Concerning the hosting of the homeless by religious organizations.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1754 was substituted for House Bill No. 1754 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1754 was read the second time.

With the consent of the House, amendment (1108) was withdrawn.

Representative Santos moved the adoption of the striking amendment (1120):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature makes the following findings:

(a) Residents in temporary settings hosted by religious organizations are a particularly vulnerable population that do not have access to the same services as citizens with more stable housing.

(b) Residents in these settings, including outdoor uses such as outdoor encampments, indoor overnight shelters, temporary small houses on site, and homeless-occupied vehicle resident safe parking, can be at increased risk of exploitation, theft, unsanitary living conditions, and physical harm.

(c) Furthermore, the legislature finds and declares that hosted outdoor encampments, indoor overnight shelters, temporary small houses on-site, and homeless-occupied vehicle resident safe

parking serve as pathways for individuals experiencing homelessness to receive services and achieve financial stability, health, and permanent housing.

(2) The legislature intends that local municipalities have the discretion to protect the health and safety of both residents in temporary settings that are hosted by religious organizations and the surrounding community. The legislature encourages local jurisdictions and religious organizations to work together collaboratively to protect the health and safety of residents and the surrounding community while allowing religious organizations to fulfill their mission to serve the homeless. The legislature further intends to monitor the implementation of this act and continue to refine it to achieve these goals.

Sec. 2. RCW 36.01.290 and 2010 c 175 s 2 are each amended to read as follows:

(1) A religious organization may host ~~((temporary encampments for))~~ the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) Except as provided in subsection (7) of this section, a county may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter, such as an outdoor encampment, indoor overnight shelter, temporary small house on site, or vehicle resident safe parking, for homeless persons on property owned or controlled by the religious organization;

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; ~~((=))~~

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of ~~((the required))~~ permit applications. A county has

discretion to reduce or waive permit fees for a religious organization that is hosting the homeless;

(d) Specifically limits a religious organization's availability to host an outdoor encampment on its property or property controlled by the religious organization to fewer than six months during any calendar year. However, a county may enact an ordinance or regulation that requires a separation of time of no more than three months between subsequent or established outdoor encampments at a particular site;

(e) Specifically limits a religious organization's outdoor encampment hosting term to fewer than four consecutive months;

(f) Limits the number of simultaneous religious organization outdoor encampment hostings within the same municipality during any given period of time. Simultaneous and adjacent hostings of outdoor encampments by religious organizations may be limited if located within one thousand feet of another outdoor encampment concurrently hosted by a religious organization;

(g) Limits a religious organization's availability to host safe parking efforts at its on-site parking lot, including limitations on any other congregationally sponsored uses and the parking available to support such uses during the hosting, except for limitations that are in accord with the following criteria that would govern if enacted by local ordinance or memorandum of understanding between the host religious organization and the jurisdiction:

(i) No less than one space may be devoted to safe parking per ten on-site parking spaces;

(ii) Restroom access must be provided either within the buildings on the property or through use of portable facilities, with the provision for proper disposal of waste if recreational vehicles are hosted; and

(iii) Religious organizations providing spaces for safe parking must continue to abide by any existing on-site parking minimum requirement so that the provision of safe parking spaces does not reduce the total number of available parking spaces below the minimum number of spaces required by the county, but a county may enter into a memorandum of

understanding with a religious organization that reduces the minimum number of on-site parking spaces required;

(h) Limits a religious organization's availability to host an indoor overnight shelter in spaces with at least two accessible exits due to lack of sprinklers or other fire-related concerns, except that:

(i) If a county fire official finds that fire-related concerns associated with an indoor overnight shelter pose an imminent danger to persons within the shelter, the county may take action to limit the religious organization's availability to host the indoor overnight shelter; and

(ii) A county may require a host religious organization to enter into a memorandum of understanding for fire safety that includes local fire district inspections, an outline for appropriate emergency procedures, a determination of the most viable means to evacuate occupants from inside the host site with appropriate illuminated exit signage, panic bar exit doors, and a completed fire watch agreement indicating:

(A) Posted safe means of egress;

(B) Operable smoke detectors, carbon monoxide detectors as necessary, and fire extinguishers;

(C) A plan for monitors who spend the night awake and are familiar with emergency protocols, who have suitable communication devices, and who know how to contact the local fire department; or

(i) Limits a religious organization's ability to host temporary small houses on land owned or controlled by the religious organization, except for recommendations that are in accord with the following criteria:

(i) A renewable one-year duration agreed to by the host religious organization and local jurisdiction via a memorandum of understanding;

(ii) Maintaining a maximum unit square footage of one hundred twenty square feet, with units set at least six feet apart;

(iii) Electricity and heat, if provided, must be inspected by the local jurisdiction;

(iv) Space heaters, if provided, must be approved by the local fire authority;

(v) Doors and windows must be included and be lockable, with a recommendation that the managing agency and host religious organization also possess keys;

(vi) Each unit must have a fire extinguisher;

(vii) Adequate restrooms must be provided, including restrooms solely for families if present, along with handwashing and potable running water to be available if not provided within the individual units, including accommodating black water;

(viii) A recommendation for the host religious organization to partner with regional homeless service providers to develop pathways to permanent housing.

(3)(a) A county may enact an ordinance or regulation or take any other action that requires a host religious organization and a distinct managing agency using the religious organization's property, owned or controlled by the religious organization, for hostings to include outdoor encampments, temporary small houses on site, indoor overnight shelters, or vehicle resident safe parking to enter into a memorandum of understanding to protect the public health and safety of both the residents of the particular hosting and the residents of the county.

(b) At a minimum, the agreement must include information regarding: The right of a resident in an outdoor encampment, vehicle resident safe parking, temporary small house on site, or indoor overnight shelter to seek public health and safety assistance, the resident's ability to access social services on site, and the resident's ability to directly interact with the host religious organization, including the ability to express any concerns regarding the managing agency to the religious organization; a written code of conduct agreed to by the managing agency, if any, host religious organization, and all volunteers working with residents of the outdoor encampment, temporary small house on site, indoor overnight shelter, or vehicle resident safe parking; and when a publicly funded managing agency exists, the ability for the host religious organization to interact with residents of the outdoor encampment, indoor overnight shelter, temporary small house on site, or vehicle

resident safe parking using a release of information.

(4) If required to do so by the county, any host religious organization performing any hosting of an outdoor encampment, vehicle resident safe parking, or indoor overnight shelter, or the host religious organization's managing agency, must ensure that the county or local law enforcement agency has completed sex offender checks of all adult residents and guests. The host religious organization retains the authority to allow such offenders to remain on the property. A host religious organization or host religious organization's managing agency performing any hosting of vehicle resident safe parking must inform vehicle residents how to comply with laws regarding the legal status of vehicles and drivers, and provide a written code of conduct consistent with area standards.

(5) Any host religious organization performing any hosting of an outdoor encampment, vehicle resident safe parking, temporary small house on site, or indoor overnight shelter, with a publicly funded managing agency, must work with the county to utilize Washington's homeless client management information system, as provided for in RCW 43.185C.180. When the religious organization does not partner with a managing agency, the religious organization is encouraged to partner with a local homeless services provider using the Washington homeless client managing information system. Any managing agency receiving any funding from local continuum of care programs must utilize the homeless client management information system. Temporary, overnight, extreme weather shelter provided in religious organization buildings does not need to meet this requirement.

(6) For the purposes of this section((7)):

(a) "Managing agency" means an organization such as a religious organization or other organized entity that has the capacity to organize and manage a homeless outdoor encampment, temporary small houses on-site, indoor overnight shelter, and a vehicle resident safe parking program.

(b) "Outdoor encampment" means any temporary tent or structure encampment, or both.

(c) "Religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(d) "Temporary" means not affixed to land permanently and not using underground utilities.

((44)) (7) (a) Subsection (2) of this section does not affect a county policy, ordinance, memorandum of understanding, or applicable consent decree that regulates religious organizations' hosting of the homeless if such policies, ordinances, memoranda of understanding, or consent decrees:

(i) Exist prior to the effective date of this section;

(ii) Do not categorically prohibit the hosting of the homeless by religious organizations; and

(iii) Do not violate the religious land use and institutionalized persons act, 42 U.S.C. Sec. 2000cc.

(b) If such policies, ordinances, memoranda of understanding, and consent decrees are amended after the effective date of this section, those amendments are not affected by subsection (2) of this section if those amendments satisfy (a) (ii) and (iii) of this subsection.

(8) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

(9) A religious organization hosting outdoor encampments, vehicle resident safe parking, or indoor overnight shelters for the homeless that receives funds from any government agency may not refuse to host any resident or prospective resident because of age, sex, marital status, sexual orientation, race, creed, color, national origin, honorably discharged veteran or military status, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal

by a person with a disability, as these terms are defined in RCW 49.60.040.

(10) A religious organization hosting the homeless on property owned or controlled by the religious organization must, at least two weeks prior to the opening of an outdoor encampment, indoor overnight shelter, temporary small house on site, or vehicle resident safe parking, host a meeting open to the public for the purpose of providing a forum for discussion of related neighborhood concerns.

Sec. 3. RCW 35.21.915 and 2010 c 175 s 3 are each amended to read as follows:

(1) A religious organization may host ((temporary encampments for)) the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) Except as provided in subsection (7) of this section, a city or town may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter, such as an outdoor encampment, indoor overnight shelter, temporary small house on site, or vehicle resident safe parking, for homeless persons on property owned or controlled by the religious organization;

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; ((or))

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of ((the required)) permit applications. A city or town has discretion to reduce or waive permit fees for a religious organization that is hosting the homeless;

(d) Specifically limits a religious organization's availability to host an outdoor encampment on its property or property controlled by the religious

organization to fewer than six months during any calendar year. However, a city or town may enact an ordinance or regulation that requires a separation of time of no more than three months between subsequent or established outdoor encampments at a particular site;

(e) Specifically limits a religious organization's outdoor encampment hosting term to fewer than four consecutive months;

(f) Limits the number of simultaneous religious organization outdoor encampment hostings within the same municipality during any given period of time. Simultaneous and adjacent hostings of outdoor encampments by religious organizations may be limited if located within one thousand feet of another outdoor encampment concurrently hosted by a religious organization;

(g) Limits a religious organization's availability to host safe parking efforts at its on-site parking lot, including limitations on any other congregationally sponsored uses and the parking available to support such uses during the hosting, except for limitations that are in accord with the following criteria that would govern if enacted by local ordinance or memorandum of understanding between the host religious organization and the jurisdiction:

(i) No less than one space may be devoted to safe parking per ten on-site parking spaces;

(ii) Restroom access must be provided either within the buildings on the property or through use of portable facilities, with the provision for proper disposal of waste if recreational vehicles are hosted; and

(iii) Religious organizations providing spaces for safe parking must continue to abide by any existing on-site parking minimum requirement so that the provision of safe parking spaces does not reduce the total number of available parking spaces below the minimum number of spaces required by the city or town, but a city or town may enter into a memorandum of understanding with a religious organization that reduces the minimum number of on-site parking spaces required;

(h) Limits a religious organization's availability to host an indoor overnight shelter in spaces with

at least two accessible exits due to lack of sprinklers or other fire-related concerns, except that:

(i) If a city or town fire official finds that fire-related concerns associated with an indoor overnight shelter pose an imminent danger to persons within the shelter, the city or town may take action to limit the religious organization's availability to host the indoor overnight shelter; and

(ii) A city or town may require a host religious organization to enter into a memorandum of understanding for fire safety that includes local fire district inspections, an outline for appropriate emergency procedures, a determination of the most viable means to evacuate occupants from inside the host site with appropriate illuminated exit signage, panic bar exit doors, and a completed fire watch agreement indicating:

(A) Posted safe means of egress;

(B) Operable smoke detectors, carbon monoxide detectors as necessary, and fire extinguishers;

(C) A plan for monitors who spend the night awake and are familiar with emergency protocols, who have suitable communication devices, and who know how to contact the local fire department; or

(i) Limits a religious organization's ability to host temporary small houses on land owned or controlled by the religious organization, except for recommendations that are in accord with the following criteria:

(i) A renewable one-year duration agreed to by the host religious organization and local jurisdiction via a memorandum of understanding;

(ii) Maintaining a maximum unit square footage of one hundred twenty square feet, with units set at least six feet apart;

(iii) Electricity and heat, if provided, must be inspected by the local jurisdiction;

(iv) Space heaters, if provided, must be approved by the local fire authority;

(v) Doors and windows must be included and be lockable, with a recommendation that the managing agency and host religious organization also possess keys;

(vi) Each unit must have a fire extinguisher;

(vii) Adequate restrooms must be provided, including restrooms solely for families if present, along with handwashing and potable running water to be available if not provided within the individual units, including accommodating black water;

(viii) A recommendation for the host religious organization to partner with regional homeless service providers to develop pathways to permanent housing.

(3)(a) A city or town may enact an ordinance or regulation or take any other action that requires a host religious organization and a distinct managing agency using the religious organization's property, owned or controlled by the religious organization, for hostings to include outdoor encampments, temporary small houses on site, indoor overnight shelters, or vehicle resident safe parking to enter into a memorandum of understanding to protect the public health and safety of both the residents of the particular hosting and the residents of the city or town.

(b) At a minimum, the agreement must include information regarding: The right of a resident in an outdoor encampment, vehicle resident safe parking, temporary small house on site, or indoor overnight shelter to seek public health and safety assistance, the resident's ability to access social services on site, and the resident's ability to directly interact with the host religious organization, including the ability to express any concerns regarding the managing agency to the religious organization; a written code of conduct agreed to by the managing agency, if any, host religious organization, and all volunteers working with residents of the outdoor encampment, temporary small house on site, indoor overnight shelter, or vehicle resident safe parking; and when a publicly funded managing agency exists, the ability for the host religious organization to interact with residents of the outdoor encampment, indoor overnight shelter, temporary small house on site, or vehicle resident safe parking using a release of information.

parking, or indoor overnight shelter, or the host religious organization's managing agency, must ensure that the city or town or local law enforcement agency has completed sex offender checks of all adult residents and guests. The host religious organization retains the authority to allow such offenders to remain on the property. A host religious organization or host religious organization's managing agency performing any hosting of vehicle resident safe parking must inform vehicle residents how to comply with laws regarding the legal status of vehicles and drivers, and provide a written code of conduct consistent with area standards.

When the religious organization does not partner with a managing agency, the religious organization is encouraged to partner with a local homeless services provider using the Washington homeless client managing information system. Any managing agency receiving any funding from local continuum of care programs must utilize the homeless client management information system. Temporary, overnight, extreme weather shelter provided in religious organization buildings does not need to meet this requirement.

(6) For the purposes of this section((7)):

(a) "Managing agency" means an organization such as a religious organization or other organized entity that has the capacity to organize and manage a homeless outdoor encampment, temporary small houses on-site, indoor overnight shelter, and a vehicle resident safe parking program.

(c) "Religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(d) "Temporary" means not affixed to land permanently and not using underground utilities.

((4)) (7) (a) Subsection (2) of this section does not affect a city or town policy, ordinance, memorandum of understanding, or applicable consent decree that regulates religious organizations' hosting of the homeless if such policies, ordinances, memoranda of understanding, or consent decrees:

(i) Exist prior to the effective date of this section;

(ii) Do not categorically prohibit the hosting of the homeless by religious organizations; and

(iii) Do not violate the religious land use and institutionalized persons act, 42 U.S.C. Sec. 2000cc.

(b) If such policies, ordinances, memoranda of understanding, and consent decrees are amended after the effective date of this section, those amendments are not affected by subsection (2) of this section if those amendments satisfy (a)(ii) and (iii) of this subsection.

(8) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

(9) A religious organization hosting outdoor encampments, vehicle resident safe parking, or indoor overnight shelters for the homeless that receives funds from any government agency may not refuse to host any resident or prospective resident because of age, sex, marital status, sexual orientation, race, creed, color, national origin, honorably discharged veteran or military status, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a person with a disability, as these terms are defined in RCW 49.60.040.

(10) A religious organization hosting the homeless on property owned or controlled by the religious organization must, at least two weeks prior to the opening of an outdoor encampment, indoor overnight shelter, temporary small house

persons within the shelter, the code city may take action to limit the religious organization's availability to host the indoor overnight shelter; and

(ii) A code city may require a host religious organization to enter into a memorandum of understanding for fire safety that includes local fire district inspections, an outline for appropriate emergency procedures, a determination of the most viable means to evacuate occupants from inside the host site with appropriate illuminated exit signage, panic bar exit doors, and a completed fire watch agreement indicating:

(iii) Electricity and heat, if provided, must be inspected by the local jurisdiction;

(iv) Space heaters, if provided, must be approved by the local fire authority;

(v) Doors and windows must be included and be lockable, with a recommendation that the managing agency and host religious organization also possess keys;

(vi) Each unit must have a fire extinguisher;

(vii) Adequate restrooms must be provided, including restrooms solely for families if present, along with handwashing and potable running water to be available if not provided within the

individual units, including accommodating black water;

(viii) A recommendation for the host religious organization to partner with regional homeless service providers to develop pathways to permanent housing.

(3) (a) A code city may enact an ordinance or regulation or take any other action that requires a host religious organization and a distinct managing agency using the religious organization's property, owned or controlled by the religious organization, for hostings to include outdoor encampments, temporary small houses on site, indoor overnight shelters, or vehicle resident safe parking to enter into a memorandum of understanding to protect the public health and safety of both the residents of the particular hosting and the residents of the code city.

(b) At a minimum, the agreement must include information regarding: The right of a resident in an outdoor encampment, vehicle resident safe parking, temporary small house on site, or indoor overnight shelter to seek public health and safety assistance, the resident's ability to access social services on site, and the resident's ability to directly interact with the host religious organization, including the ability to express any concerns regarding the managing agency to the religious organization; a written code of conduct agreed to by the managing agency, if any, host religious organization, and all volunteers working with residents of the outdoor encampment, temporary small house on site, indoor overnight shelter, or vehicle resident safe parking; and when a publicly funded managing agency exists, the ability for the host religious organization to interact with residents of the outdoor encampment, indoor overnight shelter, temporary small house on site, or vehicle resident safe parking using a release of information.

Following completion of the initial community health needs assessment, each hospital in accordance with the internal revenue service(~~7~~) shall complete and make widely available to the public an assessment once every three years.

(2) Unless contained in the community health needs assessment under subsection (1) of this section, a hospital subject to the requirements under subsection (1) of this section shall make public a description of the community served by the hospital, including both a geographic description and a description of the general population served by the hospital; and demographic information such as leading causes of death, levels of chronic illness, and descriptions of the medically underserved, low-income, and minority, or chronically ill populations in the community.

(3)(a) Each hospital subject to the requirements of subsection (1) of this section shall make widely available to the public a community benefit implementation strategy within one year of completing its community health needs assessment. (b) Implementation strategies must be evidence-based, when available; or development and implementation of innovative programs and practices should be supported by evaluation measures.

Sec. 5. RCW 70.170.060 and 2018 c 263 s 2 are each amended to read as follows:

(1) No hospital or its medical staff shall adopt or maintain admission practices or policies which result in:

(a) A significant reduction in the proportion of patients who have no third-party coverage and who are unable to pay for hospital services;

(b) A significant reduction in the proportion of individuals admitted for inpatient hospital services for which payment is, or is likely to be, less than the anticipated charges for or costs of such services; or

(c) The refusal to admit patients who would be expected to require unusually costly or prolonged treatment for reasons other than those related to the appropriateness of the care available at the hospital.

(2) No hospital shall adopt or maintain practices or policies which would deny access to emergency care based on ability to pay. No hospital which maintains an emergency department shall transfer a patient with an emergency medical condition or who is in active labor unless the transfer is performed at the request of the patient or is due to the limited medical resources of the transferring hospital. Hospitals must follow reasonable procedures in making transfers to other hospitals including confirmation of acceptance of the transfer by the receiving hospital.

(3) The department shall develop definitions by rule, as appropriate, for subsection (1) of this section and, with reference to federal requirements, subsection (2) of this section. The department shall monitor hospital compliance with subsections (1) and (2) of this section. The department shall report individual instances of possible noncompliance to the state attorney general or the appropriate federal agency.

(a) Uniform procedures, data requirements, and criteria for identifying patients receiving charity care;

(b) A definition of residual bad debt including reasonable and uniform standards for collection procedures to be used in efforts to collect the unpaid portions of hospital charges that are the patient's responsibility.

(5) For the purpose of providing charity care, each hospital shall develop, implement, and maintain a charity care policy which, consistent with subsection (1) of this section, shall enable people below the federal poverty level access to appropriate hospital-based medical services, and a sliding fee schedule for determination of discounts from charges for persons who qualify for such discounts by January 1, 1990. The department shall develop specific guidelines to assist hospitals in setting sliding fee schedules required by this section. All persons with family income below one hundred percent of the federal poverty standard shall be deemed charity care patients for the full amount of hospital charges, except to the extent the patient has third-party coverage for those charges.

(6) Each hospital shall post and prominently display notice of charity care availability. Notice must be posted in all languages spoken by more than ten percent of the population of the hospital service area. Notice must be displayed in at least the following locations:

(a) Areas where patients are admitted or registered;

(b) Emergency departments, if any; and

(c) Financial service or billing areas where accessible to patients.

(7) (a) Current versions of the hospital's charity care policy, a plain language summary of the hospital's charity care policy, and the hospital's charity care application form must be available on the hospital's web site. The summary and application form must be available in all languages spoken by more than ten percent of the population of the hospital service area.

(b) The hospital must post notice regarding the information in (b) (i) and (ii) of this subsection on the hospital's web site if:

(i) The hospital owns, in part or in full, a debt collection agency; or

(ii) The hospital or health system and a debt collection agency exchange revenues exceeding the amount a consumer owed related to medical debt for the services provided and administrative costs and fees of collecting the debt.

(8) (a) All hospital billing statements and other written

communications concerning billing or collection of a hospital bill by a hospital must include the following or a substantially similar statement prominently displayed on the first page of the statement in both English and the second most spoken language in the hospital's service area:

You may qualify for free care or a discount on your hospital bill, whether or not you have insurance. Please contact our financial assistance office at H:\DATA\2020 JOURNAL\Journal2020\LegDay036\web site.doc and H:\DATA\2020 JOURNAL\Journal2020\LegDay036\phone number.doc.

(b) Nothing in (a) of this subsection requires any hospital to alter any preprinted hospital billing statements existing as of October 1, 2018.

(9) Hospital obligations under federal and state laws to provide meaningful access for limited English proficiency and non-English-speaking patients apply to information regarding billing and charity care. Hospitals shall develop standardized training programs on the hospital's charity care policy and use of interpreter services, and provide regular training for appropriate staff, including the relevant and appropriate staff who perform functions relating to registration, admissions, or billing.

(10) Each hospital shall make every reasonable effort to determine:

(a) The existence or nonexistence of private or public sponsorship which might cover in full or part the charges for care rendered by the hospital to a patient;

(b) The annual family income of the patient as classified under federal poverty income guidelines as of the time the health care services were provided, or at the time of application for charity care if the application is made within two years of the time of service, the patient has been making good faith efforts towards payment of health care services rendered, and the patient demonstrates eligibility for charity care; and

(c) The eligibility of the patient for charity care as defined in this chapter and in accordance with hospital policy. An initial determination of sponsorship status shall precede

collection efforts directed at the patient.

(11) At the hospital's discretion, a hospital may consider applications for charity care at any time, including any time there is a change in a patient's financial circumstances.

(12) The department shall monitor the distribution of charity care among hospitals, with reference to factors such as relative need for charity care in hospital service areas and trends in private and public health coverage. The department shall prepare reports that identify any problems in distribution which are in contradiction of the intent of this chapter. The report shall include an assessment of the effects of the provisions of this chapter on access to hospital and health care services, as well as an evaluation of the contribution of all purchasers of care to hospital charity care.

(13) The department shall issue a report on the subjects addressed in this section at least annually, with the first report due on July 1, 1990.

NEW SECTION. Sec. 6. A new section is added to chapter 70.230 RCW to read as follows:

Representative Ortiz-Self moved the adoption of the striking amendment (1511):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that all people confined in prisons and detention facilities in Washington deserve basic health care, nutrition, and safety, regardless of whether those people are confined in publicly or privately operated facilities. As held in *United States v. California*, 921 F.3d 865, 886 (9th Cir. 2019), the state possesses "the general authority to

ensure the health and welfare of inmates and detainees in facilities within its borders." While public facilities are directly accountable to public institutions, private facilities lack this oversight structure. Private detention facilities ought to be subject to existing statutes, codes, rules, and policies governing safety, health, and welfare, yet little is known as to what inspections or enforcement has occurred across state and local governments. To that end, the legislature intends to evaluate current state and local authority and practices regarding the enforcement of existing requirements applicable to private detention facilities operating within the state.

NEW SECTION. **Sec. 2.** (1) The department shall:

(a) Evaluate the existing authority of state agencies and local governments to inspect private detention facilities for the purposes of enforcing state and local statutes, codes, rules, and policies on the subject of the health, safety, and welfare of detainees;

(b) Evaluate current practices for evaluating whether private detention facilities are in compliance with state and local statutes, codes, rules, and policies;

(c) Determine whether any private detention facility has been subject to an inspection or enforcement action taken by a state agency or local government in the previous five years, and if so, the frequency, nature, and outcomes of those inspections or enforcement actions;

(d) Determine whether any state agency or local government has been denied access to a private detention facility in the previous five years, and if so, the frequency and nature of those denials and the outcome of any applicable enforcement action; and

(e) Make recommendations as to any changes to statutes, rules, or policies necessary to conduct effective inspections and enforcement in private detention facilities for the purpose of ensuring the health, safety, and welfare of detainees.

(2) In conducting the study under this section, the department shall consult with: The department of labor and industries; the department of social and health services; the department of children, youth, and families; the department of corrections; the office of

the corrections ombuds; the office of the attorney general; county health departments; local governments; and other agencies or entities with relevant experience or expertise.

(3) The department shall submit a final report with findings and recommendations to the governor and appropriate committees of the legislature by December 1, 2020.

(4) For the purposes of this section:

(a) "Department" means the department of health.

(b) "Detention facility" means any facility in which persons are incarcerated or otherwise involuntarily confined for purposes including prior to trial or sentencing, fulfilling the terms of a sentence imposed by a court, or for other judicial or administrative processes or proceedings.

(c) "Private detention facility" means a detention facility that is operated by a private, nongovernmental entity and operating pursuant to a contract or agreement with a federal, state, or local governmental entity.

(d) "Operate" includes owning, leasing, managing, or controlling some or all of the functions of a detention facility, regardless of the underlying ownership of the facility or land upon which the facility is located."
