mittee on the basis of a bid or negotiated contract which provides for the completed study for a fixed fee to be paid from this appropriation. The study made of such programs shall be limited to: (1) The federal programs enumerated herein; (2) the nature and scope of the services which are an appropriate part of such programs; (3) areas where policies existing in such programs may be deficient or inconsistent with the purposes thereof as stated in the state and federal legislation pertaining to such programs; (4) availability and utilization of supportive community resources, both public and private as they affect such programs. A plan for the study shall be formulated by the department in consultation with the committee in order to qualify the study for federal matching funds and such plan and application for a federal grant shall be promptly presented to the Federal government. No expenditure of funds from this appropriation shall be made prior to the approval of the plan by the Federal government. A written report by the management consulting organization shall be made to the director and the governor on or before June 30, 1965. All expenditures of funds from this appropriation shall be authorized by the director of the Department of Public Assistance:

\$250,147,478

The Department of Public Assistance is hereby directed to administer the programs for which funds are herein appropriated in such a manner as to strictly comply with the existing statutes relating to public assistance, to adjust assistance payment if necessary, and to effect all economies possible in the administration of such programs during the 1963-1965 biennium in order that expenditures for said biennium shall not exceed the funds herein appropriated: *Provided*, That payments to applicants or recipients from this appropriation shall not be increased due to increased costs of living unless funds are available: *Provided*, That the Department shall not pay increased rates for supplies or services unless it has been clearly determined that adequate funds are available to provide for the increased rates during the remainder of the biennium: *Provided*, That no payments of general assistance shall be made from this

appropriation unless the applicant or recipient for general assistance has resided in the State of Washington for three out of the last four years immediately preceding the date of application: *Provided*, That the Director may make payments of emergency general assistance to an applicant or recipient notwithstanding the residence provision above for a period of not to exceed ninety days if a denial of assistance would cause undue hardship: *Provided*, That the amount paid from this appropriation to or on behalf of a recipient in a nursing home or a hospital for clothing and personal incidentals shall not exceed fifty percent of the amount which would be paid to such recipient if he were living in his own home: *Provided*, That where a dependent child lives with his mother and a stepfather or an adult male person assuming the role of a spouse to the mother although not legally married to her, the amount of the grant shall be computed after consideration is given to the income and resources of the stepfather or such adult male person and the state department of public assistance shall determine if the stepfather or such adult male person is able to support the child either wholly or in part; said determination shall be based upon a standard which takes into account the stepfather's or such adult male person's income, resources, and expenses under regulations set forth by the department of public assistance; a natural father is not relieved of any legal obligation to support his children by the liability for their support imposed upon their stepfather or adult male person by this proviso: *Provided*, That if any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules and regulations under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the State.

Passed the House April 6, 1963.

Passed the Senate April 6, 1963.

Approved by the Governor April 18, 1963, with
 the exception of certain items in Section 1 and Sec-
 tion 2, which were vetoed.

GOVERNOR'S EXPLANATION OF ITEMS VETOED IS AS FOLLOWS:

**Governor's
 veto explana-
 tion.**

"Two years ago the Legislature appropriated six million dollars more than was available to be spent by the state. This was a situation that I could not allow to exist. Accordingly, I put into effect stringent economies in the agencies under my control that corrected the situation.

"This year, once again, the Legislature has pressed upon me a critical fiscal problem. I find myself faced with a legislative budget proposal that asks the state to spend three million dollars more than it will have available during the next two years. This, despite the fact that such a budget would be directly contrary to state law, which stipulates that spending may NOT exceed income.

"As Governor, I am obligated to assure that this law is fully carried out. Therefore, I must choose one of two alternatives.

"I can veto the entire budget proposal and call the Legislature back into a costly special session to correct this over-appropriation of funds. Or, I can follow a responsible course of action, as I did two years ago—that is, to veto certain items and require further stringent economies in departments under my control in order to achieve a balanced budget.

"I choose the latter method.

"My decision will result in a reduction of more than three million dollars in proposed spending, and bring the state budget into balance.

"Through veto action I have assured savings of \$565,000. The remaining imbalance through over-appropriated funds shall be absorbed by the state agencies over which I have direct control. I have instructed that State Budget Director plan for economies in the next two years to assure a reduction in spending by those agencies to a figure of two and a half million dollars below the totals appropriated to them by the Legislature. Only by instituting such sacrifices was I able to return the budget to a balanced condition.

"Since the Legislature was instrumental in creating this situation, I decided that it must share the burden of the overall financial sacrifices that were necessary. Accordingly, the most substantial of the vetoed items relates to appropriations approved by the Legislature for its own interim committees.

"In Section 2, under the heading of 'STATE LEGISLATURE' there is a General Fund appropriation for all legislative interim committees in the amount of \$547,741. This appropriation, together with other allowances for legislative salaries and expenses of \$422,058 appropriated elsewhere in this bill; plus individual appropriations for the Commission on Game and Game Fish, the Joint Committee on Highways, the Public Pension Committee, amount to a total appropriation for legislative expenses of OVER ONE MILLION DOLLARS DURING A PERIOD WHEN THE LEGISLATURE IS NOT IN SESSION. It seems curiously inconsistent that the Legislature does not exercise the same frugality necessary in every other agency of government when they appropriate for their own use.

Budget—Appropriations. Governor's veto explanation.

"In terms of interim committee membership, there are 131 committee positions available during the interim period for the 148 members of the House and Senate. I believe it is time to curb this practice which can only result in needless expense to the taxpayers. Although essential expenditures must be maintained, less desirable expenses must be eliminated. By combining the appropriation for numerous committees in one sum, the Legislature purposely insulated unnecessary committees from executive veto.

"While some of the committees included within this appropriation serve useful purposes, and many members of the Legislature serve commendably without selfish interest, other committees need serious re-evaluation. When the Legislative Council was first authorized in 1947, the express purpose was to stop the trend toward proliferation of interim committees which were used only as publicity and political tools. The Council was constituted with a balanced political representation to secure non-partisan interim study of important legislative problems. Yet the present Legislature has continued the coalition government by making the appointments strictly for political gain. There is even a serious question as to whether the Council is legally constituted because political considerations delayed the appointment of members. The original moral intent and legal directive has been violated.

"It is patently clear that coalition government, which has resulted only in controversy, bitterness and rancor, should not be promoted during the interim period at an expense to the taxpayers of over a half million dollars.

"During the past years, numerous committee staff studies having merit have been conducted, but the results have not been thoroughly analyzed by the Legislature. The elimination of the appropriation does not necessarily make the committees inoperative. This may be a good time for the members to catch up on the deluge of studies made in the past.

"For the foregoing reasons, the appropriation of \$547,741 to the legislative interim committees is vetoed. Interim committee appropriations from non-General Fund sources are not included in this appropriation and therefore substantial interim committee expenditures still remain.

"In Section 1, under the general heading 'DEPARTMENT OF INSTITUTIONS—SOLDIERS' AND VETERANS' HOME AND COLONY' three provisos were attached to the appropriation as follows:

"PROVIDED, That no part of this appropriation shall be used for the care and maintenance of members in the home having a yearly income of over \$900 or with assets of over \$900 unless all income and assets in excess of these amounts are paid into the general fund: PROVIDED, that the director of the Department of Institutions may make rules and regulations for waiver of the foregoing proviso, for all, or such portion of income over \$900, as in his discretion may be reasonably necessary for medical care not furnished by the Department of Institutions, support of dependents, and the payment of premiums on existing insurance, and such other situations as may be reasonably necessary to the welfare of such member: PROVIDED, that nothing in this proviso shall be construed to modify or change the requirements for admission as provided by law and as prescribed in the rules and regulations of the Department of Institutions."

"These provisos place a \$900 per year income limitation on those persons otherwise eligible to receive the veterans' benefits made available by this appropriation. Income and assets in excess of this amount must be paid to the General Fund. While the intent of the Legislature in setting such a limitation is desirable, the \$900 amount is both undesirable and unnecessary.

"It is undesirable because the limitation is so low as to place a severe hardship on veterans and because of its doubtful legality, as indicated by an adverse Superior Court decision on a similar proviso in

the 1961 Appropriations Act. It is unnecessary because the department can administratively set a more equitable limitation and because the total appropriation will effectively set the limits on membership.

"For the foregoing reason, I am vetoing the above section.

"In Section 1 under the heading of 'INTERSTATE COMPACT COMMISSION' there is a General Fund appropriation of \$17,000.

"I am vetoing this item because I believe continuation of the staff work on the Columbia River Compact will in no way inure to the benefit of the people of the State of Washington. A proposed compact has been presented to the Legislature on several occasions and in each instance, the State of Washington has been asked to surrender much more than can be gained by entry into the compact. Washington State has by far the largest stake in the northwest river system and would have been relegated to a minority position if proposed Columbia River Compacts had been adopted.

"Vetoing this appropriation does not dissolve the Commission. Should further work on the compact be indicated, present state and local agencies charged with the administration and control of our natural resources are available to provide the necessary staff review.

"In Section 1, under the heading of 'DEPARTMENT OF PUBLIC ASSISTANCE,' within the proviso earmarking \$100,000 for a study of federally-matched programs, there appears a limitation on the Governor's authority to select committee members in the following words:

" . . . from the various areas of the state representing institutions of higher learning, governmental agencies, and statewide private social agencies."

"While representation of these groups may be desirable, and will receive proper recognition in my appointments, any limitation on my authority to select the advisory committee for a study for which I will be held responsible is unwise.

"Accordingly, I am vetoing this item.

"Under the same general heading of the Department of Public Assistance, I note that the Legislature has added the \$1,000,000 that I requested for restoration of medical care. But I also note that the Legislature reduced my request for aid to dependent children, general assistance, and disability assistance by \$1,500,000, a cut that will force a ratable reduction in the grants to these needy persons.

"In Section 1 under the heading of 'JUDICIAL COUNCIL,' a General Fund appropriation of \$30,000 is made. This appropriation represents an increase of over 200% from that appropriated in the previous biennium. The work of the Judicial Council is most commendable, but this increase is difficult to justify in light of policies establishing present program levels.

"Most of the work of the Council has traditionally been donated. I am confident that with the assistance of the outstanding law schools in our state, the work can continue.

"For the foregoing reasons, I am vetoing the item appropriation to the Judicial Council.

"In the area of education, I am gratified by the fact that the Legislature, on the basis of my request, has appropriated \$450,575,964 for the State Superintendent of Public Instruction, an increase of \$36.9 million, or 8.9 per cent. The appropriations for higher education likewise have moved forward to a total of \$120,767,741, an increase of \$17.3 million.

"With the exception of the foregoing items which are vetoed, the remainder of House Bill No. 1 (Extraordinary Session) is approved."

ALBERT D. ROSELLINI,
Governor.
