**** Compiled to and Inclusive of May 29, 2012 ****

THOMAS HOEMANN
Secretary of the Senate

BARBARA BAKER
Chief Clerk, House of Representatives

With the Cooperation of the Statute Law Committee
& the Legislative Service Center

The brief descriptions and digest paragraphs contained herein were prepared by the employees of the legislature as a guide to interested persons concerned with the various measures pending before the legislature. Such brief descriptions and digest paragraphs are not propounded in substitution of or supplementary to the official titles and official text of the legislative measures alluded to herein. The brief descriptions and digest paragraphs are not intended to constitute any part of the law, are not in any manner adopted or acted upon by the legislature, and are in no way evidence of the intent of the legislature.

If the only action on a bill for a session is "By resolution, reintroduced and retained in present status." and no action other than "By resolution, reintroduced and retained in present status." occurs in subsequent sessions in the two-year legislative cycle for that bill, the history for those sessions will not be printed in this publication.

Companion bills are shown for original bills only.

The brief description for each bill family shows only once on the original bill unless there is a change in the brief description for a later version of the bill.

HOW TO USE THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The *Legislative Digest and History of Bills* is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily *Legislative Digest* is available. Use the daily *Legislative Digest* to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the *Legislative Digest and History of Bills*. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the *Legislative Digest* publication.

This publication consists of three parts:

- (1) Digest paragraphs and legislative actions on all measures (bills);
- (2) RCW - Bill Table;
- (3) Topical Index; and
- (4) Session Law Chapter to Bill Table

DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

- (1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
- (2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
- (3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
- (4) The special status of legislation reports for the Senate and the House.

The bulk of the *Legislative Digest and History of Bills* is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular *Legislative Digest and History of Bills* is found on the Index Page of the *Legislative Digest and History of Bills* beginning on page one. Several examples of these reports are:

- (1) Senate Bills Introduced by Members
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
- (2) Senate Bills Introduced by Request;
- (3) Senate Bills Passed by the Senate;
- (4) Senate Bills Passed by the Senate and House;
- (5) Senate Bills Failed to Pass the House;
- (6) Senate Bills Passed Both Houses Showing Executive Action; and
- (7) Governor's Messages on Bills Vetoed or Partially Vetoed
VO - Veto overridden
PV - Partial Veto
V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)

RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

38.03.030	AMD	SHB	1301*
38.03.040	AMD	SHB	1375+
39.07.060	REP	2SSB	5111

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action must be taken in cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is <http://www.leg.wa.gov>, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

Making technical corrections to gender-based terms.

(DIGEST AS ENACTED)

Makes technical corrections to gender-based terms.

VETO MESSAGE ON SB 5045

May 12, 2011

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 34, 508, 520 and 590, Senate Bill 5045 entitled:

"AN ACT Relating to making technical corrections to gender-based terms."

I am vetoing Section 34 because it incorrectly amends the phrase "his widow" to "his or her widow" in RCW 2.12.037. I am vetoing the following sections due to conflicting amendments in other bills

already signed into law in the 2011 session: Sections 508, 520 and 590.

With the exception of Sections 34, 508, 520 and 590, Senate Bill 5045 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

		April 29, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 101, 201, 407, 410, 411, 412, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806, 807, 901, 902, 1104, 1201, 1202, 1203 and 1206, Engrossed Second Substitute Senate Bill 5073 entitled:

"AN ACT Relating to medical use of cannabis."

In 1998, Washington voters made the compassionate choice to remove the fear of state criminal prosecution for patients who use medical marijuana for debilitating or terminal conditions. The voters also provided patients' physicians and caregivers with defenses to state law prosecutions.

I fully support the purpose of Initiative 692, and in 2007, I signed legislation that expanded the ability of a patient to receive assistance from a designated provider in the medical use of marijuana, and added conditions and diseases for which medical marijuana could be used.

Today, I have signed sections of Engrossed Second Substitute Senate Bill 5073 that retain the provisions of Initiative 692 and provide additional state law protections. Qualifying patients or their designated providers may grow cannabis for the patient's use or participate in a collective garden without fear of state law criminal prosecutions. Qualifying patients or their designated providers are also protected from certain state civil law consequences.

Our state legislature may remove state criminal and civil penalties for activities that assist persons suffering from debilitating or terminal conditions. While such activities may violate the federal Controlled Substances Act, states are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. However, absent congressional action, state laws will not protect an individual from legal action by the federal government.

Qualifying patients and designated providers can evaluate the risk of federal prosecution and make choices for themselves on whether to use or assist another in using medical marijuana. The United States Department of Justice has made the wise decision not to use federal resources to prosecute seriously ill patients who use medical marijuana.

However, the sections in Part VI, Part VII, and Part VIII of Engrossed Second Substitute Senate Bill 5073 would direct employees of the state departments of Health and Agriculture to authorize and license commercial businesses that produce, process or dispense cannabis. These sections would open public employees to federal prosecution, and the United States Attorneys have made it clear that state law would not provide these individuals safe harbor from federal prosecution. No state employee should be required to violate federal criminal law in order to fulfill duties under state law. For these reasons, I have vetoed Sections 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806 and 807 of Engrossed Second Substitute Senate Bill 5073.

In addition, there are a number of sections of Engrossed Second Substitute Senate Bill 5073 that are associated with or dependent upon these licensing sections. Section 201 sets forth definitions of terms. Section 412 adds protections for licensed producers, processors and dispensers. Section 901 requires the Department of Health to develop a secure registration system for licensed producers, processors and dispensers. Section 1104 would require a review of the necessity of the cannabis production and dispensing system if the federal government were to authorize the use of cannabis for medical purposes. Section 1201 applies to dispensaries in current operation in the interim before licensure,

and Section 1202 exempts documents filed under Section 1201 from disclosure. Section 1203 requires the department of health to report certain information related to implementation of the vetoed sections. Because I have vetoed the licensing provisions, I have also vetoed Sections 201, 412, 901, 1104, 1201, 1202 and 1203 of Engrossed Second Substitute Senate Bill 5073.

Section 410 would require owners of housing to allow the use of medical cannabis on their property, putting them in potential conflict with federal law. For this reason, I have vetoed Section 410 of Engrossed Second Substitute Senate Bill 5073.

Section 407 would permit a nonresident to engage in the medical use of cannabis using documentation or authorization issued under other state or territorial laws. This section would not require these other state or territorial laws to meet the same standards for health care professional authorization as required by Washington law. For this reason, I have vetoed Section 407 of Engrossed Second Substitute Senate Bill 5073.

Section 411 would provide that a court may permit the medical use of cannabis by an offender, and exclude it as a ground for finding that the offender has violated the conditions or requirements of the sentence, deferred prosecution, stipulated order of continuance, deferred disposition or dispositional order. The correction agency or department responsible for the person's supervision is in the best position to evaluate an individual's circumstances and medical use of cannabis. For this reason, I have vetoed Section 411 of Engrossed Second Substitute Senate Bill 5073.

I am approving Section 1002, which authorizes studies and medical guidelines on the appropriate administration and use of cannabis. Section 1206 would make Section 1002 effective January 1, 2013. I have vetoed Section 1206 to provide the discretion to begin efforts at an earlier date.

Section 1102 sets forth local governments' authority pertaining to the production, processing or dispensing of cannabis or cannabis products within their jurisdictions. The provisions in Section 1102 that local governments' zoning requirements cannot "preclude the possibility of siting licensed dispensers within the jurisdiction" are without meaning in light of the vetoes of sections providing for such licensed dispensers. It is with this understanding that I approve Section 1102.

I have been open, and remain open, to legislation to exempt qualifying patients and their designated providers from state criminal penalties when they join in nonprofit cooperative organizations to share responsibility for producing, processing and dispensing cannabis for medical use. Such exemption from state criminal penalties should be conditioned on compliance with local government location and health and safety specifications.

I am also open to legislation that establishes a secure and confidential registration system to provide arrest and seizure protections under state law to qualifying patients and those who assist them. Unfortunately, the provisions of Section 901 that would provide a registry for qualifying patients and designated providers beginning in January 2013 are intertwined with requirements for registration of licensed commercial producers, processors and dispensers of cannabis. Consequently, I have vetoed section 901 as noted above. Section 101 sets forth the purpose of the registry, and Section 902 is contingent on the registry. Without a registry, these sections are not meaningful. For this reason, I have vetoed Sections 101 and 902 of Engrossed Second Substitute Senate Bill 5073. I am not vetoing Sections 402 or 406, which establish affirmative defenses for a qualifying patient or designated provider who is not registered with the registry established in section 901. Because these sections govern those who have not registered, this section is meaningful even though section 901 has been vetoed.

With the exception of Sections 101, 201, 407, 410, 411, 412, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806, 807, 901, 902, 1104, 1201,

1202, 1203 and 1206, Engrossed Second Substitute Senate Bill 5073 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON SB 5083

May 12, 2011

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Senate Bill 5083 entitled:

"AN ACT Relating to clarifying that the basis for business and occupation tax for real estate firms is the commission amount received by each real estate firm involved in a transaction."

Senate Bill 5083 provides that when a real estate commission on a particular transaction is divided among real estate firms at the closing of the transaction, each firm must pay the tax only upon its respective share.

Section 3 would apply this act both prospectively and retroactively. The retroactive application of the bill would reward delinquent taxpayers while those who paid on time would not receive a refund

under the prohibition on the gift of state funds in Article VIII, Section 5 of the Washington Constitution, as interpreted by the Washington Supreme Court.

For this reason, I have vetoed Section 3 of Senate Bill 5083.

With the exception of Section 3, Senate Bill 5083 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

VETO MESSAGE ON SSB 5097

May 10, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill 5097 entitled:

"AN ACT Relating to juveniles with developmental disabilities who are in correctional detention centers, juvenile correction institutions or facilities, and jails."

This bill would establish a work group to address issues relating to juveniles with developmental disabilities who are confined in juvenile detention or correctional facilities. The work group would be required to report to the Legislature by December 1, 2011, with recommendations concerning specific topics related to juveniles with developmental disabilities and the juvenile justice system. If recommended by the work group, a screening tool and related materials would be developed by September 1, 2012, to assist juvenile detention and correction institutions and facilities in identification of offenders with the most common types of developmental disabilities. The work group would expire on January 1, 2013.

I support the intent behind this bill, but not the process established. As I have stated many times, I believe that, in most cases, work groups that are charged with making recommendations on policy objectives should not be created in statute. However, development of the information and recommendations outlined in the bill would be useful to executive agencies and the Legislature. The Washington Developmental Disabilities Council has indicated it would participate in the work group and underwrite related costs with monies allocated from federal funds. I am confident the Washington Developmental Disabilities Council will be able to coordinate with the parties listed in the bill and accomplish the tasks outlined without a statute. Representatives of the Juvenile Rehabilitation Administration have indicated a willingness to participate in a work group established by the Washington Developmental Disabilities Council.

For this reason, I have vetoed Substitute Senate Bill 5097 in its entirety.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON E2SSB 5182

June 6, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 246, Engrossed Second Substitute Senate Bill 5182 entitled:

"AN ACT Relating to establishing the office of student financial assistance by eliminating the higher education coordinating board and transferring its functions to various entities."

Section 246 transfers powers, duties and functions of the higher education coordinating board pertaining to student financial assistance to the new office of student financial assistance. Due to a technical bill drafting error, the effective date of the transfer of powers would occur prior to the creation of the new office of student financial assistance on July 1, 2012.

For this reason, I am vetoing Section 246. The new higher education steering committee will make recommendations concerning higher education governance prior to the 2012 legislative session. I expect the committee to consider the transfers of authority set forth in Section 246 and recommend any statutory changes necessary in the 2012 session to successfully achieve the appropriate transfers.

For these reasons, I have vetoed Section 246 of Engrossed Second Substitute Senate Bill 5182.

With the exception of Section 246, Engrossed Second Substitute Senate Bill 5182 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Companion Bill: 1516

Concerning the performance of state ferry system management.

(SEE ALSO PROPOSED 1ST SUB)

Modifies state ferry system management provisions by: (1) Strengthening performance incentives for Washington state ferries managers;

(2) Increasing the accountability and transparency of ferry management and operations;

(3) Improving service to ferry riders; and

(4) Realizing cost savings in the ferry system.

Requires the department of transportation to meet or exceed the target performance level for fifty percent of the performance criteria under section 2(2) of the act.

Creates the Washington state ferries accountability board to: (1) Determine the department of transportation's progress towards and achievement of the performance criteria; and

(2) Establish baseline data and target performance levels for the performance criteria.

Prohibits certain managers and their employees from belonging to the same collective bargaining unit.

SB 5406-S by Senate Committee on Transportation (originally sponsored by Senators Haugen, Sheldon, Hobbs, Prentice, and Shin)

Providing tools for improving and measuring the performance of state ferry system management.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that the Washington state ferry system has been plagued with declining ridership, increased operating costs, and poor on-time performance during peak periods.

Declares an intent to give the Washington state ferry system management the tools to change that and, furthermore, to hold management accountable to do so.

Abolishes the marine employees' commission and transfers its powers, duties, and functions to the public employment relations commission.

Provides that the act is null and void if the act is not enacted in its entirety.

VETO MESSAGE ON 2SSB 5459

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 7 and 11, Second Substitute Senate Bill 5459 entitled:

"AN ACT Relating to services for people with developmental disabilities."

This bill makes a number of changes that address the increased provision of services to persons with developmental disabilities in community settings. It reduces admissions to residential habilitation centers, closes the Frances Haddon Morgan Center by

December 31, 2011, provides for relocation and alternatives, and strengthens the array of support available in communities.

Section 7 of this bill mandates that the Department of Social and Health Services provide a series of processes and services that assist successful client transitions into the community. Most provisions in this section are current practices within the Department, including the following: person-centered approaches to discharge plans, family mentoring, offering residential habilitation center employees opportunities for employment in community settings, offering residents leaving a residential habilitation center the ability to return, and maximizing federal funding. Approval of Section 7 is not required to implement these approaches. However, Section 7(2)(f)(vii) could be interpreted to mandate that the Department provide new transportation services and other supports to assist family and friends in maintaining regular contact with residents who have moved out of a residential habilitation center. While I agree that clients should maintain contact with their family and friends, this subsection could create a broad, undefined requirement that is also unfunded. The type, frequency, and costs of transportation are not easily assessed. Because these unknown elements present serious concerns about unanticipated fiscal impacts, I am vetoing Section 7.

Section 11 mandates that the Department annually submit a report to the Legislature regarding persons who have transitioned from residential habilitation centers to the community. Much of the information required for this report is already gathered as a standard part of the client assessment and existing quality assurances processes. Aggregating and assembling client-specific information into a new report is a significant unfunded mandate.

Although I am vetoing this section, I am directing the Department to share the various reports related to the quality of client transitions and community-based services with the Legislature.

For these reasons, I have vetoed Sections 7 and 11 of Second Substitute Senate Bill 5459.

With the exception of Sections 7 and 11, Second Substitute Senate Bill 5459 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 5529 by Senators Pridemore and Ranker; by request of Department of Fish and Wildlife

Companion Bill: 1588

Regarding hydraulic project approval.

Establishes targeted permit streamlining measures, such as creating a category of hydraulic projects that may be conducted upon notification to the department of fish and wildlife which will benefit both the applicant and the department, while providing for the protection of fish life due to the lower risk these projects pose to fish life.

Finds that the department and applicant may realize staffing and fiscal efficiencies by using these measures.

Requires the department to use the savings from these efficiencies to monitor hydraulic projects and emphasize application review and permitting of hydraulic projects that pose the greatest risk to fish life.

Establishes a fee schedule for hydraulic project approval permits to relieve state taxpayers from a portion of the cost of the hydraulic project approval permit program.

Educates permittees about how the requirements of the hydraulic code protect fish life to increase compliance with permit requirements.

- SB 5532** by Senators Chase, Hobbs, King, Haugen, Delvin, Hill, and White
Companion Bill: 1667
- Concerning state route number 522.
Finds that state route number 522 is a vital transportation corridor in the Puget Sound region.
States that the 2010 legislature expressed its intent to provide priority funding for the corridor and the 2011 legislature expresses its intent to fund improvements to significantly increase the flow of people and goods on the state route number 522 corridor.
Directs the department of transportation to: (1) Continue to work with affected cities, the Puget Sound regional council, the freight community, and the federal government to secure the necessary funding and other resources to continue improvements in the corridor; and
(2) Review the projects recently constructed or currently being designed and prepare a letter to the legislature on their general consistency as well as identify improvements that remain unfunded.

SB 5691-S by Senate Committee on Human Services & Corrections (originally sponsored by Senator Hargrove)

(DIGEST AS ENACTED)

Simplifies the administration of benefits and services provided to victims of crime by separating the administration of benefits and services provided to crime victims from the workers' compensation program.

Clarifies that the limited funding available to help victims of crimes will be managed to help the largest number of crime victims as possible.

VETO MESSAGE ON SSB 5691

May 12, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 402, 503, 804 and 805, Substitute Senate Bill 5691 entitled:

"AN ACT Relating to crime victims' compensation."

With this bill, the Legislature has taken important steps to ensure the sustainability of our Crime Victims' Compensation program. Administrative efficiencies, coupled with painful but necessary benefit reductions, will allow the program to maintain its viability for the foreseeable future. However, only temporarily reducing these benefits will only temporarily strengthen the Crime Victims' Compensation program. An increase in crime victims' benefits is a discussion that should occur if and when state revenues improve, but not before that time.

For these reasons, I have vetoed Sections 402, 503, 804 and 805 of Substitute Senate Bill 5691.

With the exception of Sections 402, 503, 804 and 805, Substitute Senate Bill 5691 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 5700 by Senators Haugen and King

Companion Bill: 1887

Concerning certain toll facilities.

(SUBSTITUTED FOR - SEE 1ST SUB)

Recognizes that voters strongly supported Initiative Measure No. 1053 which indicates the clear desire on the part of the state's citizens that legislators approve any new fees or increases to existing fees.

Honors the voter's clear direction by approving the transportation commission's schedule of toll charges applicable to the state route number 520 corridor.

SB 5700-S by Senate Committee on Transportation (originally sponsored by Senators Haugen and King)

(DIGEST AS ENACTED)

Provides that the legislature: (1) Approves the action taken by the transportation commission adopting rules to set the schedule of toll rates applicable to the state route number 520 corridor;

(2) Authorizes the transportation commission to set and adjust toll rates on the state route number 520 corridor;

(3) Approves the action taken by the transportation commission adopting rules to set the schedule of photo toll or "pay by mail" charges applicable to the Tacoma Narrows bridge; and

(4) Approves the action taken by the transportation commission adopting rules concerning the assessment of administrative fees for toll collection processes.

VETO MESSAGE ON SSB 5700

May 16, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute Senate Bill 5700 entitled:

"AN ACT Relating to certain toll facilities."

I am vetoing Section 1, the intent section. As outlined in an informal Attorney General Opinion, Initiative 1053 does not constrain the manner in which the legislature approves imposition or increases in fees. Section 1 could be misconstrued to constrain the form of legislative approvals. Vetoing the intent section does not impede implementation of the bill.

For these reasons, I have vetoed Section 1 of Substitute Senate Bill 5700.

With the exception of Section 1, Substitute Senate Bill 5700 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON 2ESSB 5742

June 7, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 11, 13, 14, and 15, Second Engrossed Substitute Senate Bill 5742 entitled:

"AN ACT Relating to the Washington state ferry system."

Section 11 requires the Washington State Department of Transportation (WSDOT) to provide quarterly on-time performance reports to the Legislature and to post the data on vessels, at terminals, and on the WSDOT's website. I am vetoing this section because Washington State Ferries already reports on-time performance through the Government Management Accountability and Performance program (GMAP), and quarterly reports are posted on the GMAP website.

Sections 13 and 14 contain conflicting requirements for actions that must be taken if Washington State Ferries does not meet at least eighty percent of performance measure targets. Section 13 requires that the governor appoint a management representative and Section 14 requires WSDOT to solicit requests for qualifications to privatize Washington State Ferries management. In addition, I do not believe either of these requirements is necessary or practicable.

Section 15 requires the Office of Financial Management's (OFM) Attainment Report to include the performance measures in Sections 10 and 11. Once the ad hoc committee in Section 10 completes its work, a determination will be made regarding the high-level performance indicators that should be included in the Attainment Report. Accordingly, I am vetoing this section so the ad hoc committee's recommendations can be considered.

For these reasons, I have vetoed Sections 11, 13, 14, and 15 of Second Engrossed Substitute Senate Bill 5742.

With the exception of Sections 11, 13, 14, and 15, Second Engrossed Substitute Senate Bill 5742 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 5749 by Senators Brown, Hewitt, and Shin

Regarding the Washington advanced college tuition payment (GET) program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Modifies the terms of the Washington advanced college tuition payment (GET) program for future purchasers.

SB 5749-S by Senate Committee on Higher Education & Workforce Development (originally sponsored by Senators Brown, Hewitt, and Shin)

(DIGEST AS ENACTED)

Addresses the Washington advanced college tuition payment (GET) program.

Authorizes the committee on advanced tuition payment to use the state actuary in: (1) Reviewing the GET program rather than a national recognized actuary, however, the committee may consult with a national recognized actuary for periodic assessments of the Washington advanced college tuition payment program account; and

(2) Planning and devising a college savings program, however, the committee may consult with a qualified actuarial consulting firm to evaluate the plans for periodic assessments of the GET program.

Requires the committee on advanced tuition payment, with the assistance of the state actuary, to assess the financial solvency of the GET program and determine if any changes should be made to the GET program for units purchased on or after September 1, 2011. Expires December 31, 2011.

Establishes a legislative advisory committee to the committee on advanced tuition payment to provide advice to the committee on advanced tuition payment and the state actuary regarding the administration of the GET program.

VETO MESSAGE ON ESSB 5749

June 6, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute Senate Bill 5749 entitled:

"AN ACT Relating to the Washington advanced college tuition payment program."

Section 1 would expand the membership of the Committee on Advanced Tuition Payment, limit private sector and citizen representatives on the committee to four year terms and require Senate confirmation of citizen and business representatives. The work of this committee involves oversight of complex financial issues. The bill does not stagger the terms of the committee members, and expands the number of term-limited members to four of the committee's seven members. Unstaggered and limited terms for a majority of the committee members would leave the committee highly vulnerable to the loss of expertise accumulated by citizen and business representatives and inhibit the work of this committee.

For these reasons, I have vetoed Section 1 of Engrossed Substitute Senate Bill 5749.

With the exception of Section 1, Engrossed Substitute Senate Bill 5749 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON 2ESB 5764

June 7, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 18, Second Engrossed Senate Bill 5764 entitled:

"AN ACT Relating to innovate Washington."

This bill creates Innovate Washington as the successor agency to the Washington Technology Center and the Spokane Intercollegiate Research and Technology Institute.

Section 1 provides that Innovate Washington will act as the primary agency focused on growing innovation-based sectors of our economy and will work with business to meet technology transfer needs. This section defines the mission of Innovate Washington as making our state the best place to develop, build, and deploy innovative products with collaborative partnerships among academic institutions, industry and government. Among the means Section 1 outlines to carry out this mission is leveraging state investments in sector-focused, innovation-based economic development initiatives. Innovate Washington is designated as the lead entity to coordinate and approve state funding "for programs targeted at expanding the clean energy sector" while maintaining policy and regulatory functions at the state energy office housed at the Department of Commerce.

Given Innovate Washington's mission, the definition of "lead entity" in Section 1(7) to mean "the organization that all other state agencies must coordinate with and receive approval from in order to award state funds in support of clean energy initiatives" is limited to approval of state funding awards for the primary purpose of economic development in the clean energy sector. Approval would not extend to state funding of initiatives not specifically targeted to grow the clean energy sector. Moreover, as stated in a colloquy on the Senate floor and consistent with the terminology clean energy "initiatives," the approval required under Section 1(7) applies to new programs begun after the effective date of the act. The above understanding and interpretation of the bill is shared by the legislature as set forth in a letter to me from Senator Jim Kastama and Representative Deb Eddy dated May 25, 2011 encouraging me to give clarifying direction to the agencies involved. It is with this understanding that I approve Section 1.

I am vetoing Section 18 of Second Engrossed Senate Bill 5764 which requires the joint legislative audit and review committee to review performance of Innovate Washington and to make recommendations regarding the effectiveness of its programs by December 1, 2015. Innovate Washington is required to submit its first five year business plan to the legislature by December 1, 2012, which will identify its activities and programs, and set forth its operational plan and strategy for carrying out its mission. The timing of a study to determine the effectiveness of its programs is best determined based on the schedule in the business plan. When the business plan is completed, the joint legislative audit and review committee can determine the appropriate timing and content of a review based on experience without the need for a statutory provision.

For this reason, I am vetoing Section 18 of Second Engrossed Senate Bill 5764.

With the exception of Section 18, Second Engrossed Senate Bill 5764 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON SSB 5788

April 18, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 501, Substitute Senate Bill 5788 entitled:

"AN ACT Relating to regulating liquor by changing tied house and licensing provisions and making clarifying and technical changes to liquor laws."

The emergency clause in Section 501 provides that three sections of Substitute Senate Bill 5788 take effect on July 1, 2011. All sections of the bill will be effective ninety days after the adjournment of the session at which it was enacted, which will be no later than July 24, 2011. There is no need to provide an earlier effective date for the sections listed in Section 501. Therefore, this emergency clause is unnecessary.

For these reasons, I have vetoed Section 501 of Substitute Senate Bill 5788.

With the exception of Section 501, Substitute Senate Bill 5788 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 5919 by Senators Murray and Zarelli

Regarding education funding.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that: (1) In 2009, school finance reform legislation took the first step in the process of redefining the instructional program of a basic education and the new education funding allocation model to be implemented according to a schedule adopted by the legislature; and

(2) The legislature began a process of implementing a revised program of basic education, with the development of recommendations of experienced educators, school professionals, and key educational stakeholders.

Declares an intent to establish a sustainable, long-term financial plan to fund the comprehensive implementation schedule.

SB 5919-S by Senate Committee on Ways & Means (originally sponsored by Senators Murray and Zarelli)

(DIGEST AS ENACTED)

Modifies education funding provisions relating to: (1) Increased instructional hours in basic education;

(2) Funding formulas for per-student allocations based on certain students' needs;

(3) The pupil transportation funding formula;

(4) Support services for career and technical student organizations;

(5) Expediting the expiration of the special services pilot program in RCW 28A.630.016; and

(6) Repealing a 2010 intent section that established a statutory schedule for increased funding for specified basic education programs.

VETO MESSAGE ON ESSB 5919

June 7, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Substitute Senate Bill 5919 entitled:

"AN ACT Relating to education funding."

Section 6 requires students in the graduating class of 2015, rather than 2013, to meet the state standard on the high school assessment

in order to earn a certificate of academic achievement or certificate of individual achievement.

The House of Representatives delivered Engrossed Substitute House Bill 1410 containing a similar provision on May 25, 2011. That bill is among those I sign today.

For this reason, I have vetoed Section 6 of Engrossed Substitute Senate Bill 5919.

With the exception of Section 6, Engrossed Substitute Senate Bill 5919 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 5921 by Senators Regala and Carrell

Revising social services programs.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that stable and sustainable employment is the key goal of the WorkFirst and temporary assistance for needy families programs.

Declares an intent to develop a road map to self-sufficiency for WorkFirst participants and temporary assistance for needy families recipients.

SB 5921-S by Senate Committee on Ways & Means (originally sponsored by Senators Regala and Carrell)

(DIGEST AS ENACTED)

Suspends certain WorkFirst activity requirements.

Limits the receipt of temporary assistance for needy families benefits to five years.

Modifies working connections child care provisions.

Expands limitations on the use of electronic benefits cards.

Requires certain businesses to disable the ability of ATMs and point-of-sale machines, on their premises, to accept electronic benefits cards.

Provides penalties and enforcement by the liquor control board and the department of licensing for noncompliance by those businesses.

Creates a legislative-executive WorkFirst oversight task force to oversee the redesign of the WorkFirst program and operation of the temporary assistance for needy families program.

Requires the department of social and health services to: (1) Establish an employee incentive program pilot for those employees who work directly with participants in the WorkFirst program;

(2) Adopt rules establishing income eligibility for temporary assistance for needy families benefits for certain children and to apply the five-year time limit to households in which a parent is in the home and ineligible for temporary assistance for needy families; and

(3) In consultation with its electronic benefits card contractor and interested persons and organizations, develop strategies to increase opportunities for public assistance recipients to maintain bank accounts.

Prohibits the department of social and health services from counting the federal supplemental security income received by a household member in determining income eligibility for WorkFirst or temporary assistance for needy families.

Requires the department of early learning and the department of social and health services to: (1) Identify different options to track subsidized child care attendance; and

(2) Conduct an assessment of the current subsidized child care eligibility determination system and develop recommendations to improve the system.

Creates an office of fraud and accountability within the department of social and health services.

VETO MESSAGE ON ESSB 5921

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 3 and 26, Engrossed Substitute Senate Bill 5921 entitled:

"AN ACT Relating to social services."

This omnibus bill addresses redesign and policy changes to Washington's WorkFirst program, including provisions related to eligibility, accountability, fraud detection and enforcement. During the current economic downturn the state has experienced increased utilization of safety net programs. Now is the time to redouble our focus on service delivery that meets the intended outcomes and ensures fiscal accountability for the use of limited public funds.

Section 3 of the bill requires the Department of Social and Health Services to engage in competitive performance-based contracting for all WorkFirst activities. I strongly support government efficiency and improved performance in providing critical services to Washington residents. However, Section 3 of the bill is not needed and could create confusion about the applicable law that would govern such contracting. The Legislature enacted a law in 1997, codified as RCW 74.08A.290, that authorized the Department of Social and Health Services to engage in competitive contracting using performance-based contracts to provide all work activities. The Department of Social and Health Services would be expressly mandated to exercise its authority granted in 1997 under RCW 74.08A.290 by Second Engrossed Substitute House Bill 1087, a bill among those I sign today. I will direct the Department of Social and Health Services and the WorkFirst Subcabinet to act on the Legislature's direction in Second Engrossed Substitute House Bill 1087 to competitively contract all work activities under the 1997 law.

Section 26 of the bill establishes a Fraud Ombudsman in the State Auditor's Office to audit and provide oversight of the Office of Fraud and Accountability at the Department of Social and Health Services. Transparency of public funds is critically important. I remain committed to ensuring appropriate use of public funds when providing critical services for the State's most vulnerable residents.

However, Section 26 is duplicative of the State Auditor's Office existing authority to audit the work of the Office of Fraud and Accountability. The Department of Social and Health Services will provide the State Auditor's Office with access to any relevant records in its possession to the fullest extent practicable upon the request of the State Auditor's Office.

For these reasons, I have vetoed Sections 3 and 26 of Engrossed Substitute Senate Bill 5921.

With the exception of Sections 3 and 26, Engrossed Substitute Senate Bill 5921 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESSB 5931

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 815 and 816 and Sections 901 through 909, Engrossed Substitute Senate Bill 5931 entitled:

"AN ACT Relating to reorganizing and streamlining central service functions, powers, and duties of state government."

Sections 815 and 816 require the State Auditor to conduct a performance audit of the consolidated state data center during the same period that the Department of Information Services and Office of Financial Management will be fully engaged in the transformative activities associated with implementation of this bill and the consolidated data center business plan. Such activities will include designing and installing the consolidated state data center infrastructure; moving staff to the new office building; structuring the new Department of Enterprise Services, Consolidated Technology Services, and Office of the Chief Information Officer; and conducting a statewide information technology total cost of ownership study. A performance audit during this timeframe will redirect key leadership and staff capacity and attention from implementing these complex and resource intensive initiatives to reviewing the rationale for the current strategies underway.

Sections 901 through 909 transfer the Education Research Data Center (ERDC) from the Office of Financial Management's Forecasting Division to the Legislative Evaluation and Accountability Program Committee (LEAP). The ERDC and LEAP are collaboratively involved in building a robust and informative research capability that informs decision-making for both the executive and legislative branch. This transfer would not accomplish the goals that are shared among the legislative and executive branches and may actually slow the federally funded initiatives underway. The ERDC will continue to serve our shared commitment to transparency, education data quality, and useful information for decision makers while remaining at the Office of Financial Management.

For these reasons, I have vetoed Sections 815 and 816 and Sections 901 through 909 of Engrossed Substitute Senate Bill 5931.

With the exception of Sections 815 and 816 and Sections 901 through 909, Engrossed Substitute Senate Bill 5931 is approved.

Respectfully submitted,
Christine Gregoire

VETO MESSAGE ON ESSB 5978

March 30, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 218, Engrossed Substitute Senate Bill 5978 entitled:

"AN ACT Relating to medicaid fraud."

Engrossed Substitute Senate Bill 5978 creates a new State Medicaid Fraud False Claims Act. The federal Deficit Reduction

Act of 2005 provides that the federal government will give to the state ten percent of any funds recovered as part of Medicaid enforcement actions brought under a state law comparable to the federal False Claims Act.

The emergency clause in Section 218 providing for Engrossed Substitute Senate Bill 5978 to take effect immediately is not necessary. The bill will be effective ninety days after the adjournment of the session at which it was enacted, which will be June 7, 2012. There is no need to provide an earlier effective date. The Legislature has not yet provided funding to implement the provisions of this bill; the Health Care Authority and the Attorney General's Office will need time to prepare for implementation; and the State can request federal approval under the Deficit Reduction Act of 2005 in a timely manner without the emergency clause.

For these reasons, I have vetoed Section 218 of Engrossed Substitute Senate Bill 5978.

With the exception of Section 218, Engrossed Substitute Senate Bill 5978 is approved.

Respectfully submitted,
Christine Gregoire
Governor

(DIGEST AS ENACTED)

Funds capital projects.

VETO MESSAGE ON ESB 6074

April 23, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 1020, 3017, 6001(5)(b), and 6002, Engrossed Senate Bill 6074 entitled:

"AN ACT Relating to funding capital projects."

Section 1020, pages 16-18, Office of Financial Management, Loan Program Consolidation Board

This proviso creates a loan program consolidation board to recommend a plan to consolidate under a single financing authority all existing state lending programs, including infrastructure and student loan programs. There have been five prior studies reviewing consolidation of infrastructure programs within the last six years. The most recent study was completed by the Public Works Board following the 2011 legislative session and provides ample information for a potential consolidation. Additionally, I do not believe it is appropriate for student loan programs to be comingled with infrastructure programs targeted to local governments and community groups. The Student Achievement Council is tasked to convene a work group on the higher education loan program and can better focus on reforming that program to meet the needs of today's students. For these reasons, I have vetoed Section 1020.

Section 3017, page 36, and Section 6001(5)(b), page 55, State Parks and Recreation Commission, Lake Sammamish Concession and Event Facility

The State Parks and Recreation Commission is provided \$1 million in general obligation bonds and authorization to enter into a certificate of participation financing contract for \$2.1 million to build a concession and event facility at Lake Sammamish. It is not anticipated that the revenue initially generated by the event center will be adequate to cover the associated debt and operating costs. Additionally, other revenue generated by the State Parks and Recreation Commission is not stable enough to cover these costs if facility revenues are inadequate. For these reasons, I have vetoed Section 3017 and Section 6001(5)(b), but I encourage the commission to resubmit this project for consideration for the next supplemental capital budget if the revenue outlook improves.

Section 6002, pages 55-56, Department of Commerce

The Department of Commerce is directed to work with stakeholders to develop recommendations for a competitive grant program to assist zoos, aquariums, and technology and science centers in acquiring, constructing, or rehabilitating their facilities. A funding mechanism for these organizations was the subject of legislation that failed to pass this session.

For this reason, I have vetoed Section 6002, but I encourage the organizations to continue to work with legislators, rather than the department, to address their concerns with developing a capital funding program for their facility needs.

Although I am approving the remainder of the capital budget, I am concerned about the long-term implications of over-appropriating the State and Local Toxics Control Accounts, the Aquatic Lands Enhancement Account, and other natural resource accounts in both the capital and operating budgets. I have directed the Office of Financial Management to work with the Department of Ecology and the Recreation and Conservation Office to develop a plan to manage these accounts to prevent a cash deficit. However, there is a risk that lower revenue collections or accelerated project costs could create the need to suspend projects to balance the accounts. While I value the economic activity and jobs that are created in the capital budget, I ask the Legislature to return to budgeting practices that result in sustainable capital plans with positive fund balances.

With the exception of Sections 1020, 3017, 6001(5)(b), and 6002, Engrossed Senate Bill 6074 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Concerning a business and occupation tax deduction for amounts received with respect to dispute resolution services.

(DIGEST AS ENACTED)

Authorizes a business and occupation tax deduction for amounts received with respect to dispute resolution services.

VETO MESSAGE ON SB 6159

March 30, 2012

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Senate Bill 6159 entitled:

"AN ACT Relating to a business and occupation tax deduction for amounts received with respect to dispute resolution services."

Senate Bill 6159 allows dispute resolution centers to deduct amounts they receive as contributions from federal, state, and local government or nonprofit organizations from the measure of the business and occupation tax. Nonprofit organizations may also deduct from the measure of tax amounts received from federal, state, or local governments for distribution to a qualified dispute resolution center.

Section 2 would apply this deduction from the measure of the tax both prospectively and retroactively. The retroactive application of the bill would reward delinquent taxpayers, while those who paid on time would not receive a refund under the prohibition on the gift of state funds in Article VIII, Section 5 of the Washington Constitution, as interpreted by the Washington Supreme Court.

For this reason, I have vetoed Section 2 of Senate Bill 6159.

With the exception of Section 2, Senate Bill 6159 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

SB 6237 by Senators Keiser, Conway, Kline, Frockt, and Becker

Creating a career pathway for medical assistants.

(SUBSTITUTED FOR - SEE 1ST SUB)

Changes the designation of health care assistant to medical assistant.

Provides minimum requirements for entry-level medical assistants.

Requires the department of health to establish a career ladder so that medical assistants can, through experience and education, increase their skills and the procedures in which they are permitted to assist.

SB 6237-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Keiser, Conway, Kline, Frockt, and Becker)

(DIGEST AS ENACTED)

Eliminates the category of certified health care assistant and requires current health care assistants to transition into one of the following categories: Medical assistant-certified; medical assistant themodialysis technician; medical assistant-phlebotomist; and medical assistant-registered.

Requires the medical quality assurance commission, the board of osteopathic medicine and surgery, the podiatric medical board, the nursing care quality assurance commission, the board of naturopathy, and the optometry board to review and identify other specialty assistive personnel and the tasks they perform.

Requires the secretary of the department of health to: (1) Adopt rules specifying the minimum qualifications for a medical assistant-certified, medical assistant-hemodialysis technician, and medical assistant-phlebotomist; and

(2) Develop recommendations regarding a career path plan for medical assistants and entry-level health care workers to transition by means of a career ladder into medical assistants or other health care professions.

Provides that certain applicants with military training or experience satisfies the training or experience requirements of the act.

Repeals chapter 18.135 RCW (health care assistants), effective July 1, 2016.

Facilitates marine management planning.

Provides that the act is null and void if appropriations are not approved.

VETO MESSAGE ON 2SSB 6263

March 30, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 5 and 6, Second Substitute Senate Bill 6263 entitled:

"AN ACT Relating to facilitating marine management planning."

Sections 5 and 6 of the bill would establish the membership and duties of a new Washington State Coastal Solutions Council. Among other duties, this Council would provide a forum to seek consistency in state, local, and tribal policies concerning coastal waters issues; engage other governments on behalf of the state; and provide policy recommendations to the governor, the Legislature, and state and local agencies on specific coastal waters resource management issues.

It is unclear how the Council would exercise these substantial duties in relation to the agencies with jurisdiction, which could participate only as nonvoting members. While the Council would be located within the Governor's Office, the Council would determine its own membership and be an autonomous body. As we look to regain our strength in the post-recession economy, now is not the time to be creating new state commissions. I remain committed to an efficient, lean government that will better serve the citizens of this state.

I fully agree with the legislative intent to directly engage our coastal communities and give them a stronger voice in shaping their future. To that purpose, I will assign a representative from my office to actively participate in the existing Coastal Advisory Board convened by the Department of Ecology.

For these reasons, I have vetoed Sections 5 and 6 of Second Substitute Senate Bill 6263.

With the exception of Sections 5 and 6, Second Substitute Senate Bill 6263 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON 2ESSB 6406

May 2, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 305 and 306, Second Engrossed Substitute Senate Bill 6406 entitled:

"AN ACT Relating to modifying programs that provide for protection of the state's natural resources."

This bill streamlines regulatory programs for managing and protecting the state's natural environment while increasing the

sustainability of program funding and maintaining current levels of natural resource protection.

Section 301 of the bill requires the Department of Ecology to prepare rules to update the categorical exemptions for environmental review under the State Environmental Policy Act (SEPA), revise the SEPA environmental checklist, and improve integration of SEPA with the provisions of the Growth Management Act. In updating the checklist, Section 301(2)(c) of the bill directs the Department of Ecology to "not include any new subjects into the scope of the checklist, including climate change and greenhouse gases."

I have been assured that the intent of this language is confined to its plain meaning: This subsection addresses only how the Department of Ecology may modify the environmental checklist in its update of WAC 197-11-960. This language does not impact in any way the scope of the environmental analysis required at the threshold determination stage of the SEPA process or the scope of the environmental analysis required in an environmental impact statement. Letters I have received from legislators involved in the drafting of this language confirm that the Legislature's intent was to address only the scope of the environmental checklist and not to amend any substantive SEPA requirements.

This understanding and interpretation of the bill are set forth in letters to me from legislators directly involved in passage of the legislation, including an April 23, 2012, letter from Senator Sharon Nelson and Representative Dave Upthegrove, respective chairs of the Senate and House Environment Committees; an April 26, 2012, letter from Representatives Richard DeBolt, Joel Kretz, Bruce Chandler, Shelly Short, David Taylor, J.T. Wilcox, and Ed Orcutt; and an April 27, 2012, letter from Senators Jim Honeyford and Mark Schoesler.

This is also the understanding and interpretation set forth in an April 19, 2012, letter to me from Representative Joe Fitzgibbon, the prime sponsor of House Bill 2253, where this language first appeared. I have also received letters from stakeholders who participated in legislative proceedings related to this provision. These stakeholders include the Association of Washington Cities, Washington State Association of Counties, Futurewise, Association of Washington Business, and the Washington Chapter of the American Planning Association. These letters affirm that the intent of Section 301 was to eliminate existing duplication between state natural resource programs, and not to amend any substantive SEPA requirements. An April 20, 2012, joint letter from representatives of four environmental organizations notes that ESSB 6406 was the product of "a long and ultimately constructive negotiation amongst a diverse set of stakeholders," including their organizations: People for Puget Sound, Washington Conservation Voters, the Washington Environmental Council, and Climate Solutions. This letter quotes the language of Section 301(2)(c)(ii) and states: "Throughout the bill negotiations, there was agreement amongst all parties that the intent of this subsection was to ensure simply that no new line items were added to the SEPA checklist in the process of the checklist update directed by section 301." However, the letter indicates that after the passage of this bill by the Senate and House, advisers to these organizations raised concerns that the language could be read to make broader changes in SEPA law.

After careful review, I have concluded that these assurances that the Legislature did not intend to limit the scope of SEPA review of adverse effects of climate change and greenhouse gases are fully supported. Section 1 of the bill expresses the Legislature's intent to maintain current levels of natural resource protection. Additionally, Section 301(2)(c) specifically references the environmental checklist found in WAC 197-11-960. The Legislature did not reference other steps in the SEPA process such as the threshold determination addressed in different sections of chapter 197-11 WAC. Nothing in the letters I have received or in the legislative discussions of this provision negates this understanding.

My action in approving Section 301 is taken with the intent that it will operate only to prohibit inclusion of any new subjects in the scope of the checklist, and that the subjects of climate change and greenhouse gases will be considered in the environmental analysis required at the threshold determination stage of the SEPA process and in the environmental analysis required in a SEPA environmental impact statement. After consulting legal advisers, it is my understanding that this is the proper reading of this section of the bill and that this understanding will be considered by the courts when ascertaining legislative intent, as outlined in *Lynch v. State*, 19 Wn.2d 802 (1944). Without this understanding, I would have vetoed Section 301.

Concern has also been raised that there is a need for a meaningful civil enforcement capacity to support the state's Hydraulic Project Approval (HPA) program. I share this concern and have asked the Washington Department of Fish and Wildlife to clarify the current enforcement mechanisms through rule revision within the ongoing HPA rule update, and to implement an effectiveness survey to measure results.

I am also asking the Department to deliver the survey results to the Office of Financial Management, the Governor's Office, and the Legislature, with the intent to inform actions needed to create a more effective civil enforcement HPA program.

Amendments to the bill in the final day of the 2012 1st Special Session removed the explicit authority for local governments to collect a fee to recover their costs for a SEPA environmental impact statement prepared in support of certain land use plans. However, remnants of the original fee proposal that are no longer meaningful were left in the bill. Section 305 allows local governments to recover the costs of a SEPA environmental impact statement for certain land use plans from either state funds or private donations. Local governments are already authorized to accept funding from these sources. Section 306 refers to fees that are no longer authorized in Section 305. These two sections of the bill have the potential to create confusion with the existing authorities of local governments.

For these reasons, I have vetoed Sections 305 and 306 of Second Engrossed Substitute Senate Bill 6406.

With the exception of Sections 305 and 306, Second Engrossed Substitute Senate Bill 6406 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESSB 6486

March 30, 2012

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill 6486 entitled:

"AN ACT Relating to collective bargaining for postdoctoral researchers at certain state universities."

Section 2 provides this act is null and void if specific funding is not provided in the omnibus appropriations act. A veto of this section is necessary to ensure collective bargaining rights for postdoctoral and clinical employees at the University of Washington and Washington State University. Further, if specific funding is not provided in the omnibus appropriations act, the administrative costs associated with the collective bargaining can be paid within existing funds or allocated to the funds that support the employees, many of which are not within the State General Fund.

For this reason, I have vetoed Section 2 of Engrossed Substitute Senate Bill 6486.

With the exception of Section 2, Engrossed Substitute Senate Bill 6486 is approved.

Respectfully submitted,
Christine Gregoire
Governor

(DIGEST AS ENACTED)

Authorizes the department of social and health services, under certain circumstances, to waive all efforts to collect overpayments from a client when the department determines that the elements of equitable estoppel are met.

VETO MESSAGE ON SSB 6508

March 30, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute Senate Bill 6508 entitled:

"AN ACT Relating to department of social and health services waivers of overpayment recoveries."

Section 3 requires the Office of Fraud and Accountability within the Department of Social and Health Services to collaborate with the Auditor's Office and the Department of Early Learning to identify, review, and provide the Legislature with recommendations for integrated monitoring and detection systems to prevent overpayments of public assistance. The Office of Fraud and Accountability was created for the specific purpose of focusing on the prevention and investigation of abuse and fraud in the use of public assistance benefits. To avoid diluting this focus, the Secretary of the Department of Social and Health Services should determine what resources of the Department are best used in advancing measures to prevent non-fraudulent overpayments of public assistance.

For this reason, I have vetoed Section 3 of Substitute Senate Bill 6508.

With the exception of Section 3, Substitute Senate Bill 6508 is approved.

Respectfully submitted,
Christine Gregoire
Governor
