CHAPTER 251

[House Bill No. 1047]

SECURITY INTERESTS—UNIFORM COMMERCIAL CODE

AN ACT Relating to secured transactions under the uniform commercial code; and amending RCW 62A.9-312 and 62A.9-402.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 9-312, chapter 157, Laws of 1965 ex. sess. as last amended by section 52, chapter 35, Laws of 1986 and RCW 62A.9-312 are each amended to read as follows:

(1) The rules of priority stated in other sections of this Part and in the following sections shall govern when applicable: RCW 62A.4-208 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; RCW 62A.9-103 on security interests related to other jurisdictions; RCW 62A.9-114 on consignments.

(2) ~~((A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest))~~ Conflicting priorities between security interests in crops shall be governed by chapter 60.11 RCW.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if

(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date

of the filing made by the purchase money secured party, or (ii) before the beginning of the twenty-one day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of RCW 62A.9-304); and

(c) the holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within twenty days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under RCW 62A.8-321 on securities, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

Sec. 2. Section 9-402, chapter 157, Laws of 1965 ex. sess. as last amended by section 5, chapter 186, Laws of 1982 and RCW 62A.9-402 are each amended to read as follows:

(1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a

statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of RCW 62A.9-103, or when the financing statement is filed as a fixture filing (RCW 62A.9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) proceeds under RCW 62A.9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) collateral as to which the filing has lapsed; or

(d) collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor)

Address

Name of secured party (or assignee)

Address

1. This financing statement covers the following types (or items) of property:

(Describe)

2. (If applicable) The above goods are to become fixtures on*

(Describe Real Estate)

and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is

*Where appropriate substitute either "The above timber is standing on " or "The above minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on "

3. (If products of collateral are claimed)

Products of the collateral are also covered

(use
whichever Signature of Debtor (or Assignor)
is
applicable) Signature of Secured Party (or Assignee)

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party: PROVIDED, That a secured party may amend a financing statement without the signature of the debtor when the amendment is to change the address or name of the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this Article, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments. The fee for filing an amendment shall be the same as the fee for filing a financing statement.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of RCW 62A.9-103, or a financing statement filed as a fixture filing (RCW 62A.9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if (a) the goods are described in the mortgage by item or type, (b) the goods are or are to become fixtures related to the real estate described in the mortgage, (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (d) the mortgage is duly recorded. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or the names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or

corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement or an amendment is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.
