(e) To adjustments by the department of revenue of the amount of the surcharge imposed under RCW 82.04.261; or

(f) To the extent they are inconsistent with any provisions of chapter 43.43 RCW.

(3) Unless a party makes an election for a formal hearing pursuant to RCW 82.03.140 or 82.03.190, RCW 34.05.410 through 34.05.598 do not apply to a review hearing conducted by the board of tax appeals.

(4) The rule-making provisions of this chapter do not apply to:

(a) Reimbursement unit values, fee schedules, arithmetic conversion factors, and similar arithmetic factors used to determine payment rates that apply to goods and services purchased under contract for clients eligible under chapter 74.09 RCW; and

(b) Adjustments by the department of revenue of the amount of the surcharge imposed under RCW 82.04.261.

(5) All other agencies, whether or not formerly specifically excluded from the provisions of all or any part of the administrative procedure act, shall be subject to the entire act.

**Sec. 432.** RCW 41.04.340 and 2002 c 354 s 227 are each amended to read as follows:

(1) An attendance incentive program is established for all eligible employees. As used in this section the term "eligible employee" means any employee of the state, other than eligible employees of the community and technical colleges and the state board for community and technical colleges identified in RCW 28B.50.553, and teaching and research faculty at the state and regional universities and The Evergreen State College, entitled to accumulate sick leave and for whom accurate sick leave records have been maintained. No employee may receive compensation under this section for any portion of sick leave accumulated at a rate in excess of one day per month. The state and regional universities and The Evergreen State College shall maintain complete and accurate sick leave records for all teaching and research faculty.

(2) In January of the year following any year in which a minimum of sixty days of sick leave is accrued, and each January thereafter, any eligible employee may receive remuneration for unused sick leave accumulated in the previous year at a rate equal to one day's monetary compensation of the employee for each four full days of accrued sick leave in excess of sixty days. Sick leave for which compensation has been received shall be deducted from accrued sick leave at the rate of four days for every one day's monetary compensation.

(3) At the time of separation from state service due to retirement or death, an eligible employee or the employee's estate may elect to receive remuneration at a rate equal to one day's current monetary compensation of the employee for each four full days of accrued sick leave.

(4) Remuneration or benefits received under this section shall not be included for the purpose of computing a retirement allowance under any public retirement system in this state.

(5) Except as provided in subsections (7) through (9) of this section for employees not covered by chapter 41.06 RCW, this section shall be administered, and rules shall be adopted to carry out its purposes, by the human resources director (~~(of personnel)~~) for persons subject to chapter 41.06 RCW: PROVIDED, That determination of classes of eligible employees shall be subject to approval by the office of financial management.

(6) Should the legislature revoke any remuneration or benefits granted under this section, no affected employee shall be entitled thereafter to receive such benefits as a matter of contractual right.

(7) In lieu of remuneration for unused sick leave at retirement as provided in subsection (3) of this section, an agency head or designee may with equivalent funds, provide eligible employees with a benefit plan that provides for reimbursement for medical expenses. This plan shall be implemented only after consultation with affected groups of employees. For eligible employees covered by chapter 41.06 RCW, procedures for the implementation of these plans shall be adopted by the human resources director (~~(of personnel)~~). For eligible employees exempt from chapter 41.06 RCW, and classified employees who have opted out of coverage of chapter 41.06 RCW as provided in RCW 41.56.201, implementation procedures shall be adopted by an agency head having jurisdiction over the employees.

(8) Implementing procedures adopted by the human resources director (~~(of personnel)~~) or agency heads shall require that each medical expense plan authorized by subsection (7) of this section apply to all eligible employees in any one of the following groups: (a) Employees in an agency; (b) employees in a major organizational subdivision of an agency; (c) employees at a major operating location of an agency; (d) exempt employees under the jurisdiction of an elected or appointed Washington state executive; (e) employees of the Washington state senate; (f) employees of the Washington state house of representatives; (g) classified employees in a bargaining unit established by the director of personnel; or (h) other group of employees defined by an agency head that is not designed to provide an individual-employee choice regarding participation in a medical expense plan. However, medical expense plans for eligible employees in any of the groups under (a) through (h) of this subsection who are covered by a collective bargaining agreement shall be implemented only by written agreement with the bargaining unit's exclusive representative and a separate medical expense plan may be provided for unrepresented employees.

(9) Medical expense plans authorized by subsection (7) of this section must require as a condition of participation in the plan that employees in the group affected by the plan sign an agreement with the employer. The agreement must include a provision to hold the employer harmless should the United States government find that the employer or the employee is in debt to the United States as a result of the employee not paying income taxes due on the equivalent funds placed into the plan, or as a result of the employer not withholding or deducting a tax, assessment, or other payment on the funds as required by federal law. The agreement must also include a provision that requires an eligible employee to forfeit remuneration under subsection (3) of this section if the employee belongs to a group that has been designated to participate in the medical expense plan permitted under this section and the employee refuses to execute the required agreement.

**Sec. 433.** RCW 41.04.385 and 2006 c 265 s 201 are each amended to read as follows:

The legislature finds that (1) demographic, economic, and social trends underlie a critical and increasing demand for child care in the state of Washington; (2) working parents and their children benefit when the employees' child care needs have been resolved; (3) the state of Washington should serve as a model employer by creating a supportive atmosphere, to the extent feasible, in which its employees may meet their child care needs; and (4) the state of Washington should encourage the development of partnerships between state agencies, state employees, state employee labor organizations, and private employers to expand the availability of affordable quality child care. The legislature finds further that resolving employee child care concerns not only benefits the employees and their children, but may benefit the employer by reducing absenteeism, increasing employee productivity, improving morale, and enhancing the employer's position in recruiting and retaining employees. Therefore, the legislature declares that it is the policy of the state of Washington to assist state employees by creating a supportive atmosphere in which they may meet their child care needs. Policies and procedures for state agencies to address employee child care needs will be the responsibility of the director of (~~(personnel)~~) enterprise services in consultation with the director of the department of early learning and state employee representatives.

**Sec. 434.** RCW 41.04.395 and 1994 sp.s. c 9 s 801 are each amended to read as follows:

(1) The disability accommodation revolving fund is created in the custody of the state treasurer. Disbursements from the fund shall be on authorization of the director of (~~(the department of personnel)~~) financial management or the director's designee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements. The fund shall be used exclusively by state agencies to accommodate the unanticipated job site or equipment needs of persons of disability in state employ.

(2) The director of (~~(the department of personnel)~~) financial management or the director's designee shall consult with the governor's committee on disability issues and employment regarding requests for disbursements from the disability accommodation revolving fund. The department shall establish application procedures, adopt criteria, and provide technical assistance to users of the fund.

(3) Agencies that receive moneys from the disability accommodation revolving fund shall return to the fund the amount received from the fund by no later than the end of the first month of the following fiscal biennium.

**Sec. 435.** RCW 41.04.665 and 2010 1st sp.s. c 32 s 10 and 2010 c 168 s 1 are each reenacted and amended to read as follows:

(1) An agency head may permit an employee to receive leave under this section if:

(a)(i) The employee suffers from, or has a relative or household member suffering from, an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature;

(ii) The employee has been called to service in the uniformed services;

(iii) A state of emergency has been declared anywhere within the United States by the federal or any state government and the employee has needed skills to assist in responding to the emergency or its aftermath and volunteers his or her services to either a governmental agency or to a nonprofit organization engaged in humanitarian relief in the devastated area, and the governmental agency or nonprofit organization accepts the employee's offer of volunteer services;

(iv) The employee is a victim of domestic violence, sexual assault, or stalking; or

(v) During the 2009-2011 fiscal biennium only, the employee is eligible to use leave in lieu of temporary layoff under section 3(5), chapter 32, Laws of 2010 1st sp. sess.;

(b) The illness, injury, impairment, condition, call to service, emergency volunteer service, or consequence of domestic violence, sexual assault, temporary layoff under section 3(5), chapter 32, Laws of 2010 1st sp. sess., or stalking has caused, or is likely to cause, the employee to:

(i) Go on leave without pay status; or

(ii) Terminate state employment;

(c) The employee's absence and the use of shared leave are justified;

(d) The employee has depleted or will shortly deplete his or her:

(i) Annual leave and sick leave reserves if he or she qualifies under (a)(i) of this subsection;

(ii) Annual leave and paid military leave allowed under RCW 38.40.060 if he or she qualifies under (a)(ii) of this subsection; or

(iii) Annual leave if he or she qualifies under (a)(iii), (iv), or (v) of this subsection;

(e) The employee has abided by agency rules regarding:

(i) Sick leave use if he or she qualifies under (a)(i) or (iv) of this subsection; or

(ii) Military leave if he or she qualifies under (a)(ii) of this subsection; and

(f) The employee has diligently pursued and been found to be ineligible for benefits under chapter 51.32 RCW if he or she qualifies under (a)(i) of this subsection.

(2) The agency head shall determine the amount of leave, if any, which an employee may receive under this section. However, an employee shall not receive a total of more than five hundred twenty-two days of leave, except that, a supervisor may authorize leave in excess of five hundred twenty-two days in extraordinary circumstances for an employee qualifying for the shared leave program because he or she is suffering from an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature. Shared leave received under the uniformed service shared leave pool in RCW 41.04.685 is not included in this total.

(3) An employee may transfer annual leave, sick leave, and his or her personal holiday, as follows:

(a) An employee who has an accrued annual leave balance of more than ten days may request that the head of the agency for which the employee works transfer a specified amount of annual leave to another employee authorized to receive leave under subsection (1) of this section. In no event may the employee request a transfer of an amount of leave that would result in his or her annual leave account going below ten days. For purposes of this subsection (3)(a), annual leave does not accrue if the employee receives compensation in lieu of accumulating a balance of annual leave.

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(c) An employee may transfer, under the provisions of this section relating to the transfer of leave, all or part of his or her personal holiday, as that term is defined under RCW 1.16.050, or as such holidays are provided to employees by agreement with a school district's board of directors if the leave transferred under this subsection does not exceed the amount of time provided for personal holidays under RCW 1.16.050.

(4) An employee of an institution of higher education under RCW 28B.10.016, school district, or educational service district who does not accrue annual leave but does accrue sick leave and who has an accrued sick leave balance of more than twenty-two days may request that the head of the agency for which the employee works transfer a specified amount of sick leave to another employee authorized to receive leave under subsection (1) of this section. In no event may such an employee request a transfer that would result in his or her sick leave account going below twenty-two days. Transfers of sick leave

under this subsection are limited to transfers from employees who do not accrue annual leave. Under this subsection, "sick leave" also includes leave accrued pursuant to RCW 28A.400.300(2) or 28A.310.240(1) with compensation for illness, injury, and emergencies.

(5) Transfers of leave made by an agency head under subsections (3) and (4) of this section shall not exceed the requested amount.

(6) Leave transferred under this section may be transferred from employees of one agency to an employee of the same agency or, with the approval of the heads of both agencies, to an employee of another state agency.

(7) While an employee is on leave transferred under this section, he or she shall continue to be classified as a state employee and shall receive the same treatment in respect to salary, wages, and employee benefits as the employee would normally receive if using accrued annual leave or sick leave.

(a) All salary and wage payments made to employees while on leave transferred under this section shall be made by the agency employing the person receiving the leave. The value of leave transferred shall be based upon the leave value of the person receiving the leave.

(b) In the case of leave transferred by an employee of one agency to an employee of another agency, the agencies involved shall arrange for the transfer of funds and credit for the appropriate value of leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under this section only if and to the extent that the agency's existing appropriation authority would prevent it from expending the funds received.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

(9) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. Before the agency head makes a determination to return unused leave in connection with an illness or injury, or any other qualifying condition, he or she must receive from the affected employee a statement from the employee's doctor verifying that the illness or injury is resolved. To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

(10) An employee who uses leave that is transferred to him or her under this section may not be required to repay the value of the leave that he or she used.

(11) The human resources director (~~(of personnel)~~) may adopt rules as necessary to implement subsection (2)(~~(a) through (e)~~) of this section.

**Sec. 436.** RCW 41.04.670 and 1993 c 281 s 18 are each amended to read as follows:

The (~~Washington personnel resources board~~) office of financial management and other personnel authorities shall each adopt rules applicable to employees under their respective jurisdictions: (1) Establishing appropriate parameters for the program which are consistent with the provisions of RCW 41.04.650 through 41.04.665; (2) providing for equivalent treatment of employees between their

respective jurisdictions and allowing transfers of leave in accordance with RCW 41.04.665(5); (3) establishing procedures to ensure that the program does not significantly increase the cost of providing leave; and (4) providing for the administration of the program and providing for maintenance and collection of sufficient information on the program to allow a thorough legislative review.

**Sec. 437.** RCW 41.04.680 and 2006 c 356 s 1 are each amended to read as follows:

The ~~((department of personnel))~~ office of financial management and other personnel authorities shall adopt rules or policies governing the accumulation and use of sick leave for state agency and department employees, expressly for the establishment of a plan allowing participating employees to pool sick leave and allowing any sick leave thus pooled to be used by any participating employee who has used all of the sick leave, annual leave, and compensatory leave that has been personally accrued by him or her. Each department or agency of the state may allow employees to participate in a sick leave pool established by the ~~((department of personnel))~~ office of financial management and other personnel authorities.

(1) For purposes of calculating maximum sick leave that may be donated or received by any one employee, pooled sick leave:

(a) Is counted and converted in the same manner as sick leave under the Washington state leave sharing program as provided in this chapter; and

(b) Does not create a right to sick leave in addition to the amount that may be donated or received under the Washington state leave sharing program as provided in this chapter.

(2) The ~~((department))~~ office of financial management and other personnel authorities, except the personnel authorities for higher education institutions, shall adopt rules which provide:

(a) That employees are eligible to participate in the sick leave pool after one year of employment with the state or agency of the state if the employee has accrued a minimum amount of unused sick leave, to be established by rule;

(b) That participation in the sick leave pool shall, at all times, be voluntary on the part of the employees;

(c) That any sick leave pooled shall be removed from the personally accumulated sick leave balance of the employee contributing the leave;

(d) That any sick leave in the pool that is used by a participating employee may be used only for the employee's personal illness, accident, or injury;

(e) That a participating employee is not eligible to use sick leave accumulated in the pool until all of his or her personally accrued sick, annual, and compensatory leave has been used;

(f) A maximum number of days of sick leave in the pool that any one employee may use;

(g) That a participating employee who uses sick leave from the pool is not required to recontribute such sick leave to the pool, except as otherwise provided in this section;

(h) That an employee who cancels his or her membership in the sick leave pool is not eligible to withdraw the days of sick leave contributed by that employee to the pool;

(i) That an employee who transfers from one position in state government to another position in state government may transfer from one pool to another if the eligibility criteria of the pools are comparable and the administrators of the pools have agreed on a formula for transfer of credits;

(j) That alleged abuse of the use of the sick leave pool shall be investigated, and, on a finding of wrongdoing, the employee shall repay all of the sick leave credits drawn from the sick leave pool and shall be subject to such other disciplinary action as is determined by the agency head;

(k) That sick leave credits may be drawn from the sick leave pool by a part-time employee on a pro rata basis; and

(l) That each department or agency shall maintain accurate and reliable records showing the amount of sick leave which has been accumulated and is unused by employees, in accordance with guidelines established by the department of personnel.

(3) Personnel authorities for higher education institutions shall adopt policies consistent with the needs of the employees under their respective jurisdictions.

**Sec. 438.** RCW 41.04.685 and 2007 c 25 s 1 are each amended to read as follows:

(1) The uniformed service shared leave pool is created to allow employees to donate leave to be used as shared leave for any employee who has been called to service in the uniformed services and who meets the requirements of RCW 41.04.665. Participation in the pool shall, at all times, be voluntary on the part of the employee. The military department, in consultation with the ~~((department of personnel and the))~~ office of financial management, shall administer the uniformed service shared leave pool.

(2) Employees as defined in subsection (10) of this section who are eligible to donate leave under RCW 41.04.665 may donate leave to the uniformed service shared leave pool.

(3) An employee as defined in subsection (10) of this section who has been called to service in the uniformed services and is eligible for shared leave under RCW 41.04.665 may request shared leave from the uniformed service shared leave pool.

(4) It shall be the responsibility of the employee who has been called to service to provide an earnings statement verifying military salary, orders of service, and notification of a change in orders of service or military salary.

(5) Shared leave under this section may not be granted unless the pool has a sufficient balance to fund the requested shared leave for the expected term of service.

(6) Shared leave paid under this section, in combination with military salary, shall not exceed the level of the employee's state monthly salary.

(7) Any leave donated shall be removed from the personally accumulated leave balance of the employee donating the leave.

(8) An employee who receives shared leave from the pool is not required to recontribute such leave to the pool, except as otherwise provided in this section.

(9) Leave that may be donated or received by any one employee shall be calculated as in RCW 41.04.665.

(10) As used in this section:

(a) "Employee" has the meaning provided in RCW 41.04.655, except that "employee" as used in this section does not include employees of school districts and educational service districts.

(b) "Service in the uniformed services" has the meaning provided in RCW 41.04.655.

(c) "Military salary" includes base, specialty, and other pay, but does not include allowances such as the basic allowance for housing.

(d) "Monthly salary" includes monthly salary and special pay and shift differential, or the monthly equivalent for hourly employees. "Monthly salary" does not include:

- (i) Overtime pay;
- (ii) Call back pay;
- (iii) Standby pay; or
- (iv) Performance bonuses.

(11) The ~~((department of personnel))~~ office of financial management, in consultation with the military department ~~((and the office of financial management))~~, shall adopt rules and policies governing the donation and use of shared leave from the uniformed service shared leave pool, including definitions of pay and allowances and guidelines for agencies to use in recordkeeping concerning shared leave.

(12) Agencies shall investigate any alleged abuse of the uniformed service shared leave pool and on a finding of wrongdoing,

the employee may be required to repay all of the shared leave received from the uniformed service shared leave pool.

(13) Higher education institutions shall adopt policies consistent with the needs of the employees under their respective jurisdictions.

**Sec. 439.** RCW 41.04.720 and 1990 c 60 s 303 are each amended to read as follows:

The director of (~~(human resources)~~) enterprise services shall:

(1) Administer the state employee assistance program to assist employees who have personal problems that adversely affect their job performance or have the potential of doing so;

(2) Develop policies, procedures, and activities for the program;

(3) Encourage and promote the voluntary use of the employee assistance program by increasing employee awareness and disseminating educational materials;

(4) Provide technical assistance and training to agencies on how to use the employee assistance program;

(5) Assist and encourage supervisors to identify and refer employees with problems that impair their performance by incorporating proper use of the program in management training, management performance criteria, ongoing communication with agencies, and other appropriate means;

(6) Offer substance abuse prevention and awareness activities to be provided through the employee assistance program and the state employee wellness program;

(7) Monitor and evaluate the effectiveness of the program, including the collection, analysis, and publication of relevant statistical information; and

(8) Consult with state agencies, institutions of higher education, and employee organizations in carrying out the purposes of RCW 41.04.700 through 41.04.730.

**Sec. 440.** RCW 41.04.770 and 1997 c 287 s 4 are each amended to read as follows:

The department of social and health services and the department of (~~(personnel)~~) enterprise services shall, after consultation with supported employment provider associations and other interested parties, encourage, educate, and assist state agencies in implementing supported employment programs. The department of (~~(personnel)~~) enterprise services shall provide human resources technical assistance to agencies implementing supported employment programs. (~~(The department of personnel shall make available, upon request of the legislature, an annual report that evaluates the overall progress of supported employment in state government.)~~)

**Sec. 441.** RCW 41.07.020 and 1979 c 151 s 62 are each amended to read as follows:

The department of (~~(personnel)~~) enterprise services is authorized to administer, maintain, and operate the central personnel-payroll system and to provide its services for any state agency designated jointly by the director of the department of (~~(personnel)~~) enterprise services and the director of financial management.

The system shall be operated through state data processing centers. State agencies shall convert personnel and payroll processing to the central personnel-payroll system as soon as administratively and technically feasible as determined by the office of financial management and the department of (~~(personnel)~~) enterprise services. It is the intent of the legislature to provide, through the central personnel-payroll system, for uniform reporting to the office of financial management and to the legislature regarding salaries and related costs, and to reduce present costs of manual procedures in personnel and payroll record keeping and reporting.

**Sec. 442.** RCW 41.07.030 and 1975 1st ex.s. c 239 s 3 are each amended to read as follows:

The costs of administering, maintaining, and operating the central personnel-payroll system shall be distributed to the using state agencies. In order to insure proper and equitable distribution of costs the department of (~~(personnel)~~) enterprise services shall utilize cost accounting procedures to identify all costs incurred in the

administration, maintenance, and operation of the central personnel-payroll system. In order to facilitate proper and equitable distribution of costs to the using state agencies the department of (~~(personnel)~~) enterprise services is authorized to utilize the data processing revolving fund created by RCW 43.105.080 (as recodified by this act) and the (~~(department of)~~) personnel service fund created by RCW 41.06.280.

**Sec. 443.** RCW 41.60.015 and 2000 c 139 s 1 are each amended to read as follows:

(1) There is hereby created the productivity board, which may also be known as the employee involvement and recognition board. The board shall administer the employee suggestion program and the teamwork incentive program under this chapter.

(2) The board shall be composed of:

(a) The secretary of state who shall act as chairperson;

(b) (~~(The~~) director of personnel appointed under the provisions of RCW 41.06.130 or the director's designee;

(c)) The director of financial management or the director's designee;

(~~((d))~~) (~~(c)~~) The director of (~~(general administration)~~) enterprise services or the director's designee;

(~~((e))~~) (~~(d)~~) Three persons with experience in administering incentives such as those used by industry, with the governor, lieutenant governor, and speaker of the house of representatives each appointing one person. The governor's appointee shall be a representative of an employee organization certified as an exclusive representative of at least one bargaining unit of classified employees;

(~~((f))~~) (~~(e)~~) Two persons representing state agencies and institutions with employees subject to chapter 41.06 RCW, and one person representing those subject to chapter 28B.16 RCW, both appointed by the governor; and

(~~((g))~~) (~~(f)~~) In addition, the governor and board chairperson may jointly appoint persons to the board on an ad hoc basis. Ad hoc members shall serve in an advisory capacity and shall not have the right to vote.

Members under subsection (2)(~~((e))~~)(~~(d)~~) and (~~((f))~~) (~~(e)~~) of this section shall be appointed to serve three-year terms.

Members of the board appointed pursuant to subsection (2)(~~((e))~~)(~~(d)~~) of this section may be compensated in accordance with RCW 43.03.240. Any board member who is not a state employee may be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060.

**Sec. 444.** RCW 41.80.005 and 2002 c 354 s 321 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agency" means any agency as defined in RCW 41.06.020 and covered by chapter 41.06 RCW.

(2) "Collective bargaining" means the performance of the mutual obligation of the representatives of the employer and the exclusive bargaining representative to meet at reasonable times and to bargain in good faith in an effort to reach agreement with respect to the subjects of bargaining specified under RCW 41.80.020. The obligation to bargain does not compel either party to agree to a proposal or to make a concession, except as otherwise provided in this chapter.

(3) "Commission" means the public employment relations commission.

(4) "Confidential employee" means an employee who, in the regular course of his or her duties, assists in a confidential capacity persons who formulate, determine, and effectuate management policies with regard to labor relations or who, in the regular course of his or her duties, has authorized access to information relating to the effectuation or review of the employer's collective bargaining policies, or who assists or aids a manager. "Confidential employee" also includes employees who assist assistant attorneys general who

advise and represent managers or confidential employees in personnel or labor relations matters, or who advise or represent the state in tort actions.

(5) "Director" means the director of the public employment relations commission.

(6) "Employee" means any employee, including employees whose work has ceased in connection with the pursuit of lawful activities protected by this chapter, covered by chapter 41.06 RCW, except:

(a) Employees covered for collective bargaining by chapter 41.56 RCW;

(b) Confidential employees;

(c) Members of the Washington management service;

(d) Internal auditors in any agency; or

(e) Any employee of the commission, the office of financial management, ~~((or the department of personnel))~~ or the office of risk management within the department of enterprise services.

(7) "Employee organization" means any organization, union, or association in which employees participate and that exists for the purpose, in whole or in part, of collective bargaining with employers.

(8) "Employer" means the state of Washington.

(9) "Exclusive bargaining representative" means any employee organization that has been certified under this chapter as the representative of the employees in an appropriate bargaining unit.

(10) "Institutions of higher education" means the University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, The Evergreen State College, and the various state community colleges.

(11) "Labor dispute" means any controversy concerning terms, tenure, or conditions of employment, or concerning the association or representation of persons in negotiating, fixing, maintaining, changing, or seeking to arrange terms or conditions of employment with respect to the subjects of bargaining provided in this chapter, regardless of whether the disputants stand in the proximate relation of employer and employee.

(12) "Manager" means "manager" as defined in RCW 41.06.022.

(13) "Supervisor" means an employee who has authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote, discharge, direct, reward, or discipline employees, or to adjust employee grievances, or effectively to recommend such action, if the exercise of the authority is not of a merely routine nature but requires the consistent exercise of individual judgment. However, no employee who is a member of the Washington management service may be included in a collective bargaining unit established under this section.

(14) "Unfair labor practice" means any unfair labor practice listed in RCW 41.80.110.

**Sec. 445.** RCW 41.80.020 and 2010 c 283 s 16 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;

(b) Any retirement system or retirement benefit; or

(c) Rules of the human resources director ~~((of personnel))~~, the director of enterprise services, or the Washington personnel resources board adopted under ~~((section 203, chapter 354, Laws of 2002))~~ section 411 of this act.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits.

However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4).

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142.

**Sec. 446.** RCW 42.16.010 and 2008 c 186 s 1 are each amended to read as follows:

(1) Except as provided otherwise in subsections (2) and (3) of this section, all state officers and employees shall be paid for services rendered from the first day of the month through the fifteenth day of the month and for services rendered from the sixteenth day of the month through the last calendar day of the month. Paydates for these two pay periods shall be established by the director of financial management through the administrative hearing process and the official paydates shall be established six months prior to the beginning of each subsequent calendar year. Under no circumstance shall the paydate be established more than ten days after the pay period in which the wages are earned except when the designated paydate falls on Sunday, in which case the paydate shall not be later than the following Monday. Payment shall be deemed to have been made by the established paydates if: (a) The salary warrant is available at the geographic work location at which the warrant is normally available to the employee; or (b) the salary has been electronically transferred into the employee's account at the employee's designated financial institution; or (c) the salary warrants are mailed at least two days before the established paydate for those employees engaged in work in remote or varying locations from the geographic location at which the payroll is prepared, provided that the employee has requested payment by mail.

The office of financial management shall develop the necessary policies and operating procedures to assure that all remuneration for services rendered including basic salary, shift differential, standby pay, overtime, penalty pay, salary due based on contractual agreements, and special pay provisions, as provided for by law, ~~((Washington personnel resources board rules,))~~ agency policy or rule, or contract, shall be available to the employee on the designated paydate. Overtime, penalty pay, and special pay provisions may be paid by the next following paydate if the postponement of payment is

attributable to: The employee's not making a timely or accurate report of the facts which are the basis for the payment, or the employer's lack of reasonable opportunity to verify the claim.

Compensable benefits payable because of separation from state service shall be paid with the earnings for the final period worked unless the employee separating has not provided the agency with the proper notification of intent to terminate.

One-half of the employee's basic monthly salary shall be paid in each pay period. Employees paid on an hourly basis or employees who work less than a full pay period shall be paid for actual salary earned.

(2) Subsection (1) of this section shall not apply in instances where it would conflict with contractual rights or, with the approval of the office of financial management, to short-term, intermittent, noncareer state employees, to student employees of institutions of higher education, to national or state guard members participating in state active duty, and to liquor control agency managers who are paid a percentage of monthly liquor sales.

(3) When a national or state guard member is called to participate in state active duty, the payday shall be no more than seven days following completion of duty or the end of the pay period, whichever is first. When the seventh day falls on Sunday, the payday shall not be later than the following Monday. This subsection shall apply only to the pay a national or state guard member receives from the military department for state active duty.

(4) Notwithstanding subsections (1) and (2) of this section, a bargained contract at an institution of higher education may include a provision for paying part-time academic employees on a pay schedule that coincides with all the paydays used for full-time academic employees.

**Sec. 447.** RCW 42.17.370 and 2010 1st sp.s. c 7 s 4 are each amended to read as follows:

The commission is empowered to:

(1) Adopt, promulgate, amend, and rescind suitable administrative rules to carry out the policies and purposes of this chapter, which rules shall be adopted under chapter 34.05 RCW. Any rule relating to campaign finance, political advertising, or related forms that would otherwise take effect after June 30th of a general election year shall take effect no earlier than the day following the general election in that year;

(2) Appoint and set, within the limits established by the (~~department of personnel~~) office of financial management under RCW 43.03.028, the compensation of an executive director who shall perform such duties and have such powers as the commission may prescribe and delegate to implement and enforce this chapter efficiently and effectively. The commission shall not delegate its authority to adopt, amend, or rescind rules nor shall it delegate authority to determine whether an actual violation of this chapter has occurred or to assess penalties for such violations;

(3) Prepare and publish such reports and technical studies as in its judgment will tend to promote the purposes of this chapter, including reports and statistics concerning campaign financing, lobbying, financial interests of elected officials, and enforcement of this chapter;

(4) Make from time to time, on its own motion, audits and field investigations;

(5) Make public the time and date of any formal hearing set to determine whether a violation has occurred, the question or questions to be considered, and the results thereof;

(6) Administer oaths and affirmations, issue subpoenas, and compel attendance, take evidence and require the production of any books, papers, correspondence, memorandums, or other records relevant or material for the purpose of any investigation authorized under this chapter, or any other proceeding under this chapter;

(7) Adopt and promulgate a code of fair campaign practices;

(8) Relieve, by rule, candidates or political committees of obligations to comply with the provisions of this chapter relating to

election campaigns, if they have not received contributions nor made expenditures in connection with any election campaign of more than one thousand dollars;

(9) Adopt rules prescribing reasonable requirements for keeping accounts of and reporting on a quarterly basis costs incurred by state agencies, counties, cities, and other municipalities and political subdivisions in preparing, publishing, and distributing legislative information. The term "legislative information," for the purposes of this subsection, means books, pamphlets, reports, and other materials prepared, published, or distributed at substantial cost, a substantial purpose of which is to influence the passage or defeat of any legislation. The state auditor in his or her regular examination of each agency under chapter 43.09 RCW shall review the rules, accounts, and reports and make appropriate findings, comments, and recommendations in his or her examination reports concerning those agencies;

(10) After hearing, by order approved and ratified by a majority of the membership of the commission, suspend or modify any of the reporting requirements of this chapter in a particular case if it finds that literal application of this chapter works a manifestly unreasonable hardship and if it also finds that the suspension or modification will not frustrate the purposes of the chapter. The commission shall find that a manifestly unreasonable hardship exists if reporting the name of an entity required to be reported under RCW 42.17.241(1)(g)(ii) would be likely to adversely affect the competitive position of any entity in which the person filing the report or any member of his or her immediate family holds any office, directorship, general partnership interest, or an ownership interest of ten percent or more. Any suspension or modification shall be only to the extent necessary to substantially relieve the hardship. The commission shall act to suspend or modify any reporting requirements only if it determines that facts exist that are clear and convincing proof of the findings required under this section. Requests for renewals of reporting modifications may be heard in a brief adjudicative proceeding as set forth in RCW 34.05.482 through 34.05.494 and in accordance with the standards established in this section. No initial request may be heard in a brief adjudicative proceeding and no request for renewal may be heard in a brief adjudicative proceeding if the initial request was granted more than three years previously or if the applicant is holding an office or position of employment different from the office or position held when the initial request was granted. The commission shall adopt administrative rules governing the proceedings. Any citizen has standing to bring an action in Thurston county superior court to contest the propriety of any order entered under this section within one year from the date of the entry of the order; (~~and~~)

(11) Revise, at least once every five years but no more often than every two years, the monetary reporting thresholds and reporting code values of this chapter. The revisions shall be only for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the period commencing with the month of December preceding the last revision and concluding with the month of December preceding the month the revision is adopted. As to each of the three general categories of this chapter (reports of campaign finance, reports of lobbyist activity, and reports of the financial affairs of elected and appointed officials), the revisions shall equally affect all thresholds within each category. Revisions shall be adopted as rules under chapter 34.05 RCW. The first revision authorized by this subsection shall reflect economic changes from the time of the last legislative enactment affecting the respective code or threshold through December 1985; and

(12) Develop and provide to filers a system for certification of reports required under this chapter which are transmitted by facsimile or electronically to the commission. Implementation of the program is contingent on the availability of funds.

**Sec. 448.** RCW 42.17A.110 and 2010 1st sp.s. c 7 s 4 and 2010 c 204 s 303 are each reenacted and amended to read as follows:

The commission is empowered to:

(1) Adopt, promulgate, amend, and rescind suitable administrative rules to carry out the policies and purposes of this chapter, which rules shall be adopted under chapter 34.05 RCW. **Sec. 449.** RCW 43.01.040 and 2009 c 549 s 5001 are each amended to read as follows:

Each subordinate officer and employee of the several offices, departments, and institutions of the state government shall be entitled under their contract of employment with the state government to not less than one working day of vacation leave with full pay for each month of employment if said employment is continuous for six months.

Each such subordinate officer and employee shall be entitled under such contract of employment to not less than one additional working day of vacation with full pay each year for satisfactorily completing the first two, three and five continuous years of employment respectively.

Such part time officers or employees of the state government who are employed on a regular schedule of duration of not less than one year shall be entitled under their contract of employment to that fractional part of the vacation leave that the total number of hours of such employment bears to the total number of hours of full time employment.

Each subordinate officer and employee of the several offices, departments and institutions of the state government shall be entitled under his or her contract of employment with the state government to accrue unused vacation leave not to exceed thirty working days. Officers and employees transferring within the several offices, departments and institutions of the state government shall be entitled to transfer such accrued vacation leave to each succeeding state office, department or institution. All vacation leave shall be taken at the time convenient to the employing office, department or institution: PROVIDED, That if a subordinate officer's or employee's request for vacation leave is deferred by reason of the convenience of the

employing office, department or institution, and a statement of the necessity thereof is (~~filed by such employing office, department or institution with the appropriate personnel board or other state agency or officer~~) retained by the agency, then the aforesaid maximum thirty working days of accrued unused vacation leave shall be extended for each month said leave is so deferred.

**Sec. 450.** RCW 43.01.135 and 2007 c 76 s 2 are each amended to read as follows:

Agencies as defined in RCW 41.06.020, except for institutions of higher education, shall:

- (1) Update or develop and disseminate among all agency employees and contractors a policy that:
  - (a) Defines and prohibits sexual harassment in the workplace;
  - (b) Includes procedures that describe how the agency will address concerns of employees who are affected by sexual harassment in the workplace;
  - (c) Identifies appropriate sanctions and disciplinary actions; and
  - (d) Complies with guidelines adopted by the director of personnel under RCW 41.06.395;
- (2) Respond promptly and effectively to sexual harassment concerns;
- (3) Conduct training and education for all employees in order to prevent and eliminate sexual harassment in the organization;
- (4) Inform employees of their right to file a complaint with the Washington state human rights commission under chapter 49.60 RCW, or with the federal equal employment opportunity commission under Title VII of the civil rights act of 1964; and
- (5) Report to the department of (~~personnel~~) enterprise services on compliance with this section.

The cost of the training programs shall be borne by state agencies within existing resources.

**Sec. 451.** RCW 43.03.028 and 2010 1st sp.s. c 7 s 2 are each amended to read as follows:

- (1) The (~~department of personnel~~) office of financial management shall study the duties and salaries of the directors of the several departments and the members of the several boards and commissions of state government, who are subject to appointment by the governor or whose salaries are fixed by the governor, and of the chief executive officers of the following agencies of state government:

The arts commission; the human rights commission; the board of accountancy; (~~the board of pharmacy~~); the eastern Washington historical society; the Washington state historical society; the recreation and conservation office; the criminal justice training commission; (~~the department of personnel; the state library~~); the traffic safety commission; the horse racing commission; (~~the advisory council on vocational education~~); the public disclosure commission; the state conservation commission; the commission on Hispanic affairs; the commission on Asian Pacific American affairs; the state board for volunteer firefighters and reserve officers; the transportation improvement board; the public employment relations commission; (~~the forest practices appeals board~~); and the energy facilities site evaluation council.

- (2) The (~~department of personnel~~) office of financial management shall report to the governor or the chairperson of the appropriate salary fixing authority at least once in each fiscal biennium on such date as the governor may designate, but not later than seventy-five days prior to the convening of each regular session of the legislature during an odd-numbered year, its recommendations for the salaries to be fixed for each position.

**Sec. 452.** RCW 43.03.120 and 2009 c 549 s 5009 are each amended to read as follows:

Any state office, commission, department or institution may also pay the moving expenses of a new employee, necessitated by his or her acceptance of state employment, pursuant to mutual agreement with such employee in advance of his or her employment(=

~~PROVIDED, That if such employee is in the classified service as defined in chapter 41.06 RCW, that said employee has been duly certified from an eligible register. No such offer or agreement for such payment shall be made to a prospective member of the classified service, prior to such certification, except through appropriate public announcement by the department of personnel, or other corresponding personnel agency as provided by chapter 41.06 RCW~~). Payment for all expenses authorized by RCW 43.03.060, 43.03.110 through 43.03.210 including moving expenses of new employees, exempt or classified, and others, shall be subject to reasonable (~~regulations promulgated~~) rules adopted by the director of financial management, including regulations defining allowable moving costs: ~~PROVIDED, That, if the new employee terminates or causes termination of his or her employment with the state within one year of the date of employment, the state shall be entitled to reimbursement for the moving costs which have been paid and may withhold such sum as necessary therefor from any amounts due the employee.~~

**Sec. 453.** RCW 43.03.130 and 2000 c 153 s 1 are each amended to read as follows:

Any state office, commission, department or institution may agree to pay the travel expenses of a prospective employee as an inducement for such applicant to travel to a designated place to be interviewed by and for the convenience of such agency(~~=~~ ~~PROVIDED, That if such employment is to be in the classified service, such offer may be made only on the express authorization of the state department of personnel, or other corresponding personnel agency as provided by chapter 41.06 RCW, to applicants reporting for a merit system examination or to applicants from an eligible register reporting for a pre-employment interview~~). Travel expenses authorized for prospective employees called for interviews shall be payable at rates in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended. When an applicant is called to be interviewed by or on behalf of more than one agency, the authorized travel expenses may be paid directly by the authorizing personnel department or agency, subject to reimbursement from the interviewing agencies on a pro rata basis.

In the case of both classified and exempt positions, such travel expenses will be paid only for applicants being considered for the positions of director, deputy director, assistant director, or supervisor of state departments, boards or commissions; or equivalent or higher positions; or engineers, or other personnel having both executive and professional status. In the case of the state investment board, such travel expenses may also be paid for applicants being considered for investment officer positions. In the case of four-year institutions of higher education, such travel expenses will be paid only for applicants being considered for academic positions above the rank of instructor or professional or administrative employees in supervisory positions. In the case of community and technical colleges, such travel expenses may be paid for applicants being considered for full-time faculty positions or administrative employees in supervisory positions.

**Sec. 454.** RCW 43.06.013 and 2006 c 45 s 1 are each amended to read as follows:

When requested by the governor or the director of the department of (~~personnel~~) enterprise services, nonconviction criminal history fingerprint record checks shall be conducted through the Washington state patrol identification and criminal history section and the federal bureau of investigation on applicants for agency head positions appointed by the governor. Information received pursuant to this section shall be confidential and made available only to the governor or director of the department of personnel or their employees directly involved in the selection, hiring, or background investigation of the subject of the record check. When necessary, applicants may be employed on a conditional basis pending completion of the criminal history record check. "Agency head" as used in this section has the same definition as provided in RCW 34.05.010.

**Sec. 455.** RCW 43.06.410 and 1993 c 281 s 47 are each amended to read as follows:

There is established within the office of the governor the Washington state internship program to assist students and state employees in gaining valuable experience and knowledge in various areas of state government. In administering the program, the governor shall:

- (1) Consult with the secretary of state, the director of ~~((personnel))~~ enterprise services, the commissioner of the employment security department, and representatives of labor;
- (2) Encourage and assist agencies in developing intern positions;
- (3) Develop and coordinate a selection process for placing individuals in intern positions. This selection process shall give due regard to the responsibilities of the state to provide equal employment opportunities;
- (4) Develop and coordinate a training component of the internship program which balances the need for training and exposure to new ideas with the intern's and agency's need for on-the-job work experience;
- (5) Work with institutions of higher education in developing the program, soliciting qualified applicants, and selecting participants; and
- (6) Develop guidelines for compensation of the participants.

**Sec. 456.** RCW 43.06.425 and 2002 c 354 s 229 are each amended to read as follows:

The director of ~~((personnel))~~ financial management or the director's designee shall adopt rules to provide that:

- (1) Successful completion of an internship under RCW 43.06.420 shall be considered as employment experience at the level at which the intern was placed;
- (2) Persons leaving classified or exempt positions in state government in order to take an internship under RCW 43.06.420: (a) Have the right of reversion to the previous position at any time during the internship or upon completion of the internship; and (b) shall continue to receive all fringe benefits as if they had never left their classified or exempt positions;
- (3) Participants in the undergraduate internship program who were not public employees prior to accepting a position in the program receive sick leave allowances commensurate with other state employees;
- (4) Participants in the executive fellows program who were not public employees prior to accepting a position in the program receive sick and vacation leave allowances commensurate with other state employees.

**Sec. 457.** RCW 43.33A.100 and 2008 c 236 s 1 are each amended to read as follows:

The state investment board shall maintain appropriate offices and employ such personnel as may be necessary to perform its duties. Employment by the investment board shall include but not be limited to an executive director, investment officers, and a confidential secretary, which positions are exempt from classified service under chapter 41.06 RCW. Employment of the executive director by the board shall be for a term of three years, and such employment shall be subject to confirmation of the state finance committee: PROVIDED, That nothing shall prevent the board from dismissing the director for cause before the expiration of the term nor shall anything prohibit the board, with the confirmation of the state finance committee, from employing the same individual as director in succeeding terms. Compensation levels for the executive director, a confidential secretary, and all investment officers, including the deputy director for investment management, employed by the investment board shall be established by the state investment board. The investment board is authorized to maintain a retention pool within the state investment board expense account under RCW 43.33A.160, from the earnings of the funds managed by the board, pursuant to a performance management and compensation program developed by the investment

board, in order to address recruitment and retention problems and to reward performance. The compensation levels and incentive compensation for investment officers shall be limited to the average of total compensation provided by state or other public funds of similar size, based upon a biennial survey conducted by the investment board, with review and comment by the joint legislative audit and review committee. However, in any fiscal year the incentive compensation granted by the investment board from the retention pool to investment officers pursuant to this section may not exceed thirty percent. Disbursements from the retention pool shall be from legislative appropriations and shall be on authorization of the board's executive director or the director's designee.

The investment board shall provide notice to ~~((the director of the department of personnel,))~~ the director of financial management~~((;))~~ and the chairs of the house of representatives and senate fiscal committees of proposed changes to the compensation levels for the positions. The notice shall be provided not less than sixty days prior to the effective date of the proposed changes.

As of July 1, 1981, all employees classified under chapter 41.06 RCW and engaged in duties assumed by the state investment board on July 1, 1981, are assigned to the state investment board. The transfer shall not diminish any rights granted these employees under chapter 41.06 RCW nor exempt the employees from any action which may occur thereafter in accordance with chapter 41.06 RCW.

All existing contracts and obligations pertaining to the functions transferred to the state investment board in chapter 3, Laws of 1981 shall remain in full force and effect, and shall be performed by the board. None of the transfers directed by chapter 3, Laws of 1981 shall affect the validity of any act performed by a state entity or by any official or employee thereof prior to July 1, 1981.

**Sec. 458.** RCW 43.130.060 and 1973 2nd ex.s. c 37 s 6 are each amended to read as follows:

In order to reimburse the public employees' retirement system for any increased costs occasioned by the provisions of this chapter which affect the retirement system, the ~~((public employees' retirement board))~~ director of retirement systems shall, within thirty days of the date upon which any affected employee elects to take advantage of the retirement provisions of this chapter, determine the increased present and future cost to the retirement system of such employee's election. Upon the determination of the amount necessary to offset ~~((said))~~ the increased cost, the ~~((retirement board))~~ director of retirement systems shall bill the department of ~~((personnel))~~ enterprise services for the amount of the increased cost: PROVIDED, That such billing shall not exceed eight hundred sixty-one thousand dollars. Such billing shall be paid by the department as, and the same shall be, a proper charge against any moneys available or appropriated to the department for this purpose.

**Sec. 459.** RCW 43.131.090 and 2002 c 354 s 230 are each amended to read as follows:

Unless the legislature specifies a shorter period of time, a terminated entity shall continue in existence until June 30th of the next succeeding year for the purpose of concluding its affairs: PROVIDED, That the powers and authority of the entity shall not be reduced or otherwise limited during this period. Unless otherwise provided:

(1) All employees of terminated entities classified under chapter 41.06 RCW, the state civil service law, shall be transferred as appropriate or as otherwise provided in the procedures adopted by the human resources director ~~((of personnel))~~ pursuant to RCW 41.06.150;

(2) All documents and papers, equipment, or other tangible property in the possession of the terminated entity shall be delivered to the custody of the entity assuming the responsibilities of the terminated entity or if such responsibilities have been eliminated, documents and papers shall be delivered to the state archivist and

equipment or other tangible property to the department of (~~general administration~~) enterprise services;

(3) All funds held by, or other moneys due to, the terminated entity shall revert to the fund from which they were appropriated, or if that fund is abolished to the general fund;

(4) Notwithstanding the provisions of RCW 34.05.020, all rules made by a terminated entity shall be repealed, without further action by the entity, at the end of the period provided in this section, unless assumed and reaffirmed by the entity assuming the related legal responsibilities of the terminated entity;

(5) All contractual rights and duties of an entity shall be assigned or delegated to the entity assuming the responsibilities of the terminated entity, or if there is none to such entity as the governor shall direct.

**Sec. 460.** RCW 48.37.060 and 2008 c 100 s 2 are each amended to read as follows:

(1) When the commissioner determines that other market conduct actions identified in RCW 48.37.040(4)(a) have not sufficiently addressed issues raised concerning company activities in Washington state, the commissioner has the discretion to conduct market conduct examinations in accordance with the NAIC market conduct uniform examination procedures and the NAIC market regulation handbook.

(2)(a) In lieu of an examination of an insurer licensed in this state, the commissioner shall accept an examination report of another state, unless the commissioner determines that the other state does not have laws substantially similar to those of this state, or does not have a market oversight system that is comparable to the market conduct oversight system set forth in this law.

(b) The commissioner's determination under (a) of this subsection is discretionary with the commissioner and is not subject to appeal.

(c) If the insurer to be examined is part of an insurance holding company system, the commissioner may also seek to simultaneously examine any affiliates of the insurer under common control and management which are licensed to write the same lines of business in this state.

(3) Before commencement of a market conduct examination, market conduct oversight personnel shall prepare a work plan consisting of the following:

- (a) The name and address of the insurer being examined;
- (b) The name and contact information of the examiner-in-charge;
- (c) The name of all market conduct oversight personnel initially assigned to the market conduct examination;
- (d) The justification for the examination;
- (e) The scope of the examination;
- (f) The date the examination is scheduled to begin;
- (g) Notice of any noninsurance department personnel who will assist in the examination;
- (h) A time estimate for the examination;
- (i) A budget for the examination if the cost of the examination is billed to the insurer; and
- (j) An identification of factors that will be included in the billing if the cost of the examination is billed to the insurer.

(4)(a) Within ten days of the receipt of the information contained in subsection (3) of this section, insurers may request the commissioner's discretionary review of any alleged conflict of interest, pursuant to RCW 48.37.090(2), of market conduct oversight personnel and noninsurance department personnel assigned to a market conduct examination. The request for review shall specifically describe the alleged conflict of interest in the proposed assignment of any person to the examination.

(b) Within five business days of receiving a request for discretionary review of any alleged conflict of interest in the proposed assignment of any person to a market conduct examination, the commissioner or designee shall notify the insurer of any action regarding the assignment of personnel to a market conduct examination based on the insurer's allegation of conflict of interest.

(5) Market conduct examinations shall, to the extent feasible, use desk examinations and data requests before an on-site examination.

(6) Market conduct examinations shall be conducted in accordance with the provisions set forth in the NAIC market regulation handbook and the NAIC market conduct uniform examinations procedures, subject to the precedence of the provisions of chapter 82, Laws of 2007.

(7) The commissioner shall use the NAIC standard data request.

(8) Announcement of the examination shall be sent to the insurer and posted on the NAIC's examination tracking system as soon as possible but in no case later than sixty days before the estimated commencement of the examination, except where the examination is conducted in response to extraordinary circumstances as described in RCW 48.37.050(2)(a). The announcement sent to the insurer shall contain the examination work plan and a request for the insurer to name its examination coordinator.

(9) If an examination is expanded significantly beyond the original reasons provided to the insurer in the notice of the examination required by subsection (3) of this section, the commissioner shall provide written notice to the insurer, explaining the expansion and reasons for the expansion. The commissioner shall provide a revised work plan if the expansion results in significant changes to the items presented in the original work plan required by subsection (3) of this section.

(10) The commissioner shall conduct a preexamination conference with the insurer examination coordinator and key personnel to clarify expectations at least thirty days before commencement of the examination, unless otherwise agreed by the insurer and the commissioner.

(11) Before the conclusion of the field work for market conduct examination, the examiner-in-charge shall review examination findings to date with insurer personnel and schedule an exit conference with the insurer, in accordance with procedures in the NAIC market regulation handbook.

(12)(a) No later than sixty days after completion of each market conduct examination, the commissioner shall make a full written report of each market conduct examination containing only facts ascertained from the accounts, records, and documents examined and from the sworn testimony of individuals, and such conclusions and recommendations as may reasonably be warranted from such facts.

(b) The report shall be certified by the commissioner or by the examiner-in-charge of the examination, and shall be filed in the commissioner's office subject to (c) of this subsection.

(c) The commissioner shall furnish a copy of the market conduct examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner's office. If the person so requests in writing within such period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(d) Within thirty days of the end of the period described in (c) of this subsection, unless extended by order of the commissioner, the commissioner shall consider the report, together with any written submissions or rebuttals and any relevant portions of the examiner's work papers and enter an order:

(i) Adopting the market conduct examination report as filed or with modification or corrections. If the market conduct examination report reveals that the company is operating in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

(ii) Rejecting the market conduct examination report with directions to the examiners to reopen the examination for purposes of

obtaining additional data, documentation, or information, and refiling under this subsection; or

(iii) Calling for an investigatory hearing with no less than twenty days' notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

(e) All orders entered under (d) of this subsection must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the market conduct examination report, relevant examiner work papers, and any written submissions or rebuttals. The order is considered a final administrative decision and may be appealed under the administrative procedure act, chapter 34.05 RCW, and must be served upon the company by certified mail or certifiable electronic means, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail or certifiable electronic means to each director at the director's residential address or to a personal e-mail account.

(f)(i) Upon the adoption of the market conduct examination report under (d) of this subsection, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five days except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

(ii) If the commissioner determines that regulatory action is appropriate as a result of any market conduct examination, he or she may initiate any proceedings or actions as provided by law.

(iii) Nothing contained in this subsection requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

(g) The insurer's response shall be included in the commissioner's order adopting the final report as an exhibit to the order. The insurer is not obligated to submit a response.

(13) The commissioner may withhold from public inspection any examination or investigation report for so long as he or she deems it advisable.

(14)(a) Market conduct examinations within this state of any insurer domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner's examiners and employees shall, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(b) Every other examination, whatsoever, or any part of the market conduct examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(c) When making a market conduct examination under this chapter, the commissioner may contract, in accordance with applicable state contracting procedures, for qualified attorneys, appraisers, independent certified public accountants, contract actuaries, and other similar individuals who are independently practicing their professions, even though those persons may from time to time be similarly employed or retained by persons subject to examination under this chapter, as examiners as the commissioner deems necessary for the efficient conduct of a particular examination. The compensation and per diem allowances paid to such contract persons shall be reasonable in the market and time incurred, shall not exceed one hundred twenty-five percent of the compensation and per diem allowances for examiners set forth in the guidelines adopted by the national association of insurance commissioners, unless the commissioner demonstrates that one hundred twenty-five percent is

inadequate under the circumstances of the examination, and subject to the provisions of (a) of this subsection.

(d)(i) The person examined and liable shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner's examiners, their reasonable living expenses allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem, salary, and expenses for employees examining insurers domiciled outside the state of Washington shall be established by the commissioner on the basis of the national association of insurance commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule established by the ~~human resources~~ director ~~(of the Washington department of personnel)~~ and the expense schedule established by the office of financial management, whichever is higher. A domestic title insurer shall pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

(ii) The commissioner or the commissioner's examiners shall not receive or accept any additional emolument on account of any examination.

(iii) Market conduct examination fees subject to being reimbursed by an insurer shall be itemized and bills shall be provided to the insurer on a monthly basis for review prior to submission for payment, or as otherwise provided by state law.

(e) Nothing contained in this chapter limits the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

(f) The commissioner shall maintain active management and oversight of market conduct examination costs, including costs associated with the commissioner's own examiners, and with retaining qualified contract examiners necessary to perform an examination. Any agreement with a contract examiner shall:

(i) Clearly identify the types of functions to be subject to outsourcing;

(ii) Provide specific timelines for completion of the outsourced review;

(iii) Require disclosure to the insurer of contract examiners' recommendations;

(iv) Establish and use a dispute resolution or arbitration mechanism to resolve conflicts with insurers regarding examination fees; and

(v) Require disclosure of the terms of the contracts with the outside consultants that will be used, specifically the fees and/or hourly rates that can be charged.

(g) The commissioner, or the commissioner's designee, shall review and affirmatively endorse detailed billings from the qualified contract examiner before the detailed billings are sent to the insurer.

**Sec. 461.** RCW 49.46.010 and 2010 c 160 s 2 and 2010 c 8 s 12040 are each reenacted and amended to read as follows:

As used in this chapter:

(1) "Director" means the director of labor and industries;

(2) "Wage" means compensation due to an employee by reason of employment, payable in legal tender of the United States or checks on banks convertible into cash on demand at full face value, subject to such deductions, charges, or allowances as may be permitted by rules of the director;

(3) "Employ" includes to permit to work;

(4) "Employer" includes any individual, partnership, association, corporation, business trust, or any person or group of persons acting directly or indirectly in the interest of an employer in relation to an employee;

(5) "Employee" includes any individual employed by an employer but shall not include:

(a) Any individual (i) employed as a hand harvest laborer and paid on a piece rate basis in an operation which has been, and is generally and customarily recognized as having been, paid on a piece rate basis in the region of employment; (ii) who commutes daily from his or her permanent residence to the farm on which he or she is employed; and (iii) who has been employed in agriculture less than thirteen weeks during the preceding calendar year;

(b) Any individual employed in casual labor in or about a private home, unless performed in the course of the employer's trade, business, or profession;

(c) Any individual employed in a bona fide executive, administrative, or professional capacity or in the capacity of outside salesperson as those terms are defined and delimited by rules of the director. However, those terms shall be defined and delimited by the human resources director (~~(of personnel)~~) pursuant to chapter 41.06 RCW for employees employed under the director of personnel's jurisdiction;

(d) Any individual engaged in the activities of an educational, charitable, religious, state or local governmental body or agency, or nonprofit organization where the employer-employee relationship does not in fact exist or where the services are rendered to such organizations gratuitously. If the individual receives reimbursement in lieu of compensation for normally incurred out-of-pocket expenses or receives a nominal amount of compensation per unit of voluntary service rendered, an employer-employee relationship is deemed not to exist for the purpose of this section or for purposes of membership or qualification in any state, local government, or publicly supported retirement system other than that provided under chapter 41.24 RCW;

(e) Any individual employed full time by any state or local governmental body or agency who provides voluntary services but only with regard to the provision of the voluntary services. The voluntary services and any compensation therefor shall not affect or add to qualification, entitlement, or benefit rights under any state, local government, or publicly supported retirement system other than that provided under chapter 41.24 RCW;

(f) Any newspaper vendor or carrier;

(g) Any carrier subject to regulation by Part 1 of the Interstate Commerce Act;

(h) Any individual engaged in forest protection and fire prevention activities;

(i) Any individual employed by any charitable institution charged with child care responsibilities engaged primarily in the development of character or citizenship or promoting health or physical fitness or providing or sponsoring recreational opportunities or facilities for young people or members of the armed forces of the United States;

(j) Any individual whose duties require that he or she reside or sleep at the place of his or her employment or who otherwise spends a substantial portion of his or her work time subject to call, and not engaged in the performance of active duties;

(k) Any resident, inmate, or patient of a state, county, or municipal correctional, detention, treatment or rehabilitative institution;

(l) Any individual who holds a public elective or appointive office of the state, any county, city, town, municipal corporation or quasi municipal corporation, political subdivision, or any instrumentality thereof, or any employee of the state legislature;

(m) All vessel operating crews of the Washington state ferries operated by the department of transportation;

(n) Any individual employed as a seaman on a vessel other than an American vessel;

(o) Any farm intern providing his or her services to a small farm which has a special certificate issued under RCW 49.12.465;

(6) "Occupation" means any occupation, service, trade, business, industry, or branch or group of industries or employment or class of employment in which employees are gainfully employed;

(7) "Retail or service establishment" means an establishment seventy-five percent of whose annual dollar volume of sales of goods or services, or both, is not for resale and is recognized as retail sales or services in the particular industry.

**Sec. 462.** RCW 49.46.010 and 2010 c 8 s 12040 are each amended to read as follows:

**Sec. 463.** RCW 49.74.020 and 1993 c 281 s 57 are each amended to read as follows:

If the commission reasonably believes that a state agency, an institution of higher education, or the state patrol has failed to comply with an affirmative action rule adopted under RCW 41.06.150 or 43.43.340, the commission shall notify the director of the state agency, president of the institution of higher education, or chief of the Washington state patrol of the noncompliance, as well as the human resources director ~~((of personnel))~~. The commission shall give the director of the state agency, president of the institution of higher education, or chief of the Washington state patrol an opportunity to be heard on the failure to comply.

**Sec. 464.** RCW 49.74.030 and 2002 c 354 s 246 are each amended to read as follows:

The commission in conjunction with the department of ~~((personnel))~~ enterprise services, the office of financial management, or the state patrol, whichever is appropriate, shall attempt to resolve the noncompliance through conciliation. If an agreement is reached for the elimination of noncompliance, the agreement shall be reduced to writing and an order shall be issued by the commission setting forth the terms of the agreement. The noncomplying state agency, institution of higher education, or state patrol shall make a good faith effort to conciliate and make a full commitment to correct the noncompliance with any action that may be necessary to achieve compliance, provided such action is not inconsistent with the rules adopted under RCW 41.06.150~~((6))~~(5) and 43.43.340(5), whichever is appropriate.

**Sec. 465.** RCW 49.90.010 and 2009 c 294 s 5 are each amended to read as follows:

(1) Within this section, "sensory disability" means a sensory condition that materially limits, contributes to limiting, or, if not corrected or accommodated, will probably result in limiting an individual's activities or functioning.

(2) The ~~((department of personnel))~~ office of financial management shall adopt rules that authorize state agencies to provide allowances to employees with sensory disabilities who must attend training necessary to attain a new service animal. The employee's absence must be treated in the same manner as that granted to employees who are absent to attend training that supports or improves their job performance, except that the employee shall not be eligible for reimbursement under RCW 43.03.050 or 43.03.060. The ~~((department of personnel))~~ office of financial management shall adopt rules as necessary to implement this chapter.

(3) If the necessity to attend training for a new service animal is foreseeable and the training will cause the employee to miss work, the employee shall provide the employer with not less than thirty days' notice, before the date the absence is to begin, of the employee's impending absence. If the date of the training requires the absence to begin in less than thirty days, the employee shall provide notice as is practicable.

(4) An agency may require that a request to attend service animal training be supported by a certification issued by the relevant training organization. The employee must provide, in a timely manner, a copy of the certification to the agency. Certification provided under this section is sufficient if it states: (a) The date on which the service animal training session is scheduled to commence; and (b) the session's duration.

**Sec. 466.** RCW 50.13.060 and 2008 c 120 s 6 are each amended to read as follows:

(1) Governmental agencies, including law enforcement agencies, prosecuting agencies, and the executive branch, whether state, local, or federal shall have access to information or records deemed private and confidential under this chapter if the information or records are needed by the agency for official purposes and:

(a) The agency submits an application in writing to the employment security department for the records or information containing a statement of the official purposes for which the information or records are needed and specific identification of the records or information sought from the department; and

(b) The director, commissioner, chief executive, or other official of the agency has verified the need for the specific information in writing either on the application or on a separate document; and

(c) The agency requesting access has served a copy of the application for records or information on the individual or employing unit whose records or information are sought and has provided the department with proof of service. Service shall be made in a manner which conforms to the civil rules for superior court. The requesting agency shall include with the copy of the application a statement to the effect that the individual or employing unit may contact the public records officer of the employment security department to state any objections to the release of the records or information. The employment security department shall not act upon the application of the requesting agency until at least five days after service on the concerned individual or employing unit. The employment security department shall consider any objections raised by the concerned individual or employing unit in deciding whether the requesting agency needs the information or records for official purposes.

(2) The requirements of subsections (1) and (9) of this section shall not apply to the state legislative branch. The state legislature shall have access to information or records deemed private and confidential under this chapter, if the legislature or a legislative committee finds that the information or records are necessary and for official purposes. If the employment security department does not make information or records available as provided in this subsection, the legislature may exercise its authority granted by chapter 44.16 RCW.

(3) In cases of emergency the governmental agency requesting access shall not be required to formally comply with the provisions of subsection (1) of this section at the time of the request if the procedures required by subsection (1) of this section are complied with by the requesting agency following the receipt of any records or information deemed private and confidential under this chapter. An emergency is defined as a situation in which irreparable harm or damage could occur if records or information are not released immediately.

(4) The requirements of subsection (1)(c) of this section shall not apply to governmental agencies where the procedures would frustrate the investigation of possible violations of criminal laws or to the release of employing unit names, addresses, number of employees,

and aggregate employer wage data for the purpose of state governmental agencies preparing small business economic impact statements under chapter 19.85 RCW or preparing cost-benefit analyses under RCW 34.05.328(1) (c) and (d). Information provided by the department and held to be private and confidential under state or federal laws must not be misused or released to unauthorized parties. A person who misuses such information or releases such information to unauthorized parties is subject to the sanctions in RCW 50.13.080.

(5) Governmental agencies shall have access to certain records or information, limited to such items as names, addresses, social security numbers, and general information about benefit entitlement or employer information possessed by the department, for comparison purposes with records or information possessed by the requesting agency to detect improper or fraudulent claims, or to determine potential tax liability or employer compliance with registration and licensing requirements. In those cases the governmental agency shall not be required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied.

(6) Governmental agencies may have access to certain records and information, limited to employer information possessed by the department for purposes authorized in chapter 50.38 RCW. Access to these records and information is limited to only those individuals conducting authorized statistical analysis, research, and evaluation studies. Only in cases consistent with the purposes of chapter 50.38 RCW are government agencies not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied. Information provided by the department and held to be private and confidential under state or federal laws shall not be misused or released to unauthorized parties subject to the sanctions in RCW 50.13.080.

(7) Disclosure to governmental agencies of information or records obtained by the employment security department from the federal government shall be governed by any applicable federal law or any agreement between the federal government and the employment security department where so required by federal law. When federal law does not apply to the records or information state law shall control.

(8) The department may provide information for purposes of statistical analysis and evaluation of the WorkFirst program or any successor state welfare program to the department of social and health services, the office of financial management, and other governmental entities with oversight or evaluation responsibilities for the program in accordance with RCW 43.20A.080. The confidential information provided by the department shall remain the property of the department and may be used by the authorized requesting agencies only for statistical analysis, research, and evaluation purposes as provided in RCW 74.08A.410 and 74.08A.420. The department of social and health services, the office of financial management, or other governmental entities with oversight or evaluation responsibilities for the program are not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section and applicable federal laws and regulations must be satisfied. The confidential information used for evaluation and analysis of welfare reform supplied to the authorized requesting entities with regard to the WorkFirst program or any successor state welfare program are exempt from public inspection and copying under chapter 42.56 RCW.

(9) The disclosure of any records or information by a governmental agency which has obtained the records or information under this section is prohibited unless the disclosure is (a) directly connected to the official purpose for which the records or information were obtained or (b) to another governmental agency which would be permitted to obtain the records or information under subsection (4) or (5) of this section.

(10) In conducting periodic salary or fringe benefit studies pursuant to law, the (~~department of personnel~~) office of financial management shall have access to records of the employment security department as may be required for such studies. For such purposes, the requirements of subsection (1)(c) of this section need not apply.

(11)(a) To promote the reemployment of job seekers, the commissioner may enter into data-sharing contracts with partners of the one-stop career development system. The contracts shall provide for the transfer of data only to the extent that the transfer is necessary for the efficient provisions of workforce programs, including but not limited to public labor exchange, unemployment insurance, worker training and retraining, vocational rehabilitation, vocational education, adult education, transition from public assistance, and support services. The transfer of information under contracts with one-stop partners is exempt from subsection (1)(c) of this section.

(b) An individual who applies for services from the department and whose information will be shared under (a) of this subsection (11) must be notified that his or her private and confidential information in the department's records will be shared among the one-stop partners to facilitate the delivery of one-stop services to the individual. The notice must advise the individual that he or she may request that private and confidential information not be shared among the one-stop partners and the department must honor the request. In addition, the notice must:

(i) Advise the individual that if he or she requests that private and confidential information not be shared among one-stop partners, the request will in no way affect eligibility for services;

(ii) Describe the nature of the information to be shared, the general use of the information by one-stop partner representatives, and among whom the information will be shared;

(iii) Inform the individual that shared information will be used only for the purpose of delivering one-stop services and that further disclosure of the information is prohibited under contract and is not subject to disclosure under chapter 42.56 RCW; and

(iv) Be provided in English and an alternative language selected by the one-stop center or job service center as appropriate for the community where the center is located.

If the notice is provided in-person, the individual who does not want private and confidential information shared among the one-stop partners must immediately advise the one-stop partner representative of that decision. The notice must be provided to an individual who applies for services telephonically, electronically, or by mail, in a suitable format and within a reasonable time after applying for services, which shall be no later than ten working days from the department's receipt of the application for services. A one-stop representative must be available to answer specific questions regarding the nature, extent, and purpose for which the information may be shared.

(12) To facilitate improved operation and evaluation of state programs, the commissioner may enter into data-sharing contracts with other state agencies only to the extent that such transfer is necessary for the efficient operation or evaluation of outcomes for those programs. The transfer of information by contract under this subsection is exempt from subsection (1)(c) of this section.

(13) The misuse or unauthorized release of records or information by any person or organization to which access is permitted by this chapter subjects the person or organization to a civil penalty of five thousand dollars and other applicable sanctions under state and federal law. Suit to enforce this section shall be brought by the attorney general and the amount of any penalties collected shall be paid into the employment security department administrative contingency fund. The attorney general may recover reasonable attorneys' fees for any action brought to enforce this section.

**Sec. 467.** RCW 28A.345.060 and 1986 c 158 s 3 are each amended to read as follows:

The association shall contract with the ~~((department of personnel for the department of personnel))~~ human resources director in the office of financial management to audit in odd-numbered years the association's staff classifications and employees' salaries. The association shall give copies of the audit reports to the office of financial management and the committees of each house of the legislature dealing with common schools.

**Sec. 468.** RCW 28A.400.201 and 2010 c 236 s 7 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of the superintendent of public instruction, in collaboration with the human resources director in the office of financial management, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

(a) How to reduce the number of tiers within the existing salary allocation model;

(b) How to account for labor market adjustments;

(c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;

(d) The role of and types of bonuses available;

(e) Ways to accomplish salary equalization over a set number of years; and

(f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

(a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;

(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and

(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the ~~((department of personnel))~~ office of financial management, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by June 30, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

**Sec. 469.** RCW 34.12.100 and 2010 1st sp.s. c 7 s 3 are each amended to read as follows:

The chief administrative law judge shall be paid a salary fixed by the governor after recommendation of the ~~((department of personnel))~~ human resources director in the office of financial management. The salaries of administrative law judges appointed under the terms of this chapter shall be determined by the chief administrative law judge after recommendation of the department of personnel.

**Sec. 470.** RCW 36.21.011 and 1995 c 134 s 12 are each amended to read as follows:

Any assessor who deems it necessary in order to complete the listing and the valuation of the property of the county within the time prescribed by law, (1) may appoint one or more well qualified persons to act as assistants or deputies who shall not engage in the private practice of appraising within the county in which he or she is employed without the written permission of the assessor filed with the auditor; and each such assistant or deputy so appointed shall, under the direction of the assessor, after taking the required oath, perform all the duties enjoined upon, vested in or imposed upon assessors, and (2) may contract with any persons, firms or corporations, who are expert appraisers, to assist in the valuation of property.

To assist each assessor in obtaining adequate and well qualified assistants or deputies, the ~~((state department of personnel))~~ office of financial management, after consultation with the Washington state association of county assessors, the Washington state association of counties, and the department of revenue, shall establish by July 1, 1967, and shall thereafter maintain, a classification and salary plan for those employees of an assessor who act as appraisers. The plan shall recommend the salary range and employment qualifications for each position encompassed by it, and shall, to the fullest extent practicable, conform to the classification plan, salary schedules and employment qualifications for state employees performing similar appraisal functions.

An assessor who intends to put such plan into effect shall inform the department of revenue and the county legislative authority of this intent in writing. The department of revenue and the county legislative authority may thereupon each designate a representative, and such representative or representatives as may be designated by the department of revenue or the county legislative authority, or both, shall form with the assessor a committee. The committee so formed may, by unanimous vote only, determine the required number of certified appraiser positions and their salaries necessary to enable the assessor to carry out the requirements relating to revaluation of property in chapter 84.41 RCW. The determination of the committee shall be certified to the county legislative authority. The committee may be formed only once in a period of four calendar years.

After such determination, the assessor may provide, in each of the four next succeeding annual budget estimates, for as many positions as are established in such determination. Each county legislative

authority to which such a budget estimate is submitted shall allow sufficient funds for such positions. An employee may be appointed to a position covered by the plan only if the employee meets the employment qualifications established by the plan.

**Sec. 471.** RCW 41.04.020 and 1998 c 116 s 1 are each amended to read as follows:

Any employee or group of employees of the state of Washington or any of its political subdivisions, or of any institution supported, in whole or in part, by the state or any of its political subdivisions, may authorize the deduction from his or her salaries or wages and payment to another, the amount or amounts of his or her subscription payments or contributions to any person, firm, or corporation administering, furnishing, or providing (1) medical, surgical, and hospital care or either of them, or (2) life insurance or accident and health disability insurance, or (3) any individual retirement account selected by the employee or the employee's spouse established under applicable state or federal law: PROVIDED, That such authorization by said employee or group of employees, shall be first approved by the head of the department, division office or institution of the state or any political subdivision thereof, employing such person or group of persons, and filed with the department of ~~((personnel))~~ enterprise services; or in the case of political subdivisions of the state of Washington, with the auditor of such political subdivision or the person authorized by law to draw warrants against the funds of said political subdivision.

**Sec. 472.** RCW 41.04.460 and 1992 c 234 s 10 are each amended to read as follows:

The department of ~~((personnel))~~ enterprise services, through the combined benefits communication project, shall prepare information encouraging individual financial planning for retirement and describing the potential consequences of early retirement, including members' assumption of health insurance costs, members' receipt of reduced retirement benefits, and the increased period of time before members will become eligible for cost-of-living adjustments. The department of retirement systems shall distribute the information to members who are eligible to retire under the provisions of chapter 234, Laws of 1992. Prior to retiring, such members who elect to retire shall sign a statement acknowledging their receipt and understanding of the information.

**Sec. 473.** RCW 41.60.050 and 1991 sp.s. c 16 s 918 are each amended to read as follows:

The legislature shall appropriate from the ~~((department of))~~ personnel service fund for the payment of administrative costs of the productivity board. However, during the 1991-93 fiscal biennium, the administrative costs of the productivity board shall be appropriated from the savings recovery account.

**Sec. 474.** RCW 41.68.030 and 1983 1st ex.s. c 15 s 3 are each amended to read as follows:

A claim under this chapter may be submitted to the department of ~~((personnel))~~ enterprise services for the reparation of salary losses suffered during the years 1942 through 1947. The claim shall be supported by appropriate verification, such as the person's name at the time of the dismissal, the name of the employing department, and a social security number, or by evidence of official action of termination. The claimant shall also provide an address to which the department shall mail notification of its determination regarding the claimant's eligibility.

**Sec. 475.** RCW 41.68.040 and 1983 1st ex.s. c 15 s 4 are each amended to read as follows:

(1) The department of ~~((personnel))~~ enterprise services shall determine the eligibility of a claimant to receive reparations authorized by this chapter. The department shall then notify the claimant by mail of its determination regarding the claimant's eligibility.

(2) The department may adopt rules that will assist in the fair determination of eligibility and the processing of claims. The

department, however, has no obligation to directly notify any person of possible eligibility for reparation of salary losses under this chapter.

**Sec. 476.** RCW 41.68.050 and 1983 1st ex.s. c 15 s 5 are each amended to read as follows:

A claimant under this chapter who is determined eligible by the department of ~~((personnel))~~ enterprise services shall receive two thousand five hundred dollars each year for two years. All claims which the department determines are eligible for reparation shall be immediately forwarded to the state treasurer, who shall issue warrants in the appropriate amounts upon demand and verification of identity. If a claimant dies after filing a claim but before receiving full payment, payments shall be made to the claimant's estate upon demand and verification of identity.

**Sec. 477.** RCW 47.28.251 and 2003 c 363 s 103 are each amended to read as follows:

(1) The department of transportation shall work with representatives of transportation labor groups to develop a financial incentive program to aid in retention and recruitment of employee classifications where problems exist and program delivery is negatively affected. The department's financial incentive program must be reviewed and approved by the legislature before it can be implemented. This program must support the goal of enhancing project delivery timelines as outlined in section 101, chapter 363, Laws of 2003. Upon receiving approval from the legislature, the ~~((department of personnel))~~ office of financial management shall implement, as required, specific aspects of the financial incentive package, as developed by the department of transportation.

(2) Notwithstanding chapter 41.06 RCW, the department of transportation may acquire services from qualified private firms in order to deliver the transportation construction program to the public. Services may be acquired solely for augmenting the department's workforce capacity and only when the department's transportation construction program cannot be delivered through its existing or readily available workforce. The department of transportation shall work with representatives of transportation labor groups to develop and implement a program identifying those projects requiring contracted services while establishing a program as defined in subsection (1) of this section to provide the classified personnel necessary to deliver future construction programs. The procedures for acquiring construction engineering services from private firms may not be used to displace existing state employees nor diminish the number of existing classified positions in the present construction program. The acquisition procedures must be in accordance with chapter 39.80 RCW.

(3) Starting in December 2004, and biennially thereafter, the secretary shall report to the transportation committees of the legislature on the use of construction engineering services from private firms authorized under this section. The information provided to the committees must include an assessment of the benefits and costs associated with using construction engineering services, or other services, from private firms, and a comparison of public versus private sector costs. The secretary may act on these findings to ensure the most cost-effective means of service delivery.

**NEW SECTION. Sec. 478.** The following acts or parts of acts are each repealed:

(1) RCW 41.06.030 (Department of personnel established) and 2002 c 354 s 201, 1993 c 281 s 20, & 1961 c 1 s 3;

## PART V

### POWERS AND DUTIES TRANSFERRED FROM THE OFFICE OF FINANCIAL MANAGEMENT

**Sec. 501.** RCW 43.41.290 and 1977 ex.s. c 270 s 3 are each amended to read as follows:

As used in ((RCW 43.19.19361 and 43.19.19362)) this act:

(1) "State agency" includes any state office, agency, commission, department, or institution, including colleges, universities, and community colleges, financed in whole or part from funds appropriated by the legislature; (~~and~~)

(2) "Risk management" means the total effort and continuous step by step process of risk identification, measurement, minimization, assumption, transfer, and loss adjustment which is aimed at protecting assets and revenues against accidental loss;

(3) "Department" means the department of enterprise services; and

(4) "Director" means the director of enterprise services.

**Sec. 502.** RCW 43.41.300 and 2002 c 332 s 7 are each amended to read as follows:

There is hereby created ((~~a~~) an office of risk management ((~~division~~)) within the ((~~office of financial management~~)) department of enterprise services. The director shall implement the risk management policy in RCW 43.41.280 (as recodified by this act) through the office of risk management ((~~division~~)). The director shall appoint a risk manager to supervise the office of risk management ((~~division~~)). The office of risk management ((~~division~~)) shall make recommendations when appropriate to state agencies on the application of prudent safety, security, loss prevention, and loss minimization methods so as to reduce or avoid risk or loss.

**Sec. 503.** RCW 43.41.310 and 2002 c 332 s 5 are each amended to read as follows:

As a means of providing for the procurement of insurance and bonds on a volume rate basis, the director shall purchase or contract for the needs of state agencies in relation to all such insurance and bonds: PROVIDED, That authority to purchase insurance may be delegated to state agencies. Insurance in force shall be reported to the office of risk management ((~~division~~)) periodically under rules established by the director. Nothing contained in this section shall prohibit the use of licensed agents or brokers for the procurement and service of insurance.

The amounts of insurance or bond coverage shall be as fixed by law, or if not fixed by law, such amounts shall be as fixed by the director.

The premium cost for insurance acquired and bonds furnished shall be paid from appropriations or other appropriate resources available to the state agency or agencies for which procurement is made, and all vouchers drawn in payment therefor shall bear the written approval of the office of risk management ((~~division~~)) prior to the issuance of the warrant in payment therefor. Where deemed

advisable the premium cost for insurance and bonds may be paid by the risk management administration account which shall be reimbursed by the agency or agencies for which procurement is made.

**Sec. 504.** RCW 43.41.320 and 2002 c 332 s 6 are each amended to read as follows:

The director, through the office of risk management ((~~division~~)), may purchase, or contract for the purchase of, property and liability insurance for any municipality upon request of the municipality.

As used in this section, "municipality" means any city, town, county, special purpose district, municipal corporation, or political subdivision of the state of Washington.

**Sec. 505.** RCW 43.41.330 and 2002 c 332 s 8 are each amended to read as follows:

The director, through the office of risk management ((~~division~~)), shall receive and enforce bonds posted pursuant to RCW 39.59.010 (3) and (4).

**Sec. 506.** RCW 43.41.340 and 2002 c 332 s 9 are each amended to read as follows:

The ((~~office~~)) department shall conduct periodic actuarial studies to determine the amount of money needed to adequately fund the liability account.

**Sec. 507.** RCW 43.41.360 and 2009 c 549 s 5121 are each amended to read as follows:

((In addition to other powers and duties prescribed by this chapter.)) The director shall:

(1) Fix the amount of bond to be given by each appointive state officer and each employee of the state in all cases where it is not fixed by law;

(2) Require the giving of an additional bond, or a bond in a greater amount than provided by law, in all cases where in his or her judgment the statutory bond is not sufficient in amount to cover the liabilities of the officer or employee;

(3) Exempt subordinate employees from giving bond when in his or her judgment their powers and duties are such as not to require a bond.

**Sec. 508.** RCW 43.41.370 and 2002 c 333 s 2 are each amended to read as follows:

(1) The director ((~~of financial management~~)) shall appoint a loss prevention review team when the death of a person, serious injury to a person, or other substantial loss is alleged or suspected to be caused at least in part by the actions of a state agency, unless the director in his or her discretion determines that the incident does not merit review. A loss prevention review team may also be appointed when any other substantial loss occurs as a result of agency policies, litigation or defense practices, or other management practices. When the director decides not to appoint a loss prevention review team he or she shall issue a statement of the reasons for the director's decision. The statement shall be made available on the department's web site ((~~of the office of financial management~~)). The director's decision pursuant to this section to appoint or not appoint a loss prevention review team shall not be admitted into evidence in a civil or administrative proceeding.

(2) A loss prevention review team shall consist of at least three but no more than five persons, and may include independent consultants, contractors, or state employees, but it shall not include any person employed by the agency involved in the loss or risk of loss giving rise to the review, nor any person with testimonial knowledge of the incident to be reviewed. At least one member of the review team shall have expertise relevant to the matter under review.

(3) The loss prevention review team shall review the death, serious injury, or other incident and the circumstances surrounding it, evaluate its causes, and recommend steps to reduce the risk of such incidents occurring in the future. The loss prevention review team shall accomplish these tasks by reviewing relevant documents, interviewing persons with relevant knowledge, and reporting its recommendations in writing to the director ((~~of financial~~)).

~~management~~) and the director of the agency involved in the loss or risk of loss within the time requested by the director (~~(of financial management)~~). The final report shall not disclose the contents of any documents required by law to be kept confidential.

(4) Pursuant to guidelines established by the director, state agencies must notify the (~~(office of financial management)~~) department immediately upon becoming aware of a death, serious injury, or other substantial loss that is alleged or suspected to be caused at least in part by the actions of the state agency. State agencies shall provide the loss prevention review team ready access to relevant documents in their possession and ready access to their employees.

**Sec. 509.** RCW 43.41.380 and 2002 c 333 s 3 are each amended to read as follows:

(1) The final report from a loss prevention review team to the director (~~(of financial management)~~) shall be made public by the director promptly upon receipt, and shall be subject to public disclosure. The final report shall be subject to discovery in a civil or administrative proceeding. However, the final report shall not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to subsection (2) of this section.

(2) The relevant excerpt or excerpts from the final report of a loss prevention review team may be used to impeach a fact witness in a civil or administrative proceeding only if the party wishing to use the excerpt or excerpts from the report first shows the court by clear and convincing evidence that the witness, in testimony provided in deposition or at trial in the present proceeding, has contradicted his or her previous statements to the loss prevention review team on an issue of fact material to the present proceeding. In that case, the party may use only the excerpt or excerpts necessary to demonstrate the contradiction. This section shall not be interpreted as expanding the scope of material that may be used to impeach a witness.

(3) No member of a loss prevention review team may be examined in a civil or administrative proceeding as to (a) the work of the loss prevention review team, (b) the incident under review, (c) his or her statements, deliberations, thoughts, analyses, or impressions relating to the work of the loss prevention review team or the incident under review, or (d) the statements, deliberations, thoughts, analyses, or impressions of any other member of the loss prevention review team, or any person who provided information to it, relating to the work of the loss prevention review team or the incident under review.

(4) Any document that exists prior to the appointment of a loss prevention review team, or that is created independently of such a team, does not become inadmissible merely because it is reviewed or used by the loss prevention review team. A person does not become unavailable as a witness merely because the person has been interviewed by or has provided a statement to a loss prevention review team. However, if called as a witness, the person may not be examined regarding the person's interactions with the loss prevention review team, including without limitation whether the loss prevention review team interviewed the person, what questions the loss prevention review team asked, and what answers the person provided to the loss prevention review team. This section shall not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(5) Documents prepared by or for the loss prevention review team are inadmissible and may not be used in a civil or administrative proceeding, except that excerpts may be used to impeach the credibility of a witness under the same circumstances that excerpts of the final report may be used pursuant to subsection (2) of this section.

(6) The restrictions set forth in this section shall not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with

the death, injury, or other incident reviewed by the loss prevention review team.

(7) Within one hundred twenty days after completion of the final report of a loss prevention review team, the agency under review shall issue to the (~~(office of financial management)~~) department a response to the report. The response will indicate (a) which of the report's recommendations the agency hopes to implement, (b) whether implementation of those recommendations will require additional funding or legislation, and (c) whatever other information the director may require. This response shall be considered part of the final report and shall be subject to all provisions of this section that apply to the final report, including without limitation the restrictions on admissibility and use in civil or administrative proceedings and the obligation of the director to make the final report public.

(8) Nothing in RCW 43.41.370 or this section is intended to limit the scope of a legislative inquiry into or review of an incident that is the subject of a loss prevention review.

(9) Nothing in RCW 43.41.370 or in this section affects chapter 70.41 RCW and application of that chapter to state-owned or managed hospitals licensed under chapter 70.41 RCW.

**Sec. 510.** RCW 43.41.110 and 2002 c 332 s 23 are each amended to read as follows:

The office of financial management shall:

(1) Provide technical assistance to the governor and the legislature in identifying needs and in planning to meet those needs through state programs and a plan for expenditures.

(2) Perform the comprehensive planning functions and processes necessary or advisable for state program planning and development, preparation of the budget, inter-departmental and inter-governmental coordination and cooperation, and determination of state capital improvement requirements.

(3) Provide assistance and coordination to state agencies and departments in their preparation of plans and programs.

(4) Provide general coordination and review of plans in functional areas of state government as may be necessary for receipt of federal or state funds.

(5) Participate with other states or subdivisions thereof in interstate planning.

(6) Encourage educational and research programs that further planning and provide administrative and technical services therefor.

(7) Carry out the provisions of RCW 43.62.010 through 43.62.050 relating to the state census.

(8) (~~Carry out the provisions of this chapter and chapter 4.92 RCW relating to risk management.~~

~~(9))~~ (9) Be the official state participant in the federal-state cooperative program for local population estimates and as such certify all city and county special censuses to be considered in the allocation of state and federal revenues.

~~((10))~~ (9) Be the official state center for processing and dissemination of federal decennial or quinquennial census data in cooperation with other state agencies.

~~((11))~~ (10) Be the official state agency certifying annexations, incorporations, or disincorporations to the United States bureau of the census.

~~((12))~~ (11) Review all United States bureau of the census population estimates used for federal revenue sharing purposes and provide a liaison for local governments with the United States bureau of the census in adjusting or correcting revenue sharing population estimates.

~~((13))~~ (12) Provide fiscal notes depicting the expected fiscal impact of proposed legislation in accordance with chapter 43.88A RCW.

~~((14))~~ (13) Be the official state agency to estimate and manage the cash flow of all public funds as provided in chapter 43.88 RCW. To this end, the office shall adopt such rules as are necessary to manage the cash flow of public funds.

**Sec. 511.** RCW 4.92.006 and 2002 c 332 s 10 are each amended to read as follows:

As used in this chapter:

(1) (~~"Office" means the office of financial management.~~)

"Department" means the department of enterprise services.

(2) "Director" means the director of (~~financial management~~) enterprise services.

(3) (~~"Risk management division")~~ "Office of risk management" means the (~~division of the office of financial management~~) office within the department of enterprise services that carries out the powers and duties under this chapter relating to claim filing, claims administration, and claims payment.

(4) "Risk manager" means the person supervising the office of risk management (~~division~~).

**Sec. 512.** RCW 4.92.040 and 2002 c 332 s 11 are each amended to read as follows:

(1) No execution shall issue against the state on any judgment.

(2) Whenever a final judgment against the state is obtained in an action on a claim arising out of tortious conduct, the claim shall be paid from the liability account.

(3) Whenever a final judgment against the state shall have been obtained in any other action, the clerk of the court shall make and furnish to the office of risk management (~~division~~) a duly certified copy of such judgment; the office of risk management (~~division~~) shall thereupon audit the amount of damages and costs therein awarded, and the same shall be paid from appropriations specifically provided for such purposes by law.

(4) Final judgments for which there are no provisions in state law for payment shall be transmitted by the office of risk management (~~division~~) to the senate and house of representatives committees on ways and means as follows:

(a) On the first day of each session of the legislature, the office of risk management (~~division~~) shall transmit judgments received and audited since the adjournment of the previous session of the legislature.

(b) During each session of legislature, the office of risk management (~~division~~) shall transmit judgments immediately upon completion of audit.

(5) All claims, other than judgments, made to the legislature against the state of Washington for money or property, shall be accompanied by a statement of the facts on which such claim is based and such evidence as the claimant intends to offer in support of the claim and shall be filed with the office of risk management (~~division~~), which shall retain the same as a record. All claims of two thousand dollars or less shall be approved or rejected by the office of risk management (~~division~~), and if approved shall be paid from appropriations specifically provided for such purpose by law. Such decision, if adverse to the claimant in whole or part, shall not preclude the claimant from seeking relief from the legislature. If the claimant accepts any part of his or her claim which is approved for payment by the office of risk management (~~division~~), such acceptance shall constitute a waiver and release of the state from any further claims relating to the damage or injury asserted in the claim so accepted. The office of risk management (~~division~~) shall submit to the house and senate committees on ways and means, at the beginning of each regular session, a comprehensive list of all claims paid pursuant to this subsection during the preceding year. For all claims not approved by the office of risk management (~~division~~), the office of risk management (~~division~~) shall recommend to the legislature whether such claims should be approved or rejected.

Recommendations shall be submitted to the senate and house of representatives committees on ways and means not later than the thirtieth day of each regular session of the legislature. Claims which cannot be processed for timely submission of recommendations shall be held for submission during the following regular session of the legislature. The recommendations shall include, but not be limited to:

(a) A summary of the facts alleged in the claim, and a statement as to whether these facts can be verified by the office of risk management (~~division~~);

(b) An estimate by the office of risk management (~~division~~) of the value of the loss or damage which was alleged to have occurred;

(c) An analysis of the legal liability, if any, of the state for the alleged loss or damage; and

(d) A summary of equitable or public policy arguments which might be helpful in resolving the claim.

(6) The legislative committees to whom such claims are referred shall make a transcript, recording, or statement of the substance of the evidence given in support of such a claim. If the legislature approves a claim the same shall be paid from appropriations specifically provided for such purpose by law.

(7) Subsections (3) through (6) of this section do not apply to judgments or claims against the state housing finance commission created under chapter 43.180 RCW.

**Sec. 513.** RCW 4.92.130 and 2009 c 560 s 15 are each amended to read as follows:

A liability account in the custody of the treasurer is hereby created as a nonappropriated account to be used solely and exclusively for the payment of liability settlements and judgments against the state under 42 U.S.C. Sec. 1981 et seq. or for the tortious conduct of its officers, employees, and volunteers and all related legal defense costs.

(1) The purpose of the liability account is to: (a) Expediently pay legal liabilities and defense costs of the state resulting from tortious conduct; (b) promote risk control through a cost allocation system which recognizes agency loss experience, levels of self-retention, and levels of risk exposure; and (c) establish an actuarially sound system to pay incurred losses, within defined limits.

(2) The liability account shall be used to pay claims for injury and property damages and legal defense costs exclusive of agency-retained expenses otherwise budgeted.

(3) No money shall be paid from the liability account, except for defense costs, unless all proceeds available to the claimant from any valid and collectible liability insurance shall have been exhausted and unless:

(a) The claim shall have been reduced to final judgment in a court of competent jurisdiction; or

(b) The claim has been approved for payment.

(4) The liability account shall be financed through annual premiums assessed to state agencies, based on sound actuarial principles, and shall be for liability coverage in excess of agency-budgeted self-retention levels.

(5) Annual premium levels shall be determined by the risk manager. An actuarial study shall be conducted to assist in determining the appropriate level of funding.

(6) Disbursements for claims from the liability account shall be made to the claimant, or to the clerk of the court for judgments, upon written request to the state treasurer from the risk manager.

(7) The director may direct agencies to transfer moneys from other funds and accounts to the liability account if premiums are delinquent.

(8) The liability account shall not exceed fifty percent of the actuarial value of the outstanding liability as determined annually by the office of risk management (~~division~~). If the account exceeds the maximum amount specified in this section, premiums may be adjusted by the office of risk management (~~division~~) in order to maintain the account balance at the maximum limits. If, after adjustment of premiums, the account balance remains above the limits specified, the excess amount shall be prorated back to the appropriate funds.

**Sec. 514.** RCW 4.92.150 and 2002 c 332 s 15 are each amended to read as follows:

After commencement of an action in a court of competent jurisdiction upon a claim against the state, or any of its officers, employees, or volunteers arising out of tortious conduct or pursuant to 42 U.S.C. Sec. 1981 et seq., or against a foster parent that the attorney general is defending pursuant to RCW 4.92.070, or upon petition by the state, the attorney general, with the prior approval of the office of risk management (~~(division)~~) and with the approval of the court, following such testimony as the court may require, may compromise and settle the same and stipulate for judgment against the state, the affected officer, employee, volunteer, or foster parent.

**Sec. 515.** RCW 4.92.160 and 2002 c 332 s 16 are each amended to read as follows:

Payment of claims and judgments arising out of tortious conduct or pursuant to 42 U.S.C. Sec. 1981 et seq. shall not be made by any agency or department of state government with the exception of the office of risk management (~~(division)~~), and that (~~(division)~~) office shall authorize and direct the payment of moneys only from the liability account whenever:

- (1) The head or governing body of any agency or department of state or the designee of any such agency certifies to the office of risk management (~~(division)~~) that a claim has been settled; or
- (2) The clerk of court has made and forwarded a certified copy of a final judgment in a court of competent jurisdiction and the attorney general certifies that the judgment is final and was entered in an action on a claim arising out of tortious conduct or under and pursuant to 42 U.S.C. Sec. 1981 et seq. Payment of a judgment shall be made to the clerk of the court for the benefit of the judgment creditors. Upon receipt of payment, the clerk shall satisfy the judgment against the state.

**Sec. 516.** RCW 4.92.210 and 2002 c 332 s 17 are each amended to read as follows:

- (1) All liability claims arising out of tortious conduct or under 42 U.S.C. Sec. 1981 et seq. that the state of Washington or any of its officers, employees, or volunteers would be liable for shall be filed with the office of risk management (~~(division)~~).
- (2) A centralized claim tracking system shall be maintained to provide agencies with accurate and timely data on the status of liability claims. Information in this claim file, other than the claim itself, shall be privileged and confidential.
- (3) Standardized procedures shall be established for filing, reporting, processing, and adjusting claims, which includes the use of qualified claims management personnel.
- (4) All claims shall be reviewed by the office of risk management (~~(division)~~) to determine an initial valuation, to delegate to the appropriate office to investigate, negotiate, compromise, and settle the claim, or to retain that responsibility on behalf of and with the assistance of the affected state agency.
- (5) All claims that result in a lawsuit shall be forwarded to the attorney general's office. Thereafter the attorney general and the office of risk management (~~(division)~~) shall collaborate in the investigation, denial, or settlement of the claim.
- (6) Reserves shall be established for recognizing financial liability and monitoring effectiveness. The valuation of specific claims against the state shall be privileged and confidential.
- (7) All settlements shall be approved by the responsible agencies, or their designees, prior to settlement.

**Sec. 517.** RCW 4.92.270 and 2002 c 332 s 21 are each amended to read as follows:

The risk manager shall develop procedures for standard indemnification agreements for state agencies to use whenever the agency agrees to indemnify, or be indemnified by, any person or party. The risk manager shall also develop guidelines for the use of indemnification agreements by state agencies. On request of the risk manager, an agency shall forward to the office of risk management (~~(division)~~) for review and approval any contract or agreement containing an indemnification agreement.

**Sec. 518.** RCW 4.92.280 and 1998 c 217 s 4 are each amended to read as follows:

If chapter 217, Laws of 1998 mandates an increased level of service by local governments, the local government may, under RCW 43.135.060 and chapter 4.92 RCW, submit claims for reimbursement by the legislature. The claims shall be subject to verification by the (~~(office of financial management)~~) department of enterprise services.

**Sec. 519.** RCW 10.92.020 and 2008 c 224 s 2 are each amended to read as follows:

(1) Tribal police officers under subsection (2) of this section shall be recognized and authorized to act as general authority Washington peace officers. A tribal police officer recognized and authorized to act as a general authority Washington peace officer under this section has the same powers as any other general authority Washington peace officer to enforce state laws in Washington, including the power to make arrests for violations of state laws.

(2) A tribal police officer may exercise the powers of law enforcement of a general authority Washington peace officer under this section, subject to the following:

(a) The appropriate sovereign tribal nation shall submit to the (~~(office of financial management)~~) department of enterprise services proof of public liability and property damage insurance for vehicles operated by the peace officers and police professional liability insurance from a company licensed to sell insurance in the state. For purposes of determining adequacy of insurance liability, the sovereign tribal government must submit with the proof of liability insurance a copy of the interlocal agreement between the sovereign tribal government and the local governments that have shared jurisdiction under this chapter where such an agreement has been reached pursuant to subsection (10) of this section.

(i) Within the thirty days of receipt of the information from the sovereign tribal nation, the (~~(office of financial management)~~) department of enterprise services shall either approve or reject the adequacy of insurance, giving consideration to the scope of the interlocal agreement. The adequacy of insurance under this chapter shall be subject to annual review by the (~~(state office of financial management)~~) department of enterprise services.

(ii) Each policy of insurance issued under this chapter must include a provision that the insurance shall be available to satisfy settlements or judgments arising from the tortious conduct of tribal police officers when acting in the capacity of a general authority Washington peace officer, and that to the extent of policy coverage neither the sovereign tribal nation nor the insurance carrier will raise a defense of sovereign immunity to preclude an action for damages under state or federal law, the determination of fault in a civil action, or the payment of a settlement or judgment arising from the tortious conduct.

(b) The appropriate sovereign tribal nation shall submit to the (~~(office of financial management)~~) department of enterprise services proof of training requirements for each tribal police officer. To be authorized as a general authority Washington peace officer, a tribal police officer must successfully complete the requirements set forth under RCW 43.101.157. Any applicant not meeting the requirements for certification as a tribal police officer may not act as a general authority Washington peace officer under this chapter. The criminal justice training commission shall notify the (~~(office of financial management)~~) department of enterprise services if:

(i) A tribal police officer authorized under this chapter as a general authority Washington state peace officer has been decertified pursuant to RCW 43.101.157; or

(ii) An appropriate sovereign tribal government is otherwise in noncompliance with RCW 43.101.157.

(3) A copy of any citation or notice of infraction issued, or any incident report taken, by a tribal police officer acting in the capacity of a general authority Washington peace officer as authorized by this chapter must be submitted within three days to the police chief or

sheriff within whose jurisdiction the action was taken. Any citation issued under this chapter shall be to a Washington court, except that any citation issued to Indians within the exterior boundaries of an Indian reservation may be cited to a tribal court. Any arrest made or citation issued not in compliance with this chapter is not enforceable.

(4) Any authorization granted under this chapter shall not in any way expand the jurisdiction of any tribal court or other tribal authority.

(5) The authority granted under this chapter shall be coextensive with the exterior boundaries of the reservation, except that an officer commissioned under this section may act as authorized under RCW 10.93.070 beyond the exterior boundaries of the reservation.

(6) For purposes of civil liability under this chapter, a tribal police officer shall not be considered an employee of the state of Washington or any local government except where a state or local government has deputized a tribal police officer as a specially commissioned officer. Neither the state of Washington and its individual employees nor any local government and its individual employees shall be liable for the authorization of tribal police officers under this chapter, nor for the negligence or other misconduct of tribal officers. The authorization of tribal police officers under this chapter shall not be deemed to have been a nondelegable duty of the state of Washington or any local government.

(7) Nothing in this chapter impairs or affects the existing status and sovereignty of those sovereign tribal governments whose traditional lands and territories lie within the borders of the state of Washington as established under the laws of the United States.

(8) Nothing in this chapter limits, impairs, or nullifies the authority of a county sheriff to appoint duly commissioned state or federally certified tribal police officers as deputy sheriffs authorized to enforce the criminal and traffic laws of the state of Washington.

(9) Nothing in this chapter limits, impairs, or otherwise affects the existing authority under state or federal law of state or local law enforcement officers to enforce state law within the exterior boundaries of an Indian reservation or to enter Indian country in fresh pursuit, as defined in RCW 10.93.120, of a person suspected of violating state law, where the officer would otherwise not have jurisdiction.

(10) An interlocal agreement pursuant to chapter 39.34 RCW is required between the sovereign tribal government and all local government law enforcement agencies that will have shared jurisdiction under this chapter prior to authorization taking effect under this chapter. Nothing in this chapter shall limit, impair, or otherwise affect the implementation of an interlocal agreement completed pursuant to chapter 39.34 RCW by July 1, 2008, between a sovereign tribal government and a local government law enforcement agency for cooperative law enforcement.

(a) Sovereign tribal governments that meet all of the requirements of subsection (2) of this section, but do not have an interlocal agreement pursuant to chapter 39.34 RCW and seek authorization under this chapter, may submit proof of liability insurance and training certification to the ~~((office of financial management))~~ department of enterprise services. Upon confirmation of receipt of the information from the ~~((office of financial management))~~ department of enterprise services, the sovereign tribal government and the local government law enforcement agencies that will have shared jurisdiction under this chapter have one year to enter into an interlocal agreement pursuant to chapter 39.34 RCW. If the sovereign tribal government and the local government law enforcement agencies that will have shared jurisdiction under this chapter are not able to reach agreement after one year, the sovereign tribal governments and the local government law enforcement agencies shall submit to binding arbitration pursuant to chapter 7.04A RCW with the American arbitration association or successor agency for purposes of completing an agreement prior to authorization going into effect.

(b) For the purposes of (a) of this subsection, those sovereign tribal government and local government law enforcement agencies that must enter into binding arbitration shall submit to last best offer arbitration. For purposes of accepting a last best offer, the arbitrator must consider other interlocal agreements between sovereign tribal governments and local law enforcement agencies in Washington state, any model policy developed by the Washington association of sheriffs and police chiefs or successor agency, and national best practices.

**Sec. 520.** RCW 48.62.021 and 2004 c 255 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Local government entity" or "entity" means every unit of local government, both general purpose and special purpose, and includes, but is not limited to, counties, cities, towns, port districts, public utility districts, water-sewer districts, school districts, fire protection districts, irrigation districts, metropolitan municipal corporations, conservation districts, and other political subdivisions, governmental subdivisions, municipal corporations, and quasi-municipal corporations.

(2) "Risk assumption" means a decision to absorb the entity's financial exposure to a risk of loss without the creation of a formal program of advance funding of anticipated losses.

(3) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

(4) "Health and welfare benefits" means a plan or program established by a local government entity or entities for the purpose of providing its employees and their dependents, and in the case of school districts, its district employees, students, directors, or any of their dependents, with health care, accident, disability, death, and salary protection benefits.

(5) "Property and liability risks" includes the risk of property damage or loss sustained by a local government entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the local government entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the local government entity.

(6) "State risk manager" means the risk manager of the office of risk management ~~((division))~~ within the ~~((office of financial management))~~ department of enterprise services.

(7) "Nonprofit corporation" or "corporation" has the same meaning as defined in RCW 24.03.005(3).

**Sec. 521.** RCW 48.64.010 and 2009 c 314 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable housing" means housing projects in which some of the dwelling units may be purchased or rented on a basis that is affordable to households with an income of eighty percent or less of the county median family income, adjusted for family size.

(2) "Affordable housing entity" means any of the following:

(a) A housing authority created under the laws of this state or another state and any agency or instrumentality of a housing authority including, but not limited to, a legal entity created to conduct a joint self-insurance program for housing authorities that is operating in accordance with chapter 48.62 RCW;

(b) A nonprofit corporation, whether organized under the laws of this state or another state, that is engaged in providing affordable housing and is necessary for the completion, management, or operation of a project because of its access to funding sources that are not available to a housing authority, as described in this section; or

(c) A general or limited partnership or limited liability company, whether organized under the laws of this state or another state, that is

engaged in providing affordable housing as defined in this section. A partnership or limited liability company may only be considered an affordable housing entity if a housing authority or nonprofit corporation, as described in this subsection, satisfies any of the following conditions: (i) It has, or has the right to acquire, a financial or ownership interest in the partnership or limited liability company; (ii) it possesses the power to direct management or policies of the partnership or limited liability company; or (iii) it has entered into a contract to lease, manage, or operate the affordable housing owned by the partnership or limited liability company.

(3) "Property and liability risks" includes the risk of property damage or loss sustained by an affordable housing entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the entity.

(4) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

(5) "State risk manager" means the risk manager of the office of risk management (~~(division)~~) within the (~~(office of financial management)~~) department of enterprise services.

**Sec. 522.** RCW 39.29.011 and 2009 c 486 s 7 are each amended to read as follows:

All personal service contracts shall be entered into pursuant to competitive solicitation, except for:

- (1) Emergency contracts;
- (2) Sole source contracts;
- (3) Contract amendments;

(4) Contracts between a consultant and an agency of less than twenty thousand dollars. However, contracts of five thousand dollars or greater but less than twenty thousand dollars shall have documented evidence of competition, which must include agency posting of the contract opportunity on the state's common vendor registration and bid notification system. Agencies shall not structure contracts to evade these requirements; and

(5) Other specific contracts or classes or groups of contracts exempted from the competitive solicitation process by the director of the (~~(office of financial management)~~) department of enterprise services when it has been determined that a competitive solicitation process is not appropriate or cost-effective.

**Sec. 523.** RCW 39.29.016 and 1998 c 101 s 4 are each amended to read as follows:

Emergency contracts shall be filed with the (~~(office of financial management)~~) department of enterprise services and made available for public inspection within three working days following the commencement of work or execution of the contract, whichever occurs first. Documented justification for emergency contracts shall be provided to the (~~(office of financial management)~~) department of enterprise services when the contract is filed.

**Sec. 524.** RCW 39.29.018 and 2009 c 486 s 8 are each amended to read as follows:

(1) Sole source contracts shall be filed with the (~~(office of financial management)~~) department of enterprise services and made available for public inspection at least ten working days prior to the proposed starting date of the contract. Documented justification for sole source contracts shall be provided to the (~~(office of financial management)~~) department of enterprise services when the contract is filed, and must include evidence that the agency posted the contract opportunity on the state's common vendor registration and bid notification system. For sole source contracts of twenty thousand dollars or more, documented justification shall also include evidence that the agency attempted to identify potential consultants by advertising through statewide or regional newspapers.

(2) The (~~(office of financial management)~~) department of enterprise services shall approve sole source contracts of twenty

thousand dollars or more before any such contract becomes binding and before any services may be performed under the contract. These requirements shall also apply to sole source contracts of less than twenty thousand dollars if the total amount of such contracts between an agency and the same consultant is twenty thousand dollars or more within a fiscal year. Agencies shall ensure that the costs, fees, or rates negotiated in filed sole source contracts of twenty thousand dollars or more are reasonable.

**Sec. 525.** RCW 39.29.025 and 1998 c 101 s 6 are each amended to read as follows:

(1) Substantial changes in either the scope of work specified in the contract or in the scope of work specified in the formal solicitation document must generally be awarded as new contracts. Substantial changes executed by contract amendments must be submitted to the (~~(office of financial management)~~) department of enterprise services, and are subject to approval by the (~~(office of financial management)~~) department of enterprise services.

(2) An amendment or amendments to personal service contracts, if the value of the amendment or amendments, whether singly or cumulatively, exceeds fifty percent of the value of the original contract must be provided to the (~~(office of financial management)~~) department of enterprise services.

(3) The (~~(office of financial management)~~) department of enterprise services shall approve amendments provided to it under this section before the amendments become binding and before services may be performed under the amendments.

(4) The amendments must be filed with the (~~(office of financial management)~~) department of enterprise services and made available for public inspection at least ten working days prior to the proposed starting date of services under the amendments.

(5) The (~~(office of financial management)~~) department of enterprise services shall approve amendments provided to it under this section only if they meet the criteria for approval of the amendments established by the director of the (~~(office of financial management)~~) department of enterprise services.

**Sec. 526.** RCW 39.29.055 and 1998 c 101 s 8 are each amended to read as follows:

(1) Personal service contracts subject to competitive solicitation shall be (a) filed with the (~~(office of financial management)~~) department of enterprise services and made available for public inspection; and (b) reviewed and approved by the (~~(office of financial management)~~) department of enterprise services when those contracts provide services relating to management consulting, organizational development, marketing, communications, employee training, or employee recruiting.

(2) Personal service contracts subject to competitive solicitation that provide services relating to management consulting, organizational development, marketing, communications, employee training, or employee recruiting shall be made available for public inspection at least ten working days before the proposed starting date of the contract. All other contracts shall be effective no earlier than the date they are filed with the (~~(office of financial management)~~) department of enterprise services.

**Sec. 527.** RCW 39.29.065 and 2009 c 486 s 9 are each amended to read as follows:

To implement this chapter, the director of the (~~(office of financial management)~~) department of enterprise services shall establish procedures for the competitive solicitation and award of personal service contracts, recordkeeping requirements, and procedures for the reporting and filing of contracts. The director shall develop procurement policies and procedures, such as unbundled contracting and subcontracting, that encourage and facilitate the purchase of products and services by state agencies and institutions from Washington small businesses to the maximum extent practicable and consistent with international trade agreement commitments. For reporting purposes, the director may establish categories for grouping

of contracts. The procedures required under this section shall also include the criteria for amending personal service contracts. At the beginning of each biennium, the director may, by administrative policy, adjust the dollar thresholds prescribed in RCW 39.29.011, 39.29.018, and 39.29.040 to levels not to exceed the percentage increase in the implicit price deflator. Adjusted dollar thresholds shall be rounded to the nearest five hundred dollar increment.

**Sec. 528.** RCW 39.29.068 and 1998 c 245 s 33 and 1998 c 101 s 10 are each reenacted and amended to read as follows:

The ~~((office of financial management))~~ department of enterprise services shall maintain a publicly available list of all personal service contracts entered into by state agencies during each fiscal year. The list shall identify the contracting agency, the contractor, the purpose of the contract, effective dates and periods of performance, the cost of the contract and funding source, any modifications to the contract, and whether the contract was competitively procured or awarded on a sole source basis. The ~~((office of financial management))~~ department of enterprise services shall also ensure that state accounting definitions and procedures are consistent with RCW 39.29.006 and permit the reporting of personal services expenditures by agency and by type of service. Designations of type of services shall include, but not be limited to, management and organizational services, legal and expert witness services, financial services, computer and information services, social or technical research, marketing, communications, and employee training or recruiting services. The ~~((office of financial management))~~ department of enterprise services shall report annually to the fiscal committees of the senate and house of representatives on sole source contracts filed under this chapter. The report shall describe: (1) The number and aggregate value of contracts for each category established in this section; (2) the number and aggregate value of contracts of five thousand dollars or greater but less than twenty thousand dollars; (3) the number and aggregate value of contracts of twenty thousand dollars or greater; (4) the justification provided by agencies for the use of sole source contracts; and (5) any trends in the use of sole source contracts.

**Sec. 529.** RCW 39.29.075 and 1987 c 414 s 9 are each amended to read as follows:

As requested by the legislative auditor, the ~~((office of financial management))~~ department of enterprise services shall provide information on contracts filed under this chapter for use in preparation of summary reports on personal services contracts.

**Sec. 530.** RCW 39.29.090 and 1998 c 101 s 11 are each amended to read as follows:

Personal service contracts awarded by institutions of higher education from nonstate funds do not have to be filed in advance and approved by the ~~((office of financial management))~~ department of enterprise services. Any such contract is subject to all other requirements of this chapter, including the requirements under RCW 39.29.068 for annual reporting of personal service contracts to the ~~((office of financial management))~~ department of enterprise services.

**Sec. 531.** RCW 39.29.100 and 2002 c 260 s 7 are each amended to read as follows:

(1) The ~~((office of financial management))~~ department of enterprise services shall adopt uniform guidelines for the effective and efficient management of personal service contracts and client service contracts by all state agencies. The guidelines must, at a minimum, include:

- (a) Accounting methods, systems, measures, and principles to be used by agencies and contractors;
- (b) Precontract procedures for selecting potential contractors based on their qualifications and ability to perform;
- (c) Incorporation of performance measures and measurable benchmarks in contracts, and the use of performance audits;
- (d) Uniform contract terms to ensure contract performance and compliance with state and federal standards;

(e) Proper payment and reimbursement methods to ensure that the state receives full value for taxpayer moneys, including cost settlements and cost allowance;

(f) Postcontract procedures, including methods for recovering improperly spent or overspent moneys for disallowance and adjustment;

(g) Adequate contract remedies and sanctions to ensure compliance;

(h) Monitoring, fund tracking, risk assessment, and auditing procedures and requirements;

(i) Financial reporting, record retention, and record access procedures and requirements;

(j) Procedures and criteria for terminating contracts for cause or otherwise; and

(k) Any other subject related to effective and efficient contract management.

(2) The ~~((office of financial management))~~ department of enterprise services shall submit the guidelines required by subsection (1) of this section to the governor and the appropriate standing committees of the legislature no later than December 1, 2002.

(3) The ~~((office of financial management))~~ department of enterprise services shall publish a guidebook for use by state agencies containing the guidelines required by subsection (1) of this section.

**Sec. 532.** RCW 39.29.110 and 2002 c 260 s 8 are each amended to read as follows:

(1) A state agency entering into or renewing personal service contracts or client service contracts shall follow the guidelines required by RCW 39.29.100.

(2) A state agency that has entered into or renewed personal service contracts or client service contracts during a calendar year shall, on or before January 1st of the following calendar year, provide the ~~((office of financial management))~~ department of enterprise services with a report detailing the procedures the agency employed in entering into, renewing, and managing the contracts.

(3) The provisions of this section apply to state agencies entering into or renewing contracts after January 1, 2003.

**Sec. 533.** RCW 39.29.120 and 2002 c 260 s 9 are each amended to read as follows:

(1) The ~~((office of financial management))~~ department of enterprise services shall provide a training course for agency personnel responsible for executing and managing personal service contracts and client service contracts. The course must contain training on effective and efficient contract management under the guidelines established under RCW 39.29.100. State agencies shall require agency employees responsible for executing or managing personal service contracts and client service contracts to complete the training course to the satisfaction of the ~~((office of financial management))~~ department of enterprise services. Beginning January 1, 2004, no agency employee may execute or manage personal service contracts or client service contracts unless the employee has completed the training course. Any request for exception to this requirement shall be submitted to the ~~((office of financial management))~~ department of enterprise services in writing and shall be approved by the ~~((office of financial management))~~ department of enterprise services prior to the employee executing or managing the contract.

(2)(a) The ~~((office of financial management))~~ department of enterprise services shall conduct risk-based audits of the contracting practices associated with individual personal service and client service contracts from multiple state agencies to ensure compliance with the guidelines established in RCW 39.29.110. The ~~((office of financial management))~~ department of enterprise services shall conduct the number of audits deemed appropriate by the director of the ~~((office of financial management))~~ department of enterprise services based on funding provided.

(b) The ~~((office of financial management))~~ department of enterprise services shall forward the results of the audits conducted under this section to the governor, the appropriate standing committees of the legislature, and the joint legislative audit and review committee.

**Sec. 534.** RCW 43.88.580 and 2008 c 326 s 3 are each amended to read as follows:

(1) The ~~((office of financial management))~~ department of enterprise services shall make electronically available to the public a database of state agency contracts for personal services required to be filed with the ~~((office of financial management))~~ department of enterprise services under chapter 39.29 RCW.

(2) The state expenditure information web site described in RCW 44.48.150 shall include a link to the ~~((office of financial management))~~ department of enterprise services database described in subsection (1) of this section.

**NEW SECTION. Sec. 535.** RCW 43.41.280, 43.41.290, 43.41.300, 43.41.310, 43.41.320, 43.41.330, 43.41.340, 43.41.350, and 43.41.360 are each recodified as sections in chapter 43.19 RCW.

#### PART VI

#### POWERS AND DUTIES TRANSFERRED FROM THE DEPARTMENT OF INFORMATION SERVICES

**Sec. 601.** RCW 43.105.080 and 2010 1st sp.s. c 37 s 931 are each amended to read as follows:

There is created a revolving fund to be known as the data processing revolving fund in the custody of the state treasurer. The revolving fund shall be used for the acquisition of equipment, software, supplies, and services and the payment of salaries, wages, and other costs incidental to the acquisition, development, operation, and administration of information services, telecommunications, systems, software, supplies and equipment, including the payment of principal and interest on bonds issued for capital projects, by the department, Washington State University's computer services center, the department of ~~((personnel's))~~ enterprise services' personnel information systems ~~((division, the office of financial management's))~~ group and financial systems management group, and other users as ~~((jointly))~~ determined by the ~~((department and the))~~ office of financial management. The revolving fund is subject to the allotment procedure provided under chapter 43.88 RCW. The chief information officer or the chief information officer's designee, with the approval of the technology services board, is authorized to expend up to one million dollars per fiscal biennium for the technology services board to conduct independent technical and financial analysis of proposed information technology projects, and such an expenditure does not require an appropriation. Disbursements from the revolving fund for the services component of the department are not subject to appropriation. Disbursements for the strategic planning and policy component of the department are subject to appropriation. All disbursements from the fund are subject to the allotment procedures provided under chapter 43.88 RCW. The department shall establish and implement a billing structure to assure all agencies pay an equitable share of the costs.

During the 2009-2011 fiscal biennium, the legislature may transfer from the data processing revolving account to the state general fund such amounts as reflect the excess fund balance associated with the information technology pool.

As used in this section, the word "supplies" shall not be interpreted to delegate or abrogate the division of purchasing's responsibilities and authority to purchase supplies as described in RCW 43.19.190 and 43.19.200.

**Sec. 602.** RCW 43.105.320 and 1999 c 287 s 18 are each amended to read as follows:

The department of ~~((information))~~ enterprise services may become a licensed certification authority, under chapter 19.34 RCW, for the purpose of providing services to agencies, local governments, and other entities and persons for purposes of official state business.

The department is not subject to RCW 19.34.100(1)(a). The department shall only issue certificates, as defined in RCW 19.34.020, in which the subscriber is:

(1) The state of Washington or a department, office, or agency of the state;

(2) A city, county, district, or other municipal corporation, or a department, office, or agency of the city, county, district, or municipal corporation;

(3) An agent or employee of an entity described by subsection (1) or (2) of this section, for purposes of official public business;

(4) Any other person or entity engaged in matters of official public business, however, such certificates shall be limited only to matters of official public business. The department may issue certificates to such persons or entities only if after issuing a request for proposals from certification authorities licensed under chapter 19.34 RCW and review of the submitted proposals, makes a determination that such private services are not sufficient to meet the department's published requirements. The department must set forth in writing the basis of any such determination and provide procedures for challenge of the determination as provided by the state procurement requirements; or

(5) An applicant for a license as a certification authority for the purpose of compliance with RCW 19.34.100(1)(a).

**Sec. 603.** RCW 43.105.370 and 2009 c 509 s 2 are each amended to read as follows:

(1) The broadband mapping account is established in the custody of the state treasurer. The department shall deposit into the account such funds received from legislative appropriation, federal ~~((grants authorized under the federal broadband data improvement act, P.L. 110-385, Title I))~~ funding, and donated funds from private and public sources. Expenditures from the account may be used only for the purposes of RCW 43.105.372 through 43.105.376 (as recodified by this act). Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The department ~~((of information services))~~ is the single eligible entity in the state for purposes of the federal broadband ~~((data improvement act, P.L. 110-385, Title I))~~ mapping activities.

(3) Federal funding received by the department ~~((under the federal broadband data improvement act, P.L. 110-385, Title I,))~~ for broadband mapping activities must be used in accordance with ~~((the))~~ any federal requirements ~~((of that act))~~ and, subject to those requirements, may be distributed by the department on a competitive basis to other entities in the state ~~((to achieve the purposes of that act))~~.

(4) The department ~~((of information services))~~ shall consult with ~~((the department of community, trade, and economic development or its successor agency,))~~ the office of financial management ~~((;))~~ and the utilities and transportation commission in coordinating broadband mapping activities. In carrying out any broadband mapping activities, the provisions of P.L. 110-385, Title I, regarding trade secrets, commercial or financial information, and privileged or confidential information submitted by the federal communications commission or a broadband provider are deemed to encompass the consulted agencies.

**Sec. 604.** RCW 43.105.372 and 2009 c 509 s 3 are each amended to read as follows:

(1) Subject to the availability of federal or state funding, the department may:

(a) Develop an interactive web site to allow residents to self-report whether high-speed internet is available at their home or residence and at what speed; and

(b) Conduct a detailed survey of all high-speed internet infrastructure owned or leased by state agencies and ~~((creating~~

~~create~~) create a geographic information system map of all high-speed internet infrastructure owned or leased by the state.

(2) State agencies responding to a survey request from the department under subsection (1)(b) of this section shall respond in a reasonable and timely manner, not to exceed one hundred twenty days. The department shall request of state agencies, at a minimum:

- (a) The total bandwidth of high-speed internet infrastructure owned or leased;
- (b) The cost of maintaining that high-speed internet infrastructure, if owned, or the price paid for the high-speed internet infrastructure, if leased; and
- (c) The leasing entity, if applicable.

(3) The department may adopt rules as necessary to carry out the provisions of this section.

(4) For purposes of this section, "state agency" includes every state office, department, division, bureau, board, commission, or other state agency.

**Sec. 605.** RCW 43.105.374 and 2009 c 509 s 4 are each amended to read as follows:

(1) The department is authorized, through a competitive bidding process, to procure on behalf of the state a geographic information system map detailing high-speed internet infrastructure, service availability, and adoption. This geographic information system map may include adoption information, availability information, type of high-speed internet deployment technology, and available speed tiers for high-speed internet based on any publicly available data.

(2) The department may procure this map either by:

- (a) Contracting for and purchasing a completed map or updates to a map from a third party; or
- (b) Working directly with the federal communications commission to accept publicly available data.

(3) The department shall establish an accountability and oversight structure to ensure that there is transparency in the bidding and contracting process and full financial and technical accountability for any information or actions taken by a third-party contractor creating this map.

(4) In contracting for purchase of the map or updates to a map in subsection (2)(a) of this section, the department may take no action, nor impose any condition on the third party, that causes any record submitted by a public or private broadband service provider to the third party to meet the standard of a public record as defined in RCW 42.56.010. This prohibition does not apply to any records delivered to the department by the third party as a component of the ~~((completed))~~ map. For the purpose of RCW 42.56.010~~((2))~~ (3), the purchase by the department of a completed map or updates to a map may not be deemed use or ownership by the department of the underlying information used by the third party to complete the map.

(5) Data or information that is publicly available as of July 1, 2009, will not cease to be publicly available due to any provision of chapter 509, Laws of 2009.

**Sec. 606.** RCW 43.105.376 and 2009 c 509 s 5 are each amended to read as follows:

(1) The department, in coordination with ~~((the department of community, trade, and economic development and))~~ the utilities and transportation commission, and such advisors as the department chooses, may prepare regular reports that identify the following:

- (a) The geographic areas of greatest priority for the deployment of advanced telecommunications infrastructure in the state;
- (b) A detailed explanation of how any amount of funding received from the federal government for the purposes of broadband mapping, deployment, and adoption will be or have been used; and
- (c) A determination of how nonfederal sources may be utilized to achieve the purposes of broadband mapping, deployment, and adoption activities in the state.

(2) To the greatest extent possible, the initial report should be based upon the information identified in the geographic system maps developed under the requirements of this chapter.

(3) The initial report should be delivered to the appropriate committees of the legislature as soon as feasible, but no later than January 18, 2010.

(4) Any future reports prepared by the department based upon the requirements of subsection (1) of this section should be delivered to the appropriate committees of the legislature by January 15th of each year.

**Sec. 607.** RCW 43.105.380 and 2009 c 509 s 6 are each amended to read as follows:

The community technology opportunity program is created to support the efforts of community technology programs throughout the state. The community technology opportunity program must be administered by the department ~~((of information services))~~. The department may contract for services in order to carry out the department's obligations under this section.

(1) In implementing the community technology opportunity program the ~~((administrator))~~ director must, to the extent funds are appropriated for this purpose:

(a) Provide organizational and capacity building support to community technology programs throughout the state, and identify and facilitate the availability of other public and private sources of funds to enhance the purposes of the program and the work of community technology programs. No more than fifteen percent of funds received by the ~~((administrator))~~ director for the program may be expended on these functions;

(b) Establish a competitive grant program and provide grants to community technology programs to provide training and skill-building opportunities; access to hardware and software; internet connectivity; digital media literacy; assistance in the adoption of information and communication technologies in low-income and underserved areas of the state; and development of locally relevant content and delivery of vital services through technology.

(2) Grant applicants must:

(a) Provide evidence that the applicant is a nonprofit entity or a public entity that is working in partnership with a nonprofit entity;

(b) Define the geographic area or population to be served;

(c) Include in the application the results of a needs assessment addressing, in the geographic area or among the population to be served: The impact of inadequacies in technology access or knowledge, barriers faced, and services needed;

(d) Explain in detail the strategy for addressing the needs identified and an implementation plan including objectives, tasks, and benchmarks for the applicant and the role that other organizations will play in assisting the applicant's efforts;

(e) Provide evidence of matching funds and resources, which are equivalent to at least one-quarter of the grant amount committed to the applicant's strategy;

(f) Provide evidence that funds applied for, if received, will be used to provide effective delivery of community technology services in alignment with the goals of this program and to increase the applicant's level of effort beyond the current level; and

(g) Comply with such other requirements as the ~~((administrator))~~ director establishes.

(3) The ~~((administrator))~~ director may use no more than ten percent of funds received for the community technology opportunity program to cover administrative expenses.

(4) The ~~((administrator))~~ director must establish expected program outcomes for each grant recipient and must require grant recipients to provide an annual accounting of program outcomes.

**Sec. 608.** RCW 43.105.382 and 2009 c 509 s 8 are each amended to read as follows:

The Washington community technology opportunity account is established in the state treasury. The governor or the governor's

designee and the director or the director's designee shall deposit into the account federal grants to the state (~~(authorized under Division B, Title VI of the American recovery and reinvestment act of 2009)~~), legislative appropriations, and donated funds from private and public sources for purposes related to broadband deployment and adoption, including matching funds required by the act. Donated funds from private and public sources may be deposited into the account. Expenditures from the account may be used only as matching funds for federal and other grants to fund the operation of the community technology opportunity program under this chapter, and to fund other broadband-related activities authorized in chapter 509, Laws of 2009. Only the director or the director's designee may authorize expenditures from the account.

**Sec. 609.** RCW 43.105.390 and 2009 c 509 s 9 are each amended to read as follows:

(1) The governor may take all appropriate steps to (~~carry out the purposes of Division B, Title VI of the American recovery and reinvestment act of 2009, P.L. 111-5, and~~) seek federal funding in order to maximize investment in broadband deployment and adoption in the state of Washington (~~(consistent with chapter 509, Laws of 2009)~~). Such steps may include the designation of a broadband deployment and adoption coordinator; review and prioritization of grant applications by public and private entities as directed by the national telecommunications and information administration, the rural utility services, and the federal communications commission; disbursement of block grant funding; and direction to state agencies to provide staffing as necessary to carry out this section. The authority for overseeing broadband adoption and deployment efforts on behalf of the state is vested in the department.

(2) The department may apply for federal funds and other grants or donations, may deposit such funds in the Washington community technology opportunity account created in RCW 43.105.382 (as recodified by this act), may oversee implementation of federally funded or mandated broadband programs for the state and may adopt rules to administer the programs. These programs may include but are not limited to the following:

- (a) Engaging in periodic statewide surveys of residents, businesses, and nonprofit organizations concerning their use and adoption of high-speed internet, computer, and related information technology for the purpose of identifying barriers to adoption;
- (b) Working with communities to identify barriers to the adoption of broadband service and related information technology services by individuals, nonprofit organizations, and businesses;
- (c) Identifying broadband demand opportunities in communities by working cooperatively with local organizations, government agencies, and businesses;
- (d) Creating, implementing, and administering programs to improve computer ownership, technology literacy, digital media literacy, and high-speed internet access for populations not currently served or underserved in the state. This may include programs to provide low-income families, community-based nonprofit organizations, nonprofit entities, and public entities that work in partnership with nonprofit entities to provide increased access to computers and broadband, with reduced cost internet access;
- (e) Administering the community technology opportunity program under RCW 43.105.380 and 43.105.382 (as recodified by this act);
- (f) Creating additional programs to spur the development of high-speed internet resources in the state;
- (g) Establishing technology literacy and digital inclusion programs and establishing low-cost hardware, software, and internet purchasing programs that may include allowing participation by community technology programs in state purchasing programs; and
- (h) Developing technology loan programs targeting small businesses or businesses located in unserved and underserved areas.

**Sec. 610.** RCW 43.105.400 and 2009 c 509 s 10 are each amended to read as follows:

((1)) Subject to the availability of federal or state funding, the department may ((reconvene the high-speed internet work group previously established by chapter 262, Laws of 2008. The work group is renamed the advisory council on digital inclusion, and is)) convene an advisory group ((to the department)) on digital inclusion and technology planning. The ((council must)) advisory group may include, but is not limited to, volunteer representatives from community technology organizations, telecommunications providers, higher education institutions, K-12 education institutions, public health institutions, public housing entities, and local government and other governmental entities that are engaged in community technology activities.

((2) The council shall prepare a report by January 15th of each year and submit it to the department, the governor, and the appropriate committees of the legislature. The report must contain:

- (a) An analysis of how support from public and private sector partnerships, the philanthropic community, and other not-for-profit organizations in the community, along with strong relationships with the state board for community and technical colleges, the higher education coordinating board, and higher education institutions, could establish a variety of high-speed internet access alternatives for citizens;
- (b) Proposed strategies for continued broadband deployment and adoption efforts, as well as further development of advanced telecommunications applications;
- (c) Recommendations on methods for maximizing the state's research and development capacity at universities and in the private sector for developing advanced telecommunications applications and services, and recommendations on incentives to stimulate the demand for and development of these applications and services;
- (d) An identification of barriers that hinder the advancement of technology entrepreneurship in the state; and
- (e) An evaluation of programs designed to advance digital literacy and computer access that are made available by the federal government, local agencies, telecommunications providers, and business and charitable entities.)

**Sec. 611.** RCW 41.07.030 and 1975 1st ex.s. c 239 s 3 are each amended to read as follows:

The costs of administering, maintaining, and operating the central personnel-payroll system shall be distributed to the using state agencies. In order to insure proper and equitable distribution of costs the department of personnel shall utilize cost accounting procedures to identify all costs incurred in the administration, maintenance, and operation of the central personnel-payroll system. In order to facilitate proper and equitable distribution of costs to the using state agencies the department of personnel is authorized to utilize the data processing revolving fund created by RCW 43.105.080 (as recodified by this act) and the ((department of)) personnel service fund created by RCW 41.06.280.

**Sec. 612.** RCW 43.991.040 and 1997 c 456 s 39 are each amended to read as follows:

(1) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of RCW 43.991.020(4), the state treasurer shall transfer from property taxes in the state general fund levied for this support of the common schools under RCW 84.52.065 to the general fund of the state treasury for unrestricted use the amount computed in RCW 43.991.030 for the bonds issued for the purposes of RCW 43.991.020(4).

(2) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of RCW 43.991.020(5), the state treasurer shall transfer from higher education operating fees deposited in the general fund to the general fund of the state treasury for unrestricted use, or if chapter 231, Laws of 1992 (Senate Bill No. 6285) becomes law and changes the disposition of

higher education operating fees from the general fund to another account, the state treasurer shall transfer the proportional share from the University of Washington operating fees account, the Washington State University operating fees account, and the Central Washington University operating fees account the amount computed in RCW 43.99I.030 for the bonds issued for the purposes of RCW 43.99I.020(6).

(3) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of RCW 43.99I.020(6), the state treasurer shall transfer from the data processing revolving fund created in RCW 43.105.080 (as recodified by this act) to the general fund of the state treasury the amount computed in RCW 43.99I.030 for the bonds issued for the purposes of RCW 43.99I.020(6).

(4) On each date on which any interest or principal and interest payment is due on bonds issued for the purpose of RCW 43.99I.020(7), the Washington state dairy products commission shall cause the amount computed in RCW 43.99I.030 for the bonds issued for the purposes of RCW 43.99I.020(7) to be paid out of the commission's general operating fund to the state treasurer for deposit into the general fund of the state treasury.

(5) The higher education operating fee accounts for the University of Washington, Washington State University, and Central Washington University established by chapter 231, Laws of 1992 and repealed by chapter 18, Laws of 1993 1st sp. sess. are reestablished in the state treasury for purposes of fulfilling debt service reimbursement transfers to the general fund required by bond resolutions and covenants for bonds issued for purposes of RCW 43.99I.020(5).

(6) For bonds issued for purposes of RCW 43.99I.020(5), on each date on which any interest or principal and interest payment is due, the board of regents or board of trustees of the University of Washington, Washington State University, or Central Washington University shall cause the amount as determined by the state treasurer to be paid out of the local operating fee account for deposit by the universities into the state treasury higher education operating fee accounts. The state treasurer shall transfer the proportional share from the University of Washington operating fees account, the Washington State University operating fees account, and the Central Washington University operating fees accounts the amount computed in RCW 43.99I.030 for the bonds issued for the purposes of RCW 43.99I.020(6) to reimburse the general fund.

**NEW SECTION. Sec. 613.** The following acts or parts of acts are each repealed:

(1) RCW 43.105.300 (Education in use of technology encouraged) and 1996 c 171 s 14; and

(2) RCW 43.105.360 (Web directory--Public community technology programs) and 2008 c 262 s 5.

**NEW SECTION. Sec. 614.** RCW 43.105.080, 43.105.320, and 43.105.410 are each recodified as sections in chapter 43.19 RCW.

**NEW SECTION. Sec. 615.** RCW 43.105.370, 43.105.372, 43.105.374, 43.105.376, 43.105.380, 43.105.382, 43.105.390, and 43.105.400 are each recodified as sections in chapter 43.330 RCW.

## PART VII

### CREATING THE OFFICE OF CHIEF INFORMATION OFFICER

**NEW SECTION. Sec. 701.** Information technology is a tool used by state agencies to improve their ability to deliver public services efficiently and effectively. Advances in information technology - including advances in hardware, software, and business processes for implementing and managing these resources - offer new opportunities to improve the level of support provided to citizens and state agencies and to reduce the per-transaction cost of these services. These advances are one component in the process of reengineering how government delivers services to citizens.

To fully realize the service improvements and cost efficiency from the effective application of information technology to its

business processes, state government must establish decision-making structures that connect business processes and information technology in an operating model. Many of these business practices transcend individual agency processes and should be worked at the enterprise level. To do this requires an effective partnership of executive management, business processes owners, and providers of support functions necessary to efficiently and effectively deliver services to citizens.

To maximize the potential for information technology to contribute to government business process reengineering the state must establish clear central authority to plan, set enterprise standards, and provide project oversight and management analysis of the various aspects of a business process.

Establishing the office of chief information officer and partnering it with the director of financial management will provide state government with the cohesive structure necessary to develop improved operating models with agency directors and reengineer business process to enhance service delivery while capturing savings.

**NEW SECTION. Sec. 702.** (1) The office of the chief information officer is created within the office of financial management.

(2) Powers, duties, and functions assigned to the department of information services as specified in this chapter shall be transferred to the office of chief information officer as provided in this chapter.

(3) The primary duties of the office are:

(a) To prepare and lead the implementation of a strategic direction and enterprise architecture for information technology for state government;

(b) To enable the standardization and consolidation of information technology infrastructure across all state agencies to support enterprise-based system development and improve and maintain service delivery;

(c) To establish standards and policies for the consistent and efficient operation of information technology services throughout state government;

(d) To establish statewide enterprise architecture that will serve as the organizing standard for information technology for state agencies;

(e) Educate and inform state managers and policymakers on technological developments, industry trends and best practices, industry benchmarks that strengthen decision making and professional development, and industry understanding for public managers and decision makers.

(4) In the case of institutions of higher education, the powers of the office and the provisions of this chapter apply to business and administrative applications but do not apply to (a) academic and research applications; and (b) medical, clinical, and health care applications, including the business and administrative applications for such operations. However, institutions of higher education must disclose to the office any proposed academic applications that are enterprise-wide in nature relative to the needs and interests of other institutions of higher education.

(5) The legislature and the judiciary, which are constitutionally recognized as separate branches of government, are strongly encouraged to coordinate with the office and participate in shared services initiatives and the development of enterprise-based strategies, where appropriate.

**NEW SECTION. Sec. 703.** (1) The executive head and appointing authority of the office is the chief information officer. The chief information officer shall be appointed by the governor, subject to confirmation by the senate. The chief information officer shall serve at the pleasure of the governor. The chief information officer shall be paid a salary fixed by the governor. If a vacancy occurs in the position of chief information officer while the senate is not in session, the governor shall make a temporary appointment until the next meeting of the senate at which time he or she shall present to that body his or her nomination for the position.

(2) The chief information officer may employ staff members, some of whom may be exempt from chapter 41.06 RCW, and any additional staff members as are necessary to administer this chapter, and such other duties as may be authorized by law. The chief information officer may delegate any power or duty vested in him or her by this chapter or other law.

(3) The internal affairs of the office shall be under the control of the chief information officer in order that the chief information officer may manage the office in a flexible and intelligent manner as dictated by changing contemporary circumstances. Unless specifically limited by law, the chief information officer shall have complete charge and supervisory powers over the office. The chief information officer may create such administrative structures as the chief information officer deems appropriate, except as otherwise specified by law, and the chief information officer may employ staff members as may be necessary in accordance with chapter 41.06 RCW, except as otherwise provided by law.

**NEW SECTION. Sec. 704.** The chief information officer shall:

- (1) Supervise and administer the activities of the office of chief information officer;
- (2) Exercise all the powers and perform all the duties prescribed by law with respect to the administration of this chapter including:
  - (a) Appoint such professional, technical, and clerical assistants and employees as may be necessary to perform the duties imposed by this chapter; and
  - (b) Report to the governor any matters relating to abuses and evasions of this chapter.
- (3) In addition to other powers and duties granted, the chief information officer has the following powers and duties:
  - (a) Enter into contracts on behalf of the state to carry out the purposes of this chapter;
  - (b) Accept and expend gifts and grants that are related to the purposes of this chapter, whether such grants be of federal or other funds;
  - (c) Apply for grants from public and private entities, and receive and administer any grant funding received for the purpose and intent of this chapter;
  - (d) Adopt rules in accordance with chapter 34.05 RCW and perform all other functions necessary and proper to carry out the purposes of this chapter;
  - (e) Delegate powers, duties, and functions as the chief information officer deems necessary for efficient administration, but the chief information officer shall be responsible for the official acts of the officers and employees of the office; and
  - (f) Perform other duties as are necessary and consistent with law.

**NEW SECTION. Sec. 705.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Backbone network" means the shared high-density portions of the state's telecommunications transmission facilities. It includes specially conditioned high-speed communications carrier lines, multiplexors, switches associated with such communications lines, and any equipment and software components necessary for management and control of the backbone network.

(2) "Board" means the technology services board.

(3) "Committee" means the state interoperability executive committee.

(4) "Educational sectors" means those institutions of higher education, school districts, and educational service districts that use the network for distance education, data transmission, and other uses permitted by the board.

(5) "Enterprise architecture" means an ongoing program for translating business vision and strategy into effective enterprise change. It is a continuous activity. Enterprise architecture creates, communicates, and improves the key principles and models that describe the enterprise's future state and enable its evolution.

(6) "Equipment" means the machines, devices, and transmission facilities used in information processing, including but not limited to computers, terminals, telephones, wireless communications system facilities, cables, and any physical facility necessary for the operation of such equipment.

(7) "Information" includes, but is not limited to, data, text, voice, and video.

(8) "Information technology" includes, but is not limited to, all electronic technology systems and services, automated information handling, system design and analysis, conversion of data, computer programming, information storage and retrieval, telecommunications, requisite system controls, simulation, electronic commerce, and all related interactions between people and machines.

(9) "Information technology portfolio" or "portfolio" means a strategic management process documenting relationships between agency missions and information technology and telecommunications investments.

(10) "K-20 network" means the network established in section 718 of this act.

(11) "Local governments" includes all municipal and quasi-municipal corporations and political subdivisions, and all agencies of such corporations and subdivisions authorized to contract separately.

(12) "Office" means the office of the chief information officer.

(13) "Oversight" means a process of comprehensive risk analysis and management designed to ensure optimum use of information technology resources and telecommunications.

(14) "Proprietary software" means that software offered for sale or license.

(15) "State agency" or "agency" means every state office, department, division, bureau, board, commission, or other state agency, including offices headed by a statewide elected official.

(16) "Telecommunications" includes, but is not limited to, wireless or wired systems for transport of voice, video, and data communications, network systems, requisite facilities, equipment, system controls, simulation, electronic commerce, and all related interactions between people and machines. "Telecommunications" does not include public safety communications.

#### **STANDARDS AND POLICIES**

**NEW SECTION. Sec. 706.** (1) The chief information officer shall establish standards and policies to govern information technology in the state of Washington.

(2) The office shall have the following powers and duties related to information services:

(a) To develop statewide standards and policies governing the acquisition and disposition of equipment, software, and personal and purchased services, licensing of the radio spectrum by or on behalf of state agencies, and confidentiality of computerized data;

(b) To develop statewide or interagency technical policies, standards, and procedures;

(c) To review and approve standards and common specifications for new or expanded telecommunications networks proposed by agencies, public postsecondary education institutions, educational service districts, or statewide or regional providers of K-12 information technology services;

(d) To develop a detailed business plan for any service or activity to be contracted under RCW 41.06.142(7)(b) by the consolidated technology services agency;

(e) To provide direction concerning strategic planning goals and objectives for the state. The office shall seek input from the legislature and the judiciary; and

(f) To establish policies for the periodic review by the office of agency performance which may include but are not limited to analysis of:

(i) Planning, management, control, and use of information services;

(ii) Training and education; and

## (iii) Project management.

(3) Statewide technical standards to promote and facilitate electronic information sharing and access are an essential component of acceptable and reliable public access service and complement content-related standards designed to meet those goals. The office shall:

(a) Establish technical standards to facilitate electronic access to government information and interoperability of information systems, including wireless communications systems; and

(b) Require agencies to include an evaluation of electronic public access needs when planning new information systems or major upgrades of systems.

In developing these standards, the office is encouraged to include the state library, state archives, and appropriate representatives of state and local government.

(4) The office shall perform other matters and things necessary to carry out the purposes and provisions of this chapter.

**STRATEGIC PLANNING**

**NEW SECTION. Sec. 707.** (1) The office shall prepare a state strategic information technology plan which shall establish a statewide mission, goals, and objectives for the use of information technology, including goals for electronic access to government records, information, and services. The plan shall be developed in accordance with the standards and policies established by the office. The office shall seek the advice of the board in the development of this plan.

The plan shall be updated as necessary and submitted to the governor and the legislature.

(2) The office shall prepare a biennial state performance report on information technology based on agency performance reports required under section 710 of this act and other information deemed appropriate by the office. The report shall include, but not be limited to:

(a) An analysis, based upon agency portfolios, of the state's information technology infrastructure, including its value, condition, and capacity;

(b) An evaluation of performance relating to information technology;

(c) An assessment of progress made toward implementing the state strategic information technology plan, including progress toward electronic access to public information and enabling citizens to have two-way access to public records, information, and services; and

(d) An analysis of the success or failure, feasibility, progress, costs, and timeliness of implementation of major information technology projects under section 712 of this act. At a minimum, the portion of the report regarding major technology projects must include:

(i) The total cost data for the entire life-cycle of the project, including capital and operational costs, broken down by staffing costs, contracted service, hardware purchase or lease, software purchase or lease, travel, and training. The original budget must also be shown for comparison;

(ii) The original proposed project schedule and the final actual project schedule;

(iii) Data regarding progress towards meeting the original goals and performance measures of the project;

(iv) Discussion of lessons learned on the project, performance of any contractors used, and reasons for project delays or cost increases; and

(v) Identification of benefits generated by major information technology projects developed under section 712 of this act.

Copies of the report shall be distributed biennially to the governor and the legislature. The major technology section of the report must examine major information technology projects completed in the previous biennium.

**PORTFOLIO MANAGEMENT**

**NEW SECTION. Sec. 708.** Management of information technology across state government requires managing resources and business processes across multiple agencies. It is no longer sufficient to pursue efficiencies within agency or individual business process boundaries. The state must manage the business process changes and information technology in support of business processes as a statewide portfolio. The chief information officer will use agency information technology portfolio planning as input to develop a statewide portfolio to guide resource allocation and prioritization decisions.

**NEW SECTION. Sec. 709.** An agency information technology portfolio shall serve as the basis for making information technology decisions and plans which may include, but are not limited to:

(1) System refurbishment, acquisitions, and development efforts;

(2) Setting goals and objectives for using information technology;

(3) Assessments of information processing performance, resources, and capabilities;

(4) Ensuring the appropriate transfer of technological expertise for the operation of new systems developed using external resources;

(5) Guiding new investment demand, prioritization, selection, performance, and asset value of technology and telecommunications; and

(6) Progress toward providing electronic access to public information.

**NEW SECTION. Sec. 710.** (1) Each agency shall develop an information technology portfolio consistent with RCW 43.105.172 (as recodified by this act). The superintendent of public instruction shall develop its portfolio in conjunction with educational service districts and statewide or regional providers of K-12 education information technology services.

(2) Agency portfolios shall include, but not be limited to, the following:

(a) A baseline assessment of the agency's information technology resources and capabilities that will serve as the benchmark for subsequent planning and performance measures;

(b) A statement of the agency's mission, goals, and objectives for information technology, including goals and objectives for achieving electronic access to agency records, information, and services;

(c) An explanation of how the agency's mission, goals, and objectives for information technology support and conform to the state strategic information technology plan developed under section 707 of this act;

(d) An implementation strategy to provide electronic access to public records and information. This implementation strategy must be assembled to include:

(i) Compliance with Title 40 RCW;

(ii) Adequate public notice and opportunity for comment;

(iii) Consideration of a variety of electronic technologies, including those that help transcend geographic locations, standard business hours, economic conditions of users, and disabilities;

(iv) Methods to educate both state employees and the public in the effective use of access technologies;

(e) Projects and resources required to meet the objectives of the portfolio; and

(f) Where feasible, estimated schedules and funding required to implement identified projects.

(3) Portfolios developed under subsection (1) of this section shall be submitted to the office for review and approval. The chief information officer may reject, require modification to, or approve portfolios as deemed appropriate. Portfolios submitted under this subsection shall be updated and submitted for review and approval as necessary.

(4) Each agency shall prepare and submit to the office a biennial performance report that evaluates progress toward the objectives articulated in its information technology portfolio and the strategic priorities of the state. The superintendent of public instruction shall

develop its portfolio in conjunction with educational service districts and statewide or regional providers of K-12 education information technology services. The report shall include:

- (a) An evaluation of the agency's performance relating to information technology;
- (b) An assessment of progress made toward implementing the agency information technology portfolio;
- (c) Progress toward electronic access to public information and enabling citizens to have two-way interaction for obtaining information and services from agencies; and
- (d) An inventory of agency information services, equipment, and proprietary software.
- (5) The office shall establish standards, elements, form, and format for plans and reports developed under this section.
- (6) Agency activities to increase electronic access to public records and information, as required by this section, must be implemented within available resources and existing agency planning processes.
- (7) The office may exempt any agency from any or all of the requirements of this section.

#### **BUDGET REVIEW**

**NEW SECTION. Sec. 711.** (1) At the request of the director of financial management, the office shall evaluate both state agency information technology current spending and technology budget requests, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. The office shall submit recommendations for funding all or part of such requests to the director of financial management. The office shall also submit recommendations regarding consolidation and coordination of similar proposals or other efficiencies it finds in reviewing proposals.

(2) The office shall establish criteria, consistent with portfolio-based information technology management, for the evaluation of agency budget requests under this section. Technology budget requests shall be evaluated in the context of the state's information technology portfolio; technology initiatives underlying budget requests are subject to review by the office. Criteria shall include, but not be limited to: Feasibility of the proposed projects, consistency with the state strategic information technology plan and the state enterprise architecture, consistency with information technology portfolios, appropriate provision for public electronic access to information, evidence of business process streamlining and gathering of business and technical requirements, services, duration of investment, costs, and benefits.

#### **PROJECT MANAGEMENT OVERSIGHT**

**NEW SECTION. Sec. 712.** (1) The office shall establish standards and policies governing the planning, implementation, and evaluation of major information technology projects, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. The standards and policies shall:

- (a) Establish criteria to identify projects which are subject to this section. Such criteria shall include, but not be limited to, significant anticipated cost, complexity, or statewide significance of the project; and
- (b) Establish a model process and procedures which state agencies shall follow in developing and implementing projects within their information technology portfolios. This process may include project oversight experts or panels, as appropriate. Agencies may propose, for approval by the office, a process and procedures unique to the agency. The office may accept or require modification of such agency proposals or the office may reject such agency proposals and require use of the model process and procedures established under this subsection. Any process and procedures developed under this

subsection shall require (i) distinct and identifiable phases upon which funding may be based, (ii) user validation of products through system demonstrations and testing of prototypes and deliverables, and (iii) other elements identified by the office.

The chief information officer may suspend or terminate a major project, and direct that the project funds be placed into unallotted reserve status, if the chief information officer determines that the project is not meeting or is not expected to meet anticipated performance standards.

(2) The office of financial management shall establish policies and standards consistent with portfolio-based information technology management to govern the funding of projects developed under this section. The policies and standards shall provide for:

- (a) Funding of a project under terms and conditions mutually agreed to by the chief information officer, the director of financial management, and the head of the agency proposing the project. However, the office of financial management may require incremental funding of a project on a phase-by-phase basis whereby funds for a given phase of a project may be released only when the office of financial management determines, with the advice of the office, that the previous phase is satisfactorily completed; and
- (b) Other elements deemed necessary by the office of financial management.

**NEW SECTION. Sec. 713.** (1) Prior to making a commitment to purchase, acquire, or develop a major information technology project or service, state agencies must provide a proposal to the office outlining the business case of the proposed product or service, including the upfront and ongoing cost of the proposal.

(2) Within sixty days of receipt of a proposal, the office shall approve the proposal, reject it, or propose modifications.

(3) In reviewing a proposal, the office must determine whether the product or service is consistent with:

- (a) The standards and policies developed by the office pursuant to section 706 of this act; and
- (b) The state's enterprise-based strategy.

(4) If a substantially similar product or service is offered by the consolidated technology services agency established in RCW 43.105.047, the office may require the agency to procure the product or service through the consolidated technology services agency, if doing so would benefit the state as an enterprise.

(5) The office shall provide guidance to agencies as to what threshold of information technology spending constitutes a major information technology product or service under this section.

#### **ENTERPRISE ARCHITECTURE**

**NEW SECTION. Sec. 714.** (1) The office shall develop an enterprise-based strategy for information technology in state government informed by portfolio management planning and information technology expenditure information collected from state agencies pursuant to RCW 43.88.092.

(2)(a) The office shall develop an ongoing enterprise architecture program for translating business vision and strategy into effective enterprise change. This program will create, communicate, and improve the key principles and models that describe the enterprise's future state and enable its evolution, in keeping with the priorities of government and the information technology strategic plan.

(b) The enterprise architecture program will facilitate business process collaboration among agencies statewide; improving the reliability, interoperability, and sustainability of the business processes that state agencies use.

In developing an enterprise-based strategy for the state, the office is encouraged to consider the following strategies as possible opportunities for achieving greater efficiency:

- (i) Developing evaluation criteria for deciding which common enterprise-wide business processes should become managed as enterprise services;

- (ii) Developing a roadmap of priorities for creating enterprise services;
  - (iii) Developing decision criteria for determining implementation criteria for centralized or decentralized enterprise services;
  - (iv) Developing evaluation criteria for deciding which technology investments to continue, hold, or drop; and
  - (v) Performing such other duties as may be assigned by the office to promote effective enterprise change.
- (c) The program will establish performance measurement criteria for each of its initiatives; will measure the success of those initiatives; and will assess its quarterly results with the chief information officer to determine whether to continue, revise, or disband the initiative.

#### **ADVISORY BOARD--CREATION AND DUTIES**

**NEW SECTION. Sec. 715.** The technology services board is created within the office of the chief information officer.

(1) The board shall be composed of thirteen members. Six members shall be appointed by the governor, three of whom shall be representatives of state agencies or institutions, and three of whom shall be representatives of the private sector. Of the state agency representatives, at least one of the representatives must have direct experience using the software projects overseen by the board or reasonably expect to use the new software developed under the oversight of the board. Two members shall represent the house of representatives and shall be selected by the speaker of the house of representatives with one representative chosen from each major caucus of the house of representatives; two members shall represent the senate and shall be appointed by the president of the senate with one representative chosen from each major caucus of the senate. One member shall be the chief information officer who shall be a voting member of the board and serve as chair. Two nonvoting members with information technology expertise must be appointed by the governor as follows:

- (a) One member representing state agency bargaining units shall be selected from a list of three names submitted by each of the general government exclusive bargaining representatives; and
- (b) One member representing local governments shall be selected from a list of three names submitted by commonly recognized local government organizations.

The governor may reject all recommendations and request new recommendations.

(2) Of the initial members, three must be appointed for a one-year term, three must be appointed for a two-year term, and four must be appointed for a three-year term. Thereafter, members must be appointed for three-year terms.

(3) Vacancies shall be filled in the same manner that the original appointments were made for the remainder of the member's term.

(4) Members of the board shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(5) The office shall provide staff support to the board.

**NEW SECTION. Sec. 716.** The board shall have the following powers and duties related to information services:

(1) To review and approve standards and procedures, developed by the office of the chief information officer, governing the acquisition and disposition of equipment, proprietary software, and purchased services, licensing of the radio spectrum by or on behalf of state agencies, and confidentiality of computerized data;

(2) To review and approve statewide or interagency technical policies, standards, and procedures developed by the office of the chief information officer;

(3) To review, approve, and provide oversight of major information technology projects to ensure that no major information technology project proposed by a state agency is approved or authorized funding by the board without consideration of the technical and financial business case for the project, including a review of:

- (a) The total cost of ownership across the life of the project;

(b) All major technical options and alternatives analyzed, and reviewed, if necessary, by independent technical sources; and

(c) Whether the project is technically and financially justifiable when compared against the state's enterprise-based strategy, long-term technology trends, and existing or potential partnerships with private providers or vendors;

(4) To review and approve standards and common specifications for new or expanded telecommunications networks proposed by agencies, public postsecondary education institutions, educational service districts, or statewide or regional providers of K-12 information technology services, and to assure the cost-effective development and incremental implementation of a statewide video telecommunications system to serve: Public schools; educational service districts; vocational-technical institutes; community colleges; colleges and universities; state and local government; and the general public through public affairs programming;

(5) To develop a policy to determine whether a proposed project, product, or service should undergo an independent technical and financial analysis prior to submitting a request to the office of financial management for the inclusion in any proposed operating, capital, or transportation budget;

(6) To approve contracting for services and activities under RCW 41.06.142(7) for the consolidated technology service agency. To approve any service or activity to be contracted under RCW 41.06.142(7)(b), the board must also review the proposed business plan and recommendation submitted by the office;

(7) To consider, on an ongoing basis, ways to promote strategic investments in enterprise-level information technology projects that will result in service improvements and cost efficiency;

(8) To provide a forum to solicit external expertise and perspective on developments in information technology, enterprise architecture, standards, and policy development; and

(9) To provide a forum where ideas and issues related to information technology plans, policies, and standards can be reviewed.

#### **INTEROPERABILITY COMMITTEE--TRANSFER FROM DEPARTMENT OF INFORMATION SERVICES**

**NEW SECTION. Sec. 717.** (1) The chief information officer shall appoint a state interoperability executive committee, the membership of which must include, but not be limited to, representatives of the military department, the Washington state patrol, the department of transportation, the office of the chief information officer, the department of natural resources, city and county governments, state and local fire chiefs, police chiefs, and sheriffs, and state and local emergency management directors. The chair and legislative members of the board will serve as nonvoting ex officio members of the committee. Voting membership may not exceed fifteen members.

(2) The chief information officer shall appoint the chair of the committee from among the voting members of the committee.

(3) The state interoperability executive committee has the following responsibilities:

(a) Develop policies and make recommendations to the office for technical standards for state wireless radio communications systems, including emergency communications systems. The standards must address, among other things, the interoperability of systems, taking into account both existing and future systems and technologies;

(b) Coordinate and manage on behalf of the office the licensing and use of state-designated and state-licensed radio frequencies, including the spectrum used for public safety and emergency communications, and serve as the point of contact with the federal communications commission on matters relating to allocation, use, and licensing of radio spectrum;

(c) Coordinate the purchasing of all state wireless radio communications system equipment to ensure that:

- (i) After the transition from a radio over internet protocol network, any new trunked system shall be, at a minimum, project-25;
  - (ii) Any new system that requires advanced digital features shall be, at a minimum, project-25; and
  - (iii) Any new system or equipment purchases shall be, at a minimum, upgradable to project-25;
  - (d) Seek support, including possible federal or other funding, for state-sponsored wireless communications systems;
  - (e) Develop recommendations for legislation that may be required to promote interoperability of state wireless communications systems;
  - (f) Foster cooperation and coordination among public safety and emergency response organizations;
  - (g) Work with wireless communications groups and associations to ensure interoperability among all public safety and emergency response wireless communications systems; and
  - (h) Perform such other duties as may be assigned by the office to promote interoperability of wireless communications systems.
- (4) The office shall provide administrative support to the committee.

#### **K-20 GOVERNANCE AND OPERATIONS OVERSIGHT-- TRANSFER FROM**

##### **DEPARTMENT OF INFORMATION SERVICES**

**NEW SECTION. Sec. 718.** (1) The office has the duty to govern and oversee the technical design, implementation, and operation of the K-20 network including, but not limited to, the following duties: Establishment and implementation of K-20 network technical policy, including technical standards and conditions of use; review and approval of network design; and resolving user/provider disputes.

(2) The office has the following powers and duties:

- (a) In cooperation with the educational sectors and other interested parties, to establish goals and measurable objectives for the network;
- (b) To ensure that the goals and measurable objectives of the network are the basis for any decisions or recommendations regarding the technical development and operation of the network;
- (c) To adopt, modify, and implement policies to facilitate network development, operation, and expansion. Such policies may include but need not be limited to the following issues: Quality of educational services; access to the network by recognized organizations and accredited institutions that deliver educational programming, including public libraries; prioritization of programming within limited resources; prioritization of access to the system and the sharing of technological advances; network security; identification and evaluation of emerging technologies for delivery of educational programs; future expansion or redirection of the system; network fee structures; and costs for the development and operation of the network;
- (d) To prepare and submit to the governor and the legislature a coordinated budget for network development, operation, and expansion. The budget shall include the chief information officer's recommendations on (i) any state funding requested for network transport and equipment, distance education facilities and hardware or software specific to the use of the network, and proposed new network end sites, (ii) annual copayments to be charged to public educational sector institutions and other public entities connected to the network, and (iii) charges to nongovernmental entities connected to the network;
- (e) To adopt and monitor the implementation of a methodology to evaluate the effectiveness of the network in achieving the educational goals and measurable objectives;
- (f) To establish by rule acceptable use policies governing user eligibility for participation in the K-20 network, acceptable uses of network resources, and procedures for enforcement of such policies. The office shall set forth appropriate procedures for enforcement of acceptable use policies, that may include suspension of network connections and removal of shared equipment for violations of

network conditions or policies. The office shall have sole responsibility for the implementation of enforcement procedures relating to technical conditions of use.

**NEW SECTION. Sec. 719.** The office shall maintain, in consultation with the K-20 network users, the K-20 operations cooperative, which shall be responsible for day-to-day network management, technical network status monitoring, technical problem response coordination, and other duties as agreed to by the office and the educational sectors. Funding for the K-20 operations cooperative shall be provided from the education technology revolving fund under RCW 43.105.835 (as recodified by this act).

**NEW SECTION. Sec. 720.** The chief information officer, in conjunction with the K-20 network users, shall maintain a technical plan of the K-20 telecommunications system and ongoing system enhancements. The office shall ensure that the technical plan adheres to the goals and objectives established under section 706 of this act. The technical plan shall provide for:

(1) A telecommunications backbone connecting educational service districts, the main campuses of public baccalaureate institutions, the branch campuses of public research institutions, and the main campuses of community colleges and technical colleges.

(2)(a) Connection to the K-20 network by entities that include, but need not be limited to: School districts, public higher education off-campus and extension centers, and branch campuses of community colleges and technical colleges, as prioritized by the chief information officer; (b) distance education facilities and components for entities listed in this subsection and subsection (1) of this section; and (c) connection for independent nonprofit institutions of higher education, provided that:

(i) The chief information officer and each independent nonprofit institution of higher education to be connected agree in writing to terms and conditions of connectivity. The terms and conditions shall ensure, among other things, that the provision of K-20 services does not violate Article VIII, section 5 of the state Constitution and that the institution shall adhere to K-20 network policies; and

(ii) The chief information officer determines that inclusion of the independent nonprofit institutions of higher education will not significantly affect the network's eligibility for federal universal service fund discounts or subsidies.

(3) Subsequent phases may include, but need not be limited to, connections to public libraries, state and local governments, community resource centers, and the private sector.

**NEW SECTION. Sec. 721.** (1) In overseeing the technical aspects of the K-20 network, the office is not intended to duplicate the statutory responsibilities of the higher education coordinating board, the superintendent of public instruction, the state librarian, or the governing boards of the institutions of higher education.

(2) The office may not interfere in any curriculum or legally offered programming offered over the K-20 network.

(3) The responsibility to review and approve standards and common specifications for the K-20 network remains the responsibility of the office under section 706 of this act.

(4) The coordination of telecommunications planning for the common schools remains the responsibility of the superintendent of public instruction. Except as set forth in section 706(2)(f) of this act, the office may recommend, but not require, revisions to the superintendent's telecommunications plans.

**Sec. 722.** RCW 43.105.835 and 2004 c 276 s 910 are each amended to read as follows:

(1) The education technology revolving fund is created in the custody of the state treasurer. All receipts from billings under subsection (2) of this section must be deposited in the revolving fund. Only the (~~director of the department of information services or the director's designee~~) chief information officer or the chief information officer's designee may authorize expenditures from the fund. The revolving fund shall be used to pay for K-20 network operations,

transport, equipment, software, supplies, and services, maintenance and depreciation of on-site data, and shared infrastructure, and other costs incidental to the development, operation, and administration of shared educational information technology services, telecommunications, and systems. The revolving fund shall not be used for the acquisition, maintenance, or operations of local telecommunications infrastructure or the maintenance or depreciation of on-premises video equipment specific to a particular institution or group of institutions.

(2) The revolving fund and all disbursements from the revolving fund are subject to the allotment procedure under chapter 43.88 RCW, but an appropriation is not required for expenditures. The ~~((department of information services))~~ office shall, ~~((in consultation with entities connected to the network under RCW 43.105.820 and))~~ subject to the review and approval of the office of financial management, establish and implement a billing structure for network services identified in subsection (1) of this section.

(3) The ~~((department))~~ office shall charge those public entities connected to the K-20 ~~((telecommunications [telecommunication system] under RCW 43.105.820))~~ telecommunications system under section 720 of this act an annual copayment per unit of transport connection as determined by the legislature after consideration of the ~~((K-20))~~ board's recommendations. This copayment shall be deposited into the revolving fund to be used for the purposes in subsection (1) of this section. It is the intent of the legislature to appropriate to the revolving fund such moneys as necessary to cover the costs for transport, maintenance, and depreciation of data equipment located at the individual public institutions, maintenance and depreciation of the K-20 network backbone, and services provided to the network under ~~((RCW 43.105.815.~~

~~((4) During the 2003-05 biennium, the legislature may transfer moneys from the education technology revolving fund to the state general fund and the data processing revolving fund such amounts as reflect the excess fund balance of the account))~~ section 718 of this act.

#### **GENERAL PROVISIONS RELATED TO OFFICE OF CHIEF INFORMATION OFFICER**

**NEW SECTION. Sec. 723.** A new section is added to chapter 41.06 RCW to read as follows:

In addition to the exemptions under RCW 41.06.070, the provisions of this chapter do not apply in the office of the chief information officer to the chief information officer, the chief information officer's confidential secretary, assistant directors, and any other exempt staff members provided for in section 703 of this act.

**Sec. 724.** RCW 43.105.290 and 1996 c 171 s 13 are each amended to read as follows:

The state library, with the assistance of the ~~((department of information services))~~ office and the state archives, shall establish a pilot project to design and test an electronic information locator system, allowing members of the public to locate and access electronic public records. In designing the system, the following factors shall be considered: (1) Ease of operation by citizens; (2) access through multiple technologies, such as direct dial and toll-free numbers, kiosks, and the internet; (3) compatibility with private online services; and (4) capability of expanding the electronic public records included in the system. The pilot project may restrict the type and quality of electronic public records that are included in the system to test the feasibility of making electronic public records and information widely available to the public.

**Sec. 725.** RCW 28A.650.015 and 2009 c 556 s 17 are each amended to read as follows:

(1) The superintendent of public instruction, to the extent funds are appropriated, shall develop and implement a Washington state K-12 education technology plan. The technology plan shall be updated on at least a biennial basis, shall be developed to coordinate and expand the use of education technology in the common schools of the

state. The plan shall be consistent with applicable provisions of chapter 43.105 RCW. The plan, at a minimum, shall address:

(a) The provision of technical assistance to schools and school districts for the planning, implementation, and training of staff in the use of technology in curricular and administrative functions;

(b) The continued development of a network to connect school districts, institutions of higher learning, and other sources of online information; and

(c) Methods to equitably increase the use of education technology by students and school personnel throughout the state.

(2) The superintendent of public instruction shall appoint an educational technology advisory committee to assist in the development and implementation of the technology plan in subsection (1) of this section. The committee shall include, but is not limited to, persons representing: The ~~((department of information services))~~ office of the chief information officer, educational service districts, school directors, school administrators, school principals, teachers, classified staff, higher education faculty, parents, students, business, labor, scientists and mathematicians, the higher education coordinating board, the workforce training and education coordinating board, and the state library.

(3) The plan adopted and implemented under this section may not impose on school districts any requirements that are not specifically required by federal law or regulation, including requirements to maintain eligibility for the federal schools and libraries program of the universal service fund.

**Sec. 726.** RCW 39.94.040 and 2010 1st sp.s. c 36 s 6015 and 2010 1st sp.s. c 35 s 406 are each reenacted and amended to read as follows:

(1) Except as provided in RCW 28B.10.022, the state may not enter into any financing contract for itself if the aggregate principal amount payable thereunder is greater than an amount to be established from time to time by the state finance committee or participate in a program providing for the issuance of certificates of participation, including any contract for credit enhancement, without the prior approval of the state finance committee. Except as provided in RCW 28B.10.022, the state finance committee shall approve the form of all financing contracts or a standard format for all financing contracts. The state finance committee also may:

(a) Consolidate existing or potential financing contracts into master financing contracts with respect to property acquired by one or more agencies, departments, instrumentalities of the state, the state board for community and technical colleges, or a state institution of higher learning; or to be acquired by another agency;

(b) Approve programs providing for the issuance of certificates of participation in master financing contracts for the state or for other agencies;

(c) Enter into agreements with trustees relating to master financing contracts; and

(d) Make appropriate rules for the performance of its duties under this chapter.

(2) In the performance of its duties under this chapter, the state finance committee may consult with representatives from the department of general administration, the office of financial management, and the ~~((department of information services))~~ office of the chief information officer.

(3) With the approval of the state finance committee, the state also may enter into agreements with trustees relating to financing contracts and the issuance of certificates of participation.

(4) Except for financing contracts for real property used for the purposes described under chapter 28B.140 RCW, the state may not enter into any financing contract for real property of the state without prior approval of the legislature. For the purposes of this requirement, a financing contract must be treated as used for real property if it is being entered into by the state for the acquisition of land; the acquisition of an existing building; the construction of a new building;

or a major remodeling, renovation, rehabilitation, or rebuilding of an existing building. Prior approval of the legislature is not required under this chapter for a financing contract entered into by the state under this chapter for energy conservation improvements to existing buildings where such improvements include: (a) Fixtures and equipment that are not part of a major remodeling, renovation, rehabilitation, or rebuilding of the building, or (b) other improvements to the building that are being performed for the primary purpose of energy conservation. Such energy conservation improvements must be determined eligible for financing under this chapter by the office of financial management in accordance with financing guidelines established by the state treasurer, and are to be treated as personal property for the purposes of this chapter.

(5) The state may not enter into any financing contract on behalf of another agency without the approval of such a financing contract by the governing body of the other agency.

**Sec. 727.** RCW 40.14.020 and 2002 c 358 s 4 are each amended to read as follows:

All public records shall be and remain the property of the state of Washington. They shall be delivered by outgoing officials and employees to their successors and shall be preserved, stored, transferred, destroyed or disposed of, and otherwise managed, only in accordance with the provisions of this chapter. In order to insure the proper management and safeguarding of public records, the division of archives and records management is established in the office of the secretary of state. The state archivist, who shall administer the division and have reasonable access to all public records, wherever kept, for purposes of information, surveying, or cataloguing, shall undertake the following functions, duties, and responsibilities:

- (1) To manage the archives of the state of Washington;
- (2) To centralize the archives of the state of Washington, to make them available for reference and scholarship, and to insure their proper preservation;
- (3) To inspect, inventory, catalog, and arrange retention and transfer schedules on all record files of all state departments and other agencies of state government;
- (4) To insure the maintenance and security of all state public records and to establish safeguards against unauthorized removal or destruction;
- (5) To establish and operate such state record centers as may from time to time be authorized by appropriation, for the purpose of preserving, servicing, screening and protecting all state public records which must be preserved temporarily or permanently, but which need not be retained in office space and equipment;
- (6) To adopt rules under chapter 34.05 RCW:
  - (a) Setting standards for the durability and permanence of public records maintained by state and local agencies;
  - (b) Governing procedures for the creation, maintenance, transmission, cataloging, indexing, storage, or reproduction of photographic, optical, electronic, or other images of public documents or records in a manner consistent with current standards, policies, and procedures of the ~~((department of information services))~~ office of the chief information officer for the acquisition of information technology;
  - (c) Governing the accuracy and durability of, and facilitating access to, photographic, optical, electronic, or other images used as public records; or
  - (d) To carry out any other provision of this chapter;
- (7) To gather and disseminate to interested agencies information on all phases of records management and current practices, methods, procedures, techniques, and devices for efficient and economical management and preservation of records;
- (8) To operate a central microfilming bureau which will microfilm, at cost, records approved for filming by the head of the office of origin and the archivist; to approve microfilming projects

undertaken by state departments and all other agencies of state government; and to maintain proper standards for this work;

(9) To maintain necessary facilities for the review of records approved for destruction and for their economical disposition by sale or burning; directly to supervise such destruction of public records as shall be authorized by the terms of this chapter;

(10) To assist and train state and local agencies in the proper methods of creating, maintaining, cataloging, indexing, transmitting, storing, and reproducing photographic, optical, electronic, or other images used as public records;

(11) To solicit, accept, and expend donations as provided in RCW 43.07.037 for the purpose of the archive program. These purposes include, but are not limited to, acquisition, accession, interpretation, and display of archival materials. Donations that do not meet the criteria of the archive program may not be accepted.

**Sec. 728.** RCW 42.17.460 and 1999 c 401 s 1 are each amended to read as follows:

It is the intent of the legislature to ensure that the commission provide the general public timely access to all contribution and expenditure reports submitted by candidates, continuing political committees, bona fide political parties, lobbyists, and lobbyists' employers. The legislature finds that failure to meet goals for full and timely disclosure threatens to undermine our electoral process.

Furthermore, the legislature intends for the commission to consult with the ~~((department of information services))~~ office of the chief information officer as it seeks to implement chapter 401, Laws of 1999, and that the commission follow the standards and procedures established by the ~~((department of information services))~~ office of the chief information officer in chapter 43.105 RCW as they relate to information technology.

**Sec. 729.** RCW 42.17.467 and 1999 c 401 s 5 are each amended to read as follows:

In preparing the information technology plan, the commission shall consult with affected state agencies, the ~~((department of information services))~~ office of the chief information officer, and stakeholders in the commission's work, including representatives of political committees, bona fide political parties, news media, and the general public.

**Sec. 730.** RCW 42.17.469 and 1999 c 401 s 6 are each amended to read as follows:

The commission shall submit the information technology plan to the senate and house of representatives fiscal committees, the governor, the senate state and local government committee, the house of representatives state government committee, and the ~~((department of information services))~~ office of the chief information officer by February 1, 2000. It is the intent of the legislature that the commission thereafter comply with the requirements of chapter 43.105 RCW with respect to preparation and submission of biennial performance reports on the commission's information technology.

**Sec. 731.** RCW 42.17.471 and 1999 c 401 s 7 are each amended to read as follows:

The commission shall prepare and submit to the ~~((department of information services))~~ office of the chief information officer a biennial performance report ~~((in accordance with chapter 43.105 RCW))~~.

The report must include:

- (1) An evaluation of the agency's performance relating to information technology;
- (2) An assessment of progress made toward implementing the agency information technology plan;
- (3) An analysis of the commission's performance measures, set forth in RCW 42.17.463, that relate to the electronic filing of reports and timely public access to those reports via the commission's web site;

(4) A comprehensive description of the methods by which citizens may interact with the agency in order to obtain information and services from the commission; and

(5) An inventory of agency information services, equipment, and proprietary software.

**Sec. 732.** RCW 42.17A.060 and 1999 c 401 s 1 are each amended to read as follows:

It is the intent of the legislature to ensure that the commission provide the general public timely access to all contribution and expenditure reports submitted by candidates, continuing political committees, bona fide political parties, lobbyists, and lobbyists' employers. The legislature finds that failure to meet goals for full and timely disclosure threatens to undermine our electoral process.

Furthermore, the legislature intends for the commission to consult with the (~~department of information services~~) office of the chief information officer as it seeks to implement chapter 401, Laws of 1999, and that the commission follow the standards and procedures established by the (~~department of information services~~) office of the chief information officer in chapter 43.105 RCW as they relate to information technology.

**Sec. 733.** RCW 43.88.092 and 2010 c 282 s 3 are each amended to read as follows:

(1) As part of the biennial budget process, the office of financial management shall collect from agencies, and agencies shall provide, information to produce reports, summaries, and budget detail sufficient to allow review, analysis, and documentation of all current and proposed expenditures for information technology by state agencies. Information technology budget detail must be included as part of the budget submittal documentation required pursuant to RCW 43.88.030.

(2) The office of financial management must collect, and present as part of the biennial budget documentation, information for all existing information technology projects as defined by information services board policy. The office of financial management must work with the (~~department of information services~~) office of the chief information officer to maximize the ability to draw this information from the information technology portfolio management data collected by the department of information services pursuant to RCW 43.105.170. Connecting project information collected through the portfolio management process with financial data developed under subsection (1) of this section provides transparency regarding expenditure data for existing technology projects.

(3) The biennial budget documentation submitted by the office of financial management pursuant to RCW 43.88.030 must include an information technology plan and a technology budget for the state identifying current baseline funding for information technology, proposed (~~large~~) and ongoing major information technology projects, and their associated costs. This plan and technology budget must be presented using a method similar to the capital budget, identifying project costs through stages of the project and across fiscal periods and biennia from project initiation to implementation. This information must be submitted electronically, in a format to be determined by the office of financial management and the legislative evaluation and accountability program committee.

(4) The office of financial management shall also institute a method of accounting for information technology-related expenditures, including creating common definitions for what constitutes an information technology investment.

(5) For the purposes of this section, "major information technology projects" includes projects that have a significant anticipated cost, complexity, or are of statewide significance, such as enterprise-level solutions, enterprise resource planning, and shared services initiatives.

**Sec. 734.** RCW 43.105.410 and 2010 c 282 s 2 are each amended to read as follows:

(1) State agencies that are purchasing wireless devices or services must make such purchases through the state master contract, unless

the state agency provides to the office of (~~financial management~~) the chief information officer evidence that the state agency is securing its wireless devices or services from another source for a lower cost than through participation in the state master contract.

(2) For the purposes of this section, "state agency" means any office, department, board, commission, or other unit of state government, but does not include a unit of state government headed by a statewide elected official, an institution of higher education as defined in RCW 28B.10.016, the higher education coordinating board, the state board for community and technical colleges, or agencies of the legislative or judicial branches of state government.

#### **STATE DATA CENTER**

**NEW SECTION. Sec. 735.** (1) Except as provided by subsection (2) of this section, state agencies shall locate all existing and new servers in the state data center.

(2) Agencies with a service requirement that requires servers to be located outside the state data center must receive a waiver from the office. Waivers must be based upon written justification from the requesting agency citing specific service or performance requirements for locating servers outside the state's common platform.

(3) The office, in consultation with the office of financial management, shall continue to develop the business plan and migration schedule for moving all state agencies into the state data center.

(4) The legislature and the judiciary, which are constitutionally recognized as separate branches of government, may enter into an interagency agreement with the office to migrate its servers into the state data center.

(5) This section does not apply to institutions of higher education.

#### **MIGRATION TO A CENTRAL SERVICE PROVIDER**

**NEW SECTION. Sec. 736.** (1) The office shall conduct a needs assessment and develop a migration strategy to ensure that, over time, all state agencies are moving towards using the consolidated technology services agency established in RCW 43.105.047 as their central service provider for all utility-based infrastructure services, including centralized PC and infrastructure support. Agency specific application services shall remain managed within individual agencies.

(2) The office shall develop short-term and long-term objectives as part of the migration strategy.

(3) For the purposes of this section, "utility-based infrastructure services" includes personal computer and portable device support, servers and server administration, security administration, network administration, telephony, e-mail, and other information technology services commonly utilized by state agencies.

(4) This section does not apply to institutions of higher education.

#### **PART VIII**

#### **CREATING THE CONSOLIDATED TECHNOLOGY SERVICES AGENCY**

**NEW SECTION. Sec. 801.** A new section is added to chapter 43.105 RCW to read as follows:

To achieve maximum benefit from advances in information technology the state establishes a centralized provider and procurer of certain information technology services as an agency to support the needs of state agencies. This agency shall be known as the consolidated technology services agency. To ensure maximum benefit to the state, state agencies shall rely on the consolidated technology services agency for those services with a business case of broad use, uniformity, scalability, and price sensitivity to aggregation and volume.

To successfully meet agency needs and meet its obligation as the primary service provider for these services, the consolidated technology services agency must offer high quality services at the lowest possible price. It must be able to attract an adaptable and competitive workforce, be authorized to procure services where the business case justifies it, and be accountable to its customers for the efficient and effective delivery of critical business services.

The consolidated technology services agency is established as an agency in state government. The agency is established with clear accountability to the agencies it serves and to the public. This accountability will come through enhanced transparency in the agency's operation and performance. The agency is also established with broad flexibility to adapt its operations and service catalog to address the needs of customer agencies, and to do so in the most cost-effective ways.

**Sec. 802.** RCW 43.105.020 and 2010 1st sp.s. c 7 s 64 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(a) Telecommunications services for voice, data, and video;

(b) Mainframe computing services;

(c) Support for departmental and microcomputer evaluation, installation, and use;

(d) Equipment acquisition assistance, including leasing, brokering, and establishing master contracts;

(e) Facilities management services for information technology equipment, equipment repair, and maintenance service;

(f) Negotiation with local cable companies and local governments to provide for connection to local cable services to allow for access to these public and educational channels in the state;

(g) Office automation services;

(h) System development services; and

(i) Training.

These services are for discretionary use by customers and customers may elect other alternatives for service if those alternatives are more cost-effective or provide better service. Agencies may be required to use the backbone network portions of the telecommunications services during an initial start-up period not to exceed three years));

~~((3))~~ (2) Establish rates and fees for services provided by the ~~((department to assure that the services component of the department is self-supporting))~~ agency. A billing rate plan shall be developed for a two-year period to coincide with the budgeting process. The rate plan shall be subject to review at least annually by the office of financial management. The rate plan shall show the proposed rates by each cost center and will show the components of the rate structure as mutually determined by the ~~((department))~~ agency and the office of financial management. ~~((The same rate structure will apply to all user agencies of each cost center.))~~ The rate plan and any adjustments to rates shall be approved by the office of financial management~~((The services component shall not subsidize the operations of the strategic planning and policy component));~~

~~((4))~~ (3) With the advice of the ~~((information services))~~ board and customer agencies, develop a state strategic information technology plan and performance reports as required under ~~((RCW 43.105.160))~~ section 707 of this act;

~~((5))~~ (4) Develop plans for the ~~((department's))~~ agency's achievement of statewide goals and objectives set forth in the state strategic information technology plan required under ~~((RCW 43.105.160. These plans shall address such services as telecommunications, central and distributed computing, local area networks, office automation, and end user computing. The department shall seek the advice of the board in the development of these plans;~~

~~—~~ (6) Under direction of the information services board and in collaboration with the department of personnel, and other agencies as may be appropriate, develop training plans and coordinate training programs that are responsive to the needs of agencies;

~~—~~ (7) Identify opportunities for the effective use of information services and coordinate appropriate responses to those opportunities;

~~—~~ (8) Assess agencies' projects, acquisitions, plans, information technology portfolios, or overall information processing performance as requested by the board, agencies, the director of financial management, or the legislature. Agencies may be required to reimburse the department for agency requested reviews)) section 707 of this act;

~~((9))~~ (9) Develop planning, budgeting, and expenditure reporting requirements, in conjunction with the office of financial management, for agencies to follow;

(10) Assist the office of financial management with budgetary and policy review of agency plans for information services;

(11) Provide staff support from the strategic planning and policy component to the board for:

(a) Meeting preparation, notices, and minutes;

(b) Promulgation of policies, standards, and guidelines adopted by the board;

(c) Supervision of studies and reports requested by the board;

(d) Conducting reviews and assessments as directed by the board;

(12) Be the lead agency in coordinating video telecommunications services for all state agencies and develop, pursuant to board policies, standards and common specifications for leased and purchased telecommunications equipment. The department shall not evaluate the merits of school curriculum, higher education course offerings, or other education and training programs proposed for transmission and/or reception using video telecommunications resources. Nothing in this section shall abrogate or abridge the legal responsibilities of licensees of telecommunications facilities as licensed by the federal communication commission on March 27, 1990;)) and

~~((13))~~ (5) Perform all other matters and things necessary to carry out the purposes and provisions of this chapter.

**Sec. 805.** RCW 43.19.190 and 2002 c 200 s 3 are each amended to read as follows:

The director of general administration, through the state purchasing and material control director, shall:

(1) Establish and staff such administrative organizational units within the division of purchasing as may be necessary for effective administration of the provisions of RCW 43.19.190 through 43.19.1939;

(2) Purchase all material, supplies, services, and equipment needed for the support, maintenance, and use of all state institutions, colleges, community colleges, technical colleges, college districts, and universities, the offices of the elective state officers, the supreme court, the court of appeals, the administrative and other departments of state government, and the offices of all appointive officers of the state: PROVIDED, That the provisions of RCW 43.19.190 through 43.19.1937 do not apply in any manner to the operation of the state legislature except as requested by the legislature: PROVIDED, That the provisions of this section and RCW 43.19.1901 through 43.19.1925 do not apply to the acquisition and disposition of equipment, proprietary software, and information technology purchased services by the consolidated technology services agency

created in RCW 43.105.047: PROVIDED, That any agency may purchase material, supplies, services, and equipment for which the agency has notified the purchasing and material control director that it is more cost-effective for the agency to make the purchase directly from the vendor: PROVIDED, That primary authority for the purchase of specialized equipment, instructional, and research material for their own use shall rest with the colleges, community colleges, and universities: PROVIDED FURTHER, That universities operating hospitals and the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, may make purchases for hospital operation by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations: PROVIDED FURTHER, That primary authority for the purchase of materials, supplies, and equipment for resale to other than public agencies shall rest with the state agency concerned: PROVIDED FURTHER, That authority to purchase services as included herein does not apply to personal services as defined in chapter 39.29 RCW, unless such organization specifically requests assistance from the division of purchasing in obtaining personal services and resources are available within the division to provide such assistance: PROVIDED FURTHER, That the authority for the purchase of insurance and bonds shall rest with the risk manager under RCW ((43.19.1935)) 43.41.310: PROVIDED FURTHER, That, except for the authority of the risk manager to purchase insurance and bonds, the director is not required to provide purchasing services for institutions of higher education that choose to exercise independent purchasing authority under RCW 28B.10.029: PROVIDED FURTHER, That the authority to purchase interpreter services and interpreter brokerage services on behalf of limited-English speaking or sensory-impaired applicants and recipients of public assistance shall rest with the department of social and health services;

(3) Have authority to delegate to state agencies authorization to purchase or sell, which authorization shall specify restrictions as to dollar amount or to specific types of material, equipment, services, and supplies. Acceptance of the purchasing authorization by a state agency does not relieve such agency from conformance with other sections of RCW 43.19.190 through 43.19.1939, or from policies established by the director. Also, delegation of such authorization to a state agency, including an educational institution to which this section applies, to purchase or sell material, equipment, services, and supplies shall not be granted, or otherwise continued under a previous authorization, if such agency is not in substantial compliance with overall state purchasing and material control policies as established herein;

(4) Contract for the testing of material, supplies, and equipment with public and private agencies as necessary and advisable to protect the interests of the state;

(5) Prescribe the manner of inspecting all deliveries of supplies, materials, and equipment purchased through the division;

(6) Prescribe the manner in which supplies, materials, and equipment purchased through the division shall be delivered, stored, and distributed;

(7) Provide for the maintenance of a catalogue library, manufacturers' and wholesalers' lists, and current market information;

(8) Provide for a commodity classification system and may, in addition, provide for the adoption of standard specifications;

(9) Provide for the maintenance of inventory records of supplies, materials, and other property;

(10) Prepare rules and regulations governing the relationship and procedures between the division of purchasing and state agencies and vendors;

(11) Publish procedures and guidelines for compliance by all state agencies, including those educational institutions to which this section applies, which implement overall state purchasing and material control policies;

(12) Advise state agencies, including educational institutions, regarding compliance with established purchasing and material control policies under existing statutes.

NEW SECTION. Sec. 806. A new section is added to chapter 43.105 RCW to read as follows:

The director shall set performance targets and approve plans for achieving measurable and specific goals for the agency. By January 2012, the appropriate organizational performance and accountability measures and performance targets shall be submitted to the governor. These measures and targets shall include measures of performance demonstrating specific and measurable improvements related to service delivery and costs, operational efficiencies, and overall customer satisfaction. The agency shall develop a dashboard of key performance measures that will be updated quarterly and made available on the agency public web site.

The director shall report to the governor on agency performance at least quarterly. The reports shall be included on the agency's web site and accessible to the public.

**Sec. 807.** RCW 43.105.057 and 1992 c 20 s 11 are each amended to read as follows:

The ((department of information services and the information services board, respectively)) agency shall adopt rules as necessary under chapter 34.05 RCW to implement the provisions of this chapter.

**Sec. 808.** RCW 43.105.060 and 1987 c 504 s 10 are each amended to read as follows:

State and local government agencies are authorized to enter into any contracts with the ((department or its successor)) agency which may be necessary or desirable to effectuate the purposes and policies of this chapter or for maximum utilization of facilities and services which are the subject of this chapter.

**Sec. 809.** RCW 19.34.231 and 1999 c 287 s 12 are each amended to read as follows:

(1) If a signature of a unit of state or local government, including its appropriate officers or employees, is required by statute, administrative rule, court rule, or requirement of the office of financial management, that unit of state or local government shall become a subscriber to a certificate issued by a licensed certification authority for purposes of conducting official public business with electronic records.

(2) A city or county may become a licensed certification authority under RCW 19.34.100 for purposes of providing services to local government, if authorized by ordinance adopted by the city or county legislative authority.

(3) A unit of state government, except the secretary ((and the department of information services)), may not act as a certification authority.

**Sec. 810.** RCW 19.34.420 and 1998 c 33 s 2 are each amended to read as follows:

(1) The following information, when in the possession of the secretary ((, the department of information services,)) or the state auditor for purposes of this chapter, shall not be made available for public disclosure, inspection, or copying, unless the request is made under an order of a court of competent jurisdiction based upon an express written finding that the need for the information outweighs any reason for maintaining the privacy and confidentiality of the information or records:

(a) A trade secret, as defined by RCW 19.108.010; and

(b) Information regarding design, security, or programming of a computer system used for purposes of licensing or operating a certification authority or repository under this chapter.

(2) The state auditor, or an authorized agent, must be given access to all information referred to in subsection (1) of this section for the purpose of conducting audits under this chapter or under other law, but shall not make that information available for public inspection or copying except as provided in subsection (1) of this section.

**Sec. 811.** RCW 46.20.157 and 1999 c 6 s 21 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the department shall annually provide to the ~~((department of information services))~~ consolidated technology services agency an electronic data file. The data file must:

- (a) Contain information on all licensed drivers and identicaid holders who are eighteen years of age or older and whose records have not expired for more than two years;
- (b) Be provided at no charge; and
- (c) Contain the following information on each such person: Full name, date of birth, residence address including county, sex, and most recent date of application, renewal, replacement, or change of driver's license or identicaid.

(2) Before complying with subsection (1) of this section, the department shall remove from the file the names of any certified participants in the Washington state address confidentiality program under chapter 40.24 RCW that have been identified to the department by the secretary of state.

**Sec. 812.** RCW 2.36.054 and 1993 c 408 s 3 are each amended to read as follows:

Unless otherwise specified by rule of the supreme court, the jury source list and master jury list for each county shall be created as provided by this section.

(1) The superior court of each county, after consultation with the county clerk and county auditor of that jurisdiction, shall annually notify the ~~((department of information services))~~ consolidated technology services agency not later than March 1 of each year of its election to use either a jury source list that is merged by the county or a jury source list that is merged by the ~~((department of information services))~~ consolidated technology services agency. The ~~((department of information services))~~ consolidated technology services agency shall annually furnish at no charge to the superior court of each county a separate list of the registered voters residing in that county as supplied annually by the secretary of state and a separate list of driver's license and identicaid holders residing in that county as supplied annually by the department of licensing, or a merged list of all such persons residing in that county, in accordance with the annual notification required by this subsection. The lists provided by the ~~((department of information services))~~ consolidated technology services agency shall be in an electronic format mutually agreed upon by the superior court requesting it and the department of information services. The annual merger of the list of registered voters residing in each county with the list of licensed drivers and identicaid holders residing in each county to form a jury source list for each county shall be in accordance with the standards and methodology established in this chapter or by superseding court rule whether the merger is accomplished by the ~~((department of information services))~~ consolidated technology services agency or by a county.

(2) Persons on the lists of registered voters and driver's license and identicaid holders shall be identified by a minimum of last name, first name, middle initial where available, date of birth, gender, and county of residence. Identifying information shall be used when merging the lists to ensure to the extent reasonably possible that persons are only listed once on the merged list. Conflicts in addresses are to be resolved by using the most recent record by date of last vote in a general election, date of driver's license or identicaid address change or date of voter registration.

(3) The ~~((department of information services))~~ consolidated technology services agency shall provide counties that elect to receive

a jury source list merged by ~~((department of information services))~~ the consolidated technology services agency with a list of names which are possible duplicates that cannot be resolved based on the identifying information required under subsection (2) of this section. If a possible duplication cannot subsequently be resolved satisfactorily through reasonable efforts by the county receiving the merged list, the possible duplicate name shall be stricken from the jury source list until the next annual jury source list is prepared.

**Sec. 813.** RCW 29A.08.760 and 2009 c 369 s 35 are each amended to read as follows:

The secretary of state shall provide a duplicate copy of the master statewide computer file or electronic data file of registered voters to the ~~((department of information services))~~ consolidated technology services agency for purposes of creating the jury source list without cost. Restrictions as to the commercial use of the information on the statewide computer tape or data file of registered voters, and penalties for its misuse, shall be the same as provided in RCW 29A.08.720 and 29A.08.740.

**Sec. 814.** RCW 43.63A.550 and 1998 c 245 s 71 are each amended to read as follows:

(1) The department shall assist in the process of inventorying and collecting data on public and private land for the acquisition of data describing land uses, demographics, infrastructure, critical areas, transportation corridors physical features, housing, and other information useful in managing growth throughout the state. For this purpose the department ~~((shall))~~ may contract with the ~~((department of information services))~~ consolidated technology services agency and shall form an advisory group consisting of representatives from state, local, and federal agencies, colleges and universities, and private firms with expertise in land planning, and geographic information systems.

(2) The department shall establish a sequence for acquiring data, giving priority to rapidly growing areas. The data shall be retained in a manner to facilitate its use in preparing maps, aggregating with data from multiple jurisdictions, and comparing changes over time. Data shall further be retained in a manner which permits its access via computer.

(3) The department shall work with other state agencies, local governments, and private organizations that are inventorying public and private lands to ensure close coordination and to ensure that duplication of efforts does not occur.

**NEW SECTION. Sec. 815.** (1) The state auditor shall complete a two-part performance audit of the consolidated state data center. The first part of the performance audit may include, but is not limited to:

(a) A review of the business case developed prior to the state entering into financial agreements for the consolidated state data center, including an assessment of:

(i) The methodology used to determine the requisite size and scale of the project;

(ii) The cost assumptions developed as part of the business case for building a data center in Thurston county as compared to building a data center in other locations in the state;

(iii) To what extent private sector alternatives were considered; and

(iv) An assessment of the decision-making process leading up to the decision to enter into financial agreements for the consolidated state data center, including who made the decision to pursue the consolidated state data center over other alternatives; and

(b) A review of the timeline under which milestone decisions were made regarding the consolidated state data center.

(2) The first part of the performance audit conducted under this section will be used to inform the second part of the performance audit conducted under section 816 of this act. The full two-part performance audit must be completed and submitted to the governor and the legislature by December 1, 2012.

**NEW SECTION. Sec. 816.** (1) Upon completion of the first part of a two-part performance audit of the consolidated state data center as outlined under section 815 of this act, the state auditor shall complete the second part of the performance audit. The second part of the performance audit may include, but is not limited to, a technical and financial assessment of the current business plan developed for the consolidated state data center, which may include:

- (a) A detailed comparison of the consolidated state data center business plan with business plans developed for state data centers in other states;
  - (b) The costs associated with transitioning to, and operating, the consolidated state data center, including analysis of the fixed lease costs, the up-front transition costs, and the ongoing maintenance and operation costs;
  - (c) The potential budgetary impacts on the general fund in the short and long term;
  - (d) The predictability of the cost of occupying the consolidated state data center for state agencies;
  - (e) The risks associated with transitioning to the consolidated state data center, including the possibility of service interruptions, cost overruns, and other unforeseen costs;
  - (f) The potential return on investment for state taxpayers, including the future value of the consolidated state data center once the state has paid the lease costs in full; and
  - (g) A review of the business and financial viability of the state receiving revenue from leasing equipment or excess capacity, or both, in data halls 3 and 4 of the consolidated state data center.
- (2) The full performance audit must be completed and submitted to the governor and the legislature by December 1, 2012.

#### PART IX

#### EDUCATION RESEARCH AND DATA CENTER

**Sec. 901.** RCW 43.41.400 and 2009 c 548 s 201 are each amended to read as follows:

((1) An education data center shall be established in the office of financial management. The education data center shall jointly, with the legislative evaluation and accountability program committee, conduct collaborative analyses of early learning, K-12, and higher education programs and education issues across the P-20 system, which includes the department of early learning, the superintendent of public instruction, the professional educator standards board, the state board of education, the state board for community and technical colleges, the workforce training and education coordinating board, the higher education coordinating board, public and private nonprofit four-year institutions of higher education, and the employment security department. The education data center shall conduct collaborative analyses under this section with the legislative evaluation and accountability program committee and provide data electronically to the legislative evaluation and accountability program committee, to the extent permitted by state and federal confidentiality requirements. The education data center shall be considered an authorized representative of the state educational agencies in this section under applicable federal and state statutes for purposes of accessing and compiling student record data for research purposes.

(2) The education data center shall:

- (a) In consultation with the legislative evaluation and accountability program committee and the agencies and organizations participating in the education data center, identify the critical research and policy questions that are intended to be addressed by the education data center and the data needed to address the questions;
- (b) Coordinate with other state education agencies to compile and analyze education data, including data on student demographics that is disaggregated by distinct ethnic categories within racial subgroups, and complete P-20 research projects;
- (c) Collaborate with the legislative evaluation and accountability program committee and the education and fiscal committees of the legislature in identifying the data to be compiled and analyzed to

ensure that legislative interests are served;

(d) Annually provide to the K-12 data governance group a list of data elements and data quality improvements that are necessary to answer the research and policy questions identified by the education data center and have been identified by the legislative committees in (c) of this subsection. Within three months of receiving the list, the K-12 data governance group shall develop and transmit to the education data center a feasibility analysis of obtaining or improving the data, including the steps required, estimated time frame, and the financial and other resources that would be required. Based on the analysis, the education data center shall submit, if necessary, a recommendation to the legislature regarding any statutory changes or resources that would be needed to collect or improve the data;

(e) Monitor and evaluate the education data collection systems of the organizations and agencies represented in the education data center ensuring that data systems are flexible, able to adapt to evolving needs for information, and to the extent feasible and necessary, include data that are needed to conduct the analyses and provide answers to the research and policy questions identified in (a) of this subsection;

(f)) The office of financial management shall:

(1) Track enrollment and outcomes through the public centralized higher education enrollment system;

((g)) (2) Assist other state educational agencies' collaborative efforts to develop a long-range enrollment plan for higher education including estimates to meet demographic and workforce needs;

((h) Provide research that focuses on student transitions within and among the early learning, K-12, and higher education sectors in the P-20 system; and

(i) Make recommendations to the legislature as necessary to help ensure the goals and objectives of this section and RCW 28A.655.210 and 28A.300.507 are met.

(3) The department of early learning, superintendent of public instruction, professional educator standards board, state board of education, state board for community and technical colleges, workforce training and education coordinating board, higher education coordinating board, public four-year institutions of higher education, and employment security department shall work with the education data center to develop data-sharing and research agreements, consistent with applicable security and confidentiality requirements, to facilitate the work of the center. Private, nonprofit institutions of higher education that provide programs of education beyond the high school level leading at least to the baccalaureate degree and are accredited by the Northwest association of schools and colleges or their peer accreditation bodies may also develop data-sharing and research agreements with the education data center, consistent with applicable security and confidentiality requirements. The education data center shall make data from collaborative analyses available to the education agencies and institutions that contribute data to the education data center to the extent allowed by federal and state security and confidentiality requirements applicable to the data of each contributing agency or institution))

(3) Develop data-sharing and research agreements with the legislative evaluation and accountability program and public institutions of higher education, consistent with applicable security and confidentiality requirements, to facilitate the work of the education research and data center under section 902 of this act; and

(4) Cooperate with the education research and data center to compile and analyze education data.

**NEW SECTION. Sec. 902.** A new section is added to chapter 44.48 RCW to read as follows:

(1) An education research and data center is established under the legislative evaluation and accountability program committee. The purpose of the center is to:

- (a) Serve as a data warehouse for education data across the P-20 education system, which includes the department of early learning,

the office of the superintendent of public instruction, the professional educator standards board, the state board of education, the state board for community and technical colleges, the workforce training and education coordinating board, the office of financial management, the higher education coordinating board, public and private nonprofit four-year institutions of higher education, and the employment security department;

(b) Coordinate with other state education agencies to compile and analyze education data, including data on student demographics that is disaggregated by distinct ethnic categories within racial subgroups, and conduct collaborative analyses of early learning, K-12, and higher education programs and education issues across the P-20 system;

(c) Disseminate education data and information, consistent with applicable security and confidentiality requirements, to the education agencies and institutions that contribute data to the center and to school districts, policymakers, educators, researchers, and the public; and

(d) Develop and maintain a searchable web site with education data and information, including downloadable files and customizable reports.

(2) The education research and data center shall be considered an authorized representative of the state educational agencies in this section under applicable federal and state statutes for purposes of accessing and compiling student record data for research purposes.

(3) The education research and data center shall:

(a) In consultation with the agencies and organizations participating in the center, identify the critical research and policy questions that are intended to be addressed by the center, the data needed to address the questions, key clients for the data and their needs, and the role these clients can play in addressing the questions;

(b) Collaborate with the office of financial management and the education and fiscal committees of the legislature in identifying the data to be compiled and analyzed;

(c) Annually provide to the K-12 data governance group under RCW 28A.300.507 a list of data elements and data quality improvements that are necessary to answer critical research and policy questions. Within three months of receiving the list, the K-12 data governance group shall develop and transmit to the center a feasibility analysis of obtaining or improving the data, including the steps required, estimated time frame, and the financial and other resources that would be required. Based on the analysis, the education research and data center shall submit, if necessary, a recommendation to the legislature regarding any statutory changes or resources that would be needed to collect or improve the data;

(d) Monitor and evaluate the education data collection systems of the state educational agencies to ensure that data systems are flexible and able to adapt to evolving needs for information, and to the extent feasible and necessary, include data needed to conduct the analyses and provide answers to the research and policy questions identified in (a) of this subsection;

(e) Facilitate use of the data to support academic research and studies by the state educational agencies, independent academic researchers, legislative research agencies, and others; and

(f) Make recommendations to the legislature as necessary so that the goals and objectives of this section and RCW 28A.655.210 and 28A.300.507 are met.

(4) The department of early learning, office of the superintendent of public instruction, professional educator standards board, state board of education, state board for community and technical colleges, workforce training and education coordinating board, higher education coordinating board, office of financial management, public four-year institutions of higher education, and employment security department shall work with the education research and data center to develop data-sharing and research agreements, consistent with applicable security and confidentiality requirements, to facilitate the work of the center. Private, nonprofit institutions of higher education

that provide programs of education beyond the high school level leading at least to the baccalaureate degree and are accredited by the Northwest association of schools and colleges or their peer accreditation bodies may also develop data-sharing and research agreements with the education research and data center, consistent with applicable security and confidentiality requirements.

(5) The education research and data center and the superintendent of public instruction shall take all actions necessary to secure federal funds to implement this section, RCW 28A.655.210, and 28A.300.507.

**Sec. 903.** RCW 44.48.090 and 2001 c 259 s 14 are each amended to read as follows:

The committee shall have the following powers:

(1) To have timely access, upon written request of the administrator, to all machine readable, printed, and other data of state agencies relative to expenditures, budgets, and related fiscal matters;

(2) To suggest changes relative to state accounting and reporting systems to the office of financial management or its successor and to require timely written responses to such suggestions; ~~((and))~~

(3) Subject to RCW 44.04.260, to enter into contracts; and when entering into any contract for computer access, make necessary provisions relative to the scheduling of computer time and usage in recognition of the unique requirements and priorities of the legislative process; and

(4) To manage and oversee the education research and data center as provided in section 902 of this act.

**NEW SECTION. Sec. 904.** (1) The education data center in the office of financial management is abolished.

(2)(a) All reports, documents, surveys, books, records, files, papers, databases, or other written or electronic material in the possession of the education data center shall be delivered to the custody of the legislative evaluation and accountability program committee for purposes of the education research and data center established under section 902 of this act. Written or electronic materials and data sets pertaining solely to the public centralized higher education enrollment system shall be retained by the office of financial management, but written or electronic materials and data sets that are the result of the work of the education data center to link data in the public centralized higher education enrollment system to other educational databases shall be delivered to the legislative evaluation and accountability program committee. All funds, credits, or other monetary assets held by the education data center shall be assigned to the legislative evaluation and accountability program committee.

(b) Any appropriations made to the office of financial management for purposes of the education data center shall, on the effective date of this section, be transferred and credited to the legislative evaluation and accountability program committee.

(c) If any questions arise as to the transfer of any funds, books, documents, records, papers, files, databases, or other written or electronic material previously used or held in the exercise of the powers and performance of the education data center, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(d) The elimination of the education data center shall not affect the validity of any act performed before the effective date of this section.

(e) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and property records in accordance with the certification.

(3) All data-sharing and research agreements developed between the state educational agencies under section 902 of this act and the education data center before the effective date of this section shall be

transferred to the education research and data center under the legislative evaluation and accountability program committee and shall be continued and acted upon by the education research and data center as the successor agency and authorized representative of the state educational agencies. All existing contracts and obligations shall remain in full force and shall be performed by the education research and data center.

(4) The education research and data center under the legislative evaluation and accountability program committee shall assume the role of program director for purposes of the federal evergreen state P-20 longitudinal education data system grant.

**Sec. 905.** RCW 28A.300.500 and 2007 c 401 s 2 are each amended to read as follows:

(1) The office of the superintendent of public instruction is authorized to establish a longitudinal student data system for and on behalf of school districts in the state. The primary purpose of the data system is to better aid research into programs and interventions that are most effective in improving student performance, better understand the state's public educator workforce, and provide information on areas within the educational system that need improvement.

(2) The confidentiality of personally identifiable student data shall be safeguarded consistent with the requirements of the federal family educational rights privacy act and applicable state laws. Consistent with the provisions of these federal and state laws, data may be disclosed for educational purposes and studies, including but not limited to:

(a) Educational studies authorized or mandated by the state legislature;

(b) Studies initiated by other state educational authorities and authorized by the office of the superintendent of public instruction, including analysis conducted by the education research and data center established under ((RCW 43.41.400)) section 902 of this act; and

(c) Studies initiated by other public or private agencies and organizations and authorized by the office of the superintendent of public instruction.

(3) Any agency or organization that is authorized by the office of the superintendent of public instruction to access student-level data shall adhere to all federal and state laws protecting student data and safeguarding the confidentiality and privacy of student records.

(4) Nothing in this section precludes the office of the superintendent of public instruction from collecting and distributing aggregate data about students or student-level data without personally identifiable information.

**Sec. 906.** RCW 28A.300.507 and 2009 c 548 s 203 are each amended to read as follows:

(1) A K-12 data governance group shall be established within the office of the superintendent of public instruction to assist in the design and implementation of a K-12 education data improvement system for financial, student, and educator data. It is the intent that the data system reporting specifically serve requirements for teachers, parents, superintendents, school boards, the office of the superintendent of public instruction, the legislature, and the public.

(2) The K-12 data governance group shall include representatives of the education research and data center, the office of the superintendent of public instruction, ((the legislative evaluation and accountability program committee)) the professional educator standards board, the state board of education, and school district staff, including information technology staff. Additional entities with expertise in education data may be included in the K-12 data governance group.

(3) The K-12 data governance group shall:

(a) Identify the critical research and policy questions that need to be addressed by the K-12 education data improvement system;

(b) Identify reports and other information that should be made available on the internet in addition to the reports identified in subsection (5) of this section;

(c) Create a comprehensive needs requirement document detailing the specific information and technical capacity needed by school districts and the state to meet the legislature's expectations for a comprehensive K-12 education data improvement system as described under RCW 28A.655.210;

(d) Conduct a gap analysis of current and planned information compared to the needs requirement document, including an analysis of the strengths and limitations of an education data system and programs currently used by school districts and the state, and specifically the gap analysis must look at the extent to which the existing data can be transformed into canonical form and where existing software can be used to meet the needs requirement document;

(e) Focus on financial and cost data necessary to support the new K-12 financial models and funding formulas, including any necessary changes to school district budgeting and accounting, and on assuring the capacity to link data across financial, student, and educator systems; and

(f) Define the operating rules and governance structure for K-12 data collections, ensuring that data systems are flexible and able to adapt to evolving needs for information, within an objective and orderly data governance process for determining when changes are needed and how to implement them. Strong consideration must be made to the current practice and cost of migration to new requirements. The operating rules should delineate the coordination, delegation, and escalation authority for data collection issues, business rules, and performance goals for each K-12 data collection system, including:

(i) Defining and maintaining standards for privacy and confidentiality;

(ii) Setting data collection priorities;

(iii) Defining and updating a standard data dictionary;

(iv) Ensuring data compliance with the data dictionary;

(v) Ensuring data accuracy; and

(vi) Establishing minimum standards for school, student, financial, and teacher data systems. Data elements may be specified "to the extent feasible" or "to the extent available" to collect more and better data sets from districts with more flexible software. Nothing in ((RCW 43.41.400)) section 902 of this act, this section, or RCW 28A.655.210 should be construed to require that a data dictionary or reporting should be hobbled to the lowest common set. The work of the K-12 data governance group must specify which data are desirable. Districts that can meet these requirements shall report the desirable data. Funding from the legislature must establish which subset data are absolutely required.

(4)(a) The K-12 data governance group shall provide updates on its work as requested by the education research and data center ((and the legislative evaluation and accountability program committee)).

(b) The work of the K-12 data governance group shall be periodically reviewed and monitored by the ((educational)) education research and data center ((and the legislative evaluation and accountability program committee)).

(5) To the extent data is available, the office of the superintendent of public instruction shall make the following minimum reports available on the internet. The reports must either be run on demand against current data, or, if a static report, must have been run against the most recent data:

(a) The percentage of data compliance and data accuracy by school district;

(b) The magnitude of spending per student, by student estimated by the following algorithm and reported as the detailed summation of the following components:

(i) An approximate, prorated fraction of each teacher or human resource element that directly serves the student. Each human resource element must be listed or accessible through online tunneling in the report;

(ii) An approximate, prorated fraction of classroom or building costs used by the student;

(iii) An approximate, prorated fraction of transportation costs used by the student; and

(iv) An approximate, prorated fraction of all other resources within the district. District-wide components should be disaggregated to the extent that it is sensible and economical;

(c) The cost of K-12 basic education, per student, by student, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(d) The cost of K-12 special education services per student, by student receiving those services, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(e) Improvement on the statewide assessments computed as both a percentage change and absolute change on a scale score metric by district, by school, and by teacher that can also be filtered by a student's length of full-time enrollment within the school district;

(f) Number of K-12 students per classroom teacher on a per teacher basis;

(g) Number of K-12 classroom teachers per student on a per student basis;

(h) Percentage of a classroom teacher per student on a per student basis; and

(i) The cost of K-12 education per student by school district sorted by federal, state, and local dollars.

(6) The superintendent of public instruction shall submit a preliminary report to the legislature by November 15, 2009, including the analyses by the K-12 data governance group under subsection (3) of this section and preliminary options for addressing identified gaps. A final report, including a proposed phase-in plan and preliminary cost estimates for implementation of a comprehensive data improvement system for financial, student, and educator data shall be submitted to the legislature by September 1, 2010.

(7) All reports and data referenced in this section (~~and RCW 43.41.400~~), section 902 of this act, and RCW 28A.655.210 shall be made available in a manner consistent with the technical requirements of the (~~legislative evaluation and accountability program committee and the~~) education research and data center so that selected data can be provided to the legislature, governor, school districts, and the public.

(8) Reports shall contain data to the extent it is available. All reports must include documentation of which data are not available or are estimated. Reports must not be suppressed because of poor data accuracy or completeness. Reports may be accompanied with documentation to inform the reader of why some data are missing or inaccurate or estimated.

**Sec. 907.** RCW 28A.655.210 and 2009 c 548 s 202 are each amended to read as follows:

(1) It is the legislature's intent to establish a comprehensive K-12 education data improvement system for financial, student, and educator data. The objective of the system is to monitor student progress, have information on the quality of the educator workforce, monitor and analyze the costs of programs, provide for financial integrity and accountability, and have the capability to link across these various data components by student, by class, by teacher, by school, by district, and statewide. Education data systems must be flexible and able to adapt to evolving needs for information, but there must be an objective and orderly data governance process for determining when changes are needed and how to implement them. It is the further intent of the legislature to provide independent review and evaluation of a comprehensive K-12 education data improvement

system by assigning the review and monitoring responsibilities to the education research and data center (~~and the legislative evaluation and accountability program committee~~).

(2) It is the intent that the data system specifically service reporting requirements for teachers, parents, superintendents, school boards, the legislature, the office of the superintendent of public instruction, and the public.

(3) It is the legislature's intent that the K-12 education data improvement system used by school districts and the state include but not be limited to the following information and functionality:

(a) Comprehensive educator information, including grade level and courses taught, building or location, program, job assignment, years of experience, the institution of higher education from which the educator obtained his or her degree, compensation, class size, mobility of class population, socioeconomic data of class, number of languages and which languages are spoken by students, general resources available for curriculum and other classroom needs, and number and type of instructional support staff in the building;

(b) The capacity to link educator assignment information with educator certification information such as certification number, type of certification, route to certification, certification program, and certification assessment or evaluation scores;

(c) Common coding of secondary courses and major areas of study at the elementary level or standard coding of course content;

(d) Robust student information, including but not limited to student characteristics, course and program enrollment, performance on statewide and district summative and formative assessments to the extent district assessments are used, and performance on college readiness tests;

(e) A subset of student information elements to serve as a dropout early warning system;

(f) The capacity to link educator information with student information;

(g) A common, standardized structure for reporting the costs of programs at the school and district level with a focus on the cost of services delivered to students;

(h) Separate accounting of state, federal, and local revenues and costs;

(i) Information linking state funding formulas to school district budgeting and accounting, including procedures:

(i) To support the accuracy and auditing of financial data; and

(ii) Using the prototypical school model for school district financial accounting reporting;

(j) The capacity to link program cost information with student performance information to gauge the cost-effectiveness of programs;

(k) Information that is centrally accessible and updated regularly; and

(l) An anonymous, nonidentifiable replicated copy of data that is updated at least quarterly, and made available to the public by the state.

(4) It is the legislature's goal that all school districts have the capability to collect state-identified common data and export it in a standard format to support a statewide K-12 education data improvement system under this section.

(5) It is the legislature's intent that the K-12 education data improvement system be developed to provide the capability to make reports as required under RCW 28A.300.507 available.

(6) It is the legislature's intent that school districts collect and report new data elements to satisfy the requirements of (~~RCW 43.41.400~~) section 902 of this act, this section, and RCW 28A.300.507, only to the extent funds are available for this purpose.

**Sec. 908.** RCW 28A.657.110 and 2010 c 235 s 111 are each amended to read as follows:

(1) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic

education, increases the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition, for continuous improvement, and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance.

(3) The state board of education, in cooperation with the office of the superintendent of public instruction, shall annually recognize schools for exemplary performance as measured on the state board of education accountability index. The state board of education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps.

(4) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

(5) The state board of education shall work with the education research and data center (~~established within the office of financial management~~) and the technical working group established in (~~section 112, chapter 548, Laws of 2009~~) RCW 28A.290.020 to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and districts but also as a tool for schools and districts to report to the state legislature and the state board of education on how the state resources received are being used.

**NEW SECTION. Sec. 909.** RCW 43.41.405 (K-12 data-- Securing federal funds) and 2009 c 548 s 204 are each repealed.

#### PART X

#### ADMINISTRATIVE AND MISCELLANEOUS PROVISIONS

**NEW SECTION. Sec. 1001.** A new section is added to chapter 41.80 RCW to read as follows:

(1) By January 1, 2012, the public employment relations commission may review the appropriateness of the collective bargaining units transferred under sections 1002, 1003, 1004, 1008, and 1009 of this act. The employer or the exclusive bargaining representative may petition the public employment relations commission to review the bargaining units in accordance with this section.

(2) If the commission determines that an existing collective bargaining unit is appropriate pursuant to RCW 41.80.070, the exclusive bargaining representative certified to represent the bargaining unit prior to January 1, 2012, shall continue as the exclusive bargaining representative without the necessity of an election.

(3) If the commission determines that existing collective bargaining units are not appropriate, the commission may modify the units and order an election pursuant to RCW 41.80.080. Certified bargaining representatives will not be required to demonstrate a showing of interest to be included on the ballot.

(4) The commission may require an election pursuant to RCW 41.80.080 if similarly situated employees are represented by more than one employee organization. Certified bargaining representatives

will not be required to demonstrate a showing of interest to be included on the ballot.

**NEW SECTION. Sec. 1002.** A new section is added to chapter 43.19 RCW to read as follows:

(1) The department of general administration is hereby abolished and its powers, duties, and functions are transferred to the department of enterprise services. All references to the director or department of general administration in the Revised Code of Washington shall be construed to mean the director or the department of enterprise services.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of general administration shall be delivered to the custody of the department of enterprise services. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of general administration shall be made available to the department of enterprise services. All funds, credits, or other assets held by the department of general administration shall be assigned to the department of enterprise services.

(b) Any appropriations made to the department of general administration shall, on the effective date of this section, be transferred and credited to the department of enterprise services.

(c) If any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the department of general administration shall be continued and acted upon by the department of enterprise services. All existing contracts and obligations shall remain in full force and shall be performed by the department of enterprise services.

(4) The transfer of the powers, duties, functions, and personnel of the department of general administration shall not affect the validity of any act performed before the effective date of this section.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(6) All employees of the department of general administration engaged in performing the powers, functions, and duties transferred to the department of enterprise services, are transferred to the department of enterprise services. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of enterprise services to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service law.

(7) Unless or until modified by the public employment relations commission pursuant to section 1001 of this act:

(a) The bargaining units of employees at the department of general administration existing on the effective date of this section shall be considered appropriate units at the department of enterprise services and will be so certified by the public employment relations commission.

(b) The exclusive bargaining representatives recognized as representing the bargaining units of employees at the department of general administration existing on the effective date of this section shall continue as the exclusive bargaining representatives of the transferred bargaining units without the necessity of an election.

**NEW SECTION. Sec. 1003.** A new section is added to chapter 43.19 RCW to read as follows:

(1) The public printer is hereby abolished and its powers, duties, and functions, to the extent provided in this act, are transferred to the department of enterprise services. All references to the public printer in the Revised Code of Washington shall be construed to mean the director or the department of enterprise services.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the public printer shall be delivered to the custody of the department of enterprise services. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the public printer shall be made available to the department of enterprise services. All funds, credits, or other assets held by the public printer shall be assigned to the department of enterprise services.

(b) Any appropriations made to the public printer shall, on the effective date of this section, be transferred and credited to the department of enterprise services.

(c) If any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the public printer shall be continued and acted upon by the department of enterprise services. All existing contracts and obligations shall remain in full force and shall be performed by the department of enterprise services.

(4) The transfer of the powers, duties, functions, and personnel of the public printer shall not affect the validity of any act performed before the effective date of this section.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(6) All employees of the public printer engaged in performing the powers, functions, and duties transferred to the department of enterprise services are transferred to the department of enterprise services.

(a) The commercial agreement between the graphic communications conference of the international brotherhood of teamsters, local 767M and the department of printing-bindery that became effective July 1, 2007, shall remain in effect during its duration. Upon expiration, the parties may extend the terms of the agreement; however, the agreement may not be extended beyond September 30, 2011. Beginning October 1, 2011, chapter 41.80 RCW shall apply to the department of enterprise services with respect to employees in positions formerly covered under the expired commercial agreement.

(b) The commercial agreement between the graphic communications conference of the international brotherhood of teamsters, local 767M and the department of printing-litho that became effective July 1, 2007, shall remain in effect during its duration. Upon expiration, the parties may extend the terms of the agreement; however, the agreement may not be extended beyond September 30, 2011. Beginning October 1, 2011, chapter 41.80 RCW shall apply to the department of enterprise services with respect to the employees in positions formerly covered under the expired commercial agreement.

(c) The typographical contract between the communications workers of America, the newspaper guild, local 37082, and the department of printing-typographical that became effective July 1, 2007, shall remain in effect during its duration. Upon expiration, the parties may extend the terms of the agreement; however, the agreement may not be extended beyond September 30, 2011. Beginning October 1, 2011, chapter 41.80 RCW shall apply to the

department of enterprise services with respect to the employees in positions formerly covered under the expired typographical contract.

(d) All other employees of the public printer not covered by the contracts and agreements specified in (a) through (c) of this subsection shall be exempt from chapter 41.06 RCW until October 1, 2011, at which time these employees shall be subject to chapter 41.06 RCW, unless otherwise deemed exempt in accordance with that chapter.

(7) Unless or until modified by the public employment relations commission pursuant to section 1001 of this act:

(a) The bargaining units of printing craft employees existing on the effective date of this section shall be considered an appropriate unit at the department of enterprise services and will be so certified by the public employment relations commission; and

(b) The exclusive bargaining representatives recognized as representing the bargaining units of printing craft employees existing on the effective date of this section shall continue as the exclusive bargaining representatives of the transferred bargaining units without the necessity of an election.

**NEW SECTION. Sec. 1004.** A new section is added to chapter 43.19 RCW to read as follows:

**NEW SECTION. Sec. 1008.** A new section is added to chapter 43.330 RCW to read as follows:

(1) All powers, duties, and functions of the department of information services pertaining to high-speed internet activities are transferred to the department of commerce. All references to the director or the department of information services in the Revised Code of Washington shall be construed to mean the director or the department of commerce when referring to the functions transferred in this section.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of information services pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the department of commerce. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of information services in carrying out the powers, functions, and duties transferred shall be made available to the department of commerce. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the department of commerce.

(b) Any appropriations made to the department of information services for carrying out the powers, functions, and duties transferred shall, on the effective date of this section, be transferred and credited to the department of commerce.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the

director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the department of information services engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the department of commerce. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of commerce to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the department of information services pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the department of commerce. All existing contracts and obligations shall remain in full force and shall be performed by the department of commerce.

(5) The transfer of the powers, duties, functions, and personnel of the department of information services shall not affect the validity of any act performed before the effective date of this section.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) All classified employees of the department of information services assigned to the department of commerce under this section whose positions are within an existing bargaining unit description at the department of commerce shall become a part of the existing bargaining unit at the department of commerce and shall be considered an appropriate inclusion or modification of the existing bargaining unit under the provisions of chapter 41.80 RCW.

**NEW SECTION. Sec. 1009.** A new section is added to chapter 43.330 RCW to read as follows:

(1) Those powers, duties, and functions of the department of information services being transferred to the consolidated technology services agency as set forth in sections 801 through 816 of this act are hereby transferred to the consolidated technology services agency.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of information services shall be delivered to the custody of the consolidated technology services agency. All funds, credits, or other assets held by the department of information services shall be assigned to the consolidated technology services agency.

(b) Any appropriations made to the department of information services shall, on the effective date of this section, be transferred and credited to the consolidated technology services agency.

(c) If any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the department of information services pertaining to the powers, duties, and functions transferred shall be continued and acted upon by the consolidated technology services agency. All existing contracts and obligations shall remain in full force and shall be performed by the consolidated technology services agency.

(4) The transfer of the powers, duties, functions, and personnel of the department of information services shall not affect the validity of any act performed before the effective date of this section.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial

management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(6) All employees of the department of information services engaged in performing the powers, functions, and duties transferred to the consolidated technology services agency are transferred to the consolidated technology services agency. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the consolidated technology services agency to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service law.

(7) Unless or until modified by the public employment relations commission pursuant to section 1001 of this act:

(a) The portions of the bargaining units of employees at the department of information services existing on the effective date of this section shall be considered appropriate units at the consolidated technology services agency and will be so certified by the public employment relations commission.

(b) The exclusive bargaining representatives recognized as representing the portions of the bargaining units of employees at the department of information services existing on the effective date of this section shall continue as the exclusive bargaining representatives of the transferred bargaining units without the necessity of an election.

**Sec. 1010.** RCW 41.06.070 and 2010 c 271 s 801, 2010 c 2 s 2, and 2010 c 1 s 1 are each reenacted and amended to read as follows:

(1) The provisions of this chapter do not apply to:

(a) The members of the legislature or to any employee of, or position in, the legislative branch of the state government including members, officers, and employees of the legislative council, joint legislative audit and review committee, statute law committee, and any interim committee of the legislature;

(b) The justices of the supreme court, judges of the court of appeals, judges of the superior courts or of the inferior courts, or to any employee of, or position in the judicial branch of state government;

(m) ((The public printer or to any employees of or positions in the state printing plant;

(n))) Officers and employees of the Washington state fruit commission;

((~~(n)~~)) (n) Officers and employees of the Washington apple commission;

((~~(o)~~)) (o) Officers and employees of the Washington state dairy products commission;

((~~(p)~~)) (p) Officers and employees of the Washington tree fruit research commission;

((~~(q)~~)) (q) Officers and employees of the Washington state beef commission;

((~~(r)~~)) (r) Officers and employees of the Washington grain commission;

((~~(s)~~)) (s) Officers and employees of any commission formed under chapter 15.66 RCW;

((~~(t)~~)) (t) Officers and employees of agricultural commissions formed under chapter 15.65 RCW;

((~~(u)~~)) (u) Officers and employees of the nonprofit corporation formed under chapter 67.40 RCW;

((~~(v)~~)) (v) Executive assistants for personnel administration and labor relations in all state agencies employing such executive assistants including but not limited to all departments, offices, commissions, committees, boards, or other bodies subject to the provisions of this chapter and this subsection shall prevail over any provision of law inconsistent herewith unless specific exception is made in such law;

((~~(w)~~)) (w) In each agency with fifty or more employees: Deputy agency heads, assistant directors or division directors, and not more than three principal policy assistants who report directly to the agency head or deputy agency heads;

((~~(x)~~)) (x) All employees of the marine employees' commission;

((~~(y)~~)) (y) Staff employed by the department of commerce to administer energy policy functions;

((~~(aa)~~)) (z) The manager of the energy facility site evaluation council;

((~~(bb)~~)) (aa) A maximum of ten staff employed by the department of commerce to administer innovation and policy functions, including the three principal policy assistants exempted under (x) of this subsection;

((~~(ee)~~)) (bb) Staff employed by Washington State University to administer energy education, applied research, and technology transfer programs under RCW 43.21F.045 as provided in RCW 28B.30.900(5);

(cc) Officers and employees of the consolidated technology services agency created in section 801 of this act that perform the following functions or duties: Systems integration; data center engineering and management; network systems engineering and management; information technology contracting; information technology customer relations management; and network and systems security.

(2) The following classifications, positions, and employees of institutions of higher education and related boards are hereby exempted from coverage of this chapter:

(a) Members of the governing board of each institution of higher education and related boards, all presidents, vice presidents, and their confidential secretaries, administrative, and personal assistants; deans, directors, and chairs; academic personnel; and executive heads of

major administrative or academic divisions employed by institutions of higher education; principal assistants to executive heads of major administrative or academic divisions; other managerial or professional employees in an institution or related board having substantial responsibility for directing or controlling program operations and accountable for allocation of resources and program results, or for the formulation of institutional policy, or for carrying out personnel administration or labor relations functions, legislative relations, public information, development, senior computer systems and network programming, or internal audits and investigations; and any employee of a community college district whose place of work is one which is physically located outside the state of Washington and who is employed pursuant to RCW 28B.50.092 and assigned to an educational program operating outside of the state of Washington;

(b) The governing board of each institution, and related boards, may also exempt from this chapter classifications involving research activities, counseling of students, extension or continuing education activities, graphic arts or publications activities requiring prescribed academic preparation or special training as determined by the board: PROVIDED, That no nonacademic employee engaged in office, clerical, maintenance, or food and trade services may be exempted by the board under this provision;

(c) Printing craft employees in the department of printing at the University of Washington.

(3) In addition to the exemptions specifically provided by this chapter, the director (~~(of personnel)~~) may provide for further exemptions pursuant to the following procedures. The governor or other appropriate elected official may submit requests for exemption to the (~~(director of personnel)~~) office of financial management stating the reasons for requesting such exemptions. The director (~~(of personnel)~~) shall hold a public hearing, after proper notice, on requests submitted pursuant to this subsection. If the director determines that the position for which exemption is requested is one involving substantial responsibility for the formulation of basic agency or executive policy or one involving directing and controlling program operations of an agency or a major administrative division thereof, or is a senior expert in enterprise information technology infrastructure, engineering, or systems, the director (~~(of personnel)~~) shall grant the request (~~(and such determination shall be final as to any decision made before July 1, 1993)~~). The total number of additional exemptions permitted under this subsection shall not exceed one percent of the number of employees in the classified service not including employees of institutions of higher education and related boards for those agencies not directly under the authority of any elected public official other than the governor, and shall not exceed a total of twenty-five for all agencies under the authority of elected public officials other than the governor.

The salary and fringe benefits of all positions presently or hereafter exempted except for the chief executive officer of each agency, full-time members of boards and commissions, administrative assistants and confidential secretaries in the immediate office of an elected state official, and the personnel listed in subsections (1)(j) through (~~((x))~~) ((u)) and (~~((y))~~) ((x)) and (2) of this section, shall be determined by the director (~~(of personnel)~~). Changes to the classification plan affecting exempt salaries must meet the same provisions for classified salary increases resulting from adjustments to the classification plan as outlined in RCW 41.06.152.

From February 18, 2009, through June 30, 2011, a salary or wage increase shall not be granted to any position exempt from classification under this chapter, except that a salary or wage increase may be granted to employees pursuant to collective bargaining agreements negotiated under chapter 28B.52, 41.56, 47.64, or 41.76 RCW, or negotiated by the nonprofit corporation formed under chapter 67.40 RCW, and except that increases may be granted for positions for which the employer has demonstrated difficulty retaining qualified employees if the following conditions are met:

- (a) The salary increase can be paid within existing resources; and
- (b) The salary increase will not adversely impact the provision of client services.

Any agency granting a salary increase from February 15, 2010, through June 30, 2011, to a position exempt from classification under this chapter shall submit a report to the fiscal committees of the legislature no later than July 31, 2011, detailing the positions for which salary increases were granted, the size of the increases, and the reasons for giving the increases.

Any person holding a classified position subject to the provisions of this chapter shall, when and if such position is subsequently exempted from the application of this chapter, be afforded the following rights: If such person previously held permanent status in another classified position, such person shall have a right of reversion to the highest class of position previously held, or to a position of similar nature and salary.

Any classified employee having civil service status in a classified position who accepts an appointment in an exempt position shall have the right of reversion to the highest class of position previously held, or to a position of similar nature and salary.

A person occupying an exempt position who is terminated from the position for gross misconduct or malfeasance does not have the right of reversion to a classified position as provided for in this section.

From February 15, 2010, until June 30, 2011, no monetary performance-based awards or incentives may be granted by the director or employers to employees covered by rules adopted under this section. This subsection does not prohibit the payment of awards provided for in chapter 41.60 RCW.

### THIRD READING

### MESSAGE FROM THE SENATE

May 25, 2011

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2088 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that, despite increases in degree production, there remain acute shortages in high employer demand programs of study, particularly in the science, technology, engineering, and mathematics (STEM) and health care fields of study. According to the workforce training and education coordinating board, seventeen percent of Washington businesses had difficulty finding job applicants in 2010. Eleven thousand employers did not fill a vacancy because they lacked qualified job applicants. Fifty-nine percent of projected job openings in Washington state from now until 2017 will require some form of postsecondary education and training.

It is the intent of the legislature to provide jobs and opportunity by making Washington the place where the world's most productive companies find the world's most talented people. The legislature intends to accomplish this through the creation of the opportunity scholarship and the opportunity expansion programs to help mitigate the impact of tuition increases, increase the number of baccalaureate degrees in high employer demand and other programs, and invest in programs and students to meet market demands for a knowledge-based economy while filling middle-income jobs with a sufficient supply of skilled workers.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the higher education coordinating board or its successor.

(2) "Eligible education programs" means high employer demand and other programs of study as determined by the opportunity scholarship board.

(3) "Eligible expenses" means reasonable expenses associated with the costs of acquiring an education such as tuition, books, equipment, fees, room and board, and other expenses as determined by the program administrator in consultation with the board and the state board for community and technical colleges.

(4) "Eligible student" means a resident student who received their high school diploma or GED in Washington and who:

(a)(i) Has been accepted at a four-year institution of higher education into an eligible education program leading to a baccalaureate degree; or

(ii) Will attend a two-year institution of higher education and intends to transfer to an eligible education program at a four-year institution of higher education;

(b) Declares an intention to obtain a baccalaureate degree; and

(c) Has a family income at or below one hundred twenty-five percent of the state median family income at the time the student applies for an opportunity scholarship.

(5) "High employer demand program of study" has the same meaning as provided in RCW 28B.50.030.

(6) "Participant" means an eligible student who has received a scholarship under the opportunity scholarship program.

(7) "Program administrator" means a college scholarship organization that is a private nonprofit corporation registered under Title 24 RCW and qualified as a tax-exempt entity under section 501(c)(3) of the federal internal revenue code, with expertise in managing scholarships and college advising.

(8) "Resident student" has the same meaning as provided in RCW 28B.15.012.

**NEW SECTION. Sec. 3.** (1) The opportunity scholarship board is created. The opportunity scholarship board consists of seven members:

(a) Three members appointed by the governor. For two of the three appointments, the governor shall consider names from a list provided by the president of the senate and the speaker of the house of representatives; and

(b) Four foundation or business and industry representatives appointed by the governor from among the state's most productive industries such as aerospace, manufacturing, health sciences, information technology, and others. The foundation or business and industry representatives shall be selected from among nominations provided by the private sector donors to the opportunity scholarship and opportunity expansion programs. However, the governor may request, and the private sector donors shall provide, an additional list or lists from which the governor shall select these representatives.

(2) Board members shall hold their offices for a term of four years from the first day of September and until their successors are appointed. No more than the terms of two members may expire simultaneously on the last day of August in any one year.

(3) The members of the opportunity scholarship board shall elect one of the business and industry representatives to serve as chair.

(4) Five members of the board constitute a quorum for the transaction of business. In case of a vacancy, or when an appointment is made after the date of expiration of the term, the governor or the president of the senate or the speaker of the house of representatives, depending upon which made the initial appointment to that position, shall fill the vacancy for the remainder of the term of the board member whose office has become vacant or expired.

(5) The opportunity scholarship board shall be staffed by the program administrator.

(6) The purpose of the opportunity scholarship board is to provide oversight and guidance for the opportunity expansion and the opportunity scholarship programs in light of established legislative priorities and to fulfill the duties and responsibilities under this chapter, including but not limited to determining eligible education programs for purposes of the opportunity scholarship program. Duties, exercised jointly with the program administrator, include soliciting funds and setting annual fund-raising goals.

(7) The opportunity scholarship board may report to the governor and the appropriate committees of the legislature with recommendations as to:

(a) Whether some or all of the scholarships should be changed to conditional scholarships that must be repaid in the event the participant does not complete the eligible education program; and

(b) A source or sources of funds for the opportunity expansion program in addition to the voluntary contributions of the high

technology research and development tax credit under section 10 of this act.

**NEW SECTION. Sec. 4.** (1) The program administrator, under contract with the board, shall staff the opportunity scholarship board and shall have the duties and responsibilities provided in this chapter, including but not limited to publicizing the program, selecting participants for the opportunity scholarship award, distributing opportunity scholarship awards, and achieving the maximum possible rate of return on investment of the accounts in subsection (2) of this section, while ensuring transparency in the investment decisions and processes. Duties, exercised jointly with the opportunity scholarship board, include soliciting funds and setting annual fund-raising goals. The program administrator shall be paid an administrative fee as determined by the opportunity scholarship board.

(2) With respect to the opportunity scholarship program, the program administrator shall:

(a) Establish and manage two separate accounts into which to receive grants and contributions from private sources as well as state matching funds, and from which to disburse scholarship funds to participants;

(b) Solicit and accept grants and contributions from private sources, via direct payment, pledge agreement, or escrow account, of private sources for deposit into one or both of the two accounts created in this subsection (2)(b) in accordance with this subsection (2)(b):

(i) The "scholarship account," whose principal may be invaded, and from which scholarships must be disbursed beginning no later than December 1, 2011, if, by that date, state matching funds in the amount of five million dollars or more have been received.

Thereafter, scholarships shall be disbursed on an annual basis beginning no later than May 1, 2012, and every May 1st thereafter;

(ii) The "endowment account," from which scholarship moneys may be disbursed from earnings only in years when:

(A) The state match has been made into both the scholarship and the endowment account;

(B) The state appropriations for the state need grant under RCW 28B.92.010 meet or exceed state appropriations for the state need grant made in the 2011-2013 biennium, adjusted for inflation, and eligibility for state need grant recipients is at least seventy percent of state median family income; and

(C) The state has demonstrated progress toward the goal of total per-student funding levels, from state appropriations plus tuition and fees, of at least the sixtieth percentile of total per-student funding at similar public institutions of higher education in the global challenge states, as defined, measured, and reported in RCW 28B.15.068. In any year in which the office of financial management reports that the state has not made progress toward this goal, no new scholarships may be awarded. In any year in which the office of financial management reports that the percentile of total per-student funding is less than the sixtieth percentile and at least five percent less than the prior year, pledges of future grants and contributions may, at the request of the donor, be released and grants and contributions already received refunded to the extent that opportunity scholarship awards already made can be fulfilled from the funds remaining in the endowment account; and

(iii) An amount equal to at least fifty percent of all grants and contributions must be deposited into the scholarship account until such time as twenty million dollars have been deposited into the account, after which time the private donors may designate whether their contributions must be deposited to the scholarship or the endowment account. The opportunity scholarship board and the program administrator must work to maximize private sector contributions to both the scholarship account and the endowment account, to maintain a robust scholarship program while simultaneously building the endowment, and to determine the division between the two accounts in the case of undesignated grants

and contributions, taking into account the need for a long-term funding mechanism and the short-term needs of families and students in Washington. The first five million dollars in state match, as provided in section 5 of this act, shall be deposited into the scholarship account and thereafter the state match shall be deposited into the two accounts in equal proportion to the private funds deposited in each account;

(c) Provide proof of receipt of grants and contributions from private sources to the board, identifying the amounts received by name of private source and date, and whether the amounts received were deposited into the scholarship or the endowment account;

(d) In consultation with the higher education coordinating board and the state board for community and technical colleges, make an assessment of the reasonable annual eligible expenses associated with eligible education programs identified by the opportunity scholarship board;

(e) Determine the dollar difference between tuition fees charged by institutions of higher education in the 2008-09 academic year and the academic year for which an opportunity scholarship is being distributed;

(f) Develop and implement an application, selection, and notification process for awarding opportunity scholarships;

(g) Determine the annual amount of the opportunity scholarship for each selected participant. The annual amount shall be at least one thousand dollars or the amount determined under (e) of this subsection, but may be increased on an income-based, sliding scale basis up to the amount necessary to cover all reasonable annual eligible expenses as assessed pursuant to (d) of this subsection, or to encourage participation in baccalaureate degree programs identified by the opportunity scholarship board;

(h) Distribute scholarship funds to selected participants. Once awarded, and to the extent funds are available for distribution, an opportunity scholarship shall be automatically renewed until the participant withdraws from or is no longer attending the program, completes the program, or has taken the credit or clock hour equivalent of one hundred twenty-five percent of the published length of time of the participant's program, whichever occurs first, and as long as the participant annually submits documentation of filing both a free application for federal student aid and for available federal education tax credits, including but not limited to the American opportunity tax credit; and

(i) Notify institutions of scholarship recipients who will attend their institutions and inform them of the terms of the students' eligibility.

(3) With respect to the opportunity expansion program, the program administrator shall:

(a) Assist the opportunity scholarship board in developing and implementing an application, selection, and notification process for making opportunity expansion awards; and

(b) Solicit and accept grants and contributions from private sources for opportunity expansion awards.

**NEW SECTION. Sec. 5.** (1) The opportunity scholarship program is established.

(2) The purpose of this scholarship program is to provide scholarships that will help low and middle-income Washington residents earn baccalaureate degrees in high employer demand and other programs of study and encourage them to remain in the state to work. The program must be designed for both students starting at two-year institutions of higher education and intending to transfer to four-year institutions of higher education and students starting at four-year institutions of higher education.

(3) The opportunity scholarship board shall determine which programs of study, including but not limited to high employer demand programs, are eligible for purposes of the opportunity scholarship.

(4) The source of funds for the program shall be a combination of private grants and contributions and state matching funds. A state match may be earned under this section for private contributions made on or after the effective date of this section. A state match, up to a maximum of fifty million dollars annually, shall be provided beginning the later of January 1, 2014, or January 1st next following the end of the fiscal year in which collections of state retail sales and use tax, state business and occupation tax, and state public utility tax exceed, by ten percent the amounts collected from these tax resources in the fiscal year that ended June 30, 2008, as determined by the department of revenue.

**NEW SECTION. Sec. 6.** (1) The opportunity scholarship match transfer account is created in the custody of the state treasurer as a nonappropriated account to be used solely and exclusively for the opportunity scholarship program created in section 5 of this act. The purpose of the account is to provide matching funds for the opportunity scholarship program.

(2) Revenues to the account shall consist of appropriations by the legislature into the account and any gifts, grants, or donations received by the director of the board for this purpose.

(3) No expenditures from the account may be made except upon receipt of proof, by the director of the board from the program administrator, of private contributions to the opportunity scholarship program. Expenditures, in the form of matching funds, may not exceed the total amount of private contributions.

(4) Only the director of the board or the director's designee may authorize expenditures from the opportunity scholarship match transfer account. Such authorization must be made as soon as practicable following receipt of proof as required under subsection (3) of this section.

**NEW SECTION. Sec. 7.** (1) The opportunity expansion program is established.

(2) The opportunity scholarship board shall select institutions of higher education to receive opportunity expansion awards. In so doing, the opportunity scholarship board must:

(a) Solicit, receive, and evaluate proposals from institutions of higher education that are designed to directly increase the number of baccalaureate degrees produced in high employer demand and other programs of study, and that include annual numerical targets for the number of such degrees, with a strong emphasis on serving students who received their high school diploma or GED in Washington or are adult Washington residents who are returning to school to gain a baccalaureate degree;

(b) Develop criteria for evaluating proposals and awarding funds to the proposals deemed most likely to increase the number of baccalaureate degrees and degrees produced in high employer demand and other programs of study;

(c) Give priority to proposals that include a partnership between public and private partnership entities that leverage additional private funds;

(d) Give priority to proposals that are innovative, efficient, and cost-effective, given the nature and cost of the particular program of study;

(e) Consult and operate in consultation with existing higher education stakeholders, including but not limited to: Faculty, labor, student organizations, and relevant higher education agencies; and

(f) Determine which proposals to improve and accelerate the production of baccalaureate degrees in high employer demand and other programs of study will receive opportunity expansion awards for the following state fiscal year, notify the state treasurer, and announce the awards.

(3) The state treasurer, at the direction of the opportunity scholarship board, must distribute the funds that have been awarded to the institutions of higher education from the opportunity expansion account.

(4) Institutions of higher education receiving awards under this section may not supplant existing general fund state revenues with opportunity expansion awards.

(5) Annually, the office of financial management shall report to the opportunity scholarship board, the governor, and the relevant committees of the legislature regarding the percentage of Washington households with incomes in the middle-income bracket or higher. For purposes of this section, "middle-income bracket" means household incomes between two hundred and five hundred percent of the 2010 federal poverty level, as determined by the United States department of health and human services for a family of four, adjusted annually for inflation.

(6) Annually, the higher education coordinating board must report to the opportunity scholarship board, the governor, and the relevant committees of the legislature regarding the increase in the number of degrees in high employer demand and other programs of study awarded by institutions of higher education over the average of the preceding ten academic years.

(7) In its comprehensive plan, the workforce training and education coordinating board shall include specific strategies to reach the goal of increasing the percentage of Washington households living in the middle-income bracket or higher, as calculated by the office of financial management and developed by the agency or education institution that will lead the strategy.

**NEW SECTION. Sec. 8.** (1) By December 1, 2012, and annually each December 1st thereafter, the opportunity scholarship board, together with the program administrator, shall report to the board, the governor, and the appropriate committees of the legislature regarding the opportunity scholarship and opportunity expansion programs, including but not limited to:

(a) Which education programs the opportunity scholarship board determined were eligible for purposes of the opportunity scholarship;

(b) The number of applicants for the opportunity scholarship, disaggregated, to the extent possible, by race, ethnicity, gender, county of origin, age, and median family income;

(c) The number of participants in the opportunity scholarship program, disaggregated, to the extent possible, by race, ethnicity, gender, county of origin, age, and median family income;

(d) The number and amount of the scholarships actually awarded, and whether the scholarships were paid from the scholarship account or the endowment account;

(e) The institutions and eligible education programs in which opportunity scholarship participants enrolled, together with data regarding participants' completion and graduation;

(f) The total amount of private contributions and state match moneys received for the opportunity scholarship program, how the funds were distributed between the scholarship and endowment accounts, the interest or other earnings on the accounts, and the amount of any administrative fee paid to the program administrator; and

(g) Identification of the programs the opportunity scholarship board selected to receive opportunity expansion awards and the amount of such awards.

(2) In the next succeeding legislative session following receipt of a report required under subsection (1) of this section, the appropriate committees of the legislature shall review the report and consider whether any legislative action is necessary with respect to either the opportunity scholarship program or the opportunity expansion program, including but not limited to consideration of whether any legislative action is necessary with respect to the nature and level of focus on high employer demand fields and the number and amount of scholarships.

**NEW SECTION. Sec. 9.** (1) Beginning in 2018, the joint legislative audit and review committee shall evaluate the opportunity scholarship and opportunity expansion programs, and submit a report

to the appropriate committees of the legislature by December 1, 2018. The committee's evaluation shall include, but not be limited to:

(a) The number and type of eligible education programs as determined by the opportunity scholarship board;

(b) The number of participants in the opportunity scholarship program in relation to the number of participants who completed a baccalaureate degree;

(c) The total cumulative number of students who received opportunity scholarships, and the total cumulative number of students who gained a baccalaureate degree after receiving an opportunity scholarship and the types of baccalaureate degrees awarded;

(d) The amount of private contributions to the opportunity scholarship program, annually and in total;

(e) The amount of state match moneys to the opportunity scholarship program, annually and in total;

(f) The amount of any administrative fees paid to the program administrator, annually and in total;

~~(g) The source and amount of funding, annually and cumulatively, for the opportunity expansion program;~~

(h) The number and type of proposals submitted by institutions for opportunity expansion awards, the number and type of proposals that received an award of opportunity expansion funds, and the amount of such awards;

(i) The total cumulative number of additional high employer demand degrees produced in Washington state due to the opportunity expansion program, including both the initial opportunity expansion awards and the subsequent inclusion in base funding; and

(j) Evidence that the existence of the opportunity scholarship and opportunity expansion programs have contributed to the achievement of the public policy objectives of helping to mitigate the impact of tuition increases, increasing the number of baccalaureate degrees in high employer demand and other programs, and investing in programs and students to meet market demands for a knowledge-based economy while filling middle-income jobs with a sufficient supply of skilled workers.

(2) In the event that the joint legislative audit and review committee is charged with completing an evaluation of other aspects of degree production, funding, or other aspects of higher education in 2018, and to the extent that it is economical and feasible to do so, the committee shall combine the multiple evaluations and submit a single report.

**NEW SECTION. Sec. 10.** A new section is added to chapter 82.32 RCW to read as follows:

A person eligible for the high technology research and development tax credit under RCW 82.04.4452 may contribute all or any portion of the credit to the opportunity expansion account hereby created in the state treasury. The department must create the forms and processes to allow a person to make such an election easily and quickly by means of checking a box. By May 1, 2012, and by May 1st of every year thereafter, the department must report the amount so contributed and certify the amount to the state treasurer. By July 1, 2012, and by July 1st of every year thereafter, the state treasurer must transfer the amount into the opportunity expansion account. Money in the account may only be appropriated for the purposes specified in section 7 of this act.

**NEW SECTION. Sec. 11.** This chapter may be known and cited as the opportunity scholarship act.

**NEW SECTION. Sec. 12.** Sections 1 through 9 and 11 of this act constitute a new chapter in Title 28B RCW.

**NEW SECTION. Sec. 13.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, beginning on line 3 of the title, after "programs;" strike the remainder of the title and insert "adding a new section to

chapter 82.32 RCW; adding a new chapter to Title 28B RCW; and declaring an emergency."

and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2088, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

### MESSAGE FROM THE SENATE

May 25, 2011

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2082 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. Intent.** (1) The legislature finds that:

(a) Persons who have a long-term disability and apply for federal supplemental security income benefits should receive assistance while their application for federal benefits is pending, with repayment from the federal government of state-funded income assistance paid through the aged, blind, or disabled assistance program;

(b) Persons who are incapacitated from gainful employment for an extended period, but who may not meet the level of severity of a long-term disability, are at increased risk of homelessness; and

(c) Persons who are homeless and suffering from significant medical impairments, mental illness, or chemical dependency face substantial barriers to successful participation in, and completion of, needed medical or behavioral health treatment services. Stable housing increases the likelihood of compliance with and completion of treatment.

(2) Through this act, the legislature intends to:

(a) Terminate all components of the disability lifeline program created in 2010 and codified in RCW 74.04.005 and create new programs: (i) To provide financial grants through the aged, blind, and disabled assistance program and the pregnant women assistance program; and (ii) to provide services through the essential needs and housing support program; and

(b) Increase opportunities to utilize limited public funding, combined with private charitable and volunteer efforts to serve persons who are recipients of the benefits provided by the new programs created under this act.

**NEW SECTION. Sec. 2.** Effective October 31, 2011, the disability lifeline program, as defined under chapter 74.04 RCW, is terminated and all benefits provided under that program shall expire and cease to exist.

**NEW SECTION. Sec. 3.** (1)(a) Effective November 1, 2011, the aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

(i) Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(iii) Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

(A) "Aged" means age sixty-five or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

(C) "Disabled" means likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history.

In determining whether a person is disabled, the department may rely on the following:

(I) A previous disability determination by the social security administration or the disability determination service entity within the department; or

(II) A determination that an individual is eligible to receive optional categorically needy medicaid as a disabled person under the federal regulations at 42 C.F.R. Parts 435, Secs. 201(a)(3) and 210.

(b) The following persons are not eligible for the aged, blind, or disabled assistance program:

(i) Persons who are not able to engage in gainful employment due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting aged, blind, or disabled assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the aged, blind, or disabled assistance program; or

(ii) Persons for whom there has been a final determination of ineligibility for federal supplemental security income benefits.

(c) Persons may receive aged, blind, or disabled assistance benefits pending application for federal supplemental security income benefits. The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(2) Effective November 1, 2011, the pregnant women assistance program shall provide financial grants to persons who:

(a) Are not eligible to receive federal aid assistance other than basic food benefits or medical assistance; and

(b) Are pregnant and in need, based upon the current income and resource standards of the federal temporary assistance for needy families program, but are ineligible for federal temporary assistance for needy families benefits for a reason other than failure to cooperate in program requirements; and

(c) Meet the eligibility requirements of subsection (3) of this section.

(3) To be eligible for the aged, blind, or disabled assistance program under subsection (1) of this section or the pregnant women assistance program under subsection (2) of this section, a person must:

(a) Be a citizen or alien lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(b) Have furnished the department his or her social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(c) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(d) Not have refused or failed to cooperate in obtaining federal aid assistance, without good cause.

(4) Effective November 1, 2011, referrals for essential needs and housing support under section 4 of this act shall be provided to persons found eligible for medical care services under RCW 74.09.035 who are not recipients of alcohol and addiction services provided under chapter 74.50 RCW or are not recipients of aged, blind, or disabled assistance.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

(a) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(b) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(6) The department must review the cases of all persons, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, or recipients of aged, blind, or disabled assistance, who have received medical care services for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program.

**NEW SECTION. Sec. 4.** A new section is added to chapter 43.185C RCW to read as follows:

**Grants to local governments and community-based organizations for essential needs and housing support.** (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under section 3(4) of this act and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in section 7(6) of this act. For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every medical care services recipient that is referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The appropriations by the legislature for the purposes of the essential needs and housing support program established under this section shall be based on forecasted program caseloads. The caseload forecast council shall provide a courtesy forecast of the medical care services recipient population that is homeless or is included in reporting under subsection (7)(c)(iii) of this section. The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of this act;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(8) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential

needs or housing support entity to enforce contractual duties or obligations.

**NEW SECTION. Sec. 5.** A new section is added to chapter 43.185C RCW to read as follows:

The department, in collaboration with the department of social and health services, shall develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible and remains eligible for medical care services under RCW 74.09.035 by the department of social and health services.

**Sec. 6.** RCW 74.09.035 and 2011 c 284 s 3 are each amended to read as follows:

(1) To the extent of available funds, medical care services may be provided to ((recipients of disability lifeline benefits, persons denied disability lifeline benefits under RCW 74.04.005(5)(b) or 74.04.655 who otherwise meet the requirements of RCW 74.04.005(5)(a), and recipients of alcohol and drug addiction services provided under chapter 74.50 RCW, in accordance with medical eligibility requirements established by the department.));

(a) Persons who:

(i) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards;

(ii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(iii) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(iv) Have countable income as described in RCW 74.04.005 at or below four hundred twenty-eight dollars for a married couple or at or below three hundred thirty-nine dollars for a single individual; and

(v) Do not have countable resources in excess of those described in RCW 74.04.005.

(b) Persons eligible for the aged, blind, or disabled assistance program authorized in section 3 of this act and who are not eligible for medicaid under RCW 74.09.510.

(c) Persons eligible for alcohol and drug addiction services provided under chapter 74.50 RCW, in accordance with medical eligibility requirements established by the department.

(d) The following persons are not eligible for medical care services:

(i) Persons who are unemployable due primarily to alcohol or drug addiction, except as provided in (c) of this subsection. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting medical care services benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for medical care services;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(iii) Persons who refuse or fail without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in

the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(iv) Persons who are fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or who are violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(e) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(f) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(2) Enrollment in medical care services may not result in expenditures that exceed the amount that has been appropriated in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the department may freeze new enrollment and establish a waiting list of ((eligible)) persons who may receive benefits only when sufficient funds are available. ((Upon implementation of a federal medicaid 1115 waiver providing federal matching funds for medical care services, persons subject to termination of disability lifeline benefits under RCW 74.04.005(5)(h) remain enrolled in medical care services and persons subject to denial of disability lifeline benefits under RCW 74.04.005(5)(h) remain eligible for medical care services.

—((2)) (3) Determination of the amount, scope, and duration of medical care services shall be limited to coverage as defined by the department, except that adult dental, and routine foot care shall not be included unless there is a specific appropriation for these services.

((3)) (4) The department shall enter into performance-based contracts with one or more managed health care systems for the provision of medical care services ((to recipients of disability lifeline benefits)) under this section. The contract must provide for integrated delivery of medical and mental health services.

((4)) (5) The department shall establish standards of assistance and resource and income exemptions, which may include deductibles and co- insurance provisions. In addition, the department may include a prohibition against the voluntary assignment of property or cash for the purpose of qualifying for assistance.

((5)) (6) Residents of skilled nursing homes, intermediate care facilities, and intermediate care facilities for persons with intellectual disabilities, as that term is described by federal law, who are eligible for medical care services shall be provided medical services to the same extent as provided to those persons eligible under the medical assistance program.

((6) Eligibility for medical care services shall commence with the date of certification for disability lifeline benefits or the date of eligibility for alcohol and drug addiction services provided under chapter 74.50 RCW.)

(7) Eligibility for medical care services shall commence with the date of certification for medical care services, date of eligibility for the

aged, blind, or disabled assistance program provided under section 3 of this act, or the date or eligibility for alcohol and drug addiction services provided under chapter 74.50 RCW.

NEW SECTION. Sec. 7. For the purposes of this chapter, unless the context indicates otherwise, the following definitions shall apply:

(1) "Aged, blind, and disabled assistance program" means the program established under section 3 of this act.

(2) "Department" means the department of social and health services.

(3) "Director" or "secretary" means the secretary of social and health services.

(4) "Essential needs and housing support program" means the program established under section 4 of this act.

(5) "Essential needs support" means personal health and hygiene items, cleaning supplies, other necessary items and transportation passes or tokens provided through an essential needs support entity established under section 4 of this act.

(6) "Housing support" means assistance provided by a designated housing support entity established under section 4 of this act to maintain existing housing when the client is at substantial risk of becoming homeless, to obtain housing, or to obtain heat, electricity, natural gas, sewer, garbage, and water services when the client is at substantial risk of losing these services.

(7) "Pregnant women assistance program" means the program established under section 3 of this act.

(8) In the construction of words and phrases used in this chapter, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders, and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

**Sec. 8.** RCW 74.04.005 and 2010 1st sp.s. c 8 s 4 are each amended to read as follows:

For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

(1) "Public assistance" or "assistance"((-)) means public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, ((disability lifeline)) benefits under sections 3 and 4 of this act, and federal aid assistance.

(2) "Department"((-)) means the department of social and health services.

(3) "County or local office"((-)) means the administrative office for one or more counties or designated service areas.

(4) "Director" or "secretary" means the secretary of social and health services.

(5) ((Disability lifeline)) Essential needs and housing support program means ((a program that provides aid and support in accordance with the conditions set out in this subsection.

(a) Aid and assistance shall be provided to persons who are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance and meet one of the following conditions:

(i) Are pregnant and in need, based upon the current income and resource requirements of the federal temporary assistance for needy families program; or

(ii) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards; and

(A) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(B) Have furnished the department their social security number. If the social security number cannot be furnished because it has not

been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(C) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(D) Have not refused or failed without good cause to participate in vocational rehabilitation services, if an assessment conducted under RCW 74.04.655 indicates that the person might benefit from such services. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in vocational rehabilitation services, or when vocational rehabilitation services are not available to the person in the county of his or her residence.

(b)(i) Persons who initially apply and are found eligible for disability lifeline benefits based upon incapacity from gainful employment under (a) of this subsection on or after September 2, 2010, who are homeless and have been assessed as needing chemical dependency or mental health treatment or both, must agree, as a condition of eligibility for the disability lifeline program, to accept a housing voucher in lieu of a cash grant if a voucher is available. The department shall establish the dollar value of the housing voucher. The dollar value of the housing voucher may differ from the value of the cash grant. Persons receiving a housing voucher under this subsection also shall receive a cash stipend of fifty dollars per month.

(ii) If the department of commerce has determined under RCW 43.330.175 that sufficient housing is not available, persons described in this subsection who apply for disability lifeline benefits during the time period that housing is not available shall receive a cash grant in lieu of a cash stipend and housing voucher.

(iii) Persons who refuse to accept a housing voucher under this subsection but otherwise meet the eligibility requirements of (a) of this subsection are eligible for medical care services benefits under RCW 74.09.035, subject to the time limits in (h) of this subsection.

(c) The following persons are not eligible for the disability lifeline program:

(i) Persons who are unemployable due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting disability lifeline benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the disability lifeline program;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause.

(d) Disability lifeline benefits shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in (a) of this subsection, and who will accept available services that can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(e) Persons who are likely eligible for federal supplemental security income benefits shall be moved into the disability lifeline expedited component of the disability lifeline program. Persons placed in the expedited component of the program may, if otherwise eligible, receive disability lifeline benefits pending application for federal supplemental security income benefits. The monetary value of any disability lifeline benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(f) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for disability lifeline incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Persons receiving disability lifeline benefits based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacity.

(h)(i) Beginning September 1, 2010, no person who is currently receiving or becomes eligible for disability lifeline program benefits shall be eligible to receive benefits under the program for more than twenty-four months in a sixty-month period. For purposes of this subsection, months of receipt of general assistance-unemployable benefits count toward the twenty-four month limit. Months during which a person received benefits under the expedited component of the disability lifeline or general assistance program or under the aged, blind, or disabled component of the disability lifeline or general assistance program shall not be included when determining whether a person has been receiving benefits for more than twenty-four months. On or before July 1, 2010, the department must review the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for at least twenty months as of that date. On or before September 1, 2010, the department must review the cases of all remaining persons who have received disability lifeline benefits for at least twelve months as of that date. The review should determine whether the person meets the federal supplemental security income disability standard and, if the person does not meet that standard, whether the receipt of additional services could lead to employability. If a need for additional services is identified, the department shall provide case management services, such as assistance with arranging transportation or locating stable housing, that will facilitate the person's access to needed services. A person may not be determined ineligible due to exceeding the time limit unless he or she has received a case review under this subsection finding that the person does not meet the federal supplemental security income disability standard.

(ii) The time limits established under this subsection expire June 30, 2013.

(i) No person may be considered an eligible individual for disability lifeline benefits with respect to any month if during that month the person:

(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction)) the program established in section 4 of this act.

(6) ("Disability lifeline expedited" means a component of the disability lifeline program under which persons receiving disability lifeline benefits have been determined, after examination by an appropriate health care provider, to be likely to be eligible for federal supplemental security income benefits based on medical and behavioral health evidence that meets the disability standards used for the federal supplemental security income program.

(7))) "Aged, blind, or disabled assistance program" means the program established under section 3 of this act.

(7) "Federal aid assistance"((--)) means the specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(8) "Applicant"((--)) means any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(9) "Recipient"((--)) means any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(10) "Standards of assistance"((--)) means the level of income required by an applicant or recipient to maintain a level of living specified by the department.

(11) "Resource"((--)) means any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent. The department may by rule designate resources that an applicant may retain and not be ineligible for public assistance because of such resources. Exempt resources shall include, but are not limited to:

- (a) A home that an applicant, recipient, or their dependents is living in, including the surrounding property;
- (b) Household furnishings and personal effects;
- (c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed five thousand dollars;
- (d) A motor vehicle necessary to transport a household member with a physical disability. This exclusion is limited to one vehicle per person with a physical disability;

(e) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance. The department shall also allow recipients of temporary assistance for needy families to exempt savings accounts with combined balances of up to an additional three thousand dollars;

(f) Applicants for or recipients of (~~disability lifeline~~) benefits under sections 3 and 4 of this act shall have their eligibility based on resource limitations consistent with the temporary assistance for needy families program rules adopted by the department; and

(g) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real

property owned by such persons when they are making a good faith effort to dispose of that property(~~(-PROVIDED, That))~~ if:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(12) "Income"((--)) means:

(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him or her to decrease his or her need for public assistance or to aid in rehabilitating him or her or his or her dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In addition, for cash assistance the department may disregard income pursuant to RCW 74.08A.230 and 74.12.350.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(13) "Need"((--)) means the difference between the applicant's or recipient's standards of assistance for himself or herself and the dependent members of his or her family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his or her family.

(14) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(15) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders, and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

**Sec. 9.** RCW 74.09.510 and 2010 c 94 s 24 are each amended to read as follows:

Medical assistance may be provided in accordance with eligibility requirements established by the department, as defined in the social security Title XIX state plan for mandatory categorically needy persons and:

(1) Individuals who would be eligible for cash assistance except for their institutional status;

(2) Individuals who are under twenty-one years of age, who would be eligible for medicaid, but do not qualify as dependent children and who are in (a) foster care, (b) subsidized adoption, (c) a nursing facility or an intermediate care facility for persons with intellectual disabilities, or (d) inpatient psychiatric facilities;

(3) Individuals who:

(a) Are under twenty-one years of age;

(b) On or after July 22, 2007, were in foster care under the legal responsibility of the department or a federally recognized tribe located within the state; and

(c) On their eighteenth birthday, were in foster care under the legal responsibility of the department or a federally recognized tribe located within the state;

(4) Persons who are aged, blind, or disabled who: (a) Receive only a state supplement, or (b) would not be eligible for cash assistance if they were not institutionalized;

(5) Categorically eligible individuals who meet the income and resource requirements of the cash assistance programs;

(6) Individuals who are enrolled in managed health care systems, who have otherwise lost eligibility for medical assistance, but who have not completed a current six-month enrollment in a managed health care system, and who are eligible for federal financial participation under Title XIX of the social security act;

(7) Children and pregnant women allowed by federal statute for whom funding is appropriated;

(8) Working individuals with disabilities authorized under section 1902(a)(10)(A)(ii) of the social security act for whom funding is appropriated;

(9) Other individuals eligible for medical services under RCW 74.09.035 based on age, blindness, or disability and income and resources standards for medical care services and 74.09.700 for whom federal financial participation is available under Title XIX of the social security act;

(10) Persons allowed by section 1931 of the social security act for whom funding is appropriated; and

(11) Women who: (a) Are under sixty-five years of age; (b) have been screened for breast and cervical cancer under the national breast and cervical cancer early detection program administered by the department of health or tribal entity and have been identified as needing treatment for breast or cervical cancer; and (c) are not otherwise covered by health insurance. Medical assistance provided under this subsection is limited to the period during which the woman requires treatment for breast or cervical cancer, and is subject to any conditions or limitations specified in the omnibus appropriations act.

**Sec. 10.** RCW 74.50.055 and 1989 1st ex.s. c 18 s 4 are each amended to read as follows:

(1) A person shall not be eligible for treatment services under this chapter unless he or she:

(a) Meets the ~~((financial))~~ income and resource eligibility requirements ~~((contained in RCW 74.04.005))~~ for the medical care services program under RCW 74.09.035(1)(a)(iv) and (v); and

(b) Is incapacitated from gainful employment, which incapacity will likely continue for a minimum of sixty days.

(2) First priority for receipt of treatment services shall be given to pregnant women and parents of young children.

(3) In order to rationally allocate treatment services, the department may establish by rule caseload ceilings and additional eligibility criteria, including the setting of priorities among classes of persons for the receipt of treatment services. Any such rules shall be consistent with any conditions or limitations contained in any appropriations for treatment services.

**Sec. 11.** RCW 70.96A.530 and 2010 1st sp.s. c 8 s 10 are each amended to read as follows:

If an assessment by a certified chemical dependency counselor indicates a need for drug or alcohol treatment, in order to enable a person receiving ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act to improve his or her health status and transition from ~~((disability lifeline))~~ those benefits to employment, or transition to federal disability benefits, the person must be given high priority for enrollment in treatment, within funds appropriated for that treatment. However, first priority for receipt of treatment services must be given to pregnant women and parents of young children. This section expires June 30, 2013. ~~((Persons who are terminated from disability~~

~~lifeline benefits under RCW 74.04.005(5)(h) and are actively engaged in chemical dependency treatment during the month they are terminated shall be provided the opportunity to complete their current course of treatment.))~~

**Sec. 12.** RCW 10.101.010 and 2010 1st sp.s. c 8 s 12 are each amended to read as follows:

The following definitions shall be applied in connection with this chapter:

(1) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, ~~((disability lifeline))~~ aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty- five percent or less of the current federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(2) "Indigent and able to contribute" means a person who, at any stage of a court proceeding, is unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are less than the anticipated cost of counsel but sufficient for the person to pay a portion of that cost.

(3) "Anticipated cost of counsel" means the cost of retaining private counsel for representation on the matter before the court.

(4) "Available funds" means liquid assets and disposable net monthly income calculated after provision is made for bail obligations. For the purpose of determining available funds, the following definitions shall apply:

(a) "Liquid assets" means cash, savings accounts, bank accounts, stocks, bonds, certificates of deposit, equity in real estate, and equity in motor vehicles. A motor vehicle necessary to maintain employment and having a market value not greater than three thousand dollars shall not be considered a liquid asset.

(b) "Income" means salary, wages, interest, dividends, and other earnings which are reportable for federal income tax purposes, and cash payments such as reimbursements received from pensions, annuities, social security, and public assistance programs. It includes any contribution received from any family member or other person who is domiciled in the same residence as the defendant and who is helping to defray the defendant's basic living costs.

(c) "Disposable net monthly income" means the income remaining each month after deducting federal, state, or local income taxes, social security taxes, contributory retirement, union dues, and basic living costs.

(d) "Basic living costs" means the average monthly amount spent by the defendant for reasonable payments toward living costs, such as shelter, food, utilities, health care, transportation, clothing, loan payments, support payments, and court-imposed obligations.

**Sec. 13.** RCW 13.34.030 and 2011 c 330 s 3 and 2011 c 309 s 22 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period

of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" means:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Is receiving extended foster care services, as authorized by RCW 74.13.031.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(9) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(10) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(11) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For

purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(12) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, ~~((disability lifeline))~~ aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty- five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(13) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(14) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out- of-home placement while protecting the child.

(15) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(16) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in ~~((section 4 of this act))~~ RCW 13.--.-- (section 4, chapter 309, Laws of 2011).

(17) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

(18) "Supervising agency" means an agency licensed by the state under RCW 74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.

(19) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031.

**Sec. 14.** RCW 26.19.071 and 2010 1st sp.s. c 8 s 14 are each amended to read as follows:

(1) **Consideration of all income.** All income and resources of each parent's household shall be disclosed and considered by the court when the court determines the child support obligation of each parent. Only the income of the parents of the children whose support is at issue shall be calculated for purposes of calculating the basic support obligation. Income and resources of any other person shall not be included in calculating the basic support obligation.

(2) **Verification of income.** Tax returns for the preceding two years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(3) **Income sources included in gross monthly income.** Except as specifically excluded in subsection (4) of this section, monthly gross income shall include income from any source, including:

- (a) Salaries;
- (b) Wages;
- (c) Commissions;
- (d) Deferred compensation;
- (e) Overtime, except as excluded for income in subsection (4)((~~h~~)) (i) of this section;
- (f) Contract-related benefits;
- (g) Income from second jobs, except as excluded for income in subsection (4)((~~h~~)) (i) of this section;
- (h) Dividends;
- (i) Interest;
- (j) Trust income;
- (k) Severance pay;
- (l) Annuities;
- (m) Capital gains;
- (n) Pension retirement benefits;
- (o) Workers' compensation;
- (p) Unemployment benefits;
- (q) Maintenance actually received;
- (r) Bonuses;
- (s) Social security benefits;
- (t) Disability insurance benefits; and
- (u) Income from self-employment, rent, royalties, contracts, proprietorship of a business, or joint ownership of a partnership or closely held corporation.

(4) **Income sources excluded from gross monthly income.** The following income and resources shall be disclosed but shall not be included in gross income:

- (a) Income of a new spouse or new domestic partner or income of other adults in the household;
- (b) Child support received from other relationships;
- (c) Gifts and prizes;
- (d) Temporary assistance for needy families;
- (e) Supplemental security income;
- (f) (~~(Disability lifeline)~~) Aged, blind, or disabled assistance benefits;
- (g) Pregnant women assistance benefits;
- (h) Food stamps; and
- (~~(h)~~) (i) Overtime or income from second jobs beyond forty hours per week averaged over a twelve-month period worked to provide for a current family's needs, to retire past relationship debts,

or to retire child support debt, when the court finds the income will cease when the party has paid off his or her debts.

Receipt of income and resources from temporary assistance for needy families, supplemental security income, (~~(disability lifeline)~~) aged, blind, or disabled assistance benefits, and food stamps shall not be a reason to deviate from the standard calculation.

(5) **Determination of net income.** The following expenses shall be disclosed and deducted from gross monthly income to calculate net monthly income:

- (a) Federal and state income taxes;
- (b) Federal insurance contributions act deductions;
- (c) Mandatory pension plan payments;
- (d) Mandatory union or professional dues;
- (e) State industrial insurance premiums;
- (f) Court-ordered maintenance to the extent actually paid;
- (g) Up to five thousand dollars per year in voluntary retirement contributions actually made if the contributions show a pattern of contributions during the one-year period preceding the action establishing the child support order unless there is a determination that the contributions were made for the purpose of reducing child support; and
- (h) Normal business expenses and self-employment taxes for self-employed persons. Justification shall be required for any business expense deduction about which there is disagreement.

Items deducted from gross income under this subsection shall not be a reason to deviate from the standard calculation.

(6) **Imputation of income.** The court shall impute income to a parent when the parent is voluntarily unemployed or voluntarily underemployed. The court shall determine whether the parent is voluntarily underemployed or voluntarily unemployed based upon that parent's work history, education, health, and age, or any other relevant factors. A court shall not impute income to a parent who is gainfully employed on a full-time basis, unless the court finds that the parent is voluntarily underemployed and finds that the parent is purposely underemployed to reduce the parent's child support obligation. Income shall not be imputed for an unemployable parent. Income shall not be imputed to a parent to the extent the parent is unemployed or significantly underemployed due to the parent's efforts to comply with court-ordered reunification efforts under chapter 13.34 RCW or under a voluntary placement agreement with an agency supervising the child. In the absence of records of a parent's actual earnings, the court shall impute a parent's income in the following order of priority:

- (a) Full-time earnings at the current rate of pay;
- (b) Full-time earnings at the historical rate of pay based on reliable information, such as employment security department data;
- (c) Full-time earnings at a past rate of pay where information is incomplete or sporadic;
- (d) Full-time earnings at minimum wage in the jurisdiction where the parent resides if the parent has a recent history of minimum wage earnings, is recently coming off public assistance, (~~(disability lifeline)~~) aged, blind, or disabled assistance benefits, pregnant women assistance benefits, essential needs and housing support, supplemental security income, or disability, has recently been released from incarceration, or is a high school student;
- (e) Median net monthly income of year-round full-time workers as derived from the United States bureau of census, current population reports, or such replacement report as published by the bureau of census.

**Sec. 15.** RCW 31.04.540 and 2010 1st sp.s. c 8 s 15 are each amended to read as follows:

(1) To the extent that implementation of this section does not conflict with federal law resulting in the loss of federal funding, proprietary reverse mortgage loan advances made to a borrower must be treated as proceeds from a loan and not as income for the purpose

of determining eligibility and benefits under means-tested programs of aid to individuals.

(2) Undisbursed reverse mortgage funds must be treated as equity in the borrower's home and not as proceeds from a loan, resources, or assets for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(3) This section applies to any law or program relating to payments, allowances, benefits, or services provided on a means-tested basis by this state including, but not limited to, optional state supplements to the federal supplemental security income program, low-income energy assistance, property tax relief, ~~((disability-lifeline benefits))~~ aged, blind, or disabled assistance benefits, pregnant women assistance benefits, essential needs and housing support, and medical assistance only to the extent this section does not conflict with Title 19 of the federal social security act.

**Sec. 16.** RCW 70.123.110 and 2010 1st sp.s. c 8 s 16 are each amended to read as follows:

~~((Disability-lifeline))~~ Aged, blind, or disabled assistance benefits, essential needs and housing support benefits, pregnant women assistance benefits, or temporary assistance for needy families payments shall be made to otherwise eligible individuals who are residing in a secure shelter, a housing network or other shelter facility which provides shelter services to persons who are victims of domestic violence. Provisions shall be made by the department for the confidentiality of the shelter addresses where victims are residing.

**Sec. 17.** RCW 73.08.005 and 2010 1st sp.s. c 8 s 17 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct costs" includes those allowable costs that can be readily assigned to the statutory objectives of this chapter, consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(2) "Family" means the spouse or domestic partner, surviving spouse, surviving domestic partner, and dependent children of a living or deceased veteran.

(3) "Indigent" means a person who is defined as such by the county legislative authority using one or more of the following definitions:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, ~~((disability-lifeline))~~ aged, blind, or disabled assistance benefits, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, medical care services, or supplemental security income;

(b) Receiving an annual income, after taxes, of up to one hundred fifty percent or less of the current federally established poverty level, or receiving an annual income not exceeding a higher qualifying income established by the county legislative authority; or

(c) Unable to pay reasonable costs for shelter, food, utilities, and transportation because his or her available funds are insufficient.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. A county legislative authority may allocate allowable indirect costs to its veterans' assistance fund if it is accomplished in a manner consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(5) "Veteran" has the same meaning as defined in RCW 41.04.005 and 41.04.007, and includes a current member of the national guard or armed forces reserves who has been deployed to serve in an armed conflict.

(6) "Veterans' advisory board" means a board established by a county legislative authority under the authority of RCW 73.08.035.

(7) "Veterans' assistance fund" means an account in the custody of the county auditor, or the chief financial officer in a county operating under a charter, that is funded by taxes levied under the authority of RCW 73.08.080.

(8) "Veterans' assistance program" means a program approved by the county legislative authority under the authority of RCW 73.08.010 that is fully or partially funded by the veterans' assistance fund authorized by RCW 73.08.080.

**Sec. 18.** RCW 74.04.0052 and 2010 1st sp.s. c 8 s 18 are each amended to read as follows:

(1) The department shall determine, after consideration of all relevant factors and in consultation with the applicant, the most appropriate living situation for applicants under eighteen years of age, unmarried, and pregnant who are eligible for ~~((disability-lifeline))~~ benefits under sections 3 and 4 of this act. An appropriate living situation shall include a place of residence that is maintained by the applicant's parents, parent, legal guardian, or other adult relative as their or his or her own home and that the department finds would provide an appropriate supportive living arrangement. It also includes a living situation maintained by an agency that is licensed under chapter 74.15 RCW that the department finds would provide an appropriate supportive living arrangement. Grant assistance shall not be provided under this chapter if the applicant does not reside in the most appropriate living situation, as determined by the department.

(2) A pregnant minor residing in the most appropriate living situation, as provided under subsection (1) of this section, is presumed to be unable to manage adequately the funds paid to the minor or on behalf of the dependent child or children and, unless the minor provides sufficient evidence to rebut the presumption, shall be subject to the protective payee requirements provided for under RCW 74.12.250 and 74.08.280.

(3) The department shall consider any statements or opinions by either parent of the unmarried minor parent or pregnant minor applicant as to an appropriate living situation for the minor, whether in the parental home or other situation. If the parents or a parent of the minor request, they or he or she shall be entitled to a hearing in juvenile court regarding designation of the parental home or other relative placement as the most appropriate living situation for the pregnant or parenting minor.

The department shall provide the parents or parent with the opportunity to make a showing that the parental home, or home of the other relative placement, is the most appropriate living situation. It shall be presumed in any administrative or judicial proceeding conducted under this subsection that the parental home or other relative placement requested by the parents or parent is the most appropriate living situation. This presumption is rebuttable.

(4) In cases in which the minor is unmarried and unemployed, the department shall, as part of the determination of the appropriate living situation, provide information about adoption including referral to community-based organizations providing counseling.

(5) For the purposes of this section, "most appropriate living situation" shall not include a living situation including an adult male who fathered the qualifying child and is found to meet the elements of rape of a child as set forth in RCW 9A.44.079.

**Sec. 19.** RCW 74.04.225 and 2010 1st sp.s. c 8 s 2 are each amended to read as follows:

(1) An online opportunity portal shall be established to provide the public with more effective access to available state, federal, and local services. The secretary of the department of social and health services shall act as the executive branch sponsor of the portal planning process. Under the leadership of the secretary, the department shall:

(a) Identify and select an appropriate solution and acquisition approach to integrate technology systems to create a user-friendly electronic tool for Washington residents to apply for benefits;

(b) Facilitate the adaptation of state information technology systems to allow applications generated through the opportunity portal and other compatible electronic application systems to seamlessly link to appropriate state information systems;

(c) Ensure that the portal provides access to a broad array of state, federal, and local services, including but not limited to: Health care services, higher education financial aid, tax credits, civic engagement, nutrition assistance, energy assistance, family support, and ~~((disability lifeline benefits))~~ the programs under sections 3 and 4 of this act and as defined in RCW 10.101.010, 13.34.030, ~~((43.330.175,))~~ 70.96A.530, 74.04.005, 74.04.652, 74.04.655, 74.04.657, and ~~((74.04.810))~~ sections 1 through 3 and 7 of this act;

(d) Design an implementation strategy for the portal that maximizes collaboration with community-based organizations to facilitate its use by low-income individuals and families;

(e) Provide access to the portal at a wide array of locations including but not limited to: Community or technical colleges, community college campuses where community service offices are colocated, community-based organizations, libraries, churches, food banks, state agencies, early childhood education sites, and labor unions;

(f) Ensure project resources maximize available federal and private funds for development and initial operation of the opportunity portal. Any incidental costs to state agencies shall be derived from existing resources. This subsection does not obligate or preclude the appropriation of future state funding for the opportunity portal;

(g) Determine the solution and acquisition approach by June 1, 2010.

(2) By December 1, 2011, and annually thereafter, the department of social and health services shall report to the legislature and governor. The report shall include data and information on implementation and outcomes of the opportunity portal, including any increases in the use of public benefits and increases in federal funding.

(3) The department shall develop a plan for implementing paperless application processes for the services included in the opportunity portal for which the electronic exchange of application information is possible. The plan should include a goal of achieving, to the extent possible, the transition of these services to paperless application processes by July 1, 2012. The plan must comply with federal statutes and regulations and must allow applicants to submit applications by alternative means to ensure that access to benefits will not be restricted.

(4) To the extent that the department enters into a contractual relationship to accomplish the purposes of this section, such contract or contracts shall be performance-based.

**Sec. 20.** RCW 74.04.230 and 2010 1st sp.s. c 8 s 20 are each amended to read as follows:

Persons eligible for ~~((disability lifeline))~~ medical care services benefits are eligible for mental health services to the extent that they meet the client definitions and priorities established by chapter 71.24 RCW.

**Sec. 21.** RCW 74.04.266 and 2010 1st sp.s. c 8 s 21 are each amended to read as follows:

In determining need for ~~((disability lifeline benefits))~~ aged, blind, or disabled assistance, and medical care services, the department may by rule and regulation establish a monthly earned income exemption in an amount not to exceed the exemption allowable under disability programs authorized in Title XVI of the federal social security act.

**Sec. 22.** RCW 74.04.620 and 2010 1st sp.s. c 8 s 22 are each amended to read as follows:

(1) The department is authorized to establish a program of state supplementation to the national program of supplemental security income consistent with Public Law 92-603 and Public Law 93-66 to those persons who are in need thereof in accordance with eligibility requirements established by the department.

(2) The department is authorized to establish reasonable standards of assistance and resource and income exemptions specifically for such program of state supplementation which shall be consistent with the provisions of the Social Security Act.

(3) The department is authorized to make payments to applicants for supplemental security income, pursuant to agreements as provided in Public Law 93-368, who are otherwise eligible for ~~((disability lifeline benefits))~~ aged, blind, or disabled assistance.

(4) Any agreement between the department and a supplemental security income applicant providing for the reimbursement of interim assistance to the department shall provide, if the applicant has been represented by an attorney, that twenty-five percent of the reimbursement received shall be withheld by the department and all or such portion thereof as has been approved as a fee by the United States department of health and human services shall be released directly to the applicant's attorney. The secretary may maintain such records as are deemed appropriate to measure the cost and effectiveness of such agreements and may make recommendations concerning the continued use of such agreements to the legislature.

**Sec. 23.** RCW 74.04.652 and 2010 1st sp.s. c 8 s 7 are each amended to read as follows:

(1) To ensure that persons who are likely eligible for supplemental security income benefits are transitioned from ~~((disability lifeline benefits to disability lifeline expedited))~~ the medical care services program to the aged, blind, or disabled assistance program, and the medicaid program, and then to the supplemental security income program as quickly as practicable, the department shall implement the early supplemental security income transition project starting in King, Pierce, and Spokane counties no later than July 1, 2010, and extending statewide no later than October 1, 2011. The program shall be implemented through performance-based contracts with managed health care systems providing medical care services under RCW 74.09.035 or other qualified entities. The participants shall have the following responsibilities and duties under this program: .....

(a) The entities with whom the department contracts to provide the program shall be responsible for:

(i) Systematically screening persons receiving ~~((disability lifeline))~~ benefits under section 6 of this act at the point of eligibility determination or shortly thereafter to determine if the persons should be referred for medical or behavioral health evaluations to determine whether they are likely eligible for supplemental security income;

(ii) Immediately sharing the results of the disability screening with the department;

(iii) Managing ~~((disability lifeline))~~ medical care services and aged, blind, or disabled assistance incapacity evaluation examinations to provide timely access to needed medical and behavioral health evaluations and standardizing health care providers' conduct of incapacity evaluations. To maximize the timeliness and efficiency of incapacity evaluation examinations, the department must strongly consider contracting with a managed health care system with a network of health care providers that are trained and have agreed to conduct ~~((disability lifeline))~~ aged, blind, or disabled medical and psychological incapacity and recertification exams. The department may obtain medical evidence and other relevant information from sources other than the contracted entity if such evidence is available at the time of a person's application for ~~((disability lifeline))~~ aged, blind, or disabled benefits and is sufficient to support a determination that the person is incapacitated;

(iv) Maintaining a centralized appointment and clinical data system; and

(v) Assisting persons receiving ~~((disability lifeline benefits))~~ medical care services benefits, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, with obtaining additional medical or behavioral health examinations needed to meet the disability standard for federal supplemental security income

benefits and with submission of applications for supplemental security income benefits.

(b) The department shall be responsible for:

(i) Determining incapacity and eligibility for ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act;

(ii) Making timely determinations that a person receiving ~~((disability lifeline benefits))~~ medical care services benefits, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, is likely eligible for supplemental security income based on medical evidence and other relevant information provided by a contracted entity, and immediately referring such persons to a contracted entity for services;

(iii) Developing standardized procedures for sharing data and information with the contracted entities to ensure timely identification of clients who have not been transferred to the ~~((disability lifeline expedited))~~ aged, blind, or disabled assistance program within four months of their date of application, but who may, upon further review, be appropriately transferred to that program;

(iv) Providing case management, in partnership with the managed health care system or contracted entity, to support persons' transition to federal supplemental security income and medicaid benefits; and

(v) Identifying a savings determination methodology, in consultation with the contracted entities, the office of financial management, and the legislature, on or before implementation of the project.

(2) Early supplemental security income transition project contracts shall include the following performance goals:

(a) Persons receiving ~~((disability lifeline benefits))~~ medical care services benefits, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, should be screened within thirty days of entering the program to determine the propriety of their transfer to the ~~((disability lifeline expedited))~~ aged, blind, or disabled assistance program; and

(b) Seventy-five percent of persons receiving ~~((disability lifeline benefits))~~ medical care services benefits, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, that appear likely to qualify for supplemental security income benefits shall be transferred to the ~~((disability lifeline expedited))~~ aged, blind, or disabled assistance program within four months of their application for ~~((disability lifeline))~~ aged, blind, or disabled benefits.

(3) The initial focus of the efforts of the early supplemental security income transition project shall be on persons who have been receiving ~~((disability lifeline or general assistance unemployable benefits))~~ medical care services, except recipients of alcohol and addiction treatment under chapter 74.50 RCW or aged, blind, or disabled assistance, for twelve or more months ~~((as of September 1, 2010))~~.

(4) No later than December 1, 2011, the department shall report to the governor and appropriate policy and fiscal committees on whether the early supplemental security income transition project performance goals in subsection (2) of this section were met, including the reasons those goals were or were not met.

(5) Pursuant to RCW 41.06.142(3), performance-based contracting under this section is expressly mandated by the legislature and is not subject to the processes set forth in RCW 41.06.142 (1), (4), and (5).

The statewide expansion of the program under this section shall be considered expressly mandated by the legislature and not be subject to the provisions of RCW 41.06.142 (1), (4), and (5).

**Sec. 24.** RCW 74.04.655 and 2010 1st sp.s. c 8 s 5 are each amended to read as follows:

(1) The economic services administration shall work jointly with the division of vocational rehabilitation to develop an assessment tool that must be used to determine whether the programs offered by the division of vocational rehabilitation could assist persons receiving ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act in

returning to the workforce. The assessment tool shall be completed no later than December 1, 2010. The economic services administration shall begin using the tool no later than January 1, 2011. No later than December 30, 2011, the department shall report on the use of the tool and to what extent the programs offered by the division of vocational rehabilitation have been successful in returning persons receiving ~~((disability lifeline))~~ aged, blind, or disabled benefits to the workforce.

(2) After January 1, 2011, all persons receiving ~~((disability lifeline))~~ benefits under sections 3 and 5 of this act shall be assessed to determine whether they would likely benefit from a program offered by the division of vocational rehabilitation. If the assessment indicates that the person might benefit, the economic services administration shall make a referral to the division of vocational rehabilitation. If the person is found eligible for a program with the division of vocational rehabilitation, he or she must participate in that program to remain eligible for the monthly stipend and housing voucher or a cash grant. If the person refuses to participate or does not complete the program, the department shall terminate the cash stipend and housing voucher or cash grant but may not terminate medical coverage and food benefits.

**Sec. 25.** RCW 74.04.657 and 2010 1st sp.s. c 8 s 6 are each amended to read as follows:

During the application process for ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act, the department shall inquire of each applicant whether he or she has ever served in the United States military service. If the applicant answers in the affirmative, the department shall confer with a veterans benefit specialist with the Washington state department of veterans affairs or a contracted veterans service officer in the community to determine whether the applicant is eligible for any benefits or programs offered to veterans by either the state or the federal government.

**Sec. 26.** RCW 74.04.770 and 2010 1st sp.s. c 8 s 23 are each amended to read as follows:

The department shall establish consolidated standards of need each fiscal year which may vary by geographical areas, program, and family size, for temporary assistance for needy families, refugee assistance, supplemental security income, and ~~((disability lifeline))~~ benefits under section 3 of this act. Standards for temporary assistance for needy families, refugee assistance, and ~~((disability lifeline))~~ benefits under section 3 of this act shall be based on studies of actual living costs and generally recognized inflation indices and shall include reasonable allowances for shelter, fuel, food, transportation, clothing, household maintenance and operations, personal maintenance, and necessary incidentals. The standard of need may take into account the economies of joint living arrangements, but unless explicitly required by federal statute, there shall not be proration of any portion of assistance grants unless the amount of the grant standard is equal to the standard of need.

The department is authorized to establish rateable reductions and grant maximums consistent with federal law.

Payment level will be equal to need or a lesser amount if rateable reductions or grant maximums are imposed. In no case shall a recipient of supplemental security income receive a state supplement less than the minimum required by federal law.

The department may establish a separate standard for shelter provided at no cost.

**Sec. 27.** RCW 74.08.043 and 2010 1st sp.s. c 8 s 24 are each amended to read as follows:

In determining the living requirements of otherwise eligible applicants and recipients of supplemental security income and ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act, the department is authorized to consider the need for personal and special care and supervision due to physical and mental conditions.

**Sec. 28.** RCW 74.08.278 and 2010 1st sp.s. c 8 s 25 are each amended to read as follows:

In order to comply with federal statutes and regulations pertaining to federal matching funds and to provide for the prompt payment of initial grants and adjusting payments of grants the secretary is authorized to make provisions for the cash payment of assistance by the secretary or county administrators by the establishment of a central operating fund. The secretary may establish such a fund with the approval of the state auditor from moneys appropriated to the department for the payment of ~~((disability lifeline))~~ benefits under section 3 of this act in a sum not to exceed one million dollars. Such funds shall be deposited as agreed upon by the secretary and the state auditor in accordance with the laws regulating the deposits of public funds. Such security shall be required of the depository in connection with the fund as the state treasurer may prescribe. Moneys remaining in the fund shall be returned to the general fund at the end of the biennium, or an accounting of proper expenditures from the fund shall be made to the state auditor. All expenditures from such central operating fund shall be reimbursed out of and charged to the proper program appropriated by the use of such forms and vouchers as are approved by the secretary of the department and the state auditor. Expenditures from such fund shall be audited by the director of financial management and the state auditor from time to time and a report shall be made by the state auditor and the secretary as are required by law.

**Sec. 29.** RCW 74.08.335 and 2010 1st sp.s. c 8 s 26 are each amended to read as follows:

Temporary assistance for needy families and ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act shall not be granted to any person who has made an assignment or transfer of property for the purpose of rendering himself or herself eligible for the assistance. There is a rebuttable presumption that a person who has transferred or transfers any real or personal property or any interest in property within two years of the date of application for the assistance without receiving adequate monetary consideration therefor, did so for the purpose of rendering himself or herself eligible for the assistance. Any person who transfers property for the purpose of rendering himself or herself eligible for assistance, or any person who after becoming a recipient transfers any property or any interest in property without the consent of the secretary, shall be ineligible for assistance for a period of time during which the reasonable value of the property so transferred would have been adequate to meet the person's needs under normal conditions of living: PROVIDED, That the secretary is hereby authorized to allow exceptions in cases where undue hardship would result from a denial of assistance.

**Sec. 30.** RCW 74.08A.210 and 2010 1st sp.s. c 8 s 27 are each amended to read as follows:

- (1) In order to prevent some families from developing dependency on temporary assistance for needy families, the department shall make available to qualifying applicants a diversion program designed to provide brief, emergency assistance for families in crisis whose income and assets would otherwise qualify them for temporary assistance for needy families.
- (2) Diversion assistance may include cash or vouchers in payment for the following needs:
  - (a) Child care;
  - (b) Housing assistance;
  - (c) Transportation-related expenses;
  - (d) Food;
  - (e) Medical costs for the recipient's immediate family;
  - (f) Employment-related expenses which are necessary to keep or obtain paid unsubsidized employment.
- (3) Diversion assistance is available once in each twelve-month period for each adult applicant. Recipients of diversion assistance are not included in the temporary assistance for needy families program.
- (4) Diversion assistance may not exceed one thousand five hundred dollars for each instance.

(5) To be eligible for diversion assistance, a family must otherwise be eligible for temporary assistance for needy families.

(6) Families ineligible for temporary assistance for needy families or ~~((disability lifeline))~~ benefits under section 3 of this act due to sanction, noncompliance, the lump sum income rule, or any other reason are not eligible for diversion assistance.

(7) Families must provide evidence showing that a bona fide need exists according to subsection (2) of this section in order to be eligible for diversion assistance.

An adult applicant may receive diversion assistance of any type no more than once per twelve-month period. If the recipient of diversion assistance is placed on the temporary assistance for needy families program within twelve months of receiving diversion assistance, the prorated dollar value of the assistance shall be treated as a loan from the state, and recovered by deduction from the recipient's cash grant.

**Sec. 31.** RCW 74.08A.440 and 2010 1st sp.s. c 8 s 32 are each amended to read as follows:

Recipients exempted from active work search activities due to incapacity or a disability shall receive ~~((disability lifeline))~~ services for which they are eligible, including aged, blind, or disabled assistance benefits as they relate to the facilitation of enrollment in the federal supplemental security income program, referrals to essential needs and housing support benefits, access to chemical dependency treatment, referrals to vocational rehabilitation, and other services needed to assist the recipient in becoming employable. ~~((Disability lifeline))~~ Aged, blind, or disabled assistance and essential needs and housing support benefits shall not supplant cash assistance and other services provided through the temporary assistance for needy families program. To the greatest extent possible, services shall be funded through the temporary assistance for needy families appropriations.

**Sec. 32.** RCW 74.09.555 and 2010 1st sp.s. c 8 s 30 are each amended to read as follows:

(1) The department shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The department, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

- (a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;
- (b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;
- (c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and
- (d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional

institution or institution for mental diseases shall provide the department with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The department shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

(5) For purposes of this section, "likely to be eligible" means that a person:

(a) Was enrolled in medicaid or supplemental security income or the ~~((disability lifeline))~~ medical care services program immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or

(b) Was enrolled in medicaid or supplemental security income or the ~~((disability lifeline))~~ medical care services program at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.

(6) The economic services administration shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid.

**Sec. 33.** RCW 74.50.060 and 2010 1st sp.s. c 8 s 31 are each amended to read as follows:

~~((+))~~ The department shall establish a shelter assistance program to provide, within available funds, shelter for persons eligible under this chapter. "Shelter," "shelter support," or "shelter assistance" means a facility under contract to the department providing room and board in a supervised living arrangement, normally in a group or dormitory setting, to eligible recipients under this chapter. This may include supervised domiciliary facilities operated under the auspices of public or private agencies. No facility under contract to the department shall allow the consumption of alcoholic beverages on the premises. The department may contract with counties and cities for such shelter services. To the extent possible, the department shall not displace existing emergency shelter beds for use as shelter under this chapter. In areas of the state in which it is not feasible to develop shelters, due to low numbers of people needing shelter services, or in which sufficient numbers of shelter beds are not available, the department may provide shelter through an intensive protective payee program, unless the department grants an exception on an individual basis for less intense supervision.

~~((2))~~ Persons continuously eligible for the disability lifeline program since July 25, 1987, who transfer to the program established by this chapter, have the option to continue their present living situation, but only through a protective payee.)

**NEW SECTION. Sec. 34.** The following acts or parts of acts are each repealed:

(1) RCW 43.330.175 (Disability lifeline housing voucher program) and 2010 1st sp.s. c 8 s 8;

(2) RCW 74.04.120 (Basis of state's allocation of federal aid funds--County budget) and 2010 1st sp.s. c 8 s 19, 1979 c 141 s 301, & 1959 c 26 s 74.04.120; and

(3) RCW 74.04.810 (Study of disability lifeline program terminations--Report) and 2010 1st sp.s. c 8 s 11.

**NEW SECTION. Sec. 35.** The code reviser shall alphabetize the subsections containing definitions in RCW 74.04.005.

**NEW SECTION. Sec. 36.** Sections 1 through 3 and 7 of this act constitute a new chapter in Title 74 RCW.

**NEW SECTION. Sec. 37.** Section 11 of this act expires June 30, 2013.

**NEW SECTION. Sec. 38.** Except for sections 6 and 8 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

**NEW SECTION. Sec. 39.** Section 6 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 22, 2011.

**NEW SECTION. Sec. 40.** Section 8 of this act takes effect November 1, 2011."

On page 1, line 6 of the title, after "funding;" strike the remainder of the title and insert "amending RCW 74.09.035, 74.04.005, 74.09.510, 74.50.055, 70.96A.530, 10.101.010, 26.19.071, 31.04.540, 70.123.110, 73.08.005, 74.04.0052, 74.04.225, 74.04.230, 74.04.266, 74.04.620, 74.04.652, 74.04.655, 74.04.657, 74.04.770, 74.08.043, 74.08.278, 74.08.335, 74.08A.210, 74.08A.440, 74.09.555, and 74.50.060; reenacting and amending RCW 13.34.030; adding new sections to chapter 43.185C RCW; adding a new chapter to Title 74 RCW; creating a new section; repealing RCW 43.330.175, 74.04.120, and 74.04.810; providing effective dates; providing an expiration date; and declaring an emergency."

MR. SPEAKER:

The President has signed:

SECOND SUBSTITUTE SENATE BILL 5459  
ENGROSSED SUBSTITUTE SENATE BILL 5942

and the same are herewith transmitted.

**"NEW SECTION. Sec. 1.** (1) Under Article IX of the Washington state Constitution, all children are entitled to an opportunity to receive a basic education. Although the state must assure that students in public schools have opportunities to participate in the instructional program of basic education, there is no obligation for either the state or school districts to provide that instruction using a particular delivery method or through a particular program.

(2) The legislature finds ample evidence of the need to examine and reconsider policies under which alternative learning that occurs outside the classroom using an individual student learning plan may be considered equivalent to full-time attendance in school, including for funding purposes. Previous legislative studies have raised questions about financial practices and accountability in alternative learning experience programs. Since 2005, there has been significant enrollment growth in alternative learning experience online programs, with evidence of unexpected financial impact when large numbers of nonresident students enroll in programs. Based on this evidence, there is a rational basis on which to conclude that there are different costs associated with providing a program not primarily based on full-time, daily contact between teachers and students and not primarily occurring on-site in a classroom.

(3) For these reasons, the legislature intends to allow for continuing review and revision of the way in which state funding allocations are used to support alternative learning experience programs.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.150 RCW to read as follows:

(1) For purposes of this chapter, "alternative learning experience program" means a course or set of courses that is:

(a) Provided in whole or in part independently from a regular classroom setting or schedule, but may include some components of direct instruction;

(b) Supervised, monitored, assessed, evaluated, and documented by a certificated teacher employed by the school district or under contract as permitted by applicable rules; and

(c) Provided in accordance with a written student learning plan that is implemented pursuant to the school district's policy and rules adopted by the superintendent of public instruction for alternative learning experiences.

(2) The broad categories of alternative learning experience programs include, but are not limited to:

(a) Online programs as defined in RCW 28A.150.262;

(b) Parent partnership programs that include significant participation and partnership by parents and families in the design and implementation of a student's learning experience; and

(c) Contract-based learning programs.

(3) School districts that offer alternative learning experience programs may not provide any compensation, reimbursement, gift, reward, or gratuity to any parents, guardians, or students for participation. School district employees are prohibited from receiving any compensation or payment as an incentive to increase student enrollment of out-of-district students in an alternative learning experience program. This prohibition includes, but is not limited to, providing funds to parents, guardians, or students for the purchase of educational materials, supplies, experiences, services, or technological equipment. A district may purchase educational materials, equipment, or other nonconsumable supplies for students' use in alternative learning experience programs if the purchase is consistent with the district's approved curriculum, conforms to applicable laws and rules, and is made in the same manner as such purchases are made for students in the district's regular instructional program. Items so purchased remain the property of the school district upon program completion. School districts may not purchase or contract for instructional or co-curricular experiences and services that are included in an alternative learning experience written student learning plan, including but not limited to lessons, trips, and other activities, unless substantially similar experiences and services are available to students enrolled in the district's regular instructional program. School districts that purchase or contract for such experiences and services for students enrolled in an alternative learning experience program must submit an annual report to the office of the superintendent of public instruction detailing the costs and purposes of the expenditures. These requirements extend to contracted providers of alternative learning experience programs, and each district shall be responsible for monitoring the compliance of its providers with these requirements. However, nothing in this section shall prohibit school districts from contracting with online providers approved by the office of the superintendent of public instruction pursuant to chapter 28A.250 RCW.

(4) Part-time enrollment in alternative learning experiences is subject to the provisions of RCW 28A.150.350.

(5) The superintendent of public instruction shall adopt rules defining minimum requirements and accountability for alternative learning experience programs.

**Sec. 3.** RCW 28A.150.262 and 2009 c 542 s 9 are each amended to read as follows:

Under RCW 28A.150.260, the superintendent of public instruction shall revise the definition of a full-time equivalent student to include students who receive instruction through alternative learning experience online programs. As used in this section and section 2 of this act, an "alternative learning experience online program" is a set of online courses or an online school program as defined in RCW 28A.250.010 that is delivered to students in whole or in part independently from a regular classroom schedule. ~~((The superintendent of public instruction has the authority to adopt rules to implement the revised definition beginning with the 2005-2007 biennium for school districts claiming state funding for the programs.))~~ Beginning in the 2013-14 school year, alternative learning experience online programs must be offered by an online provider approved by the superintendent of public instruction under RCW 28A.250.020 to meet the definition in this section. The rules shall include but not be limited to the following:

(1) Defining a full-time equivalent student under RCW 28A.150.260 or part-time student under RCW 28A.150.350 based upon the district's estimated average weekly hours of learning activity as identified in the student's learning plan, as long as the student is found, through monthly evaluation, to be making satisfactory progress; the rules shall require districts providing programs under this section to nonresident students to establish procedures that address, at a minimum, the coordination of student counting for state funding so that no student is counted for more than one full-time equivalent in the aggregate;

(2) Requiring the board of directors of a school district offering, or contracting under RCW 28A.150.305 to offer, an alternative learning experience online program to adopt and annually review written policies for each program and program provider and to receive an annual report on its digital alternative learning experience online programs from its staff;

(3) Requiring each school district offering or contracting to offer an alternative learning experience online program to report annually to the superintendent of public instruction on the types of programs and course offerings, and number of students participating;

(4) Requiring completion of a program self-evaluation;

(5) Requiring documentation of the district of the student's physical residence;

(6) Requiring that supervision, monitoring, assessment, and evaluation of the alternative learning experience online program be provided by a certificated (~~(instructional staff)~~) teacher;

(7) Requiring each school district offering courses or programs to identify the ratio of certificated instructional staff to full-time equivalent students enrolled in such courses or programs, and to include a description of their ratio as part of the reports required under subsections (2) and (3) of this section;

(8) Requiring reliable methods to verify a student is doing his or her own work; the methods may include proctored examinations or projects, including the use of web cams or other technologies. "Proctored" means directly monitored by an adult authorized by the school district;

(9) Requiring, for each student receiving instruction in an alternative learning experience online program, a learning plan that includes a description of course objectives and information on the requirements a student must meet to successfully complete the program or courses. The rules shall allow course syllabi and other additional information to be used to meet the requirement for a learning plan;

(10) Requiring that the district assess the educational progress of enrolled students at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students shall also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to participate in the assessments required under chapter 28A.655 RCW. The rules shall address how students who reside outside the geographic service area of the school district are to be assessed;

(11) Requiring that each student enrolled in the program have direct personal contact with a certificated (~~(instructional staff)~~) teacher at least weekly until the student completes the course objectives or the requirements in the learning plan. Direct personal contact is for the purposes of instruction, review of assignments, testing, evaluation of student progress, or other learning activities. Direct personal contact may include the use of telephone, e-mail, instant messaging, interactive video communication, or other means of digital communication;

(12) Requiring state-funded public schools or public school programs whose primary purpose is to provide alternative learning experience online learning programs to receive accreditation through the Northwest (~~(association of accredited schools)~~) accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction after consultation with the Washington coalition for online learning;

(13) Requiring state-funded public schools or public school programs whose primary purpose is to provide alternative learning experience online learning to provide information to students and parents on whether or not the courses or programs: Cover one or more of the school district's learning goals or of the state's essential academic learning requirements or whether they permit the student to meet one or more of the state's or district's graduation requirements; and

(14) Requiring that a school district that provides one or more alternative learning experience online courses to a student provide the parent or guardian of the student, prior to the student's enrollment, with a description of any difference between home-based education as described in chapter 28A.200 RCW and the enrollment option selected by the student. The parent or guardian shall sign documentation attesting to his or her understanding of the difference and the documentation shall be retained by the district and made available for audit.

**Sec. 4.** RCW 28A.250.005 and 2009 c 542 s 1 are each amended to read as follows:

(1) The legislature finds that online learning provides tremendous opportunities for students to access curriculum, courses, and a unique learning environment that might not otherwise be available. The legislature supports and encourages online learning opportunities.

(2) However, the legislature also finds that there is a need to assure quality in online learning, both for the programs and the administration of those programs. The legislature is the steward of public funds that support students enrolled in online learning and must ensure an appropriate accountability system at the state level.

(3) Therefore, the legislature intends to take a first step in improving oversight and quality assurance of online learning programs, and intends to examine possible additional steps that may need to be taken to improve financial accountability.

(4) The first step in improving quality assurance is to:

(a) Provide objective information to students, parents, and educators regarding available online learning opportunities, including program and course content, how to register for programs and courses, teacher qualifications, student-to-teacher ratios, prior course completion rates, and other evaluative information;

(b) Create an approval process for (~~(multidistrict)~~) online providers;

(c) Enhance statewide equity of student access to high quality online learning opportunities; and

(d) Require school district boards of directors to develop policies and procedures for student access to online learning opportunities.

**Sec. 5.** RCW 28A.250.010 and 2009 c 542 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Multidistrict online provider" means:

(i) A private or nonprofit organization that enters into a contract with a school district to provide online courses or programs to K-12 students from more than one school district;

(ii) A private or nonprofit organization that enters into contracts with multiple school districts to provide online courses or programs to K-12 students from those districts; or

(iii) Except as provided in (b) of this subsection, a school district that provides online courses or programs to students who reside outside the geographic boundaries of the school district.

(b) "Multidistrict online provider" does not include a school district online learning program in which fewer than ten percent of the students enrolled in the program are from other districts under the interdistrict student transfer provisions of RCW 28A.225.225. "Multidistrict online provider" also does not include regional online learning programs that are jointly developed and implemented by two or more school districts or an educational service district through an interdistrict cooperative program agreement that addresses, at minimum, how the districts share student full-time equivalency for state basic education funding purposes and how categorical education programs, including special education, are provided to eligible students.

(2)(a) "Online course" means a course (~~(that)~~) where:

(i) More than half of the course content is delivered (~~(primarily)~~) electronically using the internet or other computer-based methods; and

(ii) (Is taught by a teacher primarily from a remote location. Students enrolled in an online course may have access to the teacher synchronously, asynchronously, or both) More than half of the teaching is conducted from a remote location through an online course learning management system or other online or electronic tools.

(b) "Online school program" means a school program that:

(i) Offers courses or grade-level coursework that is delivered primarily electronically using the internet or other computer-based methods;

(ii) Offers courses or grade-level coursework that is taught by a teacher primarily from a remote location using online or other electronic tools. Students enrolled in an online program may have access to the teacher synchronously, asynchronously, or both;

(iii) (~~Delivers a part-time or full-time sequential program~~) Offers a sequential set of online courses or grade-level coursework that may be taken in a single school term or throughout the school year in a manner that could provide a full-time basic education program if so desired by the student. Students may enroll in the program as part-time or full-time students; and

(iv) Has an online component of the program with online lessons and tools for student and data management.

(c) An online course or online school program may be delivered to students at school as part of the regularly scheduled school day. An online course or online school program also may be delivered to students, in whole or in part, independently from a regular classroom schedule, but such courses or programs must comply with RCW 28A.150.262 to qualify for state basic education funding.

(3) "Online provider" means any provider of an online course or program, including multidistrict online providers, all school district online learning programs, and all regional online learning programs.

**Sec. 6.** RCW 28A.250.020 and 2009 c 542 s 3 are each amended to read as follows:

(1) The superintendent of public instruction, in collaboration with the state board of education, shall develop and implement approval criteria and a process for approving (~~multidistrict~~) online providers; a process for monitoring and if necessary rescinding the approval of courses or programs offered by an online (~~course~~) provider; and an appeals process. The criteria and processes for multidistrict online providers shall be adopted by rule by December 1, 2009.

(2) When developing the approval criteria, the superintendent of public instruction shall require that providers offering online courses or programs have accreditation through the Northwest (~~association of accredited schools~~) accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction after consultation with the Washington coalition for online learning. In addition to other criteria, the approval criteria shall include the degree of alignment with state academic standards and require that all teachers be certificated in accordance with Washington state law. When reviewing (~~multidistrict~~) online providers that offer high school courses, the superintendent of public instruction shall assure that the courses offered by the provider are eligible for high school credit. However, final decisions regarding (~~the awarding of high school credit~~) whether credit meets the school district's graduation requirements shall remain the responsibility of the school districts.

(3) Initial approval of (~~multidistrict~~) online providers by the superintendent of public instruction shall be for four years. The superintendent of public instruction shall develop a process for the renewal of approvals and for rescinding approvals based on noncompliance with approval requirements. Any multidistrict online provider that was approved by the digital learning commons or accredited by the Northwest association of accredited schools before July 26, 2009, and that meets the teacher certification requirements of subsection (2) of this section, is exempt from the initial approval process under this section until August 31, 2012, but must comply with the process for renewal of approvals and must comply with approval requirements.

(4) The superintendent of public instruction shall make the first round of decisions regarding approval of multidistrict online providers by April 1, 2010. The first round of decisions regarding approval of online providers that are not multidistrict online providers shall be made by April 1, 2013. Thereafter, the superintendent of public instruction shall make annual approval decisions no later than November 1st of each year.

(5) The superintendent of public instruction shall establish an online learning advisory committee within existing resources that shall provide advice to the superintendent regarding the approval criteria, major components of the web site, the model school district policy, model agreements, and other related matters. The committee shall include a representative of each of the following groups: Private and public online providers, parents of online students, accreditation organizations, educational service districts, school principals, teachers, school administrators, school board members, institutions of higher education, and other individuals as determined by the superintendent. Members of the advisory committee shall be selected by the superintendent based on nominations from statewide organizations, shall serve three-year terms, and may be reappointed. The superintendent shall select the chair of the committee.

**Sec. 7.** RCW 28A.250.030 and 2009 c 542 s 4 are each amended to read as follows:

The superintendent of public instruction shall create an office of online learning. In the initial establishment of the office, the superintendent shall hire staff who have been employed by the digital learning commons to the extent such hiring is in accordance with state law and to the extent funds are available. The office shall:

(1) Develop and maintain a web site that provides objective information for students, parents, and educators regarding online learning opportunities offered by (~~multidistrict~~) online providers that have been approved in accordance with RCW 28A.250.020. The web site shall include information regarding the online course provider's overall instructional program, specific information regarding the content of individual online courses and online school programs, a direct link to each online course provider's web site, how to register for online learning programs and courses, teacher qualifications, student-to-teacher ratios, course completion rates, and other evaluative and comparative information. The web site shall also provide information regarding the process and criteria for approving (~~multidistrict~~) online providers. To the greatest extent possible, the superintendent shall use the framework of the course offering component of the web site developed by the digital learning commons;

(2) Develop model agreements with approved (~~multidistrict~~) online providers that address standard contract terms and conditions that may apply to contracts between a school district and the approved provider. The purpose of the agreements is to provide a template to assist individual school districts, at the discretion of the district, in contracting with (~~multidistrict~~) online providers to offer the (~~multidistrict~~) online provider's courses and programs to students in the district. The agreements may address billing, fees, responsibilities of online course providers and school districts, and other issues; and

(3) In collaboration with the educational service districts:

(a) Provide technical assistance and support to school district personnel through the educational technology centers in the development and implementation of online learning programs in their districts; and

(b) To the extent funds are available, provide online learning tools for students, teachers, administrators, and other educators.

**Sec. 8.** RCW 28A.250.060 and 2009 c 542 s 7 are each amended to read as follows:

(1) Beginning with the 2011-12 school year, school districts may claim state (~~basic education~~) funding under RCW 28A.150.260, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are:

- (a) Offered by a multidistrict online provider approved under RCW 28A.250.020 by the superintendent of public instruction;
- (b) Offered by a school district online learning program if the program serves students who reside within the geographic boundaries of the school district, including school district programs in which fewer than ten percent of the program's students reside outside the school district's geographic boundaries; or
- (c) Offered by a regional online learning program where courses are jointly developed and offered by two or more school districts or an educational service district through an interdistrict cooperative program agreement.

(2) Beginning with the 2013-14 school year, school districts may claim state funding under RCW 28A.150.260, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are offered by an online provider approved under RCW 28A.250.020 by the superintendent of public instruction.

(3) Criteria shall be established by the superintendent of public instruction to allow online courses that have not been approved by the superintendent of public instruction to be eligible for state funding if the course is in a subject matter in which no courses have been approved and, if it is a high school course, the course meets Washington high school graduation requirements.

**Sec. 9.** RCW 28A.150.260 and 2010 c 236 s 2 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) The total aggregate statewide allocations calculated under subsections (4) through (12) of this section for full-time equivalent student enrollment in alternative learning experience programs as defined in section 2 of this act shall be reduced by fifteen percent for the 2011-12 and 2012-13 school years. The superintendent of public instruction shall determine how to implement this aggregate fifteen percent reduction among the different alternative learning experience programs. No program may receive less than a ten percent reduction and no program may receive greater than a twenty percent reduction. In determining how to implement the reductions among the alternative learning experience programs, the superintendent of public instruction must look to both how a program is currently operating as well as how it has operated in the past, to the extent that data is available, and must give consideration to the following criteria:

- (i) The category of program;
- (ii) The certificated instructional staffing ratio maintained by the program;
- (iii) The amount and type of direct personal student-to-teacher contact used by the program on a weekly basis;
- (iv) Whether the program uses any classroom-based instructional time to meet requirements in the written student learning plan for enrolled students; and
- (v) For online programs, whether the program is approved by the superintendent of public instruction under RCW 28A.250.020.

(c) The superintendent of public instruction shall report to the legislature by December 31, 2011, regarding how the reductions in (b) of this subsection were implemented.

(d) For the purposes of this section, prototypical schools are defined as follows:

- (i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;
- (ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and
- (iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education average class size	
Grades K-3.....	25.23
Grade 4.....	27.00
Grades 5-6.....	27.00
Grades 7-8.....	28.53
Grades 9-12.....	28.74

(b) During the 2011-2013 biennium and beginning with schools with the highest percentage of students eligible for free and reduced-price meals in the prior school year, the general education average class size for grades K-3 shall be reduced until the average class size funded under this subsection (4) is no more than 17.0 full-time equivalent students per teacher beginning in the 2017-18 school year.

(c) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level .....	26.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction .....	22.76

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for laboratory science, advanced placement, and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

	Elementary School	Middle School	High School
Principals, assistant principals, and other certificated building-level administrators .....	1.253	1.353	1.880
Teacher librarians, a function that includes information literacy, technology, and media to support school library media programs .....	0.663	0.519	0.523
Health and social services:			
School nurses .....	0.076	0.060	0.096
Social workers .....	0.042	0.006	0.015
Psychologists .....	0.017	0.002	0.007
Guidance counselors, a function that includes parent outreach and graduation advising .....	0.493	1.116	1.909
Teaching assistance, including any aspect of educational instructional services provided by classified employees .....	0.936	0.700	0.652
Office support and other noninstructional aides .....	2.012	2.325	3.269
Custodians .....	1.657	1.942	2.965
Classified staff providing student and staff safety .....	0.079	0.092	0.141
Parent involvement coordinators .....	0.00	0.00	0.00

(6)(a) The minimum staffing allocation for each school district to provide district-wide support services shall be allocated per one thousand annual average full-time equivalent students in grades K-12 as follows:

Staff per 1,000 K-12 students	
Technology .....	0.628
Facilities, maintenance, and grounds .....	1.813
Warehouse, laborers, and mechanics .....	0.332

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (b) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs, to be adjusted for inflation from the 2008-09 school year:

Per annual average full-time equivalent student in grades K-12	
Technology .....	\$54.43
Utilities and insurance.....	\$147.90
Curriculum and textbooks.....	\$58.44
Other supplies and library materials .....	\$124.07
Instructional professional development for certified and classified staff .....	\$9.04
Facilities maintenance.....	\$73.27
Security and central office .....	\$50.76

(b) During the 2011-2013 biennium, the minimum allocation for maintenance, supplies, and operating costs shall be increased as specified in the omnibus appropriations act. The following allocations, adjusted for inflation from the 2007-08 school year, are provided in the 2015-16 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

Per annual average full-time equivalent student in grades K-12	
Technology .....	\$113.80
Utilities and insurance.....	\$309.21
Curriculum and textbooks.....	\$122.17
Other supplies and library materials .....	\$259.39
Instructional professional development for certificated and classified staff .....	\$18.89
Facilities maintenance.....	\$153.18
Security and central office administration .....	\$106.12

(9) In addition to the amounts provided in subsection (8) of this section, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

- (a) Exploratory career and technical education courses for students in grades seven through twelve;
- (b) Laboratory science courses for students in grades nine through twelve;
- (c) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and
- (d) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 1.5156 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on two and three hundred fourteen one-thousandths percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a) and (b), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

**Sec. 10.** RCW 28A.150.100 and 2010 c 236 s 13 are each amended to read as follows:

(1) For the purposes of this section and RCW 28A.150.410 and 28A.400.200, "basic education certificated instructional staff" means all full-time equivalent classroom teachers, teacher librarians, guidance counselors, certificated student health services staff, and other certificated instructional staff in the following programs as defined for statewide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) Each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full-time equivalent students. This requirement does not apply to that portion of a district's annual average full-time equivalent enrollment that is enrolled in alternative learning experience programs as defined in section 2 of this act.

**Sec. 11.** RCW 28A.250.050 and 2009 c 542 s 6 are each amended to read as follows:

(1) By August 31, 2010, all school district boards of directors shall develop policies and procedures regarding student access to online courses and online learning programs. The policies and procedures shall include but not be limited to: Student eligibility criteria; the types of online courses available to students through the school district; the methods districts will use to support student success, which may include a local advisor; when the school district will and will not pay course fees and other costs; the granting of high school credit; and a process for students and parents or guardians to formally acknowledge any course taken for which no credit is given. The policies and procedures shall take effect beginning with the 2010-11 school year. School districts shall submit their policies to the superintendent of public instruction by September 15, 2010. By December 1, 2010, the superintendent of public instruction shall summarize the school district policies regarding student access to online courses and submit a report to the legislature.

(2) School districts must award credit for online high school courses successfully completed by a student that meet the school district's graduation requirements and are provided by an approved online provider.

(3) School districts shall provide students with information regarding online courses that are available through the school district. The information shall include the types of information described in subsection (1) of this section.

~~((3))~~ (4) When developing local or regional online learning programs, school districts shall incorporate into the program design the approval criteria developed by the superintendent of public instruction under RCW 28A.250.020.

NEW SECTION. **Sec. 12.** Sections 9 and 10 of this act take effect September 1, 2011.

NEW SECTION. **Sec. 13.** Section 9 of this act expires July 1, 2013."

On page 1, line 2 of the title, after "experiences;" strike the remainder of the title and insert "amending RCW 28A.150.262, 28A.250.005, 28A.250.010, 28A.250.020, 28A.250.030, 28A.250.060, 28A.150.260, 28A.150.100, and 28A.250.050; adding a new section to chapter 28A.150 RCW; creating a new section; providing an effective date; and providing an expiration date."

**GOVERNOR'S VETO MESSAGES**

Sixty Second Legislature  
2011 Legislative Session

**VETO MESSAGE ON HB 1000**

May 16, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, House Bill 1000 entitled:

"AN ACT Relating to overseas and service voters."

I am vetoing Section 2 of House Bill 1000 because another bill I am signing today amends the same statute regarding the date ballots are mailed to military and overseas voters. Section 16 of Second Engrossed Substitute Senate Bill 5171 contains the same amendment to this statute. Each of these amendments to the statute takes effect on a different date. House Bill 1000 takes effect ninety days after the end of session, whereas Section 16 of Second Engrossed Substitute Senate Bill 5171 takes effect January 1, 2012. The Secretary of State has stated that the statutory amendment should take effect in 2012 to correspond with other election date changes in Second Engrossed Substitute Senate Bill 5171.

For this reason I have vetoed Section 2 of House Bill 1000.

With the exception of Section 2, House Bill 1000 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON SHB 1053**

May 12, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 11, Substitute House Bill 1053 entitled:

"AN ACT Relating to the implementation of recommendations from the Washington state bar association elder law section's executive committee report of the guardianship task force."

Section 11 implements a fee schedule for filing of reports under RCW 11.92.040(2). The Judicial Branch has indicated support for the underlying bill, but opposition to the fee. Therefore, I am vetoing Section 11 and expect that the Judicial Branch agencies will implement the requirements of the bill within appropriated resources.

For this reason, I have vetoed Section 11 of Substitute House Bill 1053.

With the exception of Section 11, Substitute House Bill 1053 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON SHB 1084**

May 16, 2011

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Substitute House Bill 1084 entitled:

"AN ACT Relating to creating the board on geographic names."

Substitute House Bill 1084 recognizes the need for a board on geographic names. Section 7 would declare this act null and void if funding were not provided specifically for the purposes of this act in the omnibus appropriations act. Funding for this activity is less than \$50,000 per biennium and may not appear as a line item in the omnibus appropriations act.

For this reason I have vetoed Section 7 of Substitute House Bill 1084.

With the exception of Section 7, Substitute House Bill 1084 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

#### **VETO MESSAGE ON ESHB 1086**

February 18, 2011

The Honorable Speaker and Members  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

First, I extend my appreciation for the collaborative and bipartisan effort that has culminated in this early action supplemental operating budget. I fully recognize the difficult choices that you made in a short period of time.

I asked the Legislature to consider an early target date for passage of state General Fund reductions due to concerns about the feasibility of implementing major service alterations this late in the biennium. With the passage of Engrossed Substitute House Bill 1086, we still face challenges about the timing of program cuts, especially for reductions predicated on a March 1 implementation date. I will continue to monitor the situation as agencies move forward with budget implementation, and keep you informed of issues that require additional consideration.

As you wait for final caseload, enrollment and revenue forecasts for this biennium, I encourage your attention to those budget adjustments and the small number of additions I included in my December budget proposal. As one example, the entire \$30 million cut in information technology (IT) in the enacted 2009-11 budget cannot be achieved. Given the multiple administrative cuts already specified in the budget, this IT cut will likely lead to unintended service reductions at such agencies as the Department of Social and Health Services and Department of Corrections.

As I sign this appropriations bill, the 2011 legislative session is a little more than one-third complete. Many issues of critical importance to our state must still be addressed. I commit to working with you to craft a timely and responsible budget for the 2011-13 biennium.

This is the time to set strategies in place that can be implemented and accomplish projected savings for now and the future. Because some budget revisions do not meet that criteria, I am returning, without my approval as to Sections 123(5), 707, 708, 709, and 710, Engrossed Substitute House Bill 1086 entitled:

"AN ACT Relating to fiscal matters."

Section 123(5), page 32, Department of Information Services, Prohibition on Expenditures to Equip the State Data Center Budget language prohibits the Department of Information Services from spending any funds for the purchase or installation of equipment for the new State Data Center. This prohibition will not save any money, and will significantly delay Data Center operation and budget savings made possible by the consolidation of existing data centers. While I agree with the intent to create more time for legislative involvement, this collaboration can take place without a restriction on the equipment necessary to make the Data Center operational within its original budget.

For these reasons, I have vetoed Section 123(5).

**Section 707, page 211, 3 Percent Pay Reduction**

This budget would cut the pay of many non-represented state employees by 3 percent beginning April 1, for a savings of \$3.4 million in the state General Fund. While my 2011-13 budget proposal includes an employee pay cut, the early implementation date in this bill is not achievable and would have unintended consequences.

First, there is insufficient time for the necessary changes to be made to the state's payroll system to meet the April 1 implementation date. In addition, while I believe that sacrifices by state employees, in addition to many others, are essential during these tough times, I also believe that compensation reductions should be made fairly and compassionately. The Legislature's cut does not provide exceptions for workers who are paid the least and would have the most difficulty in absorbing this reduction to their paychecks. Hundreds of employees making less than \$30,000 a year would be affected by this pay cut while the pay of some higher-salaried employees would be unchanged.

Lastly, a salary reduction should also recognize actions already taken. Thousands of state employees are already bringing home smaller paychecks as a result of temporary layoffs required by Engrossed Substitute Senate Bill 6503 enacted last year. Many of these employees will be temporarily laid off for one day each in April and June of this year. Many also will have a layoff day in May. This budget does not distinguish between employees who are subject to temporary layoffs during this time period and those who are not.

For these reasons, I have vetoed Section 707.

**Section 708, page 211-212, Communications Staff Savings**

The budget requires agencies to achieve \$1.0 million of savings through reductions in communications functions in the executive branch. The communications staff of the legislative and judicial branches would not be affected. Communications staff provide information to the public, media, and legislators, which advances the goal of transparency in government. Given the importance of the work performed by these employees, ranging from providing information on real-time traffic to public health concerns to unemployment insurance and licensed child care facilities and the budget, it is difficult to see how the public would be served through the sudden and dramatic elimination of these staff.

Marketing functions generate revenue in the State Lottery, state liquor stores, and correctional industries, and stimulate economic development through promotion of tourism and agricultural products. We will continue our efforts to create efficiencies such as abolishing non-essential reports, but the savings target is not achievable in the last three months of the biennium.

For these reasons, I have vetoed Section 708.

**Section 709, page 212, Management Efficiencies in the Department of Social and Health Services**

This section requires the Department of Social and Health Services to achieve state General Fund savings of \$1.7 million by reducing management staffing and administration in addition to achieving other efficiencies. In reality, the reduction is closer to twice that amount because many of these positions are partially supported by federal or other fund sources. The department has already instituted significant administrative and other reductions, including the elimination of 147 centralized administrative staff, which represents a 27 percent reduction. Additional administrative reductions have been made in every DSHS program. With the previously mentioned information technology cuts, these proposed reductions would jeopardize the department's ability to implement the program changes required in the budget.

Therefore, I have vetoed Section 709.

**Section 710, page 212, Dual Language Pay Reductions**

This section restricts dual language pay, which is provided to some employees who are fluent in more than one language and use their language skills in the performance of their duties. The reduction exceeds anticipated expenditures for this purpose in the remainder of the biennium. Further, dual language assignment pay is included in the collective bargaining agreements that cover all but a fraction of these employees, which means that this reduction cannot be implemented.

For these reasons, I have vetoed Section 710.

With the exception of Sections 123(5), 707, 708, 709, and 710, Engrossed Substitute House Bill 1086 is approved.

Sincerely,  
Christine O. Gregoire  
Governor

**VETO MESSAGE ON 2ESHB 1087**

June 15, 2011

The Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 123(4); 125, page 14, line 28; 127(11); 129(4); 129(5); 129(6); 129(8); 129(9); 129(10); 134(4); 139(3); 139(4); 144(1); 144(2); 201(5); 202(8); 202(11); 205(1)(j); 205(2)(c); 205(2)(d); 206(16); 206(17); 207(9); 209(1); 213, page 68, line 12; 213(16); 213(17); 213(34); 213(38); 213(47); 213(48); 217(3); 218(2)(a); 219(11); 219(14); 219(17); 220(1)(b); 220(2)(a); 220(3)(a); 221, page 96, lines 8-14; 301, page 98, lines 8-11; 302(9); 302(10); 303(4); 307(12); 308(10); 310, page 110, lines 25-28; 312; 401(3); 401(4); 501(1)(a)(iv); 501(1)(i); 601(6)(c); 605(3); 610(3); 610(9); 613(2)(b); 613(4); 617(7); 617(11); 716; 721(2); 724; 805, page 192, lines 35-37, and page 193, line 1-18; 925; 934; 935; 978, Second Engrossed Substitute House Bill 1087 entitled:

"AN ACT Relating to fiscal matters."

I have vetoed the following appropriation items because of concerns with policy or technical issues relating to the legislative provisions:

Section 123(4), page 14, State Auditor's Office, Fraud Ombudsman

The State Auditor is provided funding for the work of the fraud ombudsman, whose office was to be created through passage of Engrossed Substitute Senate Bill 5921 (relating to social services). Because I have vetoed the creation of the fraud ombudsman's office within the State Auditor's Office, I have also vetoed Section 123(4).

Section 125, page 14, line 28, Attorney General's Office, Medicaid Fraud Penalty Account

Section 213, page 68, line 12, Health Care Authority, Medicaid Fraud Penalty Account

These appropriations, which were to be used to fund the Attorney General's Fraud Investigation Unit, are from a non-existent account. The budget assumed passage of Engrossed Substitute Senate Bill 5960 (relating to Medicaid fraud), which did not pass. As a result, the Attorney General's Office and Health Care Authority will need to use other sources of funding until an appropriate fund source can be identified in the 2012 supplemental budget. Because this account does not exist, I have vetoed Section 125, page 14, line 28, and Section 213, page 68, line 12.

Section 127(11), page 19, Department of Commerce, Public Works Assistance Account Savings

The administrative savings attributed to the Public Works Assistance Account is from the implementation of Substitute Senate Bill 5844 (local government infrastructure), which did not pass. The Department should be afforded flexibility in how it achieves its budget reductions. For this reason, I have vetoed Section 127(11).

Section 129(4), page 23, Office of Financial Management, Collective Bargaining for Health Insurance

The requirement to propose employee contributions to health insurance on a sliding scale is incompatible with Washington's collective bargaining statutes, which limit bargaining on health insurance to the amount of the employer contribution. It is also problematic to consider single elements of collective bargaining in isolation. The existing statute recognizes this by having the Governor negotiate the agreements in their totality, with input from the Joint Committee on Employment Relations. Further, sliding scale contributions would present implementation challenges. For these reasons, I have vetoed Section 129(4).

Section 129(5), page 23, Office of Financial Management, Direct Deposit Feasibility Study

This proviso requires the Office of Financial Management (OFM) to conduct a feasibility study on the implications of mandating direct payroll deposit for state employees, and to report to the legislative fiscal committees by December 1, 2011. OFM has already researched the feasibility of mandating direct deposit for all state employees. As a part of this research, stakeholders were contacted and concerns were raised regarding the impact of such a mandate. Since the majority of state employees voluntarily use direct deposit, the amount of effort required to make this change would outweigh the possible savings. For this reason, I have vetoed Section 129(5).

Section 129(6), page 24, Office of Financial Management, Study to Use Digital Signatures for Employment Actions

This proviso requires OFM to conduct a feasibility study on the potential impacts of a system that would allow digital signatures for the purpose of employment activities. OFM is responsible for coordinating an unprecedented level of organizational and governmental service changes in the 2011-13 biennium. It does not have the capacity to perform this study with existing resources. For this reason, I have vetoed Section 129(6).

Section 129(8), page 24, Office of Financial Management, Washington State Quality Award Training

Section 129(9), page 24, Office of Financial Management, Washington State Quality Award Assessment

Section 129(10), page 24, Office of Financial Management, Priorities of Government Program Information

Section 925, page 204, Office of Financial Management, Employee Performance Management Training Tracking and Performance Management

Section 129(8) provides \$100,000 State General Fund for OFM to contract with the Washington State Quality Award for training, outreach, and assessments for public agencies and public agency vendors. Section 129(9) directs the Government Management and Accountability Performance (GMAP) program to develop, in coordination with the Washington State Quality Award, a plan for all state agencies to complete a Washington State Quality Award or Baldrige full assessment by June 30, 2013. Section 129(10) requires the Priorities of Government program to include in its report the Washington State Quality Award assessment score for agencies. Section 925 adds requirements related to the Washington State Quality Award and Baldrige assessments and the tracking of employee performance management training. Given the unprecedented level of 2011-13 budget reductions, I believe our existing GMAP process is more cost-effective. For these reasons, I have vetoed Section 129(8), Section 129(9), Section 129(10), and Section 925.

Section 139(3) and (4), pages 27-28, Consolidated Technology Services Agency, Consolidated State Data Center  
These provisos set forth a number of conditions that must be met prior to equipping and operating the new state data center. These restrictions will significantly impede the ability of state agencies to use this asset. We are in the process of implementing all of these conditions (appointing a new Chief Information Officer, adopting technical standards for shared services, developing competitive rates for data center services, and developing a detailed implementation plan). However, work to design and equip the data center network and infrastructure must proceed to maintain the current schedule to migrate state agency data centers to the new consolidated data center. For this reason, I have vetoed Section 139(3) and Section 139(4).

Section 201(5), page 35, Department of Social and Health Services, Food Procurement Cost Information  
Section 219(14), pages 91-92, Department of Health, Food Procurement Cost Information  
Section 220(1)(b), page 93, Department of Corrections, Food Procurement Cost Information  
Section 221, page 96, lines 8-14, Department of Services for the Blind, Food Procurement Cost Information  
These provisos direct these agencies to compile and submit food procurement costs to the Department of Health. No funding was provided to collect or analyze this data. Given the amount of administrative reductions to be incurred by these departments, additional unfunded requirements cannot be completed. For this reason, I have vetoed Section 201(5), Section 219(14), Section 220(1)(b), and Section 221, page 96, lines 8-14.

Section 202(8), pages 38-39, Department of Social and Health Services -- Children and Family Services, Foster Care Reduction Workgroup  
In 2010, the Office of Financial Management, Department of Social and Health Services (DSHS), and Washington State Caseload Forecast Council developed a plan to reinvest resources from foster care savings and presented it to the Governor and the Legislature.  
Section 202(8) instructs DSHS to establish a workgroup to duplicate the work that has already been performed. In addition, no resources were provided to complete this task. For these reasons, I have vetoed Section 202(8).

Section 202(11), page 39, Department of Social and Health Services -- Children and Family Services, Administrative Reductions  
Section 205(2)(c), page 54, Department of Social and Health Services -- Developmental Disabilities, Administrative Reductions  
Section 207(9), page 64, Department of Social and Health Services -- Economic Services, Administrative Reductions  
Whenever possible, state agencies reduce administrative expenses before reducing services. The Department has made significant progress in finding ways to improve services to Washington residents while reducing costs. However, given the significant reductions in administrative activities made in the past few years, additional reductions cannot be limited to administrative reductions and will likely impact services. For this reason, I have vetoed Section 202(11), Section 205(2)(c), and Section 207(9).

Section 205(1)(j), page 53, Department of Social and Health Services -- Developmental Disabilities, Community First Choice Option  
This proviso requires the Department to determine whether it would be cost-efficient for the state to exercise a 1915(k) Medicaid waiver and submit a plan to the Legislature during the next legislative session. I am directing the Department to conduct this review and move forward with implementing the waiver if the finding demonstrates that it is cost-efficient, instead of waiting for the subsequent legislative session. For this reason, I have vetoed Section 205(1)(j).

Section 205(2)(d), page 54, Department of Social and Health Services -- Developmental Disabilities, Frances Haddon Morgan Center and Yakima Valley School  
This proviso directs that no resident shall be moved from these residential habilitation centers unless and until the Department has the "appropriate and suitable" community option and services available as specified in the client's individual habilitation plan. The terms "appropriate and suitable" are subjective and would be difficult to implement. I am directing the Department to keep the wellbeing of the residents at the forefront as these moves take place. For this reason, I have vetoed Section 205(2)(d).

Section 206(17), page 61, Department of Social and Health Services -- Aging and Adult Services, Community First Choice Option

The Department must determine whether it would be cost-efficient for the state to exercise a 1915(k) Medicaid waiver, and submit a plan to the Legislature in the next legislative session. I am directing the Department to conduct this review and move forward with implementing the waiver if the finding demonstrates that it is cost-efficient, instead of waiting for the subsequent legislative session. For this reason, I have vetoed Section 206(17).

Section 209(1), page 66, Department of Social and Health Services -- Vocational Rehabilitation, Serving Lifeline Clients  
This proviso, which applies to the entire 2011-13 biennium, directs the Department to serve Lifeline clients; however, the Lifeline program terminates on October 31, 2011. I am, however, directing the Department to make every effort to continue to serve clients receiving public assistance, within the requirements of the federal Rehabilitation Act of 1973. For this reason, I have vetoed Section 209(1).

Section 213(16), pages 74-75, Health Care Authority, Disability Lifeline Managed Care  
The reference to Disability Lifeline is no longer valid because the Disability Lifeline program no longer exists effective November 2011. I am directing the Health Care Authority to contract managed care services in a way that maximizes patient outcomes in the most cost effective manner. For this reason, I have vetoed Section 213(16).

Section 213(17), page 75, Health Care Authority, Impact Evaluation for Disability Lifeline  
The Health Care Authority is directed to evaluate the impact of a managed care delivery system on state costs and outcomes for Lifeline medical clients. No funding was provided for this evaluation. For this reason, I have vetoed Section 213(17).

Section 213(34), page 79, Health Care Authority, Power Wheelchairs  
The state must meet the medical necessity test as a condition of operating a Medicaid program. This proviso creates a confusing situation by prohibiting the current limitation of power wheelchairs to clients in school or work. As a cost savings step, reducing power wheelchairs is preferable to many other service reduction options. The state should be allowed to establish a benefit design that meets federal standards without overly prescriptive budget provisos. For these reasons, I have vetoed Section 213(34).

Section 213(38), page 80, Health Care Authority, Federally Qualified Health Clinics  
This proviso directs payments to federally qualified health centers and rural health clinics. On lines 22-23, the proviso references the incorrect years, which would result in deeper reductions than is intended. I am, however, directing the Health Care Authority to implement the reductions in accordance with the appropriation amounts. For this reason, I have vetoed Section 213(38).

Section 213(47), page 82, Health Care Authority, State Pharmacists Contract  
The agency is directed to contract with an organization that will use state pharmacists to provide medication therapy management services to lower costs and improve patient compliance. No other state Medicaid program in the country has implemented this program and achieved savings. For this reason, I have vetoed Section 213(47).

Section 213(48), page 82, Health Care Authority, Report on Not-For-Profit Disproportionate Share Hospitals  
This proviso requires the agency to evaluate community benefit information provided by disproportionate share hospitals and report to the Legislature with an assessment of improved measures for charity care efforts. No resources were provided to conduct this evaluation. For this reason, I have vetoed Section 213(48).

Section 218(2)(a), page 87, Department of Veterans Affairs, Identify and Assist General Assistance Unemployable Clients  
The General Assistance Unemployable program no longer exists. I am directing the Department of Social and Health Services and the Department of Veterans Affairs to continue working collaboratively to help public assistance clients access veterans' benefits for which they qualify. For this reason, I have vetoed Section 218(2)(a).

Section 220(2)(a), page 93, Department of Corrections -- Priority of Personnel Reductions  
Section 220(3)(a), page 94, Department of Corrections -- Priority of Personnel Reductions  
The Department continues to look for administrative and other reductions that minimize impact on custody staff and correctional industries. However, given the significant expenditure reductions made in the past few years, it is critical that the Department has flexibility in how it achieves its budget reductions. For this reason, I have vetoed Section 220(2)(a) and Section 220(3)(a).

#### Natural Resource Agency Consolidation

Several appropriations in Second Engrossed Substitute House Bill 1087 assume the passage of Engrossed Second Substitute Senate Bill 5669 (Consolidating natural resources agencies and programs); however, this bill did not pass. Appropriation bill language signals a legislative intent to shift Fiscal Year 2013 funding among agencies to reflect the new organizational structure created in Engrossed Second Substitute Senate Bill 5669. These discrepancies will need to be reconciled during the 2012 legislative session. Initial steps can be taken now through some vetoes of unneeded consolidation-related provisos that contain duplicative information or technical errors. For these reasons, I have vetoed the following sections:

Section 301, page 98, lines 8-11, Columbia River Gorge Commission

Section 302(9), page 101, Department of Ecology

Section 302(10), page 101, Department of Ecology

Section 310, page 110, lines 25-28, Washington Pollution Liability Insurance Program

Section 303(4), page 102, State Parks and Recreation Commission, Land Purchase

The Commission is prohibited from expending state monies to purchase or acquire lands other than those called for in Senate Bill 5467 (capital budget) or House Bill 1497 (capital budget). A technical problem is created by the fact that the House bill cited is only one of the two capital budget bills that passed the Legislature. For this reason, I have vetoed Section 303(4).

Section 307(12), page 107, Department of Fish and Wildlife, Purchase of Lands

This proviso restricts the Department from expending state monies to purchase or acquire additional lands other than those called for in Senate Bill 5467 (capital budget) or House Bill 1497 (capital budget). The House bill cited is only one of the two capital budget bills that passed the Legislature. For this reason, I have vetoed Section 307(12).

Section 308(10), pages 109-110, Department of Natural Resources, Marine Rents Committee

This proviso directs the Department to convene a marine rents review committee in order to explore ways to refine and improve the method for calculating rents for marinas occupying state-owned aquatic lands. A report and recommendations are due to the Legislature by December 1, 2011. Since no funding was provided to complete this report, I have vetoed Section 308(10). I am however, asking the Commissioner of Public Lands to review past studies on this subject, discuss the issue with all affected stakeholders and prepare legislation for next session.

Section 312, pages 111-112, Department of Agriculture, Department of Ecology, and State Conservation Commission - Livestock Operations Review

Three agencies are required to conduct a process to review the impact of livestock operations on water quality, and to make recommendations by December 31, 2011. In March, these agencies committed to conducting a review process similar to this one; however, this proviso expands that process without an increase in funding. For this reason, I have vetoed Section 312. I am directing these agencies to continue the process they committed to during the legislative session.

Section 401(4), pages 113-114, Department of Licensing, House Bill 2017 - Master License Service (MLS) Transfer

This proviso prohibits the Department of Revenue from reimbursing the Department of Licensing for costs related to transferring the Master License Service program after July 1, 2011. This restriction limits the agencies' ability to facilitate a seamless transfer of the program, as required by Substitute House Bill 2017. For this reason, I have vetoed Section 401(4). However, I am directing the Department of Licensing to expedite the transfer in order to minimize the work and costs that will be incurred in the next biennium.

Section 501(1)(a)(iv), page 117, Superintendent of Public Instruction, Electronic Certification System

The Office of the Superintendent of Public Instruction and the Office of Financial Management are required "to work to allocate sufficient funding from the federal grant funds for the state's P-20 longitudinal data system, to the extent allowable, for the purpose of developing and implementing a new electronic certification system." The P-20 grant links student education data across time and databases, from early childhood to career, by funding data technology projects at ten state agencies. As drafted, this proviso places construction of the electronic certification system ahead in the funding priority line, in front of all other projects. Additionally, the electronic certification system can be built with fees authorized in Engrossed Substitute House Bill 1449, a funding source not available for the other projects. For this reason, I have vetoed Section 501(1)(a)(iv). However, I am directing OFM to explore the use of grant funds for the system's construction, if funds are available and consistent with the administration of other projects in the P-20 program.

Section 601(6)(c), page 155, Higher Education, Salary Increases from Other Sources

This proviso authorizes salary increases from sources other than the State General Fund for instructional and research faculty at the state's universities and The Evergreen State College. This authority conflicts with Engrossed Substitute Senate Bill 5860, which freezes state government salaries unless agencies or institutions demonstrate difficulty in retaining qualified employees. For this reason, I have vetoed Section 601(6)(c).

Section 605(3), page 160, State Board for Community and Technical Colleges, Administrative Efficiencies

The State Board for Community and Technical Colleges is directed to achieve \$7 million in savings through efficiencies, including consolidation of college districts and administrative and governance functions. The State Board will achieve the required savings, but the proviso is overly prescriptive. For this reason, I have vetoed Section 605(3).

Section 610(9), page 167, The Evergreen State College, Controlled Substances Study

This proviso directs the Washington State Institute for Public Policy to study the costs and benefits to state and local governments and the citizens of Washington from implementation of the state's policies on "controlled substances, excluding alcohol, tobacco and pharmaceuticals." The reality is that these are controlled substances under federal law. It is unwise to spend taxpayer dollars on a study that cannot address the fundamental issues in this policy area. Therefore, I have vetoed Section 610(9).

Section 613(2)(b), page 168, Higher Education Coordinating Board -- Financial Aid and Grant Programs, State Need Grant Scholarships for Private College Students

This proviso limits State Need Grant award in Fiscal Year 2012 for private college students to the level of students attending public regional universities. This would reduce Need Grant awards to levels below current practice. This proviso was included in the bill as a result of a technical drafting error. Appropriations in the budget are not based on this unintended restriction. For this reason, I have vetoed Section 613(2)(b).

Section 613(4), page 169, Higher Education Coordinating Board, Financial Aid and Grant Programs -- Gaining Early Awareness and Readiness for Undergraduate Programs Project

This proviso would restrict the use of funding in an appropriation from the Education Legacy Trust Account. This apparently is a technical bill drafting error, because no such appropriation exists in this section. Therefore, I have vetoed Section 613(4).

Section 617(7), page 173, Department of Early Learning, Eligibility for Working Connections Child Care

This proviso prohibits the Department of Early Learning from making rules that reduce the income eligibility criteria of the Working Connections Child Care program to below the current level of 175 percent of the federal poverty level. Such a limitation infringes on my authority to manage the WorkFirst program, which includes the Working Connections Child Care program. For this reason, I have vetoed Section 617(7).

Section 617(11), page 173, Department of Early Learning, Child Care Copayment Structure

This proviso directs the Department of Early Learning to implement a child care copayment structure that gradually increases the copayments of parents in the Working Connection Child Care program based on income and other factors. Additionally, the proviso includes multiple directives about how the copayment structure should be developed. The Department of Early Learning is already beginning work on potential child care copayment structures that smooth out the tiers in the current model. The parameters of this proviso unnecessarily limit the agency's options. For this reason, I have vetoed Section 617(11).

Section 716, pages 182-184, Office of Financial Management, Agency Reallocation and Realignment Commission

Section 716 creates the Agency Reallocation and Realignment Commission with responsibilities for examining current state operations and organization, and making proposals to reduce expenditures and eliminate duplication and overlapping services. The sum of \$100,000 in State General Fund dollars is provided for this purpose. During the Priorities of Government activity conducted during the summer of 2010, I appointed an external stakeholder team that performed similar responsibilities envisioned for this commission. Several of the public's suggestions, including the merger of central service functions, were proposed in my budget and enacted by the Legislature. Since we already have mechanisms to perform many of the same responsibilities without additional expense, this commission is not needed. For these reasons, I have vetoed Section 716.

Section 805, page 192, lines 35-37, and page 193, lines 1-18, State Treasurer, Conditions on Life Sciences Discovery Fund  
These provisos place seven conditions on the Life Sciences Discovery Fund (LSDF). With the exception of subsection 1 these conditions decrease its autonomy and overall efficacy. For this reason, I have vetoed Section 805, page 192, lines 35-37; and page 193, lines 1-18.

Section 934, page 212, Amending the State Civil Service Law, RCW 41.06.022

Section 935, pages 212-218, Amending the State Civil Service Law, RCW 41.06.070

Section 934 makes two changes to the current civil service law for the duration of the 2011-13 biennium: (1) Any manager whose position is eliminated and who transfers to a different position shall be compensated at a level no higher than commensurate with the new position, and (2) No manager whose position is eliminated shall have reversion rights to classified position unless the employee was employed in the position, or a substantially equivalent one, within three years prior to the effective date of this act. Section 935 requires that any exempt employee whose position is eliminated and who transfers to a different position shall be compensated at a level no higher than commensurate with the new position. It is inappropriate to unilaterally and retroactively change the terms of employment for employees who have served with sufficient excellence to be promoted to leadership positions. Revoking guarantees made when these employees accepted offers to serve in management positions is simply unwarranted. In addition, the language is written in such a way that it would be applied unevenly to employees in equivalent situations, based on the presumed specific budget reduction that might apply in a given case. This approach would also make it distinctly more difficult for state agencies to promote from within the ranks of their employees. For these reasons, I have vetoed Sections 934 and 935.

Section 978, page 271, Reports on Ensuing Biennium Impact of Budget Proposals

While I am supportive of the intent to provide ensuing biennium impact statements on legislative and executive budget proposals, this language originated as separate legislation and is more appropriately implemented as a change to statute, not as part of an appropriations bill that expires in two years. Furthermore, the information required for both the State General Fund and other funds is far more detailed than necessary for a statewide budget outlook. For these reasons, I have vetoed Section 978.

A number of appropriations in Second Engrossed Substitute House Bill 1087 are contingent upon passage of separate legislation, with legislative direction that the appropriations will lapse if the bills are not enacted. The following vetoes relate to bills that did not pass:

Section 134(4), page 26, Department of Retirement Systems, Substitute Senate Bill 5846 (Retired public employees)  
 Section 144(1), page 29, Liquor Control Board, House Bill 2043 or Senate Bill 5916 (Liquor related products)  
 Section 144(2), page 29, Liquor Control Board, House Bill 2043 or Senate Bill 5917 (Co-located contract stores)  
 Section 206(16), page 61, Department of Social and Health Services, Engrossed Second Substitute House Bill 1901 (Reshaping the delivery of the long-term care system)  
 Section 217(3), page 86, Department of Labor and Industries, Engrossed Second Substitute House Bill 1701 (Contractor misclassification)  
 Section 219(11), page 91, Department of Health, Substitute House Bill 1468 (Public water system permits)  
 Section 219(17), page 92, Department of Health, Substitute Senate Bill 5542 (Cigar lounge and tobacconist shop special license)  
 Section 401(3), page 113, Department of Licensing, Substitute House Bill 1205 (Court reporter licensing)  
 Section 501(1)(i), pages 118-119, Office of the Superintendent of Public Instruction, House Bill 2111 (Implementing Quality Education Council recommendations)  
 Section 610(3), page 165, The Evergreen State College, Engrossed Second Substitute House Bill 1443 (Continuing education reforms)  
 Section 721(2), page 186, Transportation agencies, Senate Bill 5920 (Limiting annual increase amounts)  
 Section 724, page 187, Substitute Senate Bill 5846 (Health benefit subsidies)  
 For these reasons, I have vetoed Sections 134(4); 144(1); 144(2); 206(16); 217(3); 219(11); 219(17); 401(3); 501(1)(i); 610(3); 721(2); and 724.

With the exception of Sections 123(4); 125, page 14, line 28; 127(11); 129(4); 129(5); 129(6); 129(8); 129(9); 129(10); 134(4); 139(3); 139(4); 144(1); 144(2); 201(5); 202(8); 202(11); 205(1)(j); 205(2)(c); 205(2)(d); 206(16); 206(17); 207(9); 209(1); 213, page 68, line 12; 213(16); 213(17); 213(34); 213(38); 213(47); 213(48); 217(3); 218(2)(a); 219(11); 219(14); 219(17); 220(1)(b); 220(2)(a); 220(3)(a); 221, page 96, lines 8-14; 301, page 98, lines 8-11; 302(9); 302(10); 303(4); 307(12); 308(10); 310, page 110, lines 25-28; 312; 401(3); 401(4); 501(1)(a)(iv); 501(1)(i); 601(6)(c); 605(3); 610(3); 610(9); 613(2)(b); 613(4); 617(7); 617(11); 716; 721(2); 724; 805, page 192, lines 35-37, and page 193, line 1-18; 925; 934; 935; 978, Second Engrossed Substitute House Bill 1087 is approved.

Respectfully submitted,

#### **VETO MESSAGE ON SHB 1089**

May 16, 2011

To the Honorable Speaker and Members,  
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute House Bill 1089 entitled:

"AN ACT Relating to instructional materials provided in a specialized format version."

I am vetoing the intent section, Section 1 of the bill, because it is broader than the substantive language in the bill. Vetoing the intent section may avoid confusion and does not impede implementation of the bill.

For this reason I have vetoed Section 1 of Substitute House Bill 1089.

With the exception of Section 1, Substitute House Bill 1089 is approved.

Respectfully submitted,  
 Christine Gregoire  
 Governor

#### **VETO MESSAGE ON ESHB 1175**

May 16, 2011

The Honorable Speaker and Members  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

Thank you for your work on the supplemental and 2011-13 transportation budgets. I am returning, without my approval as to Sections 103(3), 103(4), 204(2), 205(3), 208(11), 210(4), 210(6), 221(3), 221(4), 221(7), 221(8), 221(9), 221(18), 305(6), 306(4), 308(6), 308(10), 308(12), 610, 706, 714, 722, and 817, Engrossed Substitute House Bill 1175 entitled:

"AN ACT Relating to making transportation appropriations for the 2009-2011 and 2011-2013 fiscal biennia."  
Section 103(3), pages 3-4, Office of Financial Management, Predesign Requirements for Washington State Ferries  
This proviso requires the Office of Financial Management (OFM) to review and modify the Department of Transportation's (WSDOT) predesign requirements for state ferry vessel and terminal projects so that they continue to meet legal mandates without unduly burdening WSDOT. OFM is committed to working with the legislative transportation committees and stakeholders during the interim to assess and re-write the predesign manual for all appropriate transportation facilities, not just for ferry terminals and vessels. For this reason, I have vetoed Section 103(3).

Section 103(4), page 4, Office of Financial Management, List of Ferry Demands to Bargain  
This proviso requires the Office of Financial Management to provide the legislative transportation committees, on a quarterly basis, a list of all demands to bargain with respect to unions representing marine employees. While I support sharing this information with the Legislature, it should not be limited to only one sector of employees. Therefore, I am directing OFM to provide information on all demands to bargain received by the Labor Relations Office to the legislative transportation committees and the Joint Committee on Employment Relations, as appropriate. For this reason, I have vetoed Section 103(4).

Section 204(2), page 8, Joint Transportation Committee, Study of Management Organizational Structure of Ferries Division  
This proviso provides funding to the Joint Transportation Committee (JTC) to conduct a study of the management organizational structure of the Department of Transportation Ferries Division. The ferry system has been studied extensively. The transportation budget passed in 2009 directed twelve studies or reports, and six more were added in the 2010 budget. The JTC recently completed a three-year series of finance studies related to ferries. The most recent study was conducted last year by the national Passenger Vessel Association (PVA) at my request and provided recommendations now being implemented by the Ferries Division. This report noted that the level of oversight for Washington State Ferries is greater than the five ferry systems represented on the PVA panel that performed the study. "This constant responding, educating and reacting are tremendously costly and this expenditure could be better utilized elsewhere." For these reasons, I have vetoed Section 204(2).

Section 205(3), page 10, Transportation Commission, Survey of Transportation Users  
This proviso ties the appropriation for a survey of transportation users to the passage of Substitute Senate Bill 5128, which did not pass. It is important to conduct a statistically valid survey to identify the transportation priorities the public would like to target for future investments. In order to preserve the funding necessary for this survey, I have vetoed Section 205(3).

Section 208(11), page 15, Department of Licensing, Commercial Drivers  
Funding is provided to implement provisions of Engrossed House Bill 1229 (related to commercial drivers) from the Highway Safety Account-State. However, this proviso incorrectly identifies the funds as Motor Vehicle Account-Federal instead of Highway Safety Account-State. For this reason, I have vetoed Section 208(11).

Section 210(4), pages 17-18, Department of Transportation, Time, Leave and Labor System  
This proviso directs the Department of Transportation to report quarterly on its progress on the development of a time, leave, and labor distribution system. While this is a high priority for WSDOT, it is an important need of all state agencies. That is why I proposed that this project be developed as an enterprise solution by the Office of Financial Management in partnership with the Department of Personnel and WSDOT, with WSDOT being the pilot site to implement what will become an enterprise-wide application. Because it is important to clearly set out the state's commitment to an enterprise solution for business process systems improvements, I am vetoing this section and directing that the project commence as a partnership of state agencies with OFM leadership. For these reasons, I have vetoed Section 210(4).

Section 210(6), page 18, Department of Transportation, 511 Traveler Information System Improvements  
This proviso directs the Department of Transportation to make enhancements to the 511 traveler information system, as well as to develop or purchase software to allow public transportation users to determine the public transportation options available to them. The private sector is providing similar services for travelers, often at no cost to consumers. During this time of limited state resources, it is unnecessary to dedicate scarce state resources to areas being addressed by the private sector. Furthermore, no funding was provided to accomplish these actions. For these reasons, I have vetoed Section 210(6).

Section 221(3), pages 31-32, Department of Transportation, Ferry Performance Metrics

This section requires the Department of Transportation to develop a set of performance metrics for the Ferries Division and make recommendations to the 2012 Legislature on which measurements should be incorporated into the transportation appropriations act. My Government Management Accountability and Performance (GMAP) program already requires WSDOT to include ferry performance measures as part of its quarterly reports. WSDOT is further enhancing its use of performance metrics, which was one of the recommendations of the Passenger Vessel Association study I directed last year. WSDOT will continue reporting its progress and we will share those updates with the Legislature. For these reasons, I have vetoed Section 221(3).

Section 221(4), page 32, Department of Transportation, Ferries Division Process Changes

This section requires the Department of Transportation Ferries Division to continue to identify and implement route-by-route on-time performance changes. At the same time, it directs WSDOT to consider slowing down vessels to save fuel. It is unclear how the Ferries Division should improve on-time performance while slowing down vessels. WSDOT remains committed to a safe and reliable ferry system, as evidenced by the 94% of sailings arriving within ten minutes of the scheduled sailing time in 2010. For these reasons, I have vetoed Section 221(4).

Section 221(7), page 32, Department of Transportation, Fiscal Year Reports Outlining Wages and Benefits to Ferry Employees

This proviso requires the Department of Transportation to provide to the legislative transportation committees fiscal year reports outlining wages and benefits provided to marine employees. While I support sharing this information with the Legislature, it should not be limited to only one sector of employees. Therefore, I am directing the Office of Financial Management to work with the appropriate agencies to provide wage and benefit information to the legislative transportation committees and ways and means committees. For these reasons, I have vetoed Section 221(7).

Section 221(8), page 32, Department of Transportation, Ferry Detail in the Transportation Executive Information System (TEIS)

This proviso requires the Department of Transportation to work with the Legislative Evaluation and Accountability Program Committee to provide more details on ferry projects in the capital reporting system used by the Legislature, Office of Financial Management, and WSDOT. It is important that versions of this system are compatible among the agencies for transmitting and comparing data. Furthermore, it would be premature to make such changes to the TEIS until the work required in Section 221(16) regarding the budget structure of the Ferries Division is complete, including a potential restructuring of the ferries budget. For these reasons, I have vetoed Section 221(8).

Section 221(9), page 32, Department of Transportation, Ferry Operating Program, Restrictions on Use of Appropriations for Labor Costs

This proviso limits appropriations used for labor costs to obligations under collective bargaining agreements, civil service laws, and judgments. This limitation would prevent the Department of Transportation from paying legal and necessary labor costs that fall outside these constraints. For example, WSDOT would not be able to pay the salaries and benefits of exempt employees, travel reimbursement for all nonrepresented employees, or the cost of contractors who perform labor-related services from funds appropriated for labor costs. For this reason, I have vetoed Section 221(9).

Section 221(18), pages 34-35, Department of Transportation, Ferry Operating Program, Report Linking Vessel Asset Condition Reports with Vessel Life-Cycle Cost Model

This proviso requires the Department of Transportation to link vessel asset condition reports with its life-cycle cost model for integration with a vessel management system. It also requires WSDOT's 2013-15 budget request to provide a project scope for implementing a vessel asset management system. Predesign requirements, life-cycle cost model changes, asset condition ratings, proposed new management systems, and revised budget structures must be considered in total. To that end, I am directing the Office of Financial Management to convene a workgroup that includes staff from the legislative transportation committees to evaluate how these various requirements should be integrated and reflected in future budget instructions. Therefore, I have vetoed Section 221(18).

Section 305(6), page 40, Department of Transportation, Redistributed Federal Funds

Section 306(4), page 47, Department of Transportation, Redistributed Federal Funds

These provisos require that redistributed federal funds received by the Department of Transportation first be applied to offset planned expenditures of state funds, and second to offset planned expenditures of federal funds, on projects identified in the project list in the 2010 supplemental budget. If these options are not feasible, WSDOT must consult with the Joint Transportation Committee (JTC) prior to obligating redistributed federal funds. If such consultation is not feasible and Washington does not act quickly, we may lose the opportunity to receive redistributed federal funds. However, because input from the Legislature is important, I am directing WSDOT to consult with JTC members when possible. For this reason, I have vetoed Section 305(6) and Section 306(4).

Section 308(6), page 50, Department of Transportation, Ferry Capital Program, Restrictions on Use of Appropriations for Labor Costs

This proviso limits appropriations used for labor costs to obligations under collective bargaining agreements, civil service laws, and judgments. This limitation would prevent the Department of Transportation from paying legal and necessary labor costs that fall outside these constraints. For example, WSDOT would not be able to pay the salaries and benefits of exempt employees,

travel reimbursement for all nonrepresented employees, or the cost of contractors who perform labor-related services from funds appropriated for labor costs. For this reason, I have vetoed Section 308(6).

Section 308(10), page 51, Department of Transportation, Ferry Capital Program, Review and Adjust Capital Funding Levels  
This proviso requires the Department of Transportation to review and adjust its capital program staffing levels, compare the findings to a 2009 capital staffing level report, and report to the Office of Financial Management and the legislative transportation committees. WSDOT is currently conducting a thorough review of its staffing levels in all program areas, including the Ferries Division, as it downsizes to meet diminishing revenues. Thus, this requirement specific to Ferries is unnecessary. Therefore, I have vetoed Section 308(10).

Section 308(12), page 51, Department of Transportation, Ferry Capital Program, Provide Cost-Benefit Analysis of Eagle Harbor Slips

This proviso requires the Department to conduct a cost-benefit analysis of replacing or repairing existing structures at the Eagle Harbor maintenance facility. A report is due to the Legislature by December 31, 2011. While I appreciate the need for a thoughtful cost-benefit analysis prior to any capital budget request, I cannot support another unfunded reporting mandate. I am directing the Office of Financial Management to ensure adequate provisions are included in the predesign manual and budget instructions to address these concerns. Therefore, I have vetoed Section 308(12).

Section 610, pages 73-74, Department of Transportation, Report on Department's Future Business Model

This section requires the Department of Transportation to report to the Joint Transportation Committee on its future business model staffing scenarios and method of program and project delivery. I understand the importance of tailoring the workforce both to reflect the ramping down of construction funded by the last two transportation revenue packages and to prepare for a potential new transportation revenue package. However, Section 608 also directs WSDOT to develop new business practices so that a smaller, more nimble workforce can effectively and efficiently deliver transportation projects. In addition, WSDOT is already conducting a thorough review of its staffing levels as it downsizes to meet diminishing revenues. Because this section is unnecessary, I have vetoed Section 610.

Section 706, pages 82-83, Department of Transportation, Exempts Ferries from Biodiesel Requirements for 2011-13

This section exempts ferries from the state biodiesel use requirement. By leveraging federal and private funding, we have made the infrastructure investments to provide biodiesel to ferries. We are moving forward with changes to state procurement contracts to help further reduce the cost of biodiesel and take advantage of available in-state production. If we walk away now, our state funding investments in the industry will be lost, our oilseed farming and refining jobs will move out of state, and we will be forced to pay more to transport biodiesel products from the midwest. The rising cost of gas serves to remind us that we must rely on ourselves, not other countries, for our economic security and safety. I am directing the Department of Transportation to use as much biodiesel as possible within its authorized budget. For these reasons, I have vetoed Section 706.

Section 714, pages 95-96, Marine Employees' Commission Duties Subject to Available Amounts Appropriated for Statutory Duties

RCW 47.64.280 creates the Marine Employees' Commission (MEC). Section 714 amends this statute to provide that MEC shall not perform its duties as identified in this section if funding is not provided. Because funding for MEC has not been provided, this section would prohibit it from performing its statutory duties. Among its duties, MEC adjudicates complaints, grievances, and disputes between labor and management arising out of the operation of the ferry system. A provision in a budget bill cannot extinguish the rights of employees and labor organizations to access MEC to resolve disputes. Changing or eliminating MEC duties should be the subject of a policy bill, not a provision in a two-year budget bill. For these reasons, I have vetoed Section 714.

Section 722, page 99, Toll Enforcement and Administration

During the 2010 legislative session, two separate pieces of legislation, SB 6379 and ESSB 6499, amended RCW 46.63.160 without reference to each other. This section repeals one of those amendments. However, this action is unnecessary because RCW 1.12.025 clearly provides that the amendments can be merged because they do not conflict in purpose. While ESSB 6499 made policy changes related to toll enforcement as we move to a statewide photo toll system, SB 6379 made technical changes to a variety of vehicle and vessel title and registration statutes intended to have no policy or substantive legal effect. For this reason, I have vetoed Section 722.

Section 817, pages 130-131, Department of Transportation

A reduction of \$7.5 million in the Multimodal Transportation Account-State appropriation was made in the Rail Operating program for the 2009-11 biennium because it was assumed that there would be offsetting Amtrak credits. Amtrak recently informed WSDOT that it had incorrectly calculated the credits. Vetoing this section will restore funding to 2010 levels and allow the Rail Operating program the flexibility needed to close the 2009-11 Biennium. WSDOT is directed to report to the Office of Financial Management and legislative transportation committees on the total credits received from Amtrak. For these reasons, I have vetoed Section 817.

With the exception of Sections 103(3), 103(4), 204(2), 205(3), 208(11), 210(4), 210(6), 221(3), 221(4), 221(7), 221(8), 221(9), 221(18), 305(6), 306(4), 308(6), 308(10), 308(12), 610, 706, 714, 722, and 817, Engrossed Substitute House Bill 1175 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON E2SHB 1206**

April 13, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 3 and Section 4, Engrossed Second Substitute House Bill No. 1206 entitled:

"AN ACT Relating to harassment against criminal justice participants."

Section 3 directs the sentencing guidelines commission to report to the appropriate committees of the legislature by December 1, 2011, and annually thereafter, the number of prosecutions for criminal harassment of a criminal justice participant. Several bills now before the legislature either eliminate the sentencing guidelines commission or eliminate it as a regularly standing commission. The data identified in this section will be retained by a yet to be identified agency. Therefore, I am vetoing Section 3 and the appropriate committees of the legislature may request the data from the appropriate agency.

Section 4 causes the act to expire July 1, 2018. I believe the legislature should monitor the impact of the act and affirmatively take action to amend or repeal particular aspects of the act at a future date, if needed. Therefore, I am vetoing Section 4.

For these reasons, I have vetoed Section 3 and Section 4 of Engrossed Second Substitute House Bill No. 1206.

With the exception of Section 3 and Section 4, Engrossed Second Substitute House Bill No. 1206 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON SHB 1257**

April 29, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 19, Substitute House Bill 1257 entitled:

"AN ACT Relating to adopting the investments of insurers model act."

This bill updates the statutes on insurer investments to increase financial security and to provide more flexibility for insurers to manage their investments.

Section 19 would require the Office of the Insurance Commissioner to submit a report to the Governor and the Legislature, in consultation with the Department of Financial Institutions and the State Investment Board, by December 1, 2011. This is prior to the effective date of the act, July 1, 2012. Section 19 would require the Office of the Insurance Commissioner to gather information that is a redundant to the bill analysis, overly burdensome to obtain, or difficult to analyze prior to implementation of the law. Further, requiring proposed rules to be submitted to the Governor and Legislature would infringe upon the role of the Insurance Commissioner and would blur the distinction between the Legislature and a state executive office with regard to the rulemaking process.

For these reasons, I have vetoed Section 19 of Substitute House Bill 1257.

With the exception of Section 19, Substitute House Bill 1257 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON ESHB 1406**

April 29, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 10, Engrossed Substitute House Bill 1406 entitled:

"AN ACT Relating to intrastate building safety mutual aid in the event of emergencies and other situations that temporarily render a jurisdiction incapable of providing required building safety services."

Section 10 creates the intrastate building safety mutual aid oversight committee, and provides that it shall be a committee of the Washington association of building officials. I do not believe the creation of this oversight committee is necessary to carry out the purposes of the act. If desired, the members of the intrastate building safety mutual aid system can establish a committee structure without the need of a statutory reference.

For these reasons, I have vetoed Section 10 of Engrossed Substitute House Bill 1406.

With the exception of Section 10, Engrossed Substitute House Bill 1406 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON ESHB 1489**

April 14, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4, Engrossed Substitute House Bill 1489 entitled:

"AN ACT Relating to protecting water quality through restrictions on fertilizer containing phosphorus."

This bill limits the use, sale, and retail display of turf fertilizer that contains phosphorus, as of January 1, 2013.

Section 4 would prevent the Department of Agriculture from enforcing the bill through the issuance of civil penalties. Without this tool, the Department would be unable to effectively implement the bill.

For this reason, I have vetoed Section 4 of Engrossed Substitute House Bill 1489.

It is unfortunate that the final bill did not include the exemption for fertilizers made from biosolids, manure and other organic materials. These products provide a valued and beneficial use of materials that would otherwise need to be managed as waste. Since the bill is not effective until January 2013, I would entertain legislation in 2012 to exempt these organic products from the limits established in the bill.

With the exception of Section 4, Engrossed Substitute House Bill 1489 is approved.

Respectfully submitted,  
Christine Gregoire

Governor

**VETO MESSAGE ON ESHB 1497**

June 15, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 5028; 6001; 7018; and 7031, page 83, lines 32-35, and 7031, page 83, line 36, and page 84, lines 1-3 of Engrossed Substitute House Bill 1497 entitled:

"AN ACT Relating to the capital budget."

Section 5028, page 50, Central Washington University -- Combined Utilities

The appropriation of \$273,000 erroneously references the State Building Construction Account instead of the Central Washington University Building Account. ESHB 1497 is comprised of cash and dedicated fund sources, and does not otherwise include bond accounts. Therefore, I am vetoing Section 5028 so that the fund source can be corrected in the 2012 supplemental capital budget.

Section 6001, page 58, Salmon Recovery Funding Board Programs, Termination of Contract for Restoration of Bear River Estuary

This proviso language conflicts with the existing statutory process for Salmon Recovery Funding Board project review by directing the Board to take action on an existing contract. In addition, the requirement is now moot because the Board terminated this contract in May. For these reasons, I am vetoing Section 6001.

Section 7018, pages 72-73, Department of Fish and Wildlife Land Transfer

This proviso requires the Fish and Wildlife Commission to transfer to the City of Olympia its three parcels of property located in downtown Olympia. The Department of General Administration is directed to obtain an appraisal, and negotiate a contract with the City of Olympia to develop a plan for preparing the land for mixed use retail and market rate housing.

This requirement precludes the possibility of other parties offering competitive bids for these properties. Therefore, I am vetoing Section 7018.

Section 7031, page 83, lines 32-35, Treasurer Transfers

Section 7031, page 83, line 36, and page 84, lines 1-3, Treasurer Transfers

The Legislature's reduction of the existing transfers from the State Toxics Control Account and the Local Toxics Control Account to the state General Fund was meant to accompany a statutory change directing toxics account revenues into the General Fund. Because the offsetting statutory change was not made, the transfers in Section 7031 would result in an unintended loss of \$103.5 million to the General Fund. Therefore, I am vetoing Section 7031, page 83, lines 32-35; and Section 7031, page 83, line 36, and page 84, lines 1-3.

For these reasons, I have vetoed Sections 5028; 6001; 7018; and 7031, page 83, lines 32-35, and 7031, page 83, line 36, and page 84, lines 1-3, of Engrossed Substitute House Bill 1497.

With the exception of Sections 5028; 6001; 7018; and 7031, page 83, lines 32-35, and 7031, page 83, line 36, and page 84, lines 1-3, Engrossed Substitute House Bill 1497 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON ESHB 1509**

April 29, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Engrossed Substitute House Bill 1509 entitled:

"AN ACT Relating to the forestry riparian easement program."

This bill resolves eligibility requirements for participation and compensation in the Forest Riparian Easement Program and fine-tunes what easements to protect riparian habitat the program will purchase if funding is available. There is no emergent need for the bill to become effective immediately, and therefore the emergency clause in Section 7 of this bill is unnecessary.

For this reason I have vetoed Section 7 of Engrossed Substitute House Bill 1509.

With the exception of Section 7 Engrossed Substitute House Bill 1509 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON SHB 1538**

April 29, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Substitute House Bill 1538 entitled:

"AN ACT Relating to animal health inspections."

Section 5 of this bill establishes a formal Animal Disease Traceability Advisory Committee to serve in an advisory capacity to the Department of Agriculture for this program. I am vetoing Section 5 of this bill. I understand the importance of involving livestock growers, feeders, farmers, and business interests in guiding this disease traceability program, but that does not necessitate creating a formal committee in statute. However, along with this veto, I am directing the director of the Department of Agriculture to convene an informal advisory group made up of key livestock industry representatives to assist the department as it implements the animal disease traceability program.

For these reasons, I have vetoed Section 5 of Substitute House Bill 1538.

With the exception of Section 5 Substitute House Bill 1538 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON ESHB 1547**

April 29, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 2 and 3, Engrossed Substitute House Bill 1547 entitled:

"AN ACT Relating to the deportation of criminal alien offenders."

Section 2 requires the Department of Corrections to provide written notice of rights in removal proceedings to all offenders in the department's custody subject to potential conditional release under this statute. Advising offenders of these rights is the responsibility of the federal government at the time removal proceedings are initiated.

Section 3 requires a court to advise a defendant that he or she may be subject to early release from custody for removal from the United States as a consequence of conviction and that the defendant may be able to contest a removal order. Current law and court practices and procedures provide defendants with adequate notice of potential deportation consequences of a plea of guilty.

For these reasons, I have vetoed Sections 2 and 3 of Engrossed Substitute House Bill 1547.

With the exception of Sections 2 and 3 Engrossed Substitute House Bill 1547 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON E2SHB 1599**

May 10, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Second Substitute House Bill 1599 entitled:

"AN ACT Relating to establishing the pay for actual student success dropout prevention program."

To the extent funding is provided in the appropriations act by June 30, 2011, this legislation provides resources to schools and school districts that improve various student engagement and success factors that lead to more high school graduations. The legislation sets forth the data used to determine whether schools and districts are eligible for the incentives authorized.

Section 1 is an intent section that discusses various experiences of schools and principles of law, and is not necessary to interpret or implement the substantive provisions of the bill. For this reason, I have vetoed Section 1 of Engrossed Second Substitute House Bill 1599.

With the exception of Section 1, Engrossed Second Substitute House Bill 1599 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON E2SHB 1634**

May 5, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 24, Engrossed Second Substitute House Bill 1634 entitled:

"AN ACT Relating to underground utilities."

This bill strengthens our law for preventing damages to underground pipelines and other utilities during excavation. The bill provides the Utilities and Transportation Commission with the authority to take enforcement action for violations, to require reporting of damage to underground utilities, and to develop a stakeholder process to review violations and encourage better excavation practices. The bill provides a comprehensive damage prevention program for underground utilities.

Pursuant to the House floor colloquy on this bill, section 24 was intended to ensure that the bill would not result in regulation by the Utilities and Transportation Commission of consumer-owned utilities such as electric cooperatives, municipal utilities and public utility districts, except when such a utility damages an underground facility subject to this bill, in which case the Commission would have the authority to enforce the provisions of this act.

While the House floor colloquy clarifies legislative intent, the language in Section 24 could be read to exempt consumer-owned utilities from enforcement under the bill, and thereby prevent the Commission from taking enforcement action on underground utility damage caused by consumer-owner utilities. Since the language in this section does not change the statutory independence of consumer-owned utilities in setting their rates and determining their services, the section is not necessary.

For these reasons, I have vetoed section 24 of Engrossed Second Substitute House Bill 1634.

With the exception of section 24, Engrossed Second Substitute House Bill 1634 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON SHB 1663**

April 29, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Substitute House Bill 1663 entitled:

"AN ACT Relating to the purchasing authority of institutions of higher education."  
This bill removes higher education institutions from the requirement to seek approval from the Office of Financial Management to be exempted from certain purchasing from the Department of Corrections. Section 2 of this bill is an emergency clause that is not necessary. Higher education institutions have been exceeding the minimum 2% purchase target from Correctional Industries, and there is no need for the bill to go into effect immediately.

For this reason, I have vetoed Section 2 of Substitute House Bill 1663.

With the exception of Section 2, Substitute House Bill 1663 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON HB 1770**

May 16, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, House Bill 1770 entitled:

"AN ACT Relating to enhancing small business participation in state purchasing."  
I am vetoing Section 5 because it inadvertently eliminated the ability for agencies to make purchases up to three thousand dollars based on buyer experience and knowledge of the market and is therefore in conflict with RCW 43.19.1906(2).

For this reason I have vetoed Section 5 of House Bill 1770.

With the exception of Section 5, House Bill 1770 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON E2SHB 1795**

June 6, 2011

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 13 through 25, Engrossed Second Substitute House Bill 1795 entitled:

"AN ACT Relating to the higher education opportunity act."

Sections 13 and 14 exempt higher education from the requirements of competitive solicitation for personal services contracts and other purchases that are less than \$100,000. Current law requires competitive solicitation for personal service contract greater than \$20,000 and for other purchases greater than \$35,000. Section 15 exempts higher education from the requirement that no payments may be made in advance for equipment maintenance services to be performed in excess of one year. Other legislation requires a study and the establishment of a policy regarding these practices for all of state government, including higher education institutions.

Sections 16 through 24 exempt higher education from various spending freezes, such as hiring, personal service contracts, equipment, out of state travel and training, and board member travel allowances that were imposed during the 2009-2011 biennium. These freezes expire on June 30, 2011. Due to the length of the regular legislative session and special session, sections 15, 16, 17, 18, 19 and 20 have no operative effect because the restrictions expire before the law takes effect.

Section 25 would exempt, through June 30, 2011, higher education institutions from prohibitions on wage and salary increases granted with non-state funds. These prohibitions on wage and salary increases are reinstated for the 2011-13 biennium in SB 5860 for all of state government. In addition, the underlying statute already provides an exemption for higher education to the wage and salary freeze if increases are needed for recruitment and retention purposes.

For these reason, I am vetoing Sections 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24 and 25 of Engrossed Second Substitute House Bill 1795. Higher education institutions are still prohibited from granting wage and salary increases using tuition funding for the 2011-13 biennium, unless increases are necessary for recruitment and retention.

For these reasons, I have vetoed Sections 13 through 25 of Engrossed Second Substitute House Bill 1795.

With the exception of Sections 13 through 25, Engrossed Second Substitute House Bill 1795 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON SHB 1861**

April 22, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 4, Substitute House Bill 1861 entitled:

"AN ACT Relating to the sale or lease of surplus state-owned railroad properties."

The Department of Transportation does not intend to surplus property within the next 90 days. With that understanding, the emergency clause is unnecessary.

For this reason, I have vetoed Section 4 of Substitute House Bill 1861.

With the exception of Section 4, Substitute House Bill 1861 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**VETO MESSAGE ON ESHB 1967**

May 16, 2011

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Engrossed Substitute House Bill 1967 entitled:

"AN ACT Relating to modifying provisions related to public transportation system planning."

Section 3 of the bill would require new state facilities located within a public transportation system to be sited in areas adequately accessible by transit service. Access to public transportation is a priority when siting state buildings. However, it is not always feasible or necessary for each state building to be served by public transportation, depending on the nature of the agency or institution and who it serves. Therefore, I am vetoing Section 3 of this bill. However, I have asked the Department of General Administration to consult with transit agencies to assess the access to public transportation when siting state buildings.

For these reasons I have vetoed Section 3 of Engrossed Substitute House Bill 1967.

With the exception of Section 3, Engrossed Substitute House Bill 1967 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor
