CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll, and all members were present.

On motion of Mr. O'Brien, the House proceeded with business under the call of the House.

Mr. Burtch moved that the rules be suspended, Reengrossed Substitute Senate Bill No. 93 as amended by the House be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

Mr. Grant demanded an electric roll call, and the demand was sustained.

Debate ensued, Representative Brachtenbach speaking against the motion. The Speaker called upon Mr. Garrett to preside.

POINT OF ORDER

The Speaker (Mr. Garrett presiding) recognized Mr. Uhlman on a point of order.

Mr. Uhlman:

"Under Reed's Rules, No. 191, the motion to suspend the rules is not debatable."

The Speaker (Mr. Garrett presiding):

"The Speaker has previously ruled debate is allowed on this motion. However, the presiding Speaker would appreciate limiting debate to one proponent and one opponent."

Mr. Brachtenbach continued his remarks in opposition to the motion. Mr. Bottiger spoke in favor of the motion.

PARLIAMENTARY INQUIRY

The Speaker (Mr. Garrett presiding) recognized Mr. Perry on a point of parliamentary inquiry.

Mr. Perry:

"Did I understand Mr. Brachtenbach to say that we had pending some sixteen amendments, and now we are entertaining a motion to suspend the rules and, in effect, raise a question of consideration on the amendments. May I then ask further, if this is the ruling, why are we reluctant to raise the proper question—the question of consideration on those amendments? I have never heard of a parliamentary maneuver of this type. We have spent two and three days before debating issues some of us liked and some didn't like. I have no feelings about this bill either way, to be frank, but I do have some concern as to what type of parliamentary position we are in at this moment."

The Speaker (Mr. Garrett presiding):

"Mr. Perry, at the moment, we have a motion to suspend the rules, and I have allowed one opponent and one proponent of the motion to speak. As to your point regarding the question of consideration, Mr. Bottiger could raise this on the amendments as they are proposed, and it would take fifty votes. I would assume it would be an easier way to do it, then, to advance the bill to third reading. This has been done previously this session. If two-thirds of the members wish to advance this bill to third reading they have the right to do it."

Mr. Perry:

"Then do I understand that even if there are amendments pending on the desk, that we have agreed to suspend the rules and advance the bill?"

The Speaker (Mr. Garrett presiding):

"This was the exact procedure taken on Senate Bill No. 167 previously, Mr. Perry."

YIELDING TO QUESTION

Mr. Andersen (James A.):

"Mr. Speaker, would Mr. Brachtenbach yield to a question?"

The Speaker (Mr. Garrett presiding):

"Will you yield, Mr. Brachtenbach?"

Mr. Brachtenbach:

"Yes."

Mr. Andersen:

"There has been a lot of debate on this, and there are a lot of amendments that are going to be tossed in the waste basket if this motion carries. What is the effect of this motion, moving the bill to third reading without considering these other amendments? What is the effect going to be for example on these United Good Neighbor Fund drives that we have in all the counties of the state, with this bill in its present form?"

Mr. Brachtenbach:

"As it is written, it clearly includes every United Good Neighbor fund. There is no exemption for them. This is one of my areas of concern. I have, for a number of years, been active in United Good Neighbors, and under this bill you are required to report to the attorney general the names and addresses of every single officer and

director in your United Good Neighbor drive, including the lay members, of which I would be one. If I move my residence, it must be reported to the attorney general."

The Speaker (Mr. Garrett presiding):

"Mr. Bottiger, for what purpose do you rise?"

Mr. Bottiger:

"I trust I will be allowed to respond."

The Speaker (Mr. Garrett presiding):

"Mr. Brachtenbach, will you continue to answer the question?"

Mr. Brachtenbach:

"Under this bill as written, if I as a director of a United Good Neighbor drive moved my residence and that fact was not reported to the attorney general within ten days, the United Good Neighbor drive of the Yakima Valley would be required to stop soliciting funds. This is the effect the bill has as presently written."

YIELDING TO QUESTION

Mr. Grant:

"Mr. Speaker, I wonder if Representative Bottiger will yield?"

The Speaker (Mr. Garrett presiding):

"Mr. Bottiger, will you yield to a question?"

Mr. Bottiger:

"Yes."

Mr. Grant:

"Does Mr. Brachtenbach's answer satisfy you? Would you explain your position on this?"

Mr. Bottiger:

"Thank you, Mr. Grant. The United Good Neighbor drive, it is my understanding, and I am told there is a letter here in a rather substantial file, has supported this bill because of the lack of faith the public is beginning to have in charitable drives. They have pointed out that numerous people will no longer contribute because they are suspicious of these drives."

Mr. Chatalas demanded the previous question.

The Speaker resumed the Chair.

POINT OF INQUIRY

The Speaker recognized Mr. Newhouse on a point of inquiry.

Mr. Newhouse:

"Mr. Speaker, if this motion to advance is defeated, may we then as a body consider the remaining amendments on the desk?"

The Speaker:

"We will continue with the amendments."

The demand for the previous question was sustained.

The Clerk called the roll on the motion to advance Reengrossed Substitute Senate Bill No. 93 as amended by the House to third reading and final passage, and the motion was lost by the following vote: Yeas, 52; nays, 47; absent or not voting, 0.

YIELDING TO QUESTION

Mrs. Hurley:

Mr. Speaker, would Mr. Sawyer yield to a question?"

The Speaker (Mr. Garrett presiding):

"Mr. Sawyer, would you yield to a question from Mrs. Hurley?"

Mr. Sawyer:

"Yes, Mrs. Hurley."

Mrs. Hurley:

"Mr. Sawyer, before this bill left second reading, I tried to attract the attention of the Speaker. I wanted to ask you if you had noticed that the department of licenses is mentioned on line 21? I presume this has to be changed to the division of motor vehicles. Is that true?"

Mr. Sawyer:

"I think, technically, it would have been best if we had made this amendment, but I think because of the fact that this bill will go into effect at the same time, the code reviser can make the correction."

MOTION

On motion of Mr. Uhlman, the rules were suspended, and Engrossed Senate Bill No. 399 was returned to second reading for the purpose of amendment.

SECOND READING OF BILL

Engrossed Substitute Senate Bill No. 167, by Senate Highways Committee: Subsidizing public transportation.

House of Representatives,
Olympia, Wash., March 24, 1965.

MR. SPEAKER:

We, a majority of your Committee on Ways and Means, to whom was referred **Engrossed Substitute Senate Bill No. 167**, subsidizing public transportation, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. We, the legislature find that an increasing number of municipally owned, or leased, and operated transportation systems in the cities of the state of Washington, as in the nation, are finding it impossible, from the revenues derived from tolls, tariffs and fares, to maintain the financial solvency of such systems, and as a result thereof such municipalities have been forced to subsidize such systems to the detriment of other essential public services.

"All persons in a community benefit from a solvent and adequate public transportation system, either directly or indirectly, and the responsibility of financing the operation, maintenance, and capital needs of such systems is a community obligation and responsibility which should be shared by all.

"We further find and declare that the maintenance and operation of an adequate public transportation system is an absolute necessity and is essential to the economic, industrial and cultural growth, development and prosperity of a municipality and of the state and nation, and to protect the health and welfare of the residents of such municipalities and the public in general.

"We further find and declare that the appropriation of general funds and levying and collection of taxes by such municipalities as authorized in the succeeding sections of this act is necessary, and any funds so derived and expended are for a public purpose for which public funds may properly be used.

"NEW SECTION. Sec. 2. The following terms, however used or referred to in this chapter, shall have the following meanings, unless a different meaning is required by the context:

"(1) 'Corporate authority' shall mean the council or other legislative body of a municipality.

"(2) 'Municipality' shall mean any incorporated city of the first class in the state.

"(3) 'Person' shall mean any individual, firm, partnership, corporation, company, association, joint stock association, school district or political subdivision of the state, fraternal, benevolent, religious or charitable society, club or organization, and shall include any trustee, receiver, assignee, or other person acting in a similar representative capacity. The term 'person' shall not be construed to include the United States nor the state of Washington.

"NEW SECTION. Sec. 3. The corporate authorities of any municipality are authorized to appropriate general funds for the operation, maintenance, and capital needs of municipally owned or leased and municipally operated public transportation systems subject to the right of referendum as provided by statute or charter.

"NEW SECTION. Sec. 4. The corporate authorities of a municipality are authorized to adopt ordinances for the levy and collection of excise taxes and/or for the imposition of an additional tax for the act or privilege of engaging in business activities. Such business and occupation tax shall be imposed in such amounts as fixed and determined by the corporate authorities of the municipality and shall be measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be. The terms 'business', 'engaging in business', 'gross proceeds of sales', and 'gross income of the business' shall for the purpose of this act have the same meanings as defined and set forth in chapter 82.04 RCW or as said chapter may hereafter be amended.

"The excise taxes other than the business and occupation tax above provided for shall be levied and collected from all persons within the municipality who are served and billed for any one or more public utility services owned and operated by such municipality in such amounts as shall be fixed and determined by the corporate authorities of the municipality: *Provided*, That such excise tax shall not exceed one dollar per month for each housing unit. For the purpose of this section, the term 'housing unit' shall mean a building or portion thereof designed for or used as the residence or living quarters of one or more persons living together, or of one family.

"All taxes herein authorized shall be taxes other than a retail sale tax defined in chapter 82.08 RCW and a use tax defined in chapter 82.12 RCW, and the municipality shall appropriate and use the proceeds derived from all taxes authorized herein only for the operation, maintenance and capital needs of its municipally owned or leased and municipally operated public transportation system.

"NEW SECTION. Sec. 5. The tax levied under the provisions of section 4 of this act shall be billed and collected at such times and in the manner fixed and determined by the corporate authorities in an ordinance levying the tax. *Provided*, That the tax shall be designated and identified as a tax to be used solely for the operation, maintenance, and capital needs of the municipally owned or leased and municipally operated public transit system.

"NEW SECTION. Sec. 6. No funds derived from any tax levied under the provisions of this act shall, for any purpose whatsoever, be classified as or constitute income, earnings, or revenue of the public transportation system for which the tax is levied nor of any other public utility owned or leased and operated by such municipality; nor shall such funds constitute or be classified as any part of the rate structure or rate charged for the public utility.

"NEW SECTION. Sec. 7. In the event the corporate authorities of any municipality during the term of a lease or any renewal thereof of a public transportation system desire to purchase the said system, the purchase price shall be no greater than the fair market value of the said system at the commencement of the lease.

"NEW SECTION. Sec. 8. Nothing contained in this act nor the provisions of any city charter shall prevent a referendum on any ordinance or action adopted or taken by any municipality under the provisions of this act.

"NEW SECTION. Sec. 9. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

EXPLANATION OF VOTE

Having voted against all the exorbitant pay raises this session, I was consistent in voting against House Bill No. 47.

I would have voted for the judges' increase and would have voted for \$2400 a year for legislators, as this would be reasonable. Raising the pay of legislators from \$1200 a year up to \$3600 a year was too much of a raise.

It is my feeling that \$300 a month for a part-time job, such as is the legislature, is too much salary.

"**NEW SECTION.** Sec. 51. There is added to chapter 12, Laws of 1961 and to chapter 46.20 RCW a new section to read as follows:

"Every driver's license issued or renewed after January 1, 1966 shall contain the photograph of the licensee. The department shall use such process or processes in the issuance of licenses that prohibit as nearly as possible the ability to alter or reproduce the license, or prohibit the ability to superimpose a photograph on such license without ready detection. In addition to any other fee prescribed by law, there shall be paid and collected for each driver's license containing the photograph of the licensee the sum of fifty cents. Such fee shall be deposited in the highway safety fund."

POINT OF ORDER

The Speaker recognized Mr. Avey on a point of order.

Mr. Avey:

"This sounds to me like House Bill No. 155, which is now in the Highways Committee pending our decision, and it sounds like it is not a proper subject for amendment, because of House Rule 36. Now, I like House Bill No. 155, and would like to vote for it, but I'm not going to vote for this one."

The Speaker:

"Mr. Olsen, is this amendment the same as House Bill No. 155?"

Mr. Olsen:

"It is similar."

POINT OF ORDER

The Speaker recognized Mr. Brachtenbach on a point of order.

Mr. Brachtenbach:

"Is it correct that this bill to which he refers is one which has been, in effect, cut off by our concurrent resolution which set a time limitation for consideration of bills."

The Speaker:

"That is probably correct in that there is no appropriation on this particular bill."

Mr. Brachtenbach:

"I raise the point, then, that it is not pending before the House and could not be considered by us."

POINT OF ORDER

The Speaker recognized Mr. Sawyer on a point of order.

Mr. Sawyer:

"I would draw your attention to the fact that there is a fee of fifty cents per driver's license, on the next to last line of the amendment."

RULING BY THE SPEAKER

The Speaker:

"It is the ruling of the Speaker that even though we reintroduced all these bills during the special session, the basic reason for Rule 36 is so that we can support the committee system under which this House operates. This House together with the Senate, in their discretion, could have extended the time for consideration of any of these bills, but we have now passed the time for consideration of this bill. Therefore, it is my feeling if we allowed this bill to come before the House by way of amendment we would leave this possibility open for every member of the House for bills that haven't been considered. For this reason, the Speaker is ruling this amendment is similar enough to House Bill No. 155 that it cannot be considered at this time."

POINT OF INQUIRY

The Speaker recognized Mr. Smith on a point of inquiry.

Mr. Smith:

"Could I ask the Speaker one question? Would that pertain to bills pending before the Senate?"

The Speaker:

"It says in our Rule 36 'pending before the house' and I am construing it only as to bills pending before our own house. The amendment is ruled out of order."

POINT OF INQUIRY

The Speaker recognized Mr. Copeland.

Mr. Copeland:

"Point of inquiry, Mr. Speaker. In the event the House should decide to indefinitely postpone any house bill, it would no longer be pending. Is that correct?"

The Speaker:

"That question is not before me. I will rule on that when it is before me."

Mr. Copeland:

"If I make a motion that we indefinitely postpone a few bills, . . ."

The Speaker:

"If you make the motion, I will rule on each motion at the time the question is before me."

MOTION

Mr. Olsen moved that House Bill No. 155 be indefinitely postponed.

RULING BY THE SPEAKER

The Speaker:

"Since House Bill No. 155 is not before us, I will rule your motion out of order."

Mr. Clark moved the adoption of the following amendment:

Beginning on line 14 of the mimeographed Senate Amendment by Committee on Highways on page 23, inserting a "Sec. 45.", being page 23, beginning on line 16 of the engrossed bill, strike "The appeal shall not supersede the suspension, revocation, cancellation or refusal of the license or certificate by the director" and insert "[The appeal shall not supersede the suspension, revocation, cancellation or refusal of the license or certificate by the director]"

The motion was carried, and the amendment was adopted.

On motion of Mr. Sawyer, the following amendments to the title were adopted:

WHEREAS, All parties are interested in seeing a just result obtained for the injured workman by a proper and expeditious decision confirmed, if necessary, by court of competent jurisdiction; and

WHEREAS, These differences may be irreconcilable unless the differing factions are compelled to demonstrate their positions to one another and to an independent fact finding agency; and

WHEREAS, Paramount in the legislature's mind is fair and equitable treatment for the injured workman or widow without unnecessary harsh consequences to industry;

Now, Therefore, Be It Resolved, By the House of Representatives of the 39th Legislative Session that the Legislative Council be requested to study the impact of the present law and other procedures on industrial insurance claims including, but not limited to the following:

Compensation for any other permanent partial disability not involving amputation shall be in an amount equal to two-thirds of the proportion which the extent of such other disability, called unspecified disability, shall bear to that above specified, which most closely resembles and approximates in degree of disability such other disability, but not in any case to exceed the sum of [eight thousand seven hundred and fifty] ten thousand dollars: *Provided*, That the total compensation for all unspecified permanent partial disabilities resulting

"Sec. 5. Section 51.52.100, chapter 23, Laws of 1961 as amended by section 4, chapter 148, Laws of 1963 and RCW 51.52.100 are each amended to read as follows:

"*Any appeal to the board from an order, decision, or award of the department shall be considered as a contested case as defined by subparagraph (3) of RCW 34.04.010 as now enacted and as hereinafter amended from time to time. Hearings and proceedings upon appeals before the board shall be informal and de novo, but they shall be subject to the provisions of this chapter and to the provisions of the Administrative Procedure Act, RCW 34.04, as now enacted and as hereafter amended from time to time.* Hearings shall be held in the county of the residence of the workman or beneficiary, or in the county where the injury occurred, at a place designated by the board. [Such hearing shall be de novo and summary, but no witness' testimony shall be received unless he shall first have been sworn to testify the truth, the whole truth and nothing but the truth in the matter being heard, or unless his testimony shall have been taken by deposition according to the statutes and rules relating to superior courts of this state.] The department shall [be entitled to] appear in all proceedings before the board as a *party* and shall be entitled to introduce [testimony] evidence in support of its order. The

board shall cause all oral testimony to be [stenographically] reported and [thereafter] promptly transcribed [, and when transcribed, the same, with all depositions shall be filed in, and remain a part of, the record on the appeal] after each hearing. A copy shall be furnished to any party upon request and without cost. Such hearings on appeal to the board may be conducted by one or more of its members, or a duly authorized hearing examiner, and depositions may be taken by a person duly commissioned for the purpose by the board.

Members of the board, its duly authorized hearing examiners, and all persons duly commissioned by it for the purpose of taking depositions, shall have power to administer oaths; to preserve and enforce order during such hearings; to issue subpoenas for, and to compel the attendance and testimony of, witnesses, or the production of books, papers, documents, and other evidence, or the taking of depositions before any designated individual competent to administer oaths, and it shall be their duty so to do; to examine witnesses; and to do all things conformable to law which may be necessary to enable them, or any of them, effectively to discharge the duties of his office. If any person in proceedings before the board disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the same, or neglects to produce, after having been ordered so to do, any pertinent book, paper or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take oath as a witness, or after having the oath refuses to be examined according to law, the board or any member or duly authorized hearing examiner may certify the facts to the superior court having jurisdiction in the place in which said board or member or hearing examiner is sitting; the court shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and, if the evidence so warrants, punish such person in the same manner and to the same extent as for a contempt committed before the court, or commit such person upon the same conditions as if the doing of the forbidden act had occurred with reference to the proceedings, or in the presence, of the court.

"Sec. 6. Section 6, chapter 148, Laws of 1963 and RCW 51.52.104 are each amended to read as follows:

"After all evidence has been presented at hearings conducted by a hearing examiner, who shall be an active member of the Washington state bar association, the hearing examiner shall prepare a proposed or recommended decision and order which shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the order based thereon. The hearing examiner shall file the original of the proposed decision and order, signed by him, with the board, and copies thereof shall be mailed by the board to each party to the appeal and to his attorney of record. Within twenty days, or such further period as the board may allow on application of a party, from the date of communication of the proposed decision and order to the parties or their attorneys of record, any party may file with the board a written statement of exceptions to the same. Such statement of exceptions shall set forth in detail the grounds therefor and the party or parties filing the same shall be deemed to have waived all objections or irregularities not specifically set forth therein.

"In the event no statement of exceptions is filed as provided herein by any party, the proposed decision and order of the hearing examiner shall be adopted by the board and become the decision and order of the board, and [no appeal may be taken therefrom to the courts] *the same shall not be subject to judicial review.*

"Sec. 7. Section 51.52.110, chapter 23, Laws of 1961 and RCW 51.52.110 are each amended to read as follows:

"[Within thirty days after the final decision and order of the board upon such appeal has been communicated to such workman, beneficiary, employer or other person, or within thirty days after the appeal is deemed denied as herein provided, such workman, beneficiary, employer or other person aggrieved by the decision and order of the board may appeal to the superior court.] *Any party or person aggrieved by a final decision of the board shall be entitled to judicial review thereof as provided in the Administrative Procedure Act, chapter 34.04 RCW, as now enacted and as hereafter amended from time to time.*

"In cases involving injured workmen [such appeal] *the petition for judicial review shall be [to] filed in the superior court of the county of residence of the workman or beneficiary, as shown by the department's records, the superior court for Thurston county, or [to] in the superior court of the county wherein the injury occurred. In all other cases the [appeal] petition shall be to the superior court of Thurston county. [Such appeal shall be perfected by filing with the clerk of the court a notice*

of appeal and by serving a copy thereof by mail, or personally, on the director and on the board. The department shall, within twenty days after the receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. The board shall serve upon the appealing party, the director and any other party appearing at the board's proceedings, and file with the clerk of the court before trial, a certified copy of the board's official record which shall include the notice of appeal and other pleadings, testimony and exhibits and the board's decision and order, which shall become the record in such case.] No bond shall be required on [appeals to] *judicial reviews* in the superior court or on appeals to the supreme court, except that [an appeal] a *judicial review* initiated by the employer from a decision and order of the board under RCW 51.48.070, shall be ineffectual unless, within five days following the service of [notice thereof] *the petition for judicial review*, a bond, with surety satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named [an appeal] a *petition for judicial review* shall not be a stay [: *Provided, however,* That whenever the board has made any decision and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court].

"*NEW SECTION.* Sec. 8. Section 51.52.115, chapter 23, Laws of 1961 and RCW 51.52.115, section 51.52.140, chapter 23, Laws of 1961 and RCW 51.52.140, and section 51.52.106, chapter 23, Laws of 1961 as amended by section 7, chapter 148, Laws of 1963, and RCW 51.52.106 are each hereby repealed: *Provided, however,* That such repeal shall not affect proceedings pending in the superior courts or the supreme court on the effective date of this amendatory act."

QUESTION OF CONSIDERATION

Mr. O'Brien raised the question of consideration on the amendment by Representatives Andersen (James A.) and Witherbee.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Mr. O'Brien raised a question of consideration on the amendment to Senate Bill No. 39. If everybody will turn to page 66 in Reed's Parliamentary Rules, we will review the question of consideration. A question of consideration can be raised before a motion is put, which Mr. O'Brien did. If a question of consideration is raised, it only applies to the main question and would be in order at this point. It is without debate, and if decided in the negative, the main question remains as if it had not been brought up. If decided in the affirmative, the business would proceed, and you would consider the amendment which has been read in."

Mr. Copeland demanded an electric roll call, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Burtch.

Mr. Burtch:

"Point of parliamentary inquiry Mr. Speaker. Is it correct if we vote 'no' then we do not consider the amendment? Would you explain our vote?"

RULING BY THE SPEAKER

The Speaker:

"That is correct. A vote 'aye' is to consider the amendment by Mr. Andersen (James A.) and Mr. Witherbee. A vote 'no' is to not consider it. I will state it once more because it sounds in reverse of what it should be. A vote 'no' would mean that you do not consider the amendment. A vote 'aye' will mean that you will consider the amendment."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Andersen (James A.) on a point of parliamentary inquiry.

Mr. Andersen (James A.):

"Since it has been some years since this matter has been raised here, I wonder if it is possible for me or the other members of the House under this motion of Mr. O'Brien's to debate this vital issue?"

The Speaker:

"No, raising the question of consideration is not debatable."

POINT OF INQUIRY

The Speaker recognized Mr. Whetzel.

Mr. Whetzel:

"Is the amendment we are talking about the one on our desk which is approximately twelve pages?"

The Speaker:

"That is correct. It contains the schedule of loss computation and other matters."

The Clerk called the roll on the question of consideration of the amendment by Representatives Andersen (James A.) and Witherbee, and the House voted to consider the amendment by the following vote: Yeas, 54; nays, 44; absent or not voting, 1.

The Speaker:

evidence in support of its order. The board shall cause all oral testimony to be [stenographically] reported and [thereafter] promptly transcribed [, and when transcribed, the same, with all depositions shall be filed in, and remain a part of, the record on the appeal] after each hearing. Such statement of exceptions shall set forth in detail the grounds therefor and the party or parties filing the same shall be deemed to have waived all objections or irregularities not specifically set forth therein.

"In the event no statement of exceptions is filed as provided herein by any party, the proposed decision and order of the hearing examiner shall be adopted by the board and become the decision and order of the board, and [no appeal may be taken therefrom to the courts] the same shall not be subject to judicial review.

"Sec. 7. Section 51.52.110, chapter 23, Laws of 1961 and RCW 51.52.110 are each amended to read as follows:

The board shall serve upon the appealing party, the director and any other party appearing at the board's proceedings, and file with the clerk of the court before trial, a certified copy of the board's official record which shall include the notice of appeal and other pleadings, testimony and exhibits and the board's decision and order, which shall become the record in such case.] No bond shall be required on [appeals to] *judicial reviews* in the superior court or on appeals to the supreme court, except that [an appeal] *a judicial review initiated* by the employer from a decision and order of the board under RCW 51.48.070, shall be ineffectual unless, within five days following the service of [notice thereof] *the petition for judicial review*, a bond, with surety satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named [an appeal] *a petition for judicial review* shall not be a stay [: *Provided, however*, That whenever the board has made any decision and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court].

Mr. Litchman:

Mr. Gorton:

"Yes."

Mr. Litchman:

"I am not entirely familiar with all the provisions of this bill, and I am not familiar with the section you mentioned which states county and city officials would come under the provisions of this act."

Mr. Gorton:

"Mr. Litchman, as I was trying to say, they don't come under the bill insofar as it requires the reporting to the secretary of state of their interest in companies and corporations that are registered by the state. The tenor of my remarks is that there is no point in them doing so. They do come under the portions of the act which require the reporting of their campaign expenditures. Many of the county and city officials in King county do report at the present time."

Mr. Litchman:

"I think Mr. Gorton's point is well taken. With the consent of the House, I will withdraw my amendment."

With the consent of the House, the amendment by Mr. Litchman was withdrawn.

Debate ensued, Representatives Elder and Warnke speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Clark:

"Mr. Speaker, would Mr. Elder yield to a question?"

The Speaker:

"Will you yield, Mr. Elder?"

Mr. Elder:

"I'll yield."

Mr. Clark:

"Could you change your wording so that it would apply to any amount over \$10.00, or would you prefer to give a penny change to any ticket buyer the way your amendment is worded?"

Mr. Elder:

"I don't understand the wording to mean that. The wording is that it exempts aggregate purchases for less than \$10.00 which would indicate that if there were three tickets of \$5.00 it would not be exempt. Was your question on making it \$10.00 or less?"

Mr. Clark:

"If it could be \$10.00 plus one cent, then you wouldn't have to have a lot of pennies on hand."

Mr. Elder:

"I could change the amendment to make it not more than \$10.00."

The Speaker:

"If it is agreeable, the amendment will be changed to read "That no such purchase that, in the aggregate, is not over \$11.00 need be reported.' "

With the consent of the House, the amendment by Mr. Elder was corrected by striking "less than \$10.00" and inserting "not over \$11.00".

YIELDING TO QUESTION

Mr. Canfield:

"Would Mr. Elder yield, Mr. Speaker?"

The Speaker:

"Mr. Elder, will you yield to a question?"

Mr. Elder:

"Yes."

Mr. Canfield:

"Is it your thinking on this amendment that if a fund-raising dinner were given, and many are given, and a hundred or a thousand people came to this fund-raising dinner, that we must report every person who bought a ticket?"

Mr. Elder:

"Yes."

Further debate ensued, Representative Smith speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Adams:

"Mr. Speaker, will Mr. Elder yield to a question?"

The Speaker:

"Mr. Elder, will you yield?"

Mr. Elder:

"Yes."

Mr. Adams:

"Who do we report this to?"

Mr. Elder:

"The officer with whom the declaration of candidacy is filed."

Mr. Adams:

"My second question is, is there going to be an appropriation to the secretary of state? Should the bill go to Ways and Means Committee, because it will put a tremendous amount of work on the secretary of state and auditor for filing and cross-filing and keeping records?"

Mr. Elder:

"Doctor Adams, I would not make a motion to put it in the Ways and Means Committee. If you would like to do so, you may. However, I think we are passing a campaign reporting bill. I think the nominal cost involved is justified by the possible abuses which have developed."

Further debate ensued, Representative Warnke speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Clark:

"Would Mr. Elder answer another question?"

The Speaker:

"Mr. Elder, will you yield to a question?"

Mr. Elder:

"Yes."

Mr. Clark:

"Just because we are speaking for the record, I would like to know if all unions are incorporated?"

Mr. Elder:

"I am not qualified to answer that question. Perhaps someone else could."

Mr. Clark:

"Would you mind amending this to have it apply to corporations and associations? Then it would cover all groups."

Mr. Elder:

"That would be fine."

The Speaker:

"Do you wish your amendment changed to include 'associations', Mr. Elder?"

Mr. Elder:

"Yes, Mr. Speaker."

With the consent of the House, the amendment by Mr. Elder was corrected after "persons" by striking "or corporations" and inserting ", corporations or associations".

YIELDING TO QUESTION

Mr. Harris:

"Will Mr. Elder yield to a question?"

The Speaker:

"Will you yield, Mr. Elder?"

Mr. Elder:

"Yes."

Mr. Harris:

"Mr. Elder, what if a campaign dinner was held by the central committee in the county, and the funds were to be used for a number of candidates. Would every candidate who took a portion of the funds have to report it? If a campaign dinner was held, not by a central committee, but by a number of candidates together, would each have to file a report?"

Mr. Elder:

"I would assume that they would have to file a joint report which would designate the apportionment of the money to each of them. I would assume a joint report would be proper in that case."

Mr. Dootson moved the adoption of the following amendment to the amendment:

In the amendment by Mr. Elder after "corporations" strike "or associations" and insert ", associations or labor unions"

On request of Mr. Clark, the Clerk read the amendment by Mr. Elder as corrected, incorporating the amendment by Mr. Dootson:

On page 2, line 3 of the Amendment by Senator Hanna being page 3, line 23 of the engrossed bill after the “,” insert the following: “The names of persons, corporations, associations or labor unions purchasing tickets to political fund-raising dinners shall also be disclosed in such statements, together with the dollar amount of each purchase: *Provided*, That no such purchase that, in the aggregate, is not over \$11.00 need be reported.”

In the alternative, could your amendment state that it shall be the duty of the candidate to make such reports so he will be under the requirement, rather than the group or labor union or whoever it might be?"

Mr. Day:

"Mr. Clark, I think all we are doing here is including people who possibly could become candidates, and I think they should be apprised of the facts of public office. Mr. King (Chet):

"Yes."

Mr. Avey:

"Will this put the fisheries department in direct competition with free enterprise?"

Mr. King:

"This will not put them in direct competition. In fact, they hire boats to go in and sample fish. The man who fishes for them can't sell them because it is in off-periods and different locations. If they do catch fish which are killed in the process, they have no place to sell them. Now they can sell the ones caught. This would put the money in the revolving fund to help the experimental fishing."

Mr. Avey:

"Could I ask one more question? How much does this run into—thousands of dollars or hundreds of dollars?"

Mr. King:

"For a vessel of the type they use, it would cost them \$250.00 a day for the boat, and they have a crew, so this will recompense them to a certain extent for the amount of money they have to pay to hire the boat."

"If any person appears and offers or demands the right to vote at any primary or election, as a registered voter in the precinct where the primary or election is held, the election officers shall require him to sign his name *and current address subject to penalties of perjury* in one of the official poll books, which shall be designated the [voter's signature] *county auditor's copy*, and shall compare such signature with the signature upon the registration card of the person registered under the same name. If the election officers, or a majority of them, upon comparing the signatures are satisfied that the person offering to vote is the identical person registered, they shall permit him to vote: *Provided*, That if the person registered signed his registration card with a cross or mark, identified by the signature of some other person, the election officers must require the person offering to vote to be identified by the person who signed the registration card, or by a registered voter of the precinct. Unless the identifying witness is personally known to the election officers, or to some of them, they may require the identifying witness to sign his name in the presence of the election officers for the purpose of identification.

"As soon as it is determined that the person is qualified to vote, one of the precinct election officers shall copy the voter's name and address on the corresponding line in a second poll book which shall be identified as the *inspector's copy*. Such second poll book shall contain two extra copies of each page and so designed that two carbon copies can be easily made and readily detached.

"It shall not be necessary to use such redesigned poll books for any primary or election until on and after the 1966 state primary election.

"NEW SECTION. Sec. 6. There is added to chapter 9, Laws of 1965 and to chapter 29.04 RCW a new section to read as follows:

"All poll books shall be public records and be made available for inspection under such reasonable rules and regulations as the county auditor may prescribe. The county

auditor shall promptly furnish copies of any poll books in his possession, at cost, to any person requesting such copies.

"On the day of any primary or election, general or special, the precinct election officer in charge of the inspector's copy of the poll book shall detach the two carbon copies as each page is filled, and shall make one copy available to the official representative of each major political party as shall have been designated in writing by the respective county chairmen.

"*NEW SECTION.* Sec. 8. At the time any registration officer inspects the permanent registration records in his possession, to determine whether or not any voter's record should be cancelled for failure to vote as provided in section RCW 29.10.080 as it now exists or hereafter amended, he shall also compare the voter registration record with the signature and address of each voter as it appears in the poll book used at the most recent preceding state general election. If the address of any voter, as written by the voter, in the poll book does not agree with the address of the voter as stated on his permanent registration records, the registration officer shall:

"(1) Send a notice by certified mail to addressee only, with return receipt requested, showing address where delivered, to the voter, using the address as given in the poll book and advising him that he must either have his registration transferred or register anew, as the case may be. Such notice shall also contain a prepaid postcard form addressed to the registration officer for the convenience of the voter to indicate what action the voter intends to take.

"(2) If the voter believes that his registration record should not be changed, he shall so notify his registration officer who, in turn, shall promptly arrange for a hearing unless it is manifestly apparent that the voter's reasons are valid for keeping his record unchanged. If a hearing is necessary, any ruling issued by the registration officer shall be final, subject only to an appeal to the superior court under the provisions of chapter 34.04 RCW.

"(3) If the notice mailed by the registration officer is either returned as undeliverable or the voter does not respond within thirty days from the date of mailing, the registration officer shall cancel the registration record concerned and notify the secretary of state of such cancellation. If the voter received the notice, as evidenced by the return receipt, the registration officer shall further notify such voter by first class mail that his registration has been cancelled.

"*NEW SECTION.* Sec. 9. The secretary of state shall cause appropriate forms to be designed to carry out the provisions of section 8 of this amendatory act, and shall furnish such forms to the various county auditors and city and town clerks."

POINT OF ORDER

The Speaker recognized Mr. Pritchard on a point of order.

Mr. Pritchard:

"Mr. Speaker, I question whether this matter is germane to the bill."

Mr. Smith:

"May I speak on the point of order. This point of order was checked out in the Senate and it was considered germane. A real estate transaction is certainly a commercial transaction, and, in spite of all the legal double talk, I think I ought to be allowed to give the argument here because we are discussing a commercial transaction. If you tell me real estate is not commercial, then I tell you I am not Sam Smith."

RULING BY THE SPEAKER

The Speaker:

"I have studied this. I dislike being in disagreement with the Senate, and I think you know, Mr. Smith, how I feel on this type of matter, but I will rule that it would not be germane to the subject matter of the bill."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Smith on a point of personal privilege.

Mr. Smith:

"My point of personal privilege is that certainly I had no misconception of what was going to happen here, because I have been down here too long. I felt sure that this question was almost a prearranged sort of thing because it is hard for people to hear the truth when the truth is something that cuts at the very fiber; particularly, when they aren't satisfied with themselves. I have no ill feeling toward anyone because I have learned to keep living regardless of what happens, but I do decry the practice of using technicalities to deny what should go on its own merits. I think this is something that we are going to have to face.

"I can assure you that there are much worse things in this voluminous bill now than would be if we tacked on something that relates to real estate transactions."

The Speaker:

"I might state it is up to the Speaker to follow the rules adopted by the House, and it is the ruling of the Speaker in this particular instance that the subject of the amendment would not be germane."

Mr. Braun moved that the rules be suspended, Reengrossed Senate Bill No. 122 as amended by the House be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

MR. SPEAKER:

We, a majority of your Committee on Judiciary, to whom was referred Senate Bill No. 8, declaring as vagrants persons who loiter about schools or institutions of higher learning, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

On page 2, line 8, strike "(14)" and insert "[(14) (12)]"

On page 2, section 1, lines 19 through 23, strike all of the underlined material beginning with "(15) Person," and ending with "thereto—" and insert "(13) Person, who is neither employed by a public or private school or institution of higher learning or otherwise subject to its own discipline and members of the immediate family of either, and who loiters about the building or buildings of any public or private school or institution of higher learning or the public premises adjacent thereto at a time or in a manner not usual for law-abiding individuals under circumstances that warrant alarm for the

disturbance of the orderly conduct of study and learning, or for the safety of persons or property in the vicinity. Among the circumstances which may be considered in determining whether such alarm is warranted is the fact that the actor takes flight upon appearance of a peace officer or school official; interrupts a duly scheduled class, seminar, or convocation; interrupts the orderly conduct of the business of such school or institution; refuses to identify himself; or manifestly endeavors to conceal himself or any object. Unless flight by the actor or other circumstance makes it impractical, a peace officer shall prior to any arrest for an offense or a school official shall prior to filing any complaint under this subsection afford the actor opportunity to dispel any alarm which would otherwise be warranted, by requesting him to identify himself and explain his presence and conduct. No person shall be convicted of an offense under this subsection if the peace officer or school official did not comply with the preceding sentence, or if it appears at trial that the explanation given by the actor was true and, if believed by the peace officer or school official at the time, would have dispelled the alarm."

On page 2 add a new section as follows:

"NEW SECTION. Sec. 2. SEVERABILITY. If any provision or clause of this Act or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Mr. Bottiger:

"When I was attending the University of Washington Law School, there was a little old gray-haired man that used to sit on a bench, and he would be there early in the

Mr. Andersen:

"This bill specifically exempts 'student in or parents or guardians of such students or person employed by such school or institution,' and, in addition, he must be there 'without a lawful purpose.' On page 2, section 1, line 23, after "*adjacent thereto*" and before "-" insert " ; *Provided*, That this subsection shall not apply to the parents or relatives of any students nor to the alumnae of any institution of higher learning, nor to persons attending athletic events at said institutions or schools"

Mr. Burtch:

"Under your amendment, if I am a parent of a student in a school, can I loiter around this institution with an unlawful purpose?"

Mr. Cunningham:

"I doubt that this would take place, but I wanted this in there so parents could come and wait for their children when they pick them up."

The motion was lost, and the amendment by Mr. Klein to the amendment by Mr. Cunningham was not adopted.

The Speaker stated the question before the House to be the amendment by Mr. Cunningham.

Mr. Klein:

"As far as subsection (15) is concerned, this only refers to institutions of higher learning."

MOTION

Mr. Day moved that the House defer further consideration of Senate Bill No. 408 on second reading, and the bill be ordered placed on the calendar immediately following Senate Bill No. 348.

Mr. Andersen (James A.) demanded an electric roll call, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Andersen (James A.) on a point of parliamentary inquiry.

Mr. Andersen (James A.):

"We have a special order of business for 4:55 p. m. If we take that up, will this follow it? Will this bill not be considered by the House in the purview of the rule?"

The Speaker:

"I made the rule quite clear to the House previously. Only the bill that is being considered at the time we pass the hour of 5:00 p. m. will be considered. Once that bill is finally considered, then no further Senate bills other than appropriation, revenue, and redistricting measures, can be considered by the House."

Mr. Andersen (James A.) demanded the previous question.

Mr. O'Brien demanded an electric roll call on the demand for the previous question, and the demand was sustained.

POINT OF INFORMATION

The Speaker recognized Miss O'Donnell on a point of information.

Miss O'Donnell:

"May I ask what time it is please?"

The Speaker:

"It is 4:55 p.m., and we have a special order of business set for 4:55 p.m. The motion by Mr. Day would be out of order at this time."

The Speaker declared the question before the House to be the special order of business, Reengrossed Substitute Senate Bill No. 93 on second reading.

SPECIAL ORDER OF BUSINESS

Reengrossed Substitute Senate Bill No. 93, by Judiciary Committee:
Regulating charitable solicitations.

MOTION

Mr. Andersen (James A.) moved that Senate Bill No. 408 be made a special order of business for 4:59 p. m. this afternoon.

POINT OF ORDER

Mr. O'Brien:

"We have a special order of business that must be considered. Anything else would be out of order."

The Speaker:

"Mr. O'Brien is correct. When the special order of business has been completed or disposed of, you can proceed, Mr. Andersen."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Andersen (James A.) on a point of parliamentary inquiry.

Mr. Andersen (James A.):

"Do we not have the right under prior rulings the Speaker has made, that the House can move anything any place on this calendar it wants with a majority vote?"

The Speaker:

"The motion would have to be made on the particular bill that is the special order of business, if the House desires to defer action on the special order of business. Once that is disposed of, you can move for consideration of another bill."

Mr. Chatalas demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll, and all members were present except Representatives Bledsoe, Sawyer, Smith, Taplin, and Thompson.

On motion of Mr. O'Brien, the absent members were excused, and the House proceeded with business under the call of the House.

The House resumed consideration of the special order of business, Reengrossed Substitute Senate Bill No. 93 on second reading, the committee amendment to page 7 and amendments by Mr. Gorton and Mr. Brachtenbach having been adopted previously. (See pp. 1336-1338 for amendments.)

Mr. Brachtenbach moved the adoption of the following amendment:

In the new section 29, added by the House amendment, after subsection (b) insert a new subsection to read as follows:

"(c) Any fraternal society eligible to incorporate pursuant to revisions of chapter 63, Laws of 1925, Ex. Sess."

Mr. Bottiger moved the adoption of the following amendment to the amendment by Mr. Brachtenbach:

Amend the amendment by Mr. Brachtenbach, strike subsection (c) and substitute the following:

"(c) Any fraternal society named in RCW 24.20.010, chapter 63, Laws of 1925, Ex. Sess."

POINT OF ORDER

The Speaker recognized Mr. Brachtenbach on a point of order.

Mr. Brachtenbach:

"If we adopt the amendment to the amendment you would then exempt from the act the Masonic Order, the Independent Order of Odd Fellows and the Knights of Pythias. I don't know what the Eagles or Elks are going to think about this. This is the problem, you are exempting three organizations which I think should be exempted, but not exempting the others. My amendment would exempt any fraternal society. This now will amend out not only the Masons, the Independent Order of Odd Fellows and the Knights of Pythias."

The amendment to the amendment was lost.

The amendment by Mr. Brachtenbach was adopted.

Mr. Olsen moved that the rules be suspended, Reengrossed Substitute Senate Bill No. 93 as amended by the House be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

Mr. Grant demanded an electric roll call, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Bottiger on a point of parliamentary inquiry.

Mr. Bottiger:

"If the bill fails to be advanced to third reading, would it be appropriate after that time to refer it to another committee?"

The Speaker:

"Mr. Bottiger, if this motion fails, the bill would remain on second reading, and can still be amended. There are other amendments before the House."

Mr. Bottiger:

"Inasmuch as this bill collects fees which are deposited in the general fund and, therefore, has a revenue feature, may I inquire as to whether it will die after adjournment today? If you will turn to the amendment that was adopted on page 23, section 25 (a Senate amendment), it provides that funds collected will be placed in the general fund. Therefore, it can be considered a revenue measure, can it not, and be considered after tonight?"

The Speaker:

"I feel it has sufficient revenue impact to be considered a revenue measure, and, as such, could be considered after tonight."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Brachtenbach.

Mr. Brachtenbach:

"For the record, if the bill is advanced to third reading, are there not a number of amendments which would, in effect, be left behind?"

The Speaker:

"Yes, Mr. Brachtenbach, there are amendments which will be left behind."

Mr. Clark demanded the previous question, and the demand was sustained.

The Clerk called the roll on the motion to advance Reengrossed Substitute Senate Bill No. 93 as amended by the House to third reading and final passage, and the motion was lost by the following vote: Yeas, 52; nays, 42; absent or not voting, 5.

RULING BY THE SPEAKER

The Speaker (Mr. Garrett presiding):

"The affirmative motion is considered first."

Debate ensued, Representative Brouillet speaking in favor of the motion.

YIELDING TO QUESTION

Mr. King (Richard "Dick"):

"Mr. Speaker, would Representative Brouillet yield to a question?"

The Speaker (Mr. Garrett presiding):

"Mr. Brouillet, will you yield?"

Mr. Brouillet:

"Yes."

Mr. King (Richard "Dick"):

"As I understand it, we sent the bill over to the Senate without any ceiling. They lowered it to fifteen thousand dollars. If we disagree with them and do not concur, can we do anything other than go back to the original bill as it left the House without any ceiling at all?"

Mr. Brouillet:

"Well, it is correct we sent it over without a ceiling, but the only way it came out of Senate Rules was with the agreement there would be a ceiling of fifteen thousand dollars. I fear if we don't take the amendment that we will lose the whole bill, and I think this is an improvement. This is the only retirement system in the state with a ceiling. Although it is discriminatory, I think it is high enough it won't affect anyone adversely."

YIELDING TO QUESTION

Mr. Kalich:

"Mr. Speaker, will Mr. Avey yield to a question?"

The Speaker (Mr. Garrett presiding):

"Will you yield to a question, Mr. Avey?"

STATEMENT FOR THE JOURNAL

Pursuant to Article II, section 30, of the Washington State Constitution, I did not vote on House Bill No. 679 because of special interest.

JONATHAN WHETZEL,
43rd District.

SPECIAL ORDER OF BUSINESS

Having completed consideration of all Senate amendments to House bills, the Speaker declared the question before the House to be the special order of business, the Senate amendments to Engrossed House Bill No. 184.

MOTION

Mr. O'Brien moved that the House defer consideration of the Senate amendments to Engrossed House Bill No. 184, and the bill be made a special order of business on Monday, March 29, 1965.

Debate ensued, Representatives O'Brien, Smith, Slagle, Klein, Bottiger,

Perry, and Johnston (Elmer E.) speaking in favor of the motion, and Representatives Pritchard, Avey, Clark, and Jueling speaking against it.

Mr. Chatalas demanded the previous question, and the demand was sustained.

The motion was carried on a rising vote.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Anderson (Eric O.), on a point of personal privilege.

Mr. Anderson (Eric O.):

"Mr. Speaker, I would like to have permission to submit a personal statement to be written in the journal."

The Speaker:

"You may submit your statement in writing, Mr. Anderson, and it will be placed in the journal if you like."

STATEMENT FOR THE JOURNAL

Several Republican legislators and newspapers are apparently mistaken about what happened to House Bill No. 427, since they are presenting a distorted story. House Bill No. 427 was designed to create a Water Resources Commission. The measure died in the House Committee on Water Resources and Pollution Control, of which I am chairman. A few Republican legislators and newspapers charged I held up the bill and claimed it did not get a fair hearing.

This is a blatant falsehood; the committee did give the bill a fair hearing. There were two public meetings on it and two special committee meetings. However, the committee members did not vote to report the bill to the floor. There was one motion in committee for a two-year study of the problem. The committee vote was five-five. It takes six votes to get it out of committee. A motion for a "do pass" report was withdrawn when it became apparent the motion could not receive sufficient votes. I understand the frustration of those who supported the bill, but there is no basis for crying "pocket veto."

ERIC O. ANDERSON,
21st District.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Anderson (Eric O.):

Mr. Anderson (Eric O.):

"Another point of personal privilege, Mr. Speaker. Probably as you all know, I sit on the edge of the aisle here for a special reason. I am troubled with arthritis, and have considerable pain at times, so I get out of my seat lots of times and walk around a bit. I have been told that there is a person up in the gallery counting the number of times I leave my seat. So just for the journal, and so this may not be used in a campaign against me, I want this also to be written in the journal."

The Speaker:

"Thank you Mr. Anderson."

INTRODUCTION AND FIRST READING OF BILLS, MEMORIALS, AND RESOLUTIONS

The following were introduced, read first time by title, and acted upon as indicated:

"At this time, I would like to have Dr. Adams give a report to the House on the condition of Representative Alan Thompson."

Dr. Adams:

"I have just checked regarding Representative Thompson's condition. He is slightly better, but he does have extensive injuries, so his condition is severe. I would suggest not to make any attempt to visit him. If you want to send a little note, something they might read to him, it would be all right. No flowers please, because flowers in a hospital room at a time like this are a perfect nuisance. He has a long road to recovery. He has extensive multiple fractures and his neck is broken, however he is not paralyzed."

The Speaker:

"Thank you Dr. Adams."

MOTION

On motion of Mr. O'Brien, the House adjourned until 11:00 a. m., Monday, March 29, 1965.

ROBERT M. SCHAEFER, *Speaker*.

FIFTEENTH DAY

MORNING SESSION

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., Monday, March 29, 1965.

The Speaker called the House to order at 11:00 a. m

The Clerk called the roll, and all members were present except Representatives Burtch, Jolly, O'Brien, Pierre, Thompson, and Witherbee. Representatives Jolly, Thompson, and Witherbee were excused.

The flag was escorted to the rostrum by a Sergeant at Arms color guard.

Prayer was offered by Father Leonard Rafalowsky of St. Michael's Catholic Church of Olympia.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Grant, further reading was dispensed with and the journal was ordered to stand approved.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Huntley on a point of personal privilege.

Mr. Huntley:

"Mr. Speaker, ladies and gentlemen of the House. It is after deep soul searching and mixed emotions I stand here this morning to say that I am officially announcing my resignation as a member of the House of Representatives. I think you were all aware last week when you so generously passed Senate Bill No. 546 that I had been asked by the governor to serve on the Highway Commission. This was a choice quite hard to make. I have gained many friends down here, and it is something that gets in your blood. I would personally like to compliment each and everyone of you who supported that measure; and it would be nice to be able to single each and everyone of you out to tell you how I have enjoyed serving with you, but I'd have to do it with all ninety-eight of you. I would like to say to former Speaker O'Brien, under whom I served for three sessions, that I have never had anyone treat me any better than Representative O'Brien did. I never asked for any favor that he didn't grant. Of course, I was pretty careful what I asked. (Laughter.) When he gave me his word on anything, he stayed with it.

"To Representative Day, the former speaker, I am deeply grateful to him for my appointment as chairman of the Highways Committee. I feel I made many friends through that committee. If I contributed anything, so well and good. If I didn't, the state was the loser.

"To you, Mr. Speaker, I want to compliment you on the judicious manner in which you have handled the House. I have no kicks. I want to say that I have watched Speaker Schaefer since he came to this body as a green freshman. I want to say, Mr. Speaker, that you are like the bud that has now blossomed out in full bloom. I think the state will look for much more to come.

"I would be remiss if I didn't say last, and most important of all, that it has been a great pleasure to have run five different times both with and against Representative Goldsworthy. And at all times he has been a very close friend. I don't know that in ten years' time we have ever disagreed on anything. If we did, it was very minor. Again, I do hate to leave the House of Representatives, but I feel I have another obligation.

"Thank you."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Sawyer on a point of personal privilege.

Mr. Sawyer:

"Mr. Speaker and ladies and gentlemen of the House. As chairman of the Highways Committee, I couldn't miss this opportunity to thank Elmer personally for all the cooperation and help that I have received from him in my new assignment this year. At the very first of the session, Elmer came to me and congratulated me on my appointment, and said he enjoyed the work very much and would be more than happy to do anything he could to help me if I called upon him. And I did, and he gave me a lot of help. I think the success of our Highways Committee (which I feel has been successful) is due to a large extent to Elmer's work. Many times I don't agree with Governor Evans, but I will say he made an excellent choice of Elmer for the Highway Commission, and I do thoroughly agree with him.

"We in the Highways Committee will definitely miss you, Elmer. I have enjoyed our association. I was extremely pleased we could work so closely. I know the Highway Commission is going to gain a great deal by Representative—former Representative Huntley's presence, as did the House of Representatives.

"And, Elmer, we'll all miss you."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Copeland on a point of personal privilege.

Mr. Copeland:

"I, too, want to add my words of commendation to Representative Huntley for the years he has devoted to highways and highway matters. I recognize that every member of the House has indicated his complete pleasure with the appointment of Representative Huntley on the commission, as well as the fact that his talents in the operation of the House will help to improve the entire state of Washington in the development of our total highway program. Representative Huntley, we'll all miss you, and we look forward to seeing you in the near future in your new capacity. I know it is a challenging one, and one you will fulfill to the utmost of your ability."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Goldsworthy on a point of personal privilege.

Mr. Goldsworthy:

"Ladies and gentlemen of the House. Since I am probably the closest here to Representative Huntley, having known him probably longer than anyone else here, I feel it incumbent to make a couple of remarks. This goes back to a long time ago, when suddenly we were going to have a vacancy in the House of Representatives. I had been interested in running, of course, and so had Elmer, as well as other people. The vacancy did occur, the filing date came, and I ran down to the court house and got my name on the list. Elmer also ran down and got his name on the list, and everybody told me I should get mine off.

"Shortly after that, we took some boy scouts to Camp Howell, and we were still friends. Unfortunately, when we got home, there was another vacant seat, so when he said we ran against each other and with each other, that is what he meant. Both of us came down to Olympia.

"I think you are one of the finest legislators, Bud, that these marble halls have ever seen. We are going to miss you, but I know the Highway Commission will gain great stature from your appointment. Personally, as far as I am concerned, I am going to miss seeing you around here, because you have been of great assistance to me, and also to our district."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Smith on a point of personal privilege.

Mr. Smith:

"Mr. Speaker, ladies and gentlemen of the House. I would like to add my words of commendation to what Mr. Sawyer has already said. I'd like to congratulate Mr. Huntley and the new administration for being able to agree on such a good choice. Not often do they find a man qualified in the field and also qualified in the field of politics. Representative Huntley has been an exemplary image of what a legislator should be. We all appreciate that, and I am sure he will carry that image and good will and sincerity of purpose into his new endeavor.

"So congratulations, Mr. Huntley, and best of luck."

YIELDING TO QUESTION

Mr. Rogers:

"Mr. Speaker, I wonder if Representative Huntley would yield to a question?"

Mr. Huntley:

"This is probably foolish, but yes."

Mr. Rogers:

"Representative Huntley, in light of recent history in the body across the way, do you feel you can be confirmed?"

Mr. Huntley:

"I am still worrying about it, Jack. However, while I am on my feet, I would like to ask this house to treat my successor with the same kindness you have me. He is new, but he is going to fit in very well, and I am sure you will find him to be a great guy."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Leland on a point of personal privilege.

Mr. Leland:

"Thank you Mr. Speaker, ladies and gentlemen of the House. Perhaps in having an opportunity to add a word of congratulations, and also, possibly, answer Representative Rogers, one thing that I am appreciative of, and I am sure many others are, is that one of the best friends the highways in western Washington, and particularly in the troublesome urban areas of King county, have had has been Elmer Huntley, and I would be remiss in this sense if I didn't say that Nat Washington also is high in this field. Elmer has gone out of his way to understand the highway problems in King county and the other urban areas of western Washington. This is deserving of high praise, and I think everybody would agree. Too often we are sectionalized or we think of the particular region we are from, and too often we don't think of the problems clear across the state, whichever side we happen to be on.

"But I say to you, Elmer, very sincerely, if I had to choose the best friend highways in western Washington has had in many years, I would have to say it was you. Although they say when one's daughter or son gets married, that they are not losing their son or daughter, they are gaining a daughter-in-law or son-in-law; and in this instance we who need you are not losing you, but gaining you in another capacity in which you may be able to help us even more."

POINT OF ORDER

The Speaker recognized Mr. Avey on a point of order.

Mr. Avey:

"Does this mean that North Bend will get its traffic light?"

PERSONAL PRIVILEGE

The Speaker recognized Mr. Garrett on a point of personal privilege.

Mr. Garrett:

"Mr. Speaker, I suppose that I am the first one who has lobbied or talked to our new highway commissioner. I hoped this matter would not come up on the floor of the House here, but Mr. Avey, since it has come up here officially, Mr. Huntley is well aware of the problem we have up there. We have discussed this with him considerably, and if you see my chair vacant, Mr. Speaker, maybe before we adjourn here, I just might be over in the Senate to see if I have any influence over there, since Mr. Huntley seems to be worried. I, personally, am not worried at all. I think everything will go all right.

"While I am up, I'd like to add my congratulations to Elmer. He is one of the few members of the legislature from the various parts of the state that I happened to be acquainted with before I came down here. We have become much better acquainted since, and I know he will do an able job as a highway commissioner. I can see, this is one of the problems of electing a governor from the membership of the House. They seem to skim off the cream of the crop and take them into the cabinet offices, but I guess this is one of the hazards we have to face."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Savage on a point of personal privilege.

Mr. Savage:

"As one who has served with two generations of Huntleys, I must add my commendations and congratulations to Elmer on his appointment. It has been a real pleasure serving with you Elmer. Your father, Ernie, and you often disagreed with many of us, but you did it in such a gentlemanly way, we always thought you were agreeing with us. We are surely happy you have this appointment. It is also somewhat of a boost for every member of the legislature to realize that this is quite a training ground. You get to learn a lot about state government, and a member of the legislature is capable of going on and taking on other responsibilities. I am sure every one of us is happy for you."

SPEAKER'S PRIVILEGE

The Speaker:

"I would like to say on behalf of every House member, Elmer, that we certainly will miss you, and we want to commend you on the outstanding job that you have done here in the House of Representatives. I can say this, that the man who takes your place has some awfully big shoes to step into. The people who have had the honor and privilege of serving with you, especially in the Highways Committee, certainly appreciate the outstanding job you have done in the House of Representatives and for the state of Washington in the development of our highway system; and on behalf of all of us, I think they couldn't have made a finer choice than the one they chose. I am sure the Senate will concur in this, because I know everyone in the legislature has appreciated the outstanding job you have done."

Mr. Huntley received a standing ovation from the members of the House of Representatives.

Mr. Huntley:

"Mr. Speaker, this outburst certainly was unexpected. I appreciate the kind things that have been said, and by all means I want to express my appreciation to the one person in this legislature who is the best friend to each and every one of us, and that is our Chief Clerk, Si Holcomb. I knew Si years before I came over here. For generations, I might say, Si has been the friend of every legislator in the House. Si, I want to express to you my appreciation for everything you have done for me to make it that much easier for me."

(Applause.)

LETTER OF RESIGNATION

Mr. Eugene L. Harms, Chairman
Board of County Commissioners
Court House
Colfax, Washington

March 26, 1965

DEAR MR. HARMS:

It is with mingled emotions that I am asking the Board of County Commissioners of Whitman County to consider this letter as my official resignation, as of this date, from the position of State Representative, 9th Legislative District.

It has been a tremendous satisfaction to me to serve the people of Whitman County as their State Representative, continuously since 1957, which service included five regular and four special sessions. Many difficult problems have faced the Legislature during this time and I am pleased to have had an opportunity to contribute my efforts.

As a matter of fact, the only reason I have voluntarily relinquished my present position is that Governor Evans has requested me to serve as a member of the State Highway Commission. Such appointment is not only flattering, but offers a challenge to serve all the people of the State of Washington. For this reason, I am reluctantly leaving the House of Representatives, but at the same time looking forward to contributing what I can to the Governor's highway program.

Sincerely,

/s/ ELMER C. HUNTLEY

ECH:rk

cc: Daniel J. Evans, Governor

A. Ludlow Kramer, Secretary of State

S. R. Holcomb, Chief Clerk, House of Representatives

Howard Finch, Chairman, Whitman Co. Republican Central Committee

SPEAKER'S PRIVILEGE

The Speaker appointed Representatives Sawyer and Copeland to conduct Mr. Huntley to a seat on the rostrum beside the Speaker.

The Speaker asked Mr. Huntley to say a few words to the members of the House.

Mr. Huntley :

"Thank you, Mr. Speaker. I don't know what there is left to say. You have been so kind to me, as you have always been as long as I have been in the legislature. What is it they say: 'Old bankers never die, they just smell that way.' I think I have come to the time I should relinquish the reins, and I hope I don't disappoint you in the highways field."

The Speaker:

"I really don't think there are words to express the feeling we have for Representative Huntley. I know we all expect great things of him and are going to see great things under his leadership in the Highways Commission.

SPEAKER'S PRIVILEGE

The Speaker asked Dr. Adams to give a report on the condition of Representative Thompson.

Dr. Adams:

"Mr. Speaker, members of the House. I just talked to Dr. Olson, who is in charge of Representative Thompson's case, and his condition is now stabilized, which means he is riding along on a level. They have him scheduled for major surgery tomorrow morning. He has a ruptured diaphragm and his stomach has been pushed up into his chest. This is going to be a major ordeal for him."

MOTION

On motion of Mr. Grant, the House recessed until 1:30 p. m.

AFTERNOON SESSION

The Speaker called the House to order at 1:30 p. m.

The Clerk called the roll, and all members were present except Representatives Backstrom, Burtch, Jolly, Thompson, and Witherbee. Representatives Backstrom, Jolly, Thompson, and Witherbee were excused.

SPEAKER'S PRIVILEGE

The Speaker:

"Before we proceed with the message from the secretary of state, I would like to inform the members of a way they might be able to help Representative Thompson since many have asked what they might do. The situation is that more blood will be needed for the operation tomorrow. The blood bank of Thurston county is located at 111 West 21st Street. Since many representatives have wanted to help, if they would contact the blood bank of Thurston county, I am certain they would be of great aid to Mr. Thompson in his present condition. It doesn't make any difference what type of blood you have since they can substitute the required type from the blood bank."

FILED

A. LUDLOW KRAMER
Secretary of State.

The Speaker appointed Representative Goldsworthy and former Representative Huntley to conduct Mr. W. Howard Finch to the rostrum.

OATH OF OFFICE

The Speaker administered the oath of office to Mr. W. Howard Finch.

The Speaker asked Mr. Goldsworthy to introduce the new member of the House of Representatives.

Mr. Goldsworthy:

"Mr. Speaker, ladies and gentlemen of the House. This morning I said a legislative goodbye to a very good friend and colleague of five sessions—ten years; and now I am making a legislative welcome to another good friend of a good many years, Mr. Howard Finch, our present county chairman in Whitman county, and a long-time active worker in the Republican party in our area.

"He is no stranger to these halls. He has been here many times; and it is partly due to Howard that I am here. A long time ago when I first got out of the service, Howard called me up and said 'Come over to Seattle, we're going to have a meeting.' So he picked me up in a Cadillac convertible (not his or mine) and we passed two DC-8's and one B-47 on the way to Seattle. I got my first gray hair on that ride—and my desire to go into politics.

"I know that all you people will give him a good welcome and will cooperate with him, because he is a very fine gentleman and he will do his best for the district, the state, and especially the governor's tax program.

"So, Howard, welcome to these marble halls. I am very glad to have you here.

"Thank you, Mr. Speaker."

WARD BOWDEN, Secretary.

SECOND READING OF BILLS

Engrossed Substitute House Joint Resolution No. 16, by Committee on Constitution, Elections, and Reapportionment:

Advancing the inauguration and the commencement of the terms of elected state officials.

On motion of Mr. O'Brien, Engrossed Substitute House Joint Resolution No. 16 was rereferred to the Committee on Rules and Order.

Senate Joint Memorial No. 18, by Senators Talley, Woodall, Henry, and Morgan:

Memorializing for delay in closure of veterans' hospitals.

The memorial was read the second time in full.

With consent of the House, the rules were suspended, Senate Joint Memorial No. 18 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

Debate ensued, Representative Beck speaking in favor of passage of the memorial.

Mr. Adams:

"I wonder if Representative Beck will yield to a question? Does he know any reason why the Veterans' Administration wants to close these hospitals? They must have some reasons—they have made a study."

Mr. Beck:

"No, I don't know of any reason Dr. Adams, other than they claim it is a local problem. They say that social security is coming into its own, and the states all have their veterans' programs, and that it is a local problem. They are doing it as an economy move to shift the burden to the local level."

Further debate ensued, Representatives Adams, Garrett, Moos, and Gorton speaking against passage of the memorial, and Representative Beck speaking in favor of it.

YIELDING TO QUESTION

Mr. Smith:

"Mr. Speaker, would Mr. Beck yield to a question?"

The Speaker:

"Will you yield, Mr. Beck?"

Mr. Beck:

"Yes sir."

Mr. Smith:

"Mr. Beck, to your knowledge, what service or veterans' organizations sponsored this?"

Mr. Beck:

"I don't know of any; none of them have contacted me. This memorial originated in the Senate. If the gentlemen who have been speaking against this will look at it, this is just to delay the closure of these veterans' hospitals until a study can be made of the effect of the closure, and Secretary McNamara has nothing to do with the Veterans' Administration, Mr. Gorton. I think all of the United Veterans' Councils of the State and the Veterans' Rehabilitation Council are wholeheartedly in favor of this, Mr. Smith."

Further debate ensued, Representatives Smith and Humiston speaking against passage of the memorial.

MOTION

On motion of Mr. Day, the House deferred further consideration of Senate Joint Memorial No. 18 on third reading, and the memorial was ordered placed at the top of tomorrow's third reading calendar.

Senate Joint Resolution No. 25, by Senators Talley, Moriarty, Jr., Kupka, Greive, Sandison, and Bailey:

This bill amends the licensing statutes regarding beauty schools. Licensing statutes are designed to insure that only businesses which meet minimum standards serve the people of the State of Washington. They also tend to restrict entry into a particular field by smaller businesses, whether or not they meet the minimum standards relating to quality. I believe that a requirement that a school covered by this act have a minimum 3,000 square feet is an arbitrary dividing line without direct relationship to the quality of the school, and is unnecessarily prohibitive to entry of new schools, otherwise meeting the standards of the profession. I have therefore vetoed section 5(3) which establishes this restriction.

The bill also provides that schools presently in existence shall not be required to meet the requirements of the amendments to the licensing law. Unless the requirements of the law are unreasonable, presently existing businesses should be required to meet the same requirements that newly organized businesses must meet. This portion of the bill would require new schools to comply with the sanitary rules and regulations approved by the state board of health, but conclusively presumes that presently existing schools have met this requirement.

I believe this distinction between presently existing schools is without merit, and have therefore vetoed the portion of section 5 establishing this exemption.

In addition I believe that an increase in a licensing fee for new schools from \$150 to \$500 is totally disproportionate to the increase in the amounts of other licenses under the bill and to the comparative cost of licensing schools. While some increase is undoubtedly in order, my power of veto does not allow me to substitute a more reasonable figure. I have therefore vetoed that portion of section 6 increasing the license fee for new schools, returning the language to its original form.

Section 11 requires that a certificate of health be submitted by individuals applying for licenses, but deletes the requirement that they be submitted with renewal applications. The necessity that those in a profession requiring such close personal contact with the public be in good health does not dissipate once they have been granted an initial license. If it is necessary for original applicants, it is also necessary when licenses are renewed. I have therefore vetoed the deletion of the requirement that a health certificate accompany a renewal application, returning that provision to the law.

Section 14 provides that membership of a hearing board shall consist of three members appointed by the governor. The first is appointed from a list, but the source of the list nor the number on the list is not given. The second member is to be appointed from a list submitted by the licensed cosmetology schools. It does not prohibit each school from submitting a list, nor does it have any provision which would require more than one person to be listed.

I believe these restrictions are contrary to sound public policy. The person who makes an appointment should be held responsible for it. If it is good, he deserves the credit; if it is bad, he deserves the blame. But no appointing power can properly be held to account for an appointment which he is not free to make in accordance with his own best judgment. When making appointments to this hearing board I will seek the advice and counsel of persons knowledgeable in the field of cosmetology. I will welcome suggestions from all interested parties and organizations, including those groups named in this bill. I believe any succeeding governor would follow this example.

In exercise of the power of item veto, I have retained the basic make-up of the board, in that the one member of the board must have six years experience in cosmetology, one member must be from the licensed Washington state cosmetology schools, and one member must be unaffiliated with the above listed groups. Only the requirement that appointments be made from restricted lists submitted to the governor has been removed.

The remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

MOTION

Mr. Burtch moved that House Bill No. 256, together with the governor's veto thereof, be referred to the Committee on Rules and Order.

Debate ensued, Representatives Day and Adams speaking in favor of the motion.

The motion was carried.

SPEAKER'S PRIVILEGE

MOTION

"A motion to table the notice of reconsideration would be out of order, Mr. O'Brien."

Mr. Smith, having voted on the prevailing side, moved that the House do now reconsider the vote by which Senate Joint Memorial No. 18 passed the House.

MOTION

Mr. O'Brien moved that the motion to reconsider be laid on the table.

POINT OF ORDER

The Speaker recognized Mr. Garrett on a point of order.

Mr. Garrett:

"I would like to inquire as to the status of my notice of reconsideration which was made prior to Mr. Smith's motion."

RULING BY THE SPEAKER

The Speaker:

"I think you are aware of the fact that the House can reconsider only once. As Mr. Smith has made a motion to immediately reconsider the vote by which the memorial passed the House, your notice of reconsideration on the next working day would have no effect. We could not reconsider the matter again tomorrow."

Mr. Burtch demanded an electric roll call, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Garrett on a point of parliamentary inquiry.

Mr. Garrett:

"As I understand it, the motion before the House is to lay Mr. Smith's motion on the table. Is that correct?"

The Speaker:

"That is correct."

Mr. Garrett:

"A motion then on the next working day to take Mr. Smith's motion off the table would be in order if this carries?"

The Speaker:

"That question is not before us at the present time; therefore, I don't think I will make a ruling until the question arises."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Garrett on a point of parliamentary inquiry.

Mr. Garrett:

"Would you please explain the vote now?"

The Speaker:

"The motion by Mr. O'Brien was to table the motion by Mr. Smith. A vote 'aye' would be to table the motion to immediately reconsider the vote by which Senate Joint Memorial No. 18 passed the House."

The Clerk called the roll on the motion by Mr. O'Brien to table Mr. Smith's motion to immediately reconsider the vote by which Senate Joint Memorial No. 18 passed the House, and the motion was carried by the following vote: Yeas, 70; nays, 19; absent or not voting, 10.

Those voting nay were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Avey, Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brouillet, Burtch, Canfield, Chatalas, Clark, Day, DeJarnatt, Elder, Epton, Flanagan, Gallagher, Garrett, Grant, Harris, Haussler, Hawley, Hood, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Juelling, Kalich, King (Chet), King (Richard "Dick"), Kirk, Kull, Leland, Mahaffey, Marsh, Marzano, Mast, May, McCormick, Moon, O'Brien, O'Dell, O'Donnell, Olsen, Perry, Pierre, Rogers, Saling, Savage, Sawyer, Sheridan, Slagle, Smith, Swayze, Taplin, Taylor, Uhlman, Valle, Wang, Warnke, Witherbee, Wolf, Mr. Speaker—70.

YIELDING TO QUESTION

Mr. Slagle:

"Would Representative Pritchard yield to a question?"

The Speaker:

"Mr. Pritchard would you yield to a question?"

Mr. Pritchard:

"Yes, I'll yield."

Mr. Slagle:

"Mr. Pritchard, would you recommend that no controversial issues be passed on a time deadline basis?"

Mr. Pritchard:

"I think you have to recognize in a sixty-day session issues can only be solved when there is a little pressure from a deadline. Otherwise, you would have a legislature like Oregon where there is no deadline and which runs from January to June. I think under our Constitution where we have a sixty-day session, and most of us can't stay here until June, the time factor is a consideration, and some things get done because we are pushed by time."

Further debate ensued, Representatives Burtch, Kalich, and DeJarnatt speaking in favor of passage of the resolution, and Representatives Day and Warnke speaking against it.

The Clerk called the roll on the final passage of Reengrossed House Joint Resolution No. 25, and the resolution failed to pass the House by the following vote: Yeas, 65; nays, 27; absent or not voting, 7.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Beck, Berentson, Bledsoe, Bottiger, Bozarth, Braun, Brouillet, Burtch, Canfield, Chatalas, Clark, Copeland, Cunningham, DeJarnatt, Dootson, Eldridge, Finch, Flanagan, Gallagher, Garrett, Goldsworthy, Gorton, Harris, Haussler, Hawley, Hood, Humiston, Johnson (Doris), Johnston (Elmer E.), Juelling, Kalich, King (Richard "Dick"), Kirk, Klein, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Mast, McDougall, Moos, Newhouse, Newschwander, O'Brien, O'Dell, Olsen, Pritchard, Radcliffe, Rogers, Saling, Swayze, Taylor, Valle, Wang, Whetzel, Witherbee, Wolf, Mr. Speaker—65.

Those voting nay were: Representatives Avey, Backstrom, Day, Elder, Epton, Grant, Hurley, Jastad, King (Chet), Kink, Kull, Marzano, May, McCormick, Moon, Morphis, O'Donnell, Perry, Pierre, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Traylor, Warnke—27.

Those absent or not voting were: Representatives Bergh, Brachtenbach, Conner, Jolly, McCaffree, Thompson, Uhlman—7.

Reengrossed House Joint Resolution No. 25, having failed to receive the constitutional two-thirds majority, was declared lost.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Savage on a point of personal privilege.

Mr. Savage:

"We all know the state flower is the rhododendron, and if you will all look in the south gallery at the rhododendrons, you will see seven princesses from Port Townsend with their chaperones. The seven girls are all candidates for Queen of the Rhododendron Festival to be held in Port Townsend May 20-23. Will they please stand?"

The Speaker:

"I might say that Mr. Savage had previously asked to have the pleasure of introducing these lovely ladies. We are certainly happy to have them here. I know Representatives Conner, Traylor, and Savage from your district are certainly proud to have you visit us today."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Braun on a point of personal privilege.

Mr. Braun:

"I'd like to call to the attention of the members of this House that our congenial and able Chief Clerk, Si Holcomb, is observing his birthday today. I didn't ask him which birthday it is, but we extend our very best wishes to him for a happy birthday."

The Speaker:

"We would all like to have Si say a few words."

Mr. Holcomb:

"It's my fifty-ninth birthday. From now on I count backwards. Thank you, ladies and gentlemen, for the kind wishes."

POINT OF ORDER

The Speaker recognized Mr. Andersen (James A.) on a point of order.

Mr. Andersen (James A.):

"I would like to request permission for some of us to put an 'explanation of vote' in the record in connection with our vote on House Joint Memorial No. 21 today."

The Speaker:

"Any person who wishes to make a statement for the record on House Joint Memorial No. 21 is authorized to do so."

EXPLANATION OF VOTE

We, the undersigned members of the House of Representatives, have voted against HJM 21, which requests that the Congress of the United States repeal section 14-b of the Taft-Hartley Act. Section 14-b permits the people of each state to determine for themselves whether or not union shop contracts will be valid in that state.

Several states have adopted so-called "Right to Work" laws which make it unlawful to negotiate or enforce union shop contracts in those states. Such a law twice has been proposed to the people of Washington by initiative. We actively opposed each of those initiatives; and we oppose any further attempt to pass "Right to Work" legislation in this state, either through the legislature or by initiative.

However, HJM 21 involves more than the "Right to Work" issue. It involves the right of free people in every state to determine their own public policy. We oppose any attempt by the legislature of the State of Washington or the Federal Congress to abridge this right.

"Right to Work" measures present a fundamental issue of public policy, which each state must decide for itself. If we are to preserve for this legislature and for our citizens the right to determine the public policy of this state, we must support this same right for others, even though we disagree with the policies they adopt.

In addition, identical memorials have been proposed in the past, and no results have been forthcoming even though both Houses of Congress have been controlled by the Democratic party. Thus, we conceive this memorial to be for purely partisan political

purposes and do not desire to lend any support to such time-wasting maneuvers when many important matters deserve our consideration.

For these reasons we have voted against HJM 21.

WHEREAS, The Very Reverend A. A. Lemieux, S. J., will, on April 1, 1965, retire as President of Seattle University; and

WHEREAS, Father Lemieux has served as President of Seattle University longer than any other man has ever served as President of a Jesuit college; and

WHEREAS, Father Lemieux has presided over and effectively led the expansion of Seattle University in building, faculty, and students; an expansion that has taken place without the sacrifice of the high educational standards identified with Seattle University; and

WHEREAS, Father Lemieux has found time from his pressing educational duties to be a civic leader, moral force, and cultural exponent for the entire State of Washington; and

WHEREAS, Father Lemieux, in addition, still found time to be an outstanding President of the Association of Independent Colleges of Washington;

Now, Therefore, *Be It Resolved*, That the House of Representatives of the State of Washington do commend Father Lemieux for his outstanding years of service to Seattle University and the entire State of Washington; and

Be It Further Resolved, That we express our regrets at the loss of this outstanding man to the State of Washington and wish him well in all of his future endeavors; and

WHEREAS, Alaska has established a Marine Highway System using ferry ships for transportation; and

WHEREAS, Direct rapid contact with the northwest states is essential to the recovery and the development of the State of Alaska; and

WHEREAS, The Federal Interstate System is not able to enter into the purchase and operation of ferry vessels because of present legislation;

Now, Therefore, *Be It Resolved*, By the House of Representatives of the State of Washington, That we do respectfully petition and urge the United States Congress with the concurrence of the President of the United States to change those laws which now preclude the operation of ferry vessels as Interstate Highways, thereby allowing the Federal Interstate System to build and operate ferry vessels making possible the extension of highway service to the most populous portions of Alaska; and

Be It Further Resolved, That copies of this Resolution be transmitted by the Clerk of the House of Representatives to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of the United States, and to each Senator and Representative from the State of Washington.

"Under our Joint Rules, all communications to congress must be by joint memorial. We did not adopt our Joint Rules until the latter part of the session. Resolution by Representative O'Brien:

WHEREAS, State government is one of the largest businesses in the State of Washington and is vital and of concern to all; demanding constant vigilance in order to keep pace with the changing times; and

WHEREAS, Governor Daniel J. Evans is to be commended for recognizing the need for periodic review of the internal operations of the many divisions of our state government; and

WHEREAS, The Governor has seen fit, by his announced intended executive order to by-pass the legislative branch and has neither consulted with the legislature nor requested the passage of legislation to implement such work. In addition he has appealed to private business interests to provide an estimated seventy thousand dollars for these studies and report, as well as requested industry to loan private corporate executive officers to this project for an estimated total cost to business and industry of five hundred thousand dollars before taxes; and

WHEREAS, Such solicitation of funds and request of private corporate assistance is an abdication of responsibility and can place the Governor and our state in an untenable position if unreasonable demands are made in exchange for this cooperation;

Now, Therefore, *Be It Resolved*, By the House of Representatives that the legislature is in favor of a continuing re-evaluation of the structure and expenditures of state government but that such re-evaluation should be financed from state funds and implemented by state laws; and

Be It Further Resolved, That agriculture, labor, the professions and a cross section of the general public must be represented on any council to assure that the State of Washington or its elected officials shall not be beholden to any one segment of our economy; and

Be It Further Resolved, That this House urge Governor Evans to reconsider his position on this project and request from the legislature ample state funds to finance any re-evaluation, together with the necessary legislation, and to establish a council which represents all segments of our economy and our citizens.

PERSONAL PRIVILEGE

Mr. Adams:

"Personal privilege, Mr. Speaker. On the question of the blood test and breathalyzer test, one thing that has always worried me about that, especially in view of the presumptive evidence of drunkenness, is the manner in which the test is taken and the manner in which it is run in the labs, because there is a possibility of error. Any test in any lab depends somewhat on the ability of the technician that runs it. Most tests you can repeat and take another specimen sometime later and have it checked, perhaps even have it checked in another lab, but here is a test you cannot repeat because you can't get the same condition over again. Unless the specimen is taken at the same time, you never can get another test with a comparable specimen. Therefore, I wonder, and I think if I were submitting to one of these tests, at the time I was submitting I would insist that the officer take another specimen at the same time, and give it to me, so I could take it to another lab of my own choice and have it run, in order to serve as a check on what their findings might be."

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., March 31, 1965.

MR. SPEAKER:

The Senate has adopted: **Senate Concurrent Resolution No. 20**, and the same is herewith transmitted. WARD BOWDEN, *Secretary*.

MESSAGES FROM THE SECRETARY OF STATE DEPARTMENT OF STATE OFFICE OF THE SECRETARY

Olympia, Wash., March 22, 1965.

*To the Honorable, The Speaker of the House of Representatives,
The Legislature of the State of Washington, Olympia, Washington.*

SIR:

I have the honor to transmit herewith pursuant to Section 12, Article 3 of the Constitution of the State of Washington, for the consideration of the House of Repre-

sentatives, **Enrolled House Bill No. 55** which has been vetoed by the Governor, together with his veto message attached thereto.

Respectfully,

A. LUDLOW KRAMER,
Secretary of State.

State of Washington, Office of the Governor,
Olympia, Wash., March 20, 1965.

To the Honorable, the House of Representatives of the State of Washington.
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, **House Bill No. 55** entitled:

"An Act relating to motor vehicles; and amending section 46.44.030, chapter 12, Laws of 1961 as last amended by section 52, chapter 3, Laws of 1963 extraordinary session and RCW 46.44.030."

This bill would permit the operation on the state's highways of school buses which have a length of forty feet. The present law limits the length to thirty-five feet.

In December, 1964, the National School Bus Specifications Conference representing forty-five states, rejected a proposal to increase the length of school buses from thirty-five to forty feet. The Washington State School Transportation Commission, consisting of representatives of the State Patrol, the Highway Department, and the Office of the Superintendent of Public Instruction, has studied the forty foot school bus proposal and its members are unanimously opposed to it.

School children required supervision while being transported in school buses, and I doubt that a school bus driver should be required to supervise the ninety-one children or more who could be carried in a forty foot bus.

The Highway Committee of the House amended the original bill in an attempt to limit the operation of school buses in accordance with regulations of the Superintendent of Public Instruction as provided in RCW 46.48.150. I believe many members of the legislature felt that this proviso would give the Superintendent the power to determine whether or not the forty foot school bus should be permitted. I do not believe the Superintendent's powers under that section are sufficient to prohibit the use of a bus otherwise permitted on the public highways.

Both the Highway Department and the Superintendent of Public Instruction would have preferred an interim study of the economic feasibility and the safety factors involved in the operation of the forty foot school bus. However, the legislature did not see fit to amend the bill to make provision for such an interim study.

For the reasons stated above, I have vetoed House Bill No. 55.

Respectfully submitted,

DANIEL J. EVANS, Governor.

To the Honorable, The Speaker of the House of Representatives,
The Legislature of the State of Washington, Olympia, Washington.

SIR:

I have the honor to transmit herewith pursuant to Section 12, Article 3 of the Constitution of the State of Washington, for the consideration of the House of Representatives, **Enrolled Substitute House Bill No. 252** which has been vetoed by the Governor, together with his veto message attached thereto.

Respectfully,

A. LUDLOW KRAMER,
Secretary of State.

State of Washington, Office of the Governor,
Olympia, March 20, 1965.

To the Honorable, the House of Representatives of the State of Washington.
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the

next session of the Legislature, without my approval **Substitute House Bill No. 252** entitled:

"An Act relating to ground waters; creating a state water well commission within the department of conservation; providing for the licensing of water well contractors and the regulation of water well construction; prescribing fees and providing for the disposition thereof; providing penalties; and declaring an effective date."

The commission created by this bill would license water well contractors, conduct examinations as a condition to issuance of a license, collect license fees for deposit in a special account in the general fund, expend monies from the fund, receive complaints against licensees charging violation of law or negligence in conducting well drilling activities, conduct hearings, adopt rules and perform other functions befitting a full-fledged state agency.

I believe that the existing departments of state government are capable of protecting the public health and the ground waters of the state without creating a new agency of state government.

Moreover, I look with disfavor upon legislation which seeks to establish stringent standards and require rigid examinations for those who seek to enter the industry in the future, while those already engaged in the activity of well drilling are given a license under the "grandfather clause" of section 11 without any examination whatsoever to test their knowledge or competency.

For the foregoing reasons, I have vetoed **Substitute House Bill No. 252**.

Respectfully submitted,

DANIEL J. EVANS, Governor.

To the Honorable, the House of Representatives of the State of Washington.
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one item, **House Bill No. 74** entitled:

"An Act relating to state parks and recreation; establishing Wallace Falls State Park; and providing for the acquisition of certain lands for park purposes."

As originally drafted, the last paragraph of section 2 provided for evaluation of the public interest of the transaction by which property would be acquired for Wallace Falls State Park, and a report to the fortieth session of the Legislature. As a result of its deliberation, the Legislature has concluded that the acquisition of real property for the park is in the public interest, and has directed the parks and recreation commission to proceed to acquire the property. Having issued this mandate, the expenditure of further legislative funds for evaluation seems unnecessary and improper.

I have, therefore, vetoed the last paragraph of section 2, and approve the remainder of the bill.

Respectfully submitted,

DANIEL J. EVANS, Governor.

Respectfully,

A. LUDLOW KRAMER,
Secretary of State.

State of Washington, Office of the Governor,
Olympia, March 20, 1965.

To the Honorable, the House of Representatives of the State of Washington.
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one item, House Bill No. 307 entitled:

"An Act relating to eye care service benefits under certain insurance contracts; adding a new section to chapter 79, Laws of 1947 and to chapter 48.18 RCW; adding a new section to chapter 79, Laws of 1947 and to chapter 48.20 RCW; and adding a new section to chapter 79, Laws of 1947 and to chapter 48.21 RCW."

I believe that section 2 and section 3 fully accomplish the purposes of House Bill No. 307, and that addition to the general insurance laws of section 1 will create an unnecessary ambiguity in the law.

I am therefore vetoing section 1. The remainder of House Bill No. 307 is approved.

Respectfully submitted,

SIR:

I have the honor to transmit herewith, pursuant to Section 12, Article 3 of the Constitution of the State of Washington, for the consideration of the House of Representatives, a certified copy of Enrolled House Bill No. 526, partially vetoed by the Governor, together with his veto message attached thereto.

Respectfully,

A. LUDLOW KRAMER,

State of Washington, Office of the Governor,
Olympia, March 20, 1965.

To the Honorable, the House of Representatives of the State of Washington.
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives without my approval as to certain items, House Bill No. 526 entitled:

"An Act relating to health and safety for underground workers; providing requirements for underground labor; and amending section 1, chapter 194, Laws of 1941 and RCW 49.24.080."

Amendments to section 1 (5) achieve two results:

1. The deletion of certain language on page 1, lines 26 through 27 and page 2, line 1 and 2, appears to remove employees of a railroad who are constructing tunnels, caissons or subways from protection of certain safety standards set forth in RCW 49.24.080

through 49.24.380. Inasmuch as persons otherwise employed in such work are included within the protection of the safety standards, I believe it would be discriminatory to exclude railroad workers. It is my understanding that the proposed deletion was intended to remove a redundancy. I am not convinced that the language is redundant.

2. The deletion of the proviso on page 2, lines 2 through 5, completely removes the protection of certain safety standards for those working in a railroad tunnel. The regulations of the Department of Labor and Industries also provide protection to these workers, but I think it unwise to remove the protection from the statute.

I have therefore vetoed the deletion of the language in section 1 (5), thus restoring the original language.

Respectfully submitted,

DANIEL J. EVANS, *Governor*.

Secretary of State.

State of Washington, Office of the Governor,
Olympia, March 20, 1965.

*To the Honorable, the House of Representatives of the State of Washington.
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to certain items, **House Bill No. 549**, entitled:

"An Act relating to state trade fairs and the support thereof, amending section 9, chapter 55, Laws of 1933 as last amended by section 5, chapter 106, Laws of 1955, and RCW 67.16.100; and repealing sections 15.73.010, 15.73.020, 15.73.030 and 15.73.040, chapter 11, Laws of 1961 and RCW 15.73.010, 15.73.020, 15.73.030, and 15.73.040; directing an apportionment from the state trade fair fund; and declaring an emergency."

This bill recognizes the economic benefits which result to the state from participation in state trade fairs. Through trade fairs, Washington products are put on view to people of the state, of the nation and of the world. To facilitate this economic development, the state trade fair fund now available to the director of agriculture has been transferred by this bill to the director of Commerce and Economic Development.

Under Section 9, the Director of Commerce and Economic Development is directed to apportion not more than \$40,000 from the state trade fair fund to assist public agencies involved in the International Trade Fair to be held in Japan next month. However, the proviso at the end of Section 9 would transfer all monies remaining in the state trade fair fund to the general fund after that apportionment. It is my view that these monies should remain in the state trade fair fund, to be used by the director in the event the money is needed to assist in the development of additional trade fairs which might qualify under the Act. For this reason, I have vetoed the proviso in Section 9.

I have also vetoed Section 13, which relates to a "state fair account", which does not exist in our state treasury and is not defined in the Act. Although the intention of the section is not entirely clear from the language employed, it could be construed as transferring all monies from the state trade fair fund to the general fund at the end of each biennium. In order that the Director of Commerce and Economic Development can carry out the purposes of House Bill No. 549, it may be necessary to accumulate a reasonable amount of money from one biennium to the next. If at the next session of the Legislature, it appears that surplus money is available in the state trade fair fund, any surplus could then be transferred to the general fund. For these reasons, I have also vetoed section 13.

The remainder of House Bill No. 549 is approved.

Respectfully submitted,

DANIEL J. EVANS, *Governor*.

Resolution by Committee on Rules and Order:

WHEREAS, The members of the House of Representatives have received so much enjoyment from the television sets set up in the men's and ladies' lounges; and

WHEREAS, These sets have enabled the members to view news reports and other programs which otherwise could not have been seen; and

WHEREAS, One of our long-time members has this session, as well as many past sessions, provided the use of these television sets to the members of the House without charge and at considerable personal expense;

Now, Therefore, *Be It Resolved*, That the House of Representatives extend to Representative Fred B. Mast of the Thirty-fifth Legislative District its deep and grateful appreciation and thanks for his thoughtfulness in providing these television sets for the use of the members of the House.

On motion of Mr. Olsen, the resolution was adopted unanimously.

SPEAKER'S PRIVILEGE

The Speaker:

"On behalf of all of the members, I want to personally thank you, Mr. Mast, for the fine gesture on your part in furnishing these television sets for the use of the members of the House."

WHEREAS, More importantly, the protection of the health of the general public is directly involved with this problem;

Now, Therefore, *Be It Resolved*, By this House of Representatives, that the Legislative Council, during the interim and before the Fortieth regular session of this Legislature, undertake a study to ascertain the need for an Animal Disease Diagnostic Center to be located within the State of Washington, and further, determine the scope of functions for such a laboratory and its recommended staff, and report thereon to the Legislature at the beginning of the next regular legislative session;

And *Be It Further Resolved*, That the Clerk of the House present a copy of this House Resolution to the Executive Secretary of the Legislative Council for action thereon.

On motion of Mr. Bledsoe, the resolution was adopted.

Resolution by Representative King (Richard "Dick"):

WHEREAS, In spite of the overwhelming support by the voters, local taxing districts have had great difficulty in passing excess levies as illustrated by the 1965 school levy and bond elections in Snohomish, Pierce and King counties where eight of fourteen propositions failed solely because they were unable to obtain sufficient voter turnout to meet the constitutional requirement of forty percent; and

WHEREAS, No proposition in such elections received less than sixty-four percent favorable vote and if those voters necessary to meet the forty percent requirement had voted "No" such issues would have passed; and

WHEREAS, Failure to vote in local excess levy elections by the public is an abdication of their constitutional right and duty in a democratic society and the present system encourages such abdication;

Now, Therefore, *Be It Resolved*, By the House of Representatives that the Legislative Council, with the cooperation of the Interim Education Committee, is directed: (1) To hold hearings and review the forty percent voter participation requirement in Article 7, section 2 of the Constitution; (2) to examine what procedures other jurisdictions have, if any, governing excess levies; and (3) to determine what means should be undertaken to encourage greater voter participation in local excess levy elections; and

Be It Further Resolved, That the Legislative Council shall report its findings and recommendations to the Fortieth session of the Legislature.

ARTICLE BY REPRESENTATIVE JACK ROGERS

If the 39th session of the state legislature has seemed abnormally engrossed in its own internal problems since it convened, there are good and sufficient reasons for it.

First of all, the federal court ordered the regular session to pass no other act until reapportionment and redistricting were accomplished. With a single legislative topic before it, the legislature was presented to the public through the press in its full agony of voting a dozen of its members out of their seats and moving several legislative positions from the east to the more populous west side of the mountains.

The resultant struggle ended with the passage of an historic piece of legislation, but there has been little editorial acknowledgment of this remarkable accomplishment in the newspapers or other media.

Leaders of both parties in the 39th legislature were determined to improve and modernize the legislative process, and a bi-partisan committee was established to accomplish this aim early in the session.

That committee has concerned itself with per diem expenses, salary, pensions, office space, research facilities, secretarial help and interim committees and their facilities. If any mistake has been made in reviewing these areas of legislative efficiency, it has been in the failure of the legislators to make the public understand their needs in the field of applying modern methods to solve Washington's legislative problems of the space age.

Except for a salary voted in 1949 that brought legislators a pay scale of \$100 per month, there has been practically no change in the situation of legislators from the 1889 period of the first assembly.

The state constitution provided that legislators would meet for 60 days in the odd numbered years and they would receive \$5 a day for the 60-day session, a total of \$300 for two years. Farmers, artisans, lawyers and professional men of that day were elected to the legislature and they put aside their regular duties for two months in the winter and came to Olympia to serve the needs of their state on a part-time basis.

This limited participation in government sufficed for a period of years, but as the affairs of state government became more complex and the biennial budget appropriations mounted into the millions and then to billions, it became necessary for legislators to spend a great deal more time on the business of government.

Improvements in the executive and judicial branches of government were studied and voted by the legislators. An example is the fact that the 39th legislature voted without so much as a ripple of public displeasure a \$10,000 annual salary boost for the governor at the outset of the present session. Judges' salaries were increased a commensurate amount, with widespread editorial approval.

The members of the 39th legislature came to Olympia facing the greatest internal problem ever to confront a lawmaking body in the history of the state, and it solved the redistricting dilemma under the duress of a court order imposed from above.

Disk jockeys and poorly informed newsmen ridiculed the work of the legislators in their 47-day travail, and failed to applaud them when at length they accomplished their task. Some of their comments dripped ignorance.

Whereupon the legislators, with a genius for poor timing, took up the task of rewarding their senior members with pension benefits somewhat akin to those presently paid to judges in retirement, but much less in amount.

A bill was brought forward that would pay \$170 monthly pensions to those with more than 20 years of service to the state in the legislature, *providing the recipients paid in some \$2,000 to reimburse the state for certain prior service.*

While a great deal was made of this matter in the press and on the radio and television, and the governor at length vetoed the measure, it might be pointed out in passing that the cost to the state would have amounted to \$18,000 per year, matched by a similar amount contributed by the legislators who are members of the pension system.

To understand the legislators' viewpoint in this matter, one must determine if he wishes to recognize long legislative service to the man or woman who has been repeatedly elected by his or her constituency and who has served honorably and ably for two decades or more. A majority in both houses felt that such dedication to the public service should be rewarded with a small stipend after retirement from the legislature; but other views prevailed.

When the minute cost of such a program is set beside the millions voted by the legislature for pensions for other state employees, the lawmakers quite naturally begin to draw comparisons as to the public service rendered by various groups of employees and the elected representatives and senators.

It is no more than decent human nature that legislators should feel they are entitled to some reward and recognition for their services, particularly when they can cite, for instance, a white-haired lawyer grown old in the legislature, who normally charges his private clients \$200 a day for courtroom work, laboring for a pittance in the rugged atmosphere of the legislative halls, all in the name of serving the people's best interests.

The desire for a small pension increase rose in the legislature from the quite normal ambition of the members to be approved in their long tenure by being reelected time after time by the voters in their districts. What other pension system in the state is dependent upon one's being repeatedly reelected by the electors of a district? Only the judges, who gain retirement benefits after 10 years of elective service.

Under present interpretations of the state constitution, the salary of a legislator cannot be increased during the term of office for which he is elected, and legislators look upon any salary boost they may vote as something to be achieved to those who win the offices at future elections.

There is also a strong feeling among legislators that their chosen work should not be reserved only for those of great wealth. The worker as well as the employer must be represented in the legislature, and the surest way to keep the laborer at his bench and out of the legislative halls is to put the position beyond his financial reach, or to make him dependent upon outside subsidy which may destroy his freedom to legislate impartially.

With few exceptions, legislators who go to Olympia must maintain two homes, and many of them leave their families behind because they lack the means to move them to the state capital for the session. There are extraordinary expenses attached to serving in a public position, and it is unquestionably true that financial demands are greater during the session than during the interim period. This has resulted in an expense allowance of \$40 per day, which is well in line with amounts paid in many other states.

But here, again, the outcry of ignorant editorialists has been deafening, although many tradesmen are paid this much for a day's work that requires less judgment and preparation, and certainly not election.

If the salary paid legislators is in the horse-and-buggy era, the physical facilities available to them date back to the stone age. Only a few of the legislators have office space available to them, and the vast majority must keep their papers and files on the floor of the house and senate on their tiny desks in the chambers. Few have secretaries.

Until this session, members of the House of Representatives paid for their own long-distance telephone calls, and one of the great reforms of the 39th session was the installation of a system whereby members could telephone at will about the state on four specially installed telephone lines that cost the state some \$500 a month in all. This fine reform came in the year 1965, permitting our legislators the free use of the telephone for the first time in history!

The legislature is the highest elective policy-making body in the state of Washington, and legislators look upon themselves as members of the board of directors of a public corporation with a two-billion-dollar budget and heavy responsibilities.

They see full-time congressmen voting themselves \$30,000 annual salaries, and large expense allowances, with little or no protest from the public, and they feel that perhaps they are entitled to \$3,600 a year for a work that is growing steadily into a full-time occupation of great complexity.

Improvements in the legislative process have been put off for 65 years, and this is one member of the 39th legislature who is proud to say that he understands the efforts of the lawmakers to better the system and the facilities.

Perhaps the raising of the salary to \$300 a month will attract some of the vocal critics into the next legislative race so this issue can be debated fairly. If they are elected, they will soon learn what this legislative process is all about, and then their criticism will quickly subside."

MOTION

On motion of Mr. Sawyer, the House recessed until 1:30 p. m.

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., March 29, 1965.

MR. SPEAKER:

The Senate refuses to concur in the House amendment to Senate Bill No. 417 and asks the House to recede therefrom, and the same is herewith transmitted.

WARD BOWDEN, *Secretary.*

MOTION

Mr. O'Brien moved that the House recede from its amendment to Senate Bill No. 417 as follows:

On page 6, following section 14, insert new section as follows:

"NEW SECTION. Sec. 15. None of the powers granted by this act shall be exercised by any public body for the purpose of refunding bonds issued in connection with development of any electric power and energy project or facility except with the prior approval of all public utilities or other persons obligated by contract to purchase five percent or more of the electric power and energy produced at such project or facility."

Renumber the remaining sections consecutively.

Debate ensued, Representatives O'Brien, Sheridan, and Klein speaking in favor of the motion, and Representative Gorton speaking against it.

Further debate ensued, Representative Dootson speaking in favor of the motion, and Representatives Adams and Clark speaking against it.

YIELDING TO QUESTION

Mr. Jueling:

"Mr. Speaker, will Representative Flanagan yield to a question?"

The Speaker:

"Will you yield to a question, Mr. Flanagan?"

Mr. Flanagan:

"Yes, I'll yield."

Mr. Jueling:

"Mr. Flanagan, I think we are getting to the crux of the situation. We are trying to find out just how we go about financing these dams, and I have the two following questions to ask: Number one, in your opinion would these bonds that are used in building these dams be salable without the guarantee of the private power company buying a certain percentage of the output? Secondly, I wonder if you could give us some idea of the cost involved in some of these projects?"

Mr. Flanagan:

"Representative Jueling, the bonds could not be salable without a long-term contract whereby the utilities or some municipalities by that contract underwrite the project and make revenue available to repay the bonds, because public utilities themselves do not have revenue to build dams. I would like to quote a statement from a letter written to me by Donald R. Burrows, Research Supervisor of the State Tax Commission, when I asked him a question in regard to federal taxes paid by P.U.D.'s. 'The P.U.D.'s with the largest differential between the actual P.U.D. privilege taxes paid and the estimated property tax are those with large generating facilities. It should be noted that the P.U.D.'s with the large generation facilities sell approximately 90% of their power to private utilities. And because the price of the power sold by these P.U.D.'s is based on cost, any increase in the tax load on the P.U.D.'s in these cases would be directly reflected in higher power costs to the private utilities. These higher prices paid by private utilities would eventually be reflected in higher prices paid by consumers for electricity.'"

Mr. Day demanded the previous question, but the demand was not sustained.

Further debate ensued, Representatives King (Richard "Dick"), Dootson,

Haussler, Bottiger, Litchman, and Savage speaking in favor of the motion, and Representatives Pritchard and Harris speaking against the motion.

Mr. Olsen demanded the previous question, and the demand was sustained.

The Speaker stated the question before the House to be the motion by Mr. O'Brien that the House recede from its amendment to Senate Bill No. 417.

The motion was lost.

MOTION

On motion of Mr. Gorton, the House refused to recede from its amendment to Senate Bill No. 417, and asked the Senate for a conference thereon.

APPOINTMENT OF CONFERENCE COMMITTEE

The Speaker appointed as members of the Conference Committee on Senate Bill No. 417, Representatives Burtch, McDougall, and Sheridan.

POINT OF ORDER

The Speaker recognized Mr. Andersen (James A.) on a point of order.

Mr. Andersen (James A.):

"Doesn't there have to be a certain make-up on conference committees, so that both sides of the issue are represented?"

The Speaker:

"If you will look at the vote on the bill, you will find two of the members voted positively."

Mr. Andersen (James A.):

"May I ask, how the members you appointed to this conference committee voted on the bill?"

The Speaker:

"Mr. Burtch voted 'nay.' This was on the 10th day, Wednesday, March 24th of the Extraordinary Session. Voting 'yea' on the final passage of the bill were Mr. McDougall and Mr. Sheridan."

POINT OF ORDER

The Speaker recognized Mrs. Hurley on a point of order.

Mrs. Hurley:

"It seems to me, Mr. Speaker, that the consideration here is not the bill, but the consideration is the amendment. I think your appointments should be based on the vote for and against the amendment."

The Speaker:

"Consideration actually is the bill, to follow the normal procedure. If the conference committee cannot agree, another conference committee can be appointed. That has been the procedure of the House."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Adams on a point of parliamentary inquiry.

Mr. Adams:

"I would like to refer you to our 1965 Legislative Manual, on page 243, Rule 5. It says: 'The presiding officer of each house shall appoint . . . three members, selecting them so as to represent . . . the attitude of the majority and minority upon the subject of the legislation referred to the conference committee.' It is the 'subject' and not necessarily how they voted on the bill. It is the attitude of the committee."

The Speaker:

"I am sure the attitude of these gentlemen would be objective and that the bill would receive fair consideration."

POINT OF ORDER

The Speaker recognized Mr. Andersen (James A.) on a point of order.

Mr. Andersen (James A.):

"This is a difference between the two houses. The difference is on the specific amendment. The Senate has said 'no' and we say 'yes.' I may be in error, but I believe the Speaker has appointed a conference of three persons to represent the House which has one view on the amendment—three persons who do not share the view of the House on the amendment. I could be in error, but just from a personal viewpoint that would be my judgment, and I do not believe this would be appropriate. I don't believe it is an appropriate way to relieve a dispute between the House and the Senate. I believe the rule is the 'subject' of the legislation referred, and not to the bill which is not in controversy, but refers to the amendment which is in controversy."

RULING BY THE SPEAKER

The Speaker:

"I rule that appointments to a conference committee are based upon the vote on the final passage of a bill. This practice has been followed in the past by many previous speakers. It would be impossible to select a conference committee from those voting for or against amendments, as very few amendments are adopted by yea and nay roll call votes. Therefore, the appointment of the conference committee will stand."

MESSAGE FROM THE SENATE

"NEW SECTION. Sec. 8. If any provision or clause of this act or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable."

Amend the title as follows: In line 2, after "amending sections", strike the remainder of the title and insert: "10, 26 and 27, chapter 299, Laws of 1961 and RCW 3.34.010, 3.38.020 and 3.38.030; amending section 4, chapter 156, Laws of 1951 and RCW 3.16.004;

Very truly yours,
RAYMOND W. HAMAN,
Legal Counsel to the Governor.

State of Washington, Office of the Governor,
 Olympia, April 2, 1965.

To the Honorable, The House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to one item, **House Bill No. 245** entitled:

"An Act relating to vehicle licenses; amending section 46.16.020, chapter 12, Laws of 1961 and RCW 46.16.020; and declaring an emergency."

This bill exempts from payment of license fees certain vehicles owned or operated by international bodies. I am informed by the Department of Licenses that there are no vehicles involved which will require licensing before the time when the bill would normally become effective. Yet section 2 contains the standard emergency clause requiring the act to take effect immediately.

Imposition of an emergency clause defeats the right of the people to reject legislative action by referendum and should be sparingly used. Having carefully considered the provisions of **House Bill No. 245**, it is clear that no part of the act is necessary for the immediate preservation of public peace, health and safety, or the support of state government and its existing public institutions.

Section 2 is therefore vetoed. The remainder of **House Bill No. 245** is approved.

Respectfully submitted,

DANIEL J. EVANS, *Governor*.

State of Washington, Office of the Governor,
Olympia, April 2, 1965.

To the Honorable, The House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to one item, **House Bill No. 348** entitled:

"An Act relating to public service companies; amending section 4, chapter 295, Laws of 1961 and RCW 81.77.030; adding two new sections to chapter 295, Laws of 1961 and to chapter 81.77 RCW; amending section 81.08.010, chapter 14, Laws of 1961 and RCW 81.08.010; amending section 81.12.010, chapter 14, Laws of 1961, as amended by section 5, chapter 59, Laws of 1963, and RCW 81.12.010."

The bill amends certain laws relating to garbage and refuse collection companies. The last paragraph of Section 1 would permit the Utilities and Transportation Commission to alter or amend a certificate held by a garbage and refuse collection company if such a company had failed for at least one year to operate in a part of the area or territory covered by the certificate.

It is possible that a company might fail to operate in a certain territory because a competitor had all of the available customers; and a deletion of this territory would thus eliminate any chance of competition in the future.

Moreover, this bill does not require a showing that the company in question had refused service to any potential customer.

I have vetoed the last paragraph of Section 1 because I fear that it will have the effect of reducing competition in the garbage and refuse collection industry which would not be in the best interests of the public.

The remainder of **House Bill No. 348** is approved.

Respectfully submitted,

DANIEL J. EVANS, *Governor*.

MOTION

On motion of Mr. Grant, **House Bill No. 245** and **House Bill No. 348**, together with the governor's partial vetoes thereof, were referred to the Committee on Rules and Order.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery thirty students and parents from South Junior High School in Snohomish County, and asked them to stand and be recognized.

Debate ensued, Representatives Newhouse and Clark speaking in favor of adoption of the Resolution.

YIELDING TO QUESTION

Mr. Dootson:

"Mr. Speaker, I would like to ask Mr. Newhouse a question."

The Speaker:

"Mr. Newhouse, would you yield to a question?"

Mr. Newhouse:

"Yes."

Mr. Dootson:

"I am heartily in agreement with your statement that land should not be held for speculative purposes. I believe we should have these green belt areas as far as beauty is concerned. However, don't you think this very act would tend to aid speculators who wished to hold land out of use and not tax the actual value thereof, and by holding it out of use you have actually defeated the end you wished to bring about?"

Mr. Newhouse:

"That is a good question, and that is why we are asking for a study. There are ways of preventing this from happening. In some states, notably California, they have this protection so the land is taxed according to the use, but if land is later sold at an inflated value, the state has the right to go back and collect taxes so the owner did not receive benefits without paying proportionate taxes. That is why we are asking for this study, to find this formula."

Further debate ensued, Representatives Haussler, Kull, Bledsoe, and Valle speaking in favor of adoption of the resolution.

House Concurrent Resolution No. 13 was adopted.

House Concurrent Resolution No. 14, by Representatives Lynch, Kirk, and Garrett:

Recommending study of bipartisan council of family support of persons living in state rehabilitation institutions.

Debate ensued, Representatives Lynch, Kirk, and Adams speaking in favor of adoption of the resolution.

House Concurrent Resolution No. 14 was adopted.

House Concurrent Resolution No. 16, by Representatives King (Chet), Kink, Bergh, Conner, Berentson, Hood, Wang, Hawley, Taylor, Mahaffey, and Thompson:

Creating interim fisheries committee.

The resolution was read the second time in full.

With consent of the House, the rules were suspended, House Concurrent Resolution No. 16 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued, Representatives Kink and Hawley speaking in favor of passage of the resolution.

The Clerk called the roll on the final passage of House Concurrent Resolution No. 16, and the resolution passed the House by the following vote: Yeas, 87; nays, 1; absent or not voting, 11.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Berentson, Bergh, Bledsoe, Brachtenbach, Braun, Brouillet, Burtch, Canfield, Chatalas, Clark, Cunningham, Day, DeJarnatt, Dootson, Elder, Eldridge, Epton, Finch, Flanagan, Gallagher, Garrett, Goldsworthy, Gorton, Harris, Haussler, Hawley, Hood, Humiston, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Juelling, Kalich, King (Chet), King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, McCaffree, McCormick, McDougall, Moon, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Don-

Debate ensued, Representatives Beck, Moos, and Mast speaking in favor of passage of the resolution.

YIELDING TO QUESTION

Mr. Clark:

"Mr. Speaker, would Mr. Beck yield to a question?"

The Speaker:

"Will you yield to question, Mr. Beck?"

Mr. Beck:

"With pleasure."

Mr. Clark:

"There is one sentence in here on page two I would like to ask you about. It grants authority to this committee to compel attendance of witnesses by subpoena and take their depositions. Is there such controversy in this field that this would be necessary?"

Mr. Beck:

"Well, Mr. Clark, I have served on the committee for four years, and never once have we had to subpoena anyone. This is common terminology, I believe, in a resolution of this nature. The language came from past resolutions. To my knowledge, I don't know that any subpoena powers have been asked for."

Mr. Clark:

"Other committees have sought that power which caused the bill to be either defeated in the Senate or vetoed. In the last couple of years it became quite an item of controversy."

Mr. Beck:

"Well, you are an attorney, Mr. Clark. I would be glad to yield if they feel something is wrong with that and I would concur with an amendment in the Senate if anyone thinks it is necessary; however, I don't think it is necessary. I know the power has never been abused in the past. We never had to subpoena anyone."

The Clerk called the roll on the final passage of House Concurrent Resolution No. 18, and the resolution passed the House by the following vote: Yeas, 85; nays, 0; absent or not voting, 14.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Berentson, Bergh, Bledsoe, Brachtenbach, Braun, Brouillet, Burch, Canfield, Chatalas, Clark, Cunningham, Day, DeJarnatt, Dootson, Elder, Eldridge, Finch, Flanagan,

Gallagher, Garrett, Goldsworthy, Gorton, Grant, Harris, Haussler, Hawley, Hood, Humiston, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jueling, Kalich, King (Chet), King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, McCaffree, McCormick, Moon, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Donnell, Olsen, Pierre, Pritchard, Radcliffe, Rogers, Saling, Savage, Sawyer, Sheridan, Smith, Sawyze, Taplin, Traylor, Uhlman, Valle, Wang, Warnke, Whetzel, Witherbee, Wolf, Mr. Speaker—85.

Those absent or not voting were: Representatives Bottiger, Bozarth, Conner, Copeland, Epton, Jolly, Litchman, May, McDougall, O'Dell, Perry, Slagle, Taylor, Thompson—14.

House Concurrent Resolution No. 18, having received the constitutional majority, was declared passed.

Mr. Burtch demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll, and all members were present except Representative Thompson.

On motion of Mr. O'Brien, the absent member was excused, and the House proceeded with business under the call of the House.

MOTION FOR RECONSIDERATION

Mr. Uhlman, having given notice on the preceding day, moved that the House do now reconsider the vote by which the report of Free Conference Committee on Senate Bill No. 422 was not adopted.

POINT OF ORDER

The Speaker recognized Mr. Brachtenbach on a point of order.

Mr. Brachtenbach:

"Mr. Speaker, I call to your attention the fact that Mr. Uhlman did not move for reconsideration yesterday, as was evidenced by the fact that he made the motion today. Therefore, I think his motion is out of order. I refer the Speaker to Reed's Rules, section 205, which says that a motion to reconsider must be made on the day on which the action was taken. Now the only exception to that, Mr. Speaker, is in Rule of the House, Rule 43, which provides you can give notice of reconsideration only on the final passage of bills. Other than that you must make the motion immediately. This was not on final passage. The House was voting on Mr. O'Brien's motion to adopt the Free Conference report. This is not final passage as is evidenced by the fact that we would then have to vote on final passage if it were adopted. Clearly, we were not voting on final passage. I submit to the Speaker two rules made by Speaker O'Brien in the 1959 Session, referring to the 1959 Journal on pages 329 and 333. Briefly, the point was raised that someone who had voted on the prevailing side gave notice he was going to move for reconsideration on the next day, and with the consent of the House, I will read the ruling, which was very brief:

"The Speaker disagrees with your interpretation. A motion to indefinitely postpone is different from a motion to reconsider the vote on the final passage of a bill. The notice to reconsider the indefinite postponement of a bill on the succeeding day is not in order. You may move to reconsider this motion immediately, but notice to reconsider on the succeeding day cannot be made unless you are reconsidering the vote on the final passage of a bill. This is in accordance with House Rule 43.'

"The same ruling was made by Speaker O'Brien several days later. I think it is clear that all Mr. Uhlman did was give notice, and the motion itself must be made on the same day. Clearly, we were not on final passage."

RULING BY THE SPEAKER

The Speaker:

"I am going to rule that a vote such as we had yesterday to not adopt a report of Free Conference Committee would kill the bill, so in effect we would be treating it the same as final passage. Mr. O'Brien's ruling which you read was in a different category, a different situation. Each Speaker has the prerogative in interpreting this Rule. My interpretation of it is that by the defeat of the Free Conference Committee report, you are in effect killing the bill; therefore, it is a prelude to final passage."

POINT OF ORDER

The Speaker recognized Mr. Brachtenbach on a point of order.

Mr. Brachtenbach:

"I make the additional point that the effect of the motion to indefinitely postpone a bill would have exactly the same effect as the Speaker just ruled, so precedent has been set by Mr. O'Brien."

The Speaker:

"The question before us is not to indefinitely postpone. The question is the adoption of the Free Conference Committee report."

Mr. Grant demanded an oral roll call, and the demand was sustained.

The Speaker stated the question before the House to be the motion by Mr. Uhlman for reconsideration of the vote by which the report of the Free Conference Committee on Senate Bill No. 422 was not adopted.

The Speaker recognized Mr. Smith.

Mr. Smith:

"I have talked to several persons involved, and they admit this is a reasonable, rational approach. Certainly we don't agree with the way a number of things have been done in this session or in other sessions, but should we penalize those who cannot defend themselves? The injured workmen cannot come down and set the rules we work under for Free Conference reports.

"I would like to appeal to you gentlemen today to just sacrifice a little of your personal individuality so that those who may be injured, who may not be able to go back and correct what has been done, may receive the benefits, at least to some degree, which we all know and admit are necessary. I urged the leadership of the Republican majority, or minority in their opinion, that some increase in benefits is due and necessary. Therefore, I believe it is only fair and proper that we should implore upon you to put aside your personal feelings and just for a moment think of someone else. Think of someone who is going to be injured and who is going to need the assistance which we seek to provide here. I'm sure if you think about that on the vote for reconsideration, it will be possible for you to come to the correct conclusion."

The Speaker recognized Mr. Gallagher.

Mr. Gallagher:

"Mr. Speaker and ladies and gentlemen of the House, I want to go along with some of the statements Sam Smith just made, but I want to say further I believe I have had more experience in the industrial insurance field than most of you. I have hired and fired about twenty-five hundred men in eighty-six different towns in three

states and have worked under all industrial insurance plans. I want to say this: I have worked under the plan we had in Oregon, where I saw men injured in my presence and where we have been sued in Oregon because of improper coverage. I have gone through this. I have seen Dick Kink's men covered by the Jones Act, and the pea pickers from Walla Walla, and Eldridge's people covered by private carriers. Like Jim Andersen said yesterday, everyone should be covered.

"As long as I have worked, and as long as I have employed men, I have always had men covered by industrial insurance. This is right. People sitting here today who have refused to vote for the bill are wrong—wrong in their feelings, and wrong in their actions.

"I can't understand people who have been nurtured by labor, lived by labor, and who then vote against a labor bill. I hope that you do vote for reconsideration, and I hope you do give this your full consideration."

The Speaker recognized Mr. Adams.

Mr. Adams:

"Mr. Speaker and members of the House, Mr. Smith gave an appealing talk. I don't think there is any question but had this matter been approached in the right manner early in the session a bill would have come out which would have been of considerable benefit to the injured workmen and also the bona fide unemployed workmen. But that wasn't the attitude taken. There would have been room for adjustment in these areas had it been approached properly.

"For instance, the manner in which disability is rated. This has been worked out very scientifically. There is a better way of comparing one injury to another than that provided in our present law. This has been completely ignored by this Conference Committee.

"I don't believe all the members of the Conference Committee even saw the bill we have before us. I think they had agreed to sign it and place us in the position of an arbitration committee, which we have been all along. As a matter of fact, I think it would be in order for Mr. O'Brien to tell us who actually put the values in the bill we have before us."

The Speaker recognized Mr. O'Brien.

Mr. O'Brien:

"In answer to the question raised by Dr. Adams about the Conference Committee, the amounts included in this Conference Report on Senate Bill No. 422 were agreed upon by both industry and labor and the benefit schedule was prepared by the department of labor and industries. We were striving for, and agreed upon, this two and one-half million dollar figure; so on this basis it was a compromise and something we agreed on, but of course we didn't get a full agreement. In further analysis of the overall burden on industry or the taxpayer, we found it to be very small. As a matter of fact the national average of industrial insurance is one and four-tenths percent of the total payroll cost, and in the state of Washington it is one and one-tenth percent of the total payroll cost. Washington state has not kept pace with industrial insurance benefits. This Senate Bill No. 422 gives a little one-tenth of one percent increase, of one billion hours of employment. This will amount to a very small figure, as a matter of fact. The overall cost would be less than five hours a year per man to some industries and in other industries it will be less than this amount. So we felt this was a fair package. These rates of benefits haven't been increased since 1961. Some of the other issues raised here yesterday about the American Medical Association and their so-called program—industry itself was a little leery of adopting such a schedule without some further study, so this is the best possible package we could put together. For injured workmen it is long overdue, and the burden placed on industry isn't much at all. The administration is advocating new taxes, and you will see it is quite a staggering figure. You will see this is just a minor amount that labor would like to have for injured workmen. In many states the rates exceed the rates set forth in Senate Bill No. 422. We think it is fair and not going to burden labor at all. The cost amount is tax deductible. The overall effect we feel is a true and fair bill, and we would like to have you support this motion to reconsider."

The Speaker recognized Mr. Copeland.

Mr. Copeland:

"This is a very complicated area, and I think we may well be overlooking several

points. Probably most significant of all is the fact that industry has indicated it would be willing to go ahead and increase these benefits in exchange for reasonable reforms in the Act. These reforms we are talking about were not forthcoming as Dr. Adams points out—the new American Medical Association schedule of payments which obviously would accrue to the benefit of the worker were not considered by the Free Conference Committee; the reasonable appellate reforms repeatedly advocated by many responsible leaders in the labor movement were entirely ignored by the Conference Committee.

"Let's take a look at this total industrial insurance fund and see where we are. The required reserve deemed necessary by an actuarial study conducted by the prior administration, and published in November, 1964, was fifty-seven million dollars. Thirty-two million dollars is all that has been provided for, which indicates that the fund has a deficit reserve of approximately twenty-five million dollars.

"As Mr. O'Brien so casually put it, 'we are asking for a very moderate increase.' Modest it is, when you reflect on a few pennies here and there. All told, the effect of what you are talking about is an increase in the rate by fifteen percent. The department has already imposed an additional ten percent loading factor in order to make up the deficit.

"Representative Savage stated yesterday that the individual employers could have the final say in determining industrial insurance costs by advocating additional safety measures. This is only partially true, since all employers in one class are affected by the experience of other employers' costs in the same class. He spoke primarily of the logging industry. This classification is called 50-1 and the base rate for this class has been established at thirty-eight and one-half cents per manhour for premiums to be paid for the year 1965. Now this has been arrived at because of the frequency of injuries in this particular industry. With a fifteen percent increase, that rate would soar to forty-four cents per manhour. Forty-four cents per manhour is what you are asking that industry to provide without any area of refinement or reform in the entire program.

"Mr. Avey, in his operation of sawmills, has a base rate which is now seventeen cents. A fifteen percent increase will take him to twenty cents.

"So these are the very modest increases that Mr. O'Brien is so glibly talking about. Modest indeed they are, until they are reflected back on the cost of production. Modest it is indeed, but by the same token, industry is now asking for reform in a couple of minor areas that we have not been able to grant industry compensation for. This was not a compromise bill. This is hardly the proper way to approach this particular type of legislation.

"As we begin to analyze the entire fund we find there are six different classifications completely in the red. The coal mining industry for example. We are talking about the industry in the state and not paying any attention to what the cost to man-hours are. Industry is asking for some modest refinement here.

"Injured workmen need some additional compensation, but by the same token, I think industry also needs some compensation. This is a two-way street at best. The employer, as such, has to be able to put himself in competition to stay in business. Without this progress, some people will undoubtedly be unemployed. If an employer cannot compete in business he can no longer provide jobs for the workmen, and I say to you, the things you are going to do today may well put some industries in a position so that they will no longer be able to compete.

"This is industry's one plea to you, all the way through with regard to the labor and industry bills before you, including unemployment compensation, that no consideration has been granted industry. I think what you are doing today is killing the goose that laid the golden egg."

The Speaker recognized Mr. Litchman.

Mr. Litchman:

"Thank you, Mr. Speaker. I will be very brief. I just want to discuss with you the problem of the law and the working man. I have heard a lot of discussion already about the bad treatment that we in the state of Washington have given industry. All I can say to that is that industry has progressed more in the past decade in the state of Washington than in most other states in the Union. I see no valid argument whatsoever, Mr. Copeland, to that statement. Industry is doing very well, and will continue to do well, as expressed in a recent newspaper article relative to the position of Boeing. They have done extremely well financially. The insurance companies of this state have never done as well as in the past few years. Industry is booming.

"But the point I wish to make is this: The most reprehensible act that industry could bestow on the laboring man is the adoption of the administrative procedures act in Washington. If the Conference Committee did nothing else, it eliminated this provision, which I think did more to assist the working man in industry in the state of Washington than any other law that could have been passed at this session.

"As an example of the importance of this, a number of years ago I defended a person who was disliked by a member of the industrial appeals board because he didn't wear his hair the way the board member thought he should. He didn't dress the way he should. So in this particular case they took their feelings out toward this man and gave him very little. This man had an opportunity to appeal, and went to court, and the court was able to rule and give this man what he was entitled to. Before an appeal board you often have to work against prejudices and biases, and people who don't necessarily go along with the working man and his problem. If we did nothing else for the working man in the state of Washington other than the provisions here, we have gone a long way in preserving the present law in the state for him."

The Speaker recognized Mrs. Hurley.

Mrs. Hurley:

"I think we are talking about something very fundamental to the people of the state of Washington when we talk about this Free Conference report. And those people on this side of the aisle who have had a few guns shot at us because we don't go along with the popular opinion from King county should have an opportunity to state our case.

"Each one of us tries the best way we can to represent our legislative district, and mine is a legislative district of laboring people and their families. And in going against this Conference report, I think I am voting for the best interests of these men who are trying to support their families. They are trying to live in the Spokane area which is being deprived of more and more job opportunities all the time. My people need jobs in order to live, and there is no expansion going on in Spokane. I would say that the biggest employers in the Spokane area are Kaiser, Washington Water Power, and the hospitals, and we are limited practically to these.

"Those who have spoken have said this wouldn't discourage industry. Well, it certainly isn't going to encourage industry. Those who speak for this are mostly living in thriving parts of the state. They have Boeing and are glad of it, and they don't think anything they can do in the way of unemployment insurance or industrial insurance is going to discourage Boeing. Well I don't know. They have other industries such as Weyerhaeuser and other huge employers. We don't have those in eastern Washington.

"I would certainly like to vote for increased benefits too, like we had in the first amendment to Senate Bill No. 422. I think it would be real great to give these people who have a catastrophe a little bigger increase, and I certainly voted to do that. But we just can't take, take, take all the time from industry and say, 'Well, industry is here. They've got to take it on the chin. They're going to stay here, let's bluff them out of it.' Session after session we have. We have gone ahead and put more and more burdens on them until some of the industries in the Spokane area have already moved away. We have just recently, in the last year, lost the whole office of Shell Oil Company. They found that it just didn't make it worthwhile to do business in the Spokane area and moved all of themselves and any employees who wanted to move out of Spokane to Salt Lake City. And I think everybody knows we recently lost one of our insurance offices—Sun Life, I believe. If their employees didn't want to move, then they could quit, but it just didn't do them any good to be in business over in Spokane. They are losing all the time.

"So those people who say we are not going to lose any business just aren't right. Maybe over here where everything is thriving, maybe you can go ahead and take a chance. I can't take this chance. I have people who must bring home the weekly check or monthly check in order to feed their families. Otherwise, they have no place to go.

"So I am definitely going to hold onto my 'no' vote on this Free Conference report."

The Speaker recognized Mr. Savage.

Mr. Savage:

"Mr. Speaker, as I pointed out yesterday, industry has it within their power to reduce the cost of industrial insurance. They have it in their power because of the safety programs in their hands. The department of labor and industries provides

safety people. As you know I am a safety consultant and used to work for the department. I quit so I could be back in the legislature to talk to you people, so I do appreciate your attention. Now, these industries, as I mentioned, are classified. Within each classification, each company, each employer, has his own rating according to his own experience. If I have no accidents, no fatalities or anything within five years, my rating goes down to forty percent of the basic cost. As Representative Copeland mentioned, for this year thirty-eight cents is the rate for logging. This could go down to less than sixteen cents providing the employer has had no accidents, no serious accidents for a five-year period. If he has many accidents, it only goes up to one hundred sixty percent, and it is chopped off there. Each individual employer has to pay forty percent of the rating and he helps to make up for those who go over one hundred sixty percent. Even if I have a perfect record I have to pay sixteen percent of the base rate to help pay for those who have accidents which put their rating above the one hundred sixty percent. So this is a real protection. It doesn't put anybody out of business because they have too many fatalities. This would mean that the industry in which I am interested could go up to around a dollar an hour if the employer had a real bad record. Most classifications are not rated that high. Many industries are only a few cents a day. Many of them are a cent an hour or lower because of good safety practices. I say it is in industry's hands because they have agreed to the safety codes. Everyone of these classifications has come into a hearing held by the department, and they set up these safety codes which are agreed to by the department and industry. They hold hearings with industry, labor, and the department. And when those codes are agreed to, most industries live up to them and their rates stay down. A few like I described yesterday pay no attention to the safety codes, so their ratings go up. So if the rates go higher, I am sure some employers are going to pay more attention to this safety code and more attention to the cost to industry, and will do a better job on safety and training. Now as far as the courts are concerned, the working man who is injured has not had the right, since 1911, to sue. We are not trying to add something for him. Somebody is trying to take something more away. He has already lost his right to sue. Do we want to take everything away? Some of us are trying to at least protect one right—his right to appeal to court. We have already taken one right away, and that is enough. I believe that since industry can reduce the cost with good safety education and practices, it is important that these payments be raised to where injured people can stay off welfare. The state is better off if the industries carry these costs themselves instead of the general fund having to make them up, and one way that can be accomplished is to adopt this conference report and pass the bill. I think it is proper and just. Although it may affect me, I am certainly anxious that it be passed, because I am proud of our safety records."

Mr. Uhlman demanded the previous question, and the demand was sustained.

The Clerk called the roll on the motion to reconsider the vote by which the report of Free Conference Committee on Senate Bill No. 422 was not adopted, and the motion was carried by the following vote: Yeas, 50; nays, 48; absent or not voting, 1.

Those voting yea were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Brouillet, Burtch, Chatalas, Conner, DeJarnatt, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Hawley, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Klein, Kull, Litchman, Lux, Marsh, Marzano, May, Moon, O'Brien, O'Donnell, Olsen, Radcliffe, Rogers, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—50.

Those voting nay were: Representatives Adams, Ahlquist, Andersen (James A.), Angevine, Berentson, Bledsoe, Brachtenbach, Braun, Canfield, Clark, Copeland, Cunningham, Day, Dootson, Eldridge, Finch, Flanagan, Goldsworthy, Gorton, Harris, Hood, Humiston, Hurley, Johnston (Elmer E.), Jueling, King (Chet), Kink, Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McCormick, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pierre, Pritchard, Saling, Swayze, Wang, Whetzel, Wolf—48.

disability such other disability, but not in any case to exceed the sum of compensation commencing with the second monthly payment: *Provided*, That interest so paid shall not be charged to the cost experience of any employer but shall be borne wholly by the applicable class account: *Provided further*, That upon application of the injured workman the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured workman to the department and shall rest in the discretion of the department depending upon the merits of each individual application: *Provided further*, That upon death of a workman all unpaid installments accrued, less interest, shall be paid in a lump sum amount to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

"Sec. 2. Section 51.32.040, chapter 23, Laws of 1961 and RCW 51.32.040 are each amended to read as follows:

"No money paid or payable under this title out of the accident fund or out of the medical aid fund shall, prior to the issuance and delivery of the warrant therefor, be capable of being assigned, charged, or ever be taken in execution or attached or garnished, nor shall the same pass, or be paid, to any other person by operation of law, or by any form of voluntary assignment, or power of attorney. Any lump sum benefits to which the workman would otherwise be entitled but for the provisions of this proviso shall be paid on a monthly basis to his beneficiaries."

On line 1 of the title, after "industrial insurance" strike the balance of the title and insert "and compensation—right to and amount; and amending section 51.32.080, chapter 23, Laws of 1961 as amended by section 3, chapter 274, Laws of 1961 and RCW 51.32.080; amending section 51.32.040, chapter 23, Laws of 1961 and RCW 51.32.040."

MOTIONS

On motion of Mr. O'Brien, the House dispensed with further business under the call of the House.

EXPLANATION OF VOTE

April 6, 1965.

The undersigned are "for" increasing industrial insurance benefits.

In fact, just last Friday we voted for Senate Bill No. 39 which will increase such benefits by two and one-half million dollars per year for those workmen who have sustained temporary or permanent total disability and to the widows and dependents of fatally injured workmen.

We also voted for Senate Bill No. 422 in the form in which it was originally amended and passed by the House of Representatives and sent to the Senate. We have, however, been forced to vote against Senate Bill No. 422 in the form in which it has now been redrafted by the Joint Conference Committee of the House and Senate basically for the following three reasons:

- (1) It reduces the benefits to be paid to the injured workmen by one and three-tenths million dollars per year; and
- (2) It deletes all provisions to speed up the intolerable two-year time lag before the injured workman's contested case can be heard by the board; and
- (3) It deletes the revised award schedule which would update our present antiquated rating schedule which is recognized by leading authorities in the field as grossly unfair to the injured workman.

MESSAGES FROM THE GOVERNOR

State of Washington, Office of the Governor,
Olympia, April 6, 1965.

To the Honorable, the House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 378 entitled:

"An Act Relating to elections; amending section 29.07.100, chapter, Laws of 1965 (Senate Bill No. 5) and RCW 29.07.100; and amending section 29.07.105, chapter, Laws of 1965 (Senate Bill No. 5) and RCW 29.07.105."

This bill would amend the law relating to registration of voters in cities. Under existing law first class cities are required to maintain on a permanent basis at least one office in each legislative district in which to register voters. These cities may maintain whatever number of additional offices are necessary, may authorize door-to-door registration, and may operate mobile registration offices.

Also, under existing law, cities of the first, second and third class are required to operate at least two additional temporary registration facilities in stores, public buildings, or mobile units during the last fifteen days before the registration polls are closed prior to each state primary and general election. Each city is required to operate other temporary facilities during the fifteen day period if necessary to afford ample opportunity for all qualified persons to register for voting.

Also, under the present law partisan politics do not enter into the registration process in cities. The city clerk is a non-partisan office holder, and his staff, including temporary deputy registrars, do not represent any political party. Moreover, no prospective voter need disclose his political affiliation in order to be registered.

Thus, it is apparent that existing law gives to cities the necessary tools to expand their registration programs in order to give all eligible persons the opportunity to vote.

In contrast, this bill would require the appointment of permanent registration officers in each legislative district of each first class city who would specifically represent each major political party. Not only do I object to the introduction of partisan politics into big city voter registration programs; but I feel that it might be an undue burden upon some cities to acquire twice as many registrars in each legislative district as required by existing law. A city such as Yakima, for example, would have to maintain four permanent registrars in addition to those working in the city hall.

This bill would also require the city to pay registrars in legislative districts a fixed fee for each person registered. Under existing law these cities are free to set the level and method of compensation of these registrars. I believe that it is desirable to continue this local autonomy.

This bill adds nothing to the authority presently granted to city officials, but it does unnecessarily burden and restrict cities in their voter registration programs. For the reasons set forth above, I have vetoed House Bill No. 378.

Respectfully submitted,

DANIEL J. EVANS, Governor.

State of Washington, Office of the Governor,
Olympia, April 6, 1965.

To the Honorable, the House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to one item, House Bill No. 132 entitled:

"An Act Relating to school district boundaries; amending section 5, chapter 266, Laws of 1947, as last amended by section 1, chapter 208, Laws of 1963, and RCW 28.57.150; and declaring an emergency."

This bill deals with school district boundaries as they relate to the boundaries of cities and towns. Section 2 of the bill contains a standard emergency clause. I have followed the practice of vetoing emergency clauses on bills submitted to me whenever no genuine emergency existed.

An emergency clause defeats the right of the people to reject a bill by referendum and, therefore, should be sparingly used by the legislature. I can see no reason why this bill should not take effect 90 days after adjournment in the same manner as other legislation.

Therefore, I have vetoed Section 2. The remainder of **House Bill No. 132** is approved.

Respectfully submitted,
DANIEL J. EVANS, *Governor*.

State of Washington, Office of the Governor,
Olympia, April 6, 1965.

To the Honorable, the House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to one item, **House Bill No. 173** entitled:

"An Act Relating to funeral directors and embalmers; and amending section 1, chapter 108, Laws of 1937 and RCW 18.39.010; amending section 2, chapter 52, Laws of 1955 and RCW 18.39.030; amending section 4, chapter 108, Laws of 1937 as last amended by section 2, chapter 105, Laws of 1947 and RCW 18.39.040 and amending section 5, chapter 108, Laws of 1937 and RCW 18.39.070."

This bill makes certain amendments in the laws relating to licensing of embalmers and funeral directors. Section 2 requires that an applicant for a funeral director's license shall have completed a one year course of training under a licensed funeral director in this state in addition to meeting certain educational requirements.

Section 3 requires that an applicant for a license as an embalmer shall have completed a two year course of training under a licensed embalmer in this state in addition to meeting certain educational requirements.

The bill was amended in the Senate by adding at the end of section 4 a proviso which refers to "the one year course of training required by sections 2 and 3." Since only section 2 provides for a one year course of training, I have vetoed the reference to section 3 in this proviso in order to prevent a misunderstanding as to the true intent of this amendment.

My staff has consulted with the sponsors of this bill and the proponent of the amendment, all of whom agree that this item veto would clarify the language of the bill. The remainder of **House Bill No. 173** is approved.

Respectfully submitted,
DANIEL J. EVANS, *Governor*.

State of Washington, Office of the Governor,
Olympia, April 6, 1965.

To the Honorable, the House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to one item, **House Bill No. 520** entitled:

"An Act Relating to crimes and punishment, and amending section 377, chapter 249, Laws of 1909 and RCW 9.45.060; adding a new section; and providing penalties."

This bill amends a 1909 criminal statute which makes it a gross misdemeanor to conceal, remove or destroy personal property held under lease, mortgage or conditional sale contract. As amended by this bill, the statute will also apply to rented property and to the act of converting personal property to one's own use or willfully and without reasonable cause failing to return a leased or rented article within 10 days after written notice is sent by certified or registered mail.

House Bill No. 313 which was passed in the regular session of the 1965 legislature made it a felony to fail to return within a reasonable time after notice any motor vehicle, machinery or equipment having a fair market value of more than \$2,000. Although the language is not identical, **House Bill No. 520** and **House Bill No. 313** are comparable.

However, section 2 of **House Bill No. 520** provides that any person who successfully defends an action brought under section 1 of the bill may recover costs, expenses, attorneys fees, and reasonable compensation for time lost in defending the action from the rentor or lessor of the property. No comparable provision was contained in **House Bill No. 313**. Moreover, section 1 is not limited to rented or leased property but also property held under mortgage, lien or conditional sale contract. In addition,

the provisions of section 2 would not only apply to a failure to return rented or leased property but also to its destruction, conversion, removal or concealment.

Section 2 is undoubtedly intended to deter owners of property from using law enforcement agencies as collection agents or as a substitute for civil process. I share this concern; however section 2 would introduce a new concept into our criminal laws and would make the owner of property the guarantor of all actions taken by the law enforcement officers, prosecutors and judges who might be involved with the criminal proceeding. I do not believe that imposing this responsibility upon owners of property would be wise.

For the foregoing reasons I have vetoed section 2. The remainder of House Bill No. 520 is approved.

Respectfully submitted,
DANIEL J. EVANS, Governor.

RESOLUTIONS

Resolution by Representative Brouillet:

WHEREAS, Under present law the governor of the State of Washington is inaugurated two days after the convening of the state legislature; and

WHEREAS, The governor must prepare and present to the legislature a budget and program for the ensuing biennium; and

WHEREAS, Today's society is complex with myriad problems and time is needed by the governor to prepare and present to the legislature a balanced budget and a progressive program that will fulfill the needs of the citizens of the State of Washington; and

WHEREAS, A governor being inaugurated for the first time should be permitted ample opportunity to deliberate the many problems inherent in a forward looking program and an adequate and balanced budget if he is to fulfill the obligations of his office; and

WHEREAS, Two proposals have been submitted to this session of the legislature dealing with this problem; and

WHEREAS, Many problems are inherent when a change of this magnitude is proposed; and

WHEREAS, A change is essential for the orderly working of the government of the State of Washington;

Now, Therefore, Be It Resolved, By the House of Representatives, that the legislative council be directed to conduct an interim study on this subject, to consider the provisions of House Joint Resolution No. 16 and Substitute House Joint Resolution No. 16 and such other material which is relevant to the subject in order to conduct a complete and comprehensive study of the many problems inherent in the proposed constitutional change and to report its recommendations to the Fortieth Legislature.

Mr. Brouillet moved the adoption of the resolution.

Debate ensued, Representatives Brouillet and Clark speaking in favor of adoption of the resolution.

The motion was carried, and the resolution was adopted.

Resolution by Representatives Day, Backstrom, Ahlquist, Olsen, Kirk, Flanagan, Elder, O'Donnell, Bozarth, Haussler, Lux, Mahaffey, King (Chet), Conner, Hurley, Bergh, Gallagher, DeJarnatt, Braun, Brouillet, Garrett, Angevine, Gorton, McCaffree, Lynch, Clark, Morphis, Traylor, Leland, Andersen (James A.), Adams, Harris, Beck, King (Richard "Dick"), Kalich, Sheridan, Witherbee, Avey, Taylor, Sawyer, Marsh, Warnke, Pierre, Moos, McCormick, Jolly, Wolf, Mast, Newschwander, Goldsworthy, Johnston (Elmer E.), Whetzel, Dootson, Bottiger, Marzano, Taplin, Kink, Smith, Grant,

Valle, Litchman, Epton, Bledsoe, Copeland, Brachtenbach, Savage, Perry, Eldridge, McDougall, May, Radcliffe, Hood, O'Brien, Kull, and Chatalas:

WHEREAS, The Legislative Council will receive from this 1965 legislature numerous complex and difficult assignments in research; and

WHEREAS, Such interim studies conducted in depth result not only in documented recommendations to the legislature, but also provide to the legislators involved, intensive and informative instruction in the substantive material of these problems, therefore making them more informed and effective in legislative action during the session; and

WHEREAS, The Legislative Council as presently constituted by law consists of twenty-one members of the legislature; and

WHEREAS, A number of other states, recognizing a similar situation, have provided that every member of the state legislature shall be a member of the Legislative Council with the administration and steering done by a smaller executive committee;

Now, Therefore, Be It Resolved, That the Washington State Legislative Council be directed to study the organization and structure of legislative service agencies in the various states with particular reference to those other states which have a legislative council-type agency consisting of all members of the legislature responsible for interim study and research and for making recommendations to the legislature; and

Mr. Day moved the adoption of the resolution.

YIELDING TO QUESTION

Mr. Moon:

"I have a couple of questions. I wonder if Mr. Day would yield?"

The Speaker:

"Mr. Day, will you yield?"

Mr. Day:

"I would be happy to."

Mr. Moon:

"First, maybe I am wrong in my assumption, but it is my understanding that all the legislators are made aware of these Legislative Council meetings and can attend them anytime they want, but of course they can't participate in the executive sessions. Is this correct?"

Mr. Day:

"That is true; however, it is also true that we have numerous other individual interim studies going on—it's kind of a patchwork affair—and this would organize continuity of the legislative processes."

Mr. Moon:

"My second question is, if this were the case, and every member of the legislature were made a member of the Legislative Council, would we each and every one be entitled to per diem and expenses when we travel to and from the meetings?"

Mr. Day:

"I think you misunderstand. There would still be an executive body of the Legislative Council which would mean it would perform as our present council does. However, when you are on a subcommittee you would be paid per diem, and your traveling expenses, when your specific subcommittee meets. Of course, obviously, we couldn't continue the standing committees of the House the way they function now. You would have to select which standing committee you would maintain as your subcommittee

of the Legislative Council. It wouldn't be possible to maintain you on four interim subcommittees. The expense would be too great. I want to point out there would be many problems. This resolution directs the Legislative Council to study the feasibility of such an action. That is all the resolution does, Representative Moon."

The motion was carried and the resolution was adopted.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery Mrs. Margaret Riedisile and ten Girl Scouts from Spokane, and asked them to stand and be recognized.

MOTION

On motion of Mr. O'Brien, the House recessed until 1:30 p. m.

The Speaker called the House to order at 1:30 p. m.

The Clerk called the roll, and all members were present except Representative Thompson, who was excused.

The Speaker called the House to order.

REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., April 6, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed House Bill No. 428, providing for the transfer of a motor freight carrier's permit upon the death of the holder, have had the same under consideration, and we recommend that it do pass with the following amendment:

"An Act Relating to transportation; providing for the transfer or continuation of certain permits; and amending section 81.80.270, chapter 14, Laws of 1961 as amended by section 6, chapter 59, Laws of 1963 and RCW 81.80.270; and adding a new section to chapter 14, Laws of 1961, and to chapter 81.80 RCW.

"Be It Enacted By the Legislature of the State of Washington:

"Section 1. Section 81.80.270, chapter 14, Laws of 1961 as amended by section 6, chapter 59, Laws of 1963 and RCW 81.80.270 are each amended to read as follows:

"No permit issued under the authority of this chapter shall be construed to be irrevocable. Nor shall such permit be subject to transfer or assignment except upon a proper showing that property rights might be affected thereby, and then in the discretion of the commission, and upon the payment of a fee of twenty-five dollars.

"No person, partnership or corporation, singly or in combination with any other

person, partnership or corporation, whether a carrier holding a permit or otherwise, or any combination of such, shall acquire control or enter into any agreement or arrangement to acquire control of a common or contract carrier holding a permit through ownership of its stock or through purchase, lease or contract to manage the business, or otherwise except after and with the approval and authorization of the commission: *PROVIDED, That upon the dissolution of a partnership, which holds a permit, because of the death, bankruptcy, or withdrawal of a partner where such partner's interest is transferred to his spouse or to one or more remaining partners, or in the case of a corporation which holds a permit, in the case of the death of a shareholder where a shareholder's interest upon death is transferred to his spouse or to one or more of the remaining shareholders, the commission shall transfer the permit to the newly organized partnership which is substantially composed of the remaining partners, or continue the corporation's permit without making the proceeding subject to hearing and protest.* In all other cases any such transaction either directly or indirectly entered into without approval of the commission shall be void and of no effect.

"Every carrier who shall cease operation and abandon his rights under the permits issued him shall notify the commission within thirty days of such cessation or abandonment, and return to the commission the identification plates issued to him.

"*NEW SECTION.* Section 2. There is added to chapter 14, Laws of 1961 and to chapter 81.80 RCW a new section to read as follows:

"Except as otherwise provided in RCW 81.80.270 any permit granted to any person under this chapter and held by that person alone or in conjunction with others other than as stockholders in a corporation at the time of his death shall be transferable the same as any other right or interest of the person's estate subject to the following:

"(1) Application for transfer shall be made to the commission in such form and contain such information as the commission shall prescribe and shall be accompanied by a fee of twenty-five dollars. The transfer described in any such application shall be approved if it appears from the application or from any hearing held thereon or from any investigation thereof that the proposed transferee is fit, willing and able properly to perform the services authorized by the permit to be transferred and to conform to the provisions of this chapter and the requirements, rules and regulations of the commission thereunder, otherwise the application shall be denied.

"(2) Temporary continuance of motor carrier operations without prior compliance with the provisions of this section will be recognized as justified by the public interest in cases in which the personal representatives, heirs or surviving spouses of deceased persons desire to continue the operations of the carriers whom they succeed in interest subject to such reasonable rules and regulations as the commission may prescribe.

"In case of temporary continuance under this section the successor shall immediately procure insurance or deposit security as required by RCW 81.80.190.

"Immediately upon any such temporary continuance of motor carrier operations and in any event not more than thirty days thereafter the successor shall give notice of the succession by written notice to the commission containing such information as the commission shall prescribe."

YIELDING TO QUESTION

Mr. Adams:

"Mr. Speaker, would Mr. Beck yield to a question?"

The Speaker (Mr. Garrett presiding):

"Mr. Beck, will you yield to a question of Dr. Adams?"

Mr. Beck:

"Yes, I will."

Mr. Adams:

"How many studies have we had on this subject, and how much have we spent on it?"

Mr. Beck:

"The very first appropriation was made by the legislature in 1947. Since that time we have expended approximately one and three-quarter million dollars in studies. We could have built a bridge across the sound in 1947 for forty-seven million five hundred thousand dollars. Today it is going to cost us in excess of two hundred twenty-five million dollars. We spent during the 1957-59 biennium in excess of eight hundred thousand dollars, and the 1959 session was the year in which we failed to pass the legislation to build a bridge. Since then we have been subsidizing the ferries to the extent of approximately fifty million dollars. This is a very urgently needed piece of legislation so we can get out of the subsidies for our ferry system."

YIELDING TO QUESTION

Mr. Clark:

"Would Mr. Beck yield to another question?"

The Speaker (Mr. Garrett presiding):

"Mr. Beck, will you yield to another question?"

Mr. Beck:

"Yes, Mr. Clark."

Mr. Clark:

"Thank you. During the 1959 session, it was commented that the cost of the bridge would be a minimum of two hundred twenty-five million dollars, and that the total assessed value of the property in the counties on the peninsula was below that figure in value of assessment. Is that correct?"

Mr. Beck:

"No, you are in error, Mr. Clark. To start with, it was not two hundred twenty-five million dollars, it was one hundred ninety-three million dollars to build the bridge, and the total assessed valuation of the entire Olympic Peninsula is somewhere around two hundred million dollars. But that is beside the point, we have spent in subsidies enough to have built that bridge twice."

The Speaker resumed the Chair.

STATEMENT FOR THE JOURNAL

In regard to Engrossed Senate Bill No. 523, I favor an income tax—the least regressive tax for raising revenue for education and other services.

The property tax is regressive and extremely harsh on our senior citizens and persons with low income.

The Republican Party refuses to give us enough votes for an income tax. Their support would allow the people the right to vote on how they wish to be taxed.

MARK LITCHMAN,
45th District.

EXPLANATION OF VOTE

Our vote in support of Senate Bill No. 523 (10 mills tax at the state level for a two-year period only) is a vote for it as a part of the "Foundation for Education" tax reform package. Taken by itself, we would oppose the measure, partly on account of the tax increase, but mainly because it removes control of taxing policy from the local to the state level. However, it is an integral part of the tax reform package. This package we strongly support, because it reduces from fifty percent to thirty percent the consti-

tutional limit on real property taxes, at the same time vesting control of taxing policy in local authority.

YIELDING TO QUESTION

Mr. Klein:

"Mr. Speaker, I would like to direct a question to Mr. Brouillet or Mr. Uhlman who gave the major talks for this resolution. I would like to know how anyone thought the state of Washington could amend the Enabling Act of 1889. We could amend the Constitution, but that still doesn't amend the Enabling Act. It seems to me congress is the only body that can amend it. When they gave us the trust fund, they told us how to handle it, and I don't think we can disobey congress now."

The Speaker (Mr. Garrett presiding):

"Mr. Uhlman, your name has been mentioned. Do you wish to answer Mr. Klein's question?"

Mr. Uhlman:

"Yes, I will yield. We don't have to amend the Enabling Act as it refers to land. This resolution refers to timber and other crops, and is buttressed by an attorney general's opinion. In the amendment which we are considering here it says, 'property *other than timber and other crops* from school and state lands, other than those granted for specific purposes; all moneys received from persons appropriating stone, minerals or property *other than timber and other crops* from school and state lands other than those granted for specific purposes.' All we are talking about is timber and other crops. We are developing a new theory here, which speakers have alluded to, and that is in developing timber as a crop we can easily differentiate between it and stone or minerals. We are not going to allow the sale of minerals or oil or other items such as that to be diverted from the permanent school fund."

Mr. Burtch demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Engrossed Senate Joint Resolution No. 22, and the resolution passed the House by the following vote: Yeas, 84; nays, 8; absent or not voting—7.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Braun, Brouillet, Burtch, Canfield, Chatalas, Clark, Conner, Cunningham, Day, DeJarnatt, Dootson, Elder, Eldridge, Epton, Finch, Flanagan, Gallagher, Garrett, Goldsworthy, Gorton, Grant, Harris, Haussler, Hawley, Hood, Humiston, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Juelling, Kalich, King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, McCaffree, McCormick, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Dell, Olsen, Pierre, Pritchard, Radcliffe, Rogers, Saling, Sawyer, Sheridan, Smith, Swayze, Taplin, Taylor, Traylor, Uhlman, Valle, Wang, Warnke, Whetzel, Witherbee, Wolf—84.

Engrossed Senate Joint Resolution No. 22, having received the constitutional two-thirds majority, was declared passed.

EXPLANATION OF VOTE

As the record should show, I questioned whether the Senate amendment would do as its friends on the floor claimed, that is, that it would only be further authorizing use of timber as a crop proceeds for school building construction purposes. The record should also show my questioning whether this entire proposal wouldn't also require an amendment of the Congressional Enabling Act of 1889. In the course of colloquy on this, Representative Uhlman stated we were only voting on the amendment, and through unfortunate reliance on this, and not believing that we were voting on final passage, my vote was recorded "aye" whereas I want the record to show my vote with the small minority of "nay" votes.

Debate ensued, Representative Adams speaking in favor of the motion, and Representative Smith speaking against it.

The Clerk called the roll on the motion to refer the resolution to Rules Committee, and the motion was carried by the following vote: Yeas, 48, nays, 41; absent or not voting, 10.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Angevine, Berentson, Bledsoe, Brachtenbach, Brouillet, Canfield, Clark, Cunningham, Dootson, Eldridge, Finch, Flanagan, Garrett, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Jueling, Kirk, Leland, Lux, Lynch, Mahaffey, Mast, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Dell, Olsen, Perry, Pritchard, Saling, Sawyer, Swayze, Traylor, Uhlman, Wang, Whetzel, Wolf—48.

SIGNED BY THE SPEAKER

The Speaker announced that he was about to sign: House Joint Memorial No. 10; also

House Joint Resolution No. 39; also

Senate Bill No. 417.

Mr. Burtch demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll, and all members were present except Representatives Backstrom, Johnston (Elmer E.), O'Donnell, Rogers, Thompson, Uhlman, and Warnke.

Mr. Burtch moved the absent members be excused and the House proceed with business under the call of the House.

POINT OF INQUIRY

Mr. Copeland:

"Mr. Uhlman was not excused by the Speaker, is that correct?"

The Speaker:

"That is correct."

Mr. Copeland:

"I think as Chairman of the Ways and Means Committee, he should be here."

The Speaker:

"House Joint Resolution No. 42 came out of the Subcommittee on Revenue. Vice Chairman Litchman is here, and I think he can take care of its adequately."

Debate ensued, Representative Brachtenbach speaking against the motion to excuse the absent members and proceed under the call of the House.

The Speaker:

"Mr. Brachtenbach, you should not be impugning the motives of any member. We all know the importance of this legislation."

The motion was lost.

The Sergeant at Arms was instructed to bring in Mr. Uhlman.

POINT OF INQUIRY

The Speaker recognized Mr. Chatalas on a point of inquiry.

Mr. Chatalas:

"Would it be proper to make a motion to have House Joint Resolution No. 42 placed at the bottom of the calendar?"

The Speaker:

"No, not until we are able to proceed under the call of the House, or dispense with it."

Mr. Uhlman appeared at the bar of the House.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Uhlman on a point of personal privilege.

Mr. Uhlman:

"Apparently in my absence my motives were impugned, and I would like the record to show that the Sergeant at Arms found me over in the Senate, working with Mr. Warren Bishop on the school apportionment program."

The Speaker:

"The record will so show."

MOTION

On motion of Mr. O'Brien, the absent members were excused and the House proceeded with business under the call of the House.

SECOND READING OF BILLS

House Joint Resolution No. 42, by Representatives Hurley, Backstrom, and McCormick:

Limiting the sales tax and compensating use tax to four percent.

The resolution was read the second time in full.

Mr. Clark moved adoption of the following amendment:

On line 13, after "four percent" and before the period insert "*Provided*, That the legislature shall levy and collect taxes to comply with its constitutional and paramount duty to make ample provision for the education of the students within its borders."

POINT OF ORDER

The Speaker recognized Mr. O'Brien on a point of order.

Mr. O'Brien:

"I rise to a point of order and question whether or not the amendment is germane to this constitutional amendment. Reed's Rules, section 131, states: 'The object of an amendment is to so change the main proposition that it may more nearly conform to the judgment of the assembly.' This whole proposition pertains to limitation on the sales tax. By making such an amendment, Mr. Clark is actually making a provision for an appropriation. Appropriation and revenue items are not compatible in such a situation."

POINT OF ORDER

Mr. Brachtenbach:

"Point of order, Mr. Speaker. As I understand Mr. Clark's amendment, the sales tax would be limited except for this specific purpose. It is highly germane to the proposal before us. He is saying there is a specific situation in which we shall not limit the sales tax."

POINT OF ORDER

The Speaker recognized Mr. Burtch on a point of order.

Mr. Burtch:

"I would also agree that the amendment is germane to the resolution before us, and I think it points out how important it is not to put caps on the sales tax without an overall review of the state tax structure."

RULING BY THE SPEAKER

The Speaker:

I will rule the amendment is germane."

Mr. Brachtenbach demanded an electric roll call on the amendment by Mr. Clark, and the demand was sustained.

Debate ensued, Representative Hurley speaking against the amendment.

POINT OF INFORMATION

Mr. Angevine:

"Would you have the Clerk reread the amendment please?"

The Speaker:

"In rereading the amendment, I find there is an amendment at the desk by Mr. Klein and other members of the House, and Mr. Clark's amendment would actually be an amendment to that amendment. I am, therefore, going to ask that the Clerk read the amendment by Mr. Klein, and then read Mr. Clark's amendment which would be an amendment to the amendment then under consideration."

Mr. Rogers appeared at the bar of the House.

Mr. Klein moved adoption of the following amendment by Representatives Kull, DeJarnatt, Lux, Grant, Bottiger, Litchman, Olsen, Jastad, Marzano, Savage, Radcliffe, Conner, Sheridan, Moon, Brouillet, Gallagher, Beck, Anderson (Eric O.), Sawyer, King (Richard "Dick"), Witherbee, Angevine, and Klein:

Beginning with "The legislature" in line 9, strike everything down to and including the period after "four percent" in line 13 and insert in lieu thereof the following:

"The legislature may impose a graduated or flat rate net income tax on every corporation or person and may provide for deductions and exemptions as it deems just and proper: *Provided*, That during the time there is imposed any such tax:

"(1) Retail sales tax may not exceed two percent on prescription drugs, nor on the sale for off-premises consumption of food items including nonalcoholic beverages;

"(2) No business and occupation tax measured by gross income shall be imposed by the legislature on the privilege of doing business in the state unless both the rates and services of the business are regulated by the state, or unless the business is conducted by a municipal corporation; and

"(3) The provisions of Article VII, section 2 (as amended) providing for assessed valuation of property at fifty percent of true and fair value shall be reduced to thirty percent of the true and fair value.

"The legislature may coordinate the administration and collection of state income taxes with the income tax laws and procedures of the United States, and may prescribe the means of coordination of state and United States tax laws and methods for the allocation of income for taxing purposes."

POINT OF ORDER

The Speaker recognized Mr. Clark on a point of order.

Mr. Clark:

"Inasmuch as my amendment has been read to the House, and there may be amendments to it, it would, perhaps, be better to delay consideration of it. I would like to ask, if there is no objection by the House, that final consideration be given

to the amendment I proposed after we have acted upon the other tax restriction measures or amendments that may be at the desk, so that the amendment I put in which is not totally in the field of taxation, but is a protective measure to reserve for schools in the Constitution the protection of ample taxation in the future, will be considered last."

The Speaker:

"With the consent of the House, we will consider Mr. Clark's amendment after Mr. Klein's amendment."

Mrs. Hurley objected.

MOTION

Mr. Clark moved that his amendment follow final consideration of other amendments to House Joint Resolution No. 42 that have been or may be before the House.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"I think this is completely unnecessary. Mr. Clark has placed a motion and may withdraw it by virtue of the fact that Mr. Klein has been allowed to place a motion. Therefore, Mr. Clark's motion is not before the House at this time."

Mr. Clark:

"I have an amendment before the House, and the Speaker has ruled it can go ahead of these other amendments. I am willing to postpone it, and I intended to move consideration of the amendment after we had completed the other amendments."

The Speaker:

"With Mr. Clark's permission, his amendment will be withdrawn."

The Speaker declared the question before the House to be the amendment by Mr. Klein and others.

Mr. Flanagan moved adoption of the following amendment to the amendment:

Amend the amendment by Representatives Klein, Kull, DeJarnatt, Lux, Grant, Bottiger, Litchman, Olsen, Jastad, Marzano, Savage, Radcliffe, Conner, Sheridan, Moon, Brouillet, Gallagher, Beck, Anderson (Eric O.), Sawyer, King (Richard "Dick"), Witherbee, and Angevine as follows:

In the first paragraph after the comma following "Provided" insert "That not less than fifty percent of ad valorem taxes due and paid by any individual taxpayer during any income tax reporting period, shall, upon proper claim therefor, be deducted from the final net income tax amount computed to be due from each individual taxpayer: *Provided Further,*"

Debate ensued, Representative Flanagan speaking in favor of the amendment to the amendment.

YIELDING TO QUESTION

Mr. O'Brien:

"Mr. Speaker, will Mr. Flanagan yield to a question?"

The Speaker:

"Will you yield, Mr. Flanagan?"

Mr. Flanagan:

"Yes."

Mr. O'Brien:

"Mr. Flanagan, I listened with a great deal of interest to your argument supporting this deduction against the income tax. How much would this amount to in dollars? Do you have some figures which might help us?"

Mr. Flanagan:

"Yes, I have the figures for the various rates of taxes here. Taking a six percent individual income tax, and a corporate income tax of six percent, which would replace the business and occupation tax, the total yield from the individual income tax would be \$480 million a biennium. The loss from the property tax of \$262 million would leave a net of \$218 million a biennium. The corporation income tax of six percent would yield \$72 million, which, added together, makes \$290 million. Then, subtracting the loss of the business and occupation tax of \$164,500,000, it would leave a net increase of revenue of \$124,500,000. Now, if you want to go to the five percent net individual income tax, that will bring in \$400 million a biennium. The loss of the property tax would be \$232 million, leaving a net of \$168 million. If you add the corporation income tax of \$72 million and subtract the loss of the \$164,500,000 business and occupation tax, it would yield \$74,500,000 a biennium. This will replace any tax package that we might enact this session. It would be considerably more than we enact this time; and it would replace a hodge podge of unrelated taxes and be a good reform tax measure."

Debate ensued, Representatives Moos and Canfield speaking in favor of the amendment, and Representatives Klein, May, Dootson, and Litchman speaking against it.

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

Mr. Mast demanded the previous question, and the demand was sustained.

The Clerk called the roll on the amendment by Mr. Flanagan to the amendment by Mr. Klein and others, and the motion was lost and the amendment was not adopted by the following vote: Yeas, 37; nays, 57; absent or not voting, 5.

In subsection (1) of the amendment, after "drugs" and before the comma insert "and all services for medical, dental, hospital and nursing home care"

Debate ensued, Representative Harris speaking in favor of adoption of the amendment.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Perry on a point of parliamentary inquiry.

Mr. Perry:

"Mr. Harris is amending a section we have passed in the amendment. How many amendments to the amendment are going to be allowed to this particular section?"

RULING BY THE SPEAKER

The Speaker:

"I have ruled before, Mr. Perry, that once we open up amendments to amendments, they can be introduced as they come to the desk. That is what we are doing at this time, and I therefore rule this amendment is in order."

Further debate ensued, Representatives Harris and Klein speaking in favor of the amendment to the amendment, and Representatives Litchman and Day speaking against it.

Those absent or not voting were: Representatives Backstrom, Johnston (Elmer E.), O'Donnell, Thompson—4.

EXPLANATION OF VOTE

I voted against Mr. Harris' amendment to Mr. Klein's amendment because it was destroying the good amendment by Mr. Klein, not that I would be against medical, dental, hospital or nursing home care exemptions.

ERIC O. ANDERSON,
21st District.

Those absent or not voting were: Representatives Backstrom, Johnston (Elmer E.), O'Donnell, Thompson—4.

The Speaker stated the question before the House to be the amendment by Mr. Clark.

POINT OF INFORMATION

Mr. Clark:

"The question has been raised whether this amendment is in the wrong place. Probably it should be a subsection to follow Mr. Klein's amendment."

The Speaker:

"If it is agreeable to you, it could be inserted as a proviso at the end of Mr. Klein's amendment."

Mr. Clark:

"That is agreeable."

With the consent of the House, Mr. Clark withdrew his original amendment and moved the adoption of the following amendment:

Amend the amendment by Representatives Klein, Kull, DeJarnatt, Lux, Grant, Bottiger, Litchman, Olsen, Jastad, Marzano, Savage, Radcliffe, Conner, Sheridan, Moon, Brouillet, Gallagher, Beck, Anderson (Eric O.), Sawyer, King (Richard "Dick"), Witherbee and Angevine, as follows:

After "taxing purposes" and before the period insert "*Provided*, That the legislature shall levy and collect taxes to comply with its constitutional and paramount duty to make ample provision for the education of the students within its borders."

Debate ensued, Representative Clark speaking in favor of the amendment.

YIELDING TO QUESTION

Mr. Bottiger:

"Mr. Speaker, I wonder if Mr. Clark would yield to a question?"

The Speaker:

"Mr. Clark, will you yield?"

Mr. Clark:

"Surely."

Mr. Bottiger:

"Mr. Clark, I have a great deal of respect for your ability, but is it your intention that your amendment would, in a sense, say we could violate the preceding subsections?"

Mr. Clark:

"That isn't what it says, sir. It simply, in substance, says what the Constitution already states, and I followed the wording quite carefully, that it shall be the paramount requirement of the state to make ample provision for the education of its students. That is the intent of it."

Mr. Bottiger:

"There is no intent that in order to raise additional moneys for education, we would ignore one of the subsections?"

Mr. Clark:

"This could be so construed to give legislative authority to do so, since you raise the question. I had considered that in writing the amendment; but in any event, regardless of the income of the state from whatever source, we shall have the obligation to provide as our paramount duty, quoting from the present constitutional provision, to make ample provision for the education of the students within the borders of this state. This is the intent and the way I am sure it would be construed."

Further debate ensued, Representatives Bottiger, O'Brien, Klein, and Burtch speaking against the amendment to the amendment.

Mr. Smith demanded the previous question, and the demand was sustained.

The Clerk called the roll on the amendment by Mr. Clark to the amendment by Mr. Klein, and others. The motion was lost, and the amendment was not adopted by the following vote: Yeas, 38; nays, 57; absent or not voting, 4.

WHEREAS, Mr. Cummings and the Tacoma News Tribune are to be commended for bringing these essential facts to the people;

Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington do commend Robert C. Cummings and the editors of the Tacoma News Tribune for the aforesaid news story and for their general excellent coverage of the legislative session; and

NEWS STORY BY ROBERT C. CUMMINGS

(Reprint from Tacoma News Tribune, Tuesday, April 13, 1965)

Spotlight on Olympia

LEGISLATORS WORK HARD IN COMMITTEE SESSIONS

Averaged over the more than three months it has been here, the 39th Legislature may have spent less time in actual session than many of its predecessors, but you can't judge a Legislature's work by the time spent on the floor of the House or Senate.

What the public doesn't see are the hours spent in committees. These are often strenuous, wearing hours; this is where the real work is performed.

Take Palm Sunday, for instance. Both houses met only briefly that day, and there was some criticism that "the Legislature wasn't doing anything."

NINE-HOUR DAY

However, the Senate Ways and Means Committee worked a full nine hours that day. The only reason for calling the two houses into session that day was to keep the committee members in town. There wasn't much that could be done until the committee work was completed.

There are 31 members on the Senate Ways and Means Committee, nearly one-third of the total membership of 49.

The House Ways and Means Committee has 47 members, nearly half of the 99-member House.

The work has been more strenuous on the Senate Ways and Means Committee because it has been working on the budget bill this session.

Some of these members have spent an average of six hours a day in committee, in addition to that spent on the floor while in session.

House Ways and Means Committee members have been working almost as hard. The members had to keep close touch and they have been working on their own version of the budget.

30 PUBLIC HEARINGS

Some 30 public hearings were held on various phases of the budget and most of the House members attended all of these.

Besides the budget, both committees also had to consider every bill that came up which had a financial impact.

In addition, each member had other committee meetings to attend.

Every senator, including those on Ways and Means, belongs to at least five committees. Some belong to six.

Most House members belong to at least four committees.

Those belonging to Judiciary Committee in either House would start their day by spending an hour or more in Judiciary. Judiciary committees usually meet before the House or Senate convenes each day while there are bills to consider.

AFTERNOON MEETINGS

Other committees met late afternoon, after adjournment, so it was a long day for many. During the first 47 days of the regular session, those working on legislative redistricting often put in longer hours even than those on Ways and Means. There is plenty of work to do on the other standing committees, also. After the first two weeks, every committee has a stack of bills to consider. It is expected to consider the effect each bill will have on the public in general, as well as those directly interested.

Good bills are frequently improved with amendments, or possibly modified. Amendments some times make other bills acceptable. Other bills are cast aside for one reason or the other.

When the redistricting logjam broke, some poor legislation managed to slip through. This was due partially to the fact that the law makers were anxious to ram through as many bills as possible after the long delay.

REDISTRICTING PROBLEM

It was also due partially to the fact that while redistricting was under way, many legislators couldn't keep their minds on committee work. They kept looking over their shoulders to see if somebody was trying to gerrymander them out of their seats.

After things settled down, however, the committees functioned in normal fashion. A lot of faulty legislation failed to get through because of committee work. Many people judge the work of a Legislature by the number of bills it passes. A more accurate yardstick might be the number of bills it doesn't pass. Most of the bad legislation is spotted and either killed or put into acceptable form because of the work that has been done in committees.

Whether this has been a good or bad Legislature will be judged by the voters next year.

But good or bad, nobody who knows the inside story can say that the legislators didn't work at it.

YIELDING TO QUESTION

Mr. Avey:

"Mr. Speaker, this worries me. As we are going to do this in 1970, will someone explain why there is an emergency clause on it?"

The Speaker:

"Mr. Kink, would you care to answer Mr. Avey's question?"

Mr. Kink:

"Mr. Avey, it will take at least two to four years to set up the council and to pick the site for the new college, so I think the emergency clause is needed, because we want to get started as soon as possible."

The motion was carried, and the amendment to the title was adopted.

....., *Chairman*.

We concur in this report: H. Maurice Ahlquist, Hayes Elder, S. E. (Sid) Flanagan, Gary Grant, Mrs. Douglas (Gladys) Kirk, Mary Ellen McCaffree, Ray Olsen, Robert A. Perry, Jack Rogers, Gerald L. Saling.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

The Clerk called the roll, and all members were present except Representatives Bozarth, Braun, Haussler, O'Donnell, Pierre, Thompson, and Traylor, who were excused.

SECOND READING OF BILLS

On motion of Mr. Sawyer, the rules were suspended, Engrossed Substitute Senate Bill No. 374 was advanced to second reading and read the second time by sections.

Mr. Uhlman moved the adoption of the committee amendment.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Uhlman on a point of parliamentary inquiry.

Mr. Uhlman:

"Would it not now be in order to present any amendments to the committee amendment, because the effect of adopting the committee amendment now would preclude any amendments to the amendment."

The Speaker:

"That is correct Mr. Uhlman. You may make your remarks supporting the committee amendment, and then we will read in amendments to the amendment."

Debate ensued, Representative Uhlman speaking in favor of adoption of the committee amendment.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Clark on a point of personal privilege.

Mr. Clark:

"I wish to advise the members of the House that Mr. Uhlman conducted a hearing last evening from 8:00 p. m. until 1:00 a. m. this morning in very able fashion, with full permission and courtesy to all members of the Committee on Ways and Means. A very considerable time was spent, and very fair treatment was given in all regards to every member who wished to express himself on the amendments. It seems to me that a great deal of work has gone into this bill. Mr. Uhlman has shown the same graciousness throughout as he is now in suggesting that if there are additional amendments, they be considered, some of which last night were not passed because the committee prevailed one way or another. We appreciate what he has done, and what he is willing to do now."

The Speaker:

"I think I can speak on behalf of all the House members, Mr. Uhlman, in saying that we certainly appreciate the hard work you and the committee have exerted on this bill."

Mr. Uhlman:

"Thank you, Mr. Speaker and members of the House. I'd like to heap a number of accolades on the members of the Ways and Means Committee. I think for these ninety days they have spent a considerable amount of time and personal effort. A number of Saturday afternoons when the noncommittee members were home, the Ways and Means Committee members were meeting and discussing this budget and discussing revenue measures. I think the members who are happy to serve on this committee deserve great accolades, and I appreciate very much the comments you made, Representative Clark."

Mr. O'Brien moved the adoption of the following amendment to the committee amendment:

On page 4, line 26 of the amendment by the Committee on Ways and Means, after "Governor:" insert "Provided, That \$85,000.00 of this amount be allotted for an examination and review by a nationally recognized firm of tax experts on the tax structure of the state of Washington and its political subdivisions, and that an advisory tax council of nine members be appointed by the Governor for the purpose of selection of this firm:"

Debate ensued, Representatives O'Brien and Uhlman speaking in favor of adoption of the amendment to the committee amendment.

YIELDING TO QUESTION

Mr. Klein:

"Mr. Speaker, will Mr. O'Brien yield to a question?"

The Speaker:

"Will you yield, Mr. O'Brien?"

Mr. O'Brien:

"Yes."

Mr. Klein:

"Since 1957 when you served as Speaker of the House here, we have had a state body known as the Tax Advisory Council composed of fifteen members. This body still does exist although we haven't made an appropriation for it for several bienniums. Would you be willing to accept an amendment to the amendment that this advisory council may serve as the advisory council to the Governor for selection of someone to carry out the study that is designed to stand as the purpose of your amendment?"

Mr. O'Brien:

"Well Mr. Klein, I am cognizant of this prior Tax Advisory Council, but the purpose for which it was set up was generally different. This proposed council would just, more or less, be set up for the purpose of selection of a nationally recognized firm of tax experts. The reason for the prior council was to delve into the problems themselves, so this actually has a different purpose. I would be hopeful that two members of the legislature might be appointed by the Governor representing each political party, however; but actually this tax advisory council has a different purpose than the one set up in 1957."

The motion was carried, and the amendment by Mr. O'Brien to the committee amendment was adopted.

Mr. Harris:

"Yes."

Mr. Sheridan:

"Representative Harris, you made a fine case for these people in nursing homes, but I note from the roll call that you opposed my amendment which would have helped children on the aid to dependent children rolls and others. Do you think you are being consistent by opposing my amendment and supporting this?"

Mr. Harris:

"Representative Sheridan, I was of the opinion that your amendment related entirely to ratable reductions, and I believe there is enough leeway in this budget to give and take a little bit if it is required. I do not believe in ratable reductions as a principle."

Mr. Mast demanded the previous question, and the demand was sustained.

On page 6, line 13 of the amendment by the Committee on Ways and Means after "\$152,812" insert: " : Provided, That the salary paid the executive secretary shall not be less than \$10,500 annually."

YIELDING TO QUESTION

Mr. Canfield:

"Mr. Speaker, will Mr. Smith yield?"

The Speaker:

"Mr. Smith, will you yield to a question?"

Mr. Smith:

"Yes."

Mr. Canfield:

"This is the first time in my experience in this legislature that we have ever attempted to include a salary for an individual in a general appropriation bill. Are you suggesting that we now initiate the procedure of indicating what the salary to be paid.

to every person on the state payroll should be, or what the floor should be, in a general appropriations bill?"

Mr. Smith:

"In this case I am only saying that the floor should not go below a certain point. We have allowed so much latitude that boards like this would be in their legitimate right to set a salary at one or two thousand dollars, which would be a means of turning down an individual well qualified. I have reasons for which I speak. I don't wish to go into any differences of opinion I have with the board or differences of opinion with individuals, but I do feel this is necessary to make sure we attract the right type of individual."

The motion was lost, and the amendment by Mr. Smith to the committee amendment was not adopted.

Mr. Smith moved the adoption of the following amendment to the committee amendment:

On page 6, line 13 of the amendment by the Committee on Ways and Means, after "\$152,812" insert ": *Provided further*, That not more than \$12,000 may be used in providing an Educational Program pertaining to the prevention of discrimination in the sale of real estate where real estate brokers and salesmen are involved. Such program shall include the processing of complaints against brokers and salesmen in the sale of real estate and an attempt to conciliate all disputes relating to same, and upon failure to reach agreement a report containing all details will be forwarded to the Governor for action as he may see fit under his executive authority."

Debate ensued, Representative Smith speaking in favor of adoption of the amendment, and Representative Uhlman speaking against it.

Mr. Newschwander demanded the previous question, and the demand was sustained.

Mr. Smith demanded an electric roll call, and the demand was not sustained.

The motion was lost and the amendment to the amendment was not adopted.

Mr. Smith moved the adoption of the following amendment to the committee amendment:

On page 11, line 28 of the amendment by the Committee on Ways and Means, after "father" strike all of the matter down to and including "her" on line 30

Debate ensued, Representative Smith speaking in favor of adoption of the amendment to the committee amendment, and Representative Uhlman speaking against it.

Mr. Juelling demanded the previous question, and the demand was sustained.

The motion was lost, and the amendment by Representative Smith to the committee amendment was not adopted.

Mr. Beck moved the adoption of the following amendment to the committee amendment:

On page 17, beginning on line 2 of the amendment by the Committee on Ways and Means, after "Appropriation" strike all of the material down to and including "Centers" on line 4

Debate ensued, Representatives Beck and Uhlman speaking in favor of adoption of the amendment to the committee amendment.

Mr. Newschwander demanded the previous question, and the demand was sustained.

The motion was carried, and the amendment by Representative Beck to the committee amendment was adopted.

The Speaker stated the question before the House to be the committee amendment as amended to Engrossed Substitute Senate Bill No. 374.

YIELDING TO QUESTION

Mr. Smith:

"Mr. Speaker, will Representative Uhlman yield to a question?"

The Speaker:

"Mr. Uhlman, will you yield?"

Mr. Uhlman:

"Yes, I yield."

Mr. Smith:

"Did I understand you to say when we were considering the amendment earlier, that it was the legislative intent that a program of education be started by the state board against discrimination in the field we mentioned in housing?"

Mr. Uhlman:

"Representative Smith, for the record, yes, this is the legislative intent. This will be written in the conference minutes if the conference committee decides to accept this House recommendation, this House figure, and if both houses of the legislature affirm this."

YIELDING TO QUESTION

Mr. Clark:

"Mr. Speaker, would Mr. Uhlman yield to a question?"

The Speaker:

"Mr. Uhlman, would you yield?"

Mr. Uhlman:

"Yes, I will yield."

Mr. Clark:

"Did the members of your committee ever approve the statement you just made, by motion or otherwise?"

Mr. Uhlman:

"Yes, this was the specific reason the nine thousand dollars was added to the budget. It was considered at some length by the subcommittee, and this is the reason for the increased appropriation to the board. It was felt we should develop the educational aspects rather than the enforcement aspects as has been done."

Mr. Clark:

"Mr. Smith's question went further than your reply just now. He asked if it is earmarked specifically, whether your committee put it on a salary base or for a particular subject matter."

Mr. Uhlman:

"There is no earmarking, Representative Clark, in the body of the bill itself. Unless we specifically earmarked the funds, legislative intent would have to be construed by such means as the question Representative Smith just asked. I suppose his question is for the record so he can look at it at a later date, or the conference committee minutes themselves could indicate the legislative intent."

YIELDING TO QUESTION

Mr. Adams:

"Mr. Speaker, I would like to ask one other question of Mr. Uhlman."

The Speaker:

"Mr. Uhlman, will you yield?"

Mr. Uhlman:

"Yes."

Mr. Adams:

"The law as written provides very liberally from the standpoint of education, is that right? It is already written in the statutes that this board has a right to carry on educational matters?"

Mr. Uhlman:

"It is my belief that it does, and it is our intention, and I believe I am speaking for the subcommittee on this, that we would permit the board these additional funds to employ an individual to operate, within statutory limits, in educational areas."

Mr. Adams:

"The committee did not specify the nine thousand dollars would be spent in the area of real estate agents and real property? It was for the entire field of education, isn't that correct, rather than limited to this one area as Mr. Smith intends to imply?"

Mr. Uhlman:

"Mr. Adams, I think the legislative intent is set out very clearly in our explanatory sheet, which states as follows: 'Board Against Discrimination—The executive recommendation included one additional employee, beginning in the first year of the biennium. The Committee feels that if this agency is to do an effective job especially in the educational area, another position should be authorized. The increase recommended is for one additional position in the second year of the biennium, including related retirement, travel and equipment.' "

The motion was carried, and the committee amendment was adopted.

With consent of the House, the rules were suspended, Engrossed Substitute Senate Bill No. 374 as amended by the House was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued, Representatives Uhlman, Canfield, DeJarnatt, Clark, Savage, and Pritchard speaking in favor of passage of the bill, and Representatives May and Day speaking against it.

Mr. Olsen demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 374 as amended by the House, and the bill passed the House by the following vote: Yeas, 60; nays, 22; absent or not voting, 17.

Those voting yea were: Representatives Ahlquist, Andersen (James A.), Anderson (Eric O.), Backstrom, Beck, Berentson, Bledsoe, Bottiger, Brouillet, Burtch, Chatalas, Clark, Conner, Copeland, Cunningham, DeJarnatt, Elder, Eldridge, Finch, Flanagan, Gallagher, Goldsworthy, Gorton, Hawley, Humiston, Johnson (Doris), Jolly, King (Chet), King (Richard "Dick"), Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, McCaffree, McDougall, Moon, Moos, O'Brien, O'Dell, Olsen, Pritchard, Radcliffe, Rogers, Saling, Savage, Sheridan, Smith, Swayze, Uhlman, Valle, Wang, Whetzel, Wolf, Mr. Speaker—60.

There being no objection, the title of the bill was ordered to stand as the title of the act.

They will spend it in building a facility which is pictured on the front page of this newspaper. This facility will be very close to the University of Washington Graduate Center which will also be built in our area, and of course I feel that this is the beginning of a nucleus for nuclear energy and development in our state. This is twenty million dollars of private money coming into our state from outside the area, and of course Battelle will also spend one hundred thousand dollars in matching funds for the University of Washington Graduate Center. I hope you will enjoy the paper as much as I did."

On motion of Mr. Copeland, the House recessed until 3:05 p. m.

SECOND AFTERNOON SESSION

The Speaker called the House to order at 3:05 p. m.

The Clerk called the roll, and all members were present except Representatives Bledsoe, O'Donnell, and Thompson, who were excused.

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., April 19, 1965.

MR. SPEAKER:

The Senate has granted the request of the House for a conference on Engrossed Substitute Senate Bill No. 374 and the House amendments thereto, and the President has appointed as members of the conference committee thereon: Senators Foley, Dore, Neill.

WARD BOWDEN, Secretary.

The Speaker stated the question before the House to be the motion of Mr. Avey to reconsider the vote by which Engrossed House Bill No. 586 passed the House.

Debate ensued, Representative Savage speaking against the motion to reconsider.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Grant on a point of personal privilege.

Mr. Grant:

"Mr. Speaker, please correct me if I am wrong, but is this not a special occasion for you today? Thirty-five years ago today, Mr. and Mrs. Schaefer gave birth to a bouncing little boy they called 'Bobby,' and I think it only fitting that we now pay tribute to our Speaker, Robert Schaefer, on his birthday. The page will bring in the birthday cake."

The Speaker received a standing ovation from the members.

The Speaker:

"I want to thank you all for this beautiful birthday cake. Since I wasn't able to be home today, we celebrated my birthday yesterday on Easter. I appreciate the thoughtfulness of all the members on this day. I certainly didn't think we would still be here on my birthday."

YIELDING TO QUESTION

Mr. Slagle:

"Mr. Speaker, would Representative Savage yield to a question?"

The Speaker:

"Mr. Savage, will you yield?"

Mr. Savage:

"Yes sir."

Mr. Slagle:

"Mr. Savage could you tell me the cost of the present highways building when it was built two and one-half years ago?"

Mr. Savage:

"I didn't say what the present one cost."

Mr. Slagle:

"I understand it cost four million dollars two and one-half years ago, and my question is this, the new building would also cost four million dollars. The cost of construction certainly hasn't gone down. I was wondering if you could explain how we could build more square feet today for the same price?"

Mr. Savage:

"Simply because the present building is not strictly a highways building. It is a seven-story office building which also houses the license department.

"The new one, more appropriate for highways but a less expensive type to build, will be three stories and built so it can be expanded. It is a more economical type of construction. You don't have to have near the foundation. It is spread over a broad area. It will have ninety thousand square feet to begin with. The present quarters have seventy-eight thousand square feet, so it will be quite an expansion immediately."

Further debate ensued, Representative Slagle speaking in favor of the motion to reconsider.

Mr. Olsen demanded the previous question, and the demand was sustained.

Mr. Sawyer demanded an electric roll call, and the demand was sustained.

The Clerk called the roll on the motion by Representative Avey to reconsider the vote by which Engrossed House Bill No. 586 had passed the House. The motion failed by the following vote: Yeas, 21; nays, 71; absent or not voting, 7:

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Mr. Speaker, does this bill fall within the provisions of the Concurrent Resolution providing the rules under which we are operating this extraordinary session, which limits all bills to be considered to those relating to revenue and appropriation measures?"

The Speaker:

"The Senate has introduced the bill and has construed it as such, and the Speaker does also. Since the Senate passed the bill today, I am sure they took this into consideration."

Debate ensued, Representatives Andersen (James A.) and Copeland speaking against the motion, and Representative O'Brien speaking in favor of it.

The Clerk called the roll on the motion to suspend the rules and advance Senate Bill No. 564 to second reading. The motion was lost by the following vote: Yeas, 56; nays, 40; absent or not voting, 3.

Those voting yea were: Representatives Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Conner, DeJarnatt, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Hurley, Jastad, Johnson (Doris), Jolly, Kalich, King (Chet), King (Richard "Dick"), Kink, Klein, Kull, Litchman, Lux, Marsh, Marzano, Mast, May, McCormick, Moon, O'Brien, Olsen, Pierre, Radcliffe, Rogers, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—56.

Mrs. Hurley:

"Don't we have a motion pending on the floor?"

The Speaker:

"We do."

POINT OF ORDER

The Speaker recognized Mr. Burtch on a point of order.

Mr. Burtch:

"The motion to suspend the rules is a priority motion and the body at any time it wishes can suspend the rules. That is the purpose of the motion. I submit it is inherent in the motion that if two-thirds of the body wishes to suspend the rules, they can do so at any time, whether there is a motion pending or not."

The Speaker:

"You are correct, it is of a higher rank."

POINT OF INQUIRY

The Speaker recognized Mrs. Hurley on a point of inquiry.

POINT OF ORDER

The Speaker recognized Mrs. Hurley on a point of order.

Mrs. Hurley:

"Mr. Speaker, and ladies and gentlemen of the House, I call your attention to the amendment which is a defective amendment. It is a composite of all the amendments that were adopted, but also the sponsorship has been so joined together that nobody can tell which amendment was proposed by which Representative. I know that Mr. Harris didn't propose the income tax amendment, and I know that some of the rest of these sponsors didn't propose some portions of this amendment which is attributed to all of us, Mr. Speaker, so I say the amendment is defective and must be removed."

The Speaker:

"The Journal will show how the amendments were placed. I think the House has the right to suspend the rules if it wants to do so and consider the bill. If they desire to erase your motion for reconsideration, they have the right."

Further debate ensued, Representative Litchman speaking in favor of the motion to suspend the rules and advance House Joint Resolution No. 42 to third reading.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. McCormick on a point of parliamentary inquiry.

Mr. McCormick:

"Last time this bill was before us we tried to suspend the rules and it was voted down. Now we are trying to do it again. Is this in order?"

RULING BY THE SPEAKER

The Speaker:

"This is in order since we have had intervening business. I have ruled previously as long as there is some intervening business, we can do this."

Mr. Litchman continued his remarks in support of the motion.

The Clerk called the roll on the motion to advance House Joint Resolution No. 42 to third reading and final passage, and the motion was lost by the following vote: Yeas, 40; nays, 54; absent or not voting, 5.

RESOLUTION

Resolution by Representatives Radcliffe, Hood, and Kink:

WHEREAS, The State of Alaska is noncontiguous with the other forty-eight states on the continent of North America; and

WHEREAS, At present, transportation and commerce to Alaska is feasible only by overland route through Canada, or by steamship or aeroplane; and

WHEREAS, Alaska has established a Marine Highway System using ferry ships for transportation; and

WHEREAS, Direct rapid contact with the northwest states is essential to the recovery and the development of the state of Alaska; and

WHEREAS, The Federal Interstate System is not able to enter into the purchase and operation of ferry vessels because of present legislation;

Now, Therefore, Be It Resolved, By the House of Representatives of the State of Washington, That we do respectfully petition and urge the Washington Delegation to the United States Congress to seek changes in those laws which now preclude the operation of ferry vessels as Interstate Highways, thereby allowing the Federal Interstate System to build and operate ferry vessels making possible the extension of highway service to the most populous portions of Alaska; and

Be It Further Resolved, That copies of this Resolution be transmitted by the Clerk of the House of Representatives to the Washington Delegation to the United States Congress.

On motion of Mr. Radcliffe, the resolution was adopted.

PERSONAL PRIVILEGE

The Speaker (Mr. Garrett presiding) recognized Mrs. Johnson on a point of personal privilege.

Mrs. Johnson (Doris):

"Mr. Speaker, I request permission to place a statement in the journal concerning further developments of the Hanford project in Washington."

The Speaker (Mr. Garrett presiding):

"Permission is granted."

STATEMENT FOR THE JOURNAL

The Atomic Energy Commission announced yesterday that it has awarded a contract to operate the five plutonium production reactors at Hanford to a joint Management Commission made up of Douglas Aircraft Corporation and United Nuclear Corporation of Maryland. In addition to operating the five Plutonium Reactors for the Atomic Energy Commission, Douglas Aircraft will within two months start construction of a two million dollar research and development laboratory to study the application of nuclear energy to space vehicle systems and to energy conversion for space and other purposes.

United Nuclear will soon start construction of a two million dollar plant to fabricate zirconium tubing, a new product in heavy demand in the nuclear industry. In addition, Douglas Aircraft and United Nuclear will jointly undertake three other projects:

(1) They will construct a two and six tenths million dollar plutonium fabrication facility for the construction of plutonium fuels for peace time power reactors. This will be in operation within three years and the only one of its kind in the Free World.

(2) The two corporations will jointly contribute one hundred thousand dollars for each of the next five years to the University of Washington Graduate Center at Hanford.

(3) The two corporations will jointly establish a small business investment corporation which they will fund with one hundred fifty thousand dollars capital to assist in the establishment of small business corporations related to nuclear energy and possibly provide service facilities for the Hanford project.

This brings to eight the number of major corporations now directly involved in the diversification of the Hanford project and directly involved in the economy of the State of Washington. They are:

(1) General Electric Company which will continue to operate the new production reactor which will produce heat for the largest steam producing plant in the world;

(2) Battelle Northwest Laboratories which will operate the research facilities at Hanford and is initiating construction of a twenty million dollar research center at Hanford;

(3) The Martin Marietta Company and;

(4) United States Rubber which will together operate the chemical separations facilities at Hanford;

(5) Computer Science Corporation which will operate the computer center at Hanford, the largest computer center west of the Mississippi except those involved with NASA;

(6) United States Testing which will provide radiation monitoring and environmental control for the Hanford complex;

(7) and (8) United Nuclear and Douglas Aircraft.

Bids are now being considered for support services at Hanford. These include warehouses, stores, transportation, fire protection and related services.

SECOND READING OF BILLS

Senate Bill No. 564, by Senators Greive, Cooney, Bailey, Charette, Connor, Cowen, Dore, Durkan, Foley, Gallagher, Gissberg, Hallauer, Hanna, Henry,

Herr, Herrmann, Keefe, Knoblauch, Kupka, McCormack, McCutcheon, McMillan, Mardesich, Morgan, Peterson (Lowell), Petrich, Rasmussen, Riley, Sandison, Stender, Talley, and Washington:

Increasing certain industrial insurance benefits.

MOTION

Mr. O'Brien moved the House defer consideration of Senate Bill No. 564 on second reading, and the bill be held for tomorrow's reading calendar. Debate ensued, Representative O'Brien speaking in favor of the motion.

YIELDING TO QUESTION

Mr. Bergh:

"Would Representative O'Brien yield to a question?"

The Speaker (Mr. Garrett presiding):

"Mr. O'Brien, would you yield to a question from Mr. Bergh?"

Mr. O'Brien:

"Yes."

Mr. Bergh:

"You mentioned there are negotiations going on. I wonder if you would explain who is negotiating? What do you mean when you say 'It is under negotiation'?"

Mr. O'Brien:

"I am not at liberty to disclose all the details of the negotiations, but I can assure you we are in the process of trying to work something out."

Further debate ensued, Representative Johnston (Elmer E.) speaking in favor of the motion.

The motion was carried.

Senate Bill No. 555, by Senators Thompson, Jr. and Dore:

Increasing community college fees.

The bill was read the second time by sections.

With consent of the House, the rules were suspended, Senate Bill No. 555 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued, Representative Uhlman speaking in favor of passage of the bill.

YIELDING TO QUESTION

Mr. McDougall:

"Mr. Speaker, would Mr. Uhlman yield to another question?"

The Speaker (Mr. Garrett presiding):

"Will you yield to a question, Mr. Uhlman?"

Mr. Uhlman:

"Yes, I'll be happy to."

Mr. McDougall:

"In the Senate there were, as I understand it, two bills which had to deal with increasing fees, this one for the community colleges, and the other one for the other four-year colleges. I wonder why both of these bills did not come out of Rules together. Both deal with this same subject, and I'm sure some of us who have colleges in our districts want to make sure that these increased fees are also placed on the four-year institutions."

Mr. Uhlman:

"Representative McDougall and members of the House, these two measures, Senate Bill No. 555 and Senate Bill No. 552, were reported out together by the Committee on Ways and Means. Both of them are very necessary bills. They have been pretty much agreed to by most persons involved, except perhaps some of the students, and are necessary for equality of education in our colleges and junior colleges. It is my understanding that the second measure will probably come out of the committee on Rules and Order at the next meeting. I hope so, because if it doesn't, the educational level, the quality, and the faculty-student ratio will drop in the colleges, and education will suffer in our four-year colleges in the next two years."

YIELDING TO QUESTION

Mr. Beck:

"Mr. Speaker, I would like to request Representative Uhlman to yield to a question."

The Speaker (Mr. Garrett presiding):

"Will you yield, Mr. Uhlman?"

Mr. Uhlman:

"I yield."

Mr. Beck:

"Thank you Mr. Speaker. Mr. Uhlman, I think I am going to vote for this bill, but there is a point you made that is not clear in my mind. You stated that it is your hope that this money might be used for capital outlay to construct these new colleges. Is this going to be put up as matching funds from the local districts, or are we embarking on a capital outlay program where we build these colleges with these funds?"

Mr. Uhlman:

"I'm sorry this misconception arose, because I mentioned capital outlay only as a second facet. This is operational only. This provides that the student fees will go into general operational budgets of junior colleges. As far as the capital outlay is concerned, in order for them to become truly operational, it will be necessary for the House to hold its position on a prior measure where we added the sum of three million three hundred thirty-five thousand dollars for capital outlay to four junior colleges which will provide funds to be spent at the commencement of the next biennium, without further action on the part of the legislature, for erection of facilities. The one at Walla Walla already has facilities, so it is not included. This is strictly operational, and has nothing to do with capital outlay."

Mr. Beck:

"It was the capital outlay I was curious about. Are we embarking on a program where the state is going to provide all the funds?"

Mr. Uhlman:

"Absolutely not. There is no change in the ratio of the local matching funds to the capital funds that are spent on the state level. It simply provides the necessary state funds to provide for the facilities to be built, after passage of the bond measure."

Further debate ensued, Representatives Morphis, DeJarnatt, Smith, Ahlquist, and Uhlman speaking in favor of passage of the bill, and Representatives King (Richard "Dick"), Savage, Avey, King (Chet), May, and Conner speaking against it.

Mr. Goldsworthy demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Senate Bill No. 555, and the bill passed the House by the following vote: Yeas, 62; nays, 32; absent or not voting, 5.

Those voting yea were: Representatives Ahlquist, Andersen (James A.), Beck, Bergh, Bledsoe, Bozarth, Canfield, Chatalas, Clark, Cunningham, DeJarnatt, Elder, Eldridge, Epton, Finch, Flanagan, Gallagher, Goldsworthy, Gorton, Harris, Haussler, Hawley, Hood, Humiston, Johnson (Doris), Johnston (Elmer E.), Jolly, Jueling, Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, Marzano, McCaffree, McDougall, Moon, Moos, Morris, Newschwander, O'Brien, O'Dell, Olsen, Perry, Pierre, Pritchard, Radcliffe, Saling, Smith, Swayze, Taplin, Taylor, Uhlman, Valle, Warnke, Whetzel, Witherbee, Wolf—62.

Those voting nay were: Representatives Anderson (Eric O.), Angevine, Avey, Backstrom, Berentson, Bottiger, Brachtenbach, Braun, Brouillet, Burtch, Conner, Day, Dootson, Garrett, Grant, Hurley, Jastad, Kalich, King (Chet), King (Richard "Dick"), Marsh, Mast, May, McCormick, Newhouse, Rogers, Savage, Sawyer, Sheridan, Slagle, Traylor, Wang—32.

Those absent or not voting were: Representatives Adams, Copeland, O'Donnell, Thompson, Mr. Speaker—5.

Senate Bill No. 555, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

THIRD READING OF BILLS

House Bill No. 697, by Representatives Savage, Klein, Leland, Moon, Kull, Marsh, Traylor, and Pritchard:

Providing for interim committee study of outdoor recreation problems. On motion of Mr. Burtch, House Bill No. 697 was indefinitely postponed.

House Joint Resolution No. 5, by Representatives Olsen, Chatalas, O'Donnell, Beck, Litchman, Taylor, Backstrom, Valle, Uhlman, Moon, Angevine, Grant, and Klein (by executive request of Governor Rosellini):

Proposing constitutional amendment to provide for annual sessions.

With the consent of the House, the rules were suspended, the second reading considered the third, and House Joint Resolution No. 5 was placed on final passage.

Debate ensued, Representative Grant speaking in favor of passage of the resolution.

MOTION

Mr. Olsen moved the House defer further consideration of House Joint Resolution No. 5, and the resolution was ordered held for tomorrow's third reading calendar.

YIELDING TO QUESTION

Mr. Grant:

"Will Mr. Olsen yield to a question?"

Mr. Olsen:

"That I will, sir."

Mr. Grant:

"I appreciate your right to offer this as a motion, but what is the intent of holding it over? We held it over from yesterday."

Mr. Olsen:

"Mr. Grant, the reason I am requesting this is I would like to hold it over and confer with a few of the members of the House to see if we can't amend this

resolution so we can make it more acceptable for passage. I would like to hold it over for third reading and move it back to second reading tomorrow for purposes of amendment."

Debate ensued, Representatives McDougall, Day, and Chatalas speaking in favor of the motion, and Representative Grant speaking against it.

YIELDING TO QUESTION

Mr. Smith:

"Would Mr. McDougall yield to a question?"

The Speaker (Mr. Garrett presiding):

"Mr. McDougall, will you yield to a question from Mr. Smith?"

Mr. McDougall:

"Yes."

Mr. Smith:

"Mr. McDougall, I know you are a sincere man. Do you believe with the amendment that may be proposed that we might be able to get 66 votes for this resolution?"

Mr. McDougall:

"I certainly do Mr. Smith. As I stated before, I think there are a great number of us over here who are really sincere and would like to see it changed from its present form by amendment so we could support it. My remarks on Representative Olsen's motion were not in any way an effort to destroy this resolution. I would like to see it amended so I could support it."

Mr. Smith:

"Then I urge that you do concur with Mr. Olsen's motion."

The motion was carried on a rising vote.

MOTION

On motion of Mr. O'Brien, the House adjourned until 11:00 a. m., Thursday, April 22, 1965.

WHEREAS, The Washington Interscholastic Athletic Association has under consideration whether they should drop the present regional basketball tournament for class AA schools and go back to the prior four-day tournament; and

Now, Therefore, *Be It Resolved*, By the members of this House of Representatives of the State of Washington, that we respectfully indicate to school authorities that a resumption of the four-day basketball tournament for class AA schools appears to be in order, that school districts would be well advised to schedule their spring vacation at such a time when any four-day class AA, class A or class B basketball tournament in which they would be involved would be in progress, thus relieving school authorities of any responsibility for such student spectators who should choose to attend the affair, said parents of such student spectators thus having direct responsibility therefor; and

"Mr. Speaker and Mrs. Schaefer, it is a great pleasure for me to present to you this gift as a small token of our appreciation and esteem for the outstanding and excellent service you have rendered us as Speaker of the House of Representatives. May this gift always be a fond remembrance of the legislators who have served with you during this important part of the history of the Washington State Legislature. I hope in years to come you will look at it and remember the good things that have happened and not any bad ones. It comes from the heart of all of us, when I say we have enjoyed working with you, and we want your wife to share with you this little gift as a part of our fond feeling toward you."

Mr. Copeland:

"I join with Mr. O'Brien on two counts today. I do want to join with him in wishing you our very best, and let me say that you have certainly added grace and charm to the halls of this House. (I am speaking to you, Mrs. Schaefer.) We have grown to know you with fond affection. We appreciate your being here and obviously the great help you give your husband. Mr. Speaker, I want to join Mr. O'Brien in

"I want to thank you on behalf of my wife, myself, and my family for this extraordinarily beautiful tea service. We will treasure it always. I want to say that the friendships and the wonderful relationship that we have in this House with our friends and their families will never be forgotten. I think I can truthfully say we make the best friends we will ever have in our lifetime during these legislative sessions. This gift which you have given us today is certainly appreciated very much, but we appreciate even more than this the friendship and warmth that we have been shown here. We disagree at times, but I think when the session is over, and we look back at it, we are all going to have fond remembrances of the relationships we have had with the other legislators here. I want to thank you again, and I just wish your families could be with us today, also."

Debate ensued, Representative Copeland speaking in favor of passage of the bill.

YIELDING TO QUESTION

Mr. Clark:

"Would Representative Day yield to a question?"

Mr. Day:

"Yes, I will."

Mr. Clark:

"The House sometime ago passed a bill, I believe you were the prime sponsor, to include all members of the legislature as a part of the Legislative Council. Now the Senate has passed a bill which adds a few more members from the House and Senate to the existing number. Is this as good a bill as the one that passed?"

Mr. Day:

"Mr. Clark, to begin with, this was a House resolution we passed here, requesting that the Legislative Council study the feasibility of making each member of the House and Senate a member of the council. All this bill does is increase the membership of the council for the interim between 1965 and 1967. It won't have any effect except to direct this larger interim body to study the feasibility of making each member of the legislature a member of the council. I would hope that this is not an attempt, and I think this is probably what is in your mind, to defeat the purposes of the resolution which was adopted previously. I think it is fine to expand the council for the interim, but I think they ought to continue the study we requested for the benefit of the entire legislative process."

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 566, and the bill passed the House by the following vote: Yeas, 87; nays, 3; absent or not voting, 9.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Backstrom, Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Braun, Brouillet, Burtch, Canfield, Chatalas, Clark, Copeland, Cunningham, Day, DeJarnatt, Elder, Eldridge, Epton, Finch, Gallagher, Garrett, Goldsworthy, Gorton, Grant, Harris, Haussler, Hawley, Hood, Humiston, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Jueling, Kalich, King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, May, McCaffree, McCormick, Moon, Moos, Newhouse, Newschwander, O'Brien, O'Dell, Olsen, Perry, Pierre, Pritchard, Radcliffe, Rogers, Saling, Savage, Sheridan, Smith, Swayze, Taplin, Traylor, Uhlman, Valle, Wang, Warnke, Whetzel, Witherbee, Wolf, Mr. Speaker—87.

Debate ensued, Representative Epton speaking in favor of passage of the bill.

YIELDING TO QUESTION

Mr. Perry:

"Mr. Speaker, I wonder if Mrs. Epton would yield to a question?"

The Speaker:

"Mrs. Epton, will you yield?"

Mrs. Epton:

"Yes."

Mr. Perry:

"You stated that if a person left the state permanently, you could then charge the parents of the child for the child's care under the provisions of this bill?"

Mrs. Epton:

"This charge could be made of the parents who have moved from this state and left their child here, that is true. The reason behind this is that Washington taxpayers should not be required to pay for a child's care in this state when the parents have left him and gone to another state."

Mr. Perry:

"What would the total amount be that you could charge the parents. Is this a monthly charge?"

Mrs. Epton:

"It would be a monthly charge based on ability to pay. The total amount chargeable would be the cost of the care and maintenance, exclusive of any educational program. The maximum would be around \$200.00 a month."

Further debate ensued, Representative Perry speaking against the bill, and Representatives Adams and Epton speaking in favor of it.

YIELDING TO QUESTION

Mr. Canfield:

"Would Mrs. Epton yield to a question?"

Mrs. Epton:

"Yes."

Mr. Canfield:

"Mrs. Epton, I haven't had the opportunity to study this bill, but I notice it has reference to paying the cost of care of these unfortunate children. My question is this, we don't ask the parents to pay the cost incurred by juvenile offenders or by

people who go to jail. We give them free board and room as long as the state wants to put them away. Why should we penalize the parents who have these unfortunate situations, when we don't ask those people who wilfully commit crimes?"

Mrs. Epton:

"In answer to that, this bill deals with the specific area. It does not penalize anyone as I see it, and I think I have been closer to this than anyone else in this House and perhaps even in the Senate. All this does is collect the moneys that are given to these residents for the sole purpose of their care and maintenance. This bill applies only to out-of-state parents, the people who have moved to California, Colorado, or some place else, and abandoned their children in our state institutions. Even so they would not be charged in the full amount if they did not have the ability to pay. In any case, the child is not going to be hurt, and the parents are not going to be hurt if they don't pay anything at all in the form of sales taxes or property taxes in our state that are going toward maintaining our state institutions."

Further debate ensued, Representative Litchman speaking in favor of passage of the bill.

Mr. Mast demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Substitute House Bill No. 617, and the bill passed the House by the following vote: Yeas, 82; nays, 8; absent or not voting, 9.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Backstrom, Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Braun, Burtch, Canfield, Chatalas, Clark, Cunningham, Day, DeJarnatt, Elder, Eldridge, Epton, Finch, Flanagan, Gallagher, Goldsworthy, Gorton, Harris, Haussler, Hawley, Hood, Humiston, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Juelling, Kalich, King (Richard "Dick"), Kink, Kirk, Klein, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, May, McCaffree, McCormick, McDougall, Moon, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Dell, Olsen, Pritchard, Radcliffe, Rogers, Saling, Savage, Sheridan, Slagle, Swayze, Taplin, Traylor, Valle, Wang, Warnke, Whetzel, Witherbee, Wolf, Mr. Speaker—82.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Bozarth on a point of parliamentary inquiry.
Mr. Bozarth:

"If we vote down Representative Moos's amendment, we will then have a chance to vote on the twenty-five percent assessment, will we not?"

The Speaker:

"If Mr. Moos's amendment is defeated, you would vote on the bill without any amendments."

Further debate ensued, Representative Moos speaking in favor of the amendment.

Mr. Grant demanded the previous question, and the demand was not sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Moos on a point of parliamentary inquiry.
Mr. Moos:

"We are still on the second reading, so if the amendment is lost, the resolution could still be amended. Is that correct?"

The Speaker:

"That is correct."

Further debate ensued, Representatives Harris, Canfield, Kull, and Brachtenbach speaking in favor of the amendment, and Representatives Haussler and DeJarnatt speaking against it.

YIELDING TO QUESTION

Mr. Bozarth:

"May I ask Representative Brachtenbach a question?"

Mr. Brachtenbach:

"Yes."

Mr. Bozarth:

"According to the figures I have from the tax commission, Yakima county is only assessing 17.2 percent. Wouldn't twenty-five percent be quite a sizeable increase?"

Mr. Brachtenbach:

"Twenty-five percent does give us a sizeable increase, and this is my very point, that a twenty-five percent across-the-board assessment will increase taxes substantially. On the other hand, a thirty percent assessment, with the controls, so all you take up is the fourteen mills in schools as contained in the companion bill, would result in a lesser increase. According to the figures I have, the twenty-five percent assessment would increase taxes about twenty-five percent; whereas, thirty percent, with controls, would only increase them about ten percent."

Further debate ensued, Representative Adams speaking in favor of the amendment.

YIELDING TO QUESTION

Mr. Smith:

"Mr. Speaker, I would like to ask Representative Brachtenbach a question."

The Speaker:

"Will you yield, Mr. Brachtenbach?"

Mr. Brachtenbach:

"Yes."

Mr. Smith:

"You have thoroughly confused me. You say the twenty-five percent will raise more money, and you indicate the thirty percent would raise less. So if twenty-five would raise more, it would be better for schools. Are you advocating less money for schools?"

Mr. Brachtenbach:

"No, I am not. I am saying the twenty-five percent across the board for all taxing districts provides windfalls to districts which may not need the added revenue. If schools need the amount, they get it under either the twenty-five or thirty percent assessment, but I am merely willing to go to thirty percent for schools and freeze other taxing districts at current millage, because we have local controls. If our people want to increase taxes they can do so by a majority vote. It is the finest example of local control for the benefit of local functions we could devise."

Further debate ensued, Representative Backstrom speaking against the amendment.

YIELDING TO QUESTION

Mr. Jueling:

"Mr. Speaker, will Representative Gorton yield to a question?"

The Speaker:

"Will you yield, Mr. Gorton?"

Mr. Gorton:

"Yes."

Mr. Jueling:

"From the debate here this afternoon, I think you and I probably realize there is a great deal of confusion. I was not one of those as you know, who was an advocate of the thirty percent assessment until I made a thorough study of what it would do. Now after listening to Representative Backstrom, I feel that he is completely confused, or I am, because I was under the impression that the cities and towns would be much better off under the thirty percent with controls, because you can, by majority vote of the people, raise it. I wonder if you could explain this."

Mr. Gorton:

"You are entirely right, Mr. Juelling. House Joint Resolution No. 8 wouldn't do a thing for the cities and wouldn't do a thing for the school districts, because all it does is change fifty percent to twenty-five percent. It doesn't give anyone a dime or give anyone the ability to raise assessments, so to say it is doing anything for the cities is absurd. This, coupled with House Bill No. 705 and Senate Bill No. 509 would give any city or county or fire protection district which had confidence enough in its people in leadership to give it a majority vote for the right to raise its millage, based on fifty percent valuation, up to whatever its present valuation is. Theoretically, the cities could double their property tax if they were running the government with enough confidence of the people to vote for it. If they aren't, it doesn't seem to me they deserve the money; and in the case of the twenty-five percent constitutional limit, of course there is no way to enforce twenty-five percent or give the cities a dime. So Mr. Juelling, your original understanding was right, the thirty percent coupled with a lid, will do much more for the cities than House Joint Resolution No. 8 could do."

Further debate ensued, Representatives Burtch and O'Brien speaking against adoption of the amendment.

MOTIONS

Mr. Brouillet moved House Joint Resolution No. 8 be rereferred to the Committee on Constitution, Elections, and Reapportionment.

Debate ensued, Representatives Brouillet and Grant speaking in favor of the motion, and Representative Bozarth speaking against it.

Mr. Smith moved that Mr. Brouillet's motion be laid on the table.

Mr. Brouillet demanded on electric roll call, and the demand was sustained.

The Clerk called the roll on the motion by Mr. Smith to table the motion by Mr. Brouillet, and the motion was carried by the following vote: Yeas, 79; nays, 16; absent or not voting, 4.

MOTIONS

Mr. Moos moved the House defer further consideration of House Joint Resolution No. 8, and the resolution be held for tomorrow's second reading calendar.

Mrs. Hurley moved the motion be amended to defer further consideration of House Joint Resolution No. 8 until tomorrow's second reading calendar after the vote on Mr. Moos's amendment.

RULING BY THE SPEAKER

The Speaker:

"Your motion is of the same rank, Mrs. Hurley; therefore, I would have to rule it out of order."

The Clerk called the roll on the motion to defer consideration of House Joint Resolution No. 8 until tomorrow's second reading calendar, and the motion was carried by the following vote: Yeas, 62; nays, 33; absent or not voting, 4.

Those voting yea were: Representatives Adams, Ahlquist, Angevine, Berentson, Bledsoe, Bottiger, Bozarth, Brachtenbach, Braun, Brouillet, Canfield, Clark, Copeland, Cunningham, Dootson, Eldridge, Epton, Finch, Flanagan, Garrett, Goldsworthy, Gorton, Grant, Harris, Haussler, Hawley, Hood, Humiston, Jastad, Johnston (Elmer E.), Kalich, King (Richard "Dick"), Kink, Kirk, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pritchard, Radcliffe, Rogers, Saling, Savage, Sawyer, Swayze, Taylor, Traylor, Valle, Wang, Warnke, Whetzel, Wolf—62.

YIELDING TO QUESTION

Mr. Anderson (Eric O.):

"Mr. Speaker, will Mr. Jastad yield to a question?"

The Speaker (Mr. Garrett presiding):

"Mr. Jastad, will you yield?"

Mr. Jastad:

"Yes."

Mr. Anderson:

"Mr. Jastad, will you tell us how we came about getting this building?"

Mr. Jastad:

"Mr. Anderson, I can probably give you part of the answer, but I could name another gentleman I would like to have do it, and that is Representative Savage."

The Speaker (Mr. Garrett presiding):

"Mr. Savage, the question has been referred to you. Do you wish to proceed?"

Mr. Savage:

"I don't know exactly what details Representative Anderson had in mind, but I did serve while some of the Senators who were originally involved in this were still serving in the legislature. I became quite well acquainted with Senator Baldwin for one. At that time there was a proposal that this 100,000 acres of capitol land grant timber be traded for a capitol, a small capitol, only a little larger than the old one downtown. Senator Baldwin helped lead a fight against this kind of a trade because he was one of those who began to see what reforestation could do, and in his arguments then he said if we could keep this 100,000 acres of capitol land grant timber, we could sell many times the five million dollars. So out of it came this capitol that cost seven million dollars in 1928. As Representative Johnson indicated, this building would cost a lot more now. I've heard estimates it would cost up to thirty million dollars to build now, and we still have a value of twenty-five or thirty million dollars today in capitol land grant timber. This is the reason we are able to use the income, because timber has become a crop now, and this means the amount we take off each year can be sustained for a hundred years or more. In other words, this one-half million dollars of sustained yield program, in addition to the old growth, is a continuing thing that we will be able to have for many years to come. This is because of the foresight of some of those people who battled this problem. It was a difficult battle, and won by just one vote. One vote in the Senate downtown saved the capitol land grant timber that will benefit the state of Washington for many years to come.

"Oregon sold their capitol land grant which came at the same time in the Enabling Act of 1889. It was lack of foresight on their part, because actually they had better timber on some of their lands than we did. Because of this we still have this great wealth, and I am sure we'll be able to develop this capitol to be the best in the nation."

The Speaker resumed the Chair.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Clark on a point of personal privilege.

Mr. Clark:

"Professor Edmond S. Meany, for a great many years was one of the chief historians not only in the state of Washington, but in the nation. He became a legislator in 1889 in order to see that the capitol would remain here and the University of Washington would remain in Seattle. He was the one responsible, so he claimed, for placing the

university on two lakes. That was his plan—it is on Lake Union and Lake Washington. There was a great move at that time in the 1890's to transfer the university down here and move the capitol to Seattle.

"Another man to explain in great length the construction of the capitol was another friend, Governor Hartley, who lived to be a ripe-old age. He explained that when he became governor they had a foundation here without any support underneath, so he tore it out, drove big piling, put this tremendous basin of concrete underneath, and reconstructed it right from the start so it is a sound structure.

"These two stories I have abbreviated. I could go on at great length, but there is very interesting history involved in this capitol."

Mr. Olsen demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Substitute Senate Bill No. 504, and the bill passed the House by the following vote: Yeas, 68; nays, 18; absent or not voting, 13.

Those voting yea were: Representatives Adams, Ahlquist, Anderson (Eric O.), Angevine, Backstrom, Berentson, Bledsoe, Bozarth, Burtch, Chatalas, Conner, Copeland, Cunningham, Day, Dootson, Elder, Eldridge, Epton, Finch, Flanagan, Gallagher, Goldsworthy, Gorton, Grant, Haussler, Hawley, Hood, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Kalich, King (Chet), King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Mahaffey, Marsh, McCaffree, McCormick, Moon, Moos, Morphis, O'Brien, O'Dell, O'Donnell, Olsen, Perry, Pritchard, Radcliffe, Rogers, Saling, Savage, Sawyer, Taplin, Taylor, Valle, Wang, Whetzel, Witherbee, Wolf, Mr. Speaker—68.

Those voting nay were: Representatives Avey, Beck, Bergh, Bottiger, Brachtenbach, Braun, Canfield, Clark, Harris, Humiston, Lynch, Marzano, Newhouse, Slagle, Smith, Swayze, Uhlman, Warnke—18.

Those absent or not voting were: Representatives Andersen (James A.), Brouillet, DeJarnatt, Garrett, Juelling, Mast, May, McDougall, Newschwander, Pierre, Sheridan, Thompson, Traylor—13.

Substitute Senate Bill No. 504, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

Mr. Burtch demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll, and all members were present except Representatives Andersen (James A.), Kink, Mast, McDougall, Newschwander, and Thompson.

On motion of Mr. Burtch, the absent members were excused, and the House proceeded with business under the call of the House.

Representatives Kink and Newschwander appeared at the bar of the House.

The House resumed consideration of House Joint Resolution No. 8 on second reading.

House Joint Resolution No. 8, by Representatives Flanagan, Bledsoe, and Haussler:

Assessing real and personal property at twenty-five percent of true and fair value.

The Speaker stated the question before the House to be the reconsideration of the following amendment by Mr. Moos:

On page 1, line 14 after "[fifty]" strike "twenty-five" and insert "not less than twenty-five per centum, nor more than thirty" and on line 15, after "money:" and before "Provided" insert:

"PROVIDED, That nothing in this Article VII as amended shall prevent the legislature from providing under such conditions as it may prescribe that the true and fair value in money of farms or agricultural lands shall be based on the use to which such property is currently applied and such value shall be used in computing the assessed valuation of such property in the same manner as the assessed valuation is computed for all property: PROVIDED FURTHER, That notwithstanding any other provision of this Constitution, whenever the state board of equalization, or other state agency authorized by law to equalize assessed valuations of property for state property tax purposes, shall determine that the assessed valuation of any class of property in any county exceeds thirty per centum or is less than twenty-eight per centum of the true and fair value of such property in money, the state board of equalization or other agency designated by the legislature, upon request of the legislative body of any school district in such county, or other taxing district designated by the legislature, shall correct the assessed valuation of any such class of property so as to equalize the assessed valuations of taxable property within such county for purposes of taxes levied for the benefit of such taxing districts at thirty per centum of the true and fair value thereof in money."

Debate ensued, Representatives Moos and Johnston (Elmer E.) speaking in favor of adoption of the amendment, and Representatives Smith, Burtch, and Haussler speaking against it.

Mr. Witherbee moved adoption of the following amendment to the amendment:

In line 3 of the amendment by Representative Moos after "of" and before "shall" strike "farms or agricultural lands" and insert "lands and the improvements thereon"

Debate ensued, Representatives Witherbee and Moos speaking in favor of adoption of the amendment to the amendment.

YIELDING TO QUESTION

Mr. Adams:

"Would Mr. Witherbee yield to a question?"

The Speaker:

"Will you yield, Mr. Witherbee?"

Mr. Witherbee:

"Yes."

Mr. Adams:

"I can visualize someone having a large section of land out by a metropolitan area and holding it for speculative purposes, but he isn't using it for anything, not parking, not farming—it isn't even used for pasture. He may want to hold it for a number of years, which is his privilege. Would he be relieved of taxes in this case?"

Mr. Witherbee:

"Mr. Adams, I believe this merely allows the legislature to pass a law or make rules and regulations on this matter, and this would be a matter we would have to discuss if the people passed this constitutional amendment. It is a matter which would have to be worked out in the legislature."

YIELDING TO QUESTION

Mr. Dootson:

"Mr. Speaker, would Mr. Witherbee kindly yield to another question?"

The Speaker:

"Will you yield, Mr. Witherbee?"

Mr. Witherbee:

"Yes."

Mr. Dootson:

"The thing that bothers me is whether this would be constitutional as far as the federal Constitution is concerned. I think Dr. Adams's question was very relevant. To have one person taxed for something because he has a use for it, and another person not taxed because he has no use for it doesn't mean they are guaranteeing equal protection of the laws. Economically speaking, it is completely absurd. You would, in effect, encourage people to keep land for speculative purposes only and not develop it. For one thing, do you think you can comply with the federal Constitution; and, secondly, do you think people would develop things as they should when they are not going to be taxed if they don't?"

Mr. Witherbee:

"I am not an attorney, and I don't profess to be able to tell offhand whether something is constitutional or not. However, I do say this, I can see no difference in exempting one classification of property, which in the amendment by Mr. Moos is farm or agricultural lands. I think if we are going to exempt those, we are being more narrow in our exemption than we are if we say 'lands and the improvements thereon.' In other words, my amendment allows a far broader scope, and I think it would have a better chance of standing as constitutional as I have written the amendment to the amendment than as Mr. Moos has written it."

Further debate ensued, Representatives Avey and Newhouse speaking in favor of adoption of the amendment to the amendment.

YIELDING TO QUESTION

Mr. Anderson (Eric O.):

"Mr. Speaker, will Mr. Witherbee yield to a question?"

The Speaker:

"Will you yield, Mr. Witherbee?"

Mr. Witherbee:

"Yes."

Mr. Anderson:

"Will tree farms come under this?"

Mr. Witherbee:

"Again, I merely say this—it is merely allowing the legislature to legislate in this area what lands would be included, and the classification would be a matter for another session of the legislature to decide. I don't think I could speculate on the types of property or lands that could come under this, but I think it is necessary, at this time, because probably many of us won't be here next session to rule on the type of properties."

YIELDING TO QUESTION

Mr. Flanagan:

"Mr. Speaker, would Representative Witherbee yield to a question?"

Mr. Witherbee:

"Yes."

Mr. Flanagan:

"Representative Witherbee, under our present system of evaluation of land, true and fair value is established by actual sales that take place. In other words, the buyers and sellers get together and determine what this is. Now this section in the Moos amendment allows us to get away from that, and have use of land be a basis for evaluation, which is a new principle we are putting into the Constitution. We have never had it in there before, and it opens a pretty wide field. You have amended this to broaden it out to include all lands instead of just agricultural farm lands. I am wondering if you would feel the same objective could be obtained by simply eliminating the whole section, and not allowing this new principle for any type of land?"

Mr. Witherbee:

"As far as I am personally concerned, I am basically pretty much opposed to exemptions, period. However, if we are going to exempt property, which is what we are attempting to do, then I think we should treat everyone equally, and again, going back to the question by Mr. Dootson, if you are going to classify property, then we had better allow a pretty wide classification to have special treatment, if this is what you want to call it. I think, as Mr. Newhouse pointed out, that in other states they have worked it out. If you have an eighty-acre piece of farmland that has been rezoned to a residential classification, and the man is still farming, or he doesn't want to farm it and it just lays there, and later on he sells it for three thousand dollars a lot, certainly at this time the legislature should have enacted some sort of law that would allow them to collect a fair tax on it. However, maybe the man is a retired gentleman who doesn't have any money, and if it were taxed at its residential property value, he would probably lose it to foreclosure. I think this is grossly unfair. I think he should be allowed to keep his home and keep it for the same use he intended, even though some planning body said it is another classification of property. The same thing happened in the very area where I am living, about one hundred acres of land was rezoned, and it has been re-evaluated to business property. It will probably be a period of twenty years before it is all used for business purposes. We have many retired people living in this section, and many of these people are on the verge right now of having to make hardship sales or losing their homes because of this problem."

With the consent of the House, the Speaker excused Representative O'Donnell from further proceedings under the call of the House.

YIELDING TO QUESTION

Mr. Moon:

"Mr. Speaker, would Mr. Witherbee yield?"

The Speaker:

"Will you yield, Mr. Witherbee?"

Mr. Witherbee:

"I'll try."

Mr. Moon:

"With this amendment to the amendment, would this make it possible for the true and fair value of property to be determined by the income that was derived from it?"

Mr. Witherbee:

"Well, Mr. Moon, I am going to say I haven't done much research on the subject. I have some strong feelings on it, however. This is an area where we allow the legislature to make laws regulating this if the people vote on it, and I would say this would be in the wisdom of the legislature how the value of the property would be determined. I know that hasn't answered your question, but frankly I don't know."

Further debate ensued, Representative Gorton speaking in favor of the amendment to the amendment.

POINT OF INQUIRY

Mr. Kalich:

"May I speak against the amendment by Mr. Moos?"

The Speaker:

"The question before us is the amendment by Mr. Witherbee to the amendment."

Mr. Kalich:

"Then I demand the previous question."

The demand was not sustained.

YIELDING TO QUESTION

Mr. Johnston (Elmer E.):

"I would like to ask a question of Mr. Gorton. If we adopt the Moos amendment, I wonder if we shouldn't put 'may' in lieu of 'shall' in the next two lines which would give the legislature considerably more latitude in passing regulatory statutes?"

The Speaker:

"Are you talking about the amendment to the amendment?"

Mr. Johnston:

"Yes."

Mr. Gorton:

"In answer to your question, I think you will note in the beginning it is phrased in the negative. It says 'nothing in this Article VII as amended shall prevent the legislature from providing under such conditions as it may prescribe that the true and fair value in money of farms or agricultural lands shall be based on the use to which such property is currently applied.' I think when it is said 'the Constitution shall not prevent us' that 'shall' is the right word and gives us plenty of authority."

Mr. Johnston:

"In other words it is your opinion that the use Mr. Witherbee has in mind could be applied along with the value or sale price or other factors that the legislature might establish?"

Mr. Gorton:

"Yes, I think it is left very much open for legislative judgment."

Further debate ensued, Representatives Dootson and Smith speaking against adoption of the amendment to the amendment, and Representative Leland speaking for it.

Mr. Olsen demanded the previous question, and the demand was sustained.

The motion was carried, and the amendment to the amendment was adopted.

The Speaker stated the question before the House to be adoption of the amendment by Mr. Moos as amended.

Debate ensued, Representatives Pritchard, Eldridge, and Canfield speaking in favor of adoption of the amendment, and Representatives Kalich, O'Brien, and Rogers speaking against it.

Mr. Olsen demanded the previous question, and the demand was sustained.

The Clerk called the roll on the adoption of the amendment by Mr. Moos as amended, and the amendment was not adopted by the following vote: Yeas, 46; nays, 48; absent or not voting, 5.

The word 'property' as used herein shall mean and include everything, whether tangible or intangible, subject to ownership. All real estate shall constitute one class: *Provided*, That the legislature may tax mines and mineral resources and lands devoted to reforestation by either a yield tax or an ad valorem tax at such rate as it may fix, or by both. Such property as the legislature may by general laws provide shall be exempt from taxation. Property of the United States and of the state, counties, school districts and other municipal corporations, and credits secured by property actually taxed in this state, not exceeding in value the value of such property, shall be exempt from taxation. The legislature shall have power, by appropriate legislation, to exempt personal property to the amount of three hundred dollars for each head of a family liable to assessment and taxation under the

Mr. Bergh:

"Originally, as drafted, the age was 65, but as you are well aware, females are eligible for social security payments at age 62; so I lowered the age to 62 in order to make them eligible at the time of retirement, when they are eligible for social security. If this is passed by the people, the legislature will set up the specific criteria and outline those who will be eligible, but I wanted to have the age at 62 instead of 65 for the reason stated."

Further debate ensued, Representative Adams speaking against adoption of the amendment, and Representative Smith speaking for it.

POINT OF ORDER

The Speaker:

"Mr. Witherbee also has an amendment to the amendment on the desk which would accomplish the same thing as your amendment, Mr. Leland."

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"With permission of the House, Mr. Speaker, I would have no objection to Mr. Leland's or Mr. Witherbee's amendment being inserted in my amendment."

The Speaker:

"Would this be agreeable to you, Mr. Leland?"

Mr. Leland:

"Yes, my amendment is the same as Mr. Copeland's except for the words 'farms or agricultural lands.'"

On motion of Mr. Witherbee, the following amendment to the amendment was adopted:

In line 3 of the amendment after "*money of*" and before "*shall*" strike "*farms or agricultural lands*" and insert "*lands and improvements thereon*"

The Speaker stated the question before the House to be the amendment by Mr. Copeland as amended.

YIELDING TO QUESTION

Mr. Adams:

"Would the proponent of this amendment yield to a question?"

The Speaker:

"Mr. King, would you yield?"

Mr. King (Richard "Dick"):

"Yes."

Mr. Adams:

"Suppose this amendment is carried, and also your other one doing away with the requirement of forty percent of the total number of votes cast, could you tell me what percentage of the registered voters could carry a bond issue under ordinary conditions?"

Mr. King:

"No matter how many people voted, a simple majority would be needed to decide the issue."

Mr. Adams:

"A bond issue could be approved by something like fifteen percent of the registered voters, if your amendment carries?"

Mr. King:

"I believe if we were to pass this, it would serve as an incentive for people to exercise their duty and right to vote. Consequently, I think the election would be more widely attended than in the past."

Mr. Adams:

"What it would do is drive out more 'no' votes and end up losing more special assessments than you are losing now."

MOTION

Mr. Brouillet moved the report of the Free Conference Committee on Engrossed Senate Bill No. 489 be adopted.

Debate ensued, Representatives Brouillet, Clark, and Backstrom speaking in favor of the motion.

YIELDING TO QUESTION

Mr. Wolf:

"Will Mr. Brouillet yield to a question?"

Mr. Brouillet:

"Yes."

Mr. Wolf:

"The House, in considering four-year colleges in the past, considered an appropriation of \$200,000. Was there a reason for the cut in appropriation to \$100,000?"

Mr. Brouillet:

"The committee thought \$100,000 was ample for the provisions of this act. The original version said 'they shall select a site, shall acquire lands, shall appoint trustees, etc.' The Senate on the other hand wanted them to just make a study and bring it back to the next session of the legislature. This is a compromise, they can select a site, but the bill doesn't go as far, I am sure, as some people would like."

Mr. Wolf:

"Can the council select a specific site?"

Mr. Brouillet:

"Yes, but they won't have money to purchase a hundred acres or anything like that."

The motion was carried.

PARLIAMENTARY INQUIRY

Mr. Smith:
 "Is not the motion to suspend the rules of higher rank than Mrs. Hurley's motion?"

RULING BY THE SPEAKER

The Speaker:

"That is correct. I would have to rule that Mrs. Hurley's motion would be out of order at this time, as the motion by Mr. Grant is of higher rank."

Debate ensued, Representative Hurley speaking against the motion to suspend the rules, and Representative Klein speaking in favor of it.

Mr. Brouillet demanded an electric roll call, and the demand was sustained.

Further debate ensued, Representatives Smith and Grant speaking in favor of the motion, and Representatives Hurley and Moos speaking against it.

Mr. Marzano demanded the previous question, and on a rising vote the demand was sustained.

The Speaker stated the question before the House to be the motion to suspend the rules and advance Senate Joint Memorial No. 23 to second reading.

RESOLUTION

Resolution by Representatives O'Donnell, O'Brien, and Copeland:

WHEREAS, Changes in technology have made all types of employment hazardous, and industrial insurance is necessary to provide the best coverage for the least amount of cost for the benefit of employer and employee and to encourage employers to be more conscious of safety regulations which would result in fewer accidents and improved insurance rates; and

WHEREAS, Employment today requires an employee to perform a variety of functions, some of which may not be included under industrial insurance statutes; and

WHEREAS, The present industrial insurance statutes were adopted in 1911 and many changes in philosophy underlying this concept have taken place and the trend in other states is to extend coverage to all employees; and

WHEREAS, There has not been a general review of the industrial insurance concepts for many years and such review is necessary to reflect the requirements of an automated society;

Now, Therefore, Be It Resolved, By the House of Representatives that the legislative council be requested to study the impact of industrial insurance statutes with regard to the possible extension of industrial insurance coverage to employees not now covered, and any other matter the council may determine.

Be It Further Resolved, That the legislative council be authorized to conduct hearings in the above areas and to report its recommendations and findings to the fortieth session of the legislature.

Representative O'Donnell moved adoption of the resolution.

Debate ensued, Representative O'Donnell speaking in favor of the resolution.

YIELDING TO QUESTION

Mr. Adams:

"Mr. Speaker, will Miss O'Donnell yield to a question?"

The Speaker:

"Will you yield, Miss O'Donnell?"

Miss O'Donnell:

"Yes."

Mr. Adams:

"As I recall, you informed me that when this resolution came in, it would embody the study of optional insurance. Why has it not been included?"

Miss O'Donnell:

"Dr. Adams, in discussing the drafting of this resolution we discussed putting in specific areas for study; however, in our discussions with Representative Copeland, I think he determined the possibility of extension of industrial insurance coverage to employees not now covered and the wording, 'and any other matter the council may determine' would include the possibility of optional insurance. This we felt would naturally come into the discussion and investigation."

Mr. Adams:

"I think it would have been much more appropriate to have it spelled out in this resolution."

Debate ensued, Representative Copeland speaking in favor of adoption of the resolution.

MOTION

Mr. Adams moved further consideration of the resolution be deferred, and it hold its position for consideration tomorrow.

Debate ensued, Representative Adams speaking in favor of the motion, and Representative O'Donnell speaking against it.

POINT OF INQUIRY

Mr. Witherbee:

"Mr. Speaker, will we be in session this afternoon?"

The Speaker:

"Yes."

YIELDING TO QUESTION

Mr. Witherbee:

"Would Dr. Adams yield to a question?"

The Speaker:

"Will you yield, Dr. Adams?"

Mr. Adams:

"Yes."

Mr. Witherbee:

"Dr. Adams, I have read the resolution and am in agreement with you that we should probably have an amendment to make it a little broader. Would you be willing to set it over to this afternoon and for preparation of an amendment? I feel it should be passed."

Mr. Adams:

"I will agree to that, but I, personally, don't want to write an amendment. The sponsors should write it."

MOTIONS

With the consent of the House, Mr. Adams amended his motion to defer further consideration of the resolution until this afternoon.

Debate ensued, Representatives O'Brien, Johnston (Elmer E.), and Canfield speaking in favor of the motion.

The motion was carried.

Mr. Beck, having voted on the prevailing side, moved that the House do now reconsider the vote by which the motion to excuse the absent members and proceed with business under the call of the House had lost.

The motion was lost on a rising vote.

MOTION

Mr. Pritchard moved the House dispense with further business under the call of the House.

The Speaker (Mr. Garrett presiding):

"Your motion would be out of order.

"The Speaker wishes to inform you that Speaker Schaefer has excused Representatives DeJarnatt, Leland, Thompson, and Uhlman, and your presiding officer has excused the Speaker to go to the Senate, so that leaves only Representative Sawyer who has not been excused by some presiding officer of this body. We realize members can be excused only by the vote of the House, but with this information the Speaker is wondering if anyone would care to consider further this proposition, or shall the Sergeant at Arms continue to look for Mr. Sawyer?"

MOTION

Mr. O'Brien moved the absent members be excused, and the House proceed with business under the call of the House.

The motion was carried on a rising vote.

The Speaker resumed the Chair.

The Speaker stated the question before the House to be the amendment by Representative Mahaffey to House Joint Resolution No. 8.

Mr. Bottiger moved the adoption of the following amendment to the amendment:

In the last line of the amendment by Representative Mahaffey, strike "seventeen" and insert "twenty"

Debate ensued, Representative Bottiger speaking in favor of adoption of the amendment to the amendment, and Representatives Pritchard, Moon, Canfield, and Olsen speaking against it.

Mr. Marzano demanded an electric roll call, and the demand was sustained.

The Clerk called the roll on the adoption of the amendment by Representative Bottiger to Representative Mahaffey's amendment to House Joint Resolution No. 8. The motion was lost and the amendment was not adopted by the following vote: Yeas, 5; nays, 89; absent or not voting, 5.

Those voting yea were: Representatives Avey, Bottiger, King (Richard "Dick"), Radcliffe, Slagle—5.

"Mr. Speaker, would Mr. Haussler yield to a question please?"

The Speaker:

"Mr. Haussler, will you yield?"

Mr. Haussler:

"Certainly."

Mr. Saling:

"Mr. Haussler, I believe you indicated that Mr. Mahaffey's amendment was an irresponsible amendment. It seems to me I have heard you fight against the thirty percent assessment. You wanted twenty-five percent. You didn't want to see any more money going for schools. Now do you want this additional money to go to the counties?"

Mr. Haussler:

"I am very sorry, Representative Saling, that you felt anything I said was irresponsible. We had an amendment not long ago to broaden our tax base, which would have taken care of the schools forever, and that is what I voted for. This won't do it. The small amount you will give them with the extra three mills will do nothing but disrupt county government."

Further debate ensued, Representatives Backstrom and Bledsoe speaking against adoption of the amendment, and Representative Mahaffey speaking in favor of it.

Mr. Mast demanded the previous question, and the demand was sustained.

The Clerk called the roll on the adoption of the amendment by Representative Mahaffey to House Joint Resolution No. 8. The motion was lost, and the amendment was not adopted by the following vote: Yeas, 25; nays, 69; absent or not voting, 5.

On page 1, section (2), line 25 following "(a)" add "(1)" and after "taxing district," on line 25, page 1, add ", other than school districts,"

And on page 2, line 33, add a new subsection (2) to read as follows:

"(2) By any school district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on a proposition to levy additional taxes, at a millage rate sufficient to produce a specified maximum dollar amount each year for not in excess of four years for operations or for capital outlays, or both, submitted not more than twelve months prior to the date on which the first proposed levy is to be made and not oftener than twice in such twelve-month period, either at a special election or at the regular school district election, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such school district at the last preceding general election.

"If any tax levies are authorized pursuant to the provisions of this subsection, the governing body of the school district shall determine annually thereafter the amount of funds required from the maximum amount authorized for current use of the schools of the district, and/or for capital purposes, and within the limits of the amount so authorized a levy shall be made to produce the amount of funds determined as aforesaid.

"No district shall submit to the electors upon the authority of this subsection a proposition to authorize additional levies for current operations or capital outlays for any year for which such electors have previously approved a levy for the same purpose under the authority of this subsection. A district may, however, at any time submit to the electors a proposition to substitute for a prior authorization under this subsection a new authorization for the same purpose, provided (a) that the amount authorized by the substituted authorization will be adequate to fulfill all contractual obligations of the district incurred by reason of the prior authorization, and (b) that the substitute proposition shall by its terms supersede the prior authorization and by its terms shall not become effective until the first tax levy year following the date of the election at which such substitute proposition was authorized and then be in lieu of any tax levy authorized by the superseded authorization;"

The Speaker:

"Mr. Garrett, do you yield?"

Mr. Garrett:

"Yes, I yield."

Mr. Canfield:

"I don't have your amendment here, but did I understand you correctly to say it is House Joint Resolution No. 9?"

Mr. Garrett:

"That is right. It would be for four years instead of two."

Mr. Canfield:

"Is that the only part of House Joint Resolution No. 9 that your amendment refers to? It does not refer to the elimination of the forty-mill restrictions?"

Mr. Garrett:

"No."

YIELDING TO QUESTION

Mr. Haussler:

"Mr. Speaker, may I ask Mr. Garrett a question?"

The Speaker:

"Mr. Garrett, will you yield?"

Mr. Garrett:

"I yield to a question, Mr. Haussler."

Mr. Haussler:

"Thank you. Has this proposition ever been given to the people before to vote on?"

Mr. Garrett:

"Yes, Mr. Haussler. I am very pleased you brought it up. This measure in one form or another has been before the people in previous elections, and of course lost each time or it wouldn't be here now. But never did it accompany a measure such as the twenty-five percent assessed valuation. That is why I think they are companion measures, and I think it is necessary that the people should have the right to consider both at the same time. I think it is an excellent point in favor of the amendment."

The motion was lost, and the amendment was not adopted.

Mr. Brouillet moved the adoption of the following amendment by Representatives Grant and Brouillet:

On page 2, line 33, add a new subsection (d) to read as follows:

"The legislature may impose a graduated or fiat rate net income tax on every corporation or person and may provide for deductions and exemptions as it deems just and proper: *Provided*, That during the time there is imposed any such tax:

"(1) Retail sales tax may not be levied on prescription drugs and all services for medical, dental, hospital and nursing home care; nor on the sale for off-premises consumption of food items including nonalcoholic beverages nor shall a retail sales tax on any other items exceed four percent;

"(2) No business and occupation tax measured by gross income shall be imposed by the legislature on the privilege of doing business in the state unless both the rates and services of the business are regulated by the state, or unless the business is conducted by a municipal corporation; and

"The legislature may coordinate the administration and collection of state income taxes with the income tax laws and procedures of the United States, and may prescribe the means of coordination of state and United States tax laws and methods for the allocation of income for taxing purposes.

"And Be It Further Resolved, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

Representatives DeJarnatt and Uhlman appeared at the bar of the House.

YIELDING TO QUESTION

Mr. Flanagan:

"Mr. Speaker, I would like to ask Mr. Haussler to yield to a question."

The Speaker:

"Mr. Haussler, will you yield?"

Mr. Haussler:

"Certainly, Representative Flanagan."

Mr. Flanagan:

"Representative Haussler, you had a number of figures on this proposal. I would like to ask you if you have any figures as to the financial loss that will be involved with the amendment which allows property tax removal from the tax rolls for people over sixty-two years of age in the state?"

Mr. Haussler:

"I don't have any figures on that whatsoever, but I will yield to Mr. Backstrom who I think has some figures on that."

Mr. Backstrom:

"We had a computation on that, which involved approximately five million dollars a biennium."

Mr. Flanagan:

"How can you make a determination such as this?"

Mr. Backstrom:

"This was an estimate, and as you remember, it was discussed in committee."

Further debate ensued, Representative Radcliffe speaking against passage of the resolution.

Mr. Gorton:

"And you said there should be a graduated net income tax?"

Mr. Gorton:

Olympia, Wash., April 28, 1965.

MR. SPEAKER:

We, a majority of your Committee on Constitution, Elections, and Reapportionment, to whom was referred Senate Joint Memorial No. 23, rescinding House Joint Memorial No. 1, 1963 Extraordinary Session, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass.

GARY GRANT, *Chairman*,
HAYES ELDER, *Vice Chairman*.

We concur in this report: R. Ted Bottiger, Frank B. Brouillet, Jack L. Burtch, Arlie U. DeJarnatt, Jack Dootson, Slade Gorton, Doris Johnson, William J. S. May, Mary Ellen McCaffree, W. O. E. "Bill" Radcliffe.

POINT OF ORDER

The Speaker recognized Mr. Moos on a point of order.

Mr. Moos:

"Senate Joint Memorial No. 23 was read the first time this morning and referred to committee, but that was after the Constitution, Elections, and Reapportionment Committee had met. Therefore, the committee did not have this memorial in its possession at the time of the meeting to pass it out with a 'do pass' report. Therefore, it would be impossible for the Chief Clerk to now have in his hands a committee report which has been before a committee, because it did not arrive from the Senate in time for it to be assigned to the committee before their meeting. I believe it is entirely out of order, and I think you should rule as Speaker O'Brien did in the same situation in 1961, and put the memorial back where it belongs and proceed under the regular procedure of the House of Representatives."

The Speaker:

"I have before me the only thing I have to go by, a 'do pass' committee report signed by the members of that committee. I think I have to take the document at face value."

POINT OF ORDER

The Speaker recognized Mr. Day on a point of order.

Mr. Day:

"Rule 60 of our House Rules states: 'Standing committees shall act upon all referred bills, memorials, and resolutions. No bill may be considered except at a regularly called meeting of a committee except upon the vote of a majority of the entire membership of the committee . . .'"

The Speaker:

"That is correct, there is no question about it. But I have to accept the report as it is presented to me."

Mr. Day:

"If you read further in Rule 60, you will see: 'A majority recommendation of a committee must be signed by a majority of the entire membership of the committee

in a regularly called meeting before a bill, memorial, or resolution may be reported out.' Was there a regularly called meeting of the Constitution Committee?"

The Speaker:

"Mr. Day, as Speaker of the House I can only assume that everything has progressed properly. When a committee report is signed out by members from both sides of the aisle, I must assume they handled it properly under the rules and regulations of the House. I presume the bill has progressed along the usual course under the rules by which this House is operating."

Mr. Day:

"It is then your ruling there has been a meeting?"

The Speaker:

"No, I do not rule that there has or has not been a meeting. I am just saying I assume, when I receive a committee report signed by members on both sides of the aisle, that it went through its normal course of procedure."

YIELDING TO QUESTION

Mr. Copeland:

"Mr. Speaker, would the chairman of the committee yield to a question?"

The Speaker:

"Will you yield, Mr. Grant?"

Mr. Grant:

"Yes."

Mr. Copeland:

"Did the reading clerk announce a call of the Committee on Constitution, Elections, and Reapportionment at your request?"

Mr. Grant:

"No."

Mr. Copeland:

"Then apparently, there was no meeting."

Mr. Grant:

"There was a committee meeting although the Clerk did not announce it."

POINT OF ORDER

Mr. Copeland:

"Mr. Speaker, obviously, it is in violation of Rule 60. The Chief Clerk was not in possession of such announcement. No notification was given the committee. Therefore, Mr. Grant is not operating a committee under the rules of the House."

RULING BY THE SPEAKER

The Speaker:

"Mr. Grant has stated on the floor of the House that there was a committee meeting. Many committee chairmen have stood up before this body and announced regular committee meetings. I have announced meetings of the Committee on Rules and Order from the rostrum. If Mr. Grant states his committee was informed and the committee report properly signed out, I believe it is in order and I so rule."

Senate Joint Memorial No. 23 was passed to the Committee on Rules and Order for second reading.

The Speaker recognized Mr. Brachtenbach.

The Speaker:

"For what purpose do you rise, Mr. Brachtenbach?"

Mr. Brachtenbach:

"I would like to make a motion."

The Speaker:

"We are still on the third order of business."

Mr. Brachtenbach:

"My motion relates to the committee report."

The Speaker:

"I have referred the memorial to the Committee on Rules and Order, so it is not before the House."

POINT OF ORDER

The Speaker recognized Mr. Moos on a point of order.

Mr. Moos:

"I think we have an unusual situation here, and it shouldn't be taken lightly. I have a notification of a meeting of Constitution, Elections, and Reapportionment at 9:45 a.m. This was prior to the transfer of the document. Secondly, I am a member of the committee; and, thirdly, I have never been notified that such a meeting was to be held by Representative Grant. If we are going to proceed in this way, I am going to ask my party leaders to appeal the decision of the chair, and I don't think we particularly want this at this time of the session, but I think it is a dangerous proceeding."

The Speaker:

"The Speaker has ruled."

APPEAL FROM DECISION OF CHAIR

Mr. Brachtenbach:

"I appeal the decision of the Chair by which the Speaker ruled that there had had been a regularly scheduled committee meeting and the bill was properly referred back to us."

The Speaker stated the question before the House to be, shall the decision of the Chair be the judgment of the House.

The decision of the Chair was upheld on a rising vote.

POINT OF ORDER

Mr. Brachtenbach:

"This point obviously comes a little late, but was this not a debatable motion?"

The Speaker:

"No one appeared to want to debate."

Mr. Brachtenbach:

"I was standing, and I wanted to."

The Speaker:

"I apologize to Mr. Brachtenbach for not recognizing him for this purpose.

"However, I would like to say that in this ruling it was necessary to rely on the decision of the chairman of the committee. I am not stating to you, Mr. Moos, or to any other member, that you do not have the right to appeal the decision of the Chair. I am only saying that I must rely on the committee reports as they come to the desk. Members on your side of the aisle signed this bill out. If we want to tighten up the procedures and insist on formal notices for all meetings, that is another matter."

Senate Joint Memorial No. 23 was passed to Committee on Rules and Order for second reading.

"Mr. Garrett, I would like to present to you a token of our esteem and appreciation for your service to this House as Speaker Pro Tem during the 1965 regular and extraordinary sessions. I know I speak for all the members when I say we all hold you in the highest regard. I would like to say how much I personally have appreciated your help and the fine job you have done as Speaker Pro Tem."

Mr. Garrett:

"Mr. Speaker and fellow members of the House. It has been a distinct honor and privilege to me to serve as Speaker Pro Tem during this, what will probably be known as, history-making session. I would like to thank you for the gift, and also for the privilege of having served; and to you, Mr. Speaker, I have tried to be available whenever you have needed me, and it has been a pleasure to work with you. My children say this is the longest meeting that daddy ever attended since they can remember. Now I suppose it would be in order to open this package so everyone can see."

Mr. Garrett:

"The inscription reads, 'Presented to Speaker Pro Tem by the members of the 39th legislature.'"

"All I can say is thank you again."

Mr. Goldsworthy was escorted to the rostrum.

The Speaker:

"I think it is only fitting that the minority floor leader present this gift to the minority caucus chairman, so I will ask Mr. Copeland to make this presentation."

Mr. Copeland:

"Mr. Speaker, members of the legislature, it gives me great pleasure to give to the chairman of our caucus this gift. It would not be appropriate to say 'this fitting gift' because I don't know what is in the box, but the only thing I can say to you, Mr. Goldsworthy, is that we certainly have appreciated your willingness to duty and your fine cooperation. I know your many good friends join me in wishing you all the best."

Mr. Goldsworthy:

"Thank you very much, to all of you."

Mr. Goldsworthy proceeded to open his gift and displayed a beautiful silver pitcher.

Mr. Goldsworthy:

"Again, let me sincerely say to all of you, thank you!"

"Your good work is sincerely appreciated, Mr. Goldsworthy.

"Will Mr. O'Brien and Mr. Sawyer please escort Mr. Brouillet to a place on the rostrum?"

Mr. Brouillet was escorted to the rostrum.

The Speaker:

"Mr. Brouillet, as the Democratic caucus chairman, it is a great pleasure to present to you this gift, with thanks from all of us for the fine manner in which you have conducted the caucus. The job you have done is sincerely appreciated."

Mr. Brouillet opened the gift presented to him, and also displayed a silver pitcher.

Mr. Brouillet:

"All I can say to you is, thank you. I will treasure this gift in the years to come."

The Speaker:

"At this time I would like to make a presentation to Mr. O'Brien, Mr. Sawyer, Mr. Burch, and Mr. Grant as floor leaders for the majority side, and to the floor leaders on the minority side, Mr. Copeland and Mr. Andersen, and I am sorry that Mr. Brachtenbach is absent. I will present his gift to you, Mr. Copeland. This is just a small token of appreciation to the leaders on both sides of the aisle for the fine job you have done. Your hard work is sincerely appreciated. We are only sorry your families are not here to share this with you."

The Speaker:

"Will Mr. Grant and Mr. Burch please escort Mr. Garrett back to his seat? And will Mr. Copeland and Mr. Andersen please escort Mr. Goldsworthy back to his seat? Will Mr. Sawyer and Mr. O'Brien please escort Mr. Brouillet back to his seat?"

EXPLANATION OF VOTE

With the humanitarian purpose of this bill to increase pensions to injured workers and their beneficiaries due to the rise in the cost of living we have no objection, nor do we object to the Senate amendments which added the provisions of HB 323 and HB 340

to the bill. In fact we voted for HB 323 on final passage by the House on March 22, 1965. We have no objection to the principle of increasing industrial insurance payments to keep up with the cost of living.

Our objection is to the use of the general fund as the source of funds for payment of the pension increases. We are not unmindful that \$7,349,000 is included in the 1965-67 budget from the general fund for similar pension increases granted in prior years. This bill will increase these payments by \$2,300,000.

Industrial insurance was designed to charge the costs of industrial accidents to the public in the costs of goods and services purchased. The insurance premiums are paid by the employer into the accident fund from which the benefits are paid.

When we depart from the industrial insurance premium principle of payment and pay benefits from general tax revenues, we are in effect treating these injured workmen and their beneficiaries as if they were on public assistance. We are also placing these injuries in a privileged class since no one who is injured in a non-industrial accident can receive more than the amount received in settlement or court award even if inflation should wipe out the value of the settlement shortly thereafter.

We protest against this abuse of the general fund for this purpose and urge the representatives of extra-hazardous industries and persons employed therein to solve this problem through an increase in the premiums paid into the accident fund.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Copeland on a point of personal privilege.

Mr. Copeland:

"Mr. Speaker, ladies and gentlemen of the House, I think that the Speaker was very gracious this evening under the call of the House to excuse conferees for House Bill No. 608 as well as the budget. Now, Mr. Uhlman, Mr. DeJarnatt, and Mr. Canfield immediately repaired to the Senate, just as Mr. Sawyer, Mr. Backstrom, and I. I am sorry to report there was no conference committee meeting on either item. Senator Neill and Senator Foley were there, but under this particular set of circumstances, it takes six to tango. We are not getting very far with our counterparts in the Senate in trying to resolve these two important items. I thought it would be at least enlightening to the members to know that nothing was accomplished tonight."

MOTION

On motion of Mr. O'Brien, the House adjourned until 10:30 a. m., Tuesday, May 4, 1965.

ROBERT M. SCHAEFER, *Speaker*.

MESSAGE FROM THE GOVERNOR

State of Washington, Office of the Governor,
Olympia, April 29, 1965.

To the Honorable, The House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to one item, House Bill No. 234, entitled:

"An Act enacting new rules of the road for motor vehicles upon highways."

House Bill No. 234 enacts a modern traffic regulation statute and brings together all Rules of the Road in one place. I have vetoed subsection (2) of section 58 of House Bill No. 234 because I believe it inadvertently changes the law of the State of Washington in a manner totally unintended by the Legislature.

As originally drafted this subsection restated the existing law that the plaintiff has the burden of proving that negligence of the defendant was the "proximate cause of an accident." This language made it clear that the subsection referred only to civil cases. A floor amendment adopted by the House of Representatives deleted part of the language so that subsection (2) of section 58 as amended states:

"Any provision of this amendatory act declaring maximum speed limitations shall not be construed to relieve the plaintiff in any action from the burden of proving negligence on the part of the defendant."

I am convinced that as a result of the amendment, the subsection alters the present rule of law that violation of the maximum speed law constitutes negligence as a matter of law in civil suits. This would alter the burden of proof which an injured person now has to meet to obtain compensation from the one causing the injury. If the legislature wishes to make this change, it should be accomplished after consideration of its merits, not as an unintended consequence of an amendment made for another purpose.

Subsection (2) of section 58 as it now exists, further creates ambiguity by referring only to the burden of proof which the plaintiff must meet, even though contributory negligence of the plaintiff may be raised by the defendant. If a change in the law were desirable, it should apply equally to either party to a lawsuit having the burden of proving negligence, and not just to the plaintiff.

I am also concerned that subsection (2) in its present form may apply to criminal charges of violations of maximum speed laws. The remainder of section 58 refers only to criminal actions, and subsection (2) refers to any action in which maximum speed laws are drawn in question. I am sure the legislature did not intend to create any possibility that proof of negligence in addition to proof of excessive speed would be necessary in order to obtain a conviction under the maximum speed laws.

By vetoing subsection (2) of section 58, I believe the law of the state on this subject will remain unchanged as the legislature intended. With the exception of subsection (2) of section 58 of House Bill No. 234, which is vetoed, the remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS, Governor.

MOTION

On motion of Mr. O'Brien, House Bill No. 234, together with the governor's partial veto thereof, was referred to the Committee on Rules and Order.

EXPLANATION OF VOTE

I voted for House Bill No. 709 which puts a statutory ceiling on property taxes by cutting in half the millages of each taxing district in case a court decision should force property assessment up to fifty percent in compliance with the state Constitution.

I did this reluctantly because I fear that the passage of House Bill No. 709 will eliminate any chance of House Joint Resolution No. 1 being released by the Rules Committee, and I prefer House Joint Resolution No. 1, which would permit the people to vote on an amendment to the Constitution to lower the assessment level from the required fifty percent to twenty-five percent. That would be a permanent ceiling.

House Bill No. 709 was promoted as a mandatory action by this legislature to prevent a quick boost in the assessment level to fifty percent required by the court. However, it is acknowledged that court action is very unlikely during the next two years before the legislature meets again. And even if it did, the county commissioners and the legislative bodies of the various other taxing districts would certainly lower millages (levys) to prevent any rapid increase of taxes.

In short, I would prefer the delaying legislative action on a "limit by law" in favor of time to learn the public's desire and to act in a more responsible and more permanent manner in the next session.

It is possible that House Bill No. 709 will be accepted by the people as a ceiling and there will not be enough demand for a constitutional limit later.

I hope that House Joint Resolution No. 1 can still be voted on this session. If it is, I will support it.

However, because the situation is so much in doubt, I voted for House Bill No. 709 even though it is very similar to a bill in Governor Evans' tax package, which was not acceptable to the people and which overemphasized property taxes.

I believe the House approved it because of fear, and because of pressure by the press, which tended to frighten the public without full explanation.

ROBERT (BOB) KULL,
14th District.

House Bill No. 709 gives no protection to property owners. It permits any taxing district to take advantage of the increased property assessment level of fifty percent and to reach that higher level by majority vote. This majority could be composed entirely of nonproperty owners. This bill penalizes those people who are home owners and property owners. It will prove to be a deterrent to ownership of property. It will encourage those areas of government, greedy for increased funds, to put pressures on the people to vote these increases. Property owners will find it hard to defend themselves.

MRS. JOSEPH E. HURLEY,
3rd District.

(c) The criteria by which administrative determinations are presently being made by the several agencies involved and how best to coordinate their effort that would result in improvement of services to the disabled and vocationally handicapped;

(d) Methods by which local community and industry may best be utilized to bring about a coordinated effort for improvement in the slow progress now being made to alleviate the problems of the disabled and vocationally handicapped;

(e) Studies to determine what financial effort would be needed to materially reduce the plight of this group of our citizens; and

(2) (a) The scope and extent of changes in employment in the state arising as a result of the use of automatic equipment to replace or supplement human labor forces in professional, industrial, commercial and agricultural enterprises;

RESOLUTION

Resolution by Representatives Day, Elder, Hurley, May, Marsh, Pierre, Perry, Traylor, Kink, King (Chet), McCormick, and Bozarth:

WHEREAS, In recent months, Communist-inspired revolts, Communist-supported guer-

illa warfare, and Communist-directed diplomatic maneuvers have been stepped up throughout the world in an obvious drive to subject free nations; and

WHEREAS, In South Viet Nam, the underground activities of the Viet Cong have increased; and

WHEREAS, In the Dominican Republic, agents of Fidel Castro have endeavored to take over the revolution, and turn that country into another Cuba; and

WHEREAS, In Indonesia, President Sukarno, backed by Communists, openly threatens the independence of Malaysia; and

WHEREAS, The whole pattern of recent events, and especially the continuing belligerence of the Peking Chinese, suggests that more such Communist efforts may be in the immediate offing;

Now, Therefore, Be It Resolved, By the House of Representatives, that we commend the swift and decisive action taken by President Johnson in Viet Nam and in the Dominican Republic, and give him our total support, in the belief that the course he has pursued is the only one that in the long run can preserve peace and freedom among the nations of the world; and

Be It Further Resolved, That copies of this resolution be transmitted by the Secretary of State to the Honorable Lyndon B. Johnson, President of the United States, and to each member of Congress from the State of Washington.

Mr. Day moved that the resolution be adopted.

Debate ensued, Representative Dootson speaking against adoption of the resolution.

Mr. Jueling demanded an electric roll call, and the demand was sustained.

YIELDING TO QUESTION

Mr. Goldsworthy:

"Mr. Speaker, would Representative Dootson yield to question?"

Mr. Dootson:

"Certainly, Mr. Goldsworthy."

Mr. Goldsworthy:

"Before I vote on this, I would like to have you clarify one statement you made, that the United States is wrong. You covered a rather big area before you made that statement—Viet Nam, Cuba, the Dominican Republic. What specifically were you referring to when you said we were wrong?"

Mr. Dootson:

"Thank you, Mr. Goldsworthy. I think you will find that history will bear me out, the history of the future which is about to take place. We are trying to inflict upon the rest of the world what we believe. We believe in the status quo. We are not willing to recognize that the world is going to go onward in spite of us. There are going to be, and there are throughout the world, a great number of revolutions, revolutions against colonialism, revolutions to a certain extent against even the capitalistic system. I am not trying to discuss the benefits of capitalism against communism. What I am trying to say is this. The United States is looking toward the past. Some countries and some people are looking toward a better future, a better future for the poor people, not just the businessmen. We have done nothing in sixty years in Cuba to try to help out the poor people, and when we oppose somebody coming in with something that does help the poor people but maybe doesn't have a solution we like, I say we are in the wrong. We have been in the wrong in Viet Nam for the same reason. We are over there for our own benefit, not that of the poor people of South Viet Nam or North Viet Nam."

Further debate ensued, Representatives Johnston (Elmer E.) and Bledsoe speaking in favor of adoption of the resolution.

Mr. Jueling demanded a call of the House, and the demand was sustained.

REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., May 5, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Senate Concurrent Resolution No. 25, establishing a joint interim legislative committee on facilities and operations, have had the same under consideration, and we recommend that the following resolution be substituted for the original resolution, as follows:

WHEREAS, Studies of the State Capitol Committee have emphasized the urgent requirements of the legislature and of a number of state agencies for more building space than the existing capitol buildings can provide; and

WHEREAS, All outstanding bonds for the construction of existing buildings on the

capitol site have been retired, and the income from capitol grant lands set aside by law for this purpose is and will be sufficient to service bonded indebtedness for new construction and remodeling at the rate of five hundred thousand dollars per annum, which is greatly in excess of normal or anticipated requirements;

Now, Therefore, Be It Resolved, By the Senate, the House of Representatives concurring, that a joint interim legislative committee on facilities and operations is hereby created, to consist of six senators (three from each political party) to be appointed by the President of the Senate, and six representatives (three from each political party) to be appointed by the Speaker of the House; the offices of chairman, vice-chairman and secretary shall be elected from their number by majority vote of the committee members; and vacancies or resignations from the committee shall be filled by the chairman by the appointment of a new member who shall be from the same house and political party as the person he is replacing; and

Be It Further Resolved, That such joint interim committee shall inquire into and formulate recommendations concerning:

(1) Improved facilities for the various branches of state government including the legislature and its members; and

(2) Immediate, intermediate and long range plans as to how best to handle the workload of the legislature and to facilitate economies and efficiency in legislative operations; and

Be It Further Resolved, That such joint interim committee is authorized, empowered and directed to advise and consult with the State Capitol Committee on the need for construction and remodeling of the buildings contemplated under Substitute Senate Bill No. 504 of the 1965 Session and to give particular attention to so much of the construction and remodeling as will be designed to better enable the work of the legislature to be accomplished in a more efficient, effective and economical manner and to this end maintain a formal liaison relationship with the Legislative Council;

Be It Further Resolved, That the members appointed to the joint legislative facilities and operations committee shall be reimbursed for their expenses incurred while attending sessions of the committee and the State Capitol Committee in the amount of twenty-five dollars per day plus ten cents per mile in going to and coming from any such meetings, conferences, or hearings or in carrying out any business of the committee as provided for in this resolution, whether within or without the state, the same to be paid upon their individual vouchers, approved by the chairman of the committee, from any moneys appropriated for the expense of the legislature, or from such other funds as may be made available therefor; and that the salaries and expenses of any expert, clerical, and other assistants employed by the committee shall be paid upon vouchers approved by the chairman of the committee from such funds.

MOTION

Mr. Andersen (James A.) moved that the House adopt the report of the Free Conference Committee on Senate Concurrent Resolution No. 25.

YIELDING TO QUESTION

Mr. Grant:

"Mr. Speaker, will Mr. Andersen yield to question?"

The Speaker:

"Mr. Andersen, will you yield?"

Mr. Andersen (James A.):

"Yes."

Mr. Grant:

"Mr. Andersen, I see here that the expenses of this committee will be appropriated from such funds as may be made available for this and from the expenses of the 39th legislature. Will you tell me, first, how much expense money is left from the 39th legislature, and why there was not placed upon this particular interim committee any cap or ceiling as to the expenses they may incur during the biennium?"

Mr. Andersen:

"This language was placed in there by the Senate, not the House conferees. It is my understanding a specific appropriation has been put in by the Senate in the appropriations bill for the operation of this interim committee. I don't understand that this committee is entitled to any funds that are not specifically appropriated in the omnibus bill. If I am in error, I believe Representative O'Brien could perhaps correct me."

YIELDING TO QUESTION

Mr. Grant:

"Mr. O'Brien, would you yield to question?"

Mr. Grant:

"What is the cap on the amount of money this interim committee may spend?"

The Speaker:

"Mr. O'Brien?"

Mr. O'Brien:

"Yes."

Mr. O'Brien:

"\$25,000."

The motion was carried, and the report of the Free Conference Committee was adopted.

"For the rate year 1966 and each rate year thereafter a benefit ratio shall be computed for each eligible employer. The computation of benefit ratios shall be extended to six decimal places beyond which all fractions will be disregarded. Benefits paid prior to the August 1st immediately following the date of rate determination with respect to unemployment occurring prior to such date of rate determination shall be considered in the computation of benefit ratios and benefit charges to the account of an employer shall be adjusted for benefit overpayments established under the provisions of RCW 50.20.190 prior to the August 1st following the date of rate determination.

"NEW SECTION. Sec. 13. There is hereby added to chapter 35, Laws of 1945 and to Title 50, RCW, a new section to read as follows:

"(1) For rate year 1966 and each rate year thereafter the benefit ratio for an employer shall be the quotient obtained by dividing the total benefits charged to his account for unemployment for calendar weeks ending during the thirty-six consecutive month period immediately preceding the date of rate determination by that portion of his taxable payroll for the twelve completed calendar quarters ending on June 30th immediately preceding the date of rate determination on which all contributions due have been paid by September 30th following such date of rate determination.

"(2) For rate year 1966 and each rate year thereafter the benefit ratio for any employer who has not been subject to this act for a period of time sufficient for his account to have been chargeable with benefits throughout the thirty-six month period immediately preceding the date of rate determination, but whose account could have been charged with benefits throughout the twelve consecutive month period immediately preceding the date of rate determination, shall be the quotient obtained by dividing the total benefits charged to the employer's account during the period his account has been chargeable, but not less than twelve consecutive calendar months immediately preceding the date of rate determination, by his total taxable payroll for the same period ending on June 30th immediately preceding the date of rate determination on which all contributions due have been paid by September 30th immediately following such date of rate determination.

The array shall start with the employer having the lowest benefit ratio and progress through the employer having the highest benefit ratio. The array shall show for each employer (a) his benefit ratio (b) his taxable payroll for the four calendar quarters ending with June 30th immediately preceding the computation date and reported by the following September 30th, and (c) a cumulative total consisting of the sum of his taxable payroll and the taxable payrolls of all other employers preceding him on the list.

"(2) All arrayed employers starting with those having the lowest benefit ratio, shall be grouped in accordance with the cumulative taxable payroll percentage limits for the tax schedule in effect. If this grouping results in the taxable payroll of an employer falling in two groups, such employer and any other employer or employers with the same benefit ratio shall be assigned the lower of the two applicable rates. Fractions of a cent will be dropped in computing taxable payroll limits. All employers who fall within the same group will be assigned the tax rate for that group.

"(3) If, subsequent to the assignment of rates of contribution for any rate year, the benefit ratio of an employer is recomputed and changed, such employer shall be placed in that position in the array which he would have occupied had his corrected benefit ratio been shown in the array, but such altered position in the array shall not affect the position of any other employer.

"NEW SECTION. Sec. 15. There is hereby added to chapter 35, Laws of 1945 and to Title 50, RCW, a new section to read as follows:

"Effective with the rate year 1966 and each rate year thereafter contribution rates for eligible employers will be those scheduled in Table 1. The column of the schedule effective for a particular rate year is determined by the fund balance ratio.

"The fund balance ratio for any rate year is the percentage ratio of the balance in the unemployment compensation fund as of June 30th immediately preceding the date of rate determination for that rate year to total remuneration paid by all employers

"NEW SECTION. Sec. 3. The word 'agency' used herein shall mean and include every state government office, officer, each institution, whether educational, correctional, or other, and every department, division, board and commission, except as otherwise provided in this act.

"The phrase 'agencies headed by elective officials' used herein shall mean those executive offices or departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above named elected officials serve.

"NEW SECTION. Sec. 4. In order to carry out the provisions of these appropriations and the state budget, the budget director, with the approval of the governor, may:

"(1) Allot all or any portion of the funds herein appropriated, or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve available for subsequent allotment: *Provided*, That the budget director shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Agencies headed by elective officials; University of Washington; Washington State University; Central Washington State College; Eastern Washington State College; Western Washington State College; Washington State Apple Advertising Commission; Washington State Fruit Commission; Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of chapter 15.66 RCW; the legislative branch of state government including the legislative council, the legislative budget committee, the statute law committee, and any legislative interim committee; or the judicial branch of state government: *Provided, however*, That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved allotments or to incur a deficiency and any obligation so made shall be deemed invalid. Nothing in this section or in chapter 328, Laws of 1959 shall prevent revision of any allotment when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

"(2) Issue rules and regulations to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

"(3) Prescribe procedures and forms to carry out the above.

"(4) Allot funds from appropriations in this act in advance of July 1, 1965, for the sole purpose of authorizing agencies to order goods, supplies or services for delivery after July 1, 1965: *Provided*, That no expenditures may be made from the appropriations contained in section 1 until after July 1, 1965.

"NEW SECTION. Sec. 5. Except as otherwise provided in this act, any receipts from federal or other sources or from gifts or grants in excess of those estimated in the budget may be received and allotted by the governor but in the event that receipts shall be less than those estimated in the budget from any source the appropriation shall be limited to the amount actually received and allotments made as provided in section 4. Whenever possible, the receipt of federal or other funds which are not anticipated by the governor's budget or the legislature shall be used to support regular programs instead of using appropriated funds.

"NEW SECTION. Sec. 6. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.

"NEW SECTION. Sec. 7. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys, the budget director may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriations shall be necessary to effect such repayment.

"NEW SECTION. Sec. 8. In addition to the amounts appropriated in this act for revenue for distribution and bond retirement and interest, there is also appropriated

such further amounts as may be required or available for these purposes under any statutory formula or under any proper bond covenant made in accordance with law.

"*NEW SECTION.* Sec. 9. Amounts received by an agency as reimbursements pursuant to RCW 43.09.210 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the budget director which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum inter-agency usage of data processing equipment and services and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

"*NEW SECTION.* Sec. 10. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

WESLEY C. UHLMAN

DAMON R. CANFIELD

MOTION

Mr. Uhlman moved that the House adopt the report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 374.

The Speaker called for remarks on the motion.

The Speaker recognized Mr. Uhlman.

Mr. Uhlman:

"Thank you, Mr. Speaker. Ladies and gentlemen of the House, as all of you know, this is the omnibus appropriations bill, at last, on this 112th day. It is the result of a significant amount of work by both the Senate committee and the House committee and, of course, this body, and finally the conference committee members, laboring these last two weeks in conference. It is a true compromise. As the immortal Mr. Dooley says in Finley Peter Dunne's book, 'this is about the best thing; the next best thing is a little judicious swearing. It is the difference between fighting and running away.' It helps to clear the air, and it helps to serve as a compromise between fighting and running way. I submit those of you who are really unhappy with this can, perhaps, get in a little swearing instead of fighting.

"This bill has a level of approximately \$1.5 billion. Running through some very hasty figures, you will recall our House bill required \$57.2 million in additional revenues. Our conference report initially cut the level to \$50.7 million. At that point the impasse was reached with the governor concerning the request for approximately \$10 million increased level to offset the change that we voted a little while ago on the \$42 million bookkeeping shift, and he finally did come down to the \$10 million level. It was requested by him at that point that we decrease this budget from that conference level down \$5 million more. At that point we agreed that only three major areas could be cut by any significant amount. These were the \$800 thousand figure in higher education, the \$1.3 million figure in public assistance, and the \$2.8 million figure in public instruction. Then, of course, we passed here a couple of days ago House Bill No. 387, the industrial insurance measure increasing benefits for previously disabled individuals. This was a general fund figure. That raised it \$2.3 million. The interim committees and other expenses added \$1.2 million. Here, at this level, it requires an increase in taxes of \$49.2 million.

"There are some questions I am sure some of you may like to ask of Representative Canfield, Representative DeJarnatt, or myself, who were and are your conferees. It is my opinion the conferees did uphold the position of the House, and that in many instances this is a budget we can be proud of. In others I think it leaves something to be desired; but, as I think Representative Copeland said on the forty-seventh day after another battle, speaking of differences of opinion, compromises are born not in heaven but here on earth. As such, they are as fallible as the persons who make those compromises. Certainly this is not an infallible one; it has shortcomings.

"To run through several of the major, significant things I feel are good about this budget, first of all is the area of public assistance. I don't think we need to hang our heads in the area of public assistance. Those of you who have read and feel

strongly about the Greenleigh report will recall that one of the major recommendations was giving greater flexibility in the itemization of line item appropriations. We implemented this fully. You will notice there are no rigid line items. There is a great deal of flexibility which I think will go a long way in making the overall budget one that is better for the recipients. There is built into this budget something that was not suggested by the Senate, nor by either governor; that is the mandatory elimination of ratable reductions the second year. Secondly, on the implementation of the MAA to the more comprehensive coverage rather than the limited coverage as before, you will note also that we have implemented this the second year on a more limited basis. Lastly, in this particular budget the vendors have received at least a portion of the increase that was requested by them for a greater implementation in the first year rather than the two-step implementation that was originally suggested by both governors' budgets. There are significant improvements in the health department, some \$300 thousand additional in total there, including, of course, the kidney machine program about which some of us felt so very strongly here in the House. There are major improvements in the vocational rehabilitation program and in higher education. The latter includes the increased staffing ratio from eighty-three percent in both governors' budgets to the eighty-five percent level. And then, in the area of education, and more specifically concerning teacher salary increases, there is sufficient money here for the teacher salary increase proposed in the budget. You will notice that the percentage is five percent the first year and six percent the second year. This is not what everyone here would have liked. It, again, is a compromise. No one is ever completely happy. I have been personally castigated by both sides, so it must really be a compromise. Another item is the increased appropriation for the deaf school and blind school in Vancouver, where a real inequity has existed over the years in the payment of the salaries of teachers, which have been paid on a much lower scale than all the other certified teachers in the Vancouver school system simply because the appropriation has been included in the institutions budget.

"In any event, this is a compromise. I am going to vote for it. It isn't ideal, but I think, after looking it over, it is the best we can come up with. It is a reasonably good budget. It doesn't hurt any major programs in our state. I think it is one that will lend itself to the dynamic, progressive growth our state is undergoing and will undergo in the next two years."

The Speaker recognized Mr. Day.

Mr. Day:

"Thank you, Mr. Speaker. Ladies and gentlemen of the House. 'In any event, this is a compromise.' It's a compromise all right. A compromise of the people of this state. 'The best we can come up with.' If this is the best we can come up with, it's pretty sorry. As far as the teachers' salaries are concerned, this budget doesn't guarantee the classroom teacher anything. It guarantees the administrators are going to get another shot at raising their own salaries. It guarantees the University of Washington a disproportionate raise in comparison with Washington State University, certainly a state institution of equality with the University of Washington. I have quoted these figures before. Washington State University has 21.5 percent increase in number of students and 22.4 percent increase in the budget. The University of Washington has 23.8 percent increase in number of students, and 36.7 percent grab in the budget. There is \$8 million in fat, absolute pork barrel, Representative Uhlman, for the University of Washington and it is right here in black and white. Everybody can see it. This is an absolute rape of the taxpayer of the state of Washington. There is no question about it, and I am amazed at the people who sit here in this House and call themselves conservatives and reasonable people who are going to vote for this budget. I am amazed at you, and when the people get a chance to look at this and observe the facts at the next election, I can tell you this, there are going to be a lot of new faces in this House on both sides of the aisle.

"I am going to vote against this budget. I am going to vote against it because it is not realistic. We are never going to get to the point under any tax base—I don't care what tax base you think is good and proper for the state of Washington—we are never going to get to the point where the normal increment in taxes pays for the normal increment in state government under this type of a projection. Everyone of you knows it. You are voting for this for political reasons and, frankly, I am amazed at some of you. Two years ago, we did some things in this House, of which I was a leader. I admit it and I am proud of it. It was the first session in fifteen years

when we didn't reenact any tax or enact any new taxes, and the people of the state of Washington were proud of us. And now we come back here and for political expediency we pass a budget attempting to pacify a minority group of people, thinking that the vast majority of people in the state of Washington is going to buy this. I tell you right now they aren't going to buy it, and many of you know it. That is the think that surprises me. The honest thing is that this budget could have been cut \$30 or \$40 million. We could have passed a minimum of liquor taxes to take care of that \$30 or \$40 million cut and we could have gone home and faced these people. Instead of that, you can come down here and give the people no security, the property tax no constitutional security. You are going to give them an inflated budget which does not guarantee anything to education, the education in common schools, as the Constitution demands that this legislature do. The security this budget should guarantee to common schools is going to be given to higher education. We had a bill in here to take care of private colleges. It wasn't a bill that had anything to do with religion. It took care of protestant, catholic, and nondenominational schools. It was for less than a million dollars and we couldn't even move it out of committee. Now what are we going to do? We are going to pass a budget which gives the University of Washington \$8 million more increase than Washington State University by comparison, and we are going back in both parties, if you please, and try to tell the people of this state that this is an honest and a fair budget.

"Well, I will tell you something. You wait until they sit in judgment on this budget and they are going to tell you whether it is an honest or fair budget or not. You are probably going to say, 'Well, Bill, we have listened to you all session. You haven't gotten out of line, but you are out of line tonight.' I tell you I have been waiting and waiting and waiting for you to arrive at a conclusion which is the honest, unbiased conclusion that I know you are all capable of, and you haven't arrived at it and it is really disturbing to me and it is disturbing to the people of this state, because this budget is not the budget that should have been passed. We should have passed a budget which would guarantee the classroom teachers of this state the increase they have been waiting for. We have a situation where the schools are divided into grade schools, junior high schools, and high schools. This gives us three different administrative capacities to pay for where grade schools and high schools would have given us two. It would have given us the educational budget that this state needs, but, no, we didn't get it. We got a budget instead which is inflated in some areas and totally inadequate in others, and that is the reason why I am going to vote 'no'. It is not a partisan vote. I am going to vote for the people in the fourth legislative district, a 'no' vote on this budget. Thank you, ladies and gentlemen."

The Speaker recognized Mr. Canfield.

Mr. Canfield:

"Thank you, Mr. Speaker. I have been much interested in Representative Day's remarks. He usually is so well informed. I was a little disturbed when I saw the color of paper this bill is printed on. It is a kind of blue color. When we see the tax package that goes with it, perhaps the color is somewhat appropriate.

"I would like to subscribe, generally, to what Representative Uhlman has said. I think Representative DeJarnatt will agree, in most part at least, but I would like to tell this group some of the problems involved in building a budget. I happen to have served on this Conference Committee three times now in three successive sessions. I would be one of the first to agree that this is not necessarily a perfect budget and maybe not even a good one. It is certainly not a masterpiece, but there are several ways we can look at the budget. We can look at it as a work that is financially sound and takes care of all needs adequately with no waste, or we can look at it as a decision of political expediency. It has to be politically attractive, not only to six members on the conference committee itself, but to the members of this House and the members of the Senate, and usually, I will say for Mr. Day's benefit, although he doesn't happen to be listening at this moment, usually there is some tendency to have little goodies written in for nearly everybody. You almost have to do that in order to make it politically palatable. That isn't necessarily sinful, and it isn't necessarily justifiable. These things have to be politically palatable; you people who have been here know that. You have to face the financial facts of life and you have to face the political facts of life, too.

"I regard this budget in general as a passable budget. It is true, as Representative Day says, we could knock off \$30 million from this budget. We could just bring

out the old meataxe and swing it. We could take out \$30 million, but what would the effect be? I recall last session when Representative Cecil Clark, my good friend and colleague, was so disturbed about the abuses in public welfare that he almost had a stroke, so we appointed him as head of the subcommittee to cut the fat out of the public assistance budget. He was delighted at that opportunity, and after considerable struggle and soul searching, he came out with a budget \$2 million higher than he started with. He was completely frustrated. I know there has to be fat in the budget, a little bit of fat. As a matter of fact, ladies and gentlemen, you have to have a little bit of fat to cover the skeleton, because it isn't very attractive if it's too skinny.

"Now, specifically, as to some of these items, I think in spite of what Representative Day has said that this committee was extremely sensitive to the needs of education, extremely sensitive. I think our committee has been generous in this field, very generous. As far as the institutions of higher learning are concerned, if you will study the enrollment statistics and forecasts and the needs of these institutions of higher learning, you would have to have a heart of granite to cut these budgets very severely in this field, because, certainly, we would be denying our children and everyone's children the opportunity for education that they need and they deserve. I would like to point out that the committee took enthusiastic cognizance of the needs of the community colleges, and have written into the budget the new starts that this body in its wisdom approved.

"Some of the items Representative Uhlman didn't mention which I might perhaps mention, we even took care of a million dollars worth of earthquake damage, which will be quite an order. We took care of the interim committees, and in order to supplement the fine work of Representative Gorton and his committee on redistricting, and that of Representative Grant, we are going to have some maps available for you folks so that you can know what districts you are running in.

"In summing this up, even this budget as it is being presented to you requires a substantial tax package. This tax package is going to cost you somewhere around \$59 million, I expect. Now, I am going to agree with one thing Mr. Day implied. I personally believe that insofar as possible, we should build a budget based upon the economic growth of the state, but you can't do that, the way politics are. I want to tell you why. In this state we have what is called the current level. I want to know if any of you folks know what the current level is? I had a little machine called a carpenter's level. It is called a spirit level. It has a little bubble and when that is on the cross-hair, you are level. Well, the current level here isn't that way at all, ladies and gentlemen. It is tilted up like that. We should never use the term 'current level' around here; we should say the current trend, which is always up, because everybody likes to have a bite in salary increases and recognition for work. The work of government expands and it costs more money, and we have to recognize these things. That is why government costs more than the economic growth of the state generally will provide, so this will, regrettably, call for new taxes, and I suspect in 1967 we may be faced with somewhat similar problems.

"Now, I want to conclude this by saying that I am going to vote for this budget, not because it is perfect, but because I think it is a reasonably good budget which will reasonably well meet the needs of this state for the next two years.

YIELDING TO QUESTION

Mr. Conner:

"Mr. Speaker, would Representative Uhlman yield to question?"

Mr. Uhlman:

"Yes, I yield."

Mr. Conner:

"Representative Uhlman, I wish you would explain to me the appropriation for community colleges. They tell me anything less than \$30.3 million without locally generated funds will be disastrous to these community colleges. Could you explain what the level will be?"

Mr. Uhlman:

"Yes, Representative Conner. In order to find the actual level of appropriation that the community colleges will be operating under, the easiest way would be to take the \$30.3 million figure and add to that the \$1.9 million in locally generated funds,

and subtract from this the \$800 thousand figure which the amount decreased from that total in the conference committee. That would be in excess of the \$30.3 million figure that the administrators for the junior colleges feel is the necessary amount. With the locally generated funds, this is in excess of the \$30.3 million figure."

The Speaker recognized Mr. Conner.

Mr. Conner:

"Mr. Speaker, ladies and gentlemen of the House, I feel that the conference committee has worked hard and diligently on this budget. However, I am particularly concerned about two items in the budget, the community colleges and the vocational rehabilitation program. As far as the community colleges are concerned, this is one area which might be considered the school of last resort for thousands of youngsters in our state. I do not feel that the conference committee has given enough cognizance to the problems of the community colleges. I feel that they have been perhaps, as Representative Day has said, too aware of the problems of the sacred cow, so to speak, the institutions of higher learning. I feel that Representative Canfield is in error when he says there are a lot of goodies in here. I don't think there are goodies outside of King county. I feel that the members of the conference committee haven't been sensitive enough to the problems of education and that this budget certainly is not up to the quality in the education level that it should be. I speak particularly as far as the community colleges are concerned."

YIELDING TO QUESTION

Mr. Radcliffe:

"Mr. Speaker, I would like to ask Representative Uhlman a question."

The Speaker:

"Representative Uhlman, would you yield to question?"

Mr. Uhlman:

"I will."

Mr. Radcliffe:

"Representative Uhlman, there are some things that I am concerned about. I recognize the fact that the conference committee has been in conference with the governor. I also notice that there are some cuts from the appropriations which we studied in our appropriations committee, and I should like to know whether the governor has approved of these cuts, because in one case, the matter of the five percent first year and six percent second year increase for teachers' salaries is below the figure which the governor himself recommended. In fact, both governors had six percent each year, I believe. I would like to know if the governor agreed with this cut. I am also concerned about ratable reductions. I notice this figure is lower than the one originally discussed. That is, it will not become effective as fast. I want to know about junior colleges and the colleges and universities and the matter of fees that we are allowing those institutions to charge students. These are three things I want to know whether the governor is in agreement with, and what is happening to the college fees."

Mr. Uhlman:

"Thank you, Mr. Speaker. I will try to answer each one of the questions in one minute. First of all, the governor issued a statement today. I have it here and discussed it with him a couple of hours ago. In his statement he affirms that the joint conferees, both Republicans and Democrats, met with him in his office approximately a week ago, at which time there was the question of a reduction of \$5 million from the conference level, which, as I mentioned earlier, was \$50.7 million. It was suggested by him, with our concurrence, that there were only three areas in which any significant cuts could be made. These three areas were higher education, the education budget, and welfare, since these are the three largest areas in state government. So at his suggestion the conference committee sat down and discussed figures with him. We were discussing almost exactly the figures we finally wound up with. At his instigation the figures were reduced, as I mentioned, \$800 in higher education, \$1.3 million in public assistance, and \$2.8 million in public instruction. The problems that developed from that, in direct answer to your questions, are, as I mentioned

earlier, that in the public assistance budget we can only go to zero in the ratable reductions in the second year, and we had to leave the level at nine percent the first year. It is presently twelve percent, so that is a reduction of three percent the first year, and it is eliminated the second year. In the superintendent of public instruction budget, the governor's suggested cut of approximately \$2.8 million was accepted by the conference committee. This, of course, would have to come from teachers' salaries, because there were no additional funds available other than teachers' salaries. We decreased the proposed increase one percent for the first year. Thirdly, in the area of higher education, the only way possible to cut in that area, pursuant to our joint meeting with the governor, would be to utilize some locally generated fees, and we agreed to a staffing ratio of 85 percent, instead of the 87 percent originally passed by the House or the 83 percent originally suggested by Governors Rosellini and Evans. This is two percent less than the original bill coming out of the House."

Mr. Radcliffe:

"Then a portion of their fees is being used to meet the budget which we see before us. Is this true?"

Mr. Uhlman:

"A little less than one-half of the locally generated fees will be used as an offset. The total fee increase for all five schools is almost exactly \$5 million. The portion of the \$5 million that is to be used for operational purposes is between 3.4 and 3.5 million. Consequently, you will notice when you look at the general, over-all agreement between the governor and the conferees, this is a little less than half of this 3.5 million. The rest remains as the House originally intended, as an increase over the proposal of the two governors."

The Speaker called on Mr. Garrett to preside.

YIELDING TO QUESTION

Mr. Anderson (Eric O.):

"Mr. Speaker, will Mr. Uhlman yield to question?"

The Speaker (Mr. Garrett presiding):

"Mr. Uhlman, will you yield to question?"

Mr. Uhlman:

"I will."

Mr. Anderson:

"Would you tell us about the noncertificated employees? I mean as far as school districts are concerned. You know, ladies and gentlemen of the House, these are the people that we forget about."

Mr. Uhlman:

"Yes, Mr. Anderson. The noncertificated employees are employees of the local school districts other than teachers. These would be the janitors, the individuals who work in the schools who do not have a certificate. These are the persons who are getting significantly less money. They don't have powerful employee organizations that can meet with the school board in their behalf and they have been continually overlooked for many, many years. In fact, this is the first time they have ever had any personal recognition in the form of a proviso earmarked in the budget, to my knowledge. Perhaps Representative Canfield or some of the persons who have been here longer than I have can attest to this. The teachers have but the noncertificated employees have not. I think this is a significant step forward in giving them recognition. It is five percent each year, the same as all state employees will receive in the \$7.5 million earmarked for an emergency appropriation for implementing the wage and salary level for all our state employees. It puts them on the same level as far as percentages is concerned."

YIELDING TO QUESTION

Mr. Morphis:

"Mr. Speaker, would the gentleman from King county, Mr. Uhlman, yield to three questions?"

The Speaker (Mr. Garrett presiding):

"Mr. Uhlman, will you yield to question from Mr. Morphis?"

Mr. Uhlman:

"I do."

Mr. Morphis:

"Mr. Uhlman, can you name another state that has the medicare assumption that we have and will you tell how much the medicare assumption amounts to?"

Mr. Uhlman:

"We have a \$7.3 million assumption. The reason we did it was the result of a series of calls to members of the congress and to Mr. Dericks, who is the secretary for the House Committee on Health, Education and Welfare in the congress, and who is, incidentally, regarded as one of the foremost experts in the country concerning the medicare bill that has been kicking around congress for the last five or six years in one form or another. According to Mr. Derick's testimony to me and other members of the committee in a telephone conference, this is a very reasonable assumption and is one we can reasonably take. Secondly, we had a series of conferences, both Representative Chatalas as chairman of the subcommittee and his subcommittee, with the department, with Mrs. Mary Lou Everson and other members, and they agreed that this was an adequate and reasonable assumption. They said we could go ten percent higher than that, although this \$7.3 million figure is fair and reasonable. In direct answer as to how many states have taken on the assumption, I couldn't tell you. There aren't very many of our states who have remained in session as long as we have. I guess most of them went home before the bill passed the House. It is now pending before the Senate. It is generally conceded—Senator Magnuson has also attested to this—that this is the form in which it will probably pass the Senate, with minor changes. I noticed the other day that one of the Senators, I believe Senator Mansfield, said this was probably the form in which it would pass the Senate. I think that is a very reasonable assumption. The mere fact that other states may or may not have taken action is probably the result of the fact that they went home much earlier than we did. We are still here and are able to view it from a more advantageous standpoint."

Mr. Morphis:

"I have a third question. Under the proposed medicare, there is supposed to be a seven percent increase to the social security recipients. Now then, has the state of Washington under their assumption taken this seven percent cost of living increase from the old age recipient and in effect given it to the ADC program?"

Mr. Uhlman:

"Not at all. As a matter of fact, the programs are differentiated within the planning and with the concurrence of the department. We followed the department's advice very carefully and very closely in this field. As you may have noticed, Representative Morphis, the measure contemplated by the congress is many, many pages thick. As I recall, it is either ninety-nine or one hundred pages thick. Consequently, our committee, who is here only a short period of time, cannot reasonably be expected to understand it all and we have to depend on the experts in the department. The department feels this is a reasonable approach."

Mr. Morphis:

"That doesn't answer it fully. Will the old age recipient get the cost of living increase or is that eliminated from his grant?"

Mr. Uhlman:

"The old age assistance recipient will get the cost of living increase under the bill, if the bill is passed in its present form."

YIELDING TO QUESTION

Mr. Brouillet:

"Mr. Speaker, I wonder if Mr. Uhlman would yield to another question?"

The Speaker (Mr. Garrett presiding):

"Will you yield to another question, Mr. Uhlman?"

Mr. Uhlman:

"I do."

Mr. Brouillet:

"I have a question, Representative Uhlman, concerning the language on page 15. The House, if I recall, had some very strongly worded language pertaining to teacher salary increases. In this I read that it is the 'intent of the legislature that subject to availability of funds for all district functions, school districts shall improve salaries.' Above is a reference to \$49 million for salaries for the two classifications. I wonder what this clause I have quoted does?"

Mr. Uhlman:

"Representative Brouillet, this question was raised on a number of occasions as to precisely what this meant. There were four attorneys on the conference committee and we had four different opinions. There is an old saying that when you get more than one attorney, you get more than one opinion. It is my own personal opinion this money is earmarked, when it is set out as we have it here and the legislative intent is expressed as it is here, and I believe that the attorney general if asked would, in all likelihood, state this is earmarked into the percentage as we have set forth here."

The Speaker resumed the Chair.

YIELDING TO QUESTION

Mr. Chatalas:

"Mr. Speaker, will Mr. Uhlman yield to another question, please?"

The Speaker:

"Will you yield, Mr. Uhlman?"

Mr. Uhlman:

"I do."

Mr. Chatalas:

"First, Mr. Uhlman, contrary to Mr. Day's remarks, I want to compliment you and Mr. Canfield and Mr. DeJarnatt for what was certainly a wonderful job you did in coming to agreement with the Senate and the governor in bringing this budget out. Now, I want to be sure about one thing, and I think you are the one who can give me the straight answer. Is it absolutely certain that there will be no ratable reductions after the first year of the biennium?"

Mr. Uhlman:

"Representative Chatalas, I direct your attention to page 10, lines 2 through 6, of the bill. I will read it. 'General Fund appropriation to be used exclusively to reduce so far as feasible in 1965-1966 and to eliminate entirely in 1966-67 the ratable reduction in the Aid to Dependent Children, General Assistance and Disability Assistance programs.' It is my opinion we could not express it in any stronger language and that there will be no ratable reductions in the second year of the biennium."

Mr. Chatalas:

"Thank you, Mr. Uhlman. The reason I ask is because this says 'so far as is feasible.' I wanted to be sure that there will be absolutely no ratables."

Mr. Uhlman:

"You will note that 'so far as is feasible' applies only to the first year, and that the wording is 'to eliminate entirely' the ratables in the second year."

Mr. Chatalas:

"I have one other question. Is there anywhere in the budget where the so-called increases in teachers' salaries are earmarked?"

Mr. Uhlman:

"This is the question I believe Representative Brouillet was referring to a moment ago. I think the same answer would be applicable to that. There would be a question of construction. It is my personal opinion this is earmarked."

YIELDING TO QUESTION

Mr. Jueling:

"Mr. Speaker, I wonder if Mr. Canfield would yield to two questions?"

The Speaker:

"Mr. Canfield, will you yield to two questions, please?"

Mr. Canfield:

"Yes."

Mr. Jueling:

"Representative Canfield, in providing the \$47 or \$48 million that we are providing for teacher salary increases, is this over and above the annual increment they might be entitled to from their local districts?"

Mr. Canfield:

"To the best of my knowledge and experience in this legislature, the increments have been a matter of local contract decision, and over and above and apart from this appropriation."

Mr. Jueling:

"My second question to you is this. Assuming that each school district carries out the intent of the legislature so that each school teacher is raised five percent the first year and six percent the second year, where would this put us in the amount we pay our teachers on the scale as it relates to the other fifty states?"

Mr. Canfield:

"Well, I guess you can get a number of answers to that. Possibly Mr. DeJarnatt is more familiar as to the statistics than I am, or possibly Mr. Brouillet. I would say that these summary ratings change from year to year. The rating one year will be different from another depending on what other state legislatures do. Now, subject to the opinions of these other gentlemen I have mentioned, as I understand it, we have to distinguish whether or not we are talking about classroom teachers, for instance, or talking about teachers, which would include your supervisory personnel, or do we include only certified personnel. We have to decide whom we are talking about. If you take the classroom teacher level, as I understand it at the present time we are somewhere around fourteenth, and if the other state legislatures should not raise their salaries in proportion, we will move up to well under tenth. As a matter of fact, one figure I saw put it as low as fourth, but I wouldn't choose to accept that unless it was verified by careful statistics. I would say it would substantially improve our rating among the various states."

The Speaker recognized Mr. Kalich.

Mr. Kalich:

"Ladies and gentlemen of the House, Mr. Uhlman and Mr. Canfield, I am not going to ask you a question. I was very dubious when I came here tonight, but after looking at this—I think this might be the 'Blueprint for Progress'—I think Elmer and I are going to vote for it out of pure frustration. I think over a month ago I read somewhere that our new, young governor hoped to get us out before cherry blossom time. I think I have a right to call him 'our' new, young governor; he's ours as much as yours. Well, the cherry blossoms have come and gone and if we don't get out pretty soon, all the cherries will be gone, too. I think out of pure frustration I am going to vote for this budget and leave here tonight."

YIELDING TO QUESTION

Mr. Grant:

"Mr. Speaker, I would like to rest Mr. Uhlman for a moment, and if Mr. DeJarnatt would yield to question, I would appreciate it."

The Speaker:

"Will you yield to question, Mr. DeJarnatt?"

Mr. DeJarnatt:

"I yield."

Mr. Grant:

"This is an insignificant item, but I think it bears investigation by the members of the legislature. I notice an increase in the appropriation for the state patrol. Will you tell me what the purpose of that increase is?"

Mr. DeJarnatt:

"This increase over the House figure which was in the budget we sent to the Senate in the amount of \$55 thousand is for a twin engine airplane for state patrol use."

YIELDING TO QUESTION

Mr. Grant:

"Mr. Speaker, will Mr. Avey yield to question?"

The Speaker:

"Mr. Avey?"

Mr. Avey:

"I will."

Mr. Grant:

"Mr. Avey, how many airplanes does the state of Washington have now?"

Mr. Avey:

"I am not sure how many airplanes the state of Washington has. The aeronautics department has three twin engine planes and a helicopter. Natural resources has two large twin engine planes. The game department has at least three or four planes. I don't know how many fisheries has. The state patrol has one plane at the present time."

Mr. Grant:

"Thank you, Mr. Avey."

The Speaker recognized Mr. Grant.

Mr. Grant:

"We discussed this particular matter in the Ways and Means Committee, the purchase of a twin engine plane for the state patrol. The reason given for such a purchase was that this would be used to patrol the highways. Of course, a twin engine plane flies at a rapid speed and it would have a little difficulty following any traffic on the highways. In addition, the suggestion was made that it might be used to transport the governor and to protect the governor. The full Ways and Means Committee, I remind you members of that committee, rejected that appropriation in the House. Now, this is a very small and perhaps an insignificant item in this budget compared to the cuts we have made in the total educational budget. I want to say I am opposing the budget bill, this little blue sheet which is before us, for an entirely different reason than that expressed by some of my colleagues on this side of the aisle. I am opposing it because I think it is most inadequate in some areas. I think it is inadequate in the field of higher education. I think it is inadequate as far as our teachers' salaries are concerned and as far as our noncertificated employees are concerned, and I want to state to you that I think it is inadequate as far as the department of health is concerned in much needed areas such as cystic fibrosis. I think it is inadequate in many respects and, on the other hand, plush in many respects, as in the example I have given of this purchase of a \$55 thousand airplane for the use of the governor. Now, I have been willing to support a necessary tax program for the support of a necessary program for state government if that program is equitable, but I am not willing to support this program of state services which is inadequate."

YIELDING TO QUESTION

Mrs. Hurley:

"Mr. Speaker, this question has been asked twice before, but I wonder if Mr. Uhlman would yield once more to a question?"

The Speaker:

"Will you yield, Mr. Uhlman?"

Mr. Uhlman:

"I do."

Mrs. Hurley:

"Mr. Uhlman, this relates to the salary increases for teachers. I believe all of those people who have been in this legislature before will remember—maybe it was in '59 or '61—when the teachers received an increase of \$235 the first year and \$235 the second year. I haven't been able to find any teacher that really got the increase. I believe that that year, as will happen this time, when the budget was proposed to the superintendent of public instruction and the school directors that they both opposed earmarking these funds. Now, I think it is a very nice deal to hand over a nice bunch of money and say this is supposed to go to school teachers, because school teachers have a certain amount of emotional appeal. Every parent that has a child in school likes to hear about school teachers getting an increase, so they are not going to complain if we have something in the budget that is going to increase the salaries of the teachers, but I don't think those parents or those people that live in those school districts really know that those school teachers aren't really going to get this increase at all, and I think it would be a real good thing to establish once and for all our own legislative intent in this House. What goes into the schools is like money being poured into a funnel and all of us hope that someday it is going to be channeled into some child's mind, and then it all goes into administration, into buses, into everything else, but the fact remains that the only real contact that the child has with all this money is that one classroom teacher. I think increases are a fine thing, but maybe many of us teachers—I don't expect to see it myself—but I think many teachers realize what has happened in previous years and don't expect to get this increase. It is just pie in the sky, one of those things that legislators put in the budget to make the budget a little bit more palatable for the people back home. I think that in order to establish all of our intents we should ask, do we intend that these teachers actually do get this increase, because while the superintendent of public instruction maybe doesn't want to be tied down and our school directors don't want to be tied down, because it is a nice little bundle of money which maybe they can use to hire another teacher or give an administrator a raise, as was done the last time, I think, Mr. Uhlman, that the teachers of the state really want to know. Did you intend this to go to teachers, did the Free Conference Committee intend this to go to the teachers? Does this House of Representatives intend this really to get down to the classroom teacher level?"

Mr. Uhlman:

"Mrs. Hurley, you are correct. This question has been raised twice before. All I can say is yes, yes, yes, in answer to your last three questions. However, I must qualify that to the extent that I cannot answer for anyone else on the conference committee. I can answer for myself as one vote there. I can answer for myself as one vote here on this House floor. I think it might be wise if you are really concerned that you ask the other two conferees what their intentions are in this regard. We spent a considerable length of time arguing, discussing, and rediscussing this particular question several different days in the conference committee. I would simply state that if you will look on page 15 at the proviso starting on line 25 and carrying over to the top of page 16, you will find the amount of money which has been provided in this particular area. I think it would be wisest for you to inquire concerning the intent of the other conferees. I don't know how you would establish the intent of this House other than by inquiring of each individual member as to what his intention is on his vote."

Mrs. Hurley:

"Thank you, Mr. Uhlman. Mr. Speaker, may I ask the same question, then, of Mr. Canfield? Mr. Canfield, was it your intention on the Free Conference Committee that this salary increase really reach the classroom teacher?"

Mr. Canfield:

"Mr. Speaker, ladies and gentlemen, and Mrs. Hurley, we tried to make that as specific as we could. You will notice if you read that that we said 'it is the intent' so we spelled out the intent of the legislature, and that is my intent. It was Mr. Uhlman's intention, I am sure; it was Mr. DeJarnatt's intention, and every other member of the conference committee that this should be spelled out just as accurately and definitely as possible so see that each teacher would get his money. Please also note in this section that the superintendent of public instruction is required to report back whether or not this money was given to the teachers? So I would say to you that we thought we did everything that was possible in the language we had available to insure that it did get to the classroom teachers."

Mrs. Hurley:

"Mr. Canfield, that is clearly and beautifully stated. If you please, Mr. DeJarnatt?"

Mr. DeJarnatt:

"I think there are two extreme positions on this matter of earmarking. The school directors and I think the superintendent of public instruction oppose earmarking funds in order to offer local districts a degree of flexibility. On the other hand, the classroom teachers generally desire pretty rigid earmarking. I think there are compromises to be had between the two positions. I think there are peculiar situations in various parts of the state which warrant some degree of flexibility. One school district I have in mind granted a substantial increase in salary to their teachers last year based upon the hope of a special levy and the special levy failed to pass, but they had made a commitment to grant salary increases, which they did. However, the limitation of funds forced them to cut down their faculty and the teachers found themselves teaching very large classes. This particular district probably should use the funds to hire more teachers and their salary increase will probably fall below this percentage. I think we have declared the intent while still leaving a degree of flexibility for those peculiar situations."

The Speaker recognized Mrs. Epton.

Mrs. Epton:

"Mr. Speaker, ladies and gentlemen of the House, first of all I want to say that Mrs. Valle's and my intent is that this should go to the teachers. In respect to another item in here, each session I am here I am continually frustrated to see that the appropriation for helping people to get on their own feet, that which goes to the state board for vocational education, is less than it should be. I have worked closely in this program for about twenty-five years and I know that each of you has people learning to walk who never walked before or getting their first job even if they won't be earning very much money but doing this for the first time and becoming independent, you feel a lot different about this program. You feel exactly as I do and you feel it should be brought up to modern times and it hasn't been. Specifically, we have a little bit of an addition here, \$1 million, and I would like to direct a question to Mr. DeJarnatt for a little clarification on this."

YIELDING TO QUESTION

Mrs. Epton:

"Mr. Speaker, will Mr. DeJarnatt yield to question?"

The Speaker:

"Will you yield, Mr. DeJarnatt?"

Mr. DeJarnatt:

"I will yield."

Mrs. Epton:

"Mr. DeJarnatt, when I added \$1 million to the general fund appropriation by amendment adopted by the House on April 16, 1965, the intent of that amendment as

explained to the members was to add funds to federal-state services, extended services, and to services for the nondisabled. Are we correct in assuming that the \$417,000 added to Substitute Senate Bill No. 374 is to be allocated among these three divisions of the state board for vocational education? It has not been so specified and I would like the record to show that this was my intent. Was it the intent of the conference committee?"

Mr. DeJarnatt:

"That is our intent. We are not able to salvage the entire amount. The \$417,000 includes \$217,000 added by the Senate for the Manpower Training Development Act, \$100,000 added by the House for sheltered workshops, and \$100,000 for the VRO stations. Although it isn't earmarked in the bill, notes were taken during the deliberations which will be in the hands of the central budget agency, and I think the intent of your amendment will be carried out to the best of our ability within this amount of money."

YIELDING TO QUESTION

Mr. Witherbee:

"Mr. Speaker, would Mr. Uhlman yield to question?"

The Speaker:

"Will you yield, Mr. Uhlman?"

Mr. Uhlman:

"I do."

Mr. Witherbee:

"On page 19, line 30, Mr. Uhlman, the general fund appropriation for the department of commerce and economic development; I understand that this amount is an increase of \$500 thousand over a \$1 million cut in the Senate."

Mr. Uhlman:

"That is right."

The Speaker recognized Mr. Witherbee.

Mr. Witherbee:

"Mr. Speaker, ladies and gentlemen of the House, we have heard a lot about education tonight, and about welfare, and a lot of other individual appropriations in this budget. I think the one place where we have really lost sight of something that is important to the state of Washington is in the fact that we have tried for a period of years to bring a lot of new industry into the state. Now, probably when you talk about a half a million dollar cut in a \$4,323,000 appropriation for a department, you are not talking about a lot of money, when we have a billion dollar budget. However, this legislature, since the inception of the department, since we set up the department of commerce and economic development, has every session added some new duties to this department. Now, if you will take the budget bill here, the conference report, and turn to page 20, you have the canal commission to which you are going to give \$60 thousand; we have the department of fisheries. I am not knocking the department of fisheries; it is a large industry, but we are giving the department of fisheries \$7,288,000. Now, this is one segment, only one segment, of our economy. Go a little further down the page, and it talks about the department of natural resources; we have an appropriation of \$6,736,000. Again we are talking about one segment of our economy. Now, we are asking the department of commerce and economic development to do some additional jobs that we gave them during this session. We passed an atomic energy bill asking them to try to bring into the state a new atomic energy industry for the peaceful use of atomic energy. We are competing with forty-nine other states, and not too far south of us is the state of California which has appropriated, not \$4 million for their department, but \$20 million. \$20 million just to bring a new atomic industry into their state, just for one portion of their department which will be comparable to ours. I think we are being penny-wise and pound-foolish in this budget. The man—I don't care to mention his name, you all know him—who came up here to head up the division of atomic energy in the department of commerce and economic development took a twelve

thousand dollar cut in wages to come here to dedicate himself to the peaceful use of atomic energy in this state and to try to bring new industry here; and we from the legislature sit here in our own smug way—and I am not castigating the members of the conference committee, because I think they have done a remarkable job—I merely say that that man did that because he was dedicated, because he believed in the peaceful use of atomic energy, something that will completely change the face of the earth, change your and my way of living in ways we cannot today comprehend, we are asking this department to do a job for less money—actually less money if you take into consideration the cost of living increases and the job they have to do—than they had last biennium. Now it has been said, and again I am not castigating the man—we all run for election and we say things at times—it was said that the governor said the department of commerce and economic development wasn't doing the job, that it was a boondoggle and that they could do this job for less money. So the Senate, in their infinite wisdom, dropped the department's budget over a million dollars. Our conferees were able to put back five hundred thousand dollars. I don't think because some man running for office—and I don't care whether it was Daniel Evans or Al Rosellini or Curly Witherbee—made a statement, the department should suffer. I will give him the benefit of the doubt. Maybe he wasn't completely conversant with the facts. I don't think for this reason this legislature should chop off the very livelihood of our state. I think the department of commerce and economic development should have the money to do the job and we are not giving them the money, and for this reason I am going to vote against this budget bill."

The Speaker recognized Mr. Avey.

Mr. Avey:

"Mr. Speaker, ladies and gentlemen of the House, I am not going to rise to speak for the sacred cow in this legislature and in this state. I am going to talk about the one of the illegitimate calves, and that is the aeronautics department. The aeronautics department has \$130 thousand. It has \$10 thousand for search and rescue, which will mean in the next two years the first person who gets lost, they will look for. From then on they will have no money to look for anybody else for two years. You don't search for nothing. We have seventeen emergency fields in the state of Washington. We don't have any money to cut the grass on them. We have one director of aeronautics who is on duty twenty-four hours a day, seven days a week, and we don't even give them enough money so he can hire an assistant. Aeronautics is No. 1 in the state of Washington; they tell me it is even greater than the lumber industry. We can give \$55 thousand to the state patrol, one of the sacred cows of the state of Washington, for a twin-engine airplane, of which we have one in the aeronautics department which was good enough to fly Governor Rosellini anywhere he wanted to go, but we can't keep our fields open. We can't do anything. So I plead for the aeronautics department, which we are cutting to nothing. Now, I would like to go with my friend, Mr. Uhlman, who got a 37.5 percent increase for the University of Washington. I wish I was sitting with one of those sacred cows. Instead of that, we get cut until we can't even keep the department open. Thank you."

YIELDING TO QUESTION

Mr. Burtch:

"Mr. Speaker, would Representative Uhlman yield to question?"

The Speaker:

"Will you yield, Mr. Uhlman?"

Mr. Uhlman:

"I yield."

Mr. Burtch:

"Representative Uhlman, in the House Ways and Means Committee, an additional \$20 thousand was added to the fisheries budget for the express purpose of providing for one additional patrolman in North Beach, Grays Harbor county, to take care of enforcement problems there. I wonder if this conference committee report includes this twenty thousand dollars, and if the intent of the conference committee was that there be a resident patrolman in North Beach, Grays Harbor, for taking care of enforcement problems they have?"

Mr. Uhlman:

"In direct answer to your question, under the able chairmanship on the sub-committee of Representative Haussler, it was ascertained a resident patrolman was necessary for this area and the twenty thousand dollar item was added to the proposed budget. I might add that there are several new patrolmen positions proposed in the fisheries budget; I believe it was two and a half positions, and over and above this is this additional resident patrolman in that area. That was the intent of the committee and the intent of this House, and this item remained intact in the conference committee. I believe I can speak for the unanimous position of the conference committee that this is the intent of the committee."

The Speaker resumed the chair.

YIELDING TO QUESTION

Mr. King (Chet):

"Mr. Speaker, would Mr. Uhlman yield to question?"

The Speaker:

"Will you yield to question, Mr. Uhlman?"

Mr. Uhlman:

"I do."

Mr. King:

"On page 10 I note you have a substantial increase for the operation of the department of welfare. Likewise, I want to call your attention to how much is cut from the request by the two governors. Then you say you are going to get rid of ratables the second year. The question I am asking now is this, do you have an open-ended budget where they can go beyond what is appropriated here? How are you going to get by with a ten percent limitation of ratables with the population that we have?"

Mr. Uhlman:

"In direct answer to your question as to whether or not there would be possible a deficiency appropriation in the next legislature—is that your question—you will recall, Representative King, in the 1959 session the budget and accounting act was passed, which definitely precludes the department of public assistance or any other code department, or any department except those specifically excluded in the 1959 act—the departments headed by elected officials and some others—from coming to this legislature with any deficiency appropriations. It would be impossible, in my opinion, under the 1959 budget and accounting act for any deficiency appropriations to be proposed in the next legislature."

Mr. King:

"That was what I was inquisitive about. How are you going to provide for getting rid of the ten percent ratable and not have a ratable in your second year when you have cut the amount out of the budget that you have?"

Mr. Uhlman:

"Representative King, to refresh your memory, Governor Rosellini proposed the ratable reductions be decreased from the existing level of 12 percent to 10 percent, and then, I believe, eight percent. Governor Evans upon taking over proposed that the ratable reductions be decreased to six percent and five percent, or eight percent and six percent. The conference committee, on the other hand, has proposed they be eliminated in the second year. I believe there are sufficient funds under departmental estimates, and I believe this is agreed to by all the persons in the department and by the governor's office and central budget agency, under current projections of case loads, for a reduction of ratables at the level of nine percent the first year and zero the second year. There are sufficient moneys available for that."

Mr. King:

"One other thing, I think you are going along with the assumption that we are going to have some federal funds; otherwise, it may not be sufficient. Is that correct?"

Mr. Uhlman:

"Representative King, I would recall to your attention the question Representative Morphis asked and the answer I attempted to give regarding the federal assumption of \$7.3 million. I believe it is a reasonable assumption for the same reason I stated at that time."

Mr. King:

"I hope you are right."

YIELDING TO QUESTION

Mr. Bledsoe:

"Mr. Speaker, will Mr. Uhlman yield to a question?"

The Speaker:

"Will you yield, Mr. Uhlman?"

Mr. Uhlman:

"Yes."

Mr. Bledsoe:

"Mr. Uhlman, I would like to follow one particular line item through the process to the final budget we have here. In the original budget book we had a general fund appropriation for Central Washington College of 9,720,000 and some odd dollars. We added about \$150,000 to it in the House committee, as you remember, bringing it up to \$9,870,000. Then we come to Senate Bill No. 552. If you remember, we debated this on the floor at that time, and I believe you replied in response to a question from me that the student fee increase of \$52.00 each quarter would be on top of the other appropriation, and this was the understanding, I think, of many of the people who voted for Senate Bill No. 552. Now, going to the blue sheet in front of us, we find that not only has the House committee amendment not appeared as we saw it before, but it has, in fact, been decreased by \$110,907, or something like that. Now, you on the conference committee, Representative Uhlman, would probably see this somewhat differently than I do, being close to the hot stove. I do feel in this that we have been guilty of a certain amount—I don't want to say of bad faith, but I am stuck for something better—with the students who responded to this House in great numbers and with a considerable measure of responsibility saying they were willing to participate in these fee increases if the fee increases were not put in the pot or in any case lost in the \$110 thousand decrease. Would you give me some words of explanation that I can pass on to these young people? I am going to have to go home and explain this."

Mr. Uhlman:

"Representative Bledsoe, I think you can go back home and say that we did retain, despite heavy odds, a little over one-half of the locally generated funds for use of Central Washington College. I might add, starting from the bottom very briefly, that Central Washington College, if I recall correctly, received \$150 thousand additional over and above that proposed by either Governor Rosellini or Governor Evans. On top of that, we have reached the compromise position in the conference committee of a little less than one-half reduction in the approximate amount of locally generated funds. I think, in direct answer to your responsible students who accepted this fee increase in good faith, that you can say that we in the conference committee, we in the House, have made every effort to hold what we can. You are right in that when you are closer to the stove it is warmer than when you are standing at some distance away. Consequently, we wound up with this type of compromise which is the essence of any budget or legislative matter. It was a compromise. Some individuals would have liked to have balanced the budget with all of these tuitions and fees."

The Speaker recognized Mr. Anderson (Eric O.).

Mr. Anderson:

"Thank you, Mr. Speaker. Ladies and gentlemen of the House, we have in this free conference committee report an item to the department of conservation of \$100 thousand for a water inventory study. Ladies and gentlemen of the House, I think

this appropriation is very appropriate and I think it should be in there; but I presented an amount to increase the flood control budget by \$500 thousand. You know we have lots of rain here in the state of Washington and we have many costly flood control projects that require forty percent matching money from the state to the county. The county sets up that flood control project and the state of Washington contributes forty percent. I contacted Mr. Hastings who is flood control supervisor for the state of Washington, and he told me that this flood control budget was not high enough. King county has passed millage for flood control. Grays Harbor county has passed millage for flood control. I understand the state has always paid 40 percent, but this appropriation that is here for the department of conservation will not handle the matching money that the counties require from the state. I am going to vote for the budget, but, ladies and gentlemen, I presented this amount to the committee and I want this in the record. Thank you."

YIELDING TO QUESTION

Mr. Leland:

"Mr. Speaker, would Mr. Uhlman yield to question?"

The Speaker:

"Will you yield, Mr. Uhlman?"

Mr. Uhlman:

"I yield."

Mr. Leland:

"Like Mr. Anderson, I am going to vote for the budget, but during the regular session we discussed several times the question of topographic and geologic mapping. Could you tell me what figure is represented here for this particular purpose?"

Mr. Uhlman:

"Representative Leland, it would be my best estimation that if there were funds available for topographic mapping, they would be on page 4, line 17, in the \$275 thousand available for special projects to the governor for surveys and installations. This subject did not come up in the conference report. It was not incorporated in either the House or Senate budgets. Consequently, it didn't come before the conference committee as such. It is a commendable project. I hope the governor would utilize some of these funds for this. It is for projects of this type that we give the governor this special sum of money."

Mr. Leland:

"The reason I ask the question is because, as you know, there has been within the framework of the regular budget year after year at least some funds to continue on a matching basis with the federal government a program of this type. This has gone on for many years. It has been in every budget for some time. It has been a limited amount, but it has been in there."

Mr. Uhlman:

"To the best of my knowledge—perhaps Representative Canfield can correct me—there has not been an exact line item figure in the past. There is, however, a project under the division of mines and geology with funds available for a limited project of this nature, for this type of topographical mapping. It isn't adequate because the potential of the project is tremendous, but there is incorporated in the department's budget funds for a continuation of the existing program."

Mr. Mast demanded the previous question, and the demand was sustained.

The Speaker stated the question before the House to be the motion by Mr. Uhlman that the House adopt the report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 374.

Mr. Uhlman demanded an electric roll call, and the demand was sustained.

The Clerk called the roll, and the motion was carried, and the report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 374 was adopted by the following vote: Yeas, 69; nays, 28; absent or not voting, 2.

**FINAL PASSAGE OF SENATE BILL AS AMENDED BY
FREE CONFERENCE COMMITTEE**

The Speaker stated the question before the House to be the final passage of Engrossed Substitute Senate Bill No. 374 as amended by the Free Conference Committee.

Mr. Rogers demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 374 as amended by the Free Conference Committee, and the bill passed the House by the following vote: Yeas, 68; nays, 29; absent or not voting, 2.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Backstrom, Bozarth, Brachtenbach, Braun, Burtch, Canfield, Chatalas, Clark, Copeland, Cunningham, DeJarnatt, Dootson, Elder, Finch, Gallagher, Goldsworthy, Gorton, Haussler, Hawley, Hood, Humiston, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Juelling, Kalich, King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Marsh, Mast, McCaffree, McDougall, Moon, Moos, Newhouse, Newschwander, O'Brien, O'Dell, Olsen, Perry, Pierre, Pritchard, Radcliffe, Rogers, Savage, Smith, Swayze, Taplin, Taylor, Traylor, Uhlman, Valle, Wang, Whetzel, Mr. Speaker—68.

Those absent or not voting were: Representatives O'Donnell, Thompson—2.

Engrossed Substitute Senate Bill No. 374 as amended by the Free Conference Committee, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATIONS OF VOTE

These are specific reasons why I have found it impossible to vote for Engrossed Substitute Senate Bill No. 374 as amended by the Free Conference Committee:

1. Although repeated studies prove the socio-economic necessity of increasing funds allocable to the State Board of Education for rehabilitation services, this appropriation

still lags far behind the requirements of disadvantaged people who must wait for years for a chance to become independent.

2. Sufficient funds were not allocated for full payment to hospitals, nursing homes and other vendor groups under Public Assistance, even though such payment must eventually be met.

3. The increase in student fees which the members were assured would be added to the respective institutions appropriations for the purpose of improving their staffing ratio to 87% was partially diverted to the general fund.

MRS. JOHN W. "KATHRYN" EPTON,
4th District.

I voted against Engrossed Substitute Senate Bill No. 374 as amended by the Free Conference Committee because I believed it would be inadequate in certain areas.

First, the appropriation for public assistance was cut below the original House budget version, which came closer to meeting the needs of people in this state who cannot help themselves.

Second, the Veteran's Rehabilitation Council received an unnecessary cut which is in disregard of the fine work the council has done for veterans of the state.

Third, the education budget was too low and, in particular, I believe that the teachers' salaries should have had a 6% increase the first year rather than the reduction to 5% increase.

I know the Conference Committee, as represented by the House, attempted to do the best possible job for these areas, but were limited by the governor's insistence that he wanted twenty million dollars to "put in the bank" for two years from now, and because of this, the budget had to be cut five million dollars to satisfy this desire. This is unfair and I cannot see hurting these needy or these areas in the budget for solely political purposes.

FRANK. GEO. MARZANO,
27th District

In opposition to the raise to 4.2 percent sales tax encompassed in Engrossed Substitute Senate Bill No. 374: All members of the House of Representatives had an opportunity to vote for House Joint Resolution No. 25, which would place a restriction on raising the four percent sales tax. The Democratic platform and labor have both constantly opposed raises in the sales tax. During this 1965 session, the Democratic Party is in control of both Houses, and also controls the membership on the Free Conference Committee. Yet, in this budget the sales tax has been raised two-tenths percent. This opens the door to future legislatures to reach the five percent level. I predict that nothing now can prevent the state of Washington from reaching the five percent mark in the next session of the legislature. I sponsored House Joint Resolution No. 25 specifically to prevent such a raise in the sales tax.

MRS. JOSEPH E. HURLEY,
3rd District.

MOTION

On motion of Mr. Burtch, Engrossed Substitute Senate Bill No. 374 as amended by the Free Conference Committee was ordered immediately transmitted to the Senate.

MESSAGE FROM THE GOVERNOR

State of Washington, Office of the Governor,
Olympia, April 30, 1965.

To the Honorable, The House of Representatives of the State of Washington.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, **House Bill No. 467** entitled:

"An Act relating to the redistricting and reapportionment of the state into congressional districts; adding new sections to chapter 29.68 RCW and to chapter 9, Laws of 1965; repealing section 29.68.005, chapter 9, Laws of 1965 and RCW 29.68.005; repealing section 29.68.007, chapter 9, Laws of 1965 and RCW 29.68.007; repealing section 29.68.011, chapter 9, Laws of 1965 and RCW 29.68.011; repealing section 29.68.021, chapter 9, Laws of 1965 and RCW 29.68.021; repealing section 29.68.030, chapter 9, Laws of 1965 and RCW 29.68.030; repealing section 29.68.040, chapter 9, Laws of 1965 and RCW 29.68.040; repealing section 29.68.062, chapter 9, Laws of 1965 and RCW 29.68.062; and repealing section 29.68.066, chapter 9, Laws of 1965 and RCW 29.68.066."

This bill would realign the boundaries of the state's seven congressional districts. The standards which I laid down in my inaugural message to the legislature on January 13, 1965 relating to legislative redistricting are equally applicable to congressional redistricting. In that message I stated that such a redistricting bill should:

" . . . obey the mandates of the state and federal constitutions, provide equitable representation for all areas of the state and insure that the party which wins a majority of the votes will win a majority of the seats. . . ."

Although the present districts are not as nearly equal in population as they might be, they are established so that most congressional elections tend to reflect popular sentiment at the polls. Two of the existing congressional districts tend to elect Republican candidates and two of the districts tend to elect Democratic candidates; however five of the seven districts have elected both Republicans and Democrats in recent years as the wishes of a majority of the electorate have changed. This is a desirable feature of any apportionment plan.

In contrast, the apportionment plan contained in this bill totally fails to meet this fundamental goal of the two party system. It is obviously intended to insure that one political party will control Washington's congressional delegation irrespective of the wishes of a majority of the people. Moreover, the bill did not have bi-partisan sponsorship or support. After spending forty-seven days of the regular session in order to pass a plan of legislative apportionment, the leaders of the majority in the legislature should realize that a fair and equitable plan is best achieved through bi-partisan consultation and compromise, which were totally lacking during the passage of this bill.

As Governor I have a responsibility to all of the people of the state, regardless of political affiliation, to see that they have the right to choose by majority vote the party which will represent this state in the national Congress. I did not hesitate to protect this right when a partisan legislative redistricting bill was sent to my desk in the early days of the regular session; nor will I fail to meet this responsibility now.

I am also disappointed that the boundary lines of some of the districts have been established without any logic whatsoever, and that counties with small population have been divided unnecessarily. Moreover, the populations contained in the largest and smallest congressional districts are more disproportionate than necessary. I believe many of these problems could have been avoided had the bill resulted from bi-partisan discussions and compromise.

For the foregoing reasons I have vetoed House Bill No. 467. I trust that bipartisan negotiations either in this session or the next will produce a congressional redistricting bill which will be fair to all the people.

Respectfully submitted,

DANIEL J. EVANS, Governor.

"If, upon application by a taxpayer for a refund or for an audit of his records, or upon an examination of the returns or records of any taxpayer, it is determined by the tax commission that within the two years immediately preceding the receipt of the commission of the application by the taxpayer for a refund or for an audit, or, in the absence of such an application, within the two years immediately preceding the commencement by the commission of such examination, a tax has been paid in excess of that properly due, the excess amount paid within such period of two years shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at his option. *Except as to the credits in computing tax authorized by section 26 of this 1965 amendatory act, no refund or credit shall be allowed with respect to any payments made to the commission more than two years before the date of such application or examination.* Where a refund or credit may not be made because of the lapse of said two year period, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding the two year period may be offset against the amount of any tax deficiency which may be determined by the commission for such statutory assessment period. Notwithstanding the foregoing, no refund or credit shall be granted with respect to taxes paid prior to May 1, 1950, but where a refund or credit may not be made because the tax was paid prior to May 1, 1950, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding May 1, 1950, may be offset against the amount of any tax deficiency which may be determined by the commission for such preceding period.

"Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or sub-contracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the tax commission within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: *Provided*, That no interest shall be allowed on such refund.

"Any such refunds shall be made by means of vouchers approved by the tax commission and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide.

"Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the tax commission of a certified copy of the order or judgment of the court. *Except as to the credits in computing tax authorized by section 26 of this 1965 amendatory act, interest at the rate of three percent per annum shall be allowed by the tax commission and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by him after May 1, 1949, and interest at the same rate shall be allowed on any judgment recovered by a taxpayer for taxes, penalties, or interest paid after such date.*

"A house trailer shall be deemed used for the first time in this state when such vehicle was not previously licensed by this state for the year immediately preceding the year in which application for license is made.

Each such brewer or wholesaler shall procure from the board revenue stamps representing such tax in form prescribed by the board and shall affix the same to the barrel or package in such manner and in such denominations as required by the board, and shall cancel the same prior to commencing delivery from his place of business or warehouse of such barrels or packages. Beer shall be sold by brewers and wholesalers in sealed barrels or packages. "NEW SECTION. Sec. 31. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

"The following property shall be exempt from taxation:

"All property, whether real or personal belonging to any nonprofit corporation or cooperative association and used exclusively for the distribution of water to its shareholders or members.

"NEW SECTION. Sec. 32. If any phrase, clause, subsection or section of this act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the act shall not be affected as a result of said part being held unconstitutional or invalid.

"NEW SECTION. Sec. 33. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect June 1, 1965."

EXPLANATIONS OF VOTE

Although being from a border county and being opposed to any extension or increase of the sales tax, we did vote for Substitute House Bill No. 608 for the following reasons:

1. We had previously voted for the budget, Substitute Senate Bill No. 374, which is a responsible document and meets the needs of the people and the institutions of the state under the existing situation as best possibly can. Voting for a budget is only one side of the coin, and one must face the responsibility of paying the bill;

2. As negotiations between the Senate, the House and the governor's office progressed it became apparent that the only way to stave off an increase of the sales tax to 4.4% or 4.5% was to accept an unpalatable compromise of 4.2% plus some increase in luxury taxes;

3. This would probably not have been necessary either if it had not been for the governor's insistence to put "money in the bank" for two years from now so that he could reduce the deficit. With his adamant attitude, and the threat of a veto and further frustrating stalemate, the best that could be done to meet the situation was to accept this tax package;

4. We were able to obtain one favorable concession on Substitute House Bill No. 608, and that is in section 14. This section provides for the purchase of a permit for one dollar by a nonresident who may then purchase goods from our merchants without paying the sales tax. This is an experimental provision for two years, and it is our hope that it will place our merchants in a more favorable competitive position;

5. We tried diligently throughout the session to increase or broaden the tax base by our votes in favor of a graduated net income tax with exemptions of sales tax for food and drugs, a limitation in the B & O tax, and a lid on the property tax. Since this takes sixty-six votes, the Republicans successfully blocked us from real tax reform, and the only alternative was as expressed above. The time must soon come when the Republican party and the people of the state are educated to accept a responsible tax revision, on a broadened base, and with less emphasis on consumer taxes.

ROBERT M. SCHAEFER,
WILLIAM C. KLEIN,
49th District.

Our "no" vote on the tax bill, Substitute House Bill No. 608 as amended by the Free Conference Committee was due to the failure of the legislature to approve a reasonable tax lid on real property taxes. Such a lid was not only proposed by Governor Evans, but in other legislation. No such measure has been passed to give such vital protection to property owners, hence our negative votes on this bill.

DAMON R. CANFIELD,
15th District.
STEWART BLEDSOE,
13th District.

My "no" vote on Substitute House Bill No. 608 was predicated on the fact that no legislation had, at that time, been acted favorably upon giving the people an opportunity

to vote on lowering the constitutional requirement on the fifty percent assessment on property tax.

FRED R. MAST,
35th District.

EXPLANATIONS OF VOTE

The proposal to reduce the fifty percent assessment level required by the state Constitution to twenty-five percent would, of itself, do nothing to correct unequal assessments or improve property tax administration in the state of Washington. It runs counter to national trends; *thirty-three states now require assessment at full value*, twelve at a percentage of full value, and five provide some local option. *To set a twenty-five percent level of assessment in the Constitution would give Washington—already one of the most restrictive property tax states in the nation—an even lower property tax base in the face of mounting revenue demands.* Only two states, Oregon and Arkansas, have in recent years adjusted their laws to approximate existing local assessment practice, but it was part of long-range overall property tax reform programs in those states. *In both instances the assessment levels were fixed by the legislature,*

not written into the state Constitution. (Oregon at twenty-five percent and Arkansas at twenty percent.)

These points should be considered in any proposal to reduce the fifty percent assessment level to twenty-five percent:

1. Lowering the legal assessment requirement would not of itself assure compliance by assessors. It is rather an attempt in the face of impending lawsuits to modify the law to conform to illegal practices now widespread among the counties of the state.

2. A twenty-five percent level, even if it were complied with by assessors, would not provide sufficient funds to afford substantial special-levy relief for school districts. It would, however, provide windfalls to junior taxing districts which have not shown any need for additional revenues.

3. It would result in cutting the revenue from the two mills now collected on the state level for welfare in half. This would have to be made up from other sources. (Note: The two-mill state tax provided fifteen million two hundred eighty-nine thousand two hundred three dollars in the tax year 1964.)

4. Legislators would find it very difficult to explain to their constituents the reasons why their property taxes increased (over sixty percent in Whitman county), when they had just voted to reduce required assessment levels from fifty to twenty-five percent.

5. Although the property owners' taxes would increase and windfalls be realized by junior taxing districts, most school districts would find it necessary to vote substantial special levies. School directors would find it difficult to explain this problem to taxpayers in light of an action reducing required assessment levels from fifty to twenty-five percent.

6. The problems calling for property tax reform are many and varied and have been with the state for a long time. It seems ill-advised to adopt an expedient reduction of the constitutional assessment level to twenty-five percent now, in order to "get by" for the 1965-67 biennium. It is harder to raise a constitutional ceiling than to lower one. If, in the future, conditions changed requiring a higher ceiling, it would be extremely difficult to liberalize a twenty-five percent constitutional restriction.

7. If the legislature is interested in protecting taxpayers against undue property tax increases which could result from successful tax suits against the assessors, it should direct its attention to tax rates rather than assessment levels. This would not destroy the tax limits provided by the people when they enacted the forty-mill amendment to the Constitution in 1944.

MARY STUART LUX,
22nd District.

I opposed the Senate amendment to House Joint Resolution No. 7, an amendment which purported to limit the assessed valuation of property tax to twenty-five percent. I did not support this Senate proposal for several reasons:

1. It increased property taxes sharply and would, therefore, have caused extreme hardship for those Washington taxpayers on small fixed income. The measures to limit the property tax which I supported would have placed a more restrictive ceiling on property tax increases;

2. In addition, the amendment to House Joint Resolution No. 7 had no controls in its application. Property taxes would have been increased for all taxing districts, even though some units of local government require additional revenue. Any increase in revenue should apply only to those districts which can demonstrate an acute need;

3. House Joint Resolution No. 7 would have resulted in approximately a ten million dollar loss annually in state revenues. These funds collected from the state two mill property tax would have to be raised by additional taxes.

I did sponsor House Bill No. 709, which has been enacted into law. This measure placed a lid on property taxes at their existing level and only by a vote of the people could this level be raised. In addition, this statute goes into effect immediately and would not be delayed for two years as would have occurred under amended House Joint Resolution No. 7.

FRANK B. BROUILLET,
25th District.

I voted for House Joint Resolution No. 7 to allow the people the right to vote.

Personally, I favor lowering tax assessments to a maximum of thirty percent, putting a lid on the sales tax, eliminating the B & O tax, and eliminating the sales tax on food and drugs. The present tax on the elderly and young families is regressive in nature. Oppressive taxes, such as the sales tax, and putting a lid on the property taxes should encourage our citizens eventually to broaden the tax base. We need

an income tax, not higher and higher regressive taxes. Eventually, our schools will suffer, too, as a result of our present tax structure. We must do everything we can to encourage an income tax.

MARK LITCHMAN,
45th District.

MOTION FOR RECONSIDERATION

Mr. McCormick moved that the House do now reconsider the vote by which Engrossed House Joint Resolution No. 7 failed to pass the House.

MOTION

On motion of Mr. O'Brien, Miss O'Donnell was excused from further proceedings under the call of the House because of illness.

Olympia, Wash., May 6, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed Senate Bill No. 565, relating to the apportionment of funds for educational purposes, have had the same under consideration, and we recommend that Engrossed Senate Bill No. 565 be amended as follows:

That the House amendment by the Committee on Ways and Means on page 1 of the printed and engrossed bills be stricken.

On page 1, beginning on line 22 of the printed bill, being line 19 of the engrossed bill, strike everything down to and including the semicolon on line 24 of the printed bill, being line 21 of the engrossed bill, and insert:

"(1) Eighty-five percent of the amount of revenues which would be produced by the maximum levy permissible for any school district without a vote of the electors thereof during the school year 1965-1966 and during the portion of the school year 1966-1967 expiring December 31, 1966. For all school years and portions of school years thereafter, eighty-five percent of the amount of revenues which would be produced by a levy of fourteen mills on the assessed valuation of taxable property within the school district adjusted to twenty-five percent of true and fair value thereof as determined by the state tax commission's indicated county ratio:"

On page 3, section 1, line 6, of the printed and engrossed bills, after "section" and before "to" strike the numeral "2" and insert "[2] 1"

On page 4 of the printed and engrossed bills, following section 2, add a new section to read as follows:

"Sec. 3. Section 13, chapter, (Senate Bill No. 522), Laws of 1965 (uncodified) is amended to read as follows:

"If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

"[This act shall expire on June 30, 1967.]"

Renumber the remaining sections consecutively.

In line 4 of the title of the printed and engrossed bills, after "RCW 28.45.040;" insert "amending section 13, chapter, (Senate Bill No. 522), Laws of 1965 (uncodified);"

MOTION

Mr. Flanagan moved that the House adopt the report of the Free Conference Committee on Engrossed Senate Bill No. 565.

Debate ensued, Representative Flanagan speaking in favor of the motion.

YIELDING TO QUESTION

Mr. Bottiger:

"Mr. Speaker, I wonder if Mr. Flanagan would yield to question?"

The Speaker:

"Mr. Flanagan?"

Mr. Flanagan:

"Yes."

Mr. Bottiger:

"Mr. Flanagan, in the remarks you made when this bill originally was passed by the House, you suggested it was equal to about an eight-mill shift as opposed to the ten-mill shift which the governor vetoed. Would you give us an idea of what the effect is as the Senate has amended it?"

Mr. Flanagan:

"That part is entirely the same. The only change made by the Senate amendment is that it would have gone into effect immediately under the House bill, but with the Senate amendment it does not become effective until the last six months of the next biennium. In other words, there is a year and a half lapse before this method is used in the distribution of school funds."

Mr. Bottiger:

"Could I ask you one more question? Under the reapportionment formula there was a deferred method of taking effect, particularly for those districts that were getting heavy 874 funds. Has the Senate worked this in so we are not going to lose too terribly on the formula?"

Mr. Flanagan:

"There was no change in any other parts of the bill. As regards Public Law 874 funds, it is just exactly the same as it was in the original bill."

The motion to adopt the report of the Free Conference Committee on Engrossed Senate Bill No. 565 was carried.

MOTION

On motion of Mr. Sawyer, Engrossed Substitute Senate Bill No. 438 as amended by the House was ordered transmitted immediately to the Senate.

PRESENTATION OF GIFT

At the request of the Speaker, Representative Copeland escorted Mr. Holcomb, Chief Clerk, to a position of honor on the rostrum.

The Speaker:

"On behalf of all the House members, in recognition of the fine service that Si has always given to us in the past years, and especially this session, we would like to make this small presentation to him. I know there is a very warm place in all of our hearts for all the help he has given us, and especially to me. He certainly has been my right and left arms this session, as far as being parliamentarian up here. I would like to present this gift to you, Si, with the warm feelings of every member of the House for the fine job you have done this session." (Standing applause.)

Mr. Holcomb:

"Thank you. I am very humble in receiving this gift. It has never before happened in the history of the Washington legislature, that I can recall, where the Chief Clerk has been given such an ovation by the members of the House. Before I open this package and show you what the gift is, I first of all am going to give credit to everybody who has worked with me on the staff. I am so proud of them I can hardly stand it. They all do their best and have done a wonderful job—Sid, Lucile, Reggie and Pam here, our reading clerk, Joe Mathews, Charlotte in my office, Millie and Phyllis in the work room, Mary Lou Writer in the steno pool, and the others on my staff. If it hadn't been for them, I wouldn't have been much help to you. Thank you."

"It's a beautiful weatherman-type barometer and thermometer-hydrometer. I can be the weather forecaster for the House from now on."

Mr. Copeland:

"Mr. Speaker, ladies and gentlemen of the House, I want to say to Mr. Holcomb that this gift picked for him was certainly nice, but Mr. Holcomb, we were trying

in the conference committee on revenue to work out an arrangement whereby you would be able to buy tax-free cigarettes, but we were unable to do so."

The Speaker:

"We hope with the barometer you will be able to give us forecasts on earthquakes too, Si."

Mr. Savage:

"I would like to call to the attention of the members, some of you probably might not know, that Si Holcomb's first session as Chief Clerk, if I am not mistaken, was the session of 1933, which would make it thirty-two years since he became Chief Clerk."

The Speaker:

"Certainly he is the Dean of the Chief Clerks. I think in the United States he is the dean of all Chief Clerks. It has been a real asset to the state of Washington to have received such fine service for so many years."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Hood on a point of personal privilege.

Mr. Hood:

"Mr. Speaker, ladies and gentlemen of the House, I have an announcement to make, which will probably be no great surprise to you, that I am going to resign from the House of Representatives. I am sure it is much more pleasant to you than it is to me, I feel a little bit like I did when I received my discharge from the Navy. It was a horrible thing to leave a lot of comrades and real good guys, but, man, it was great to get out of that situation! This is my fourth session, and the extras in between, and it has certainly been a great pleasure. I feel as if I am leaving a good, exclusive club of just about the finest people in the state of Washington. Mr. Speaker, you have been most brotherly and gracious to me and to our caucus and floor leaders. My fellow members of the caucus, certainly you have been true, good friends, and you on the other side of the aisle, I love you all. I am sorry I created the wrong impression about you ladies. I just want you to know I still love you and I hope that you forgive me for remarks that I made that might have hurt you. I am going to be here in Olympia and I hope you will let me sneak around the edges of the House when you are back in session. I hope to be a credit to the administration and to the banking industry."

SPEAKER'S PRIVILEGE

The Speaker requested that Representatives Copeland and O'Brien escort Representative Hood to a place of honor on the rostrum. The Speaker and Representatives Hurley, O'Brien, Copeland, and Brachtenbach commended Representative Hood for his service to the House of Representatives and expressed regrets at his resignation.

REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., May 5, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed Senate Bill No. 40, providing for sale of bonds to provide school plant facilities, have had the same under consideration, and we recommend that the following amendments to Engrossed Senate Bill No. 40 be adopted:

On page 1, section 1, line 22, of the engrossed bill, being line 24 of the printed bill after "when due." strike the remainder of the paragraph through line 1 on page 2.

On page 3, section 6, lines 18 and 19 of the printed bill, being line 14 of the engrossed bill, after "valuation" strike "plus such further" and insert "or such"

On page 3 of the printed bill, being page 3, line 25 of the engrossed bill, insert a new section to read as follows:

"NEW SECTION. Sec. 8. In accordance with the provisions of section 6, the state board of education is authorized to allocate the sum of \$27,753,500 (being (1) \$16,483,500 from the public school building construction account including \$7,403,500 for new

AUDLEY F. MAHAFFEY
RICHARD "DICK" KING
MRS. JOHN W. (KATHRYN) EPTON

MOTION

Mrs. Epton moved that the House adopt the report of the Free Conference Committee on Engrossed Senate Bill No. 40.

Debate ensued, Representative Epton speaking in favor of adoption of the report.

YIELDING TO QUESTION

Mr. Uhlman:

"Mr. Speaker, would either Representative Mahaffey, Representative Epton, or Representative King yield to question?"

The Speaker:

"Will one of the members yield to a question?"

Mrs. Epton:

"I will yield."

Mr. Uhlman:

"Regarding this \$16.5 million figure that was finally arrived at, you say you were assured that would cover the necessary \$3.35 million which I recall we had in the additional bill for the construction of the capital facilities for the five proposed junior colleges. Who gave you this assurance that this figure would be included in the \$16.5 million figure?"

Mrs. Epton:

"This is rather complicated."

Mr. Uhlman:

"Was it somebody from the superintendent's office, central budget agency or who? I would like to get into the record who these individuals are who have assured us that this is an adequate amount to cover the five institutions."

Mrs. Epton:

"One of the five will not require any money. That leaves four. House bill No. 137 was passed. This does include the four, as you say. Money from the sale of timber will be available in the amount of approximately \$16 to \$18 million per biennium. This will create a backlog. Both Mr. Ryan of the central budget agency and Mr. Milligan of the superintendent's office said that we will have a backlog. It isn't the most desirable thing, but they assured us they could live with it until 1967 because of this money that will be available from timber lands. Now, I didn't fully agree with this. I thought we should at least have \$2 million in there in order to avoid depending on this backlog, but this was not the feeling of other members of the committee. I might say that all three of the House members asked for money in this bond bill to at least bring it up to \$18 million, but we were overruled. The fact of the matter is that the bond bill is of greater necessity than continuing to argue over these things when they have assured us as they have. We can't afford to lose the bond bill. That is why we made this decision to do it this way."

Further debate ensued, Representatives Mahaffey and King (Richard "Dick") speaking in favor of adoption of the report of the Free Conference Committee.

The motion was carried.

FINAL PASSAGE OF SENATE BILL AS AMENDED BY FREE CONFERENCE COMMITTEE

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Backstrom, Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Brouillet, Burtch, Canfield, Chatalas, Clark, Conner, Copeland, Cunningham, Day, DeJarnatt, Dootson, Elder, Eldridge, Epton, Finch, Flanagan, Gallagher, Garrett, Goldsworthy, Gordon, Grant, Harris, Haussler, Hawley, Humiston, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Jueling, Kalich, King (Chet), King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, McCaffree, McCormick, McDougall, Moon, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Dell, Olsen, Perry, Pierre, Radcliffe, Rogers, Saling, Savage, Sawyer, Sheridan, Smith, Swayze, Taylor, Traylor, Uhlman, Veroske, Valle, Warnke, Whetzel, Witherbee, Wolf, Mr. Speaker—90.

There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Burtch, Engrossed Senate Bill No. 40 as amended by the Free Conference Committee was ordered transmitted immediately to the Senate.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Mast on a point of personal privilege.

Mr. Mast:

"Mr. Speaker, ladies and gentlemen of the House, as a legislator without a district who may not be here again, and with the utmost humbleness and with your gracious indulgence, I would like to say a few words. I want you to know I have the deepest respect for every one of you. I feel that every one of you has voted according to your own conscience and you have not been the vassal of any individual or group, and in spite of what has been in the press, I think you have turned in an excellent job in behalf of the people of the state of Washington and I am proud to have the privilege to be among you. And to you, Mr. Speaker, I feel that you have been exceedingly thoughtful and fair in your decisions, and that you have performed in a very efficient and prudent manner. Now, to each of you, I wish you and those most dear to you the utmost of contentment in future years and the best of health. I thank you." (Applause.)

The Speaker:

"I think I can speak for all of us, Mr. Mast, in saying that we all have the same feeling toward you and your attitude here on the floor as a member of this legis-

lature. I think all of the members here can be proud of the record which they have made this session. It has been the longest session in the history of the state of Washington because of the many problems we have had. I don't think anyone will go home ashamed of the record of this session. I certainly want to thank all of you, as Mr. Mast has, for your cooperation during this session."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

The question of quorum was raised. The Clerk called the roll, and all members were present except Representatives O'Donnell and Thompson who were excused.

REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., May 6, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred **Substitute Senate Bill No. 41**, providing bond issue for new buildings for state institutions and departments, have had the same under consideration, and we recommend that **Substitute Senate Bill No. 41** be amended as follows:

That the House amendment by the Committee on Ways and Means on page 5 be stricken.

On page 4, section 6, line 7, after "facility" strike "at Hanford"

House Members

WESLEY C. UHLMAN
NEWMAN H. CLARK
W. O. E. "BILL" RADCLIFFE

MOTION

Mr. King (Chet) moved that the House adopt the report of the Free Conference Committee on **Substitute Senate Bill No. 41**.

Debate ensued, Representatives Radcliffe and Clark speaking in favor of the motion.

YIELDING TO QUESTION

Mr. Whetzel:

"Mr. Speaker, will Mr. Uhlman yield to question?"

The Speaker:

"Will you yield, Mr. Uhlman?"

Mr. Uhlman:

"I do."

Mr. Whetzel:

"I didn't hear all the report. What happened to the Fidalgo Bay Fish Park, the \$100 thousand bond issue?"

Mr. Uhlman:

"Directing your attention to page 5, lines 3 and 4, you will recall this was amended out and the following words were substituted: 'To renovate and improve existing, surveyed and partially developed fish farms.' The conference committee agreed to remove the amendment, leaving in the Fidalgo Bay fish farm. However, it is highly possible that this item may not wind up in the bill when it becomes law."

YIELDING TO QUESTION

Mr. Kink:

"Mr. Speaker, will Representative Uhlman yield to another question?"

Mr. Uhlman:

"Yes, I will yield."

Mr. Kink:

"Representative Uhlman, you stated that this was the \$100 thousand that was to be appropriated to the department of fisheries and they would decide which fish farm or which facility would receive this."

Mr. Uhlman:

"Representative Kink, the House receded from its position on the amendment which would have permitted the department of fisheries to decide between this or any other project. This would leave the original language. However, as I mentioned, it is highly improbable that this will be in the final bill after it goes past the governor's desk and becomes law."

Further debate ensued, Representatives Kink, King (Chet), Clark, and Whetzel speaking in favor of adoption of the Free Conference report.

Mr. Olsen demanded the previous question, and the demand was sustained. The motion was carried.

FINAL PASSAGE OF SENATE BILL AS AMENDED BY FREE CONFERENCE COMMITTEE

The Speaker stated the question before the House to be the final passage of Substitute Senate Bill No. 41 as amended by the Free Conference Committee.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Anderson (Eric O.) on a point of personal privilege.

Mr. Anderson:

"Mr. Speaker, would Representative Finch yield to question?"

The Speaker:

"Will you yield, Mr. Finch?"

Mr. Finch:

"Reluctantly."

Mr. Anderson:

"Mr. Finch, you and I have become very well acquainted although we are on opposite sides of the aisle. We haven't heard a word from you, and I would like to hear some words from you before we adjourn tonight."

Mr. Finch:

"Mr. Speaker, ladies and gentlemen, I wanted to wait for my maiden speech until a proper time occurred, but I would like to say this: I certainly have enjoyed this and all the people on both sides of the aisle. Unfortunately, you have legislated me out of a district, so I won't be back. Certainly everybody has been wonderful to me and I thank you very much."

SIGNED BY THE SPEAKER

The Speaker announced that he was about to sign: House Bill No. 714; also House Bill No. 716; also Substitute Senate Bill No. 374.

SPEAKER'S PRIVILEGE

The Speaker requested that the following letter be read into the record:

House of Representatives, State of Washington,
Olympia, May 5, 1965.

Honorable Robert Schaefer
Speaker of the House
Olympia, Washington

DEAR MR. SPEAKER:

This is to advise you that effective June 1, 1965 I will resign from the state legislature to accept the position of director of the department of conservation. Thus, I will no longer be able to fill the position of Republican House of Representatives member on the Columbia Interstate Compact Commission.

It is with regret that I must offer my resignation from this Commission effective immediately.

Very truly yours,

H. MAURICE AHLQUIST.

The Speaker and Representatives Copeland and Harris commended Mr. Ahlquist for his service to the legislature and the people of the state. The Speaker recognized Mr. Ahlquist.

Mr. Ahlquist:

"Mr. Speaker, ladies and gentlemen of the House, I very much appreciate the most kind remarks made by the Speaker, Representative Copeland, and Representative Harris. I really don't know how to put in words my feelings at this time. I am also deeply honored that our governor has placed upon me the responsibility for conducting the department of conservation. That is the department that has a great deal to do with our water and your welfare. There are many things taking place with regard to water, the diversion of water, our flood control, and the many uses of water. It will be my honest effort as the director of that department to cooperate with each and every member of the House of Representatives representing the district from which you come as to the uses of water within your district. I can assure you you will have the fairest consideration of any and all projects it is possible for me to give. I only ask for your cooperation and I will try to do my best. I am deeply honored."

Representatives Anderson (Eric O.), Olsen, Hawley, O'Brien, King (Chet), and Sheridan added commendatory remarks and extended congratulations to Mr. Ahlquist.

MOTION FOR RECONSIDERATION

Mr. King (Richard "Dick"), having voted on the prevailing side, moved that the House do now reconsider the vote by which Engrossed House Joint Resolution No. 7 as amended by the Senate failed to pass the House.

Mr. Grant demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll, and all members were present except Representatives McCormick, O'Donnell, Slagle, and Thompson.

On motion of Mr. Grant, the absent members were excused, and the House proceeded with business under the call of the House.

The Speaker called on Mr. Garrett to preside.

The Speaker (Mr. Garrett presiding) stated the question before the House to be the motion by Mr. King (Richard "Dick") that the House do now reconsider the vote by which Engrossed House Joint Resolution No. 7 as amended by the Senate failed to pass the House.

Debate ensued, Representative King (Richard "Dick") speaking in favor of the motion.

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

YIELDING TO QUESTION

Mr. Brouillet:

"Mr. Speaker, would Mr. Dick King yield to question?"

The Speaker (Mr. Garrett presiding):

"Mr. King, will you yield to question from Mr. Brouillet?"

Mr. King (Richard "Dick"):

"Certainly."

Mr. Brouillet:

"Representative King, my understanding of this is that we will refuse to concur in the Senate amendments and send this bill back to the Senate. If they do not recede in their amendment, the bill is dead. There will not be a conference. I will not vote for this to go to conference. What is your understanding?"

Mr. King:

"I think this is the intent of the House.

YIELDING TO QUESTION

Mr. King (Richard "Dick"):

"Mr. Speaker, may I ask a question of Representative Brouillet?"

The Speaker (Mr. Garrett presiding):

"Mr. Brouillet, do you yield to question from Mr. King?"

Mr. Brouillet:

"Yes."

Mr. King:

"Is it possible for us to word the motion in the Senate in such a way that the bill would have no opportunity to go to conference?"

Mr. Brouillet:

"My understanding is that the only reason we would do this is to send the bill to the Senate and ask them to recede from their amendment. If they do not recede there will be no conference and we will forget the bill. That is my understanding of it."

The Speaker (Mr. Garrett presiding):

"The Speaker wishes to inform the honorable Representatives that the decision will be up to the majority of the House of Representatives. The matter will be taken up at the appropriate time."

Further debate ensued, Representatives Smith, Burtch, and Anderson (Eric O.) speaking in favor of the motion.

The Speaker resumed the Chair.

Mr. Olsen demanded the previous question, and the demand was sustained.

The Clerk called the roll on the motion that the House do now reconsider the vote by which Engrossed House Joint Resolution No. 7 as amended by the Senate had failed to pass the House, and the motion was carried by the following vote: Yeas, 67; nays, 28; absent or not voting, 4.

Those voting yea were: Representatives Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Bergh, Bledsoe, Bottiger, Bozarth, Braun, Brouillet, Burtch, Canfield, Chatalas, Conner, Day, DeJarnatt, Dootson, Elder, Epton, Flanagan, Gallagher, Garrett, Grant, Harris, Haussler, Hawley, Hurley, Jastad,

Johnson (Doris), Jolly, Kalich, King (Chet), King (Richard "Dick"), Kink, Klein, Kull, Leland, Litchman, Lux, Marsh, Marzano, Mast, May, McDougall, Moon, Moos, Newhouse, O'Brien, O'Dell, Olsen, Perry, Pierre, Radcliffe, Savage, Sawyer, Sheridan, Smith, Taplin, Taylor, Traylor, Uhlman, Valle, Wang, Warnke, Witherbee, Mr. Speaker—67.

Those voting nay were: Representatives Adams, Ahlquist, Andersen (James A.), Berentson, Brachtenbach, Clark, Copeland, Cunningham, Eldridge, Finch, Goldsworthy, Gorton, Humiston, Johnston (Elmer E.), Juelling, Kirk, Lynch, Mahaffey, McCaffree, Morphis, Newschwander, Pritchard, Rogers, Saling, Swayze, Veroske, Whetzel, Wolf—28.

Those absent or not voting were: Representatives McCormick, O'Donnell, Slagle, Thompson—4.

MOTION FOR RECONSIDERATION

Mr. Bottiger, having voted on the prevailing side, moved that the House do now reconsider the vote by which the House concurred in the Senate amendment to Engrossed House Joint Resolution No. 7.

Mr. Smith demanded the previous question.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Humiston on a point of parliamentary inquiry.

Mr. Humiston:

"Mr. Speaker, what is the status of the bill before us? Is it possible at this time to suggest an amendment?"

RULING BY THE SPEAKER

The Speaker:

"The motion before us requires that we either concur or not concur in the Senate amendment. It is not in order to amend the bill."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Humiston on a point of parliamentary inquiry.

Mr. Humiston:

"Mr. Speaker, it was my impression that Mr. King's motion was to reconsider our action, and I understood that the vote just taken was to reconsider the vote by which the resolution as amended by the Senate failed to pass the House."

RULING BY THE SPEAKER

The Speaker:

"That is correct, but if you will recall, we did two things when the bill came over. First we voted to concur in the Senate amendment, which had to do with the twenty-five percent assessment limitation. After we concurred in the Senate amendment, the bill went to final passage. So if the House desires to not concur in the amendment we must reconsider that vote at this time. Someone will move that we do not concur in the Senate amendment; if the House adopts that motion, we will not concur. The bill will then go back to the Senate and they will either recede from the amendment or insist on their position."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Humiston on a point of parliamentary inquiry.

Mr. Humiston:

"Mr. Speaker, we agreed to reconsider our action in failing to pass this bill as amended by the Senate. Don't we first have to vote on final passage again?"

RULING BY THE SPEAKER

The Speaker:

"It is the ruling of the Speaker that the House can go back and reconsider the matter of the Senate amendment before voting on final passage. If the House on reconsideration refuses to concur in the Senate amendment, it would not, of course, be necessary to vote on final passage of the resolution. If we do concur, the vote on final passage would require a two-thirds vote."

POINT OF ORDER

The Speaker recognized Mr. Adams on a point of order.

Mr. Adams:

"Mr. Speaker, is it in order at this time for me to speak against the motion to reconsider this vote?"

POINT OF ORDER

The Speaker recognized Mr. Smith on a point of order.

Mr. Smith:

"Mr. Speaker, the previous question has been moved."

RULING BY THE SPEAKER

The Speaker:

"Mr. Smith is correct. I will put the question before the House. If the request for the previous question is rejected, Dr. Adams may then speak on the motion."

The demand for the previous question was lost on a rising vote.

Debate ensued, Representative Adams speaking against the motion to reconsider the vote by which the House adopted the Senate amendment to Engrossed House Joint Resolution No. 7, and Representative Bergh speaking in favor of the motion.

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

YIELDING TO QUESTION

Mr. Bledsoe:

"Mr. Speaker, will Mr. King yield to question?"

Mr. King (Richard "Dick"):

"Yes."

Mr. Bledsoe:

"May I have it stated that it is your intention, should this motion prevail, that we will remove the twenty-five percent ceiling provision from House Joint Resolution No. 7 and we will then consider the resolution without the Senate amendment?"

Mr. King:

"This is the intent of this motion. We would, if this prevails, move that the House do not concur in the Senate amendment. If that prevails, we would then send the bill back to the Senate in the hope that they will at least accept the very meritorious and needed tax relief for people over the age of sixty-five."

Further debate ensued, Representative Bottiger speaking in favor of the motion.

Mr. Burtch demanded the previous question, and the demand was sustained.

The Clerk called the roll on the motion that the House do now reconsider the vote by which the House concurred in the Senate amendment to Engrossed House Joint Resolution No. 7, and the motion was carried by the following vote: Yeas, 60; nays, 35; absent or not voting, 4.

Those voting yea were: Representatives Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch,

Chatalas, Conner, Day, DeJarnatt, Dootson, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Hurley, Jastad, Johnson (Doris), Jolly, Kalich, King (Chet), King (Richard "Dick"), Kink, Kirk, Klein, Kull, Litchman, Lux, Marsh, Marzano, Mast, May, Moon, O'Brien, Olsen, Perry, Pierre, Radcliffe, Savage, Sawyer, Sheridan, Smith, Swayze, Taplin, Taylor, Traylor, Uhlman, Valle, Wang, Warnke, Witherbee, Wolf, Mr. Speaker—60.

Those voting nay were: Representatives Adams, Ahlquist, Andersen (James A.), Berentson, Bledsoe, Brachtenbach, Canfield, Clark, Copeland, Cunningham, Eldridge, Finch, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Humiston, Johnston (Elmer E.), Juelling, Leland, Lynch, Mahaffey, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Pritchard, Rogers, Saling, Veroske, Whetzel—35.

Mr. Canfield moved that the House do concur in the Senate amendment to Engrossed House Joint Resolution No. 7.

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

Debate ensued, Representatives Burtch and Marzano speaking against the motion.

Mr. Olsen demanded the previous question, and the demand was sustained.

Mr. McCormick appeared at the bar of the House.

The Clerk called the roll on the motion that the House do concur in the Senate amendment to Engrossed House Joint Resolution No. 7, and the motion was lost by the following vote: Yeas, 35; nays, 61; absent or not voting, 3.

COMMUNICATION FROM PRESIDENT OF UNIVERSITY OF WASHINGTON

Seattle, Wash., May 5, 1965.

Mr. S. R. Holcomb, Chief Clerk
House of Representatives
State of Washington
Olympia, Washington

DEAR MR. HOLCOMB:

On behalf of the Board of Regents of the University of Washington I gratefully acknowledge receipt of the House of Representatives' Resolution commending the University for leadership and efforts in the field of international understanding and relations.

All of us who serve in government and higher education recognize that the problems of achieving and maintaining the world peace and productive interrelation between nations are many and complex. It is our sincere hope that strong ties of affection and respect among individuals of many national origins, ties which are based on cooperative attempts to solve problems and the sharing of experiences, will make a substantial contribution to improved relations among the nations themselves.

We acknowledge with great appreciation the recognition of these efforts afforded us by the Washington State House of Representatives.

Sincerely yours,
CHARLES E. ODEGAARD, *President*.

MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,
Olympia, Wash., May 7, 1965.

To the Honorable, The Speaker of the House of Representatives,
The Legislature of the State of Washington, Olympia, Washington.

SIR:

I have the honor to transmit herewith the official papers relative to the resignation

of Donald W. Moos from the position of State Representatives, 8th Legislative District.
Respectfully,

A. LUDLOW KRAMER,
Certificate No.....

UNITED STATES OF AMERICA
THE STATE OF WASHINGTON
DEPARTMENT OF STATE

I, A. LUDLOW KRAMER, Secretary of State of the State of Washington and Custodian of the Seal of said State, do hereby certify that: According to the records now on file in my office, the attached is a true and correct copy of the letter of resignation of Donald W. Moos from the position of State Representative, 8th Legislative District.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed hereto the Seal of the State of Washington, done at the Capitol at Olympia on this date of, May 7, 1965.

A. LUDLOW KRAMER,
Secretary of State.

[THE SEAL OF THE STATE OF WASHINGTON—1889]

May 6, 1965.

Honorable Daniel J. Evans
Governor
Olympia, Washington.

DEAR GOVERNOR:

It is with mixed emotions that I submit by this letter my resignation, as of this date, from the position of State Representative, 8th Legislative District.

It has been a tremendous satisfaction to me to serve the people of Lincoln, Adams and Ferry counties as their State Representative, continuously since 1959, which service included four regular and four special sessions. I am pleased to have had the opportunity to contribute my efforts toward solving the many difficult problems facing the legislature and the State during this period.

I have voluntarily relinquished my present position to accept your request to serve as Director of the State Department of Agriculture. This appointment offers a challenge to serve all the people of the State of Washington. For this reason, I reluctantly leave the House of Representatives and look forward to working with you to develop an agricultural program which will meet the needs of all the citizens of the State.

Very truly yours,
DONALD W. MOOS.

SPEAKER'S PRIVILEGE

The Speaker:

"I know I speak for all of us when I say that we are certainly going to miss Mr. Moos. We are sorry to have him resign. I feel badly that during this session that I have been Speaker we have had more resignations from the House than I have ever heard of before. Everyone knows, Don, of your interest in the field into which you are going as the new director of agriculture and know you will do a fine job for the administration. I know I speak in behalf of both Republicans and Democrats when I say you will be missed here in the House, and we wish you the best of everything."

Mr. Moos:

"Thank you, Mr. Speaker. You remarked about the number of resignations. Different things came to my mind this morning as I was sitting with my wife. Incidentally, for those of you who have not met my wife, I would like to have Parmalee step over here to the side, because Parm has been a real help to me. (Applause.) We were discussing the appointments and resignations this morning and she said, 'Don, I sent you over to do a good job of redistricting and everybody said the Republicans did a good job; why, then, is everybody resigning on that side?' They're resigning because they lost their districts, so maybe we didn't do that good a job.

"I have a couple of other remarks I would like to make. I have to keep them rather light, because I think everyone who has been legislator and has resigned knows this can become a rather serious thing. I could possibly stand up with a grim face and say, 'Mr. Speaker, I quit. After four terms, I didn't get an appointment on

an interim committee, and we have fellows on this side I haven't met who got appointments.'

"I was somewhat disturbed this morning as I went to have my resignation papers made out. I didn't know how this worked, but I find it is quite routine to resign from this low-paying job. I delivered the papers and immediately after they hit the desk, you took one glance at them and the Democrats had a caucus. I worried and worried and worried. I again went to my political adviser, Parmalee, and said, 'I think they are caucusing and are not going to accept it.' She said, 'That isn't the problem. They're drawing lots to see who is going to say something nice about you.'

"In all seriousness, this has been for me—as I am sure it is to each of you as you participate in this House of Representatives, and has been for the ones who have gone before, and will be for those who follow—a wonderful experience, and it is a real honor and thrill to think that we sit here as a kind of cross-section of the people of the state of Washington, we ninety-nine who have the opportunity to sit in the House of Representatives out of the three million people of the state. I want to thank all of you for the many courtesies to me, especially you on the other side of the aisle who so graciously time and time again allowed me to roam up and down your corridors and attempt to attract a vote here and there. You were very kind to me and I appreciate it. I did pack all my things and put them in boxes, but being a legislator still, I have all the amendments to place on Senate Joint Memorial 23 if Gary should happen to pull it out. That is all I have left here. I do want to thank you all again and I hope that you will give the same courtesy to my successor as you have to me. It has been a real pleasure."

The Speaker requested that Representatives Copeland and O'Brien escort Mr. Moos to a place of honor on the rostrum. Representatives Copeland, O'Brien, Grant, Uhlman, Canfield, Smith, Moon, Gorton, Epton, Brachtenbach, May, Day, and Kull made commendatory speeches, to which Representative Moos responded, expressing his appreciation.

REPORT OF STANDING COMMITTEE

House of Representatives,
Olympia, Wash., May 6, 1965.

MR. SPEAKER:

We, a majority of your Committee on Highways, to whom was referred **Engrossed Senate Bill No. 557**, authorizing additional bonding to meet unanticipated costs in

completion of interstate highways throughout state, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

Strike everything after the enacting clause on page 1 and insert the following:

"NEW SECTION. Section 1. The orderly and undelayed completion of Washington's portion of the national system of interstate and defense highways and the elimination of acute traffic congestion areas on other state highways are vital to the safety of highway users and to the economic development of the state. The legislature declares it to be a public purpose and a highway purpose to provide adequate reserve funds to meet unanticipated costs and to assure the orderly continuation of highway improvement programs through the issuance of limited obligation bonds and the imposition of a temporary increase in the motor vehicle fuel tax and use fuel tax as authorized herein.

"Sec. 2. Section 82.36.020, chapter 15, Laws of 1961, as last amended by section 2, chapter 79, Laws of 1965 first extraordinary session, and RCW 82.36.020 are each amended to read as follows:

"Every distributor shall pay, in addition to any other taxes provided by law, an excise tax to the director of seven and one-half cents, *and effective July 1, 1965 through June 30, 1973 an additional excise tax of one cent* for each gallon of motor vehicle fuel sold, distributed, or used by him in the state as well as on each gallon upon which he has assumed liability for payment of the tax under the provisions of RCW 82.36.100: *Provided*, That under such regulations as the director may prescribe sales or distribution of motor vehicle fuel may be made by one licensed distributor to another licensed distributor free of tax. In the computation of the tax, one-quarter of one percent of the net gallonage otherwise taxable shall be deducted by the distributor before computing the tax due, on account of the losses sustained through handling. The tax herein imposed shall be collected and paid to the state but one in respect to any motor vehicle fuel. An invoice shall be rendered by a distributor to a purchaser for each distribution of motor vehicle fuel. The proceeds of the net gallonage remaining after deduction of one-quarter of one percent as herein provided shall be distributed as follows: (1) Of the seven and one-half cents collected as herein provided, six and one-half cents shall be distributed between the state, cities and counties under the provisions of RCW 46.68.090 and 46.68.100, and one-quarter cent shall be distributed to the state and expended pursuant to RCW 46.68.130, one-quarter cent shall be paid into the motor vehicle fund and credited to the Puget Sound reserve account created by RCW 47.60.350, and one-half cent shall be distributed to the cities and towns directly and allocated between them as provided by RCW 46.68.110: *Provided*, That the funds allocated to a city or town which are attributable to such one-half cents of the additional tax imposed by this 1961 amendatory act shall be matched twenty-five percent by such city or town and seventy-five percent from the proceeds of such one-half cent of additional tax: *And Provided Further*, That the proceeds of such one-half cent of additional tax and the matching funds provided by such city or town shall be used exclusively for the construction, improvement and repair of arterial highways as that term is defined in RCW 46.04.030, or for the payment of any municipal indebtedness which may be incurred after June 12, 1963 in the construction, improvement and repair of arterial highways as that term is defined in RCW 46.04.030; (2) *the one cent additional tax collected effective July 1, 1965 through June 30, 1973 as herein provided shall be paid into the motor vehicle fund and shall be expended for location, right-of-way acquisition and construction of state highway projects which will relieve acute traffic congestion areas and for repayment of principal and interest on bonds issued under the terms of this act.* All such sums shall first be subject to proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

"Sec. 3. Section 82.36.100, chapter 15, Laws of 1961, as amended by section 2, chapter 7, Laws of 1961 extraordinary session, and RCW 82.36.100 are each amended to read as follows:

"Every person other than a distributor who acquires any motor vehicle fuel within this state upon which payment of tax is required under the provisions of this chapter, or imports such motor vehicle fuel into this state and sells, distributes, or in any manner uses it in this state shall, if the tax has not been paid, apply for a license to carry on such activities, file bond, make reports, comply with all regulations the director may prescribe in respect thereto, and pay a tax of seven and one-half cents, *and effective July 1, 1965 through June 30, 1973 an additional tax of one cent* for each gallon thereof so sold, distributed, or used in the manner provided for distributors..

and the director shall issue a license to such person in the manner provided for issuance of licenses to distributors. The proceeds of the tax imposed by this section shall be distributed in the manner provided for the distribution of the motor vehicle fuel tax in RCW 82.36.020, *as now or hereafter amended*. However, a distributor licensed under the provisions of this chapter may deliver motor vehicle fuel to an importer in individual quantities of five hundred gallons or less and assume the liability for payment of the tax to this state. Under such conditions, the importer shall be exempt from the requirements of this section. For failure to comply with the terms of this chapter such person shall be subject to the same penalties imposed upon distributors. The director shall pursue against such persons the same procedure and remedies for audits, adjustments, collection, and enforcement of this chapter as is provided with respect to distributors. Nothing herein shall be construed as classifying such persons as distributors.

"Sec. 4. Section 82.40.020, chapter 15, Laws of 1961 as amended by section 3, chapter 7, Laws of 1961 extraordinary session, and RCW 82.40.020 are each amended to read as follows:

"In addition to other taxes now provided by law, there is hereby imposed and levied an excise tax at the rate of seven and one-half cents, *and effective July 1, 1965 through June 30, 1973 an additional excise tax of one cent per gallon on the use of fuel by any user thereof*.

"Sec. 5. Section 82.40.290, chapter 15, Laws of 1961, as last amended by section 2, chapter 113, Laws of 1963, and RCW 82.40.290 are each amended to read as follows:

"All moneys collected by the director shall be transmitted forthwith to the state treasurer, together with a statement showing whence the moneys were derived, and shall be by him credited to the motor vehicle fund. A duplicate of such statement shall be sent to the state auditor.

"The proceeds of the use fuel tax imposed by this chapter shall be distributed as follows: (1) Of the seven and one-half cents collected, six and one-half cents shall be distributed between the state, cities and counties under the provisions of RCW 46.68.090 and 46.68.100, one-quarter cent shall be distributed to the state and expended pursuant to RCW 46.68.130, one-quarter cent shall be paid into the motor vehicle fund and credited to the Puget Sound reserve account created by RCW 47.60.350, and one-half cent shall be distributed to the cities and towns directly and allocated between them as provided by RCW 46.68.110: *Provided*, That the funds allocated to a city or town which are attributable to such one-half cent of the additional tax imposed by this 1961 amendatory act shall be matched twenty-five percent by such city or town and seventy-five percent from the proceeds of such one-half cent of additional tax: *And Provided Further*, That the proceeds of such one-half cent of additional tax and the matching funds provided by such city or town shall be used exclusively for the construction, improvement and repair of arterial highways as that term is defined in RCW 46.04.030, or for the payment of any municipal indebtedness which may be incurred after June 12, 1963 in the construction, improvement, and repair of arterial highways as that term is defined in RCW 46.04.030; (2) *the one cent additional tax collected effective July 1, 1965 through June 30, 1973 shall be paid into the motor vehicle fund and shall be expended for location, right-of-way acquisition and construction of state highway projects which will relieve acute traffic congestion areas and for repayment of principal and interest on bonds issued under the terms of this act*. All such sums shall first be subject to proper deductions for refunds and costs of collections as provided in RCW 46.68.090.

"NEW SECTION. Sec. 6. In order to provide reserve funds to assure undelayed progress in the scheduled construction of Washington's portion of the national system of interstate and defense highways and to meet any extraordinary, unanticipated construction costs of any interstate highway projects, pending receipt of federal-aid apportionments in accordance with the federal-aid highway act of 1956, as amended, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of twenty-five million dollars or such amount thereof and at such times as may be determined to be necessary by the state highway commission. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the Washington state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary for the orderly scheduled construction of the interstate highway system.

"NEW SECTION. Sec. 7. Each of such bonds shall be made payable at any time

not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in the printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments.

"NEW SECTION. Sec. 8. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of this act shall be legal investment for any of the funds of the state, except the permanent school fund.

"NEW SECTION. Sec. 9. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of Washington's portion of the national system of interstate and defense highways, and for payment of the expense incurred in the drafting, printing, issuance, and sale of any such bonds.

"NEW SECTION. Sec. 10. Bonds issued under the provisions of this act shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in this act from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of this act, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of this act.

"NEW SECTION. Sec. 11. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is, or may be appropriated to the highway department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

"NEW SECTION. Sec. 12. As additional security for payment of the principal amount of any or all of the bonds to be issued hereunder, the state finance committee, with the consent of the state highway commission, may pledge all or any portion of the federal aid funds received or from time to time to be received by the state from the United States under the provisions of the federal-aid highway act of 1956, as amended, for the construction of Washington's portion of the national system of interstate and defense highways.

"NEW SECTION. Sec. 13. At least one year prior to the date any interest is due and payable on such bonds, or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of section 11 of this act, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which, together with federal funds which may be pledged as provided in section 8 of this act, shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or

bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times.

"**NEW SECTION.** Sec. 14. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels and the federal funds which may be pledged as provided in section 12 of this act, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period.

"**NEW SECTION.** Sec. 15. There is hereby appropriated from the motor vehicle fund to the state highway commission for the biennium ending June 30, 1967, a special appropriation in the sum of forty-eight million dollars, or so much thereof as may be necessary to carry out the provisions of this act, but no more than twenty-three million dollars shall be available under this appropriation from said fund unless bonds as provided for in this act are sold and the money derived therefrom deposited to the credit of such fund in which case a like amount shall be appropriated hereby.

"**NEW SECTION.** Sec. 16. This act shall be known as the Highway Improvement Act of 1965.

"**NEW SECTION.** Sec. 17. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On line 1 of the title after "highways" strike everything down to the period and insert the following:

"and highway improvement; increasing the motor vehicle fuel tax and use fuel tax; providing for the distribution of revenues; defining terms; authorizing the issuance of limited obligation bonds; making a special appropriation; and amending section 82.36.020, chapter 15, Laws of 1961, as last amended by section 2, chapter 79, Laws of 1965 first extraordinary session, and RCW 82.36.020; amending section 82.36.100, chapter 15, Laws of 1961 as amended by section 2, chapter 7, Laws of 1961 extraordinary session, and RCW 82.36.100; amending section 82.40.020, chapter 15, Laws of 1961 as amended by section 3, chapter 7, Laws of 1961 extraordinary session, and RCW 82.40.020, amending section 82.40.290, chapter 15, Laws of 1961 as last amended by section 2, chapter 113, Laws of 1963 and RCW 82.40.290; and declaring an emergency."

**GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED
OR PARTIALLY VETOED**

March 20, 1965.

To the Honorable,
The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, **House Bill No. 55** entitled:

“AN ACT relating to motor vehicles; and amending section 46.44.030, chapter 12, Laws of 1961 as last amended by section 52, chapter 3, Laws of 1963 extraordinary session and RCW 46.44.030.”

This bill would permit the operation on the state's highways of school buses which have a length of forty feet. The present law limits the length to thirty-five feet.

In December, 1964, the National School Bus Specifications Conference representing forty-five states, rejected a proposal to increase the length of school buses from thirty-five to forty feet. The Washington State School Transportation Commission, consisting of representatives of the State Patrol, the Highway Department, and the office of the Superintendent of Public Instruction, has studied the forty foot school bus proposal and its members are unanimously opposed to it.

School children require supervision while being transported in school buses, and I doubt that a school bus driver should be required to supervise the ninety-one children or more who could be carried in a forty foot bus.

The Highway Committee of the House amended the original bill in an attempt to limit the operation of school buses in accordance with regulations of the Superintendent of Public Instruction as provided in RCW 46.48.150. I believe many members of the legislature felt that this proviso would give the Superintendent the power to determine whether or not the forty foot school bus should be permitted. I do not believe the Superintendent's powers under that section are sufficient to prohibit the use of a bus otherwise permitted on the public highways.

Both the Highway Department and the Superintendent of Public Instruction would have preferred an interim study of the economic feasibility and the safety factors involved in the operation of the forty foot school bus. However, the legislature did not see fit to amend the bill to make provision for such an interim study.

For the reasons stated above, I have vetoed House Bill No. 55.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

March 20, 1965.

To the Honorable,
The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one item, **House Bill No. 74** entitled:

“AN ACT relating to state parks and recreation; establishing Wallace Falls State Park; and providing for the acquisition of certain lands for park purposes.”

As originally drafted, the last paragraph of section 2 provided for evaluation of the public interest of the transaction by which property would be acquired for Wallace Falls State Park, and a report to the fortieth session of the Legislature. As a result of its deliberation, the Legislature has concluded that the acquisition of real property for the park is in the public interest, and has directed the parks and recreation commission to proceed to acquire the property. Having issued this mandate, the expenditure of further legislative funds for evaluation seems unnecessary and improper.

I have, therefore, vetoed the last paragraph of section 2, and approve the remainder of the bill.

Respectfully submitted,

(Signed) DANIEL J. EVANS,
Governor.

April 6, 1965.

To the Honorable,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to one item, **House Bill No. 132** entitled:

“AN ACT relating to school district boundaries; amending section 5, chapter 266, Laws of 1947, as last amended by section 1, chapter 208, Laws of 1963, and RCW 28.57.150; and declaring an emergency.”

This bill deals with school district boundaries as they relate to the boundaries of cities and towns. Section 2 of the bill contains a standard emergency clause. I have followed the practice of vetoing emergency clauses on bills submitted to me whenever no genuine emergency existed.

An emergency clause defeats the right of the people to reject a bill by referendum and, therefore, should be sparingly used by the legislature. I can

see no reason why this bill should not take effect 90 days after adjournment in the same manner as other legislation.

Therefore, I have vetoed Section 2. The remainder of House Bill No. 132 is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,
Governor.

April 6, 1965.

To the Honorable,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to one item, **House Bill No. 173** entitled:

"AN ACT relating to funeral directors and embalmers; and amending section 1, chapter 108, Laws of 1937 and RCW 18.39.010; amending section 2, chapter 52, Laws of 1955 and RCW 18.39.030; amending section 4, chapter 108, Laws of 1937 as last amended by section 2, chapter 105, Laws of 1947 and RCW 18.39.040 and amending section 5, chapter 108, Laws of 1937 and RCW 18.39.070."

This bill makes certain amendments in the laws relating to licensing of embalmers and funeral directors. Section 2 requires that an applicant for a funeral director's license shall have completed a one year course of training under a licensed funeral director in this state in addition to meeting certain educational requirements.

Section 3 requires that an applicant for a license as an embalmer shall have completed a two year course of training under a licensed embalmer in this state in addition to meeting certain educational requirements.

The bill was amended in the Senate by adding at the end of section 4 a proviso which refers to "the one year course of training required by sections 2 and 3." Since only section 2 provides for a one year course of training, I have vetoed the reference to section 3 in this proviso in order to prevent a misunderstanding as to the true intent of this amendment.

My staff has consulted with the sponsors of this bill and the proponent of the amendment, all of whom agree that this item veto would clarify the language of the bill. The remainder of House Bill No. 173 is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,
Governor.

March 18, 1965.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, **House Bill No. 189** entitled:

“AN ACT relating to the Washington state dairy products commission; providing for the election of commission members; amending section 15.44.020, chapter 11, Laws of 1961 and RCW 15.44.020; amending section 15.44.025, chapter 11, Laws of 1961 and RCW 15.44.025; amending section 15.44.030, chapter 11, Laws of 1961 and RCW 15.44.030; amending section 15.44.032, chapter 11, Laws of 1961 and RCW 15.44.032; adding new sections to chapter 15.44 RCW; repealing section 15.44.034, chapter 11, Laws of 1961 and RCW 15.44.034, and section 15.44.036, chapter 11, Laws of 1961 and RCW 15.44.036; and declaring an emergency.”

The bill provides that in 1966 and subsequent years, members of the Washington state dairy products commission will be elected by the producers of dairy products. Members currently are appointed by the Governor.

Section 4 of the bill sets forth the *expiration* dates of the terms of the members first elected under this amendatory act, when it is apparent that these dates were intended to be *commencement dates* for these terms. If the bill were approved in its present form, each group of newly elected members would hold office for less than one month. The vacancies thus created would be filled by appointment of the remaining members of the commission, who could thwart the will of the dairy products producers, if they wished.

Unfortunately, the defect in section 4 does not lend itself to correction by partial veto; therefore, I have vetoed the entire bill. This defect has been called to the attention of the sponsors of this legislation; and it is my understanding that a corrected measure will be submitted to the legislature during the extraordinary session.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

April 29, 1965.

To the Honorable,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to one item, **House Bill No. 234**, entitled:

“AN ACT enacting new rules of the road for motor vehicles upon highways.”

House Bill No. 234 enacts a modern traffic regulation statute and brings together all Rules of the Road in one place. I have vetoed subsection (2) of section 58 of House Bill No. 234 because I believe it inadvertently changes the law of the State of Washington in a manner totally unintended by the Legislature.

As originally drafted this subsection restated the existing law that the plaintiff has the burden of proving that negligence of the defendant was the "proximate cause of an accident." This language made it clear that the subsection referred only to civil cases. A floor amendment adopted by the House of Representatives deleted part of the language so that subsection (2) of section 58 as amended states:

"Any provision of this amendatory act declaring maximum speed limitations shall not be construed to relieve the plaintiff in any action from the burden of proving negligence on the part of the defendant."

I am convinced that as a result of the amendment, the subsection alters the present rule of law that violation of the maximum speed laws constitutes negligence as a matter of law in civil suits. This would alter the burden of proof which an injured person now has to meet to obtain compensation from the one causing the injury. If the legislature wishes to make this change, it should be accomplished after consideration of its merits, not as an unintended consequence of an amendment made for another purpose.

Subsection (2) of section 58 as it now exists, further creates ambiguity by referring only to the burden of proof which the plaintiff must meet, even though contributory negligence of the plaintiff may be raised by the defendant. If a change in the law were desirable, it should apply equally to either party to a lawsuit having the burden of proving negligence, and not just to the plaintiff.

I am also concerned that subsection (2) in its present form may apply to criminal charges of violations of maximum speed laws. The remainder of section 58 refers only to criminal actions, and subsection (2) refers to any action in which maximum speed laws are drawn in question. I am sure the legislature did not intend to create any possibility that proof of negligence in addition to proof of excessive speed would be necessary in order to obtain a conviction under the maximum speed laws.

By vetoing subsection (2) of section 58, I believe the law of the state on this subject will remain unchanged as the legislature intended. With the exception of subsection (2) of section 58 of House Bill No. 234, which is vetoed, the remainder of the bill is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

April 2, 1965.

To the Honorable,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to one item, **House Bill No. 245** entitled:

“AN ACT relating to vehicle licenses; amending section 46.16-.020, chapter 12, Laws of 1961 and RCW 46.16.020; and declaring an emergency.”

This bill exempts from payment of license fees certain vehicles owned or operated by international bodies. I am informed by the Department of Licenses that there are no vehicles involved which will require licensing before the time when the bill would normally become effective. Yet Section 2 contains the standard emergency clause requiring the act to take effect immediately.

Imposition of an emergency clause defeats the right of the people to reject legislative action by referendum and should be sparingly used. Having carefully considered the provisions of House Bill No. 245, it is clear that no part of the act is necessary for the immediate preservation of the public peace, health and safety, or the support of state government and its existing public institutions.

Section 2 is therefore vetoed. The remainder of House Bill No. 245 is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

March 20, 1965.

To the Honorable,
The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval **Substitute House Bill No. 252** entitled:

“AN ACT relating to ground waters; creating a state water well commission within the department of conservation; providing for the licensing of water well contractors and the regulation of water well construction; prescribing fees and providing for the disposition thereof; providing penalties; and declaring an effective date.”

The commission created by this bill would license water well contractors, conduct examinations as a condition to issuance of a license, collect license

fees for deposit in a special account in the general fund, expend monies from the fund, receive complaints against licensees charging violation of law or negligence in conducting well drilling activities, conduct hearings, adopt rules and perform other functions befitting a full-fledged state agency.

I believe that the existing departments of state government are capable of protecting the public health and the ground waters of the state without creating a new agency of state government.

Moreover, I look with disfavor upon legislation which seeks to establish stringent standards and require rigid examinations for those who seek to enter the industry in the future, while those already engaged in the activity of well drilling are given a license under the "grandfather clause" of section 11 without any examination whatsoever to test their knowledge or competency.

For the foregoing reasons, I have vetoed Substitute House Bill No. 252.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

March 29, 1965.

To the Honorable,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives, without by approval as to certain items, **House Bill No. 256** entitled:

"AN ACT relating to hairdressing and beauty culture, amending section 2, chapter 281, Laws of 1927 as last amended by section 1, chapter 324, Laws of 1959 and RCW 18.18.010; amending section 1, chapter 215, Laws of 1937 and RCW 18.18.030; amending section 2, chapter 324, Laws of 1959 and RCW 18.18.065; amending section 4, chapter 180, Laws of 1951 as amended by section 5, chapter 52, Laws of 1957 and RCW 18.18.070; amending section 9, chapter 215, Laws of 1937 and RCW 18.18.080; amending section 5, chapter 180, Laws of 1951 as last amended by section 4, chapter 324, Laws of 1959 and RCW 18.18.090; amending section 7, chapter 215, Laws of 1937 and RCW 18.18.100; amending section 2, chapter 168, Laws of 1953 and RCW 18.18.104; amending section 4, chapter 313, Laws of 1955 and RCW 18.18.110; amending section 14, chapter 215, Laws of 1937 as amended by section 6, chapter 180, Laws of 1951 and RCW 18.18.120; amending section 7, chapter 180, Laws of 1951 as last amended by section 5, chapter 324, Laws of 1959 and RCW 18.18.140; amending section 8, chapter 180, Laws of 1951 as amended by section 9, chapter 52, Laws of 1957 and RCW 18.18.190; amending section 9, chapter 180, Laws of 1951 as amended by section 10, chapter 52, Laws of 1957 and RCW 18.18.210; amending section 16, chapter 215, Laws of 1937 and RCW 18.18.230; amending section 11, chapter 52, Laws of 1957 as amended by section 9, chapter 324, Laws of 1959 and RCW

18.18.260; adding new sections to chapter 18.18 RCW; and providing an effective date.

This bill amends the licensing statutes regarding beauty schools. Licensing statutes are designed to insure that only businesses which meet minimum standards serve the people of the State of Washington. They also tend to restrict entry into a particular field by smaller businesses, whether or not they meet the minimum standards relating to quality. I believe that a requirement that a school covered by this act have a minimum 3,000 square feet is an arbitrary dividing line without direct relationship to the quality of the school, and is unnecessarily prohibitive to entry of new schools, otherwise meeting the standards of the profession. I have therefore vetoed section 5(3) which establishes this restriction.

The bill also provides that schools presently in existence shall not be required to meet the requirements of the amendments to the licensing law. Unless the requirements of the law are unreasonable, presently existing businesses should be required to meet the same requirements that newly organized businesses must meet. This portion of the bill would require new schools to comply with the sanitary rules and regulations approved by the state board of health, but conclusively presumes that presently existing schools have met this requirement.

I believe this distinction between presently existing schools is without merit, and have therefore vetoed the portion of section 5 establishing this exemption.

In addition I believe that an increase in a licensing fee for new schools from \$150 to \$500 is totally disproportionate to the increase in the amounts of other licenses under the bill and to the comparative cost of licensing schools. While some increase is undoubtedly in order, my power of veto does not allow me to substitute a more reasonable figure. I have therefore vetoed that portion of section 6 increasing the license fee for new schools, returning the language to its original form.

Section 11 requires that a certificate of health be submitted by individuals applying for licenses, but deletes the requirement that they be submitted with renewal applications. The necessity that those in a profession requiring such close personal contact with the public be in good health does not dissipate once they have been granted an initial license. If it is necessary for original applicants, it is also necessary when licenses are renewed. I have therefore vetoed the deletion of the requirement that a health certificate accompany a renewal application, returning that provision to the law.

Section 14 provides that membership of a hearing board shall consist of three members appointed by the governor. The first is appointed from a list, but the source of the list nor the number on the list is not given. The second member is to be appointed from a list submitted by the licensed cosmetology schools. It does not prohibit each school from submitting a list, nor does it have any provision which would require more than one person to be listed.

I believe these restrictions are contrary to sound public policy. The person who makes an appointment should be held responsible for it. If it is good, he deserves the credit; if it is bad, he deserves the blame. But no appointing power can properly be held to account for an appointment which he is not

free to make in accordance with his own best judgment. When making appointments to this hearing board I will seek the advice and counsel of persons knowledgeable in the field of cosmetology. I will welcome suggestions from all interested parties and organizations, including those groups named in this bill. I believe any succeeding governor would follow this example.

In exercise of the power of item veto, I have retained the basic make-up of the board, in that one member of the board must have six years experience in cosmetology, one member must be from the licensed Washington state cosmetology schools, and one member must be unaffiliated with the above listed groups. Only the requirement that appointments be made from restricted lists submitted to the governor has been removed.

The remainder of the bill is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

March 15, 1965.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, **House Bill No. 285** entitled:

“AN ACT relating to cities and towns; amending section 29.13.080, chapter, Laws of 1965 (Senate Bill No. 5) and RCW 29.13.080.”

I have reluctantly vetoed this bill because the title is inadequate to cover the scope of the legislation. The bill extends the voting hours at elections so that the polls will open at 7:00 AM instead of 8:00 AM.

The code section which is amended by the bill is RCW 29.13.080 which is derived from three chapters of the 1921 Session Laws—Chapter 61, Chapter 170, and Chapter 178. In the aggregate, these statutes cover all elections. Thus the code reviser properly treated RCW 29.13.080 as applying to all elections in the state.

However, the title of House Bill No. 285 is limited to “*cities and towns*”. Article 2, Section 19 of the State Constitution, provides that no bill shall embrace more than one subject and that shall be expressed in the title. Therefore, I am satisfied that House Bill No. 285 cannot constitutionally apply to elections other than city and town elections. This was not the intention of the Legislature. Moreover, by amending RCW 29.13.080, such a construction would leave the state without a code section providing any hours for the opening and closing of polls at elections generally.

I am in sympathy with the result which I am sure the Legislature intended by this legislation. Therefore, I recommend that another bill, properly entitled

"relating to elections" be introduced in the extraordinary session and be given priority attention by the Legislature.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

March 20, 1965.

To the Honorable,
The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one item, **House Bill No. 307** entitled:

"AN ACT relating to eye care service benefits under certain insurance contracts; adding a new section to chapter 79, Laws of 1947 and to chapter 48.18 RCW; adding a new section to chapter 79, Laws of 1947 and to chapter 48.20 RCW; and adding a new section to chapter 79, Laws of 1947 and to chapter 48.21 RCW."

I believe that section 2 and section 3 fully accomplish the purposes of House Bill No. 307, and that addition to the general insurance laws of section 1 will create an unnecessary ambiguity in the law.

I am therefore vetoing section 1. The remainder of House Bill 307 is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

To the Honorable,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to one item, **House Bill No. 348** entitled:

"AN ACT relating to public service companies, amending section 4, chapter 295, Laws of 1961 and RCW 81.77.030; adding two new sections to chapter 295, Laws of 1961 and to chapter 81.77 RCW; amending section 81.08.010; chapter 14, Laws of 1961 and RCW 81.08.010; amending section 81.12.010, chapter 14, Laws of 1961, as amended by section 5, chapter 59, Laws of 1963, and RCW 81.12.010."

The bill amends certain laws relating to garbage and refuse collection companies. The last paragraph of Section 1 would permit the Utilities and Transportation Commission to alter or amend a certificate held by a garbage and refuse collection company if such a company had failed for at least one year to operate in a part of the area or territory covered by the certificate.

It is possible that a company might fail to operate in a certain territory because a competitor had all of the available customers; and a deletion of this territory would thus eliminate any chance of competition in the future.

Moreover, this bill does not require a showing that the company in question had refused service to any potential customer.

I have vetoed the last paragraph of Section 1 because I fear that it will have the effect of reducing competition in the garbage and refuse collection industry which would not be in the best interests of the public.

The remainder of House Bill No. 348 is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

To the Honorable,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, **House Bill No. 378** entitled:

“AN ACT relating to elections; amending section 29.07.100, chapter, Laws of 1965 (Senate Bill No. 5) and RCW 29.07.100; and amending section 29.07.105, chapter, Laws of 1965 (Senate Bill No. 5) and RCW 29.07.105.”

This bill would amend the law relating to registration of voters in cities. Under existing law first class cities are required to maintain on a permanent basis at least one office in each legislative district in which to register voters. These cities may maintain whatever number of additional offices are necessary, may authorize door-to-door registration, and may operate mobile registration offices.

Also, under existing law, cities of the first, second and third class are required to operate at least two additional temporary registration facilities in stores, public buildings, or mobile units during the last fifteen days before the registration rolls are closed prior to each state primary and general election. Each city is required to operate other temporary facilities during the fifteen day period if necessary to afford ample opportunity for all qualified persons to register for voting.

Also, under the present law partisan politics do not enter into the registration process in cities. The city clerk is a non-partisan office holder, and his staff, including temporary deputy registrars, do not represent any political party. Moreover, no prospective voter need disclose his political affiliation in order to be registered.

Thus, it is apparent that existing law gives to cities the necessary tools to expand their registration programs in order to give all eligible persons the opportunity to vote.

In contrast, this bill would require the appointment of permanent registration officers in each legislative district of each first class city who would specifically represent each major political party. Not only do I object to the introduction of partisan politics into big city voter registration programs; but I feel that it might be an undue burden upon some cities to require twice as many registrars in each legislative district as required by existing law. A city such as Yakima, for example, would have to maintain four permanent registrars in addition to those working in the city hall.

This bill would also require the city to pay registrars in legislative districts a fixed fee for each person registered. Under existing law these cities are free to set the level and method of compensation of these registrars. I believe that it is desirable to continue this local autonomy.

This bill adds nothing to the authority presently granted to city officials, but it does unnecessarily burden and restrict cities in their voter registration programs. For the reasons set forth above, I have vetoed House Bill No. 378.

Respectfully submitted,

Governor.

To the Honorable,

The House of Representatives of the State of Washington

Ladies and Gentleman:

I am returning herewith, without my approval, **House Bill No. 467** entitled:

"AN ACT relating to the redistricting and reapportionment of the state into congressional districts; adding new sections to chapter 29.68 RCW and to chapter 9, Laws of 1965; repealing section 29.68.005, chapter 9, Laws of 1965 and RCW 29.68.005; repealing section 29.68.007, chapter 9, Laws of 1965 and RCW 29.68.007; repealing section 29.68.011, chapter 9, Laws of 1965 and RCW 29.68.011; repealing section 29.68.021, chapter 9, Laws of 1965 and RCW 29.68.021; repealing section 29.68.030, chapter 9, Laws of 1965 and RCW 29.68.030; repealing section 29.68.040, chapter 9, Laws of 1965 and RCW 29.68.040; repealing section 29.68.062, chapter 9, Laws of 1965 and RCW 29.68.062; and repealing section 29.68.066, chapter 9, Laws of 1965 and RCW 29.68.066."

This bill would realign the boundaries of the state's seven congressional districts. The standards which I laid down in my inaugural message to the legislature on January 13, 1965 relating to legislative redistricting are equally applicable to congressional redistricting. In that message I stated that such a redistricting bill should:

“ . . . obey the mandates of the state and federal constitutions, provide equitable representation for all areas of the state and insure that the party which wins a majority of the votes will win a majority of the seats. . . .”

Although the present districts are not as nearly equal in population as they might be, they are established so that most congressional elections tend to reflect popular sentiment at the polls. Two of the existing congressional districts tend to elect Republican candidates and two of the districts tend to elect Democratic candidates; however five of the seven districts have elected both Republicans and Democrats in recent years as the wishes of a majority of the electorate have changed. This is a desirable feature of any apportionment plan.

In contrast, the apportionment plan contained in this bill totally fails to meet this fundamental goal of the two party system. It is obviously intended to insure that one political party will control Washington's congressional delegation irrespective of the wishes of a majority of the people. Moreover, the bill did not have bi-partisan sponsorship or support. After spending forty-seven days of the regular session in order to pass a plan of legislative apportionment, the leaders of the majority in the legislature should realize that a fair and equitable plan is best achieved through bi-partisan consultation and compromise, which were totally lacking during the passage of this bill.

As Governor I have a responsibility to all the people of the state, regardless of political affiliation, to see that they have the right to choose by majority vote the party which will represent this state in the national Congress. I did not hesitate to protect this right when a partisan legislative redistricting bill was sent to my desk in the early days of the regular session; nor will I fail to meet this responsibility now.

I am also disappointed that the boundary lines of some of the districts have been established without any logic whatsoever, and that counties with small population have been divided unnecessarily. Moreover, the populations contained in the largest and smallest congressional districts are more disproportionate than necessary. I believe many of these problems could have been avoided had the bill resulted from bi-partisan discussions and compromise.

For the foregoing reasons I have vetoed House Bill No. 467. I trust that bi-partisan negotiations either in this session or the next will produce a congressional redistricting bill which will be fair to all the people.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

To the Honorable,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to one item, **House Bill No. 520** entitled:

“AN ACT relating to crimes and punishment, and amending section 377, chapter 249, Laws of 1909 and RCW 9.45.060; adding a new section; and providing penalties.”

This bill amends a 1909 criminal statute which makes it a gross misdemeanor to conceal, remove or destroy personal property held under lease, mortgage or conditional sale contract. As amended by this bill, the statute will also apply to rented property and to the act of converting personal property to one's own use or willfully and without reasonable cause failing to return a leased or rented article within 10 days after written notice is sent by certified or registered mail.

House Bill No. 313 which was passed in the regular session of the 1965 legislature made it a felony to fail to return within a reasonable time after notice any motor vehicle, machinery or equipment having a fair market value of more than \$2,000. Although the language is not identical, House Bill No. 520 and House Bill No. 313 are comparable.

However, section 2 of House Bill No. 520 provides that any person who successfully defends an action brought under section 1 of the bill may recover costs, expenses, attorneys fees, and reasonable compensation for time lost in defending the action from the rentor or lessor of the property. No comparable provision was contained in House Bill No. 313. Moreover, section 1 is not limited to rented or leased property but also property held under mortgage, lien or conditional sale contract. In addition, the provisions of section 2 would not only apply to a failure to return rented or leased property but also to its destruction, conversion, removal or concealment.

Section 2 is undoubtedly intended to deter owners of property from using law enforcement agencies as collection agents or as a substitute for civil process. I share this concern; however section 2 would introduce a new concept into our criminal laws and would make the owner of property the guarantor of all actions taken by the law enforcement officers, prosecutors and judges who might be involved with the criminal proceeding. I do not believe that imposing this responsibility upon owners of property would be wise.

For the foregoing reasons I have vetoed section 2. The remainder of House Bill No. 520 is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,
Governor.

To the Honorable,
The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives without my approval as to certain items, **House Bill No. 526** entitled:

"AN ACT relating to health and safety for underground workers; providing requirements for underground labor; and amending section 1, chapter 194, Laws of 1941 and RCW 49.24.080."

Amendments to section 1 (5) achieve two results:

1. The deletion of certain language on page 1, lines 26 through 27 and page 2, lines 1 and 2, appears to remove employees of a railroad who are constructing tunnels, caissons or subways from protection of certain safety standards set forth in RCW 49.24.080 through 49.24.380. Inasmuch as persons otherwise employed in such work are included within the protection of the safety standards, I believe it would be discriminatory to exclude railroad workers. It is my understanding that the proposed deletion was intended to remove a redundancy. I am not convinced that the language is redundant.
2. The deletion of the proviso on page 2, lines 2 through 5, completely removes the protection of certain safety standards for those working in a railroad tunnel. The regulations of the Department of Labor and Industries also provide protection to these workers, but I think it unwise to remove the protection from the statute.

I have therefore vetoed the deletion of the language in section 1 (5), thus restoring the original language.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

March 20, 1965.

To the Honorable,
The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to certain items, **House Bill No. 549** entitled:

"AN ACT relating to state trade fairs and the support thereof, amending section 9, chapter 55, Laws of 1933 as last amended by section 5, chapter 106, Laws of 1955, and RCW 67.16.100; and repealing sections 15.73.010, 15.73.020, 15.73.030 and 15.73.040,

chapter 11, Laws of 1961 and RCW 15.73.010, 15.73.020, 15.73.030, and 15.73.040; directing an apportion from the state trade fair fund; and declaring an emergency."

This bill recognizes the economic benefits which will result to the state from participation in state trade fairs. Through trade fairs, Washington products are put on view to people of the state, of the nation and of the world. To facilitate this economic development, the state trade fair fund now available to the director of agriculture has been transferred by this bill to the director of Commerce and Economic Development.

Under Section 9, the Director of Commerce and Economic Development is directed to apportion not more than \$40,000 from the state trade fair fund to assist public agencies involved in the International Trade Fair to be held in Japan next month. However, the proviso at the end of Section 9 would transfer all monies remaining in the state trade fair fund to the general fund after that apportionment. It is my view that these monies should remain in the state trade fair fund, to be used by the director in the event the money is needed to assist in the development of additional trade fairs which might qualify under the Act. For this reason, I have vetoed the proviso in Section 9.

I have also vetoed Section 13, which relates to a "state fair account", which does not exist in our state treasury and is not defined in the Act. Although the intention of the section is not entirely clear from the language employed, it could be construed as transferring all monies from the state trade fair fund to the general fund at the end of each biennium. In order that the Director of Commerce and Economic Development can carry out the purposes of House Bill No. 549, it may be necessary to accumulate a reasonable amount of money from one biennium to the next. If at the next session of the Legislature, it appears that surplus money is available in the state trade fair fund, any surplus could then be transferred to the general fund. For these reasons, I have also vetoed section 13.

The remainder of House Bill No. 549 is approved.

Respectfully submitted,

Governor.

March 17, 1965.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, **House Bill No. 582** entitled:

"AN ACT relating to the state employees' retirement system; and amending section 1, chapter 274, Laws of 1947 as last amended by section 1, chapter 174, Laws of 1963 and section 1,

chapter 225, Laws of 1963, and RCW 41.40.010; and amending section 13, chapter 274, Laws of 1947 as last amended by section 1, chapter 210, Laws of 1963 and section 2, chapter 225, Laws of 1963, and RCW 41.40.120."

This bill would increase retirement benefits for state legislators electing to qualify under the State Employees Retirement System. This increase is provided in two ways:

First, by computing years of service at three times the actual number of years served up to a maximum of twenty years; and

Second, by basing a legislator's pension on a presumed compensation level of \$3,600 per year rather than the present level of \$1,200.

The bill would operate retroactively in that past service would be calculated at the accelerated rate, and past compensation as well as future compensation would be presumed to be \$3,600 per year.

I believe this measure is the product of a legislature tortured by the realization that its members are not adequately compensated for the valuable time taken away from their families and their jobs in order to render a service to the people of this state. With this proposition I wholeheartedly agree.

In my inaugural address I said:

"I urge the legislature to . . . provide adequate compensation for its members."

In the proclamation calling the extraordinary session now in progress, I listed an increase in legislative salaries as one of the purposes of the session. I have made similar statements to the press and at many public appearances. Lest there be any misunderstanding, I will say it again. One hundred dollars a month is not a proper level of compensation for a legislator.

However, the inequity of the present salary level is accentuated, not relieved, by HB 582; for a retired legislator would receive substantially more money each month than a legislator actively serving his state. A pay increase would automatically increase retirement benefits, while doing justice to the legislator who continues to serve, and who deserves adequate compensation.

For the reasons stated above, I have vetoed HB 582.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to one item, **Substitute House Bill No. 608** entitled:

“AN ACT relating to revenue and taxation.”

This bill includes a hodge-podge of increased taxes designed to balance the state budget during the next biennium. In many instances these taxes will be very onerous on many segments of our state's economy. However, this is the method selected by the Legislature to provide needed revenues; thus I am reluctant to veto any of the taxes imposed by this bill. Moreover, the revenues estimated by the Tax Commission to be derived from these increased taxes are barely sufficient to meet anticipated expenditures.

However, I have examined carefully the tax exemptions included in Substitute House Bill No. 608. One of these is an exemption from the increased tax on liquor, which has been granted to local rectifiers and bottlers. I do not believe there is any justification for this exemption. Only one taxpayer in the state would benefit from the exemption at this time and if others qualified under the law in the future, the state could well lose a substantial portion of the \$10,000,000 which this new liquor tax should produce over the next two years. I am satisfied that an increase in the number of exempt liquor enterprises would not stimulate the state's economy sufficiently to offset this loss of revenue.

For the foregoing reasons, I have vetoed the proviso in Section 16 of the bill which states:

“*Provided*, That this nine-tenths of a cent increase as provided for in this 1965 amendatory act shall not apply to manufacturers as defined under RCW 66.24.150.” The remainder of the bill is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.

To the Honorable,

The House of Representatives of the State of Washington
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to one item **Substitute House Bill No. 709** entitled:

“AN ACT relating to revenue and taxation; and declaring an emergency and establishing an expiration date.”

This bill is intended to protect property owners of the state from increases in taxes which might result from increases in assessed valuations of real and personal property. It has been common knowledge for a number of years that the level of assessment of property has not been maintained at fifty percent of true and fair value as required by Article 7, Section 2 of the State Constitution. The assessment level has varied from county to county, ranging from approximately fourteen percent in some counties to approximately twenty-five percent in others. The statewide average is approximately twenty percent of the true and fair value of property.

The legislature was fearful that in the event the level of assessment were increased, either by voluntary action of the county assessors or as the result of a court decree requiring compliance with the State Constitution, the various taxing districts in each county might continue to levy taxes in the full amount authorized by statute. This would produce revenues greatly in excess of those which taxing districts otherwise would receive, and would impose tremendous burdens upon taxpayers. Therefore, in addition to existing statutory millage limitations now imposed upon taxing districts, this bill adds to requirement that revenues not be increased as a result of increases in the assessment level. The bill limits the total dollar revenues of each taxing district to the same amount received in the previous year, plus new revenues attributable to normal growth, but excluding any revenues which might result from applying authorized millages to increases in assessed valuation of property.

Under Section 5 of the bill a taxing district may receive additional monies if authorized by majority vote of the people, but then only to the extent permitted by the maximum millage allocated by statute to the taxing district.

I believe that this type of protection for the property owner is highly desirable. However, Section 8 of this bill provides that the act will expire December 31, 1967. Thus, it would be necessary to re-enact this legislation at the 1967 legislative session in order to continue this protection to property owners. Since I believe that the taxpayers of this state deserve the continuing protection of this law, I have vetoed Section 8. The remainder of Substitute House Bill No. 709 is approved.

Respectfully submitted,

(Signed) DANIEL J. EVANS,

Governor.
