NARRATIVE					

On 11-23-11 at approx. 1500 hrs, I was contacted by Lt. Torok to investigate a General Broadcast which was entered earlier today at approx. 1149 hrs.

The General Broadcast was indicating a road rage type of situation, which ended up in one of the drivers displaying a handgun.

I first spoke to witness [REDACTED]. I contacted [REDACTED] at her home, [REDACTED] at 1518 hrs.

[REDACTED] told me she was s/b on Monroe from the Monroe St. Bridge, approaching the intersection at Main. She noticed a green Chevy Lumina driving aggressively. When the light turned green, the Chevy Lumina started driving in and out of traffic. [REDACTED] said the Lumina was on the far west side of Monroe and darted to the far east lanes of traffic. [REDACTED] heard horn honking and the Lumina continue to swerve in and out of traffic.

At approx. Sprague/Monroe, [REDACTED] said the Lumina became, "horribly aggressive like nothing I've ever seen". She referred to it as, "Mario Cart Days". The Lumina would slow then speed up, slow then speed up again. [REDACTED] said the driver never ran any red lights or stop signs, but was driving at a high rate of speed.

[REDACTED] she was attempting to get on the freeway just south of 3rd, but decided to follow the Lumina to get the license plate, **2A [REDACTED]**. While waiting at 4th/Monroe, she did see the w/m driver on the cell phone. When the light turned, the Lumina sped away then slowed one more time, then took off at what she guesses was approx. 60 mph.

[REDACTED] said, the Lumina continued to 29th then turned e/b on 29th where she lost sight of the vehicle.

I asked [REDACTED] if anyone was following the Lumina, she told me not that she knew of, as she was the closest to the Lumina as it sped away. [REDACTED] did however mention the Lumina almost hitting a

green pickup in the area of Monroe/Riverside. I asked [REDACTED] if she saw anything that led up to the Lumina driving, "horribly aggressive". [REDACTED] told me no, but does recall horns being honked toward the beginning of the incident.

[REDACTED] believed the driving to be unprovoked.

At 1540 hrs I called Matt Shea, I left a message and at 1618 hrs he returned my phone call. At 1625 hrs, I responded to 1318 W. College, Matt's work place to take his statement about what occurred. It appeared at this time, Matt was the victim of the road rage situation and I wanted to get his witness statement.

Matt told me approx. 1 year ago, his wife was driving on the freeway and had the back passenger window shot out. Matt indicated he thought the car being shot at was a retaliation offense due to what he does for a living. He told me that was his first thought about today's incident.

Matt told me he was south on Monroe in his PU. Matt said, "I may have cut someone off, but I'm not sure", at the Y portion of Monroe/Main.

This statement was odd, because I didn't ask that question.

Matt heard a horn being honked from the Lumina, but really didn't pay much attention. As they continued south the Lumina went to the far right lanes of travel. All of a sudden the Lumina came across all four lanes of travel and made a, "beeline", straight for his PU. Matt thought he was being targeted again because of what he does for a living.

Matt said he had to take severe evasive maneuvers to avoid a collision and doesn't know how he missed other vehicles. Matt pointed his finger at the Lumina driver and mouthed at him, "I'm reporting you". Matt did believe the driver understood what he was saying.

At this point they are still south and the Lumina slowed to 2 to 3 miles per hour. The Lumina continued to slow then speed up until 4th/Monroe. Matt said the Lumina slammed on its brakes then took off s/b at a high rate of speed. Matt got the license plate of **2A [REDACTED]** Matt followed the Lumina to 14th, where he lost sight of it s/b.

Still thinking Matt is the victim, I asked him if he has any weapons for his and his wife's safety. Matt told me he was in the Military and collects guns, but let his concealed weapons permit expire years ago.

I asked Matt if he had any guns on him, he said, "no". I asked Matt if he had a gun in his truck, he said, "yes". I asked him if he got the gun out during this incident, he told me, "yes, but not until he was way in front of me, and I only put it on the seat". When Matt said, "way in front of me", he was

indicating up the Monroe St. Hill south of the hospital.

I asked him how he got his handgun out during the incident, he said from the glove box. I asked him if there was any way someone could have seen the gun from him doing this. Matt said, "yeah, I guess so". Matt then showed me physically the action that took place as he pulled the gun from the glove box. Matt leaned forward and diagonal as if reaching in the glove box, which is consistent with his statement. When he showed me the action of placing it on the seat he showed me a half circular motion which would have placed his hand above the door, which would exhibit and or display the gun to whomever was looking in the cab of his pu.

Matt asked me if I wanted to see his gun, and in fact, indicating it was in his truck at that particular time. At this time, I didn't feel the need to examine the gun, due to the fact Matt appeared truthful and willing to cooperate, and was honest about having the gun in his truck during the incident and pulling it out during the incident.

Matt then asked me about the concealed gun carry law. I looked it up in the current 2011 Pocket Guide to Washington Criminal Laws on page 14, 9.41.050. I read it, then let Matt read it for himself. After, we verbally discussed having a loaded hand gun in his vehicle, with no concealed weapon's permit and how Matt was in violation of this law. Matt never once disputed the violation. He became fearful in the face and had a hard time talking after discussing the violation. His mouth became very dry, (cotton mouth), as we discussed it further. It was obvious he was nervous, and when he shook my hand after the interview his hand was clammy with sweat, which confirmed my impression of him being nervous/fearful.

I told Matt I still needed to talk to the driver of the Lumina then would pass this information onto Lt. Torok. I also wrote down Lt. Torok and my name and # for him.

At 1705 hrs, I contacted the driver of the Lumina, 2A at his home 2A, 2Q

2A told me his statement of what occurred. He told me he was s/b Monroe crossing the bridge at Main. A green pu cut him off which he had to, "slam on the brakes", to avoid the collision. 2A told me he honked his horn at the pu. 2A said there was some aggressive lane changes between the both of them, and the pu driver, (Matt) flipped him off.

As they continued south, Matt was now behind 2A and as 2A looked in his rear view mirror he saw Matt pointed his finger at him as if it was a gun. 2A said, Matt moved his thumb as if it was a hammer on a gun, while pointing his index finger at him.

2A said, "I was mad", and, "I flipped him off right back". Matt then pulled along side 2A and reached behind the front passenger seat. 2A said he made a large swooping motion over the top of the seat, which is when he saw the gun.

2A told me he knew it was a gun and immediately identified it as being so. 2A described the gun as being a, "black semi-automatic". 2A then told me he has been around guns most of his life.

2A told me, "I freaked out". He explained to me how he thought people around him would think he was crazy, but they didn't see what he saw. 2A told me he was driving, "crazy". After he saw the gun, he just wanted to get away. He told me he was slowing then speeding up with traffic in an attempt to get away from and maneuver around Matt. When 2A got to approx. 4th Ave, he called police to report what was happening.

2A told me he was not only afraid, but was afraid for his life. 2A went on to say, "the only thing I could think of was to speed up then slam on my brakes to get the guy to rear end me so I could take his car out of commission. I would have taken off, I hate to hit and run someone, but I was going to call right after where I knew it was safe".

2A said he was not driving erratically after, but was speeding as he usually does. 2A continued south as he watched Matt turn east onto 14th.

After interviewing everyone involved it would appear Donna's statement and 2A statement are fairly consistent, taking away the fact Donna didn't see what lead up to the incident, but did hear as horns were being honked between Matt and 2A

Donna states that 2A was on the phone around 4th, which is consistent with 2A calling us. 2A statement to 911 and to me were also consistent with no change.

2A said the only reason he was driving this aggressive and erratic was to get away from the guy who was chasing him with a gun.

At this point if Matt was so afraid he was being targeted or attacked, my questions rise when he continued to follow the Lumina at a high rate of speed up to 14th and Monroe, after getting the Lumina's plate at 4th/Monroe.

At this time, PC does not exist for 2A reckless driving as it shows he was attempting to get away to a place in which he felt safe.

At this time, PC does exist for Matt Unlawfully Carrying a Firearm. That statute clearly reads; A person shall not carry or place a loaded pistol in any vehicle unless the person has a license to carry a concealed pistol, and the pistol is on the licensee's person. The licensee is within the vehicle at all times that the pistol is there, or the licensee is away from the vehicle and the pistol is locked within the vehicle and concealed from view from outside of the vehicle.

There is also PC for Weapons apparently capable of producing bodily harm-Unlawful Carrying or Handling due to the fact that, it shall be unlawful for any person to carry, exhibit, display, or draw a firearm that warrants alarm for the safety of other persons, which is clearly shown by 2A [REDACTED] thought process and his desire to get away quickly and safely.

It should be noted Lt. Torok was updated and advised of the situation throughout the investigation. A PC Affidavit will be completed and attached to this report.

NARRATIVE

At approximately 1446 hours I received a phone call from Sgt. Eric Olsen. He had been contacted by WSP Captain Otis about a road rage incident. Sgt. Olsen briefed me on the incident involving State Representative Matt Shea. He told me that Shea had been involved in a road rage incident and called the police. However, he had also notified WSP Staff on the West side of the State. WSP Staff then notified WSP Captain Otis, which in turned notified Sgt. Olsen.

There were two incident numbers generated from the original call. 11-364413 was the report of a road rage incident reported by [REDACTED]

11-364414 was a person with a weapon call reported by 2A [REDACTED] reported that a male pointed a handgun at him. As a supplemental to that call was Matt Shea reporting that a male had cut him off in a vehicle.

The calls appeared to be related and I surmised by looking at the CAD calls that [REDACTED] had called about 2A [REDACTED] driving. 2A [REDACTED] then called and indicated that Shea had pointed a gun at him. Shea then called and said that 2A [REDACTED] had cut him off.

I contacted Ofc. Kennedy by phone and advised her of the incident numbers and instructed her to contact the involved parties to determine what had occurred.

I called the WSP Office and asked for Capt. Otis to call me. At 1511 hours I received a phone call on my department issued cell phone from Capt. Otis. He told me that Shea had called Captain Jason Berry on the West Side to report the incident. Captain Berry told him that he would need to call SPD to report the incident. (The CAD call would reflect that Shea did call) Shea apparently called Captain Berry again after he was not contacted by SPD. At that point in time Captain Otis was called and then he called Sgt. Olsen.

The CAD call concerning the road rage showed that radio had broadcast the information South by MDT. This is standard on these types of calls. If there is a unit in the area they then would look for the suspect vehicle. If contact is made with the suspect vehicle then a call would be placed to the complainant to gather more information. If the suspect vehicle was not located the complainant would not normally be called back.

However, if a complainant of a road rage called and demanded law enforcement contact, even if the other car had not been stopped by law enforcement, we would respond and contact the complainant. I perceived the call to Capt. Berry about Shea not be contacted by the SPD, and the subsequent phone calls between WSP and SPD as a demand for contact.

I recontacted Ofc. Kennedy and informed her of how the information was received. I told her to contact [REDACTED] and Shea and if there was probable cause for reckless driving to complete a summons.

At approximately 1645 hours Ofc. Kennedy and Ofc. Gobble contacted me in my office. They briefed me on their investigation. I was advised that Shea had admitted to having a handgun in his car, but denied pointing it at anyone. However, it appeared that the CAD entry from 2A [REDACTED] was corroborated, at least in part, by Shea

himself.

At approximately 1715 hours I contacted the Duty Staff Officer, Major Meidl. I briefed him on the incident and that it appeared that there was going to be probable cause to arrest Shea. I advised him that Matt Shea was a State Representative.

Major Meidl and I discussed the course of action if there was probable cause to arrest Shea. I requested that we proceed in the same manner as had been discussed with Ofc. Kennedy regarding 2A [REDACTED]. If there was probable cause then submit an affidavit requesting a summons on the misdemeanor charge. Major Meidl concurred and told me that he would advise Chief Kirkpatrick.

Ofc. Kennedy called me and advised that after she had interviewed 2A [REDACTED] and that she had probable cause to arrest Shea for the weapons violation, but did not have probable cause to arrest 2A [REDACTED] for reckless driving. She was advised to complete her report and affidavit.

At 1806 hours Major Meidl advised me that Chief Kirkpatrick had been advised of the incident. I told Major Meidl that I was going to call Shea and advised him as to what was going to occur. In addition I was going to explain to him that the pistol is evidence and request that he relinquish control of it to us. However, like any other misdemeanor weapon violation, I was not going to seek a search warrant if he decided that he did not want to turn over the weapon.

At 1835 hours I called Matt Shea at [REDACTED]. I left a voicemail asking him to call me so I explain the results of the investigation as well as explain the next step in the investigation.

I advised Ofc. Kennedy that I had left a voicemail for Shea. If he returns my call and decides to turn over the weapon that I would let her know so that she could retrieve it.

I contacted Ofc. Kennedy and inquired if 2A [REDACTED] had told her why he was driving so fast S/B on Monroe. She said that he was frightened that Shea was going to shoot him.

Based on 2A [REDACTED] perception and other circumstances surrounding the call it appeared that RCW 9.41.270, weapons apparently capable of producing bodily harm, was violated. I instructed her to also include that charge in the affidavit for the prosecutor's review.

At approximately 1910 hours I called Major Meidl's home phone and cell phone. I left him a voicemail on both lines informing him of the second charge that was going to be included in the affidavit.

NARRATIVE

On 11-23-2011, at 1506 hrs, Officer S. Kennedy and I were requested by Lt. Dan Torok to investigate a possible reckless driving incident that had occurred earlier in the day. Lt. Torok requested that we interview the witnesses and possible suspects, as there were conflicting reports as to what had happened.

At 1518 hrs, we arrived at [REDACTED] to interview an independent witness, [REDACTED] [REDACTED] had called 911 at 1149 hrs to report a reckless driver.

[REDACTED] told us that she was traveling south on Monroe across the Monroe St bridge when she noticed a green, Chevy Lumina, WA license number **2A, 2Q** driving "horribly aggressive like nothing I've ever seen." She said that between Main and Fourth Ave, the Lumina swerved in and around traffic, almost hitting multiple vehicles. She saw the Lumina barely miss a green pickup truck. She said the Lumina was going approximately sixty miles an hour and was extremely aggressive. [REDACTED] said she wanted to report the driver of the Lumina, so she sped up to approximately forty miles an hour to get the license plate number. She said she was originally intending to get on the freeway but instead continued past the on ramp and continued to follow the Lumina. At the stop light at Fourth Ave and Monroe St, she observed the driver of the Lumina on his cell phone. She followed the Lumina south on Monroe to 29th Ave, as it was still driving erratically. She said the Lumina then turned eastbound on 29th Ave and she was unable to follow.

At 1625 hrs, we arrived at [REDACTED] Ave to interview a possible victim of the reckless driving, Matt Shea. Matt had called 911 at 1155 hrs to report a reckless driver.

Matt told us that he had been driving southbound on Monroe St across the Monroe St Bridge and didn't believe he had cut anyone off. As he went through the light at Monroe/Main, a green Chevy Lumina cut across all lanes of travel from west to east and traveled straight towards Matt's front bumper. Matt said that his wife had her car window shot out while driving on the freeway approximately one year ago and he thought it was possible someone may be targeting him personally because of his occupation. Matt said that as an Iraq war veteran, he had to use "evasive techniques" to keep from hitting the Lumina and other traffic. He said the Lumina was driving very aggressively and compared it to "Baghdad driving." Matt said that he then followed the Lumina and

pointed his finger at the driver and mouthed the words "I'm reporting you." He said that after he did that, the Lumina increased speed and continued to drive erratically. Matt continued to follow the Lumina up the South Hill on Monroe St to 14th Ave. At 14th Ave, Matt turned eastbound on 14th and the Lumina continued south on Monroe.

Officer Kennedy asked Matt if he had a concealed weapons permit and he said that he used to but it had expired. Matt said that he did own guns and admitted to carrying a handgun in his glove box most of the time. Matt said that he did have the gun with him at the time of the reckless driving incident and had taken it out of the glove box and set it on the seat while he was following the Lumina. He said that after the Lumina had almost hit his truck, he pulled the gun out of the glove box after the other driver was well down the road. Matt said that, as he was retrieving the gun, it may have risen above window level. When Officer Kennedy asked Matt if someone could have seen the gun, Matt said "Yeah, I guess so."

Matt also asked what the law was regarding carrying a concealed pistol and we showed him the statute, 9.41.050. Officer Kennedy advised Matt that carrying a loaded handgun inside a vehicle without a concealed weapons permit is illegal and that he had been in violation of this law.

Matt denied ever pointing the gun at anyone and made it clear that, as a former military officer, "I would never point a gun at someone unless I was willing to shoot them."

At 1705 hrs, we arrived at [REDACTED] to interview 2A [REDACTED] had called 911 at 1150 hrs and reported that someone in a green Ford Ranger had pointed a gun at him.

2A [REDACTED] told us that he had been driving in the left lane, south across the Monroe St Bridge. As he approached the stop light at Main/Monroe where the street widens to four lanes, a green Ford Ranger sped up and cut him off. 2A [REDACTED] honked his horn at the driver of the Ford Ranger. 2A [REDACTED] admitted to then cutting in front of the truck and the driver then raised his middle finger at 2A [REDACTED]. 2A [REDACTED] said that the truck then pulled behind him and he could see the driver pointing his finger at him. As 2A [REDACTED] described the driver pointing his finger, he simulated a gun with his index finger and thumb. 2A [REDACTED] told us that when he saw the driver of the truck pointing his finger at him, 2A [REDACTED] raised his middle finger at the driver of the truck. 2A [REDACTED] also said that when the driver of the truck was pointing his finger at him, he did not appear to be saying anything.

2A [REDACTED] said that the driver of the truck pulled into the lane directly to the east of 2A [REDACTED] and reached behind the passenger seat of his truck. 2A [REDACTED] saw the driver pull what he believed to be a gun, out from behind the seat. 2A [REDACTED] described it as a "black, semi-automatic" handgun. When 2A [REDACTED] saw the gun, he accelerated and began swerving around cars to get away from the green Ford Ranger. 2A [REDACTED] said that he feared for his life and his only goal once he saw the gun, was to get as far away as possible. 2A [REDACTED] said that he broke the law in his attempts to get away because he was scared.

2A also said that between Fourth Ave and Fifth Ave, he slammed on his brakes as the Ford Ranger was following him, in an attempt to cause a collision and potentially disable the truck. **2A** did not believe that the driver of the truck pointed the gun at him at any time. **2A** observed the Ford Ranger follow him to 14th Ave, where he saw the Ranger turn eastbound on 14th.

On 11-23-11 at approximately 1430 hours I received a phone call from WSP Capt. Odo regarding a road rage incident. As I am the Spartan Police Department Traffic Sergeant, Capt. Odo and I have had numerous conversations about various traffic scenarios. Capt. Odo told me that Sheriff Representative Blum had been involved in a road rage incident today in Spokane on the Highway 26, Belling and had called the police. Capt. Odo said that Blum had not heard back from the police and wanted the incident to be investigated, so he called WSP off-duty on the west side of the state requesting something be done. WSP staff then notified Capt. Odo.

Since the incident occurred in Spokane and had been reported to local authorities, I told Capt. Odo I would check into the incident. At this time I was on my way home and no longer in uniform. I called my dispatch center and spoke with Radio Sergeant, Tracy Thompson. She did a search for and found the incident in CAD. Thompson told me there were at two apparently related calls in the same area, a "Rushin Driver / Road Rage" incident, and a "Person with a Weapon" incident. The initial complainant in the weapon incident alleged another subject pointed a hand gun at him. It appeared the other subject may have been Blum Blum.

I also called SPD 3888 Commander, L. Trench. I briefed him on the situation and gave him the incident numbers, and he told me that he would take care of it.

NARRATIVE

As previously reported I had left a voicemail for Shea on 11-23-11. On 11-24-11 at 1019 hours I received a phone call from [REDACTED] the caller identified himself as Matt Shea.

Shea acknowledged receiving my message late on 11-23-11, but was unsure if I would still be working so he waited to call back today.

I told Shea that I just wanted to touch bases with him and explain what was going to happen. I explained to him that Ofc. Kennedy had developed probable cause to refer charges to the prosecutor's office on him. The charges stemmed from the carrying of the firearm in the vehicle and also the unlawful carrying or handling of weapons apparently capable of producing bodily harm. I knew that Ofc. Kennedy had reviewed with Shea the particular section that he was in violation of. I told him the second charge falls under RCW 9.41.270. I asked him if he was familiar with it and he responded something to the effect of, "apparently not enough."

Shea seemed surprised that the charges were on him. He asked what about the guy that had tried to hit his vehicle.

I told him that the other driver admitted to getting into a road rage type issue with him downtown. He admitted to flipping him off. However, he said that he did not start driving recklessly until he saw Shea with the gun. The other driver said he was trying to get away from him.

I confirmed that Shea did not have a CPL. He said that he thinks that it expired. I did say that at least part of this could have been avoided if that license was current.

Shea told me that what I was telling him now was different then what Ofc. Kennedy had told him the previous night. I told Shea that I did not have the report in fronting of me and really could not debate the merits of the case.

Shea responded that he was not trying to debate the case. Shea was very courteous and respectful during our conversation.

Shea did inquire as to what the other witness saw. I told him that she reported the man was driving recklessly S/B on Monroe from downtown. I told him that this was apparently after the gun was seen.

I knew that Shea was a lawyer and asked him if he practiced civil or criminal law. I wanted to know how much detail that I would need to provide to him in regards to the referral of charges and the process.

Shea told me that he mostly practiced civil law.

I explained that his case had been referred to the City Prosecutor's Office with an affidavit requesting two charges. I further explained that it would be up to the prosecutor's office to

determine if they were going to pursue the charges.

I speculated that it would be either Mary Muramatsu or Michael Reinken that would review the case. I encouraged him to touch base with one of them in order to determine if the case was going to be pursued. I did provide him phone numbers to both prosecutors.

Our conversation lasted just a little less than 7 minutes.

STATE OF WASHINGTON
COUNTY OF SPOKANE

REPORTNUMBER: 11-364413

DEFENDANT(S): Shea, Matthew T DOB: [REDACTED]

The undersigned, a law enforcement officer, competent to testify, states as follows: That he/she believes a crime was committed by the above named defendant/defendants in the City and County of Spokane, State of Washington, because:

Witness [REDACTED] can testify to the following:

On 11-23-11 at approx. 1149hrs, driving in the downtown area, specifically Monroe/Main. She noticed a green Chevy Lumina driving aggressively. When the light turned green, the Chevy Lumina started driving in and out of traffic. Seeing the Lumina on the far west side of Monroe and then "darting" to the far east lanes of traffic. She heard horns honking then witnessed the Lumina still swerving in and out of traffic.

At approx. Monroe at Sprague the Lumina became, "horribly aggressive". The Lumina would speed up then slow down over and over. She was originally going to get on the interstate but decided to follow the Lumina to get the license plate number (WA [REDACTED])

When she got to Monroe at 4th she was directly behind the Lumina and saw the w/m driver on his cell phone. When the light turned green the Lumina took off then slowed quickly then sped off at approx. 60mph. She followed the Lumina to 29th, were she lost sight of it.

Victim [REDACTED] can testify to the following:

On 11-23-11 at approx. 1150 hrs he was south on Monroe at approx. Main when a green pick-up cut him off, which forced him to slam on his brakes to avoid a collision. He honked his horn at the driver of the pick up. Admitting to aggressive lane changes with the pick-up, when the driver of the pick-up (the defendant), flipped him off. Continuing south the green pick-up was now behind him, when he saw the defendant pointing his hand like it was a gun at him, through the rear view mirror. Seeing the defendant fold his thumb down as if it was the hammer of a gun pointing his index finger at him.

Self admitting the anger which stemmed for this action, he flipped the defendant off. The defendant then pulled along side him and reached behind the passenger seat of his pick-up. The defendant made a large swooping motion over the top of the seat, at which time he saw what he believes to be a "black semi-automatic handgun".

He was certain what he saw was a handgun. At this point he "freaked out" and tried to get away from the defendant. He said he knew he was driving "crazy", but had reason to believe his life was in danger and wanted to get away from the defendant. He said he was in and out of traffic slowing and speeding up to avoid the defendant and maneuver around him.

He not only was afraid for his personal safety, but was afraid for his life as he thought he was going to be shot. The only thing he could think of was to slam on his brakes for force a collision with the defendant to make his pickup unable to drive so he could get away.

At approximately Monroe at 4th, he called police to report the incident and to advise the defendant had a gun. He finally lost the defendant on Monroe at 14th.

Officer S. Kennedy can testify to the following:

On 11-23-11 at approx. 1500hrs, being contacted to complete an investigation reference a road rage situation.

Contacting witness, [REDACTED] and victim, [REDACTED] for statements.

Contacting the defendant for his statement. It should be noted at this time the defendant was wanting police contact to report the Lumina's behavior. The defendant told me he thought he was being targeted due to his work. On Monroe at Main, he may or may not have cut someone off, (the Lumina). The Lumina honked the horn at him. As they continued south the Lumina went to the far right lanes then made a "beeline" for the front of his car. The defendant had to swerve and take evasive action to avoid a collision, again he thought he was being targeted. The defendant pointed at the w/m driver of the Lumina and mouthed, "I'm reporting you". They continued south and now

between Sprague and 4th on Monroe. The defendant admitted to pulling his handgun out of his glove box, and admitted the driver of the Lumina could have seen the gun.

The defendant said the Lumina slowed and sped up over and over. At 4th the Lumina took off as he chased the vehicle to get the license plate number (WA plate [REDACTED]). The Lumina then slammed on the brakes again up the Monroe St. Hill then took off at a high rate of speed. The defendant stopped chasing the Lumina at 14th on Monroe and turned off.

The defendant admitted calling 911 to also report what was happening.

During our conversation, the defendant admitted to letting his concealed weapons permit expire several years ago.

The defendant seemed to be concerned and asked me about the concealed gun carry law. I let the defendant read straight from my current 2011 Pocket Guide to Washington Criminal Laws on page 14. RCW 9.41.050. We verbally discussed the law, and discussed having a loaded hand gun in his vehicle, with no concealed weapons permit, was a violation of the law. The defendant never once disputed the violation and became very nervous and fearful in the face. His mouth became very dry (Cotton Mouth) as we continued to discuss the violation. It was obvious to me he was extremely nervous as when the defendant shook my hand at the end of our contact it was clammy and sweaty. Not the same as our initial hand shake up first contact.

At this time the defendant is in violation of, RCW 9.41.050, the Carrying of Firearms law by the following (in pertinent summary): A person shall not carry or place a loaded pistol in any vehicle unless the person has a license to carry a concealed pistol and the pistol is on the licensee's person, the licensee is within the vehicle at all time the pistol is there, or the licensee is away from the vehicle and the pistol is locked within the vehicle and is concealed from view from outside the vehicle.

At this time the defendant is also in violation of, RCW 9.41.270, Weapons Apparently Capable of Producing Bodily Harm-Unlawful Carrying or Handling by the following (in pertinent summary): It shall be unlawful for any person to carry, exhibit, display, or draw any firearm or any other weapon apparently capable of producing bodily harm in a manner under circumstances and at a time and place that warrants alarm for the safety of other persons. This is clearly shown by the victim's belief it was an emergent necessity to avoid and maneuver around the defendant, and attempt to get away from the defendant, in the manner in which he did.

PC does exist for: Count 1-Unlawful Carry of Firearms
Count 2-Weapons Apparently Capable of Producing
Bodily Harm-Unlawful Carrying or Handling

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct. (9A.72.085)
