In Testimony Whereof, I have hereunto set my hand, and affixed the Seal of the State of Washington at Olympia, this eleventh day of January, A.D., 1965.
 (THE SEAL OF THE STATE OF WASHINGTON—1889)

VICTOR A. MEYERS,
 Secretary of State.

The roll was called and all members were present except Mr. Conner, who was excused.

The Sergeant at Arms was instructed to distribute to the members their election certificates.

The Honorable Hugh J. Rosellini, Chief Justice of the Supreme Court of the State of Washington, administered the oath of office to all members of the House of Representatives present.

RESOLUTION

Resolution by Mr. Sawyer:

Be It Resolved, That the rules which governed the House of Representatives during the Thirty-eighth Legislative Session of 1963 be adopted by this House as temporary rules of the Thirty-ninth Legislature with the following amendments, until permanent rules be adopted, and that the Committee on Rules and Order be authorized and directed to formulate the permanent rules of the House for the present session, and that the

Committee on Rules and Order act jointly with a like committee from the Senate to formulate joint rules.

Rule 3, subsection (f): [He shall appoint all standing and special Committees.] Add: (1) He shall appoint all special committees. (2) He shall appoint all permanent standing committees of the House after consultation with the caucus of the majority and minority parties. (3) He shall appoint members of the legislative interim committees as provided by law or resolution after receiving recommendations of the caucus of each party.

Rule 12. Any standing rule or order of the house may be rescinded or changed by a majority vote of the members elected: *Provided*, One day's notice of the motion therefor be given, and the proposed change or changes in the rules be submitted in writing.

Any standing rule of order or business may be suspended temporarily by a [two-thirds vote of the members present] *vote of a constitutional majority of the members*.

Rule 35. No member shall speak more than twice on the same question without leave of the house: *Provided*, That the chairman of the committee or the mover of the question may close the debate except as provided in Rule 40: *Provided further*, That no member shall speak longer than [ten] *three* minutes without consent of the house.

After the fiftieth day no member shall speak more than once on the same question without leave of the house: *Provided*, That the chairman of the committee or the mover of the question, may close the debate except as provided in Rule 40: *Provided further*, That no member shall speak more than three minutes without the consent of the house.

Rule 40. The previous question upon all recognized motions or amendments which are debatable may be ordered by [two-thirds of the members present] *a constitutional majority of the members*, and shall have the effect of cutting off all debate and bringing the house to a direct vote upon the motion or amendment on which it has been ordered: *Provided, however*, That one of the sponsors of a bill, memorial, or resolution, or, in his stead, the chairman of the committee, when the measure is on final passage or when the motion to postpone indefinitely is pending, may have the privilege of closing debate after the previous question has been orderd.

Rule 59. Strike all of Rule No. 59 and insert the following:

Mr. Sawyer moved adoption of the resolution.

The Chief Clerk recognized Mr. Rogers.

Mr. Rogers:

"I have an amendment to the resolution."

The Chief Clerk:

"We have other amendments on the desk. Do you want yours read first?"

Mr. Rogers:

"I can read it. I think the House is quite familiar with it. I move that Rule 3, subsection (f), on line 10 be amended to read, in line with the rules change resolution which I introduced the last session which would delete the language in this resolution and replace it with this language:

"In appointing the committee members to committees, the Speaker shall name members in the same ratio as the membership of the respective parties in the House. Committee members will be selected by each party's caucus. The majority party caucus will select all committee chairmen." The language of this amendment can be found on page 166 of the 1963 journal of the House."

POINT OF ORDER

Mr. Sawyer:

"Mr. Chief Clerk, point of order."

The Chief Clerk:

"State your point of order."

Mr. Sawyer:

"I think it is a long-standing procedure of this body that matters of this nature be reduced to writing. There are other amendments on the desk."

RULING BY THE CHIEF CLERK

The Chief Clerk:

"We have amendments in writing on the desk. I think we should proceed with these amendments."

Mr. Rogers:

"May I look at the amendments there?"

The Chief Clerk:

"Do you wish to come to the desk and look at the amendments?"

Mr. Rogers:

"Yes."

Mr. Rogers moved adoption of the following amendment to the resolution by Mr. Sawyer:

Amend Rule 3 of the mimeographed resolution, on page 1, line 11, after "[.]" strike the remainder of the paragraph and insert "*In appointing the committee members to committees, the Speaker shall name members in the same ratio as the membership of the respective parties in the House. Committee members will be selected by each party's caucus. The majority party caucus will select all committee chairmen.*"

"Members of the Rules Committee will be selected in the same manner and same ratio as provided above, and the Speaker will serve as chairman of the Rules Committee.

"Interim committee memberships will be elected by the respective caucuses, on a basis of statutory and geographical representation; otherwise, the same ratio between the parties will prevail in the caucus election of interim committee members.

"Patronage will be divided proportionately by the party caucuses, following as closely as possible the ratio between the parties."

Mr. Brachtenbach demanded an oral roll call, and the demand was sustained.

Debate ensued, Representatives Rogers and Savage speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Copeland:

"Mr. Chief Clerk, would Mr. Rogers yield to question?"

The Chief Clerk:

"Mr. Rogers, will you yield to question?"

Mr. Rogers:

"Yes."

Mr. Copeland:

"Mr. Rogers, in regard to the apportioning a proper percentage on each committee to the members of the two parties, we have a problem of fractions, and I would like to have your interpretation of how this would be taken care of. This would appear to be insignificant, but I think it is quite important."

Mr. Rogers:

"It would be my suggestion that all of those close fractional questions be decided in behalf of the Democrats."

Mr. Copeland:

"Thanks, Mr. Rogers. I receive the message quite clearly."

The Clerk called the roll, and Mr. Rogers' amendment to the Resolution by Mr. Sawyer was adopted by the following vote: Yeas, 98; nays, 0; absent or not voting, 1.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Braun, Brouillet, Burtch, Canfield, Chatalas, Clark, Copeland, Cunningham, Day, DeJarnatt, Dootson, Elder, Eldridge, Epton, Flanagan, Gallagher, Garrett, Goldsworthy, Gorton, Grant, Harris, Haussler, Hawley, Hood, Humiston, Huntley, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Jueling, Kalich, King (Chet), King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, May, McCaffree, McCormick, McDougall, Moon, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Dell, O'Donnell, Olsen, Perry, Pierre, Pritchard, Radcliffe, Rogers, Saling, Savage, Sawyer, Schaefer, Sheridan, Slagle, Smith, Swayze, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Wang, Warnke, Whetzel, Witherbee, Wolf—98.

Those absent or not voting were: Representative Conner—1.

Mr. Moos moved adoption of the following amendment to the resolution by Mr. Sawyer:

Beginning on line 17, page 1, of the mimeographed resolution, strike all reference to Rule 12.

Mr. Brachtenbach demanded an oral roll call, and the demand was sustained.

YIELDING TO QUESTION

Mr. Litchman:

"Mr. Chief Clerk, I wonder if Mr. Moos will yield to question?"

The Chief Clerk:

"Will Mr. Moos yield to question?"

Mr. Moos:

"Yes, Representative Litchman."

Mr. Litchman:

"Mr. Moos, perhaps I misunderstood. My understanding is that you have done two things here. You have eliminated not only line 18 in reference to the majority vote in order to reinstate the two-thirds vote, but in addition you have crossed out the following language: 'Provided, One day's notice of the motion therefor be given, and the proposed change or changes in the rules be submitted in writing.' Was it your purpose to eliminate this phrase of the rule as well?"

Mr. Moos:

"Mr. Litchman, on the advice of counsel, you are wrong."

Mr. Litchman:

"Mr. Day, incidentally, is my chief counsel over here."

Mr. Moos:

"Mr. Gorton is my chiropractor. (Laughter.) This amendment simply returns this particular rule change that Mr. Sawyer has proposed back to its original form."

Debate ensued, Representatives Moos, Copeland, Johnston (Elmer E.), Adams, and Leland speaking in favor of adoption of the amendment, and Representatives Sawyer and O'Brien speaking against its adoption.

PARLIAMENTARY INQUIRY

Mr. Adams:

"Mr. Chief Clerk, will you explain what the noes and ayes mean on this amendment by Mr. Moos? This amendment is to strike this portion of the resolution as far as Rule 12 is concerned, and I would like that explained to the new members so they will know what their vote means."

The Chief Clerk:

"A roll call has been demanded on the amendment by Mr. Moos of Lincoln county. A vote of aye will adopt the amendment by Mr. Moos and a vote of no will reject it."

The Clerk called the roll, and the amendment by Mr. Moos to Mr. Sawyer's resolution was not adopted by the following vote: Yeas, 48; nays, 50; absent or not voting, 1.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Berentson, Bledsoe, Brachtenbach, Braun, Canfield, Clark, Copeland, Cunningham, Day, Dootson, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Hurley, Johnston (Elmer E.), Jueling, King (Chet), Kink, Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McCormick, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pritchard, Rogers, Saling, Swayze, Wang, Whetzel, Wolf—48.

Those voting nay were: Representatives Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Brouillet, Burtch, Chatalas, DeJarnatt, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Klein, Kull, Litchman, Lux, Marsh, Marzano, May, Moon, O'Brien, O'Donnell, Olsen, Pierre, Radcliffe, Savage, Sawyer, Schaefer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee—50.

Those absent or not voting were: Representative Conner—1.

Mr. Andersen (James A.) moved adoption of the following amendment to the resolution by Mr. Sawyer:

Beginning on line 1, page 2 of the mimeographed resolution, strike all reference to Rule 40.

Debate ensued, Representative Andersen (James A.) speaking in favor of adoption of the amendment, and Representative Sawyer speaking against its adoption.

Mr. Goldsworthy demanded an oral roll call, and the demand was sustained.

Further debate ensued, Representative Witherbee speaking against adoption of the amendment, and Representatives Dootson and Rogers speaking in favor of its adoption.

POINT OF ORDER

Mr. Litchman:

"Mr. Chief Clerk, point of order."

The Chief Clerk:

"State your point of order."

Mr. Litchman:

"I believe the gentleman from Kitsap is not speaking on a point which is germane to the issue, which is whether to eliminate the constitutional majority or not. Personally, I am not interested in listening to Mr. Rogers' remarks about the redistricting bill. I haven't seen it myself yet. Perhaps we should agree with him or disagree, but I don't think Mr. Rogers should go into this at this stage of the proceedings."

RULING BY THE CHIEF CLERK

The Chief Clerk:

"The statement has been made that the amendments to the rules by Mr. Sawyer if adopted in accordance with his resolution would apply to the enactment of the redistricting bill. Therefore, Mr. Rogers' references to it are in order, I would say."

POINT OF ORDER

Mr. Sawyer:

"Point of order, Mr. Chief Clerk"

The Chief Clerk:

"State your point of order."

Mr. Sawyer:

"Speaking to this same point of order, I think that referring to the redistricting bill is one thing, but going into a bill not even before the body is another thing—the actual details of the bill."

RULING BY THE CHIEF CLERK

The Chief Clerk:

"That point is well taken. Mr. Rogers cannot go into the details of the bill."

PARLIAMENTARY INQUIRY

Mr. Perry:

"Point of parliamentary inquiry, Mr. Chief Clerk."

The Chief Clerk:

"State your point of parliamentary inquiry."

Mr. Perry:

"Is it correct we are not operating under any rules now?"

The Chief Clerk:

"That is true."

Mr. Perry:

"Then we can discuss anything."

The Chief Clerk:

"This session promises to be one of the most challenging of all sessions of recent history. Many proposals will be introduced which will require the serious consideration of all of us, because their enactment into law will prove of tremendous value in the growth and development of our state, of which we are all justly proud. To accomplish the various objectives which have been outlined, it is necessary to have the kind of leader in the House of Representatives who will have the ability and qualifications to lead us during this most trying period. We are fortunate in having a man who understands the needs and welfare of each of us. He is a gentleman of good will and has all the necessary ability and the knowledge of state governmental affairs to do the type of job that will make him a great Speaker of the House of Representatives. It is my pleasure and great privilege to nominate as Speaker of the House of Representatives for the thirty-ninth session of the Washington state legislature, the Honorable Robert M. Schaefer."

"Mr. Chief Clerk, Honorable Chief Justice Hugh J. Rosellini of the Supreme Court of the state of Washington, ladies and gentlemen of the House of Representatives:

I have worked with him, I have co-sponsored bills with him, I have differed with him, but at all times he has evidenced a sense of responsibility and obligation and one of fairness. Based upon that, I am happy to second the nomination of Robert Schaefer as the Speaker of the House."

The Chief Clerk recognized Mr. Hood.

We have watched Representative Copeland, entering now his fifth term, in his ability as a leader and his ability to work at being a legislator every day. We have profited by Representative Copeland's ability in streamlining some of the House operations during the last session. Many of these practices will be carried on this year, I am sure, and into the future. Tom Copeland is a proven leader. "Mr. Chief Clerk, Honorable Chief Justice Hugh J. Rosellini, and members of the House of Representatives:

"You have today honored me with a position carrying with it great honor, and also a heavy responsibility to you, my fellow members, and to the people of this state. I am deeply grateful to all of you for this expression of trust and confidence.

"I know you are all aware of the great problems that challenge us as members of this thirty-ninth legislative session. You are further acutely aware that prior to attacking and solving these problems we have an added burden.

"Our first order of business must be to redistrict the state's legislative boundaries in accordance with the fourteenth amendment, the recent decisions of the United States Supreme Court, and a direct order of the federal district court.

"The cooperation and selflessness of all of you is needed if we are to conquer this problem, and pass, without undue delay, a fair and equitable redistricting bill. I have confidence that this can be done expeditiously, and further, that our final bill will be one that any governor could sign and any court approve.

"Once this problem is resolved, we may then, and only then, turn our attention to the needs of the people of this state; to assure them that we will continue our progress and provide the necessary services they demand. I am proud of our state, as I know you all are, and I will do everything possible to insure its continued progress.

"It will be my aim as Speaker to be completely fair in all parliamentary matters and to administer the office of speaker in an open and forthright manner. You who know me know that I will be available, and will welcome your opinions and views. The Speaker's office will be open to all of you, and my staff and I will give you any assistance possible. I only hope I can make your difficult tasks as a legislator easier.

"You can be of great assistance to me, if, when there is a difference of opinion, you will come to me so we can attempt to reason out the differences and work together in harmony. This applies to members of the majority and also the minority.

"I am hopeful that this session will be harmonious and productive, in the highest tradition of public service.

"Again, I would like to thank you for this great honor, on behalf of myself and my family. I will do my utmost to fulfill the trust you have placed in me."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Copeland.

Mr. Copeland:

"Mr. Speaker, ladies and gentlemen of the House, let me take this opportunity to offer you my sincere congratulations. 'A funny thing happened to me on the way to the Speaker's office today.' It has happened to others in this chamber and probably will again in the future.

"I only want to say that I am not unmindful of the position I occupy here and its relationship to the gentleman who preceded me in this capacity. We are here in behalf of our constituents to work in behalf of the people of the state of Washington, and I am sure that the gentleman whose seat I now occupy feels the same responsibility to those same people. It will be my position and the position of my party to try diligently to carry out his programs. We should all dedicate ourselves to working in the total interest of the State of Washington and not in the interest of petty partisanship. I bring to you, sir, our cooperation on those very good measures that obviously must be considered before this body.

"I have liked very much working with Mr. Schaefer in the past. He is a gentleman who can disagree without being disagreeable. I think this should probably be the byword for all of us during this session.

"If I may be permitted to do so at this time, I would like to move that the records show that your election as Speaker is unanimous."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Day.

Mr. Haussler:

"Mr. Speaker, ladies and gentlemen of the House, it is with genuine pleasure that I have at this time the honor to present the name of Representative Garrett as Speaker Pro Tem of this House for the ensuing session. Representative Garrett served as chairman of the Democratic caucus in the last session of this House. Many of us saw him operate in the Democratic caucus and we all saw him in action on the floor of the House. At all times he demonstrated his ability as a capable and outstanding legislator. Once again, it is my pleasure to place in nomination the Honorable Representative Avery Garrett as Speaker Pro Tempore of the thirty-ninth session of this House."

Mr. Uhlman:

"Mr. Speaker, Honorable Judge Rosellini, members of this House, it gives me a high degree of pleasure to second the nomination of Avery Garrett of the forty-seventh district in King county as Speaker Pro Tempore. Representative Garrett, I believe, has distinguished himself well to all members on both sides of this aisle who have served with him in the past. I know I have served with him for four terms now. Those of you who have served for that long or a lesser period of time will agree he has been extremely judicious, fair and capable as a legislator. I believe he is going to be an outstanding Speaker Pro Tem if elected. I think he will continue to serve in this capacity as an outstanding and very fair person, who will work well with all of us here. Those of us on this side of the aisle have had a special opportunity to work with Representative Garrett as chairman of the Democratic caucus. There again he showed great capability and qualities of leadership that I believe he will carry on with him as Speaker Pro Tem. For these reasons, I urge you to vote for Representative Avery Garrett as Speaker Pro Tem of this House."

The Speaker recognized Miss O'Donnell.

Miss O'Donnell:

"Mr. Speaker, Honorable Judge Rosellini, members of the House, I deem it a great privilege to rise and second the nomination of the Honorable Avery Garrett as Speaker Pro Tem of the House of Representatives. The past three sessions Representative Garrett has served the people of his district, of King County, and indeed the people of all the state of Washington with honor and distinction. As Democratic caucus chairman in the 1963 legislature, Representative Garrett displayed patience, understanding and leadership ability, and we were proud to follow him. These same characteristics will make him an outstanding Speaker Pro Tem when he is called upon to fulfill the duties of this high office. Fellow members, I urge support of Representative Garrett. Thank you."

The Speaker recognized Mr. Harris.

Mr. Harris:

"Mr. Speaker, Honorable Chief Justice Hugh Rosellini, and ladies and gentlemen of the legislature, I rise to nominate one of the very fine men of this House as your Speaker Pro Tem. He has given forty years of service as a school teacher in your public school system, most of which was accomplished in the state of Washington. Today he takes his seat in this body at the start of his sixth legislative term. We have all come to know Audley Mahaffey as a very friendly and kind natured gentleman with a really tremendous devotion to work. He is industrious. He has a sense of fairness and of good judgment. It is a great deal of pleasure for me today to nominate as Speaker Pro Tem of the thirty-ninth session of this legislature the Honorable Audley F. Mahaffey of the forty-sixth district of the state of Washington."

The Speaker recognized Mr. Eldridge.

He is well respected by members on both sides of the aisle and certainly deserves this consideration."

The Speaker recognized Mr. Hawley.

"Mr. Speaker, Honorable Chief Justice Rosellini, members of this assembly, again I rise to place in nomination my friend, our old friend, Chief Clerk of this House, Si Holcomb. I don't think there is anything I can tell you about Si. To you new members of the House, any time you want any information or help, Si is your boy. He has always been fair and courteous, and I know he will continue to be so. He has organized one of the most efficient and industrious and dedicated offices in the whole capitol, and I know that he has these people that he can depend on to always get our pay checks out on time, as he has in the past. "Mr. Speaker, ladies and gentlemen of the House, it is with a great deal of pleasure that at this time I place in nomination for Sergeant at Arms a very good friend of mine and also a former seat mate. In fact, he comes from our district and we call him the public tornado. Mr. Elmer Hyppa was a member of the House of Representatives in 1953 and 1955 and served four terms as Sergeant at Arms, 1957, 1959, 1961, and 1963. I think that all of you except maybe the freshmen are well aware of Elmer's qualifications as Sergeant at Arms. He knows how to do the job. He has done the job. I am sure he will continue to do a good job for our House. It is a difficult job at times. It has always amazed me how well and how smoothly Elmer has performed his duties. We regard Mr. Hyppa so favorably on this side of the aisle for his fairness and impartiality that, since he had broken his leg and was on crutches, and could not enforce the rule, we did not require that the order of the Speaker be enforced. I take great pleasure in recommending and seconding the nomination."

If you care to proceed at this time to deliver your message, it will be a privilege to hear from you."

MESSAGE OF GOVERNOR ALBERT D. ROSELLINI TO THE LEGISLATURE

"Mr. President, members of the Supreme Court, elected officials, Mr. Speaker, members of the legislature, and guests:

"Eight years ago I had the privilege of appearing before a similar joint session of this body as the newly elected fifteenth governor of the state of Washington. Some of you here today share with me the memory of that occasion.

"I spoke at that time of our state's potential for greatness, and of my plans to help achieve our destiny.

"Now, in this, the mid-1960's, I view the past eight years with pride and emotion. I am too close, too intimately involved with that era to gauge its dimensions and magnitude objectively. I must leave that for others to weigh and evaluate.

"Yet I cannot deny the generous degree of personal satisfaction I feel for having helped guide our state through what I earnestly believe was one of its most significant periods of growth and accomplishment, a period of dynamic transition, a period that witnessed the evolution of our state into a virile, mature, self-confident leader in the western community of states.

"Evidence of this new and vibrant Washington is all about us. Few other states can compare with our fiscal soundness. We have had a surplus in our General Fund the past two bienniums. Our deficit has declined to its lowest point since 1950. We operate with modern, business-like methods. No neighboring state can approach us in the over-all tax advantage we enjoy.

"Our economy has never been better, nor has per capita income. Our industrial and economic base grows more diverse and stable every day.

"We have not only kept pace, but often have set the pace, in satisfying the immense demands placed upon government for improvement of our system of public education.

"We have drafted entirely new designs in institutional programming, charting new directions that states should take in the care and treatment of the sick, the disturbed, and the helpless in their society.

"We have, for the first time, created state agencies that concern themselves specifically with the problems of business and industry.

"Nor has the working man and woman been ignored. We have provided them with greater protection, security, and guarantees than some had ever thought possible.

"Our state park system has been dramatically expanded, more so than at any period in our state's history. This administration has devised a master plan for further development of the matchless outdoor recreational resources with which we are blessed.

"We have woven our state with a vast complex of roads and bridges, and cooperated enthusiastically with the federal government in linking ourselves to the nation's massive network of interstate freeways.

"The interstate highway program is but one striking example of the harmonious, effective partnership we enjoy with the federal government. This is a partnership that must not be dissolved. In fact, it cannot be. For just as the state has had to give aid and sustenance to the local governments within its borders, so too has the federal government had to assist the family of states.

"The time for isolationism among states, as among nations, is long past. To attempt to revert to a philosophy of looking backward and inward is as false and foolhardy as trying to deny that we have entered the space age.

"Years ago, I recall reading that the nations of the world could be divided into two groups—those in which government fears the people, and those in which the people fear the government. Our nation, I am proud to say, remains one in which the government continues to fear the voice and power of the people.

"Yet, there are those who would dispute this. Government today, they say, has become too large, too centralized in the nation's capitol. They say the rights and authorities of the states are being usurped.

"I agree that the federal government has, at times, invaded the jurisdiction of the states. And I concur philosophically with Abraham Lincoln when he said that the maintenance of the rights of the states, and especially the right of each state to order and control its own domestic institutions according to its own judgment, is essential to the balance of power on which the perfection and endurance of our political fabric depends.

"But Abraham Lincoln was speaking of a time and place, of conditions and events, that were impossibly out of context with the world we know today. Our state and the people in it are no longer isolated entities. We share with other states the problems of extreme mobility, mass communications, exploding population, urbanization, and constantly increased demands for social and economic services. The problems that confront today's state government can no longer be solved through ostrich-like isolation. They can only be solved by a full-working partnership with the federal government.

"If Lincoln were here today, he would recognize, as we must, that there are indeed few major programs in any state that are not in some way connected with and dependent on the federal government; just as there are few programs on the state level that do not have corresponding implications for government on local levels.

"I stress this today as a necessary preface to what I am about to say because the state of Washington, like every other state in the union, is intimately and irrevocably involved with our federal government. During the next biennium and in the years ahead, this relationship will expand and extend as the needs of a growing, questing, prosperous nation are identified and met.

"I view this relationship, not with alarm, but with approval. I view it as the logical way of working out problems that can have no complete or adequate state-level solutions. I view joint ventures by the state and federal governments as the only means of assuring that uniform minimum standards of service by all the states to their residents are met.

"I do express the necessity, however, for each state, and for each governor, to assure that federal programs are administered by each state acting within its own autonomy, and with the least possible amount of federal control and influence. This is as it should be if we are to sustain the spirit and integrity of our heritage as one of

fifty sovereign states, joined together to satisfy the human needs . . . the economic needs . . . the political needs of a great and creative people.

"In my budget for the biennium ahead, as for the current biennium, more than ninety percent of all spending from the General Fund is designated for just three state programs—education, public assistance, and institutions—each of which is related intimately to human needs.

"Within the framework of meeting our human needs, no greater challenge confronts us than our responsibility to fulfill the educational requirements of our young people. The situation with respect to education has been one of a recurring crisis with each biennium. This biennium is no exception, although the crisis now is shifting from the elementary and high schools, to the institutions of higher learning.

"In total, our plan for the next biennium will provide a growth of approximately 175 million dollars in the activities tied to the General Fund. Of this increase, 136.9 million dollars will go for education.

"The largest item under education is the appropriation to the State Superintendent of Public Instruction for distribution to the school districts. This budget item will show an increase of 83.5 million dollars, of which there will be 30 million additional dollars for growth of enrollment in our common schools; 42 million additional dollars for improvement in our common schools, and 14.5 million dollars to relieve local school districts from the burden of special levies.

"This budget item will mean that teacher salaries can be raised six percent each year of the new biennium, permitting our state to maintain its competitive position among the top ten states of the nation.

"Since community college enrollments are expected to rise by more than 42 percent next biennium—which represents an increase of more than 8,300 students—we have included an increase of 9.4 million dollars in the budget for these schools.

"I also am asking the legislature to authorize the opening of five new community colleges.

"Enrollment at our five colleges and universities will rise by 26 percent, which represents an increase of more than 11,000 students.

"Therefore, for our state colleges and universities, I recommend 40.6 million additional dollars for growth, salary increases, and to equalize faculty staffing. This money will assure a five percent rise in faculty salaries each year of the next biennium. In addition, 57.4 million dollars in new money will be asked for capital projects at our five state institutions of higher learning.

"I take pride in the explosive growth of the Health-Science Center at the University of Washington. As the father of legislation creating both the medical and dental schools and their teaching hospital, I am gratified that enrollment at this magnificent center of learning for the healing arts is flourishing beyond my most optimistic hopes. This growth, however, must be served. For this reason, I recommend a 21.9 million dollar expansion of our health education services at the University of Washington through the use of state and federal funds. The school is now serving almost double the number of students it was designed for. The added funds will provide health education services for four times the number of students the school is now designed to enroll.

"To complement federal programs, I recommend additional budget increases for the State Board for Vocational Education and the Division of Vocational Rehabilitation. Our state and nation's war on poverty begins with jobs, and jobs begin with proper training. We must match here at home the national focus on this problem with adequate vocational training for our young people and with a creative, practical job-retraining program for older workers displaced by automation and technological growth.

"I recommend a small operating appropriation to begin study of one of education's most perplexing problems: the role of higher education in the state of Washington, and the need for a new four-year college. We are in the first stages of a vast expansion of all phases of education beyond the high school. We must chart a course of orderly and meaningful development before our state colleges and universities sprawl in unplanned, unrelated proliferation.

"As each of us know, there has been a remarkable transition in emphasis and direction of public assistance programs during recent years. Wherever possible, "rehabilitation" is the watchword, with particular stress being placed on the child and family unit.

"To carry forward these rehabilitative concepts—and to give greater attention to rehabilitation of adults, I recommend that the legislature appropriate 7.7 million dollars in additional money, exclusive of money for salary increases for public assistance employees. This increase will allow us not only to serve an increased caseload, but

also to reduce ratable reductions and fulfill our commitments to those who provide health and medical care.

"We have experimented successfully with protective services to children in their own homes in two counties. I propose that we now extend these important services to nine counties. It is sensible and prudent to prevent and resolve problems at home, rather than to rehabilitate later at an institutional level.

"I am confident, indeed my budget proposals are based on this confidence, that Congress will enact a health-care program for the aged, and also will increase benefits now being paid under the Old Age Survivors Insurance program. I urge that by memorial the Washington state legislature support these actions.

"I would further recommend that the legislature consider that some form of tax relief be devised at this session to assist the elderly in their housing needs. As a member of the President's Council for the Aging, I stress the urgency of our state taking prompt advantage of the 1964 Housing Act passed by the Congress.

"I commend to your attention the Greenleigh report as an important tool for all legislators in matters dealing with public assistance. Wherever possible, and within the framework of budgeted increases, I have sought to implement the recommendations of the report.

"Few human needs are more basic than that of earning a living, and of being protected against the economic and emotional hardships that can result from injury or unexpected loss of employment.

"Although the welfare of our state depends on its industries, it is even more dependent on the welfare of its wage earners. A skilled, stable labor force is impossible unless wage earners can be assured of continuity of employment and other modern benefits.

"We recognized this early in our statehood by becoming the first state in the nation to enact an industrial insurance law. That was in 1911. Since that time our wage earners have been guaranteed many other benefits and safeguards through state and federal legislation, including unemployment compensation laws.

"State government's willingness to take a hand in developing workmen's benefits is what helped build for us a labor force that is recognized everywhere for its quality and productivity.

"Yet, in this ever-changing world, labor legislation, like other legislation, must be in balance with the economic conditions of the day.

"In my opinion, our laws covering unemployment compensation and industrial insurance must be brought back into balance. Therefore, I am proposing for your consideration three measures that are of the utmost importance to today's working man and woman.

"The first of these would change unemployment compensation benefits from a fixed amount that average 33 dollars a week, to a flexible amount representing 60 percent of average weekly earnings of all workers. This would result in average weekly benefits of about 40 dollars. Other changes also are included in this executive request bill to make our over-all unemployment compensation program more acceptable to management as well as labor.

"My two other bills relate to industrial insurance benefits. One of the bills provides for long term rather than lump sum payments for major permanent partial disabilities. The other provides for a 10 percent increase in the present flat lump sum award in all other categories of workmen's compensation. This would at least bring our schedule of awards into line with national averages.

"Our Department of Labor and Industries has just completed a comparison of industrial insurance rates in Washington, Oregon and California. It shows clearly that our rates are substantially below rates in Oregon and California in virtually every category. There is no doubt that an upward revision of our rates is called for.

"There are two further points I wish to make before leaving the broad subject of labor and wages. First, I again urge the legislature to grant state employees the right to collective bargaining. Secondly, because the salaries of elected officials and public employees have traditionally lagged far behind comparable employment in private industry, I recommend a 7.5 million dollar increase in salaries for state employees from the General Fund. Added to this will be money from state special funds plus additional federal funds. This will bring salaries up to 1964 prevailing levels by the second year of the biennium.

"I further urge the legislature to adopt the new salary levels proposed by the state Salary Advisory Committee for State Elected Officials, Judges, and State Legislators.

"In no area of state government has more progress been made in improving human

needs than in our institutional program. What once were revolutionary concepts of treatment and rehabilitation now are commonplace in our institutions for the mentally retarded, the emotionally disturbed, the delinquent youngster, and the adult offender. No matter what category of institutional treatment you mention, we have achieved national prominence.

"One of my greatest concerns is that we maintain and, wherever possible, strengthen what we have worked so hard to build into our institutional programs. We dare not risk reverting to those bleak and disgraceful conditions that characterized our institutions eight years ago. We must not forget all that we have accomplished for the voiceless ones of our society, particularly the youngsters—the retarded, the products of warped and twisted home-life, and those handicapped with blindness and deafness. (Applause.) I beg you to keep the light of reason, understanding and compassion burning in our institutions by continuing to provide adequate funds for them.

"Accordingly, I recommend a budgetary increase of 9.3 million dollars for the Department of Institutions exclusive of funds for salary increases. The principal share of this is designated for juvenile rehabilitation and adult correction, particularly for operation of the New Washington Corrections Center at Shelton.

"I recommend doubling state support of community day-care centers for retarded children.

"My budget also will allow us to accommodate approximately 350 additional persons in our state schools for the retarded.

"I urge acceptance of a bond proposal for 1966 which would provide space for almost 500 additional retarded persons and include the purchase and remodeling of Harrison Memorial Hospital at Bremerton as a residential institution for the retarded.

"Funds are also being requested for operation of the New Child Development and Research Center at the University of Washington.

"Approximately 7,000 youngsters with varying degrees of mental retardation now receive special training through the public schools of the state. My budget proposal will allow our public schools to extend this special form of education to 10,000 mentally retarded children. While doing this, we also will absorb 4.8 million dollars of what was formerly spent by local school districts to educate handicapped children.

"Each of us recognizes that our state is blessed with outdoor recreational resources that are unparalleled in the nation. Our lakes and streams, our islands and mountains, and our forest and plains are the primary reason why many persons choose Washington state over any other region of the country.

"Those of us who cherish our outdoor heritage know that as the amount of leisure time to pursue outdoor recreation has increased, the amount of space available for such pursuits has decreased.

"Fortunately, the voters saw fit to approve Referendum 11 and Initiative 215, which represented a program I submitted to the last legislature. These will give us 4.6 million dollars to buy and develop land during the next biennium alone. It is now the state's responsibility to assure that the funds from these two measures will be used in the most broad, yet judicious manner possible.

"Therefore, my recommendation to the legislature in this instance becomes one of direction in the spending of these funds, rather than any major budget increase. I ask that you share with me a brief look at what imaginative development of our recreational resources could mean to us and our children:

"Underwater parks for that growing population of submarine enthusiasts known as scuba divers.

"Multi-purpose development of the spacious Fort Lawton area in Seattle.

"Preservation for public use of the valuable waterfront lands that now are the site of Luther Burbank School for Boys.

"A vast cultural-recreational center in the Cascades.

"New marine parks for our boat-minded population, particularly in the San Juans and the majestic man-made lakes of Eastern Washington.

"The purchase and development of distinctive geologic areas and other natural phenomena unique to our state, such as the lava caves at Mt. St. Helens.

"And what might be called limited-activity recreation sites for our senior citizens, so that all our people, not just the young and active, can share in the beauties and charm of our northwestern paradise.

"As we plan for this further development of our out-of-doors, we must harmonize and coordinate state plans with those of other levels of government. This is particularly true of the federal government's new Land and Water Conservation Act, which will have great financial as well as recreational benefits for our state. Nor can we afford to

ignore or fail to encourage the important interests of private groups that base their means of livelihood on the public's desire for recreational activities.

"I suggest, also, the continued expansion of our Youth Conservation Corps by taking advantage of various aspects of the federal government's Economic Opportunity Act. We have been national innovators in this program. Our Youth Corps already has made noteworthy contributions to the improvement of our state park and recreational system. I am hopeful it will be continued and strengthened.

"Of growing and continuing concern to me has been the sharp increase in death on our highways. Despite attention to the problem and strict enforcement methods, our death rate from traffic accidents has reached tragically new proportions.

"Recognizing that it is a paramount responsibility of state government to protect the lives of its citizens at all times, wherever they may be endangered, I propose two major recommendations for your consideration:

"We must increase the number of troopers assigned to the State Patrol by at least 100. My budget provides for this.

"We must establish a Department of Motor Vehicles. This new agency would combine into one department the driver examining program now conducted by the State Patrol, and the motor vehicle program of the Department of Licenses.

"I strongly recommend that the legislature give priority attention to this essential governmental reorganization.

"Two other matters affecting human needs of the people within our state are of concern to me. That is the right of all persons to receive the full privileges of citizenship. More must be done to improve conditions generally for the Indian citizens of our state. I recommend to you, therefore, the creation of a Commission on Indian Affairs with authority to advise the governor and the state legislature on jurisdictional and related matters.

"I am further recommending that the Governor's Commission on the Status of Women be constituted as a continuing and official body within the framework of state government. This commission, likewise, would advise the governor and the legislature on matters affecting the welfare of all women in the state.

"Each day, the tiny atom becomes increasingly more significant in our lives as new and startling uses to which it can be put are found. Here in Washington, the peaceful uses of the atom has greater potential for improving our economic well-being than any other single factor, other than the factor of the people themselves.

"At no time in our history have we had within our grasp a more compelling, a more promising means of economic security than that offered by nuclear energy. Nor have we ever before possessed such an abundance of impressive tools just waiting for us to put them to use for the betterment of our people.

"The great Hanford works—our lodestone of private nuclear development—is the means by which our state can literally become the nuclear energy center of the nation, if not the world.

"The future of peaceful uses of the atom is limitless. We cannot measure it. It is wider than our vision, and has no end. We have, for instance, only begun to explore mysterious new medical frontiers with the atom. The atom will be the source of power that will propel our space vehicles, desalinate our sea water, provide the energy to heat our homes and factories, and drive the machinery in those factories.

"Think of what this age of nuclear science can mean to all of us—and to those who follow us—if we have the vision and courage to act now, broadly and imaginatively.

"I charge you solemnly, as a governor who has helped lay the groundwork for this fantastic new era, that no single greater opportunity or obligation faces you as legislators or as citizens. If you ignore this opportunity, if you fail to fulfill this obligation, you will jeopardize the very basis of this state's economic future.

"As I indicated a moment ago, much of the groundwork already has been laid for building our nuclear economy. Hanford, itself, is the keystone. The federal government is encouraging states to assume greater responsibility and authority over the use of atomic energy. The internationally famous Battelle Memorial Research Institute has agreed to take over the massive laboratory facilities at Hanford. The government has given us 1,000 acres of land to lease to private nuclear industries. A firm will build a plant here to package and store low-level radioactive waste material. Scores of other private industries are negotiating to take over various parts of the Hanford works. Others are interested in building plants that would be satellites of the Hanford complex. And later this year, we could quite likely be selected as the site for a multimillion dollar nuclear fuels reprocessing plant.

"New techniques are being devised daily to use the by-products available from fuel reprocessing. These radioactive by-products are finding uses in agriculture, light manufacturing industries, food preservation, and the healing arts.

"All this, I remind you, is merely the beginning of what can happen in our state through encouraging more private nuclear industries to come here.

"Eight years ago, in my inaugural address, I said we must prepare ourselves for the day when the atom emerges as the dominant factor in our economy and daily lives. We now are in the morning hours of that day.

"It is with this in mind, therefore, that I recommend for your urgent attention two extremely important executive request measures.

"One of these would establish an Office of Nuclear Energy Development, which would help direct and guide the growth of our nuclear economy and maintain our advantageous position in the highly competitive area of private nuclear industries.

"The other bill, which is of equal or greater importance, is a radiation licensing bill. This will allow the state to license and regulate industries that use or manufacture material and goods related to atomic energy.

"Only with such a law on our books will the Atomic Energy Commission grant us the authority to allow broad development of private nuclear industries.

"I urge for your further consideration that the state stimulate and accelerate additional academic research and training facilities, with the aim in mind of making Washington the world center of nuclear knowledge and space-age technology.

"These, then, are my recommendations for furthering our nuclear economy.

"In addition, I urge passage of five other proposals that would spur our industrial growth. These include a business and occupation tax credit plan for sales taxes paid on new plant construction; a reduction of approximately 75 percent in the business and occupation taxes on processors of fruits and vegetables, thus making these industries more competitive with those in neighboring states; a sales tax exemption for purchases made in Washington by non-residents; a business and occupation tax exemption for industrial research; and authority for port districts to issue and sell revenue bonds to stimulate industrial development.

"Each of these measures has received long and careful study by experts in the field of taxation and government finance. I am convinced they will noticeably advance the economy and industrial development of our state.

"But despite all that we as elected officials and lawmakers do to make the industrial climate of our state more attractive, this alone cannot do the job. The wholehearted and energetic pursuit of the same goals must be made by the private sector of our economy—the industrialists and businessmen themselves.

"Here in Washington we have many fine local and regional groups attempting to do just that. What we lack, however, is some form of statewide organization to coordinate and give direction to all of the local and regional energy that is being expended to induce industrial growth.

"Such a statewide organization should, of course, be privately financed. In fact, it should be extremely well financed, to enable not only to promote and advise in the area of industrial development, but also could actually provide the funds to underwrite sound business ventures in various parts of the state.

"This, then is an area in which the state could again offer leadership by encouraging private industries to join in such an undertaking. We already have helped form a private, statewide organization called Washington Welcome, which devotes itself to building our tourist economy. There is no reason why a similar organization—or even Washington Welcome itself—could not be established to concentrate on the industrial economy.

"Our state Department of Commerce and Economic Development cooperated wholeheartedly in helping to get Washington Welcome off the ground. I am certain that it could be just as useful in motivating the formation of an organization that is oriented to industrial development.

"I earnestly commend this concept to the attention of the legislature and the new administration for further consideration and action.

"There is a further corollary to our state's industrial expansion and business growth. We must have modern, all-weather routes throughout the state to transport our goods and commerce and people. We must have a cross-state tunnel. We must have cross-sound bridging. We must have new and modern ferries, and see that ferry rates are reduced. We must have a third Lake Washington bridge. We must begin to plan now and build some form of efficient, modern rapid transit to connect and service the

urbanized population centers of our state. We must devise some means to link the ports of our Puget Sound cities with the Columbia River if we are to compete with other cities to the south.

"There can be no great and lasting economic development in this state without adequate pathways to move and distribute the products of our industries, in good weather and bad.

"Accordingly, I submit for your approval and action a Benefit District Plan that will permit cooperating counties to act together in a venture to finance further transportation improvements within their boundaries. I propose, specifically, that this can be the basis for financing a cross-sound bridge, a cross-mountain tunnel, and urban area rapid-transit systems. These are absolute essentials to the full development of our most densely populated region.

"In addition, I ask the legislature to create a Canal Commission. Engineering studies have now progressed to a point where the state must provide a legal base on which plans for a federally-constructed canal system can proceed. As envisioned, the canal will open the upper reaches of the Columbia and Snake rivers to ships from the Puget Sound area. Such a project can assure that thousands of prime industrial sites will be developed for future expansion as well as additional recreational benefits for boaters and tourists. I urgently recommend the creation of this commission.

"I have discussed briefly with you various aspects of my budget proposal, the full details of which are available in my budget message and the budget document itself.

"I wish to emphasize that my budget not only will provide for growth in the three major areas of state financial activity—education, public assistance and institutions—but will assure that other activities and services of state government will remain unimpaired. Furthermore, this budget can be adopted without resorting to any major tax increase.

"The revenue for my budget is based on an increase of almost 90 million dollars from our regular sources of income, plus more than 42 million dollars available through a revision in the state's schedule of payments to schools.

"In addition, we are confident of several changes in federal programs. These would include extension of 100 percent federal support of Manpower Development and Training Act, passage of a health-care program for the elderly, some form of federal aid to education, and a possible program of grants to states in the form of tax sharing.

"Our state's General Fund is in excellent condition. There is sound fiscal control of every tax dollar. Our over-all level of taxation undeniably gives us a competitive advantage over our neighboring states. This has been testified to repeatedly in the recent past by our accelerated rate of industrial growth.

"I am confident that if we assure the acquisition of new federal funds through aggressive encouragement and support of federal programs by this legislature and the new administration, my budget can be adopted without resorting to any new taxes. (Applause.)

"Fulfilling the obligations of government demands that political needs be recognized and met. As political subdivisions grow and shift . . . as political practices evolve and change, new solutions must be found if government is to continue to be responsive and responsible.

"I urgently request the attention of the legislature to the problems of our cities and towns. As urbanization increases and our major cities sprawl into the nearby suburbs, the problems of servicing both the old and new cities are compounded and aggravated. New governmental services are demanded. Financial resources to provide these services are slow and inadequate as our cities and their satellite communities merge and spread. New avenues of finance for cities and towns must be provided.

"I am hopeful that you will find ways whereby we can overhaul our annexation and consolidation laws so that this growth will be more orderly. I am hopeful, also, that you will find ways to redefine the city-state relationship by an adequate constitutional amendment conferring greater autonomy to cities in matters of local concern. Municipal decisions must not be constantly superseded by legislative directives predicated on nineteenth-century relationships.

"The need for reforms of certain of our political practices has become increasingly apparent during recent years. Accordingly, I urge for your consideration a measure to control and regulate campaign finances. A similar measure, which I introduced by executive request at the previous session of this body, failed to pass. My present proposal, requiring strict disclosure of all sources of campaign contributions, plus

effective penalties for failure to comply, is the product of the effort and research of a bi-partisan committee that I established. I commend it to your attention for passage.

"In a related field, even the most disinterested person would agree that methods and practices used by some political candidates to achieve public office are, to say the least, questionable. The need for reforms and regulations to guard against slander, libel, and other forms of character assassination have never been greater.

"I believe this need will be met, at least partially, by a fair campaign practices bill that I introduce to you by executive request. It provides a better definition of fair campaign tactics, with appropriate penalties for those candidates who fail to comply. It is a highly necessary first step toward guarding against campaigns that can embarrass, harm, and even destroy the reputation of candidates.

"I would also urge your attention to the problem of facilitating voter registration. I am firmly convinced we must make it easier, not more difficult, to vote. Voters in this state must not be disenfranchised by out-moded registration regulations. I propose, therefore, that you consider reducing the residence requirements for all state elections, and that a 60-day residency requirement be established for presidential elections. These proposals embody the recommendations of the Commission on Voter Registration, which I commend to you for appropriate action.

"And I repeat the request I have made in my previous messages to the legislature, for annual sessions of this body and for a constitutional convention to modernize and streamline our state constitution. (Applause.) Government can be no more responsive to the needs of the people it serves than the regulatory framework within which its functions permit it to be. We must harmonize our needs with our laws.

"I have spoken to you candidly and comprehensively on this, my last full day in office.

"I have concerned myself in this message, as I have concerned myself as your governor, in defining the goals we still must seek if our state and the people in it are to enter into a meaningful realization of what President Johnson's Great Society is all about. I can recall no administration that has tried more earnestly to create a Great State in a Great Society.

"For the first time in 26 years, I will not be with you as you pursue the course of your deliberations. In these coming days, when I am gone, I urge you to rise above partisanship, as I have tried to do today, to recall and heed the grand design, the outline for greatness we shared with each other during the past quarter of a century.

"May God be with you all, and with our state!" (Prolonged applause.)

The President of the Senate:

"Governor Rosellini, the warm and spontaneous reception given your message is a true reflection of the high regard in which you are held by the members of the state legislature and others present today. The President further believes that the remarkable demonstration just exhibited is a true indication of the high regard and esteem held for you.

"The President would now like to exercise the pleasure and privilege of presenting a gracious and lovely lady, the beloved wife of our Governor, Mrs. Albert D. Rosellini." (Applause.)

The President of the Senate directed the Sergeants at Arms of the Senate and the House to escort Secretary of State Victor A. Meyers, State Treasurer Tom Martin, and State Auditor Cliff Yelle to a position before the bar of the House. The following resolution by Representative O'Brien which had been adopted earlier by the House was read by the Clerk of the House.

RESOLUTION

"WHEREAS, The Honorable Cliff Yelle, the State Auditor of the State of Washington, will retire on January 13, 1965, after a long, distinguished, and continuous career in that office since January, 1933; and

WHEREAS, The Honorable Tom Martin, the Treasurer of the State of Washington, also will retire on January 13, 1965 after a long and distinguished service as State Treasurer, and also as State Representative from Thurston County, with distinction and devotion to duty; and

WHEREAS, Secretary of State Victor A. Meyers has served the State of Washington both as Lieutenant Governor and Secretary of State of the State of Washington over a period of many years since 1933, and will also retire on January 13, 1965, having filled

both official positions faithfully and with conscientious attention to the duties of his offices;

Now, Therefore, Be It Resolved, By the House of Representatives, That the House invite these three illustrious state officers, State Auditor Cliff Yelle, State Treasurer Tom Martin, and Secretary of State Victor A. Meyers, to attend a joint session of the Legislature which will convene at 12:00 noon on January 12, 1965, to receive a fitting commendation from the Legislature of the State of Washington for their long careers of public service to the people of the state.

The President of the Senate administered an oath of office as State Auditor Emeritus to the Honorable Cliff Yelle; an oath of office as State Treasurer Emeritus to the Honorable Tom Martin; and an oath of office as Lieutenant Governor Emeritus and Secretary of State Emeritus to the Honorable Victor A. Meyers.

The President of the Senate escorted Secretary of State Victor A. Meyers to the rostrum.

The President of the Senate:

"By popular acclaim and unanimous demand, I have been requested to ask if you would address the members of the joint session of the Washington State Legislature and the other ladies and gentlemen present today."

Secretary of State Meyers:

"Well, thank you very much, President Cherberg. I appreciate this very high honor.

"Mr. Governor, Mr. Speaker, ladies and gentlemen of the legislature and ladies and gentlemen who are visitors here today:

"You know, I was thinking as I came down the aisle and I was trying to count back. That was the twenty-eighth trip I have made down that main aisle for twenty-eight consecutive times—I am wrong. There were twenty-eight times I presided over a joint session; it wasn't entirely consecutive. I know something happened in 1952—that shocked the world. I was defeated. I think that was the year that thousands of people promised to help me out; they did, and I was out for four years.

"But I appreciate this honor very much. There is a lot of sentiment connected with this. I broke in Johnny as the presiding officer over at the Senate. He is doing a terrific job. I don't mind telling you I have a very fine young man succeeding me as Secretary of State. You can say what you want; this is an age of youth, and we old timers, like the members of the Supreme Court and—(indicating Governor Rosellini)—and me, we have had it. (Laughter and applause.) You always make a mistake and run once too often. They finally got me. I mean those newspaper guys up in front there.

"But next to the real thing—I would rather have a certificate of election—but next to that, this is very good. The only thing I object to is that it doesn't carry any salary with it—no expense account—no credit card. That's murder!

"Well, I have enjoyed my relationship with you, and I have enjoyed a terrific friendship with—most of you over a period of thirty-seven years, and this is a high honor and I am very humble and very proud to achieve this fine honor of being elected—what is this thing? (Laughter.) It says "emeritus." I should know, because I wrote it.

"We'll break up the dignity of this thing yet.

"Thank you very much, Mr. President. I appreciate this honor from the bottom of my heart. I shall cherish the memory of our fine relationship over all these long years. I know it was a long trip coming down these aisles for twenty-eight years, but I don't mind telling you from the bottom of my heart—it's going to be a long trip back!" (Applause.)

The President of the Senate:

"Vic, your priceless sense of humor and wit are exceeded only by your natty and handsome appearance."

The President of the Senate directed the special committee to escort His Excellency, Governor Albert D. Rosellini, to the Governor's chambers.

The special committee thereupon escorted the Governor from the House chamber. (Applause.)

The President of the Senate appointed the following committee to escort Secretary of State Victor A. Meyers from the rostrum: Senators Riley and Herr, and Representatives Olsen and Witherbee.

The special committee thereupon escorted the Secretary of State from the House chamber. (Applause.)

The President of the Senate directed the special committee to escort the state elected officials from the House chamber to their respective offices.

The special committee thereupon escorted the elected state officials from the House chamber. (Applause.)

The President of the Senate directed the special committee to escort the Justices of the Supreme Court from the House chamber.

The special committee thereupon escorted the Justices of the Supreme Court from the House chamber. (Applause.)

The Speaker declared the question before the House to be the final passage of House Bill No. 40.

Debate ensued, Representatives Sawyer and Klein speaking in favor of passage of the bill and Representatives Moos and King (Chet) speaking against its passage.

YIELDING TO QUESTION

Mr. Eldridge:

"Mr. Speaker, will Mr. Sawyer yield to question?"

The Speaker:

"Mr. Sawyer, will you yield to question?"

Mr. Sawyer:

"Yes."

Mr. Eldridge:

"Mr. Sawyer, I had a conversation before the session with Mr. O'Brien. I wasn't sure of the reason why a superior court judge or supreme court judge, or the members of the legislature were omitted from this bill. It seems to me that in the past the recommendations given by you and other speakers in favor of this salary increase would apply as well to these other offices. What is the reason these have been taken out of this particular bill?"

Mr. Sawyer:

"The reason, I think, is quite obvious and I am sure you are well aware of it, Mr. Eldridge. These elective officials will not officially take office until Wednesday and by passing the bill prior to their taking office, we will enable them to receive the additional compensation. The other officers you mention are already sworn in and would not be eligible for increases immediately. The idea was to take care of the ones forthwith where the increase could be effective immediately."

Mr. O'Brien:

"Perhaps I could answer your question another way. The federal court apparently wouldn't approve legislators receiving salary increases with the elected officials and judges, so that is the reason the legislators were omitted from this bill. However, I was greatly interested in the fact that you, Mr. Eldridge, and also Mr. Copeland have expressed concern about the low pay of legislators. I sincerely hope when the time comes that both sides of the aisle will get together and agree on adequate compensation for legislators. The Attorney General has practically given us an informal opinion that we can raise our salary this session and run for office in 1967. With great interest, I think the poor situation of legislators as the result of low pay for many years should be corrected with bipartisan support."

YIELDING TO QUESTION

Mr. Clark:

"Mr. Speaker, will Mr. O'Brien yield to question?"

The Speaker:

"Will Mr. O'Brien yield to question?"

Mr. O'Brien:

"Yes, sir."

Mr. Clark:

"Mr. O'Brien, is it not true that the contract is formed when these various candidates ran for office and were elected on a definite salary basis that was already fixed by statute?"

Mr. O'Brien:

"That is apparently true. We are operating under an archaic State Constitution. In Congress, for instance, the Congressmen and Senators were increased to \$32,000 a year, and the people apparently didn't complain too much on this increase. The only way you are going to attract talented people of great ability and necessary qualifications to hold these all-important public offices is by paying them adequately. We are stymied by this archaic Constitution of ours. Not only Governor Rosellini but also your new governor has advocated a constitutional convention to take care of some of these archaic provisions."

Mr. Clark:

"May I ask one more question? Do I understand you to say we did not elect talented legislators last time?"

Mr. O'Brien:

"Mr. Clark, we feel that maybe there was a mistake made in one instance."

Further debate ensued, Representative Johnston (Elmer E.) speaking in favor of passage of the bill.

Mr. Burtch demanded an electric roll call, and the demand was sustained.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Is the bill not on final passage?"

The Speaker:

"Yes, but the demand for an electric roll call precludes a demand for an oral roll call."

YIELDING TO QUESTION

Mr. Canfield:

"Mr. Speaker, will Mr. O'Brien yield to question?"

The Speaker:

"Mr. O'Brien, will you yield to question?"

Mr. O'Brien:

"Yes."

Mr. Canfield:

"Would you please explain the necessity for the emergency clause?"

Mr. O'Brien:

"We want it to take effect immediately before the new term of office commences."

Mr. Canfield:

"I understand, but the emergency clause says it is necessary for the public health and safety. I wonder whose health and safety is protected by this particular clause on this bill?"

Mr. O'Brien:

"I am sure all the elected officials will be far more healthy in the future."

The Clerk called the roll on the final passage of House Bill No. 40, and the bill passed the House by the following vote: Yeas, 65; nays, 34; absent or not voting, 0.

"Especially now we pray Thy hand upon Daniel Evans. We thank Thee for all of the gracious influences in home and training that have prepared him for this high hour of leadership and responsibility. Deliver him from love of power and from motives of personal gain and from consideration of men and money in place of the demands of justice and truth. Guide him to an ever larger vision of the truth and an ever deeper sense of the demands of righteousness, that through his faithfulness the lives of our people may be guided through wise policies and lifted to higher ideals and nobler achievements.

"Deliver us all from every influence that would break down our reverence for law and corrupt our sense of corporate responsibility. Help us, oh God, to put right before self interest, the attainment of noble ends before the enjoyment of present pleasures, principle before selfish power, and to put Thee before all else, that we may know the truth, revealed to us through Jesus Christ, Who alone can set men free, for it is in His spirit of love for all that we offer this prayer. Governor Evans, ladies and gentlemen, we are resolved to enact legislation which will benefit the state of Washington. MESSAGE OF GOVERNOR DANIEL J. EVANS TO THE LEGISLATURE

"Mr. Chief Justice, Mr. President, Mr. Speaker, my former colleagues of the legislature, all distinguished guests, my fellow Washingtonians, and, most particularly, my parents and my wife, Nancy:

"There were times during the last two days when I have felt like an outsider standing in the aisles and listening to the procedures of the legislature. I sometimes wished that I had a vote and I am sure some of my colleagues—at least on this side of the aisle—also wished I had a vote.

"But we are now beginning a new administration.

"This is a time of high purpose.

"A time when each of us must make our separate and collective decisions as to the kind of future this state is to enjoy in the years ahead.

"Washington is truly among the favored states. We have not suffered the silt and smog of over-industrialization. We have not felt the oppressive overcrowding of population; neither have our urban centers been blighted at the core. Our land is fertile, our water abundant, our cities clean, our people well educated and our industry progressive.

"Our farms and forests produce in abundance, and, even as this is true, a new horizon is opening before us in the field of nuclear energy.

"What, then, is our challenge?

"Our challenge is growth. Growth through which the great resources of nature and the many talents of an educated people will effectively be harnessed for the benefit of all and to the detriment of none.

"Growth which contributes not alone to the strength of our economy, but equally to the strength of the social order, to the welfare of each citizen and the education of each child.

"But a state cannot grow with labor divided from industry, or east divided from west, or city divided from country. We must grow united, with faith in the institutions of free enterprise, confidence in its elected leadership and a willingness to share not only in the fruits of progress but in the responsibilities of citizenship as well.

"Today our state is on the threshold of a great future. A future which holds out the promise of growth for her business and industry, security for her people and integrity for her government.

"But as with any threshold, the opportunity to go forward or backward is equal. How we choose to proceed now, for the next fifty-seven days of this legislature, and for the four years after that will in good measure determine whether this state will go forward, or whether—when the burden of choice was ours—we chose the easier, more politically secure path.

"This administration brings to office no commitment except to the people, no interest except the peoples'.

"It does bring and shall retain the highest regard for the legislature. I shall never mistake deliberation for disinterest nor compromise for weakness.

"It is with these thoughts that I now turn to the tasks which lie ahead.

"We are at this moment experiencing great challenges—challenges which test an administration, a legislature and a people.

"To meet these challenges, we cannot be leisurely when the times call for action.

"We cannot be content with mediocrity when our search must be for excellence.

"We cannot be complacent when the economy requires new thrust.

"We cannot be provincial when problems and opportunities cross state boundaries.

"We cannot be blind to the growing requirements of health and welfare, nor can we be indifferent to the dangers of stifling competitive spirit.

"We cannot solve the problems of the present with the outworn dogmas of the past.

"We must be bold in charting our course, resolute in our determination, compassionate in our assessment of human needs, firm in our policies, just in our laws and efficient in our administration.

"The program of this administration is directed toward progress, not partisanship. The "Blueprint for Progress" which I have outlined over the past six months, and which I will now be submitting to the legislature, was founded upon the needs of the state of Washington, not upon political expediency.

"Foremost among these are the educational needs of our children. In relation to the needs in our past, our schools have performed well. If they are to fulfill education's promise for our children's future, however, they will require increasing attention from the legislature, including increased and more regularly-assured financial support.

"Education's problems are complex. Many, such as sound financing and seeking the most effective relationship among the various levels of public education, are not new.

"I will submit for your consideration, legislation to equalize ultimately the level of local tax support for our school districts; and to eliminate their reliance upon annual special levies to sustain day-to-day operations.

"I will recommend specific legislation to establish an Advisory Council on Higher Education. This will assure greater coordination among our public colleges, universities and our growing system of community colleges.

"I commend for your study and favorable action, the recommendations which will be placed before you to increase the number of community colleges in the immediate years ahead; and to prepare for the addition of another four-year institution of higher learning.

"The long-range financing of school building construction must be resolved to meet projected enrollments.

"The ruling of the State Supreme Court and prudent fiscal policies demand that we no longer rely on state bonded debt for school financing. We must begin to pay for today's construction with today's dollars.

"I urge passage of a constitutional amendment, which will free future permanent school fund moneys for school construction.

"Many other legislative proposals designed to improve professional standards, to raise the status of the teaching profession and to encourage a higher level of efficiency and performance in our educational system will be before you this session.

"In my view, there is no other single area of government, no other public service for which we are responsible, that is more important to our future or more worthy of our deliberation.

"If education is of the highest priority, it is essential that the expansion of our economy be considered no less a goal. One without the other serves no purpose, for if we cannot import and expand our industry then we will surely be forced to export our educated youth.

"This administration will seek to untangle the web of restrictions and inconsistencies which plague our efforts to attract new business; to seek tax solutions which encourage the location of new industries and permits those who locate here the maximum opportunity to prosper.

"Further this administration will seek new markets for state commerce both at home and abroad. At home, no market offers more promise than that of nuclear energy. The great story now unfolding in the Tri-City area has only begun. In the immediate months and years to come we must build wisely and well. This administration and this legislature must be prepared to take the action necessary to assure the maximum development of this great resource so that Washington becomes the nation's center of nuclear industry, its center of brainpower and manpower—tapping the vast frontiers of the space age.

"Abroad lie still other markets, closer in proximity to Washington than to any other state. Our future prosperity depends in good measure on an increasing export trade and this administration will create a Division of Foreign Trade within the Department of Commerce and Economic Development, including a permanent sales representative in the Orient.

"Finally this administration will join with private enterprise and with other states of the northwest to coordinate our tourist advertising and promote our multi-million dollar tourist business in an aggressive 'partnership of the Northwest.'

"A growing economy strives for full employment of the labor force, yet we all

recognize that compensation to the unemployed is a factor with which government must deal.

"Because it is a human factor, the objective of unemployment compensation is to provide for the temporary needs of the truly deserving.

"Because it is an economic factor the objective is to do so without placing an unnecessary burden on the employers of the state.

"Therefore I will propose legislation which will increase benefits to those members of the labor force actively seeking re-employment without increasing costs to the employer.

"State government is no substitute for a productive, organized labor force and an intelligent, progressive management. But state government can be a catalyst, a leader in bringing together the many diverse elements of our economy—private and public, association and institution—and uniting them in the mutually profitable cause of growth.

"This administration will serve to help and not hinder, to work with all who ask for assistance in bringing new industry to Washington, and to lessen the burden currently imposed on firms which already do business within our borders.

"The question of human needs will continue to rise again and again as this state—and every state—faces the problems created by a complex society and an ever-increasing population. This will be an administration that cares deeply and will act forthrightly in this area.

"It is the responsibility of government—the responsibility of all of us—to make provisions for an effective, vital program to deal with a wide range of human needs, whether they be the search for equality, the need for medical care, the welfare of children or aid for the handicapped.

"No area of government evokes more response than this; yet in no area is there a greater opportunity for good or a more pressing need for understanding.

"If we are to have a healthy and prosperous state; if we are to realize the vision of a fully productive society then we must act accordingly. Not out of a sense of pity, not out of condescension nor of superiority, but in recognition of the fact that our modern society does create problems and that these problems require solutions.

"The ability of a state to provide adequately for the needs of its less fortunate citizens is not a sign of weakness, but a measure of maturity.

"To lessen the ever-increasing load on our institutions, community health centers should be established. This modern concept in care for the mentally ill and the mentally retarded emphasizes training and treatment rather than institutional confinement, allows treatment close to home and will give better use of the tax dollar.

"I urge that the state purchase Harrison Memorial Hospital at Bremerton, a facility which can become an integral part of this program. Adequate legislation for the care and protection of dependent and handicapped children must also be enacted.

"There is no question that responsible government must move forcefully in the field of civil rights. It will either be our task or the task of those who follow. This administration firmly believes that the responsibility is ours. All citizens—regardless of race—are entitled to equal opportunity—including the opportunity for employment and for adequate and accessible housing—open to all. The pursuit of equality must not be an attempt to diminish the individual rights of some; rather it must be to assure the civil rights of all.

"This administration will use executive action where appropriate and encourage legislative action where necessary to secure these ends. I will propose therefore, that legislation be adopted which will make access to housing open to all while retaining and safeguarding the constitutional right of the individual home owner.

"Let no one say that any of us—the legislature, the administration or the citizens of this state have failed or will fail to be sensitive to social needs or be unwilling to embark upon responsive and responsible solutions to the problems they present.

"Our cities and counties have been hampered in their performance of traditional services by constitutional restrictions; and hamstrung in their ability to provide newly demanded services.

"This is one of two fundamental reasons why I will request this legislature to set in motion the machinery necessary to convene a constitutional convention at the earliest possible date.

"The other fundamental reason relates to our state-federal relations. It is the view of this administration that the greatest threat to basic freedom for individuals and basic integrity and independence for state and local government, is the increasing usurpation of traditionally local and state authority by the federal government. (Applause.) No responsible person, including your governor, denies the desirability

or legitimacy of federal participation in many state and local programs today. However, I do view with increasing apprehension, the encroachment of federal activity in areas traditionally served by the state—areas which the state is perfectly capable of serving when its governmental machinery is in order.

"Unless we redesign the machinery of government to enable the state and its local units to meet the legitimate demands of its citizens for services, they will increasingly turn to the federal level for aid and increasingly find, in return, control. We must modernize our constitutional machinery. We must equip ourselves with the tools to resolve our traditionally state and local problems. To do less will result in our people serving as pallbearers at the funeral of state and local government.

"The strength of our free society is dependent upon the vitality of our legislative process. I urge the legislature to consider the enactment of proposals which will reform and strengthen its legislative interim committee structure and to provide adequate compensation for its members. (Applause.)

"To administer expensive programs with outdated and outmoded machinery is folly. To ignore new needs and new requirements is to court disaster.

"To meet these needs and fulfill these requirements I propose we establish:

"A Department of Transportation to deal with the problems of moving people and goods from one place to another;

"A Department of Motor Vehicles to consolidate the motor vehicle functions of the License Department, the Highway Department and the State Patrol;

"A Department of Water Resources to coordinate the management and protection of our state's number one resource. We should also join with other states of the northwest in a proper interstate agreement to safeguard the regional use of our water. (Applause.)

"State government owes to the people not only administrative efficiency but fiscal responsibility. To provide a running account of the cost of legislative proposals I will recommend that each bill committing the state to an expenditure carry a fiscal note identifying the cost of the proposal. Further I will support a constitutional amendment setting a realistic ceiling on the state's debt.

"In our concern with providing the tools for efficient government we must not forget that many problems can better be solved at the local level. Neither can we neglect the vast reservoir of talent among our citizens. I will submit to the legislature a home-rule amendment to give local units of government the authority and the financial ability to solve local problems at home.

"In future weeks I will ask for a comprehensive review of state government organization and direction, utilizing the enormous talents of Washington's business and professional community.

"My 'Blueprint for Progress' also contains a series of requests which will, if enacted, assure the citizens of Washington that this administration is operating on principles of clean and ethical government. (Applause.)

"There is no justification in allowing politics to be the determining factor in the appointment of estate appraisers or of liquor representatives—(Applause) and this administration will seek to eliminate these abusive practices through executive and legislative action.

"There is no reason why all political candidates should not disclose all campaign funds received and spent by them—and this administration will work to enact such a full disclosure law. (Applause.)

"There is no merit to a Code of Ethics law which applies to some, but not to all, and which is rendered ineffective by a one year statute of limitations. This administration will support a revision of the ethics law which extends the limitation period and includes all branches of state government—the office of governor and the legislature not excluded. (Applause.)

"Without such legislation, government cannot expect to earn the peoples' confidence. Without the peoples' confidence, state government cannot expect to succeed. It is time for the government of this state, which exercises a great public trust, to be trusted by the public it serves.

"Beyond the basic framework of the blueprint are programs in a number of areas which will require the attention of the legislature.

"I ask the two houses to consider carefully matters which directly concern the administration of justice, including—the elimination of capital punishment from our statutes;—the raising of salaries for judges of the supreme court and of the superior court;—and a simplification of probate procedures to speed the settling of small estates.

"I will ask this legislature to consider the entire matter of taxation and state

revenue with respect to how well we are prepared to carry out all of the necessary and desirable programs of state government.

"In order to assure that future generations will not bear the full responsibility of paying for the programs we initiate—so that our state will not follow others to the brink of bankruptcy—we must face the fact now that increased government services may require increased revenues.

"No administration seeks to raise taxes; it would rather hope that growth and an expanding economy will provide the necessary moneys. But occasionally an administration, in exercising its public trust, may find an increase the only reasonable and prudent alternative.

"The problems of today—and the opportunities—cannot always be met by borrowing against tomorrow, and the state of Washington is now rapidly approaching the time when a decision must be made.

"I will shortly submit a separate budget message to the legislature. It will not be a budget balanced by speculative federal programs nor will it shirk its responsibilities to provide adequate funds where they are necessary. It will be an honest budget that will face up to the needs of the state and the requirements of fiscal integrity. (Applause.)

"The problems of transportation are great; they will become greater. With a newly organized Department of Transportation we will be taking a much needed step toward moving people and goods more efficiently and more rapidly across and throughout our state. I will seek action to speed-up our state freeway construction timetable—to establish proper statewide priorities for future freeway systems; and I will ask the legislature's approval for a third Lake Washington bridge which will include provisions for rapid transit.

"Working with the State Patrol and with local law enforcement agencies, I will institute a crusade for safe driving to cut the senseless slaughter on our state's highways. To this end I will propose a major increase in state troopers and I commend to the legislature the highway safety proposals of the Highway Interim Committee.

"As we in this state face great opportunities for progress in the areas I have outlined so do we face great challenges in providing for the use of our leisure time. We are in the midst of a cultural revolution. Opportunities once reserved to only a select few may now be enjoyed by all. Although nothing will stifle the creative spirit more quickly than an official policy in this area I believe government has an important function to perform. This administration will take an active and vital interest in providing the appropriate atmosphere for the enjoyment of our new leisure. Among the ways this interest will be expressed is by endorsing adequate appropriations for legitimately constituted governmental agencies such as the State Arts Commission.

"No less important, we must assure that our heritage of great mountains, extensive shoreline, inland lakes, rivers and game ranges is conserved and properly developed. A great step forward was taken by the passage of Initiative 215. This administration is prepared to implement fully its provisions.

"Finally, I now urge the legislature to pass promptly a legislative redistricting bill which will obey the mandates of the state and federal Constitutions, (Applause) provide equitable representation for all areas of the state and insure that the party which wins a majority of the votes will win a majority of the states in the legislature. (Applause.)

"The fundamental areas of the 'Blueprint for Progress' are clear—we now face the difficult task of turning words into deeds and the proposals into accomplishments.

"We have not come to Olympia to perpetuate a conflict of parties; rather we have come here to undertake the important job of governing a great state.

"We have come here to exercise leadership, to bring the public and the private interests together; to witness the beginning, if not the final realization, of a great future.

"I will not ask this legislature to lay aside the convictions of party; only that it support the needs of progress. For the success of the next two years will not be measured by how well we opposed one another, but how successfully we united to promote the common welfare of the people. (Applause.) It will not be measured by the length of our debates, but by the results they obtain. Nor will it be measured by how well we have served our parties; only by how well our parties have served the people.

"This administration believes steadfastly in the future; that our promise lies not in the past, but before us. This administration will not shy away from new ideas,

for as we begin our deliberations here we can never fail to reckon with the opportunities of responsible change or with the requirements of changing responsibility.

"This administration is not frightened by the word liberal, nor is it ashamed of the word conservative. It does not believe that the words 'fiscal responsibility' are old fashioned nor will it ever fear to spend money if money needs to be spent.

"And finally, this administration is firmly committed to progress and to the principle that government—wisely and justly administered—can be an effective instrument of the people and for the public good.

"Today's problems require fresh, positive solutions—and this administration will do everything within its legitimate province, request anything within its power and bear any burden necessary to assure that these solutions are offered to the people of the state of Washington.

"Let us, therefore, each of us as citizens, as legislators, and as members of a new administration dedicate ourselves to the tasks which lie ahead in a new spirit of confidence and a new trust between people and their government.

"With an abiding faith in God, and in this country, this state and its people, let us begin anew." (Applause.)

The President of the Senate:

"Governor Evans, this position gives me the advantage of being the first to congratulate you upon your inspiring and challenging address. During the next several weeks, within the framework of the guide of our Constitution, framed through the reason and foresight of the pioneering minds of our predecessors and used to the advantage of the citizens of the state of Washington, we will in unity so far as possible render assistance to you in your endeavors in behalf of the state of Washington."

Debate ensued, Representative Gorton speaking in favor of adoption of the amendment and Representative Grant speaking against its adoption.

YIELDING TO QUESTION

Mr. Brachtenbach:

"Mr. Speaker, I wonder if Mr. Gorton would yield to question?"

Mr. Speaker:

"Mr. Gorton?"

Mr. Gorton:

"Yes, I will, Mr. Speaker."

Mr. Brachtenbach:

"In view of your long standing and intimate knowledge of the redistricting problem, Mr. Gorton, do you consider Senate Bill No. 2 to be a completely fair redistricting measure?"

Mr. Gorton:

"In answer to your question, Mr. Brachtenbach, it was reported to the press that Mr. Grant stated to the Democratic caucus that the Senate bill would have elected 68 Democratic members rather than 60 to the 1965 session of the legislature on the basis of 52 plus percent of the vote which Democratic candidates received. My own separate analysis of the bill indicates that Mr. Grant's estimate was a little high. Probably it would only have been 64 or 65 Democratic seats with 52 percent of the vote, but that most of those seats, 58 or more, would be guaranteed to his party under almost any set of circumstances, whether the Republicans or Democrats received a majority of the votes. On that basis, I don't think that this meets the standards of political fairness to any Republican or Independent or Democratic voter, other than one who believed that the Democrats should be always in control, no matter what the people thought."

Further debate ensued, Representative Gorton speaking in favor of adoption of the amendment, and Representative Uhlman speaking against its adoption.

Mr. Goldsworthy demanded an electric roll call, and the demand was sustained.

Mr. Grant demanded the previous question and the demand was sustained.

The Clerk called the roll on adoption of Mr. Gorton's amendment to Engrossed Senate Bill No. 2. The motion was lost, and the amendment was not adopted by the following vote: Yeas, 39; nays, 59; absent or not voting, 1.

EXPLANATION OF VOTE

I voted "nay" on the Gorton amendment by mistake. My glasses were broken just before the session convened. I intend to vote against Senate Bill No. 2 without the Gorton amendment.

MARY ELLEN McCAFFREE,
32nd District

On motion of Mr. Sawyer, the rules were suspended, Engrossed Senate Bill No. 2 as amended by the House was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued, Representative O'Brien speaking in favor of passage of the bill, and Representatives Gorton and Andersen (James A.) speaking against its passage.

POINT OF ORDER

The Speaker recognized Mr. Beck on a point of order.

Mr. Beck:

"Mr. Speaker, I don't think Mr. Andersen's remarks are in keeping with good taste here in his references to the ex-governor. The ex-governor has nothing to do with this bill. I would like him to confine his remarks to the bill."

The Speaker:

"I think you have a right to speak on the bill, Mr. Andersen."

Further debate ensued, Representative Andersen (James A.) completing his remarks, Representative O'Brien speaking in favor of passage of the bill, and Representatives Harris and Smith speaking against its passage.

Mr. Goldsworthy demanded an oral roll call, and the demand was sustained.

YIELDING TO QUESTION

Mr. Grant:

"Mr. Speaker, would Mr. Moos yield to question?"

The Speaker:

"Mr. Moos, will you yield to question?"

Mr. Moos:

"Yes, I would be pleased to."

Mr. Grant:

"I think you were on your feet when I made my demand for the previous question on Mr. Gorton's amendment. You probably have something to say. I am sure those of us on this side of the aisle would be pleased to hear your comments on this bill."

Mr. Moos:

"Thank you. I was becoming so interested in the debate I almost forgot what contribution I had."

Further debate ensued, Representative Moos speaking against passage of the bill, and Representative Valle speaking in favor of its passage.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Haussler on a point of personal privilege.

Mr. Haussler:

"Mr. Speaker, ladies and gentlemen of the House, I want to hasten to assure you that it was entirely coincidental that these apples were passed out at this crucial time. I want to remind you that they are from sunny Okanogan and of course are superior. Eat them and enjoy them. Thank you."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Canfield on a point of personal privilege.

Mr. Canfield:

"Mr. Speaker, I have had the pleasure of visiting the Okanogan and Wenatchee districts many times and it is very beautiful country. Every one of you would enjoy it and they raise some of the finest apples in the world. But I thought that these were really cherries."

Mr. Haussler:

"I want to assure you, Mr. Canfield, that the larger apples are selling for a dollar a box more than these."

Further debate ensued, Representative Savage speaking in favor of passage of the bill.

The Speaker declared the question before the House to be Engrossed Senate Bill No. 2 as amended by the House on final passage.

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2 as amended by the House, and the bill passed the House by the following vote: Yeas, 55; nays, 43; absent or not voting, 1.

Those voting yea were: Representatives Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Conner, Day, DeJarnatt, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Hurley, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Kink, Klein, Kull, Litchman, Lux, Marzano, May, McCormick, Moon, O'Brien, O'Donnell, Olsen, Perry, Radcliffe, Rogers, Savage, Sawyer, Sheridan, Slagle, Taplin,, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—55.

ELEVENTH DAY

The Speaker called the House to order at 11:00 a. m.

The Clerk called the roll and all members were present except Representative Pritchard, who was excused.

The flag was escorted to the rostrum by a Sergeant at Arms color guard.

Prayer was offered by the Reverend Henry S. Rahn of the First Baptist Church of Olympia.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery sixteen students from West Seattle High School, and their chaperone, Robert Fox, and asked them to stand and be recognized.

The Speaker observed in the south gallery six Mexican exchange students attending the Buckley-White River High School, accompanied by their teacher, the principal of the school, and the superintendent of the Buckley schools, and asked them to stand and be recognized.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Sawyer on a point of personal privilege.

Mr. Sawyer:

"Mr. Speaker, I think at this time it is worthwhile to comment on the program that is being carried on with these exchange students in their visit to the Buckley area. This program was started in 1963 by Superintendent Bob Johnson. Since that time they have been bringing in seven students from Mexico who are fed and housed by residents of the area. The transportation is paid by the students themselves, so this exchange program is being carried on by the Buckley area at no cost to the taxpayers, to the state of Washington, or any of the federal government agencies. It is strictly a voluntary program set up by Buckley. We are proud of it and we hope that through this program there will be a better understanding between the nations. Thank you."

RULING BY THE SPEAKER

The Speaker:

"The Senate, Mr. Brachtenbach, is operating under regular parliamentary rules and procedures of any body where a majority rules. We have not adopted temporary rules, so in this particular case we would be able to act under majority rule, so far as the House is concerned."

POINT OF ORDER

Mr. Copeland:

"Mr. Speaker, point of order."

The Speaker:

"They have adjourned, Mr. Andersen. They are a separate body operating under their own rules in the Senate. They have adjourned until Monday noon. I think you are all aware of this fact."

Mr. Andersen:

"On my point of parliamentary inquiry, Mr. Speaker, the Senate doesn't have any rules yet."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Canfield on a point of personal privilege.

Mr. Canfield:

"Mr. Speaker, ladies and gentlemen of the House, the pages are now distributing on each desk one of these rulers. I would like to call them to your attention very briefly. These are being given to you by the courtesy of the Washington State Fruit Commission, which represents the different fruits which are pictured on this ruler, and I would like to present these on behalf of the legislators in this chamber who represent fruit growing areas, including Okanogan county, that beautiful county I referred to the other day, represented so capably by Representative Hausser; Chelan county, represented by Representatives Braun and McDougall; Douglas county, represented by Mr. Bozarth; Benton county, represented by Representative Johnson (Doris); and Yakima county, represented by Representatives Brachtenbach, Kull, Lynch, Newhouse, and myself.

"I would like to point out something special about these rulers. I think it is a good idea to have good rulers and good rules in every chamber of the legislature. I'd like to suggest that these rules are full-length rulers. They are substantially made; they are not warped. I'd like to call your attention to the point that they have two sides and the measuring scales are different, but if you read them truly and accurately, you arrive at the same true conclusion, whichever side you use to measure with. And finally, we have in this fine ruler a basic color of white, which I am sure indicates or is symbolic of the purity of purpose of these members here."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Leland on a point of personal privilege.

Mr. Leland:

"Mr. Speaker, ladies and gentlemen of the House, my wife and I celebrated our wedding reception and we have enough cake left over so that we brought it down. We hope that when you have lunch this afternoon in the restaurant you will have a bit of our wedding cake, and in this manner let us share with you and you share with us the happiness which is ours."

The Speaker:

"In behalf of the House, I would like to congratulate Mr. and Mrs. Leland."

YIELDING TO QUESTION

Mr. Canfield:

"Mr. Speaker, will Representative Leland yield to question?"

The Speaker:

"Mr. Leland, will you yield to question?"

Mr. Leland:

"Fools rush in where angels fear to tread."

Mr. Canfield:

"Representative Leland, is there any significance between this event and the suggestion you made the other day regarding the precinct of Bridal Trails?"

Mr. Leland:

"I understand Representative May has some thoughts on this also."

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery eighteen Girl Scouts from Butler Junior High School in King county and asked them to stand and be recognized.

Mr. Clark moved adoption of the following amendment:

On page 1, line 3, after "Legislature" strike the comma and the remainder of the sentence down to and including "Republican party" on line 4.

Debate ensued, Representative Clark speaking in favor of adoption of the amendment and Representative Grant speaking against its adoption.

The motion was lost, and the amendment was not adopted.

Mr. Harris moved adoption of the following amendment:

On page 1, line 27, after "figures" strike "in support of" and insert "for and against"

Debate ensued, Representatives Harris and Johnston (Elmer E.) speaking in favor of adoption of the amendment, and Representatives Sawyer and Savage speaking against its adoption.

The motion was lost, and the amendment was not adopted.

Mr. Harris moved adoption of the following amendment:

On page 2, line 2, after "data" strike "supporting" and insert "concerning"

Debate ensued, Representatives Grant and Moon speaking against adoption of the amendment, and Representative Harris speaking in its favor.

The motion was lost, and the amendment was not adopted.

Mr. Harris moved adoption of the following amendment:

On page 2, line 2, after the comma following "measure" strike "approve it in substance" and insert "come to a fair and just decision"

Debate ensued, Representative Harris speaking in favor of adoption of the amendment, and Representatives Grant and Litchman speaking against its adoption.

YIELDING TO QUESTION

Mr. Pritchard:

"Mr. Speaker, I wonder if I might ask Mr. Litchman a question?"

The Speaker:

"Mr. Litchman, would you yield to question?"

Mr. Litchman:

"I would be happy to yield to Mr. Grant, who is the expert, but I will do what I can."

Mr. Pritchard:

"Thank you, Mr. Litchman. Do you approve of what the Republicans did in New York, Mr. Litchman?"

Mr. Litchman:

"I don't believe I can speak very frankly on that question, Mr. Pritchard. I wasn't there at the time. I did not meet with the governor of New York. I do not know the plan which was presented. All I can do, of course, is speak from hearsay, and as a lawyer I wish to discourage this. Mr. Grant is quite familiar with this. I am quite sure he can answer."

YIELDING TO QUESTION

Mr. Pritchard:

"All right, I will ask Mr. Grant."

The Speaker:

"Do you yield to question, Mr. Grant?"

Mr. Grant:

"Yes, I approve of what the Republicans did in New York, as lame ducks. It was the responsibility of this legislature, and of the New York legislature, to enact redistricting to meet the court test. We have done that. Now, the Democratic party has requested an opinion from the federal court in New York as to whether or not they were discriminated against, and the court has refused to judge the redistricting bill in New York based on political discrimination. We have what we consider to be a constitutional apportionment plan. We think it is the prerogative of the legislature to reapportion itself, and I approve the bill passed here in the state of Washington by both houses of the legislature, and the one passed in New York also."

Debate ensued, Representative Pritchard commenting.

POINT OF ORDER

Mr. Grant:

"Mr. Speaker, point of order."

The Speaker:

"State your point of order."

Mr. Grant:

"Is Mr. Pritchard speaking on the amendment?"

The Speaker:

"Are you speaking on the amendment, Mr. Pritchard?"

Mr. Pritchard:

"Certainly."

The Speaker:

"Would you like to continue, Mr. Pritchard?"

Further debate ensued, Representative Pritchard continuing his remarks. Representative O'Brien spoke in favor of the resolution and Representative Leland against it.

YIELDING TO QUESTION

Mr. Sawyer:

"Mr. Speaker, would Mr. Pritchard yield to question?"

The Speaker:

"Mr. Pritchard, would you yield to question?"

Mr. Pritchard:

"I certainly will."

Mr. Sawyer:

"Mr. Pritchard, just what did go on in New York? I'm afraid I don't know."

Mr. Pritchard:

"Mr. Sawyer, I think you can ask Mr. Grant; but what went on is that the Republicans took unfair advantage—I will say it very clearly—unfair advantage in a situation where they had a majority of votes, and it is the very situation we have here. I don't approve of that action. I asked Mr. Grant if he approved of one party taking unfair advantage of a minority party to put the state into a one-party system, and he said he did. I don't think what the Republicans did in New York is right, and I know what you people are doing in this state is not right."

Further debate ensued, Representatives Sawyer and Kull speaking in favor of passage of the resolution.

YIELDING TO QUESTION

Mr. Dootson:

"Mr. Speaker, would Mr. Sawyer yield to question?"

The Speaker:

"Would you yield to question, Mr. Sawyer?"

Mr. Sawyer:

"I would be happy to do so."

Mr. Dootson:

"Mr. Sawyer, there is all sorts of double talk here. This resolution is rather innocuous and I don't think it will hurt a thing to pass it. If you wiped out a lot of it and just left the last page, it would probably be all right; but why don't you call the governor on the telephone and ask if you can't go down and talk to him?"

Mr. Sawyer:

"Mr. Dootson, I am glad you asked that question. We have been down here fifteen days attempting to get a redistricting bill through. The governor has not yet once requested us to go down to his office, until we finally got an offer today to go down. One other time our leadership was asked to come down, and the governor didn't bother to show up. I think it takes a little formal prodding to make the governor realize there is somebody else in government."

Further debate ensued, Representative Eldridge speaking against passage of the resolution.

PERSONAL PRIVILEGE

Mr. Grant:

"Mr. Speaker, point of personal privilege."

The Speaker:

"State your point of personal privilege."

Mr. Grant:

"I want to answer a statement made by Mr. Pritchard that I had agreed that the New York situation was unfair. Mr. Pritchard, you asked whether or not I agreed with what was done in New York. I agreed that it was the responsibility of the legislature to enact a redistricting measure, but I can't judge the merits of the New York bill as to whether it is fair to one political party or another."

The Speaker declared the question before the House to be adoption of the amendment by Mr. Harris to Senate Concurrent Resolution No. 3.

The motion was lost, and the amendment was not adopted.

Mr. Canfield moved adoption of the following amendment:

On page 2, line 6, after "and the" strike "Chairman of the Committees" and insert "Chairmen of the respective committees on Constitution, Elections and Reapportionment"

Debate ensued, Representative Canfield speaking in favor of adoption of the amendment, and Representatives Savage and Grant speaking against its adoption.

The motion was lost, and the amendment was not adopted.

Mr. Clark moved adoption of the following amendment:

On page 2, following line 8, add a new section as follows:

"*Be It Further Resolved*, That we approve the action of the governor in calling a meeting, already arranged, to meet with the leaders of both parties of the House of Representatives and of the Senate, in one hour from this time and date."

Debate ensued, Representative Clark speaking in favor of adoption of the amendment, and Representative Brouillet speaking against its adoption.

The motion was lost, and the amendment was not adopted.

Representatives Bottiger, Jolly, and Perry appeared at the bar of the House.

On motion of Mr. Sawyer, the rules were suspended, Senate Concurrent Resolution No. 3 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued, Representatives Copeland, Gorton, Canfield, and Goldsworthy speaking against passage of the resolution, and Representatives O'Brien, Grant, and Valle speaking for its passage.

Mr. Clark demanded an oral roll call, and the demand was not sustained.

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

The Clerk called the roll on the final passage of Senate Concurrent Resolution No. 3, and the resolution passed the House by the following vote: Yeas, 57; nays, 40; absent or not voting, 2.

Those voting yea were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Chatalas, Conner, Day, DeJarnatt, Dootson, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Hurley, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Kink, Klein, Kull, Litchman, Lux, Marsh, Marzano, May, McCormick, Moon, O'Brien, O'Donnell, Olsen, Perry, Pierre, Radcliffe, Rogers, Savage, Sawyer, Sheridan,

Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—57.

WHEREAS, We elected representatives of the people of the state of Washington desire, on behalf of all of the citizens of this state, to pay tribute to Sir Winston Churchill for his indomitable courage, statesmanship, and leadership;

Now, Therefore, Be It Resolved, That the House of Representatives of the State of Washington does hereby express its deep sorrow and sense of loss at the demise of Sir Winston Churchill; and

Be It Further Resolved, That copies of this resolution be suitably enrolled and transmitted to Lady Clementine Churchill, to Queen Elizabeth II, and to Prime Minister Harold Wilson.

On motion of Mr. O'Brien, the resolution was adopted.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Is the House in possession of Engrossed Senate Bill No. 2?"

The Speaker:

"No. As I understand it, it was immediately transmitted to the Senate, some time ago."

Mr. Copeland:

"You have ascertained that it has been properly taken care of?"

The Speaker:

"The bill was immediately transmitted to the Senate after being signed by the Speaker. The Senate takes care of transmitting it to the governor. Our job has been completed."

POINT OF ORDER

The Speaker recognized Mr. Day on a point of order.

Mr. Day:

"I would like to remind the members that the final court decree from our three judges of the federal tribunal states specifically that no bills shall be passed by either house of the Washington state legislature or any committee thereof until the legislature shall have enacted into law a legislative apportionment plan, etc., so it will be well for the committee chairmen to be reminded that they cannot act on any bill until we do pass a reapportionment measure."

The Speaker:

"I think they have been advised. Thank you."

POINT OF ORDER

The Speaker recognized Mr. Johnston (Elmer E.) on a point of order.

Mr. Johnston:

"Mr. Speaker, ladies and gentlemen, I think that doesn't restrict the committees from considering the bills. I don't think we should be maneuvered into a position, Mr. Day, where we will not be working in committee. We have a good deal of work to do and we can proceed with that work. The only thing is that we will not be able to finally pass a bill out of committee, but we can get them ready for final passage between now and the time we decide what we will do with redistricting."

The Speaker:

"I am sure that is what Mr. Day was indicating."

MOTION

On motion of Mr. Sawyer, the House adjourned until 10:00 a. m., Tuesday, January 26, 1965.

Senate Bill No. 197 as amended by the House, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House the Washington State Dairy Princess, Miss Janet Pierce, from Moses Lake, and appointed Representatives Bozarth and Flanagan to escort her to the rostrum.

The Speaker:

"Since the princess is from your district, Representative Flanagan, I will give you the pleasure of introducing her to the House."

Mr. Flanagan:

"Mr. Speaker, ladies and gentlemen of the House, I have been in this body for four years and I have never had the opportunity before of coming up here in front and introducing one of these beautiful young ladies who occasionally comes into our midst. So today it is Grant county's turn, and as your representative from Grant county, the great Columbia Basin project, the largest and fastest growing reclamation area in the state of Washington, and a young area with a high percentage of young people, it is my privilege today to introduce to you Miss Janet Pierce, our Washington State Dairy Princess. Miss Pierce is a student of Big Bend Community College and she is a spokesman for our Washington \$200 million dairy industry. Janet, I would like to give you the opportunity to say a few words about this industry. Miss Janet Pierce, Washington State Dairy Princess."

Princess Janet:

"Thank you, Sid. This moment is perhaps the most exciting of my young life. It is an honor to speak to you as a representative of our state's 5,700 dairy farm families. I realize that those of us who till the soil and care for the dairy cows sometimes fail to realize all the economic problems that arise from our industrial society, problems that challenge much of your time and intelligence here. I also fear that many of you have only remote contact with those of us from rural areas and fail to appreciate what farmers contribute to the economic strength of our state and nation. Our country's leadership in the family of free nations is not alone because of our military strength or industrial capacity. One strength that distinguishes our nation and gives great weight to our democratic ideals is the abundance of food we have been able to share with those less fortunate. To underprivileged people and underdeveloped nations the tremendous bounty that flows from the seven percent of our population that work the soil is a source of hope. The abundance is a promise of a fuller life for many who would like to live as brothers in a world of peace. I wish you great wisdom as you develop your plans and I hope you will all come to the dinner that is being held in your honor tonight. Thank you for this privilege."

The Speaker:

"I know it is the feeling of the entire House that we are very proud of our new dairy princess and we are very happy she can be with us today. We want to thank her again and the dairy industry for selecting such a fine young lady to represent the state of Washington."

The Speaker instructed Representatives Bozarth and Flanagan to escort Miss Pierce from the House chamber.

SPEAKER'S PRIVILEGE

The Speaker requested that the Reading Clerk read the following article appearing in the *Seattle Post-Intelligencer* for January 27, 1965:

Seattle Bystander:

"IN THE YEAR 2015

"By CHARLES DUNSIRE

"OLYMPIA, Jan. 1, 2015—Washington State will celebrate the golden anniversary of the convening of its 1965 Legislature this month, with high hopes that its dwindling body of lawmakers will at last pass a redistricting bill.

"Gov. Daniel J. Evans, at 89 the nation's oldest governor, declared today:

"It is high time for the Legislature to settle down to business and solve the state's redistricting problem. We must cast aside partisan politics and come up with a bill that is fair and equitable."

"Evans indicated that he will veto the latest bill because he regards it as a blatant attempt by Democrats to gerrymander the state in their favor. This will mark his 109th veto of such measures since taking office in 1965.

"While the Democrats are still in control of the Legislature, it is doubtful they will be able to muster enough strength to override the governor's veto by the necessary two-thirds majority. Of the surviving 15 members of the House of Representatives, 10 are Democrats and 5 Republicans. But at least two of the majority party are known to be dissident Democrats and they are likely to vote with the Republicans.

It's Been a Bit Restrictive

"The state's redistricting dilemma has imposed severe restrictions on Washington's first-term governor during his 50 years in office. For one thing, he has been unable to leave Olympia throughout his tenure for fear that the Democratic lieutenant governor John Cherberg, 104, might sign a Democratic bill in his absence.

"Perhaps Evans' greatest regret has been his inability to represent the state in Washington, D. C., at the inaugurations of the nation's last 10 presidents. But he announced that he has appointed Congressman Ingemar Tollefson, whose ancestor also was a Republican Congressman half a century ago, to represent him at the next inauguration provided Tollefson doesn't come down with influenza or something. In addition, the state will be represented by the Longview-Kelso high school band which is scheduled to play Washington's theme song "Never On Sunday," during the inaugural parade.

"Washington has undergone many changes since its Legislature first grappled with redistricting in 1965. As early residents of the state will recall, a federal court decreed that the Legislature shall pass none other than routine, housekeeping measures until an acceptable redistricting bill is passed. Among such housekeeping measures are legislative expenses. Thus each lawmaker in Olympia now receives \$1,500 a day, which the solons contend is justified due to the level of rents imposed by the capital's landlords.

"But while Olympia has prospered during the last 50 years, many other cities of the state have withered, as the Legislature has been unable to pass any other appropriation bills.

"Long-time Washingtonians can still recall when Seattle was the metropolis of the state, before that once great city was annexed to Olympia some 40 years ago. Among the relics of Seattle's glorious past is a faded red ribbon across what was to be the Seattle-Everett Freeway, now a grotesque expanse of cracked concrete with grass growing between the widening fissures.

The Governor Was Tied Down

"But even if money had been available for completion of the project, it's doubtful that it would have been opened to traffic—Governor Evans being unable to leave Olympia to come to Seattle to cut the ribbon and all.

"Today, however, it matters little as Seattle is now a sprawling garbage repository. With the Legislature in continuous session for 50 years in Olympia, all lawmakers and lobbyists established permanent residence there. This enabled the capital city to expand solely through increased local tax revenues. Olympia, or Olympiopolis as it has come to be known, extends north to the Canadian border, south to the Oregon border, west to the ocean and east to the Cascades. As Seattle's own dumps were already overflowing at the time of its annexation, it was only logical that it become the collection point for refuse from the surrounding area.

"On the eve of the 1965 Legislature's golden anniversary, House Democratic floor leader Gary Grant, a sprightly 80, his party's chief redistricting architect, is optimistic about early passage despite the governor's threatened veto. He is not alone. In the words of many veteran legislative observers:

"This may be the year!"

MOTION

On Motion of Mr. Sawyer, the House adjourned until 10:00 a. m., Thursday, January 28, 1965.

ROBERT M. SCHAEFER, *Speaker*.

S. R. HOLCOMB, *Chief Clerk*.

EIGHTEENTH DAY

MORNING SESSION

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., Thursday, January 28, 1965.

The Speaker called the House to order at 10:00 a. m.

The Clerk called the roll and all members were present except Representatives Angevine, Hood, McCormick, and Radcliffe, who were excused.

The flag was escorted to the rostrum by a Sergeant at Arms color guard.

Prayer was offered by the Reverend Walter A. MacArthur of the First Methodist Church of Olympia.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Grant, further reading was dispensed with and the journal was ordered to stand approved.

SPEAKER'S PRIVILEGE

The Speaker announced that copies of the following Attorney General's opinion, advising the legislature of what business may be transacted pending the enactment of redistricting plan, were being distributed to the members of the House:

Office of the Attorney General,
Olympia, Wash., January 28, 1965.

Honorable W. A. Gissberg, President Pro Tem of the Senate,
Legislative Building, Olympia, Washington.

Honorable Robert M. Schaefer, Speaker of the House of Representatives,
Legislative Building, Olympia, Washington.

GENTLEMEN:

We are writing in response to your letter of January 27, 1965, by which you asked to be advised as to what business the committees of the legislature may transact pending the enactment of a redistricting plan which is acceptable to the United States District Court having jurisdiction in *Thigpen et al., v. Kramer et al.*

The answer to your question is to be found in the language of the first full paragraph appearing on page four of the Court's decree of October 26, 1964, copy enclosed. As originally drafted by this office in response to the Court's initial ruling on October 5, 1964, this paragraph read:

"It Is Further Ordered, Adjudged and Decreed that except for the bills or other measures specifically listed in the preceding paragraph of this decree, no bill shall be introduced, considered or passed by either house of the Washington state legislature or any committee thereof until the legislature shall have enacted into law a legislative apportionment plan that is in compliance with Amendment Fourteen of the United States Constitution to the satisfaction of this Court upon review of the same at a hearing to be held as soon as possible after enactment of such apportionment plan, together with implementing legislation for the election of legislators from the reapportioned districts."

However, between the time of this ruling and the actual entry of the decree a memorandum was submitted to the Court by the defendant William S. Day, then Speaker of the House of Representatives. Among other things, the defendant Day asked that the proposed decree be modified to the extent of permitting bills on all subjects to be introduced and considered by the two houses of the legislature with the committees of the legislature being permitted to function in the normal manner. In support of this request he said, in pertinent part:

". . . Not to permit the committees of both houses to function while a reapportionment bill is being formulated will extend the legislative session

insofar as the work will have to be performed subsequent to the passage of the reapportionment bill. To allow the house and senate committees to regularly function would in no way impede the formulation and passage of a reapportionment measure nor impair the Court's control over the legislature. To grant such permission would however, promote the efficient and orderly operation of the thirty-ninth legislative session. . . ."

After due deliberation, the Court decided to grant this modification and, accordingly, before entering the decree it crossed out certain language so that the decree, when entered, read as follows:

"It Is Further Ordered, Adjudged and Decreed that except for the bills or other measures specifically listed in the preceding paragraph of this decree, no bill shall be [introduced, considered or] passed by either house of the Washington state legislature or any committee thereof until the legislature shall have enacted into law a legislative apportionment plan that is in compliance with Amendment Fourteen of the United States Constitution to the satisfaction of this Court upon review of the same at a hearing to be held as soon as possible after enactment of such apportionment plan, together with implementing legislation for the election of legislators from the reapportioned districts."

Subsequently, however, questions arose as to the significance of the phrase "or any committee thereof" which was not crossed out. In order to clarify the matter, we contacted the Court on an informal basis, both last fall and again earlier this week. We were advised that having crossed out "introduced, considered or" the Court regarded "or any committee thereof" to be surplusage. In other words, the true intent of the Court, as aforesaid, was to grant in full the particular modification requested by the defendant Day as above described.

Accordingly with this background we answer the specific points of your question as follows:

(1) The decree does permit the passage of bills out of committees into the Rules Committee;

(2) It further permits the passage of bills out of the Rules Committee onto the floor of the House or Senate for second reading;

(3) However, the decree *does not permit* final passage of a bill by either house for the reason that in this regard the decree clearly states that,

" . . . no bill [except as expressly permitted elsewhere] shall be passed by either house of the Washington state legislature . . . until the legislature shall have enacted into law a legislative apportionment plan that is in compliance with Amendment Fourteen of the United State Constitution . . ."

We trust that the foregoing will be of assistance to you.

Very truly yours,

JOHN J. O'CONNELL,
Attorney General,

PHILIP H. AUSTEN,
Assistant Attorney General.

Mrs. Valle:

"Mr. Speaker, ladies and gentlemen, a few days ago we observed a long-standing House tradition in which freshmen lucky enough to have their first bill passed here

distributed candy and cigars. As a dentist's wife and former chairman of the Dental Health and Education Committee of the women's auxiliary to the Seattle Dental Society, I participated with a great deal of reluctance. I might also say that it seems to me sometimes that there is already a great deal of air pollution here and we need not have cigars. What I think you really need is a toothbrush, and so I propose at this time that the pages distribute toothbrushes and toothpaste to all of you, and I say to you: Let us brush away partisan politics and dig our teeth into redistricting. Thank you very much."

On motion of Mr. Burtch, the House recessed until 3:00 p. m.

"Mr. Speaker, ladies and gentlemen of the House, Gerry Lindgren has, through tremendous effort, made some of the most fantastic accomplishments of any athlete in the history of the state of Washington. He has certainly honored our state. I want to introduce Gerry to you. Gerry, we will ask you to speak to the ladies and gentlemen of the House."

Mr. Lindgren:

"Mr. Speaker, ladies and gentlemen of the House, it is a very great pleasure to be here today and I just can't express how gratifying it is to be able to accept the hospitality which has been extended to me here at the capitol. I really just had a lucky year, I guess, and I hope I continue to have the kind of luck I have had in the past and to honor the state of Washington and Spokane as much as possible. I

am really proud of all the honor that has been paid to me, although I don't believe I deserve it. I think there are many others more deserving than myself and who have helped the state more than I have. Thank you very much for allowing me to come here. My visit here has been a very wonderful education and I am having a wonderful time. Thank you."

The Speaker:

"With respect to Gerry's comments about luck, I think that if any of us went through training which includes running twenty-five or thirty miles a day, we wouldn't call it luck."

GARY GRANT, *Chairman.*

We concur in this report: R. Ted Bottiger, Frank B. Brouillet, Jack L. Burtch, Arlie U. DeJarnatt, Doris Johnson, William J. S. May, W. O. E. "Bill" Radcliffe, Wesley C. Uhlman.

The bill was read the second time by sections.

Mr. Grant moved adoption of the committee amendment adding sections 2 through 64.

Debate ensued, Representative Grant speaking in favor of adoption of the amendment.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Canfield on a point of parliamentary inquiry.

Mr. Canfield:

"Mr. Speaker, are these now amendments to the amendment about which Mr. Grant is talking?"

The Speaker:

"It would not be considered as an amendment to the amendment. The committee in submitting their report incorporated these changes from the printed document which you have before you. Mr. Grant is at this time explaining to you the changes which the committee has made since this proposed committee amendment, which you have before you, came out. He is going through these one at a time so that you will be informed what steps have been taken by the committee."

POINT OF INQUIRY

The Speaker recognized Mr. Leland on a point of inquiry.

Mr. Leland:

"Mr. Speaker, when Mr. Grant started his explanation, he started dealing with District No. 9. Are there any committee amendments to the earlier sections before we get to District 9?"

The Speaker:

"The entire bill is actually one committee amendment and Mr. Grant is explaining this committee amendment."

Mr. Leland:

"I want to make sure that there are no changes from the document which I have in my hand."

The Speaker:

"There are changes from that document. This is what Mr. Grant is explaining."

YIELDING TO QUESTION

Mr. Moos:

"Mr. Speaker, would Representative Grant yield to question?"

The Speaker:

"Representative Grant, will you yield to question?"

Mr. Grant:

"I yield."

Mr. Moos:

"Representative Grant, I wanted to ask whether there is more than one change you are incorporating here?"

Mr. Grant:

"The substantive change is in District 9 in the elimination of the subdistricts. The other changes are largely correcting typographical errors."

Mr. Moos:

"It appears to me that the only reason we are going into this rather unusual procedure on a committee amendment would, possibly, be to prevent me from making a speech on second reading."

Mr. Grant:

"No. We would be most happy to hear from you."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Clark on a point of parliamentary inquiry.

Mr. Clark:

"Mr. Speaker, on page 243 of the Joint Rules for 1963, it says: 'No bill shall be introduced by title only, and, in the event a bill is not complete, at least section 1 shall be set forth in full before the bill may be accepted for introduction.' Looking at the proposed bill which is called the House amendment to House Bill 196, I do not see a section 1."

The Speaker:

"When the bill was introduced, section 1 was set out in full. If you would like to see a copy, it is available."

Mr. Newschwander moved adoption of the following amendment to the committee amendment to House Bill No. 196:

Beginning on page 9, section 27, line 33, strike all of new sections 27, 28, 29, 30 and 31, and insert:

Mr. Copeland suggested that if there were no objection, the reading clerk be instructed to read the last line of the amendment only.

Mr. Bottiger objected.

MOTION

On motion of Mr. Sawyer, the reading clerk was instructed to read the last line of the amendment only.

Mr. Brachtenbach demanded an electric roll call on the motion to adopt the amendment to the amendment, and the demand was sustained.

Debate ensued, Representatives Newschwander, Jueling, and Dootson speaking in favor of adoption of the amendment to the amendment, and Representatives Sawyer and Brouillet speaking against its adoption.

YIELDING TO QUESTION

Mr. Bottiger:

"Mr. Speaker, I wonder if Mr. Newschwander would yield to question?"

The Speaker:

"Mr. Newschwander, will you yield to question?"

Mr. Newschwander:

"Yes, sir."

Mr. Bottiger:

"I wonder, Mr. Newschwander, if you could tell us how your proposed amendment differs from the bill submitted by Mrs. McCaffree and what is wrong with the bill as we have presented it?"

Mr. Newschwander:

"The changes that this amendment makes, insofar as Initiative 211 is concerned, are that District 29 was too large and District 27 was a little bit too small, so we took some of those precincts in South Tacoma and very graciously gave them to the 27th District. Other than that, it is quite similar."

Further debate ensued, Representative Swayze speaking in favor of adoption of the amendment to the amendment.

YIELDING TO QUESTION

Mr. Sheridan:

"Mr. Speaker, will Mr. Newschwander yield to question?"

The Speaker:

"Will you yield to question, Mr. Newschwander?"

Mr. Newschwander:

"Yes, sir."

Mr. Sheridan:

"Representative Newschwander, are you personally satisfied with the treatment of your district under the proposed committee amendment to House Bill No. 196?"

Mr. Newschwander:

"When I look at the bill, I am looking at all of Pierce county and the whole state of Washington. I remember what the governor said one day about fair play, so I can't answer whether I am happy as to the district. I am interested in the whole state and what is good for the people."

Mr. Sheridan:

"Are you trying to tell this body you are unhappy with a district which contains only five Democratic precincts?"

Mr. Newschwander:

"Yes, sir."

Further debate ensued, Representative Sheridan speaking against adoption of the amendment to the amendment.

The Clerk called the roll on adoption of the amendment by Mr. Newschwander to the committee amendment to House Bill No. 196, and the motion was lost and the amendment was not adopted, by the following vote: Yeas, 40; nays, 57; absent or not voting, 2.

Those voting yea were: Representatives Adams, Andersen (James A.), Berentson, Bledsoe, Brachtenbach, Canfield, Clarke, Copeland, Cunningham, Dootson, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Johnston (Elmer E.), Juelling, Kalich, Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Pritchard, Saling, Swayze, Wang, Whetzel, Wolf—40.

Those voting nay were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Conner, Day, DeJarnatt, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Hurley, Jastad, Johnson (Doris), Jolly, King (Chet), King (Richard "Dick"), Kink, Klein, Kull, Litchman, Lux, Marsh, Marzano, May, McCormick, Moon, O'Brien, O'Donnell, Olsen, Perry, Pierre, Radcliffe, Rogers, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—57.

Those absent or not voting were: Representatives Ahlquist, Angevine—2.

Mr. Hood moved adoption of the following amendment to the committee amendment:

Beginning on page 20, section 43, line 25, strike all the material through line 2, page 20, and insert: "The county of Whatcom, which shall have three representatives."

YIELDING TO QUESTION

Mr. Kink:

"Mr. Speaker, would Representative Hood yield to question?"

The Speaker:

"Representative Hood, will you yield to question?"

Mr. Hood:

"Yes, Mr. Speaker."

Mr. Kink:

"Representative Hood, I was trying to follow your amendment, and the way I understand it, we are abolishing the 41st District and the 42nd District will be the new district of all of Whatcom county. Is that right?"

Mr. Hood:

"The entire county would be the 41st District, I believe, Representative Kink."

Debate ensued, Representative Hood speaking in favor of adoption of the amendment to the amendment, and Representatives Kink and Grant speaking against its adoption.

YIELDING TO QUESTION

Mr. Radcliffe:

"Mr. Speaker, may I ask Mr. Hood a question?"

The Speaker:

"Mr. Hood, will you yield to question?"

Mr. Hood:

"Yes, Mr. Speaker."

Mr. Radcliffe:

"Mr. Hood, would you consider numbering Whatcom county the 42nd District instead of the 41st District?"

Mr. Hood:

"Certainly, Mr. Radcliffe. If you would like to preserve the number traditionally used for Bellingham, I think we would be glad to consider that. My main interest is the preservation of Whatcom county as one unit with three representatives, so that we are held together and not split up clear down to the south to Bainbridge Island. I think this would be good for the county. If you would like to have 42 as a number for Whatcom county district, I would be most happy to have that change."

Further debate ensued, Representatives Wang, Eldridge, and Moos speaking in favor of adoption of the amendment to the amendment.

Mr. Burtch demanded an electric roll call, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Hood on a point of parliamentary inquiry.

Mr. Hood:

"Mr. Speaker, would you please allow me to change the number on that amendment to read '42' rather than '41'?"

RULING BY THE SPEAKER

The Speaker:

"I would be unable to do that, because it would be an amendment to an amendment to an amendment. I am sorry."

Further debate ensued, Representative Beck speaking against adoption of the amendment to the amendment.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Harris on a point of parliamentary inquiry.

Mr. Harris:

"Mr. Speaker, Mr. Hood is serious about this amendment and has substantial grounds for offering it. Because of this error, could we set this amendment down to the end of the amendments and consider it later so that a correction could be made?"

RULING BY THE SPEAKER

The Speaker:

"Mr. Harris, the amendment is before the House and an electric roll call demand has been made and sustained. I don't think we could possibly comply with your request at this time."

POINT OF ORDER

The Speaker recognized Mr. Kink on a point of order.

Mr. Kink:

"Thank you, Mr. Speaker. Could Representative Hood withdraw the amendment and reroute it to the end of the amendments?"

RULING BY THE SPEAKER

The Speaker:

"It is before the House with a demand for an electric roll call. A majority of the House could rule that this amendment could be withdrawn to the bottom of all the amendments, but if the amendment as now written is considered and defeated, this

area of the committee amendment would then stand approved and any further amendment could not be considered."

YIELDING TO QUESTION

Mr. Litchman:

"Mr. Speaker, would Mr. Hood yield to question?"

POINT OF ORDER

The Speaker recognized Mr. Harris on a point of order.

Mr. Harris:

"We are on the subject matter of moving the amendment to the amendment to the end of the calendar."

The Speaker:

"There is no motion before us."

Mr. Harris:

"The issue is before us."

The Speaker:

"No, it is not. The issue before us is the adoption of the amendment. That is still before us. There has been no motion to consider anything else by the House."

Mr. Harris:

"Mr. Speaker, if you would recognize Mr. Hood, myself, or Mr. Pritchard, I am sure we would make a motion to that effect."

The Speaker:

"You don't have the floor at the present time. When Mr. Litchman is finished, I will be glad to recognize one of you."

YIELDING TO QUESTION

Mr. Litchman:

"Mr. Speaker, will Mr. Hood yield to a question?"

The Speaker:

"Mr. Hood, will you yield to question?"

Mr. Hood:

"Yes, Mr. Speaker."

Mr. Litchman:

"The other day, Mr. Hood, we were discussing what would happen to many of us who would not make it back as a result of redistricting. I told you, as I recall, that we have a little summer place on Camano Island and possibly, if people up there didn't like politicians, we might eventually move to our other little place at Poulsbo. According to Representative Beck, neither area is represented whatsoever in the legislature under your amendment. I just wondered, sir, based on our conversation of the other day, if you are trying to dispossess me from ever having any right to vote in the state of Washington, regardless of where I move?"

Mr. Hood:

"Representative Litchman, you know my deep affection for you. I have no ulterior or personal motives or animosities. I am only trying to preserve Whatcom county as it should be represented. You know I have no personal ambitions toward reelection and that I am only thinking of Whatcom county. It is very serious to me and I hope that you could see your way clear to support us."

With the consent of the House, Mr. Hood withdrew his amendment to the committee amendment.

On motion of Mr. Bottiger, the following amendment to the committee amendment was adopted:

Amend the amendment by the Committee on Constitution, Elections, and Reapportionment on page 11, section 30, beginning on line 30, after "American Lake" strike "American Lake Gardens,"

On motion of Mr. Bottiger, the following amendment to the committee amendment was adopted:

Amend the amendment by the Committee on Constitution, Elections, and Reapportionment on page 12, section 31, line 16, after "Adams," insert "American Lake Gardens,"

On motion of Mr. Bergh, the following amendment to the committee amendment was adopted:

Amend the amendment by the Committee on Constitution, Elections, and Reapportionment, on page 21, section 46, line 23, strike "southwesterly" and insert "southeasterly"

Mr. Hood moved the adoption of the following amendment to the committee amendment:

On page 21, section 44, lines 3 through 8, strike all of new section 44 and substitute the following:

"NEW SECTION. Sec. 44. District 42—the county of Whatcom, which shall have three representatives."

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

The Clerk called the roll on Mr. Hood's amendment to the committee amendment, and the motion was lost, and the amendment not adopted, by the following vote: Yeas, 42; nays, 55; absent or not voting, 2.

Those voting yea were: Representatives Adams, Andersen (James A.), Berentson, Bledsoe, Brachtenbach, Braun, Canfield, Clark, Copeland, Cunningham, Dootson, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Johnston (Elmer E.), Jueling, Kink, Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McCormick, McDougall, Moos, Morphis, Newhouse, Newschwander, Pritchard, Radcliffe, Saling, Swayze, Wang, Whetzel, Wolf—42.

Those absent or not voting were: Representatives Ahlquist, Angevine—2.

Mr. Leland moved adoption of the following amendment to the committee amendment:

On page 20, sections 40 and 41, lines 1 through 21, strike all of new sections 40 and 41 and substitute the following:

"I will yield."

Mr. Leland:

"Mr. Grant, in line with my previous comments, I indicated that there is developing—and perhaps this legislature has not yet sensed the development of this attitude on the part of the people in certain regions or areas—a feeling not as Democrats or as Republicans, but as people who have a community of interest and perhaps, whether they wish it or not, a competitive interest in connection with other communities. In light of this and in light, Mr. Grant, of the letters addressed to you, of which I have received copies, spelling out the desires of this bipartisan committee of community leaders from your area and my area, and in light of the growth factors which, despite the 1960 census, you and I know have taken place, and in light of the problems of this area, how are you going to justify for me and to our people back home collectively the fact that an area of 68,000 will have three representatives, the 49th District, and yet this district, which our figures show at 67,000, will have two, and we will have no senator for four years? How can you justify that to me or the people back home?"

Mr. Grant:

"That was quite a long question. I will try to answer it, Mr. Leland. We have to justify this proposal to the people of the entire state, not just the people of our own communities, and we think this can be done."

The Clerk called the roll on the adoption of Mr. Leland's amendment to the committee amendment, and the motion was lost, and the amendment was not adopted, by the following vote: Yeas, 44; nays, 53; absent or not voting, 2.

Those voting yea were: Representatives Adams, Andersen (James A.), Backstrom, Berentson, Bledsoe, Brachtenbach, Braun, Canfield, Clark, Copeland, Cunningham, Dootson, Eldridge, Flanagan, Garrett, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Johnston (Elmer E.), Jueling, King (Richard "Dick"), Kirk, Leland, Litchman, Lynch, Mahaffey, Mast, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Pritchard, Saling, Swayze, Wang, Whetzel, Wolf—44.

YIELDING TO QUESTION

Mrs. Lynch:

"Mr. Speaker, will Representative Kull yield to question?"

The Speaker:

"Will you yield to question, Mr. Kull?"

Mr. Kull:

"Yes, Mr. Speaker."

Mrs. Lynch:

"Mr. Kull, you have on several occasions advised people in Yakima that you believe the integrity of the metropolitan city of Yakima should be maintained. My question to you is: Would you consider Moxee, which is several miles from the outskirts of Yakima, as part of metropolitan Yakima? If so, what is your answer going to be to such areas as Glenwood and Sunset, which directly adjoin the city and whose people work in Yakima but live in the outskirts and are now being removed from the 14th District and placed in the 15th?"

Mr. Kull:

"Yes, I consider the Moxee area a part of metropolitan Yakima because it is directly contiguous, and Representatives Lynch, Brachtenbach, and the others realize this is the so-called 'bedroom area' of Yakima city. A large number of those people working in Yakima live there. Granted, it is a large crop area and farm area, too. Representative Brachtenbach misstates the situation when he says the 14th District, the urban district, would go clear to the Columbia River, although this is a minor point. He and I both know that a great share of East Moxee is not inhabited except by sheep and jackrabbits, so I find this no argument for changing that district. I have received correspondence in favor of his arguments, but I have had many comments by telephone and mail in favor of a metropolitan district for Yakima county. For the first time, I believe, a Democrat has gone into this area and studied the political make-up, and upon doing so, I am convinced that Yakima county for these many, many years has been redistricted in favor of the Republican party. I seek in some part to correct that."

Further debate ensued, Representative Grant speaking in opposition to adoption of the amendment to the amendment.

YIELDING TO QUESTION

Mr. Canfield:

"Mr. Speaker, will Representative Kull yield to another question?"

The Speaker:

"Will you yield, Representative Kull?"

Mr. Kull:

"I yield."

Mr. Canfield:

"I don't wish to comment on the inhabitants of East Moxee precincts which consist only of jackrabbits and other wild fowl, but my question is this: I understood you to say that for long periods of years Yakima county has been redistricted in favor of Republicans. Would you please for this body tell us when this was accomplished? When was Yakima redistricted in favor of Republicans or in favor of anybody else, for that matter?"

Mr. Kull:

"Perhaps my language as to the term 'redistricted' is improper. However, redistricting was done in the state in 1957, and, as I understand it, the drawing of the lines in Yakima county was left to the Republican members of the legislature at that time because there were no Democratic members of the legislature from Yakima county. It seems to me that twenty-eight years of Republican majority in the history of Yakima county indicates there has been some sort of favoritism toward that party."

Further debate ensued, Representative Canfield speaking in favor of adoption of the amendment to the committee amendment, and Representative O'Brien speaking against its adoption.

Mr. Goldsworthy demanded an electric roll call, and the demand was sustained.

Further debate ensued, Representatives Brachtenbach and Moos speaking in favor of adoption of the amendment to the committee amendment, and Representative Kull speaking against its adoption.

The Clerk called the roll on Mr. Brachtenbach's amendment to the committee amendment, and the motion was lost, and the amendment not adopted, by the following vote: Yeas, 39; nays, 58; absent or not voting, 2.

Those voting yea were: Representatives Adams, Andersen (James A.), Berentson, Bledsoe, Brachtenbach, Braun, Canfield, Clark, Copeland, Cunningham, Dootson, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Johnston (Elmer E.), Jueling, Kirk, Leland, Lynch, Mahaffey, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Pritchard, Saling, Swayze, Wang, Whetzel, Wolf—39.

Those voting nay were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Brouillet, Burtch, Chatalas, Conner, Day, DeJarnatt, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Hurley, Jastad, Johnson (Doris), Jolly, Kalich, King (Chet), King Richard "Dick", Kink, Klein, Kull, Litchman, Lux, Marsh, Marzano, Mast, May, McCormick, Moon, O'Brien, O'Donnell, Olsen, Perry, Pierre, Radcliffe, Rogers, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—58.

Those absent or not voting were: Representatives Ahlquist, Angevine—2.

EXPLANATION OF VOTE

Through inadvertence I voted "no" when it was my intention to vote "yes" on the amendment of Representative Bratchtenbach to the House Committee amendment to House Bill No. 196.

FRED R. MAST,
35th District.

The Speaker declared the question before the House to be the adoption of the committee amendment to House Bill No. 196 as amended.

The motion was carried, and the committee amendment as amended was adopted.

On motion of Mr. Grant, the following amendment to the title of House Bill No. 196 was adopted:

In line 2 of the title after "repealing" strike all of the matter down to and including "44.06 RCW" in line 3 and insert the following "sections 1 through 20, 24 through 50, 52 through 58, chapter 5, Laws of 1957 as amended by sections 1 through 20, 24 through 50, 52 through 58, chapter 289, Laws of 1957 and RCW 44.06.010 through 44.06.200, 44.06.240, through 44.06.500, 44.06.520 through 44.06.900"

House Bill No. 196 was ordered engrossed.

On motion of Mr. Sawyer, the rules were suspended, Engrossed House Bill No. 196 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued, Representative Grant speaking in favor of passage of the bill.

Further debate ensued, Representatives Litchman, May, O'Brien, Bottiger and Haussler speaking in favor of passage of the bill, and Representatives Gorton, Clark, King (Chet), Andersen (James A.), Leland, and Pritchard speaking against its passage.

POINT OF ORDER

The Speaker recognized Mr. O'Brien on a point of order.

Mr. O'Brien:

"Mr. Pritchard, I don't believe you should charge the Speaker with anything. As presiding officer, he doesn't come down to defend himself. I don't believe that is right, Joel. You have gone far enough with this."

The Speaker:

"Thank you, Joel. I will accept your apology. You may continue, Mr. Pritchard."

Further debate ensued, Representative Pritchard concluding his remarks and Representative Harris speaking against passage of the bill.

Mr. Olsen demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Engrossed House Bill No. 196, and the bill passed the House by the following vote: Yeas, 57; nays, 40; absent or not voting, 2.

Those voting yea were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Clark, Conner, Day, DeJarnatt, Epton, Gallagher, Garrett, Grant, Haussler, Hurley, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Kink, Klein, Kull, Litchman, Lux, Marsh, Marzano, May, McCormick, Moon, O'Brien, O'Donnell, Olsen, Perry, Pierre, Radcliffe, Rogers, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—57.

Those voting nay were: Representatives Adams, Andersen (James A.),

Berentson, Bledsoe, Brachtenbach, Canfield, Copeland, Cunningham, Dootson, Elder, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Johnston (Elmer E.), Juelling, King (Chet), Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Pritchard, Saling, Swayze, Wang, Whetzel, Wolf—40.

Those absent or not voting were: Representatives Ahlquist, Angevine—2.

Engrossed House Bill No. 196, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

I request inclusion in the record that I attempted to vote against House Bill No. 196 as amended, and do so vote, and could not make the lever change and work accordingly.

NEWMAN H. CLARK,
43rd District.

On motion of Mr. Sawyer, Engrossed House Bill No. 196 was ordered immediately transmitted to the Senate.

Mr. Speaker, members of the Washington State Legislature, ladies and gentlemen, His Excellency, the Honorable Daniel J. Evans, Governor of the State of Washington."

BUDGET MESSAGE OF GOVERNOR DANIEL J. EVANS TO THE LEGISLATURE

"Mr. President, Mr. Speaker, my former colleagues, Ladies and Gentlemen of the Legislature:

"As we come to grips with the imminent matters of state—to meet the Federal Court's demands to establish constitutional and equitable legislative representation, and to meet the peoples' legitimate needs for state services, this is, indeed, a time of high purpose.

"I regret that you have been as yet unable to resolve the vital matter of legislative redistricting within the three fundamental criteria I laid down on January 13. One-third of this legislative session has passed. I urge you, therefore, to broaden your perspectives to include, more completely, the representative interests of all citizens of the State; and to renew your faith that our distinctive representative form of American government only functions fairly when either political party whose candidates win a majority of the peoples' votes is assured a majority of the seats in the legislature. The citizens of our state, as well as you and I, understand that the Federal Court, in its wisdom, has prohibited any legislative action upon the pressing affairs of state until you have resolved redistricting in a constitutional and equitable manner. In order that you may legally and fully address yourselves to your budgetary and other important responsibilities, it is mandatory that redistricting be resolved promptly.

"In this most urgent and pressing matter, you have my deepest understanding and you will continue to have my fullest cooperation.

"Tradition and practicality dictate that in legislative sessions when a newly-elected governor takes office, the biennial budget is the budget prepared by the retiring head of state.

"The new governor ordinarily has had neither adequate time nor fully comparable information from which to develop a detailed budget proposal. Within such precedent, the acceptable course for me would be to say nothing about the printed budget placed before you by the past administration, to allow it your consideration without comment or recommendation.

"Under ordinary circumstances, there would be no need for formal comment from the new governor on a previous governor's budget. But for me to remain silent would be to perpetrate an even greater act of irresponsibility than the one placed in printed form before you by the past administration. Some among you have already uncovered some of the inadequacies of this fiscal sham.

"Responsible legislative leaders of both parties in each house have acknowledged, even upon initial review, that this budget is at least \$40 million out of balance.

"In actuality, the past administration's budget is out of balance by more than twice that amount.

"First, it candidly admits that an additional \$32.2 million will be required to balance it. The seriousness of this problem alone is dismissed in the Budget Message with the incredibly bland assumption that this money will be forthcoming from new Federal programs. These would be Federal programs, mind you, that had neither been drafted nor announced at the time the original Budget Message was printed, and which today have not yet been clearly defined.

"Second, the budget assumes passage of another Federal measure, equivalent to the Social Security amendments that failed to pass the Eighty-eighth Congress. Should this legislature approve the previous administration's proposed program for medical care, and should the Federal appropriation *not* be forthcoming for the second year of the biennium as "assumed", the impact of this program on the State's general fund would amount to \$5.6 million, for which the printed budget makes no other revenue provision.

"Third, the budget proposes a bookkeeping change in the payment of school apportionment. I do not question the logic or desirability of distributing apportionment monies on a twelve-month rather than a ten-month basis. But this budget treats this nonrecurring, \$42.3 million benefit as a continuing source of support for our school program. To treat this one-time gain as though it were a new source or a continuing source of school support is tantamount to setting the fuse to a \$42 million bomb that will explode in the Legislature's face two years from today.

"Fourth, the budget shows an increase of Federal funds, presumably under existing Federal legislation, of \$26.2 million. Even this amount is speculative.

"Fifth, the budget makes no provision for the improvements in Teachers' Retirement benefits approved by the 1963 Legislature. The constitutionality of the 1963 legislative action is now before the State Supreme Court. If the Court upholds its provisions, approximately \$9.6 million must be provided to cover its commitments.

"Sixth, although it affects an area outside the General Fund, the budget proposes an increase of 100 troopers in the State Patrol without providing the means for financing these additional men on a continuing basis.

"Finally, this budget acknowledges a deficit of \$4.8 million in the operations of the 1963-65 biennium, based on the first 1½ year's performance. It makes no provision, no recommendation, no mention of how it proposes that this deficit be eliminated or reduced. It thus acknowledges that, despite the Budget and Accounting Act, which requires a balanced budget, the general fund deficit bequeathed to this administration and to this legislature will likely exceed \$30 million.

"This is a deficit greater than the deficit inherited by the previous administration eight years ago.

"Consequently, to balance this budget which the past administration has placed before you, even when making substantial allowances for new Federal assistance, and without reducing the General Fund deficit, would require a tax increase of at least \$80 million. Neither you nor I would be fulfilling our responsibilities to the citizens of this State if we allowed such a budget to become reality.

"This fiscal message would be incomplete without re-stating my views regarding the relationship between the State of Washington and the Federal government.

"A \$2.1 billion budget has been proposed for your consideration by the previous administration in which one federal dollar matches approximately three dollars of state money. If we have not already reached the point where the federal tail is wagging the state dog—in the direction of programs, in actual services provided, in the determination of traditional and basic state policy—then, I submit, we are dangerously close to that point.

"We must use all of the state machinery at hand to solve our problems at home. We must re-design the machinery of government, where it is inadequate, to enable the state and its political sub-divisions to meet locally the legitimate demands of its citizens. Failing to do this, then certainly we will have relinquished our local privilege and prerogative of self-determination to the Federal level and supplanted them with Federal control.

"Unquestionably, political courage is required to enact as well as to advocate local payment of social programs, for which people have demonstrated desire and need. It is easier to dodge local and state problems and let someone else make the

required decisions, farther away, at some other time. But short-range delights have long-range consequences. In order to protect the integrity of state and local government and in order to retain control over our own future, as individuals as well as citizens of this state, we must face our local and state problems squarely.

"We must assume the responsibility for these problems which are essentially ours.

"The people who elected you and me to office expect this.

"The constitution and laws of this state require it.

"Our standards of political ethics and social morality compel it.

"In addition to being neither balanced nor fiscally responsible, the printed budget now before you, in my opinion, is inadequate in several significant respects. It falls short of meeting the legitimate needs of our citizens, for example, in the important areas of education and public assistance.

"Therefore, for all the reasons I have cited, I am presenting to you this special fiscal message. It is designed to guide your deliberations toward responsible decisions on behalf of the three million citizens of our state.

"Implementation of the recommendations in this fiscal message will: first, insure that all expenditures authorized will be met by an assured revenue source; second, re-establish equal educational opportunity and provide improved classroom instruction in our public schools; third, launch a pay-as-you-go state program in school construction; fourth, assure more adequate state public assistance programs, especially medical aid for the aged; fifth, open new opportunities for community health care; sixth, reduce the State's General Fund deficit; seventh, launch this state on a fiscally sound course, not only for the immediate years but also for the long, bright future ahead.

"Let me reiterate. I am presenting what more accurately must be described as a fiscal message than a separate detailed budget. It has not been possible during the brief time since its introduction to prepare and present a precisely detailed analysis of all minute elements in the previous administration's budget.

"I have held daily hearings and consultations, however, with responsible career public servants and officials, particularly in the areas of education including higher education, public assistance, institutions, budgeting and tax administration. As a result of these conferences and of my personal examination, I am presenting the following fiscal program:

EDUCATION

"I have continuously and consistently said that the number one priority in State government is to re-establish equal educational opportunity in our schools. No other single public service for which we are responsible in State government is more important to our future or to our children's future.

"In public schools, the most pressing problem is the matter of eliminating excess levies annually required to maintain and operate regular programs. This problem receives only token attention in the printed budget. Against this \$70 million biennial problem, the printed budget proposes only a \$9.75 million solution. I believe that this problem must be resolved by equalizing local property assessments to the point where local school districts obtain an assured amount of money which they annually require for maintenance and operations without special levies. This cannot be done immediately within the limitations of our present property tax structure.

"Consequently, I am proposing a four-part solution.

"First, I recommend that 10 mills of the schools' 14-mill levy be made a state tax, to be collected at the state equalized level, and then apportioned back to the districts from which it was received. This proposal will be for two years only.

"Second, and concurrently, I recommend a constitutional amendment be submitted to the voters in 1966 that will lay the groundwork for the equivalent amount to be raised locally in subsequent years. This constitutional amendment will place a realistic, protective limit on the amount of tax that can be levied against property and will also recognize some of the peculiarly heavy burdens placed upon certain classes of real property.

"Third, I recommend statutory safeguards be enacted, placing an upper limit on the 'windfall' revenues that otherwise would automatically accrue to all local taxing districts upon passage of the constitutional amendment.

"Fourth, to accompany this change in local support, a new school apportionment formula is required. This formula should recognize the money raised on the state equalized valuation as a local resource and also recognize other sources that are realized by some, but not all, districts. These include P. L. 874, P.U.D., federal forest

and grazing funds. These local sources which have not heretofore been used to the maximum extent in the distribution formula should be brought into the formula on a graduated basis so as not to disrupt the existing program in any district.

"The increased yield from the property tax, when equalized to the state valuation, will bring in approximately \$64 million additional during the next biennium.

"It should be clearly understood, and emphasized, however, that this does not constitute a general, state-wide property tax increase. It simply guarantees that about 90 per cent of the money annually raised via special levies will be available on an assured basis.

"While some counties will experience modest increases, the practical effect on most taxpayers in most school districts in most counties will be simply a shift in existing property taxes from a special levy, inequitable status to an assured, equalized form of support, with no additional cost.

"Since these items will be truly effective in meeting the excess levy problem, my proposal requires no provision for matching special levies. This will free the \$9.75 million allocated in the printed budget to match local special levies. This money, at the discretion of locally-elected school boards, will be available to reduce classroom teacher-pupil ratios, increase salaries, improve instructional materials and learning facilities, provide better textbooks, strengthen libraries, vocational training and other fundamental services.

"Provision for an adequate teachers' pension program is an integral part of our educational obligation. I recommend that \$9.6 million be authorized to cover the commitment made in this area by the 1963 Legislature. If the constitutionality of the State Teachers' Retirement Act, as amended in 1963, is upheld, this amount will be required. Whether or not the court upholds the present Act, it is the view of this administration that the Legislature has an obligation to guarantee that the teachers' retirement program be assured at least at the level intended by the 1963 Legislature.

"In the short period available, I have only touched the most significant aspects of my recommended changes in operating support for the common schools. I will work closely with you in the ensuing days and weeks to assure that we establish the most productive level of support possible during the next two years.

"During my time in the legislature, I have watched the rapid growth in the state's bonded indebtedness with increasing concern. I have long felt that significant relief from this growing debt could be achieved through more effective utilization of the common schools' own resources, some two million acres of lands scattered throughout the state.

"In light of the recent Supreme Court decision which prevents the Legislature from authorizing bonds without the electorate's approval, finding a new major source for state matching funds for school building construction has become imperative.

"I recommend support of a constitutional amendment which freezes the Permanent School Fund at \$100 million and which makes future income deposited in the fund from easements, escheats, sale of timber and other crops, oil and minerals available for direct state matching purposes.

"I also recommend that local school districts' bonding capacity be doubled through enabling legislation which places upon school districts the same bonded debt limitations as those available to cities and towns. I am confident that the combination of these two measures, once approved, will eliminate the need for further increases in State bonded indebtedness for common school construction in the foreseeable future.

"Passage of the constitutional amendment will also allow us to set aside for school construction the money now going into the current school fund chiefly in the form of interest on the principal of the Permanent School Fund. The amount of income to the current school fund for the last six months of the biennium is estimated at \$2.7 million. This constitutional amendment will thus provide \$10.9 million for school construction by the end of 1965-67. This is in addition to a new appropriation of \$12.4 million from the bonds authorized by Referendum 12 and reappropriations of \$43.3 million.

"In the area of higher education, I recommend a specific budget item of \$100,000 for the support of an Advisory Council on Higher Education. I am requesting separate legislation to create such a Council. The weight and emphasis in our educational commitment is shifting to the higher levels of learning. This will continue for some time.

"We must evolve an orderly program of higher education which clearly defines the roles and relationships among our existing institutions of higher learning and

between them and our growing programs in vocational-technical, adult education and community colleges.

"We have paid lip service to such coordination for years. Although the \$100,000 item is relatively an insignificant dollar amount, it will provide the means now to prevent costly mistakes in the future.

PUBLIC ASSISTANCE

"The public assistance provisions in the printed budget are inadequate, both in the areas of assistance and administration. The proposed handling of ratable reductions now in force in several programs is undesirable. Once the state has determined the proper level of program support, it has reduced that level, currently by twelve per cent. This is a form of legislative and administrative delusion which I propose to eliminate as rapidly as possible.

"The budget before you makes no provision to expand medical care for the aged under the Kerr-Mills law. It does not adequately provide certain types of care to medical indigents, recipients of non-continuing general assistance and their children. Nor do its medical provisions properly assist the low-income aged.

"I am cognizant of the need to improve our public assistance program and the functioning of the State Department of Public Assistance. I am aware of the many recommendations made to accomplish these ends in the study conducted by Greenleigh Associates, Inc. We must work toward their adoption and attainment as soon as practicable.

"This Administration is most interested in those programs that will help people to re-establish their social and economic independence. It is also concerned, however, with establishing adequate levels and forms of assistance to those legitimately in need, particularly medical care for the aged.

"To these ends, I am making a series of proposals which go far in implementing key recommendations from the Greenleigh Report.

"The printed budget begins with the unacceptable premise that the fundamental character and adequacy of our medical care program should depend on future actions of Congress. My first recommendation is that these programs be based on the more secure foundations of existing Federal laws. This alone will require adding \$5.6 million of state funds.

"Even though complete elimination of ratable reductions is not yet fiscally feasible, I am proposing that they be cut in half on a two-step basis. Thus, even though full need will not yet be met in various programs, my proposed reduction will represent a material improvement in the level of living for the families involved.

"I am requesting that the medical care program be enriched in two respects. (1) Emergency dental care to medical indigents and recipients of Noncontinuing General Assistance; to provide emergency dental care for children in low-income families and on a limited basis, dentures for adults; and (2) eye glasses for the needy elderly and to other adult recipients when no other resource is available and when genuine hardship exists.

"None of these proposals is included in the printed budget now before you. In this modern day and age, we can no longer tolerate a situation where some of our citizens live out their final years with dimmed vision, merely for the want of a pair of glasses.

"I am requesting that medical assistance for the low-income aged in the State be liberalized. Currently the resource standards for Medical Assistance for the Aged are the same as for Old Age Assistance. I am proposing that these standards be doubled so that an aged individual could retain as much as \$1500 in assets (in addition to his home and personal property) and a couple \$2900 and still be financially eligible for MAA.

"I am also proposing a more comprehensive type of medical care including office calls, drugs, dental care and other services similar to that now provided under the Old Age Assistance program. My proposal permits these aged both to retain additional savings and to receive more extensive medical care. The state's share of this MAA liberalization will cost approximately \$2.8 million under the Kerr-Mills bill.

"While the total cost of the assistance changes will add \$9.6 million to the request in state funds for the Department of Public Assistance, there is one further recommendation of the Greenleigh Report which must be followed if we are to make the best use of these funds in the next biennium. This is the recommendation that the appropriation for the Department be in a lump-sum amount, at least as to the total

area of assistance. This lump-sum appropriation will give us the flexibility to meet changing case load or cost requirements as they develop in the course of the biennium.

"This Administration will insist that every reasonable safeguard be imposed to assure that the monies appropriated for public assistance be prudently administered and disbursed.

"In the area of program administration, my proposal shifts emphasis from direct surplus commodity distribution to the food stamp plan. Within two years, I propose that the direct commodity distribution program be completely phased out. The stamp plan would be expanded from its present base in one county (Grays Harbor) to cover 20 per cent of the state the first year and the entire state by the end of the biennium.

"The advantages of the Food Stamp Plan are many. Recipients of food coupons can obtain a greater variety of food and have better diets. The more needy people benefit most since the value of bonus stamps increases as persons' income decreases. The cash which is added through bonus stamps by the Food Stamp Program provides a greater boost to the local economy. Bonus stamps are subject to state retail sales tax and thus provide a small revenue boost. The food stamp program uses private enterprise, primarily banks and grocery stores, and closes the state distribution stores and warehouses.

"The program I propose will save the state \$700,000 in the first biennium and over \$1 million per biennium subsequently.

INSTITUTIONS

"I have observed that the printed budget proposes continuing increases in the area of mental hospitals, despite a decreasing average daily population. I also note that the budget makes no provision whatever for state assistance to expanded community mental health or mental retardation clinics. Few tragedies strike a family with more devastating impact than mental illness or mental retardation. Characteristically, the demands on the finances of a family so afflicted are far in excess of family means. Thus, either the state must provide help in these areas of need or the mentally sick and retarded will go without adequate care or treatment. Many of the mentally ill and mentally retarded can be more conveniently and appropriately treated without institutional confinement, and at less expense, in day care facilities in the communities where they live.

"I recognize that there is a committee now studying the overall subject of these local treatment facilities, and I expect to profit by its recommendations. In order to have funds available when the report is ultimately submitted, I am requesting that a proviso be added to the appropriation to the mental hospitals allowing the allocation of up to \$300,000 for such community health centers.

"To speed realization of a comprehensive community health center program, I have also provided \$500,000 to purchase and begin renovation of Harrison Memorial Hospital at Bremerton as a pilot project in Community Health care.

HIGHWAY SAFETY

"In 1964, 725 persons were slaughtered on Washington's highways. This represents more highway deaths from traffic accidents than in any other year in history. The highway toll has become so great that its very enormity has numbed our senses.

"This Administration is concerned with those of our citizens whose lives have been blighted by the tragic death or maiming of a husband, wife, child or other loved one. I intend to do something about this and do it now.

"To deal effectively with the mounting death toll on our state's highways, the State Patrol must be augmented by at least 150 troopers over the course of the next biennium. This expansion must be accompanied by improvement in the overall financial structure of the State Patrol so that future additions to the field force may be made on a regular basis of at least 15 each year.

"To do this, we cannot resort to the one-time expedient proposed in the budget before you. We must face the need squarely and increase the basic automobile registration fee to cover the additional cost.

OTHER PROGRAMS

"There are many areas of state government that I have not touched upon in this message. In certain of these areas, I will send supplemental messages to the chairman of the appropriate Ways and Means Committee containing further suggestions.

GOVERNMENT EFFICIENCY

"An underlying objective during my Administration will be to assure that each tax dollar collected will be expended in the most efficient and productive manner possible. In my inaugural message I outlined a series of proposals to reduce the total number of state agencies and reorganize basic governmental services in more efficient administrative units. As a means to establish greater efficiency in operation and in the expenditure of the taxpayers' money, I urge that you enact these executive request

"I have already set the wheels in motion to institute a comprehensive review of all governmental operations and expenditures. I am forming a task force of the most competent business heads in the state whose mission will be to eliminate outmoded procedures, duplicated effort and wasteful practices wherever they may exist in state government. This project will be manned by top flight civic, professional and business leaders whose services will be underwritten at private expense.

REVENUE

"Contrasted with the printed budget before you, there is no speculation, no expediency in my fiscal message. It contains no wishful thinking. It is a budget in which specific expenditures are balanced by specific revenues.

"The printed budget before you can, of course, be balanced in several different ways. The only practical way in which it can be balanced without requiring additional taxes would be to reduce certain key expenditures.

"The most obvious of these would deny assured levels of medical care for the aged, deny adequate schooling for the young, deny minimal standards of living for those forced to rely on public assistance, deny competitive salaries for our public servants and close the doors to additional students seeking entrance in institutions of higher learning and community colleges.

"This is an unthinkable alternative. Yet we dare not deal in self-hypnosis.

"We dare not assume that this total liability can be avoided through the use of bookkeeping entries alone that may defer, but only defer, the crisis for two years' time. We must not assume that all or part of this real crisis can be resolved by calling for deprivation or sacrifice on the part of a limited number of our citizens.

"Rationalizing does not solve the problem either. Our legitimate and publicly committed needs simply exceed our present resources.

"Thus I have chosen to propose a revenue program which honestly meets our responsibilities.

"This revenue program contains two basic parts. I have already outlined the property tax portion which will re-establish equal educational opportunity in our public schools through virtual elimination of special annual levies.

"The second part of my proposed revenue program will raise approximately \$75 million. This, when coupled with other 'income' items indicated, is required to provide monies for the following state obligations: \$32.2 million to balance with expenditures detailed in the past administration's budget; \$9.6 million to provide for public assistance programs not funded or not recommended in the past administration's budget; \$9.6 million to cover previous legislative commitment to Teachers' Retirement System; \$9.75 million to improve classroom instruction, supplies and services; \$20 million to relieve general fund deficit inherited from previous administration; \$2.5 million to compensate for interest from Permanent School Fund now going into the current school fund but scheduled for school construction use pending adoption of Constitutional amendment. Although the printed budget fails to do so, we must allow for the deduction of \$1.1 million from general fund revenue to service the proposed bond issue for institutions and higher education. These unfunded obligations total \$84.75 million. The \$9.75 million in state money available but not needed to match special levies under my proposal reduces the unfunded need to \$75.0 million.

"I have consistently opposed increasing the rate of the sales tax and I have no intention to do so now. I propose that this amount be raised, in effect by extending the sales tax to services.

"There is an approximate \$4.8 million gap between revenues and expenditures in the 1963-65 budget. I will seek to eliminate this estimated deficit during the remaining five months of the current biennium by exercising austere control in the administration of programs under my direct control.

"The Legislature may choose to do less than I have proposed—less in providing fiscal soundness, less in providing services, less in protecting the very integrity of state and local government.

"It is my judgment that to do less would constitute neither full fiscal responsibility nor fulfill the obligations we have voluntarily assumed to meet the peoples' legitimate needs—obligations to protect the fundamental soundness of the government we have chosen to serve.

"The course I have charted is a challenging one. The decision to follow it will not come easily.

"Yet there is no low road to high purpose. I have a deep and abiding faith in the peoples' desire that we chart no expedient course—choose no easy road.

"The Legislature willing, we can attain together the objectives for which our government was created and to which all people aspire."

SECOND MORNING SESSION

The Speaker called the House to order at 11:00 a. m.

The Clerk called the roll, and all members were present.

SPEAKER'S PRIVILEGE

The Speaker announced an interruption in the proceedings of the House for the purpose of making a presentation, and appointed Representatives Sawyer and McCormick to escort Representative Garrett to the rostrum. The Speaker appointed Representatives McCaffree and Clark to escort former State Representative Frank C. Jackson of King county to the rostrum.

The Speaker:

"One of our former members of the House and of the Senate of the State of Washington from the 32nd District, Frank Jackson, has a presentation to be made at this time. Senator Jackson."

Mr. Jackson:

"Mr. Speaker and members of the House, I consider it a great privilege to be permitted to come to perform a very pleasant duty. I have valued greatly my membership in this body and in the Senate. I served, of course, when we met down at the old building, but I certainly honor all of you who are willing to come back session after session. In my day, a man would serve one session or maybe two or three and feel he had done his full duty and then he wouldn't run again. But I believe it is of great value to the state to have men and women in our legislative halls who have had long experience in matters pertaining to the welfare of the state, so I want to express my appreciation to everyone who has been willing to run again and again.

"I want to bring greetings today from Mr. Harry Rhodes, the only other member

of the 1907 House who today remains alive. Harry was good enough to ask me to extend his greetings to you. He joined with me as a member of the commission to select the site for the state reformatory. I had been the author of the bill in 1907, and he was named with me to the commission and we performed that duty and I served for six years on that board.

"To get to the business at hand, it is certainly a great pleasure to have available a gavel this morning for the Speaker. I am sure that he is worthy of the trust which you have given him. He has served here for four terms and also served with honor and distinction in the Armed Forces for seven years. Mr. Speaker, a gavel such as this one here and such as the one that I propose to present to you is to me a symbol of the office which you hold, and I think you and your children will appreciate having this symbol not only for use here but for years to come. It is with great pleasure that I wish to present this gavel to you."

The Speaker:

"Senator Jackson, I want to thank you very much on behalf of myself and my family for this gift. We certainly have a great deal of respect for you people who have dedicated so much of your life in the service of the state and of the Washington State House and Senate. We know the fine job you have done while you were in the legislature, and the fine job you have done since leaving the legislature. I want to thank you very much,"

Mr. Jackson:

"I might add that while I used to make these gavels for many years and have been presenting them to presiding officers of the legislature of this state for at least thirty-five years, at present my good friend, Mr. J. W. Wheeler, who celebrated his ninety-first birthday on the 10th of January, is making the gavels. In the last few weeks he has made these gavels, four of which I have presented in the Senate and the two I am presenting in the House today. He says he makes them in his 'private enterprise shop'.

"I have still another one here to present, and it is a pleasure and delight to me, Mr. Garrett, Mr. Speaker Pro Tem, to present to a very warm personal friend of my own son-in-law, Mr. Robert Tourtellot, who values his friendship for you, and yours for him, a gavel representing your position in this House which I trust will be of use to you during your service here and for years to come."

Mr. Garrett:

"Thank you very much. I always call you Senator, but I am going to refer to you as Representative Jackson today. Thank you very much for this gavel. Being a sheet metal worker, I understand and appreciate the fine craftsmanship that went into it, though I am sure it is no more expertly made than it would have been if made by your own hands. I am sure you understand my pleasure in friendship and acquaintance with members of your own family. I will appreciate and keep this gavel and value it for many, many years."

POINT OF ORDER

The Speaker (Mr. Garrett presiding) recognized Mr. Copeland on a point of order.

Mr. Copeland:

"My point of order is only that this report out of subcommittee is in violation of Rule 60. I heartily recommend that an appropriate rule change be made and that the procedure continue to be handled on that basis of reports by the subcommittees. I notice today that there have been notifications given to members of full committee meetings, but I think the subcommittee has already reported out ten or twelve bills on subcommittee report only. I think in order to keep an orderly procedure of the House adequate changes should be made in the rule to handle this particular arrangement."

The Speaker (Mr. Garrett presiding):

"Mr. Copeland, these were assigned by the Speaker to the subcommittee and are being referred back by the committee to which they were assigned."

Mr. Copeland:

"Of course this would raise another point of order. The rules provide that the Speaker will assign bills to committee. It is entirely silent in regard to subcommittees. I only point this out. I feel we are probably operating in a borderline area. I don't think it is proper for bills to be reported out of only a partial committee. It has always been on the basis of a report of the full committee and has been signed out that way. I think an appropriate rule change should be made."

RULING BY THE SPEAKER

The Speaker (Mr. Garrett presiding):

"Mr. Copeland, we are following the same procedure that we have carried on in sessions past in the Committee on Ways and Means. It was the intent of the Speaker in referring this bill to a subcommittee on Local Government that it would be handled in the same way."

POINT OF INQUIRY

The Speaker (Mr. Garrett presiding) recognized Mr. Eldridge on a point of inquiry.

Mr. Eldridge:

"This being true, I am wondering for what purpose the full Committee on Local Government is meeting today. I notice they have listed four bills to be considered. The first of these was assigned to the Subcommittee on Counties and Junior Taxing Districts. It would seem to me that if we are going to be consistent, then that subcommittee should meet and consider this bill, not the full committee, because it was not assigned to the full committee."

The Speaker (Mr. Garrett presiding):

"Mr. Eldridge, I believe this committee meeting was called by Mr. Smith, chairman of the full committee, and I am sure that Mr. Smith has an answer for you on that. Chairman Smith."

Mr. Smith:

"Mr. Speaker and Mr. Eldridge, some of these bills that have been referred to one of the subcommittees of the Local Government Committee have a dual effect on Cities and Towns and on Counties and Junior Taxing Districts. On those bills which we feel have this dual effect, the two chairmen and myself arrange a full committee hearing by mutual agreement. If the bill has no such dual effect, then it is released and signed and sent to the House. This is the way we have decided to operate upon instructions by the Speaker, even though at one time we started to operate in a different manner. We are working fully in accordance with instructions of the Speaker of the House."

House Bill No. 88 was passed to Committee on Rules and Order for second reading.

SECOND READING OF BILLS

POINT OF ORDER

Mr. Brachtenbach:

"Mr. Speaker, before we proceed with the second reading calendar, I would like to raise a point of order."

The Speaker:

"State your point of order."

Mr. Brachtenbach:

"Mr. Speaker, I have no desire to impede the progress of this House, and we recognize the urgency of getting on with the business of the state, but I feel we have a serious legal problem here that may affect the legality of these bills. As every member of the House is aware, there is a federal court decree which specifically says that no bills shall be passed by either house or any committee thereof. Now, these bills have obviously been passed by their original committee and they have been passed by the Rules Committee. Now, the language of that decree is clear. The language of that decree is specific. It says that a bill cannot be passed by any committee. The only basis on which we have to proceed is an Attorney General's opinion which says that that office has been in 'informal communication' with the court. In the first place, I question the propriety of anyone being in 'informal communication' with the court. My point of order, Mr. Speaker, is that the legality of these bills is in serious question if we proceed in direct violation of this decree. I think we are proceeding under those conditions. For that reason, I rise to this point of order and ask for a Speaker's ruling."

The Speaker:

"Before the Speaker makes a ruling, he would like to have the Attorney General's opinion, which Representative Sawyer has in his possession, read to the House."

With the consent of the House, the Reading Clerk read the following letter from the State Attorney General, dated January 28, 1965:

Office of the Attorney General,
Olympia, Wash., January 28, 1965.

Honorable W. A. Gissberg, President Pro Tem of the Senate,
Legislative Building, Olympia, Washington.

Honorable Robert M. Schaefer, Speaker of the House of Representatives,
Legislative Building, Olympia, Washington.

GENTLEMEN:

We are writing in response to your letter of January 27, 1965, by which you asked to be advised as to what business the committees of the legislature may transact pending the enactment of a redistricting plan which is acceptable to the United States District Court having jurisdiction in *Thigpen et al., v. Kramer et al.*

The answer to your question is to be found in the language of the first full paragraph appearing on page four of the Court's decree of October 26, 1964, copy enclosed. As originally drafted by this office in response to the Court's initial ruling on October 5, 1964, this paragraph read:

"*It Is Further Ordered, Adjudged and Decreed* that except for the bills or other measures specifically listed in the preceding paragraph of this decree, no bill shall be introduced, considered or passed by either house of the Washington state legislature or any committee thereof until the legislature shall have enacted into law a legislative apportionment plan that is in compliance with Amendment Fourteen of the United States Constitution to the satisfaction of this Court upon review of the same at a hearing to be held as soon as possible after enactment of such apportionment plan, together with implementing legislation for the election of legislators from the reapportioned districts."

However, between the time of this ruling and the actual entry of the decree a memorandum was submitted to the Court by the defendant William S. Day, then Speaker of the House of Representatives. Among other things, the defendant Day asked that the proposed decree be modified to the extent of permitting the bills on all subjects to be introduced and considered by the two houses of the legislature with the committees of the legislature being permitted to function in the normal manner. In support of this request he said, in pertinent part:

" . . . Not to permit the committees of both houses to function while a reapportionment bill is being formulated will extend the legislative session insofar as the work will have to be performed subsequent to the passage of the reapportionment bill. To allow the house and senate committees to regularly function would in no way impede the formulation and passage of a reapportionment measure nor impair the Court's control over the legislature. To grant such permission would however, promote the efficient and orderly operation of the thirty-ninth legislative session. . . ."

After due deliberation, the Court decided to grant this modification and, accordingly, before entering the decree it crossed out certain language so that the decree, when entered, read as follows:

"It Is Further Ordered, Adjudged and Decreed that except for the bills or other measures specifically listed in the preceding paragraph of this decree, no bill shall be [introduced, considered or] passed by either house of the Washington state legislature or any committee thereof until the legislature shall have enacted into law a legislative apportionment plan that is in compliance with Amendment Fourteen of the United States Constitution to the satisfaction of this Court upon review of the same at a hearing to be held as soon as possible after enactment of such apportionment plan, together with implementing legislation for the election of legislators from the reapportioned districts."

Subsequently, however, questions arose as to the significance of the phrase "or any committee thereof" which was not crossed out. In order to clarify the matter, we contacted the Court on an informal basis, both last fall and again earlier this week. We were advised that having crossed out "introduced, considered or" the Court regarded "or any committee thereof" to be surplusage. In other words, the true intent of the Court, as aforesaid, was to grant in full the particular modification requested by the defendant Day as above described.

Accordingly with this background we answer the specific points of your question as follows:

- (1) The decree does permit the passage of bills out of committees into the Rules Committee;
- (2) It further permits the passage of bills out of the Rules Committee onto the floor of the House or Senate for second reading;
- (3) However, the decree *does not permit* final passage of a bill by either house for the reason that in this regard the decree clearly states that,

" . . . no bill [except as expressly permitted elsewhere] shall be passed by either house of the Washington state legislature . . . until the legislature shall have enacted into law a legislative apportionment plan that is in compliance with Amendment Fourteen of the United States Constitution . . ."

We trust that the foregoing will be of assistance to you.

Very truly yours,

JOHN J. O'CONNELL,
Attorney General,

PHILIP H. AUSTIN,
Assistant Attorney General.

RULING BY THE SPEAKER

The Speaker:

"In accordance with the Attorney General's opinion just read, the Speaker rules that we can pass bills through second reading and then they will remain in Rules Committee. I feel that the opinion, in consultation with the courts, was in the best interest of this legislature and the state."

STATEMENTS FOR THE JOURNAL

We wish to explain our position on the Point of Order raised by Mr. Brachtenbach and Speaker's Ruling since these are the first bills presented to the House for second reading in the 1965 session. In our opinion there is a serious question of the validity of the House procedure which brought these bills before us.

This session of the legislature is operating with restrictions on its normal procedures because of the decree of the United States District Court in the redistricting case of *Thigpen vs. Kramer* entered on October 26, 1964. This decree provides in part:

"It Is Further Ordered, Adjudged and Decreed that except for the bills or other measures specifically listed in the preceding paragraph of this decree, no bill shall be [introduced, considered or] passed by either house of the Washington state legislature or any committee thereof until the legislature shall have enacted into law a legislative apportionment plan that is in compliance with Amendment Fourteen of the United States Constitution to the satisfaction of this Court upon review of the same at a hearing to be held as soon as possible after enactment of such apportionment plan, together with implementing legislation for the election of legislators from the reapportioned districts."

The language clearly states "no bill shall be passed by . . . any committee". Before us for second reading are bills passed by committees. In our opinion there is a serious question whether the actions of these committees do not violate the court's order. If this action is in violation, then these bills, if finally passed, may be subject to being held invalid in subsequent court action. All other bills which have been or will be similarly reported out of their initial committees may be later declared invalid. A great deal of important legislation that we have been and will be considering may be held invalid.

We have been provided an opinion of John J. O'Connell, Attorney General, dated January 28, 1965 which states the decree of October 26, 1964 "does permit the passage of bills out of committee into the Rules Committee" and further "out of the Rules Committee onto the floor of the House." The basis of the opinion is that the Attorney General "contacted the court on an informal basis" and was advised "the court regarded 'or any committee thereof' to be surplusage".

We are informed that other parties to the suit do not agree with the opinion of Mr. O'Connell but instead maintain that the language does not permit the initial committee to report a bill out for passage. They contend the court meant what it said. We do not know which interpretation is correct. Only the court can determine this. It seems to us that with the very serious consequences to this state of important legislation being declared invalid, or at the least, undergoing the expense of re-enactment, this court order should be clarified and the Attorney General formally request the court to strike out the language he regards as surplusage. The other parties would then have an opportunity to appear and urge their point of view on the court. The court could then make its order clear and certain.

I have up to this time refrained from signing my name on any "Do Pass" reports on committees of which I am a member, even though I have been in favor of many bills which have been reported out "Do Pass". By these remarks I wish to make my position clear that I have done so because I, as stated above, question the validity of the proceedings. Since the Speaker has ruled that we must proceed under this questionable procedure, I do not wish to obstruct the business of the House and will not hereafter refrain from signing out "Do Pass" reports or voting on second reading of bills.

TWENTY-SIXTH DAY

MORNING SESSION

HOUSE OF REPRESENTATIVES,
OLYMPIA, WASH., Friday, February 5, 1965.

The Speaker called the House to order at 10.00 a. m.

The Clerk called the roll and all members were present except Representatives Bledsoe, Burtch, Hood, McCormick, Pritchard, and Warnke. Representatives Bledsoe, Burtch, Hood, and McCormick were excused.

The flag was escorted to the rostrum by a Sergeant at Arms color guard.

Prayer was offered by the Reverend Maurice Haehlon of the United Churches of Olympia.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Grant, further reading was dispensed with and the journal was ordered to stand approved.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House the Honorable Tom Monaghan, State Senator from Oregon, and appointed Representatives Garrett and Marsh to escort him to a place upon the rostrum.

The Speaker:

"I think we might like to hear how the Oregon legislature is getting along. Do you want to say a few words, Tom?"

Senator Monaghan:

"Mr. Speaker, members of the assembly, it is a great honor to be here. Our problems in Oregon are similar to yours. One of the things that differs in Oregon is that we have a surplus in our general fund budget and I understand you have some difficulty in balancing the budget. May I ask each and every one of you to visit us in Oregon. I certainly would like to extend the courtesy you have shown me here. We do not have as many representatives as you do. We have only sixty Representatives and thirty Senators in the state of Oregon. We go on the assumption that the Representatives and Senators are chosen by appropriate vote, and we believe there is a place for 'one man, one vote' in our state and that our Senators and Representatives are chosen that way. Again, I say it is indeed a pleasure to be here. Thank you very much."

Mr. Uhlman moved that the rules be suspended, House Bill No. 339 be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

YIELDING TO QUESTION

Mr. Rogers:

"Mr. Speaker, could I ask a question of Mr. Uhlman, the sponsor of this bill?"

The Speaker:

"Will you yield to question, Mr. Uhlman?"

Mr. Uhlman:

"Yes."

Mr. Rogers:

"I don't have a copy of this bill. Mr. Uhlman, does this bill provide for any change in the method of printing our journal?"

Mr. Uhlman:

"Representative Rogers, it does not. I assume you are harking back to our controversy of last session as to whether it should be printed or offset. This does not relate in any manner whatsoever to that particular controversy. This is just a routine measure which provides for the same thing we have always done, which is to give the Secretary of State a little lead time for preparing these temporary session laws so we can get them into our hands earlier. This has been cleared with the minority leader of the House Ways and Means Committee and I don't think there should be any problem here at all. It doesn't relate to your particular question at all."

Mr. Rogers:

"Does this bill come under the category of a housekeeping measure which we can pass?"

Mr. Uhlman:

"Unquestionably, Mr. Rogers. I don't think there is any question at all. This is a minor housekeeping bill. If there ever was a bill that fits this definition, this is undoubtedly it."

Mr. Rogers:

"Of course, the motion to suspend the rules is not debatable, but it appears we are proceeding with a great deal of haste. I would like to read this bill and look it over. Mr. Uhlman, would there be any objection to delaying this matter until tomorrow."

Mr. Uhlman:

"I don't have any objection, Representative Rogers, although I don't see any reason for it. It was read in full and I don't see why we should get excited about a minor housekeeping bill. I realize it is early in the session and we want to cut our teeth on these things. I would be happy to hold it over, Representative Rogers, if you personally desire that."

With the consent of the House, Mr. Uhlman withdrew his motion.

House Bill No. 339 was passed to Committee on Rules and Order for third reading.

YIELDING TO QUESTION

Mr. Clark:

"Mr. Speaker, in order that we may get a clear analysis of this even though it has been passed to Rules, would the gentleman who heads the Ways and Means Committee, Mr. Uhlman, yield to question?"

POINT OF ORDER

Mr. Uhlman:

"Mr. Speaker, the bill is not now before us. I think it is out of order to consider a question that is not before the House. I would be happy to yield, if the Speaker wishes."

RULING BY THE SPEAKER

The Speaker:

"The question can be taken up later. The bill will be before us tomorrow. It is not before us at this time."

MOTION

On motion of Mr. Day, the rules were suspended and authorization was given to add seven additional names as sponsors of House Bill No. 340.

PRESENTATION OF REPORT ADDRESSED TO THE LEGISLATURE

Washington State Arts Commission,
February 4, 1965.

To the Speaker of the House of Representatives

Enclosed please find the report of the Washington State Arts Commission pursuant to a House Resolution directing said Commission to make recommendations regarding murals for the House of Representatives.

Respectfully submitted,
WILLIAM WERRBACK, *Secretary*.

Washington State Arts Commission,
January 14, 1965.

REPORT OF THE WASHINGTON STATE ARTS COMMISSION ON PROPOSED MURALS FOR THE STATE HOUSE OF REPRESENTATIVES

In compliance with a request from the House of Representatives, the Washington State Arts Commission makes the following presentations:

The Arts Commission, recognizing that the scenic panoramas of our state should be the subject matter of the murals, also recognizes that the depiction of these scenic wonders can be accomplished in a variety of ways. The Arts Commission felt a responsibility to explore a number of approaches to the mural concept, keeping in mind contemporary art forms as well as traditional.

It is the recommendation of the Arts Commission that the artists be considered in the order listed. But it must be noted that the Commission deems each of these outstanding artists capable and qualified to produce the murals.

Because the Commission recognizes the important contributions many of our northwest artists have made in the contemporary art field, its recommendation for first consideration is:

Kathleen Gemberling of Spokane. Her work epitomizes the bond between nature and contemporary art.

For second consideration is William Cumming of Seattle. His impressionistic approach to nature's forms includes the additional element of people.

Recommended for third consideration is Walter Graham of Wenatchee. His work offers the traditional and more realistic portrayal.

Accompanying this report are portfolios from each of the artists with photographic examples of their work plus written information about their background and qualifications.

The Washington State Arts Commission wishes to thank the House of Representatives for seeking our participation and wishes to offer whatever additional help may be required to accomplish the mural project.

Respectfully submitted by the Washington State Arts Commission,
WILLIAM WERRBACK, *Secretary*.

The report was referred to Committee on Legislative Facilities and Internal Operations.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Grant, further reading was dispensed with and the journal was ordered to stand approved.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Smith on a point of personal privilege.

Mr. Smith:

"Mr. Speaker, ladies and gentlemen of the House, I knew that some day it would finally happen, and it appears that this morning it has. Finally a member of that august body called the Senate has decided he is more at home as a member of the House of Representatives. I think the House should welcome 'Representative' Davey Cowen, who has moved down from the Senate."

MOTION

On motion of Mr. Clark, the rules were suspended and Senator David C. Cowen was named an honorary member of the House of Representatives.

SPEAKER'S PRIVILEGE

The Speaker appointed Representatives O'Brien and Sawyer to escort Senator Cowen to the rostrum to make a few remarks.

Senator Cowen:

"Mr. Speaker, members of the House, you know, after spending more than thirty years here you get kind of lonesome for your old habitat. As you know, there are still a few members here who served with me in the late '30's and early '40's, Jack Rogers, Ray Olsen, John O'Brien. You get kind of lonesome sitting over in the Senate and doing nothing. (Applause.) There are some thirty graduates of the House who have moved over into the Senate and they think they are old pros, but I think over here you have more action than we have in the Senate and it's nice to come back here.

"I don't understand why you are going to fire the pages. It is my understanding that in the Senate they, too, are going to fire all of them today and bring in a new group tomorrow. As you know, it has been my custom to give the pages a little token of watches. In the early days, I bought all their uniforms. I thought I would send some little token this year and I want you to know I want to fulfill that obligation, but I would like to know how long they are going to remain in the Senate and the House.

"I want to take this opportunity to thank you for making me an honorary member of the House. If you get over to the Senate, I think I can make any of you honorary members of the Senate. Again, thank you, and I hope the balance of the session will be a good one and we will get something done and be on our way home. Mr. Speaker, I wish to thank you especially for the great honor given me this morning."

The Speaker:

"We all appreciate the kind remarks of Senator Cowen—Representative Cowen—and what you have done for the pages in the past years. I know they will appreciate anything you do for them this session as acknowledgment of their work here."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Day on a point of personal privilege.

Mr. Day:

"Mr. Speaker, ladies and gentlemen of the House, I just returned last night from a trip to Boston, Massachusetts, where I was greeted royally by some of my colleagues. Mr. Jean LeBlanc, member of the Massachusetts legislature, took me into the House and Senate where I was honored by being allowed to address both bodies.

"There were some interesting facets to their operation back there of which I would like to apprise you. Where we have ninety-nine members, they have two hundred forty members in their House. They went into session on January 6, and they said they were hopeful that they could adjourn by Thanksgiving. They have annual sessions, and each session has about five thousand bills introduced in the House. Their committee system is entirely different from ours. Every bill must be reported from committee and the committee must make a recommendation. They were very surprised when I told them I was on four committees and were not

impressed by my being on the Rules committee, because all their bills come out of Rules. Of course, they come out with a recommendation.

"In their Senate they have only forty members. The chamber is round and they have a large round table around which the Senators sit as around a conference table. Their President is elected from among the members of the Senate, so that there are only forty in all.

"I was invited during the day to a luncheon for the freshmen. They have just reapportioned the state of Massachusetts and they have seventy-one freshmen in the House. It seems they were forming a freshman block. It was very interesting. One of the older members gave quite a speech about party responsibility and the necessity for following the leadership of the older team. During this discourse it was pointed out that there was a reason for a Whip in the House. That word 'Whip' came from the English parliament in the 1700's. In those days during fox hunts they had a man who went along to keep the hounds in line. He was called a 'whipper-up' and that is where the word 'whip' originated. Now you know that when the Speaker points the whip out here, he wants all us hounds to get in line.

"I want to say it was a delightful experience to visit another legislature. Their procedure is so much different from ours that it is almost impossible to understand. They never have a roll call on anything. I think they record the votes ahead of time. Instead of suspending the reading of the bill, they read the bill three times and they read it fast. When they get all through, they call for the Ayes and Nays. No one votes. He says, 'The Ayes have it'—bang! Actually what happens is that instead of suspending the reading of the bills as we do, they suspend the calling of the roll. I think it accomplishes the same objective. It looked to me as if it would be a little more difficult than our system, but sometimes you think something is difficult when you don't understand it, and we understand our system better than we understand theirs.

"If you ever get an opportunity to visit a legislature while it is convening, by all means do it. It is quite an experience. I had the privilege also of visiting the Illinois legislature in Springfield about a year and a half ago. They are all trying to do what we are here in the state of Washington, reestablish the legislative branch in the position it deserves."

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery thirty-five members of the Ballard Lions Club, and asked them to stand and be recognized.

The Speaker observed in the north gallery thirty students from Wilson High School in Tacoma, and asked them to stand and be recognized.

The Speaker observed in the north gallery students from the 11th and 12th grades of Evergreen High School in King county, and asked them to stand and be recognized.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Thompson on a point of personal privilege. Mr. Thompson:

"Mr. Speaker, ladies and gentlemen of the House, tomorrow this nation will observe the birthday of a great American president. In anticipation of this event and with apologies for certain liberties taken with his words, I would like to read to the House a brief piece of prose. It is entitled 'The Gerrymanderburg Address'."

"Four weeks and seven days ago our constituents brought forth into these chambers, a new legislature, conceived in a landslide and dedicated by court order to the proposition of one man-one vote.

"Now we are engaged in a great uncivil war, testing whether that legislature or any legislature so conceived and so dedicated, can long endure gubernatorial veto.

"We are met on the great battlefield of the reapportionment controversy. We have come to redistrict each portion of this state, as a final resting place in many cases, for those who must give up their political lives that that state might have proportional representation. It is altogether fitting and proper that we should do this.

"But, in a larger sense, we cannot redistrict—we cannot reapportion—we cannot gerrymander this ground. The elected legislators, Republicans and Democrats, who struggle here, will determine respective weight of representation, far above our poor power to add or detract precincts. The public will little note nor long remember what we say here about redistricting, but it can never forget what a long time we take to do something about it. It is for us, the legislature, rather, to be dedicated here to the unfinished work which they who fought here—Gorton, Greive and Grant—have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from our doomed colleagues we take increased devotion to that cause for which they gave up the last full measure of voter strength, that we here highly resolve that all our bills have not been submitted in vain, that this state, under Governor Evans, shall have a new program of Democratic progress, and that government of the people, by the people, for the people, shall not perish from Green Stamps, the Columbia River Compact, and liquor on Sunday."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Clark on a point of personal privilege.

Mr. Clark:

"Mr. Speaker, with the consent of the House, I would like to read a letter from a Democratic constituent in the 43rd District, who voted against me:

"I am disgusted with the behavior of the legislature in Olympia. I usually vote Democratic. This election I split, with the majority of the state, and voted Democratic nationally and legislatively, and Republican gubernatorially. I thought you could choose a governor whose policy you admired and a legislature of your own political persuasion and expect them to work together for the betterment of the state. I thought that politicians were initially devoted to the public and secondly concerned with party. Why should this not be so? We sent Evans to you because we want what he wants. Why don't you let him give it to us? We are moving from the state, but I intend to retain my Washington voting privileges, because perhaps I will feel it necessary to vote entirely Republican in the next election if the Democrats continue to prove an impediment.

"This is signed 'Disillusioned'. Her name is here, if you want to look at the letter."

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery one hundred sixty students from Garfield High School in Seattle, and asked them to stand and be recognized.

The Speaker observed in the north gallery sixty students from Pacific Lutheran University and from the University of Victoria, and asked them to stand and be recognized.

"Mr. Speaker, ladies and gentlemen of the House, yesterday evening I had the opportunity to participate in an affair in which I wish you could all have taken part. It was 'Ella Wintler Night' in Vancouver, a 'Night for Ella' and it was a thrill the entire evening to be once again with our colleague of many, many years, who is not with us this time. She was having the time of her life.

"I want to thank you, Mr. Speaker, former Speaker O'Brien, former Speaker Day, along with Governor Evans, former Governor Rosellini, and former Governor Langlie, and many, many other people for sending letters of recognition and congratulations to this fine lady for the years of service that she has given not only to her community but in these halls.

"For some twenty-two years she has sat with us from time to time, and I don't know as she will be able to come and walk down the aisle this time but I hope she does. The thrill of her life was to be Speaker Pro Tem last session.

"Ella's night was climaxed by the presentation to her of a week's vacation on the beaches of Hawaii, with plane tickets and the whole business. If Ella is not with us, I know she is thinking of us. As I told her, there will always be a real gap in the Washington State House of Representatives, because there will never be anyone quite like Ella Wintler. She sends her regards to you and thanks very much those who were so kind as to send letters for Ella on 'Ella Wintler Night.' Thank you."

MR. SPEAKER:

We, a majority of your Committee on Constitution, Elections, and Reapportionment, to whom was referred **Engrossed Senate Bill No. 237**, reapportioning the state legislative districts, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

"**NEW SECTION.** Section 1. We, the legislature, responding to the mandate of Article II, section 3 of the Constitution directing us to redistrict and to reapportion legislative districts subsequent to each census, have conducted a thorough investigation of all relevant factors essential to the preparation of appropriate revisions which are set forth in this act.

We have consulted the 1960 federal census reports, considered the geographic, economic and sociological factors essential to the preservation of reasonable geographic and socio-economic groupings, consulted the authoritative sources for the most reliable estimates concerning population growth patterns and trends within the state as evaluating the published statistics reciting population growth patterns and trends already established as a matter of fact, reviewed the existing political boundaries, both those possible of being subject to change by legislative action and those beyond legislative control, and conducted special population counts from time to time to determine better and to evaluate formulas necessary to prepare a proper redistricting and reapportionment measure. Based upon our investigation and studies, we, the legislature, have determined that legislative redistricting and reapportionment, as set forth in this act, represents an allocation of legislators within the districts established so as to provide as near equality of representation to the inhabitants of the state of

Washington as is possible under the circumstances, as required by the state and federal Constitutions.

We, the legislature, in determining the actual district boundaries and the allocation of legislators to each, have resorted to factors and formulas found to be most reliable for each of the districts concerned, and the formulas and factors used for any specific area were applied only after careful confirmation of their validity by testing against the findings of facts resulting from our investigation.

RESOLUTIONS

Resolution by Representatives Copeland and O'Brien:

WHEREAS, Today, Friday, February 12, 1965, is the 156th anniversary of the birth of Abraham Lincoln; and

WHEREAS, As the sixteenth President of the United States, Abraham Lincoln served through the most trying and difficult days in the history of our Republic and under his inspired leadership the Union was preserved and the slave set free; and

WHEREAS, Lincoln always placed the good of his country over personal gain and the demands of citizenship over the pleasures of partisanship; and

WHEREAS, Lincoln believed that the individual has a God-given dignity and that government exists to be the servant of the individual and not his master; and

WHEREAS, Lincoln held to the following basic principles and beliefs, which are the foundation of our American form of government:

(a) that the individual has the right and capacity to govern himself, to set his own goals, and to make his way to them without the restraints of dictatorship or paternalism;

(b) that the basic function of government is to maintain an environment in which the individual can freely develop powers of mind, heart and body with which his Creator endowed him;

(c) that government should do for the people only the things they cannot do for themselves;

(d) that the federal government should act only when the people are not served adequately by state or local governments; that the system of the separation of powers and of checks and balances is necessary to prevent a monopoly of power in any branch of government;

(e) that there should be special privilege to none and equal opportunity to all citizens;

(f) that the government must prudently weigh needs against resources, put first things first, rigorously tailor means to ends, and understand the difference between words and deeds, as the future will be built by those who work for it—not by those who only promise it.

WHEREAS, Lincoln believed in responsible men and responsible government and opposed those whose concern with selfish political interests would hamper and distort those ends; and

WHEREAS, The life and character of Lincoln have provided a supreme guide and inspiration for all men of good will, devoted to the principles of freedom and self-government; and

WHEREAS, All men of whatever political persuasion should reflect upon the character and leadership provided by Lincoln and fervently pray that in the present day and in the years to come we might once again be blessed with leadership of the type given by Abraham Lincoln;

Now, Therefore, Be It Resolved, That the House of Representatives of the Thirty-ninth Legislature of the state of Washington commemorate, observe and reflect upon the life and contributions of Abraham Lincoln to our nation and to its people.

On motion of Mr. Copeland, the resolution was adopted.

WHEREAS, Mr. Joel Gould is an experienced and knowledgeable banker; and

WHEREAS, The members and employees of the House of Representatives of the state of Washington are often in need of the services of a banker who can accept deposits, furnish necessary supplies and make loans;

Now, Therefore, Be It Resolved, By the House of Representatives that Mr. Joel Gould be appointed Vest Pocket Banker for the members and employees of the House of Representatives and be authorized to accept deposits, furnish supplies and make loans to the members and employees during the 1965 regular and special sessions, if there be special sessions.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Sawyer on a point of personal privilege.

Mr. Sawyer:

"Mr. Speaker, ladies and gentlemen of the House, for all of you who have left your loved ones at home while you are attending to the business of the state, I should like to share with you the valentine and its sentiments which my wife has sent me. The message on it is: 'Let me call you Sweetheart. I can't remember your name.'"

PERSONAL PRIVILEGE

The Speaker recognized Mr. Burtch on a point of personal privilege.

Mr. Burtch:

"I would like to point out to all of you that the members of the legislature will find in their postoffice boxes a recent issue of the *Washington Law Review* which is published five times a year by the University of Washington. This particular issue deals with legislative problems and, in particular, with the state tax structure. It has information in it which I think is very important."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Clark on a point of personal privilege:

Mr. Clark:

"Mr. Speaker, ladies and gentlemen of the House, I would like to recall a little historical background. Forty years ago on the thirty-third day, which this is, of a legislative session, there was some unhappiness in the legislature concerning, apparently, a veto by the then governor in 1925. In any event, on this particular thirty-third day of that session, they adjourned *sine die*.

"In your books resting quietly in the committee that has passed out so many redistricting bills, you will find House Joint Resolution No. 8 put in several weeks ago, which would establish a committee of both parties of the House and Senate with the Speaker as chairman, making thirteen members, providing a method by which we could do the redistricting and reapportionment without any expense to the state except for those thirteen members. Then, with a certification of the majority of the members of the Senate and House, we could reconvene on a call of the governor to do our work, and we could save a very substantial amount of money, about a half million dollars up to this date.

"Now we have that opportunity to go home and have the work done. It will be done by members of both parties. It will be a bill that can be signed by the governor and it can be passed. We don't have to delegate any authority to anyone who isn't informed as to what should be done or any stranger, which would be totally unsatisfactory and would probably result in a bill that wouldn't pass in any event. Then we can come back here and do the business for which we were elected.

"Both parties deserve high criticism, particularly the majority party, because they have impeded the work of the legislature by not being able to resolve this issue although they have the votes and know the guidelines set down. We are in the same position as the legislature was forty years ago on this date. Let's resolve our differences. We have a program in the house joint resolution that will let us go home, and when it is resolved as to redistricting, we can come back and do our assignment and save all this subsistence and other money that is being squandered by us now. Let's not delay another day. Let's get out of here."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Burtch on a point of personal privilege.

Mr. Burtch:

"Mr. Speaker, I don't want to take too much of the time of the House, but I would suggest this, which should make Representative Clark happier. He can go home and the others also who do not wish to work on this problem, and the ones who do want to work will stay here and redistrict the state."

MOTION

On motion of Mr. Sawyer, the House adjourned until 11:00 a. m., Saturday, February 13, 1965.

YIELDING TO QUESTION

Mr. Burtch:

"Mr. Speaker, I wonder if Representative Haussler would yield to question?"

The Speaker:

"Representative Haussler, will you yield to question?"

Mr. Haussler:

"Certainly."

Mr. Burtch:

"Will you explain why this is being limited to just those two classes of counties?"

Mr. Haussler:

"We had quite a hearing on this and it was the consensus of the committee that it would be better to extend it to these counties and see how it would work out. Later on it could be extended to other counties if they wished it."

Mr. Burtch:

"Representative Haussler, will you yield to another question?"

Mr. Haussler:

"Representative Smith actually held the hearing on this bill. Maybe he would like to answer the questions on it."

Mr. Burtch:

"I was wondering if there was a request from any other counties for this authorization."

Mr. Haussler:

"I can answer that question. There was not."

The motion was carried and the amendment was adopted.

"Mr. Speaker, I wonder if Representative Olsen would submit to a question?"

The Speaker:

"Representative Olsen, will you yield to question?"

Mr. Olsen:

"Yes."

Mrs. Hurley:

"Mr. Olsen, my question is with reference to the words on line 9 'including open spaces'. It seems to me that permitting the use of eminent domain just so you can have open spaces makes a pretty weak argument."

Mr. Olsen:

"Mrs. Hurley, the open space is a park which we want to develop across the street along the side of the new municipal building. Under this park we would like to have underground parking for our county cars. That is the reason for the open space."

Mrs. Epton moved that the House defer further consideration of House Bill No. 160 and that the bill be ordered held for tomorrow's second reading calendar.

Debate ensued, Representative Smith speaking against the motion, and Representatives Perry, Hurley, and Johnston (Elmer E.) speaking in its favor.

MARK LITCHMAN, *Chairman*,
DORIS JOHNSON, *Vice Chairman*.

We concur in this report: Eric O. Anderson, Robert F. Brachtenbach, Eric D. Braun, Frank B. Brouillet, Norwood Cunningham, Arlie U. DeJarnatt, Robert F. Goldsworthy, Hugh "Bud" Kalich, Mary Stuart Lux, Audley F. Mahaffey, W. O. E. "Bill" Radcliffe, Gerald L. Saling, Georgette Valle.

Debate ensued, Representatives Litchman and Brouillet speaking in favor of adoption of the amendment.

The motion was carried and the amendment was adopted.

On motion of Mr. Litchman, the committee amendment on page 1, section 3, line 27, was adopted.

Mr. Litchman moved that the committee amendment on page 2, section 4, line 4, be not adopted.

YIELDING TO QUESTION

Mr. Johnston (Elmer E.):

"Mr. Speaker, I would like to ask Mr. Litchman a question if I may."

The Speaker:

"Go ahead, Mr. Johnston."

Mr. Johnston:

"Mr. Litchman, I don't follow why you are striking out the principle of secret ballot that was agreed to in committee."

Mr. Litchman:

"The amendment we voted down on the prior page is identical to this one here. The new amendment which is proposed will still provide for a secret ballot. Unfortunately, the amendment drafted by the committee did not do what was intended, and the new amendment which I will offer will take care of that."

Mr. Johnston:

"You are retaining the secret ballot?"

Mr. Litchman:

"Yes, we are."

YIELDING TO QUESTION

Mr. Canfield:

"Mr. Speaker, will Mr. Litchman yield to another question?"

The Speaker:

"Mr. Litchman, will you yield to question?"

Mr. Litchman:

"Yes, I will be happy to."

Mr. Canfield:

"This is meant to be constructive. I don't like the words 'secret election'. That isn't what is intended. What you mean is secret ballot. You don't mean that the election itself is to be secret, do you?"

Mr. Litchman:

"Thank you, sir. You are absolutely correct. The wording should be that."

The motion was carried, and the committee amendment on page 2, section 4, line 4, was not adopted.

Mr. Litchman moved adoption of the following amendment:

On page 2, section 4, line 3, after "college" and before "the certificated" strike "which represents the majority of" and insert ", which organization shall, by secret ballot, have won a majority in an election to represent"

YIELDING TO QUESTION

Mr. Eldridge:

"Mr. Speaker, would Representative Litchman yield to question?"

The Speaker:

"Mr. Litchman, will you yield to question?"

Mr. Litchman:

"Yes."

Mr. Eldridge:

"Well, this may not be quite germane to the amendment, Representative Litchman, but I am wondering why, when a community college is part of a local school district with one board of directors, it is necessary to have two separate organizations on the employees' side. These instructors from years eight through fourteen are all hired and their checks approved by the same board of directors. Why is it necessary to have them dealing with two separate groups? I am in favor of separating the community college from the local school district, but as long as we have them under one school board, why is it necessary to have them bargaining with two different groups?"

Mr. Litchman:

"Actually we are talking about two separate groups. The community colleges, of course, don't have anything to do with the high schools and grade schools. Furthermore, the organizations are separate. The board of directors of the community college would only be dealing with one particular group and their group might be different from the school superintendents' group. In other words, the majority of the people in the community college might vote in the American Federation of Teachers, but the high school and secondary schools might vote in the WEA. So I feel that the one organization should be allowed to represent the community colleges, which would be separate from the noncommunity colleges."

On motion of Mr. Brouillet, the House deferred further consideration of House Bill No. 154, and the bill was ordered held for tomorrow's second reading calendar.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery forty members of the Evergreen Club of Enumclaw, and asked them to stand and be recognized.

The Speaker observed in the north gallery thirty-five students from Seattle University, and asked them to stand and be recognized.

Authorizing annexation of nonhigh school districts to contiguous school districts containing a high school.

The bill was read the second time by sections.

Mr. Anderson (Eric O.) moved adoption of the following amendment:

On page 2, line 3, after "notification" and before the period insert " : *Provided further*, That when a proposal has been approved by the state board and the annexation involves a non-high school district located within the boundaries of an established Indian reservation, the proposal shall not take effect until it has been approved in a special election by the voters of the school districts involved. Notice of the special election shall be given as required by RCW 28.57.080. Whenever a special election is held to approve annexation, the votes cast by electors in each component district shall be tabulated separately and the proposal shall be considered approved only if it receives a majority of the votes cast in each separate district voting thereon"

Debate ensued, Representatives Anderson (Eric O.), Burtch, Haussler, and King (Chet) speaking in favor of adoption of the amendment, and Representatives Mahaffey, Litchman, Hood, and Pierre speaking against its adoption.

MOTION

Mr. Conner moved that the amendment be laid on the table.

POINT OF ORDER

The Speaker recognized Mr. Litchman on a point of order.

Mr. Litchman:

"Mr. Speaker, since we are operating under temporary rules, I would like to know whether we are still following the rule that a motion to table an amendment will table the bill?"

RULING BY THE SPEAKER

The Speaker:

"A motion to table the amendment would take the bill with it."

Mr. Litchman demanded an electric roll call, and the demand was sustained.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Anderson (Eric O.):

"Mr. Speaker, I would appreciate an opportunity to close debate."

RULING BY THE SPEAKER

The Speaker:

"The motion to lay on the table is not debatable."

The Clerk called the roll on the motion to lay the amendment by Mr. Anderson (Eric O.) on the table, and the motion was lost by the following vote: Yeas, 26; nays, 67; absent or not voting, 6.

Those voting yea were: Representatives Ahlquist, Avey, Backstrom, Berentson, Bledsoe, Brouillet, Conner, Day, Eldridge, Flanagan, Gallagher, Haussler, Huntley, Jastad, King (Chet), May, McCaffree, Moos, Newschwander, Savage, Sawyer, Slagle, Swayze, Traylor, Warnke, Wolf—26.

Those voting nay were: Representatives Adams, Andersen (James A.), Anderson (Eric O.), Angevine, Beck, Bergh, Bottiger, Bozarth, Brachtenbach, Braun, Burtch, Canfield, Chatalas, Clark, Copeland, Cunningham, DeJarnatt, Dootson, Elder, Epton, Garrett, Goldsworthy, Gorton, Grant, Harris, Hawley, Hood, Humiston, Hurley, Johnson (Doris), Johnston (Elmer E.), Jolly, King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, McDougall, Moon, Newhouse, O'Brien, O'Dell, O'Donnell, Olsen, Perry, Pierre, Pritchard, Radcliffe, Rogers, Saling, Sheridan, Taplin, Taylor, Thompson, Valle, Wang, Whetzel, Witherbee, Mr. Speaker—67.

Those absent or not voting were: Representatives Jueling, Kalich, McCormick, Morphis, Smith and Uhlman.

The Speaker declared the question before the House to be the motion by Mr. Anderson (Eric O.) to amend House Bill No. 350 on page 2, line 3.

YIELDING TO QUESTION

The Speaker recognized Mr. Johnston (Elmer E.).

Mr. Johnston:

"Mr. Speaker, will Mr. Mahaffey answer a question? After Mr. Pierre had spoken I was quite confused. Is it true that the bill as proposed would close the Nespelem school system?"

The Speaker:

"Mr. Mahaffey, will you yield to question?"

Mr. Mahaffey:

"I would be happy to. I can assure Mr. Johnston that very seldom have they closed any of these elementary schools as the result of this consolidation. This is a matter of absorbing the old district into the high school district and these elementary schools are not closed. They still continue to operate. In fact, this will enhance their opportunity to have something to say about the operation of the high school, because they will have an opportunity to vote for the school board."

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery a group of students from the Bellevue Junior High School, and asked them to stand and be recognized.

Further debate ensued, Representative May speaking in favor of adoption of the amendment by Mr. Anderson (Eric O.).

YIELDING TO QUESTION

Mr. Adams:

"Mr. Speaker, I would like to ask a question of Mr. Mahaffey, if I may."

The Speaker:

"Mr. Mahaffey, will you yield to question?"

Mr. Mahaffey:

"Yes, Mr. Speaker."

Mr. Adams:

"There is something which hasn't been discussed about which I have a question. If you consolidated, then this district which is not included under the tax base for this high school would then contribute a tax to the high school, where at the present time they are sending their children over to the other school and probably not making payments to the school where they are going. This is an area I would like to get cleared up."

Mr. Mahaffey:

"Dr. Adams, this is exactly true. Where the nonhigh district now pays a small share of the operation of the high school, under this consolidation the entire base of that area goes into the high school district. Therefore, they will contribute more than they do now and will contribute more fairly. Not only this, but there are many nonhigh school districts that aren't even levying their fourteen mills, which they could be doing to assist the high school."

Further debate ensued, Representatives Day, Moos, and Burtch speaking in favor of adoption of the amendment.

MOTION

Mr. Sawyer moved that House Bill No. 350 be indefinitely postponed.

Debate ensued, Representatives Sawyer and Hurley speaking in favor of the motion, and Representative Litchman speaking in opposition.

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

The Speaker called on Mr. Garrett to preside.

Further debate ensued, Representative Bottiger speaking in favor of the motion, and Representatives Johnson (Doris) and Mahaffey speaking against it.

The Speaker resumed the chair.

Mr. Haussler demanded the previous question, and the demand was not sustained.

YIELDING TO QUESTION

Mr. Harris:

"Mr. Speaker, I would like to ask Mr. Mahaffey a question. I am not on the committee, but it is my understanding that heretofore when there is a consolidation and annexation of school districts, we have done this by a vote of the people. From what I can tell from reading the bill, there is no decision left to the people themselves. The county committee is supposed to send the proposal to the state board and they make the decision. That is the first question I have. The second question is this: Suppose a smaller unit is being absorbed into the larger unit. Will it then be responsible for any bonded indebtedness already accumulated and force that debt upon people who had no part in it when the debt was made?"

The Speaker:

"Mr. Mahaffey?"

Mr. Mahaffey:

"Mr. Harris, in answer to your first question, the present law requires that in order for districts to be consolidated there be a fifty percent vote of the people in that district to be annexed, and many districts have been doing that. In fact, two or three of those nonhigh districts came into our hearing and spoke in favor of this bill, because they wish to avoid community strife and animosity that is engendered. Now, this bill would provide for a public hearing before the county committee, which would then formulate a plan and this would be presented to the state board of education. They would approve or reject it and if they rejected it, the county board would have to provide another plan. There is still an opportunity for a public hearing and for the people to be heard. It doesn't mean that they are all going to be gobbled up. There are seven or eight districts of over three hundred students that might conceivably become high school districts in the future. Maybe they shouldn't be consolidated at this time and perhaps someone has an amendment to this bill in that regard.

"In regard to your second question as to bonded indebtedness, I believe it is true that the consolidated district would have to join in to pay previous indebtedness of the high school district, but I am not conversant with that part of the law and I could be wrong. I have been away from the consolidated areas for a while and I can't be sure."

Further debate ensued, Representative Pierre speaking in opposition to the motion to indefinitely postpone House Bill No. 350, and Representative Ahlquist speaking in favor of the motion.

Mr. Sawyer requested permission of the House to withdraw his motion to indefinitely postpone House Bill No. 350. Mrs. Hurley objected to the request.

MOTION

Mr. Sawyer moved that the House defer further consideration of House Bill No. 350, and that the bill be ordered held for tomorrow's second reading calendar.

POINT OF ORDER

The Speaker recognized Mr. Johnston (Elmer E.) on a point of order.

Mr. Johnston:

"Mr. Speaker, did the Speaker rule on Mr. Sawyer's request to withdraw his previous motion?"

The Speaker:

"Mr. Sawyer withdrew his request and made a motion to put the bill on tomorrow's second reading calendar in the same position as it now is."

MOTION

Mr. Johnston (Elmer E.) moved that House Bill No. 350 be rereferred to the Committee on Education and Libraries.

RULING BY THE SPEAKER

The Speaker:

"Your motion would be out of order. It is of the same rank as Mr. Sawyer's motion to defer further consideration of the bill until tomorrow, and as Mr. Sawyer's motion was made first, his motion would have to be considered first by the House."

POINT OF ORDER

The Speaker recognized Mrs. Hurley on a point of order.

Mrs. Hurley:

"Mr. Speaker, I thought that in order for a member of the House to withdraw a motion, it had to be with the unanimous consent of the House. I objected. I just don't follow from there, Mr. Speaker."

The Speaker:

"Mrs. Hurley, the motion to indefinitely postpone House Bill No. 350 is still before us. Mr. Sawyer has now made a motion to postpone further consideration of this bill until tomorrow, which will keep this bill before us on the second reading calendar. If you pass the motion that Mr. Sawyer has just made, you will still have before you the motion to indefinitely postpone this bill."

Further debate ensued, Representatives Sawyer and Litchman speaking in favor of the motion to defer further consideration of House Bill No. 350 until tomorrow's second reading calendar.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery forty-five women from the Young Women's Christian Association in Bellingham, and asked them to stand and be recognized.

The Speaker observed in the south gallery fifty Young Democrats and Young Republicans, students from Olympic College in Bremerton, and asked them to stand and be recognized.

The Speaker observed in the south gallery seventy students from the Yelm High School, and asked them to stand and be recognized.

MOTION

Mr. O'Brien moved that the House grant the request of Mr. Sawyer to withdraw his motion that House Bill No. 350 be indefinitely postponed.

RULING BY THE SPEAKER

The Speaker:

YIELDING TO QUESTION

Mr. Brachtenbach:

"Mr. Speaker, would Mr. Litchman yield to question?"

Mr. Litchman:

"Yes, I will yield."

Mr. Brachtenbach:

"In the proposed new section 9, Mr. Litchman, in the fourth line the word 'agency' is used. I notice in a quick review of the bill that this is apparently the only place where it is used. It apparently refers to the school district or board of directors. I am wondering why the word 'agency' is used."

Mr. Litchman:

"Representative Brachtenbach, this amendment was prepared and adopted by the subcommittee. I see no conflict in the use of the word 'agency' but if you think the word is ambiguous, I would be happy to set the bill over to take care of it."

Mr. Brachtenbach:

"I think the word should be changed, Representative Litchman, as it is foreign to all the rest of the bill. I have no objection to doing it immediately."

On motion of Mr. Brachtenbach, the following amendment to the committee amendment, adding a new section 9 to House Bill No. 154, was adopted:

The Speaker observed in the north gallery a group of students from Blaine Junior High School in Seattle, and asked them to stand and be recognized.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Backstrom on a point of personal privilege.

Mr. Backstrom:

"Mr. Speaker, Ladies and Gentlemen of the House, today is the 39th day of this session, and this is the 39th session of the Washington State Legislature. Although this is slightly late for my 39th birthday, I thought that, as a member of the House from the 39th District, I might have this opportunity to say just a few words.

"We have, in a MC/CARE/FREE manner, drawn lines and curves and applied figures which ordinarily we would only see on the beaches in King county, Moos in Lincoln county, and Daddy Day in Spokane. All this with the GREIVE/EOUS results that these JERRY/built districts have become decorations upon the walls of Room 8.

"With the indulgence of the members of this House, I have asked the pages to give each of you a pin that says simply, 'WE TRY HARDER'. I hope each of you will wear it, and that this pin will inspire each of you to try once again to solve this tangled web.

"Additionally, we have been busy these 39 days, for we have introduced more than 600 bills; we have held committee meetings; considered, amended, and debated numerous bills upon second reading.

"And so I beseech the Guiding Power to GRANT us fortitude to SAIL/IN to position with the aid of SLADE and all frustrated representatives. I, for one, do not want a member of the 49th District to stand upon the rostrum ten days from now and say, 'Well, here we are, still redistricting!' Preferably, Mr. Speaker, I hope you can say, on the 49th day, 'We did it!'"

PERSONAL PRIVILEGE

The Speaker recognized Mr. Clark on a point of personal privilege.

Mr. Clark:

"Mr. Speaker, may I respond to the wonderful remarks of my esteemed colleague on the other side of the aisle. I am wearing the button he just gave us. Although it is the first gift he has ever made, I trust it will not be the last. He is totally sincere in his comments and I certainly congratulate him on making them."

PERSONAL PRIVILEGE

The Speaker (Mr. Garrett presiding) recognized Mrs. Valle on a point of personal privilege.

Mrs. Valle:

"Mr. Speaker, ladies and gentlemen of the House, this is indeed personal to me. We are in the fortieth day of this legislative session and each one of you at this moment might really rise for a point of personal privilege. I would simply like to say—and perhaps I should have a carpetbag for visual effect—I would like to say that in England they have been doing this for years. They have been allowing candidates to run for office in districts in which they do not live. This would solve all our problems. In our own Congressional districts, you do not have to live in your own Congressional district to run, just live in the state of Washington. After all, why should we deprive the party and people of highly qualified candidates, just because they don't live in that particular district? I think this is a realistic measure which recognizes present practices. Some legislators now maintain token residences in districts in which they are elected but actually live elsewhere. I will leave it there."

POINT OF ORDER

The Speaker (Mr. Garrett presiding) recognized Mr. Brouillet on a point of order.

Mr. Brouillet:

"Mr. Speaker, does the motion to rerefer open the bill to debate on its merits?"

RULING BY THE SPEAKER

The Speaker (Mr. Garrett presiding):

"Mr. Brouillet, I believe in order to determine what committee it should be in you have to discuss the contents of the bill."

Representative Savage completed his remarks.

The Speaker resumed the Chair.

YIELDING TO QUESTION

Mr. Eldridge:

"Mr. Speaker, would Representative Savage yield to question?"

The Speaker:

"Would Representative Savage yield to question?"

Mr. Savage:

"Yes, sir."

Mr. Eldridge:

"Representative Savage, I don't believe under the provisions of this bill that the forest funds would be thrown into the pot and redistributed throughout the state. It is my understanding these funds would be considered as local funds in each district, and it might reduce the amount of the equalization money from the state, but they wouldn't be redistributed throughout the state. Now, is this right or wrong?"

Mr. Savage:

"This is pursuant to RCW 36.33.110, and to me this means distributed throughout the state to many counties that have no problems as far as forest lands are concerned."

YIELDING TO QUESTION

Mr. Smith:

"Mr. Speaker, would Mr. Litchman yield to question?"

The Speaker:

"Mr. Litchman, will you yield to question?"

Mr. Litchman:

"I will try to yield, Mr. Smith."

Mr. Smith:

"Mr. Litchman, if it is important that this bill go to Ways and Means out of Local Government, then why as chairman did you not make a motion to put it in Ways and Means when it came up earlier?"

Mr. Litchman:

"It was supposed to go to the Rules Committee. I was not present on the floor at the time the motion was made by the chairman of the other committee and unfortunately many of the other members were not present at the time either."

Further debate ensued, Representative Smith speaking against the motion to rerefer House Bill No. 426 to the Committee on Ways and Means, and Representatives Radcliffe and DeJarnatt speaking for the motion.

Mr. Uhlman demanded an electric roll call, and the demand was sustained.

Further debate ensued, Representatives King (Chet) and Kalich speaking in opposition to the motion, and Representative Lux speaking in its favor.

YIELDING TO QUESTION

Mr. Rogers:

"Mr. Speaker, I wonder if the chairman, Mr. Litchman, will yield to question?"

The Speaker:

"Would Mr. Litchman from King yield to question?"

Mr. Litchman:

"I will yield."

Mr. Rogers:

"Mr. Litchman, does this bill contemplate the application of 874 funds in the new formula?"

Mr. Litchman:

"Yes, we are talking about forest funds, 874 funds and other funds, such as NDEA funds, some \$14 million in all."

Further debate ensued, Representatives Rogers, Sheridan, Conner, and Traylor speaking in opposition to the motion, and Representative Flanagan speaking in its favor.

Mr. Grant demanded the previous question, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Smith on a point of parliamentary inquiry.

Mr. Smith:

"Mr. Speaker, would you explain to the members what their vote means?"

The Speaker:

"The motion before the House is Mr. Litchman's motion to rerefer House Bill No. 426 from the Committee on Local Government, Subcommittee on Counties and Junior Taxing Districts to the Committee on Ways and Means, Subcommittee on Appropriations. A vote 'Aye' will rerefer that bill; a vote 'No' will leave the bill where it is in the Committee on Local Government, Subcommittee on Counties and Junior Taxing Districts."

POINT OF INQUIRY

The Speaker recognized Mr. Haussler on a point of inquiry.

Mr. Haussler:

"Mr. Speaker, with the consent of the House, I would like to make one statement concerning the bill."

The Speaker:

"No, not by law. I don't know what security measures are now provided; perhaps Mr. Copeland can answer that."

YIELDING TO QUESTION

The Speaker:

"Will the lady from Spokane yield to question?"

Mrs. Epton:

"Yes, Mr. Speaker."

Mr. Uhlman:

"Mrs. Epton, I notice that you are raising payments from \$100.00 to \$125.00 per month and are liberalizing the provisions from 'accepted' persons to 'acceptable' persons. I am referring to the possibility of a fiscal impact which might mean this bill should go into the Appropriations Committee for study."

Mrs. Epton:

"Mr. Uhlman, I am glad you asked this question now while we still have plenty of time to talk about it. There is no financial impact on the appropriations as set forth in this bill. The \$125.00 is merely to take care of emergencies, which would be extremely rare. The amount provided in the budget for the total program is \$140,000 and the program has to operate within that amount or whatever amount the Appropriations Committee sets forth in the final draft of the appropriations bill. There would be no impact on that as far as this bill is concerned."

MOTION

On motion of Mr. Sawyer, the House recessed until 12:15 p. m.

AFTERNOON SESSION

The Speaker called the House to order at 12:15 p. m.

The Clerk called the roll, and all members were present except Representatives Braun, Litchman, Rogers, and Uhlman. Representative Litchman was excused.

MOTION

Mr. Sawyer moved that the House adjourn until 8:00 p. m., Sunday, February 21, 1964.

Mr. Brachtenbach demanded an electric roll call, and the demand was sustained.

MOTION

Mr. Andersen (James A.) moved that the House recess until 2:00 p. m. today.

RULING BY THE SPEAKER

The Speaker:

"Your motion is not in order. The motion to adjourn is of a higher rank."

Mr. Andersen (James A.) demanded a call of the House, and the demand was sustained

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll.

POINT OF INQUIRY

The Speaker recognized Mr. O'Brien on a point of inquiry.

Mr. O'Brien:

"Mr. Speaker, who are the absent members?"

The Speaker:

"Representatives Braun, Day, Litchman, and Uhlman."

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Mr. Speaker, isn't it normal procedure for the Speaker of the House to announce the members absent and instruct the Sergeant at Arms to bring in the absent members?"

The Speaker:

"Yes, after the roll call has been completed. The Clerk has not announced the roll call as yet."

Mr. Braun appeared at the bar of the House.

Mr. Sawyer moved that the absent members be excused and the House proceed with business under the call of the House.

The Speaker requested that the Clerk announce the names of the absent members. Those absent were Representatives Day, Litchman, and Uhlman.

Mr. O'Brien demanded an electric roll call on the motion to excuse the absent members and proceed with business under the call of the House, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Andersen (James A.) on a point of parliamentary inquiry.

Mr. Andersen:

"Mr. Speaker, is this motion debatable?"

The Speaker:

"No, it is not."

POINT OF ORDER

The Speaker recognized Mr. Brachtenbach on a point of order.

Mr. Brachtenbach:

"Mr. Speaker, under Rule 68, it provides that absent members shall be brought in by the Sergeant at Arms. Now we are, in effect, going around this rule. Earlier this morning a motion was made to suspend the rules and it was ruled as being debatable."

RULING BY THE SPEAKER

The Speaker:

"This is a motion to excuse absent members and is not a regular suspension of the rules. If the majority of this body desires to excuse absent members and proceed with business under the call of the House, that can be done, even before the Sergeant at Arms is requested to bring in absent members."

POINT OF ORDER

The Speaker recognized Mr. Brachtenbach on a point of order.

Mr. Brachtenbach:

"Mr. Speaker, again referring to Rule 68, it provides that the Clerk shall furnish the Sergeant at Arms with a list of those absent without leave and the Sergeant at Arms shall proceed to bring in such absent members. We are not under the call of the House until this procedure has been completed."

The Speaker:

"At this time, the Clerk has handed the Sergeant at Arms a list of the absent members. We will now consider the motion."

POINT OF ORDER

The Speaker recognized Mr. Eldridge on a point of order.

Mr. Eldridge:

"Mr. Speaker, we seem to have one hundred members on the floor. There is someone who has been moving around through the House Chamber. I wonder if he shouldn't be removed?"

The Speaker:

"I understand we had some members from the other Chamber on the floor a few minutes ago. I think it is poor practice to have other than members on the floor of the House."

The Speaker declared the question before the House to be the motion by Mr. Sawyer to excuse the absent members and proceed with business under the call of the House.

The Clerk called the roll, and the motion was carried by the following vote: Yeas, 57; nays, 39; absent or not voting, 3.

POINT OF ORDER

Mr. Copeland:

"Mr. Speaker, we are now operating under a call of the House. A motion to adjourn during the period we are under a call of the House is obviously out of order."

The Speaker:

"That is correct, Mr. Copeland."

On motion of Mr. O'Brien, the House dispensed with further business under the call of the House.

The Speaker declared the question before the House to be the motion by Mr. Sawyer that the House adjourn until 8:00 p. m., Sunday, February 21, 1965.

EXPLANATION OF VOTE

On Saturday, February 20, I voted "aye" on a motion to adjourn to 8:00 p.m. Sunday. I did so in order to attend an important Appropriations Committee meeting, and to continue work on redistricting. The Republican opposition to this motion could only result in delay in the consideration of these important committee functions.

MEMORIAL TRIBUTE

Representative Epton

"Somewhere between the idea and the reality falls the shadow." The philosopher-poet, T. S. Eliot, who wrote those words described, inadvertently no doubt, man's

timeless search for law and order and for a discipline that would transcend the shadow of his own vast desires.

For a fleeting hour, here today, we honor twenty-eight former members of the Washington state legislature. The compass of their service spans fifty-four years. Their ayes and nays and the principles which impelled them to write into the record their interpretation of the common good have designed the course and pattern of our present laws.

The fragrance of a flower tribute, the sound of music, and the bonds of this communion are the symbols of the esteem in which we, and their families and friends, hold the memory of each one of them and also the measure of our own faith in the rightness of the law and order and the reality of the idea which they were seeking to accomplish.

IN MEMORIAM

In tribute to the memories of these distinguished former members of the Senate and House who have passed from among us, we, the memorialists of the Thirty-ninth Session, convey the respects of the Washington State Legislature, and present our memorials to be preserved in the Book of Memory, in the custody of the Secretary of State:

"**NEW SECTION.** Section 1. We, the legislature, responding to the mandate of Article II, section 3 of the Constitution directing us to redistrict and to reapportion legislative districts subsequent to each census, have conducted a thorough investigation of all relevant factors essential to the preparation of appropriate revisions which are set forth in this act.

"We have consulted the 1960 federal census reports, considered the geographic, economic and sociological factors essential to the preservation of reasonable geographic and socio-economic groupings, consulted the authoritative sources for the most reliable estimates concerning population growth patterns and trends within the state as well as evaluating the published statistics reciting population growth patterns and trends already established, reviewed the existing political boundaries, and conducted special

population counts to determine better and to evaluate formulas necessary to prepare a proper redistricting and reapportionment measure. Based on our investigation and studies, we, the legislature, have determined that legislative redistricting and reapportionment, as set forth in this act, represents an allocation of legislators within the districts established so as to provide as near equality of representation to the inhabitants of the state of Washington as is possible under the circumstances, as required by the state and federal Constitutions.

"We, the legislature, in determining the actual district boundaries and the allocation of legislators to each, have resorted to factors and formulas found to be most reliable for each of the districts concerned, and the formulas and factors were applied only after careful confirmation of their validity by testing against the findings of facts resulting from our investigation.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Mr. Speaker, if we are amending section by section, apparently we have already passed this section. Is it the Speaker's wish that we go ahead and allow sections to be reopened?"

POINT OF ORDER

The Speaker recognized Mr. O'Brien on a point of order.

Mr. O'Brien:

"Mr. Speaker, we didn't read this bill section by section. By custom of the House, when you read the last line, you can go back and forth."

RULING BY THE SPEAKER

The Speaker:

"The custom of the House has been, Mr. Copeland, that we can go back and forth on these amendments when we have read the last line. It is the ruling of this Speaker that this amendment may be permitted at this time."

The motion was carried, and the amendment to page 15 of the committee amendment was adopted.

The committee amendment as amended was adopted.

On motion of Mr. Grant, the committee amendment to the title was adopted.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

On motion of Mr. Sawyer, the rules were suspended, Engrossed Senate Bill

No. 333 as amended by the House was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued, Representative Grant speaking in favor of passage of the bill.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"I would like to ask, Mr. Speaker, whether Mr. Grant is talking about Senate Bill 333 as amended?"

The Speaker:

"He is explaining some of the alternatives that might be placed before the House."

Mr. Copeland:

"Then obviously we would have the opportunity to present numerous alternatives that have been proposed earlier?"

The Speaker:

"My ruling is that the speaker may continue with his comparison of these districts we have here and some of the alternatives of the supposed compromises in which the House was not involved."

Mr. Copeland:

"You are going to grant us time to present alternatives at this time or some future date?"

The Speaker:

"I will rule on each matter as it comes up, Mr. Copeland."

Representative Grant continued his remarks.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Mr. Speaker, I want to make it clear that if Mr. Grant is going to impugn someone's motives as to compromise plans, I think he would do well to start naming a few Democrats as well."

Further debate ensued, Representative Grant completing his remarks in favor of passage of the bill. Representatives Gorton and Copeland spoke in opposition to passage of the bill, and Representatives O'Brien, Backstrom, and Burtch spoke for its passage.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Mr. Speaker, in all deference to Mr. Burtch, this is no time to be discussing his opinion of the governor's leadership or lack thereof. We are discussing a bill about redistricting that is before this House. No one in this body alluded to the fact of a governor's veto. That is not involved in any way, shape, or manner. I earnestly ask the Speaker to request that the members speak directly on the measure at hand."

The Speaker:

"I think that the speaker can phrase his remarks to apply to the bill. However, since you people on the Republican side have brought up the negotiations in the governor's office and opened this area, I feel that Mr. Burtch may continue as long as the intent or integrity of any individual in this House or the Senate or of our

governor is not brought into question. You may continue with your remarks within that frame."

Further debate ensued, Representative Burtch completing his remarks, and Representative Rogers speaking in favor of passage of the bill.

YIELDING TO QUESTION

Mr. O'Brien:

"Mr. Speaker, I would like to ask Mr. Rogers a question."

The Speaker:

"Mr. Rogers, will you yield to question?"

Mr. Rogers:

"Yes."

Mr. O'Brien:

"Mr. Rogers, I don't know whether you were referring to this particular bill when you were talking of meetings down in hotel rooms and secret conferences. Were you talking about this bill or other bills?"

Mr. Rogers:

"Mr. O'Brien, I was talking about other bills that have apparently passed this way. I don't know about this bill. I was not a party to it; I am not on the committee and I was not a party to negotiations on this matter, but I feel that each member of this body should be a party to the negotiations and that each member of this body should be a party to compromises made openly, to covenants openly arrived at."

Mr. Brachtenbach demanded an oral roll call, and the demand was sustained.

YIELDING TO QUESTION

Mr. Andersen (James A.):

"Mr. Speaker, would Mr. Grant yield to question?"

The Speaker:

"Would Mr. Grant yield to question?"

Mr. Grant:

"Yes, I will yield."

Mr. Andersen:

"Representative Grant, at the time you were pointing out this compromise bill and what it entailed and showing the diagrams, you were also referring to me. Now it wasn't just clear to me and since there are a number of people in the press and galleries, I would like to have you explain whether you are suggesting I had a hand in writing the compromise bill or drawing boundaries. I wasn't sure whether you did or did not."

Mr. Grant:

"I wasn't referring to you specifically as having drawn the lines. I would state that this bill, this alternative that has been presented to the Democratic majority in this House, was done in the Secretary of State's office by employees of the Republican minority at the direction of the Republican members of this legislature. These were definitely the lines of the minority."

Further debate ensued, Representative Grant speaking in favor of passage of the bill.

The Speaker declared the question before the House to be Engrossed Senate Bill No. 333 as amended by the House on final passage.

The Clerk called the roll on the final passage of Engrossed Senate Bill

No. 333 as amended by the House, and the bill passed the House by the following vote: Yeas, 57; nays, 42; absent or not voting, 0.

Those voting yea were: Representatives Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Conner, Day, DeJarnatt, Epton, Gallagher, Garrett, Grant, Haussler, Hurley, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Kink, Klein, Kull, Litchman, Lux, Marsh, Marzano, May, McCormick, Moon, O'Brien, O'Donnell, Olsen, Perry, Pierre, Radcliffe, Rogers, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—57.

Those voting nay were: Representatives Adams, Ahlquist, Andersen (James A.), Berentson, Bledsoe, Brachtenbach, Canfield, Clark, Copeland, Cunningham, Dootson, Elder, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Johnston (Elmer E.), Jueling, King (Chet), Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Pritchard, Saling, Swayze, Wang, Whetzel, Wolf—42.

Engrossed Senate Bill No. 333 as amended by the House, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

My reasons for voting for House Bill No. 333 are these: We have been here forty-one days debating and haggling over a redistricting bill; this, as everyone knows, has been holding up the wheels of progress. This bill was and would be a great disaster to my district, but I felt in the best interests of all the state I had to vote for the bill even though I might be voting myself out of office. My people sent me here to get things done and I felt that in the best interest of the people of my district I should get on with the other bills and legislation that they wanted passed and I felt that in order to get the bigger job done I should vote for the bill.

ERIC O. ANDERSON,
21st District.

MOTIONS

On motion of Mr. Sawyer, Engrossed Senate Bill No. 333 as amended by the house was ordered transmitted immediately to the Senate.

On motion of Mr. Sawyer, the House dispensed with further business under the call of the House.

Legislative district 2-A shall be combined with legislative district 2-B to form the second senatorial district; legislative district 5-A shall be combined with legislative district 5-B to form the fifth senatorial district; legislative district 8-A shall be combined with legislative district 8-B to form the eighth senatorial district; legislative district 9-A shall be combined with legislative district 9-B to form the ninth senatorial district; legislative district 11-A shall be combined with legislative district 11-B to form the eleventh senatorial district; legislative district 16-A shall be combined with legislative district 16-B to form the sixteenth senatorial district; legislative district 32-A shall be combined with legislative district 32-B to form the thirty-second senatorial district.

"NEW SECTION. Sec. 52. Of the senators provided for in this act, one senator shall be elected from each of the following senatorial districts created by this act at the general election to be held on the first Tuesday after the first Monday in November, 1966, and every four years thereafter for a term of four years: 6, 7, 8, 13, 15, 21, 26, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 42, 43, 44, 45, 46, 47, 48; and one senator shall be elected for the second senatorial district created by this act at the general election to be held on the first Tuesday after the first Monday in November, 1966, for a term of two years, and at the general election to be held on the first Tuesday after the first Monday in November, 1968, and every four years thereafter, for a term of four years. A senator shall be elected from each of the other senatorial districts created by this act at the general election to be held on the first Tuesday after the first Monday in November, 1968, and every four years thereafter, for a term of four years.

"NEW SECTION. Sec. 53. The House of Representatives shall consist of ninety-nine members, two of whom shall be elected from each legislative district, except that one representative shall be elected from the 2-A, 2-B, 5-A, 5-B, 8-A, 8-B, 9-A, 9-B, 11-A, 11-B, 16-A, 16-B, 32-A and 32-B legislative districts, and three representatives shall be elected from the 42nd legislative district.

"NEW SECTION. Sec. 54. The representatives provided for in this act shall be elected from the legislative districts created by this act at the general election to be held on the first Tuesday after the first Monday in November, 1966, and every two years thereafter, each for a term of two years.

"NEW SECTION. Sec. 55. The term of office of each senator and representative elected after the effective date of this act shall commence on the second Monday in January following the date of election.

"NEW SECTION. Sec. 56. The intent of sections 2 through 50 of this act is to include all the territory of the state in the fifty-six legislative districts and forty-nine senatorial districts created by this act, whether or not such territory has been encompassed within the boundaries of precincts or areas specifically mentioned herein. If any territory of the state is not included within precincts or areas specifically mentioned herein, such territory shall be assigned to a legislative district as follows: (1) If such territory be completely surrounded by territory embraced within a given legislative district, such territory shall be and become a part of such district;

(2) If such territory shall not be thus surrounded but shall adjoin one or more legislative districts, such territory shall be and become a part of the adjoining district having the smallest number of inhabitants. If any territory which has been specifically mentioned is embraced within two or more legislative districts, such territory shall be and become a part of the adjoining district having the smallest number of inhabitants, and shall not be part of the other district or districts. The 1960 United States census shall be used for determining the number of inhabitants under this act. If any territory has been specifically mentioned as embraced within a given legislative district but is in fact separated from such district by territory of one or more other districts, such territory shall be assigned as though it had not been included within a district specifically mentioned herein.

"NEW SECTION. Sec. 57. Chapters 5 and 289 of the Laws of 1957 and chapter 44.06 RCW are each repealed, except that this act shall not affect the thirty-ninth legislature or the terms of its members, and except that the terms of each senator elected at the 1964 general election for a new term commencing January 11, 1965 shall continue until the second Monday in January, 1969.

"NEW SECTION. Sec. 58. If the inclusion in this act of any set or sets of separate legislative districts within a senatorial district or districts shall render this act invalid, the whole senatorial district or districts shall be treated as a legislative district or districts with two representatives and without separate legislative districts. If any other provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

"NEW SECTION. Sec. 59. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

In line 2 of the title after "thereof," strike the remaining material down to and including "44.06.900" on line 6 and insert "repealing chapter 5, Laws of 1957, chapter 289, Laws of 1957, and chapter 44.06.RCW", and the same is herewith transmitted.

WARD BOWDEN, Secretary.

Mr. O'Brien moved that the House do not concur in the Senate amendments to Engrossed House Bill No. 196 and that the Senate be asked to recede therefrom.

Mr. Copeland moved that the House do concur in the Senate amendments to Engrossed House Bill No. 196.

RULING BY THE SPEAKER

The Speaker:

"Mr. Copeland's motion is an affirmative motion and will take precedence over the negative motion made by Mr. O'Brien. The motion to concur in the amendments will be taken up at this time."

Mr. Burtch demanded an oral roll call, and the demand was sustained.

The Speaker recognized Mr. Copeland.

Mr. Copeland:

"Mr. Speaker, ladies and gentlemen of the House, there is no mystery as to what we are about to discuss and vote on today. This first vote is only to confirm the amendments placed on House Bill No. 196 by the Senate. There have been many discussions and questions raised as to the propriety of operating on this bill in this fashion.

"Now, this is an entirely different piece of legislation from what we have seen in these House chambers before, because this is a compromise area, a compromise to the extent where all parties involved are not happy, and this is the way a compromise ultimately results. Many people have come to me and asked me in all sincerity and honesty what is going to happen to this bill in the event the House passes it. I want to remind each and every one of you of your position as legislators. When you vote 'Aye,' this is an affirmative action, and when you vote 'Nay,' you are deciding the issue in the negative. Your switch on the desk does not have 'Maybe.' 'Maybe I will vote for the bill, if the governor were to partially veto it or veto it in full.' I am a legislator just like you. When I vote affirmatively on a bill, I am

sending with that bill my personal recommendation to the governor that he sign the bill as passed.

"Many of you are concerned about whether or not 'A' and 'B' districts would stay in certain sections of this bill. I personally don't like the 'A' and 'B' section that is inserted in this bill in my particular district, and I recognize the reasons for it. It was done for purely political reasons. It certainly wasn't done on the basis that they felt I was incapable of representing the agricultural interests in my district. The language is very cleverly drawn, to the extent that it takes three-quarters of my ranch and puts it outside the district. But, nevertheless, I am going to vote for this measure because it is a compromise bill. It is probably as close to a compromise as this House will ever see in this session.

"If we kill this bill by our actions today, we have two further things to do: No. 1, pass a concurrent resolution with the Senate requesting the courts to appoint a Master and redistrict the state without consultation of the legislature; and No. 2, adjourn *sine die*. Now, this is the decision we are making right now. As far as negotiations are concerned, my own personal feeling is that there is no tomorrow on any further negotiations. Everybody has gone about as far as they can go. No one is completely happy with this bill nor will all people at any time be happy with a compromise bill.

"The decision that you people make today is one that the entire state of Washington is awaiting. Before you are your bill books. Before you are the affairs of state. Before you awaits action on legislation that is urgently needed to be passed, for school children, for teachers, for old folks, for highways, and a myriad of other, very important measures.

"Forty-five days we have labored over this and now comes the moment of truth. Do we put aside our own personal differences and get on with the business at hand, or do we hang tough and try desperately to see if we can gain some additional political ground one way or another? This is a tough decision for all of you to make.

"I am real happy to vote for this measure, not that I like it, but because I am a realist and this is the best we can do at this time, and by the passing of this measure we will relieve ourselves of the handicaps we have been working under and will be able to proceed with the state's business. You are elected to come down here and take care of the state's business, and for forty-five days we have been taking care of our own personal political business, and now it is time that the state should have your full time and attention.

"Every one of you will have your reasons for voting for or against this motion, but let me only say that when you do you give heed to the fact that all of your constituents at home sincerely hope that this legislature will reach a mature point and act like a group of adults and get on with the business at hand."

The Speaker recognized Mr. Sawyer:

Mr. Sawyer:

"Mr. Speaker, ladies and gentlemen of the House, I was quite interested in Representative Copeland's remarks, because I served on the negotiating committee for some ten days before I asked to be relieved of my duties, because I got so tired of hearing the ultimatums. I just heard them again. 'If you don't take this bill, this is it.' I hear this all the time.

"All of a sudden I see a great deal of interest on the other side of the aisle. They are worried about other measures which are before them. When we had our bill out before, I didn't hear this. All of a sudden they have a bill, and now they show a desperate concern about other issues that are facing us. I don't think that any of us have been misled by these pious statements or the quality of fairness across the aisle or down on the second floor on the corner of this building. I say you can't fool the people. The people know that you are desperately trying to grab control of the House of Representatives; but the people also know that the purpose of redistricting is to protect their interests by taking into consideration the fact that Washington state has been shifting more heavily toward the Democratic column at election time and it will continue to do so, no matter what you do.

"The people have a right to resent the fact that we have been here forty-five days without settling this issue, and the people have a right to know that this delay has been caused by the wheeling and dealing of three people, each attempting to further his own political power without regard to the interest of either party, and, more particularly, without regard to the interest of the people of this state. One

million dollars of our taxpayers' money has been wasted. What has this million dollars we spent bought us? To date it has bought the bill before us. And what does this bill do? Quite simply, it gives control of the Senate to one man, and it gives control of the House of Representatives to one man and his governor. Do you call this a compromise? I call it wheeling and dealing. Believe me, if we pass this bill, the people of the state of Washington will see the fastest shuffle in the West, with all the cards coming from the bottom of the deck. New York politics, as described by my friend, Representative Pritchard, has arrived in the state of Washington, and the political boss now sits in the governor's chair.

"I have heard many rumors as to why people are voting for this. I have heard that conservative interests have invaded our side of the aisle and bought Democratic votes. I don't believe this. Very simply, we Democrats are a party that respects the right of the individual to differ with us at any time. They are not bound, gagged, and voted for. It is time we forgot political partisan considerations and looked after the interest of the state of Washington.

"I feel that if you are to have a true compromise all branches of this House of Representatives and of the Senate have to be considered. This bill is not—I say is not—that type of bill. I think we should refuse to concur in the Senate amendments. I think the bill should go to conference. I think in conference a true compromise could be obtained."

POINT OF ORDER

The Speaker recognized Mr. Rogers on a point of order.

Mr. Rogers:

"Mr. Speaker, I wonder if it would be possible to have the pages leave the floor during this debate?"

PERSONAL PRIVILEGE

The Speaker recognized Mr. Grant on a point of personal privilege.

Mr. Grant:

"Mr. Speaker, I have asked the pages to pass out some statistics relative to the bill we are discussing. I think it is only right and proper that all the members of the House have copies of the evidence we have at hand regarding this matter."

RULING BY THE SPEAKER

The Speaker:

"I think that since we have just received this bill, the Speaker will permit the pages to finish their task. As soon as the pages have completed it, I agree that they should leave so that we will be able to turn our full attention to the discussion. The pages will then leave the floor."

The Speaker recognized Mr. Litchman.

Mr. Litchman:

"Mr. Speaker, ladies and gentlemen, I find it extremely difficult to rise at this time and attempt, more or less, to come to a conclusion as to what we legislators should do with this bill at this time after spending some forty-odd days here in the House tangling with one another over the redistricting problem. I admire those of you on both sides of the aisle who have worked so hard and diligently to perfect a bill. I can appreciate the fact that the first bills that were introduced by the Democrats obviously were weighted a little on behalf of the Democrats, and the Republican bills, likewise, were weighted.

"Now we have reached an area of compromise. Whether this bill will pass or not is pure conjecture at this time. It passed the Senate with 20 Democratic senators voting for the bill, so in my opinion it can't be too bad. Senator Greive and many other senators have assured many of us over here that this is not a bad bill. It is a fair compromise. I have heard from Representative Moos, Representative Gorton, and many on our side and in the Senate, who claim this is the best compromise bill that could pass at this time.

"I will vote to concur with the Senate amendments providing that the governor will sign this bill without partial vetoes. He has said already he will sign the bill, but this is a contractual relationship, ladies and gentlemen, when we affix our names

to an 'Aye' or 'Nay' vote, we commit ourselves contractually to support it. When you see the tote board indicate the final result, you know we have passed the bill or defeated the bill here on the House floor. But there is no commitment in writing from the governor that, assuming this bill is passed, this bill, as passed, will reach the public, and I am not going to be one who will sit here and vote for a bill that I think is a fair compromise without some commitment from the governor of our state. Now, some of you legislators can sit here and say 'Ridiculous, Mark. You know the governor. You have known him for a long time. You went to school with him. his promise is good.' What is his promise? To this day I don't know what his promise is. Someone told me that a short while ago he mentioned over the radio he would support this bill, but support with what? With or without a veto? Exactly what is the situation? I have yet to hear, of course, from the governor.

"Now, as far as the bill itself is concerned, I have listened to Representative Grant who has done a marvelous job along with many others in perfecting a bill. He says we could have a fairer bill. Perhaps we can. Perhaps we can throw this into conference. I have about reached the edge of the brink, so to speak, in coming to my conclusion. The court is going to meet Friday. This is almost judgment day, and I am not convinced that the federal courts can actually redistrict the state as you and I want it to do. In other words, I would like to come back here two years from now, if the people from my district reelect me, and sit with most of you here. I have disagreed with you, but I respect your experience and judgment. I am afraid the court will draw a lot of rectangles and triangles without concern for individuals who live in this house or that, and this is, to me, most important. This is like turning out public-minded citizens who have devoted themselves tirelessly to the support of good bills for the people of the state of Washington with one swipe of the hand, so to speak. The federal courts can eliminate practically all of us in the legislature by putting us in oddball districts. I am afraid, ladies and gentlemen, of the federal court. It isn't that I don't trust their judgment. I trust their judgment, but they are not politicians like we are. They are not concerned with my opinion, or about you and me, or whether we come back here, but I feel that the people of the state of Washington are entitled to have experienced legislators. Now, sometime ago, I understand Illinois redistricted, or tried to, and it didn't work, so the court said that they should run at large. Now, they tell me, about ninety percent of all legislators in Illinois come from Chicago. Now, this is fine if you like that kind of system, but the people in this state are entitled to representatives from their own districts, and the people in my district, I believe, want me. They want Senator Gallagher and they want Representative Perry. They don't want somebody else. I do not wish to be placed in the center of Lake Washington or over with Senator England or someone else.

"I feel it is imperative at this time that we make a decision at this moment to support this bill. I am willing to support this bill now. I have heard commitments, of course, from the Republicans, but not from the governor of this state. Now, I will close by saying that not too many years ago when I was down here a certain governor made an oral commitment to support a bill and he neglected to say what he would do, of course, beyond support it. He supported the bill all right, but he vetoed several lines which, in effect, defeated the bill as far as I was concerned. I have never forgotten that. My vote would be to concur with what the Senate has done—I think it is right—providing that I know that this bill is the bill the people will eventually see go into law. Under no other circumstances will I vote with the minority. Thank you."

Mr. Day moved that the House recess until 5:00 p. m.

RULING BY THE SPEAKER

The Speaker:

"We are under the call of the House, Mr. Day, so your motion would be out of order."

Mr. Day moved that the House dispense with further business under the call of the House.

The motion was lost.

The Speaker recognized Mr. Smith.

Mr. Smith:

"Mr. Speaker, ladies and gentlemen of the House, during the first two days of this legislative session, I voted against a well-known bill, Senate Bill No. 2, because I thought it was not fair or just. I voted with you gentlemen across the aisle, and I tell you ladies and gentlemen today that I am going to vote against this particular measure because it is not fair and it is not just.

"You speak about a compromise. Who is making the compromise? We have sixty members of the House and you say it is a compromise because you want to give us forty-eight. What kind of reasoning did you use? Secondly, you have used no reasonable pattern to set up the lines of this bill. I'd like to call your attention to my own district. I refer to it as the 'puppy dog district' because, ladies and gentlemen, those of you who are looking at it can see it is plainly shaped like a puppy dog. Not only that, but in addition to its being a puppy dog, it has a can the dog is eating out of. If this makes sense, ladies and gentlemen, I don't know what sense means.

"We have here some of the most partisanship work ever dreamed up. The district we have in the 37th is mostly Democratic, so a certain gentleman who believes the Republicans are breathing down his neck runs over to grab some of these Democrats to put into his own district to try to save his hide. Another thing, because of the discrimination pattern of housing, you have put most of the minority into a segregated section because a certain senator feels they may not continue to vote for him and he wants to leave out part of them and put them in another Republican district. Now, ladies and gentlemen, you know the reputation of the Republican party nationally and locally for dealing with minorities during the past election. I tell you they do not want to be represented by Republicans.

"There are many other things I can point out, but it just goes to show that if you stand for principle you may not always be able to stand on the same side with the same people, because sometimes people believe in principle only when they get the best deal and other times they believe in principle when it saves them, but I for one believe in principle all the time. I register a vote against this bill."

YIELDING TO QUESTION

Mr. Clark:

"Mr. Speaker, will the gentleman, Mr. Smith, yield?"

The Speaker:

"Mr. Smith, will you yield to question?"

Mr. Smith:

"No, I will not yield."

The Speaker recognized Mr. Grant.

Mr. Grant:

"Mr. Speaker, ladies and gentlemen of the House, we ask you today to give us an opportunity to take this bill over to the Senate and eventually ask them for a conference committee. We think there are several discrepancies in the bill. That is why I asked the pages to pass out some of the statistics we have. Certainly we have not always been accurate, nor do I feel as though the Senators are entirely accurate, whether it be in counting population or determining the political complexion of any district.

"We have only had five hours; we don't even have any maps of this bill except the ones we have drawn from the material that has been handed to us. Let me point out that the governor had five days to find discrepancies in the Senate bill—I forget the number; there have been so many bills around here—the second bill that passed. He had five days to find discrepancies while this was on his desk. We have had roughly five hours. We have already found several serious errors—at least we consider them to be errors—that might be questioned as far as the constitutionality of this bill is concerned. As an example, in the 30th District the total population is 66,500. Now, the 30th District is in King county. There is no earthly reason, according to Governor Evans' own veto statement, why a county like King should have a district in which the population exceeds the 15 percent tolerance. The 34th District—I can't recall exactly who represents the 34th District from the Senate—the 34th District

has a total population of 67,000, which is over the 15 percent limit. This is West Seattle, but it is more than West Seattle. It also dips down to the center of Seattle. There are four districts in this bill that dip down into Seattle, the city limits or right into the city center of the city of Seattle. There is no reason why the 34th District should exceed the 15 percent tolerance, no good reason except for political justification, and your governor, on Senate Bill No. 2, the first bill that passed down to his desk, said he was vetoing it because it was unfair politically.

"Now many of us on this side of the aisle—I hope it is a majority—feel this bill is unfair politically. We don't think we should have to come here with sixty members and give in and give in and give a little more to you members on the minority side. We have given too much away, too much. We think we have given away control of the House of Representatives if we adopt this measure. We think that perhaps a conference committee is something that might be necessary now and we don't feel necessarily that the court is going to draw lines in any particular way, but many of us are of the opinion that this might be the best way to resolve this very difficult problem.

"I would like to quote from a veto message given February 18, 1965, by Governor Daniel Evans. He stated that many of the districts in the bill that was passed to him, Senate Bill 237, were of such disproportionate populations that this would violate the rule of 'one-man, one-vote'. We think that is the case in this bill. He says some portions of the state are omitted entirely from the plan. This is the case in this bill. There are precincts left out. This is not a perfect bill, gentlemen, and the governor vetoed our proposal on that ground. He said that we should work out our differences so we would have an equitable and responsible redistricting law. Well, since last Thursday—I think it was last Thursday; I have kind of lost track of time—in over a week now, the leaders of the majority party in this House have not been consulted on any redistricting proposal.

"It was stated on the floor of the Senate yesterday afternoon that this is a sell-out by the Democratic senators of the Democratic House, and I consider it to be just that.

"In the attorney general's opinion, which Governor Evans quoted in justifying his second veto, he quoted the section of the opinion which said that it should be emphasized that in regard to the establishment of these ranges it was suggested that the lesser percentage, a figure of 10 percent over and under, be adhered to as far as was reasonably possible, and also that some clearly demonstrable justification should exist for any deviation in excess of this degree. That is the 10 percent degree, and you are deviating beyond 15 percent in urban areas, gentlemen. Attorney General O'Connell also said in his opinion to Governor Evans—this was a long time ago, way back on December 15—that a plan which departs from these guidelines would, in his opinion, be most difficult to defend and would probably lead to protracted litigation in regard to the matter. So if we pass this bill, there is no assurance that we won't be right in court anyway, ladies and gentlemen. He also said that any plan that has doubtful validity will have a possibility of protracted litigation.

"There are other areas in question. You know very well that in the 9th District, according to the attorney general's opinion, the Lincoln-Adams-Whitman district, this division in subdistricts could very well lead to protracted litigation. In the 32nd District you have a division into an 'A' and 'B' subdistrict. This is in the heart of downtown Seattle. District 'A' has 25,087 people, according to our count. 'B' has 31,193 people. There is no clear justification for this difference in population, or for subdistricts, as far as that is concerned.

"The point is this: Mr. Copeland, you started your remarks by saying you don't know what is going to happen when this reaches the governor's desk, whether he will sign it or not. But I venture to guess he will probably sign the bill after making just a few little lines in the bill, and when you start making those little lines and crossing out a few little numbers here and there, a few precincts here and there you can drastically change the complexion, and that is what we are talking about, the political complexion. You can reduce this below the forty-eight, and you know it, and forty-eight isn't good enough. The people of this state elected sixty Democrats to this House and we shouldn't have to come down from that, but we have been willing to compromise. We went the last mile the other day. Yesterday we presented a bill that in our opinion was a fair compromise. We don't intend to come down from that.

"You say there are no more tomorrows as far as any negotiations are concerned. Well, let's hope that is not the case. We have always been willing to discuss re-

districting. We have probably discussed it more than we would like. We think that in a normal conference committee that some of the difficulties that exist in this bill in many areas can be cleaned up. We think this is the fair way of negotiating and we think our House majority leadership should be in on those conferences.

"Finally, we have had one of our members state he would vote to concur if we had assurance from the governor that he wouldn't line veto any portion of this bill. We have had no assurance from the governor that he wouldn't line veto, and it is a very simple process to line veto this. Every time you take out an 'A' and 'B'—you can take all those out; the governor can say as a matter of principle he doesn't think there is any justification for it—any time you take them out, you are hurting the Democratic party.

"I just received a little note here. I understand that at the governor's press conference he was asked about the 'A' and 'B' situation because this has been a difficult situation as far as we are concerned, a tough one to swallow, gentlemen—he was asked whether he would veto out the 'A' and 'B' in District 11, your district, Mr. Copeland, and I understand Governor Evans' answer was—and you correct me if I am not accurate—he said, 'Well, there will be a greater chance of its staying in if Mr. Taplin votes for the bill than if he votes against it.' That is the type of answer we have been getting from the Republican governor of this state and we don't like that kind of threatening, we of the majority party. It is the legislature's duty to redistrict and let's hope today we can vote down this Senate amendment, which is a sell-out of our party."

The Speaker recognized Mrs. Hurley.

Mrs. Hurley:

"Mr. Speaker, ladies and gentlemen of the House, it has just occurred to me that somebody in this membership should address a few practical thoughts to the freshmen members of the legislature, those members who have never served a whole session yet and have never had to go home to face their voters yet, those people who supported them, who worked hard for them, who put them into office. I want to remind them that these voters are not as violently partisan as the people you will find on this floor. They can't understand the situation which would present itself to you where you could be a part of the solution which would leave us a few more days to cover the bills that are before us, to get out a budget, and to go home on time. When you get home, ladies and gentlemen who are serving your first session, togetherness is gone. It has gone down the drain. All of the togetherness you feel in caucus, all the togetherness you feel with your friends that you have made while you were here is gone, and you are all alone.

"What you must do is rally around a few well-chosen thoughts to justify what you have done here, how you have spent this sixty days, and I am sure you will have a few questions about the money that it has cost and what have you accomplished for them. I think that you probably realize that I have gone home a good many times from this legislature without any feeling of togetherness and I haven't regretted it once. I think anybody who sits down and thinks these things out in the quietness of their own mind instead of saying, 'What is my leader going to say about this?' or 'What is the majority going to say about this?' or 'The caucus isn't going to like me!' Well, I like the caucus to like me, too, and I like my leaders to smile on me. I like the members of my party to seek me out at lunch, but I have gone through this many, many times when nobody smiled on me, when nobody has wanted to be seen eating lunch with me. But I will tell you, it pays dividends, because the people at home like a fighter. I don't care whether you are right or wrong, as long as you fight for what you think is right. They are going to rally to you just like my voters rallied to me. Last time I received a bigger number of votes than I ever received in the history of any election since 1953, and lots of times people came to me and said, 'Maggie Hurley, I don't like what you did, but I sure admire you for having done what you thought was right!'

"Well, I think this is a moment of decision. I think all of us have to take a real good look at this thing. This conference committee is like a den of lions. Everything goes in and nothing comes out! You are going to have to decide whether you came over for a big, round, fat zero or whether you came over here and did the one, great big, tremendous job you knew was before you when you came. And when you meet your neighbors and friends at the grocery store, just like I am going to, and they say, 'For heaven's sake, when you had a chance to vote for

that bill, why didn't you? If twenty members of the Senate voted for it, how could it be so bad for the members of the House?' The fine lines you are going to have to draw aren't going to be enough to satisfy them. You are going to have about one minute. They are going to go past you with their cart and you are going to have to say, 'Well, gee, but—but—' and that is all. How can you? How can you vote this down? How can you say, 'It wasn't just to the members of the 32nd District. It wasn't right for those people down south.' Sure, this is fine, but they will say, 'Wasn't it right for us? Weren't you representing us and, especially in this, representing your district?'

"So I urge you, each of you, to be a part of the solution today and join me in voting for this motion, a motion to concur in the Senate amendments."

The Speaker recognized Mr. Moos.

Mr. Moos:

"Thank you, Mr. Speaker. Ladies and gentlemen of the House, I didn't know you knew I was standing up so tall on this particular occasion. I have thought of this afternoon, of course, for a good many years, because I knew that sometime during my legislative life, inasmuch as I come from somewhat of a small district, I would stand up someday and defend the right that my district remain. I didn't think I would stand on this floor and ask you people to pass a measure that would destroy the district. I didn't know that after working some five weeks at loggerheads with one of our senators, Senate Greive, that today I would be working shoulder to shoulder with Senator Greive in attempting to pass this measure.

"What has happened? Well, several things. First of all, in the process of legislation, the process of give and take, there is a time when you reach what I would call the true compromise and the time to act. I think today is that day, and I stand here and I will admit that as of the starting of this little debate, there were not enough votes to pass the motion that is before you, so this isn't show business, as are a lot of speeches that are made on this floor. This is the real business. We need some votes and I think, as Representative Hurley mentioned, that you don't get too much applause in the local grange halls when you stand up and say, 'I voted straight caucus.' It doesn't look, probably, too smart in the local papers when you try to run your ads in the next election to say, 'I was an effective legislator. I voted right down the line.'

"You look over at us and you may say, 'Well, Don, you've got egg on your chin' because I presume when they vote here, maybe everybody on this side will be voting 'Aye.' I can't understand myself why Representative Goldsworthy, our caucus chairman, would vote for this measure. He won't be back, either he or Representative Huntley. I can't understand why Representative Ahlquist would vote for it, but I think that in the study of politics and in watching for forty-five days the give and take as closely as some of us have been, I am appreciative that the people on both sides have left a few people to try to work out some common ground for this and that now is the time. The Democrats in the Senate aren't happy. I stood outside the door of the minority senators, the Republicans, and a little bit of blood oozed out from underneath that door. They weren't happy. I walked into our own caucus. You know, there wasn't much smiling going on in there, and I presume there wasn't a great deal going on in yours. I was down in the governor's office and he didn't have a big smile on his face, and I presume the three judges that look at this document will have no gleeful noises fall from them. Now the fact that everyone feels that maybe they didn't do quite as well as they should have means that maybe we have reached a point, the point that this is the document that should be the redistricting law of this state.

"I could point out some errors and discrepancies in the talks of my colleagues, as you possibly can raise some discrepancies in my talk. I would like to remind my colleague, Mr. Smith, that if he did not like his district, it was his Senator Dore who drew it. I should remind some of you people that the very discrepancies in population, Representative Grant, you complain of are the discrepancies you lobbied for the other night. The very thing we are talking about to not concur with was the very thing probably we were a part of.

"But this is the day. This is the day when we will fulfill our obligations to the people who have sent us here and to the system which gave us the opportunity to come here. This is the day when we fulfill it. The conference committee will be no solution. The conference committee will only allow six powerful people to go into

an endless stalemate, an endless stalemate, and you know the entire play, possibly, for a conference committee is to that end. I urge you not to allow this bill to go to conference. I urge you to let the system work. Is this a good bill? Is it as close to being politically fair as we can arrive? I think it is. I think many of you think it is. I think it can be a little bit more Republican and possibly you think it can be slightly more Democratic. But when Senator Greive and Don Moos are lobbying for the same redistricting bill together, I would say it is getting pretty close to being a compromise. I urge you to vote for the best interest of this state. Can you stand up and be counted? I saw you people when you stood up and were counted two years ago when I needed sixty-six votes on the floor of this House for a constitutional amendment. I was proud of you. I think you will do it today.

Mr. Olsen demanded the previous question, and the demand was sustained.

The Speaker declared the question before the House to be the motion by Mr. Copeland to concur in the Senate amendments to Engrossed House Bill No. 196.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Uhlman on a point of parliamentary inquiry.

Mr. Uhlman:

"Mr. Speaker, would the Speaker clarify what an 'Aye' vote and 'Nay' vote each means?"

The Speaker:

"The question before you is to concur in the amendments by the Senate to House Bill No. 196. A vote 'Aye' is that you will concur; a vote 'No' is not to concur. An oral roll call has been demanded; the Clerk will call the roll."

The Clerk called the roll on the motion that the House concur in the Senate amendments to Engrossed House Bill No. 196, and the motion was lost by the following vote: Yeas, 48; nays, 51; absent or not voting, 0.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Angevine, Berentson, Bledsoe, Brachtenbach, Canfield, Clark, Copeland, Cunningham, Day, Dootson, Elder, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Hurley, Johnston (Elmer E.), Jueling, King (Chet), Kink, Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McCormick, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pritchard, Rogers, Saling, Swayze, Wang, Whetzel—48.

Those voting nay were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Conner, DeJarnatt, Epton, Gallagher, Garrett, Grant, Haussler, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Klein, Kull, Litchman, Lux, Marsh, Marzano, May, Moon, O'Brien, O'Donnell, Olsen, Pierre, Radcliffe, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Wolf, Mr. Speaker—51.

EXPLANATIONS OF VOTE

My "Aye" vote was cast because the final day of decision on redistricting had arrived and it was necessary for me to give up my personal desire for my own district in favor of passing a compromise measure. However I continue to be opposed to gerrymandering and Pierce County is a perfect example of this in House Bill No. 196.

MRS. FRANCES G. SWAYZE,
26th District.

Please let it show in the journal of the House of Representatives, on February 24, afternoon session, following the vote to concur in Senate amendments, that I, Hal Wolf, voted against the motion so that I would be in a position to ask for reconsideration. I do not want the journal to show in any way that I was against

the compromise bill on redistricting, House Bill No. 196, with amendments passed by the Senate.

HAROLD E. "HAL" WOLF,
22nd District.

MOTION FOR RECONSIDERATION

Mr. Wolf, having voted on the prevailing side, moved that the House do now reconsider the vote by which the House failed to concur in the Senate amendments to Engrossed House Bill No. 196.

MOTION

Mr. O'Brien moved that the motion for reconsideration by Mr. Wolf be laid on the table.

Mr. Brachtenbach demanded an oral roll call, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Copeland on a point of parliamentary inquiry.

Mr. Copeland:

"Mr. Speaker, will the Speaker please rule on the motion to lay on the table, whether or not it will take the bill with it?"

RULING BY THE SPEAKER

The Speaker:

"It will not. This is a motion to lay a motion on the table, not an amendment or any part of the bill. It will not take the bill with it."

The Clerk called the roll on the motion to table Mr. Wolf's motion that the House do now reconsider the vote by which it failed to concur in the Senate amendments to Engrossed House Bill No. 196, and the motion was carried by the following vote: Yeas, 50; nays, 49; absent or not voting, 0.

Those voting yea were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Conner, DeJarnatt, Epton, Gallagher, Garrett, Grant, Haussler, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Klein, Kull, Litchman, Lux, Marsh, Marzano, May, Moon, O'Brien, O'Donnell, Olsen, Pierre, Radcliffe, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—50.

Those voting nay were: Representatives Adams, Ahlquist, Andersen (James A.), Angevine, Berentson, Bledsoe, Brachtenbach, Canfield, Clark, Copeland, Cunningham, Day, Dootson, Elder, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Hurley, Johnston (Elmer E.), Jueling, King (Chet), Kink, Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McCormick, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pritchard, Rogers, Saling, Swayze, Wang, Whetzel, Wolf—49.

MOTION

Mr. O'Brien moved that the House refuse to concur in the Senate amendments to Engrossed House Bill No. 196 and ask the Senate to recede therefrom.

The Speaker called for remarks on the motion.

The Speaker recognized Mr. O'Brien.

Mr. O'Brien:

"Mr. Speaker, ladies and gentlemen of the House, we have talked at length on this issue of redistricting. Certainly both sides have made points to uphold their particular position, but we feel that the only sound way of handling this controversial issue is to set up a conference committee of six members, three from each

house. It is also our position to ask the federal court on Friday to lift the redistricting ban on the passage of bills for the balance of this session in order that we can go about considering the mass of legislation that is before us, so actually we are not losing any time. I am sure the attorney general will honor our request to do this.

"Now, this bill that was sent over from the Senate as amended has many discrepancies and no one can rebut this. The only way to iron out some of these discrepancies and so-called 'puppy dog' districts, which Mr. Smith talked of, is to have six reasonable and rational legislators sit down and draw some lines that are going to make sense. I don't think we have anything to fear except fear itself. That is what a great president, President Roosevelt, said one time. I fervently believe that if you people ascribe to this position you have nothing to fear. I can't see why our differences can't be resolved. They are not major and we are not too far apart, and we are coming closer. I don't think we should worry about the federal court, because they are reasonable men. I am sure they can see the tremendous hard work that has been going on during this past forty-five days and they are going to listen to a request to lift the ban temporarily. By the 60th day and maybe before that, there is no reason why we can't have a bill that is going to be acceptable on the basis of what is represented here.

"I hope you all support this motion to not concur and ask the Senate to recede, so that we can do what is set forth in Reed's. This isn't anything new, to ask for a conference committee. We have had them for years in every legislative session. It is the legislative process. Let's abide by it."

Mr. Burtch demanded an oral roll call, and the demand was sustained.

The Speaker recognized Mr. Beck.

Mr. Beck:

"Mr. Speaker, ladies and gentlemen, I find myself in a very peculiar situation here this afternoon. The second day of this session we had a bill come through here which both houses voted upon and which I supported. This is the first time I have not concurred in any bill that has gone through. This bill and every bill that has come through here has been good for my district, but when I think of the arm twisting and browbeating, of the threats that have been made over this bill that has been presented to us here on the floor of the House today, I feel that I cannot support this.

"This was even from the governor's chair itself. This afternoon down there at the press conference all of you know—you will read it in the papers tonight—the governor was asked if he was going to veto out the line drawn through the district which Mr. Taplin represents, and the governor said, 'Well, if Mr. Taplin votes for the bill, it has a lot better chance of staying in there.' That is the kind of threats being held over our heads ever since the Senate went through the bill last night.

"I am for a plan to get the bill into conference and get it out of the hands of these half dozen wheelers and dealers in the Senate that brought this piece of legislation in front of us. I concur wholeheartedly with my distinguished colleague from Spokane. The people back home a lot of times don't agree with what I do. I vote my conscience. I don't care whether it is Republican or Democrat. I vote what I think is right. Now, this bill was a good bill for my district, but when I see the wheeling and dealing that was done for those few little districts that were not compromised on, I can't stand that kind of legislating. I think this is a good bill with the exception of those few districts in Seattle. You saw my distinguished colleague from Seattle get up and show that 'puppy dog' district. Folks, let's get this bill into conference!"

The Speaker recognized Mr. Brachtenbach.

Mr. Brachtenbach:

"Thank you, Mr. Speaker. Ladies and gentlemen of the House, I have sat here for forty-five days and I have come to the conclusion rather quickly in the last few days that 1966 is going to be a good year to run against incumbents. I think that if I were a candidate under those circumstances I would carry around with me the \$40.00 a day bill and the session laws of this regular session, which of course will be very minute, and I would make my complete presentation on that basis. I have worried about this, because I felt that it affected Republican and Democrat alike, but I think that today we have seen the end of that. Today the yoke that all of us would have borne in 1966 just slipped off our necks and onto the necks of most

of you people, because those of you who think that a conference is going to settle this matter have been smoking something other than cigars and cigarettes. A conference is going nowhere and you well know it. On Friday we are all collectively going before that federal court. As a lawyer, I can assure you that federal court is going to be mad. It is going to be sick and tired of redistricting and of the 148 members of this legislature. And more important, the people of this state are getting sick and tired of the 148 members of this legislature. But in any event, Friday if you think that the federal court is going to say, 'Fellows, you have done a pretty good job to some degree on a couple of bills. Go back and try again and go into this marvelous conference system,' you are sadly mistaken. As Mr. Litchman said, today is the day of judgment on redistricting. Fortunately for the future of the Republican party, I think the responsibility has quickly gone to that side of the aisle, with a couple of notable exceptions."

The Speaker recognized Mr. Litchman.

Mr. Litchman:

"Mr. Speaker, ladies and gentlemen of the House, I didn't intend to rise again, but a few people have made a few statements which I have to disagree with. Today I came here after considerable deliberation, having finally made up my mind to vote for this bill, and all I needed was a promise, a contractual relationship in effect, a public statement made by the governor of our state that he would support the bill that the Democrats and the Republicans in the Senate had sent to us. You people on the other side have voted one hundred percent for this particular bill and we on this side have given you all but one or two votes. With a commitment from the governor, ladies and gentlemen of this House, this bill would have passed. The shoe is on the other foot, not on our foot. It is on the governor of the state of Washington, and until he makes a commitment not this bill nor any other compromise bill, in my opinion, will go through this House. Why should it? Why should we take a chance in sending a compromise bill to the governor if he can pocket-veto one line and veto certain people out of this House forever? It is my understanding that commitments were made on the other side to take care of certain senators, and based on this they have received twenty senatorial votes from the Democratic party. Now, this could be done very easily, if someone would assure me once and for all time that the public would get the bill we were about to pass today. No effort, to the best of my knowledge, has been made by the governor to give his promise in writing that if this bill went down to his desk, it would pass without any one-line item veto. It seems to me, ladies and gentlemen, that you can't blame us on this side of the aisle, and I don't believe in fairness you can blame yourselves. I think that the governor has made a fatal mistake today. He is the one who can be blamed for defeating this compromise bill."

Mr. Olsen demanded the previous question, and the demand was not sustained.

The Speaker recognized Mr. Pritchard.

Mr. Pritchard:

"Mr. Speaker, ladies and gentlemen of the House, certainly a lot of statements have been made today, and I guess that is normal in the give and take of debate here on the floor, but I think it is only right that we do straighten out a couple of things that have been said. I am just looking at the text of the press conference taken down word for word. I find the statements referring to Mr. Taplin and the 'A' and 'B' districts were not made. I think that should be stated clearly on the floor. When we say what the governor said, we should be accurate. Mr. Taplin, that was not said. It was an error.

"Mr. Beck, it is true you have voted for any number of redistricting bills that have gone through, but this is the first compromise bill that was going somewhere. It was easy to vote for those other bills. They weren't going anywhere. This is going somewhere. It is going to clear up the problem. And as to arm twisting, you and I know somebody went over to the Senate from this side and talked about Harrison Hospital the other night to our senators and explained how much faster that bill would come out of committee if this thing was defeated. This is the type of arm twisting that has gone on.

"Mr. Litchman has said something about the governor sending up a written

statement. We are the legislative branch. We send down a bill we think is right and he studies it and signs it. That is the system we have and you all know it. Mark, you know that.

"I said when we arrived at this hall at noon that we were on the courthouse stairs and we had an opportunity to get out of the courthouse. Right now we are going through the doors. We have had a conference committee going for 43 or 45 days. If you think that you people—and that is where the battle has been—if you think you people can go over and straighten out your senators, I think you are mistaken. I don't think I have to stand and defend Senator Greive or Senator Dore or Senator Herr, but these 'puppy dog' districts were written in by your senators, and if you think that a conference committee is going to get this all straightened out to your satisfaction or to our satisfaction or to their satisfaction, you know this isn't true.

"Ladies and gentlemen, we are going through the courthouse doors right now. Personally I don't mind the court doing this. I think probably it would be fair, but I think some of you are a little bit afraid of what the court is going to do about dividing districts. I am afraid we are going to have triangles and rectangles and circles all over. Mark, this is it. You are going to the court. Let's not kid anybody. We are going to the court and this is the moment of truth.

"I am not afraid of going to court, but let's not have any talk about dumping this back into conference with the idea they can solve something we haven't been able to solve in forty-five days. Who is going to be on the conference committee? Who do you suppose is going to be on that committee? I don't think you fellows over there can decide on any two who are going to protect you. You know what I mean by that, don't you? Sure, you do! I have heard you talking in the corridors. To protect everybody you are going to have to have a conference of ninety-nine people. Now, this is it. We are going through the courthouse doors, gentlemen, and this is your last chance. It is our last chance and at least we are facing up to it. We know it and I think you people know it. You had better know it. If we don't go along with this thing, we may get circles and triangles."

The Speaker recognized Mr. Smith.

Mr. Smith:

"Mr. Speaker, I didn't want to speak again but after that discourse by Mr. Pritchard, I felt the urge. Mr. Pritchard is worried about the court, but I would much rather face the court than face the firing squad aimed at us today. Furthermore, I don't think there is any precedent in history whereby the court has taken over a legislative function as long as the legislature was in session. I for one believe there still remains the separation of the three powers of government, legislative, judicial and executive, and I don't believe we could justify the court's taking over a legislative function until all other remedies had been exhausted, and in my mind forty-five days is not being exhausted."

The Speaker recognized Mr. Leland.

Mr. Leland:

"Thank you, Mr. Speaker. Ladies and gentlemen of the House, I think the last weekend has demonstrated something to the legislature itself and certainly to the public at large, a fact of political life or at least political redistricting life that wasn't really understood before, and that is that you may have a body within itself, the House for example, get together between the Republicans and Democrats and you may have the Senate solve their problems within their doors, but it has also been brought out crystal clear that you can have very distinct differences between the Senate and the House. I think the situation is just what Mr. Smith spoke of, a firing squad, and Sam, I haven't seen your district, so whether you get shot down in flames or not, I don't know, but I think this is a very important point. Some people on both sides of the aisle are going to be shot down. But it has been pointed out, I think, to the satisfaction of everyone here that we are not going to be able to appoint any conference committee that is going to be able to work out what they haven't been able to work out in forty-five days in the next fifteen days, so when Mr. Pritchard says we are at the courthouse door, I think we are on the way out the back door.

"I think it would be less than fair to say to Mr. Grant and to others that there have been bills before us here that treated me personally far more fairly, I might say, than does this bill, but I think that those who are not going to be shot down in

flames on both sides of the aisle should realize that this might be the last chance that they get to do what maybe Maggie Hurley was talking about, vote for a bill that is a compromise and vote for a bill that would protect their individual district and the interests there, and if we fail to do this today, then we are all going to get shot down either in the conference committee or at the polls two years hence."

The Speaker recognized Mr. Sawyer.

Mr. Sawyer:

"Ladies and gentlemen of the House, just a short note here. Mr. Pritchard, I hate to disagree with you, but the statements were made, although they are not an official part of the press conference, they were made. If I were the governor, I wouldn't have them in the official notes either. There are witnesses to them.

"As for the courthouse and all the talk about the bill going to court, all of a sudden you don't want to go to court. The courts don't scare me. There have been remarks on the effect they might have and that they wouldn't protect this little person or that one. We admit this has been done. That is why we don't like this bill. This bill is made up of that and this is the very thing that I think in a conference committee made up of Representatives from all sides, from the majority and minority parties on each side, can't be done. That is why we were executed. It is the only way they could do it. I remember last session we were going to be shot down in flames too, and if I come back in '67 in the same way as I did this session, that is the way I like to be shot down. Mrs. Hurley is worrying about when we go back home. I think what we will hear is people saying we had a chance to do this in the first two days and it was ignored. I think, ladies and gentlemen, the burden rests with you. I wish it had been done a long time ago."

Mr. Olsen demanded the previous question, and the demand was sustained.

The Speaker declared the question before the House to be the motion that the House refuse to concur in the Senate amendments to Engrossed House Bill No. 196 and ask the Senate to recede therefrom.

The Clerk called the roll on the motion, and the motion was carried by the following vote: Yeas, 51; nays, 48; absent or not voting, 0.

Those voting yea were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Conner, DeJarnatt, Epton, Gallagher, Garrett, Grant, Haussler, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Klein, Kull, Litchman, Lux, Marsh, Marzano, May, McCormick, Moon, O'Brien, O'Donnell, Olsen, Pierre, Radcliffe, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—51.

Those voting nay were: Representatives Adams, Ahlquist, Andersen (James A.), Angevine, Berentson, Bledsoe, Brachtenbach, Canfield, Clark, Copeland, Cunningham, Day, Dootson, Elder, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Hurley, Johnston (Elmer E.), Jueling, King (Chet), Kink, Kirk, Leland, Lynch, Mahaffey, Mast, McCaffree, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pritchard, Rogers, Saling, Swayze, Wang, Whetzel, Wolf—48.

EXPLANATION OF VOTE

House Bill No. 196 as amended is a compromise bill approved by twenty Democratic Senators and ten Republican Senators. It is not the best bill, but no compromise bill ever is. Both sides have worked diligently, for over forty-three days, but to little avail. I do not want the federal courts to redistrict for us. This bill is our last chance.

I will vote for this bill if and when the Governor assures us that he will accept this bill in toto, without any line item vetoes. Senator Greive assures me that House Bill No. 196 will provide a minimum of forty-six solid seats with ten marginal seats. That is good enough for me.

Let us proceed, then, with the passage of necessary bills on education, labor, industry, welfare. Let us now get down to the more important business of the House.

MARK LITCHMAN,
45th District.

SECOND READING OF BILLS

House Bill No. 172, by Representatives Litchman, Saling, and Radcliffe:
Establishing a professional practice commission for education.

House of Representatives,
Olympia, Wash., February 16, 1965.

MR. SPEAKER:

We, a majority of your Committee on Education and Libraries, to whom was referred House Bill No. 172, establishing a professional practice commission for education, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendment:

Strike all of section 5 and substitute the following:

"NEW SECTION. Sec. 5. The commission may make advisory recommendations to the state board of education and to boards of directors of school districts with respect to criteria of professional practice. The commission may review the professional policies and practices of any school district and may make its findings available to the state board of education, the local school board affected, professional and other employee associations or organizations. Amend the amendment by the Committee on Education and Libraries, on page 2 of the mimeographed amendment, after "involved" and before the period in the last line insert ": *Provided*, That this act shall in no way abridge the rights or authority of the school board involved"

Debate ensued, Representatives Hurley and Conner speaking in favor of adoption of the amendment to the amendment, and Representatives Brouillet, Saling, and Litchman speaking against its adoption.

POINT OF ORDER

The Speaker recognized Mrs. Hurley on a point of order.

Mrs. Hurley:

"Mr. Speaker, my amendment was to the committee amendment, and I believe that Mr. Litchman is talking about page 3, which is not the committee amendment. He was reading from page 3 and we are not considering page 3."

Mr. Litchman:

"May I continue, Mr. Speaker?"

The Speaker:

"Do your remarks concern Mrs. Hurley's amendment?"

Mr. Litchman:

"Certainly, Mr. Speaker. It is very germane. Section 5 states what Mrs. Hurley is worrying about unnecessarily."

The Speaker:

"You may continue."

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery twenty-seven students from the North Mason High School, and asked them to stand and be recognized.

Mr. Conner demanded an electric roll call, and the demand was sustained.

The Clerk called the roll on the motion by Mrs. Hurley to adopt an amendment adding a proviso to the committee amendment to House Bill No. 172, and the motion was lost and the amendment to the amendment was not adopted by the following vote: Yeas, 38; nays, 57; absent or not voting, 4.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Berentson, Bergh, Bledsoe, Bozarth, Brachtenbach, Canfield, Clark, Conner, Cunningham, Dootson, Eldridge, Epton, Flanagan, Haussler, Humiston, Hurley, Johnston (Elmer E.), Juelling, Kalich, King (Chet), Leland, Lux, Lynch, Mast, McCaffree, McCormick, Newhouse, Newschwander, Pierre, Rogers, Savage, Swayze, Traylor, Wang, Wolf—38.

Those absent or not voting were: Representatives Jolly, Kink, Klein, Sheridan—4.

Mrs. Hurley moved that House Bill No. 172 be rereferred to Committee on Judiciary.

Debate ensued, Representatives Hurley, Johnston (Elmer E.), and Clark speaking in favor of the motion, and Representatives Sawyer, Uhlman, and Mahaffey speaking in opposition.

Mr. Anderson (Eric O.) demanded an electric roll call, and the demand was sustained.

Further debate ensued, Representative Brachtenbach speaking in opposition to the motion and Representative Savage speaking in its favor.

YIELDING TO QUESTION

Mrs. Hurley:

"Mr. Speaker, if Representative Brachtenbach would yield to question, I would be very happy."

The Speaker:

"Will you yield?"

Mr. Brachtenbach:

"Yes."

Mrs. Hurley:

"Representative Brachtenbach, could you tell me, referring to the second paragraph of the committee amendment, how many times a school year it would be possible for a person, any person—and I think every school district does have at least one person in it that maybe is a defeated member of the school board or is unhappy with a certain teacher or doesn't like the principal or thinks that he or she should run the school—how many times a year could just one person bring a teacher up before the commission and make that teacher hire a lawyer in order to defend herself?"

Mr. Brachtenbach:

"Well, Mrs. Hurley and members of the House, as I read the entire bill, and particularly the committee amendment to section 5, the only one who can instigate such an action would be the commission itself, and when that process comes about, then these other safeguards come into play. Only a person directly involved as a so-called defendant would have the right to subpoena the personnel records of a person. Now, I am certain this is the intent of the sponsors of the bill and the proponents of the amendment. If it says something less than that, I would say this is certainly not intentional. I speak as a school board member of some five years and I agree I would not want any person in the district to have the right to call this into play. As I read it, only the commission itself could initiate this."

Further debate ensued, Representative Litchman speaking against the motion to rerefer House Bill No. 172 to Committee on Judiciary.

POINT OF ORDER

The Speaker recognized Mrs. Hurley on a point of order.

Mrs. Hurley:

"Mr. Speaker, Mr. Litchman isn't speaking on the amendment."

The Speaker:

"I think the motion is to refer the bill to Judiciary, and I think he is discussing that at this time. You may continue, Mr. Litchman."

POINT OF ORDER

The Speaker recognized Mr. Witherbee on a point of order.

Mr. Witherbee:

"Mr. Speaker, haven't we already made an attempt to amend that section by striking? Is this amendment in order?"

RULING BY THE SPEAKER

The Speaker:

"It is the Speaker's ruling that even though we have had a motion to strike, the House will still have the right to improve the amendment, so the amendment by Mr. Clark is in order."

Debate ensued, Representatives Clark, Litchman, and Saling speaking in favor of adoption of the amendment to the amendment.

YIELDING TO QUESTION

Mr. Adams:

"Mr. Speaker, would Representative Brouillet answer a question?"

The Speaker:

"Will you yield, Representative Brouillet?"

Mr. Brouillet:

"Yes."

Mr. Adams:

"There is bound to be considerable expense with managing this. How is it covered?"

Mr. Brouillet:

"Considerable expense in this bill?"

Mr. Adams:

"Holding a hearing, issuing subpoenas, legal counsel to represent the commission."

Mr. Brouillet:

"This is taken care of by the state board of education budget."

Mr. Adams:

"That in turn comes from the General Fund?"

Mr. Brouillet:

"I assume that eventually it would. The state board of education is supported by the General Fund."

Further debate ensued, Representative Adams speaking in favor of the motion to refer the bill to the Legislative Council, and Representative Brouillet speaking against the motion.

RULING BY THE SPEAKER

The Speaker:

"The Speaker would rule that a motion to refer to the Legislative Council actually is indefinitely postponing this bill for consideration during this session."

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., February 25, 1965.

MR. SPEAKER:

The Senate adheres to its position regarding its amendments to **Engrossed House Bill No. 196**, and asks the House to concur, and said bill, together with the Senate amendments thereto, are herewith transmitted.

WARD BOWDEN, *Secretary*

MOTION

Mr. O'Brien moved that the House insist on its position and ask the Senate for a conference thereon.

The Speaker asked for remarks on the motion.

The Speaker recognized Mr. O'Brien.

Mr. O'Brien:

"Mr. Speaker, ladies and gentlemen of the House, today is a most critical one in the history of our state. The decision we make today will affect us for years to come. It is most serious. If my motion fails, then it is the people, not the Democrats, who are the losers, for it was the people who voted to put a majority of Democrats into both houses of the legislature, thereby giving the Democrats an indisputable mandate to redistrict this state so as to clearly reflect the will of the people.

"If the people gave the Republicans any mandate at all, it was a mandate to administer this state, not to legislate it. But despite this, the new chief executive of this state has chosen to ignore the will of the people by attempting to assume the duties of the chief legislator as well as the chief administrator. We cannot help but wonder if his so-called 'blueprint for progress' calls for him to begin to try to usurp the powers of this branch of government. Last night the governor of this state was on the floor of this House, watching the legislative proceedings on legislative redistricting, a most unusual occurrence. I don't think it has ever happened in my memory that a governor and his administrative assistant watched how his fellow Republicans and others in this chamber might vote. It should be obvious to anyone that we have more than a governor sitting in that office downstairs; we have a power-hungry gentleman who is apparently under the impression that the words 'governor' and 'dictator' are synonymous. Our experience of listening to him tell how his party wanted to defeat one of our lady legislators was certainly a most distressing experience as far as we were concerned.

"The governor has thwarted the will of the people every step of the way throughout the prolonged redistricting problem. He has manipulated his Republican colleagues like a master puppeteer. He has been unwilling to permit a joint legislative conference to settle this dispute. In our opinion, he has grossly abused his veto power and flaunted his executive power. He has charged the House leadership with delay of enactment of a redistricting bill; however, he failed to tell the people of our state that on two occasions he vetoed redistricting measures that would have stopped this agony a long time ago. Certainly it has been prolonged, at the expense of the taxpayers.

"A joint legislative conference, in our opinion, is the only sound, sensible way to settle discrepancies that exist in this bill, and certainly is the procedure that has been followed throughout the history of the state of Washington relative to legislative matters. All you have to do is take a look and review some of the boundaries. The 37th District was described the other day as a 'puppy dog' district. South King county is split three ways, like a knife carving a Thanksgiving turkey or a snake grasping large voting districts. It just doesn't make sense. They are not contiguous in any way, shape, or form. It seems to me we are bypassing our responsibility by not having a joint legislative conference to settle this.

"This is suggested not on the basis of partisanship at all, because certainly our area in King county has nothing to lose or gain under the present method, particularly, but certainly the people in these legislative districts have a right to know and feel proud of their legislative district and not have them spread out in long stretches of ground in areas that make no sense at all. I certainly hope that you support this motion for a joint legislative conference so we can correct some of the inequities and discrepancies of boundaries and put together a redistricting bill of which we can all be justly proud."

Mrs. Lux:

"Mr. Speaker, ladies and gentlemen of the House, I speak in favor of this motion to insist on our position not to concur in the Senate amendments and to ask for conference. We have seen too much independence— independence of Republicans from Democrats, independence of Democrats from Republicans, House independence from the Senate, a Senate that doesn't adequately consider the problems of the House. So it goes, each of us independently representing a different area. I am charged to

represent my area in achieving more equitable representation for everyone in our state. I support this request for conference, because I do not believe that House Bill No. 196 as amended is a reasonable compromise. I do not believe that it is a reasonable compromise for House Democrats nor that the deviations above population percentages set by the court would be acceptable to the court. This compromise bill can be improved, and it should, in all fairness, be altered. I agree to compromise, yes, and I support the motion to send this bill to a conference committee where it can be improved. I am confident that three members of the House and three members of the Senate, appointed to serve on a conference committee, will do the job of statesmanship necessary to overcome our independence."

SPEAKER'S PRIVILEGE

The Speaker observed in the gallery fifty-one students from the Clallam Junior and Senior High Schools, and asked them to stand and be recognized.

The Speaker observed in the north gallery Girl Scout Troop No. 278 from Chehalis, and asked them to stand and be recognized.

The Speaker observed in the south gallery forty-five students from Hamilton Junior High School in Seattle, and asked them to stand and be recognized.

MOTION

Mr. Copeland moved that the House recede from its position on Engrossed House Bill No. 196 and concur in the Senate amendments to the bill.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Brachtenbach on a point of parliamentary inquiry.

Mr. Brachtenbach:

"Mr. Speaker, will the Speaker rule, please, as to which motion now before us has precedence?"

RULING BY THE SPEAKER

The Speaker:

"According to Rule No. 247 in Reed's, the motion to concur in the Senate amendments would have a precedence over the motion to insist. Therefore, having higher priority, the motion placed by Mr. Copeland would be before the House. The Speaker rules that the motion by Mr. Copeland will now be considered by the House."

Mr. Witherbee demanded an oral roll call, and the demand was sustained.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Smith on a point of parliamentary inquiry.

Mr. Smith:

"Mr. Speaker, please explain to the members what the effect of their vote 'Aye' may be."

The Speaker:

"The Clerk will reread the motion and then the Speaker will state the ruling."

The Reading Clerk read the motion by Mr. Copeland.

RULING BY THE SPEAKER

The Speaker:

"A vote 'Aye' would be to concur in the Senate amendments on the bill. A vote 'No' would be to not concur in the Senate amendments which were put on Engrossed House Bill No. 196."

The Speaker called for remarks on the motion.

The Speaker recognized Mr. Copeland.

Mr. Copeland:

"Mr. Speaker, ladies and gentlemen of the House, very briefly, you all know what this is about. It is about—excuse the expression—a lousy bill. There are several places in here where this is really a very lousy bill. Mr. Avey and Mr. Slagle don't like it. Mr. Goldsworthy and Mr. Huntley don't like it. Representative Smith doesn't like it, and there are several others. The real problem we have here is the fact that we are human and we have to be able to go through the painful procedure of re-districting our dear friends and neighbors out of a job, changing the political complexion and boundaries in strange directions in which we have never operated before and never represented. The point is that this is the best we can do. We all can't be happy with it, but we are living with a court mandate and you all realize the consequences of this mandate. So, very briefly, I am only saying that because of the fact that we are human and frail in the judgments we make, the end result here is probably the best compromise we could reach. I don't like this bill, but we have a court order that we are going to redistrict the state and, if this is the way to do it at this particular hour of the day, this is the best we can do. No one can ever blame any one of you for doing the very best job you possibly could.

"There are some awfully big men in this legislature right now who are probably going to vote for this bill, as much as they don't like it, but my congratulations go to them, because this bigness in these individuals means a lot more to me than some of the people that would like to spend some additional time in order to be able to make some additional political gains.

"Mr. O'Brien, I am sincerely sorry that you had to make a few of your comments. I disagree with them, but obviously they are certainly your right to say. The only thing I can say in defense of the entire proceedings is that it would have been grand and glorious if we could have had this job done for us, but we are here at a moment of decision and a moment of truth. The business of the state of Washington is ahead of us. If we concur in the Senate amendments and vote affirmatively on final passage of this bill, this measure may be signed by the Speaker this afternoon and by the President of the Senate and delivered to the governor's desk for his signature, and he has indicated he will sign this bill, so notifying the court, and my guess is that on Monday morning the court will release us to thoroughly process this pile of legislation that is before each and every one of us. The moment of truth is here, so I suggest that we put the business of the state of Washington in top priority and get on with the business at hand."

The Speaker recognized Mr. Burtch.

Mr. Burtch:

"Mr. Speaker, ladies and gentlemen of the House, I realize that what is said on this floor today will not change anybody's mind on their vote on this bill, so today I would like to address my remarks to the citizens of the state of Washington. I am voting against this bill and I will try to explain my reasons.

"First, I would like to reply to those citizens who have been critical of the legislature. I make no apology for our delay, our soul searching, our life or death struggle on redistricting. At least, by serving the legislature we are trying to do our part for our state and our remarkable and wonderful form of government. Redistricting is not a simple thing. We have found that out to our dismay. It took the court over one hundred years to enter the thicket of redistricting. They avoided it by rationalizing that it was a political, not a judicial, decision. I agree with what the court has done. The citizens of our state are entitled to equal representation and equal protection of the law, and the court is the proper entity to assure this. But the people should not be critical of the legislature that is having a difficult time redistricting. It took the court one hundred years to live up to their responsibility, and this legislature has itself refused to act since 1901.

"I am voting against this bill because I believe if it passes it will make it difficult for the Democratic party to have a majority of the legislature in the future. I am a partisan Democrat and proud of it. I believe in the philosophy, the goals, and the accomplishments of my party. The Democratic party is one of positive goals. Under its leadership, this state has an educational system second to none, and it offers equal educational opportunity to all children regardless of their financial position. We have developed an institutional program which emphasizes rehabilitation. We have given adequate help to the unfortunate under public assistance programs. We have insured to all people a fair insurance under state unemployment compensation. We have developed our natural resources for the benefit of all.

"Times are changing. Our needs are different each year. The state must meet the challenge and go forward. I believe in the sincerity of my Republican friends, but I also believe that the Republican party represents conservatism and negativism. These elements are definitely needed in state government to act as a balance and anchor so that we do not go too far too fast, but I believe we must have a Democratic majority if we are going to meet the challenge of the future. My love for my state and its citizens, my love for my family and my children, my faith in the Democratic party, its philosophy and its goals, allows me to do only one thing today, and that is simply to vote 'No.'"

Mr. Litchman:

"Mr. Speaker, ladies and gentlemen of the House, it is indeed difficult for me to rise at this time to support the position taken by Representative Copeland and against the position of my good friends, many of whom are on this side of the aisle. It is obvious that it is too late now for all of us to go into conference. Twenty-eight Democrats out of thirty-two, some ninety percent of the Senators on the other side, have approved this particular measure. The first two days of this session was the time for the Democratic party to do redistricting. The Senate did it; the House failed, and this is extremely unfortunate. It is too late now.

"I wish to compliment the hard-working members of this House and the Senate for the tremendous task they have done in bringing to us this particular bill. I am making some remarks here and will conclude, and I won't say anything more on final passage, but before this bill goes down to the governor's desk, I would like to compliment Representative Grant and Representative Gorton and Senators Greive and Neill and others who assisted in the passage of a bill before this legislature. I first learned today that this bill, if it becomes law, may very well be the only law in the whole United States to have passed a Senate and House controlled by one party, and be signed into law by the opposite one. I think this is a spirit of true compromise. A bill, of course, that is a compromise, that can be accepted by both sides, must be one that is somewhat intolerant of both sides. As Senator Dore has indicated, a compromise bill is one that obviously can't be accepted by either side. I think this bill meets those standards.

"I would like to state also that in addition to the twenty-eight Democratic Senators who favor this bill, there are fifty-one members on this side of the aisle, according to the statistics I have received—and I might be wrong—but the statistics indicate to me that fifty-one Democrats out of our sixty members are not affected by this bill whatsoever. There are a few, of course, who are put in two-man districts where three will have to run, and this is indeed unfortunate under this bill or the Democratic bill, Senate Bill No. 2, or any other bill, but where else are we going to go, ladies and gentlemen, if we don't pass this bill today? We have asked the Senate what they thought. Twenty-eight of them have indicated to me they are not bowing out. They are not going out the back door. They are not going anywhere. We must accept this bill or no bill at all.

"Now, on the point I raised the other day, I would like to re-emphasize this fact. I do not want the court, any court of this United States, to decide what we should do in the legislature. This is an extremely bad precedent and I am afraid, if this bill dies today, a week from now the court might say, 'We will redistrict for you,' and I would hate to see this done, as I stated previously, because the court is not interested in any one of you ladies and gentlemen here in the House or in the Senate. The court will probably redistrict the state on a slide rule basis, not to protect anyone here, not to protect the farmers, or laborers, or the people from the city, or the school people, or the unions. They are only interested in who lives where and the population, and wherever they can dig out rectangular or square, or maybe even round or triangular districts, they will do it, as long as it has some 60,000 people in it. That is their concern. Now, it is possible in Seattle—and some of you don't realize this—for the court to throw about eight House members and three Senators into one district very easily. I can do it. Somebody has tried to do it over here, and the federal court, of course, could turn around and do it a week from now.

"Now, there is another point I would like to make. If I want to come down here again—and I can't predict whether I am going to run again or not—if I come down here, I want to come down with experienced legislators. This means more to me than anything else. I get along, I believe, with just about anybody in the House and Senate. I disagree with you and you have a right to disagree with me, but you are old, experienced hands. The people don't realize this in the state. Unfortunately,

they are very naive about the type of talent we have in this legislature. I think it is one of the finest groups I have ever seen anywhere. If we don't pass this bill today, the federal court is going to see to it that very few of us ever return.

"Now, one other point. The other day I made a commitment to myself, to my party, and to the people of the state of Washington that if the governor was sincere in accepting this bill without any one-line vetoes and in accepting it without reservation, I would be bound by it. A number of others felt this way in the Democratic caucus. The governor—I have heard his tape recording—has said explicitly he will accept this bill the way it is written without any changes, without any reservations, and that is about all the governor of this state or any other state could be expected to do. I think he should be complimented for this. I think everybody in the House and Senate, again, should be complimented for their attitude, whether right or wrong. This is the bill. I hope you will support the motion."

The Speaker recognized Mr. Gallagher.

Mr. Gallagher:

"Mr. Speaker, ladies and gentlemen of the House, I will have to tell you a little thing. I agree with the pea picker, Tom Copeland. This is a lousy bill. You had better believe it is a lousy bill. This is my third term serving the 28th District. I am not in the 28th District any longer. I am in the 29th. They have cut the 28th District up into four districts. Part of it goes to the 25th, part to the 27th, and part goes to the 29th. This is a lousy bill. I can concur with the remarks of Jack Burch. I think they were sincere. They are remarks with which I can agree very strongly. I am a Democrat. I will serve the Democratic party the rest of my life. There are people here today who will not be serving and haven't been serving their party and their convictions, and they are the ones who are going to have to suffer and go back and tell their people they voted against the mandate the people gave us to redistrict this state. We have one person sitting down there and we have one man on the other side of the aisle who say, 'I don't worry about you and I don't debate you any longer, because I will be taken care of downstairs.' I dislike that greatly. I hope you vote against this measure. Thank you."

The Speaker recognized Mr. Smith.

Mr. Smith:

"Mr. Speaker, ladies and gentlemen of the House, and my colleagues across the aisle, I have a few words to say and I would beg that the House would give me the time it will take to say them, but the first thing I would like to say is that my objection to this bill is not nearly as great as my objection to the manner in which the people I represent have been handled. Had there been real objectivism in formulating a redistricting measure, no matter how much it hurt, I would gladly abide by it and vote for it knowing the consequences, but when I see favoritism creeping in at the very source of the power, then I begin to believe that possibly we are being sold a bill of goods that is not necessarily what it is advertised as being. What kind of favoritism have we had? Of course we have had some favoritism in the Senate. There is a senator who needed a few new voters to bolster his chances of reelection because the old voters were getting kind of tired, so he ran and grabbed a few thousand voters out of my district who are loyal Democrats. Well, that is life. There was another senator who wanted to move and build a house, and if the line had been drawn straight, maybe it might not have been possible, so we get the puppy dog and down in the legs they made room for the senator to move and build a house, and they take out a couple of thousand Democrats who have been represented by the 37th District for a number of years. The people I represent don't like to be handled this way. They don't like to be handled just for the convenience of one. What kind of fairness is that? You give two thousand people to someone to represent them who has shown by his actions that he is not concerned with their welfare. When I say this, I speak of the people in the 43rd District, a district that has not elected a Democrat for forty or fifty years. It just so happens that most of these people are Negroes and I feel kind of close to them. Now, don't misunderstand me. I like my citizens and I like the senator. I'd like to tell you right now I have no intention of running for the Senate at this time, but I just hate to lose so many good friends in order to take care of my senator. So much for the humor.

"I am not worried so much about the initial effect of this bill, because in spite of what we might do or try to do, it has been proven that we have one of the most

intelligent electorates of the most selective people, who know who, when, and where to vote for, in the state of Washington that we have anywhere in the United States. So if you think you are going to gerrymander a victory today, you are wrong. But what I am worried about is this. I wonder if the passage of this bill is going to have anything to do with the future of the balance of our legislation during this session. I look at the people who are supporting this measure and I see the same people who supported the lien law in the last session. I see the same people who wanted restrictive legislation in public assistance. I see the same people who have been pushing for the Columbia compact. I see the same people who have been trying to cut down on unemployment compensation. I see the same people who vote restrictive labor laws, right to work, and restrictions on pensions. These are the things that worry me, ladies and gentlemen, because once you have started walking the road, you can't just say, 'Now I am through; you go ahead and walk it.' I wonder if this same group of legislators today is going to clip the pockets of our people for higher taxes. These are the things I wonder, and once you crush the legitimate leadership of this House, you've got to carry the ball or let the wagon stay still. I am worried about it, gentlemen, and I hope you know what you are doing."

The Speaker recognized Mr. Savage.

Mr. Savage:

"Mr. Speaker, when so many people admit a bill is bad, I don't see why we shouldn't try to improve it, and there is a method of improving it. I don't think we ought to ignore it. I think we ought to vote this motion to concur down and ask for a conference. In this book there are provisions for joint rules. That provides for conferences between the House and Senate, and I have seen many, many bills in this House where we differed with the Senate in past years go into conference, but I don't think I can recall any of them any more important than a good redistricting bill. I don't like this bill because I think it has been hammered out with a club called 'veto.' I think that when we have a Democratic legislature that they should redistrict the state. I feel that the new governor has gone way beyond the real prerogative of the governor in using his veto as a club. He is doing this purely for partisan reasons. Maybe we shouldn't blame him, but I blame the Democratic House if they go along and approve that kind of method. I like the people on this side of the aisle. I like being over here myself. If this bill goes through, I won't be on this side. I might not even be able to be on the other side. I like my colleagues on this side of the aisle. They are a lot of fine people, but I don't want too many freshmen with them, so that they have a majority of this House. I like them as a minority. I believe in the Republican party. I believe in the two-party system and I have lots of friends among the Republicans, but I just don't think they ought to be in power.

"I think Mr. Smith mentioned program. This is what we are talking about here today—program. We hear today some arguments that the people sometimes voted for more Republicans than we elected, but the majority of the people of the state of Washington are Democratic minded. They are progressive minded. We are in an atomic age, an automated age, and we have to make progress. If this bill we are talking about here today passes, whoever comes back here in the 1967 legislature is going to be in a conservative House, in a Republican House, and you can bet on that if this bill passes because it is designed for that purpose. And I am not going to vote for anything like that because I represent the people of the state of Washington, not only the 24th District. I represent the progressive philosophy of the state of Washington. I believe we should go into conference and try to iron out a redistricting bill here that will continue to let the legislature reflect the attitude of the people of the state of Washington. Otherwise, as Mr. Smith says, it is going to mean lien laws and a lot of conservative things, when we ought to be thinking about becoming more progressive, more progressive with education, more progressive to keep up with problems of automation that will be created in the next ten years. We are going to see some tremendous things happen in the Columbia Basin with the atomic plant we are having there. This kind of problem needs the progressive ideas of the Democratic party to help toward success. For this reason, I think it is our duty, those of us who have been elected here to represent this philosophy of the state of Washington, to vote this motion of Mr. Copeland's down and support the motion offered by Mr. O'Brien, and see if we can't get into conference with the Senate and write a better bill and then come back and vote 'yes' or 'no' on it and the Senate can vote 'yes' or 'no.' I am sure they can do a lot better than has been done

here. If we accept this, we are allowing one house of the legislature to dictate to us. It is natural to go into conference here with representatives from both houses and I think we should follow the procedure outlined in this book of rules."

The Speaker recognized Mr. Kull.

Mr. Kull:

"Mr. Speaker, ladies and gentlemen, as Representative Smith spoke, I thought I was attending a wake. In fact, it looks like a bunch of lemmings running for the sea. The other morning at 7:00 o'clock, I came down for a meeting with the farmers on the agricultural committee and a good friend and brother of Mr. Smith, John Price, the doorman on the Democratic side, put redistricting in perspective for me. He said, 'All those fellows out there last night were just arguing and trying to grab a little more territory,' and of course, that is exactly what everybody has been trying to do.

"The situation we are in today reminds me of the story about the razorback hogs down in Arkansas. Where there are razorback hogs, there are hog thieves, and the thieves in Arkansas at this time were helisting so many hogs that the sheriff had deputized every man in the county. He put a roadblock on every road. Unfortunately, two of the brothers that lived in the back country hadn't heard about this roadblock, Jed and Lud Watson, and they chose this dark night to go out and steal a hog. They found a farm, climbed the fence, managed to get this hog into the car and put it in the back seat. Then they threw an old blanket over it to cover it up. They turned their lights out and felt their way down this dark, dark road. A mile or so later, they turned the corner and here was the roadblock. They had been seen; they couldn't go back. So they had to go ahead. A deputy waved them ahead with a flashlight, so they drove over and stopped and put the window down. The deputy shined the flashlight into the driver's eyes and said, 'What is your name?' He said, 'Jed Watson.' 'What is your name?' 'Lud Watson.' Then he flashed the light around in the back. Just at that time the hog chose the moment to raise his snout out of the blanket. He shined the light in the hog's face and said, 'What is your name?' and the hog said 'Oink!' So the deputy stepped back and waved them on through the roadblock. Then he stood there and he finally turned to his colleague and said, 'Do you know that Oink Watson is the homeliest man I've ever seen in my life!'

"Now, this gentleman was a little confused. He hadn't thoroughly examined the situation and I maintain that a number of people here on this floor have not thoroughly examined the situation either. It has been said this was certainly not the best bill we could put together. It has been said there is no need for us to go to court, and the court yesterday by itself delayed and granted us time to do better. The court wants the legislature to redistrict and, obviously, if we can get this bill into conference there are no obstacles in the way.

"The mate came up to the helm one day and took over and he was a little bit tipsy. The captain entered in the log that the mate was drunk today. When the mate saw the log he was sober and he argued with the captain and appealed to him to erase that out of the log. The captain said it was in the log and had to stay, that he couldn't change it. The next day, as you perhaps know, the mate wrote down 'The captain was sober today.'

"This is a two-sided argument. Governor Evans said on that first bill that it was extremely partisan. I don't deny that a bit, but this is a two-sided argument. This bill is a very partisan bill, too. We might say that 'the governor was sober today' when he signs this bill, if it gets to him. I think that by his continuous, adamant, unalterable statement that he will veto this bill, the governor of this state has brought the Democrats in this House to his will. My good wife sent me a card yesterday; I got it in the mail last night. It is one of these little fun cards. It says on the cover, 'For fast, fast, fast relief—Kiss me, baby!' For the last twenty-four hours, every Republican in the House has been wooing every one of us Democrats—fast, fast!

"I have been asked repeatedly, 'What does Representative Kull want? Why is he insistent in voting against this bill?' I came to terms with that question a while back and I wrote this down at the time. I wanted it clear in my mind and I wanted to be able to respond to people who have been writing to me.

"Redistricting may be done when you read this, but I want you to know my reasoning. I have pressed for a 'Metropolitan Yakima' 14th District. It would include all of the city, a fringe of precincts on the north and south, Union Gap, and the Moxee Valley. This gives us distinctly rural and urban districts, and for the first

time the metropolitan area would have its own Senator and Representatives to represent its distinctly urban needs.

'I've strongly disagreed with the Republican plan to divide Yakima City east and west, to "preserve the historic boundaries of the county," as our Republican Representatives say. I ask, "Are we to 'preserve historic boundaries,' or are we to use our good common sense and recognize our urban community and its unique and expanding needs?"—needs that I say have too often been unrecognized or unconsidered in the past. Yakima is a city of 45,000. If we extend the city limits, as the Chamber of Commerce has been urging, it will be many thousand more. And rural Yakima county deserves its own distinct representation. Both city and rural areas have their special problems. They deserve legislators with a depth of understanding that comes only from long association.

'Can a city dweller properly represent our farmers? And can a farmer properly represent the city? I believe city and rural are distinctly different—not in the quality of the people and their good relations over the years, but in their unique living and working situations and the special needs of those situations. You folks from town write me your thoughts about discrimination in housing, welfare problems, unemployment compensation, and legislation to permit employees to negotiate with the city council. Our firemen are concerned about pensions, and the city council is concerned about paying for them. Our Metropolitan Park District had a problem—railroad firemen want to save the "Full Train Crew" law, while our business and industry wants to repeal it. On the other hand, you folks on the farm write about child labor laws, cherry problems, a new feed bill, a poison trap for coyotes, electing State Dairy Commissioners, requiring creameries to provide regular audits for their dairymen, livestock brand fees, and control of pests in orchards. The twain are not the same. Each needs its own representation. In short, a city man concerned about city problems can concentrate and specialize, and perhaps come up with answers that will greatly improve his own city and others in the state, and a farm man likewise about the farm.

'We do business together and socialize together—city and town, but we do not live together and there is much we speak together but do not really feel together because we do not truly know how, by living it, and hence do not truly understand about each other. No man can truly wear another man's shoes, for each man's shoes are molded to that unique man's feet. And, in kind, his actions are molded to his mind, whose convolutions are put there one by one by acts and thoughts of entirely different kind. In short—city and farm, we have them both. Both are big and vigorous and demanding of attention. Let's recognize them in Yakima county.'

'I have a letter from a lady, which I received the other day, which says: 'I have watched with much interest your stand on redistricting as it would affect the city of Yakima and your position that it should be an urban entity and not subjected to splitting in accordance with Republican ambitions. It is the only realistic one to come out and I hope you will be able to hold to your stand without having to concede to whatever deal has been dreamed up to attempt to keep Yakima from knowing it is a city with urban interests of its own.'

'I am going to conclude. I was charged yesterday with voting with the Democratic majority in killing the redistricting bill. My Republican colleagues charged that this proved that the majority of House Democrats had no interest in the important bills being held up by redistricting. They charged that the bill hurt many Republicans who unselfishly voted for it. Hence, I was selfish in not voting with Republicans to go on with the people's business. Here is my reply:

'On January 20, five weeks ago, the House passed Senate Bill No. 2, the first redistricting bill. But did my Republican colleagues vote against their party and for the bill—so we could get on with the people's business? On January 30, almost four weeks ago, the House passed House Bill No. 196 to redistrict. Did they vote against their party and for the bill—to get on with the people's business? On February 11, two weeks ago, the same thing, and on Monday last, did they vote against their party? In each instance, no.

'I may say this to the people back home: You may not understand, and you may disagree, on party loyalty. The point is that not one Republican has voted against his party to solve redistricting during the six weeks of this legislature. I do not criticize them. Redistricting is the most intensely partisan issue possible—for the life and strength of each party is at stake. Asking someone to vote with the other party is like asking a religious person to vote for sin, or a strike-bound businessman

to vote with the union, or the union to vote with management, or the farmer to vote for a lower price.

"Get on with the people's business? Redistricting is the people's business, for how it is done determines the party in power. The issue this week was the public interest. The citizens of this state elected sixty Democratic House members last November. The bill this week would have returned only forty-seven of them, or a few more at most, and given control of the House to the Republicans. This violates the people's mandate. You folks may not prefer a Democratic majority, but last November the people did. Had they voted a Republican majority in November, I would have been compelled, even as a Democrat, to accept their wishes in drawing the redistricting bill.

"I know that many of you folks at home do not understand 'redistricting.' I know that some of you think it has been 'all politics' and hence is perhaps evil and certainly selfish. I know that you and all voters wish we would 'get on with the people's business.' It would have been the easy way out for me, in our traditionally Republican community, to 'join up,' to preach that I had renounced the stubborn leadership of my party and voted for the bill and thus helped to solve the messy business of redistricting so we could get on with the important business of the state. Perhaps I should do this. Perhaps I am foolish not to do this. Perhaps I will alienate many of you who voted for me. But I feel it would have been dishonest. The people spoke in November—the people of all of the state, not just of our district. They elected a strong Democratic majority. And today I plan to honor their trust."

The Speaker recognized Mr. Brachtenbach.

Mr. Brachtenbach:

"Mr. Speaker, ladies and gentlemen of the House, today is the 130th day during which I have been privileged to serve in the legislature. I suppose it is probably, regardless of the result of this bill, the most unpleasant day. Frankly, I am weary. I am tired. I have not participated directly in redistricting as far as my own district is concerned. I haven't been that concerned, because I felt that as far as any personal likes were concerned, the district as it was drawn would be satisfactory to me. Unlike my Democratic colleague from Yakima who just spoke, I think this is hardly the occasion to joke about the subject. I see nothing funny about it. The governor sees nothing funny about it. I spent a number of hours with him yesterday. He certainly wasn't smiling. I notice that not many people on this floor are smiling today. Contrary to the remarks that have been made, there has been no arm twisting and wielding of power and pressure by the governor. I was going to say that on no occasion has Governor Evans asked me nor have I seen any occasion in our caucus when Governor Evans dictated what our position was going to be, and that is an accurate statement, not challengeable. Let me make only this point, that obviously tempers and feelings have been high. Certainly they were last night, in unfortunate aspects. I make only the point that we are not voting party lines. We are voting for a compromise, which necessarily involves a division from strict party lines if we are ever to solve this problem. But we have fought a bitter battle and regardless of what happens to this bill, no one of us and neither of our parties has won. It is that simple. But the key issue and the essential thing is that the people have won. If this bill passes, the people have seen their legislature, not a meddling federal court, do a legislative task, and so the people have won. And I repeat that this has been and will be, I am sure, for many of us a most unpleasant day, regardless of the outcome. So let's just put that unpleasant task behind us and get on with the other business of the state. The people deserve that."

The Speaker recognized Mrs. Valle.

Mrs. Valle:

"Thank you, Mr. Speaker. Ladies and gentlemen, I don't know that I can be as entertaining as Representative Kull or if I can be quite as serious as Representative Brachtenbach, but the story that I have to tell you is a true story, a few remarks about redistricting. Last night as I gave a loud and lusty 'Aye' on the adjournment of the House of Representatives, a loud and lusty 'Go to Hell' came from the back of the room. I would like to say that at this moment I am not going. I am not going now, at least. I am thinking about going this summer. Hell is a city in northern Norway and we are thinking about going there, my family and myself. We have never been able to get there on our previous visits to Norway. So I rise to tell you that I am not going now, but I may go later.

"All right. A few remarks about redistricting. I am for this bill going to conference, and I am going to relate a few of my experiences here and what I have done. As I said previously, I am a freshman in this House, but not a freshman in redistricting. I have worked long and hard and I hesitate to tell you this, because in the process of telling people you have worked for Senate Joint Resolution No. 191 in 1958, Initiative 199, and for Initiative 211 you reveal your years as a lady. As a member, I have voted for Senate Bill No. 2, House Bill No. 196, and Senate Bill No. 346, all of which were bills that placed me, as a Democrat, in a Republican district. I also voted for Senate Bill No. 333, and this bill was very much like Initiative 211, which was the swing Republican district. Now Attorney General O'Connell in his December 15 message said that the urban districts were to be a maximum fifteen percent population, and the rural were to be the minimum. Now, this bill we are looking at and considering today is very possibly unconstitutional, because it has a district with a population of 66,499, and that is four hundred over what the population should be. For this reason I think this should go to conference, as a conference could correct this. And, by the way, I have been sustained by telegrams and compliments from people telling me what I did last night, and what I have done in the past as far as my votes being recorded in redistricting, is correct, and this is by Republicans and Democrats. In closing, I am not going to Hell, Norway now; I am going to stay here. I am going to work. I am going to vote for conference, and I am going to vote against this bill; and if this bill is passed, after that I want to be here to do the very best job I can to enact the vital legislation that is before us. Thank you, ladies and gentlemen."

The Speaker recognized Mr. Backstrom.

Mr. Backstrom:

"Thank you, Mr. Speaker. Speaking to the motion and against the bill, I want to re-echo that I am a Democrat. I behave like a Democrat, and I have voted like a Democrat. Now, in voting as a Democrat upon this issue, I am certain I am doing what the voters at home and my constituents wish me to do, because they sent me down here with a very substantial majority and I am not about to betray them. Therefore, I feel, based upon this bill as it has been put together and drawn, that I cannot vote for and support it. Now actually in my representation here, I support a certain philosophy, and that is a philosophy that has been sustained and substantiated by the Democrats and those who support them and will continue to support them, and of those I am one. I want to say to you this, that I am certainly in favor of getting this thing underway and getting this redistricting completed. I don't claim to be specifically knowledgeable about this bill, but I have been up in Committee Room 8, where much of this work has been continuously put into motion and implemented, and I think that there are certain areas in this bill that need some corrections. And this each and every one of you who have looked upon this bill realizes. Presently there is not time for vacillation. There is no time for errors. Yes, we compromise. We have compromised and compromised and compromised again. In due regard and due respect to all on both sides of the aisle, I must say as a Democrat that I would commend the other Democrats upon this floor for certainly going all the way in the matter of compromising. Now, from the standpoint of the complexion of the state, I think we have reversed it very definitely in this bill. In due respect to all those who have so diligently, with the assistance of our Representative Grant on this side, worked upon this subject, we have now come to a position of having come down here with a majority of sixty and now we are back down to forty-seven, and from a fair standpoint, in reference to the representation of the people in my district and the state, I say this is unfair and this is not right. I question very much whether the word 'fair' which has been so badly abused and misused in these last forty days will ever achieve any status in the language again. Certainly it will continue echoing and re-echoing in these halls in Olympia. Now, I am not so much concerned with the areas displayed before the microphones and cameras, and I am reminded very much of the very charming lady across the aisle from me who indicated yesterday that she was going to be probably somewhat lonely when she got home. This may be true of all of us, but we don't come here to display ourselves. We don't come here for great oratory. We come here to represent the people who sent us here and to support the complexion of the political arena which we have now looked upon within the state for many years. I want to say to you that basically and continuously I have supported the philosophy of the Democratic principles, and there are some nonpartisan areas such as budget and revenue in which I am

interested along with numerous others here, and I will continue to follow the practice of prudent application of honest representation in these areas. By the same token, I think we should do the same thing in the area of this highly partisan matter of redistricting. This, I think, is specifically and definitely incumbent upon us. If we will do this, we will have no fear to go home, and I should say to you that if we are not in session over the weekend, I am going home without fear. Now, one gentleman I recall claimed yesterday that today we were entering the doors of the court. Only a few minutes later we were coming out through the doors of that same court—a rather short day. I say to you that as far as I am concerned, this bill is getting that same type of short change, when we look again upon a reduction from sixty to forty-seven. You know what I refer to and you know what I mean. We have some who have been converted to the thinking and will act accordingly that this is a bill that they should vote for. I have no quarrel with them or with anyone who sees the bill in that light. Personally, ladies and gentlemen, I would have liked very much for this body to have seen fit to have made some alterations in it that would have made it more compatible, and with the aid of the Senate, I feel this could be done. Thank you.”

The Speaker recognized Mr. Marzano.

Mr. Marzano:

“Mr. Speaker, ladies and gentlemen of the House, this is the first time you have seen me rise and talk. This is the time. You have heard all the remarks about House Bill No. 196 being a good compromise bill as amended and so forth. It is a good one for me, very good. I live in the 27th District of Pierce county, which I am very proud and honored to represent. I am locked in as a Democrat. I shouldn't be squawking about this bill. There is a picture somebody left on my desk of two elephants which says 'It's a Democrat'. They are locked in with their tusks and trunks. Here is a picture of a bunch of crocodiles, on the bottom of which it says, 'How can they really clean house? There would be no one left.' We are a majority of sixty to thirty-nine. If you vote for this, we will be a minority of sixty. I oppose this bill. I have a lot of friends on this side of the aisle. I honor their statements, I think they are true. I voted for Senate Bill No. 2, ladies and gentlemen of the House, which, if it had gone through, would have resulted in my defeat. I voted for it. I have been the underdog before and I welcome that opportunity.”

The Speaker recognized Mr. Slagle.

Mr. Slagle:

“I wasn't intending to say anything. However, my name was mentioned earlier. I am supporting this bill, not because we did not get the district we wanted, because we did. We have the district of 2-A and 2-B. We were given 16,000 square miles, which we asked for. We have heard on the floor of the House how tough it is to campaign in areas like Whatcom, Skagit, and Snohomish. We campaign in our area on foot, by rowboat, by motorboat, by steamboat, bicycle, car, horse, mule. The other day I heard about a new convenience, a Honda. My seatmate has an airplane; he is able to tour the whole area. My opposition knows we were not given the area we wanted. My chances of coming back are as good today as under any bill we have had before us. But I was sent over here by a Democratic majority and our duty is to represent the second district in the affairs of the state of Washington. The Democrats in the state of Washington chose sixty members to the House to come here and represent them, and I feel if I were to vote in favor of this bill that I would be opposing the wishes of the voters who sent me over here.”

The Speaker recognized Mr. King (Richard “Dick”).

Mr. King:

“Thank you, Mr. Speaker. I represent the 38th District, and when this bill passes, if it does, it will become part of four different districts, and I rise to speak in opposition to this bill, not so much from a partisan basis as I do because I feel I should represent the people that belong in the various parts of that district. A portion of my district is Island county. Island county is small and has not been able to elect for a number of years a representative who lived on that island. In the Democratic proposals there was a line that divided Island county from Kitsap county and put the various portions of the population in a subdistrict on the island, so that

for the first time in a long, long time they could have somebody who lived there and could represent their interests. The Island county people didn't send me letters opposing the Democratic bill; in fact, they favored it. So now, in putting this bill together, they forgot to take the line out that divided that into two districts, and by doing this, it means that the person who represents that area will probably be elected in Kitsap county. In order to get to Island county, he is going to have to get on the boat and somehow get over to the mainland, go through Snohomish county, get on another boat and go back to Island county. It is not contiguous in any way. A portion of Island county is Camano island, which is separated from Whidbey island. The people on that island are represented by a representative from the 39th District, and they had a bridge which connected them with that. Now, if someone from Kitsap is elected, he is going to have to get a boat and drive through legislative districts and get on another boat or cross a bridge, one of the two. This could have been solved very easily by simply dividing it into two subdistricts, a simple line which would not have changed the political complexion of the state at all. This is the kind of thing that could be considered in a conference committee, the kind of thing I think both sides of the aisle would buy. It is one of the reasons I am supporting my side of the aisle in speaking in opposition to the motion.

"The other portion of the district I represent is south Snohomish county. It is an area that has a very strong identity among three communities, three cities. They want to talk about a growing urban population or suburban population. In the Democratic bills, at least the more recent ones, they were all put together. Now, for some reason, in this bill a portion of that area has been taken out and put into the 39th District, which is primarily a rural district. Another portion has been taken right up into the outskirts of Everett, for some reason going right around the home of the person whom I replaced in this election, putting him into a solid Republican area. Now this is a partisan objection I make. I would rather have him in my own district, so I could run against him next time. I would enjoy that. It is to my advantage to have him in the south county area, but it is not to the advantage of the people down there. They would like a district which would be square and contiguous and that would look like it hadn't been gerrymandered. This is the feeling and expression I get from them. I think this could be taken care of in conference committee, again without changing the political complexion of the state in the next election. Two changes in lines would help satisfy the people I represent. I might conclude by pointing out that I received in this election twice if not three times as many votes as many of the people that are here today, and I think that this voice should be heard when I am speaking for those people in my own district. Thank you."

The Speaker recognized Mr. Conner.

Mr. Conner:

"Mr. Speaker, ladies and gentlemen of the House, I would like to acquaint you with the 24th legislative district, the district, in land, one-eighth of the size of the state of Washington, a district larger than the three New England states of Rhode Island, Connecticut, and Massachusetts, a district that for more than forty years has had continuity of interest in these legislative halls. They have had three legislators representing the counties of Clallam, Jefferson, and Mason. From my home town on an evening, to go to a meeting in Mason county is 123 miles one way. If I go the other way from Port Angeles down the coast it is 115 miles, and I live in the center of the district, not on one end, as Representative Savage does. I listened to the remarks of Representative Leland earlier in the session when he was concerned about a dumbbell district, a district that was drawn so that it did not represent continuity of interests. Our district has had continuity of interest. I do not know who will represent this district in the next session. Perhaps it will not be me. I have attempted since 1957 to represent the people in our area. We feel that an area should be considered. We feel that perhaps there was a conspiracy back in 1960 when this census was taken. We had a member of the opposition party as the President at that time, and he appointed the census takers. In that census, it points out there were only six Chinese. There are 23 Japanese, 55 Philipinos, 67 Negroes, and 2200 Indians living in the 24th District. Now, any of you that have watched television realize that there is an Indian behind every tree, and we have got more than a million acres of state land. We have more than a million acres in our park and we have more than a million acres in private forest land, so certainly we have more than 2200 Indians in the 24th District. Representative Sam Smith from Seattle has

been talking about the minority groups, and we are concerned about the minority groups in our area, because we realize that losing representation will mean that their voice will be less effective. We have in Clallam county a greater variance in rainfall than any other county in the United States. There is less than fifteen inches in Sequim; within fifty miles of that area westerly, in Forks, there is sometimes greater than 140 inches in one year. We have more than 40,000 acres under irrigation in the Sequim and Dungeness valleys. We have many fishing problems, some of the largest manganese deposits in the United States. We have timber interests and many others, and we feel that these will not be represented when we lose our representation. I would like to call your attention to the fact that many of you have stated that should I vote for this bill or should this bill become law, you would support HJR No. 6. I hope those of you that mentioned this to me will keep that word, because we feel that there should be some way that those who live in the rural areas may have a voice in the government. I certainly urge you to oppose this resolution."

The Speaker recognized Mr. Jolly.

Mr. Jolly:

"Mr. Speaker, ladies and gentlemen of the House, I suppose there are several of you in this body today that are wondering why I should rise and oppose the motion by Representative Copeland. You can say, and truthfully so, that I have a perfect district. It is a good district. It is the best district I have had, much better than the one political-wise that I am representing today. But the reasons that I am opposing this motion of Representative Copeland I think can be answered by some of my Republican friends, if asked why they opposed the other bills that were here. Some of you had good districts in those bills and you opposed those bills because they were unfair to your party. I feel this bill is unfair to the Democratic party. I was elected as a Democrat and I am going to serve as a Democrat and I am going to vote with the Democrats and vote against this bill."

The Speaker recognized Mr. Moon.

Mr. Moon:

"Thank you, Mr. Speaker. I would like to speak against the motion by Mr. Copeland. It is my hope that we will be able to bring this redistricting problem to an official conference committee of members of the House and the Senate. This is a normal legislative process and procedure, instead of what we have done where a select group of House members and a select group of Senators have been meeting in the governor's office; they have been meeting in hotel rooms, and they have been meeting in other places that have not always been accessible to members of the House or the Senate or to members who have been officially delegated to work on this problem of redistricting. This select group has been meeting, trading, compromising, and capitulating under the coaching and the management of the governor. In my opinion, this redistricting measure has been brought about by a group that has been under undue pressure, pressure from the courts, pressure from the President, pressure from the governor, and even pressure from the Republican party and from the state chairman who has his office next to the office of the governor in this legislative building. I do not feel that it should be the responsibility of this group or any other group that is not officially representing the House and the Senate to bring any redistricting measure before us. There have been charges made that this group has wheeled and dealt House seats and Senate seats to their liking. Now, I want it understood that I do not question the integrity of anyone who votes for this redistricting measure. I do not think that they will have done anything dishonest or anything dishonorable. However, I do question their wisdom. I do question their judgment. It is my hope that everyone will reconsider this matter, because in my opinion, this redistricting measure is not the result of compromise. It is the result of pressure. It is not a compromise. It is a capitulation. It is not in the best interests of the people of the state of Washington. Now, if we are sincere in what we say when we say we don't like this redistricting measure, then I say, let's put this into a conference committee, where it belongs."

The Speaker recognized Mr. May.

Mr. May:

"Mr. Speaker, ladies and gentlemen of the House, several months ago I was assigned the task of compiling and redistricting the eastern part of the state. I spent many hours, used many maps, counted dots that represented people to get an accurate count in the city of Spokane. I divided this into precincts so I would have them at the tip of my fingers when they made changes or suggested changes. The day this came through, I was asked again to check the population. I took the bill home that night and spent most of the night checking it and adding, and when I came to the 5th District I knew these figures by heart. It was very obvious they were way out of balance, so I went to work on it. It was 12,000 people out of balance between the 'A' and 'B' divisions. The next morning when we mentioned this to some of the experts downstairs they said we were wrong, but the next day they did come up with a strip of two blocks in width and some fourteen blocks long, which would bring about a thousand people more into the 'A' division. This still left it way out of balance and I had to add four precincts to this section to bring it somewhat within a reasonable balance. This is just one of the reasons I think it is a bad bill. I think it should be checked and rechecked. We were told on our first three or four bills some very picayune things, that something was out of balance 400 or 500 votes when it suited their purpose to argue this way. Another reason why I have to oppose the motion, just in closing, is that I would say the people elected a Democratic Senate and a Democratic House, but it took a Democratic Senate to knock the Democratic House from sixty seats down to forty-seven. Thank you."

The Speaker recognized Mr. Kalich.

Mr. Kalich:

"Mr. Speaker, ladies and gentlemen of the House, it seems like this is everybody's talk day, so I am going to get a few words in here. There are sixty of you who have been here quite a bit longer than I have. I don't know whether any of you have enjoyed it any more than I. I haven't been happy with any bills, including Senate Bill No. 2. The federal court said we would follow county lines whenever possible and would have approximately 57,000 people in a district. Now, we would have 57,000 people in Grays Harbor if you would leave it absolutely alone. You take a look at a map today. We have 57,000 in Lewis and Pacific and 57,000 in Grays Harbor county. I voted for Senate Bill No. 2 which took nineteen precincts out. I didn't like it. I think the federal courts are going to look at this and knock it out. I am personally not too much concerned. I am told I am getting 900 extra Democrats. I am not concerned whether they are Republicans, Democrats, or Dootsons. Dootson is a good friend of mine; he is an independent. I would like to close with my apologies to Robert Service:

I'm not as wise as you lawyer guys
That are sitting across the aisle,
But I want to state, and my words are straight,
And you can bet your \$40.00 they're true,
That the ones of you that engineered this bill
And have highest hopes of seeing it through
Are our friends and colleagues across the aisle,
That are known as the great Slade Gorton and his crew."

The Speaker recognized Mr. Bottiger.

Mr. Bottiger:

"Mr. Speaker, ladies and gentlemen of the House, I think if we take a moment, just a moment, here to review how we got to this point, it will reveal something of the resistance to this bill that you are receiving from this side of the aisle. This House, both Democrats and Republicans, have been given a no-choice, a no-alternative, a no-amendment direction from the Senate, a take it or leave it piece of legislation. This bill as it affects Pierce county frankly helps the Democratic party. There aren't any solid districts now; we now have three of them like that. It is true one of the Republican districts is stronger than it used to be, but the other is weaker and it may well be that we will have two years from now eight Democrats in this House of Representatives from Pierce county. But that isn't the issue here today. The issue here is what Sam Smith said it was. The program of the party in control of this House of Representatives two years from last January 11 is the issue here today. It will be whether that program is ours or yours; this is the issue on which you cast your vote on this measure. Now, I must resist this bill, because I cannot bring myself

to vote for a statute which in my opinion and with the figures that have been given you here today is unconstitutional, and I don't feel the people at home expect me to do so. There is an alternative method, a conference. We could at that conference adopt amendments of changes that could be made to make this a constitutional statute. Now, frankly, I personally would prefer that the court or some nonpartisan body redistricted the legislature. For that reason, I am going to be spending a portion of my time for the balance of this session pushing House Joint Resolution No. 25, but not this bill. Thank you."

The Speaker recognized Mrs. Johnson.

Mrs. Johnson (Doris):

"Mr. Speaker, ladies and gentlemen of the House, I cannot sit here in silence at this rather decisive moment in our history and in the history of this House without speaking out for the people of the 16th legislative district. I of course will oppose Mr. Copeland's motion and support Mr. O'Brien in his request that we consider a conference. I, too, have been involved, as have Mr. May and Mr. Grant, in reapportionment for the state of Washington. I live in an area that is going to gain in representation and for many people this became a problem. Their concern came within the area of political fairness and not for the gain of population growth. I would remind you that this was the criteria the federal court directed to us and it is imperative that we do consider it at this time. I urge you that through conference we can correct the inadequacies and the inequities which exist in this bill before us today. Thank you."

The Speaker recognized Mr. Beck.

Mr. Beck:

"Thank you, Mr. Speaker. Ladies and gentlemen, in most areas of this state the redistricting issue was settled the first couple of days of the legislative session. The critical areas that were in dispute were King, Spokane and Pierce counties. Within a few days, all of these district disputes have been resolved except for King county. As for my own county of Kitsap, every bill that has been considered gave us more representation than we have today. Therefore I have voted for every bill that has been in front of this body on this subject. At no time during the forty-six days of this session has any Republican support been given to any of the many proposed bills, until House Bill No. 196 as amended by the Senate came before us. The manner in which this compromise was reached is indefensible. It was dishonest, and my conscience does not allow me to condone legislation arrived at in this manner. A small group of Senators and Representatives who have been in the forefront of the resolving of this issue have conceived this present scheme, primarily to escape going before the federal court. At no time during the discussions has this small handful of negotiators ever permitted any bill to get into a genuine conference committee. They have deliberately killed good bills rather than let any of them go into conference with any other conferees than themselves. They were afraid, ladies and gentlemen, to trust their own districts to the hands of anyone but themselves. One bill passed through the House of Representatives several days ago with the very same plan for Kitsap county as the present bill except for its numbering. Now, ladies and gentlemen, as long as there is a chance to get this bill into a genuine, honest conference committee and get rid of these people who have been trying to resolve this issue in the past, I am going to vote for it. If it ever gets in front of us for final passage, I will probably vote for this bill, because all areas of the state have been resolved. It is just these four districts in the downtown area of Seattle that are still unresolved. But first I think you should vote this motion down, and get this bill into a genuine conference committee."

The Speaker recognized Mr. Avey.

Mr. Avey:

"Mr. Speaker, ladies and gentlemen of the House, I want to say that I warned the caucus the other day, the first of the session, that the wolves would take us off one at a time, and that is exactly what has happened. I am going to vote against this bill."

The Speaker recognized Mr. Kull.

Mr. Kull:

"One short comment, ladies and gentlemen. I have neglected all the way through this crucial point. I have given the wrong impression. My concern in Yakima county is not for my own political future. I want that metropolitan district for that community. Now, I won in the 14th District. This bill will put me in the 15th District. I hasten to say I have no fear of defeat in running in the 15th District. I can win back there and I am very glad to run back there. My concern is for the community."

The Speaker declared the question before the House to be the motion by Mr. Copeland that the House concur in the Senate amendments to Engrossed House Bill No. 196.

The Clerk called the roll on the motion by Mr. Copeland, and the motion was carried by the following vote: Yeas, 53; nays, 46, absent or not voting, 0.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Angevine, Berentson, Bledsoe, Brachtenbach, Braun, Canfield, Clark, Copeland, Cunningham, Day, Dootson, Elder, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Hurley, Johnston (Elmer E.), Juelling, King (Chet), Kink, Kirk, Leland, Litchman, Lynch, Mahaffey, Mast, McCaffree, McCormick, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pritchard, Radcliffe, Rogers, Saling, Swayze, Taplin, Wang, Whetzel, Wolf—53.

Those voting nay were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Brouillet, Burtch, Chatalas, Conner, DeJarnatt, Epton, Gallagher, Garrett, Grant, Haussler, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Klein, Kull, Lux, Marsh, Marzano, May, Moon, O'Brien, O'Donnell, Olsen, Savage, Sawyer, Sheridan, Slagle, Smith, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—46.

The Speaker declared the question before the House to be Engrossed House Bill No. 196 as amended by the Senate on final passage. The Speaker called for remarks.

The Speaker recognized Mr. Brouillet.

Mr. Brouillet:

"Thank you, Mr. Speaker. Ladies and gentlemen of the House, as chairman of the Democratic caucus, I feel compelled to make a few remarks pertaining to the issue of redistricting. During the past weeks we have heard a lot of chest thumping and gnashing of teeth about supporting the public weal, representing the people and voting one's own convictions. It is interesting, however, if you examine the records, to note that on every redistricting bill, the Democrats have never voted solidly on one side or the other of the issue. We have always let the people vote on their convictions. Those Democrats who have voted either way have expressed their individual feelings with their votes. We have never bound our caucus on this issue or on any issue, nor at this time do we expect to do that. This is why it is the responsibility of every Democrat present to represent his constituents in a conscientious way. We are sorry those on the other side of the aisle lack this basic freedom."

The Speaker recognized Mr. Witherbee.

Mr. Witherbee:

"Mr. Speaker, ladies and gentlemen of the House, those of you who have known me for a long time probably wonder why I have sat so long today without speaking. Almost everything I am going to say to you today has already been said, but I feel I would be remiss in my support of the people of my district and also the people of the state of Washington if I didn't say what I have to say today. We are not voting just on a redistricting bill here today; we are voting on a philosophy. We are

voting on whether the Democrats control this House or whether Republicans control it. We are voting on a way of life today. We, the people of the state of Washington, voted in November. As they have in sixteen out of the last eighteen elections in this state, the people have given the control of this House to the Democratic party. They in essence said to us here, 'We have approved social security, unemployment compensation, public power, the right of kids in our state to go to free public schools for the best education we can give them.' They have said these kids should eat and have a roof over their heads when their parents can't work or when they are abandoned by their parents. And we of the Democratic party have given this to the people of this state. Hundreds of other programs that have been nurtured in the hearts of the people of this state have been given to the people of this state by the great Democratic party and the philosophy that we have. From the New Deal of Franklin Roosevelt to the Great Society of Lyndon Johnson, we have done this and we will continue to do so. I say to you here that we have no right sitting here in this legislature to thwart the will of the people of this state or this nation by giving control of this House of Representatives to a political party other than the one that the people in November voted it to. I have heard it said here that we should be statesmen. Well, if what we are doing here today is being statesmen, I want no part of it. I am a politician and I tell my people in my district that I am a politician and I am proud of it, and I think I am a good one. It has been said here today that we should be big men, but we are only big men when the Democrats slide off. It is never being big when the Republicans slide off. Today we are crucifying the people of the state of Washington, and on the other side of this legislative building the nails were driven in, and they are being driven in today. The carpenter of Nazareth was hung on a cross and two people were hung by Him. The same thing is happening today."

Mr. Brachtenbach demanded an oral roll call, and the demand was sustained.

The Speaker recognized Mr. Grant.

Mr. Grant:

"Thank you, Mr. Speaker. Ladies and gentlemen of this House, I have been called some rather cunning names this session. Yesterday I was a liar. Today I have received a little letter which I want to read. It calls me a little different name, not quite as strong language but almost the same thought. It is from a constituent of mine, a Democratic precinct chairman, and he starts the letter, 'Dear Bum.' It says: "All of the plans I see in the papers are those of the Senate and of Evans. Neither is good for me. The state highway so-called engineers with their kinky highways defeated Governor Rosellini and these kinky redistricting lines will possibly wipe out both you and Evans. Did you ever try to draw straight lines? Is that too much to expect for \$40.00 a day? Well, I hope you finish the job this year so I will be able to start campaigning against you next year.' I want also to give you my reply to this Democratic fellow. 'Dear Former Friend: Thank you for your nice letter. I hope that you will be in my district after a solution of this difficult problem is arrived at so that you will be able to run against me.'

"I object to this bill and the manner in which it has been drawn and I told you the other day that the alternative to Senate Bill No. 333 as we amended it would be before us again, and this is that alternative, with very few minor changes. We heard on the 26th of January a veto message by Governor Evans and on January 13th, the day of his inauguration, we heard from him on this matter, and he said, 'I urge the legislature to pass promptly a constitutional redistricting bill,' which we did, a bill that would assure that the party which wins a majority of votes would win the majority of seats in the legislature. Is Governor Evans certain that this bill House Bill No. 196, will accomplish that? We are certainly not. And those were the reasons he gave for vetoing that bill. The second bill that reached his desk he gave different reasons for vetoing and we could argue that the reasons he gave were not valid in that case either. The fact is that Governor Evans has seen fit to thwart the will of the majority of the people of this state. Now the moment has arrived. You said it is a moment of truth. That is exactly what it is and on this side of the aisle we are about to commit an act of hari-kari. Congratulations to you members of the minority party for your tenacity and your zeal in this very critical effort. I noted with some sadness a small article in the *Tacoma News Tribune* where the Republican Senate caucus legal adviser stated that the Republican minority in the Senate had done such a good job that it gives the impression of running the show. They have done that, ladies and

gentlemen. They have run the show. They have run it for forty-six days with the help of their new, young governor, and they have thwarted the will of the majority of this legislature. In my opinion, they have thwarted the views of the majority of the voters of this state.

"But Democratic legislators or Republican legislators are not the ones who will suffer from this action today. The party system, of course, has taken a serious blow, but more than that, the people of this state have been handed a resounding defeat as far as their interests are concerned. The people who pay the garbage bill—and this is a garbage bill, the consumers of electric power, those retired and living on fixed incomes, the unfortunates on our welfare rolls, organized labor and the people they represent, the fine minority groups, and most of all the young people in our state are taking a beating. The Democratic party has a long history of supporting programs for the benefit of all these groups. During the past several years we have made tremendous strides toward advancing the common good, but I am fearful, ladies and gentlemen, that we are witnessing a conclusion to these advances that will have far-reaching effects on the economy and well-being of this state. I don't believe the people will endure for long the possible control of this state by a party whose sole interest is special interest, but I do regret that we here in the majority have allowed this.

"On the second day of this session we had an opportunity to pass a redistricting bill, one that met the constitutional requirements stipulated for us, and we failed then, but our failure then was not as great as our failure today. We have presented redistricting bills; we have compromised probably more than we thought we should, and now we have allowed ourselves to be compromised by a party and governor who time and again demonstrated lust for our political flesh.

"The bill before us is an amendment by the Democratic Senate and the Republican governor and, finally, here today by Mr. Gorton and his collaborators on our side of the aisle. It is an amendment which the Committee on Constitution, Elections, and Reapportionment has never discussed in full committee, and I think we know the individuals who have placed this yoke on our necks. I don't intend to impugn the motives of anyone here today, but I would just like to ask Mr. Dootson how much consideration you have given to the details of this proposal besides consideration for your own district? Seventeen seconds, Mr. Dootson?

"Just what does this do in the most populous county in this state, King county? We talk about percentages, the Democratic percentage of the vote and the Republican percentage of the vote, and we talk about political fairness. Take a look at the sixteen districts in King County. Gerrymandering has certainly been accomplished. Today the county votes approximately 54 percent Democratic and we have approximately eight Democratic districts and six Republican districts. Under this proposal we would have nine Republican districts and seven Democratic districts. This is gerrymandering. We agreed in a compromise—in a sincere effort to compromise—we agreed that we would stay within county lines, even in King county where it doesn't necessarily make sense. We proposed a compromise that would do that in Senate Bill No. 333, and it was a compromise we felt would most truly reflect the will of the majority of the people in this state, and you saw fit to reject it. You have courage, my friends from the other side of the aisle, and tenacity. My only regret is that there are not more men and women on this side of the aisle who have the same type of courage, not for the Democratic party alone but I think for the people of this state.

"Finally, I want to make a prediction here today. We will not prosper in this state during the next four years. We will stand still, and in today's day and age, we can't afford to stand still. You don't really want the things you profess to want for the people of this state. You don't really want new industry and competition for the labor force in this state. You don't really want to improve our programs for the unfortunate. You don't really want to provide the best educational opportunities for the children of our state, because you don't really want responsibility. The Blueprint for Progress is hogwash. Where is the stimulant, the direction, and the leadership to insure that the campaign promises made in October and November of 1964 are enacted into law? The victory today is yours, gentlemen, and the defeat is the defeat that we on this side are responsible for, but it is a defeat, unfortunately, that the people outside these halls will have to pay for, Republicans, Democrats, and Independents.

"In conclusion, as I said, some of us have had very serious shortcomings in these legislative halls. Representative Moos pointed that out some time ago. But the most serious has been the lack of courage, and I would just like to remind each of you of a couple of quotations taken from the writings of one politician, a tremendous poli-

tician, and a tremendous man. It is taken from *Profiles of Courage* by John Kennedy and is a quotation from John Calhoun. I wish more of us were like this man. He said, 'I never know what South Carolina thinks of a measure. I never consult her. I act to the best of my judgment and according to my conscience. If she approves, well and good. If she does not and wishes anyone to take my place, I am ready to vacate. We are even.' Finally, quoting directly from our beloved John Fitzgerald Kennedy and talking about his book, in conclusion he said, 'To be courageous, these stories make clear, requires no exceptional qualifications, no magic formula, no special combination of time and place and circumstance. It is an opportunity that sooner or later is presented to us all. Politics merely furnishes one arena which explores a special test of courage. In whatever arena of life one may meet the challenge of courage, whatever may be the sacrifice he faces, if he follows his conscience, the loss of his friends, his fortune, his contentment, even the esteem of his fellowman, each man must decide for himself the course he will follow. The stores of past courage can define that ingredient; they can teach, offer hope; they can provide inspiration. They cannot provide courage itself. For this, each man must look into his own soul.'"

The Speaker recognized Mr. Dootson.

Mr. Dootson:

"Thank you, Mr. Speaker. Ladies and gentlemen, I did not have any intention of rising at this time, and I shall make my remarks very, very brief. They will include no personalities. The only reason that I do rise is that Mr. Grant in his sincerity has said that I had no concern except for my own district. I would like to say to you, ladies and gentlemen, that nobody in this House has had any concern—I will make that statement again; they have, too. I want to thank you; you have, Mr. Gorton. I would like to say this, that nobody on our side of the aisle over here, including—and I am going to measure my words very, very carefully—including every member of our county, has had any concern for the interest of the people in the southern part of that county, and the reason that they have had no concern is that they have intended to run in the northern part of the county and would not have to represent those people. They could sell them down the river. They could put them in King county."

The Speaker:

"Mr. Dootson, I don't think you are trying to impugn the motives of anyone in your county, are you?"

Mr. Dootson:

"I am sorry, I will withdraw that statement; however true it is.

The Speaker:

"Mr. Dootson, I am not going to let you speak on the floor of this House if you impugn the motives of any members."

Mr. Dootson:

"I will refrain from impugning the motives of anyone. In conclusion, accordingly—"

PERSONAL PRIVILEGE

The Speaker recognized Mr. Moon on a point of personal privilege.

Mr. Moon:

"Mr. Speaker, I happen to be one of those members from Snohomish county, the same county Mr. Dootson speaks about. I want him to know that I have had the interests of the people in Snohomish county at heart."

The Speaker recognized Mr. Dootson.

Mr. Dootson:

"I am very happy to hear that, Mr. Moon. He has been a fine representative; I think he has."

Mr. Moon:

"I don't think you are doing yourself or anyone else in this House of Representatives any good when you stand on the floor and make those statements. Not only do I feel that I have—"

POINT OF ORDER

The Speaker recognized Mr. Andersen (James A.) on a point of order.

Mr. Andersen:

"My point of order, Mr. Speaker, is that Mr. Dootson, it would seem to me, in fairness and under the ruling of this House should be entitled to continue with his debate without answering debate under the form of personal privilege. I think it is only fair to him and any member of the House."

The Speaker:

"I think when a person's motives have been impugned, he is entitled to rise to a point of personal privilege, Mr. Andersen. You are finished, are you, Mr. Moon, with your remarks? Mr. Dootson, you may continue."

Mr. Dootson:

"Thank you kindly, Mr. Speaker. I shall not continue this subject further. I would only like to say this is an ill wind, but it isn't an ill wind that blows no good. I would hope that in these six weeks we have seen something which in the future will cure a situation that now exists. Please don't rap the gavel for just a moment; I only wish to say, ladies and gentlemen, that I hope in the future we can do something so that a similar situation will not recur. I know it and most—"

The Speaker:

"Mr. Dootson, are you speaking on the issue before the House? You told me you wanted to answer some remarks and I recognized you for this. I think you should speak on the motion that is before the House. The question before the House is the final passage of this particular bill. Now, if you direct your remarks to this, I think it will be fine. You can speak on it as long as you like."

Mr. Dootson:

"You have been very kind. I want to apologize if I digressed further than I should have. I shall digress no more. Thank you very much."

The Speaker recognized Mr. Harris.

Mr. Harris:

"Mr. Speaker, ladies and gentlemen of the House, I think there is a lot more sunshine around here really than any of us realize. I believe there is more sunshine than there is garbage. I think we should be making more jokes, wearing more bouquets than yokes, and frankly I believe there is much more honesty in this body than there is chicanery. I don't know why we ladies and gentlemen here should be running each other down in the sense of being this or that. I believe that most of us here are men of honor and of dedication and of plenty of effort. Of course, our spirits are running high today on this rather important bill. We refer to this as the moment of decision, and what are we going to decide? When you make a decision, you should decide. We are going to decide the future lines of the districts in the state of Washington. Now, we have been charged to do this job by the courts. The Democratic party had no more of a mandate to do this than did we. All of us were charged to do this job. The majority party did not have a mandate to redistrict it in such a fashion that that party should control, just because it happened to be in control at the time the redistricting lines were drawn. We hear so much about 'my district,' 'my lines,' 'my problem.' This is not our job, is it? It is not. Our job is not to protect a single individual or a single district. It is not our job to destroy a single man or a single district. Here is the one thing I believe that this body has failed to mention in all the debate. We have one, plain, simple, little job to do, and that is to make a legislative body responsive to the will of the people. This body, like its counterpart at the national level, is one of the greatest institutions that the American people possess, the legislative lawmaking body of the land. Our one job is to come down here and draw the lines so that when the people go to the polls and vote, their will will be reflected in the seats of this House. That is just how simple this job is.

"Now, I would like to remind you of another thing I think we should all reflect on. We have had it said this is a bad bill, a lousy bill, a rotten bill. Now, just bear with me just a moment. It is not rotten in the sense we generally think of rotten,

or lousy in the sense we think of lousy. You can't define it that way. Think of it in these terms. It is a bad bill, why? Only because it doesn't reach our fondest hopes. That is all. It is not bad by what we did do. It is a rotten bill, why? Because many men and women came down here hoping and dreaming that we would redistrict this state in a magnificent fashion. But we failed to do it that way, and now we are blaming ourselves and saying that we have done a rotten job. Now, we haven't, have we? It's a pretty good bill. So let's look at it in that term. We came down here hoping with the aspirations and dreams of young people to do a job, but no, we had to come up with a compromise bill, and a compromise bill isn't a very good bill, is it? It doesn't please us and that is the only way it can be. It is not satisfactory. It is neither bad nor rotten nor lousy.

"Now, as I take my seat, I want to say to you, my people across the aisle, that I am indeed flattered this afternoon, as I think most of the Republicans are, that you would make the world believe that we thirty-nine Representatives out of ninety-nine could impose our will upon you. I am amazed that any of you would think that seventeen Senators out of forty-nine could impose their will upon you. Now, this just can't be done when men like Senator Greive and Representatives John O'Brien and Bob Schaefer are leading the troops. When you folks come back next session, it is most likely you will be in the majority, because the lines aren't drawn quite that tight. Thank you."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Litchman on a point of personal privilege.

Mr. Litchman:

"Mr. Speaker, I rise in defense possibly of myself and a few Senators that happen to be around at the back of the room at this time. Unfortunately, one of our Representatives who will remain nameless for a minute or two inferred that this was a collaborated bill. I disagree with that. They accused those of us who voted for this bill of being collaborationists and I just want to state emphatically once again that the compelling reason for my voting for this bill was the fact that some twenty-eight Senators out of thirty-two are actually in favor of this bill and it seems when ninety percent of the Senate speaks on behalf of one party that they are indeed the majority and not the minority. I, for one, have known Senator Greive for many years. I studied for the bar—sat at the bar examination with him—it's been so long ago I've forgotten what it was and oddly enough, we both passed. He helped me out way back when. This man has never given me one false fact, to my knowledge. In 1957 I heard essentially the same statements expounded by Representative Grant here on the floor and others, that this bill would kill many Representatives on this side of the aisle and many Senators, and oddly enough, ladies and gentlemen, the people of the state of Washington voted sixty-six of us back into office, as I recall, the next term. I believe in Senator Greive's figures. I believe in my colleagues on the other side of the aisle, the same as I believe, of course, in my colleagues on this side of the aisle, and I think I have a right to disagree with them. I still feel, however, that this is not a collaborated affair whatsoever. Believe me, the sincere effort on the part of many people on both sides of the aisle will be responsible for passage of this bill into law."

The Speaker recognized Mr. Uhlman.

Mr. Uhlman:

"Mr. Speaker, ladies and gentlemen of the House, I should like to speak for just a couple of minutes concerning this bill. In all deference to Representative Harris, I disagree. This is an undesirable bill, and if I could remember all of his other words, I would use them as well. This is a document that I think would be better called the SOS bill, the Save Our Senators bill. It was drawn for the Senate, by the Senate, and of the Senate. I would like to compliment the Republican members. I think that Mr. Harris' comments are very appropriate. I think with seventeen members in one House and thirty-nine in the other, and excellent leadership, you have pulled a coup here today that should be highly complimented. I think that these comments that have been made here earlier by the other speakers would be better left un-repeated concerning the philosophy of the Democratic party and the effect that this particular vote is going to have on our philosophy and on our majority, and on the philosophy that will be prevailing on a number of different measures and items we will be considering here for the next six to eight years. The words are strong

ones, but I think they are accurate. I think that personal interest, not on the part generally of persons in this body but on the part of persons in that other body, are one of the basic reasons or principal reasons at the foundation of this business. I don't think it is just happenstance that all of the Senators who voted a certain way regarding the leadership received beefed-up districts. In other words, there is an attempt to lock these people in. Most of them aren't back with the same district; they got better districts, with the House members consulted very rarely—once in a while. Representative Smith indicated earlier he hadn't been consulted. I don't think this is in the public interest. When we look at each individual district and decide who is going to be protected, we wind up with the Senators being protected. I think we not only have an SOS bill, we could call it the Circus bill. You saw the puppy-dog district that Representative Smith showed us yesterday. Here is my district; it is an elephant. It even has tusks and it has a snout, and right down at the end of the snout are all those Republican precincts that have been put into my district. The one immediately adjacent, as you can see on the big map, is a dromedary. It has a hump and a little ear. I don't know who lives in that area; there must be somebody or it wouldn't be there. Well, Governor Evans said yesterday that there were some weird and wonderful lines at his press conference. There certainly are some weird and wonderful lines. I think the best example is the 32nd District. Each of us knows our own district best and of course we use that as a prime example. Weird and wonderful lines indeed! You just saw the map of my own district. For a number of years the district has been slightly Republican, fifty-one or fifty-two percent. I wouldn't be down here sitting with you for my fourth term unless I got some Republican votes and some Independent votes. It is simply the way the game is played. But what happened? SOS—Save Our Senators. The Republicans were afraid that I might run against the incumbent Senator in the district, so what did they do? They beefed it up; they increased the Republican majority. It could have been done by adding a like number of persons, Republicans and Democrats, from each side of the district, but SOS—Save Our Senator. Sometime between 2:00 o'clock when I left one morning and 7:00 o'clock when the Senators left they even attempted to save another Senator. They came and raided my district and took out the one Democratic precinct from the University district. They had to Save the Senator; they had to pull out the one, poor, old precinct that I carried. Well, I don't know; I seriously question whether the people in our state are really going to follow the machinations and the architecture of these politicians, these redistricting experts who can so accurately project into the future as to how each district is going to vote. As I say, I wouldn't be here unless somebody who projected at some point in time was wrong. Maybe some of us on both sides of the aisle in the next election can help prove some of these predictions wrong again. It is entirely possible. There was rejoicing in the Senate. We have a large contingent of Senators here with us today, because they were and are saved. There is also rejoicing amongst the House Republicans. They are happy. They should be. I would like to very highly compliment Representative Gorton. I think he has done an excellent job throughout the last three years of redistricting. He has won; we have lost. And talent is something I think we always have to recognize and I think Representative Gorton should be highly commended. I think our Senators, who may feel pretty safe, should not be commended and perhaps should be made to feel a little bit less safe. Senator Gissberg said something the other day in the Senate as he opposed this bill. He said, "The Senators are going to be there. They are asked to be pallbearers at the funeral of the Democratic House members." I submit to you that we here today, we of the Democratic minority, are now requested to turn the last sod, the last little shovelful on our own grave and we are requested to join with you in these last rites."

The Speaker recognized Mr. Gorton.

Mr. Gorton:

"Mr. Speaker, it appears that this afternoon we may have reached the end of a long road, a road which for us here in the House began not on January 11 but two years earlier, the end of a debate which has involved not only redistricting but almost all of the other issues which come before a legislature in one way or another, usually in a fashion which has caused these other important issues to be debated without enough seriousness and without enough time and has cost all of us at least some time which we might better have spent on other problems, and some of us a great deal of that time. But that portion of this long road, which

began on January 11 with the members who are here now, at least, unlike its predecessor in 1963, seems likely to have an end. One of the members who spoke some time ago said that if we succeeded in passing this bill today and having it signed, we would be the first state in which the job had been accomplished by a legislature controlled by one party and an executive controlled by the other.

"In any such conclusion, we are likely to face a set of districts which none of us regard as perfect or even nearly perfect. I strongly suspect that the Republican party in the state of New York regards the new district lines as being imperfect, as I know the Democratic party in California, after its reapportionment eight or ten years ago, regards the lines of that state. And in the sense that we were forced to deal with one another in the solution of the problem here and that because we were forced to do so we have some weird and wonderful shapes and have spent more days than many legislatures have done when they were dominated by one party and had a governor of the same party, this solution may possibly have better results as far as the people of the state are concerned than would a solution dictated by one party over the unavailing protests of the other.

"It seems to me, at least, that it was a long, long time ago that I stood on the floor of this House during the passage of Senate Bill No. 2 and asked that a dialogue between the two parties begin in order that the problem could properly be solved. I suppose it was only four or five weeks ago, but it seems like almost that many years. Shortly after the veto of the Senate bill, that dialogue did begin and it involved a large number of the members of both parties in both houses. But there isn't any question but that the lead as far as the Democratic party was concerned was taken by the majority leader of the Senate, Senator Greive. This afternoon I can sympathize with Senator Greive to a certain extent, because I spent quite a bit of time when this bill was on the floor of the Senate listening to the debate over there and hearing my name mentioned fairly frequently without the right to respond, and perhaps if he is listening today or is here, he feels something of the same way, although most of the barbs have been aimed by members of his own party. I can only say of Senator Greive that he has been devoted to a solution of this problem for at least three years, that he has spent more hours on it than anyone else in either house. myself included, that I never noticed that he was anxious to do in his own party, but, as a matter of fact, I hope I never have to deal with anyone who is tougher in working for his own party, and this bill appears to be a compromise perhaps only when compared with the one-party proposals which preceded it and in that sense, of course, it is. It is far from the solution which I would have proposed myself. It is a long way from the so-called Republican bill which was introduced in the first or second week here. It is a long way from Governor Evans' executive request. The populations of the various districts are not as close as they were in that bill or as they should be. But the populations are close enough, in my opinion, to meet the mandates of the federal court and the state Constitution, and while it isn't the solution that I would have recommended, while it took me some time to determine whether I could recommend its acceptance even to my own caucuses, it is something for which we can vote without being ashamed and without having to be sorry about it, because, as poor an arena as a legislature is in which to redistrict itself, we can say, if we pass this bill, that we have done so. It is true that there should have been improvements, that there are districts that should have been better, that personalities should have been involved less than they were, but we are a legislature made up of 148 personalities and there was no possibility of not considering that.

"As to the political complexion of the districts, it is my belief they are roughly the same as the districts are at the present time and that the overall results in the state as a whole will be roughly the same, and this is certainly something which I did not desire particularly when it became evident some time ago that this was about as good as we of the minority here could do. I think I can assure the members of the Democratic party that if they win a majority of the votes in 1966, the people think their record deserves a majority of votes, they will have a majority in this House and in the Senate as well. I think we can probably win a small majority over here and not get a majority of the seats. I think we have a chance to carry our message to the people in 1966 with a fair chance of winning if we can persuade the people we are right.

"Senator Greive has operated very ably, very well, I think, for his party and for his people. It seems inconceivable to me that a proposal for redistricting approved by over two-thirds of the Democratic Senators could possibly do in that party. It is

important that we remember that with the exception of seven districts we are all running in the same districts as our Senators are. It is pretty difficult to see how a district which, in Mr. Uhlman's terms, 'Saves our Senators,' doesn't save our House members at the same time, by and large, when they are running in the same district.

"So, without being particularly joyful and without being in the slightest triumphant, because there is no reason for it, I do commend this bill to you, and we say to all of you that if you can't feel joyful, you can feel triumphant with the passage of this bill in one respect and one respect only. You have done the job. The legislature has done the job. We have done what we swore an oath on the first day to do and we haven't had it done by an outside agency with or without regard for us but have done what our state Constitution tells us we should do. Maybe with practice we will be better the next time around, but there is always the first time and this will be the first brand new redistricting bill that this legislature has done since 1901, and to that extent, at least, I believe we can be proud of it."

The Speaker recognized Mr. King (Chet).

Mr. King:

"Mr. Speaker, I won't talk long. I have only this to say. I voted against all the other bills coming through here. I voted for this one. I am going to say for the benefit of the Senators that my Senator voted for the bill along with twenty-seven others. I don't mistrust your judgment, as a lot of people do over here."

The Speaker recognized Mr. Chatalas.

Mr. Chatalas:

"Mr. Speaker, members of the House, the press, and visitors, last Monday I was one of the proudest fathers when my son delivered the morning prayer right in this chamber. After adjournment, I was congratulated on both sides of the aisle on what a wonderful job he did and for having heard one of the finest prayers we have had. I remember one part of that prayer, which went something like this: 'Father, give this legislative body the courage, strength, and wisdom to vote not for what is popular but what is their conviction.' The popular thing for us to do today would be to vote for this bill. I want to congratulate the forty-six members on this side of the aisle who voted their convictions. Thank you."

The Speaker recognized Mr. Leland.

Mr. Leland:

"Thank you, Mr. Speaker. Ladies and gentlemen of the House, it has sometimes been wished that the walls could speak, because over the years they have heard some wonderful debate, some wonderful issues raised, and some harsh words. It is perhaps symbolic that this magnificent stone is also a very fine symbol of the legislative process, because it is marble and marble was once something else; it was limestone and along came a great stress and changed it. And such is the legislative process and over the years we have matured together, we have learned together, and then we advanced together. There have been some harsh words over the days and there have been some harsh days and there have been some soft words, but I suspect, ladies and gentlemen of the House, that when it is all over with, we will have learned each of us a lesson, perhaps, that there is indeed no indispensable person or indispensable leadership or indispensable party, but rather that as a challenge comes new leaders come forward. And for those of you who despair so much for the future of certain issues, certain causes, certain problems, I would like to offer a word of cheer, that together we will all find their answer again in this metamorphic process of legislative debate, compromise and coming together. And in conclusion let me also say that after the storm is the calm and the despair of night soon turns to the brilliance of dawn and sunrise, and I would like to say to you, each and every one of you, what was the philosophy of my old hunting partner of eighteen years, who said to me, 'It's a funny thing, but as you get older, you forget the harsh words, you forget the anger, and you forget the things that were troublesome, and what you remember—it's funny—you remember a beautiful sunset or a wonderful trip.' And I would like to say, ladies and gentlemen of this House, to each and every one of you that I am going to remember in my days the wonderful friends I made on both sides of the aisle and the issues that did not divide us but rather brought us together. I would hope with this debate, this issue which has brought us together today, we too become part of a process that is not only legislative but is something in stone."

The Speaker recognized Mr. Smith.

Mr. Smith:

"Mr. Speaker, I just have a few last words before we get ready to bring this to a close, that we have been treated to the oratory of Mr. Harris, whom I admire greatly, and Mr. Gorton, but I have been disappointed. I haven't heard from Mr. Pritchard. I can't help but believe maybe Representative Pritchard is having a conflict of conscience.

"Nevertheless, on the serious side, there has been some admission of the fact that we should accept this bill because our Senators voted for it. Now, this is dangerous thinking, gentlemen, because we all made sounds in our minds when Representative Dootson introduced legislation to abolish the House of Representatives, but are we going to take the word of the Senators that we should be abolished? We are an independent body. I do believe we should not have a unicameral legislature in fact if we don't have it in practice, but I am worried about whether or not when we vote for this bill we are merely voting for unfairness or whether we are not really voting favoritism. Are we really establishing another coalition? Are we handing over control to our Senators? If so, the House might as well go home. I don't think we ought to feel that we have to continue to bow down the rest of the session, but I feel after a couple of days of cooling off, maybe we might come back and be ready again to see if we can find it in ourselves to be the kind of representatives that our people like us to be, and that is Democrats and Republicans, and not coalitionists."

PERSONAL PRIVILEGE

The Speaker recognized Mr. DeJarnatt on a point of personal privilege.

Mr. DeJarnatt:

"Mr. Speaker, ladies and gentlemen of the House, I thought that while the members were in their seats, I would like to remind them of the hearing this evening on the public assistance budget. After what has happened today, we may all need public assistance."

The Speaker recognized Mr. Sheridan.

Mr. Sheridan:

"Mr. Speaker, ladies and gentlemen of the House, I have purposely delayed until what appears to be the conclusion of this debate to make this very brief statement. We have heard so much here today about compromise and that we are passing a compromise bill that I became just curious enough to consult the dictionary and find out what a compromise is. I should like to read to you from the *Webster's New International Dictionary*, Second Edition, the following: 'Compromise: a settlement by arbitration or by consent reached by mutual concessions; a reciprocal abatement of extreme demands or rights resulting in an agreement; a committal to something derogatory, hazardous, or objectionable; a prejudicial concession; a surrender; a compromise of character, right or principles.' I want to say simply that I feel a responsibility to the people of my district who elected me to represent them. They placed their faith in me and their faith in the hands of the Democratic party and I cannot in conscience be a Judas to my party or to the people of my district by voting for this bill, which is called a compromise bill, under the terms of compromise as defined in *Webster's Dictionary*."

The Speaker recognized Mr. O'Brien.

Mr. O'Brien:

"Mr. Speaker, ladies and gentlemen of the House, as you are well aware, we could delay the passage of this bill maybe four hours or four days. We feel the time has come when we should act on it. We don't like this unilateral bill that has come over from the Senate at all. We have great admiration for the Senators, most of whom got their training in the House of Representatives. But when they get to the other side, they forget about us completely, and this bill was put together primarily, I wouldn't say selfishly, but maybe on the basis of self-preservation. This whole thing on redistricting reminds me of a sorry incident that happened to me not too long ago. I made a speech which I thought was pretty good. Afterwards a lady came up to me and said, 'I am completely filled with your wonderful message.' I said, 'Thank you.'

There was a little boy standing nearby and I patted him on the top of the head and said, 'Sonny, how did you like it?' He said, 'I've had a bellyful, too.' That sort of describes to a great extent how we feel about this whole situation. We have come to the end of the road. It sort of bothers some of us sitting down here to acquiesce without really giving it a struggle, and that I am certain we could do within a few days, but it is the 47th day and time is running out. The patience of everyone is at a low ebb. Because of this and because there is always tomorrow and I am hoping that one of these days we do have a commission that will step in and do the re-districting for the legislature, because it is an impossible task and there is really no way you can do it; we worked over it one night until 7:00 o'clock in the morning, and everybody had his say, and that is why we have all these weird and funny looking lines—because of all this. This bill is going by and you are going to vote in a short while. I want you people to realize that the leadership, primarily the Speaker, who is a compromising sort of fellow, a nice fellow, wants it to go to a vote. Because of this, we are going to let it go, but reluctantly."

Mr. Pritchard:

"Mr. Speaker, ladies and gentlemen of this House, Mr. Smith, and our very welcome line of Senators back here, I demand the previous question."

The Speaker:

"I want to compliment you, Joel. That is one of the best speeches you have made all session."

The demand for previous question was sustained.

The Speaker declared the question before the House to be Engrossed House Bill No. 196 as amended by the Senate on final passage.

The Clerk called the roll on the final passage of Engrossed House Bill No. 196 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 56; nays, 43; absent or not voting, 0.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Angevine, Beck, Berentson, Bledsoe, Bozarth, Brachtenbach, Braun, Canfield, Clark, Copeland, Cunningham, Day, Dootson, Elder, Eldridge, Flanagan, Goldsworthy, Gorton, Harris, Haussler, Hawley, Hood, Humiston, Huntley, Hurley, Johnston (Elmer E.), Juelling, King (Chet), Kink, Kirk, Leland, Litchman, Lynch, Mahaffey, Mast, McCaffree, McCormick, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pritchard, Radcliffe, Rogers, Saling, Swayze, Taplin, Wang, Whetzel, Wolf—56.

Those voting nay were: Representatives Anderson (Eric O.), Avey, Backstrom, Bergh, Bottiger, Brouillet, Burtch, Chatalas, Conner, DeJarnatt, Epton, Gallagher, Garrett, Grant, Jastad, Johnson (Doris), Jolly, Kalich, King (Richard "Dick"), Klein, Kull, Lux, Marsh, Marzano, May, Moon, O'Brien, O'Donnell, Olsen, Pierre, Savage, Sawyer, Sheridan, Slagle, Smith, Taylor, Thompson, Traylor, Uhlman, Valle, Warnke, Witherbee, Mr. Speaker—43.

Engrossed House Bill No. 196 as amended by the Senate, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATIONS OF VOTE

The reason I voted against House Bill No. 196, the so-called re-districting bill, was not that I disliked the people of Pacific county but that I believe they should have left Grays Harbor county all in one piece, and that Pacific county and Lewis county combined would have made a perfect district.

ERIC O. ANDERSON,
21st District.

Having voted against the final re-districting bill February 26, I would like to state my reasons.

First, Snohomish county and Camano Island were put in separate districts. This completely disregards the long-standing mutual interest, proximity, and wishes of the people of this area. Logically, Snohomish county and Camano Island belong together.

Second, the districts as drawn seriously inconvenience the people of Camano Island. It is in District No. 10 with Island and Kitsap. Since most of the population is in Kitsap, the representative probably will be elected from that area. Camano Island residents will have to make a long, frustrating trip by boat if they want to talk to the 10th District representative.

Third, the bill has some glaring inconsistencies. For example, some precincts in the heart of Snohomish county (39th District) are assigned to the 21st District.

Fourth, a better bill could have been produced if it had been sent to a conference committee for one or two days of final polishing. Such glaring inconsistencies could have been rectified.

HENRY BACKSTROM,
39th District.

In most areas of the state, the redistricting issue was settled the first day of the legislative session.

The critical areas that were in dispute were King, Spokane, and Pierce counties. Within a few days all district disputes had been resolved except for King County. As for my own county of Kitsap, every bill considered gave us more representation than we have at present. Therefore, I have voted for every bill before us on this subject.

At no time during the forty-six days of this session has any Republican support been given to any of the many proposed bills until House Bill No. 196, as amended by the Senate, was considered.

The manner in which a compromise on this bill was reached was indefensible. It was dishonest, and my conscience does not allow me to condone legislation arrived at in this manner. A small group of Senators and Representatives who have been in the forefront of resolving this issue conceived this present scheme primarily to escape appearing before the federal court.

At no time during all of the discussions on this issue has this small handful of negotiators ever permitted any bill to go into a genuine conference committee. They have deliberately killed good bills rather than let any of them go into a conference with any other conferees than themselves.

One bill as passed by the House of Representatives several days ago had the same plan for Kitsap county as does the present bill, except for the number of districts.

The bill now before us is just as good for my county and most other areas of the state as at least one bill passed earlier; therefore, I am voting for the bill reluctantly. The dishonesty of this small group of King county Senators and their cohorts in the House is the cause of my reluctance, and they should be censured for their actions.

C. W. "RED" BECK,
23rd District.

I voted "no" on House Bill No. 196 as amended by the Senate, even though it does not seriously hurt my district. My vote against this particular bill is based upon what it does to the state as a whole. This is a partisan-slanted bill designed to wrest control of the House of Representatives from the Democratic party. I believe it is important that the state not be gerrymandered so that the Republicans, with a minority of the popular vote, may elect a majority of the House of Representatives, but yet this bill will permit that. For example, King county votes approximately fifty-four percent Democratic for its legislators. However, this bill has carved out nine Republican districts out of the sixteen. To do this, one district runs from Mercer Island, through a narrow neck, and down to Enumclaw and the Pierce county line.

My concern is for the constructive and progressive programs for education, public assistance, institutions, higher education, and for the welfare of the citizens that have been advanced significantly in the last eight years under Democratic control of the House and Senate, over the continued obstructionism and reaction of the Republican party. I do not wish to have these forces of obstruction again in control of one of the houses of this legislature to prevent needful legislation from being passed. Since I could not support the Republican party platform, neither could I support a redistricting measure such as this which unfairly enhances their chances to win control of the House of Representatives and thwart the will of the people.

WILLIAM "BILL" CHATALAS,
33rd District.

I have voted for Engrossed House Bill No. 196. We all agree, and have agreed for more than the forty-seven days we have been in session, that reapportionment of this legislature was a difficult problem that must be solved. I will go further, and say that it was a problem that we, the members of the legislature, had to solve.

The alternatives were clear. The Senate was unequivocal in its position that the bill before us was the final compromise, a compromise fashioned from long and intense negotiations, and one from which it would not retreat. Either we had to accept, and approve of this bill, or hand the job over to the federal courts.

If we had followed the latter course, we would have admitted the failure of the legislative process. I, for one, do not welcome failure. There are many among us who continually bemoan the intrusion of the federal government into what might be regarded as traditional areas of state endeavor.

I suggest that such federal intrusion, where it exists, is invited by failures of our state legislatures. This was not the occasion to add another failure and another invitation.

It is true that reapportionment is an extremely difficult problem. However, it is not our job to handle only the easy problems, and pass on the difficult ones to others.

It was important for us to do our job, here, today, and pass this bill.

HAYES ELDER,
34th District.

They were largely responsible for the success of the services. Thank you very much."

SECOND READING OF BILLS

House Bill No. 172, by Representatives Litchman, Saling and Radcliffe:

Establishing a professional practice commission for education.

The House resumed consideration of House Bill No. 172 on second reading, an amendment by Mr. Clark to the committee amendment having been adopted previously.

The Speaker declared the question before the House to be the adoption of the following committee amendment to House Bill No. 172 as amended by Mr. Clark (see page 447 for amendment by Mr. Clark):

Strike all of section 5 and substitute the following:

"New SECTION. Sec. 5. The commission may make advisory recommendations to the state board of education and to boards of directors of school districts with respect to criteria of professional practice. The commission may review the professional policies and practices of any school district and may make its findings available to the state board of education, the local school board affected, professional and other employee associations or organizations. The board of such school district shall have the right to appear before, or file written testimony with, the commission in connection with such review.

"The commission may review the professional practices of individual certificated personnel or groups of certificated personnel. In making such reviews the commission shall have the authority on its own behalf, or on behalf of any person or school district directly involved in or concerned with such review to subpoena personnel records of school districts relevant to the inquiry and to subpoena witnesses and place them under oath. In reviewing the professional practices of individual certificated personnel, the commission shall give written notice of its intent to review to the individual and the employing school district, at least ten days prior to the first hearing, setting forth therein the practices to be reviewed. The individual whose practices are being reviewed shall have the right to appear personally before the commission, be represented by an attorney, present witnesses or written testimony. Such individual shall have the right to question any person or persons making complaint about such professional practices. Upon request of said individual, or his attorney, the commission shall issue subpoenas to any witness requested. Said individual shall have the right to require that such hearing be closed to the public. A stenographic record of the proceedings shall be kept and a copy furnished to said individual.

"The commission shall make its findings available to the state board of education, the local school board affected, professional and other employee associations or organizations and the individual involved."

Mr. Uhlman moved adoption of the following amendment to the committee amendment:

Amend the amendment by the Committee on Education and Libraries, on page 2, line 3 of the mimeographed amendment, after "individual." insert "If the commission finds the individual has not violated the professional practices being reviewed, it shall award the individual reasonable costs and attorney's fees."

YIELDING TO QUESTION

Mr. Burtch:

"Mr. Speaker, would Mr. Uhlman yield to question?"

The Speaker:

"Mr. Uhlman, do you yield?"

Mr. Uhlman:

"Yes."

Mr. Burtch:

"Mr. Uhlman, what if the teacher is not exonerated? Should the teacher pay the attorney's fees and costs that were involved?"

Mr. Uhlman:

"It would be my opinion, Mr. Burtch, they should, as in any other matter before a commission or any court where reasonable costs are provided for in the event an individual is successful."

YIELDING TO QUESTION

Mr. Burtch:

"Mr. Speaker, would Mr. Uhlman yield to another question?"

The Speaker:

"Mr. Uhlman?"

Mr. Uhlman:

"Yes."

Mr. Burtch:

"Would not your amendment properly be, then, that the party that prevailed should be awarded reasonable costs and attorney's fees?"

Mr. Uhlman:

"No, I don't think the individual teacher, if he is called before the commission, should be required to stand the costs and attorney's fees if the commission is successful. I don't think that, as in various other commissions and agencies of this type where the state or its subdivision is to be the initiating party, the individual should be forced to pay the costs and attorney's fees in the event he is found guilty or otherwise in violation."

YIELDING TO QUESTION

Mr. Clark:

"Mr. Speaker, would Mr. Uhlman yield to one more question?"

The Speaker:

"Do you yield, Mr. Uhlman?"

Mr. Uhlman:

"I do."

Mr. Clark:

"What would be the procedure in determining the reasonableness of the attorney's fees? Who fixes it?"

Mr. Uhlman:

"Mr. Clark, I imagine that would have to be done by the commission. I suppose we would have to rely on the good faith and high quality of membership of this commission to be reasonable in their award."

The motion was lost, and the amendment by Mr. Uhlman to the committee amendment was not adopted.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery a group of students from Centralia Junior High School, and asked them to stand and be recognized.

The Speaker declared the question before the House to be adoption of the committee amendment as amended to House Bill No. 172.

The committee amendment as amended was adopted.

Mr. Uhlman moved adoption of the following amendment to House Bill No. 172:

On page 2, section 3, line 29, after "education." insert "At all meetings of the commission there shall be a quorum present which shall consist of a majority of the members of the commission of which at least six shall be the active classroom teacher members."

Debate ensued, Representatives Uhlman and Litchman speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Adams:

"Will Mr. Uhlman yield to a question?"

The Speaker:

"Will Mr. Uhlman yield?"

Mr. Uhlman:

"Yes."

Mr. Adams:

"Mr. Uhlman, the way I understand this amendment, this quorum would have to include six classroom teachers. You have fifteen members to start with and in order to have a quorum, you will have to have six out of eight classroom teachers."

Mr. Uhlman:

"That is precisely the intent of the amendment. The commission consists of a total of fifteen members. A quorum consists of ten. Of that quorum, it is required under my amendment that there would be six classroom teachers."

Mr. Adams:

"How many are classroom teachers to start with?"

Mr. Uhlman:

"Ten."

YIELDING TO QUESTION

Mr. Canfield:

"Will Mr. Uhlman yield to question?"

The Speaker:

"Mr. Uhlman, do you yield to question?"

Mr. Uhlman:

"I thought this was a noncontroversial amendment which I even cleared with the chairman of the committee, but I will be happy to yield."

Mr. Canfield:

"It may be noncontroversial. I want to ask a question. I was a classroom teacher for all of my teaching experience, almost thirty years, my question is this. If you require that the quorum must be controlled by classroom teachers, then what is the need for anybody on the committee except classroom teachers?"

Mr. Uhlman:

"Representative Canfield, out of the total of fifteen, ten would be classroom teachers, so this amendment would cover only those contingencies where, in very rare occasions, there would be a quorum present without a majority of classroom teachers."

Further debate ensued, Representative Burtch speaking against adoption of the amendment.

The motion was lost, and the amendment by Mr. Uhlman was not adopted.

On motion of Mr. Gorton, the following amendment by Mr. Gorton and Mr. Brouillet was adopted.

On page 2, section 3, line 11, after "one" strike the period and insert ": *Provided*, That the commission may contain not more than three members not nominated by either organization. Each such list of nominees shall contain at least twice as many names as the number of appointments to which each organization shall be entitled."

SPEAKER'S PRIVILEGE

The Speaker observed in the north gallery a group of Young Republicans from Central Washington State College, and asked them to stand and be recognized.

The Speaker recognized within the bar of the House Queen Barbara Erickson, Princess Amy Radewan, and Princess Kathy Stochstill, the royal court of the Washington State Apple Blossom Festival, and appointed Representatives Braun, McDougall, Haussler, and Bozarth to escort them to the rostrum.

The Speaker:

"At this time I would like to introduce to the House Queen Barbara Erickson. I am sure she will have a few remarks for us."

Queen Barbara:

"We are honored to be here and we consider it a privilege to represent the apple industry of our state and to bring you greetings from Appleland. On behalf of the Washington State Apple Blossom Festival Association, the people of North Central Washington, the princesses and myself, I extend to you this official invitation to come to Wenatchee April 29th through May 2nd for the Forty-sixth Annual Washington State Apple Blossom Festival. We will see you in Apple Blossom Time."

The Speaker:

"It certainly is a great pleasure to have you here. I wonder whether one of your Representatives may have some comments concerning the Apple Blossom Festival. Representative McDougall."

Mr. McDougall:

"Thank you, Mr. Speaker and ladies and gentlemen of the House. I would like to concur in the remarks of our beautiful queen of the festival this year and to extend to each and every one of you an invitation to attend this annual festival in Wenatchee. Our apple industry is a large industry, as you are all aware. We are very proud of it and of the festival, and we hope you all come over and visit us during the Apple Blossom Festival."

The Speaker instructed the special committee to escort the queen and her princesses from the rostrum.

The Speaker observed in the north gallery a group of students from Washington State University and from Yakima Valley College, and asked them to stand and be recognized.

The Speaker observed in the south gallery four students from Twisp High School, accompanied by Mr. and Mrs. Bill Wagner, and asked them to stand and be recognized.

On motion of Mr. King (Richard "Dick") the following amendment to House Bill No. 172 was adopted:

On page 2, section 3, line 6, after "Association" and before "and" insert ", the Washington State Conference of the American Association of University Professors"

Mr. O'Brien moved adoption of the resolution.

On motion of Mr. Sawyer, the following amendment to the resolution was adopted:

On page 1, line 15, after "caucuses," and before "on" insert "unless otherwise provided by law," and beginning on line 17 strike "unless otherwise provided by law"

The Speaker declared the question before the House to be adoption of the resolution as amended.

The resolution as amended was adopted.

MOTIONS

On motion of Mr. O'Brien, the House advanced to the ninth order of business.

On motion of Mr. Sawyer, the House recessed until 4:00 p. m.

THIRD AFTERNOON SESSION

The Speaker called the House to order at 4:00 p. m.

The Clerk called the roll, and all members were present except Representatives Bottiger and Moos. Representative Bottiger was excused.

SECOND READING OF BILLS

House Bill No. 172, by Representatives Litchman, Saling, and Radcliffe:

Establishing a professional practice commission for education.

The House resumed consideration of House Bill No. 172 on second reading, the committee amendment as amended by Mr. Clark, an amendment by Mr. Gorton and Mr. Brouillet, and an amendment by Mr. King (Richard "Dick") having been adopted previously. (See pages 447, 488, and 489 for amendments).

Mr. Savage moved adoption of the following amendment:

On page 1, section 1, line 15, after "profession." insert "Membership or active membership in a teachers' organization or in a political party shall not be construed to be unprofessional or unethical."

YIELDING TO QUESTION

Mr. Litchman:

"Mr. Speaker, would Mr. Savage yield to question?"

The Speaker:

"Mr. Savage, will you yield to question?"

Mr. Savage:

"Happy to."

Mr. Litchman:

"Mr. Savage, if we adopt your amendment, would you be willing to support this bill?"

Mr. Savage:

"I think adoption of this amendment would be protection and I think it is sincere on the part of the people supporting it, and I kind of believe I would have to go along with it."

Mr. Litchman:

"I appreciate your remarks and I think you have a good point. However, this amendment of yours was not taken up with the chairman of the committee and

Mr. Klein has another amendment which is similar to yours. If you would agree to attach your amendment to his, that would make just one amendment in context rather than having this extra one out of context. If you would withdraw your amendment, I would approve and support yours as an amendment to Mr. Klein's amendment."

Mr. Savage:

"May I hear what the amendment is before I withdraw mine? I might agree with you if I knew what the amendment was. I didn't take it up with the committee or with the chairman, but I think our rules provide a regular procedure for bringing a bill out on second reading and amending it on the floor. I just thought of this amendment in the last ten minutes and didn't have time to contact the chairman.

Mr. Litchman:

"I think you can take my word that there is an amendment which includes part of what you are referring to and I will agree to support this in the proper place, on page 3, section 4, line 3. Rather than take up the time of the House, I would appreciate it if you would withdraw your amendment and I will support it as an amendment to Mr. Klein's."

With the consent of the House, Mr. Savage withdrew his amendment.

Mrs. Hurley moved adoption of the following amendment:

Beginning on page 2, section 4, line 33, after "commission shall" strike the remainder of the section and insert: "present to the vote of full time active classroom teachers the proposed criteria, adopting what is approved and rejecting what is not approved."

Mr. Brouillet moved adoption of the following amendment as a substitute to the amendment offered by Mrs. Hurley:

On page 3, section 4, line 3, after "writing." insert "Before final adoption by the commission of such criteria the State Board of Education shall provide each certificated school employee, currently employed in Washington State a printed ballot containing the proposed criteria of professional practices and spaces marked:

- I accept the proposed criteria of professional practices.
- I oppose the proposed criteria of professional practices."

YIELDING TO QUESTION

Mrs. Hurley:

"Would Representative Brouillet yield to question, please?"

The Speaker:

"Do you yield, Representative Brouillet?"

Mr. Brouillet:

"Yes."

Mrs. Hurley:

"I think your amendment is exactly what I had intended to do, except would your amendment provide that the commission would then adopt the criteria that was approved and not adopt what was not approved?"

Mr. Brouillet:

"Mrs. Hurley, my amendment would say that they accept or reject in total, and this is not binding upon the commission. It is merely an advisory group. I don't think any commission would put into effect any criteria if the majority of teachers did not approve. However, I don't think you should bind them."

With the consent of the House, Mrs. Hurley withdrew her amendment beginning on page 2, section 4, line 33.

The motion by Mr. Brouillet to adopt an amendment on page 3, section 4, line 3 was carried and the amendment was adopted.

Mr. Johnston (Elmer E.) moved adoption of the following amendment:

Beginning on page 2, section 4, line 33, after "at least" strike "one public hearing" and insert "two public hearings"

Debate ensued, Representative Johnston speaking in favor of adoption of the amendment, and Representatives Litchman and Burtch speaking against its adoption.

YIELDING TO QUESTION

Mrs. Hurley:

"Mr. Speaker, would Representative Litchman yield to question, please?"

The Speaker:

"Will you yield to question, Representative Litchman?"

Mr. Litchman:

"Yes, I will yield."

Mrs. Hurley:

"In your opinion, Mr. Litchman, in what part of the state do you think this hearing would be held, eastern Washington or western Washington?"

Mr. Litchman:

"Mrs. Hurley, under the circumstances, because of your complaints, it might very well be held in Spokane. I can't predict obviously where it will be held. We do feel one hearing is sufficient. This is generally true in any commission. Every member from each congressional district represented on this board usually attends these meetings regardless of where they are held."

Further debate ensued, Representative Litchman speaking against adoption of the amendment, and Representative Hurley speaking for its adoption.

Mr. Brouillet demanded the previous question, and the demand was sustained.

The motion was lost, and the amendment was not adopted.

Mr. Johnston (Elmer E.) moved adoption of the following amendment:

On page 3, after section 6 insert a new section as follows:

"NEW SECTION. Sec. 7. Except as provided in section 6, no public funds shall be used directly or indirectly for the support of the commission or its operations or activities. The commission is authorized to enter into arrangements for the financing of the operations and activities of the commission by contributions from members of the teaching profession or from any agency representing members of the teaching profession."

And renumber the remaining section, section 8.

Mr. Mahaffey moved adoption of the following amendment as a substitute to the amendment by Mr. Johnston:

Strike the new section, Sec. 7, in the amendment by Mr. Johnston (Elmer E.) to page 3, following section 6, and insert a new section as follows:

"NEW SECTION. Sec. 7. Any person paying a fee under RCW 28.70.110 shall in addition to such fee pay the sum of five dollars which shall be used in support of the activities and operations of the commission.

"The county superintendent, or other officer authorized to receive such fee, shall within thirty days transmit the same to the state treasurer."

Renumber the old section 7 to read "Sec. 8."

Debate ensued, Representatives Mahaffey, Litchman, and Sawyer speaking in favor of adoption of the substitute amendment, and Representative Johnston (Elmer E.) speaking against its adoption.

YIELDING TO QUESTION

Mr. Adams:

"Will Mr. Mahaffey yield to a question?"

The Speaker:

"Will Mr. Mahaffey yield?"

Mr. Mahaffey:

"Yes, I will yield."

Mr. Adams:

"Mr. Mahaffey, tell us how much revenue per year or per biennium this amount would bring towards this item and where it would come from."

Mr. Mahaffey:

"Dr. Adams, teachers renew their certificates each year, and there are new teachers coming in. They pay one dollar each. It amounts to about three thousand dollars a year."

YIELDING TO QUESTION

Mr. Burtch:

"Mr. Speaker, would Mr. Mahaffey yield to question?"

The Speaker:

"Will you yield, Mr. Mahaffey?"

Mr. Mahaffey:

"Yes, Mr. Speaker."

Mr. Burtch:

"I am sorry I didn't understand the language that is in that Revised Code of Washington section you referred to. Does that include all teachers each year?"

Mr. Mahaffey:

"No. When a teacher gets her certificate, and many teachers renew their certificate each year, it includes just those teachers presently. They pay a dollar to do this. This would be an additional dollar for certificates. It amounts to a renewal of the certificate. A few of us were fortunate enough to get a life diploma so we don't have to, but the majority of teachers still have to. That is the RCW mentioned."

Mr. Burtch:

"Representative Mahaffey, would you have any objection to all teachers paying one dollar a year as a fee to pay the expenses of this commission, which is designed to help them?"

Mr. Mahaffey:

"Mr. Burtch, I wouldn't if this were the procedure of all the professional people. I feel the teachers through their professional organization would gladly contribute and pay an extra fee, if necessary."

YIELDING TO QUESTION

Mrs. Hurley:

"Mr. Speaker, I would like to ask a question of Mr. Mahaffey. I wondered, Mr. Mahaffey, who would request this dollar donation? If the commission didn't have the right by law to request a donation, would the WEA request this? I think it would be much better to have a funded commission and not one that is limping around with three thousand dollars. Could you answer me, please?"

Mr. Mahaffey:

"Well, Mrs. Hurley, I presume that all organizations like ours start in the local groups. We did that last year. We contributed to the Seattle Teachers' Association to assist in a little action going on around Edmonds with a teacher there. These things start in local organizations and spread to the main body, in this case the WEA, I presume."

MOTION

Mr. Burtch moved that the House defer further consideration of House Bill No. 172 and that the bill be ordered held for the second reading calendar tomorrow.

Debate ensued, Representatives Sawyer and Litchman speaking in opposition to the motion, and Representative Savage speaking in its favor.

MOTION

On motion of Mr. Sawyer, the House recessed until 4:45 p. m.

FOURTH AFTERNOON SESSION

The Speaker called the House to order at 4:45 p. m.

The Clerk called the roll, and all members were present except Representatives Bottiger and Moos. Representative Bottiger was excused.

The House resumed consideration of **House Bill No. 172** on second reading.

With the consent of the House, Mr. Burtch withdrew his motion that the House defer further consideration of House Bill No. 172 and that the bill be ordered held for tomorrow's second reading calendar.

MOTION

Mr. Uhlman moved that **House Bill No. 606** be rereferred to the Committee on Ways and Means, Subcommittee on Appropriations.

Debate ensued, Representatives Uhlman and DeJarnatt speaking in favor of the motion, and Representative Ahlquist speaking against the motion.

Mr. Kink demanded an electric roll call, and the demand was sustained.

YIELDING TO QUESTION

Mr. Bozarth:

"Mr. Speaker, may I ask Representative Ahlquist a question?"

The Speaker:

"Mr. Ahlquist, would you yield to question?"

Mr. Ahlquist:

"Yes, Mr. Speaker."

Mr. Bozarth:

"The fact that the appropriation was taken out of the bill does not mean that in order to enter into the agreement there will not have to be an appropriation some place along the line, does it? How much money is involved?"

Mr. Ahlquist:

"The question of the amount of money has to do with section 8 which was amended out in committee. I think in all honesty, Representative Bozarth, what we are confronted with at the present time is not a matter of whether or not the Ways and Means Committee wishes to put an appropriation of \$30,000 on this; this is a matter of whether or not the state of Washington is going to enter into a compact with other states. If we so decide to do that, then at that time it will be necessary, as is perfectly obvious, to have an appropriation. But first, before fooling around with a bill and putting it into Ways and Means when there is no appropriation on it, let's decide on the philosophy as to whether we are going to join other states in development of water resources. Having adopted that philosophy, then let us look into the principle of how much money we will put into it. Then is the time Ways and Means will decide whether \$30,000 or some other figure is the correct one."

Mr. Bozarth:

"My question was a direct one, Representative Ahlquist. Will it require a definite amount of money to implement this? It will cost a specific amount of money, will it not? What would you estimate it would cost?"

Mr. Ahlquist:

"At the present time, as it is in this bill, it would be \$30,000 a biennium. What we have been putting in in the past, I think, was \$17,500. To make an estimate, I would say approximately what we have been putting in in the past, because, as you well know, this is not a program of building dams and so forth. This is a provision for a compact whereby we are working with other states in the development of water resources, not building them."

Mr. Bozarth:

"Well, then, it would require an appropriation for the next two years, then? It would require an appropriation for every year from then on?"

Mr. Ahlquist:

"If the state of Washington wishes to stay in the compact."

Mr. Witherbee demanded a call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll and all members were present.

On motion of Mr. Witherbee, the House proceeded with business under the call of the House.

Further debate ensued, Representative Savage speaking in favor of the motion to rerefer House Bill No. 606 to Committee on Ways and Means, Subcommittee on Appropriations, and Representatives Clark and Angevine speaking against the motion.

YIELDING TO QUESTION

Mr. Moon:

"Mr. Speaker, I wonder if Representative Angevine would yield to question?"

The Speaker:

"Representative Angevine, will you yield to question?"

Mr. Angevine:

"Yes, Mr. Speaker."

Mr. Moon:

"Did I understand you to say, Representative Angevine, that in the State Government Committee you deleted this appropriation because you knew that when you take away an appropriation from a bill that requires an appropriation, you in effect kill the bill? Was this the purpose of the committee's taking the appropriation off?"

Mr. Angevine:

"As I recall, Representative McCormick, as a first order of business, moved to delete the new section 8. I, as chairman of the committee, put the motion and the motion carried. I had nothing to do with anything except in acting as chairman I gave the committee the opportunity to vote on it."

Further debate ensued, Representatives Smith and Klein speaking in favor of the motion, and Representative Canfield speaking in opposition to the motion.

POINT OF ORDER

The Speaker recognized Mr. Whetzel on a point of order.

Mr. Whetzel:

"Mr. Speaker, I rise on a point of order and submit that this motion is out of order since it is contrary to Rule 78 which provides that on being reported back by committee, all bills shall go to the Rules Committee."

RULING BY THE SPEAKER

The Speaker:

"The ruling of the Speaker is that when a bill is before the House, a majority can refer it to the Appropriations Committee. The bill still carries the appropriation on it until the amendment is considered by the House. The ruling of the Speaker is that the motion is in order."

YIELDING TO QUESTION

Mr. Gallagher:

"Mr. Speaker, would Mr. Canfield yield to question?"

Mr. Canfield:

"I will be very happy to."

Mr. Gallagher:

"Mr. Canfield, would you like us from the state of Washington to act as the Russians do in the United Nations?"

Mr. Canfield:

"Mr. Speaker, I am not qualified to speak for the Russians."

POINT OF ORDER

The Speaker recognized Mr. Brachtenbach on a point of order.

Mr. Brachtenbach:

"Would the Speaker clarify his ruling? Do I understand that any time a measure has any appropriation involved, even though the committee proposes it be eliminated, that it can be referred to the Appropriations Committee and this does not require a suspension of the rules and a two-thirds vote?"

The Speaker:

"This bill is before the House on a committee report. When a bill is in possession of the House certainly a motion to rerefer is in order without suspension of any rule. If the House takes no action on the bill, then the rules provide that the bill goes to the Rules and Order Committee for second reading.

Further debate ensued, Representatives Bottiger, King (Richard "Dick"), and Uhlman speaking in favor of the motion, and Representatives Ahlquist and Angevine speaking against the motion.

The Clerk called the roll on the motion to rerefer House Bill No. 606 to Committee on Ways and Means, Subcommittee on Appropriations, and the motion was lost by the following vote: Yeas, 48; nays, 51; absent or not voting, 0.

EXPLANATION OF VOTE

This bill was before the House on a "do pass" report from the Committee on State Government, Military and Veterans' Affairs. The normal procedure of the House under Rule 78 is that "upon being reported back by the committee, all bills shall go to Rules Committee." There is a good reason to follow this rule since a bill is before the House

only on a committee report. If reported out by the Rules Committee the bill will be before us on second reading. At that time amendments may be considered and any defects in this bill may be corrected. At that time the bill may be again subject to a motion to rerefer to another committee. I voted against the motion to rerefer to Ways and Means by Mr. Uhlman because this motion departs from our normal House procedure and no opportunity was available to consider amendments.

W. S. "Bill" Traylor,
24th District.
Frank J. Warnke,
30th District.
Robert W. O'Dell,
17th District.

House Bill No. 606 was passed to Committee on Rules and Order for second reading.

MESSAGE FROM THE GOVERNOR

State of Washington, Office of the Governor,
Olympia,, March 1, 1965.

To the Honorable, The House of Representatives of the State of Washington,

LADIES AND GENTLEMEN:

I am pleased to advise you that I have approved and filed with the Secretary of State **House Bill No. 196** entitled:

"An Act relating to the legislature; providing for the redistricting and reapportionment thereof; repealing chapter 5, Laws of 1957, chapter 289, Laws of 1957 and chapter 44.06 RCW; and declaring an emergency."

The enactment of this legislation represents a triumph of the legislative process, for which I commend the legislature of this state. Redistricting is a difficult task, but it was necessary in order to guarantee equal voting power to all our citizens.

By your action you have reduced the ratio of population imbalance between the least populous and most populous districts from more than seven to one under the old plan to approximately one and one-half to one under House Bill 196. You have also provided this state with its first full-scale redistricting by the legislature since the veto of Governor John R. Rogers was overridden by the 1901 legislature.

As the Attorney General has observed, the plan is not perfect, but it probably represents the best yet produced by any state legislature in our nation. You can be justly proud of this accomplishment.

Respectfully submitted,

DANIEL J. EVANS, *Governor.*

SPEAKER'S PRIVILEGE

The Speaker observed in the north gallery a group of students from the Holy Rosary School in Seattle, and asked them to stand and be recognized.

The Speaker observed in the south gallery sixty students from the Burlington-Edison School District, and asked them to stand and be recognized.

On motion of Mr. Jastad, the resolution was unanimously adopted.

SECOND READING OF BILLS

House Bill No. 172, by Representatives Litchman, Saling, and Radcliffe:
Establishing a professional practice commission for education.

The House resumed consideration of House Bill No. 172 on second reading, the committee amendment, as amended by Mr. Clark, an amendment by Mr. Gorton and Mr. Brouillet, and further amendments by Mr. King (Richard "Dick") and Mr. Brouillet having been adopted previously. (See pages 447, 488, 489, and 492 for amendments).

The Speaker declared the question before the House to be the motion by Mr. Mahaffey to adopt the following amendment as a substitute to an amendment offered by Mr. Johnston (Elmer E.): (See page 493 for amendment by Mr. Johnston).

Strike the new section, Sec. 7, in the amendment by Mr. Johnston (Elmer E.) to page 3, following section 6, and insert a new section as follows:

"NEW SECTION. Sec. 7. Any person paying a fee under RCW 28.70.110 shall in addition to such fee pay the sum of five dollars which shall be used in support of the activities and operations of the commission.

"The county superintendent, or other officer authorized to receive such fee, shall within thirty days transmit the same to the state treasurer."

Renumber the old section 7 to read "Sec. 8."

Mr. Brouillet demanded the previous question.

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Mr. Speaker, Mr. Johnston offered an amendment. Now a member has offered a substitute amendment and Mr. Johnston has not had an opportunity to withdraw his. I think it is highly improper for a member of this body to circumvent an amendment in this manner. If Mr. Johnston wants to withdraw his amendment, that is entirely proper. I think it is highly improper that we should continue on a basis of offering substitute amendments without the maker of the original amendment being allowed to withdraw his amendment."

RULING BY THE SPEAKER

The Speaker:

"This is the same as amending Mr. Johnston's amendment. I think it would be in order. It will be considered as an amendment to Mr. Johnston's amendment."

POINT OF ORDER

Mr. Copeland:

"Is this not re-entering a section in which the committee is offering an amendment? In that case, this would be an amendment to an amendment to an amendment, which is not permissible."

The Speaker:

"The committee amendment has been adopted. This is an amendment to the bill. Therefore we have only an amendment to an amendment."

The demand for previous question was sustained.

The motion was carried, and the amendment to the amendment by Mr. Johnston was adopted.

The Speaker declared the question before the House to be the adoption of the amendment by Mr Johnston as amended.

The amendment as amended was adopted.

Mr. Klein moved adoption of the following amendment:

On page 3, following section 4, insert the following:

"Professional practices and criteria shall not be inconsistent with the following subsections setting forth rights of teachers outside the classroom:

"(a) Teachers have the right to think freely and to express themselves openly and without fear. This includes the right to hold views contrary to the majority.

"(b) Teachers are entitled to the free exercise of their religion. No restraint shall be put upon them in the manner, time or place of their worship.

"(c) Teachers have the right to take part in social, civil, and political affairs. They shall have the right, outside the classroom, to participate in political campaigns and to hold office. They may assemble peaceably and may petition any government agency, including their employers, for a redress of grievances. They shall have the same freedom in all things as other citizens.

"(d) Teachers have the right to live in places of their own choosing, to be free of restraints in their mode of living and the use of their leisure time shall not be abridged.

"(e) Teaching is a profession, the right to practice which is not subject to the

surrender of other human rights. No one shall be deprived of professional status, or the right to practice it, or the practice thereof in any particular position, without due process of law."

The motion was carried on a rising vote, and the amendment was adopted. Mr. Kull moved adoption of the following amendment.

On page 3, following section 6, add a new section as follows:

"**NEW SECTION. Sec. 7.** No school board, its employees or agents shall discriminate in any way against any applicant for a certificated position or any certificated employee on account of his membership in any lawful organization nor for the orderly exercise during offschool hours of any rights guaranteed under the law to citizens generally, nor shall said certificated employee's personnel file in the possession of said school district, its employees or agents, at any time be withheld from his inspection thereof."

Renumber the remaining sections consecutively.

POINT OF ORDER

The Speaker recognized Mr. Brouillet on a point of order.

Mr. Brouillet:

"Mr. Speaker, as I read this amendment, it is talking about school boards and who should look at the records and so forth. The bill itself pertains to a professional practice commission, which has no direct connection with the school board. I would say this is not germane and is out of order at this time."

RULING BY THE SPEAKER

The Speaker:

"The Speaker rules that this amendment by Mr. Kull is not germane."

House Bill No. 172 was ordered engrossed and passed to Committee on Rules and Order for third reading.

Sec. 3.** No board of county commissioners shall take any action under this 1965 amendatory act which shall disqualify members of the present legislature, under Article II, section 13, of the Constitution, from being candidates for or being elected or appointed to county elected offices.

"If any provision of the action of a board of county commissioners is held invalid under the preceding paragraph of this section, the remainder of the action or the application of the provision to other persons or circumstances shall not be affected."

Debate ensued, Representatives Olsen and Haussler speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Canfield:

"Mr. Speaker, will Mr. Olsen yield to question?"

The Speaker:

"Mr. Olsen, will you yield?"

Mr. Olsen:

"Yes."

Mr. Canfield:

"Mr. Olsen, as I understand it, this is to eliminate any question as to a person's eligibility to run for political office. In other words, this hospitalization might be construed as an emolument or increase of some sort. Suppose this person does take that hospitalization advantage you mentioned, would that bar that person? Should he accept it or not?"

Mr. Olsen:

"He can accept it. That is the ruling of the attorney general."

Mr. Canfield:

"He can accept it without jeopardy?"

Mr. Olsen:

"He can accept it without jeopardy. That is the reason for the amendment."

The motion was carried, and the amendment was adopted.

House Bill No. 111 was ordered engrossed and passed to Committee on Rules and Order for third reading.

YIELDING TO QUESTION

Mr. Brachtenbach:

"Mr. Speaker, would Mr. Day yield to question?"

The Speaker (Mr. Garrett presiding):

"Mr. Day, will you yield to question?"

Mr. Day:

"Yes, Mr. Speaker."

Mr. Brachtenbach:

"I note you are the prime sponsor on the bill, Representative Day. I notice in the committee amendment the word 'catastrophe' is referred to. Is this something that is defined elsewhere in the act?"

Mr. Day:

"I think it is defined elsewhere in the industrial insurance act. This only affects industrial insurance contracts."

Debate ensued, Representative Adams speaking against adoption of the amendment.

POINT OF ORDER

The Speaker (Mr. Garrett presiding) recognized Mr. Day on a point of order.

Mr. Day:

"Mr. Speaker, the gentleman has not only digressed from the amendment; he has now digressed from the bill. I would ask that he keep his remarks at least to the bill. I didn't object to his digressing from the amendment."

The Speaker:

"Mr. Bottiger, would you yield to question?"

Mr. Bottiger:

"Yes, I will."

Mr. Eldridge:

"Mr. Bottiger, is there any dollar amount so that we won't be involved in a lot of small items?"

Mr. Bottiger:

"I have no specific knowledge on that matter. Possibly somebody could enlighten us as to the distinction between the seven hundred and twelve hundred account."

Debate ensued, Representatives Epton, Mahaffey, Litchman, and Witherbee speaking against adoption of the amendment.

YIELDING TO QUESTION

Mr. Bottiger:

"Mr. Speaker, possibly we could ask some of the experts in this area to explain the distinction between these seven hundred and twelve hundred accounts. Now, the purpose of this amendment is to preclude school districts from doing ordinary maintenance by delaying it until it became a major repair. If there is another way to accomplish this, I would be more than willing to withdraw my amendment."

Mr. Mahaffey:

"Mr. Speaker, I presume most of the members do know that within the school budget this biennium there is an item of three million dollars—the first time this item ever appeared—for doing this very thing—repairs, improvements, and remodeling. Heretofore, school districts have not been able to ask for matching funds for this purpose at all. I am sure that in the investigation and allocation of the matching funds the matters you suggest will be taken into consideration, Mr. Bottiger."

Further debate ensued, Representative Radcliffe speaking against adoption of the amendment.

The motion was lost, and the amendment was not adopted.

YIELDING TO QUESTION

Mr. Witherbee:

"Mr. Speaker, would Mr. Andersen yield to question?"

The Speaker:

"Mr. Andersen?"

Mr. Andersen (James A.):

"Yes."

Mr. Witherbee:

"Mr. Andersen, I notice in this bill—I am for this piece of legislation—that it says in here that after 'expiration of a reasonable time.' Reasonable time means a lot of different things to a lot of different people—one day, two hours, six months. Isn't this leaving it rather vague?"

Mr. Andersen:

"That refers to a reasonable time which is stated in a notice to him. In other words, the situation is this, if I may just elucidate a bit, somebody comes in and rents a car for two hours and doesn't come back for two years. The man who rented this three thousand dollar piece of equipment can't get a larceny warrant from the prosecutor. The prosecutor won't help him; nobody will help him. But what this section says is that if he rents a car for a day or two days and doesn't come back, the owner, in a reasonable time, can go ahead and send him a notice addressed to his house telling him to bring it back within ten days or the police will be called. If he doesn't come back at that time, he is presumed to have taken it with the intention to defraud and then he can be picked up. If it develops that he is sick or has some other good reason,

that is a defense to the cause. This just provides some reasonable point within which you can go to the law enforcement authorities for recovery and ask for assistance to bring back an expensive piece of equipment. The reasonable time is stated in the notice and what would be a reasonable time is not certain. We specifically did not say ten days or a week, because the thing will vary from situation to situation, but a complete defense is to come in and explain why you weren't able to bring the equipment back. It is merely a presumption; it doesn't make the person guilty of larceny. It is a presumption to get the assistance of the prosecuting attorney and law enforcement agencies."

Engrossed House Joint Resolution No. 25 was ordered reengrossed.

On motion of Mr. Burtch, the rules were suspended, the second reading considered the third, and Reengrossed House Joint Resolution No. 25 was placed on final passage.

Debate ensued, Representatives Burtch, O'Brien, and Gorton speaking in favor of the resolution.

YIELDING TO QUESTION

Mr. Savage:

"Mr. Speaker, I would like to have Mr. Gorton or Mr. Burtch explain to me how the commission's work goes into effect. Is their work final or does the legislature vote yes or no without amendments, or how does this become effective?"

The Speaker:

"Mr. Gorton, would you like to answer?"

Mr. Gorton:

"Yes, Mr. Speaker. Under this proposed constitutional amendment, as soon as the final results of the census are available, or within six months thereafter, the governor will be required to call a special session solely for the purpose of redistricting, a session which would not last longer than thirty days. During that session, the legislature would have the opportunity to redistrict the state. If it failed to do so and adjourned after the thirty days, a five-man commission would be appointed by the state chairmen of each political party and three appointed by the supreme court and

the presidents of the two state universities to do the job. Their doing the job would have the force and effect of law and would not have to be ratified by the legislature. Of course, the legislature, when reestablished in the next session, could pass another redistricting law. This doesn't prohibit the legislature from redistricting at some later time, though that is relatively unlikely. It does give the legislature the first crack, but if they can't agree in thirty days, it will be up to the commission."

Further debate ensued, Representatives Clark, Dootson, and Canfield speaking in favor of passage of the resolution, and Representatives Grant and Morphis speaking against its passage.

MOTION

Mr. Klein moved that the House defer further consideration of Reengrossed House Joint Resolution No. 25 and that the resolution be ordered held for tomorrow's third reading calendar.

Debate ensued, Representative Klein speaking for the motion and Representative Burtch speaking against it.

Mr. Klein demanded an electric roll call, and the demand was sustained.

YIELDING TO QUESTION

Mr. Smith:

"Mr. Speaker, would Mr. Burtch yield to question?"

The Speaker:

"Mr. Burtch, do you yield?"

Mr. Burtch:

"Yes."

Mr. Smith:

"Mr. Burtch, as this commission would in effect be making laws and would be taking over a legislative function, is there any question of the legality of this?"

Mr. Burtch:

"Well, if this is put into our Constitution, which is the supreme law of the state provided it does not conflict with the United States Constitution, I don't see how there would be any question. What the commission does can always be questioned by any citizen by appealing to the state supreme court, providing the supreme court were the court of original jurisdiction, on application of any citizen or taxpayer to the secretary of state to do his duty and determine the validity of whatever action the commission takes."

Further debate ensued, Representatives Angevine and O'Brien speaking in favor of the motion.

YIELDING TO QUESTION

Mr. Andersen (James A.):

"Mr. Speaker, would Mr. Klein yield to question?"

The Speaker:

"Do you yield to question, Representative Klein?"

Mr. Klein:

"I yield to question."

Mr. Andersen:

"Mr. Klein, I just wanted to suggest that if we are talking about a matter of comity amongst the legislature, it might be appropriate for you to withdraw the request for electric roll call, which has nothing to do with comity."

Mr. Klein:

"I would be most happy to withdraw my request for electric roll call."

With the consent of the House, Mr. Klein withdrew his request for an electric roll call.

The motion was carried, and the House deferred further consideration of Reengrossed House Joint Resolution No. 25, and the resolution was ordered held for tomorrow's third reading calendar.

YIELDING TO QUESTION

Mr. Eldridge:

"Mr. Speaker, would Mr. Uhlman yield to question?"

The Speaker:

"Mr. Uhlman, would you yield to question?"

Mr. Uhlman:

"Yes, I do."

Mr. Eldridge:

"Representative Uhlman, does this mean that a man coming under the provisions of this pension could go to a retailer and run up a large bill and then just leave it without any recourse on the part of the merchant, as far as these funds are concerned?"

Mr. Uhlman:

"Representative Eldridge, that is precisely what would happen. It would be up to the retailer not to extend credit to some poor, little, old widow who has a small pension of seventy-five or eighty dollars a month. It simply exempts this small annuity from garnishment."

The Clerk called the roll on the final passage of House Bill No. 324, and the bill passed the House by the following vote: Yeas, 95; nays, 1; absent or not voting, 3.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Braun, Brouillet, Burtch, Canfield, Chatalas, Clark, Conner, Copeland, Cunningham, Day, DeJarnatt, Dootson, Elder, Eldridge, Epton, Gallager, Garrett, Goldsworthy, Gorton, Grant, Harris,

RESOLUTION

Resolution by Representatives Anderson (Eric O.) and Burtch:

WHEREAS, On July 18, 1964, on a Southwest Washington beach near Ocean City, Washington, one Marshall E. Field, his wife and two children were present enjoying the recreational opportunities in the area; and

WHEREAS, Mr. Field then, unmindful of his own personal safety, plunged into the surf and started to swim to where the three people were keeping themselves afloat. He found the surf and undertow too difficult to battle, so he fought his way back to shore, obtained the raft and set out again for the area where the three were trying to keep afloat. Mr. Field pulled one of the boys aboard and the raft then overturned, throwing Mr. Field and the boys into the sea. After righting the raft, and with great effort, he hauled the two boys onto the raft and searched for the third member who was the father of one of the boys. He was unable to be found. Mr. Field then propelled the raft to the shore and he and his wife put the boys in sleeping bags to warm them and administered first aid until they recovered; and

WHEREAS, Marshall E. Field risked and almost lost his own life in saving the two boys, Danny McDaniels and Lawrence Lambert, and had he not acted, it is almost certain that the boys would have drowned before other aid could have arrived; and

WHEREAS, This heroic achievement, regardless of his own welfare, has received national recognition and is in the highest tradition of concern for fellow man;

Now, Therefore, Be It Resolved, By the House of Representatives of the State of Washington, that we do hereby congratulate and honor Marshall E. Field for this act of heroism, courage and outstanding example of bravery and selflessness to the citizens of this state; and

Be It Further Resolved, That a copy of this resolution be delivered to Mr. Marshall E. Field forthwith.

On motion of Mr. Anderson (Eric O.), the resolution was unanimously adopted.

The Speaker turned the gavel over to Mr. Anderson.

Mr. Anderson instructed the Representatives from Pierce county to escort Mr. and Mrs. Marshall E. Field to a position of honor on the rostrum, where a corsage was presented to Mrs. Field.

Mr. Anderson:

"Mr. and Mrs. Field, Mr. Speaker, students from Hunt Junior High, ladies and gentlemen of the House and friends, today is, I would say, one of the greatest days of my life. I am very proud to stand here and pay honor to one of the bravest men in the state of Washington. Marshall, ever since you performed this great deed, I have been very humble in your presence. You know, ladies and gentlemen, Marshall and I worked together down at the mill by the ocean and at Pacific Beach, and I am very, very proud to have known Marshall for quite a while. Marshall, on behalf of the members of this House and the state of Washington, I want you to have this resolution, that it might be placed among the archives of your home, confirming that you are one of the bravest men in the state of Washington.

"There are billows far out on the ocean

That never will break on the beach,

And waves upon waves of emotion

That can't find expression in speech."

Mr. Field:

"Thank you, Eric. I think that is about all I can say. This was quite unexpected. Thank you."

Mr. Anderson instructed the special committee to escort Mr. and Mrs. Field from the bar of the House.

Mr. Anderson returned the gavel to the Speaker.

RESOLUTIONS

Resolution by Representatives Leland, Uhlman, Bledsoe, McCaffree, and Flanagan:

WHEREAS, The United States Department of the Interior Bureau of Mines in cooperation with the University of Washington has maintained for forty years a Coal Research Laboratory and a Nonmetallics Research Laboratory on the campus of the University; and

WHEREAS, The Washington State Legislature in 1961 appropriated the sum of five hundred thousand dollars for a building addition for this facility which was constructed and in fact just occupied in the fall of 1964, with the understanding that it would remain on the campus of the University; and

WHEREAS, The United States Bureau of Mines has expressed its intention to move these facilities to Pittsburgh, Pennsylvania, Albany, Oregon, or elsewhere; and

WHEREAS, These facilities as now developed, constructed, and installed represent the finest and most advanced research installation of its kind in the United States; and

WHEREAS, These facilities and equipment are permanently installed, are extremely bulky and heavy, and do not lend themselves to dismantling and moving, with the obvious end result that a substantial portion of these fine facilities and equipment would be abandoned and lost and therefore present capacity to conduct full and meaningful research into future uses of coal and nonmetallics would be lost to this area forever; and

WHEREAS, It is extremely vital that at this time when the use of coal as fuel has declined in importance, that research in its future uses be maintained at the highest possible level; and

WHEREAS, The uprooting, dismantling, and movement of these permanently installed nonmetallic facilities from an industrial area to the agricultural community of Albany, Oregon and at the same time moving the also permanently installed coal-research facilities from the Pacific Coast, with ninety-five percent of these coal reserves occurring in the State of Washington, to far-away Pittsburgh, Pennsylvania with poor access, communication and availability of research for use by industry in Washington, Alaska, or the whole West, will result in tremendous loss to industry and economic development in this state, the Pacific Northwest, and the Nation; and

WHEREAS, The proposed movement of these facilities following the recent investment made by the State of Washington of five hundred thousand dollars with the understanding that the facilities would remain on the University of Washington campus would be a breach of faith on the part of the United States Department of the Interior Bureau of Mines; and

WHEREAS, The closure of the Bureau's facilities on the University Campus is presented as being a part of the President's economy program, the fact is that the work cannot be done more cheaply elsewhere, because of the substantial contribution made by the State of Washington through the University and thus the closure would save the federal government nothing, but would cost the state a great deal—including a payroll of over \$100,000 a year.

Now, Therefore, Be It Resolved, By the House of Representatives of the Legislature of the State of Washington, That the United States Bureau of Mines be requested to review and rescind its decision to move its Coal Research Laboratory and Nonmetallic Research Laboratory from the University of Washington Campus.

Be It Further Resolved, That the secretary of state immediately transmit copies of this resolution to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Secretary of the Interior, and to each member of Congress from the State of Washington.

On motion of Mr. Leland, the resolution was adopted.

Resolution by Representatives Ahlquist, Bledsoe, Canfield, McDougall, Moos, Kull, Bozarth, Jolly, and Johnson (Doris):

WHEREAS, The Bureau of the Budget has proposed that the Soil Conservation Service appropriation for assisting locally organized and locally managed soil and water conservation districts be reduced by twenty million dollars and that soil and water conservation districts and cooperating farmers, ranchers and other landowners shall pay the federal government up to fifty percent of the cost of technical assistance furnished in the design, layout and installation of planned soil and water conservation practices on their lands; and

WHEREAS, The federal government has, for some thirty years, provided technical assistance to owners and operators of privately owned lands believing that it is in the total public interest, and one of the most urgent national needs to protect and improve the soil and water resources of this nation; and

WHEREAS, Over ninety-six percent of Washington privately owned land is included in its sixty-eight soil and water conservation districts and nearly a third of Washington's farmers and ranchers are annually using the technical assistance in the design, layout and installation of planned soil and water conservation measures on their lands; and

WHEREAS, The supervisors of such districts have continuously requested additional technical assistance to meet the needs of farmers and ranchers to accelerate the application of conservation practices; and

WHEREAS, Recent state-wide storms and floods of disastrous proportions have resulted in heavy erosion and loss of valuable top soil, in heavy sediment deposits in our reservoirs, lakes, streams and rivers which also have spread over valuable bottom lands and in other flood damage to both public and private property together with destruction or severe damage to thousands of water control and use structures, requiring greater, rather than reduced efforts in the application of soil and water conservation practices; and

WHEREAS, Such assessments of payments to the federal government will discourage and seriously curtail the application of soil and water conservation measures on lands so vital to the strength and welfare of the state of Washington and the nation and will seriously affect the fall harvest on family farms and the holdings of small operators; and

WHEREAS, This proposed additional burden added to the costs of farmers and ranchers already in a depressed economic condition, would limit the ability of these people to participate in the existing agricultural conservation program and similar programs which have in the past contributed substantially to the conservation development, and the prudent use of these soil and water resources.

Now, Therefore, Be It Resolved, By the House of Representatives of the state of Washington, That we respectfully make application to the congress of the United States to continue the long established policy of providing technical assistance to

soil and water conservation districts and their cooperating land owners and operators without requiring them to pay the federal government any portion of cost of such technical assistance, and

Be It Further Resolved, That the congress provide the increases in technical assistance requested by the soil and water conservation districts in Washington and throughout the nation to meet the needs of land owners and operators to accelerate the planning and application of conservation measures on their privately owned lands; and

Be It Further Resolved, That copies of this resolution be transmitted to the Honorable Lyndon B. Johnson, President of the United States, the President of the United States Senate and the Speaker of the House of Representatives, the Chief of the Soil and Conservation Service, and to each Senator and Representative in Congress from the state of Washington.

Mr. Moos moved adoption of the resolution.

Debate ensued, Representatives Moos, Ahlquist, Anderson (Eric O.), Bledsoe, Bozarth, May, Kull, and Valle speaking in favor of adoption of the resolution.

The motion was carried and the resolution was adopted.

Resolution by Representatives Lynch, Kirk, and Garrett:

WHEREAS, The state of Washington maintains a large number and variety of penal and rehabilitation institutions and residential schools under the administrative jurisdiction of the department of institutions, and

WHEREAS, These institutions impose a great and increasing financial burden on the taxpayers, and

WHEREAS, There is proposed legislation before the thirty-ninth regular session of the Washington state legislature which would require residents of certain of these institutions, or their families, to contribute to their support and maintenance, and

WHEREAS, It is desirable to determine the extent to which the principle of self or family contribution is presently being applied, and can or should be applied to any or all of the institutions administered by the department of institutions, and if such a program is feasible, under what conditions and limitations,

Now, Therefore, Be It Resolved, By the House of Representatives, That the legislative council study the laws, regulations and practices, both in Washington and other states, with respect to the establishment of requirements for the contribution to the support of residents of all institutions and schools under the jurisdiction of the department of institutions by the residents or their families, and report its findings and recommendations to the 1967 session of the legislature.

RESOLUTION

Resolution by Mr. O'Brien:

WHEREAS, Governor Daniel J. Evans has made budget requests which require new state revenue of over \$140,000,000; and

WHEREAS, Governor Evans has yet to introduce in the House of Representatives or the Senate of the State of Washington his recommended legislation to raise the necessary revenues other than one bill to increase the sales tax by extending it to services (i.e., the Misery tax); and

WHEREAS, Governor Evans has totally failed to place before the legislature in the first fifty days his specific legislation calling for a shift in the 10-mill levy from the local to the state level which means that such legislation cannot under Article II, Sec. 36 of the Washington State Constitution be introduced or considered by the legislature during this session without a two-thirds vote of each house; and

WHEREAS, Governor Evans while a member of the House of Representatives was highly critical of the former Governor in Resolutions proposed by then Representative Evans on the 8th day and on the 23rd day of the 1961 legislative session, for having failed to make his specific tax legislation available, stating in part: "This Legislature believes that the executive branch of government, which proposes such large expenditures, owes a duty to the people of the state and to their elected representatives to outline specifically the methods by which it believes these expenditures can be made within the framework of a balanced budget"; and

WHEREAS, even without the redistricting problem the Governor's failure to introduce the required tax legislation within the fifty days permitted by the Constitution would force an Extraordinary Session of the Legislature;

Now, Therefore, Be It Resolved, That the House of Representatives does request Governor Evans to supplement his Budget and Tax message in specifics by producing his proposed tax legislation for scrutiny and examination so that we may not be further hampered during the apparent necessary Extraordinary Session; and

Be It Further Resolved, That the Chief Clerk transmit this message to the Governor.

Mr. O'Brien moved adoption of the resolution.

Debate ensued, Representatives O'Brien, Backstrom, and Sawyer speaking in favor of adoption of the resolution, and Representatives Eldridge, Andersen (James A.), and Newschwander speaking against its adoption.

YIELDING TO QUESTION

Mr. Moon:

"Mr. Speaker, I wonder if Representative Andersen would yield to question?"

The Speaker:

"Mr. Andersen, will you yield?"

Mr. Andersen (James A.):

"I will."

Mr. Moon:

"Mr. Andersen, were you ashamed in the 1961 session of the now present Governor Evans when he stated: 'This legislature believes that the executive branch of government owes a duty to the people of the state and to their elected representatives to outline specifically the methods by which he believes these expenditures can be made within the framework of a balanced budget'? This was on the 23rd day, that early in the session, as compared to the date of this present session."

Mr. Andersen:

"Yes, I agree with that. I also remember the context in which it was stated. You had a governor who had been in office four to six years. He had all the facilities of state government behind him. When then Representative Evans, now Governor Evans, went into the governor's mansion, I saw the vaults. There wasn't even dust in the vaults and files. There was absolutely nothing. It wasn't until very shortly before the session began on January 11, 1965 that he had access to any information on which a budget is predicated. Governor Evans came in with a 595 page budget book and no staff to use for working on it. You had a situation there of a governor who had been an incumbent for many, many years and who could have had a program worked out a long time before the session began. What we had to do on the Republican side both in the legislature and in the governor's office was limp along partly staffed with inadequate funds and try to put the whole show together in a matter of a few days, dealing all the while with this grievous problem of redistricting. The words were correct, but the situation was entirely—180 degrees—opposite from today's situation."

Mr. Burtch demanded an oral roll call, and the demand was sustained.

Further debate ensued, Representative Uhlman speaking for adoption of the resolution, and Representative Clark speaking against its adoption.

Mr. Sawyer demanded the previous question, and the demand was sustained.

The Clerk called the roll on adoption of the resolution by Mr. O'Brien, and the motion was carried, and the resolution adopted by the following vote: Yeas, 52; nays, 43; absent or not voting, 4.

Those voting yea were: Representatives Anderson (Eric O.), Angevine, Avey, Backstrom, Beck, Bergh, Bottiger, Bozarth, Braun, Brouillet, Burtch, Chatalas, Conner, DeJarnatt, Elder, Epton, Gallagher, Garrett, Grant, Haussler, Jastad, Johnson (Doris), Jolly, Kalich, King (Chet), King (Richard "Dick"), Klein, Kull, Litchman, Lux, Marsh, Marzano, May, Moon, O'Brien, O'Donnell, Olsen, Pierre, Radcliffe, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Witherbee; Mr. Speaker—52.

"Mr. Speaker, will Mr. Huntley yield to question?"

The Speaker:

"Will you yield to question, Mr. Huntley?"

Mr. Huntley:

"Yes."

Mr. Canfield:

"I didn't get the figure as to what money the bill will bring in. I presume, to start with at least, it will bring in more than is necessary. It was stated this would take care of a ten-year period, so I presume it will go into the highway fund or some other fund. What is the financial impact of this bill? How much money will it produce in a year?"

Mr. Huntley:

"The total when it is implemented will be approximately two and one-half million dollars. It is true they don't need this much at the present time because they can't put one hundred fifty men on the road at one time. Perhaps we could have waited until next year to have started collecting this money, but by that time it would have been impossible to put these men on the road immediately and keep them there. There is money at the present time to put a few men on the road, but by the time the legislature meets again in 1967, if the legislation isn't passed now, there will be no revenue coming in until licenses are purchased in 1968. It is imperative that we pass this legislation now if we are to increase the size of the patrol."

Further debate ensued, Representatives Conner, Bozarth, and Avey speaking in favor of passage of the bill, Representative Adams stating he would

support the bill but questioning certain activities of the state patrol, and Representatives Beck and Huntley replying to Representative Adams.

The Clerk called the roll on the final passage of House Bill No. 239, and the bill passed the House by the following vote: Yeas, 94; nays, 1; absent or not voting, 4.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Avey, Backstrom, Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Braun, Brouillet, Burtch, Canfield, Chatalas, Clark, Conner, Copeland, Cunningham, Day, DeJarnatt, Elder, Eldridge, Epton, Flanagan, Gallagher, Garrett, Goldsworthy, Gorton, Grant, Harris, Haussler, Hawley, Hood, Humiston, Huntley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Juelling, Kalich, King, (Chet), King (Richard "Dick"), Kink, Kirk, Klein, Kull, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, May, McCaffree, McCormick, McDougall, Moon, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Dell, O'Donnell, Olsen, Perry, Pierre, Pritchard, Radcliffe, Rogers, Saling, Savage, Sawyer, Sheridan, Slagle, Smith, Swayze, Taplin, Taylor, Thompson, Traylor, Uhlman, Wang, Warnke, Whetzel, Wolf, Mr. Speaker—94.

Those voting nay were: Representative Hurley—1.

Those absent or not voting were: Representatives Angevine, Dootson, Valle, Witherbee—4.

House Bill No. 239, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

House Bill No. 55, by Representatives May, Pierre, and McCaffree:
Increasing school bus length limit.

House of Representatives,
Olympia, Wash., February 24, 1965.

MR. SPEAKER:

We, a majority of your Committee on Highways, to whom was referred House Bill No. 55, increasing school bus length limit, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

On page 1, section 1, line 12, after "feet" insert ": *Provided further, That any such school bus shall be equipped with three axles*"

On page 1, section 1, line 14, after "commission" and before the period insert "*, and the operation of any such school bus upon the public highway shall be limited as determined by the superintendent of public instruction in the manner provided for in RCW 46.48.150*"

LEONARD A. SAWYER, *Chairman*,
C. W. "RED" BECK, *Vice Chairman*,
W. L. "BILL" McCORMICK, *Vice Chairman*.

We concur in this report: Eric O. Anderson, Art Avey, Duane L. Berentson, Arnie Bergh, Horace W. Bozarth, Eric D. Braun, Jack L. Burtch, Paul H. Conner, P. J. "Jim" Gallagher, Dwight S. Hawley, Jack C. Hood, Elmer C. Huntley, Elmer Jastad, Dan Jolly, Alfred E. Leland, Fred R. Mast, William J. S. May, Bob McDougall, Irving Newhouse, Jack Rogers, George P. Sheridan, Ben F. Taplin, Richard Taylor, Alan Thompson, W. S. "Bill" Traylor, Arnold S. Wang, C. G. Witherbee, Harold E. "Hall" Wolf.

The bill was read the second time by sections.

On motion of Mr. Sawyer, the committee amendments were adopted.

Mr. Cunningham moved adoption of the following amendment:

On page 2, line 12, add a new section to read as follows:

"NEW SECTION. Sec. 2. This amendatory act of 1965 shall not take effect until January 1, 1968, and the interim highway committee, in cooperation with the office of the superintendent of public instruction is hereby directed to study the safety and economic feasibility of the operation of forty foot school buses, and report its findings to the fortieth session of the Washington state legislature prior to January 20, 1967."

Debate ensued, Representatives Cunningham and Pritchard speaking in favor of adoption of the amendment, and Representatives Sawyer, May, and Avey speaking against its adoption.

YIELDING TO QUESTION

Mr. Adams:

"Mr. Speaker, will Mr. May yield to question?"

The Speaker:

"Do you yield, Mr. May?"

Mr. May:

"Yes."

Mr. Adams:

"Mr. May, I hear by way of the grapevine that somebody has sold two of these buses in this state and then found out they were not quite legal and that he therefore wants this bill so he can deliver these buses. Is that, or anything similar to that correct?"

Mr. May:

"No, sir, that is not. He has an order from a parochial school that wants a bus, but unless this legislation is passed, he couldn't sell it. He also has a city contract, but without this statute, it can't be carried out."

Further debate ensued, Representative Brachtenbach speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Witherbee:

"Mr. Speaker, would Mr. Brachtenbach yield to question?"

The Speaker:

"Will you yield to question, Mr. Brachtenbach?"

Mr. Brachtenbach:

"Yes."

Mr. Witherbee:

"You said that it isn't our job to decide about the specifications on these buses. The present law says that they are thirty-five feet. Do you think this law is proper? If this law isn't proper, maybe we should strike all reference to it."

Mr. Brachtenbach:

"Frankly, I have not traced the history of that statute. I would assume this is one that meets the approval of the department of public instruction. That is the point of my objection. Forty feet does not meet the approval of the department of public instruction."

YIELDING TO QUESTION

Mr. Perry:

"Mr. Speaker, I wonder if Mr. May would yield to question?"

The Speaker:

"Mr. May, do you yield?"

Mr. May:

"Yes."

Mr. Perry:

"I was interested in a corollary here. The city of Seattle has in its Transit Commission established a number of deals of this character. I have recently written the auditor asking him for some specific criteria as to operational costs. Now, we have alluded here without any specifics to the operational cost of these forty-foot buses. Do you have a specific criteria established on the different operational costs of these buses?"

Mr. May:

"Mr. Perry, I would answer just what I have heard in committee, which is that the cost of diesel is about one-third the cost of gasoline. The cost of repairs is very much smaller and they run many, many hundreds of miles further without overhauling."

Further debate ensued, Representative Perry speaking in favor of adoption of the amendment, and Representatives May, Pierre, and Sawyer speaking against its adoption.

Mr. Grant demanded the previous question, and the demand was not sustained.

Further debate ensued, Representative Cunningham speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Bottiger:

"Mr. Speaker, I wonder if Mr. Cunningham would yield to question?"

The Speaker:

"Mr. Cunningham, will you yield?"

Mr. Cunningham:

"Yes, sir."

Mr. Bottiger:

"Mr. Cunningham, in reading this statute, I notice that the statute presently allows shall we say commercial buses to operate at forty feet. I take it your argument is that because the bus driver is part time or temporary, he is not qualified to drive this school bus. Is that it?"

Mr. Cunningham:

"Not totally. My argument is that you are hauling more students than you do adults in this sort of bus. In an adult transit bus, you are hauling about fifty passengers in a Greyhound. In a school bus, you are going to haul at least ninety or more. You may have one hundred twenty of the small children, kindergarten children and primary students, in a bus. This is an impossible load for a driver to handle, because not only is this driver driving, he has the disciplining of these students as one of his problems. A driver on an adult bus does not have this problem."

Mr. Bottiger:

"Is this load seated or standing?"

Mr. Cunningham:

"Ninety seated, and most districts many times will have one or two standing in the aisles per seat. You can see what this will do to a bus driver. You can't see what is going on in the back of the bus. If your attention is distracted, if you have trouble going over a railroad track, if you go over an embankment, you have a catastrophe. I don't think we want to do this until we know what we are putting into service."

Mr. Bottiger:

"I think everybody realizes that the majority of us depend on committee reports for references to other statutes we don't have with us. RCW 46.48.150 refers to the superintendent of public instruction. I wonder, Mr. Cunningham, can you acquaint me with what it is he has to do to approve these buses?"

Mr. Cunningham:

"The specifications are set up in advance after a period of study before you put a bus into service, and then the safety regulations are laid out for the piece of equipment before it is put into operational service. This has always been our procedure in the state of Washington. We have not had the opportunity in this instance."

Further debate ensued, Representative Cunningham speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Gorton:

"Mr. Speaker, will Mr. Sawyer yield to question?"

The Speaker:

"Mr. Sawyer?"

Mr. Sawyer:

"Yes."

Mr. Gorton:

"Mr. Sawyer, do you know what is in RCW 46.48.150?"

Mr. Sawyer:

"Not exactly. If I remember rightly, it refers to the fact that the superintendent of public instruction, a representative of the highway commission, and a representative of the Washington state patrol will set up safety standards for the respective school buses."

Further debate ensued, Representative Gorton speaking in favor of adoption of the amendment and Representatives Witherbee and Sawyer speaking against its adoption.

Mr. Goldsworthy demanded an electric roll call, and the demand was sustained.

Further debate ensued, Representative Klein speaking in favor of adoption of the amendment.

YIELDING TO QUESTION

Mr. Bottiger:

"Mr. Speaker, I hadn't finished my interrogation a moment ago and would like to address a question to either Mr. Gorton or Mr. Cunningham. Does the committee which makes the safety regulations have the authority to have these students seated or to require that only so many shall be standing?"

The Speaker:

"Mr. Gorton, do you want to answer or do you yield to Mr. Cunningham?"

Mr. Cunningham:

"There is actually no way to regulate, as far as law is concerned, whether you have standees in any bus or in a school bus in this state. There has been a rather unwritten rule that many districts try to follow to have no more than ten percent standing or no more than one standee per row, but it can't be enforced. Furthermore, transporting students is rather unpredictable, since you will have more students riding at one time, such as in the rain, than at another."

Further debate ensued, Representatives Cunningham and Moos speaking in favor of adoption of the amendment, and Representative Sawyer speaking against its adoption.

The Speaker declared the question before the House to be the motion by Mr. Cunningham to adopt an amendment to House Bill No. 55 on page 2, line 12, adding a new section.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Smith on a point of parliamentary inquiry.

Mr. Smith:

"Will you explain to the members the effect of their vote?"

The Speaker:

"I think this amendment will kill the bill if it goes into effect, because—"

POINT OF ORDER

The Speaker recognized Mr. Copeland on a point of order.

Mr. Copeland:

"Mr. Speaker, I think it is highly improper for the Speaker to make a statement relative to whether or not this will kill the bill. I am quite sure nobody likes to have his motives impugned, and I don't think that Mr. Cunningham's motives need to be impugned by that statement."

The Speaker:

"On your point of order, Mr. Smith asked what this amendment would do. I am stating that whether you want to call it killing the bill or not, it would not be considered on the law books this time but would be taken up as a study during the interim. If you had permitted me to finish my sentence before you interrupted my remarks, you would have had it clearly stated to you. A vote 'Aye' will refer this for interim study during the next two years. A vote 'No' will defeat the amendment offered by Mr. Cunningham."

The Clerk called the roll on adoption of the amendment by Mr. Cunningham, and the motion was carried and the amendment adopted by the following vote: Yeas, 50; nays, 45; absent or not voting, 4.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Angevine, Berentson, Bergh, Bledsoe, Bottiger, Brachtenbach, Burtch, Canfield, Clark, Copeland, Cunningham, DeJarnatt, Dootson, Eldridge, Epton, Goldsworthy, Gorton, Harris, Hawley, Hood, Humiston, Huntley, Hurley, Johnston (Elmer E.), Jueling, Kirk, Klein, Kull, Litchman, Lux, Lynch, Mahaffey, Mast, McCaffree, Moon, Moos, Morphis, Newhouse, Newschwander, O'Dell, Perry, Pritchard, Saling, Swayze, Uhlman, Whetzel, Wolf—50.

Those voting nay were: Representatives Anderson (Eric O.), Avey, Backstrom, Beck, Bozarth, Braun, Brouillet, Chatalas, Conner, Day, Elder, Flanagan, Gallagher, Garrett, Grant, Haussler, Jastad, Johnson (Doris), Jolly, Kalich, King (Chet), King (Richard "Dick"), Kink, Leland, Marsh, May, McCormick, O'Brien, O'Donnell, Olsen, Pierre, Rogers, Savage, Sawyer, Sheridan, Slagle, Smith, Taplin, Taylor, Thompson, Traylor, Valle, Warnke, Witherbee, Mr. Speaker—45.

Those absent or not voting were: Representatives Marzano, McDougall, Radcliffe, Wang—4.

MOTION

Mr. O'Brien moved that the House defer further consideration of House Bill No. 55 and that the bill be made a special order of business for 2:00 p. m. tomorrow.

Debate ensued, Representative O'Brien speaking in favor of the motion.

POINT OF ORDER

The Speaker recognized Mr. Goldsworthy on a point of order.

Mr. Goldsworthy:

"Mr. Speaker, the way this amendment reads, does the title of this bill have to be amended?"

The Speaker:

"I think it would."

Further debate ensued, Representative Goldsworthy speaking against the motion.

NOTICE OF RECONSIDERATION

Mr. Bottiger, having voted on the prevailing side, served notice that he would on the next working day move for reconsideration of the vote by which Mr. Cunningham's amendment to House Bill No. 55 had passed the House.

RULING BY THE SPEAKER

The Speaker:

"We have before the House, Mr. Bottiger, a motion by Mr. O'Brien to make this matter a special order of business for 2:00 o'clock tomorrow."

The motion to defer further consideration of House Bill No. 55, and to make the bill a special order of business at 2:00 o'clock tomorrow was carried on a rising vote.

House Bill No. 100, by Representatives Olsen, Kull, and Mast:

Prohibiting use of lie detectors in employment of persons.

House of Representatives,
Olympia, Wash., February 15, 1965.

MR. SPEAKER:

We, a majority of your Committee on Judiciary, to whom was referred House Bill No. 100, prohibiting use of lie detectors in employment of persons, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

Section 1, line 6, after "firm" and before "to" strike "or corporation" and insert "corporation or the state of Washington, its political subdivisions or municipal corporations"

Section 1, line 7, after "employee" and before "to" insert "who is not in the field of public law enforcement, or dispenses narcotics or dangerous drugs, or in a position directly involving national security,"

WILLIAM C. KLEIN, *Chairman*,
R. TED BOTTIGER, *Vice Chairman*.

We concur in this report: James A. Andersen, Jack L. Burtch, Hayes Elder, Gary Grant, Mark Litchman, Daniel G. Marsh, Leonard A. Sawyer, Robert M. Schaefer, Wesley C. Uhlman, Jonathan Whetzel.

The bill was read the second time by sections.

On motion of Mr. Burtch, the committee amendment to section 1, line 6 was adopted.

Mr. Burtch moved adoption of the committee amendment to section 1, line 7.

Debate ensued, Representative Burtch speaking in favor of adoption of the amendment, and Representative Grant speaking against its adoption.

YIELDING TO QUESTION

Mr. Grant:

"Mr. Speaker, will Mr. Andersen (James A.) yield to a question?"

The Speaker:

"Will Mr. Andersen yield?"

Mr. Andersen:

"Yes."

Mr. Grant:

"Mr. Andersen, it states here 'a position directly involving national security'. I would like you to answer as to whether or not this would mean any employee in the defense industry, such as the Boeing Company. Could that happen to be a jitney driver or clerk in some of the stores, jobs of this nature in a national defense industry, or does it specifically or directly involve only those who require top secret clearance?"

Mr. Andersen (James A.):

"Mr. Grant, the consensus in the committee at the time the amendment was put on was this—you will recall the wording was changed to add the word 'directly'. In other words, we wanted to exclude the jitney driver, the riveter, people in that category. At the same time, we did not want to tie the hands of the FBI or the various national law enforcement agencies as concerns people who may be dealing with national defense secrets. I don't know whether you could say appropriately 'top clearance'. You are undoubtedly talking about people who deal very directly with national security problems. This isn't the fellow with the dirty shirt who is bucking rivets or driving a jitney, as far as it was understood or intended by the committee."

Further debate ensued, Representative Witherbee speaking against adoption of the amendment, and Representatives Burtch and Andersen (James A.) speaking for its adoption.

Mr. Canfield moved adoption of the following amendment to the committee amendment to section 1, line 7:

Amend the second amendment by Committee on Judiciary, on line 3 of the mimeographed amendment after "or" and before "dispenses" insert "lawfully"

Debate ensued, Representatives Canfield and Olsen speaking in favor of adoption of the amendment to the amendment.

YIELDING TO QUESTION

Mr. Harris:

"Mr. Speaker, would the sponsor of the bill, Mr. Olsen, yield to question?"

The Speaker:

"Mr. Olsen, do you yield?"

Mr. Olsen:

"Yes, gladly."

Mr. Harris:

"Mr. Olsen, under the wording of this proposed statute, it says: 'It shall be unlawful for any person, firm, or corporation to require any employee . . .' Now, I can visualize a situation like this. In a big department store or warehouse some suspicion arises that a theft is going on and maybe some honest person in that organization might feel he is the one under suspicion. Would it be your opinion that that person could of his own free will and volition and on his own request take the test if he wanted to clear himself?"

Mr. Olsen:

"Well, I think anyone could take a test if he wanted to take it."

Further debate ensued, Representative Burtch speaking against adoption of the amendment to the committee amendment, and Representatives Canfield, Epton, and O'Donnell commenting on the wording of the committee amendment.

MOTION

On motion of Mr. Olsen, the House deferred further consideration of House Bill No. 100, and the bill was made a special order of business at 2:15 p. m. tomorrow.

House Bill No. 381, by Representatives Berentson, McDougall, and Bozarth: Prohibiting unfair trade practices with respect to agricultural products.

MOTION

On motion of Mr. Burtch, Substitute House Bill No. 381 was substituted for House Bill No. 381 and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 381 was read the second time by sections and passed to Committee on Rules and Order for third reading.

Providing Tacoma Narrows bridge be toll free upon retirement of bonded indebtedness.

On motion of Mr. Burtch, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 33 was placed on final passage.

Debate ensued, Representatives Sheridan, Humiston, Gallagher, Rogers, Huntley, Savage, and Bottiger speaking in favor of passage of the bill, and Representative Klein commenting thereon.

The Clerk called the roll on the final passage of Engrossed House Bill No. 33, and the bill passed the House by the following vote: Yeas, 96; nays, 0; absent or not voting, 3.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Angevine, Avey, Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Braun, Brouillet, Burtch, Canfield, Chatalas, Clark, Conner, Copeland, Cunningham, Day, DeJarnatt, Dootson, Elder, Eldridge, Epton, Flanagan, Gallagher, Garrett, Goldsworthy, Gorton, Grant, Harris, Hawley, Hood, Humiston, Huntley, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Juelling, Kalich, King (Chet), King (Richard "Dick"), Kink, Kirk, Klein, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, May, McCaffree, McCormick, McDougall, Moon, Moos, Morris, Newhouse, Newschwander, O'Brien, O'Dell, O'Donnell, Olsen, Perry, Pierre, Pritchard, Radcliffe, Rogers, Saling, Savage, Sawyer, Sheridan, Slagle, Smith, Swayze, Taplin, Taylor, Thompson, Traylor, Uhlman, Valle, Wang, Warnke, Whetzel, Witherbee, Wolf, Mr. Speaker—96.

Those absent or not voting were: Representatives Backstrom, Haussler, Kull—3.

There being no objection, the title of the bill was ordered to stand as the title of the act.

Engrossed House Bill No. 337, by Representatives Day, Marzano, King (Chet), O'Donnell, Backstrom, May, Elder, Traylor, Perry, and Grant:

Providing medical aid contracts under industrial insurance must provide a standard of service equal to that provided by the department.

On motion of Mr. Burtch, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 337 was placed on final passage.

Debate ensued, Representative Day speaking in favor of passage of the bill and Representative Adams speaking against its passage.

YIELDING TO QUESTION

Mr. May:

"Mr. Speaker, will Dr. Adams yield to question?"

The Speaker:

"Dr. Adams?"

Mr. Adams:

"Yes, I will try to."

Mr. May:

"Just a few minutes ago, you made a remark about special interests that I resented very much. Aren't you trying to protect a special interest now, Dr. Adams?"

Mr. Adams:

"I would advise you I have no special interest in this. I have not practiced medicine since October of 1955."

Further debate ensued, Representative Day speaking for passage of the bill and Representative Humiston speaking against its passage.

The Clerk called the roll on the final passage of Engrossed House Bill No. 337, and the bill passed the House by the following vote: Yeas, 65; nays, 28; absent or not voting, 6.

Those voting yea were: Representatives Andersen (James A.), Anderson (Eric O.), Angevine, Backstrom, Beck, Berentson, Bergh, Bottiger, Bozarth, Brouillet, Burtch, Chatalas, Conner, Day, DeJarnatt, Dootson, Elder, Flanagan, Gallagher, Garrett, Gorton, Grant, Haussler, Hawley, Hood, Hurley, Johnson (Doris), Jolly, Juelling, Kalich, King (Chet), King (Richard "Dick"), Kink, Leland, Litchman, Mahaffey, Marsh, Marzano, Mast, May, McCaffree, McCormick, McDougall, Moos, Newschwander, O'Dell, O'Donnell, Olsen, Perry, Pierre, Radcliffe, Rogers, Savage, Sawyer, Sheridan, Smith, Taplin, Taylor, Thompson, Traylor, Uhlman, Wang, Warnke, Witherbee, Mr. Speaker—65.

Those voting nay were: Representatives Adams, Avey, Bledsoe, Brachtenbach, Canfield, Clark, Copeland, Cunningham, Eldridge, Epton, Goldsworthy, Harris, Humiston, Jastad, Johnston (Elmer E.), Kirk, Klein, Kull, Lux, Lynch, Moon, Newhouse, Pritchard, Saling, Slagle, Valle, Whetzel, Wolf—28.

Those absent or not voting were: Representatives Ahlquist, Braun, Huntley, Morphis, O'Brien, Swayze—6.

Engrossed House Bill No. 337, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Olsen on a point of personal privilege.

Mr. Olsen:

"Mr. Speaker, the cigars and candy that have been passed out amongst the members are in appreciation of the favorable vote given me on House Bill No. 38 last night, the sports stadium, ninety-six to nothing. I appreciate it very much."

The House resumed consideration of Reengrossed House Joint Resolution No. 25 on third reading.

Reengrossed House Joint Resolution No. 25, by Representatives Burtch, Dootson, Rogers, Gorton, and Wolf:

Establishing constitutional reapportionment procedure.

On motion of Mr. Burtch, the rules were suspended, the second reading considered the third, and Reengrossed House Joint Resolution No. 25 was placed on final passage.

Debate ensued, Representative Burtch speaking in favor of passage of the resolution.

YIELDING TO QUESTION

Mr. Avey:

"Mr. Speaker, could I ask Mr. Burtch two questions?"

The Speaker:

"Will Mr. Burtch yield?"

Mr. Burtch:

"Certainly."

Mr. Avey:

"Mr. Burtch, how much will we pay the commission to do this job for us?"

Mr. Burtch:

"The commission will actually not be paid anything. They will be reimbursed for travel and subsistence and for clerical and technical professional aid. Actually this amendment provides that the attorney general and the secretary of state shall render such assistance as may be necessary. I assume that the technical and professional aid would come mostly from those two different governmental officers."

Mr. Avey:

"Thank you, Mr. Burtch. How long will we give the commission to do the job if we can't do it?"

Mr. Burtch:

"They have 180 days to do it. I know your next question. What if they don't do it in 180 days? I don't think there is going to be a problem there."

YIELDING TO QUESTION

Mr. Smith:

"Mr. Speaker, will Mr. Burtch yield to another couple of questions?"

The Speaker:

"Mr. Burtch, do you yield?"

Mr. Burtch:

"Yes."

Mr. Smith:

"Mr. Burtch, I notice there is a reference in this proposed constitutional amendment to taxpayers challenging the validity of that particular act. I would like to know if there is anything in the bill that would prevent, say, ninety-nine taxpayers from making separate challenges at different times? Would just one challenge be final?"

Mr. Burtch:

"Well, I am sure that if one challenge is made and the supreme court rules on the redistricting plan that has been proposed or accepted by the commission as constitutional that it is going to be a binding decision."

Mr. Smith:

"I think you misinterpreted my question. For example, one person could challenge on one particular phase, another person on another, another on another, and so on down the line. It could be done, couldn't it, Mr. Burtch?"

Mr. Burtch:

"This is possible on any kind of legislation we pass."

Further debate ensued, Representative Smith speaking against passage of the resolution.

YIELDING TO QUESTION

Mrs. Valle:

"Mr. Speaker, will Mr. Burtch yield to question?"

The Speaker:

"Mr. Burtch?"

Mr. Burtch:

"Yes."

Mrs. Valle:

"I'd like to ask a question. You have an amendment here that says: '. . . if a single legislative district shall be allotted one more representative than any other legislative district, that legislative district shall contain a greater population than any other legislative district, but not more than thirty-five percent in excess of the mean.' Should the commission rule that this district could have thirty-five percent of the maximum population? It seems to me that this would throw the entire state off, particularly on the Senate side, in representation. He would, in other words, under-represent the people therein. Should not that percentage be fifteen percent?"

Mr. Burtch:

"Well, I will try to answer if I can. That was worked out by a formula where we take one Senator and two Representatives, giving a weighted value to the Senator of two Representatives. That would equal four. Then one Senator and three Representatives would equal five. Five is twenty-five percent more representation than four, and with the ten percent allowance, that would mean thirty-five percent. That is how we arrived at this particular figure. It may not be perfect, but this is the way it was arrived at."

YIELDING TO QUESTION

Mrs. Valle:

"Mr. Speaker, may I ask a question of Mr. Grant?"

The Speaker:

"Does Mr. Grant yield?"

Mr. Grant:

"I will."

Mrs. Valle:

"I am wondering about the recent redistricting bill that was just passed and the three-member districts and the maximums there. Did we not resort to the fifteen percent at that time?"

Mr. Grant:

"I will try to answer that. I think it did exceed the fifteen percent by a small percentage amount."

Further debate ensued, Representatives Dootson, Mahaffey, Brouillet, Valle, and Bottiger speaking in favor of passage of the resolution, and Representatives Witherbee and Morphis speaking against its adoption.

Mr. Juelling demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Reengrossed House Joint Resolution No. 25, and the resolution passed the House by the following vote: Yeas, 72; nays, 27; absent or not voting, 0.

Those voting yea were: Representatives Adams, Ahlquist, Andersen (James A.), Anderson (Eric O.), Beck, Berentson, Bergh, Bledsoe, Bottiger, Bozarth, Brachtenbach, Brouillet, Burtch, Canfield, Chatalas, Clark, Conner, Copeland, Cunningham, DeJarnatt, Dootson, Eldridge, Epton, Flanagan, Gallagher, Garrett, Goldsworthy, Gorton, Harris, Haussler, Hawley, Hood, Humiston, Huntley, Johnson (Doris), Johnston (Elmer E.), Jolly, Juelling, Kalich, King (Richard "Dick"), Kirk, Klein, Leland, Litchman, Lux, Lynch, Mahaffey, Marsh, Marzano, Mast, McCaffree, McDougall, Moos, Newhouse, Newschwander, O'Brien, O'Dell, Olsen, Perry, Pritchard, Radcliffe, Rogers, Saling, Swayze, Taylor, Thompson, Uhlman, Valle, Wang, Whetzel, Wolf, Mr. Speaker—72.

"Yes, I will yield to question."

Mr. Hood:

"Dr. Moon, it seems to me that your amendment states exactly what the bill states. Are we doing this twice if we adopt your amendment?"

Mr. Moon:

"No, I don't think so. That is not my interpretation of this. My interpretation is that as presently written the statute would allow the institutions to receive either surplus butter or surplus butter substitutes. Now, this amendment of mine will allow the institutions to receive butter substitutes only at such times as there is not a butter surplus, and this, I think, is in the interests of the dairymen of this state, rather than the interests of soybean raisers or other plant products from which oleomargarine and other butter substitutes are made."

Because of the particular strain endured by Representatives Witherbee and Grant in voting for this bill, the pages are about to present them with a special token of gratitude, a cigar the size of which matches the degree of generosity which they displayed."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Witherbee on a point of personal privilege.

Mr. Uhlman:

"Yes."

Mr. Sawyer:

Mr. Uhlman:

"Yes. I am not absolutely certain of the effect of this last increase that was granted by Governor Evans, but it has been \$12,500 and I believe it is now \$13,500. Perhaps someone more conversant with that can answer from the other side of the aisle. The Assistant Army Adjutant General is now receiving \$10,704; the Assistant Adjutant General for the Air Guard is receiving \$9,372. The Adjutant General under this bill will receive \$16,200; the Assistant Adjutant General for the Army \$14,100; the Assistant Adjutant General for the Air Guard, \$14,100."

House Bill No. 43, by Representatives Litchman, Witherbee, and Bottiger: Requiring certain adults to agree to be jointly and severally liable with certain minors who apply for a driver's license.

On page 1, section 1, line 14, after "state" and before the period, insert "": *Provided*, That upon showing of proof of emancipation an emancipated minor who complies with chapter 46.29 RCW is exempt from the provisions hereof"

On page 3, section 4, beginning on line 12, strike the entire section and renumber Sec. 5 to read "Sec. 4."

WILLIAM C. KLEIN, *Chairman*,
R. TED BOTTIGER, *Vice Chairman*.

We concur in this report: Jack L. Burtch, Hayes Elder, Slade Gorton, Gary Grant, Elmer E. Johnston, Mark Litchman, Daniel G. Marsh, Robert W. O'Dell, Robert M. Schaefer, Wesley C. Uhlman, Jonathan Whetzel.

MOTION

On motion of Mrs. Hurley, the House deferred further consideration of House Bill No. 43, and the bill was ordered held for Saturday's second reading calendar.

The House resumed consideration of Engrossed Second Substitute Senate Bill No. 34 on second reading.

Engrossed Second Substitute Senate Bill No. 34, by Committee on State Government and Veterans' Affairs:

Providing for promotion and development of nuclear industry through new division of department of commerce and economic development.

The bill was read the second time by sections.

Mr. Klein moved adoption of the following amendment:

Amend the Senate amendment to page 4, section 5 (1), line 8; on line 3 of the mimeographed amendment after "authorize the" and before "to acquire" strike "state" and insert "department of commerce and economic development"

Debate ensued, Representative Klein speaking in favor of adoption of the amendment and Representative Witherbee speaking against its adoption.

Mr. Copeland:

"Mr. Speaker, ladies and gentlemen of the House, the course and effect of Mr. Klein's amendment would probably put the state of Washington in some very, very severe trouble, because of the fact that other departments and agencies of the state would then be authorized, or at least would have implied authorization, to get into a position of competing or being in direct competition to other organizations or persons involving nuclear facilities. Now, we are talking about such things as trying to attract industries into our state. This is not going to attract industries into our

state to develop new nuclear energy facilities if we hold over them the club that the state may be going into competition by striking 'state' and inserting 'department of commerce and economic development' and saying that one small part of the state cannot go into competition. I urge that this particular amendment is not in the general interest of overall planning of the state. I sincerely hope you will vote it down."

Mr. Jolly:

"Mr. Speaker, speaking in opposition to Mr. Klein's amendment, I think the bill as written is satisfactory. As Mr. Witherbee stated, we had several meetings on this, long meetings, and we discussed every aspect of this bill. Our intention was that the state of Washington should not be in competition to private industry. We also had a long discussion on section 9. It was put in to protect the political subdivisions; it just says how far this act shall take away any power of the political subdivisions of the state of Washington not established under any other law. I think all the political subdivisions are protected. I can't see any use for the amendment. I hope you vote it down."

YIELDING TO QUESTION

Mr. Bottiger:

"Mr. Speaker, ladies and gentlemen of the House, one of the methods we have available to us of providing for the interpretation of statutes is by asking a question and receiving a reply and having that stated for the record or in the journal of this House. For that reason, I would like to ask Mr. Copeland to yield to question."

The Speaker:

"Mr. Copeland, will you yield to question?"

Mr. Copeland:

"I will yield to question."

Mr. Bottiger:

"Mr. Copeland, is it your understanding that it is the purpose and the intent of the amendment under consideration that it would not prohibit a political subdivision such as a PUD or Tacoma or Seattle City Light from constructing an atomic or nuclear generator for the purpose of providing, say, electrical energy?"

Mr. Copeland:

"Mr. Bottiger, I am not going to make any comment with regard to what the legal interpretation might be. I will point out again that I think it is highly unfair to establish a statute at this time to allow or encourage private enterprise to come in to do a job and have this particular proviso hanging over their head. Now, this is a very complicated area. Many people and many industries as well as state government are involved and this was arrived at on a wonderful compromise basis. I think we have a vehicle here under which the state of Washington can develop their nuclear energy, but if we tamper with it at this particular time, I think we are destroying the intent of it. This is why I call it to your attention. I urge you to really consider this possibility. Now, at a later time, if a local PUD ever gets into a position of wanting to build some kind of nuclear reactor, or even private power or some other political subdivision, I think it is only right they come down and enter a request for a specific authorization, but I think it is completely erroneous for us to grant this blank authority at this time. After all, this body is in session once every two years. These things won't be developed in the next two years. This is long-range planning. Let's not destroy the opportunity of private enterprise to come in and do a wonderful job."

Mr. Witherbee:

"Mr. Speaker, I'd like to answer directly to Representative Bottiger's question. This was checked with the attorney general's office. One of the assistant attorneys general sat in at all the negotiations all the time and helped. In fact, with the department, he drafted the bill. This bill does not preclude a public power generative plant, such as you discussed, from being built. It is allowed under this act. This act merely says that the thing is to be done by bid; in other words, by competition. They would be in the same position as private industry would be. They would bid on the various projects and this is the way they would get into the act."

Mr. Klein:

"Mr. Speaker, ladies and gentlemen of the House, I first want to comment upon Mr. Bottiger's question to Mr. Copeland, which I thought was a fair one. Mr. Copeland responded that he didn't wish to give any legal interpretations of it and yet that was precisely what Mr. Copeland was doing in the first instance in speaking on it. Now, if Mr. Copeland also responded that the proviso is a fine proviso that we shouldn't—well, excuse me; I can't remember precisely how he did put it. He spoke as though the proviso were part of the law right now. The proviso is not part of the law right now and I am just simply attempting to preserve the law as it is right now. As we have said, the act came about solely to make something a little more clear which at that time the court thought was not clear; that is, that the department would have the power to sublease some land over in the central southeastern portion of the state. Now, that is all this bill was intended to do. There is much that can appear in the record in that regard. I suggest the bill, Mr. Copeland, as your comments would indicate, is doing something much beyond that. I don't frankly know whether there is any authority under any of the state statutes for anybody to engage in this type of activity other than this department. I doubt that any lawyer here is prepared to give a legal opinion on it; and so I simply want to make this bill be just what the colors are it is flying under and not something else.

"I think it is significant to note, and this body should note, that a while ago when I asked this be put over until tomorrow's second reading calendar, we had a lot of opposition to holding it over and insistence that it was terribly important that we must do it right now. So we got together after the bill was held for the bottom of the second calendar, and we had in the lawyers involved, the departmental lawyer, the director of the department, Mr. Witherbee, and an attorney who normally represents some public power groups. At that time, I asked any of the lawyers there whether they would be willing to sign an opinion right now on behalf of bond buyers that if somebody, for example a PUD or a city, wanted to invest some money in one of these things, they could with safety go ahead and buy them; and they would not. They see the issue that this proviso clouds it all up. Now, at that time Mr. Witherbee agreed with me on the amendment. The amendment was written in a simple manner. First we said 'director' for 'state' and then we realized that in order to be grammatically clear we should say 'department of commerce and economic development'. Mr. Witherbee signed the amendment. The amendment went up on the desk. Then somebody from AWI started cracking the whip around here . . ."

POINT OF ORDER

Mr. Witherbee:

"Mr. Speaker."

Mr. Klein:

"There were phone calls . . ."

The Speaker:

"The gentleman from King, Mr. Witherbee."

Mr. Witherbee:

"I think Mr. Klein is entirely out of order. I don't take my orders from AWI or even from Mr. Klein and I resent this very much."

The Speaker:

"I think we should refrain from impugning the motives of any member concerning this."

Mr. Klein:

"Mr. Speaker, I don't intend to impugn the motives of any member of this House. I want to report the facts of life to this House as to what happens and as to the power of some of the private lobbyists around here. They admit to me all the time here in the hall that certainly this was all that was intended, the department of commerce and economic development, so this should be fine, but yet they are afraid that it may stall the bill on its way. Ladies and gentlemen, you know we can push this bill through third reading as we have these other things. The Senate doesn't have to send it to committee. It is a simple matter of concurrence as to whether they agree

to substituting the term 'department of commerce and economic development'. The bill could even be signed that night, if it is that important. I suggest to you it is obvious there is something far beyond that involved in the importance of this. No one of these gentlemen, nor Mr. Witherbee, will be willing to state to you that this bill was designed to do anything other than clear up the power of the department of commerce and economic development. That is all that I ask, that this bill fly under that flag. I hope that you will join in this amendment."

Mr. Eldridge:

"Mr. Speaker, ladies and gentlemen of the House, I want to compliment Representative Witherbee and Representatives Jolly and Johnson. It seems to me that they have done a real fine service to both the committee and the members of this House in getting the parties together and presenting this original House Bill No. 500, and as I understand the answer to my question of Mr. Witherbee this morning, this substitute Senate bill is exactly the same. I rise to oppose this amendment by Mr. Klein."

Mr. Bottiger:

"Mr. Speaker, ladies and gentlemen of the House, a moment ago I asked for a statement of the intent, or the opinion of this body, as to the effect of this particular amendment to the statute, and I did not get that from the person of whom I asked the opinion. Now, the problem we have here, as I see it, is that we are going to have a law suit if we pass the bill the way it is, and the question of that law suit is going to be whether it was the intent of the legislature in adopting this specific amendment that Mr. Klein is now trying to have adopted to preclude public power bodies from engaging in development of nuclear energy for consumer use. I don't think that is the intent and I think we have an expression of opinion. I don't think it is the intent. It is not in the title of the act; it is not what the act is about. We have section 9 and we can clear the whole thing up, it seems to me, if the vote indicated that the intent of this legislature is not to make this a private power reserve. Now, there are a lot of us here from counties that have substantial public power facilities; Tacoma City Light, Seattle City Light, Snohomish PUD, Grant County PUD. It may very well be that in the very near future the development of atomic energy for production of electricity will be feasible. Are we here now proceeding to exclude them then from engaging in this kind of manufacture? That is the question I was directing to Mr. Copeland. Is that our intent? If it is not, let's say so and pass the bill as it is. Mr. Klein's amendment is not needed."

Mr. Perry:

"Mr. Speaker, ladies and gentlemen of the House, this is a rare, rare occasion when Mr. Billington and some of the private power people and the industry people and the labor people have agreed upon a bill. Now we find only Mr. Klein, it seems, to be in dissent. That is his privilege and his prerogative. I respect him for it, but we have in the short time I have been down here, some four terms, very rarely ever seen anything like we have here in this degree of unanimity. Now, this is still the American system and Mr. Klein sees fit to dissent, but we are taking up a lot of valuable time and I think if we brought this question to a vote now, we might find out everybody else does have a degree of interest in this and that it has been worked out."

Mr. Moon:

"Thank you, Mr. Speaker. Of course, I am concerned about this PUD and public power question, but my concern goes even further than that. My concern is whether or not this might possibly prevent our institutions of higher learning, the University of Washington and also Washington State University, from obtaining or acquiring any nuclear facilities, and I certainly hope it doesn't. I would wish that somebody, some attorney here or someone, would give an opinion as to whether or not this does this."

Mr. Witherbee:

"Mr. Speaker, ladies and gentlemen of the House, directing myself first to Mr. Moon's question, this was a matter of discussion in the committee and in the meetings we had, and this does not preclude the institutions of higher learning from participating in this program. It doesn't preclude any nonprofit organization. Directing myself to

Mr. Bottiger's question, it is not the intent of the act and this act does not preclude the participation of public power in this program."

Mr. Grant demanded the previous question, and the demand was sustained.

Mr. Klein demanded an electric roll call, and the demand was sustained.

The Clerk called the roll on the amendment by Mr. Klein to Engrossed Second Substitute Senate Bill No. 34, and the motion was lost, and the amendment not adopted by the following vote: Yeas, 22; nays, 70; absent or not voting, 7.

Those voting yea were: Representatives Anderson (Eric O.), Bottiger, Burtch, DeJarnatt, Elder, Epton, Grant, Haussler, Kalich, King (Richard "Dick"), Klein, Litchman, Marsh, Marzano, Moon, Radcliffe, Savage, Sheridan, Thompson, Uhlman, Valle, Mr. Speaker—22.

Those voting nay were: Representatives Ahlquist, Andersen (James A.), Angevine, Avey, Backstrom, Beck, Berentson, Bergh, Bledsoe, Bozarth, Brachtenbach, Braun, Brouillet, Canfield, Chatalas, Clark, Copeland, Cunningham, Day, Dootson, Eldridge, Flanagan, Gallagher, Garrett, Goldsworthy, Gorton, Harris, Hawley, Humiston, Huntley, Hurley, Jastad, Johnson (Doris), Johnston (Elmer E.), Jolly, Juelling, King (Chet), Kink, Kirk, Kull, Leland, Lynch, Mahaffey, Mast, McDougall, Moos, Morphis, Newhouse, Newschwander, O'Brien, O'Dell, O'Donnell, Olsen, Perry, Pierre, Pritchard, Rogers, Saling, Sawyer, Slagle, Smith, Swayze, Taplin, Taylor, Traylor, Wang, Warnke, Whetzel, Witherbee, Wolf—70.

Those absent or not voting were: Representatives Adams, Conner, Hood, Lux, May, McCaffree, McCormick—7.

Mr. Bottiger:

"Mr. Speaker, I am not sure of the appropriate way to do this, but I request that this discussion be spread in the journal for whatever benefit it might give the court at a future date."

The Speaker:

"The whole discussion of this particular bill will be inserted in the Journal."

PERSONAL PRIVILEGE

Mr. Uhlman:

"Mr. Speaker, I would like to speak. I don't know on what purpose or under what order."

The Speaker:

"Do you rise on a point of personal privilege?"

Mr. Uhlman:

"Perhaps a point of personal privilege. I just had a telephone contact with the University of Washington. This is the second substitute bill and they have a question concerning this amendment that has been added as to their status. If the sponsors of the bill would permit a small delay, I would like to prepare a very brief amendment specifically excluding institutions of higher learning from this proviso on this amendment."

Mr. Witherbee:

"Mr. Speaker, we have no objection to this, but I would like to urge to the members of the House that this bill is of importance to the state of Washington. Every day we delay this thing is costing the state money in new industry."

Mr. Uhlman:

"Mr. Speaker, I don't want to delay this bill. It is not my intention. My intention is to protect the excellent facilities and future expansion of the University of Washington in this area. The University of Washington at the present time has the largest

facilities in the state of Washington. It is the largest present nuclear business in the state of Washington and of course it is the key to the heart of this whole program. I think it is doubly important we protect the university's role in the acquisition of facilities under this act."

MOTION

On motion of Mr. Witherbee, the House deferred further consideration of Engrossed Second Substitute Senate Bill No. 34 on second reading, and the bill was made a special order of business at 4:20 p. m. today.

The Speaker called on Mr. Garrett to preside.

Engrossed Second Substitute Senate Bill No. 34, by Committee on State Government and Veterans' Affairs:

Providing for promotion and development of nuclear industry through new division of department of commerce and economic development.

YIELDING TO QUESTION

Mr. Witherbee:

"Mr. Speaker, ladies and gentlemen of the House, we have worked out an amendment with Mr. Uhlman. With the permission of the Speaker, I would ask if Mr. Copeland would yield to question?"

The Speaker:

"Mr. Copeland, will you yield to question?"

Mr. Copeland:

"I will make every attempt to."

Mr. Witherbee:

"Mr. Copeland, the question was asked a while back on this bill as to whether it precluded public power from participating in this program. Could you answer that directly for us, please?"

Mr. Copeland:

"I think the act in itself and the title in itself indicate they certainly may have the opportunity to go ahead and participate, but by the same token, I think there are built into this some safeguards to prevent any type of runaway entrance into this sensitive field. Let's put everything in proper perspective and understand that in no way, shape or form are we trying to preclude private or public bodies or even institutions from becoming involved in the many facets of nuclear energy. Now, I know the University of Washington and Washington State University are independent in this field and have been for some time and will continue to be and to so operate in various phases. I think the main attempt of the amendment Mr. Klein was trying to add altered the competitive aspects. I think it is an excellent bill in its present form. I hope I have answered your question."

YIELDING TO QUESTION

Mr. Clark:

"May I address a question to Mr. Witherbee?"

The Speaker:

"Will you yield, Mr. Witherbee?"

Mr. Witherbee:

"Yes, I yield."

Mr. Clark:

"Is it your understanding, referring to the amendment of the Senate on page 4, line 8, that in the event the universities of this state would engage in competition with organizations or private persons—would it be so construed if they did research work, if they established scientific facilities and instructors and aided in this work, participating with state money appropriated to them, that they would be barred from doing so?"

Mr. Witherbee:

"No. I do not feel that the university would be precluded from doing this. This was discussed quite thoroughly. However, Mr. Uhlman has an amendment which we

have reluctantly agreed to go along with in order to protect the institutions of higher learning specifically. I think this will completely clear up the situation. Neither private industry nor public industry that is in this field has any desire to exclude the institutions from participating."

Mr. Uhlman moved adoption of the following amendment to Engrossed Second Substitute Senate Bill No. 34:

On page 7, section 9, line 3, after "act" and before the period insert ": *Provided*, That no provision of this act shall in any manner impair the right of any institution of higher learning from acquiring nuclear facilities or property"

The Speaker called for remarks.

Mr. Uhlman:

"If any other lawyer would like to improve this amendment, I would be more than happy to have him do so. I don't have any intention of picking on this bill, but this is a serious thing which could affect a very large segment of our university. All I am doing is closing a potential loophole. I think it is a serious thing; there is a question as to what would be engaging in competition. Those who have been at all involved with the university hospital, as I have been over the past four bienniums, know there is a serious question as to whether it is engaging in competition with private industry. Some of the doctors and many persons feel the university, being involved in the hospital business, is engaging in competition with private industry. This is a question that can always be raised, I think. With a very simple, brief amendment, which will not in any way hold up this bill, we can set our minds at ease and protect the University of Washington and Washington State in future developments in this area in research from any future problems. I think we will go a long way with this simple amendment."

YIELDING TO QUESTION

Mr. Clark:

"Mr. Uhlman, not having your amendment before us, just having it read, which provides just a couple of items, would you have any objection to including instruction and research?"

Mr. Uhlman:

"None whatsoever. The only reason I didn't include it was that this specific proviso, this amendment, provided only to the acquisition of nuclear facilities or property. That is what I was principally worried about, because of the specific exclusion in that amendment. I would be happy to amend my amendment and if somebody would move that, I would be happy to support it."

Mr. Clark moved that the following amendment to the amendment by Mr. Uhlman be adopted:

Amend the amendment by Mr. Uhlman to Engrossed Second Substitute Senate Bill No. 34, on the last line after "property" insert "for instruction and research"

The Speaker called for remarks.

Mr. Copeland:

"Mr. Speaker, I would commend to the members of the legislature that they read page 3, the very last line. 'The director of commerce and economic development through the division of nuclear energy development, known as the office of nuclear energy development, shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:'. Then drop down to subparagraph 3. 'Enter into contracts with state and private institutions . . .'—I will reiterate; state institutions—. . . within the state for the carrying out of basic research in such use of nuclear energy as may be helpful to the economic development of the state.' I think this is the best language possible. The thing you are doing is saying that certainly the institutions have the right and prerogative to become involved, but by the same token they will also be under the direction of the department of commerce and economic development. I think you have to have some legal authority for this. The force and effect of Mr. Uhlman's amendment is that notwithstanding the provision of law, any institution may enter into the nuclear energy field in all its various aspects. I urge that Mr. Uhlman's amendment and Mr. Clark's amendment to the amendment,

as well meaning as they may be, are completely unnecessary, and I think that the language contained in subparagraph 3 on page 4 is excellent language and should be left intact."

Mr. Uhlman:

"Mr. Speaker, I was aware of and familiar with this, but I would call Representative Copeland's attention to the proviso here which specifically prohibits the acquisition of nuclear facilities or property. This has nothing at all to do with subparagraph 3 on entering into contracts for carrying out of basic research. The general grant of power would be the equivalent of subparagraph 3 that Representative Copeland has just read to the House. However, the specific reservation of power would be in the proviso and would, of course, control, and this is actually irrelevant to the purpose of my amendment, which deals directly with the specific reservation."

Mr. Klein:

"Mr. Speaker, ladies and gentlemen, I would wonder from Mr. Copeland's remarks whether it is the intention that the University of Washington and Washington State University must carry out any and all activities that they have in this field under contracts that they work out with the department of commerce and economic development. I doubt very much that that is Mr. Copeland's intention but that is what I take his remarks to specifically be."

Mr. Witherbee:

"Mr. Speaker, ladies and gentlemen of this House, in case there is some misunderstanding, I would just like to point out to you that the state will acquire these facilities and become the leasing agent and these properties over there and the nuclear facilities have to come to the state first. This is the only way the federal government will allow us to acquire them, so the state has to become the agent, and I think it actually does cover the university and college. But if Mr. Uhlman feels they are excluded and this amendment is necessary, I have no objection. Incidentally, the director of commerce and economic development is waiting for this bill to pass today so he can immediately enter into negotiations on a very large private industry contract. In fact, as soon as the bill is passed and signed, he will be leaving on an airplane to go back east and start negotiations."

Mr. Copeland:

"Mr. Speaker, ladies and gentlemen of the House, and Mr. Klein, please don't misunderstand me. I am not making any attempt to deny the University of Washington and Washington State University anything. I think this is also covered suitably in section 9. Section 9 of the bill provides that this act shall be cumulative and shall not supersede any powers or rights of any political subdivision of the state under any other law. Now, we have already provided for the University of Washington and Washington State University in certain acts allowing them to enter into certain fields. Now, my only hope and desire here is that we stay with this measure as it is at the present time; that is all of the true intent and meaning behind this particular endeavor. Now, if we change our course and begin to get very specific on this and enumerate everything before we adopt this into law, I think we are probably embarking on a long, tedious procedure. I don't think we should attempt to rewrite the bill at this time. Obviously this bill is a compromise arrived at among all the people involved. I urgently request that you consider the relevancy and validity of amending this in any way, shape or form."

Mr. Johnston (Elmer E.):

"Thank you, Mr. Speaker. I want to follow Mr. Copeland and suggest this: In my reading of this bill, ladies and gentlemen, it seems to me that the committee has very carefully considered this question we have on this amendment and in subsection 3 on page 4 and again in the last section, section 9, it seems to me the whole question of the power of the university to continue to engage in research and instruction in this great, tremendous area is well preserved. It might be almost folly for us, because of a hurried telephone call, to slap an amendment on this precious bill that has been carefully considered now for a month. I think we should be very, very careful about it and I don't think it is necessary and I feel we should vote the amendment down and go along with the bill as it is."

Mr. Uhlman:

"Mr. Speaker, speaking directly to the last two speakers, first of all, section 9 does not cover this. If you read section 9 carefully, it says any time, under existing contracts, renewals thereof or supplements thereto; this is all section 9 covers. It doesn't cover any additional contracts or new program. It simply doesn't cover that. Now, I would like to express my very deepest regrets to the sponsors and many persons who are in favor of this very fine piece of legislation for holding it up for twenty minutes as we have at this time. It is, however, a Senate bill. It is going to become law very shortly with my vote and probably everybody else's. This is the last time we will see this bill before it actually is signed by the governor and becomes law. I would like to ask why it is so essential that we cannot spend one hour, which is all the longer it would take, to transmit this bill back and get it approved by the Senate. I imagine they are in session now. Is it so vital that we cannot add this one simple, crystal-clear, little amendment at the end of the bill, which simply adds that one note of finality that makes absolutely certain that the shadow of doubt is gone? Is one hour going to make that much difference? I don't think it is. I think possibly there are problems involved if we don't that may very well make it disastrous. One hour is all it takes. I am sure Sid Snyder can run back and forth across there much faster than that. I think I have seen Ward Bowden come with that redistricting bill in substantially less time. I don't think there is a serious problem in holding this up. That is not my intention and I sincerely apologize to the sponsors of this bill and its proponents and anybody else in favor of its passage for holding up the bill. It was not my intention to do so. This is the first time I have seen this bill; it's not my field. I have been back in the corner; many of you have been busy with your respective ways. This is simply not that complicated an amendment. It is simply one ounce of prevention that we are talking about, safeguarding and protecting a very important thing for the state, which is the nuclear development in the area of research by our institutions of higher learning. Very shortly Washington State University may want to get involved on an agricultural basis. We are going to be precluding them on anything other than existing contracts or renewals thereof or supplements thereto, and I think we should think long and hard. This is a Senate bill. If it were just a House bill, we could look it over again in the Senate and perhaps take more time. I discussed this with Mr. Thieme on the telephone and he thought perhaps—they weren't sure—but he thought perhaps they might be covered, but again he said there was a serious question. I don't think it is that important that we can't hold this up for just one hour, put this on, get it across and get it back and get it passed, and you can start negotiations first thing in the morning."

Mr. Klein:

"Mr. Speaker, I want to respond to Mr. Copeland's remarks. You will recall that when he read to you the first sentence of section 9, he referred to the very entities that are not disturbed by this. Nowhere therein is there any reference to the University of Washington or Washington State University or any other institution of higher learning. I think it is most important to preserve the rights Mr. Uhlman has mentioned and that we have at least his amendment adopted."

Mrs. Johnson (Doris):

"Thank you, Mr. Speaker. Ladies and gentlemen, I would remind you that this bill is pertaining to the activities of the department of commerce and economic development, and in all deference to you, that this of course does define the general and specific powers of our nuclear energy division of that department."

Mr. Olsen demanded the previous question, and the demand was sustained.

The Speaker declared the question before the House to be the adoption of the amendment by Mr. Clark to the amendment by Mr. Uhlman to En-grossed Second Substitute Senate Bill No. 34.

The motion was carried, and the amendment to the amendment was adopted.

The Speaker declared the question before the House to be adoption of the amendment by Mr. Uhlman as amended.

The amendment as amended was not adopted, on a rising vote.

Mr. Klein moved adoption of the following amendment:

On page 6, section 9, line 30, after "Washington" and before "under" insert "or the department of commerce and economic development"

The Speaker called for remarks.

Mr. Klein:

"Mr. Speaker, my remarks are solely this: That this is the proof of the pudding, that if this bill is solely to authorize or to correct an error or hiatus in the law that the superior court thought existed, then nobody should have any fear of voting for this amendment. It just simply provides the department has the power, which they have had right along plus whatever is in this bill. I think it is a good amendment and I think it really is, as I say, the proof of the pudding. Otherwise I am very wary of this bill and what it may be taken to mean."

Mr. Witherbee:

"Mr. Speaker, ladies and gentlemen of the House, speaking against the amendment, I thought it was pretty well agreed by the House when we held this over we were only going to operate with the one amendment that Mr. Uhlman presented, and I kept faith with Mr. Uhlman in supporting his amendment. However, on this one I have to speak against it. This new section 9 is taken out of the joint operating law. It was put in there specifically at the request of the PUD's of this state. The reason it was put in there was that it gives protection they presently have. They don't need any more. This is just cluttering it up real good. There is an attempt going on here to kill this bill."

Mr. Klein:

"I simply want to assure you, Mr. Witherbee, there is no attempt to kill this bill. I simply want to have it fly under the colors it has had and that it has been sold under. That amendment doesn't have anything to do with PUD's. It simply reinserts the powers of the department as they may exist at the present time."

Mr. Johnston (Elmer E.) demanded the previous question, and the demand was sustained.

The Speaker declared the question before the House to be adoption of the amendment by Mr. Klein on page 6.

The motion was lost, and the amendment was not adopted.

On motion of Mr. Burch, the rules were suspended, Engrossed Second Substitute Senate Bill No. 34 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued, as follows:

Mr. Jolly:

"Mr. Speaker, speaking for the passage, ladies and gentlemen of the House, I don't think there is too much use in saying much on this bill. It has been pretty thoroughly discussed in the preceding arguments, but if you will remember back to January 18, Representative Johnson, Senator McCormack, and I tried to put on a nuclear energy day here at this legislature and we attempted to inform the legislators of the magnitude of this act. The main purpose of this nuclear energy act is to put the department of commerce and economic development into conformity with the law so they can lease this thousand acres of land that they had, the atomic energy plant, for private development. It will be mostly for the burial grounds of nuclear waste. As far as I know, there are only two places in the United States at the present time where this can be done. One of them is in Nevada and the other is in Kentucky. All of the wastes of the atomic plant at Hanford at the present time either has to be shipped to Nevada or Kentucky. It's expensive and this bill will put the state of Washington so they can be in agreement with the atomic energy commission and we can enter into this contract and do it legally. We entered into a contract in September, 1964, but the supreme court over here declared we didn't have the authority, and this bill will give us that authority. We hope you will pass this measure and get it on the way."

Mrs. Johnson (Doris):

"Mr. Speaker, ladies and gentlemen, I too concur with the remarks by Representative Jolly. I would remind you that this is a tremendous and far-sighted piece of legislation which we are passing for the state of Washington today. Undoubtedly you realize that we are only entering the field of nuclear industrial development in the state of Washington. This is enabling legislation. It will permit this industry to grow in our state and even as the director told us today, next year or two years from now, you might be working with a different kind of nuclear energy. I urge your passage of this legislation today."

Mr. Grant demanded the previous question, and the demand was sustained.

The Clerk called the roll on the final passage of Engrossed Second Substitute Senate Bill No. 34, and the bill passed the House by the following vote: Yeas, 94; nays, 1; absent or not voting, 4.

The Speaker:

"Mr. Kull, will you yield to question?"

Mr. Kull:

"Yes."

Mr. Brachtenbach:

"Representative Kull, I notice that the law allows the use of 'coyote getters,' with which I am not familiar, and spring-triggered shell devices. Is this some sort of device that explodes a shell on these animals? My concern, of course, would be with the danger to any human beings or other animals. Is there any such danger?"

Mr. Kull:

"No, it has been changed and improved now. It did expel through powder a cyanide capsule. This is now changed to a spring-expelled capsule. The only possible way to get a cyanide capsule in the mouth is by the rotten meat bait. That is used for coyotes, yes, but it is not used during hunting. That use is in cooperation with the game and agricultural departments, and the approval of the owner of the land involved is gained before it is used. This has been used for many, many years throughout the state, but they found out last year through a technicality it was unlawful to use it. The device has been improved. I am sure there is no danger to it now."

Mr. Sawyer:

"Mr. Speaker, will Mr. Pritchard yield to question?"

The Speaker:

"Mr. Pritchard, will you yield to question?"

"Yes, Mr. Sawyer."

Mr. Sawyer:

"I was trying to hurriedly read this. I couldn't tell from the bill at a quick glance. Are there any state officials who go along on these ventures?"

Mr. Pritchard:

"Well, I am certainly not going, Mr. Sawyer."

YIELDING TO QUESTION

"Mr. Speaker, I wonder if Mr. Clark or someone knowledgeable would yield to question?"

The Speaker:

"Mr. Clark?"

Mr. Klein:

"Mr. Clark, I just wondered what the source of the state trade fair fund is as referred to in the bill. How are these moneys collected? Where do they come from?"

Mr. Clark:

"Most of the money comes from private funds. They have established over the years a trust fund which has been held through the department of agriculture. It is primarily a promotion of industry itself. The amount of this trust fund, I think, is limited, but the amount of money that is going in from the advertisers and the businesses throughout the state is being put in individually. There are no funds appropriated for this purpose."

YIELDING TO QUESTION

Mr. Klein:

"I would like to have Mr. Beck answer the question. He has just indicated he has some knowledge of the extent of public funds in it. Perhaps he could explain it to us."

Mr. Beck:

"Mr. Speaker, ladies and gentlemen, yes, I do have knowledge of this fund. It was the result of a law that I had the pleasure of drawing up here in 1951. Five percent of the parimutuel taken at our racetracks plus all horse racing license fees goes into a fund. Thirty percent of that goes to the agricultural fairs of this state; twenty percent goes to the administration of the racing commission, ten percent goes to the Seattle trade fair fund; and forty percent goes to the general fund. The source of these revenues is from horse racing in this state."

Further debate ensued, Representatives Canfield, Humiston, and Klein speaking in favor of passage of the bill.

SIGNED BY THE SPEAKER

The Speaker announced that he was about to sign House Concurrent Resolution No. 17.

PERSONAL PRIVILEGE

The Speaker recognized Mr. Andersen (James A.) on a point of personal privilege.

Mr. Andersen:

"Mr. Speaker, with the consent of the leadership of both sides, I would like to read into the record a brief editorial which I think will be of considerable interest to the members of the House."

The Speaker:

"You have the permission of the House."

Mr. Andersen:

"Ladies and gentlemen, I am taking a few moments of your time today as I trust this will be of interest to you. My home town is a real independent town and has a real independent newspaper which has never been afraid to stand up for unpopular causes. I am particularly proud of this newspaper today because it has spoken out on perhaps the most unpopular cause of all, the legislators of this state. This is a completely and entirely unsolicited editorial which appeared in the *Bellevue American* yesterday, March 4, 1965. I am going to read it, but I am going to delete the names of the other papers referred to. That is not relevant to the point I am trying to make in reading the editorial into the record of this House.

"LIVING IN THE LAP OF 'LUXURY'"

While we're on the subject of the legislature, we think it's high time someone stood up and defended the legislators on the matter of their so-called "high pay".

The using righteous tones, has condemned the legislature for voting itself \$40 per day expense money.

The using trickier methods, "exposed" the fact the senate and house have their own lunch rooms.

Both papers should know better. We suspect that the publisher of the would think nothing of entering \$40 per day for expense money if he found it necessary to travel away from home, as the legislators have to do.

And the should know all about the lunch rooms, because their reporters eat there regularly themselves.

Let's look at this matter of pay from the eyes of a legislator.

He draws the magnificent salary of \$100 per month. Leaving campaign expenses out of it, he's lucky to break even on this amount when he figures his time and travel spent going to various meetings during the off-session.

During the session, he won't be so lucky, even with this giant \$40 per day in expense money.

The typical legislator will rent a room in Olympia, and get gouged by the patriotic Olympia landlords in the process. He'll have to leave his family at home because not even \$40 per day would permit him to pay for their expenses in Olympia.

So he has his own living to pay for, plus maintaining his home for his family. If he happens to be a professional man, he has to keep paying his office secretary and his office overhead during the two or three months the legislature is in session.

Then on top of this, of course, he has no income from his profession, since he's spending at least six days and six nights a week in Olympia.

So he gets to come home for one night and one day a week during the session—at his own expense, since he is allowed mileage only for one trip to Olympia at the beginning of the session and one trip home at the end.

If he were paid \$80 per day in expense money during the session, he might come closer to breaking even.

Why, then, does a good man consent to beat himself to death financially to serve in the legislature and get insulted in the process?

Well, you've got some pretty good people asking themselves that question right now. And when the next election rolls around there will be some who will say: "Not me, brother. Not me again."

And so democracy loses one more good public servant, while the people make their big jokes about those overpaid "clowns" in Olympia.

You won't catch us joining in those jokes. We don't think it's funny.'

"Ladies and gentlemen, I suppose someone will feel they have been offended by my having read this into the record. Nothing is intended to offend. We all know there are some people in Olympia of that kind but we also know there are many good ones. We know some of the newspapers have had some fun with us. We know many have carried fine articles. I remember Jack Pyle's article and the fine piece in the *Bremerton Sun* by Miss Ferguson and some of the excellent articles by other friends. I am not trying to insult the press. I am just calling attention to what one editor in one weekly publication said. He stood up for the unpopular cause, the cause of the legislators of the state of Washington, and I wanted you people to know about it. Thank you."

MOTION

On motion of Mr. Sawyer, the House recessed until 2:30 p. m.

AFTERNOON SESSION

The Speaker:

"Does Mr. Jolly yield to a question?"

Mr. Jolly:

"Yes, I don't know about that. We didn't change anything on that from the present statutes. I don't believe there is any limitation. They are allowed \$10.00 now and this bill will allow them up to \$25.00."

Mr. Haussler:

"I think I would answer this question in this way. This was discussed quite thoroughly in my committee. These people are quite close to the people and responsive to the electorate, and I am sure they would not in any way abuse this privilege."

Mr. Ahlquist:

"Mr. Speaker, to answer Mr. Huntley's question, all the irrigation districts have set bylaws which govern when the board shall meet, except on exceptional occasions, so there would probably be nothing over once a month."

Further debate ensued, Representatives Canfield and Flanagan speaking in favor of passage of the bill.

YIELDING TO QUESTION

Mr. Clark:

"Mr. Speaker, would Mr. Flanagan yield to two questions?"

The Speaker:

"Mr. Flanagan?"

Mr. Flanagan:

"Yes."

Mr. Clark:

"This is not a charge against the state at all, is it?"

Mr. Flanagan:

"No, this is entirely paid by the irrigation districts."

Mr. Clark:

"If they don't want to pay up to \$25.00 per diem, they don't have to?"

Mr. Flanagan:

"No."

YIELDING TO QUESTION

Mr. Dootson:

"I would like to direct a question to a sponsor of this bill."

The Speaker:

"Will one of the sponsors yield? Mr. Hawley?"

Mr. Hawley:

"I will yield."

Mr. Dootson:

"When I refer to the digest, I see this bill makes it a crime for an alien nonresident of the United States to fish, and I believe it raises the penalty from \$25.00 up to a minimum of \$500.00 and a maximum of \$1,000.00. I would like to have an explanation as to whether the digest is correct."

Mr. Hawley:

"I would be very pleased to explain it. At the present time, there is a law against issuing a license to a nonresident alien, but if a nonresident alien were fishing the waters of the state of Washington and he were caught and arrested, the only thing they could do is prosecute him for not having a license. This is becoming a very important thing. You are familiar with what is happening in Alaska where the foreign fisheries are gradually coming into our coast. This is a matter of protection so that if we do catch them, we could have a fine or something substantial to keep them out of there. Now, this is commercial fishing we are talking about, only commercial fishing."

Mr. Dootson:
