In Testimony Whereof, I have hereunto set my hand and affixed the Seal of the State of Washington, at Olympia, this 11th day of January, A. D., 1943.

(THE SEAL OF THE STATE OF WASHINGTON 1889) BELLE REEVES, *Secretary of State*.

The roll was called and all members were present.

The Honorable Clyde G. Jeffers, Justice of the Supreme Court of the State of Washington, administered the oath of office to all members.

Nominations for Speaker of the House of Representatives were declared to be in order.

The Chief Clerk recognized Mr. Riley (Edward F.).

Mr. Riley (Edward F.) of King:

"Mr. Chief Clerk, Judge Jeffers, Ladies and Gentlemen of the House of Representatives:

"We are about to select our Speaker. I place before you the name of Edward J. Reilly of Spokane County as your candidate for Speaker. Those of you who served here before asked the voters to return you to office because you were better qualified by reason of the experience gained in previous sessions. Mr. Reilly likewise has gained valuable experience because of previous service and this experience amply fits him for the position he seeks.

"Mr. Reilly has presided fairly and capably. Mr. Reilly has been considerate of every member. He has ruled wisely and promptly. He has demonstrated his leadership. He stands for sound legislation based on considered judgment. He has the confidence of the members who served with him here previously. Mr. Reilly will gain the confidence of the new members by his sincerity and frankness and impartiality.

"To the new members, I sincerely hope that you will have sufficient faith in me to realize that I am placing in nomination for the position of Speaker the best-trained

and qualified man for this important position. It has been truly said that there is no substitute for experience.

"Ladies and Gentlemen, it is with pleasure that I recommend Mr. Edward J. Reilly for the position of Speaker, and I ask your support of him."

The Chief Clerk recognized Mr. French.

Mr. French of Douglas and Okanogan:

"Ladies and Gentlemen of the House:

"In rising to my feet at this time to second the nomination of Edward J. Reilly for the position of Speaker of the House of Representatives, I do so fully realizing the seriousness of the situation facing the man elected to that position. I have been a member of this House for the last three sessions, and I know what that man will have to face up there on that rostrum and also behind the scenes in the Speaker's office during the next sixty days. In Edward J. Reilly we have a man of outstanding ability, a man who has been tried under fire many, many times, and whose leadership and fair dealings have been proven time and time again.

"Edward J. Reilly has been one of the outstanding Speakers in the history of this state. As a member of this House, I sincerely endorse and second the nomination of Edward J. Reilly as Speaker of the 1943 session."

The Chief Clerk recognized Mr. O'Brien.

Mr. O'Brien of King:

"Mr. Chief Clerk, Honorable Justice Jeffers, Reverend Johnson, Ladies and Gentlemen of the House:

"Today we start the Twenty-eighth Session of our State Legislature. This is the first time in the history of the State of Washington that the legislature has convened during a period that our country has been in a terrible world conflict.

"There are great problems to be considered by us arising out of this war—civilian defense, cooperation with the Army and Navy authorities. It is most important that we have a man to preside over this House and direct its affairs who is thoroughly acquainted with these problems.

"Mr. Reilly has been in the legislature since the 1935 session. He has always been known to be fair and impartial in all his deliberations.

"It is with a great deal of pleasure that I second the nomination of Edward J. Reilly."

The Chief Clerk recognized Mr. Erdahl.

Mr. Erdahl of Pierce:

"Mr. Chief Clerk, Honorable Judge Jeffers, Ladies and Gentlemen:

"It is a happy privilege and an honor for me to second the nomination of Edward J. Reilly of Spokane for Speaker of this House.

"We who have served with Ed know him to be a fine, capable leader, and a man who will deal with all of us very fairly. Ed, because of his past experience, will be the most capable leader that we could select from this group.

"I am very happy to have this opportunity to second the nomination of Edward J. Reilly."

The Chief Clerk recognized Mr. Martin.

Mr. Martin of San Juan and Skagit:

"Mr. Chief Clerk, Honorable Judge, Ladies and Gentlemen of the House of Representatives:

"I wish to second the nomination of Ed Reilly for Speaker of this honorable body. I do not believe that I can add much to what has already been said regarding his qualifications for that position.

"Mr. Reilly is well known to every member here. He is well and favorably known to all of the old members and, by his record and reputation, he is well known to all of the new members.

"He has served with great distinction in this House for four terms. He was elected Speaker of this House in 1937 and 1941 and, by his conduct in that office, he has established a record which I do not believe has been surpassed by anyone who has acted in that capacity since the first legislature convened in 1889.

"I have served with and worked closely with Mr. Reilly for the past four sessions. I have observed his work very closely and I have always found him to be absolutely fair in all things. With him as Speaker this session each and every member here can be assured absolute fair and impartial treatment. I can think of no greater recommendation than that in seconding his nomination.

"Ed Reilly is the best presiding officer that I have ever had the privilege of observing and to have a man of his ability in the chair, I can assure you, is a tremendous advantage to every one of us. It means that our business will be transacted quickly, efficiently, and in the fairest possible manner.

"We are assembled here to transact the necessary legislative business of this state and many serious problems confront us. We are assembled here in the most critical time of our history. We are engaged in the greatest struggle of all times. We are fighting for everything which to us makes life worth living. It is going to take the combined efforts of every man, woman and child in this country to win.

"Millions of our boys are in the armed forces. Hundreds of thousands of our boys are at this very moment fighting gallantly on battle fields all over the world. Millions more will soon be following them up and they will continue to follow them up until this job is done.

"Certainly, at a time like this, we should sit down to transact the legislative business of this state as a very serious, a very sober-minded group of men and women. We should make a firm resolve that we will get down to business just as quickly as possible, and we will turn out the best job that can possibly be done. We can accomplish that only by electing as our Speaker a man of great ability and experience.

"For those reasons, it is a privilege and a pleasure for me to second the nomination of Edward J. Reilly, for Speaker of this House."

The Chief Clerk recognized Mr. Jones.

Mr. Jones of Chelan:

"Mr. Chief Clerk, my good friend Judge Jeffers, Ladies and Gentlemen of the House of Representatives:

"I deem it a pleasure and an honor to have the privilege of seconding the nomination of Edward J. Reilly of Spokane as Speaker of this House.

"I have known Mr. Reilly for a number of years, and when you work with a man you learn him, and I have found him to be true and honest, and fair and impartial in his dealings with all members of the House.

"During his terms as Speaker, we were in the minority party, and he always gave us fair and just treatment, and I know in my own heart that he has made us one of the best Speakers we have ever sat under, and I thank him."

The Chief Clerk recognized Mr. Vane.

Mr. Vane of Pierce:

"Mr. Chief Clerk, Honorable Judge Jeffers, Ladies and Gentlemen of the Twenty-eighth Legislative Session:

"Having served as a member of this honorable body for five sessions, and having served on the Rules Committee four sessions, and having conducted the affairs of this House from the Speaker's stand, I believe I am quite aware of the work and the duties that must be performed by a Speaker of this body.

"Mr. Edward J. Reilly of Spokane has shown to us older members who have served with him that he has personal ability to conduct the affairs of this House. He has the stamina, both physically and mentally, and has a very fine, astute mind for the performance of this job. To those of you who have not served with him, we ask that you take our word for it that the experience this man has had, and his ability, befit him for this position.

"I ask you to join with me in a vote of confidence when I second the nomination of Edward J. Reilly for Speaker of this House."

The Chief Clerk recognized Mr. Armstrong (Ralph L. J.).

Mr. Armstrong (Ralph L. J.) of Thurston:

"Mr. Chief Clerk, Justice Jeffers, Members of the House of Representatives:

"As you know, I was an opposition candidate to Mr. Reilly for the position as Speaker of this House. The Democratic caucus yesterday resulted in a tie vote.

"As the gentlemen speaking before me pointed out to you, we are meeting today under very unusual circumstances. Our entire nation is engaged with the war effort, and the people sending us here expect a great deal more of us than we have given them some times in the past. There is no room in this House for any bickering or any dissension over any prior differences of opinion. We have a job to do, and we must stand shoulder to shoulder and do it.

"Mr. Reilly has proved himself to be an experienced and capable presiding officer. He has served in this House four sessions, during two of which he was Speaker. I served under him last session, and I can assure you he was fair to all members.

"At this time I wish to withdraw my name, and I hope each of us can get behind Mr. Reilly—not only today, but also in the great task which is before us.

"I second the nomination of Mr. Reilly, and I urge you to elect Mr. Edward J. Reilly as Speaker of this House for the 1943 session."

The Chief Clerk recognized Mrs. Testu.

Mrs. Testu of King:

"Mr. Chairman, Honorable Judge Jeffers, Members of the House of Representatives: "As a new legislator, I second the nomination of Mr. Edward J. Reilly.

"We have an opportunity to demonstrate the kind of unity that the people of our state expect of us. We are members of two great political parties here to inaugurate a program that will benefit our state and be a monument to us long after we are gone.

"I think it would be an admirable thing to unanimously elect Mr. Reilly as Speaker of this House."

The Chief Clerk recognized Mr. Pennock.

Mr. Pennock of King:

"Mr. Chief Clerk, Honorable Judge, Fellow Members of the House of Representatives:

"Others have spoken of the personal qualifications of Edward Reilly; it is in the interests of a program that I rise to speak. The job that we have before us is the job of mobilizing our entire state behind the victory program of the national administration. President Roosevelt in his opening address to Congress last week declared that very soon our nation, and the United Nations, would be striking against Hitler on the continent of Europe, and Roosevelt called for a domestic program to speed the production of both the weapons of war and the sinews of war to make that offensive possible.

"We in Washington State are the nearest of any state in the nation to the Japanese enemy—and therefore the most liable to attack from them. Also, our state has the third largest number of war contracts of any state in the nation. Thus we have an especially grave responsibility in this legislature to fully mobilize every single Washingtonian to do his full share behind our national leadership.

"We can only do the job before us if we move to end all business-as-usual, all profits-and-politics-as-usual, only if we put out of commission all appeasement groups and elements in our state—and let us not fool ourselves—there are appeasement groups and elements in our state.

"We can do the job before us only if we enact a program which will do such things as (1) Give labor and the common man a larger share in the councils of our state, for labor is the backbone of our war effort; (2) Provide adequate financing for our city and county government with especial reference to civilian defense appropriations; (3) Provide a decent standard of living for the social security groups—senior citizens, dependent mothers and children—so they can do their full share in the war; (4) Extend public power, without the development of which our state and nation would indeed be hard put to produce the planes and tanks and guns necessary to defeat Hitler, (5) Aid the farmer in his weighty task of producing greatly increased food quotas. These of course are only parts of the job.

"In the interests of such a program, I second the nomination of Edward J. Reilly for Speaker."

The Chief Clerk recognized Mr. Hall.

Mr. Hall of King:

"Mr. Chief Clerk, Ladies and Gentlemen:

"I have served four terms with the Honorable Edward J. Reilly, and I want to add my testimony as to his ability to serve with honesty and with fairness to every mem-

ber of this House at all times. His ability to decide all questions of controversy and settle all things that come up has proved him to be an A-1 leader.

"It pleases me very much to second the nomination of Edward J. Reilly."

The Chief Clerk recognized Mr. Hurley.

Mr. Hurley of King:

"Mr. Chief Clerk, Mr. Justice, Members of the House, and Visitors:

"I wish to second the nomination of Mr. Reilly. I anticipate that Mr. Reilly will lead this session forward on the people's victory program calling for such necessary war measures as equal pay for women, nurseries for the children of working mothers, adequate civilian preparation, more labor representation on defense boards, and other necessary war agencies. In addition to that, I feel that this session should call for complete unity of both parties on all essential war measures.

"As our great President in his recent speech stated: 'Security must be guaranteed from the cradle to the grave,' regardless of the war, and that the boys returning from the war must not come back to a fallen economic structure of unemployment and doles. I know that we are a hundred per cent behind the President's program, and I wish to say again that I feel confident that the Speaker, Mr. Edward J. Reilly, will competently lead this House to a successful conclusion of this program and be a hundred per cent behind our President."

On the motion of Mr. Anderson (B. Roy), nominations for speaker were closed.

The Speaker assumed the Chair, and addressed the House with the following remarks:

"Honorable Justice, Members of the Legislature, Friends;

"Your vote of confidence in me at this time fills me with something that is hard to express. I cannot put into words how deeply I feel right now towards each and

every one of you. There is one thing that I know, and that is that there are present in this room today ninety-nine Americans; and that we are here with one thought upmost in our minds—that we wish to preserve the right to do what we have just done—the election of a Speaker and the election of the other officers of this parliamentary body. This represents the desire throughout the State from which we are here elected, not to be dictated to by anyone.

"Our actions in the next sixty days will either tear down the moral fiber of every soldier, sailor, marine and aviator, or it will strengthen that fiber to a point where victory will be in our grasp in a very short time. What I ask of each and every one of you is that while I am dispelling my duties as your Speaker, you be patient with me so that I may do them fairly and honestly and impartially. I assure you that I shall expend every effort toward that end during the time of this legislative session.

"As practically everybody knows that is here today, we had a contest for the election of Speaker, and I say to you that my opponent in the Democratic ranks has manifested the quality of the man he is in withdrawing his name as a candidate. It is much easier to win than it is to lose, but it is much harder to be a big man in losing than to win, and I wish to express to my opponent, Mr. Armstrong, my deepest and sincerest appreciation of the confidence he has shown in me, and given to each and every one of you, by how he feels toward me as your duly elected Speaker.

"I wish to express to each and every one of you that my efforts shall be untiring to put over a program that will be paramount to the winning of the war, second to the perpetuation of our national form of government and to the welfare of the people of the State of Washington.

"I thank you." (Applause.)

On the motion of Mr. Watkins, Mrs. Edward J. Reilly, who was observed in the gallery, was requested to stand and be introduced to the members of the House and to the employees. (Applause.)

I want to tell you that he served as a Representative in the House two sessions, coming from District No. 10, and served very creditably. of the State of Washington.*

SIR: Pursuant to the provisions of Chapter 93, Laws of 1941, the Department of Public Service has drafted and compiled a full and complete code of all statutes relating to its powers and duties, and has transmitted mimeographed copies of the same to the Chief Clerk of the House for distribution to each member.

Also, in accordance with the provisions of Chapter 93, Laws of 1941, the department has prepared and submits herewith a report of the suggestions for improvements in the public service laws. Mimeographed copies of this report have also been transmitted to the Chief Clerk of the House for distribution to all members.

It is respectfully requested that the enclosed report be read into the record of proceedings of the 1943 session of the Legislature.

Very truly yours,

FREDERICK G. HAMLEY,
Director of Public Service.

State of Washington, Department of Public Service,
Olympia, January 11, 1943.

*To the Honorable, the Senate and the House of Representatives
of the State of Washington:*

GENTLEMEN: The last session of the Legislature enacted Chapter 93, Laws of 1941, providing as follows:

"Section 1. The Department of Public Service, with the advice and assistance of the Attorney General, is hereby directed to draft and compile a full and complete code of all statutes relating to its powers and duties and present a report of the same, with any suggestions for improvements, to the 1943 session of the Legislature during its first week of session."

Pursuant to this legislative direction, the Department of Public Service has compiled, and submits herewith along with this report, a code of all statutes relating to its powers and duties. With respect to the "suggestions for improvements," the department believes that the public service laws should be completely revised and reenacted in the form of a unified code, but, for reasons hereinafter set forth, the department respectfully recommends that this complete revision and reenactment should be postponed until the 1945 session of the Legislature. In the event that this course is followed, the department is of the view that there are several changes and additions to the existing law which should not wait until 1945, and the department will hereafter submit, for your consideration, separate bills covering these matters.

REPORT TO LEGISLATURE

The laws of the State of Washington relating to the powers and duties of the department consist of numerous acts of the Legislature enacted since the creation of the Public Service Commission in 1911. Broadly speaking, these separate acts may be said to consist of the following:

- (1) Chapter 117, Laws of 1911, as amended, known as the "Public Service Commission Law."
- (2) Chapter 30, Laws of 1913, as amended, relating to railroad grade crossings.
- (3) Chapter 111, Laws of 1921, as amended, commonly known as the "Auto Transportation Act."
- (4) Chapter 248, Laws of 1927, relating to the transportation of passengers and vehicles by vessel.
- (5) Chapter 151, Laws of 1933, as amended, relating to the issuance of securities by public service companies.
- (6) Chapter 152, Laws of 1933, as amended, relating to affiliated interests of public service companies.
- (7) Chapter 154, Laws of 1933, as amended, relating to public storage warehouses.

- (8) Chapter 165, Laws of 1933, which amended the Public Service Commission Law, and certain other legislative enactments, and also contained several new sections which were not amendatory of any previous enactment.
- (9) Chapter 184, Laws of 1935, as amended, commonly known as the "Truck Act."
- (10) Chapter 158, Laws of 1937, as amended, relating to regulatory fees to be paid by public service companies.
- (11) Chapter 203, Laws of 1939, relating to investigation of public service companies.
- (12) Chapter 159, Laws of 1941, relating to transfers of property by public service companies.
- (13) Chapter 161, Laws of 1941, relating to grade crossings of logging and industrial railroads.
- (14) Chapter 198, Laws of 1941, relating to motor carrier transportation agents.

In the code of existing statutes compiled by the department, an attempt has been made to place all of these separate enactments, and all other statutes relating to the powers and duties of the department, in a logical order. An examination of this compilation will disclose the fact that Article 1, entitled "General Provisions," contains the general statutes applying to the powers and duties of the department with respect to all persons subject to regulation by the department, and sets forth the sections having to do with such matters as hearings, procedure and penalties. Generally speaking, Article 1 is based upon the Public Service Commission Law of 1911, and upon Chapter 165, Laws of 1933.

Under the method of arrangement followed by the department in compiling the existing statutes, Article 1, entitled "General Provisions" is followed by 17 other articles relating either to specific subjects, or to specific types of public service companies. Articles 2 to 6, inclusive, relate to specific subjects, namely, "Regulatory Fees," "Investigation of Public Service Companies," "Securities," "Transfers of Property" and "Affiliated Interests." All of these articles, meaning Articles 1 to 6, inclusive, are applicable to all types of public service companies. Articles 7 to 14 inclusive, relate to transportation, and are entitled respectively, "Common Carriers-General," "Railroads-General," "Railroads-Grade Crossings," "Logging and Industrial Railroads-Grade Crossings," "Highway Passenger Carriers," "Highway Freight Carriers," "Motor Carrier Transportation Agents," and "Water Transportation Companies." Articles 15 to 18, inclusive, entitled "Gas, Electrical and Water Companies," "Telephone and Telegraph Companies," "Wharfingers and Warehousemen" and "Public Storage Warehouses" relate to public service companies other than transportation companies.

Following each section of the compilation of existing laws, the department has inserted references to the Session Laws, to Remington's Revised Statutes, and to the compilation of laws prepared by the department in 1935, commonly known as the "O'Leary Code."

In addition to directing the department to draft and compile a full and complete code of all statutes relating to its powers and duties, the 1941 Legislature directed the department to present this report "with any suggestions for improvements." In considering the matter of suggesting improvements, the department has examined carefully every section of every statute relating to the department's powers and duties. Due to the fact that no fundamental revision of the Public Service Laws has been undertaken since the original enactment of the Public Service Commission Law in 1911, the department's "suggestions for improvements" are many and varied.

Basically, the improvements which the department believes should be made in the existing public service laws are the following: First, the grouping of all statutes relating to the powers and duties of the Department of Public Service in a logical order, and the reenactment of these statutes in this order so that all laws relating to the powers and duties of the Department of Public Service will appear in one part of any published code of the laws of this state; second, the modernizing of the definitions contained in the various legislative enactments during the past thirty years, particularly the definitions contained in the Public Service Commission Laws of 1911; third, the making of numerous minor changes in individual sections to overcome antiquated provisions, such as the references to the "Public Service Commission," which has not existed since 1921; fourth, the outright repeal or fundamental revision of numerous sections of the existing statutes which have proved unworkable in their present form, either because of the impracticability of the objective attempted to be reached, or because of the inaptness of the language used; and fifth, the inclusion of provisions

giving the department such additional powers and duties as appear to be necessary, in the public interest, as a result of the changes, developments and new trends in the public utility industries.

During the past year, several members of the department's staff, with the assistance of the assistant Attorney Generals assigned to the department, have devoted much of their time to the consideration of possible improvements in the existing public service laws. Staff conferences have been held on many occasions for the purpose of arriving at conclusions as to the proper language to be used in certain sections. After each series of these conferences relating to the various subjects covered by the public service laws, the department prepared and sent to the affected public service companies, and to a large number of attorneys and other interested persons, detailed analyses of all proposed changes in the laws. These detailed analyses are available to any members of the Legislature who may desire the same. In the letters of transmittal attached to these analyses, the department requested all interested parties to submit written comments upon the proposed changes. In addition to receiving a large number of written comments, the department has held numerous conferences with representatives of different companies and associations regarding the proposed changes in the laws.

In preparing and submitting to the affected public service companies the detailed analyses of the proposed changes in the law, the department proceeded upon the assumption that a bill would be introduced at the 1943 session incorporating all of these proposed changes, as revised or supplemented after receiving the suggestions of the persons to whom the analyses were sent. Within the last few weeks, however, it has become more and more apparent that there would be some very serious practicable difficulties in obtaining careful consideration and enactment of a completely revised public service code at the 1943 session. Briefly summarized, these practicable difficulties are as follows:

(1) Because of the heavy wartime burdens which have been placed upon all public utility companies and their personnel, representatives of the public utility industries feel that they should have additional time in which to study this very important matter, and that they are not now in a position to express their views to the Legislature regarding the suggested revision.

(2) Certain important principles of public utility regulation, such as the proper basis for determining valuation of property, are presently being re-examined in the courts, and it is difficult at this time to formulate statutory language which will be certain to coincide with judicial pronouncements which may be expected to come down within the next two years.

For the above reasons, the department is of the opinion, and respectfully recommends that consideration by the Legislature of the advisability of enacting a new public service code be postponed until 1945; that Chapter 93 of the Laws of 1941, be reenacted to give the department two more years in which to make a final report; and that changes in the present law which are deemed to be sufficiently urgent to require consideration at this session be dealt with in the form of separate bills.

Respectfully submitted,

FREDERICK G. HAMLEY,
Director of Public Service.

MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,
Olympia, Washington, January 11, 1943.

To the Honorable, The Speaker of the House of Representatives,
The Legislature of the State of Washington, Olympia, Washington.

SIR: On the twenty-ninth day of August, 1942, Henry P. Carstensen, Master and Chief Official of the Washington State Grange, for and on behalf of said organization tendered five (5) copies of a proposed measure to be an Initiative to the Legislature of the State of Washington, accompanied by his affidavit stating that his post office address is 421 West Roy Street, Seattle, Washington, and that he is a legal voter, also that the name and post office address of the organization proposing this initiative petition for submission to the Legislature is:

WASHINGTON STATE GRANGE,
3104 WESTERN AVENUE, SEATTLE, WASHINGTON

The copies of the proposed measure were filed and the measure was given serial Number 12. A copy was transmitted to the Attorney General for Ballot Title, and

on August 31st, 1942, the following Ballot Title was received from the Attorney General.

"BALLOT TITLE

Initiative Measure to the Legislature No. 12. An act pertaining to public power resources and public utilities and acquisition and operation thereof by certain public authorities and municipal corporations; authorizing public utility district commissioners to create joint commissions; relating to composition, government, powers, funds, business and properties thereof; applying certain public utility district laws thereto; empowering them to acquire electrical properties solely by issuing revenue bonds and warrants; requiring deposit of funds with State Treasurer and audit of accounts by State Auditor; taxing their operations instead of property; permitting their union; offsetting earnings against interest on certain condemnation awards; declaring emergency and that act takes effect immediately."

On September 2nd, 1942, the exact language of the above quoted Ballot Title was transmitted to the Washington State Grange, 3104 Western Avenue, Seattle, Washington, by telegram and confirmed by mail as required by law.

I further certify that on December 28th, 1942, Rolla V. Houghton, attorney representing the Washington State Grange, submitted petitions said to contain in excess of 53,000 names of legal voters for filing and canvass, and requested that report of the final canvass and count be certified to the Legislature.

Accompanying the petitions was a statement of receipts and disbursements had in connection with the circulation of petitions which statement was verified by the affidavit of Henry P. Carstensen, Master of the Washington State Grange.

On December 29th, 1942, a preliminary canvass of the names of the voters who signed the petitions was made, and the result of which indicated that there were apparently in excess of 53,000 names signed to the petitions. The petitions were accepted for further examination, canvass and count as required by law.

In the absence of the Governor, the sheets containing the signatures were detached in the presence of Otto A. Case, State Treasurer and F. D. Keister, Assistant State Auditor. They were then bound in seventy-one (71) volumes for convenience in filing and canvassing as is permitted by law. The count of these showed that 53,806 signatures had been obtained.

On December 31, 1942, Rolla V. Houghton, attorney representing the Washington State Grange, submitted additional petitions said to contain in excess of 7,000 names of legal voters for filing and canvass.

Accompanying the additional petitions was a statement of receipts and disbursements had in connection with the circulation of petitions which statement was verified by the affidavit of Henry P. Carstensen, Master of the Washington State Grange.

On January 5, 1943, a preliminary canvass of the names of the voters who signed the petitions was made, the result of which indicated that there were apparently 7,972 names signed to said petitions. The petitions were accepted for further examination, canvass and count as required by law. With the supplemental filing the grand total number of signatures submitted was approximately 61,778.

In the absence of the Governor, the sheets containing the signatures were detached in the presence of Otto A. Case, State Treasurer and F. D. Kiester, Assistant State Auditor. They were then bound in fourteen (14) volumes for convenience in filing and canvassing as is permitted by law.

The canvass has proceeded as expeditiously as possible since the time of filing and is continuing at present. To date, 18,457 signatures have been compared to the permanent registration cards in my possession. Of this number 17,731 have been found to be valid signatures of legal voters, while 726 signatures have been rejected.

The above figures show that 96% (per cent) of the names thus far checked have been found to be the signatures of legal voters of the State of Washington.

The Secretary of State's Office estimates that the canvass will be completed on or about February 1, 1943 at which time a full report will be given to the Legislature, including a certified copy of the proposed measure and a certified copy of the affidavit accompanying it.

Respectfully submitted,

BELLE REEVES,
Secretary of State.

On motion of Mr. Hodde, further consideration of this matter was deferred until the complete report of the Secretary of State had been received.

MESSAGE OF GOVERNOR ARTHUR B. LANGLIE TO THE LEGISLATURE

Mr. President, Mr. Speaker, Ladies and Gentlemen of the Legislature, and my Fellow Citizens of Washington:

Under the serious and steady influences of this world-wide war in which the safety of our country and the preservation of basic freedoms are at stake, the Twenty-Eighth Legislature of the State of Washington has assembled to perform its constitutional functions.

Not since Territorial days, when the Indians were making their last stand against the encroachment of white civilization, has war so directly threatened our homes and our land. Never before have the citizens of our state been called upon to play the mighty role in defense of our nation which circumstances have now assigned to them. Our strategic geographical position and our abundance of natural, industrial and manpower resources have made the State of Washington at once a vast powerhouse for waging victorious warfare and a prime target for enemy attack. The situation thus created and existing has placed upon us who are gathered here today great and new responsibilities. What we now do or fail to do, as representatives of the people of our state, will be of consequence not only to our own electorate, but to our men in uniform on every front, to our country which has taken up the challenge of the oppressor, and to people everywhere who hope and pray for liberty and peace.

Let us, then, face our tasks with a full appreciation of these responsibilities,—let us gear state government to meet the emergencies and exigencies of war,—let us plan and build for the days of peace to come,—let us set aside all partisan and personal considerations and test every proposition according to the highest standards of patriotism,—let us, in short enlist in this war the very processes of representative government which we are fighting to preserve.

PERFORMANCE OF WARTIME REPOSIBILITIES

In giving consideration to the many important wartime measures which will require your attention, you will want to know the scope and extent of the war efforts in which the state government is already engaged. I am glad to be able to report that the state has been promptly and effectively performing its wartime responsibilities, including those that the military authorities and the federal war agencies

have assigned. Likewise, the people of our state have responded magnificently to all requests made to them by the state authorities, and local units of government and local officials have cooperated fully and discharged, with credit, the many added duties which the war has brought to them.

STATE DEFENSE COUNCIL

Two years ago the State Emergency Commission for National Defense was organized and functioned for a period of some months in meeting the emergency phases of the national defense problem. Thereafter, the Washington State Defense Council, established by law, was combined with this Commission and since that time all phases of the Civilian Defense activities have been carried on by the State Defense Council. Under the guidance and leadership of the State Defense Council, and with the active participation of the local Councils of Defense set up in every community, the work of mobilizing the citizens of the state for full participation in the war has gone steadily forward.

SPECIFIC WAR ACTIVITIES

In addition to the work of the State Defense Council, the state government has been engaged in numerous other activities directly connected with the war. The State Guard and the State Guard Reserve have been organized to replace the federalized National Guard; a system has been established for licensing and guarding explosives; supervision has been exercised over public gatherings in areas designated by the Western Defense Command; dimout enforcement and an alien-control permit system were organized at the request of the Army; protective defense areas around vital military and naval installations have been established; all Japanese were disarmed within a few days after Pearl Harbor, at the urgent request of the military; a comprehensive civilian evacuation plan has been developed; and the solution of a critical harvest labor shortage was aided by use of institutional inmates, release of state employes for harvesting, and the organization of transportation for harvesters.

ADDITIONAL WAR ACTIVITIES

As further steps in the state's effort to aid in the prosecution of the war, a survey of machine tools owned by the state was undertaken and there was released to the United States Navy Bureau of Ships, machine tools valued at \$59,000; leadership was exercised in conducting various scrap and salvage campaigns; a Highway Traffic Advisory Committee was organized, at the request of the Office of Defense Transportation, to assist in the staggered-hour, share-the-ride and other programs designed to conserve rubber and gasoline and alleviate the critical transportation problem; a Governor's Emergency Executive Cabinet was created to coordinate the wartime activities of the various state departments. Other war efforts, too numerous to mention here, are reported upon in detail in the biennial reports filed by the various departments.

INCREASED GOVERNMENT EFFICIENCY

While the main emphasis has been placed, during the current biennium, on the state's war activities, efficient performance of the state's many regular services and functions have by no means been lost sight of. During the past two years, a number of important steps have been taken for the purpose of improving coordination between the various code departments, establishing uniform methods of operation; instituting businesslike practices and overcoming duplications and overlapping of functions.

STATE AUTOMOBILE POOL

One of the most important developments in this direction has been the establishment of a pool, in Olympia, of state-owned automobiles. The result has been that automobiles which were formerly assigned to one employe in one department are now available for use by several employes without restriction as to department. At the same time a system of checking on the use of all state-owned and privately-owned vehicles used on official business by the code departments has been instituted. The over-all reduction in travel on state business during the last two years approximates 30%, and a saving in travel expenses of more than \$10,000 a month has been accomplished. In addition to the general benefit to the state, the saving of thousands of miles of driving has conserved rubber, gasoline and manpower, thus contributing substantially to the war effort.

OTHER SPECIFIC IMPROVEMENTS IN GENERAL OPERATIONS

Other important steps in line with this general program of placing state government on a business-like basis include the following: the separate radio systems of the State Patrol and the Highway Department have been combined; a Central Stores has been established to handle office and stationery supplies and miscellaneous equipment for all code departments, by reason of which it has been possible to buy merchandise at from 10% to 50% below current wholesale prices; a central typewriter repair service has been established to properly maintain the state's \$130,000 investment in this type of equipment; state personnel was reduced by approximately 800, thereby helping to meet the manpower problem; the two state Personnel Boards which were functioning at the beginning of the biennium have been combined into a single board which now serves two more departments than formerly; the purchase of fidelity bonds and automobile insurance, formerly handled by the individual departments, is now handled centrally through the Purchasing Division under blanket policies awarded to licensed companies following competitive bidding, resulting in an annual saving of approximately \$34,000; there has been established a perpetually-maintained inventory of state equipment, and personnel and organization studies of the Departments of Highways, of Finance, Budget and Business, and Labor and Industries have been completed by an independent firm of governmental consultants.

PUBLIC INSTITUTIONS

During the current biennium a definite policy of improving the administration of the state's 14 public institutions has been formulated and diligently carried out. On December 1, 1941, a Supervisor of Public Institutions with an outstanding background of training, experience and achievement in the field of institutional administration was appointed. In order to provide technical supervision over the specialized phases of institutional operation a trained food administrator, a supervising farm manager and a supervising field worker have been employed. Where vacancies have occurred in the position of superintendent of the various institutions, only trained, experienced administrators have been appointed. A farm survey has been conducted by the Washington State College for the purpose of developing a scientific farming program for the institutions. Similarly, the Graduate School of Social Work of the University of Washington has conducted a survey of the social work programs. The medical programs were surveyed by the Washington State Medical Association and the United States Public Health Service. A fire prevention inspection of all state institutions is now in progress. Three honor camps have been established, one engaged in tree planting, road building and fire prevention, another engaged in laying a water pipe supply line to serve the Western State Custodial School at Buckley, and a third has been established to provide wood to aid in relieving the fuel shortage in the Pacific Northwest.

REPORT OF INTERIM COMMITTEE

You will have before you the report of your State Charitable, Penal and Reformatory Interim Investigating Committee, which was established by Senate Joint Resolution No. 18, passed by the 1941 Session of the Legislature, to investigate and report upon the state institutions. I commend this report to you for your review in full. Real progress has been made in this biennium in improving the administration of these various institutions. Despite the difficulties that have been encountered in all states in operating institutions of this kind in these abnormal times, ours have met their responsibilities well. If allowances are made for justifiable increases in salaries for the next biennium, the programs that are now so well under way in these institutions can be carried forward without interruption.

FARM LABOR SHORTAGE

With respect to aid and encouragement of the state's agricultural and livestock industries, I have already called attention to the assistance which has been rendered in meeting the farm-labor shortage problem. Every department of state government, which could in any way contribute to the meeting of this most serious situation, actively cooperated in the task, for we regarded this as one of the most important challenges which state government had to meet. I am reliably informed that loss in the harvesting of our bumper crops was held to a minimum. We are already planning on ways and means of helping the farmers again meet this problem in the coming season.

BANG'S DISEASE AND PEAR PSYLLA

The Bang's disease elimination and control program in the dairy and range cattle herds has made very satisfactory progress. This program has been carried on in cooperation with the U. S. Department of Agriculture's Bureau of Animal Industry. Eighteen counties have now been declared accredited free areas and the work is now in progress in all but seven of the thirty-nine counties of the state. The Pear Psylla, which has been a very serious pest in the pear industry of this state, has been partially eradicated and controlled.

RECLAMATION

The Reclamation Revolving Fund is in better condition from the standpoint of returns on the investment than it has been for the past ten years. Very few districts are in default on interest or principal; in fact, many of them are redeeming bonds in advance of their due dates.

FISHERIES INDUSTRY

Every effort has been made during the current biennium to assist in the development and stabilization of our important fisheries industry. A special investigation inaugurated under the cooperative auspices of the Washington State Planning Council and the Department of Fisheries has already resulted in finding a means of obtaining a greatly increased yield of Pacific Oyster spat. Our oyster industry is consequently no longer dependent upon Japanese oyster culture. The Fisheries Department has cooperated with the International Fisheries Commission in the overcoming of artificial and natural hazards which have destroyed Puget Sound salmon valued at many millions of dollars.

Our state produces approximately 130,000,000 pounds of foodfish and shellfish annually and ranks high in the production of vitamin oils. These foods and vitamins are of tremendous importance in supplying the needs of our armies, our allies and our civilian population. During the last thirty years, however, a steady and alarming decline has taken place in the abundance of our salmon. Comparing the catch of 1941 with 1913, a cyclic year, we find that the landings dropped from forty-one million salmon in 1913 to five million salmon in 1941, with a financial loss to the fishermen alone, at 1941 prices, of Twenty-two Million Seven Hundred Sixty-five Thousand Dollars. We must act promptly if we are to conserve and rebuild this industry and it is recommended, as a debt due from the general public in their utilization of the fisheries resource and as a sound business investment, that Two Hundred Thousand Dollars be appropriated from the general fund to augment the fisheries fund, heretofore supported solely by license fees and catch and privilege taxes. Only by proper financing can we perpetuate this great resource and provide for gradual regaining of the present serious annual loss in basic wealth to the state.

DEPARTMENT OF LABOR AND INDUSTRIES

The Department of Labor and Industries has encountered a tremendous increase in work during the current biennium. I also want to call your attention to the many constructive steps which this department has taken to improve the quality of its service to labor and to industry. Through the individual efforts of the large wartime industries, and the active assistance of the department's Safety and Medical Divisions, there has been a gratifying decrease in accident severity and the previous upward trend in the accident ratio for hours of exposure has been effectively checked. This has been accomplished notwithstanding the great expansion of extrahazardous industries and the fact that thousands of untrained men and women have been drawn into this employment. A plan has been developed whereby consulting physicians of repute in each of the large geographical industrial centers of the state accept assignment to check on all serious injuries both at the time of inception and also at the time of hospitalization. The result has been the avoidance of much maladministration and improper treatment of injured workmen.

The Department of Labor and Industries has bent every effort to improve safety inspection and safety standards in extrahazardous industries, and is now asking for amendatory legislation to strengthen its position in the enforcement of safety work orders. The department has recreated the position of Supervisor of Industrial Relations to whom has been assigned the administration of the statute passed by the

last Legislature creating an Apprenticeship Council. This body has done splendid work in the field of training and also in admitting apprentices in the skilled industries of the state to perform the vital work of wartime industrial production. Taking cognizance of the infiltration of thousands of women into industry to take the places of men, the position of Supervisor of Women in Industry has also been recreated. This division has taken on a tremendous task and in its constantly expanding efforts it is helping to meet many of the problems of minors and women in industry.

STATE PATROL

The Washington State Patrol has experienced a most substantial increase in its functions, due to the many special war duties which have been assigned to it by the military authorities, the federal war agencies and the State Defense Council. To cope with this situation, the line of command in the State Patrol was reorganized, establishing centralized authority with decentralized operation, thus allowing for a more efficient discharge of duties. The Communications Division was reorganized and the rank of Communications Officer was installed, as the taking over of fourteen radio stations formerly operated by the Department of Highways and the installation of new stations in Kelso, Hoquiam, Bremerton, Everett, Fort Lewis, and Mount Vernon greatly increased the importance of this phase of the State Patrol's work.

The State Patrol has established an in-service training program for all patrolmen and a high percentage of the State Patrol personnel has received an intensive refresher course in advanced first aid.

PUBLIC HEALTH ACTIVITIES

The State Department of Health has had to take on an added load, as a result of our preparation for and entry into the war, to the end that the war effort may not be impeded by reason of unsatisfactory health conditions. The Health Department has actively cooperated in the development of "full-time" health departments in local government. To September 30, 1942, the department supervised the distribution of Five Hundred Fifteen Thousand Dollars in federal and state money to aid local health departments and in addition detailed twelve health officers and other physicians, nurses, engineers and sanitarians to local health departments without charge to those departments. The department also cooperated with the Army and the medical societies of Pierce and Thurston counties in developing a plan for insuring adequate and timely care of families of soldiers in need of maternity care in the Fort Lewis and Fort Worden areas. Cooperating with the United States Public Health Service, the state department has created a Division of Industrial Hygiene and is engaged in making studies in war production plants for the purpose of improving health conditions.

DEVELOPMENT OF MINING RESOURCES

The mining industry of the state is one in which our people have a big stake, for with great quantities of electric power and excellent transportation facilities, it remains only to develop our mineral resources in order to be assured of the large basic industries which will stabilize our economic position when normal times return. The Divisions of Mines and Mining, and of Geology have been busily engaged in the investigation of these resources during the current biennium and important results have been forthcoming. They have established proof of the occurrence of some five million tons of iron ore in the Buckhorn Mountain deposits of Okanogan County and the probability that 18½ million tons may be available there for a Northwest iron or steel industry. They have shown that one hundred thirty-two thousand tons of iron-ore sand is easily available in a Pacific County occurrence and more important, that thirty-three thousand tons of titanium ore, much needed for smoke-screen chemicals, can also be produced at the same time. It has been proved that there is an occurrence of some two million tons of commercial magnesite, suitable for reduction to metallic magnesium, on state lands in Stevens County. A deposit of nickel ore in Chelan County has been developed, and good progress and satisfactory results are reported by the operators.

These Divisions have also established the existence of many hitherto unknown occurrences of tungsten and secured the attention of local and Eastern capital in their exploration. Deposits now investigated are in Chelan, Ferry, Okanogan, Stevens

and Yakima counties. Information has been supplied regarding alunite and state-wide deposits of high-alumina clays, and samples are now being investigated as sources of aluminum. In these and many other investigations, material aid has been given by interested federal agencies.

PLANNING AND RESEARCH FOR POST-WAR ERA

You will observe that in addition to the war efforts in which the various code departments have been engaged, they have been emphasizing those activities which tend to develop the resources and industries of our state. This is most important, for the welfare and happiness of our people in the post-war years will largely depend upon the planning and the constructive action we are now taking to expand and stabilize our industrial economy. At the last session of the Legislature an appropriation of One Hundred Fifty Thousand Dollars was requested for the use of the State Planning Council for carrying on research in connection with furthering development of agriculture and industry within the State of Washington. To date twenty-four projects have been undertaken along this line, and a total of One Hundred Ten Thousand Dollars of this appropriation has been earmarked for the expenses which they will entail. In every one of these projects scientists in the administrative departments of the state or in our University or State College have been utilized. Much of the success of this research arises from the fact that every proposal to undertake such research has had the scrutiny of a committee of engineers and business men set up by the Planning Council to pass on the practical and useful nature of the research.

RESEARCH PROJECTS

Seven of these projects have now been completed or are so nearly complete that their results can be accurately forecast. They have to do with the production of metallurgical wood coke; the study of logging waste; the profitable utilization of forest waste; the drilling for magnesite deposits on school lands; the study of factors creating mold spoilage of Washington berries; Pacific and Olympia oyster culture research; and the sand casting of light metal alloys.

POST-WAR BUILDING PROGRAM

As a further effort to prepare for post-war progress in our state, a thorough-going study has been made of the capital outlay needs of the various departments of state government, with the thought of building up a program for peace-time construction of essential needs of the state government. There are many buildings on the grounds of various institutions in this state that are inadequate, are poorly constructed and present fire hazards at the present time. Looking to the future, it is essential for the economical operation of these buildings, and for the safety of the people who must necessarily use them, that they be constructed on a Class "A" basis at the earliest time consistent with the availability of men and materials.

This study has progressed very well and approximately Twenty-two Million Dollars worth of construction, exclusive of highway improvements, has been programmed and catalogued as to needs and relative importance. The plans thus made provide a reservoir of public works to assist in meeting future employment needs through the construction of buildings and improvements which will be useful and necessary to state government and its people. Needless to say this planning will be of little use unless we keep our state government upon a sound financial basis and built up such cash reserves as the present requirements of government will permit.

POST-WAR HIGHWAY CONSTRUCTION PROGRAM

The State Highway Department and the Highway Advisory Commission have also been giving a great deal of attention to the development of a post-war highway and bridge construction program. A list of more than fifty such projects, which will involve an ultimate total expenditure of more than One Hundred Twenty Million Dollars of gasoline tax and federal moneys, has been prepared. The Highway Department has these projects spotted on a large map and I invite the members of the Legislature to study this map and the descriptive list of projects upon which it is based. This list of projects is not limited as to time, and how long it will take to complete depends, of course, upon the availability of funds. It is our intention to continue with this planning of post-war highway construction so that we may be in a position

to proceed expeditiously with these needed highway improvements during the period of labor and industrial adjustment which may be expected to follow the war.

TACOMA NARROWS BRIDGE

A short time before the meeting of the last Legislature, the Tacoma Narrows Bridge collapsed and as a result many problems both financial and engineering presented themselves. Recognizing the importance of the bridge and the need for its reconstruction at the earliest possible time, prompt steps were taken to enforce collection on the insurance policies covering the bridge. After short preliminary negotiations and the instituting of an action in state courts against the insurance companies involved, a settlement very favorable to the state, was consummated. As a result, the outstanding obligations against the old bridge were paid in full. The state has full ownership and title to the piers valued at approximately Three Million One Hundred Sixty-four Thousand Dollars that can now be used as the base for construction of a new, larger, and permanent bridge. In addition, the state has cash on hand in the Tacoma Narrows bridge fund amounting to approximately Two Hundred Thousand Dollars with the possibility that this fund may be augmented by the disposition of the salvage from the old bridge.

Anticipating the earliest possible day when work can be started on this structure, the state has developed new plans by some of the best engineering consultants in the nation, and these plans are now being submitted to laboratory tests. This project stands then as a primary undertaking as soon as materials and manpower are available.

REVERSION OF UNEXPENDED APPROPRIATIONS—SURPLUS IN GENERAL REVENUE FUNDS

Turning now to a consideration of the state's finances and the budgetary problems, you may recall that in my message to the Legislature two years ago I said that we would, by careful checking of expenditures, revert three and one half million dollars of the general funds appropriated. While it has been necessary to ask for deficiency appropriations to Social Security and other departments totalling Three Million Four Hundred Thousand Dollars, we have at the same time been able to make reversions of current appropriations which aggregate Seven Million Three Hundred Thousand Dollars and thus leave a net reversion of the funds appropriated two years ago amounting to Three Million Nine Hundred Thousand Dollars. Taking into account this reversion and deficiency appropriations requested there will be, at the end of this biennium, a surplus of approximately Twenty Million Six Hundred Thousand Dollars in the general revenue funds.

DEFICIENCY APPROPRIATIONS

The bulk of the deficiency appropriations I have just called your attention to are being requested by the Departments of Social Security and Labor and Industries and the Division of Institutions. The additional sum which the Department of Labor and Industries, is requesting is due entirely to the tremendous added burdens which have been caused by the great expansion of war industries and the increased population in our state. The additional sum needed by the Division of Institutions is due largely to the increased cost of fuel, food and clothing, and the necessity of increasing salaries of institutional employes. The Three Million Two Hundred Fifty Thousand Dollars additional appropriation requested by the Department of Social Security is needed because the departmental estimate of expenditures for the biennium was short approximately that amount, due to the fact that more aged persons were placed on the rolls in the early part of the biennium than was anticipated.

ANTICIPATED REVENUES

The estimated income to the general revenue funds during the forthcoming biennium is One Hundred Sixty-three Million Eight Hundred Thousand Dollars which sum, together with the estimated surplus at the end of this biennium, totals One Hundred Eighty-four Million Four Hundred Thousand Dollars.

OVER-ALL BUDGET REQUIREMENTS

In the budget of the state departments there are two types of expenditures which we should have in mind in considering the state's over-all budget. One includes the departmental budgets that are dependent upon general funds. The other type

includes those departmental budgets that are dependent upon special revenue earmarked for certain purposes, such as the budgets of the Departments of Highways, Labor and Industries, Fisheries and Game. Including both types of expenditures and all departments in an over-all budget picture, the total budget for the next biennium is Two Hundred Sixty-seven Million Seven Hundred Thousand Dollars. For the current biennium this over-all total with deficiencies amounts to Two Hundred Fifty-eight Million Five Hundred Thousand Dollars. Therefore, the total in the over-all budget, as submitted to you, shows an increase of Nine Million Two Hundred Thousand Dollars for the coming biennium.

GENERAL FUND BUDGET REQUIREMENTS

Your primary concern, however, from the standpoint of the fiscal position of the state is with that part of the budget dealing with general funds. The Governor's budget for the coming biennium, which you will have before you, sets forth total expenditures from general revenue funds amounting to One Hundred Sixty-three Million Seven Hundred Thousand Dollars which, as you will observe, is approximately Fifteen Million Four Hundred Thousand dollars in excess of the appropriations for the current biennium when taken together with the additional sums which various departments and divisions are now requesting you to appropriate for the balance of the current term.

INCREASE IN SOCIAL SECURITY BUDGET

The one factor above all others which has tended to increase the budget request for the coming biennium is the fact that the Social Security budget has been increased in the net amount of Fifteen Million Eight Hundred Thousand Dollars.

EXPANDING PENSION REQUIREMENTS

Under Initiative 141, which became effective two years ago, pension grants were increased from an average monthly grant of \$22 to an average monthly grant of \$33.75 plus additional benefits in the nature of medical, dental and other services costing the state in excess of four dollars per month per recipient. In addition the number of recipients of old age pensions increased from forty thousand at the beginning of the biennium to nearly sixty-four thousand at the present time. These increased numbers did not come on the rolls all at once but, month by month, new recipients were added, building up to the now existing total of approximately sixty-four thousand. As a result the total monthly cost for old age pensions has at the present time reached its highest level. Continuously during January, February and March of this year and into the new biennium, it is reasonable to assume that this monthly cost will continue to increase. Therefore, over the next two years it is necessary to make provision, with additional funds, to meet the obligations of this program.

NEED FOR INCREASING PENSION ALLOCATIONS

Moreover, with rising living costs for the aged, it is not only desirable but necessary to increase allocations from the present average of \$33.75 per month to as close to \$40.00 as the regulations under the Federal matching program will permit.

PROPOSED LEGISLATION TO PERMIT MORE LIBERAL GRANTS

To accomplish this purpose and without in any way curbing the benefits under the present law, I am submitting to you for your approval a short amendment to Chapter 1 of the Laws of 1941. With this amendment the department will be in a better position to eliminate some of the deductions now made for joint-living, home-ownership, free fuel as well as making allowance for certain earnings; and will be able to increase grants more nearly to the forty dollar level on the basis of the needs of the aged.

OVER-ALL SOCIAL SECURITY PROGRAM

The Fifteen Million Eight Hundred Thousand Dollars increase in the Social Security Department's net budget thus will be used to meet these increased payments to a gradually expanding number of recipients to take care of the additional medical, dental, hospital, nursing and other benefits under the law; to meet also in a better way than at present the needs of dependent children, the blind and those unemployables who, despite the tremendous demand for workers, are so handicapped that they cannot even in these times serve a useful purpose in industry.

SALARY INCREASES

Among the other factors which have tended to increase state operating costs, and are reflected in the budget that has been submitted, is the fact that during the past several months it has been found absolutely necessary to increase salaries of state employes to an amount commensurate with the increased cost of living.

BALANCED BUDGET AND SUBSTANTIAL SURPLUS PROVIDED

The Governor's budget for the forthcoming biennium will leave a balance of approximately Twenty Million Seven Hundred Thousand Dollars in the general funds.

ADDITIONAL REVENUE FOR CITIES AND COUNTIES

In the budget that has been submitted to you, no items have been included to meet the emergency needs of local government and the schools. You are aware that the curtailed use of automobiles has reduced the revenues from gas taxes and this, in turn, has reduced the amount of money which the state shares with the cities and counties. Local government also anticipates some loss in revenues in the sharing of liquor profits, due to the fact that the distillers are finding themselves unable to fulfill the purchase-orders placed throughout the nation. Whether or not the rationing of wholesale distribution by the distilleries will curb supplies to this state to such an extent that the revenues derived from the sale of liquor will be substantially less than during the current biennium is a question which cannot at this time be accurately answered. There are, however, grounds for believing that the distillers will, of necessity, have to limit the supply of liquor to all states to a smaller quantity than was furnished in 1941 and 1942.

Since the revenues of the cities and the counties are rather stable and are not affected markedly by the increased volume of business, the state through its excise tax structure has derived income benefits that have not accrued to local government and it seems appropriate to give consideration at this session of the Legislature to the granting of some relief to cities and counties in the financial problems they face during this war-time period.

ADDITIONAL REVENUE FOR SCHOOLS

The schools also face a serious problem in adequately meeting the increased salary obligations to their teachers and I urge that you give full consideration to their needs.

SPECIAL EMERGENCY FUND RECOMMENDED

During the past biennium, we have had the usual emergency fund of Two Hundred Fifty Thousand Dollars in the Governor's budget. To meet war-time emergencies, this fund is inadequate. Fortunately no situation has arisen which called for immediate financial expenditures that could not be met, but it would not be advisable to face the prospect of another two-year period of war with such a small fund set aside to meet emergency conditions. I would recommend that the Legislature set up a special emergency fund of Five Million Dollars; no expenditures therefrom to be made without the unanimous consent of the State Finance Committee consisting of the State Treasurer, the State Auditor and the Governor. This all-purpose appropriation would serve as a safeguard against emergencies requiring immediate use of state funds. A great fire, a bombing disaster, emergency war needs or possible catastrophes could be met promptly and adequately from such fund. If, as we would all certainly hope, this fund would not be needed for such emergencies, it would constitute the beginning of a real post-war reserve which could be utilized to bridge the gap between war-time dislocation and the restoration of peace-time pursuits.

WAR LEGISLATION

During this biennium, the federal government, the military and the state government, in dealing with situations directly connected with the safety of our people and the production of war goods and also in dealing with military problems in this area, have been faced with certain legal obstacles and difficulties that to say the least, have called for considerable ingenuity to overcome. Out of this experience, not only in this state, but in other states which face similar problems, the federal agencies, together with the Council of State Governments, evolved some model legislation to be recommended to state governments for adoption in order to meet war-time emergen-

cies. Following the preparation of these model bills, group conferences of state leaders were held throughout the country and recently a regional conference of the four Pacific Northwest states was held in Olympia. As a result of that conference and after thoroughly reviewing the model legislation proposed, we have prepared legislation following very closely the form recommended by the federal government and are submitting these war-time bills for your consideration.

These bills, in their present forms, have been submitted to the Council of State Governments and the interested federal agencies. Many of the bills prepared by them have previously, in substance, been adopted by the State of Washington, and we are submitting to you now only those measures which will bring our state laws in harmony with the recommended legislation submitted to us by the federal government through the Council of State Governments. Needless to say, it is important that this legislation be as uniform in its adoption throughout the country as possible.

IMPORTANCE OF FOREST INDUSTRIES

The major influence in the development of the State of Washington has been its forest resources, and lumbering has been its principal industry for over half a century. Practically all of our large cities and many of the smaller ones owe their origin and prosperity to this resource. The welfare of the state is intimately tied up with the forest industries, for a third of the population is either directly or indirectly dependent upon them for support. In pre-war times they furnished nearly two-thirds of the wages and nearly half of the value of industrial products produced in the state, while over three-fourths of the tonnage and over half of the value of the total net exports from the state were furnished by forest products.

DECLINE IN LUMBERING

We in the State of Washington, have been so accustomed to seeing abundant supplies of timber and thinking of them in terms of inexhaustibility that but little action has been taken for their perpetuation by either the owners of timber or the state itself. Recently the more progressive operators, seeing the end of the present supplies in view, have taken steps to perpetuate their operations by greater care in logging, by protecting young growth, by more intensive fire protection, by planting cut-over areas and by purchasing stands of young timber. Likewise, the state has made a few attempts to perpetuate some of its holdings and has planted some of its denuded lands.

However, as a whole, the industry has shown signs of waning, for in 1938, Washington yielded first place in lumber production to Oregon, a position it had held continuously, except for one year, since 1905. Other signs of a declining resource are the increase in tax delinquency of timber lands, the increase in the lands being taken over by the counties for non-payment of taxes and the migration of logging operations to other states.

PAST FAILURE TO CHECK DIMINISHMENT OF INDUSTRY

The state can ill afford to sit back and ignore these signs of a declining resource, for not only is the prosperity and welfare of the state involved, but the very life of many communities is jeopardized. In the past the state has made little attempt to perpetuate its forest resource other than to help in fire protection. It has had no long-range policy looking toward the maintenance of its forest resources nor has there been any plan for the proper management of its own lands. The State Division of Forestry since its inception has been primarily a forest fire protection organization with some attention being given to reforestation and acquisition. If this valuable forest resource is to be preserved for the future welfare of the state, it is time for the state to take the initiative in forestry matters and to see that its own lands are properly managed.

FOREST ADVISORY COMMITTEE

At the present time there are five different boards of elective and appointive officials who are charged with some responsibility in the management of these timber lands. These boards are all lacking in authority and their forest information has been incomplete. Fire protection has not been adequate or thoroughly enough organized and financed, and long range practices, policies and objectives for preserving all the forest resources of the state have not been set up. It becomes obvious that the state must act and act promptly. On December 19, 1941—more than a year ago, I appointed a Forest Advisory Committee, consisting of men who had a practical experience

in forestry problems, good technical background, and an understanding of the vital interest of labor and the public in the questions involving our forest resources. This committee has served diligently and well.

PROPOSED FOREST LEGISLATION

All of you have received copies of the report entitled: "Let's Keep Washington Forests Growing," which was prepared by the Forest Advisory Committee preliminary to the drafting of the legislation which is now before you for action. This report and the legislation being submitted has been thoroughly and carefully prepared. Every reasonable opportunity for full discussion of the conclusions arrived at in the report has been given. In every way possible the committee has tested the recommendations they are now making to you, with the sole purpose of developing for our state the finest forestry program anywhere in effect. The organization of the forest board, and the protection and practices legislation provided for in these three bills, have been modeled to a large extent after the existing laws in Oregon which were enacted in 1941 and which have since been successfully put into practice in that state.

In preparing the legislation before you, we have been able to take advantage of the experiences in the State of Oregon and have improved, we believe, upon the administrative organization and certain policies and practices of that state.

In order that we may derive the maximum benefit for the people of our state, from the twenty-two million acres of forest lands within our boundaries, it is essential that the legislation submitted to you be adopted and that a single board be created with authority to develop forest programs and policies for all timber resources of the state, and, by its management of the state's own two million acres of forest lands, set an example for all other owners and operators.

MORALE OF STATE EMPLOYEES

During the current biennium the morale of state employes has been high. There has been an earnest effort on the part of all those working for the state to diligently do their jobs and they have put in extra hours whenever it was necessary. They have demonstrated a willingness to participate in every effort, both as employes and as voluntary civilians in local and national civilian defense, to do their part in promoting the war effort.

IMPORTANCE OF COMPETENT AND IMPARTIAL PUBLIC SERVICE

Our public employes are performing many vital functions which daily touch the lives of every citizen. They are interpreting and applying our laws relating to fire and police protection, supervision of schools, unemployment and workmen's compensation, regulation of public utilities, construction and maintenance of highways, development of agriculture, conservation of forests, issuance of licenses, collection of taxes, welfare and relief work and hundreds of other important services. These functions of government cannot be performed with competence and impartiality unless the public servants who are charged with these responsibilities are selected on a basis of merit.

CIVIL SERVICE SYSTEM PROPOSED

A bill to establish a merit system for this state is being introduced at my request. The prime reasons for the enactment of a merit system are that it constitutes a safeguard against corruption in government; it stabilizes employment and promotes career service; it encourages competent people to stay in public employment over longer periods and furnishes incentive for them to better train and educate themselves to carry on public work. The over-all result of a sound civil service system, properly administered, is to increase efficiency, promote fairness and impartiality in dealing with the public and to lower the cost of operating government. Moreover, the adoption of a civil service system in this state, will place us in step with the modern trend toward civil service in state government, nineteen states having already adopted the merit system, ten of these in the last five years.

In this Message to the Twenty-eighth Legislature, it has been my purpose to call special attention to those past accomplishments and those present problems which relate most directly to the winning of the war and to the greater welfare of our people when peace has been restored. In your deliberations, I know that you will permit nothing to be done which may interfere with the war effort that your state and nation are making,—that you will leave nothing undone which will contribute

to victory. We all pray for the day when our courageous soldiers can victoriously return to their homes, and let us also pray that when they do they will find that we have done the planning and taken the constructive steps which will insure a fuller and happier life for all. Our state, with its bounteous resources, awaits only for the ingenuity and industry of men, to unfold its wealth and its benefits for the betterment of all our people. Let us, in our deliberations here, show the same unselfishness, the same courage and the same devotion to ideals which our men out there across the Pacific and across the Atlantic are daily showing on the battlefronts of the world. (Applause.)

Resolution by Mr. Young:

*Be It Resolved By the House of Representatives of the State of Washington
In Legislative Session Assembled:*

That a committee of three (3) be appointed by the Speaker of the House to investigate the activities of the Washington State Liquor Control Board generally, and specifically:

To investigate why said Washington State Liquor Control Board did not place an order for adequate liquor supplies as far back as July, 1942, when so advised by the heads of large liquor interests;

To investigate why said Washington State Liquor Control Board has closed down its bottling works which was bringing in a profit of over two hundred and forty thousand dollars (\$240,000) a year over the cost of buying bottled goods on the market;

To ascertain if any or all of the said acts were done deliberately in order to deprive the people of the State of Washington of an adequate amount of liquor, or if such action, or lack of action, on the part of said Board was due to poor business management.

Said Committee is further authorized to call upon the governor to explain why he has placed the enforcement of the liquor laws in the hands of reputed drys, such as the personnel of the present Washington Liquor Control Board.

Said Committee is hereby required to report back to the House of Representatives on or before February 15, 1943.

EIGHTH DAY

MORNING SESSION

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASHINGTON, Monday, January 18, 1943.

The Speaker called the House to order at eleven o'clock a. m.

The flag of our country was escorted to the rostrum by a Sergeant-at-Arms color guard.

The Clerk called the roll and all members were present except Representatives Atwood, Bernethy, Callow, Hall, Harman, Johnson (Gertrude L.), Miller (Donald B.), Montgomery, O'Brien, Pennock and Twidwell, Representative Miller (Donald B.) having been excused.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Watkins, further reading was dispensed with, and the journal was ordered to stand approved.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Mr. Watkins moved that Rule 20 be suspended, but the motion was lost. The Speaker recognized Mr. Tisdale.

Mr. Tisdale of Pacific and Grays Harbor:

Mr. Speaker, one week of the 1943 session of the Legislature is now past. During that week my seat-mate, Mr. Fairchild, has been considerably torn between the expected duties of fatherhood and matters of state. I am glad to say that during the week-end the fatherhood side has been taken care of by the birth of a child, a son, which was born during the week-end. The child, mother and father are doing well.

"I hope that the members here and the guests in the galleries will join me in well wishes for the child, and to the mother and father."

The Speaker recognized Mr. Fairchild.

Mr. Fairchild of Pacific and Grays Harbor:

Mr. Speaker, both the mother and father of the child expect some day to have a future democratic governor of the state of Washington. However, we are both worried about his political feelings because already there seems to be a definite trend toward the wet side."

The Speaker recognized Mr. Lennart.

Mr. Lennart of Whatcom:

"Mr. Speaker, the people down in the Raymond district, when they sent these two representatives, Mr. Tisdale and Mr. Fairchild, must have grafted two twigs of poetry onto the economic tree of the state, judging from their eloquence. I do not know whether they expect hybrids."

The Speaker:

"I assume that the cigars are on you, Mr. Fairchild."

Mr. Fairchild:

"That is right, Mr. Speaker."

On motion of Mr. Judd, Rule 20 was suspended.

MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,
Olympia, Washington, January 11, 1943.

To the Honorable, The Speaker of the House of Representatives,
The Legislature of the State of Washington, Olympia, Washington.

SIR: I have the honor to transmit herewith pursuant to Section 12, Article III of the Constitution of the State of Washington, for the consideration of the House of Representatives, the following bills passed by the House and Senate in the Legislative Session of 1941, and vetoed by the Governor, together with his veto message attached thereto.

They are House Bills Nos. 116, 135, 173, 196, 225, 264, 344, 372, 375, 505, 555, 594, 606 and Substitute House Bill No. 141.

Very truly yours,

BELLE REEVES,
Secretary of State.

State of Washington, Executive Department,
Olympia, March 25, 1941.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State).

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 116, entitled:

"An Act Relating to the practice of the occupation of barbering; providing for the examination and licensing of barbers, owners of barber shops and students, and the operation of barber schools or colleges; defining 'owner,' 'barber shop,' 'barber school or college' and 'student barber'; requiring annual health examinations; prescribing fees and providing penalties; amending section 1, chapter 211, Laws of 1927 (section 8277-1, Remington's Revised Statutes); sections 1 and 2, chapter 199, Laws of 1937 (sections 8277-2 and 8277-3, Remington's Revised Statutes); sections 4 and 6, chapter 209, Laws of 1929 (sections 8277-7 and 8277-14, Remington's Revised Statutes), and section 16, chapter 75, Laws of 1923 (section 8277-16, Remington's Revised Statutes)."

Section 3 of the above bill increases the required age of applicants for barber licenses from sixteen to eighteen years and adds the provision that such applicants must have completed a course of training of not less than two thousand hours in not less than twelve months in a barber school or college duly licensed by the Director of Licenses.

Under this provision it would be impossible to become a qualified barber by persons apprenticing themselves to licensed barbers, and the requirement that they attend barber school or college for not less than twelve months and complete a course of training of not less than two thousand hours, constitutes such a stringent provision relative to qualifications as to preclude many who might otherwise learn this occupation.

There is also a serious question as to the constitutionality of the provisions of Section 3, relative to the hours and months required of applicants.

Sections 3, 4, and 5 of this bill provide that applicants shall obtain a certificate of health which shall include a serological test for syphilis. The State Department of Health seriously questions the practicability of these provisions of the bill.

In my opinion, the present statutes relative to the licensing of barbers is sufficiently comprehensive to protect the general public and I am afraid the amendments extending the provisions of this bill would have a monopolistic tendency for these reasons.

I am, therefore, vetoing House Bill No. 116.

Respectfully submitted,

ARTHUR B. LANGLEY,
Governor.

HOUSE BILL NO. 116

An Act relating to the practice of the occupation of barbering; providing for the examination and licensing of barbers, owners of barber shops and students, and the operation of barber schools or colleges; defining "owner," "barber shop," "barber school or college" and "student barber"; requiring annual health examinations; prescribing fees and providing penalties; amending section 1, chapter 211, Laws of 1927 (section 8277-1, Remington's Revised Statutes); sections 1 and 2, chapter 199, Laws of 1937 (sections 8277-2 and 8277-3, Remington's Revised Statutes); sections 4 and 6, chapter 209, Laws of 1929 (sections 8277-7 and 8277-14, Remington's Revised Statutes), and section 16, chapter 75, Laws of 1923 (section 8277-16, Remington's Revised Statutes).

Be it enacted by the Legislature of the State of Washington:

SECTION 1. Section 1, chapter 211 of the Laws of 1927 (section 8277-1, Remington's Revised Statutes), is amended to read as follows:

Section 1. (a). Any one or any combination of the following practices (when done upon the upper part of the human body for cosmetic purposes and not for the treatment of disease or physical or mental ailments, and when done for payment, either directly or indirectly, or without payment, for the public generally upon male or female) constitutes the practice of barbering; shaving or trimming the beard or cutting the hair; giving facial, and scalp massage or treatments with oils, creams, lotions, or other preparations, either by hand or mechanical appliances; singeing, shampooing or dyeing the hair or applying tonics; applying cosmetic preparations, antiseptics, powders, oils, clays, or lotions to the scalp, face, neck, or upper part of the body, combing the hair, lathering the face or shaving the neck: *Provided*, That the provisions of this act shall not apply to any person employed in, or engaged in the operation of, any beauty shop or hair dressing establishment, except as to the cutting of hair in such establishments, for which provision is hereinafter made.

(c). A "barber shop" is any building or structure, or any part thereof, other than a school wherein the practice of barbering is conducted.

(d). A "barber school" or "barber college" is an institution of learning devoted exclusively to the instruction and training of students in the practice of barbering.

(e). A "student barber" is any person enrolled for training in a licensed barber school or barber college.

SEC. 2. Section 1, Chapter 199 of the Laws of 1937 (section 8277-2, Remington's Revised Statutes), is amended to read as follows:

Section 1. It shall be unlawful for any person, firm or corporation to engage in the occupation of barber or practice as a barber, except as a student in a barber school or college, unless he shall first have obtained a license as provided in this act.

It shall be unlawful for any person, firm or corporation to hire or employ any person to engage in the practice of barbering as hereinafter defined, unless such person then holds a valid, unexpired and unrevoked license to practice barbering or as a registered student in a barber school or college.

It shall be unlawful for any person, firm or corporation to own and operate a barber shop without first having secured an owner's license by payment of an annual license fee of one dollar (\$1.00): *Provided*, An owner may be licensed without examination, but shall not engage in barbering unless licensed so to do by the director of licenses.

SEC. 3. Section 2, Chapter 199 of the Laws of 1937 (section 8277-3, Remington's Revised Statutes), is amended to read as follows:

Section 2. Any person of good moral character, free from contagious or infectious disease, desiring a license to practice the occupation of barber in this state shall file his application in the manner provided by law, on forms prescribed by the director of licenses. Every applicant for such a license must be at least eighteen (18) years of age and shall have a diploma showing graduation from an eighth (8) grade grammar school or present satisfactory proof to the director of licenses of an equivalent education and shall have completed a course of training of not less than two thousand (2,000) hours in not less than twelve (12) months in a barber school or college duly licensed by the director of licenses, or shall be the holder of a valid and existing barber li-

cense duly issued by another state and shall satisfy the director of licenses that he has been actively engaged in the practice of barbering in that state for the two (2) years immediately preceding his application to practice barbering in this state. Said application shall be accompanied by the certificate of a licensed physician or surgeon, made within ten (10) days prior to the filing thereof, that the said applicant is not afflicted with any contagious or infectious disease, and the examination for said certificate of health shall include a serological test for syphilis, and the fee for this examination shall be three dollars (\$3.00), and by a certificate signed by two or more reputable citizens of this state that he is of good moral character. Each application shall be accompanied by two signed photographs of the applicant, and shall be filed with the director of licenses not less than fifteen (15) days prior to the next succeeding examination. Every such applicant shall pay a fee of five dollars (\$5), which shall accompany his application.

SEC. 4. Section 4, Chapter 209 of the Laws of 1929 (section 8277-7, Remington's Revised Statutes), is amended to read as follows:

Section 4. Every person who has heretofore been granted, or shall hereafter be granted a license to practice the occupation of barber or of hair cutting in any beauty shop or hair dressing establishment, or a license to own and operate a barber shop, within the State of Washington, shall, on or before the 30th day of June each year pay an annual license fee of one dollar for the year commencing with the first day of July next following, and present the certificate of a licensed physician or surgeon made not more than ten (10) days prior to the time of payment of this annual license fee, that said applicant is not affected with any contagious or infectious disease. The examination for said certificate of health shall include a serological test for syphilis, and the fee for this examination shall be three dollars (\$3.00). Upon the payment of such renewal fee the director of licenses shall issue to such licensee a license renewal certificate, which certificate shall be prima facie evidence that the same has been paid. The failure, neglect or refusal of any licensed barber, hair cutter, or owner to pay said annual license renewal fee and present certificate of health before delinquency shall ipso facto work a forfeiture of his license, but such license may be renewed upon application therefor by the licensee and payment of a fee of five dollars and present certificate of health to the state treasurer: *Provided*, No license to practice the occupation of barber or of hair cutting in any beauty shop or hair dressing establishment issued hereunder shall be renewed after the expiration of five (5) years following date of the expiration of such license, except upon re-examination and the payment of a fee of five dollars. (\$5).

SEC. 5. Section 6, Chapter 209 of the Laws of 1929 (section 8277-14, Remington's Revised Statutes), is amended to read as follows:

Section 6. Any firm, corporation or person desiring to conduct or operate a barber school or barber college in this state shall first secure from the director of licenses a permit to do so, and shall pay a fee of one hundred fifty dollars (\$150) at the time of applying for said permit, and shall on or before the 30th day of June each year pay an annual license fee of seventy-five dollars (\$75) for the next year commencing with the first day of July next following. Such permit shall be prominently displayed at all times. Such school or college shall instruct students therein in the practice of barbering, including shaving and cutting of the hair and beard, and the various services incident thereto, preparation and care of tools used, sanitation as applied to barbering, and knowledge concerning the common diseases of the face and skin to avoid aggravation and spreading thereof in the practice of barbering. Such school or college shall at all times while open and in operation be in charge and under the direction of a barber duly licensed under the provisions of this act, which said licensed barber shall devote his entire time to the instruction of students therein and who shall at no time operate any particular barber's chair in such school or college, or practice any barbering therein except while giving instructions to a student therein. No charge shall be made by the barber college or student for student work until the student has completed four hundred fifty (450) hours of instruction and practice. Every such school or college shall at all times maintain on each window therein, facing upon any street, a sign in plain letters at least six inches high composed of the words "barber school" or "barber college," placed as nearly as practicable in the center between top and bottom of any such window, and, if desired by the operator of such school or college, underneath these words, a sign with letters no greater in size, composed of the words "shaving" and/or "hair cutting," giving the price charged;

and such school or college shall not at any time keep or maintain upon any of the windows or doors of such school or college any sign or words "barber shop," "expert barbering," or other similar words. The director of licenses may suspend or revoke the license of any school or college which shall violate any of the provisions of this act, or which shall fail to impart to each student in such school or college the instruction herein required. Every school licensed hereunder shall, within twenty (20) days after the enrollment of any student herein, register such student with the director of licenses on such forms as may be prescribed. Such registration shall be accompanied by a health certificate signed by a reputable physician to the effect that after a physical examination made within ten (10) days prior to the filing thereof he has found such registrant free from any infectious or contagious disease, and such examination shall include a serological test for syphilis and the fee for such examination shall be three dollars (\$3.00).

SEC. 6. Section 16, Chapter 75 of the Laws of 1923 (section 8277-16, Remington's Revised Statutes), is amended as follows:

Section 16. The license of any barber or hair cutter may be suspended or revoked in the manner provided in section 10861 of Remington's Revised Statutes for any of the following causes:

1. Conviction of any felony or of any crime involving moral turpitude.
2. Habitual drunkenness or the use of habit-forming drugs.
3. Having or imparting any infectious or contagious disease.
4. Having epilepsy, fits or other disease endangering the life, health or safety of persons whom he may serve.
5. For performing his work in an unsanitary or filthy manner.
6. Gross incompetency.

The license of any owner may be temporarily suspended or revoked, for either of the following causes:

1. Maintaining an unsanitary shop.
2. Employing unlicensed barbers.

Provided, however, That before any certificate or license shall be revoked the holder thereof shall have notice in writing of the charge or charges against him and shall at a day specified in said notice, at least five days after the service thereof, be given a public hearing and full opportunity to produce testimony in his behalf and to confront the witnesses against him. Any person whose certificate or license has been so revoked may, after the expiration of ninety days, on application, have the same reissued to him upon a satisfactory showing that disqualification has ceased.

*To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 135, entitled:

"An Act relating to the charging of costs against state or county and amending section 522 of the Code of Washington Territory of 1881 (section 491, Remington's Revised Statutes; section 7472, Pierce's Code)."

At common law a sovereign state is not liable for costs in courts of its own creation. Under the statutes of this state (section 491, Rem. Rev. Stat.), this state has accepted liability for costs in actions instituted by the state.

The above bill would extend this acceptance of liability by making the state chargeable for costs in all cases whether instituted by the state or not unless the state is specifically exempted by some other statute.

This seems to me to be an undesirable extension of the state's liability in this regard. Since the enactment of the law providing for declaratory judgments, the state may become, without its fault, involved in any number of cases brought by private parties. If it is to be made chargeable now for costs in all such cases where

the state is unsuccessful, a substantial and unwarranted financial burden on public funds might result.

For these reasons House Bill No. 135 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEIE,
Governor.

HOUSE BILL NO. 135

An Act relating to the charging of costs against state or county and amending section 522 of the Code of Washington Territory of 1881 (section 491, Remington's Revised Statutes; section 7472, Pierce's Code).

Be it enacted by the Legislature of the State of Washington:

SECTION 1. That section 522 of the Code of Washington Territory of 1881 (section 491, Remington's Revised Statutes; section 7472, Pierce's Code) be amended to read as follows:

Section 522. In all unsuccessful actions prosecuted or defended in the name and for the use of the state, or in the name and for the use of any county, the state or county shall be liable for costs in the same manner and to the same extent as private parties, unless exempted by the express wording of the appropriate statute under which such action is brought.

Olympia, March 24, 1941..

*To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 173, entitled:

"An Act relating to foods, providing for the public health and safety by licensing places where food is prepared for human consumption to be consumed on the premises, providing regulations, restrictions and conditions under which food may be prepared and sold for consumption therein; providing sanitary regulations; establishing a state restaurant board, prescribing its powers and duties; providing for the administration, disposition of funds and prescribing penalties for the violation of this act."

House Bill No. 173 would create a new department of state government with full administrative powers, to be known as the State Restaurant and Hotel Board, and empower that board to issue licenses to and make inspection of all premises where foods of any character are prepared for consumption on the premises. Most of the larger cities of the state are now inspecting the restaurants located within their corporate limits, through the functioning of their respective departments of health. The State Department of Health is also engaged in this work in a general way, especially where local health departments are not operative. The inspection of restaurants and other types of business engaged in the preparation of foods for consumption upon the premises does not appear to me to be a proper subject for general state-wide control, but one which can more properly be administered by city and county health departments supplemented in a general way by our State Health Department, especially in those areas where local health authorities are not available.

This bill, had it become law, would be just one more step in the direction of centralization of departmental functions at the state capitol and is in this respect, I believe, contrary to the will of the people and the best principles of governmental administration.

Another very serious objection to this bill is that instead of setting up this very comprehensive licensing and inspection service in our presently existing Department of Health, a new and additional department of government is set up to handle this work. If this new field of government activity is justified upon any basis it must be upon the ground that it is necessary and desirable for the protection of the health of the people of the State of Washington. Our state Health Department is the

arm of state government now authorized to deal with all health matters and it is difficult to justify the removal of this very important health function from the present department.

If it be argued that section 26 of the bill does not abridge the present duties of the present state and local health authorities, the answer is obvious that if this is the case, then the result would be a duplication of inspection service by the present health authorities and the new state restaurant and hotel board.

The provision that the administration of the new department is to be in the hands of a board all members of which must be owners and operators in the restaurant industry, is also objectionable on the ground that it is not proper to vest the exercise of public health functions in persons directly interested in the business or industry affected. This is a particularly objectionable feature in this particular bill, due to the fact that this board consisting of restaurant owners and operators would inspect not only the restaurants of the state but also all bakeries, confectioneries, soda fountains and other places where food is prepared for consumption on the premises, the proprietors of which would probably not look with favor upon having the inspection of their premises placed in the hands of members of another industry.

Among other objections to the bill is the fact that it would require all future applicants for a license to operate a restaurant, to pay a \$15 examination fee, while exempting all present persons engaged in the business from such a fee. The effect of such provision is definitely monopolistic.

Still another objection is a provision which would turn over to the new board the present functions of the Department of Labor and Industries relative to safety inspection in hotels. I can find no sound reason for such a provision.

The above bill contains many defects in draftsmanship and much of its language is in broad and general terms, which would make it extremely difficult to administer.

Section 1 of the bill is obviously incomplete and defective, as the first three clauses thereof have no direct connection with the final clause of the section. The final clause of section 1, in addition, states that the act is for the protection of the "social welfare" and health of the people of the State of Washington. Nowhere else in the act is "social welfare" mentioned or provided for, and of course it has no place in such a bill.

Subdivision (a) of section 5 gives the board authority "for good cause" to grant, refuse, suspend or revoke licenses provided by the bill. Who is to say what is a "good cause" and what is not a "good cause"? Would the fact that the board thought there were already a sufficient number of restaurants within a certain area be "good cause" for refusing to grant a license for an additional restaurant therein?

The next to the last sentence of section 6 is unintelligible, as a cursory reading thereof will demonstrate.

The bill provides no method or means for removing either the members of the board or the commissioner and therefore they presumably would have the right to serve their four-year-terms without possibility of removal except they were convicted in a court of a crime involving moral turpitude, which now by statute permits removal of public officers.

Section 15 provides for appeal from the decision of the board to the "circuit" court of the county in which the application for license was made. Of course, there are no "circuit" courts in the State of Washington.

For the above reasons, House Bill No. 173 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLE,
 Governor.

Sec. 24. All buildings, rooms, basements, cellars and other places and things, kept, maintained or operated, or which are in violation of the provisions of this act or any

of them, and all food produced, prepared, manufactured, packed, stored, kept, sold, distributed or transported in violation of the provisions of this act or any of them, are hereby declared to be public nuisances, dangerous to health. Such nuisances may be abated or enjoined, in an action brought for that purpose by the State Restaurant and Hotel Board, or they may be summarily abated in the manner provided by law for the summary abatement of public nuisances dangerous to health.

The prosecuting attorney of each county in this state is hereby authorized and directed upon complaint on oath of the State Restaurant and Hotel Commissioner to prosecute the termination before any court of competent jurisdiction in the name of the State of Washington, a proper action or proceeding against any person, firm or corporation violating the provisions of this act.

Sec. 29. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this act, which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 196, entitled:

"An Act relating to the Department of Agriculture; providing for the protection of the public health and providing for the inspection, marking and marketing of animal carcasses and meats and meat food products intended for human consumption; regulating and licensing the preparation, handling, marking, marketing and sale of

such meats and meat food products; providing for the sanitation of all abattoirs, meat processing plants, wholesale meat markets, retail meat markets and rendering plants; providing revenues; providing penalties; authorizing the Director of Agriculture to make rules and regulations and to appoint employees to carry out the provisions of this act; and making an appropriation."

This bill sets up general state-wide inspection of meats and meat food products under the state Department of Agriculture. Section 24 appropriates from the general fund the sum of \$250,000 for the administration and enforcement of the provisions of this act.

To a considerable extent the state Department of Agriculture is already supervising meat inspection throughout the state and the federal government and local health departments in many of our cities are also engaged in this work. Eighty-five per cent of all meat being slaughtered in this state today is inspected under the supervision of federal, state or local authorities. Therefore, this bill with its \$250,000 appropriation would actually bring in only 15 per cent of total meat production for inspection not already furnished. Since farm slaughtering is excepted from the bill, the actual expansion of inspection service would be even less than 15 per cent.

The ultimate effect of this bill would no doubt be to supplant all city inspections of meat by state inspection and the costs of all inspection services performed by the state would be borne by the general taxpayers instead of the industry affected.

The state, through its Department of Agriculture, Department of Licenses and other departments, is already licensing and regulating many types of businesses and in almost every case the business subject to such regulation pays the cost thereof in the form of license and inspection fees.

I am not unaware of the complex situation existing in the case of meat inspection, where some plants receive free inspection from the federal government by qualifying therefor through the expenditure of large sums of money in providing plant facilities which meet federal standards. But if we should make an exception in the case of the meat industry, there would undoubtedly be a widespread demand to have the taxpayers take over the financial burden of regulating and inspecting the other businesses which now pay their own way. It would be difficult to find a logical reason for resisting such a demand. Moreover, if we launch out upon such a program of tax supported inspection service, future legislatures would undoubtedly be faced with a most urgent appeal to extend such inspection to include inspection of meat markets, supervision over grading of meat and inspection of poultry, all at the expense of the state general fund.

Two years from now it will probably be known whether the federal government plans to expand its meat inspection service, and new state legislation can then be drafted to deal with the situation as it then exists. Until the actual extent of federal participation in meat inspection work is known, I feel it would be a mistake for us to make this change in the method of financing such inspection.

For these reasons, House Bill No. 196 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEY,

Governor.

HOUSE BILL NO. 196

An Act relating to the Department of Agriculture; providing for the protection of the public health and providing for the inspection, marking and marketing of animal carcasses and meats and meat food products intended for human consumption; regulating and licensing the preparation, handling, marking, marketing and sale of such meats and meat food products; providing for the sanitation of all abattoirs, meat processing plants, wholesale meat markets, retail meat markets and rendering plants; providing revenues; providing penalties; authorizing the Director of Agriculture to make rules and regulations and to appoint employees to carry out the provisions of this act; and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. This act shall be known and may be cited as the "Washington Meat Inspection Act."

SEC. 2. (a) The Director of Agriculture, through and by means of the Division of Dairy and Livestock, shall have the exclusive power and it shall be his duty to enforce and supervise the administration of all laws relating to the slaughtering of animals, the issuing of abattoir licenses, wholesale meat shop licenses, wholesale meat

dealers' licenses, meat processing establishment licenses and the anti-mortem and post-mortem inspection of meat and meat food products intended for human consumption.

(b) Upon this act taking effect, no county, city, town or other municipal subdivision shall render inspection services of the nature herein provided for, or impose, levy or collect license fees for such inspection services: *Provided, however,* That this act shall not prevent any city or town, by ordinance, from providing and requiring inspection, as provided in this act, on any meats sold within their corporate limits whenever the legislative authority shall determine, by ordinance, that no inspection, or insufficient or inadequate inspection, is being provided under this act for meats sold in such city or town; nor shall it prevent any city or town from providing meat and sanitary inspection for retail meat markets or establishments processing and selling processed meat within any city or town; nor shall it prevent any city or town from requiring the grading of meats sold in such city or town; nor shall it prevent any city or town from imposing fees and requiring licenses for any of said purposes.

Sec. 3. Whenever used in this act the following definitions shall apply unless the context clearly indicates otherwise:

The term "person" shall mean and include any natural person, firm, partnership, exchange, association, trustee, receiver, corporation, and member, officer, or employee thereof or assignee for the benefit of creditors.

The term "director" shall mean the Director of Agriculture of the State of Washington or his duly authorized representative.

The term "unwholesome" shall mean and include all meats or meat food products that are so affected with disease that it would be dangerous to use the meat or other parts for human food; and shall include all meats or meat food products that are contaminated, sour, rancid, putrid, unsound, unhealthful, or otherwise unfit for human food, or that have been derived from any animal which has died as a result of disease or accident or which was in a dying condition at the time of slaughter.

The term "abattoir" shall mean and include all premises, buildings and parts thereof, in which animals are slaughtered and/or processed for human consumption.

The term "rendering plant" shall mean and include all premises, buildings and parts thereof in which animals are slaughtered or in which dead animals are processed and the products thereof are intended for other than human consumption.

The term "meat processing establishment" shall mean and include all premises, buildings and parts thereof in which meats intended for human consumption are processed, smoked, cured or cooked preparatory to being sold to retail meat shops or other retail meat establishments for resale, but in which animals are not slaughtered.

The term "wholesale meat shop" shall mean and include all premises, buildings and parts thereof used for storing, processing or preparing meat or food products intended for sale to persons who buy to sell again.

The term "wholesale meat dealer" shall mean and include every person not a farmer, as defined by this section, who sells any meat or meat food products to persons who buy to sell again.

The term "retail meat shop" as used in this act shall mean and include all premises, buildings or parts thereof in which meat or meat food products are kept for the purpose of sale to consumers at retail.

The term "sell" shall mean and include "offer for sale," "expose for sale," "have in possession for sale," "exchange," "barter," or "trade."

The term "farmer" as used in this act shall mean and include every person who is owner of property or ranchman located on a definite property as tenant, lessee, or purchaser under contract, and who is chiefly engaged in producing agricultural products and who produces not less than eighty per cent (80%) of the animals or animal carcasses being offered for sale.

Sec. 4. A farmer may slaughter meat food animals for his own use on the farm with exemption from the provisions of section 5 of this act, but in the event he intends to sell carcasses or parts of carcasses at wholesale or retail he may be further exempted from the operation of the provisions of section 5 of this act: *Provided,*

1. That the farmer shall make a written statement on forms furnished by the Director of Agriculture stating substantially as follows: I, the undersigned, a farmer,

hereby certify that to the best of my knowledge and belief the uninspected carcass to which this certificate is attached is from an animal slaughtered by myself on my own farm under reasonable sanitary conditions, and which was in a healthy condition, free from symptoms of disease, and that the meat is sound, healthful, wholesome and fit for human consumption.

2. When these provisions have been complied with, such farmer will be exempted from the further inspection provisions set forth in section 6 of this act.

SEC. 5. It shall be unlawful for any person to slaughter in other than a licensed abattoir or to sell for human consumption any meat or meat food product, either raw, cured or smoked, or comminuted, unless such meat or the products thereof has been inspected, stamped, and certified as to its fitness for human food by any authorized inspector of the Bureau of Animal Industry of the United States Department of Agriculture or by an inspector of the State Department of Agriculture.

SEC. 6. The carcasses and parts thereof of all meat food animals found to be sound, healthful, wholesome and fit for human food by the inspector shall be marked, stamped, tagged or labeled as "Washington Inspected and Passed" or "U. S. Inspected and Passed" at the time of slaughter, and inspectors shall label, mark, stamp and tag as "Inspected and condemned" all carcasses and parts thereof of animals found to be unsound, unhealthful, unwholesome and otherwise unfit for human food, and all carcasses and parts thereof thus inspected and condemned shall be destroyed for food purposes in the presence of an inspector.

SEC. 7. If upon examination it is found that any abattoir, wholesale meat shop, meat processing establishment or retail meat market or any part of such abattoir or establishment or any vehicle or other equipment is being kept in an unclean or insanitary condition or being conducted or used in such manner as to make it probable that the meat or meat food products therein or processed therein may be rendered unwholesome or that fails to comply with the provisions of this act, then the director or his authorized representative shall order suspension of inspection services and suspend or revoke the license provided for in this act until such time as the establishment shall meet the sanitary requirements of this act.

SEC. 8. Every abattoir, rendering establishment, wholesale meat establishment, meat processing establishment and retail meat establishment, including all equipment therein or thereon, shall be in good repair and shall be kept in a clean and sanitary condition, and each such establishment shall be provided with proper equipment and facilities which will insure the sanitary slaughtering, handling or processing of meat and meat food products.

SEC. 9. The Governor and the director shall have the power to cooperate with the government of the United States in the ante-mortem and post-mortem inspection of animals slaughtered for human consumption and in the further enforcement of the provisions of this act and the Governor shall have the power to receive and receipt for any monies receivable by this state under the provisions of any act of Congress and pay the same into the hands of the state treasurer as custodian for the state to be used and expended in carrying out the provisions of this act and the act or acts of Congress under which said monies are paid over to the state.

SEC. 10. Veterinary inspectors and other employees of the United States Bureau of Animal Industry may be appointed by the Director of Agriculture to make such examinations and inspections as herein provided for, and when so employed they shall act without bond or compensation from the state and shall possess the same power and authority in this state as an inspector of the State Department of Agriculture.

SEC. 11. It shall be unlawful for any person to adulterate any meat or meat food product or to sell any adulterated meat or meat food product within the meaning and intent of this act. All meat and meat food products which do not conform to the definitions and standards set forth in this act, or to such definitions and standards as may be established by the Director of Agriculture under the authority of this act, shall be deemed to be adulterated within the intent and meaning of this act. The definitions and standards adopted by the Director of Agriculture shall conform as nearly to those established by bureaus or agencies of the United States as local conditions will permit.

SEC. 12. The director shall from time to time, prepare, issue and promulgate such rules and regulations governing the issuing of licenses, the making of applications therefor, the determination of the qualifications of such applicants and for the mak-

ing of complaints, the giving of notice, and for hearings and other proceedings for the revocation of licenses, as he shall deem necessary and as shall not be in conflict with the provisions of this act.

SEC. 13. The director shall have the power to promulgate and enforce such reasonable and lawful rules, regulations and orders as he may deem necessary or proper for the enforcement of this act, and it shall be unlawful for any person to wilfully fail to comply with or violate any lawful rules, regulations or orders promulgated by the director or his duly authorized representative under the provisions of this act.

SEC. 14. It shall be unlawful for any person, except employees of the United States Department of Agriculture or the State Department of Agriculture to possess, keep, or use any mark, stamp, or brand provided or used for marking, stamping, or branding the carcass of any animal, parts thereof, meats or meat food products, or to possess, keep, or use any mark, stamp, or brand of similar shape or design having thereon a device or words the same or similar in character or import to the marks, stamps, or brands provided or used by the United States Department of Agriculture or the State Department of Agriculture for marking, stamping, or branding the carcasses of animals or parts thereof intended for food purposes: *Provided*, That nothing in this section shall be construed to prevent municipalities from the grading of meats or the marking of meats as to grade.

SEC. 15. It shall be unlawful for any person to wilfully hinder or obstruct or resist the Director of Agriculture or any duly authorized representative when engaged in the performance of the duties or the exercise of the powers conferred by this act.

SEC. 16. (a) No person shall operate an abattoir unless such person shall have first obtained a license therefor.

(b) Abattoir licenses shall be issued by the Director of Agriculture upon written application on forms provided by the Director of Agriculture and upon the payment therefor of an application fee of fifty dollars (\$50). Such licenses shall expire on the 31st day December next subsequent to the issuance thereof, unless sooner suspended or revoked for failure to comply with the provisions of this act. Each such license shall contain the number of the license, and the name, address and place of business of the licensee, and shall entitle the holder thereof to operate also as a wholesale meat dealer from such licensed abattoir.

Each such license shall contain the number of the license, and the name, address and place of business of the licensee.

SEC. 19. In order to more efficiently and economically administer the provisions of this act in instances where abattoirs operate only part time or when the volume of slaughtering is relatively small, the director shall have the authority to designate certain days or parts of days when an inspector will be available for inspection services.

SEC. 20. The Director of Agriculture shall appoint such employees as may be deemed necessary for the enforcement and administration of this act.

SEC. 21. Any person or persons found guilty of falsely making any statement required by this act or of violating any of the provisions of this act and any person or persons who fail to perform any of the duties required by this act, unless otherwise provided for, shall be guilty of a misdemeanor and upon conviction shall be punished

SEC. 22. The director of the Department of Agriculture shall notify the prosecuting attorneys for the several counties of the state of any violations of this act occurring in their respective counties, and it shall be the duty of the prosecuting attorneys when so notified to immediately institute and prosecute proceedings in their respective counties to enforce the penalties provided for in this act.

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 225, entitled:

"An Act relating to deposits in court and providing for the disposition thereof."

This act, if it became law, would take all dormant and unclaimed moneys in the hands of the various court registeries and transfer those funds to the county treasurer to be credited to the county current expense fund.

Such funds are clearly forfeitures or escheats, and in my opinion should go to the permanent common school fund instead of the county current expense fund.

For these reasons House Bill No. 225 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEIE,
Governor.

HOUSE BILL NO. 225

An Act relating to deposits in court and providing for the disposition thereof.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. Whenever any money is deposited or paid into any court under the provisions of law and shall have been unclaimed for a period of five (5) years, or more, the clerk of the court shall pay the amount thereof to the county treasurer of the county in which such court is located, and such amount shall be credited by the county treasurer to the county current expense fund. When the payment is made to the county treasurer the clerk shall take triplicate receipts, one of which he shall file with the county auditor of such county, and another with the court.

SEC. 2. If any person within five (5) years immediately following the payment of such money to the county treasurer, as herein provided, shall appear and claim the money so paid, the court which made the original order for the deposit or payment into court, being first satisfied of the right of such person, shall order the payment of such money to him, and upon presentation to the county auditor of a certified copy of such order of the court, the county auditor shall draw his warrant on the county treasurer for the amount specified, and to the person named, in such order. If no such claim be made within the five (5) year period herein specified, the said money

shall remain in said county current expense fund and become the property of the county.

*To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 264, entitled:

"An Act relating to the broadcast of defamatory matter over the facilities of radio and television broadcasting stations and defining the liability therefor."

Although there are certain substantial differences between the methods of operating a radio broadcasting system and the methods of publishing newspapers and other periodicals, I do not believe that those differences constitute a sufficient justification for relaxing the present rule of law as announced by the Supreme Court of this state and the Supreme Court of the United States, holding the operators of radio broadcasting stations liable for damages for defamatory statements which the station permits to be broadcast.

Defamatory statements are just as libelous whether they are printed or broadcast, and they can do just as much and perhaps more damage to the person whom they unjustly reflect upon where they are permitted to come by means of radio into the homes all over the state as when such statements are printed in periodicals of more limited distribution. Recognizing the technical difficulties which radio stations may have to control these matters, it seems to me that it, nevertheless, is a difficulty necessarily incident to that type of business and one for which such stations must continue to assume responsibility.

Only four states in the United States have enacted legislation of this type—Indiana, Iowa, Montana and Florida—and the legislation in Indiana and Iowa does not go nearly as far as the above bill. Legislation of this nature which was attempted in Missouri failed to pass the legislature. Radio stations exist by congressional sufferance under the Communications Act of 1934, as amended, and it appears to me that if there is any real need for a change in our fundamental law of libel as applied to radio stations, it should be dealt with by the federal government in view of the fact that the ether waves carrying defamatory statements do not stop at state lines.

A further objection to this bill is that a person damaged by defamatory statements would have extreme difficulty in sustaining the burden of proof which this act places upon him, of establishing the lack of due care on the part of the operator of the station. Persons injured in an automobile accident or as a result of some other occurrence which takes place in a more or less public place usually have a fair opportunity of establishing the facts with respect to the negligence of the person causing the damage. But where the burden is placed upon one to establish negligence in the operation of a man's business where all of the facts and circumstances relative to that operation are known only to that man and his employees, the difficulty of establishing negligence would seem to be almost insuperable.

For these reasons House Bill No. 264 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. The owner, licensee or operator of a radio or television broadcasting station, and the agents or employees of any such owner, licensee or operator, shall not be liable for any damages for any defamatory statement published or uttered in or as a part of a radio or television broadcast, by one other than such owner, licensee or

operator, or agent or employee thereof, unless it shall be established by the complaining party that such owner, licensee, operator, agent or employee, has failed to exercise due care to prevent the publication or utterance of such statement in such broadcast.

*To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, H. B. No. 344 entitled: "An Act further defining the term 'sale at retail' or 'retail sale' and amending section 5 of chapter 180 of the Laws of 1935, as amended by section 2 of chapter 227 of the Laws of 1937, and section 2 of chapter 225 of the Laws of 1939 (section 8370-5 of Remington's Revised Statutes)."

The above bill amends section 5 of the Revenue Act of 1935, as amended. H. B. No. 593, the amendatory bill prepared by the Tax Commission amending various sections of the Revenue Act of 1935, as amended, also amends section 5 of the act. The two amendments of the same section are in conflict with each other.

The amendments of said sections in H. B. 593 are regarded by the Tax Commission as being absolutely essential to the proper functioning of the revenue act. The amendment of said section contained in the above H. B. No. 344, while perhaps a desirable one, is less essential. It therefore appears to be necessary, in order to assure the accomplishment of the amendment of said section 5 effected by H. B. No. 593, to disapprove H. B. 344.

H. B. No. 344 was referred, in both houses of the legislature, to their respective Committees on Medicine and Dentistry, Pure Foods and Drugs and was never considered by the Committee on Revenue and Taxation of either house. This, no doubt, explains how the unintentional conflict between the two acts occurred.

For the above reasons, H. B. No. 344 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

HOUSE BILL NO. 344

An Act further defining the term "sale at retail" or "retail sale" and amending section 5 of chapter 180 of the Laws of 1935, as amended by section 2 of chapter 227 of the Laws of 1937, and section 2 of chapter 225 of the Laws of 1939 (section 8370-5 of Remington's Revised Statutes).

Be it enacted by the Legislature of the State of Washington:

SECTION 1. That section 5 of chapter 180 of the Laws of 1935, as amended by section 2 of chapter 227 of the Laws of 1937, and section 2 of chapter 225 of the Laws of 1939 (section 8370-5 of Remington's Revised Statutes) be amended to read as follows:

Section 5. For the purposes of this title, unless otherwise required by the context:

It shall also be construed to include the furnishing of food, drink, or meals for compensation whether consumed upon the premises or not;

(d) The term "sale at retail" or "retail sale" means every sale of tangible personal property other than a sale to one who purchases for the purpose of re-sale in the regular course of business or for the purpose of consuming the property purchased in the producing for sale a new article or substance, of which such property is an ingredient or component or a chemical used in processing same. The term "sale at retail" or "retail sale" shall be construed to include: (1) The production, fabrication or printing of tangible personal property for consumers thereof upon special order and shall also include the production, fabrication or printing of tangible personal property for consumers thereof who furnish either directly or indirectly the materials used in such work; (2) the installation, cleaning, decorating, beautifying, repairing or otherwise altering or improving the personal property of consumers or for consumers thereof; (3) the renting or leasing of tangible personal property; (4) the sale of tangible personal property to persons who use such property in the business of erecting buildings or otherwise improving, altering or repairing real property of others, or in performing public improvement contracts, irrespective of whether the work is performed by any such persons under lump sum contract, time and material contract, day labor or otherwise. The term shall not be construed to include sales of feed to persons producing for sale, milk, eggs, wool, fur, meat or other substances obtained from livestock, animals or poultry; nor shall the term be construed to include the serving of meals to employees for which no cash payment is collected from said employees by restaurants or other businesses engaged in the serving of meals to the public;

(h) The term "value proceeding or accruing" means the consideration, whether money, credits, rights or other property expressed in terms of money, actually received or accrued. The term shall be applied, in each case, on a cash receipts or accrual basis according to which method of accounting is regularly employed in keeping the books of the taxpayer. The Tax Commission may provide by regulation that the value proceeding or accruing from sales on the installment plan under conditional contracts of sale may be reported as of the dates when the payments become due;

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 372, entitled

"An Act for the creation and establishment of retiring and pension systems for superannuated and disabled officers and employees of cities of 100,000 population or over; providing for the payment of retirement allowances; prescribing the conditions on which

said allowances shall be paid; fixing rates of contribution and providing for the adjustment thereof; providing for the administration of said systems; and amending sections 1 to 7 inclusive, and sections 9, 13, 14, 16, 23, 27 and 28 of chapter 207 of the Laws of 1939."

The present statutes enable cities of the first class to establish retirement and pension systems for their employees. The cities of Seattle and Tacoma, through the machinery of their local units of government, have taken advantage of the enabling act by establishing such a system. The City of Spokane has not made use of this enabling act. House Bill No. 372 changes the state statutes relative to the establishment of retirement and pension systems in cities of the first class so that instead of being merely enabling legislation, the state law will mandatorily require the establishment of such a system.

Obviously under the circumstances as set forth above, this bill will apply only to the City of Spokane, mandatorily requiring that city, which it has heretofore failed to voluntarily avail itself of the present enabling act, to establish a pension and retirement system.

Except where the doing or the not doing of some act by a city, county, or other local subdivision of government will affect in some material way the rights or welfare of people residing outside of such local subdivision of government, I do not believe the state should inject itself into local affairs and mandatorily require such local subdivisions to follow any particular course of action. For the state to do this is violative of the sound principle of local home rule in all matters not of general interest to the people of the state.

On local political problems, I believe our cities and counties should always be free to work out their own solutions based upon the circumstances of the individual case and according to the will of the people residing therein.

It is for this reason, and not because of a desire to express any opinion as to the merits of the establishment of a retirement and pension system in the City of Spokane, or elsewhere that House Bill No. 372 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLE,
 Governor.

HOUSE BILL NO. 372

The rates so adopted shall remain in full force and effect until revised or changed by the Board of Administration in the manner provided in section 7 of this act. The normal rates of contribution shall be so fixed as to provide an annuity which, together with the pension provided by the city shall give as nearly as may be a retirement allowance at the age of sixty-two (62) years of one and one-third per cent (1 $\frac{1}{3}$ %) of the final compensation multiplied by the number of years of service of the retiring employee. Certificate of honorable discharge from and/or documentary evidence of such service shall be submitted to the board in order to obtain credit for such service.

Each member shall file with the board such information affecting his status as a member of the retirement system as the board may require.

(b) The board shall grant credit for prior service to each member entering the retirement system on the commencing date of the system, and to each member entering after that date, if such entry is within one year after rendering service prior to such commencing date: *Provided, however,* That the board may grant credit for prior service to those entering the retirement system after such commencing date, where the employee, because of sickness or other disability, has been on leave of absence, regularly granted, since discontinuance of city service, regardless of the length of such leave. No prior service credit shall be used as a basis for retirement or other benefit unless the membership continues until retirement on a retirement allowance or until the granting of other benefits.

SEC. 7. That section 7, chapter 207, Laws of 1939 (section 9592-107 of Remington's Revised Statutes), be amended to read as follows:

Said election shall be held on a date to be fixed by the city clerk and shall not be less than five (5) days nor more than ten (10) days before the second Tuesday in April in each year. Notice of the dates upon which said notice of nominations may be filed and the date fixed for the election of said member of said board shall be given by the said clerk by posting written notice thereof in a prominent place in the office of said city clerk. Each employee of such city shall be entitled to vote at said election for one person as a member of said board. The city clerk shall appoint two (2) employees of the city as officials of said election who shall be allowed their regular wages for said day, but shall receive no additional compensation therefor. Said election shall be held in the office of the city clerk in the city hall, and such other places outside of the city as shall be designated by the clerk as aforesaid. The polls shall be open from 7:30 A. M. and close at 5:30 P. M. and the nominee receiving the highest number of votes at said election shall be declared elected a member of said board, and his term shall commence on the first Monday in June following said election: *Provided*, That not more than thirty (30) days after the taking effect of this act a special election shall be held to elect three (3) members of said board, one to serve until the first Monday in June following the commencement date of this act, one to serve until the first Monday in June in the following year, and one to serve until the first Monday in June in the next year. The city clerk shall fix the time for the filing of notices of nominations, allowing not less than five (5) days for that purpose, and shall fix the date for said special election, which shall be not less than five (5) days after the expiration of the time fixed for the filing of notices of nomination. Said special election shall in every other respect be governed by rules of this section provided for the holding of the regular election of members of said board.

Within thirty (30) days after the taking effect of this act, the appointing authority of such city shall appoint the three (3) appointive members of the board; the appointive members to serve for such terms as shall be designated by the appointing authority, but such terms shall not exceed four (4) years.

That within five (5) days after the special election heretofore mentioned, and upon call of the city clerk, the elected members shall meet with the appointive members of the board; whereupon a seventh member shall be appointed by the then six (6) members of the board, to serve for the term of four (4) years.

The board shall, at such first meeting, elect a chairman and a secretary, and shall thereafter, at the first meeting following the annual election, choose a chairman and a secretary.

(c) The investment of all or any part of the retirement fund shall be subject to the terms, conditions, limitations and restrictions imposed by the laws of the State of Washington upon the making of investments by savings banks: *Provided, however,* That the board may invest in any of the bonds or warrants issued by the city, including local improvement bonds and warrants and utility bonds and warrants.

(d) Subject to such provisions as may be prescribed by law for the deposit of municipal funds in banks, cash belonging to the retirement fund may be deposited in any licensed national bank or in any bank, banks or corporations authorized or licensed to do a banking business and organized under the laws of the State of Washington.

(e) The City Treasurer shall be the custodian of the retirement fund. All payments from said fund shall be made by the City Treasurer but only upon warrant duly executed by the City Comptroller.

(f) Except as herein provided, no member and no employee of the Board of Administration shall have any interest, direct or indirect, in the making of any investments from the retirement fund, or in the gains or profits accruing therefrom. And no member or employee of said board, directly or indirectly, for himself or as an agent or partner of others, shall borrow any of its funds or deposits or in any manner use the same except to make such current and necessary payments as are authorized by said board; nor shall any member or employee of said board become an endorser or surety or become in any manner an obligor for moneys invested by the board.

Sec. 9. That section 13, chapter 207, Laws of 1939 (section 9592-113 of Remington's Revised Statutes), be amended to read as follows:

Section 13. Retirement of member for service shall be made by the Board of Administration as follows:

(a) Each member now in the city service who, on or before the commencement date of the act, has attained or thereafter shall have attained the age of seventy (70) years or over, shall be forthwith retired on the first day of the calendar month next succeeding the month in which the employee shall have attained the age of seventy (70) years: *Provided, however,* That the board of Administration may from year to year grant to any member an extension of time for retirement, upon request of the head of the department in which the member is employed. Such extension, however, shall not exceed a total period of three (3) years.

(b) Any member in the city service may retire by filing with the board a written application, stating when he desires to be retired, such application to be made at least thirty (30) days prior to date of retirement: *Provided, however,* That said member, at the time specified for his retirement, shall have completed (10) years of city service as defined in this act, and shall have attained the age of fifty-seven (57) years, or shall have completed thirty (30) years of city service as defined in this act. Permanent discontinuance of city service after age of fifty-seven shall entitle the member to his retirement allowance: *Provided,* That such employee has had at least ten (10) years of city service to his credit: *And provided further,* That permanent discontinuance of city service after the completion of thirty (30) years of city service shall entitle the member to his retirement allowance: *Provided, however,* That any member who voluntarily retires, except for disability, prior to attaining the age of sixty-two (62) years shall not receive the additional pension provided in section 14, subsection a-3, for prior service credit.

Sec. 10. That section 14, chapter 207, Laws of 1939 (section 9592-114 of Remington's Revised Statutes), be amended to read as follows:

Section 14. (a) A member, upon retirement from service, shall receive a retirement allowance subject to the provisions of paragraph (b) of this section, which shall consist of:

(3) For any member having credit for prior service an additional pension, purchased by the contributions of the city equal to one and one-third per cent ($1\frac{1}{3}\%$) of the final compensation, multiplied by the number of years of prior service credited to said member, except that if a member shall retire before attaining the age of sixty-two (62) years, the additional pension shall be reduced to an amount which shall be

equal to a lesser percentage of final compensation, multiplied by the number of years of prior service credited to said member, which lesser percentage shall be applied to the respective ages of retirement in accordance with the following tabulation:

Retirement Age	Percentage
62.....	1.333

(b) If the retirement allowance of the member as provided in this section is in excess of two-thirds of his final salary, the pension of the member, purchased by the contributions of the city, shall be reduced to such amount as shall make the member's retirement allowance equal to two-thirds of his final salary, and the actuarial equivalent of such reduction shall remain in the retirement fund to the credit of the city.

(c) Any member who enters the retirement system on the commencement date of the act, or who enters after that date and who is given the credit for prior service, and who is retired by reason of attaining the age of seventy (70) years, shall receive such additional pension on account of prior service, purchased by the contributions of the city, as will make his total retirement allowance not less than four hundred twenty dollars (\$420) per year.

(d) Any member who, at the time of his retirement, has at least ten (10) years of creditable service, as defined in this act, and who has attained the age of sixty-five (65) years or over, shall receive such additional pension, purchased by the contributions of the city, as will make his total retirement allowance not less than four hundred twenty dollars (\$420) per year.

SEC. 11. That section 16, chapter 207, Laws of 1939 (section 9592-116, Remington's Revised Statutes), be amended to read as follows:

Section 16. (a) Upon retirement for disability, as herein above provided: *Provided*, The disability is not due to intemperance, wilful misconduct or violation of law, of which the board shall be the judge, a member shall receive a retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement.

(2) A pension purchased by the contributions of the city, which, together with his annuity provided by his accumulated normal contributions, shall make the retirement allowance equal to one and one-fourth per cent ($1\frac{1}{4}\%$) of his final compensation multiplied by the number of years of service which would be creditable to him were his services to continue until attainment by him of age sixty-two (62), but such retirement allowance shall not exceed one-fourth of such final compensation except where such one-fourth is less than four hundred twenty dollars (\$420) per year, then the member shall receive the minimum disability retirement allowance of four hundred twenty dollars (\$420) per year.

(b) If disability is due to intemperance, wilful misconduct or violation of law on the part of the member, the Board of Administration in its discretion may pay to said member in one lump sum, his accumulated contributions, in lieu of a retirement allowance, and such payment shall constitute full satisfaction of all obligations of the city to such member, and upon receipt of such payment he shall cease to be a member of the retirement system.

(c) Upon the death of a member while in receipt of a disability retirement allowance, his accumulated contributions, as they were at the date of his retirement, less any annuity payments made to him, shall be paid to his estate, or to such persons having an insurable interest in his life as he shall have nominated by written designation duly executed and filed with the board.

Sec. 12. That section 23, chapter 207, Laws of 1939 (section 9592-123 of Remington's Revised Statutes), be amended to read as follows:

Section 23. The payment of any retirement allowance to a member who has been retired from service shall be suspended during the time that the beneficiary is in receipt of state or federal old-age pension, other than military pension, or is in receipt of other pension or of other compensation for state or public service paid from direct or indirect state or municipal taxes or revenues of publicly owned utilities, except as to the amount by which such retirement allowance may exceed such pension or compensation for the same period.

Sec. 13. That section 27, chapter 207, Laws of 1939 (section 9592-127 of Remington's Revised Statutes), be amended to read as follows:

Section 27. The retirement system shall become effective on January 1, 1942, as provided in section 3 of this act.

Sec. 14. That section 28, chapter 207, Laws of 1939 (section 9592-128, Remington's Revised Statutes) be amended to read as follows:

Section 28. Nothing in this act shall repeal, supersede, alter, amend or be regarded as a substitute for any retirement or pension system, duly established by city ordinance or charter existing prior to the effective date of this act as herein amended.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 375, entitled:

"An Act relating to taxation; providing for the rental of tax acquired properties by the counties upon a month-to-month basis."

In my opinion, this bill, which would authorize the board of county commissioners to rent tax acquired property upon a month-to-month tenancy, would have a tendency to retard return of such property to the tax rolls. Moreover, I see no sound reason why the proceeds of such rentals should be placed to the credit of the county current expense fund rather than to apportion such rentals according to the last tax levy.

The bill also appears to be defective in that the title does not give notice of the provision of the bill permitting county commissioners to make expenditures necessary to keep the property in rentable condition and to prevent waste.

For these reasons, House Bill No. 375 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

HOUSE BILL NO. 375

An Act relating to taxation; providing for the rental of tax acquired properties by the counties upon a month-to-month basis.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. Whenever in the judgment of the board of county commissioners any real estate held by the county after foreclosure for delinquent taxes is not immediately salable, such board may rent such property, or any part thereof, upon a month-to-month tenancy, and may make all expenditures necessary to keep said property in a rentable condition and to prevent waste. The proceeds thereof shall be deposited with the county treasurer and replaced to the credit of the county current expense fund.

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 505, entitled:

"An Act relating to expense allowances for persons engaged in official business of the state of Washington while away from their designated post of duty."

This bill permits the allowance of \$5 per diem in lieu of subsistence and lodging to employees and elective officials engaged in work within the State of Washington, but away from their designated posts of duty; and a per diem rate of not to exceed \$10 per day while engaged in such official business outside of the State of Washington.

In my opinion, a per diem allowance of \$4 per day as provided by the present law is sufficient recompense to state employees for traveling expenses within the state. An allowance of \$5 or \$6 per day while traveling beyond the boundaries of the state might be justified, but in this respect the above bill permits an allowance up to \$10 per day.

I feel that the bill would be an unnecessary and unjustified additional drain upon public funds—not only because of the actual increase in traveling expenses which it allows, but also because it would tend to stimulate unnecessary travel.

For these reasons House Bill No. 505 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEY,
Governor.

HOUSE BILL NO. 505

An Act relating to expense allowances for persons engaged in official business of the state of Washington while away from their designated post of duty.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. The heads of all departments of state government are authorized to prescribe per diem rates of allowance not exceeding five dollars (\$5) per day in lieu of subsistence and lodging to employes and elective officials engaged in work away from their designated posts of duty: *Provided*, That whenever it becomes necessary for such persons to engage in official business outside the boundaries of the state of Washington, such per diem rate shall not apply but such persons may be compensated for reasonable and necessary expenses actually incurred while engaged in such business not exceeding ten dollars (\$10.00) per day.

SEC. 2. Whenever it becomes necessary for an elective official or employe of the state to travel away from his designated post of duty and while engaged on official business, and it is found to be more advantageous and economical to the state that he travel by a privately owned automobile rather than by common carrier, he shall be allowed a mileage rate not to exceed four cents (4¢) per mile.

SEC. 3. No person authorized to receive expenses as provided for in this act shall be entitled to receive any amount for such expenses until he shall have first set forth under oath, on forms prescribed by the state auditor, the actual days and fractions thereof, if per diem is claimed, or necessary expenses incurred, if reimbursement is claimed, and the mileage traveled, if private car mileage is claimed, and the nature of the business transacted.

SEC. 4. It shall be the duty of the state auditor to adopt such reasonable rules and regulations, and provide such forms as may be necessary to carry out the provisions of this act.

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 555, entitled:

"An Act relating to the expenditure of the motor vehicle fund and payments therefrom to the state, counties, cities and towns, and amending sections 3, 4 and 5, chapter 181, Laws of 1939, and declaring an emergency."

This act attempts to allocate additional funds to certain counties and make distribution of funds to cities and towns, counties and the state. It fails to distribute an estimated amount of more than \$4,000,000 of the net gas tax revenue that should be shared in by the counties.

Legal problems involved because of ambiguities and failure to allocate total amount of funds may result in litigation and possible loss of road funds to counties to such an extent that they may receive less money for road purposes in the coming biennium than in the past.

This act is therefore vetoed.

Respectfully submitted,

ARTHUR B. LANGLE, *Governor.*

HOUSE BILL NO. 555

An Act relating to the expenditure of the motor vehicle fund and payments therefrom to the state, counties, cities and towns, and amending sections 3, 4 and 5, chapter 181, Laws of 1939, and declaring an emergency.

(a) First, there shall be credited to the incorporated cities and towns of the State of Washington sums equal to fifteen per cent (15%) of such net tax amount credited monthly as the same accrue.

(b) To the counties of the State of Washington herein named for the purpose of reimbursing such counties for extra road burdens imposed upon them for the biennium ending March 31, 1943, the following sums monthly: Clark \$850; Grant \$1,250; Grays Harbor \$850; Kitsap \$1,100; Klickitat \$175; Lewis \$1,425; Lincoln \$1,580; Okanogan \$2,910; Pierce \$1,100; Snohomish \$4,175; Spokane \$8,350; Stevens \$1,835; Thurston \$4,100; Walla Walla \$250; Whatcom \$2,100; Whitman \$3,100; Yakima \$3,335, such sums to be paid to the County Treasurer of each of the counties named as soon as practicable after the first of each month.

The amounts authorized in this section to be credited to the counties, cities and towns shall be paid monthly directly to them through their respective treasurers as soon as practicable after the first day of each month.

Sec. 2. Section 4, chapter 181, Laws of 1939, being section 6600-3a, Remington's Revised Statutes, is hereby amended to read as follows:

Section 4. Funds credited to the incorporated cities and towns of the State of Washington as set forth in sub-section (a) of section 3 above shall be paid to each of the several incorporated cities and towns in the direct proportion that the population of each thereof shall bear to the population of all incorporated cities and towns in the state, such credit to be made monthly as such funds accrue. The population basis upon which such credit shall be made shall be as determined by the official United States census of 1940 for all incorporated cities and towns having corporate existence on that date: *Provided*, In case of cities and towns incorporated subsequent to the taking of such census, population shall be determined as of the date of incorporation as evidenced by the certificate of the incorporating officials thereof. Any incorporated city or town which may disincorporate shall upon the date thereof cease

to receive the credit of any funds as herein provided, and all credit accrued to such incorporated city or town shall be distributed to the credit of the remaining cities and towns.

SEC. 3. That section 5, chapter 181, Laws of 1939, being section 6600-2a, Remington's Revised Statutes, be amended to read as follows:

*To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 594, entitled:

"An Act relating to taxation; imposing a tax with respect to the sale, use or distribution of punch boards, pull boards or trade stimulators; licensing distributors thereof; providing for the collection and enforcement of the licenses and taxes imposed; and declaring an emergency whereby the act is to take effect immediately."

I believe the legalization of punch boards is contrary to good public policy, and for this reason House Bill No. 594 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEY,
Governor.

HOUSE BILL NO. 594

An Act relating to taxation; imposing a tax with respect to the sale, use or distribution of punch boards, pull boards or trade stimulators; licensing distributors thereof; providing for the collection and enforcement of the licenses and taxes imposed; and declaring an emergency whereby the act is to take effect immediately.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. From and after the first day of May, 1941, there is hereby levied and there shall be collected as hereinafter provided a tax upon the sale, use or distribution of any trade stimulator as defined herein, in an amount equal to five cents for each two and a half (\$2.50) dollars or fraction thereof of the gross anticipated income of such trade stimulator.

SEC. 2. For the purposes of this act, unless otherwise required by the context:

(a) The term "trade stimulator" means any punch board, pull board, push card, campaign ticket book offering a prize, jar game or any other device of similar nature, which by chance or otherwise may entitle a player to merchandise, scrip, hickies, money or other thing of value;

(b) The word "person" shall mean any individual, firm, co-partnership, corporation, club or association, whether mutual, co-operative, fraternal, non-profit, or otherwise;

(c) The term "distributor" shall mean any person engaged in the business of selling, offering for sale, producing, manufacturing, jobbing, importing for sale or use, consuming, handling, removing, giving away or otherwise distributing any trade stimulator taxable under this act, except persons buying any such trade stimulator for use or resale from a person qualified and licensed as a distributor as herein provided;

(d) The word "stamp," as used herein, means the stamp or stamps by use of which the tax levy under this act is paid;

(e) The term "gross anticipated income" means the total gross income that any trade stimulator is capable of producing, whether or not such income is actually produced, without any deduction on account of the cost of merchandise sold or given away, of prizes given however designated, of losses or of any other cost or expense whatsoever;

(f) The meaning ascribed to words and phrases under section 5, Chapter 180, Laws of 1935, as amended, (Remington's Revised Statutes, section 8370-5), where applicable shall apply in respect to this act.

SEC. 3. Any person who shall engage in business as a distributor, as defined herein, of trade stimulators shall, on or before the first day of May, 1941, and on or before the first day of January of each year thereafter, apply for and obtain from the tax commission, upon the payment of a fee of fifty (\$50.00) dollars, a license to engage in such business. Such application shall be upon such forms and shall set forth such information as the tax commission shall by general regulation prescribe. Each license shall be personal and non-transferable and shall be numbered and issued in the form prescribed by the tax commission.

The tax commission by regulation shall provide for the stamping of all trade stimulators which on the effective date of this act are in the possession of persons not regularly engaged in business as a distributor without requiring such persons to obtain the license herein provided for.

SEC. 4. In order to enforce collection of the tax hereby levied, the tax commission is authorized and required to design and have printed stamps of such size and denominations as may be determined by the commission. Every distributor shall purchase from the commission and shall cause to be affixed on every trade stimulator, as defined in this act, on which a tax is due, stamps of an amount equaling the tax due thereon before such distributor sells, offers for sale, uses, consumes, gives away, handles, removes or otherwise disturbs and distributes the same.

(a) Every distributor in this state shall immediately, after receipt of any trade stimulator cause the same to have the requisite denomination and amount of stamps affixed to represent the tax as stated herein: *Provided, however,* That any distributor engaged in interstate business, who shall furnish surety bond in a sum satisfactory to the commission, shall be permitted to set aside such part of his stock as may be necessary for the conduct of such interstate business without affixing the stamps required by this title. Said interstate stock shall be kept separate and apart from stamped stock. Every distributor shall, at the time of shipping or delivering any of such unstamped stock, make a true duplicate invoice of the same which shall show full and complete details of the sale or delivery, and shall retain the same subject to the use and inspection of the tax commission;

(b) Said stamps shall be affixed in such manner that they cannot be removed from the trade stimulator without said stamp being mutilated or destroyed, which stamps so affixed shall be evidence of the payment of the tax imposed; and such stamps shall be cancelled by the use of a rubber stamp or other device bearing the license number of such distributor;

(c) It is the intent and purpose of this act to levy a tax on the sale, use or distribution of the articles described herein within this state, and to collect the same from the person who first sells, uses, consumes, handles or distributes the same in the State of Washington. It is further the intent and purpose of this act that whenever any of the articles herein described are given away for advertising or any other purpose whatsoever, the same shall be taxed in the same manner as if they were sold, used, consumed, handled or distributed in this state.

(d) The tax commission shall have authority to authorize the use of meter stamping machines for imprinting stamps, which imprinted stamps shall be in lieu of those otherwise provided for under this act, and if the same be authorized, shall provide reasonable rules and regulations with respect to the use thereof.

SEC. 5. It shall be the duty of every distributor subject to the provisions of this act to keep and preserve for a period of five years an accurate set of records, showing all transactions had with reference to articles the sale or distribution of which is taxed herein and such persons shall keep also separately all invoices covering the sale, transfer, use, gift or distribution of any such article and all invoices shall show, in addition to the selling price, the gross anticipated income of any such trade stimulator; such person shall keep a record of all stamps purchased, and all such records and all such stock of articles on hand shall be open to inspection at all reasonable times to the tax commission or its duly authorized agent: *Provided, however,* That all distributors shall within fifteen days after the first day of each month file with the tax commission a report of all drop shipment sales made by them during the preceding month, which report shall show the name and address of the person to whom the articles were sold and shall show the kind and quantity thereof and the date of delivery of the same.

SEC. 6. If any person, subject to the provisions of this act or any rules and regulations promulgated by the tax commission under authority hereof, shall fail to affix the stamps required, or to affix the same as herein provided, or to pay any tax due hereunder, or shall violate any of the provisions of this act or rules and regulations promulgated by the tax commission in the administration hereof, there shall be assessed and collected from such person, in addition to any tax that may be found due, a penalty equal to the amount of any tax found to be due plus interest thereon at the rate of one per cent for each thirty days or portion thereof from the date the tax became due, and upon notice mailed to the last known address of the taxpayer said amount shall become due and payable in ten days: *Provided,* That the tax commission, for good reason shown, may remit all or any part of penalties imposed, but the taxpayer must pay all taxes due and interest thereon, at the rate of one per cent for each thirty days or portion thereof. The keeping of any unstamped articles coming within the provisions of this act shall be prima facie evidence of the intent to violate the provisions of this act.

SEC. 7. Any trade stimulators, as described herein, found at any point within this state, which shall be held, owned, possessed or in the control of any person for a period of time longer than the time required to affix the stamps and not having affixed the stamps as above provided, together with any merchandise, scrip, hickies, money or other thing of value offered as a prize to a player thereof are hereby declared to be contraband goods, and the same may be seized by the commission, or its duly authorized agent, or by any peace officer of the state, when directed by the commission so to do, without a warrant, and said goods shall be offered by the commission for sale in the same manner as property distrained under warrant for delinquent taxes as provided in section 202, chapter 180, Laws of 1935, as amended, (Remington's Revised Statutes, section 8370-202). The commission before delivering any of said goods so seized shall require the purchaser of said articles, to affix the proper amount of stamps as required by this act. The proceeds of sale of any goods sold hereunder shall be paid to the tax commission: *Provided,* That the cost of confiscation and sale shall be paid out of the proceeds derived from such sale. The tax commission may, in its discretion, return any property confiscated hereunder, when it is shown that there was no intention to violate the provisions of this act: *Provided,* That the tax commission may, in its discretion, return any such goods to the parties from whom they were confiscated, if, and when, such parties affix the proper amount of stamps thereto, and pay to the tax commission as penalty an amount equal to fifty per cent of the amount of tax due.

SEC. 8. When the tax commission has good reason to believe that any trade stimulators, as defined herein, are being kept, sold, offered for sale, or given away in violation of the provisions of this act or regulations issued under authority hereof, it may make affidavit of such fact, describing the place or thing to be searched, before any justice of peace or judge of any court in this state, and such justice or judge shall issue a search warrant directed to the sheriff, any constable, police officer, or duly authorized agent of the tax commission, commanding him diligently to search any building, room in a building, place or vehicle as may be designated in the affidavit and search

warrant, and to seize such article so possessed and to hold the same until disposed of by law, and to arrest the person in possession or control of the same. If upon the return of such warrant, it shall appear that any of such articles, unlawfully possessed, were seized, the same shall be sold as provided in the preceding section.

SEC. 9. To forge or counterfeit any stamp of the kind herein provided is hereby declared to be a felony.

SEC. 10. Each of the following acts is hereby declared to be a gross misdemeanor and punishable as such:

(a) To sell, use, offer for sale, remove or distribute, except as a bonded distributor engaged in interstate commerce, any trade stimulator described herein without the stamp provided for first being affixed and cancelled as herein provided;

(b) To use or have in possession knowingly or intentionally any forged or counterfeit stamps;

(c) For any person other than the tax commission or its duly authorized agent to sell any stamps provided for herein, not affixed to any trade stimulator whether and said stamps be genuine or counterfeit;

(d) To use any stamps more than once or to have in one's possession any stamps that have been used;

(e) To remove, erase, alter, or deface the cancellation marks on any stamp or to have in possession any stamp on which the cancellation mark has been removed, erased, altered or defaced;

(f) For any person to have in possession in any place of business any trade stimulator, as defined herein, unless the same shall have the proper stamps attached;

(g) For any person to perform any of the functions of a distributor, as defined herein, without having secured the license herein required or after such license has been revoked or suspended by order of the tax commission.

SEC. 11. If the tax commission, after hearing which may be held after ten days written notice thereof has been given to any distributor licensed hereunder, shall find from the evidence that any distributor has committed any of the offenses set forth in the two preceding sections, the commission, whether or not such distributor has been prosecuted under such sections, may enter an order suspending or revoking the license of such distributor, and may thereafter deny any application of such distributor for any annual renewal of such license.

SEC. 12. Taxes imposed by this act shall be in addition to any and all other licenses, taxes and excises levied or imposed by the state or any municipal subdivision thereof.

SEC. 13. The provisions of this act shall not apply in any case which the State of Washington is prohibited from taxing under the constitution of this state or the constitution or the laws of the United States.

SEC. 14. The tax commission of the State of Washington shall administer this act and in such administration shall have all the powers and duties conferred upon it by Titles XVIII, XLX and XX, Chapter 180, Laws of 1935, as amended, (Remington's Revised Statutes, sections 8370-185 to 8370-219, inclusive), and the provisions thereof in regard to the assessment, collection, refund, lien, enforcement and allocation of taxes imposed by that act shall equally apply, where applicable, to the assessment, collection, refund, lien, enforcement and allocation of the taxes herein imposed.

SEC. 15. There is hereby appropriated from the general fund, for the fiscal biennium beginning April 1, 1941, and ending March 31, 1943, for the tax commission, the sum of twenty-five thousand dollars (\$25,000), or so much thereof as shall be necessary to carry out the provisions of this act.

SEC. 16. If any section, subsection, clause, sentence or phrase of this act, including those setting forth any penalty, exemption or definition, is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this act.

SEC. 17. This act is necessary for the immediate support of the state government and its existing public institutions and shall take effect immediately.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 606 entitled:

"An Act relating to the duties of the attorney general; and amending section 3 of Chapter 92 of the Laws of 1929 (section 112 of Remington's Revised Statutes)."

This bill amends the laws of 1929 as to the powers of the attorney general by adding the following paragraph:

"5. In the name of the State of Washington to institute and maintain an action to enjoin any unlawful practice in, or unlawful conduct of, any business, which action shall not be exclusive, but shall be in addition to any and all other actions, remedies or penalties provided by law."

It is my understanding that this addition to the present law was made for the purpose of setting up machinery to aid in the enforcement of Senate Bills No. 234, relating to unfair competition, and No. 83, regulating the small loan business. Senate Bill No. 234 failed to pass the legislature and I believe that Senate Bill No. 83 itself carries ample provision for the enforcement thereof. For this reason, House Bill No. 606 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

1. To appear for and represent the state before the supreme court in all cases in which the state is interested;
2. To institute and prosecute all actions and proceedings for, or for the use of the state which may be necessary in the execution of the duties of any state officer;
3. To defend all actions and proceedings against any state officer in his official capacity, in any of the courts of this state or the United States;
4. To consult with and advise the several prosecuting attorneys in matters relating to the duties of their office, and when, in his judgment, the interests of the state require, he shall attend the trial of any person accused of a crime, and assist in the prosecution.

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, Substitute House Bill No. 141, entitled:

"An Act relating to highways; providing for mines to market road commission, designating the personnel thereof, authorizing the use of county equipment in constructing mine to market roads, and allowing counties credit for the rental value

thereof, and amending sections 1, 2, 3, 5 and 6 of chapter 175, Laws of 1939, (sections 6450-25a to 6450-25f, inclusive, Remington's Revised Statutes), making an appropriation, declaring an emergency and that this act shall take effect April 1, 1941."

The revision of the existing law as proposed by this act would involve complications in administration which would tend to impair its practicability.

The bill also provides an additional appropriation over that provided in Senate Bill 362, making two separate appropriations for the same purpose.

For this reason, Substitute House Bill No. 141 is vetoed.

Sincerely yours,

ARTHUR B. LANGLIE,

Governor.

An Act relating to highways; providing for mines to market road commission, designating the personnel thereof, authorizing the use of county equipment in constructing mine to market roads, and allowing counties credit for the rental value thereof, and amending sections 1, 2, 3, 5 and 6 of chapter 175, Laws of 1939, (sections 6450-25a to 6450-25f, inclusive, Remington's Revised Statutes), making an appropriation, declaring an emergency and that this act shall take effect April 1, 1941.

MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,
Olympia, Washington, January 11, 1943.

To the Chief Clerk, The House of Representatives,
The Legislature of the State of Washington,
Olympia, Washington.

SIR:

I herewith transmit certified copies of House Bills Nos. 593, 401, 330, 561, 302, and 15, being Chapters 178, 194, 222, 244, 245, and 246 of the 1941 Session Laws of the State of

Washington, together with the original veto message in each instance attached thereto.

Very truly yours,

BELLE REEVES,

Secretary of State.

State of Washington, Executive Department,
Olympia, March 21, 1941.

To the Honorable House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to a certain section, House Bill No. 593, entitled:

"An Act relating to revenue and taxation; amending sections 4, 5, 6, 7, 8(a), 11, 15 (a), 17, 25, 32, 33, 37, 82, 84, 86, 88, 92, 93, 187 and 211 of chapter 180, Laws of 1935, as amended by chapter 191, Laws of 1937, chapter 227, Laws of 1937, chapter 9, Laws of 1939, and chapter 225, Laws of 1939, (sections 8370-4, 8370-5, 8370-6, 8370-7, 8370-8 (a), 8370-11, 8370-15(a), 8370-17, 8370-25, 8370-32, 8370-33, 8370-37, 8370-82, 8370-84, 8370-86, 8370-88, 8370-92, 8370-93, 8370-187, 8370-211, Remington's Revised Statutes); renumbering section 8(a) and section 15(a) of said chapter 180, Laws of 1935, as amended; repealing sections 213, 214, 215, and 216 of Chapter 180, Laws of 1935, (sections 8370-213, 8370-214, 8370-215, and 8370-216, Remington's Revised Statutes); and adding new sections thereto to be designated as sections 9(a), 11(a), 19(a) and 34(a) of said chapter 180, Laws of 1935, as amended, and declaring that this act shall take effect May 1, 1941.

Section 11(a) was inserted in the bill to amend section 36, chapter 180, Laws of 1935, as amended, for the purpose of reducing the rate of tax upon gas distribution businesses from two per cent to one-half of one per cent. This reduction was conditioned, however, upon the enactment of a tax upon petroleum products. When the legislature failed to enact a tax upon petroleum products, the free conference committee, to whom this bill was given, removed the reduced rate and restored the original rate of two per cent and in addition thereto the committee, in refusing to adopt a Senate Amendment to section 36 increasing the rate of tax imposed upon Highway Transportation businesses to three per cent, restored the original rate of one and one-half per cent.

Inasmuch as section 11 (a) of the bill in its present form is now identical with the section which it purports to amend, it serves no useful purpose.

For this reason, section 11 (a) is vetoed and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

Section 11(a). Section 36, chapter 180, Laws of 1935, as amended by section 19, chapter 225, Laws of 1939 (section 8370-36, Remington's Revised Statutes), is amended to read as follows:

Section 36. From and after the first day of May, 1935, there is hereby levied and there shall be collected from every person a tax for the act or privilege of engaging within this state in any one or more of the businesses herein mentioned. Such tax shall be equal to the gross operating revenue of the business, multiplied by the rate set out after the business, as follows:

I. Railroad, express, railroad car, water distribution, light and power, telephone and telegraph businesses: Three per cent: *Provided, however,* That a common carrier railroad operating as a plant facility to the extent of eighty per cent or more of its business shall pay a tax of one-fourth of one per cent on such eighty per cent or more of its business and three per cent on all other business;

II. Gas distribution business: Two per cent;

III. Urban transportation business: One-half of one per cent;

IV. Vessels under sixty-five (65) feet in length operating upon the waters within the State of Washington: One-half of one per cent;

V. Highway transportation and all public service businesses other than ones mentioned above: One and one-half per cent.

Approved March 21, 1941, with the

exception of section 11-(a), which Passed the House March 13, 1941.

is vetoed.

To the Honorable The House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to sections 33 and 34, House Bill No. 401, entitled:

"An Act relating to the safety of persons employed in the construction or operation of tunnels, quarries, caissons and subways, excepting in connection with mines; repealing section 6, chapter 131, Laws of 1937 (section 7666-6, Remington's Revised Statutes), and prescribing civil and criminal penalties for violation thereof."

Sections 33 and 34 of the above House Bill set up special methods of enforcement of the general provisions of the bill whereby persons outside of the state Department of Labor and Industries are given certain rights and powers with respect to enforcement.

Since the legislature, by sections 7727 to 7796 of Remington's Revised Statutes, has created within the Department of Labor and Industries a safety division entrusted with the enforcement of all safety laws, it appears to me that the responsibility for enforcement of House Bill No. 401 should rest only with the Department of Labor and Industries.

For this reason, sections 33 and 34 are vetoed and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLEIE,
Governor.

Sec. 33. Should the inspector or any person appointed by the director of labor and industries or any state department having jurisdiction, fail, neglect or refuse to enforce any of the provisions of this act, any employee may by a complaint in writing notify the director and the employer or his agent of such violation and/or non-enforcement, and the director and the complainant's employer or agent shall take immediate action thereon. No employee shall be discharged for making such a complaint. Any employee so discharged shall have a right of action in a civil suit against his employer and shall recover damages not to exceed the amount of wages he would have earned but for the discharge.

Sec. 34. Should any employer operate any tool, equipment or machinery, or provide a working place in violation of this act or of a safety regulation, the employees shall have the right to refuse to work until the defect or condition is remedied, and there shall be no reduction of wages for the time lost, nor shall an employee or employees be discharged because of such refusal to continue working.

Approved March 24, 1941, with the exception of sections 33 and 34 which are vetoed.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to sections 1, 2 and 4, House Bill No. 330, entitled:

"An Act relating to the organization, management, and supervision of savings and loan associations, and amending sections 2 and 23 as heretofore amended, 49 as heretofore amended, 56 as heretofore amended, and 66 of chapter 183 of the Laws of 1933 (Remington's Revised Statutes, Supp. 3717-2, 3717-23, 3717-49, 3717-56 and 3717-66)."

Section 1 of this bill amends section 3717-2, Remington's Revised Statutes, which at present defines a "member" of a Savings and Loan Association as "a person who holds a share or shares or a fraction of a share in an association." As amended, the law will define a member as "a holder of a savings account in an association (Italics supplied).

Section 2 amends section 3717-23, Remington's Revised Statutes, to insert the word "account" in two places. It is clear that the purpose of the amendment to the statutes accomplished in the above two sections by the addition of the word "account" is to make that word a designation that may be used interchangeably with or in lieu of the word "shares."

In my opinion, there should be no deviation from the word "shares" as it now appears in the law. Savings and loan association's funds now are legalized as "savings shares." The basic theory of the operation of such associations remains the same; that is, the funds paid in by the members are investments in shares. There is no debtor-creditor relationship such as might be construed to exist if the word "accounts" were inserted in the law and used interchangeably with "shares." The inclusion in the law of the word "accounts" would result in no benefit to the public.

Section 4 of the above bill amends Section 3717-56 (6) Remington's Revised Statutes, which now provides that associations may invest in the "light, water or sewer revenue bonds of any city of this state....." (Italics supplied). The above bill omits the portion italicized in the above quotation, thus authorizing the purchase of such bonds of *any city*. The mutual savings bank law authorizes those institutions to invest in the same securities in this state, and also authorizes the purchase of water revenue or electric revenue bonds (not sewer revenue bonds) in any city in the United States, provided such city has a population of at least 45,000. The restriction as to population is regarded as being a safety factor. The removal of all limitations, as referred to above, in the above bill, it is believed is too liberal. While the restriction to issues of cities in the State of Washington probably too closely limits the field from which such securities can be obtained, its retention would be more wholesome than the situation created by the above bill, which removes all limitations. The existing law is preferable.

Section 4, subsection 11 (c) of House Bill No. 330 also substitutes the word "higher" for the word "lower" in the provision relative to authorizing the purchase of real estate contracts which now reads: "Either that not less than twenty per cent (20%) of the principal of the purchase price under said contract shall have been paid or that the amount due under said contract shall not exceed seventy-five per cent (75%) of the appraised value of the property, whichever is the *higher*" (Italics supplied).

I believe that if this change should be permitted, an opportunity would be presented that would tend to the making of extravagant appraisals and a potentially hazardous situation could result.

Therefore, sections 1, 2 and 4 are vetoed and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

SECTION 1. That section 2 of chapter 183 of the Laws of 1933 (Remington's Revised Statutes, 3717-2 Supp.) be and the same hereby is amended to read as follows:

Section 2. Wherever used in this act, unless the context otherwise requires, words and terms shall have the meanings attributed to them herein.

SEC. 2. That section 23 of chapter 183 of the Laws of 1933, as amended by section 3 of chapter 98 of the Laws of 1939 (Remington's Revised Statutes, 3717-23 Supp.) be and the same hereby is amended to read as follows:

Section 23. An association may, if provided in its by-laws, issue installment shares, juvenile shares, savings shares and fully paid certificate shares.

Installment shares are those upon which regular stipulated payments shall be made at stated periods until the sum of such payments and dividends credited thereon equal their par value. An association may, in its by-laws, provide for and may in such case pay a higher dividend rate than is concurrently paid on savings shares to the holders of such installment shares if such installment shares are carried to their maturity and may so provide that if such installment shares are not carried to their maturity and are withdrawn theretofore, if withdrawn prior to two years from being subscribed shall receive fifty per cent of the dividend earnings thereon, if withdrawn between two and three years after being subscribed shall receive sixty per cent of the dividend earnings thereon, if withdrawn between three and four years after being subscribed, seventy per cent of the dividend earnings thereon, if withdrawn between four and five years after being subscribed, eighty per cent of the dividend earnings thereon, and if withdrawn after five years after being subscribed, ninety per cent of the dividend earnings thereon.

Savings and fully paid certificate shares are shares for which the purchaser shall pay the full par value at the time of issuance and such accounts may be issued in units of one or more shares and/or a fractional part of a share. Trustees, administrators, executors, guardians and other fiduciaries, either individual or corporation, in their fiduciary capacity, and municipal corporations, may invest in such accounts to the extent of and while the same are covered by insurance in the Federal Savings and Loan Insurance Corporation or any state or federal corporation or agency authorized to write such insurance.

SEC. 4. That section 56 of chapter 183 of the Laws of 1933, as amended by section 11 of chapter 98 of the Laws of 1939 (Remington's Revised Statutes, 3717-56 Supp.) be and the same hereby is amended to read as follows:

Section 56. A savings and loan association may invest its funds:

(1) In the bonds or obligations of the United States of America, of the Dominion of Canada, or those for which the faith of the United States or the Dominion of Canada is pledged to provide for the payment of the interest and principal, including bonds of the District of Columbia: *Provided*, That, in the case of bonds of the Dominion or those for which its faith is pledged, the interest and principal be payable in the United States or with exchange to a city in the United States and in lawful money of the United States or its equivalent.

(2) In the bonds or interest bearing obligations of this state, issued pursuant to the authority of any law of this state, for which the faith of the state is pledged to provide for payment of interest and principal.

(3) In the bonds or obligations of any other state of the United States for which the faith of such state is pledged to provide for payment of interest and principal and upon which there has been no default of any general obligation for ten (10) years last past.

(4) In the valid warrants or bonds of any city, town, county, school district, port district, or other municipal corporation in the State of Washington issued pursuant to law and for the payment of which the faith and credit of such municipality, county, or district is pledged and taxes are leviable upon all taxable property within its limits.

(5) In the valid bonds or warrants of any city, county, school district, port district, or other municipal corporation in the United States having a population of not less than 50,000 inhabitants as determined by the last Federal census, which city, county, or district has not defaulted in interest or principal of any general obligation within ten years last past and for the payment of which the faith and credit of such municipality, county, or district are pledged and taxes are leviable upon all property within its limits.

No such investment shall be made, however, unless such bonds or warrants are rated not less than BAA by Moodys Investors Service or have equivalent rating of another standard rating bureau.

(6) In the light, water, or sewer revenue bonds of any city for the payment of which the entire revenue of the city's light, water, or sewer system, less maintenance and operating costs, is irrevocably pledged.

(7) In the bonds of any irrigation, diking, drainage, diking improvement, or drainage improvement district of the county in this state in which is located the principal office of the association, unless the total indebtedness of the district, after the completion of the improvements for which the bonds are issued, plus the amount of all other assessments of a local or special nature against the land assessed or liable to be assessed to pay the bonds, exceeds forty per cent (40%) of the value of the benefited property, exclusive of improvements, at the time the bonds are purchased or taken by the association, according to the actual valuation last placed upon the property for general taxation.

Before any such bonds are purchased or taken as security, the condition of the district's affairs shall be ascertained and the property of the district examined by at least two members of the board of the savings and loan association or two competent appraisers appointed by the board, who shall report in writing their findings and recommendations; and no bonds shall be taken unless such report be favorable, nor unless the executive committee of the board of directors, after careful investigation, is satisfied of the validity of the bonds and of the sufficiency of the assessment or other means provided for payment thereof: *Provided, however,* That no association shall invest a sum greater than three per cent (3%) of its funds, or, in any event more than One Hundred Thousand Dollars (\$100,000), in the bonds of any one district described in this section.

(8) In the bonds of any local improvement district of any city of this state (except bonds issued for an improvement consisting of grading only), the ultimate payment of which is guaranteed by the municipality under the provisions of guaranty laws of this state: *Provided,* That one-half of the lots in the local improvement district be improved with revenue producing houses or other improvements and that local improvement district bonds falling within the fifty per cent (50%), in amount of any issue, last callable for payment shall neither be acquired, nor taken as security, and that no association shall invest a sum greater than three per cent (3%) of its funds, or, in any event, not more than One Hundred Thousand Dollars (\$100,000) in the bonds of any one district described in this section.

(9) In stock or bonds of any Federal home loan bank, the home owners' loan corporation, any Federal land bank, the Federal savings and loan insurance corporation, the Federal housing administration, or any state or Federal agency organized under authority of the laws of the United States or of the State of Washington, authorized to loan to or act as a fiscal agency for a savings and loan association, and in bonds of a national mortgage association created under the laws of the United States Government.

(10) In the first mortgage loans substantially all of which shall be made to members. For every mortgage loan made the borrower shall execute a note stating the terms of the contract, and in every case such loan shall constitute a first lien upon a fee estate in improved real property. Loans not amortized at least annually are prohibited. Notwithstanding any law limiting the amount that an association may loan to an individual or upon any property, an association may make any mortgage loan insured by the Federal housing administrator or other Federal or state agency, or for which such administrator or agency has issued commitment to insure. Monthly repayment loans not so insured shall not be in excess of sixty per cent (60%) of the appraised value of the property except that, where secured by property on which the house is less than one year old at the date of the mortgage or is under construction, the loan shall not be in excess of seventy-five per cent (75%) of such appraised value. Such appraised value shall be based upon the value of the land, together with the permanent improvements thereon. Appraisals of the value of property upon which loans are to be made shall be determined by two appraisers appointed by the board of directors and approved for such service by the supervisor, such appraisal to be made in writing stating the conservative value of the property, and that each appraiser has personally examined said property, and signed by the appraisers, to be filed with the association before any mortgage loan shall be made. Before any mortgage loan shall be made, the association shall require abstract of title as to the mortgaged property, duly certified by a responsible person or corporation maintaining a complete set of abstract indices to land in the county where such real estate is situated, to be accompanied by a written opinion of a competent attorney to the effect that the proposed

mortgage will constitute a first lien upon such property; or a policy of title insurance executed by a responsible title insurance corporation; or in the case of lands registered under the Torrens system, a duplicate certificate of ownership issued by a registrar of titles, and which loan shall provide that the mortgagor maintain fire insurance upon the buildings and improvements on the mortgaged premises, to be in a company authorized to transact the business of writing fire insurance in this state in such amount as shall be stipulated in the mortgage and with mortgagee loss payable clause attached thereto in favor of the association, and that the said policies be deposited with and held by the association pending payment of the loan. No association shall make any real estate loans except on first mortgages, as in this act provided: *And provided*, That every association shall have at least eighty per cent (80%) in amount of its real estate mortgage loan investments in the form of monthly installment loans.

A loan may be made on real estate which is to be improved by a building or buildings to be constructed with the proceeds of such loan, if it is arranged that such proceeds will be used for that purpose and that, when so used, the property will be improved to the extent required by this section.

(11) In the purchase of real estate contracts, under the following conditions only:

(a) That it must acquire the title in fee to the property covered by such contract;

(b) That the property be such as would be eligible for a mortgage loan under paragraph (10) of this section;

(c) Either that not less than twenty per cent (20%) of the principal of the purchase price under said contract shall have been paid or that the amount due under said contract shall not exceed seventy-five per cent (75%) of the appraised value of the property, whichever is the higher, and that the purchaser shall not be in default in performance of any of the terms of said contract;

(d) That the remainder of the purchase price of the contract will, by its terms, be paid within the periods provided in this act for the payment of mortgage loans.

(12) Not to exceed ten per cent (10%) of its funds in promissory notes payable to the order of the association upon demand, secured by the pledge or assignment of any bonds, warrants, or interest bearing obligations lawfully purchasable by an association, or secured by pledge or assignment of one or more real estate mortgages of the class prescribed in paragraph (10) of this section, but no such loan shall exceed seventy-five per cent (75%) of the cash market value of the securities so pledged.

Should any of the securities so held in pledge depreciate in value after the making of such loan, the association shall require an immediate payment of such loan, or of a part thereof, or additional security therefor, so that the amount loaned thereon shall at no time exceed seventy-five per cent (75%) of the market value of the securities so pledged for such loan.

(13) When permitted by its by-laws and if not on notice as to withdrawal of shares, in promissory notes made payable to the order of the association on demand, secured by the pledge and assignment of the pass book of the borrowing member as collateral security for the payment thereof. (16) In furniture, fixtures, and office equipment convenient and necessary for the carrying on of its business.

State of Washington, Executive Department,
Olympia, March 25, 1941.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to certain items, House Bill No. 561, entitled:

"An Act making appropriations for the purchase of land, construction of buildings and improvements at designated state institutions; for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices; for the relief of certain individuals, corporations, counties and municipalities; for refunds and for deficiencies and for emergencies, including deficiencies and appropriation of revolving funds, and for purposes specified in certain acts of Congress, and for miscellaneous purposes designated for the fiscal biennium beginning April 1, 1941, and ending March 31, 1943, except as otherwise provided; defining terms, limiting allowances and compensation, and providing that this act shall take effect immediately."

I disapprove and veto the item "For the construction of a National Guard Armory in Spokane, Washington \$600,000.00." The State of Washington cannot at this time afford to put this amount of money into a National Guard Armory. We have many of these armories around the state at this time, costing money to maintain, that are not now being utilized to any great extent. I do not believe it advisable to take technicians and skilled workmen for this work who would otherwise be employed and are greatly needed in the national defense industries. The appropriation was not made subject to any controls by the Governor but would have to be spent forthwith. Projects such as this one should be undertaken when there is a greater need than at present to provide employment.

I disapprove and veto the item "Paul Paulk, for reimbursement for loss as County Clerk of Thurston County in connection with the failure of the Olympia National Bank \$750.00", for the reason that this is a responsibility of the County Clerk and his sureties which the state should not be called upon to reimburse. It is a well established fact that under the law the liability of public officials for funds kept in their custody is absolute. To allow claims of this nature would encourage laxity on the part of public officials in the care of funds entrusted to them.

I disapprove and veto the item "Mrs. Orma Allyn (Alexander), for damages to automobile in a collision April 27, 1940 caused by a grader of the Department of Highways \$266.60", for the reason that the amount set by the legislature was sufficient for a new automobile, while the amount of damage to Mrs. Allyn's car was computed by the insurance company at \$94.35. I feel that Mrs. Allyn is entitled to the difference between the damage incurred and the amount recovered by the insurance company, namely, \$20.00.

I disapprove and veto the item "J. W. Austin, for damages to automobile caused by running into a rock slide on highway near Vantage, Washington, October 1, 1940 \$75.00" as it does not appear that any liability attaches to the state in this connection.

I disapprove and veto the item "F. C. Jackson, for loss of horse drowned July 10, 1940, in excavation surrounding a pier of viaduct near Nisqually River Bridge \$170.00" for the reason that the liability for such loss appears to rest upon the owner of the land, who had been paid by the Highway Department for fencing his property at the time the right-of-way was acquired.

I disapprove and veto the item of "Yuen, Shai-yue, for over-payment of tuition at University of Washington \$100.00." I veto this on the recommendation of the Comptroller of the University of Washington who found no justification for the claim.

I disapprove and veto the items, "Bert J. Bagley, in settlement of damages to grandstand and improvements due to fire, August 12, 1940 \$7,000.00" and Melvin Dahl and George Klein, in settlement of all loss sustained due to fire, August 12, 1940 \$500.00" for the reason that the state should assume no liability for these losses. Further, the \$7,000 allotment for the grandstand appears excessive because its 50 per cent valuation set by the assessor of Clark County was but \$830. This valuation included not only the grandstand but also seventeen other buildings which were not destroyed by the fire.

I disapprove and veto the item "Codification of election laws (Provided, That proceeds from sale of printed volumes shall be deposited in the State Treasury to credit

of General Fund) \$7,500.00" for the reason that elsewhere sufficient appropriations have been made to the attorney general for carrying out this work.

I disapprove and veto the item "For the Department of Conservation and Development: Division of Flood Control: Flood control maintenance purposes \$200,000.00 (To be expended pursuant to the provisions of S. B. 128)." This substantial appropriation at this time does not appear to be justified in view of the present financial condition of the state. Progress has been made in this problem by the passage of this bill and perhaps at a later time if the counties in cooperation with the federal government do not work out an adequate solution, further consideration should be given to financial aid by the state.

I disapprove and veto the item "From the Motor Vehicle Fund. For the Department of Highways: For the establishment and equipment of a research laboratory \$15,000.00. The above appropriation to be expended independently of, or in conjunction with funds allocated by the Federal, County or Municipal governments or agencies or in conjunction with funds provided by the University of Washington." We now have sufficient provision in allocations of one kind and another for research laboratories and I deem it unnecessary to make this allocation at this time.

I disapprove and veto the item "May S. Burtlehaus, in full settlement for destruction of black currant bushes by the State Department of Agriculture \$1,937.50." This claim arises through the enforcement of a quarantine order issued by the Director of Agriculture and approved by the Governor in September 1922. Such quarantine orders are enforced for the common good of all agricultural and related industries. Other growers accepted their losses and have not sought reimbursement, and I see no reason why this claim should be made an exception. It has consistently been disapproved in the past and for reasons stated above, the item is now vetoed.

I disapprove and veto the item "For the State Restaurant and Hotel Board: To carry out the provisions of House Bill No. 173 \$200,000.00 (Expenditures herefrom not to exceed receipts)" for the reason that House Bill No. 173 has been vetoed, and this appropriation, therefore, is unnecessary.

With the exception of the foregoing items, which are vetoed, the remainder of House Bill No. 561 is approved.

Respectfully submitted,

ARTHUR B. LANGLEY,
Governor.

State of Washington, Executive Department,
Olympia, March 25, 1941.

To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, with my approval, except as to sections 7 and 9, House Bill No. 302, entitled:

"An Act relating to public utility districts and the government thereof; providing for the levying, collection, distribution and expenditure of a privilege tax on public utility districts engaged in the distribution and sale of electric energy and authorizing voluntary payments by public utility districts for tax purposes; authorizing cities and towns to levy and collect a tax from public utility districts which distribute and sell electricity within the limits of such cities; prescribing the time of election and term of office of public utility district commissioners; authorizing public utility districts to compensate their commissioners and reimburse them for expenses incurred; pertaining to the determination of compensation to be paid by such districts in eminent domain proceedings; authorizing such districts to enter into group insurance contracts for their employees; validating public utility districts heretofore formed and prescribing the manner in which the existence of such districts now or hereafter formed may be challenged; amending sections 4 and 5 of chapter 1, Laws of 1931; and declaring that this act shall take effect immediately."

Section 7 of the above bill sets up a special procedure in the case of eminent domain actions brought by public utility districts as distinguished from other municipal corporations. The chief difference is that under this new procedure, there shall be offset against and deducted from the 6% interest on the condemnation judgment and from any amount added thereto for additions, betterments and extensions to the property, the amount of net earnings before allowance for depreciation derived from such property between the date of the judgment and the date the property is taken over by the public utility district.

Another difference is that under the new procedure, no time limit is set within which the district must exercise its power to acquire the condemned property at the price set by the judgment.

In my opinion, these changes are violative of several provisions of the state constitution. In addition, I see no sound reason for providing a different condemnation procedure in the case of public utility districts than that authorized in the case of all other municipal corporations. If a change in our present procedure is desirable, it should become a part of the general law applicable to all municipal corporations.

I am advised by the Attorney General that if section 7 of the above bill is vetoed, the general statutes respecting eminent domain procedure will become effective as to public utility districts.

Section 9 of the above bill purports to validate the incorporation of each and all public utility districts in this state heretofore had or attempted under chapter 1, Laws of 1931. I am advised that this section has no value or need as a general law, but is for the purpose of validating a public utility district which was organized in Lewis County, the validity of which organization is now being litigated in the courts. In my opinion, it is contrary to sound public policy to overcome or circumvent by legislation, matters still pending in the courts of the state. Moreover, if the particular district in question was actually organized in a manner unauthorized by statute, and we validate such illegal act by legislation, the determination to proceed in the future strictly in accordance with the existing statutes will be weakened by the knowledge that if statutes are disregarded, the legislature will come to the rescue by a validating act such as this.

This unwise precedent would effect not only organization of public utility districts but the organization of all types of municipal and quasi-municipal corporations. The interests of the general public and of the sound organization and development of all such municipal and quasi-municipal corporations would not be well served by the enactment of section 9 of this bill into law.

For these reasons, sections 7 and 9 are vetoed.

Respectfully submitted,
ARTHUR B. LANGLE, *Governor.*

Sec. 7. Whenever, in any eminent domain proceeding heretofore or hereafter instituted by a public utility district or districts for the acquisition of any public utility or works, plans or facilities, a verdict has been returned, or, if the case is tried by the court without a jury, a judgment has been entered, fixing the amount to be paid as compensation for the property taken or damaged, such verdict or judgment shall bear interest at the rate of six per cent (6%) per annum from the date of entry to the date of payment thereof, and there shall be added thereto the amount, with like interest thereon, expended for reasonable additions and betterments to and extensions of such property made between the dates last mentioned after notice of intention to make such additions, betterments and improvements and approval thereof by the court having jurisdiction of the eminent domain proceeding: *Provided*, That there shall be offset against and deducted from such interest and the amount added thereto for additions, betterments and extensions made as aforesaid, the amount of net earnings, before allowance for depreciation, derived from such properties between such dates; and the court, by order or decree, shall make provision for the adjustment, determination and payment of such items. In the event objection is made to the entry or the form of any decree of appropriation, the court shall hear and rule upon such objection and thereafter payment shall be made in accordance with such ruling. The provisions of this section shall apply in all cases where a decree of appropriation shall be entered after the effective date of this act.

Sec. 9. The incorporation of each and all public utility districts in this state heretofore had or attempted under chapter 1, Laws of 1931, under which attempted incorporation an organized government, by and through persons claiming to occupy the offices of public utility district commissioners, has been maintained since the date thereof, is hereby declared for all purposes legal and valid, and such public utility districts are hereby declared duly incorporated.

Approved March 25, 1941, with the exception of sections 7 and 9, which are vetoed.

Governor of Washington.

State of Washington, Executive Department,
Olympia, March 25, 1941.

*To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to sections 5 and 6, House Bill No. 15, entitled:

"An Act relating to secondary state highways, making appropriations from the motor vehicle fund for location, right of way, improvement, construction, reconstruc-

tion, maintenance, special maintenance, emergencies, and all proper highway purposes for secondary highways, amending section 6, chapter 181, Laws of 1939 (section 6600-2b Remington's Revised Statutes), repealing section 21, chapter 181, Laws of 1939, (section 6600-25e, Remington's Revised Statutes), and declaring an emergency, and that this act shall take effect April 1, 1941."

Section 5 of the above bill requires and directs expenditures in excess of the appropriation made in section 3 of the act and contrary to section 2, which limits secondary highway expenditures for construction purposes, allocates money to roads not a part of the Secondary State Highway System and provides no means for elimination of individual items to conform to section 2, and thereby avoid an overexpenditure.

Section 6 provides for a special report and budget for secondary state highways virtually duplicating reports and budgets under the uniform system now provided for by law. The provisions of this section are therefore superfluous.

For these reasons, sections 5 and 6 are vetoed, and the remainder of the bill is approved.

Respectfully submitted,
 ARTHUR B. LANGLIE,
 Governor.

SPEAKER'S PRIVILEGE

The Speaker:

"The Speaker wishes to correct a misstatement appearing in one of the local newspapers in regard to the decorum of lobbyists on the floor of the House. The article stated that the Speaker had removed these lobbyists and taken away their admittance cards. This is an error.

"There have been some complaints about two lobbyists, and the Speaker called the parties in and informed them that under Rule 80 under which we operate their conduct was not permissible, and that they would have to refrain from such activities before and after the sessions. As I explained to both parties, I was not asking to take up their cards, nor asking them to remain off the floor of the House. The Speaker has not ordered anybody off the floor of the House, nor has he taken up the admittance card of anybody.

"The article appearing in the daily newspaper is 100% wrong."

EDWARD J. REILLY, *Speaker*.

S. R. HOLCOMB, *Chief Clerk*.

ELEVENTH DAY

MORNING SESSION

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., Thursday, January 21, 1943.

The Speaker called the House to order at eleven o'clock a. m.

The flag of our country was escorted to the rostrum by a Sergeant-at-Arms color guard.

The Clerk called the roll and all members were present except Representatives Dore, Hansen, Hartung, Lyman, Miller (Donald B.), Murphy and Pearson, Representative Dore having been excused.

Prayer was offered by the Reverend Claude H. Lorimer, Minister of the First Christian Church of Olympia.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Watkins, further reading was dispensed with, and the journal was ordered to stand approved.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

On motion of Mr. O'Brien, the Chief Clerk was directed to send appropriate flowers to the funeral of Representative Dore's father.

Mr. O'Brien moved that the State Charitable, Penal and Reformatory Interim Investigation Committee Report be read to the House in full.

The motion was lost.

The Speaker recognized Mrs. Behm.

Mrs. Behm of Camano Island and Snohomish:

"Mr. Speaker, I wish to ask if there was a complaint by any member of this body against Mrs. Sylten for lobbying on the floor of this House during our sessions."

The Speaker:

"There was no complaint that Mrs. Sylten was lobbying on the floor of the House while we were in session. The complaint was made that she was lobbying on the floor of the House after we had adjourned and before we convened.

"I want to clear up this matter once and for all if I can. Rule 80 of the House Rules sets out that it is not permissible for anyone to lobby at any time on the floor of the House or in the corridors or in the lounges.

"I now find it necessary to state that hereafter if any member reports to me that a certain man is lobbying in the House, I shall immediately take up his card and deny him the privilege of entrance to the House. This is not a warning; it is a statement. I intend to rigidly enforce the rule for everyone concerned, and to be unbiased and impartial. I have been elected your Speaker, and shall perform my duty by enforcing the rules.

"The complaint was not that Mrs. Sylten was lobbying on the floor of the House during sessions."

MOTION

Mr. Lennart moved that Rule 20 of the House Rules be abolished.

Debate ensued.

The motion by Mr. Lennart that House Rule 20 be abolished was lost.

The Speaker observed within the bar of the House former Representative A. E. Olson from Whitman County, and appointed Mr. Miller (Fred) and Mr. Clark to escort him to a seat beside the Speaker.

The Speaker:

"The Speaker has been informed that a former member of the House who served with us last session, Senator J. H. Ryan, passed away last evening. I shall ask the members of the House to stand in silent tribute to him for one minute."

The members of the House stood for one minute in silent tribute to former Representative Ryan.

MOTION

Mr. Rosellini moved, according to yesterday's notice, the adoption of the following amendment to House Rule No. 48:

In line one strike out the word "fiftieth" and insert in lieu thereof the word "fortieth."

Mr. Rosellini demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll, and all members were present except Representative Dore, who had previously been excused.

On motion of Mr. Rosellini, the House proceeded with business under the call of the House.

On motion of Mr. Zent, Rule 20 was suspended.

The Speaker declared the question before the House to be the motion by Mr. Rosellini that his amendment to House Rule No. 48 be adopted.

Debate ensued.

During debate, Mr. Rosellini, with the permission of the House, read House Rules Nos. 48 and 87, and an excerpt from Governor Arthur B. Langlie's message to the 1943 Legislature.

POINT OF ORDER

Mr. Armstrong (H. C.):

"Mr. Speaker, point of order. I deem this matter we have under consideration entirely out of order. Referring to Article II, Section 36, of the State Constitution, it is my contention that this amendment should be in the shape of a concurrent resolution introduced here and in the Senate."

RULING BY THE SPEAKER

The Speaker:

"Mr. Armstrong, and Members of the House: The Speaker will rule that by implication a member has the right to introduce a bill and have the House consider it if it is introduced before the fiftieth day, and by implication we have not the right to refuse such introduction and consideration any time before the fiftieth day. Nor have we the right to amend the Constitution. It will take a two-thirds majority vote of both Houses to sustain this amendment."

Mr. Rosellini:

"Mr. Speaker, I do not believe with the Speaker that this amendment affects the Constitution. What it does, as a matter of fact, is amend the House rules, and if we act on it today and if the House passes my amendment, the Senate will pass the same amendment to their rules. I believe in fairness the House members should be allowed to vote on it."

Mr. Turner:

"Mr. Speaker, in this matter of parliamentary inquiry, I understand there is a standard way to set aside the decision of the Speaker, and that is by appeal. I do not like to do so. I would prefer to ask the Speaker to reconsider his decision."

The Speaker:

"You may appeal, Mr. Turner. I ruled that the Constitution sets out specifically that a member has a right to have his measures considered if introduced not less than ten days before the legislature adjourns; and if he is granted that right, then it will take a two-thirds majority vote of both Houses, according to the Constitution, to deprive him of that right."

Mr. Turner:

"Mr. Speaker, then the only way that I can present my point is to appeal from the ruling of the Chair?"

The Speaker:

"That is right."

APPEAL FROM THE DECISION OF THE CHAIR

Mr. Turner:

"Mr. Speaker, then I appeal from the decision of the Chair."

Mr. Woodall:

"Mr. Speaker, as I understand the ruling of the Speaker, it would take a two-thirds majority vote of both the House and the Senate to pass the resolution."

The Speaker:

"That is what the Speaker ruled. The question before the House now is the appeal by Mr. Turner from the decision of the Chair. Shall the decision of the Chair be the judgment of the House? As many as are in favor of it will say 'Aye.' As many as are opposed will say 'No.'"

The decision of the Chair was sustained by a voice vote.

Mr. Beierlein:

"Mr. Speaker, may I now speak on the matter submitted by Mr. Rosellini?"

The Speaker:

"The question was raised by Mr. Armstrong's point of order. He stated his point, and the Speaker made the ruling which the House has just sustained. Therefore, the amendment and the motion by Mr. Rosellini are out of order. Mr. Armstrong raised the point of order whether or not it would take a two-thirds majority vote of the House and Senate to amend House Rule No. 48, and the Speaker ruled that it would take a joint resolution adopted by both the House and the Senate by a two-thirds majority vote. Mr. Rosellini's motion is not in the form of a joint resolution."

Mr. Rosellini:

"Mr. Speaker, the only ruling that you did make was that it would take a two-thirds majority vote of the House and Senate to amend the rule, and because of that statement I believe the members voting on sustaining the decision were not definitely clear about the matter."

The Speaker:

"I will repeat as closely as I can the ruling, and as the clerk is taking it down. I answered Mr. Woodall's question that it would take a two-thirds majority vote of this House and two-thirds of the Senate to change the rule. Mr. Armstrong previously had risen to his feet to ask whether or not this matter was in order. If my ruling was sustained, his point of order was well taken. The House sustained my ruling; therefore, your motion was automatically out of order."

Mr. Murphy:

"Mr. Speaker, the Speaker ruled that Mr. Turner did not have the privilege of speaking on the decision of the Chair. House Rule No. 33 reads "The decision of the Chair may be appealed from by any member, on which appeal no member shall speak more than once, unless by leave of the House."

The Speaker:

"The Speaker will stand corrected on that. That is the rule, Mr. Turner. It was my opinion that an appeal from the decision of the Chair was not debatable. It was not intended to deprive you of the right to speak."

Mr. Turner:

"Mr. Speaker, how does the matter now stand?"

The Speaker:

"As the matter now stands, the Speaker has made an error in his ruling to the effect that you did not have the right to speak on the appeal from my ruling. You may speak on it now if you wish, and open up the matter again, but my ruling on the point of order will be the same as before."

Mr. Turner:

"Mr. Speaker, will it be necessary to reconsider the matter of the appeal from the decision of the Chair?"

The Speaker:

"It has been established as a precedent that you can not reconsider an appeal from the decision of the Chair."

Mr. Hodde:

"Mr. Speaker, I am afraid that the gentleman from King let the time for the point of order pass."

The Speaker:

"That is right, Mr. Hodde."

Mr. Rosellini:

"Mr. Speaker, I will submit this matter in the form of a joint resolution so that the members of the House may vote upon it."

The Speaker:

"That is the proper procedure, Mr. Rosellini."

On motion of Mr. Woodall, further proceedings under the call of the House were dispensed with.

MOTIONS

On motion of Mr. Watkins, the rules were suspended and the House reverted to the fourth order of business for the purpose of making a motion.

Mr. Watkins moved that the Speaker be instructed to appoint a committee of three members to take care of photographing the House members as has been done in previous years.

The Speaker:

"The Speaker will rule you out of order, Mr. Watkins, because this matter must be taken care of by a resolution, since it carries an amount to be expended, and must be presented by a resolution."

On motion of Mr. Riley (Edward F.), the House advanced to the eleventh order of business.

The Speaker recognized Mr. Zent.

Mr. Zent of Spokane:

"Mr. Speaker, it has been called to the attention of several members of this House that a distinguished Senator from an apple-growing district has been supplying the Senate with two boxes of apples per week. We in the House have a distinguished apple-grower and legislator from Chelan, and I wonder if we are to be favored in like manner as the Senate."

The Speaker:

"Perhaps Mr. Isenhart will answer the question."

Mr. Isenhart:

"Mr. Speaker, when I was in Spokane some years ago at the Davenport Hotel there were some beautiful apples served on the table, and I said to the waiter, 'These are beautiful apples. Where are they from?' The waiter, a colored waiter, said 'Oh, they are Spokane apples.' I said 'They look very much like Wenatchee apples,' and he said 'But Wenatchee is right around Spokane.'"

Mr. Zent:

"Mr. Speaker, we accept Wenatchee as part of Spokane, but that has nothing to do with apples."

Mr. Watkins:

"Mr. Speaker, you mean the motion to adopt the amendment is the same as a motion to indefinitely postpone it?"

The Speaker:

"It requires the same vote."

Mr. Watkins:

"Mr. Speaker, does that open up the discussion again?"

The Speaker:

"It is open for discussion right now."

Debate continued on the amendment by Mr. Rosellini.

On motion of Mr. Martin, the previous question was ordered.

PERSONAL PRIVILEGES

Mr. Jones:

"Mr. Speaker and Members of the House: The apples that you have on your desks this morning are furnished by Mr. Gensinger of my district, and I do not want to take any credit for the donation. Will the Representative from Spokane take notice that the apples are from my district, and he has stated that Spokane will furnish a box of apples for every box we furnish. So you are going to have plenty of apples.

"Mr. Gensinger is one of the largest growers of apples in the district. He has a large orchard of cherries, pears and apples, and at this time, Mr. Speaker, I want to have Mr. and Mrs. Gensinger, from Douglas County, who are in the gallery, stand and be recognized by the members of the House." (Applause)

Mr. Isenhardt:

"Mr. Speaker, I suggest to the honorable Representative from Spokane that these apples did not come from 'right around Spokane.'"

Mr. Malloy:

"Mr. Speaker, I wish to thank Mr. and Mrs. Gensinger for this apple donation, and want to state that they are friends of mine from my county. But I also want it made a matter of record that the Representatives from Yakima and Spokane can also bring some apples if they want to."

Mr. Zent:

"Mr. Speaker, if I were a grower of apples, I would see to it that apples were placed on our desks the first day of the session, and if Brother Jones will supply a box of apples, Spokane will supply two boxes. I issue that statement as a challenge."

The Speaker:

"The Speaker will ask the Spokane delegation to go into a huddle and discuss this matter with Mr. Zent."

STATEMENT BY THE SPEAKER

The Speaker:

"The Speaker wishes to announce that on many occasions it is hard to determine the proper committee to which a bill should be referred because of the conflicting measures contained in a bill. I will ask the chairmen of the various committees, after their analysis of a bill, should it properly belong to another committee, to please refer it out as soon as possible so that it can be re-referred to the committee recommended. The questions are so closely connected that it is difficult at times to decide just where a bill should go."

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Mrs. Harman and Mr. Watkins:

Be It Resolved by the House of Representatives of the State of Washington In Legislative Session Assembled:

WHEREAS, Forty per cent (40%) of the more than thirty thousand (30,000) workers in the aircraft industry in the State of Washington are today receiving the sub-standard hiring-in wage of 62½ cents an hour, which is the wage they have been receiving since 1938, despite a forty per cent (40%) increase in food costs in the Puget Sound Area and other comparable increases in the cost of living;

WHEREAS, This condition has caused a ninety-four per cent (94%) labor turnover in the aircraft industry in nine months with consequent harm to production, aggravation of housing, transportation and labor migration problems;

WHEREAS, The sub-committee of the War Labor Board which first heard the case of the aircraft workers for wage stabilization, has recommended to the National War Labor Board, that a 2½ cents an hour hiring-in wage raise be granted the aircraft workers, which would make the wage 65 cents an hour or 30 cents an hour less than the minimum wage paid in the ship building industry and which disparity, if permitted to continue to exist, would correct none of the iniquities of the existing wage of the evils attendant thereto;

Now, Therefore, *Be It Resolved*, That the House of Representatives of the State of Washington respectfully petition the National War Labor Board to grant the aircraft workers an equitable wage increase which will compare favorably with the wages paid in other war industries and permit the workers a standard of living commensurate with their production.

**PRESENTATION OF PETITIONS, MEMORIALS AND REMONSTRANCES
ADDRESSED TO THE LEGISLATURE**

UNITED STATES SENATE
Committee On Patents

January 23, 1943.

*The Speaker, House of Representatives
Olympia, Washington*

DEAR SIR: I am pleased to present to you a petition from the entire Congressional Delegation of the State of Washington urging the Legislature of the State of Washington to pass Initiative 12 now pending before the Legislature. The reasons assigned

for this request are set forth in our petition. We hope that Initiative 12 will be speedily enacted into law.

Respectfully yours,

HOMER T. BONE, *United States Senator.*

UNITED STATES SENATE

Committee On Patents

January 23, 1943.

To the Members of the Washington State Legislature:

The Washington State Delegation in Congress all joined in sponsoring Initiative 12 by signing the petition requesting the Legislature to pass it. The Federal Government has made a vast investment in two great electric generating plants on the Columbia River, and this investment was made with the approval of the people of our state. We believe that it was their desire that the blessings of cheap electricity should, as far as possible, be brought to every home in the State of Washington.

Our people have previously approved, on several occasions, legislation looking to the development of power systems under public auspices. Initiative 12 merely seeks to further implement this program. By the adoption of Initiative 12 at the present session, the Legislature of our state will have taken a great step forward in further carrying out the desires of the people expressed at the ballot box.

Because of our united support of Initiative 12, and because we desire to cooperate in the Federal power program which has so benefited our state and enabled it to make a contribution to the war effort of incalculable value, we sincerely urge our State Legislature to pass Initiative 12. We believe that its passage will serve the best interests of our people and enable them to make a still greater contribution to the war effort. We suggest this in light of the fact that the presence of great power plants like Bonneville and Grand Coulee have been the backbone of a large number of the most important and essential war industries in our section.

In this request we seek to make plain the fact that we are endeavoring to cooperate with the Federal Government in the essential purposes underlying the creation of the Federal Power projects on the Columbia River.

Very sincerely,

HOMER T. BONE

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Mr. Cory:

The Legislature of the State of Washington calls the attention of the citizens of this state and of the nation to the services rendered by the Boy Scouts during these critical war times.

Resolved that this 1943 Legislature go on record as expressing its appreciation to the Boy Scouts of Tumwater Council for the Opening Day Flag Ceremonies.

Resolved that the thousands of Boy Scouts and Scout Leaders of this state be publicly thanked through the newspapers and by means of the radio for their part in helping the war effort by collecting thousands of tons of paper, aiding in the War Savings Pledge campaign, making Defense Housing Surveys, carrying out the consumer's pledge against waste, distribution of Air Raid Posters, American Red Cross cooperation, Dispatch Bearer service and the distribution of hundreds of thousands of Price Control leaflets, acting as Air Raid Messengers and in other ways aiding in Civilian Defense, planting of Victory gardens and the establishment of Scout agricultural work camps, the collection of hundreds of tons of rubber, the collection of 10/12 of all the aluminum collected, collection of books in the Victory Book campaign, distribution of thousands of Treasury posters and aiding in many other ways.

Resolved that during these times when our major attention is turned to producing implements of war that we call the attention of all citizens of this state to the rapid rise in Juvenile delinquency. It has been demonstrated that the Scout Program directs boys' attention into useful, wholesome channels and it has been further demonstrated that the Boy Scout program through its aims of Character Building, Citizen Training and Leadership Development has been, over a period of years, one of this country's greatest aids in making useful citizens instead of delinquents.

Resolved that this great movement has been of inestimable monetary value to the citizens of this state. As an example, it costs the state over \$400 per year—not counting court costs—whenever a youth is sent to a correctional institution, whereas, the cost of maintaining a boy in Scouting for a year is usually less than 1/20 of this amount and in some cases is even much less.

Therefore Be It Resolved that this legislative body declare the Boy Scout program, its members and leaders, an essential part of the functions of the State of Washington

and of the war effort and call upon all of the citizens of the state to whole-heartedly support the Scout movement which extends to virtually every town, village and countryside throughout the state.

On motion of Mr. Cory, the resolution was adopted.

JOHN M. CUSTER	WILLIAM PENNOCK

ZACK VANE	FRANCIS PEARSON
PERRY B. WOODALL	

Dr. Lauman:

Now, Therefore, Be It Resolved, That the Chief Clerk and the State Auditor be directed to deduct the entire ten per cent (10%) from each member's total of sixty (60) days' pay from the member's weekly pay warrant for the week ending February 21, 1943, and that the Chief Clerk and the State Auditor be directed to purchase therefor one Twenty-five Dollar (\$25.00) war savings bond at a cost of Eighteen Dollars and Seventy-five Cents (\$18.75), and Eleven Dollars and Twenty-five Cents (\$11.25) in war savings stamps for each member of the House of Representatives listed on the said week's payroll.

MOTION

Mr. Dore:

"Having served notice yesterday, I now move that the House do reconsider the vote by which they re-referred House Bill No. 72 to the Committee on Revenue and Taxation."

POINT OF ORDER

Mr. Hodde:

"Mr. Speaker, point of order. Under Section 204 of Reed's Rules, the motion to commit can not be reconsidered after the papers are in the hands of the committee."

The Speaker:

"The committee can not take the papers while the motion is under consideration. If they did, they were in error."

Mr. Hodde:

"Mr. Speaker, whether the committee has picked up the papers or not, other business has been considered, and the only motion that will be in order is to discharge the committee."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that Mr. Dore's notice to make a motion to reconsider the vote by which House Bill No. 72 was re-referred to the Committee on Revenue and Taxation restrained the delivery of those papers to the committee. You may appeal from the decision of the Chair, Mr. Hodde."

POINT OF ORDER

Mr. Martin:

"Mr. Speaker, point of order. We have passed the fourth order of business; therefore, it is out of order for the House to accept a motion."

RULING BY THE SPEAKER

The Speaker:

"Notice was served yesterday by Mr. Dore that he would make a motion one half hour after the House convened today that the vote by which House Bill No. 72 was re-referred to the Committee on Revenue and Taxation be reconsidered, and at precisely 10:30 he made the motion."

Mr. O'Brien demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Speaker:

"The question before the House is the motion by Mr. Dore that we do now reconsider the vote by which House Bill No. 72 was re-referred to the Committee on Revenue and Taxation."

The motion to reconsider carried.

RECONSIDERATION

The Speaker:

"The question now before the House is the motion by Mr. Hodde to re-refer House Bill No. 72 to the Committee on Revenue and Taxation."

Mr. Hodde:

"Mr. Speaker, in that case, I would like the privilege of closing the debate, a privilege which I did not claim yesterday."

The Speaker:

"You have that privilege, Mr. Hodde."

Mr. Hodde proceeded to close the debate.

POINT OF ORDER

Mr. Underwood:

"Mr. Speaker, point of order. The gentleman is speaking about assessment and taxation."

Mr. Hodde:

"Mr. Speaker, I am speaking about appropriation and—"

The Speaker:

"The point is technically well taken."

Mr. Hodde:

"Mr. Speaker, I am not speaking on the motion. I am speaking on the matter of revenue and taxation, and about re-referring the bill to that committee. Yesterday we were permitted to discuss the whole revenue and taxation matter as it pertains to the cities, and therefore my remarks are germane to the motion to re-refer."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that the matter before the House is the motion to re-refer, dealing wholly with appropriation."

Mr. Hodde continued his remarks.

POINTS OF ORDER

Mr. O'Brien:

"Mr. Speaker, point of order. The gentleman is speaking on the merits of the bill instead of something which is germane to the motion to re-refer to the committee."

Mr. Pitt:

"Mr. Speaker, another point of order. Didn't you rule that he might speak on the merits of the bill?"

RULING BY THE SPEAKER

The Speaker:

"Mr. O'Brien and Mr. Pitt, the Speaker ruled the merits of the bill can be brought into the discussion on the motion to re-refer."

"The minutes show that the question before the House was the motion by Mr. Hodde to re-refer House Bill No. 72 to the Committee on Revenue and Taxation. The previous question was asked for and ordered. Mr. Hodde had the privilege of closing the debate on the motion to re-refer. A demand for a roll call was sustained, and the Clerk called the roll on the motion. The House just voted to reconsider that vote."

"The question now before the House is the motion by Mr. Hodde to re-refer House Bill No. 72 to the Committee on Revenue and Taxation. A vote 'Aye' will re-refer to the Committee on Revenue and Taxation; a vote 'No' will leave it before the House for consideration."

PROPOSITIONS, MOTIONS AND RESOLUTIONS

On motion of Mr. Armstrong (Ralph L. J.), House Bill No. 63 was referred to the Committee on Industrial Insurance for the purpose of amendment.

Resolution by Mr. Hurley: Commemorating the Birthday of Abraham Lincoln.

WHEREAS today, February 12 is the birthday of Abraham Lincoln and since this day is dear to the hearts of all Americans because it symbolizes those ideals upon which our democracy is built, and

WHEREAS today our country is involved in a great World War in which we are testing the fiber of our democracy in a struggle just as serious and critical as that struggle which Mr. Lincoln and the American people of his time had to face and combat—a fight against the fascism and barbarism of that day—a fight in which unity was the supreme test and about which President Lincoln stated "United we stand—Divided we fall."

WHEREAS our President has met, and is challenging as did Mr. Lincoln in his time, this war upon humanity initiated by the proponents of slavery. And—Mr. Roosevelt is facing on a world scale the problem which Mr. Lincoln faced on a national scale. Mr. Roosevelt must be able to unite our people and the people of the united nations in order that we achieve our objectives of both victory and a better world thereafter.

Therefore, *Be It Resolved*, that on this day, February 12, 1943, we do as Mr. Lincoln did—re-dedicate ourselves to those ideals for which we stand. Let us endorse the above stated thoughts and carry on to victory and toward a better world.

Mr. Hurley moved the adoption of the resolution.

Debate ensued.

On motion of Mr. Martin, the previous question was ordered.

The resolution was adopted by a voice vote.

He was brought up on a farm in his native county, and was educated in the public schools of the Wolverine state. In 1886 he removed to North Dakota. In the fall of 1888 he removed to Pullman, this state, where he entered the office of the Pullman Herald as a compositor. Two years later he purchased the Herald and continued in its editorial management, becoming associated with his brother in its publication.

Mr. Allen was nominated by the Republicans of the 7th District for Representative, and was elected by a large majority over the fusion candidate, the same district two years earlier having given a fusion majority of over 600.

Senator Kieron W. Reardon delivered the following eulogy on the life of Nils Anderson:

One of the real pioneers of the State was Nils Anderson. He served in the House in the 1923 Session. Mr. Anderson is the father of Mrs. Pearl A. Wanamaker, State Superintendent of Public Instruction; Mrs. Ossian Anderson of Everett; Miss Helen Dorothy Anderson of Seattle; and a son, Niles Anderson, General Superintendent of the St. Regis Kraft Company at Tacoma.

A native of Sweden, Mr. Anderson came across to America at the age of sixteen years. After three trips across the Atlantic he returned to New York. From New York he sailed around Cape Horn to San Francisco. This was in the year of 1878. After three years spent there he came to the Puget Sound area and took up a homestead on Camano Island, which is a part of Island County although separated from the mainland by a narrow neck of water. I believe the old family place is still a possession of the children.

Mr. Anderson started logging operations in those days when it was oxen rather than steam and gas. In addition to his logging operations on Whidby Island, he operated on the Olympic Peninsula. He was progressive in adopting new methods and was one of the first operators to use what is called the high lead. This was in 1910.

He retired from active business in 1918 and went to Everett and made his home with his daughter, Mrs. Ossian Anderson. Six weeks before his death, May 14th last, he went to Tacoma to live with his son, Niles Anderson.

Mr. Anderson was married to Miss Johanna Hellman in 1890 and lived in Seattle for many years, where he educated his family. For six years, while an actual resident of Island County, he served as County Commissioner.

He was very often a visitor in late years at the Legislature and it was my good fortune to know him quite well. He told his daughter, Mrs. Wanamaker, when he visited the 1941 Session, that this was to be his last.

Men like Mr. Anderson contributed a valuable part in the building of the State of Washington. He saw Washington as a territory, saw it become a state, and he could die with the complete assurance that he had more than done his part.

To the members of the family of the deceased, the Legislature expresses its sincere sympathy.

Representative Charles R. Savage delivered the following eulogy on the life of William M. Beach:

In the passing of Dr. William Marton Beach, the people of Mason County lose a citizen and friend highly respected for his unselfish devotion to the people, from the pioneer days of 1889, the year Washington became a state, until he retired just a few years back.

Dr. Beach was born at Cow Creek, Kansas, in 1861. He was married and settled in Bucoda, Thurston County, in 1888. He was State Representative from Mason County from 1907 to 1911. He died October 23, 1943.

Human interest and welfare meant more to Dr. Beach than his own financial gain. He always maintained the unselfish spirit of a pioneer, and he was one of the kind of men it takes to bring happiness to humanity.

Representative Milton R. Loney delivered the following eulogy on the life of O. M. Beatty:

Oliver Manford Beatty was born on January 3, 1877, in Raymond, Illinois. He passed away at Walla Walla, Washington, on April 12, 1941.

He was educated in the public schools of Illinois. He engaged in farming and live-stock production in his native state until coming to Washington in 1904, where he was employed in the banking business until 1917, when ill health forced his retirement. He later returned to this occupation until 1929.

He was elected a member of the Legislature of the State of Washington from the 13th District for the Nineteenth and Extraordinary Sessions of 1925, serving on numerous important committees during his terms of office.

He was actively interested in the public school system; was one of the organizers, and for several terms president of the Washington State School Directors Association. Because of his activities in school affairs, he was listed in "Who's Who in Education."

He was originator of the idea which finally resulted in the Walla Walla Symphony Orchestra, in which he was actively interested for many years.

Civic enterprises were always of great interest to him. He was a constant student of state and national affairs to which, when requested, he gave his best efforts and judgment.

Surviving him are his widow, Mrs. Alice Culp Beatty, of Walla Walla, Washington; also four sons, Franklin C., Paul W., Ralph L., and Harold R., and one daughter, Mrs. Arthur G. Graham.

Representative Arthur L. Callow delivered the following eulogy on the life of Hannibal Blair:

The story of the life of Dr. H. Blair is a page from American history. His great-grandfather, Andrew Blair, moved from Virginia to North Carolina in Colonial days and was a soldier in the Revolutionary Army. His grandfather, Alexander Blair, born in North Carolina before the Revolutionary war, was a soldier in Jackson's Army during the Creek Indian War and again in the New Orleans Campaign in the war of 1812. His father, George W. Blair, in 1835, moved from Tennessee to Polk County, Missouri, where Hannibal was born in a windowless log house on September 19, 1855. In this eighteen foot square log cabin he lived with his parents the first twenty years of his life, one of the outstanding events of this period being the installation of the much desired, and long awaited windows, when he was ten years of age. Rugged self-reliance, industry, integrity, honesty, thrift, cleanliness, piety, and an abiding, and ever-present faith in God, seem to have been the characteristics of the Blair family. Hannibal related that at the age of five years his mother taught him to read, using the Bible for a text book. He read and re-read the Bible many times and committed to memory a large part of the New Testament.

In May 1877, he came west with his parents, landing at Fern Prairie, Washington Territory. There he learned that a job cutting and hauling wood at Collins Landing was to be had, and being without money to pay his fare on the boat he shouldered his pack and made the four day trip on foot. Four months of work netted him \$145.00, and during the following four years, working at whatever he could get to do, including the teaching of four terms of school at a maximum wage of \$1.50 per day, he saved the money required for his medical education. When he received his diploma, he had a wife and baby and it was necessary that his profession should immediately provide a means of livelihood. From that time until 1924, when the loss of his hearing compelled the discontinuance of the practice of his profession, he was the typical country doctor. At East Portland, at Albina, at La Center, at Bickleton, and at Elma, he ministered to the needs of his people.

He was living at Bickleton in 1889 when he was elected as a member of the House of Representatives for the first session of the Legislature of the State of Washington. His service during that memorable session is a matter of record, and was one of high-minded devotion to duty. During the session he became acquainted with Governor Elisha P. Ferry, and Senators John B. Allen and Watson C. Squire, and was the personal friend of nearly every member of the House.

After the session he returned to Bickleton where he practiced his profession until October, 1900. He then moved to Elma, where for twenty-four years he was a leading figure in everything that had to do with the life and business of the community. In 1901, he was elected Mayor of Elma, and during his term the town took over the out-worn and inadequate water plant. He personally supervised the digging of every rod

of ditch, and the laying of every joint of pipe required for the reconstruction of the system, and in later years he took a justifiable pride in the fact that, while the rates were low, the plant was fully paid for out of its own revenue in the short space of twelve years.

His long service as Director of the Elma School District was outstanding, and had much to do with the laying of the foundation for the present fine schools of that thriving community.

When in 1924, he realized that he was losing his hearing he closed his office, sold his home and hospital, and opened a drug store in Tacoma. Later he moved to a poultry and berry ranch near Puyallup, and finally moved to Vancouver, Washington, where he went into the business of building and selling houses, doing much of the work himself. After the death of his wife he made his home with his son Ray, at Ocosta, Washington, and finally passed peacefully away on June 10, 1942, in the Elma Hospital which he had built so many years before.

I have already stated that he was the typical country doctor. On foot, on horseback, on rancher's sled or wagon, by bicycle, by horse and buggy or by automobile, over trails, through the mud of the primitive road, through the snow and rain of winter, or the heat and dust of summer, he answered every call. Whenever accident laid its heavy hand, or sudden illness or wasting disease or any of the thousand and one ills with which human flesh is afflicted, called for his services, Doctor Blair was there. Whether ushering into the world a new life, or saving one that was threatened, or watching the flickering taper of the closing scene dissolving into the silence of death, he was always the same—resourceful, capable, dependable, friendly, kindly and sympathetic; a citizen whose place cannot be filled, a friend for whose loss there is no recompense.

(An autobiography of Hannibal Blair, submitted by Representative Callow, has been filed with the State Archives Committee.)

Senator Harry Wall delivered the following eulogy on the life of Noble L. Brown:

Noble L. Brown, better known as Dude Brown, was an honored and respected citizen of Leavenworth, Washington, for many years. He served in the Legislature during the session of 1937. He was a Republican and served during a Democratic administration. He was one of the first white boys born in Wenatchee Valley. Mr. Brown was fifty-four years old at the time of his death.

He was a man of strong convictions and never left either political friend or foe in doubt as to where he stood on public questions. He was a self-made man and cleaved a large place for himself in the business life of the Wenatchee Valley. For many years, and until the time of his death, he was the owner of a dude farm on the Icicle River near Leavenworth, Washington. His active outdoor life made him more popular and he was continuously promoting events for children. He was a naturalist in the truest sense of the word, as he loved to get out in the woods and commune with nature.

This man has left his mark, particularly upon the younger people of our community. He was called "Dude" by thousands of young folks as well as older ones. There was never a fight for the benefit of the community for which Dude was not in the front ranks.

Mr. Brown died July 3, 1942, in California, enroute to Arizona.

Representative C. A. Hanks delivered the following eulogy on the life of Robert E. Bucklin:

Robert Eben Bucklin, 63-year-old Washington pioneer, died May 24, 1942, at the Naval Hospital in Bremerton following an operation.

Mr. Bucklin was born at Port Madison in 1879. He was the mayor of Port Orchard and had served as a Kitsap County Commissioner and State Legislator. He was commandant of the Washington State Veterans' Home at Retsil at the time of his death.

Mr. Bucklin was a member of the United Spanish-American War Veterans, Knights of Pythias, and I. O. O. F. He was a student at Washington State College when he joined Company F of the first Washington Volunteers in the Spanish-American War, where he was wounded in the Philippines and permanently crippled.

Mr. Bucklin's entire life was spent in Kitsap County where his father homesteaded a place on Bainbridge Island. The Bucklin family was a well-known pioneer family and had much to do with the development of Kitsap County. He was always

active in community work, and will be remembered as a public spirited man whose honesty and integrity were never questioned. His own personal interest was always considered second to that of his community responsibilities, which he always assumed and performed with great credit to himself.

Representative Art Fairchild delivered the following eulogy on the life of Harry E. Christianson:

It is with a deep sense of honor that I, and the citizens of Pacific and Grays Harbor Counties, have the privilege of paying tribute to one of our late, respected State Representatives.

I address this House to honor the name of Harry E. Christianson, who served in this honorable legislative body during the sessions of 1933 and 1935. He died in the autumn of 1941 at the age of 72.

Harry E. Christianson was one of those American citizens whose quiet and widespread usefulness, wise judgment and human sympathy contributed so much to the permanence of our state, our nation and their institutions. He knew the principles and philosophy of life.

That the services by him to the people of his community and counties were truly valued, is well demonstrated by their desire to avail themselves of that service by electing him during the times he ran for office. He served his county in several capacities.

He reared a family of two sons and three daughters. He enjoyed a splendid reputation in this state as a real estate, insurance and construction man, and also in the halls of our State Capitol. To the memory of such a man we pay our respects.

Representative Jeannette Testu delivered the following eulogy on the life of Anna K. Colwell:

It is an honor to pay tribute to the memory of Anna Colwell, who served in the House of Representatives in 1920 and 1921.

It was not my privilege to know Mrs. Colwell, but all that I have learned of her causes me to strive to be worthy to follow in her footsteps in the serious business of law-making.

After serving in the Legislature, Mrs. Colwell became State President of the Fraternal Congress. She was a member of Queen City Chapter, Eastern Star, and earlier had been active in many other lodges. Her death occurred on September 1, 1941, at Seattle.

Her ability, her friendliness, her pleasing personality, left their mark on her fellow members of the Legislature, and her philosophy lives in the just practices that have been fashioned into the laws of this sovereign state.

Future generations will be blessed and America safe-guarded if people like Mrs. Colwell continue to serve in the House of Representatives.

Representative David Phillips delivered the following eulogy on the life of J. L. Cross:

On December 24, of last year, there passed on in Spokane a former member of the House of Representatives of the State of Washington, Mr. James L. Cross, a man who was greatly admired and beloved in his community, as well as the entire state. I feel very proud of the honor accorded me in being allowed to deliver a brief eulogy on a man who was in public and private life known to be always on the side of the "little fellow."

Mr. Cross was a member of the House of Representatives in 1919, 1925 (Special) and in 1927.

He was born in Toronto, Canada, September 14, 1870. He spent his early boyhood in New Hampshire, and from there the family moved to Texas. He attended Normal School in St. Cloud, Minn., and completed his education at Dixon College, in Illinois. He came to Adams County in 1904, from the middle west. In 1905 he moved to Ritzville, where he established a real estate and insurance business. The following year he was married to Mary Maybury, of St. Cloud, Minn.

Mr. Cross was county auditor for two terms. He also served the community as its mayor, city clerk, councilman, and was active in the commercial club. During the later years of his life he was manager of the Adams County Abstract Company.

He was a member of the Methodist Church and was for many years on the Board of Trustees. He was also a member of the Ritzville Masonic Lodge.

In 1936 he sold his interests and moved with Mrs. Cross to Seattle, and in 1939 they went to Spokane, where he passed on.

Mr. Cross is survived by Mrs. Cross and three sons, Edward G., of Ritzville, J. Robert, of Portland, Ore., and Harry M., of Chattanooga, Tenn.

He will be remembered as an earnest worker and one who never ceased to be interested in the community in which he lived. Because of the way he had lived and served, he was rewarded with the love and respect of his fellow-men. May his memory live long in the hearts of his friends and the people he served.

Representative Perry B. Woodall delivered the following eulogy on the life of Frank Gehlen:

As the shining sun is oftentimes dimmed by the darkening clouds, so the joy of living is oftentimes darkened by the presence of death; and though we are aware that this is as it always has been and shall always be, this consciousness does not render death less painful, and does not lighten the shadows to those loved ones in whose home death strikes.

These things are deeply felt by the friends and loved ones of Frank Gehlen, who served in this House of Representatives during the 1933 regular session, 1933 extraordinary session and the 1935 regular session. He was born in Iowa, July 1886, and came to Toppenish, Washington, in 1909, where he worked both as a conductor and brakeman on the Northern Pacific Railroad. In 1916 he married Leava Lillie, and besides his widow, leaves to mourn his departure a son, Frank Jr., who is engaged in farming, a son William, in the United States Coast Guard, and a son Robert, employed in the shipyards.

He early recognized and believed in the future of the Yakima Valley and for many years conducted a milling company; and spent the last years of his life, due to ill health, farming. He was active in civic affairs, being a charter member of the Toppenish Rotary Club. He served as mayor of the City of Toppenish from 1933 to 1939, and devoted much of his time striving to better and improve farming in this vicinity. He was a member of the Toppenish Council of the Knights of Columbus and a member of the Saint Aloysius Catholic Church.

He was generous of spirit to an extent that his generosity resulted in financial loss to himself, yet he was always willing to help any man whom he felt deserving. His loss, November 20, 1942, was felt and will be felt by men and women throughout all of Yakima Valley.

Perhaps it is noteworthy that he had more friends among the poor than among the wealthy. He had faith in the worthiness of all mankind, and who is there among us who can say that this faith will be without its just reward.

Senator Victor Zednick delivered the following eulogy on the life of James A. Ghent:

It was my privilege to know Dr. James A. Ghent intimately for many years. He and I served together in the State House of Representatives in the session of 1911. He was a member of the State Senate in 1915 and 1917, while I was still a member of the House.

Dr. Ghent was a conscientious, hard-working legislator, responsive to the wishes of his constituents and devoted to the welfare of the entire state. He represented the downtown district of Seattle.

After establishing an enviable record as a physician and surgeon for many years in Seattle, opportunity called him to San Francisco, where he continued his practice.

He is survived by his widow, Geneva, and a son, Byron Ghent, both residing in San Francisco.

While a resident of Washington, the doctor was very active in Republican politics and, for several years, was county jail physician.

In his passing, both Washington and his adopted State of California lost an outstanding citizen.

Representative Henry C. Hartung delivered the following eulogy on the life of Mack F. Gose:

Perhaps no man stood higher in the esteem of the bench and bar of the State of Washington than Mack F. Gose. He was a keen and able lawyer, a sound and capable judge, possessing a personality so kind and charming that practically all who knew him were his friends.

Mr. Gose was born in Missouri, July 8, 1859, the son of John M. and Hannah Gose. In 1864 the family came west and after spending a year at Boise, Idaho, proceeded to Walla Walla County, Washington. He attended Whitman College and later studied law and was admitted to the bar in 1883, and immediately moved to Pomeroy, Washington, where he practiced for many years. He was married in 1886 to Lelah B. Seeley, who passed on several years before his death. In 1909 the late Governor Cosgrove appointed Mr. Gose to fill a vacancy on the Supreme bench, from which he retired six years later. He was nominated State Senator and elected without opposition in 1920 to fill the unexpired term of E. V. Kuykendall.

Mr. Gose died January 31, 1942, in Pomeroy, Washington. He is survived by one daughter, L. Vivien, now the widow of Charles B. McCleary, in Olympia, Washington.

His death, though not unexpected because of his long illness and his ripe age, cast a pall of gloom over his entire community, and the universal expression was that a good man, a kindly neighbor, and a charming companion had gone to his reward.

Senator John N. Todd delivered the following eulogy on the life of Paul W. Houser:

It is an honor to be privileged to deliver this eulogy in memory of Paul W. Houser, former member of the State House of Representatives and of the State Senate.

He was born in Lincoln, Illinois, January 12, 1879. He enlisted in the 5th Illinois Volunteer Infantry at the age of eighteen and served through the Spanish American War. In the first World War he served twenty-two months in the Air Corps with the rank of First Lieutenant.

He received his law degree from Illinois Wesleyan University, went to Renton, Washington, in 1907 as a practicing lawyer, and entered politics the following year when he was elected City Attorney of Renton, a post which he held until 1914. In 1912 he was elected to the State House of Representatives on the progressive ticket and served continuously in the legislature until 1934, with the exception of a few years during the first World War.

He served in the State Senate from the 31st District from 1922 to 1934. After his retirement from the State Legislature, he served again as City Attorney of Renton from 1938 to 1942.

Surviving are his widow, two sons, one grandson, three sisters and one brother.

He was an untiring progressive leader and did much to promote progressive legislation and to work constructively in his community.

Representative John M. Custer delivered the following eulogy on the life of Eugene T. Hurd:

With the passing, on May 21, 1941, of Dr. Eugene Hurd, a member of the Washington Legislature in 1913, we have lost a man who devoted his life to public service and the alleviation of human suffering.

Dr. Hurd was a distinguished World War I surgeon. He served as medical officer at the front with the Russian army in ninety-two engagements, and operated on more than 31,000 wounded soldiers and treated more than 16,000 injured.

When the Russian front collapsed, Dr. Hurd fled to France and enlisted in the United States Army where he became a Captain in the Medical Corps.

Dr. Hurd was also a war correspondent on the Russian front for the Chicago Tribune, and later lectured extensively on his experiences in the war.

He was married in 1913 to Baroness Nella von Hochstetter. He belonged to numerous Russian Orders—among them, the Order of the Red Cross, St. Stanislaus, St. Vladimir, and St. George.

The distinguished career of Dr. Hurd shall be, forever, an inspiration to all of us.

Representative W. J. Beierlein delivered the following eulogy on the life of Victor M. Iverson:

Victor M. Iverson, a native son of the State of Washington, was born in 1895. He served in the House of Representatives in the session of 1931, representing the 44th District, King County; and was elected on the Republican ticket. He was engaged in the insurance business.

Representative Clinton S. Harley delivered the following eulogy on the life of Reuben W. Jones:

Reuben W. Jones, a Member of the House of Representatives in the Washington State Legislature in 1901 and in 1903, was a man of the highest character and had

great appreciation of the finer things of life. Born in a humble home in Wisconsin, brought up under circumstances which made it difficult for him to obtain an education, he nevertheless was filled with a keen desire for knowledge, and so well did he prepare himself that shortly after he moved to Dakota territory in his early years he was elected County Superintendent of Schools.

The lure of the far west brought him to Seattle in 1888, in which city he lived until his death a few days ago. His passing brings to a close the career of one of the most civic-minded pioneer builders of this state.

As a young man he served in the city council, then known as the "House of Delegates", of Seattle, and he was elected to the 1901 and 1903 sessions of the state legislature from the 40th District. It was but natural that most of the bills introduced by him in the legislature referred to education and civil government. He introduced bills to authorize school boards to establish parental schools and to employ attorneys. Other bills established a state library commission and provided for a traveling library fund.

He believed emphatically in the sanctity of the ballot and presented to the legislature one of the first bills introduced providing for the adoption of voting machines.

A staunch believer in temperance, he advocated that the sale of intoxicating liquor should be prohibited within 600 feet of any public library, school or university of this state.

Uncompromising to the end when he thought that he was right, nevertheless he always would listen to both sides of the question before determining his course. But once he had made up his mind, he could not be swerved by friend or foe.

His major civic contribution was made as Secretary of the Board of School Directors of Seattle School District No. 1. In this office for a period of thirty-nine years, he was vitally connected with the legal and business activities of the schools. He assisted the school board in the selection of the sites of many of the schools which were built during a period of rapid growth when the number of buildings expanded from thirty-four to eighty. Secretary Jones was unusually punctilious in his care of the records of the district and painstaking in his supervision of accounting and business practices. To this office he was re-elected annually thirty-eight times. His relationship as secretary was more than official. His personality and his character were such that firm personal friendships were made with all with whom he came in contact.

He loved the children in the public schools and delighted in making personal visits to their classrooms. His thinking, his planning, and his vision have become a part of the Seattle school district, and the citizens of Seattle are indebted largely to him for the sound growth and progress of their public schools.

He was of Welsh descent, and like so many of his race, writing and music were among his sources of relaxation. These arts were appropriate media for the expression of his warm, genial, friendly spirit.

Last week this grand old man passed to his final reward at the age of eighty-four. Beloved by all, respected throughout the community, and having done his part in the upbuilding of the State of Washington, both through his service in the legislature and his many years of official connection with the education system of Seattle, his life should be an inspiration to young men.

Humble birth, limited opportunities and physical hardship were no deterrent toward his participating in the civic life of this state. We, as citizens, are indeed indebted to him for the accomplishments of his years and for those memories which will always be deep in our hearts.

Representative William J. Pennock delivered the following eulogy on the life of H. E. Kennedy:

Horace Edgar Kennedy died in June, 1941, at the age of sixty-seven years.

He was born in Ontario, Canada, and had lived in Seattle for fifty years, serving in the House of Representatives from 1911 to 1915.

In 1913, Representative Kennedy helped to build the Colonial Theatre. At one time he owned the Kennedy Hotel at Ninth Avenue and Madison Street in Seattle.

He was a member of Eureka Lodge No. 20, F. & A. M.

Relatives who survive Mr. Kennedy are two sons, Horace E. Kennedy, Jr., and Edgar Kennedy; two daughters, Mrs. Reba Marsh and Mrs. Jean McNamara; two sisters, Mrs. John Guise and Mrs. Violet Kennedy; and two brothers, John Kennedy and Harry P. Kennedy.

In the death of Representative Kennedy, the State lost a public-minded citizen.

Representative Ella Wintler delivered the following eulogy on the life of George McCoy:

George McCoy, of Vancouver, Washington, was born in Green County, Wisconsin, January 13, 1865. His early life was spent on the farm of his parents, James and Margaret (Galligan) McCoy, who emigrated from Ireland. He graduated from the Evansville, Wisconsin, High School, and chose the lumber business as his life occupation. After working three years in the northern Wisconsin woods, he came west in 1890 and settled at Napavine, Lewis County, Washington, where he owned and operated a saw-mill. In 1893 he married Eleanor Burdick of Edgerton, Wisconsin, and to them were born three sons, Austin B., Allan B., and George McCoy, Junior. In 1907 he moved to Vancouver, where he resided until his death October 2, 1942.

After moving to Vancouver he engaged in logging, river driving and dock construction. He was instrumental in forming the Port of Vancouver, and was one of the original Port Commissioners.

George McCoy served eleven sessions as a Republican member of the Washington State Legislature, representing Lewis County in the House in 1899, 1901, 1905 and 1907, and Clark County in 1913, 1915, 1917 and 1919. He was in the Senate in 1921-1923, and again in the House in 1931.

He sponsored legislation which protected State granted, school and tide lands, provided for industrial insurance, authorized the construction of the Interstate Bridge between Vancouver and Portland, and promoted always the general welfare of the state.

All who knew Mr. George McCoy and were familiar with his active life appreciated him for his many fine qualities of honesty, integrity, loyalty, perseverance, genial humor, and kindness of heart. He loved the State of Washington, and the State gained much from his industrious life. He was purely a life of service.

Senator Ernest C. Huntley delivered the following eulogy on the life of Peter McGregor:

It is my privilege to say a few words in memory of a former member of both the House and Senate, Peter McGregor, who passed away at his home in Hooper, February 8, 1941, at the age of seventy-seven.

His death ended a career that saw him grow from a Canadian farm boy to one of the most successful ranchers in the Spokane area. His ranching and farming life was varied. He and his brother started with a homestead in the Big Bend country and at that time had two teams of horses. At the time of his death, the McGregor Land and Livestock Company owned the "Bar-U" ranch, which had 13,000 acres of range and 1,200 acres in wheat, and the "Home Place" which includes 27,000 acres, 9,000 of which were in wheat. In addition they owned 35,000 sheep.

A Republican, Mr. McGregor served one term in the lower state House, and one term in the state Senate. For seven years he was a regent of Washington State College under Governor Hart. He was a member of the first Columbia Basin Commission and he served as state tax commissioner. For twenty years he was a member of the Spokane Branch of the San Francisco Reserve Bank. He was on the Parole Board of the Monroe State Reformatory for seven years.

Mr. McGregor was a member of the Presbyterian Church. He was high in Masonic circles, being a member of the El Katif Shrine and the Scottish Rite bodies.

He is survived by two sons, two sisters, and three brothers.

Representative George R. Thompson delivered the following eulogy on the life of George W. Overmeyer:

In the passing of Dr. G. W. Overmeyer, the State of Washington lost a citizen who contributed his share to the welfare of his state throughout his active and beneficent life.

Dr. Overmeyer was born in Idaho in 1863, graduated from the School of Medicine of Valparaiso University, and practised his profession for fifty years. During his active years he was a member of the State Medical Board, a member of county medical societies, and physician and surgeon to several state institutions.

The Doctor had the very fascinating hobby of collecting books, and had one of the finest private libraries in the state. Many volumes from his collection were donated by him to the state colleges and to the University of Washington.

Dr. Overmeyer represented Lewis County in the House of Representatives in the 1925 session.

Last rites were held April 1, 1941, at Retsil, Washington, and military burial services were at Fort Lawton under the auspices of the American Legion and the Masonic Lodge.

Representative C. N. Eaton delivered the following eulogy on the life of Frank H. Richmond:

Frank H. Richmond, seventy-eight, former mayor of Walla Walla, died at his home, 415 McKinley Street, December 14, 1942, after a brief illness. He had been in failing health for several years.

His residence in this part of the Pacific Northwest dates to 1878. He was born at Fillmore, Illinois, August 9, 1864. His parents, Mr. and Mrs. Andrew J. Richmond, took up a homestead at Helix in 1880. He attended grade school at Helix, high school at Athena, and was graduated from the normal school at Weston. He taught school near Helix and Pendleton, but in 1894 he began farming in Eastern Oregon.

During his residence in that area he helped organize the Bank of Helix, of which he was vice president and assistant cashier for five years. It was in 1906 he came to Walla Walla. He continued as a farmer after coming to this city to live.

Mr. Richmond served as a member of the Walla Walla Board of Education, having been first appointed to fill the vacancy caused by the resignation of John L. Sharpstein. Later he was elected to the office. He served two years in the legislature, his fellow legislators from here being Arthur E. Cox and H. D. Eldridge.

Later in his business life Richmond became President of H. L. Gray, Inc., motor car dealers, and of the Star Laundry Company.

He retired from farming about four years ago.

He was married to Miss Jennie I. Gross in Pendleton, and to this union were born three sons: Lester and Leland, of Seattle; and Harold, of Englewood, N. J. In addition to his sons he is survived by two sisters, Mrs. Cora I. Simpson of Walla Walla, and Mrs. James H. Price, Long Beach, California.

Mr. Richmond was elected mayor of Walla Walla in 1932, serving the full three-year term. He was a Democrat by party.

He was a member of White Temple Baptist Church, having served as a trustee. He was an active Community Chest worker in earlier years. He was a member of the Artisans Lodge.

Representative Roy J. Kinnear delivered the following eulogy on the life of H. P. Rude:

The late Honorable H. P. Rude, a former member of the House of Representatives of the State of Washington, saw the light of day in Norway in 1856. With his parents and other members of the family he came to America while still a young man. The family settled in the northern tier of the western states, and Mr. Rude eventually adopted Washington as his permanent home in the Western Hemisphere.

Mr. Rude was a merchant tailor and successfully pursued that vocation for many years in King County. He was a highly respected citizen of King County, and was affiliated to a superlative degree with the higher brackets of American citizenship. He was an accomplished gentleman, with many friends and no enemies.

Before Mr. Rude was old enough to vote, he had affiliated himself with the Republican party, and was one of the leaders of the Republican organization in the state and in King County. Under his direction and pursuant to his plans and cooperation, the Republican party was active in all things for the betterment of the country, the state and the community in which he lived.

Mr. Rude served not only in the Legislature but also in the common council of the City of Seattle, was a member of the park board, and for years was a member of the executive committee of the Republican Party in King County rendering valuable service for the cause for which the Republican Party has always stood.

The United States received an asset with the coming of the late Mr. Rude. The State of Washington was richer, and King County was proud of the fact that Mr. Rude was one of its worthy and outstanding citizens.

Mr. Rude lived to the ripe age of eighty-seven years, and his death occurred in Seattle on January 5, 1943.

He was loved by everyone, and his memory will be honored as long as anyone is living who had an acquaintance with this deceased member.

Representative W. C. P. Meddins delivered the following eulogy on the life of Senator John H. Ryan:

Senator J. H. Ryan was born August 6, 1866, at Chillicothe, Ohio, and died on January 20, 1943, at Tacoma, Washington. About the beginning of the century he came to the State of Washington, living for a season in Spokane. In 1904 he came to Tacoma and established himself as an editor and publisher. His first publication was called the "Forum" and later became "Ryan's Weekly".

Senator Ryan was proud of being considered a liberal. He changed party affiliation as the issues advocated appealed to him. He first supported the Farmer Labor party, then the Republican party, and later the Democratic party. Senator J. H. Ryan was first elected to the Washington State Legislature as Representative of the 28th District of Tacoma in 1920. He served as Representative during the sessions of 1921, 1923 and 1931. He was elected to the Senate in 1932, serving in the 1933 session, the extraordinary session of 1933 and the 1935 session. He closed his career of service to the state in the 1941 session of the House of Representatives. Senator Ryan's co-workers remember him as strong in conviction, eloquent in expression, and loyal to friends.

Representative Levy Johnson delivered the following eulogy on the life of Ben S. Sawyer:

It is with a deep sense of honor that I pay this tribute to Ben S. Sawyer, who died in September of 1942.

Mr. Sawyer was born in Hillsboro, Illinois, on July 2, 1880. He attended school in the State of Illinois and was a graduate of Cumberland University Law School. Mr. Sawyer served in the Spanish-American war, was a member of the Roosevelt Rough Riders, and for many years was an active member of the Spanish-American War Veterans' organization.

His service in public office consisted of that of acting as police judge in the City of Olympia from the year 1927 to 1935. He served as Washington State Representative from the 22nd District during the 1935 session. From 1935 to 1941 Mr. Sawyer served as Postmaster of the Olympia Post Office. For thirty-one years Mr. Sawyer practiced law in the State of Washington. It was in this capacity that I knew him best, and his loyalty and zeal in the performance of his duties in the service of his clients has often caused favorable comment from other members of his profession.

Mr. Sawyer will always be remembered among those who knew him, not only for his ability, but also for his great sincerity and his constant and unswerving devotion to the cause of the common man.

Representative U. M. Lauman delivered the following eulogy on the life of Judson S. Siler:

Mr. Judson S. Siler was a member of the House from 1917 to 1927, including two interim sessions. He was a very popular member and exerted a considerable influence in the House. He was very popular and influential in his home locality. He came from Tennessee in 1888 and settled in the Randle community at a place called Vance. He fled on a homestead, where he resided until his death in 1942.

He married a Mrs. Lewis of Winlock, who was a widow with four children: Orville R. Lewis and three sisters, who were also very influential in the community. He had two sons, Harry and Terry, both of whom were educated at Pullman, to which institution he was very favorably inclined. He was always a firm friend of Pullman, and in the Legislature worked for its advantage. He was a good citizen.

Representative H. D. Hall delivered the following eulogy on the life of Jurie B. Smith:

Never in my life have I felt so humble or realized my lack of ability as I do at this time when I try to pay tribute to the memory of my friend and fellow legislator, Jurie B. Smith, who gave the best of his ability, both as a man and a legislator, to try to make this world a better place in which to live.

I realize that there might have been some who differed with him on some of his ideas and ideals, but I do not believe there ever was a legislator who sat on this floor with him who did not respect and admire him for his sincerity and integrity of purpose. I know that in the hearts and minds of those who knew him best, his memory will live long after my humble words will have been forgotten.

WHEREAS, The said Initiative Number Twelve was referred to a standing committee

of the House which now has the initiative under consideration for recommendation to the House; and

WHEREAS, The actual operation under the provisions of said initiative, if enacted into law, cannot be immediately fulfilled due to the war and the government restrictions on the purchase of all materials which would be used in developing and transmitting hydro-electric power, and that such materials would not be available until the termination of the war; and

WHEREAS, The immediate enactment of Initiative Number Twelve would mean a law in our statutes which would be practically inoperative; and

WHEREAS, The constitution further provides that the legislature may not change or amend any such initiative measure so submitted for its consideration, but that any such initiative measure, if enacted by the legislature, shall be subject to the referendum petition, or may be enacted and referred by the legislature to the people for approval or rejection at the next general election, and that, if rejected or no action is taken upon it by the legislature before the end of such regular session, the secretary of state shall submit such measure to the people for their approval or rejection at the next ensuing regular general elections; and

WHEREAS, Public opinion in regard to the Initiative seems to be well divided and it is known that every voter in the State of Washington is interested in the said Initiative in one way or another;

Now, Therefore, Be It Resolved, Due to the fact that war conditions prevent the operation for an estimated two years of the Initiative, that the House immediately return Initiative Measure No. 12 to the Secretary of State for submission to the people for their approval or rejection at the next General Election as provided under Amendment 7, State Constitution.

House of Representatives,
Olympia, Wash., February 11, 1943.

MR. SPEAKER:

We, a minority of your Committee on Public Utilities, to whom was referred Initiative No. 12, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass.

J. K. BUSKIRK, *Chairman*.

We concur in this report: Georgiana Behm, Mrs. Jurie B. Smith, Andrew Winberg, Geo. H. Johnston.

SPEAKER'S PRIVILEGE

The Speaker:

"Members of the Legislature, the measure we have before us today may possibly be the most important measure that has come before this Legislature during the sessions in which I have served. I do not want any of you to construe in any way, shape, or form as influencing your vote, the rulings that I may be called upon to make when parliamentary inquiries are presented to me. If I am in error on my rulings as these points are presented, it is because, although I will have exhausted every possible authority, I just don't know.

"It is my desire that everyone wishing to speak on this particular measure be given the opportunity to do so. I only wish that I could be among you to do that very thing and express my viewpoints on this measure. And I ask that you be patient in asking for the floor, as I will recognize each and every one of you upon addressing the Speaker.

"Because of the many who wish to speak on this measure, we are limiting all of you to ten minutes, in accordance with the House Rules. I appreciate the feeling of tenseness here on this measure. We are confronted with a very great problem, a big problem. I know that you will vote your convictions."

Mr. Rosellini:

"Mr. Speaker, point of inquiry. Is that the ruling already established by the procedure taken in the Senate?"

The Speaker:

"Your point of inquiry is out of order, Mr. Rosellini, because there is nothing at this time presented to the Speaker to rule upon.

"The Clerk will read Initiative No. 12."

Initiative No. 12 was read in full.

POINT OF ORDER

Mr. Watkins:

"Mr. Speaker, in order that the procedure may be clearly in mind, I am going to ask the Speaker to rule at this time on the resolution attached."

The attached resolution was read in full.

RULING BY THE SPEAKER

The Speaker:

"The Speaker has been asked to rule upon the majority report of the Committee on Public Utilities to which was attached the resolution. The Speaker will rule that the resolution is out of order—first, because it is not in conformity with Rule No. 47 under which we are guided for the introduction of bills, memorials and resolutions; second, because it is contrary to the Joint Rules governing the handling of initiatives and as provided in the seventh amendment to the Constitution, which reads in essence 'The Legislature may enact and refer'; third, because to refer an initiative to the people, a joint resolution by the House and the Senate is necessary. The question before the is the final passage of Initiative No. 12."

Debate ensued.

On motion of Mr. Lennart, the previous question was ordered.

The Clerk called the roll on the final passage of Initiative No. 12, and the Initiative passed the House by the following vote: Yeas, 62; nays, 37; absent or not voting, 0.

Those voting yea were: Representatives Anderson (Dr. R. Wm.), Armstrong (H. C.), Armstrong (Ralph L. J.), Atwood, Behm, Beieflein, Bernethy, Boede, Callow, Dore, Drange, Erdahl, Fairchild, Ford, French, Gallagher, Goucher, Hall, Hanks, Hansen, Harman, Hodde, Hofmeister, Hupp, Hurley, Isenhardt, Johnson (Gertrude L.), Johnson (Levy), Johnston (Geo. H.), Jones, Lennart, Malloy, Martin, Mason, McCoy, McMonagle, Meddins, Miller (Donald B.), Murphy, Nunamaker, O'Brien, Pearson, Pennock, Phillips, Pitt, Rosellini, Savage, Simpson, Smith, Testu, Tisdale, Twidwell, Underwood, Van Buskirk, Vane, Vinje, Watkins, Willoughby, Winberg, Wintler, Young, Mr. Speaker—62.

Those voting nay were: Representatives Anderson (B. Roy), Ashley, Babcock, Bassett, Chervenka, Christensen, Clark, Comfort, Cory, Cramer, Custer, Eaton, Ericksen, Foster, Hamblen, Harley, Hartung, Judd, Kehoe, Kinnear, Lauman, Loney, Lyman, Meenach, Miller (Fred), Montgomery, Oldershaw, Raugust, Riley (Edward F.), Schumann, Shadbolt, Sisson, Taft, Thompson, Turner, Woodall, Zent—37.

Initiative No. 12, having received the constitutional majority, was declared passed.

MOTION

Mr. Hodde:

"Mr. Speaker, having voted on the prevailing side, I now move that the House reconsider the vote by which Initiative No. 12 passed the House."

POINT OF ORDER

Mr. Turner:

"Mr. Speaker, point of order. Isn't it the proper procedure to give notice to move for reconsideration on the next working day?"

RULING BY THE SPEAKER

The Speaker:

"Mr. Turner, notice may be given that the House do immediately reconsider a vote, as in this case, or under Rule 205 of Reed's Parliamentary Rules, notice may be given that the House act on the reconsideration the following working day.

"This precedent was established during the last session, and is supported by Reed's Parliamentary Rules and by Cannon's Rules and Order. I refer you to page 625 of the 1941 Journal."

On motion of Mr. Martin, the previous question was ordered.

The motion by Mr. Hodde to reconsider was lost.

COMMUNICATION FROM THE GOVERNOR

State of Washington, Executive Department,
 Olympia, February 20, 1943.

To the Honorable, The Senate and the House of Representatives of the State of Washington:

In compliance with the Provisions of Section 11 of Article III of the Constitution of the State of Washington, I have the honor to submit herewith a list of the pardons, commutations, commutations and conditional pardons, conditional pardons and executive paroles granted since the date of the report to the Legislature of the 1941 Session.

The power of executive clemency has been exercised during the past two years to release forty persons from the 1,782 inmates from the State's two penal institutions, and in twenty-eight other cases to remove the stigma of a criminal record from the names of persons who have proved themselves good citizens after infractions of the law in years gone by. Comparable totals for the last three two-year periods are: one hundred and four in 1937-1939; eighty-six in 1939-1941; and sixty-eight in 1941-1943.

Pardons were granted to twenty-one persons to restore to them the rights and privileges of citizens, to seven young men to allow them to enter military and naval service, to three men to allow them to become citizens of the United States and one to permit his re-entry from Canada where he had gone on a visit and was unable to return into the United States because of immigration regulations.

The process of commutations was employed in behalf of twenty-two persons serving in the two penal institutions. Under this process, the executive authority commuted the sentences to approximately a half more time than the individuals had served. The Board of Prison Terms and Paroles then granted these individuals earned behavior credits for the time served, enabling them to be released forthwith. It was the opinion of the Board that under this procedure a more adequate supervision might be maintained, and in the event it appeared that the subject was again becoming a problem of society, he could be returned to the institution. This process is used in a number of other states and has proved satisfactory.

However, after this process had been used for approximately seven months, the office of the Attorney General, in an opinion dated January 26, 1943, questioned the legality of the procedure as applied to seventeen men who had been serving life terms, eleven of whom were residing outside the state.

In order to obtain the most competent advice available in determining whether these seventeen men should be returned to the penal institutions or granted conditional pardons so that they might remain at large legally, I selected a committee consisting of Judge Charles R. Denney of the Snohomish County Superior Court, Judge Fred H. Witt of the Spokane County Superior Court and Mr. Richard A. McGee, to make a study of the cases under question and recommend to me a course of action which, in their opinion, would be legal and at the same time adequately protect the public.

Their report has been made to me and I am transmitting a copy of it to your honorable body. I have acted in accordance with the committee's recommendations.

PARDONS—PENITENTIARY.

H. A. MAY—Sentenced January 28, 1938, from King County, for a term of not more than fifteen years in the Washington State Penitentiary, which sentence was suspended by the trial court, for the crime of Grand Larceny. NOTICE OF RECONSIDERATION

Mr. Murphy gave notice that, having voted on the prevailing side, he would, on the next working day, move that the House reconsider the vote by which House Bill No. 164 failed to pass the House.

MOTION

Mr. Woodall moved that the House do now immediately reconsider the vote by which House Bill No. 164 failed to pass the House.

POINT OF ORDER

Mr. Murphy:

"Mr. Speaker, point of order. Rule 28 states that before the fiftieth day reconsideration may be had only on the next working day."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule in conformity with the rule laid down last session, as recorded on page 625 of the journal, and which ruling was backed by Cannon's Rules and Order, that although notice has been given by a member voting on the prevailing side that he will move to reconsider on the next working day, any member may rise to his feet, be recognized by the Speaker, and move for immediate reconsideration."

Mr. Murphy:

"Mr. Speaker, the ruling to which you refer applies after the fiftieth day and therefor reconsideration before the fiftieth day does not come under that proviso, and we have not yet reached the fiftieth day. Before the fiftieth day, reconsideration of an affirmative or negative vote may be had only on the next working day."

Mr. Vane:

"Mr. Speaker, did you not rule on the very same thing once before today?"

The Speaker:

"I did. The ruling is that after the fiftieth day you have to move to reconsider on that very day; before the fiftieth day you can give notice that you will move to reconsider on the next working day. However, the Speaker ruled that anyone rising and being recognized by the Speaker may move to immediately reconsider, and it kills all further reconsideration at a future time."

Mr. Murphy:

"Mr. Speaker, I would like to point out that the matter reconsidered earlier today was not a vote on final passage of a bill. It was reconsideration of a vote on an amendment. In all my experience in the Legislature this is the first time that this point has come up. I believe the ruling is quite clear that we can reconsider a vote on final passage of a bill only on the next working day if the matter comes up before the fiftieth day."

Mr. Vane:

"Mr. Speaker, may I inquire of the gentleman as to what measure we reconsidered today, if it wasn't somewhat similar to this?"

Mr. Murphy:

"Mr. Speaker, it was on an amendment. The bill was on second reading, and the question came up on the amendment. Consequently, it did not deal with the final passage of the bill."

The Speaker:

"Under Rule 28, I think the point is well taken by Mr. Murphy. On final passage the rule states 'An affirmative or negative vote on the final passage of bills may be reconsidered only on the next working day after such vote has been taken: Provided, That after the fiftieth day reconsideration can only be had on the day the vote to be reconsidered was taken.' I ruled on the amendment today, and I ruled on the fifty-first day

two years ago that anyone could move to immediately reconsider the vote after notice had been given to reconsider on the next working day."

Mr. Woodall:

"Mr. Speaker, while it is true that the notice is given for the next working day, and it has already been ruled this session when Mr. Hodde moved to reconsider a measure, having voted on the prevailing side, it was then ruled that that could be brought up at the very time. I think that although a notice can be given for the next working day, the House, by its proper motion, can immediately reconsider the matter, just the same as the House may immediately consider any matter that is properly brought before it."

The Speaker:

"I believe, Mr. Woodall, the rule would forestall any motion to reconsider at this time. The Speaker will rule that on the final passage of bills before the fiftieth day, the notice for reconsideration on the next working day will be accepted, and no motion to immediately reconsider will be accepted. This ruling applies to reconsideration before the fiftieth day."

NOTICE OF RECONSIDERATION

Mr. Phillips gave notice that, having voted on the prevailing side, he would on the next working day move that the House reconsider the vote by which House Joint Resolution No. 4 passed the House.

Mr. Watkins:

"Mr. Speaker, having voted on the prevailing side, I move that the House do now immediately reconsider the vote by which House Joint Resolution No. 4 passed the House."

Mr. Murphy:

"Mr. Speaker, according to House Rule 28, reconsideration of a vote on final passage can be had only on the next working day until after the fiftieth day, when reconsideration must be had on the same day. This is in accordance with the ruling made by the Speaker a few days ago."

The Speaker:

"It will take a suspension of the rules to carry out Mr. Watkins' motion."

Mr. Watkins:

"Mr. Speaker, I will re-state the motion. Having voted on the prevailing side, I now move that the rules be suspended and that the House do immediately reconsider the vote by which House Joint Resolution No. 4 passed the House."

Mr. Phillips:

"Mr. Speaker, point of information. I tried to be recognized on the floor to ask if this resolution includes the school funds, and I am moving for reconsideration of the vote so that I may have this information. I will not vote for the resolution if the school funds are included, and I want to know whether they are."

Mr. Watkins read that part of the resolution dealing with the excise tax, and discussed Mr. Phillips' point of information.

Mr. Woodall:

"Mr. Speaker, point of parliamentary inquiry. Rule 28 refers to the final passage of bills. Is it a ruling that a joint resolution has the same standing as a bill?"

The Speaker:

"Yes, it takes the same course as a bill."

Mr. Murphy:

"Mr. Speaker, point of order. In my opinion, the Speaker should never have entertained the motion by Mr. Watkins. If we vote down Mr. Watkins' motion to suspend the rules, if it fails to receive the two-thirds majority, reconsideration tomorrow would be impossible. Therefore, we should not vote to suspend the rules and reconsider at once."

The Speaker:

"You are absolutely right, Mr. Murphy. Mr. Watkins' motion was to reconsider at once. If the House refuses to reconsider, the matter is closed for all future time."

Mr. Murphy:

"Mr. Speaker, you told us that on reconsideration, all a member would have to do would be get up and move to suspend the rule for immediate reconsideration, and if the motion passed, it would still bar reconsideration on the next working day."

The Speaker:

"It would take a two-thirds majority to do it. No matter what rules we adopt, the body can always temporarily suspend them by a two-thirds majority vote."

Mr. Murphy:

"Mr. Speaker, is reconsideration possible tomorrow?"

The Speaker:

"No. If the House refuses to reconsider now, the matter is closed."

Mr. Hodde:

"Mr. Speaker, I ask for a division on the question as between suspending the rule and reconsideration. I agree with Mr. Murphy that if the question can be voted on as one question—the matter of suspending the rule and reconsideration—anyone can get up and move to suspend the rule and immediately reconsider, and having failed to get even a dozen votes to suspend the rule, he gets the same effect as though he had been successful in voting down the reconsideration. That would make our rule of a two-thirds

majority ineffective. I think we are entitled to vote on the question as to whether we desire to suspend the rule, and then we can vote on the question of reconsideration."

The Speaker:

"I think Mr. Murphy's point is well taken. The rule provides that a notice of reconsideration must be brought up on the next working day. Mr. Watkins' motion is that we suspend the rule and immediately reconsider the vote. If his motion fails, the matter is in the same position as before."

Mr. Hodde:

"Mr. Speaker, then we are back in the original status of having Rule 28 in full force and effect, and reconsideration cannot be had today."

The Speaker:

"If Mr. Watkins' motion fails, it leaves the question in the same status as when Mr. Phillips served notice of reconsideration on the next working day. If his motion carries and the House reconsiders tomorrow, the matter is closed."

Mr. Murphy:

"Mr. Speaker, we are now voting on the suspension of the rule and not on the matter of reconsideration?"

The Speaker:

"Mr. Hodde asked to have the question divided. The first vote will be on the suspension of Rule 28."

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question now before the House is the motion by Mr. Watkins. He moved that having voted on the prevailing side, the House first suspend Rule 28, and then immediately reconsider the vote by which House Joint Resolution No. 4 received the constitutional majority. If Mr. Watkins' motion is successful, we then reconsider that vote, which closes the matter for further consideration tomorrow. If it fails, Mr. Phillips' notice of reconsideration on the next working day is in effect. Mr. Hodde has asked for a division, so we are now voting on the motion to suspend Rule 28. A vote 'Aye' will suspend the rule; a vote 'No' will reject the motion."

Mr. Vane:

"Mr. Speaker, Mr. Hodde simply suggested that the question be divided. He did not move for a division."

Mr. Turner:

"Mr. Speaker, as a substitute motion, I move that we suspend that portion of Rule 28 reading as follows: 'An affirmative or negative vote on the final passage of bills may be reconsidered only on the next working day after such vote has been taken.'"

Division was called for, and the motion to suspend Paragraph 3 of House Rule 28 was carried on a rising vote.

The Speaker:

"The question now before the House is the motion that we do now reconsider the vote by which House Joint Resolution No. 4 received the constitutional two-thirds majority."

Mr. Vane:

"Mr. Speaker, I am inclined to agree with Mr. Murphy that even despite the fact we reconsider the vote today, the notice of reconsideration for the next working day is still in order."

The Speaker:

"That would amount to voting on the same matter today and also tomorrow. I refer you to the ruling on page 625 of the 1941 journal, a ruling which was briefed by myself and the Chief Clerk, and which was based on Hind's Precedents, Cannon's Pre-

edents, and Reed's Rules, that only one reconsideration is in order on any matter. Otherwise, the question would go on ad infinitum, and there would be no end of it."

Mr. Vane:

"Mr. Speaker, it would not go on ad infinitum because if would be brought up the next working day only, which would be twice."

The Speaker:

"Whether the vote be negative or affirmative on a question of reconsideration, one reconsideration of the original vote kills the matter, and no other reconsideration may be had. You will find this ruling in Rule 1142 of Hind's Precedents, as explained on page 625 of the 1941 journal. Also, in the National Congress it is a well-established rule that only once may a reconsideration of a vote be had."

Mr. Watkins:

"Mr. Speaker, the motion before the House was that Rule 28 be suspended. That motion was carried, and now the question before the House is the motion to reconsider the vote by which the resolution passed the House."

On motion of Mr. Armstrong (H. C.), the previous question was ordered.

Mr. Pitt:

"Mr. Speaker, isn't Mr. Watkins' motion out of order when a substitute motion is adopted? Doesn't he have to renew his motion?"

The Speaker:

"The Speaker made it quite clear that that part of Mr. Turner's motion to suspend Paragraph 3 of Rule 28 was the motion voted upon. The question now before the House is that the House do now reconsider the vote by which House Joint Resolution No. 4 received the constitutional two-thirds majority."

The motion to reconsider was lost on a voice vote.

SECOND READING OF BILLS

House Joint Resolution No. 11, by Representative Judd: Relating to control and jurisdiction of water rights.

The resolution was read the second time in full.

On motion of Mr. Judd, the rules were suspended, House Joint Resolution No. 11 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

On motion of Mr. Woodall, the previous question was ordered.

The Clerk called the roll on the final passage of House Joint Resolution No. 11, and the resolution passed the House by the following vote: Yeas, 78; nays, 21; absent or not voting, 0.

Those voting yea were: Representatives Anderson (B. Roy), Anderson (Dr. R. Wm.), Ashley, Atwood, Babcock, Bassett, Beierlein, Bernethy, Boede, Callow, Chervenka, Christensen, Clark, Comfort, Cory, Cramer, Custer, Eaton, Erdahl, Ericksen, Fairchild, Foster, French, Hamblen, Hanks, Harley, Harman, Hartung, Hodde, Hofmeister, Hupp, Isenhardt, Johnson (Gertrude L.), Johnston (Geo. H.), Jones, Judd, Kehoe, Kinnear, Lauman, Lennart, Loney, Lyman, Malloy, Martin, Mason, McCoy, McMonagle, Meddins, Meenach, Miller (Donald B.), Miller (Fred), Montgomery, Nunamaker, O'Brien, Oldershaw, Pearson, Phillips, Raugust, Riley (Edward F.), Rosellini, Schumann, Shadbolt, Simpson, Sisson, Taft, Thompson, Turner, Twidwell, Underwood, Vane, Vinje, Willoughby, Winberg, Wintler, Woodall, Young, Zent, Mr. Speaker—78.

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Behm, Dore, Drange, Ford, Gallagher, Goucher, Hall, Hansen, Hurley, Johnson (Levy), Murphy, Pennock, Pitt, Savage, Smith, Testu, Tisdale, Van Buskirk, Watkins—21.

House Joint Resolution No. 11, having received the constitutional majority, was declared passed.

NOTICE OF RECONSIDERATION

Mrs. Harman gave notice that, having voted on the prevailing side, she would on the next working day move that the House reconsider the vote by which House Joint Resolution No. 11 passed the House.

Mr. Woodall:

"Mr. Speaker, having voted on the prevailing side, I move that Paragraph 3, Rule 28, be suspended, and that the House do now reconsider the vote by which House Joint Resolution No. 11 passed the House."

Mr. Murphy:

"Mr. Speaker, I ask that the motion by Mr. Woodall be divided."

Mr. Woodall:

"Mr. Speaker, according to Rule 46, one has to move to divide a question."

The Speaker:

"The point is well taken."

Mr. Murphy:

"Mr. Speaker, I move that the motion by Mr. Woodall be divided."

The motion was lost.

Mr. Murphy:

"Mr. Speaker, may I point out that the motion is not necessary because this is a resolution we are considering and not a bill."

Mr. Woodall:

"Mr. Speaker, the Speaker ruled a moment ago that a resolution has the same status as a bill."

The Speaker:

"That is correct. A resolution goes through the same procedure as a bill."

Mr. Murphy:

"Mr. Speaker, if the Chair is willing to accept this divided motion, then I think that Rule 28 is completely meaningless, and that the Chair should reject this motion."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that Mr. Woodall's motion is now in order. Mr. Murphy moved for a division of the motion. There is no rule to prohibit making a combined motion. If you wish to have it separated, it is necessary for you to move to divide the motion. Mr. Murphy moved for a division of the motion, and that motion lost. That leaves Mr. Woodall's motion, which is combined, in order, and that motion is before the House now. Mr. Woodall's motion is that we suspend Paragraph 3 of House Rule 28 and immediately reconsider the vote by which House Joint Resolution No. 11 passed the House."

Mr. Murphy:

"Mr. Speaker, if this motion by Mr. Woodall fails, we don't get any reconsideration of the matter."

The Speaker:

"On the reconsideration either an affirmative or a negative vote disposes of the matter."

Mr. Hodde:

"Mr. Speaker, point of order. The motion to reconsider is in effect a negative motion and cannot be combined with a positive motion to suspend the rules. A positive point and a negative point offset each other. Consequently, the question has to be divided, because the failure to suspend the rules would in effect suspend the rule and call for a reconsideration at the same time. You cannot combine an affirmative point and a negative point in the same motion."

The Speaker:

"So that there will be a clarification, Mr. Woodall's motion is that we move to suspend the rules and reconsider the vote by which House Joint Resolution No. 11 passed the House. If that motion prevails, it is then in order for Mr. Woodall to move to reconsider the vote."

Mr. Hodde:

"Mr. Speaker, what happens if it fails?"

The Speaker:

"If it fails, you don't suspend the rule, and you don't reconsider."

Mr. Hodde:

"Mr. Speaker, if you rule that if this motion to suspend the rules fails there can be no reconsideration, there has been no attempt to reconsider, because the attempt to suspend the rule has accomplished by failing to suspend the rule the failure of the motion to reconsider. In other words, it would still be in order for notice to be given to reconsider this vote if Mr. Woodall's motion fails."

The Speaker:

"The Speaker will now rule, from which you may take an appeal, that Mr. Woodall's motion to suspend the rules is in order, and if that prevails, his motion to reconsider immediately is in force. If the motion to suspend the rules fails, the notice of reconsideration for the next working day by Mrs. Harman is in order."

"The question now before the House is the motion by Mr. Woodall that Paragraph 3 of House Rule 28 be suspended."

The motion was carried.

Mr. Woodall:

"Mr. Speaker, I move that we do now reconsider the vote by which House Joint Resolution No. 11 received the constitutional majority vote and passed the House."

Debate ensued.

On motion of Mr. Judd, the previous question was ordered.

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the motion by Mr. Woodall that the House do now reconsider the vote by which House Joint Resolution No. 11 passed the House. A vote 'Aye' will bring the matter back for reconsideration; a vote 'No' will leave it where it is right now."

The Clerk called the roll, and the motion by Mr. Woodall to reconsider the vote by which House Joint Resolution No. 11 passed the House was lost by the following vote: Yeas, 43; nays, 56; absent or not voting, 0.

Mr. Harley:

"Mr. Speaker, the question has been raised on the constitutionality of my voting on this measure because I have an interest in it, and I ask that you make a ruling on the question at this time."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that although Section 30 of Article 2 of the State Constitution provides that a member having any private interest in any bill or measure proposed or pending before the legislature shall not vote thereon, you have no private interest in this bill because the interpretation of the ruling by the National Congress is that it is applicable only to someone receiving a direct amount of money from the government."

Mr. Hodde moved that Senate Joint Resolution No. 4 be indefinitely postponed.

Debate ensued.

Mr. Murphy moved the previous question, but the motion was lost.

Debate continued.

Mr. Armstrong (H. C.) moved the previous question.

SPEAKER'S PRIVILEGE

The Speaker:

"At this time it is against the wishes of the Chair to entertain a motion for the previous question. Mr. McCoy wishes to speak on the motion to indefinitely postpone, and I have indicated to him by a nod of the head that I would recognize him. With the permission of the House, I would like to recognize him before the discussion is closed."

With the consent of the House, Mr. Armstrong (H. C.) withdrew his motion for the previous question.

Debate continued.

Mr. Kinnear:

"Mr. Speaker, I wish to protest the presence of a Senator on the floor of this House during this discussion. The members are being approached on this question of indefinite postponement, and I move that all Senators be barred from the Chamber during the discussion on this motion."

The Speaker:

"It will not be necessary for a motion to be made if Mr. Kinnear's assertion is correct. Under those circumstances, it is the duty of the Speaker to ask the Senator to leave the floor of the House.

"I am sorry if this action is necessary, and I want it distinctly understood that there is nothing personal in connection with this request. We have the privileges of the Senate, as the Senators have of the House, but if there are matters being relayed to the House members on this question, if there is anything to substantiate the statement made by Mr. Kinnear, I feel duty bound to ask the gentlemen to leave the floor; and I do not make this request with any disparagement to the Senators."

Mr. Murphy:

Mr. Speaker, if any individual in the House has been approached on this question by a Senator, I think he should be asked to say so."

The Speaker:

"The Speaker will take Mr. Murphy's suggestion. If any member feels that he has been approached by any Senator, and he has a grievance, I will ask the Senator to leave the floor. If no member has a grievance, the request will be unnecessary."

Mr. Hodde:

Mr. Speaker, a Senator came to my desk, but I will say that I would not act on his suggestion, and I really feel that this matter is unimportant."

The Speaker:

"The Speaker will repeat that unless some member can say he resents an action by a Senator, it would be highly improper for me as your Speaker to ask the Senator to

leave the House Chamber. On the other hand, if any member feels a Senator has violated any privilege that he may have here, I will ask that Senator to remove himself.

"And the Speaker will go further, while we are on the subject, and rule, with the unanimous consent of the House, that hereafter no one except House members, ex-members and Senators will be allowed in the House Chamber one hour prior to the commencement of the session and at no time during the session. I know each and every one of you wants to concentrate and does not want to be bothered. Therefore, the Rules Committee authorized me to admit, for the balance of the session, no one except House members, ex-members, employees of the House, and Senators, to the floor of the House one hour before the session begins and during the session."

Debate continued on the motion by Mr. Hodde to indefinitely postpone Senate Joint Resolution No. 4.

On motion of Mr. Sisson, the previous question was ordered.

Mr. Martin demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Speaker:

"The Speaker wishes to announce that four members, Messrs. Babcock, Christensen, Turner and Vane, were excused yesterday from attendance at the session today."

The Clerk called the roll, and the following absentees were noted: Representatives Babcock, Christensen, Turner and Vane, all of whom had previously been excused.

On motion of Mr. Martin, the House proceeded with business under the call of the House.

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the motion by Mr. Hodde to indefinitely postpone Senate Joint Resolution No. 4. A vote 'Aye' will indefinitely postpone the resolution; a vote 'No' will allow it to take its regular course."

The Clerk called the roll, and the motion to indefinitely postpone Senate Joint Resolution No. 4 was carried by the following vote: Yeas, 56; nays, 39; absent or not voting, 4.

Those voting yea were: Representatives Anderson (Dr. R. Wm.), Armstrong (H. C.), Armstrong (Ralph L. J.), Atwood, Behm, Beierlein, Bernethy, Boede, Callow, Dore, Drange, Erdahl, Fairchild, Ford, French, Gallagher, Goucher, Hall, Hansen, Harman, Hodde, Hofmeister, Hurley, Isenhart, Johnson (Gertrude L.), Johnson (Levy), Johnston (Geo. H.), Lennart, Malloy, Martin, McMonagle, Meddins, Miller (Donald B.), Murphy, Nunamaker, O'Brien, Pearson, Pennock, Phillips, Pitt, Raugust, Rosellini, Savage, Simpson, Smith, Testu, Tisdale, Twidwell, Underwood, Van Buskirk, Vinje, Watkins, Willoughby, Winberg, Woodall, Young—56.

Those voting nay were: Representatives Anderson (B. Roy), Ashley, Bassett, Chervenka, Clark, Comfort, Cory, Cramer, Custer, Eaton, Ericksen, Foster, Hamblen, Hanks, Harley, Hartung, Hupp, Jones, Judd, Kehoe, Kinnear, Lauman, Loney, Lyman, Mason, McCoy, Meenach, Miller (Fred), Montgomery, Oldershaw, Riley (Edward F.), Schumann, Shadbolt, Sisson, Taft, Thompson, Wintler, Zent, Mr. Speaker—39.

Those absent or not voting were: Representatives Babcock, Christensen, Turner, Vane—4.

NOTICE OF RECONSIDERATION

Mr. Woodall:

"Mr. Speaker, having voted on the prevailing side, I hereby give notice that on the next working day I will move that the House reconsider the vote by which Senate Joint Resolution No. 4 was indefinitely postponed."

Mr. Hodde:

"Mr. Speaker, I would like to have a ruling on whether or not a vote on a motion to indefinitely postpone can be reconsidered."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that in accordance with House Rule 29 when a bill, resolution or memorial is postponed indefinitely, the same shall not be acted upon again during the session. Therefore, Mr. Woodall's notice is out of order."

Mr. Woodall:

"Mr. Speaker, the measure itself shall not be reconsidered, but a motion can be made to reconsider the vote by which the measure lost. In other words, the same resolution shall not be reconsidered, it cannot be re-introduced in the same form or acted upon again, but we can reconsider the vote by which that resolution lost."

The Speaker:

"A motion to reconsider the vote, as interpreted by our rules, brings up the main subject for discussion. If you will read the rule, you will find it brings up the whole subject for discussion and puts the matter before the House again. Consequently, in accordance with the rule, you cannot move to reconsider the vote by which Senate Joint Resolution No. 4 was indefinitely postponed. On a motion to indefinitely postpone, no phase of the matter can ever be brought up again and reconsidered."

"I want to be fair in this matter and if my ruling is in error it is because I have been unable to find anything in our rules or in the rules under which Congress operates, to make me rule otherwise. Therefore I would appreciate it if an appeal from the decision of the Chair is taken so that every member will be satisfied that my ruling is correct."

Mr. Hodde:

"Mr. Speaker, as long as we are discussing this matter, I want to say that because of the fact that four members are absent, if the vote on the motion to indefinitely postpone had been close, I would have favored a motion to reconsider. However, we had more than fifty votes, not counting the absent members and I think the question was decided fairly."

Mr. Murphy:

"Mr. Speaker, I regret to say that in my opinion Mr. Woodall's point is well taken. According to Reed's Rule No. 204, a motion to reconsider is applicable to almost all motions, with the exceptions of the motion to adjourn, to lay on the table, when decided in the affirmative, suspension of rules, and the motion to reconsider itself. The motion to indefinitely postpone is not included in that list."

The Speaker:

"That is very true, Mr. Murphy, but it is very specific in our own rules that no further action can be taken during the session on a matter which has been indefinitely postponed. As I stated before, if I am in error in taking this stand, which is not arbitrary, you will not hurt my feelings by appealing from the decision of the Chair."

Mr. Pearson:

"Mr. Speaker, the only way this can be reconsidered is by suspending the rule, isn't it?"

Mr. Hodde:

"The point I brought up I think makes all this discussion unnecessary. If we had not received several more than fifty votes, I think it would be only fair to recon-

sider the vote. The Speaker has ruled fairly, and the absent members would have had no bearing on the result if they had been present to vote."

MOTION

On motion of Mr. Pennock, the House proceeded with the next order of business.

PERSONAL PRIVILEGE

Mr. Woodall:

"Mr. Speaker, in view of the Speaker's ruling, I ask the consent of the House to have printed in the journal why I am recorded as voting 'No' on the motion to indefinitely postpone Senate Joint Resolution No. 4."

MOTION

Mr. Hodde:

"Mr. Speaker, I move that the gentleman from Yakima be allowed to explain in the journal the reason for his vote on the motion."

The motion was carried.

EXPLANATION OF VOTE

Mr. Woodall:

"I am listed as voting in favor of indefinitely postponing Senate Joint Resolution No. 4, which is not my conviction. I first voted 'No' but changed that vote to be on the prevailing side, so as to be able to move for reconsideration of the indefinite postponement, as it was, and still is my conviction that Senate Joint Resolution No. 4 should not have been postponed, but the matter of the final adoption should be left to a vote of the entire people. I make this statement lest my vote upon this be construed otherwise."

MOTIONS

On motion of Mr. Phillips, Mr. Raugust was excused from the call of the House.

On motion of Mr. Martin, the House dispensed with further proceedings under the call of the House.

On motion of Mr. Martin, the House recessed until two o'clock p. m.

AFTERNOON SESSION

MOTIONS

On motion of Mr. Cory, the House reverted to the fourth order of business for the purpose of making a motion.

In line 16 of the original bill, being line 7 of the printed bill, after the comma (,) following the word "misdemeanor" strike the remainder of the bill and insert in lieu thereof the following:

(b) For any person under the age of twenty-one (21) years to enter or remain on the premises of any tavern;

(c) For any person under the age of twenty-one (21) years to represent his age as being twenty-one (21) or more years for the purpose of securing admission to or remaining on the premises of any tavern.

(d) The owner of a liquor license shall not have his license suspended or revoked for permitting a minor to obtain liquor on his premises, if such minor in the company of one or more persons over the age of twenty-one (21) years is held out to be over such age by his companions, or if the minor fraudulently represents himself to be over the age of twenty-one (21) years; provided any reasonably prudent person would believe such representations and the owner of the liquor license, acting in good faith, is misled by the fraudulent representations of the minor.

2. The Washington State Liquor Control Board shall have the power and it shall be its duty to classify the various licensees, as taverns or otherwise, within the meaning of this act, except bona fide restaurants, dining rooms and cafes serving commercial food to the public shall not be classified as taverns during the hours such food service is made available to the public.

House Bill No. 98, by Representative Rosellini: Relating to garnishments.

House of Representatives,
Olympia, Wash., February 9, 1943.

MR. SPEAKER:

We, a majority of your Judiciary Committee, to whom was referred House Bill No. 98, entitled: "An Act relating to garnishments; establishing requirements for securing the issuance of a writ of garnishment; providing for certain exemptions of salaries from garnishment; prohibiting employers from discharging any employee because of garnishments", have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendment:

Strike all matter subsequent to the enacting clause, and insert in lieu thereof the following:

Section 1. The provisions of this act shall apply only to cases in which the garnishee defendant is an employer of one or more persons and the defendant in the same action is one of such employees, when the object of the main action is to attach the wages, salary, commissions or other remuneration for personal service rendered in such employ. The act shall apply whether the writ of garnishment is issued out of a justice court or superior court within this state.

"Sec. 2. Before the issuance of the writ of garnishment the plaintiff or someone in his behalf shall make application therefor by affidavit, stating the facts authorizing the issuance of the writ, and that the plaintiff has reason to believe, and does believe, that the garnishee is indebted to the defendant for services rendered while in the employ of the garnishee defendant.

"Sec. 3. Should the garnishee fail to make answer to the writ within the time provided by law, or should the plaintiff prove the answer to be wilfully false, judgment shall be rendered against the garnishee for the amount of the judgment against the principal defendant including costs.

"Sec. 4. From and after the service of such writ of garnishment, it shall not be lawful for the garnishee to pay to the defendant any wages, salary, commissions or other remuneration except the sum of ten dollars (\$10) out of each week's wages, salary, commissions or other remuneration for personal services due the defendant, and the garnishee shall forthwith along with his answer transmit to the clerk the full amount that is due at the time of answer less the sum paid to the defendant as authorized under the provisions of this section, for which sum a receipt from the defendant shall be likewise transmitted; and said garnishee shall continue to transmit further amounts as they become due the defendant thereafter less said weekly deduction of ten dollars (\$10), until said garnishee receives notice from the clerk of said court that the garnishment has been discharged.

"Sec. 5. Ten dollars (\$10) out of each week's wages, salary, commissions or other remuneration for personal services shall be exempt to every person earning the same. Any such person having a family dependent upon him or her for support may have an additional weekly exemption of ten dollars (\$10) by making application to the court therefor, which shall be by way of motion supported by affidavit: *Provided, However,*

That no exemption exceeding twenty dollars (\$20) per week of their earnings in the aggregate shall be allowed to a marital community and to the defendants composing it. Any person making claim for the ten dollars (\$10) additional exemption provided for in this section, shall have the burden of proving that the additional ten dollars (\$10) will actually be used for the support of the dependents for whose support it is claimed. No money due for wages, salary, commissions or remuneration for personal services shall be exempt from garnishment in lieu of any other property.

"Sec. 6. It shall be unlawful for any employer to discharge any person in his employ for the reason that said employee has had one or more garnishments filed against him. Every employer who violates the provisions of this section shall be guilty of a gross misdemeanor.

"Sec. 7. Section 23, chapter LVI, Laws of 1893, as amended by section 1, chapter 287, Laws of 1927 (section 703, Remington's Revised Statutes; section 8022, Pierce's Code), is repealed.

"Sec. 8. If any provision of this act or the application of such provision to any person or circumstance shall be held or rendered invalid for any cause, the validity of the remainder of the act and the applicability of any provision to other persons or circumstances shall not be affected thereby."

In the title strike the period (.) at the end of the title and insert in lieu thereof a semicolon (;) and add the following: "providing that certain violations shall constitute a gross misdemeanor; and repealing section 23, chapter LVI, Laws of 1893 as amended by section 1, chapter 287, Laws of 1927 (section 703, Remington's Revised Statutes; section 8022, Pierce's Code)". MESSAGES FROM THE SENATE

Senate Chamber,
Olympia, Wash., March 1, 1943.

MR. SPEAKER:

The Senate has passed: Senate Bill No. 267; also
Substitute House Bill No. 6; also
House Bill No. 40; also
House Bill No. 59; also
Engrossed House Bill No. 80, and the same are herewith transmitted.

H. H. HENNEFORD, *Secretary*.

Senate Chamber,
Olympia, Wash., March 1, 1943.

MR. SPEAKER:

The Senate requests the House to return Engrossed Senate Bill No. 108 to the Senate for correction for the reason set forth in the attached Senate Resolution adopted by the Senate.

H. H. HENNEFORD, *Secretary*.

Senate Resolution: By Senator Gehrman:

WHEREAS, Senate Bill No. 108 after its passage by the Senate on February 18, 1943, was incorrectly engrossed in this respect, that it included an amendment offered by Senator Tom Rabbitt which he had withdrawn with the unanimous consent of the Senate, and

WHEREAS, the records of the Minute Clerk show and the Journal of the above mentioned date proves that the said amendment had not been adopted but had been withdrawn

THEREFORE, be it resolved that the Senate request the House of Representatives to return Senate Bill No. 108 for correction of the above mentioned clerical error, and
BE IT FURTHER RESOLVED, that a copy of this Resolution be immediately transmitted to the House of Representatives.

Mr. Schumann moved that the request of the Senate be granted, and that Senate Bill No. 108 be returned to the Senate.

POINT OF ORDER

Mr. Pennock:

"Mr. Speaker, point of order. Is such a motion in order under our rules?"

The Speaker:

"Yes, it is, Mr. Pennock."

Mr. Pennock:

"Mr. Speaker, I have looked over the rules of the House and the joint rules and do not find any authority for adopting the Senate resolution and returning the bill to the Senate."

The Speaker:

"Very frequently this has been done in the Congress. There are many instances where a bill has been brought back to either one side or the other side. In some instances on pensions and endowments from the Federal government even after the bill or resolution is signed, and the party has died, the bill has been requested from the Secretary of the Treasury, and it has been returned to the Congress. And on resolution many times a bill is returned to one side of the Congress by the other.

"It is entirely within the pleasure of this House whether or not they want to comply with this resolution from the Senate. In all instances, the Congress has complied with the request. If the House wishes, it can vote the resolution down."

The Speaker called Mr. Riley (Edward F.) to preside.

Debate ensued on the Senate resolution.

The Speaker resumed the Chair.

On motion of Mr. Judd, the previous question was ordered.

The Speaker:

"You will find the basis for the Speaker's ruling in Volume 5, Subsection 5666, of Hind's Precedents of the House of Representatives of the United States Congress. There are fifty-one pages dealing with this subject, and the Speaker will read them to you, or you may come to his desk and read them yourselves.

"The question before the House is the motion by Mr. Schumann that the House grant the request of the Senate and return Senate Bill No. 108 to the Senate."

Mr. Murphy:

"Mr. Speaker, I believe that under Rule 76 a majority vote of all members elected will be required to take this bill away from the Committee on Unemployment Relief and Public Welfare."

The Speaker:

"That is correct."

Mr. Turner:

"Mr. Speaker, Rule 76 provides that a majority of the members elect may require a committee to report a bill back to the House. This motion is not to require a committee to report a bill back to the House; it is merely to send a bill back to the Senate from the House. Rule 76 does not cover such a motion."

The Speaker:

"The Speaker will rule the bill is within the committee. The committee has possession of it, and it must take its regular course through the House back to the Senate. Therefore Rule 76 is applicable, and it will take fifty votes to sustain the motion by Mr. Schumann."

Division was called for, and the motion by Mr. Schumann was carried on a rising vote.

MOTIONS

On motion of Mr. Turner, the House reverted to the fourth order of business for the purpose of making a motion.

On motion of Mr. Turner, House Bill No. 375 was re-referred to the Judiciary Committee.

On motion of Mr. Turner, the House advanced to the regular order of business.

EXPLANATION OF VOTE

Explanation of vote on House Bill No. 400:

"I voted against House Bill No. 400 for the following reasons:

"(1) The appropriations bill invariably goes to a conference committee.

"(2) The conference committee members are chosen from both the majority and minority sides.

"(3) By voting on the minority side, I felt that as a member of the Appropriations Committee who had been regular in attendance and conversant with the problems of the budget bill, that I would be appointed on the conference committee and thus add to the strength and stability of the conference committee membership."

Yours very truly,

EDWARD F. RILEY.

PERSONAL PRIVILEGE

Mr. Sisson:

"Mr. Speaker, on the Chief Clerk's desk is a report of the Committee on Civilian Defense. The Chief Clerk has refused to accept this report, maintaining that not a majority of the committee has signed it. I am asking that he accept this report, and a transcript of the meeting held last night which accompanies it. I am asking that this report be accepted and read.

"According to House Rule 77, which reads as follows: 'A majority of any committee shall constitute a quorum for the transaction of business,' Mr. Speaker, I would like to say that last night at the meeting held of the Committee on Civilian Defense, a quorum was present—7 members—and that two bills, House Bill No. 42 and House Bill No. 46, by a majority of that committee, were taken from the table and reported out 'Do Pass' by a majority of five to two of the members present.

"Reed's Rule No. 72 reads as follows: 'A quorum of a committee is a majority unless the assembly otherwise directs.' I maintain, Mr. Speaker, that a quorum was present. The transcript shows that a quorum was present. I am asking you to rule on the question of whether or not the Chief Clerk shall accept this report. The proceedings of the committee are on file in the transcript of the meeting, and I maintain that everything is in order."

The Speaker:

"Mr. Sisson, will you grant me the indulgence of thirty minutes before I make the ruling? If there is no objection, I would like thirty minutes to prepare the ruling."

Mr. Hurley:

"Mr. Speaker, we did not hear the motion here in the back of the House."

Mr. Sisson:

"Mr. Speaker, I move that the Chief Clerk of the House accept the report of the Committee on Civilian Defense. He has refused to accept the report of the Committee, and the report has not been read."

Mr. Watkins:

"Mr. Speaker, point of order. Is there any distinction between accepting and receiving a report?"

The Speaker:

"Yes, there is."

Mr. Watkins:

"Mr. Speaker, what would be the effect of adopting the motion?"

The Speaker:

"The acceptance of the report would mean that the report is in order. The receiving of a report is meaningless, because receiving means taking anything delivered to the House. The acceptance of a matter by the Chief Clerk shows that everything is in order.

"If it is agreeable with everyone, at eleven o'clock we will revert to this order of business."

The Speaker announced he was about to sign House Joint Resolution No. 25; also

House Bill No. 73; also

House Joint Memorial No. 15.

The Speaker called Mr. Riley (Edward F.) to preside.

RULING BY THE SPEAKER

The Speaker:

"The Speaker is now prepared to rule on the motion by Mr. Sisson, and will rule in accordance with our House Rule 77, which states that a majority of any committee shall constitute a quorum for the transaction of business within the committee; and in conformity with Reed's Rules 72 and 74 dealing with quorums and methods of procedure which set out that a quorum of a committee is a majority unless the assembly otherwise directs, and which also provide that procedure under which a committee is to proceed in the handling of a measure presented to it. My interpretation of these three rules applied to the question by Mr. Sisson is that the report of a minority of the committee filed by a minority of the committee on House Bills No. 42 and 46 is out of order. This rule is well established, and I do not feel it is necessary to elaborate on it.

"This rule was established by Thomas B. Reed, Speaker of the Congress of the United States, on March 26, 1836, which reads as follows: 'A minority of the committee may not report or present a proposition to the House.' This is supported all through the entire rules made by Thomas B. Reed, and I am unable to find any occasion when a subsequent Speaker has ruled otherwise.

"Consequently, the Chair will rule the motion by Mr. Sisson that the Chief Clerk of the House accept the report of the Committee on Civilian Defense out of order. The only way that the minority committee report can be accepted is by the unanimous consent of the House."

MOTION

Mr. Sisson:

"Mr. Speaker, thank you very much for your ruling. I now move that the rules be suspended and that the House revert to the fourth order of business."

The motion was lost on a rising vote.

PARLIAMENTARY INQUIRY

Mr. Woodall:

"Mr. Speaker, for the purpose of clarification, I would like to have the Speaker explain his interpretation of House Rule 77 which says that a quorum consists of a majority and the majority of those present can do business. I would like to have the Speaker explain what business a quorum can do under those circumstances."

Mr. Armstrong (H. C.):

"Mr. Speaker, I believe the request by the gentleman from Yakima is out of order because that matter is not before the House and the Speaker does not have to make a ruling on it at this time."

RULING BY THE SPEAKER

The Speaker:

"Your point is well taken, Mr. Armstrong; however, I think Mr. Woodall's parliamentary inquiry is also well taken, and I will rule, as established by the Congress of the United States, that a quorum of a committee may transact business, but to present that business to the House, it necessitates a majority of the committee."

PARLIAMENTARY INQUIRY

Mr. Turner:

"Mr. Speaker, I would like to have the Speaker's comments on Reed's Rule 72, which has been adopted by the House and which is applicable to this question. (Mr. Turner read the rule in full.)

"Now to my mind, this means that whether or not there is a majority of the committee present, a majority of the quorum may report out a bill, and that majority may constitute a minority of the committee. I would like to have a ruling by the Speaker on this."

RULINGS BY THE SPEAKER

The Speaker:

"Mr. Turner, I just ruled on that very point, and it would be very presumptuous on my part to try to elaborate on the ruling laid down by the great parliamentarian, Thomas B. Reed. The minority of a committee may not make a report or present a proposition to the Legislature."

Mr. Turner:

"Mr. Speaker, doesn't that refer to the minority of those present at the time the action is taken?"

The Speaker:

"The Speaker will rule in regard to the two measures under discussion that the House has no way of ascertaining how many members of the committee were present. The report is signed by only five members; consequently, it can only be construed as a minority report and cannot be accepted."

Mr. Sisson:

"Mr. Speaker, I take exception to the remarks of the Speaker that the House has no way of ascertaining how many members of the committee attended the meeting. The transcript shows that there were seven present."

RULING BY THE SPEAKER

The Speaker:

"I will make a ruling now that the House does not have to, and should not, accept any transcript unless it is signed by the chairman of the committee."

Mr. Hodde:

"Mr. Speaker, I would like to call the attention of Mr. Turner to Reed's Rule 75, which gives the whole picture of the matter. (Mr. Hodde read the rule in full.) And if this consent is refused, they have no right to present their views."

MOTION

On motion of Mr. Armstrong (H. C.), the House proceeded with the regular order of business.

The Speaker called Mr. Riley (Edward F.) to preside.

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., March 3, 1943.

MR. SPEAKER:

The Senate herewith returns Engrossed Senate Bill No. 108 to the House in its original form as received from the House, and the same is herewith transmitted.

H. H. HENNEFORD, *Secretary*.

On motion of Dr. Lauman, Engrossed Senate Bill No. 108 was re-referred to the Committee on Unemployment Relief and Public Welfare.

SECOND READING OF BILLS

House Bill No. 363, by Representative Murphy: Relating to the registration of voters.

Mr. Loney moved that House Bill No. 363 be indefinitely postponed.

Debate ensued.

POINT OF PARLIAMENTARY INQUIRY

Mr. Turner:

"Mr. Speaker, point of parliamentary inquiry. Isn't this bill substantially the same bill that was in the House once before? Isn't this bill in effect a reconsideration of the vote by which that bill failed to pass the House?"

The Speaker:

"The bill to which you refer, Mr. Turner, failed to receive the constitutional majority, and on a motion to reconsider, the House failed to reconsider the vote by which that bill failed to pass. The bill now before the House has a difference of four days in it, and if you will check the records, you will find there is sufficient change in the present bill to be introduced into the House as a new bill. In amendments, a single change allows the amendment to be offered again, and in this bill there has been a change of four."

Mr. Turner:

"Mr. Speaker, I was wondering if that was a sufficient change so that the same matter could be considered in this bill."

The Speaker:

"Yes, it is a sufficient change."

Mr. Turner:

"Mr. Speaker, you could make but one change and introduce the same matter in a new bill?"

The Speaker:

"That is correct, Mr. Turner."

Debate continued on the motion by Mr. Loney that House Bill No. 363 be indefinitely postponed.

On motion of Mr. Willoughby, the previous question was ordered.

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the motion by Mr. Loney that House Bill No. 363 be indefinitely postponed. A vote 'Aye' will indefinitely postpone the bill; a vote 'No' will leave it before the House for further consideration on second reading."

PERSONAL PRIVILEGE

Mr. Lennart:

The past few years have been a period of marvelous activity on the part of both the federal and state governments. Many agencies have been created and many movements inaugurated, each, however, having for its objective the promotion of economic recovery.

Some of this has been frankly stated to be experimental. Perhaps the time has come when an attempt should be made to analyze and appraise these various activities to determine which should be continued as permanent policies and which should be considered temporary and emergency measures and which should be terminated.

In attempting to analyze and appraise new statutes and administrative orders, various questions arise; among them, Are they constitutional? Are they workable and are they such as will promote the public interest?

Some here feel that our constitution is violated. It will be surprising if, in the haste of writing these new statutes, some provisions do not go too far in interfering with individual rights in delegating legislative power and in regulating the use of private property. It is true that an emergency, however great, does not add to the power of the state legislature, but the emergency may call for the use of power that has always existed, though never exercised.

As I have pointed out before, the courts recognize that new conditions may require new laws and that the majority of the people, speaking through their chosen representatives in the state legislature, have a right to determine by appropriate statutes such new laws and the courts shall sustain such statutes, unless they clearly violate the constitution.

The sum total of my conviction is that new policies are not necessarily unsound because they are new; nor are old policies necessarily sound because they are old. The test is whether or not such new policies adequately meet new conditions and are also such as to safeguard the rights of personal liberty, of public security and of private property.

"The Speaker is going to ask Mrs. Behm, Mr. Jones and Mr. Fairchild to go to the Speaker's office and escort the Speaker to a position in front of the rostrum.

"I shall also ask Mr. Lennart, Mr. French and Mr. O'Brien to go to the Speaker's office and escort Mrs. Reilly to a position in front of the rostrum."

Mr. and Mrs. Reilly were escorted by the special committees to a place in front of the rostrum.

The Speaker (Mr. Riley (Edward F.) presiding):

"Mrs. Reilly and Mr. Reilly, it has been the custom in the past to perform a certain act during the closing days of the session, and we have selected this day because it is the happy anniversary of Mrs. Reilly's birthday."

Mr. Martin:

"On behalf of the members of this House of Representatives of the Twenty-eighth Session of the Legislature, it is my pleasure to present to you, Mr. and Mrs. Reilly, a small token of our esteem and the high regard we have for you.

"I want you to know, Mr. Speaker, that we deeply appreciate the fair and impartial manner in which you have guided us during the past days.

"In presenting you with this gift, I assure you that the very best wishes of ninety-eight of your very best personal friends, the members of this House of Representatives, go with it."

Mr. Reilly:

"Mr. Speaker and Members of the House: Your very generous gift as a token of appreciation of my efforts as your Speaker is to me the most gratifying of everything that has taken place during the past fifty-two days. "We wish to thank you most sincerely." (Applause)

FIFTY-FOURTH DAY

MORNING SESSION

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., Friday, March 5, 1943.

The Speaker called the House to order at ten o'clock a. m.

The flag of our country was escorted to the rostrum by a Sergeant-at-Arms color guard.

The Clerk called the roll and all members were present except Representatives Boede, Clark, Dore, Erdahl, Foster, French, Harley, Jones, Judd, Kinnear, Miller (Donald B.), Murphy, Rosellini and Zent, Representative Boede having been excused.

Prayer was offered by the Reverend Paul H. Ashby, Minister of the First Methodist Church of Olympia.

The Speaker called Mr. Riley (Edward F.) to preside.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Watkins, further reading was dispensed with, and the journal was ordered to stand approved.

On motion of Mrs. Kehoe, Rule 20 was suspended.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Mr. Sisson moved that the Committee on Civilian Defense be discharged of further consideration of House Bill No. 42, and that House Bill No. 42 be placed on second reading at the foot of today's calendar.

QUESTION OF CONSIDERATION

Mr. Armstrong (H. C.):

"Mr. Speaker, on that I raise the question of consideration."

The Speaker (Mr. Riley (Edward F.) presiding):

"The gentleman from King has raised the question of consideration. Does the House wish to give consideration?"

POINT OF ORDER

Mr. Woodall:

"Mr. Speaker, point of order. Mr. Sisson was on his feet and was not recognized to speak on his own motion."

The Speaker (Mr. Riley (Edward F.) presiding):

"The motion was made by Mr. Sisson, and the question of consideration was immediately raised by Mr. Armstrong."

Mr. Woodall:

"Mr. Speaker, it has certainly been the custom and the courtesy of this House that the mover of the motion is recognized to speak on his motion, and Mr. Sisson was on his feet before the question of consideration was raised."

Mr. Bernethy demanded a call of the House and the demand was sustained.

CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll, and the following absentees were noted: Representatives Boede, Clark, Erdahl, Foster, French, Jones, Judd, Kinnear, Murphy, Zent and the Speaker, Representative Boede having been excused.

The Sergeant-at-Arms was instructed to bring the absent members within the bar of the House.

The Sergeant-at-Arms announced that the Speaker was now present.

The Sergeant-at-Arms announced that Messrs. Clark, Kinnear, Judd, Zent, French and Jones were now present.

On motion of Mr. Woodall, Mr. Foster was excused from the call of the House because of illness.

The Sergeant-at-Arms announced that Mr. Murphy was now present.

Mr. Willoughby moved that the absent member be excused and that the House proceed with business under the call of the House, but the motion was lost.

The Sergeant-at-Arms announced that Mr. Erdahl was now present.

On motion of Mr. Martin, the House proceeded with business under the call of the House.

The Speaker resumed the Chair.

POINT OF ORDER

Mr. Turner:

"Mr. Speaker, point of order. Mr. Armstrong rose and was recognized on his question of consideration while Mr. Sisson was standing, and the Speaker then in the Chair recognized Mr. Armstrong instead of Mr. Sisson, who was standing from the time he made the motion.

"There is nothing in the House Rules governing the recognition of a member by the Speaker; therefore, under our House Rule 88, which states that Reed's Parliamentary Rules shall govern all cases in which they are not inconsistent with the standing rules and orders of the House, Reed's Rule 214 should apply in this case, which states that if two or more rise, the presiding officer determines, but in determining he should be governed by certain rules—he ought to recognize first the mover of the proposition; not as of right, but because it seems most natural that the mover of the question should first explain it. Then if other members rise—"

"Under Reed's Rule 214, the practice has been universal, and has become part of the parliamentary law of this House, that the Speaker has universally recognized the mover of the—"

The Speaker:

"The question before the House is the—"

POINT OF ORDER

Mr. Turner:

"Mr. Speaker, point of order. The point of order I was speaking on—"

The Speaker:

"Mr. Turner, please let me explain what is before the House; then the point of order may be considered.

"The question before the House is the motion by Mr. Sisson that the Committee on Civilian Defense be discharged of further consideration of House Bill No. 42, and that House Bill No. 42 be placed on second reading at the foot of today's calendar. The Chair then recognized Mr. Armstrong and he raised the question of consideration."

Mr. Turner:

"Mr. Speaker, the point of order on recognition. Under Reed's Rules governing this question, it has been the universal custom in this House that when any member rises and makes a motion, on all occasions where he remains standing, the Speaker has always

until this time recognized the maker of the motion, and never before when the maker of the motion remained standing, as did Mr. Sisson, has the Speaker recognized someone else to raise the question of consideration. And I submit, Mr. Speaker, that this is not right under the parliamentary rules of this House."

Mr. Woodall:

"Mr. Speaker, the Speaker ruled earlier this session, and I concurred with the ruling, that when a proposition was made, a question of consideration was not timely until the Speaker had stated that proposition to the House. I think the Speaker will remember the occasion when I jumped the gun, and the Speaker ruled at that time that until the Speaker restated the proposition, the raising of the question of consideration was not timely."

The Speaker:

"On that occasion, the Speaker did rule that before the House had heard the proposition, the question of consideration was not in order; and he further ruled that until such time as the Speaker stated the proposition, the proposition was not before the House."

"However, at that time, the ruling was on an amendment which had been offered, and until the amendment had been read to the House, the matter was not before the House. It was not the ruling of the Speaker on that occasion that until the Speaker had stated the proposition, the proposition was not before the House."

Mr. Woodall:

"Mr. Speaker, then I would like the Speaker to rule when a proposition is before the House. Is it before the House prior to the time the Speaker puts the proposition, or after?"

The Speaker:

"The proposition is before the House when anyone gets up and makes a motion which embodies the main question. This motion by Mr. Sisson embodies the full question, and the record shows that the motion was that the Committee on Civilian Defense be discharged of further consideration of House Bill No. 42 and that House Bill No. 42 be placed on second reading at the foot of today's calendar."

"Now the Speaker will rule that the question of consideration was in order, and is analogous to a point of order which may be raised when anyone is addressing the Speaker. It is analogous in all respects."

Mr. Turner:

"Mr. Speaker, the present ruling is not in accordance with Section 110 of Reed's Rules, which govern the House rules. Section 110 of Reed's Rules says 'The assembly, upon hearing the proposition or question stated by the chair, may conclude that it does not desire to consider it at all.' The Speaker had not stated the question moved by Mr. Sisson at the time the question of consideration was raised."

The Speaker:

"The record shows Mr. Sisson moved that the Committee on Civilian Defense be discharged of further consideration of House Bill No. 42 and that House Bill No. 42 be placed on second reading at the foot of today's calendar. It further shows that the presiding officer said 'It has been moved and seconded —,' when Mr. Armstrong raised the question of consideration. The question of consideration before the House will be ruled out of order, because, as Mr. Turner states, the question was not put to the House by the Speaker."

Mr. Pitt:

"Mr. Speaker, point of order. Is it not a fact that by common usage and also under the law that a point of consideration must be raised before any debate has been had on the subject, and if this man was on his feet I maintain that Mr. Armstrong had no opportunity to make that point."

RULING BY THE SPEAKER

The Speaker:

"I have just ruled that the question before the House is the motion by Mr. Sisson that the Committee on Civilian Defense be discharged from further consideration of House Bill No. 42 and that House Bill No. 42 be placed on second reading at the foot of today's calendar."

QUESTION OF CONSIDERATION

Mr. Armstrong (H. C.):

"Mr. Speaker, on that I raise the question of consideration."

Mr. Woodall:

"Mr. Speaker, just a moment —"

The Speaker:

"The Speaker just ruled that the question of consideration can be raised in any proceedings, and cuts off further debate. I have put Mr. Sisson's motion to the House, and Mr. Armstrong has raised the question of consideration."

Mr. Woodall:

"Mr. Speaker, when and when not is a man recognized on this floor?"

The Speaker:

"At all times when he addresses the Chair."

Mr. Woodall:

"Mr. Speaker, I addressed you once and was not recognized; I addressed you the second time, and was not recognized. And I still have not the floor."

The Speaker:

"You still have not the floor. Mr. Armstrong got to his feet and raised the question of consideration. The question before the House is the question of consideration by Mr. Armstrong. Does the House wish to give consideration?"

APPEAL FROM THE DECISION OF THE CHAIR

Mr. Woodall:

"Mr. Speaker, if the ruling of the Chair is that Mr. Sisson does not have the floor, I must appeal from the decision of the Chair."

The Speaker:

"An appeal from the decision of the Chair has been taken."

Mr. Kinnear:

"Mr. Speaker, Mr. Sisson made his motion and remained on his feet. Mr. Armstrong raised the question of consideration, and Mr. Sisson still had the floor. A point of order was raised, and that point was disposed of, and he still had the floor."

The Speaker:

"As I announced before, a point of order and a question of consideration are analogous. Each and every member under parliamentary procedure and Reed's Rules has the right to address the Chair at any time when a man is speaking and raise a point of order or a question of consideration."

Mr. Kinnear:

"Mr. Speaker, Mr. Sisson still had the floor."

The Speaker:

"That is correct."

Mr. Kinnear:

"He had been recognized and was still standing, and I think your putting the question of consideration to the House was out of order, inasmuch as Mr. Sisson had been recognized."

The Speaker:

"When the point of order was raised, Mr. Sisson stopped speaking. After the point of order had been put and disposed of, Mr. Armstrong raised the question of consideration. As I explained before, when a man rises to his feet he has three ways of attracting the

attention of the Chair—on personal privilege, point of order, and the question of consideration."

Mr. Woodall:

"Mr. Speaker, but Mr. Sisson was recognized, and the question of consideration was out of order."

The Speaker:

"The question of consideration is never out of order after the question has been put to the assembly."

Mr. Watkins:

"Mr. Speaker, under Reed's Rule 112, the time for making the objection must be immediately before the man who is on his feet enters into debate. After debate has begun it is too late. If any member is on the floor and directs his inquiry to the Speaker, in order for him to put the question of consideration, he must do it before debate begins. That is Reed's Rule 112. If Mr. Sisson had started to debate we would have been unable to take advantage of this question of consideration."

The Speaker:

"The Speaker has ruled that the question of consideration is in order, and Mr. Woodall has appealed from the decision of the Chair. The question now before the House is 'Shall the decision of the Chair be the judgment of the House?'"

A roll call was demanded, and the demand was sustained.

The Speaker:

"The Speaker has ruled that the question of consideration raised by Mr. Armstrong is in order. Mr. Woodall appealed from the decision of the Chair. A vote 'Aye' will sustain the ruling of the Chair. A roll call has been demanded, and the demand was sustained. The Clerk will call the roll."

The Clerk called the roll, and the decision of the Chair was sustained by the following vote: Yeas, 59; nays, 38; absent or not voting, 2.

Those voting yea were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Atwood, Behm, Beierlein, Bernethy, Callow, Chervenka, Clark, Dore, Drange, Erdahl, Fairchild, Ford, French, Gallagher, Goucher, Hall, Hanks, Hansen, Harman, Hodde, Hofmeister, Hurley, Johnson (Gertrude L.), Johnson (Levy), Johnston (Geo. H.), Jones, Kehoe, Martin, McMonagle, Miller (Donald B.), Montgomery, Murphy, Nunamaker, O'Brien, Oldershaw, Pearson, Pennock, Phillips, Pitt, Riley (Edward F.), Rosellini, Savage, Simpson, Smith, Testu, Tisdale, Twidwell, Underwood, Van Buskirk, Vane, Vinje, Watkins, Willoughby, Winberg, Young, Zent, Mr. Speaker—59.

Those absent or not voting were: Representatives Boede, Foster—2.

The Speaker declared the question before the House to be the question of consideration raised by Mr. Armstrong on the motion by Mr. Sisson.

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the question of consideration on the motion by Mr. Sisson. A vote 'Aye' will place Mr. Sisson's motion before the House; a vote 'No' will stop all further debate and dispose of the matter."

The Clerk called the roll, and the House refused to consider by the following vote: Yeas, 44; nays, 53; absent or not voting, 2.

Those voting yea were: Representatives Anderson (B. Roy), Anderson (Dr. R. Wm.), Ashley, Atwood, Babcock, Bassett, Callow, Chervenka, Christensen, Comfort, Cory, Cramer, Custer, Eaton, Ericksen, Hamblen, Hanks, Harley, Hartung, Hupp, Isenhardt, Kinnear, Lauman, Lennart, Loney, Lyman, Malloy, Mason, McCoy, Meddins, Meenach, Miller (Donald B.), Miller (Fred), Montgomery, Oldershaw, Raugust, Schumann, Shadbolt, Sisson, Taft, Thompson, Turner, Wintler, Woodall—44.

Those absent or not voting were: Representatives Boede, Foster—2.

MOTION

Mr. Woodall:

"Mr. Speaker, I now move that the Civilian Defense Committee be discharged of further consideration of House Bill No. 46, and that it take its place at the foot of the calendar of bills on second reading."

Mr. Woodall started debate.

QUESTION OF CONSIDERATION

Mr. Armstrong (H. C.):

"Mr. Speaker, on that I raise the question of consideration."

Mr. Woodall:

"Mr. Speaker, debate has started on this matter. Therefore, the question of consideration is out of order."

Mr. Martin:

"Mr. Speaker, Mr. Woodall was not recognized by the Chair after he put the motion and before he started debate."

The Speaker:

"The record shows that I recognized Mr. Woodall, and he made the motion. I repeated the motion, but there is nothing in the record to show that Mr. Woodall was recognized before starting debate. Therefore, Mr. Armstrong's question of consideration takes precedence.

"The question of consideration has been raised. Does the House wish to consider?"

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is 'Does the House wish to give consideration to the motion of Mr. Woodall?' A vote 'Aye' will give consideration to the motion; a vote 'No' will stop all further consideration of the motion."

The Clerk called the roll, and the House refused to consider by the following vote: Yeas, 44; nays, 53; absent or not voting, 2.

Those voting yea were: Representatives Anderson (B. Roy), Anderson (Dr. R. Wm.), Ashley, Atwood, Babcock, Bassett, Callow, Chervenka, Christensen, Comfort, Cory, Cramer, Eaton, Ericksen, Hamblen, Hanks, Harley, Hartung, Hupp, Isenhardt, Kinnear, Lauman, Lennart, Loney, Lyman, Malloy, Mason, McCoy, Meddins, Meenach, Miller (Donald B.), Miller (Fred),

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Behm, Beierlein, Bernethy, Clark, Dore, Drange, Erdahl, Fairchild, Ford, French, Gallagher, Goucher, Hall, Hansen, Harman, Hodde, Hofmeister, Hurley, Johnson (Gertrude L.), Johnson (Levy); Johnston (Geo. Those absent or not voting were: Representatives Boede, Foster—2.

MOTION

Mr. Hamblen:

"Mr. Speaker, I move that House Bill No. 42 be re-referred to the Committee of the Whole House."

The Speaker:

"It has been moved and seconded that House Bill No. 42 be re-referred to the Committee of the Whole House."

Mr. Armstrong (H. C.):

"Mr. Speaker, on that I raise the question of consideration."

Mr. Hamblen:

"Mr. Speaker, this motion is a subsidiary motion, and on page 119 of Reed's Rules, which permits the question of consideration, it states that that motion is also a subsidiary motion and cannot be applied to another subsidiary motion."

Mr. Hodde:

"Mr. Speaker, I do not believe it is a subsidiary motion. It has the same effect as to postpone indefinitely, and that is not a subsidiary motion."

The Speaker:

"On page 119 of Reed's Rules, in the list of subsidiary motions, the first ranking motion is the question of consideration."

Mr. Hamblen:

"Mr. Speaker, I refer you to page 121 of Reed's Rules which reads: 'As a rule, subsidiary motions can not be applied to each other. The motion to amend or commit can not be applied to the motion to lay on the table, to the previous question, to the question of consideration, or to the motion to indefinitely postpone. Nor can the previous question, or either of the postponement motions, be applied to each other or to any of the other motions.'"

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule the question of consideration is in order. If you will read further, Page 121, 'The Effect of Motions of Higher Rank Upon Those Over Which They Have Precedence When the Inferior Motions are Pending—The adoption of a superior motion while inferior motions are pending has the same effect upon them as it has upon the main question.' If you will read the ranking of those subsidiary motions, the question of consideration is the first in rank."

Mr. Turner:

"Mr. Speaker, point of order. On that point, Section 164 of Reed's Rules expressly governs this. It says 'As a rule, subsidiary motions can not be applied to each other. The motion to amend or commit can not be applied to the motion to lay on the table, to the previous question, to the question of consideration, or to the motion to indefinitely postpone.' That is in support of this rule that subsidiary motions can not be applied

to each other. These motions—the motion to amend, the motion to commit, the motion to lay on the table, the motion for the previous question, the question of consideration—are all listed as subsidiary motions. None of them can be applied to each other. There you have the express rank of the rule. Now we can not destroy expressed provisions of the rule by inference or other rules. It is expressly stated that the question of consideration can not be recognized, because no subsidiary motion can be applied to another."

RULING BY THE SPEAKER

The Speaker:

"Mr. Turner, I will rule differently than your interpretation; and this is my interpretation. First, the rule specifically sets out the ranking of these motions, and the question of consideration is the first ranking motion. As a rule, subsidiary motions can not be applied to each other. The motion to commit can not be applied to the motion to amend or to the motion to postpone to a day certain. Nor can the previous question, or either of the postponement motions, be applied to each other or any of the other motions. If you will read the rule setting out these motions, it takes them in order as to what can not be applied to the top ranking motion."

Mr. Turner:

"Mr. Speaker, the question of the rank of the motions has nothing to do with this matter. To illustrate, the main motion to commit rules over a motion to adjourn, holds over that, but the ranking does not say whether one subsidiary motion can be applied to another subsidiary motion. It has nothing to do with what motion is in order, and the rule expressly states that one subsidiary motion can not be applied against another."

Mr. Speaker:

"Except as to rank, Mr. Turner."

Mr. Turner:

"Mr. Speaker, where are the exceptions taken?"

The Speaker:

"In section 166, Reed's Rules, 'The Effects of Motions of Higher Rank Upon Those Over Which They have Precedence When the Inferior Motions are Pending—The adoption of a superior motion while inferior motions are pending has the same effect upon them as it has upon the main question.' If you will read Section 164, Mr. Turner, on the applicability of subsidiary motions to each other, and I wish the House to follow closely on this reading—On page 119 you will find the third rank of motions. I will read: 'The motion to amend or commit can not be applied to the previous question'—which is above that—'to the question of consideration'—which is the first ranking motion—or to the motion to indefinitely postpone—because they are of equal rank. 'The motion to commit can not be applied to the motion to amend or to the motion to postpone to a day certain. Nor can the previous question, or either of the postponement motions, be applied to each other or any of the other motions. But there are the following exceptions:'"

Mr. Hamblen:

"Mr. Speaker, the motion to commit is a third ranking motion and is superior to the motion to amend. Right there you have it."

The Speaker:

"The question is not to amend."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that the question of consideration raised by Mr. Armstrong in accordance with Rules 163, 164 and 166 of Reed's Rules is in order. You may appeal from the decision of the Chair."

Mr. Turner:

"Mr. Speaker, I refer you to Paragraph 110 of Reed's Rules which says the question of consideration applies only to the main question, and not to any other motion."

The Speaker:

"The main question before the House is the motion by Mr. Hamblen, and the Speaker has ruled that the question of consideration is in order. Does the House wish to give consideration to the motion?"

A roll call was demanded, and the demand was sustained.

The Speaker:

"A vote 'Aye' will give consideration to the motion; a vote 'No' will refuse consideration to the motion. The motion by Mr. Hamblen was that House Bill No. 42, the bill dealing with war powers, be re-committed to the Committee of the Whole House. A vote 'Aye' will bring the bill before a Committee of the Whole House; a vote 'No' will leave it in committee."

The Clerk called the roll, and the House refused to consider by the following vote: Yeas, 42; nays, 55; absent or not voting, 2.

Those voting yea were: Representatives Anderson (B. Roy), Anderson (Dr. R. Wm.), Ashley, Babcock, Bassett, Chervenka, Christensen, Comfort, Cory, Cramer, Custer, Eaton, Ericksen, Hamblen, Hanks, Harley, Hartung, Hupp, Isenhardt, Kinnear, Lauman, Lennart, Loney, Lyman, Malloy, Mason, McCoy, Meddins, Meenach, Miller (Donald B.), Miller (Fred), Montgomery, Oldershaw, Raugust, Schumann, Shadbolt, Sisson, Taft, Thompson, Turner, Wintler, Woodall—42.

Those voting nay were: Representatives Armstrong (H. C.), Armstrong (Ralph L. J.), Atwood, Behm, Beierlein, Bernethy, Callow, Clark, Dore, Drange, Erdahl, Fairchild, Ford, French, Gallagher, Goucher, Hall, Hansen, Harman, Hodde, Hofmeister, Hurley, Johnson (Gertrude L.), Johnson (Levy), Johnston (Geo. H.), Jones, Judd, Kehoe, Martin, McMonagle, Murphy, Nunamaker, O'Brien, Pearson, Pennock, Phillips, Pitt, Riley (Edward F.), Rosellini, Savage, Simpson, Smith, Testu, Tisdale, Twidwell, Underwood, Van Buskirk, Vane, Vinje, Watkins, Willoughby, Winberg, Young, Zent, Mr. Speaker—55.

Those absent or not voting were: Representatives Boede, Foster—2.

MOTION

Mr. Woodall:

"Mr. Speaker, I move that the Civilian Defense Committee be discharged of further consideration of House Bill No. 42 and that House Bill No. 42 be re-referred to the Committee on Rules and Order, basing that motion on our own rule No. 76 that a bill shall be reported back to the House within ten days."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule right now that this will require a suspension of the rules and will take a two-thirds majority vote to take the bill from the Committee on Civilian Defense and give it to the Committee on Rules and Order. This action will pass the bill from first reading to second reading, which takes a suspension of the rules."

The Speaker recognized Mr. Woodall, and Mr. Woodall spoke on the motion.

Debate ensued on the motion.

On motion of Mr. Armstrong (H. C.), the previous question was ordered.

Mr. Woodall closed the debate.

During Mr. Woodall's remarks, the Speaker recognized Mr. Watkins.

Mr. Watkins:

"Mr. Speaker, I demand a public apology from Mr. Woodall. He is insinuating that I belong to the communistic party."

Mr. Woodall:

"Mr. Speaker, I said that the forces which appeared before the Committee on Civilian Defense to oppose these measures were of the communistic party, and my remarks were no reflection on any member of this House."

Mr. O'Brien:

"Mr. Speaker, I do not believe that Mr. Woodall has any right to get up on the floor of this House and more or less infer that members of the communistic party dictated the policies of this committee."

Mr. Woodall:

"Mr. Speaker, I do not believe I implied that."

The Speaker:

"I believe you did make that statement, Mr. Woodall, and you also said 'it depends upon which group you wish to go with.' I will ask you to retract your statements."

Mr. Woodall:

If the decree be for adoption, it shall provide:

"(a) For the issuance of a birth certificate by the state department of registration of births, in such form and containing such information as the court may deem proper and by such decree shall direct;

"(b) Whether or not any of the records of the said department of registration of births shall be secret; and if any be directed to be secret, then the same shall be disclosed only upon order of court for good cause shown;

"(c) That such adoption shall remain interlocutory for six months from date of entry of such decree, and shall become absolute at the expiration of said six months.

Such decree shall be final as to the parties thereto and those notified as herein provided unless appealed from within thirty (30) days after entry thereof.

"At any time prior to the expiration of six months from entry of such decree, any interested person may file in the adoption proceedings his verified petition alleging grounds, if any he has, for the vacation or modification of such decree. Upon the filing of such petition, the court shall, upon application, fix a time for hearing thereon. At least ten days' notice of such hearing shall be served upon all of the parties to the adoption proceeding and to the persons served as provided in section 8 hereof, and also upon the person making the report of investigation pursuant to section 9. Upon such hearing, if the petition be granted, the court shall enter an order vacating such decree of adoption, and may also make such further order for the welfare of the child as in its discretion seems proper. An appeal from any order vacating or refusing to vacate such decree may be taken, as in other cases.

"If no appeal be taken from the decree of adoption, and if no petition to vacate or modify the same be filed within such six month period, then said decree shall not be subject to attack either directly or collaterally, except that within two (2) years after entry thereof, any person not notified of the hearing on the petition for adoption as herein provided and claiming parental rights in said child, may institute proceedings to set aside the decree of adoption."

Dr. Anderson (R. Wm.) moved that House Bill No. 106 be laid upon the table.

Division was called for, and the motion to lay House Bill No. 106 on the table was carried on a rising vote.

MOTION

Mr. Armstrong (H. C.):

"Mr. Speaker, it now being the hour of 11:30 a. m., I move that the House do now recess until two o'clock this afternoon."

The Speaker (Mr. Riley (Edward F.) presiding):

"The question before the House now is the motion that we do now recess until two o'clock this afternoon."

Division was called for, and the House started to divide.

Mr. Murphy demanded a call of the House.

POINT OF ORDER

Mr. Turner:

"Mr. Speaker, the Speaker put the question and asked the House to divide. A call of the House is not in order at this time."

Mr. Murphy:

"Mr. Speaker, a call of the House is in order at any time, and before this division is made, the demand for the call of the House must be disposed of."

The Speaker (Mr. Riley (Edward F.) presiding):

"The Speaker will rule that a motion to recess is the third ranking motion. The motion to adjourn is a higher ranking motion."

Mr. Pitt:

"Mr. Speaker, this is not a motion. It is a demand for a call of the House, and I demand a call of the House."

Mr. Zent:

"Mr. Speaker, how does the Speaker rule?"

The Speaker (Mr. Riley (Edward F.) presiding):

"The Speaker ruled that the question before the House is the motion by Mr. Armstrong that the House do now recess until two o'clock p. m."

POINT OF ORDER

Mr. Murphy:

"Mr. Speaker, Rule 39 provides that ten members may demand a call of the House at any time before the House has divided or the vote has started by 'Ayes' and 'Nays'. We have demanded a call of the House, and the demand was sustained."

Mr. Hodde:

"Mr. Speaker, point of order. The call of the House is undoubtedly in order. There is no reason for trying to avoid it. A rule is a rule, and we should govern ourselves accordingly."

Mr. Turner:

"Mr. Speaker, speaking on the point raised by Mr. Murphy and Mr. Hodde. I think the call of the House is not in order because the voting had already started. The Speaker called for the 'Ayes' and 'Nays' on the motion, and the Speaker was then in doubt and called for a division. The voting had already commenced, and the demand for the call of the House was too late. The Speaker was right in presenting that question, and that is the matter on which we are now proceeding."

Mr. Murphy:

"Mr. Speaker, a voice vote is not a vote by 'Ayes' and 'Nays', as referred to in Rule 39. The Speaker had ordered a division; the division was before the House at the time the call of the House was demanded. The call of the House is clearly in order."

Mr. Turner:

"Mr. Speaker, in answer to Mr. Murphy, Rule 39 says nothing about a roll call. In putting a question to a voice vote, the Speaker says 'As many as are in favor, vote 'Aye'; as many as are not in favor, vote 'No.' And that is a vote by 'Ayes' and 'Nays'; there is nothing about a roll call in Rule 39."

Mr. Hodde:

"Mr. Speaker, clearly the intent of the call of the House is to protect the minority when there are some absent, or when a number of the members are absent. If the Speaker could refuse to demand a roll call by merely demanding the 'Ayes' and 'Nays', or refuse to recognize a call of the House when a division is being had, the rules would be of no effect and would support the type of machinations that should not be permitted in this House. There is clearly a call of the House demanded, and that must be recognized or there is no protection in this assembly. So I demand that we have this call of the House."

The Speaker resumed the Chair.

Mr. Murphy:

"Mr. Speaker, answering Mr. Turner, if he will refer to Rule 34, which explains the vote, he will see that it will be nothing if it isn't a roll call. The rule says the vote shall be taken by 'Ayes' and 'Nays' and shall be entered upon the journal of the House when demanded by one-sixth of the members present. That is a roll call; the Constitution says the same thing."

The Speaker:

"Do ten members demand a call of the House?"

The demand was sustained.

CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll and the following absentees were noted: Representatives Atwood, Babcock, Boede, Cory, Custer, Drange, Ford, Foster,

Hurley, Johnson (Gertrude L.), Jones, Judd, Lennart, Loney, Lyman, Shad-bolt and Sisson, Representatives Boede, Foster, Johnson (Gertrude L.) and Sisson having been excused.

The Sergeant-at-Arms was instructed to bring the absent members within the bar of the House.

Mr. Rosellini moved that the absent members be excused and that the House proceed with business under the call of the House, but the motion was lost.

SPEAKER'S PRIVILEGE

The Speaker:

"The Speaker wishes to announce that while I was over at the Senate and negotiating with them regarding covering the clocks, and while it was being agreed that the clocks would not be stopped, an order was sent down by the Senate to stop the clocks. I had nothing to do with it."

MOTION

Mr. Murphy moved that the House proceed with business under the call of the House, and that the absent members be not excused.

The motion was carried on a rising vote.

POINT OF PARLIAMENTARY INQUIRY

Mr. Judd:

"Mr. Speaker, point of parliamentary inquiry. If we recess until some time this afternoon, what is the status of the bills remaining on the calendar?"

The Speaker:

"They are dead."

MOTIONS

Mr. Rosellini moved that the House do now recess for forty-five minutes, but the motion was lost.

Mr. Watkins moved that House Bill No. 106 be lifted from the table.

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the motion by Mr. Watkins that House Bill No. 106 be taken from the table. A vote 'Aye' will take it from the table. A vote 'No' will leave it where it is."

The Clerk began calling the roll, but Mr. Atwood was absent and not excused.

Mr. Murphy:

"Mr. Atwood did not answer a roll call this morning when we were under the call of the House."

The Speaker:

"Mr. Atwood is absent now. He answered the roll call this morning. The motion was made and carried that the House proceed with business under the call of the House, and that the absent members be not excused."

Mr. Murphy:

"Mr. Speaker, when call of the House was put on he wasn't here and did not answer. Therefore, must we wait until he is brought in?"

The Speaker:

"If Mr. Atwood were in Seattle, we would have to wait until he is brought in to vote."

Mr. Murphy:

"Mr. Speaker, this very morning Mr. Atwood sat right here under the call of the House and did not vote."

The Speaker:

"I am sorry, Mr. Murphy, but Mr. Atwood asked me if he had to vote, and I said he did and he voted 'No'. I heard him very distinctly up here."

The Speaker:

"In compliance with House Concurrent Resolution No. 6, passed by the House and concurred in by the Senate, that the House stop consideration of House bills at 11:30 a. m., Saturday, March 6, this House will consider no more House bills."

Mr. Murphy:

"Mr. Speaker, we are in the middle of a roll call, and a roll call can not be interrupted."

The Speaker:

"Under House Concurrent Resolution No. 6 we must stop at 11:30 a. m. Mr. Murphy, the question has been raised in court, and the records show that if we act on a House bill after the hour set in the concurrent resolution providing the time when we shall cease consideration, the bill is void.

"The House is at ease until two o'clock p. m."

MOTION

Mr. Custer moved that the House dispense with further proceedings under the call of the House.

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that House Concurrent Resolution No. 6 stopped further consideration of House bills. We are not on a roll call; we are not considering any bill. The motion before the House is that we do now dispense with the call of the House."

The motion was carried.

AFTERNOON SESSION

The Speaker called the House to order at two o'clock p. m.

The Clerk called the roll and all members were present except Representatives Anderson (Dr. R. Wm.), Atwood, Boede, Cory, Dore, Erdahl, Foster, Gallagher, Goucher, Hanks, Hodde, Johnson (Gertrude L.), Judd, Kinnear, Loney, Miller (Donald B.), Pearson, Pennock, Rosellini and Taft, Representatives Boede, Foster and Johnson (Gertrude L.) having been excused.

MOTION

Mr. Lennart:

"Mr. Speaker, having voted on the prevailing side, I now move that the House reconsider the vote by which the amendment by Mr. Harley to Section 14 was adopted to Engrossed Senate Bill No. 104."

POINTS OF ORDER

Mr. Vane:

"Mr. Speaker, how are we going to tell who voted on the prevailing side on a rising vote?"

Mr. Harley:

"Mr. Speaker, point of order. The first amendment was adopted on a voice vote."

The Speaker:

"The last amendment by Mr. Harley to section 14, page 5, line 22 of the engrossed bill, being line 4 of the Senate amendment to the printed bill, was adopted by a roll call vote, and Mr. Lennart voted on the prevailing side. Now the motion is that we reconsider the vote by which that amendment was adopted."

Mr. Murphy:

"Mr. Speaker, when a division of the House has been taken, is it permissible to reconsider the vote?"

The Speaker:

"No, it is not; it is permissible only on a roll call."

Debate ensued on the motion by Mr. Lennart.

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the motion by Mr. Lennart that the vote by which the last amendment by Mr. Harley to Engrossed Senate Bill No. 104 was adopted be reconsidered. A vote 'Aye' will reconsider the vote and bring the amendment before the House for further consideration; a vote 'No' will leave it where it is."

The Clerk called the roll, and the motion to reconsider was carried by the following vote: Yeas, 62; nays, 34; absent or not voting, 3.

Those voting yea were: Representatives Anderson (Dr. R. Wm.), Armstrong (H. C.), Armstrong (Ralph L. J.), Atwood, Behm, Beierlein, Bernethy, Callow, Christensen, Custer, Dore, Erdahl, Fairchild, Ford, Foster, Gallagher, Goucher, Hall, Hamblen, Hansen, Harman, Hofmeister, Hurley, Johnson (Gertrude L.), Johnson (Levy), Johnston (Geo. H.), Kehoe, Lauman, Lennart, Martin, McMonagle, Miller (Donald B.), Montgomery, Murphy, Nunamaker, O'Brien, Oldershaw, Pearson, Pennock, Phillips, Pitt, Raugust, Riley (Edward F.), Rosellini, Savage, Shadbolt, Simpson, Smith, Taft, Testu, Tisdale, Twidwell, Underwood, Van Buskirk, Vane, Vinje, Watkins, Wiloughby, Winberg, Young, Zent, Mr. Speaker—62.

Those voting nay were: Representatives Anderson (B. Roy), Ashley, Babcock, Bassett, Clark, Comfort, Cory, Cramer, Drange, Eaton, Ericksen, French, Hanks, Harley, Hartung, Hodde, Hupp, Isenhardt, Jones, Judd, Kinnear, Loney, Lyman, Malloy, Mason, McCoy, Meddins, Meenach, Miller (Fred), Sisson, Thompson, Turner, Wintler, Woodall—34.

Those absent or not voting were: Representatives Boede, Chervenka, Schumann—3.

RECONSIDERATION

Debate ensued on the merits of the amendment.

On motion of Mr. Martin, the previous question was ordered.

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the motion to adopt the House amendment to Engrossed Senate Bill No. 104. A vote 'Aye' will adopt the amendment; a vote 'No' will reject it."

The Clerk called the roll, and the amendment was lost by the following vote: Yeas, 10; nays, 86; absent or not voting, 3.

Those voting yea were: Representatives Anderson (B. Roy), Ashley, Babcock, Bassett, Eaton, Harley, Judd, Kinnear, Miller (Fred), Turner—10.

Those absent or not voting were: Representatives Boede, Chervenka, Rosellini—3.

MOTION

Mr. Lennart:

"Mr. Speaker, I now move that the House reconsider the vote by which Mr. Harley's amendment to section 4 of Engrossed Senate Bill No. 104 was adopted."

POINTS OF ORDER

Mr. Woodall:

"Mr. Speaker, point of order. That amendment was adopted by other than a roll call."

Mr. Savage:

"Mr. Speaker, Reed's Rule No. 207 says that if the vote was not by 'Yeas' and 'Nays', the presiding officer may inquire of the mover if he was of the prevailing party."

Mr. Murphy:

"Mr. Speaker, in support of Mr. Savage's point, I would like to read from last session's journal, page 386:

(Mr. Murphy read beginning with "Mr. Savage: 'Mr. Speaker, having voted on the prevailing side, I move that the House, etc.'" and ending "The Speaker will rule that the motion by Mr. Savage is in order.").

RULING BY THE SPEAKER

The Speaker:

"I will repeat the ruling as made by the Speaker, which was concurred in by the House, on or about the thirteenth day of this session, that because of confusion in counting, an attempt to reconsider by those claiming to have voted on the prevailing side on a rising vote or a voice vote, would not be recognized for the remainder of this session. Nothing but a roll call vote will be recognized on reconsideration.

"You may appeal from the decision of the Chair."

APPEAL FROM THE DECISION OF THE CHAIR

Mr. Murphy:

"Mr. Speaker, I appeal from the decision of the Chair."

A roll call was demanded, but the demand was not sustained.

The Speaker:

"An appeal from the decision of the Chair has been taken. Shall the decision of the Chair be the judgment of the House? As many as wish to sustain the Speaker will stand and remain standing until counted."

The decision of the Chair was sustained on a rising vote.

POINT OF PARLIAMENTARY INQUIRY

Mr. Watkins:

"Mr. Speaker, is it permissible for us to return Engrossed Senate Bill No. 104 to second reading for the purpose of amendment?"

The Speaker:

"Yes; by suspending the rules that would be permissible."

MOTION

Mr. Watkins moved that the rules be suspended and Engrossed Senate Bill No. 104 be returned to second reading for the purpose of amendment.

POINT OF ORDER

Mr. Armstrong (H. C.):

"Mr. Speaker, point of order. Only the amendments were being reconsidered, and not the bill."

The Speaker:

"Reconsideration of the amendments prevailed. Therefore, the whole matter is before the House as it was when the amendments were first voted upon."

POINT OF INQUIRY

Mr. Sisson:

"Mr. Speaker, does this take a two-thirds majority?"

The Speaker:

"Yes, it requires a suspension of the rules.

"The question before the House is the motion by Mr. Watkins that the rules be suspended and that Engrossed Senate Bill No. 104 be returned to second reading for the purpose of amendment."

A roll call was demanded, and the demand was sustained.

The Clerk called the roll, and the motion by Mr. Watkins to suspend the rules and return Engrossed Senate Bill No. 104 to second reading was lost by the following vote: Yeas, 54; nays, 42; absent or not voting, 3.

Those voting yea were: Representatives Anderson (Dr. R. Wm.), Armstrong (H. C.), Armstrong (Ralph L. J.), Atwood, Behm, Beierlein, Bernethy, Callow, Christensen, Dore, Drange, Erdahl, Fairchild, Ford, Gallagher, Goucher, Hall, Hansen, Harman, Hodde, Hofmeister, Hupp, Hurley, Johnson (Gertrude L.), Johnson (Levy), Johnston (Geo. H.), Lennart, Martin, McMonagle, Meddins, Miller (Donald B.), Murphy, Nunamaker, O'Brien, Oldershaw, Pearson, Pennock, Phillips, Pitt, Riley (Edward F.), Savage, Simpson, Smith, Testu, Tisdale, Twidwell, Underwood, Van Buskirk, Vane, Vinje, Watkins, Willoughby, Winberg, Young—54.

Those voting nay were: Representatives Anderson (B. Roy), Ashley, Babcock, Bassett, Clark, Comfort, Cory, Cramer, Custer, Eaton, Erickson, Foster, French, Hamblen, Hanks, Harley, Hartung, Isenhardt, Jones, Judd, Kehoe, Kinnear, Lauman, Loney, Lyman, Malloy, Mason, McCoy, Meenach, Miller (Fred), Montgomery, Raugust, Schumann, Shadbolt, Sisson, Taft, Thompson, Turner, Wintler, Woodall, Zent, Mr. Speaker—42.

Those absent or not voting were: Representatives Boede, Chervenka, Rosellini—3.

MOTION

Mr. Martin moved that the records be expunged of the amendments offered to Engrossed Senate Bill No. 104.

POINT OF INQUIRY

Mr. Woodall:

"Mr. Speaker, I would like to inquire whether or not that requires a suspension of the rules."

The Speaker:

"No, it does not; it takes a majority vote to expunge."

Mr. Turner:

"Mr. Speaker, I think that a motion to expunge the record of the adoption of an amendment would be in effect reconsideration, and the Speaker has already ruled that we can not reconsider the vote on any matter adopted by a voice vote or a division, or anything other than by a roll call."

The Speaker:

"The record shows that the amendment was adopted; that the motion to reconsider prevailed, and that on a later vote the amendment was not adopted. On the motion to expunge, if the motion prevails, nothing will show in the journal."

Mr. Woodall:

"Mr. Speaker, is the motion to expunge permissible on a matter on third reading?"

The Speaker:

"The point is well taken, Mr. Woodall. It is not permissible on third reading."

Mr. Armstrong (H. C.):

"Mr. Speaker, you ruled that the entire bill was brought back, so the entire bill is on second reading."

The Speaker:

"The motion failed to return the bill to second reading. The bill was passed to third reading this morning. The bill was on third reading, but the motion to reconsider this particular amendment was in order because we are still on the same working day."

Mr. Armstrong:

"Mr. Speaker, Mr. Watkins has just moved to suspend the rule and bring the bill back to second reading."

The Speaker:

"That motion did not prevail."

MOTION

Mr. Martin moved that Engrossed Senate Bill No. 104 be returned to second reading.

The Speaker:

"The motion is out of order. That motion was just voted down."

MOTION

On motion of Mr. Watkins, the House proceeded with the calendar.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Mr. Hurley:

Be It Resolved, By the House of Representatives of the State of Washington, in legislative session assembled:

WHEREAS, Essential industries have had to draw increasingly on womanpower so that many women with children have gone to work in war industries, and many more will have to go to work in "labor shortage" and "critical" areas if vital war output is to be maintained; and

WHEREAS, The children of these working mothers must be given proper care, and all school children must be given more supervised activity so that by wholesome release from the strain of war tensions delinquency may be prevented; and

WHEREAS, The Congress of the United States has recognized these necessities for children in war-time and has provided funds for nursery school and extended school care of such children; and

WHEREAS, Local and state governments have acted upon this initiative of the United States and have made commitments in establishing these child-care facilities; and

WHEREAS, Due to the multiplicity of agencies involved and the complexity of their processes, funds have been unduly delayed so as to hamper the war effort and leave our children unwisely neglected;

Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington hereby urges the President and Congress of the United States of America to continue these funds for the care of children, so as to insure the war effort, protect its young citizens, and honor its commitments; and to eliminate the delay in the processing of such funds so that the security of our children is not neglected; and

Be It Further Resolved, That copies of this resolution be immediately transmitted to the Honorable Franklin D. Roosevelt, President of the United States, the Secretary of the United States Senate, the Clerk of the United States House of Representatives and to each member of the United States Congress from the State of Washington.

On motion of Mr. Hurley, the resolution was adopted.

Resolution by Messrs. Johnson (Levy) and Armstrong (Ralph L. J.):

WHEREAS, The Board of Managers of the National Congress of Parents and Teachers in executive session at Atlanta, Georgia, on September 24-27, 1942, representing a membership of 2,685,000 in forty-eight states, the District of Columbia, and Hawaii, again urges that immediate steps be taken to guarantee budget and authority to the proper agency for uniform registration and identification of all children, and

WHEREAS, No national step has been taken, and

WHEREAS, The State of Washington is in a critical location, the parents and educators feel apprehensive of imminent danger to their children, and

WHEREAS, Many communities large and small have requested action to provide this protective measure in a uniform system, and

WHEREAS, Every effort has been made to secure a priority rating on a suitable non-combustible, non-corrosive metal without avail, and

WHEREAS, Certain war industries have offered quantities of scrap material suitable and highly desirable for this vitally necessary protective measure, and

WHEREAS, The return of this scrap material "to source" does not yield itself to more constructive material for war production, and

WHEREAS, We feel that there is a definite need for a precautionary measure to assure our parents and children that every step has been taken to keep the family together in case of disaster, bombing, or evacuation, by means of registration, identification and fingerprinting;

Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington does hereby respectfully petition the President of the United States and the Congress of the United States and particularly the Senators and Representatives in Congress from this state, to do everything possible to secure a priority rating for this scrap aluminum material, that will make suitable identification tags for the children of the State of Washington, at a reasonable price, and

Be It Further Resolved, That copies of this Resolution be immediately transmitted to the Honorable Franklin D. Roosevelt, President of the United States and to the Secretary of the Senate and the Clerk of the House of Representatives of the United States and to each Senator and Representative in Congress from the State of Washington.

On motion of Mr. Johnson (Levy) the resolution was adopted.

Mr. Murphy demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll, and the following absentees were noted: Representatives Boede and Tisdale, both of whom had previously been excused.

On motion of Mr. Martin, the House proceeded with business under the call of the House.

Debate ensued on the motion by Mr. Woodall that the House recede from its amendments to Engrossed Senate Bill No. 246.

Dr. Anderson (R. Wm.) moved that Mr. Lennart be excused from the call of the House, but the motion was lost.

Debate continued.

On motion of Mr. Judd, the previous question was ordered.

A roll call was demanded, and the demand was sustained.

The Speaker:

"The question before the House is the motion by Mr. Woodall that the House do recede from its amendments to Engrossed Senate Bill No. 246. A vote 'Aye' will sustain the motion; a vote 'No' will reject the motion."

The Clerk called the roll, and the motion was carried by the following vote: Yeas, 54; nays, 43; absent or not voting, 2.

Those voting yea were: Representatives Anderson (B. Roy), Anderson (Dr. R. Wm.), Ashley, Babcock, Bassett, Callow, Chervenka, Christensen, Clark, Comfort, Cory, Cramer, Custer, Eaton, Ericksen, Fairchild, Foster, French, Hamblen, Hanks, Harley, Hartung, Hodde, Hupp, Isenhardt, Jones, Judd, Kehoe, Kinneer, Lauman, Lennart, Loney, Lyman, Malloy, Mason, McCoy, Meddins, Meenach, Miller (Donald B.), Miller (Fred), Montgomery, Murphy, Oldershaw, Raugust, Schumann, Shadbolt, Sisson, Taft, Thompson, Turner, Wintler, Woodall, Zent, Mr. Speaker—54.

MOTION

Mr. Murphy:

"Mr. Speaker, having voted on the prevailing side, I now move that the House reconsider the vote by which the House receded from its amendments to Engrossed Senate Bill No. 246."

POINT OF ORDER

Mr. Turner:

"Mr. Speaker, point of order. The motion is out of order."

The Speaker:

"The point is well taken, Mr. Turner. The previous question cuts off all debate and all further motions or anything pertaining to the bill. A motion to reconsider the vote by which the House receded from its amendments to Engrossed Senate Bill No. 246 is out of order at this time."

Mr. Murphy:

"Mr. Speaker, in the event I should vote on the prevailing side on the final passage of this bill without the House amendments, would I then be in a position to move to reconsider the vote by which the amendments to the bill were adopted?"

The Speaker:

"No, because the motion to recede from the amendments having carried, there are no amendments on Engrossed Senate Bill No. 246."

Mr. Murphy:

"Mr. Speaker, could I move to reconsider the vote by which the amendments were adopted if the House passes the bill without the amendments, and I move to reconsider the vote by which the bill passes without them, in the event that I vote on the prevailing side on this vote on final passage?"

The Speaker:

"No, that would be out of order, because the House has receded from its amendments to the bill, and there are no amendments on it. The question before the House now is the final passage of Engrossed Senate Bill No. 246, and Engrossed Senate Bill No. 246 has no House amendments on it."

Mr. Murphy:

"Mr. Speaker, if the House passes Engrossed Senate Bill No. 246 without the House amendments, I shall move that the House reconsider the vote by which the House amendments to the bill were adopted."

The Speaker:

"In that event, I shall rule you out of order."

Mr. Murphy:

"Mr. Speaker, in that case I ask the privilege of inserting in the journal my reason for voting 'Aye' on the motion to recede from the House amendments to Engrossed Senate Bill No. 246."

The Speaker:

"You have that privilege, Mr. Murphy."

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 246, without the House amendments, and the bill passed the House by the following vote: Yeas, 79; nays, 18; absent or not voting, 2.

Those voting yea were: Representatives Anderson (B. Roy), Anderson (Dr. R. Wm.), Armstrong (Ralph L. Engrossed Senate Bill No. 246, having received the constitutional majority, was declared passed, without the House amendments.

EXPLANATIONS OF VOTES

Mr. Murphy:

"My reason for voting for the motion to recede from the House amendments to Engrossed Senate Bill No. 246 was that I wanted to be in a position to move to reconsider the vote by which this motion carried. I was shut off from making this motion to reconsider by the previous question. I was strongly in favor of these amendments."

Mrs. Testu:

"I voted 'No' on Engrossed Senate Bill No. 246 because I believe that it does not allow adequate assistance to the needy of our state."

EXPLANATIONS OF VOTES

Mr. Turner:

"My reason for voting 'no' on Engrossed Senate Bill No. 265, notwithstanding my arguments in favor of the bill during debate, is as follows:

"At the time the bill was before the House on final passage, it was impossible to determine whether or not the Senate would concur in the House amendment. In the event that the Senate should refuse to concur, a conference committee might eventually become necessary. I desired to make myself available as an appointee on such com-

mittee, in order to give the Speaker a choice in selecting any conference committee, both as to majority and minority representation, both of which representations must be recognized under the rules of the House.

"This view was shared by several members of the House with whom I discussed this question in advance. All felt that, in view of the importance of the bill, the Speaker should be able to appoint a conference committee which recognized this importance and would fairly consider all aspects of the problem."

Mr. Hurley:

"I wish to explain my position on Senate Bill No. 265 appropriating \$2,500,000 for unnamed emergency purposes. I voted 'yes' on this bill, but not unqualifiedly. Because I felt that an emergency appropriation was necessary in case of a catastrophe, I felt duty bound to support the bill on final vote. However, I would like to make it clear that this bill is not in any manner satisfactory.

"There is nothing in this bill that provides or designates any money for civilian defense, which has been and remains a critical emergency problem. The state is unprepared, from a civilian standpoint, in relation to sufficient equipment, to meet a possible disaster. Senate Bill No. 265 could have allowed a part of this sum to be expended for civilian defense and so designated such in the law. I find it necessary to criticize the type of emergency bill such as Senate Bill No. 265, which is a measure that prepares to dig up the dead after the event, but intends to do nothing before the event. This appears to me as hindsight, not foresight.

"I can conclude by saying that the bill is better than nothing at all, since it does provide an emergency appropriation. For that reason I voted for it."

On motion of Mr. Anderson (B. Roy), Mr. Lennart was excused from the call of the House for five minutes.

On motion of Mr. Woodall, Mr. Rosellini was excused from the call of the House.

REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., March 10, 1943.

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed House Bill No. 280, entitled: "An Act creating the Washington State War Council; declaring the policy of the legislature; providing for the control and regulation of the movement and activities of civilians; providing for the promulgation of rules, regulations, orders and directives by the Washington State War Council to meet specified contingencies relating to the national and state defense; providing for the enforcement of said rules, regulations, orders and directives by governing bodies of local political subdivisions and governmental agencies and personnel; defining the powers and duties of the Washington State War Council; providing for the preparation of rules, regulations, orders and directives by the Washington State War Council relative to evacuation, mobilization of civilian manpower, blackouts and/or radio silences, matters relating to transportation of persons, materials and supplies, programs of civilian training of air raid wardens, fire wardens, demolition squads, first aid and other necessary civilian defense personnel, prevention and suppression of disease or epidemics, systems of staggered hours of employment, and maximum rates of speed of motor vehicles; providing for the taking or damaging of property and the payment of compensation therefor; appropriating funds for the carrying out of this act; defining crimes; prescribing the period during which the act shall be in effect; and declaring an emergency", have had the

same under consideration, and we recommend that the bill do pass with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. This act may be cited as the 'Washington State War Council Act.'

"Sec. 2. It is hereby declared to be the policy of the legislature that by reason of the present war and conditions resulting therefrom and in the interests of the defense of this state and of the United States, it is necessary to effectively cooperate with the United States government and all of the agencies thereof which are engaged in the prosecution of said war, and provide for the protection of the life, safety and health of the people of this state during said war, and assist in the maintenance of uninterrupted production and transportation of vital war materials, and fully utilize the resources of the state, and to that end it is necessary that the actions and movements of the civilian population be controlled, restricted and regulated. Therefore, it is necessary that said Council be empowered to make, amend and rescind rules and regulations to carry out the provisions of this act.

"Sec. 3. There is hereby created the Washington State War Council, to consist of three members, as follows: The Governor of the State of Washington, who shall act as chairman, the Lieutenant Governor and the Insurance Commissioner. The office of the Washington State War Council shall be located at Olympia, Washington, and its official title and address shall be, 'Washington State War Council, care of The Secretary of State, Olympia, Washington.' All rules, regulations, orders and directives issued pursuant to this act shall be in the name of 'The Washington State War Council.'

"Sec. 4. That the contingencies and happenings within the contemplation of this act are: Threatened or actual invasion; bombing; actual or attempted air raids of enemy powers; fires; floods; epidemics or disease; destruction of public buildings, war plants, strategic bridges or other buildings and places essential to proper prosecution of the war effort by sabotage or otherwise, grave danger to the life, health and safety of the people of the State of Washington as evidenced by the promulgation of orders and directives of the United States government, the Department of Justice, the United States military or naval forces or other armed forces of the United States regarding blackouts, radio silences, traffic control over any street, road or highway in the State of Washington, mobilization of civilians, evacuations, or any other matter concerning the protection of military and/or civilian lives, property and interests in the State of Washington.

"Sec. 5. The movements and activities of the civilian population of this state shall be controlled, restricted and regulated to effect the public safety, the preservation and protection of life and property and the efficient application of the resources of this state toward the prosecution of the war and the defense of the state and nation, and to that end said council, upon the happening of the specified contingencies, shall proceed in accordance with the powers herein enumerated and issue all necessary rules, regulations, orders and directives in order to make said powers effective.

"Sec. 6. Upon the happening of any one of the specified contingencies, the Washington State Council shall be empowered to immediately put into effect rules, regulations, orders and directives to meet such situation or condition in an orderly and efficient manner. A copy therefore shall be filed in the office of the Secretary of State or if promulgated by a political subdivision of the state or any agency thereof, it shall be filed in the office of the clerk of the governing body of the political subdivision for which the same has been promulgated. All local political subdivisions and/or agencies, of the state, and including the civilian population of the area involved, shall be required to observe and follow the rules, regulations, orders and directives so laid down to the same extent and effect as they would be required to observe and follow any law of the State of Washington or political subdivision thereof. The said rules, regulations, orders and directives of the Washington State War Council shall be carried out and enforced by the governing bodies of the local political subdivisions of the state in such manner and within such area as the said Washington State War Council shall designate, and in the event such governing body or bodies are unable to effectively carry out and enforce said rules, regulations, orders and directives, the Washington State War Council may direct the enforcement of such rules, regulations, orders and directives by and through any governmental agency or personnel, notwithstanding any provision of existing law.

"Sec. 7. The Washington State War Council is hereby empowered to issue rules, regulations, orders and directives for the regulation and control of the movement and activities of all civilians within this state for the purpose of providing for orderly evacuation of any area or areas affected by the occurrence of any of the specific con-

tingencies enumerated in section 4 hereof; the mobilization of civilian manpower in said affected area or areas; the adoption of a system or systems for the synchronization of inter-related blackouts and/or radio silences; the preparation of maps showing alternate routes over which traffic may be directed so as to permit as nearly as possible uninterrupted transportation of persons, materials and supplies to and around the affected areas with the least possible interference with existing transportation routes and facilities; the working out of schedules with regular transportation systems, including but not limited to railroads, steamship lines, air lines, and bus companies, so that the isolation of any area or areas of the state by reason of enemy attack or other contingency as enumerated herein shall not cripple or seriously impair the transportation facilities offered to the remainder of the state; to set up and adopt a program of civilian training in collaboration with the governing bodies of the local political subdivisions of the state for the purpose of training air raid wardens, fire wardens, demolition squads, first aid and other necessary civilian defense personnel; the collaboration with the health officers or authorities of the local political subdivisions and the adoption and promulgation of regulations for the prevention and/or suppression of disease or epidemics caused by unsanitary conditions existing in over-crowded defense plant areas or by one of the other enumerated contingencies in section 4 hereof; the establishment of a system of staggered hours of employment in congested areas as a means of facilitating the transportation of persons to and from their places of employment; the prescribing of the maximum rates of speed at which any motor vehicle may be operated upon any street, road or highway in this state: *Provided, however,* That no action, order, rule or regulation of the Washington State War Council shall be contrary to or inconsistent with any action, order, rule or regulation of the armed forces of the United States or of the United States government, and: *Provided, further,* That said Washington State War Council shall not, except in the event of grave emergency, exercise the powers herein conferred in such way as to supersede existing agencies engaged in the same or similar activities.

"Sec. 8. The War Council shall have the following powers, functions and duties:

(a) To cooperate with any and all Federal departments, agencies and independent establishments and the officers and employees thereof charged with responsibilities relating to the war effort or the defense of the nation; the officers and agencies of other states in matters pertaining to the war and the common defense of the state and nation; the political subdivisions and local defense councils and agencies of this state; and private agencies engaged in activities essential to the war effort and civilian defense;

(b) To prescribe and direct activities, to the extent related to the war effort, in connection with the following: Salvage and prevention of waste of strategic materials; health and medical care; nutrition, housing, including the use of existing public and private facilities; education and training of civilian defense workers; recreation and recreational facilities for industrial workers and members of the armed forces, financed by federal funds; and sale of war bonds and stamps;

(c) To provide for the recruitment, qualifications, training, equipment, powers and duties of all persons engaged in civilian defense activities;

(d) To require and direct the cooperation and assistance of state and local governmental agencies and officials;

(e) To make, amend and rescind such orders, rules and regulations as it may deem advisable in order to carry out the provisions of this act.

"Sec. 9. (a) Local councils of defense shall cooperate with and assist the War Council, and shall perform such services as may be requested by said War Council. Local councils may act jointly with other such councils.

(b) In order to achieve the most effective use of the services and equipment of all political subdivisions of the state, throughout the state, each political subdivision is hereby authorized and empowered to negotiate reciprocal aid agreements with other political subdivisions of the state with respect to the furnishing of services, equipment, supplies and facilities for the purpose of rendering aid in case of disaster, including any occasioned by air raid or other form of enemy attack.

"Sec. 10. (a) The Council shall report to the legislature at its next session the proceedings taken by it pursuant to this act and shall transmit at the same time to the legislature copies of all orders so promulgated by it.

(b) No order, rule or regulation shall be made, amended or rescinded by the War Council under the provisions of this act except with the unanimous consent of the members thereof.

"Sec. 11. Every person who violates any provision of this act, or any rule, regula-

tion, order or directive issued by the Washington State War Council, shall be guilty of a misdemeanor.

"Sec. 12. If any provision of this act, or the application thereof to any person or circumstance, is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

"Sec. 13. This act is necessary for the immediate preservation of the public peace, health and safety and shall take effect immediately, and shall remain in force until after the convening of the next regular or special session of the legislature."

Amend the title by striking the whole thereof and inserting in lieu thereof the following:

"An Act Creating the Washington State War Council; declaring the policy of the legislature; providing for the control and regulation of the movement and activities of civilians; providing for the promulgation of rules, regulations, orders and directives by the Washington State War Council to meet specified contingencies relating to the national and state defense; providing for the enforcement of said rules, regulations, orders and directives by governing bodies of local political subdivisions and governmental agencies and personnel; defining the powers and duties of the Washington State War Council; providing for the preparation of rules, regulations, orders and directives by the Washington State War Council relative to evacuation, mobilization of civilian manpower, blackouts and/or radio silences, matters relating to transportation of persons, materials and supplies, programs of civilian training of air raid wardens, fire wardens, demolition squads, first aid and other necessary civilian defense personnel, prevention and suppression of disease or epidemics, systems of staggered hours of employment, and maximum rates of speed of motor vehicles; defining crimes; prescribing the period during which the act shall be in effect; and declaring an emergency."

GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED

March 22, 1943.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to subdivision (d), House Bill No. 90, entitled:

"An Act relating to intoxicating liquors; prohibiting minors from entering taverns and amending chapter 62, Laws of 1933, Extraordinary Session, as amended by chapters 13, 80, 158 and 174, Laws of 1935; chapters 62 and 217, Laws of 1937; chapters 172 and 173, Laws of 1939; chapter 220, Laws of 1941 (section 7306-1 to 7306-97a, Remington's Revised Statutes, Supplement; section 7306-23-M to 7306-23-O, Rem. Supp. 1941) by adding a new section immediately following section 36 and to be known as section 36A."

Subdivision (d) relates to the revocation of liquor licenses in cases where minors are permitted to obtain liquor on the premises and definitely relaxes the present strict obligation placed upon liquor licensees to know that their customers are over the age of 21 years. The new standards which are provided for the purpose of determining whether selling liquor to minors constitutes grounds for revocation of the license are seemingly fair and reasonable on their face. But close analysis of these relaxed standards clearly indicates that it would be practically impossible to establish a case for revocation of license on this ground.

The strict accountability to which liquor licensees are now held in this regard is a necessary incident of the character of the business, and must not be permitted to be relaxed or overlooked in any way if minors are to be protected properly.

For these reasons, subdivision (d) of House Bill No. 90 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

March 20, 1943.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 119, entitled:

"An Act authorizing the publication and certification of a Code of Washington laws."

A complete recodification of Washington laws will be undertaken during the forthcoming biennium, pursuant to the provisions of Senate Bill No. 47

enacted at the 1943 session of the Legislature. In view of this I deem it inadvisable at this time to give official legislative approval of a privately owned and patented alphabetical arrangement and code numbering system of Washington laws, as contemplated by House Bill No. 119.

For these reasons House Bill No. 119 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

March 19, 1943.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 148, entitled:

“An Act relating to public highways, primary state highways, secondary state highways, county roads and city streets, and amending section 2, chapter 181, Laws of 1939 (section 6600-1d, Remington's Revised Statutes, Volume 7A).”

House Bill No. 148 and Senate Bill No. 293, which also passed at the 1943 session of the Legislature, both amend section 2, chapter 181, Laws of 1939 (section 6600-1d, Remington's Revised Statutes). Senate Bill No. 293 amends this section by eliminating paragraph (c) thereof. House Bill No. 148, which passed the legislature on the same day, retains paragraph (c) and adds a new paragraph (d) which is lacking from Senate Bill No. 293.

The two bills are therefore inconsistent and cannot both become law. I have heretofore signed Senate Bill No. 293 and it is therefore necessary to veto House Bill No. 148.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

March 22, 1943.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 217, entitled:

“An Act relating to corporations; referring to the power of a corporation to purchase, hold, sell, and transfer its own shares; providing limitations on the power of a corporation to purchase its own shares; adding a new section to chapter 185, Laws of 1933, as amended by chapter 143, Laws of 1939 (section 3803-1 to 3803-68, Remington's Revised Statutes, Supplement), to be numbered section 12½.”

Under ordinary circumstances I would have no objection to this bill as it is apparently an effort to bring our corporation law into harmony with that of all other states which have adopted the Uniform Business Corporations Act. However, it now develops that enactment of this measure at this particular time may affect the rights of persons involved in litigation now pending before the courts of the state. Since there appears to be no pressing need for immediate enactment of this law I think we should, in fairness, defer action thereon for the time being.

For this reason, House Bill No. 217 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

March 20, 1943.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 242, entitled:

"An Act relating to the practice of optometry and amending section 1, chapter 144, Laws of 1919 (section 10147, Remington's Revised Statutes)."

The purpose of this bill is to permit persons, firms or corporations to own and operate offices or establishments where optometry is practiced so long as such person, firm or corporation employs in the practice of optometry only licensed optometrists.

It appears to me that this is definitely a backward step in the regulation of optometry. Experience has shown that effective regulation of optometry must include control over the general practices and policies which the owner or operator follows as well as the quality of technical service rendered to individual customers. The removal of this important phase of optometry from regulation, as contemplated by this bill, would be a disservice to the health and welfare of the general public.

For this reason House Bill No. 242 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

March 22, 1943.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 307, entitled:

"An Act providing for maintenance of certain elective county officials and declaring an emergency."

After reciting that elective county officials are, "by reason of the emergency conditions due to the existing war, subject to additional and extraordinary expenses for maintenance and subsistence, and for travel between the county seat and the various areas of the county and state, which conditions did not exist and could not have been taken into consideration when such elective officials assumed the duties of their office," House Bill No. 307 authorizes and empowers the counties to pay to such officials, 'for such additional maintenance requirements,' not to exceed the sum of \$50 each per month, and not to exceed a total of \$600 for each of such officers per year. County commissioners are then authorized to declare an emergency immediately upon the taking effect of the act and to begin such 'maintenance' payments on April 1, 1943. The act expires, by its own terms, on March 31, 1945.

In so far as this bill purports to authorize reimbursement "for travel between the county seat and the various areas of the county and state," it is wholly unnecessary. The present law, section 3, chapter 197, Laws of 1937 (Remington's Revised Statutes, section 4200-5a), providing that "all county officers shall be entitled to their necessary reasonable traveling expenses in the performance of their official duties, bills therefor to be audited by the county commissioners . . . ," already authorizes reimbursement for bona fide traveling expenses.

In so far as this bill purports to authorize reimbursement for "maintenance and subsistence," the reasoning contained in my message vetoing Senate Bill No. 154 indicates that such payments would, in fact, constitute additional compensation or salary. Article XI, section 8, of the state constitution provides that "The salary of any county, city, town, or municipal officers shall not be increased or diminished after his election or during his term of office . . ." In view of this specific constitutional prohibition against raising or diminishing salaries during the term of office it seems to me that the hope of gaining relief from present low salaries through this means would be a rather forlorn one, even were I to give this bill approval. The courts have never hesitated to set aside a legislative act which contravened the constitution.

But—without passing upon the strictly legal question of whether House Bill No. 307 would be void in view of the above constitutional provision, I am convinced that the bill does run counter to the sound public policy upon which such constitutional provision is based. If the legislature is to have before it, at every session, the question of whether it shall continue or discontinue, increase or decrease, the compensation of incumbent county officials, such officials will no longer enjoy the independence, and freedom from personal considerations, which the framers of our constitution intended and

the interest of the general public demands. The situation in this regard is not unlike that which would have existed had Senate Bill No. 154, relating to payment of "maintenance" to certain elective state officials, become law, and the reasoning which prompted me to veto that measure applies with equal force to House Bill No. 307.

Another objectionable feature of House Bill No. 307 is that it makes county officials dependent not only upon the legislature for the granting or withholding of the power to pay these additional sums, but it makes them also dependent upon the county commissioners of the respective counties, who are given, under this bill, discretionary power to exercise or refuse to exercise the powers granted and discretionary power to fix such additional compensation at any sum they deem proper, not to exceed \$50 per month for each official. Article XI, section 5 of the state constitution, as amended by Amendment No. 12, provides that the legislature shall regulate the compensation of county officers, and heretofore such compensation has always been specifically fixed by statute and no power to increase or lower any portion thereof has been vested in county commissioners. Whether or not the discretionary powers conferred upon county commissioners by House Bill No. 307 would be in violation of the strict terms of this constitutional provision, it certainly would be a radical departure from the practice heretofore followed and proven satisfactory over a long period of years, and would, in my opinion, be inimical to the integrity of county government.

For these reasons, House Bill No. 307 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLIE,

Governor.

March 23, 1943.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 367, entitled:

"An Act relating to insurance; placing certain restrictions upon borrowers and lenders of money in connection therewith."

This bill in substance provides that no one in the business of loaning money shall, as a condition to any loan, require the borrower to place insurance in any particular insurance company or through any particular agency, but that the requirement for insurance shall be satisfied if the borrower provides insurance in any company duly authorized to do business in the State of Washington, with a proviso that if the borrower should fail or refuse to furnish the required insurance the lender shall have the right to place the same.

After giving careful study to the provisions of this bill I am convinced that its language is so restrictive of the inherent right of a lender to insist upon satisfactory insurance protection of the collateral security for his loan as to be definitely adverse to the public interest. An institution loaning

money, especially where monies have been deposited with it by the general public, must necessarily protect itself and its depositors by insisting upon the best possible security available in a highly competitive field and the insurance policy protecting its collateral is just as important a part of such security as the physical collateral itself. Although all insurance companies which are authorized to do business in this state are actuarially solvent, everyone recognizes that some companies are financially sounder than others and also render more acceptable service. I believe that anyone loaning money should have the right to insist upon insurance coverage satisfactory to him. He should at least have the right to approve or disapprove of the insurance company selected by the borrower to underwrite the insurance. This right House Bill No. 367 absolutely destroys.

I am further of the opinion that if this bill were to become a law it would in the long run increase the eventual cost of service to the borrowing public and would also work considerable inconvenience.

I recognize that there may be abuses on the part of certain lending organizations whereby borrowers are coerced in order to obtain necessary loans to permit the lender to place the insurance through his own insurance agency, but I believe that this bill under its present wording would produce other abuses which would outweigh those which now exist. Such abuses as exist under present laws can and should be remedied by proper legislation to that end, but the consequences which I am sure would follow the approval of this measure are such that I deem it my duty to veto this bill.

For the above reasons, House Bill No. 367 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEIE,
Governor.
