**URGENT ACTION ALERT**

11:00am TODAY

Priest River Community Church  
49 Washington St., Priest River, ID

The federal government is going to attempt the gun confiscation of a Vietnam War Veteran. The VA is going to conduct a check for and confiscate his guns based on nothing more than a stroke which has left him with some mild physical impairment. After evaluating the VA claims and letters and getting information from the head of the American Legion Auxilliary in Bonner County, it is clear this is not warranted. WE CANNOT LET THIS STAND. THE SEIZURE OF THE GUNS OF ONE OF US...IS THE SEIZURE OF THE GUNS OF ALL OF US. PLEASE ATTEND IF AT ALL POSSIBLE. RIGHT NOW WE HAVE LEGISLATORS AND CITIZENS FROM WASHINGTON AND IDAHO HEADED TO THE LOCATION. REP. Heather Scott HAS ASKED US ALL FOR HELP SINCE THIS IS HER DISTRICT AND I WILL STAND BY HER.

In Freedom,  
Matt Shea

RECAP OF TODAY:

1. Thank you to all of the prayer warriors out there!
2. The situation ended peacefully and John kept his guns. The VA Field Examiner did not show up today but is planning on coming there next week and we were assured will meet outside John's house to discuss how to officially declare him competent.
3. The VSO that showed up today is helping point John in the right direction.
4. Sheriff Wheeler honored his oath and sided with the people and the Constitution.
5. Citizens from Idaho, Montana, and Washington stood together in the defiance of tyranny.

OBSERVATIONS - THE VA IS DISASTER

1. There was no follow up by the doctor for 8 months on whether he had recovered. Had this happened we likely would not have been there today.
2. The letter is a final determination by a bureaucrat, without any judge or jury. That is not due process.
3. There was no opportunity to appeal BEFORE his right to bear arms was taken away. That is guilty until proven innocent.
4. They are sending these threatening letters to many veterans (read some of the comments in posts below). How callous to put a massive amount of stress on this man who is recovering from a stroke.
5. This would have turned out different if we all had not been there.

THIS VET IS NOT A THREAT!

IF THEY TAKE THE GUNS OF ONE OF US...

THEY TAKE THE GUNS OF ALL OF US...
