Sec. 8. Section 22, chapter 191, Laws of 1983 and RCW 13.40.280 are each amended to read as follows:

(1) ~~((Notwithstanding the provisions of RCW 13.04.115,))~~ The secretary, with the consent of the secretary of the department of corrections, has the authority to transfer a juvenile presently or hereafter committed to the department of social and health services to the department of corrections for appropriate institutional placement in accordance with this section.

(2) The secretary of the department of social and health services may, with the consent of the secretary of the department of corrections, transfer a juvenile offender to the department of corrections if it is established at a hearing before a review board that continued placement of the juvenile offender in an institution for juvenile offenders presents a continuing and serious threat to the safety of others in the institution. The department of social and health services shall establish rules for the conduct of the hearing, including provision of counsel for the juvenile offender.

(3) A juvenile offender transferred to an institution operated by the department of corrections shall not remain in such an institution beyond the maximum term of confinement imposed by the juvenile court.

(4) A juvenile offender who has been transferred to the department of corrections under this section may, in the discretion of the secretary of the department of social and health services and with the consent of the secretary of the department of corrections, be transferred from an institution operated by the department of corrections to a facility for juvenile offenders deemed appropriate by the secretary.

Sec. 9. Section 61, chapter 291, Laws of 1977 ex. sess. as last amended by section 18, chapter 191, Laws of 1983 and RCW 13.40.070 are each amended to read as follows:

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1) (a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (7) of this section. If the prosecutor ~~((neither files nor diverts the case, he))~~ finds that the requirements of subsection (1) (a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, assault in the third degree, rape in the third degree, or any other offense listed in RCW 13.40.020(1) (b) or (c); or

(b) An alleged offender is accused of a felony and has a criminal history of at least one class A or class B felony, or two class C felonies, or at least two gross misdemeanors, or at least two misdemeanors and one additional misdemeanor or gross misdemeanor, or at least one class C felony and one misdemeanor or gross misdemeanor; or

(c) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

(d) An alleged offender has three or more diversions on the alleged offender's criminal history within eighteen months of the current alleged offense.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense(s) in combination with the alleged offender's criminal history do not exceed ~~((three))~~ two offenses or violations and do not include any felonies: PROVIDED, That if the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (7) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided

only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(8) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversionary interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile.

(9) The responsibilities of the prosecutor under subsections (1) through (8) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

NEW SECTION. Sec. 10. The following acts or parts of acts are each repealed:

- (1) Section 56, chapter 155, Laws of 1979 and RCW 13.40.035; and
- (2) Section 10, chapter 288, Laws of 1986 and RCW 13.40.036.

## CHAPTER 408

[Substitute Senate Bill No. 5947]

### ABUSE SUFFERED BY DEFENDANT—CONSIDERATION AS MITIGATING CIRCUMSTANCE

AN ACT Relating to establishing a procedure for considering abuse suffered by a defendant as a mitigating circumstance for an exceptional sentence; and amending RCW 9.94A.390.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 10, chapter 115, Laws of 183 as last amended by section 2, chapter 131, Laws of 1987 and RCW 9.94A.390 are each amended to read as follows:

If the sentencing court finds that an exceptional sentence outside the standard range should be imposed in accordance with RCW 9.94A.120(2), the sentence is subject to review only as provided for in RCW 9.94A.210(4).

The following are illustrative factors which the court may consider in the exercise of its discretion to impose an exceptional sentence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

- (1) Mitigating Circumstances

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his conduct or to conform his conduct to the requirements of the law, was significantly impaired (voluntary use of drugs or alcohol is excluded).

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.400 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance due to extreme youth, advanced age, disability, or ill health.

(c) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time;

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(d) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so; or

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use; or

(iii) The current offense involved the manufacture of controlled substances for use by other parties; or

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy; or

(v) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time or involved a broad geographic area of disbursement; or

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional); or

(e) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time; or

(f) The operation of the multiple offense policy of RCW 9.94A.400 results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

Passed the Senate April 18, 1989.

Passed the House April 14, 1989.

Approved by the Governor May 13, 1989.

Filed in Office of Secretary of State May 13, 1989.

## CHAPTER 409

[Second Substitute Senate Bill No. 5960]

### INDIGENTS—PROVISION OF DEFENSE SERVICES

AN ACT Relating to indigent defense; creating new sections; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that effective legal representation should be provided for indigent persons and persons who are indigent and able to contribute, consistent with the constitutional requirements of fairness, equal protection, and due process in all cases where the right to counsel attaches.

**NEW SECTION.** Sec. 2. The following definitions shall be applied in connection with this act:

(1) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Aid to families with dependent children, general assistance, poverty-related veterans' benefits, food stamps, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty-five percent or less of the current federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(2) "Indigent and able to contribute" means a person who, at any stage of a court proceeding, is unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are less than the anticipated cost of counsel but sufficient for the person to pay a portion of that cost.

(3) "Anticipated cost of counsel" means the cost of retaining private counsel for representation on the matter before the court.

(4) "Available funds" means liquid assets and disposable net monthly income calculated after provision is made for bail obligations. For the purpose of determining available funds, the following definitions shall apply:

(a) "Liquid assets" means cash, savings accounts, bank accounts, stocks, bonds, certificates of deposit, equity in real estate, and equity in motor vehicles. A motor vehicle necessary to maintain employment and having a market value not greater than three thousand dollars shall not be considered a liquid asset.

(b) "Income" means salary, wages, interest, dividends, and other earnings which are reportable for federal income tax purposes, and cash payments such as reimbursements received from pensions, annuities, social security, and public assistance programs. It includes any contribution received from any family member or other person who is domiciled in the same residence as the defendant and who is helping to defray the defendant's basic living costs.

(c) "Disposable net monthly income" means the income remaining each month after deducting federal, state, or local income taxes, social security taxes, contributory retirement, union dues, and basic living costs.

(d) "Basic living costs" means the average monthly amount spent by the defendant for reasonable payments toward living costs, such as shelter, food, utilities, health care, transportation, clothing, loan payments, support payments, and court-imposed obligations.

**NEW SECTION.** Sec. 3. (1) A determination of indigency shall be made for all persons wishing the appointment of counsel in criminal, juvenile, involuntary commitment, and dependency cases, and any other case

where the right to counsel attaches. The court or its designee shall determine whether the person is indigent pursuant to the standards set forth in this chapter.

(2) In making the determination of indigency, the court shall also consider the anticipated length and complexity of the proceedings and the usual and customary charges of an attorney in the community for rendering services, and any other circumstances presented to the court which are relevant to the issue of indigency. The appointment of counsel shall not be denied to the person because the person's friends or relatives, other than a spouse who was not the victim of any offense or offenses allegedly committed by the person, have resources adequate to retain counsel, or because the person has posted or is capable of posting bond.

(3) The determination of indigency shall be made upon the defendant's initial contact with the court or at the earliest time circumstances permit. The court or its designee shall keep a written record of the determination of indigency. Any information given by the accused under this section or sections shall be confidential and shall not be available for use by the prosecution in the pending case.

(4) If a determination of eligibility cannot be made before the time when the first services are to be rendered, the court shall appoint an attorney on a provisional basis. If the court subsequently determines that the person receiving the services is ineligible, the court shall notify the person of the termination of services, subject to court-ordered reinstatement.

(5) All persons determined to be indigent and able to contribute, shall be required to execute a promissory note at the time counsel is appointed. The person shall be informed whether payment shall be made in the form of a lump sum payment or periodic payments. The payment and payment schedule must be set forth in writing. The person receiving the appointment of counsel shall also sign an affidavit swearing under penalty of perjury that all income and assets reported are complete and accurate. In addition, the person must swear in the affidavit to immediately report any change in financial status to the court.

(6) The office or individual charged by the court to make the determination of indigency shall provide a written report and opinion as to indigency on a form prescribed by the office of the administrator for the courts, based on information obtained from the defendant and subject to verification. The form shall include information necessary to provide a basis for making a determination with respect to indigency as provided by this chapter.

**NEW SECTION.** Sec. 4. Each county or city under this chapter shall adopt standards for the delivery of public defense services, whether those services are provided by contract, assigned counsel, or a public defender office. Standards shall include the following: Compensation of counsel, duties

and responsibilities of counsel, case load limits and types of cases, responsibility for expert witness fees and other costs associated with representation, administrative expenses, support services, reports of attorney activity and vouchers, training, supervision, monitoring and evaluation of attorneys, substitution of attorneys or assignment of contracts, limitations on private practice of contract attorneys, qualifications of attorneys, disposition of client complaints, cause for termination of contract or removal of attorney, and nondiscrimination. The standards endorsed by the Washington state bar association for the provision of public defense services may serve as guidelines to contracting authorities.

**NEW SECTION.** Sec. 5. City attorneys, county prosecutors, and law enforcement officers shall not select the attorneys who will provide indigent defense services.

**NEW SECTION.** Sec. 6. The indigent defense task force created in chapter 156, Laws of 1988 shall be reinstated and continued through June 1990. Two additional persons shall be members of the task force: A member appointed by the association of Washington cities and a member appointed by the Washington association of prosecuting attorneys. The task force shall examine the current methods of delivering appellate indigent defense services in the state and shall make recommendations to the 1990 legislature regarding alternative methods of delivering appellate services.

The task force shall also evaluate indigent trial defense services and make recommendations to the legislature regarding alternative methods at the county and city level of funding and providing such services.

In addition, the task force shall review the data collected pursuant to this act and shall advise the office of the administrator for the courts or the legislature of necessary modifications to the service delivery system. The task force shall also evaluate ongoing cost-recoupment studies and make recommendations to the legislature regarding an expanded cost recoupment program.

**NEW SECTION.** Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate April 7, 1989.

Passed the House April 22, 1989.

Approved by the Governor May 13, 1989.

Filed in Office of Secretary of State May 13, 1989.

AN ACT Relating to juvenile offenders; amending RCW 13.40.280; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature recognizes the ever-increasing severity of offenses committed by juvenile offenders residing in this state's juvenile detention facilities and the increasing aggressive nature of detained juveniles due to drugs and gang-related violence. The purpose of this act is to provide necessary protection to state employees and juvenile residents of these institutions from assaults committed against them by juvenile detainees.

Sec. 2. Section 22, chapter 191, Laws of 1983 and RCW 13.40.280 are each amended to read as follows:

(1) (~~Notwithstanding the provisions of RCW 13.04.115;~~) The secretary, with the consent of the secretary of the department of corrections, has the authority to transfer a juvenile presently or hereafter committed to the department of social and health services to the department of corrections for appropriate institutional placement in accordance with this section.

(2) The secretary of the department of social and health services may, with the consent of the secretary of the department of corrections, transfer a juvenile offender to the department of corrections if it is established at a hearing before a review board that continued placement of the juvenile offender in an institution for juvenile offenders presents a continuing and serious threat to the safety of others in the institution. The department of social and health services shall establish rules for the conduct of the hearing, including provision of counsel for the juvenile offender.

(3) Assaults made against any staff member at a juvenile corrections institution that are reported to a local law enforcement agency shall require a hearing held by the department of social and health services review board within ten judicial working days. The board shall determine whether the accused juvenile offender represents a continuing and serious threat to the safety of others in the institution.

(4) Upon conviction in a court of law for custodial assault as defined in RCW 9A.36.100, the department of social and health services review board shall conduct a second hearing, within five judicial working days, to recommend to the secretary of the department of social and health services that the convicted juvenile be transferred to an adult correctional facility if the review board has determined the juvenile offender represents a continuing and serious threat to the safety of others in the institution.

The juvenile has the burden to show cause why the transfer to an adult correctional facility should not occur.

(5) A juvenile offender transferred to an institution operated by the department of corrections shall not remain in such an institution beyond the maximum term of confinement imposed by the juvenile court.

((4)) (6) A juvenile offender who has been transferred to the department of corrections under this section may, in the discretion of the secretary of the department of social and health services and with the consent of the secretary of the department of corrections, be transferred from an institution operated by the department of corrections to a facility for juvenile offenders deemed appropriate by the secretary.

NEW SECTION. Sec. 4. This act shall take effect July 1, 1990.

Passed the Senate April 17, 1989.

Passed the House April 11, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 3, Engrossed Senate Bill No. 5233 entitled:

"AN ACT Relating to burglary."

This legislation creates a new crime of residential burglary for those incidents in which an individual enters a dwelling for the purposes of committing "a crime against persons or property therein". The existing crime of burglary in the second degree is retained for cases involving buildings other than dwellings.

Section 3 of this measure increases the seriousness level of second degree burglary from range II to range III and ranks the new crime of residential burglary at an even higher level, range IV. These rankings have significant fiscal impacts on both state and local governments that are not fully addressed. Although the Legislature included funds in the Omnibus Budget for the purposes of this act, they fall far short of meeting the Department of Correction's needs. In addition, no funds were provided to address the impacts on local jails.

I support the intent of this bill. Residential burglary is a particularly offensive crime that not only results in material loss, but shatters the sense of privacy people enjoy within their homes. Persons who invade homes in this manner must be punished.

However, attempting to address this issue has highlighted some of the inflexibility of the state's Sentencing Reform Act. Because of the sentencing structure created by the Act, little can be done in response to the problem of burglary other than to raise the seriousness level, as accomplished by section 3.

I am retaining the new definition of residential burglary created by this bill, and the instructions in section 1 requiring the Sentencing Guidelines Commission to consider residential burglary as a more serious offense than burglary in the second degree. Because the provisions of the bill do not take effect until July 1990, I believe this veto allows us to more fully consider the ramifications of this sentencing change.

The long-term financial impact on the state adult and juvenile systems will mandate significant additional commitment of both capital and operating funds. I am concerned that the full financial reality of passing this bill has not settled upon the Legislature. The Legislature should also consider the consistency of punishment level in this bill related to punishment for other criminal offenses.

Particular attention must also be paid to the effect these changes have on our local jail system. We can no longer continue to ignore the overcrowding and potentially dangerous conditions facing these facilities. At the same time the Legislature was enacting a measure extending eligibility for home detention programs to burglars, it was removing over fifty percent of the eligible inmates by the definition change included in this bill. The Sentencing Guidelines Commission is the proper place to consider these system-wide impacts.

I am asking the Sentencing Guidelines Commission to take up this issue for the purpose of recommending a resolution to the 1990 Legislature. The commission will review the relative rankings of these crimes, and will explore the possibility of reordering the sentencing grid in such a way as to allow courts greater flexibility in determining appropriate sanctions. In addition, the Commission will review the potential for changing sentencing practices associated with rank changes, and the relationship of deadly weapons enhancements to these two offenses.

With the exception of section 3, Engrossed Senate Bill No. 5233 is approved.\*

Sec. 1981 et seq., thereafter the judgment creditor shall seek satisfaction only from the state, and the judgment shall not become a lien upon any property of such officer, employee, or volunteer.

**NEW SECTION.** Sec. 3. A new section is added to chapter 4.24 RCW to read as follows:

(1) The state shall indemnify and hold harmless its employees in the amount of any judgment obtained or fine levied against an employee in any state or federal court, or in the amount of the settlement of a claim, or shall pay the judgment, fine, or settlement, if the act or omission that gave rise to the civil or criminal liability was in good faith and occurred while the employee was acting within the scope of his or her employment or duties and the employee is being represented in accordance with RCW 4.92.070.

(2) For purposes of this section "state employee" means a member of the civil service or an exempt person under chapter 41.06 RCW, or higher education personnel under chapter 28B.16 RCW.

**\*NEW SECTION.** Sec. 4. *The following acts or parts of acts are each repealed:*

**(2) Section 1, chapter 144, Laws of 1975 1st ex. sess. and RCW 10.01-.150.**

\*Sec. 4 was vetoed, see message at end of chapter.

Passed the House April 17, 1989.

Passed the Senate April 7, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1 and 4, Substitute House Bill No. 1889 entitled:

"AN ACT Relating to public employee immunity."

Under current law, state officers and employees can be defended by the Attorney General for acts or omissions performed in good faith within their official scope of duties, and the state will bear the cost of the litigation and any judgment or settlement that results. To qualify, the employing agency, after reviewing the facts and circumstances, must recommend that the state assume the responsibility for the defense. The Attorney General then either approves or declines the defense. This process of reviewing and evaluating such cases has proven to be effective. Although the state has rarely declined a defense, the right to decline has been upheld by the Supreme Court in State v. Herrmann, 89 Wn. 2d 349 (1977).

Amendments to RCW 4.92.070 in section 1 of the bill eliminate existing authority of the Attorney General to make a finding regarding whether or not the employee's acts or omissions were in good faith and within the scope of official duties. Additionally, section 1, when compared on a word-for-word basis with the existing statutes repealed by section 4, inappropriately expands and mandates the state via the Attorney General to represent state officers, employees, or volunteers charged with violation of criminal statutes. A review of several instances in which employees have requested criminal defense because they felt their actions were within the scope of their job does not support the need for expanding the present statutes.

The effect of these changes in section 1 would be to modify the law so that a defense by the state is more of an entitlement, with no administrative or executive officer being expressly empowered to determine eligibility or lack thereof. The current law has worked well. It has served the interests of both the state and its employees and has provided for the defense of employees in civil rights actions for alleged violations of 42 U.S.C. Sec. 1981 or 1983. I therefore see no valid reason to change the process.

Sections 2 and 3 of the bill represent important substantive additions to the law. They require the state to indemnify and hold harmless employees who are acting within the scope of their duties when the action that gave rise to the liability or civil or criminal lawsuit occurred. They also require judgment creditors in actions against employees to seek satisfaction of judgment only from the state.

With the exception of sections 1 and 4, Substitute House Bill No. 1889 is approved."

[House Bill No. 1917]

**NEW SECTION.** Sec. 3. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Appraisal" or "real estate appraisal" means an analysis, opinion, or conclusion relating to the nature, quality, value, or utility of specified interests in, or aspects of, identified real estate, for or in expectation of compensation. An appraisal may be classified by subject matter into either a valuation or an analysis. A "valuation" is an estimate of the value of real estate or real property. An "analysis" is a study of real estate or real property other than estimating value.

(2) "Appraisal report" means any communication, written or oral, of an appraisal.

(3) "Appraisal assignment" means an engagement for which an appraiser is employed or retained to act, or would be perceived by third parties or the public as acting, as a disinterested third party in rendering an unbiased analysis, opinion, or conclusion relating to the nature, quality, value, or utility of specified interests in, or aspects of, identified real estate. The term "appraisal assignment" may apply to valuation work and analysis work.

(4) "Board" means the certified real estate appraiser certification board.

(5) "Certified appraisal" means an appraisal prepared or signed by a state-certified real estate appraiser. A certified appraisal represents to the public that it meets the appraisal standards defined in this chapter.

(6) "Department" means the department of licensing.

(7) "Director" means the director of the department of licensing.

(8) "Real estate" means an identified parcel or tract of land, including improvements, if any.

(9) "Real property" means one or more defined interests, benefits, or rights inherent in the ownership of real estate.

(10) "Specialized appraisal services" means all appraisal services which do not fall within the definition of appraisal assignment. The term "specialized appraisal service" may apply to valuation work and to analysis work. Regardless of the intention of the client or employer, if the appraiser would be perceived by third parties or the public as acting as a disinterested third party in rendering an unbiased analysis, opinion, or conclusion, the work is classified as an appraisal assignment and not a specialized appraisal service.

(11) "State-certified real estate appraiser" means a person who develops and communicates real estate appraisals and who holds a valid certificate issued to him or her for either general or residential real estate under this chapter. A state-certificated real estate appraiser may designate or identify an appraisal rendered by him or her as a "certified appraisal" and indicate which type of certification is held.

**NEW SECTION.** Sec. 4. (1) No person, other than a state-certified real estate appraiser, may assume or use that title or any title, designation, or abbreviation likely to create the impression of certification as a real estate appraiser by this state. A person who is not certified under this chapter shall not describe or refer to any appraisal or real estate located in this state by the term "certified."

(2) This section does not preclude a person who is not certified as a state-certified real estate appraiser from appraising real estate in this state for compensation.

**\*NEW SECTION. Sec. 5. There is established a real estate appraiser certification board which shall consist of seven members, two of whom are public members and five of whom are real estate appraisers.**

**The governor shall appoint the members of the real estate appraiser certification board.**

**Each of the real estate appraiser members first appointed to the board shall possess a minimum of ten years of active experience as a real estate appraiser, and shall be appointed from a cross-section of real estate appraisal organizations.**

**Each real estate appraiser member of the board appointed after July 1, 1990, must be a state-certified real estate appraiser under this chapter at the time of appointment and during the entire term. At least two members of the board shall be state-certified general real estate appraisers. At least one member of the board shall be a state-certified residential real estate appraiser. The term of each member of the board shall be three years, except that, of the members first appointed, one shall serve for three years, three shall serve for two years, and three shall serve for one year. Upon the expiration of a term, a member of the board continues to hold office until the appointment of a successor. No person shall serve as a member of the board for more than two consecutive terms. The governor may remove a member for cause.**

*The public members of the board shall not be engaged in the practice of real estate appraising.*

*The governor shall appoint one of the members as a chairperson. The chairperson serves at the pleasure of the governor.*

*The board shall meet at least once a year or as necessary to conduct board business upon the call of the chairperson at times and places as the chairperson shall designate.*

*A quorum of the board shall be five members.*

*Members of the board shall receive compensation under RCW 43.03-.240 and shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060.*

\*Sec. 5 was vetoed, see message at end of chapter.

**NEW SECTION.** *Sec. 6. The real estate appraiser certification board provides technical assistance to the director relating to real estate appraisal standards and real estate appraiser qualifications and has the following responsibilities, powers, and duties:*

*(1) To recommend to the director the experience, education, and examination requirements that are appropriate for each classification of state-certified real estate appraiser;*

*(2) To recommend to the director the examination specifications, and the minimum scaled score required to pass the certification examinations for each classification of certification required by this chapter;*

*(3) To make recommendations to the director regarding continuing education requirements; and*

*(4) To conduct administrative hearings, as requested by the director, in connection with disciplinary proceedings under this chapter.*

\*Sec. 6 was vetoed, see message at end of chapter.

**NEW SECTION.** *Sec. 7. The director shall have the following powers and duties:*

*(1) To adopt rules in accordance with chapter 34.05 RCW necessary to implement this chapter;*

*(2) To receive and approve applications for certification as a state-certified real estate appraiser under this chapter; to establish appropriate administrative procedures for the processing of such applications; to issue certificates to qualified applicants pursuant to the provisions of this chapter; and to maintain a register of the names and addresses of individuals who are currently certified under this chapter;*

*(3) To provide administrative assistance to the real estate appraiser certification board to enable the board to carry out its responsibilities under this chapter;*

*(4) To solicit bids and enter into contracts with educational testing services or organizations for the preparation of questions and answers for certification examinations;*

(5) To administer or contract for administration of certification examinations at locations and times as may be required to carry out the responsibilities under this chapter;

(6) To consider recommendations by the real estate appraiser certification board relating to the experience, education, and examination requirements for each classification of state-certified appraiser;

(7) To impose continuing education requirements as a prerequisite to renewal of certification;

(8) To consider recommendations by the real estate appraiser certification board relating to standards of professional appraisal practice in the enforcement of this chapter;

(9) To issue an annual statement describing the receipts and expenditures in the administration of this chapter during each fiscal year;

(10) To establish appropriate administrative procedures for disciplinary proceedings conducted pursuant to the provisions of this chapter;

(11) To compel the attendance of witnesses and production of books, documents, records, and other papers; to administer oaths; and to take testimony and receive evidence concerning all matters within their jurisdiction. These powers may be exercised directly by the director or the director's authorized representatives acting by authority of law;

(12) To employ such professional, clerical, and technical assistance as may be necessary to properly administer the work of the director;

(13) To establish forms necessary to administer this chapter; and

(14) To do all other things necessary to carry out the provisions of this chapter and minimally meet the requirements of federal guidelines regarding state certification of appraisers that the director determines are appropriate for state-certified appraisers in this state.

**NEW SECTION.** Sec. 8. The director, members of the board, or individuals acting on their behalf are immune from suit in any action, civil or criminal, based on any acts performed in the course of their duties except for their intentional or willful misconduct.

**NEW SECTION.** Sec. 9. The director shall establish fees by rule, under RCW 43.24.086 and chapter 34.05 RCW and establish collection procedures for the fees.

**NEW SECTION.** Sec. 10. (1) Applications for examinations, original certification, and renewal certification shall be made in writing to the department on forms approved by the director. Applications for original and renewal certification shall include a statement confirming that the applicant shall comply with applicable rules and regulations and that the applicant understands the penalties for misconduct.

(2) The appropriate fees shall accompany all applications for examination, reexamination, original certification, and renewal certification.

**NEW SECTION.** Sec. 11. There shall be two categories of state-certified real estate appraisers:

(1) The state-certified residential real estate appraiser classification shall consist of those persons meeting the requirements for appraisal of residential real property of one to four units.

(2) The state-certified general real estate appraiser classification shall consist of those persons meeting the requirements for certification relating to the appraisal of all types of real property.

**NEW SECTION.** Sec. 12. (1) As a prerequisite to taking the examination for certification as a state-certified general real estate appraiser, an applicant shall present evidence satisfactory to the director that he or she has successfully completed the education requirements adopted by the director.

(2) As a prerequisite to taking the examination for certification as a state-certified residential real estate appraiser, an applicant shall present evidence satisfactory to the director that he or she has successfully completed the education requirements adopted by the director.

(3) The education requirements of subsections (1) and (2) of this section may be waived by the director if the applicant presents evidence to the satisfaction of the director that the applicant was practicing as a real estate appraiser in the state of Washington on the effective date of this section.

**NEW SECTION.** Sec. 13. As a prerequisite to taking the examination for certification as a state-certified real estate appraiser, an applicant must meet the experience requirements adopted by the director.

**NEW SECTION.** Sec. 14. An original certification as a state-certified real estate appraiser shall be issued to persons who have satisfactorily passed a written examination as adopted by the director.

**NEW SECTION.** Sec. 15. Every applicant for certification who is not a resident of this state shall submit, with the application for certification, an irrevocable consent that service of process upon him or her may be made by service on the director if, in an action against the applicant in a court of this state arising out of the applicant's activities as a state-certified real estate appraiser, the plaintiff cannot, in the exercise of due diligence, obtain personal service upon the applicant.

**NEW SECTION.** Sec. 16. An applicant for certification who is currently certified and in good standing under the laws of another state may obtain a certificate as a Washington state-certified real estate appraiser without being required to satisfy the examination requirements of this chapter if: The director determines that the certification requirements are substantially similar to those found in Washington state; and that the other state has a written reciprocal agreement to provide similar treatment to holders of Washington state certificates.

**NEW SECTION.** Sec. 17. (1) Each original and renewal certificate shall be for a period of two years.

(2) To be renewed as a state-certified real estate appraiser, the holder of a valid certificate shall apply and pay the prescribed fee to the director no earlier than one hundred twenty days prior to the expiration date of the certificate and shall demonstrate satisfaction of any continuing education requirements.

(3) If a person fails to renew a certificate prior to its expiration, the person may obtain a renewal certificate by satisfying all of the requirements for renewal and paying late renewal fees.

**NEW SECTION.** Sec. 18. (1) A certificate issued under this chapter shall bear the signature or facsimile signature of the director and a certificate number assigned by the director.

(2) Each state-certified real estate appraiser shall place his or her certificate number adjacent to or immediately below the title "state-certified residential real estate appraiser" or "state-certified general real estate appraiser" when used in an appraisal report or in a contract or other instrument used by the certificate holder in conducting real property appraisal activities.

**NEW SECTION.** Sec. 19. (1) The term "state-certified real estate appraiser" may only be used to refer to individuals who hold the certificate and may not be used following or immediately in connection with the name or signature of a firm, partnership, corporation, or group, or in such manner that it might be interpreted as referring to a firm, partnership, corporation, group, or anyone other than an individual holder of the certificate.

(2) No certificate may be issued under this chapter to a corporation, partnership, firm, or group. This shall not be construed to prevent a state-certified appraiser from signing an appraisal report on behalf of a corporation, partnership, firm, or group practice.

**NEW SECTION.** Sec. 20. An application for certification or recertification may be denied, and the certification of any state-certified real estate appraiser may be revoked, suspended, or otherwise disciplined in accordance with the provisions of this chapter, for any of the following acts or omissions:

(1) Failing to meet the minimum qualifications for state certification established by or pursuant to this chapter;

(2) Procuring or attempting to procure state certification under this chapter by knowingly making a false statement, knowingly submitting false information, or knowingly making a material misrepresentation on any application filed with the director;

(3) Paying money other than the fees provided for by this chapter to any employee of the director or the board to procure state certification under this chapter;

(4) Failure or refusal without good cause to exercise reasonable diligence in developing an appraisal, preparing an appraisal report, or communicating an appraisal;

(5) Negligence or incompetence in developing an appraisal, preparing an appraisal report, or communicating an appraisal;

(6) Continuing to act as a certified real estate appraiser when his or her certificate is on an expired status;

(7) Failing, upon demand, to disclose any information within his or her knowledge to, or to produce any document, book, or record in his or her possession for inspection of the director or the director's authorized representatives acting by authority of law; and

(8) Violating any provision of this chapter or any lawful rule or regulation made by the director pursuant thereto.

**NEW SECTION.** Sec. 21. The director may investigate the actions of a state-certified real estate appraiser or an applicant for certification or recertification. Upon receipt of information indicating that a state-certified real estate appraiser under this chapter may have violated this chapter, the director shall cause one or more of the staff investigators to make an investigation of the facts to determine whether or not there is admissible evidence of any such violation. If technical assistance is required, a staff investigator may consult with not more than one of the appraiser members of the board. If an appraiser member of the board is consulted and renders assistance in an investigation, the appraiser member is excused from service on the board in connection with any administrative hearing that may result from such investigation.

In any investigation made by the director's investigative staff, the director shall have the power to compel the attendance of witnesses and the production of books, documents, records, and other papers, to administer oaths, and to take testimony and receive evidence concerning all matters within the director's jurisdiction.

If the director determines, upon investigation, that a state-certified real estate appraiser under this chapter has violated this chapter, a statement of charges shall be prepared and served upon the state-certified real estate appraiser. This statement of charges shall require the accused party to file an answer to the statement of charges within twenty days of the date of service.

In responding to a statement of charges, the accused party may admit to the allegations, deny the allegations, or otherwise plea. Failure to make a timely response shall be deemed an admission of the allegations contained in the statement of charges.

**NEW SECTION.** Sec. 22. The administrative hearing on the allegations in the statement of charges may be heard by the board or an administrative law judge appointed under chapter 34.12 RCW at the time and place prescribed by the director and in accordance with the provisions of the

administrative procedure act, chapter 34.05 RCW. If the board or the administrative law judge determines that a state-certified real estate appraiser is guilty of a violation of any of the provisions of this chapter, a formal decision shall be prepared that contains findings of fact and recommendations to the director concerning the appropriate disciplinary action to be taken.

In such event the director shall enter an order to that effect and shall file the same in his or her office and immediately mail a copy thereof to the affected party at the addresses of record with the department. Such order shall not be operative for a period of ten days from the date thereof. Any licensee or applicant aggrieved by a final decision by the director in an adjudicative proceeding whether such decision is affirmative or negative in form, is entitled to a judicial review in the superior court under the provisions of the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 23. The attorney general shall render to the director and board opinions upon all questions of law relating to the construction or interpretation of this chapter, or arising in the administration thereof that may be submitted by the director or board, and shall act as attorney for the director and board in all actions and proceedings brought by or against the director and board under or pursuant to any provisions of this chapter.

NEW SECTION. Sec. 24. Sections 2 through 23 of this act shall constitute a new chapter in Title 18 RCW.

NEW SECTION. Sec. 25. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1989, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 26. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 27. (1) Sections 2, 3, 5 through 8, and 26 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989.

(2) Sections 1, 4, and 9 through 22 of this act shall take effect July 1, 1990.

Passed the House April 21, 1989.

Passed the Senate April 21, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

\*I am returning herewith, without my approval as to sections 5 and 6, Engrossed House Bill No. 1917 entitled:

"AN ACT Relating to the licensing and certification of real estate appraisers."

I support the approach in the bill to certify real estate appraisers. It is a voluntary certification program, which is the lowest level of regulation that will meet the anticipated need. It is also structured suitably, with the Department of Licensing responsible for actual certification and administration, assisted by an advisory board.

There are, however, several problems with the creation of the real estate appraiser certification board. I have expressed my concern with the proliferation of permanent statutory boards on numerous occasions. I believe that these boards create confusion in the public's mind and reduce government's accountability to the people. There are relatively few advisory functions that cannot be performed by temporary, nonstatutory bodies appointed by agency directors.

I am also concerned with the ambiguity surrounding this board's ability to conduct administrative hearings. The Administrative Procedure Act already specifies a hearings procedure in some detail. I think it advisable to use this procedure for hearings on real estate appraiser certification issues as it is used for numerous other matters.

Because I think advice from the public and industry representatives is indispensable to state agencies with regulatory responsibilities, I am asking the Director of the Department of Licensing to appoint an advisory body under existing statutory authority.

This partial veto will leave a number of inaccurate references in the remaining portions of the bill which should be corrected by the Legislature.

With the exception of sections 5 and 6, Engrossed House Bill No. 1917 is approved."

## CHAPTER 415

[House Bill No. 1645]

### MOTOR VEHICLE MANUFACTURERS AND DEALERS—FRANCHISES—SALES, TRANSFERS, AND CANCELLATIONS

AN ACT Relating to the relationship between motor vehicle dealers and manufacturers; amending RCW 46.70.180 and 46.70.190; creating a new chapter in Title 46 RCW; and repealing RCW 46.70.200 and 46.70.210.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds and declares that the distribution and sale of motor vehicles in this state vitally affect the general economy of the state and the public interest and public welfare, that provision for warranty service to motor vehicles is of substantial concern to the people of this state, that the maintenance of fair competition among dealers and others is in the public interest, and that the maintenance of strong and sound dealerships is essential to provide continuing and necessary reliable services to the consuming public in this state and to provide stable employment to the citizens of this state. The legislature further finds that there is a substantial disparity in bargaining power between automobile manufacturers and their dealers, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate the relationship between motor vehicle dealers and motor vehicle

manufacturers, importers, distributors, and their representatives doing business in this state, not only for the protection of dealers but also for the benefit for the public in assuring the continued availability and servicing of automobiles sold to the public.

The legislature recognizes it is in the best interest for manufacturers and dealers of motor vehicles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference and are assured of the ability to transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motor vehicle industry to the extent necessary to balance fairness and efficiency. These actions will permit motor vehicle dealers to better serve consumers and allow dealers to devote their best competitive efforts and resources to the sale and services of the manufacturer's products to consumers.

**NEW SECTION.** Sec. 2. In addition to the definitions contained in RCW 46.70.011, which are incorporated by reference into this chapter, the definitions set forth in this section apply only for the purposes of this chapter.

(1) A "new motor vehicle" is a vehicle that has not been titled by a state and ownership of which may be transferred on a manufacturer's statement of origin (MSO).

(2) "New motor vehicle dealer" means a motor vehicle dealer engaged in the business of buying, selling, exchanging, or otherwise dealing in new motor vehicles or new and used motor vehicles at an established place of business, under a franchise, sales and service agreement, or contract with the manufacturer of the new motor vehicles. However, the term "new motor vehicle dealer" does not include a miscellaneous vehicle dealer as defined in RCW 46.70.011(3)(c) or a motorcycle dealer as defined in chapter 46.94 RCW.

(3) "Franchise" means one or more agreements, whether oral or written, between a manufacturer and a new motor vehicle dealer, under which the new motor vehicle dealer is authorized to sell, service, and repair new motor vehicles, parts, and accessories under a common name, trade name, trademark, or service mark of the manufacturer.

"Franchise" includes an oral or written contract and includes a dealer agreement, either expressed or implied, between a manufacturer and a new motor vehicle dealer that purports to fix the legal rights and liabilities between the parties and under which (a) the dealer is granted the right to purchase and resell motor vehicles manufactured, distributed, or imported by the manufacturer; (b) the dealer's business is associated with the trademark, trade name, commercial symbol, or advertisement designating the

franchisor or the products distributed by the manufacturer; and (c) the dealer's business relies on the manufacturer for a continued supply of motor vehicles, parts, and accessories.

(4) "Good faith" means honesty in fact and fair dealing in the trade as defined and interpreted in RCW 62A.2-103.

(5) "Designated successor" means:

(a) The spouse, biological or adopted child, grandchild, parent, brother, or sister of the owner of a new motor vehicle dealership who, in the case of the owner's death, is entitled to inherit the ownership interest in the new motor vehicle dealership under the terms of the owner's will or similar document, and if there is no such will or similar document, then under applicable intestate laws;

(b) A qualified person experienced in the business of a new motor vehicle dealer who has been nominated by the owner of a new motor vehicle dealership as the successor in a written, notarized, and witnessed instrument submitted to the manufacturer; or

(c) In the case of an incapacitated owner of a new motor vehicle dealership, the person who has been appointed by a court as the legal representative of the incapacitated owner's property.

(6) "Owner" means a person holding an ownership interest in the business entity operating as a new motor vehicle dealer and who is the designated dealer in the new motor vehicle franchise agreement.

(7) "Person" means every natural person, partnership, corporation, association, trust, estate, or any other legal entity.

**NEW SECTION.** Sec. 3. Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, no manufacturer may terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer, unless the manufacturer has complied with the notice requirements of section 7 of this act and an administrative law judge has determined, if requested in writing by the new motor vehicle dealer within the applicable time period specified in section 7(1), (2), or (3) of this act, after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith, as defined in this chapter, regarding the termination, cancellation, or nonrenewal.

**NEW SECTION.** Sec. 4. A new motor vehicle dealer who has received written notification from the manufacturer of the manufacturer's intent to terminate, cancel, or not renew the franchise may file a petition with the department for a determination as to the existence of good cause and good faith for the termination, cancellation, or nonrenewal of a franchise. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the termination, cancellation, or nonrenewal of the franchise. Upon the filing of the petition and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely petition has been filed and shall request the appointment of an administrative law

judge under chapter 34.12 RCW to conduct a hearing. The franchise in question shall continue in full force and effect pending the administrative law judge's decision. If the decision of the administrative law judge terminating, canceling, or failing to renew a dealer's franchise is appealed by a dealer, the franchise in question shall continue in full force and effect until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

**NEW SECTION.** Sec. 5. (1) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a petition is filed. If the termination, cancellation, or nonrenewal is under section 7(2) of this act, the administrative law judge shall give the proceeding priority consideration and shall render a final decision not later than sixty days after a petition is filed.

(2) The administrative law judge shall conduct the hearing as an adjudicative proceeding in accordance with the procedures provided for in the Administrative Procedure Act, chapter 34.05 RCW. The administrative law judge shall render the final decision and shall enter a final order. Except as otherwise provided in RCW 34.05.446 and 34.05.449, all hearing costs shall be borne on an equal basis by the parties to the hearing.

(3) A party to a hearing under this chapter may be represented by counsel. A party to a hearing aggrieved by the final order of the administrative law judge concerning the termination, cancellation, or nonrenewal of a franchise may seek judicial review of the order in the superior court in the manner provided for in RCW 34.05.510 through 34.05.598. A petitioner for judicial review need not exhaust all administrative appeals or administrative review processes as a prerequisite for seeking judicial review under this section.

**NEW SECTION.** Sec. 6. (1) Notwithstanding the terms of a franchise or the terms of a waiver, and except as otherwise provided in section 7(2) (a) through (d) of this act, good cause exists for termination, cancellation, or nonrenewal when there is a failure by the new motor vehicle dealer to comply with a provision of the franchise that is both reasonable and of material significance to the franchise relationship, if the new motor vehicle dealer was notified of the failure within one hundred eighty days after the manufacturer first acquired knowledge of the failure and the new motor vehicle dealer did not correct the failure after being requested to do so.

If, however, the failure of the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales, service, or level of customer satisfaction, good cause is the failure of the new motor vehicle

dealer to comply with reasonable performance standards determined by the manufacturer in accordance with uniformly applied criteria, and:

(a) The new motor vehicle dealer was advised, in writing, by the manufacturer of the failure;

(b) The notice under this subsection stated that notice was provided of a failure of performance under this section;

(c) The manufacturer provided the new motor vehicle dealer with specific, reasonable goals or reasonable performance standards with which the dealer must comply, together with a suggested timetable or program for attaining those goals or standards, and the new motor vehicle dealer was given a reasonable opportunity, for a period not less than one hundred eighty days, to comply with the goals or standards; and

(d) The new motor vehicle dealer did not substantially comply with the manufacturer's performance standards during that period and the failure to demonstrate substantial compliance was not due to market or economic factors within the new motor vehicle dealer's relevant market area that were beyond the control of the dealer.

(2) The manufacturer has the burden of proof of establishing good cause and good faith for the termination, cancellation, or nonrenewal of the franchise under this section.

**NEW SECTION.** Sec. 7. Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the new motor vehicle dealer. The notice shall be by certified mail or personally delivered to the new motor vehicle dealer and shall state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice shall be given:

(1) Not less than ninety days before the effective date of the termination, cancellation, or nonrenewal;

(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:

(a) Insolvency of the new motor vehicle dealer or the filing of any petition by or against the new motor vehicle dealer under bankruptcy or receivership law;

(b) Failure of the new motor vehicle dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

(c) Conviction of the new motor vehicle dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or

(d) Suspension or revocation of a license that the new motor vehicle dealer is required to have to operate the new motor vehicle dealership where the suspension or revocation is for a period in excess of thirty days;

(3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motor vehicle line.

**NEW SECTION.** Sec. 8. (1) Upon the termination, cancellation, or nonrenewal of a franchise by the manufacturer under this chapter, the manufacturer shall pay the new motor vehicle dealer, at a minimum:

(a) Dealer cost plus any charges by the manufacturer for distribution, delivery, and taxes, less all allowances paid or credited to the dealer by the manufacturer, of unused, undamaged, and unsold new motor vehicles in the new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line make within the previous twelve months;

(b) Dealer cost for all unused, undamaged, and unsold supplies, parts, and accessories in original packaging, except that in the case of sheet metal, a comparable substitute for original packaging may be used, if the supply, part, or accessory was acquired from the manufacturer or from another new motor vehicle dealer ceasing operations as a part of the new motor vehicle dealer's initial inventory as long as the supplies, parts, and accessories appear in the manufacturer's current parts catalog, list, or current offering;

(c) Dealer cost for all unused, undamaged, and unsold inventory, whether vehicles, parts, or accessories, the purchase of which was required by the manufacturer;

(d) The fair market value of each undamaged sign owned by the new motor vehicle dealer that bears a common name, trade name, or trademark of the manufacturer, if acquisition of the sign was recommended or required by the manufacturer and the sign is in good and usable condition less reasonable wear and tear, and has not been depreciated by the dealer more than fifty percent of the value of the sign;

(e) The fair market value of all equipment, furnishings, and special tools owned or leased by the new motor vehicle dealer that were acquired from the manufacturer or sources approved by the manufacturer and that were recommended or required by the manufacturer and are in good and usable condition, less reasonable wear and tear. However, if the equipment, furnishings, or tools are leased by the new motor vehicle dealer, the manufacturer shall pay the new motor vehicle dealer such amounts that are required by the lessor to terminate the lease under the terms of the lease agreement; and

(f) The cost of transporting, handling, packing, and loading of new motor vehicles, supplies, parts, accessories, signs, special tools, equipment, and furnishings.

To the extent the franchise agreement provides for payment or reimbursement to the new motor vehicle dealer in excess of that specified in this section, the provisions of the franchise agreement shall control.

(2) The manufacturer shall pay the new motor vehicle dealer the sums specified in subsection (1) of this section within ninety days after the tender of the property, if the new motor vehicle dealer has clear title to the property and is in a position to convey that title to the manufacturer.

NEW SECTION. Sec. 9. (1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for termination, cancellation, or nonrenewal under section 7(2) of this act, the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer:

(a) A sum equivalent to rent for the unexpired term of the lease or one year, whichever is less, or such longer term as provided in the franchise, if the new motor vehicle dealer is leasing the new motor vehicle dealership facilities from a lessor other than the manufacturer; or

(b) A sum equivalent to the reasonable rental value of the new motor vehicle dealership facilities for one year or until the facilities are leased or sold, whichever is less, if the new motor vehicle dealer owns the new motor vehicle dealership facilities.

(2) The rental payment required under subsection (1) of this section is only required to the extent that the facilities were used for activities under the franchise and only to the extent the facilities were not leased for unrelated purposes. If payment under subsection (1) of this section is made, the manufacturer is entitled to possession and use of the new motor vehicle dealership facilities for the period rent is paid.

NEW SECTION. Sec. 10. Sections 3 through 9 of this act do not relieve a new motor vehicle dealer from the obligation to mitigate the dealer's damages upon termination, cancellation, or nonrenewal of the franchise.

NEW SECTION. Sec. 11. (1) Notwithstanding the terms of a franchise, an owner may appoint a designated successor to succeed to the ownership of the new motor vehicle dealer franchise upon the owner's death or incapacity.

(2) Notwithstanding the terms of a franchise, a designated successor of a deceased or incapacitated owner of a new motor vehicle dealer franchise may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under section 2(5)(a) of this act, but who is not experienced in the business of a new motor vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motor vehicle dealer to help manage the day-to-day operations of the motor vehicle dealership; or in the case of a designated successor who meets

the definition of a designated successor under section 2(5)(b) or 2(5)(c) of this act, the person is qualified and experienced in the business of a new motor vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a new motor vehicle dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the new motor vehicle dealership within sixty days after the owner's death or incapacity; and

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor of a deceased or incapacitated owner of a new motor vehicle dealer franchise fails to meet the requirements set forth in subsections (2) (a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer's receipt of:

(a) Notice of the designated successor's intent to succeed to the ownership interest of the new motor vehicle dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section shall state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file a petition with the department protesting the refusal to honor the succession. The petition shall contain a short statement setting forth the reasons for the designated successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law

judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer shall not terminate or discontinue the franchise until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct any hearing concerning the refusal to the succession as provided in section 5(2) of this act and all hearing costs shall be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in section 5(3) of this act.

(10) This section does not preclude the owner of a new motor vehicle dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between such a written instrument that has not been revoked by written notice from the owner to the manufacturer and this section, the written instrument governs.

***\*NEW SECTION. Sec. 12. (1) For the purposes of this section, and throughout this chapter, the term "relevant market area" is defined as follows:***

***(a) If the population in the county in which the proposed new or relocated dealership is to be located is four hundred thousand or more, the relevant market area is the geographic area within a radius of ten miles around the proposed site;***

***(b) If the population in the county in which the proposed new or relocated dealership is to be located is less than four hundred thousand, the relevant market area is the geographic area within a radius of fifteen miles around the proposed site.***

***In determining population for this definition, the most recent census by the United States Bureau of Census or the most recent population update, either from the National Planning Data Corporation or other similar recognized source, shall be accumulated for all census tracts either wholly or partially within the relevant market area.***

***(2) Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, if a manufacturer intends or proposes to enter into a***

*franchise to establish an additional new motor vehicle dealer or to relocate an existing new motor vehicle dealer within or into a relevant market area in which the same line make of motor vehicle is then represented, the manufacturer shall provide at least sixty days advance written notice to the department and to each new motor vehicle dealer of the same line make in the relevant market area, of the manufacturer's intention to establish an additional new motor vehicle dealer or to relocate an existing new motor vehicle dealer within or into the relevant market area. The notice shall be sent by certified mail to each such party and shall include the following information:*

*(a) The specific location at which the additional or relocated motor vehicle dealer will be established;*

*(b) The date on or after which the additional or relocated motor vehicle dealer intends to commence business at the proposed location;*

*(c) The identity of all motor vehicle dealers who are franchised to sell the same line make vehicles as the proposed dealer and who have licensed locations within the relevant market area;*

*(d) The names and addresses, if available, of the owners of and principal investors in the proposed additional or relocated motor vehicle dealership; and*

*(e) The specific grounds or reasons for the proposed establishment of an additional motor vehicle dealer or relocation of an existing dealer.*

*\*Sec. 12 was vetoed, see message at end of chapter.*

***\*NEW SECTION. Sec. 13. (1) Within thirty days after receipt of the notice under section 12 of this act, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a new motor vehicle dealer so notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not establish or relocate the new motor vehicle dealer until the administrative law judge has held a hearing and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.***

***(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Washington Arbitration Act, chapter 7.04 RCW, as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the provisions of***

*this section and section 15 of this act relating to hearings by an administrative law judge do not apply, and a dispute regarding the establishment of an additional new motor vehicle dealer or the relocation of an existing new motor vehicle dealer shall be determined in an arbitration proceeding conducted in accordance with the Washington Arbitration Act, chapter 7.04 RCW. The thirty-day period for filing a protest under this section still applies except that the protesting dealer shall file his protest with the manufacturer within thirty days after receipt of the notice under section 12 of this act.*

*(3) The dispute shall be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer will select an arbitrator, and the two arbitrators will then select a third. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys' fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.*

*(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in the state of Washington in the county where the protesting dealer has his principal place of business. Section 14 of this act applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer shall not establish or relocate the new motor vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator under the Washington Arbitration Act, chapter 7.04 RCW.*

*(5) If the franchise agreement or the manufacturer's written statement distributed and provided to its dealers does not provide for arbitration under the Washington Arbitration Act as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the hearing provisions of this section and section 15 of this act apply. Nothing in this section is intended to*

*preclude a new motor vehicle dealer from electing to use any other dispute resolution mechanism offered by a manufacturer.*

*\*Sec. 13 was vetoed, see message at end of chapter.*

*\*NEW SECTION. Sec. 14. In determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer of the same line make, the administrative law judge shall take into consideration the existing circumstances, including, but not limited to:*

*(1) The extent, nature, and permanency of the investment of both the existing motor vehicle dealers of the same line make in the relevant market area and the proposed additional or relocating new motor vehicle dealer, including obligations reasonably incurred by the existing dealers to perform their obligations under their respective franchises;*

*(2) The growth or decline in population and new motor vehicle registrations during the past five years in the relevant market area;*

*(3) The effect on the consuming public in the relevant market area;*

*(4) The effect on the existing new motor vehicle dealers in the relevant market area, including any adverse financial impact;*

*(5) The reasonably expected or anticipated vehicle market for the relevant market area, including demographic factors such as age of population, income, education, size class preference, product popularity, retail lease transactions, or other factors affecting sales to consumers in the relevant market area;*

*(6) Whether it is injurious or beneficial to the public welfare for an additional new motor vehicle dealer to be established;*

*(7) Whether the new motor vehicle dealers of the same line make in the relevant market area are providing adequate competition and convenient customer care for the motor vehicles of the same line make in the relevant market area, including the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;*

*(8) Whether the establishment of an additional new motor vehicle dealer would increase competition and be in the public interest;*

*(9) Whether the manufacturer is motivated principally by good faith to establish an additional or new motor vehicle dealer and not by noneconomic considerations;*

*(10) Whether the manufacturer has denied its existing new motor vehicle dealers of the same line make the opportunity for reasonable growth, market expansion, establishment of a subagency, or relocation;*

*(11) Whether the protesting dealer or dealers are in substantial compliance with their dealer agreements or franchises; and*

*(12) Whether the manufacturer has complied with the requirements of sections 12 and 13 of this act.*

*In considering the factors set forth in this section, the administrative law judge shall give the factors equal weight, and in making a determination as to whether good cause exists for permitting the proposed establishment or*

*relocation of a new motor vehicle dealer of the same line make, the administrative law judge must find that at least nine of the factors set forth in this section weigh in favor of the manufacturer and in favor of the proposed establishment or relocation of a new motor vehicle dealer.*

*\*Sec. 14 was vetoed, see message at end of chapter.*

**\*NEW SECTION.** *Sec. 15. (1) The manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation.*

*(2) The administrative law judge shall conduct any hearing as provided in section 5(2) of this act, and all hearing costs shall be borne as provided in that subsection. The administrative law judge shall render the final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. If more than one protest is filed, the one hundred twenty days commences to run from the date the last protest is filed. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in section 5(3) of this act.*

*\*Sec. 15 was vetoed, see message at end of chapter.*

**\*NEW SECTION.** *Sec. 16. Sections 12 through 15 of this act do not apply:*

*(1) To the sale or transfer of the ownership or assets of an existing new motor vehicle dealer where the transferee proposes to engage in business representing the same line make at the same location or within two miles of that location;*

*(2) To the relocation of an existing new motor vehicle dealer within the dealer's relevant market area, if the relocation is not at a site within ten miles of any new motor vehicle dealer of the same line make;*

*(3) If the proposed new motor vehicle dealer is to be established at or within two miles of a location at which a former new motor vehicle dealer of the same line make had ceased operating within the previous twenty-four months;*

*(4) Where the proposed relocation is two miles or less from the existing location of the relocating new motor vehicle dealer; or*

*(5) Where the proposed relocation is to be further away from all other existing new motor vehicle dealers of the same line make in the relevant market area.*

*\*Sec. 16 was vetoed, see message at end of chapter.*

**\*NEW SECTION.** *Sec. 17. A manufacturer shall not coerce, threaten, intimidate, or require a new motor vehicle dealer, as a condition to granting or renewing a franchise, to waive, limit, or disclaim a right that the dealer may have to protest the establishment or relocation of another motor vehicle dealer in the relevant market area as provided in section 13 of this act.*

*\*Sec. 17 was vetoed, see message at end of chapter.*

**NEW SECTION.** Sec. 18. (1) Notwithstanding the terms of a franchise, a manufacturer shall not unreasonably withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer or is capable of being licensed as a new motor vehicle dealer in the state of Washington. A decision or determination made by the administrative law judge as to whether a qualified buyer is capable of being licensed as a new motor vehicle dealer in the state of Washington is not conclusive or determinative of any ultimate determination made by the department of licensing as to the buyer's qualification for a motor vehicle dealer license. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally used by the manufacturer containing the information and reasonable promises required by a manufacturer is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging new motor vehicle dealer, and the department of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the new motor vehicle dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice shall be served not later than sixty days after the receipt of all of such documents. Service of all notices under this section shall be made by personal service or by certified mail, return receipt requested.

(3) The notice in subsection (2) of this section shall state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring new motor vehicle dealer, the new motor vehicle dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition shall contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed, and the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) In determining whether the manufacturer unreasonably withheld its approval to the sale, transfer, or exchange, the manufacturer has the burden of proof that it acted reasonably. A manufacturer's refusal to accept or approve a proposed buyer who otherwise meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer, or who otherwise is capable of being licensed as a new motor vehicle dealer in the state of Washington, is presumed to be unreasonable.

(6) The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging new motor vehicle dealer and the manufacturer may be parties to the hearing.

(7) The administrative law judge shall conduct any hearing as provided in section 5(2) of this act, and all hearing costs shall be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging new motor vehicle dealer may appeal the final order of the administrative law judge as provided in section 5(3) of this act.

(8) This section and sections 3 through 17 of this act apply to all franchises and contracts existing on the effective date of this act between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.

**NEW SECTION.** Sec. 19. The department shall determine and establish the amount of the filing fee required in sections 4, 11, 13, and 18 of this act. The fees shall be set in accordance with RCW 43.24.086.

The department may also require the petitioning or protesting party to give security, in such sum as the department deems proper but not in any event to exceed one thousand dollars, for the payment of such costs as may be incurred in conducting the hearing as required under this chapter. The security may be given in the form of a bond or stipulation or other undertaking with one or more sureties.

At the conclusion of the hearing, the department shall assess, in equal shares, each of the parties to the hearing for the cost of conducting the hearing. Upon receipt of payment of the costs, the department shall refund and return to the petitioning party such excess funds, if any, initially posted by the party as security for the hearing costs. If the petitioning party provided security in the form of a bond or other undertaking with one or more sureties, the bond or other undertaking shall then be exonerated and the surety or sureties under it discharged.

Sec. 20. Section 16, chapter 74, Laws of 1967 ex. sess. as last amended by section 18, chapter 241, Laws of 1986 and RCW 46.70.180 are each amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2) To incorporate within the terms of any purchase and sale agreement any statement or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold to a person for a consideration and upon further consideration that the purchaser agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer of a vehicle a written order or offer to purchase, or a contract document signed by the buyer, which:

(a) Is subject to the dealer's, or his authorized representative's future acceptance, and the dealer fails or refuses within forty-eight hours, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer, to deliver to the buyer either the dealer's signed acceptance or all copies of the order, offer, or contract document together with any initial payment or security made or given by the buyer, including

but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer as part of the purchase price, for any reason except substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesman to refuse to furnish, upon request of a prospective purchaser, the name and address of the previous registered owner of any used vehicle offered for sale.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle.

(9) For a dealer, salesman, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser prior to the delivery of the bargained-for vehicle, to commingle said "on deposit" funds with assets of the dealer, salesman, or mobile home manufacturer instead of holding said "on deposit" funds as trustee in a separate trust account until the purchaser has taken delivery of the bargained-for vehicle. Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his customary total customer deposits for vehicles for future delivery.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales agreement signed by the seller and buyer.

(11) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) said cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith.

(c) Encourage, aid, abet, or teach a vehicle dealer to sell vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser of any new or unused vehicle that has been sold, distributed for sale, or transferred into this state for resale by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring

performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (11)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.— RCW (sections 1 through 19 of this act).

Sec. 21. Section 21, chapter 74, Laws of 1967 ex. sess. as last amended by section 19, chapter 241, Laws of 1986 and RCW 46.70.190 are each amended to read as follows:

Any person who is injured in his business or property by a violation of this chapter, or any person so injured because he refuses to accede to a proposal for an arrangement which, if consummated, would be in violation of this chapter, may bring a civil action in the superior court to enjoin further violations, to recover the actual damages sustained by him together with the costs of the suit, including a reasonable attorney's fee.

~~((Any person recovering judgment or whose claim has been dismissed with prejudice against a manufacturer pursuant to RCW 46.70.180(11)(b) and this section shall, upon full payment of said judgment, or upon the dismissal of such claim, execute a waiver in favor of the judgment debtor or defendant of any claim arising prior to the date of said judgment or dismissal under the Federal Automobile Dealer Franchise Act, 15 United States Code Sections 1221-1225. Any person having recovered full payment for any judgment or whose claim has been dismissed with prejudice under said Federal Automobile Dealer Franchise Act shall have no cause of action under this section for alleged violation of RCW 46.70.180(11)(b), with respect to matters arising prior to the date of said judgment:))~~ If a new motor vehicle dealer recovers a judgment or has a claim dismissed with prejudice against a manufacturer under section 4 or 5(3) of this act or this section, the new motor vehicle dealer is precluded from pursuing that same claim or recovering judgment for that same claim against the same manufacturer under the federal Automobile Dealer Franchise Act, 15 U.S.C. Sections 1221 through 1225, but only to the extent that the damages recovered by or denied to the new motor vehicle dealer are the same as the damages being sought under the federal Automobile Dealer Franchise Act. Likewise, if a new motor vehicle dealer recovers a judgment or has a claim dismissed with prejudice against a manufacturer under the federal Automobile Dealer Franchise Act, the dealer is precluded from pursuing that same claim or recovering judgment for that same claim against the same manufacturer under this chapter, but only to the extent that the damages recovered by or denied to the dealer are the same as the damages being sought under this chapter.

A civil action brought in the superior court pursuant to the provisions of this section must be filed no later than one year following the alleged violation of this chapter.

**NEW SECTION.** Sec. 22. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 23. The following acts or parts of acts are each repealed:

(1) Section 17, chapter 74, Laws of 1967 ex. sess., section 20, chapter 241, Laws of 1986 and RCW 46.70.200; and

(2) Section 18, chapter 74, Laws of 1967 ex. sess., section 21, chapter 241, Laws of 1986 and RCW 46.70.210.

**NEW SECTION.** Sec. 24. Sections 1 through 19 of this act shall constitute a new chapter in Title 46 RCW.

Passed the House April 20, 1989.

Passed the Senate April 6, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 12, 13, 14, 15, 16, and 17, Engrossed House Bill No. 1645 entitled:

"AN ACT Relating to the relationship between motor vehicle dealers and manufacturers."

Engrossed House Bill No. 1645 creates a separate regulatory process to monitor the relationship between motor vehicle dealers and manufacturers. The bill provides procedures for filing with the Department of Licensing any dispute between a dealer and manufacturer regarding location, relocation, cancellation, or non-renewal of a franchise.

This bill addresses many of the inequities in the contractual relationships state motor vehicle dealers have had with manufacturers. The sections being enacted provide a new balance between dealers and manufacturers which should promote healthier franchises, clarify agreements, and encourage action in good faith by both parties, with benefits to the public interest of consumers.

However, sections 12 through 17 allow creation of geographic "relevant market areas." This would permit a dealer of new vehicles to intervene against a manufacturer's actions for location or relocation of a new franchise of the "same line make of motor vehicle" within a ten-mile radius in urban areas or within a fifteen-mile radius in areas where the population of the county is less than four hundred thousand. This language interferes with the competitive nature of the market. It provides a significant procedural and economic limitation to entry in the market as well as promoting higher prices. The burden of proof to establish "good cause" for the new or relocated dealership is on the manufacturer and there is no consumer representative in the process.

A 1986 study conducted by the Federal Trade Commission, entitled "The Effect of State Entry Regulation on Retail Automobile Markets," estimates that the impact of similar market area restrictions can be as much as a seven percent increase in the average price of new cars in areas experiencing urban population growth.

Government must be careful not to interfere with the market flow of commercial transactions and to ensure that any necessary interference not compromise the public interest. In past veto messages, I have indicated my concerns about establishing market areas for new motorcycle franchise dealers (1985 - Substitute Senate Bill No. 3333) and motor vehicle fuel dealers (1986 - Engrossed Senate Bill No. 4620). Both measures had the effect of significantly inhibiting competition, which would adversely affect the consuming public. I remain convinced that the public does not benefit from this type of market interference.

With the exception of sections 12, 13, 14, 15, 16, and 17, Engrossed House Bill No. 1645 is approved."

## CHAPTER 416

(2) Unless otherwise agreed in writing or expressly provided in the decree the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child or by the death of the parent obligated to support the child.

~~((6))~~ (7) The department of social and health services may file an action to modify an order of child support if public assistance money is being paid to or for the benefit of the child and the child support order is twenty-five percent or more below the appropriate child support amount set forth in the adopted child support schedule. The determination of twenty-five percent or more shall be based on the current income of the parties and the department shall not be required to show a substantial change of circumstances.

NEW SECTION. Sec. 4. A new section is added to chapter 26.26 RCW to read as follows:

(1) In entering or modifying a support order under this chapter, the court shall require either or both parents to maintain or provide health insurance coverage for any dependent child as provided under RCW 26.09.105.

(2) This section shall not be construed to limit the authority of the court to enter or modify support orders containing provisions for payment of uninsured health expenses, health costs, or insurance premiums which are in

addition to and not inconsistent with this section. "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 74.09 RCW.

(3) A parent ordered to provide health insurance coverage shall provide proof of such coverage within twenty days of the entry of the order, or within twenty days of the date such coverage becomes available, to:

(a) The physical custodian; or

(b) The department of social and health services if the parent has been notified or ordered to make support payments to the Washington state support registry.

(4) Every order requiring a parent to provide health insurance coverage shall be entered in compliance with RCW 26.23.050 and be subject to direct enforcement as provided under chapter 26.18 RCW.

NEW SECTION. Sec. 5. A new section is added to chapter 26.18 RCW to read as follows:

(1) Whenever an obligor parent who has been ordered to provide health insurance coverage for a dependent child fails to provide such coverage or lets it lapse, the department or the obligee may seek enforcement of the coverage order as provided under this section.

(2)(a) If the obligor parent's order to provide health insurance coverage contains language notifying the obligor that failure to provide such coverage may result in direct enforcement of the order and orders payments through, or has been submitted to, the Washington state support registry for enforcement, then the department may, without further notice to the obligor, send a notice of enrollment to the obligor's employer or union by certified mail, return receipt requested.

The notice shall require the employer or union to enroll the child in the health insurance plan as provided in subsection (3) of this section.

(b) If the obligor parent's order to provide health insurance coverage does not order payments through, and has not been submitted to, the Washington state support registry for enforcement:

(i) The obligee may, without further notice to the obligor send a certified copy of the order requiring health insurance coverage to the obligor's employer or union by certified mail, return receipt requested; and

(ii) The obligee shall attach a notarized statement to the order declaring that the order is the latest order addressing coverage entered by the court and require the employer or union to enroll the child in the health insurance plan as provided in subsection (3) of this section.

(3) Upon receipt of an order that provides for health insurance coverage, or a notice of enrollment:

(a) The obligor's employer or union shall answer the party who sent the order or notice within thirty-five days and confirm that the child:

(i) Has been enrolled in the health insurance plan;

(ii) Will be enrolled in the next open enrollment period; or

(iii) Cannot be covered, stating the reasons why such coverage cannot be provided;

(b) The employer or union shall withhold any required premium from the obligor's income or wages;

(c) If more than one plan is offered by the employer or union, and each plan may be extended to cover the child, then the child shall be enrolled in the obligor's plan. If the obligor's plan does not provide coverage which is accessible to the child, the child shall be enrolled in the least expensive plan otherwise available to the obligor parent;

(d) The employer or union shall provide information about the name of the health insurance coverage provider or insurer and the extent of coverage available to the obligee or the department and shall make available any necessary claim forms or enrollment membership cards.

(4) If the order for coverage contains no language notifying the obligor that failure to provide health insurance coverage may result in direct enforcement of the order, the department or the obligee may serve a written notice of intent to enforce the order on the obligor by certified mail, return receipt requested, or by personal service. If the obligor fails to provide written proof that such coverage has been obtained or applied for within twenty days of service of the notice, or within twenty days of coverage becoming available the department or the obligee may proceed to enforce the order directly as provided in subsection (2) of this section.

(5) If the obligor ordered to provide health insurance coverage elects to provide coverage that will not be accessible to the child because of geographic or other limitations when accessible coverage is otherwise available, the department or the obligee may serve a written notice of intent to purchase health insurance coverage on the obligor by certified mail, return receipt requested. The notice shall also specify the type and cost of coverage.

(6) If the department serves a notice under subsection (5) of this section the obligor shall, within twenty days of the date of service:

(a) File an application for an adjudicative proceeding; or

(b) Provide written proof to the department that the obligor has either applied for, or obtained, coverage accessible to the child.

(7) If the obligee serves a notice under subsection (5) of this section, within twenty days of the date of service the obligor shall provide written proof to the obligee that the obligor has either applied for, or obtained, coverage accessible to the child.

(8) If the obligor fails to respond to a notice served under subsection (5) of this section to the party who served the notice, the party who served the notice may purchase the health insurance coverage specified in the notice directly. The amount of the monthly premium shall be added to the support debt and be collectible without further notice. The amount of the monthly premium may be collected or accrued until the obligor provides proof of the required coverage.

(9) The signature of the obligee or of a department employee shall be a valid authorization to the coverage provider or insurer for purposes of processing a payment to the child's health services provider. An order for health insurance coverage shall operate as an assignment of all benefit rights to the obligee or to the child's health services provider, and in any claim against the coverage provider or insurer, the obligee or the obligee's assignee shall be subrogated to the rights of the obligor. Notwithstanding the provisions of this section regarding assignment of benefits, this section shall not require a health care service contractor authorized under chapter 48.44 RCW or a health maintenance organization authorized under chapter 48.46 RCW to deviate from their contractual provisions and restrictions regarding reimbursement for covered services. If the coverage is terminated, the employer shall mail a notice of termination to the department or the obligee at the obligee's last known address within thirty days of the termination date.

(10) This section shall not be construed to limit the right of the obligor or the obligee to bring an action in superior court at any time to enforce, modify, or clarify the original support order.

(11) Nothing in this section shall be construed to require a health maintenance organization, or health care service contractor, to extend coverage to a child who resides outside its service area.

**NEW SECTION.** Sec. 6. A new section is added to chapter 74.20A RCW to read as follows:

(1) Whenever a support order is entered or modified under this chapter, the department shall require the responsible parent to maintain or provide health insurance coverage for any dependent child as provided under RCW 26.09.105.

(2) "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 74.09 RCW.

(3) A parent ordered to provide health insurance coverage shall provide proof of such coverage to the department within twenty days of the entry of the order, or within fifteen days of the date such coverage becomes available.

(4) Every order requiring a parent to provide health insurance coverage shall be entered in compliance with RCW 26.23.050 and be subject to direct enforcement as provided under chapter 26.18 RCW.

**NEW SECTION.** Sec. 7. A new section is added to chapter 74.20A RCW to read as follows:

In furtherance of the policy of the state to cooperate with the federal government in the administration of the child support enforcement program, the department may adopt such rules and regulations as may become necessary to entitle the state to participate in federal funds, unless such rules would be expressly prohibited by law. Any section or provision of law dealing with the child support program which may be susceptible to more than

one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling the state to receive federal funds. If any law dealing with the child support enforcement program is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds, such conflicting law is declared to be inoperative solely to the extent of the conflict.

The parties to the order must agree to such a plan and the plan must contain reasonable assurances that payments will be made in a regular and timely manner.*

*(b) If the order directs payment to the person entitled to receive the payments instead of to the Washington state support registry, the order shall include a statement that the order may be submitted to the registry if a support payment is past due.*

**NEW SECTION.** Sec. 9. A new section is added to chapter 26.18 RCW to read as follows:

Judge/Court Commissioner

Sec. 11. Section 11, chapter 260, Laws of 1984 as amended by section 21, chapter 435, Laws of 1987 and RCW 26.18.110 are each amended to read as follows:

(1) An employer upon whom service of a wage assignment order has been made shall answer the order by sworn affidavit within twenty days after the date of service. The answer shall state whether the obligor is employed by or receives earnings from the employer, whether the employer will honor the wage assignment order, and whether there are multiple child support attachments against the obligor.

(2) If the employer possesses any earnings due and owing to the obligor, the earnings subject to the wage assignment order shall be withheld immediately upon receipt of the wage assignment order. The withheld earnings shall be delivered to the Washington state support registry at each regular pay interval, but the first delivery shall occur no sooner than twenty days after receipt of the wage assignment order.

(3) The employer shall continue to withhold the ordered amounts from nonexempt earnings of the obligor until notified by:

(a) The court that the wage assignment has been modified or terminated; or

(b) The Washington state support registry that the accrued child support debt has been paid, provided the wage assignment order contains the language set forth under RCW 26.18.100(2)(b). The employer shall promptly notify the Washington state support registry when the employee is no longer employed.

(4) The employer may deduct a processing fee from the remainder of the employee's earnings after withholding under the wage assignment order, even if the remainder is exempt under RCW 26.18.090. The processing fee may not exceed (a) ten dollars for the first disbursement made by the employer to the Washington state support registry; and (b) one dollar for each subsequent disbursement to the clerk.

(5) An order for wage assignment for support entered under this chapter shall have priority over any other wage assignment or garnishment, except for another wage assignment or garnishment for child support, or order to withhold and deliver under chapter 74.20A RCW.

(6) An employer who fails to withhold earnings as required by a wage assignment issued under this chapter may be held liable for the amounts disbursed to the obligor in violation of the wage assignment order, and may be found by the court to be in contempt of court and may be punished as provided by law.

(7) No employer who complies with a wage assignment issued under this chapter may be liable to the employee for wrongful withholding.

(8) No employer may discharge, discipline, or refuse to hire an employee because of the entry or service of a wage assignment issued and executed under this chapter. A person who violates this subsection may be found by the court to be in contempt of court and may be punished as provided by law.

(9) An employer may combine amounts withheld from various employees into a single payment to the Washington state support registry, if the payment includes a listing of the amounts attributable to each employee and other information as required by the registry.

(10) An employer shall deliver a copy of the wage assignment order to the obligor as soon as is reasonably possible.

**NEW SECTION.** Sec. 12. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House April 17, 1989.

Passed the Senate April 4, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 8, Substitute House Bill No. 1547 entitled:

"AN ACT Relating to medical support enforcement."

Section 8 of this bill incorrectly amends RCW 26.23.050 which was also amended by section 15 of Engrossed Substitute House Bill No. 1635. To avoid confusion, I am vetoing section 8 of this bill.

With the exception of section 8, Substitute House Bill No. 1547 is approved."

## CHAPTER 417

[Second Substitute House Bill No. 1476]  
WASHINGTON MARKETPLACE PROGRAM

AN ACT Relating to the development of marketplace programs; adding new sections to chapter 43.31 RCW; and adding new sections to chapter 43.131 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds and declares that substantial benefits in increased employment and business activity can be obtained by assisting businesses in identifying opportunities to purchase the goods and services they need from in-state suppliers rather than from out-of-state suppliers. The replacement of out-of-state imports with services and manufactured goods produced in-state can be an important source of economic growth in a local community especially in rural areas. Businesses in the state are often unaware that goods and services they purchase from out-of-state suppliers are available from in-state firms with substantial advantages in responsiveness, service, and price. Increasing the economic partnerships between businesses in Washington state can build bridges between urban and rural communities and can result in the identification of additional opportunities for successful economic development initiatives. Providing additional information to businesses regarding in-state sources of goods and services can be a particularly valuable component of revitalization strategies in economically distressed areas. The legislature finds and declares that it is the policy of the state to strengthen the economies of local communities by increasing the economic partnerships between in-state businesses and creating programs to assist businesses in identifying in-state sources of goods and services, and in addition to identify new markets for Washington firms to provide goods and services.

**NEW SECTION.** Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this act:

(1) "Department" means the department of trade and economic development.

(2) "Center" means the business assistance center established under RCW 43.31.083.

(3) "Director" means the director of trade and economic development.

(4) "Local nonprofit organization" means a local nonprofit organization organized to provide economic development or community development services, including but not limited to associate development organizations, economic development councils, and community development corporations.

**NEW SECTION.** Sec. 3. There is established a Washington marketplace program within the business assistance center established under RCW 43.31.083. The program shall assist Washington businesses to competitively

meet their needs for goods and services within Washington by providing information relating to the replacement of imports or the fulfillment of new requirements with in-state products. The program shall place special emphasis on strengthening rural economies in economically distressed areas of the state as defined in RCW 82.60.020(3). The Washington marketplace program shall consult with the community revitalization team established pursuant to chapter 43.165 RCW.

**NEW SECTION.** Sec. 4. (1) The department shall contract with local nonprofit organizations in at least four economically distressed areas of the state, as defined in RCW 82.60.020(3), to implement the Washington marketplace program in these areas. The department, in order to foster cooperation and linkages between distressed and nondistressed areas and urban and rural areas, may enter into joint contracts with multiple nonprofit organizations. Each joint contract must include at least one nonprofit organization that is located in a distressed area. No joint contract may include more than one nonprofit organization located in an urban location. In contracting with local nonprofit organizations, the department shall:

(a) Award contracts based on a competitive bidding process, pursuant to chapter 43.19 RCW;

(b) Give preference to nonprofit organizations representing a broad spectrum of community support; and

(c) Ensure that each location contain sufficient business activity to permit effective program operation and contribute at least twenty percent local funding.

(2) The contracts with local nonprofit organizations shall be for the performance of the following services for the Washington marketplace program:

(a) Contacting Washington businesses to identify goods and services they are currently buying or are planning in the future to buy out-of-state and determine which of these goods and services could be purchased on competitive terms within the state;

(b) Identifying locally sold goods and services which are currently provided by out-of-state businesses;

(c) Determining, in consultation with local business, goods and services for which the business is willing to make contract agreements;

(d) Advertising market opportunities described in (c) of this subsection; and

(e) Receiving bid responses from potential suppliers and sending them to that business for final selection.

(3) Contracts may include provisions for charging service fees of businesses that profit as a result of participation in the program.

(4) The center shall also perform the following activities in order to promote the goals of the program:

- (a) Prepare promotional materials or conduct seminars to inform communities and organizations about the Washington marketplace program;
- (b) Provide technical assistance to communities and organizations interested in developing an import replacement program;
- (c) Develop standardized procedures for operating the local component of the Washington marketplace program;
- (d) Provide continuing management and technical assistance to local contractors; and
- (e) Report by December 31 of each year to the senate economic development and labor committee and to the house of representatives trade and economic development committee describing the activities of the Washington marketplace program.

**\*NEW SECTION. Sec. 5. (1) "Capital project" means a major urban or rural economic development project including, but not limited to, highways, ports, public facilities, power plants, irrigation systems, resorts, and sewage systems.**

**(2) "Consortium" means a partnership, copartnership, joint venture, joint stock company, business trust, corporation, association, or any group of businesses acting as a unit for the purpose of securing a capital project.**

\*Sec. 6 was vetoed, see message at end of chapter.

**\*NEW SECTION. Sec. 7. The department, through the office of capital projects:**

**(1) May receive funds, coordinate with other governmental agencies, and carry out such other duties as are deemed necessary to implement the provisions of section 6 of this act;**

**(2) May receive such gifts, grants, and endowments from private or public sources as may be made available in trust or otherwise for the use and benefit of the office of capital projects, and expend the same, or any income therefrom, according to the terms of gifts, grants, or endowments;**

**(3) May charge reasonable fees or other appropriate charges for using the services of the office of capital projects, for attendance at workshops and conferences sponsored by the office, and for various publications, materials, and services of the office. Passed the House April 22, 1989.

Passed the Senate April 22, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 5, 6, 7, 8, 9, 10, 11, 12, 13, and 14, Second Substitute House Bill No. 1476 entitled:

"AN ACT Relating to the development of marketplace programs."

This legislation establishes both the Washington Marketplace Program and the Office of Capital Projects in the Department of Trade and Economic Development. Sections 1 through 4 codify the successful pilot Washington Marketplace Program currently operated by the department. Through this program the department will

work with organizations in communities to help local businesses find new markets for their products.

The provisions of sections 5 through 14 would establish the Office of Capital Projects in the department to assist businesses in the state to increase their participation in large capital construction projects. This office would assist firms in the formation of business consortia to compete for large-scale capital projects.

The concept that the state should increase its role in assisting state firms to compete more effectively in international markets is an important one. New efforts by the federal government and by the international community to open international markets for capital construction projects may well provide additional opportunities for state firms. There may well be a useful role to be played by the state in assisting firms to respond to new opportunities in these markets. However, the lack of any funds to support this new function leads me to veto sections 5 through 14.

With the exception of sections 5, 6, 7, 8, 9, 10, 11, 12, 13 and 14, Second Substitute House Bill No. 1476 is approved.\*

## CHAPTER 418

[Senate Bill No. 5926]

### HANFORD LOW-LEVEL RADIOACTIVE WASTE DISPOSAL FACILITY— DEPARTMENT OF ECOLOGY DUTIES

AN ACT Relating to low-level radioactive waste; amending RCW 43.200.080; adding a new section to chapter 43.145 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

***\*NEW SECTION, Sec. 1. The legislature finds that the possibility exists for a drastic reduction in the volume of low-level radioactive waste disposed at Hanford in several years if waste from outside the region is denied access to the facility. The legislature further finds that the state has received millions of dollars of revenue generated by the waste site, funds which are annually deposited in the state general fund and other state accounts, and that proper analysis of the impacts of a loss of these funds has not been conducted, leaving the state in a potentially vulnerable position.***

\*Sec. 1 was vetoed, see message at end of chapter.

Sec. 2. Section 8, chapter 19, Laws of 1983 1st ex. sess. as amended by section 1, chapter 2, Laws of 1986 and RCW 43.200.080 are each amended to read as follows:

The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in

agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter ~~((34.04))~~ 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. All such fees, when received by the department of ecology, shall be transmitted to the state treasurer, who shall act as custodian. The perpetual maintenance fund is created in the the state treasury. The treasurer shall place the money in a special ~~((account))~~ fund which may be designated the "perpetual maintenance ~~((account))~~ fund." ~~((Appropriations are required to permit expenditures and payment of obligations from this account, and the condition of the account and its administration shall be reported biennially to the legislature by the director.))~~ The perpetual maintenance fund shall be comprised of a site closure account and a perpetual surveillance and maintenance account. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. Moneys which on the effective date of this act are in the perpetual maintenance account shall be transferred to the perpetual surveillance and maintenance account. All moneys currently administered by the department of ecology for closure of the Hanford low-level radioactive waste disposal facility shall be transferred to the site closure account within the perpetual maintenance fund. All future moneys contributed to the perpetual maintenance fund shall be directed to the site

closure account until December 31, 1992. Thereafter receipts shall be directed to the perpetual maintenance fund as specified by the department. Moneys in the perpetual maintenance ((account)) fund shall be invested by the state investment board in the same manner as other state moneys. Any interest accruing as a result of investment shall accrue to the perpetual maintenance ((account)) fund. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the perpetual maintenance ((account. The perpetual maintenance account shall be used exclusively for surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations)) fund;

(3) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(4) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management; and

(5) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

(6) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The initial set of plans shall be completed by October 1, 1989, and shall be updated annually. The department shall report annually on the plans and on the balances in the site closure and perpetual surveillance accounts to the energy and utilities committees of the senate and the house of representatives.

**\*NEW SECTION. Sec. 3. A new section is added to chapter 43.145 RCW to read as follows:**

*No costs shall be paid for or reimbursed by the state of Washington for the participation of other member states in the Northwest low-level waste compact for meetings of the compact held outside the state of Washington.*

\*Sec. 3 was vetoed, see message at end of chapter.

Passed the Senate April 23, 1989.

Passed the House April 22, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1 and 3, Senate Bill No. 5926 entitled:

"AN ACT Relating to low-level radioactive waste."

Section 1 would send a confusing message regarding State policy on the disposal of low-level radioactive waste. State policy on this issue, which is the same as the policy stated in the federal Low-Level Radioactive Waste Amendments Act of 1985, states that the responsibility for disposal of radioactive waste is a national obligation, to be shared by all states across the nation. I am committed to the time frame established in the federal act, providing that all states must belong to a regional compact by December 31, 1992, which relieves the three states which now have sites from having to accommodate all of the nation's low-level radioactive wastes. I also want to make it clear that Washington State is not dependent on the revenue generated from fees for the disposal of radioactive waste.

Section 3 is inappropriate because Washington is a partner in the Northwest Interstate Compact. While I do not condone unnecessary or extravagant travel, the imposition of travel restrictions on the members would be contrary to establishing mutual cooperation and respect with other states.

With the exception of sections 1 and 3, Senate Bill No. 5926 is approved."

## CHAPTER 419

[Second Substitute Senate Bill No. 5658]

### STATE RISK MANAGEMENT PROGRAM—REVISED PROVISIONS

AN ACT Relating to risk management and the state liability account; amending RCW 4.92.130, 43.84.092, and 4.92.110; adding new sections to chapter 4.92 RCW; adding a new section to chapter 43.10 RCW; adding a new section to chapter 43.19 RCW; creating new sections; repealing RCW 4.92.140, 4.92.170, and 43.19.19366; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. In recent years the state of Washington has experienced significant increases in public liability claims. It is the intent of the legislature to reduce tort claim costs by restructuring Washington state's risk management program to place more accountability in state agencies, to establish an actuarially sound funding mechanism for paying legitimate claims, when they occur, and to establish an effective safety and loss control program.

**NEW SECTION.** Sec. 2. A new section is added to chapter 4.92 RCW to read as follows:

As used in this chapter:

- (1) "Department" means the department of general administration.
- (2) "Risk manager" means the person supervising the office of risk management in the department of general administration.

**NEW SECTION.** Sec. 3. A new section is added to chapter 4.92 RCW to read as follows:

(1) All liability claims arising out of tortious conduct or under 42 U.S.C. Sec. 1981 et seq. that the state of Washington or any of its officers, employees, or volunteers would be liable for shall be filed with the office of risk management, department of general administration, unless specifically delegated to other state agencies under state statute.

(2) A centralized claim tracking system shall be maintained to provide agencies with accurate and timely data on the status of liability claims. Information in this claim file, other than the claim itself, shall be privileged and confidential.

(3) Standardized procedures shall be established for filing, reporting, processing, and adjusting claims, which includes the use of qualified claims management personnel.

(4) All claims will be reviewed by the office of risk management to determine an initial valuation, to delegate to the appropriate office to investigate, negotiate, compromise, and settle the claim, or to retain that responsibility on behalf of and with the assistance of the affected state agency.

(5) All claims that result in a lawsuit will be forwarded to the attorney general's office. Thereafter the attorney general and the office of risk management shall collaborate in the investigation, denial, or settlement of the claim.

(6) Reserves shall be established for recognizing financial liability and monitoring effectiveness. The valuation of specific claims against the state shall be privileged and confidential.

(7) All settlements shall be approved by the responsible agencies, or their designees, prior to settlement.

Sec. 4. Section 7, chapter 159, Laws of 1963 as last amended by section 3, chapter 217, Laws of 1985 and RCW 4.92.130 are each amended to read as follows:

A ~~((tort claims revolving fund))~~ liability account in the custody of the treasurer is hereby created as a nonappropriated account to be used solely and exclusively for the payment of ~~((claims against the state arising out of tortious conduct and against its officers, employees, and volunteers for whom the defense of the claim was authorized under RCW 4.92.070.))~~ liability settlements and judgments against the state under 42 U.S.C. Sec.

1981 et seq. or for the tortious conduct of its officers, employees, and volunteers.

(1) The purpose of the liability account is to: (a) Expediently pay legal liabilities of the state resulting from tortious conduct; (b) promote risk control through a cost allocation system which recognizes agency loss experience, levels of self-retention, and levels of risk exposure; and (c) establish an actuarially sound system to pay incurred losses, within defined limits.

(2) The liability account shall be used to pay claims for injury and property damages exclusive of legal defense costs and agency-retained expenses otherwise budgeted.

(3) No money shall be paid from the ((tort claims revolving fund)) liability account unless all proceeds available to the claimant from any valid and collectible liability insurance shall have been exhausted and unless:

((1)) (a) The claim shall have been reduced to final judgment in a court of competent jurisdiction; or

((2)) (b) The claim has been approved for payment ((in accordance with RCW 4.92.140 as herein or hereafter amended)).

(4) Earnings on the account's assets shall be credited to the account, notwithstanding RCW 43.84.090.

(5) The liability account shall be financed through annual premiums assessed to state agencies, based on sound actuarial principles, and shall be for liability coverage in excess of agency-budgeted self-retention levels.

(6) Annual premium levels shall be determined by the risk manager, with the consultation and advice of the risk management advisory committee and concurrence from the office of financial management. An actuarial study shall be conducted to assist in determining the appropriate level of funding.

(7) Disbursements from the liability account shall be made to the claimant, or to the clerk of the court for judgments, upon written request to the state treasurer from the risk manager.

(8) The director of the office of financial management may direct agencies to transfer moneys from other funds and accounts to the liability account if premiums are delinquent.

(9) The liability account shall not exceed fifty percent of the actuarial value of the outstanding liability as determined annually by the office of risk management. If the account exceeds the maximum amount specified in this section, premiums may be adjusted by the office of risk management in order to maintain the account balance at the maximum limits. If, after adjustment of premiums, the account balance remains above the limits specified, the excess amount will be prorated back to the appropriate funds.

NEW SECTION. Sec. 5. A new section is added to chapter 4.92 RCW to read as follows:

(1) A risk management account is hereby created in the treasury to be an appropriated account used exclusively for the payment of costs related to:

(a) The administration of liability, property and vehicle claims, including investigation, claim processing, negotiation and settlement, and other expenses relating to settlements and judgments against the state not otherwise budgeted; and

(b) Purchase of liability and property insurance, including catastrophic insurance, subject to policy conditions and limitations determined by the risk manager.

(2) Earnings on the account's assets shall be credited to the account, notwithstanding RCW 43.84.090.

(3) The risk management account shall be financed through a combination of direct appropriations and assessments to state agencies.

**NEW SECTION.** Sec. 6. A new section is added to chapter 43.19 RCW to read as follows:

(1) The office of risk management shall establish a coordinated safety and loss control program to reduce liability exposure, safeguard state assets, and reduce costs associated with state liability and property losses.

(2) State agencies shall provide top management support and commitment to safety and loss control, and develop awareness through education, training, and information sharing.

(3) The office of risk management shall develop and maintain centralized loss history information for the purpose of identifying and analyzing risk exposures. Loss history information shall be privileged and confidential and reported only to appropriate agencies.

(4) The office of risk management shall develop methods of statistically monitoring agency and state-wide effectiveness in controlling losses.

(5) The office of risk management will routinely review agency loss control programs as appropriate to suggest improvements, and observe and recognize successful safety policies and procedures.

(6) The office of risk management shall provide direct assistance to smaller state agencies in technical aspects of proper safety and loss control procedures, upon request.

**NEW SECTION.** Sec. 7. A new section is added to chapter 4.92 RCW to read as follows:

Passed the Senate April 11, 1989.

Passed the House April 18, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 17, Engrossed Second Substitute Senate Bill No. 5658 entitled:

"AN ACT Relating to risk management and the state liability account."

Engrossed Second Substitute Senate Bill No. 5658 represents a significant advance in the way in which the state handles its risk management program. I am pleased to see this legislation pass the Legislature and I anticipate that it will result in a more modern and efficient risk management program, as well as an improvement in safety for state employees and the general public. One subsection of this bill, however, is not acceptable.

Section 17 would require the Attorney General to submit a yearly report to the Legislature with information on each tort claim against the state. Much of the information that would be required would be useful to have on an annual basis, and I have no objection to most of this section. One of the subsections, however, is problematic, and in order to remove it from the bill I must veto the entire section.

Subsection 6 of section 17 would require the Attorney General to provide information on each and every settlement offer made on a tort claim. This would provide a road map to the state's negotiating strategy to claimant's attorneys and be a serious disadvantage to the state. While those who have legitimate tort claims against the state are entitled to reasonable compensation, the state also has an obligation to settle claims without unnecessary and unjustified costs to the taxpayers of the state.

Tort claimants deserve straightforward and honest action from the state and its representatives. They do not deserve an opportunity to be privy to the state's confidential negotiating strategy relative to litigation. The confidentiality of this information is emphasized elsewhere in the bill, and appropriately so. Subsection 6 of section 17 clearly conflicts with those provisions, and the legislative intent.

The Attorney General has expressed willingness to provide much of the information requested in section 17, so most of the desired data will be available to the Legislature despite the removal of this section.

With the exception of section 17, Engrossed Second Substitute Senate Bill No. 5658 is approved."

## CHAPTER 420

[Substitute House Bill No. 1051]

### DEVELOPMENTALLY DISABLED—INVOLUNTARY COMMITMENT— COMMISSION OF FELONY CRIME AND DEEMED INCOMPETENT— PROCEDURE

AN ACT Relating to developmentally disabled adults; amending RCW 10.77.010, 10.77-.060, 10.77.090, 10.77.110, 10.77.120, 10.77.140, 10.77.163, 10.77.165, 10.77.200, 10.77.210, 71.05.020, 71.05.300, 71.05.320, and 71.05.325; adding new sections to chapter 10.77 RCW; adding new sections to chapter 71.05 RCW; creating a new section; providing an expiration date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. A new section is added to chapter 10.77 RCW to read as follows:

With respect to this act, the legislature finds that among those persons who endanger the safety of others by committing felony crimes are a small number of persons with developmental disabilities. While their conduct is not typical of the vast majority of persons with developmental disabilities who are responsible citizens, for their own welfare and for the safety of

others the state may need to exercise control over those few dangerous individuals who are developmentally disabled, have been charged with felony crimes, and have been found either incompetent to stand trial or not guilty by reason of insanity. The legislature finds, however, that the use of civil commitment procedures under chapter 71.05 RCW to effect state control over dangerous developmentally disabled persons has resulted in their commitment to institutions for the mentally ill. The legislature finds that existing programs in mental institutions may be inappropriate for persons who are developmentally disabled because the services provided in mental institutions are oriented to persons with mental illness, a condition not necessarily associated with developmental disabilities. Therefore, the legislature believes that, where appropriate, and subject to available funds, persons with developmental disabilities who have been charged with felony crimes and have been found incompetent to stand trial or not guilty by reason of insanity should receive state services addressing their needs, that such services must be provided in conformance with an individual habilitation plan, and that their initial treatment should be separate and discrete from treatment for persons involved in any other treatment or habilitation program in a manner consistent with the needs of public safety.

NEW SECTION. Sec. 2. A new section is added to chapter 71.05 RCW to read as follows:

With respect to this act, the legislature finds that among those persons who endanger the safety of others by committing felony crimes are a small number of persons with developmental disabilities. While their conduct is not typical of the vast majority of persons with developmental disabilities who are responsible citizens, for their own welfare and for the safety of others the state may need to exercise control over those few dangerous individuals who are developmentally disabled, have been charged with felony crimes, and have been found either incompetent to stand trial or not guilty by reason of insanity. The legislature finds, however, that the use of civil commitment procedures under chapter 71.05 RCW to effect state control over dangerous developmentally disabled persons has resulted in their commitment to institutions for the mentally ill. The legislature finds that existing programs in mental institutions may be inappropriate for persons who are developmentally disabled because the services provided in mental institutions are oriented to persons with mental illness, a condition not necessarily associated with developmental disabilities. Therefore, the legislature believes that, where appropriate, and subject to available funds, persons with developmental disabilities who have been charged with felony crimes and have been found incompetent to stand trial or not guilty by reason of insanity should receive state services addressing their needs, that such services must be provided in conformance with an individual habilitation plan,

and that their initial treatment should be separate and discrete from treatment for persons involved in any other treatment or habilitation program in a manner consistent with the needs of public safety.

(8) "Furlough" means an authorized leave of absence for a resident of a state institution designated for the custody, care, and treatment of the criminally insane, consistent with an order of conditional release from the court under this chapter, without any requirement that the resident be accompanied by, or be in the custody of, any law enforcement or institutional staff, while on such unescorted leave.

(d) The rationale for using this plan of habilitation to achieve those intermediate and long-range goals;

(e) The staff responsible for carrying out the plan;

(f) Where relevant in light of past criminal behavior and due consideration for public safety, the criteria for proposed movement to less-restrictive settings, criteria for proposed eventual discharge from involuntary confinement, and a projected possible date for discharge from involuntary confinement; and

(g) The type of residence immediately anticipated for the person and possible future types of residences.

Sec. 4. Section 6, chapter 117, Laws of 1973 1st ex. sess. as amended by section 6, chapter 198, Laws of 1974 ex. sess. and RCW 10.77.060 are each amended to read as follows:

(1) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate at least two qualified experts or professional persons, one of whom shall be approved by the prosecuting attorney, to examine and report upon the mental condition of the defendant. At least one of the experts or professional persons appointed shall be a developmental disabilities professional if the court is advised by any party that the defendant may be developmentally disabled. For purposes of the examination, the court may order the defendant committed to a hospital or other suitable facility for a

period of time necessary to complete the examination, but not to exceed fifteen days.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the examination authorized by subsection (1) of this section, and that ~~((he))~~ the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the examination shall include the following:

(a) A description of the nature of the examination;

(b) A diagnosis of the mental condition of the defendant;

(c) If the defendant suffers from a mental disease or defect, or is developmentally disabled, an opinion as to ~~((his))~~ competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, an opinion as to the defendant's sanity at the time of the act;

(e) When directed by the court, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

Sec. 5. Section 9, chapter 117, Laws of 1973 1st ex. sess. as last amended by section 3, chapter 215, Laws of 1979 ex. sess. and RCW 10.77.090 are each amended to read as follows:

(1) If at any time during the pendency of an action and prior to judgment, the court finds following a report as provided in RCW 10.77.060, as now or hereafter amended, that the defendant is incompetent, the court shall order the proceedings against ~~((him))~~ the defendant be stayed, except as provided in subsection (5) of this section, and, if the defendant is charged with a felony, may commit the defendant to the custody of the secretary, who shall place such defendant in an appropriate facility of the department for evaluation and treatment, or the court may alternatively order the defendant to undergo evaluation and treatment at some other facility, or under the guidance and control of some other person, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event, for no longer than a period of ninety days. A defendant found incompetent shall be evaluated at the direction of the secretary and a determination made

whether the defendant is developmentally disabled. Such evaluation and determination shall be accomplished as soon as possible following the court's placement of the defendant in the custody of the secretary. When appropriate, and subject to available funds, if the defendant is determined to be developmentally disabled, he or she may be placed in a program specifically reserved for the treatment and training of persons with developmental disabilities where the defendant shall have the right to habilitation according to an individualized service plan specifically developed for the particular needs of the defendant. The program shall be separate from programs serving persons involved in any other treatment or habilitation program. The program shall be appropriately secure under the circumstances and shall be administered by developmental disabilities professionals who shall direct the habilitation efforts. The program shall provide an environment affording security appropriate with the charged criminal behavior and necessary to protect the public safety. The department may limit admissions of such persons to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department. A copy of the report shall be sent to the facility. On or before expiration of the initial ninety day period of commitment the court shall conduct a hearing, at which it shall determine whether or not the defendant is incompetent. If the defendant is charged with a crime which is not a felony, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the county mental health professional to evaluate the defendant and commence proceedings under chapter 71.05 RCW if appropriate; and subsections (2) and (3) of this section shall not be applicable: PROVIDED, That, upon order of the court, the prosecutor may directly petition for fourteen days of involuntary treatment under chapter 71.05 RCW.

(2) If the court finds by a preponderance of the evidence that the defendant is incompetent, the court shall have the option of extending the order of commitment or alternative treatment for an additional ninety day period, but it must at the time of extension set a date for a prompt hearing to determine the defendant's competency before the expiration of the second ninety day period. The defendant, ~~((his))~~ the defendant's attorney, the prosecutor, or the judge shall have the right to demand that the hearing on or before the expiration of the second ninety day period be before a jury. No extension shall be ordered for a second ninety-day period, nor for any subsequent period as provided in subsection (3) of this section if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension. If no demand is made,

the hearing shall be before the court. The court or jury shall determine whether or not the defendant has become competent.

(3) At the hearing upon the expiration of the second ninety day period or at the end of the first ninety-day period, in the case of a developmentally disabled defendant, if the jury or court, as the case may be, finds that the defendant is incompetent, the charges shall be dismissed without prejudice, and either civil commitment proceedings shall be instituted, if appropriate, or the court shall order the release of the defendant: PROVIDED, That the criminal charges shall not be dismissed if at the end of the second ninety-day period, or at the end of the first ninety day period, in the case of a developmentally disabled defendant, the court or jury finds that the defendant is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, and that there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for an additional six months. At the end of said six month period, if the defendant remains incompetent, the charges shall be dismissed without prejudice and either civil commitment proceedings shall be instituted, if appropriate, or the court shall order release of the defendant.

(4) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(5) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables ((him)) the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(6) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of examination which meets the requirements of RCW 10.77.060(3).

Sec. 6. Section 11, chapter 117, Laws of 1973 1st ex. sess. as last amended by section 1, chapter 25, Laws of 1983 and RCW 10.77.110 are each amended to read as follows:

(1) If a defendant is acquitted of a felony by reason of insanity, and it is found that he or she is not a substantial danger to other persons, and does not present a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, the court shall direct ((his)) the defendant's final discharge. If it is found that such defendant is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, the court shall order his or her

hospitalization, or any appropriate alternative treatment less restrictive than detention in a state mental hospital, pursuant to the terms of this chapter.

(2) If the defendant has been found not guilty by reason of insanity and a substantial danger, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, so as to require treatment then the secretary shall immediately cause the defendant to be evaluated to ascertain if the defendant is developmentally disabled. When appropriate, and subject to available funds, the defendant may be committed to a program specifically reserved for the treatment and training of developmentally disabled persons. A person so committed shall receive habilitation services according to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The treatment program shall provide physical security to a degree consistent with the finding that the defendant is dangerous and may incorporate varying conditions of security and alternative sites when the dangerousness of any particular defendant makes this necessary. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department.

(3) If it is found that such defendant is not a substantial danger to other persons, and does not present a substantial likelihood of committing felonious acts jeopardizing public safety or security, but that he or she is in need of control by the court or other persons or institutions, the court shall direct ((his)) the defendant's conditional release. If the defendant is acquitted by reason of insanity of a crime which is not a felony, the court shall order the defendant's release or order the defendant's continued custody only for a reasonable time to allow the county-designated mental-health professional to evaluate the individual and to proceed with civil commitment pursuant to chapter 71.05 RCW, if considered appropriate.

Sec. 7. Section 12, chapter 117, Laws of 1973 1st ex. sess. as amended by section 11, chapter 198, Laws of 1974 ex. sess. and RCW 10.77.120 are each amended to read as follows:

The secretary shall forthwith provide adequate care and individualized treatment at one or several of the state institutions or facilities under his or her direction and control wherein persons committed as criminally insane may be confined. Such persons shall be under the custody and control of the secretary to the same extent as are other persons who are committed to ((his)) the secretary's custody, but such provision shall be made for their control, care, and treatment as is proper in view of their condition. In order

that the secretary may adequately determine the nature of the mental illness or developmental disability of the person committed to him or her as criminally insane, and in order for the secretary to place such individuals in a proper facility, all persons who are committed to the secretary as criminally insane shall be promptly examined by qualified personnel in such a manner as to provide a proper evaluation and diagnosis of such individual. The examinations of all developmentally disabled persons committed under this chapter shall be performed by developmental disabilities professionals. Any person so committed shall not be discharged from the control of the secretary save upon the order of a court of competent jurisdiction made after a hearing and judgment of discharge.

Whenever there is a hearing which the committed person is entitled to attend, the secretary shall send him or her in the custody of one or more department employees to the county where the hearing is to be held at the time the case is called for trial. During the time ~~((he))~~ the person is absent from the facility, he or she shall be confined in a facility designated by and arranged for by the department, and shall at all times be deemed to be in the custody of the department employee and provided necessary treatment. If the decision of the hearing remits the person to custody, the department employee shall forthwith return ~~((him))~~ the person to such institution or facility designated by the secretary. If the state appeals an order of discharge, such appeal shall operate as a stay, and the person in custody shall so remain and be forthwith returned to the institution or facility designated by the secretary until a final decision has been rendered in the cause.

Sec. 8. Section 14, chapter 117, Laws of 1973 1st ex. sess. as amended by section 12, chapter 198, Laws of 1974 ex. sess. and RCW 10.77.140 are each amended to read as follows:

Each person committed to a hospital or other facility or conditionally released pursuant to this chapter shall have a current examination of his or her mental condition made by one or more experts or professional persons at least once every six months. Said person may retain, or if ~~((he))~~ the person is indigent and so requests, the court may appoint a qualified expert or professional person to examine him or her, and such expert or professional person shall have access to all hospital records concerning the person. In the case of a committed or conditionally released person who is developmentally disabled, the expert shall be a developmental disabilities professional. The secretary, upon receipt of the periodic report, shall provide written notice to the court of commitment of compliance with the requirements of this section.

Sec. 9. Section 2, chapter 122, Laws of 1983 and RCW 10.77.163 are each amended to read as follows:

(1) Before a person committed under this chapter is permitted temporarily to leave a treatment facility for any period of time without constant accompaniment by facility staff, the superintendent, professional person in

charge of a treatment facility, or his or her professional designee shall in writing notify the prosecuting attorney of any county to which the person is released and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision conditionally to release the person. The notice shall be provided at least thirty days before the anticipated release and shall describe the conditions under which the release is to occur.

(2) In addition to the notice required by subsection (1) of this section, the superintendent of each state institution designated for the custody, care, and treatment of ((the criminally insane)) persons committed under this chapter shall notify appropriate law enforcement agencies through the state patrol communications network of the furloughs of persons committed under RCW 10.77.090 or 10.77.110. Notification shall be made at least forty-eight hours before the furlough, and shall include the name of the person, the place to which the person has permission to go, and the dates and times during which the person will be on furlough. ((For emergency furloughs, forty-eight hours notice is not required, but notice shall be made before the departure:))

(3) Upon receiving notice that a person committed under this chapter is being temporarily released under subsection (1) of this section, the prosecuting attorney may seek a temporary restraining order to prevent the release of the person on the grounds that the person is dangerous to self or others.

Sec. 10. Section 3, chapter 122, Laws of 1983 and RCW 10.77.165 are each amended to read as follows:

In the event of an escape by a ((criminally insane)) person committed under this chapter from a state institution or the disappearance of such a person on conditional release, the superintendent shall notify as appropriate, local law enforcement officers, other governmental agencies, the person's relatives, and any other appropriate persons about information necessary for the public safety or to assist in the apprehension of the person.

Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined

The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner may be finally discharged without substantial danger to other persons, and without presenting a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(3) Nothing contained in this chapter shall prohibit the patient from petitioning the court for final discharge or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner is a substantial danger to other persons, or presents a substantial likelihood of committing felonious acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

Sec. 12. Section 21, chapter 117, Laws of 1973 1st ex. sess. as amended by section 3, chapter 196, Laws of 1983 and RCW 10.77.210 are each amended to read as follows:

All records and reports made pursuant to this chapter, shall be made available only upon request, to the committed person, to his or her attorney, to his or her personal physician, to the prosecuting attorney, to the court, to the protection and advocacy agency, or other expert or professional persons who, upon proper showing, demonstrates a need for access to such records. All records and reports made pursuant to this chapter shall also be made available, upon request, to the department of corrections or the ~~((board of prison terms and paroles))~~ indeterminate sentence review board if the person was on parole or probation at the time of detention, hospitalization, or commitment or the person is subsequently convicted for the crime for which ~~((they were))~~ he or she was detained, hospitalized, or committed pursuant to this chapter.

The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the designated county mental health professional. The designated county mental health professional shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, and the prosecuting attorney, and provide a copy of the petition to such persons as soon as possible.

At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney and of his or her right to a jury trial. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney,

the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person.

The court may, if requested, also appoint a professional person as defined in RCW 71.05.020(12) to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a developmentally disabled person who has been determined to be incompetent pursuant to RCW 10.77.090(3), then the appointed professional person under this section shall be a developmental disabilities professional.

Sec. 15. Section 37, chapter 142, Laws of 1973 1st ex. sess. as last amended by section 5, chapter 67, Laws of 1986 and RCW 71.05.320 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services for a further period of intensive treatment not to exceed ninety days from the date of judgment: PROVIDED, That if the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department. If the committed person is developmentally disabled and has been determined incompetent pursuant to RCW 10.77.090(3), and the best interests of the person or others will not be served by a less-restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department. When appropriate and subject to available funds, treatment and training of such persons must be provided in a program specifically reserved for the treatment and training of developmentally disabled persons. A person so committed shall receive habilitation services pursuant to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. Said treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the

event that the number of eligible persons exceeds the limits set by the department. An order for treatment less restrictive than involuntary detention may include conditions, and if such conditions are not adhered to, the designated mental health professional or developmental disabilities professional may order the person apprehended under the terms and conditions of RCW 71.05.340 as now or hereafter amended.

If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment: PROVIDED, That if the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(2) Said person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) of this section unless the superintendent or professional person in charge of the facility in which he is confined, or in the event of a less restrictive alternative, the designated mental health professional or developmental disabilities professional, files a new petition for involuntary treatment on the grounds that the committed person;

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm to others; or

(b) Was taken into custody as a result of conduct in which he attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm to others; or

(c) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability presents a substantial likelihood of repeating similar acts considering the charged criminal behavior, life history, progress in treatment, and the public safety; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in subsections (b) and (c) of this section was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to reprove that element. Such new petition for involuntary treatment shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this subsection are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided herein above. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. No person committed as herein provided may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length.

*\*Sec. 16. Section 2, chapter 67, Laws of 1986 and RCW 71.05.325 are each amended to read as follows:*

***(1) Before a person committed under grounds set forth in RCW 71.05.280(3) is released from involuntary treatment because a new petition for involuntary treatment has not been filed under RCW 71.05.320(2), the superintendent, professional person, or designated mental health professional responsible for the decision whether to file a new petition shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision not to file a new petition for involuntary treatment. Notice shall be provided at least thirty days before the period of commitment expires.***

***(2)(a) Before a person committed under grounds set forth in RCW 71.05.280(3) is permitted temporarily to leave a treatment facility pursuant to RCW 71.05.270 for any period of time without constant accompaniment by facility staff, the superintendent, professional person in charge of a treatment facility, or his or her professional designee shall in writing notify the prosecuting attorney of any county to which the person is to be released and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision conditionally to release the person. The notice shall be provided at least thirty days before the anticipated release and shall describe the conditions under which the release is to occur.***

***(b) The provisions of RCW 71.05.330(2) apply to proposed temporary releases, and either or both prosecuting attorneys receiving notice under this subsection may petition the court under RCW 71.05.330(2).***

***(3) Nothing in this section shall be construed to authorize detention of a person unless a valid order of commitment is in effect.***

*\*Sec. 16 was vetoed, see message at end of chapter.*

**NEW SECTION.** Sec. 17. A new section is added to chapter 10.77 RCW to read as follows:

The provisions of this act shall apply equally to persons presently in the custody of the department who were found by a court to be not guilty by reason of insanity or incompetent to stand trial, or who have been found to have committed acts constituting a felony pursuant to RCW 71.05.280(3) and present a substantial likelihood of repeating similar acts, and the secretary shall cause such persons to be evaluated to ascertain if such persons are developmentally disabled for placement in a program specifically reserved for the treatment and training of persons with developmental disabilities.

**NEW SECTION.** Sec. 18. A new section is added to chapter 71.05 RCW to read as follows:

The provisions of this act shall apply equally to persons presently in the custody of the department who were found by a court to be not guilty by reason of insanity or incompetent to stand trial, or who have been found to have committed acts constituting a felony pursuant to RCW 71.05.280(3) and present a substantial likelihood of repeating similar acts, and the secretary shall cause such persons to be evaluated to ascertain if such persons are developmentally disabled for placement in a program specifically reserved for the treatment and training of persons with developmental disabilities.

**NEW SECTION.** Sec. 19. (1) The legislature finds that since the later 1970s, there has been an increase in the reinstitutionalization of the mentally ill in prisons, jails, and mentally ill offender programs within state hospitals in Washington. The mentally ill offender is frequently released from jail or prison without any supervision or case management in the community. The mentally ill offender is also released from the state hospital to the community where the mental health system is resource-deficient to accommodate the needs of the mentally ill, criminally stigmatized person. Many of these individuals become reinvolved with the criminal justice system, the jails, courts, and corrections with additional convictions and/or state hospital commitments. Neither the treatment needs of this population nor public safety is being met by the existing systems.

There is public concern about the lack of adequate security in mentally ill offender programs at state hospitals. It is the intent of the legislature to promote public safety and provide a secure treatment facility to serve the forensic patients who are under the supervision of the department of corrections or the department of social and health services.

(2)(a) The department of corrections and the department of social and health services shall conduct a study for the development of a forensic hospital which would serve the needs of mentally ill offenders currently in state health institutions and prisons. In preparing the study, the departments shall consult with other states, counties, cities, jails, private and public agencies, and community groups for recommendations in housing and treating the mentally ill offender.

(b) The scope of the study shall be sufficiently broad to encompass the inpatient and community service needs of the mentally ill offenders, from

their first contact with the criminal justice system to reintegration in the community.

(c) The departments shall report back to the senate law and justice committee and the house of representatives judiciary committee before March 1, 1990.

NEW SECTION. Sec. 20. Section 19 of this act shall expire March 1, 1990.

NEW SECTION. Sec. 21. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House April 18, 1989.

Passed the Senate April 7, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 16, Engrossed Substitute House Bill No. 1051 entitled:

"AN ACT Relating to developmentally disabled adults."

Section 16 of this bill amends RCW 71.05.325 relating to the release of certain committed individuals. Similar language is contained in House Bill No. 2054, section 1. To avoid confusion, I am vetoing section 16.

With the exception of section 16, Engrossed Substitute House Bill No. 1051 is approved."

## CHAPTER 421

[Substitute Senate Bill No. 5889]

### WATER CONSERVATION AND WASTE REDUCTION PROGRAMS

AN ACT Relating to conservation of water; adding a new section to chapter 35.92 RCW; adding a new section to chapter 54.16 RCW; adding a new section to chapter 57.08 RCW; creating new sections; and providing a contingent effective date.

The legislature further finds and declares that all municipal corporations, public utility districts, water districts, and other political subdivisions of the state that are engaged in the sale or distribution of water should be granted the authority to develop and carry out programs that will conserve resources, reduce waste, and encourage more efficient use of water by consumers.

In order to establish the most effective state-wide program for water conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their

customers in the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water.

***\*NEW SECTION. Sec. 2. The terms "conservation" and "efficient use of water" shall have the meaning established by the joint select committee on water resource policy.***

Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

NEW SECTION. Sec. 5. A new section is added to chapter 57.08 RCW to read as follows:

Any district is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the district if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the district to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

If the proposed amendment is not so approved and ratified, this act shall be void in its entirety.

Passed the Senate April 17, 1989.

Passed the House April 13, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 2, Substitute Senate Bill No. 5889 entitled:

"AN ACT Relating to conservation of water."

This is an excellent program, modeled on successes in the area of energy conservation. I am not, however, convinced of the propriety of delegating a legislative function entirely to a committee. I am vetoing section 2 and recommending that the Joint Select Committee develop definitions of these terms for deliberation by the full Legislature. In the event the Legislature is unable to agree on definitions prior to the approval of the accompanying constitutional amendment, the common usage of these terms will be applied.

With the exception of section 2, Substitute Senate Bill No. 5889 is approved.\*

## CHAPTER 422

### [Substitute Senate Bill No. 5566] SAFE DRINKING WATER ACT

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. This act shall be known and cited as the "Washington state safe drinking water act."

Sec. 2. Section 2, chapter 271, Laws of 1986 and RCW 70.119A.020 are each amended to read as follows:

Unless the context clearly requires otherwise, the following definitions apply throughout this chapter:

(1) "Department" means the department of social and health services.

(2) "Local board of health" ~~((has the meaning in RCW 70.05.010))~~ means the city, town, county, or district board of health.

(3) "Local health jurisdiction" means an entity created under chapter 70.05, 70.08, or 70.46 RCW which provides public health services to persons within the area.

\*Sec. 10 was vetoed, see message at end of chapter.

\*Sec. 11. Section 3, chapter 142, Laws of 1977 ex. sess. and RCW 70-.116.030 are each amended to read as follows:

Unless the context clearly requires otherwise, the following terms when used in this chapter shall be defined as follows:

(1) "Coordinated water system plan" means a plan for public water systems within a critical water supply service area which identifies the present and future needs of the systems and sets forth means for meeting those needs in the most efficient manner possible. Such a plan shall include provisions for subsequently updating the plan. In areas where more than one water system exists, a coordinated plan may consist of either: (a) A new plan developed for

the area following its designation as a critical water supply service area; or (b) a compilation of compatible water system plans existing at the time of such designation and containing such supplementary provisions as are necessary to satisfy the requirements of this chapter. Any such coordinated plan must include provisions regarding: Future service area designations; assessment of the feasibility of shared source, transmission, and storage facilities; emergency inter-ties; design standards; and other concerns related to the construction and operation of the water system facilities.

(2) "Critical water supply service area" means a geographical area which is characterized by a proliferation of small, inadequate water systems, or by water supply problems which threaten the present or future water quality or reliability of service in such a manner that efficient and orderly development may best be achieved through coordinated planning by the water utilities in the area.

It includes, but is not limited to, the source, treatment for purifying purposes only, storage, transmission, pumping, and distribution facilities where water is furnished to any community, or number of individuals, or is made available to the public for human consumption or domestic use, but excluding water systems serving one single family residence. However, systems existing on September 21, 1977 which are owner operated and serve less than ten single family residences or which serve only one industrial plant shall be excluded from this definition and the provisions of this chapter)), excluding a system serving fewer than five single-family residences, which provides piped water for human consumption, including:

(i) Any collection, treatment, storage, and distribution facilities under control of the purveyor and used primarily in connection with such system; and

(ii) Any collection or pretreatment storage facilities not under control of the purveyor which are primarily used in connection with such system.

(6) "Service area" means a specific geographical area serviced or for which service is planned by a purveyor.

\*Sec. 11 was vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 12. Section 1, chapter 271, Laws of 1986 and RCW 70.119A.010 are each repealed.

Passed the Senate March 10, 1989.

Passed the House April 19, 1989.

Approved by the Governor May 14, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 14, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 7, 9, 10 and 11, Engrossed Substitute Senate Bill No. 5566 entitled:

"AN ACT Relating to safe drinking water."

Section 7 amends RCW 70.119A.040, which was also amended by House Bill 1358, the Administrative Procedure Act revision bill. The amendment in this bill has the same intent as the amendment in House Bill 1358, but the language is conflicting. Since I have already signed House Bill 1358 into law, I am vetoing Section 7.

Section 9 amends RCW 43.20.050, which was also amended by House Bill 1857. Both bills amend the rule-making authority of the Board of Health with respect to drinking water systems. The only difference between the two amendments is that House Bill 1857 gives additional authority to the Board for regulating the sizing of pipes and storage facilities. This language is more explicit than the language in section 9 of Engrossed Substitute Senate Bill 5566. Since I have already signed House Bill 1857 into law, I am vetoing section 9.

Sections 10 and 11 amend the Public Water Supply Systems - Certification and Regulation of Operators Act, and the Public Water System Coordination Act of 1977, respectively. Both sections amend the definition of a public water supply system to exclude water systems serving fewer than five single-family residences. The current language, and the definition of public water supply system in the Safe Drinking Water Act, exclude only water systems that serve a single-family residence.

The exclusions in sections 10 and 11 would exempt over 4,000 small water systems from regulation, leaving these households without protection of their drinking water. People whose homes connect with small water systems deserve, and expect, the same quality of water as people whose homes are connected to larger systems. It is appropriate for the state, in its role of protecting public health, to assist small water systems in complying with safe drinking water regulations.

With the exception of sections 7, 9, 10, and 11, Engrossed Substitute Senate Bill No. 5566 is approved."

## CHAPTER 423

[Substitute House Bill No. 2137]

### ECONOMIC DEVELOPMENT—TARGETED SECTORS PROGRAMS— BIOTECHNOLOGY AND FOOD PROCESSING

AN ACT Relating to targeted sectors for economic development; and adding new sections to chapter 43.31 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. (1) The legislature finds that the future health of certain sectors of Washington state's economy is at risk in the face of increasing global competition. The service and aerospace industries have

responded well to this increasing global competition. However, certain traditional industries, such as forest products and agriculture, have experienced some decline. Significant public and private resources are being directed toward restoring the vitality of these industries.

(2) The legislature finds that, in addition to these industries, there are a number of emerging sectors in the state economy which offer real promise. These include biotechnology and food processing. In the next decade, these emerging sectors can be among the state's strongest, most stable sectors able to successfully compete in the global market. It is the purpose of sections 1 through 6 of this act to help these emerging sectors by encouraging a broader base and support for their development. It is also the purpose of this act to ensure that more specific direction is given to the department in developing its programs and that the impact of resources the department directs toward targeted sectors is better measured.

(3) The legislature also finds that the state must work in partnership with the private sector to enhance economic development, whether restoring the vitality of declining industries or developing new industries with good economic potential. In order for the public and private efforts to be most successful, the state, particularly the department, must clearly articulate: (a) Its goals and objectives; (b) its appraisal of the sector that led to the goals and objectives; (c) its choice of strategy for achieving the goals and objectives; (d) its implementation plans and timetables; and (e) its evaluation criteria and process. The department must work with the private sector and the legislature in the analysis, the setting of goals, the choice of strategy, and the evaluation process so that all parties have input into and understand how the problem is being defined and how the problem is being solved.

**NEW SECTION.** Sec. 2. (1) The department shall establish targeted sector programs in the areas of biotechnology and food processing. The purpose of these programs shall be to analyze the current state of the targeted sector and develop an action plan and program for each targeted sector to increase the sales of products from these sectors nationally and internationally. The department shall also develop an evaluation process to measure the effectiveness of the targeted sector programs. The targeted sector programs are intended to significantly increase the jobs and capital investment in these sectors through a well-conceived and implemented marketing plan.

(2) A targeted sector program within the department shall:

(a) Administer the targeted sector programs established in subsection (1) of this section;

(b) Work with the advisory committee and subcommittees created in section 4 of this act to appraise each targeted sector, develop alternatives to assist in the development of the sector, choose a strategy for assisting the

targeted sector, and evaluate the strategy and its implementation for effectiveness; and

(c) Work with other state agencies, local governments, and the private sector.

**NEW SECTION.** Sec. 3. (1) The department may contract with public or private organizations, such as the international marketing program for agricultural products and trade or the northwest policy center, to appraise the targeted sector to determine the current state of the sector prior to the department undertaking program development or marketing under section 2 of this act. In making this appraisal, the department shall consider, but shall not be limited to, the following: (a) The strengths and weaknesses of the sector; (b) the opportunities and risks in the sector; (c) any emerging products, processes, and market niches in the sector; (d) the commercialization of technology related to the sector; (e) the availability of capital in the sector; (f) the education and training needs in the sector; (g) the infrastructure development in the sector; (h) the number of employees and businesses in the sector; and (i) the role the state should play in the long-term development of the sector.

(2) The department shall base its marketing strategy and action plan for each targeted sector on the appraisal of the sector under subsection (1) of this section. Where needs are identified in the appraisal of the sector but are beyond the scope of the department's program or ability to accomplish without additional resources, the department shall provide clear recommendations to the legislature regarding an action plan the state should implement to address these identified needs.

**\*NEW SECTION.** Sec. 4. (1) *The department shall establish an advisory committee for its targeted sector program. The advisory committee shall provide policy direction regarding:*

- (a) *The appraisal process;*
- (b) *Program development;*
- (c) *Program implementation; and*
- (d) *The evaluation criteria and process for the target sector programs.*

(2) *The advisory committee shall include:*

(a) *At the discretion of the house of representatives and the senate, four legislators, one from each caucus in the house of representatives appointed by the speaker of the house, and one from each caucus in the senate appointed by the president of the senate;*

(b) *Three members of the department of agriculture food products processing advisory committee appointed by the chairperson of this advisory committee;*

(c) *Three members of the Washington state biotechnology association appointed by the chairperson of this association; and*

*(d) Other members appointed by the director, such as industry experts, financing experts, venture capitalists, patent attorneys, and marketing experts, representing a variety of interests and geographic areas.*

*The chairperson of the advisory committee shall be appointed by the director and shall serve as chairperson at the discretion of the director.*

*(3) The advisory committee shall create a subcommittee for each targeted sector. The members of each subcommittee, except as provided otherwise in this subsection, shall be appointed by the chairperson of the advisory committee in consultation with the advisory committee; the subcommittees may include persons who are not members of the advisory committee. The subcommittee for each targeted sector shall include persons with expertise in that sector. Each of the members appointed to the advisory committee under subsection (2)(b) of this section shall also serve on the subcommittee for the food processing targeted sector; each of the members appointed to the advisory committee under subsection (2)(c) of this section shall also serve on the subcommittee for the biotechnology targeted sector.*

*(4) The advisory committee and subcommittees shall provide policy and program direction to the targeted sector program created under section 2(2) of this act, and shall consider the role of other state agencies and the private sector in advising the department.*

*(5) The members of the advisory committee and the subcommittees shall serve two-year terms. The legislative members may be reimbursed for travel expenses under RCW 44.04.120. Other members may be reimbursed for their travel expenses under RCW 43.03.050 and 43.03.060.*

*\*Sec. 4 was vetoed, see message at end of chapter.*

***NEW SECTION.** Sec. 5. The department shall also establish a targeted sector program in manufactured forest products. This program shall be part of the targeted sector program established under section 2(2) of this act, and the department shall conduct an appraisal, as described in section 3 of this act, for the manufactured forest products targeted sector. Three members of the evergreen partnership appointed by the director of the evergreen partnership shall be included in the advisory committee established under section 4 of this act, and these persons shall also be part of the subcommittee on the manufactured forest products targeted sector. The department shall also report on the manufactured forest products targeted sector as part of its reporting duties under section 9 of this act.*

*\*Sec. 5 was vetoed, see message at end of chapter.*

***NEW SECTION.** Sec. 6. The business assistance center of the department of trade and economic development, in consultation with the Washington state institute for public policy and the northwest policy center shall review the establishment of an industrial extension grant program in targeted sectors. The department shall conduct this review to the extent existing resources permit.*

**NEW SECTION.** Sec. 7. The department, in reviewing the establishment of the industrial extension program, shall identify:

- (1) The manner in which the program should be structured and funded;
- (2) The scope of services that should be provided; and
- (3) The availability of possible grant recipients that could provide services under the program.

**NEW SECTION.** Sec. 8. The business assistance center shall examine mechanisms for the establishment of flexible manufacturing networks or consortia in targeted sectors through which small firms cooperatively access modernization, marketing, training and other services. The department shall conduct this study to the extent existing resources permit.

**NEW SECTION.** Sec. 9. By January 10th of each year the department shall report in writing on its targeted sector programs to the trade and economic development committee in the house of representatives and the economic development and labor committee in the senate. The department shall report on each element of the targeted sector program, including: (1) Appraisal of the sector; (2) alternatives for assisting in the growth and development of the sector; (3) the choice of the strategy and the rationale behind that choice; (4) the implementation of the strategy; and (5) the evaluation of the targeted sector program. The department shall also make current information available on a regular basis to the legislature and the private sector regarding its targeted sector programs.

The business assistance center shall report by January 1, 1990, to the senate economic development and labor committee and house of representatives trade and economic development committee on its findings and recommendations on the establishment of an industrial extension program and flexible manufacturing networks or consortia program.

**NEW SECTION.** Sec. 10. The department shall work with industry trade groups, local governments, and local economic development organizations in implementing the target sector programs. The department shall seek and utilize nonstate funds to help carry out these programs.

**NEW SECTION.** Sec. 11. Sections 1 through 10 of this act are each added to chapter 43.31 RCW.

Passed the House April 22, 1989.

Passed the Senate April 22, 1989.

Approved by the Governor May 14, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 14, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 4 and 5, Engrossed Substitute House Bill No. 2137 entitled:

"AN ACT Relating to targeted sectors for economic development."

Engrossed Substitute House Bill No. 2137 establishes new programs in the Department of Trade and Economic Development focused on significant industries in the state facing the prospect of major growth or change. The legislation provides a framework for state action to encourage the competitiveness of these industries. It ensures that the state assist these industries only after taking a careful look at the industry and after consideration of issues such as international markets, training needs, and the availability of financing. It provides a thoughtful and appropriate structure for state activities of this type.

Section 4 of the bill, however, establishes an advisory committee for the program as a whole and subcommittees for each of three targeted industries. While I agree with the need to involve affected industries in the development and operation of programs to address their competitive needs, and while legislative involvement in this process may be valuable, the structure to achieve these ends is administratively cumbersome and overly complex.

I have therefore vetoed Section 4 of the bill. I will, however, ensure that affected industries will be involved in the development and operation of the programs and that such action is consistent with the spirit of Engrossed Substitute House Bill 2137.

Section 5 of the bill provides for a targeted sector program for manufactured wood products in the Department of Trade and Economic Development. I agree that there is a need for state involvement to increase the capacity of our state's wood products firms to manufacture new value-added wood products for domestic and international markets. However, the Legislature has appropriated funds in section 309(8) of this year's operating budget for new activities by the department, in cooperation with the state's wood products industry, to increase the competitiveness of state firms in these markets. The provisions contained in section 5 are duplicative of the budget provisions and would be unnecessarily burdensome.

While vetoing section 5, I will, however, ensure that state activities to increase the competitiveness of the state's manufactured wood products industry are undertaken in a fashion consistent with the thoughtful approach to other industrial sectors as provided for in this legislation.

With the exception of Sections 4 and 5, Engrossed Substitute House Bill No. 2137 is approved."

## CHAPTER 424

[Substitute Senate Bill No. 5911]

### FOREST MANAGEMENT—RESEARCH AND POLICY DEVELOPMENT

AN ACT Relating to public lands; adding a new section to chapter 76.12 RCW; creating new sections; making appropriations; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The forest resources of Washington are among the most valuable of the state's resources. They provide significant opportunities for employment, education, and enjoyment, and they support a variety of uses. These forest resources are increasingly affected by pressure from a variety of sources, which will result in changes in current management practices for the resources and in changes in the economics that are dependent on these resources.

The legislature desires to develop forest management policies that anticipate emerging issues and assure a response which will protect and enhance those economic and ecological systems that are dependent on the

resources. The legislature also desires to obtain information which enables better decision-making and to identify courses of action which will assist counties in receiving a reliable flow of income from county forest lands. The legislature finds that it is in the best interests of the state and the counties to establish a process which encourages the counties, through their boards of county commissioners or county councils, to share in the decision-making relating to the sale of timber from forest board lands as they seek to assure the economic stability of their communities.

Further, the legislature finds that recent management decisions concerning federally-owned forested lands have significantly reduced the amount of timber available to small businesses with facilities in Washington. This reduction has caused and will increasingly cause economic hardship in counties where a significant portion of the population is employed in the timber industry. In these counties, the rate of unemployment among residents previously employed in the timber industry has risen drastically and will continue to rise. This will put an increasing burden on the counties to provide necessary financial and social support to these residents.

This section shall expire June 30, 1994.

NEW SECTION. Sec. 2. A new section is added to chapter 76.12 RCW to read as follows:

(1) Whenever the board of county commissioners or the county council of any county determines that it is in the best interests of the county as a trust beneficiary and that it would help to ensure the economic viability of that county, the county may petition the board of natural resources to reserve, for the purposes described in this section, a portion of the timber to be sold in any given year from forest lands which have been acquired from that county by the state under to RCW 76.12.030. The county shall specify what portion of such timber is to be reserved, and the portion reserved may be up to one hundred percent of such timber.

(2) (a) Timber reserved under this section shall be made available for sale to enterprises which meet all of the following criteria: (i) At least fifty percent by volume of the timber purchased by the enterprise in the previous three years was state-owned or federally-owned; (ii) at least eighty-five percent by volume of the timber purchased by the enterprise in the previous year was processed in Washington state; and (iii) the enterprise operates facilities in Washington which manufacture lumber, plywood, veneer, posts, poles, pilings, shakes, or shingles. For purposes of these criteria, "processed" means manufactured into lumber, plywood, veneer, posts, poles, pilings, shakes, or shingles.

(b) Once the board of natural resources has accepted the petition of a county to reserve a portion of timber pursuant to this section, the department shall compile a list of enterprises which meet the criteria listed in (a) of this subsection. An enterprise must petition the department for inclusion in the list of eligible enterprises, and must include with the petition certified

records sufficient to establish that the enterprise meets the criteria listed in (a) of this subsection. If an enterprise purchases a processing facility, the enterprise may incorporate the records of that facility in its petition for inclusion in the list of eligible enterprises. The department shall establish by rule what types of records are acceptable for purposes of establishing eligibility. Timber reserved under this section shall be sold only to enterprises contained in the list of eligible firms prepared by the department.

(c) For each sale of timber under this section, the department shall require the purchaser to: (i) Submit annually, until all unprocessed timber is accounted for, a certified report on the disposition of any unprocessed timber harvested from the sale, including a description of unprocessed timber which is sold, exchanged, or otherwise disposed of to another enterprise and a description of the relationship with the other enterprise; (ii) submit annually, until all unprocessed timber from the sale is accounted for, a certified report on the sale of any unprocessed timber from private lands which is exported or sold for export; and (iii) maintain records of all such transactions involving unprocessed timber, and to make such records available for inspection and verification by the department for up to three years after the sale is terminated.

(d) For purposes of this section, "enterprise" means any business concern and its affiliates, as that term is defined in 13 C.F.R. 121.3, in effect as of January 1, 1988.

(3) If a county petitions the board of natural resources to reserve timber as provided in this section, the use of the forest board land trust assets for the purposes of this act shall be deemed to be consistent with the trust mandate imposed on the management of lands acquired pursuant to RCW 76.12.030.

(4) A petition to reserve a portion of timber may be revoked by the board of county commissioners or county council. Notice of such revocation shall be delivered to the board of natural resources. The board of natural resources shall not unreasonably deny such a request. Such revocation shall not impair any sale of timber which is approved by the board of natural resources before the board receives the notice.

(5) This section shall expire June 30, 1994.

**NEW SECTION.** Sec. 3. By December 1, 1990, and annually thereafter until December 1, 1994, the board of natural resources shall report to the appropriate legislative committees on the amount of reserved timber sold pursuant to section 2 of this act. The report shall identify the quantity of the reserved timber which was not exported out-of-state in the form of raw logs, and shall identify the quantity which was processed into final products within the state. The report shall also identify which counties have elected to reserve timber pursuant to this section, and shall identify any rules which have been adopted in the last year for the implementation of this section.

**NEW SECTION.** Sec. 4. (1) The Olympic institute for old growth forest and ocean research and education is hereby created. The institute shall be located in the western portion of the Olympic Peninsula. Its purpose shall be to demonstrate innovative management methods which successfully integrate environmental and economic interests into pragmatic management of forest and ocean resources. The institute shall combine research and educational opportunities with experimental forestry, oceans management, and traditional management knowledge into an overall program which demonstrates that management based on sound economic principles is made superior when combined with new methods of management based on ecological principles. The institute shall be jointly supported by the college of forest resources and the college of ocean and fishery science.

(2) There is hereby appropriated from the general fund to the University of Washington the sum of one hundred fifty thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 1991, for the purpose of preparing a development plan for the institute. The development plan shall involve policy makers from state, federal, tribal, business, and environmental interests in the preparation of management plans and as it develops programs and shall be guided by the recommendation of the old growth commission appointed by the commissioner of public lands.

**NEW SECTION.** Sec. 5. The department of natural resources shall conduct a study of state-owned hardwood forests. The study shall include, but is not limited to: A comprehensive inventory of state-owned hardwood forests and a qualitative assessment of those stands, research into reforestation of hardwoods on state lands, and an analysis of management policies for increasing the supply of commercially harvestable hardwoods on state lands.

**NEW SECTION.** Sec. 6. (1) The department of trade and economic development shall contract with the northwest policy center at the University of Washington to study the economy of areas of the state impacted by substantial reductions in timber harvested from federal lands. The study shall:

- (a) Include an analysis of the present economy of the areas;
- (b) Identify the social, economic, and employment effects associated with withdrawals of land from commercial timber production;
- (c) Contain an assessment of possible changes to local economies and the state economy if forest lands continue to produce resources under existing management methods without additional land withdrawals from timber production by legislative decisions;
- (d) Contain an assessment of the impact of anticipated technological changes in the forest products industry, possible structural changes in the forest products industry, possible investments in new or existing industries, and known impacts from previous withdrawals of land from timber production; and

(e) Evaluate potential methods for increasing the economic development of the areas, including the creation or enhancement of high value-added production.

The study shall give emphasis to recommendations for future economic development. The department of trade and economic development and the northwest policy center shall report findings to the governor and to the appropriate legislative committees on December 1, 1990.

(2) The sum of two hundred thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund to the department of trade and economic development for the biennium ending June 30, 1991, for the purposes of subsection (1) of this section.

**NEW SECTION.** Sec. 7. (1) The department of community development shall provide technical and financial assistance to communities adversely impacted by reductions in timber harvested from federal lands. This assistance shall include the formation and implementation of community economic development plans. The department of community development shall utilize existing state technical and financial assistance programs, and shall aid communities in seeking private and federal financial assistance for the purposes of this section. The department may contract for services provided for under this section.

(2) The sum of four hundred fifty thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund to the department of community development for the biennium ending June 30, 1991, for the purposes of subsection (1) of this section.

**NEW SECTION.** Sec. 8. If by October 1, 1989, the United States congress makes an appropriation to the United States forest service for a Washington state forest inventory and timber supply study, the department of natural resources shall conduct an inventory and prepare a report on the timber supply in Washington state. The report shall identify the quantity of timber present now and the quantity of timber that may be available from forest lands in the future using various assumptions of landowner management, including changes in the forest land base, amount of capital invested in timber management, and expected harvest age. This report shall categorize the results according to region of the state, land ownership, land productivity, and according to major timber species.

The report shall contain an estimate of the acreage and volume of old growth and other timber on lands restricted from commercial timber harvesting due to state or federal decisions, such as national parks, wilderness areas, national recreation areas, scenic river designations, natural areas, geologic areas, or other land allocations which restrict or limit timber harvesting activities. The department shall determine the definition of old growth for the purposes of this section.

State appropriations for these purposes in the 1989-91 budget may be expended if needed for project planning and design. The report shall be

submitted to the appropriate committees of the senate and the house of representatives by June 1, 1991.

**NEW SECTION.** Sec. 9. The board of natural resources shall offer for sale the sustainable harvest as identified in the 1984–1993 forest land management program, or as subsequently revised. In the event that decisions made by entities other than the department cause a decrease in the sustainable harvest the department shall offer additional timber sales from state-managed lands.

**\*NEW SECTION.** Sec. 10. *By September 1, 1989, and quarterly thereafter, the office of the governor and the commissioner of public lands shall jointly report to the appropriate committees of the senate and the house of representatives on the response of the state to any decisions by the federal government, the court system, or other developments affecting the availability of timber for harvest or processing in Washington state.*

\*Sec. 10 was vetoed, see message at end of chapter.

**\*NEW SECTION.** Sec. 11. *By August 1, 1989, the governor and the commissioner of public lands shall jointly develop an official state response on United States forest service management plans for the national forests within the state, as required by the national environmental policy act. Such response shall be submitted to the United States forest service immediately and would supersede any previously submitted agency positions. The responses shall also be submitted to the appropriate standing committees of the senate and the house of representatives.*

\*Sec. 11 was vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 12. (1) A joint select committee on domestic timber processing is established consisting of six members appointed in the following manner:

(a) Three members shall be from the senate, two from the majority caucus and one from the minority caucus, appointed by the president of the senate; and

(b) Three members shall be from the house of representatives, two from the majority caucus and one from the minority caucus, appointed by the speaker of the house of representatives. The chair shall be selected by the committee from among its members.

Committee members shall receive no compensation, but shall, to the extent funds are available, be reimbursed for their expenses while attending any meetings in the same manner as legislators engaged in interim committee business as specified in RCW 44.04.120. The committee shall be staffed by senate committee services and the office of program research.

(2) The joint select committee on domestic timber processing shall:

(a) Review other state's legislative actions on domestic processing and log exports;

- (b) Develop recommendations on possible state responses to possible federal legislation on log exports;
- (c) Review mill closures or reduction in production due to lack of timber supply;
- (d) Work in concert with the Washington state congressional delegation in developing domestic processing laws and programs;
- (e) Review the positive and negative aspects of state and private log export policy on the state's economy and on the state's citizens;
- (f) Review present federal policy of permitting substitution of state logs for private logs;
- (g) Analyze the impact of log exports on timber supply as well as on all aspects of finished timber products and the supply of wood chips;
- (h) Request the department of natural resources to provide upon request, all available information relating to state timber harvest, timber bidding procedures, export sales, and market analyses;
- (i) Study all aspects of domestic timber processing;
- (j) Analyze the effect of domestic timber processing on timber supply;
- (k) Analyze the effect of domestic timber processing on the state's economy;
- (l) Recommend methods to encourage greater domestic timber processing; and
- (m) Prepare legislation for introduction to the legislature for the 1990 legislative session.

The committee shall report its findings and any recommendations for legislation to the appropriate legislative committees of the senate and house of representatives by January 1, 1990.

(3) This section shall expire June 30, 1991.

**NEW SECTION.** Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989.

Passed the Senate April 23, 1989.

Passed the House April 23, 1989.

Approved by the Governor May 14, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 14, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 10 and 11, En-drossed Substitute Senate Bill No. 5911 entitled:

"AN ACT Relating to public lands."

Sections 2 and 3 of the bill provide for a set aside of timber on State Forest Board Lands for timber firms which meet certain criteria. The proposal is intended to increase the amount of timber which is processed within the state and to create additional jobs. Criticism has been brought to my attention regarding the implementation of this set-aside program. I am inclined to sign this into law in spite of misgivings

about its ability to address the problem. The success of this program relies on the Department of Natural Resources and counties to faithfully pursue implementation.

This bill creates a Joint Select Committee on Domestic Timber Processing. I urge that Committee to work with my office over the interim to monitor implementation. I would also urge the Committee to review the possibility of providing compensation to school trusts and counties for setting aside land for jobs as well as for conservation. If I am not satisfied with the program, then I believe we will be forced to go to Congress and work toward a federal solution.

Section 10 of the bill requires the Governor and the Commissioner of Public Lands to jointly report to legislative committees on responses to federal or judicial decisions which affect timber supply. This section is redundant and needless, since we have always made any responses available to the Legislature on a timely basis in the past. When requested, we have always testified before committees to report on our activities.

Section 11 requires the Governor and the Commissioner of Public Lands to jointly develop an official state response to Forest Service plans by August 1, 1989. Such a response must supersede any previous state response. The intent of this section is unclear and redundant. The state has already officially responded to the individual forest service management plans and these responses were made within the official public comment periods for each of the forests. We have already agreed to work with the Department of Natural Resources as well as relevant federal agencies during the next few months on this issue.

While I am vetoing these sections, I want to assure you that my office will continue to work closely with all state and federal agencies to address the problems of timber supply and we will continue to be available to report on those activities at your request.

I applaud the Legislature for the other sections of this bill, as well as other items in the budget which will enhance our state's ability to respond to the problems of timber firms, communities and employees. I think we are going in the right direction and am looking forward to continuing to work with you during the next few months.

With the exception of sections 10 and 11, Engrossed Substitute Senate Bill No. 5911 is approved."

## CHAPTER 425

[Substitute Senate Bill No. 5648]

### FEDERATION OF WASHINGTON PORTS

AN ACT Relating to creation of a federation of Washington ports; amending RCW 53.06.020, 53.06.030, 53.29.010, 53.29.020, 53.29.030, 53.29.900, and 53.31.900; adding a new section to chapter 53.06 RCW; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds: (1) That the continuous development of Washington's ports should be a long-term goal for the state of Washington; (2) that Washington's ports are a valuable economic development resource, whose strength as a combined, coordinated entity for the purpose of trade and tourism development would far exceed their individual strength's in those areas; and (3) that, therefore, the ports should work together as a federation, coordinating their efforts further still with other public entities as well as the private sector.

The legislature concurs with the 1989 report of the economic development board on a long-term economic development strategy for Washington state as follows: (a) Competition for tourism dollars, as well as dollars to purchase Washington's goods and services, is global in nature and to compete, the state must identify its unique market niches, and market its trade, travel, and tourism assets aggressively; (b) the ports of the state of Washington are an integral part of the technological and physical infrastructure needed to help the state compete in the international marketplace; and (c) links among public agencies, associate development organizations, including ports, universities, and industry-oriented organizations must be strengthened in an effort to improve coordination, prevent duplication, and build local capacity.

**NEW SECTION.** Sec. 2. A new section is added to chapter 53.06 RCW to read as follows:

The Washington public ports association is authorized to create a federation of Washington ports to enable member ports to strengthen their international trading capabilities and market the region's products worldwide. Such a federation shall maintain the authority of individual ports and have the following purposes:

(1) To operate as an export trading company under the provisions enumerated in chapter 53.31 RCW;

(2) To provide a network to market the services of the members of the Washington public ports association;

(3) To provide expertise and assistance to businesses interested in export markets;

(4) To promote cooperative efforts between ports and local associate development organizations to assist local economic development efforts and build local capacity; and

(5) To assist in the efficient marketing of the state's trade, tourism, and travel resources.

This section shall expire July 1, 1994, and shall be subject to review under chapter 43.131 RCW.

Sec. 3. Section 2, chapter 31, Laws of 1961 and RCW 53.06.020 are each amended to read as follows:

It shall be the duty of the port district commissions in the state to take such action to effect the coordination of the administrative programs and operations of each port district in the state and to submit to the governor and the legislature biennially a joint report or joint reports containing the recommendations for procedural changes which would increase the efficiency of the respective port districts. Beginning with the 1990 legislative session, the association shall report on steps being taken to establish a federation of Washington ports pursuant to section 2 of this 1989 act.

Sec. 4. Section 3, chapter 31, Laws of 1961 and RCW 53.06.030 are each amended to read as follows:

The port district commissions in this state are empowered to designate the Washington public ports association as a coordinating agency through which the duties imposed by RCW 53.06.020 may be performed, harmonized or correlated. The purposes of the Washington public ports association shall be:

(1) To initiate and carry on the necessary studies, investigations and surveys required for the proper development and improvement of the commerce and business generally common to all port districts, and to assemble and analyze the data thus obtained and to cooperate with the state of Washington, port districts both within and without the state of Washington, and other operators of terminal and transportation facilities for this purpose, and to make such expenditures as are necessary for these purposes, including the proper promotion and advertising of all such properties, utilities and facilities;

(2) To establish coordinating and joint marketing bodies comprised of association members, including but not limited to establishment of a federation of Washington ports as described in section 2 of this 1989 act, as may be necessary to provide effective and efficient marketing of the state's trade, tourism, and travel resources;

(3) To exchange information relative to port construction, maintenance, operation, administration and management;

~~((3))~~ (4) To promote and encourage port development along sound economic lines;

~~((4))~~ (5) To promote and encourage the development of transportation, commerce and industry;

~~((5))~~ (6) To operate as a clearing house for information, public relations and liaison for the port districts of the state and to serve as a channel for cooperation among the various port districts and for the assembly and presentation of information relating to the needs and requirements of port districts to the public.

Sec. 5. Section 1, chapter 56, Laws of 1967 and RCW 53.29.010 are each amended to read as follows:

It is declared to be the finding of the legislature of the state of Washington that:

(1) The servicing functions and activities connected with the ocean-borne and overseas airborne trade and commerce of port districts, including customs clearance, shipping negotiations, cargo routing, freight forwarding, financing, insurance arrangements and other similar transactions which are presently performed in various, scattered locations in the districts should be centralized to provide for more efficient and economical transportation of persons and more efficient and economical facilities for the exchange and

buying, selling and transportation of commodities and other property in world trade and commerce;

(2) Unification, at a single, centrally located site of a facility of commerce, i.e., a trade center, accommodating the functions and activities described in subsection (1) of this section and the appropriate governmental, administrative and other services connected with or incidental to transportation of persons and property and the promotion and protection of port commerce, and providing a central locale for exhibiting, and otherwise promoting the exchange and buying and selling of commodities and property in world trade and commerce, will materially assist in preserving the material and other benefits of a prosperous port community;

(3) The undertaking of the aforesaid unified trade center project by a port district or the Washington public ports association has the single object of preserving, and will aid in the promotion and preservation of, the economic well-being of ~~((the))~~ port districts and the state of Washington and is found and determined to be a public purpose.

Sec. 6. Section 2, chapter 56, Laws of 1967 and RCW 53.29.020 are each amended to read as follows:

In addition to all other powers granted to port districts, any such district, the Washington public ports association, or the federation of Washington ports as described in section 2 of this 1989 act may acquire, as provided for other port properties in RCW 53.08.010, construct, develop, operate and maintain all land or other property interests, buildings, structures or other improvements necessary to provide a trade center including but not limited to:

(1) A facility consisting of one or more structures, improvements and areas for the centralized accommodation of public and private agencies, persons and facilities in order to afford improved service to waterborne and airborne import and export trade and commerce;

(2) Facilities for the promotion of such import and export trade and commerce, inspection, testing, display and appraisal facilities, foreign trade zones, terminal and transportation facilities, office meeting rooms, auditoriums, libraries, language translation services, storage, warehouse, marketing and exhibition facilities, facilities for federal, state, county and other municipal and governmental agencies providing services relating to the foregoing and including, but not being limited to, customs houses and customs stores, and other incidental facilities and accommodations.

Sec. 7. Section 3, chapter 56, Laws of 1967 and RCW 53.29.030 are each amended to read as follows:

(1) In carrying out the powers authorized by this chapter and chapter 53.06 RCW, port districts and the Washington public ports association are authorized to cooperate and act jointly with other public and private agencies, including, but not limited to the federal government, the state, other

ports and municipal corporations, other states and their political subdivisions, and private nonprofit trade promotion groups and associate development organizations.

(2) Port districts operating trade center buildings or operating association or federation trade centers, shall pay an annual service fee to the county treasurer wherein the center is located for municipal services rendered to the trade center building. The measure of such service fee shall be equal to three percent of the gross rentals received from the nongovernmental tenants of such trade center building. Such proceeds shall be distributed by the county treasurer as follows: Forty percent to the school district, forty percent to the city, and twenty percent to the county wherein the center is located: PROVIDED, That if the center is located in an unincorporated area, twenty percent shall be allocated to the fire district, forty percent to the school district, and forty percent to the county.

Sec. 8. Section 4, chapter 56, Laws of 1967 and RCW 53.29.900 are each amended to read as follows:

This chapter, which may be known and cited as the "Trade Center Act", shall be liberally construed, its purpose being to provide port districts, and their related association and federation, with additional powers to provide trade centers and to promote and encourage trade, tourism, travel, and economic development in a coordinated and efficient manner through the ports of the state of Washington. The powers herein granted shall be in addition to all others granted to port districts.

NEW SECTION. Sec. 9. (1) There is created a temporary task force for purposes of examining cooperative measures available to ports and local associate development organizations to improve coordination and increase efficiency, and examining methods to build local capacity by implementing recommendations contained in the 1989 report of the economic development board.

(2) The task force shall study and make recommendations in the following areas:

\*Sec. 10 was vetoed, see message at end of chapter.

NEW SECTION. Sec. 11. Nothing in section 9 or 10 of this act shall be construed to limit or impinge upon the autonomy of port districts.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Sec. 13. Section 10, chapter 276, Laws of 1986 and RCW 53.31.900 are each amended to read as follows:

This chapter shall expire July 1, (~~(+1991)~~) 1994, and shall be subject to review under chapter 43.131 RCW.

Passed the Senate April 18, 1989.

Passed the House April 14, 1989.

Approved by the Governor May 14, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 14, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 10, Substitute Senate Bill No. 5648 entitled:

"AN ACT Relating to creation of a federation of Washington ports."

Substitute Senate Bill No. 5648 amends existing port district enabling legislation to authorize the creation of a federation of Washington ports by the Washington Public Ports Association. The legislation establishes a temporary task force to examine options for cooperation between port districts and local associate development organizations. The legislation also directs the temporary task force to identify international air cargo trends and state air cargo capabilities and facilities, and to identify alternative policies to ensure state competitiveness in air cargo facilities.

Our ports have been and remain critically important to the state's role in the international economy. Efforts to increase cooperation among the port districts and between port districts and associate development organizations to enhance state and local economic development activities are necessary and important. New air cargo transport technologies and increased volumes of international air cargo traffic may require the development of new types of facilities, which would have major implications to the state economy.

I am in agreement with the Legislature's identification of this latter issue as one deserving state involvement to identify problems and opportunities affecting the state's economy. However, the Legislature has not funded the study of air cargo trends provided for in section 10 of this bill. If the state is to anticipate the problems and opportunities we face in the international economy, the Legislature must adequately fund the associated state agency activities. I am also concerned about the practicability of examining air cargo trends through a temporary task force intended to examine cooperation between port districts and associate development organizations.

For these reasons, I am vetoing section 10 of Substitute Senate Bill No. 5648.

However, an examination of the issues identified is valuable and timely. I will explore methods of conducting such an examination on the part of the state and with the cooperation of local government and the private sector.

With the exception of section 10, Substitute Senate Bill No. 5648 is approved.\*

## CHAPTER 426

[Substitute Senate Bill No. 5289]

### REGIONAL FISHERIES ENHANCEMENT GROUPS

AN ACT Relating to fisheries enhancement; adding a new chapter to Title 75 RCW; adding a new section to chapter 75.08 RCW; and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that it is in the best interest of the salmon resource of the state to encourage the development of regional fisheries enhancement groups. The accomplishments of one existing group, the Grays Harbor fisheries enhancement task force, have been widely recognized as being exemplary. The legislature recognizes the potential benefits to the state that would occur if each region of the state had a similar group of dedicated citizens working to enhance the salmon resource.

The legislature authorizes the formation of regional fisheries enhancement groups. These groups shall be eligible for state financial support and shall be actively supported by the department of fisheries. The regional groups shall be operated on a strictly nonprofit basis, and shall seek to maximize the efforts of volunteer and private donations to improve the salmon resource for all citizens of the state.

**\*NEW SECTION.** Sec. 2. *Any interested person may become a member of a regional fisheries enhancement group. To obtain funding from the regional fisheries enhancement group account, the membership of each group shall select its board members and chair by a democratic process. It is desirable for the group to have representation from all categories of fishermen that have interest in salmon within the region, as well as the general public.*

*The director shall appoint a department employee to serve as a liaison between the department and the group. The department liaison shall actively participate in the activities of the group and facilitate its operation in any way possible.*

\*Sec. 2 was vetoed, see message at end of chapter.

**\*NEW SECTION.** Sec. 3. *Eight regional fisheries enhancement groups are authorized:*

- (1) *Columbia river, and its tributaries, above Bonneville dam;*
- (2) *Columbia river, and its tributaries, below Bonneville dam;*
- (3) *Grays Harbor;*
- (4) *Willapa Bay;*
- (5) *North Coast and the Straits of Juan de Fuca;*
- (6) *Puget Sound, and adjacent rivers and lakes, north of Everett;*

*(7) Central Puget Sound between Everett and Tacoma; and*

*(8) South Puget Sound, and adjacent rivers and lakes, south of Tacoma.*

\*Sec. 3 was vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 4. Regional fisheries enhancement groups, consistent with the long-term regional policy statements developed under RCW 75.50.020, shall seek to:

(1) Enhance the salmon resource of the state;

(2) Maximize volunteer efforts and private donations to improve the salmon resource for all citizens;

(3) Assist the department in achieving the goal to double the state-wide salmon catch by the year 2000 under chapter 214, Laws of 1988; and

(4) Develop projects designed to supplement the fishery enhancement capability of the department of fisheries.

**\*NEW SECTION.** Sec. 5. *The director shall cooperate fully with the regional fisheries enhancement groups authorized by this chapter. The director shall supply salmon eggs, technical information, surplus equipment, professional consultation, and any other assistance that can be provided to the group.*

\*Sec. 5 was vetoed, see message at end of chapter.

**\*NEW SECTION.** Sec. 6. *The chair of each regional fisheries enhancement group shall coordinate with the department to assure that the department and the group are working in harmony toward mutually agreeable goals.*

\*Sec. 6 was vetoed, see message at end of chapter.

**\*NEW SECTION.** Sec. 7. *(1) The legislature finds that the wise management and economic health of the state's recreational and commercial fishing industries are of paramount importance to the people of the state and to the economy of the state as a whole. The legislature finds that it is in the best social, economic, and cultural interest of the state to provide, maintain, and enhance recreational fishing opportunities in the state and offshore waters while maintaining and encouraging a healthy commercial fishing industry.*

*(2) Funding for regional fisheries enhancement groups shall be from a variety of funding sources.*

*(a) Start up grant – Each group is authorized to apply for a one time grant of eight thousand dollars per group. The grant will be administered by the director and shall be utilized for initial organizational and planning expenses.*

*(b) State loan – Each group may apply for state-funded enhancement loans. Loan applications shall be submitted to the salmon advisory council for initial recommendations. The director shall further review loan applications and then submit the applications to the legislature for approval. Payback of said loans shall be structured to coincide with probable income*

*generated from the group's cost recovery program. Funds for enhancement loans shall be appropriated from the regional fisheries enhancement group account.*

*(c) Cost recovery – Sale of salmon carcasses and eggs under RCW 75-.52.035 that return to group facilities.*

*(d) Operational grants – A surcharge of one dollar shall be collected annually on every recreational salmon license sold in the state. The revenues derived from this surcharge shall be placed in the regional fisheries enhancement group account hereby created in the state treasury. A surcharge of fifty dollars shall be collected annually on every commercial salmon fishing license and charter boat license sold in the state. The revenue from this surcharge shall be placed in the regional fisheries enhancement group account.*

*The director shall administer the regional fisheries enhancement group account. Operational grants are to be made to regional groups of up to ninety percent of the project costs to match direct and in-kind contributions secured by the regional group. The director may utilize up to ten percent of the account for department expenses.*

*(e) Private contributions – The groups are encouraged to conduct periodic fundraising activities.*

\*Sec. 7 was vetoed, see message at end of chapter.

**\*NEW SECTION.** Sec. 8. A new section is added to chapter 75.08 RCW to read as follows:

*The director shall report annually to the senate environment and natural resources committee and the house fisheries and wildlife committee or their successor committees on the catch by commercial and sport fishers of the fishery resource resulting from enhancement efforts both by the department and volunteer cooperative projects. The first report shall be submitted by January 1, 1990.*

\*Sec. 8 was vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 9. The sum of sixty-four thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund to the department of fisheries for the biennium ending June 30, 1991, to carry out the purposes of start up grants to regional fisheries enhancement groups.

**NEW SECTION.** Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 11. Sections 1 through 7 of this act shall constitute a new chapter in Title 75 RCW.

Passed the Senate April 23, 1989.

Passed the House April 23, 1989.

Approved by the Governor May 14, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 14, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 2, 3, 5, 6, 7, and 8, Substitute Senate Bill No. 5289 entitled:

"AN ACT Relating to fisheries enhancement."

Our commitment to enhance salmon resources is an empty promise unless we are all willing to provide the financial resources necessary to fulfill it. I believe that the funding mechanism envisioned in this bill can work to supplement other state and federal funds if properly structured.

I am supportive of approaching fisheries enhancement by way of regional and volunteer cooperative groups. I believe, however, that the portions of this bill relating to the formation of these regional groups are so poorly drafted that they could lead to excessive administrative work and lack of accountability for the use of state funds.

As an alternative to sections 2 and 3, I am directing the Department of Fisheries to use its general rule-making authority to implement the intent of the bill in a manner that is workable and, more importantly, accountable. Criteria must be in place requiring recipients of funds to be incorporated as non-profit groups with the Secretary of State. Additionally, requirements for audits must be included.

Sections 5 and 6 fail to establish a clear relationship between the authority of the department and the regional groups. These sections could imply control by the groups. This interference with the decision-making prerogatives of the department is unacceptable to me.

Section 7 is vetoed because it requires legislative approval of each loan application. Decisions on applications for funding should be made by the Department of Fisheries without legislative approval. This veto does not mean that I am not supportive of loans for funding fisheries enhancement. In fact, the opposite is true. Because I am unable to partially veto this language, I must veto the entire section.

I am vetoing section 8 because it will require the department to tag smolt and compile data at great expense in order to document specific fish catch related to enhancement projects.

With the exception of sections 2, 3, 5, 6, 7, and 8, Substitute Senate Bill No. 5289 is approved."

## CHAPTER 427

[Substitute House Bill No. 1968]

### LONG TERM CARE SERVICES

AN ACT Relating to long-term care; amending RCW 74.08.541, 74.08.545, 74.08.550, 74.08.570, 74.41.050, and 74.09.520; adding a new chapter to Title 74 RCW; adding a new chapter to Title 70 RCW; adding a new section to chapter 74.09 RCW; adding a new section to chapter 35.63 RCW; adding a new section to chapter 35A.63 RCW; adding a new section to chapter 36.70 RCW; adding a new section to chapter 35.22 RCW; adding a new section to chapter 36.32 RCW; creating new sections; repealing RCW 74.08.044; making an appropriation; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that:

Washington's chronically functionally disabled population is growing at a rapid pace. This growth, along with economic and social changes and the coming age wave, presents opportunities for the development of long-term care community services networks and enhanced volunteer participation in those networks, and creates a need for different approaches to currently fragmented long-term care programs. The legislature further recognizes that persons with functional disabilities should receive long-term care services that encourage individual dignity, autonomy, and development of their fullest human potential.

**NEW SECTION.** Sec. 2. The purpose of this chapter is to:

(1) Establish a balanced range of community-based health, social, and supportive services that deliver long-term care services to chronically, functionally disabled persons of all ages;

(2) Ensure that functional disability shall be the determining factor in defining long-term care service needs and that these needs will be determined by a uniform system for comprehensively assessing functional disability;

(3) Ensure that services are provided in the most independent living situation consistent with individual needs;

(4) Ensure that long-term care service options shall be developed and made available that enable functionally disabled persons to continue to live in their homes or other community residential facilities while in the care of their families or other volunteer support persons;

(5) Ensure that long-term care services are coordinated in a way that minimizes administrative cost, eliminates unnecessarily complex organization, minimizes program and service duplication, and maximizes the use of financial resources in directly meeting the needs of persons with functional limitations;

(6) Develop a systematic plan for the coordination, planning, budgeting, and administration of long-term care services now fragmented between the division of developmental disabilities, division of mental health, aging and adult services administration, division of children and family services, division of vocational rehabilitation, office on AIDS, division of health, and bureau of alcohol and substance abuse;

(7) Encourage the development of a state-wide long-term care case management system that effectively coordinates the plan of care and services provided to eligible clients;

(8) Ensure that individuals and organizations affected by or interested in long-term care programs have an opportunity to participate in identification of needs and priorities, policy development, planning, and development, implementation, and monitoring of state supported long-term care programs;

(9) Support educational institutions in Washington state to assist in the procurement of federal support for expanded research and training in long-term care; and

(10) Facilitate the development of a coordinated system of long-term care education that is clearly articulated between all levels of higher education and reflective of both in-home care needs and institutional care needs of functionally disabled persons.

**NEW SECTION.** Sec. 3. A valuable option available to Washington state to achieve the goals of sections 1 and 2 of this act is the flexibility in personal care and other long-term care services encouraged by the federal government under Title XIX of the federal social security act. These services include options to expand community-based long-term care services, such as adult family homes, congregate care facilities, respite, chore services, hospice, and case management.

### I. CHORE SERVICES

Sec. 4. Section 17, chapter 6, Laws of 1981 1st ex. sess. as last amended by section 1, chapter 222, Laws of 1986 and RCW 74.08.541 are each amended to read as follows:

(1) "Department" as used in this chapter, means the department of social and health services.

(2) "Long-term care facility" as used in this chapter, means a nursing home licensed under chapter 18.51 RCW or a residential habilitation center licensed under chapter 71A.20 RCW.

(3) "Chore services," as used in this chapter, means services in performing ~~((light work and household and other))~~ personal care and related tasks ~~((which eligible persons are unable to do for themselves because of frailty or handicapping conditions))~~ as provided in the department's medical assistance state plan provision addressing personal care.

~~((2))~~ (4) Persons eligible for chore services are adult ~~((individuals))~~ persons having resources less than a level determined by the department, ~~((and))~~ whose need for chore services and risk of being placed in a ~~((residential))~~ long-term care facility have been determined by the department, and who are not eligible to receive medical assistance personal care benefits under RCW 74.09.520.

(a) Persons are eligible for the level ~~((or amount))~~ of services determined by the department under RCW 74.08.545 if the persons ~~((are: (i) Adult recipients of supplemental security income or state supplementation; (ii) eligible at the time their eligibility for chore services is determined or redetermined, for limited casualty program medical care as defined by RCW 74.09.010; or (iii))~~ have an income at or below thirty percent of the state median income.

(b) For other persons, the department shall develop a scale which progressively reduces the level ~~((or amount))~~ of chore services provided by the

department based on the ability of applicants and ~~((recipients))~~ clients to purchase the chore services. ~~((To determine the ability of applicants and recipients to purchase chore services;))~~ The department shall not consider income below thirty percent of the state median income.

(c) Effort shall be made to obtain chore services from volunteer chore service providers under the senior citizens services act, chapter 74.38 RCW, for those individuals at risk of being placed in a residential care facility and who are age sixty or over but eligible for five hours of chore services per month or less, rather than have those services provided by paid providers. Any individual at risk of being placed in a residential care facility and who is age sixty or over but not eligible for chore services or eligible for a reduced amount of service shall be referred to a volunteer chore service program under the senior citizens services act, chapter 74.38 RCW, where available for needed services not authorized by the department.

(d) ~~((Individuals))~~ Persons determined by the department to be eligible for adult protective services are eligible to receive emergency chore services without regard to income if the services are essential to, and a subordinate part of, the adult protective services plan. Emergency chore services under adult protective services shall be provided only until the situation necessitating the services has stabilized, not to exceed ninety days.

~~((3))~~ (5) The department shall establish a monthly dollar lid on chore services expenditures as necessary to maintain such expenditures within the legislative appropriation. To maintain expenditures for chore services within the limits of funds appropriated for this purpose, the department may reduce the level ~~((or amount))~~ of services authorized below the level of need assessed pursuant to RCW 74.08.545 for some or all ~~((recipients, but))~~ clients. The reductions shall be done in a manner which maintains state-wide uniformity of eligibility and service authorization standards and which considers the level of need for services and the degree of risk of being placed in a ~~((residential))~~ long-term care facility of all applicants for, and recipients of, chore services: PROVIDED, That the department may implement a ratable reduction of hours or payment for some or all clients receiving chore services.

(6) The department may continue providing chore services for those clients who were receiving assistance only with household tasks prior to December 14, 1987, provided that those clients are receiving this same service as of June 1989.

(7) The department may continue providing chore services to clients who were receiving attendant care services prior to April 1, 1988, provided that those clients are receiving the same services as of June 1989.

Sec. 5. Section 16, chapter 6, Laws of 1981 1st ex. sess. and RCW 74.08.545 are each amended to read as follows:

It is the intent of the legislature that chore services be provided to eligible persons within the limits of funds appropriated for that purpose.

Therefore, the department shall provide services only to those persons identified as at risk of being placed in a ~~((residential))~~ long-term care facility in the absence of such services. Chore services shall be provided ~~((only))~~ to the extent necessary to maintain a safe and healthful living environment. It is the policy of the state to encourage the development of volunteer chore services in local communities as a means of meeting chore care service needs and directing financial resources. In determining ~~((an individual's))~~ eligibility for chore services, the department shall consider the following:

- (1) The kind of services needed;
- (2) The degree of service need, and the extent to which an individual is dependent upon such services to remain in his or her home or return to his or her home;
- (3) The availability of personal or community resources which may be utilized to meet the individual's need; and
- (4) Such other factors as the department considers necessary to insure service is provided only to those persons whose chore service needs cannot be met by relatives, friends, nonprofit organizations, or other persons.

In determining the level of services to be provided under this chapter, ~~((the department shall utilize a client review questionnaire designed))~~ client shall be assessed using an instrument designed by the department to determine ((both)) the ((degree and level of service)) level of functional disability, the need for service and the ((individual's)) person's risk of ((institutionalization if such needs are not met by this chapter)) long-term care facility placement.

Sec. 6. Section 3, chapter 51, Laws of 1973 1st ex. sess. as last amended by section 189, chapter 3, Laws of 1983 and RCW 74.08.550 are each amended to read as follows:

(1) The department ~~((of social and health services))~~ is authorized to develop a program to provide for those services enumerated in RCW 74.08.541.

(2) ~~((The department shall endeavor to assure that, for each individual receiving in-home services, a single caseworker is responsible for coordinating the delivery of all necessary in-home services for which the recipient is eligible.~~

~~((3))~~ The department may provide assistance in the recruiting of providers of the services enumerated in RCW 74.08.541 and seek to assure the timely provision of services in emergency situations.

~~((4))~~ (3) The department shall assure that all providers of the services enumerated in RCW 74.08.541 are compensated for the delivery of the services on a prompt and regular basis.

Sec. 7. Section 3, chapter 137, Laws of 1980 and RCW 74.08.570 are each amended to read as follows:

(1) An otherwise eligible disabled person shall not be deemed ineligible for chore services under this chapter if the person's gross income from employment, adjusted downward by the cost of the chore services to be provided and the disabled person's work expenses, does not exceed the maximum eligibility standard established by the department for such chore services. The department shall establish a sliding scale fee schedule for such disabled persons, taking into consideration the person's ability to pay and work expenses.

(2) If a disabled person arranges for chore services through an individual provider arrangement, the ~~((recipient's))~~ client's contribution shall be counted as first dollar toward the total amount owed to the provider for chore services rendered.

(3) As used in this section:

(a) "Gross income" means total earned wages, commissions, salary, and any bonus;

(b) "Work expenses" includes:

(i) Payroll deductions required by law or as a condition of employment, in amounts actually withheld;

(c) "Employment" means any work activity for which a recipient receives monetary compensation;

(d) "Disabled" means:

(i) Permanently and totally disabled as defined by the department and as such definition is approved by the federal social security ~~((agency))~~ administration for federal matching funds;

The department shall ~~((select))~~ contract with area agencies on aging or other appropriate agencies to conduct respite care projects to the extent of available funding. The responsibilities of the ~~((selected area))~~ agencies ~~((on aging))~~ shall include but not be limited to: Negotiating rates of payment, administering sliding-fee scales to enable eligible participants to participate

in paying for respite care, and arranging for respite care services. Rates of payment to respite care service providers shall not exceed, and may be less than, rates paid by the department to providers for the same level of service. In evaluating the need for respite services, consideration shall be given to the mental and physical ability of the caregiver to perform necessary caregiver functions.

### III. TITLE XIX COMMUNITY-BASED LONG-TERM CARE SERVICES

NEW SECTION. Sec. 9. Title XIX of the federal social security act offers valuable opportunities to increase federal funds available to provide community-based long-term care services to functionally disabled persons in their homes, and in noninstitutional residential facilities, such as adult family homes and congregate care facilities.

#### A. PERSONAL CARE, HOSPICE

Sec. 10. Section 5, chapter 30, Laws of 1967 ex. sess. as last amended by section 3, chapter 5, Laws of 1985 and RCW 74.09.520 are each amended to read as follows:

(2) The department shall amend the state plan for medical assistance under Title XIX of the federal social security act to include personal care services, as defined in 42 C.F.R. 440.170(f), in the categorically needy program.

The personal care services benefit shall be provided to the extent funding is available according to the assessed level of functional disability. Any reductions in services made necessary for funding reasons should be accomplished in a manner that assures that priority for maintaining services is given to persons with the greatest need as determined by the assessment of functional disability.

(5) The department shall report to the appropriate fiscal committees of the legislature on the utilization and associated costs of the personal care option under Title XIX of the federal social security act, as defined in 42 C.F.R. 440.170(f), in the categorically needy program. The commission may receive appropriations, grants, gifts, and other payments from any governmental or other public or private entity or person which it may use to defray the cost of its operations or to contract for technical assistance, with the approval of the senate committee on facilities and operations and the house of representatives executive rules committee.

(2) The long-term care commission shall develop legislation and recommend administrative actions necessary to achieve the following long-term care reforms:

(a) The systematic coordination, planning, budgeting, and administration of long-term care services currently administered by the department of social and health services, division of developmental disabilities, aging and adult services administration, division of vocational rehabilitation, office on AIDS, division of health, and the bureau of alcohol and substance abuse;

## V. ADULT FAMILY HOME LICENSING

NEW SECTION. Sec. 14. The legislature finds that adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents.

NEW SECTION. Sec. 15. The purposes of this chapter are to:

(1) Encourage the establishment and maintenance of adult family homes that provide a humane, safe, and homelike environment for persons with functional limitations who need personal and special care;

(2) Establish standards for regulating adult family homes that adequately protect residents, but are consistent with the abilities and resources of an adult family home so as not to discourage individuals from serving as adult family home providers; and

(3) Encourage consumers, families, providers, and the public to become active in assuring their full participation in development of adult family homes that provide high quality care.

NEW SECTION. Sec. 16. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adult family home" means a regular family abode of a person or persons who are providing personal care, room, and board to more than one but not more than four adults who are not related by blood or marriage to the person or persons providing the services; except that a maximum of six adults may be permitted if the department determines that the home is of adequate size and that the home and the provider are capable of meeting standards and qualifications as provided for in this act.

(2) "Provider" means any person who is licensed under this chapter to operate an adult family home. The provider shall reside at the adult family home, except that exceptions may be authorized by the department for good cause, as defined in rule.

(3) "Department" means the department of social and health services.

(4) "Resident" means an adult in need of personal or special care in an adult family home who is not related to the provider.

(6) "Home" means an adult family home.

(7) "Imminent danger" means serious physical harm to or death of a resident has occurred, or there is a serious threat to resident life, health, or safety.

(8) "Special care" means care beyond personal care as defined by the department, in rule.

NEW SECTION. Sec. 17. The following residential facilities shall be exempt from the operation of this chapter:

(1) Nursing homes licensed under chapter 18.51 RCW;

- (2) Boarding homes licensed under chapter 18.20 RCW;
- (3) Facilities approved and certified under chapter 71A.22 RCW;

- (5) Hospitals licensed under chapter 70.41 RCW;
- (6) Homes for the developmentally disabled licensed under chapter 74.15 RCW.

NEW SECTION. Sec. 18. (1) The department shall adopt rules and standards with respect to all adult family homes and the operators thereof to be licensed under this chapter to carry out the purposes and requirements of this chapter. In developing rules and standards the department shall recognize the residential family-like nature of adult family homes and not develop rules and standards which by their complexity serve as an overly restrictive barrier to the development of the adult family homes in the state. Procedures and forms established by the department shall be developed so they are easy to understand and comply with. Paper work requirements shall be minimal. Easy to understand materials shall be developed for homes explaining licensure requirements and procedures.

(2) During the initial stages of development of proposed rules, the department shall provide notice of development of the rules to organizations representing adult family homes and their residents, and other groups that the department finds appropriate. The notice shall state the subject of the rules under consideration and solicit written recommendations regarding their form and content.

(3) Except where provided otherwise, chapter 34.05 RCW shall govern all department rule-making and adjudicative activities under this chapter.

NEW SECTION. Sec. 19. After July 1, 1990, no person shall operate or maintain an adult family home in this state without a license under this chapter.

NEW SECTION. Sec. 20. (1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) The department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter; and that the applicant has no prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past five years that resulted in revocation or nonrenewal of a license.

(3) The license fee shall be submitted with the application.

(4) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as

provided in chapter 34.05 RCW by requesting a hearing in writing within ten days after receipt of the notice of denial.

(5) A provider shall not be licensed for more than one adult family home. Exceptions may be authorized by the department for good cause, as defined in rule. The department shall submit to appropriate committees of the legislature, by December 1, 1991, a report on the number and type of good cause exceptions granted.

(6) The license fee shall be set at fifty dollars per year for each home. A fifty dollar processing fee shall also be charged each home when the home is initially licensed.

NEW SECTION. Sec. 21. An adult family home shall have readily available for review:

- (1) Its license to operate; and
- (2) A copy of each inspection report received by the home from the department for the past three years.

NEW SECTION. Sec. 22. (1) A license shall be valid for one year.

(2) At least ninety days prior to expiration of the license, the provider shall submit an application for renewal of a license. The department shall send the provider an application for renewal prior to this time. The department shall have the authority to investigate any information included in the application for renewal of a license.

(3)(a) Homes applying for a license shall be inspected at the time of licensure.

(b) Homes licensed by the department shall be inspected every eighteen months subject to available funds.

(c) Licensed homes where a complaint has been received by the department may be inspected at any time.

(4) If the department finds that the home is not in compliance with this chapter, it shall require the home to correct any violations as provided in this chapter. If the department finds that the home is in compliance with this chapter and the rules adopted under this chapter, the department shall renew the license of the home.

NEW SECTION. Sec. 23. (1) No public agency contractor or employee shall place, refer, or recommend placement of a person into an adult family home that is operating without a license.

(2) Any public agency contractor or employee who knows that an adult family home is operating without a license shall report the name and address of the home to the department. The department shall investigate any report filed under this section.

NEW SECTION. Sec. 24. An adult family home provider shall have the following minimum qualifications:

- (1) Twenty-one years of age or older;
- (2) Good moral and responsible character and reputation;

(3) Literacy; and

(4) Management and administrative ability to carry out the requirements of this chapter.

(4) Adult family homes shall have clean, functioning, and safe household items and furnishings.

(5) Adult family homes shall provide a nutritious and balanced diet and shall recognize residents' needs for special diets.

(6) Adult family homes shall establish health care procedures for the care of residents including medication administration and emergency medical care.

(a) Adult family home residents shall be permitted to self-administer medications.

(b) Adult family home providers may administer medications and deliver special care only to the extent that the provider is a licensed health care professional for whom the administration of medications is within the scope of practice under Washington law.

***NEW SECTION. Sec. 27. Each adult family home shall meet applicable local licensing, zoning, building, and housing codes, and state and local fire safety regulations. It is the responsibility of the home to check with local authorities to ensure all local codes are met.***

***NEW SECTION. Sec. 28. Whenever possible adult family homes are encouraged to contact and work with local quality assurance projects such as the volunteer ombudsman with the goal of assuring high quality care is provided in the home.***

The department of social and health services shall provide a report to the long-term care commission by December 1, 1991, on the appropriate provider training and education on adult family homes.*

\*Sec. 29 was vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 30. (1) During inspections of an adult family home, the department shall have access and authority to examine areas and articles in the home used to provide care or support to residents, including residents' records, accounts, and the physical premises, including the buildings, grounds, and equipment. The department also shall have the authority to interview the provider and residents of an adult family home.

(2) Whenever an inspection is conducted, the department shall prepare a written report that summarizes all information obtained during the inspection, and if the home is in violation of this chapter, serve a copy of the inspection report upon the provider at the same time as a notice of violation. If the home is not in violation of this chapter, a copy of the inspection report shall be mailed to the provider within ten days of the inspection of the home. All inspection reports shall be made available to the public at the department during business hours.

(3) The inspection report shall describe any corrective measures on the part of the provider necessary to pass a reinspection. If the department finds upon reinspection of the home that the corrective measures have been satisfactorily implemented, the department shall cease any actions taken against the home. Nothing in this section shall require the department to license or renew the license of a home where serious physical harm or death has occurred to a resident.

**NEW SECTION.** Sec. 31. (1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that an adult family home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated an adult family home without a license or under a revoked license;

(c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Suspend, revoke, or refuse to renew a license; or

(c) Suspend admissions to the adult family home.

**NEW SECTION.** Sec. 32. The department has the authority to immediately suspend a license if it finds that conditions there constitute an imminent danger to residents.

**NEW SECTION.** Sec. 33. Nothing in this chapter or the rules adopted under it may be construed as authorizing the supervision, regulation, or control of the remedial care or treatment of residents in any adult family home conducted by and for the adherents of a church or religious denomination who rely upon spiritual means alone through prayer for healing in accordance with the tenets and practices of such church or religious denomination and the bona fide religious beliefs genuinely held by such adherents.

**\*NEW SECTION.** Sec. 34. *Section 11, chapter 172, Laws of 1969 ex. sess., section 1, chapter 52, Laws of 1975-'76 2nd ex. sess. and RCW 74.08.044 are each repealed.*

\*Sec. 34 was vetoed, see message at end of chapter.

## VI. RESIDENTIAL CARE FACILITY SITING

**\*NEW SECTION.** Sec. 35. *(1) Unless the context clearly requires otherwise, these definitions shall apply throughout this section and sections 36, 37, 38, 39, 40, and 41 of this act:*

*(a) "Adult family home" means a residential care facility that is regulated by the department of social and health services.*

*(b) "Residential care facility" means a facility that cares for at least five, but not more than fifteen functionally disabled persons.*

*(c) "Department" means the department of social and health services.*

*(2) An adult family home shall be considered a residential use of property for zoning purposes. Adult family homes shall be a permitted use in all areas zoned for residential or commercial purposes, including areas zoned for single family dwellings.*

Passed the House April 23, 1989.

Passed the Senate April 23, 1989.

Approved by the Governor May 14, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 14, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 25, 29, 34 and 35, Engrossed Substitute House Bill No. 1968 entitled:

"AN ACT Relating to long term care."

Section 25 requires the Department of Social and Health Services to promulgate rules regarding adult family home resident rights, but limits the rules by requiring them to be "equal" to those already in place. Senior advocates and caregivers may recommend the expansion or modification of resident rights, and the department would be prohibited from responding under this language.

Section 29 requires the department to create a written training program for adult family home operators and to report to the Legislature. No appropriation is made to carry out the requirements of this section.

Section 34 repeals the rule-making authority the department needs to regulate congregate care facilities.

Section 35 is a preemptive zoning statute that designates residential facilities serving up to 15 persons as permitted uses under local zoning statutes. The language is overly broad and vague as written and may present a problem to local governments. The Legislature will receive a report from all local governments on the need for these facilities in 1990.

With the exception of sections 25, 29, 34 and 35, Engrossed Substitute House Bill No. 1968 is approved."

## CHAPTER 428

[House Bill No. 1656]

### CONDOMINIUMS—WARRANTIES OF QUALITY AND CREATION OF CONDOMINIUM STUDY COMMITTEE

AN ACT Relating to the regulation of the sale of lands; creating new sections; and providing an effective date.

Be it enacted by the Legislature of the State of Washington:

**\*NEW SECTION. Sec. 1. PUBLIC OFFERING STATEMENT—  
CONDOMINIUM SECURITIES.** *If an interest in a condominium is currently registered with the securities and exchange commission of the United States, a declarant satisfies all requirements relating to the preparation of a public offering statement of this chapter if the declarant delivers to the purchaser a copy of the public offering statement filed with the securities and exchange commission. An interest in a condominium is not a security under the provisions of chapter 21.20 RCW.*

\*Sec. 1 was vetoed, see message at end of chapter.

**NEW SECTION. Sec. 2. EXPRESS WARRANTIES OF QUALITY.** (1) Express warranties made by any seller to a purchaser of a unit, if relied upon by the purchaser, are created as follows:

(a) Any written affirmation of fact or promise which relates to the unit, its use, or rights appurtenant thereto, area improvements to the condominium that would directly benefit the unit, or the right to use or have the benefit of facilities not located in the condominium creates an express warranty that the unit and related rights and uses will conform to the affirmation or promise;

(b) Any model or written description of the physical characteristics of the condominium at the time the purchase agreement is executed, including plans and specifications of or for improvements, creates an express warranty that the condominium will conform to the model or description except pursuant to RCW 64.\_\_\_\_ (section 4-103(1)(v), chapter 43, Laws of 1989);

(c) Any written description of the quantity or extent of the real property comprising the condominium, including plats or surveys, creates an express warranty that the condominium will conform to the description, subject to customary tolerances; and

(d) A written provision that a buyer may put a unit only to a specified use is an express warranty that the specified use is lawful.

(2) Neither formal words, such as "warranty" or "guarantee," nor a specific intention to make a warranty are necessary to create an express warranty of quality, but a statement purporting to be merely an opinion or commendation of the real estate or its value does not create a warranty. A purchaser may not rely on any representation or express warranty unless it is contained in the public offering statement or made in writing signed by the declarant or declarant's agent identified in the public offering statement.

(3) Any conveyance of a unit transfers to the purchaser all express warranties of quality made by previous sellers.

**\*NEW SECTION. Sec. 3. STATUTE OF LIMITATIONS FOR WARRANTIES.** (1) *A judicial proceeding for breach of any obligation arising under RCW 64.\_\_\_\_ or 64.\_\_\_\_ (section 4-111 or 4-112, chapter 43,*

*Laws of 1989) must be commenced within four years after the cause of action accrues.*

*(2) Subject to subsection (3) of this section, a cause of action for breach of warranty of quality, regardless of the purchaser's lack of knowledge of the breach, accrues:*

*(a) As to a unit, at the time the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or at the time of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and*

*(b) As to each common element, at the time the common element is completed or, if later: (i) As to a common element that may be added to the condominium or portion thereof, at the time the first unit therein is conveyed to a bona fide purchaser; or (ii) as to a common element within any other portion of the condominium, at the time the first unit in the condominium is conveyed to a bona fide purchaser.*

*(3) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.*

\*Sec. 3 was vetoed, see message at end of chapter.

**NEW SECTION. Sec. 4. SUBSTANTIAL COMPLETION OF UNITS.** *In the case of a sale of a unit where delivery of a public offering statement is required, a contract of sale may be executed, but no interest in that unit may be conveyed until the declaration is recorded.*

\*Sec. 4 was vetoed, see message at end of chapter.

**NEW SECTION. Sec. 5. STUDY COMMITTEE.** A statutory committee is created to:

(1) Review the Washington condominium act, and consider comments concerning the act;

(2) Draft recommended revisions to the act; and

(3) Prepare written comments on the act to be included in the Senate or House Journals. The committee shall consist of the following members:

(a) One member each of the majority and minority parties of the senate, appointed by the president of the senate;

(b) One member each of the majority and minority parties of the house of representatives, appointed by the speaker of the house of representatives;

(c) Four members of the drafting subcommittee of the senate judiciary condominium task force;

(d) One member appointed by the Washington land title association;

(e) One member appointed by the Washington mortgage bankers association;

(f) One member appointed by the Washington association of realtors;

(g) One member appointed by the Washington chapter of the community associations institute;

(h) One member appointed by the homebuilders association of Washington state;

(i) One member appointed by the Washington state bar association;

(j) One member appointed by the Washington association of county officials; and

(k) Two members appointed by the governor.

The committee shall report to the senate law and justice committee and the house judiciary committee before March 1, 1990.

This section shall expire March 1, 1990.

NEW SECTION. Sec. 6. CAPTIONS. Section captions as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 7. EFFECTIVE DATE. Sections 1 through 4 of this act shall take effect July 1, 1990.

Passed the House April 23, 1989.

Passed the Senate April 23, 1989.

Approved by the Governor May 14, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 14, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 1, 3, and 4, House Bill No. 1656 entitled:

"AN ACT Relating to regulation of the sale of lands."

I vetoed similar language contained in Substitute Senate Bill No. 5208, because the interests of purchasers were not adequately protected.

The Legislature responded by making changes to sections 2 and 5, so I am approving those sections today. However, sections 1, 3 and 4 still substantially limit the rights of individual condominium purchasers.

Section 1 is related to public offering statements. It states that an interest in a condominium is not a security for state regulatory purposes, under RCW 21.20, if the seller delivers to the purchaser a copy of the securities and exchange commission public offering statement. State security provisions do apply to an interest in a condominium in some cases. This section exempts a developer from having to give the carefully tailored public offering statement required by state law to purchasers. Purchasers need the information in the more detailed state public offering statement, since developers are given expanded rights to do phased projects and to control the homeowners' associations during the phasing.

Section 3 limits the time in which a purchaser can take action for breach of a warranty of quality. Purchasers must take action within four years of the time they take possession, regardless of when the defect is discovered.

Furthermore, the statute of limitations can possibly be interpreted to run four years after common elements are completed, regardless of when a purchaser buys into the project. I urge the Legislature to look at the interrelationship of purchasers' rights and the expanded rights of developers to ensure a balance. Under current case law, purchasers have three years from the date a construction defect is discovered, or should reasonably have been discovered, to bring an action. Hence it offers more protection to purchasers.

Section 4 leaves unclear when a conveyance is completed for purposes of determining when the risk of loss shifts to the purchaser, determining when the statute of limitations begins to run, and ascertaining when the seller has a right to the purchase

funds. Under current case law, the risk of property loss shifts to the purchaser at the time of conveyance, and the statute of limitations on certain actions against the builder under state law begins to run from the time of conveyance. Note, the provisions in the Uniform Condominium Act (UCA) requires a developer to file a certificate of substantial completion before the conveyance occurs. I believe current case law offers more protection for the purchaser, but recommend the Legislature consider adopting the provision in the UCA.

With the exception of sections 1, 3, and 4, House Bill No. 1656 is approved."

## CHAPTER 429

[Substitute Senate Bill No. 5984]

### YAKIMA RIVER BASIN—CONSERVATION AND WATER RIGHTS

AN ACT Relating to use of the waters of the Yakima river basin; and adding a new chapter to Title 90 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. (1) The legislature finds that:

(a) Under present physical conditions in the Yakima river basin there is an insufficient supply of water to satisfy the needs of the basin;

(b) Pursuant to P.L. 96-162, which was urged for enactment by this state, the United States is now conducting a study of ways to provide needed waters through improvements of the federal water project presently existing in the Yakima river basin;

(c) The interests of the state will be served by developing programs, in cooperation with the United States and the various water users in the basin, that increase the overall ability to manage basin waters in order to better satisfy both present and future needs for water in the Yakima river basin.

(2) It is the purpose of this chapter, consistent with these findings, to improve the ability of the state to work with the United States and various water users of the Yakima river basin in a program designed to satisfy both existing rights, and other presently unmet as well as future needs of the basin.

(3) The provisions of this chapter apply only to waters of the Yakima river basin.

**NEW SECTION.** Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Net water savings" means the amount of water that through hydrological analysis is determined to be conserved and usable for other purposes without impairing existing water rights, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other water users.

(3) "Trust water right" means that portion of an existing water right, constituting net water savings, that is no longer required to be diverted for beneficial use due to the installation of a water conservation project that

improves an existing system. The term "trust water right" also applies to any other water right acquired by the department under this chapter for management in the Yakima river basin trust water rights program.

(4) "Water conservation project" means any project funded to further the purposes of this chapter and that achieves physical or operational improvements of efficiency in existing systems for diversion, conveyance, or application of water under existing water rights.

**NEW SECTION.** Sec. 3. (1) The department may acquire water rights, including but not limited to storage rights, by purchase, gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights.

(2) The department may make such other arrangements, including entry into contracts with other persons or entities as appropriate to ensure that trust water rights acquired in accordance with this chapter can be exercised to the fullest possible extent.

(3) The trust water rights may be acquired on a temporary or permanent basis.

**NEW SECTION.** Sec. 4. (1) For the purposes of this chapter, the department is authorized to enter into contracts with water users for the purpose of providing moneys to users to assist in the financing of water conservation projects. In exchange for the financial assistance provided for the purposes of this chapter, the water users shall convey the trust water rights, created as a result of the assistance, to the department of ecology.

(2) No contract shall be entered into by the department with a water user under this chapter unless it appears to the department that, upon the completion of a water conservation project financed with moneys as provided in this section, a valid water right exists for conveyance to the department.

(3) The department shall cooperate fully with the United States in the implementation of this chapter. Trust water rights may be acquired through expenditure of funds provided by the United States and shall be treated in the same manner as trust water rights resulting from the expenditure of state funds.

(4) When water is proposed to be acquired by or conveyed to the department as a trust water right by an irrigation district, evidence of the district's authority to represent the water right holders must be submitted to, and for the satisfaction of, the department.

(5) The department shall not acquire an individual's water right under this chapter that is appurtenant to land lying within an irrigation district without the approval of the board of directors of the irrigation district.

**NEW SECTION.** Sec. 5. (1) All trust water rights acquired by the department shall be placed in the Yakima river basin trust water rights

program to be managed by the department. The department shall issue a water right certificate in the name of the state of Washington for each trust water right it acquires.

(2) Trust water rights shall retain the same priority date as the water right from which they originated. Trust water rights may be modified as to purpose or place of use or point of diversion, including modification from a diversionary use to a nondiversionary instream use.

(3) Trust water rights may be held by the department for instream flows and/or irrigation use.

(4) A schedule of the amount of net water saved as a result of water conservation projects carried out in accordance with this chapter, shall be developed annually to reflect the predicted hydrologic and water supply conditions, as well as anticipated water demands, for the upcoming irrigation season. This schedule shall serve as the basis for the distribution and management of trust water rights each year.

(5) No exercise of a trust water right may be authorized unless the department first determines that no existing water rights, junior or senior in priority, will be impaired as to their exercise or injured in any manner whatever by such authorization. Before any trust water right is exercised, the department shall publish notice thereof in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in such other newspapers as the department determines are necessary, once a week for two consecutive weeks. At the same time the department may also send notice thereof containing pertinent information to the director of fisheries and the director of wildlife.

(6) RCW 90.03.380 and 90.14.140 through 90.14.910 shall have no applicability to trust water rights held by the department under this chapter or exercised under this section.

NEW SECTION. Sec. 6. The department may adopt rules as appropriate to ensure full implementation of this chapter.

NEW SECTION. Sec. 7. The policies and purposes of this chapter shall not be construed as replacing or amending the policies or the purposes for which funds available under chapter 43.83B or 43.99E RCW may be used within or without the Yakima river basin.

NEW SECTION. Sec. 8. It is not the intent of this chapter to facilitate the transfer of water rights from one irrigation district to another.

NEW SECTION. Sec. 9. Nothing in this chapter shall authorize the impairment or operate to impair any existing water rights.

**NEW SECTION.** Sec. 10. Sections 1 through 9 of this act shall constitute a new chapter in Title 90 RCW.

Passed the Senate April 17, 1989.

Passed the House April 12, 1989.

Approved by the Governor May 14, 1989.

## CHAPTER 430

[Second Substitute Senate Bill No. 6051]

### CHILD CARE FACILITIES DEVELOPMENT—EMPLOYER INVOLVEMENT

AN ACT Relating to encouraging employer involvement in child care facilities development and services; amending RCW 43.31.085 and 43.168.050; adding new sections to chapter 43.31 RCW; creating new sections; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that increasing the availability and affordability of quality child care will enhance the stability of the family and facilitate expanded economic prosperity in the state. The legislature finds that balancing work and family life is a critical concern for employers and employees. The dramatic increase in participation of women in the work force has resulted in a demand for affordable child care exceeding the supply. The future of the state's work force depends in part upon the availability of quality affordable child care. There are not enough child care services and facilities to meet the needs of working parents, the costs of care are often beyond the resources of working parents, and facilities are not located conveniently to work places and neighborhoods. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the work force to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state's businesses.

The legislature further finds that a partnership between business and child care providers can help the market for child care adjust to the needs of businesses and working families and improve productivity, reduce absenteeism, improve recruitment, and improve morale among Washington's labor force. The legislature further finds that private and public partnerships and investments are necessary to increase the supply, affordability, and quality of child care in the state.

Sec. 2. Section 11, chapter 466, Laws of 1985 as amended by section 3, chapter 348, Laws of 1987 and RCW 43.31.085 are each amended to read as follows:

The business assistance center shall:

(1) Serve as the state's lead agency and advocate for the development and conservation of businesses.

(2) Coordinate the delivery of state programs to assist businesses.

(3) Provide comprehensive referral services to businesses requiring government assistance.

(4) Serve as the business ombudsman within state government and advise the governor and the legislature of the need for new legislation to improve the effectiveness of state programs to assist businesses.

(5) Aggressively promote business awareness of the state's business programs and distribute information on the services available to businesses.

(6) Develop, in concert with local economic development and business assistance organizations, coordinated processes that complement both state and local activities and services.

(7) The business assistance center shall work with other federal, state, and local agencies and organizations to ensure that business assistance services including small business, trade services, and distressed area programs are provided in a coordinated and cost-effective manner.

(8) In collaboration with the child care coordinating committee in the department of social and health services, prepare and disseminate information on child care options for employers and the existence of the program. As much as possible, and through interagency agreements where necessary, such information should be included in the routine communications to employers from (a) the department of revenue, (b) the department of labor and industries, (c) the department of community development, (d) the employment security department, (e) the department of trade and economic development, (f) the small business development center, and (g) the department of social and health services.

(9) In collaboration with the child care coordinating committee in the department of social and health services, compile information on and facilitate employer access to individuals, firms, organizations, and agencies that provide technical assistance to employers to enable them to develop and support child care services or facilities.

(10) Actively seek public and private money to support the child care facility fund described in section 3 of this act, staff and assist the child care facility fund committee as described in section 4 of this act, and work to promote applications to the committee for loan guarantees, loans, and grants.

NEW SECTION. Sec. 3. A child care facility fund is created. Money in the fund shall be used solely for the purpose of starting or improving a child care facility pursuant to sections 2 through 8 of this act. Only moneys from private or federal sources may be deposited into this fund.

NEW SECTION. Sec. 4. The child care facility fund committee is established within the business assistance center of the department of trade and economic development. The committee shall administer the child care facility fund, with review by the director of the department of trade and economic development.

(1) The committee shall have five members. The director of the department of trade and economic development shall appoint the members, who shall include:

(a) Two persons experienced in investment finance and having skills in providing capital to new businesses, in starting and operating businesses, and providing professional services to small or expanding businesses;

(b) One person representing a philanthropic organization with experience in evaluating funding requests;

(c) One child care services expert; and

(d) One early childhood development expert.

In making these appointments, the director shall give careful consideration to ensure that the various geographic regions of the state are represented and that members will be available for meetings and are committed to working cooperatively to address child care needs in Washington state.

(2) The committee shall elect officers from among its membership and shall adopt policies and procedures specifying the lengths of terms, methods for filling vacancies, and other matters necessary to the ongoing functioning of the committee.

(3) Committee members shall serve without compensation, but may request reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) Committee members shall not be liable to the state, to the child care facility fund, or to any other person as a result of their activities, whether ministerial or discretionary, as members except for willful dishonesty or intentional violation of the law. The department of trade and economic development may purchase liability insurance for members and may indemnify these persons against the claims of others.

NEW SECTION. Sec. 5. The child care facility fund committee is authorized to solicit applications for and award grants and loans from the child care facility fund to assist persons, businesses, or organizations to start a licensed child care facility, or to make capital improvements in an existing licensed child care facility. Grants and loans shall be awarded on a one-time only basis, shall not be awarded to cover operating expenses beyond the first three months of business, and no grant or loan shall exceed twenty-five thousand dollars.

NEW SECTION. Sec. 6. The child care facility fund committee is authorized, upon application, to use the child care facility fund to guarantee loans made to persons, businesses, or organizations to start a licensed child care facility, or to make capital improvements in an existing licensed child care facility.

(1) Loan guarantees shall be awarded on a one-time only basis, and shall not be awarded for loans to cover operating expenses beyond the first three months of business.

(2) The total aggregate amount of the loan guarantee awarded to any applicant may not exceed twenty-five thousand dollars and may not exceed eighty percent of the loan.

(3) The total aggregate amount of guarantee from the child care facility fund, with respect to the guaranteed portions of loans, may not exceed at any time an amount equal to five times the balance in the child care facility fund.

**NEW SECTION.** Sec. 7. The child care facility fund committee shall award loan guarantees, loans or grants to those persons, businesses, or organizations meeting the minimum standards set forth in this chapter who will best serve the intent of the chapter to increase the availability of high quality, affordable child care in Washington state. The committee shall promulgate rules regarding the application for and disbursement of loan guarantees, loans, or grants from the fund, including loan terms and repayment procedures. At a minimum, such rules shall require an applicant to submit a plan which includes a detailed description of:

(1) The need for a new or improved child care facility in the area served by the applicant;

(2) The steps the applicant will take to serve a reasonable number of handicapped children as defined in chapter 72.40 RCW, sick children, infants, children requiring night time or weekend care, or children whose costs of care are subsidized by government;

(3) Why financial assistance from the state is needed to start or improve the child care facility;

(4) How the guaranteed loan, loan, or grant will be used, and how such uses will meet the described need;

(5) The child care services to be available at the facility and the capacity of the applicant to provide those services; and

(6) The financial status of the applicant, including other resources available to the applicant which will ensure the continued viability of the facility and the availability of its described services.

Recipients shall annually for two years following the receipt of the loan guarantee, loan, or grant, submit to the child care facility fund committee a report on the facility and how it is meeting the child care needs for which it was intended.

**NEW SECTION.** Sec. 8. Where the child care facility fund committee makes a grant to a person, organization, or business, the grant shall be repaid to the child care facility fund if the child care facility using the grant to start or expand ceases to provide child care earlier than the following time periods from the date the grant is made: (1) Twelve months for a grant up to five thousand dollars; (2) twenty-four months for a grant over five thousand dollars up to ten thousand dollars; (3) thirty-six months for a grant over ten thousand dollars up to fifteen thousand dollars; (4) forty-eight months for a grant over fifteen thousand dollars up to twenty thousand

dollars; and (5) sixty months for a grant over twenty thousand dollars up to twenty-five thousand dollars.

Sec. 9. Section 5, chapter 164, Laws of 1985 as last amended by section 4, chapter 461, Laws of 1987 and RCW 43.168.050 are each amended to read as follows:

(1) The committee may only approve an application providing a loan for a project which the committee finds:

(a) Will result in the creation of employment opportunities or the maintenance of threatened employment;

(b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, and the employment of disadvantaged workers, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The committee shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The committee may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the committee. The committee may require an annual or other periodic audit of the project books.

~~((3))~~ (4) The committee may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

~~((4))~~ (5) (a) Except as provided in (b) of this subsection, the committee shall not approve any application which would result in a loan or grant in excess of three hundred fifty thousand dollars.

(b) The committee may approve an application which results in a loan or grant of up to seven hundred thousand dollars if the application has been approved by the director.

~~((5))~~ (6) The committee shall fix the terms and rates pertaining to its loans.

~~((6))~~ (7) Should there be more demand for loans than funds available for lending, the committee shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the "greatest amount of employment or benefit" the committee shall also consider the employment which would be saved by its loan.

~~((7))~~ (8) To the extent permitted under federal law the committee shall require applicants to provide for the transfer of all payments of principal and interest on loans to the Washington state development loan fund created under this chapter. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

~~((8))~~ (9) The committee shall not approve any application to finance or help finance a shopping mall.

~~((9))~~ (10) The committee shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. The committee shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

~~((10))~~ (11) If an objection is raised to a project on the basis of unfair business competition, the committee shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the committee if a project is not likely to result in a net increase in employment within a local market area.

NEW SECTION. Sec. 10. Sections 3 through 8 of this act are each added to chapter 43.31 RCW.

NEW SECTION. Sec. 11. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1989, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Be it enacted by the Legislature of the State of Washington:

## I.

## LEGISLATIVE FINDINGS AND DEFINITIONS

Sec. 1. Section 1, chapter 134, Laws of 1969 ex. sess. as last amended by section 1, chapter 345, Laws of 1985 and RCW 70.95.010 are each amended to read as follows:

**FINDINGS.** The legislature finds:

(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs.

(4) ~~((The following priorities in the management of solid waste are necessary and should be followed in order of descending priority as applicable:~~

- ~~(a) Waste reduction;~~
- ~~(b) Waste recycling;~~

(c) Energy recovery or incineration; and

(d) Landfill.

(5)) Waste reduction must become a fundamental strategy of solid waste management. It is therefore necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility.

(5) Source separation of waste must become a fundamental strategy of solid waste management. Collection and handling strategies should have, as an ultimate goal, the source separation of all materials with resource value or environmental hazard.

(6)(a) It is the responsibility of every person to minimize his or her production of wastes and to separate recyclable or hazardous materials from mixed waste.

(b) It is the responsibility of state, county, and city governments to provide for a waste management infrastructure to fully implement waste reduction and source separation strategies and to process and dispose of remaining wastes in a manner that is environmentally safe and economically sound. It is further the responsibility of state, county, and city governments to monitor the cost-effectiveness and environmental safety of combusting separated waste, processing mixed waste, and recycling programs.

(c) It is the responsibility of county and city governments to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies.

(d) It is the responsibility of state government to ensure that local governments are providing adequate source reduction and separation opportunities and incentives to all, including persons in both rural and urban areas, and nonresidential waste generators such as commercial, industrial, and institutional entities, recognizing the need to provide flexibility to accommodate differing population densities, distances to and availability of recycling markets, and collection and disposal costs in each community; and to provide county and city governments with adequate technical resources to accomplish this responsibility.

(7) Environmental and economic considerations in solving the state's solid waste management problems requires strong consideration by local governments of regional solutions and intergovernmental cooperation.

(8) The following priorities for the collection, handling, and management of solid waste are necessary and should be followed in descending order as applicable:

(a) Waste reduction;

(b) Recycling, with source separation of recyclable materials as the preferred method;

(c) Energy recovery, incineration, or landfill of separated waste;

(d) Energy recovery, incineration, or landfilling of mixed wastes.

(9) It is the state's goal to achieve a fifty percent recycling rate by 1995.

(10) Steps should be taken to make recycling at least as affordable and convenient to the ratepayer as mixed waste disposal.

(11) It is necessary to compile and maintain adequate data on the types and quantities of solid waste that are being generated and to monitor how the various types of solid waste are being managed.

(12) Vehicle batteries should be recycled and the disposal of vehicle batteries into landfills or incinerators should be discontinued.

(13) Excessive and nonrecyclable packaging of products should be avoided.

(14) Comprehensive education should be conducted throughout the state so that people are informed of the need to reduce, source separate, and recycle solid waste.

(15) All governmental entities in the state should set an example by implementing aggressive waste reduction and recycling programs at their workplaces and by purchasing products that are made from recycled materials and are recyclable.

(16) To ensure the safe and efficient operations of solid waste disposal facilities, it is necessary for operators and regulators of landfills and incinerators to receive training and certification.

(17) It is necessary to provide adequate funding to all levels of government so that successful waste reduction and recycling programs can be implemented.

(18) The development of stable and expanding markets for recyclable materials is critical to the long-term success of the state's recycling goals. Market development must be encouraged on a state, regional, and national basis to maximize its effectiveness. The state shall assume primary responsibility for the development of a multifaceted market development program to carry out the purposes of this act.

(19) There is an imperative need to anticipate, plan for, and accomplish effective storage, control, recovery, and recycling of discarded ((vehicle)) tires and other problem wastes with the subsequent conservation of resources and energy.

## II.

It is the intent of the legislature that the fees collected under the provisions of this chapter shall reasonably approximate the cost of supervising and regulating motor carriers subject thereto, and to that end the utilities and transportation commission is authorized to decrease the schedule of fees provided in this section by general order entered before March 1st of any year in which it determines that the moneys then in the (~~garbage and refuse~~) solid waste collection companies account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating such carriers.

All fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be by it transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund.

Sec. 25. Section 11, chapter 295, Laws of 1961 as amended by section 2, chapter 436, Laws of 1985 and RCW 81.77.100 are each amended to read as follows:

In all other cases such temporary certificate may be issued for a period not to exceed one hundred twenty days. The commission may prescribe such special rules and regulations and impose such special terms and conditions with reference thereto as in its judgment are reasonable and necessary in carrying out the provisions of this chapter. The commission shall collect a fee of twenty-five dollars for an application for such temporary certificate.

pursuant to the provisions of a comprehensive solid waste plan adopted pursuant to chapter 70.95 RCW: PROVIDED, That for any solid waste collected by a private hauler operating pursuant to a certificate granted by the Washington utilities and transportation commission under the provisions of chapter 81.77 RCW and which certificate is for collection in a geographic area lying in more than one county, such designation of disposal sites shall be pursuant to an interlocal agreement between the involved counties.

Such systems may also provide for the processing and conversion of solid wastes into other valuable or useful products with full jurisdiction and authority to construct, lease, purchase, acquire, manage, regulate, maintain, operate, and control such system and plants, and to enter into agreements with public or private parties providing for the construction, purchase, acquisition, lease, maintenance, and operation of systems and plants for the processing and conversion of solid wastes and for the sale of said products. Contracts shall be for facilities that are in substantial compliance with the solid waste management plans prepared pursuant to chapter 70.95 RCW.

The legislative authority of a county may award contracts for solid waste handling, and such contracts may provide that a county pay a minimum periodic fee in consideration of the operational availability of a solid waste handling system or plant, without regard to the ownership of the system or plant or the amount of solid waste actually handled during all or any part of the contractual period. There shall be included in the contract specific allocation of financial responsibility in cases where the amount of solid waste handled during the contract period falls below the minimum level provided in the contract.

The legislative authority of a county may:

(1) By ordinance award a contract to collect source separated recyclable materials from residences within unincorporated areas. The legislative authority has complete authority to manage, regulate, and fix the price of the source separated recyclable collection service. The contracts may provide that the county pay minimum periodic fees to a municipal entity or permit holder; or

(2) Notify the commission in writing to carry out and implement the provisions of the waste reduction and recycling element of the comprehensive solid waste management plan.

This election may be made by counties at any time after the effective date of this act. An initial election must be made no later than ninety days following approval of the local comprehensive waste management plan required by section 3 of this act.

Nothing in this section shall be construed to authorize the operation of a solid waste collection system by counties.

NEW SECTION. Sec. 29. A new section is added to chapter 81.77 RCW to read as follows:

(1) Beginning July 1, 1991, on its own motion, or upon petition by any person, the commission shall determine the competitiveness of a market for the collection of source separated recyclable materials from residences, except for markets served by cities or towns, or under contract with cities, towns, or counties. If the commission finds that the market is effectively competitive it shall award authority to collect such recyclable materials using a competitive bidding process. For purposes of this section "effective competition" means that:

(a) Sufficient competition exists to ensure that no single competitor can exercise undue market power in the bidding process; and

(b) Use of competitive bidding will result in cost-effective recycling.

(2) Authority awarded using competitive bidding shall last no longer than five years.

(3) The competitive bidding process shall be conducted according to commission rules. The selection of the winning bid shall be made by the local government with solid waste planning authority for the market area. The local government may reject all bids. After the local government has selected a winning bidder, that bidder shall be subject to commission jurisdiction for purposes of enforcing compliance with the terms of the bid. If the commission awards authority using competitive bidding, a local government may not use its option under section 18 of this act until the expiration of the authority.

The commission shall adopt rules to implement this section no later than October 1, 1990.

If the commission approves a program to collect source separated recyclables from residences from the effective date of this act through June 30, 1991, the approval shall not be for more than three years.

This section expires June 30, 1991.

**NEW SECTION.** Sec. 30. A new section is added to chapter 81.77 RCW to read as follows:

**PASS-THROUGH RATES.** The commission, in fixing and altering collection rates charged by every solid waste collection company under this section, shall include in the base for the collection rates:

(1) All charges for the disposal of solid waste at the facility or facilities that the solid waste collection company is required to use under a local comprehensive solid waste management plan or ordinance designating disposal sites; and

(2) All known and measurable costs related to implementation of the approved county or city comprehensive solid waste management plan.

If a solid waste collection company files a tariff to recover the costs specified under this section, and the commission suspends the tariff, the portion of the tariff covering costs specified in this section shall be placed in effect by the commission at the request of the company on an interim basis

as of the originally filed effective date, subject to refund, pending the commission's final order. The commission may adopt rules to implement this section.

**NEW SECTION.** Sec. 31. A new section is added to chapter 81.77 RCW to read as follows:

Nothing in this chapter shall prevent a recycling company or nonprofit entity from collecting and transporting recyclable materials from a buy-back center, drop-box, or from a commercial or industrial generator of recyclable materials, or upon agreement with a solid waste collection company.

Nothing in this chapter shall be construed as prohibiting a commercial or industrial generator of commercial recyclable materials from selling, conveying, or arranging for transportation of such material to a recycler for reuse or reclamation.

### STATE GOVERNMENT WASTE REDUCTION AND RECYCLING

NEW SECTION. Sec. 53. A new section is added to chapter 70.95C RCW to read as follows:

**WASTE REDUCTION AND RECYCLING PLAN.** The legislature finds and declares that the buildings and facilities owned and leased by state government produce significant amounts of solid and hazardous wastes, and actions must be taken to reduce and recycle these wastes and thus reduce the costs associated with their disposal. In order for the operations of state government to provide the citizens of the state an example of positive waste management, the legislature further finds and declares that state government should undertake an aggressive program designed to reduce and recycle solid and hazardous wastes produced in the operations of state buildings and facilities to the maximum extent possible.

The office of waste reduction, in cooperation with the department of general administration, shall establish an intensive waste reduction and recycling program to promote the reduction of waste produced by state agencies and to promote the source separation and recovery of recyclable and reusable materials.

All state agencies, including but not limited to, colleges, community colleges, universities, offices of elected and appointed officers, the supreme court, court of appeals, and administrative departments of state government shall fully cooperate with the office of waste reduction and recycling in all phases of implementing the provisions of this section. The office shall establish a coordinated state plan identifying each agency's participation in waste reduction and recycling. The office shall develop the plan in cooperation with a multi-agency committee on waste reduction and recycling. Appointments to the committee shall be made by the director of the department of general administration. The director shall notify each agency of the committee, which shall implement the applicable waste reduction and recycling plan elements. All state agencies are to use maximum efforts to achieve a goal of increasing the use of recycled paper by fifty percent by July 1, 1993.

**NEW SECTION.** Sec. 54. A new section is added to chapter 70.95C RCW to read as follows:

**WASTE REDUCTION AND RECYCLING AWARDS PROGRAM.** The office of waste reduction shall develop, in consultation with the superintendent of public instruction, an awards program to achieve waste reduction and recycling in the public schools, grades kindergarten through high school. The office shall develop guidelines for program development and implementation. Each public school shall implement a waste reduction and recycling program conforming to guidelines developed by the office.

For the purpose of granting awards, the office may group schools into not more than three classes, based upon student population, distance to markets for recyclable materials, and other criteria, as deemed appropriate by the office. Awards shall be granted each year to the schools that achieve the greatest levels of waste reduction and recycling. Each award shall be of a sum not less than ten thousand dollars. The office shall also develop recommendations for an awards program for waste reduction in the public schools. The office shall submit these recommendations to the appropriate standing committees in the house of representatives and senate on or before November 30, 1989.

The superintendent of public instruction shall distribute guidelines and other materials developed by the office to implement programs to reduce and recycle waste generated in administrative offices, classrooms, laboratories, cafeterias, and maintenance operations.

**NEW SECTION.** Sec. 55. A new section is added to chapter 70.95 RCW to read as follows:

No solid waste incineration or energy recovery facility shall be operated prior to the completion of an environmental impact statement containing the considerations required under RCW 43.21C.030(2)(c) and prepared pursuant to the procedures of chapter 43.21C RCW. This section does not apply to a facility operated prior to January 1, 1989, as a solid waste incineration facility or energy recovery facility burning solid waste.

## VIII.

### PREFERENTIAL RECYCLING PRODUCT PURCHASES

Sec. 56. Section 2, chapter 120, Laws of 1987 as amended by section 3, chapter 168, Laws of 1988 and RCW 35.23.352 are each amended to read as follows:

(1) Any second or third class city or any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies and equipment will not exceed the sum of thirty thousand dollars if more than one craft or trade is involved with the public works, or twenty thousand dollars if a single craft or trade is involved with the public works or the public works project is

street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon posting notice calling for sealed bids upon the work. The notice thereof shall be posted in a public place in the city or town and by publication in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids, once each week for two consecutive weeks before the date fixed for opening the bids. The notice shall generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in the full amount of the contract price. If the bidder fails to enter into the contract in accordance with his bid and furnish a bond within ten days from the date at which he is notified that he is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second or third class city or a town may use a small works roster and award contracts under this subsection for contracts of one hundred thousand dollars or less.

(a) The city or town may maintain a small works roster comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in this state.

(b) Whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less, and the city uses the small works roster, the city or town shall invite proposals from all appropriate contractors on the small works roster: **PROVIDED**, That whenever possible, the city or town shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section. The invitation shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

(c) When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or less, the city or town shall award the contract to the contractor submitting the lowest responsible bid.

(4) After September 1, 1987, each second class city, third class city, and town shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and labor on that construction project.

(6) Any purchase of supplies, material, equipment or services other than professional services, except for public work or improvement, where the cost thereof exceeds seven thousand five hundred dollars shall be made upon call for bids: **PROVIDED**, That the limitations herein shall not apply to any purchases of materials at auctions conducted by the government of the United States, any agency thereof or by the state of Washington or a political subdivision thereof.

(7) Bids shall be called annually and at a time and in the manner prescribed by ordinance for the publication in a newspaper published or of general circulation in the city or town of all notices or newspaper publications required by law. The contract shall be awarded to the lowest responsible bidder.

(8) For advertisement and competitive bidding to be dispensed with as to purchases between seven thousand five hundred and fifteen thousand dollars, the city legislative authority must authorize by resolution a procedure for securing telephone and/or written quotations from enough vendors to assure establishment of a competitive price and for awarding the contracts for purchase of materials, equipment, or services to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

(9) These requirements for purchasing may be waived by resolution of the city or town council which declared that the purchase is clearly and legitimately limited to a single source or supply within the near vicinity, or the materials, supplies, equipment, or services are subject to special market conditions, and recites why this situation exists. Such actions are subject to RCW 39.30.020.

(10) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(11) Nothing in this section shall prohibit any second or third class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 57. Section 36.32.250, chapter 4, Laws of 1963 as last amended by section 9, chapter 169, Laws of 1985 and by section 1, chapter 369, Laws of 1985 and RCW 36.32.250 are each reenacted and amended to read as follows:

No contract, lease, or purchase may be entered into by the county legislative authority or by any elected or appointed officer of such county until after bids have been submitted to the county upon specifications therefor. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection, and an advertisement thereof stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, or material, equipment, or service to be purchased, and that specifications therefor may be seen at the office of the clerk of the county legislative authority, shall be published in the county official newspaper: PROVIDED, That advertisements for public works contracts for construction, alteration, repair, or improvement of public facilities shall be additionally published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done: AND PROVIDED FURTHER, That if the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done publication of an advertisement of the applicable specifications in the county official newspaper only shall be sufficient. Such advertisements shall be published at least once in each week for two consecutive weeks prior to the last date upon which bids will be received and as many additional publications as shall be determined by the county legislative authority. The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in said advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed. The contract for the

public work, lease, or purchase shall be awarded to the lowest responsible bidder, taking into consideration the quality of the articles or equipment to be purchased or leased. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law. If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. In the letting of any contract, lease, or purchase involving less than three thousand five hundred dollars, advertisement and competitive bidding may be dispensed with on order of the county legislative authority. Notice of intention to let contracts or to enter into lease agreements involving amounts exceeding one thousand dollars but less than three thousand five hundred dollars, shall be posted by the county legislative authority on a bulletin board in its office not less than three days prior to making such lease or contract. For advertisement and competitive bidding to be dispensed with as to purchases between one thousand and three thousand five hundred dollars, the county legislative authority must authorize by resolution a county procedure for securing telephone or written quotations, or both, from enough vendors to assure establishment of a competitive price and for awarding such contracts for purchase of materials, equipment, or services to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. Wherever possible, supplies shall be purchased in quantities for a period of at least three months, and not to exceed one year. Supplies generally used throughout the various departments shall be standardized insofar as possible, and may be purchased and stored for general use by all of the various departments which shall be charged for the supplies when withdrawn from the purchasing department.

This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

Nothing in this section shall prohibit the legislative authority of any county from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 58. Section 1, chapter 72, Laws of 1985 and RCW 39.30.040 are each amended to read as follows:

(1) Whenever a unit of local government is required to make purchases from the lowest bidder or from the supplier offering the lowest price for the

items desired to be purchased, the unit of local government may, at its option when awarding a purchase contract, take into consideration tax revenue it would receive from purchasing the supplies, materials, or equipment from a supplier located within its boundaries. The unit of local government must award the purchase contract to the lowest bidder after such tax revenue has been considered. However, any local government may allow for preferential purchase of products made from recycled materials or products that may be recycled or reused. The tax revenues which units of local government may consider include sales taxes that the unit of local government imposes upon the sale of such supplies, materials, or equipment from the supplier to the unit of local government, and business and occupation taxes that the unit of local government imposes upon the supplier that are measured by the gross receipts of the supplier from such sale. Any unit of local government which considers tax revenues it would receive from the imposition of taxes upon a supplier located within its boundaries, shall also consider tax revenues it would receive from taxes it imposes upon a supplier located outside its boundaries.

(2) As used in this section, the term "unit of local government" means any county, city, town, metropolitan municipal corporation, public transit benefit area, county transportation authority, or other municipal or quasi-municipal corporation authorized to impose sales and use taxes or business and occupation taxes.

Sec. 59. Section 1, chapter 120, Laws of 1987 and RCW 35.22.620 are each amended to read as follows:

(1) As used in this section, the term "public works" means as defined in RCW 39.04.010.

(2) A first class city may have public works performed by contract pursuant to public notice and call for competitive bids. As limited by subsection (3) of this section, a first class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period. The amount of public works that a first class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city

when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population in excess of one hundred fifty thousand shall not have public employees perform a public works project in excess of fifty thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of twenty-five thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population of one hundred fifty thousand or less shall not have public employees perform a public works project in excess of thirty-five thousand dollars if more than one craft or trade is involved with the public works project, or a public works project in excess of twenty thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

(4) In addition to the accounting and record-keeping requirements contained in RCW 39.04.070, every first class city annually shall prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public employees above or below ten percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report shall indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ten percent of the total biennial construction budget.

After September 1, 1987, each first class city with a population of one hundred fifty thousand or less shall use the form required by RCW 43.09-.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(6) When any emergency shall require the immediate execution of such public work, upon the finding of the existence of such emergency by the authority having power to direct such public work to be done and duly entered of record, publication of description and estimate may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the city council shall adopt a resolution certifying the existence of this emergency situation.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first class city may use a small works roster and award contracts under this subsection for contracts of one hundred thousand dollars or less.

(a) The city may maintain a small works roster comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in this state.

(b) Whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less, and the city uses the small works roster, the city shall invite proposals from all appropriate contractors on the small works roster: PROVIDED, That not less than five separate appropriate contractors, if available, shall be invited to submit bids on any one contract: PROVIDED FURTHER, That whenever possible, the city shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section. Once a bidder on the small works roster has been offered an opportunity to bid, that bidder shall not be offered another opportunity until all other appropriate contractors on the small works roster have been afforded an opportunity to submit a bid. Invitations shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

(c) When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or less, the city shall award the contract to the contractor submitting the lowest responsible bid.

(8) The allocation of public works projects to be performed by city employees shall not be subject to a collective bargaining agreement.

(9) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(10) Nothing in this section shall prohibit any first class city from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 60. Section 43.19.1911, chapter 8, Laws of 1965 as last amended by section 4, chapter 183, Laws of 1983 and RCW 43.19.1911 are each amended to read as follows:

When purchases are made through competitive bidding, the contract shall be let to the lowest responsible bidder, subject to any preferences provided by law to Washington products and vendors and to RCW 43.19.704, taking into consideration the quality of the articles proposed to be supplied, their conformity with specifications, the purposes for which required, and the times of delivery: PROVIDED, That whenever there is reason to believe that the lowest acceptable bid is not the best price obtainable, all bids may be rejected and the division of purchasing may call for new bids or enter into direct negotiations to achieve the best possible price. Each bid with the name of the bidder shall be entered of record and each record, with the successful bid indicated, shall, after letting of the contract, be open to public inspection. In determining "lowest responsible bidder", in addition to price, the following elements shall be given consideration:

(1) The ability, capacity, and skill of the bidder to perform the contract or provide the service required;

(2) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;

(3) Whether the bidder can perform the contract within the time specified;

(4) The quality of performance of previous contracts or services;

(5) The previous and existing compliance by the bidder with laws relating to the contract or services;

(6) Such other information as may be secured having a bearing on the decision to award the contract: PROVIDED, That in considering bids for purchase, manufacture, or lease, and in determining the "lowest responsible bidder," whenever there is reason to believe that applying the "life cycle costing" technique to bid evaluation would result in lowest total cost to the state, first consideration shall be given by state purchasing activities to the bid with the lowest life cycle cost which complies with specifications. "Life cycle cost" means the total cost of an item to the state over its estimated useful life, including costs of selection, acquisition, operation, maintenance, and where applicable, disposal, as far as these costs can reasonably be determined, minus the salvage value at the end of its estimated useful life. The "estimated useful life" of an item means the estimated time from the date of acquisition to the date of replacement or disposal, determined in any reasonable manner. Nothing in this section shall prohibit any state agency, department, board, commission, committee, or other state-level entity from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

## IX.

## MARKETING OF RECYCLABLE MATERIALS

Sec. 61. Section 1, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 1, chapter 422, Laws of 1987 and RCW 43.160.010 are each amended to read as follows:

**FINDINGS REGARDING RECYCLING MARKETS.** (1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

(3) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

Sec. 62. Section 6, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 5, chapter 422, Laws of 1987 and RCW 43.160.060 are each amended to read as follows:

**COMMUNITY ECONOMIC REVITALIZATION BOARD LOANS AND GRANTS.** The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not make a grant or loan:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that probably would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only make grants or loans:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, and industrial distribution((:)); (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; or ~~((ii))~~ (iv) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.

(3) The board shall prioritize each proposed project according to the number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.

(4) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any loan or grant application is approved, the political subdivision seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

NEW SECTION. Sec. 63. A new section is added to chapter 43.160 RCW to read as follows:

**ECOLOGY REVIEW.** (1) Before board consideration of an application from a political subdivision that includes a request for assistance in financing the cost of public facilities to encourage the development of a private facility to process recyclable materials, the application shall be forwarded by the board to the department of ecology.

(2) The department of ecology shall submit a recommendation on all applications related to processing recyclable materials to the board for their consideration.

(3) Upon receiving an application for assistance in financing the cost of public facilities to encourage the development of a private facility to process

recyclable materials from the board, the department of ecology shall, within thirty days, determine whether or not the proposed assistance:

(a) Has a significant impact on the residential and commercial waste stream;

(b) Results in a product that has a ready market;

(c) Does not jeopardize any other planned market development projects; and

(d) Results in a product that would otherwise be purchased out-of-state.

(4) Upon completion of its determination of the factors contained in subsection (3) of this section and any other factors it deems pertinent, the department of ecology shall forward its recommended approval, as submitted or amended, or recommended disapproval of the proposed improvements to the board, along with any recommendation it may wish to make concerning the desirability and feasibility of the proposed market development. If the department of ecology recommends disapproval of any proposed project, it shall specify its reasons for recommending disapproval.

(5) The board shall notify the department of ecology of its decision regarding any application made under this section.

**NEW SECTION.** Sec. 64. A new section is added to chapter 43.31 RCW to read as follows:

**DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT.** (1) The department is the lead state agency to assist in establishing and improving markets for recyclable materials generated in the state. This priority on creating and expanding a recyclables market should be fully integrated into the current targeted sector marketing programs of the department. In carrying out these marketing responsibilities, the department shall work closely with the office of waste reduction in the department of ecology.

(2) The department of trade and economic development, with the assistance of the department of ecology and the committee for recycling markets created by section 100 of this act, shall develop programs to accomplish the following:

(a) Develop new markets inside and outside this state for recycled materials;

(b) Attract new businesses to this state whose purpose is to use recycled materials;

(c) Educate businesses and consumers about the high quality of Washington recycled materials;

(d) Promote business and consumer use of products made from recycled materials;

(e) Provide technical market assistance to businesses and local governments;

(f) Cooperate with and secure the cooperation of any department, agency, commission, or instrumentality in state or local government affected by or concerned with market development; and

(g) Create and maintain a list of recyclers, collectors, and other persons or entities interested in the development of markets for recycling and solicit the opinions of those persons with respect to market development.

The board shall be a subcommittee of the solid waste advisory committee created under RCW 70.95.040 and shall be comprised of five members appointed by the director. ## XI. REVENUE

Sec. 78. Section 6, chapter 282, Laws of 1986 and RCW 82.18.010 are each amended to read as follows:

For purposes of this chapter:

(1) "~~((Refuse))~~ Solid waste collection business" means every person who receives solid waste for transfer, storage, or disposal including but not limited to all collection services, public or private dumps, transfer stations, and similar operations.

(2) "Person" shall have the meaning given in RCW 82.04.030 or any later, superseding section.

(4) "Taxpayer" means that person upon whom the ~~((refuse))~~ solid waste collection tax is imposed.

Sec. 79. Section 7, chapter 282, Laws of 1986 and RCW 82.18.020 are each amended to read as follows:

**SOLID WASTE COLLECTION TAX.** There is imposed on each person using the solid waste services of a ~~((refuse))~~ solid waste collection business a ~~((refuse))~~ solid waste collection tax equal to three and six-tenths percent of the consideration charged for the services.

**NEW SECTION.** Sec. 80. A new section is added to chapter 82.18 RCW to read as follows:

**SOLID WASTE COLLECTION TAX.** (1) There is imposed on each person using the services of a solid waste collection business a solid waste collection tax of one percent of the consideration charged for the services.

This tax shall be applied only to a service charge for actual solid waste collection services that are provided. For residential collection service only, the tax shall apply to the lesser of the consideration charged for the services or:

(a) For customers with less than two-can service, the first eight dollars of the monthly charge for the services.

(b) For customers with two-can service or more, the first twelve dollars of the monthly charge for the services.

NEW SECTION. Sec. 81. The expiration of section 80 of this act shall not be construed as affecting any existing right acquired or liability or obligation incurred under that section or under any rule or order adopted under that section, nor as affecting any proceeding instituted under that section.

NEW SECTION. Sec. 82. Section 80 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989.

NEW SECTION. Sec. 83. The joint select committee on preferred solid waste management created pursuant to section 91 of this act shall report to the legislature by January 1, 1993, as to whether the tax imposed under section 80 of this act should be continued or modified to achieve the purposes of this act.

Sec. 84. Section 8, chapter 282, Laws of 1986 and RCW 82.18.030 are each amended to read as follows:

The person collecting the charges made for using the ~~((refuse))~~ solid waste collection business shall collect the tax imposed in ~~((section 6 of this act))~~ this chapter. If any person charged with collecting the tax fails to bill the taxpayer for the tax, or in the alternative has not notified the taxpayer in writing of the imposition of the tax, or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax.

Sec. 85. Section 9, chapter 282, Laws of 1986 and RCW 82.18.040 are each amended to read as follows:

Taxes collected under this chapter shall be held in trust until paid to the state. Except for taxes received under section 80 of this act, taxes so received by the state shall be deposited in the public works assistance account created in RCW 43.155.050. Any person collecting the tax who appropriates or converts the tax collected shall be guilty of a gross misdemeanor if

the money required to be collected is not available for payment on the date payment is due. If a taxpayer fails to pay the tax imposed by this chapter to the person charged with collection of the tax and the person charged with collection fails to pay the tax to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the tax.

The tax shall be due from the taxpayer within twenty-five days from the date the taxpayer is billed by the person collecting the tax.

The tax shall be due from the person collecting the tax at the end of the tax period in which the tax is received from the taxpayer. If the taxpayer remits only a portion of the total amount billed for taxes, consideration, and related charges, the amount remitted shall be applied first to payment of the ~~((refuse))~~ solid waste collection tax and this tax shall have priority over all other claims to the amount remitted.

The ~~((refuse))~~ solid waste collection ~~((tax))~~ taxes imposed in this chapter shall not apply to any agency, division, or branch of the federal government or to services rendered under a contract therewith.

Sec. 87. Section 11, chapter 282, Laws of 1986 and RCW 82.18.060 are each amended to read as follows:

To prevent pyramiding and multiple taxation of a single transaction, ~~((this tax))~~ the solid waste collection taxes imposed in this chapter shall not apply to any ~~((refuse))~~ solid waste collection business using the services of another ~~((refuse))~~ solid waste collection business for the transfer, storage, processing, or disposal of the waste collected during the transaction.

To be eligible for this exemption, a person first must be certified by the department of revenue as a ~~((refuse))~~ solid waste collection business.

Sec. 88. Section 12, chapter 282, Laws of 1986 and RCW 82.18.070 are each amended to read as follows:

Chapter 82.32 RCW applies to the ~~((tax))~~ taxes imposed under this chapter.

**SOLID WASTE MANAGEMENT ACCOUNT.** The solid waste management account is created in the state treasury. Moneys in the account may only be spent after appropriation. Expenditures from the account may

only be used to carry out the purposes of this act. All earnings from the investment of balances in the solid waste management account except as provided in RCW 43.84.090, shall be deposited into the solid waste management account.

(1) The department shall share information on household hazardous waste pilot projects and strategies for management of moderate risk wastes with local governments as elements of a problem waste study. In doing so, the department shall prepare a report detailing progress in managing moderate risk wastes throughout the state.

The department of ecology shall conduct a study of the following problem wastes:

- (a) Moderate risk wastes generated by businesses and households;
- (b) Waste lubricating oil;
- (c) Petroleum contaminated soils;
- (d) Gypsum wastes from construction and demolition.

The study shall include an analysis and evaluation of the best available technologies for environmentally sound collection, storage, processing and/or disposal. Technologies shall be evaluated based on economic and environmental impacts. The priority shall be on the development of recommendations for achieving reduction and recycling of these wastes.

(2) In conducting the study, the department shall involve, consult, and create special advisory committees that will include membership from relevant industries, environmental groups, and local governments. The department shall submit a report, including recommendations, to the house of representatives environmental affairs committee and the senate environment and natural resources committee by December 15, 1990, and shall make the results of the study available to local governments. The award may be made to any general jurisdictional unit of local government or more than one such unit acting cooperatively in planning for such a facility.***

***(2) In making the awards the department shall apply the following criteria:***

(a) *The applicant proposes a plan for a system or facility that will accept a majority of the volume of the solid waste from beyond the boundaries of the local governments applying for the grant;*

(b) *The proposed plan will address the need for shared responsibility for the operation and closure of the facility among the local governments using the facility, and an equitable distribution of the liability that may be incurred based upon the origin of the solid waste handled at the facility;*

(c) *The plan will identify the public participation process to be used in planning and developing the system or facility;*

(d) *The plan will identify regulatory, planning, and financial issues that should be addressed by the state government and make recommendations for legislative or administrative actions;*

(e) *The plan is consistent with any applicable state and local solid waste management plans and the purposes of this act; and*

(f) *The applicant proposes a plan that will incorporate existing energy recovery, incineration, and/or disposal facilities.*

(4) *Grant recipients shall provide periodic progress reports to the department.*

\*Sec. 105 was vetoed, see message at end of chapter.

**\*NEW SECTION.** Sec. 106. *A facility that achieves an integrated waste management strategy relying upon several of the management priorities specified in RCW 70.95.010, and that receives a substantial volume of waste from an entire region of the state, shall be provided flexibility in the pursuit of such integrated waste management by the local government or governments preparing a comprehensive solid waste management plan for the area in which the facility is located.*

\*Sec. 106 was vetoed, see message at end of chapter.

### SEVERABILITY AND EMERGENCY CLAUSES

**NEW SECTION.** Sec. 107. *If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.*

**NEW SECTION.** Sec. 108. *Captions and headings used in this act do not constitute any part of the law.*

**NEW SECTION.** Sec. 109. *Sections 49 and 50 of this act are necessary for the immediate preservation of the public peace, health, or safety, or*

support of the state government and its existing public institutions, and shall take effect July 1, 1989.

Passed the House April 18, 1989.

Passed the Senate April 13, 1989.

Approved by the Governor May 15, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 15, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 7, 14, 44, 105, and 106, Engrossed Substitute House Bill No. 1671 entitled:

"AN ACT Relating to solid waste."

This is landmark legislation. It is a major step forward in solid waste management and is entirely consistent with my explicitly stated goal that this state do far more in the area of waste reduction and recycling.

This bill makes significant changes in the way this state manages solid waste. Specifically, the thrust of this bill is to move solid waste management toward waste reduction and recycling in order to provide greater environmental protection and to minimize costly cleanup of environmental problems. Over the last two years, the Joint Select Committee for Preferred Solid Waste Management has examined this issue thoroughly and this legislation is the result of effort. The bill puts into place mechanisms to ensure that waste reduction and recycling is treated as a priority and implemented in order to minimize reliance on incineration and landfills. It establishes as a fundamental strategy the segregation of waste at its source in order to clean out of the waste stream those materials that have resource value, and to segregate those wastes which pose particular environmental hazards for proper management.

However, I have found it necessary to veto a number of sections of this bill. Section 7 removes a requirement in current statute that any city preparing an independent solid waste management plan must provide for disposal sites wholly within its jurisdiction. There has been a very long debate, involving many complex issues, over the proper county-city roles in the area of solid waste management. I am concerned that section 7 is inconsistent with the intent expressed in section 1 which is to encourage regional solutions.

Section 14 amends RCW 35.21.120 and makes technical changes clarifying city authority over solid waste handling. However, the same technical changes to RCW 35.21.120 were also made in section 1 of Substitute House Bill No. 1568. To avoid confusion, I am vetoing section 14.

Section 44 exempts business establishments from paying the B&O tax on the value of core deposits or credits on returnable products such as batteries, starters, brakes and other products. These deposits constitute gross proceeds and, in Washington, gross proceeds are taxed. Further, the reference to "other products with returnable value" is unqualified and potentially opens up a broad category of unknown products which are exempt from the B&O tax. I do not believe the incentive to recycle most of the currently discussed items will be impacted by the taxable status of the returnable value. For these reasons I am vetoing section 44.

Section 105 states that the Department of Ecology may give grants to local governments for regional facilities to manage wastes on an integrated waste management basis. This section duplicates the direction provided in section 1 that regional solutions be encouraged. Section 105 also directs the Department to give grants for integrated waste facilities; however, the Department already has this authority under current law. Finally, this section directs the Department to spend public funds on landfills and incineration facilities — clearly designated in Engrossed Substitute House Bill 1671 as lower waste management priorities — which possibly might come at the expense of the higher waste management priorities. By vetoing this section, I do not intend to compromise movement toward regional cooperation and facilities;

clearly, section 1(7) of Engrossed Substitute House Bill No. 1671 states that regional solutions and intergovernmental cooperation are required if we are to solve this state's solid waste management problems.

Section 106 states that a facility that achieves an integrated waste management strategy, and which receives a substantial volume of waste from a region, shall be provided flexibility by local government preparing a solid waste management plan. The thrust of this amendment is inconsistent with the objectives of Engrossed Substitute House Bill No. 1671. First, there are not several waste management priorities. There is a priority among them, and clearly the bill, as well as current statute, states that waste reduction and recycling are of the highest order. Second, the reference, "provided flexibility," suggests that a facility has some added leeway to depart from the reduction and recycling element which Engrossed Substitute House Bill No. 1671 requires to be adopted as part of each local government's solid waste management plan. The apparent inconsistency of this section with the overall intent of Engrossed Substitute House Bill No. 1671, and the ambiguity and the public policy implications warrant a veto of section 106.

With the exception of sections 7, 14, 44, 105, and 106, I am pleased to sign Engrossed Substitute House Bill No. 1671."

CHAPTER 2

[House Bill No. 2242]

OCEAN RESOURCES MANAGEMENT ACT

AN ACT Relating to oil spills and the transfer and safety of petroleum products across the marine waters of the state of Washington; adding a new chapter to Title 88 RCW; adding a new chapter to Title 43 RCW; adding new sections to chapter 90.58 RCW; creating new sections; prescribing penalties; and making appropriations.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature recognizes that oil spills and other forms of incremental pollution present serious danger to the fragile marine environment of Washington state. It is the intent and purpose of this chapter to define and prescribe financial responsibility requirements for vessels that transport petroleum products across the waters of the state of Washington.

NEW SECTION. Sec. 2. The following definitions apply throughout this chapter:

- (1) "Department" means the state department of ecology;
- (2) "Petroleum products" means oil as it is defined in RCW 90.48.315;
- (3) "Vessel" means every description of watercraft or other artificial contrivance used, or capable of being used, as a means of transportation on water.

NEW SECTION. Sec. 3. Any vessel over three hundred gross tons, that transports petroleum products as cargo, using any port or place in the state of Washington or the navigable waters of the state shall establish, under rules prescribed by the director of the department of ecology, evidence of financial responsibility in the amount of the greater of one million dollars, or one hundred fifty dollars per gross ton of such vessel, to meet the liability to the state of Washington for the following: (1) The actual costs

for removal of spills of petroleum products; (2) civil penalties and fines; and (3) natural resource damages.

**NEW SECTION.** Sec. 4. Financial responsibility may be established by any one of, or a combination of, the following methods acceptable to the director of the department of ecology: (1) Evidence of insurance; (2) surety bonds; (3) qualification as a self-insurer; or (4) other evidence of financial responsibility. Any bond filed shall be issued by a bonding company authorized to do business in the United States. Documentation of such financial responsibility shall be kept on any barge or tank vessel transporting petroleum products as cargo and filed with the department. The owner or operator of any other vessel shall maintain on the vessel a certificate issued by the United States coast guard evidencing compliance with the requirements of section 311 of the federal clean water act, 33 U.S.C. Sec. 1251 et seq.

**NEW SECTION.** Sec. 5. Any vessel owner or operator that does not meet the financial responsibility requirements of this act and any rules prescribed thereunder shall be reported to the secretary of transportation who shall suspend the privilege of operating said vessel until financial responsibility is demonstrated.

**NEW SECTION.** Sec. 6. Any owner or operator of a vessel subject to this chapter, who fails to comply with section 3 of this act or any regulation issued thereunder, shall be subject to a penalty not to exceed ten thousand dollars. The penalty shall be imposed pursuant to RCW 43.21B.300.

**NEW SECTION.** Sec. 7. Sections 1 through 6 of this act shall constitute a new chapter in Title 88 RCW.

**NEW SECTION.** Sec. 8. **LEGISLATIVE FINDINGS.** (1) Washington's coastal waters, seabed, and shorelines are among the most valuable and fragile of its natural resources.

(2) Ocean and marine-based industries and activities, such as fishing, aquaculture, tourism, and marine transportation have played a major role in the history of the state and will continue to be important in the future. Other industries and activities, such as those based on the development and extraction of minerals and other nonrenewable resources, can provide social and economic benefits as well.

(3) Washington's coastal waters, seabed, and shorelines are faced with conflicting use demands. Some uses may pose unacceptable environmental or social risks at certain times.

(4) At present, there is not enough information available to adequately assess the potential adverse effects of oil and gas exploration and production off Washington's coast.

(5) The state of Washington has primary jurisdiction over the management of coastal and ocean natural resources within three miles of its coastline. From three miles seaward to the boundary of the two hundred mile exclusive economic zone, the United States federal government has

primary jurisdiction. Since protection, conservation, and development of the natural resources in the exclusive economic zone directly affect Washington's economy and environment, the state has an inherent interest in how these resources are managed.

**NEW SECTION. Sec. 9. LEGISLATIVE POLICY AND INTENT.**

(1) The purpose of this chapter is to articulate policies and establish guidelines for the exercise of state and local management authority over Washington's coastal waters, seabed, and shorelines.

(2) There shall be no leasing of Washington's tidal or submerged lands extending from mean high tide seaward three miles along the Washington coast from Cape Flattery south to Cape Disappointment, nor in Grays Harbor, Willapa Bay, and the Columbia river downstream from the Longview bridge, for purposes of oil or gas exploration, development, or production until at least July 1, 1995. During the 1995 legislative session, the legislature shall determine whether the moratorium on leasing should be extended past July 1, 1995. This determination shall be based on the information available at that time, including the analysis described in section 12 of this act. If the legislature does not extend the moratorium on leasing, the moratorium will end on July 1, 1995. At any time that oil or gas leasing, exploration, and development are allowed to occur, these activities shall be required to meet or exceed the standards and criteria contained in section 11 of this act.

(3) When conflicts arise among uses and activities, priority shall be given to resource uses and activities that will not adversely impact renewable resources over uses which are likely to have an adverse impact on renewable resources.

(4) It is the policy of the state of Washington to actively encourage the conservation of liquid fossil fuels, and to explore available methods of encouraging such conservation.

(5) It is not currently the intent of the legislature to include recreational uses or currently existing commercial uses involving fishing or other renewable marine or ocean resources within the uses and activities which must meet the planning and review criteria set forth in section 11 of this act. It is not the intent of the legislature, however, to permanently exclude these uses from the requirements of section 11 of this act. If information becomes available which indicates that such uses should reasonably be covered by the requirements of section 11 of this act, the permitting government or agency may require compliance with those requirements, and appeals of that decision shall be handled through the established appeals procedure for that permit or approval.

(6) The state shall participate in federal ocean and marine resource decisions to the fullest extent possible to ensure that the decisions are consistent with the state's policy concerning the use of those resources.

**NEW SECTION.** Sec. 10. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Coastal counties" means Clallam, Jefferson, Grays Harbor, and Pacific counties.

(2) "Coastal waters" means the waters of the Pacific Ocean seaward from Cape Flattery south to Cape Disappointment, from mean high tide seaward two hundred miles.

**NEW SECTION.** Sec. 11. PLANNING AND PROJECT REVIEW CRITERIA. (1) When the state of Washington and local governments develop plans for the management, conservation, use, or development of natural resources in Washington's coastal waters, the policies in section 9 of this act shall guide the decision-making process.

(2) Uses or activities that require federal, state, or local government permits or other approvals and that will adversely impact renewable resources, marine life, fishing, aquaculture, recreation, navigation, air or water quality, or other existing ocean or coastal uses, may be permitted only if the criteria below are met or exceeded:

(a) There is a demonstrated significant local, state, or national need for the proposed use or activity;

(b) There is no reasonable alternative to meet the public need for the proposed use or activity;

(c) There will be no likely long-term significant adverse impacts to coastal or marine resources or uses;

(d) All reasonable steps are taken to avoid and minimize adverse environmental impacts, with special protection provided for the marine life and resources of the Columbia river, Willapa Bay and Grays Harbor estuaries, and Olympic national park;

(e) All reasonable steps are taken to avoid and minimize adverse social and economic impacts, including impacts on aquaculture, recreation, tourism, navigation, air quality, and recreational, commercial, and tribal fishing;

(f) Compensation is provided to mitigate adverse impacts to coastal resources or uses;

(g) Plans and sufficient performance bonding are provided to ensure that the site will be rehabilitated after the use or activity is completed; and

(h) The use or activity complies with all applicable local, state, and federal laws and regulations.

**NEW SECTION.** Sec. 12. OIL AND GAS LEASING ANALYSIS. Prior to September 1, 1994, the department of natural resources and the department of ecology, working together and at the direction of the joint select committee on marine and ocean resources, shall complete an analysis of the potential positive and negative impacts of the leasing of state-owned lands which is described in section 9(2) of this act. The department shall consult with the departments of fisheries, wildlife, community development,

and trade and economic development, and with the public, when preparing this analysis. The analysis shall be presented to the legislature no later than September 1, 1994. This analysis shall be used by the legislature in determining whether the oil and gas leasing moratorium contained in section 9 of this act should be extended.

NEW SECTION. Sec. 13. A new section is added to chapter 90.58 RCW to read as follows:

**SHORELINE MASTER PLAN REVIEW.** (1) The department of ecology, in cooperation with other state agencies and coastal local governments, shall prepare and adopt ocean use guidelines and policies to be used in reviewing, and where appropriate, amending, shoreline master programs of local governments with coastal waters or coastal shorelines within their boundaries. These guidelines shall be finalized by April 1, 1990.

(2) After the department of ecology has adopted the guidelines required in subsection (1) of this section, counties, cities, and towns with coastal waters or coastal shorelines shall review their shoreline master programs to ensure that the programs conform with sections 9 and 11 of this act and with the department of ecology's ocean use guidelines. Amended master programs shall be submitted to the department of ecology for its approval under RCW 90.58.090 by June 30, 1991.

NEW SECTION. Sec. 14. The energy office shall prepare and transmit to the governor and the appropriate legislative committees of the legislature no later than September 1, 1994, a report on liquid fossil fuel supply and demand and on strategies which exist or which can be developed for conserving liquid fossil fuels. This report shall include information on how the conservation of liquid fossil fuels might affect the need for new supplies of liquid fossil fuels, and how conservation might affect the need for oil or gas leasing, exploration, or development off the coast of Washington. This report shall also contain suggestions for implementing the identified conservation strategies. This report shall be used by the legislature in determining whether the oil and gas leasing moratorium contained in section 9 of this act should be extended.

NEW SECTION. Sec. 15. A new section is added to chapter 90.58 RCW to read as follows:

The department of ecology shall consult with affected state agencies, local governments, Indian tribes, and the public prior to responding to federal coastal zone management consistency certifications for uses and activities occurring on the federal outer continental shelf.

NEW SECTION. Sec. 16. The authority for the joint select committee on marine and ocean resources is extended until June 30, 1994. During this time, the committee shall perform the following tasks:

(1) Analyze how the state can maximize the potential positive impacts and minimize the potential negative impacts associated with proposed federal outer continental shelf lands act oil and gas lease sales of Washington's coastal waters.

(2) Analyze the advantages and disadvantages of using the energy facilities—site locations act for making decisions on onshore energy facilities. The committee shall also explore alternative approaches for making these decisions.

(3) Work in coordination with, and provide direction to, the department of natural resources in preparing the analysis described in section 12 of this act.

(4) Complete those tasks assigned to it during the 1987 legislative session in SHCR 4407.

**NEW SECTION.** Sec. 17. (1) The sum of one hundred eighty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1991, from the general fund to the department of ecology for the purposes of section 13 of this act. One hundred twenty thousand dollars of this amount, or as much thereof as may be necessary, shall be distributed by the department of ecology to local governments for the purpose of reviewing and amending their shoreline master programs.

(2) The sum of one hundred thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1991, from the general fund to the joint select committee on marine and ocean resources to be used to contract with the departments of ecology and natural resources for purposes of the analysis in section 12 of this act.

(3) To the maximum extent possible, the department of ecology and the department of natural resources shall use federal grant funds instead of the appropriations under this section.

**NEW SECTION.** Sec. 18. Section captions as used in this act do not constitute any part of the law.

**NEW SECTION.** Sec. 19. Sections 8 through 12 of this act shall constitute a new chapter in Title 43 RCW and may be known and cited as the ocean resources management act.

Passed the House May 7, 1989.

Passed the Senate May 5, 1989.

Approved by the Governor May 12, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 12, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 202(2), Substitute House Bill No. 1479 entitled:

"AN ACT Relating to the budget."

My reason for vetoing this portion of the 1987-89 supplemental budget is as follows:

Section 202(2) restricts the amount that the Department of Social and Health Services may transfer into the General Assistance-Unemployable (GA-U) program. The GA-U caseload will experience significant growth in the last two months of the current biennium because of the Thurston County Superior Court's April 24, 1989 ruling directing that clients who are terminated from ADATSA shelter receive GA-U until they are assessed for GA-U eligibility. The Department of Social and Health Services has estimated the cost of this caseload growth will be \$1.7 million. The proviso in section 202(2) restricts the transfer to the estimated amount. The estimate is not precise, however.

The ADATSA shelter program has experienced volatile and unpredictable caseload growth, and it is difficult to predict the cost of shifting that population to GA-U. If the actual cost exceeds the estimate by any amount, the Department would have to impose a ratable reduction to remain within appropriated funds. It is not possible for the Department to implement a ratable reduction this late in the biennium. Furthermore, the other clients on GA-U, with physical and mental disabilities, would be faced with a sudden and unanticipated reduction in their living allowances. The Department must have unrestricted transfer authority in order to fund the actual cost of the GA-U caseload at the close of the biennium.

With the exception of section 202(2), Substitute House Bill No. 1479 is approved."

CHAPTER 4

[Substitute House Bill No. 1788]

PUYALLUP TRIBAL CLAIMS SETTLEMENT

AN ACT Relating to the Puyallup tribe of Indians claims settlement; adding a new section to chapter 35.43 RCW; adding a new section to chapter 36.32 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The governor is empowered to execute the appropriate documents to relinquish the state's claims to title of the current riverbed of the Puyallup river within the 1873 survey area to the United States in trust for the tribe subject to the provisions on existing rights of way, discharges, easements, flood control, and fishing rights as set forth in the settlement agreement.

NEW SECTION. Sec. 2. A new section is added to chapter 35.43 RCW to read as follows:

(1) The settlement of Indian land and other claims against public and private property owners is declared to be in the interest of public health and safety, orderly government, environmental protection, economic development, and the social well-being of the citizens of this state, and to specifically benefit the properties released from those claims.

It is the purpose of this act to encourage the settlement of such Indian land and other claims lawsuits by permitting the establishment and use of local improvement districts to finance all or a portion of the settlement costs of such lawsuits.

(2) A local improvement district may be established by a local government legislative authority to finance all or part of the settlement costs in an Indian land and other claims settlement related to public and private property located within the local government. The settlement of an Indian land claim lawsuit shall be deemed to be an improvement that may be financed in whole or in part through use of a local improvement district.

Except as expressly provided in this section, all matters relating to the establishment and operation of such a local improvement district, the levying and collection of special assessments, the issuance of local improvement district bonds and other obligations, and all related matters, shall be subject to the provisions of chapters 35.43 through 35.54 RCW. The resolution or petition initiating the creation of a local improvement district used to finance all or a portion of an Indian land and other claims settlement shall describe the general nature of the Indian land and other claims and the proposed settlement. The value of a contribution by any person, municipal corporation, political subdivision, or the state of money, real property, or personal property to the settlement of Indian land and other claims shall be credited to any assessment for a local improvement district under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 36.32 RCW to read as follows:

(1) The settlement of Indian land and other claims against public and private property owners is declared to be in the interest of public health and safety, orderly government, environmental protection, economic development, and the social well-being of the citizens of this state, and to specifically benefit the properties released from those claims.

Passed the House May 8, 1989.

Passed the Senate May 7, 1989.

Approved by the Governor May 14, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 14, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 8, 9, 10, 11 and 12, Engrossed Substitute House Bill No. 1737 entitled:

"AN ACT Relating to crime victims compensation."

There are areas where government should act with restraint. These areas are delineated by the constitutions of the United States and the State of Washington. Both unequivocally protect freedom of speech and artistic expression as set forth in a long line of state and federal court cases defining First Amendment rights.

The provisions in sections 9, 10, 11 and 12 of this bill are unacceptable intrusions of these rights. These sections impose excise taxes on adult entertainment materials and services significantly higher than the tax already imposed on other similar retail materials, i.e. eighteen percent higher. While I can understand citizens' feelings about pornographic material, there are several major difficulties associated with this revenue source. The first is the intrusion into freedom of speech, which is manifested by these sections. This is dubious public policy, and would almost certainly be challenged in court. Such a challenge must be considered as having a high likelihood of success, if not a certainty, and would entail significant litigation expenses for the state. I believe the Legislature publicly acknowledged these concerns when it decided not to use this tax as a funding source on Engrossed Second Substitute House Bill No. 1793.

Second, administration of this tax would be extremely difficult. Potentially, the Department of Revenue would be required to specifically list all services, magazines, video tapes, etc., which are subject to this tax. Closely related to this will be a taxpayer compliance problem. Given the nature of the materials being taxed, it is reasonable to assume that compliance will be at a much lower level than with other types of retail sales. Additionally, mail order sources may be substituted for in-state sales. In either case, audit expenses associated with this tax are likely to be very high. Given these difficulties plus the high probability of incurring litigation expenses in a defense of these new taxes, I must veto sections 9 through 12.

Section 8 of this bill would require the Office of Financial Management to conduct a study of the Public Safety and Education Account by December 1, 1989. The bill specifies a number of items that are to be included in the study and would require a comprehensive look at a complex area of state government. The bill, however, does not provide an appropriation for the study.

The type of study that is anticipated by this section cannot be conducted within available resources. The Office of Financial Management, along with the Department of Labor and Industries, has been studying this issue on a more limited basis as resources permit, and will continue to do so. For this reason, I have vetoed section 8.

With the exception of sections 8, 9, 10, 11 and 12, Engrossed Substitute House Bill No. 1737 is approved."

The transportation commission and the department of transportation may consider these unique circumstances in determining priorities for capital expenditures.

NEW SECTION. Sec. 45. In addition to such other appropriations as are made by this act, there is hereby appropriated to the department of transportation from legally available bond proceeds in the respective construction or building accounts such amounts as are necessary to pay the expenses incurred by the state finance committee in the issuance and sale of the subject bonds.

The legislature recognizes that the use of state funds may be required to temporarily fund expenditures of the federal appropriations for the highway construction and preservation programs for federal advance construction projects prior to conversion to federal funding.

**NEW SECTION.** Sec. 62. To maximize the use of motor vehicle fund revenues, it is the intent of the legislature to encourage sharing of technology, information, and systems where appropriate between transportation agencies.

To facilitate this exchange, the Washington state department of transportation assistant secretary for finance and budget management; Washington state department of transportation chief, management information systems; the Washington state patrol support services bureau deputy chief; Washington state patrol manager of the computer services division; the department of licensing deputy director and department of licensing assistant director for information systems will meet quarterly to share plans, discuss progress of key projects and to coordinate activities for the common good. Total Appropriation . . . . .	\$	95,455,000

The appropriations in this section are provided for the location, design, right of way, and construction of state highway projects designated as category "C" under RCW 47.05.030. ~~((If Senate Bill No. 6464 is enacted, the motor vehicle fund—state appropriation shall be increased by \$13,000,000.))~~

(1) The motor vehicle fund—state appropriation will be funded with the proceeds from the sale of bonds authorized in RCW 47.10.801 in the amount of \$93,455,000: PROVIDED, That the transportation commission in consultation with the legislative transportation committee may authorize the use of current revenues available to the department of transportation in lieu of bond proceeds for any part of the state appropriation.

The transportation commission shall adjust its list of category "C" projects to include only those projects that can be accomplished within the moneys provided in this appropriation.

It is the intent of the legislature that no moneys shall be expended on projects that are not included on the transportation commission's priority list for the 1987-89 biennium. It is further the intent of the legislature that the category "A" and "H" programs take precedence over category "C" projects and that the category "A" and "H" programs be fully funded in the 1989-91 biennium to the exclusion of category "C" projects as required under chapter 47.05 RCW.

~~((It is the intent of the legislature that the department's category C preliminary engineering and right of way expenditures for unfunded list 4 projects shall not exceed \$12,000,000:))~~

It is the intent of the legislature that the maximum amount of state motor vehicle funds not required for other purposes be made available for category "C" program expenditures. If additional moneys become available, deferred funded list 4 category "C" project contracts shall not be awarded by the department without prior consultation with the legislative transportation committee.

~~((No moneys may be expended on list 5 category "C" projects in the 1987-89 biennium:))~~

(2) Notwithstanding subsection (1) of this section and to the extent that the motor vehicle fund—state receives additional revenues from the sale of department of transportation parcel number 32704447, \$455,000 of the motor vehicle fund appropriation—state is provided solely for the construction of a loop ramp as described under program item number 351216A in the transportation commission category "C" program file.

Sec. 71. Section 20, chapter 10, Laws of 1987 1st ex. sess. as amended by section 7, chapter 283, Laws of 1988 (uncodified) is amended to read as follows:

The appropriations in this section are provided for management and support of the aeronautics division, state fund grants to local airports, development and maintenance of a state-wide airport system plan, maintenance of state-owned emergency airports, federal inspections, and the search and rescue program. ~~((The aeronautics account—state appropriation contains \$100,000 for transfer to the motor vehicle fund as the second~~

of four installments in repayment of the \$407,430 advanced to pay the tort settlement in the case of Osibov vs. the state of Washington, Spokane county superior court, Cause No. 239168:))

If aeronautics account—state revenue is insufficient to fund the appropriation authority, the aeronautics account may receive an interfund loan from the motor vehicle fund. Any interfund loan received shall be repaid in the 1989–91 biennium.

Sec. 74. Section 30, chapter 10, Laws of 1987 1st ex. sess. as amended by section 16, chapter 283, Laws of 1988 (uncodified) are each amended to read as follows:

((Total Appropriation..... \$)) ((150,512,090))

The appropriation((s)) in this section ((are)) is provided for management and support of the marine transportation division of the department of transportation and for the operation and maintenance of the state ferry system.

The appropriation((s)) in this section ((are)) is subject to the following conditions and limitations:

(1) The appropriation(~~s~~are)) is based on the budgeted expenditure of \$15,525,251 for vessel operating fuel in the 1987-89 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount shall not be expended. If the actual cost exceeds this amount, it is the intent of the legislature that the department will request a supplemental appropriation.

(2) Prior to the expenditure of any funds budgeted for additional passenger-only service, the department of transportation shall obtain approval from the legislative transportation committee. If the additional passenger-only service is not approved, the funds appropriated in this section for that purpose shall not be expended for any other purpose.

(3) For the period from July 1, 1987, up to the actual implementation date of the 1987-89 biennial salary increase for employees under the jurisdiction of the state personnel board, no increases in the hourly wage rates of ferry employees, as ferry employee is defined in RCW 47.64.011(5), shall be included in the base hourly wage rates used for future salary increase calculations.

(4) The appropriation contained in this section provides for the compensation of ferry employees, including increases. The expenditures for compensation paid to ferry employees during the 1987-89 biennium shall not exceed \$105,210,000 plus a dollar amount, as prescribed by the office of financial management, which is equal to any insurance benefit increase granted general government employees in excess of \$167 a month annualized per eligible marine employee multiplied by the number of eligible marine employees for fiscal year 1989. For the purposes of this section, the expenditures for compensation paid to ferry employees shall be limited to salaries and wages and employee benefits as defined in the office of financial management's policies, regulations, and procedures named under objects of expenditure "A" and "L" (7.2.6.2). Of the \$105,210,000 provided for compensation, plus the prescribed insurance benefit increase dollar amount:

(a) A maximum of \$678,000 may be used to increase compensation costs, effective January 1, 1988;

(b) The prescribed insurance benefit increase dollar amount may be used to increase compensation costs, effective July 1, 1988;

(c) A maximum of \$2,145,000 shall be used to maintain any 1987-88 compensation increase and may be used to increase compensation costs, effective January 1, 1989.

In no event may the June 30, 1988, hourly salary rate increase exceed any salary rate increase granted during the 1987-88 fiscal year.

In no event may the June 30, 1989, hourly salary rate increase exceed any salary rate increase granted during the 1988-89 fiscal year.

(5) To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer's contribution for employees' and dependents' insurance and health care plans exceeds that of other state general government employees in the 1985-87 biennium, employees will not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during the 1987-89 biennium. If the differential increases or the 1985-87 offset by bargaining unit is insufficient to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset.

(6) The department of transportation shall provide the legislative transportation committee with a monthly report concerning the status of this program.

(7) In the event that revenues available to the ferry system fund are not sufficient to support the expenditures necessary for the operation and maintenance of the state ferry system, the department may transfer funds from the Puget Sound ferry operations account to the ferry system fund.

NEW SECTION. Sec. 75. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 76. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate May 10, 1989.

Passed the House May 10, 1989.

Approved by the Governor May 20, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 20, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 6(3), 9(3), 10(3) and (4), 12(1) and (2), 28(6), 38, and 67, Recengrossed Substitute Senate Bill No. 5373 entitled:

"AN ACT Relating to transportation appropriations."

I regret that I am not able to veto this entire bill. The transportation budget contained in this bill is inadequate. It fails to meet even the minimal standards of responsible public policy. But because the Legislature refused to approve an adequate financing package, I have no choice but to approve the major portions of this bill. Without it, the citizens of this state would have to face an unacceptable risk. Without

a transportation budget, we ultimately would have to pull our troopers off our highways and close down critical state functions such as the Department of Licensing. I refuse to place the citizens of this state at such a risk.

Several sections of this bill must be vetoed, however.

Section 6, subsection 3 provides \$464,300 solely for aircraft repair of the Washington state patrol aircraft. Additionally, it provides for any user to pay a pro rata share of the expenses. These costs have not been anticipated in user agency budgets and funding has not been provided. I believe that pro rata billing is a sound management concept and will ask the Office of Financial Management to look at this approach for the 1991-93 budget.

Section 9, subsection 3 provides that \$100,000 of the total appropriation is solely for a budget/policy analyst for the vehicle services division. This subsection is unduly restrictive, given the limited resources provided to the Department of Licensing for operation during the 1989-91 biennium. I am removing this language to aid the Department in retaining more management flexibility to carry out the mandates established by the Legislature.

Section 10, subsection 3 provides that \$432,888 is provided solely for a budget analyst for the driver services division and additional security procedures related to driver's license issuance. This subsection is unduly restrictive, given the limited resources provided to the Department of Licensing for operation during the 1989-91 biennium. I am removing the language to aid the Department in retaining more management flexibility to carry out the mandates established by the Legislature.

Section 10, subsection 4 provides that moneys accruing to the Public Safety and Education Account (PSEA) in excess of the 1989-91 appropriation authority in this act or Senate Bill No. 5352 or any other omnibus appropriation act, shall be transferred to the Highway Safety Fund to reimburse the fund. In recent years, the Legislature has expressed a desire for an open process in determining levels of appropriation to the various agencies from the PSEA. This transfer circumvents that process by dedicating an undetermined amount of revenue to the Highway Safety Fund. Additionally, the forecast for the PSEA has recently been revised downward, which may result in a negative fund balance occurring during the ensuing biennium. It is prudent to maintain a fund balance in the PSEA to cushion against further unanticipated adjustments to revenue.

Section 12, subsection 1 provides that \$200,000 from two funds is solely for the development of a project management plan for integration of driver and motor vehicle systems. It further indicates that the plan shall be submitted to the Legislative Transportation Committee and the authority to expend this money is conditioned on the requirements of section 63 of this Act. This subsection is unduly restrictive, given the limited resources provided to the Department of Licensing for operation during the 1989-91 biennium. I am removing the language to aid the Department in retaining more management flexibility to carry out the mandates established by the Legislature.

Section 12, subsection 2 provides \$275,136 solely for additional data processing storage capacity and for preparing to implement the federal odometer act. This subsection is unduly restrictive, given the limited resources provided to the Department of Licensing for operation during the 1989-91 biennium. I am removing the language to aid the Department in retaining more management flexibility to carry out the mandates established by the Legislature.

Section 28, subsection 6 provides that the appropriation \$8,561,139 for high capacity transportation in this full section is eliminated if Substitute House Bill No. 1825 is not enacted by June 30, 1989. Hence, it would eliminate the appropriations for passenger rail programs, AMTRAK service improvements evaluation, and freight rail administration funding in subsection 28(5)(d). Funds provided for freight rail programs in Substitute Senate Bill 5521, section 607, (the Capital budget), are restricted to capital purchases and grants for capital improvements. Elimination of this appropriation leaves these programs without resources for management. If Substitute

House Bill No. 1825 is not passed, the funds for passenger rail programs will be placed in reserve.

Section 38 states that the amounts assumed in this Act for all revolving funds for various essential support services to the Washington State Patrol and the Department of Licensing by other agencies, shall not be exceeded without the prior approval of the Legislative Transportation Committee. This section puts caps on revolving fund payments for these agencies which are inconsistent relative to other state agencies in matters relating to revolving fund charges. It also inappropriately delegates budgetary authority over executive agencies to a legislative committee.

Section 67 contains language almost identical to language which I previously vetoed in section 17 of Engrossed Second Substitute Senate Bill No. 5658, which was related to risk management. This section would require the Attorney General to submit a yearly report to the Legislative Transportation Committee with information on each tort claim against the State. Much of the information that would be required would be useful to have on an annual basis, and I have no objection to most of this section. One of the subsections, however, is problematic, and in order to remove it from the bill I must veto the entire section. Subsection 6 would require the Attorney General to provide information on each and every settlement offer made on a tort claim and make this public information. This would provide a road map to the State's negotiating strategy to claimant's attorneys and be a serious disadvantage to the State. While those who have legitimate tort claims against the State are entitled to reasonable compensation, the State also has an obligation to settle claims without unnecessary and unjustified costs to the taxpayers of the state.

With the exception of sections 6(3), 9(3), 10(3) and (4), 12(1) and (2), 28(6), 38, and 67, Reengrossed Substitute Senate Bill No. 5373 is approved.\*

## CHAPTER 7

[Senate Bill No. 6095]  
BRANCH CAMPUSES

AN ACT Relating to branch campuses; amending RCW 28B.25.020; adding new sections to Title 28B RCW; adding a new section to chapter 28B.10 RCW; adding new sections to chapter 28B.80 RCW; creating a new section; and repealing RCW 28B.30.510.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that the benefits of higher education should be more widely available to the citizens of the state of Washington. The legislature also finds that a citizen's place of residence can restrict that citizen's access to educational opportunity at the upper division and graduate level.

Because most of the state-supported baccalaureate universities are located in areas removed from major metropolitan areas, the legislature finds that many of the state's citizens, especially those citizens residing in the central Puget Sound area, the Tri-Cities, Spokane, Vancouver, and Yakima, have insufficient and inequitable access to upper-division baccalaureate and graduate education.

This lack of sufficient educational opportunities in urban areas makes it difficult or impossible for place-bound individuals, who are unable to relocate, to complete a baccalaureate or graduate degree. It also exacerbates the difficulty financially needy students have in attending school, since many of those students need to work, and work is not always readily available in

some communities where the baccalaureate institutions of higher education are located.

The lack of sufficient educational opportunities in metropolitan areas also affects the economy of the underserved communities. Businesses benefit from access to the research and teaching capabilities of institutions of higher education. The absence of these institutions from some of the state's major urban centers prevents beneficial interaction between businesses in these communities and the state's universities.

The Washington state master plan for higher education, adopted by the higher education coordinating board, recognizes the need to expand upper-division and graduate educational opportunities in the state's large urban centers. The board has also attempted to provide a means for helping to meet future educational demand through a system of branch campuses in the state's major urban areas.

The legislature endorses the assignment of responsibility to serve these urban centers that the board has made to various institutions of higher education. The legislature also endorses the creation of branch campuses for the University of Washington and Washington State University.

The legislature recognizes that, among their other responsibilities, the state's comprehensive community colleges share with the four-year universities and colleges the responsibility of providing the first two years of a baccalaureate education. It is the intent of the legislature that the four-year institutions and the community colleges work as cooperative partners to ensure the successful and efficient operation of the state's system of higher education. The legislature further intends that the four-year institutions work cooperatively with the community colleges to ensure that branch campuses are operated as models of a two plus two educational system.

**NEW SECTION.** Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

It is the intent of the legislature that, at the same time additional capital or operating funds are approved for the purposes of sections 3 through 7 of this act, enrollment lids at existing baccalaureate institutions of higher education should be raised at the upper-division level insofar as doing so would increase participation rates in underserved areas.

**NEW SECTION.** Sec. 3. The University of Washington is responsible for ensuring the expansion of upper-division and graduate educational programs in the central Puget Sound area under rules or guidelines adopted by the higher education coordinating board. The University of Washington shall meet that responsibility through the operation of at least two branch campuses. One branch campus shall be located in the Tacoma area. Another branch campus shall be located in the Bothell-Woodinville area.

**NEW SECTION.** Sec. 4. Washington State University is responsible for providing upper-division and graduate level higher education programs

to the citizens of the Tri-Cities area, under rules or guidelines adopted by the higher education coordinating board. Washington State University shall meet that responsibility through the operation of a branch campus in the Tri-Cities area. The branch campus shall replace and supersede the Tri-cities university center. All land, facilities, equipment, and personnel of the Tri-cities university center shall be transferred from the University of Washington to Washington State University.

**NEW SECTION.** Sec. 5. Washington State University is responsible for providing upper-division and graduate level higher education programs to the citizens of the southwest Washington area, under rules or guidelines adopted by the higher education coordinating board. Washington State University shall meet that responsibility through the operation of a branch campus in the southwest Washington area.

**NEW SECTION.** Sec. 6. Washington State University and Eastern Washington University are responsible for providing upper-division and graduate level programs to the citizens of the Spokane area, under rules or guidelines adopted by the higher education coordinating board. Washington State University shall meet its responsibility through the operation of a branch campus in the Spokane area. Eastern Washington University shall meet its responsibility through the operation of co-located programs and facilities in Spokane.

**NEW SECTION.** Sec. 7. Central Washington University is responsible for providing upper-division and graduate level higher education programs to the citizens of the Yakima area, under rules or guidelines adopted by the higher education coordinating board.

**NEW SECTION.** Sec. 8. A new section is added to chapter 28B.80 RCW to read as follows:

In rules and guidelines adopted for purposes of this act, the higher education coordinating board shall ensure a collaborative partnership between the community colleges and the four-year institutions. The partnership shall be one in which the community colleges prepare students for transfer to the upper-division programs of the branch campuses.

**NEW SECTION.** Sec. 9. A new section is added to chapter 28B.80 RCW to read as follows:

Before approving any institutional request to acquire facilities in an area assigned in sections 3 through 7 of this act, the higher education coordinating board shall ensure that creative and cost-effective methods of serving the needs of each assigned area are considered, including but not limited to:

- (1) Exploring the possibility of time-sharing existing college or university facilities for instructional and administrative purposes;
- (2) Using rented facilities; and
- (3) Utilizing telecommunication technology.

**NEW SECTION.** Sec. 10. A new section is added to chapter 28B.10 RCW to read as follows:

(1) The Spokane intercollegiate research and technology institute is hereby created.

(2) The institute shall be operated and administered as a multi-institutional education and research center, housing appropriate programs conducted in Spokane under the authority of Washington State University, Eastern Washington University, and the community colleges of Spokane. Gonzaga University and Whitworth College may participate as full partners in any academic and research activities of the institute. Washington State University shall act as administrative and fiscal agent for the institute.

(3) The institute shall be operated and administered through a cooperative arrangement of the institutions of higher education participating in the institute.

(4) The institute shall house education and research programs specifically designed to meet the needs of the greater Spokane area.

(5) The coordination of programs and activities at the institute shall be subject to the authority of the Spokane joint center for higher education under RCW 28B.25.020.

(6) The establishment of any education or research programs at the institute and the lease, purchase, or construction of any site or facility for the institute shall be subject to the approval of the higher education coordinating board pursuant to RCW 28B.80.340.

Sec. 11. Section 98, chapter 370, Laws of 1985 and RCW 28B.25.020 are each amended to read as follows:

(1) The joint center for higher education shall coordinate all undergraduate and graduate degree programs, and all other seminars, courses, and programs of any type offered in the Spokane area by Washington State University and by Eastern Washington University outside of its Cheney campus. The joint center for higher education shall not coordinate the intercollegiate center for nursing.

(2) The joint center for higher education shall coordinate the following higher education activities in the Spokane area outside of the Eastern Washington University Cheney campus:

(a) Articulation between lower division and upper division programs;

(b) The participation of Washington State University in its joint engineering program with Gonzaga University and in its joint engineering management program with Eastern Washington University and Gonzaga University; ~~((and))~~

(c) All contractual negotiations between public and independent colleges and universities; and

(d) Programs offered through the intercollegiate research and technology institute created by section 10 of this act.

(3) The participating institutions in the joint center for higher education shall maintain jurisdiction over the content of the course offerings and the entitlement to degrees.

(4) Disputes regarding which programs are to be coordinated by the joint center for higher education shall be arbitrated by the ((~~council for postsecondary education~~)) higher education coordinating board or its successor agency. The decision of the arbitrating agency shall be binding.

NEW SECTION. Sec. 12. A new section is added to chapter 28B.80 RCW to read as follows:

Eligible students residing in the areas to be served by the branch campuses created by sections 3 through 7 of this act may participate in a demonstration project administered by the higher education coordinating board. The educational opportunity grant project will be designed to permit the students to complete their upper division coursework at any eligible accredited baccalaureate institution of higher education, as defined in RCW 28B.10.802(1) and as further identified by the board. Each participating student may receive up to two thousand five hundred dollars per academic year, not to exceed the student's demonstrated financial need, for that coursework.

NEW SECTION. Sec. 13. A new section is added to chapter 28B.80 RCW to read as follows:

In order to be eligible for the demonstration project outlined in section 12 of this act, students must be placebound residents of the state of Washington who are needy as defined in RCW 28B.10.802(3), and have completed the associate of arts degree or its equivalent.

NEW SECTION. Sec. 14. Authorization for the programs, increases, and facilities described in this act is subject to legislative appropriation.

NEW SECTION. Sec. 15. Sections 3 through 7 and 14 of this act are each added to Title 28B RCW.

NEW SECTION. Sec. 16. Section 13, chapter 72, Laws of 1983 1st ex. sess., section 1, chapter 408, Laws of 1985 and RCW 28B.30.510 are each repealed.

Passed the Senate May 10, 1989.

Passed the House May 10, 1989.

Approved by the Governor May 31, 1989.

Filed in Office of Secretary of State May 31, 1989.

[Substitute Senate Bill No. 6074]

## PUBLIC FACILITIES DISTRICTS—TAXING AUTHORITY

AN ACT Relating to the repeal of public facilities districts' authority to tax without voter approval and reappropriating funds to public facilities districts; and amending RCW 36.100.010, 36.100.020, 36.100.030, 36.100.040, and 36.100.060.

Be it enacted by the Legislature of the State of Washington:

The proposition shall be placed on the ballot at the next general election held sixty or more days after the adoption of both the city and county resolutions. Be it enacted by the Legislature of the State of Washington:

### PART I

#### GENERAL PROVISIONS

NEW SECTION. Sec. 101. The legislature finds and declares that it is of importance to the people of Washington state to live in a healthy environment and to expect a minimum standard of quality in health care. The legislature further finds that the social and economic vitality of the state

depend on a healthy and productive population. The legislature further declares where it is a duty of the state to assure a healthy environment and minimum standards of quality in health care facilities and among health care professionals, the ultimate responsibility for a healthy society lies with the citizens themselves.

For these reasons, the legislature recognizes the need for a strong, clear focus on health issues in state government and among state health agencies to give expression to the needs of individual citizens and local communities as they seek to preserve the public health. It is the intent of the legislature to form such focus by creating a single department in state government with the primary responsibilities for the preservation of public health, monitoring health care costs, the maintenance of minimal standards for quality in health care delivery, and the general oversight and planning for all the state's activities as they relate to the health of its citizenry.

Further, it is the intent of the legislature to improve illness and injury prevention and health promotion, and restore the confidence of the citizenry in the expenditure of public funds on health activities, and to ensure that this new health agency delivers quality health services in an efficient, effective, and economical manner that is faithful and responsive to policies established by the legislature.

**NEW SECTION.** Sec. 102. As used in this chapter, unless the context indicates otherwise:

- (1) "Board" means the state board of health;

(2) The department of health shall be organized consistent with the goals of providing state government with a focus in health and serving the people of this state. The legislature recognizes that the secretary needs sufficient organizational flexibility to carry out the department's various duties. To the extent practical, the secretary shall consider the following organizational principles:

(e) Decentralized authority and responsibility, with clear accountability;

(f) A single point of access for persons receiving like services from the department which would limit the number of referrals between divisions.

(a) Working with local health departments and local governments to strengthen the state and local governmental partnership in providing public protection;

(6) The secretary shall appoint such personnel as are necessary to carry out the duties of the department in accordance with chapter 41.06 RCW.

(7) The secretary shall appoint the state health officer and such deputy secretaries, assistant secretaries, and other administrative positions as deemed necessary consistent with the principles set forth in subsection (2) of this section. All persons who administer the necessary divisions, offices,

bureaus, and programs, and five additional employees shall be exempt from the provisions of chapter 41.06 RCW. The officers and employees appointed under this subsection shall be paid salaries to be fixed by the governor in accordance with the procedure established by law for the fixing of salaries for officers exempt from the state civil service law.

**NEW SECTION.** Sec. 104. The executive head and appointing authority of the department shall be the secretary of health. The secretary shall be appointed by, and serve at the pleasure of, the governor in accordance with RCW 43.17.020. The secretary and the board of health shall review each advisory committee within their jurisdiction and each statutory advisory committee on a biennial basis to determine if such advisory committee is needed. The criteria specified in RCW 43.131.070 shall be used to determine whether or not each advisory committee shall be continued;

The legislature does not intend that the department conduct or contract for the conduct of basic research activity. The secretary may request appropriations for studies according to this section from the legislature, the federal government, or private sources.

(2) All state agencies which collect or have access to population-based, health-related data are directed to allow the secretary access to such data. This includes, but is not limited to, data on needed health services, facilities, and personnel; future health issues; emerging bioethical issues; health promotion; recommendations from state and national organizations and associations; and programmatic and statutory changes needed to address emerging health needs. Private entities, such as insurance companies, health maintenance organizations, and private purchasers are also encouraged to give the secretary access to such data in their possession. The secretary's access to and use of all data shall be in accordance with state and federal confidentiality laws and ethical guidelines. Such data in any form where the patient or provider of health care can be identified shall not be disclosed, subject to disclosure according to chapter 42.17 RCW, discoverable or admissible in judicial or administrative proceedings. Such data can be used in proceedings in which the use of the data is clearly relevant and necessary and both the department and the patient or provider are parties.

(3) The department shall serve as the clearinghouse for information concerning innovations in the delivery of health care services, the enhancement of competition in the health care marketplace, and federal and state information affecting health care costs.

(4) The secretary shall review any data collected, pursuant to this chapter, to:

(c) Provide background for the state health report required by RCW 43.20.050.

(5) Any data, research, or findings may also be made available to the general public, including health professions, health associations, the governor, professional boards and regulatory agencies and any person or group who has allowed the secretary access to data.

(6) The secretary may charge a fee to persons requesting copies of any data, research, or findings. The fee shall be no more than necessary to cover the cost to the department of providing the copy.

**NEW SECTION.** Sec. 108. It is the intent of the legislature to promote appropriate use of health care resources to maximize access to adequate health care services. (1) Implement the certificate of need program;

(2) Monitor and evaluate health care costs;

(3) Evaluate health services and the utilization of services for outcome and effectiveness; and

NEW SECTION. Sec. 301. The powers and duties of the department of licensing and the director of licensing under the following statutes are hereby transferred to the department of health and the secretary of health: Chapters 18.06, 18.19, 18.22, 18.25, 18.26, 18.29, 18.32, 18.34, 18.35, 18.36A, 18.50, 18.52, 18.52A, 18.52B, 18.52C, 18.53, 18.54, 18.55, 18.57, 18.57A, 18.59, 18.71, 18.71A, 18.72, 18.74, 18.78, 18.83, 18.84, 18.88, 18.89, 18.92, 18.108, 18.135, and 18.138 RCW. More specifically, the health professions regulatory programs and services presently administered by the department of licensing are hereby transferred to the department of health.

***\*NEW SECTION. Sec. 302. (1) The presence of high quality health care professionals practicing in Washington is essential to meet the health care quality objectives of the state. The legislature recognizes that current licensure of professionals assures minimum competence at the time an individual is initially licensed. A concern remains whether the current system of licensure encourages and motivates health care professionals to strive for the best professional performance possible. The effectiveness of the current system of licensure on assuring consumer protection is unclear.***

***(2) The secretary shall prepare a report with recommendations on the need for improvements in the current system of health care professional licensure or the need for an alternative system of quality assurance and consumer protection to replace or augment the state's current health professional licensure program. The report shall be submitted to the legislature and the governor no later than June 30, 1992, and shall include: (a) A survey of current health professional licensure programs in the United States, (b) an analysis of the impact of these regulatory and educational approaches on quality assurance and consumer protection, (c) an analysis of current licensure of health professionals in this state to assess its impact on quality assurance and consumer protection, (d) an evaluation of alternative approaches to licensure and their impact on quality assurance and consumer protection, and (e) an assessment of the costs of implementation of proposed alternatives.***

\*Sec. 302 was vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 303. There is created in the department an office of health consumer assistance. The office shall establish a state-wide hotline and shall assist and serve as an advocate for consumers who are complainants or witnesses in a licensing or disciplinary proceeding.

**NEW SECTION.** Sec. 304. The secretary and each of the professional licensing and disciplinary boards under the administration of the department shall enter into written operating agreements on administrative procedures with input from the regulated profession and the public. The intent of these agreements is to provide a process for the department to consult each board on administrative matters and to ensure that the administration and staff functions effectively enable each board to fulfill its statutory responsibilities. The agreements shall include, but not be limited to, the following provisions:

- (1) Administrative activities supporting the board's policies, goals, and objectives;
- (2) Development and review of the agency budget as it relates to the board; and
- (3) Board related personnel issues.

The agreements shall be reviewed and revised in like manner if appropriate at the beginning of each fiscal year, and at other times upon written request by the secretary or the board.

The secretary shall report to the health care committees of the legislature, on or before February 28, 1990, on the implementation of the written operating agreement and the need, if any, for modification of this section.

Sec. 305. Section 59, chapter 279, Laws of 1984 and RCW 18.120.040 are each amended to read as follows:

Applicant groups shall submit a written report explaining the factors enumerated in RCW 18.120.030 to the legislative committees of reference, copies of which shall be sent to the state (~~health coordinating council and the department of licensing~~) board of health and the department of health for review and comment. The state (~~health coordinating council, in addition to the duties specified in RCW 70.38.065,~~) board of health and the department of health shall make recommendations based on the report submitted by applicant groups to the extent requested by the legislative committees.

The legislature takes note of the burgeoning number of bills proposed to regulate new health and health-related professions and occupations. The legislature further recognizes the number of allied health professions seeking independent practice. Potentially at least one hundred forty-five discrete health professions and occupations are recognized nationally, with at least two hundred fifty secondary job classifications. A uniform and streamlined

credentialing process needs to be established to permit the department of ~~((licensing))~~ health to administer the health professional regulatory programs in the most cost-effective, accountable, and uniform manner. The public interest will be served by establishing uniform administrative provisions for the regulated professions under the jurisdiction of the department of ~~((licensing))~~ health regulated after July 26, 1987.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this state upon furnishing the board evidence of that federal registration.

(4) has violated any state or federal rule or regulation regarding controlled substances.

(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

PART V  
HEALTH DATA AND CHARITY CARE

NEW SECTION. Sec. 501. (1) The legislature finds and declares that there is a need for health care information that helps the general public understand health care issues and how they can be better consumers and that is useful to purchasers, payers, and providers in making health care choices and negotiating payments. It is the purpose and intent of this chapter to establish a hospital data collection, storage, and retrieval system which supports these data needs and which also provides public officials and others engaged in the development of state health policy the information necessary for the analysis of health care issues.

(2) The legislature finds that rising health care costs and access to health care services are of vital concern to the people of this state. It is, therefore, essential that strategies be explored that moderate health care costs and promote access to health care services.

(3) The legislature further finds that access to health care is among the state's goals and the provision of such care should be among the purposes of health care providers and facilities. Therefore, the legislature intends that charity care requirements and related enforcement provisions for hospitals be explicitly established.

(4) The lack of reliable statistical information about the delivery of charity care is a particular concern that should be addressed. It is the purpose and intent of this chapter to require hospitals to provide, and report to the state, charity care to persons with acute care needs, and to have a state agency both monitor and report on the relative commitment of hospitals to the delivery of charity care services, as well as the relative commitment of public and private purchasers or payers to charity care funding.

NEW SECTION. Sec. 502. As used in this chapter:

(1) "Council" means the health care access and cost control council created by this chapter.

(2) "Department" means department of health.

(3) "Hospital" means any health care institution which is required to qualify for a license under RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW.

(4) "Secretary" means secretary of health.

(5) "Charity care" means necessary hospital health care rendered to indigent persons, to the extent that the persons are unable to pay for the care or to pay deductibles or co-insurance amounts required by a third-party payer, as determined by the department.

(6) "Sliding fee schedule" means a hospital-determined, publicly available schedule of discounts to charges for persons deemed eligible for charity care; such schedules shall be established after consideration of guidelines developed by the department.

(7) "Special studies" means studies which have not been funded through the department's biennial or other legislative appropriations.

**NEW SECTION.** Sec. 503. (1) There is created the health care access and cost control council within the department of health consisting of the following: The director of the department of labor and industries; the administrator of the health care authority; the secretary of social and health services; the administrator of the basic health plan; a person representing the governor on matters of health policy; the secretary of health; and one member from the public-at-large to be selected by the governor who shall represent individual consumers of health care. The public member shall not have any fiduciary obligation to any health care facility or any financial interest in the provision of health care services. Members employed by the state shall serve without pay and participation in the council's work shall be deemed performance of their employment. The public member shall be compensated in accordance with RCW 43.03.240 and shall be reimbursed for related travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(2) A member of the council designated by the governor shall serve as chairman. The council shall elect a vice-chairman from its members biennially. Meetings of the council shall be held as frequently as its duties require. The council shall keep minutes of its meetings and adopt procedures for the governing of its meetings, minutes, and transactions.

(3) Four members shall constitute a quorum, but a vacancy on the council shall not impair its power to act. No action of the council shall be effective unless four members concur therein.

**NEW SECTION.** Sec. 504. (1) In order to advise the department and the board of health in preparing executive request legislation and the state health report according to RCW 43.20.050, and, in order to represent the public interest, the council shall monitor and evaluate hospital and related health care services consistent with section 501 of this act. In fulfilling its responsibilities, the council shall have complete access to all the department's data and information systems.

(2) The council shall advise the department on the hospital data collection system required by this chapter.

(3) The council, in addition to participation in the development of the state health report, shall, from time to time, report to the governor and the appropriate committees of the legislature with proposed changes in hospital and related health care services, consistent with the findings in section 501 of this act.

(4) The department may undertake, with advice from the council and within available funds, the following studies:

(a) Recommendations regarding health care cost containment, and the assurance of access and maintenance of adequate standards of care;

(b) Analysis of the effects of various payment methods on health care access and costs;

(c) The utility of the certificate of need program and related health planning process;

(d) Methods of permitting the inclusion of advance medical technology on the health care system, while controlling inappropriate use;

(e) The appropriateness of allocation of health care services;

(f) Professional liabilities on health care access and costs, to include:

(i) Quantification of the financial effects of professional liability on health care reimbursement;

(ii) Determination of the effects, if any, of nonmonetary factors upon the availability of, and access to, appropriate and necessary basic health services such as, but not limited to, prenatal and obstetrical care; and

(iii) Recommendation of proposals that would mitigate cost and access impacts associated with professional liability.

The department shall report its findings and recommendations to the governor and the appropriate committees of the legislature not later than July 1, 1991.

**NEW SECTION.** Sec. 505. The department shall have the authority to respond to requests of others for special studies or analysis. The department may require such sponsors to pay any or all of the reasonable costs associated with such requests that might be approved, but in no event may costs directly associated with any such special study be charged against the funds generated by the assessment authorized under section 508 of this act.

**NEW SECTION.** Sec. 506. (1) No hospital or its medical staff shall adopt or maintain admission practices or policies which result in:

(a) A significant reduction in the proportion of patients who have no third-party coverage and who are unable to pay for hospital services;

(b) A significant reduction in the proportion of individuals admitted for inpatient hospital services for which payment is, or is likely to be, less than the anticipated charges for or costs of such services; or

(c) The refusal to admit patients who would be expected to require unusually costly or prolonged treatment for reasons other than those related to the appropriateness of the care available at the hospital.

(2) No hospital shall adopt or maintain practices or policies which would deny access to emergency care based on ability to pay. No hospital which maintains an emergency department shall transfer a patient with an emergency medical condition or who is in active labor unless the transfer is

performed at the request of the patient or is due to the limited medical resources of the transferring hospital. Hospitals must follow reasonable procedures in making transfers to other hospitals including confirmation of acceptance of the transfer by the receiving hospital.

(3) The department shall develop definitions by rule, as appropriate, for subsection (1) of this section and, with reference to federal requirements, subsection (2) of this section. The department shall monitor hospital compliance with subsections (1) and (2) of this section. The department shall report to the legislature and the governor on hospital compliance with these requirements and shall report individual instances of possible non-compliance to the state attorney general or the appropriate federal agency.

(4) The department shall establish and maintain by rule, consistent with the definition of charity care in section 502 of this act, the following:

(a) Uniform procedures, data requirements, and criteria for identifying patients receiving charity care;

(b) A definition of residual bad debt including reasonable and uniform standards for collection procedures to be used in efforts to collect the unpaid portions of hospital charges that are the patient's responsibility.

(5) For the purpose of providing charity care, each hospital shall develop, implement, and maintain a charity care policy which, consistent with subsection (1) of this section, shall enable people below the federal poverty level access to appropriate hospital-based medical services, and a sliding fee schedule for determination of discounts from charges for persons who qualify for such discounts by January 1, 1990. The department shall develop specific guidelines to assist hospitals in setting sliding fee schedules required by this section. All persons with family income below one hundred percent of the federal poverty standard shall be deemed charity care patients for the full amount of hospital charges, provided that such persons are not eligible for other private or public health coverage sponsorship. Persons who may be eligible for charity care shall be notified by the hospital.

(6) Each hospital shall make every reasonable effort to determine the existence or nonexistence of private or public sponsorship which might cover in full or part the charges for care rendered by the hospital to a patient; the family income of the patient as classified under federal poverty income guidelines; and the eligibility of the patient for charity care as defined in this chapter and in accordance with hospital policy. An initial determination of sponsorship status shall precede collection efforts directed at the patient.

(7) The department shall monitor the distribution of charity care among hospitals, with reference to factors such as relative need for charity care in hospital service areas and trends in private and public health coverage. The department shall report to the legislature and executive any problems in distribution which are in contradiction of the intent of this chapter. The report shall include an assessment of the effects of the provisions of this

chapter on access to hospital and health care services, as well as an evaluation of the contribution of all purchasers of care to hospital charity care.

(8) The department shall issue a report on the subjects addressed in this section at least annually, with the first report due on July 1, 1990.

**NEW SECTION.** Sec. 507. (1) Every person who shall violate or knowingly aid and abet the violation of sections 506 (5) or (6), 508, or 510 of this act, or any valid orders or rules adopted pursuant to these sections, or who fails to perform any act which it is herein made his or her duty to perform, shall be guilty of a misdemeanor. Following official notice to the accused by the department of the existence of an alleged violation, each day of noncompliance upon which a violation occurs shall constitute a separate violation. Any person violating the provisions of this chapter may be enjoined from continuing such violation. The department has authority to levy civil penalties not exceeding one thousand dollars for violations of this chapter and determined pursuant to this section.

(2) Every person who shall violate or knowingly aid and abet the violation of section 506 (1) or (2) of this act, or any valid orders or rules adopted pursuant to such section, or who fails to perform any act which it is herein made his or her duty to perform, shall be subject to the following criminal and civil penalties:

(a) For any initial violations: The violating person shall be guilty of a misdemeanor, and the department may impose a civil penalty not to exceed one thousand dollars as determined pursuant to this section.

(b) For a subsequent violation of section 506 (1) or (2) of this act within five years following a conviction: The violating person shall be guilty of a misdemeanor, and the department may impose a penalty not to exceed three thousand dollars as determined pursuant to this section.

(c) For a subsequent violation with intent to violate section 506 (1) or (2) of this act within five years following a conviction: The criminal and civil penalties enumerated in (a) of this subsection; plus up to a three-year prohibition against the issuance of tax exempt bonds under the authority of the Washington health care facilities authority; and up to a three-year prohibition from applying for and receiving a certificate of need.

(d) For a violation of section 506 (1) or (2) of this act within five years of a conviction under (c) of this subsection: The criminal and civil penalties and prohibition enumerated in (a) and (b) of this subsection; plus up to a one-year prohibition from participation in the state medical assistance or medical care services authorized under chapter 74.09 RCW.

(3) The provisions of chapter 34.05 RCW shall apply to all noncriminal actions undertaken by the department of health, the department of social and health services, and the Washington health care facilities authority pursuant to this act.

**NEW SECTION.** Sec. 508. The basic expenses for the hospital data collection and reporting activities of this chapter shall be financed by an assessment against hospitals of no more than four one-hundredths of one percent of each hospital's gross operating costs, to be levied and collected from and after that date, upon which the similar assessment levied under chapter 70.39 RCW is terminated, for the provision of hospital services for its last fiscal year ending on or before June 30th of the preceding calendar year. Budgetary requirements in excess of that limit must be financed by a general fund appropriation by the legislature. All moneys collected under this section shall be deposited by the state treasurer in the hospital data collection account which is hereby created in the state treasury. All earnings on investments of balances in the hospital data collection account shall be credited to the general fund. The department may also charge, receive, and dispense funds or authorize any contractor or outside sponsor to charge for and reimburse the costs associated with special studies as specified in section 505 of this act.

Any amounts raised by the collection of assessments from hospitals provided for in this section which are not required to meet appropriations in the budget act for the current fiscal year shall be available to the department in succeeding years.

**NEW SECTION.** Sec. 509. The department and any of its contractors or agents shall maintain the confidentiality of any information which may, in any manner, identify individual patients.

**NEW SECTION.** Sec. 510. (1) The department is responsible for the development, implementation, and custody of a state-wide hospital data system. As part of the design stage for development of the system, the department shall undertake a needs assessment of the types of, and format for, hospital data needed by consumers, purchasers, payers, hospitals, and state government as consistent with the intent of this chapter. The department shall identify a set of hospital data elements and report specifications which satisfy these needs. The council shall review the design of the data system and may direct the department to contract with a private vendor for assistance in the design of the data system. The data elements, specifications, and other design features of this data system shall be made available for public review and comment and shall be published, with comments, as the department's first data plan by January 1, 1990.

(2) Subsequent to the initial development of the data system as published as the department's first data plan, revisions to the data system shall be considered through the department's development of a biennial data plan, as proposed to, and funded by, the legislature through the biennial appropriations process. Costs of data activities outside of these data plans except for special studies shall be funded through legislative appropriations.

(3) In designing the state-wide hospital data system and any data plans, the department shall identify hospital data elements relating to both

hospital finances and the use of services by patients. Data elements relating to hospital finances shall be reported by hospitals in conformance with a uniform system of reporting as specified by the department and shall include data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial information reasonably necessary to fulfill the purposes of this chapter, for hospital activities as a whole and, as feasible and appropriate, for specified classes of hospital purchasers and payers. Data elements relating to use of hospital services by patients shall, at least initially, be the same as those currently compiled by hospitals through inpatient discharge abstracts and reported to the Washington state hospital commission.

(4) The state-wide hospital data system shall be uniform in its identification of reporting requirements for hospitals across the state to the extent that such uniformity is necessary to fulfill the purposes of this chapter. Data reporting requirements may reflect differences in hospital size; urban or rural location; scope, type, and method of providing service; financial structure; or other pertinent distinguishing factors. So far as possible, the data system shall be coordinated with any requirements of the federal department of health and human services in its administration of the medicare program and the state in its role of gathering public health statistics, so as to minimize any unduly burdensome reporting requirements imposed on hospitals.

(5) In identifying financial reporting requirements under the state-wide hospital data system, the department may require both annual reports and condensed quarterly reports, so as to achieve both accuracy and timeliness in reporting.

(6) In designing the initial state-wide hospital data system as published in the department's first data plan, the department shall review all existing systems of hospital financial and utilization reporting used in this state to determine their usefulness for the purposes of this chapter, including their potential usefulness as revised or simplified.

(7) Until such time as the state-wide hospital data system and first data plan are developed and implemented and hospitals are able to comply with reporting requirements, the department shall require hospitals to continue to submit the hospital financial and patient discharge information previously required to be submitted to the Washington state hospital commission. Upon publication of the first data plan, hospitals shall have a reasonable period of time to comply with any new reporting requirements and, even in the event that new reporting requirements differ greatly from past requirements, shall comply within two years of the effective date of this chapter.

(8) The hospital data collected and maintained by the department shall be available for retrieval in original or processed form to public and private

requestors within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data shall be funded by a fee schedule developed by the department which reflects the direct cost of retrieving the data in the requested form.

**NEW SECTION.** Sec. 511. The department shall provide, or may contract with a private entity to provide, hospital analyses and reports consistent with the purposes of this chapter. Prior to release, the department shall provide affected hospitals with an opportunity to review and comment on reports which identify individual hospital data with respect to accuracy and completeness, and otherwise shall focus on aggregate reports of hospital performance. These reports shall include:

(1) Consumer guides on purchasing hospital care services and publications providing verifiable and useful comparative information to consumers on hospitals and hospital services;

(2) Reports for use by classes of purchasers, payers, and providers as specified for content and format in the state-wide data system and data plan; and

(3) Reports on relevant hospital policy issues including the distribution of hospital charity care obligations among hospitals; absolute and relative rankings of Washington and other states, regions, and the nation with respect to expenses, net revenues, and other key indicators; hospital efficiencies; and the effect of medicare, medicaid, and other public health care programs on rates paid by other purchasers of hospital care.

Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. (8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods

Such amounts of money shall be recoverable in an action brought by the attorney general on behalf of the state in the superior court of any county in which the unauthorized undertaking occurred. Any amounts of money so recovered by the attorney general shall be deposited in the state general fund.

(6) The department may bring any action to enjoin a violation or the threatened violation of the provisions of this chapter or any rules and regulations adopted pursuant to this chapter, or may bring any legal proceeding authorized by law, including but not limited to the special proceedings authorized in Title 7 RCW, in the superior court in the county in which such violation occurs or is about to occur, or in the superior court of Thurston county.

NEW SECTION. Sec. 609. Any certificate of need application which was submitted and declared complete, but upon which final action had not been taken prior to the effective date of this act, shall be reviewed and action taken based on chapter 70.38 RCW, as in effect prior to the effective date of this act, and the rules adopted thereunder.

NEW SECTION. Sec. 610. For the purpose of supporting the certificate of need process, the state health plan developed in accordance with RCW 70.38.065 and in effect on the effective date of this act, shall remain effective until June 30, 1990, or until superseded by rules adopted by the department of health for this purpose. The governor may amend the state health plan, as the governor finds appropriate, until the final expiration of the plan.

Sec. 611. Section 9, chapter 267, Laws of 1955 and RCW 70.41.090 are each amended to read as follows:

~~((After January 1, 1956;))~~ (1) No person or governmental unit of the state of Washington, acting separately or jointly with any other person or governmental unit, shall establish, maintain, or conduct a hospital in this state, or use the word "hospital" to describe or identify an institution, without a license under this chapter: PROVIDED, That the provisions of this section shall not apply to state mental institutions and psychiatric hospitals which come within the scope of chapter 71.12 RCW.

(2) After June 30, 1989, no hospital shall initiate a tertiary health service as defined in RCW 70.38.025(14) unless it has received a certificate of need as provided in RCW 70.38.105 and 70.38.115.

Sec. 612. Section 17, chapter 267, Laws of 1955 and RCW 70.41.170 are each amended to read as follows:

Any person operating or maintaining a hospital without a license under this chapter, or, after June 30, 1989, initiating a tertiary health service as defined in RCW 70.38.025(14) that is not approved under RCW 70.38.105 and 70.38.115, shall be guilty of a misdemeanor, and each day of operation of an unlicensed hospital or unapproved tertiary health service, shall constitute a separate offense.

## PART VII RURAL HEALTH

NEW SECTION. Sec. 701. (1) The legislature declares that availability of health services to rural citizens is an issue on which a state policy is needed.

The legislature finds that changes in the demand for health care, in reimbursement policies of public and private purchasers, in the economic and demographic conditions in rural areas threaten the availability of care services.

In addition, many factors inhibit needed changes in the delivery of health care services to rural areas which include inappropriate and outdated regulatory laws, aging and inefficient health care facilities, the absence of local planning and coordination of rural health care services, the lack of community understanding of the real costs and benefits of supporting rural hospitals, the lack of regional systems to assure access to care that cannot be provided in every community, and the absence of state health care policy objectives.

The legislature further finds that the creation of effective health care delivery systems that assure access to health care services provided in an affordable manner will depend on active local community involvement. It further finds that it is the duty of the state to create a regulatory environment and health care payment policy that promotes innovation at the local level to provide such care.

It further declares that it is the responsibility of the state to develop policy that provides direction to local communities with regard to such factors as a definition of health care services, identification of state-wide health status outcomes, clarification of state, regional, community responsibilities and interrelationships for assuring access to affordable health care and continued assurances that quality health care services are provided.

(2) The legislature further finds that many rural communities do not operate hospitals in a cost-efficient manner. The cost of operating the rural hospital often exceeds the revenues generated. Some of these hospitals face closure, which may result in the loss of health care services for the community. Many communities are struggling to retain health care services by operating a cost-efficient facility located in the community. Current regulatory laws do not provide for the facilities licensure option that is appropriate for rural areas. A major barrier to the development of an appropriate rural licensure model is federal medicare approval to guarantee reimbursement for the costs of providing care and operating the facility. Medicare certification typically elaborates upon state licensure requirements. Medicare approval of reimbursement is more likely if the state has developed legal criteria for a rural-appropriate health facility. Medicare has begun negotiations with other states facing similar problems to develop exceptions with the goal of allowing reimbursement of rural alternative health care facilities. It is in the best interests of rural citizens for Washington state to begin negotiations with the federal government with the objective of designing a medicare eligible rural health care facility structured to meet the health care needs of rural Washington and be eligible for federal and state financial support for its development and operation.

NEW SECTION. Sec. 702. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Administrative structure" means a system of contracts or formal agreements between organizations and persons providing health services in an area that establishes the roles and responsibilities each will assume in providing the services of the rural health care facility.

(2) "Department" means the department of health.

(3) "Health care delivery system" means services and personnel involved in providing health care to a population in a geographic area.

(4) "Health care facility" means any land, structure, system, machinery, equipment, or other real or personal property or appurtenances useful for or associated with delivery of inpatient or outpatient health care service or support for such care or any combination thereof which is operated or undertaken in connection with a hospital, clinic, health maintenance organization, diagnostic or treatment center, extended care facility, or any facility providing or designed to provide therapeutic, convalescent or preventive health care services.

(5) "Health care system strategic plan" means a plan developed by the participant and includes identification of health care service needs of the participant, services and personnel necessary to meet health care service needs, identification of health status outcomes and outcome measures, identification of funding sources, and strategies to meet health care needs including measures of effectiveness.

(6) "Institutions of higher education" means educational institutions as defined in RCW 28B.10.016.

(7) "Local administrator" means an individual or organization representing the participant who may enter into legal agreements on behalf of the participant.

(8) "Participant" means communities, counties, and regions that serve as a health care catchment area where the project site is located.

(9) "Project" means the Washington rural health system project.

(10) "Project site" means a site selected to participate in the project.

(11) "Rural health care facility" means a facility, group, or other formal organization or arrangement of facilities, equipment, and personnel capable of providing or assuring availability of health services in a rural area. The services to be provided by the rural health care facility may be delivered in a single location or may be geographically dispersed in the community health service catchment area so long as they are organized under a common administrative structure or through a mechanism that provides appropriate referral, treatment, and follow-up.

(12) "Secretary" means the secretary of health.

**NEW SECTION.** Sec. 703. (1) The department shall establish the Washington rural health system project to provide financial and technical assistance to participants. The goal of the project is to help assure access to affordable health care services to citizens in the rural areas of Washington state.

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may appoint such technical or advisory committees as he or she deems necessary consistent with the provisions of section 106 of this act. In appointing an advisory committee the secretary should assure representation by health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services as well as consumers, rural community leaders, and those knowledgeable of the issues involved with health care public policy. Individuals appointed to any technical advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote

economy, avoid duplication of effort, and make the best use of available expertise.

(5) The secretary may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

(6) In designing and implementing the project the secretary shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988. Nothing in this chapter requires the secretary to follow any specific recommendation contained in that report except as it may also be included in this chapter.

NEW SECTION. Sec. 704. The department shall adopt rules consistent with this chapter to carry out the purpose of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. All rules and procedures adopted by the department shall minimize paperwork and compliance requirements for participants and should not be complex in nature so as to serve as a barrier or disincentive for prospective participants applying for the project.

NEW SECTION. Sec. 705. The secretary shall have the following powers and duties:

(1) To design the project application and selection process, including a program to advertise the project to rural communities and encourage prospective applicants to apply. Up to six project sites shall be selected which are eligible to receive seed grant funding. Funding shall be used to hire consultants and perform other activities necessary to meet participant requirements defined in this chapter. In considering selection of participants eligible for seed grant funding, the secretary should consider project sites where (a) existing access to health care is severely inadequate, (b) where a financially vulnerable health care facility is present, (c) where a financially vulnerable health care facility is present and an adjoining community in the same catchment area has a competing facility, or (d) where improvements in the delivery of primary care services, including preventive care services, is needed.

Up to six additional project sites shall be selected which receive no funding. The secretary shall select unfunded project sites based upon merit and to the extent possible, based upon the desire to address specific health status outcomes;

(2) To design acceptable outcome measures which are based upon health status outcomes and are to be part of the community plan, to work with communities to set acceptable local outcome targets in the health care delivery system strategic plan, and to serve as a general resource to participants in the planning, administration, and evaluation of project sites;

(3) To assess and approve community strategic plans developed by participants, including an assessment of the technical and financial feasibility of implementing the plan and whether adequate local support for the plan is demonstrated;

(4) To define health care catchment areas, identify financially vulnerable health care facilities, and to identify rural populations which are not receiving adequate health care services;

(5) To identify existing private and public resources which may serve as eligible consultants, identify technical assistance resources for communities in the project, create a register of public and private technical resource services available and provide the register to participants. The secretary shall screen consultants to determine their qualifications prior to including them on the register;

(6) To work with other state agencies, institutions of higher education, and other public and private organizations to coordinate technical assistance services for participants;

(7) To administer available funds for community use while participating in the project and establish procedures to assure accountability in the use of seed grant funds by participants;

(8) To define data and other minimum requirements for adequate evaluation of projects and to develop and implement an overall monitoring and evaluation mechanism for the projects;

(9) To act as facilitator for multiple applicants and entrants to the project;

(10) To report to the appropriate legislative committees and others from time to time on the progress of the projects including the identification of statutory and regulatory barriers to successful completion of rural health care delivery goals and an ongoing evaluation of the project.

NEW SECTION. Sec. 706. The duties and responsibilities of participating communities shall include:

(1) To involve major health care providers, businesses, public officials, and other community leaders in project design, administration, and oversight;

(2) To identify an individual or organization to serve as the local administrator of the project. The secretary may require the local administrator to maintain acceptable accountability of seed grant funding;

(3) To coordinate and avoid duplication of public health and other health care services;

(4) To assess and analyze community health care needs;

(5) To identify services and providers necessary to meet needs;

(6) To develop outcome measures to assess the long-term effectiveness of modifications initiated through the project;

(7) To write a health care delivery system strategic plan including to the extent possible, identification of outcome measures needed to achieve

health status outcomes identified in the plan. New organizational structures created should integrate existing programs and activities of local health providers so as to maximize the efficient planning and delivery of health care by local providers and promote more accessible and affordable health care services to rural citizens. Participants should create health care delivery system strategic plans which promote health care services which the participant can financially sustain;

(8) To screen and contract with consultants for technical assistance if the project site was selected to receive funding and assistance is needed;

(9) To monitor and evaluate the project in an ongoing manner;

(10) To implement necessary changes as defined in the plans such as converting existing facilities, developing or modifying services, recruiting providers, or obtaining agreements with other communities to provide some or all health care services; and

(11) To provide data and comply with other requirements of the administrator that are intended to evaluate the effectiveness of the projects.

**NEW SECTION.** Sec. 707. (1) The secretary may call upon other agencies of the state to provide available information to assist the secretary in meeting the responsibilities under this chapter. This information shall be supplied as promptly as circumstances permit.

(2) The secretary may call upon other state agencies including institutions of higher education as authorized under Title 28B RCW to identify and coordinate the delivery of technical assistance services to participants in meeting the responsibilities of this chapter. The state agencies and institutions of higher education shall cooperate and provide technical assistance to the secretary to the extent that current funding for these agencies and institutions of higher education permits.

**NEW SECTION.** Sec. 708. In addition to the powers and duties specified in section 705 of this act the secretary has the power to enter into contracts for the following functions and services:

(1) With public or private agencies, to assist the secretary in the secretary's duties to design or revise the health status outcomes, or to monitor or evaluate the performance of participants.

(2) With public or private agencies, to provide technical or professional assistance to project participants.

**NEW SECTION.** Sec. 709. (1) Participants are authorized to use funding granted to them by the secretary for the purpose of contracting for technical assistance services. Participants shall use only consultants identified by the secretary for consulting services unless the participant can show that an alternative consultant is qualified to provide technical assistance and is approved by the secretary. Adequate records shall be kept by the participant showing project site expenditures from grant moneys. Inappropriate use of grant funding shall be a gross misdemeanor.

(2) In providing a list of qualified consultants the secretary and the state shall not be held responsible for assuring qualifications of consultants and shall be held harmless for the actions of consultants. Furthermore, the secretary and the state shall not be held liable for the failure of participants to meet contractual obligations established in connection with project participation.

**NEW SECTION.** Sec. 710. (1) The department shall establish and adopt such standards and regulations pertaining to the construction, maintenance, and operation of a rural health care facility and the scope of health care services, and rescind, amend, or modify such regulations from time to time as necessary in the public interest. In developing the regulations, the department shall consult with representatives of rural hospitals, community mental health centers, public health departments, community and migrant health clinics, and other providers of health care in rural communities. The department shall also consult with third-party payers, consumers, local officials, and others to insure broad participation in defining regulatory standards and requirements that are appropriate for a rural health care facility.

(2) When developing the rural health care facility licensure rules, the department shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988. Nothing in this chapter requires the department to follow any specific recommendation contained in that report except as it may also be included in this chapter.

(3) Upon developing rules, the department shall enter into negotiations with appropriate federal officials to seek medicare approval of the facility and financial participation of medicare and other federal programs in developing and operating the rural health care facility.

(4) The department shall report periodically to the appropriate committees of the legislature on the progress of rule development and negotiations with the federal government.

**NEW SECTION.** Sec. 711. In developing the rural health care facility licensure regulations, the department shall:

(1) Minimize regulatory requirements to permit local flexibility and innovation in providing services;

(2) Promote the cost-efficient delivery of health care and other social services as is appropriate for the particular local community;

(3) Promote the delivery of services in a coordinated and nonduplicative manner;

(4) Maximize the use of existing health care facilities in the community;

(5) Permit regionalization of health care services when appropriate;

(6) Provide for linkages with hospitals, tertiary care centers, and other health care facilities to provide services not available in the facility; and

(7) Achieve health care outcomes defined by the community through a community planning process.

NEW SECTION. Sec. 712. The rural health care facility is not considered a hospital for building occupancy purposes.

NEW SECTION. Sec. 713. (1) The legislature finds that a current shortage of nurses exists in many areas of the state as well as in certain nurse specialties. Surveys of nurses in Washington state evidenced a need for more accessible education for advancement to higher levels of practice.

The legislature declares that there is a need for the development of a state-wide plan for nursing education to meet the educational needs of nurses and the health care needs of the citizens of Washington state.

(2) The higher education coordinating board, in consultation with at least the state board of nursing, the state board of practical nursing, representatives of the state board for community college education, the superintendent of public instruction, public and private nursing education, health care facilities, and practicing nurses, shall develop a state-wide plan to be implemented no later than January 1, 1992. The plan shall provide for:

(a) Geographic availability of nursing education and training programs;

(b) Curriculum standards for each type of nursing education and training program;

(c) Procedures to facilitate optimal transfer or granting of course credit; and

(d) The use of evaluation processes, which may include challenge exams, to maximize opportunities for receiving credit for both knowledge and clinical skills.

The higher education coordinating board shall submit a plan to the legislature by December 1, 1990. The board shall make a progress report to the senate and house of representatives standing committees on health care by December 1, 1989.

***\*NEW SECTION. Sec. 714. (1) The legislature finds that a shortage of physicians, nurses, and physician assistants exists in rural areas of the state. In addition, many education programs to train these health care providers do not include options for practical training experience in rural settings. As a result, many health care providers find their current training does not prepare them for the unique demands of rural practice.***

***The legislature declares that the availability of rural training opportunities as a part of professional medical, nursing, and physician assistant education would provide needed practical experience, serve to attract providers to rural areas, and help address the current shortage of these providers in rural Washington.***

***(2) The higher education coordinating board, in consultation with at least the state board for community college education, the superintendent of public instruction, and state-supported education programs in medicine and nursing, shall develop a plan for increasing rural training opportunities for students in medicine and nursing. The plan shall provide for direct exposure***

*to rural health professional practice conditions for students planning careers in rural medicine and nursing.*

*(3) The boards and the medical and nurse education programs shall:*

*(a) Inventory existing rural-based clinical experience programs, including internships, clerkships, residencies, and other training opportunities available to students pursuing degrees in nursing and medicine;*

*(b) Identify where training opportunities do not currently exist and are needed;*

*(c) Develop recommendations for improving the availability of rural training opportunities;*

*(d) Develop recommendations on establishing agreements between education programs to assure that all students in medical and nurse education programs in the state have access to rural training opportunities; and*

*(e) Review private and public funding sources to finance rural-based training opportunities.*

*(4) The higher education coordinating board shall report to the house of representatives and senate standing committees on health care by December 1, 1989, with their findings and recommendations including needed legislative changes.*

\*Sec. 714 was vetoed, see message at end of chapter.

NEW SECTION. Sec. 715. (1) The legislature finds that a shortage of trained radiologic technologists, respiratory therapists, and pharmacy and laboratory technologists exists in rural areas of the state. In addition, low patient volumes in rural hospitals and primary care clinics make it financially difficult to hire and retain separate individuals with skills from each of these professions. The result is that health care services that could be provided locally are often not provided and patients are forced to go to urban areas for care.

The legislature declares that some limited cross-credentialing of health professionals with skills from one or more of these professions would be desirable in rural areas where shortages exist. The legislature further declares that the cross-credentialing of health professionals should not result in a reduction in the quality of health care provided by such individuals.

(2) The department of health, in consultation with the board of health, the higher education coordinating board, representatives of rural hospitals and rural primary health care clinics, and other entities that the department of health wishes to consult with, shall investigate opportunities for the development of a pool of individuals who are cross-trained with skills in radiology, respiratory therapy, and pharmacy and laboratory technology.

(3) The department shall:

(a) Determine whether there is a need for health care professionals with multiple skills in rural areas;

(b) Determine whether individuals can be cross-credentialed for multiple skills without a reduction in the quality of health care;

(c) Examine current training, education and state credentialing requirements for each of the affected professions;

(d) Identify what training and educational requirements are needed to allow for the medical practice of individuals with multiple skills;

(e) Develop recommendations on changes in current credentialing requirements to allow for credentialing of individuals with multiple skills; and

(f) Develop recommendations on whether the practice of cross-credentialed individuals should be limited to rural areas of the state.

(4) The department shall report to the house of representatives committee on health care and the senate committee on health care and corrections by December 1, 1990, on the need for changes in current credentialing requirements for the affected professions.

(5) The sum of forty-five thousand four hundred ninety-three dollars, or as much thereof as may be necessary, is appropriated from the health professions account to the department of health for the biennium ending June 30, 1991, to carry out the purposes of this section.

**NEW SECTION.** Sec. 716. The legislature finds that changes in demographics, the delivery of health care services, and an escalation in the cost of educating health professionals has resulted in shortages of health professionals. A poor distribution of health care professionals has resulted in a surplus of some professionals in some areas of the state and a shortage of others in other parts of the state such as in the more rural areas. The high cost of health professional education requires that health care practitioners command higher incomes to repay the financial obligations incurred to obtain the required training. Health professional shortage areas are often areas that have troubled economies and lower per capita incomes. These areas often require more services because the health care needs are greater due to poverty or because the areas are difficult to service due to geographic circumstances. The salary potentials for shortage areas are often not as favorable when compared to nonshortage areas and practitioners are unable to serve. The legislature further finds that encouraging health professionals to serve in shortage areas is essential to assure continued access to health care for persons living in these parts of the state.

**NEW SECTION.** Sec. 717. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Loan repayment" means a loan that is paid in full or in part if the participant renders health care services in a health professional shortage area or medically underserved areas as defined by the department of health.

(2) "Participant" means a licensed health professional who has commenced practice as a primary care provider in a designated health professional shortage area.

(3) "Board" means the higher education coordinating board.

(4) "Health professional shortage areas" means those geographic areas where health professionals are in short supply as a result of geographic

maldistribution and where vacancies exist in serious numbers that jeopardize patient care and pose a threat to the public health and safety. The department of health shall determine health professional shortage areas in the state guided by federal standards of "health manpower shortage areas," and "medically underserved areas," and "medically underserved populations."

(5) "Satisfied" means paid-in-full.

(6) "Licensed health professional" means a person authorized in the state of Washington to practice medicine pursuant to chapter 18.57 or 18.57A RCW or 18.71 or 18.71A RCW, to practice nursing pursuant to chapter 18.88 or 18.78 RCW, or to practice dentistry pursuant to chapter 18.32 RCW.

NEW SECTION. Sec. 718. The health professional loan repayment program is established for licensed health professionals serving in health professional shortage areas. The program shall be administered by the higher education coordinating board. In administering this program, the board shall have the following duties:

(1) It shall select licensed health professionals to participate in the loan repayment program;

(2) It shall adopt rules to administer the program;

(3) It shall publicize the program; and

(4) It shall solicit and accept grants and donations from public and private sources for the program.

NEW SECTION. Sec. 719. The board shall establish a planning committee to assist it in developing criteria for the selection of participants. The board shall, at a minimum, include on the planning committee: Representatives from rural hospitals; public health districts or departments; community and migrant clinics; and private providers.

NEW SECTION. Sec. 720. The board may grant loan repayment awards to eligible participants from the funds appropriated for this purpose, or from any private or public funds given to the board for this purpose. The amount of the loan repayment shall not exceed fifteen thousand dollars per year for a maximum of five years. The board may establish awards of less than fifteen thousand dollars per year based upon reasonable levels of expenditures for each of the health professions covered by this chapter. Participants in the conditional scholarship program authorized by chapter 28B.104 RCW are ineligible to receive assistance from the program authorized by this chapter.

NEW SECTION. Sec. 721. Participants in the health professional loan repayment program shall receive payment from the program for the purpose of repaying educational loans secured while attending a program of health professional training which led to licensure as a licensed health professional in the state of Washington.

(1) Participants shall agree to serve at least three years in a designated health professional shortage area.

(2) In providing health care services the participant shall not discriminate against any person on the basis of the person's ability to pay for such services or because payment for the health care services provided to such persons will be made under the insurance program established under part A or B of Title XVIII of the federal social security act or under a state plan for medical assistance approved under Title XIX of the federal social security act and agrees to accept assignment under section 18.42(b)(3)(B)(ii) of such act for all services for which payment may be made under part B of Title XVIII and enters into an appropriate agreement with the department of social and health services for medical assistance under Title XIX to provide services to individuals entitled to medical assistance under the plan. Participants found by the board in violation of this section shall be declared ineligible for receiving assistance under the program authorized by this chapter.

(3) Repayment shall be limited to reasonable educational and living expenses as determined by the board and shall include principal and interest.

(4) Loans from both government and private sources may be repaid by the program. Participants shall agree to allow the board access to loan records and to acquire information from lenders necessary to verify eligibility and to determine payments. Loans may not be renegotiated with lenders to accelerate repayment.

(5) Repayment of loans established pursuant to this program shall begin no later than ninety days after the individual has become a participant. Payments shall be made quarterly, or more frequently if deemed appropriate by the board, to the participant until the loan is repaid or the participant becomes ineligible due to discontinued service in a health professional shortage area or after the fifth year of services when eligibility discontinues, whichever comes first.

(6) Should the participant discontinue service in a health professional shortage area payments against the loans of the participants shall cease to be effective on the date that the participant discontinues service.

(7) Except for circumstances beyond their control, participants who serve less than three years shall be obligated to repay to the program an amount equal to twice the total amount paid by the program on their behalf in addition to any payments on the unsatisfied portion of the principal and interest. The board shall determine the applicability of this subsection.

(8) The board is responsible for the collection of payments made on behalf of participants from the participants who discontinue service before their three-year obligation. The board shall exercise due diligence in such collection, maintaining all necessary records to ensure that the maximum

amount of payment made on behalf of the participant is recovered. Collection under this section shall be pursued using the full extent of the law, including wage garnishment if necessary.

(9) The board shall not be held responsible for any outstanding payments on principal and interest to any lenders once a participant's eligibility expires.

NEW SECTION. Sec. 722. After consulting with the higher education coordinating board, the governor may transfer the administration of this program to another agency with an appropriate mission.

NEW SECTION. Sec. 723. No loan repayment may be awarded after June 30, 1995.

Sec. 816. Section 1, chapter 6, Laws of 1981 1st ex. sess. as last amended by section 31, chapter 75, Laws of 1987 and by section 9, chapter 406, Laws of 1987 and RCW 74.04.005 are each reenacted and amended to read as follows:

For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

(1) "Public assistance" or "assistance"—Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, general assistance and federal-aid assistance.

(2) "Department"—The department of social and health services.

(3) "County or local office"—The administrative office for one or more counties or designated service areas.

(4) "Director" or "secretary" means the secretary of social and health services.

(5) "Federal-aid assistance"—The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(6) (a) "General assistance"—Aid to persons in need who:

(i) Are not eligible to receive federal-aid assistance, other than food stamps and medical assistance; however, an individual who refuses or fails to cooperate in obtaining federal-aid assistance, without good cause, is not eligible for general assistance;

(ii) Are either:

(A) Pregnant: PROVIDED, That need is based on the current income and resource requirements of the federal aid to families with dependent children program: PROVIDED FURTHER, That during any period in which an aid for dependent children employable program is not in operation, only those pregnant women who are categorically eligible for medicaid are eligible for general assistance; or

(B) Incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of sixty days as determined by the department. Persons who are unemployable due to alcohol or drug addiction are not eligible for general assistance. Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug-related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW.

Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. This subsection (6)(a)(ii)(B) shall not be construed to prohibit the department from granting general assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program;

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the social security number shall be provided to the department upon receipt.

(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal-aid assistance:

(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

(ii) To the extent authorized by the legislature in the biennial appropriations act, to recipients of aid to families with dependent children whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received.

(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6) (a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(d) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with

statutory requirements and are based on clear, objective medical information.

(e) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(f) Recipients of general assistance who remain otherwise eligible shall not have their benefits terminated absent a clear showing of material improvement in their medical or mental condition or specific error in the prior determination that found the recipient eligible by reason of incapacitation.

(7) "Applicant"—Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(8) "Recipient"—Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(9) "Standards of assistance"—The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(10) "Resource"—Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent: PROVIDED, That an applicant may retain the following described resources and not be ineligible for public assistance because of such resources.

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered as a resource which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons or a natural disaster, shall raise a rebuttable presumption of abandonment: PROVIDED, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse or dependent children or disabled sons or daughters, such property shall be considered as a resource which can be made available to meet need.

(b) Household furnishings and personal effects and other personal property having great sentimental value to the applicant or recipient, as limited by the department consistent with limitations on resources and exemptions for federal aid assistance.

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed one thousand five hundred dollars.

(d) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance.

(e) Applicants for or recipients of general assistance may retain the following described resources in addition to exemption for a motor vehicle or home and not be ineligible for public assistance because of such resources:

(i) Household furnishings, personal effects, and other personal property having great sentimental value to the applicant or recipient;

(ii) Term and burial insurance for use of the applicant or recipient;

(iii) Life insurance having a cash surrender value not exceeding one thousand five hundred dollars; and

(iv) Cash, marketable securities, and any excess of values above one thousand five hundred dollars equity in a vehicle and above one thousand five hundred dollars in cash surrender value of life insurance, not exceeding one thousand five hundred dollars for a single person or two thousand two hundred fifty dollars for a family unit of two or more. The one thousand dollar limit in subsection (10)(d) of this section does not apply to recipients of or applicants for general assistance.

(f) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property, but the recipient must sign an agreement to dispose of the property and repay assistance payments made to the date of disposition of the property which would not have been made had the disposal occurred at the beginning of the period for which the payments of such assistance were made. In no event shall such amount due the state exceed the net proceeds otherwise available to the recipient from the disposition, unless after nine months from the date of the agreement the property has not been sold, or if the recipient's eligibility for financial assistance ceases for any other reason. In these two instances the entire amount of assistance paid during this period will be treated as an overpayment and a debt due the state, and may be recovered pursuant to RCW 43.20B.630.

(11) "Income"—(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance(~~(--PROVIDED, That))~~. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance(~~(--PROVIDED FURTHER, That))~~. In determining the amount of assistance to which an applicant or recipient of aid to families with dependent children is entitled, the department is hereby authorized to disregard as a resource or income the earned income exemptions consistent with federal requirements(~~(--PROVIDED FURTHER,))~~). The department may permit the above exemption of earnings of a child to be retained by such child to cover the cost of special future identifiable needs even though the total exceeds the exemptions or resources granted to applicants and recipients of public assistance, but consistent with federal requirements. In formulating rules and regulations pursuant to this chapter, the department shall define income and resources and the availability thereof, consistent with federal requirements. All resources and income not specifically exempted, and any income or other economic benefit derived from the use of, or appreciation in value of, exempt resources, shall be considered in determining the need of an applicant or recipient of public assistance.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(12) "Need"—The difference between the applicant's or recipient's standards of assistance for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his family.

(13) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(14) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the

past and future tenses, unless the context thereof shall clearly indicate to the contrary.

Sec. 817. Section 2, chapter 131, Laws of 1975-'76 2nd ex. sess. as amended by section 2, chapter 321, Laws of 1977 ex. sess. and RCW 74.38.020 are each amended to read as follows:

(7) "Income" shall have the same meaning as ~~((RCW 74.04.005(12)))~~ in chapter 74.04 RCW, as now or hereafter amended; except, that money received from RCW 74.38.060 shall be excluded from this definition.

Passed the Senate May 7, 1989.

Passed the House May 10, 1989.

Approved by the Governor May 31, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 31, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 105, 209, 302, 415, 512, 714, and 814, Engrossed Senate Bill No. 6152 entitled:

"AN ACT Relating to health."

I am pleased that you have sent me a bill creating a Department of Health which encompasses the full range of health issues. You have done considerable and admirable work on this piece of legislation, and it is my pleasure to sign the majority of this bill into law.

While a great number of the programs and policies contained in this bill are sound public policy, I am very concerned for the viability of this Department. When I originally proposed a Department of Health, we carefully and conservatively estimated the costs of transition and of various new programs. However, both the funding provided for the transition in the budget bill and the appropriations for new programs in this bill are grossly inadequate, leaving an estimated shortfall of nearly \$2 million. I cannot in good conscience allow this level of new unfunded programs in this Department.

Therefore, I am vetoing those sections of the bill which are not critical to the viability of the Department of Health. This message should not be construed as a statement in opposition to the policy of these sections, except where I have specifically noted. Although I have been forced to use my veto power, there remains a resource shortfall. Without vetoing the entire measure, there is no way I can eliminate the deficit. I am very disappointed that the Legislature did not fully fund this new Department and allow it to begin its duties with sufficient resources.

Section 105 requires that the State Health Officer hold the position of Deputy Secretary within the Department of Health and be subject to Senate confirmation. The requirement of Deputy Director confirmation by the Senate is unprecedented and inappropriate. The other requirements remove administrative flexibility from the executive branch. While I agree that there should be a person employed by the Department with the expertise as defined in this section, I do not agree that the position must be a Deputy Secretary. If I do not appoint a Secretary with the qualifications required by this section, I will ask the Secretary to hire such a person to fill an appropriate position.

Section 209 mandates an increase in staff to the Board of Health. The Board has been understaffed for years, but has been unsuccessful in obtaining the funding for staff support. Currently, the Board is allowed to hire an executive director and a

confidential secretary, but does not have sufficient funds to fill either of those positions. While I strongly support providing the Board of Health with needed assistance, I cannot support signing this section without the appropriate funding accompanying this mandated increase.

Section 302 requires the Department of Health to study and report on health care professional licensure needs. This is a subject deserving a coordinated review; however, I cannot support signing this section without an accompanying appropriation.

Section 415 amends RCW 18.64.044 which is also amended by section 401. Since the language within section 401 reflects the statute as amended by section 1, chapter 352, Laws of 1989 (HB 1478), I am vetoing section 415.

Section 512 requires the Department of Health to perform a biennial study of the State's expenditures on health care services, and submit that report to the Legislature. Since this study was not funded and the Legislature currently has the ability to request this type of information from each of the affected state agencies, I am vetoing this section.

Section 714 requires the Higher Education Coordinating Board (HECB) to develop a plan for increasing rural training opportunities for students in medicine and nursing by December 1, 1989. I agree that the training needed for working in rural settings is different from that needed for urban settings; however, I cannot support yet another unfunded study requirement of the HECB. Note, I would have also vetoed section 713 of this bill but we have the opportunity, given the delayed due date of that study, to come back and seek funding to carry out its purpose.

Section 814 requires the Department of Social and Health Services to monitor alcohol and drug treatment programs, to collect data on addicted persons who receive general assistance, and to contract with the University of Washington Alcoholism and Drug Abuse Institute to evaluate treatment outcomes. Although the purposes of this section are of value, no funds have been provided for these purposes. In order to collect this data, the Department would have to use a substantial portion of funds provided for treatment services. This diversion of treatment funds would impair the State's commitment to assist as many addicted persons as we can to overcome their addictions.

I strongly urge the Legislature to consider the impact of legislation on the budget before passing legislation. The unfunded programs and studies which I am returning to you without my approval are programs of merit. I strongly encourage you to revisit these issues, and to pass them again with appropriate funding.

With the exception of sections 105, 209, 302, 415, 512, 714, and 814, Engrossed Senate Bill No. 6152 is approved.\*

## CHAPTER 10

[House Bill No. 2244]

### MATERNITY CARE—ACCESS

AN ACT Relating to maternity care; amending RCW 74.09.510; adding new sections to chapter 74.09 RCW; creating a new section; and making appropriations.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. This act may be known and cited as the "maternity care access act of 1989."

**NEW SECTION.** Sec. 2. (1) The legislature finds that Washington state and the nation as a whole have a high rate of infant illness and death

compared with other industrialized nations. This is especially true for minority and low-income populations. Premature and low weight births have been directly linked to infant illness and death. The availability of adequate maternity care throughout the course of pregnancy has been identified as a major factor in reducing infant illness and death. Further, the investment in preventive health care programs, such as maternity care, contributes to the growth of a healthy and productive society and is a sound approach to health care cost containment. The legislature further finds that access to maternity care for low-income women in the state of Washington has declined significantly in recent years and has reached a crisis level.

(2) It is the purpose of this chapter to provide, consistent with appropriated funds, maternity care necessary to ensure healthy birth outcomes for low-income families. To this end, a maternity care access system is established based on the following principles:

(a) The family is the fundamental unit in our society and should be supported through public policy.

(b) Access to maternity care for eligible persons to ensure healthy birth outcomes should be made readily available in an expeditious manner through a single service entry point.

(c) Unnecessary barriers to maternity care for eligible persons should be removed.

(d) Access to preventive and other health care services should be available for low-income children.

(e) Each woman should be encouraged to and assisted in making her own informed decisions about her maternity care.

(f) Unnecessary barriers to the provision of maternity care by qualified health professionals should be removed.

(g) The system should be sensitive to cultural differences among eligible persons.

(h) To the extent possible, decisions about the scope, content, and delivery of services should be made at the local level involving a broad representation of community interests.

(i) The maternity care access system should be evaluated at appropriate intervals to determine effectiveness and need for modification.

(j) Maternity care services should be delivered in a cost-effective manner.

**NEW SECTION.** Sec. 3. The legislature reserves the right to amend or repeal all or any part of this chapter at any time and there shall be no vested private right of any kind against such amendment or repeal. All rights, privileges, or immunities conferred by this chapter or any acts done pursuant thereto shall exist subject to the power of the legislature to amend or repeal this chapter at any time.

**NEW SECTION.** Sec. 4. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 1 through 8 of this act:

(1) "At-risk eligible person" means an eligible person determined by the department to need special assistance in applying for and obtaining maternity care, including pregnant women who are substance abusers, pregnant and parenting adolescents, pregnant minority women, and other eligible persons who need special assistance in gaining access to the maternity care system.

(2) "County authority" means the board of county commissioners, county council, or county executive having the authority to participate in the maternity care access program or its designee. Two or more county authorities may enter into joint agreements to fulfill the requirements of this chapter.

(3) "Department" means the department of social and health services.

(4) "Eligible person" means a woman in need of maternity care or a child, who is eligible for medical assistance pursuant to chapter 74.09 RCW or the prenatal care program administered by the department.

(5) "Maternity care services" means inpatient and outpatient medical care, case management, and support services necessary during prenatal, delivery, and postpartum periods.

(6) "Support services" means, at least, public health nursing assessment and follow-up, health and childbirth education, psychological assessment and counseling, outreach services, nutritional assessment and counseling, needed vitamin and nonprescriptive drugs, transportation, and child care. Support services may include alcohol and substance abuse treatment for pregnant women who are addicted or at risk of being addicted to alcohol or drugs to the extent funds are made available for that purpose by Engrossed Second Substitute House Bill No. 1793, if enacted.

**NEW SECTION.** Sec. 5. The department shall, consistent with the state budget act, develop a maternity care access program designed to ensure healthy birth outcomes as follows:

(1) Provide maternity care services to low-income pregnant women and health care services to children in poverty to the maximum extent allowable under the medical assistance program, Title XIX of the federal social security act;

(2) Provide maternity care services to low-income women who are not eligible to receive such services under the medical assistance program, Title XIX of the federal social security act;

(3) By January 1, 1990, have the following procedures in place to improve access to maternity care services and eligibility determinations for pregnant women applying for maternity care services under the medical assistance program, Title XIX of the federal social security act:

(a) Use of a shortened and simplified application form;

- (b) Outstationing department staff to make eligibility determinations;
- (c) Establishing local plans at the county and regional level, coordinated by the department; and
- (d) Conducting an interview for the purpose of determining medical assistance eligibility within five working days of the date of an application by a pregnant woman and making an eligibility determination within fifteen working days of the date of application by a pregnant woman;
- (4) Establish a maternity care case management system that shall assist at-risk eligible persons with obtaining medical assistance benefits and receiving maternity care services, including transportation and child care services;
- (5) Within available resources, establish appropriate reimbursement levels for maternity care providers;
- (6) Implement a broad-based public education program that stresses the importance of obtaining maternity care early during pregnancy;
- (7) Study the desirability and feasibility of implementing the presumptive eligibility provisions set forth in section 9407 of the federal omnibus budget reconciliation act of 1986 and report to the appropriate committees of the legislature by December 1, 1989; and
- (8) Refer persons eligible for maternity care services under the program established by this section to persons, agencies, or organizations with maternity care service practices that primarily emphasize healthy birth outcomes.

NEW SECTION. Sec. 6. (1) The department shall establish an alternative maternity care service delivery system, if it determines that a county or a group of counties is a maternity care distressed area. A maternity care distressed area shall be defined by the department, in rule, as a county or a group of counties where eligible women are unable to obtain adequate maternity care. The department shall include the following factors in its determination:

- (a) Higher than average percentage of eligible persons in the distressed area who receive late or no prenatal care;
  - (b) Higher than average percentage of eligible persons in the distressed area who go out of the area to receive maternity care;
  - (c) Lower than average percentage of obstetrical care providers in the distressed area who provide care to eligible persons;
  - (d) Higher than average percentage of infants born to eligible persons per obstetrical care provider in the distressed area; and
  - (e) Higher than average percentage of infants that are of low birth weight, five and one-half pounds or two thousand five hundred grams, born to eligible persons in the distressed area.
- (2) If the department determines that a maternity care distressed area exists, it shall notify the relevant county authority. The county authority

shall, within one hundred twenty days, submit a brief report to the department recommending remedial action. The report shall be prepared in consultation with the department and its local community service offices, the local public health officer, community health clinics, health care providers, hospitals, the business community, labor representatives, and low-income advocates in the distressed area. A county authority may contract with a local nonprofit entity to develop the report. If the county authority is unwilling or unable to develop the report, it shall notify the department within thirty days, and the department shall develop the report for the distressed area.

(3) The department shall review the report and use it, to the extent possible, in developing strategies to improve maternity care access in the distressed area. The department may contract with or directly employ qualified maternity care health providers to provide maternity care services, if access to such providers in the distressed area is not possible by other means. In such cases, the department is authorized to pay that portion of the health care providers' malpractice liability insurance that represents the percentage of maternity care provided to eligible persons by that provider through increased medical assistance payments.

NEW SECTION. Sec. 7. To the extent that federal matching funds are available, the department or the department of health if one is created shall establish, in consultation with the health science programs of the state's colleges and universities, and community health clinics, a loan repayment program that will encourage maternity care providers to practice in medically underserved areas in exchange for repayment of part or all of their health education loans.

Sec. 8. Section 4, chapter 30, Laws of 1967 ex. sess. as last amended by section 2, chapter 87, Laws of 1989 and RCW 74.09.510 are each amended to read as follows:

Medical assistance may be provided in accordance with eligibility requirements established by the department of social and health services, as defined in the social security Title XIX state plan for mandatory categorically needy persons and: (1) Individuals who would be eligible for cash assistance except for their institutional status; (2) individuals who are under twenty-one years of age, who would be eligible for aid to families with dependent children, but do not qualify as dependent children and who are in (a) foster care, (b) subsidized adoption, (c) an intermediate care facility or an intermediate care facility for the mentally retarded, or (d) inpatient psychiatric facilities; (3) the aged, blind, and disabled who: (a) Receive only a state supplement, or (b) would not be eligible for cash assistance if they were not institutionalized; (4) individuals who would be eligible for but choose not to receive cash assistance; (5) ~~((pregnant women who would be eligible for aid to families with dependent children if the child had been born and was living with the mother during the month of the payment, and~~

NEW SECTION. Sec. 9. The department shall contract with an independent nonprofit entity to evaluate the effectiveness of the maternity care access program set forth in sections 1 through 7 of this act based on the principles set forth in section 2 of this act. The evaluation shall also address:

(1) Characteristics of women receiving services, including health risk factors;

## CHAPTER 11

[Substitute House Bill No. 1581]

## FAMILY LEAVE

AN ACT Relating to family leave; adding new sections to chapter 49.12 RCW; adding a new chapter to Title 49 RCW; creating new sections; prescribing penalties; and providing effective dates.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that the demands of the workplace and of families need to be balanced to promote family stability and economic security. Changes in workplace leave policies are desirable to accommodate changes in the work force such as rising numbers of dual-career couples and working single parents. In addition, given the mobility of American society, many people no longer have available community or family support networks and therefore need additional flexibility in the workplace. The legislature declares it to be in the public interest to provide reasonable family leave upon the birth or adoption of a child and to care for a child under eighteen years old with a terminal health condition.

**NEW SECTION.** Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Child" means a biological or adopted child, or a stepchild, living with the employee.

(2) "Department" means the department of labor and industries.

(3) "Employee" means a person other than an independent contractor employed by an employer on a continuous basis for the previous fifty-two weeks for at least thirty-five hours per week.

(4) "Employer" means: (a) Any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state and includes any unit of local government including, but not limited to, a county, city, town, municipal corporation, quasi-municipal corporation, or political subdivision, which (i) employed a daily average of one hundred or more employees during the last calendar quarter at the place where the employee requesting leave reports for work, or (ii) employed a daily average of one hundred or more employees during the last calendar quarter within a twenty mile radius of the place where the employee requesting leave reports for work, where the employer maintains a central hiring location and customarily transfers employees among workplaces; and (b) the state, state institutions, and state agencies.

(5) "Family leave" means leave from employment to care for a newborn or newly adopted child under the age of six or a child under eighteen years old with a terminal health condition, as provided in section 3 of this act.

(6) "Health care provider" means a person licensed as a physician under chapter 18.71 RCW or an osteopath under chapter 18.57 RCW.

(7) "Parent" means a biological or adoptive parent, or a stepparent.

(8) "Reduced leave schedule" means leave scheduled for fewer than an employee's usual number of hours or days per workweek.

(9) "Terminal health condition" means a condition caused by injury, disease, or illness, that, within reasonable medical judgment, is incurable and will produce death within the period of leave to which the employee is entitled.

**NEW SECTION.** Sec. 3. (1) An employee is entitled to twelve workweeks of family leave during any twenty-four month period to: (a) Care for a newborn child or adopted child of the employee who is under the age of six at the time of placement for adoption, or, (b) care for a child under eighteen years old of the employee who has a terminal health condition. Leave under subsection (1)(a) of this section shall be completed within twelve months after the birth or placement for adoption, as applicable. An employee is entitled to leave under subsection (1)(b) of this section only once for any given child.

(2) Family leave may be taken on a reduced leave schedule subject to the approval of the employer.

(3) The leave required by this section may be unpaid. If an employer provides paid family leave for fewer than twelve workweeks, the additional workweeks of leave added to attain the twelve-workweek total may be unpaid. An employer may require an employee to first use up the employee's total accumulation of leave to which the employee is otherwise entitled before going on family leave; however, except as provided in subsection (4) of this section, nothing in this section requires more than twelve total workweeks of leave during any twenty-four month period. An employer is not required to allow an employee to use the employee's other leave in place of the leave provided under this chapter.

(4) The leave required by this section is in addition to any leave for sickness or temporary disability because of pregnancy or childbirth.

(5) An employer may limit or deny family leave to either: (a) Up to ten percent of the employer's workforce in the state designated as key personnel by the employer. Any designation made under this section shall take effect thirty days after it is issued and may be changed no more than once in any twelve-month period. An employer shall not designate key personnel on the basis of age or gender or for the purpose of evading the requirements of this chapter. No employee may be designated as key personnel after giving notice of intent to take leave pursuant to section 4 of this act. The designation shall be in writing and shall be displayed in a conspicuous place; or (b) if the employer does not designate key personnel, the highest paid ten percent of the employer's employees in the state.

**NEW SECTION.** Sec. 4. (1) An employee planning to take family leave under section 3(1)(a) of this act shall provide the employer with written notice at least thirty days in advance of the anticipated date of delivery or placement for adoption, stating the dates during which the employee intends to take family leave. The employee shall adhere to the dates stated in the notice unless:

- (a) The birth is premature;
- (b) The mother is incapacitated due to birth such that she is unable to care for the child;
- (c) The employee takes physical custody of the newly adopted child at an unanticipated time and is unable to give notice thirty days in advance; or
- (d) The employer and employee agree to alter the dates of family leave stated in the notice.

(2) In cases of premature birth, incapacity, or unanticipated placement for adoption referred to in subsection (1) of this section, the employee must give notice of revised dates of family leave as soon as possible but at least within one working day of the birth or placement for adoption or incapacitation of the mother.

(3) If family leave under section 3(1)(b) of this act is foreseeable, the employee shall provide the employer with written notice at least fourteen days in advance of the expected leave and shall make a reasonable effort to schedule the leave so as not to unduly disrupt the operations of the employer. If family leave under section 3(1)(b) of this act is not foreseeable fourteen or more days before the leave is to take place, the employee shall notify the employer of the expected leave as soon as possible, but at least within one working day of the beginning of the leave.

(4) If the employee fails to give the notice required by this section, the employer may reduce or increase the family leave required by this chapter by three weeks.

**NEW SECTION.** Sec. 5. (1) In the event of any dispute under this chapter regarding premature birth, incapacitation of the mother, maternity disability, or terminal condition of a child, an employer may require confirmation by a health care provider of: (a) The date of the birth; (b) the date on which incapacity because of childbirth or disability because of pregnancy or childbirth commenced or will probably commence, and its probable duration; or (c) for family leave under section 3(1)(b) of this act, the fact that the child has a terminal health condition.

(2) An employer may require, at the employer's expense, that the employee obtain the opinion of a second health care provider selected by the employer concerning any information required under subsection (1) of this section. If the health care providers disagree on any factor which is determinative of the employee's eligibility for family leave, the two health care providers shall select a third health care provider, whose opinion, obtained at the employer's expense, shall be conclusive.

NEW SECTION. Sec. 6. If both parents of a child are employed by the same employer, they shall together be entitled to a total of twelve workweeks of family leave during any twenty-four month period, and leave need be granted to only one parent at a time.

NEW SECTION. Sec. 7. (1) Subject to subsection (2) of this section, an employee who exercises any right provided under section 3 of this act shall be entitled, upon return from leave or during any reduced leave schedule:

(a) To the same position held by the employee when the leave commenced; or

(b) To a position with equivalent benefits and pay at a workplace within twenty miles of the employee's workplace when leave commenced; or

(c) If the employer's circumstances have so changed that the employee cannot be reinstated to the same position, or a position of equivalent pay and benefits, the employee shall be reinstated in any other position which is vacant and for which the employee is qualified.

(2) The entitlement under subsection (1) of this section is subject to bona fide changes in compensation or work duties, and does not apply if:

(a) The employee's position is eliminated by a bona fide restructuring, or reduction-in-force;

(b) The employee's workplace is permanently or temporarily shut down for at least thirty days;

(c) The employee's workplace is moved to a location at least sixty miles from the location of the workplace when leave commenced;

(d) An employee on family leave takes another job; or

(e) The employee fails to provide timely notice of family leave as required under section 4 of this act, or fails to return on the established ending date of leave.

NEW SECTION. Sec. 8. (1) The taking of leave under this chapter shall not result in the loss of any benefit, including seniority or pension rights, accrued before the date on which the leave commenced.

(2) Nothing in this chapter shall be construed to require the employer to grant benefits, including seniority or pension rights, during any period of leave.

(3) All policies applied during the period of leave to the classification of employees to which the employee on leave belongs shall apply to the employee on leave.

(4) During any period of leave taken under section 3 of this act, if the employee is not eligible for any employer contribution to medical or dental benefits under an applicable collective bargaining agreement or employer policy during any period of leave, an employer shall allow the employee to continue, at his or her own expense, medical or dental insurance coverage, including any spouse and dependent coverage, in accordance with state or

federal law. The premium to be paid by the employee shall not exceed one hundred two percent of the applicable premium for the leave period.

NEW SECTION. Sec. 9. The department of labor and industries shall administer the provisions of this chapter.

NEW SECTION. Sec. 10. (1) Except as provided in this chapter, the rights under this chapter are in addition to any other rights provided by law. The remedies under this chapter shall be exclusive.

(2) Nothing in this chapter shall be construed to discourage employers from adopting policies which provide greater leave rights to employees than those required by this chapter.

NEW SECTION. Sec. 11. (1) Nothing in this chapter shall be construed to diminish an employer's obligation to comply with any collective bargaining agreement or any employment benefit program or plan which provides greater leave rights to employees than the rights provided under this chapter.

(2) The rights provided to employees under this chapter may not be diminished by any collective bargaining agreement or any employment benefit program or plan entered into or renewed after the effective date of this section.

NEW SECTION. Sec. 12. (1) In the case of employees covered by an unexpired collective bargaining agreement that expires on or after September 1, 1989, or by an employee benefit program or plan with a stated year ending on or after September 1, 1989, the effective date of this chapter shall be the later of: (a) The first day following expiration of the collective bargaining agreement; or (b) the first day of the next plan year.

(2) Notwithstanding the provisions of sections 14 through 21 of this act, where this chapter has been incorporated into a collective bargaining agreement, the grievance procedures contained in the respective collective bargaining agreement shall be used to resolve complaints related to this chapter.

NEW SECTION. Sec. 13. No employer, employment agency, labor union, or other person shall discharge, expel, or otherwise discriminate against any person because he or she has opposed any practices forbidden by this chapter, or because he or she has filed a complaint, testified, or assisted in any proceeding under this chapter.

NEW SECTION. Sec. 14. (1) An employee who believes that his or her employer has violated any provision of this chapter may file a complaint with the department within ninety days of the alleged violation. The complaint shall contain the following:

(a) The name and address of the employee making the complaint;

(b) The name, address, and telephone number of the employer against whom the complaint is made;

(c) A statement of the specific facts which constitute the alleged violation, including the date(s) on which the alleged violation occurred.

(2) Upon receipt of a complaint, the department shall forward written notice of the complaint to the employer.

(3) The department may investigate any complaint filed within the required time frame. If the department determines that a violation of this chapter has occurred, it may issue a notice of infraction.

**NEW SECTION.** Sec. 15. The department may issue a notice of infraction to an employer who violates this chapter. The employment standards supervisor shall direct that notices of infraction contain the following when issued:

(1) A statement that the notice represents a determination that the infraction has been committed by the employer named in the notice and that the determination shall be final unless contested;

(2) A statement that the infraction is a noncriminal offense for which imprisonment shall not be imposed as a sanction;

(3) A statement of the specific violation which necessitated issuance of the infraction;

(4) A statement of the penalty involved if the infraction is established;

(5) A statement informing the employer of the right to a hearing conducted pursuant to chapter 34.05 RCW if requested within twenty days of issuance of the infraction;

(6) A statement that at any hearing to contest the notice of infraction the state has the burden of proving, by a preponderance of the evidence, that the infraction was committed, and that the employer may subpoena witnesses including the agent that issued the notice of infraction;

(7) If a notice of infraction is personally served upon a supervisory or managerial employee of a firm or corporation, the department shall within seventy-two hours of service send a copy of the notice by certified mail to the employer;

(8) Constructive service may be made by certified mail directed to the employer named in the notice of infraction.

**NEW SECTION.** Sec. 16. (1) If an employer is a corporation or a partnership, the department need not serve the employer personally. In such a case, if no officer or partner of a violating employer is present, the department may issue a notice of infraction to any managerial employee.

(2) If the department serves a notice of infraction on a managerial employee, and not on an officer, or partner of the employer, the department shall mail by certified mail a copy of the notice of infraction to the employer. The department shall mail a second copy by ordinary mail.

**NEW SECTION.** Sec. 17. In any case in which the department shall issue an order against any political or civil subdivision of the state, or any agency, or instrumentality of the state or of the foregoing, or any officer or

employee thereof, the department shall transmit a copy of such order to the governor of the state. The governor shall take such action to secure compliance with such order as the governor deems necessary.

**NEW SECTION.** Sec. 18. (1) If an employer desires to contest the notice of infraction issued, the employer shall file two copies of a notice of appeal with the department at the office designated on the notice of infraction, within twenty days of issuance of the infraction.

(2) The department shall conduct a hearing in accordance with chapter 34.05 RCW.

(3) Employers may appear before the administrative law judge through counsel, or may represent themselves. The department shall be represented by the attorney general.

(4) Admission of evidence is subject to RCW 34.05.452 and 34.05.446.

(5) The administrative law judge shall issue a proposed decision that includes findings of fact, conclusions of law, and if appropriate, any legal penalty. The proposed decision shall be served by certified mail or personally on the employer and the department. The employer or department may appeal to the director within thirty days after the date of issuance of the proposed decision. If none of the parties appeals within thirty days, the proposed decision may not be appealed either to the director or the courts.

(6) An appellant must file with the director an original and four copies of its notice of appeal. The notice of appeal must specify which findings and conclusions are erroneous. The appellant must attach to the notice the written arguments supporting its appeal.

The appellant must serve a copy of the notice of appeal and the arguments on the other parties. The respondent parties must file with the director their written arguments within thirty days after the date the notice of appeal and the arguments were served upon them.

(7) The director shall review the proposed decision in accordance with the administrative procedure act, chapter 34.05 RCW. The director may: Allow the parties to present oral arguments as well as the written arguments; require the parties to specify the portions of the record on which the parties rely; require the parties to submit additional information by affidavit or certificate; remand the matter to the administrative law judge for further proceedings; and require a departmental employee to prepare a summary of the record for the director to review. The director shall issue a final decision that can affirm, modify, or reverse the proposed decision.

(8) The director shall serve the final decision on all parties. Any aggrieved party may appeal the final decision to superior court pursuant to RCW 34.05.570 unless the final decision affirms an unappealed proposed decision. If no party appeals within the period set by RCW 34.05.570, the director's decision is conclusive and binding on all parties.

**NEW SECTION.** Sec. 19. An employer found to have committed an infraction under this chapter may be subject to a fine of up to two hundred

dollars for the first infraction. An employer that continues to violate the statute may be subject to a fine of up to one thousand dollars for each infraction. An employer found to have failed to reinstate an employee as required under section 7 of this act may also be ordered to reinstate the employee, with or without back pay.

**NEW SECTION.** Sec. 20. The department shall develop and furnish to each employer a poster which describes an employer's obligations and an employee's rights under this chapter. The poster must include notice about any state law, rule, or regulation governing maternity disability leave and indicate that federal or local ordinances, laws, rules or regulations may also apply. The poster must also include a telephone number and an address of the department to enable employees to obtain more information regarding this chapter. Each employer must display this poster in a conspicuous place. Nothing in this section shall be construed to create a right to continued employment.

**NEW SECTION.** Sec. 21. (1) The department will cease to administer and enforce this act upon the effective date of any federal act it determines, with the consent of the legislative budget committee, to be substantially similar, in substance and enforcement, to this act. A federal act shall be considered substantially similar even where the duration of leave required or size of employer covered is different than that under this chapter.

(2) No employee shall have a private right of action for any alleged violation of this chapter.

**NEW SECTION.** Sec. 22. The legislature finds that employers often distinguish between biological parents, and adoptive parents and stepparents in their employee leave policies. Many employers who grant leave to their employees to care for a newborn child either have no policy or establish a more restrictive policy regarding whether an adoptive parent or stepparent can take similar leave. The legislature further finds that many employers establish different leave policies for men and women regarding the care of a newborn or newly placed child. The legislature recognizes that the bonding that occurs between a parent and child is important to the nurturing of that child, regardless of whether the parent is the child's biological parent and regardless of the gender of the parent. For these reasons, the legislature declares that it is the public policy of this state to require that employers who grant leave to their employees to care for a newborn child make the same leave available upon the same terms for adoptive parents and stepparents, men and women.

**NEW SECTION.** Sec. 23. A new section is added to chapter 49.12 RCW to read as follows:

(1) An employer must grant an adoptive parent or a stepparent, at the time of birth or initial placement for adoption of a child under the age of

six, the same leave under the same terms as the employer grants to biological parents. As a term of leave, an employer may restrict leave to those living with the child at the time of birth or initial placement.

(2) An employer must grant the same leave upon the same terms for men as it does for women.

(3) The department shall administer and investigate violations of this section. Notices of infraction, penalties, and appeals shall be administered in the same manner as violations under RCW 49.12.285.

(4) For purposes of this section, "employer" includes all private and public employers listed in RCW 49.12.005(3).

(5) For purposes of this section, "leave" means any leave from employment granted to care for a newborn or a newly adopted child at the time of placement for adoption.

(6) Nothing in this section requires an employer to:

(a) Grant leave equivalent to maternity disability leave; or

(b) Establish a leave policy to care for a newborn or newly placed child if no such leave policy is in place for any of its employees.

NEW SECTION. Sec. 24. A new section is added to chapter 49.12 RCW to read as follows:

In the case of employees covered by an unexpired collective bargaining agreement that expires on or after September 1, 1989, or by an employee benefit program or plan with a stated year ending on or after September 1, 1989, the effective date of section 23 of this act shall be the later of: (1) The first day following expiration of the collective bargaining agreement; or (2) the first day of the next plan year.

NEW SECTION. Sec. 25. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 26. Sections 1 through 21 of this act shall constitute a new chapter in Title 49 RCW.

NEW SECTION. Sec. 27. This act shall take effect September 1, 1989.

Passed the House May 10, 1989.

Passed the Senate May 10, 1989.

Approved by the Governor June 1, 1989.

Filed in Office of Secretary of State June 1, 1989.

Public school building construction: 1989 (90-2-001)

The appropriation in this section is subject to the following conditions and limitations:

- (1) A maximum of \$1,050,000 may be spent for state administration of school construction funding.
- (2) \$66,136,000 is provided solely for modernization projects previously approved by the state board of education.
- (3) The appropriation in this section includes proceeds of the issuance of bonds authorized for deposit in the common school construction fund by chapter 3, Laws of 1987 1st ex. sess., and ten million dollars in additional state bonds authorized by chapter \_\_, Laws of 1989 (HB 1484). Of the proceeds of bonds authorized by chapter \_\_, Laws of 1989 (HB 1484),

\$8,000,000, or as much thereof as may be necessary, shall be compensation to the common school construction fund for the sale of timber from common school trust lands sold to the parks and recreation commission pursuant to RCW 43.51.270, and authorized for sale by the legislature prior to January 1, 1989.

(4) The state board shall review current rules and administrative procedures, and shall amend or revise these rules and procedures to address the following concerns:

(a) The discrepancy between the forecasted enrollments used for determining state funding for school construction, and the state-wide growth trends predicted by the office of financial management;

(b) The infrequency of cooperative use of surplus space available in neighboring districts;

(c) The creation of new construction needs by school districts by selling or demolishing schools, or by redesignating grade space or administrative use of school buildings;

(d) The incentive to condemn useable schools to secure state funding, rather than awaiting uncertain support for modernization;

(e) Greater needs for replacement of decaying schools caused by deferral of modernization, at a higher long-term cost to the state and local districts;

(f) The potential of district boundary changes for the purpose of achieving more efficient use of facilities; and

(g) The potential of the state to recover its share of the value of sold school buildings that were built with state matching moneys.

Prior to September 15, 1989, the state board of education shall report to the capital facilities and financing committee of the house of representatives and the ways and means committee of the senate on the actions taken or rules adopted by the board to address these concerns.

**School housing emergencies**

The appropriation in this section is subject to the following conditions and limitations:

(1) This appropriation is provided solely to provide portable classrooms for school districts that have experienced an unanticipated school housing emergency. Portable classrooms provided under this section shall be leased

by the superintendent of public instruction to school districts, and the lease payments shall be deposited into the common school construction fund. School districts may qualify for assistance under this section only as a result of events barring students from occupying a school or a portion of a school, and portables shall not be provided under this section to address needs attributable to enrollment growth. The superintendent of public instruction shall provide assistance to a school district under this section only if satisfied that the district has considered other available options and that portable classrooms are the most feasible solution to school housing needs.

(2) Districts receiving assistance under this section shall submit a plan to replace or reopen their closed facilities prior to the end of the lease period, and shall certify that resources are available to meet all terms of the lease.

(3) For the purposes of this section, the term "lease" includes a lease with option to purchase.

NEW SECTION. Sec. 904. FOR THE ARTS COMMISSION—  
ART WORK ALLOWANCE POOLING

The appropriations in this act are subject to the following conditions and limitations: One-half of one percent of moneys appropriated in this act are provided solely for the purposes of RCW 28A.58.055, 28B.10.027, and 43.17.200.

NEW SECTION. Sec. 905. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 906. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to

the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1989, in the current appropriation for each project.

**NEW SECTION.** Sec. 907. To carry out the provisions of this act, the governor may assign responsibility for planning, engineering, construction, and other related activities to any appropriate agency.

**NEW SECTION.** Sec. 908. In order to provide for consistent and comparable asbestos survey data, and to ensure that the chain-of-evidence requirements for asbestos samples and survey data are met in regard to pending asbestos manufacturer litigation:

(1) No state agency shall expend new funds appropriated in the 1989-91 biennium for asbestos surveys prior to approval by the department of general administration of the agency's asbestos survey policies and procedures. At the completion of each survey, state agencies shall submit the findings to the department in a format to be determined by the department.

(2) The department of general administration shall distribute to all state agencies chain-of-evidence requirements, as developed by the department and the office of the attorney general. State agencies expending appropriated funds for asbestos survey and abatement projects shall make every effort to conform with chain-of-evidence requirements.

**\*NEW SECTION.** Sec. 909. (1) The office of financial management shall coordinate the efforts of the department of natural resources, the department of social and health services, and the department of general administration to inventory and record all lands and other capital assets acquired or dedicated for the care of blind or deaf or otherwise disabled youth, for juvenile offenders, and for persons who are mentally ill or developmentally disabled. The inventory shall be completed by December 15, 1989.

(2) The legislature intends to contract with an independent consultant to identify strategies for more aggressive management of these lands and facilities to maximize the funds acquired through the use of these lands.

**(3) *No land or other capital assets described in this section may be sold, given, traded, or encumbered by a new or renewed agreement for any period of time beyond June 30, 1991, unless such agreement is specifically authorized by the legislature.***

\*Sec. 919 was partially vetoed, see message at end of chapter.

**NEW SECTION.** Sec. 910. As part of the annual six-year update to the State Facilities and Capital Plan, agencies shall provide information on lease development and lease purchase projects to the office of financial management.

**NEW SECTION.** Sec. 911. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal

moneys with any moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the committees on ways and means of the senate and house of representatives.

**NEW SECTION.** Sec. 912. Any appropriation in this act that involves appropriated and nonappropriated funds shall comply with RCW 43.88.150. The office of financial management shall report to the legislature by January 1990 all instances where compliance with RCW 43.88.150 has delayed or precluded the completion of any capital project included in this act.

**NEW SECTION.** Sec. 913. Notwithstanding any other provisions of law, for the 1989-91 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under the provisions of Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available in the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community college education need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

**NEW SECTION.** Sec. 914. State agencies, departments, and institutions moving into new or existing office space or other facilities shall, if practical and feasible, make use of the agencies' existing furnishings and equipment and shall minimize purchases of new furnishings and equipment.

**NEW SECTION.** Sec. 915. State agencies, departments, and institutions receiving appropriations under this act for unanticipated or emergency repairs shall submit to the fiscal committees of the legislature by January 2, 1990, a description of each expenditure made from the appropriation during the prior eighteen months.

**NEW SECTION.** Sec. 916. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation and compliance with state office standards prior to allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

**NEW SECTION.** Sec. 917. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project which is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer shall be used to expand the capacity of any facility beyond that intended by the legislature in making the

appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects which are funded from the same fund or account.

For the purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated herein.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management within thirty days of the date the transfer is effected.

**NEW SECTION.** Sec. 918. (1) The legislature finds:

(a) Estimates of capital project costs are prepared in a manner to ensure sufficient funds are available for the completion of projects.

(b) Actual project costs are influenced by variations in cost factors, changing unit price levels, available inventories, inflation rates, gross construction volume at the time of project bid, and other factors that cannot be predicted at the time of estimating capital project costs.

(c) Due to funding limitations, necessary capital projects are deferred to ensuing biennia.

(d) The deferral of capital projects results in increased project costs due to the effects of inflation and increased deterioration of facilities.

(e) No statutory authority currently exists to allow project cost savings to be used to implement necessary capital projects that were deferred to ensuing biennia due to lack of funds.

(2) There is hereby authorized a capital projects cost control incentive program for the 1989-91 biennium.

(3) Appropriations not required by an agency to complete capital projects authorized in this act, may be expended to implement, in priority sequence, those capital projects of the agency listed in the Governor's Six-Year Capital and Facility Plan for the 1991-93 Biennium, as that list exists in the Governor's final 1990 update of the six-year plan. Expenditures under this section are subject to the following conditions:

(a) No expenditure may be made without the prior allotment approval of the office of financial management.

(b) The office of financial management shall notify the senate ways and means and the house capital facilities and financing committees prior to authorizing any project for implementation under this section.

(c) No project may be authorized under this section by the office of financial management unless sufficient funds are available to complete a project's design phase, construction phase, or both.

(d) Appropriations in this act for a capital project shall not be expended under this section unless:

(i) All contracts associated with the performance of the project have been completed and accepted by the state of Washington;

(ii) The statutory thirty-day lien period for each project has expired;

(iii) All claims of lien against project contracts have been satisfied;

(iv) There are no outstanding claims against the state of Washington by any contracted party to the project construction contract; and

(v) Any and all negotiated settlements or settlements arising from the findings of an arbitration board or court of jurisdiction have been satisfied.

**NEW SECTION.** Sec. 919. The department of information services will act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunication equipment, new video telecommunication transmission, or new video telecommunication programming, or for expanding current video telecommunication systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Prior to any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Prior to any such expenditure by a public institution of postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

**NEW SECTION.** Sec. 920. To ensure that major construction projects are carried out in accordance with legislative and executive intent, capital projects for renovation or additional space contained in this act that exceed two million five hundred thousand dollars for which a program document is not completed prior to September 1, 1988, shall not expend funds for planning and construction until the office of financial management has reviewed the agency's programmatic document and approved continuation of the project. The program document shall include but not be limited to projected workload, site conditions, user requirements, current space available, and an overall budget and cost estimate breakdown.

**NEW SECTION.** Sec. 921. The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formalized loan agreement with another governmental entity shall be treated as a loan and are to be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 1989-91 biennium.

**NEW SECTION.** Sec. 922. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 923. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate May 10, 1989.

Passed the House May 10, 1989.

Approved by the Governor June 1, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State June 1, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 213, 392, 539, 824, 884, 901(4), and 909(3), Substitute Senate Bill No. 5521, entitled:

"AN ACT Adopting the capital budget."

My reasons for vetoing these sections are as follows:

**Section 213, page 20, Asian Counseling and Referral Service**

This section provides \$100,000 of state contribution toward the cost of a lease development project for the Asian Counseling and Referral Service, a local non-profit agency. This agency provides, among other services, counseling for the mentally ill within the local Asian community through contract with the Department of Social and Health Services. The state Constitution prohibits the gift of public funds to any individual, association, company, or corporation. This direct appropriation, which would provide improvements to a privately owned facility to be leased by the Asian Counseling and Referral Service, appears to violate this section of the Constitution.

Also, this appropriation would, to a certain extent, duplicate the Department of Social and Health Services contract which currently provides funding for the cost of facilities. Finally, this appropriation lacks language requiring a payback of the appropriated amount through a reimbursement reduction. This is inconsistent with conditions placed on the funding of a mental health evaluation and treatment facility in Snohomish County in section 259.

Section 392, page 58, Ohme Gardens

This section provides \$750,000 for the acquisition and improvement of a Japanese botanical garden in Wenatchee. The project was not requested by the Parks and Recreation Commission. Additionally, I have received no information to justify the project in terms of local economic development or as a destination recreational facility. The facility is presently operated under private ownership.

Section 539, page 81, Cedar River Delta

This section provides \$800,000 for the dredging of a sand bar on the Cedar River delta. While the language directs the Department of Natural Resources to assist local government in acquiring additional funding for the project, there is no indication that the state will receive any assistance from non-state sources, nor does the project have any specific matching requirements. Additionally, there has been no information put forward on the environmental impact of dredging the sand bar, or where the dredge spoils will be deposited.

Section 824, page 107, Community College System

This section defines legislative intent regarding the level of capital funding for the community college system in the 1989-95, six-year state facilities and capital plan. Since the six-year plan is an executive policy document, this section unduly limits the planning processes ability to respond to changing circumstances.

Section 884, page 117, Community Colleges - Minor Improvements

This section, in addition to making an appropriation to the community college system for minor capital improvements, also restricts the funds from being expended for computer equipment, land acquisition, or other items normally funded in the operating budget. I agree that capital funds should not pay for operating expenses and that computer equipment may not be suitable in a minor works appropriation. It is preferable that land acquisition be displayed as a separate appropriation item, and OFM will instruct agencies to do so in future budget submittals. However, within this appropriation are several site acquisition projects which appear to be proper uses of state funds. This language would penalize the colleges for simply placing the projects under the wrong project title.

Section 901(4), page 119, Puyallup Tribal Settlement

Subsection 4 requires that Substitute Senate Bill 5648 be enacted without veto prior to the encumbrance or expenditure of the \$9.4 million in capital funds for the Puyallup tribal settlement. SSB 5648, which dealt with cooperation among ports to enhance trade opportunities, was partially vetoed. The veto in no way affects the State's position relative to the settlement, and should not hinder its execution.

Section 909(3), page 122, Trust Lands

Subsection 3 prohibits the state from selling, giving, trading or encumbering by new or renewed agreement beyond June 30, 1991, land and other capital assets acquired or dedicated for the care of blind or deaf or otherwise disabled youth, for juvenile offenders, and for persons who are mentally ill or developmentally disabled. This places an unnecessary restriction on the State's ability to manage its resources and would prevent a number of worthwhile projects.

With the exception of sections 213, 392, 539, 824, 884, 901(4), and 909(3), Substitute Senate Bill No. 5521 is approved."

## CHAPTER 13

[House Bill No. 1182]

## LOCAL GOVERNMENT—HAZARDOUS WASTE ZONES—DESIGNATION

AN ACT Relating to local government roles in hazardous waste siting; and amending RCW 70.105.225 and 70.105.210.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 7, chapter 448, Laws of 1985 and RCW 70.105.225 are each amended to read as follows:

(1) Each local government, or combination of contiguous local governments, is directed to: (a) Demonstrate to the satisfaction of the department that existing zoning allows designated zone facilities as permitted uses; or (b) designate land use zones within its jurisdiction in which designated zone facilities are permitted uses. The zone designations shall be consistent with the state siting criteria adopted in accordance with RCW 70.105.210, except as may be approved by the department in accordance with subsection (6) of this section.

(2) Local governments shall not prohibit the processing or handling of hazardous waste in zones in which the processing or handling of hazardous substances is not prohibited. This subsection does not apply in residential zones.

(3) The department shall prepare guidelines, as appropriate, for the designation of zones under this section. The guidelines shall be prepared in consultation with local governments and shall be completed by December 31, 1986.

(4) The initial designation of zones shall be completed or revised, and submitted to the department (~~(by June 30, 1988)~~) within eighteen months after the enactment of siting criteria in accordance with RCW 70.105.210. Local governments that do not comply with this submittal deadline shall be subject to the preemptive provisions of RCW 70.105.240(4) until such time as zone designations are completed and approved by the department. Local governments may from time to time amend their designated zones.

(5) Local governments without land use zoning provisions shall designate eligible geographic areas within their jurisdiction, based on siting criteria adopted in accordance with RCW 70.105.210. The area designation shall be subject to the same requirements as if they were zone designations.

(6) Each local government, or combination of contiguous local governments, shall submit its designation of zones or amendments thereto to the department. The department shall approve or disapprove zone designations or amendments within ninety days of submission. The department shall approve eligible zone designations if it determines that the proposed zone designations are consistent with this chapter, the applicable siting criteria, and

guidelines for developing designated zones: PROVIDED, That the department shall consider local zoning in place as of January 1, 1985, or other special situations or conditions which may exist in the jurisdiction. If approval is denied, the department shall state within ninety days from the date of submission the facts upon which that decision is based and shall submit the statement to the local government together with any other comments or recommendations it deems appropriate. The local government shall have ninety days after it receives the statement from the department to make modifications designed to eliminate the inconsistencies and resubmit the designation to the department for approval. Any designations shall take effect when approved by the department.

(7) The department may exempt a local government from the requirements of this section if:

(a) Regulated quantities of hazardous waste have not been generated within the jurisdiction during the two calendar years immediately preceding the calendar year during which the exemption is requested; and

(b) The local government can demonstrate to the satisfaction of the department that no significant portion of land within the jurisdiction can meet the siting criteria adopted in accordance with RCW 70.105.210.

Sec. 2. Section 5, chapter 448, Laws of 1985 and RCW 70.105.210 are each amended to read as follows:

By (~~December 31, 1986~~) May 31, 1990, the department shall develop and adopt criteria for the siting of hazardous waste management facilities. These criteria will be part of the state hazardous waste management plan as described in RCW 70.105.200. To the extent practical, these criteria shall be designed to minimize the short-term and long-term risks and costs that may result from hazardous waste management facilities. These criteria may vary by type of facilities and may consider natural site characteristics and engineered protection. Criteria may be established for:

- (1) Geology;
- (2) Surface and groundwater hydrology;
- (3) Soils;
- (4) Flooding;
- (5) Climatic factors;
- (6) Unique or endangered flora and fauna;
- (7) Transportation routes;
- (8) Site access;
- (9) Buffer zones;
- (10) Availability of utilities and public services;
- (11) Compatibility with existing uses of land;
- (12) Shorelines and wetlands;
- (13) Sole-source aquifers;
- (14) Natural hazards; and

(15) Other factors as determined by the department.

Passed the House May 5, 1989.

Passed the Senate May 6, 1989.

Approved by the Governor June 1, 1989.

Filed in Office of Secretary of State June 1, 1989.

## CHAPTER 14

[Substitute House Bill No. 1484]

### GENERAL OBLIGATION BONDS—AUTHORIZATION TO ISSUE

AN ACT Relating to state general obligation bonds and related accounts; amending RCW 43.83A.020, 43.99E.015, 43.99F.020, 43.99G.020, 43.99G.102, 75.48.020, 39.42.030, 39.42.060, 43.99G.030, 43.99G.040, 43.99G.050, 43.99G.070, 43.99G.104, and 43.99G.112; adding a new section to chapter 43.88 RCW; adding a new chapter to Title 43 RCW; repealing RCW 43.99G.106 and 43.99G.110; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of one billion two hundred twenty-seven million dollars, or so much thereof as may be required, to finance the projects described and authorized by the legislature in the capital and operating appropriations acts for the 1989–1991 fiscal biennium and subsequent fiscal biennia, and all costs incidental thereto, and to provide for reimbursement of bond-funded accounts from the 1987–1989 fiscal biennium.

Bonds authorized in this section shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. The state finance committee may obtain insurance, letters of credit, or other credit enhancements and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of bonds authorized in this section. No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in section 1(c) of Article VIII of the Washington state Constitution for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be paid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, and shall include debt incurred pursuant to section 3 of Article VIII of the Washington state Constitution, but shall exclude the following:

(1) Obligations for the payment of current expenses of state government;

(2) Indebtedness incurred pursuant to RCW 39.42.080 or 39.42.090;

(3) Principal of and interest on bond anticipation notes;

(4) Any indebtedness which has been refunded; ~~((and))~~

(5) Indebtedness incurred pursuant to statute heretofore or hereafter enacted which requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from money other than general state revenues or from the special excise tax imposed pursuant to chapter 67.40 RCW.

To the extent necessary because of the constitutional or statutory debt limitation, priorities with respect to the issuance or guaranteeing of bonds, notes, or other evidences of indebtedness by the state shall be determined by the state finance committee; and

(6) Any agreement, promissory note, or other instrument entered into by the state finance committee under RCW 39.42.030 in connection with its

acquisition of bond insurance, letters of credit, or other credit support instruments for the purpose of guaranteeing the payment or enhancing the marketability, or both, of any state bonds, notes, or other evidence of indebtedness.

**NEW SECTION.** Sec. 18. A new section is added to chapter 43.88 RCW to read as follows:

The state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the state general obligation bond retirement fund, or a special account in such fund, such amounts and at such times as are required by the bond proceedings.

## CHAPTER 17

[Second Substitute Senate Bill No. 5065]

### CHILDREN—SUBSTITUTE CARE—CITIZEN REVIEW

AN ACT Relating to children; amending RCW 13.34.145; reenacting and amending RCW 13.34.130; creating new sections; and providing an expiration date.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature recognizes the importance of permanency and continuity to children and of fairness to parents in the provision of child welfare services.

The legislature intends to create a citizen review board system that will function in an advisory capacity to the judiciary, the department, and the legislature. The purpose of the citizen review board system is to:

(1) Provide periodic review of cases involving substitute care of children in a manner that complies with case review requirements and time lines imposed by federal laws pertaining to child welfare services;

(2) Improve the quality of case review provided to children in substitute care and their families; and

(3) Provide a means for community involvement in monitoring cases of children in substitute care.

In order to accomplish the foregoing purposes, the citizen review board system shall not be subject to the procedures and standards usually applicable to judicial and administrative hearings, except as otherwise specifically provided in this chapter and RCW 13.34.130, 13.34.145, and 26.44.115. Nothing in this chapter and RCW 13.34.130, 13.34.145, and 26.44.115 shall limit the ability of the department to utilize court review hearings and administrative reviews to meet the periodic review requirements imposed by federal law.

**NEW SECTION.** Sec. 2. Periodic case review of all children in substitute care shall be provided in at least one class 1 or higher county, in accordance with this act.

The administrator for the courts shall coordinate and assist in the administration of the local citizen review board pilot program created by this act.

(8) "Parent" or "parents" means the biological or adoptive parents of a child unless the legal rights of that person have been terminated by judicial proceedings.

(9) "Placement episode" means the period of time that begins with the date the child was removed from the home of the parent or legal custodian for the purposes of placement in substitute care and continues until the child returns home or an adoption decree or guardianship order is entered.

(b) Whether the boards are effective in bringing about permanence and appropriate care for children in the custody of the department and other agencies; and

(c) Whether adequate resources are available to permit the department to make reasonable efforts to keep families together.

(9) Adopt rules regarding:

A majority of the members on each board shall be persons who have no current professional or volunteer relationship with the department.

(3) No person who has had a child of his or her own, or one under his or her control, placed in substitute care within the last two years may serve on any board.

(4) All board members must be of good character and must demonstrate the understanding, ability, and judgment necessary to carry out the duties under this chapter.

(5) All board members shall serve a term of two years, except that if a vacancy occurs, a successor shall be appointed to serve the unexpired term. The terms of the initial members shall be staggered. Members shall be limited to two terms unless there are insufficient volunteers to replace them.

(6) Each board shall elect annually from its membership a chair and vice-chair to serve in the absence of the chair.

(7) Board members shall be domiciled within the counties of the appointing courts.

**NEW SECTION.** Sec. 7. Prior to reviewing cases, all persons appointed to serve as board members shall participate in a training program established and approved by the supreme court. Board members shall participate in at least sixteen hours of training prior to reviewing cases and, thereafter, at least eight hours of training annually.

**NEW SECTION.** Sec. 8. (1) Before beginning to serve on a board, each member shall swear or affirm to the court that the member shall keep confidential the information reviewed by the board and its actions and recommendations in individual cases.

(2) A member of a board who violates the duty imposed by subsection (1) of this section is subject to dismissal from the board and other penalties as provided by law.

**NEW SECTION.** Sec. 9. Each board shall have access to the following information unless disclosure is otherwise specifically prohibited by law:

**NEW SECTION.** Sec. 10. The department and any other agency directly responsible for the care and placement of the child in substitute care shall require the employee who has primary case-planning responsibility for the case to attend the review. If the employee is unable to attend the review, an employee with knowledge of the case plan shall attend the review.

**NEW SECTION.** Sec. 11. (1) Whenever a member of a board has a potential conflict of interest in a case being reviewed, the member shall declare to the board the nature of the potential conflict prior to participating in the case review. The declaration of the member shall be recorded in the official records of the board and disclosed to all parties participating in the review. If, in the judgment of the majority of the local board, the potential conflict of interest may prevent the member from fairly and objectively reviewing the case, the board may remove the member from participation in the review.

(2) The board shall keep accurate records, including a verbatim record of board reviews, and retain these records.

(3) The board may hold joint or separate reviews for groups of siblings.

(4) The board may disclose information to participants in the board review of a case. Before participating in a board review, each participant shall swear or affirm to the board that the participant shall keep confidential the information disclosed by the board in the case review and to disclose it only as authorized by law.

(5) Members of the board shall be held immune from suit and not be held liable in any civil action for recommendations made or activities performed under this chapter.

**NEW SECTION.** Sec. 12. (1) This section shall apply to cases where a child has been placed in substitute care pursuant to written parental consent and a dependency petition has not been filed under chapter 13.34 RCW. If a dependency petition is subsequently filed and the child's placement in substitute care continues pursuant to a court order entered in a proceeding under chapter 13.34 RCW, the provisions set forth in section 13 of this act shall apply.

(2) Within thirty days following commencement of the placement episode, the department shall send a copy of the written parental consent to the juvenile court with jurisdiction over the geographical area in which the child resides.

(3) Within forty-five days following commencement of the placement episode, the court shall assign the child's case to a board and forward to the board a copy of the written parental consent to placement.

(4) The board shall review the case plan for each child in substitute care whose case is assigned to the board by the court. The review shall take place at times set by the board. The first review shall occur within ninety days following commencement of the placement episode. The second review shall occur within six months following commencement of the placement episode. The next review shall occur within one year following commencement of the placement episode unless the child is no longer in substitute care or unless a guardianship order or adoption decree is entered.

(5) The board shall prepare written findings and recommendations with respect to:

(a) Whether reasonable efforts were made before the placement to prevent or eliminate the need for removal of the child from the home;

(b) Whether reasonable efforts have been made subsequent to the placement to make it possible for the child to be returned home;

(c) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration has been given to placement with the child's relatives;

(d) Whether there is a continuing need for and whether the placement is appropriate;

(e) Whether there has been compliance with the case plan;

(f) Whether progress has been made toward alleviating the need for placement;

(g) A likely date by which the child may be returned home or other permanent plan of care may be implemented; and

(h) Other problems, solutions, or alternatives the board determines should be explored.

(6) Within ten working days following the review, the board shall send a copy of its findings and recommendations to the child's parents and their attorneys, the child's custodians and their attorneys, mature children and their attorneys, and the department and other child placement agencies directly responsible for supervising the child's placement. If the child is an Indian as defined in the Indian child welfare act, 25 U.S.C. 1901 et seq., a copy of the board's findings and recommendations shall also be sent to the child's Indian tribe.

(7) If the department is unable or unwilling to implement the board recommendations, the department shall submit to the board, within ten working days after receipt of the findings and recommendations, an implementation report setting forth the reasons why the department is unable or unwilling to implement the board's recommendations. The report will also set forth the case plan which the department intends to implement.

(8) The court shall not review the findings and recommendations of the board in cases where the child has been placed in substitute care with signed parental consent unless a dependency petition has been filed and the child has been taken into custody under RCW 13.34.050.

**NEW SECTION.** Sec. 13. (1) This section shall apply to cases where a child has been placed in substitute care pursuant to a proceeding under chapter 13.34 RCW.

(2) Within forty-five days following commencement of the placement episode, the court shall assign the child's case to a board and forward to the board a copy of the dependency petition and any shelter care or dependency disposition orders which have been entered in the case by the court.

(3) The board shall review the case plan for each child whose case is assigned to the board by the court. The review shall take place at times set by the board. The first review shall occur within ninety days following commencement of the placement episode. The second review shall occur within six months following commencement of the placement episode. The next review shall occur within one year after commencement of the placement episode. Within eighteen months following commencement of the placement episode, a permanency planning hearing shall be held before the court in accordance with RCW 13.34.145. Thereafter, a board review or a court review hearing pursuant to RCW 13.34.130(4) shall take place at least once every six months until the child is no longer within the jurisdiction of the court or no longer in substitute care or until a guardianship order or adoption decree is entered. A court review hearing must occur at least once a year as provided in RCW 13.34.130. The board shall review any case where a petition to terminate parental rights has been denied, and such review shall occur as soon as practical but no later than forty-five days after the denial.

(4) The board shall prepare written findings and recommendations with respect to:

(a) Whether reasonable efforts were made before the placement to prevent or eliminate the need for removal of the child from the home, including whether consideration was given to removing the alleged offender, rather than the child, from the home;

(b) Whether reasonable efforts have been made subsequent to the placement to make it possible for the child to be returned home;

(c) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration has been given to placement with the child's relatives;

(d) Whether there is a continuing need for placement and whether the placement is appropriate;

(e) Whether there has been compliance with the case plan;

(f) Whether progress has been made toward alleviating the need for placement;

(g) A likely date by which the child may be returned home or other permanent plan of care may be implemented; and

(h) Other problems, solutions, or alternatives the board determines should be explored.

(5) Within ten working days following the review, the board shall send a copy of its findings and recommendations to the parents and their attorneys, the child's custodians and their attorneys, mature children and their attorneys, other attorneys or guardians ad litem appointed by the court to represent children, the department and other child placement agencies directly responsible for supervising the child's placement, and any prosecuting attorney or attorney general actively involved in the case. If the child is an Indian as defined in the Indian child welfare act, 25 U.S.C. Sec. 1901 et seq., a copy of the board's findings and recommendations shall also be sent to the child's Indian tribe.

(6) If the department is unable or unwilling to implement the board recommendations, the department shall submit to the board, within ten working days after receipt of the findings and recommendations, an implementation report setting forth the reasons why the department is unable or unwilling to implement the board's recommendations. The report will also set forth the case plan which the department intends to implement.

(10) Nothing in this section shall limit or otherwise modify the rights of any party to a dependency proceeding to request and receive a court review hearing pursuant to the provisions of chapter 13.34 RCW or applicable court rules.

**NEW SECTION.** Sec. 14. In addition to reviewing individual cases of children in substitute care, boards may make recommendations to the court and the department concerning substitute care services, policies, procedures, and laws.

**NEW SECTION.** Sec. 15. The administrator for the courts may apply for and receive funds from federal, local, and private sources for carrying out the purposes of this chapter.

**NEW SECTION.** Sec. 16. For cases which are subject to the foster care citizen review board pilot project under section 2 of this act, a court

review hearing shall occur no later than eighteen months following commencement of the child's placement episode. Thereafter, court review hearings shall occur at least once every year until the child is no longer within the jurisdiction of the court or the child returns home or a guardianship order or adoption decree is entered. The court may review the case more frequently upon the court's own motion or upon the request of any party to the proceeding or the citizen review board assigned to the child's case.

Sec. 17. Section 4, chapter 188, Laws of 1984 as amended by section 2, chapter 189, Laws of 1988, section 2, chapter 190, Laws of 1988, and by section 1, chapter 194, Laws of 1988 and RCW 13.34.130 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, as now or hereafter amended, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030(2); after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a grandparent, brother, sister, stepbrother, stepsister, uncle, aunt, or first cousin with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home and that:

(i) There is no parent or guardian available to care for such child;

(ii) The child is unwilling to reside in the custody of the child's parent, guardian, or legal custodian;

(iii) The parent, guardian, or legal custodian is not willing to take custody of the child;

(iv) A manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or

(v) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(a) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(b) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(c) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(d) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(3) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall

be grounds for removal of the child from the relative's home, subject to review by the court.

(4) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion;

(ii) ~~((The extent to which))~~ Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

~~(((iii) Whether the agency is satisfied with the cooperation given to it by the parents;~~

~~(iv))~~ (vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered; and

~~(((v) When return of the child can be expected))~~ (viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

Sec. 18. Section 3, chapter 194, Laws of 1988 and RCW 13.34.145 are each amended to read as follows:

~~((A dependency may only be maintained for a maximum period of two years, at which time the court shall:))~~

(1) In all cases where a child has been placed in substitute care for at least fifteen months, a permanency planning hearing shall be held before the court no later than eighteen months following commencement of the placement episode.

(2) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130(4). In addition the court shall: (a) Approve a permanent plan of care which can include one of the following: Adoption, guardianship, or placement of the child in the home of the child's parent; ~~((2))~~ (b) require filing of a petition for termination of parental rights; or ~~((3))~~ (c) dismiss the dependency, unless the court finds, based on clear, cogent, and convincing evidence, that it is in the best interest of the child to continue the dependency beyond ~~((two years))~~ eighteen months, based on a permanent plan of care. Extensions may only be granted in increments of ~~((six))~~ twelve months or less ~~((unless a juvenile court guardianship is in effect)).~~

Passed the Senate May 7, 1989.

## CHAPTER 18

[Substitute Senate Bill No. 5897]

### ALCOHOL AND DRUG ADDICTION TREATMENT—PROVISION OF SERVICES

AN ACT Relating to alcohol and drug treatment; amending RCW 74.50.060 and 74.50.050; amending section 2, chapter 3, Laws of 1989 (uncodified); adding new sections to chapter 74.50 RCW; creating a new section; repealing RCW 74.50.020; repealing section 1, chapter 3, Laws of 1989 (uncodified); providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature recognizes that alcoholism and drug addiction are treatable diseases and that most persons with this illness can recover. For this reason, this chapter provides a range of substance abuse treatment services. In addition, the legislature recognizes that when these diseases have progressed to the stage where a person's alcoholism or drug addiction has resulted in physiological or organic damage or cognitive impairment, shelter services may be appropriate. The legislature further recognizes that distinguishing alcoholics and drug addicts from persons incapacitated due to physical disability or mental illness is necessary in

order to provide an incentive for alcoholics and drug addicts to seek appropriate treatment and in order to avoid use of programs that are not oriented toward their conditions.

**NEW SECTION.** Sec. 2. A new section is added to chapter 74.50 RCW to read as follows:

A person is eligible for shelter services under this chapter only if he or she:

(1) Meets the financial eligibility requirements contained in RCW 74.04.005;

(2) Is incapacitated from gainful employment due to a condition contained in subsection (3) of this section, which incapacity will likely continue for a minimum of sixty days; and

(3) (a) Suffers from active addiction to alcohol or drugs manifested by physiological or organic damage resulting in functional limitation, based on documented evidence from a physician, psychologist, or alcohol or drug treatment professional who is determined by the department to be qualified to make this finding; or

(b) Suffers from active addiction to alcohol or drugs to the extent that impairment of the applicant's cognitive ability will not dissipate with sobriety or detoxification, based on documented evidence from a physician, psychologist, or alcohol or drug treatment professional who is determined by the department to be qualified to make this finding.

Sec. 3. Section 7, chapter 406, Laws of 1987 as amended by section 4, chapter 163, Laws of 1988 and RCW 74.50.060 are each amended to read as follows:

(1) The department shall establish a shelter assistance program to ~~((ensure the availability of))~~ provide, within available funds, shelter for persons eligible under this chapter. "Shelter," "shelter support," or "shelter assistance" means a facility under contract to the department providing room and board in a supervised living arrangement, normally in a group or dormitory setting, to eligible recipients under this chapter. This may include supervised domiciliary facilities operated under the auspices of public or private agencies. No facility under contract to the department shall allow the consumption of alcoholic beverages on the premises. The department may contract with counties and cities for such shelter services. To the extent possible, the department shall not displace existing emergency shelter beds for use as shelter under this chapter. In areas of the state in which it is not feasible to develop shelters, due to low numbers of people needing shelter services, or in which sufficient numbers of shelter beds are not available, the department may provide shelter through an intensive protective payee((s)) program, unless the department grants an exception on an individual basis for less intense supervision.

(2) Persons continuously eligible for the general assistance—unemployable program since July 25, 1987, who transfer to the program established by this chapter, have the option to continue their present living situation, but only through a protective payee.

**NEW SECTION.** Sec. 4. A new section is added to chapter 74.50 RCW to read as follows:

(1) A person shall not be eligible for treatment services under this chapter unless he or she:

(a) Meets the financial eligibility requirements contained in RCW 74.04.005; and

(b) Is incapacitated from gainful employment, which incapacity will likely continue for a minimum of sixty days.

(2) First priority for receipt of treatment services shall be given to pregnant women and parents of young children.

(3) In order to rationally allocate treatment services, the department may establish by rule caseload ceilings and additional eligibility criteria, including the setting of priorities among classes of persons for the receipt of treatment services. Any such rules shall be consistent with any conditions or limitations contained in any appropriations for treatment services.

Sec. 5. Section 6, chapter 406, Laws of 1987 as amended by section 3, chapter 163, Laws of 1988 and RCW 74.50.050 are each amended to read as follows:

(1) The department shall establish a treatment program to provide, within available funds, alcohol and drug treatment services for indigent persons eligible under this chapter (~~((who are incapacitated from gainful employment due to drug or alcohol abuse or addiction))~~). The treatment services may include but are not limited to:

(a) Intensive inpatient treatment services;

(b) Recovery house treatment;

(c) Outpatient treatment and counseling, including assistance in obtaining employment, and including a living allowance while undergoing outpatient treatment. The living allowance may not be used to provide shelter to clients in a dormitory setting that does not require sobriety as a condition of residence. The living allowance shall be administered on the clients' behalf by the outpatient treatment facility or other social service agency designated by the department. The department is authorized to pay the facility a fee for administering this allowance.

(2) (~~Every effort will be made to serve all of those requesting treatment. If a waiting list develops, those persons awaiting treatment may be provided shelter services and shall have the option of receiving such shelter services through a protective payee. The department shall promulgate regulations which determine the amount of cash which may be disbursed by the protective payee to the recipient. A recipient who fails to appear for the~~

~~scheduled treatment shall not be eligible for such waiting period benefits for a period of one year:~~

~~(3))~~ No individual may receive treatment services under this section for more than six months in any two-year period: PROVIDED, That the department may approve additional treatment and/or living allowance as an exception.

~~((4))~~ (3) The department may require an applicant or recipient selecting treatment to complete inpatient and recovery house treatment when, in the judgment of a designated assessment center, such treatment is necessary prior to providing the outpatient program.

Sec. 6. Section 2, chapter 3, Laws of 1989 (uncodified) is amended to read as follows:

~~(Within available funds, the department may provide to eligible persons services for assessment, inpatient and outpatient treatment, and shelter. In order to control expenditures or to comply with conditions or limitations placed on appropriations, the department may establish caseload ceilings and client eligibility standards for any of these services. The eligibility standards may provide for limiting eligibility for any service to that class or classes of applicants that the department determines constitute the highest priority for services under this chapter. The department's determination of priority shall be based on the department's estimate of the potential benefit to applicants and the likelihood that the service will reduce future demands for state assistance. The department may provide such a priority classification system for any or all services provided under this chapter. Any caseload ceiling or priority classification system adopted by the department shall be consistent with any appropriation condition or limitation prescribing or dealing with such a ceiling or system))~~ The department by rule may establish procedures for the administration of the services provided by this chapter. Any rules shall be consistent with any conditions or limitations on appropriations provided for these services. If funds provided for any ~~(of these))~~ service(s) under this chapter have been fully expended, the department shall immediately discontinue that service.

NEW SECTION. Sec. 7. A new section is added to chapter 74.50 RCW to read as follows:

The department of social and health services shall:

- (1) Collect and maintain relevant demographic data regarding persons receiving or awaiting treatment services under this chapter;
- (2) Collect and maintain utilization data on inpatient treatment, outpatient treatment, shelter services, and medical services;
- (3) Monitor contracted service providers to ensure conformance with the omnibus appropriations act and the treatment priorities established in this chapter;

(4) Report the results of the data collection and monitoring provided for in this section to appropriate committees of the legislature on or before December 1, 1989, and December 1, 1990.

NEW SECTION. Sec. 8. The following acts or parts of acts are each repealed:

- (1) Section 1, chapter 3, Laws of 1989 (uncodified); and
- (2) Section 3, chapter 406, Laws of 1987 and RCW 74.50.020.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989.

Passed the Senate May 7, 1989.

Passed the House May 8, 1989.

Approved by the Governor June 1, 1989.

Filed in Office of Secretary of State June 1, 1989.

provided for approved regional network plans through contracts negotiated with the secretary of social and health services.

(i) It is the intent of the legislature to implement mental health reform on a multi-year schedule. Dramatic escalation of costs for new programs would impair the state's ability to proceed with subsequent expansion. The contracts shall contain a fiscal plan that will ensure that the increased cost of maintaining fiscal year 1991 programs in fiscal year 1992 will not unduly exceed the rate of inflation. Of the amounts provided in this subsection, a maximum of \$500,000 from the general fund—state appropriation may be used for planning and technical assistance grants to counties or regions wishing to form networks. The amounts in this subsection include moneys needed to implement the federal omnibus budget and reconciliation act of 1987 ("OBRA"). First priority for necessary mental health services shall be given to individuals transferred from nursing homes because of OBRA. Such services shall be consistent with an individual's discharge plan and shall include residential services, if needed. Assumptions regarding the number of transfers from the nursing homes shall be incorporated into each contract and shall be consistent with the state-wide plan. The department shall coordinate OBRA transfers consistent with the provisions of each contract. The secretary shall negotiate contracts with networks from areas comprising no more than two-thirds of the state's population. Contracts shall be negotiated in at least two competitive rounds. Priority for referral to western state hospital shall be given to individuals under ninety-day or one hundred eighty-day commitments and individuals who have exhausted all community placement options.

(iii) The department may continue to contract directly with Chartley house until King county joins or becomes a regional support network.

Any amount remaining

after March 1991 may be used for one-time grants. In making grants, the secretary shall give priority to proposals that facilitate network development, demonstrate integration with other mental health services, and are designed to reduce involuntary treatment.

(2) Allocations for certificated staff salaries for the 1989-90 and 1990-91 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Small school enrollments in kindergarten through grade six shall generate funding under (a) of this subsection, and shall not generate allocations under (d) and (e) of this subsection, if the staffing allocations generated under (a) of this subsection exceed those generated under (d) and (e) of this subsection. The certificated staffing allocations shall be as follows:

(a) On the basis of average annual full time equivalent enrollments, excluding full time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units for each one thousand full time equivalent kindergarten through twelfth grade students excluding full time equivalent handicapped enrollment as recognized for funding purposes under section 510 of this act;

(b) For school districts with a minimum enrollment of 250 full time equivalent students, whose full time equivalent student enrollment count in a given month exceeds the first of the month full time equivalent enrollment

count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full time equivalent students been included in the normal enrollment count for that particular month.

(c) On the basis of full time equivalent enrollment in vocational education programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 17.5 full time equivalent vocational students, except that for skills center programs the allocation ratios shall be 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 16.67 full time equivalent vocational students;

(d) For districts enrolling not more than twenty-five average annual full time equivalent students in kindergarten through grade eight, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full time equivalent students in kindergarten through grade eight:

(i) For those enrolling no students in grades seven and eight, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades seven or eight, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled.

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full time equivalent students in kindergarten through grade eight, and for small school plants within any school district which enroll more than twenty-five average annual full time equivalent kindergarten through eighth grade students and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full time equivalent students in kindergarten through grade six, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(i) For remote and necessary schools enrolling students in any grades nine through twelve but no more than twenty-five average annual full time

equivalent kindergarten through twelfth grade students, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational and handicapped full time equivalent students.

(3) Allocations for classified salaries for the 1989-90 and 1990-91 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsections (2) (d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections.

(b) For all other enrollment in grades kindergarten through twelve, including vocational but excluding handicapped full time equivalent enrollments, one classified staff unit for each sixty average annual full time equivalent students.

(c) For each nonhigh school district with an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 19.80 percent in the 1989-90 school year and 19.85 percent in the 1990-91 school year of certificated salary allocations provided under subsection (2) of this section, and a rate of 17.32 percent in the 1989-90 school year and 17.37 percent in the 1990-91 school year of classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the rates specified in section 505 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$6,355 per certificated staff unit in the 1989-90 school year and a maximum of \$6,654 per certificated staff unit in the 1990-91 school year.

(b) For nonemployee related costs associated with each certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of \$12,110 per certificated staff unit in the 1989-90 school year and a maximum of \$12,679 per certificated staff unit in the 1990-91 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of \$290 per year for allocated classroom teachers. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1987-88 school year.

(8) The superintendent may distribute a maximum of \$9,925,000 outside the basic education formula during fiscal years 1990 and 1991 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of \$358,000 may be expended in fiscal year 1990 and a maximum of \$375,000 in fiscal year 1991.

(b) For summer vocational programs at skills centers, a maximum of \$1,321,000 may be expended in fiscal year 1990 and a maximum of \$1,599,000 may be expended in fiscal year 1991.

(c) A maximum of \$272,000 may be expended for school district emergencies.

(d) A maximum of \$6,000,000 is provided solely for the purchase of new and replacement equipment for use in approved vocational-secondary and skill center programs. These moneys shall be allocated to school districts during the 1989-90 school year on the basis of full time equivalent enrollment in vocational programs.

(9) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 6.07 percent from the 1988-89 school year to the 1989-90 school year, and 5.74 percent from the 1989-90 school year to the 1990-91 school year.

(10) (a) The superintendent of public instruction shall revise personnel reporting systems to include information on grade level assignments of basic education certificated instructional staff, by grade level groupings of K-3, 4-6, and 7-12. The superintendent of public instruction shall collect such information from school districts beginning in the 1989-90 school year. School districts may submit supplemental information on changes in staffing levels after the initial personnel report for each school year. Staffing ratios calculated under this subsection may recognize additional staff reported, prorated by the number of months of employment during the academic year.

(b) For each school year, the funding provided under subsection (2)(a) of this section shall be based on a ratio of fifty-one certificated instructional staff per thousand students in kindergarten through grade three only if the district documents an actual ratio of at least fifty-one full time basic education certificated instructional staff per thousand full time equivalent students at those grade levels. For any school district documenting a lower ratio, the funding provided under this section shall be based on the district's actual K-3 ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.41.140(2)(c), if greater.

(c) School districts that had a ratio of fifty-one basic education certificated instructional staff per thousand students in kindergarten through grade three in the 1988-89 school year shall expend additional funding generated by the increase in staffing ratios provided in this section solely to improve staffing ratios in kindergarten through grade twelve.

General Fund Appropriation . . . . . \$ 196,128,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional derived base salary shown on LEAP Document 12 by the district's average staff mix factor for basic education certificated instructional staff in that school year, computed using LEAP Document 1.

(b) Salary allocations for certificated administrative staff units and classified staff units shall be determined for each district by the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12.

(2)(a) Districts shall certify to the superintendent of public instruction such information as may be necessary regarding the years of service and educational experience of basic education certificated instructional employees for the purposes of calculating certificated instructional staff salary allocations pursuant to this section. Any change in information previously certified, on the basis of years of experience or educational credits, shall be reported and certified to the superintendent of public instruction at the time such change takes place.

(b) For the purposes of this section, "basic education certificated instructional staff" is defined as provided in RCW 28A.41.110.

(c) "LEAP Document 1" means the computerized tabulation establishing staff mix factors for basic education certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on August 18, 1987, at 13:26 hours.

(d) "LEAP Document 1R" means the computerized tabulation establishing staff mix factors for basic education certificated instructional staff according to education and years of experience, as developed on May 7, 1989, at 11:00 hours.

(f) The incremental fringe benefits factors applied to salary increases in this section shall be 1.1916 for certificated salaries and 1.1379 for classified salaries in the 1989-90 school year, and 1.1921 for certificated salaries and 1.1384 for classified salaries in the 1990-91 school year.

(3) \$7,492,000 is provided solely to increase allocations for certificated administrative staff units provided under section 502 of this act, pursuant to this subsection. For the 1989-90 and 1990-91 school years, the allocation for each certificated administrative staff unit shall be increased by 2.5 percent of the 1988-89 state-wide average certificated administrative salary shown on LEAP Document 12, multiplied by incremental fringe benefits.

(4) \$27,903,000 is provided solely to increase allocations for classified staff units provided under section 502 of this act, pursuant to this subsection. For the 1989-90 and 1990-91 school years, the allocation for each classified staff unit shall be increased by 4.0 percent of the 1988-89 state-wide average classified salary shown on LEAP Document 12, multiplied by incremental fringe benefits. (5) \$160,733,000 is provided solely to increase allocations for certificated instructional staff units provided under section 502 of this act, pursuant to this subsection:

(a) For any district with a derived base salary of \$17,600 on LEAP Document 12, the allocation for each certificated instructional staff unit in the 1989-90 school year shall be increased by the difference between:

(i) The district's salary allocation per certificated instructional staff unit computed under subsection (1)(a) of this section, adjusted for incremental fringe benefits; and

fringe benefits. The compounded increase for each district shall be 7.12 percent, compounded by the percentage difference between the district's average staff mix factor for actual 1990-91 full time equivalent basic education certificated instructional employees computed using LEAP Document 1R and such factor for the same 1990-91 employees computed using LEAP Document 1.

(6)(a) Pursuant to RCW 28A.41.112, the following state-wide salary allocation schedule for certificated instructional staff is established for basic education salary allocations for the 1989-90 school year:

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(8) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules used by the superintendent of public instruction for salary allocations in the 1988-89 school year.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.71.110.

(9) The salary allocation schedules established in subsections (6) and (7) of this section are for allocation purposes only.

The legislature intends that increases granted to administrators during the 1989-91 biennium be limited to the percentage increase provided in administrative salary allocations under this section. School districts shall annually submit documentation to the superintendent of public instruction on any increases in average administrative salaries that exceed the increase provided in this section, pursuant to instructions issued by the superintendent. The superintendent of public instruction shall forward such data and documentation to the appropriations committee of the house of representatives and the ways and means committee of the senate. The documentation shall include an explanation of amount of the excess increases provided by each district and the justification or reasons for such increases.*

**\*NEW SECTION.** Sec. 601. The appropriations in sections 602 through 608 of this act are subject to the following conditions and limitations:

(1) For the purposes of this section and sections 602 through 608 of this act, "institutions of higher education" means the institutions receiving appropriations pursuant to sections 602 through 608 of this act.

(2) (a) *Student Quality Standard: During the 1989-91 fiscal biennium, each institution of higher education shall not spend less than the average biennial amount listed in this subsection per full time equivalent student. The amounts include total appropriated general fund—state operating expenses for the institution, less expenditures for plant maintenance and operations, with the exception of Washington State University, where cooperative extension and agriculture research are also excluded from the per student expenditures. This expenditure-per-student requirement may vary by two percent. If an institution's expenditure per student in fiscal year 1989-90 exceeds the two-percent variance, then the office of financial management shall reduce that institution's allotment for fiscal year 1990-91 by the amount above the two-percent variance.*

The office of financial management shall adjust an institution's allotment as necessary to enforce the restrictions imposed by this section.

(7) The office of financial management shall by November 1, 1989, develop an employee classification system for the purpose of allocating the appropriations in this act for higher education salary increases. The classification system shall be consistent among the institutions and shall provide for uniform application of each employee classification, including instructional and research faculty, academic and administrative deans, department chairpersons, exempt and classified staff, presidents, chancellors, vice-presidents, librarians, and counselors. An institution of higher education shall not grant any salary increase under this section unless the office of financial management determines that the increase is consistent with the classification system required by this subsection. It is the intent of the legislature to adjust the appropriations in this act during the 1990 legislative session to reflect the classification system; the appropriation adjustments shall result in a total expenditure level that is less than or equal to the total amount allocated for salary increases under this section to all institutions. The classification system shall be used solely for the purpose of salary increase allocations under this section and shall not affect any employee rights under the state higher education personnel law, chapter 28B.16 RCW.

The state treasurer shall be custodian of the fund. All moneys received by the commission or any employee thereof, except for change funds and an amount of petty cash as fixed by rule or regulation of the commission, shall be deposited each day in a depository approved by the state treasurer and transferred to the state treasurer to be credited to the gambling revolving fund. Disbursements from the revolving fund shall be on authorization of the commission or a duly authorized representative thereof. In order to maintain an effective expenditure and revenue control the gambling revolving fund shall be subject in all respects to chapter 43.88 RCW but no appropriation shall be required to permit expenditures and payment of obligations from such fund. All expenses relative to commission business, including but not limited to salaries and expenses of the director and other commission employees shall be paid from the gambling revolving fund.*

*The ~~((office of financial management may direct the))~~ state treasurer ~~((to loan))~~ shall transfer to the general fund ~~((an amount not to exceed \$1,400,000))~~ two million dollars from the gambling revolving fund for the ~~((1983-85))~~ 1989-91 fiscal biennium.*

*\*Sec. 810 was vetoed, see message at end of chapter.*

*Sec. 811. Section 7, chapter 13, Laws of 1983 1st ex. sess. as amended by section 710, chapter 289, Laws of 1988 and RCW 50.16.070 are each amended to read as follows:*

*The federal interest payment fund shall consist of contributions payable by each employer (except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, employers who are required to make payments in lieu of contributions, and employers paying contributions under RCW 50.44.035) for any calendar quarter which begins on or after January 1, 1984, and for which the commissioner determines that the department will have an outstanding balance of accruing federal interest at the end of the calendar quarter. The amount of wages subject to tax shall be determined according to RCW 50.24.010. The tax rate applicable to wages paid during the calendar quarter shall be determined by the commissioner and shall not exceed fifteen one-hundredths of one percent. In determining whether to require contributions*

as authorized by this section, the commissioner shall consider the current balance in the federal interest payment fund and the projected amount of interest which will be due and payable as of the following September 30. Except as appropriated for the fiscal biennium ending June 30, ~~((1989))~~ 1991, any excess moneys in the federal interest payment fund shall be retained in the fund for future interest payments.

Contributions under this section shall become due and be paid by each employer in accordance with such rules as the commissioner may prescribe and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

**NEW SECTION.** Sec. 812. The sum of sixty million dollars is appropriated for the biennium ending June 30, 1989, from the general fund to the state treasurer for immediate transfer to the budget stabilization account pursuant to RCW 43.88.525 and 43.88.530.

**\*Sec. 813. Section 338, chapter 258, Laws of 1984 as amended by section 27, chapter 57, Laws of 1985 and RCW 43.08.250 are each amended to read as follows:**

***The money received by the state treasurer from fees, fines, forfeitures, penalties, reimbursements or assessments by any court organized under Title 3 or 35 RCW, or chapter 2.08 RCW, shall be deposited in the public safety and education account which is hereby created in the state treasury. The legislature shall appropriate the funds in the account to promote traffic safety education, highway safety, criminal justice training, crime victims' compensation, judicial education, the judicial information system, winter recreation parking, and state game programs. All earnings of investments of balances in the public safety and education account shall be credited to the general fund.***

**On July 1, 1989, the state treasurer shall transfer to the general fund from the public safety and education account the sum of two million dollars.**

**\*Sec. 813 was vetoed, see message at end of chapter.**

**NEW SECTION.** Sec. 814. Notwithstanding RCW 43.01.090 the house of representatives, the senate, and the permanent statutory committees shall pay expenses quarterly to the department of general administration facilities and services revolving fund for services rendered by the department for operations, maintenance, and supplies relating to buildings, structures, and facilities used by the legislature for the biennium beginning July 1, 1989.

**NEW SECTION.** Sec. 815. Amounts received by an agency as reimbursements pursuant to RCW 39.34.130 shall be considered as returned

loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the director of financial management, which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum interagency usage of data processing equipment and services, and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

NEW SECTION. Sec. 816. The appropriations of moneys and the designation of funds and accounts by this and other acts of the 1989 legislature shall be construed in a manner consistent with legislation enacted by the 1985 and 1987 legislatures to conform state funds and accounts with generally accepted accounting principles.

NEW SECTION. Sec. 817. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 818. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989.

Passed the Senate May 10, 1989.

Passed the House May 10, 1989.

Approved by the Governor June 2, 1989, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State June 2, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 123(1),(3),(4),(5),(6), 125(4), 208(3), 209(1), 213(7),(8), 214(4), 218(6), 221(9),(12),(17),(18), 222(1),(2), 225(2), 230(2), 304(7), 313(4), 316(1), 503(10), 601(2), 602(2), 610(2), 709(3), 804, 805, 809, 810, and 813 of Engrossed Substitute Senate Bill No. 5352, entitled:

"AN ACT Relating to fiscal matters; making appropriations and authorizing expenditures for the operations of state agencies for the fiscal biennium beginning July 1, 1989, and ending June 30, 1991."

My reasons for vetoing these sections are as follows:

Section 123(1), page 12, Motor Vehicle Savings

Subsection 1 requires that \$3,200,000 General Fund-State be placed in reserve as a consequence of savings generated by implementation of the motor vehicle review team report. That report identifies potential savings once implementation of the recommendations occur; however, it does not estimate savings to the General Fund-State, separate from savings to other funds. It is premature to estimate and require reserving of General Fund-State monies until planning for the implementation has been completed and the specific sources of savings are identified along with the type of benefiting budget.

Section 123(3), page 13, Handicapped Program Enrollment

Subsection 3 requires forecasting of K-12 handicapped enrollment by the Office of Financial Management (OFM). OFM has normally provided forecasts of budget drivers deemed critical to budget analysis and development, including forecasting K-12 handicapped enrollment. The agency will continue to do this work within its available resources. Specific direction in the budget is unnecessary.

Section 123(4), page 13, Handicapped Education Study

Subsection 4 reduces flexibility in the Office of Financial Management by requiring it to spend \$200,000 General Fund-State appropriation solely for a study of handicapped education. Removing this provision will allow the agency to more effectively perform a study of handicapped education, consistent with the goal of this provision and provide a report by December 1, 1989.

Section 123(5), page 13, Master License Center Transfer

Subsection 5 provides that if the Master License Center does not have sufficient funds for the 1989-91 biennium, then the Office of Financial Management shall transfer amounts associated with savings in benefiting agencies to Master License Center. This strategy was started in the current biennium and abandoned due to difficulties in estimating savings in the benefiting agencies. There is no reason to believe it would be successful for the 1989-91 biennium.

Section 123(6), page 13, Architectural Cost Specialist

Subsection 6 provides for \$130,000 of the General Fund-State appropriation solely for an architectural or structural cost specialist in the Office of Financial Management for analysis related to the capital budget. While the agency does need this additional analysis, my veto provides the agency with the flexibility to obtain this assistance either by hiring staff or seeking consultation.

Section 125(4), page 14, Salary Survey Process

This subsection provides for legislative staff oversight of the Department of Personnel in the salary survey process. The procedures and methodology of the salary survey are clearly defined in statute. Legislative staff oversight would infringe upon the agency's performance of the salary survey process within these statutory requirements.

Section 208(3), page 32, Consolidated Emergency Assistance Program

This subsection directs the Department of Social and Health Services to eliminate the Consolidated Emergency Assistance Program. The program provides assistance to families and pregnant women in emergent circumstances who are not eligible for any other state programs. The proviso does not supersede existing statutory provisions establishing this program. Additionally, elimination of the program might violate federal requirements under the Federal Catastrophic Care Act of 1988.

Section 209(1), page 32, General Assistance-Unemployable

This subsection requires the Department of Social and Health Services to conserve the monies appropriated for the General Assistance-Unemployable (GA-U) program so that assistance is available throughout the biennium. The requirement has the effect of limiting expenditures to the current forecast.

Forecasts of demand for income assistance programs are revised during budget periods due to changes in predictive variables. An additional factor affecting the GA-U forecast is the revision to the Alcohol and Drug Abuse Treatment and Support Act (ADATSA) in section 212 of this act and in Reengrossed Substitute Senate Bill No. 5897. Clients who will be eligible for ADATSA shelter under the revised standards also will be eligible for GA-U. Although these clients will be eligible for either ADATSA or GA-U, all of the funding was appropriated to the ADATSA program.

If actual demand for assistance exceeds the current forecast during the biennium, then the Department of Social and Health Services would have to apply a ratable reduction to the grant standard. I do not support the imposition of a ratable reduction as the only appropriate method to manage unpredictable caseload growth.

Section 213(7), page 36, Chiropractic Services

Section 213(7) prohibits the Department of Social and Health Services from providing chiropractic services as an optional service under the Medical Assistance program. Since many eligible recipients rely on this type of treatment, to not allow for this service would be inconsistent with the overall objectives of the Medical Assistance program.

Section 213(8), page 35, Medicaid Disproportionate Share

Section 213(8) requires that the Department of Social and Health Services expend 57 percent of the medicaid disproportionate share appropriation in Fiscal Year 1990 and requires continuation of payment advances for Harborview. This language is unduly prescriptive and limits the Department's discretion in employing periodic payment advances.

Section 214(4), page 37, Allocation of Funds to Community Health Clinics

This subsection ensures that each clinic receives at least 95 percent of the amount received in the prior fiscal year. The Department of Social and Health Services is also required to promulgate rules to develop an allocation formula and eligibility criteria for distribution and receipt of program monies. It is my intent that community clinics have a reasonably predictable funding level from this appropriation. However, the Department needs administrative flexibility to contract with clinics which best provide required services, or with clinics in health care access problem areas. I will direct the Department of Social and Health Services to promulgate rules under RCW 34.05 to develop an allocation formula for distributing money to community health clinics and to develop eligibility criteria for receipt of program monies.

Section 218(6), page 41, Foster Care Financial Participation Schedule

This subsection sets a financial participation schedule for foster care support collections. This proviso, if enacted, would be inoperative, as it would not supersede existing statutes which require the use of the current child support schedule as the means test for foster care collections.

Section 221(9), page 44, Bordertowns

Subsection 9 requires the Department of Community Development to report to the Legislature on the distribution and the amount of grants to bordertowns. Funding for the grants is provided in RCW 66.08.195 as a set percentage of the Liquor Control Board excess funds for distribution. The requirement that the amount of the distribution be substantially equal to the current level of expenditure is technically unworkable. The Liquor Control Board cannot control factors such as liquor sales that generate the excess funds to that level of specificity. Neither does the Liquor Control Board have the option to distribute the excess funds in any manner other than that required by statute. I will ask the Department of Community Development to report to the Legislature the amount of excess funds generated by the three-tenths of one percent statutory requirement that are distributed to bordertowns.

Section 221(12), page 45, Lewis County Technological Demonstration Project

Subsection 12 provides \$475,000 to continue the Lewis County Technological Demonstration project. Funding for this project, a mobile vocational training program unit operated in conjunction with the school district, was not included in the Department of Community Development's budget recommendation. Vetoing this subsection provides the agency the flexibility, subject to the Office of Financial Management's allotment control, to adapt its appropriations to address the agency's most serious needs. A portion of these funds will be used to complete the pilot project and address the intent of the original legislation.

Section 221(17), page 45, High Risk Youth

Subsection 17 provides \$400,000 for a pilot demonstration project for high risk youth pursuant to Engrossed Second Substitute Senate Bill No. 5624. Inasmuch as the bill did not pass, removal of the subsection will allow the agency the flexibility to better manage within financial constraints.

Section 221(18), page 45-46, Growth Strategies Commission

Subsection 18 establishes the Growth Strategies Commission in the Department of Community Development, consisting of 17 members appointed by legislative leadership, six of whom are legislative members. I applaud those legislators with the foresight to recognize that growth strategies planning is essential to the state. However, it is inappropriate to use appropriations to an executive agency to support what is essentially a legislative effort. I will, establish a Growth Strategies Commission by executive order that will include legislative representation among its members.

Section 222(1)(2), page 46, Human Rights Commission

Subsections 1 and 2 were included in my executive request budget, and would require the agency to manage federal cases and the use of Attorney General services within specific dollar constraints. These constraints were tied to the budget level that I recommended to the Legislature. The intent of the provisoes was that the agency would use state dollars to requalify for the federal dollars in the next contract negotiations with the federal government. Since the Legislature did not provide appropriations for this purpose, the provisoes are unduly restrictive to the agency trying to manage within severely limited resources.

Section 225(2), page 47, Family and Medical Leave Act

This subsection reduces flexibility in the Department of Labor and Industries' budget by requiring it to expend \$300,000 of the General Fund-State appropriation solely for the Family and Medical Leave Act. Funding for this activity was not added to the Department's budget and must be absorbed in existing programs. The agency plans to support the program implemented in Reengrossed Substitute House Bill No. 1581.

Section 230(2), page 48, Hospital Data Collection

This subsection reduces flexibility in the Department of Health's budget by requiring expenditure of this appropriation solely for hospital data collection. While it is clear that hospital data collection is an important function of the new department, it may be possible to utilize some of the available resources for other essential health-related activities.

Section 304(7), page 55, Department of Ecology

This subsection provides \$1,000,000 from the solid waste management account to assist local governments pursuant to section 7 of Engrossed Substitute House Bill No. 1671. Section 7 of that bill was vetoed, which makes this subsection moot. The veto of this subsection is not intended to forsake its intent. Therefore, I am directing the Department of Ecology to make \$1,000,000 available from the Solid Waste Management Account to local governments for the development of materials to promote waste reduction and recycling.

Section 313(4), page 64, Simpson Hatchery

Subsection 4 provides \$276,000 solely for the maintenance of current operations at the Simpson Hatchery. Problems with water quality in the Chehalis River have greatly reduced the survival level of fry. Funding has previously been provided to assess the problem and, if possible, recommend a solution. The field work for that study will be completed this year and it is anticipated that the results should be complete in late spring of 1990. Until a solution to the problem is recommended, continued operation of the hatchery is not a prudent use of limited public funds. If the water quality problems can be corrected, a portion of this \$276,000 shall be used to implement the solution. Funds not so utilized shall be held in reserve.

Additionally, subsection 5 provides \$1,810,000 for recreational salmon enhancement projects. While I support expenditures for recreational salmon enhancement,

restricting them solely for recreational projects is impractical. Due to the migratory nature of salmon, and the complex management activities of both commercial and recreational fisheries, it is not possible to ensure that recreational anglers are the sole beneficiaries of the enhancement projects.

While I am not vetoing the specific language in subsection 5, I want to assure the Legislature that this funding will be used for recreationally oriented salmon enhancement.

Section 316(1), page 68, Common School Construction

Section 316 allows lands and timber to be taken out of trust status and reserved for wildlife habitat, recreation or conservation. The trust funds would be compensated for the timber, and land of equal value would be traded for the land being removed from the trust.

Subsection 1 requires that the lands and timber purchased by the Department of Natural Resources for purposes of this section shall be based on a finding by the Board of Natural Resources in consultation with the House Appropriations Committee and the Senate Ways and Means Committee. The Board of Natural Resources is responsible for the management of the trusts. Requiring consultation with the legislative fiscal committees is an intrusion on the authority of the Board and hinders its ability to fulfill its trust responsibilities.

In addition, the requirement that the Board "find" that the timber "should not be harvested" may prove an impediment to accomplishing the intent of the section. The Board is charged with maximizing the return to the trust funds as trustees. No criteria is specified as a basis for determining which timber should not be harvested. For the Board to find that trust land timber should not be harvested would be in conflict with the Board's mission to maximize benefit to the trust funds.

Without subsection 1, the Board will be able to determine which timber would be desirable not to harvest at this time, for reasons consistent with its statutory trust obligations. Vetoing this subsection will permit the intent of the section to be accomplished without undue restrictions.

Section 503(10), page 84, School Administrator Salary Increases

This subsection limits salary increases for school administrators next biennium to the percentage increase provided by the Legislature. This restriction would unduly limit the ability of local school directors to address the unique needs of their individual districts. The Legislature has given the school system less state funds for school administrator salary increases. This alone will act to limit salary increases. This subsection also requires annual justification of average salary increases in excess of the increase in state-funded salary increases provided by the Legislature. Currently, school districts report salaries for all staff annually. Repeating local debates to justify salary increases for school administrators would be a meaningless reporting requirement that has no relationship to assessing or improving the quality of education available to our children.

Section 601(2), page 102, Student Quality Standard

Section 601(2) of the bill provides for a target level of spending per full time equivalent student at each of the institutions for the entire biennium. A certain level of flexibility is provided in meeting the target, and penalties are stated for variances greater than 2 percent.

I concur with the established method of controlling amounts spent per student. I also agree with the philosophy of setting penalties to ensure compliance with legislative priorities. However, I cannot agree with the penalty clause, since it is too restrictive in that it applies after the first year of the biennium. The target level of spending is based on the biennial budget and any corresponding penalty should be based on an institution's ability to meet the target over a biennium.

Section 602(2), page 106, Community College Faculty

Section 602(2) of the bill places restrictions on the use of enhancement dollars to convert part-time faculty to full-time status at some of the community colleges. This restriction would unduly limit the flexibility of the colleges to manage faculty hiring practices to accomplish the colleges' goals and objectives.

Section 610(2), page 111, State Writing Project

Section 610(2) of the bill provides that \$50,000 of the Higher Education Coordinating Board's (HECB) budget be used to establish a state writing project for public school teachers.

During a time of continued legislative demands of the HECB for centralized information, reporting, and program review involving our colleges and universities, the Legislature reduced the HECB base budget by \$250,000. Veto of this proviso will help the HECB to continue high priority services to the Legislature and executives.

Section 709(3), page 119, For the Governor—Indian Claims

This subsection imposes a requirement on the Attorney General to appear for, and represent owners of, owner-occupied real estate in all cases in which a member of a tribe signatory to the agreement raises a claim of Indian title for land within the properties comprising the agreement. No precedent exists for Attorney General representation of private citizens related to property matters. Other recourse for legal assistance is available to private citizens, typically through their title insurance. Required involvement of the Attorney General in such matters would create unacceptable difficulty in the Attorney General's management of resources appropriated for the specific statutory responsibilities of the office.

Section 804, page 134, OFM Review of Compensation Plans

This section would require all agencies to route through the Office of Financial Management (OFM) any request to the Department of Personnel for reclassification or modifications of any compensation plans or schedules prior to submittal to the State Personnel Board for action. While I agree with the intent of this language, which is to strengthen the review process of actions before the State Personnel Board, as written, this section would be prohibitively difficult to administer. The Office of Financial Management currently review such actions of cabinet agencies based on specific criteria. The language of this section requires that all classification actions be reviewed by OFM regardless of their degree of significance. Lacking provisions to establish thresholds and limits under which to administer this review, the bureaucratic entanglements outweigh the benefits of this section.

Section 805, page 134, Personal Service Contracts

Section 805 requires the Office of Financial Management to approve in advance any General Fund-State personal service contract expenditures that exceed prior biennium percentages.

This provision is vague and unworkable. From a policy standpoint, it makes little sense to relate contract expenditures in two different biennia, because these types of expenditures are often project in nature. Administratively, the prior biennium's percentage of personal service contracts creates an arbitrary benchmark that would be difficult to calculate or impose. There are no legislative appropriations for 1989-91 person service contracts by fund source; and final 1987-89 percentages will not be available until biennial close-out of statewide accounting records, several months after the limitations are supposedly in place.

I am also concerned by the language that exempts appropriations in the judicial agencies. This implies that all other elected officials are covered by the restrictions contained in Section 805. Since the Office of Financial Management does not presently have any authority over allotments for all other elected officials, there is an apparent conflict between the appropriations act and the State Budget, Accounting and Reporting Act (RCW 43.88).

Section 809, page 135, Biennial Funding

The statement that new programs are funded for the entire biennium, unless otherwise provided in either the appropriations act or legislative notes, raises some disturbing questions about the legal status of legislative notes. Although I recognize that this language was intended to minimize "bow-wave" impacts, agencies are already required to allot expenditures in conformance with legislative intent. Legislative notes are the work of legislative staff, not elected representatives, and these documents are sometimes prepared months after appropriations are enacted. Legislative intent should be defined by legislators in the appropriations act and not subject to retroactive elaboration.

Section 810, page 135, Gambling Revolving Fund Transfer

This section transfers \$2,000,000 from the Gambling Revolving Fund to the General Fund during the 1989-91 fiscal biennium. The Gambling Revolving Fund, established as an allotted but nonappropriated fund in the Gambling Commission's enabling statute (RCW 9.46), receives revenues from licensing, penalties, forfeitures, and other gambling-specific sources to support the regulation and enforcement of charitable and social gambling activities in this state. These statutes direct that gambling activities produce a revenue stream—at local government option—for local government, but they do not expressly provide for these funds as a source of revenue for the General Fund. The transfer of funds provided by this section is inappropriate.

Veto of this section preserves the financial reserve of the Gambling Commission's operations and the Gambling Revolving Fund, and allows the Commission to continue to manage its revenue stream and the working capital requirements of the agency. I ask that license, penalty, forfeiture, and other revenue source rates be retained at existing levels but not decreased, until such point as the working capital requirements of the agency warrant increases in one or more of the rates.

Section 813, page 137, Public Safety and Education Account Transfer

This section transfers \$2,000,000 from the Public Safety and Education Account (PSEA) to the General Fund on July 1, 1989. The PSEA has a history of volatile revenue collections. After the decline in the most recent revenue forecast for PSEA, allowing this transfer would require agencies expending from this account to begin the biennium with pro rata expenditure allotment reductions. This budget, combined with other legislation, provides a General Fund reserve of less than \$40,000,000. I do not believe that is an adequate reserve; however, I do not feel it is appropriate to force expenditure reductions in the PSEA to add to the General Fund reserve.

With the exceptions of sections 123(1),(3),(4),(5),(6), 125(4), 208(3), 209(1), 213(7),(8), 214(4), 218(6), 221(9),(12),(17),(18), 222(1),(2), 225(2), 230(2), 304(7), 313(4), 316(1), 503(10), 601(2), 602(2), 610(2), 709(3), 804, 805, 809, 810, and 813 of Engrossed Substitute Senate Bill 5352 is approved."

RESIDENTIAL BURGLARY

[Act prior to veto override: See chapter 412, Regular Session, supra.]

AN ACT Relating to burglary; amending RCW 9A.52.030; reenacting and amending RCW 9.94A.320; adding a new section to chapter 9A.52 RCW; prescribing penalties; and providing an effective date.

NEW SECTION. Sec. 4. This act shall take effect July 1, 1990.

Passed the Senate April 17, 1989.

Passed the House April 11, 1989.

Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.

Veto of item overridden by the Senate May 19, 1989.

Veto of same item overridden by the House May 20, 1989.

Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 3, Engrossed Senate Bill No. 5233 entitled:

"AN ACT Relating to burglary."

This legislation creates a new crime of residential burglary for those incidents in which an individual enters a dwelling for the purposes of committing "a crime against persons or property therein". The existing crime of burglary in the second degree is retained for cases involving buildings other than dwellings.

Section 3 of this measure increases the seriousness level of second degree burglary from range II to range III and ranks the new crime of residential burglary at an even higher level, range IV. These rankings have significant fiscal impacts on both state and local governments that are not fully addressed. Although the Legislature included funds in the Omnibus Budget for the purposes of this act, they fall far short of meeting the Department of Correction's needs. In addition, no funds were provided to address the impacts on local jails.

I support the intent of this bill. Residential burglary is a particularly offensive crime that not only results in material loss, but shatters the sense of privacy people enjoy within their homes. Persons who invade homes in this manner must be punished.

However, attempting to address this issue has highlighted some of the inflexibility of the state's Sentencing Reform Act. Because of the sentencing structure created by the Act, little can be done in response to the problem of burglary other than to raise the seriousness level, as accomplished by section 3.

I am retaining the new definition of residential burglary created by this bill, and the instructions in section 1 requiring the Sentencing Guidelines Commission to consider residential burglary as a more serious offense than burglary in the second degree. Because the provisions of the bill do not take effect until July 1990, I believe this veto allows us to more fully consider the ramifications of this sentencing change.

The long-term financial impact on the state adult and juvenile systems will mandate significant additional commitment of both capital and operating funds. I am concerned that the full financial reality of passing this bill has not settled upon the Legislature. The Legislature should also consider the consistency of punishment level in this bill related to punishment for other criminal offenses.

Particular attention must also be paid to the effect these changes have on our local jail system. We can no longer continue to ignore the overcrowding and potentially dangerous conditions facing these facilities. At the same time the Legislature was enacting a measure extending eligibility for home detention programs to burglars, it was removing over fifty percent of the eligible inmates by the definition

change included in this bill. The Sentencing Guidelines Commission is the proper place to consider these system-wide impacts.

I am asking the Sentencing Guidelines Commission to take up this issue for the purpose of recommending a resolution to the 1990 Legislature. The commission will review the relative rankings of these crimes, and will explore the possibility of reordering the sentencing grid in such a way as to allow courts greater flexibility in determining appropriate sanctions. In addition, the Commission will review the potential for changing sentencing practices associated with rank changes, and the relationship of deadly weapons enhancements to these two offenses.

With the exception of section 3, Engrossed Senate Bill No. 5233 is approved."

Note: Secretary of the Senate's letter informing the Secretary of State that the Legislature has overridden an item of the Governor's veto is as follows:

PROPOSED CONSTITUTIONAL AMENDMENT  
 ADOPTED AT THE 1989 REGULAR SESSION  
 FOR SUBMISSION TO THE VOTERS  
 AT THE STATE GENERAL ELECTION, NOVEMBER 1989  
 SUBSTITUTE SENATE JOINT RESOLUTION NO. 8202

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article IV, section 31 of the Constitution of the state of Washington to read as follows:

Article IV, section 31. ~~((There shall be a commission on judicial conduct consisting of a judge selected by and from the court of appeals judges, a judge selected by and from the superior court judges, a judge selected by and from the district court judges, two persons admitted to the practice of law in this state selected by the state bar association, and four persons who are not attorneys appointed by the governor and confirmed by the senate.~~

~~The supreme court may censure, suspend, or remove a judge or justice for violating a rule of judicial conduct and may retire a judge or justice for disability which is permanent or is likely to become permanent and which seriously interferes with the performance of judicial duties.~~

~~The office of a judge or justice retired or removed by the supreme court becomes vacant, and that person is ineligible for judicial office until eligibility is reinstated by the supreme court. The salary of a removed judge or justice shall cease. The supreme court shall specify the effect upon salary when disciplinary action other than removal is taken. The supreme court may not discipline or retire a judge or justice until the commission on judicial conduct recommends after notice and hearing that action be taken and the supreme court conducts a hearing, after notice, to review commission proceedings and findings against a judge or justice.~~

~~Whenever the commission receives a complaint against a judge or justice, it shall first conduct proceedings for the purpose of determining whether sufficient reason exists for conducting a hearing or hearings to deal with the accusations. These initial proceedings shall be confidential, unless confidentiality is waived by the judge or justice, but all subsequent hearings conducted by the commission shall be open to members of the public.~~

~~Whenever the commission adopts a recommendation that a judge or justice be removed, the judge or justice shall be suspended immediately, with salary, from his or her judicial position until a final determination is made by the supreme court.~~

~~The legislature shall provide for commissioners' terms of office and compensation. The commission shall establish rules of procedure for commission proceedings including due process and confidentiality of proceedings:))~~

(1) There shall be a commission on judicial conduct, existing as an independent agency of the judicial branch, and consisting of a judge selected by and from the court of appeals judges, a judge selected by and from the superior court judges, a judge selected by and from the district court judges, two persons admitted to the practice of law in this state selected by the state bar association, and six persons who are not attorneys appointed by the governor.

(2) Whenever the commission receives a complaint against a judge or justice, or otherwise has reason to believe that a judge or justice should be admonished, reprimanded, censured, suspended, removed, or retired, the commission shall first investigate the complaint or belief and then conduct initial proceedings for the purpose of determining whether probable cause exists for conducting a public hearing or hearings to deal with the complaint or belief. The investigation and initial proceedings shall be confidential. Upon beginning an initial proceeding, the commission shall notify the judge or justice of the existence of and basis for the initial proceeding.

(3) Whenever the commission concludes, based on an initial proceeding, that there is probable cause to believe that a judge or justice has violated a rule of judicial conduct or that the judge or justice suffers from a disability which is permanent or likely to become permanent and which seriously interferes with the performance of judicial duties, the commission shall conduct a public hearing or hearings and shall make public all those records of the initial proceeding that provide the basis for its conclusion. If the commission concludes that there is not probable cause, it shall notify the judge or justice of its conclusion.

(4) Upon the completion of the hearing or hearings, the commission in open session shall either dismiss the case, or shall admonish, reprimand, or censure the judge or justice, or shall censure the judge or justice and recommend to the supreme court the suspension or removal of the judge or justice, or shall recommend to the supreme court the retirement of the judge or justice. The commission may not recommend suspension or removal unless it censures the judge or justice for the violation serving as the basis for the recommendation. The commission may recommend retirement of a judge or justice for a disability which is permanent or likely to become permanent and which seriously interferes with the performance of judicial duties.

(5) Upon the recommendation of the commission, the supreme court may suspend, remove, or retire a judge or justice. The office of a judge or justice retired or removed by the supreme court becomes vacant, and that

person is ineligible for judicial office until eligibility is reinstated by the supreme court. The salary of a removed judge or justice shall cease. The supreme court shall specify the effect upon salary when it suspends a judge or justice. The supreme court may not suspend, remove, or retire a judge or justice until the commission, after notice and hearing, recommends that action be taken, and the supreme court conducts a hearing, after notice, to review commission proceedings and findings against the judge or justice.

(6) Within thirty days after the commission admonishes, reprimands, or censures a judge or justice, the judge or justice shall have a right of appeal de novo to the supreme court.

(7) Any matter before the commission or supreme court may be disposed of by a stipulation entered into in a public proceeding. The stipulation shall be signed by the judge or justice and the commission or court. The stipulation may impose any terms and conditions deemed appropriate by the commission or court. A stipulation shall set forth all material facts relating to the proceeding and the conduct of the judge or justice.

(8) Whenever the commission adopts a recommendation that a judge or justice be removed, the judge or justice shall be suspended immediately, with salary, from his or her judicial position until a final determination is made by the supreme court.

(9) The legislature shall provide for commissioners' terms of office and compensation. The commission shall employ one or more investigative officers with appropriate professional training and experience. The investigative officers of the commission shall report directly to the commission. The commission shall also employ such administrative or other staff as are necessary to manage the affairs of the commission.

(10) The commission shall, to the extent that compliance does not conflict with this section, comply with laws of general applicability to state agencies with respect to rule-making procedures, and with respect to public notice of and attendance at commission proceedings other than initial proceedings. The commission shall establish rules of procedure for commission proceedings including due process and confidentiality of proceedings.

Dear Ralph:

I am transmitting a corrected copy of my partial veto in Section 884 of Substitute Senate Bill No. 5521, "AN ACT Adopting the capital budget."

Page 117 is corrected to reflect my intent as indicated in the text of the veto message, see attached corrected page. My intent was only to remove the paragraph which begins with "The appropriation in this section is subject to . . ." and ends with "the state operating budget."

Please note this correction in your records and advise the Code Reviser of the correction.

Sincerely,

Booth Gardner  
Governor
