(4) Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

(5) The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered. The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

(6) This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for nonrenewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.405.210 and chapter 28A.645 RCW.

NEW SECTION. Sec. 204. A new section is added to chapter 28A.405 RCW to read as follows:

(1) Representatives of the office of the superintendent of public instruction and statewide associations representing administrators, principals, human resources specialists, and certificated classroom teachers shall analyze how the evaluation systems in RCW 28A.405.100 (2) and (6) affect issues related to a change in contract status.

(2) The analysis shall be conducted during each of the phase-in years of the certificated classroom teacher and principal evaluation systems. The analysis shall include: Procedures, timelines, probationary periods, appeal procedures, and other items related to the timely exercise of employment decisions and due process provisions for certificated classroom teachers and principals.

NEW SECTION. Sec. 205. A new section is added to chapter 28A.405 RCW to read as follows:

If funds are provided for professional development activities designed specifically for first through third-year teachers, the funds shall be allocated first to districts participating in the evaluation systems in RCW 28A.405.100 (2) and (6) before the required implementation date under that section.

PART III

PRINCIPAL PERFORMANCE

NEW SECTION. Sec. 301. The legislature finds that the presence of highly effective principals in schools has never been more important than it is today. To enable students to meet high academic standards, principals must lead and encourage teams of teachers and support staff to work together, align curriculum and instruction, use student data to target instruction and intervention strategies, and serve as the chief school officer with parents and the community. Greater responsibility should come with greater authority over personnel, budgets, resource allocation, and programs. But greater responsibility also comes with greater accountability for outcomes. Washington is

putting into place an updated and rigorous system of evaluating principal performance, one that will measure what matters. This system will never be truly effective unless the results are meaningfully used.

NEW SECTION. Sec. 302. A new section is added to chapter 28A.405 RCW to read as follows:

(1) Any certificated employee of a school district under this section who is first employed as a principal after the effective date of this section shall be subject to transfer as provided under this section, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section means any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator. This section applies only to school districts with an annual average student enrollment of more than thirty-five thousand full-time equivalent students.

(2) During the first three consecutive school years of employment as a principal by the school district, or during the first full school year of such employment in the case of a principal who has been previously employed as a principal by another school district in the state for three or more consecutive school years, the transfer of the principal to a subordinate certificated position may be made by a determination of the superintendent that the best interests of the school district would be served by the transfer.

(3) Commencing with the fourth consecutive school year of employment as a principal, or the second consecutive school year of such employment in the case of a principal who has been previously employed as a principal by another school district in the state for three or more consecutive school years, the transfer of the principal to a subordinate certificated position shall be based on the superintendent's determination that the results of the evaluation of the principal's performance using the evaluative criteria and rating system established under RCW 28A.405.100 provide a valid reason for the transfer without regard to whether there is probable cause for the transfer. If a valid reason is shown, it shall be deemed that the transfer is reasonably related to the principal's performance. No probationary period is required. However, provision of support and an attempt at remediation of the performance of the principal, as defined by the superintendent, are required for a determination by the superintendent under this subsection that the principal should be transferred to a subordinate certificated position.

(4) Any superintendent transferring a principal under this section to a subordinate certificated position shall notify that principal in writing on or before May 15th before the beginning of the school year of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th. The notification shall state the reason or reasons for the transfer and shall identify the subordinate certificated position to which the principal will be transferred. The notification shall be served upon the principal personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

(5) Any principal so notified may request to the president or chair of the board of directors of the district, in writing and within ten days after receiving notice, an opportunity to meet informally with the board of directors in an executive session for the purpose of requesting the board to reconsider the decision of the superintendent, and shall be given such opportunity. The board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall give the principal written notice at least three days before the meeting of the date, time, and place of the meeting. At the meeting the principal shall be given the opportunity to refute any evidence upon which the determination was based and to make any argument in support of his or her request for

reconsideration. The principal and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the principal in writing of its final decision within ten days following its meeting with the principal. No appeal to the courts shall lie from the final decision of the board of directors to transfer a principal to a subordinate certificated position.

(6) This section provides the exclusive means for transferring a certificated employee first employed by a school district under this section as a principal after the effective date of this section to a subordinate certificated position at the expiration of the term of his or her employment contract.

Sec. 303. RCW 28A.405.210 and 2009 c 57 s 1 are each amended to read as follows:

No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the Washington professional educator standards board for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 or section 302 of this act shall not be construed as a nonrenewal of contract for the purposes of this section.

Sec. 304. RCW 28A.405.230 and 2009 c 57 s 3 are each amended to read as follows:

Any certificated employee of a school district employed as an assistant superintendent, director, principal, assistant principal, coordinator, or in any other supervisory or administrative position, hereinafter in this section referred to as "administrator", shall be subject to transfer, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section, shall mean any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.

Every superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in writing on or before May 15th preceding the commencement of such school term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

Every such administrator so notified, at his or her request made in writing and filed with the president or chair, or secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof for the purpose of requesting the board to reconsider the decision of the superintendent. Such board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall notify the administrator in writing of the date, time and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the administrator in writing of its final decision within ten days following its meeting with the administrator. No appeal to the courts shall lie from the final decision of the board of directors to transfer an administrator to a subordinate certificated position: **PROVIDED**, That in the case of principals such transfer shall be made at the expiration of the contract year and only during the first three consecutive school years of employment as a principal by a school district; except that if any such principal has been previously employed as a principal by another school district in the state of Washington for three or more consecutive school years the provisions of this section shall apply only to the first full school year of such employment.

This section applies to any person employed as an administrator by a school district on June 25, 1976, and to all persons so employed at any time thereafter, except that section 302 of this act applies to persons first employed after the effective date of this section as a principal by a school district meeting the criteria of section 302 of this act. This section provides the exclusive means for transferring an administrator subject to this section to a subordinate certificated position at the expiration of the term of his or her employment contract.

Sec. 305. RCW 28A.405.300 and 1990 c 33 s 395 are each amended to read as follows:

In the event it is determined that there is probable cause or causes for a teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with the school district, hereinafter referred to as "employee", to be discharged or otherwise adversely affected in his or her contract status, such employee shall be notified in writing of that decision, which notification shall specify the probable cause or causes for such action. Such determinations of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notices shall be served upon that employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair of the board or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for a hearing pursuant to RCW 28A.405.310 to determine whether or not there is sufficient cause or causes for his or her discharge or other adverse action against his or her contract status.

In the event any such notice or opportunity for hearing is not timely given, or in the event cause for discharge or other adverse action is not established by a preponderance of the evidence at the hearing, such employee shall not be discharged or otherwise adversely affected in his or her contract status for the causes stated in the original notice for the duration of his or her contract.

If such employee does not request a hearing as provided herein, such employee may be discharged or otherwise adversely affected as provided in the notice served upon the employee.

Transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 or section 302 of this act shall not be construed as a discharge or other adverse action against contract status for the purposes of this section.

(c) The retooling to teach mathematics and science conditional scholarship program is limited to current K-12 teachers ~~((and individuals having an elementary education certificate but who are not employed in positions requiring an elementary education certificate as provided by RCW 28A.660.045))~~. In order to receive conditional scholarship awards:

(i) Individuals currently employed as teachers shall pursue a middle level mathematics or science, or secondary mathematics or science endorsement; or

(ii) Individuals who are certificated with an elementary education endorsement ~~((, but not employed in positions requiring an elementary education certificate,))~~ shall pursue an endorsement in middle level mathematics or science, or both; and

(iii) Individuals shall use one of the pathways to endorsement processes to receive a mathematics or science endorsement, or both, which shall include passing a mathematics or science endorsement test, or both tests, plus observation and completing applicable coursework to attain the proper endorsement; and

(iv) Individuals shall receive no more than the annual amount of the scholarship, not to exceed three thousand dollars, for the cost of tuition, test fees, and educational expenses, including books, supplies, and transportation for the endorsement pathway being pursued.

(3) The Washington professional educator standards board shall select individuals to receive conditional scholarships. In selecting recipients, preference shall be given to eligible veterans or national guard members.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients who fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in the future teachers conditional scholarship account authorized in RCW 28B.102.080.

NEW SECTION. Sec. 506. A new section is added to chapter 28A.410 RCW to read as follows:

Beginning with the 2010 school year and annually thereafter, each educational service district, in cooperation with the professional educator standards board, must convene representatives from school districts within that region and professional educator standards board-approved educator preparation programs to review district and regional educator workforce data, make biennial projections of certificate staffing needs, and identify how recruitment and enrollment plans in educator preparation programs reflect projected need.

Sec. 507. RCW 28B.76.335 and 2007 c 396 s 17 are each amended to read as follows:

As part of the state needs assessment process conducted by the board in accordance with RCW 28B.76.230, the board shall, in

collaboration with the professional educator standards board, assess the need for additional (~~(baccalaureate)~~) degree and certificate programs in Washington that specialize in teacher preparation (~~(in mathematics, science, and technology)~~) to meet regional or subject area shortages. If the board determines that there is a need for additional programs, then the board shall encourage the appropriate institutions of higher education or institutional sectors to create such a program.

NEW SECTION. Sec. 508. A new section is added to chapter 28B.76 RCW to read as follows:

(1) The board must establish boundaries for service regions for institutions of higher education as defined in RCW 28B.10.016 implementing professional educator standards board-approved educator preparation programs. Regions shall be established to encourage and support, not exclude, the reach of public institutions of higher education across the state.

(2) Based on the data in the assessment in RCW 28B.76.230 and 28B.76.335, the board shall determine whether reasonable teacher preparation program access for prospective teachers is available in each region. If access is determined to be inadequate in a region, the institution of higher education responsible for the region shall submit a plan for meeting the access need to the board.

(3) Partnerships with other teacher preparation program providers and the use of appropriate technology shall be considered. The board shall review the plan and, as appropriate, assist the institution in developing support and resources for implementing the plan.

NEW SECTION. Sec. 509. In conjunction with the regional needs assessments in sections 506 through 508 of this act, the council of presidents shall convene an interinstitutional work group to implement the plans developed under section 601, chapter 564, Laws of 2009 to increase the number of mathematics and science teacher endorsements and certificates. The work group must collaborate in evaluating regional needs and identifying strategies to meet those needs. The council of presidents shall report to the education and higher education committees of the legislature on demonstrated progress toward achieving outcomes identified in the plans no later than December 31, 2011.

NEW SECTION. Sec. 510. The following acts or parts of acts are each repealed:

- (1) RCW 28A.660.010 (Partnership grant program) and 2004 c 23 s 1 & 2001 c 158 s 2;

PART VI

COMMON CORE STANDARDS

NEW SECTION. Sec. 601. A new section is added to chapter 28A.655 RCW to read as follows:

(1) By August 2, 2010, the superintendent of public instruction may revise the state essential academic learning requirements authorized under RCW 28A.655.070 for mathematics, reading, writing, and communication by provisionally adopting a common set of standards for students in grades kindergarten through twelve. The

revised state essential academic learning requirements may be substantially identical with the standards developed by a multistate consortium in which Washington participated, must be consistent with the requirements of RCW 28A.655.070, and may include additional standards if the additional standards do not exceed fifteen percent of the standards for each content area. However, the superintendent of public instruction shall not take steps to implement the provisionally adopted standards until the education committees of the house of representatives and the senate have an opportunity to review the standards.

(2) By January 1, 2011, the superintendent of public instruction shall submit to the education committees of the house of representatives and the senate:

(a) A detailed comparison of the provisionally adopted standards and the state essential academic learning requirements as of the effective date of this section, including the comparative level of rigor and specificity of the standards and the implications of any identified differences; and

(b) An estimated timeline and costs to the state and to school districts to implement the provisionally adopted standards, including providing necessary training, realignment of curriculum, adjustment of state assessments, and other actions.

(3) The superintendent may implement the revisions to the essential academic learning requirements under this section after the 2011 legislative session unless otherwise directed by the legislature.

PART VII

PARENTS AND COMMUNITY

NEW SECTION. Sec. 701. A new section is added to chapter 28A.605 RCW to read as follows:

School districts are encouraged to strengthen family, school, and community partnerships by creating spaces in school buildings, if space is available, where students and families can access the services they need, such as after-school tutoring, dental and health services, counseling, or clothing and food banks.

NEW SECTION. Sec. 702. A new section is added to chapter 28A.655 RCW to read as follows:

(1) Beginning with the 2010-11 school year, each school shall conduct outreach and seek feedback from a broad and diverse range of parents, other individuals, and organizations in the community regarding their experiences with the school. The school shall summarize the responses in its annual report under RCW 28A.655.110.

(2) The office of the superintendent of public instruction shall create a working group with representatives of organizations representing parents, teachers, and principals as well as diverse communities. The working group shall also include a representative from the achievement gap oversight and accountability committee. By September 1, 2010, the working group shall develop model feedback tools and strategies that school districts may use to facilitate the feedback process required in subsection (1) of this section. The model tools and strategies are intended to provide assistance to school districts. School districts are encouraged to adapt the models or develop unique tools and strategies that best fit the circumstances in their communities.

Sec. 703. RCW 28A.655.110 and 1999 c 388 s 303 are each amended to read as follows:

(1) Beginning with the 1994-95 school year, to provide the local community and electorate with access to information on the educational programs in the schools in the district, each school shall publish annually a school performance report and deliver the report to each parent with children enrolled in the school and make the report available to the community served by the school. The annual performance report shall be in a form that can be easily understood and be used by parents, guardians, and other members of the community who are not professional educators to make informed

educational decisions. As data from the assessments in RCW 28A.655.060 becomes available, the annual performance report should enable parents, educators, and school board members to determine whether students in the district's schools are attaining mastery of the student learning goals under RCW 28A.150.210, and other important facts about the schools' performance in assisting students to learn. The annual report shall make comparisons to a school's performance in preceding years (~~and shall include school level goals under RCW 28A.655.050~~), student performance relative to the goals and the percentage of students performing at each level of the assessment, a comparison of student performance at each level of the assessment to the previous year's performance, and information regarding school-level plans to achieve the goals.

(2) The annual performance report shall include, but not be limited to: (a) A brief statement of the mission of the school and the school district; (b) enrollment statistics including student demographics; (c) expenditures per pupil for the school year; (d) a summary of student scores on all mandated tests; (e) a concise annual budget report; (f) student attendance, graduation, and dropout rates; (g) information regarding the use and condition of the school building or buildings; (h) a brief description of the learning improvement plans for the school; (i) a summary of the feedback from parents and community members obtained under section 702 of this act; and ~~((h))~~ (j) an invitation to all parents and citizens to participate in school activities.

(3) The superintendent of public instruction shall develop by June 30, 1994, and update periodically, a model report form, which shall also be adapted for computers, that schools may use to meet the requirements of subsections (1) and (2) of this section. In order to make school performance reports broadly accessible to the public, the superintendent of public instruction, to the extent feasible, shall make information on each school's report available on or through the superintendent's internet web site.

NEW SECTION. Sec. 704. A new section is added to chapter 28A.300 RCW to read as follows:

There is a sizeable body of research positively supporting the involvement of parents taking an engaged and active role in their child's education. Therefore, the legislature intends to provide state recognition by the center for the improvement of student learning within the office of the superintendent of public instruction for schools that increase the level of direct parental involvement with their child's education. By September 1, 2010, the center for the improvement of student learning shall determine measures that can be used to evaluate the level of parental involvement in a school. The center for the improvement of student learning shall collaborate with school district family and community outreach programs and educational service districts to identify and highlight successful models and practices of parent involvement.

PART VIII COLLECTIVE BARGAINING

Sec. 801. RCW 41.56.100 and 1989 c 45 s 1 are each amended to read as follows:

(1) A public employer shall have the authority to engage in collective bargaining with the exclusive bargaining representative and no public employer shall refuse to engage in collective bargaining with the exclusive bargaining representative~~((-PROVIDED, That nothing contained herein shall require any))~~. However, a public employer is not required to bargain collectively with any bargaining representative concerning any matter which by ordinance, resolution, or charter of said public employer has been delegated to any civil service commission or personnel board similar in scope, structure, and authority to the board created by chapter 41.06 RCW.

(2) Upon the failure of the public employer and the exclusive bargaining representative to conclude a collective bargaining agreement, any matter in dispute may be submitted by either party to

the commission. This subsection does not apply to negotiations and mediations conducted between a school district employer and an exclusive bargaining representative under section 105 of this act.

(3) If a public employer implements its last and best offer where there is no contract settlement, allegations that either party is violating the terms of the implemented offer shall be subject to grievance arbitration procedures if and as such procedures are set forth in the implemented offer, or, if not in the implemented offer, if and as such procedures are set forth in the parties' last contract.

NEW SECTION. Sec. 802. A new section is added to chapter 41.56 RCW to read as follows:

All collective bargaining agreements entered into between a school district employer and school district employees under this chapter after the effective date of this section, as well as bargaining agreements existing on the effective date of this section but renewed or extended after the effective date of this section, shall be consistent with section 105 of this act.

NEW SECTION. Sec. 803. A new section is added to chapter 41.59 RCW to read as follows:

All collective bargaining agreements entered into between a school district employer and school district employees under this chapter after the effective date of this section, as well as bargaining agreements existing on the effective date of this section but renewed or extended after the effective date of this section, shall be consistent with section 105 of this act.

Sec. 804. RCW 41.59.120 and 1975 1st ex.s. c 288 s 13 are each amended to read as follows:

(1) Either an employer or an exclusive bargaining representative may declare that an impasse has been reached between them in collective bargaining and may request the commission to appoint a mediator for the purpose of assisting them in reconciling their differences and resolving the controversy on terms which are mutually acceptable. If the commission determines that its assistance is needed, not later than five days after the receipt of a request therefor, it shall appoint a mediator in accordance with rules and regulations for such appointment prescribed by the commission. The mediator shall meet with the parties or their representatives, or both, forthwith, either jointly or separately, and shall take such other steps as he may deem appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The mediator, without the consent of both parties, shall not make findings of fact or recommend terms of settlement. The services of the mediator, including, if any, per diem expenses, shall be provided by the commission without cost to the parties. Nothing in this subsection (1) shall be construed to prevent the parties from mutually agreeing upon their own mediation procedure, and in the event of such agreement, the commission shall not appoint its own mediator unless failure to do so would be inconsistent with the effectuation of the purposes and policy of this chapter.

(2) If the mediator is unable to effect settlement of the controversy within ten days after his or her appointment, either party, by written notification to the other, may request that their differences be submitted to fact-finding with recommendations, except that the time for mediation may be extended by mutual agreement between the parties. Within five days after receipt of the aforesaid written request for fact-finding, the parties shall select a person to serve as fact finder and obtain a commitment from that person to serve. If they are unable to agree upon a fact finder or to obtain such a commitment within that time, either party may request the commission to designate a fact finder. The commission, within five days after receipt of such request, shall designate a fact finder in accordance with rules and regulations for such designation prescribed by the commission. The fact finder so designated shall not be the same person who was appointed mediator pursuant to subsection (1) of this section without the consent of both parties.

The fact finder, within five days after his appointment, shall meet with the parties or their representatives, or both, either jointly or separately, and make inquiries and investigations, hold hearings, and take such other steps as he may deem appropriate. For the purpose of such hearings, investigations and inquiries, the fact finder shall have the power to issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence. If the dispute is not settled within ten days after his appointment, the fact finder shall make findings of fact and recommend terms of settlement within thirty days after his appointment, which recommendations shall be advisory only.

(3) Such recommendations, together with the findings of fact, shall be submitted in writing to the parties and the commission privately before they are made public. Either the commission, the fact finder, the employer, or the exclusive bargaining representative may make such findings and recommendations public if the dispute is not settled within five days after their receipt from the fact finder.

(4) The costs for the services of the fact finder, including, if any, per diem expenses and actual and necessary travel and subsistence expenses, and any other incurred costs, shall be borne by the commission without cost to the parties.

(5) Nothing in this section shall be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(6) Any fact finder designated by an employer and an exclusive representative or the commission for the purposes of this section shall be deemed an agent of the state.

(7) This section does not apply to negotiations and mediations conducted under section 105 of this act.

PART IX

Sec. 901. RCW 28A.300.136 and 2009 c 468 s 2 are each amended to read as follows:

(4) The achievement gap oversight and accountability committee shall be composed of the following members:

(a) The chairs and ranking minority members of the house and senate education committees, or their designees;

(f) Four members appointed by the governor in consultation with the state ethnic commissions, who represent the following populations: African-Americans, Hispanic Americans, Asian Americans, and Pacific Islander Americans.

(5) The governor and the tribes are encouraged to designate members who have experience working in and with schools.

(6) The committee may convene ad hoc working groups to obtain additional input and participation from community members. Members of ad hoc working groups shall serve without compensation and shall not be reimbursed for travel or other expenses.

(7) The chair or co-chairs of the committee shall be selected by the members of the committee. Staff support for the committee shall be provided by the center for the improvement of student learning. Members of the committee shall serve without compensation but must be reimbursed as provided in RCW 43.03.050 and 43.03.060. Legislative members of the committee shall be reimbursed for travel expenses in accordance with RCW 44.04.120.

(8) The superintendent of public instruction, the state board of education, the professional educator standards board, and the quality education council shall work collaboratively with the achievement gap oversight and accountability committee to close the achievement gap.

MESSAGE FROM THE SENATE

March 11, 2010

Mr. Speaker:

The Senate receded from its amendments to SUBSTITUTE HOUSE BILL NO. 2776 and under suspension of the rules returned SUBSTITUTE HOUSE BILL NO. 2776 to second reading for purpose of amendment. The Senate adopted the following amendment and passed SUBSTITUTE HOUSE BILL NO. 2776 as amended by the Senate:

Format changed to accommodate amendment.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the legislature's intent to continue implementation of chapter 548, Laws of 2009, by adopting the technical details of a new distribution formula for the instructional program of basic education and authorizing a phase-in of implementation of a new distribution formula for pupil transportation, both to take effect during the 2011-2013 biennium. Unless otherwise stated, the numeric values adopted in section 2 of this act represent the translation of 2009-2010 state funding levels for the basic education act into the funding factors of the prototypical school funding formula, based on the expert advice and extensive work of the funding formula technical working group established by the legislature for this purpose. The legislature intends to continue to review and revise the formulas and may make revisions as necessary for technical purposes and consistency in the event of mathematical or other technical errors.

(2) The legislature intends that per-pupil basic education funding for a school district shall not be decreased as a result of the transition of basic education funding formulas in effect during the 2009-2011 biennium to the new funding formulas under RCW 28A.150.260 that take effect during the 2011-2013 biennium.

(3) It is also the legislature's intent to begin phasing-in enhancements to the baseline funding levels of 2009-10 in the 2011-2013 biennium for pupil transportation, class size allocations for grades kindergarten through three, full-day kindergarten, and allocations for maintenance, supplies, and operating costs.

(4) Finally, it is the legislature's intent to adjust the timelines for other working groups so that their expertise and advice can be received as soon as possible and to make technical adjustments to certain provisions of chapter 548, Laws of 2009.

Sec. 2. RCW 28A.150.260 and 2009 c 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or (~~28A.155~~) 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 ~~((3)(b), (c)(i), and (d), (4), and (8)))~~ (4)(a) and (b), (5), (6), and (8).

During the 2011-2013 biennium, funding shall continue to be phased-in each year until full statewide implementation of all-day kindergarten is achieved in the 2017-18 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

The funding formulas under RCW 28A.150.260 to support the instructional program shall be implemented to the extent the technical details of the formula have been established and according to an implementation schedule to be adopted by the legislature. The object of the schedule is to assure that any increases in funding allocations are timely, predictable, and occur concurrently with any increases in program or instructional requirements. It is the intent of the legislature that no increased programmatic or instructional expectations be imposed upon schools or school districts without an accompanying increase in resources as necessary to support those increased expectations.

(2) The office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to:

- (a) Develop the details of the funding formulas under RCW 28A.150.260;

(4) The working group shall be monitored and overseen by the legislature and the quality education council established in (~~section 114 of this act~~) RCW 28A.290.010. The working group shall submit its recommendations to the legislature by December 1, 2009.

(5) After the 2009 report to the legislature, the office of financial management and the office of the superintendent of public instruction shall periodically reconvene the working group to monitor and provide advice on further development and implementation of the funding formulas under RCW 28A.150.260 and provide technical assistance to the ongoing work of the quality education council.

Sec. 6. 2009 c 548 s 302 (uncodified) is amended to read as follows:

(1) Beginning (~~July~~) April 1, 2010, the office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to develop options for a new system of supplemental school funding through local school levies and local effort assistance.

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established under (~~this act~~) chapter 548, Laws of 2009 and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall also:

(a) Examine local school district capacity to address facility needs associated with phasing-in full-day kindergarten across the state and reducing class size in kindergarten through third grade; and

(b) Provide the quality education council with analysis on the potential use of local funds that may become available for redeployment and redirection as a result of increased state funding allocations for pupil transportation and maintenance, supplies, and operating costs.

(4) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

~~((4))~~ (5) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in (~~section 114 of this act~~) RCW 28A.290.010. The working group shall report to the legislature (~~December 1~~) June 30, 2011.

Sec. 7. RCW 43.41.398 and 2009 c 548 s 601 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of the superintendent of public instruction, in collaboration with the office of financial management, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

- (a) How to reduce the number of tiers within the existing salary allocation model;
- (b) How to account for labor market adjustments;
- (c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;
- (d) The role of and types of bonuses available;
- (e) Ways to accomplish salary equalization over a set number of years; and
- (f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

(a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;

(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and

(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by ~~((December 1))~~ June 30, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

Sec. 8. RCW 28A.160.192 and 2009 c 548 s 311 are each amended to read as follows:

(1) The superintendent of public instruction shall phase-in the implementation of the distribution formula under this chapter for allocating state funds to school districts for the transportation of students to and from school. The phase-in shall ~~((be according to the implementation schedule adopted by the legislature and shall))~~ begin no later than the ~~((2013-14 school year))~~ 2011-2013 biennium and be fully implemented by the 2013-2015 biennium.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student transportation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors must include all those site characteristics that are statistically significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:

(a) Annually, each school district shall receive the lesser of the previous school year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the state recovery rate identified by the superintendent; and

(b) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) of this subsection and the amount determined under the formula in RCW 28A.160.180.

~~((3))~~ The superintendent shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2009.

(4) Beginning in December 2009, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.)

NEW SECTION. Sec. 9. A new section is added to chapter 28A.160 RCW to read as follows:

(1) The superintendent of public instruction shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2010.

(2) Beginning in December 2010, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.

(3) This section expires June 30, 2015.

Sec. 10. RCW 28A.150.410 and 2007 c 403 s 1 are each amended to read as follows:

(1) The legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher librarians, guidance counselors, and student health services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Beginning January 1, 1992, no more than ninety college quarter- hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(4) Beginning in the 2007-08 school year, the calculation of years of service for occupational therapists, physical therapists, speech- language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

Sec. 11. RCW 28A.175.010 and 2005 c 207 s 3 are each amended to read as follows:

SUBSTITUTE HOUSE BILL NO. 2776, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 10, 2010

Mr. Speaker:

The Senate receded from its amendment to SECOND SUBSTITUTE HOUSE BILL NO. 2731. Under suspension of the rules, the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a critical factor in the eventual successful outcome of a K-12 education is for students to begin school ready, both intellectually and socially, to

learn. The legislature also finds that, due to a variety of factors, some young children need supplemental instruction in preschool to assure that they have the opportunity to participate meaningfully and reach the necessary levels of achievement in the regular program of basic education. The legislature further finds that children who participate in high quality preschool programs have improved educational and life outcomes and are more likely to graduate from high school and pursue higher education, experience successful employment opportunities, and have increased earnings. Therefore the legislature intends to create a program of early learning that, when fully implemented, shall be an entitlement program for eligible children.

The legislature also finds that the state early childhood education and assistance program was established to help children from low-income families be prepared for kindergarten, and that the program has been a successful model for achieving that goal. Therefore, the legislature intends that the first phase of implementing the entitlement program of early learning shall be accomplished by utilizing the program standards and eligibility criteria in the early childhood education and assistance program. The legislature also intends that the implementation of subsequent phases of the program established by the ready for school act of 2010 will be aligned with the implementation of the state's all-day kindergarten program in order to maximize the gains resulting from investments in the two programs.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in section 3 of this act for eligible children who are three and four years of age.

NEW SECTION. Sec. 3. PROGRAM STANDARDS. (1) Beginning September 1, 2011, an early learning program to provide voluntary preschool opportunities for children three and four years of age shall be implemented according to the funding and implementation plan in section 4 of this act. The program must be a comprehensive program providing early childhood education and family support, options for parental involvement, and health information, screening, and referral services, as family need is determined. Participation in the program is voluntary. On a space available basis, the program may allow enrollment of children who are not otherwise eligible by assessing a fee.

(2) The first phase of the program shall be implemented by utilizing the program standards and eligibility criteria in the early childhood education and assistance program.

(3) The director shall adopt rules for the following program components, as appropriate and necessary during the phased implementation of the program:

(a) Minimum program standards, including lead teacher, assistant teacher, and staff qualifications;

(b) Approval of program providers; and

(c) Accountability and adherence to performance standards.

(4) The department has administrative responsibility for:

(a) Approving and contracting with providers according to rules developed by the director under this section;

(b) In partnership with school districts, monitoring program quality and assuring the program is responsive to the needs of eligible children;

(c) Assuring that program providers work cooperatively with school districts to coordinate the transition from preschool to kindergarten so that children and their families are well-prepared and supported; and

(d) Providing technical assistance to contracted providers.

NEW SECTION. Sec. 4. FUNDING AND STATEWIDE IMPLEMENTATION. (1) Funding for the program of early learning

established under this chapter must be appropriated to the department. Allocations must be made on the basis of eligible children enrolled with eligible providers.

(2) The program shall be implemented in phases, so that full implementation is achieved in the 2018-19 school year.

(3) For the initial phase of the early learning program in school years 2011-12 and 2012-13, the legislature shall appropriate funding to the department for implementation of the program in an amount not less than the 2009-2011 enacted budget for the early childhood education and assistance program. The appropriation shall be sufficient to fund an equivalent number of slots as funded in the 2009-2011 enacted budget.

(4) Beginning in the 2013-14 school year, additional funding for the program must be phased in beginning in school districts providing all-day kindergarten programs under RCW 28A.150.315.

(5) Funding shall continue to be phased in incrementally each year until full statewide implementation of the early learning program is achieved in the 2018-19 school year, at which time any eligible child shall be entitled to be enrolled in the program.

(6) The department and the office of financial management shall annually review the caseload forecasts for the program and, beginning December 1, 2012, and annually thereafter, report to the governor and the appropriate committees of the legislature with recommendations for phasing in additional funding necessary to achieve statewide implementation in the 2018-19 school year.

(7) School districts and approved community-based early learning providers may contract with the department to provide services under the program. The department shall collaborate with school districts, community-based providers, and educational service districts to promote an adequate supply of approved providers.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.320 RCW to read as follows:

For the program of early learning established in section 3 of this act, school districts:

- (1) Shall work cooperatively with program providers to coordinate the transition from preschool to kindergarten so that children and their families are well-prepared and supported; and
- (2) May contract with the department of early learning to deliver services under the program.

Sec. 6. RCW 43.215.020 and 2007 c 394 s 5 are each amended to read as follows:

(1) The department of early learning is created as an executive branch agency. The department is vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law.

(2) The primary duties of the department are to implement state early learning policy and to coordinate, consolidate, and integrate child care and early learning programs in order to administer programs and funding as efficiently as possible. The department's duties include, but are not limited to, the following:

- (a) To support both public and private sectors toward a comprehensive and collaborative system of early learning that serves parents, children, and providers and to encourage best practices in child care and early learning programs;
- (b) To make early learning resources available to parents and caregivers;
- (c) To carry out activities, including providing clear and easily accessible information about quality and improving the quality of early learning opportunities for young children, in cooperation with the nongovernmental private-public partnership;
- (d) To administer child care and early learning programs;
- (e) To standardize internal financial audits, oversight visits, performance benchmarks, and licensing criteria, so that programs can function in an integrated fashion;
- (f) To support the implementation of the nongovernmental private- public partnership and cooperate with that partnership in

pursuing its goals including providing data and support necessary for the successful work of the partnership;

(g) To work cooperatively and in coordination with the early learning council;

(h) To collaborate with the K-12 school system at the state and local levels to ensure appropriate connections and smooth transitions between early learning and K-12 programs; ~~(and)~~

(i) To develop and adopt rules for administration of the program of early learning established in section 3 of this act; and

~~_____~~ (j) Upon the development of an early learning information system, to make available to parents timely inspection and licensing action information through the internet and other means.

(3) The department's programs shall be designed in a way that respects and preserves the ability of parents and legal guardians to direct the education, development, and upbringing of their children. The department shall include parents and legal guardians in the development of policies and program decisions affecting their children.

Sec. 7. RCW 43.215.405 and 2006 c 265 s 210 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 43.215.400 through 43.215.450 and 43.215.900 through 43.215.903.

(4) "Approved programs" means those state-supported education and special assistance programs which are recognized by the department as meeting the minimum program rules adopted by the department to qualify under RCW 43.215.400 through 43.215.450 and 43.215.900 through 43.215.903 and are designated as eligible for funding by the department under RCW 43.215.430 and 43.215.440.

The legislature finds that there are several areas in the state that are characterized by very high levels of unemployment and poverty. The (~~legislative~~ legislature) legislature further finds that economic stagnation is the primary cause of this high unemployment rate and poverty; that new state policies are necessary in order to promote economic stimulation and new employment opportunities in these distressed areas; and that policies providing incentives for economic growth in these distressed areas are essential. For these reasons, the legislature (~~hereby~~) reestablishes a tax deferral program to be effective solely in distressed (~~areas and under circumstances where the deferred tax payments are for investments or costs that result in~~

~~the creation of a specified number of jobs~~) counties. The legislature declares that this limited program serves the vital public purpose of creating employment opportunities and reducing poverty in the distressed (~~areas~~) counties of the state.

Sec. 2. RCW 82.60.020 and 2006 c 142 s 1 are each amended to read as follows:

~~(i) The underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person; or~~

~~(ii)(A) The lessor by written contract agrees to pass the economic benefit of the deferral to the lessee;~~

~~(B) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual survey required under RCW 82.60.070; and~~

~~(C) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the qualified building and the lessee.~~

~~(e)) "Eligible investment project" does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010((5)) (4), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part, or investment projects (~~which~~) that have already received deferrals under this chapter.~~

As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.

The list of distressed counties is effective for a twenty- four month period and must be updated by July 1st of the year that is two calendar years after the list was established or last updated, as the case may be.

NEW SECTION. Sec. 4. A new section is added to chapter 82.60 RCW to read as follows:

The lessor or owner of a qualified building is not eligible for a deferral unless:

(1) The underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person; or

(2)(a) The lessor by written contract agrees to pass the economic benefit of the deferral to the lessee;

(b) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual survey required under RCW 82.60.070; and

(c) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the qualified building and the lessee.

Sec. 5. RCW 82.60.030 and 1994 sp.s. c 1 s 2 are each amended to read as follows:

(1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application ~~((shall))~~ must be made to the department in a form and manner prescribed by the department. The application ~~((shall))~~ must contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department. The department ~~((shall))~~ must rule on the application within sixty days.

(2) This section expires July 1, 2020.

Sec. 6. RCW 82.60.040 and 2004 c 25 s 4 are each amended to read as follows:

(1) The department ~~((shall))~~ must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project ~~((that is located in an eligible area as defined in RCW 82.60.020)).~~

(2) The department ~~((shall))~~ must keep a running total of all deferrals granted under this chapter during each fiscal biennium.

(3) This section expires July 1, ~~((2010))~~ 2020.

Sec. 7. RCW 82.60.049 and 2004 c 25 s 5 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Eligible area" also means: Through June 30, 2010, a designated community empowerment zone approved under RCW 43.31C.020 or a county containing a community empowerment zone; and beginning July 1, 2010, a designated community empowerment zone approved under RCW 43.31C.020.

(b) "Eligible investment project" also means an investment project in an eligible area as defined in this section.

(2) In addition to the provisions of RCW 82.60.040, the department ~~((shall))~~ must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment for which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

Sec. 8. RCW 82.60.060 and 2000 c 106 s 5 are each amended to read as follows:

(1) The recipient ~~((shall))~~ must begin paying the deferred taxes in the third year after the date certified by the department as the date on which the ~~((construction))~~ investment project has been operationally completed. The first payment will be due on December 31st of the third calendar year after such certified date, with subsequent annual payments due on December 31st of the following four years with amounts of payment scheduled as follows:

Repayment Year	% of Deferred Tax Repaid
1	10%
2	15%
3	20%
4	25%
5	30%

(2) The department may authorize an accelerated repayment schedule upon request of the recipient.

(3) Interest ~~((shall))~~ may not be charged on any taxes deferred under this chapter for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

Sec. 9. RCW 82.60.070 and 2004 c 25 s 7 are each amended to read as follows:

(1)(a) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(b) Each recipient of a deferral granted under this chapter after June 30, 1994, ~~((shall))~~ must complete an annual survey. If the economic benefits of the deferral are passed to a lessee as provided in ~~((RCW 82.60.020(4)))~~ section 4 of this act, the lessee ~~((shall agree to))~~ must complete the annual survey and the applicant is not required to complete the annual survey. The survey is due by March 31st of the year following the calendar year in which the investment project is certified by the department as having been operationally complete and the seven succeeding calendar years. The survey ~~((shall))~~ must include the amount of tax deferred, the number of new products or research projects by general classification, and the number of trademarks, patents, and copyrights associated with activities at the investment project. The survey ~~((shall))~~ must also include the following information for employment positions in Washington:

- (i) The number of total employment positions;
- (ii) Full-time, part-time, and temporary employment positions as a percent of total employment;
- (iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and
- (iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(c) As part of the survey, the department may request additional information necessary to measure the results of, or determine eligibility for, the deferral program, to be submitted at the same time as the survey.

(d) All information collected under this subsection, except the amount of the tax deferral taken, is deemed taxpayer information under RCW 82.32.330 and is not disclosable. Information on the amount of tax deferral taken is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(e) The department ~~((shall))~~ must use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers ~~((shall))~~ may be included in any category. The department ~~((shall))~~ must report these statistics to the legislature each year by September 1st.

(f) The department ~~((shall))~~ must also use the information to study the tax deferral program authorized under this chapter. The department ~~((shall))~~ must report to the legislature by December 1, ~~((2009))~~ 2019. The report ~~((shall))~~ must measure the effect of the program on job creation, the number of jobs created for residents of eligible areas, company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

(2)(a) If, on the basis of a survey under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project ~~((shall be immediately due))~~.

(b) If a recipient of the deferral fails to complete the annual survey required under subsection (1) of this section by the date due, twelve and one-half percent of the deferred tax ~~((shall))~~ will be immediately due. If the economic benefits of the deferral are passed to a lessee as provided in ~~((RCW 82.60.020(4)))~~ section 4 of this act, the lessee ~~((shall be))~~ is responsible for payment to the extent the lessee has received the economic benefit.

(3) Notwithstanding any other subsection of this section, deferred taxes need not be repaid on machinery and equipment for lumber and wood products industries, and sales of or charges made for labor and services, of the type which qualifies for exemption under RCW 82.08.02565 or 82.12.02565 to the extent the taxes have not been repaid before July 1, 1995.

(4) Notwithstanding any other subsection of this section, deferred taxes on the following need not be repaid:

- (a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and
- (b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

Sec. 10. RCW 82.60.100 and 1987 c 49 s 1 are each amended to read as follows:

Applications, reports, and any other information received by the department under this chapter ~~((shall)),~~ except applications not approved by the department, are not ~~((be))~~ confidential and ~~((shall be))~~ are subject to disclosure.

NEW SECTION. Sec. 10. A new section is added to chapter 82.60 RCW to read as follows:

(1) Subject to the conditions in this section, a person is not liable for the amount of deferred taxes outstanding for an investment project when the person temporarily ceases to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities in a county with a population of less than twenty thousand persons for a period not to exceed twenty- four months from the date that the department sent its assessment for the amount of outstanding deferred taxes to the taxpayer.

(2) The relief from repayment of deferred taxes under this section does not apply unless the number of qualified employment positions maintained at the investment project after manufacturing or research and development activities are temporarily ceased is at least ten percent of the number of qualified employment positions employed at the investment project at the time the deferral was approved by the department. If a person has been approved for more than one deferral under this chapter, relief from repayment of deferred taxes under this section does not apply unless the number of qualified employment positions maintained at the investment project after manufacturing or research and development activities are temporarily ceased is at least ten percent of the highest number of qualified employment positions at the investment project at the time any of the deferrals were approved by the department. If, at any time during the twenty-four month period after the department has sent the taxpayer an assessment for outstanding deferred taxes resulting from the person temporarily ceasing to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities, the number of qualified employment positions falls below the ten percent threshold in this subsection, the amount of deferred taxes outstanding for the project is immediately due.

(3) The lessor of an investment project for which a deferral has been granted under this chapter who has passed the economic benefits of the deferral to the lessee is not eligible for relief from the payment of deferred taxes under this section.

(4) A person seeking relief from the payment of deferred taxes under this section must apply to the department in a form and manner prescribed by the department. The department must approve applications that meet the requirements in this section for relief from the payment of deferred taxes.

(5) A person is entitled to relief under this section only once.

(6) A person whose application for relief from the payment of deferred taxes has been approved under this section must continue to file an annual survey as required under RCW 82.60.070(1) or any successor statute. Sec. 3001. 2009 c 497 s 3059 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF ECOLOGY

Kittitas Groundwater Study (3000029)

The appropriation in this section is subject to the following conditions and limitations:

By September 30, 2010, if, after consultation with major Yakima basin governments and stakeholders, the department of ecology and Kittitas county reach an agreement on a preferred approach, including the appropriate geographic scope and administering entity, the appropriation may be fully or partially redirected for the following purposes:

(1) Funds may be provided to develop and implement water banking and transfer methods and agreements that are fully protective of senior water rights and that protect domestic groundwater users and improve the profitability of farming operations. The legislature finds such activities to be in the public interest because they can help sustain the viability of the agricultural economy and enhance the certainty of water supplies for domestic groundwater users.

(2) Funds may be provided to lease or purchase water rights to create a reserve water supply for domestic groundwater users that have a groundwater right with a priority date later than May 10, 1905, as well as for all out-of-priority groundwater users. In securing water for such domestic groundwater users, strong preference shall be given to the use of water banking and transfer methods that provide alternatives to permanent purchase and dry-up of agricultural water rights in the basin, including dry-year options, water banking, long-term water supply lease agreements, long-term agricultural land fallowing agreements, and reduced consumptive use through efficiency or alternative cropping arrangements while maintaining historic return flows.

(3) A portion of the appropriation may be used for administrative costs, not to exceed four percent, and other costs associated with leasing or acquiring and transferring the water rights. All costs shall be fully recovered from participating domestic water users for their prorated portion of the cost, including but not limited to the costs of securing a water right or rights for this purpose, costs associated with the development and implementation of alternative agricultural water transfer methods, associated annual operational costs, and federal water service contract costs owed to the United States bureau of reclamation. Funds recovered in this manner shall be deposited in the state and local improvement revolving fund and may be used for any purpose provided in this section.

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation in this section is provided solely for the department to conduct a study to determine the number of decertified levees in the state and to identify strategies for maintaining accreditation, re-accrediting, or recertifying ((the)) levees so that they ((provide)) are recognized by federal agencies as providing optimum protection for the communities protected by the levees. The department must prioritize areas to include in the study based on population and the economic impact of potential flood damage.

The study must include the following components:

- (1) A working group of levee managers, local agencies, and stakeholders to advise and inform the study;
- (2) ~~((A))~~ In-state examples of the costs and processes of technical review of the structural integrity of levee systems;
- (3) An inventory, map, and ~~((rate the effectiveness))~~ description of the level of protection of existing levee systems; ~~((and))~~
- (4) The development of strategies and actions needed to improve the existing levee system and to ensure certification by the United States army corps of engineers for one-hundred year flood protection;

(5) The identification of current funding sources and the amounts available for levee improvements; and

(6) Recommendation for additional new funding sources and options.

(7) The study must be completed and a report provided to the appropriate legislative committees by ((July)) December 1, 2010.

(8) The study under this section is exempt from the provisions of section 602, chapter 3, Laws of 2010 and section 7, chapter 5, Laws of 2009.

Sec. 3034. 2009 c 497 s 3203 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF NATURAL RESOURCES

Trust Land Transfer (30000066)

The appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, housing and essential government services, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2009-2a, developed April 23, 2009.

(2) Property transferred under this section must be appraised and transferred at fair market value. The value of the timber transferred must be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and shall not exceed ~~((one and nine tenths))~~ two and six-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer and lease agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the original intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) The department shall execute trust land transfers that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the total value of transferred property is timber value and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers.

(9) \$4,189,000 of the amount appropriated is provided solely for fifty-year leases of development rights from timber lands at risk of conversion to non-timber land uses purchased from appropriations in the 2007-2009 fiscal period.

(10) ~~((On June 30, 2011,))~~ The state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction account and the appropriations in this section shall be reduced by an equivalent amount.

In providing for the use of such equipment, consideration shall be given by the department or grantee in the opportunity for the forest biomass-to-energy project to promote forest treatments to improve forest health and/or remove hazardous buildup of forest fuels. NEW SECTION. Sec. 5008. A new section is added to 2009 c 497 (uncodified) to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

Jobs Act for K-12 Public Schools (91000010)

The appropriation in this section is subject to the following conditions and limitations:

- (1) The appropriation is provided solely for grants to K-12 public school districts for energy and operational cost savings improvements and related projects that result in energy and utility and operational cost savings. Related projects are those projects that must be completed in order for the energy efficiency improvement to be effective.
- (2) The office of the superintendent of public instruction, in consultation with the department of general administration, the department of commerce, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from K-12 public school districts. Final grant awards shall be determined by the office of the superintendent of public instruction.
- (3) Grants must be awarded in competitive rounds, as provided in this subsection:
 - (a) Grants to K-12 public school districts, with at least five percent of the total grant round for small K-12 school districts with fewer than 1,000 full-time equivalent students.
 - (b) Grants shall be distributed in additional competitive rounds the same as established in (a) of this subsection.
 - (4) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:
 - (a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.
 - (b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of energy equipment and improvements. The documentation must include, but is not limited to the following:
 - (i) A description of energy equipment and improvements; and
 - (ii) A description of energy and operational cost savings. The energy savings analysis must be performed by a licensed engineer.
 - (c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.
 - (5) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings for ten years or until energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of general administration's energy savings performance contracting project guidelines; and (c) employ a licensed engineer for the energy audit and construction. The department of general administration may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of general administration through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of general administration through a request for qualifications or by a project or educational service district resource conservation manager.
 - (6) To intensify competition, the office of the superintendent of public instruction may only award funds to the top eighty-five percent of projects applying in a round until the office of the superintendent of public instruction determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.
 - (7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.
 - (8) The office of the superintendent of public instruction must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's predetermined cost-effectiveness criteria. The school district must pay the other one-half of the cost of the preliminary audit if the project does not meet the school district's predetermined cost-effectiveness criteria. The energy savings performance contractor shall not charge for an investment grade audit if the project does not meet the school district's predetermined cost-effectiveness criteria. The school district must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's predetermined cost-effectiveness criteria.

(9) The office of the superintendent of public instruction may charge projects administrative fees. The office of the superintendent of public instruction may pay the department of general administration administrative fees in an amount determined through a memorandum of understanding.

(10) The office of the superintendent of public instruction and the department of general administration must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, and administrative fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled.

(4) The proceeds from real property transferred or disposed of under this section shall be deposited into the park land trust revolving fund and be solely used to buy replacement land within the same county as the property transferred or disposed. In counties with a population of twenty-five thousand or less, the portion of the proceeds associated with valuable materials on the transferred land must be distributed as provided in RCW 79.64.110.

(5) In selling, transferring, or otherwise disposing of surplus or underutilized property, the department shall give priority to selling, leasing, exchanging, or donating the property to a public or private entity dedicated to the development of affordable housing for extremely low-income, very low-income, low-income, or moderate-income households, consistent with RCW 43.63A.510. The department may sell, lease, exchange, or donate the property for less than fair market value if the affordable housing to be developed on the property is to be occupied exclusively by extremely low-income, very low-income, or low-income households as provided in RCW 43.63A.510.

(6) In accordance with RCW 43.63A.510, the department shall identify and catalog real property that is no longer required for department purposes and is suitable for the development of affordable housing for extremely low-income, very low-income, low-income, and moderate-income households as defined in RCW 43.63A.510. The inventory must include the location, approximate size, and current zoning classification of the property. The department shall provide a copy of the inventory to the department of commerce by November 1, 2010, and every November 1st thereafter.

(7) By November 1st of each year, beginning in 2011, the department shall purge the inventory of real property of sites that are no longer available for the development of affordable housing. The department shall include an updated listing of real property that has become available since the last update. As used in this section, "real property" means buildings, land, or buildings and land.

Sec. 6026. RCW 43.180.160 and 2009 c 291 s 1 are each amended to read as follows:

(1) The total amount of outstanding indebtedness of the commission may not exceed six billion dollars at any time. The calculation of outstanding indebtedness shall include the initial principal amount of an issue and shall not include interest that is either currently payable or that accrues as a part of the face amount of an issue payable at maturity or earlier redemption. Outstanding indebtedness shall not include notes or bonds as to which the obligation of the commission has been satisfied and discharged by refunding or for which payment has been provided by reserves or otherwise.

(2)(a) The Washington works housing program is created to increase opportunities for nonprofit organizations and public agencies to purchase, acquire, build, and own real property to be used for affordable housing for low and moderate-income households. The Washington works housing program is intended to provide access to new funding mechanisms and build long-term community equity by increasing the stock of permanently affordable housing owned by nonprofit organizations and public agencies.

(b) The Washington works housing program is intended to provide these opportunities for public agencies and nonprofit organizations, including those materially participating as a managing member or general partner of a partnership, limited liability company, or equivalent organization, through the issuance of tax exempt or taxable revenue bonds issued by the commission in conjunction with a subsidy necessary to make bond issues to finance affordable housing properties financially feasible. The program is intended to provide financing for affordable housing that will meet the following income and rent restrictions during the period of initial bond indebtedness and thereafter:

(c) During the period of initial bond indebtedness under the program, the owner of the property must meet one of the following requirements: A minimum of twenty percent of the units will be occupied by households earning less than fifty percent of area median income and an additional thirty-one percent of the units will be occupied by persons earning less than eighty percent of area median income; or forty percent of the units will be occupied by households earning less than sixty percent of area median income and an additional eleven percent of the units will be occupied by households earning less than eighty percent of area median income.

(d) After the initial bond indebtedness is retired, the rents charged for units in the project will be adjusted to be sufficient to pay reasonable operation and maintenance expenses, including necessary capital needs, and to make reasonable deposits into a reserve account with the intent of providing affordable housing to very low or low-income households for the remaining useful life of the property. The reasonableness of the rent levels must be periodically approved by the commission based on information provided by the owner of the property about income, expenses, and necessary reserve levels. The determination of the commission regarding the reasonableness of the rent levels will be final.

(e) The commission will enter into a recorded regulatory agreement with the borrower at the time of the issuance of bonds under the program for the purpose of ensuring that the property will meet the income and rent restrictions established in this section. The commission may charge such compliance fees as necessary to ensure enforcement of the income and rent restrictions during the useful life of the property.

(3) One billion dollars of the outstanding indebtedness of the commission is for the primary purpose of implementing the Washington works housing program.

(4) If no subsidies are available to make the program in subsection (2) of this section feasible; then the commission may pass a resolution stating these facts and authorize the use of a portion of the one billion dollars of indebtedness intended for the program to support its other bond programs until such time as the one billion dollars is exhausted or subsidies are available to make the program feasible.

Sec. 6027. RCW 39.86.100 and 2001 c 330 s 1 are each amended to read as follows:

The federal ~~((tax reform act))~~ internal revenue code of 1986, as amended imposes ~~((an annual))~~ ceilings on the aggregate amount of ~~((federally tax exempt private activity))~~ certain types of bonds, including tax-exempt private activity bonds ((for housing, student loans, exempt facilities, small issue industrial, redevelopment, and certain public utility projects)) and other types, that may be issued during any calendar year by or on behalf of states and their political subdivisions. ~~((In 2001, the ceiling will be increased to sixty-two dollars and fifty cents per capita and in 2002 the ceiling will be increased to seventy-five dollars per capita, to be indexed annually, for 2003 and every year thereafter. However, a study by the department of community development indicates that the dollar amount of the state ceiling is considerably less than the anticipated dollar amount for which issuers would need an allocation from the state ceiling.))~~ The ~~((tax reform act of 1986))~~ code provides a formula for allocating the annual tax-exempt private activity bond ceiling among various issuers of private activity bonds for housing, student loans, exempt facilities, and redevelopment projects within a state, but permits each state to enact a different allocation method that is appropriate to that state's needs. In addition, congress might, from time to time, amend the code by authorizing state ceilings on additional types of bonds. The purpose of this chapter is to provide a flexible and efficient method of allocating the annual state ceiling in Washington in a manner that recognizes the need of the state and its political subdivisions to finance activities or projects that satisfy a substantial public purpose.

Sec. 6028. RCW 39.86.110 and 2009 c 565 s 23 are each reenacted and amended to read as follows:

NEW SECTION. Sec. 6029. A new section is added to chapter 39.86 RCW to read as follows:

Original allocations or any reallocations of state bond ceilings other than the tax-exempt private activity bond ceiling must be determined by formula as provided in the code, or by department rule if no formula is provided in the code.

Sec. 6030. RCW 39.86.120 and 2001 c 330 s 2 are each amended to read as follows:

(1) Except as provided in subsections (2) and (4) of this section, the initial allocation of the state ceiling shall be for each year as follows:

		ALTERNATIVE ALLOCATION))
BOND USE CATEGORY	((2001 2002 and THEREAFTER	2010 and THEREAFTER

Housing	((27.5%	30.0%	32.0%)) <u>47.0%</u>

(2) Initial allocations may be modified by the agency only to reflect an issuer's carryforward amount. Any reduction of the initial allocation shall be added to the remainder and be available for allocation or reallocation.

(3) The remainder shall be allocated by the agency among one or more issuers from any bond use category with regard to the criteria specified in RCW 39.86.130.

(4) Should any bond use category no longer be subject to the state ceiling due to federal or state provisions of law, the agency shall divide the amount of that initial allocation among the remaining categories as necessary or appropriate with regard to the criteria specified in RCW 39.86.130. ~~((Upon the earlier of: (a) Exhaustion of the seven hundred fifty million dollar authority under I.R.C. 1317(25), or any new federal legislation increasing the amount of authority, or creating additional authority; or (b) waiver of the authority described under (a) of this subsection due to alternative federal authority that does not use a state volume cap, then the alternative allocation schedule in subsection (1) of this section will be used.))~~

(5)(a) Prior to ~~((September 1))~~ July 1st of each calendar year, any available portion of an initial allocation may be allocated or reallocated only to an issuer within the same bond use category, except that the remainder category, or portions thereof, may be allocated at any time to any bond use category.

(b) Beginning ~~((September 1))~~ July 1st of each calendar year, the agency may allocate or reallocate any available portion of the state ceiling to any bond use category with regard to the criteria specified in RCW 39.86.130.

Sec. 6031. RCW 39.86.130 and 1987 c 297 s 4 are each amended to read as follows:

(1) In granting an allocation, reallocation, or carryforward of the state ceiling as provided in this chapter, the agency shall consider existing state priorities and other such criteria, including but not limited to, the following criteria:

(a) Need of issuers to issue ~~((private activity))~~ bonds within a bond use category subject to a state ceiling;

(b) Amount of the state ceiling available;

(c) Public benefit and purpose to be satisfied, including economic development, educational opportunity, and public health, safety, or welfare;

(d) Cost or availability of alternative methods of financing for the project or program; and

(e) Certainty of using the allocation which is being requested.

(a) Housing: Criteria which comply with RCW 43.180.200.

~~((b))~~ ~~((Student loans: Criteria which comply with the applicable provisions of Title 28B RCW and rules adopted by the higher education coordinating board or applicable state agency dealing with student financial aid.~~

(vii) Order in which requests were received~~((and~~

~~((viii))~~ ~~((Requirements of the board's umbrella bond program)).~~

~~((d))~~ (c) Exempt facility or redevelopment: Factors which may include:

(i) State issuance needs;

(ii) Consistency with criteria identified in subsection (1) of this section;

(iii) Order in which requests were received;

(iv) The proportionate number of persons in relationship to the size of the community who will benefit from the project; and

(v) The unique timing and issuance needs of large scale projects that may require allocations in more than one year.

~~((e))~~ (d) Public utility: Factors which may include:

(i) Consistency with criteria identified in subsection (1) of this section; and

(ii) Timing needs for issuance of bonds over a multi-year period.

Sec. 6032. RCW 39.86.140 and 1987 c 297 s 5 are each amended to read as follows:

(1) No issuer may receive an allocation of the state ceiling without a certificate of approval from the agency.

~~((2))~~ ~~((a))~~ For each state ceiling allocation request, an issuer shall submit to the agency, no sooner than ninety days prior to the beginning of a calendar year for which an allocation of the state ceiling is being requested, a form identifying:

~~((a))~~ (a) The amount of the allocation sought;

~~((iii))~~ (b) The bond use category from which the allocation sought would be made;
~~((iii))~~ (c) The project or program for which the allocation is requested;
~~((iv))~~ (d) The financing schedule for which the allocation is needed; and
~~((v))~~ (e) Any other such information required by the agency, including information which corresponds to the allocation criteria of RCW 39.86.130.

~~((b) Nothing in (a) of this subsection precludes a public utility issuer from filing and the agency from considering a request at such times as may be appropriate in order to meet the criteria set forth in RCW 39.86.130(2)(e)(ii).)~~

(3) The agency may approve or deny an allocation for all or a portion of the issuer's request. Any denied request, however, shall remain on file with the agency for the remainder of the calendar year and shall be considered for receiving any allocation, reallocation, or carryforward of unused portions of the state ceiling during that period.

(4) After receiving an allocation request, the agency shall mail to the requesting issuer a written certificate of approval or notice of denial for an allocation amount, by a date no later than the latest of the following:

- (a) ~~(Forty five days from May 8, 1987;~~
~~(b))~~ February 1st of the calendar year~~(, other than 1987,)~~ for which the request is made;
- ~~((e))~~ (b) Fifteen days from the date the agency receives an allocation request; or
- ~~((d))~~ (c) Fifteen days from the date the agency receives a recommendation by the board with regard to a small issue allocation request, should the board choose to review individual requests.

(5)(a) For requests of the state ceiling of any calendar year, the following applies to all bond use categories except housing ~~((and student loans))~~:

(i) Except for housing ~~((and student loans))~~, any allocations granted prior to April 1st, for which bonds have not been issued by ~~((September 4))~~ July 1st of the same calendar year, shall revert to the agency on ~~((September 1))~~ July 1st of the same calendar year for reallocation unless an extension or carryforward is granted;

(ii) Except for housing ~~((and student loans,))~~ any allocations granted on or after April 1st, for which bonds have not been issued by ~~((December 15))~~ October 15th of the same calendar year, shall revert to the agency on ~~((December 15))~~ October 15th of the same calendar year for reallocation unless an extension or carryforward is granted.

(b) For each calendar year, any housing ~~((or student loan))~~ allocations, for which bonds have not been issued by December 15th of the same calendar year, shall revert to the agency on December 15th of the same calendar year for reallocation unless an extension or carryforward is granted.

(6) An extension of the deadlines provided by subsection (5) of this section may be granted by the agency for the approved allocation amount or a portion thereof, based on:

- (a) Firm and convincing evidence that the bonds will be issued before the end of the calendar year if the extension is granted; and
- (b) Any other criteria the agency deems appropriate.

(7) If an issuer determines that bonds subject to the state ceiling will not be issued for the project or program for which an allocation was granted, the issuer shall promptly notify the agency in writing so that the allocation may be canceled and the amount may be available for reallocation.

(8) Bonds subject to the state ceiling may be issued only to finance the project or program for which a certificate of approval is granted.

(9) Within three business days of the date that bonds for which an allocation of the state ceiling is granted have been delivered to the original purchasers, the issuer shall mail to the agency a written notification of the bond issuance. In accordance with chapter 39.44 RCW, the issuer shall also complete bond issuance information on the form provided by the agency.

(10) If the total amount of ~~((tax exempt))~~ bonds issued under the authority of a state ceiling for a project or program is less than the amount allocated, the remaining portion of the allocation shall revert to the agency for reallocation in accordance with the criteria in RCW 39.86.130. If the amount of ~~((tax exempt))~~ bonds actually issued under the authority of a state ceiling is greater than the amount allocated, the entire allocation shall be disallowed.

Sec. 6033. RCW 39.86.150 and 1987 c 297 s 6 are each amended to read as follows:

(1) Beginning ~~((September 1))~~ July 1st of each calendar year, the agency may allocate or reallocate any portions of the annual state tax-exempt private activity bond ceiling for which no certificate of approval is in effect. Reallocations may also be made from the remainder category at any time during the year.

(2) Prior to the end of each calendar year, the agency shall allocate or reallocate any unused portions of the state ceiling among one or more issuers as carryforward, to be used within three years, in accordance with the code and relevant criteria described in RCW 39.86.130.

(3) Reallocations of state bond ceilings other than the annual tax-exempt private activity bond ceiling may be made by the agency in accordance with the code or as established in agency rule when not specified in the code.

Sec. 6034. RCW 39.86.170 and 1987 c 297 s 8 are each amended to read as follows:

A fee schedule shall be established by rule by the agency to assist in support of bond allocation activities. Fees shall reflect costs actually incurred or expected to be incurred by the agency in its bond allocation and bond users clearinghouse activities.

Sec. 6035. RCW 39.86.190 and 2009 c 518 s 19 are each amended to read as follows:

By February 1st of each even-numbered year, the agency shall summarize for the legislature each previous year's bond allocation requests and issuance. The House reverted to the sixth order of business.

SECOND READING

Representative Dickerson moved the adoption of amendment (1705).

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. INTENT. (1) The legislature finds that:

(a) Low-income families and individuals often face significant barriers to receiving the services and benefits that they are qualified to receive. These services are essential to meeting individuals' basic needs, and provide critical support to low-income individuals who are working or who have disabilities that prevent them from working;

(b) Each year millions of federal dollars go unclaimed due to underutilization of benefits such as tax credits, health care coverage, and food support;

(c) State agencies have been engaged in an effort to implement an online benefit portal to simplify and streamline access to state, federal, and local benefits that include a broad array of public benefits;

(d) Access to education and training gives low-income individuals and families the opportunity to acquire the skills they need to become successfully employed and attain self-sufficiency; and

(e) Agencies have been engaged in efforts to increase access to training and education for recipients of federal food assistance.

(2) The legislature therefore intends to strengthen existing efforts by providing enhanced structure and direction to ensure that a strong partnership among colleges, state agencies, community partners, and philanthropy be established. The legislature also intends to provide an efficient, effective, integrated approach to the delivery of basic support services and education and training programs. The integrated approach should include the creation of a one-stop-shop, online benefits portal where individuals can apply for a broad array of services, including public benefits and education and training support, and the expansion of the food stamp employment and training program.

(3) The legislature further finds that:

(a) The general assistance program can be reformed to better support the ability of persons who are unable to work due to physical or mental health impairments to either return to work, or transition to federal supplemental security income benefits; and

(b) Persons who are homeless and suffering from mental illness or chemical dependency are particularly vulnerable, because homelessness is a substantial barrier to successful participation in, and completion of, needed treatment services.

(4) Through the reforms included in this act, the legislature intends to end the general assistance program and establish the disability lifeline program, and to implement multiple strategies designed to improve the employment and basic support outcomes of persons receiving disability lifeline benefits. The legislature further intends to focus services on persons who are homeless and have a mental illness or chemical dependency by providing housing vouchers as an alternative to a cash grant so that these persons can be in stable housing and thus have a greater opportunity to succeed in treatment.

NEW SECTION. Sec. 2. A new section is added to chapter 74.04 RCW to read as follows:

OPPORTUNITY PORTAL. (1) An online opportunity portal shall be established to provide the public with more effective access to available state, federal, and local services. The secretary of the department of social and health services shall act as the executive branch sponsor of the portal planning process. Under the leadership of the secretary, the department shall:

(a) Identify and select an appropriate solution and acquisition approach to integrate technology systems to create a user-friendly electronic tool for Washington residents to apply for benefits;

(b) Facilitate the adaptation of state information technology systems to allow applications generated through the opportunity portal and other compatible electronic application systems to seamlessly link to appropriate state information systems;

(c) Ensure that the portal provides access to a broad array of state, federal, and local services, including but not limited to: Health care services, higher education financial aid, tax credits, civic engagement, nutrition assistance, energy assistance, family support, and disability lifeline benefits as defined in sections 4 through 13 of this act;

(d) Design an implementation strategy for the portal that maximizes collaboration with community-based organizations to facilitate its use by low-income individuals and families;

(e) Provide access to the portal at a wide array of locations including but not limited to: Community or technical colleges, community college campuses where community service offices are colocated, community-based organizations, libraries, churches, food banks, state agencies, early childhood education sites, and labor unions;

(f) Ensure project resources maximize available federal and private funds for development and initial operation of the opportunity portal. Any incidental costs to state agencies shall be derived from existing resources. This subsection does not obligate or preclude the appropriation of future state funding for the opportunity portal;

(g) Determine the solution and acquisition approach by June 1, 2010.

(2) By December 1, 2011, and annually thereafter, the department of social and health services shall report to the legislature and governor. The report shall include data and information on implementation and outcomes of the opportunity portal, including any increases in the use of public benefits and increases in federal funding.

(3) The department shall develop a plan for implementing paperless application processes for the services included in the opportunity portal for which the electronic exchange of application information is possible. The plan should include a goal of achieving, to the extent possible, the transition of these services to paperless application processes by July 1, 2012. The plan must comply with federal statutes and regulations and must allow applicants to submit applications by alternative means to ensure that access to benefits will not be restricted.

(4) To the extent that the department enters into a contractual relationship to accomplish the purposes of this section, such contract or contracts shall be performance-based.

NEW SECTION. Sec. 3. A new section is added to chapter 74.04 RCW to read as follows:

BASIC FOOD EMPLOYMENT AND TRAINING PROGRAM.

(1) The department, the employment security department, and the state board for community and technical colleges shall work in partnership to expand the food stamp employment and training program. Subject to federal approval, the program shall be expanded to three additional community colleges or other community-based locations in 2010 and shall expand capacity at participating colleges. To the greatest extent possible, expansion shall be geographically diverse. The agencies shall:

(a) Identify and seek out partnerships with community-based organizations that can provide support services and case management to participants through performance-based contracts in the food stamp employment and training program, and do not replace the positions or work of department employees;

(b) Identify eligible nonfederal matching funds to draw down the federal match for food stamp employment and training services. Matching funds may include: Local funds, foundation grants, employer- paid costs, and the state allocation to community and technical colleges.

(2) Employment and training funds may be allocated for: Educational programs to develop skills for employability, vocational education, English as a second language courses, adult basic education, GED courses, remedial programs, job readiness training, case management, intake, assessment, evaluation, and barrier removal and support services such as tuition, books, child care, transportation, housing, and counseling services.

(3) The department shall annually track and report outcomes including those achieved through performance-based contracts as follows: Federal funding received, the number of participants served, achievement points, the number of participants who enter employment during or after participation in the food stamp employment and training program, and the average wage of jobs attained. The report shall be submitted to the governor and appropriate committees of the legislature on November 1st of each year, beginning in 2010.

(4) For purposes of this section, "food stamp employment and training program" refers to a program established and administered through the employment security department and the department of social and health services.

Sec. 4. RCW 74.04.005 and 2003 1st sp.s. c 10 s 1 are each amended to read as follows:

For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

(1) "Public assistance" or "assistance"--Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, ~~((general assistance))~~ disability lifeline benefits and federal aid assistance.

(2) "Department"--The department of social and health services.

(3) "County or local office"--The administrative office for one or more counties or designated service areas.

(4) "Director" or "secretary" means the secretary of social and health services.

(5) "Disability lifeline program" means a program that provides aid and support in accordance with the conditions set out in this subsection.

(a) Aid and assistance shall be provided to persons who are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance and meet one of the following conditions:

(i) Are pregnant and in need, based upon the current income and resource requirements of the federal temporary assistance for needy families program; or

(ii) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department; and

(A) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(B) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(C) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical

dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(D) Have not refused or failed without good cause to participate in vocational rehabilitation services, if an assessment conducted under section 5 of this act indicates that the person might benefit from such services. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in vocational rehabilitation services, or when vocational rehabilitation services are not available to the person in the county of his or her residence.

(b)(i) Persons who initially apply and are found eligible for disability lifeline benefits based upon incapacity from gainful employment under (a) of this subsection on or after September 2, 2010, who are homeless and have been assessed as needing chemical dependency or mental health treatment or both, must agree, as a condition of eligibility for the disability lifeline program, to accept a housing voucher in lieu of a cash grant if a voucher is available. The department shall establish the dollar value of the housing voucher. The dollar value of the housing voucher may differ from the value of the cash grant. Persons receiving a housing voucher under this subsection also shall receive a cash stipend of fifty dollars per month.

(ii) If the department of commerce has determined under section 8 of this act that sufficient housing is not available, persons described in this subsection who apply for disability lifeline benefits during the time period that housing is not available shall receive a cash grant in lieu of a cash stipend and housing voucher.

(iii) Persons who refuse to accept a housing voucher under this subsection but otherwise meet the eligibility requirements of (a) of this subsection are eligible for medical care services benefits under RCW 74.09.035, subject to the time limits in (h) of this subsection.

(c) The following persons are not eligible for the disability lifeline program:

(i) Persons who are unemployable due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting disability lifeline benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the disability lifeline program;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(d) Disability lifeline benefits shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in (a) of this subsection, and who will accept available services that can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(e) Persons who are likely eligible for federal supplemental security income benefits shall be moved into the disability lifeline expedited component of the disability lifeline program. Persons placed in the expedited component of the program may, if otherwise

eligible, receive disability lifeline benefits pending application for federal supplemental security income benefits. The monetary value of any disability lifeline benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(f) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for disability lifeline incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information. The criteria should recognize that the standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards. In no case shall the criteria for disability lifeline incapacity determinations be more restrictive than the disability determination standards for the federal supplemental security income program; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Persons receiving disability lifeline benefits based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(h)(i) Beginning September 1, 2010, no person who is currently receiving or becomes eligible for disability lifeline program benefits shall be eligible to receive benefits under the program for more than twenty-four months in a sixty-month period. For purposes of this subsection, months of receipt of general assistance-unemployable benefits count toward the twenty-four month limit. Months during which a person received benefits under the expedited component of the disability lifeline or general assistance program or under the aged, blind, or disabled component of the disability lifeline or general assistance program shall not be included when determining whether a person has been receiving benefits for more than twenty-four months. On or before July 1, 2010, the department must review the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for at least twelve months as of that date. The review should determine whether the person meets the federal supplemental security income disability standard and, if the person does not meet that standard, whether the receipt of additional services could lead to employability. If a need for additional services is identified, the department shall provide case management services, such as assistance with arranging transportation or locating stable housing, that will facilitate the person's access to needed services. A person may not be determined ineligible due to exceeding the time limit unless he or she has received a case review under this subsection finding that the person does not meet the federal supplemental security income disability standard.

(ii) The time limit in (h)(i) of this subsection may be modified to eighteen months in a thirty-six month period if the following conditions are met, as determined by the Washington state institute for public policy:

(A) The department is consistently reviewing the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for twelve months, as described in (h)(i) of this subsection in a timely manner.

(B) The performance goals in section 7(2) of this act have been met consistently on a statewide basis by the department and its contracted entities for a continuous period of twelve months. Any

modification of the time limit under this subsection must be accomplished through the adoption of rules under chapter 34.05 RCW.

(iii) The time limits established under this subsection expire June 30, 2013.

(i) No person may be considered an eligible individual for disability lifeline benefits with respect to any month if during that month the person:

(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(6) "Disability lifeline expedited" means a component of the disability lifeline program under which persons receiving disability lifeline benefits have been determined, after examination by an appropriate health care provider, to be likely to be eligible for federal supplemental security income benefits based on medical and behavioral health evidence that meets the disability standards used for the federal supplemental security income program.

(7) "Federal aid assistance"--The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

((6)(a) "General assistance"--Aid to persons in need who:

(i) Are not eligible to receive federal aid assistance, other than food stamps or food stamp benefits transferred electronically and medical assistance; however, an individual who refuses or fails to cooperate in obtaining federal aid assistance, without good cause, is not eligible for general assistance;

(ii) Meet one of the following conditions:

(A) Pregnant: PROVIDED, That need is based on the current income and resource requirements of the federal temporary assistance for needy families program; or

(B) Subject to chapter 165, Laws of 1992, incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department.

(C) Persons who are unemployable due to alcohol or drug addiction are not eligible for general assistance. Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. Subsection (6)(a)(ii)(B) of this section shall not be construed to prohibit the department from granting general assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program;

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the

social security number shall be provided to the department upon receipt.

—(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal aid assistance:

—(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

—(ii) To the extent authorized by the legislature in the biennial appropriations act, to recipients of temporary assistance for needy families whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received.

—(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6)(a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

—(i) First failure: One week;

—(ii) Second failure within six months: One month;

—(iii) Third and subsequent failure within one year: Two months.

—(d) Persons found eligible for general assistance based on incapacity from gainful employment may, if otherwise eligible, receive general assistance pending application for federal supplemental security income benefits. Any general assistance that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

—(e) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information.

—(f) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

—(g) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental condition. The department may discontinue benefits when there was specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who relinquish their child for adoption, remain otherwise eligible, and are not eligible to receive benefits under the federal temporary assistance for needy families program shall not have their benefits terminated until the end of the month in which the period of six weeks following the birth of the recipient's child falls. Recipients of the federal temporary assistance for needy families program who lose their eligibility solely because of the birth and relinquishment of the qualifying child may receive general assistance through the end of the month in which the period of six weeks following the birth of the child falls.

—(h) No person may be considered an eligible individual for general assistance with respect to any month if during that month the person:

—(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

—(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

—(7)) (8) "Applicant"--Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

((8)) (9) "Recipient"--Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

((9)) (10) "Standards of assistance"--The level of income required by an applicant or recipient to maintain a level of living specified by the department.

((10)) (11) "Resource"--Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent. The department may by rule designate resources that an applicant may retain and not be ineligible for public assistance because of such resources. Exempt resources shall include, but are not limited to:

(a) A home that an applicant, recipient, or their dependents is living in, including the surrounding property;

(b) Household furnishings and personal effects;

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed five thousand dollars;

(d) A motor vehicle necessary to transport a ((physically disabled)) household member with a physical disability. This exclusion is limited to one vehicle per ((physically disabled)) person with a physical disability;

(e) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance. The department shall also allow recipients of temporary assistance for needy families to exempt savings accounts with combined balances of up to an additional three thousand dollars;

(f) Applicants for or recipients of ((general assistance)) disability lifeline benefits shall have their eligibility based on resource limitations consistent with the temporary assistance for needy families program rules adopted by the department; and

(g) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property: PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

~~((11))~~ (12) "Income"--(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him or her to decrease his or her need for public assistance or to aid in rehabilitating him or her or his or her dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In addition, for cash assistance the department may disregard income pursuant to RCW 74.08A.230 and 74.12.350.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

~~((12))~~ (13) "Need"--The difference between the applicant's or recipient's standards of assistance for himself or herself and the dependent members of his or her family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his or her family.

~~((13))~~ (14) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

~~((14))~~ (15) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

NEW SECTION. Sec. 5. A new section is added to chapter 74.04 RCW to read as follows:

REFERRAL TO THE DIVISION OF VOCATIONAL REHABILITATION. (1) The economic services administration shall work jointly with the division of vocational rehabilitation to develop an assessment tool that must be used to determine whether the programs offered by the division of vocational rehabilitation could assist persons receiving disability lifeline benefits in returning to the work force. The assessment tool shall be completed no later than December 1, 2010. The economic services administration shall begin using the tool no later than January 1, 2011. No later than December 30, 2011, the department shall report on the use of the tool and to what extent the programs offered by the division of vocational rehabilitation have been successful in returning persons receiving disability lifeline benefits to the work force.

(2) After January 1, 2011, all persons receiving disability lifeline benefits shall be assessed to determine whether they would likely benefit from a program offered by the division of vocational rehabilitation. If the assessment indicates that the person might benefit, the economic services administration shall make a referral to the division of vocational rehabilitation. If the person is found eligible for a program with the division of vocational rehabilitation, he or she must participate in that program to remain eligible for the monthly stipend and housing voucher or a cash grant. If the person refuses to participate or does not complete the program, the department shall terminate the cash stipend and housing voucher or cash grant but may not terminate medical coverage and food benefits.

NEW SECTION. Sec. 6. A new section is added to chapter 74.04 RCW to read as follows:

REFERRAL TO THE DEPARTMENT OF VETERANS AFFAIRS. During the application process for disability lifeline benefits, the department shall inquire of each applicant whether he or she has ever served in the United States military service. If the applicant answers in the affirmative, the department shall confer with a veterans benefit specialist with the Washington state department of veterans affairs or a contracted veterans service officer in the community to determine whether the applicant is eligible for any benefits or programs offered to veterans by either the state or the federal government.

NEW SECTION. Sec. 7. A new section is added to chapter 74.04 RCW to read as follows:

EARLY SSI TRANSITION PROJECT. (1) To ensure that persons who are likely eligible for supplemental security income benefits are transitioned from disability lifeline benefits to disability lifeline expedited and the medicaid program, and then to the supplemental security income program as quickly as practicable, the department shall implement the early supplemental security income transition project starting in King, Pierce, and Spokane counties no later than July 1, 2010, and extending statewide no later than October 1, 2011. The program shall be implemented through performance-based contracts with managed health care systems providing medical care services under RCW 74.09.035 or other qualified entities. The participants shall have the following responsibilities and duties under this program:

(a) The entities with whom the department contracts to provide the program shall be responsible for:

(i) Systematically screening persons receiving disability lifeline benefits at the point of eligibility determination or shortly thereafter to determine if the persons should be referred for medical or behavioral health evaluations to determine whether they are likely eligible for supplemental security income;

(ii) Immediately sharing the results of the disability screening with the department;

(iii) Managing disability lifeline incapacity evaluation examinations to provide timely access to needed medical and behavioral health evaluations and standardizing health care providers' conduct of incapacity evaluations. To maximize the timeliness and efficiency of incapacity evaluation examinations, the department must strongly consider contracting with a managed health care system with a network of health care providers that are trained and have agreed to conduct disability lifeline medical and psychological incapacity and recertification exams. The department may obtain medical evidence and other relevant information from sources other than the contracted entity if such evidence is available at the time of a person's application for disability lifeline benefits and is sufficient to support a determination that the person is incapacitated;

(iv) Maintaining a centralized appointment and clinical data system; and

(v) Assisting persons receiving disability lifeline benefits with obtaining additional medical or behavioral health examinations needed to meet the disability standard for federal supplemental security income benefits and with submission of applications for supplemental security income benefits.

(b) The department shall be responsible for:

(i) Determining incapacity and eligibility for disability lifeline benefits;

(ii) Making timely determinations that a person receiving disability lifeline benefits is likely eligible for supplemental security income based on medical evidence and other relevant information provided by a contracted entity, and immediately referring such persons to a contracted entity for services;

(iii) Developing standardized procedures for sharing data and information with the contracted entities to ensure timely identification

of clients who have not been transferred to the disability lifeline expedited program within four months of their date of application, but who may, upon further review, be appropriately transferred to that program;

(iv) Providing case management, in partnership with the managed health care system or contracted entity, to support persons' transition to federal supplemental security income and medicaid benefits; and

(v) Identifying a savings determination methodology, in consultation with the contracted entities, the office of financial management, and the legislature, on or before implementation of the project.

(2) Early supplemental security income transition project contracts shall include the following performance goals:

(a) Persons receiving disability lifeline benefits should be screened within thirty days of entering the program to determine the propriety of their transfer to the disability lifeline expedited program; and

(b) Seventy-five percent of persons receiving disability lifeline benefits that are likely to qualify for supplemental security income benefits shall be transferred to the disability lifeline expedited program within four months of their application for disability lifeline benefits.

(3) The initial focus of the efforts of the early supplemental security income transition project shall be on persons who have been receiving disability lifeline or general assistance unemployable benefits for twelve or more months as of September 1, 2010.

(4) No later than December 1, 2011, the department shall report to the governor and appropriate policy and fiscal committees on whether the early supplemental security income transition project performance goals in subsection (2) of this section were met, including the reasons those goals were or were not met.

(5) Pursuant to RCW 41.06.142(3), performance-based contracting under this section is expressly mandated by the legislature and is not subject to the processes set forth in RCW 41.06.142 (1), (4), and (5).

The statewide expansion of the program under this section shall be considered expressly mandated by the legislature and not be subject to the provisions of RCW 41.06.142 (1), (4), and (5).

NEW SECTION. Sec. 8. A new section is added to chapter 43.330 RCW to read as follows:

DISABILITY LIFELINE HOUSING VOUCHER PROGRAM.

(1) To address the housing issues faced by the disability lifeline applicants in RCW 74.04.005(5)(b), the department of commerce and the department of social and health services shall jointly develop a housing voucher program. The departments also shall develop housing resources to be used by the applicants in RCW 74.04.005(5)(b). To the greatest extent possible, the housing resources shall follow the supportive housing model. The department of commerce shall administer the housing voucher program and shall:

(a) Identify the current supply of private and public housing including acquisition and rental of existing housing stock;

(b) Develop funding strategies for the development of housing resources; and

(c) Design the voucher program to maximize the ability of the department of social and health services to recover federal funding.

(2) If the department of commerce determines that the housing supply is inadequate to meet the need for those applicants qualifying for housing vouchers under RCW 74.04.005(5)(b), those applicants shall instead receive a cash grant administered by the department of social and health services. Upon the department of commerce's determination that the housing supply is adequate to meet the needs of the applicants in RCW 74.04.005(5)(b), housing vouchers rather than cash grants shall be issued to these applicants who apply on or after the department's determination.

(3) The department of commerce and the department of social and health services shall evaluate the impact of the use of housing

vouchers under this section and report to the governor and relevant policy and fiscal committees of the legislature by November 30, 2012, on the following items:

(a) The supply, affordability, appropriateness, and use of stable housing;

(b) The following outcomes for persons receiving disability lifeline housing vouchers:

(ii) Contact with law enforcement, including arrest and conviction data;

(iii) Use of emergency room services; and

(iv) Involuntary commitment under chapter 71.05 RCW.

NEW SECTION. Sec. 9. A new section is added to chapter 70.47 RCW to read as follows:

BASIC HEALTH PLAN ENROLLMENT. In order to ensure continuity of health care coverage and avoid deterioration in health status, persons who have lost eligibility for disability lifeline benefits under RCW 74.04.005(5) due to improvement in their health status and who are eligible for subsidized basic health coverage shall be given priority for enrollment in the basic health plan. If the administrator closes or limits subsidized enrollment, to the extent funding is available, the basic health plan must continue to accept and process applications for subsidized enrollment from persons described in this section.

NEW SECTION. Sec. 10. A new section is added to chapter 70.96A RCW to read as follows:

ACCESS TO CHEMICAL DEPENDENCY TREATMENT. If an assessment by a certified chemical dependency counselor indicates a need for drug or alcohol treatment, in order to enable a person receiving disability lifeline benefits to improve his or her health status and transition from disability lifeline benefits to employment, or transition to federal disability benefits, the person must be given high priority for enrollment in treatment, within funds appropriated for that treatment. However, first priority for receipt of treatment services must be given to pregnant women and parents of young children. This section expires June 30, 2013. Persons who are terminated from disability lifeline benefits under RCW 74.04.005(5)(h) and are actively engaged in chemical dependency treatment during the month they are terminated shall be provided the opportunity to complete their current course of treatment.

NEW SECTION. Sec. 11. A new section is added to chapter 74.04 RCW to read as follows:

By December 1, 2012, the Washington state institute for public policy shall submit a report to the governor and the relevant policy and fiscal committees of the legislature that:

(4) "Available funds" means liquid assets and disposable net monthly income calculated after provision is made for bail obligations. For the purpose of determining available funds, the following definitions shall apply:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(7) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual.

(8) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(9) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(10) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(11) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. - (b) Involuntarily committed to a public mental health facility; or
- (c) Receiving an annual income, after taxes, of one hundred twenty- five percent or less of the federally established poverty level; or
- (d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(13) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW

or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

Sec. 14. RCW 26.19.071 and 2009 c 84 s 3 are each amended to read as follows:

(1) **Consideration of all income.** All income and resources of each parent's household shall be disclosed and considered by the court when the court determines the child support obligation of each parent. Only the income of the parents of the children whose support is at issue shall be calculated for purposes of calculating the basic support obligation. Income and resources of any other person shall not be included in calculating the basic support obligation.

(2) **Verification of income.** Tax returns for the preceding two years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(3) **Income sources included in gross monthly income.** Except as specifically excluded in subsection (4) of this section, monthly gross income shall include income from any source, including:

- (s) Social security benefits;
- (t) Disability insurance benefits; and
- (u) Income from self-employment, rent, royalties, contracts, proprietorship of a business, or joint ownership of a partnership or closely held corporation.

(4) **Income sources excluded from gross monthly income.** The following income and resources shall be disclosed but shall not be included in gross income:

Receipt of income and resources from temporary assistance for needy families, supplemental security income, ~~((general assistance))~~ disability lifeline benefits, and food stamps shall not be a reason to deviate from the standard calculation.

(5) **Determination of net income.** The following expenses shall be disclosed and deducted from gross monthly income to calculate net monthly income:

(h) Normal business expenses and self-employment taxes for self-employed persons. Justification shall be required for any business expense deduction about which there is disagreement.

Items deducted from gross income under this subsection shall not be a reason to deviate from the standard calculation.

(6) **Imputation of income.** The court shall impute income to a parent when the parent is voluntarily unemployed or voluntarily underemployed. The court shall determine whether the parent is

voluntarily underemployed or voluntarily unemployed based upon that parent's work history, education, health, and age, or any other relevant factors. A court shall not impute income to a parent who is gainfully employed on a full-time basis, unless the court finds that the parent is voluntarily underemployed and finds that the parent is purposely underemployed to reduce the parent's child support obligation. Income shall not be imputed for an unemployable parent. Income shall not be imputed to a parent to the extent the parent is unemployed or significantly underemployed due to the parent's efforts to comply with court-ordered reunification efforts under chapter 13.34 RCW or under a voluntary placement agreement with an agency supervising the child. (1) To the extent that implementation of this section does not conflict with federal law resulting in the loss of federal funding, proprietary reverse mortgage loan advances made to a borrower must be treated as proceeds from a loan and not as income for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(2) Undisbursed reverse mortgage funds must be treated as equity in the borrower's home and not as proceeds from a loan, resources, or assets for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(3) This section applies to any law or program relating to payments, allowances, benefits, or services provided on a means-tested basis by this state including, but not limited to, optional state supplements to the federal supplemental security income program, low-income energy assistance, property tax relief, ~~((general assistance))~~ disability lifeline benefits, and medical assistance only to the extent this section does not conflict with Title 19 of the federal social security act.

Grant assistance shall not be provided under this chapter if the applicant does not reside in the most appropriate living situation, as determined by the department.

(2) A pregnant minor residing in the most appropriate living situation, as provided under subsection (1) of this section, is presumed to be unable to manage adequately the funds paid to the minor or on behalf of the dependent child or children and, unless the minor provides sufficient evidence to rebut the presumption, shall be subject to the protective payee requirements provided for under RCW 74.12.250 and 74.08.280.

The department is authorized to establish rateable reductions and grant maximums consistent with federal law.

Temporary assistance for needy families and ~~((general assistance))~~ disability lifeline benefits shall not be granted to any person who has made an assignment or transfer of property for the purpose of rendering himself or herself eligible for the assistance. There is a rebuttable presumption that a person who has transferred or transfers any real or personal property or any interest in property within two years of the date of application for the assistance without receiving adequate monetary consideration therefor, did so for the purpose of rendering himself or herself eligible for the assistance. Any person who transfers property for the purpose of rendering himself or herself eligible for assistance, or any person who after becoming a recipient transfers any property or any interest in property without the consent of the secretary, shall be ineligible for assistance for a period of time during which the reasonable value of the property so transferred would have been adequate to meet the person's needs under normal conditions of living: PROVIDED, That the secretary is hereby authorized to allow exceptions in cases where undue hardship would result from a denial of assistance.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. PURPOSE, FINDINGS, AND INTENT. (2) The legislature finds that:

(a) Washington hospitals, working with the department of social and health services, have proposed a hospital safety net assessment to generate additional state and federal funding for the medicaid program, which will be used to partially restore recent inpatient and outpatient reductions in hospital reimbursement rates and provide for an increase in hospital payments; and

(a) To impose a hospital safety net assessment to be used solely for the purposes specified in this chapter;

(b) That funds generated by the assessment shall be used solely to augment all other funding sources and not as a substitute for any other funds;

(c) That the total amount assessed not exceed the amount needed, in combination with all other available funds, to support the

reimbursement rates and other payments authorized by this chapter; and

(d) To condition the assessment on receiving federal approval for receipt of additional federal financial participation and on continuation of other funding sufficient to maintain hospital inpatient and outpatient reimbursement rates and small rural disproportionate share payments at least at the levels in effect on June 30, 2009.

(b) Any amounts remaining in the fund on July 1, 2013, shall be used to make increased payments in accordance with sections 10 and 13 of this act for any outstanding claims with dates of service prior to July 1, 2013. Any amounts remaining in the fund after such increased payments are made shall be refunded to hospitals, pro rata according to the amount paid by the hospital, subject to the limitations of federal law.

(2) All assessments, interest, and penalties collected by the department under sections 4 and 6 of this act shall be deposited into the fund.

(3) Disbursements from the fund may be made only as follows:

(a) Subject to appropriations and the continued availability of other funds in an amount sufficient to maintain the level of medicaid hospital rates in effect on July 1, 2009;

(b) Upon certification by the secretary that the conditions set forth in section 17(1) of this act have been met with respect to the assessments imposed under section 4 (1) and (2) of this act, the payments provided under section 9 of this act, payments provided under section 13(2) of this act, and any initial payments under sections 11 and 12 of this act, funds shall be disbursed in the amount necessary to make the payments specified in those sections;

(c) Upon certification by the secretary that the conditions set forth in section 17(1) of this act have been met with respect to the assessments imposed under section 4(3) of this act and the payments provided under sections 10 and 14 of this act, payments made subsequent to the initial payments under sections 11 and 12 of this act, and payments under section 13(3) of this act, funds shall be disbursed periodically as necessary to make the payments as specified in those sections;

(d) To refund erroneous or excessive payments made by hospitals pursuant to this chapter;

(e) The sum of thirty-two million dollars per biennium may be expended in lieu of state general fund payments to hospitals. An additional sum of sixteen million dollars for the 2009-2011 fiscal biennium may be expended in lieu of state general fund payments to hospitals if additional federal financial participation under section 5001 of P.L. No. 111-5 is extended beyond December 31, 2010;

(f) The sum of one million dollars per biennium may be disbursed for payment of administrative expenses incurred by the department in performing the activities authorized by this chapter;

(g) To repay the federal government for any excess payments made to hospitals from the fund if the assessments or payment increases set forth in this chapter are deemed out of compliance with federal statutes and regulations and all appeals have been exhausted. In such a case, the department may require hospitals receiving excess payments to refund the payments in question to the fund. The state in turn shall return funds to the federal government in the same proportion as the original financing. If a hospital is unable to refund payments, the state shall develop a payment plan and/or deduct moneys from future medicaid payments.

NEW SECTION. Sec. 4. ASSESSMENTS. (1) An assessment is imposed as set forth in this subsection effective after the date when the applicable conditions under section 17(1) of this act have been satisfied through June 30, 2013, for the purpose of funding restoration

(d)(i) For purposes of (a) and (b) of this subsection, the department shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare inpatient days for each hospital that is not exempt from the assessment as described in section 5 of this act for the relevant state fiscal year 2008 portions included in the hospital's fiscal year end reports 2007 and/or 2008 cost reports. The department shall use nonmedicare hospital inpatient day data for each hospital taken from the centers for medicare and medicaid services' hospital 2552-96 cost report data file as of November 30, 2009, or equivalent data collected by the department.

(ii) For purposes of (c) of this subsection, the department shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare hospital inpatient days for each hospital that is not exempt from the assessment under section 5 of this act, taken from the most recent publicly available hospital 2552-96 cost report data file or successor data file available through the centers for medicare and medicaid services, as of a date to be determined by the department. If cost report data are unavailable from the foregoing source for any hospital subject to the assessment, the department shall collect such information directly from the hospital.

(2) An assessment is imposed in the amounts set forth in this section for the purpose of funding the restoration of the rates under sections 9(2) and 13(2)(b) of this act and funding the initial payments under sections 11 and 12 of this act, which shall be due and payable within thirty calendar days after the department has transmitted a notice of assessment to hospitals. Such notice shall be transmitted immediately upon determination by the secretary that the applicable conditions established by section 17(1) of this act have been met.

(a) Prospective payment system hospitals.

(i) Each prospective payment system hospital shall pay an assessment of thirty dollars for each annual nonmedicare hospital inpatient day up to sixty thousand per year, multiplied by a ratio, the numerator of which is the number of days between June 30, 2009, and the day after the applicable conditions established by section 17(1) of this act have been met and the denominator of which is three hundred sixty-five.

(ii) Each prospective payment system hospital shall pay an assessment of one dollar for each annual nonmedicare hospital inpatient day over and above sixty thousand per year, multiplied by a ratio, the numerator of which is the number of days between June 30, 2009, and the day after the applicable conditions established by section 17(1) of this act have been met and the denominator of which is three hundred sixty-five.

(b) Each critical access hospital shall pay an assessment of ten dollars for each annual nonmedicare hospital inpatient day, multiplied by a ratio, the numerator of which is the number of days between June 30, 2009, and the day after the applicable conditions established by section 17(1) of this act have been met and the denominator of which is three hundred sixty-five.

(c) For purposes of this subsection, the department shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare inpatient days for each hospital that is not exempt from the assessment as described in section 5 of this act for the relevant state fiscal year 2008 portions included in the hospital's fiscal year end reports 2007 and/or 2008 cost reports. The department shall use nonmedicare hospital inpatient day data for each hospital taken from the centers for medicare and medicaid services' hospital 2552-96 cost report data file as of November 30, 2009, or equivalent data collected by the department.

(3) An assessment is imposed as set forth in this subsection for the period February 1, 2010, through June 30, 2013, for the purpose of funding increased hospital payments under sections 10 and 13(3) of this act, which shall be due and payable on the first day of each calendar quarter after the department has sent notice of the assessment to each affected hospital, provided that the initial assessment shall be transmitted only after the secretary has determined that the applicable conditions established by section 17(1) of this act have been satisfied and shall be payable no less than thirty calendar days after the department sends notice of the amount due to affected hospitals. The initial assessment shall include the full amount due from February 1, 2010, through the date of the notice.

The department may adjust the assessment or the number of nonmedicare hospital inpatient days used to calculate the assessment amount if necessary to maintain compliance with federal statutes and regulations related to medicaid program health care-related taxes.

(ii) Each psychiatric hospital and each rehabilitation hospital shall pay an assessment of thirty dollars for each annual nonmedicare hospital inpatient day, multiplied by the number of days in the assessment period divided by three hundred sixty-five.

(c) For the period beginning July 1, 2011, through June 30, 2013:

(i) Prospective payment system hospitals.

(A) Each prospective payment system hospital shall pay an assessment of one hundred thirty-three dollars for each annual nonmedicare hospital inpatient day up to sixty thousand per year, multiplied by the number of days in the assessment period divided by three hundred sixty-five.

(B) Each prospective payment system hospital shall pay an assessment of seven dollars for each annual nonmedicare inpatient day over and above sixty thousand per year, multiplied by the number of days in the assessment period divided by three hundred sixty-five. (ii) For purposes of (c) of this subsection, the department shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare hospital inpatient days for each hospital that is not exempt from the assessment under section 5 of this act, taken from the most recent publicly available hospital 2552-96 cost report data file or successor data file available through the centers for medicare and medicaid services, as of a date to be determined by the department. If cost report data are unavailable from the foregoing source for any hospital subject to the assessment, the department shall collect such information directly from the hospital.

(4) Notwithstanding the provisions of section 8 of this act, nothing in this act is intended to prohibit a hospital from including assessment amounts paid in accordance with this section on their medicare and medicaid cost reports.

NEW SECTION. Sec. 5. EXEMPTIONS. The following hospitals are exempt from any assessment under this chapter provided that if and to the extent any exemption is held invalid by a court of competent jurisdiction or by the centers for medicare and medicaid services, hospitals previously exempted shall be liable for assessments due after the date of final invalidation:

(1) Hospitals owned or operated by an agency of federal or state government, including but not limited to western state hospital and eastern state hospital;

(2) Washington public hospitals that participate in the certified public expenditure program;

(3) Hospitals that do not charge directly or indirectly for hospital services; and

(4) Long-term acute care hospitals.

NEW SECTION. Sec. 6. ADMINISTRATION AND COLLECTION. (1) The department, in cooperation with the office of financial management, shall develop rules for determining the amount to be assessed to individual hospitals, notifying individual hospitals of the assessed amount, and collecting the amounts due. Such rule making shall specifically include provision for:

(a) Transmittal of quarterly notices of assessment by the department to each hospital informing the hospital of its nonmedicare hospital inpatient days and the assessment amount due and payable. Such quarterly notices shall be sent to each hospital at least thirty calendar days prior to the due date for the quarterly assessment payment.

(b) Interest on delinquent assessments at the rate specified in RCW 82.32.050.

(c) Adjustment of the assessment amounts as follows:

(i) For each fiscal year beginning July 1, 2010, the assessment amounts under section 4 (1) and (3) of this act may be adjusted as follows:

(A) If sufficient other funds for hospitals, including any increase in federal financial participation for hospital payments in addition to what is provided under section 5001 of P.L. No. 111-5 or any extensions thereof, are available to support the reimbursement rates and other payments under section 9, 10, 11, 12, or 13 of this act without utilizing the full assessment authorized under section 4 (1) or (3) of this act, the department shall reduce the amount of the assessment for prospective payment system, psychiatric, and rehabilitation hospitals proportionately to the minimum level necessary to support those reimbursement rates and other payments.

(B) Provided that none of the conditions set forth in section 17(2) of this act have occurred, if the department's forecasts indicate that the assessment amounts under section 4 (1) and (3) of this act, together with all other available funds, are not sufficient to support the reimbursement rates and other payments under section 9, 10, 11, 12, or 13 of this act, the department shall increase the assessment rates for prospective payment system, psychiatric, and rehabilitation hospitals proportionately to the amount necessary to support those reimbursement rates and other payments, plus a contingency factor up to ten percent of the total assessment amount.

(C) Any positive balance remaining in the fund at the end of the fiscal year shall be applied to reduce the assessment amount for the subsequent fiscal year.

(ii) Any adjustment to the assessment amounts pursuant to this subsection, and the data supporting such adjustment, including but not limited to relevant data listed in subsection (2) of this section, must be submitted to the Washington state hospital association for review and comment at least sixty calendar days prior to implementation of such adjusted assessment amounts. Any review and comment provided by the Washington state hospital association shall not limit the ability of the Washington state hospital association or its members to challenge an adjustment or other action by the department that is not made in accordance with this chapter.

(2) By November 30th of each year, the department shall provide the following data to the Washington state hospital association:

(a) The fund balance;

(b) The amount of assessment paid by each hospital;

(c) The annual medicaid fee-for-service payments for inpatient hospital services and outpatient hospital services; and

(d) The medicaid healthy options inpatient and outpatient payments as reported by all hospitals to the department on disproportionate share hospital applications. The department shall amend the disproportionate share hospital application and reporting

instructions as needed to ensure that the foregoing data is reported by all hospitals as needed in order to comply with this subsection (2)(d).

(3) The department shall determine the number of nonmedicare hospital inpatient days for each hospital for each assessment period.

(4) To the extent necessary, the department shall amend the contracts between the managed care organizations and the department and between regional support networks and the department to incorporate the provisions of section 13 of this act. The department shall pursue amendments to the contracts as soon as possible after the effective date of this act. The amendments to the contracts shall, among other provisions, provide for increased payment rates to managed care organizations in accordance with section 13 of this act.

NEW SECTION. Sec. 7. LOCAL ASSESSMENTS OR TAXES NOT AUTHORIZED. Nothing in this chapter shall be construed to authorize any unit of local government to impose a tax or assessment on hospitals, including but not limited to a tax or assessment measured by a hospital's income, earnings, bed days, or other similar measures.

NEW SECTION. Sec. 8. ASSESSMENT PART OF OPERATING OVERHEAD. The incidence and burden of assessments imposed under this chapter shall be on hospitals and the expense associated with the assessments shall constitute a part of the operating overhead of hospitals. Hospitals shall not increase charges or billings to patients or third-party payers as a result of the assessments under this chapter. The department may require hospitals to submit certified statements by their chief financial officers or equivalent officials attesting that they have not increased charges or billings as a result of the assessments.

NEW SECTION. Sec. 9. RESTORATION OF JUNE 30, 2009, REIMBURSEMENT RATES. Upon satisfaction of the applicable conditions set forth in section 17(1) of this act, the department shall:

(1) Restore medicaid inpatient and outpatient reimbursement rates to levels as if the four percent medicaid inpatient and outpatient rate reductions did not occur on July 1, 2009; and

(2) Recalculate the amount payable to each hospital that submitted an otherwise allowable claim for inpatient and outpatient medicaid-covered services rendered from and after July 1, 2009, up to and including the date when the applicable conditions under section 17(1) of this act have been satisfied, as if the four percent medicaid inpatient and outpatient rate reductions did not occur effective July 1, 2009, and, within sixty calendar days after the date upon which the applicable conditions set forth in section 17(1) of this act have been satisfied, remit the difference to each hospital.

NEW SECTION. Sec. 10. INCREASED HOSPITAL PAYMENTS. (1) Upon satisfaction of the applicable conditions set forth in section 17(1) of this act and for services rendered on or after February 1, 2010, the department shall increase the medicaid inpatient and outpatient fee-for-service hospital reimbursement rates in effect on June 30, 2009, by the percentages specified below:

(a) Prospective payment system hospitals:

(i) Inpatient psychiatric services: Twelve percent;

(ii) Inpatient services: Twelve percent;

(iii) Outpatient services: Thirty-two percent.

(b) Harborview medical center and University of Washington medical center:

(i) Inpatient psychiatric services: Three percent;

(ii) Inpatient services: Three percent;

(iii) Outpatient services: Twenty-one percent.

(c) Rehabilitation hospitals:

(i) Inpatient services: Twelve percent;

(ii) Outpatient services: Thirty-two percent;

(d) Psychiatric hospitals:

(i) Inpatient psychiatric services: Twelve percent;

(ii) Inpatient services: Twelve percent.

(2) For claims processed for services rendered on or after February 1, 2010, but prior to satisfaction of the applicable conditions

specified in section 17(1) of this act, the department shall, within sixty calendar days after satisfaction of those conditions, calculate the amount payable to hospitals in accordance with this section and remit the difference to each hospital that has submitted an otherwise allowable claim for payment for such services.

(3) By December 1, 2012, the department will submit a study to the legislature with recommendations on the amount of the assessments necessary to continue to support hospital payments for the 2013-15 biennium. The evaluation will assess medicaid hospital payments relative to medicaid hospital costs. The study should address current federal law, including any changes on scope of medicaid coverage and provisions related to provider taxes. The study should also address the state's economic forecast. Based on the forecast, the department should recommend the amount of assessment needed to support future hospital payments and the departmental administrative expenses. Recommendations should be developed with the fiscal committees of the legislature, office of financial management and the Washington state hospital association.

NEW SECTION. Sec. 11. CRITICAL ACCESS HOSPITAL PAYMENTS. Upon satisfaction of the applicable conditions set forth in section 17(1) of this act, the department shall pay critical access hospitals that do not qualify for or receive a small rural disproportionate share payment in the subject state fiscal year an access payment of fifty dollars for each medicaid inpatient day, exclusive of days on which a swing bed is used for subacute care, from and after July 1, 2009. Initial payments to hospitals, covering the period from July 1, 2009, to the date when the applicable conditions under section 17(1) of this act are satisfied, shall be made within sixty calendar days after such conditions are satisfied. Subsequent payments shall be made to critical access hospitals on an annual basis at the time that disproportionate share eligibility and payment for the state fiscal year are established. These payments shall be in addition to any other amount payable with respect to services provided by critical access hospitals and shall not reduce any other payments to critical access hospitals.

NEW SECTION. Sec. 12. DISPROPORTIONATE SHARE HOSPITAL PAYMENTS. Upon satisfaction of the applicable conditions set forth in section 17(1) of this act, small rural disproportionate share payments shall be increased to one hundred twenty percent of the level in effect as of June 30, 2009, for the period from and after July 1, 2009, until July 1, 2013. Initial payments, covering the period from July 1, 2009, to the date when the applicable conditions under section 17(1) of this act are satisfied, shall be made within sixty calendar days after those conditions are satisfied. Subsequent payments shall be made directly to hospitals by the department on a periodic basis.

NEW SECTION. Sec. 13. INCREASED MANAGED CARE PAYMENTS AND CORRESPONDING PAYMENTS TO HOSPITALS. Subject to the applicable conditions set forth in section 17(1) of this act, the department shall:

(1) Amend medicaid-managed care and regional support network contracts as necessary in order to ensure compliance with this chapter;

(2) With respect to the inpatient and outpatient rates established by section 9 of this act:

(a) Upon satisfaction of the applicable conditions under section 17(1) of this act, increase payments to managed care organizations and regional support networks as necessary to ensure that hospitals are reimbursed in accordance with section 9(1) of this act for services rendered from and after the date when applicable conditions under section 17(1) of this act have been satisfied, and pay an additional amount equal to the estimated amount of additional state taxes on managed care organizations or regional support networks due as a result of the payments under this section, and require managed care organizations and regional support networks to make payments to each hospital in accordance with section 9 of this act. The increased payments made to hospitals pursuant to this subsection shall be in

addition to any other amounts payable to hospitals by managed care organizations or regional support networks and shall not affect any other payments to hospitals;

(b) Within sixty calendar days after satisfaction of the applicable conditions under section 17(1) of this act, calculate the additional amount due to each hospital to pay claims submitted for inpatient and outpatient medicaid-covered services rendered from and after July 1, 2009, through the date when the applicable conditions under section 17(1) of this act have been satisfied, based on the rates required by section 9(2) of this act, make payments to managed care organizations and regional support networks in amounts sufficient to pay the additional amounts due to each hospital plus an additional amount equal to the estimated amount of additional state taxes on managed care organizations or regional support networks due as a result of the payments under this subsection, and require managed care organizations and regional support networks to make payments to each hospital in accordance with the department's calculations within forty-five calendar days after the department disburses funds for those purposes.

(3) With respect to the inpatient and outpatient hospital rates established by section 10 of this act:

(a) Upon satisfaction of the applicable conditions under section 17(1) of this act, increase payments to managed care organizations and regional support networks as necessary to ensure that hospitals are reimbursed in accordance with section 10 of this act, and pay an additional amount equal to the estimated amount of additional state taxes on managed care organizations or regional support networks due as a result of the payments under this section;

(b) Require managed care organizations and regional support networks to reimburse hospitals for hospital inpatient and outpatient services rendered after the date that the applicable conditions under section 17(1) of this act are satisfied at rates no lower than the combined rates established by sections 9 and 10 of this act;

(c) Within sixty calendar days after satisfaction of the applicable conditions under section 17(1) of this act, calculate the additional amount due to each hospital to pay claims submitted for inpatient and outpatient medicaid-covered services rendered from and after February 1, 2010, through the date when the applicable conditions under section 17(1) of this act are satisfied based on the rates required by section 10 of this act, make payments to managed care organizations and regional support networks in amounts sufficient to pay the additional amounts due to each hospital plus an additional amount equal to the estimated amount of additional state taxes on managed care organizations or regional support networks, and require managed care organizations and regional support networks to make payments to each hospital in accordance with the department's calculations within forty-five calendar days after the department disburses funds for those purposes;

(d) Require managed care organizations that contract with health care organizations that provide, directly or by contract, health care services on a prepaid or capitated basis to make payments to health care organizations for any of the hospital payments that the managed care organizations would have been required to pay to hospitals under this section if the managed care organizations did not contract with those health care organizations, and require the managed care organizations to require those health care organizations to make equivalent payments to the hospitals that would have received payments under this section if the managed care organizations did not contract with the health care organizations;

(4) The department shall ensure that the increases to the medicaid fee schedules as described in section 10 of this act are included in the development of healthy options premiums.

(5) The department may require managed care organizations and regional support networks to demonstrate compliance with this section.

NEW SECTION. Sec. 14. QUALITY INCENTIVE PAYMENTS. (1) The department, in collaboration with the health care authority, the department of health, the department of labor and industries, the Washington state hospital association, the Puget Sound health alliance, and the forum, a collaboration of health carriers, physicians, and hospitals in Washington state, shall design a system of hospital quality incentive payments. The design of the system shall be submitted to the relevant policy and fiscal committees of the legislature by December 15, 2010. The system shall be based upon the following principles:

(a) Evidence-based treatment and processes shall be used to improve health care outcomes for hospital patients;

(b) Effective purchasing strategies to improve the quality of health care services should involve the use of common quality improvement measures by public and private health care purchasers, while recognizing that some measures may not be appropriate for application to specialty pediatric, psychiatric, or rehabilitation hospitals;

(c) Quality measures chosen for the system should be consistent with the standards that have been developed by national quality improvement organizations, such as the national quality forum, the federal centers for medicare and medicaid services, or the federal agency for healthcare research and quality. New reporting burdens to hospitals should be minimized by giving priority to measures hospitals are currently required to report to governmental agencies, such as the hospital compare measures collected by the federal centers for medicare and medicaid services;

(d) Benchmarks for each quality improvement measure should be set at levels that are feasible for hospitals to achieve, yet represent real improvements in quality and performance for a majority of hospitals in Washington state; and

(e) Hospital performance and incentive payments should be designed in a manner such that all noncritical access hospitals in Washington are able to receive the incentive payments if performance is at or above the benchmark score set in the system established under this section.

(2) Upon satisfaction of the applicable conditions set forth in section 17(1) of this act, and for state fiscal year 2013 and each fiscal year thereafter, assessments may be increased to support an additional one percent increase in inpatient hospital rates for noncritical access hospitals that meet the quality incentive benchmarks established under this section.

NEW SECTION. Sec. 15. A new section is added to chapter 70.47 RCW to read as follows:

The increases in inpatient and outpatient reimbursement rates included in chapter 74.--- RCW (the new chapter created in section 23 of this act) shall not be reflected in hospital payment rates for services provided to basic health enrollees under this chapter.

NEW SECTION. Sec. 16. MULTIHOSPITAL LOCATIONS, NEW HOSPITALS, AND CHANGES IN OWNERSHIP. (1) If an entity owns or operates more than one hospital subject to assessment under this chapter, the entity shall pay the assessment for each hospital separately. However, if the entity operates multiple hospitals under a single medicaid provider number, it may pay the assessment for the hospitals in the aggregate.

(2) Notwithstanding any other provision of this chapter, if a hospital subject to the assessment imposed under this chapter ceases to conduct hospital operations throughout a state fiscal year, the assessment for the quarter in which the cessation occurs shall be adjusted by multiplying the assessment computed under section 4 (1) and (3) of this act by a fraction, the numerator of which is the number of days during the year which the hospital conducts, operates, or maintains the hospital and the denominator of which is three hundred sixty-five. Immediately prior to ceasing to conduct, operate, or maintain a hospital, the hospital shall pay the adjusted assessment for the fiscal year to the extent not previously paid.

(3) Notwithstanding any other provision of this chapter, in the case of a hospital that commences conducting, operating, or maintaining a hospital that is not exempt from payment of the assessment under section 5 of this act and that did not conduct, operate, or maintain such hospital throughout the cost reporting year used to determine the assessment amount, the assessment for that hospital shall be computed on the basis of the actual number of nonmedicare inpatient days reported to the department by the hospital on a quarterly basis. The hospital shall be eligible to receive increased payments under this chapter beginning on the date it commences hospital operations.

(4) Notwithstanding any other provision of this chapter, if a hospital previously subject to assessment is sold or transferred to another entity and remains subject to assessment, the assessment for that hospital shall be computed based upon the cost report data previously submitted by that hospital. The assessment shall be allocated between the transferor and transferee based on the number of days within the assessment period that each owned, operated, or maintained the hospital.

NEW SECTION. Sec. 17. CONDITIONS. (1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) Withdrawal of those aspects of any pending state plan amendments previously submitted to the centers for medicare and medicaid services that are inconsistent with this chapter, specifically any pending state plan amendment related to the four percent rate reductions for inpatient and outpatient hospital rates and elimination of the small rural disproportionate share hospital payment program as implemented July 1, 2009;

(b) Approval by the centers for medicare and medicaid services of any state plan amendments or waiver requests that are necessary in order to implement the applicable sections of this chapter;

(c) To the extent necessary, amendment of contracts between the department and managed care organizations in order to implement this chapter; and

(d) Certification by the office of financial management that appropriations have been adopted that fully support the rates established in this chapter for the upcoming fiscal year.

(2) This chapter does not take effect or ceases to be imposed, and any moneys remaining in the fund shall be refunded to hospitals in proportion to the amounts paid by such hospitals, if and to the extent that:

(a) An appellate court or the centers for medicare and medicaid services makes a final determination that any element of this chapter, other than section 11 of this act, cannot be validly implemented;

(b) Medicaid inpatient or outpatient reimbursement rates for hospitals are reduced below the combined rates established by sections 9 and 10 of this act;

(c) Except for payments to the University of Washington medical center and harborview medical center, payments to hospitals required under sections 9, 10, 12, and 13 of this act are not eligible for federal matching funds;

(d) Other funding available for the medicaid program is not sufficient to maintain medicaid inpatient and outpatient reimbursement rates for hospitals and small rural disproportionate share payments at one hundred percent of the levels in effect on July 1, 2009; or

(e) The fund is used as a substitute for or to supplant other funds, except as authorized by section 3(3)(e) of this act.

NEW SECTION. Sec. 18. SEVERABILITY. (1) The provisions of this chapter are not severable: If the conditions set forth in section 17(1) of this act are not satisfied or if any of the circumstances set forth in section 17(2) of this act should occur, this entire chapter shall have no effect from that point forward, except that if the payment under section 11 of this act, or the application thereof to any hospital or circumstances does not receive approval by the

centers for medicare and medicaid services as described in section 17(1)(b) of this act or is determined to be unconstitutional or otherwise invalid, the other provisions of this chapter or its application to hospitals or circumstances other than those to which it is held invalid shall not be affected thereby.

Sec. 19. 2009 c 564 s 209 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES-- MEDICAL ASSISTANCE PROGRAM

General Fund--State Appropriation (FY 2010)	\$1,597,387,000
General Fund--State Appropriation (FY 2011)	\$1,984,797,000
General Fund--Federal Appropriation	\$5,210,672,000
General Fund--Private/Local Appropriation	\$12,903,000
Emergency Medical Services and Trauma Care Systems	
Trust Account--State Appropriation	\$15,076,000
Tobacco Prevention and Control Account--	
State Appropriation	\$3,766,000

TOTAL APPROPRIATION \$8,824,601,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate- setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost

settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) \$1,110,000 of the general fund--federal appropriation and \$1,105,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) \$9,818,000 of the general fund--state appropriation for fiscal year 2011, and \$9,865,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1, 2010, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when

requested. \$6,570,000 of the general fund--state appropriation for fiscal year 2010, which is appropriated in section 204(1) of this act, and \$1,500,000 of the general fund--state appropriation for fiscal year 2011, which is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. Sufficient amounts are appropriated in this section for the remaining state grants for the participating hospitals.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(11) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is at least equivalent to the benefit provided in the 2003-05 biennium.

(12) \$93,000 of the general fund--state appropriation for fiscal year 2010 and \$93,000 of the general fund--federal appropriation are provided solely for the department to pursue a federal Medicaid waiver pursuant to Second Substitute Senate Bill No. 5945 (Washington health partnership plan). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(13) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(14) Appropriations in this section are sufficient for the department to continue to fund family planning nurses in the community services offices.

(15) The department, in coordination with stakeholders, will conduct an analysis of potential savings in utilization of home dialysis. The department shall present its findings to the appropriate house of representatives and senate committees by December 2010.

(16) A maximum of \$166,875,000 of the general fund--state appropriation and \$38,389,000 of the general fund--federal appropriation may be expended in the fiscal biennium for the general assistance-unemployable medical program, and these amounts are provided solely for this program. Of these amounts, \$10,749,000 of the general fund--state appropriation for fiscal year 2010 and \$10,892,000 of the general fund--federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of general assistance-unemployable. Pursuant to RCW 74.09.035, the department shall not expend for the general assistance medical care services program any amounts in excess of the amounts provided in this subsection.

(17) If the department determines that it is feasible within the amounts provided in subsection (16) of this section, and without the loss of federal disproportionate share hospital funds, the department shall contract with the carrier currently operating a managed care pilot project for the provision of medical care services to general assistance-unemployable clients. Mental health services shall be included in the services provided through the managed care system. If the department determines that it is feasible, effective October 1, 2009, in addition to serving clients in the pilot counties, the carrier shall expand managed care services to clients residing in at least the following counties: Spokane, Yakima, Chelan, Kitsap, and Cowlitz. If the department determines that it is feasible, the carrier shall complete implementation into the remaining counties. Total per person costs to the state, including outpatient and inpatient services and any additional costs due to stop loss agreements, shall not exceed the per capita payments projected for the general assistance-unemployable eligibility category, by fiscal year, in the February 2009 medical assistance expenditures forecast. The department, in

collaboration with the carrier, shall seek to improve the transition rate of general assistance clients to the federal supplemental security income program.

(18) The department shall evaluate the impact of the use of a managed care delivery and financing system on state costs and outcomes for general assistance medical clients. Outcomes measured shall include state costs, utilization, changes in mental health status and symptoms, and involvement in the criminal justice system.

(19) The department shall report to the governor and the fiscal committees of the legislature by June 1, 2010, on its progress toward achieving a twenty percentage point increase in the generic prescription drug utilization rate.

(20) State funds shall not be used by hospitals for advertising purposes.

(21) The department shall seek a medicaid state plan amendment to create a professional services supplemental payment program for University of Washington medicine professional providers no later than July 1, 2009. The department shall apply federal rules for identifying the shortfall between current fee-for-service medicaid payments to participating providers and the applicable federal upper payment limit. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program will be the responsibility of the participating providers. Participating providers will retain the full amount of supplemental payments provided under this program, net of any potential costs for any related audits or litigation brought against the state. The department shall report to the governor and the legislative fiscal committees on the prospects for expansion of the program to other qualifying providers as soon as feasibility is determined but no later than December 31, 2009. The report will outline estimated impacts on the participating providers, the procedures necessary to comply with federal guidelines, and the administrative resource requirements necessary to implement the program. The department will create a process for expansion of the program to other qualifying providers as soon as it is determined feasible by both the department and providers but no later than June 30, 2010.

(22) \$9,350,000 of the general fund--state appropriation for fiscal year 2010, \$8,313,000 of the general fund--state appropriation for fiscal year 2011, and \$20,371,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system. The amounts provided in this subsection are conditioned on the department satisfying the requirements of section 902 of this act.

(23) \$506,000 of the general fund--state appropriation for fiscal year 2011 and \$657,000 of the general fund--federal appropriation are provided solely for the implementation of Second Substitute House Bill No. 1373 (children's mental health). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(24) Pursuant to 42 U.S.C. Sec. 1396(a)(25), the department shall pursue insurance claims on behalf of medicaid children served through its in-home medically intensive child program under WAC 388-551-3000. The department shall report to the Legislature by December 31, 2009, on the results of its efforts to recover such claims.

(25) The department may, on a case-by-case basis and in the best interests of the child, set payment rates for medically intensive home care services to promote access to home care as an alternative to hospitalization. Expenditures related to these increased payments shall not exceed the amount the department would otherwise pay for hospitalization for the child receiving medically intensive home care services.

(26) \$425,000 of the general fund--state appropriation for fiscal year 2010, \$425,000 of the general fund--state appropriation for fiscal

year 2011, and \$1,580,000 of the general fund--federal appropriation are provided solely to continue children's health coverage outreach and education efforts under RCW 74.09.470. These efforts shall rely on existing relationships and systems developed with local public health agencies, health care providers, public schools, the women, infants, and children program, the early childhood education and assistance program, child care providers, newborn visiting nurses, and other community-based organizations. The department shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(27) The department, in conjunction with the office of financial management, shall ~~((reduce outpatient and inpatient hospital rates and))~~ implement a prorated inpatient payment policy. ~~((In determining the level of reductions needed, the department shall include in its calculations services paid under fee for service, managed care, and certified public expenditure payment methods; but reductions shall not apply to payments for psychiatric inpatient services or payments to critical access hospitals.))~~

(28) The department will pursue a competitive procurement process for antihemophilic products, emphasizing evidence-based medicine and protection of patient access without significant disruption in treatment.

(29) The department will pursue several strategies towards reducing pharmacy expenditures including but not limited to increasing generic prescription drug utilization by 20 percentage points and promoting increased utilization of the existing mail-order pharmacy program.

(30) The department shall reduce reimbursement for over-the-counter medications while maintaining reimbursement for those over-the-counter medications that can replace more costly prescription medications.

(31) The department shall seek public-private partnerships and federal funds that are or may become available to implement health information technology projects under the federal American recovery and reinvestment act of 2009.

(32) The department shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race.

(33) The department shall direct graduate medical education funds to programs that focus on primary care training.

(34) \$79,000 of the general fund--state appropriation for fiscal year 2010 and \$53,000 of the general fund--federal appropriation are provided solely to implement Substitute House Bill No. 1845 (medical support obligations).

(35) \$63,000 of the general fund--state appropriation for fiscal year 2010, \$583,000 of the general fund--state appropriation for fiscal year 2011, and \$864,000 of the general fund--federal appropriation are provided solely to implement Engrossed House Bill No. 2194 (extraordinary medical placement for offenders). The department shall work in partnership with the department of corrections to identify services and find placements for offenders who are released through the extraordinary medical placement program. The department shall collaborate with the department of corrections to identify and track cost savings to the department of corrections, including medical cost savings, and to identify and track expenditures incurred by the aging and disability services program for community services and by the medical assistance program for medical expenses. A joint report regarding the identified savings and expenditures shall be provided to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010. If this bill

is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(36) Sufficient amounts are provided in this section to provide full benefit dual eligible beneficiaries with medicare part D prescription drug copayment coverage in accordance with RCW 74.09.520.

Sec. 20. RCW 43.84.092 and 2009 c 479 s 31, 2009 c 472 s 5, and 2009 c 451 s 8 are each reenacted and amended to read as follows:

SECOND READING

SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 6143, by Senate Committee on Ways & Means (originally sponsored by Senator Prentice)

Relating to revenue and taxation. Revised for 1st Substitute: Modifying excise tax laws to preserve funding for public schools, colleges, and universities, as well as other public systems essential for the safety, health, and security of all Washingtonians.

The bill was read the second time.

There being no objection, amendments (1722) and (1724) were withdrawn.

Representative Hunter moved the adoption of amendment (1720).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In order to preserve funding for education, public safety, health care, environmental protection, and safety net services for children, elderly, disabled, and vulnerable people, it is the intent of the legislature to close obsolete tax preferences, clarify the legislature's intent regarding existing tax policy, and to ensure balanced tax policy while bolstering emerging industries.

PART I**Minimum Nexus Standards**

NEW SECTION. Sec. 101. (1) The legislature finds that out-of-state businesses that do not have a physical presence in Washington earn significant income from Washington residents from providing services or collecting royalties on the use of intangible property in this state. The legislature further finds that these businesses receive significant benefits and opportunities provided by the state, such as: Laws providing protection of business interests or regulating consumer credit; access to courts and judicial process to enforce business rights, including debt collection and intellectual property rights; an orderly and regulated marketplace; and police and fire

protection and a transportation system benefiting in-state agents and other representatives of out-of-state businesses. Therefore, the legislature intends to extend the state's business and occupation tax to these companies to ensure that they pay their fair share of the cost of services that this state renders and the infrastructure it provides.

(2)(a) The legislature also finds that the current cost apportionment method in RCW 82.04.460(1) for apportioning most service income has been difficult for both taxpayers and the department to apply due in large part (i) to the difficulty in assigning certain costs of doing business inside or outside of this state, and (ii) to its dissimilarity with the apportionment methods used in other states for their business activity taxes.

(b) The legislature further finds that there is a trend among states to adopt a single factor apportionment formula based on sales. The legislature recognizes that adoption of a sales factor only apportionment method has the advantages of simplifying apportionment and making Washington a more attractive place for businesses to expand their property and payroll. For these reasons, the legislature adopts single factor sales apportionment for purposes of apportioning royalty income and certain service income for state business and occupation tax purposes.

(c) Nothing in this act may be construed, however, to authorize apportionment of the gross income or value of products taxable under the following business and occupation tax classifications: Retailing, wholesaling, manufacturing, processing for hire, extracting, extracting for hire, printing, government contracting, public road construction, the classifications in RCW 82.04.280 (2), (4), (6), and (7), and any other activity not specifically included in the definition of apportionable activities in RCW 82.04.460.

(d) Nothing in this part is intended to modify the nexus and apportionment requirements for local gross receipts business and occupation taxes.

Sec. 102. RCW 82.04.220 and 1961 c 15 s 82.04.220 are each amended to read as follows:

(1) There is levied and (~~shall be~~) collected from every person that has a substantial nexus with this state a tax for the act or privilege of engaging in business activities. (~~Such~~) The tax (~~shall be~~) is measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be.
(2) A person who has a substantial nexus with this state in any tax year will be deemed to have a substantial nexus with this state for the following tax year.

NEW SECTION. Sec. 103. A new section is added to chapter 82.04 RCW to read as follows:

"Engaging within this state" and "engaging within the state," when used in connection with any apportionable activity as defined in RCW 82.04.460, means that a person generates gross income of the business from sources within this state, such as customers or intangible property located in this state, regardless of whether the person is physically present in this state.

NEW SECTION. Sec. 104. A new section is added to chapter 82.04 RCW to read as follows:

(1) A person engaging in business is deemed to have substantial nexus with this state if the person is:

(a) An individual and is a resident or domiciliary of this state;

(b) A business entity and is organized or commercially domiciled in this state; or

(c) A nonresident individual or a business entity that is organized or commercially domiciled outside this state, and in any tax year the person has:

- (i) More than fifty thousand dollars of property in this state;
- (ii) More than fifty thousand dollars of payroll in this state;
- (iii) More than two hundred fifty thousand dollars of receipts from this state; or

(iv) At least twenty-five percent of the person's total property, total payroll, or total receipts in this state.

(2)(a) Property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section is the average value of the taxpayer's property, including intangible property, owned or rented and used in this state during the tax year.

(b)(i) Property owned by the taxpayer, other than loans and credit card receivables owned by the taxpayer, is valued at its original cost basis. Loans and credit card receivables owned by the taxpayer are valued at their outstanding principal balance, without regard to any reserve for bad debts. However, if a loan or credit card receivable is charged off in whole or in part for federal income tax purposes, the portion of the loan or credit card receivable charged off is deducted from the outstanding principal balance.

(ii) Property rented by the taxpayer is valued at eight times the net annual rental rate. For purposes of this subsection, "net annual rental rate" means the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

(c) The average value of property must be determined by averaging the values at the beginning and ending of the tax year; but the department may require the averaging of monthly values during the tax year if reasonably required to properly reflect the average value of the taxpayer's property.

(d)(i) For purposes of this subsection (2), loans and credit card receivables are deemed owned and used in this state as follows:

(A) Loans secured by real property, personal property, or both real and personal property, are deemed owned and used in the state if the real property or personal property securing the loan is located within this state. If the property securing the loan is located both within this state and one or more other states, the loan is deemed owned and used in this state if more than fifty percent of the fair market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the loan is deemed owned and used in this state if the borrower is located in this state. The determination of whether the real or personal property securing a loan is located within this state must be made, as of the time the original agreement was made, and any and all subsequent substitutions of collateral must be disregarded.

(B) Loans not secured by real or personal property are deemed owned and used in this state if the borrower is located in this state.

(C) Credit card receivables are deemed owned and used in this state if the billing address of the cardholder is in this state.

(ii)(A) Except as otherwise provided in (d)(ii)(B) of this subsection (2), the definitions in the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions as existing on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, apply to this section.

(B) "Credit card" means a card or device existing for the purpose of obtaining money, property, labor, or services on credit.

(e) Notwithstanding anything else to the contrary in this subsection, property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section does not include a person's ownership of, or rights in, computer software as defined in RCW 82.04.215, including computer software used in providing a digital automated

service; master copies of software; and digital goods and digital codes residing on servers located in this state.

(3)(a) Payroll counting toward the thresholds in subsection (1)(c)(ii) and (iv) of this section is the total amount paid by the taxpayer for compensation in this state during the tax year plus nonemployee compensation paid to representative third parties in this state. Nonemployee compensation paid to representative third parties includes the gross amount paid to nonemployees who represent the taxpayer in interactions with the taxpayer's clients and includes sales commissions.

(b) Employee compensation is paid in this state if the compensation is properly reportable to this state for unemployment compensation tax purposes, regardless of whether the compensation was actually reported to this state.

(c) Nonemployee compensation is paid in this state if the service performed by the representative third party occurs entirely or primarily within this state.

(d) For purposes of this subsection, "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees or nonemployees and defined as gross income under 26 U.S.C. Sec. 61 of the federal internal revenue code of 1986, as existing on the effective date of this section.

(4) Receipts counting toward the thresholds in subsection (1)(c)(iii) and (iv) of this section are those amounts included in the numerator of the receipts factor under section 105 of this act and, for financial institutions, those amounts included in the numerator of the receipts factor under the rule adopted by the department as authorized in RCW 82.04.460(2).

(5)(a) Each December, the department must review the cumulative percentage change in the consumer price index. The department must adjust the thresholds in subsection (1)(c)(i) through (iii) of this section if the consumer price index has changed by five percent or more since the later of the effective date of this section, or the date that the thresholds were last adjusted under this subsection. For purposes of determining the cumulative percentage change in the consumer price index, the department must compare the consumer price index available as of December 1st of the current year with the consumer price index as of the later of the effective date of this section, or the date that the thresholds were last adjusted under this subsection. The thresholds must be adjusted to reflect that cumulative percentage change in the consumer price index. The adjusted thresholds must be rounded to the nearest one thousand dollars. Any adjustment will apply to tax periods that begin after the adjustment is made.

(b) As used in this subsection, "consumer price index" means the consumer price index for all urban consumers (CPI-U) available from the bureau of labor statistics of the United States department of labor.

(6) Subsections (1) through (5) of this section only apply with respect to the taxes imposed under this chapter on apportionable activities as defined in RCW 82.04.460. For purposes of the taxes imposed under this chapter on any activity not included in the definition of apportionable activities in RCW 82.04.460, a person is deemed to have a substantial nexus with this state if the person has a physical presence in this state, which need only be demonstrably more than a slightest presence. For purposes of this subsection, a person is physically present in this state if the person has property or employees in this state. A person is also physically present in this state if the person, either directly or through an agent or other representative, engages in activities in this state that are significantly associated with the person's ability to establish or maintain a market for its products in this state.

NEW SECTION. Sec. 105. A new section is added to chapter 82.04 RCW to read as follows:

(1) The apportionable income of a person within the scope of RCW 82.04.460(1) is apportioned to Washington by multiplying its apportionable income by the receipts factor. Persons who are subject

to tax under more than one of the tax classifications enumerated in RCW 82.04.460(4)(a) (i) through (ix) must calculate a separate receipts factor for each tax classification that the person is taxable under.

(2) For purposes of subsection (1) of this section, the receipts factor is a fraction and is calculated as provided in subsections (3) and (4) of this section and, for financial institutions, as provided in the rule adopted by the department under the authority of RCW 82.04.460(2).

(3)(a) The numerator of the receipts factor is the total gross income of the business of the taxpayer attributable to this state during the tax year from engaging in an apportionable activity. The denominator of the receipts factor is the total gross income of the business of the taxpayer from engaging in an apportionable activity everywhere in the world during the tax year.

(b) Except as otherwise provided in this section, for purposes of computing the receipts factor, gross income of the business generated from each apportionable activity is attributable to the state:

(i) Where the customer received the benefit of the taxpayer's service or, in the case of gross income from royalties, where the customer used the taxpayer's intangible property.

(ii) If the customer received the benefit of the service or used the intangible property in more than one state, gross income of the business must be attributed to the state in which the benefit of the service was primarily received or in which the intangible property was primarily used.

(iii) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i) or (ii) of this subsection (3), gross income of the business must be attributed to the state from which the customer ordered the service or, in the case of royalties, the office of the customer from which the royalty agreement with the taxpayer was negotiated.

(iv) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), or (iii) of this subsection (3), gross income of the business must be attributed to the state to which the billing statements or invoices are sent to the customer by the taxpayer.

(v) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), or (iv) of this subsection (3), gross income of the business must be attributed to the state from which the customer sends payment to the taxpayer.

(vi) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), (iv), or (v) of this subsection (3), gross income of the business must be attributed to the state where the customer is located as indicated by the customer's address: (A) Shown in the taxpayer's business records maintained in the regular course of business; or (B) obtained during consummation of the sale or the negotiation of the contract for services or for the use of the taxpayer's intangible property, including any address of a customer's payment instrument when readily available to the taxpayer and no other address is available.

(vii) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), (iv), (v), or (vi) of this subsection (3), gross income of the business must be attributed to the commercial domicile of the taxpayer.

(viii) For purposes of this subsection (3)(b), "customer" means a person or entity to whom the taxpayer makes a sale or renders services or from whom the taxpayer otherwise receives gross income of the business. "Customer" includes anyone who pays royalties or charges in the nature of royalties for the use of the taxpayer's intangible property.

(c) Gross income of the business from engaging in an apportionable activity must be excluded from the denominator of the receipts factor if, in respect to such activity, at least some of the activity is performed in this state, and the gross income is attributable under (b) of this subsection (3) to a state in which the taxpayer is not

taxable. For purposes of this subsection (3)(c), "not taxable" means that the taxpayer is not subject to a business activities tax by that state, except that a taxpayer is taxable in a state in which it would be deemed to have a substantial nexus with that state under the standards in section 104(1) of this act regardless of whether that state imposes such a tax. "Business activities tax" means a tax measured by the amount of, or economic results of, business activity conducted in a state. The term includes taxes measured in whole or in part on net income or gross income or receipts. "Business activities tax" does not include a sales tax, use tax, or a similar transaction tax, imposed on the sale or acquisition of goods or services, whether or not denominated a gross receipts tax or a tax imposed on the privilege of doing business.

(d) This subsection (3) does not apply to financial institutions with respect to apportionable income taxable under RCW 82.04.290. Financial institutions must calculate the receipts factor as provided in subsection (4) of this section and the rule adopted by the department under the authority of RCW 82.04.460(2) with respect to apportionable income taxable under RCW 82.04.290. Financial institutions that are subject to tax under any other tax classification enumerated in RCW 82.04.460(4)(a) (i) through (v) and (vii) through (x) must calculate a separate receipts factor, as provided in this section, for each of the other tax classifications that the financial institution is taxable under.

(4) A taxpayer may calculate the receipts factor for the current tax year based on the most recent calendar year for which information is available for the full calendar year. If a taxpayer does not calculate the receipts factor for the current tax year based on previous calendar year information as authorized in this subsection, the business must use current year information to calculate the receipts factor for the current tax year. In either case, a taxpayer must correct the reporting for the current tax year when complete information is available to calculate the receipts factor for that year, but not later than October 31st of the following tax year. Interest will apply to any additional tax due on a corrected tax return. Interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the original return was due, and will accrue until the additional taxes are paid. Penalties as provided in RCW 82.32.090 will apply to any such additional tax due only if the current tax year reporting is not corrected and the additional tax is not paid by October 31st of the following tax year. Interest as provided in RCW 82.32.060 will apply to any tax paid in excess of that properly due on a return as a result of a taxpayer using previous calendar year data or incomplete current-year data to calculate the receipts factor.

(5) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Apportionable activities" and "apportionable income" have the same meaning as in RCW 82.04.460.

(b) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any foreign country or political subdivision of a foreign country.

Sec. 106. RCW 82.04.2907 and 2009 c 535 s 407 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of receiving income from royalties (~~(or charges in the nature of royalties for the granting of intangible rights, such as copyrights, licenses, patents, or franchise fees)~~), the amount of tax with respect to ~~((such))~~ the business ~~((shall be))~~ is equal to the gross income from royalties (~~(or charges in the nature of royalties from the business))~~ multiplied by the rate of 0.484 percent.

(2) For the purposes of this section, "gross income from royalties" means compensation for the use of intangible property, ~~((such as))~~ including charges in the nature of royalties, regardless of where the intangible property will be used. For purposes of this subsection, "intangible property" includes copyrights, patents, licenses,

franchises, trademarks, trade names, and similar items. ~~((H))~~ "Gross income from royalties" does not include compensation for any natural resource, the licensing of prewritten computer software to the end user, or the licensing ~~((or use))~~ of digital goods, digital codes, or digital automated services to the end user as defined in RCW 82.04.190(11).

Sec. 107. RCW 82.04.2907 and 2010 c . . . (SHB 2620) s 302 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of receiving income from royalties ~~((or charges in the nature of royalties for the granting of intangible rights, such as copyrights, licenses, patents, or franchise fees)),~~ the amount of tax with respect to the business is equal to the gross income from royalties ~~((or charges in the nature of royalties from the business))~~ multiplied by the rate of 0.484 percent.

(2) For the purposes of this section, "gross income from royalties" means compensation for the use of intangible property, ~~((such as))~~ including charges in the nature of royalties, regardless of where the intangible property will be used. For purposes of this subsection, "intangible property" includes copyrights, patents, licenses, franchises, trademarks, trade names, and similar items. ~~((H))~~ "Gross income from royalties" does not include compensation for any natural resource, the licensing of prewritten computer software to the end user, or the licensing of digital goods, digital codes, or digital automated services to the end user as defined in RCW 82.04.190(11).

Sec. 108. RCW 82.04.460 and 2004 c 174 s 6 are each amended to read as follows:

(1) Except as otherwise provided in this section, any person ((rendering services)) earning apportionable income taxable under ((RCW 82.04.290 or 82.04.2908)) this chapter and ((maintaining places of business both within and without this state which contribute to the rendition of such services shall)) also taxable in another state, must, for the purpose of computing tax liability under ((RCW 82.04.290 or 82.04.2908)) this chapter, apportion to this state, in accordance with section 105 of this act, that portion of the person's ((gross)) apportionable income ((which is)) derived from ((services rendered)) business activities performed within this state. ((Where such apportionment cannot be accurately made by separate accounting methods, the taxpayer shall apportion to this state that proportion of the taxpayer's total income which the cost of doing business within the state bears to the total cost of doing business both within and without the state.))

(2) ((Notwithstanding the provision of subsection (1) of this section, persons doing business both within and without the state who receive gross income from service charges, as defined in RCW 63.14.010 (relating to amounts charged for granting the right or privilege to make deferred or installment payments) or who receive gross income from engaging in business as financial institutions within the scope of chapter 82.14A RCW (relating to city taxes on financial institutions) shall apportion or allocate gross income taxable under RCW 82.04.290 to this state pursuant to rules promulgated by the department consistent with uniform rules for apportionment or allocation developed by the states.)) The department must by rule provide a method of apportioning the apportionable income of financial institutions, where such apportionable income is taxable under RCW 82.04.290. The rule adopted by the department must, to the extent feasible, be consistent with the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions as existing on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, except that:

(a) The department's rule must provide for a single factor apportionment method based on the receipts factor; and

(b) The definition of "financial institution" contained in appendix A to the multistate tax commission's recommended formula for the

apportionment and allocation of net income of financial institutions is advisory only.

(3) The department ~~((shall))~~ may by rule provide a method or methods of apportioning or allocating gross income derived from sales of telecommunications service and competitive telephone service(s) taxed under this chapter, if the gross proceeds of sales subject to tax under this chapter do not fairly represent the extent of the taxpayer's income attributable to this state. ~~((The rules shall be, so far as feasible, consistent with the methods of apportionment contained in this section and shall require the consideration of those facts, circumstances, and apportionment factors as will result in an equitable and constitutionally permissible division of the services.))~~ The rule must provide for an equitable and constitutionally permissible division of the tax base.

(4) For purposes of this section, the following definitions apply unless the context clearly requires otherwise:

(a) "Apportionable income" means gross income of the business generated from engaging in apportionable activities, including income received from apportionable activities performed outside this state if the income would be taxable under this chapter if received from activities in this state, less the exemptions and deductions allowable under this chapter. For purposes of this subsection, "apportionable activities" means only those activities taxed under:

(i) RCW 82.04.255;

(ii) RCW 82.04.260 (3), (4), (5), (6), (7), (8), (9), and (12);

(iii) RCW 82.04.280(5);

(iv) RCW 82.04.285;

(v) RCW 82.04.286;

(vi) RCW 82.04.290;

(vii) RCW 82.04.2907;

(viii) RCW 82.04.2908;

(ix) RCW 82.04.263, but only to the extent of any activity that would be taxable under any of the provisions enumerated under (a)(i) through (viii) of this subsection (4) if the tax classification in RCW 82.04.263 did not exist; and

(x) RCW 82.04.260(13) and 82.04.280(1), but only with respect to advertising.

(b)(i) "Taxable in another state" means that the taxpayer is subject to a business activities tax by another state on its income received from engaging in apportionable activities; or the taxpayer is not subject to a business activities tax by another state on its income received from engaging in apportionable activities, but any other state has jurisdiction to subject the taxpayer to a business activities tax on such income under the substantial nexus standards in section 104(1) of this act.

(ii) For purposes of this subsection (4)(b), "business activities tax" and "state" have the same meaning as in section 105 of this act.

Sec. 109. RCW 82.04.080 and 1961 c 15 s 82.04.080 are each amended to read as follows:

(1) "Gross income of the business" means the value proceeding or accruing by reason of the transaction of the business engaged in and includes gross proceeds of sales, compensation for the rendition of services, gains realized from trading in stocks, bonds, or other evidences of indebtedness, interest, discount, rents, royalties, fees, commissions, dividends, and other emoluments however designated, all without any deduction on account of the cost of tangible property sold, the cost of materials used, labor costs, interest, discount, delivery costs, taxes, or any other expense whatsoever paid or accrued and without any deduction on account of losses.

(2) Financial institutions must determine gains realized from trading in stocks, bonds, and other evidences of indebtedness on a net annualized basis. For purposes of this subsection, a financial institution means a person within the scope of the rule adopted by the department under the authority of RCW 82.04.460(2).

NEW SECTION. Sec. 110. A new section is added to chapter 82.04 RCW to read as follows:

(1) This chapter does not apply to amounts received by a financial institution from an affiliated person if the amounts are received from transactions that are required to be at arm's length under sections 23A or 23B of the federal reserve act as existing on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. For purposes of this subsection, "financial institution" has the same meaning as in RCW 82.04.080.

(2) As used in this section, "affiliated" means under common control. "Common control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

NEW SECTION. Sec. 111. A new section is added to chapter 82.04 RCW to read as follows:

(1) This chapter does not apply to amounts received by investment conduits or securitization entities from cash and securities.

(2) For purposes of this section, the following definitions apply:

(a) "Investment conduit" means an entity formed by a financial institution as defined in RCW 82.04.080 for the express purpose of holding or owning cash or securities if the entity formed:

- (i) Has no employees;
- (ii) Has no direct profit-making motive;
- (iii) Owns no tangible assets, other than cash or securities;
- (iv) Holds or owns cash or securities solely as a conduit, allocating its income to holders of its ownership interests; and

(v) Has, within twelve months of its organization or initial capitalization date, issued ownership interests to other than affiliated persons, equal to or greater than twenty-five percent of its total issued ownership interests.

(b) "Securities" has the same meaning as in section 2 of the securities act of 1933 and includes eligible assets as defined by Rule 3a-7 of the investment company act, as the law and rule exist on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(c) "Securitization entity" means an entity created by a bank holding company if the entity created:

- (i) Has no employees;
- (ii) Has no direct profit-making motive;
- (iii) Owns no tangible assets, other than cash, fixed or revolving discrete pools of credit or charge card receivables originated by a financial institution, or securities;

(iv) Acts solely as a conduit, allocating its income to holders of its ownership interests; and

(v) Has as its sole business activities the:

(A) Acquisition of such discrete pools of credit or charge card receivables; and

(B) Issuance or causing the issuance of securities primarily to persons not affiliated with the entity.

(d) "Bank holding company" has the same meaning as provided in the bank holding company act of 1956, as existing on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(e) "No direct profit-making motive" means that all of an entity's income, less a reasonable servicing fee, is paid to holders of its ownership interests.

(f) "Ownership interest" means interests categorized as debt or equity for purposes of federal tax or generally accepted accounting principles.

(g) "Affiliated" has the same meaning as in section 110 of this act.

PART II

Tax Avoidance Transactions

NEW SECTION. Sec. 201. A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) Unless otherwise specifically provided in statute, the department must respect the form of a transaction, except where the form of the transaction or a related series of transactions is adopted for the purpose of:

(i) Disguising income received, or otherwise avoiding tax on income, from a person that is not affiliated with the taxpayer;

(ii) Disguising the purchase or sale of property or services from or to a person that is not affiliated with the taxpayer; or

(iii) Avoiding the tax imposed in RCW 82.12.020 on the use of property in this state that is owned by an entity organized outside of Washington.

(b) For purposes of this subsection, "affiliated" means under common control. "Control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

(2)(a) The department must, as resources allow, adopt rules to assist in determining when to disregard the form of a transaction or a related series of transactions adopted for the purposes described in subsection (1)(a)(i) through (iii) of this section. In adopting rules, the department may consider the following judicial doctrines, except to the extent such doctrines are inconsistent with express provisions contained in Washington state statutes:

- (i) The sham transaction doctrine;
- (ii) The economic substance doctrine;
- (iii) The business purpose doctrine;
- (iv) The substance over form doctrine;
- (v) The step transaction doctrine; and
- (vi) The assignment of income doctrine.

(b) The adoption of a rule as required under this subsection is not a condition precedent for the department to use the authority provided in this section. Any rules adopted under this section must include examples of transactions that the department will disregard for tax purposes.

(3) The provisions of this section are cumulative and nonexclusive and do not affect any other remedies provided to the department under statutory or common law.

NEW SECTION. Sec. 202. A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) The department may not use section 201 of this act to disregard any transaction, plan, or arrangement initiated before April 1, 2010, if, in respect to such transaction, plan, or arrangement, the taxpayer had reported its tax liability in conformance with either specific written instructions provided by the department to the taxpayer, a determination published under the authority of RCW 82.32.410, or other document published by the department.

(b) This section does not apply if the transaction, plan, or arrangement engaged in by the taxpayer differs materially from the transaction, plan, or arrangement that was addressed in the specific written instructions, published determination, or other published document.

(2) For purposes of this section, "specific written instructions" means tax reporting instructions provided to a taxpayer and which specifically identifies the taxpayer to whom the instructions apply. Specific written instructions may be provided as part of an audit, tax assessment, determination, closing agreement, or in response to a binding ruling request.

Sec. 203. RCW 82.32.090 and 2006 c 256 s 6 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there ~~((shall be))~~ is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if the tax is not received on or before the last day of

the second month following the due date, there ~~((shall be))~~ is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars.

(2) If the department of revenue determines that any tax has been substantially underpaid, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax determined by the department to be due. If payment of any tax determined by the department to be due is not received by the department by the due date specified in the notice, or any extension thereof, there ~~((shall be))~~ is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if payment of any tax determined by the department to be due is not received on or before the thirtieth day following the due date specified in the notice of tax due, or any extension thereof, there ~~((shall be))~~ is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added ~~((shall))~~ may be less than five dollars. As used in this section, "substantially underpaid" means that the taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered by, the department's examination, and the amount of underpayment is at least one thousand dollars.

(3) If a warrant ~~((be))~~ is issued by the department ~~((of revenue))~~ for the collection of taxes, increases, and penalties, there ~~((shall be))~~ is added thereto a penalty of ten percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in any business or performed any act upon which a tax is imposed under this title and that person has not obtained from the department a registration certificate as required by RCW 82.32.030, the department ~~((shall))~~ must impose a penalty of five percent of the amount of tax due from that person for the period that the person was not registered as required by RCW 82.32.030. The department ~~((shall))~~ may not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department ~~((shall))~~ must add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department ~~((of revenue))~~ has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department ~~((shall))~~ may not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions ~~((shall))~~ apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department ~~((of revenue shall))~~ must be clearly identified as such and ~~((shall))~~ must inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(6) If the department finds that all or any part of a deficiency resulted from engaging in a disregarded transaction, as described in section 201(1)(a) (i), (ii), or (iii) of this act, the department must assess a penalty of thirty-five percent of the additional tax found to be due as a result of engaging in a transaction disregarded by the department under section 201(1)(a) (i), (ii), or (iii) of this act. The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same tax

found to be due, except for the evasion penalty provided in subsection (7) of this section. The department may not assess the penalty under this subsection if, before the department discovers the taxpayer's use of a transaction described under section 201(1)(a) (i), (ii), or (iii) of this act, the taxpayer discloses its participation in the transaction to the department.

~~((7))~~ (7) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable ~~((hereunder))~~, a further penalty of fifty percent of the additional tax found to be due ~~((shall))~~ must be added.

~~((7))~~ (8) The penalties imposed under subsections (1) through (4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

~~((8))~~ (9) The department ~~((of revenue))~~ may not impose both the evasion penalty and the penalty for disregarding specific written instructions or the penalty provided in subsection (6) of this section on the same tax found to be due.

~~((9))~~ (10) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department ~~((of revenue))~~, and that has a statutorily defined due date.

NEW SECTION. Sec. 204. (1) The legislature finds that this state's tax policy with respect to the taxation of transactions between affiliated entities and the income derived from such transactions (intercompany transactions) has motivated some taxpayers to engage in transactions designed solely or primarily to minimize the tax effects of intercompany transactions. The legislature further finds that some intercompany transactions result from taxpayers that are required to establish affiliated entities to comply with regulatory mandates and that transactions between such affiliates effectively increases the tax burden in this state on the affiliated group of entities.

(2) Therefore, as existing resources allow, the department of revenue is directed to conduct a review of the state's tax policy with respect to the taxation of intercompany transactions. The review must include the impacts of such transactions under the state's business and occupation tax and state and local sales and use taxes. The department may include other taxes in the review as it deems appropriate.

(3) In conducting the review, the department must examine how this state's tax policy compares to the tax policy of other states with respect to the taxation of intercompany transactions. The department's review must include an analysis of potential alternatives to the current policy of taxing intercompany transactions, including their estimated revenue impacts if practicable.

(4) In conducting this review, the department may seek input from members of the business community and others as it deems appropriate.

(5) The department must report its findings to the fiscal committees of the house of representatives and senate by December 1, 2010. However, if the department has not completed its review by December 1, 2010, the department must provide the fiscal committees of the legislature with a brief status report by December 1, 2010, and the final report by December 1, 2011.

Sec. 205. RCW 82.12.020 and 2009 c 535 s 305 are each amended to read as follows:

(1) There is ~~((hereby))~~ levied and ~~((there shall be))~~ collected from every person in this state a tax or excise for the privilege of using within this state as a consumer any:

(a) Article of tangible personal property ~~((purchased at retail, or))~~ acquired by ~~((lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7)))~~ the user in any manner, including tangible personal property acquired at a casual or isolated sale, and

including by-products used by the manufacturer thereof, except as otherwise provided in this chapter, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state;

(b) Prewritten computer software, regardless of the method of delivery, but excluding prewritten computer software that is either provided free of charge or is provided for temporary use in viewing information, or both;

(c) Services defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b), excluding services defined as a retail sale in RCW 82.04.050(6)(b) that are provided free of charge;

(d) Extended warranty; or

(e)(i) Digital good, digital code, or digital automated service, including the use of any services provided by a seller exclusively in connection with digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.

(ii) With respect to the use of digital goods, digital automated services, and digital codes acquired by purchase, the tax imposed in this subsection (1)(e) applies in respect to:

(A) Sales in which the seller has granted the purchaser the right of permanent use;

(B) Sales in which the seller has granted the purchaser a right of use that is less than permanent;

(C) Sales in which the purchaser is not obligated to make continued payment as a condition of the sale; and

(D) Sales in which the purchaser is obligated to make continued payment as a condition of the sale.

(iii) With respect to digital goods, digital automated services, and digital codes acquired other than by purchase, the tax imposed in this subsection (1)(e) applies regardless of whether or not the consumer has a right of permanent use or is obligated to make continued payment as a condition of use.

(2) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property, extended warranty, digital good, digital code, digital automated service, or service taxable under RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b), if the sale to, or the use by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(3)(a) Except as provided in this section, payment of the tax imposed by this chapter or chapter 82.08 RCW by one purchaser or user of tangible personal property, extended warranty, digital good, digital code, digital automated service, or other service does not have the effect of exempting any other purchaser or user of the same property, extended warranty, digital good, digital code, digital automated service, or other service from the taxes imposed by such chapters.

(b) The tax imposed by this chapter does not apply:

(i) If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor;

(ii) In respect to the use of any article of tangible personal property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use;

(iii) In respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961; or

(iv) To the use of digital goods or digital automated services, which were obtained through the use of a digital code, if the sale of the digital code to, or the use of the digital code by, the present user or

the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(4)(a) Except as provided in (b) of this subsection (4), the tax is levied and must be collected in an amount equal to the value of the article used, value of the digital good or digital code used, value of the extended warranty used, or value of the service used by the taxpayer, multiplied by the applicable rates in effect for the retail sales tax under RCW 82.08.020.

(b) In the case of a seller required to collect use tax from the purchaser, the tax must be collected in an amount equal to the purchase price multiplied by the applicable rate in effect for the retail sales tax under RCW 82.08.020.

(5) For purposes of the tax imposed in this section, "person" includes anyone within the definition of "buyer," "purchaser," and "consumer" in RCW 82.08.010.

Sec. 206. RCW 82.45.010 and 2008 c 116 s 3 and 2008 c 6 s 701 are each reenacted and amended to read as follows:

(1) As used in this chapter, the term "sale" (~~(shall have)~~) has its ordinary meaning and (~~(shall)~~) includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert (~~(shall)~~) must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department (~~(of revenue shall)~~) must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department (~~(shall)~~) must consider the following:

~~((a))~~ (i) Persons (~~(shall)~~) must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

~~((b))~~ (ii) When persons are not commonly owned or controlled, they (~~(shall)~~) must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions (~~(shall be)~~) are considered separate acquisitions.

(3) The term "sale" (~~(shall)~~) does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer of any leasehold interest other than of the type mentioned above.

(c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(d) The partition of property by tenants in common by agreement or as the result of a court decree.

(e) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance with the terms of a decree of dissolution of marriage or state registered domestic partnership or in fulfillment of a property settlement agreement.

(f) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(i) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage or deed of trust.

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(k) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed.

(l) The sale of any grave or lot in an established cemetery.

(m) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(n) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.

(o) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner (~~PROVIDED, That~~). ~~However~~, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than ~~((+))~~ (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, ~~((2))~~ (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or ~~((3))~~ (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes ~~(shall)~~ become due and payable on the original transfer as otherwise provided by law.

(p)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of ~~(section)~~ 26

U.S.C. Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(ii) However, the transfer described in (p)(i) of this subsection cannot be preceded or followed within a twelve-month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (p)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(p)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax under this subsection (3)(p)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.

(q) A qualified sale of a manufactured/mobile home community, as defined in RCW 59.20.030, that takes place on or after June 12, 2008, but before December 31, 2018.

Sec. 207. RCW 82.45.033 and 1993 sp.s. c 25 s 505 are each amended to read as follows:

(1) As used in this chapter, the term "controlling interest" has the following meaning:

~~((+))~~ (a) In the case of a corporation, either fifty percent or more of the total combined voting power of all classes of stock of the corporation entitled to vote, or fifty percent of the capital, profits, or beneficial interest in the voting stock of the corporation; and

~~((2))~~ (b) In the case of a partnership, association, trust, or other entity, fifty percent or more of the capital, profits, or beneficial interest in such partnership, association, trust, or other entity.

(2) The department may, at the department's option, enforce the obligation of the seller under this chapter as provided in this subsection (2):

(a) In the transfer or acquisition of a controlling interest as defined in subsection (1)(a) of this section, either against the corporation in which a controlling interest is transferred or acquired, against the person or persons who acquired the controlling interest in the corporation or, when the corporation is not a publicly traded company, against the person or persons who transferred the controlling interest in the corporation; and

(b) In the transfer or acquisition of a controlling interest as defined in subsection (1)(b) of this section, either against the entity in which a controlling interest is transferred or acquired or against the person or persons who transferred or acquired the controlling interest in the entity.

Sec. 208. RCW 82.45.070 and 1969 ex.s. c 223 s 28A.45.070 are each amended to read as follows:

The tax ~~(herein)~~ provided for in this chapter and any interest or penalties thereon ~~(shall be)~~ is a specific lien upon each ~~(piece)~~ parcel of real property located in this state that is either sold or that is owned by an entity in which a controlling interest has been transferred or acquired. The lien attaches from the time of sale until the tax ~~(shall have been)~~ is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

Sec. 209. RCW 82.45.080 and 1980 c 154 s 3 are each amended to read as follows:

(1) The tax levied under this chapter ~~(shall be)~~ is the obligation of the seller and the department ~~(of revenue)~~ may, at the department's option, enforce the obligation through an action of debt against the seller or the department may proceed in the manner prescribed for the foreclosure of mortgages ~~(and resort to)~~. The department's use of one course of enforcement ~~(shall)~~ is not ~~(be)~~ an election not to pursue the other.

(2) For purposes of this section and notwithstanding any other provisions of law, the seller is the parent corporation of a wholly owned subsidiary, when such subsidiary is the transferor to a third-party transferee and the subsidiary is dissolved before paying the tax imposed under this chapter.

Sec. 210. RCW 82.45.100 and 2007 c 111 s 112 are each amended to read as follows:

(1) Payment of the tax imposed under this chapter is due and payable immediately at the time of sale, and if not paid within one month thereafter ~~((shall))~~ will bear interest from the time of sale until the date of payment.

(a) Interest imposed before January 1, 1999, ~~((shall be))~~ is computed at the rate of one percent per month.

(b) Interest imposed after December 31, 1998, ~~((shall be))~~ is computed on a monthly basis at the rate as computed under RCW 82.32.050(2). The rate so computed ~~((shall))~~ must be adjusted on the first day of January of each year for use in computing interest for that calendar year. The department ~~((of revenue shall))~~ must provide written notification to the county treasurers of the variable rate on or before December 1st of the year preceding the calendar year in which the rate applies.

(2) In addition to the interest described in subsection (1) of this section, if the payment of any tax is not received by the county treasurer or the department of revenue, as the case may be, within one month of the date due, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax; if the tax is not received within two months of the date due, there ~~((shall))~~ will be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within three months of the date due, there ~~((shall))~~ will be assessed a total penalty of twenty percent of the amount of the tax. The payment of the penalty described in this subsection ~~((shall be))~~ is collectible from the seller only, and RCW 82.45.070 does not apply to the penalties described in this subsection.

(3) If the tax imposed under this chapter is not received by the due date, the transferee ~~((shall be))~~ is personally liable for the tax, along with any interest as provided in subsection (1) of this section, unless

~~((a))~~ an instrument evidencing the sale is recorded in the official real property records of the county in which the property conveyed is located

~~((b))~~ Either the transferor or transferee notifies the department of revenue in writing of the occurrence of the sale within thirty days following the date of the sale

(4) If upon examination of any affidavits or from other information obtained by the department or its agents it appears that all or a portion of the tax is unpaid, the department ~~((shall))~~ must assess against the taxpayer the additional amount found to be due plus interest and penalties as provided in subsections (1) and (2) of this section. The department ~~((shall))~~ must notify the taxpayer by mail, or electronically as provided in RCW 82.32.135, of the additional amount and the same ~~((shall))~~ becomes due and ~~((shall))~~ must be paid within thirty days from the date of the notice, or within such further time as the department may provide.

(5) No assessment or refund may be made by the department more than four years after the date of sale except upon a showing of:

(a) Fraud or misrepresentation of a material fact by the taxpayer;

(b) A failure by the taxpayer to record documentation of a sale or otherwise report the sale to the county treasurer; or

(c) A failure of the transferor or transferee to report the sale under RCW 82.45.090(2).

PART III

Modifying and Placing a Cap on the First Mortgage Deduction

NEW SECTION. Sec. 301. In 1980, the legislature adopted a business and occupation tax deduction to financial businesses for amounts derived from interest received on investments or loans primarily secured by first mortgages or trust deeds on nontransient residential properties which was codified in RCW 82.04.4292. However, the Washington state supreme court in *Homestreet, Inc. v. Dep't of Revenue*, 166 Wn.2d 444 (2009) held that a mortgage lender was entitled to a business and occupation tax deduction under RCW 82.04.4292 for the portion of interest it retained for servicing loans and mortgage-backed securities that it sold on a service-retained basis on the secondary market. The legislature finds that inclusion of interest retained for servicing loans and mortgage-backed securities was not within the legislative intent when the deduction provided in 82.04.4292 was adopted in 1980. Therefore, by this act, the legislature declares that the deduction provided by RCW 82.04.4292 does not apply to fees that are received in exchange for services, regardless of whether the source of the fees is or may have been interest when paid by a borrower.

Sec. 302. RCW 82.04.4292 and 1980 c 37 s 12 are each amended to read as follows:

(1) In computing tax there may be deducted from the measure of tax by those engaged in banking, loan, security or other financial businesses, amounts derived from interest received on investments or loans primarily secured by first mortgages or trust deeds on nontransient residential properties.

(2) Interest deductible under this section includes the portion of fees charged to borrowers, including points and loan origination fees, that is recognized over the life of the loan as an adjustment to yield in the taxpayer's books and records according to generally accepted accounting principles.

(3) Subsections (1) and (2) of this section notwithstanding, the following is a nonexclusive list of items that are not deductible under this section:

(a) Fees for specific services such as: Document preparation fees; finder fees; brokerage fees; title examination fees; fees for credit checks; notary fees; loan application fees; interest lock-in fees if the

loan is not made; servicing fees, including servicing fees received by lenders when they sell loans or mortgage-backed or mortgage-related securities in the secondary market while retaining the right to service the loans or securities and receive a portion of the interest payments as the servicing fee; and similar fees or amounts;

(b) Fees received in consideration for an agreement to make funds available for a specific period of time at specified terms, commonly referred to as commitment fees;

(c) Any other fees, or portion of a fee, that is not recognized over the life of the loan as an adjustment to yield in the taxpayer's books and records according to generally accepted accounting principles; and

(d) Gains on the sale of valuable rights such as:

(i) Service release premiums, which are amounts received when servicing rights are sold; and

(ii) Gains on the sale of loans.

(4) The total amount a person may deduct under this section for any calendar year may not exceed one hundred twenty million dollars.

PART IV

Repealing the Nonresident Sales Tax Exemption

NEW SECTION. Sec. 401. RCW 82.08.0273 (Exemptions--Sales to nonresidents of tangible personal property, digital goods, and digital codes for use outside the state--Proof of nonresident status--Penalties) and 2009 c 535 s 512, 2007 c 135 s 2, 2003 c 53 s 399, 1993 c 444 s 1, 1988 c 96 s 1, 1982 1st ex.s. c 5 s 1, & 1980 c 37 s 39 are each repealed.

NEW SECTION. Sec. 402. RCW 82.08.0273 (Exemptions--Sales to nonresidents of tangible personal property, digital goods, and digital codes for use outside the state--Proof of nonresident status--Penalties) and 2010 c . . . (E2SHB 1597) s 215, 2009 c 535 s 512, 2007 c 135 s 2, 2003 c 53 s 399, 1993 c 444 s 1, 1988 c 96 s 1, 1982 1st ex.s. c 5 s 1, & 1980 c 37 s 39 are each repealed.

PART V

Direct Seller Business and Occupation Tax Exemption

NEW SECTION. Sec. 501. (1) A business and occupation tax exemption is provided in RCW 82.04.423 for certain out-of-state sellers that sell consumer products exclusively to or through a direct seller's representative. The intent of the legislature in enacting this exemption was to provide a narrow exemption for out-of-state businesses engaged in direct sales of consumer products, typically accomplished through in-home parties or door-to-door selling.

(2) In *Dot Foods, Inc. v. Dep't of Revenue*, Docket No. 81022-2 (September 10, 2009), the Washington supreme court held that the exemption in RCW 82.04.423 applied to a taxpayer: (a) That sold nonconsumer products through its representative in addition to consumer products; and (b) whose consumer products were ultimately sold at retail in permanent retail establishments.

(3) The legislature finds that most out-of-state businesses selling consumer products in this state will either be eligible for the exemption under RCW 82.04.423 or could easily restructure their business operations to qualify for the exemption. As a result, the legislature expects that the broadened interpretation of the direct sellers' exemption will lead to large and devastating revenue losses. This comes at a time when the state's existing budget is facing a two billion six hundred million dollar shortfall, which could grow, while at the same time the demand for state and state-funded services is also growing. Moreover, the legislature further finds that RCW 82.04.423 provides preferential tax treatment for out-of-state businesses over their in-state competitors and now creates a strong incentive for in-state businesses to move their operations outside Washington.

(4) Therefore, the legislature finds that it is necessary to reaffirm the legislature's intent in establishing the direct sellers' exemption and prevent the loss of revenues resulting from the expanded interpretation of the exemption by amending RCW 82.04.423 retroactively to conform the exemption to the original intent of the

legislature and by prospectively ending the direct sellers' exemption as of the effective date of this section.

Sec. 502. RCW 82.04.423 and 1983 1st ex.s. c 66 s 5 are each amended to read as follows:

(1) Prior to April 1, 2010, this chapter ((shall)) does not apply to any person in respect to gross income derived from the business of making sales at wholesale or retail if such person:

(a) Does not own or lease real property within this state; and

(b) Does not regularly maintain a stock of tangible personal property in this state for sale in the ordinary course of business; and

(c) Is not a corporation incorporated under the laws of this state; and

(d) Makes sales in this state exclusively to or through a direct seller's representative.

(2) For purposes of this section, the term "direct seller's representative" means a person who buys only consumer products on a buy-sell basis or a deposit-commission basis for resale, by the buyer or any other person, in the home or otherwise than in a permanent retail establishment, or who sells at retail, or solicits the sale at retail of, only consumer products in the home or otherwise than in a permanent retail establishment; and

(a) Substantially all of the remuneration paid to such person, whether or not paid in cash, for the performance of services described in this subsection is directly related to sales or other output, including the performance of services, rather than the number of hours worked; and

(b) The services performed by the person are performed pursuant to a written contract between such person and the person for whom the services are performed and such contract provides that the person will not be treated as an employee with respect to such purposes for federal tax purposes.

(3) Nothing in this section ((shall)) may be construed to imply that a person exempt from tax under this section was engaged in a business activity taxable under this chapter prior to ((the enactment of this section)) August 23, 1983.

PART VI

Business and Occupation Tax Preferences for Manufacturers of Products Derived from Certain Agricultural Products

NEW SECTION. Sec. 601. (1)(a) In 1967, the legislature amended RCW 82.04.260 in chapter 149, Laws of 1967 ex. sess. to authorize a preferential business and occupation tax rate for slaughtering, breaking, and/or processing perishable meat products and/or selling the same at wholesale. The legislature finds that RCW 82.04.260(4) was interpreted by the state supreme court on January 13, 2005, in *Agrilink Foods, Inc. v. Department of Revenue*, 153 Wn.2d 392 (2005). The supreme court held that the preferential business and occupation tax rate on the slaughtering, breaking, and/or processing of perishable meat products applied to the processing of perishable meat products into nonperishable finished products, such as canned food.

(b) The legislature intends to narrow the exemption provided for slaughtering, breaking, and/or processing perishable meat products and/or selling such products at wholesale by requiring that the end product be a perishable meat product; a nonperishable meat product that is comprised primarily of animal carcass by weight or volume, other than a canned meat product; or a meat by-product.

(2)(a) A business and occupation tax exemption is provided for (i) manufacturing by canning, preserving, freezing, processing, or dehydrating fresh fruits or vegetables, and (ii) selling such products at wholesale by the manufacturer to purchasers who transport the goods out of state in the ordinary course of business. This exemption expires July 1, 2012, and is replaced by a preferential business and occupation tax rate.

(b) The legislature finds that the rationale of the *Agrilink* decision, if applied to these tax preferences, could result in preferential tax

treatment for any processed food product that contained any fresh fruit or vegetable as an ingredient, however small the amount.

(c) The legislature intends to narrow the tax preference provided to fruit and vegetable manufacturers by requiring that the end product be comprised either (i) exclusively of fruits and/or vegetables, or (ii) of any combination of fruits, vegetables, and certain other substances that, cumulatively, may not exceed the amount of fruits and vegetables contained in the product measured by weight or volume.

NEW SECTION. Sec. 602. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging within this state in the business of manufacturing:

(a) Perishable meat products, by slaughtering, breaking, or processing, if the finished product is a perishable meat product; as to such persons the tax imposed is equal to the value of the perishable meat products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent;

(b) Meat products, by dehydration, curing, smoking, or any combination of these activities, if the finished meat products are not canned; as to such persons the tax imposed is equal to the value of the meat products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent;

(c) Hides, tallow, meat meal, and other similar meat by-products, if such products are derived in part from animals and manufactured in a rendering plant licensed under chapter 16.68 RCW; as to such persons the tax imposed is equal to the value of the products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent.

(2) Upon every person engaging within this state in the business of selling at wholesale:

(a) Perishable meat products; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent;

(b) Meat products that have been manufactured by the seller by dehydration, curing, smoking, or any combination of such activities, if the finished meat products are not canned; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent;

(c) Hides, tallow, meat meal, and other similar meat by-products, if such products are derived in part from animals and manufactured by the seller in a rendering plant; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Animal" means all members of the animal kingdom except humans, fish, and insects.

(b) "Carcass" means all or any parts, including viscera, of a slaughtered animal.

(c) "Fish" means any water-breathing animal, including shellfish.

(ii) Except as provided in (e)(i) of this subsection (3), "meat products" does not include products containing any cereal grains or cereal-grain products, dairy products, legumes and legume products, fruit or vegetable products as defined in RCW 82.04.260, and similar ingredients, unless the ingredient is used as a flavoring. For purposes

of this subsection, "flavoring" means a substance that contains the flavoring constituents derived from a spice, fruit or fruit juice, vegetable or vegetable juice, edible yeast, herb, bark, bud, root, leaf, or any other edible substance of plant origin, whose primary function in food is flavoring or seasoning rather than nutritional, and which may legally appear as "natural flavor," "flavor," or "flavorings" in the ingredient statement on the label of the meat product.

(iii) "Meat products" includes only products that are intended for human consumption as food or animal consumption as feed.

(f) "Perishable" means having a high risk of spoilage within thirty days of manufacture without any refrigeration or freezing.

Sec. 613. RCW 82.04.4463 and 2008 c 81 s 8 are each amended to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed for property taxes and leasehold excise taxes paid during the calendar year.

(2) The credit is equal to:

(a)(i)(A) Property taxes paid on buildings, and land upon which the buildings are located, constructed after December 1, 2003, and used exclusively in manufacturing commercial airplanes or components of such airplanes; and

(B) Leasehold excise taxes paid with respect to buildings constructed after January 1, 2006, the land upon which the buildings are located, or both, if the buildings are used exclusively in manufacturing commercial airplanes or components of such airplanes; and

(C) Property taxes or leasehold excise taxes paid on, or with respect to, buildings constructed after June 30, 2008, the land upon which the buildings are located, or both, and used exclusively for aerospace product development or in providing aerospace services, by persons not within the scope of (a)(i)(A) and (B) of this subsection (2) and are: (I) Engaged in manufacturing tooling specifically designed for use in manufacturing commercial airplanes or their components; or (II) taxable under RCW 82.04.290(3) or 82.04.250(3); or

(ii) Property taxes attributable to an increase in assessed value due to the renovation or expansion, after: (A) December 1, 2003, of a building used exclusively in manufacturing commercial airplanes or components of such airplanes; and (B) June 30, 2008, of buildings used exclusively for aerospace product development or in providing aerospace services, by persons not within the scope of (a)(ii)(A) of this subsection (2) and are: (I) Engaged in manufacturing tooling specifically designed for use in manufacturing commercial airplanes or their components; or (II) taxable under RCW 82.04.290(3) or 82.04.250(3); and

(B) Property taxes paid, by persons taxable under RCW 82.04.260(~~((44))~~) (10)(b), on machinery and equipment exempt under RCW 82.08.02565 or 82.12.02565 and acquired after June 30, 2008; or

(C) Property taxes paid, by persons taxable under RCW (~~82.04.0250(3)~~ ~~[82.04.250(3)]~~) 82.04.250(3) or 82.04.290(3), on computer hardware, computer peripherals, and software exempt under RCW 82.08.975 or 82.12.975 and acquired after June 30, 2008.

(ii) For purposes of determining the amount eligible for credit under (i)(A) and (B) of this subsection (2)(b), the amount of property taxes paid is multiplied by a fraction.

(~~((4))~~) (A) The numerator of the fraction is the total taxable amount subject to the tax imposed under RCW 82.04.260(~~((44))~~) (10) (a) or (b) on the applicable business activities of manufacturing commercial airplanes, components of such airplanes, or tooling specifically designed for use in the manufacturing of commercial airplanes or components of such airplanes.

(~~((4))~~) (B) The denominator of the fraction is the total taxable amount subject to the tax imposed under all manufacturing classifications in chapter 82.04 RCW.

(~~((4))~~) (C) For purposes of both the numerator and denominator of the fraction, the total taxable amount refers to the total taxable amount required to be reported on the person's returns for the calendar year before the calendar year in which the credit under this section is earned. The department may provide for an alternative method for calculating the numerator in cases where the tax rate provided in

RCW 82.04.260(~~((44))~~) (10) for manufacturing was not in effect during the full calendar year before the calendar year in which the credit under this section is earned.

(~~((4))~~) (D) No credit is available under (b)(i)(A) or (B) of this subsection (2) if either the numerator or the denominator of the fraction is zero. If the fraction is greater than or equal to nine-tenths, then the fraction is rounded to one.

(~~((4))~~) (E) As used in (~~((4))~~) (b)(ii)(C) of this subsection (2)(~~((b)(ii)(C))~~), "returns" means the tax returns for which the tax imposed under this chapter is reported to the department.

(b) "Aerospace services" has the same meaning given in RCW 82.08.975.

(c) "Commercial airplane" and "component" have the same meanings as provided in RCW 82.32.550.

(4) A credit earned during one calendar year may be carried over to be credited against taxes incurred in a subsequent calendar year, but may not be carried over a second year. No refunds may be granted for credits under this section.

(5) In addition to all other requirements under this title, a person taking the credit under this section must report as required under RCW 82.32.545.

PART VIII

Ending the Preferential Business and Occupation Tax Treatment Received by Directors of Corporations

NEW SECTION. Sec. 801. (1) In adopting the state's business and occupation tax, the legislature intended to tax virtually all business activities carried on within the state. See Simpson Inv. Co. v. Dep't of Revenue, 141 Wn.2d 139, 149 (2000). The legislature recognizes that the business and occupation tax applies to all activities engaged in with the object of gain, benefit, or advantage to the taxpayer or to another person or class, directly or indirectly, unless a specific exemption applies.

(2) One of the major business and occupation tax exemptions is provided in RCW 82.04.360 for income earned as an employee or servant as distinguished from income earned as an independent contractor. The legislature's intent in providing this exemption was to exempt employee wages from the business and occupation tax but not to exempt income earned as an independent contractor.

(3) The legislature finds that corporate directors are not employees or servants of the corporation whose board they serve on and therefore are not entitled to a business and occupation tax exemption under RCW 82.04.360. The legislature further finds that there are no business and occupation tax exemptions for compensation received for serving as a member of a corporation's board of directors.

(4) The legislature also finds that there is a widespread misunderstanding among corporate directors that the business and occupation tax does not apply to the compensation they receive for serving as a director of a corporation. It is the legislature's

expectation that the department of revenue will take appropriate measures to ensure that corporate directors understand and comply with their business and occupation tax obligations with respect to their director compensation. However, because of the widespread misunderstanding by corporate directors of their liability for business and occupation tax on director compensation, the legislature finds that it is appropriate in this unique situation to provide limited relief against the retroactive assessment of business and occupation taxes on corporate director compensation.

(5) The legislature also reaffirms its intent that all income of all independent contractors is subject to business and occupation tax unless specifically exempt under the Constitution or laws of this state or the United States.

(6)(a) The term also includes the sale of prewritten computer software to a consumer, regardless of the method of delivery to the end user. For purposes of this subsection (6)(a), the sale of prewritten computer software includes the sale of or charge made for a key or an enabling or activation code, where the key or code is required to activate prewritten computer software and put the software into use. There is no separate sale of the key or code from the prewritten computer software, regardless of how the sale may be characterized by the vendor or by the purchaser.

~~—(i) Custom software; or~~

~~—(ii) The customization of prewritten computer software.))~~

(b)(i) The term also includes the charge made to consumers for the right to access and use prewritten computer software, where possession of the software is maintained by the seller or a third party, regardless of whether the charge for the service is on a per use, per user, per license, subscription, or some other basis.

(ii)(A) The service described in (b)(i) of this subsection (6) includes the right to access and use prewritten computer software to perform data processing.

(B) For purposes of this subsection (6)(b)(ii), "data processing" means the systematic performance of operations on data to extract the required information in an appropriate form or to convert the data to usable information. The term "extended warranty" does not include an agreement, otherwise meeting the definition of extended warranty in this subsection, if no separate charge is made for the agreement and the value of the agreement is included in the sales price of the tangible personal property covered by the agreement. For purposes of this subsection, "sales price" has the same meaning as in RCW 82.08.010.

~~((8))~~ (9)(a) The term also includes the following sales to consumers of digital goods, digital codes, and digital automated services:

(i) Sales in which the seller has granted the purchaser the right of permanent use;

~~((9))~~ (10) The term also includes the charge made for providing tangible personal property along with an operator for a fixed or indeterminate period of time. A consideration of this is that the operator is necessary for the tangible personal property to perform as designed. (11) The term does not include the sale of or charge made for labor and services rendered in respect to the building, repairing, or improving of any street, place, road, highway, easement, right-of-way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle which is owned by a municipal corporation or political subdivision of the state or by the United States and which is used or to be used primarily for foot or vehicular traffic including mass transportation vehicles of any kind.

Nor does the term include the sale of services or charges made for cleaning up for the United States, or its instrumentalities, radioactive waste and other by-products of weapons production and nuclear research and development.

~~((12))~~ (14) The term does not include the sale of or charge made for labor, services, or tangible personal property pursuant to agreements providing maintenance services for bus, rail, or rail fixed guideway equipment when a regional transit authority is the recipient of the labor, services, or tangible personal property, and a transit agency, as defined in RCW 81.104.015, performs the labor or services.

Consistent with this definition "computer software" includes only those sets of coded instructions intended for use by an end user and specifically excludes retained rights in software and master copies of software.

(3) "Custom software" means computer software created for a single person.

(4) "Customization of prewritten computer software" means any alteration, modification, or development of applications using or incorporating prewritten computer software for a specific person. "Customization of prewritten computer software" includes individualized configuration of software to work with other software and computer hardware but does not include routine installation. (5) "Master copies" of software means copies of software from which a software developer, author, inventor, publisher, licensor, sublicensor, or distributor makes copies for sale or license.

(6) "Prewritten computer software" means computer software, including prewritten upgrades, that is not designed and developed by the author or other creator to the specifications of a specific purchaser. The combining of two or more prewritten computer software programs or prewritten portions thereof does not cause the combination to be other than prewritten computer software. Prewritten computer software includes software designed and developed by the author or other creator to the specifications of a specific purchaser when it is sold to a person other than such purchaser. Where a person modifies or enhances computer software of which such persons is not the author or creator, the person (~~shall be~~) is deemed to be the author or creator only of the person's modifications or enhancements. Prewritten computer software or a prewritten portion thereof that is modified or enhanced to any degree, where such modification or enhancement is designed and developed to the specifications of a specific purchaser, remains prewritten computer software; however where there is a reasonable, separately stated charge or an invoice or other statement of the price given to the purchaser for the modification or enhancement, the modification or enhancement (~~shall~~) does not constitute prewritten computer software.

(7) "Retained rights" means any and all rights, including intellectual property rights such as those rights arising from copyrights, patents, and trade secret laws, that are owned or are held under contract or license by a software developer, author, inventor, publisher, licensor, sublicensor, or distributor.

NEW SECTION. Sec. 1210. RCW 82.04.29001 (Creation and distribution of custom software--Customization of prewritten computer software--Taxable services) and 2003 c 168 s 602 & 1998 c 332 s 4 are each repealed.

An exemption certificate claiming multiple points of use must be in a form and contain such information as required by the department.

(2) A buyer is entitled to use an exemption certificate claiming multiple points of use only if the buyer is a business or other organization and the digital goods or digital automated services purchased, or the digital goods or digital automated services to be obtained by the digital code purchased, or the prewritten computer software or services defined as a retail sale in RCW 82.04.050 (6)(b) or (7) purchased will be concurrently available for use within and outside this state. A buyer is not entitled to use an exemption certificate claiming multiple points of use for digital goods, digital codes, digital automated services, prewritten computer software, or services defined as a retail sale in RCW 82.04.050(6)(b) purchased for personal use.

(3) A buyer claiming an exemption under this section must report and pay the tax imposed in RCW 82.12.020 and any local use taxes imposed under the authority of chapter 82.14 RCW and RCW

81.104.170 directly to the department in accordance with RCW 82.12.02088 and 82.14.457.

(4) For purposes of this section, "concurrently available for use within and outside this state" means that employees or other agents of the buyer may use the digital goods, digital automated services, prewritten computer software, or services defined as a retail sale in RCW 82.04.050 (6)(b) or (7) simultaneously from one or more locations within this state and one or more locations outside this state. A digital code is concurrently available for use within and outside this state if employees or other agents of the buyer may use the digital goods or digital automated services to be obtained by the code simultaneously at one or more locations within this state and one or more locations outside this state.

For the purposes of this chapter:

(1) "Purchase price" means the same as sales price as defined in RCW 82.08.010;

(2)(a) "Value of the article used" (~~(shall be)~~) is the purchase price for the article of tangible personal property, the use of which is taxable under this chapter. The term also includes, in addition to the purchase price, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used (~~(shall)~~) must be determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules as the department may prescribe.

(b) In case the articles used are acquired by bailment, the value of the use of the articles so used (~~(shall)~~) must be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used (~~(shall)~~) must be determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules as the department of revenue may prescribe.

(c) In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than one hundred eighty days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used (~~(shall)~~) must be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW upon the full value of the article used, as defined in (a) of this subsection.

(d) In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used (~~(shall)~~) must be determined according to the value of the ingredients of such articles.

(e) In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used (~~(shall)~~) must be determined by: (i) The retail selling price of such new or improved product when first offered for sale; or (ii) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(f) In the case of an article purchased with a direct pay permit under RCW 82.32.087, the value of the article used (~~(shall be)~~) is determined by the purchase price of such article if, but for the use of the direct pay permit, the transaction would have been subject to sales tax;

(3) "Value of the service used" means the purchase price for the digital automated service or other service, the use of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value thereof, the value of the service used (~~(shall)~~) must be determined as nearly as possible according to the retail selling price at place of use of similar services of like quality and character under rules the department may prescribe;

(4) "Value of the extended warranty used" means the purchase price for the extended warranty, the use of which is taxable under this chapter. If the extended warranty is received by gift or under conditions wherein the purchase price does not represent the true value of the extended warranty, the value of the extended warranty used (~~(shall)~~) must be determined as nearly as possible according to the retail selling price at place of use of similar extended warranties of like quality and character under rules the department may prescribe;

(5) "Value of the digital good or digital code used" means the purchase price for the digital good or digital code, the use of which is taxable under this chapter. If the digital good or digital code is acquired other than by purchase, the value of the digital good or digital code must be determined as nearly as possible according to the retail selling price at place of use of similar digital goods or digital codes of like quality and character under rules the department may prescribe;

(6) "Use," "used," "using," or "put to use" have their ordinary meaning, and mean:

(a) With respect to tangible personal property, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption within this state;

(b) With respect to a service defined in RCW 82.04.050(2)(a), the first act within this state after the service has been performed by which the taxpayer takes or assumes dominion or control over the article of tangible personal property upon which the service was performed (as a consumer), and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(c) With respect to an extended warranty, the first act within this state after the extended warranty has been acquired by which the taxpayer takes or assumes dominion or control over the article of tangible personal property to which the extended warranty applies, and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(d) With respect to a digital good or digital code, the first act within this state by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good or digital code;

(e) With respect to a digital automated service, the first act within this state by which the taxpayer, as a consumer, uses, enjoys, or otherwise receives the benefit of the service;

(f) With respect to a service defined as a retail sale in RCW 82.04.050 (6)(b) or (7), the first act within this state by which the taxpayer, as a consumer, accesses the (~~prewritten~~) computer software; and

(g) With respect to a service defined as a retail sale in RCW 82.04.050(2)(g), the first act within this state after the service has been performed by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good upon which the service was performed;

(7) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW;

(8)(a)(i) Except as provided in (a)(ii) of this subsection (8), "retailer" means every seller as defined in RCW 82.08.010 and every person engaged in the business of selling tangible personal property at retail and every person required to collect from purchasers the tax imposed under this chapter.

(ii) "Retailer" does not include a professional employer organization when a covered employee coemployed with the client under the terms of a professional employer agreement engages in activities that constitute a sale of tangible personal property, extended warranty, digital good, digital code, or a sale of any digital automated service or service defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), (~~(6)(b)~~) or (7) that is subject to the tax imposed by this chapter. In such cases, the client, and not the professional employer organization, is deemed to be the retailer and is responsible for collecting and remitting the tax imposed by this chapter.

(b) For the purposes of (a) of this subsection, the terms "client," "covered employee," "professional employer agreement," and "professional employer organization" have the same meanings as in RCW 82.04.540;

(9) "Extended warranty" has the same meaning as in RCW 82.04.050(7);

(10) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, (~~shall have~~) has full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, (~~shall~~) also means any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. With respect to property distributed to persons within this state by a consumer as defined in this subsection (10), the use of the property (~~shall be~~) is deemed to be by such consumer.

Sec. 1213. RCW 82.12.020 and 2009 c 535 s 305 are each amended to read as follows:

(1) There is (~~hereby~~) levied and (~~there shall be~~) collected from every person in this state a tax or excise for the privilege of using within this state as a consumer any:

(a) Article of tangible personal property purchased at retail, or acquired by lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7), including tangible personal property acquired at a casual or isolated sale, and including by-products used by the manufacturer thereof, except as otherwise provided in this chapter, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state;

(b) Prewritten computer software, regardless of the method of delivery, but excluding prewritten computer software that is either provided free of charge or is provided for temporary use in viewing information, or both;

(c) Services defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), (~~(6)(b)~~) or (7), excluding services defined as a retail sale in RCW 82.04.050(6)(b) that are provided free of charge;

(d) Extended warranty; or

(e)(i) Digital good, digital code, or digital automated service, including the use of any services provided by a seller exclusively in connection with digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.

(ii) With respect to the use of digital goods, digital automated services, and digital codes acquired by purchase, the tax imposed in this subsection (1)(e) applies in respect to:

(A) Sales in which the seller has granted the purchaser the right of permanent use;

(B) Sales in which the seller has granted the purchaser a right of use that is less than permanent;

(C) Sales in which the purchaser is not obligated to make continued payment as a condition of the sale; and

(D) Sales in which the purchaser is obligated to make continued payment as a condition of the sale.

(iii) With respect to digital goods, digital automated services, and digital codes acquired other than by purchase, the tax imposed in this subsection (1)(e) applies regardless of whether or not the consumer has a right of permanent use or is obligated to make continued payment as a condition of use.

(2) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property, extended warranty, digital good, digital code, digital automated service, or service taxable under RCW 82.04.050 (2)(a) or (g), (3)(a), (~~(6)(b)~~) or (7), if the sale to, or the use by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(3)(a) Except as provided in this section, payment of the tax imposed by this chapter or chapter 82.08 RCW by one purchaser or user of tangible personal property, extended warranty, digital good, digital code, digital automated service, or other service does not have the effect of exempting any other purchaser or user of the same property, extended warranty, digital good, digital code, digital automated service, or other service from the taxes imposed by such chapters.

(b) The tax imposed by this chapter does not apply:

(i) If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor;

(ii) In respect to the use of any article of tangible personal property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use;

(iii) In respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961; or

(iv) To the use of digital goods or digital automated services, which were obtained through the use of a digital code, if the sale of the digital code to, or the use of the digital code by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(4)(a) Except as provided in (b) of this subsection (4), the tax is levied and must be collected in an amount equal to the value of the article used, value of the digital good or digital code used, value of the extended warranty used, or value of the service used by the taxpayer,

multiplied by the applicable rates in effect for the retail sales tax under RCW 82.08.020.

(b) In the case of a seller required to collect use tax from the purchaser, the tax must be collected in an amount equal to the purchase price multiplied by the applicable rate in effect for the retail sales tax under RCW 82.08.020.

"Gross revenue" ~~((shall))~~ means the amount received from the sale of electric energy, which also includes any regularly recurring charge billed to consumers as a condition of receiving electric energy, and excluding any tax levied by a municipal corporation upon the district pursuant to RCW 54.28.070.

PART XIV

Temporarily Increasing the Business and Occupation Tax on Service Businesses while Increasing the Small Business Credit for the Same Businesses

NEW SECTION. Sec. 1401. A new section is added to chapter 82.04 RCW to read as follows:

(1) Beginning July 1, 2010, through June 30, 2013, an additional rate of tax of .25 percent is added to the rate provided for in RCW 82.04.285 and 82.04.290(2)(a).

(2)(a) The additional rate in subsection (1) of this section does not apply to persons engaged in the business of scientific research and development services including but not limited to research and development in the physical, engineering, and life sciences (such as agriculture, bacteriological, biotechnology, chemical, life sciences, and physical science research and development laboratories or services) and research and development in the social sciences and humanities (such as archaeological, behavioral, cognitive, economic, language, and learning research or development services).

(b) The additional rate in subsection (1) of this section does not apply to persons engaging within this state in business as a hospital, as defined in RCW 70.41.020.

Sec. 1402. RCW 82.04.4451 and 1997 c 238 s 2 are each amended to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed against the amount of tax otherwise due under this chapter, as provided in this section. The maximum credit for a taxpayer, except for taxpayers subject to tax under RCW 82.04.290(2)(a) and 82.04.285, for a reporting period is thirty-five dollars multiplied by the number of months in the reporting period, as determined under RCW 82.32.045. The maximum credit for a taxpayer, which reports at least fifty percent of its taxable income under RCW 82.04.290(2)(a) and 82.04.285, for a reporting period is seventy dollars multiplied by the number of months in the reporting period, as determined under RCW 82.32.045.

(2) When the amount of tax otherwise due under this chapter is equal to or less than the maximum credit, a credit is allowed equal to the amount of tax otherwise due under this chapter.

(3) When the amount of tax otherwise due under this chapter exceeds the maximum credit, a reduced credit is allowed equal to twice the maximum credit, minus the tax otherwise due under this chapter, but not less than zero.

(4) The department may prepare a tax credit table consisting of tax ranges using increments of no more than five dollars and a corresponding tax credit to be applied to those tax ranges. The table shall be prepared in such a manner that no taxpayer will owe a greater amount of tax by using the table than would be owed by performing the calculation under subsections (1) through (3) of this section. A table prepared by the department under this subsection ~~((shall))~~ must be used by all taxpayers in taking the credit provided in this section.

Sec. 1403. RCW 82.32.045 and 2006 c 256 s 1 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, payments of the taxes imposed under chapters 82.04, 82.08, 82.12, 82.14, and 82.16 RCW, along with reports and returns on forms prescribed by the department, are due monthly within twenty-five days after the end of the month in which the taxable activities occur.

(2) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(3) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

(4) Notwithstanding subsections (1) and (2) of this section, the department may relieve any person of the requirement to file returns if the following conditions are met:

(a) The person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than twenty-eight thousand dollars per year, except for businesses paying at least fifty percent of their tax under RCW 82.04.290(2)(a) and 82.04.285, the amount of business activities taxable under chapter 82.04 RCW is less than fifty-six thousand dollars per year;

A tax under this chapter (~~shall~~) may not be imposed in increments smaller than tenths of a percent.

(2) Notwithstanding subsection (1) of this section:

(a) If a municipality was authorized to impose taxes under this chapter or RCW 67.40.100 or both with a total rate exceeding four percent before July 27, 1997, such total authorization (~~shall~~) must continue through January 31, 1999, and thereafter the municipality may impose a tax under this section at a rate not exceeding the rate actually imposed by the municipality on January 31, 1999.

MESSAGE FROM THE SENATE

March 20, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2753 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** This act may be known and cited as the Washington works housing act of 2010.

Sec. 2. RCW 43.180.160 and 2009 c 291 s 1 are each amended to read as follows:

(1) The total amount of outstanding indebtedness of the commission may not exceed six billion dollars at any time. The calculation of outstanding indebtedness shall include the initial principal amount of an issue and shall not include interest that is either currently payable or that accrues as a part of the face amount of an issue payable at maturity or earlier redemption. Outstanding indebtedness shall not include notes or bonds as to which the obligation of the commission has been satisfied and discharged by refunding or for which payment has been provided by reserves or otherwise.

(2)(a) The Washington works housing program is created to increase opportunities for nonprofit organizations and public agencies to purchase, acquire, build, and own real property to be used for affordable housing for low and moderate-income households. The Washington works housing program is intended to provide access to new funding mechanisms and build long-term community equity by increasing the stock of permanently affordable housing owned by nonprofit organizations and public agencies.

(b) The Washington works housing program is intended to provide these opportunities for public agencies and nonprofit organizations, including those materially participating as a managing member or general partner of a partnership, limited liability company, or equivalent organization, through the issuance of tax exempt or taxable revenue bonds issued by the commission in conjunction with a subsidy necessary to make bond issues to finance affordable housing properties financially feasible. The program is intended to

provide financing for affordable housing that will meet the following income and rent restrictions during the period of initial bond indebtedness and thereafter:

(c) During the period of initial bond indebtedness under the program, the owner of the property must meet one of the following requirements: A minimum of twenty percent of the units will be occupied by households earning less than fifty percent of area median income and an additional thirty-one percent of the units will be occupied by persons earning less than eighty percent of area median income; or forty percent of the units will be occupied by households earning less than sixty percent of area median income and an additional eleven percent of the units will be occupied by households earning less than eighty percent of area median income.

(d) After the initial bond indebtedness is retired, the rents charged for units in the project will be adjusted to be sufficient to pay reasonable operation and maintenance expenses, including necessary capital needs, and to make reasonable deposits into a reserve account with the intent of providing affordable housing to very low or low-income households for the remaining useful life of the property. The reasonableness of the rent levels must be periodically approved by the commission based on information provided by the owner of the property about income, expenses, and necessary reserve levels. The determination of the commission regarding the reasonableness of the rent levels will be final.

(e) The commission will enter into a recorded regulatory agreement with the borrower at the time of the issuance of bonds under the program for the purpose of ensuring that the property will meet the income and rent restrictions established in this section. The commission may charge such compliance fees as necessary to ensure enforcement of the income and rent restrictions during the useful life of the property.

(3) One billion dollars of the outstanding indebtedness of the commission is for the primary purpose of implementing the Washington works housing program.

(4) If no subsidies are available to make the program in subsection (2) of this section feasible; then the commission may pass a resolution stating these facts and authorize the use of a portion of the one billion dollars of indebtedness intended for the program to support its other bond programs until such time as the one billion dollars is exhausted or subsidies are available to make the program feasible.

Sec. 3. RCW 39.86.100 and 2001 c 330 s 1 are each amended to read as follows:

The federal (~~tax reform act~~) internal revenue code of 1986, as amended imposes (~~an annual~~) ceilings on the aggregate amount of (~~federally tax exempt private activity~~) certain types of bonds, including tax-exempt private activity bonds (~~for housing, student loans, exempt facilities, small issue industrial, redevelopment, and certain public utility projects~~) and other types, that may be issued during any calendar year by or on behalf of states and their political subdivisions. (~~In 2001, the ceiling will be increased to sixty-two dollars and fifty cents per capita and in 2002 the ceiling will be increased to seventy-five dollars per capita, to be indexed annually, for 2003 and every year thereafter. However, a study by the department of community development indicates that the dollar amount of the state ceiling is considerably less than the anticipated dollar amount for which issuers would need an allocation from the state ceiling.~~) The (~~tax reform act of 1986~~) code provides a formula for allocating the annual tax-exempt private activity bond ceiling among various issuers of private activity bonds for housing, student loans, exempt facilities, and redevelopment projects within a state, but permits each state to enact a different allocation method that is appropriate to that state's needs. In addition, congress might, from time to time, amend the code by authorizing state ceilings on additional types of bonds. The purpose of this chapter is to provide a flexible and efficient method of allocating the annual state ceiling in

Washington in a manner that recognizes the need of the state and its political subdivisions to finance activities or projects that satisfy a substantial public purpose.

Sec. 4. RCW 39.86.110 and 2009 c 565 s 23 are each reenacted and amended to read as follows:

(2) Initial allocations may be modified by the agency only to reflect an issuer's carryforward amount. Any reduction of the initial allocation shall be added to the remainder and be available for allocation or reallocation.

(3) The remainder shall be allocated by the agency among one or more issuers from any bond use category with regard to the criteria specified in RCW 39.86.130.

(4) Should any bond use category no longer be subject to the state ceiling due to federal or state provisions of law, the agency shall divide the amount of that initial allocation among the remaining categories as necessary or appropriate with regard to the criteria specified in RCW 39.86.130. ~~((Upon the earlier of: (a) Exhaustion of the seven hundred fifty million dollar authority under I.R.C. 1317(25), or any new federal legislation increasing the amount of authority, or creating additional authority; or (b) waiver of the authority described under (a) of this subsection due to alternative federal authority that does not use a state volume cap, then the alternative allocation schedule in subsection (1) of this section will be used.))~~

(5)(a) Prior to ~~((September 4))~~ July 1st of each calendar year, any available portion of an initial allocation may be allocated or reallocated only to an issuer within the same bond use category, except that the remainder category, or portions thereof, may be allocated at any time to any bond use category.

(b) Beginning ~~((September 4))~~ July 1st of each calendar year, the agency may allocate or reallocate any available portion of the state

ceiling to any bond use category with regard to the criteria specified in RCW 39.86.130.

Sec. 7. RCW 39.86.130 and 1987 c 297 s 4 are each amended to read as follows:

(1) In granting an allocation, reallocation, or carryforward of the state ceiling as provided in this chapter, the agency shall consider existing state priorities and other such criteria, including but not limited to, the following criteria:

- (a) Need of issuers to issue ~~((private activity))~~ bonds within a bond use category subject to a state ceiling;
- (b) Amount of the state ceiling available;
- (c) Public benefit and purpose to be satisfied, including economic development, educational opportunity, and public health, safety, or welfare;
- (d) Cost or availability of alternative methods of financing for the project or program; and

- (a) Housing: Criteria which comply with RCW 43.180.200.
- (b) Student loans: Criteria which comply with the applicable provisions of Title 28B RCW and rules adopted by the higher education coordinating board or applicable state agency dealing with student financial aid.
- (c) Small issue: ~~((Recommendation by the board regarding how the amount of the state ceiling set aside for the small issue bond use category shall be allocated among issuers.))~~ Factors which may include:

(d) Exempt facility or redevelopment: Factors which may include:

- (i) State issuance needs;
- (ii) Consistency with criteria identified in subsection (1) of this section;
- (iii) Order in which requests were received;
- (iv) The proportionate number of persons in relationship to the size of the community who will benefit from the project; and
- (v) The unique timing and issuance needs of large scale projects that may require allocations in more than one year.

(e) Public utility: Factors which may include:

- (i) Consistency with criteria identified in subsection (1) of this section; and
- (ii) Timing needs for issuance of bonds over a multi-year period.

Sec. 8. RCW 39.86.140 and 1987 c 297 s 5 are each amended to read as follows:

(1) No issuer may receive an allocation of the state ceiling without a certificate of approval from the agency.

~~(2)((+))~~ For each state ceiling allocation request, an issuer shall submit to the agency, no sooner than ninety days prior to the beginning of a calendar year for which an allocation of the state ceiling is being requested, a form identifying:

(3) The agency may approve or deny an allocation for all or a portion of the issuer's request. (4) After receiving an allocation request, the agency shall mail to the requesting issuer a written certificate of approval or notice of denial for an allocation amount, by a date no later than the latest of the following:

(a) ~~(Forty five days from May 8, 1987;~~

~~(b))~~ February 1st of the calendar year ~~((, other than 1987,))~~ for which the request is made;

~~((+))~~ (b) Fifteen days from the date the agency receives an allocation request; or

~~((d))~~ (c) Fifteen days from the date the agency receives a recommendation by the board with regard to a small issue allocation request, should the board choose to review individual requests.

(5)(a) For requests of the state ceiling of any calendar year, the following applies to all bond use categories except housing and student loans:

(i) Except for housing and student loans, any allocations granted prior to April 1st, for which bonds have not been issued by ~~((September 1))~~ July 1st of the same calendar year, shall revert to the agency on ~~((September 1))~~ July 1st of the same calendar year for reallocation unless an extension or carryforward is granted;

(a) Firm and convincing evidence that the bonds will be issued before the end of the calendar year if the extension is granted; and

(b) Any other criteria the agency deems appropriate.

(7) If an issuer determines that bonds subject to the state ceiling will not be issued for the project or program for which an allocation was granted, the issuer shall promptly notify the agency in writing so that the allocation may be canceled and the amount may be available for reallocation.

(8) Bonds subject to the state ceiling may be issued only to finance the project or program for which a certificate of approval is granted.

(9) Within three business days of the date that bonds for which an allocation of the state ceiling is granted have been delivered to the original purchasers, the issuer shall mail to the agency a written notification of the bond issuance. In accordance with chapter 39.44

RCW, the issuer shall also complete bond issuance information on the form provided by the agency.

(10) If the total amount of ~~((tax-exempt))~~ bonds issued under the authority of a state ceiling for a project or program is less than the amount allocated, the remaining portion of the allocation shall revert to the agency for reallocation in accordance with the criteria in RCW 39.86.130. If the amount of ~~((tax-exempt))~~ bonds actually issued under the authority of a state ceiling is greater than the amount allocated, the entire allocation shall be disallowed.

Sec. 9. RCW 39.86.150 and 1987 c 297 s 6 are each amended to read as follows:

(1) Beginning ~~((September 1))~~ July 1st of each calendar year, the agency may allocate or reallocate any portions of the annual state tax-exempt private activity bond ceiling for which no certificate of approval is in effect. (2) Prior to the end of each calendar year, the agency shall allocate or reallocate any unused portions of the state ceiling among one or more issuers as carryforward, to be used within three years, in accordance with the code and relevant criteria described in RCW 39.86.130.

(3) Reallocations of state bond ceilings other than the annual tax-exempt private activity bond ceiling may be made by the agency in accordance with the code or as established in agency rule when not specified in the code.

Sec. 10. RCW 39.86.170 and 1987 c 297 s 8 are each amended to read as follows:

A fee schedule shall be established by rule by the agency to assist in support of bond allocation activities. Fees shall reflect costs actually incurred or expected to be incurred by the agency in its bond allocation and bond users clearinghouse activities.

Sec. 11. RCW 39.86.190 and 2009 c 518 s 19 are each amended to read as follows:

By February 1st of each even-numbered year, the agency shall summarize for the legislature each previous year's bond allocation requests and issuance. Beginning in ~~((June of 1988))~~ February 2010 and thereafter in ~~((June))~~ February of each even-numbered year, the agency shall also submit a biennial report summarizing usage of the bond allocation proceeds and any policy concerns for future bond allocations.

MESSAGE FROM THE SENATE

March 19, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 3014 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.60.010 and 1985 c 232 s 1 are each amended to read as follows:

The legislature finds that there are several areas in the state that are characterized by very high levels of unemployment and poverty. The ~~((legislative legislature))~~ legislature further finds that economic stagnation is the primary cause of this high unemployment rate and poverty; that new state policies are necessary in order to promote economic stimulation and new employment opportunities in these distressed areas; and that policies providing incentives for economic growth in these distressed areas are essential. For these reasons, the legislature ~~((hereby))~~ reestablishes a tax deferral program to be effective solely in distressed ~~((areas and under circumstances where the deferred tax payments are for investments or costs that result in the creation of a specified number of jobs))~~ counties. The legislature declares that this limited program serves the vital public purpose of creating employment opportunities and reducing poverty in the distressed ~~((areas))~~ counties of the state.

Sec. 2. RCW 82.60.020 and 2010 c ... (SHB 3066) s 138 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person applying for a tax deferral under this chapter.

(2) "Department" means the department of revenue.

(3) "Eligible area" means ~~((a))~~;

(a) Through June 30, 2010, a rural county as defined in RCW 82.14.370; and

(b) Beginning July 1, 2010, a qualifying county.

(4)(a) "Eligible investment project" means an investment project that is located, as of the date the application required by RCW 82.60.030 is received by the department, in an eligible area as defined in subsection (3) of this section.

(b) ~~(The lessor or owner of a qualified building is not eligible for a deferral unless:~~

~~—(i) The underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person; or~~

~~—(ii)(A) The lessor by written contract agrees to pass the economic benefit of the deferral to the lessee;~~

~~—(B) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual survey required under RCW 82.60.070; and~~

~~—(C) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the qualified building and the lessee.~~

~~—(e))~~ "Eligible investment project" does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010(4), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part, or investment projects ~~((which))~~ that have already received deferrals under this chapter.

(5) "Initiation of construction" has the same meaning as in RCW 82.63.010.

(6) "Investment project" means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction of the project.

(7) "Manufacturing" means the same as defined in RCW 82.04.120. "Manufacturing" also includes:

(a) Before July 1, 2010: (i) Computer programming, the production of computer software, and other computer-related services, but only when the computer programming, production of computer software, or other computer-related services are performed by a manufacturer as defined in RCW 82.04.110 and contribute to the production of a new, different, or useful substance or article of tangible personal property for sale; (ii) the activities performed by research and development laboratories and commercial testing laboratories(,); and (iii) the conditioning of vegetable seeds; and

(b) Beginning July 1, 2010: (i) The activities performed by research and development laboratories and commercial testing laboratories; and (ii) the conditioning of vegetable seeds.

(8) "Person" has the meaning given in RCW 82.04.030.

(9) "Qualified buildings" means construction of new structures, and expansion or renovation of existing structures for the purpose of increasing floor space or production capacity used for manufacturing and research and development activities, including plant offices and warehouses or other facilities for the storage of raw material or finished goods if such facilities are an essential or an integral part of a factory, mill, plant, or laboratory used for manufacturing or research and development. If a building is used partly for manufacturing or research and development and partly for other purposes, the applicable tax deferral ~~((shall))~~ must be determined by apportionment of the costs of construction under rules adopted by the department.

(10) "Qualified employment position" means a permanent full-time employee employed in the eligible investment project during the entire tax year. The term "entire tax year" means a full-time position that is filled for a period of twelve consecutive months. The term "full-time" means at least thirty-five hours a week, four hundred

fifty-five hours a quarter, or one thousand eight hundred twenty hours a year.

(11) "Qualified machinery and equipment" means all new industrial and research fixtures, equipment, and support facilities that are an integral and necessary part of a manufacturing or research and development operation. (12) "Qualifying county" means a county that has an unemployment rate, as determined by the employment security department, which is at least twenty percent above the state average for the three calendar years immediately preceding the year in which the list of qualifying counties is established or updated, as the case may be, as provided in section 3 of this act.

(13) "Recipient" means a person receiving a tax deferral under this chapter.

~~((13))~~ (14) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun, but only when such activities are intended to ultimately result in the production of a new, different, or useful substance or article of tangible personal property for sale. As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.

NEW SECTION. Sec. 3. A new section is added to chapter 82.60 RCW to read as follows:

The department, with the assistance of the employment security department, must establish a list of qualifying counties effective July 1, 2010. The list of qualifying counties is effective for a twenty- four month period and must be updated by July 1st of the year that is two calendar years after the list was established or last updated, as the case may be.

NEW SECTION. Sec. 4. A new section is added to chapter 82.60 RCW to read as follows:

The lessor or owner of a qualified building is not eligible for a deferral unless:

(1) The underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person; or

(2)(a) The lessor by written contract agrees to pass the economic benefit of the deferral to the lessee;

(b) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual survey required under RCW 82.60.070; and

(c) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the qualified building and the lessee.

Sec. 5. RCW 82.60.030 and 1994 sp.s. c 1 s 2 are each amended to read as follows:

(1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application ~~((shall))~~ must be made to the department in a form and manner prescribed by the department. The application ~~((shall))~~ must contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department. The department ~~((shall))~~ must rule on the application within sixty days.

(2) This section expires July 1, 2020.

Sec. 6. RCW 82.60.040 and 2004 c 25 s 4 are each amended to read as follows:

(1) The department (~~(shall)~~) must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project (~~(that is located in an eligible area as defined in RCW 82.60.020)~~).

(2) The department (~~(shall)~~) must keep a running total of all deferrals granted under this chapter during each fiscal biennium.

(3) This section expires July 1, (~~2010~~) 2020.

Sec. 7. RCW 82.60.049 and 2004 c 25 s 5 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Eligible area" also means a designated community empowerment zone approved under RCW 43.31C.020 (~~(or a county containing a community empowerment zone)~~).

(b) "Eligible investment project" also means an investment project in an eligible area as defined in this section.

(2) In addition to the provisions of RCW 82.60.040, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment for which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone or the county in which the zone is located. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

Sec. 8. RCW 82.60.060 and 2000 c 106 s 5 are each amended to read as follows:

(1) The recipient (~~(shall)~~) must begin paying the deferred taxes in the third year after the date certified by the department as the date on which the (~~(construction)~~) investment project has been operationally completed. The first payment will be due on December 31st of the third calendar year after such certified date, with subsequent annual payments due on December 31st of the following four years with amounts of payment scheduled as follows:

Repayment Year	% of Deferred Tax Repaid
1	10%
2	15%
3	20%
4	25%
5	30%

(2) The department may authorize an accelerated repayment schedule upon request of the recipient.

(3) Interest (~~(shall)~~) may not be charged on any taxes deferred under this chapter for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

Sec. 9. RCW 82.60.070 and 2010 c ... (SHB 3066) s 139 are each amended to read as follows:

(1)(a) Each recipient of a deferral of taxes granted under this chapter must file a complete annual survey with the department under RCW 82.32. . . (section 102, chapter . . . (SHB 3066), Laws of 2010). If the economic benefits of the deferral are passed to a lessee as provided in (~~(RCW 82.60.020(4))~~) section 4 of this act, the lessee must file a complete annual survey, and the applicant is not required to file a complete annual survey.

(b) The department must use the information reported on the annual survey required by this section to study the tax deferral program authorized under this chapter. The department must report to the legislature by December 1, (~~2009~~) 2019. The report must measure the effect of the program on job creation, the number of jobs created for residents of eligible areas, company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

(2) Except as provided in section 10 of this act, if, on the basis of a survey under (~~(section)~~) RCW 82.32. . . (section 102, chapter . . . (SHB 3066), Laws of 2010) or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project is, according to the repayment schedule in RCW 82.60.060, will be immediately due. For purposes of this subsection (2)(a), the repayment schedule in RCW 82.60.060 is tolled during the period of time that a taxpayer is receiving relief from repayment of deferred taxes under section 10 of this act.

(3) A recipient who must repay deferred taxes under subsection (2) of this section because the department has found that an investment project is not eligible for tax deferral under this chapter is no longer required to file annual surveys under RCW 82.32. . . (section 102, chapter . . . (SHB 3066), Laws of 2010) beginning on the date an investment project is used for nonqualifying purposes.

(4) Notwithstanding any other provision of this section or RCW 82.32. . . (section 102, chapter . . . (SHB 3066), Laws of 2010), deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

(b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

NEW SECTION. Sec. 10. A new section is added to chapter 82.60 RCW to read as follows:

(1) Subject to the conditions in this section, a person is not liable for the amount of deferred taxes outstanding for an investment project when the person temporarily ceases to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities in a county with a population of less than twenty thousand persons for a period not to exceed twenty- four months from the date that the department sent its assessment for the amount of outstanding deferred taxes to the taxpayer.

(2) The relief from repayment of deferred taxes under this section does not apply unless the number of qualified employment positions

maintained at the investment project after manufacturing or research and development activities are temporarily ceased is at least ten percent of the number of qualified employment positions employed at the investment project at the time the deferral was approved by the department. If a person has been approved for more than one deferral under this chapter, relief from repayment of deferred taxes under this section does not apply unless the number of qualified employment positions maintained at the investment project after manufacturing or research and development activities are temporarily ceased is at least ten percent of the highest number of qualified employment positions at the investment project at the time any of the deferrals were approved by the department. If, at any time during the twenty-four month period after the department has sent the taxpayer an assessment for outstanding deferred taxes resulting from the person temporarily ceasing to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities, the number of qualified employment positions falls below the ten percent threshold in this subsection, the amount of deferred taxes outstanding for the project is immediately due.

(3) The lessor of an investment project for which a deferral has been granted under this chapter who has passed the economic benefits of the deferral to the lessee is not eligible for relief from the payment of deferred taxes under this section.

(4) A person seeking relief from the payment of deferred taxes under this section must apply to the department in a form and manner prescribed by the department. The application required under this subsection must be received by the department within thirty days of the date that the department sent its assessment for outstanding deferred taxes resulting from the person temporarily ceasing to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities. The department must approve applications that meet the requirements in this section for relief from the payment of deferred taxes.

(5) A person is entitled to relief under this section only once.

(6) A person whose application for relief from the payment of deferred taxes has been approved under this section must continue to file an annual survey as required under RCW 82.60.070(1) or any successor statute. In addition, the person must file, in a form and manner prescribed by the department, a report on the status of the business and the outlook for commencing manufacturing or research and development activities.

Sec. 11. RCW 82.62.010 and 2010 c ... (E2SHB 1597) s 232 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person applying for a tax credit under this chapter.

(2) "Department" means the department of revenue.

(3) "Eligible area" means ~~((an area))~~ a "rural county" as defined in RCW ~~((82.60.020))~~ 82.14.370.

Concerning the governance and financing of the Washington state convention and trade center.

The bill was read the second time.

Representative Hunter moved the adoption of amendment (1728).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that conventions and trade shows provide both direct and indirect civic and economic benefits. It is the intent of the legislature to provide for the transfer of the governance and financing of the state convention and trade center to a public facilities district formed by a county with a population of one million five hundred thousand or more to acquire, own, and operate the convention and trade center. The legislature also intends to replace, in connection with such transfer, the authority under chapter 67.40 RCW of the state and city to impose excise taxes on the sale of or charge made for the furnishing of lodging to fund the state convention and trade center with authority for the public facilities district to impose lodging taxes at these rates, without affecting the existing authority of the state, county, cities, and other municipal corporations to impose taxes on the sale or charge made for the furnishing of lodging under existing caps on the aggregate rate that may be charged.

(2) The legislature further finds that the location of the convention and trade center particularly benefits and increases the occupancy of larger hotels and other lodging facilities in the city in which it is located and to a lesser extent in the remainder of the county in which it is located. The legislature finds that imposing excise taxes on the sale of or charge made for the furnishing of lodging at the rates authorized in section 5 of this act is an appropriate method of paying for the cost of acquiring, constructing, owning, remodeling, maintaining, equipping, reequipping, repairing, altering, and operating a convention and trade center.

Sec. 2. RCW 36.100.010 and 2002 c 218 s 26 are each amended to read as follows:

(1) ~~((A))~~ One or more public facilities districts may be created in any county and ~~((shall))~~ must be coextensive with the boundaries of the county.

(2) A public facilities district (~~(shall be)~~) is created upon adoption of a resolution providing for the creation of such a district by the county legislative authority in which the proposed district is located.

(3) A public facilities district is a municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

(4) Except as provided in RCW 36.100.040 (4) and (5), no taxes authorized under this chapter may be assessed or levied unless a majority of the voters of the public facilities district has approved such tax at a general or special election. A single ballot proposition may both validate the imposition of the sales and use tax under RCW 82.14.048 and the excise tax under RCW 36.100.040(1).

(5)(a) A public facilities district (~~(shall)~~) constitutes a body corporate and (~~(shall)~~) possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, including contracts with public and private parties, to acquire, own, sell, transfer, lease, and otherwise acquire or dispose of property, to grant concessions under terms approved by the public facilities district, and to sue and be sued.

(b) A public facilities district created by a county with a population of one million five hundred thousand or more to acquire, own, and operate a convention and trade center transferred from a public nonprofit corporation may continue to contract with the Seattle- King county convention and visitors' bureau or its successor in interest for marketing the convention and trade center facility and services.

(6) A public facilities district may enter into contracts with a county for the purpose of exercising any powers of a community renewal agency under chapter 35.81 RCW.

(7) The (~~(county)~~) legislative authority (~~(or the city council)~~) of a city or county, the board of directors of a public nonprofit corporation, or the state of Washington may transfer property to (~~(the)~~) a public facilities district created under this chapter, with or without consideration. No property that is encumbered with debt or that is in need of major capital renovation may be transferred to the district without the agreement of the district and revenues adequate to retire the existing indebtedness.

(8) A public facilities district may enter into agreements with the state, any municipal corporation, or any other governmental entity for the design, financing, acquisition, development, construction, reconstruction, lease, remodeling, alteration, maintenance, equipping, reequipping, repair, operation, or management of one or more facilities of the parties thereto. Agreements may provide that any party to the contract designs, finances, acquires, develops, constructs, reconstructs, remodels, alters, maintains, equips, reequips, repairs, and operates one or more facilities for the other party or parties to the contract. A public facilities district may enter into an agreement with the state, any municipal corporation, or other public or private entity that will assist a public facilities district in the financing of all or any part of a district facility on such terms as may be determined by agreement between the respective parties, including without limitation by a loan, guaranty, or other financing agreement.

Sec. 3. RCW 36.100.020 and 1995 3rd sp.s. c 1 s 302 are each amended to read as follows:

(1)(a) A public facilities district (~~(shall)~~) must be governed by a board of directors consisting of five (~~(or)~~) seven, or nine members as provided in this section.

(b) If the largest city in the county has a population that is at least forty percent of the total county population, the board of directors of the public facilities district (~~(shall)~~) must consist of five members selected as follows:

(~~(b)~~) (i) Two members appointed by the county legislative authority to serve for four-year staggered terms;

(~~(b)~~) (ii) Two members appointed by the city council of the largest city in the county to serve for four-year staggered terms; and
(~~(c)~~) (iii) One person to serve for a four-year term who is selected by the other directors.

(c)(i) Except as provided in (c)(ii) of this subsection (1), if the largest city in the county has a population of less than forty percent of the total county population, the county legislative authority (~~(shall)~~) must establish in the resolution creating the public facilities district whether the board of directors of the public facilities district has either five or seven members, and the county legislative authority (~~(shall)~~) must appoint the members of the board of directors to reflect the interests of cities and towns in the county, as well as the unincorporated area of the county.

(ii) However, if the county has a population of one million five hundred thousand or more, the largest city in the county has a population of less than forty percent of the total county population, and the county operates under a county charter, which provides for an elected county executive, the members of the board of directors must be appointed as follows:

(A) If the public facilities district is created to construct a baseball stadium as defined in RCW 82.14.0485, three members (~~(shall)~~) must be appointed by the governor and the remaining members (~~(shall)~~) must be appointed by the county executive subject to confirmation by the county legislative authority. Of the members appointed by the governor, the speaker of the house of representatives and the majority leader of the senate (~~(shall)~~) must each recommend to the governor a person to be appointed to the board; and

(B) If the public facilities district is created to acquire, own, and operate a convention and trade center, following the expiration of the terms of the initial board of directors, three members must be appointed by the governor, three members must be nominated by the county executive subject to confirmation by the county legislative authority, and three members must be nominated by the mayor of the city in which the convention and trade center is located subject to confirmation by the city legislative authority. Members of the board of directors may not be members of the legislative authority of the county or any city within the county.

(d) The initial board of directors of a public facilities district created in a county of one million five hundred thousand or more to acquire, own, and operate a convention and trade center must be comprised of the nine members of the board of the public nonprofit corporation that transfers the convention and trade center to the public facilities district under section 8 of this act. The governor must designate which of the initial board members must serve two-year terms and which must serve four-year terms and identify the board positions to which successors to initial directors are to be appointed by the county and the city.

(2) At least one member on the board of directors (~~(shall)~~) must be representative of the lodging industry in the public facilities district before the public facilities district imposes the excise tax under RCW 36.100.040(1). Of the members of the board of directors of a public facilities district created in a county of one million five hundred thousand or more to acquire, own, and operate a convention and trade center, one of the governor's appointments and one of the county's appointments must be representative of the lodging industry in the public facilities district and one of the city's appointments must be representative of organized labor, except that these requirements do not apply to the initial board of such district.

(3) Members of the board of directors (~~(shall)~~) must serve four-year terms of office, except that two of the initial five board members (~~(or)~~) three of the initial seven board members (~~(shall)~~), and four of the initial nine board members must serve two-year terms of office.

(4) A vacancy (~~(shall)~~) must be filled in the same manner as the original appointment was made and the person appointed to fill a vacancy (~~(shall)~~) must serve for the remainder of the unexpired term of the office for the position to which he or she was appointed.

(5) Any director may be removed from office by the person or entity that appointed or confirmed such director for any reason or for no reason as follows: A director appointed by the governor may be removed from office by the governor(-); ~~and any ((other)) director confirmed by a city or county legislative authority may be removed from office by action of at least two-thirds of the members of the legislative authority ((which made the appointment)) that confirmed the director.~~

Sec. 4. RCW 36.100.030 and 2003 c 376 s 1 are each amended to read as follows:

(1) A public facilities district is authorized to acquire, construct, own, remodel, maintain, equip, reequip, repair, and operate (a) sports facilities, entertainment facilities, convention facilities, including without limitation any convention and trade center transferred from a public nonprofit corporation under section 8(1) of this act, or regional centers as defined in RCW 35.57.020, and (b) for districts formed after January 1, 2000, recreational facilities other than ski areas, together with contiguous parking facilities. The taxes that are provided for in this chapter may only be imposed for these purposes, including without limitation implementing any redemption, prepayment, or legal defeasance of outstanding obligations under section 8(3)(a) of this act.

(2) A public facilities district may enter into agreements under chapter 39.34 RCW for the ~~((joint provision and operation))~~ design, financing, acquisition, development, construction, reconstruction, lease, remodeling, alteration, maintenance, equipping, reequipping, repair, operation, or management of such facilities and may enter into contracts under chapter 39.34 RCW where any party to the contract provides and operates such facilities for the other party or parties to the contract. A public facilities district may enter into agreements under chapter 39.34 RCW that will assist a public facilities district in the financing of all or any part of a district facility on such terms as may be determined by agreement between the respective parties, including without limitation by a loan, guaranty, or other financing agreement.

(3) Notwithstanding the establishment of a career, civil, or merit service system, a public facilities district may contract with a public or private entity for the operation or management of its public facilities.

(4) A public facilities district is authorized to use the supplemental alternative public works contracting procedures set forth in chapter 39.10 RCW in connection with the design, construction, reconstruction, remodel, or alteration of any of its public facilities.

(5) A public facilities district may impose charges and fees for the use of its facilities, and may accept and expend or use gifts, grants, and donations.

Sec. 5. RCW 36.100.040 and 2008 c 137 s 5 are each amended to read as follows:

(1) A public facilities district may impose an excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises having fewer than forty lodging units. ~~((However))~~ Except for any tax imposed under subsection (4) or (5) of this section, if a public facilities district has not imposed such an excise tax prior to December 31, 1995, the public facilities district may only impose the excise tax if a ballot proposition authorizing the imposition of the tax has been approved by a simple majority vote of voters of the public facilities district voting on the proposition.

(2) The rate of the tax ~~((shall))~~ may not exceed two percent and the proceeds of the tax ~~((shall))~~ may only be used for the acquisition, design, construction, remodeling, maintenance, equipping, reequipping, repairing, and operation of its public facilities. This excise tax ~~((shall))~~ may not be imposed until the district has approved the proposal to acquire, design, and construct the public facilities.

~~(3) ((A public facilities district may not impose the tax authorized in this section if, after the tax authorized in this section was imposed, the effective combined rate of state and local excise taxes, including sales and use taxes and excise taxes on lodging, imposed on the sale of or charge made for furnishing of lodging in any jurisdiction in the public facilities district exceeds eleven and one-half percent.~~

~~—(4)) Except for a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center, a public facilities district may not impose the tax authorized in this section if, after the tax authorized in this section was imposed, the effective combined rate of state and local excise taxes, including sales and use taxes and excise taxes on lodging, imposed on the sale of or charge made for furnishing of lodging in any jurisdiction in the public facilities district exceeds eleven and one-half percent.~~

~~—(4) To replace the tax authorized by RCW 67.40.090, a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center may impose an excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises having fewer than sixty lodging units. The rate of the tax may not exceed seven percent within the portion of the district that corresponds to the boundaries of the largest city within the public facilities district and may not exceed 2.8 percent in the remainder of the district. The tax imposed under this subsection (4) may not be collected prior to the transfer date defined in section 8 of this act.~~

~~(5) To replace the tax authorized by RCW 67.40.130, a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center may impose an additional excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises having fewer than sixty lodging units. The rate of the additional excise tax may not exceed two percent and may be imposed only within the portion of the district that corresponds to the boundaries of the largest city within the public facilities district and may not be imposed in the remainder of the district. The tax imposed under this subsection (5) may not be collected prior to the transfer date specified in section 8 of this act. The tax imposed under this subsection (5) must be credited against the amount of the tax otherwise due to the state from those same taxpayers under chapter 82.08 RCW. The tax under this subsection (5) may be imposed only for the purpose of paying or securing the payment of the principal of and interest on obligations issued or incurred by the public facilities district and paying annual payment amounts to the state under subsection (6)(a) of this section. The authority to impose the additional excise tax under this subsection (5) expires on the date that is the earlier of (a) July 1, 2029, or (b) the date on which all obligations issued or incurred by the public facilities district to implement any redemption, prepayment, or legal defeasance of outstanding obligations under section 8(3)(a) of this act are no longer outstanding.~~

~~(6)(a) Commencing with the first full fiscal year of the state after the transfer date defined in section 8 of this act and for so long as a public facilities district imposes a tax under subsection (5) of this section, the public facilities district must transfer to the state of Washington on June 30th of each state fiscal year an annual payment amount.~~

~~(b) For the purposes of this subsection (6), "annual payment amount" means an amount equal to revenues received by the public facilities district in the fiscal year from the additional excise tax imposed under subsection (5) of this section plus an interest charge calculated on one-half the annual payment amount times an interest~~

rate equal to the average annual rate of return for the prior calendar year in the Washington state local government investment pool created in chapter 43.250 RCW.

(c)(i) If the public facilities district in any fiscal year is required to apply additional lodging excise tax revenues to the payment of principal and interest on obligations it issues or incurs, and the public facilities district is unable to pay all or any portion of the annual payment amount to the state, the deficiency is deemed to be a loan from the state to the public facilities district for the purpose of assisting the district in paying such principal and interest and must be repaid by the public facilities district to the state after providing for the payment of the principal of and interest on obligations issued or incurred by the public facilities district, all on terms established by an agreement between the state treasurer and the public facilities district executed prior to the transfer date. Any agreement between the state treasurer and the public facilities district must specify the term for the repayment of the deficiency in the annual payment amount with an interest rate equal to the twenty bond general obligation bond buyer index plus one percentage point.

(ii) Outstanding obligations to repay any loans deemed to have been made to the public facilities district as provided in any such agreements between the state treasurer and the public facilities district survive the expiration of the additional excise tax under subsection (5) of this section.

(iii) For the purposes of this subsection (6)(c), "additional lodging excise tax revenues" mean the tax revenues received by the public facilities district under subsection (5) of this section.

(7) A public facilities district is authorized to pledge any of its revenues, including without limitation revenues from the taxes authorized in this section, to pay or secure the payment of obligations issued or incurred by the public facilities district, subject to the terms established by the board of directors of the public facilities district. So long as a pledge of the taxes authorized under this section is in effect, the legislature may not withdraw or modify the authority to levy and collect the taxes at the rates permitted under this section and may not increase the annual payment amount to be transferred to the state under subsection (6) of this section.

(8) The department of revenue must perform the collection of such taxes on behalf of the public facilities district at no cost to the district, and the state treasurer must distribute those taxes as available on a monthly basis to the district or, upon the direction of the district, to a fiscal agent, paying agent or trustee for obligations issued or incurred by the district.

(9) Except as expressly provided in this chapter, all of the provisions contained in RCW 82.08.050 and 82.08.060 and chapter 82.32 RCW have full force and application with respect to taxes imposed under the provisions of this section.

(10) The taxes imposed in this section (~~do~~) do not apply to sales of temporary medical housing exempt under RCW 82.08.997.

Sec. 6. RCW 36.100.060 and 1999 c 165 s 15 are each amended to read as follows:

(1) To carry out the purpose of this chapter, a public facilities district may issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter approved general obligation indebtedness, equal to one-half of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A public facilities district additionally may issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the public facilities district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in this chapter.

(2) General obligation bonds may be issued with a maturity of up to thirty years, and must be issued and sold in accordance with the provisions of chapter 39.46 RCW. If the public facilities district is formed by a county with a population of one million five hundred thousand or more to acquire, own, and operate a convention and trade center, general obligation bonds may be issued with a maturity of up to forty years, and (~~shall~~) must be issued and sold in accordance with the provisions of chapter 39.46 RCW. In addition to the powers vested in it under RCW 39.46.030, a public facilities district created by a county with a population of one million five hundred thousand or more to acquire, own, and operate a convention and trade center may appoint, and may specify the rights and duties of, trustees with respect to its bonds, and such trustees may receive, hold, disburse, invest, and reinvest funds on the district's behalf and for the protection of the district's bond owners.

(3) The general obligation bonds may be payable from the operating revenues of the public facilities district in addition to the tax receipts of the district.

(4) The excise tax imposed pursuant to RCW 36.100.040 (~~shall~~) (1) terminates upon final payment of all bonded indebtedness for its public facilities, except that the excise tax may be reauthorized by a public vote, in the same manner as originally authorized, for funding of additional public facilities or a regional center.

Sec. 7. RCW 36.100.100 and 1995 c 396 s 7 are each amended to read as follows:

The treasurer of the county in which a public facilities district is located (~~shall~~) must be the ex officio treasurer of the district, unless the board of directors of a public facilities district created in a county of one million five hundred thousand or more designates by resolution another person having experience in financial or fiscal matters as the treasurer of the district. Such a treasurer possesses all of the powers, responsibilities, and duties of, and is subject to the same restrictions as provided by law for, a county treasurer with regard to district financial matters. Such treasurer must be bonded for not less than twenty-five thousand dollars.

NEW SECTION. Sec. 8. A new section is added to chapter 36.100 RCW to read as follows:

(1) On the transfer date the board of directors of a public nonprofit corporation formed under RCW 67.40.020 that owns and operates a state convention and trade center must transfer all lands, facilities, equipment, assets, other interests in real, personal, and intangible property, and interests under contracts, leases, licenses, and agreements under the control of that board of directors to a public facilities district created as provided in RCW 36.100.010 by the county in which the convention and trade center is located pursuant to an agreement with the public facilities district, subject to the review and approval of the state treasurer.

(2) No real estate excise tax or other excise tax may be imposed with respect to the transfer of assets of the public nonprofit corporation to the public facilities district.

(3) For the purposes of this section, "transfer date" means the date on or prior to June 30, 2011, on which provision has been made for all of the following, pursuant to agreements and other necessary arrangements approved by the state treasurer:

(a) The redemption, prepayment, or legal defeasance on or prior to the transfer date of all outstanding borrowings and other financing obligations of the state of Washington and the public nonprofit corporation with respect to the state convention and trade center, including state bonds and certificates of participation and related financing contracts;

(b) The transfer to the public facilities district on the transfer date of the balances on deposit in the state convention and trade center operations account, the state convention and trade center account and other accounts relating to the state convention and trade center, including the revenues identified under (g)(ii) of this subsection (3);

(c) The imposition by the public facilities district of excise taxes on the sale of or charge made for the furnishing of lodging under RCW 36.100.040 (4) and (5) at the maximum rates permitted in those subsections;

(d) The transfer of all other assets and liabilities and, to the extent permissible by their terms, the assignment or transfer of all contracts and agreements of the public nonprofit corporation from the public nonprofit corporation to the public facilities district;

SECOND SUBSTITUTE SENATE BILL NO. 6675, as amended by the House, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 22, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2782 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. INTENT. (1) The legislature finds that:

(a) Low-income families and individuals often face significant barriers to receiving the services and benefits that they are qualified to receive. These services are essential to meeting individuals' basic needs, and provide critical support to low-income individuals who are working or who have disabilities that prevent them from working;

(b) Each year millions of federal dollars go unclaimed due to underutilization of benefits such as tax credits, health care coverage, and food support;

(c) State agencies have been engaged in an effort to implement an online benefit portal to simplify and streamline access to state, federal, and local benefits that include a broad array of public benefits;

(d) Access to education and training gives low-income individuals and families the opportunity to acquire the skills they need to become successfully employed and attain self-sufficiency; and

(e) Agencies have been engaged in efforts to increase access to training and education for recipients of federal food assistance.

(2) The legislature therefore intends to strengthen existing efforts by providing enhanced structure and direction to ensure that a strong partnership among colleges, state agencies, community partners, and philanthropy be established. The legislature also intends to provide an efficient, effective, integrated approach to the delivery of basic support services and education and training programs. The integrated approach should include the creation of a one-stop-shop, online benefits portal where individuals can apply for a broad array of services, including public benefits and education and training support, and the expansion of the food stamp employment and training program.

(3) The legislature further finds that:

(a) The general assistance program can be reformed to better support the ability of persons who are unable to work due to physical or mental health impairments to either return to work, or transition to federal supplemental security income benefits; and

(b) Persons who are homeless and suffering from mental illness or chemical dependency are particularly vulnerable, because homelessness is a substantial barrier to successful participation in, and completion of, needed treatment services.

(4) Through the reforms included in this act, the legislature intends to end the general assistance program and establish the disability lifeline program, and to implement multiple strategies designed to improve the employment and basic support outcomes of persons receiving disability lifeline benefits. The legislature further intends to focus services on persons who are homeless and have a mental illness or chemical dependency by providing housing

vouchers as an alternative to a cash grant so that these persons can be in stable housing and thus have a greater opportunity to succeed in treatment.

NEW SECTION. Sec. 2. A new section is added to chapter 74.04 RCW to read as follows:

OPPORTUNITY PORTAL. (1) An online opportunity portal shall be established to provide the public with more effective access to available state, federal, and local services. The secretary of the department of social and health services shall act as the executive branch sponsor of the portal planning process. Under the leadership of the secretary, the department shall:

(a) Identify and select an appropriate solution and acquisition approach to integrate technology systems to create a user-friendly electronic tool for Washington residents to apply for benefits;

(b) Facilitate the adaptation of state information technology systems to allow applications generated through the opportunity portal and other compatible electronic application systems to seamlessly link to appropriate state information systems;

(c) Ensure that the portal provides access to a broad array of state, federal, and local services, including but not limited to: Health care services, higher education financial aid, tax credits, civic engagement, nutrition assistance, energy assistance, family support, and disability lifeline benefits as defined in sections 4 through 13 of this act;

(d) Design an implementation strategy for the portal that maximizes collaboration with community-based organizations to facilitate its use by low-income individuals and families;

(e) Provide access to the portal at a wide array of locations including but not limited to: Community or technical colleges, community college campuses where community service offices are collocated, community-based organizations, libraries, churches, food banks, state agencies, early childhood education sites, and labor unions;

(f) Ensure project resources maximize available federal and private funds for development and initial operation of the opportunity portal. Any incidental costs to state agencies shall be derived from existing resources. This subsection does not obligate or preclude the appropriation of future state funding for the opportunity portal;

(g) Determine the solution and acquisition approach by June 1, 2010.

(2) By December 1, 2011, and annually thereafter, the department of social and health services shall report to the legislature and governor. The report shall include data and information on implementation and outcomes of the opportunity portal, including any increases in the use of public benefits and increases in federal funding.

(3) The department shall develop a plan for implementing paperless application processes for the services included in the opportunity portal for which the electronic exchange of application information is possible. The plan should include a goal of achieving, to the extent possible, the transition of these services to paperless application processes by July 1, 2012. The plan must comply with federal statutes and regulations and must allow applicants to submit applications by alternative means to ensure that access to benefits will not be restricted.

(4) To the extent that the department enters into a contractual relationship to accomplish the purposes of this section, such contract or contracts shall be performance-based.

NEW SECTION. Sec. 3. A new section is added to chapter 74.04 RCW to read as follows:

BASIC FOOD EMPLOYMENT AND TRAINING PROGRAM.

(1) The department, the employment security department, and the state board for community and technical colleges shall work in partnership to expand the food stamp employment and training program. Subject to federal approval, the program shall be expanded to three additional community colleges or other community-based locations in 2010 and shall expand capacity at participating colleges.

To the greatest extent possible, expansion shall be geographically diverse. The agencies shall:

(a) Identify and seek out partnerships with community-based organizations that can provide support services and case management to participants through performance-based contracts in the food stamp employment and training program, and do not replace the positions or work of department employees;

(b) Identify eligible nonfederal matching funds to draw down the federal match for food stamp employment and training services. Matching funds may include: Local funds, foundation grants, employer- paid costs, and the state allocation to community and technical colleges.

(2) Employment and training funds may be allocated for: Educational programs to develop skills for employability, vocational education, English as a second language courses, adult basic education, GED courses, remedial programs, job readiness training, case management, intake, assessment, evaluation, and barrier removal and support services such as tuition, books, child care, transportation, housing, and counseling services.

(3) The department shall annually track and report outcomes including those achieved through performance-based contracts as follows: Federal funding received, the number of participants served, achievement points, the number of participants who enter employment during or after participation in the food stamp employment and training program, and the average wage of jobs attained. The report shall be submitted to the governor and appropriate committees of the legislature on November 1st of each year, beginning in 2010.

(4) For purposes of this section, "food stamp employment and training program" refers to a program established and administered through the employment security department and the department of social and health services.

(C) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(D) Have not refused or failed without good cause to participate in vocational rehabilitation services, if an assessment conducted under section 5 of this act indicates that the person might benefit from such services. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in vocational rehabilitation services, or when vocational rehabilitation services are not available to the person in the county of his or her residence.

(b)(i) Persons who initially apply and are found eligible for disability lifeline benefits based upon incapacity from gainful employment under (a) of this subsection on or after September 2, 2010, who are homeless and have been assessed as needing chemical dependency or mental health treatment or both, must agree, as a condition of eligibility for the disability lifeline program, to accept a housing voucher in lieu of a cash grant if a voucher is available. The department shall establish the dollar value of the housing voucher. The dollar value of the housing voucher may differ from the value of the cash grant. Persons receiving a housing voucher under this subsection also shall receive a cash stipend of fifty dollars per month.

(ii) If the department of commerce has determined under section 8 of this act that sufficient housing is not available, persons described in this subsection who apply for disability lifeline benefits during the time period that housing is not available shall receive a cash grant in lieu of a cash stipend and housing voucher.

(iii) Persons who refuse to accept a housing voucher under this subsection but otherwise meet the eligibility requirements of (a) of this subsection are eligible for medical care services benefits under RCW 74.09.035, subject to the time limits in (h) of this subsection.

(c) The following persons are not eligible for the disability lifeline program:

(i) Persons who are unemployable due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting disability lifeline benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the disability lifeline program;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause.

(d) Disability lifeline benefits shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in (a) of this subsection, and who will accept available services that can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(e) Persons who are likely eligible for federal supplemental security income benefits shall be moved into the disability lifeline expedited component of the disability lifeline program. Persons placed in the expedited component of the program may, if otherwise eligible, receive disability lifeline benefits pending application for federal supplemental security income benefits. The monetary value of any disability lifeline benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(f) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for disability lifeline incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Persons receiving disability lifeline benefits based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(h)(i) Beginning September 1, 2010, no person who is currently receiving or becomes eligible for disability lifeline program benefits shall be eligible to receive benefits under the program for more than twenty-four months in a sixty-month period. For purposes of this subsection, months of receipt of general assistance-unemployable benefits count toward the twenty-four month limit. Months during which a person received benefits under the expedited component of the disability lifeline or general assistance program or under the aged, blind, or disabled component of the disability lifeline or general assistance program shall not be included when determining whether a person has been receiving benefits for more than twenty-four months. On or before July 1, 2010, the department must review the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for at least twenty months as of that date. On or before September 1, 2010, the department must review the cases of all remaining persons who have received disability lifeline benefits for at least twelve months as of that date. The review should determine whether the person meets the federal supplemental security income disability standard and, if the person does not meet that standard, whether the receipt of additional services could lead to employability. If a need for additional services is identified, the department shall provide case management services, such as assistance with arranging transportation or locating stable housing, that will facilitate the person's access to needed services. A person may not be determined ineligible due to exceeding the time limit unless he or she has received a case review under this subsection finding that the person does not meet the federal supplemental security income disability standard.

(ii) The time limits established under this subsection expire June 30, 2013.

(i) No person may be considered an eligible individual for disability lifeline benefits with respect to any month if during that month the person:

(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(6) "Disability lifeline expedited" means a component of the disability lifeline program under which persons receiving disability lifeline benefits have been determined, after examination by an appropriate health care provider, to be likely to be eligible for federal supplemental security income benefits based on medical and behavioral health evidence that meets the disability standards used for the federal supplemental security income program.

(7) "Federal aid assistance"--The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

((6)(a) "General assistance"--Aid to persons in need who:

(i) Are not eligible to receive federal aid assistance, other than food stamps or food stamp benefits transferred electronically and medical assistance; however, an individual who refuses or fails to cooperate in obtaining federal aid assistance, without good cause, is not eligible for general assistance;

(ii) Meet one of the following conditions:

(A) Pregnant: PROVIDED, That need is based on the current income and resource requirements of the federal temporary assistance for needy families program; or

(B) Subject to chapter 165, Laws of 1992, incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department.

(C) Persons who are unemployable due to alcohol or drug addiction are not eligible for general assistance. Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. Subsection (6)(a)(ii)(B) of this section shall not be construed to prohibit the department from granting general assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program;

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the social security number shall be provided to the department upon receipt.

(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal aid assistance:

(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

(ii) To the extent authorized by the legislature in the biennial appropriations act, to recipients of temporary assistance for needy families whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level

caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received.

—(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6)(a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

—(i) First failure: One week;

—(ii) Second failure within six months: One month;

—(iii) Third and subsequent failure within one year: Two months.

—(d) Persons found eligible for general assistance based on incapacity from gainful employment may, if otherwise eligible, receive general assistance pending application for federal supplemental security income benefits. Any general assistance that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

—(e) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information.

—(f) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

—(g) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental condition. The department may discontinue benefits when there was specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who relinquish their child for adoption, remain otherwise eligible, and are not eligible to receive benefits under the federal temporary assistance for needy families program shall not have their benefits terminated until the end of the month in which the period of six weeks following the birth of the recipient's child falls. Recipients of the federal temporary assistance for needy families program who lose their eligibility solely because of the birth and relinquishment of the qualifying child may receive general assistance through the end of the month in which the period of six weeks following the birth of the child falls.

—(h) No person may be considered an eligible individual for general assistance with respect to any month if during that month the person:

—(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

—(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

—(7)) (8) "Applicant"--Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

((8)) (9) "Recipient"--Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

((9)) (10) "Standards of assistance"--The level of income required by an applicant or recipient to maintain a level of living specified by the department.

((10)) (11) "Resource"--Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent. The department may by rule designate resources that an applicant may retain and not be ineligible for public assistance because of such resources. Exempt resources shall include, but are not limited to:

(A) A home that an applicant, recipient, or their dependents is living in, including the surrounding property;

(B) Household furnishings and personal effects;

(C) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed five thousand dollars;

(D) A motor vehicle necessary to transport a ((physically disabled)) household member with a physical disability. This exclusion is limited to one vehicle per ((physically disabled)) person with a physical disability;

(E) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance. The department shall also allow recipients of temporary assistance for needy families to exempt savings accounts with combined balances of up to an additional three thousand dollars;

(F) Applicants for or recipients of ((general assistance)) disability lifetime benefits shall have their eligibility based on resource limitations consistent with the temporary assistance for needy families program rules adopted by the department; and

(G) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property: PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

((11)) (12) "Income"--(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him or her to decrease his or her need for public assistance or to aid in rehabilitating him or her or

his or her dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In addition, for cash assistance the department may disregard income pursuant to RCW 74.08A.230 and 74.12.350.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

~~((12))~~ (13) "Need"--The difference between the applicant's or recipient's standards of assistance for himself or herself and the dependent members of his or her family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his or her family.

~~((13))~~ (14) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

~~((14))~~ (15) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

NEW SECTION. Sec. 5. A new section is added to chapter 74.04 RCW to read as follows:

REFERRAL TO THE DIVISION OF VOCATIONAL REHABILITATION. (1) The economic services administration shall work jointly with the division of vocational rehabilitation to develop an assessment tool that must be used to determine whether the programs offered by the division of vocational rehabilitation could assist persons receiving disability lifeline benefits in returning to the work force. The assessment tool shall be completed no later than December 1, 2010. The economic services administration shall begin using the tool no later than January 1, 2011. No later than December 30, 2011, the department shall report on the use of the tool and to what extent the programs offered by the division of vocational rehabilitation have been successful in returning persons receiving disability lifeline benefits to the work force.

(2) After January 1, 2011, all persons receiving disability lifeline benefits shall be assessed to determine whether they would likely benefit from a program offered by the division of vocational rehabilitation. If the assessment indicates that the person might benefit, the economic services administration shall make a referral to the division of vocational rehabilitation. If the person is found eligible for a program with the division of vocational rehabilitation, he or she must participate in that program to remain eligible for the monthly stipend and housing voucher or a cash grant. If the person refuses to participate or does not complete the program, the department shall terminate the cash stipend and housing voucher or cash grant but may not terminate medical coverage and food benefits.

NEW SECTION. Sec. 6. A new section is added to chapter 74.04 RCW to read as follows:

REFERRAL TO THE DEPARTMENT OF VETERANS AFFAIRS. During the application process for disability lifeline benefits, the department shall inquire of each applicant whether he or she has ever served in the United States military service. If the applicant answers in the affirmative, the department shall confer with a veterans benefit specialist with the Washington state department of veterans affairs or a contracted veterans service officer in the community to determine whether the applicant is eligible for any

benefits or programs offered to veterans by either the state or the federal government.

NEW SECTION. Sec. 7. A new section is added to chapter 74.04 RCW to read as follows:

EARLY SSI TRANSITION PROJECT. (1) To ensure that persons who are likely eligible for supplemental security income benefits are transitioned from disability lifeline benefits to disability lifeline expedited and the medicaid program, and then to the supplemental security income program as quickly as practicable, the department shall implement the early supplemental security income transition project starting in King, Pierce, and Spokane counties no later than July 1, 2010, and extending statewide no later than October 1, 2011. The program shall be implemented through performance-based contracts with managed health care systems providing medical care services under RCW 74.09.035 or other qualified entities. The participants shall have the following responsibilities and duties under this program:

(a) The entities with whom the department contracts to provide the program shall be responsible for:

(i) Systematically screening persons receiving disability lifeline benefits at the point of eligibility determination or shortly thereafter to determine if the persons should be referred for medical or behavioral health evaluations to determine whether they are likely eligible for supplemental security income;

(ii) Immediately sharing the results of the disability screening with the department;

(iii) Managing disability lifeline incapacity evaluation examinations to provide timely access to needed medical and behavioral health evaluations and standardizing health care providers' conduct of incapacity evaluations. To maximize the timeliness and efficiency of incapacity evaluation examinations, the department must strongly consider contracting with a managed health care system with a network of health care providers that are trained and have agreed to conduct disability lifeline medical and psychological incapacity and recertification exams. The department may obtain medical evidence and other relevant information from sources other than the contracted entity if such evidence is available at the time of a person's application for disability lifeline benefits and is sufficient to support a determination that the person is incapacitated;

(iv) Maintaining a centralized appointment and clinical data system; and

(v) Assisting persons receiving disability lifeline benefits with obtaining additional medical or behavioral health examinations needed to meet the disability standard for federal supplemental security income benefits and with submission of applications for supplemental security income benefits.

(b) The department shall be responsible for:

(i) Determining incapacity and eligibility for disability lifeline benefits;

(ii) Making timely determinations that a person receiving disability lifeline benefits is likely eligible for supplemental security income based on medical evidence and other relevant information provided by a contracted entity, and immediately referring such persons to a contracted entity for services;

(iii) Developing standardized procedures for sharing data and information with the contracted entities to ensure timely identification of clients who have not been transferred to the disability lifeline expedited program within four months of their date of application, but who may, upon further review, be appropriately transferred to that program;

(iv) Providing case management, in partnership with the managed health care system or contracted entity, to support persons' transition to federal supplemental security income and medicaid benefits; and

(v) Identifying a savings determination methodology, in consultation with the contracted entities, the office of financial

management, and the legislature, on or before implementation of the project.

(2) Early supplemental security income transition project contracts shall include the following performance goals:

(a) Persons receiving disability lifeline benefits should be screened within thirty days of entering the program to determine the propriety of their transfer to the disability lifeline expedited program; and

(b) Seventy-five percent of persons receiving disability lifeline benefits that appear likely to qualify for supplemental security income benefits shall be transferred to the disability lifeline expedited program within four months of their application for disability lifeline benefits.

(3) The initial focus of the efforts of the early supplemental security income transition project shall be on persons who have been receiving disability lifeline or general assistance unemployable benefits for twelve or more months as of September 1, 2010.

(4) No later than December 1, 2011, the department shall report to the governor and appropriate policy and fiscal committees on whether the early supplemental security income transition project performance goals in subsection (2) of this section were met, including the reasons those goals were or were not met.

(5) Pursuant to RCW 41.06.142(3), performance-based contracting under this section is expressly mandated by the legislature and is not subject to the processes set forth in RCW 41.06.142 (1), (4), and (5).

The statewide expansion of the program under this section shall be considered expressly mandated by the legislature and not be subject to the provisions of RCW 41.06.142 (1), (4), and (5).

NEW SECTION. Sec. 8. A new section is added to chapter 43.330 RCW to read as follows:

DISABILITY LIFELINE HOUSING VOUCHER PROGRAM.

(1) To address the housing issues faced by the disability lifeline applicants in RCW 74.04.005(5)(b), the department of commerce and the department of social and health services shall jointly develop a housing voucher program. The departments also shall develop housing resources to be used by the applicants in RCW 74.04.005(5)(b). To the greatest extent possible, the housing resources shall follow the supportive housing model. The department of commerce shall administer the housing voucher program and shall:

(a) Identify the current supply of private and public housing including acquisition and rental of existing housing stock;

(b) Develop funding strategies for the development of housing resources; and

(c) Design the voucher program to maximize the ability of the department of social and health services to recover federal funding.

(2) If the department of commerce determines that the housing supply is inadequate to meet the need for those applicants qualifying for housing vouchers under RCW 74.04.005(5)(b), those applicants shall instead receive a cash grant administered by the department of social and health services. Upon the department of commerce's determination that the housing supply is adequate to meet the needs of the applicants in RCW 74.04.005(5)(b), housing vouchers rather than cash grants shall be issued to these applicants who apply on or after the department's determination.

(3) The department of commerce and the department of social and health services shall evaluate the impact of the use of housing vouchers under this section and report to the governor and relevant policy and fiscal committees of the legislature by November 30, 2012, on the following items:

(a) The supply, affordability, appropriateness, and use of stable housing;

(b) The following outcomes for persons receiving disability lifeline housing vouchers:

(i) Participation in and completion of chemical dependency or mental health treatment;

(ii) Contact with law enforcement, including arrest and conviction data;

(iii) Use of emergency room services; and

(iv) Involuntary commitment under chapter 71.05 RCW.

NEW SECTION. Sec. 9. A new section is added to chapter 70.47 RCW to read as follows:

BASIC HEALTH PLAN ENROLLMENT. In order to ensure continuity of health care coverage and avoid deterioration in health status, persons who have lost eligibility for disability lifeline benefits under RCW 74.04.005(5) due to improvement in their health status and who are eligible for subsidized basic health coverage shall be given priority for enrollment in the basic health plan. If the administrator closes or limits subsidized enrollment, to the extent funding is available, the basic health plan must continue to accept and process applications for subsidized enrollment from persons described in this section.

NEW SECTION. Sec. 10. A new section is added to chapter 70.96A RCW to read as follows:

ACCESS TO CHEMICAL DEPENDENCY TREATMENT. If an assessment by a certified chemical dependency counselor indicates a need for drug or alcohol treatment, in order to enable a person receiving disability lifeline benefits to improve his or her health status and transition from disability lifeline benefits to employment, or transition to federal disability benefits, the person must be given high priority for enrollment in treatment, within funds appropriated for that treatment. However, first priority for receipt of treatment services must be given to pregnant women and parents of young children. This section expires June 30, 2013. Persons who are terminated from disability lifeline benefits under RCW 74.04.005(5)(h) and are actively engaged in chemical dependency treatment during the month they are terminated shall be provided the opportunity to complete their current course of treatment.

NEW SECTION. Sec. 11. A new section is added to chapter 74.04 RCW to read as follows:

By December 1, 2012, the Washington state institute for public policy shall submit a report to the governor and the relevant policy and fiscal committees of the legislature that:

(1) Analyzes the experience of persons who have been terminated from disability lifeline benefits pursuant to RCW 74.04.005(5). The report shall include at least the following information:

(a) The number of persons terminated from the program who transition to supplemental security income benefits;

(b) The number of persons who become employed;

(c) The rate at which the affected persons use hospital emergency room services;

(d) The number of persons involuntarily committed under chapter 71.05 RCW;

(e) The number of persons arrested or convicted of criminal offenses; and

(f) The mortality rate of the affected persons; and

(2) Reports as to whether the case review standards and early supplemental security income transition project performance goals in RCW 74.04.005(5) have been met by the department.

Sec. 12. RCW 10.101.010 and 1998 c 79 s 2 are each amended to read as follows:

The following definitions shall be applied in connection with this chapter:

(1) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, (~~general assistance~~) disability lifeline benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty-five percent or less of the current federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(2) "Indigent and able to contribute" means a person who, at any stage of a court proceeding, is unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are less than the anticipated cost of counsel but sufficient for the person to pay a portion of that cost.

(3) "Anticipated cost of counsel" means the cost of retaining private counsel for representation on the matter before the court.

(4) "Available funds" means liquid assets and disposable net monthly income calculated after provision is made for bail obligations. For the purpose of determining available funds, the following definitions shall apply:

(a) "Liquid assets" means cash, savings accounts, bank accounts, stocks, bonds, certificates of deposit, equity in real estate, and equity in motor vehicles. A motor vehicle necessary to maintain employment and having a market value not greater than three thousand dollars shall not be considered a liquid asset.

(b) "Income" means salary, wages, interest, dividends, and other earnings which are reportable for federal income tax purposes, and cash payments such as reimbursements received from pensions, annuities, social security, and public assistance programs. It includes any contribution received from any family member or other person who is domiciled in the same residence as the defendant and who is helping to defray the defendant's basic living costs.

(c) "Disposable net monthly income" means the income remaining each month after deducting federal, state, or local income taxes, social security taxes, contributory retirement, union dues, and basic living costs.

(d) "Basic living costs" means the average monthly amount spent by the defendant for reasonable payments toward living costs, such as shelter, food, utilities, health care, transportation, clothing, loan payments, support payments, and court-imposed obligations.

Sec. 13. RCW 13.34.030 and 2009 c 520 s 21 and 2009 c 397 s 1 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(7) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual.

(8) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(9) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. (2) Undisbursed reverse mortgage funds must be treated as equity in the borrower's home and not as proceeds from a loan, resources, or assets for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. It also includes a living situation maintained by an agency that is licensed under chapter 74.15 RCW that the department finds would provide an appropriate supportive living arrangement. Grant assistance shall not be provided under this chapter if the applicant does not reside in the most appropriate living situation, as determined by the department.

(2) A pregnant minor residing in the most appropriate living situation, as provided under subsection (1) of this section, is presumed to be unable to manage adequately the funds paid to the minor or on behalf of the dependent child or children and, unless the minor provides sufficient evidence to rebut the presumption, shall be subject to the protective payee requirements provided for under RCW 74.12.250 and 74.08.280.

It shall be presumed in any administrative or judicial proceeding conducted under this subsection that the parental home or other relative placement requested by the parents or parent is the most appropriate living situation. This presumption is rebuttable.

(5) For the purposes of this section, "most appropriate living situation" shall not include a living situation including an adult male who fathered the qualifying child and is found to meet the elements of rape of a child as set forth in RCW 9A.44.079.

The standard of need may take into account the economies of joint living arrangements, but unless explicitly required by federal statute, there shall not be proration of any portion of assistance grants unless the amount of the grant standard is equal to the standard of need.

The department is authorized to establish rateable reductions and grant maximums consistent with federal law.

There is a rebuttable presumption that a person who has transferred or transfers any real or personal property or any interest in property within two years of the date of application for the assistance without receiving adequate monetary consideration therefor, did so for the purpose of rendering himself or herself eligible for the assistance. Any person who transfers property for the purpose of rendering himself or herself eligible for assistance, or any person who after becoming a recipient transfers any property or any interest in property without the consent of the secretary, shall be ineligible for assistance for a period of time during which the reasonable value of the property so transferred would have been adequate to meet the person's needs under normal conditions of living: PROVIDED, That the secretary is hereby authorized to allow exceptions in cases where undue hardship would result from a denial of assistance.

(6) The economic services administration shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid.

Sec. 31. RCW 74.50.060 and 1989 1st ex.s. c 18 s 3 are each amended to read as follows:

(1) The department shall establish a shelter assistance program to provide, within available funds, shelter for persons eligible under this chapter. "Shelter," "shelter support," or "shelter assistance" means a facility under contract to the department providing room and board in a supervised living arrangement, normally in a group or dormitory setting, to eligible recipients under this chapter. This may include supervised domiciliary facilities operated under the auspices of public or private agencies. No facility under contract to the department shall allow the consumption of alcoholic beverages on the premises. The department may contract with counties and cities for such shelter services. To the extent possible, the department shall not displace existing emergency shelter beds for use as shelter under this chapter. In areas of the state in which it is not feasible to develop shelters, due to low numbers of people needing shelter services, or in which sufficient numbers of shelter beds are not available, the department may provide shelter through an intensive protective payee program, unless the department grants an exception on an individual basis for less intense supervision.

(2) Persons continuously eligible for the ~~((general assistance--unemployable program))~~ disability lifeline program since July 25, 1987, who transfer to the program established by this chapter, have the option to continue their present living situation, but only through a protective payee.

NEW SECTION. Sec. 32. A new section is added to chapter 74.08A RCW to read as follows:

Recipients exempted from active work search activities due to incapacity or a disability shall receive disability lifeline benefits as they relate to the facilitation of enrollment in the federal supplemental security income program, access to chemical dependency treatment, referrals to vocational rehabilitation, and other services needed to assist the recipient in becoming employable. Disability lifeline benefits shall not supplant cash assistance and other services provided through the temporary assistance for needy families program. To the greatest extent possible, services shall be funded through the temporary assistance for needy families appropriations.

NEW SECTION. Sec. 33. This act shall be known and cited as the security lifeline act.

NEW SECTION. Sec. 34. Except for section 10 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 35. Section 10 of this act takes effect July 1, 2010.

NEW SECTION. Sec. 36. If private funding sufficient to implement and operate the portal authorized under section 2 of this act is not secured by December 31, 2010, section 2 of this act is null and void.

NEW SECTION. Sec. 37. Sections 1 through 10 and 29 of this act shall be implemented within the amounts appropriated specifically for these purposes in the omnibus operating appropriations act."

On page 1, line 1 of the title, after "lifeline act;" strike the remainder of the title and insert "amending RCW 74.04.005, 10.101.010, 26.19.071, 31.04.540, 70.123.110, 73.08.005, 74.04.0052, 74.04.120, 74.04.230, 74.04.266, 74.04.620, 74.04.770, 74.08.043, 74.08.278, 74.08.335, 74.08A.210, 74.09.010, 74.09.035, 74.09.555, and 74.50.060; reenacting and amending RCW 13.34.030; adding new sections to chapter 74.04 RCW; adding a new section to chapter 43.330 RCW; adding a new section to chapter 70.47 RCW; adding a new section to chapter 70.96A RCW; adding a new section to chapter 74.08A RCW; creating new sections; providing an effective date; providing an expiration date; and declaring an emergency."

The legislature finds that there are several areas in the state that are characterized by very high levels of unemployment and poverty. The ~~((legislative legislature))~~ legislature further finds that economic stagnation is the primary cause of this high unemployment rate and poverty; that new state policies are necessary in order to promote economic stimulation and new employment opportunities in these distressed areas; and that policies providing incentives for economic growth in these distressed areas are essential. For these reasons, the legislature ~~((hereby))~~ reestablishes a tax deferral program to be effective solely in distressed ~~((areas and under circumstances where the deferred tax payments are for investments or costs that result in the creation of a specified number of jobs))~~ counties. The legislature declares that this limited program serves the vital public purpose of creating employment opportunities and reducing poverty in the distressed ~~((areas))~~ counties of the state.

Sec. 2. RCW 82.60.020 and 2010 c ... (SHB 3066) s 138 are each amended to read as follows:

NEW SECTION. Sec. 3. A new section is added to chapter 82.60 RCW to read as follows:

The department, with the assistance of the employment security department, must establish a list of qualifying counties effective July 1, 2010. The list of qualifying counties is effective for a twenty-four month period and must be updated by July 1st of the year that is two calendar years after the list was established or last updated, as the case may be.

NEW SECTION. Sec. 4. A new section is added to chapter 82.60 RCW to read as follows:

The lessor or owner of a qualified building is not eligible for a deferral unless:

(1) The underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person; or

(2)(a) The lessor by written contract agrees to pass the economic benefit of the deferral to the lessee;

(b) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual survey required under RCW 82.60.070; and

(c) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the qualified building and the lessee.

(1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application ~~((shall))~~ **must** be made to the department in a form and manner prescribed by the department. The application ~~((shall))~~ **must** contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time

schedules for completion and operation, and other information required by the department. The department ~~((shall))~~ **must** rule on the application within sixty days.

(2) This section expires July 1, 2020.

Sec. 6. RCW 82.60.040 and 2004 c 25 s 4 are each amended to read as follows:

(1) The department ~~((shall))~~ **must** issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project ~~((that is located in an eligible area as defined in RCW 82.60.020)).~~

(2) The department ~~((shall))~~ **must** keep a running total of all deferrals granted under this chapter during each fiscal biennium.

(3) This section expires July 1, ~~((2010))~~ **2020.**

Sec. 7. RCW 82.60.049 and 2004 c 25 s 5 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Eligible area" also means a designated community empowerment zone approved under RCW 43.31C.020 ~~((or a county containing a community empowerment zone)).~~

(b) "Eligible investment project" also means an investment project in an eligible area as defined in this section.

(2) In addition to the provisions of RCW 82.60.040, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment for which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone or the county in which the zone is located. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

Sec. 8. RCW 82.60.060 and 2000 c 106 s 5 are each amended to read as follows:

(1) The recipient ~~((shall))~~ **must** begin paying the deferred taxes in the third year after the date certified by the department as the date on which the ~~((construction))~~ **investment** project has been operationally completed. The first payment will be due on December 31st of the third calendar year after such certified date, with subsequent annual payments due on December 31st of the following four years with amounts of payment scheduled as follows:

Repayment Year	% of Deferred Tax Repaid
1	10%
2	15%
3	20%
4	25%

(2) The department may authorize an accelerated repayment schedule upon request of the recipient.

(3) Interest ~~((shall))~~ may not be charged on any taxes deferred under this chapter for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

Sec. 9. RCW 82.60.070 and 2010 c ... (SHB 3066) s 139 are each amended to read as follows:

(1)(a) Each recipient of a deferral of taxes granted under this chapter must file a complete annual survey with the department under RCW 82.32. . . (section 102, chapter . . . (SHB 3066), Laws of 2010). If the economic benefits of the deferral are passed to a lessee as provided in ~~((RCW 82.60.020(4)))~~ section 4 of this act, the lessee must file a complete annual survey, and the applicant is not required to file a complete annual survey.

(b) The department must use the information reported on the annual survey required by this section to study the tax deferral program authorized under this chapter. The department must report to the legislature by December 1, ~~((2009))~~ 2019. The report must measure the effect of the program on job creation, the number of jobs created for residents of eligible areas, company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

(2) Except as provided in section 10 of this act, if, on the basis of a survey under ~~((section))~~ RCW 82.32. . . (section 102, chapter . . . (SHB 3066), Laws of 2010) or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project ~~((is)),~~ according to the repayment schedule in RCW 82.60.060, is immediately due. For purposes of this subsection (2)(a), the repayment schedule in RCW 82.60.060 is tolled during the period of time that a taxpayer is receiving relief from repayment of deferred taxes under section 10 of this act.

(3) A recipient who must repay deferred taxes under subsection (2) of this section because the department has found that an investment project is not eligible for tax deferral under this chapter is no longer required to file annual surveys under RCW 82.32. . . (section 102, chapter . . . (SHB 3066), Laws of 2010) beginning on the date an investment project is used for nonqualifying purposes.

(4) Notwithstanding any other provision of this section or RCW 82.32. . . (section 102, chapter . . . (SHB 3066), Laws of 2010), deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

(b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

NEW SECTION. Sec. 10. A new section is added to chapter 82.60 RCW to read as follows:

(1) Subject to the conditions in this section, a person is not liable for the amount of deferred taxes outstanding for an investment project when the person temporarily ceases to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities in a county with a population of less than twenty thousand persons for a period not to exceed twenty- four months from the date that the department sent its assessment for the amount of outstanding deferred taxes to the taxpayer.

(2) The relief from repayment of deferred taxes under this section does not apply unless the number of qualified employment positions maintained at the investment project after manufacturing or research and development activities are temporarily ceased is at least ten percent of the number of qualified employment positions employed at the investment project at the time the deferral was approved by the department. If a person has been approved for more than one deferral under this chapter, relief from repayment of deferred taxes under this section does not apply unless the number of qualified employment positions maintained at the investment project after manufacturing or research and development activities are temporarily ceased is at least ten percent of the highest number of qualified employment positions at the investment project at the time any of the deferrals were approved by the department. If, at any time during the twenty-four month period after the department has sent the taxpayer an assessment for outstanding deferred taxes resulting from the person temporarily ceasing to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities, the number of qualified employment positions falls below the ten percent threshold in this subsection, the amount of deferred taxes outstanding for the project is immediately due.

(3) The lessor of an investment project for which a deferral has been granted under this chapter who has passed the economic benefits of the deferral to the lessee is not eligible for relief from the payment of deferred taxes under this section.

(4) A person seeking relief from the payment of deferred taxes under this section must apply to the department in a form and manner prescribed by the department. The application required under this subsection must be received by the department within thirty days of the date that the department sent its assessment for outstanding deferred taxes resulting from the person temporarily ceasing to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities. The department must approve applications that meet the requirements in this section for relief from the payment of deferred taxes.

(5) A person is entitled to relief under this section only once.

(6) A person whose application for relief from the payment of deferred taxes has been approved under this section must continue to file an annual survey as required under RCW 82.60.070(1) or any successor statute. In addition, the person must file, in a form and manner prescribed by the department, a report on the status of the business and the outlook for commencing manufacturing or research and development activities.

Transfers of sick leave under this subsection are limited to transfers from employees who do not accrue annual leave. Under this subsection, "sick leave" also includes leave accrued pursuant to RCW 28A.400.300(2) or 28A.310.240(1) with compensation for illness, injury, and emergencies.

(5) Transfers of leave made by an agency head under subsections (3) and (4) of this section shall not exceed the requested amount.

(6) Leave transferred under this section may be transferred from employees of one agency to an employee of the same agency or, with the approval of the heads of both agencies, to an employee of another state agency. However, leave transferred to or from employees of school districts or educational service districts is limited to transfers to or from employees within the same employing district.

(7) While an employee is on leave transferred under this section, he or she shall continue to be classified as a state employee and shall receive the same treatment in respect to salary, wages, and employee benefits as the employee would normally receive if using accrued annual leave or sick leave.

(a) All salary and wage payments made to employees while on leave transferred under this section shall be made by the agency employing the person receiving the leave. The value of leave transferred shall be based upon the leave value of the person receiving the leave.

(b) In the case of leave transferred by an employee of one agency to an employee of another agency, the agencies involved shall arrange for the transfer of funds and credit for the appropriate value of leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under this section only if and to the extent that the agency's existing appropriation authority would prevent it from expending the funds received.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

(9) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. Before the agency head makes a determination to return unused leave in connection with an illness or injury, or any other qualifying condition, he or she must receive from the affected employee a statement from the employee's doctor verifying that the illness or injury is resolved. To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

(10) An employee who uses leave that is transferred to him or her under this section may not be required to repay the value of the leave that he or she used.

NEW SECTION. Sec. 11. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

SECOND READING**HOUSE BILL NO. 1690, by Representatives Hasegawa, Hunt, Hudgins, Anderson and Kenney****Authorizing alternative public works contracting procedures.**

The bill was read the second time.

Representative Dammeier moved the adoption of amendment (1739).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The establishment of alternative public works contracting procedures authorized for use by public bodies has been a complex, controversial, and challenging undertaking, but it has been successful. The key to the successful adoption and consideration of these procedures has depended, in great part, on the review and oversight mechanisms put in place by the legislature in chapter 39.10 RCW, as well as the countless hours of dedicated work by numerous stakeholders over many years. It is the intent of the legislature to clarify that, unless otherwise specifically provided for in law, public bodies that want to use an alternative public works contracting procedure may use only those procedures specifically authorized in chapter 39.10 RCW.

Sec. 2. RCW 39.10.200 and 2007 c 494 s 1 are each amended to read as follows:

The legislature finds that the traditional process of awarding public works contracts in lump sum to the lowest responsible bidder is a fair and objective method of selecting a contractor. However, under certain circumstances, alternative public works contracting procedures may best serve the public interest if such procedures are implemented in an open and fair process based on objective and equitable criteria. The purpose of this chapter is to authorize the use of certain supplemental alternative public works contracting procedures, to prescribe appropriate requirements to ensure that such

contracting procedures serve the public interest, and to establish a process for evaluation of such contracting procedures. It is the intent of the legislature to establish that, unless otherwise specifically provided for in law, public bodies may use only those alternative public works contracting procedures specifically authorized in this chapter, subject to the requirements of this chapter.

Sec. 3. RCW 39.10.230 and 2009 c 75 s 1 are each amended to read as follows:

The board has the following powers and duties:

(1) Develop and recommend to the legislature policies to further enhance the quality, efficiency, and accountability of capital construction projects through the use of traditional and alternative delivery methods in Washington, and make recommendations regarding expansion, continuation, elimination, or modification of the alternative public works contracting methods;

(2) Evaluate the use of existing contracting procedures and the potential future use of other alternative contracting procedures including competitive negotiation contracts;

(3) ~~(Develop guidelines to be used by the committee for the review and approval of design build demonstration projects that procure operations and maintenance services)~~ Submit recommendations to the appropriate committees of the legislature evaluating alternative contracting procedures that are not authorized under this chapter;

(4) Appoint members of the committee; and

(5) Develop and administer questionnaires designed to provide quantitative and qualitative data on alternative public works contracting procedures on which evaluations are based.

Sec. 4. RCW 43.131.408 and 2007 c 494 s 507 are each amended to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 2014:

(1) RCW 39.10.200 and section 2 of this act, 2007 c 494 s 1, & 1994 c 132 s 1;

(2) RCW 39.10.210 and 2007 c 494 s 101 & 2005 c 469 s 3;

(3) RCW 39.10.220 and 2007 c 494 s 102 & 2005 c 377 s 1;

(4) RCW 39.10.230 and section 3 of this act, 2009 c 75 s 1, 2007 c 494 s 103, & 2005 c 377 s 2;

(5) RCW 39.10.240 and 2007 c 494 s 104;

(6) RCW 39.10.250 and 2007 c 494 s 105;

(7) RCW 39.10.260 and 2007 c 494 s 106;

(8) RCW 39.10.270 and 2007 c 494 s 107;

MESSAGE FROM THE SENATE

April 10, 2010

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2956, and under suspension of the rules returned ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2956 to second reading for the

purpose of amendment. The Senate further adopted amendment 2956-S2.E and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. PURPOSE, FINDINGS, AND INTENT. (1) The purpose of this chapter is to provide for a safety net assessment on certain Washington hospitals, which will be used solely to augment funding from all other sources and thereby obtain additional funds to restore recent reductions and to support additional payments to hospitals for medicaid services.

(2) The legislature finds that:

(a) Washington hospitals, working with the department of social and health services, have proposed a hospital safety net assessment to generate additional state and federal funding for the medicaid program, which will be used to partially restore recent inpatient and outpatient reductions in hospital reimbursement rates and provide for an increase in hospital payments; and

(b) The hospital safety net assessment and hospital safety net assessment fund created in this chapter allows the state to generate additional federal financial participation for the medicaid program and provides for increased reimbursement to hospitals.

(3) In adopting this chapter, it is the intent of the legislature:

(a) To impose a hospital safety net assessment to be used solely for the purposes specified in this chapter;

(b) That funds generated by the assessment shall be used solely to augment all other funding sources and not as a substitute for any other funds;

(c) That the total amount assessed not exceed the amount needed, in combination with all other available funds, to support the reimbursement rates and other payments authorized by this chapter; and

(d) To condition the assessment on receiving federal approval for receipt of additional federal financial participation and on continuation of other funding sufficient to maintain hospital inpatient and outpatient reimbursement rates and small rural disproportionate share payments at least at the levels in effect on July 1, 2009.

"NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the department on audit or otherwise shall be returned to the fund.

(a) Any unexpended balance in the fund at the end of a fiscal biennium shall carry over into the following biennium and shall be applied to reduce the amount of the assessment under section 6(1)(c) of this act.

(b) Any amounts remaining in the fund on July 1, 2013, shall be used to make increased payments in accordance with sections 10 and 13 of this act for any outstanding claims with dates of service prior to July 1, 2013. Any amounts remaining in the fund after such increased payments are made shall be refunded to hospitals, pro rata according to the amount paid by the hospital, subject to the limitations of federal law.

An additional sum of seventeen million five-hundred thousand dollars for the 2009-2011 fiscal biennium may be expended in lieu of state general fund payments to hospitals if additional federal financial participation under section 5001 of P.L. Such notice shall be transmitted immediately upon determination by the secretary that the applicable conditions established by section 17(1) of this act have been met.

(a) Prospective payment system hospitals.

(i) Each prospective payment system hospital shall pay an assessment of thirty dollars for each annual nonmedicare hospital inpatient day up to sixty thousand per year, multiplied by a ratio, the numerator of which is the number of days between June 30, 2009, and the day after the applicable conditions established by section 17(1) of this act have been met and the denominator of which is three hundred sixty-five.

(ii) Each prospective payment system hospital shall pay an assessment of one dollar for each annual nonmedicare hospital inpatient day over and above sixty thousand per year, multiplied by a ratio, the numerator of which is the number of days between June 30, 2009, and the day after the applicable conditions established by section 17(1) of this act have been met and the denominator of which is three hundred sixty-five.

(b) Each critical access hospital shall pay an assessment of ten dollars for each annual nonmedicare hospital inpatient day, multiplied by a ratio, the numerator of which is the number of days between June 30, 2009, and the day after the applicable conditions established by section 17(1) of this act have been met and the denominator of which is three hundred sixty-five.

(c) For purposes of this subsection, the department shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare inpatient days for each hospital that is not exempt from the assessment as described in section 5 of this act for the relevant state fiscal year 2008 portions included in the hospital's fiscal year end reports 2007 and/or 2008 cost reports. The department may adjust the assessment or the number of nonmedicare hospital inpatient days used to calculate the assessment amount if necessary to maintain compliance with federal statutes and regulations related to medicaid program health care-related taxes.

(ii) Each psychiatric hospital and each rehabilitation hospital shall pay an assessment of thirty-nine dollars for each annual nonmedicare hospital inpatient day, multiplied by the number of days in the assessment period divided by three hundred sixty-five.

(c) For the period beginning July 1, 2011, through June 30, 2013:

(i) Prospective payment system hospitals.

(A) Each prospective payment system hospital shall pay an assessment of one hundred fifty-six dollars for each annual nonmedicare hospital inpatient day up to sixty thousand per year, multiplied by the number of days in the assessment period divided by three hundred sixty-five.

(B) Each prospective payment system hospital shall pay an assessment of six dollars for each annual nonmedicare inpatient day over and above sixty thousand per year, multiplied by the number of days in the assessment period divided by three hundred sixty-five. The department shall use nonmedicare hospital inpatient day data for each hospital taken from the centers for medicare and medicaid services' hospital 2552-96 cost report data file as of November 30, 2009, or equivalent data collected by the department.

(ii) For purposes of (c) of this subsection, the department shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare hospital inpatient days for each hospital that is not exempt from the assessment under section 5 of this act, taken from the most recent publicly available hospital 2552-96 cost report data file or successor data file available through the centers for medicare and medicaid services, as of a date to be determined by the department. If cost report data are unavailable from the foregoing source for any hospital subject to the assessment, the department shall collect such information directly from the hospital.

(4) Notwithstanding the provisions of section 8 of this act, nothing in this act is intended to prohibit a hospital from including assessment amounts paid in accordance with this section on their medicare and medicaid cost reports.

NEW SECTION. Sec. 5. EXEMPTIONS. The following hospitals are exempt from any assessment under this chapter provided that if and to the extent any exemption is held invalid by a court of competent jurisdiction or by the centers for medicare and medicaid services, hospitals previously exempted shall be liable for assessments due after the date of final invalidation:

(1) Hospitals owned or operated by an agency of federal or state government, including but not limited to western state hospital and eastern state hospital;

(2) Washington public hospitals that participate in the certified public expenditure program;

(3) Hospitals that do not charge directly or indirectly for hospital services; and

(4) Long-term acute care hospitals.

NEW SECTION. Sec. 6. ADMINISTRATION AND COLLECTION. (1) The department, in cooperation with the office of financial management, shall develop rules for determining the amount to be assessed to individual hospitals, notifying individual hospitals of the assessed amount, and collecting the amounts due. Such rule making shall specifically include provision for:

(a) Transmittal of quarterly notices of assessment by the department to each hospital informing the hospital of its nonmedicare hospital inpatient days and the assessment amount due and payable. Such quarterly notices shall be sent to each hospital at least thirty calendar days prior to the due date for the quarterly assessment payment.

(b) Interest on delinquent assessments at the rate specified in RCW 82.32.050.

(c) Adjustment of the assessment amounts as follows:

(i) For each fiscal year beginning July 1, 2010, the assessment amounts under section 4 (1) and (3) of this act may be adjusted as follows:

(A) If sufficient other funds for hospitals, excluding any extension of section 5001 of P.L. No. 111-5, are available to support the reimbursement rates and other payments under section 9, 10, 11, 12, or 13 of this act without utilizing the full assessment authorized under section 4 (1) or (3) of this act, the department shall reduce the amount of the assessment for prospective payment system, psychiatric, and rehabilitation hospitals proportionately to the minimum level necessary to support those reimbursement rates and other payments.

(B) Provided that none of the conditions set forth in section 17(2) of this act have occurred, if the department's forecasts indicate that the

assessment amounts under section 4 (1) and (3) of this act, together with all other available funds, are not sufficient to support the reimbursement rates and other payments under section 9, 10, 11, 12, or 13 of this act, the department shall increase the assessment rates for prospective payment system, psychiatric, and rehabilitation hospitals proportionately to the amount necessary to support those reimbursement rates and other payments, plus a contingency factor up to ten percent of the total assessment amount.

(C) Any positive balance remaining in the fund at the end of the fiscal year shall be applied to reduce the assessment amount for the subsequent fiscal year.

(ii) Any adjustment to the assessment amounts pursuant to this subsection, and the data supporting such adjustment, including but not limited to relevant data listed in subsection (2) of this section, must be submitted to the Washington state hospital association for review and comment at least sixty calendar days prior to implementation of such adjusted assessment amounts. Any review and comment provided by the Washington state hospital association shall not limit the ability of the Washington state hospital association or its members to challenge an adjustment or other action by the department that is not made in accordance with this chapter.

(2) By November 30th of each year, the department shall provide the following data to the Washington state hospital association:

- (a) The fund balance;
- (b) The amount of assessment paid by each hospital;
- (c) The annual medicaid fee-for-service payments for inpatient hospital services and outpatient hospital services; and

(d) The medicaid healthy options inpatient and outpatient payments as reported by all hospitals to the department on disproportionate share hospital applications. The department shall amend the disproportionate share hospital application and reporting instructions as needed to ensure that the foregoing data is reported by all hospitals as needed in order to comply with this subsection (2)(d).

(3) The department shall determine the number of nonmedicare hospital inpatient days for each hospital for each assessment period.

(4) To the extent necessary, the department shall amend the contracts between the managed care organizations and the department and between regional support networks and the department to incorporate the provisions of section 13 of this act. The department shall pursue amendments to the contracts as soon as possible after the effective date of this act. The amendments to the contracts shall, among other provisions, provide for increased payment rates to managed care organizations in accordance with section 13 of this act.

NEW SECTION. Sec. 7. LOCAL ASSESSMENTS OR TAXES NOT AUTHORIZED. Nothing in this chapter shall be construed to authorize any unit of local government to impose a tax or assessment on hospitals, including but not limited to a tax or assessment measured by a hospital's income, earnings, bed days, or other similar measures.

NEW SECTION. Sec. 8. ASSESSMENT PART OF OPERATING OVERHEAD. The incidence and burden of assessments imposed under this chapter shall be on hospitals and the expense associated with the assessments shall constitute a part of the operating overhead of hospitals. Hospitals shall not increase charges or billings to patients or third-party payers as a result of the assessments under this chapter. The department may require hospitals to submit certified statements by their chief financial officers or equivalent officials attesting that they have not increased charges or billings as a result of the assessments.

NEW SECTION. Sec. 9. RESTORATION OF JUNE 30, 2009, REIMBURSEMENT RATES. Upon satisfaction of the applicable conditions set forth in section 17(1) of this act, the department shall:

(1) Restore medicaid inpatient and outpatient reimbursement rates to levels as if the four percent medicaid inpatient and outpatient rate reductions did not occur on July 1, 2009; and

(2) Recalculate the amount payable to each hospital that submitted an otherwise allowable claim for inpatient and outpatient medicaid-covered services rendered from and after July 1, 2009, up to and including the date when the applicable conditions under section 17(1) of this act have been satisfied, as if the four percent medicaid inpatient and outpatient rate reductions did not occur effective July 1, 2009, and, within sixty calendar days after the date upon which the applicable conditions set forth in section 17(1) of this act have been satisfied, remit the difference to each hospital.

NEW SECTION. Sec. 10. INCREASED HOSPITAL PAYMENTS. (1) Upon satisfaction of the applicable conditions set forth in section 17(1) of this act and for services rendered on or after February 1, 2010, the department shall increase the medicaid inpatient and outpatient fee-for-service hospital reimbursement rates in effect on June 30, 2009, by the percentages specified below:

- (a) Prospective payment system hospitals:
 - (i) Inpatient psychiatric services: Thirteen percent;
 - (ii) Inpatient services: Thirteen percent;
 - (iii) Outpatient services: Thirty-six and eighty-three one-hundredths percent.

(b) Harborview medical center and University of Washington medical center:

- (i) Inpatient psychiatric services: Three percent;
- (ii) Inpatient services: Three percent;
- (iii) Outpatient services: Twenty-one percent.

(c) Rehabilitation hospitals:

- (i) Inpatient services: Thirteen percent;
- (ii) Outpatient services: Thirty-six and eighty-three one-hundredths percent;

(d) Psychiatric hospitals:

- (i) Inpatient psychiatric services: Thirteen percent;
- (ii) Inpatient services: Thirteen percent.

(2) For claims processed for services rendered on or after February 1, 2010, but prior to satisfaction of the applicable conditions specified in section 17(1) of this act, the department shall, within sixty calendar days after satisfaction of those conditions, calculate the amount payable to hospitals in accordance with this section and remit the difference to each hospital that has submitted an otherwise allowable claim for payment for such services.

(3) By December 1, 2012, the department will submit a study to the legislature with recommendations on the amount of the assessments necessary to continue to support hospital payments for the 2013-15 biennium. The evaluation will assess medicaid hospital payments relative to medicaid hospital costs. The study should address current federal law, including any changes on scope of medicaid coverage, provisions related to provider taxes, and impacts of federal health care reform legislation. The study should also address the state's economic forecast. Based on the forecast, the department should recommend the amount of assessment needed to support future hospital payments and the departmental administrative expenses. Recommendations should be developed with the fiscal committees of the legislature, office of financial management and the Washington state hospital association.

NEW SECTION. Sec. 11. CRITICAL ACCESS HOSPITAL PAYMENTS. Upon satisfaction of the applicable conditions set forth in section 17(1) of this act, the department shall pay critical access hospitals that do not qualify for or receive a small rural disproportionate share payment in the subject state fiscal year an access payment of fifty dollars for each medicaid inpatient day, exclusive of days on which a swing bed is used for subacute care, from and after July 1, 2009. Initial payments to hospitals, covering the period from July 1, 2009, to the date when the applicable conditions under section 17(1) of this act are satisfied, shall be made within sixty calendar days after such conditions are satisfied. Subsequent payments shall be made to critical access hospitals on an annual basis at the time that disproportionate share eligibility and

payment for the state fiscal year are established. These payments shall be in addition to any other amount payable with respect to services provided by critical access hospitals and shall not reduce any other payments to critical access hospitals.

NEW SECTION. Sec. 12. DISPROPORTIONATE SHARE HOSPITAL PAYMENTS. Upon satisfaction of the applicable conditions set forth in section 17(1) of this act, small rural disproportionate share payments shall be increased to one hundred twenty percent of the level in effect as of June 30, 2009, for the period from and after July 1, 2009, until July 1, 2013. Initial payments, covering the period from July 1, 2009, to the date when the applicable conditions under section 17(1) of this act are satisfied, shall be made within sixty calendar days after those conditions are satisfied. Subsequent payments shall be made directly to hospitals by the department on a periodic basis.

NEW SECTION. Sec. 13. INCREASED MANAGED CARE PAYMENTS AND CORRESPONDING PAYMENTS TO HOSPITALS. Subject to the applicable conditions set forth in section 17(1) of this act, the department shall:

(1) Amend medicaid-managed care and regional support network contracts as necessary in order to ensure compliance with this chapter;

(2) With respect to the inpatient and outpatient rates established by section 9 of this act:

(a) Upon satisfaction of the applicable conditions under section 17(1) of this act, increase payments to managed care organizations and regional support networks as necessary to ensure that hospitals are reimbursed in accordance with section 9(1) of this act for services rendered from and after the date when applicable conditions under section 17(1) of this act have been satisfied, and pay an additional amount equal to the estimated amount of additional state taxes on managed care organizations or regional support networks due as a result of the payments under this section, and require managed care organizations and regional support networks to make payments to each hospital in accordance with section 9 of this act. The increased payments made to hospitals pursuant to this subsection shall be in addition to any other amounts payable to hospitals by managed care organizations or regional support networks and shall not affect any other payments to hospitals;

(b) Within sixty calendar days after satisfaction of the applicable conditions under section 17(1) of this act, calculate the additional amount due to each hospital to pay claims submitted for inpatient and outpatient medicaid-covered services rendered from and after July 1, 2009, through the date when the applicable conditions under section 17(1) of this act have been satisfied, based on the rates required by section 9(2) of this act, make payments to managed care organizations and regional support networks in amounts sufficient to pay the additional amounts due to each hospital plus an additional amount equal to the estimated amount of additional state taxes on managed care organizations or regional support networks due as a result of the payments under this subsection, and require managed care organizations and regional support networks to make payments to each hospital in accordance with the department's calculations within forty-five calendar days after the department disburses funds for those purposes.

(3) With respect to the inpatient and outpatient hospital rates established by section 10 of this act:

(a) Upon satisfaction of the applicable conditions under section 17(1) of this act, increase payments to managed care organizations and regional support networks as necessary to ensure that hospitals are reimbursed in accordance with section 10 of this act, and pay an additional amount equal to the estimated amount of additional state taxes on managed care organizations or regional support networks due as a result of the payments under this section;

(b) Require managed care organizations and regional support networks to reimburse hospitals for hospital inpatient and outpatient services rendered after the date that the applicable conditions under

section 17(1) of this act are satisfied at rates no lower than the combined rates established by sections 9 and 10 of this act;

(c) Within sixty calendar days after satisfaction of the applicable conditions under section 17(1) of this act, calculate the additional amount due to each hospital to pay claims submitted for inpatient and outpatient medicaid-covered services rendered from and after February 1, 2010, through the date when the applicable conditions under section 17(1) of this act are satisfied based on the rates required by section 10 of this act, make payments to managed care organizations and regional support networks in amounts sufficient to pay the additional amounts due to each hospital plus an additional amount equal to the estimated amount of additional state taxes on managed care organizations or regional support networks, and require managed care organizations and regional support networks to make payments to each hospital in accordance with the department's calculations within forty-five calendar days after the department disburses funds for those purposes;

(d) Require managed care organizations that contract with health care organizations that provide, directly or by contract, health care services on a prepaid or capitated basis to make payments to health care organizations for any of the hospital payments that the managed care organizations would have been required to pay to hospitals under this section if the managed care organizations did not contract with those health care organizations, and require the managed care organizations to require those health care organizations to make equivalent payments to the hospitals that would have received payments under this section if the managed care organizations did not contract with the health care organizations;

(4) The department shall ensure that the increases to the medicaid fee schedules as described in section 10 of this act are included in the development of healthy options premiums.

(5) The department may require managed care organizations and regional support networks to demonstrate compliance with this section.

NEW SECTION. Sec. 14. QUALITY INCENTIVE PAYMENTS. (1) The department, in collaboration with the health care authority, the department of health, the department of labor and industries, the Washington state hospital association, the Puget Sound health alliance, and the forum, a collaboration of health carriers, physicians, and hospitals in Washington state, shall design a system of hospital quality incentive payments. The design of the system shall be submitted to the relevant policy and fiscal committees of the legislature by December 15, 2010. The system shall be based upon the following principles:

(a) Evidence-based treatment and processes shall be used to improve health care outcomes for hospital patients;

(b) Effective purchasing strategies to improve the quality of health care services should involve the use of common quality improvement measures by public and private health care purchasers, while recognizing that some measures may not be appropriate for application to specialty pediatric, psychiatric, or rehabilitation hospitals;

(c) Quality measures chosen for the system should be consistent with the standards that have been developed by national quality improvement organizations, such as the national quality forum, the federal centers for medicare and medicaid services, or the federal agency for healthcare research and quality. New reporting burdens to hospitals should be minimized by giving priority to measures hospitals are currently required to report to governmental agencies, such as the hospital compare measures collected by the federal centers for medicare and medicaid services;

(d) Benchmarks for each quality improvement measure should be set at levels that are feasible for hospitals to achieve, yet represent real improvements in quality and performance for a majority of hospitals in Washington state; and

(e) Hospital performance and incentive payments should be designed in a manner such that all noncritical access hospitals in Washington are able to receive the incentive payments if performance is at or above the benchmark score set in the system established under this section.

(2) Upon satisfaction of the applicable conditions set forth in section 17(1) of this act, and for state fiscal year 2013 and each fiscal year thereafter, assessments may be increased to support an additional one percent increase in inpatient hospital rates for noncritical access hospitals that meet the quality incentive benchmarks established under this section.

NEW SECTION. Sec. 15. A new section is added to chapter 70.47 RCW to read as follows:

The increases in inpatient and outpatient reimbursement rates included in chapter 74--- RCW (the new chapter created in section 23 of this act) shall not be reflected in hospital payment rates for services provided to basic health enrollees under this chapter.

NEW SECTION. Sec. 16. MULTIHOSPITAL LOCATIONS, NEW HOSPITALS, AND CHANGES IN OWNERSHIP. (1) If an entity owns or operates more than one hospital subject to assessment under this chapter, the entity shall pay the assessment for each hospital separately. However, if the entity operates multiple hospitals under a single medicaid provider number, it may pay the assessment for the hospitals in the aggregate.

(2) Notwithstanding any other provision of this chapter, if a hospital subject to the assessment imposed under this chapter ceases to conduct hospital operations throughout a state fiscal year, the assessment for the quarter in which the cessation occurs shall be adjusted by multiplying the assessment computed under section 4 (1) and (3) of this act by a fraction, the numerator of which is the number of days during the year which the hospital conducts, operates, or maintains the hospital and the denominator of which is three hundred sixty-five. Immediately prior to ceasing to conduct, operate, or maintain a hospital, the hospital shall pay the adjusted assessment for the fiscal year to the extent not previously paid.

(3) Notwithstanding any other provision of this chapter, in the case of a hospital that commences conducting, operating, or maintaining a hospital that is not exempt from payment of the assessment under section 5 of this act and that did not conduct, operate, or maintain such hospital throughout the cost reporting year used to determine the assessment amount, the assessment for that hospital shall be computed on the basis of the actual number of nonmedicare inpatient days reported to the department by the hospital on a quarterly basis. The hospital shall be eligible to receive increased payments under this chapter beginning on the date it commences hospital operations.

(4) Notwithstanding any other provision of this chapter, if a hospital previously subject to assessment is sold or transferred to another entity and remains subject to assessment, the assessment for that hospital shall be computed based upon the cost report data previously submitted by that hospital. The assessment shall be allocated between the transferor and transferee based on the number of days within the assessment period that each owned, operated, or maintained the hospital.

NEW SECTION. Sec. 17. CONDITIONS. (1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) Withdrawal of those aspects of any pending state plan amendments previously submitted to the centers for medicare and medicaid services that are inconsistent with this chapter, specifically any pending state plan amendment related to the four percent rate reductions for inpatient and outpatient hospital rates and elimination of the small rural disproportionate share hospital payment program as implemented July 1, 2009;

(b) Approval by the centers for medicare and medicaid services of any state plan amendments or waiver requests that are necessary in order to implement the applicable sections of this chapter;

(c) To the extent necessary, amendment of contracts between the department and managed care organizations in order to implement this chapter; and

(d) Certification by the office of financial management that appropriations have been adopted that fully support the rates established in this chapter for the upcoming fiscal year.

(2) This chapter does not take effect or ceases to be imposed, and any moneys remaining in the fund shall be refunded to hospitals in proportion to the amounts paid by such hospitals, if and to the extent that:

(a) An appellate court or the centers for medicare and medicaid services makes a final determination that any element of this chapter, other than section 11 of this act, cannot be validly implemented;

(b) Medicaid inpatient or outpatient reimbursement rates for hospitals are reduced below the combined rates established by sections 9 and 10 of this act;

(c) Except for payments to the University of Washington medical center and harborview medical center, payments to hospitals required under sections 9, 10, 12, and 13 of this act are not eligible for federal matching funds;

(d) Other funding available for the medicaid program is not sufficient to maintain medicaid inpatient and outpatient reimbursement rates for hospitals and small rural disproportionate share payments at one hundred percent of the levels in effect on July 1, 2009; or

(e) The fund is used as a substitute for or to supplant other funds, except as authorized by section 3(3)(e) of this act.

NEW SECTION. Sec. 18. SEVERABILITY. (1) The provisions of this chapter are not severable: If the conditions set forth in section 17(1) of this act are not satisfied or if any of the circumstances set forth in section 17(2) of this act should occur, this entire chapter shall have no effect from that point forward, except that if the payment under section 11 of this act, or the application thereof to any hospital or circumstances does not receive approval by the centers for medicare and medicaid services as described in section 17(1)(b) of this act or is determined to be unconstitutional or otherwise invalid, the other provisions of this chapter or its application to hospitals or circumstances other than those to which it is held invalid shall not be affected thereby.

(2) In the event that any portion of this chapter shall have been validly implemented and the entire chapter is later rendered ineffective under this section, prior assessments and payments under the validly implemented portions shall not be affected.

(3) In the event that the payment under section 11 of this act, or the application thereof to any hospital or circumstances does not receive approval by the centers for medicare and medicaid services as described in section 17(1)(b) of this act or is determined to be unconstitutional or otherwise invalid, the amount of the assessment shall be adjusted under section 6(1)(c) of this act.

Sec. 19. 2009 c 564 s 209 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MEDICAL ASSISTANCE PROGRAM

General Fund--State Appropriation (FY 2010)	\$1,597,387,000
General Fund--State Appropriation (FY 2011)	\$1,984,797,000
General Fund--Federal Appropriation	\$5,210,672,000
General Fund--Private/Local Appropriation	\$12,903,000
Emergency Medical Services and Trauma Care Systems	
Trust Account--State Appropriation	\$15,076,000
Tobacco Prevention and Control Account--	
State Appropriation	\$3,766,000

TOTAL APPROPRIATION \$8,824,601,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate- setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) \$1,110,000 of the general fund--federal appropriation and \$1,105,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) \$9,818,000 of the general fund--state appropriation for fiscal year 2011, and \$9,865,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1,

2010, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2009-11 biennial operating appropriations act (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$6,570,000 of the general fund-- state appropriation for fiscal year 2010, which is appropriated in section 204(1) of this act, and \$1,500,000 of the general fund--state appropriation for fiscal year 2011, which is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. Sufficient amounts are appropriated in this section for the remaining state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in section 9 and rate increases in section 10 (1) (b) of Engrossed Second Substitute House Bill 2956 (hospital safety net assessment) funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this section.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(11) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is at least equivalent to the benefit provided in the 2003-05 biennium.

(12) \$93,000 of the general fund--state appropriation for fiscal year 2010 and \$93,000 of the general fund--federal appropriation are provided solely for the department to pursue a federal Medicaid

waiver pursuant to Second Substitute Senate Bill No. 5945 (Washington health partnership plan). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(13) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(14) Appropriations in this section are sufficient for the department to continue to fund family planning nurses in the community services offices.

(15) The department, in coordination with stakeholders, will conduct an analysis of potential savings in utilization of home dialysis. The department shall present its findings to the appropriate house of representatives and senate committees by December 2010.

(16) A maximum of \$166,875,000 of the general fund--state appropriation and \$38,389,000 of the general fund--federal appropriation may be expended in the fiscal biennium for the general assistance-unemployable medical program, and these amounts are provided solely for this program. Of these amounts, \$10,749,000 of the general fund--state appropriation for fiscal year 2010 and \$10,892,000 of the general fund--federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of general assistance-unemployable. Pursuant to RCW 74.09.035, the department shall not expend for the general assistance medical care services program any amounts in excess of the amounts provided in this subsection.

(17) If the department determines that it is feasible within the amounts provided in subsection (16) of this section, and without the loss of federal disproportionate share hospital funds, the department shall contract with the carrier currently operating a managed care pilot project for the provision of medical care services to general assistance-unemployable clients. Mental health services shall be included in the services provided through the managed care system. If the department determines that it is feasible, effective October 1, 2009, in addition to serving clients in the pilot counties, the carrier shall expand managed care services to clients residing in at least the following counties: Spokane, Yakima, Chelan, Kitsap, and Cowlitz. If the department determines that it is feasible, the carrier shall complete implementation into the remaining counties. Total per person costs to the state, including outpatient and inpatient services and any additional costs due to stop loss agreements, shall not exceed the per capita payments projected for the general assistance-unemployable eligibility category, by fiscal year, in the February 2009 medical assistance expenditures forecast. The department, in collaboration with the carrier, shall seek to improve the transition rate of general assistance clients to the federal supplemental security income program.

(18) The department shall evaluate the impact of the use of a managed care delivery and financing system on state costs and outcomes for general assistance medical clients. Outcomes measured shall include state costs, utilization, changes in mental health status and symptoms, and involvement in the criminal justice system.

(19) The department shall report to the governor and the fiscal committees of the legislature by June 1, 2010, on its progress toward achieving a twenty percentage point increase in the generic prescription drug utilization rate.

(20) State funds shall not be used by hospitals for advertising purposes.

(21) The department shall seek a medicaid state plan amendment to create a professional services supplemental payment program for University of Washington medicine professional providers no later than July 1, 2009. The department shall apply federal rules for identifying the shortfall between current fee-for-service medicaid

payments to participating providers and the applicable federal upper payment limit. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program will be the responsibility of the participating providers. Participating providers will retain the full amount of supplemental payments provided under this program, net of any potential costs for any related audits or litigation brought against the state. The department shall report to the governor and the legislative fiscal committees on the prospects for expansion of the program to other qualifying providers as soon as feasibility is determined but no later than December 31, 2009. The report will outline estimated impacts on the participating providers, the procedures necessary to comply with federal guidelines, and the administrative resource requirements necessary to implement the program. The department will create a process for expansion of the program to other qualifying providers as soon as it is determined feasible by both the department and providers but no later than June 30, 2010.

(22) \$9,350,000 of the general fund--state appropriation for fiscal year 2010, \$8,313,000 of the general fund--state appropriation for fiscal year 2011, and \$20,371,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system. The amounts provided in this subsection are conditioned on the department satisfying the requirements of section 902 of this act.

(23) \$506,000 of the general fund--state appropriation for fiscal year 2011 and \$657,000 of the general fund--federal appropriation are provided solely for the implementation of Second Substitute House Bill No. 1373 (children's mental health). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(24) Pursuant to 42 U.S.C. Sec. 1396(a)(25), the department shall pursue insurance claims on behalf of medicaid children served through its in-home medically intensive child program under WAC 388-551-3000. The department shall report to the Legislature by December 31, 2009, on the results of its efforts to recover such claims.

(25) The department may, on a case-by-case basis and in the best interests of the child, set payment rates for medically intensive home care services to promote access to home care as an alternative to hospitalization. Expenditures related to these increased payments shall not exceed the amount the department would otherwise pay for hospitalization for the child receiving medically intensive home care services.

(26) \$425,000 of the general fund--state appropriation for fiscal year 2010, \$425,000 of the general fund--state appropriation for fiscal year 2011, and \$1,580,000 of the general fund--federal appropriation are provided solely to continue children's health coverage outreach and education efforts under RCW 74.09.470. These efforts shall rely on existing relationships and systems developed with local public health agencies, health care providers, public schools, the women, infants, and children program, the early childhood education and assistance program, child care providers, newborn visiting nurses, and other community-based organizations. The department shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(27) The department, in conjunction with the office of financial management, shall ~~((reduce outpatient and inpatient hospital rates and))~~ implement a prorated inpatient payment policy. ~~((In determining the level of reductions needed, the department shall include in its calculations services paid under fee for service, managed care, and certified public expenditure payment methods; but~~

~~reductions shall not apply to payments for psychiatric inpatient services or payments to critical access hospitals.)~~

(28) The department will pursue a competitive procurement process for antihemophilic products, emphasizing evidence-based medicine and protection of patient access without significant disruption in treatment.

(29) The department will pursue several strategies towards reducing pharmacy expenditures including but not limited to increasing generic prescription drug utilization by 20 percentage points and promoting increased utilization of the existing mail-order pharmacy program.

(30) The department shall reduce reimbursement for over-the-counter medications while maintaining reimbursement for those over-the-counter medications that can replace more costly prescription medications.

(31) The department shall seek public-private partnerships and federal funds that are or may become available to implement health information technology projects under the federal American recovery and reinvestment act of 2009.

(32) The department shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race.

(33) The department shall direct graduate medical education funds to programs that focus on primary care training.

(34) \$79,000 of the general fund--state appropriation for fiscal year 2010 and \$53,000 of the general fund--federal appropriation are provided solely to implement Substitute House Bill No. 1845 (medical support obligations).

(35) \$63,000 of the general fund--state appropriation for fiscal year 2010, \$583,000 of the general fund--state appropriation for fiscal year 2011, and \$864,000 of the general fund--federal appropriation are provided solely to implement Engrossed House Bill No. 2194 (extraordinary medical placement for offenders). The department shall work in partnership with the department of corrections to identify services and find placements for offenders who are released through the extraordinary medical placement program. The department shall collaborate with the department of corrections to identify and track cost savings to the department of corrections, including medical cost savings, and to identify and track expenditures incurred by the aging and disability services program for community services and by the medical assistance program for medical expenses. A joint report regarding the identified savings and expenditures shall be provided to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010. If this bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(36) Sufficient amounts are provided in this section to provide full benefit dual eligible beneficiaries with medicare part D prescription drug copayment coverage in accordance with RCW 74.09.520.

Sec. 20. RCW 43.84.092 and 2009 c 479 s 31, 2009 c 472 s 5, and 2009 c 451 s 8 are each reenacted and amended to read as follows:

(1) All earnings of investments of surplus balances in the state treasury shall be deposited to the treasury income account, which account is hereby established in the state treasury.

(2) The treasury income account shall be utilized to pay or receive funds associated with federal programs as required by the federal cash management improvement act of 1990. CONFERENCE COMMITTEE REPORT

April 10, 2010

Second Engrossed Substitute Senate Bill No. 6143

Includes "New Item": YES

Mr. Speaker:

We of your Conference Committee, to whom was referred SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 6143, , modifying excise tax laws to preserve funding for public schools, colleges, and universities, as other public systems essential for the safety, health, and security of all Washingtonians, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment (H-5847.5/10) be adopted

and that the bill do pass as recommended by the Conference Committee:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In order to preserve funding for education, public safety, health care, environmental protection, and safety net services for children, elderly, disabled, and vulnerable people, it is the intent of the legislature to close obsolete tax preferences, clarify the legislature's intent regarding existing tax policy, and to ensure balanced tax policy while bolstering emerging industries.

PART I

Minimum Nexus Standards

NEW SECTION. Sec. 101. (1) The legislature finds that out-of-state businesses that do not have a physical presence in Washington earn significant income from Washington residents from providing services or collecting royalties on the use of intangible property in this state. The legislature further finds that these businesses receive significant benefits and opportunities provided by the state, such as: Laws providing protection of business interests or regulating consumer credit; access to courts and judicial process to enforce business rights, including debt collection and intellectual property rights; an orderly and regulated marketplace; and police and fire protection and a transportation system benefiting in-state agents and other representatives of out-of-state businesses. Therefore, the legislature intends to extend the state's business and occupation tax to these companies to ensure that they pay their fair share of the cost of services that this state renders and the infrastructure it provides.

(2)(a) The legislature also finds that the current cost apportionment method in RCW 82.04.460(1) for apportioning most service income has been difficult for both taxpayers and the department to apply due in large part (i) to the difficulty in assigning certain costs of doing business inside or outside of this state, and (ii) to its dissimilarity with the apportionment methods used in other states for their business activity taxes.

(b) The legislature further finds that there is a trend among states to adopt a single factor apportionment formula based on sales. The legislature recognizes that adoption of a sales factor only apportionment method has the advantages of simplifying apportionment and making Washington a more attractive place for businesses to expand their property and payroll. For these reasons, the legislature adopts single factor sales apportionment for purposes of apportioning royalty income and certain service income for state business and occupation tax purposes.

(c) Nothing in this act may be construed, however, to authorize apportionment of the gross income or value of products taxable under the following business and occupation tax classifications: Retailing, wholesaling, manufacturing, processing for hire, extracting, extracting for hire, printing, government contracting, public road construction, the classifications in RCW 82.04.280 (2), (4), (6), and (7), and any other activity not specifically included in the definition of apportionable activities in RCW 82.04.460.

(d) Nothing in this part is intended to modify the nexus and apportionment requirements for local gross receipts business and occupation taxes.

Sec. 102. RCW 82.04.220 and 1961 c 15 s 82.04.220 are each amended to read as follows:

(1) There is levied and ((shall be)) collected from every person that has a substantial nexus with this state a tax for the act or privilege of engaging in business activities. ((Such)) The tax ((shall be)) is measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be.

(2) A person who has a substantial nexus with this state in any tax year will be deemed to have a substantial nexus with this state for the following tax year.

NEW SECTION. Sec. 103. A new section is added to chapter 82.04 RCW to read as follows:

"Engaging within this state" and "engaging within the state," when used in connection with any apportionable activity as defined in RCW 82.04.460, means that a person generates gross income of the business from sources within this state, such as customers or intangible property located in this state, regardless of whether the person is physically present in this state.

NEW SECTION. Sec. 104. A new section is added to chapter 82.04 RCW to read as follows:

(1) A person engaging in business is deemed to have substantial nexus with this state if the person is:

(a) An individual and is a resident or domiciliary of this state;

(b) A business entity and is organized or commercially domiciled in this state; or

(c) A nonresident individual or a business entity that is organized or commercially domiciled outside this state, and in any tax year the person has:

(i) More than fifty thousand dollars of property in this state;

(ii) More than fifty thousand dollars of payroll in this state;

(iii) More than two hundred fifty thousand dollars of receipts from this state; or

(iv) At least twenty-five percent of the person's total property, total payroll, or total receipts in this state.

(2)(a) Property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section is the average value of the taxpayer's property, including intangible property, owned or rented and used in this state during the tax year.

(b)(i) Property owned by the taxpayer, other than loans and credit card receivables owned by the taxpayer, is valued at its original cost basis. Loans and credit card receivables owned by the taxpayer are valued at their outstanding principal balance, without regard to any reserve for bad debts. However, if a loan or credit card receivable is charged off in whole or in part for federal income tax purposes, the portion of the loan or credit card receivable charged off is deducted from the outstanding principal balance.

(ii) Property rented by the taxpayer is valued at eight times the net annual rental rate. For purposes of this subsection, "net annual rental rate" means the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

(c) The average value of property must be determined by averaging the values at the beginning and ending of the tax year; but the department may require the averaging of monthly values during the tax year if reasonably required to properly reflect the average value of the taxpayer's property.

(d)(i) For purposes of this subsection (2), loans and credit card receivables are deemed owned and used in this state as follows:

(A) Loans secured by real property, personal property, or both real and personal property, are deemed owned and used in the state if the real property or personal property securing the loan is located within this state. If the property securing the loan is located both within this state and one or more other states, the loan is deemed owned and used in this state if more than fifty percent of the fair market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the loan is deemed owned and used in this state if the borrower is located in this state. The determination of whether the real or personal property securing a loan is located within this state must be made, as of the time the original agreement was made, and any and all subsequent substitutions of collateral must be disregarded.

(B) Loans not secured by real or personal property are deemed owned and used in this state if the borrower is located in this state.

(C) Credit card receivables are deemed owned and used in this state if the billing address of the cardholder is in this state.

(ii)(A) Except as otherwise provided in (d)(ii)(B) of this subsection (2), the definitions in the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions as existing on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, apply to this section.

(B) "Credit card" means a card or device existing for the purpose of obtaining money, property, labor, or services on credit.

(e) Notwithstanding anything else to the contrary in this subsection, property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section does not include a person's ownership of, or rights in, computer software as defined in RCW 82.04.215, including computer software used in providing a digital automated service; master copies of software; and digital goods and digital codes residing on servers located in this state.

(3)(a) Payroll counting toward the thresholds in subsection (1)(c)(ii) and (iv) of this section is the total amount paid by the taxpayer for compensation in this state during the tax year plus nonemployee compensation paid to representative third parties in this state. Nonemployee compensation paid to representative third parties includes the gross amount paid to nonemployees who represent the taxpayer in interactions with the taxpayer's clients and includes sales commissions.

(b) Employee compensation is paid in this state if the compensation is properly reportable to this state for unemployment compensation tax purposes, regardless of whether the compensation was actually reported to this state.

(c) Nonemployee compensation is paid in this state if the service performed by the representative third party occurs entirely or primarily within this state.

(d) For purposes of this subsection, "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees or nonemployees and defined as gross income under 26 U.S.C. Sec. 61 of the federal internal revenue code of 1986, as existing on the effective date of this section.

(4) Receipts counting toward the thresholds in subsection (1)(c)(iii) and (iv) of this section are those amounts included in the numerator of the receipts factor under section 105 of this act and, for financial institutions, those amounts included in the numerator of the receipts factor under the rule adopted by the department as authorized in RCW 82.04.460(2).

(5)(a) Each December, the department must review the cumulative percentage change in the consumer price index. The department must adjust the thresholds in subsection (1)(c)(i) through (iii) of this section if the consumer price index has changed by five percent or more since the later of the effective date of this section, or the date that the thresholds were last adjusted under this subsection. For purposes of determining the cumulative percentage change in the consumer price index, the department must compare the consumer price index available as of December 1st of the current year with the consumer price index as of the later of the effective date of this section, or the date that the thresholds were last adjusted under this subsection. The thresholds must be adjusted to reflect that cumulative percentage change in the consumer price index. The adjusted thresholds must be rounded to the nearest one thousand dollars. Any adjustment will apply to tax periods that begin after the adjustment is made.

(b) As used in this subsection, "consumer price index" means the consumer price index for all urban consumers (CPI-U) available from the bureau of labor statistics of the United States department of labor.

(6) Subsections (1) through (5) of this section only apply with respect to the taxes imposed under this chapter on apportionable activities as defined in RCW 82.04.460. For purposes of the taxes imposed under this chapter on any activity not included in the definition of apportionable activities in RCW 82.04.460, a person is deemed to have a substantial nexus with this state if the person has a physical presence in this state, which need only be demonstrably more than a slightest presence. For purposes of this subsection, a person is physically present in this state if the person has property or employees in this state. A person is also physically present in this state if the person, either directly or through an agent or other representative, engages in activities in this state that are significantly associated with the person's ability to establish or maintain a market for its products in this state.

NEW SECTION. Sec. 105. A new section is added to chapter 82.04 RCW to read as follows:

(1) The apportionable income of a person within the scope of RCW 82.04.460(1) is apportioned to Washington by multiplying its apportionable income by the receipts factor. Persons who are subject to tax under more than one of the tax classifications enumerated in RCW 82.04.460(4)(a) (i) through (x) must calculate a separate receipts factor for each tax classification that the person is taxable under.

(2) For purposes of subsection (1) of this section, the receipts factor is a fraction and is calculated as provided in subsections (3) and (4) of this section and, for financial institutions, as provided in the rule adopted by the department under the authority of RCW 82.04.460(2).

(3)(a) The numerator of the receipts factor is the total gross income of the business of the taxpayer attributable to this state during the tax year from engaging in an apportionable activity. The denominator of the receipts factor is the total gross income of the business of the taxpayer from engaging in an apportionable activity everywhere in the world during the tax year.

(b) Except as otherwise provided in this section, for purposes of computing the receipts factor, gross income of the business generated from each apportionable activity is attributable to the state:

(i) Where the customer received the benefit of the taxpayer's service or, in the case of gross income from royalties, where the customer used the taxpayer's intangible property.

(ii) If the customer received the benefit of the service or used the intangible property in more than one state, gross income of the business must be attributed to the state in which the benefit of the service was primarily received or in which the intangible property was primarily used.

(iii) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i) or (ii) of this subsection (3), gross income of the business must be attributed to the state from which the customer ordered the service or, in the case of royalties, the office of the customer from which the royalty agreement with the taxpayer was negotiated.

(iv) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), or (iii) of this subsection (3), gross income of the business must be attributed to the state to which the billing statements or invoices are sent to the customer by the taxpayer.

(v) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), or (iv) of this subsection (3), gross income of the business must be attributed to the state from which the customer sends payment to the taxpayer.

(vi) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), (iv), or (v) of this subsection (3), gross income of the business must be attributed to the state where the customer is located as indicated by the customer's address: (A) Shown in the taxpayer's business records maintained in the regular course of business; or (B) obtained during consummation of the sale or the negotiation of the contract for services or for the use of the taxpayer's intangible property, including any address of a customer's payment instrument when readily available to the taxpayer and no other address is available.

(vii) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), (iv), (v), or (vi) of this subsection (3), gross income of the business must be attributed to the commercial domicile of the taxpayer.

(viii) For purposes of this subsection (3)(b), "customer" means a person or entity to whom the taxpayer makes a sale or renders services or from whom the taxpayer otherwise receives gross income of the business. "Customer" includes anyone who pays royalties or charges in the nature of royalties for the use of the taxpayer's intangible property.

(c) Gross income of the business from engaging in an apportionable activity must be excluded from the denominator of the receipts factor if, in respect to such activity, at least some of the activity is performed in this state, and the gross income is attributable under (b) of this subsection (3) to a state in which the taxpayer is not taxable. For purposes of this subsection (3)(c), "not taxable" means that the taxpayer is not subject to a business activities tax by that state, except that a taxpayer is taxable in a state in which it would be deemed to have a substantial nexus with that state under the standards in section 104(1) of this act regardless of whether that state imposes such a tax. "Business activities tax" means a tax measured by the amount of, or economic results of, business activity conducted in a state. The term includes taxes measured in whole or in part on net income or gross income or receipts. "Business activities tax" does not include a sales tax, use tax, or a similar transaction tax, imposed on the sale or acquisition of goods or services, whether or not denominated a gross receipts tax or a tax imposed on the privilege of doing business.

(d) This subsection (3) does not apply to financial institutions with respect to apportionable income taxable under RCW 82.04.290. Financial institutions must calculate the receipts factor as provided in subsection (4) of this section and the rule adopted by the department under the authority of RCW 82.04.460(2) with respect to apportionable income taxable under RCW 82.04.290. Financial institutions that are subject to tax under any other tax classification enumerated in RCW 82.04.460(4)(a) (i) through (v) and (vii) through (x) must calculate a separate receipts factor, as provided in this section, for each of the other tax classifications that the financial institution is taxable under.

(4) A taxpayer may calculate the receipts factor for the current tax year based on the most recent calendar year for which information is available for the full calendar year. If a taxpayer does not calculate the receipts factor for the current tax year based on previous calendar year information as authorized in this subsection, the business must use current year information to calculate the receipts factor for the current tax year. In either case, a taxpayer must correct the reporting for the current tax year when complete information is available to calculate the receipts factor for that year, but not later than October 31st of the following tax year. Interest will apply to any additional tax due on a corrected tax return. Interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the original return was due, and will accrue until the additional taxes are paid. Penalties as provided in RCW 82.32.090 will apply to any such additional tax due only if the current tax year reporting is not corrected and the additional tax is not paid by October 31st of the following tax year. Interest as provided in RCW 82.32.060 will apply to any tax paid in excess of that properly due on a return as a result of a taxpayer using previous calendar year data or incomplete current-year data to calculate the receipts factor.

(5) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Apportionable activities" and "apportionable income" have the same meaning as in RCW 82.04.460.

(b) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any foreign country or political subdivision of a foreign country.

Sec. 106. RCW 82.04.2907 and 2009 c 535 s 407 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of receiving income from royalties (~~or charges in the nature of royalties for the granting of intangible rights, such as copyrights, licenses, patents, or franchise fees~~), the amount of tax with respect to (~~such~~) the business (~~shall be~~) is equal to the gross income from royalties (~~or charges in the nature of royalties from the business~~) multiplied by the rate of 0.484 percent.

(2) For the purposes of this section, "gross income from royalties" means compensation for the use of intangible property, (~~such as~~) including charges in the nature of royalties, regardless of where the intangible property will be used. For purposes of this subsection, "intangible property" includes copyrights, patents, licenses, franchises, trademarks, trade names, and similar items. (~~It~~) "Gross income from royalties" does not include compensation for any natural resource, the licensing of prewritten computer software to the end user, or the licensing (~~or use~~) of digital goods, digital codes, or digital automated services to the end user as defined in RCW 82.04.190(11).

Sec. 107. RCW 82.04.2907 and 2010 c 111 (SHB 2620) s 302 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of receiving income from royalties (~~(or charges in the nature of royalties for the granting of intangible rights, such as copyrights, licenses, patents, or franchise fees)~~), the amount of tax with respect to the business is equal to the gross income from royalties (~~(or charges in the nature of royalties from the business)~~) multiplied by the rate of 0.484 percent.

(2) For the purposes of this section, "gross income from royalties" means compensation for the use of intangible property, (~~such as~~) including charges in the nature of royalties, regardless of where the intangible property will be used. For purposes of this subsection, "intangible property" includes copyrights, patents, licenses, franchises, trademarks, trade names, and similar items. (~~(#)~~) "Gross income from royalties" does not include compensation for any natural resource, the licensing of prewritten computer software to the end user, or the licensing of digital goods, digital codes, or digital automated services to the end user as defined in RCW 82.04.190(11).

Sec. 108. RCW 82.04.460 and 2004 c 174 s 6 are each amended to read as follows:

(1) ~~Except as otherwise provided in this section, any person (rendering services) earning apportionable income taxable under (RCW 82.04.290 or 82.04.2908) this chapter and (maintaining places of business both within and without this state which contribute to the rendition of such services shall) also taxable in another state, must, for the purpose of computing tax liability under (RCW 82.04.290 or 82.04.2908) this chapter, apportion to this state, in accordance with section 105 of this act, that portion of the person's (gross) apportionable income (which is) derived from (services rendered) business activities performed within this state. (Where such apportionment cannot be accurately made by separate accounting methods, the taxpayer shall apportion to this state that proportion of the taxpayer's total income which the cost of doing business within the state bears to the total cost of doing business both within and without the state.)~~

(2) ~~(Notwithstanding the provision of subsection (1) of this section, persons doing business both within and without the state who receive gross income from service charges, as defined in RCW 63.14.010 (relating to amounts charged for granting the right or privilege to make deferred or installment payments) or who receive gross income from engaging in business as financial institutions within the scope of chapter 82.14A RCW (relating to city taxes on financial institutions) shall apportion or allocate gross income taxable under RCW 82.04.290 to this state pursuant to rules promulgated by the department consistent with uniform rules for apportionment or allocation developed by the states.) The department must by rule provide a method of apportioning the apportionable income of financial institutions, where such apportionable income is taxable under RCW 82.04.290. The rule adopted by the department must, to the extent feasible, be consistent with the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions as existing on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, except that:~~

(a) The department's rule must provide for a single factor apportionment method based on the receipts factor; and

(b) The definition of "financial institution" contained in appendix A to the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions is advisory only.

(3) ~~The department (shall) may by rule provide a method or methods of apportioning or allocating gross income derived from sales of telecommunications service and competitive telephone service(s) taxed under this chapter, if the gross proceeds of sales subject to tax under this chapter do not fairly represent the extent of the taxpayer's income attributable to this state. (The rules shall be, so far as feasible, consistent with the methods of apportionment contained in this section and shall require the consideration of those facts, circumstances, and apportionment factors as will result in an equitable and constitutionally permissible division of the services.) The rule must provide for an equitable and constitutionally permissible division of the tax base.~~

(4) For purposes of this section, the following definitions apply unless the context clearly requires otherwise:

(a) "Apportionable income" means gross income of the business generated from engaging in apportionable activities, including income received from apportionable activities performed outside this state if the income would be taxable under this chapter if received from activities in this state, less the exemptions and deductions allowable under this chapter. For purposes of this subsection, "apportionable activities" means only those activities taxed under:

(i) RCW 82.04.255;

(ii) RCW 82.04.260 (3), (4), (5), (6), (7), (8), (9), and (12);

(iii) RCW 82.04.280(5);

(iv) RCW 82.04.285;

(v) RCW 82.04.286;

(vi) RCW 82.04.290;

(vii) RCW 82.04.2907;

(viii) RCW 82.04.2908;

(ix) RCW 82.04.263, but only to the extent of any activity that would be taxable under any of the provisions enumerated under (a)(i) through (viii) of this subsection (4) if the tax classification in RCW 82.04.263 did not exist; and

(x) RCW 82.04.260(13) and 82.04.280(1), but only with respect to advertising.

(b)(i) "Taxable in another state" means that the taxpayer is subject to a business activities tax by another state on its income received from engaging in apportionable activities; or the taxpayer is not subject to a business activities tax by another state on its income received from engaging in apportionable activities, but any other state has jurisdiction to subject the taxpayer to a business activities tax on such income under the substantial nexus standards in section 104(1) of this act.

(ii) For purposes of this subsection (4)(b), "business activities tax" and "state" have the same meaning as in section 105 of this act.

Sec. 109. RCW 82.04.080 and 1961 c 15 s 82.04.080 are each amended to read as follows:

(1) "Gross income of the business" means the value proceeding or accruing by reason of the transaction of the business engaged in and includes gross proceeds of sales, compensation for the rendition of services, gains realized from trading in stocks, bonds, or other evidences of indebtedness, interest, discount, rents, royalties, fees, commissions, dividends, and other emoluments however designated, all without any deduction on account of the cost of tangible property sold, the cost of materials used, labor costs, interest, discount, delivery costs, taxes, or any other expense whatsoever paid or accrued and without any deduction on account of losses.

(2) Financial institutions must determine gains realized from trading in stocks, bonds, and other evidences of indebtedness on a net annualized basis. For purposes of this subsection, a financial institution means a person within the scope of the rule adopted by the department under the authority of RCW 82.04.460(2).

NEW SECTION. Sec. 110. A new section is added to chapter 82.04 RCW to read as follows:

For purposes of this subsection, "financial institution" has the same meaning as in RCW 82.04.080.

(2) As used in this section, "affiliated" means under common control. "Common control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

NEW SECTION. Sec. 111. A new section is added to chapter 82.04 RCW to read as follows:

(2) For purposes of this section, the following definitions apply:

(v) Has, within twelve months of its organization or initial capitalization date, issued ownership interests to other than affiliated persons, equal to or greater than twenty-five percent of its total issued ownership interests.

(b) "Securities" has the same meaning as in section 2 of the securities act of 1933 and includes eligible assets as defined by Rule 3a-7 of the investment company act, as the law and rule exist on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(c) "Securitization entity" means an entity created by a bank holding company if the entity created:

(i) Has no employees;

(ii) Has no direct profit-making motive;

(iii) Owns no tangible assets, other than cash, fixed or revolving discrete pools of credit or charge card receivables originated by a financial institution, or securities;

(iv) Acts solely as a conduit, allocating its income to holders of its ownership interests; and

(v) Has as its sole business activities the:

(A) Acquisition of such discrete pools of credit or charge card receivables; and

(B) Issuance or causing the issuance of securities primarily to persons not affiliated with the entity.

(d) "Bank holding company" has the same meaning as provided in the bank holding company act of 1956, as existing on the effective date of this section or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(e) "No direct profit-making motive" means that all of an entity's income, less a reasonable servicing fee, is paid to holders of its ownership interests.

(f) "Ownership interest" means interests categorized as debt or equity for purposes of federal tax or generally accepted accounting principles.

(g) "Affiliated" has the same meaning as in section 110 of this act.

NEW SECTION. Sec. 112. A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing tax there may be deducted from the measure of tax interest and fees on loans secured by commercial aircraft primarily used to provide routine air service and owned by:

(b) An affiliate of such air carrier; or

(c) A parent entity for which such air carrier is an affiliate.

(3) For purposes of this section, the following definitions apply:

(a) "Affiliate" means a person is "affiliated," as defined in section 110 of this act, with another person; and

(b) "Commercial aircraft" means a commercial airplane as defined in RCW 82.32.550.

PART II

Tax Avoidance Transactions

NEW SECTION. Sec. 201. A new section is added to chapter 82.32 RCW to read as follows:

(1) It is the legislature's intent to require all taxpayers to pay their fair share of taxes. To accomplish this purpose, it is the legislature's intent to stop transactions or arrangements that are designed to unfairly avoid taxes.

(2) The department must disregard, for tax purposes, the tax avoidance transactions or arrangements that are described in subsection (3) of this section. The department must deny the tax benefit that would otherwise result from the tax avoidance transaction or arrangement. In determining whether the department must disregard a transaction or arrangement described under subsection (3) of this section, the department may consider:

(a) Whether an arrangement or transaction changes in a meaningful way, apart from its tax effects, the economic positions of the participants in the arrangement when considered as a whole;

(b) Whether substantial nontax reasons exist for entering into an arrangement or transaction;

(c) Whether an arrangement or transaction is a reasonable means of accomplishing a substantial nontax purpose;

(d) An entities' relative contributions to the work that generates income;

(e) The location where work is performed; and

(f) Other relevant factors.

(3) This section applies only to the following transactions or arrangements:

(a) Arrangements that are, in form, a joint venture or similar arrangement between a construction contractor and the owner or developer of a construction project but that are, in substance, substantially guaranteed payments for the purchase of construction services characterized by a failure of the parties' agreement to provide for the contractor to share substantial profits and bear significant risk of loss in the venture;

(b) Arrangements through which a taxpayer attempts to avoid tax under chapter 82.04 RCW by disguising income received, or otherwise avoiding tax on income, from a person that is not affiliated with the taxpayer from business activities that would be taxable in Washington by moving that income to another entity that would not be taxable in Washington; and

(c) Arrangements through which a taxpayer attempts to avoid tax under chapter 82.08 or 82.12 RCW by engaging in a transaction to disguise its purchase or use of tangible personal property by vesting legal title or other ownership interest in another entity over which the taxpayer exercises control in such a manner as to effectively retain control of the tangible personal property.

(4) In determining whether a transaction or arrangement comes within the scope of subsection (3) of this section, the department is not required to prove a taxpayer's subjective intent in engaging in the transaction or arrangement.

(5) The department must adopt rules to assist in determining whether a transaction or arrangement is within the scope of subsection (3) of this section. The adoption of a rule as required under this subsection is not a condition precedent for the department's exercise of the authority provided in this section. Any rules adopted under this section must include examples of transactions that the department will disregard for tax purposes.

(6) This section does not affect the department's authority to apply any other remedies available under statutory or common law.

(7) For purposes of this section, "affiliated" means under common control. "Control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

NEW SECTION. Sec. 202. A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) The department may not use section 201 of this act to disregard any transaction or arrangement initiated before the effective date of this section, if, in respect to such transaction or arrangement, the taxpayer had reported its tax liability in conformance with either specific written instructions provided by the department to the taxpayer, a determination published under the authority of RCW 82.32.410, or other document made available by the department to the general public.

(b) This section does not apply if the transaction or arrangement engaged in by the taxpayer differs materially from the transaction or arrangement that was addressed in the specific written instructions, published determination, or other document made available by the department to the general public.

(2) Section 201 of this act does not apply to any tax periods ending before May 1, 2010, that were included in a completed field audit conducted by the department.

(3) For purposes of this section, "specific written instructions" means tax reporting instructions provided to a taxpayer and which specifically identify the taxpayer to whom the instructions apply. Specific written instructions may be provided as part of an audit, tax assessment, determination, closing agreement, or in response to a binding ruling request.

Sec. 203. RCW 82.32.090 and 2006 c 256 s 6 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there ~~((shall be))~~ is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if the tax is not received on or before the last day of the second month following the due date, there ~~((shall be))~~ is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars.

(2) If the department of revenue determines that any tax has been substantially underpaid, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax determined by the department to be due. If payment of any tax determined by the department to be due is not received by the department by the due date specified in the notice, or any extension thereof, there ~~((shall be))~~ is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if payment of any tax determined by the department to be due is not received on or before the thirtieth day following the due date specified in the notice of tax due, or any extension thereof, there ~~((shall be))~~ is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added ~~((shall))~~ may be less than five dollars. As used in this section, "substantially underpaid" means that the taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered by, the department's examination, and the amount of underpayment is at least one thousand dollars.

(3) If a warrant ~~((be))~~ is issued by the department of revenue for the collection of taxes, increases, and penalties, there ~~((shall be))~~ is added thereto a penalty of ten percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in any business or performed any act upon which a tax is imposed under this title and that person has not obtained from the department a registration certificate as required by RCW 82.32.030, the department ~~((shall))~~ must impose a penalty of five percent of the amount of tax due from that person for the period that the person was not registered as required by RCW 82.32.030. The department ~~((shall))~~ may not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department ~~((shall))~~ must add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department ~~((of revenue))~~ has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department ~~((shall))~~ may not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions ~~((shall))~~ apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department ~~((of revenue shall))~~ must be clearly identified as such and ~~((shall))~~ must inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(6) If the department finds that all or any part of a deficiency resulted from engaging in a disregarded transaction, as described in section 201(3) of this act, the department must assess a penalty of thirty-five percent of the additional tax found to be due as a result of engaging in a transaction disregarded by the department under section 201(2) of this act. The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same tax found to be due, except for the evasion penalty provided in subsection (7) of this section. The department may not assess the penalty under this subsection if, before the department discovers the taxpayer's use of a transaction described under section 201(3) of this act, the taxpayer discloses its participation in the transaction to the department.

~~(7)~~ If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due ~~((shall))~~ must be added.

~~((7))~~ (8) The penalties imposed under subsections (1) through (4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

~~((8))~~ (9) The department ~~((of revenue))~~ may not impose ~~((both))~~ the evasion penalty ~~((and))~~ in combination with the penalty for disregarding specific written instructions or the penalty provided in subsection (6) of this section on the same tax found to be due.

~~((9))~~ (10) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department ~~((of revenue))~~, and that has a statutorily defined due date.

NEW SECTION. Sec. 204. A new section is added to chapter 82.32 RCW to read as follows:

There is hereby created a joint tax avoidance review committee which is a bipartisan committee consisting of three members of the senate, two from the majority caucus and one from the minority caucus, and three members of the house of representatives, two from the majority caucus and one from the minority caucus. The senate members of the committee must be appointed by the majority leader of the senate, and the house members of the committee must be appointed by the speaker of the house. The appointing authorities must also appoint one alternate member from each of the two largest caucuses of each legislative chamber.

(1)(a) Members and alternates must be appointed as soon as possible after the effective date of this section, and their terms continue until such persons no longer wish to serve on the committee or no longer serve in the legislature, whichever occurs first.

(b) A vacancy must be filled by the appointment of a legislator from the same legislative chamber and caucus as the original appointment. The appropriate appointing authority must make the appointment within thirty days of the vacancy occurring. Former committee members and alternates may be reappointed to the committee.

(2) The committee must choose its chair and vice-chair from among its membership. The committee meets at the call of the chair. The chair of the committee must cause all meeting notices and committee documents to be sent to the committee members and alternates.

(3) Staff support for the committee must be provided by the senate committee services and the house of representatives office of program research.

(4) The committee must:

(a) Generally monitor the department's implementation of Part II of this act, providing timely advice to the department in any rule making undertaken pursuant to the authority granted under section 201 of this act;

(b) Seek input from stakeholders and other legislators as the committee may determine is desirable and useful in the furtherance of its mission herein described;

(c) Review other cases, identified by the department, of tax avoidance transactions not described in section 201 of this act that may represent examples of arrangements that circumvent the policies of this state and thus unfairly avoid taxes;

(d) Consider the need for an explicit statutory construction standard to provide direction to the courts on the interpretation of Part II of this act; and

(e) Provide a report to the fiscal committees of the house of representatives and senate by December 31, 2010, which must include:

(i) Recommended legislation on any matters that the committee deems advisable, including amendments to sections 201, 202, and 203 of this act; and

(ii) Recommendations for future legislative oversight of the department's implementation of sections 201, 202, and 203 of this act.

(5) For the purposes of this section, the disclosure of otherwise confidential tax information to the members of the committee is deemed to fall within the exception provided by RCW 82.32.330(3)(d).

(6) This section expires July 1, 2011.

NEW SECTION. Sec. 205. (1) The legislature finds that this state's tax policy with respect to the taxation of transactions between affiliated entities and the income derived from such transactions (intercompany transactions) has motivated some taxpayers to engage in transactions designed solely or primarily to minimize the tax effects of intercompany transactions. The legislature further finds that some intercompany transactions result from taxpayers that are required to establish affiliated entities to comply with regulatory mandates and that transactions between such affiliates effectively increases the tax burden in this state on the affiliated group of entities.

(2) Therefore, as existing resources allow, the department of revenue is directed to conduct a review of the state's tax policy with respect to the taxation of intercompany transactions. The review must include the impacts of such transactions under the state's business and occupation tax and state and local sales and use taxes. The department may include other taxes in the review as it deems appropriate.

(3) In conducting the review, the department must examine how this state's tax policy compares to the tax policy of other states with respect to the taxation of intercompany transactions. The department's review must include an analysis of potential alternatives to the current policy of taxing intercompany transactions, including their estimated revenue impacts if practicable.

(4) In conducting this review, the department may seek input from members of the business community and others as it deems appropriate.

(5) The department must report its findings to the fiscal committees of the house of representatives and senate by December 1, 2010. However, if the department has not completed its review by December 1, 2010, the department must provide the fiscal committees of the legislature with a brief status report by December 1, 2010, and the final report by December 1, 2011.

Sec. 206. RCW 82.12.020 and 2009 c 535 s 305 are each amended to read as follows:

(1) There is ~~((hereby))~~ levied and ~~((there shall be))~~ collected from every person in this state a tax or excise for the privilege of using within this state as a consumer any:

(a) Article of tangible personal property ~~((purchased at retail, or))~~ acquired by ~~((lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7)))~~ the user in any manner, including tangible personal property acquired at a casual or isolated sale, and including by-products

used by the manufacturer thereof, except as otherwise provided in this chapter, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state;

(b) Prewritten computer software, regardless of the method of delivery, but excluding prewritten computer software that is either provided free of charge or is provided for temporary use in viewing information, or both;

(c) Services defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b), excluding services defined as a retail sale in RCW 82.04.050(6)(b) that are provided free of charge;

(d) Extended warranty; or

(e)(i) Digital good, digital code, or digital automated service, including the use of any services provided by a seller exclusively in connection with digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.

(ii) With respect to the use of digital goods, digital automated services, and digital codes acquired by purchase, the tax imposed in this subsection (1)(e) applies in respect to:

(A) Sales in which the seller has granted the purchaser the right of permanent use;

(B) Sales in which the seller has granted the purchaser a right of use that is less than permanent;

(C) Sales in which the purchaser is not obligated to make continued payment as a condition of the sale; and

(D) Sales in which the purchaser is obligated to make continued payment as a condition of the sale.

(iii) With respect to digital goods, digital automated services, and digital codes acquired other than by purchase, the tax imposed in this subsection (1)(e) applies regardless of whether or not the consumer has a right of permanent use or is obligated to make continued payment as a condition of use.

(2) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property, extended warranty, digital good, digital code, digital automated service, or service taxable under RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b), if the sale to, or the use by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(3)(a) Except as provided in this section, payment of the tax imposed by this chapter or chapter 82.08 RCW by one purchaser or user of tangible personal property, extended warranty, digital good, digital code, digital automated service, or other service does not have the effect of exempting any other purchaser or user of the same property, extended warranty, digital good, digital code, digital automated service, or other service from the taxes imposed by such chapters.

(b) The tax imposed by this chapter does not apply:

(i) If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor;

(ii) In respect to the use of any article of tangible personal property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use;

(iii) In respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961; or

(iv) To the use of digital goods or digital automated services, which were obtained through the use of a digital code, if the sale of the digital code to, or the use of the digital code by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(4)(a) Except as provided in (b) of this subsection (4), the tax is levied and must be collected in an amount equal to the value of the article used, value of the digital good or digital code used, value of the extended warranty used, or value of the service used by the taxpayer, multiplied by the applicable rates in effect for the retail sales tax under RCW 82.08.020.

(b) In the case of a seller required to collect use tax from the purchaser, the tax must be collected in an amount equal to the purchase price multiplied by the applicable rate in effect for the retail sales tax under RCW 82.08.020.

(5) For purposes of the tax imposed in this section, "person" includes anyone within the definition of "buyer," "purchaser," and "consumer" in RCW 82.08.010.

Sec. 207. RCW 82.45.010 and 2008 c 116 s 3 and 2008 c 6 s 701 are each reenacted and amended to read as follows:

(1) As used in this chapter, the term "sale" (~~(shall have)~~) has its ordinary meaning and (~~(shall)~~) includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert (~~(shall)~~) must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department (~~(of revenue shall)~~) must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department (~~(shall)~~) must consider the following:

~~((a))~~ (i) Persons (~~(shall)~~) must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

~~((b))~~ (ii) When persons are not commonly owned or controlled, they (~~(shall)~~) must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions (~~(shall be)~~) are considered separate acquisitions.

- (3) The term "sale" (~~shall~~) does not include:
- (a) A transfer by gift, devise, or inheritance.
 - (b) A transfer of any leasehold interest other than of the type mentioned above.
 - (c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.
 - (d) The partition of property by tenants in common by agreement or as the result of a court decree.
 - (e) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance with the terms of a decree of dissolution of marriage or state registered domestic partnership or in fulfillment of a property settlement agreement.
 - (f) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.
 - (g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.
 - (h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.
 - (i) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage or deed of trust.
 - (j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.
 - (k) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed.
 - (l) The sale of any grave or lot in an established cemetery.
 - (m) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.
 - (n) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.
 - (o) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner (~~(=PROVIDED, That)~~). However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than ~~((4))~~ (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, ~~((2))~~ (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or ~~((3))~~ (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes (~~shall~~) become due and payable on the original transfer as otherwise provided by law.
 - (p)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of ~~(section)~~ 26 U.S.C. Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.
 - (ii) However, the transfer described in (p)(i) of this subsection cannot be preceded or followed within a twelve-month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (p)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(p)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax under this subsection (3)(p)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.
 - (q) A qualified sale of a manufactured/mobile home community, as defined in RCW 59.20.030, that takes place on or after June 12, 2008, but before December 31, 2018.

Sec. 208. RCW 82.45.033 and 1993 sp.s. c 25 s 505 are each amended to read as follows:

- (1) As used in this chapter, the term "controlling interest" has the following meaning:
- ~~((4))~~ (a) In the case of a corporation, either fifty percent or more of the total combined voting power of all classes of stock of the corporation entitled to vote, or fifty percent of the capital, profits, or beneficial interest in the voting stock of the corporation; and
 - ~~((2))~~ (b) In the case of a partnership, association, trust, or other entity, fifty percent or more of the capital, profits, or beneficial interest in such partnership, association, trust, or other entity.
- (2) The department may, at the department's option, enforce the obligation of the seller under this chapter as provided in this subsection (2):
- (a) In the transfer or acquisition of a controlling interest as defined in subsection (1)(a) of this section, either against the corporation in which a controlling interest is transferred or acquired, against the person or persons who acquired the controlling interest in the corporation or, when the corporation is not a publicly traded company, against the person or persons who transferred the controlling interest in the corporation; and
 - (b) In the transfer or acquisition of a controlling interest as defined in subsection (1)(b) of this section, either against the entity in which a controlling interest is transferred or acquired or against the person or persons who transferred or acquired the controlling interest in the entity.

Sec. 209. RCW 82.45.070 and 1969 ex.s. c 223 s 28A.45.070 are each amended to read as follows:

The tax (~~herein~~) provided for in this chapter and any interest or penalties thereon (~~shall be~~) is a specific lien upon each (~~piece~~) parcel of real property located in this state that is either sold or that is owned by an entity in which a controlling interest has been transferred or acquired. The lien attaches from the time of sale until the tax (~~shall have been~~) is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

Sec. 210. RCW 82.45.080 and 1980 c 154 s 3 are each amended to read as follows:

(1) The tax levied under this chapter (~~(shall be)~~) is the obligation of the seller and the department (~~(of revenue)~~) may, at the department's option, enforce the obligation through an action of debt against the seller or the department may proceed in the manner prescribed for the foreclosure of mortgages (~~(and resort to)~~). The department's use of one course of enforcement (~~(shall)~~) is not (~~(be)~~) an election not to pursue the other.

(2) For purposes of this section and notwithstanding any other provisions of law, the seller is the parent corporation of a wholly owned subsidiary, when such subsidiary is the transferor to a third-party transferee and the subsidiary is dissolved before paying the tax imposed under this chapter.

Sec. 211. RCW 82.45.100 and 2007 c 111 s 112 are each amended to read as follows:

(1) Payment of the tax imposed under this chapter is due and payable immediately at the time of sale, and if not paid within one month thereafter (~~(shall)~~) will bear interest from the time of sale until the date of payment.

(a) Interest imposed before January 1, 1999, (~~(shall be)~~) is computed at the rate of one percent per month.

(b) Interest imposed after December 31, 1998, (~~(shall be)~~) is computed on a monthly basis at the rate as computed under RCW 82.32.050(2). The rate so computed (~~(shall)~~) must be adjusted on the first day of January of each year for use in computing interest for that calendar year. The department (~~(of revenue shall)~~) must provide written notification to the county treasurers of the variable rate on or before December 1st of the year preceding the calendar year in which the rate applies.

(2) In addition to the interest described in subsection (1) of this section, if the payment of any tax is not received by the county treasurer or the department of revenue, as the case may be, within one month of the date due, there (~~(shall be)~~) is assessed a penalty of five percent of the amount of the tax; if the tax is not received within two months of the date due, there (~~(shall)~~) will be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within three months of the date due, there (~~(shall)~~) will be assessed a total penalty of twenty percent of the amount of the tax. The payment of the penalty described in this subsection (~~(shall be)~~) is collectible from the seller only, and RCW 82.45.070 does not apply to the penalties described in this subsection.

(3) If the tax imposed under this chapter is not received by the due date, the transferee (~~(shall be)~~) is personally liable for the tax, along with any interest as provided in subsection (1) of this section, unless(~~(~~

~~(a)) an instrument evidencing the sale is recorded in the official real property records of the county in which the property conveyed is located(~~(~~~~

~~(b) Either the transferor or transferee notifies the department of revenue in writing of the occurrence of the sale within thirty days following the date of the sale)).~~

(4) If upon examination of any affidavits or from other information obtained by the department or its agents it appears that all or a portion of the tax is unpaid, the department (~~(shall)~~) must assess against the taxpayer the additional amount found to be due plus interest and penalties as provided in subsections (1) and (2) of this section. The department (~~(shall)~~) must notify the taxpayer by mail, or electronically as provided in RCW 82.32.135, of the additional amount and the same (~~(shall)~~) becomes due and (~~(shall)~~) must be paid within thirty days from the date of the notice, or within such further time as the department may provide.

(5) No assessment or refund may be made by the department more than four years after the date of sale except upon a showing of:

(a) Fraud or misrepresentation of a material fact by the taxpayer;

(b) A failure by the taxpayer to record documentation of a sale or otherwise report the sale to the county treasurer; or

(c) A failure of the transferor or transferee to report the sale under RCW 82.45.090(2).

(6) Penalties collected on taxes due under this chapter under subsection (2) of this section and RCW 82.32.090 (2) through (~~((7))~~) (8) (~~(shall)~~) must be deposited in the housing trust fund as described in chapter 43.185 RCW.

Sec. 212. RCW 82.45.220 and 2005 c 326 s 3 are each amended to read as follows:

(1) An organization that fails to report a transfer of the controlling interest in the organization under RCW 43.07.390 to the secretary of state and is later determined to be subject to real estate excise taxes due to the transfer, (~~(shall be)~~) is subject to the provisions of RCW 82.45.100 as well as the evasion penalty in RCW 82.32.090(~~((6))~~) (7).

(2) Subsection (1) of this section also applies to the failure to report to the secretary of state the granting of an option to acquire an interest in the organization if the exercise of the option would result in a sale as defined in RCW 82.45.010(2).

Sec. 213. RCW 43.07.390 and 2005 c 326 s 2 are each amended to read as follows:

(1)(a) The secretary of state (~~(shall)~~) must adopt rules requiring any entity that is required to file an annual report with the secretary of state, including entities under Titles 23, 23B, 24, and 25 RCW, to disclose: (i) Any transfer (~~((in))~~) of the controlling interest (~~((of))~~) in the entity (~~(and any interest in real property)~~); and (ii) the granting of any option to acquire an interest in the entity if the exercise of the option would result in a sale as defined in RCW 82.45.010(2).

(b) The disclosure requirement in this subsection only applies to entities owning an interest in real property located in this state.

(2) This information (~~(shall)~~) must be made available to the department of revenue upon request for the purposes of tracking the transfer of the controlling interest in entities owning real property and to determine when the real estate excise tax is applicable in such cases.

(3) For the purposes of this section, "controlling interest" has the same meaning as provided in RCW 82.45.033.

PART III**Modifying the First Mortgage Deduction****Sec. 301. RCW 82.04.4292 and 1980 c 37 s 12 are each amended to read as follows:**

(1) In computing tax there may be deducted from the measure of tax by those engaged in banking, loan, security or other financial businesses, (~~(amounts derived from))~~ interest received on investments or loans primarily secured by first mortgages or trust deeds on nontransient residential properties.

(2) Interest deductible under this section includes the portion of fees charged to borrowers, including points and loan origination fees, that is recognized over the life of the loan as an adjustment to yield in the taxpayer's books and records according to generally accepted accounting principles.

(3) Subsections (1) and (2) of this section notwithstanding, the following is a nonexclusive list of items that are not deductible under this section:

(a) Fees for specific services such as: Document preparation fees; finder fees; brokerage fees; title examination fees; fees for credit checks; notary fees; loan application fees; interest lock-in fees if the loan is not made; servicing fees; and similar fees or amounts;

(b) Fees received in consideration for an agreement to make funds available for a specific period of time at specified terms, commonly referred to as commitment fees;

(c) Any other fees, or portion of a fee, that is not recognized over the life of the loan as an adjustment to yield in the taxpayer's books and records according to generally accepted accounting principles;

(d) Gains on the sale of valuable rights such as service release premiums, which are amounts received when servicing rights are sold; and

(e) Gains on the sale of loans, except deferred loan origination fees and points deductible under subsection (2) of this section, are not to be considered part of the proceeds of sale of the loan.

(4) Notwithstanding subsection (3) of this section, in computing tax there may be deducted from the measure of tax by those engaged in banking, loan, security, or other financial businesses, amounts received for servicing loans primarily secured by first mortgages or trust deeds on nontransient residential properties, including such loans that secure mortgage-backed or mortgage-related securities, but only if:

(a)(i) The loans were originated by the person claiming a deduction under this subsection (4) and that person either sold the loans on the secondary market or securitized the loans and sold the securities on the secondary market; or

(ii)(A) The person claiming a deduction under this subsection (4) acquired the loans from the person that originated the loans through a merger or acquisition of substantially all of the assets of the person who originated the loans, or the person claiming a deduction under this subsection (4) is affiliated with the person that originated the loans. For purposes of this subsection, "affiliated" means under common control. "Control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise; and

(B) Either the person who originated the loans or the person claiming a deduction under this subsection (4) sold the loans on the secondary market or securitized the loans and sold the securities on the secondary market; and

(b) The amounts received for servicing the loans are determined by a percentage of the interest paid by the borrower and are only received if the borrower makes interest payments.

PART IV

Direct Seller Business and Occupation Tax Exemption

NEW SECTION. Sec. 401. (1) A business and occupation tax exemption is provided in RCW 82.04.423 for certain out-of-state sellers that sell consumer products exclusively to or through a direct seller's representative. The intent of the legislature in enacting this exemption was to provide a narrow exemption for out-of-state businesses engaged in direct sales of consumer products, typically accomplished through in-home parties or door-to-door selling.

(2) In *Dot Foods, Inc. v. Dep't of Revenue*, Docket No. 81022-2 (September 10, 2009), the Washington supreme court held that the exemption in RCW 82.04.423 applied to a taxpayer: (a) That sold nonconsumer products through its representative in addition to consumer products; and (b) whose consumer products were ultimately sold at retail in permanent retail establishments.

(3) The legislature finds that most out-of-state businesses selling consumer products in this state will either be eligible for the exemption under RCW 82.04.423 or could easily restructure their business operations to qualify for the exemption. As a result, the legislature expects that the broadened interpretation of the direct sellers' exemption will lead to large and devastating revenue losses. This comes at a time when the state's existing budget is facing a two billion six hundred million dollar shortfall, which could grow, while at the same time the demand for state and state-funded services is also growing. Moreover, the legislature further finds that RCW 82.04.423 provides preferential tax treatment for out-of-state businesses over their in-state competitors and now creates a strong incentive for in-state businesses to move their operations outside Washington.

(4) Therefore, the legislature finds that it is necessary to reaffirm the legislature's intent in establishing the direct sellers' exemption and prevent the loss of revenues resulting from the expanded interpretation of the exemption by amending RCW 82.04.423 retroactively to conform the exemption to the original intent of the legislature and by prospectively ending the direct sellers' exemption as of the effective date of this section.

Sec. 402. RCW 82.04.423 and 1983 1st ex.s. c 66 s 5 are each amended to read as follows:

(1) Prior to the effective date of this section, this chapter ((shall)) does not apply to any person in respect to gross income derived from the business of making sales at wholesale or retail if such person:

(a) Does not own or lease real property within this state; and

(b) Does not regularly maintain a stock of tangible personal property in this state for sale in the ordinary course of business; and

(c) Is not a corporation incorporated under the laws of this state; and

(d) Makes sales in this state exclusively to or through a direct seller's representative.

(2) For purposes of this section, the term "direct seller's representative" means a person who buys only consumer products on a buy-sell basis or a deposit-commission basis for resale, by the buyer or any other person, in the home or otherwise than in a permanent retail establishment, or who sells at retail, or solicits the sale at retail of, only consumer products in the home or otherwise than in a permanent retail establishment; and

(a) Substantially all of the remuneration paid to such person, whether or not paid in cash, for the performance of services described in this subsection is directly related to sales or other output, including the performance of services, rather than the number of hours worked; and

(b) The services performed by the person are performed pursuant to a written contract between such person and the person for whom the services are performed and such contract provides that the person will not be treated as an employee with respect to such purposes for federal tax purposes.

(3) Nothing in this section ((shall)) may be construed to imply that a person exempt from tax under this section was engaged in a business activity taxable under this chapter prior to ((the enactment of this section)) August 23, 1983.

PART V

Business and Occupation Tax Preferences for Manufacturers of Products Derived from Certain Agricultural Products

NEW SECTION. Sec. 501. (1)(a) In 1967, the legislature amended RCW 82.04.260 in chapter 149, Laws of 1967 ex. sess. to authorize a preferential business and occupation tax rate for slaughtering, breaking, and/or processing perishable meat products and/or selling the same at wholesale. The legislature finds that RCW 82.04.260(4) was interpreted by the state supreme court on January 13, 2005, in *AgriLink Foods, Inc.*

v. *Department of Revenue*, 153 Wn.2d 392 (2005). The supreme court held that the preferential business and occupation tax rate on the slaughtering, breaking, and/or processing of perishable meat products applied to the processing of perishable meat products into nonperishable finished products, such as canned food.

(b) The legislature intends to narrow the exemption provided for slaughtering, breaking, and/or processing perishable meat products and/or selling such products at wholesale by requiring that the end product be a perishable meat product; a nonperishable meat product that is comprised primarily of animal carcass by weight or volume, other than a canned meat product; or a meat by-product.

(2)(a) A business and occupation tax exemption is provided for (i) manufacturing by canning, preserving, freezing, processing, or dehydrating fresh fruits or vegetables, and (ii) selling such products at wholesale by the manufacturer to purchasers who transport the goods out of state in the ordinary course of business. This exemption expires July 1, 2012, and is replaced by a preferential business and occupation tax rate.

(b) The legislature finds that the rationale of the *AgriLink* decision, if applied to these tax preferences, could result in preferential tax treatment for any processed food product that contained any fresh fruit or vegetable as an ingredient, however small the amount.

(c) The legislature intends to narrow the tax preference provided to fruit and vegetable manufacturers by requiring that the end product be comprised either (i) exclusively of fruits and/or vegetables, or (ii) of any combination of fruits, vegetables, and certain other substances that, cumulatively, may not exceed the amount of fruits and vegetables contained in the product measured by weight or volume.

NEW SECTION. Sec. 502. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging within this state in the business of manufacturing:

(a) Perishable meat products, by slaughtering, breaking, or processing, if the finished product is a perishable meat product; as to such persons the tax imposed is equal to the value of the perishable meat products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent;

(b) Meat products, by dehydration, curing, smoking, or any combination of these activities, if the finished meat products are not canned; as to such persons the tax imposed is equal to the value of the meat products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent;

(c) Hides, tallow, meat meal, and other similar meat by-products, if such products are derived in part from animals and manufactured in a rendering plant licensed under chapter 16.68 RCW; as to such persons the tax imposed is equal to the value of the products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent.

(2) Upon every person engaging within this state in the business of selling at wholesale:

(a) Perishable meat products; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent;

(b) Meat products that have been manufactured by the seller by dehydration, curing, smoking, or any combination of such activities, if the finished meat products are not canned; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent;

(c) Hides, tallow, meat meal, and other similar meat by-products, if such products are derived in part from animals and manufactured by the seller in a rendering plant; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Animal" means all members of the animal kingdom except humans, fish, and insects.

(b) "Carcass" means all or any parts, including viscera, of a slaughtered animal.

(c) "Fish" means any water-breathing animal, including shellfish.

(d) "Hide" means any unprocessed animal pelt or skin.

(ii) Except as provided in (e)(i) of this subsection (3), "meat products" does not include products containing any cereal grains or cereal-grain products, dairy products, legumes and legume products, fruit or vegetable products as defined in RCW 82.04.260, and similar ingredients, unless the ingredient is used as a flavoring. For purposes of this subsection, "flavoring" means a substance that contains the flavoring constituents derived from a spice, fruit or fruit juice, vegetable or vegetable juice, edible yeast, herb, bark, bud, root, leaf, or any other edible substance of plant origin, whose primary function in food is flavoring or seasoning rather than nutritional, and which may legally appear as "natural flavor," "flavor," or "flavorings" in the ingredient statement on the label of the meat product.

(iii) "Meat products" includes only products that are intended for human consumption as food or animal consumption as feed.

(f) "Perishable" means having a high risk of spoilage within thirty days of manufacture without any refrigeration or freezing.

(g) "Rendering plant" means any place of business or location where dead animals or any part or portion thereof, or packing house refuse, are processed for the purpose of obtaining the hide, skin, grease residue, or any other by-product whatsoever.

Sec. 503. RCW 82.04.4266 and 2006 c 354 s 3 are each amended to read as follows:

(1) This chapter (~~shall~~) does not apply to the value of products or the gross proceeds of sales derived from:

(ii) Products comprised of fruits, vegetables, or both, and which may also contain water, sugar, salt, seasonings, preservatives, binders, stabilizers, flavorings, yeast, and similar substances. However, the amount of all ingredients contained in the product, other than fruits, vegetables, and water, may not exceed the amount of fruits and vegetables contained in the product measured by weight or volume.

(b) "Fruit or vegetable products" includes only products that are intended for human consumption as food or animal consumption as feed.

(1) In addition to the taxes imposed under RCW 82.04.260~~((42))~~ (11), a surcharge is imposed on those persons who are subject to any of the taxes imposed under RCW 82.04.260~~((42))~~ (11). Except as otherwise provided in this section, the surcharge is equal to 0.052 percent. The surcharge is added to the rates provided in RCW 82.04.260~~((42))~~ (11) (a), (b), (c), and (d). The surcharge and this section expire July 1, 2024.

(2) All receipts from the surcharge imposed under this section ~~((shall))~~ must be deposited into the forest and fish support account created in RCW 76.09.405.

(3)(a) The surcharge imposed under this section ~~((shall be))~~ is suspended if:

(i) Receipts from the surcharge total at least eight million dollars during any fiscal biennium; or

(ii) The office of financial management certifies to the department that the federal government has appropriated at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington for any federal fiscal year.

(b)(i) The suspension of the surcharge under (a)(i) of this subsection (3) ~~((shall))~~ takes effect on the first day of the calendar month that is at least thirty days after the end of the month during which the department determines that receipts from the surcharge total at least eight million dollars during the fiscal biennium. The surcharge ~~((shall be))~~ is imposed again at the beginning of the following fiscal biennium.

(ii) The suspension of the surcharge under (a)(ii) of this subsection (3) ~~((shall))~~ takes effect on the later of the first day of October of any federal fiscal year for which the federal government appropriates at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington, or the first day of a calendar month that is at least thirty days following the date that the office of financial management makes a certification to the department under subsection (5) of this section. The surcharge ~~((shall be))~~ is imposed again on the first day of the following July.

(4)(a) If, by October 1st of any federal fiscal year, the office of financial management certifies to the department that the federal government has appropriated funds for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington but the amount of the appropriation is less than two million dollars, the department ~~((shall))~~ must adjust the surcharge in accordance with this subsection.

(b) The department ~~((shall))~~ must adjust the surcharge by an amount that the department estimates will cause the amount of funds deposited into the forest and fish support account for the state fiscal year that begins July 1st and that includes the beginning of the federal fiscal year for which the federal appropriation is made, to be reduced by twice the amount of the federal appropriation for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington.

(c) Any adjustment in the surcharge ~~((shall))~~ takes effect at the beginning of a calendar month that is at least thirty days after the date that the office of financial management makes the certification under subsection (5) of this section.

(e) Adjustments of the amount of the surcharge by the department are final and ~~((shall))~~ may not be used to challenge the validity of the surcharge imposed under this section.

(f) The department ~~((shall))~~ must provide timely notice to affected taxpayers of the suspension of the surcharge or an adjustment of the surcharge.

(5) The office of financial management ~~((shall))~~ must make the certification to the department as to the status of federal appropriations for tribal participation in forest and fish report-related activities.

PART VII

Ending the Preferential Business and Occupation Tax Treatment Received by Directors of Corporations

NEW SECTION. Sec. 701. (1) In adopting the state's business and occupation tax, the legislature intended to tax virtually all business activities carried on within the state. See *Simpson Inv. Co. v. Dep't of Revenue*, 141 Wn.2d 139, 149 (2000). The legislature recognizes that the business and occupation tax applies to all activities engaged in with the object of gain, benefit, or advantage to the taxpayer or to another person or class, directly or indirectly, unless a specific exemption applies.

(2) One of the major business and occupation tax exemptions is provided in RCW 82.04.360 for income earned as an employee or servant as distinguished from income earned as an independent contractor. The legislature's intent in providing this exemption was to exempt employee wages from the business and occupation tax but not to exempt income earned as an independent contractor.

(3) The legislature finds that corporate directors are not employees or servants of the corporation whose board they serve on and therefore are not entitled to a business and occupation tax exemption under RCW 82.04.360. The legislature further finds that there are no business and occupation tax exemptions for compensation received for serving as a member of a corporation's board of directors.

(4) The legislature also finds that there is a widespread misunderstanding among corporate directors that the business and occupation tax does not apply to the compensation they receive for serving as a director of a corporation. It is the legislature's expectation that the department of revenue will take appropriate measures to ensure that corporate directors understand and comply with their business and occupation tax obligations with respect to their director compensation. However, because of the widespread misunderstanding by corporate directors of their liability for business and occupation tax on director compensation, the legislature finds that it is appropriate in this unique situation to provide limited relief against the retroactive assessment of business and occupation taxes on corporate director compensation.

(5) The legislature also reaffirms its intent that all income of all independent contractors is subject to business and occupation tax unless specifically exempt under the Constitution or laws of this state or the United States.

Sec. 702. RCW 82.04.360 and 2010 c 106 (E2SHB 1597) s 207 are each amended to read as follows:

(1) This chapter does not apply to any person in respect to his or her employment in the capacity of an employee or servant as distinguished from that of an independent contractor. For the purposes of this section, the definition of employee (~~shall~~) includes those persons that are defined in section 3121(d)(3)(B) of the federal internal revenue code of 1986, as amended through January 1, 1991.

(2) Until the effective date of this section, this chapter does not apply to amounts received by an individual from a corporation as compensation for serving as a member of that corporation's board of directors. Beginning on the effective date of this section, such amounts are taxable under RCW 82.04.290(2).

(3) A booth renter is an independent contractor for purposes of this chapter. For purposes of this (~~sub~~)section, "booth renter" means any person who:

(a) Performs cosmetology, barbering, esthetics, or manicuring services for which a license is required under chapter 18.16 RCW; and

(b) Pays a fee for the use of salon or shop facilities and receives no compensation or other consideration from the owner of the salon or shop for the services performed.

~~((5) This section applies only in situations where the department has determined that there is no reasonable means of collecting the retail sales tax funds held in trust directly from the corporation.~~

"Packaged" includes cans, bottles, and other similar sealed containers. "Syrup" means a concentrated mixture in either liquid or powdered form that contains sugar or a sugar substitute and that is an ingredient used to make carbonated beverages.

(2) "Ounce" means United States fluid ounce.

(3) "Previously taxed carbonated beverages" means carbonated beverages to which the tax under this chapter has been previously imposed.

(4) Except for terms defined in this section, the definitions in chapters 82.04, 82.08, and 82.12 RCW apply to this chapter.

NEW SECTION. Sec. 1402. (1) From the effective date of this section through June 30, 2013, a tax is imposed on every person for the privilege of selling, at wholesale or retail, carbonated beverages in this state. The rate of the tax is equal to two cents per twelve ounces of carbonated beverages sold in this state.

(2)(a) In calculating the amount of tax due under this section, if the total amount of carbonated beverages sold in this state during the reporting period is not a whole number, the taxable quantity must be rounded as provided in (b) of this subsection.

(b) For a fraction of an ounce that is equal to or greater than one-half ounce, the taxable quantity must be rounded up to the nearest ounce. For a fraction of an ounce that is less than one-half ounce, the taxable quantity must be rounded down to the nearest ounce.

(3) Chapter 82.32 RCW applies to the tax imposed in this section. The tax reporting frequency for the tax imposed in this section must coincide with the taxpayer's reporting frequency for the tax imposed in chapter 82.04 RCW.

(4) The department may require taxpayers to report the taxable quantity of carbonated beverages in units of measure other than ounces.

(5) The tax imposed in this section is in addition to all other taxes imposed in this title on the same taxable event.

(2) Any person claiming the exemption provided in this section must maintain documentation establishing that the carbonated beverages were previously taxed under this chapter. The documentation may be in the form of information on the invoice, or certification from the previous

seller, stating: (a) That all or a specific stated portion of the carbonated beverages were previously subject to the tax imposed in this chapter; and (b) the amount of tax remitted or to be remitted to the department in respect of the carbonated beverages.

NEW SECTION. Sec. 1404. (1) For each calendar year, the tax imposed in this chapter does not apply in respect to the first ten million dollars of carbonated beverages sold in this state by any bottler as measured by the gross proceeds of sales of carbonated beverages at retail and wholesale by the bottler. If a bottler is affiliated with any other bottler or distributor, the ten million dollar threshold for the exemption in this subsection (1) is based on the combined gross proceeds of sales by all affiliated persons from all sales at wholesale and retail of carbonated beverages in this state during the calendar year.

(2) Successive sales by any person of carbonated beverages exempt under subsection (1) of this section are also exempt from the tax imposed in this chapter. Any person claiming the exemption provided in this subsection (2) must maintain documentation establishing that the carbonated beverages were previously sold in this state by a person exempt under subsection (1) of this section. The documentation may be in the form of information on the invoice, or certification from the previous seller, stating that the carbonated beverages were previously exempt under subsection (1) of this section.

Sec. 1601. RCW 82.08.--- and 2010 1st sp.s. c 1 (ESSB 6789) s 2 are each amended to read as follows:

(1) An exemption from the tax imposed by RCW 82.08.020 is provided for sales to qualifying businesses of eligible server equipment to be installed, without intervening use, in an eligible computer data center, and to charges made for labor and services rendered in respect to installing eligible server equipment. The exemption also applies to sales to qualifying businesses of eligible power infrastructure, including labor and services rendered in respect to constructing, installing, repairing, altering, or improving eligible power infrastructure.

(2)(a) In order to claim the exemption under this section, a qualifying business must submit an application to the department for an exemption certificate. The application must include the information necessary, as required by the department, to determine that a business qualifies for the exemption under this section. The department must issue exemption certificates to qualifying businesses. The department may assign a unique identification number to each exemption certificate issued under this section.

(b) A qualifying business claiming the exemption under this section must present the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3)(a) ~~((A qualifying business must establish))~~ Within six years of the ((first day of the calendar quarter in which the business first receives an exemption under this section or section 3 of this act that it has)) date that the department issued an exemption certificate under this section to a qualifying business with respect to an eligible computer data center, the qualifying business must establish that net employment at the eligible computer data center has increased ((employment in a computer data center)) by a minimum of:

(i) Thirty-five family wage ((jobs from the date the eligible computer data center first became operational)) employment positions; or
(ii) Three family wage employment positions for each twenty thousand square feet of space or less that is newly dedicated to housing working servers at the eligible computer data center. For qualifying businesses that lease space at an eligible computer data center, the number of family wage employment positions that must be increased under this subsection (3)(a)(ii) is based only on the space occupied by the lessee in the eligible computer data center.

(b) In calculating the net increase in family wage employment positions:

(i) The owner of an eligible computer data center, in addition to its own net increase in family wage employment positions, may include:

(A) The net increase in family wage employment positions employed by qualifying businesses leasing space within the eligible computer data center from the owner; and

(B) The net increase in family wage employment positions described in (c)(ii)(B) of this subsection (3).

(ii)(A) Lessees of the owner of an eligible computer data center, in addition to their own net increase in family wage employment positions, may include:

(I) A portion of the net increase in family wage employment positions employed by the owner; and

(II) A portion of the net increase in family wage employment positions described in (c)(ii)(B) of this subsection (3).

(B) The portion of the net increase in family wage employment positions to be counted under this subsection (3)(b)(ii) by each lessee must be in proportion to the amount of space in the eligible computer data center occupied by the lessee compared to the total amount of space in the eligible computer data center occupied by all lessees that are qualifying businesses.

(c)(i) For purposes of this subsection, family wage ((jobs)) employment positions are new permanent employment positions requiring forty hours of weekly work, or their equivalent, on a full-time basis at the eligible computer data center and ((paying)) receiving a wage equivalent to or greater than one hundred fifty percent of the per capita personal income of the county in which the qualified project is located. ((The qualifying business must provide)) An employment position may not be counted as a family wage employment position unless the employment position is entitled to health insurance coverage ((for employees)) provided by the employer of the employment position. (ii)(A) Family wage employment positions include positions filled by employees of the owner of the eligible computer data center and by employees of qualifying businesses leasing space from the owner of the eligible computer data center.

(B) Family wage employment positions also include individuals performing work at an eligible computer data center as an independent contractor hired by the owner of the eligible computer data center or as an employee of an independent contractor hired by the owner of the eligible computer data center, if the work is necessary for the operation of the computer data center, such as security and building maintenance, and provided that all of the requirements in (c)(i) of this subsection (3) are met.

~~((b))~~ (d) All previously exempted sales and use taxes are immediately due and payable for a qualifying business that does not meet the requirements of this subsection.

(4) A qualifying business claiming an exemption under this section or RCW 82.12.--- (section 3, chapter 1 (ESSB 6789), Laws of 2010 1st sp. sess.) must complete an annual report with the department as required under section 103, chapter 114 (SHB 3066), Laws of 2010.

MESSAGE FROM THE SENATE

April 12, 2010

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL 2576 and the same is herewith transmitted.

Brad Hendrickson, Deputy Secretary

MESSAGE FROM THE SENATE

April 12, 2010

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2694 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.50 RCW to read as follows:

(1) RCW 28B.50.901 assigns responsibility for the north Snohomish, Island, and Skagit counties' higher education consortium to Everett Community College. In April of 2009, Everett Community College opened Gray Wolf Hall, the new home of the University Center of North Puget Sound. The University Center currently offers over twenty bachelor's and master's degrees from six partner universities.

(2) Although Everett Community College offers an associate degree nursing program that graduates approximately seventy to ninety students per year, the University Center does not offer a bachelor of science in nursing. Some graduates of the Everett Community College program are able to articulate to the bachelor of science in nursing program offered by the University of Washington-Bothell at its Bothell campus or in Mt. Vernon but current capacity is not sufficient for all of the graduates who are both interested and qualified.

(3) Despite recent growth in nursing education capacity, shortages still persist for registered nurses. According to a June 2007 study by the Washington, Wyoming, Alaska, Montana, and Idaho center for health workforce studies, the average age of Washington's registered nurses was forty-eight years. More than a third were fifty-five years of age or older. Consequently, the high rate of registered nurses retiring from nursing practice over the next two decades will significantly reduce the supply. This reduction comes at the same time as the state's population grows and ages. The registered nurse education capacity in Washington has a large impact on the supply of registered nurses in the state. If the rate of graduation in registered nursing does not increase, projections show that supply in Washington will begin to decline by 2015. In contrast, if graduation rates increased by four hundred per year, the supply of registered nurses would meet estimated demand by the year 2021.

(4) Subject to specific funding to support up to fifty full-time equivalent students in a bachelor of nursing program, the University Center at Everett Community College, in partnership with the University of Washington-Bothell, shall offer a bachelor of science in nursing program with capacity for up to fifty full-time students.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2010.

NEW SECTION. Sec. 3. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2010, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "Center;" strike the remainder of the title and insert "adding a new section to chapter 28B.50 RCW; creating a new section; providing an effective date; and declaring an emergency."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 12, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2630 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that in times of severe economic recession, the state has a special obligation to help unemployed and low-income citizens access the training and education necessary to help them find and keep living wage jobs. The legislature also finds that during times of recession, when state revenues are at their lowest, demand for education and training are at their highest, making it especially important for the legislature to set clear goals and make the most efficient use of limited state resources.

(2) The legislature therefore intends to expand training and education programs, which have proven to be successful, to help Washington citizens receive the training they need. These programs include the worker retraining program, the opportunity grant program, and the opportunity internship program. The legislature further intends to create more effective intake and outreach systems to reach the greatest number of citizens and connect them to the resources they need, including college, apprenticeship, and preapprenticeship.

Sec. 2. RCW 28C.04.390 and 1999 c 121 s 1 are each amended to read as follows:

(1) The college board worker retraining program funds shall be used for training programs and related support services, including financial aid, counseling, referral to training resources, job referral, and job development that:

(a) Are consistent with the unified plan for workforce development;

(b) Provide increased enrollments for dislocated workers;

(c) Provide customized training opportunities for dislocated workers; and

(d) Provide increased enrollments and support services, including financial aid for those students not receiving unemployment insurance benefits, that do not replace or supplant any existing enrollments, programs, support services, or funding sources.

(2) The college board shall develop a plan for use of the worker retraining program funds in conjunction with the workforce training customer advisory committee established in subsection (3) of this section. In developing the plan the college board shall:

(a) Provide that applicants for worker retraining program funds shall solicit financial support for training programs and give priority in receipt of funds to those applicants which are most successful in matching public dollars with financial support;

(b) Provide that applicants for worker retraining program funds shall develop training programs in partnership with local businesses, industry associations, labor, and other partners as appropriate and give priority in receipt of funds to those applicants who develop customized training programs in partnership with local businesses, industry associations, and labor organizations;

(c) Give priority in receipt of funds to those applicants serving rural areas;

(d) Ensure that applicants receiving worker retraining program funds gather information from local workforce development councils on employer workforce needs, including the needs of businesses with less than twenty-five employees; ~~(and)~~

(e) Provide for specialized vocational training at a private career school or college at the request of a recipient eligible under subsection (1)(b) of this section. Available tuition for the training is limited to the amount that would otherwise be payable per enrolled quarter to a public institution; and

(f) Give priority in receipt of funds to those applicants working toward careers in the aerospace, health care, advanced manufacturing, construction, forest product, and renewable energy industries; high-demand occupations in strategic industry clusters identified in the state comprehensive plan and the workforce development councils' local comprehensive plans for workforce educational training as identified in RCW 28C.18.080 and 28C.18.150; and occupations and industries identified by community and technical colleges in collaboration with local workforce development councils. For purposes of this section, health care includes long-term care.

(3) The executive director of the college board shall appoint a workforce training customer advisory committee by July 1, 1999, to:

(a) Assist in the development of the plan for the use of the college board worker retraining program funds and recommend guidelines to the college board for the operation of worker retraining programs;

(b) Recommend selection criteria for worker retraining programs and grant applicants for receipt of worker retraining program grants;

(c) Provide advice to the college board on other workforce development activities of the community and technical colleges;

(d) Recommend selection criteria for job skills grants, consistent with criteria established in this chapter and chapter 121, Laws of 1999. Such criteria shall include a prioritization of job skills applicants in rural areas;

(e) Recommend guidelines to the college board for the operation of the job skills program; and

(f) Recommend grant applicants for receipt of job skills program grants.

(4) Members of the workforce training customer advisory committee shall consist of three college system representatives selected by the executive director of the college board, three representatives of business selected from nominations provided by statewide business organizations, and three representatives of labor selected from nominations provided by a statewide labor organization representing a cross-section of workers in the state.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.50 RCW to read as follows:

By July 1, 2010, and within existing resources, the college board may create a single web site for the purpose of advertising the availability of opportunity express funding to Washington citizens; explaining that opportunity express helps people who want to pursue college and apprenticeship for certain targeted industries; and explaining that opportunity express includes the following tracks: Worker retraining for unemployed adults; training programs approved by the commissioner of the employment security department, training programs administered by labor and management partnerships, and training programs prioritized by industry, for unemployed adults and incumbent workers; opportunity internships for high school students; and opportunity grants for low-income adults. The web site may also direct interested individuals to the appropriate local intake office. The web site may also include a link to the Washington state department of labor and industries apprenticeship program.

Sec. 4. RCW 28C.18.164 and 2009 c 238 s 4 are each amended to read as follows:

(1) Opportunity internship consortia may apply to the board to offer an opportunity internship program.

(a) The board, in consultation with the Washington state apprenticeship and training council, may select those consortia that demonstrate the strongest commitment and readiness to implement a high quality opportunity internship program for low-income high school students. The board shall place a priority on consortia with demonstrated experience working with similar populations of students and demonstrated capacity to assist a large number of students through the progression of internship or preapprenticeship, high school graduation, postsecondary education, and retention in a high-demand occupation. The board shall place a priority on programs that emphasize secondary career and technical education and nonbaccalaureate postsecondary education; however, programs that target four-year postsecondary degrees are eligible to participate.

(b)(i) Except as provided in (b)(ii) of this subsection (1), the board shall enter into a contract with each consortium selected to participate in the program. No more than ten consortia per year shall be selected to participate in the program, and to the extent possible, the board shall assure a geographic distribution of consortia in regions across the state emphasizing a variety of targeted industries. Each consortium may select no more than one hundred low-income high school students per year to participate in the program.

(ii) For fiscal years 2011 through 2013, the board shall enter into a contract with each consortium selected to participate in the program. No more than twelve consortia per year shall be selected to participate in the program, and to the extent possible, the board shall assure a geographic distribution of consortia in regions across the state emphasizing a variety of targeted industries. No more than five thousand low-income high school students per year may be selected to participate in the program.

(2) Under the terms of an opportunity internship program contract, an opportunity internship consortium shall commit to the following activities which shall be conducted using existing federal, state, local, or private funds available to the consortium:

(a) Identify high-demand occupations in targeted industries for which opportunity internships or preapprenticeships shall be developed and provided;

(b) Develop and implement the components of opportunity internships, including paid or unpaid internships or preapprenticeships of at least ninety hours in length in high-demand occupations with employers in the consortium, mentoring and guidance for students who participate in the program, assistance with applications for postsecondary programs and financial aid, and a guarantee of a job interview with a participating employer for all opportunity internship graduates who successfully complete a postsecondary program of study;

(c) Once the internship or preapprenticeship components have been developed, conduct outreach efforts to inform low-income high school students about high-demand occupations, the opportunity internship program, options for postsecondary programs of study, and the incentives and opportunities provided to students who participate in the program;

(d) Obtain appropriate documentation of the low-income status of students who participate in the program;

(e) Maintain communication with opportunity internship graduates of the consortium who enroll in postsecondary programs of study; and

(f) Submit an annual report to the board on the progress of and participation in the opportunity internship program of the consortium.

(3) Opportunity internship consortia are encouraged to:

(a) Provide paid opportunity internships or preapprenticeships, including during the summer months to encourage students to stay enrolled in high school;

(b) Work with high schools to offer opportunity internships as approved worksite learning experiences where students can earn high school credit;

(c) Designate the local workforce development council as fiscal agent for the opportunity internship program contract;

(d) Work with area high schools to incorporate the opportunity internship program into comprehensive guidance and counseling programs such as the navigation 101 program; and

(e) Coordinate the opportunity internship program with other workforce development and postsecondary education programs, including opportunity grants, the college bound scholarship program, federal workforce investment act initiatives, and college access challenge grants.

(4) The board shall seek federal funds that may be used to support the opportunity internship program, including providing the incentive payments under RCW 28C.18.168.

NEW SECTION. Sec. 5. A new section is added to chapter 28B.50 RCW to read as follows:

A separate and identifiable account, which shall be known as the opportunity express account, is established. Moneys in the account may be spent only after appropriation. Moneys in the account shall be used only for the worker retraining program, training programs approved by the commissioner of the employment security department, training programs administered by labor and management partnerships, industry-prioritized training programs,

training programs that facilitate career progression in health care occupations, the opportunity internship program, and the opportunity grant program, and for administrative costs related to these programs. Moneys in the account shall be used to supplement, not supplant, existing funding for the opportunity grant program.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

**PART II
HUMAN SERVICES**

Sec. 201. 2009 c 564 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county, during the 2009-2011 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot project, times the number of clients enrolled in the pilot project. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(5)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2010, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2010 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2010 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoptions support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director

of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(6) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) With the objective of improving and enhancing the efficiency and effectiveness of the audit and oversight program, the department shall identify streamlining opportunities in the areas described in (a) through (d) of this subsection. The goals of these activities are to leverage department resources to better fulfill the obligations of all aspects of audit and oversight programs in an era of resource constraints and to assure that the burden of audits and other oversight activities on the state's businesses, organizations, and individuals is as minimal as practical.

(a) The department shall complete an assessment of expanding the use of technology and automated data matches for identification and recovery of third party resources, including data matches with pharmacy benefit managers (PBM). The department shall submit a report to the governor and the relevant fiscal and policy committees of the legislature by September 1, 2010, that identifies resources needed to implement the enhanced data matching capability and the actions and timelines necessary for implementation of automated production data matching capability.

(b) The department shall complete a comprehensive review of multiple licensing and certification reviews, onsite surveys, and contract oversight obligations that require provider site visits or require provider response. The department shall identify all related oversight and review activities and identify opportunities for consolidation of multiple clinical and business management review activities as appropriate with a view to minimizing the cost of both conducting and receiving the audits or other review or oversight activities.

(c) The department shall expand its provider audit capacity through its provider one payment system. The department shall identify medicaid payment system enhancements that will maximize new technical capabilities. The department shall explore new technical capabilities of its fraud and abuse detection system to identify more efficient ways to correlate audit efforts to the levels of risk and materiality. Results of focused audits must be used to enhance educational materials. The department shall report to the governor and legislature by December 1, 2010, on the status of developing this audit capacity.

(d) The department shall conduct a review and assessment of audit processes and timeframes. The department shall review audit outcomes from the past three fiscal years and will concentrate on identifying opportunities to shorten timeframes between the various stages of an audit, including the letter of intent to audit, records collection to issuance of the draft audit, dispute resolution activities, issuance of the final audit, and administrative hearings. The department shall initiate a provider outreach and education program to include communication materials that clearly identify expectations of the department and the provider being audited. The department must develop and publish an orientation to medicaid audits publication by October 1, 2010, that includes audit requirements, expectations of providers and the department, and associated timelines. The department shall report to the governor and relevant policy and fiscal committees of the legislature by December 1, 2010, on the status of these activities.

In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.

(b) The department and the contracted provider shall mutually agree and establish an exit date for when the child is to exit the behavioral rehabilitative service provider. The department and the contracted provider should mutually agree, to the greatest extent possible, on a viable placement for the child to go to once the child's treatment process has been completed. The child shall exit only when the emotional, behavioral, or medical condition has improved or if the provider has not shown progress toward the outcomes specified in the signed contract at the time of exit. This subsection (b) does not prevent or eliminate the department's responsibility for removing the child from the provider if the child's emotional, behavioral, or medical condition worsens or is threatened.

(c) The department is encouraged to use performance-based contracts with incentives directly tied to outcomes described in this section. The contracts should incentivize contracted providers to accept the hardest to ~~((place))~~ serve children and incentivize improvement in children's emotional, mental, and medical well-being within the established exit date. The department is further encouraged to increase the use of behavioral rehabilitative service group homes, wrap around services to facilitate and support placement of youth at home with relatives, or other permanent resources, and other means to control expenditures.

Evidence based programs, based on the criteria established by the Washington state institute for public policy, and disposition alternatives will be funding priorities. Funds may be used for promising practices when approved by juvenile rehabilitation administration, based on criteria established in consultation with Washington state institute for public policy and the juvenile courts.~~

— By September 1, 2009, a committee with four members, in consultation with Washington state institute for public policy, shall develop a funding formula that takes into account the juvenile courts average daily population of program eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative. The committee shall have one representative from the juvenile rehabilitation administration, one representative from the office of financial management, one representative from the office of the administrator of the courts, and one representative from the juvenile courts. Decision making will be by majority rule.

— By September 1, 2010, the Washington state institute for public policy shall provide a report to the office of financial management and the legislature on the administration of the block grant authorized in this subsection. The report shall include the criteria used for allocating the funding as a block grant and the participation targets and actual participation in the programs subject to the block grant.

— (b) By December 1, 2009, the committee established in (a) of this subsection, in consultation with Washington state institute for public policy, shall propose to the office of financial management and the legislature changes in the process of funding and managing, including accountability and information collection and dissemination, grants to juvenile courts for serving youth adjudicated in the juvenile court system use in the fiscal year ending June 30, 2011. The proposal shall include, but is not limited to: A process of making a block grant of funds consistent with (a) of this subsection; a program of data collection and measurement criteria for receiving the funds which will include targets of the number of youth served in identified evidence-based programs and disposition alternatives in which the juvenile courts and office of the administrator of the courts will have responsibility for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data; and necessary changes to the Washington administrative code.

— (c) Within the funds provided for criminal justice analysis in section 610(4) of this act, the Washington state institute for public policy shall conduct an analysis of the costs per participant of evidence-based programs by the juvenile courts and by December 1, 2009, shall report the results of this analysis to the juvenile rehabilitation administration, the juvenile courts, office of the administrator of the courts, the office of financial management, and the fiscal committees of the legislature)) For the fiscal year ending June 30, 2011, the juvenile rehabilitation administration shall administer a block grant, rather than categorical funding, of consolidated juvenile service funds, community juvenile accountability act grants, the chemical dependency disposition alternative funds, the mental health disposition alternative, and the sentencing disposition alternative for the purpose of serving youth adjudicated in the juvenile justice system. In making the block grant, the juvenile rehabilitation administration shall follow the following formula and will prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for moderate and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency disposition alternative; and (vi) two percent for the mental health and sentencing dispositional alternatives. Funding for the special sex offender disposition alternative (SSODA) shall not be included in the block grant, but allocated on the average daily population in juvenile courts. Funding for the evidence-based expansion grants shall be excluded from the block grant formula. Funds may be used for promising practices when approved by the juvenile rehabilitation administration and juvenile courts, through the community juvenile accountability act committee, based on the criteria established in consultation with Washington state institute for public policy and the juvenile courts.

— (b) It is the intent of the legislature that the juvenile rehabilitation administration phase the implementation of the formula provided in subsection (1) of this section by including a stop-loss formula of three percent in fiscal year 2011, five percent in fiscal year 2012, and five percent in fiscal year 2013. It is further the intent of the legislature that the evidence-based expansion grants be incorporated into the block grant formula by fiscal year 2013 and SSODA remain separate unless changes would result in increasing the cost benefit savings to the state as identified in (c) of this subsection.

— (c) The juvenile rehabilitation administration and the juvenile courts shall establish a block grant funding formula oversight committee with equal representation from the juvenile rehabilitation administration and the juvenile courts. The purpose of this committee is to assess the ongoing implementation of the block grant funding formula, utilizing data-driven decision making and the most current available information. The committee will be cochaired by the juvenile rehabilitation administration and the juvenile courts, who will also have the ability to change members of the committee as needed to achieve its purpose. Initial members will include one juvenile court representative from the finance committee, the community juvenile accountability act committee, the risk assessment quality assurance committee, the executive board of the Washington association of juvenile court administrators, the Washington state center for court research, and a representative of the superior court judges association; two representatives from the juvenile rehabilitation administration headquarters program oversight staff, two representatives of the juvenile rehabilitation administration regional office staff, one representative of the juvenile rehabilitation administration fiscal staff and a juvenile rehabilitation administration division director. The committee may make changes to the formula categories other than the evidence-based program and disposition alternative categories if it is determined the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost benefit savings to the state. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

— (d) The juvenile courts and administrative office of the courts shall be responsible for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts will work collaboratively to develop program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

— (e) By December 1, 2010, the Washington state institute for public policy shall report to the office of financial management and appropriate committees of the legislature on the administration of the block grant authorized in this subsection. The report shall include the criteria used for allocating the funding as a block grant and the participation targets and actual participation in the programs subject to the block grant.

(8) \$3,700,000 of the Washington auto theft prevention authority account--state appropriation is provided solely for competitive grants to community-based organizations to provide at-risk youth intervention services, including but not limited to, case management, employment services, educational services, and street outreach intervention programs. Projects funded should focus on preventing, intervening, and suppressing behavioral problems and violence while linking at-risk youth to pro-social activities. The department may not expend more than

\$1,850,000 per fiscal year. The costs of administration must not exceed four percent of appropriated funding for each grant recipient. Each entity receiving funds must report to the juvenile rehabilitation administration on the number and types of youth served, the services provided, and the impact of those services upon the youth and the community.

(9) The appropriations in this section assume savings associated with the transfer of youthful offenders age eighteen or older whose sentences extend beyond age twenty-one to the department of corrections to complete their sentences. Prior to transferring an offender to the department of corrections, the juvenile rehabilitation administration shall evaluate the offender to determine the offender's physical and emotional suitability for transfer.

Appropriation	\$3,476,000
TOTAL APPROPRIATION.....	(\$1,041,344,000)
<u>\$1,091,784,000</u>	

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$113,689,000 of the general fund--state appropriation for fiscal year 2010 and \$113,689,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for persons and services not covered by the medicaid program. This is a reduction of \$11,606,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2009 prior to supplemental budget reductions. This \$11,606,000 reduction shall be distributed among regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) ~~(\$16,900,000)~~ \$10,400,000 of the general fund--state appropriation for fiscal year 2010 ~~(and \$16,900,000)~~, \$9,100,000 of the general fund--state appropriation for fiscal year 2011, and \$1,300,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to contract for implementation of high-intensity program for active community treatment (PACT) teams ~~(-and other proven program approaches that the department concurs will enable the regional support network to achieve significant reductions in the number of beds the regional support network would otherwise need to use at the state hospitals))~~. The department shall work with regional support networks and the center for medicare and medicaid services to integrate eligible components of the PACT service delivery model into medicaid capitation rates no later than January 2011, while maintaining consistency with all essential elements of the PACT evidence-based practice model.

(c) \$6,500,000 of the general fund--state appropriation for fiscal year 2010 and \$6,500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care provided by the program for adaptive living skills (PALS) at western state hospital.

~~(d)~~ (d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 617 per day during the first quarter of fiscal year 2010, and 587 per day thereafter. Beds in the program for adaptive living skills (PALS) are not included in the preceding bed allocations. The department shall separately charge regional support networks for persons served in the PALS program.

~~((f))~~ (e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

~~((e))~~ (f) \$4,582,000 of the general fund--state appropriation for fiscal year 2010 and \$4,582,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

~~((f))~~ (g) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

~~((g))~~ (h) \$750,000 of the general fund--state appropriation for fiscal year 2010 and \$750,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

~~((h))~~ (i) \$1,500,000 of the general fund--state appropriation for fiscal year 2010 and \$1,500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

~~((H))~~ (j) The department shall return to the Spokane regional support network fifty percent of the amounts assessed against the network during the last six months of calendar year 2009 for state hospital utilization in excess of its contractual limit. The regional support network shall use these funds for operation during its initial months of a new sixteen-bed evaluation and treatment facility that will enable the network to reduce its use of the state hospital, and for diversion and community support services for persons with dementia who would likely otherwise require care at the state hospital.

~~((H))~~ (k) The department is directed to identify and implement program efficiencies and benefit changes in its delivery of medicaid managed-care services that are sufficient to operate within the state and federal appropriations in this section. Such actions may include but are not limited to methods such as adjusting the care access standards; improved utilization management of ongoing, recurring, and high-intensity services; and increased uniformity in provider payment rates. The department shall ensure that the capitation rate adjustments necessary to accomplish these efficiencies and changes are distributed uniformly and equitably across all regional support networks statewide. The department is directed to report to the relevant legislative fiscal and policy committees at least thirty days prior to implementing rate adjustments reflecting these changes.

~~((H))~~ (l) In developing the new medicaid managed care rates under which the public mental health managed care system will operate during the five years beginning in fiscal year 2011, the department should seek to estimate the reasonable and necessary cost of efficiently and effectively providing a comparable set of medically necessary mental health benefits to persons of different acuity levels regardless of where in the state they live. Actual prior period spending in a regional administrative area shall not be a key determinant of future payment rates. The department shall report to the office of financial management and to the relevant fiscal and policy committees of the legislature on its proposed new waiver and mental health managed care rate-setting approach by October 1, 2009, and again at least sixty days prior to implementation of new capitation rates.

(m) In implementing the new public mental health managed care payment rates for fiscal year 2011, the department shall to the maximum extent possible within each regional support network's allowable rate range establish rates so that there is no increase or decrease in the total state and federal funding that the regional support network would receive if it were to continue to be paid at its October 2009 through June 2010 rates. The department shall additionally revise the draft rates issued January 28, 2010, to more accurately reflect the lower practitioner productivity inherent in the delivery of services in extremely rural regions in which a majority of the population reside in frontier counties, as defined and designated by the national center for frontier communities.

~~((H))~~ (n) \$1,529,000 of the general fund--state appropriation for fiscal year 2010 and \$1,529,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

~~((H))~~ (o) The legislature intends and expects that regional support networks and contracted community mental health agencies shall make all possible efforts to, at a minimum, maintain current compensation levels of direct care staff. Such efforts shall include, but not be limited to, identifying local funding that can preserve client services and staff compensation, achieving administrative reductions at the regional support network level, and engaging stakeholders on cost-savings ideas that maintain client services and staff compensation. For purposes of this section, "direct care staff" means persons employed by community mental health agencies whose primary responsibility is providing direct treatment and support to people with mental illness, or whose primary responsibility is providing direct support to such staff in areas such as client scheduling, client intake, client reception, client records-keeping, and facilities maintenance.

(p) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

The department shall use these funds to contract with the Washington state institute for public policy for completion of an assessment of (i) the extent to which the number of persons involuntarily committed for 3, 14, and 90 days is likely to increase as a result of the revised commitment standards; (ii) the availability of community treatment capacity to accommodate that increase; (iii) strategies for cost-effectively leveraging state, local, and private resources to increase community involuntary treatment capacity; and (iv) the extent to which increases in involuntary commitments are likely to be offset by reduced utilization of correctional facilities, publicly-funded medical care, and state psychiatric hospitalizations.

(f) By October 1, 2010, the department shall report to the governor and appropriate committees of the legislature with (i) a report on improving services for children who are at greatest risk of requiring long-term inpatient and residential care due to the severity of their emotional impairments; and (ii) an inventory of current publicly funded efforts in Washington to identify children at risk of emotional impairments and to provide intervention before a mental disorder manifests itself. The report on improving services for children at risk of long-term care shall be developed by the division of behavioral health and recovery services in consultation with treatment specialists, regional support networks, behavioral health provider organizations, and consumer and family representatives. It shall include potential alternatives for services to children at risk of long-term, intensive mental health care and recommend specific proposals regarding program components, delivery system organization, and cost estimates. The proposals may include short and long-term alternatives to reach statewide equity in access to high-intensity services with a primary focus on children who are at risk of out-of- home placement or who are high system utilizers. Evidence-based and research-based practices shall be included as options to the extent that they provide appropriate services for children at risk of long- term, intensive mental health care. The inventory shall include, but is not limited to, activities that focus on prevention rather than solely on clinical or medical treatment and that rely on strategies such as those identified by the national academies' institute of medicine as effective in preventing childhood emotional impairments. The inventory shall be developed by the family policy council in consultation with public health departments, special education experts, managed health care plans, regional support networks, the University of Washington's children's mental health evidence-based practice institute, and behavioral health provider organizations.

General Fund--State Appropriation (FY 2010)	((\$311,589,000))
<u>\$307,348,000</u>	
General Fund--State Appropriation (FY 2011)	((\$366,489,000))
<u>\$338,299,000</u>	
General Fund--Federal Appropriation	((\$849,263,000))
<u>\$902,900,000</u>	
.....	TOTAL APPROPRIATION
((\$1,527,341,000))	
<u>\$1,548,547,000</u>	

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b)(i) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients. In doing so, the department shall comply with all maintenance of effort requirements contained in the American reinvestment and recovery act.

(ii) \$508,000 of the general fund--state appropriation for fiscal year 2011 and \$822,000 of the general fund--federal appropriation are provided solely for the department to partially restore the reductions to in-home care that are taken in (b)(i) of this subsection. The department will use the same formula to restore personal care hours that it used to reduce personal care hours.

(c) Amounts appropriated in this section are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by April 1, 2011. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

~~(d) ((\$5,593,000 of the general fund--state appropriation for fiscal year 2010, \$4,002,000 of the general fund--state appropriation for fiscal year 2011, and \$14,701,000 of the general fund--federal appropriation are provided solely for community residential and support services. Funding in this subsection shall be prioritized for (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are at risk of institutionalization or who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. First priority shall be given to children who are at risk of institutionalization. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds, provided the total projected carry forward expenditures do not exceed the amounts estimated. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.~~

~~(e)(i) \$493,000 of the general fund--state appropriation for fiscal year 2010, \$1,463,000 of the general fund--state appropriation for fiscal year 2011, and \$2,741,000 of the general fund--federal appropriation are provided solely for community services for persons with developmental disabilities who also have community protection issues. Funding in this subsection shall be prioritized for (A) clients being diverted or discharged from the state psychiatric hospitals; (B) clients participating in the dangerous mentally ill offender program; (C) clients participating in the community protection program; and (D) mental health crisis diversion outplacements. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$349 per day in fiscal year 2010 and \$356 per day in fiscal year 2011. In order to maximize the number of clients served and ensure the cost effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds if the total projected carry forward expenditures do not exceed the amounts estimated.~~

~~(ii) The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.~~

~~(f) \$302,000 of the general fund--state appropriation for fiscal year 2010, \$831,000 of the general fund--state appropriation for fiscal year 2011, and \$1,592,000 of the general fund--federal appropriation are provided solely for health care benefits pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.~~

~~(g)(i) \$682,000 of the general fund--state appropriation for fiscal year 2010, \$1,651,000 of the general fund--state appropriation for fiscal year 2011, and \$1,678,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.~~

(ii) The federal portion of the amounts in this subsection (g) is contingent upon federal approval of participation in contributions to the trust and shall remain unallotted and placed in reserve status until the office of financial management and the department of social and health services receive federal approval.

(iii) Expenditures for the purposes specified in this subsection (g) shall not exceed the amounts provided in this subsection.

~~(h) (f) Within the amounts appropriated in this subsection (1), the department shall implement all necessary rules to facilitate the transfer to a department home and community-based services (HCBS) waiver of all eligible individuals who (i) currently receive services under the existing state-only employment and day program or the existing state-only residential program, and (ii) otherwise meet the waiver eligibility requirements. The amounts appropriated are sufficient to ensure that all individuals currently receiving services under the state-only employment and day and state-only residential programs who are not transferred to a department HCBS waiver will continue to receive services.~~

~~((i)) Adult day health services shall only be authorized for in-home clients.~~

~~(f))~~ (g) In addition to other reductions, the appropriations in this subsection reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

~~((h))~~ (h) The department shall not pay a home care agency licensed under chapter 70.127 RCW for personal care services provided by a family member, pursuant to Substitute House Bill No. 2361 (modifying state payments for in-home care).

~~((i))~~ (i) Within the appropriations of this section, the department shall reduce all seventeen payment levels of the seventeen-level payment system from the fiscal year 2009 levels for boarding homes, boarding homes contracted as assisted living, and adult family homes. Excluded from the reductions are exceptional care rate add-ons. The long-term care program may develop add-ons to pay exceptional care rates to adult family homes and boarding homes with specialty contracts to provide support for the following specifically eligible clients:

(i) Persons with AIDS or HIV-related diseases who might otherwise require nursing home or hospital care;

(ii) Persons with Alzheimer's disease and related dementia who might otherwise require nursing home care; and

(iii) Persons with co-occurring mental illness and long-term care needs who are eligible for expanded community services and who might otherwise require state and local psychiatric hospital care.

Within amounts appropriated, exceptional add-on rates for AIDS/HIV, dementia specialty care, and expanded community services may be standardized within each program.

~~((j))~~ (j) The amounts appropriated in this subsection reflect a reduction in funds available for employment and day services. In administering this reduction the department shall negotiate with counties and their vendors so that this reduction, to the greatest extent possible, is achieved by reducing vendor rates and allowable contract administrative charges (overhead) and not through reductions to direct client services or direct service delivery or programs.

~~((k))~~ Within the amounts allotted for employment and day services in this section, the department shall prioritize the funding of employment services for students graduating from high school during fiscal years 2010 and 2011. However, nothing in this subsection is intended to displace services for other recipients of employment services.

~~((l))~~ (k) As part of the needs assessment instrument, the department may collect data on family income for minor children with developmental disabilities and all individuals who are receiving state-only funded services. The department may ensure that this information is collected as part of the client assessment process.

(l) \$116,000 of the general fund--state appropriation for fiscal year 2010, \$2,689,000 of the general fund--state appropriation for fiscal year 2011, and \$1,772,000 of the general fund--federal appropriation are provided solely for employment services and required waiver services. Priority consideration for this new funding shall be young adults with developmental disabilities living with their family who need employment opportunities and assistance after high school graduation. Services shall be provided for both waiver and nonwaiver clients. Fifty percent of the general fund appropriation shall be utilized for graduates served on a home and community-based services waiver and fifty percent of the general fund appropriation shall be used for nonwaiver clients.

(m) The division of developmental disabilities shall not reduce funding for county employment contracts. Funding for this purpose shall be maintained at the amount appropriated for this purpose in chapter 564, Laws of 2009.

(n) The department shall, by September 30, 2010, provide a report to the legislature on the implementation of chapter 571, Laws of 2009 (Substitute House Bill No. 2361). The report shall provide an analysis of the savings and/or costs to the agency associated with the implementation of the bill. Additionally, the report shall provide a full accounting of the relative hourly costs of agency providers and individual providers.

(o) The department shall establish a working group with representatives of the home care industry to identify and eliminate or mitigate administrative burdens. The make-up of this working group shall be limited to:

(i) The state unit on aging chief of the aging and disabilities service administration (ADSA);

(ii) Other ADSA representatives as the state unit on aging chief deems necessary;

(iii) A representative from the department of health facility services licensing;

(iv) No more than seven representatives of the home care industry, to include:

(A) A representative of each of the three home care associations;

(B) A for-profit agency with at least seven area agency on aging contracts;

(C) A nonprofit with at least seven area agency on aging contracts;

(D) An agency that serves persons with developmental disabilities; and

(E) An agency that is a community action program;

(v) No more than two area agency on aging directors; and

The work group shall provide a report on its findings to the legislative fiscal committees by January 1, 2011.

(p) The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served in each of the following categories: (i) Residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are at risk of institutionalization or who are aging out of other state services; (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services; (v) clients being diverted or discharged from the state psychiatric hospitals; (vi) clients participating in the dangerous mentally ill offender program; (vii) clients participating in the community protection program; or (viii) mental health crisis diversion outplacements. The department shall strive to serve these clients in the most cost-effective manner.

(q) \$81,000 of the general fund--state appropriation for fiscal year 2010, \$599,000 of the general fund--state appropriation for fiscal year 2011, and \$1,111,000 of the general fund--federal appropriation are provided solely for the department to provide employment and day services for eligible students who are currently on a waiver and will graduate from high school during fiscal years 2010 and 2011.

(3) In accordance with chapter 74.46 RCW, the department shall issue no additional certificates of capital authorization for fiscal year 2010 and no new certificates of capital authorization for fiscal year 2011 and shall grant no rate add-ons to payment rates for capital improvements not requiring a certificate of need and a certificate of capital authorization for fiscal year 2011.

- (b) Persons with Alzheimer's disease and related dementia who might otherwise require nursing home care; and

(c) The department shall identify the number of medically needy nursing home residents, and enrollment and expenditures on each of the two medically needy waivers, on monthly management reports.

(d) If it is necessary to establish a waiting list for either waiver because the budgeted number of enrollment opportunities has been reached, the department shall track how the long-term care needs of applicants assigned to the waiting list are met.

(15) The department shall establish waiting lists to the extent necessary to assure that annual expenditures on the community options program entry systems (COPEs) program do not exceed appropriated levels. In establishing and managing any such waiting list, the department shall assure priority access to persons with the greatest unmet needs, as determined by department assessment processes.

(16) The department shall contract for housing with service models, such as cluster care, to create efficiencies in service delivery and responsiveness to unscheduled personal care needs by clustering hours for clients that live in close proximity to each other.

(c) Submit a report electronically by October 1, 2009, to the fiscal committees of the legislature containing a spending plan for the WorkFirst program. (3) The department and the office of financial management shall electronically report quarterly the expenditures, maintenance of effort allotments, expenditure amounts, and caseloads for the WorkFirst program to the legislative fiscal committees.

~~((3))~~ (4) \$16,783,000 of the general fund--state appropriation for fiscal year 2011 and \$62,000,000 of the general fund--federal appropriation are provided solely for all components of the WorkFirst program in order to maintain services to January 2011. (5) ~~((84,856,000))~~ \$94,322,000 of the general fund--state appropriation for fiscal year 2010 and ~~((95,173,000))~~ \$97,168,000 of the general fund--state appropriation for fiscal year 2011, net of recoveries, are provided solely for cash assistance and other services to recipients in the ~~((general assistance unemployable program))~~ cash program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), including persons in the unemployable, expedited, and aged, blind, and disabled components of the program. It is the intent of the legislature that the lifeline incapacity determination and progressive evaluation process regulations be carefully designed to accurately identify those persons who have been or will be incapacitated for at least ninety days. The incapacity determination and progressive evaluation process regulations in effect on January 1, 2010, cannot be amended until at least September 30, 2010; except that provisions related to the use of administrative review teams may be amended, and obsolete terminology and functional assessment language may be updated on or after July 1, 2010, in a manner that only minimally impacts the outcome of incapacity evaluations. After September 30, 2010, the incapacity determination and progressive evaluation process regulations may be amended only if the reports under (a) and (b) of this subsection have been submitted, and find that expenditures will exceed the appropriated level by three percent or more.

(a) The department and the caseload forecast council shall, by September 21, 2010, submit a report to the legislature based upon the most recent caseload forecast and actual expenditure data available, as to whether expenditures for the lifeline-unemployable grants in fiscal year 2011 will exceed \$69,648,000 for fiscal year 2011 in the 2010 supplemental operating budget by three percent or more. If expenditures will exceed the appropriated amount for lifeline- unemployable grants by three percent or more, the department may adopt regulations modifying incapacity determination and progressive evaluation process regulations after September 30, 2010.

(b) On or before September 21, 2010, the department shall submit a report to the relevant policy and fiscal committees of the legislature that includes the following information regarding any regulations proposed for adoption that would modify the lifeline incapacity determination and progressive evaluation process:

(i) A copy of the proposed changes and a concise description of the changes;

(ii) A description of the persons who would likely be affected by adoption of the regulations, including their impairments, age, education, and work history;

(iii) An estimate of the number of persons who, on a monthly basis through June 2013, would be denied lifeline benefits if the regulations were adopted, expressed as a number, as a percentage of total applicants, and as a percentage of the number of persons granted lifeline benefits in each month;

(iv) An estimate of the number of persons who, on a monthly basis through June 2013, would have their lifeline benefits terminated following an eligibility review if the regulations were adopted, expressed as a number, as a percentage of the number of persons who have had an eligibility review in each month, and as a percentage of the total number of persons currently receiving lifeline-unemployable benefits in each month; and

(v) Intended improvements in employment or treatment outcomes among persons receiving lifeline benefits that could be attributable to the changes in the regulations.

(c) Within these amounts:

~~((a))~~ (i) The department shall aggressively pursue opportunities to transfer ~~((general assistance unemployable))~~ lifeline clients to general assistance expedited coverage and to facilitate client applications for federal supplemental security income when the client's incapacities indicate that he or she would be likely to meet the federal disability criteria for supplemental security income. The department shall initiate and file the federal supplemental security income interim agreement as quickly as possible in order to maximize the recovery of federal funds;

~~((b))~~ (ii) The department shall review the ~~((general assistance))~~ lifeline caseload to identify recipients that would benefit from assistance in becoming naturalized citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department;

~~((c))~~ (iii) The department shall actively coordinate with local workforce development councils to expedite access to worker retraining programs for ~~((general assistance unemployable))~~ lifeline clients in those regions of the state with the greatest number of such clients;

~~((d))~~ (iv) By July 1, 2009, the department shall enter into an interagency agreement with the department of veterans' affairs to establish a process for referral of veterans who may be eligible for veteran's services. This agreement must include outstationing department of veterans' affairs staff in selected community service office locations in King and Pierce counties to facilitate applications for veterans' services; and

~~((e))~~ (v) In addition to any earlier evaluation that may have been conducted, the department shall intensively evaluate those clients who have been receiving ~~((general assistance unemployable))~~ lifeline benefits for twelve months or more as of July 1, 2009, or thereafter, if the available medical and incapacity related evidence indicates that the client is unlikely to meet the disability standard for federal supplemental security income benefits. The evaluation shall identify services necessary to eliminate or minimize barriers to employment, including mental health treatment, substance abuse treatment and vocational rehabilitation services. The department shall expedite referrals to chemical dependency treatment, mental health and vocational rehabilitation services for these clients.

~~((f))~~ (vi) The appropriations in this subsection reflect a change in the earned income disregard policy for ~~((general assistance unemployable))~~ lifeline clients. It is the intent of the legislature that the department shall adopt the temporary assistance for needy families earned income policy for ~~((general assistance unemployable))~~ the lifeline program.

~~((4))~~ (6) \$750,000 of the general fund--state appropriation for fiscal year 2010 and \$750,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for naturalization services.

~~((5))~~ (7)(a) \$3,550,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for refugee employment services, of which \$2,650,000 is provided solely for the department to pass through to statewide refugee assistance organizations for limited English proficiency pathway services; and \$3,550,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for refugee employment services, of which \$2,650,000 is provided solely for the department to pass through to statewide refugee assistance organizations for limited English proficiency pathway services.

(b) The legislature intends that the appropriation in this subsection for the 2009-11 fiscal biennium will maintain funding for refugee programs at a level at least equal to expenditures on these programs in the 2007-09 fiscal biennium.

~~((6))~~ (8) The appropriations in this section reflect reductions in the appropriations for the economic services administration's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

(9) \$855,000 of the general fund--state appropriation for fiscal year 2011, \$719,000 of the general fund--federal appropriation, and \$2,907,000 of the general fund--private/local appropriation are provided solely for the implementation of the opportunity portal, the food stamp employment and training program, and the disability lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(10) \$200,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to award grants to small mutual assistance or small community-based organizations that contract with the department for immigrant and refugee assistance services. The funds shall be awarded to provide funding for community groups to provide transitional assistance, language skills, and other resources to improve refugees' economic self-sufficiency through the effective use of social services, financial services, and medical assistance.

(11) \$250,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for increased funding for limited English proficiency pathway programs.

TOTAL APPROPRIATION	((<u>\$8,828,440,000</u>))
<u>\$9,886,122,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate- setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) \$1,110,000 of the general fund--federal appropriation and \$1,105,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) \$9,818,000 of the general fund--state appropriation for fiscal year 2011, and \$9,865,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1, 2010, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2009-11 biennial operating appropriations act (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be

made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$20,403,000 of the general fund--state appropriation for fiscal year 2010, of which \$6,570,000 ((of the general fund--state appropriation for fiscal year 2010, which)) is appropriated in section 204(1) of this act, and (((\$1,500,000 of the general fund--state appropriation for fiscal year 2011, which)) \$29,480,000 of the general fund--state appropriation for fiscal year 2011, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. ((Sufficient amounts are appropriated in this section for the remaining state grants for the participating hospitals--)) CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in section 9 and rate increases in section 10(1)(b) of Engrossed Second Substitute House Bill No. 2956 (hospital safety net assessment) funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) \$93,000 of the general fund--state appropriation for fiscal year 2010 and \$93,000 of the general fund--federal appropriation are provided solely for the department to pursue a federal Medicaid waiver pursuant to Second Substitute Senate Bill No. 5945 (Washington health partnership plan). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(11) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(12) A maximum of (((\$166,875,000 of the general fund--state appropriation and \$38,389,000 of the general fund--federal)) \$241,141,000 in total funds from the general fund--state, general fund--federal, and tobacco and prevention control account--state appropriations) may be expended in the fiscal biennium for the ((general assistance unemployable)) medical program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), and these amounts are provided solely for this program. Of these amounts, \$10,749,000 of the general fund--state appropriation for fiscal year 2010 and \$10,892,000 of the general fund--federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of ((general assistance unemployable)) lifeline benefits.
