(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2019-20 and 2020-21 school years are determined using the formula-generated staff units provided in RCW 28A.150.260 and pursuant to this subsection, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2019-20 and 2020-21 school years for the central office administrative costs of operating a school district, at the following rates:

These factors are intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent employees may be calculated on the basis of 630 hours of work per year, with no individual employee counted as more than one full-time equivalent. The number of benefit units is determined as follows:

(i) The number of certificated staff units determined in subsections (2), (3), and (5) of this section multiplied by 1.02; and

**SPECIAL APPROPRIATIONS**

**Sec. 701.** 2019 c 415 s 719 (uncodified) is amended to read as follows:

**FOR THE OFFICE OF FINANCIAL MANAGEMENT-INFORMATION TECHNOLOGY INVESTMENT POOL**

General Fund-State Appropriation (FY 2020) .....\$7,628,000

General Fund-State Appropriation (FY 2021) .....\$5,191,000

General Fund-Federal Appropriation .....\$4,608,000

General Fund-Private/local Appropriation .....\$213,000

Other Appropriated Funds .....\$56,530,000

TOTAL APPROPRIATION.....\$74,170,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the

account are provided solely for the information technology projects shown in LEAP omnibus document IT-2019, dated April 25, 2019, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2019, dated April 25, 2019, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the state chief information officer and office of financial management. Fifteen percent of total funding allocated by the office of financial management, or another amount as defined jointly by the office of financial management and the office of the state chief information officer, will be retained in the account, but remain allocated to that project. The retained funding will be released to the agency only after successful completion of that stage of the project. For the military department enhanced 911 next generation project, the amount retained is increased to at least twenty percent of total funding allocated for any stage of that project.

(4)(a) Each project must have a technology budget. The technology budget must use a method similar to the state capital budget, identifying project

costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit detailed financial information to the office of financial management and the office of the state chief information officer. The technology budget must describe the total cost of the project by fiscal month to include and identify:

(i) Fund sources;

(ii) Full time equivalent staffing level to include job classification assumptions;

(iii) A discreet appropriation index and program index;

(iv) Object and subobject codes of expenditures; and

(v) Anticipated deliverables.

(5)(a) Each project must have an investment plan that includes:

(i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;

(ii) The office of the state chief information officer staff assigned to the project;

(iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;

(iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;

(v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and

(vi) Financial budget coding to include at least discreet program index and subobject codes.

(6) Projects with estimated costs greater than one hundred million dollars from initiation to completion and implementation may be divided into

discrete subprojects as determined by the office of the state chief information officer. Each subproject must have a technology budget and investment plan as provided in this section.

(7) (a) The office of the state chief information officer shall maintain an information technology project dashboard that provides updated information each fiscal month on projects subject to this section. This includes:

(i) Project changes each fiscal month;

(ii) Noting if the project has a completed market requirements document;

(iii) Financial status of information technology projects under oversight; and

(iv) Coordination with agencies.

(b) The dashboard must retain a roll up of the entire project cost, including all subprojects, that can be displayed the subproject detail.

(8) If the project affects more than one agency:

(a) A separate technology budget and investment plan must be prepared for each agency; and

(b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.

(9) For any project that exceeds two million dollars in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:

(a) Quality assurance for the project must report independently to the office of the chief information officer;

(b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

(c) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(d) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed; and

(e) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements.

(10) The office of the state chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(11) The office of the state chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management.

(12) The office of the state chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget.

(13) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. For any other information technology project made subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

(14) The information technology feasibility study of the Washington state gambling commission is subject to the conditions, limitations, and review in this section.

(15) The learning management system project of the department of enterprise services is subject to the conditions, limitations, and review in this section.

(5) An employer who fails to submit timely and accurate reports to the department may be assessed an additional fee related to the increased costs incurred by the department in processing the deficient reports. Fees paid under this subsection shall be deposited in the retirement system expense fund.

(a) Every six months the department shall determine the amount of an employer's fee by reviewing the timeliness and accuracy of the reports submitted by the employer in the preceding six months. All net proceeds from the use of excess property identified in the 2002 joint legislative audit and review committee capital study or other studies of the division of developmental disabilities residential habilitation centers that would not impact current residential habilitation center operations must be deposited into the account.

(2) Proceeds may come from the lease of the land, conservation easements, sale of timber, or other activities short of sale of the property, except as permitted under section 7 of this act.

(3) "Excess property" includes that portion of the property at Rainier school previously under the cognizance and control of Washington State University for use as a dairy/forage research facility.

For purposes of this section, "investment income" includes lease payments, rent payments, or other periodic payments deposited into the trust account. For purposes of this section, "principal" is the actual excess land from which proceeds are assigned to the trust account.

(5) Moneys in the account may be spent only after appropriation. Expenditures from the account shall be used exclusively to provide family support and/or employment/day services to eligible persons with developmental disabilities who can be served by community-based developmental disability services. **"Sec. 921.** RCW 74.46.561 and 2019 c 301 s 1 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMeans rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMeans construction index value per square foot. The department may use updated RSMeans construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the

value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMeans" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed

of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the center for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV),

facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent

with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8)(a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b). For fiscal year 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also

the intent of the legislature that, starting in fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019."

**PART II**

**HUMAN SERVICES**

Sec. 201. 2019 c 415 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a

language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6) (a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and,

in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in ~~((section 719 of this act))~~ section 701 of this act.

(8) (a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, 2020, unless prohibited by this act, the department may transfer general fund-state appropriations for fiscal year 2020 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2020 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with

expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

Factors should include identification of need for the services and analysis of the effect of community investments in behavioral health services and other types of beds that may reduce the need for long-term civil commitment needs. The department must submit a report to the legislature by October 1, 2019, with an update of the model and the estimated civil and forensic state hospital bed need by November 1, 2020, and each November 1st thereafter through the end of fiscal year 2027. **FOR THE STATE HEALTH CARE AUTHORITY**

During the 2019-2021 fiscal biennium, the health care authority shall provide support and data as required by the office of the state actuary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority.

Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by the office of the chief information officer.

The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated

unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (1) The status of any information technology projects currently being developed or implemented that affect the coalition; (2) funding needs of these current and future information technology projects; and (3) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in ~~(section 719 of this act)~~ section 701 of this act.

The appropriations to the health care authority in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2020, unless prohibited by this act, the authority may transfer general fund-state appropriations for fiscal year 2020 among programs after approval by the director of the office of financial management. To the extent that appropriations in sections 211 through 215 are insufficient to fund actual expenditures in excess of caseload forecast and utilization assumptions, the authority may transfer general fund-state appropriations for fiscal year 2020 that are provided solely for a specified purpose. The authority may also transfer general fund-state appropriations for fiscal year 2020 that are provided solely for a specified purpose within section 215 of this act to cover any deficits in section 215 of this act resulting from assumptions related to the return of \$35,000,000 in general fund-state behavioral health organization reserves in fiscal year 2020. The authority may not transfer funds, and the director of the office of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this section. The written notification must include a narrative explanation and justification of changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications and transfers.

The legislature finds that appropriate management of the innovation waiver requires better analytic capability, transparency, consistency, timeliness,

accuracy, and lack of redundancy with other established measures and that the patient must be considered first and foremost in the implementation and execution of the demonstration waiver. In order to effectuate these goals, the authority shall: (a) Require the Dr. Robert Bree collaborative and the health technology assessment program to reduce the administrative burden upon providers by only requiring performance measures that are nonduplicative of other nationally established measures. The joint select committee on health care oversight will evaluate the measures chosen by the collaborative and the health technology assessment program for effectiveness and appropriateness; (b) develop a patient satisfaction survey with the goal to gather information about whether it was beneficial for the patient to use the center of excellence location in exchange for additional out-of-pocket savings; (c) ensure patients and health care providers have significant input into the implementation of the demonstration waiver, in order to ensure improved patient health outcomes; and (d) in cooperation with the department of social and health services, consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget, to the joint select committee on health care oversight prior to submitting waivers for federal approval. By federal standard, the medicaid transformation demonstration waiver shall not exceed the duration originally granted by the centers for medicare and medicaid services and any programs created or funded by this waiver do not create an entitlement. described in initiative 1 of the medicaid transformation demonstration wavier under healthier Washington, including preventing youth drug use, opioid prevention and treatment, and physical and behavioral health integration. Under this initiative, the authority shall take into account local input regarding community needs. In order to ensure transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not increase general fund-state expenditures under this initiative. The director shall also report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for medicare and medicaid services.

(3)(a) No more than \$79,829,000 of the general fund-federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third party administrator. The authority and the department in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund-state expenditures

under this initiative. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) No more than \$169,676,000 of the general fund-federal appropriation and no more than \$69,306,000 of the general fund-local appropriation may be expended for the medicaid quality improvement program. Under federal regulations, the medicaid quality improvement program is authorized and allows states to design quality improvement programs for the medicaid population in ways that support the state's quality goals. Medicaid quality improvement program payments will not count against initiative 1 of the medicaid transformation demonstration waiver spending limit and are excluded from the waiver's budget neutrality calculation. Apple health managed care organizations and their partnering providers will receive medicaid quality improvement program payments as they meet designated milestones. Partnering providers and apple health managed care organizations will work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority shall only utilize the medicaid quality improvement program to support the transformation waiver and shall not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not create an entitlement. The authority shall not increase general fund-state expenditures under this program. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(4) Annually, no later than November 1st, the authority shall report to the governor and appropriate committees of the legislature: (a) Savings attributed

to behavioral and physical integration in areas that are scheduled to integrate in the following calendar year, and (b) savings attributed to behavioral and physical health integration and the level of savings achieved in areas that have integrated behavioral and physical health.

(5) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(6) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(8) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

medicaid, using state-only funds to the extent necessary.

(11) \$4,261,000 of the general fund-state appropriation for fiscal year 2020, \$4,261,000 of the general fund-state appropriation for fiscal year 2021, and \$8,522,000 of the general fund-federal appropriation are provided solely for low-income disproportionate share hospital payments.

(13) (~~(\$6,000,000)~~) (a) \$7,000,000 of the general fund-federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(c) \$193,000 of the general fund-state appropriation for fiscal year 2020 is provided solely for the authority to provide a one-time grant to a standalone skilled nursing facility operated by a public hospital district in Grant county. This grant is provided as a one-time offset to address the impact of the recoupment requirements of this subsection (13).

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2019-2021 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2020, and by November 1, 2021, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the

program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2019-2021 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. (~~(\$537,000)~~) \$759,000 of the general fund-state appropriation for fiscal year 2020 and (~~(\$522,000)~~) \$740,000 of the general fund-state appropriation for fiscal year 2021 are provided solely for state grants for the participating hospitals.

(15) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the

federal children's health insurance program reauthorization act of 2009.

(16) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(17) The authority shall submit reports to the governor and the legislature by September 15, 2020, and no later than September 15, 2021, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(18) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(19) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

(20) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange

for clients that will be ineligible for medicaid.

(21) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.

(22) \$90,000 of the general fund-state appropriation for fiscal year 2020, \$90,000 of the general fund-state appropriation for fiscal year 2021, and \$180,000 of the general fund-federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(24) Within the amounts appropriated in this section, the authority shall continue to provide coverage for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related services would otherwise end due to the application of the new modified adjusted gross income eligibility standard.

(25) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the classic medicaid benefit plan.

(26) The authority shall use revenue appropriated from the dedicated marijuana fund for contracts with community health centers under RCW 69.50.540 in lieu of general fund-state payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(27) Beginning no later than January 1, 2018, for any service eligible under the medicaid state plan for encounter payments, managed care organizations at the request of a rural health clinic shall pay the full published encounter rate directly to the clinic. At no time will a managed care organization be at risk for or have any right to the supplemental portion of the claim. Payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority.

(28) Sufficient funds are provided for the authority to remove payment and billing limitations identified during the review process required for implementation of chapter 226, Laws of 2017 (behavioral health care - primary care integration) for health and behavior codes, psychotherapy codes, and to continue to offer face-to-face tobacco cessation counseling only for pregnant individuals. Additional funding is provided to increase the rates for the health and behavior codes and psychotherapy codes identified through the stakeholder work group process required under chapter 226, Laws of 2017 (SSB 5779) by ten percent.

(29) (a) \$34,145,000 of the general fund-state appropriation for fiscal year 2021 and \$5,898,000 of the general fund-federal appropriation are provided solely for the compromise of claims in the reconciliation process for rural health clinics for the calendar years 2014-2017. The authority may not recover the state portion of rural health clinic reconciliations for calendar years 2014-2017 for which no state accrual was made. If the authority determines there are unliquidated prior period accrual balances available to refund the federal government for these years, these amounts must be used prior to the amounts provided under this subsection.

(b) By October 15, 2019, the authority shall report to the governor and relevant committees of the legislature the status of rural health clinic reconciliations for calendar years 2011-2013, including any use of available unliquidated prior period accrual balances to refund the federal government for those calendar years. Additionally, the report shall include the status of rural health clinic reconciliations for calendar years 2014-

2017, including anticipated amounts owed to or from rural health clinics from the reconciliation process for those fiscal years. The authority shall not recover the state portion of rural health reconciliations for calendar years 2011-2013 for which no general fund state accrual was made. The authority shall not pursue recoveries for calendar years 2014-2017 until after the legislature has an opportunity to take action during the 2020 legislative session. If the legislature does not take any action on rural health clinic reconciliations for calendar years 2014-2017, recoveries shall commence per administrative rule.

(30) Sufficient amounts are appropriated in this section for the authority to provide a medicaid equivalent adult dental benefit to clients enrolled in the medical care service program.

(31) \$300,000 of the general fund-state appropriation for fiscal year 2020 and (~~\$300,000~~) \$600,000 of the general fund-state appropriation for fiscal year 2021 are provided solely for the Bree collaborative to support collaborative learning and targeted technical assistance for quality improvement initiatives. (32) Within the amounts appropriated in this section, the authority shall reimburse for maternity (~~support~~) services provided by doulas. The authority and the department of health must consult with stakeholders and develop methods to secure approval from the centers for medicare and medicaid services for reimbursement for doulas. The authority will report the group's recommendations to the appropriate committees of the legislature by December 1, 2020.

(33) The authority shall facilitate a home health work group consisting of home health provider associations, hospital associations, managed care organizations, the department of social and health services, and the department of health to develop a new medicaid payment methodology for home health services. The authority must submit a report with final recommendations and a proposed implementation timeline to the

appropriate committees of the legislature by November 30, 2019. The work group must consider the following when developing the new payment methodology:

Within the amounts provided in this subsection: (a) The authority must raise the state fee-for service rates for these codes by twenty-five percent except that the state medicaid rate may not exceed the published medicare rate or an equivalent relative value unit rate if a published medicare rate is not available; and (b) the authority must require in contracts with managed care organizations that, beginning in calendar year 2021, they pay no lower than the fee-for-service rate for these codes and managed care capitation rates must be adjusted accordingly. The authority must implement this rate increase in accordance with the process established in Engrossed House Bill No. 2584 (behavioral health rates). with managed care organizations that, beginning in calendar year 2021, they pay no lower than the fee-for-service rate for these codes and managed care capitation rates must be adjusted accordingly. The authority must apply reimbursement rates required under this subsection to payment codes in a manner consistent with the temporary increase in medicaid reimbursement rates under federal rules and guidance in effect on January 1, 2014, implementing the patient protection and affordable care act, except that the authority may not require provider attestations. The increase in this subsection does not duplicate rate increases provided in subsection (79) of this section.

	\$3,417,133,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380, and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) \$15,605,000 of the general fund-state appropriation for fiscal year 2020, \$15,754,000 of the general fund-state appropriation for fiscal year 2021, and \$4,789,000 of the general fund-federal appropriation are provided solely for the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development.

(4) (~~\$8,777,000~~) \$8,100,000 of the general fund-state appropriation for

fiscal year 2020, (~~(\$10,424,000)~~) \$11,322,000 of the general fund-state appropriation for fiscal year 2021, and \$20,197,000 of the general fund-federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health entities with PACT teams, the authority shall consider the differences between behavioral health entities in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(5) From the general fund-state appropriations in this section, the authority shall assure that behavioral health entities reimburse the department of social and health services aging and long term support administration for the general fund-state cost of medicaid personal care services that enrolled behavioral health entity consumers use because of their psychiatric disability.

(6) \$3,520,000 of the general fund-federal appropriation is provided solely for the authority to maintain a pilot project to incorporate peer bridging staff into behavioral health regional teams that provide transitional services to individuals returning to their communities.

(7) (~~(\$81,930,000)~~) \$83,978,000 of the general fund-state appropriation for fiscal year 2020 and (~~(\$81,930,000)~~) \$86,027,000 of the general fund-state appropriation for fiscal year 2021 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and

emergency housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) \$2,048,000 of the fiscal year 2020 amounts must be distributed to behavioral health administrative service organizations. Of the remaining amounts for fiscal year 2020, seventy percent must be distributed to behavioral health administrative service organizations and thirty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2019 regional allocation of flexible nonmedicaid funds.

(b) \$4,097,000 of the fiscal year 2021 amounts must be distributed to behavioral health administrative service organizations. Of the remaining amounts for fiscal year 2021, eighty percent must be distributed to behavioral health administrative service organizations and twenty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2020 regional allocation of flexible nonmedicaid funds.

(c) The authority must include the following language in medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) \$1,204,000 of the general fund-state appropriation for fiscal year 2020 and \$1,204,000 of the general fund-state appropriation for fiscal year 2021 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

(10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,291,000 of the general fund-state appropriation for fiscal year 2020 and \$2,291,000 of the general fund-state appropriation for fiscal year 2021 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(13) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization and administrative services organization contracts and include contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health organization and administrative services organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health organization or administrative services organization to

submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health organization or administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(14) During the 2019-2021 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health organizations.

(15) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(16) \$3,500,000 of the general fund-federal appropriation (from the substance abuse prevention and treatment federal block grant) is provided solely for the continued funding of existing county drug and alcohol use prevention programs.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized

expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account-state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5) (a). If a county is not interested in administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the legislature which identifies the distribution of criminal justice treatment account funds by September 30, 2019.

(19) No more than \$27,844,000 of the general fund-federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund-state expenditures under this

initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(20) \$6,858,000 of the general fund-state appropriation for fiscal year 2020, \$6,858,000 of the general fund-state appropriation for fiscal year 2021, and \$8,046,000 of the general fund-federal appropriation are provided solely to maintain new crisis triage or stabilization centers. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The authority shall monitor each center's effectiveness at lowering the rate of state psychiatric hospital admissions.

(21) \$1,125,000 of the general fund-federal appropriation is provided solely for the authority to develop a memorandum of understanding with the department of health for implementation of chapter 297, Laws of 2017 (opioid treatment programs). The authority must use these amounts to reimburse the department of health for costs incurred through the implementation of the bill.

(22) \$6,655,000 of the general fund-state appropriation for fiscal year 2020, \$10,015,000 of the general fund-state appropriation for fiscal year 2021, and \$12,965,000 of the general fund-federal appropriation are provided solely for the operation of secure withdrawal management and stabilization facilities. The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that, beginning in calendar year 2020, they pay no lower

than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

(23) \$23,090,000 of the general fund–state appropriation for fiscal year 2020, \$23,090,000 of the general fund–state appropriation for fiscal year 2021, and \$92,444,000 of the general fund–federal appropriation are provided solely to maintain the enhancement of community-based behavioral health services that was funded in fiscal year 2019. Twenty percent of the general fund–state appropriation amounts for each regional service area must be used to increase their nonmedicaid funding and the remainder must be used to increase medicaid rates above FY 2018 levels. Effective January 2020, the medicaid funding is intended to increase rates for behavioral health services provided by licensed and certified community behavioral health agencies as defined by the department of health. This funding must be allocated to the managed care organizations proportionate to their medicaid enrollees. The authority must require the managed care organizations to provide a report on their implementation of this funding. The authority must submit a report to the legislature by December 1, 2020, summarizing how this funding was used and provide information for future options of increasing behavioral health provider rates through directed payments. The report must identify different mechanisms for implementing directed payment for behavioral health providers including but not limited to minimum fee schedules, across the board percentage increases, and value-based payments. The report must provide a description of each of the mechanisms considered, the timeline that would be required for implementing the mechanism, and whether and how the mechanism is expected to have a differential impact on different providers. The report must also summarize the information provided by managed care organizations in implementing the funding provided under this section.

(24) \$27,917,000 of the general fund–state appropriation for fiscal year 2020, \$36,095,000 of the general fund–state appropriation for fiscal year 2021, and

\$60,644,000 of the general fund–federal appropriation are provided solely for the department to contract with community hospitals or freestanding evaluation and treatment centers to provide long-term inpatient care beds as defined in RCW 71.24.025. Within these amounts, the authority must meet the requirements for reimbursing counties for the judicial services for patients being served in these settings in accordance with RCW 71.05.730. The authority must coordinate with the department of social and health services in developing the contract requirements, selecting contractors, and establishing processes for identifying patients that will be admitted to these facilities.

(a) Sufficient amounts are provided in fiscal year 2020 for the authority to reimburse community hospitals serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025 at a rate of \$1,171 per day, or the hospital's current psychiatric inpatient per diem rate, whichever is higher. ~~((The))~~ In fiscal year 2020, the rate paid to hospitals in this subsection cannot exceed one-hundred percent of the hospitals eligible costs based on their most recently completed medicare cost report. ((The authority in collaboration with the Washington state hospital association must convene a work group to develop a methodology for reimbursing community hospitals serving these clients. In developing this methodology, the authority must account for cost structure differences between teaching hospitals and other hospital types. The authority must provide a report to the appropriate committees of the legislature by December 1, 2019. The report must:

~~(a) Describe the methodology developed by the work group;~~

~~(b) Identify cost differences between teaching hospitals and other hospital types;~~

~~(c) Provide options for incentivizing community hospitals to offer long term inpatient care beds day beds including a rate recommendation;~~

~~(d) Identify the cost associated with any recommended changes in rates or rate setting methodology; and~~

~~(e) Outline an implementation plan-))~~

(b) Sufficient amounts are provided in fiscal year 2021 for the authority to reimburse providers serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025 as follows: (i) Community hospitals whose costs exceed their current rates based on their most recently completed medicare cost report at one hundred percent of the hospitals eligible costs documented in the most recently completed medicare cost report; (ii) community hospitals whose costs do not exceed their current rates based on their most recently completed medicare cost report at a rate that reflects a five percent increase from their fiscal year 2020 psychiatric per diem rate for serving medicaid clients; and (iii) nonhospital residential treatment centers certified to provide long-term inpatient care beds as defined in RCW 71.24.025 at a rate that reflects a five percent increase from their fiscal year 2020 rate for serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025.

(c) The authority must provide a report to the office of financial management and the appropriate committees of the legislature by December 1, 2020, on the impact of the rate increases provided in fiscal year 2021 on long-term psychiatric inpatient provider capacity and utilization. (11) The office of the state chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management.

(II) A grants program for local health departments or other local community agencies that supports development and implementation of coordinated intervention strategies for the prevention and reduction of marijuana use by youth; and

(III) Media-based education campaigns across television, internet, radio, print, and out-of-home advertising, separately targeting youth and adults, that provide medically and scientifically accurate information about the health and safety risks posed by marijuana use; and

(B) The Washington poison control center.

(ii) For each fiscal year, the legislature must appropriate a minimum of nine million seven hundred fifty thousand dollars under this subsection (2)(b);

(c)(i) Up to six-tenths of one percent to the University of Washington and four-tenths of one percent to Washington State University for research on the short and long-term effects of marijuana use, to include but not be

limited to formal and informal methods for estimating and measuring intoxication and impairment, and for the dissemination of such research.

(ii) For each fiscal year, except for the 2017-2019 and 2019-2021 fiscal biennia, the legislature must appropriate a minimum of one million twenty-one thousand dollars to the University of Washington. For each fiscal year, except for the 2017-2019 and 2019-2021 fiscal biennia, the legislature must appropriate a minimum of six hundred eighty-one thousand dollars to Washington State University under this subsection (2)(c). It is the intent of the legislature that this policy will be continued in the 2019-2021 fiscal biennium;

(d) Fifty percent to the state basic health plan trust account to be administered by the Washington basic health plan administrator and used as provided under chapter 70.47 RCW;

(e) Five percent to the Washington state health care authority to be expended exclusively through contracts with community health centers to provide primary health and dental care services, migrant health services, and maternity health care services as provided under RCW 41.05.220;

(f)(i) Up to three-tenths of one percent to the office of the superintendent of public instruction to fund grants to building bridges programs under chapter 28A.175 RCW.

(ii) For each fiscal year, the legislature must appropriate a minimum of five hundred eleven thousand dollars to the office of the superintendent of public instruction under this subsection (2)(f); and

(g) At the end of each fiscal year, the treasurer must transfer any amounts in the dedicated marijuana account that are not appropriated pursuant to subsection (1) of this section and this subsection (2) into the general fund, except as provided in (g)(i) of this subsection (2).

(i) Beginning in fiscal year 2018, if marijuana excise tax collections deposited into the general fund in the prior fiscal year exceed twenty-five million dollars, then each fiscal year the legislature must appropriate an amount equal to thirty percent of all marijuana excise taxes deposited into the

general fund the prior fiscal year to the treasurer for distribution to counties, cities, and towns as follows:

(A) Thirty percent must be distributed to counties, cities, and towns where licensed marijuana retailers are physically located. Each jurisdiction must receive a share of the revenue distribution under this subsection (2)(g)(i)(A) based on the proportional share of the total revenues generated in the individual jurisdiction from the taxes collected under RCW 69.50.535, from licensed marijuana retailers physically located in each jurisdiction. For purposes of this subsection (2)(g)(i)(A), one hundred percent of the proportional amount attributed to a retailer physically located in a city or town must be distributed to the city or town.

(B) Seventy percent must be distributed to counties, cities, and towns ratably on a per capita basis. Counties must receive sixty percent of the distribution, which must be disbursed based on each county's total proportional population. Funds may only be distributed to jurisdictions that do not prohibit the siting of any state licensed marijuana producer, processor, or retailer.

(ii) Distribution amounts allocated to each county, city, and town must be distributed in four installments by the last day of each fiscal quarter.

(iii) By September 15th of each year, the state liquor and cannabis board must provide the state treasurer the annual distribution amount, if any, for each county and city as determined in (g)(i) of this subsection (2).

(iv) The total share of marijuana excise tax revenues distributed to counties and cities in (g)(i) of this subsection (2) may not exceed fifteen million dollars in fiscal years 2018, 2019, and 2020, ~~(and)~~ eighteen million five hundred thousand dollars for fiscal year 2021, and twenty million dollars per fiscal year thereafter. It is the intent of the legislature that the policy for the maximum distributions in the subsequent fiscal biennia will be no more than ~~(fifteen)~~ eighteen million five hundred thousand dollars per fiscal year.

For the purposes of this section, "marijuana products" means "useable marijuana," "marijuana concentrates," and "marijuana-infused products" as those terms are defined in RCW 69.50.101.

**Sec. 917.** RCW 71A.20.170 and 2011 1st sp.s. c 30 s 12 are each amended to read as follows:

(1) The developmental disabilities community trust account is created in the state treasury. All net proceeds from the use of excess property identified in the 2002 joint legislative audit and review committee capital study or other studies of the division of developmental disabilities residential habilitation centers that would not impact current residential habilitation center operations must be deposited into the account.

(2) Proceeds may come from the lease of the land, conservation easements, sale of timber, or other activities short of sale of the property, except as permitted under section 7 of this act.

(3) "Excess property" includes that portion of the property at Rainier school previously under the cognizance and control of Washington State University for use as a dairy/forage research facility.

(4) Only investment income from the principal of the proceeds deposited into the trust account may be spent from the account. For purposes of this section, "investment income" includes lease payments, rent payments, or other periodic payments deposited into the trust account. For purposes of this section, "principal" is the actual excess land from which proceeds are assigned to the trust account.

(5) Moneys in the account may be spent only after appropriation. Expenditures from the account shall be used exclusively to provide family support and/or employment/day services to eligible persons with developmental disabilities who can be served by community-based developmental disability services. It is the intent of the legislature that the account should not be used to replace, supplant, or reduce existing appropriations.

(6) The account shall be known as the Dan Thompson memorial developmental disabilities community trust account.

(7) During the 2019-2021 fiscal biennium, moneys appropriated from the general fund for expenditure into the Dan Thompson memorial developmental disabilities community trust account may be spent from the account for the purposes specified in subsection (5) of

this section. It is the intent of the legislature that this policy will continue in subsequent biennia.

**Sec. 918.** RCW 82.19.040 and 2019 c 415 s 989 are each amended to read as follows:

(2) Beginning June 30, 2019, taxes collected under this chapter shall be deposited in the waste reduction, recycling, and litter control account under RCW 70.93.180, except that until June 30, ~~((2021))~~ 2020, one million two hundred fifty thousand dollars ~~((per fiscal year))~~ must be deposited in equal monthly amounts in the state parks renewal and stewardship account, with the remainder deposited in the waste reduction, recycling, and litter control account. ~~((It is the intent of the legislature to continue this policy in the ensuing biennium.))~~

**Sec. 919.** RCW 90.56.510 and 2019 c 415 s 994 are each amended to read as follows:

(1) The oil spill prevention account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. If, on the first day of any calendar month, the balance of the oil spill response account is greater than nine million dollars and the balance of the oil spill prevention account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1999, and the biennium ending June 30, 2001, the state treasurer may transfer a total of up to one million dollars from the oil spill response account to the oil spill

prevention account to support appropriations made from the oil spill prevention account in the omnibus appropriations act adopted not later than June 30, 1999.

(2) Expenditures from the oil spill prevention account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. In addition, until June 30, 2021, expenditures from the oil spill prevention account may be used, subject to amounts appropriated specifically for this purpose, for the development and annual review of local emergency planning committee emergency response plans in RCW 38.52.040(3). Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill prevention account. Costs of prevention include the costs of:

(a) Routine responses not covered under RCW 90.56.500;

(b) Management and staff development activities;

(c) Development of rules and policies and the statewide plan provided for in RCW 90.56.060;

(e) Interagency coordination and public outreach and education;

(f) Collection and administration of the tax provided for in chapter 82.23B RCW; and

(g) Appropriate travel, goods and services, contracts, and equipment.

(3) Before expending moneys from the account for a response under subsection (2)(a) of this section, but without delaying response activities, the director shall make reasonable efforts to obtain funding for response costs under this section from the person responsible for the spill and from other sources, including the federal government.

(4) During the 2019-2021 fiscal biennium, the legislature may appropriate moneys from the oil spill prevention account to the oil spill response account.

(5) The department must adopt rules for grant or loan issuance and performance.

**Sec. 921.** RCW 74.46.561 and 2019 c 301 s 1 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and

have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMeans rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this

subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMeans construction index value per square foot. The department may use updated RSMeans construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July

1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMMeans" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust

individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the center for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive

component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8) (a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b). For fiscal year 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also the intent of the legislature that, starting in fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016,

pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

**NEW SECTION. Sec. 922.** (1) A work group is established to create a family engagement framework for early learning through school.

(2) At a minimum, the work group must review family engagement policies and practices in Washington and in other states, with a focus on identifying best practices that can be adopted throughout Washington.

(3) The members of the work group must represent the following groups: The department of children, youth, and families; the office of the superintendent of public instruction; the state board of education; parents of children in the state early childhood education and assistance program or the federal head start program; parents of students in elementary or secondary school; parents of students who are English learners, with at least one parent with a student in preschool and at least one parent with a student in elementary or secondary school; parents of students who are in special education; parents of students in foster care; the office of the education ombuds; the educational opportunity gap oversight and accountability committee; the state commission on Asian Pacific American affairs; the state commission on Hispanic affairs; the state commission on African American affairs; the governor's office

(7) By June 30, 2021, and in compliance with RCW 43.01.036, the office of the superintendent of public instruction must report to the appropriate committees of the legislature with a summary of the activities of the work group and its recommendations for a family engagement framework for early learning through high school.

**NEW SECTION. Sec. 923.** The legislature intends to consider legislation in the 2021 session separating the joint superior court in Benton and Franklin counties into independent superior courts for each county, provided the legislative authorities of each county adopt a resolution requesting that the legislature separate their superior court system. By December 1, 2020, the legislative authorities of Benton and Franklin counties must provide a statement of intent to support or oppose the proposed dissolution of the joint court system, to the administrative office of the courts and the appropriate

committees of the legislature. An indication of intent to support shall be accompanied with an operation plan indicating how this separation could be accomplished and the approximate costs to the counties to implement this separation. The superior court judges and each county clerk must provide all necessary assistance in the development of the plan, and the legislative authorities must consult with the superior court judges and each county clerk. The plan must be accompanied by legislative recommendations necessary for implementation.

**ESSB 5323** Prime Sponsor, Committee on Environment, Energy & Technology: Reducing pollution from plastic bags by establishing minimum state standards for the use of bags at retail establishments. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended by Committee on Finance and without amendment by Committee on Environment & Energy.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) State policy has long placed waste reduction as the highest priority in the collection, handling, and management of solid waste. Reducing plastic bag waste holds particular importance among state waste reduction efforts for a number of reasons:

(a) Single-use plastic carryout bags are made of nonrenewable resources and never biodegrade; instead, over time, they break down into tiny particles. Single-use plastic carryout bags, and the particles they break into, are carried into rivers, lakes, Puget Sound, and the world's oceans, posing a threat to animal life and the food chain;

(b) Plastic bags are one of the most commonly found items that litter state roads, beaches, and other public spaces; and

(c) Even when plastic bags avoid the common fate of becoming litter, they are a drain on public resources and a burden on environment and resource conservation goals. For example, if plastic bags are disposed of in commingled recycling systems rather than as garbage or in retailer drop-off programs, they clog processing and sorting machinery, resulting in missorted materials and

costly inefficiencies that are ultimately borne by utility ratepayers. Likewise, when green or brown-tinted plastic bags confuse consumers into attempting to dispose of them as compost, the resultant plastic contamination undercuts the ability to use the compost in gardens, farms, landscaping, and surface water and transportation projects.

(2) Alternatives to single-use plastic carryout bags are convenient, functional, widely available, and measure as superior across most environmental performance metrics. Alternatives to single-use plastic carryout bags feature especially superior environmental performance with respect to litter and marine debris, since plastic bags do not biodegrade.

(3) As of 2020, many local governments in Washington have shown leadership in regulating the use of single-use plastic carryout bags. This local leadership has shown the value of establishing state standards that will streamline regulatory inconsistency and reduce burdens on covered retailers caused by a patchwork of inconsistent local requirements across the state.

(4) Data provided from grocery retailers has shown that requests for paper bags have skyrocketed where plastic bag bans have been implemented. To accommodate the anticipated consequences of a statewide plastic bag ban, it is rational to expect additional capacity will be needed in Washington state for manufacturing paper bags. The legislature intends to provide that capacity by prioritizing and expediting siting and permitting of expansions or reconfiguring for paper manufacturing.

(5) Therefore, in order to reduce waste, litter, and marine pollution, conserve resources, and protect fish and wildlife, it is the intent of the legislature to:

(a) Prohibit the use of single-use plastic carryout bags;

(b) Require a pass-through charge on recycled content paper carryout bags and reusable carryout bags made of film plastic, to encourage shoppers to bring their own reusable carryout bags;

(c) Require bags provided by a retail establishment contain recycled content; and

(d) Encourage the provision of reusable and recycled content paper carryout bags by retail establishments.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Penalties issued under this section are appealable to the pollution control hearings board established in chapter 43.21B RCW.

(7) If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by July 1, 2020, from the waste reduction, recycling, and litter control account for purposes of implementing the education and outreach activities required under this section, then this act is null and void.

2E2SSB 5740 Prime Sponsor, Committee on Ways & Means: Creating the secure choice retirement savings program. Reported by Committee on Consumer Protection & Business

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds: That large numbers of households in this state have no or inadequate retirement savings and many of those households do not have access to any savings plan at work; that this lack of retirement savings and coverage is more prevalent among low-income households; and that it is well-established that most workers will save for retirement if they are offered a workplace savings program. Washington state is deeply concerned about the retirement prospects of its citizens and the strain that large numbers of ill-prepared retirees may impose on taxpayer-financed elderly assistance programs for housing, food, medical care, and other necessities. The purpose of this act is to facilitate voluntary employer adoption of retirement plans and worker savings in this state by removing barriers to entry into the state's existing retirement savings program, making available to Washington employers a wide array of retirement plan options, including plans with auto-enrollment features, and ensuring flexible fee structures that will be transparent to marketplace participants.

**Sec. 2.** RCW 43.330.732 and 2015 c 296 s 2 are each amended to read as follows:

NEW SECTION. **Sec. 11.** RCW 43.330.730 (Finding-2015 c 296) is decodified."

Correct the title.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** This act may be known and cited as the secure choice retirement savings program act.

NEW SECTION. **Sec. 2.** The legislature finds: That large numbers of households in this state have no or inadequate retirement savings and many of those households do not have access to any savings plan at work; that this lack of retirement savings and coverage is more prevalent among low-income households; and that it is well-established that most workers will save for retirement if they are offered a workplace savings program using an opt-out approach. Washington state is deeply concerned about the retirement prospects of its citizens and the strain that large numbers of ill-prepared retirees may impose on taxpayer-financed elderly assistance programs for housing, food, medical care, and other necessities. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

The legislature may make appropriations into the account for the purpose of reducing program administration costs.

(3) Administrative fees may be used to contract with another state to use that state's program or to create a joint program or consortium with one or more states offering an existing program. No other state funds may be used to contract or partner with one or more other states.

**NEW SECTION. Sec. 8.** There is hereby created as an instrumentality of the state a trust to be known as the secure choice retirement savings trust.

expenses of the director under section 4 of this act.

(3) The director shall establish within the trust one or more investment funds, each pursuing an investment strategy and policy established by the director. The underlying investments of each investment fund shall be diversified, to the extent the director determines to be appropriate, so as to minimize the risk of large losses under the circumstances. The director may, at any time and from time to time, add, replace, or remove any investment fund.

(4) The director may allow covered employees to allocate assets of their IRAs among such investment funds and in such case, the director also may designate an investment fund as a default investment for the IRAs of covered employees who do not make an investment choice.

(5) Subject to subsection (6) of this section, the director, in consultation with such third-party professional investment advisers, managers, or consultants as it may retain, shall select the underlying investments of each investment fund. (6) The director may, in its discretion, retain an investment adviser to select and manage the investments of an investment fund on a discretionary basis, subject to the director's ongoing review and oversight.

(7) The trustee is subject to directions of the director under subsection (5) of this section or an investment adviser under subsection (6) of this section and otherwise has no responsibility for the selection, retention, or disposition of trust investments or assets.

(8) The assets of the trust must at all times be preserved, invested, and expended solely for the purposes of the trust and no property rights therein shall exist in favor of the state or any covered employer. Trust assets may not be transferred or used by the state for any purposes other than the purposes of the

trust or funding the expenses of operating the program, including the expenses of the director. Amounts deposited with the trustee are not property of the state and may not be commingled with state funds and the state has no claim to or against, or interest in, the trust assets.

(9) The assets of the trust shall at all times be held separate and apart from the assets of the state. None of the state, the program, the director, nor any employer may guaranty any investment, rate of return, or interest on amounts held in the trust, an investment fund, or any IRA. None of the state, the program, the director, or any employer is liable for any losses incurred by trust investments or otherwise by any covered employee or other person as a result of participating in the program except for any liability that arises out of a breach of fiduciary duty under section 5 of this act. No covered employer is liable for any losses incurred by trust investments or otherwise by any covered employee or other person as a result of participating in the program.

(10) Any security issued, managed, or invested by the director within the secure choice retirement savings trust on behalf of an individual participating in the program is exempt from RCW 21.20.140.

(11) The trust is authorized to engage in trust business under Title 30B RCW and is exempt from the requirement to obtain a certificate of authority from the department of financial institutions under Title 30B RCW.

(12) If the director determines to exercise his or her discretion under section 4(5) of this act to establish the program by using another state's auto-IRA program, establishing a joint program, or a consortium with one or more other states, then the trust may be established by adopting the trust established under such other state's program or as a master trust or similar arrangement with such other states, provided that such trust, master trust, or similar arrangement otherwise satisfies the requirements of this section.

(8) The board must coordinate with and complement the work of the authority, other boards, and work groups related to prescription drug costs and emerging therapies.

(9) All meetings of the board must be open and public, except that the board may hold executive sessions to the extent permitted by chapter 42.30 RCW.

**NEW SECTION. Sec. 3.** A new section is added to chapter 70.14 RCW to read as follows:

(1) By May 1, 2021, the board must provide the health care cost transparency board established in chapter 70.--- RCW (the new chapter created in Second Substitute House Bill No. 2457, Laws of

2020), with recommendations for the means and methodologies to establish a cost growth benchmark related to prescription drugs.

(2) By June 30, 2021, and yearly thereafter, using data collected under chapter 43.71C RCW, or other data deemed relevant by the board, the board must identify:

(a) Brand name prescription drugs and biological products that:

(i) Are introduced to the market with a wholesale acquisition cost of thirty thousand dollars or more per year or course of treatment lasting less than one year; or

**NEW SECTION. Sec. 4.** A new section is added to chapter 70.14 RCW to read as follows:

(1) The board may choose to conduct a cost review of any prescription drug or biological product identified under section 3 of this act.

(2) For prescription drugs or biological products chosen for a cost review, the board must determine whether the manufacturer's pricing of the prescription drug or biological product substantially exceeds the proposed value of the prescription drug or biological product. The board may examine publicly

available information as well as collect information from the drug manufacturer and other relevant sources. When conducting a review, the board may consider:

(a) The relevant factors contributing to the price paid by the state for the prescription drug or biological product, including the wholesale acquisition cost and discounts, rebates, or other price concessions provided by the manufacturer to the state;

(b) The average patient copay or other cost sharing for the drug;

(c) The dollar value of patient assistance programs offered by the manufacturer for the drug;

(d) The price of therapeutic alternatives;

(e) The amount of public funding received or provided for the development of the prescription drug or biological product;

(i) Any other relevant factors as determined by the board.

(3) All information collected by the board under this section is not subject to public disclosure under chapter 42.56 RCW.

**NEW SECTION. Sec. 5.** A new section is added to chapter 70.14 RCW to read as follows:

(1) If, after the cost review of a prescription drug or biological product the board determines that the manufacturer's pricing of the drug or

biological product does not substantially exceed the proposed value of the prescription drug or biological product, the board shall notify the manufacturer, in writing, of its determination and shall evaluate other ways to mitigate the eligible prescription drug or biological product's cost in order to improve patient access to the eligible prescription drug or biological product. The board may engage with the manufacturer and other relevant stakeholders, including, but not limited to, patients, patient advocacy organizations, providers, provider organizations and payers, to explore options for mitigating the cost of the prescription drug or biological product. Upon the conclusion of a stakeholder engagement process under this subsection, the board shall issue recommendations on ways to reduce the cost of the prescription drug or biological product for the purpose of improving patient access to the prescription drug or biological product. Recommendations must be publicly posted on the authority's web site. The recommendations may include, but are not limited to:

(a) An alternative payment plan or methodology;

(b) A bulk purchasing program;

(c) Copayment, coinsurance, deductible, or other cost-sharing restrictions; and

(d) A reinsurance program to subsidize the cost of the eligible drug.

(2) If, after the cost review of a prescription drug or biological product, the board determines that the manufacturer's pricing of the prescription drug or biological product substantially exceeds the proposed value of the prescription drug or biological product, the board shall request that the manufacturer provide further information related to the pricing of the prescription drug or biological product and the manufacturer's reasons for the pricing not later than sixty days after receiving the request.

(3) No later than ninety days after receiving the additional information from the manufacturer, the board shall confidentially issue a determination on whether the manufacturer's pricing of a prescription drug or biological product still substantially exceeds the board's

proposed value of the prescription drug or biological product and request the manufacturer to enter into negotiations to reduce the cost of the prescription drug or biological product. If the manufacturer refuses to enter into negotiations, the authority shall post the board's proposed value on the authority's web site.

(1) The authority shall compile and analyze the data submitted by health carriers, pharmacy benefit managers, manufacturers, and pharmacy services administrative organizations pursuant to this chapter and prepare an annual report for the public and the legislature synthesizing the data to demonstrate the overall impact that drug costs, rebates, and other discounts have on health care premiums.

(2) The data in the report must be aggregated and must not reveal information specific to individual health carriers, pharmacy benefit managers, pharmacy services administrative organizations, ~~((individual prescription drugs, individual classes of prescription drugs,))~~ individual manufacturers, except in the case of single source drugs, or discount amounts paid in connection with individual prescription drugs.

(3) Data received under this section must be used only for the enumerated purposes of this chapter and other statutorily authorized purposes.

(a) Follow all rules adopted by the authority regarding appropriate data use and protection; and

(b) Sign a nondisclosure agreement that includes acknowledgments that the recipient is solely responsible for any liability arising from misuse of the data, that the recipient does not have any conflicts under the ethics in public service act that would prevent the recipient from accessing or using the data, and that any violations of the nondisclosure agreement may result in losing the right to access or use the data.

**NEW SECTION. Sec. 7.** A new section is added to chapter 42.56 RCW to read as follows:

2SSB 6342 Prime Sponsor, Committee on Ways & Means: Concerning chemical contaminants in drinking water. Reported by Committee on Environment & Energy

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that ensuring safe drinking water is a primary concern for protecting public health. The federal safe drinking water act was established to protect the quality of drinking water through standards and regulations adopted by the United States environmental protection agency and implemented by the state. The United States has been known for safe and

reliable drinking water. However, public health needs to keep pace with evolving science in developing and reevaluating standards to protect drinking water from contaminants.

(2) The legislature intends to protect public health, including vulnerable populations, by requiring the department of health to develop maximum contaminant levels or state action levels that take into account the best available science and treatment techniques to ensure safe drinking water.

NEW SECTION. **Sec. 2.** A new section is added to chapter 70.142 RCW to read as follows:

The definitions in this section apply throughout sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Department" means the department of health.

(2) "Group A water system" means a system with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections.

(3) "PFAS chemicals" means a class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom and referred to as perfluoroalkyl and polyfluoroalkyl substances.

(4) "Public water system" means any system, excluding a system serving only one single-family residence and a system with four or fewer connections all of which serve residences on the same farm, providing piped water for human consumption, including any collection, treatment, storage, or distribution facilities under control of the purveyor and used primarily in connection with the system; and collection or pretreatment storage facilities not under control of the purveyor but primarily used in connection with the system.

(5) "State action level" means the concentration of a contaminant or group of contaminants, without a maximum contaminant level, established by the department to protect public health, and when exceeded, triggers actions water purveyors must take.

NEW SECTION. **Sec. 3.** A new section is added to chapter 70.142 RCW to read as follows:

(1) (a) The state board of health must require public water systems at risk for PFAS chemicals contamination to test drinking water for PFAS chemicals. The state board of health may require other public water systems to test drinking water for PFAS chemicals. Tests must be carried out using an approved United States environmental protection agency method or another method approved by the department.

(b) The state board of health and the department may work with local health jurisdictions to determine public water systems at risk for contamination as well as testing and monitoring parameters.

(c) The samples must be collected by public water systems and must be transported and submitted for analysis consistent with the United States environmental protection agency methods or other department-approved methods. The test results must include all results from United States environmental protection agency-approved methods or other department-approved methods and must be provided to the department.

(2) (a) By July 1, 2022, the department must provide a report to the legislature consistent with RCW 43.01.036 that includes a review of:

(i) The test results and the extent to which any PFAS chemicals are found in public water systems, as determined under subsection (1) of this section;

(ii) The statewide scope and scale of PFAS chemical contamination in public water systems and group A water systems and effective and efficient mitigation efforts to address sources of PFAS chemical contamination;

(iii) Public water and group A water systems needs to address PFAS chemical contamination, including costs and impacts to consumers;

(iv) Impacts on vulnerable populations from PFAS chemical contamination;

(v) Other unregulated contaminants for which increased monitoring should be required of some or all public water systems; and

(vi) Recommendations for whether the state board of health should establish a

state action level or maximum contaminant level for PFAS, or whether some or all state board of health actions on PFAS chemicals will be sufficiently addressed by federal standards.

(b) When developing the report, the department must consult with group A water systems and endeavor to review efforts by group A water systems that are mitigating for PFAS chemical contamination.

NEW SECTION. **Sec. 4.** A new section is added to chapter 70.142 RCW to read as follows:

(1) The state board of health must establish for group A water systems statewide maximum contaminant levels or state action levels for PFAS chemicals.

(2) (a) If there is sufficient evidence that PFAS chemical contamination is likely to occur in Washington waters, but there is not sufficient economic data available or such data does not support the adoption of a maximum contaminant level under subsection (1) of this section, the department may recommend, and the state board of health may approve, a state action level for some or all PFAS chemicals.

(b) Upon the establishment of a state action level, the department may require some or all public water supply systems to monitor for the contaminant.

(c) When a state action level is exceeded, the department may require that public water supply systems undertake certain follow-up actions, including continued monitoring for the contaminant, and the issuance of timely public notification to water supply system customers regarding:

(i) Contaminant specific health information;

(ii) Steps consumers may take to protect their health; and

(iii) Steps that the water supply system plans to take to address the contaminant.

(3) When establishing maximum contaminant levels or state action levels, the state board of health must review maximum contaminant levels or other health advisory levels adopted by other states, the studies and scientific evidence reviewed by those states, material in the agency for toxic

substances and disease registry, and the latest peer-reviewed science and independent or government agency studies."

MAJORITY recommendation: Do pass as amended by Committee on Labor & Workplace Standards.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 51.08 RCW to read as follows:

"New medical issue" means a medical issue not covered by a previous medical examination requested by the department or the self-insurer such as an issue regarding medical causation, medical treatment, work restrictions, or evaluating permanent partial disability.

**Sec. 2.** RCW 51.32.110 and 1997 c 325 s 3 are each amended to read as follows:

(1) ~~((Any))~~ As required under RCW 51.36.070, any worker entitled to receive any benefits or claiming such under this title shall, if requested by the department or self-insurer, submit himself or herself for medical examination, ((at a time and from time to time)) at a place reasonably convenient for the worker ~~((and as may be provided by the rules of the department))~~. An injured worker, whether an alien or other injured worker, who is not residing in the United States at the time that a medical examination is requested may be required to submit to an examination at any location in the United States determined by the department or self-insurer.

(2) If the worker refuses to submit to medical examination, or obstructs the same, or, if any injured worker shall persist in unsanitary or injurious

practices which tend to imperil or retard his or her recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his or her recovery or refuse or obstruct evaluation or examination for the purpose of vocational rehabilitation or does not cooperate in reasonable efforts at such rehabilitation, the department or the self-insurer upon approval by the department, with notice to the worker may suspend any further action on any claim of such worker so long as such refusal, obstruction, noncooperation, or practice continues and reduce, suspend, or deny any compensation for such period: PROVIDED, That ~~(the)~~ (a) The department or the self-insurer shall not suspend any further action on any claim of a worker or reduce, suspend, or deny any compensation if a worker has good cause for refusing to submit to or to obstruct any examination, evaluation, treatment or practice requested by the department or required under this section and (b) the department may not assess a no-show fee against the worker if the worker gives at least five business days' notice of the worker's intent not to attend the examination.

(3) If the worker necessarily incurs traveling expenses in attending the examination pursuant to the request of the department, such traveling expenses shall be repaid to him or her out of the accident fund upon proper voucher and audit or shall be repaid by the self-insurer, as the case may be.

(4)(a) If the medical examination required by this section causes the worker to be absent from his or her work without pay:

(i) In the case of a worker insured by the department, the worker shall be paid compensation out of the accident fund in an amount equal to his or her usual wages for the time lost from work while attending the medical examination; or

(ii) In the case of a worker of a self-insurer, the self-insurer shall pay the worker an amount equal to his or her usual wages for the time lost from work while attending the medical examination.

(b) This subsection (4) shall apply prospectively to all claims regardless of the date of injury.

**Sec. 3.** RCW 51.36.070 and 2001 c 152 s 2 are each amended to read as follows:

(1)(a) Whenever the ~~((director))~~ department or the self-insurer deems it necessary in order to ~~((resolve any))~~ (i) make a decision regarding claim allowance or reopening, (ii) resolve a new medical issue, an appeal, or case progress, or (iii) evaluate the worker's permanent disability or work restriction, a worker shall submit to examination by a physician or physicians selected by the ~~((director))~~ department, with the rendition of a report to the person ordering the examination, the attending physician, and the injured worker.

(b) The examination must be at a place reasonably convenient to the injured worker, or alternatively utilize telemedicine if the department determines telemedicine is appropriate for the examination. For purposes of this subsection, "reasonably convenient" means at a place where residents in the injured worker's community would normally travel to seek medical care for the same specialty as the examiner. The department must address in rule how to accommodate the injured worker if no approved medical examiner in the specialty needed is available in that community.

(2) The department or self-insurer shall provide the physician performing an examination with all relevant medical records from the worker's claim file. The director, in his or her discretion, may charge the cost of such examination or examinations to the self-insurer or to the medical aid fund as the case may be. The cost of said examination shall include payment to the worker of reasonable expenses connected therewith.

(3) For purposes of this section, "examination" means a physical or mental examination by a medical care provider licensed to practice medicine, osteopathy, podiatry, chiropractic, dentistry, or psychiatry at the request of the department or self-insured employer or by order of the board of industrial insurance appeals.

(4) This section applies prospectively to all claims regardless of the date of injury.

**NEW SECTION. Sec. 4.** (1) An independent medical examination work group is established within the department of labor and industries, with members as provided in this subsection.

(a) The speaker of the house of representatives shall appoint two

members from the house of representatives, with one member appointed from each of the two largest caucuses of the house of representatives;

(c) Consider whether the department of labor and industries should do all the scheduling of independent medical examinations;

(d) Consider the circumstances for which independent medical examiners should be randomly selected or specified;

(e) Consider workers' rights in the independent medical examination process including attendance, specialist consultations, the audio or video recording of examinations, and the distance and location of examinations;

(f) Recommend changes to improve the efficiency of the independent medical examination process; and

(g) Identify barriers to increasing the supply of in-state physicians willing to do independent medical examinations in the workers' compensation system.

"**Sec. 1.** RCW 9.94A.030 and 2019 c 331 s 5, 2019 c 271 s 6, 2019 c 187 s 1, and 2019 c 46 s 5007 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(7) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(8) "Confinement" means total or partial confinement.

(9) "Conviction" means an adjudication of guilt pursuant to Title 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. (11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere, and any issued certificates of restoration of opportunity pursuant to RCW 9.97.020.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060,

9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon. However, when a defendant is charged with a recidivist offense, "criminal history" includes a vacated prior conviction for the sole purpose of establishing that such vacated prior conviction constitutes an element of the present recidivist offense as provided in RCW 9.94A.640(3)(b) and 9.96.060(5)(c).

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(iv) A biological parent, adoptive parent, custodian, or stepparent with a proven, established, ongoing, and substantial relationship with a minor child that existed at the time of the offense.

(2) Except for sex offenses and serious violent offenses, prior juvenile adjudications are not considered offenses when considering eligibility under this section.

(3) To assist the court in making its determination, the court may order the department to complete ~~((either))~~ a risk assessment report, including a family impact statement, or a chemical dependency screening report as provided in RCW 9.94A.500~~((, or both reports))~~ prior to sentencing.

~~((3))~~ (4) If the court is considering this alternative, the court shall request that the department contact the department of children, youth, and families to determine if the agency has an open child welfare case or prior substantiated referral of abuse or neglect involving the offender or if the agency is aware of any substantiated case of abuse or neglect with a tribal child welfare agency involving the offender.

(a) If the offender has an open child welfare case or child abuse or neglect investigation, the department will provide the release of information waiver and request that the department of children, youth, and families or the tribal child welfare agency provide a

report to the court. seek to coordinate services with the department of children, youth, and families.

(b) At the commencement of such a hearing, the court shall advise the offender sentenced under this section of the offender's right to assistance of counsel and appoint counsel if the offender is indigent.

(3) When the department is considering partial confinement as part of the parenting program for an offender, the department shall inquire of the individual and the department of children, youth, and families whether the agency has an open child welfare case or prior substantiated referral for abuse or neglect involving the offender.

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Health Care & Wellness.

"NEW SECTION. **Sec. 1.** (1) The legislature finds that growth in managed health care systems has shifted substantial authority over health care decisions from providers and patients to health carriers and health care benefit managers. Regularly, these health care benefit managers are making health care decisions on behalf of

carriers. However, unlike carriers, health care benefit managers are not currently regulated.

(2) Therefore, the legislature finds that it is in the best interest of the public to create a separate chapter in this title for health care benefit managers.

Prime Sponsor, Committee on Ways & Means: Concerning the involuntary treatment act. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Civil Rights & Judiciary.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 71.05.010 and 2016 sp.s. c 29 s 203 are each amended to read as follows:

(1) The provisions of this chapter apply to persons who are eighteen years of age or older and are intended by the legislature:

(a) To protect the health and safety of persons suffering from ~~((mental disorders and substance use))~~ behavioral health disorders and to protect public safety through use of the parens patriae and police powers of the state;

(b) To prevent inappropriate, indefinite commitment of ~~((mentally disordered persons and persons with substance use disorders))~~ persons living with behavioral health disorders and to eliminate legal disabilities that arise from such commitment;

(c) To provide prompt evaluation and timely and appropriate treatment of persons with serious ~~((mental disorders and substance use))~~ behavioral health disorders;

(d) To safeguard individual rights;

(e) To provide continuity of care for persons with serious ~~((mental disorders and substance use))~~ behavioral health disorders;

(f) To encourage the full use of all existing agencies, professional personnel, and public funds to prevent duplication of services and unnecessary expenditures; and

(g) To encourage, whenever appropriate, that services be provided within the community.

(2) When construing the requirements of this chapter the court must focus on the merits of the petition, except where requirements have been totally disregarded, as provided in *In re C.W.*, 147 Wn.2d 259, 281 (2002). A presumption in favor of deciding petitions on their merits furthers both public and private interests because the mental and physical well-being of individuals as well as public safety may be implicated by the decision to release an individual and discontinue his or her treatment.

**Sec. 2.** RCW 71.05.012 and 1997 c 112 s 1 are each amended to read as follows:

It is the intent of the legislature to enhance continuity of care for persons with serious ~~((mental))~~ behavioral health disorders that can be controlled or stabilized in a less restrictive alternative commitment. Within the guidelines stated in *In re LaBelle* 107 Wn. 2d 196 (1986), the legislature intends to encourage appropriate interventions at a point when there is the best opportunity to restore the person to or maintain satisfactory functioning.

For persons with a prior history or pattern of repeated hospitalizations or law enforcement interventions due to decompensation, the consideration of prior ~~((mental))~~ history is particularly relevant in determining whether the person would receive, if released, such care as is essential for his or her health or safety.

Therefore, the legislature finds that for persons who are currently under a commitment order, a prior history of decompensation leading to repeated hospitalizations or law enforcement interventions should be given great weight in determining whether a new less restrictive alternative commitment should be ordered.

**Sec. 3.** RCW 71.05.020 and 2019 c 446 s 2, 2019 c 444 s 16, and 2019 c 325 s 3001 are each reenacted and amended to read as follows:

**Sec. 18.** RCW 71.05.160 and 2019 c 446 s 19 are each amended to read as follows:

(1) Any facility receiving a person pursuant to RCW 71.05.150 or 71.05.153 shall require the designated crisis responder to prepare a petition for initial detention stating the circumstances under which the person's condition was made known and stating that there is evidence, as a result of his or her personal observation or investigation, that the actions of the person for which application is made constitute a likelihood of serious harm,

or that he or she is gravely disabled, and stating the specific facts known to him or her as a result of his or her personal observation or investigation, upon which he or she bases the belief that such person should be detained for the purposes and under the authority of this chapter.

(2) (a) If a person is involuntarily placed in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program pursuant to RCW 71.05.150 or 71.05.153, on the next judicial day following the initial detention, the designated crisis responder shall file with the court and serve the designated attorney of the detained person the petition or supplemental petition for initial detention, proof of service of notice, and a copy of a notice of emergency detention.

(b) If the person is involuntarily detained at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program in a different county from where the person was initially detained, the facility or program may file with the court and serve the designated attorney of the detained person the petition or supplemental petition for initial detention, proof of service of notice, and a copy of a notice of emergency detention at the request of the designated crisis responder.

**Sec. 19.** RCW 71.05.170 and 2016 sp.s. c 29 s 218 are each amended to read as follows:

Whenever the designated crisis responder petitions for detention of a person whose actions constitute a likelihood of serious harm, or who is gravely disabled, the facility providing ~~((seventy-two))~~ one hundred twenty hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The facility shall then evaluate the person's condition and admit, detain, transfer, or discharge such person in accordance with RCW 71.05.210. The facility shall notify in writing the court and the designated crisis responder of the date and time of the initial detention of each person involuntarily detained in order that a probable cause hearing shall be held no later than ~~((seventy-two))~~ one hundred twenty hours after detention.

The duty of a state hospital to accept persons for evaluation and treatment under this section shall be limited by chapter 71.24 RCW.

**Sec. 20.** RCW 71.05.180 and 2019 c 446 s 18 are each amended to read as follows:

If the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program admits the person, it may detain him or her for evaluation and treatment for a period not to exceed ~~((seventy-two))~~ one hundred twenty hours from the time of acceptance as set forth in RCW 71.05.170. The computation of such ~~((seventy-two))~~ one hundred twenty hour period shall exclude Saturdays, Sundays and holidays.

**Sec. 21.** RCW 71.05.182 and 2019 c 247 s 1 are each amended to read as follows:

(1) A person who under RCW 71.05.150 or 71.05.153 has been detained at a facility for ~~((seventy-two-hour))~~ a period of not more than one hundred twenty hours for the purpose of evaluation and treatment on the grounds that the person presents a likelihood of serious harm, but who has not been subsequently committed for involuntary treatment under RCW 71.05.240, may not have in his or her possession or control any firearm for a period of six months after the date that the person is detained.

(2) Before the discharge of a person who has been initially detained under RCW 71.05.150 or 71.05.153 on the grounds that the person presents a likelihood of serious harm, but has not been subsequently committed for involuntary treatment under RCW 71.05.240, the designated crisis responder shall inform the person orally and in writing that:

(a) He or she is prohibited from possessing or controlling any firearm for a period of six months;

(b) He or she must immediately surrender, for the six-month period, any concealed pistol license and any firearms that the person possesses or controls to the sheriff of the county or the chief of police of the municipality in which the person is domiciled;

(c) After the six-month suspension, the person's right to control or possess any firearm or concealed pistol license

shall be automatically restored, absent further restrictions imposed by other law; and

(d) Upon discharge, the person may petition the superior court to have his or her right to possess a firearm restored before the six-month suspension period has elapsed by following the procedures provided in RCW 9.41.047(3).

~~((a))~~ (3) The designated crisis responder shall notify the sheriff of the county or the chief of police of the municipality in which the person is domiciled of the six-month suspension.

(4) A law enforcement agency holding any firearm that has been surrendered pursuant to this section shall, upon the request of the person from whom it was obtained, return the firearm at the expiration of the six-month suspension period, or prior to the expiration of the six-month period if the person's right to possess firearms has been restored by the court under RCW 9.41.047. The law enforcement agency, prior to returning the firearm, shall verify with the prosecuting attorney's office or designated crisis responders that the person has not been previously or subsequently committed for involuntary treatment under RCW 71.05.240. The law enforcement agency must comply with the provisions of RCW 9.41.345 when returning a firearm pursuant to this section.

~~((b))~~ (5) Any firearm surrendered pursuant to this section that remains unclaimed by the lawful owner shall be disposed of in accordance with the law enforcement agency's policies and procedures for the disposal of firearms in police custody.

**Sec. 22.** RCW 71.05.190 and 2019 c 446 s 17 are each amended to read as follows:

If the person is not approved for admission by a facility providing ~~((seventy-two))~~ one hundred twenty hour evaluation and treatment, and the individual has not been arrested, the facility shall furnish transportation, if not otherwise available, for the person to his or her place of residence or other appropriate place. If the individual has been arrested, the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program shall detain the individual for not more than eight hours at the request of the

peace officer. The facility shall make reasonable attempts to contact the requesting peace officer during this time to inform the peace officer that the person is not approved for admission in order to enable a peace officer to return to the facility and take the individual back into custody.

**Sec. 23.** RCW 71.05.195 and 2016 sp.s. c 29 s 221 are each amended to read as follows:

(1) A civil commitment may be initiated under the procedures described in RCW 71.05.150 or 71.05.153 for a person who has been found not guilty by reason of insanity in a state other than Washington and who has fled from detention, commitment, or conditional release in that state, on the basis of a request by the state in which the person was found not guilty by reason of insanity for the person to be detained and transferred back to the custody or care of the requesting state. A finding of likelihood of serious harm or grave disability is not required for a commitment under this section. The detention may occur at either an evaluation and treatment facility or a state hospital. The petition for ~~((seventy-two))~~ one hundred twenty hour detention filed by the designated crisis responder must be accompanied by the following documents:

(a) A copy of an order for detention, commitment, or conditional release of the person in a state other than Washington on the basis of a judgment of not guilty by reason of insanity;

(b) A warrant issued by a magistrate in the state in which the person was found not guilty by reason of insanity indicating that the person has fled from detention, commitment, or conditional release in that state and authorizing the detention of the person within the state in which the person was found not guilty by reason of insanity;

(c) A statement from the executive authority of the state in which the person was found not guilty by reason of insanity requesting that the person be returned to the requesting state and agreeing to facilitate the transfer of the person to the requesting state.

(2) The person shall be entitled to a probable cause hearing within the time limits applicable to other detentions under this chapter and shall be afforded the rights described in this chapter

including the right to counsel. At the probable cause hearing, the court shall determine the identity of the person and whether the other requirements of this section are met. If the court so finds, the court may order continued detention in a treatment facility for up to thirty days for the purpose of the transfer of the person to the custody or care of the requesting state. The court may order a less restrictive alternative to detention only under conditions which ensure the person's safe transfer to the custody or care of the requesting state within thirty days without undue risk to the safety of the person or others.

(3) For the purposes of this section, "not guilty by reason of insanity" shall be construed to include any provision of law which is generally equivalent to a finding of criminal insanity within the state of Washington; and "state" shall be construed to mean any state, district, or territory of the United States.

**Sec. 24.** RCW 71.05.201 and 2018 c 291 s 11 are each amended to read as follows:

(1) If a designated crisis responder decides not to detain a person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since a designated crisis responder received a request for investigation and the designated crisis responder has not taken action to have the person detained, an immediate family member or guardian or conservator of the person may petition the superior court for the person's initial detention.

(2) A petition under this section must be filed within ten calendar days following the designated crisis responder investigation or the request for a designated crisis responder investigation. If more than ten days have elapsed, the immediate family member, guardian, or conservator may request a new designated crisis responder investigation.

(3) (a) The petition must be filed in the county in which the designated crisis responder investigation occurred or was requested to occur and must be submitted on forms developed by the administrative office of the courts for this purpose. The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired, describing why the person should be detained for evaluation and treatment.

The description of why the person should be detained may contain, but is not limited to, the information identified in RCW 71.05.212.

(b) The petition must contain:

(i) A description of the relationship between the petitioner and the person; and

(ii) The date on which an investigation was requested from the designated crisis responder.

(4) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated crisis responder agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information material to the designated crisis responder's current decision.

(5) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

(6) The court shall dismiss the petition at any time if it finds that a designated crisis responder has filed a petition for the person's initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

(7) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention or an order instructing the designated crisis responder to file a petition for assisted outpatient behavioral health treatment if the court finds that: (a) There is probable cause to support a petition for detention or assisted outpatient behavioral health treatment; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily. The court shall transmit its final decision to the petitioner.

(8) If the court enters an order for initial detention, it shall provide the

order to the designated crisis responder agency and issue a written order for apprehension (~~(of the person by a peace officer for delivery of the person to a facility or emergency room determined by the designated crisis responder)~~). The designated crisis responder agency serving the jurisdiction of the court must collaborate and coordinate with law enforcement regarding apprehensions and detentions under this subsection, including sharing of information relating to risk and which would assist in locating the person. A person may not be detained to jail pursuant to a written order issued under this subsection. An order for detention under this section should contain the advisement of rights which the person would receive if the person were detained by a designated crisis responder. An order for initial detention under this section expires one hundred eighty days from issuance.

(9) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW 71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

(10) For purposes of this section, "immediate family member" means a spouse, domestic partner, child, stepchild, parent, stepparent, grandparent, or sibling.

**Sec. 25.** RCW 71.05.210 and 2019 c 446 s 8 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a (~~chemical dependency~~) substance use

disorder professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or ~~((chemical dependency))~~ substance use disorder professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program, or, if detained to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement; however, a person may only be referred to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available secure withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(3) An evaluation and treatment center, secure withdrawal management and stabilization facility, or approved

substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

**Sec. 26.** RCW 71.05.210 and 2019 c 446 s 8 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a ~~((chemical dependency))~~ substance use disorder professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to ~~((seventy two))~~ one hundred twenty hours, if, in the opinion of the professional person in charge of

the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for ~~((seventy-two))~~ one hundred twenty hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or ~~((chemical dependency))~~ substance use disorder professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program, or, if detained to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement; however, a person may only be referred to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available secure withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(3) An evaluation and treatment center, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

**Sec. 27.** RCW 71.05.210 and 2019 c 446 s 9 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an

evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a ~~((chemical dependency))~~ substance use disorder professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to ~~((seventy-two))~~ one hundred twenty hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for ~~((seventy-two))~~ one hundred twenty hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or ~~((chemical dependency))~~ substance use disorder professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would

be better served by placement in a substance use disorder treatment program, or, if detained to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement.

(3) An evaluation and treatment center, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

**Sec. 28.** RCW 71.05.212 and 2018 c 291 s 13 are each amended to read as follows:

(1) Whenever a designated crisis responder or professional person is conducting an evaluation under this chapter, consideration shall include all reasonably available information from credible witnesses and records regarding:

(a) Prior recommendations for evaluation of the need for civil commitments when the recommendation is made pursuant to an evaluation conducted under chapter 10.77 RCW;

(b) Historical behavior, including history of one or more violent acts;

(c) Prior determinations of incompetency or insanity under chapter 10.77 RCW; and

(d) Prior commitments under this chapter.

(2) Credible witnesses may include family members, landlords, neighbors, or others with significant contact and history of involvement with the person. If the designated crisis responder relies upon information from a credible witness in reaching his or her decision to detain the individual, then he or she must

provide contact information for any such witness to the prosecutor. The designated crisis responder or prosecutor shall provide notice of the date, time, and location of the probable cause hearing to such a witness.

(3) Symptoms and behavior of the respondent which standing alone would not justify civil commitment may support a finding of grave disability or likelihood of serious harm, or a finding that the person is in need of assisted outpatient behavioral health treatment, when:

(a) Such symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration from safe behavior, or one or more violent acts;

(b) These symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and

(c) Without treatment, the continued deterioration of the respondent is probable.

(4) When conducting an evaluation for offenders identified under RCW 72.09.370, the designated crisis responder or professional person shall consider an offender's history of judicially required or administratively ordered antipsychotic medication while in confinement.

**Sec. 29.** RCW 71.05.214 and 2018 c 201 s 3007 are each amended to read as follows:

The authority shall develop statewide protocols to be utilized by professional persons and designated crisis responders in administration of this chapter and chapters 10.77 and 71.34 RCW. The protocols shall be updated at least every three years. The protocols shall provide uniform development and application of criteria in evaluation and commitment recommendations, of persons who have, or are alleged to have, (~~mental disorders or substance use~~) behavioral health disorders and are subject to this chapter.

The initial protocols shall be developed not later than September 1, 1999. The authority shall develop and update the protocols in consultation with representatives of designated crisis responders, the department of social and health services, local government, law

enforcement, county and city prosecutors, public defenders, and groups concerned with (~~mental illness and substance use~~) behavioral health disorders. The protocols shall be submitted to the governor and legislature upon adoption by the authority.

**Sec. 30.** RCW 71.05.215 and 2018 c 201 s 3008 are each amended to read as follows:

(1) A person found to be gravely disabled or (~~presents~~) to present a likelihood of serious harm as a result of a (~~mental disorder or substance use~~) behavioral health disorder has a right to refuse antipsychotic medication unless it is determined that the failure to medicate may result in a likelihood of serious harm or substantial deterioration or substantially prolong the length of involuntary commitment and there is no less intrusive course of treatment than medication in the best interest of that person.

(2) The authority shall adopt rules to carry out the purposes of this chapter. These rules shall include:

(a) An attempt to obtain the informed consent of the person prior to administration of antipsychotic medication.

(b) For short-term treatment up to thirty days, the right to refuse antipsychotic medications unless there is an additional concurring medical opinion approving medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with a mental health professional with prescriptive authority.

(c) For continued treatment beyond thirty days through the hearing on any petition filed under RCW 71.05.217, the right to periodic review of the decision to medicate by the medical director or designee.

(d) Administration of antipsychotic medication in an emergency and review of this decision within twenty-four hours. An emergency exists if the person presents an imminent likelihood of serious harm, and medically acceptable alternatives to administration of antipsychotic medications are not available or are unlikely to be successful; and in the opinion of the

physician, physician assistant, or psychiatric advanced registered nurse practitioner, the person's condition constitutes an emergency requiring the treatment be instituted prior to obtaining a second medical opinion.

(e) Documentation in the medical record of the attempt by the physician, physician assistant, or psychiatric advanced registered nurse practitioner to obtain informed consent and the reasons why antipsychotic medication is being administered over the person's objection or lack of consent.

**Sec. 31.** RCW 71.05.217 and 2016 c 155 s 4 are each amended to read as follows:

(1) Insofar as danger to the individual or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

~~((1))~~ (a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

~~((2))~~ (b) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;

~~((3))~~ (c) To have access to individual storage space for his or her private use;

~~((4))~~ (d) To have visitors at reasonable times;

~~((5))~~ (e) To have reasonable access to a telephone, both to make and receive confidential calls;

~~((6))~~ (f) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

~~((7))~~ (g) To have the right to individualized care and adequate treatment;

(h) To discuss treatment plans and decisions with professional persons;

(i) To not be denied access to treatment by spiritual means through prayer in accordance with the tenets and practices of a church or religious denomination in addition to the treatment otherwise proposed;

(j) Not to consent to the administration of antipsychotic medications beyond the hearing conducted pursuant to RCW 71.05.320(4) or the performance of electroconvulsant therapy or surgery, except emergency lifesaving surgery, unless ordered by a court of competent jurisdiction pursuant to the following standards and procedures:

~~((a))~~ (i) The administration of antipsychotic medication or electroconvulsant therapy shall not be ordered unless the petitioning party proves by clear, cogent, and convincing evidence that there exists a compelling state interest that justifies overriding the patient's lack of consent to the administration of antipsychotic medications or electroconvulsant therapy, that the proposed treatment is necessary and effective, and that medically acceptable alternative forms of treatment are not available, have not been successful, or are not likely to be effective.

~~((b))~~ (ii) The court shall make specific findings of fact concerning: ~~((i))~~ (A) The existence of one or more compelling state interests; ~~((ii))~~ (B) the necessity and effectiveness of the treatment; and ~~((iii))~~ (C) the person's desires regarding the proposed treatment. If the patient is unable to make a rational and informed decision about consenting to or refusing the proposed treatment, the court shall make a substituted judgment for the patient as if he or she were competent to make such a determination.

~~((c))~~ (iii) The person shall be present at any hearing on a request to administer antipsychotic medication or electroconvulsant therapy filed pursuant to this subsection. The person has the right: ~~((i))~~ (A) To be represented by an attorney; ~~((ii))~~ (B) to present evidence; ~~((iii))~~ (C) to cross-examine witnesses; ~~((iv))~~ (D) to have the rules of evidence enforced; ~~((v))~~ (E) to remain silent; ~~((vi))~~ (F) to view and copy all petitions and reports in the court file; and ~~((vii))~~ (G) to be given reasonable notice and an opportunity to prepare for the hearing. The court may appoint a psychiatrist, physician

assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, psychologist within their scope of practice, physician assistant, or physician to examine and testify on behalf of such person. The court shall appoint a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, psychologist within their scope of practice, physician assistant, or physician designated by such person or the person's counsel to testify on behalf of the person in cases where an order for electroconvulsant therapy is sought.

~~((d))~~ (iv) An order for the administration of antipsychotic medications entered following a hearing conducted pursuant to this section shall be effective for the period of the current involuntary treatment order, and any interim period during which the person is awaiting trial or hearing on a new petition for involuntary treatment or involuntary medication.

~~((e))~~ (v) Any person detained pursuant to RCW 71.05.320(4), who subsequently refuses antipsychotic medication, shall be entitled to the procedures set forth in this subsection.

~~((f))~~ (vi) Antipsychotic medication may be administered to a nonconsenting person detained or committed pursuant to this chapter without a court order pursuant to RCW 71.05.215(2) or under the following circumstances:

~~((i))~~ (A) A person presents an imminent likelihood of serious harm;

~~((ii))~~ (B) Medically acceptable alternatives to administration of antipsychotic medications are not available, have not been successful, or are not likely to be effective; and

~~((iii))~~ (C) In the opinion of the physician, physician assistant, or psychiatric advanced registered nurse practitioner with responsibility for treatment of the person, or his or her designee, the person's condition constitutes an emergency requiring the treatment be instituted before a judicial hearing as authorized pursuant to this section can be held.

If antipsychotic medications are administered over a person's lack of consent pursuant to this subsection, a

petition for an order authorizing the administration of antipsychotic medications shall be filed on the next judicial day. The hearing shall be held within two judicial days. If deemed necessary by the physician, physician assistant, or psychiatric advanced registered nurse practitioner with responsibility for the treatment of the person, administration of antipsychotic medications may continue until the hearing is held;

~~((8))~~ (k) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue;

~~((9))~~ (l) Not to have psychosurgery performed on him or her under any circumstances.

(2) Every person involuntarily detained or committed under the provisions of this chapter is entitled to all the rights set forth in this chapter and retains all rights not denied him or her under this chapter except as limited by chapter 9.41 RCW.

(3) No person may be presumed incompetent as a consequence of receiving evaluation or treatment for a behavioral health disorder. Competency may not be determined or withdrawn except under the provisions of chapter 10.77 or 11.88 RCW.

(4) Subject to RCW 71.05.745 and related regulations, persons receiving evaluation or treatment under this chapter must be given a reasonable choice of an available physician, physician assistant, psychiatric advanced registered nurse practitioner, or other professional person qualified to provide such services.

(5) Whenever any person is detained under this chapter, the person must be advised that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention, a judicial hearing must be held in a superior court within seventy-two hours to determine whether there is probable cause to detain the person for up to an additional fourteen days based on an allegation that because of a behavioral health disorder the person presents a likelihood of serious harm or is gravely disabled, and that at the probable cause hearing the person has the following rights:

(a) To communicate immediately with an attorney; to have an attorney appointed if the person is indigent; and to be told the name and address of the attorney that has been designated;

(b) To remain silent, and to know that any statement the person makes may be used against him or her;

(c) To present evidence on the person's behalf;

(d) To cross-examine witnesses who testify against him or her;

(e) To be proceeded against by the rules of evidence;

(f) To have the court appoint a reasonably available independent professional person to examine the person and testify in the hearing, at public expense unless the person is able to bear the cost;

(g) To view and copy all petitions and reports in the court file; and

(h) To refuse psychiatric medications, including antipsychotic medication beginning twenty-four hours prior to the probable cause hearing.

(6) The judicial hearing described in subsection (5) of this section must be held according to the provisions of subsection (5) of this section and rules promulgated by the supreme court.

(7)(a) Privileges between patients and physicians, physician assistants, psychologists, or psychiatric advanced registered nurse practitioners are deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under this chapter, the privileges are waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

(b) The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

(c) The record maker may not be required to testify in order to introduce medical or psychological records of the

detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contain opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination.

(8) Nothing contained in this chapter prohibits the patient from petitioning by writ of habeas corpus for release.

(9) Nothing in this section permits any person to knowingly violate a no-contact order or a condition of an active judgment and sentence or an active condition of supervision by the department of corrections.

(10) The rights set forth under this section apply equally to ninety-day or one hundred eighty-day hearings under RCW 71.05.310.

**Sec. 32.** RCW 71.05.217 and 2016 c 155 s 4 are each amended to read as follows:

(1) If an individual is referred to a designated crisis responder under RCW 10.77.088 ~~((1)(e)(i))~~ (2)(d)(i), the designated crisis responder shall examine the individual within forty-eight hours. If the designated crisis responder determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the designated crisis responder not later than the next judicial day. At the hearing the superior court shall review the determination of the designated crisis responder and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.088 ~~((1)(e)(ii))~~ (2)(d)(ii), a professional person shall evaluate the individual for purposes of determining

whether to file a ninety-day inpatient or outpatient petition under this chapter. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.088(~~((1)(e)(ii))~~) (2)(d)(ii), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention))~~. If the evaluation and treatment facility files a ninety-day petition within the seventy-two hour period, the clerk shall set a hearing after the day of filing consistent with RCW 71.05.300. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the ~~((prosecutor or))~~ professional person may directly file a petition for ninety-day inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is

required before such a petition may be filed.

~~((The court shall conduct the hearing on the petition filed under this subsection within five judicial days of the date the petition is filed. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the date of the filing of the petition. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner.
