accordance with normal metering practices.

(3) If electricity generated by the customer-generator exceeds the electricity supplied by the electric utility, the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period, in accordance with RCW 80.60.020; and

(b) Shall be credited for the excess kilowatt-hours generated during the billing period, with this kilowatt-hour credit appearing on the bill for the following billing period.

(4) If a customer-generator requests, an electric utility shall provide meter aggregation.

(a) For customer-generators participating in meter aggregation, kilowatt-hours credits earned by a net metering system during the billing period first shall be used to offset electricity supplied by the electric utility.

(b) Not more than a total of one (~~hundred kilowatts~~) megawatt shall be aggregated among all customer-generators participating in a (~~generating facility~~) net metering system under this subsection.

(c) Excess kilowatt-hours credits earned by the net metering system, during the same billing period, shall be either: (i) Credited equally by the electric utility to remaining meters located on all premises of a customer-generator at the designated rate of each meter; or (ii) in the case of virtual net metering, credited by the virtual net metering aggregator to remaining meters in proportion to the contracted specified fraction, share, or net meter reading for each customer-generator. An assigned fraction, share, or net metering reading shall be directly proportional to each meter's share of the net consumption or generation at its rate class as related to the total of all aggregated meters of a virtual net metering aggregator.

(d) Meters so aggregated shall not change rate classes due to meter aggregation under this section.

(5) On April 30th of each calendar year, any remaining unused kilowatt-hour credit accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator.

(6)(a) All renewable energy credits produced as a result of the generation of electricity from a net metering system shall be the property of the customer-generator.

(b) For renewable energy credits generated through virtual net metering, an assigned fraction or share of the renewable energy credit shall be assigned to the customer-generator by the virtual net metering aggregator."

"NEW SECTION. Sec. 24. The legislature finds that small businesses and entrepreneurs are a fundamental source of economic and community vitality for our state. They employ state residents, pay state taxes, purchase goods and services from local and regional companies, and contribute to our communities in many other ways. The legislature finds that small businesses and entrepreneurs need increased access to capital and technical assistance in order to maximize their potential. The legislature intends that the department of commerce and the small business development center each build upon their existing relevant statutory missions and authorities by collaborating on a specific plan to expand services to small businesses and entrepreneurs beginning in the 2011-2013 biennium.

Sec. 25. RCW 43.330.060 and 2005 c 136 s 13 are each amended to read as follows:

(1) The department shall (a) assist in expanding the state's role as an international center of trade, culture, and finance; (b) promote and market the state's products and services both nationally and internationally; (c) work in close cooperation with other private and public international trade efforts; (d) act as a centralized location for

the assimilation and distribution of trade information; and (e) establish and operate foreign offices promoting overseas trade and commerce.

(2) The department shall identify and work with Washington businesses that can use local, state, and federal assistance to increase domestic and foreign exports of goods and services.

(3) The department shall work generally with small businesses and other employers to facilitate resolution of siting, regulatory, expansion, and retention problems. This assistance shall include but not be limited to assisting in workforce training and infrastructure needs, identifying and locating suitable business sites, and resolving problems with government licensing and regulatory requirements. The department shall identify gaps in needed services and develop steps to address them including private sector support and purchase of these services.

(4) The department shall work to increase the availability of capital to small businesses by developing new and flexible investment tools; by assisting in targeting and improving the efficiency of existing investment mechanisms; and by assisting in the procurement of managerial and technical assistance necessary to attract potential investors.

(5) The department shall assist women and minority-owned businesses in overcoming barriers to entrepreneurial success. The department shall contract with public and private agencies, institutions, and organizations to conduct entrepreneurial training courses for minority and women-owned businesses. The instruction shall be intensive, practical training courses in financing, marketing, managing, accounting, and recordkeeping for a small business, with an emphasis on federal, state, local, or private programs available to assist small businesses. Instruction shall be offered in major population centers throughout the state at times and locations that are convenient for minority and women small business owners.

(6)(a) By December 1, 2010, the department, in conjunction with the small business development center, must prepare and present to the governor and appropriate legislative committees a specific, actionable plan to increase access to capital and technical assistance to small businesses and entrepreneurs beginning with the 2011-2013 biennium. In developing the plan, the department and the center must consult with the Washington state microenterprise association, and may consult with other government, nonprofit, and private organizations as necessary. The plan must identify:

(i) Existing sources of capital and technical assistance for small businesses and entrepreneurs;

(ii) Critical gaps and barriers to availability of capital and delivery of technical assistance to small businesses and entrepreneurs;

(iv) The financial resources and statutory changes necessary to put the plan into effect beginning with the 2011-2013 biennium.

(b) With respect to increasing access to capital, the plan must identify specific, feasible sources of capital and practical mechanisms for expanding access to it.

(c) The department and the center must include, within the analysis and recommendations in (a) of this subsection, any specific gaps, barriers, and solutions related to rural and low-income communities and small manufacturers interested in exporting.

Sec. 26. RCW 28B.30.530 and 2009 c 486 s 1 are each amended to read as follows:

The center shall work with the department of ~~((community, trade, and economic development))~~ commerce, the state board for community and technical colleges, the

higher education coordinating board, the workforce training and education coordinating board, the employment security department, the Washington state economic development commission, associate development organizations, and workforce development councils to:

(a) Integrate small business development centers with other state and local economic development and workforce development programs;

(b) Target the centers' services to small businesses;

(c) Tailor outreach and services at each center to the needs and demographics of entrepreneurs and small businesses located within the service area;

(d) Establish and expand small business development center satellite offices when financially feasible; and

(e) Coordinate delivery of services to avoid duplication.

(3) The administrator of the center may contract with other public or private entities for the provision of specialized services.

(4) The small business development center may accept and disburse federal grants or federal matching funds or other funds or donations from any source when made, granted, or donated to carry out the center's purposes. When drawing on funds from the business assistance account created in RCW (~~(30.60.040)~~) 28B.30.531, the center must first use the funds to make increased management and technical assistance available to existing small businesses and start-up businesses at satellite offices. The funds may also be used to develop and expand assistance programs such as small business planning workshops and small business counseling.

(5) The legislature directs the small business development center to request United States small business administration approval of a special emphasis initiative, as permitted under 13 C.F.R. 130.340(c) as of April 1, 2009, to target assistance to Washington state's smaller businesses. This initiative would be negotiated and included in the first cooperative agreement application process that occurs after July 26, 2009.

(6) By (~~December 1, 2009, and~~) December 1, 2010, (~~respectively,~~) the center shall provide a written progress report and a final report to the appropriate committees of the legislature with respect to the requirements in subsections (2) and (5) of this section and the amount and use of funding received through the business assistance account. The reports must also include data on the number, location, staffing, and budget levels of satellite offices; affiliations with community colleges, associate development organizations or other local organizations; the number, size, and type of small businesses assisted; and the types of services provided. The reports must also include information on the outcomes achieved, such as jobs created or retained, private capital invested, and return on the investment of state and federal dollars.

(7)(a) By December 1, 2010, the center, in conjunction with the department of commerce, must prepare and present to the governor and appropriate legislative committees a specific, actionable plan to increase access to capital and technical assistance to small businesses and entrepreneurs beginning with the 2011-2013 biennium. (ii) Dense proximity of globally competitive firms in a research-based industry or industries or of individual firms with innovation strategies linked to (a)(i) of this subsection. A globally competitive firm may be signified through international organization for standardization 9000 or 1400 certification, or other recognized evidence of international success; and

(4) On October 1st of each odd-numbered year, the director shall designate innovation partnership zones on the basis of applications that meet the legislative criteria, estimated economic impact of the zone, evidence of forward planning for the zone, and other criteria as recommended by the Washington state economic development commission. Estimated economic impact must include evidence of anticipated private investment, job creation, innovation, and commercialization. The director shall require evidence that zone applicants will promote commercialization, innovation, and collaboration among zone residents and with applicable industry clusters.

(5) Innovation partnership zones are eligible for funds and other resources as provided by the legislature, the department, or at the discretion of the governor.

(6) If the innovation partnership zone meets the other requirements of the fund sources, then the zone is eligible for the following ~~((funds relating to))~~ state programs:

(a) The local infrastructure financing tools and the local revitalization financing programs;

(b) The sales and use tax for public facilities in rural counties; ~~((and))~~

(c) Job skills; and

(d) The industry cluster grant program.

(7) An innovation partnership zone shall be designated as a zone for a four-year period. At the end of the four-year period, the zone must reapply for the designation through the department.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 2. RCW 43.162.005 and 2007 c 232 s 1 are each amended to read as follows:

The legislature finds that ((Washington's innovation and trade-driven economy has provided tremendous opportunities for citizens of the state, but that there is no guarantee that globally competitive firms will continue to grow and locate in the state. The current economic development system is fragmented among numerous programs, councils, centers, and organizations with inadequate overall coordination and insufficient guidance built into the system to ensure that the system is responsive to its customers. The current economic development system's data-gathering and evaluation methods are inconsistent and unable to provide adequate information for determining how well the system is performing on a regular basis so the system may be held accountable for its outcomes.

The legislature also finds that developing a comprehensive economic development strategic plan to guide the operation of effective economic development programs, including workforce training, infrastructure development, small business assistance, technology transfer, and export assistance, is vital to the state's efforts to increase the competitiveness of state businesses, encourage employment growth, increase state revenues, and generate economic well-being. There is a need for responsive and consistent involvement of the private sector in the state's economic development efforts. The legislature finds that there is a need for the development of coordination criteria for business recruitment, expansion, and retention activities carried out by the state and local entities. It is the intent of the legislature to create an economic development commission that will provide planning, coordination, evaluation, monitoring, and policy analysis and development for the state economic development system as a whole, and advice to the governor and legislature concerning the state economic development system)) in order to achieve long-term global competitiveness, prosperity, and economic opportunity for all the state's citizens, Washington state must become the most attractive, creative, and fertile investment environment for innovation in the world.

The legislature finds that the state must take a strategic approach to fostering an innovation economy, and that success will be driven by public and private sector leaders who are committed to developing and advocating a shared vision and collaborating across organizational and geographic boundaries.

The legislature intends therefore that (1) the Washington economic development commission be comprised of business, labor, academic, association, and government leaders, and (2) the commission's mission be to create and regularly update a comprehensive statewide economic development strategy to guide the

state's investments in economic development activities including: Infrastructure, talent and workforce development, technology transfer, trade, access to capital, and entrepreneurship.

Participation by that method constitutes presence in person at a meeting.

(c) The chair of the commission shall be a voting member ~~((selected by the governor with the consent of the senate, and shall serve at the pleasure of the governor. The chair may be reelected to serve additional terms. The chair or vice-chair may not be the director of an executive branch agency or a member of the legislature. A vice-chair shall also be elected by members of the commission and shall exercise the duties of the commission chair in his or her absence.

(2) Any registrant in good standing may withdraw from the practice of architecture by giving written notice to the director, and may within five years thereafter resume active practice upon payment of the then-current renewal fee. A registrant may be reinstated after a withdrawal of more than five years under such circumstances as the board determines.

(3) A registered architect must demonstrate professional development since the architect's last renewal or initial registration, as the case may be. The board shall by rule describe professional development activities acceptable to the board and the form of documentation of the activities required by the board. The board may decline to renew a registration if the architect's professional development activities do not meet the standards set by the board by rule. When adopting rules under the authority of this subsection, the board shall strive to ensure that the rules are consistent with the continuing professional education requirements and systems in use by national professional organizations representing architects and in use by other states.

(a) A registered architect shall, as part of his or her license renewal, certify that he or she has completed the required continuing professional development required by this section.

(b) The board may adopt reasonable exemptions from the requirements of this section.

NEW SECTION. Sec. 19. Sections 7 through 10 of this act take effect July 1, 2011.

NEW SECTION. Sec. 20. Section 5 of this act takes effect July 1, 2012, and all persons enrolled in an intern training program as approved by the board before July 1, 2012, shall be governed by the statute in effect at the time of enrollment in the program."

SSB 5668

Prime Sponsor, Committee on Financial Institutions, Housing & Insurance: Restricting the use of consignment contracts in the sale of used manufactured/mobile homes. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 21. The legislature finds that restricting the use of consignment contract sales of manufactured/mobile homes in favor of listing agreement sales by listing dealers or other vehicle dealers is necessary to protect the interests of homeowners, especially those who are elderly. Although a manufactured/mobile home is considered a vehicle, it is also a home, and those manufactured/mobile homes that are used as homes should not be sold strictly as a vehicle in the care of a dealer. The department of licensing by rule recognizes that a manufactured/mobile home is not simply a vehicle but a home.

The legislature also finds that a consignment contract is not transparent to the parties involved. The agent or dealer can easily hide or disguise terms of sale that can be detrimental to both the buyer and the seller and beneficial to the agent or dealer.

Therefore, the legislature intends this act to require the use of a listing agreement for the sale of a used manufactured/mobile home to ensure a transparent transaction between the parties.

NEW SECTION. Sec. 22. A new section is added to chapter 46.70 RCW to read as follows:

(1) As used in this section:

(a) "Consignment" means an arrangement where a vehicle dealer accepts delivery or entrustment of a vehicle and agrees to sell the vehicle on behalf of another.

(b) "Listing agreement" means a contract between a seller of a used manufactured/mobile home and a listing dealer to locate a willing buyer for the used manufactured/mobile home.

(2)(a) If a listing dealer or other vehicle dealer of manufactured/mobile homes acts on behalf of a seller for the sale and transfer of a used manufactured/mobile home, the listing dealer or other vehicle dealer shall use a listing agreement only and is prohibited from entering into a consignment contract if the used manufactured/mobile home:

(i) Exists as a finished home certified for occupancy and located in a manufactured/mobile home community or on private land; and

(ii) Is intended to remain at its location as a home, or will be moved to another manufactured/mobile home community or private land as a home, upon the sale and transfer of ownership.

(b) The listing agreement used under this subsection must state the amount of compensation to be paid to the listing dealer or other vehicle dealer for the sale of the used manufactured/mobile home, which may be expressed as a fixed dollar amount, a percentage of the sales price, or another means of compensation.

(3) The listing dealer or other vehicle dealer shall negotiate the purchase agreement between the seller and buyer of the used manufactured/mobile home, which must include the following procedure:

(a) All written purchase offers bearing the buyer's signature must immediately be delivered to the seller for acceptance or refusal.

(b) The seller accepts the purchase agreement by signing the offer. A copy of the purchase agreement must be delivered to the buyer immediately following the seller signing and accepting the offer as proof that the buyer's purchase offer was accepted.

(c) Any counteroffers or amendments to the purchase agreement must also bear the signatures of both the buyer and seller, and copies of the counteroffers or amendments must be delivered to each party.

(4) The listing dealer or other vehicle dealer must follow all other requirements under this chapter.

NEW SECTION. Sec. 23. A new section is added to chapter 46.70 RCW to read as follows:

A listing dealer or other vehicle dealer of manufactured/mobile homes acting on behalf of a seller for the sale and transfer of a used manufactured/mobile home shall complete and attach to any listing agreement the following notice:

NOTICE

The description and physical location of the used manufactured/mobile home to be sold under this listing agreement is .

Sec. 24. RCW 46.70.028 and 2000 c 131 s 2 are each amended to read as follows:

Dealers who transact dealer business by consignment shall obtain a consignment contract for sale and shall comply with applicable provisions of this chapter ((46.70 RCW)). The dealer shall place all funds received from the sale of the consigned vehicle in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the vehicle from these funds. Where title has been delivered to the purchaser, the dealer shall pay the amount due a consignor within ten days after the sale. However, in the case of a consignment from a licensed vehicle dealer from any state, the wholesale auto auction shall pay the consignor within twenty days. Dealers are also subject to the requirements of sections 2 and 3 of this act.

Sec. 25. RCW 46.70.029 and 2001 c 64 s 8 are each amended to read as follows:

Listing dealers shall transact dealer business by obtaining a listing agreement for sale, and the buyer's purchase of the mobile home shall be handled as dealer inventory. All funds from the purchaser shall be placed in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the mobile home from these funds. Where title has been delivered to the purchaser, the listing dealer shall pay the amount due a seller within ten days after the sale of a listed mobile home. A complete account of all funds received and disbursed shall be given to the seller or consignor after the sale is completed. The sale of listed mobile homes imposes the same duty under RCW 46.70.122 on the listing dealer as any other sale. Listing dealers are also subject to the requirements of sections 2 and 3 of this act."

ESB 6261 Prime Sponsor, Senator Marr: Addressing utility services collections against rental property.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.21.217 and 1998 c 285 s 1 are each amended to read as follows:

(1) Prior to furnishing utility services, a city or town may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by RCW 35.21.290 or 35.67.200. A city or town may determine how to apply partial payments on past due accounts.

(2) A city or town may provide a real property owner or the owner's designee with duplicates of tenant utility service bills, or may notify an owner or the owner's designee that a tenant's utility account is delinquent. However, if an owner or the owner's designee notifies the city or town in writing that a property served by the city or town is a rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the city or town shall notify the owner or the owner's designee of a tenant's delinquency at the same time and in the same manner the city or town notifies the tenant of the tenant's delinquency or by mail, and the city or town is prohibited from collecting from the owner or the owner's designee any charges for electric light or power services more than four months past due. When a city or town provides a real property owner or the owner's designee with duplicates of tenant utility service bills or notice that a tenant's utility account is delinquent, the city or town shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee.

(3) After ~~(January 1, 1999)~~ August 1, 2010, if a city or town fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by this subsection, the city or town shall have no lien against the premises for the tenant's delinquent and unpaid charges and is prohibited from collecting the tenant's delinquent and unpaid charges for electric light or power services from the owner or the owner's designee.

(4) When a utility account is in a tenant's name, the owner or the owner's designee shall notify the city or town in writing within fourteen days of the termination of the rental agreement and vacation of the premises. If the owner or the owner's designee fails to provide this notice, a city or town providing electric light or power services is not limited to collecting only up to four months of a tenant's delinquent charges from the owner or the owner's designee, provided that the city or town has complied with the notification requirements of subsection (3) of this section.

(5)(a) When service is provided through a master meter, when the address of the real property owner is different from the address of the property served, or when the city or town has been previously notified that a tenant resides at the property served, the city or town shall provide notice of pending disconnection to the service address at least ten calendar days prior to disconnection, so that any tenant has an opportunity to resolve the delinquency or dispute with his or her landlord or to arrange for continued service by opening his or her own utility service account. If requested, a city or town shall provide utility service to a tenant on the same terms and conditions as other utility customers, without requiring that he or she pay delinquent amounts for services owed by the property owner or a previous tenant.

(b) This subsection does not affect the validity of any lien authorized by RCW 35.21.290 or 35.67.200. Furthermore, a city or town who allows a tenant to open his or her own utility service account in these circumstances shall retain the right to collect any

delinquent amounts due for service previously provided from the property owner, previous tenant, or both.

Sec. 2. RCW 35.21.290 and 1965 c 7 s 35.21.290 are each amended to read as follows:

~~Except as provided in RCW 35.21.217(4), cities and towns owning their own waterworks, or electric light or power plants shall have a lien against the premises to which water, electric light, or power services were furnished for four months charges therefor due or to become due, but not for any charges more than four months past due(= PROVIDED, That the owner of the premises or the owner of a delinquent mortgage thereon may give written notice to the superintendent or other head of such works or plant to cut off service to such premises accompanied by payment or tender of payment of the then delinquent and unpaid charges for such service against the premises together with the cut off charge, whereupon the city or town shall have no lien against the premises for charges for such service thereafter furnished, nor shall the owner of the premises or the owner of a delinquent mortgage thereon be held for the payment thereof).~~"

NEW SECTION. Sec. 4. There is created a nonprofit corporation to be known as the Washington vaccine association. The association is formed for the primary purpose of collecting and remitting adequate funds from health carriers and third-party administrators for the cost of vaccines provided to certain children in Washington state. The association may also undertake other activities in support of a broader private/public initiative to protect Washington's children from the effects of preventable infectious diseases through increasing immunization rates. Costs of activities undertaken in support of a broader initiative to increase immunization rates cannot be financed through assessments under this chapter.

NEW SECTION. Sec. 5. (1) The association is comprised of all health carriers issuing or renewing health benefit plans in Washington state and all third-party administrators conducting business on behalf of residents of Washington state or Washington health care providers and facilities. Third-party administrators are subject to registration under section 9 of this act.

(b) Prepare and adopt a plan of operation;

(c) Submit the plan of operation to the secretary for approval;

(d) Conduct all activities in accordance with the approved plan of operation;

(e) Enter into contracts as necessary or proper to collect and disburse the assessment;

(f) Enter into contracts as necessary or proper to administer the plan of operation;

(g) Sue or be sued, including taking any legal action necessary or proper for the recovery of any assessment for, on behalf of, or against members of the association or other participating person;

(h) Appoint, from among its directors, committees as necessary to provide technical assistance in the operation of the association, including the hiring of independent consultants as necessary;

(i) Obtain such liability and other insurance coverage for the benefit of the association, its directors, officers, employees, and agents as may in the judgment of the board of directors be helpful or necessary for the operation of the association;

(j) By May 1, 2010, establish the estimated amount of the assessment needed for the period of May 1, 2010, through December 31, 2010, based upon the estimate provided to the association under section 4(1) of this act; and notify, in writing, each health carrier and third-party administrator of the health carrier's or third-party administrator's total assessment for this period by May 15, 2010;

(k) On an annual basis, beginning no later than November 1, 2010, and by November 1st of each year thereafter, establish the estimated amount of the assessment;

(l) Notify, in writing, each health carrier and third-party administrator of the health carrier's or third-party administrator's estimated total assessment by November 15th of each year;

(m) Submit a periodic report to the secretary listing those health carriers or third-party administrators that failed to remit their assessments and audit health carrier and third-party administrator books and records for accuracy of assessment payment submission;

(n) Allow each health carrier or third-party administrator no more than ninety days after the notification required by (l) of this subsection to remit any amounts in arrears or submit a payment plan, subject to approval by the association and initial payment under an approved payment plan;

(p) Borrow and repay such working capital, reserve, or other funds as, in the judgment of the board of directors, may be helpful or necessary for the operation of the association; and

(q) Perform any other functions as may be necessary or proper to carry out the plan of operation and to affect any or all of the purposes for which the association is organized.

(6) The secretary shall convene the initial meeting of the association board of directors.

NEW SECTION. Sec. 6. (1) The secretary shall estimate the total nonfederal program cost for the upcoming calendar year by October 1, 2010, and October 1st of each year thereafter. Additionally, the secretary shall subtract any amounts needed to serve children enrolled in state purchased health care programs covering low-income children for whom federal vaccine funding is not available, and report the final amount to the association. In addition,

the secretary shall perform such calculation for the period of May 1st through December 31st, 2010, as soon as feasible but in no event later than April 1, 2010. The estimates shall be timely communicated to the association.

(2) The board of directors of the association shall determine the method and timing of assessment collection in consultation with the department of health. The board shall use a formula designed by the board to ensure the total anticipated nonfederal program cost, minus costs for other children served through state-purchased health care programs covering low-income children, calculated under subsection (1) of this section, is collected and transmitted to the universal vaccine purchase account created in RCW 43.70.720 in order to ensure adequacy of state funds to order state-supplied vaccine from federal centers for disease control and prevention.

(3) Each licensed health carrier and each third-party administrator on behalf of its client health benefit plans, must be assessed and is required to timely remit payment for its share of the total amount needed to fund nonfederal program costs calculated by the department of health. Such an assessment includes additional funds as determined necessary by the board to cover the reasonable costs for the association's administration. The board shall determine the assessment methodology, with the intent of ensuring that the nonfederal costs are based on actual usage of vaccine for a health carrier or third-party administrator's covered lives. State and local governments and school districts must pay their portion of vaccine expense for covered lives under this chapter.

(4) The board of the association shall develop a mechanism through which the number and cost of doses of vaccine purchased under this chapter that have been administered to children covered by each health carrier and each third-party administrator's client health benefit plans are attributed to each such health carrier and third-party administrator. Except as otherwise permitted by the board, this mechanism must include at least the following: Date of service; patient name; vaccine received; and health benefit plan eligibility. The data must be collected and maintained in a manner consistent with applicable state and federal health information privacy laws. Beginning November 1, 2011, and each November 1st thereafter, the board shall factor the results of this mechanism for the previous year into the determination of the appropriate assessment amount for each health carrier and third-party administrator for the upcoming year.

(5) For any year in which the total calculated cost to be received from association members through assessments is less than the total nonfederal program cost, the association must pay the difference to the state for deposit into the universal vaccine purchase account established in RCW 43.70.720. The board may assess, and the health carrier and third-party administrators are obligated to pay, their proportionate share of such costs and appropriate reserves as determined by the board.

(6) The aggregate amount to be raised by the association in any year may be reduced by any surpluses remaining from prior years.

(7) In order to generate sufficient start-up funding, the association may accept prepayment from member health carriers and third-party administrators, subject to offset of future amounts otherwise owing or other repayment method as determined by the board. The initial deposit of start-up funding must be deposited into the universal vaccine purchase account on or before April 30, 2010.

NEW SECTION. Sec. 7. (1) The board of the association shall establish a committee for the purposes of developing recommendations to the board regarding selection of vaccines to be purchased in each upcoming year by the department. The committee must be composed of at least five voting board members, including at least three health carrier or third-party administrator members, one physician, and the secretary or the secretary's designee. The committee must also include a representative of vaccine manufacturers, who is a nonvoting member of the committee. The representative of vaccine manufacturers must be chosen by the

secretary from a list of three nominees submitted collectively by vaccine manufacturers on an annual basis.

(2) In selecting vaccines to purchase, the following factors should be strongly considered by the committee: Patient safety and clinical efficacy, public health and purchaser value, patient and provider choice, and stability of vaccine supply.

NEW SECTION. Sec. 8. In addition to the duties and powers enumerated elsewhere in this chapter:

(1) The association may, pursuant to either vote of its board of directors or request of the secretary, audit compliance with reporting obligations established under the association's plan of operation. Upon failure of any entity that has been audited to reimburse the costs of such audit as certified by vote of the association's board of directors within forty-five days of notice of such vote, the secretary shall assess a civil penalty of one hundred fifty percent of the amount of such costs.

(2) The association may establish an interest charge for late payment of any assessment under this chapter. The secretary shall assess a civil penalty against any health carrier or third-party administrator that fails to pay an assessment within three months of notification under section 3 of this act. The civil penalty under this subsection is one hundred fifty percent of such assessment.

(3) The secretary and the association are authorized to file liens and seek judgment to recover amounts in arrears and civil penalties, and recover reasonable collection costs, including reasonable attorneys' fees and costs. Civil penalties so levied must be deposited in the universal vaccine purchase account created in RCW 43.70.720.

(4) The secretary may adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this section.

NEW SECTION. Sec. 9. The board of directors of the association shall submit to the secretary, no later than one hundred twenty days after the close of the association's fiscal year, a financial report in a form approved by the secretary.

NEW SECTION. Sec. 10. No liability on the part of, and no cause of action of any nature, shall arise against any member of the board of the association, against an employee or agent of the association, or against any health care provider for any lawful action taken by them in the performance of their duties or required activities under this chapter.

NEW SECTION. Sec. 11. A new section is added to chapter 43.24 RCW to read as follows:

(1)(a) Beginning September 1, 2010, a third-party administrator must register with the department of licensing and renew its registration on an annual basis thereafter prior to December 31st of each year, or within ten days after the registrant changes its name, business name, business address, or business telephone number, whichever occurs sooner.

(b) The registrant shall pay the registration or renewal fee established by the department of licensing as provided in RCW 43.24.086.

(c) Any person or entity that is acting as or holding itself out to be a third-party administrator while failing to have registered under this section is subject to a civil penalty of not less than one thousand dollars nor more than ten thousand dollars for each violation. The civil penalty is in addition to any other penalties that may be imposed for violations of other laws of this state.

(2) For the purposes of this section, "third-party administrator" has the same meaning as defined in section 1 of this act.

(3) The department of licensing may adopt rules under chapter 34.05 RCW as necessary to implement this section.

Sec. 12. RCW 43.70.720 and 2009 c 564 s 934 are each amended to read as follows:

The universal vaccine purchase account is created in the custody of the state treasurer. Receipts from public and private sources for the purpose of increasing access to vaccines for children may be deposited into the account. Expenditures from the account must be

used exclusively for the purchase of vaccines, at no cost to health care providers in Washington, to administer to children under nineteen years old who are not eligible to receive vaccines at no cost through federal programs. Only the secretary or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 13. Sections 1 through 8 and 12 through 14 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 14. (1) The association board may, on or after June 30, 2015, vote to recommend termination of the association if it finds that the original intent of its formation and operation, which is to ensure more cost-effective purchase and distribution of vaccine than if provided through uncoordinated purchase by health care providers, has not been achieved. The association board shall provide notice of the recommendation to the relevant policy and fiscal committees of the legislature within thirty days of the vote being taken by the association board. If the legislature has not acted by the last day of the next regular legislative session to reject the board's recommendation, the board may vote to permanently dissolve the association.

(2) In the event of a voluntary or involuntary dissolution of the association, funds remaining in the universal purchase vaccine account created in RCW 43.70.720 that were collected under this chapter must be returned to the member health carrier and third-party administrators in proportion to their previous year's contribution, from any balance remaining following the repayment of any prepayments for start-up funding not previously recouped by such member.

NEW SECTION. Sec. 15. Physicians and clinics ordering state supplied vaccine must ensure they have billing mechanisms and practices in place that enable the association to accurately track vaccine delivered to association members' covered lives and must submit documentation in such a form as may be prescribed by the board in consultation with state physician organizations. Physicians and other persons providing childhood immunization are strongly encouraged to use state supplied vaccine whenever possible. Nothing in this chapter prohibits health carriers and third-party administrators from denying claims for vaccine serum costs when the serum or serums providing similar protection are provided or available via state supplied vaccine.

NEW SECTION. Sec. 16. If the requirement that any segment of health carriers, third-party administrators, or state or local governmental entities provide funding for the program established in this chapter is invalidated by a court of competent jurisdiction, the board of the association may terminate the program one hundred twenty days following a final judicial determination on the matter.

NEW SECTION. Sec. 17. A new section is added to chapter 48.43 RCW to read as follows:

Assessments paid by carriers under section 4 of this act may be considered medical expenses for purposes of rate setting and regulatory filings.

NEW SECTION. Sec. 18. A new section is added to chapter 82.04 RCW to read as follows:

This chapter does not apply to assessments described in sections 3 and 4 of this act received by a nonprofit corporation established under section 2 of this act.

NEW SECTION. Sec. 19. A new section is added to chapter 84.36 RCW to read as follows:

(1) Real and personal property owned by a nonprofit corporation established under section 2 of this act and used primarily for the purposes described in section 2 of this act is exempt from property taxation.

(2) The conditions of RCW 84.36.805(2) do not apply to property exempt under this section.

NEW SECTION. Sec. 20. This act is necessary for the immediate preservation of the public peace, health, or safety, or

support of the state government and its existing public institutions, and takes effect immediately."

E2SSB 6267 Prime Sponsor, Committee on Ways & Means: Regarding water right processing improvements. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 21. Water is an essential element for economic prosperity and it generates new, family-wage jobs and state revenues. It is the intent of the legislature to provide both water right applicants and the department of ecology with the necessary tools to expedite the processing of water right applications depending on the needs of the project and agency workload.

NEW SECTION. Sec. 22. Sufficient resources to support the department of ecology's water resource program are essential for effective and sustainable water management that provides certainty to processed applications. The department of ecology shall review current water resource functions and report to the legislature and the governor by September 1, 2010, on improvements to make the program more self-sustaining and efficient.

Sec. 23. RCW 90.03.265 and 2003 c 70 s 6 are each amended to read as follows:

(1)(a) Any applicant for a new withdrawal or a change, transfer, or amendment of a water right pending before the department(,) may initiate a cost-reimbursement agreement with the department to provide expedited review of the application. A cost-reimbursement agreement may (~~only~~) be initiated under this section if the applicant agrees to pay for, or as part of a cooperative effort agrees to pay for, the cost of processing his or her application and all other applications from the same source of supply which must be acted upon before the applicant's request because they were filed prior to the date of when the applicant filed.

(b) The requirement to pay for the cost of other applications under (a) of this subsection does not apply to an application for a new appropriation that would not diminish the water available to earlier pending applicants for new appropriations from the same source of supply.

(c) The requirement to pay for the cost of processing other applications under (a) of this subsection does not apply to an application for a change, transfer, or other amendment that would not diminish the water available to earlier pending applicants for changes or transfers from the same source of supply.

(d) In determining whether an application would not diminish the water available to earlier pending applicants, the department shall consider any water impoundment or other water resource management mitigation technique proposed by the applicant under RCW 90.03.255 or 90.44.055.

(e) The department may enter into cost-reimbursement agreements provided resources are available and shall use the process established under RCW 43.21A.690 for entering into cost-reimbursement agreements. The department's share of work related to a cost-reimbursement application, such as final certificate approval,

must be prioritized within the framework of other water right processing needs and as determined by agency rule.

(f) Each individual applicant is responsible for his or her own appeal costs that may result from a water right decision made by the department. In the event that the department's approval of an application is appealed under chapter 43.21B RCW by a third party, the applicant for the water right in question must reimburse the department for the cost of defending the decision before the pollution control hearings board unless otherwise agreed to by the applicant and the department. If an applicant appeals either an approval or a denial by the department, the applicant is responsible only for its own appeal costs.

(2) In pursuing a cost-reimbursement project, the department must determine the source of water proposed to be diverted or withdrawn from, including the boundaries of the area that delimits the source. The department must determine if any other water right permit applications are pending from the same source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department finds they are hydraulically connected. The department shall consider technical information submitted by the applicant in making its determinations under this subsection. The department may recover from a cost-reimbursement applicant its own costs in making the same source determination under this subsection.

(3) Upon request of the applicant seeking cost-reimbursement processing, the department may elect to initiate a coordinated cost-reimbursement process. To initiate this process, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that cost-reimbursement processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on a cost-reimbursement basis;

(d) Provide an estimate of how long the cost-reimbursement process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the cost-reimbursement process.

(4) The applicant initiating the cost-reimbursement request must pay for the cost of the determination under subsections (2) and (3) of this section and other costs necessary for the initial phase of cost-reimbursement processing. The cost for each applicant for conducting processing under a coordinated cost-reimbursement agreement must be based primarily on the proportionate quantity of water requested by each applicant. The cost may be adjusted if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity.

(5)(a) Only the department may approve or deny a water right application processed under this section, and such a final decision remains solely the responsibility and function of the department. The department retains full authority to amend, refuse, or approve any work product provided by any consultant under this section. The department may recover its costs related to: (i) The review of a contractor to ensure that no conflict of interest exists; (ii) the management of consultant contracts and cost-reimbursement agreements; and (iii) the review of work products provided by participating consultants.

(b) For any cost-reimbursement process initiated under subsection (1) of this section, the applicant may, after consulting with the department, select a prequalified consultant listed by the department under subsection (7) of this section or may be assigned such a prequalified consultant by the department.

(c) For any coordinated cost-reimbursement process initiated under subsection (2) of this section, the applicant may, after consulting with the department, select a prequalified consultant listed by the department under subsection (7) of this section or may be assigned a prequalified consultant by the department.

(d) In lieu of having one or more of the work products performed by a prequalified consultant listed under subsection (7) of this section, the department may, at its discretion, recognize specific work completed by an applicant or an applicant's consultant prior to the initiation of cost-reimbursement processing. The department may also, at its discretion, authorize the use of such a consultant to perform a specific scope of the work performed by prequalified consultants listed under subsection (7) of this section.

(e) At any point during the cost-reimbursement process, the department may request or accept technical information, data, and analysis from the applicant or the applicant's consultant to support the cost-reimbursement process or the department's decision on the application.

(6) The department is authorized to adopt rules or guidance providing minimum qualifications and standards for any consultant's submission of work products under this section, including standards for submission of technical information, scientific analysis, work product documentation, and report presentation that such a consultant must meet.

(7) The department must provide notice to potential consultants of the opportunity to be considered for inclusion on the list of cost-reimbursement consultants to whom work assignments will be made. The department must competitively select an appropriate number of consultants who are qualified by training and experience to investigate and make recommendations on the disposition of water right applications. The prequalified consultant list must be renewed at least every six years, though the department may add qualified cost-reimbursement consultants to the list at any time. The department must enter a master contract with each consultant selected and thereafter make work assignments based on availability and qualifications.

(8) The department may remove any consultant from the consultant list for poor performance, malfeasance, or excessive complaints from cost-reimbursement participants. The department may interview any cost-reimbursement consultant to determine whether the person is qualified for this work, and must spot-check the work of consultants to ensure that the public is being competently served.

(9) When a prequalified cost-reimbursement consultant from the department's list described in subsection (7) of this section is assigned or selected to investigate an application or set of applications, the consultant must document its findings and recommended disposition in the form of written draft technical reports and preliminary draft reports of examination. Within two weeks of the department receiving draft technical reports and preliminary draft reports of examination, the department shall provide the applicant such documents for review and comment prior to their completion by the consultant. The department shall consider such comments by the applicant prior to the department's issuance of a draft report of examination. The department may modify the preliminary draft reports of examination submitted by the consultant. The department's decision on a permit application is final unless it is appealed to the pollution control hearings board under chapter 43.21B RCW.

(10) If an applicant elects not to participate in a cost-reimbursement process, the application remains on file with the department, retains its priority date, and may be processed in the

future under regular processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW.

NEW SECTION. Sec. 24. A new section is added to chapter 90.03 RCW to read as follows:

The water rights processing account is created in the state treasury. All receipts from the fees collected under sections 5, 7, and 12 of this act must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account may only be used to support the processing of water right applications for a new appropriation, change, transfer, or amendment of a water right as provided in this chapter and chapters 90.42 and 90.44 RCW or for the examination, certification, and renewal of certification of water right examiners as provided in section 7 of this act.

NEW SECTION. Sec. 25. A new section is added to chapter 90.03 RCW to read as follows:

(1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that expedited processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;

(d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that the application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written

request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed through regular processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing shall be used to reimburse the other applicants who participated in the previous expedited processing of applications, provided sufficient proceeds remain to fully cover the department's cost of processing the delayed entry application and the department's estimated administrative costs to reimburse the previously expedited applicants.

NEW SECTION. Sec. 26. A new section is added to chapter 90.03 RCW to read as follows:

The department must post notice on its web site and provide electronic notice and opportunity for comment to affected federally recognized tribal governments concurrently when providing notice to applicants under RCW 90.03.265 and sections 5 and 12 of this act.

NEW SECTION. Sec. 27. A new section is added to chapter 90.03 RCW to read as follows:

(1) The department shall establish and maintain a list of certified water right examiners. Certified water right examiners on the list are eligible to perform final proof examinations of permitted water uses leading to the issuance of a water right certificate under RCW 90.03.330. The list must be updated annually and must be made available to the public through written and electronic media.

(2) In order to qualify, an individual must be registered in Washington as a professional engineer, professional land surveyor, or registered hydrogeologist, or an individual must demonstrate at least five years of applicable experience to the department, or be a board member of a water conservancy board. Qualified individuals must also pass a written examination prior to being certified by the department. Such an examination must be administered by either the department or an entity formally approved by the department. Each certified water right examiner must demonstrate knowledge and competency regarding:

- (a) Water law in the state of Washington;
- (b) Measurement of the flow of water through open channels and enclosed pipes;
- (c) Water use and water level reporting;
- (d) Estimation of the capacity of reservoirs and ponds;
- (e) Irrigation crop water requirements;
- (f) Aerial photo interpretation;
- (g) Legal descriptions of land parcels;
- (h) Location of land and water infrastructure through the use of maps and global positioning;
- (i) Proper construction and sealing of well bores; and
- (j) Other topics related to the preparation and certification of water rights in Washington state.

(3) Except as provided in subsection (9) of this section, upon completion of a water appropriation and putting water to beneficial use, in order to receive a final water right certificate, the permit holder must secure the services of a certified water right examiner who has been tested and certified by the department. The examiner shall carry out a final examination of the project to verify its completion and to determine and document for the permit holder and the department the amount of water that has been appropriated for beneficial use, the location of diversion or withdrawal and conveyance facilities, and the

actual place of use. The examiner shall take measurements or make estimates of the maximum diversion or withdrawal, the capacity of water storage facilities, the acreage irrigated, the type and number of residences served, the type and number of stock watered, and other information relevant to making a final determination of the amount of water beneficially used. The examiner shall make photographs of the facilities to document the use or uses of water and the photographs must be submitted with the examiner's report to the department. The department shall specify the format and required content of the reports and may provide a form for that purpose.

(4) The department may suspend or revoke a certification based on poor performance, malfeasance, failure to acquire continuing education credits, or excessive complaints from the examiner's customers. The department may require the retesting of an examiner. The department may interview any examiner to determine whether the person is qualified for this work. The department shall spot-check the work of examiners to ensure that the public is being competently served. Any person aggrieved by an order of the department including the granting, denial, revocation, or suspension of a certificate issued by the department under this chapter may appeal pursuant to chapter 43.21B RCW.

(5) The decision regarding whether to issue a final water right certificate is solely the responsibility and function of the department.

(6) The department shall make its final decision under RCW 90.03.330 within sixty days of the date of receipt of the proof of examination from the certified water right examiner, unless otherwise requested by the applicant.

(7) Each certified water right examiner must complete eight hours annually of qualifying continuing education in the water resources field. The department shall determine and specify the qualifying continuing education and shall inform examiners of the opportunities. The department shall track whether examiners are current in their continuing education and may suspend the certification of an examiner who has not complied with the continuing education requirement.

(8) Each certified water right examiner must be bonded for at least fifty thousand dollars.

(9) The department may waive the requirement to secure the services of a certified water right examiner in situations in which the department deems it unnecessary for purposes of issuing a certificate of water right.

(10) The department shall establish and collect fees for the examination, certification, and renewal of certification of water right examiners. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. Pursuant to RCW 43.135.055, the department is authorized to set fees for examination, certification, and renewal of certification for water right examiners.

(11) The department may adopt rules appropriate to carry out the purposes of this section.

Sec. 28. RCW 90.14.065 and 1987 c 93 s 1 are each amended to read as follows:

~~(1)(a)~~ Any person or entity, or successor to such person or entity, having a statement of claim on file with the water rights claims registry ~~((on April 20, 1987,))~~ may submit to the department of ecology for filing ~~(?)~~ an amendment to such a statement of claim if the submitted amendment is based on:

~~((1))~~ ~~(i)~~ An error in estimation of the quantity of the applicant's water claim prescribed in RCW 90.14.051 if the applicant provides reasons for the failure to claim such right in the original claim;

~~((2))~~ ~~(ii)~~ A change in circumstances not foreseeable at the time the original claim was filed, if such change in circumstances relates only to the manner of transportation or diversion of the water and not to the use or quantity of such water; or

~~((3))~~ ~~(iii)~~ The amendment is ministerial in nature.

(b) The department shall accept any such submission and file the same in the registry unless the department by written determination concludes that the requirements of (a)(i), (ii), or (iii) of this subsection ((1), (2), or (3) of this section) have not been satisfied.

(2) In addition to subsection (1) of this section, a surface water right claim may be changed or transferred in the same manner as a permit or certificate under RCW 90.03.380, and a water right claim for groundwater may be changed or transferred as provided under RCW 90.03.380 and 90.44.100.

(3) Any person aggrieved by a determination of the department may obtain a review thereof by filing a petition for review with the pollution control hearings board within thirty days of the date of the determination by the department. The provisions of RCW 90.14.081 shall apply to any amendment filed or approved under this section.

Sec. 29. RCW 90.44.100 and 2009 c 183 s 16 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (b) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" of a water right permit or certificate is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well. The location of the

original well or wells of a water right claim filed under chapter 90.14 RCW is the area located within a one-quarter mile radius of the current well or wells.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

(6) This section does not apply to a water right involved in an approved local water plan created under RCW 90.92.090 or a banked water right under RCW 90.92.070.

Sec. 30. RCW 90.44.100 and 2003 c 329 s 3 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (b) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" of a water right permit or certificate is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well. The location of the original well or wells of a water right claim filed under chapter 90.14

RCW is the area located within a one-quarter mile radius of the current well or wells.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

NEW SECTION. Sec. 31. A new section is added to chapter 90.44 RCW to read as follows:

Applications to appropriate groundwater under a cost-reimbursement agreement must be processed in accordance with RCW 90.03.265 when an applicant requests the assignment of a cost-reimbursement consultant as provided in RCW 43.21A.690.

NEW SECTION. Sec. 32. A new section is added to chapter 90.44 RCW to read as follows:

(1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

- (a) Inform those applicants that expedited processing of applications within the described water source is being initiated;
- (b) Provide to individual applicants the criteria under which the applications will be examined and determined;
- (c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;
- (d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and
- (e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed through regular processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing shall be used to reimburse the other applicants who participated in the previous expedited processing of applications, provided sufficient proceeds remain to fully cover the department's cost of processing the delayed entry application and the department's estimated administrative costs to reimburse the previously expedited applicants.

ESSB 6289 Prime Sponsor, Committee on Environment, Water & Energy: Protecting lake water quality by reducing phosphorus from lawn fertilizers. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 36.** (1) The legislature finds that:

(a) Phosphorus loading of surface waters can stimulate the growth of weeds and algae and that this growth can have adverse environmental, health, and aesthetic effects;

(b) Lawn fertilizers contribute to phosphorus loading. Limits on turf fertilizer containing phosphorus can significantly reduce the discharge of phosphorus into the state's ground and surface waters;

(c) Turf fertilizers containing no or very low amounts of phosphorus are readily available and maintaining established turf in a healthy and green condition is not dependent upon the addition of phosphorus fertilizers; and

(d) While significant reductions of phosphorus from laundry detergent and dishwashing detergent have been achieved, similar progress in reducing phosphorus contributions from turf fertilizer has not been accomplished.

(2) It is the intent of the legislature that this chapter significantly limit the use of fertilizers containing the plant nutrient phosphorus.

NEW SECTION. Sec. 37. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Director" means the director of the department of ecology.

(3)(a) "Fertilizer" includes any substance containing one or more recognized plant nutrients, and that is either used for its plant nutrient content or is designated for use or claimed to have value in promoting plant growth, or both. "Fertilizer" includes gypsum and manipulated animal and vegetable manures.

(b) "Fertilizer" does not include:

(i) Unmanipulated animal and vegetable material, organic waste-derived materials, substances containing phosphorus derived solely

from natural organic sources, and other products exempted by the department by rule;

(ii) Calcium carbonate (lime) and anhydrous ammonia;

(iii) Materials including, but not limited to, compost biosolids, municipal sewage sludge, or slow release fertilizer used in compliance with best practices developed by the Washington State University extension service, or products derived therefrom, that are regulated under chapter 70.95 or 70.95J RCW or rules adopted under those chapters; and

(iv) Materials using waste manure from confined animal feeding operations as the primary feedstock and manufactured as a biotic fertilizer in a manner that balances the pH of the material and reduces the leaching of phosphorus.

(4) "Impervious surface" means a highway, street, sidewalk, parking lot, driveway, or other artificial surface that prevents infiltration of water into the soil.

(5) "Turf" means noncrop land planted in closely mowed, managed grasses on residential property. Turf does not include managed pasture, hayland, hay, turf grown on turf farms, home or commercial vegetable production, horticultural beds, flower beds, general landscaping, or any other form of agricultural production.

NEW SECTION. Sec. 38. (1) Except as provided in subsection (2) of this section, after January 1, 2012, a person may not apply to turf a fertilizer containing the plant nutrient phosphorus.

(2) Subsection (1) of this section does not apply when:

(a) Applying a solid fertilizer containing less than 0.67 percent phosphate by weight or a liquid fertilizer applied at a rate not greater than 0.3 pounds of phosphate per one thousand square feet of turf;

(b) Laboratory test results or other certifications by a turf specialist performed within the three years previous to the application indicates that the level of available phosphorus in the soils is insufficient to support healthy turf growth. The level of phosphorus needed to support healthy turf and the agronomic application rate must be determined by Washington State University; or

(c) The property owner or an agent of the property owner is first establishing turf via seed or sod procedures and only during the first growing season.

(3)(a) This section does not apply to the application of turf fertilizer for agricultural uses.

(b) This section does not apply to the application of turf fertilizer for golf courses.

NEW SECTION. Sec. 39. A person may not apply a fertilizer to an impervious surface. Fertilizer released on an impervious surface must be immediately contained and either legally applied to turf or another legal site or returned to the original container or another appropriate container.

NEW SECTION. Sec. 40. (1) The department may issue a notice of corrective action to a person in violation of section 3 or 4 of this act.

(2) A city or county may adopt an ordinance providing for enforcement of the requirements of sections 3 and 4 of this act. A city or county adopting an ordinance has jurisdiction concurrent with the department to enforce this section.

NEW SECTION. Sec. 41. The department may produce consumer information on the application restrictions under section 3 of this act and on recommended best practices for turf fertilizer and other residential landscaping uses. The consumer information must be produced in consultation with the Washington State University extension service, fertilizer industry representatives, lakes health organizations, and other interested parties. The consumer information must be in a format and of a content suitable for posting and distribution at retail points of sale of fertilizer that contains phosphorus for use on turf.

NEW SECTION. Sec. 42. Sections 1 through 6 of this act constitute a new chapter in Title 90 RCW."

(b) The food and agriculture industry generates forty-two billion dollars annually, employs one hundred sixty thousand people, and contributes thirteen percent to the state's economy;

(c) Agriculture is a leading employer in the state, produces over three hundred different crops, and is composed of many diverse types of agricultural endeavors;

(d) Washington state continues to lose approximately seventy thousand acres of farmland every year to nonfarming uses and the average age of farmers in the state is fifty-seven;

(e) Washington is currently ranked twenty-eighth in the nation for very low food security with one hundred twelve thousand households experiencing hunger, a twenty-four percent increase from 2008;

(h) The current food system in Washington state is complex and directly affected by the activities and policies of multiple nongovernmental organizations, state agencies, and local governments, and a coordinated, systemic approach is necessary to improve the health of Washington's citizens and improve the economic viability of agriculture.

(2) The legislature recognizes the need to understand the impacts of governmental rules and regulations on the viability of the agricultural sector and on the ability of citizens of all backgrounds to obtain sufficient, high quality foods for themselves and their families.

(3) The purpose of this act is to provide for the establishment of a forum whereby state food policy, food-related programs, and food-related issues can be examined, improved, and better integrated to accomplish the overarching public goals. It is the intent of the legislature to place the state in a favorable position to qualify for available federal funds, moneys from foundations, and other sources to fund the activities of the forum.

(2) A small farm may employ no more than three interns per year under this section.

(3) A small farm must apply for a special certificate on a form made available by the director. The application must set forth: the name of the farm and a description of the farm seeking the certificate; the type of work to be performed by a farm intern; a description of the internship program; the period of time for which the certificate is sought and the duration of an internship; the number of farm interns for which a special certificate is sought; the wages, if any, that will be paid to the farm intern; any room and board, stipends, and other

(d) A farm intern will not displace an experienced worker; and

(e) The farm demonstrates that the interns will perform work for the farm under an internship program that: (i) Provides a curriculum of learning modules and supervised participation in farm work activities designed to teach farm interns about farming practices and farm enterprises; (ii) is based on the bona fide curriculum of an educational or vocational institution; and (iii) is reasonably designed to provide the intern with vocational knowledge and skills about farming practices and enterprises. A farm worker may be paid at wages specified in the certificate only during the effective period of the certificate and for the duration of the internship.

(5) If the department denies an application for a special certificate, notice of denial must be mailed to the farm. The farm listed on the application may, within fifteen days after notice of such action has been mailed, file with the director a petition for review of the denial, setting forth grounds for seeking such a review. If reasonable grounds exist, the director or the director's authorized representative may grant such a review and, to the extent deemed appropriate, afford all interested persons an opportunity to be heard on such review.

(6) Before employing a farm intern, a farm must submit a statement on a form made available by the director stating that the farm understands: The requirements of the industrial welfare act, chapter 49.12 RCW, that apply to farm interns; that the farm must pay workers' compensation premiums in the assigned intern risk class and must pay workers' compensation premiums for non-intern work hours in the applicable risk class; and that if the farm does not comply with subsection (7) of this section, the director may revoke the special certificate.

(8) Before the start of a farm internship, the farm and the intern must sign a written agreement and send a copy of the agreement to the department. The written agreement must, at a minimum:

(a) Services performed on a farm, in the employ of any person, in connection with the cultivation of the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and furbearing animals and wild life, or in the employ of the owner or tenant or other operator of a farm in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment;

(b) Services performed in packing, packaging, grading, storing, or delivering to storage, or to market or to a carrier for transportation to market, any agricultural or horticultural commodity; but only if such service is performed as an incident to ordinary farming operations. The exclusions from the term "employment" provided in this subsection (b) shall not be deemed to be applicable with respect to commercial packing houses, commercial storage establishments, commercial canning, commercial freezing, or any other commercial processing or with respect to services performed in connection with the cultivation, raising, harvesting and processing of oysters or raising and harvesting of mushrooms; or

(c) Direct local sales of any agricultural or horticultural commodity after its delivery to a terminal market for distribution or consumption.

Sec. 61. RCW 70.94.151 and 2008 c 14 s 5 are each amended to read as follows:

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration or reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. In the case of emissions of greenhouse gases as defined in RCW 70.235.010 the department shall adopt rules requiring reporting of those emissions. The department or board may require that such registration or reporting be accompanied by a fee, and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration or reporting program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering or other reliable analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration and reporting with any other board or the department, except that emissions of greenhouse gases as defined in RCW 70.235.010 must be reported as required under subsection (5) of this section.

All registration program and reporting fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.

(4) For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;

(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW; and

(c) "Grain" means a grain or a pulse.

(5)(a) The department shall adopt rules requiring ~~((the reporting of)) persons to report~~ emissions of greenhouse gases as defined in RCW 70.235.010 ~~((The rules must include a de minimis amount of emissions below which reporting will not be required for both indirect and direct emissions. The rules must require that emissions of greenhouse gases resulting from the burning of fossil fuels be reported separately from emissions of greenhouse gases resulting from the burning of biomass. Except as provided in (b) of this subsection, the department shall, under the authority granted in subsection (1) of this section, adopt rules requiring any owner or operator: (i) Of a fleet of on road motor vehicles that as a fleet emit at least twenty five hundred metric tons of greenhouse gas annually in the state to report the emissions of greenhouse gases generated from or emitted by that fleet; or (ii) of a source or combination of sources that emit at least ten thousand metric tons of greenhouse gas annually in the state to report their total annual emissions of greenhouse gases. In calculating emissions of greenhouse gases for purposes of determining whether or not reporting is required, only direct emissions shall be included. For purposes of reporting emissions of greenhouse gases in chapter 14, Laws of 2008, "source" means any stationary source as defined in RCW 70.94.030, or mobile source used for transportation of people or cargo. The emissions of greenhouse gases must be reported as carbon dioxide equivalents. The rules must require that persons report 2009 emissions starting in 2010. The rules must establish an annual reporting schedule that takes into account the time needed to allow the owner or operator reporting emissions of greenhouse gases to gather the information needed and to verify the emissions being reported. However, in no event may reports be submitted later than October 31st of the year in which the report is due. The department may phase in the reporting requirements for sources or combinations of sources under (a)(ii) of this subsection until the reporting threshold is met, which must be met by January 1, 2012. The department may from time to time amend the rules to include other persons that emit less than the annual greenhouse gas emissions levels set out in this subsection if necessary to comply with any federal reporting requirements for emissions of greenhouse gases.~~

(b) In its rules, the department may defer the reporting requirement under (a) of this subsection for emissions associated with interstate and international commercial aircraft, rail, truck, or marine vessels until (i) there is a federal requirement to report these emissions; or (ii) the department finds that there is a generally accepted reporting protocol for determining interstate emissions from these sources.) where those emissions from a single facility, source, or site, or from fossil fuels sold in Washington by a single supplier meet or exceed ten thousand metric tons of carbon dioxide equivalent annually. The department may phase in the requirement to report greenhouse gas emissions until the reporting threshold in this subsection is met, which must occur by January 1, 2012. In addition, the rules must require that:

(i) Emissions of greenhouse gases resulting from the combustion of fossil fuels be reported separately from emissions of greenhouse gases resulting from the combustion of biomass;

(ii) Reporting will start in 2010 for 2009 emissions. Each annual report must include emissions data for the preceding calendar year and must be submitted to the department by October 31st of the year in which the report is due. However, starting in 2011, a person who is required to report greenhouse gas emissions to the United States environmental protection agency under 40 C.F.R. Part 98, as adopted on September 22, 2009, must submit the report required under this section to the department concurrent with the submission to the United States environmental protection agency. Except as otherwise provided in this section, the data for emissions in Washington and any corrections thereto that are reported to the United States environmental protection agency must be the emissions data reported to the department; and

(iii) Emissions of carbon dioxide associated with the complete combustion or oxidation of liquid motor vehicle fuel, special fuel, or aircraft fuel that is sold in Washington where the annual emissions associated with that combustion or oxidation equal or exceed ten thousand metric tons be reported to the department. Each person who is required to file periodic tax reports of motor vehicle fuel sales under RCW 82.36.031 or special fuel sales under RCW 82.38.150, or each distributor of aircraft fuel required to file periodic tax reports under RCW 82.42.040 must report to the department the annual emissions of carbon dioxide from the complete combustion or oxidation of the fuels listed in those reports as sold in the state of Washington. The department shall not require suppliers to use additional data to calculate greenhouse gas emissions other than the data the suppliers report to the department of licensing. The rules may allow this information to be aggregated when reported to the department. The department and the department of licensing shall enter into an interagency agreement to ensure proprietary information is protected if they share reported information. Any proprietary information exempt from disclosure when reported to the department of licensing is exempt from disclosure when shared by the department of licensing with the department under this provision. The term "proprietary information" means information that is protected from disclosure under chapter 42.56 RCW.

(b)(i) Except as otherwise provided in this subsection, the rules adopted by the department under (a) of this subsection must be consistent with the regulations adopted by the United States environmental protection agency in 40 C.F.R. Part 98 on September 22, 2009.

(ii) The department may by rule include additional gases to the definition of "greenhouse gas" in RCW 70.235.010 only if the gas has been designated as a greenhouse gas by the United States congress or by the United States environmental protection agency. Prior to including additional gases to the definition of "greenhouse gas" in RCW 70.235.010, the department shall notify the appropriate committees of the legislature. Decisions to amend the rule to include additional gases must be made prior to December 1st of any year and the amended rule may not take effect before the end of the regular legislative session in the next year.

(iii) The department may by rule exempt persons who are required to report greenhouse gas emissions to the United States environmental protection agency and who emit less than ten thousand metric tons carbon dioxide equivalent annually.

(iv) The department must establish a methodology for persons who are not required to report under this section to voluntarily report their greenhouse gas emissions.

(c) The department shall review and if necessary update its rules whenever the United States environmental protection agency adopts final amendments to 40 C.F.R. Part 98 to ensure consistency with federal reporting requirements for emissions of greenhouse gases.

However, the department shall not amend its rules in a manner that conflicts with (a) of this subsection.

~~(d)~~ (d) The department shall share any reporting information reported to it with the local air authority in which the ~~((owner or operator))~~ person reporting under the rules adopted by the department operates.

~~((e))~~ (e) The fee provisions in subsection (2) of this section apply to reporting of emissions of greenhouse gases. ~~((Owners and operators))~~ Persons required to report under (a) of this subsection who fail to report or pay the fee required in subsection (2) of this section are subject to enforcement penalties under this chapter. The department shall enforce the reporting rule requirements unless it approves a local air authority's request to enforce the requirements for ~~((sources))~~ persons operating within the authority's jurisdiction. However, neither the department nor an approved local air authority are authorized to assess enforcement penalties on persons required to report under (a) of this subsection until six months after the department finalizes its reporting rule.

~~((f))~~ (f) The energy facility site evaluation council shall, simultaneously with the department, adopt rules that impose greenhouse gas reporting requirements in site certifications on owners or operators of a facility permitted by the energy facility site evaluation council. The greenhouse gas reporting requirements imposed by the energy facility site evaluation council must be the same as the greenhouse gas reporting requirements imposed by the department. The department shall share any information reported to it from facilities permitted by the energy facility site evaluation council with the council, including notice of a facility that has failed to report as required. The energy facility site evaluation council shall contract with the department to monitor the reporting requirements adopted under this section.

((f)) In developing its rules, the department shall, with the assistance of the department of transportation, identify a mechanism to report an aggregate estimate of the annual emissions of greenhouse gases generated from or emitted by otherwise unreported on-road motor vehicles.)

(g) The inclusion or failure to include any person, source, classes of persons or sources, or types of emissions of greenhouse gases into the department's rules for reporting under this section does not indicate whether such a person, source, or category is appropriate for inclusion in ~~((the multisector market-based system designed under RCW 70.235.020))~~ state, regional, or national greenhouse gas reduction programs or strategies.

(h) ((Should the federal government adopt rules sufficient to track progress toward the emissions reductions required by chapter 14, Laws of 2008 governing the reporting of greenhouse gases, the department shall amend its rules, as necessary, to seek consistency with the federal rules to ensure duplicate reporting is not required. Nothing in this section requires the department to increase the reporting threshold established in (a) of this subsection or otherwise require the department's rules be identical to the federal rules in scope.)) (i) The definitions in RCW 70.235.010 apply throughout this subsection (5) unless the context clearly requires otherwise.

(ii) For the purpose of this subsection (5), the term "supplier" includes: (A) A motor vehicle fuel supplier or a motor vehicle fuel importer, as those terms are defined in RCW 82.36.010; (B) a special fuel supplier or a special fuel importer, as those terms are defined in RCW 82.38.020; and (C) a distributor of aircraft fuel, as those terms are defined in RCW 82.42.010.

(iii) For the purpose of this subsection (5), the term "person" includes: (A) An owner or operator, as those terms are defined by the United States environmental protection agency in its mandatory greenhouse gas reporting regulation in 40 C.F.R. Part 98, as adopted on September 22, 2009; and (B) a supplier."

ESSB 6402 Prime Sponsor, Committee on Environment, Water & Energy: Concerning the consolidation of permit exempt wells. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 62. RCW 90.44.105 and 1997 c 446 s 1 are each amended to read as follows:

(1)(a) Upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may consolidate that right with a groundwater right exempt from the permit requirement under RCW 90.44.050, without affecting the priority of either of the water rights being consolidated.

(b) Such a consolidation amendment shall be issued only after publication of a notice of the application, a comment period, and a determination made by the department, in lieu of meeting the conditions required for an amendment under RCW 90.44.100, that:

((+)) (i) The exempt well either taps or is in connection with the same body of public groundwater ~~((as the well to))~~ in which the holder has or has applied to establish a water right ~~((of the exempt well is to be consolidated))~~ to withdraw groundwater; ((2)) (ii) use of the exempt well shall be discontinued upon approval of the consolidation amendment to the permit or certificate; ((3)) (iii) legally enforceable agreements have been entered to prohibit the construction of another exempt well to serve the area previously served by the exempt well to be discontinued, and such agreements are binding upon subsequent owners of the land through appropriate binding limitations on the title to the land; ((4)) (iv) the exempt well or wells the use of which is to be discontinued will be properly decommissioned in accordance with chapter 18.104 RCW and the rules of the department unless the department authorizes that the well may continue to be used for groundwater monitoring purposes; and ((5)) (v) other existing rights, including ground and surface water rights and minimum stream flows adopted by rule, shall not be impaired.

(c) The notice shall be published by the applicant in a newspaper of general circulation in the county or counties in which the wells for the rights to be consolidated are located once a week for two consecutive weeks. The notice must include contact information for the water system so that owners of existing exempt wells may contact the water system if interested in well consolidation. The applicant shall provide evidence of the publication of the notice to the department. The comment period shall be for thirty days beginning on the date the second notice is published.

(2) The amount of the water to be added to the holder's permit or certificate upon discontinuance of the exempt well shall be the average withdrawal from the well, in gallons per day, for the most recent five-year period preceding the date of the application, except that the amount shall not be less than eight hundred gallons per day for each residential connection or such alternative minimum amount as may be established by the department in consultation with the department of health, and shall not exceed five thousand gallons per day. The department shall presume that an amount identified by the applicant as being the average withdrawal from the well during the most recent five-year period is accurate if the applicant establishes that the amount identified for the use or uses of water from the exempt well is consistent with the average amount of water used for similar use or uses in the general area in which the exempt well is located. The department shall develop, in consultation with the department of health, a schedule of average household and small-area landscaping water usages in various regions of the state to aid the department and applicants in identifying average amounts used for these purposes. The presumption does not apply if the department finds credible evidence of nonuse of the well during the required period or credible evidence that the use of water from the exempt well or the intensity of the use of the land supported by water from the exempt well is substantially different than such uses in the general area in which the exempt well is located. The department shall also accord a presumption in favor of approval of such consolidation if the requirements of this subsection are met and the discontinuance of the exempt well is consistent with an adopted coordinated water system plan under chapter 70.116 RCW, an adopted comprehensive land use plan under chapter 36.70A RCW, or other comprehensive watershed

management plan applicable to the area containing an objective of decreasing the number of existing and newly developed small groundwater withdrawal wells. The department shall provide a priority to reviewing and deciding upon applications subject to this subsection, and shall make its decision within sixty days of the end of the comment period following publication of the notice by the applicant or within sixty days of the date on which compliance with the state environmental policy act, chapter 43.21C RCW, is completed, whichever is later. The applicant and the department may by prior mutual agreement extend the time for making a decision.

(3) Until December 31, 2015, if an existing, publicly owned and operated group A or group B water system, as those terms are defined in RCW 70.119A.020, that holds a permitted or certificated right to withdraw public groundwaters is unable to serve proposed new development within or adjacent to the approved service area of the water system because it does not have adequate water rights or a sufficient number of connections, and the proposed new development would then seek to obtain water supply under the groundwater permit exemption in RCW 90.44.050, the water system may consolidate with its water right an additional quantity of water authorized to be withdrawn under the permit exemption in RCW 90.44.050 and necessary to serve the proposed new development subject to the following requirements:

(a) The water system shall publish public notice of the intent to consolidate an exempt withdrawal in a newspaper of general circulation in the county or counties in which the water system and the proposed new development are located once a week for two consecutive weeks. The notice must include contact information for the water system so that owners of existing exempt wells may contact the water system if interested in well consolidation. The notice shall provide for a thirty-day comment period;

(b) The water system shall provide evidence of publication of the notice to the department, the department of health, and the local government with land use authority over the proposed new development;

(c) The local government with land use authority over the proposed new development shall ensure that the proposed consolidation is consistent with an adopted coordinated water system plan under chapter 70.116 RCW, an adopted comprehensive land use plan under chapter 36.70A RCW, or other comprehensive watershed management plan applicable to the area containing an objective of decreasing the number of existing and newly developed small groundwater withdrawal wells;

(d) The water system must make any necessary amendments to its water system plan and receive approval from the department of health to authorize the addition of new connections, new uses, or revise or modify the retail service area boundary;

(e) Legally enforceable agreements have been entered to prohibit the construction of an exempt well to serve the area of the proposed new development, and such agreements are binding upon subsequent owners of the land through appropriate binding limitations on the title to the land; and

(f) Compliance with the state environmental policy act, chapter 43.21C RCW.

(4)(a) The department shall give priority to reviewing and deciding upon applications subject to subsection (3) of this section, and shall make its decision within sixty days of the date on which the requirements in subsection (3) of this section have been completed. The department may extend the sixty-day time period by forty-five days for good cause or for any period of time at the request of the applicant.

(b) The department shall consult with the department of health and the local government with land use authority over the proposed new development to ensure compliance with subsection (3) of this section prior to deciding upon applications.

(c) Prior to deciding upon applications, the department shall: (i) Review public comments; (ii) determine whether water is legally available for purposes of the consolidation; (iii) determine whether the proposed consolidation would violate any water resource management rules; and (iv) determine whether the proposed consolidation would impair existing rights, including instream flows.

(5) In no case may the quantity of water consolidated with the water system's water rights under subsection (3) of this section exceed five thousand gallons per day or the number of new connections exceed fourteen, and the quantity of water withdrawn must also comply with rules adopted by the department and ordinances adopted by the local government with land use authority over the proposed new development.

(6) The water system must separately meter both existing connections and new connections to be added under subsection (3) of this section.

(7) Any letter, certificate, or other statement that water is available to serve the proposed new development utilizing the procedure in subsection (3) of this section to satisfy the water availability requirement of RCW 19.27.097 or 58.17.110 must be provided to the department, the department of health, and the local government with land use authority upon issuance by the water system.

(8) A water system may exercise the authority in subsection (3) of this section on multiple occasions, but only until a total of fourteen residential connections or five thousand gallons per day of water has been consolidated with the water rights of the water system.

(9) After beneficial use has occurred, the water system shall submit a proof of appropriation demonstrating the actual quantity of water beneficially used in order to obtain a consolidation amendment from the department.

(10) Any determination by the department under this section is appealable to the pollution control hearings board under chapter 43.21B RCW.

ESSB 6403 Prime Sponsor, Committee on Early Learning & K-12 Education: Regarding accountability and support for vulnerable students and dropouts. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 63. (1) The legislature finds that by preventing one high school student from dropping out the annual savings is approximately ten thousand five hundred dollars, including lost state and local taxes and savings to the temporary assistance to needy families program, food stamps, housing assistance, the criminal justice system, and the health care system.

(2) The legislature further finds that school districts need both accountability and technical assistance to improve high school graduation rates.

(3) The legislature further finds that many vulnerable students fail to graduate from high school without adequate dropout prevention, intervention, and reengagement systems at the school district level.

(4) The legislature further finds that school districts need the support of families, agencies, and organizations in the local

community to prevent dropouts. In order to significantly improve statewide high school graduation rates, it is the intent of the legislature to facilitate the development of a collaborative infrastructure at the local, regional, and state level between systems that serve vulnerable youth.

NEW SECTION. Sec. 64. A new section is added to chapter 28A.175 RCW to read as follows:

(e) The formula shall include the following minimum deduction from class IV gross gratuities:

(i) Five percent to the department to contribute to the cost of incarceration; and

(ii) Fifteen percent for any child support owed under a support order.

(2) Any person sentenced to life imprisonment without possibility of release or parole under chapter 10.95 RCW or sentenced to death shall be exempt from the requirement under subsection (1)(a)(ii), (b)(ii), or (c)(ii).

(3)(a) The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the following times:

(i) The time of his or her release from confinement;

(ii) Prior to his or her release from confinement in order to secure approved housing; or

(iii) When the secretary determines that an emergency exists for the inmate.

(b) If funds are made available pursuant to (a)(ii) or (iii) of this subsection, the funds shall be made available to the inmate in an amount determined by the secretary.

(c) The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

(4)(a) Subject to availability of funds for the correctional industries program, the expansion of inmate employment in class I and class II correctional industries shall be implemented according to the following schedule:

(i) Not later than June 30, 2005, the secretary shall achieve a net increase of at least two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 2003;

(ii) Not later than June 30, 2006, the secretary shall achieve a net increase of at least four hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 2003;

(vi) Not later than June 30, 2010, the secretary shall achieve a net increase of at least one thousand five hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 2003.

(b) Failure to comply with the schedule in this subsection does not create a private right of action.

(5) In the event that the offender worker's wages, gratuity, or workers' compensation benefit is subject to garnishment for support enforcement, the ((state general fund)) crime victims' compensation account, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

(6) The department shall explore other methods of recovering a portion of the cost of the inmate's incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

(7) The department shall develop the necessary administrative structure to recover inmates' wages and keep records of the amount inmates pay for the costs of incarceration and amenities. All funds deducted from inmate wages under subsection (1) of this section for the purpose of contributions to the cost of incarceration shall be deposited in a dedicated fund with the department and shall be used only for the purpose of enhancing and maintaining correctional industries work programs.

(8) It shall be in the discretion of the secretary to apportion the inmates between class I and class II depending on available contracts and resources.

(9) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW.

Sec. 74. RCW 72.09.480 and 2009 c 479 s 61 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) "Cost of incarceration" means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.

(b) "Minimum term of confinement" means the minimum amount of time an inmate will be confined in the custody of the department, considering the sentence imposed and adjusted for the total potential earned early release time available to the inmate.

(c) "Program" means any series of courses or classes necessary to achieve a proficiency standard, certificate, or postsecondary degree.

(2) When an inmate, except as provided in subsections (4) and (8) of this section, receives any funds in addition to his or her wages or gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to the following deductions and the priorities established in chapter 72.11 RCW:

- (a) Five percent to the ((state general fund)) crime victims' compensation account provided in section 3 of this act;
- (b) Ten percent to a department personal inmate savings account;
- (c) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court;
- (d) Twenty percent for any child support owed under a support order; and
- (e) Twenty percent to the department to contribute to the cost of incarceration.

(3) When an inmate, except as provided in subsection (8) of this section, receives any funds from a settlement or award resulting from a legal action, the additional funds shall be subject to the deductions in RCW 72.09.111(1)(a) and the priorities established in chapter 72.11 RCW.

(4) When an inmate who is subject to a child support order receives funds from an inheritance, the deduction required under subsection (2)(e) of this section shall only apply after the child support obligation has been paid in full.

(5) The amount deducted from an inmate's funds under subsection (2) of this section shall not exceed the department's total cost of incarceration for the inmate incurred during the inmate's minimum or actual term of confinement, whichever is longer.

(6)(a) The deductions required under subsection (2) of this section shall not apply to funds received by the department from an offender or from a third party on behalf of an offender for payment of education or vocational programs or postsecondary education degree programs as provided in RCW 72.09.460 and 72.09.465.

(b) The deductions required under subsection (2) of this section shall not apply to funds received by the department from a third party, including but not limited to a nonprofit entity on behalf of the department's education, vocation, or postsecondary education degree programs.

(7) The deductions required under subsection (2) of this section shall not apply to any money received by the department, on behalf of an inmate, from family or other outside sources for the payment of postage expenses. Money received under this subsection may only be used for the payment of postage expenses and may not be transferred to any other account or purpose. Money that remains unused in the inmate's postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

(8) When an inmate sentenced to life imprisonment without possibility of release or sentenced to death under chapter 10.95 RCW receives funds, deductions are required under subsection (2) of this section, with the exception of a personal inmate savings account under subsection (2)(b) of this section.

(9) The secretary of the department of corrections, or his or her designee, may exempt an inmate from a personal inmate savings account under subsection (2)(b) of this section if the inmate's earliest release date is beyond the inmate's life expectancy.

(10) The interest earned on an inmate savings account created as a result of the plan in section 4, chapter 325, Laws of 1999 shall be exempt from the mandatory deductions under this section and RCW 72.09.111.

(11) Nothing in this section shall limit the authority of the department of social and health services division of child support, the county Clerk, or a restitution recipient from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 9.94A, 26.23, 74.20, or 74.20A RCW including, but not limited to, the collection of moneys received by the inmate from settlements or awards resulting from legal action.

NEW SECTION. Sec. 75. A new section is added to chapter 7.68 RCW to read as follows:

(1) Within current funding levels, the department's crime victims' compensation program shall post on its public web site a report that shows the following items:

- (a) The total amount of current funding available in the crime victims' compensation fund;
- (b) The total amount of funding disbursed to victims in the previous thirty days; and
- (c) The total amount paid in overhead and administrative costs in the previous thirty days.

(2) The information listed in subsection (1) of this section must be posted and maintained on the department's web site by July 1, 2010 and updated every thirty days thereafter.

NEW SECTION. Sec. 76. Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect April 1, 2010, for all claims of victims of criminal acts occurring after July 1, 1981.

Prime Sponsor, Committee on Agriculture & Rural Economic Development: Requiring state agencies to use an agriculture impact statement. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 78. (1) The legislature finds that loss of productive farmland is a critical issue of statewide importance that puts at risk the long-term viability of agriculture in the state. To address the issues relating to loss of farmland the legislature, in 2007, created the office of farmland preservation as a program within the state conservation commission. One of the tasks of the office is to provide the legislature and governor with an analysis of the factors contributing to the loss of farmland in the state.

(2) State agencies acquire various interests in real property that range from easements and leases to purchases in fee simple. Sometimes agencies will acquire an interest in real property that is currently used as working agricultural land for the production of food and fiber, or has the potential for such production. In these acquisitions, the agency plans for the real property may or may not include the continued use of the land for agricultural production. When the agency does not continue agricultural production, these lands may be put to other uses that will permanently remove productive agricultural lands from future use. Given the continuing loss of productive agricultural lands, the legislature intends to gather information to determine the scope and extent to which state agency acquisition of real property contributes to this ongoing loss of productive agricultural lands.

(3) The legislature finds that agricultural lands are also acquired and in some cases converted to other uses by activities that are not undertaken by state agencies. It is the intent of the legislature to gather information on the scope and extent of the impact of these private activities on agricultural lands.

(4) State agencies adopt rules, guidance, and policies that may impact productive agricultural lands. It is the intent of the legislature to examine whether additional information is needed to determine the scope and extent to which agricultural lands may be impacted by these activities.

NEW SECTION. Sec. 79. A new section is added to chapter 89.08 RCW to read as follows:

(1) The commission shall develop a form and process for an agriculture impact statement to be completed by any state agency before the acquisition of an interest in real property when the interest includes agricultural land as defined in this section. The acquisition of a water right separate from real property shall not be considered an interest in real property for the purposes of this section and is not subject to completion of an agriculture impact statement form.

(2) When developing the agriculture impact statement form and process, the commission shall consult with affected agencies before final adoption. The commission may exempt smaller scale acquisitions and activities from the requirements of this section. The commission shall work with affected agencies to identify sources of information that minimize costs to agencies but will still provide the necessary information.

(3) The commission shall report to the governor and legislature no later than December 1st of each calendar year, which at a minimum should provide information on the status of the agriculture impact statement program, the results of the information submitted to the commission over the previous year, and other factors the commission deems appropriate to report that fulfill the purposes of this section and section 3 of this act. The commission may also make recommendations to the governor and legislature on issues raised through the evaluation of the agriculture impact statement forms.

(4) An agriculture impact statement completed by an agency pursuant to this chapter may not be used as the basis for appeal of an agency action or to otherwise delay or stop the proposed agency activity described in the agriculture impact statement.

(5) The definitions in this subsection apply throughout this section.

(a) "Agriculture impact statement" means the document developed by the state conservation commission and used by agencies consistent with this section, and is separate and distinct from the detailed environmental review documents required under chapter 43.21C RCW and WAC 197-11-400.

(b) "Agricultural land" includes land that is (i) currently used for agricultural production, (ii) zoned agricultural land of long-term commercial significance, or (iii) otherwise zoned as agricultural land by a local jurisdiction. "Agricultural land" does not include timberland as defined in RCW 84.40.032.

(c) "Interest in real property" includes an easement, lease, any interest in fee simple or less than fee simple, a restrictive covenant, or a deferred purchase mechanism.

NEW SECTION. Sec. 80. A new section is added to chapter 43.17 RCW to read as follows:

(1) Except as otherwise provided in this section, all state agencies including all state departments, boards, councils, commissions, and state universities, colleges, and community colleges shall complete an agriculture impact statement in the form and process described and adopted by the Washington state conservation commission pursuant to chapter 89.08 RCW before acquisition of an interest in real property when the interest includes agricultural land.

(2) The terms used in this section have the same meaning as defined in section 2 of this act. Agricultural land does not include timberland as defined in RCW 84.40.032.

(3) This section does not apply to the following:

(a) Any interest in a water right; and

(b) Any acquisition by the department of transportation of a right-of-way to be used only for physical construction purposes.

NEW SECTION. Sec. 81. (1) In the first report to the legislature and governor under section 2 of this act, the state conservation commission shall address the information obtained through the agriculture impact statement process and other research by the commission. The first report must contain state conservation commission recommendations on:

(a) The potential applicability of the agriculture impact statement to agency rule-making actions;

(b) The potential applicability to acquisition and land use activities by federal and local governments;

(c) Whether the agriculture impact statement should be applied to the state acquisition of an interest in a water right; and

(d) Whether existing processes adequately provide for the evaluation of impacts to agricultural lands from other project activities.

(2) After consultation with local governments and other appropriate stakeholders, the state conservation commission shall make recommendations on how the agriculture impact statement could be used to track conversions of agricultural land through private transactions.

(3) This section expires July 31, 2011."

E2SSB 6561 Prime Sponsor, Committee on Ways & Means: Restricting access to juvenile offender records. Reported by Committee on Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION, Sec. 82.** It is the legislature's intent to eventually automatically seal juvenile offender records at age eighteen provided the offender meets certain requirements. The legislature recognizes that because of information technology

differences in the computer systems used by the various agencies that would be involved in automatically sealing juvenile offender records, this goal cannot be currently accomplished without a significant fiscal impact. Nevertheless, the legislature intends that the agencies involved begin to work together to achieve the goal of automatically sealing juvenile offender records within the near future.

Sec. 83. RCW 13.04.240 and 1961 c 302 s 16 are each amended to read as follows:

An order of court adjudging a child (~~delinquent~~) a juvenile offender or dependent under the provisions of this chapter shall in no case be deemed a conviction of crime.

Sec. 84. RCW 13.50.050 and 2008 c 221 s 1 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central record-keeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central record-keeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or

proven crime shall be released to the victim of the crime or the victim's immediate family.

(10) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(12)(a) The court shall not grant any motion to seal records for class A offenses made pursuant to subsection (11) of this section that is filed on or after July 1, 1997, unless ~~((it finds that))~~:

~~((a) For class B offenses other than sex offenses,)) (i) Since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without committing any offense or crime that subsequently results in an adjudication or conviction (For class C offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent two consecutive years in the community without committing any offense or crime that subsequently results in conviction. For gross misdemeanors and misdemeanors, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent two consecutive years in the community without committing any offense or crime that subsequently results in conviction. For diversions, since completion of the diversion agreement, the person has spent two consecutive years in the community without committing any offense or crime that subsequently results in conviction or diversion));~~

~~((b)) (ii) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;~~

~~((c)) (iii) No proceeding is pending seeking the formation of a diversion agreement with that person;~~

~~((d)) (iv) The person has not been convicted of a (class A or) sex offense; and~~

~~((e)) (v) Full restitution has been paid.~~

(b) The court shall not grant any motion to seal records for class B, C, gross misdemeanor and misdemeanor offenses and diversions, other than sex offenses, made under subsection (11) of this section unless:

(i) Since the date of last release from confinement, including full-time residential treatment, if any, entry of disposition, or completion of the diversion agreement, the person has spent two consecutive years in the community without being convicted of any offense or crime;

(ii) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;

(iii) No proceeding is pending seeking the formation of a diversion agreement with that person; and

(iv) Full restitution has been paid.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(14) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file,

and other records relating to the case as are named in the order.

Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. The administrative office of the courts shall ensure that the superior court judicial information system provides prosecutors access to information on the existence of sealed juvenile records.

(17)(a)(i) Subject to subsection (23) of this section, all records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within ninety days of becoming eligible for destruction. Juvenile records are eligible for destruction when:

(A) The person who is the subject of the information or complaint is at least eighteen years of age;

(B) His or her criminal history consists entirely of one diversion agreement or counsel and release entered on or after June 12, 2008;

(C) Two years have elapsed since completion of the agreement or counsel and release;

(D) No proceeding is pending against the person seeking the conviction of a criminal offense; and

(E) There is no restitution owing in the case.

(ii) No less than quarterly, the administrative office of the courts shall provide a report to the juvenile courts of those individuals whose records may be eligible for destruction. The juvenile court shall verify eligibility and notify the Washington state patrol and the appropriate local law enforcement agency and prosecutor's office of the records to be destroyed. The requirement to destroy records under this subsection is not dependent on a court hearing or the issuance of a court order to destroy records.

(iii) The state and local governments and their officers and employees are not liable for civil damages for the failure to destroy records pursuant to this section.

(b) A person eighteen years of age or older whose criminal history consists entirely of one diversion agreement or counsel and release entered prior to June 12, 2008, may request that the court order the records in his or her case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the agreement or counsel and release.

(c) A person twenty-three years of age or older whose criminal history consists of only referrals for diversion may request that the court order the records in those cases destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that all diversion agreements have been successfully completed and no proceeding is pending against the person seeking the conviction of a criminal offense.

(18) If the court grants the motion to destroy records made pursuant to subsection (17)(b) or (c) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17)(b) or (c) of this section shall give reasonable notice of the motion

to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the subject of the information or complaint has attained twenty-three years of age or older or pursuant to subsection (17)(a) of this section.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(23) No identifying information held by the Washington state patrol in accordance with chapter 43.43 RCW is subject to destruction or sealing under this section. For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

(24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is confidential and not subject to release to the press or public without the permission of the child victim or the child's legal guardian. Identifying information includes the child victim's name, addresses, location, photographs, and in cases in which the child victim is a relative of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. Information identifying a child victim of sexual assault may be released to law enforcement, prosecutors, judges, defense attorneys, or private or governmental agencies that provide services to the child victim of sexual assault.

Sec. 85. RCW 13.50.010 and 2009 c 440 s 1 are each amended to read as follows:

(1) For purposes of this chapter:

(a) "Juvenile justice or care agency" means any of the following: Police, diversion units, court, prosecuting attorney, defense attorney, detention center, attorney general, the legislative children's oversight committee, the office of the family and children's ombudsman, the department of social and health services and its contracting agencies, schools; persons or public or private agencies having children committed to their custody; and any placement oversight committee created under RCW 72.05.415;

(b) "Official juvenile court file" means the legal file of the juvenile court containing the petition or information, motions, memorandums, briefs, findings of the court, and court orders;

(c) "Records" means the official juvenile court file, the social file, and records of any other juvenile justice or care agency in the case;

(d) "Social file" means the juvenile court file containing the records and reports of the probation counselor.

(11) For the purpose of research only, the administrative office of the courts shall maintain an electronic research copy of all records in the judicial information system related to juveniles. Access to the research copy is restricted to the Washington state center for court research. ESSB 6582 Prime Sponsor, Committee on Health & Long-Term Care: Concerning nursing assistant credentialing. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 8. RCW 18.88A.010 and 1991 c 16 s 1 are each amended to read as follows:

(1) The legislature takes special note of the contributions made by nursing assistants in health care facilities whose tasks are arduous and whose working conditions may be contributing to the high and often critical turnover among the principal cadre of health care workers who provide for the basic needs of patients. The legislature also recognizes the growing shortage of nurses as the proportion of the elderly population grows and as the acuity of patients in hospitals and nursing homes becomes generally more severe.

(2) The legislature finds and declares that:

(a) Occupational nursing assistants should have a formal system of educational and experiential qualifications leading to career mobility and advancement. The establishment of such a system should bring about a more stabilized workforce in health care facilities, as well as provide a valuable resource for recruitment into licensed nursing practice.

~~((The legislature finds that))~~ (b) The quality of patient care in health care facilities is dependent upon the competence of the

personnel who staff their facilities. To assure the availability of trained personnel in health care facilities the legislature recognizes the need for training programs for nursing assistants.

~~(The legislature declares that)~~ (c) Certified home care aides and medical assistants are a valuable potential source of nursing assistants who will be needed to meet the care needs of the state's growing aging population. To assure continued opportunity for recruitment into licensed nursing practice and career advancement for certified home care aides and medical assistants, nursing assistant training programs should recognize the relevant training and experience obtained by these credentialed professionals. By taking advantage of the authority granted under the federal social security act to certify nursing assistants through a state-approved competency evaluation program as a federally recognized alternative to the state-approved training and competency evaluation program, the legislature intends to increase the potential for recruitment into licensed nursing practice while maintaining a single standard for competency evaluation of certified nursing assistants.

(d) The registration of nursing assistants and providing for voluntary certification of those who wish to seek higher levels of qualification is in the interest of the public health, safety, and welfare.

Sec. 9. RCW 18.88A.020 and 1994 sp.s. c 9 s 708 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Secretary" means the secretary of health.

(3) "Commission" means the Washington nursing care quality assurance commission.

(4) "Nursing assistant" means an individual, regardless of title, who, under the direction and supervision of a registered nurse or licensed practical nurse, assists in the delivery of nursing and nursing-related activities to patients in a health care facility. The two levels of nursing assistants are:

(a) "Nursing assistant-certified," an individual certified under this chapter~~(:); and~~

(b) "Nursing assistant-registered," an individual registered under this chapter.

(5) "Approved training program" means a nursing assistant-certified training program approved by the commission to meet the requirements of a state-approved nurse aide training and competency evaluation program consistent with 42 U.S.C. Sec. 1395i-3(e) and (f) of the federal social security act. For community college, vocational-technical institutes, skill centers, and secondary school as defined in chapter 28B.50 RCW, nursing assistant-certified training programs shall be approved by the commission in cooperation with the board for community and technical colleges or the superintendent of public instruction.

(6) "Health care facility" means a nursing home, hospital, hospice care facility, home health care agency, hospice agency, or other entity for delivery of health care services as defined by the commission.

(7) "Competency evaluation" means the measurement of an individual's knowledge and skills as related to safe, competent performance as a nursing assistant.

(8) "Alternative training" means a nursing assistant-certified program meeting criteria adopted by the commission under section 3 of this act to meet the requirements of a state-approved nurse aide competency evaluation program consistent with 42 U.S.C. Sec. 1395i-3(e) and (f) of the federal social security act.

NEW SECTION. Sec. 10. A new section is added to chapter 18.88A RCW to read as follows:

(1) The commission shall adopt criteria for evaluating an applicant's alternative training to determine the applicant's eligibility to take the competency evaluation for nursing assistant certification. At least one option adopted by the commission must allow an applicant to take the competency evaluation if he or she:

(a)(i) Is a certified home care aide pursuant to chapter 18.88B RCW; or

(ii) Is a certified medical assistant pursuant to a certification program accredited by a national medical assistant accreditation organization and approved by the commission; and

(2)(a) By January 1, 2011, the commission, in consultation with the secretary, the department of social and health services, and consumer, employer, and worker representatives, shall adopt rules to implement this section and to provide, beginning May 1, 2011, for a program of credentialing reciprocity to the extent required by this section between home care aide and medical assistant certification and nursing assistant certification. ~~((3))~~ (c) Nothing in this chapter shall be construed to confer on a nursing assistant the authority to administer medication unless delegated as a specific nursing task pursuant to this chapter or to practice as a licensed (registered) nurse or licensed practical nurse as defined in chapter 18.79 RCW.

~~((4))~~ (2)(a) A nursing assistant employed in a nursing home must have successfully obtained certification through: (i) An approved training program and the competency evaluation within four months after the date of employment; or (ii) alternative training and the competency evaluation prior to employment.

(b) Certification is voluntary for nursing assistants working in health care facilities other than nursing homes unless otherwise required by state or federal law or regulation.

Sec. 12. RCW 18.88A.050 and 1991 c 16 s 6 are each amended to read as follows:

In addition to any other authority provided by law, the secretary has the authority to:

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 25. RCW 28A.655.061 and 2009 c 524 s 5 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the PSAT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

((12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The student's results on the Washington assessment of student learning;

(ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(iii) Any credit deficiencies;

(iv) The student's attendance rates over the previous two years;

(v) The student's progress toward meeting state and local graduation requirements;

(vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

(vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(viii) The alternative assessment options available to students under this section and RCW 28A.655.065;

(ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(x) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

(b) All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.)"

**"PART I
ACCOUNTABILITY FRAMEWORK**

NEW SECTION. Sec. 101. The legislature finds that it is the state's responsibility to create a coherent and effective accountability framework for the continuous improvement for all schools and districts. This system must provide an excellent and equitable education for all students; an aligned federal/state accountability system; and the tools necessary for schools and districts to be accountable. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student

achievement, and a system of general support, targeted assistance, and if necessary, intervention.

The office of the superintendent of public instruction is responsible for developing and implementing the accountability tools to build district capacity and working within federal and state guidelines. The legislature assigned the state board of education responsibility and oversight for creating an accountability framework. This framework provides a unified system of support for challenged schools that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions. Such a system will identify schools and their districts for recognition as well as for additional state support. For a specific group of challenged schools, defined as persistently lowest-achieving schools, and their districts, it is necessary to provide a required action process that creates a partnership between the state and local district to target funds and assistance to turn around the identified lowest-achieving schools.

Phase I of this accountability system will recognize schools that have done an exemplary job of raising student achievement and closing the achievement gaps using the state board of education's accountability index. The state board of education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps. Phase I will also target the lowest five percent of persistently lowest-achieving schools defined under federal guidelines to provide federal funds and federal intervention models through a voluntary option in 2010, and for those who do not volunteer and have not improved student achievement, a required action process beginning in 2011.

Phase II of this accountability system will work toward implementing the state board of education's accountability index for identification of schools in need of improvement, including those that are not Title I schools, and the use of state and local intervention models and state funds through a required action process beginning in 2013, in addition to the federal program. Federal approval of the state board of education's accountability index must be obtained or else the federal guidelines for persistently lowest-achieving schools will continue to be used.

The expectation from implementation of this accountability system is the improvement of student achievement for all students to prepare them for postsecondary education, work, and global citizenship in the twenty-first century.

NEW SECTION. Sec. 102. (1) Beginning in 2010, and each year thereafter, by December 1st, the superintendent of public instruction shall annually identify schools as one of the state's persistently lowest-achieving schools if the school is a Title I school, or a school that is eligible for but does not receive Title I funds, that is among the lowest-achieving five percent of Title I or Title I eligible schools in the state.

(2) The criteria for determining whether a school is among the persistently lowest-achieving five percent of Title I schools, or Title I eligible schools, under subsection (1) of this section shall be established by the superintendent of public instruction. The criteria must meet all applicable requirements for the receipt of a federal school improvement grant under the American recovery and reinvestment act of 2009 and Title I of the elementary and secondary education act of 1965, and take into account both:

(a) The academic achievement of the "all students" group in a school in terms of proficiency on the state's assessment, and any alternative assessments, in reading and mathematics combined; and

(b) The school's lack of progress on the mathematics and reading assessments over a number of years in the "all students" group.

NEW SECTION. Sec. 103. (1) Beginning in January 2011, the superintendent of public instruction shall annually recommend to the state board of education school districts for designation as required

action districts. A district with at least one school identified as a persistently lowest-achieving school shall be designated as a required action district if it meets the criteria developed by the superintendent of public instruction. However, a school district shall not be recommended for designation as a required action district if the district was awarded a federal school improvement grant by the superintendent in 2010 and for three consecutive years following receipt of the grant implemented a federal school intervention model at each school identified for improvement. The state board of education may designate a district that received a school improvement grant in 2010 as a required action district if after three years of voluntarily implementing a plan the district continues to have a school identified as persistently lowest-achieving and meets the criteria for designation established by the superintendent of public instruction.

(2) The superintendent of public instruction shall provide a school district superintendent with written notice of the recommendation for designation as a required action district by certified mail or personal service. A school district superintendent may request reconsideration of the superintendent of public instruction's recommendation. The reconsideration shall be limited to a determination of whether the school district met the criteria for being recommended as a required action district. A request for reconsideration must be in writing and served on the superintendent of public instruction within ten days of service of the notice of the superintendent's recommendation.

(3) The state board of education shall annually designate those districts recommended by the superintendent in subsection (1) of this section as required action districts. A district designated as a required action district shall be required to notify all parents of students attending a school identified as a persistently lowest-achieving school in the district of the state board of education's designation of the district as a required action district and the process for complying with the requirements set forth in sections 104 through 110 of this act.

NEW SECTION. Sec. 104. (1) The superintendent of public instruction shall contract with an external review team to conduct an academic performance audit of the district and each persistently lowest-achieving school in a required action district to identify the potential reasons for the school's low performance and lack of progress. The review team must consist of persons under contract with the superintendent who have expertise in comprehensive school and district reform and may not include staff from the agency, the school district that is the subject of the audit, or members or staff of the state board of education.

(2) The audit must be conducted based on criteria developed by the superintendent of public instruction and must include but not be limited to an examination of the following:

- (a) Student demographics;
- (b) Mobility patterns;
- (c) School feeder patterns;
- (d) The performance of different student groups on assessments;
- (e) Effective school leadership;
- (f) Strategic allocation of resources;
- (g) Clear and shared focus on student learning;
- (h) High standards and expectations for all students;
- (i) High level of collaboration and communication;
- (j) Aligned curriculum, instruction, and assessment to state standards;
- (k) Frequency of monitoring of learning and teaching;
- (l) Focused professional development;
- (m) Supportive learning environment;
- (n) High level of family and community involvement; and
- (o) Alternative secondary schools best practices.

(3) Audit findings must be made available to the local school district, its staff, the community, and the state board of education.

NEW SECTION. Sec. 105. (1) The local district superintendent and local school board of a school district designated as a required action district must submit a required action plan to the state board of

education for approval. Unless otherwise required by subsection (3) of this section, the plan must be submitted under a schedule as required by the state board. A required action plan must be developed in collaboration with administrators, teachers, and other staff, parents, unions representing any employees within the district, students, and other representatives of the local community. The superintendent of public instruction shall provide a district with assistance in developing its plan if requested. The school board must conduct a public hearing to allow for comment on a proposed required action plan. The local school district shall submit the plan first to the office of the superintendent of public instruction to review and approve that the plan is consistent with federal guidelines. After the office of the superintendent of public instruction has approved that the plan is consistent with federal guidelines, the local school district must submit its required action plan to the state board of education for approval.

(2) A required action plan must include all of the following:

(a) Implementation of one of the four federal intervention models required for the receipt of a federal school improvement grant, for those persistently lowest-achieving schools that the district will be focusing on for required action. However, a district may not establish a charter school under a federal intervention model without express legislative authority. The intervention models are the turnaround, restart, school closure, and transformation models. The intervention model selected must address the concerns raised in the academic performance audit and be intended to improve student performance to allow a school district to be removed from the list of districts designated as a required action district by the state board of education within three years of implementation of the plan;

(b) Submission of an application for a federal school improvement grant to the superintendent of public instruction;

(c) A budget that provides for adequate resources to implement the federal model selected and any other requirements of the plan;

(d) A description of the changes in the district's or school's existing policies, structures, agreements, processes, and practices that are intended to attain significant achievement gains for all students enrolled in the school;

(e) Identification of the measures that the school district will use in assessing student achievement at a school identified as a persistently lowest-achieving school, which include improving mathematics and reading student achievement and graduation rates as defined by the office of the superintendent of public instruction that enable the school to no longer be identified as a persistently lowest-achieving school.

(3)(a) For any district designated for required action, the parties to any collective bargaining agreement negotiated, renewed, or extended under chapter 41.59 or 41.56 RCW after the effective date of this section must reopen the agreement, or negotiate an addendum, if needed, to make changes to terms and conditions of employment that are necessary to implement a required action plan.

(b) If the school district and the employee organizations are unable to agree on the terms of an addendum or modification to an existing collective bargaining agreement, the parties, including all labor organizations affected under the required action plan, shall request the public employment relations commission to, and the commission shall, appoint an employee of the commission to act as a mediator to assist in the resolution of a dispute between the school district and the employee organizations. Beginning in 2011, and each year thereafter, mediation shall commence no later than April 15th. All mediations held under this section shall include the employer and representatives of all affected bargaining units.

(c) If the executive director of the public employment relations commission, upon the recommendation of the assigned mediator, finds that the employer and any affected bargaining unit are unable to reach agreement following a reasonable period of negotiations and mediation, but by no later than May 15th of the year in which

mediation occurred, the executive director shall certify any disputed issues for a decision by the superior court in the county where the school district is located. The issues for determination by the superior court must be limited to the issues certified by the executive director.

(d) The process for filing with the court in this subsection (3)(d) must be used in the case where the executive director certifies issues for a decision by the superior court.

(i) The school district shall file a petition with the superior court, by no later than May 20th of the same year in which the issues were certified, setting forth the following:

(A) The name, address, and telephone number of the school district and its principal representative;

(B) The name, address, and telephone number of the employee organizations and their principal representatives;

(C) A description of the bargaining units involved;

(D) A copy of the unresolved issues certified by the executive director for a final and binding decision by the court; and

(E) The academic performance audit that the office of the superintendent of public instruction completed for the school district.

(ii) Within seven days after the filing of the petition, each party shall file with the court the proposal it is asking the court to order be implemented in a required action plan for the district for each issue certified by the executive director. Contemporaneously with the filing of the proposal, a party must file a brief with the court setting forth the reasons why the court should order implementation of its proposal in the final plan.

(iii) Following receipt of the proposals and briefs of the parties, the court must schedule a date and time for a hearing on the petition. The hearing must be limited to argument of the parties or their counsel regarding the proposals submitted for the court's consideration. The parties may waive a hearing by written agreement.

(iv) The court must enter an order selecting the proposal for inclusion in a required action plan that best responds to the issues raised in the school district's academic performance audit, and allows for the award of a federal school improvement grant to the district from the office of the superintendent of public instruction to implement one of the four federal intervention models. The court's decision must be issued no later than June 15th of the year in which the petition is filed and is final and binding on the parties; however the court's decision is subject to appeal only in the case where it does not allow the school district to implement a required action plan consistent with the requirements for the award of a federal school improvement grant by the superintendent of public instruction.

(e) Each party shall bear its own costs and attorneys' fees incurred under this statute.

(f) Any party that proceeds with the process in this section after knowledge that any provision of this section has not been complied with and who fails to state its objection in writing is deemed to have waived its right to object.

(4) All contracts entered into between a school district and an employee must be consistent with this section and allow school districts designated as required action districts to implement one of the four federal models in a required action plan.

NEW SECTION. Sec. 106. A required action plan developed by a district's school board and superintendent must be submitted to the state board of education for approval. The state board must accept for inclusion in any required action plan the final decision by the superior court on any issue certified by the executive director of the public employment relations commission under the process in section 105 of this act. The state board of education shall approve a plan proposed by a school district only if it meets the requirements set forth in section 105 of this act. Any addendum or modification to an existing collective bargaining agreement, negotiated under section 105 of this act or by agreement of the district and the exclusive bargaining unit, related to student achievement or school improvement shall not go

into effect until approval of a required action plan by the state board of education. If the state board does not approve a proposed plan, it must notify the local school board and local district's superintendent in writing with an explicit rationale for why the plan was not approved. Nonapproval by the state board of education of the local school district's initial required action plan submitted is not intended to trigger any actions under section 108 of this act. With the assistance of the office of the superintendent of public instruction, the superintendent and school board of the required action district shall either: (a) Submit a new plan to the state board of education for approval within forty days of notification that its plan was rejected, or (b) submit a request to the required action plan review panel established under section 107 of this act for reconsideration of the state board's rejection within ten days of the notification that the plan was rejected. If federal funds are not available, the plan is not required to be implemented until such funding becomes available. If federal funds for this purpose are available, a required action plan must be implemented in the immediate school year following the district's designation as a required action district.

NEW SECTION. Sec. 107. (1) A required action plan review panel shall be established to offer an objective, external review of a request from a school district for reconsideration of the state board of education's rejection of the district's required action plan. The review and reconsideration by the panel shall be based on whether the state board of education gave appropriate consideration to the unique circumstances and characteristics of the local school district whose required action plan was rejected.

(2)(a) The panel shall be composed of five individuals with expertise in school improvement, school and district restructuring, or parent and community involvement in schools. Two of the panel members shall be appointed by the speaker of the house of representatives; two shall be appointed by the president of the senate; and one shall be appointed by the governor.

(b) The speaker of the house of representatives, president of the senate, and governor shall solicit recommendations for possible panel members from the Washington association of school administrators, the Washington state school directors' association, the association of Washington school principals, the achievement gap oversight and accountability committee, and associations representing certificated teachers, classified school employees, and parents.

(c) Members of the panel shall be appointed no later than December 1, 2010, but the superintendent of public instruction shall convene the panel only as needed to consider a school district's request for reconsideration. Reappointments in the case of a vacancy shall be made expeditiously so that all requests are considered in a timely manner.

(3) The required action plan review panel may reaffirm the decision of the state board of education, recommend that the state board reconsider the rejection, or recommend changes to the required action plan that should be considered by the district and the state board of education to secure approval of the plan. The state board of education shall consider the recommendations of the panel and issue a decision in writing to the local school district and the panel. If the school district must submit a new required action plan to the state board of education, the district must submit the plan within forty days of the board's decision.

(4) The state board of education and superintendent of public instruction must develop timelines and procedures for the deliberations under this section so that school districts can implement a required action plan within the time frame required under section 106 of this act.

NEW SECTION. Sec. 108. The state board of education may direct the superintendent of public instruction to require a school district that has not submitted a final required action plan for approval, or has submitted but not received state board of education approval of a required action plan by the beginning of the school year

in which the plan is intended to be implemented, to redirect the district's Title I funds based on the academic performance audit findings.

NEW SECTION. Sec. 109. A school district must implement a required action plan upon approval by the state board of education. The office of superintendent of public instruction must provide the required action district with technical assistance and federal school improvement grant funds, if available, to implement an approved plan. The district must submit a report to the superintendent of public instruction that provides the progress the district is making in meeting the student achievement goals based on the state's assessments, identifying strategies and assets used to solve audit findings, and establishing evidence of meeting plan implementation benchmarks as set forth in the required action plan.

NEW SECTION. Sec. 110. (1) The superintendent of public instruction must provide a report twice per year to the state board of education regarding the progress made by all school districts designated as required action districts.

(2) The superintendent of public instruction must recommend to the state board of education that a school district be released from the designation as a required action district after the district implements a required action plan for a period of three years; has made progress, as defined by the superintendent of public instruction, in reading and mathematics on the state's assessment over the past three consecutive years; and no longer has a school within the district identified as persistently lowest achieving. The state board shall release a school district from the designation as a required action district upon confirmation that the district has met the requirements for a release.

(3) If the state board of education determines that the required action district has not met the requirements for release, the district remains in required action and must submit a new or revised plan under the process in section 105 of this act.

Sec. 111. RCW 28A.305.225 and 2009 c 548 s 503 are each amended to read as follows:

(1) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition, for continuous improvement, and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance. ~~((Once the accountability index has identified schools that need additional help, a more thorough analysis will be done to analyze specific conditions in the district including but not limited to the level of state resources a school or school district receives in support of the basic education system, achievement gaps for different groups of students, and community support.~~

(3) Based on the accountability index and in consultation with the superintendent of public instruction, the state board of education shall develop a proposal and timeline for implementation of a comprehensive system of voluntary support and assistance for schools and districts. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public

instruction, shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(4)(a) The state board of education shall develop a proposal and implementation timeline for a more formalized comprehensive system improvement targeted to challenged schools and districts that have not demonstrated sufficient improvement through the voluntary system. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. The proposal and timeline shall be submitted to the education committees of the legislature by December 1, 2009, and shall include recommended legislation and recommended resources to implement the system according to the timeline developed.

(b) The proposal shall outline a process for addressing performance challenges that will include the following features: (i) An academic performance audit using peer review teams of educators that considers school and community factors in addition to other factors in developing recommended specific corrective actions that should be undertaken to improve student learning; (ii) a requirement for the local school board plan to develop and be responsible for implementation of corrective action plan taking into account the audit findings, which plan must be approved by the state board of education at which time the plan becomes binding upon the school district to implement; and (iii) monitoring of local district progress by the office of the superintendent of public instruction. The proposal shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

~~—(5))~~ (3) The state board of education, in cooperation with the office of the superintendent of public instruction, shall annually recognize schools for exemplary performance as measured on the state board of education accountability index. The state board of education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps.

~~—(4)~~ (4) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

~~((6))~~ (5) The state board of education shall work with the education data center established within the office of financial management and the technical working group established in section 112, chapter 548, Laws of 2009 to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and districts but also as a tool for schools and districts to report to the state legislature and the state board of education on how the state resources received are being used.

NEW SECTION. Sec. 112. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "All students group" means those students in grades three through eight and high school who take the state's assessment in reading and mathematics required under 20 U.S.C. Sec. 6311(b)(3).

(2) "Title I" means Title I, part A of the federal elementary and secondary education act of 1965 (ESEA) (20 U.S.C. Secs. 6311-6322).

NEW SECTION. Sec. 113. The superintendent of public instruction and the state board of education may each adopt rules in accordance with chapter 34.05 RCW as necessary to implement this chapter.

NEW SECTION. Sec. 114. (1) The legislature finds that a unified and equitable system of education accountability must include expectations and benchmarks for improvement, along with support for schools and districts to make the necessary changes that will lead

to success for all students. Such a system must also clearly address the consequences for persistent lack of improvement. Establishing a process for school districts to prepare and implement a required action plan is one such consequence. However, to be truly accountable to students, parents, the community, and taxpayers, the legislature must also consider what should happen if a required action district continues not to make improvement after an extended period of time. Without an answer to this significant question, the state's system of education accountability is incomplete. Furthermore, accountability must be appropriately shared among various levels of decision makers, including in the building, in the district, and at the state.

(2)(a) A joint select committee on education accountability is established with the following members:

(i) The president of the senate shall appoint two members from each of the two largest caucuses of the senate.

(ii) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.

(b) The committee shall choose its cochair from among its membership.

(3) The committee shall:

(a) Identify and analyze options for a complete system of education accountability, particularly consequences in the case of persistent lack of improvement by a required action district;

(b) Identify and analyze appropriate decision-making responsibilities and accompanying consequences at the building, district, and state level within such an accountability system;

(c) Examine models and experiences in other states;

(d) Identify the circumstances under which significant state action may be required; and

(e) Analyze the financial, legal, and practical considerations that would accompany significant state action.

(4) Staff support for the committee must be provided by the senate committee services and the house of representatives office of program research.

(5) The committee shall submit an interim report to the education committees of the legislature by September 1, 2011, and a final report with recommendations by September 1, 2012.

(6) This section expires June 30, 2013.

Sec. 201. RCW 28A.150.230 and 2006 c 263 s 201 are each amended to read as follows:

(1) It is the intent and purpose of this section to guarantee that each common school district board of directors, whether or not acting through its respective administrative staff, be held accountable for the proper operation of their district to the local community and its electorate. In accordance with the provisions of Title 28A RCW, as now or hereafter amended, each common school district board of directors shall be vested with the final responsibility for the setting of policies ensuring quality in the content and extent of its educational program and that such program provide students with the opportunity to achieve those skills which are generally recognized as requisite to learning.

(2) In conformance with the provisions of Title 28A RCW, as now or hereafter amended, it shall be the responsibility of each common school district board of directors to adopt policies to:

(a) Establish performance criteria and an evaluation process for its superintendent, classified staff, certificated personnel, including administrative staff, and for all programs constituting a part of such district's curriculum. Each district shall report annually to the superintendent of public instruction the following for each employee group listed in this subsection (2)(a): (i) Evaluation criteria and rubrics; (ii) a description of each rating; and (iii) the number of staff in each rating;

(b) Determine the final assignment of staff, certificated or classified, according to board enumerated classroom and program needs and data, based upon a plan to ensure that the assignment policy: (i) Supports the learning needs of all the students in the district; and (ii) gives specific attention to high-need schools and classrooms;

(c) Provide information to the local community and its electorate describing the school district's policies concerning hiring, assigning, terminating, and evaluating staff, including the criteria for evaluating teachers and principals;

~~(d)~~ Determine the amount of instructional hours necessary for any student to acquire a quality education in such district, in not less than an amount otherwise required in RCW 28A.150.220, or rules of the state board of education;

~~((e))~~ (e) Determine the allocation of staff time, whether certificated or classified;

~~((f))~~ (f) Establish final curriculum standards consistent with law and rules of the superintendent of public instruction, relevant to the particular needs of district students or the unusual characteristics of the district, and ensuring a quality education for each student in the district; and

~~((g))~~ (g) Evaluate teaching materials, including text books, teaching aids, handouts, or other printed material, in public hearing upon complaint by parents, guardians or custodians of students who consider dissemination of such material to students objectionable.

Sec. 202. RCW 28A.405.100 and 1997 c 278 s 1 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, the superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

(b) Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

(2)(a) Pursuant to the implementation schedule established in subsection (7)(b) of this section, every board of directors shall, in accordance with procedures provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish revised evaluative criteria and a four-level rating system for all certificated classroom teachers.

(b) The minimum criteria shall include: (i) Centering instruction on high expectations for student achievement; (ii) demonstrating effective teaching practices; (iii) recognizing individual student learning needs and developing strategies to address those needs; (iv) providing clear and intentional focus on subject matter content and curriculum; (v) fostering and managing a safe, positive learning environment; (vi) using multiple student data elements to modify instruction and improve student learning; (vii) communicating and collaborating with parents and school community; and (viii) exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

(c) The four-level rating system used to evaluate the certificated classroom teacher must describe performance along a continuum that

indicates the extent to which the criteria have been met or exceeded. When student growth data, if available and relevant to the teacher and subject matter, is referenced in the evaluation process it must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

~~(3)(a)~~ (5) Except as provided in subsection ~~((5))~~ (10) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel ~~(, hereinafter referred to as "employees" in this section,)~~ shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. An employee in the third year of provisional status as defined in RCW 28A.405.220 shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than ninety minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

(b) As used in this subsection and subsection (4) of this section, "employees" means classroom teachers and certificated support personnel.

~~(4)(a)~~ (4)(a) At any time after October 15th, an employee whose work is ~~not judged ((unsatisfactory))~~ satisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement. During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

(b) Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from his or her assignment and placed into an alternative

assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

~~((2))~~ (5) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Except as provided in subsection (6) of this section, such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

~~((3))~~ (6)(a) Pursuant to the implementation schedule established by subsection (7)(b) of this section, every board of directors shall establish revised evaluative criteria and a four-level rating system for principals.

(b) The minimum criteria shall include: (i) Creating a school culture that promotes the ongoing improvement of learning and teaching for students and staff; (ii) demonstrating commitment to closing the achievement gap; (iii) providing for school safety; (iv) leading the development, implementation, and evaluation of a data-driven plan for increasing student achievement, including the use of multiple student data elements; (v) assisting instructional staff with alignment of curriculum, instruction, and assessment with state and local district learning goals; (vi) monitoring, assisting, and evaluating effective instruction and assessment practices; (vii) managing both staff and fiscal resources to support student achievement and legal responsibilities; and (viii) partnering with the school community to promote student learning.

(c) The four-level rating system used to evaluate the principal must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. When available, student growth data that is referenced in the evaluation process must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(7)(a) The superintendent of public instruction, in collaboration with state professional associations representing teachers, principals, and administrators, shall create models for implementing the evaluation system criteria, student growth tools, professional development programs, and evaluator training for certificated classroom teachers and principals. Human resources specialists, professional development experts, and assessment experts must also be consulted. Due to the diversity of teaching assignments and the many developmental levels of students, classroom teachers and principals must be prominently represented in this work. The models must be available for use in the 2011-12 school year.

(b) A new certificated classroom teacher evaluation system that implements the provisions of subsection (2) of this section and a new principal evaluation system that implements the provisions of subsection (6) of this section shall be phased-in beginning with the 2010-11 school year by districts identified in (c) of this subsection and implemented in all school districts beginning with the 2013-14 school year.

(c) A set of school districts shall be selected by the superintendent of public instruction to participate in a collaborative process resulting in the development and piloting of new certificated classroom teacher

and principal evaluation systems during the 2010-11 and 2011-12 school years. These school districts must be selected based on: (i) The agreement of the local associations representing classroom teachers and principals to collaborate with the district in this developmental work and (ii) the agreement to participate in the full range of development and implementation activities, including: Development of rubrics for the evaluation criteria and ratings in subsections (2) and (6) of this section; identification of or development of appropriate multiple measures of student growth in subsections (2) and (6) of this section; development of appropriate evaluation system forms; participation in professional development for principals and classroom teachers regarding the content of the new evaluation system; participation in evaluator training; and participation in activities to evaluate the effectiveness of the new systems and support programs. The school districts must submit to the office of the superintendent of public instruction data that is used in evaluations and all district-collected student achievement, aptitude, and growth data regardless of whether the data is used in evaluations. If the data is not available electronically, the district may submit it in nonelectronic form. The superintendent of public instruction must analyze the districts' use of student data in evaluations, including examining the extent that student data is not used or is underutilized. The superintendent of public instruction must also consult with participating districts and stakeholders, recommend appropriate changes, and address statewide implementation issues. The superintendent of public instruction shall report evaluation system implementation status, evaluation data, and recommendations to appropriate committees of the legislature and governor by July 1, 2011, and at the conclusion of the development phase by July 1, 2012. In the July 1, 2011 report, the superintendent shall include recommendations for whether a single statewide evaluation model should be adopted, whether modified versions developed by school districts should be subject to state approval, and what the criteria would be for determining if a school district's evaluation model meets or exceeds a statewide model. The report shall also identify challenges posed by requiring a state approval process.

(8) Each certificated ((employee)) classroom teacher and certificated support personnel shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee's professional performance.

((4)) (9) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated ((employees)) classroom teachers and certificated support personnel or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

((5)) (10) After ((an employee)) a certificated classroom teacher or certificated support personnel has four years of satisfactory evaluations under subsection (1) of this section or has received one of the two top ratings for four years under subsection (2) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) or (2) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) or (2) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. A locally bargained short-form evaluation emphasizing professional growth must provide that the professional growth activity conducted by the certificated

classroom teacher be specifically linked to one or more of the certificated classroom teacher evaluation criteria. However, the evaluation process set forth in subsection (1) or (2) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) or (2) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) or (2) of this section may be used as a basis for determining that an employee's work is ~~((unsatisfactory))~~ not satisfactory under subsection (1) or (2) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise.

Sec. 203. RCW 28A.405.220 and 2009 c 57 s 2 are each amended to read as follows:

(1) Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first ~~((two))~~ three years of employment by such district, unless: (a) The employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district; or (b) the school district superintendent may make a determination to remove an employee from provisional status if the employee has received one of the top two evaluation ratings during the second year of employment by the district. Employees as defined in this section shall hereinafter be referred to as "provisional employees(♫)."

(2) In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

(3) Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.

(4) Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the

superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

(5) The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered. The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

(6) This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for nonrenewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.405.210 and chapter 28A.645 RCW.

NEW SECTION. Sec. 204. A new section is added to chapter 28A.405 RCW to read as follows:

(1) Representatives of the office of the superintendent of public instruction and statewide associations representing administrators, principals, human resources specialists, and certificated classroom teachers shall analyze how the evaluation systems in RCW 28A.405.100 (2) and (6) affect issues related to a change in contract status.

(2) The analysis shall be conducted during each of the phase-in years of the certificated classroom teacher and principal evaluation systems. The analysis shall include: Procedures, timelines, probationary periods, appeal procedures, and other items related to the timely exercise of employment decisions and due process provisions for certificated classroom teachers and principals.

NEW SECTION. Sec. 205. A new section is added to chapter 28A.405 RCW to read as follows:

If funds are provided for professional development activities designed specifically for first through third-year teachers, the funds shall be allocated first to districts participating in the evaluation systems in RCW 28A.405.100 (2) and (6) before the required implementation date under that section.

PART III PRINCIPAL PERFORMANCE

NEW SECTION. Sec. 301. The legislature finds that the presence of highly effective principals in schools has never been more important than it is today. To enable students to meet high academic standards, principals must lead and encourage teams of teachers and support staff to work together, align curriculum and instruction, use student data to target instruction and intervention strategies, and serve as the chief school officer with parents and the community. Greater responsibility should come with greater authority over personnel, budgets, resource allocation, and programs. But greater responsibility also comes with greater accountability for outcomes. Washington is putting into place an updated and rigorous system of evaluating principal performance, one that will measure what matters. This system will never be truly effective unless the results are meaningfully used.

NEW SECTION. Sec. 302. A new section is added to chapter 28A.405 RCW to read as follows:

(1) Any certificated employee of a school district under this section who is first employed as a principal after the effective date of this section shall be subject to transfer as provided under this section, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section means any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator. This section applies only to school districts with an annual average student enrollment of more than thirty-five thousand full-time equivalent students.

(2) During the first three consecutive school years of employment as a principal by the school district, or during the first full school year

of such employment in the case of a principal who has been previously employed as a principal by another school district in the state for three or more consecutive school years, the transfer of the principal to a subordinate certificated position may be made by a determination of the superintendent that the best interests of the school district would be served by the transfer.

(3) Commencing with the fourth consecutive school year of employment as a principal, or the second consecutive school year of such employment in the case of a principal who has been previously employed as a principal by another school district in the state for three or more consecutive school years, the transfer of the principal to a subordinate certificated position shall be based on the superintendent's determination that the results of the evaluation of the principal's performance using the evaluative criteria and rating system established under RCW 28A.405.100 provide a valid reason for the transfer without regard to whether there is probable cause for the transfer. If a valid reason is shown, it shall be deemed that the transfer is reasonably related to the principal's performance. No probationary period is required. However, provision of support and an attempt at remediation of the performance of the principal, as defined by the superintendent, are required for a determination by the superintendent under this subsection that the principal should be transferred to a subordinate certificated position.

(4) Any superintendent transferring a principal under this section to a subordinate certificated position shall notify that principal in writing on or before May 15th before the beginning of the school year of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th. The notification shall state the reason or reasons for the transfer and shall identify the subordinate certificated position to which the principal will be transferred. The notification shall be served upon the principal personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

(5) Any principal so notified may request to the president or chair of the board of directors of the district, in writing and within ten days after receiving notice, an opportunity to meet informally with the board of directors in an executive session for the purpose of requesting the board to reconsider the decision of the superintendent, and shall be given such opportunity. The board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall give the principal written notice at least three days before the meeting of the date, time, and place of the meeting. At the meeting the principal shall be given the opportunity to refute any evidence upon which the determination was based and to make any argument in support of his or her request for reconsideration. The principal and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the principal in writing of its final decision within ten days following its meeting with the principal. No appeal to the courts shall lie from the final decision of the board of directors to transfer a principal to a subordinate certificated position.

(6) This section provides the exclusive means for transferring a certificated employee first employed by a school district under this section as a principal after the effective date of this section to a subordinate certificated position at the expiration of the term of his or her employment contract.

Sec. 303. RCW 28A.405.210 and 2009 c 57 s 1 are each amended to read as follows:

No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law

or the Washington professional educator standards board for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 or section 302 of this act shall not be construed as a nonrenewal of contract for the purposes of this section.

Sec. 304. RCW 28A.405.230 and 2009 c 57 s 3 are each amended to read as follows:

Any certificated employee of a school district employed as an assistant superintendent, director, principal, assistant principal, coordinator, or in any other supervisory or administrative position, hereinafter in this section referred to as "administrator", shall be subject to transfer, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section, shall mean any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.

Every superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in

writing on or before May 15th preceding the commencement of such school term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

Every such administrator so notified, at his or her request made in writing and filed with the president or chair, or secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof for the purpose of requesting the board to reconsider the decision of the superintendent. Such board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall notify the administrator in writing of the date, time and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the administrator in writing of its final decision within ten days following its meeting with the administrator. No appeal to the courts shall lie from the final decision of the board of directors to transfer an administrator to a subordinate certificated position: PROVIDED, That in the case of principals such transfer shall be made at the expiration of the contract year and only during the first three consecutive school years of employment as a principal by a school district; except that if any such principal has been previously employed as a principal by another school district in the state of Washington for three or more consecutive school years the provisions of this section shall apply only to the first full school year of such employment.

This section applies to any person employed as an administrator by a school district on June 25, 1976, and to all persons so employed at any time thereafter, except that section 302 of this act applies to persons first employed after the effective date of this section as a principal by a school district meeting the criteria of section 302 of this act. This section provides the exclusive means for transferring an administrator subject to this section to a subordinate certificated position at the expiration of the term of his or her employment contract.

Sec. 305. RCW 28A.405.300 and 1990 c 33 s 395 are each amended to read as follows:

In the event it is determined that there is probable cause or causes for a teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with the school district, hereinafter referred to as "employee", to be discharged or otherwise adversely affected in his or her contract status, such employee shall be notified in writing of that decision, which notification shall specify the probable cause or causes for such action. Such determinations of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notices shall be served upon that employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair of the board or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for a hearing pursuant to RCW 28A.405.310 to determine whether or not

there is sufficient cause or causes for his or her discharge or other adverse action against his or her contract status.

In the event any such notice or opportunity for hearing is not timely given, or in the event cause for discharge or other adverse action is not established by a preponderance of the evidence at the hearing, such employee shall not be discharged or otherwise adversely affected in his or her contract status for the causes stated in the original notice for the duration of his or her contract.

If such employee does not request a hearing as provided herein, such employee may be discharged or otherwise adversely affected as provided in the notice served upon the employee.

Transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 or section 302 of this act shall not be construed as a discharge or other adverse action against contract status for the purposes of this section.

PART IV

ENCOURAGING INNOVATIONS

Sec. 401. RCW 28A.400.200 and 2002 c 353 s 2 are each amended to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a baccalaureate degree and zero years of service; and

(b) Salaries for certificated instructional staff with a master's degree shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a master's degree and zero years of service;

(3)(a) The actual average salary paid to certificated instructional staff shall not exceed the district's average certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.150.410.

(b) Fringe benefit contributions for certificated instructional staff shall be included as salary under (a) of this subsection only to the extent that the district's actual average benefit contribution exceeds the amount of the insurance benefits allocation provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.400.210; employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system; or employer contributions for health benefits in excess of the insurance benefits allocation provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. A school district may not use state funds to provide employer contributions for such excess health benefits.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, for additional responsibilities, ((or) for incentives, or for implementing specific measurable innovative activities, including professional development, specified by the school district to: (a) Close one or more achievement gaps, (b) focus on development of science, technology, engineering, and mathematics (STEM) learning opportunities, or (c) provide arts education. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.405.240, shall not

exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.405.300 through 28A.405.380. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 3 of the state Constitution.

(5) Employee benefit plans offered by any district shall comply with RCW 28A.400.350 and 28A.400.275 and 28A.400.280.

PART V

EXPANDING PROFESSIONAL PREPARATION OPTIONS AND WORKFORCE INFORMATION

NEW SECTION. Sec. 501. A new section is added to chapter 28A.410 RCW to read as follows:

(1) Beginning with the 2011-12 school year, all professional educator standards board-approved teacher preparation programs must administer to all preservice candidates the evidence-based assessment of teaching effectiveness adopted by the professional educator standards board. The professional educator standards board shall adopt rules that establish a date during the 2012-13 school year after which candidates completing teacher preparation programs must successfully pass this assessment. Assessment results from persons completing each preparation program must be reported annually by the professional educator standards board to the governor and the education and fiscal committees of the legislature by December 1st.

(iii) Receive no more than the annual amount of the scholarship, not to exceed four thousand dollars, for the cost of tuition, fees, and educational expenses, including books, supplies, and transportation for the alternative route certification program in which the recipient is enrolled. The board may adjust the annual award by the average rate of tuition and fee increases at the state community and technical colleges.

(c) The retooling to teach mathematics and science conditional scholarship program is limited to current K-12 teachers ((and individuals having an elementary education certificate but who are not employed in positions requiring an elementary education certificate as provided by RCW 28A.660.045)). In order to receive conditional scholarship awards:

(i) Individuals currently employed as teachers shall pursue a middle level mathematics or science, or secondary mathematics or science endorsement; or

(ii) Individuals who are certificated with an elementary education endorsement(~~((but not employed in positions requiring an elementary education certificate,))~~) shall pursue an endorsement in middle level mathematics or science, or both; and

The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in the future teachers conditional scholarship account authorized in RCW 28B.102.080.

NEW SECTION. Sec. 506. A new section is added to chapter 28A.410 RCW to read as follows:

Beginning with the 2010 school year and annually thereafter, each educational service district, in cooperation with the professional educator standards board, must convene representatives from school districts within that region and professional educator standards board-approved educator preparation programs to review district and regional educator workforce data, make biennial projections of certificate staffing needs, and identify how recruitment and enrollment plans in educator preparation programs reflect projected need.

Sec. 507. RCW 28B.76.335 and 2007 c 396 s 17 are each amended to read as follows:

As part of the state needs assessment process conducted by the board in accordance with RCW 28B.76.230, the board shall in collaboration with the professional educator standards board, assess the need for additional (~~(baccalaureate)~~) degree and certificate programs in Washington that specialize in teacher preparation (~~((in mathematics, science, and technology))~~) to meet regional or subject area shortages. If the board determines that there is a need for additional programs, then the board shall encourage the appropriate institutions of higher education or institutional sectors to create such a program.

NEW SECTION. Sec. 508. A new section is added to chapter 28B.76 RCW to read as follows:

(1) The board must establish boundaries for service regions for institutions of higher education as defined in RCW 28B.10.016 implementing professional educator standards board-approved educator preparation programs. Regions shall be established to encourage and support, not exclude, the reach of public institutions of higher education across the state.

(2) Based on the data in the assessment in RCW 28B.76.230 and 28B.76.335, the board shall determine whether reasonable teacher preparation program access for prospective teachers is available in each region. If access is determined to be inadequate in a region, the institution of higher education responsible for the region shall submit a plan for meeting the access need to the board.

(3) Partnerships with other teacher preparation program providers and the use of appropriate technology shall be considered. The board shall review the plan and, as appropriate, assist the institution in developing support and resources for implementing the plan.

Sec. 509. RCW 28B.50.020 and 2009 c 64 s 2 are each amended to read as follows:

(2) Ensure that each college district shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(3) Provide for basic skills and literacy education, and occupational education and technical training at technical colleges in order to prepare students for careers in a competitive workforce;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training, and service programs as future needs occur; and

(7) Establish firmly that, except on a pilot basis as provided under RCW 28B.50.810 and section 502 of this act, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and

other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges.

PART VII

PARENTS AND COMMUNITY

NEW SECTION. Sec. 701. A new section is added to chapter 28A.605 RCW to read as follows:

School districts are encouraged to strengthen family, school, and community partnerships by creating spaces in school buildings, if space is available, where students and families can access the services they need, such as after-school tutoring, dental and health services, counseling, or clothing and food banks.

NEW SECTION. Sec. 702. A new section is added to chapter 28A.655 RCW to read as follows:

(1) Beginning with the 2010-11 school year, each school shall conduct outreach and seek feedback from a broad and diverse range of parents, other individuals, and organizations in the community regarding their experiences with the school. (2) The office of the superintendent of public instruction shall create a working group with representatives of organizations representing parents, teachers, and principals as well as diverse communities. The working group shall also include a representative from the achievement gap oversight and accountability committee. The annual performance report shall be in a form that can be easily understood and be used by parents, guardians, and other members of the community who are not professional educators to make informed educational decisions. As data from the assessments in RCW 28A.655.060 becomes available, the annual performance report should enable parents, educators, and school board members to determine whether students in the district's schools are attaining mastery of the student learning goals under RCW 28A.150.210, and other important facts about the schools' performance in assisting students to learn. The annual report shall make comparisons to a school's performance in preceding years (~~and shall include school level goals under RCW 28A.655.050~~), student performance relative to the goals and the percentage of students performing at each level of the assessment, a comparison of student performance at each level of the assessment to the previous year's performance, and information regarding school-level plans to achieve the goals.

child's education. Therefore, the legislature intends to provide state recognition by the center for the improvement of student learning within the office of the superintendent of public instruction for schools that increase the level of direct parental involvement with their child's education. By September 1, 2010, the center for the improvement of student learning shall determine measures that can be used to evaluate the level of parental involvement in a school. The center for the improvement of student learning shall collaborate with school district family and community outreach programs and educational service districts to identify and highlight successful models and practices of parent involvement.

The mediator, without the consent of both parties, shall not make findings of fact or recommend terms of settlement. The services of the mediator, including, if any, per diem expenses, shall be provided by the commission without cost to the parties. Nothing in this subsection (1) shall be construed to prevent the parties from mutually agreeing upon their own mediation procedure, and in the event of such agreement, the commission shall not appoint its own mediator unless failure to do so would be inconsistent with the effectuation of the purposes and policy of this chapter.

(2) If the mediator is unable to effect settlement of the controversy within ten days after his or her appointment, either party, by written notification to the other, may request that their differences be submitted to fact-finding with recommendations, except that the time for mediation may be extended by mutual agreement between the parties. Within five days after receipt of the aforesaid written request for fact-finding, the parties shall select a person to serve as fact finder and obtain a commitment from that person to serve. If they are unable to agree upon a fact finder or to obtain such a commitment within that time, either party may request the commission to designate a fact finder. The commission, within five days after receipt of such request, shall designate a fact finder in accordance with rules and regulations for such designation prescribed by the commission. The fact finder so designated shall not be the same person who was appointed mediator pursuant to subsection (1) of this section without the consent of both parties.

The fact finder, within five days after his appointment, shall meet with the parties or their representatives, or both, either jointly or separately, and make inquiries and investigations, hold hearings, and take such other steps as he may deem appropriate. For the purpose of such hearings, investigations and inquiries, the fact finder shall have the power to issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence. If the dispute is not settled within ten days after his appointment, the fact finder shall make findings of fact and recommend terms of settlement within thirty days after his appointment, which recommendations shall be advisory only.

(3) Such recommendations, together with the findings of fact, shall be submitted in writing to the parties and the commission privately before they are made public. Either the commission, the fact finder, the employer, or the exclusive bargaining representative may make such findings and recommendations public if the dispute is not settled within five days after their receipt from the fact finder.

(4) The costs for the services of the fact finder, including, if any, per diem expenses and actual and necessary travel and subsistence expenses, and any other incurred costs, shall be borne by the commission without cost to the parties.

(5) Nothing in this section shall be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(6) Any fact finder designated by an employer and an exclusive representative or the commission for the purposes of this section shall be deemed an agent of the state.

(7) This section does not apply to negotiations and mediations conducted under section 105 of this act.

PART X

EDUCATION REFORM FINANCE

NEW SECTION. Sec. 1001. (1) An essential aspect of overall education reform is reform in state financing for basic education, both in the way that funds are distributed and the overall level of state support to school districts. Chapter 548, Laws of 2009, took a significant step in this aspect of education reform by creating a

framework for new funding distribution formulas and directing further work on this topic and recommendations from the quality education council and technical working groups. It is the legislature's intent to continue implementation of the education reforms in chapter 548, Laws of 2009, by adopting the technical details of a new distribution formula for the instructional program of basic education and authorizing a phase-in of implementation of a new distribution formula for pupil transportation, both to take effect September 1, 2011. Unless otherwise stated, the numeric values adopted in section 1002 of this act represent the translation of 2009-2010 state funding levels for the basic education act into the funding factors of the prototypical school funding formula, based on the expert advice and extensive work of the funding formula technical working group established by the legislature for this purpose. The legislature intends to continue to review and revise the formulas and may make revisions as necessary for technical purposes and consistency in the event of mathematical or other technical errors.

(2) It is also the legislature's intent to adopt an implementation schedule for phasing-in additional education finance reforms and enhancements to the baseline funding levels of 2009-10 beginning in the 2011-12 school year for pupil transportation, class size allocations for grades kindergarten through three, full-day kindergarten, and allocations for maintenance, supplies, and operating costs.

(3) Finally, it is the legislature's intent to adjust the timelines for other working groups so that their expertise and advice can be received as soon as possible and to make technical adjustments to certain provisions of chapter 548, Laws of 2009.

Sec. 1002. RCW 28A.150.260 and 2009 c 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter ~~28A.155~~, 28A.165, 28A.180, or ~~((28A.155))~~ 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district

and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

~~((=))~~ (4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on ~~((=))~~ the following general education average class size ~~((as specified in the omnibus appropriations act))~~ of full-time equivalent students per teacher:

General education average class size	
Grades K-3	25.23
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12	28.74

(b) Beginning in the 2011-12 school year and beginning with schools with the highest percentage of students eligible for free and reduced-price meals in the prior school year, the general education average class size for grades K-3 shall be reduced until the average class size funded under this subsection (4) is no more than 15.0 full-time equivalent students per teacher beginning in the 2015-16 school year.

(c) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level	26.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction	22.76

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) ~~((Basic average class size; —(ii) Basic))~~ A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

~~((=))~~ (ii) A specialty average class size for ~~((exploratory and preparatory career and technical education,))~~ laboratory science, advanced placement, and international baccalaureate courses ~~((; and~~

(iv) Average class size in grades kindergarten through three).

~~((=))~~ (5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

~~((i))~~ Principals, including assistant principals, and other certificated building-level administrators;

~~((ii))~~ Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;

~~((iii))~~ Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;

~~((iv))~~ Guidance counselors, performing functions including parent outreach and graduation advisor;

~~((v))~~ Professional development coaches;

~~((vi))~~ Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;

~~((vii))~~ Office support, technology support, and other noninstructional aides;

~~((viii))~~ Custodians, warehouse, maintenance, laborer, and professional and technical education support employees; and

~~((ix))~~ Classified staff providing student and staff safety.

((5)) (10) In addition to the allocations otherwise provided under ((subsections (3) and (4) of) this section ((shall be enhanced as follows to provide additional allocations for classroom teachers and maintenance, supplies, and operating costs)), amounts shall be provided to support the following programs and services:

(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the ((percent) district percentage of students in ((each school) grades K-12 who ((are) were eligible for free ((and) or reduced-price meals in the prior school year. ((6) The allocations provided under subsections (3) and (4) of this section shall be enhanced)) (c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on two and three hundred fourteen one-thousandths percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide ((an extended school day and extended school year for each level of prototypical school and a per student allocation for maintenance, supplies, and operating costs)) resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

((7)) (11) The allocations under subsections ((3)) (4)(a) and (b), ((e)(i), and (d), (4)), (5), (6) and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(2) The excess cost allocation to school districts shall be based on the following:

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 ~~((3)(b), (c)(i), and (d), (4), and (8))~~ (4)(a) and (b), (5), (6), and (8), to be divided by the district's full-time equivalent enrollment.

Sec. 1004. RCW 28A.150.315 and 2009 c 548 s 107 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. Beginning with the 2011-12 school year, funding shall continue to be phased-in incrementally each year until full statewide implementation of all-day kindergarten is achieved in the 2017-18 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years

regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:

(i) Developing initial skills in the academic areas of reading, mathematics, and writing;

Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

Sec. 1005. 2009 c 548 s 112 (uncodified) is amended to read as follows:

(1) The legislature intends to continue to redefine the instructional program of education under RCW 28A.150.220 that fulfills the obligations and requirements of Article IX of the state Constitution. The funding formulas under RCW 28A.150.260 to support the instructional program shall be implemented to the extent the technical details of the formula have been established and according to an implementation schedule to be adopted by the legislature. The object of the schedule is to assure that any increases in funding allocations are timely, predictable, and occur concurrently with any increases in program or instructional requirements. It is the intent of the legislature that no increased programmatic or instructional expectations be imposed upon schools or school districts without an accompanying increase in resources as necessary to support those increased expectations.

(2) The office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to:

(a) Develop the details of the funding formulas under RCW 28A.150.260;

(b) Recommend to the legislature an implementation schedule for phasing-in any increased program or instructional requirements concurrently with increases in funding for adoption by the legislature; and

The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(4) The working group shall be monitored and overseen by the legislature and the quality education council established in ~~((section 114 of this act))~~ RCW 28A.290.010. The working group shall submit its recommendations to the legislature by December 1, 2009.

(5) After the 2009 report to the legislature, the office of financial management and the office of the superintendent of public instruction shall periodically reconvene the working group to monitor and provide advice on further development and implementation of the funding formulas under RCW 28A.150.260 and provide technical assistance to the ongoing work of the quality education council.

Sec. 1006. 2009 c 548 s 302 (uncodified) is amended to read as follows:

(1) Beginning ~~((July))~~ April 1, 2010, the office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to develop options for a new system of supplemental school funding through local school levies and local effort assistance.

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established under ~~((this act))~~ chapter 548, Laws of 2009 and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall also:

(a) Examine local school district capacity to address facility needs associated with phasing-in full-day kindergarten across the state and reducing class size in kindergarten through third grade; and

(b) Provide the quality education council with analysis on the potential use of local funds that may become available for redeployment and redirection as a result of increased state funding allocations for pupil transportation and maintenance, supplies, and operating costs.

(4) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

~~((4))~~ (5) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in ~~((section 114 of this act))~~ RCW 28A.290.010. The working group shall report to the legislature ~~((December 1))~~ June 30, 2011.

Sec. 1007. RCW 43.41.398 and 2009 c 548 s 601 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary

allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of the superintendent of public instruction, in collaboration with the office of financial management, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

(a) How to reduce the number of tiers within the existing salary allocation model;

(b) How to account for labor market adjustments;

(c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;

(d) The role of and types of bonuses available;

(e) Ways to accomplish salary equalization over a set number of years; and

(f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

(a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;

(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and

(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by ~~((December 1))~~ June 30, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

Sec. 1008. RCW 28A.160.192 and 2009 c 548 s 311 are each amended to read as follows:

(1) The superintendent of public instruction shall phase-in the implementation of the distribution formula under this chapter for allocating state funds to school districts for the transportation of students to and from school. The phase-in shall ~~((be according to the implementation schedule adopted by the legislature and shall))~~ begin no later than the ~~((2013-14))~~ 2011-12 school year and be fully implemented by the 2013-14 school year.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student transportation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors must include all those site characteristics that are statistically significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:

(a) Annually, each school district shall receive the lesser of the previous school year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the state recovery rate identified by the superintendent; and

(b) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) of this subsection and the amount determined under the formula in RCW 28A.160.180.

~~((3))~~ The superintendent shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2009.

(4) Beginning in December 2009, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.)

NEW SECTION. Sec. 1009. A new section is added to chapter 28A.160 RCW to read as follows:

(1) The superintendent of public instruction shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2010.

(2) Beginning in December 2010, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.

related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Beginning January 1, 1992, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(4) Beginning in the 2007-08 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

Sec. 1011. RCW 28A.175.010 and 2005 c 207 s 3 are each amended to read as follows:

In developing rules, the superintendent of public instruction shall consult with school districts, including administrative and counseling personnel, with regard to the methods through which information is to be collected and reported.

(6) In reporting on the causes or reasons, or both, attributed to students for having dropped out of school, school building officials shall, to the extent reasonably practical, obtain such information directly from students. In lieu of obtaining such information directly from students, building principals and counselors shall identify the causes or reasons, or both, based on their professional judgment.

ESB 6762 Prime Sponsor, Senator Fraser: Regarding compliance with the state environmental policy act in the consideration of cumulative impacts and the assumption of lead agency status when the same agency is the sponsor of the project. Reported by Committee on Ecology & Parks

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1115. RCW 43.21C.031 and 1995 c 347 s 203 are each amended to read as follows:

(1)(a) An environmental impact statement (the detailed statement required by RCW 43.21C.030(2)(c)) shall be prepared on proposals for legislation and other major actions having a probable significant, adverse environmental impact. The environmental impact statement may be combined with the recommendation or report on the proposal or issued as a separate document. The substantive decisions or recommendations shall be clearly identifiable in the combined document. Actions categorically exempt under RCW 43.21C.110(1)(a) do not require environmental review or the preparation of an environmental impact statement under this chapter. This subsection does not impose the requirements of RCW 43.21C.030 or this section upon actions that are statutorily exempt from this chapter's environmental review requirements. Proposals, or parts of proposals, that are so closely related as to be in effect a single course of action must be evaluated in the same environmental document if the:

(i) Proposal, or parts of the proposal, cannot or will not proceed unless implemented simultaneously; or

(ii) Larger proposal is necessary for justification or implementation of parts of the proposal. Phased environmental review may be allowed by rule of the department. In a county, city, or town planning under RCW 36.70A.040, a planned action, as provided for in subsection (2) of this section, does not require a threshold determination or the preparation of an environmental impact statement under this chapter, but is subject to environmental review and mitigation as provided in this chapter.

(b) An environmental impact statement is required to analyze only those probable adverse environmental impacts which are significant. Beneficial environmental impacts may be discussed. The responsible official shall consult with agencies and the public to identify such impacts and limit the scope of an environmental impact statement. The subjects listed in RCW 43.21C.030(2)(c) need not be treated as separate sections of an environmental impact statement. Discussions of significant short-term and long-term environmental impacts, including cumulative impacts, significant irrevocable commitments of natural resources, significant alternatives including mitigation measures, and significant environmental impacts which cannot be mitigated should be consolidated or included, as applicable, in those sections of an environmental impact statement where the responsible official decides they logically belong.

(2)(a) For purposes of this section, a planned action means one or more types of project action that:

(i) Are designated planned actions by an ordinance or resolution adopted by a county, city, or town planning under RCW 36.70A.040;

(ii) Have had the significant impacts adequately addressed in an environmental impact statement prepared in conjunction with (A) a comprehensive plan or subarea plan adopted under chapter 36.70A RCW, or (B) a fully contained community, a master planned resort, a master planned development, or a phased project;

(iii) Are subsequent or implementing projects for the proposals listed in (a)(ii) of this subsection;

(iv) Are located within an urban growth area, as defined in RCW 36.70A.030;

(v) Are not essential public facilities, as defined in RCW 36.70A.200; and

(vi) Are consistent with a comprehensive plan adopted under chapter 36.70A RCW.

(b) A county, city, or town shall limit planned actions to certain types of development or to specific geographical areas that are less extensive than the jurisdictional boundaries of the county, city, or town and may limit a planned action to a time period identified in the environmental impact statement or the ordinance or resolution adopted under this subsection.

NEW SECTION. Sec. 1116. A new section is added to chapter 43.21C RCW to read as follows:

When an agency is the lead agency on its own proposal, the agency staff carrying out the environmental review procedures of RCW 43.21C.030 and 43.21C.031 should be different from the agency staff developing the proposal."

ESB 6776 Prime Sponsor, Senator Jacobsen: Creating the joint work group on small forest landowner sustainability. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1117. (1) The legislature finds that providing for long-term stewardship of nonindustrial forests and woodlands is an important factor in maintaining Washington's special character and quality of life.

(2) The legislature further finds that in order to encourage and maintain nonindustrial forests and woodlands for their present and future benefit to all citizens, Washington's nonindustrial forest and woodland owners' long-term commitments to stewardship of forest resources must be recognized and supported by the citizens of the state.

(3) The legislature further finds that the adoption of forest practices rules consistent with the forests and fish report, as defined in RCW 76.09.020, has imposed substantial financial burdens on small forest landowners.

(4) The legislature further finds that in order to maintain the economic viability of eighty-nine thousand family forest owners, managing five million acres of forest land across the state, small forest landowners must be provided with incentives to keep their land in long-term forestry.

NEW SECTION. Sec. 1118. (1) The joint work group on small forest landowner sustainability is established. Utilizing research conducted by the school of forest resources at the University of Washington and the information and perspectives provided by the department of natural resources, the department of fish and wildlife, and the department of ecology, the joint work group shall report to the

legislature consistent with RCW 43.01.036, the commissioner of public lands, and the governor on ways to remove regulatory barriers and disincentives in order to encourage small forest landownership for generations to come without reducing protection to public resources.

(2) The joint work group on small forest landowner sustainability shall consist of two members of the house of representatives agriculture and natural resources committee appointed by the speaker of the house of representatives and two members of the senate natural resources, ocean, and recreation committee appointed by the president of the senate. The speaker of the house of representatives and the president of the senate shall ensure that there is equal participation between the two largest caucuses in their respective chambers.

(3) The joint work group shall consult with relevant state agencies, stakeholders, and experts in the fields of forestry, tax policy, transfer of development rights, forested fish habitat, and ecosystem service payments. The joint work group may also request assistance from the department of natural resources, the department of ecology, the department of fish and wildlife, federal experts on the state habitat conservation plan, representatives of native American tribes, and the environmental community.

(4) The joint work group will utilize the house of representatives office of program research and senate committee services and existing legislative resources. The work group will also utilize teleconferencing and other communications methods, when feasible, to minimize travel and per diem expenditures for legislators and staff.

(5) In developing recommendations, the joint work group shall review and build upon reports related to small forest landowner economic viability, including reports completed for or by the rural technology initiative, the Northwest environmental forum, and the small landowner office at the department of natural resources. The work group shall also rely on the department of natural resources' and other entities' work to develop proposals for landowner conservation incentives that support forest landowners maintaining their lands in forestry.

(6) In developing recommendations, the joint work group shall consider:

(a) The long-term sustainability of the forestry riparian easement program defined in RCW 76.13.120 and ways to reform that program.

(b) Recommendations on how to address issues unique to small forest lands east of the Cascade mountains, including periodic insect and disease attacks, catastrophic wildfire, and replacement of historic species by shade tolerant species.

(c) Whether, how, and to what extent the department of natural resources has evaluated the cumulative impact of small forest landowner alternate management plans or alternate harvest restrictions on essential riparian functions as required by RCW 76.13.110.

(d) Whether, how, and to what extent the department of natural resources and the forest practices board have developed alternate plans or alternate harvest restrictions that meet riparian functions while requiring less costly regulatory prescriptions for small forest landowners, including recognition of or credit for improving the condition of public resources.

(e) The complexity of administrative rules for small harvests and relatively short stream reaches.

(f) Recommendations on ways the forest practices board and the legislature could provide more effective incentives to encourage continued management of nonindustrial forests and woodlands for forestry.

(g) Ways to address conversion pressures, global competition, and the gap between appraised values of forest land and the value for the same land for development.

(h) The possibility of a pilot program for ecosystem service payments and technical funding assistance for small forest landowners.

(i) Whether, how, and to what extent the recommendations are consistent with the state's obligations under the forest practices habitat conservation plan and clean water act assurances.

(7) The joint work group on small forest landowner sustainability shall deliver its report in the form of proposed legislation to the legislature, the commissioner of public lands, and the governor by September 15, 2010.

SSB 6832 Prime Sponsor, Committee on Human Services & Corrections: Concerning child welfare services. Reported by Committee on Early Learning & Children's Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1119. The legislature finds that, based upon the work of the child welfare transformation design committee established pursuant to 2SHB 2106 during the 2009 legislative session, several narrowly based amendments to that legislation need to be made, mainly for clarifying purposes. The legislature further finds that two deadlines need to be extended by six months, the first to allow the department of social and health services additional time to complete the conversion of its contracts to performance-based contracts and the second to allow the department additional time to gradually transfer existing cases to supervising agencies in the demonstration sites. The legislature finds that the addition of a foster youth on the child welfare transformation design committee will greatly assist the committee in its work.

The legislature recognizes that clarifying language regarding Indian tribes should be added regarding the government-to-government relationship the tribes have with the state. The legislature further recognizes that language is needed regarding the department's ability to receive federal funding based upon the recommendations made by the child welfare transformation design committee.

Sec. 1120. RCW 74.13.368 and 2009 c 520 s 8 are each amended to read as follows:

(1)(a) The child welfare transformation design committee is established, with members as provided in this subsection.

(iii) The assistant secretary of the children's administration in the department;

(iv) Two regional administrators in the children's administration selected by the assistant secretary, one from one of the department's administrative regions one or two, and one from one of the department's administrative regions three, four, five, or six;

(v) The administrator for the division of licensed resources in the children's administration;

(vi) Two nationally recognized experts in performance-based contracts;

(vii) The attorney general or the attorney general's designee;

(viii) A representative of the collective bargaining unit that represents the largest number of employees in the children's administration;

(ix) A representative from the office of the family and children's ombudsman;

(x) Four representatives from the Indian policy advisory committee convened by the department's office of Indian policy and support services;

(xi) Two currently elected or former superior court judges with significant experience in dependency matters, selected by the superior court judge's association;

(xii) One representative from partners for our children affiliated with the University of Washington school of social work;

(xiii) A member of the Washington state racial disproportionality advisory committee;

(xiv) A foster parent; ~~(and)~~

(xv) A youth currently in or a recent alumnus of the Washington state foster care system, to be designated by the cochairs of the committee; and

~~(xvi)~~ A parent representative who has had personal experience with the dependency system.

(b) The president of the senate and the speaker of the house of representatives shall jointly appoint the members under (a)(ii), (xiv), and ~~((xv))~~ (xvi) of this subsection.

(c) The representative from partners for our children shall convene the initial meeting of the committee no later than June 15, 2009.

(d) The cochairs of the committee shall be the assistant secretary for the children's administration and another member selected by a majority vote of those members present at the initial meeting.

(2) The committee shall establish a transition plan containing recommendations to the legislature and the governor consistent with this section for the provision of child welfare services by supervising agencies pursuant to RCW 74.13.360.

(3) The plan shall include the following:

(a) A model or framework for performance-based contracts to be used by the department that clearly defines:

(i) The target population;

(ii) The referral and exit criteria for the services;

(iii) The child welfare services including the use of evidence-based services and practices to be provided by contractors;

(iv) The roles and responsibilities of public and private agency workers in key case decisions;

(v) Contract performance and outcomes, including those related to eliminating racial disparities in child outcomes;

(vi) That supervising agencies will provide culturally competent service;

(vii) How to measure whether each contractor has met the goals listed in RCW 74.13.360(5); and

(viii) Incentives to meet performance outcomes;

(b) A method by which the department will substantially reduce its current number of contracts for child welfare services;

(c) A method or methods by which clients will access community-based services, how private supervising agencies will engage other services or form local service networks, develop subcontracts, and share information and supervision of children;

(d) Methods to address the effects of racial disproportionality, as identified in the 2008 Racial Disproportionality Advisory Committee Report published by the Washington state institute for public policy in June 2008;

(e) Methods for inclusion of the principles and requirements of the centennial accord executed in November 2001, executed between the state of Washington and federally recognized tribes in Washington state;

(f) Methods for assuring performance-based contracts adhere to the letter and intent of the federal Indian child welfare act;

(g) Contract monitoring and evaluation procedures that will ensure that children and families are receiving timely and quality services and that contract terms are being implemented;

(h) A method or methods by which to ensure that the children's administration has sufficiently trained and experienced staff to monitor and manage performance-based contracts;

(i) A process by which to expand the capacity of supervising and other private agencies to meet the service needs of children and families in a performance-based contractual arrangement;

(j) A method or methods by which supervising and other private agencies can expand services in underserved areas of the state;

(k) The appropriate amounts and procedures for the reimbursement of supervising agencies given the proposed services restructuring;

(l) A method by which to access and enhance existing data systems to include contract performance information;

(m) A financing arrangement for the contracts that examines:

(i) The use of case rates or performance-based fee-for-service contracts that include incentive payments or payment schedules that link reimbursement to outcomes; and

(ii) Ways to reduce a contractor's financial risk that could jeopardize the solvency of the contractor, including consideration of the use of a risk-reward corridor that limits risk of loss and potential profits or the establishment of a statewide risk pool;

(n) A description of how the transition will impact the state's ability to obtain federal funding and examine options to further maximize federal funding opportunities and increased flexibility;

(o) A review of whether current administrative staffing levels in the regions should be continued when the majority of child welfare services are being provided by supervising agencies;

(p) A description of the costs of the transition, the initial start-up costs and the mechanisms to periodically assess the overall adequacy of funds and the fiscal impact of the changes, and the feasibility of the plan and the impact of the plan on department employees during the transition; and

(q) Identification of any statutory and regulatory revisions necessary to accomplish the transition.

(4)(a) The committee, with the assistance of the department, shall select two demonstration sites within which to implement chapter 520, Laws of 2009. One site must be located on the eastern side of the state. The other site must be located on the western side of the state. Neither site must be wholly located in any of the department's administrative regions.

(b) The committee shall develop two sets of performance outcomes to be included in the performance-based contracts the department enters into with supervising agencies. The first set of outcomes shall be used for those cases transferred to a supervising

agency over time. The second set of outcomes shall be used for new entrants to the child welfare system.

(c) The committee shall also identify methods for ensuring that comparison of performance between supervising agencies and the existing service delivery system takes into account the variation in the characteristics of the populations being served as well as historical trends in outcomes for those populations.

(5) The committee shall determine the appropriate size of the child and family populations to be provided services under performance-based contracts with supervising agencies. The committee shall also identify the time frame within which cases will be transferred to supervising agencies. The performance-based contracts entered into with supervising agencies shall encompass the provision of child welfare services to enough children and families in each demonstration site to allow for the assessment of whether there are meaningful differences, to be defined by the committee, between the outcomes achieved in the demonstration sites and the comparison sites or populations. To ensure adequate statistical power to assess these differences, the populations served shall be large enough to provide a probability greater than seventy percent that meaningful difference will be detected and a ninety-five percent probability that observed differences are not due to chance alone.

(6) The committee shall also prepare as part of the plan a recommendation as to how to implement chapter 520, Laws of 2009 so that full implementation of chapter 520, Laws of 2009 is achieved no later than ~~(June)~~ December 30, 2012.

(7) The committee shall prepare the plan to manage the delivery of child welfare services in a manner that achieves coordination of the services and programs that deliver primary prevention services.

(8) Beginning June 30, 2009, the committee shall report quarterly to the governor and the legislative children's oversight committee established in RCW 44.04.220. From June 30, 2012, until January 1, 2015, the committee need only report twice a year. The committee shall report on its progress in meeting its duties under subsections (2) and (3) of this section and on any other matters the committee or the legislative children's oversight committee or the governor deems appropriate. The portion of the plan required in subsection (6) of this section shall be due to the legislative children's oversight committee on or before June 1, 2010. The reports shall be in written form.

(9) The committee, by majority vote, may establish advisory committees as it deems necessary.

(10) All state executive branch agencies and the agencies with whom the department contracts for child welfare services shall cooperate with the committee and provide timely information as the chair or cochair may request. Cooperation by the children's administration must include developing and scheduling training for supervising agencies to access data and information necessary to implement and monitor the contracts.

(11) It is expected that the administrative costs for the committee will be supported through private funds.

(12) Staff support for the committee shall be provided jointly by partners for our children and legislative staff.

(13) The committee is subject to chapters 42.30 (open public meetings act) and 42.52 (ethics in public service) RCW.

(14) This section expires July 1, 2015.

Sec. 1122. RCW 74.13.360 and 2009 c 520 s 3 are each amended to read as follows:

(1) No later than ~~((January))~~ July 1, 2011, the department shall convert its current contracts with providers of child welfare services

into performance-based contracts. In accomplishing this conversion, the department shall decrease the total number of contracts it uses to purchase child welfare services from providers. The conversion of contracts for the provision of child welfare services to performance-based contracts must be done in a manner that does not adversely affect the state's ability to continue to obtain federal funding for child welfare related functions currently performed by the state and with consideration of options to further maximize federal funding opportunities and increase flexibility in the use of such funds, including use for preventive and in-home child welfare services.

(2) No later than ~~((July 1))~~ December 30, 2012:

(a) In the demonstration sites selected under RCW 74.13.368(4)(a), child welfare services shall be provided by supervising agencies with whom the department has entered into performance-based contracts. Supervising agencies may enter into subcontracts with other licensed agencies; and

(b) Except as provided in subsection (4) of this section, and notwithstanding any law to the contrary, the department may not directly provide child welfare services to families and children provided child welfare services by supervising agencies in the demonstration sites selected under RCW 74.13.368(4)(a).

(3) No later than ~~((July 1))~~ December 30, 2012, for families and children provided child welfare services by supervising agencies in the demonstration sites selected under RCW 74.13.368(4)(a), the department is responsible for only the following:

(a) For the limited purpose of establishing a control or comparison group as deemed necessary by the child welfare transformation design committee, with input from the Washington state institute for public policy, to implement the demonstration sites selected and defined pursuant to RCW 74.13.368(4)(a) in which the performance in achieving measurable outcomes will be compared and evaluated pursuant to RCW 74.13.370; or

~~(b)~~ (b) In an emergency or as a provider of last resort. The department shall adopt rules describing the circumstances under which the department may provide those services. For purposes of this section, "provider of last resort" means the department is unable to contract with a private agency to provide child welfare services in a particular geographic area or, after entering into a contract with a private agency, either the contractor or the department terminates the contract.

the provision of such services with the department, if the department continues to otherwise provide such services, or with federal agencies.

Sec. 1123. RCW 74.13.364 and 2009 c 520 s 5 are each amended to read as follows:

Children whose cases are managed by a supervising agency as defined in RCW 74.13.020 remain under the care and placement authority of the state. The child welfare transformation design committee, in selecting demonstration sites for the provision of child welfare services under RCW 74.13.368(4), shall maintain the placement and care authority of the state over children receiving child welfare services at a level that does not adversely affect the state's ability to continue to obtain federal funding for child welfare related functions currently performed by the state and with consideration of options to further maximize federal funding opportunities and increase flexibility in the use of such funds, including use for preventive and in-home child welfare services.

Sec. 1124. RCW 74.13.366 and 2009 c 520 s 6 are each amended to read as follows:
