FIRST DAY

NOON SESSION

House Chamber, Olympia, Wash., Monday, January 13, 1975.

The Chief Clerk of the House of Representatives of the Forty-third Legislature, Dean R. Foster, called the House to order at 12:00 noon.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Lori Bagnariol and Thomas S. Gorton. Prayer was offered by the Reverend Ronald B. Snelling of the First Presbyterian Church of Sumner:

"Oh God, Our Heavenly Father, we thank You for creating us and giving us the privilege to rule and have domain over this earth. We are awed by its resources and our responsibility and yet we thank You for this very privilege that we have. We thank You for the freedom that we have within America and within the state of Washington to choose the government by which we are ruled. We thank You for the privilege of making decisions. We call upon You for strength and wisdom. We thank You for these who have come to struggle with the many issues, who vow to give us their time, to give us their wisdom and knowledge, to place their life and their reputation in jeopardy to make these choices. We pray that You will give them wisdom and understanding to separate those things that are most helpful in the service of the people of this state. Guide and direct them and give them patience in the pressure. Help them to feel the support of their families, those at home. We pray, Father, for their patience in times of apathy among those who would think to call for different issues to be solved and yet at times do not lend their hands in support. And so we pray, Father, for Your constant wisdom, and we pray for times when You would give us fear enough to trust in Your strength. These things we leave in Your care and again we call upon You as we cast this session into the hands of those who have this responsibility. In Jesus' name we pray. Amen."

ELECTION OF SPEAKER

The Chief Clerk declared nominations for Speaker of the House to be in order.

Mr. Charette: "Mr. Chief Clerk, and members of the House of Representatives: As we start this legislative session on this day in 1975 we have a number of matters that have to be considered by the state; a number of matters that must be considered by this body as well as the Senate. I rise to place in nomination the name of Leonard A. Sawyer who has served as Speaker of the House of Representatives for the last 2 years. I believe that because Mr. Sawyer has served well and with distinction that it doesn't require a rundown on everything that I said 2 years ago at this time when I nominated him. It would be really not within my prerogative, or not right for me to recognize probably one of the most important parts of the background of Leonard as I raise his name in nomination for Speaker, if I didn't announce that sitting in the gallery is his lovely wife, Betty, and five children. Thank you very much for coming down and I hope you will—I meant Beverly, Betty is my wife. Well, I'm not always right but I'm always willing to say something. I'm sure you will find that out as we go along. I would hope that that same spirit of honesty would be evinced by the other 97 members of the House as we go through this session.

"Now that I have completely fouled up the first thing I had to say here, I am going to cut it off pretty soon. Leonard represents the 25th district and he has since 1954. We know that he has served as Speaker of the House during the past biennium. As Speaker of the House he has developed a staffing program that the legislature has never really had before. Leonard has spoken for strengthening the legislative branch of state government and I think has done a lot toward bringing the legislature into its own. We will do well with the leadership of Leonard Sawyer during the coming 2 years. Thank you."

Mr. Perry: "I rise to second the nomination of Leonard A. Sawyer for Speaker. I would like to point out briefly to this body that a number of reforms have begun insofar as our committee meetings, insofar as having more openness to the public and having our meetings at such times when the public, without taking any time off from their daily work, can come

down here on weekends and see all of their legislators. I've been in this legislature—this is my 9th term starting today—and we have had great confusion for a number of years. The first significant change in this legislature was instituted 2 years ago under the leadership of Leonard Sawyer. I think that we will see great progress in this session and we will meet the needs of the people."

Mrs. Erickson: "It is a privilege to be able to second the nomination of Mr. Leonard A. Sawyer for Speaker of the House of Representatives. During the past 2 years, leadership by Mr. Sawyer has certainly resulted in the strengthening of the legislative branch of our government, to a point I think unequaled in our state history. It is more imperative in 1975 that this legislative branch continue to be strong and to provide representation for our citizens. We must continue this leadership that instituted it and welcome changes. As a freshman legislator, I found Mr. Sawyer very willing to listen to us and I have found that he is very willing to incorporate some of our views into the total program. I strongly recommend that you support Mr. Leonard Sawyer, a fellow Democrat from Pierce County."

Mr. Berentson: "It is indeed a pleasure for me to place in nomination Representative Irving Newhouse. Representative Newhouse has served our caucus well and that is exemplified in the fact that he is our Republican leader. I would like to point to the fact that he will now be in his 6th term. I think he has a solid background, is a known parliamentarian, has experience in several major committees and is accepted by both sides of the aisle as being a fair, trustworthy individual. You could certainly accept anything that he has presented to you. We have found that to be true, and I am sure both sides of the aisle have. We feel that at this particular time even those of you on the other side of the aisle should avail yourselves of this great leadership."

Mr. Flanagan: "I would just like to second the nomination of Representative Newhouse for Speaker of the House. Irv has been a member of this legislative body now for 10 years and during that time I think he has demonstrated his ability to be a leader both as a minority leader now and as a part of the majority leadership when we had the majority. I think Irv has also demonstrated his ability to get along well with the members of both parties during that time. He has the ability to pick out the issues that are important, the issues that are important to the people of this state, and he gives priority to that above partisan politics and the political games that we sometimes play here that are really of no importance to the people anyway. Irv is now in the course of appearing with the people of this state at the grassroots level, and I think he will continue to place that type of priority on those issues, and will continue, if he is elected Speaker of this House, to make those more important than some of the political games that at times go on here that aren't necessary."

On motion of Mr. Charette, the nominations for Speaker of the House were closed.

ROLL CALL

The Clerk called the roll for election of the Speaker of the House, and Mr. Sawyer was elected by the following vote: Mr. Sawyer, 60; Mr. Newhouse, 36; abstaining, 2.

Those voting for Mr. Sawyer were: Representatives Adams, Bagnariol, Bauer, Bausch, Becker, Bender, Boldt, Ceccarelli, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Eng, Erickson, Fischer, Fortson, Gaines, Gallagher, Gaspard, Hanna, Hansen, Haussler, Hawkins, Hurley G. S., Hurley M., Jastad, Kalich, Kilbury, King, Knowles, Laughlin, Luders, Martinis, Maxie, May, McCormick, McKibbin, Moon, Moreau, Newhouse, North, O'Brien, Parker, Perry, Randall, Savage, Seeberger, Sherman, Shinpoch, Smith E. P., Smith R., Sommers, Thompson, Valle, Warnke, Wojahn.

Those voting for Mr. Newhouse were: Representatives Amen, Barnes, Berentson, Blair, Bond, Brown, Chandler, Curtis, Deccio, Dunlap, Eikenberry, Flanagan, Freeman, Gilleland, Haley, Hansey, Hayner, Hendricks, Juelling, Kraabel, Kuehnie, Leckenby, Lee, Matthews, Nelson, Pardini, Paris, Patterson, Peterson, Polk, Sawyer, Schumaker, Tilly, Whiteside, Wilson, Zimmerman.

Those abstaining from voting were: Representatives Lysen and Williams.

POINT OF ORDER

Mr. Eikenberry: "Mr. Chief Clerk, the point of order that I raise is that the announced vote indicates that there are two abstentions and under the temporary rules that we have adopted, particularly Rule 64, there is no such thing acceptable to the Chair as an abstention. If the member is present in the bar of the House when the vote has begun then he must vote aye or nay."

The Chief Clerk: "In response to your point of order, Representative Eikenberry, the Chief Clerk's responsibility is to preside over the House of Representatives until a Speaker of

the House is elected. The rules say that the Speaker will be elected by a constitutional majority of the members of the House. Representative Sawyer has received 50 votes and therefore I declare that he has been elected Speaker and that he will be sworn in as soon as the escort committee, composed of Representative Newhouse, Representative Gaspard and Representative Wojahn escort him to the rostrum."

POINT OF ORDER

Mr. Pardini: "Mr. Chief Clerk, in the decision that you have just rendered are we to then infer that on any issue before this House under the temporary rules that a member within the bar of the House does not have to vote on any issue before him?"

The Chief Clerk: "In response to your point of order, Representative Pardini, in about 2 minutes the Chief Clerk will not be presiding, and if that question comes before the Speaker I am sure that he will rule on its substance."

The escort committee escorted Representative Sawyer to the rostrum. The oath of office was administered to Representative Sawyer by Chief Justice Rosellini.

The Speaker: "After watching the vote, I am certainly glad there are more Democrats than Republicans in this House today. I do want to congratulate the Chief Clerk on his maneuverability and I am looking forward to his advice during this entire session. I want to thank the members of the House of Representatives because I fully realize the responsibility of the body that you have elected me to, as Speaker of the House of Representatives. My family is especially cognizant of the time it takes and their consideration and patience makes it possible for me to serve in this important job. May I introduce my family, which really is my real election team. My wife, Beverly. My oldest daughter, Carla, is now in Washington, D.C., and is not with us today, but she was here during the campaign days, I can assure you. My second daughter, Colleen; our youngest daughter, Cindy; our oldest boy, Clark and the youngest boy, Craig. Also with me today is my niece, Molly Jo Kopecky and my sister, Myrtice. Myrtice is my last immediate family since my father passed away election eve.

"I wish you to realize that I think the greatest honor of my entire life is serving as Speaker for the 43rd Legislative Session and I am very proud of the accomplishments of the people involved in the 43rd Legislative Session. When you look back over the years, and go back 10 years, the people of the legislature have always been very strong people and I think that although many times we have many pressures, many criticisms, some justified, some unjustified, the people have great faith in us as people because they continue to move us to higher jobs. At the present time we have a U.S. Senator that started here. There is a Congressman, the Mayor of Seattle, the Governor of the State of Washington, the Attorney General, the Superintendent of Public Instruction, and many, many more. I think the main problem of the legislature through the years, and I have always been a fond believer, is not the people that make up the legislature which I have always been so proud to be a part of, but some of the legislative process that needed updating. I think the 43rd Legislative Session made giant steps to solve those problems and we and the people of the state of Washington should start reaping the benefits of those labors.

"I am honored to now be serving as Speaker for the 44th Legislative Session and I am really looking forward to the best legislative session in the history of the state of Washington. I want to thank you again for this great honor." (Applause)

ELECTION OF SPEAKER PRO TEMPORE

The Speaker announced that nominations for Speaker Pro Tempore of the House of Representatives were in order.

Mr. Ceccarelli: "Mr. Speaker, fellow colleagues of the House: It is indeed an honor for me to stand before this body and nominate an old friend of mine and I know an old friend of yours. I would like at this time to place the name of John L. O'Brien for Speaker Pro Tem of this House of Representatives. John has served for many years in this House—probably more than either he or his wife would like to remember. In fact his wife, Mary, and 3 of his 6 children are in the front row of the gallery. John has had the honor of being speaker of this body for 4 terms. That is a record in this state. Many of the advancements in our legislative process took place under the leadership of John O'Brien. He was also one of the legislators nationally that helped found the National Conference of Legislative Leaders, and 2 years ago was responsible for bringing that body to Seattle for one of the finest conventions that they have ever had in their history. This is a body of legislators interested in increasing the ability of

state legislators and developing a more effective body of state government. John was president of that organization and as I said before, was one of the founders and helped build that organization. I had the opportunity for several years to work as his administrative assistant of that body and can vouch for the tremendous leadership that he gave to that institution. We know him in this House as a very calm and cool individual—at least on occasion. He is literally a parliamentary whiz. In fact, each session, as he will be doing this session, he has instructed a course on parliamentary law for members who wish to attend. I notice now that Reed's Parliamentary Rules is handy at the corner of his desk and it is well worn from use over the years.

"Aside from that, John is a very personable fellow. His office is always open and he has been a tremendous help to anyone in this body who called on him for help and advice. I urge you at this time to vote and select as your Speaker Pro Tem, John L. O'Brien."

Mr. King: "It is certainly a privilege to second the nomination of John L. O'Brien for Speaker Pro Tem. It's a little difficult to follow Dave Ceccarelli in giving a speech because he covered so many of the things about John that are important to say. I will be very brief and just mention a couple of things that I know about him. The first is that in the 18 terms—he is on his 18th term now—he has devoted his energies in life to the legislature. During that period of time he has been asked by people to seek higher political office—the Mayor of the City of Seattle, the Governor of the State of Washington. He has been asked by people who could probably put it together for him, but he has decided in each instance to stay with this body because he is really interested in it, and because he knows it and I know he loves it. Over that period of time, the point I wanted to make was one that we are all aware of—the fact that he probably knows more about parliamentary procedure, about the precedents and traditions and the history of the law as it applies to the legislature than anybody in either the House or the Senate. That's why we are privileged to have him serving as the chairman of this body as he does on many occasions when the Speaker is involved in discussing business with the many people in his office. It is a privilege for me to urge you to vote for John L. O'Brien for Speaker Pro Tem."

Mr. Luders: "The problem with nominating speeches is that they too frequently sound like eulogies or epitaphs and I know John O'Brien to be a politically viable and physically virile human being. I am not about to lend credence to the fact that we are talking about somebody who has been here for so long that he has lost something. His mind, though not a steel trap, is a slamming gavel on the House of Representatives. He has booted more things than most people have a chance to give birth to. On the other hand, I believe that there has been, if not a legend surrounding John O'Brien, certainly a lot of myths. One myth is that it is possible to serve in this House such a long time that you lose the ability to function adequately. John O'Brien has not done that. I consider it an extreme pleasure to second the nomination of John L. O'Brien, who is now an institution."

On motion of Mr. Newhouse, the nominations for Speaker Pro Tempore were closed and Representative John L. O'Brien was elected Speaker Pro Tempore of the House of Representatives by a unanimous vote.

The Speaker appointed Representatives Margaret Hurley and Leckenby to escort Representative O'Brien to the rostrum. Justice Rosellini administered the oath of office to Representative O'Brien.

Mr. O'Brien: "Mr. Speaker, Justice Rosellini and members of the House: This legislative process is certainly a surprising one. No matter how long you have been here there is always the unexpected, and the minority party giving me this unanimous vote today I certainly appreciate very much. I am sure that in the days ahead that we may disagree on issues, but we certainly hope we aren't disagreeable. This legislative body is confronted with a great many serious problems this 44th session, caused primarily by the economy and inflation. But looking throughout this room and knowing the top expertise and experience that you all have, there is no question in my mind that we will resolve any and all problems that we are confronted with. This legislature will adjourn and the people will be happy with the results.

"I would like also to present to you the members of my family that are here today. My wife, Mary, my daughters, Karen and Jeannie, and the young politician of the family, Paul.

"While I am looking forward to serving in this capacity under the leadership of Speaker Sawyer, it's still a humble world to a great degree. I am sure that we will be able to carry on and do a very fine job for all of you. Thank you very much for again giving me this great honor." (Applause)

ELECTION OF CHIEF CLERK

The Speaker announced that nominations for the office of Chief Clerk were now in order.

Mr. Conner: "Mr. Speaker, ladies and gentlemen of the House: It is my pleasure to nominate on behalf of each of us here a young man of outstanding and rare ability who has served not only the past 2 years as Chief Clerk of this House, but has labored for many years in the various departments and backrooms and who well understands the mechanics and the operation of state government. A young man who I am sure you will agree has served in a fair and equitable manner giving freely of his time, who I think exemplifies the very highest principles and standards of conduct of office that we have applied to any public office holder relative to his personal, his law, professional and ethical standards. The person who I feel has literally adopted the creed of St. Anthony who said, 'We deserve no praise because it is our duty.' And with that thought in mind and for the very highest professional standards the office of Chief Clerk demands, I place in nomination for your consideration the name of Dean Foster."

Mr. Rick Smith: "It is a privilege and an honor to rise to second the nomination of Dean Foster for Chief Clerk. I am sure that everybody on the floor will agree with me Dean Foster has worked tirelessly to serve as the Chief Clerk and the number one administrator for the House of Representatives. I first met Dean Foster in the fall of 1971 when we were both staff assistants in the House of Representatives and at that time all of the staff and legislators that worked with Dean were impressed with his intelligence and his ability to work long hours and to work tirelessly on the assignments he was given. I think that it is only fitting that we recognize Dean's wife, Cynthia, who is here today. Cynthia can vouch for the long hours that Dean has been working for our business. We have had some very significant changes in the operation of the House of Representatives which have been spoken of and I know that they have improved our ability to do the people's business and to effect policies at the state level. I think that Dean and his very capable staff can be proud of the part they have played in our system of continuing year-round sessions. I urge you to join with me in voting for Dean Foster for Chief Clerk."

On motion of Mr. Curtis, the nominations for Chief Clerk were closed and Dean Foster was elected as Chief Clerk of the House of Representatives by a unanimous vote.

The Speaker appointed Representatives Bausch and Hendricks to escort Mr. Foster to the rostrum. Justice Rosellini administered the oath of office to Mr. Foster.

ELECTION OF ASSISTANT CHIEF CLERK

The Speaker announced that nominations for the office of Assistant Chief Clerk were in order.

Mr. Kilbury: "It is my pleasure to nominate someone who is as self-effacing as he is efficient, who is as courteous as he is helpful and who is as knowledgeable as he is understanding, who has a position of service both to this body and to the Senate and who provides a wealth of experience for our internal operations. I take great pride in nominating Donald R. Wilson for the position of Assistant Chief Clerk."

Mr. May: "After that nominating speech there isn't much left to say so for the umpteenth time I'll have to second the nomination of Don Wilson for Assistant Chief Clerk."

On motion of Mr. Charette, nominations for Assistant Chief Clerk were closed and Donald R. Wilson was elected Assistant Chief Clerk by unanimous vote.

The Speaker appointed Representatives Adams and Patterson to escort Mr. Wilson to the rostrum. Justice Rosellini administered the oath of office to Mr. Wilson.

ELECTION OF SERGEANT AT ARMS

The Speaker announced that nominations for Sergeant at Arms of the House of Representatives were now in order.

Mr. Bausch: "I would like to nominate Ross Young to serve as our Sergeant at Arms for this 44th Session. Ross has served the members of this body well and faithfully throughout his tenure as Assistant Sergeant at Arms and promises to continue that spirit of service in order to achieve his goal—the goal of making the hours of service of the individual legislator more

productive. As Bob Charette stated earlier, we are facing a critical session and we need the assistance of such outstanding individuals as Ross Young."

GOVERNOR'S STATE OF THE STATE ADDRESS

The Governor: "Mr. President, Mr. Speaker, ladies and gentlemen of the Legislature, members of the Court, State elected officials, and fellow citizens: Let me before beginning my formal remarks to this session of the legislature depart for a moment to recognize one who is seated in a place of honor at the front of the Chamber but who, this Wednesday of his own volition, steps down from public office. In 1965, January, we took the oath of office together, I as Governor, he as Secretary of State. During these past ten years he has served as a close colleague, a friend, a distinguished Secretary of State—fulfilling the constitutional and statutory duties of that office. But will be far long remembered by many citizens of this state who cannot speak for themselves, at least very loudly—the poor and the minorities, many of our young and the elderly—each of whom he has worked with closely in developing new legislation, new concepts, and in each case has advanced the cause of those who had little voice. I know I join with my colleagues in the legislature in wishing him the very best for future years, our thanks for a distinguished period of public service, and to you Secretary of State Lud Kramer, God speed.

"I congratulate all of you who this morning took the oath of office for a new or a continuing term in this legislature. I remember vividly my own first day as a member of this House of Representatives and equally vivid the memories as ten years ago today when I stood in this place to be inaugurated as the sixteenth Governor of the State of Washington. Sometimes it's a benefit to look back into history even if it is your own history, to reread that inaugural address of 1965 and in that address I stated that 'Washington is truly among the favored states. We have not suffered the silt and smog of overindustrialization. We have not felt the oppressive overcrowding of population. Neither have our urban centers been blighted at the core. Our land is fertile, our water abundant, our cities clean, our people well-educated, and our industry progressive.' Ten years have passed and I believe so strongly that those sentiments are equally valid today.

"We have emerged from the incredible turmoil of the last decade. Turmoil in which our cities throughout the land have been turned topsy-turvy. Turmoil in which the campuses of higher education of this nation have seen riots and disruption as never before. Years in which we finally woke up to the problems of protecting the natural environment of this nation. Years of a great and long lasting war which went on to the increasing distaste of American citizens. And now at the end of that decade, facing up to problems of inflation, problems of

economic setback nationally which we have seldom faced before. And the ultimate recognition that we can no longer be an island unto ourselves but our nation is more interdependent with other nations than ever before and our state is more interdependent with other states than ever before.

"We have emerged from that incredible ten years with a unique state whose physical characteristics are still relatively unspoiled. We, and I speak now as the citizens of this state as well as those who have served in this legislature and in the executive and judicial branches, we have been good stewards. We are a people who have demonstrated the character to meet adversity and who possess the spirit to face the future with enthusiasm and vitality.

"Over this past decade Washington citizens demonstrated clearly their belief in a quality environment for themselves and for their children. They demonstrated that they believe in an equality of all citizens under law. That they would stretch out a helping hand to those in need. That they would support continuing, outstanding educational opportunity and that they would hold those in position of power accountable for our actions.

"Let's look shortly at the record of the past ten years: It is a record which was jointly constructed, jointly constructed by those who served at the state level as well as citizen leaders in each of our communities. In environmental quality, we established the nation's first Department of Ecology and enacted comprehensive air and water pollution legislation, preserved our ocean beaches as recreational havens for increasing thousands of Washington citizens, passed a comprehensive shorelines protection act now being emulated throughout this nation, enacted tough oil spill and strip mining bills long before they were considered at the national level. In education the first four-year college in seventy years in this state was initiated, a college which already has national recognition for its unique and exciting educational concepts. We established during these past ten years a state community college system and have seen its enrollment virtually quadruple during that period. Public expenditures for education, common school education, has not kept pace with the needs but at the state level has more than doubled on the per pupil basis. We lead the nation in education for the handicapped. The death rate on our highways has been reduced by more than thirty percent. We approved an equal rights amendment and a tough public disclosure act, again among the first in the nation. We approved nearly \$400 million of bonds for Washington Future and in doing so protected ourselves against the current economic downturn with the thousands of construction jobs in the offing for the next several years. We provided compensation for the victims of crime. We increased by more than six times production at our state fish hatcheries. Still not enough. We have kept polluting billboards from our scenic highways and we have authorized annual elections. Our warehouse-type institutions of yesterday are giving way to broadly based groups of community facilities offering new hopes to thousands of afflicted Washingtonians.

"The roll call is much longer of accomplishments and we cannot now turn our backs on that legacy of excellence. We must not ignore the voice of our people expressed so many times in support of a better state. Our citizens do express belief and have many times in a system of representative democracy. But if we fail to act, they will and have seized leadership through the initiative and the referendum. No state in the nation has encouraged more citizen participation nor found a citizenry more willing, a citizenry more willing to devote more time and energy to public affairs. During the past year we have asked more explicitly for the views of our people to the goals of Alternatives for Washington. Now Alternatives for Washington doesn't pretend to be an all encompassing sole source of wisdom in how we react to the needs of our citizens. Obviously the major responsibility for direction of this state through its laws and constitution lies in the hands of the men and women gathered in this chamber tonight. But none the less, through Alternatives for Washington and its statewide polls and the comprehensive views expressed by a broad and representative group of now almost 65,000 citizens, I believe we do now have a better understanding, a better understanding than ever before of what our people are saying and what they would like to see for themselves and for their families. Listen to them speak through a few of the thousands of personal letters which accompanied Alternatives for Washington questionnaires:

"Alternatives for Washington was a welcome experience for me for reasons that have been all too obvious for a very, very long time: We, the people, have been the listeners.'

"I think this method of getting the peoples' opinion is the best we have had yet. It is very good and should be continued and expanded.'

"An Auburn High School student who said she knew I wouldn't read this which was a challenge I couldn't pass up, said: 'That I wouldn't want our state to be like California.' Surprising the number of times that was repeated. And she also said something we can all

take to heart, 'You old people are just messing up our beautiful state.' She and her generation haven't had a chance yet.

"Another one, 'Too much of our beautiful landscape is being converted into junk food drive-ins, used car lots, shopping centers, and other commercial strip activities.'

"I am very much in favor of planning for the future and am fully convinced this is the only way to preserve Washington, for preserve it we must.'

"What we all would like is people caring more about each other's interests, and compromising more so that everyone has an equal chance—or as equal as each person's talents can handle.' And a postscript to that note, a postscript which I suspect could be utilized by each of us a number of times: 'And I don't know how you get that.'

"And a Port Angeles man wrote, 'Pay more attention to what the people of the state think is best. Do what is best for our state and its population for I believe we have the best state and some of the best people in the world. Keep it a good and friendly place to live or visit.'

"Now those are not unique letters. They are representative of thousands which accompanied those questionnaires. Some others were letters of more fear and letters of individual concern. But they are letters from a people who spoke out strongly for a future of moderate and needed economic growth and even more moderate population growth. There is no more of the feeling here in our state that we must be first in population and each of our cities will be best only if it is biggest. They spoke very strongly, overwhelmingly for a top priority of protection of our natural environment and the conservation of our natural resources. They spoke loudly about the wealth of this state lying in its land and its people and our citizens urged the protection of our present agricultural and forest land base to preserve what we have so it could become the fundamental base for future economies, economies depending heavily on agricultural and forest products. But they said at the same time, let's rebuild our cities which too often have decayed and reinvigorate especially our smaller and medium-sized communities.

"During these next ten years then, we have an opportunity, an opportunity to secure the long term future for ourselves and for our future generation. However, the next ten years begin with this next biennium. The policies we set and the bills we pass, the budget we adopt must be with the goals of the next generation in mind and not just the next election. As we face the legislative session now before us, again, the words of an inaugural of ten years ago represent clearly my position today as well. When I said then—'This administration believes steadfastly in the future; that our promise lies not in the past but before us. This administration will not shy away from new ideas for as we begin our deliberations here we can never fail to reckon with the opportunities of responsible change or with the requirements of changing responsibility...' Today's problems require fresh and positive solutions and this administration will do everything within its legitimate province, request anything within its power and bear any burden necessary to assure that these solutions are offered to the people of the State of Washington.

"Ten years ago I presented to this legislature a 'Blueprint for Progress.' This blueprint, concerned as it was with the state's needs of that time, was in large measure adopted in 1965 and by subsequent legislatures. I believe it is now time to lay out a new Blueprint for Progress. A blueprint concerned with the needs of 1975 and the decade in front of us. Alternatives for Washington showed a great desire for added citizen participation, but there was also a deeply-felt and clearly and repetitively expressed dissatisfaction with the institutions of representative government.

"There is no more serious threat to our society than an electorate which feels so frustrated by the governmental process that large numbers reject voting as an effective method of participation and who prefer that decisions be made by plebiscite rather than by their elected representatives. Some better method simply must be found to allow our citizens and elected representatives to work in partnership and in harmony on decisions which effect our future.

"For this reason, I believe it urgent that the legislature provide the mechanism for the people to vote in 1975 on the question of a constitutional convention for our state. We could give ourselves no better bicentennial present than to reexamine our 86-year-old Constitution to see if, in fact, it is still responsive to today's needs.

"I am not asking this legislature even to pass on the ultimate validity of that convention but merely to start the mechanism by passing a proposal which would allow the citizens of this state to vote on the issue of whether or not to embark on that constitutional convention in the elections of November, 1975. I believe it would be to the ultimate disinterest of this state and its citizens to celebrate the bicentennial year with as many people as possible

involved in the question of searching each of our constitutional limitations and requirements and protections with a view toward writing a new Constitution to suit the needs of a space age and of a rapidly oncoming new century.

"Pending a more general constitutional revision, I call for three specific amendments to our state's Constitution, in themselves a reflection of the need for more general revision. Amendments to allow assistance to students in private schools and to allow the use of the state's credit for pollution control and health care facilities, as well as for student loans and other useful purposes, would allow the carrying out of legislative mandates already created through passage of acts of the last several sessions. With the mid-term change in office, I believe it is now appropriate to seek the elimination of an elected basis of the Office of Secretary of State. The functions of this office, the constitutional and statutory functions, can be and I believe should be appropriately combined with the licensing and regulatory functions now housed in the Department of Motor Vehicles and the Department of General Administration.

"To build the Northwest lifestyle suggested so overwhelmingly by citizens through Alternatives for Washington some immediate actions should take priority. I support as the highest environmental legislation necessity that of providing a comprehensive land resource management program. And I pledge to work closely and continue to work closely with the legislature and with those representing local governments and citizen groups to achieve that important goal. And I hope this legislature will respond to that issue fast enough to beat the federal government to the punch. It seems to me that we need not respond only to federal mandate but should have the initiative and the courage to seek action prior to that mandate being laid upon us. I will also seek legislation in this area to preserve stretches of some of the finest, scenic, wild and recreation rivers existing anyplace in this nation. And within the next ten days I will seek the opportunity to deliver a special message to this legislature on energy, agriculture, and conservation. These three seemingly separate items have many common threads and the new proposals which will be made are proposals I believe to be exciting and necessary if we are to meet the increasing challenges of energy shortage and the rapidly increasing role of Washington as a national and even an international breadbasket to help feed a hungry world. New legislation will be sought both to meet emergencies of energy shortage as well as to provide more rapidly for additional sources of energy and ultimately food production.

"Continued opportunity for our citizens demands continued excellence in education. Our budget, I believe, will maintain and even help enhance that already high degree of excellence. In addition, I will seek the designation of three of our state colleges as regional universities to reflect the reality of the offerings they now make.

"And high on the list of citizens' concern regarding human needs, I will support proposals to modernize our parole system, to revise our juvenile court and criminal codes, and to establish a new judicial article for our Constitution. These proposals will help make justice in the state more even-handed and available more rapidly to all our citizens—a goal we ought to seek with the highest sense of urgency.

"The escalating cost of medical care has helped bring financial catastrophe to too many Washington families. I propose to work closely with this legislature in the development of a catastrophic health care legislative package which would provide both for the medically indigent but also a backup protection for others of Washington citizens who do not qualify for public assistance medical care but who simply cannot handle without family catastrophe the problems of extended illness or serious accident. These are not easy measures. That is not an inexpensive package. But there is the possibility I believe, of initiating such legislation and in doing so perhaps even show to the Congress and to the rest of the nation that one state can take leadership uniquely and by themselves to provide better support for citizens needing that kind of help.

"I will also seek legislation to allow the publishing of a formulary of prescription drugs which could allow the substitution of equal but lower cost drugs for many high priced name brands offered through prescription. This, in itself, could be of great benefit especially to the many elderly of our state who find the increasing cost of prescription drugs a serious inclusion into their limited incomes.

"The continuing work of government now is seldom dramatic but it is always open to additional efficiency. I will seek a new telecommunications division in the Department of General Administration to bring together all of the elements of communication within state government insofar as we can and in doing so, consolidate, strip out duplications, and save what we believe will be substantial sums of tax money. I will seek the authority to consolidate

or, better yet, even eliminate unneeded state publications many of which are obsolete but still required by obsolete statutes. I will seek the consolidation of the administration of the six public pension systems in our state. I am not asking for a merger of the systems themselves or even a merger of the committees or commissions which run them, but merely the administrative merger of their day-to-day activities which, I believe, will save more than a third of a million dollars. I have mentioned already the seeking of the development of a Department of Records and Elections—all of these measures while dramatic are measures which can save state tax dollars. I will also seek something I believe is long overdue in this as well as many other states, a consolidated, simple state information service to provide each citizen free access to information about the complexities of government and quick referrals to those who can respond directly to their questions or their needs. Many more hundreds of times than you would expect people call the Governor's Office, not because they seek direct help from the Governor, but because they simply cannot find who it is in state government can respond to their needs.

"While constitutional reform, energy, transportation, natural resources and the environment, human resources, education, justice, and the organization of government represent areas of specific legislation, it is unquestionably the budget for the 1975-77 biennium which represents perhaps our greatest challenge. The budget was finalized about the first of December of this year and presented formally to citizens of this state and to many of you on December 20. It is apparent that we are in a period nationally of rapid and drastic change. That rapid and drastic change will require us to keep constantly abreast of new needs, new requirements, and as a result new responses in terms of that budget. I expect to work closely with this legislature during the upcoming months to insure that when the budget of this state is finalized at the end of this session, it will be a budget that as closely as possible responds to the needs as we see them and the capabilities of our citizens as we then see them. The budget does propose major shifts in human resource programs. It provides additional support to maintain educational excellence and the continued expansion, the continued demand for education particularly in our community college system. It adequately funds for the first time in some years all of our state pension systems and it provides responsibly for salaries for public employees who have for too long been behind their colleagues in similar work outside of state government. The revenue necessary to support this budget does include a difficult and perhaps unpalatable increase in the business and occupation tax, but also a shift in our state sales tax system which would eliminate the sales tax on food and bring on the overall badly needed tax relief to nine out of ten Washington citizens and most importantly the most tax relief to those at the bottom end of the income scale.

"In the process of preparing this budget additional areas of efficiency and economy were discovered and we will depend heavily on Washington's ongoing productivity program to help maintain a budget balance during the upcoming biennium. A budget balanced in the face of rapidly rising inflation, in the face of increasing economic uncertainty and the recognition that state government during a period of economic decline faces the dual challenge and the doubly difficult problem of lowering revenues while at the same time facing additional responsibilities for service particularly in the human welfare field.

"I pledge then to work daily with you as we seek to build a budget and a legislative program which will best serve the needs of our citizens. While we all strive for a budget which is sufficient without resort to new taxation, we must never use that goal as an excuse, as an excuse for failing in our responsibility to those of our children who seek educational opportunity, to those of our elderly and infirm who simply cannot help themselves, for the young children who are afflicted with mental retardation and who desperately need the assistance that will give them the maximum opportunity, limited though it may be, for a useful life. We cannot use this goal as an excuse for failure to protect the unique environment which is our Washington heritage. In short, I believe it increasingly important in the face of economic uncertainty and the times in which we live that this legislature and each member of this legislature as well as each member of the administration seek to find that ultimate balance of revenue and expenditure which will do the best job not just for today but in securing the future for the next decade and beyond.

"The initiatives presented in this state of the state message and in the budget represent a positive and affirmative and a hopeful view of the future. They are messages not of fear but of hope, not of weakness but of strength, not of pessimism but of optimism about this state's future. In times of national malaise the temptation is strong in some to do nothing, to instead succumb to our own fears and even to turn to that other Washington three thousand miles away for fiscal salvation. I believe we can and hope we will, resist that temptation. For some

others the temptation may be equally strong to seek partisan advantage for the next election rather than measuring the needs of our citizens for future generations. This temptation, too, I hope we can all resist.

"During my eighteen years in public service in this state, I have discovered among our citizens a deep and an unusual reservoir of kindness and generosity toward their neighbors. We are a people whose instincts are humane and who by in large are motivated by high ideals. On occasion we may falter but fundamentally our people are strong. And those of us who have been elected to serve the people and who now embark on a new and a fresh legislative session must always keep before us the general interest rather than the special interest; to support what we believe to be right rather than merely expedient; and to never, never underestimate the abilities and the concerns of the three and a half million citizens of this State of Washington.

"These times do demand greatness and there is greatness inherent in this as well as past legislative bodies which I believe over the years have served far better than citizens have been willing to credit. But citizens today need desperately to regain confidence in their elected officials. Beginning today let us strive to earn that desperately needed confidence of our citizens. There could be no greater response to the challenge of America's third century soon to begin, than that we finish the second century on a note of optimism, on a dedication to our future rather than just our present and to the theme of regaining by earning, the confidence of all citizens of this state and the government which represents them.

"Thank you."

HOUSE BILL NO. 117, by Representatives Perry, Berentson and Gilleland:

Extending the reporting time for the study of transportation taxing.

On motion of Mr. Berentson, the following amendments were adopted:

On page 1, line 7 after "The" strike "senate and house transportation and utilities committees are" and insert "~~(senate and house transportation and utilities committees are)~~ legislative transportation executive committee is"

On page 1, line 19 strike "The committees are" and insert "~~((The committees are))~~ Said committee is"

On page 1, line 27 strike "The committee are" and insert "~~((The committees are))~~ Said committee is"

House Bill No. 117 was ordered engrossed.

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Newhouse.

Mr. Newhouse: "We notice that a rather substantial amount of money is involved in this study. It has been going on for almost 2 years and as we consider this extension to the life of the committee, could we ask how much of this \$500,000 has been expended and how much longer the study might take? And we note that it is the Motor Vehicle Fund—has this been considered in the legislative expenses of the House for this past biennium?"

Mr. Perry: "Starting backward, I couldn't answer that last question. I will have to yield to Representative Berentson—he has the statistics on how much has been spent, but I would like to come back and answer the other part."

Mr. Berentson: "\$169,180 has been expended to date. I can't give you the name of the consulting firm that has conducted the studies, but there is \$330,000 left in the account. It is my understanding that the contract has been let for about \$40,000 of that and I might mention that including the money that has been expended, we have run the staff, salaries and all supporting costs to the consulting firms. Anything else spent of the amount allocated does revert to the Motor Vehicle Fund. There is no federal money, to my knowledge, involved in any of these expenditures."

Mr. Perry: "To answer Representative Newhouse's other inquiry in this area, some of the problems that we have with this is that the fuel taxes today on gallonage and licenses are shifted around to a point where it's still up in the air. We talk about getting legislation—now legislation which would have been true 6 or 8 months, or 2 or 3 years ago, isn't true today. We are experiencing some real dramatic changes in what's happening with the general fuel consumption and so the data bases that we would have had that for 30 years has been steady, are now worthless. I imagine that before we are through here in this House and in the Senate we will find out (with the federal government usurping certain sources of revenues now with

barrel taxes and gallonage taxes) that now not only do we have this kind of problem in this particular study, but from here forward, daily, we will have to be involved in changes in whatever we are doing."

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Moon.

Mr. moon: "I have some reservations about this, and not about the Chairman of the Joint Committee on Transportation because I think he is capable and is doing an excellent job, but I don't know who it is that appoints this executive committee to the Transportation Committee."

Mr. Perry: "The Chairman of the LTC appoints them—I appointed them, and I would like to further go on now that this point has been made, and point out that the way the study was prior to now—prior to this amendment—the two members of the respective houses were the co-chairmen of the tax study committee and in the interim period virtually did anything they wanted. This constitutes an oversight on the total action of the committee."

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 117 was placed on final passage.

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Leckenby.

Mr. Leckenby: "Representative Perry, you stated in your earlier remarks that because of the shifting basis caused by the fluctuations in the total energy field that we haven't been able to pin anything down and that this study has been frustrated somewhat. I am wondering if we maybe should withhold any further study until such time as the bases have firmed up. Why shouldn't we stop spending money on a situation where our analyses are going to be voided from month to month as a result of the action that is taking place?"

Mr. Perry: "I would concur normally with what you are saying, but I don't know when we have started yet doing anything. The problem is that the information base we are now getting, I think, has some validity to it and with the action of the federal government in the future it might not have any. The point is, at what point do we begin and at what point do we end? If we are going to be a group that has valid information on any given subject at any moment I don't know what the mechanisms are in the general economy, but the mechanisms of this specific area are unbelievable. And I don't know where, if we stopped today, or say we didn't do this—this problem has to be faced. There is a multiplicity of problems that I would discuss with you or any members of the House or any members of the committee that wish to, relative to the information base—the data base—and if anybody has any ideas on how we can bring this thing into perspective, I would be most happy to listen to them because we have explored unlimited possibilities in areas and we still find that in some areas we don't have a lot of hard data. Maybe this is not an answer for you, but I think that taking the time of the House at this particular time is most appropriate because in this particular session of the legislature I think we are going to be confronted with quite a few problems of exactly this character."

Representatives Perry, Berentson and Douthwaite spoke in favor of the bill, and Representatives Leckenby and Eikenberry spoke against it.

Representative Leckenby now spoke in favor of the bill and Representative Moon also spoke in favor of it.

The Clerk called the roll on the final passage of Engrossed House Bill No. 117, and the bill passed the House by the following vote: Yeas, 82; nays, 15; not voting, 1.

The motion was carried.

The Speaker requested Mr. O'Brien to preside.

OATH OF OFFICE TO SECRETARY OF STATE

The Speaker (Mr. O'Brien presiding) appointed Representatives Eng, Sommers, Douthwaite, Maxie, Brown and Kraabel to escort Governor Daniel J. Evans from the Governor's Office to the House Chamber.

The Speaker (Mr. O'Brien presiding) appointed Representatives Fortson, Berentson and Moon to escort the Honorable Chief Justice Stafford of the Supreme Court to the rostrum.

The Speaker (Mr. O'Brien presiding) appointed Representatives Amen, Zimmerman, Kuehnle, Martinis, McCormick, Moon and Luders to escort the state elected officials to seats at the front of the House.

The Sergeant at Arms announced the arrival at the bar of the House of Governor Daniel J. Evans, former Secretary of State A. Ludlow Kramer and Secretary of State designate Bruce Chapman. At the request of the Speaker (Mr. O'Brien presiding) the escort committee escorted them to the rostrum.

The Speaker (Mr. O'Brien presiding) presented the Honorable Daniel J. Evans Governor of the State of Washington.

Governor Evans: "Mr. Speaker, ladies and gentlemen of the House, state elected officials, Chief Justice Stafford: Let me do two things this morning. First, to once again repeat to this House as I did Monday night, my gratitude for the 10 years of service which ended last night for our outgoing Secretary of State Lud Kramer. I spoke Monday night of his great abilities in terms of his work for the many citizens of our state who have little voice of their own. I would like to only add to that this morning the rather remarkable but little noticed changes, dramatic changes, which have been made over that period of time in the voting procedures and in the openness of elections here in the State of Washington. During the past 10 years the Secretary of State has helped to initiate, and this legislature has also helped to initiate and carry out the bills necessary as well as the policies to make Washington today a state in which it is easier for people to qualify to vote, to get to the polls and cast their decisions than in any other state in the nation. The National Municipal League and other national organizations have pointed to Washington as one of the most open states in the nation in this respect. It's an opportunity for people to vote and, of course, it's our challenge, all of our challenge, to attempt to encourage people to use that privilege which is so readily available in our own state.

"Now is a new beginning in that office this morning. I am pleased to appear before this Chamber to present to you the Secretary of State designate for the State of Washington. A young man of great accomplishments already. He has participated in many ways in public life. Most recently and currently, up until today, he has served as a City Councilman of the City of Seattle and has now agreed to take on the new responsibilities of Secretary of State. I am proud to introduce to this body and the people of the state my choice of Secretary of State, the Honorable Bruce Chapman."

Chief Justice Stafford administered the oath of office to Secretary of State Bruce Chapman.

The Speaker (Mr. O'Brien presiding) requested the escort committees to escort Governor Evans, Secretary of State Chapman and A. Ludlow Kramer from the House Chamber.

The Speaker (Mr. O'Brien presiding) requested the escort committees to escort Chief Justice Stafford and the state elected officials from the House Chamber.

The House resumed its session.

POINT OF INQUIRY

Mr. Parker yielded to question by Mr. Eikenberry.

Mr. Eikenberry: "Because of the extreme importance of the two or three words that we are dealing with—'health, safety and welfare'—and recognizing that these are the three words which will trigger into play the power of the state in asserting custody and control over a child as against the otherwise parental right of custody and control, and also recognizing the need pointed out by Representative Moon in the case of a battered child and recognizing that this bill would apparently touch on emotional kinds of situations, could you tell us, in the

opinion of the committee, what is intended by substituting in the bill the word 'safety' for 'welfare'?"

Mr. Parker: "In response to your question, 'health and welfare' of course are existing law. This bill has gone through a process—not just in the committee—it has gone through our subcommittee during the interim period. We had a citizen's task force and then we came to the committee. In the early stages we chose the word 'safety' rather than 'welfare' because we felt it better defined what we were discussing and that 'welfare' really was involved with the word 'health' so closely that 'health and safety' would be a better definition. However, it has been expressed to me that some members were reluctant to strike the word 'welfare' and so when Representative Moon proposed these amendments we did some checking and we find that because 'welfare' is already a part of the existing law, we are sure that the inclusion here would not be a change from what we have today and therefore I chose not to oppose the inclusion of the word 'welfare'."

The amendments by Mr. Moon were adopted.

Mr. Luders moved adoption of the following amendments:

On page 2, section 1, line 2 after "not to be" strike "harmful" and insert "injurious"

On page 3, section 2, line 26 strike "harmful" and insert "injurious"

Mr. Luders spoke in favor of the amendments, and Mr. Parker spoke against them.

Mr. Luders demanded an electric roll call, and the demand was sustained.

Mr. Luders spoke again in favor of the amendments.

POINT OF INQUIRY

Mr. Parker yielded to question by Mr. Moon.

Mr. Moon: "Representative Parker, in the instance that you pointed out—in that amendment that you spoke to—I would tend to agree with you, but I wonder if the same inverse reaction would result from the other amendment that he has submitted?"

Mr. Parker: "I have been looking for a counsel on that one; I don't know. Perhaps we should divide the question. I can only speak to the first one at this point."

Mr. Moon moved that further consideration of House Bill No. 44 be deferred, and that the bill be placed at the bottom of today's calendar.

On motion of Mr. Kilbury, the first two committee amendments were adopted.

Mr. Kilbury moved adoption of the third committee amendment.

POINT OF INQUIRY

Mr. Kilbury yielded to question by Mr. Pardini.

Mr. Pardini: "Is the effect of this amendment to grant an exemption from the assessments on all bulk egg sales?"

Mr. Kilbury: "It deletes the exemption from all eggs sold in bulk with the exception of section 30, subsection 6."

The committee amendment was adopted.

On motion of Mr. Hansey, the 4th committee amendment was adopted.

Ms. Becker moved adoption of the following amendment by Representatives Becker and Boldt:

On page 18, section 30, line 36 strike all of the language down through the semicolon on line 1, page 19. Renumber the remaining subsections consecutively.

Representatives Becker, Boldt and Moon spoke in favor of the amendment, and Representative Hansey spoke in opposition to it.

POINT OF INQUIRY

Mr. Hansey yielded to question by Mr. Amen.

Mr. Amen: "Representative Hansey, what would the loss be on this? Could you give us some sort of an idea?"

Mr. Hansey: "We checked with the Department of Agriculture who checked with industry. It is a very difficult figure to arrive at because they are not collecting all the money now, but as near as they could tell it was in a range of about \$3,000 to \$5,000, according to the Agriculture Committee Clerk. Incidentally the department did testify that they would like to

see this in the bill to exempt the small producers so that they could more properly administer the bulk of egg sales in the retail stores."

Mr. Moon spoke in favor of the amendment.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "Are we dealing with both amendments at the same time? Representative Moon kept making reference to the second amendment."

The Speaker: "No, we are just dealing with the amendment to page 18, section 30, line 36."

Mr. Boldt spoke in favor of the amendment.

Mr. Ceccarelli demanded an electric roll call, and the demand was sustained.

Mrs. Becker spoke in favor of the amendment, and Mr. Zimmerman spoke against it.

ROLL CALL

The Clerk called the roll on the amendment by Representatives Becker and Boldt to House Bill No. 95, and the amendment was adopted by the following vote: Yeas, 68; nays, 28; not voting, 2.

Voting yea: Representatives Adams, Bagnariol, Barnes, Bauer, Bausch, Becker, Bender, Blair, Boldt, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Eng, Erickson, Fischer, Fortson, Gallagher, Gaspard, Haley, Hanna, Hansen, Haussler, Hawkins, Hurley G. S., Hurley M., Jastad, Kalich, Kilbury, King, Knowles, Kraabel, Laughlin, Luders, Lysen, Martinis, Maxie, McCormick, McKibbin, Moon, Moreau, North, O'Brien, Pardini, Paris, Parker, Perry, Peterson, Randall, Savage, Seeburger, Sherman, Shipoch, Smith E. On page 19, section 30, line 2 beginning on line 2 after "dealers" strike all material down through "eggs" on line 3.

POINT OF ORDER

Mr. Newhouse: "I want to call the attention of the Speaker to House Rule 57 which has been abused a couple of times this morning."

The Speaker: "I'm afraid I don't follow you on the objection. I think that rule would apply to people reading from a paper or taking the substance of the paper and reading—not a person's own scribbles. I think you will all outline, at least I hope you will, what you are going to say in advance because it will go much faster."

PARLIAMENTARY INQUIRY

Mr. Pardini: "By the action of adopting the committee amendment on page 19, line 3, which this body adopted unanimously, the amendment which we have before us strikes out the words—it drops the eggs—and then it leaves a big mixup—almost an omelette. And if I am correct, it would leave the rest of the committee amendment which was adopted. I don't want to get them too scrambled."

The Speaker: "Representative Pardini, we will check your objection here, but the policy has always been to try to perfect before striking."

With the consent of the House, Mr. Boldt withdrew the amendment.

MOTION

Having voted on the prevailing side, Mr. Boldt moved that the House reconsider the vote by which the committee amendment to page 17, line 28 was adopted.

On motion of Mr. Charette, further consideration of House Bill No. 95 was deferred, and the bill was held for tomorrow's second reading calendar.

THIRD READING

HOUSE BILL NO. 48, by Representatives Adams, Parker, Erickson, Freeman, Gaines, Paris, Tilly, Wilson, Hayner and Nelson:

Exempting persons who render emergency care from civil liability under certain conditions.

The bill was read the third time.

Mr. Adams spoke in favor of the bill.

POINT OF INQUIRY

Mr. Adams yielded to question by Mr. Smith (Rick).

Mr. Smith: "Could you tell me, is it the intent of this bill to include ambulance drivers in the course of their employment in the transportation, loading or unloading of injured persons?"

Mr. Adams: "Yes, the emergency vehicle operators are exempt under section 2, subsection 3 as personnel operating in a place where qualified medical personnel practice or are employed."

Representatives Eikenberry, Tilly and Haley spoke in favor of the bill, and Representatives Charette, Smith (Rick) and Gaspard spoke against it.

S., Hurley M., Jastad, Juelling, Kalich, Kilbury, King, Kraabel, Kuehnle, Laughlin, Leckenby, Lee, Luders, Lysen, Martinis, Matthews, Maxie, May, McCormick, Moon, Moreau, Nelson, Newhouse, North, O'Brien, Pardini, Paris, Parker, Patterson, Perry, Peterson, Polk, Randall, Savage, Schumaker, Sherman, Shinpoch, Smith E. P., Sommers, Thompson, Tilly, Valle, Whiteside, Williams, Wilson, Wojahn, Zimmerman.

Enacting a hazardous substance act.

MOTION

On motion of Mr. Thompson, House Bill No. 91 was referred to the Committee on Commerce.

HOUSE BILL NO. 95, by Representative Kilbury:

Adding a new chapter which revises all statutes relating to eggs and egg production.

The House resumed consideration of House Bill No. 95. (For previous action, see Journal, Monday, January 20, 1975.)

The Speaker stated the question before the House to be the motion by Representative Boldt that the House reconsider the vote by which the committee amendment to page 17, line 28 was adopted.

The motion to reconsider was carried.

Mr. Boldt moved adoption of the following amendment to the committee amendment by Representatives Boldt and Becker:

On line 4 of the committee amendment after "containers" and before "except" strike the remainder of the committee amendment.

PARLIAMENTARY INQUIRY

Mr. Pardini: "We have passed the question of reconsideration of the committee amendment, is that correct?"

The Speaker: "Yes, the question before us now is the adoption of the committee amendment."

Mr. Pardini: "It appears to me, Mr. Speaker, that the only vote that we took was on the motion to reconsider."

The Speaker: "Yes, that is correct. Before us presently is the amendment to the committee amendment."

PARLIAMENTARY INQUIRY

Mr. Newhouse: "The rules provide that a motion to reconsider, this just being on an amendment, shall be held on the same day in which it is made. Are we then, when we deferred this bill, precluded on the next day's business of amending that section?"

The Speaker: "At the time the bill was set over for the next day, Representative Newhouse, the motion to reconsider was before us, so that takes the motion to reconsider with it. It is the ruling that we have had for so many years."

POINT OF INQUIRY

Mr. Newhouse requested Mr. O'Brien to yield to question.

Mr. O'Brien refused to yield.

POINT OF ORDER

Mr. Hansey: "Mr. Speaker, yesterday the motion was made to reconsider the amendment to page 19, line 3, because it tied in with the amendment on the floor of the House which was to strike subsection 6 on page 19. Now we are saying that we are reconsidering the amendment on page 17, line 28, and that was not the one that was supposed to be reconsidered."

The Speaker: "The motion to reconsider was directed toward page 17, line 28, according to the Clerk."

PARLIAMENTARY INQUIRY

Mr. Amen: "I am not clear on the floor amendment. Did you say strike everything after 'containers'?"

The Speaker: "Yes. We are striking part of the committee amendment."

With the consent of the House, Mr. Boldt withdrew his amendment.

The Speaker stated the question before the House to be reconsideration of the vote on the House committee amendment to page 17, line 28.

Mr. Pardini spoke in favor of the amendment, and Mr. Boldt spoke against it.

Mr. Kuehnle demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on reconsideration of the committee amendment to page 17, line 28 of House Bill No. 95, and the amendment was not adopted by the following vote: Yeas, 34; nays, 61; not voting, 3.

Voting yea: Representatives Amen, Barnes, Berentson, Bond, Brown, Chandler, Curtis, Deccio, Dunlap, Eikenberry, Flanagan, Fortson, Freeman, Haley, Hansen, Hansey, Hayner, Hendricks, Jueling, Kuehnle, Leckenby, Lee, Matthews, Nelson, Newhouse, Pardini, Patterson, Peterson, Polk, Schumaker, Tilly, Whiteside, Wilson, Zimmerman.

P., Smith R., Sommers, Thompson, Valle, Warnke, Wojahn, and Mr. Speaker.

Not voting: Representatives Gilleland, Kraabel, Williams.

Mr. Boldt moved adoption of the following amendment by Representatives Boldt and Becker:

On page 17, section 26, line 28 after "commerce" insert a period and strike the remainder of the sentence.

Mr. Boldt spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Amen asked Mr. Boldt to yield to question, and he did not yield.

Mr. Amen: "Mr. Speaker, if we pass this amendment, I would like to know what this does to section 30. It says 'The assessments provided in this chapter shall not apply to...' these various areas, that are still in this bill. This is why I have asked for clarification."

The Speaker: "There is a second floor amendment that we will be getting to on page 19, section 30, line 3, which is to strike subsection 6. I think that is the language that you are talking about."

Mr. Amen: "That still doesn't take care of all of section 30."

Mr. Boldt withdrew the amendment.

Mrs. Becker moved adoption of the following amendment:

On page 17, section 26, line 28 after "commerce" strike the remainder of the sentence and insert "except as provided in section 18 and section 30"

PARLIAMENTARY INQUIRY

Mr. Pardini: "Mr. Speaker, didn't we just perfect this same section?"

The Speaker: "It is the Speaker's understanding that we just defeated the committee amendment, and now we are working on the same matter with a floor amendment."

Mr. Kuehnle demanded an electric roll call, and the demand was sustained.

Mr. Boldt spoke in favor of the amendment, and Mr. Hansey spoke against it.

The Clerk called the roll on adoption of the amendment by Representative Becker to House Bill No. 95, and the amendment was adopted by the following vote: Yeas, 59; nays, 34; not voting, 5.

The Speaker instructed the Sergeants at Arms of the Senate and the House to escort the President of the Senate, John A. Cherberg and the President Pro Tempore of the Senate, Al Henry, to seats on the rostrum beside the Speaker.

The Speaker instructed the Sergeants at Arms of the Senate and the House to escort the Senators to seats within the House.

The President of the Senate presided.

The President of the Senate called the Joint Session to order.

The Secretary of the Senate called the roll and all members were present, except Senators Herr, Keefe, Odegaard and Rasmussen, who were excused.

The Clerk of the House called the roll and all members were present.

The President appointed the following committee to notify the Governor that the House and Senate were in Joint Session and to accompany him to the House Chamber: Senators Ridder, Jones and Knoblauch; Representatives Charette, Chatalas and Newhouse.

The President requested the following special committee to escort the elected state officials to seats within the House: Senators Bailey, Benitz and Woody; Representatives May, Gaspard and Pardini.

The President: "Honored members, ladies and gentlemen: The legislature is honored with the presence of a very renowned and illustrious visitor, the Honorable Soren Sommerfelt, Ambassador of Norway. Would Representatives Jastad, Jueling and Kilbury and Senators Walgren, Matson and Peterson please escort the Honorable Ambassador to the rostrum."

The Sergeants at Arms of the Senate and House announced the arrival at the bar of the House of Governor Daniel J. Evans, and the President requested the special committee to escort him to a place on the rostrum.

The President: "Mr. Speaker, Governor Evans, Ambassador Sommerfelt, Reverend Father McLellan, ladies and gentlemen: We are honored this morning to have with us a world renowned diplomat. This occasion is of special historical significance and this is the first time that an ambassador of one of the world's finest democracies has appeared before the Joint Session of the Washington State Legislature. It has been 150 years since, in 1825, a small vessel set sail from Norway for the United States of America with 52 people aboard. Since that time there have been many wonderful citizens migrate from Norway to the United States, many of whom have had the very good judgment to come directly to the state of Washington. It is my honor to proudly present His Excellency, the Honorable Soren Sommerfelt, Ambassador of Norway."

Ambassador Sommerfelt: "Mr. President, Mr. Speaker, Governor: I'm not only greatly honored to be able to stand here before you today, but I'm also rather deeply moved. I can assure you that it is the first time such an honor has been bestowed upon me. As you mentioned, Mr. President, the main reason why I'm here in the state of Washington is that I attended an opening ceremony in Seattle for the celebration of the sesquicentennial of organized Norwegian immigration to the United States, and I find it symptomatic that the first ceremony of this kind should take place here in this state. For a long time the northern mid-west was known as the stronghold of what has been called the Norwegian-American and many still think it is. The expression, the Norwegian-American, today obviously is much less

appropriate since the great wave of Norwegian immigrants of the past have been constantly assimilated within your homeland. Nevertheless it is interesting to note that today the West Coast states have the greatest number of Americans of Norwegian stock. That's one reason why I find it symptomatic and appropriate that the first opening of the Sesquicentennial Jubilee should take place here. But at the same time, it's evident that this state is one of the states which nowadays attracts the greatest number of Norwegians. It is a witness of the dynamic development which takes place here, and is now a good reason for inaugurating the celebration here.

"The first Norwegian immigrants came mainly in quest of farmland, but the state of Washington offered them opportunities also in other fields that appealed to them, as in fishing, forestry, shipping and trading—and later on still other opportunities. Here existed a stronghold in reflecting the trend of modern society—scientific research now in Washington seems to be a particularly strong magnet. Then, of course, for a Norwegian coming out here, it is not difficult to find himself at home. I personally had the offer of trying out your cross-country skiing when I arrived here last Saturday. There are, in effect, many striking similarities between your state and Norway.

"I have a feeling that you are going to talk something about energy in this very room today, and I can assure you that no hour, no day goes by in my country without that particular problem being discussed. We are ourselves on the threshold of exploiting the petroleum resources on our part of the continental shelf off our coast, and this exploitation and the development of Norwegian industries related to off-shore drilling, have already created new links between my country and the United States. Norwegian subsidiaries of American oil companies are actually on the continental shelf. Norwegian enterprises are building drilling rigs, production platforms, supply ships, for American companies, among others, and of course we are using American equipment and still using financial resources from the United States. Other Norwegian companies have acquired interest in domestic U.S. oil companies, and so on. I think one particularly interesting feature is the fact that a small American oil community has settled in the same community in Norway, the very port from where the immigrant vessel, 'The Restoration,' left Norway 150 years ago, on the fourth of July, 1825. The celebration this year of the sesquicentennial will have started before that date, but on that date the departure of the first immigrant vessel will be restaged and another Norwegian sailing ship, a training ship for young sailors, known to you perhaps as a windjammer, will set sail for America. Among the calls this ship will make (unfortunately only on the East Coast) will be New York, where the Restoration landed on the ninth of October, 1825, after a trip of eight weeks. His Majesty King Olav will then just have arrived in New York to start his tour of approximately three weeks to the United States where he has been invited to visit the main areas where Americans of Norwegian stock live. He will, I might say, of course, have included into his itinerary, Seattle. The details of the program are still subject to his majesty's consent. This program could not have been worked out without the support of the state of Washington. At present, the first successful celebration of the sesquicentennial in this state and in other states is, I'm sure, thanks to the already solid foundation upon which the Norwegian-American friendship rests.

"As I said, I'm deeply honored and deeply moved to have been able to express my gratitude to you who are the elected representatives of the people of the State of Washington. I thank you." (Applause)

The President: "Thank you very much, Mr. Ambassador. Mr. Speaker, honored members of the Senate and House, ladies and gentlemen: The President is glad to have the pleasure and privilege of presenting to you His Excellency, the Honorable Daniel J. Evans, Governor of the State of Washington."

ENERGY AND TRANSPORTATION MESSAGE

The Governor: "Mr. President, Mr. Speaker, Mr. Ambassador, ladies and gentlemen of the Legislature, and my fellow citizens: For the second time in less than two weeks I am here before this body to bring a message of importance. In this case a message of particular importance to the future well-being of the citizens of our state. Energy is talked about, and has been over the last couple of years, as few other subjects. We meet here today in a time of international economic recession—international economic recession influenced by factors unprecedented in modern history. The growing world-wide demand for raw materials and basic resources coupled with supply shortages have led to classic examples of price escalation as nations compete with each other for scarce commodities. As our nation over the past generation led the world in a new industrial revolution, we quickly became major consumers of

the world's raw materials. Today the United States, with six percent of the world's population, uses over thirty percent of the world's energy supplies. If all of the world's population were as demanding of energy and other natural resources as our citizens, we would be consuming energy on a world-wide basis at five times the present rate. And we would have long since faced up to the chaos or the solution of our energy conundrum.

"We all face, then, a major shift in priorities, in consumption, and in our style of life, if we are to have any hope of presenting to our children a lifetime of peace and of potential prosperity. Our technology can help. Science and human ingenuity can lead to responsible answers, but only—only if we collectively can give technology and the ingenuity time to react to the rapidly developing crisis which envelops the industrialized world.

"In the interim, conservation must be our constant companion. The alternatives are mandatory conservation, mandatory conservation through rationing, rationing of scarce goods, or simply empty shelves. Price conservation, price conservation through heavy and selective taxation, price conservation which too often falls most heavily on those least able to cope, or voluntary conservation, a voluntary conservation which I am still convinced could provide the needed slowdown in consumption if generally and enthusiastically understood and supported by this nation's population. But we better understand that whether by decree or by voluntary action, conservation in some fashion must and will occur.

"The nation is beginning to respond. Recent reports we have received indicate that while automobile sales in this nation for the first ten months of last year were down by more than twenty percent, the sale of compact and high-gas-mileage automobiles was up by more than twenty-one percent. I believe there is, at least in this state, a general respect for the fifty-five mile an hour speed limit which in itself conserves vast critical oil supplies. But these efforts must be expanded by constant attention to careful home heating, industrial conservation practices, better insulation, stronger recycling efforts and a consistent personal determination to use the family automobile in a more rational and even a more limited fashion. Now all of these are simple, mundane, but collectively could be dramatic measures. Uniform adherence to these and similar acts could allow this nation to reach the goal set by President Ford of reducing oil imports by one million barrels a day.

"Now that modest goal—that is a modest goal—represents a six percent reduction in current usage. A six percent reduction which must be achieved. A six percent reduction which is now argued over in the Congress and at the executive levels of our land, not as a goal, but only in how to achieve that goal. I believe it could far better be accomplished through voluntary support rather than by mandatory or expensive alternatives suggested by others.

"In an effort to lead in this goal, I am asking state government to reinstitute the conservation programs much as they were in existence during the electrical crisis of a year ago. I shall seek from this legislature a Resource Recovery Act—a Resource Recovery Act to set in motion major efforts toward recycling and reuse and even innovative new use of critical once-used materials. I will establish a council composed of the suppliers of various forms of energy to meet with me so that we can all work cooperatively in our efforts toward overall energy conservation while maintaining the broadest and strongest possible industrial and job base.

"We cannot afford during this period of energy shortage to see the increasingly critical and sometimes contradictory competition between energy suppliers each trying to obtain the maximum share of a dwindling market.

"I cannot overemphasize then the importance of conservation. Even though the reservoirs are now full and the gas stations are now pumping and our homes are still well heated, an energy crisis far more severe than that of last fall and last winter could loom over us. It is imperative that every citizen examine his and her priorities in the use and the consumption of energy. I believe it is far better for this crisis to be met by voluntary action of all citizens rather than the harsh, governmentally imposed mandates of rationing or heavy taxes. Washington citizens have demonstrated before that they care enough about their state and its future to respond to the crises of the past. And I am confident that we will do so again.

"If energy is in short supply throughout the world, so too, is food. Worldwide problems of hunger expand as populations of underdeveloped nations increase faster than the world's food supply. Although we see abundance all about us, hunger is not unknown even here in our state of Washington. One of our current challenges, certainly a challenge of this body during this session, is to insure that adequate food for the sustenance of life is available to all. Absolutely necessary to that goal is the production of sufficient food to meet the world's population. We, here in Washington, have a unique combination of water, weather and land to provide increasingly for our nation's food supply and for overseas export. Response to our

Alternatives for Washington questionnaire and the polls indicate clearly a preference for a future Washington emphasizing agricultural development and the protection and the utilization of our unique land base. We can, during this legislative session, provide state leadership in promoting these goals.

"A critical element in agricultural production is water. Water, once thought to be abundant, may prove to be our most precious natural resource. And while we appear to have sufficient supplies for industrial and municipal and personal purposes, it is agriculture that represents again our greatest challenge. Irrigation of present farm lands now takes over two-thirds of the total consumptive water use in our state. And our limits on further irrigation may not be the limits on available land itself but rather on sufficient supplies of water.

"These facts and Washington's future development make diversion of Northwest waters to other river basins unthinkable. Not necessarily undoable, but unthinkable. Our mandate then is to provide the necessary laws and to help insure adequate financing so that our full water potential here in our state is realized. One necessary element lies in cooperative action with our neighboring Northwest states. I urge you now to join with me in renewing negotiations for a suitable Columbia Basin Compact and to implement, this session, a special section of that compact, a fisheries compact, for the Columbia River which would add necessary Idaho and Indian interests to those existing participants of Oregon and Washington. I realize well from my own experience and those of some of you still sitting in this body, the controversy in past years over a proposed Columbia Basin Compact. I believe, or at least I hope, that some of those conflicts of the past have been now mitigated and that the needs for cooperative action of the states in the Northwest is now so great that renewed negotiations will be productive.

"I will also seek to continue our efforts through the Pacific Northwest Regional Commission in meeting with the Bonneville Power Administration and ultimately with our Canadian neighbors and certainly with the Bureau of Reclamation to help insure a regional view, harnessed with a federal view, in the use of this great water resource.

"To initiate the next phase of land development, I have asked that twelve and a half million dollars be set aside in the budget for matching necessary federal money to begin construction on the Bacon Siphon and Tunnel, a critical key to the potential development of over 500,000 acres of irrigable land. I will work closely with you and with our fine congressional delegation, a powerful one I might add, in this effort. Upon completion of the Bacon Siphon and Tunnel, a Phase II program could begin then which would bring 155,000 of that half million acres under irrigation in the reasonably near future.

"In other areas of Eastern Washington, it may be possible to assist in the development of new lands through a proposed Irrigation Project Development Act. Interestingly, this act is virtually a renewal of an act which was on our books for many, many years and for some reason repealed a few years ago. Through this act the state could assist in the development of areas not suitable for assistance through federal projects such as the Bureau of Reclamation projects and those projects not subject or not open or feasible for private development. I believe we should depend, however, to the extent we can, on private development of farm acreage and on shared federal and state development of remaining large projects.

"I shall ask for studies to be commenced immediately on the potential of full scale combinations of nuclear plant development, utilizing the cooling waters for major irrigation purposes. Most groundwork has already been laid. Much experimentation has been carried out. I believe there are at least a couple of potential areas where major projects combining together power development and irrigation of farms could be instituted. All of these proposals emphasize the increasingly precious nature of our water resource—a resource which by law and our Constitution is reserved to the people of this state. It is a public resource which should have its value reflected in public benefits. Custom and tradition have helped create a system of water rights which provide perpetual and free rights to water on successful application.

"I believe there is more than a striking similarity between the water resources of the public in this state and timber on our public lands. The contrast in income to the public is equally striking. Last year timber sales brought more than a hundred million dollars to state government for public purposes. Water—essentially nothing.

"I will ask this legislature, then, for a water rights permit system which will have the effect first of ratifying all of the current applications and claims for water rights of less than 5,000 gallons per day. We have been receiving applications over the past few years under existing legislation. More than 180,000 have been submitted. This ratification of all small claims would ratify more than 100,000 of those 180,000 applications. Secondly, for large,

commercial and industrial and agricultural purposes, the establishment of a system of long-term permits, but not perpetual water rights—long-term permits of up to fifty years, long-term permits for periods that would allow full amortization of the investment made by anyone in the development of water and its use on that land. I will ask that a moderate charge be made for water issued under these permits so that some revenue can accrue to the people of the state for the use of this valuable resource. And let me reiterate that no charge should be made or legislatively authorized that could harm or make impossible the economic use of land for production. I will further ask that insofar as public benefits are provided by a potential user, such as opening lands to hunting or the establishment of conservation projects, that these benefits be utilized as an offset against any potential such water charge.

"The income from this proposal should be utilized in much the same fashion as income from the management of our state lands. Twenty percent for continued management of our water resources and eighty percent to help finance the further development of irrigation and water supply for agricultural and industrial purposes. This could allow our state to have a continuing source of revenue to help others in the development of these needed resources for the benefit of all. I emphasize most strongly that any such system should have a sufficient term to allow full amortization of investment to make the land productive and that any charge be well within the economic capacity of the proposed land use.

"The future of agriculture is a bright one for this state. New crop developments such as soybeans, wine grapes and other commodities will further diversify and intensify Washington's agriculture. I will ask the legislature to add to the budget I have already presented, extra financing for specialized agricultural research—particularly research designed to further increase the productivity and diversity of Washington farms. I shall ask our Departments of Commerce and Economic Development and Agriculture to act jointly on encouraging the integration of agriculture and food processing facilities. I shall ask for some additional resources for our economic assistance authority and an added emphasis from the Washington Futures bond issues to insure that necessary utilities and other ancillary facilities are provided to make the growth of food processing, an agriculturally-oriented industry, a reality in this state.

"Marketing of agricultural output is of equal importance to production itself. Both independently as a state, and jointly through the Pacific Northwest International Trade Council, I will continue to emphasize foreign markets and trade development. While basic agriculture in Washington is nearly a two billion dollar a year industry, we are just beginning to realize the potential which ultimately may represent our most important contribution to the nation's well-being.

"Closely related to the twin challenges then, of agricultural development and conservation, is that of energy and the expansion of our energy supply. I am grateful to our Energy Council and to the citizens who serve on it. They have presented a comprehensive report with specific proposals to me and to this legislature. This report is on your desks along with the current biennial report of the Department of Ecology on water resources. These documents deserve your close attention for they describe not only the problems facing us but also point the way toward rational solutions.

"Energy is a difficult and an elusive issue. Competition, pricing, supply and conservation are all interrelated and too many times contradictory. We must act to develop comprehensive energy policies to insure minimum economic disruptions, protection against devastating price increases, encouragement of further energy development and the preservation of our precious environmental quality. This legislative energy package, I believe, will help lead us to this ambitious goal.

"I ask first for the establishment of an energy office. It should be a small agency, directly reporting to the Governor and not a line department, not regulatory in nature, concentrating on the technical and research coordination necessary to aid energy decision-making. This energy office should have a citizen advisory committee to bring to it and to bring to state government the input of citizens of our state. I shall also ask that a small group of cabinet officers join with me as a policy-setting group insofar as executive policy is required.

"Fundamental energy policies, I believe, should and must be established by legislative act and carried out through executive action aided by this new energy office advised by a citizen council and appropriate cabinet officers.

"In order to carry out details, then, of an energy policy, I ask that the existing Thermal Power Plant Siting Council be expanded in function to become an energy siting council. This energy council would carry out the policy directions of the legislature and the executive. And it would react to applications for construction of major energy projects and energy corridors.

This council should have as one of its prime responsibilities the collection of information, the assimilation of that information and the decision making as to applicants, so that we can minimize the lead time necessary between application and on-line production through new energy sources. In addition, I believe this council should assume one new responsibility and that is to help in the identification and in the potential preselection of sites for major energy-oriented projects. The preselection of such sites could further shorten lead time and allow energy-producing entities to come on line earlier than otherwise we could expect. Such a council would neither supersede nor override necessary local or environmental controls.

"The disruption caused by energy shortages was demonstrated twice in the past year. In the electrical and the gasoline crises, emergency procedures were required. I believe that it is imperative that we pass standby emergency legislation. Legislation that would establish an emergency allocation committee of legislators and citizens to help give guidance during periods of acute energy shortage. I also ask that you more clearly define the authority for gubernatorial action when faced with catastrophic or immediate emergencies where the safety and health of our citizens is threatened and no time is available for committee or special legislative action.

"Again, I ask this legislature for a Department of Transportation as a major element in energy management and energy conservation. Over forty percent of the total petroleum usage in this state is transportation related. And thus at least that much of the solution to petroleum energy shortages must come through changes in transportation. The state must be involved in overall transportation planning and management. Now I heard, as your did, the President's message which has as a goal the reduction of a million barrels of oil consumption. Now whether it is done by rationing or price or in voluntary conservation, I believe we all must predicate our assumptions for the next biennium on that reduced use and as a result reduced income from gasoline taxes.

"I recognize the precarious nature of the funding, then, for our highway system. And I pledge to work with this legislature and with each of you in the development of necessary and secure funding for both our highway system and for our growing mass transportation needs as energy shortages persist. This three part transportation package can aid immeasurably in our drive toward energy self sufficiency.

"Probably no greater environmental fear exists in the State of Washington than that of a major oil spill. Petroleum needs, however, will continue and during the course of the past year we have had dramatic indications from our Canadian neighbors that traditional supplies can no longer be depended upon. As Canadian sources via pipeline dwindle and disappear as I suggest they will, it is apparent that more crude oil necessarily must be supplied by sea. The alternative to that is a restriction and, ultimately, the closure of some existing refining capacities.

"A high priority, then, must be an oil transport and safety act. This proposal would, as a state policy, confine oil supertankers to the Straits of Juan de Fuca west of Port Angeles. Allowance would be made for continued supply of existing facilities by smaller tankers. An oil transfer authority would be established which could build and manage a single point oil transfer facility if such a facility was found both desirable and feasible. Delivery of oil supplies to a single point for further distribution by pipeline could minimize environmental hazards while providing the basis for necessary oil and perhaps even natural gas supplies. This site of transfer could, again, if desirable, ultimately be the site of a potential complex of associated industries. This proposed act would assess a four cent a barrel transfer tax on all oil imported by tanker in the state for the dual purposes of development of safety procedures and oil spill countermeasures. And I do not believe we have an adequate response available to us today for a major oil spill and we immediately and desperately need that kind of countermeasure availability. It will also provide revenue for the potential construction of a transfer facility if we desire one.

"We face an unprecedented combination of exterior influences on our economy and on our future development. A growing interdependence of nations and of states may frustrate us today, but ultimately could lead to long-term peaceful coexistence. Our generation has witnessed the dawn of an atomic age, man's first faltering steps into the solar system, and a desperate need for a new conservation ethic as we push the outer limits of world resource supply. This age we are now entering demands new economic and fiscal, as well as personal, responses if we are to build a secure future. The challenge before this legislature this year is to begin to establish a comprehensive growth policy and direction for the citizens of our state. To do all of that, it is necessary to encourage the development of Washington's great land and water resources for the benefit of ourselves and our neighbors and to ensure that a cheap,

clean, abundant energy supply is available to work as hard and as well for our children as it has done for our generation."

(Applause)

HOUSE JOINT RESOLUTION NO. 5, by Representatives King and Hayner (by request of Committee on Constitution and Elections of the 43rd Legislature):

Amending the Constitution to change the amendment process thereof.

The resolution was read the third time.

Mr. King spoke in favor of the resolution.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Pardini.

Mr. Pardini: "Mr. King, thank you for the explanation of the constitutional amendment, and it is a significant constitutional amendment. Knowing you have been the Chairman of the Constitution and Elections Committee for the past two years and have that responsibility again, the question of the gateway amendment which will allow us to modify the Constitution—do you have the feeling from your committee that passage of this would not preclude the considerations of a call for a constitutional convention?"

Mr. King: "That is certainly something that was raised in committee and I am personally a supporter of a constitutional convention. I think that many of the members of the committee are legitimately concerned about it. We feel that even if the legislature were able to muster the two-thirds vote necessary and a constitutional convention was called, by the time they finished their work enough time would have been passed that it would be valuable for this legislature, even so, to have the tool of a narrow gateway amendment for proposals that might be presented in the meantime, if for no other reason than to present to the people in somewhat refined language some of our ideas about what should be amended in that Constitution."

POINT OF INQUIRY

Mr. King yielded to question by Mr. Newhouse.

Mr. Newhouse: "For the record, Mr. King, in your estimation, under this proposal what would be the minimum number of questions that might be submitted to the people to revise the whole Constitution of the state as presently written?"

Mr. King: "I would guess, and we really haven't researched that, but my thought would be that the way the amendment is written we would probably have to have the same number of proposals before the people as there are Articles in the Constitution—and that's off the top of my head."

ROLL CALL

The Clerk called the roll on the final passage of House Joint Resolution No. 5, and the resolution passed the House by the following vote: Yeas, 92; nays, 3; not voting, 3.

MOTION

On motion of Mr. Conner, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 2033 as amended by the House was placed on final passage.

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. Newhouse.

Mr. Newhouse: "Mr. Bauer, I am concerned about the amendment of Mr. Hanna's which we adopted. It would apply only to common schools, colleges and universities and I am concerned whether common schools, by definition or otherwise, can include private schools of the same age groupings."

Mr. Bauer: "His language did not strike the language on line 20 '...whether for public or private.' I would think from that that it does include private."

Mr. Ehlers spoke in favor of the bill.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Warnke.

Mr. Warnke: "Representative Ehlers, since you seem to have the background on this bill, I wonder if you can explain to me a question that popped into my mind. When we talk of physical exams, nowhere in this bill does it define what that exam will consist of and I wonder, does that mean that it's left to the discretion of the M.D. or the coach, or who is it left to and what type of exam does the student have to go through, other than perhaps answering the question, 'How do you feel tonight?'"

Mr. Ehlers: "There are rules and regulations in the AAU, the NCAA, the NARAN, as well as the WIAA, setting out the guidelines for the extent of the physical. There are some other specific rules and regulations regarding the type of physicals and there are also rules and regulations in those organizations which coordinate those types of athletics which require that when an athlete has been injured he must pass some additional physical requirements, being examined by a physician, and they must be appropriate. There are a number of forms which these organizations do provide and these must be presented to the school and the school district before that athlete can resume the athletic competition. While it doesn't outline specifically in the bill how extensive the exam should be, I think there are a number of rules and regulations which these organizations do cover."

Bless our representatives as they do their homework today. Grant that through their committee effort there will accrue to them a prophetic wisdom equal to the demands of these uncertain times. Amen."

The bill was read the second time.

Representative King moved adoption of the following amendment by Representatives King and Brown:

On line 8 after "maintain" and before "in" strike "at all times" and insert "during regularly scheduled school hours and for any general meetings of parent-teacher organizations"

Mr. King spoke in favor of the amendment.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Newhouse.

Mr. Newhouse: "I bring up a question on your amendment, Mr. King, that I just noticed. If there were one deputy registrar on the faculty of a certain school this would require that that one must attend any parent-teacher meeting?"

Mr. King: "Well, I suppose that would indicate he would have to attend. I would hope that there would be more than one deputy registrar in the school. The main thing is to get the deputy registrar to be present when the parents come in for the school carnival or the annual function—that sort of thing."

The amendment was adopted.

MOTION

On motion of Mr. Newhouse, further consideration of House Bill No. 76 was deferred, and the bill was ordered placed at the bottom of today's calendar.

HOUSE BILL NO. 123, by Representatives Martinis, Bausch, Clemente, Hansey, Whiteside, Kilbury, Conner, Hurley (George), Smith (Rick), Bond, Moreau and Hendricks:

Imposing a penalty assessment on game law violations.

The bill was read the third time and placed on final passage.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mr. Hansen.

Mr. Hansen: "Is there any way that this added revenue could go into the fund to acquire more land?"

Mr. Martinis: "I would have to answer that yes, because the funds are not earmarked in the bill. We say that the funds will go to the ongoing training program for wildlife agents mainly because the department is spending additional funds and it will be a big help to take care of the expense involved. These funds go directly into the game fund and could be appropriated by this legislature for land acquisition, yes."

Representative Hansen spoke to the bill, and Representatives Martinis and Schumaker spoke in favor of it.

SECOND READING

HOUSE BILL NO. 76, by Representatives Fortson, Lysen, Chandler and Erickson:

Providing a deputy registrar in each public school.

The House resumed consideration of House Bill No. 76.

The bill was read the second time.

Mr. Brown moved adoption of the following amendment:

On page 1, line 8 after "school" and before "in" insert "with two hundred or more pupils"

Representatives Brown and Newhouse spoke in favor of the amendment, and Representatives King and Fortson spoke against it.

Mr. Conner demanded an electric roll call, and the demand was sustained.

POINT OF INQUIRY

Mr. Brown yielded to question by Mr. Flanagan.

Mr. Flanagan: "The way this is worded in the bill, it says '...the county auditor shall appoint and maintain at all times...' It makes it sound as though the county auditor is going to maintain this person at all times and will have to pay that cost of maintaining the person, is that correct?"

Mr. Brown: "I think what that really means, at least to me, is that he not only initially appoints one, but if something happens to that one, he appoints another one so that he sees that there is one there continually. There isn't any cost to this essentially. Deputy registrars get a very small fee, 20 cents, I believe it is—some such fee for each registration, but that is the only cost. Otherwise there is no cost at all to having this person designated."

Mr. Flanagan: "If there is nobody there, he's still supposed to have somebody there, the way that is worded?"

Mr. Brown: "Well, Representative Flanagan, I think this is the problem with the bill without the amendment that I have offered. We literally would be forcing some auditors to violate the law through no fault of their own, that is true."

ROLL CALL

The Clerk called the roll on the adoption of the amendment by Mr. Brown to House Bill No. 76, and the amendment was not adopted by the following vote: Yeas, 38; nays, 57; not voting, 3.

Voting yea: Representatives Barnes, Berentson, Blair, Bond, Brown, Chandler, Curtis, Eng, Gaines, Gallagher, Gilleland, Haley, Hansey, Haussler, Hayner, Jastad, Juelling, Kilbury, Knowles, Kraabel, Kuehnle, Leckenby, Luders, Matthews, May, Nelson, Newhouse, Pardini, Paris, Patterson, Peterson, Polk, Schumaker, Smith E. P., Sommers, Valle, Warnke, Zimmerman.

Voting nay: Representatives Adams, Bagnariol, Bauer, Bausch, Becker, Bender, Boldt, Ceccarelli, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Deccio, Douthwaite, Dunlap, Ehlers, Eikenberry, Erickson, Fischer, Flanagan, Fortson, Freeman, Gaspard, Hanna, Hansen, Hawkins, Hendricks, Hurley G. S., Hurley M., Kalich, King, Laughlin, Lee, Lysen, Maxie, McCormick, McKibbin, Moon, Moreau, North, O'Brien, Perry, Randall, Savage, Seeberger, Sherman, Shinpoch, Smith R., Thompson, Tilly, Whiteside, Williams, Wilson, Wojahn, and Mr. Speaker.

Not voting: Representatives Amen, Martinis, Parker.

House Bill No. 76 was ordered engrossed, and passed to the Committee on Rules for third reading.

NOTICE OF AMENDMENT TO RULES

Mr. Charette served notice that he would, on the next working day, offer amendments to the House Rules.

Representatives Eikenberry and Pardini served notice that they would also, on the next working day, offer amendments to the House Rules.

POINT OF PERSONAL PRIVILEGE

Mr. Newhouse: "Mr. Speaker, ladies and gentlemen: I think you have all heard of the demotion, I would say, of one our members. We would like to wish Mr. Kraabel well on his new endeavors. We have enjoyed working with him; he's spent a lot of talent and time and effort into his struggles in the legislature and I think we ought to give him a hand as he leaves us next week for the Seattle City Council."

POINT OF PERSONAL PRIVILEGE

Mr. Kraabel: "In view of the fact that you won't have many more of these to put up with, I would request a point of personal privilege."

The Speaker (Mr. O'Brien presiding): "State your point of personal privilege, Mr. Kraabel."

Mr. Kraabel: "Thank you, Irv, for your very kind words. I think that considering the problems that face this state—the problems you are going to have to wrestle with—you could make a good case for my leaving as being a simple act of cowardice. I would like to say goodbye, not that I am disappearing from the face of the earth. I have made many friendships here which I very much value and I hope that they will continue and I urge you to drop in and keep up the contacts we have had. There is no such thing as a demi-membership in this organization—either you're in or you're out and as of next week, I will be out and I regret that very much. I'm leaving, as I have explained, basically because I have been in this legislature for four years and find that, particularly in the interim, the time it demands to try to do a good job for your employer who is paying you a good wage to work for him—you know if you do a good job then you are short-changing the people who elected you, and if you do all legislative duties then you are short-changing the man who is paying you and he gets kind of tired of that after awhile. I had come to sort of a decision to get either in or out and afterwhile this opportunity presented itself, I tried for it, was successful and I am grateful for that. We will give it a try. It was a very difficult decision. I won and I am looking forward very much to working with the Seattle City Council, which I think is an outstanding group of people. At the same time I regret leaving this body very much. I will miss you all and I wish you well."

POINT OF PERSONAL PRIVILEGE

Mr. Leckenby: "I would like to address Mr. Kraabel and the members of the House in regard to his new duties. I would like to suggest that the health of this country is dependent upon the good health of the communities where we are going to become a better, greater country when we recognize that solutions are not made in Washington, D.C., but they are made in the communities and the cities and the counties and at the state level, and that the federal government is going to be continually stumbling as long as we depend on them to take care of our local problems. I would suggest to you that Mr. Kraabel is taking a step upward when he starts to tackle the problems at home so that we at the state level can then have some healthy communities to work with. I commend him for taking this step. Thank you."

The Speaker (Mr. O'Brien presiding): "Well, Mr. Kraabel, I also want to wish you well in your new endeavor. You have been a very conscientious member of the House of Representatives and I have joined with you on several bills. I know that our loss is going to be the City of Seattle's gain. Best of luck."

MOTION

On motion of Mr. Charette, the House adjourned until 10:30 a.m., Wednesday, January 29, 1975.

LEONARD A. SAWYER, Speaker.

DEAN R. FOSTER, Chief Clerk.

SEVENTEENTH DAY

MORNING SESSION

House Chamber, Olympia, Wash., Wednesday, January 29, 1975.

The House was called to order at 10:30 a.m. by the Speaker. The Clerk called the roll and all members were present except Representative Pardini, who was excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Kathy Winch and Darren Bunnell. Prayer was offered by Reverend Charles Loyer of Westminster Presbyterian Church of Olympia:

"Almighty God, Who has given to man the governance of his own affairs, we are grateful for the seasoned veterans of this Chamber and for the novices, who more recently have come to grace its halls. Grant that during this session there may be a happy marriage between the bearers of tradition and the innovators. Give us, in these days of unrest and change, some who are ready to pose new answers to old problems and others who know a Pandora Box when they see one. Bless us all, legislators and constituents alike, with a fresh baptism of common sense and a restored faith in the workability of the democratic process. Amen."

Sharpen their powers of discernment that they may distinguish between good and better legislation. And help them to weigh with care the propaganda of pressure groups, who, not waiting for the world to beat a path to their door, but ranging through hall and corridor, often insist that they have not merely a better, but the only mouse-trap. Amen."

The results of the motion are as follows: If determined in the negative, the consideration goes on as if the motion had never been made; if decided in the affirmative, the presiding officer, without debate, proceeds to put the question.

RULE 78. The veto message of the governor accompanying any bill passed by the legislature, together with the bill vetoed, shall be read in the house. It shall then be in order to proceed to the reconsideration of the bill, refer it, lay it on the table, or postpone its consideration to a day certain.

The merits of the bill may be debated before the vote is taken, but the vote on a vetoed bill cannot be reconsidered.

Mr. Williams spoke in favor of the amendment.

On line 4 of the Douthwaite amendment strike "an electric roll call" and insert "a recorded"

POINT OF ORDER

Mr. Newhouse: "It would appear to me that the basic amendment by Mr. Douthwaite is in error or at fault. It would purport to insert a Rule 69, evidently changing the language, but I don't see any striking language in it. Does it just add new language?"

The Speaker (Mr. O'Brien presiding): "Apparently, Mr. Newhouse, what has been done here—in the second paragraph he has added new material. The new material is underlined. The material is all there, it could probably have been prepared in a different manner."

"The chief clerk shall post on the bulletin board the time, place and agenda of all public hearings to be held by committees at least 5 days prior to the date of the hearing. 'Public hearings,' as used in this rule, shall mean any committee meeting at which testimony has been invited from the general public on a particular subject. ((All public hearings held by committee during the first forty days of the session shall be scheduled at least five days in advance and shall be given adequate publicity.)) The chief clerk shall post the time, place and agenda of all standing committee meetings at least 48 hours in advance, provided that within the last ten days of any regular legislative session, the chief clerk shall post the time, place and agenda of all standing committee meetings at least 8 hours in advance. The committee chairperson may continue a public hearing to a following day by announcement at the scheduled hearing. This announcement will serve as proper notice of such continued public hearing."

The Speaker (Mr. O'Brien presiding) announced that the amendment would be withdrawn due to lack of a motion to adopt it.

Mr. Charette moved adoption of the following amendment:

On page 15, Rule 81 on line 3 of the last paragraph strike "one-third" and insert "one-sixth"

Mr. Charette spoke in favor of the amendment.

POINT OF ORDER

Mr. Pardini: "The remarks to which Mr. Charette is addressing himself have not yet appeared before the body. We are ready and willing to debate the next issue when it comes before us. I'm not sure it's pertinent to this amendment, Mr. Speaker."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "It is my opinion that Mr. Charette is in order. He is stating some of the reasons why he is having this proposed change in our rules and on the basis of explaining his position, I rule that he is in order."

Mr. Charette continued his remarks in favor of the amendment, and Mr. Eikenberry spoke also in favor of the amendment.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Kuehnl.

Mr. Kuehnl: "Representative Charette, before I can vote intelligently on this amendment, I need your interpretation of the rule as it is now written. It says 'When a bill has been presented to a standing committee by its chairman, if the motion to report out fails for want of a majority favoring, one-third (or one-sixth) of the members of such committee may demand that the vote be recorded and filed with the chief clerk...' My question, Representative Charette, is as regards the language 'fails for want of the majority favoring.' At the time that the motion to pass would be made in committee, then the determination that a majority favor or a majority did not favor, would be made at that time on the basis of a majority of the committee, or a majority of those present? What I am trying to determine is, does a bill fail to pass out of committee unless it received, at that time, by a vote of those in attendance, a majority vote of the entire committee, or are you talking about a majority vote of those in attendance?"

Mr. Charette: "I believe that it requires a majority vote of the entire committee."

The amendment was adopted.

Mr. Eikenberry moved adoption of the following amendment by Representatives Eikenberry and Pardini:

On page 15, Rule 81, fourth full paragraph beginning with "When" strike the entire paragraph and insert "When a bill has been presented to a standing committee on a motion to report out, or any other motion that would kill the bill within the committee, the vote of each committee member shall be reported and filed with the chief clerk of the House and spread upon the Journal."

Mr. Williams moved adoption of the following amendment to the Eikenberry/Pardini amendment:

On line 3 of the Eikenberry/Pardini amendment strike "would" and insert "could"

Representatives Williams and Pardini spoke in favor of the amendment to the amendment, and it was adopted.

The Speaker stated the question before the House to be the amendment to Rule 81 as amended.

Mr. Eikenberry spoke in favor of the amended amendment, and Mr. Charette spoke against it.

Mr. Hansey demanded an electric roll call, and the demand was sustained.

Mr. Pardini spoke in favor of the amended amendment.

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Hurley (George).

Mr. Hurley: "When you were a member of the majority, did you propose this rule?"

Mr. Pardini: "I can't remember."

Representatives Hurley (George), Charette and Smith (Rick) spoke against the amendment, and Representatives Eikenberry and Polk spoke in favor of it.

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Randall.

Mr. Randall: "Would a motion to defer further action constitute killing, in your mind? I guess the question is: How do you determine when a motion kills a bill within a committee? It's pretty vague here."

Mr. Pardini: "When a bill has been presented to a standing committee on a motion to report out, I think that would place the bill before us, Representative Randall. A subsequent motion to defer further action on that bill would be an attempt to stop the progress of that bill. I think that interpretation could be very easily construed as an attempt to kill the bill. In that case then, we could go the one-sixth and demand a recorded vote. I am trying to make a reference to some other remarks that were made. The amendment which we have before us is the amendment really that was pushed by the Citizens For Open Government. This amendment was not offered as a 'holier-than-thou' amendment, it was offered because in the tabulation of a questionnaire in which Mr. Hurley, prior to his election, was recorded as voting 'yes' on every question placed before him, that this particular proposal received almost an 80% majority of the members responding to it. It is a very, very significant amendment—it is the crux of open government. We responded to that questionnaire—we are recorded as having voted 'yes' in favor of it by an overwhelming majority. I don't think that many people lost—I haven't tracked that all the way through because it was asked of people prior to us, but I would think that this would be one way in which we could start out by keeping our campaign promises and starting a fresh look for open government and credibility in government."

Mr. Zimmerman spoke against the amendment.

Mr. Thompson: "Mr. Speaker, would you rule that this amendment will require a two-thirds majority in order to be approved?"

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "It appears from the information that we have that Chapter 200, pertaining to personalized license plates, was passed in the 1973 session for the purpose of approval by the voters in 1973. So it will require at this time a two-thirds vote of the members present to amend this chapter and this section."

POINT OF PARLIAMENTARY INQUIRY

Mr. Newhouse: "Mr. Speaker, would you rule then that even an amendment to the proposed bill would require two-thirds vote? I would suggest that only final passage would require two-thirds vote."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The Speaker will rule that the amendment requires a majority vote, although he is not completely in sympathy with that decision because of our state Constitution which states that any referendum or initiative approved by the people requires a two-thirds vote. The amendments will be approved by a majority vote—the entire bill on final passage will require a two-thirds vote for passage by the House of Representatives."

Mr. Charnley: "I notice by the information that I have here that the WEA opposed this bill. Could you explain why they did?"

Mr. Bauer: "They testified in opposition to the original language of the bill. The original bill did not define 'reasonable.' They asked that some definition of 'reasonable' come forth and we did that in committee. We made a reasonable effort to identify 'reasonable' and the committee amendment was adopted. The committee did not hear any objections to the bill as amended—they only opposed it in its original form."

Mr. Charnley spoke in favor of the bill.

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. Polk.

Mr. Polk: "Under current law, is it your interpretation that if we had a teachers' strike and the district was unable to make up the time lost by the strike during the limited school year, that it would mandatorily be referred to the county committee for dissolution?"

Mr. Bauer: "If it failed to make a reasonable effort it would be dissolved. If it made a reasonable effort, then the court would make that decision whether or not that effort was reasonable."

Mr. Polk: "Under current law?"

Mr. Bauer: "Under current law the laws says 'it shall be dissolved' if it does not make 180 days."

EXPLANATION OF VOTE

I would like to explain my vote on Engrossed House Bill No. 131 on final passage today. My duties of helping to perfect amendments to House Bill No. 16 with Representative King had kept me off the floor during the process of final debate on Engrossed House Bill No. 131. As I returned to vote I quickly looked at the voting board, and at my schedule on which I had marked my votes, and mistakenly thought we were voting on House Bill No. 138 to which I was opposed and then subsequently cast my vote. My intended vote on Engrossed House Bill No. 131 was "Aye."

GARY L. MATTHEWS, 45th District.

Representatives Kuehnle and Leckenby spoke in favor of the amendment, and Mr. Thompson spoke against it.

POINT OF INQUIRY

Mr. Kuehnle yielded to question by Mr. Leckenby.

Mr. Leckenby: "Mr. Kuehnle, can you tell me what the advantage is in including the language that would remain in the bill under your amendment over removing the language as suggested in my amendment?"

Mr. Kuehnle: "I think that Representative Thompson and I are looking at this thing a little differently. He was talking about those work projects which would be conducted within the walls of an institution of confinement. My concern is the work-release programs whereby I, as an employer, might hire one who was on a work-release program to come out and work in my establishment. I know that in Spokane some of them are working on a part time basis rather than a full time basis. I think that an evaluation by the employer is in order. If I were

hiring one of these individuals to work on either a part time or a full time basis and the situation were such that I felt that he would then move on into full time employment and become a regular employee of mine, then I would like to have the option of extending the same benefits to him that I extend to my other employees. On the other hand, if I knew that were not going to be the case, that I am just taking him on a temporary basis, that after he gets out of confinement he is going to move someplace else—go and do something else—and I am just providing a learning opportunity to him on a part time temporary basis, then I would be disinclined to take him at all if I had to provide to him and allow him participation in a pension plan, profit-sharing plan and provide the same insurance to him and his family that I would be providing to other employees. It would be a deterrent to me relative to putting him on the payroll, whereas if the language in my amendment were adopted, I would have that option."

Representatives Hanna and May spoke against adoption of the amendment.

Mr. Charette demanded the previous question and it was sustained.

The amendment was not adopted.

Mr. Leckenby moved adoption of the following amendment:

On page 2, line 20 after "wages" strike down to and including "employer" on line 22

Representatives Leckenby, Randall and Greengo spoke in favor of the amendment, and Representatives Adams and Pardini spoke against it.

Mr. Charette demanded the previous question and it was sustained.

The amendment was not adopted.

House Bill No. 159 was ordered engrossed and passed to Committee on Rules for third reading.

MOTION

On motion of Mr. Thompson, **SUBSTITUTE HOUSE BILL NO. 32, HOUSE BILL NO. 147 and HOUSE BILL NO. 239** were rereferred to Committee on Rules for second reading.

HOUSE BILL NO. 1, by Representative Kilbury:

Authorizing irrigation districts to pay certain insurance premiums.

The bill was read the second time.

Committee on Local Government recommendation: Majority, do pass as amended. (For amendment, see Journal, Twenty-third Day, February 4, 1975.)

On motion of Mr. Haussler, the committee amendment was not adopted.

Mr. Haussler moved adoption of the following amendment:

On page 1, line 5 after "follows:" strike everything down to and including the period on line 9 and insert the following:

"The board of directors of irrigation districts shall have the authority and power to contract for and to pay the premium upon group, life, health and accident insurance upon its employees ((and pay the premium therefor)) ; and to make all such insurance available to its directors, subject to payment by the directors of all costs of insurance for directors."

POINT OF INQUIRY

Mr. Haussler yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "I'm sure that we are on the same wave length here in that we are trying to preclude the possibility of irrigation districts buying life insurance, accident insurance, etc., for directors at the expense of the district, but to make available to those directors those forms of insurance in those instances where the directors want to pay the bill. My question is, as regards the additional exposures which a director may be subjected to—this would include liability on his part and potentially accidents on the job. As this language is drafted, in your opinion, could the irrigation district pay for and supply to that director that liability coverage and that on-the-job workmen's compensation coverage without the director having to pay for that coverage?"

Mr. Haussler: "No, I don't think it does, Representative Kuehnle. I could defer to Representative Kilbury, who is in the insurance business. It's his bill, by the way."

Mr. Kilbury: "I don't really know to what I am submitting."

Mr. Kuehnle: "Representative Kilbury, in brief, the way this language is written, which in essence would require a director to pay for his own life insurance and health and accident insurance should he wish to take advantage of a group plan, would this preclude the ability of

the district to cover him from a liability standpoint or an on-site accident where he might be out actually supervising construction work of that district?"

Mr. Kilbury: "No, I wouldn't think it would."

Mr. Kuehnle: "You are of the opinion, then, that with this language the district could still insure the director for those causes?"

Mr. Kilbury: "Yes, provided he paid the premium on it."

Mr. Kuehnle: "That's not what I am trying to get at. I think that a director should not incur additional expenses by virtue of serving. I think the district should have the right to buy that liability insurance to cover him and to pay his workmen's compensation, but I do not think the district should be buying health and accident insurance, retirement insurance, life insurance, etc., for that director. That's the problem here."

Mr. Kilbury: "If you mean, could the irrigation district buy liability insurance to cover the director, yes, but when we are talking about life, and health and accident, then he would have to pay his own premium."

MOTION

On motion of Mr. Kuehnle, further action on House Bill No. 1 was deferred, and the bill was ordered placed at the bottom of today's second reading calendar.

Substitute House Bill No. 73 was read the second time.

POINT OF INQUIRY

Mr. Kilbury yielded to question by Mr. Curtis.

Mr. Curtis: "As I read this bill (and I think it meritorious being a fugitive from the food industry) I wonder if there is a potential problem—it requires labeling any product that might have been frozen prior to its being offered for sale. There is a practice in the industry, common to most of the industry, not in any way deceptive, that utilizes a frozen product that we refer to as frozen bull meat. It's a product of New Zealand, Australia, etc. It's quite lean and

is used in hamburger—ground beef. Is there a problem then with this bill, by utilizing that with the normal trimmings that are used for your hamburger, would that compound of what is considered fresh hamburger, have to be labeled as frozen?"

Mr. Kilbury: "No, there is no requirement. It is only food which has been frozen after being offered for sale by retailers."

ENGROSSED HOUSE BILL NO. 105, by Representatives Shinpoch, Curtis, Bagnariol, Polk, Flanagan and North (by Legislative Budget Committee request):

Transferring the state motor pool to the department of general administration.

The bill was read the third time and placed on final passage.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "I note that on page 1, line 26 refers to '...such other divisions as the director may create for the efficient conduct of departmental business.' All of the members here from committee yesterday will note that language was language we debated in a similar bill. I wonder what the intent is—it rather looks like a blank check given to the director to create new divisions within his department."

Mr. Shinpoch: "We discussed this to considerable length in the Legislative Budget Committee and as you would note in line 22 previously, the Department of General Administration was restrained statutorily to only 5 divisions. We thought that to have that type of organizational restraint placed by statute was unreasonable—that it was administrative function to determine the organizational structure. We always have review of it in the budgetary process, but to place that type of restraint, in fact, we felt was unreasonable."

WHEREAS, It has been the custom for many years that the House of Representatives arrange and pay for a group picture of all members thereof, to be properly mounted and framed, in order that said picture may be hung in the legislative halls; and

WHEREAS, A certain procedure is necessary in order to designate whom the photographer shall be;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Speaker appoint a committee of three House members to consider and recommend to the House the official photographer for the Forty-fourth Regular Session of the Legislature.

On motion of Mr. Thompson, the resolution was adopted.

HOUSE RESOLUTION NO. 75-8, by Representatives Bausch and Hendricks:

WHEREAS, The enduring problems faced by women throughout the world and in our own state as a result of historic bias and prejudice in a variety of fields including equal compensation for equal work, housing, credit, professional advancement, and others are being confronted and overcome; and

WHEREAS, The confrontation between the leadership of women's movements and those who still embrace residual concepts which impede and frustrate the implementation of women's rights in fact as well as in law is still active on a variety of fronts; and

WHEREAS, To give emphasis to goals already achieved and to give impetus to the achievement of goals still eluding accomplishment the United Nations and the President of the United States have designated 1975 as INTERNATIONAL WOMEN'S YEAR; and

WHEREAS, It is the firm intent of the Washington State House of Representatives as specifically exemplified in the 1973 action in ratifying the Equal Rights Amendment to the United States Constitution and in various other actions that women shall in all respects and in all aspects of life enjoy complete and effective equality;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That it does officially declare and proclaim 1975 as INTERNATIONAL WOMEN'S YEAR and that the citizens of the State of Washington shall individually and collectively make every reasonable effort to achieve a state of total equality in all relationships social, political, and economic.

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives transmit a suitable copy of this resolution to Frances Lubitz of Olympia, Thurston county president of the Business and Professional Women's Club, in recognition of her continuing efforts in behalf of equality for women:

Representatives Kuehnle and Hurley (Margaret) spoke in favor of the amendment, and Representatives Cochrane, Hurley (George) and Sommers spoke against it.

POINT OF PERSONAL PRIVILEGE

Mrs. Hurley (Margaret): "I think you misunderstood me. I didn't mean that the women in here didn't want to be responsible. I think that all of us are responsible for our actions. I meant in relation to myself, that I have a few worries about this business of being responsible for fixing my own car, changing my own tires when I'm out on the highway, and opening my own big doors—I kind of like the fellow to do it for me. What I did mention was that many of us do not have your brilliance, Representative Sommers; we do not have the abilities that Jeannette Hayner has. I could no more be a lawyer and read into the law like she does than anything under the sun. I do think we each have our individual abilities and that is what makes us what we are. I hope to goodness that's why people like us—for what we are and I hope that is why we are effective as women in this legislature. I really didn't mean that we weren't able or willing to hold up our responsibilities that we have here; I think that it has been proven in our own ways."

Mr. Thompson demanded the previous question, and the demand was sustained.

POINT OF INQUIRY

Mr. Chandler: "Mr. Speaker, I would like to know if we are really doing anything to the rights and responsibilities of women in the State of Washington, or has this just been a stupid waste of time?"

The Speaker: "Representative Chandler, I guess each of us are entitled to our own opinions on whether we are wasting time when we are talking about women's rights. The Speaker doesn't happen to think so, but that happens to be each person's own individual opinion."

Representatives Kalich and Hurley (George) spoke in favor of adoption of the resolution.

My intent is that we have enough money in the federal treasury to assist the people who need this most and I am concerned that illegal activities in the food stamp program and abuses in the program need to be curtailed so that there are sufficient funds for those who need the help most. Also, to answer some of these people who think that this might be a partisan thing, it really isn't. I recently sent a letter to the new chairman in Congress, Congressman Foley, and mentioned it to him and in his letter to me on February 3rd, he shares the very same concern and he will be able to do something about it. I thought this might be a chance to help a member of our congressional delegation and the Chairman of the House Agriculture Committee."

EXPLANATION OF VOTE

Substitute House Bill No. 77 contains some inequities relative to the election of P.U.D. Commissioners. Hopefully these inequities will be corrected in the Senate by amendment, and the House will concur. My vote was cast as a "no" vote, not because I do not agree with the general concepts of Substitute House Bill No. 77, but rather because if the House should not concur with amendments from the Senate, and Substitute House Bill No. 77 should go to conference, I will be in a better position to be named to the Conference Committee.

HOUSE BILL NO. 410, Prime Sponsor: Representative Charette, authorizing port and public utility districts to pay costs of defense for officers and employees in actions arising out of performance of their duties. Reported by Committee on Local Government.

MAJORITY recommendation: Do pass. Signed by Representatives Haussler, Chairman; Douthwaite, Subcommittee Chairman; Laughlin, Subcommittee Chairman; Adams, Amen, Cochrane, Fischer, McCormick, Paris, Shinpoch, Smith (Edward), Whiteside, Wilson.

To Committee on Rules for second reading.

SECOND READING

HOUSE BILL NO. 13, by Representatives Conner, Becker and Moreau:

Allowing the liquor board to issue licenses to charitable or nonprofit organizations which have officers or directors who are residents of a foreign country bordering on this state.

The bill was read the second time.

Committee on State Government recommendation: Majority, do pass as amended. (For amendments, see Journal, Twenty-sixth Day, February 7, 1975.)

Ms. Sommers moved adoption of the committee amendment to page 1, line 17.

Representatives Sommers, Leckenby and Conner spoke in favor of the amendment, and Mr. Pardini spoke against it.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Berentson.

Mr. Berentson: "Are you saying in effect then, that the Liquor Control Board has asked for this to clarify the predicament they find themselves in as a result of a court case?"

Ms. Sommers: "Yes."

Mr. Berentson: "Was there any testimony as to how they might apply this? We have a real problem in our area with too many people applying for liquor licenses. The Liquor Control Board is free to draw up rules and regulations now on a per capita basis. Is there any testimony as to the possibility of maybe a foreign corporation or anyone coming in and perhaps making the application? We have some other problems that sort of bother me a little.

How about discrimination based on whether or not they are citizens? Was there any discussion as to what this might possibly lead to in foreign entities or foreign citizens?"

Ms. Sommers: "You will see by the way the statute is written that the board still has discretion to grant or refuse based on certain conditions. Looking at page 1, lines 14 and 15—they still have discretion, but we have some precise prohibitions following that, one of which we are trying to strike. I should point out that this does not deal with residency. In other words, the board could still make a decision based on residency. Thirdly, you asked about the effect on corporations—if you will look at our third committee amendment, we are applying the same logic to corporations—in other words, striking the provision requiring that all officers be citizens of the U.S. That is also based on the court decision which is based on the 14th Amendment."

Mr. Shinpoch spoke in favor of the amendment, and it was adopted.

On motion of Ms. Sommers, the committee amendment to page 1, line 23 was not adopted.

Ms. Sommers moved adoption of the committee amendment to page 1, beginning on line 29.

Ms. Sommers spoke in favor of the amendment.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Patterson.

Mr. Patterson: "I am looking at the language in the printed bill, starting on line 30 of page 1 and going over to page 2, line 2, that references our residents rather than citizens. I would like a little clarification. I think that by definition there is a difference whether you are a resident of a foreign country or whether you are a citizen of it. I am wondering what affect this has on the subject we are talking on?"

Ms. Sommers: "You are right, that does specify both citizenship—and then the originally proposed amendment would bring up the classification of residency. In the committee amendment we are not doing that. We are simply stating that the corporation must be created under the laws of the state. As I mentioned before, please note that we are not dealing with a question of residency here—if the body wants to deal with that we can, of course, but we left that to the discretion of the Liquor Board."

The committee amendment was adopted.

On motion of Ms. Sommers, the following amendment was adopted:

On page 1, beginning on line 22 after "felony" strike all material down to and including "application" on line 23 and insert "((within five years prior to filing his application)) except as otherwise provided by chapter 9.96A RCW, relating to restoration of employment rights of persons convicted of a felony"

House Bill No. 13 was ordered engrossed and passed to Committee on Rules for third reading.

On motion of Mr. Kilbury, Substitute House Bill No. 87 was substituted for House Bill No. 87, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 87 was read the second time.

On motion of Mr. Kilbury, the following amendment was adopted:

On page 8, line 2 after "((commissioners))" strike "noxious weed control board" and insert "legislative authority"

Mr. Newhouse moved adoption of the following amendments by Representatives Newhouse, Kilbury, Amen and Deccio:

On page 8, line 32 insert a new section to read as follows:

"Sec. 10. Section 24, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.240 are each amended to read as follows:

(1) The activated county weed control boards of each county shall annually submit a budget to the ~~((board of))~~ county ~~((commissioners))~~ legislative authority for the operating cost of the county's weed program for the ensuing fiscal year. Control of weeds ~~((are))~~ is a special benefit to the lands within any such district. The ~~((board of))~~ county ~~((commissioners))~~ legislative authority may, in lieu of a tax, levy an assessment against the land for this purpose. ~~((The))~~ Prior to the levying of the assessment the county weed control board shall hold a public hearing at which it shall gather information to serve as a basis for classification and shall then classify the lands into suitable classifications ~~((and assess))~~. The board shall develop and forward to the county legislative authority, as a proposed level of assessment for each class, such an amount as shall seem just, but which shall be uniform per acre in its respective class ~~((:))~~: PROVIDED, That if no special benefits should be formed to accrue to a class of land, a zero assessment may be levied. The legislative authority, upon receipt of the proposed levels of assessment from the board, after a hearing, shall accept, modify, or refer back to the board for their reconsideration all or any portion of the proposed levels of assessment. The findings by the ~~((board))~~ county legislative authority of such special benefits, when so declared by resolution and spread upon the minutes of ~~((the board))~~ said authority shall be conclusive as to whether or not the same constitutes a special benefit to the lands within the district.

(2) In addition, the ~~((board of))~~ county ~~((commissioners))~~ legislative authority may appropriate money from the county general fund necessary for the administration of the county noxious weed control program. In addition the ~~((board of))~~ county ~~((commissioners))~~ legislative authority may make emergency appropriations as it deems necessary for the implementation of this chapter.

(3) Neither the legislative authority of a county nor the county weed control board activated in a county shall expend money from the county general fund or assessments levied for the operation of such activated county weed control board on any lands within the boundaries of any Indian reservation unless the tribal council of such reservation contracts with the legislative authority of the county and its activated weed control board to carry out its program on such reservation lands: PROVIDED, That the fees charged any Indian reservation for services rendered by the weed control board in controlling weeds on Indian reservation lands shall be no less than the fees assessed land owners of similar lands within the county jurisdiction of such activated weed control board."

Renumber the remaining sections consecutively.

On page 1, line 15 after ";," insert "amending section 24, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.240;"

Representatives Newhouse and Kilbury spoke in favor of the amendments, and they were adopted.

The bill was read the second time.

MOTION

Mr. Charette moved that further consideration of House Bill No. 330 be deferred, and the bill placed at the bottom of today's third reading calendar.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "By placing it on the third reading calendar, is it beyond the scope of amendments?"

The Speaker (Mr. O'Brien presiding): "It is not on the third reading calendar—we just deferred action until after the third reading calendar."

The motion to defer action on House Bill No. 330 was carried.

HOUSE BILL NO. 331, BY Representatives Sommers, Nelson, Randall, Erickson, Smith (Rick) and Kraabel:

MOTION

On motion of Mr. Randall, House Bill No. 331 was rereferred to Committee on Ways and Means - Revenue.

THIRD READING

SUBSTITUTE HOUSE BILL NO. 73, by Committee on Agriculture (Originally sponsored by Representatives Sherman and Cochrane):

Requiring poultry, turkey, food fish, shellfish, meat and meat food products to be labeled if they have been frozen.

The bill was read the third time and placed on final passage.

Ms. Sherman spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Sherman yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Sherman, on second reading I asked the question, let me do so now on third for purposes of the record. I described to you a process utilized by a majority of the food stores whereby they utilize a frozen product, a meat product, thawed and then combined with fresh meat. They grind it and then offer it for sale as fresh ground meat. You assured me on second reading that this bill would not affect that practice and would not require labeling. For the record, what is the intent?"

Ms. Sherman: "That is correct, it was not the intent of the bill to cover this purpose."

Mr. Curtis spoke in favor of the bill.

Representatives Haley and Moon spoke in favor of the bill.

POINT OF INQUIRY

Ms. Sherman yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "I'm a little hung up on the language here and perhaps you could clarify it for me. Is this designed to apply to prepackaged products only, or does it also apply to bulk products which have not been prepackaged?"

Ms. Sherman: "This applies to meat and fish which are being sold at the retail level, not at the wholesale level. It would have been packaged at the site."

Mr. Kuehnle: "The language here that troubles me is on line 12. It talks about food products which have been frozen subsequent to being offered for sale or distribution to the ultimate consumer. I am wondering about some of these products, and this would be applicable, I think, in the seafood area where those of us who live inland are accustomed to buying a frozen product that some manufacturer or processor over here on the coast has offered for sale and frozen it, I suppose concurrently, although the freezing could have happened subsequently. It's frozen in bulk and shipped over to Spokane, as an example, and is sold to us in bulk. You can buy a pound of shrimp, or a whole salmon or a half salmon or anything else, and I am a little concerned that the language relating to the freezing subsequent to the sale or distribution is going to create a problem in that area and also I don't know how it is going to get labeled on the other end."

Ms. Sherman: "If the product is thawed and then subsequently refrozen at the retail level and offered again for sale that is what we are trying to get at. We are perfectly aware that many products are frozen in transit or for the purpose of transporting them. This is to avoid what does happen—and I have had many reports that products are offered for sale in a frozen state, thawed while they are in the counter, they aren't sold, put back and frozen again—this is what we are trying to get at and I don't see that it would affect the situation you are talking about at all."

Mr. Kuehnle: "You didn't intend to affect that situation, but I am concerned about the language and I wish you would read it carefully—..unlawful for a person to sell at retail any

meat food product...which has been frozen subsequent to being offered for sale or distribution to the ultimate consumer...' It isn't restricting it to that which has been thawed and refrozen."

Ms. Sherman: "The bill has been through hearings, besides the executive session and I have a letter here from the fish producers who have no objections to the bill."

SECOND READING

HOUSE BILL NO. 330, by Representatives Bagnariol, Pardini, Randall, Warnke, Shinpoch, Charnley, Eng, Matthews and North:

Exempting insulin and prosthetic devices from sales and use taxes.

The House resumed consideration of the bill on second reading.

Committee on Ways and Means - Revenue recommendation: Majority; do pass as amended. (For amendments see Journal, Twenty-sixth Day, February 7, 1975.)

On motion of Mr. Randall, the first two committee amendments to page 7 were adopted.

Mr. Randall moved adoption of the third committee amendment, to page 7, line 27.

On motion of Mr. Zimmerman, the following amendment to the committee amendment by Representatives Zimmerman and Bagnariol was adopted:

On page 7, line 27 strike "or prosthetic devices" and insert "prosthetic devices and medically prescribed oxygen"

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the committee amendment as amended.

Mr. Randall spoke in favor of the committee amendment as amended.

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Nelson:

Mr. Nelson: "In the committee when we discussed this bill, the one topic that didn't come up was the possibility now, since we are making birth control devices exempt from sales tax, that the recipient of the birth control devices may be a minor. I am wondering if you could give the legislative intent here as to whether or not this would open the door to allowing a physician to prescribe birth control devices to a minor without parental knowledge or consent?"

Mr. Randall: "There's no relationship here of the ability to prescribe to these minors in this bill. All it does is exempt the prosthetic sales tax, and that's all."

The committee amendment as amended was adopted.

On motion of Mr. Randall, the committee amendments to page 12 were adopted.

Mr. Randall moved adoption of the committee amendment to page 13.

On motion of Mr. Zimmerman, the following amendment to the committee amendment was adopted:

On page 13, line 7 strike "prosthetic devices" and insert "prosthetic devices and medically prescribed oxygen"

The committee amendment as amended was adopted.

Mr. Moon moved adoption of the following amendment:

On page 2, line 31 strike all of subsection (11) of section 1 and renumber the remaining subsections consecutively.

POINT OF ORDER

Mr. Pardini: "I believe that Representative Moon's amendment is beyond the scope and object of the bill. The bill deals with prescription drugs and sales taxes on it, and Mr. Moon's amendment is attempting to move back into this bill the exemption of sales of airplanes, locomotives, railroad cars or watercraft and hardly falls within the scope and object. The subject is well worth a hearing, but certainly not a floor amendment."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The Speaker doesn't go along with your reasoning, Representative Pardini. The bill is before us and he desires to strike a section of it. I believe he has that right."

Mr. Moon spoke in favor of the amendment, and Mr. Bagnariol spoke against it.

Mr. Moon spoke again in favor of the amendment.

The amendment was not adopted.

Mr. Moon moved adoption of the following amendment:

On page 7, section 1, line 27 insert the following new paragraph:

"The provisions of this section shall expire on midnight, July 1, 1977, unless the exemptions contained therein are reenacted by the legislature previous to such expiration date."

Mr. Moon spoke in favor of the amendment, and Mr. Bagnariol spoke against it.

POINT OF INQUIRY

Mr. Bagnariol yielded to question by Mr. Charnley.

Mr. Charnley: "Representative Bagnariol, I feel very strongly about this issue and agree with Representative Moon's aim here. I would like to ask you if you think that the bill that you mentioned, specific legislation to deal with exemptions, will be before this House, because I would like to be able to support that issue."

Mr. Bagnariol: "I will do anything in my power to get it before this House. I co-sponsored HJR 1 with Representative Moon and we were successful in passing that through this legislature. I have every intention of doing whatever I can to get that issue before us and I believe very strongly in it."

Mr. Charnley spoke against the amendment.

The amendment was not adopted.

Mr. Hansey moved adoption of the following amendment:

On page 7, line 28 add a new section as follows:

"NEW SECTION. Sec. 2. Any person who has paid the state retail sales tax pursuant to chapter 82.08 RCW on the purchase price of a motor vehicle and who receives from the manufacturer a rebate on the purchase price of such motor vehicle, shall be entitled to recover the amount of the state sales tax so paid which is attributable to the amount of the rebate received by filing a claim therefor directly with the department of revenue prior to January 1, 1976.

The department of revenue shall prescribe the claim form and establish the necessary procedures for processing such claim."

Renumber the remaining sections consecutively.

POINT OF ORDER

Mr. Haussler: "I think that this amendment exceeds the scope and object of the bill. The bill is dealing with drugs, not automobiles."

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Well, Mr. Haussler, in connection with your point of order as to whether the amendment by Representative Hansey is germane to the question, it appears that according to Reed's Rule 160, 'Notwithstanding what has been said as to the wide range which amendments may take, yet there is a limitation. They must be germane or relevant to the subject matter of the original proposition.' It appears in this case that we are

talking about sales tax and the broad title in this has many sections relevant to sales tax. So it would appear to the Speaker that the amendment is in order."

Mr. Hansey spoke in favor of the amendment, and Representatives Bagnariol, Douthwaite and Moon spoke against it.

The amendment was not adopted.

The Clerk read the following amendments by Representative Moon:

On page 8, line 27 strike all of subsection (4) of section 2 and renumber the remaining subsections consecutively.

On page 13, section 2, after line 7 insert the following new paragraph:

"The provisions of this section shall expire on midnight, July 1, 1977, unless the exemptions contained therein are reenacted by the legislature previous to such expiration date."

With the consent of the House, Mr. Moon withdrew the amendments.

House Bill No. 330 was ordered engrossed and passed to Committee on Rules for third reading.

MOTION

On motion of Mr. Charette, the House adjourned until 10:30 a.m., Wednesday, February 12, 1975.

LEONARD A. SAWYER, Speaker.

DEAN R. FOSTER, Chief Clerk.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Kalich.

Mr. Kalich: "I have had quite a bit of flak from home on this bill and not really input as far as the WIAA is concerned. They were mentioning last weekend when I was dealing with them that actually this could amount to relaxing the rules so much that kids could quit school one week and be playing sports for another school the next week. This is actually what the member was telling me and I wanted to ask you the question."

Mr. Ehlers: "What I would suggest, Representative Kalich, is that you immediately send them a copy of the bill and have them read it, because I think—not being facetious—I think we heard all those arguments in 4 hours of committee meeting and we voted out 16 to nothing. We heard all those arguments and we saw no validity in them. As far as delay of time, I suggest to you that over the last year we have had numerous committee and subcommittee hearings on a number of issues and this has come up, and representatives of the WIAA have been there. They, in fact, have prepared their own bill, for what it's worth. I understand the only thing it does is it legalizes it and names that organization as the exclusive, the only organization to be involved in interschool activities—that's a different agenda, I suggest."

Mr. Bauer spoke in favor of the bill, and Mr. Berentson spoke against it.

POINT OF INQUIRY

Mr. Ehlers yielded to question by Mr. Gaspard.

Mr. Gaspard: "It is my understanding there has been an Attorney General's opinion that defines interscholastic athletics as basic curriculum; also that the State Board of Education and the Superintendent of Public Instruction have responsibility to develop school curriculum. If this is so, could you comment on the Attorney General's opinion and the effect of the current status of the WIAA?"

Mr. Ehlers: "To answer briefly, it's yes to both questions. The ruling by the Attorney General is that all activities—in fact, that's why student body funds are now going to be part of the district budget, because of that decision. What I am suggesting is that the WIAA or any organization where dues are paid, where all the moneys come from tournaments, which involves dues, which involves ASB funds, are now interchangeable with district funds and they are public funds. I think the program is going to continue with the WIAA exactly the way it is now, with the possible exception that if they come into conflict with state law, the state board will make the policy—after all, these rulings run across district lines or if they come into direct conflict with the local elected school board—district policies."

Mr. Charette demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 23, and the bill passed the House by the following vote: Yeas, 67; nays 28; not voting, 3.

Voting yea: Representatives Adams, Bagnariol, Barnes, Bauer, Becker, Blair, Boldt, Brown, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochran, Conner, Douthwaite, Dunlap, Ehlers, Eng, Fischer, Fortson, Gaines, Gallagher, Gaspard, Haley, Hanna, Hawkins, Hendricks, Hurley G. S., Hurley M., Juelling, Kilbury, King, Knowles, Laughlin, Leckenby, Lee, Luders, Lysen, Martinis, Matthews, Maxie, May, McCormick, McKibbin, Moon, Moreau, O'Brien, Paris, Parker, Perry, Peterson, Randall, Savage, Seeberger, Sherman, Shipoch, Smith R., Sommers, Thompson, Valle, Whiteside, Williams, Wojahn, Zimmerman, and Mr. Speaker.

Not voting: Representatives Bender, Deccio, Eikenberry.

Engrossed House Bill No. 23, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Thompson, all bills listed on today's agenda were referred to the committees designated with the exception of HOUSE BILL NO. 617, to be referred to Committee on Parks and Recreation.

POINT OF ORDER

Mr. Ceccarelli: "One of the bills that was just read in has an erroneous title and I am wondering if I could have that corrected at this time or at least call it to the Chairman's attention? It's House Bill No. 606. It's rather important. House Bill No. 606 says 'Permitting minors to work in Class H premises;' actually that should be 'young adults.' The reason for that is that we are talking about 18 to 21 and minor is under 18. We are not talking about minors, we are talking about young adults—a definition that was given to this age category when we passed the 18-year-old rights bill."

The Speaker (Mr. O'Brien presiding): "The Chief Clerk will take the necessary corrective steps."

SECOND READING

MOTIONS

On motion of Mr. Thompson, HOUSE BILL NO. 27 and HOUSE BILL NO. 460 were rereferred from the second reading calendar to Committee on Ways and Means - Appropriations.

On motion of Mr. Charette, consideration of ENGROSSED HOUSE BILL NO. 285 was deferred, and the bill was ordered placed on tomorrow's second reading calendar.

HOUSE BILL NO. 21, by Representatives Ehlers and Gaines:

Including study of history and government of state within one year requirement in high school for study of history and government of the United States.

The bill was read the second time.

On motion of Mr. Bauer, Substitute House Bill No. 21 was substituted for House Bill No. 21, and the substitute bill was placed on second reading.

Substitute House Bill No. 21 was read the second time.

Mr. Pardini moved adoption of the following amendment by Representatives Pardini, Luders and Tilly:

On page 1, line 22 insert a new section to read as follows:

"NEW SECTION. Sec. 2. There is added to chapter 28A.05 RCW a new section to read as follows:

To promote a better understanding of the economic system existing within our nation and in order to better prepare the young citizens of our state for modern living, the state board of education shall prescribe a course of study of such length as it shall determine to be adequate to achieve the following goal and understandings:

(1) to understand and appreciate the nature of and the functioning of our economic system and the role played in that system by the governmental sector;

- (2) to recognize the need for profits in this economic system and to examine the role of corporations, partnerships and sole proprietorships;
 - (3) to understand and effectively utilize and maintain a personal checking account and the records required thereof; and
 - (4) to understand the principles of personal money management and the use of credit; and
 - (5) to understand the nature, organization, and preparation of an individual's federal income tax return and the maintenance of the records related thereto."
- Renumber the remaining section consecutively.

Representative Pardini spoke in favor of the amendment, and Representatives Ehlers and Hurley (George) spoke against it.

POINT OF ORDER

Mr. Kuehnle: "I think the remarks of Representative Hurley are completely out of line and have absolutely nothing to do with the requirement to teach students something about the economic system under which we operate, how to balance a checkbook and other worthwhile things covered by the amendment."

RULING BY THE SPEAKER

The Speaker: "I think that subsection 3 did open up the whole subject matter of banks. I am not exactly sure what President Mr. Hurley is discussing at the present minute, but if he gets down to somebody by the name of Scoop we will all be listening. You may proceed, Representative Hurley."

Mr. Hurley continued his remarks against the amendment, and Mr. Luders spoke in favor of it.

POINT OF INQUIRY

Mr. Pardini yielded to question by Ms. Maxie.

Ms. Maxie: "I just have a question on your amendment. If this amendment were to be adopted, would there be a fiscal impact: Would this necessitate hiring additional staff and professional people to teach these subject matters?"

Mr. Pardini: "I would certainly hope that we have people within our school system capable of educating our people to this level right now, Ms. Maxie. I do not believe that there would be any additional people needed. If there are not people within the system, there may very well be an impact, but I think it would be money well spent."

Mr. Deccio spoke in favor of the amendment, and Representatives Williams and Bender spoke against it.

Mr. Thompson demanded the previous question, and the demand was sustained.

Mr. Pardini demanded an electric roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Mr. Pardini and others to Substitute House Bill No. 21, and the amendment was adopted by the following vote: Yeas, 51; nays, 43; not voting, 4.

Voting nay: Representatives Barnes, Bauer, Bausch, Becker, Bender, Boldt, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Eng, Erickson, Gallagher, Hanna, Haussler, Hawkins, Hurley G. S., Jastad, Kilbury, King, Laughlin, Lysen, Maxie, May, McCormick, McKibbin, Moreau, North, Perry, Peterson, Randall, Savage, Seeberger, Sherman, Smith R., Sommers, Thompson, Valle, Warnke, Williams.

Not voting: Representatives Curtis, O'Brien, Smith E. P., Zimmerman.

MOTION

Having voted on the prevailing side, Mr. Moon moved that the House reconsider the vote by which the amendment to Substitute House Bill No. 21 was passed.

Representatives Moon and Ehlers spoke in favor of the motion, and Mr. Luders spoke against it.

POINT OF INQUIRY

Mr. Bauer yielded to question by Mr. Williams.

Mr. Williams: "Representative Bauer, the amendment that we have adopted mandates curriculum. Would you give us some comments in considering whether we should reconsider this or not? Could you describe what is presently mandated by state law for curriculum in high school?"

Mr. Bauer: "I expressed my position on the matter with a negative vote and in responding to the second part of your question—what is mandated—I might just cite to you some of the verbiage here in the existing statute. 'All common schools shall give instruction in reading, penmanship, orthography, written and mental arithmetic, geography,...' It goes on to say 'All students in the common schools of the state of Washington shall be taught in the English language...' It goes on to say 'For periods averaging at least twenty minutes in each school day, every pupil attending grades one through eight of the public schools shall receive instruction in such courses of physical education...' Except for 28A.05.050, where it mandates one year of U.S. history and one semester of Washington history and government, the whole section is half a page long in terms of mandates in curriculum. This amendment would almost double the amount of verbiage in the statutes in terms of mandating and give a high priority to economics. I probably should have spoken on the amendment when it was before us the first time, because I think I should concur in some of the thrust of these objectives to be achieved, or understandings, whatever they might be. I would oppose the idea that we are going to instruct kids specifically in the use of a checkbook and I would oppose the idea that we've got to instruct kids in the need of making a profit. I might be a little offended by that because maybe that's where some our problems lie; we've overemphasized profit-making, and some of the other attributes of the human relationship are too minimal. Overall, from the standpoint of loading up the statutes and mandating one particular part of the curriculum, I oppose it and secondly then, I think that the statute and the rules and regulations put out by the State Board and the Superintendent of Public Instruction give some direction to the intent of what educators ought to do in the schools and by having an over emphasis on economics we might then short the second and the first grade, the kindergarten and the third grade reading programs. Maybe even that 5% interest business—figuring 5% interest on a dollar figures out to 5 cents. They don't learn that in high school in economics course, and a course in capitalism. They learn that in basic mathematics down in the first grade. Or at least they learn it when a levy passes and there are not 45 kids in the classroom—there's some assurance they might learn it down there. As to mandating in the high school these kinds of programs, you take away those hours that are necessary for the elementary program. I have a bill coming along here soon that requires some attention to that particular matter and, Representative Williams, I'm very happy you asked that question."

Representatives Smith (Rick), Clemente and Hurley (George) spoke in favor of the motion to reconsider, and Representatives Bond and Pardini spoke against it.

MOTION

Mr. King moved that further consideration of Substitute House Bill No. 21, along with any motions pertaining to it, be deferred, and the bill be placed on tomorrow's second reading calendar.

POINT OF ORDER

Mr. Newhouse: "The motion to reconsider the vote that has been taken must be established on the day in which it is made."

SPEAKER'S RULING

The Speaker: "This motion will take the entire bill in the situation it is in at the present time, so the motion for reconsideration would be before us tomorrow. The other problem that you didn't raise, is whether or not, it being a privileged motion, the motion for reconsideration has a higher rank than a motion to lay over. I think in the past when we were discussing an amendment, the motion to reconsider would not have the same rank as if you were discussing the bill itself. Since this motion is taking the whole bill, the privilege wouldn't apply on the matter. In other words, the privileged motion would rank in order as if we were talking about the whole bill. A motion concerning the whole bill, even though it might be a less privileged motion, would rank above any motion made on a particular amendment. The effect of the ruling would be that the House could set this over even though a motion for

reconsideration is pending because it is only pending on an amendment, not on the full bill. If it were pending on the full bill, then your objection would be perfectly valid."

Mr. King stated his reasons for the motion to defer consideration of the bill.

Representatives Newhouse, Moon and Shinpoch spoke in favor of the motion, and Mr. Pardini spoke against it.

The motion to defer further consideration of Substitute House Bill No. 21 on second reading was carried.

HOUSE BILL NO. 44, by Representatives Parker, Savage, Adams, Chatalas and Tilly (by request of Committee on Social and Health Services of the 43rd Legislature):

On motion of Mr. Knowles, Substitute House Bill No. 44 was substituted for House Bill No. 44, and the substitute bill was placed on second reading.

Substitute House Bill No. 44 was read the second time.

Mr. Bauer moved adoption of the following amendment:

On page 5, section 3, line 1 after the period insert:

"(3) The department or any law enforcement agency receiving a report of incidence of child abuse and neglect pursuant to this act shall report such incident to the proper county prosecutor for appropriate action."

POINT OF ORDER

Mr. Eikenberry: "I am very interested in this bill and I have been looking for amendments, but I fail to find that amendment on my desk. I don't believe it has been distributed."

MOTION

On motion of Mr. Charette, the House advanced to the seventh order of business.

SECOND READING

ENGROSSED HOUSE BILL NO. 285, by Representatives King, Jueling, Conner, Adams, Luders, Laughlin, Savage, Chandler, Blair, Chatalas, Haley, Charnley and Hanna:

Providing for the designation of certain specified fire and police department positions as public employees.

The House resumed consideration of Engrossed House Bill No. 285 on second reading. (For previous action, see Journal, Twenty-fourth Day, February 5, 1975 and Thirty-third Day, February 14, 1975.)

Mr. King moved adoption of the following amendment:

On page 1, line 24 after "all" strike the remainder of the subsection and insert "uniformed personnel of each city, town and fire protection district, who do not have the authority to hire, layoff, promote and discharge other employees."

Mr. King spoke in favor of the amendment.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Newhouse.

Mr. Newhouse: "Mr. King, if we adopt the language which you suggest here, would you not agree with me that there is really no reason for the entire bill—that option is in existing law under ruling by the Director of the Department of Labor and Industries, for him to determine finally if these people are in a decision-making capacity and should be allowed to

be members of that particular bargaining unit; and would not existing law be even more satisfactory than passing this bill?"

Mr. King: "No, I wouldn't agree with the premise of your question, because of a decision by Mr. Jacobs—a decision in which the crux of the decision was dependent upon his determination that because someone was a captain he was not a public employee. What we are trying to get at here is something that describes the overall coverage of the law in terms of function rather than in terms of title. First of all, the Director would not be able to say, 'No, this captain couldn't be in a bargaining unit because he is not a public employee.' He would have to look to the function performed by him, first of all, and then he would go on from there and look at other things—whether or not a confidential relationship exists, and so on. I believe that this would clarify the law and would give some direction to the Director saying that it was the legislature's intent that these people be in or out of the bargaining unit depending upon the role that they play rather than depending on whether or not they are put into a definition in the law of public employees."

Mr. Newhouse spoke against the amendment.

Mr. Charette demanded an electric roll call and the demand was sustained.

Mr. Freeman spoke against adoption of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Mr. King to Engrossed House Bill No. 285, and the amendment was adopted by the following vote: Yeas, 65; nays, 29; not voting, 4.

Voting yea: Representatives Adams, Bagnariol, Barnes, Bauer, Bausch, Becker, Bender, Boldt, Brown, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Eikenberry, Fischer, Fortson, Gaines, Gallagher, Gaspard, Hanna, Hansen, Haussler, Hawkins, Hendricks, Hurley G. S., Hurley M., Jastad, Juelling, Kalich, Kilbury, King, Knowles, Kuehnle, Laughlin, Luders, Lysen, Martinis, May, McCormick, McKibbin, Moon, Moreau, North, O'Brien, Parker, Perry, Randall, Seeberger, Sherman, Shipnuch, Smith E. P., Smith R., Sommers, Thompson, Valle, Warnke, Williams, Wojahn, and Mr. Speaker.

Voting nay: Representatives Amen, Blair, Bond, Curtis, Deccio, Dunlap, Eng, Flanagan, Freeman, Gilleland, Greengo, Haley, Hansey, Hayner, Leckenby, Lee, Maxie, Nelson, Newhouse, Pardini, Paris, Patterson, Peterson, Polk, Schumaker, Tilly, Whiteside, Wilson, Zimmerman.

Not voting: Representatives Berentson, Erickson, Matthews, Savage.

Mr. Freeman moved adoption of the following amendment:

On page 1, line 23 after "employer" strike down to and including "department" on line 27 and insert ", or (d) who have the authority and responsibility to recommend the hiring, layoff, promotion and discharge of other employees."

Representative Freeman spoke in favor of the amendment, and Representatives Gallagher and King spoke against it.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "I guess I am having problems in understanding this language. If this act were to pass in the condition in which it now exists, and without this amendment but with your proposed language, then would the three battalion chiefs, for example, in a given fire department have an option of joining the bargaining unit? Question No. 2: Is that an irreversible position on their part? If they join the bargaining unit at one time or another, could they at another time be relieved from that situation? Question No. 3: If several battalion chiefs, to use them as an example—and I would still maintain that a battalion chief is one who would have the option of joining or not joining as being indicative of one in an administrative position—if a couple of them wanted to join and a couple of them didn't want to join—let's say that the majority wanted to join—would that force the minority, the one or two who didn't want to join, to become a part of the bargaining unit? Question No. 4: If at a later time—I want to know that if they joined as individuals or by rank—if at a later time, because of an accident or something else, they became a radio alarm room operator or something else, would they then have been in or out as individuals as a result of their earlier decision, or could they then make another decision in that new capacity?"

Mr. King: "The first question you asked if it would make it mandatory for them to join—the answer is no. The answer to the second one—would they be able to get out—well, I

have before me an Attorney General's opinion. I don't know if you were referring to that or not, but I'll quote the Attorney General who answered those questions. He said in answer to all three questions, 'The legal effect of House Bill No. 285, with or without the proposed House amendment, would be to guarantee the ability and order such classes of employees to be members of the collective bargaining unit or not or to form their own bargaining unit as they choose.' Now that answers, I think, the first 2 or 3 questions you asked. In answer to the next question,—"

Mr. Kuehnlé: "I'm sorry about the Attorney General opinion, I hadn't seen it and wasn't trying to recite those questions. You haven't answered the question relative to if it is a majority decision of those in a given rank or is it an individual decision? If there are 5 battalion chiefs, 3 want to join and 2 don't, do they all go in or do 3 go in and 2 stay out?"

Mr. King: "That decision is going to be made by the Department of Labor and Industries because you would have a contested case. What has happened in the past, the Department has looked at each individual case that has come out, they have taken into account the desires of the people to be in or out of the bargaining unit. Keep in mind that we are talking not about whether or not you join a unit, we are talking about the union members who belong to the union to begin with, who are either going to be considered part of a bargaining unit or not part of the bargaining unit. When you get to the question of the officers that are up high—like the City of Tacoma—what happened there is that they voted not to be in the bargaining unit with the other uniformed personnel, so they formed their own separate one. In Bellevue there was a unanimous vote on the part of the officers involved to be in the bargaining unit with the other uniformed personnel and, in that instance, they normally would have gone into the bargaining unit. The Department of Labor and Industries found that they belonged in that bargaining unit, and then the decision was overridden by Mr. Jacobs, as a result of an appeal by the City of Bellevue. Generally, (you are asking complex questions) it depends on whether or not the city has an agency shop clause or a union shop clause to start with to determine whether or not they are in the union. First of all you would have to be in the union in order to be part of the bargaining unit—that's optional and it's a bargainable thing. Some cities have it and some don't. Secondly, it would be determined by what the Department of Labor and Industries did and the effect of this law is not going to change that in any way except to make clear what officers—unless they have all their functions defined in the amendment—are public employees. That means that they could be in the bargaining unit depending on the decision of the Department of Labor and Industries based on those other things—the desire to be there, the function of the role they play, and so on."

Mr. Kuehnlé: "The last part of the question regarded the individual who takes a different position later on. I presume that the answer is that the decision is made on the basis of the rank rather than the individual person involved?"

Mr. King: "Yes, the rank and the function performed by that rank in that city. The same rank in one city might be somebody who really is in a position to have a confidential relationship—I think this is the key phrase—to the city managers and so is involved in the bargaining unit. In that instance, the captain in a small city wouldn't be in a bargaining unit, but in a very large city he would then have the option of forming his own with the other captains or going in with his regular uniformed personnel, as I understand it."

The amendment was not adopted.

Engrossed House Bill No. 285 was ordered reengrossed and passed to Committee on Rules for third reading.

SUBSTITUTE HOUSE BILL NO. 21, by Representatives Ehlers and Gaines:

Including study of history and government of state within one year requirement in high school for study of history and government of the United States.

The House resumed consideration of the bill on second reading. (For previous action, see Journal, Thirty-sixth Day, February 17, 1975.)

The Speaker (Mr. O'Brien presiding) stated the question before the House to be the motion by Mr. Moon to reconsider the vote by which Representative Pardini's amendment was adopted.

Mr. Luders explained to the members that a new amendment would be offered by Representatives Luders, Pardini, Bauer and Bender as a compromise amendment.

The motion to reconsider was carried.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be reconsideration of the Pardini amendment.

Representatives Luders and Pardini spoke against the amendment, and it was not adopted.

The Clerk read the following amendment by Representatives Pardini, Luders, Bauer and Bender:

On page 1, line 16 after "Washington" strike the remainder of the section and insert "and a course of study of at least the equivalent of a one-half semester in the study of the principles of economics. No person shall be graduated from high school without completing such course of study: PROVIDED, That students in the twelfth grade who have not completed such ((a course of study in Washington's history and state government)) courses because of previous residence outside the state may have the economics course and the Washington history portion of the foregoing requirement waived by their principal."

POINT OF ORDER

Mr. Douthwaite: "Rule 33 requires that an amendment to a bill be germane under our new set of rules. I request the Chair to rule on the question of whether or not the offered floor amendment is beyond the scope and object of the bill."

Mr. Douthwaite spoke to the point of order.

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Mr. Douthwaite, in answer to your question relative to whether or not the proposed amendment is germane, and you cited House Rule 33, it appears according to Reed's Rules that there is some wide latitude in this whole area as to limitations as to amendments. I would like to read in part Reed's Rule 159, wherein it states: 'They may also change and reverse its purpose, make praise out of censure, condemn instead of approve, or otherwise alter the meaning. Hence it often happens that the proposer of a measure does not get off with a simple defeat. Sometimes his own weapon is turned on him, and he has to vote against his own motion, which has been so changed as no longer to express his will.' So it appears that the change in this proposed amendment does enlarge the scope and object of the original intent of the act, but still is within the same subject matter. I am going to rule that the amendment is germane."

Mr. Pardini moved adoption of the amendment, and spoke in favor of it.

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Hansey.

Mr. Hansey: "Representative Pardini, I am a little bit concerned about the way this is written. It says that no person shall be graduated from high school without completing such course of study, and then down in section 2 there is an emergency clause. I am concerned that the students who are in the 12th grade at the present time and have not completed such course will not be permitted to graduate in June under the way this is drafted."

Mr. Pardini: "I think that what we will probably see within the next two minutes, is an amendment to strike the emergency clause."

Mr. Luders spoke in favor of the amendment, and Mr. Ehlers spoke against it.

Mr. Charette demanded an electric roll call, and the demand was sustained.

Representative Leckenby spoke in favor of the amendment, and Representatives Clemente and Laughlin spoke against it.

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Moon.

Mr. Moon: "Representative Pardini, economics covers quite a broad spectrum, I wonder—would the completion of a course in home economics qualify under this amendment?"

Mr. Pardini: "No, I do not believe that home economics would qualify. I believe that when we are talking about economics we are talking about the things that affect people's ability to earn a living—to relate themselves to the world around them, to the tools that I described yesterday. It is amazing to think that economics is not interwoven with history, and

Representative Laughlin, who as a recipient of the Valley Forge Freedom Award, can certainly have the historical perspective of this country and the role that economics has made. Now home economics is a little different story—that relates to dollars and cents and, I suspect 'a happy home is a good home' and all of those things tied in. If you want to play games with this thing, we'll joke around about it, but no, it doesn't."

Mr. Moon spoke against the amendment.

Mr. Conner demanded the previous question and the demand was sustained.

S., Kilbury, King, Laughlin, Maxie, May, McCormick, McKibbin, Moon, Moreau, Nelson, North, Perry, Peterson, Seeberger, Sherman, Shipchoc, Smith E. On page 1, line 10 strike "better" and insert "((better)) positive"

With the consent of the House, Mr. Tilly withdrew the amendments.

On motion of Mr. Eikenberry, the following amendment by Representatives Luders and Eikenberry was adopted:

Mr. Deccio spoke in favor of the amendment.

POINT OF ORDER

Mr. Douthwaite: "I request the Speaker's ruling on this amendment regarding Rule 33, please."

RULING BY THE SPEAKER

The Speaker (Mr. O'Brien presiding): "Your point of order is not well taken, Mr. Douthwaite. If you are going to raise a question of germaneness you should have done it before Mr. Deccio discussed it."

Mr. Douthwaite spoke against the amendment.

POINT OF PARLIAMENTARY INQUIRY

Mr. Curtis: "I wonder if, in light of your ruling on Mr. Douthwaite's request, would it be in order to request that consideration of the amendment wait then until that amendment is placed on our desks? I realize it was being passed out, but the page just now put this amendment on my desk and while we do listen to it, it is difficult to hear it, place it in context and then subsequently question it. I am wondering if, in light of that, at least in the future, we

could simply wait until the amendment is placed and then we will have a better opportunity to raise the point before the amendment is being considered."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "This question of whether an amendment must be germane is difficult to interpret. In most instances where there is incompatibility or inconsistency it is up to the good judgment of the presiding officer and also the judgment of the body. In this particular instance it will be up to the judgment of the body to determine whether it is incompatible or inconsistent with the general subject matter of this proposed act."

POINT OF INQUIRY

Mr. Deccio yielded to question by Mr. McKibbin.

Mr. McKibbin: "You have stated in here that students must be proficient at their grade level. Could you elaborate on what 'proficient' means, and at grade level?"

Mr. Deccio: "Representative McKibbin, the student must be—if he is in the second grade, he must be proficient at their grade level in those subjects. I am not a teacher, but I think I know what I would expect—as a matter of fact, looking at my handwriting, I probably should have been held over a couple of grades myself. I think you know what I am getting at, Representative McKibbin, it's pretty clear here."

Mr. McKibbin spoke against the amendment.

POINT OF INQUIRY

Mr. McKibbin yielded to question by Mr. Deccio.

Mr. Deccio: "If the word 'proficient' is bothering you, Mr. McKibbin, you are a teacher, I would accept an amendment to my amendment to clarify it."

Mr. McKibbin: "Would you restate your question, please?"

Mr. Deccio: "I said, if the word 'proficient' is bothering you, and that's the only argument you have against my amendment, then I would accept an amendment to this amendment to clarify what I mean."

Mr. McKibbin: "I appreciate your statement, but I don't understand your question."

Mr. Deccio: "Mine was not a question, it was a statement."

Mr. McKibbin: "Then I have nothing to answer, I'm sorry."

Mr. Hurley (George) spoke against the amendment.

The amendment was not adopted.

On motion of Mr. Pardini, the following amendment by Representatives Luders and Eikenberry was adopted:

On page 1, beginning on line 15 strike all of section 2 and renumber the remaining sections consecutively.

POINT OF INQUIRY

Mr. Ceccarelli yielded to question by Mr. Moon.

Mr. Moon: "Did the Financial Institutions Committee consider this amendment?"

Mr. Ceccarelli: "No."

Mr. Moon: "You are the Chairman of that committee, I was just wondering why you didn't bring it up for their consideration?"

Mr. Ceccarelli: "Representative Moon, we had the hearings both last session and this session on the bill and this was something that was brought to our attention after the bill was moved out of the committee very early in the days of this session. We checked with the prime sponsors of the bill and they had no objection to this. It probably was an oversight on the part of the sponsors when we moved the substitute bill that we did not refine this to groups only."

The amendment was adopted.

Mr. Kuehnle moved adoption of the following amendment:

On page 2, line 18 insert a new section as follows:

"NEW SECTION. Sec. 5. The provisions of this chapter shall not be applicable to disability insurance contracts created prior to the effective date of this act."

Renumber the remaining sections consecutively.

Representatives Kuehnle and Ceccarelli spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Kuehnle yielded to question by Mr. Kilbury.

Mr. Kilbury: "Mr. Kuehnle, you have indicated in here the provisions of this chapter shall not be applicable to disability in terms of contracts created—I particularly emphasize that word—created prior to the effective date of this act. Some disability insurance contracts run continuously and are not subject to renewal. I wonder if in putting that word in your amendment, you are not locking in, far into the future, nonconformance with the provisions of this act?"

Mr. Kuehnle: "I'm not exactly sure what the question is, but I think that your interpretation is in error, Representative Kilbury. A group insurance contract is created by the participation of the two parties. The insurer offers the insurance and the insured signs the contract to purchase the insurance. That event has taken place. Most of these contracts are renewed on an annual basis, oftentimes the terms of the contract are changed and we all know the price is being changed and each time any one of these events transpires then a new contract is created. My problem is that this language says, 'Notwithstanding any provision of any group disability insurance contract or blanket disability insurance contract providing coverage for health care services, benefits shall not be denied thereunder for...occupational

therapy, etc....' So that language means that any existing contract or that any insurance carrier of an existing contract may not deny those benefits even though he didn't offer them in the first place and he didn't price the contract accordingly. Certainly, with a provision of this type, a group insurance policy will be rewritten at the expiration of that policy, will include this coverage and will reflect any price adjustment that might be necessary."

Mr. Thompson moved to defer further action on Substitute House Bill No. 217, and the bill was ordered held for tomorrow's second reading calendar.

No smoking signs shall be posted in all committee rooms of the House of Representatives and/or Senate."

Representatives Valle and Hawkins spoke in favor of the amendment, and Representative Thompson spoke against it.

POINT OF INQUIRY

Mrs. Valle yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Representative Valle, I think one of the nicest things that I have seen happen around here recently, and I think it has been terribly effective, is the posting of the signs which say 'Thank You For Not Smoking.' This, in my opinion, is a far more effective approach than 'No Smoking.' I am fearful of the language in your amendment which says that no smoking signs will be posted in all committee rooms, that it will preclude the use of that type of sign and I think that would be a shame. Would you interpret your amendment as prohibiting that type of sign? And if not, how would you justify that interpretation?"

Mrs. Valle: "I would be grateful if you would amend my amendment and we can use the words 'Thank You For Not Smoking,' because that in itself, just posting the signs, is very, very effective. I would be pleased if you would like to amend it. I would accept an amendment."

Mr. Kuehnle: "I might suggest, Representative Valle, that in the interest of time, probably the best approach to that would be for you to withdraw that last portion of your amendment and then we can go ahead and put whatever signs would do the job best. I think we need not spell out the language of this sign. If we pass the rule we are going to put up the signs anyway."

Mrs. Valle asked for consent to strike the last paragraph from her amendment.

SPEAKER'S RULING

The Speaker: "Representative Valle, I am afraid that we will have to have an amendment to the amendment to do that. If we start this process, I don't know where we'd end up. This is similar wording to what we have in the House Rules and the House interpreted it as no smoking signs, however you word the signs."

The amendment by Mrs. Valle was not adopted.

POINT OF INFORMATION

Mr. Amen: "The last time we had this on the floor we were considering an amendment that I had that had been moved and we were in the process of discussing it. Then it was held over to the next day's reading and finally back to rules. What is the status of the amendment now?"

SPEAKER'S RULING

The Speaker: "It is the Chair's ruling that since the bill has been to committee, and is now placed before us again that you would have to replace your amendment. The bill is not back in the status it left the floor, since it went to committee for further consideration."

Therefore, the bill is before us in the original form and as it has been already acted upon or amended—any amendments that were pending or amendments that were pending at the time would have to be replaced."

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Newhouse.

Mr. Newhouse: "Mr. Pardini, in looking over the language and the question raised by Mr. Patterson, if one student, whether senior citizen or not, paid all his fees, could he then be included in the official enrollment report?"

Mr. Pardini: "It is the intent of my amendment and the proponents of this bill, that we would not include in full-time enrollments or any other budgetary figure those senior citizens who were granted the fee exemption, which is mentioned on line 5. If the senior citizen was enrolled as a full-time student, paying the fees and tuitions as any other student, he would be included as a normal student irrespective of age."

On motion of Mr. Pardini, the following amendment by Representatives Pardini, Maxie and Moreau was adopted:

On page 4, line 19 strike "NEW" and on page 4, line 20, after "each" strike "hereby repealed." and insert "amended as follows:

~~((No))~~ Except for off-street park and civic center parking facilities, as provided in RCW 35.86.010 and RCW 35.86A.070, no city shall operate off-street parking facilities but shall call for sealed bids from responsible, experienced private operators of such facilities for the operation thereof. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation. The call for bids shall specify the time and place at which the bids will be received and the time when the same will be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. The competitive bid requirements of this section shall not apply in any case where such a city shall grant a long-term negotiated lease of any such facility to a private operator on the condition that the tenant-operator shall construct a substantial portion of the facility or the improvements thereto, which construction and/or improvements shall become the property of the city on expiration of the lease. In the event that no bids or no satisfactory bids shall have been received following the second advertising, the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section."

The Clerk read the following amendment to the title by Representative Douthwaite:

On page 1, line 7 of the title after "; and" strike "repealing" and insert "amending"

MOTION

Mr. Pardini moved that the House reconsider the vote by which the amendment by Mr. Douthwaite to page 4 was adopted.

RULING BY THE SPEAKER

The Speaker: "On a move for reconsideration on an amendment, it has to be an immediate motion and there has been intervening business. We have gone from the body of the bill to the title and a title amendment has been read before the House. I'm afraid that your motion is out of order."

PARLIAMENTARY INQUIRY

Mr. Pardini: "Wouldn't it be proper that even if the title amendment or the question of the title has been placed before the House, no action has yet been taken on that, the fact that it was merely placed before us for consideration, with no action being taken on it, I think would certainly allow us to go back and now reconsider that amendment."

The Speaker stated the question before the House to be the motion to reconsider the vote by which the amendment by Mr. Douthwaite to page 4 was adopted.

Mr. Pardini spoke in favor of the motion and it was carried.

The Speaker stated the question before the House to be reconsideration of the vote by which the amendment was adopted.

Mr. Douthwaite spoke in favor of the amendment, and Mr. Pardini spoke against it.

POINT OF INQUIRY

Mr. Douthwaite yielded to question by Mr. Curtis.

Mr. Curtis: "I appreciate that for some of you the sun rises and sets in Seattle, but for others of us it does not and I am wondering if you are taking away from cities a right that they now have to operate parking lots not in conjunction, as indicated here, with parks and recreational facilities?"

Mr. Douthwaite: "As I understand it, the answer to that is no. We are giving the cities no powers to operate parking lots for purposes other than parks or city center purposes, only those two purposes are what we are talking about here. It is very carefully limited."

Mr. Curtis: "I am wondering if your amendment goes beyond those purposes and takes from the cities—I'm not certain, but something in the back of my mind strikes a chord that cities under even broader circumstances may operate some parking lots. I am wondering if you are not, by your amendment, taking that right from them?"

Mr. Douthwaite: "We are talking about parking lots which are paying propositions, yes. The question really is whether or not a private operator should operate parking lots which are on publicly-owned ground. I think beyond that I would just be repeating myself."

Mr. O'Brien spoke in favor of the amendment.

The amendment was adopted.

On motion of Mr. Douthwaite, the amendment to the title was adopted.

Substitute House Bill No. 207 was ordered engrossed and passed to Committee on Rules for third reading.

On page 1, line 7 after "RCW 28A.58.420" insert "and RCW 41.05.020"

House Bill No. 406 was ordered engrossed and passed to Committee on Rules for third reading.

ENGROSSED SENATE BILL NO. 2097, by Senators Woody, Gould and Knoblauch (by State Parks and Recreation Commission request):

Changing period of enrollment and compensation for enrollees in the youth corps and reducing the time privately owned recreation areas developed by enrollees must be available to the public.

The bill was read the second time.

Mr. Blair moved adoption of the following amendment:

On page 2, section 3, line 20 after "((forty))" strike "five" and insert "ten".

Mr. Blair spoke in favor of the amendment, and Mrs. Hurley (Margaret) spoke against it.

Mr. Conner demanded an electric roll call and the demand was sustained.

POINT OF INQUIRY

Mrs. Hurley (Margaret) yielded to question by Mr. Charnley.

Mr. Charnley: "The part of the language that I am curious about that is in here now is that it says, 'It shall be made available to the general public without cost, etc.' Does the private land owner have any chance, in working this out with the State Parks Commission for example, to limit the amount of people or is it just the general public—any number can come in? Does the Parks Commission have the authority to create some reasonable limits to that?"

Mrs. Hurley: "I am sure that the administration would be able to make an agreement with the private owner in advance of the project and if the private owner felt that there might be too much of a problem with hordes of the public coming in, I'm sure they wouldn't enter into the program. I can see the point that some private owners would not want the public to enter at all and maybe even 5 years would be too much. In a case like that they just don't enter the program."

ROLL CALL

The Clerk called the roll on adoption of the amendment by Mr. Blair to Engrossed Senate Bill No. 2097, and the amendment was lost by the following vote: Yeas, 12; nays, 76; not voting, 10.

Voting yea: Representatives Blair, Brown, Chandler, Charnley, Ehlers, Gaspard, Greengo, Haley, Hendricks, Moon, Pardini, Warnke.

Voting nay: Representatives Adams, Amen, Bagnariol, Barnes, Bauer, Bausch, Becker, Bender, Berentson, Boldt, Bond, Ceccarelli, Charette, Chatalas, Clemente, Cochrane, Conner, Curtis, Deccio, Douthwaite, Dunlap, Eng, Erickson, Fischer, Fortson, Freeman, Gaines, Gallagher, Gilleland, Hanna, Hansen, Hansey, Haussler, Hawkins, Hayner, Hurley G. S., Hurley M., Jastad, Jueling, Kilbury, King, Knowles, Kuehne, Laughlin, Leckenby, Lee, Lysen, Martinis, Matthews, Maxie, May, McCormick, McKibbin, Moreau, Newhouse, North, O'Brien, Patterson, Peterson, Polk, Randall, Savage, Schumaker, Seeberger, Sherman, Shinpoch, Smith E. P., Smith R., Thompson, Tilly, Valle, Whiteside, Wilson, Wojahn, Zimmerman, and Mr. Speaker.

Not voting: Representatives Eikenberry, Flanagan, Kalich, Luders, Nelson, Paris, Parker, Perry, Sommers, Williams.

POINT OF INQUIRY

Mrs. Hurley (Margaret) yielded to question by Mr. Pardini.

Mr. Pardini: "While this bill is still before us I notice two things—the base compensation rate to these people is \$25 per week. The second thing that I noticed is that it will allow the State Parks Commission to contract with private companies in view of the same thing. I wonder if, under Substitute House Bill No. 32, which establishes minimum wages (and we eliminated the exemptions for state, county and local government) we could be in trouble on this bill now that the minimum wage bill is moving the other way with that exemption removed? Has your committee considered that?"

Mrs. Hurley: "No, our committee didn't consider it, but I understand that Representative Parker is back and maybe he can answer you."

Mr. Parker: "I will have to do a little research on this, Mr. Pardini, and I will get you that answer very shortly."

Engrossed Senate Bill No. 2097 was passed to Committee on Rules for third reading.

MOTION

On motion of Mr. Charette, the House adjourned until 10:00 a.m., Friday, February 21, 1975.

SECOND READING

HOUSE BILL NO. 350, by Representatives Randall, Pardini and Erickson (by Department of Revenue request):

Pertaining to hotel, motel excise tax by counties and cities.

The bill was read the second time.

Committee on Ways and Means - Revenue recommendation: Majority, do pass as amended. (For amendments, see Journal, Thirtieth Day, February 11, 1975.)

Mr. Randall moved adoption of the committee amendment to page 1.

On motion of Mr. Randall, the following amendment to the committee amendment was adopted:

Starting on line 7 of the committee amendment to page 1, line 23 strike all of subsection (b) and insert:

"(b) In the event that any county has levied the tax authorized by this section and has, prior to effective date of this 1975 amendatory act, authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such county shall be exempt from the provisions of subsection (a), so long as, and to the extent that the tax revenues are pledged for payment of principal and interest on bonds issued pursuant to the provisions of 67.28.150 through 67.28.160. No city within such county may levy the tax authorized by this section so long as said county is so exempt: PROVIDED, That in the event that any city in such county has levied the tax authorized by this section and has, prior to the effective date of this 1975 amendatory act, authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such city may levy the tax so long as and to the extent that the tax revenues are pledged for payment of principal and interest on bonds issued pursuant to the provisions of 67.28.150 through 67.28.160."

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Randall, the new language says basically that the bonds must be authorized and issued. Is the effect of that to preclude cities that have not yet exercised this from being able to exercise this?"

Mr. Randall: "Yes."

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Moon.

Mr. Moon: "It is my understanding that in some instances, and maybe even in the case of the 'doomed stadium' or domed stadium there in Seattle, that these bonds have already been authorized but they have not yet been issued, not the entire amount. This would prevent the issuance of these bonds even though they have been authorized?"

Mr. Randall: "That would be correct, but we were very careful in this whole thing—that's why we've worked days on it. In the case of the domed stadium, the bonds that were authorized seven years ago have been issued 100%. We checked throughout the state and to the best of the committee's knowledge, including the people who would know about this, there is not a bond issue pending against this tax source at this point. Further, we were very careful because we didn't want to jeopardize the refunding of the domed stadium bond issues, so that language is now in here to allow refunding; that is the bill does not preclude refinancing an existing bond issue inside the local jurisdiction."

Mr. Moon: "I am concerned that there may be somewhere, by some cities or counties, some bonds that have been authorized, but have not yet been issued. If this is not the case, then I guess it would be all right."

Mr. Randall: "The situation is this: That some bonds have been authorized by ordinance, but not as yet issued. Taxes are now being collected pursuant to such ordinance, but tax commitments to a bond issue do not now exist, except in relation to the domed stadium. What the bill says is that bonds must have been authorized and issued to be eligible to continue to collect the two cent sales tax from the effective date of the act."

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Polk.

Mr. Polk "Is it your understanding that under this amendment, a city that has exercised this option to collect this tax and has been collecting the tax, would be able to keep what they have already collected, but would not be able to continue to collect this tax after the effective date of the act?"

Mr. Randall: "That is exactly correct, there is no pay-back provision at all—they keep what they have collected but after the effective date of this act they have to understand that it's a new ballgame."

Mr. Polk: "The effective date of the act is February 1, is that right?"

Mr. Randall: "No, there is no date, there is an amendment on the desk to establish a date, but I am going to withdraw it."

The committee amendment as amended was adopted.

The Speaker (Mr. O'Brien presiding) stated the question before the House to be final passage of Engrossed House Bill No. 304.

Mr. Ceccarelli spoke in favor of the bill.

POINT OF INQUIRY

Mr. Ceccarelli yielded to question by Mr. Nelson.

Mr. Nelson: "Representative Ceccarelli, I am interested to know if this bill will perhaps be retroactive on those existing mortgages that aren't equipped today with a reserve account and where the loan value ratio has dropped below 90%. Will those people gain the benefit of being able to go to their banks and say that they wish to discontinue the reserve account?"

Mr. Ceccarelli: "No."

POINT OF INQUIRY

Mr. Ceccarelli yielded to question by Mr. Smith (Rick).

Mr. Smith (Rick): "Often in my law practice, people will come in with documents on a mortgage transaction and I will advise them to establish a reserve account so that they can be certain that the fire insurance is paid. Would this bill foreclose a person who is loaning the money from having the requirement of a reserve account to pay the fire insurance?"

Mr. Ceccarelli: "No, this bill does nothing in that respect. This merely says that those who have 10% down or more are not required. I'm sure that many people will still want to set up a reserve account. For the individual, including the investor himself, who may have another way to use that additional monthly payment that he would have to pay into the reserve account in his own investment portfolio—presently, in the state of Washington, there are 50 state and federal savings and loan associations and they have a total of 179,000 mortgages. This is what we are talking about and they average about \$200 to \$400 per individual in a reserve account. So the reason I fought the previous amendment on allowing interest in the reserve account—we are only talking about \$10 per individual in interest a year and the cost to the savings and loan is much more than that to administer this reserve account, because remember, they are paying the taxes and the fire insurance, etc., out of that reserve account monthly, or twice a year in the case of taxes. Most of the reserve accounts are requested by individuals and this will not preclude that at all."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 304, and the bill passed the House by the following vote: Yeas, 84; nays, 11; not voting, 3.

BE IT RESOLVED, That the permanent rules of the House of Representatives, Forty-fourth Legislative Session, be amended to read as follows:

DUTIES OF STANDING COMMITTEES

RULE 82. Standing committees shall act upon all referred bills, memorials and resolutions. Only such bills as are included on the written notice of a committee meeting may be considered at that meeting except upon the vote of a majority of the entire membership of the committee to consider another bill. A majority recommendation of a committee must be signed by a majority of the entire membership of the committee in a regularly called meeting before a bill, memorial or resolution may be reported out. That all bills, memorials, and resolutions, referred to the sub-committee on (a) Appropriations or (b) Revenue and Taxation of the Ways and Means Committee may be acted upon by the sub-committee concerned and those signed by a majority of the membership of such sub-committee shall be reported back to the House with recommendation of such sub-committee reported thereon, except that the Omnibus Appropriation Bill, Supplemental Appropriation Bill, and any bill containing an appropriation with a financial impact over a four year period in excess of ten million dollars and any bill estimated to raise or lower a revenue source by five million dollars or more over a four year period shall be acted upon and reported by the whole Ways and Means Committee. Majority recommendations of a committee can only be "do pass", "do pass as amended", or that "the attached substitute be substituted therefor and that the substitute bill do pass." Minority reports, "do not pass" or "without recommendation", may be submitted with the majority report. Members of the committee not concurring in the majority report may prepare a written minority report containing a different recommendation, which shall be signed by those members of the committee subscribing thereto. All committee reports shall be spread upon the journal. The journal of the house shall contain an exact copy of all committee reports, together with the names of the members signing such reports: **PROVIDED**, That a majority of members elected to the house may require a committee to report a bill back to the house during the order of business at which it may be considered.

All bills including a direct appropriation must be referred to the Ways and Means Committee before appearing on the second reading calendar.

No standing committee shall vote on any issue by secret written ballot.

During its consideration of or vote on any bill, resolution or memorial, the deliberations of any Standing Committee of the House of Representatives shall be open to the public.

When a bill has been presented to a standing committee by its chairman, ~~((if the motion to report out fails for want of a majority favoring, one-sixth of the members of such committee may demand that the vote be recorded and filed with the chief clerk of the house who shall preserve such record for a period of four years.))~~ the vote of each committee member on the bill's final passage out of a standing committee shall be recorded and shall be spread upon the House Journal.

Mr. Dunlap moved that the resolution be adopted and spoke in favor of it.

Mr. Charette spoke against adoption of the resolution.

Mr. Conner demanded an electric roll call and the demand was sustained.

Mr. Chandler spoke in favor of the resolution and Mr. Hurley (George) spoke against it.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Patterson.

Mr. Patterson: "I have been reading this proposed amendment, and I read that the vote of each committee member on the bills on final passage, etc., shall be recorded. In the event that a member of that particular committee was absent because of illness or otherwise could

not be present, do you interpret this language as it is printed to mean that you would have to go and get a recorded vote from them?"

Mr. Charette: "Mr. Patterson, in answer to your question, I don't believe that any committee chairman would interpret this amendment in that fashion because I believe that each committee chairman is responsible and fair and would allow the matter to be put to vote even though someone was absent."

Representatives Lee and Bond spoke in favor of the resolution.

POINT OF INQUIRY

Mr. Perry asked Representative Dunlap or Representative Chandler to yield to question.

Mr. Perry: "I would like to ask you, in the event that a member were absent through no fault of his own—you had two meetings to attend, let's say, as in the case of the Democratic leadership or your leadership, one in the Governor's office and the other in the Higher Education Committee, and you were physically unable to attend the meetings—would that preclude you from voting if the bill was signed out? Would you be registered as absent at the time the vote was taken?"

Mr. Dunlap: "Representative Perry, under the situation that you posed I would see a recorded vote, perhaps, of excused."

Mr. Perry: "But if you wanted to vote on the measure and you can't physically be present, but you can get back, are you precluded from voting yes on the measure that you want, or voting no for that matter?"

Mr. Chandler: "If I may answer, Representative Perry, I think the same applies to a committee meeting that applies right here on the floor of the House. If you're not here, you don't vote. If you can't arrange your schedule to be where you are supposed to be, then you're recorded as absent. On that point, I think that one of the most hairy things that we have happen is people being away and refusing to vote and ducking the issue. Absenteeism is not at all a good thing and that's one of the things the voters are looking for."

Mr. Dunlap: "It was pointed out just a few days ago that this was one of the hard decisions that we have to make."

Representatives Pardini, Charnley and Peterson spoke in favor of the resolution, and Representatives Perry and Moon spoke against it.

Mr. Charette demanded the previous question and the demand was not sustained.

INVOCATION

by
 Reverend Erich H. Sigmar
 Messiah Lutheran Church, Auburn

"Eternal God, Father of all Mankind, we are poignantly reminded today that while in the midst of life we are in death. In this hour of memorial and tribute we gather before Thy loving kindness to acknowledge our gratitudes for the great promises of the Lord of Life before the stark mystery of death. The incredible promise of the Lord of Life gives us hope, 'I am the resurrection and the life, he who believes in Me, though he die, yet shall he live; and whoever lives and believes in Me shall never die.' We are grateful today for the lives of these men and women in whose memory we gather—for their dedication to service, serving the people of their constituency in their day, in their way. Thou has called us, Heavenly Father, to service in this, our day. May we hold high the torch of honorable service, knowing that when we serve the needs of people we do Thy will. And so Heavenly Father, as we gather in memory and in tribute, deal with us yet lest we forget. Amen."

MEMORIAL TRIBUTE

by Representative William Paris

"We gather as one today in honor of those who have given of themselves in public service and have now stepped out of time into eternity. There is, quite naturally, grief, because of the physical separation; however, there is also assurance because of our intuitive faith for hope. We assemble today for a few fleeting moments, but the memories of our fellow servants will linger on for generations—their dedication, unselfish giving, often unknown to the

masses, possibly to their families—it is respectfully acknowledged today. How true the immortal words of Jim Elliot, 'He is no fool who gives what he cannot keep to gain what he cannot lose.' May this provide not only comfort for the present, but hope for the future and pride in the inspirational memories that live on."

SECOND READING

HOUSE BILL NO. 307, by Representatives Douthwaite, Peterson, Blair and Patterson:
Repealing prohibition against sale of liquor on the University of Washington campus.

The bill was read the second time.

Mr. Zimmerman moved adoption of the following amendment:

On page 1, line 7 insert a new section to read as follows:

"NEW SECTION. Section 1. There is added to chapter 66.28 RCW a new section to read as follows:

Subject to the provisions of Title 66 RCW and the rules and regulations promulgated thereunder, liquor may be made available for purchase or sale upon the premises of, within the facilities of, or upon the grounds of all state institutions of whatsoever kind which are maintained primarily for service to, education of, care or maintenance of adults.

This provision shall supersede any existing statute, rule or regulation to the extent they are inconsistent herewith."

Renumber the remaining sections consecutively.

POINT OF ORDER

Mr. Douthwaite: "I request the Speaker to rule on scope and object of this amendment, in accordance with Rule 33, which requires that amendments be germane to the bill before us. Mr. Zimmerman's amendment speaks to all state institutions of whatsoever kind and the bill deals simply with the University of Washington, which is education only."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "It appears the amendment offered by Representative Zimmerman broadens the original intent of the sponsors of the bill considerably. It would permit the sale of liquor on all state institutions of whatsoever kind which are maintained primarily for service to, education of, care or maintenance of adults. It would appear that this amendment should be part of its own bill. I am going to rule that it is not germane to the subject matter."

Mr. Bond moved adoption of the following amendment:

On page 1, section 1, line 10 after "66.44.190" beginning with "are each" strike all material down to and including "each repealed." on line 15 and insert the following: "are each amended to read as follows:

It shall be unlawful to sell any intoxicating liquors, with or without a license, in the facilities or on the grounds of (~~the University of Washington, otherwise known and described as follows: Fractional section 16, township 25 north, range 4 east of Willamette Meridian~~) any and all colleges, universities, and other institutions of higher learning supported in whole or in part by state funds."

POINT OF ORDER

Mr. Charnley: "I would like the Speaker to rule on the scope and object of the amendment."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The Speaker is going to rule that this amendment is out of order. Apparently it does just the opposite of what the intent of the act is, and according to Reed's Rules, an amendment of this nature with a negative effect is classified as not being germane to the original subject matter."

House Bill No. 307 was passed to Committee on Rules for third reading.

POINT OF PARLIAMENTARY INQUIRY

Mr. Curtis: "Mr. Speaker, the other day you ruled on an amendment which allowed—I think something to the effect that it could even change the intent of an act—reverse it as such. That was allowed to be in order (I think it was on the education bill), and this one, even though it does change somewhat the intent, is certainly in order in terms of the proper section of the RCW and I am wondering if, in light of the previous ruling, the one you just made is consistent with that or what the reasoning was for it?"

The Speaker (Mr. O'Brien presiding): "Representative Curtis, the Speaker has already ruled on this question."

HOUSE JOINT MEMORIAL NO. 6, by Representatives Kilbury, Boldt, Wojahn, Charnley, Cochrane, Douthwaite, Perry, Fortson, North, Maxie, Valle, Bausch, Becker, Sherman, Williams, Hawkins, Moreau, Hanna, Thompson, Hurley (George), Lee, Brown, Laughlin, Moon, Sommers, Erickson, Smith (Rick), Bauer, Ceccarelli, Knowles, King,

POINT OF INQUIRY

Mr. Parker yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Parker, last week I expressed strong concern about Engrossed Senate Bill No. 2097, the Youth Corps bill, the program run by the State Parks Department wherein youths are paid \$25 a week plus room and board. It is my opinion that we have removed the prior exemption that these people have had and conceivably similar programs to this could very well be wiped out with the passage of this minimum wage law. Have you been able to get a definitive answer for me on this?"

Mr. Parker: "We looked in to that, we discussed this with the department, we talked to them about it and they felt under the language that we had in the bill that they had no problems. By terms of the employment they are able to charge off the room and board in conformance to the minimum wage and they are now paying in excess to the minimum wage as provided for in this bill. They did look at the bill and they found no problem with it."

Mr. Pardini: "Did they address themselves to the question of those people involved in that particular program and similar programs? Other programs where room and board is not involved—the actual day worker—you know, they may stay at home, live at home and that type of thing. We ran, in South King County, last year a very experimental program, kind of a Vista program, or Peace Corps program, where the young people were being paid \$50 per week."

Mr. Parker: "Well, Representative Pardini, your question originally to me was on Senate Bill No. 2097, and I solicited from the department the answer to that particular program. If you have additional programs, I will be glad to find that information for you. My basic feeling here is that we did provide special language dealing with state institutions of education and correctional facilities, and so on—that the interpretation of both the Department of Social and Health Services to me and the Department, in this case, of Parks and Recreation, was that the language was sufficient to cover those programs that they now have in existence or contemplate. They felt, however, that if the federal law which is now before the courts is found constitutional the entire point, in the words of our Speaker Pro Tem, would be moot, because they would be forced to pay minimum wage to all these people regardless of the state law."

Representatives Curtis, Schumaker and Eikenberry spoke against passage of the bill.

POINT OF INQUIRY

Mr. Parker yielded to question by Mr. Kuehne.

Mr. Kuehne: "In testimony on this bill in committee, was there a disclosure of the percentage of the employed work force in the state of Washington who at the present time are earning—let me rephrase it—a percentage of the work force that would be covered by these minimum wage provisions that is at the present time being paid less than the minimum wages called for in the bill? What percentage of the workers would be paid more money under the terms of the bill?"

Mr. Parker: "Your question—I will rephrase the question that I am answering to make sure that we have answered it. In terms of the original people added under this provision, we have stricken the exemptions from the state law dealing with governmental, county-city, municipal employees, we have stricken from that any federal employees who are making

under the minimum wage, we added to it full-time agricultural employees. It is those individuals in those categories, some of whom are making under minimum wage, they would now come under it. In terms of those that we are increasing, those that are now covered by the minimum wage in other categories, from agricultural, hospital, nursing homes, or restaurant employment, they would all receive an immediate ten cent an hour increase—they have a different scale. They go up to \$2.20 next year and \$2.30 the following year. Agricultural workers would go up to \$1.80 this year and ten cents a year until they have reached \$2.30 an hour. So in actual percentages of these categories, we don't have that information at this time and it did not come out in testimony."

Mr. Kuehnle spoke in opposition to the bill, and Mr. Hurley (George) spoke in favor of it.

Mr. Luders demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 32, and the bill passed the House by the following vote: Yeas, 65; nays, 32; not voting, 1.

Voting yea: Representatives Adams, Bagnariol, Bauer, Bausch, Becker, Bender, Berentson, Blair, Boldt, Brown, Ceccarelli, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Eng, Erickson, Fischer, Fortson, Gaines, Gallagher, Gaspard, Hanna, Hansey, Hawkins, Hendricks, Hurley G. S., Hurley M., Kilbury, King, Knowles, Laughlin, Luders, Lysen, Martinis, Maxie, May, McCormick, McKibbin, Moon, Moreau, North, O'Brien, Paris, Parker, Perry, Randall, Savage, Seeberger, Sherman, Shinpoch, Smith E. P., Smith R., Sommers, Thompson, Valle, Warnke, Williams, Wilson, Wojahn, and Mr. Speaker.

Engrossed Substitute House Bill No. 32, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

Engrossed Substitute House Bill No. 32, raising minimum wages, has several flaws:

It fails to exempt persons over 65 who may wish to work part time, and at their own choice, and who have other income, and whose homes are paid for (75% own their homes);

It fails volunteer agencies who need help and cannot afford to pay this figure, and thus reduces employment;

It fails to provide flexibility to people who wish to work and receive compensating time off.

There were valid amendments that were turned down and for this failure to recognize its need for improvement, I opposed Engrossed Substitute House Bill No. 32 on final passage.

HAL ZIMMERMAN, 17th District.

ENGROSSED HOUSE BILL NO. 102, by Representatives Chatalas, Curtis, Shinpoch, Polk, Bagnariol, Flanagan, North and Randall (by Legislative Budget Committee request):

Reconstituting purchasing and material control in state government.

The bill was read the third time and placed on final passage.

Representatives Sommers and Shinpoch spoke in favor of the bill.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Charnley.

Mr. Charnley: "I agree very much and I am attracted by the concept of this bill, but the one concern that I have is with the various agencies as to their costs in implementing it. Has Ways and Means, in terms of dealing with agency budgets, etc., considered the costs of where there hasn't been inventory done and they have to go on inventory estimates? And also, the office work type of control to be able to work with the state agency with this authority in implementing this—what are the costs?"

Mr. Shinpoch: "The auditors from the Legislative Budget Committee, in their testimony to the committee, indicated that in every instance with the clean-up procedures and with the

installing of standard operating methods and procedures, that there would be a saving to every agency; that even though they were going to have to provide us with some information that some of them didn't have, that overall within the length of the biennium, the efficiencies would more than offset any costs that it would take to do it. I think they are very conservative in their estimates; very frankly, I think that it will probably be closer to \$20 or \$30 million savings per biennium. The Legislative Budget Committee was very conservative and they said \$4 million."

Mr. Charnley: "The main concern that I had was this—that if you feel that in the biennium any increase in costs in the next year would eventually be recovered and loss to the agency itself would not be impacted that way."

Mr. Shinpoch: "It was the judgment of the auditors that your statement is correct."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 207, by Committee on Local Government (Originally sponsored by Representatives O'Brien, Blair, Douthwaite and Gaines):

Authorizing cities and towns to provide certain off-street parking in manner their legislative authority provides by ordinance.

The bill was read the third time and placed on final passage.

Representatives Douthwaite and Blair spoke in favor of the bill.

POINT OF INQUIRY

Mr. Douthwaite yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "I continue to be concerned as I expressed in committee on this thing. Are you of the opinion that the language contained here, which in essence allows the city to use properties which they own and which they received dedicated to park purposes, would this statute in any way override the dedication of the donor of the park property? We had this in so many cities where someone has donated property to a city for park usage and this then becomes a binding contract forever and ever and I want to know if the language contained in this bill is designed to negate that contract and potentially divert those dedicated park lands to parking lots?"

Mr. Douthwaite: "The language on page three refers to land dedicated for park or civic center purposes or other municipally-owned land where the primary purpose of such off-street parking facility is to promote parking for persons who use such park or civic center facilities. I think the answer to your question is no, it does not deal with a termination of the dedication which may exist now. If that is a problem, I have not been aware of it, but I don't believe this bill does address this, no."

Mr. Kuehnle: "If a piece of dedicated park land wound up being adjacent or nearby to a civic center facility, would you not then believe that this language would allow the conversion of that park property to a parking lot to serve the civic center, even though it had been donated originally for park purposes?"

Mr. Douthwaite: "Yes, I believe that it is within the freedom of the legislative body within the cities to designate land which they own for their own purposes. I believe they do have the freedom to convert, for example, from park to parking lot, if necessary. I am not positive of that, that's my feeling."

MOTION

On motion of Mr. Charette, the House moved to immediately consider House Bill No. 111.

SECOND READING

HOUSE BILL NO. 111, by Representatives Bagnariol, Pardini, Shinpoch, Flanagan and Randall (by Executive request):

Adopting a supplemental budget.

The bill was read the second time.

Mr. Pardini demanded a Call of the House, and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll and all members were present except Representatives Bauer and Brown.

On motion of Mr. Charette, the absent members were excused, and the House proceeded with business under the Call of the House.

On motion of Mr. Bagnariol, Substitute House Bill No. 111 was substituted for House Bill No. 111, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 111 was read the second time.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "Mr. Speaker, one of the members is still preparing an amendment. The amendment will be on page 1 or page 2. He is working on the language. If we go beyond that will we be able to come back to it rather than hold up the entire progress?"

The Speaker: "The custom of the House is to take the amendments in order as they appear in the bill. We have, as a matter of course, gone back for the convenience of members when it was drawn to our attention that they were preparing an amendment, and I think the Clerk has done this and I will assume that as long as the Clerk knows ahead of time that this will be done."

Mr. Bond moved adoption of the following amendments:

On page 1, section 2, line 24 after "implement" insert "part of"
 On page 1, section 2, line 30 strike "1,940,000" and insert "970,000"
 On page 2, section 2, line 1 strike "10,533,000" and insert "5,266,500"

Mr. Bond spoke in favor of the amendments.

Mr. Conner demanded an electric roll call, and the demand was sustained.

Representatives Bagnariol, Hendricks and Pardini spoke against adoption of the amendments, and Mr. Bond spoke again in favor of them.

ROLL CALL

The Clerk called the roll on the amendments by Representative Bond to Substitute House Bill No. 111, and the amendments were not adopted by the following vote: Yeas, 3; nays, 93; not voting, 2.

Voting yea: Representatives Bond, Dunlap, Kuehnle.

Voting nay: Representatives Adams, Amen, Bagnariol, Barnes, Bausch, Becker, Bender, Berentson, Blair, Boldt, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Curtis, Deccio, Douthwaite, Ehlers, Eikenberry, Eng, Erickson, Fischer, Flanagan, Fortson, Freeman, Gaines, Gallagher, Gaspard, Gilliland, Greengo, Haley, Hanna, Hansen, Hansey, Haussler, Hawkins, Hayner, Hendricks, Hurley G. S., Hurley M., Jastad, Juelling, Kalich, Kilbury, King, Knowles, Laughlin, Leckenby, Lee, Luders, Lysen, Martinis, Matthews, Maxie, May, McCormick, McKibbin, Moon, Moreau, Nelson, Newhouse, North, O'Brien, Pardini, Paris, Parker, Patterson, Perry, Peterson, Polk, Randall, Savage, Schumaker, Seeberger, Sherman, Shinpoch, Smith E. P., Smith R., Sommers, Thompson, Tilly, Valle, Warnke, Whiteside, Williams, Wilson, Wojahn, Zimmerman, and Mr. Speaker.

Not voting: Representatives Bauer, Brown.

Mr. Moon moved adoption of the following amendment:

On page 1, line 29 after "Survey" and before the colon insert ": PROVIDED, That no state employee classified by either the state personnel board or the higher education personnel board shall receive a salary increase of less than \$100 per month under the provisions of this section"

Mr. Moon spoke in favor of the amendment, and Mr. Bagnariol spoke against it.

Mr. Pardini demanded an electric roll call and the demand was sustained.

Representatives Polk and Bagnariol spoke against the amendment, and Mr. Moon spoke again in favor of it.

POINT OF ORDER

Mr. Pardini: "Mr. Moon is giving us a speech on tax bills, not on appropriations, and I think it is out of order."

SPEAKER'S RULING

The Speaker: "Representative Pardini, it might be well taken that sometimes we wander far afield, but in the past I remember many times when somebody was attempting to raise the budget the inquiry came from one side of the aisle to other, 'Where is your tax package to pay for this?' I think taxes and expenditures should be considered to a certain extent together and so I think he probably is in order so long as he doesn't go too far. I hope the members will not abuse it."

Mr. Moon continued his remarks in favor of the amendment, and Representatives Flanagan and Eikenberry spoke against it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Mr. Moon to Substitute House Bill No. 111, and the amendment was not adopted by the following vote: Yeas, 11; nays, 85; not voting, 2.

Voting yea: Representatives Busch, Cochrane, Gaines, Gallagher, Hawkins, Hendricks, Moon, Perry, Valle, Warnke, Williams.

Voting nay: Representatives Adams, Amen, Bagnariol, Barnes, Becker, Bender, Berentson, Blair, Boldt, Bond, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Conner, Curtis, Deccio, Douthwaite, Dunlap, Ehlers, Eikenberry, Eng, Erickson, Fischer, Flanagan, Fortson, Freeman, Gaspard, Gilleland, Greengo, Haley, Hanna, Hansen, Hansey, Haussler, Hayner, Hurley G. S., Hurley M., Jastad, Jueling, Kalich, Kilbury, King, Knowles, Kuehnle, Laughlin, Leckenby, Lee, Luders, Lysen, Martinis, Matthews, Maxie, May, McCormick, McKibbin, Moreau, Nelson, Newhouse, North, O'Brien, Pardini, Paris, Parker, Patterson, Peterson, Polk, Randall, Savage, Schumaker, Seeberger, Sherman, Shipoch, Smith E. P., Smith R., Sommers, Thompson, Tilly, Whiteside, Wilson, Wojahn, Zimmerman, and Mr. Speaker.

Not voting: Representatives Bauer, Brown.

With the consent of the House, Mr. Moon withdrew his other amendments.

Mr. Charnley moved adoption of the following amendment:

On page 1, line 29 after "Survey" and before the colon insert ": PROVIDED, That no state employee classified by either the state personnel board or the higher education personnel board shall receive a salary increase of less than \$50 per month under the provisions of this section"

Mr. Charnley spoke in favor of the amendment, and Representatives Bagnariol and Blair spoke against it.

POINT OF INQUIRY

Mr. Shipoch yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "My question deals with the technical accuracy or sufficiency of the amendment. Representative Charnley is providing a floor of \$50 a month for everyone in this section, but the figure of \$10.533 million is a hard and fast figure. I wonder whether the amendment could technically stand as such should we pass the amendment? In other words, would it be possible that this would work or might it not work?"

Mr. Shipoch: "In my judgment in order to implement the amendment, it would be necessary to change the \$10.533 million to some figure higher and I, frankly, don't recall what it is. I am sure we ran that particular option, but I don't recall what it is."

The amendment was not adopted.

With the consent of the House, Mr. Charnley withdrew his other amendments to the bill.

MOTION

On motion of Mr. Newhouse, Mr. Thompson was excused from further proceedings under the Call of the House.

Mr. Warnke moved adoption of the following amendment:

On page 2, after "6,316,000" on line 12 and before "General" on line 13 insert:
"FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

AFTERNOON SESSION

General Fund Appropriation: For allocation by the Superintendent of Public Instruction to local school districts for a statewide average 11.43 percent salary increase for certificated and classified employees effective March 1, 1975: PROVIDED, That these funds shall be distributed to districts on an equal amount per staff full-time equivalent..... \$ 29,225,000⁰⁰

Mr. Warnke spoke in favor of the amendment, and Mr. Bagnariol spoke against it.

POINT OF INQUIRY

Mr. Warnke yielded to question by Mr. Polk.

Mr. Polk: "Are you suggesting that this increase could be used as an offset for local districts against salaries that they have or are currently negotiating with their employees so that it could be useful in offsetting a special levy situation? Or are you saying that it should be used simply as an add-on to salaries? If this is going to carry over into the next biennium, is it your intention that this would then be taken out of the money that is in the Governor's proposal for allocation to the formula for the schools, or are you adding on to that?"

Mr. Warnke: "I am not speaking to the biennial budget yet. Representative Bagnariol talked to you about the \$220 million that this would be a carry-over on and at the present time we are dealing with this. Before I can totally answer the second part of your question, I will have to see how much money—how much revenue is available in this state after the supplemental budget passes. If it passes here and passes in the Senate and is signed by the Governor, we then would take a look at what is left in total revenue for the biennium. On the first part of your question, in dealing with local negotiations that are now in process, this would simply mandate the same salary increase to teachers in the state that the state employees are receiving. Whatever other money is available in the local school districts is up to the local school district and the local bargaining agent, whoever that might be, as to whether it is either going to be added on or below this. It's simply up to them in negotiations and this money—in no way am I mandating it in the present negotiations."

Representatives Polk and Pardini spoke against the amendment, and Mr. Warnke spoke again in favor of it.

The amendment was not adopted.

The Speaker called on Mr. O'Brien to preside.

The Clerk read the following amendment by Mr. Warnke:

On page 2, after "6,316,000" on line 12 and before "General" on line 13 insert:
 "FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION
 General Fund Appropriation: For allocation by the Superintendent of Public Instruction to local school districts for a statewide average 11.43 percent salary increase for classified personnel effective March 1, 1975: PROVIDED, That these funds shall be distributed to districts on an equal amount per staff full-time equivalent..... \$ 7,199,000⁰⁰"

Mr. Warnke spoke in favor of the amendment.

POINT OF ORDER

Mr. Polk: "The amendment hasn't been moved."

The Speaker (Mr. O'Brien presiding): "Your point is well taken."

Mr. Warnke moved adoption of the amendment, and spoke in favor of its adoption.

Mr. Warnke demanded an electric roll call, and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Warnke to Substitute House Bill No. 111, and the amendment was not adopted by the following vote: Yeas, 15; nays, 80; not voting, 3.

Voting yea: Representatives Bausch, Ceccarelli, Cochrane, Conner, Gaines, Hanna, Hawkins, Knowles, Luders, Lysen, Moon, Parker, Perry, Warnke, Williams.

Voting nay: Representatives Adams, Amen, Bagnariol, Barnes, Becker, Bender, Berentson, Blair,

Kalich, Kilbury, King, Kuehnle, Laughlin, Leckenby, Lee, Martinis, Matthews, Maxie, May, McCormick, McKibbin, Moreau, Nelson, Newhouse, North, O'Brien, Pardini, Paris, Patterson, Peterson, Polk, Randall, Savage, Schumaker, Seeberger, Sherman, Shinpoch, Smith E. P., Smith R., Sommers, Tilly, Valle, Whiteside, Wilson, Wojahn, Zimmerman, and Mr. Speaker.

Not voting: Representatives Bauer, Brown, Thompson.

The Speaker resumed the Chair.

The Clerk read the following amendment by Representative Warnke:

On page 4, after "417,000" on line 21 and before "NEW" on line 22 insert:

"NEW SECTION. Sec. 4. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

General Fund Appropriation: For allocation by the Superintendent of Public Instruction to participating school districts to fund an additional state contribution of \$10.00 per month for employee health benefits effective March 1, 1975: PROVIDED, That these funds shall be distributed to those participating districts on an equal amount per staff full-time equivalent \$ 2,433,000"

With the consent of the House, Mr. Warnke withdrew his amendment.

The Clerk read the following amendment by Representatives Flanagan, Kuehnle, Curtis and Deccio:

On page 2, line 1 after "sources" insert ": PROVIDED FURTHER, That nothing contained in existing law shall permit or grant to any employee the right to strike or refuse to perform his official duties, and any employee who does strike shall thereafter permanently lose the rights of appeal prescribed by RCW 41.06.170 through 41.06.210"

With the consent of the House, Mr. Flanagan withdrew the amendment.

Mr. Amen moved adoption of the following amendments by Representatives Amen and Hansey:

On page 2, line 6 after "of" strike "ten" and insert "twelve"

On page 2, line 12 after "\$" strike "6,316,000" and insert "7,939,161 or so much thereof as may be necessary"

Representatives Amen and Hansey spoke in favor of the amendments, and Representatives Bagnariol, Patterson, Shinpoch and Hurley (George) spoke against them.

Mr. Pardini demanded an electric roll call and the demand was sustained.

Mr. Amen spoke again in favor of the amendments.

ROLL CALL

The Clerk called the roll on the amendments by Representatives Amen and Hansey, and the amendments were not adopted by the following vote: Yeas, 36; nays, 59; not voting, 3.

Voting yea: Representatives Amen, Barnes, Becker, Berentson, Blair, Bond, Chandler, Charnley, Cochrane, Curtis, Deccio, Douthwaite, Eng, Flanagan, Greengo, Haley, Hansey, Hawkins, Hendricks, Jueling, Lee, Matthews, Moon, Moreau, Nelson, Pardini, Patterson, Perry, Peterson, Polk, Schumaker, Smith R., Tilly, Williams, Wilson, Zimmerman.

Voting nay: Representatives Adams, Bagnariol, Bausch, Bender, Boldt, Ceccarelli, Charette, Chatalas, Clemente, Conner, Dunlap, Ehlers, Eikenberry, Erickson, Fischer, Fortson, Freeman, Gaines, Gallagher, Gaspard, Gilleland, Hanna, Hansen, Haussler, Hayner, Hurley G. S., Hurley M., Jastad, Kalich, Kilbury, King, Knowles, Kuehnle, Laughlin, Leckenby, Luders, Lysen, Martinis, Maxie, May, McCormick, McKibbin, Newhouse, North, O'Brien, Paris, Parker, Randall, Savage, Seeberger, Sherman, Shinpoch, Smith E. P., Sommers, Valle, Warnke, Whiteside, Wojahn, and Mr. Speaker.

Not voting: Representatives Bauer, Brown, Thompson.

STATEMENT FOR THE JOURNAL

RICK SMITH, 23rd District.

MOTION

On motion of Mr. Charette, the House recessed until 2:15 p.m.

The House was called to order at 2:15 p.m. by the Speaker. The Clerk called the roll and all members were present except Representatives Bauer, Brown and Thompson, who were excused.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 111:

The House resumed consideration of Substitute House Bill No. 111 on second reading.

Mr. Shinpoch moved adoption of the following amendment by Representatives Shinpoch and Bagnariol:

On page 2, line 10 after the colon insert "PROVIDED, That these funds shall be used only for merit increases. Each institution shall report to the 1976 Legislature the guidelines and criteria on which these funds are disbursed. The criteria shall include but not necessarily be limited to consideration of (1) performance evaluations by other faculty and staff, respective dean and department chairperson and students, (2) staff characteristics which include improved degree credentials and additional years of experience:"

Representatives Shinpoch and Polk spoke in favor of the amendment, and Representative King spoke against it.

Mr. Conner demanded an electric roll call and the demand was sustained.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Peterson.

Mr. Peterson: "Representative Shinpoch, would the result of this amendment delay the implementation of pay raises? That is, do the four-year schools and the community colleges have a merit system now which they could implement?"

Mr. Shinpoch: "I can't specifically answer your first question—would it delay it. Maybe this is as good a time as any to point out—I suspect that some of the representatives here are like all of us, you don't get time to read all your mail; however, Representative Hurley had a similar type of amendment in the last time and we did receive reports back from all the four-year schools—four of them were pretty good, the University of Washington's for example; we thought they had developed some pretty good criteria. There were some of them that really weren't anything and so we did not establish what the basic guidelines should be or what any minimum guidelines should be the last time. I would like to make it clear we are not breaking any new ground other than saying, 'Here are some minimum guidelines.' This is already being done—your legislature has already received a report on how the salary money was given out last time and so from that standpoint the University of Washington (if you're asking the question because that's where you're from) then they already have some pretty good guidelines, in our judgment."

POINT OF INQUIRY

Mr. Polk yielded to question by Mr. Bond.

Mr. Bond: "What kind of assurance can you give me and the rest of this body that the subsequent amendment that you referred to, which would apply the same criteria to classified employees, will pass?"

Mr. Polk: "I certainly can't give you any assurance that it's going to pass, I just have to rely on the good judgment of this body."

Mr. Bond spoke against the amendment.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Patterson.

Mr. Patterson: "The only thing that bothers me about this is whether or not the proviso would exclude the possibility in the event that you needed to use some of this money to replace a member of your faculty, that you could not use this for new-hires."

Mr. Shinpoch: "I guess I really don't understand what you are trying to get at here."

Mr. Patterson: "It says here it shall be used only for merit increases. We are talking about a lump sum of money here and what I am wondering about is, in the event you had an individual that was coming in and he was going to be a replacement for a current member of the faculty, whether or not some of these moneys might be used for the new-hire, rather than just in the area of salary increases for those that are employed at the present time?"

Mr. Shinpoch: "I guess, Representative Patterson, my judgment is that for one, you already have the money for the person that is there—that has been funded—and if you are going to replace him and if he passed the minimum criteria for merit increase, then I would assume you could bring him in equal to the salary of the person he is replacing. Then if we pay for merit and he fits that category, I would assume that on that basis he would also be eligible for a merit increase over and above his base incoming pay."

POINT OF INQUIRY

Ms. Maxie yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Is there a bill of this sort presently in your Higher Education Committee?"

Ms. Maxie: "Representative Douthwaite, none to my knowledge addressing this issue of the salary increases or directing the institutions as to how to set up guidelines to use salary moneys for higher education institutions."

Mr. Douthwaite spoke against the amendment.

POINT OF INQUIRY

Mr. Bagnariol yielded to question by Ms. Maxie.

Ms. Maxie: "Representative Bagnariol, I was pleased to hear you make some reference to the tuition increase issue relative to the salary proposal from the ten percent to twelve percent by Representative Amen. I am concerned about a proviso of this nature being handled by the Ways and Means Committee. My concern, of course, hinges on whether this would be a policy of the Ways and Means Committee to consider other issues, such as tuition increase, by proviso in the budget? That's my question."

Mr. Bagnariol: "I'm not sure that we can consider that by proviso in the budget. Philosophically, if we could I would, if we decided that we are going to go with tuition increase, primarily because it is part of the budget-making process. Recognizing that that particular piece of legislation is in Higher Education Committee (and I have no quarrel with that, I think you folks basically should have the first look at that type of thing), but when it comes down to balancing the budget within bucks, I guess I would look at tuition fee increases somewhat as a revenue measure—maybe would be heard by the Revenue Committee."

Ms. Maxie: "This is true; do you also see it as a tax increase?"

Mr. Bagnariol: "I guess it would fall under a similar category because right now we fund higher education—student tuition and fees—fund a portion of that. As the costs of higher education increase, the percentage of student support, of course, is decreasing. Then I guess the question is, do you increase the tuition fees—tuition and fees, to support inflationary increases, or do you raise other people's taxes to do it? I am not here debating the merits or demerits of whether or not we should raise tuition and fees; that issue is not before us. I only brought it out earlier to explain to the body that some of the things recommended in the Governor's budget were recommended based on proposed tax increases as well as increases in the tuition fees."

Ms. Maxie: "Another question I suppose would just end up in a comment here. I don't question what you have said, only the procedural method by which you are handling higher education matters. It seems to me that our agreement in the past has been to work together in a concerted effort. I can understand your concern about higher education institutions really holding the legislative intent of any measure that is passed. Again I think my position in this is because of some experience in the past and what is before us. I will oppose this proviso on the basis that I think that it should possibly be heard before the Higher Education Committee and it has been my position as the committee chairperson for the committee to work in concert with Ways and Means and not to be put in the position of having to oppose you on the floor. So in all respect to the members of the committee who worked very diligently and tried to cooperate with not only the Ways and Means Committee, but the entire legislature, I will have to oppose this proviso. I can assure you that I can understand what you are trying to do. As a matter of fact we have a bill in our committee right now which we will be hearing and I inserted a proviso similar to this, so it will be heard by the entire committee and I am very aware of your trying to be fiscally responsible."

Mr. Bagnariol: "I'm not sure you asked me a question, but I will respond anyway. I do respect your position, Representative Maxie, and I do respect the stand that you have taken on this particular issue. We try to avoid getting into the policy-making decisions other than as they pertain to fiscal matters in Ways and Means."

Representatives Bagnariol, Shinpoch and Tilly spoke in favor of the amendment, and Representatives Maxie, Moon, Smith (Rick) and King spoke against it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Shinpoch and Bagnariol to Substitute House Bill No. 111, and the amendment was adopted by the following vote: Yeas, 57; nays, 38; not voting, 3.

On page 11, strike all of section 20 and renumber the remaining sections consecutively.

Mr. Pardini spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Bagnariol yielded to question by Mr. Berentson.

Mr. Berentson: "The language in this section is rather difficult to understand. I have two questions, number one is, who are we training here—the people that come into Neighbors in Need or are we training people to give away food in the Neighbors in Need program? The second question, can you inform us as to how many private training schools we have, and if you think it is proper, what are the principles involved in an operation like this?"

Mr. Bagnariol: "In answer to your first question, the proposition was brought to us by Neighbors in Need and, I believe, concurred in by the Department of Employment Security, actually last year. The purpose of the private project is to attempt to get the recipients of the Neighbors in Need food-type thing back into the mainstream and actively employed, so hopefully they will not need the services of Neighbors in Need. That was the basic criterion behind it. As far as the number of schools that are operating in this state now, I really couldn't tell you—I know of five or six of them that currently are contracting in different

segments with Employment Security and with the Department of Vocational Rehabilitation, etc. In these kinds of projects the contracts that are generally written are written on a performance contract. We have a similar contract that's currently in effect now through Employment Security in job placement training, etc., and it's had about a 50% success ratio. Anyway we did appropriate \$75,000 last session in the General Budget that passed. That was done in such a manner that we anticipated picking up some \$600,000 of federal matching funds. Unfortunately, that did not work out, so Neighbors in Need came back with this proposal as an alternative—to try a pilot project and in a sense I kind of look at this as a reappropriation of that \$75,000. I think their intention primarily is to see if through this concept of performance contracting in job placement training, they can, in effect, work their way out of a job over the long period of time. If we can get the people back into the mainstream, that's the basic criterion behind it."

Mr. Pardini spoke again in favor of the amendment.

POINT OF PARLIAMENTARY INQUIRY

Mr. Curtis: "As the discussion was being held on this amendment, I felt that perhaps the problem could be solved by a perfecting amendment, and I hastily wrote it out and put it on the desk. I realize, however, that it is a perfecting amendment which really should have come ahead of the amendment to strike and I am wondering if I might be allowed to now place that amendment before a vote is taken on the striking amendment? I think I would have the agreement of Representative Pardini, if that is necessary."

The Speaker: "We have pending before us an amendment to strike the section, so therefore, I am afraid your amendment would be too late."

With the consent of the House, Mr. Pardini withdrew his amendment.

Mr. Hansey moved adoption of the following amendment:

On page 5, section 8, line 7 strike "resource management cost account" and insert "general fund"

Representatives Hansey, Shinpoch and Flanagan spoke in favor of the amendment, and it was adopted.

The Speaker called on Mr. O'Brien to preside.

Mr. Matthews moved adoption of the following amendment by Representatives Matthews, Hansey and Deccio:

On page 7, line 13 add a new section to read as follows:

"NEW SECTION. Sec. 10. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

In addition to currently appropriated funds, a general fund appropriation of \$2.5 million of which \$1.2 million will be from state funds and \$1.3 million from federal funds with which the secretary of the department of social and health services, notwithstanding any provision of the law to the contrary, shall resume full implementation of the cost reimbursement system for nursing homes authorized by section 61, chapter 142, Laws of 1974 ex. sess.

General Fund Appropriation \$ 2,500,000"

Renumber the remaining sections consecutively.

Mr. Matthews spoke in favor of the amendment.

Mr. Hansey demanded an electric roll call and the demand was sustained.

Representatives Deccio and Whiteside spoke in favor of the amendment, and Representative Shinpoch spoke against it.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Deccio.

Mr. Deccio: "Representative Shinpoch, it has been proven without a doubt that the pension funding in this state is clear out of funds, which requires this complete legislature to take a whole look at that system. We are giving increases based on salary surveys that many of us have never seen and which we also agree are in doubt. As a matter of fact, we have authorized six figures in order to bring that thing into focus. Why then are we picking on the nursing homes to freeze that increase when we are doing nothing about freezing the pensions and freezing the salaries?"

Mr. Shinpoch: "Let me respond to the fact that you haven't seen the salary survey. I would submit to you that it is a public record. All you have to do is go look at it. That's what we did, so as it relates to that I guess I just kind of wipe that one off. The fact that those things that you bring up and the fact that the pension system is in trouble and we have a select committee that is going all over the state now for the people to listen to, I don't think has anything to do with this. The fact still remains that we are paying two-thirds more for the nursing homes today than we were at this time two years ago. The fact still remains that since the cost reimbursement system went in we are paying 30% more—that it went up 30% between July and September. With that type of an acceleration, it's absolutely necessary that we do something to find out what is causing that type of acceleration, because nowhere, when it was presented to the legislative body that proved it, was anything of that magnitude indicated."

Mr. Matthews spoke again in favor of the amendment.

POINT OF INQUIRY

Mr. Matthews yielded to question by Mr. Hurley (George).

Mr. Hurley: "You made a statement, I believe, about the state of Washington being extremely low in payments to nursing homes, is that correct?"

Mr. Matthews: "This state pays the lowest for patient care for skilled nursing of any of the ten western states."

POINT OF INQUIRY

Mr. Matthews yielded to question by Mr. Leckenby.

Mr. Leckenby: "Representative Matthews, are nursing homes that are taking care of state patients having financial difficulties to the point where they may be going out of business or where they may have to go into bankruptcy?"

Mr. Matthews: "There are some that have gone out of business recently. I can't give you specific numbers of how many, and quite personally, I am not involved directly with those kinds of operations, so I can't tell you what kind of continuing trouble they have. I know, quite frankly, that if I had to cut back my costs I know where I would be cutting. About 70% of the costs in a nursing home are in salaries and that would be where I would have to start in order to meet those payments in my budget."

Mr. Leckenby spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Matthews yielded to question by Mr. Flanagan.

Mr. Flanagan: "I have been looking over the budget—I don't remember exactly the figures, but in looking over the supplemental budget proposed by the Governor and also the biennial budget, I think that I saw in there a very large sum to increase nursing homes in the regular budget, but nothing in the supplemental budget. It was my intention to support the recommendation in the regular budget, because I knew that there was a need in that area. Would it be your intention to reduce whatever amount was recommended in the regular budget by this appropriation that you are recommending here now in the supplemental budget?"

Mr. Matthews: "I can answer you very directly. No, because, in fact, the costs are historical costs and they are going to remain there. I think that just the opposite would be true—we are going to have to make sure that in the biennial budget we make provision for these costs that are incurred by our Title 19 patients and that is exactly what we are attempting to do right here right now on an immediate basis rather than waiting three or four months down the line."

Representative Haley spoke in favor of the amendment.

Mr. Luders demanded the previous question, and the demand was sustained.

Mr. Moon moved adoption of the following amendment:

On page 11, strike all of lines 4 through 8 and insert the following: "as used by a broadly representative sample of all other employers within the state of Washington, and make a comparison of actual prevailing rates in state government with those actual prevailing rates utilized by a broadly representative sample of all other employers with the"

POINT OF INQUIRY

Mr. Pardini yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Pardini, I am trying to find in this amendment where it says that these are supposed to be general obligation bonds, I can't see that in there anyway."

Mr. Pardini: "That would be in House Bill No. 219, Representative Flanagan, the accompanying legislation which goes along with this."

Mr. Flanagan: "That hasn't passed yet though, so I can't understand how you can say that these are general obligation bonds without that bill being passed."

Mr. Pardini: "I think that what you will find on closer investigation is that we are appropriating this from the Community College Capital Construction Account and last year indicated (and I am again subject to correction—I'm going to ask Representative King just to be sure) the Community College Capital Construction Account has already been changed by this legislature to a general obligation bond."

Mr. Flanagan: "I was just wondering if that language—if the Community College Capital Construction Account referred to the present basis of allocation which is out of tuition fees, or whether it referred to some new method. That's what I can't understand here."

Mr. Pardini: "Once again, Representative Flanagan, it is my understanding that all community college construction bonds are now general obligation bonds of the state of Washington as a result of the action of this legislature."

Mr. Shinpoch spoke in opposition to the amendment.

POINT OF INQUIRY

Mr. Charnley yielded to question by Mr. Pardini.

Mr. Pardini: "Is it your impression that community college construction bonds are general obligation bonds of the state of Washington as a result of the action of this legislature last year?"

Mr. Charnley: "I'm sorry, Representative Pardini, but I believe this is not so. This is the purpose of House Bill No. 219, but I have been searching through here as quickly as I could, and I think the statements made by Representative Shinpoch are correct, that they are not yet general obligation bonds."

The amendment was not adopted.

Mr. Shinpoch moved adoption of the following amendment by Representatives Shinpoch and Bagnariol:

On page 12, line 10 strike all of section 23.

Representatives Shinpoch and Curtis spoke in favor of the amendment.

SPEAKER'S ADMONITION (MR. O'BRIEN PRESIDING)

ROLL CALL

The Clerk called the roll on adoption of the committee amendment to page 1, line 18 of House Bill No. 272, and the committee amendment was not adopted by the following vote: Yeas, 38; nays, 57; not voting, 3.

Voting yea: Representatives Bagnariol, Bausch, Becker, Bender, Ceccarelli, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Fischer, Gaspard, Hanna, Hansen, Haussler, Hawkins, Hurley G. S., Jastad, Kilbury, King, Knowles, Martinis, May, Moreau, O'Brien, Parker, Randall, Sherman, Shinpoch, Smith E. P., Smith R., Valle, Warnke, Williams, Wojahn, and Mr. Speaker.

Mr. Matthews moved adoption of the following amendment by Representatives Matthews and Blair:

On page 2, line 19 after "before" strike "~~((April 15th))~~ May 1st" and insert "April 15th: PROVIDED, That the board of directors of any district which (1) has submitted to its electors, in that calendar year, a

levy requesting additional millage of taxation for the purposes of maintenance and/or operation, and (2) has failed to obtain the required number of affirmative votes therefor, shall have until May 15th to provide the written notices to employees required by this section"

On motion of Mr. Blair, the following amendment to the amendment was adopted:
Strike "April 15th" and insert "((April 15th)) May 1st"

The Speaker stated the question before the House to be the amendment by Representatives Matthews and Blair as amended.

Mr. Clemente spoke against the amendment, and Mr. Blair spoke in favor of it.

POINT OF INQUIRY

Mr. Blair yielded to question by Mr. Charette.

Mr. Charette: "This is the amendment on page 2, line 19 that we are talking about and the way you have it, is it proper to put the proviso in the middle of the sentence rather than at the end of the sentence?"

Mr. Blair: "Representative Charette, you certainly are more knowledgeable on the proper procedures of bill drafting than I. We attempted to put it where it seemed most logical to us. I don't know of any statutory prohibition against putting a proviso in anywhere and it seems to make grammatical sense. If you are aware of some restriction in bill drafting that would keep us from putting it here—I certainly would concede that it is more customary to see provisos at the end, but I believe that in some instances I have seen them in the middle of sentences."

SPEAKER'S RULING

The Speaker: "Representative Blair, the Speaker has looked at this and I think it would be more properly inserted after the word 'contract' on line 31 as a proviso relating back to the notices and to the matter. With the consent of the House and if you have no objection, we will place the amendment there."

With the consent of the House the amendment was corrected to be on page 2, line 31.

Mr. Clemente spoke again in opposition to the amendment, and Representatives Erickson and Matthews spoke in favor of it.

The amendment as amended was adopted.

Mr. Newhouse moved adoption of the following amendment:

On page 3, line 26 add a new paragraph as follows:

"A certificated employee who has worked for the school district for not more than two consecutive school years shall be a nontenured employee and shall have no right to a contract for the following school year. Future employment of such an employee shall be at the discretion of the board of directors and shall not be subject to review under this chapter. A nontenured employee whose contract for the next ensuing term will not be renewed must be given written notice of the decision of the board of directors on or before April 15th preceding commencement of such term."

POINT OF ORDER

Mr. Clemente: "I object to the amendment, citing Rule 33 of the House Rules."

SPEAKER'S RULING

The Speaker: "Representative Newhouse, the Speaker has been aware of this amendment and the possibility of scope and object, so I would like to hear from you before I say that it is beyond the scope and object."

Mr. Newhouse: "I got the inference in your wording, Mr. Speaker. I would comment that this section of the law is the proper place for the amendment which is before us. This amendment would create what is often called a probationary period, but is somewhat different from the one in section 1; however, when we address section 2 we come to the section of the law which, in effect, gives to a teacher who is being hired, immediate tenure. Now there are only three states in the United States that do this and in many ways it is really a deterrent to improving the quality of teachers that we have in the state. How can you upgrade or get rid of unsatisfactory teachers if they have instant tenure when they are issued a contract? I think that this is the proper place. In a similar section of the law for community colleges there is a three-year period before they get tenure and when you go into this section with instant tenure—the teachers automatically have master contracts, this public negotiations act and

guaranteed rights. I suggest to you that this is the proper section and is involved. It does not extend the scope and object of the bill, but sets a little different period for when a teacher may get tenure in this state."

The Speaker: "It is the Speaker's feeling that the original intent of the scope and subject matter of the bill was to merely move the date from April 15th to May 1st. Your amendment goes into another matter completely unrelated to the date process and so leads to a different subject matter completely."

Mr. Newhouse: "I would point out that you are probably correct if you go just to the original bill, but the amendment by Representatives Matthews and Blair has remained unchallenged, it has been adopted and does extend the effect of section 2 into a new area about the approval of special levies and is broadening the scope of this section much more than my amendment, which only changes the effective date of when a teacher gets tenure. I think that my amendment is much more properly within the scope of this bill and section 2 than the previous amendment which was adopted by this body."

The Speaker: "I will have to admit that the adoption of the Matthews/Blair amendment, which is very doubtful whether it was within the scope, certainly strengthens your argument, but even considering the bill as opened by the Matthews/Blair amendment, they are still talking about a date when the subject matter presently in the bill is to be affected, so I feel that your amendment is not dealing with dates, but merely with completely new requirements inserted in to the tenure position of the certification of employees. I still think that your amendment is outside the scope; although you are getting closer all the time."

MOTION

Mr. McKibbin, having voted on the prevailing side, moved that the House immediately reconsider the vote by which the committee amendment to page 1, line 18 was not adopted.

POINT OF ORDER

Mr. Pardini: "Mr. Speaker, the notice of reconsideration of the motion for reconsideration has come after intervening business. The amendment was defeated and a subsequent amendment was adopted, and I believe that the motion for reconsideration is out of order."

The Speaker: "The Speaker is going to take your point of order under consideration and we will handle it after recess."

MOTION

On motion of Mr. Charette, the House recessed until 1:30 p.m.

AFTERNOON SESSION

The House was called to order at 1:30 p.m. by the Speaker. The Clerk called the roll and all members were present except Representatives Bauer, Boldt and Brown, who were excused.

MESSAGE FROM THE SENATE

February 28, 1975

Mr. Speaker:

The President has signed:

HOUSE BILL NO. 100,
HOUSE BILL NO. 226,

and the same are herewith transmitted.

Sidney R. Snyder, Secretary.

SECOND READING

HOUSE BILL NO. 272:

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The Clerk called the roll and all members were present except Representatives Bauer, Boldt and Brown.

On motion of Mr. Charette, the absent members were excused, and the House proceeded with business under the Call of the House.

SPEAKER'S RULING

The Speaker: "The question before the House is the point of order in regard to the motion to reconsider. The Speaker is ruling that the motion to reconsider is in order and for the information of the members, this ruling goes to the effect that as long as the bill is before you on second reading then the motion for reconsideration on any amendment will be before you until the bill is referred to Rules or goes off the calendar."

Mr. Newhouse: "The amendment for which reconsideration has been asked has been affected by a subsequent amendment in section 2 of the bill; therefore, it would be my contention that the motion to reconsider is out of order and if that were desired then we must first reconsider and defeat the amendment by Representatives Blair and Matthews."

The Speaker: "I have been advised by my legal staff that the former amendment only went to section 1 and the intervening amendment referred to section 2 and therefore it would not have any consequence on the act. Therefore, the motion for reconsideration is in order."

Mr. Clemente spoke in favor of the motion, and Representatives Erickson and Newhouse spoke against it.

Mr. Seeberger demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on the motion by Mr. McKibbin to reconsider the vote by which the committee amendment to page 1, line 18 of House Bill No. 272 was lost, and the motion carried by the following vote: Yeas, 57; nays, 38; not voting, 3.

The Speaker declared the question before the House to be reconsideration of the committee amendment to page 1, line 18.

Mr. Clemente spoke in favor of the amendment.

Mr. Hansey demanded an electric roll call and the demand was sustained.

ROLL CALL

The Clerk called the roll on reconsideration of the committee amendment to page 1, line 18 of House Bill No. 272, and the amendment was adopted by the following vote: Yeas, 54; nays, 41; not voting, 3.

Voting yea: Representatives Adams, Bagnariol, Bausch, Becker, Bender, Ceccarelli, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Fischer, Gaines, Gallagher, Gaspard, Hanna, Haussler, Hawkins, Hurley G. Not voting: Representatives Bauer, Boldt, Brown.

Mr. Clemente moved adoption of the committee amendment to strike section 2.

Mr. Clemente spoke in favor of the amendment, and Mr. Matthews spoke against it.

POINT OF ORDER

Mr. Newhouse: "Mr. Speaker, the body has decided the issue in the case of the Matthews/Blair amendment and this would be a devious attempt to reconsider and defeat that amendment. I would cite to you Rule 136."

SPEAKER'S RULING

The Speaker: "Representative Newhouse, it is the understanding of the Speaker that we have always allowed the members the privilege of perfecting the section before striking so that the section would be at its strongest position before you would strike it. All the Matthews/Blair amendment did was to attempt to perfect that particular section and therefore we withheld the committee amendment to strike the section until after the body had had a chance to perfect."

Mr. Newhouse: "Yes, I agree with you, except that in this case the language in section 2 went back to the original language of the statute; therefore a motion to strike exactly contravenes the effect of the amendment."

The Speaker: "This is true, but the motion to strike always, if there is present statutory language, had that effect. The Speaker feels that the Matthews/Blair amendment is a perfecting amendment and therefore the committee amendment to strike is in order."

Mr. Blair spoke against the committee amendment.

ROLL CALL

The Clerk called the roll on adoption of the committee amendment to strike section 2 of House Bill No. 272, and the amendment was adopted by the following vote: Yeas, 51; nays, 44; not voting, 3.

MOTION

On motion of Mr. Charette, the House moved to consider immediately House Bill No. 114.

Removing mandatory tuberculosis expenditure requirements.

The bill was read the second time.

On page 1, line 21 after "of" strike down to and including "counties" on line 25 and insert "each county ((enumerated in RCW-70.33.040))"

Mr. Newhouse spoke in favor of the amendment, and Representatives Sommers, Knowles, Eikenberry and Pardini spoke against it.

Mr. Newhouse spoke again in favor of the amendment.

POINT OF INQUIRY

Ms. Sommers yielded to question by Mr. Haussler.

Mr. Haussler: "What effect would your bill have on the counties in Eastern Washington?"

Ms. Sommers: "None at all."

Mr. Haussler: "None at all in supporting the TB hospitals or anything in that line?"

Ms. Sommers: "No, no effect at all."

Mr. Haussler: "I still don't know why you are taking it off the Western Washington counties and leaving it on the others."

Ms. Sommers: "We tried that before and the people from the Spokane area objected very, very strenuously because the money does go to a hospital. We acknowledged that objection, yielded to it and decided for Western Washington. Certainly if persons from Eastern Washington—if the opinion is that you do not object, but that you support it, then I certainly think that such a bill should be introduced and that subject should be discussed."

Mr. Randall spoke against the amendment, and Mr. Curtis spoke in favor of it.

POINT OF INQUIRY

Mr. Curtis yielded to question by Mrs. Hurley (Margaret).

Mrs. Hurley: "I don't understand all that I am supposed to about TB hospitals, but it just occurred to me while you were speaking that, of course, people who have TB are sent to our hospital in Spokane from other counties, aren't they?"

Mr. Curtis: "That is correct."

Mrs. Hurley: "If the money that is earmarked for TB doesn't come to Spokane to pay for those TB patients of yours, how are we going to get paid?"

Mr. Curtis: "In answer to your question, I would prefer that you be paid by those patients who are sent from counties like mine—the county paying for that patient. What is happening now is your earmarking all of that millage, which most of the time far surpasses any expense that we have for the minimal number of patients that we send to TB sanitariums, and yet it is all going to Spokane. In essence, for most of the counties, with the exception of possibly Okanogan County, most of the eastern Washington counties are paying more than their share. I would prefer to have the counties just pay on the basis of the patients they send."

Mr. Conner demanded the previous question and the demand was sustained.

The amendment was not adopted.

House Bill No. 114 was passed to Committee on Rules for third reading.

HOUSE BILL NO. 88, by Representatives Hawkins, Fortson and Lysen:

Mrs. Fortson spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Lysen: "If your amendment passes, will you support the bill?"

Mrs. Fortson: "I'd rather not answer at this time."

Not voting: Representatives Bauer, Boldt, Brown, Charnley.

House Bill No. 230, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

ENGROSSED HOUSE BILL NO. 305, by Representatives Hansen, Patterson, Hurley (Margaret), Perry, Bender, Clemente, Chandler, Boldt, Fortson, Gaines, Gilleland, Laughlin and Lee:

Staggering renewal date for motor vehicle registration.

The bill was read the third time and placed on final passage.

Representatives Hansen and Patterson spoke in favor of the bill, and Representative Gallagher spoke against it.

Representative Hansen spoke again in favor of the bill, and Representative Curtis spoke against it.

POINT OF INQUIRY

Mr. Patterson yielded to question by Mr. Barnes.

Mr. Barnes: "Representative Patterson, I'm not quite clear how we come about this \$8.3 million each biennium. Could you clarify that?"

Mr. Patterson: "The way the staggering system will operate is that on the license plates that you currently have there will be a process whereby the actual numbers will put you into a slot starting in January 1976. Some of you will be renewing your plates in January, 1976, but then when you move down each month and you get down to the month of June, what you will be doing is at that point you will purchase an 18-month license plate—now it's not the plate itself, it's paying the fees and the excise tax. What you will do is in June you will pay a rate charged for 1976 and then you will go straight through for another twelve months which takes you into the year 1977, which means that you will be paying for six months at the 1976 rate and that will carry right on through into 1977 for twelve months. There is where you generate more money, it's because the '77 rates on the excise tax would be reduced as they are today."

POINT OF INQUIRY

Mr. Hansen yielded to question by Mr. Barnes.

Mr. Barnes: "We are not going to get that much more each biennium, is that correct?"

Mr. Hansen: "I think in answer to your question—you buy a car in August, you go ahead and license that car and you pay an excise tax for 3 months and then in January when you reregister your car and buy new licenses, you pay less a year's depreciation on that car. This way when you buy your license in August it is for a 12-month period and the next August is when you take your first year's depreciation. This is where the money is derived."

Mr. Berentson spoke in favor of the bill.

POINT OF INQUIRY

Mr. Hansen yielded to question by Mr. Amen.

Mr. Amen: "Representative Hansen, I am still not clear on how this staggering system will work. Is this on ownership basis or a license basis, say you have a couple of cars and half dozen trucks, would these all come in at the same time or would that depend on the license?"

Mr. Hansen: "The trucks, commercial vehicles, cabs and things will all be licensed in December. The balance of them will be sent out by lot over the year and the day of the month that you will be licensed will be three times the last number of your license plate. Say you have an 8, three times 8 is 24, and your license would be due to license on the 24th."

Mr. Amen: "Say that you have a couple of cars, some pickups and some trucks, then you might have to run in about this three or four times during the year and get these renewed or licensed, is that right?"

Mr. Hansen: "That is right, Representative Amen, and also, if you're not licensed by the final date, there is a 10% fine or a minimum of \$5 which will be split between the county and the state. All farm vehicles will be licensed at the same time—in December."

Mr. Perry spoke in favor of the bill.

POINT OF INQUIRY

Mr. Hansen yielded to question by Mr. Amen.

Mr. Amen: "Trucks that would be licensed in December, as you said, would this go on the higher depreciation rate?"

Mr. Hansen: "I don't believe so."

Mr. Amen: The depreciation really takes effect after the first of the year, so if you are paying in December, that would go under a higher rate, right?"

Mr. Hansen: "I believe that it stretches out. The depreciation in one year takes a fall into the right category."

Mr. Curtis spoke again in opposition to the bill.

EXPLANATION OF VOTE

My vote failed to record on Engrossed House Bill No. 158. It was a "NO."

JOHN MCKIBBIN, 49th District.

SUBSTITUTE HOUSE BILL NO. 204, by Committee on Ways and Means - Revenue (Originally sponsored by Representatives Thompson, Curtis and Chatalas):

Eliminating motor vehicle fuel tax refunds presently available for watercraft.

The bill was read the third time and placed on final passage.

Mr. Thompson spoke in favor of passage of the bill, and Representatives Polk and Hansey spoke against it.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mr. Ceccarelli.

Mr. Ceccarelli: "Representative Martinis, as you know I represent a district that is the bedroom for many of the commercial fishermen. What effect does this bill have on the commercial fishermen?"

Mr. Martinis: "I'm not on the committee that this passed through nor am I a sponsor of the bill, so I guess all I can answer to is what I read into the bill. It does not affect the commercial fishing industry and in floor debate in past sessions this has always been pointed out. When the bill first came to the floor several years ago or several sessions ago, it did not contain that provision but as far as I can read into the bill, the commercial fishermen would be entitled to their refunds or exemption."

Representatives Thompson and Moon spoke in favor of the bill, and Representative Eikenberry spoke against it.

Substitute House Bill No. 204, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

Mr. Chatalas moved that all bills passed by the House to this point in the proceedings be transmitted immediately to the Senate.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "Mr. Speaker, would that motion exclude House Joint Memorial No. 6 which is the subject for reconsideration?"

The Speaker (Mr. O'Brien presiding): "Mr. Pardini, in connection with your point of parliamentary inquiry on House Joint Memorial No. 6, and a notice of reconsideration of the vote, it appears that there is some conflict. The rules state '...that after the 50th day reconsideration can be had only on the day the vote to be reconsidered was taken.' Also our cut-off resolution states that as of four o'clock today we can only consider Senate bills in the House of Representatives. We would like to hold it until we can make a final determination of whether Mr. Kuehnle's notice of reconsideration has to be put today or placed tomorrow—whether or not it requires a suspension of the rules. We would like to hold our decision on it until later today and perhaps Mr. Chatalas could amend his motion to exclude House Joint Memorial No. 6."

Mr. Chatalas moved to amend his motion to transmit the bills immediately to the Senate, to exclude House Joint Memorial No. 6.

POINT OF ORDER

Mr. Newhouse: "I would think, Mr. Speaker, that the motion was unnecessary. With the notice of reconsideration pending it would automatically exclude it from the motion to immediately send the bills over to the Senate."

The Speaker (Mr. O'Brien presiding): "Well, it wouldn't if I had ruled that you had to make the motion right now. The motion for reconsideration would have to be acted on immediately."

POINT OF PARLIAMENTARY INQUIRY

Mrs. Wojahn: "If House Joint Memorial No. 6 is then reconsidered—is delayed until tomorrow, as perhaps can happen to the bill that is coming up next on the calendar—will this motion that was made on the floor of this House automatically kill that bill and any other bill that may follow today in which the same question is asked?"

The Speaker (Mr. O'Brien presiding): "His motion was to reconsider the vote tomorrow on which House Joint Memorial No. 6 had received the constitutional majority. Representative Kuehnle would have to make that motion and you would then reconsider the vote. If the motion carried then you'd have House Joint Memorial No. 6 right back in the same state it was on—third reading for action again. There are two steps, and the first step is just the motion to reconsider."

Mrs. Wojahn: "I would like to find out—if we cannot consider House bills tomorrow because of the cut-off date that is contained in our rules, is House Joint Memorial No. 6 then automatically dead because of that motion and could other bills on this calendar be jeopardized in the same manner without a vote on the floor of this House?"

The Speaker (Mr. O'Brien presiding): "This is the question, Representative Wojahn, that we are attempting to determine right now on a ruling. It was asked for some time to make the ruling of whether or not you have to consider the memorial today or you can tomorrow, so we are just holding it for awhile until we do some further research on the question."

NOTICE OF RECONSIDERATION

Mr. Kuehnle: "Mr. Speaker, having voted on the prevailing side, I do hereby serve notice of intent to call for reconsideration of Substitute House Bill No. 204 on the next working day."

POINT OF ORDER

Mr. Chatalas: "There is a motion before us already."

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The Speaker is going to rule that the motion to reconsider the vote on Substitute House Bill No. 204 made by Representative Kuehnle—the

motion to reconsider the vote by which Substitute House Bill No. 204 received the constitutional majority—will be considered immediately. It appears our cut-off resolution rather clearly states that tomorrow we can only consider Senate bills, so it would be rather futile to serve a notice of reconsideration for tomorrow on a motion to reconsider the vote; therefore you would be reconsidering Substitute House Bill No. 204 and House Joint Memorial No. 6. Our resolution and our Joint Rules preclude us from considering anything except Senate bills on the 51st day. Also, Representative Chatalas, your question of whether or not the motion to reconsider the vote on Substitute House Bill No. 204 can be made while your motion is pending, it appears in Reed's Rules 205 that it is laid down by very good authority that the question to reconsider can be made at any time during the session and also can be entered even while another member has the floor."

MOTION

Mr. Berentson moved that the question of reconsideration of Substitute House Bill No. 204 be considered immediately following consideration of Engrossed House Bill No. 251.

MOTION

On motion of Mr. Charette, the House recessed until 1:30 p.m.

AFTERNOON SESSION

The House was called to order at 1:30 p.m. by the Speaker (Mr. O'Brien presiding). The Clerk called the roll and all members were present except Representative Zimmerman, who was excused.

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "We are at this stage in the proceedings: Representative Berentson made a motion that the notice of reconsideration of Substitute House Bill No. 204 be placed after Engrossed House Bill No. 251. There is also another motion pending by Representative Chatalas that a number of bills be immediately transmitted over to the Senate with the exception of House Joint Memorial No. 6. At this time I am going to rule Representative Berentson's motion out of order. Mr. Kuehnle, you served notice to reconsider Substitute House Bill No. 204. You should make that motion to reconsider immediately because it is the interpretation of the Speaker that there is a conflict with a strict interpretation of our rules on reconsideration on the 50th day, which surely requires a suspension of the rules because of the cut-off resolution. I feel that we will be powerless in this instance except to allow you to make this motion to reconsider immediately. Mr. Kuehnle has cited Reed's Rule 205 which states the motion for reconsideration can be made even while a member has the floor. Representative Chatalas did make a motion transmitting all these bills; Mr. Kuehnle was recognized and made a motion too. At that time he served notice on reconsideration of the vote on Substitute House Bill No. 204 which received the constitutional majority."

POINT OF PARLIAMENTARY INQUIRY

Mr. Newhouse: "I would like to comment on the Speaker's ruling, which I feel is inconsistent. Are you saying that you have made a ruling that—you mentioned a Speaker's Ruling that has not been announced from the rostrum."

The Speaker (Mr. O'Brien presiding): "Before we recessed, the Speaker had ruled that because of the joint rules which forbids consideration of House bills after 4 o'clock today—that the Senate will consider only House bills and the House will consider only Senate bills—in our judgment you would have to require suspension of the Joint Rules in order to consider a House bill tomorrow."

Mr. Newhouse: "In my opinion, the ruling would be in error, because yes, there is an inconsistency in the rules and the rules say that during the first 50 days notice can be given on the day in which action is taken, and for final passage that would be the next working day on which a motion for reconsideration should be put. Also, the Joint Rules say that during the last 10 days or from the 51st day on, notice of reconsideration must be taken on the same

day in which put. I suggest that there is really no inconsistency, that a bill which passes this House today, final vote being taken on the 50th day, can be reconsidered on the 51st day, and if decided in the negative, then the final vote being taken on the 50th day would properly be sent over to the Senate for consideration. If reconsideration be decided in the affirmative then this body could hold the bill on third reading calendar until the first day of the next session which would be the 14th of March, under present plans. I see no inconsistency in such a ruling, we would follow both rules—that notice of reconsideration be given during the first 50 days and action be taken the next day, not on final passage, but on whether reconsideration of that vote be taken."

The Speaker (Mr. O'Brien presiding): "In reply to your question, raising the point of parliamentary order, it would appear to the Speaker that you are basing your comments on a number of assumptions. It would appear that the rules, although in conflict, make it necessary to make a practical decision which states pretty well in Reed's Rule 34 on the duties of the presiding officer that questions have to be decided on the basis of good business judgment and practical procedure. It would appear to be the only fair way of doing it, the way we have interpreted it, that the sponsors of these measures are deeply concerned about the bills being considered tomorrow and the fact that they might be in jeopardy. The assumption that you have taken is that it would be due to a subsequent procedure of this House on a carry-over of bills to the special session. It appears that the only fair and impartial way of handling this procedure would be to get the member who desires to reconsider to do that immediately. By that token he is given the opportunity to have the motion to reconsider, and then we can carry on with the business of the House."

Mr. Kuehnle: "It would appear to me that there is yet another alternative and I think what I would like to do is address myself to the rationale and the logic associated with a move for reconsideration. It is a motion or a move that is customarily made in an effort on a close vote to get out and try to lobby your cause and try to change some minds and try to get a decision changed. It is a useful tool, one that is used rather often in this body. At the time that I served notice I was aware of the fact that the rules under which we operate indicate that after the 50th day the House will not consider House bills; therefore I assumed that I was subjecting myself to the handicap of having to gain a two-thirds majority tomorrow on reconsideration in an effort to bring the matter back before this body. On consideration of the matter, however, it appeared to me that the time lag was worth the price I was going to have to pay. I would prefer to have that 24-hour period of time, knowing that I would have to suspend the rules in order to bring the matter back before the body. I would rather pay the price than to move for reconsideration at this time without having the advantage of having that time to talk to other members of the body and convince them that they should reconsider their vote. In effect, the notice I served was with the knowledge—at least with the interpretation, that the reconsideration tomorrow would require a two-thirds vote, whereas such a motion for immediate reconsideration would only require a majority vote. I think therefore, that any ruling on the part of the Chair which would preclude my having that opportunity for 12 or 24 hours would be contrary to previous decisions and previous rulings in this body."

The Speaker (Mr. O'Brien presiding): "Like you say, a suspension of the Joint Rules would require a two-thirds vote of the full House."

POINT OF PARLIAMENTARY INQUIRY

Mr. Berentson: "You have ruled my motion out of order with a motion to reconsider, which is a privileged motion, pending and the motion that Representative Chatalas made, I don't believe, was ever acted upon. I would like an explanation of perhaps why my motion to reconsider Substitute House Bill No. 204 would be out of order in view of the fact that it is a privileged motion?"

The Speaker (Mr. O'Brien presiding): "Well, Mr. Berentson, you didn't vote on the prevailing side of Substitute House Bill No. 204."

Mr. Berentson: "Mr. Speaker, I did not make the motion to reconsider. The motion to reconsider was made by Representative Kuehnle and I merely asked that it be set down one bill."

The Speaker (Mr. O'Brien presiding): "Representative Kuehnle hasn't made the motion to reconsider."

POINT OF PARLIAMENTARY INQUIRY

Mr. Kuehnle: "I would like clarification as to whether the Speaker has or has not ruled that reconsiderations under my notice of reconsideration must be made today or whether they might be made tomorrow."

The Speaker (Mr. O'Brien presiding): "Your motion to reconsider Substitute House Bill No. 204 will have to be done immediately."

MOTION FOR RECONSIDERATION

Mr. Kuehnle, having voted on the prevailing side, moved that the House reconsider immediately after consideration of Substitute House Bill No. 593, the vote by which Substitute House Bill No. 204 passed the House.

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "You have an inconsistent motion. We have a motion pending to transmit Substitute House Bill No. 204 to the Senate. You raised the question of consideration and you are now setting it down until after consideration of Substitute House Bill No. 593, so if the motion isn't made immediately, we are going to rule it out of order."

POINT OF PARLIAMENTARY INQUIRY

Mr. Kuehnle: "Well, I guess I am now confused. According to my interpretation, my serving notice of reconsideration relative to Substitute House Bill No. 204 was perfectly appropriate under Reed's Rules. The motion by Mr. Chatalas to transmit those bills previously passed to the Senate had not been acted upon by the House and therefore no action has been taken on that motion. It would appear therefore that at this point my service of notice relative to Substitute House Bill No. 204 is still before the body and in effect my recent motion was simply to specify a time at which that should take place in light of the Speaker's ruling that it can't take place tomorrow. Were the Speaker to rule that the unacted-upon motion by Mr. Chatalas would preclude my having the opportunity to try to influence some vote prior to reconsideration would seem to be inappropriate and a denial of my rights in this House of Representatives. It would seem therefore most appropriate to me that I should have an opportunity to determine the time today that the reconsideration should take place, if in fact it has to be handled today at all."

The Speaker (Mr. O'Brien presiding): "Well, Representative Kuehnle, you are making two motions. You are making the motion to reconsider and then you are making a motion to set it down. The reason why we recognized it, it is actually an amendment to Representative Chatalas' motion. We are waiting for you to make a motion to reconsider, but you apparently are not satisfied with that, you want to make two motions. If you don't move for reconsideration immediately I will have to rule the whole thing out of order."

Mr. Kuehnle moved that the House immediately reconsider the vote by which Substitute House Bill No. 204 passed the House.

Mr. Charette demanded an electric roll call and the demand was sustained.

MOTION

Mr. Polk moved that consideration of the motion to reconsider Substitute House Bill No. 204 be deferred until after Substitute House Bill No. 593.

RULING BY THE SPEAKER (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "The Speaker has already ruled that is out of order."

Mr. Polk: "Mr. Speaker, I understood you previously to rule that Representative Kuehnle had made two motions and that was the reason you were ruling that he couldn't do it. I don't believe it is the same issue that you ruled on previously."

The Speaker (Mr. O'Brien presiding): "Well, he made one, you made another one, so you both made two."

ROLL CALL

The Clerk called the roll on the motion by Mr. Kuehnle to reconsider the vote by which Substitute House Bill No. 204 passed the House, and the motion was not carried by the following vote: Yeas, 27; nays, 68; not voting, 3.

Voting yea: Representatives Amen, Barnes, Berentson, Bond, Brown, Deccio, Dunlap, Eikenberry, Flanagan, Freeman, Gilleland, Greengo, Hansev, Hayner, Hurley M., Juelling, Kuehnle, Matthews, Newhouse, Paris, Parker, Patterson, Polk, Schumaker, Tilly, Whiteside, Wilson.

Voting nay: Representatives Adams, Bagnariol, Bauer, Becker, Bender, Blair, Boldt, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Curtis, Douthwaite, Ehlers, Eng, Erickson, Fischer, Fortson, Gaines, Gallagher, Gaspard, Haley, Hanna, Hansen, Haussler, Hawkins, Hendricks, Hurley G. S., Jastad, Kalich, Kilbury, King, Knowles, Laughlin, Leckenby, Lee, Luders, Lysen, Martinis, Maxie, May, McCormick, McKibbin, Moon, Moreau, North, O'Brien, Pardini, Perry, Peterson, Randall, Savage, Seeberger, Sherman, Shinpoch, Smith E. P., Smith R., Sommers, Thompson, Valle, Warnke, Williams, Wojahn, and Mr. Speaker.

Not voting: Representatives Bausch, Nelson, Zimmerman.

The Speaker resumed the Chair.

The Speaker stated that the motion having failed, the question before the House was the motion by Mr. Chatalas for immediate transmittal to the Senate of all the bills passed to this point.

PARLIAMENTARY INQUIRY

Mr. Pardini: "Mr. Speaker, will you place the motion again please?"

The Speaker: "The question before the House is the motion by Representative Chatalas that the bills passed by the House today be immediately transmitted to the Senate. For the information of Representative Kuehnle, if you wish to make your motion to reconsider House Joint Memorial No. 6 you will have to place it now or else the bill will not be before the House."

POINT OF ORDER

Mr. Newhouse: "I think proper notice was given earlier today that a motion for reconsideration on the next working day would be given."

The Speaker: "We have ruled that it has to be done today or else it can't be done at all. We are trying to give Representative Kuehnle warning that this motion would take the bill from before us and therefore if he wishes to have it reconsidered he has to have it done before this motion is voted upon."

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "Mr. Chatalas' motion to transmit the bills to the Senate specifically excludes House Joint Memorial No. 6 as a result of a previous ruling of the Chair."

The Speaker: "I will have to have the motion read back, but unless he specifically excluded it—what we are trying to tell you is that if the bill has not been reconsidered before the House moves it outside the Chamber, then he can't reconsider it, so we are trying to give him a chance now to reconsider if he so desires."

Mr. Pardini: "On the same point, I recognize what you are saying and I would like to have Mr. Chatalas' motion read back to us because he had specifically added an amendment to his motion excluding House Joint Memorial No. 6 and the Speaker ruled that was the motion before us."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

The Speaker: "I stand corrected. The question before the House is the motion by Representative Chatalas to exclude House Joint Memorial No. 6 from his motion to transmit."

ROLL CALL

The Clerk called the roll on the motion by Representative Chatalas to exclude House Joint Memorial No. 6 from the motion to transmit immediately, and the motion was not carried by the following vote: Yeas, 32; nays, 63; not voting, 3.

Voting yea: Representatives Amen, Barnes, Berentson, Blair, Bond, Curtis, Deccio, Dunlap, Eikenberry, Flanagan, Freeman, Gilleland, Greengo, Halev, Hansev, Hayner, Hendricks, Hurley M.,

Jueling, Kuehnle, Leckenby, Nelson, Newhouse, Pardini, Paris, Parker, Patterson, Polk, Schumaker, Tilly, Whiteside, Wilson.

Voting nay: Representatives Adams, Bagnariol, Bauer, Becker, Bender, Boldt, Brown, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Eng, Erickson, Fischer, Fortson, Gaines, Gallagher, Gaspard, Hanna, Hansen, Haussler, Hawkins, Hurley G. S., Jastad, Kalich, Kilbury, King, Knowles, Laughlin, Lee, Luders, Lysen, Martin, Maxie, May, McCormick, McKibbin, Moon, Moreau, North, O'Brien, Perry, Peterson, Randall, Savage, Seeberger, Sherman, Shinpoch, Smith E. P., Smith R., Sommers, Thompson, Valle, Warnke, Williams, Wojahn, and Mr. Speaker.

Not voting: Representatives Bausch, Matthews, Zimmerman.

The Speaker stated the question before the House to be the motion by Mr. Chatalas to transmit all bills passed today by the House immediately to the Senate.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "Mr. Speaker, I am not trying to prolong this, I am really trying to get a clarification. We now have House Joint Memorial No. 6 included in the motion for immediate transmittal to the Senate. That is the same bill on which Mr. Kuehnle, early this morning, served notice of reconsideration and the Chair accepted his notice for reconsideration on the next working day. Is the effect of the vote on the motion by Mr. Chatalas to immediately transmit all bills on which we have acted—will that negate Mr. Kuehnle's motion for reconsideration on the next working day, which the Chair has accepted?"

The Speaker: "Representative Pardini, the Chair's understanding, and I hope I can make this clear, is that, yes, it would, but the motion to reconsider has precedence over the motion to immediately transmit. That's why if Representative Kuehnle wishes to reconsider the vote on House Joint Memorial No. 6, he may do so now before the motion is finally voted on. If he waits until after the motion is voted on, the matter is not before the House and it would so kill his notice to reconsider."

POINT OF PARLIAMENTARY INQUIRY

Mr. Berentson: "I fail to understand how we can have the body vote to include House Joint Memorial No. 6 and yet we have not yet taken final action on that measure."

The Speaker: "For the simple reason, Representative Berentson, that all we have is a notice before us; we do not have a motion to reconsider. If we have a motion to reconsider then the House would have to reconsider that before they could take the secondary motion."

The motion by Mr. Chatalas to transmit immediately was carried.

NOTICE OF RECONSIDERATION

Mr. Kuehnle: "Having voted on the prevailing side on the previous motion, I hereby serve notice of an intent to call for reconsideration of that vote."

POINT OF ORDER

Mr. King: "It doesn't seem to make very much sense to reconsider a matter which is no longer before this body. Those bills are now out of our possession."

The Speaker: "Representative King, the bills are still before us, we weren't able to get them out of the House in time. Since the bills are still on the desk, I think the motion is placed, but you have to realize that if this motion is placed after the bills leave the Chamber then you would be out of order. Since the bills are still in the Chamber we will consider the motion."

Mr. Chatalas demanded an electric roll call, and the demand was sustained.

Mr. Kuehnle: "Earlier in the day I served notice for reconsideration on House Joint Memorial No. 6. The Speaker acknowledged receipt of that notice which at that time called for reconsideration on the next working day. Since that time by virtue of another ruling by the Speaker it has been determined that on the 50th day, notices of reconsideration shall be treated as if they were made on the 51st day or after the 50th day and therefore shall be voted upon on that same day. If I interpret the rulings of the Chair correctly, I was left in a position where I was to have an opportunity before this day ended to call for reconsideration of the vote by which House Joint Memorial No. 6 passed. Now, by virtue of the motion by Representative Chatalas and the vote on that motion, the effect of that has been to reverse the position earlier stated by the Speaker—that I was yet to have the opportunity to move for reconsideration of House Joint Memorial No. 6, and it would seem to me that is totally

inappropriate; that it, in effect, takes away my right to move for reconsideration of that bill without a vote having been taken relative to that issue. It is for that reason, therefore that I appeal to this House to reverse the decision on the transmittal of these bills and provide that opportunity to me which the Speaker earlier guaranteed to me. If you move that bill out of here we don't have the opportunity for reconsideration and I have never before seen a member denied the right to call for reconsideration of any bill so long as it was being done within the rules."

ROLL CALL

The Clerk called the roll on the motion by Mr. Kuehnle to reconsider the motion by Mr. Chatalas to transmit the bills immediately to the Senate, and the motion was not carried by the following vote: Yeas, 31; nays, 62; not voting, 5.

Voting yea: Representatives Amen, Barnes, Berentson, Blair, Bond, Curtis, Deccio, Dunlap, Eikenberry, Freeman, Gilleland, Greengo, Haley, Hansey, Hayner, Hendricks, Hurley M., Jueling, Kuehnle, Leckenby, Maxie, Nelson, Newhouse, Pardini, Paris, Patterson, Polk, Schumaker, Tilly, Whiteside, Wilson.

Voting nay: Representatives Adams, Bagnariol, Bauer, Becker, Bender, Boldt, Brown, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Douthwaite, Ehlers, Eng, Erickson, Fischer, Fortson, Gaines, Gallagher, Gaspard, Hanna, Hansen, Haussler, Hawkins, Hurley G., Jastad, Kalich, Kilbury, King, Knowles, Laughlin, Lee, Luders, Lysen, Martinis, May, McCormick, McKibbin, Moon, Moreau, North, O'Brien, Parker, Perry, Peterson, Randall, Savage, Seeberger, Sherman, Shipnosh, Smith E., Smith R., Sommers, Thompson, Valle, Warnke, Williams, Wojahn, and Mr. Speaker.

Not voting: Representatives Bausch, Conner, Flanagan, Matthews, Zimmerman.

THIRD READING

ENGROSSED HOUSE BILL NO. 251, by Representatives Wojahn, Lee, McCormick, North, Shipnosh, Bagnariol, Perry, Maxie, Bauer, Erickson, Cochrane, Becker, Sommers, Sherman, Fortson, Valle, Charnley, Kilbury, Laughlin and Williams:

Creating the Washington state women's council.

The bill was read the third time and placed on final passage.

Mrs. Wojahn spoke in favor of the bill, and Mr. Haley spoke against it.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 251, and the bill passed the House by the following vote: Yeas, 65; nays, 31; not voting, 2.

SUBSTITUTE HOUSE BILL NO. 593, by Committee on Constitution and Elections (Originally sponsored by Representatives King, Brown and Charette):

Permitting vote by absentee ballot for persons not making their original registration before 30 days prior to an election or primary.

The bill was read the third time and placed on final passage.

Mr. King spoke in favor of passage of the bill, and Mr. Pardini spoke against it.

Mr. King spoke again in favor of the bill.

POINT OF INQUIRY

Mr. King yielded to question by Mr. Newhouse.

Mr. Newhouse: "Two questions, Mr. King, they revolve around the absentee voters and the use of the absentee ballot. If this bill passes the legislature and becomes law, then on the day of the election—up until the day of the election—the voter could go into the auditor and certify that he had lived in that district or precinct for 30 days, which would be a lessening of the residency requirements from the present time, when he must have lived in the precinct prior to registering to vote, which is at least 30 days prior to the election. The other...."

Mr. King: "Maybe I could answer that. It is my understanding that, and I'm not completely sure about it, but it's my understanding that when a person registers more than 30 days prior to the election and shows that he has a home and a bona fide residence, etc., he can do that now—so the 30-day requirement is kind of front-loaded. You could go into an area and say, 'I have just moved into the community; it's more than 30 days before the election; I would like to register in order to be able to vote.' You register and then your eligibility for voting comes after that period has passed. There is no intent in here to change any of that kind of requirement and that's why the language '...may vote or otherwise qualify' was included in section 3."

Mr. Newhouse: "I can see some problems with that, but let's go on to the other question. The actual use of an absentee ballot—that is the voter can make a statement that he will for some reason be unable to vote in his normal precinct polling place as of the day of the election, and yet you are giving him the right to go in to the county auditor and say, 'I'm here; I could go to my polling place; I'm not registered there.' But you are allowing him to use an absentee ballot and you are not really allowing other citizens who have registered as they should have to have that same privilege."

Mr. King: "In this instance, the citizen who is going in could not vote in his normal polling place, because he would not otherwise be eligible to vote there. This law specifically grants him the right to vote only by absentee ballot under those circumstances so he could certainly swear that for reasons beyond his control he was unable to cast his ballot at the local precinct."

Representatives Polk, Deccio and Lee spoke against the passage of the bill, and Representative Parker spoke in favor of it.

Mr. Charette demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 593, and the bill passed the House by the following vote: Yeas, 60; nays, 37; not voting, 1.

Voting yea: Representatives Adams, Bagnariol, Barnes, Bauer, Bausch, Becker, Bender, Brown, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Ehlers, Eng, Erickson, Fischer, Fortson, Gaines, Gallagher, Gaspard, Hanna, Hansen, Haussler, Hawkins, Hurley G. Substitute House Bill No. 503, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MEMBER'S OBJECTION TO TITLE

Mr. Eikenberry: "Mr. Speaker, I rise to answer the Speaker's question, that there is an objection to the title of the bill remaining the same. Specifically I move that the title be changed to read 'An Act Relating to elections and voter registration'."

SPEAKER'S RULING (MR. CECCARELLI PRESIDING)

The Speaker (Mr. Ceccarelli presiding): "Mr. Eikenberry, we amend bills on second reading. This bill is on third reading and final passage. It has been called by the Speaker that the bill has received the constitutional majority so therefore your motion is out of order."

MOTION

On motion of Mr. Charette, Substitute House Bill No. 593 was ordered transmitted immediately to the Senate.

ENGROSSED SENATE BILL NO. 2097, by Senators Woody, Gould and Knoblauch (by State Parks and Commission request):

Changing period of enrollment and compensation for enrollees in the youth corps and reducing the time privately owned recreation areas developed by enrollees must be available to the public.

The bill was read the third time and placed on final passage.

POINT OF PARLIAMENTARY INQUIRY

Mr. Eikenberry: "Mr. Speaker, what is the purpose of inquiring of the members of the House of Representatives as to whether or not the title of the bill shall remain the title of the act and then ruling that it shall be if there is no objection, if the Chair will not accept an objection to the title of the bill remaining the same?"

SPEAKER'S RULING (MR. CECCARELLI PRESIDING)

The Speaker (Mr. Ceccarelli presiding): "Representative Eikenberry, the matter before the body is Engrossed Senate Bill No. 2097. The Speaker is going to rule at this time that the question you have is not before us and therefore, your question is moot."

Mrs. Hurley (Margaret) spoke in favor of passage of Engrossed Senate Bill No. 2097.

POINT OF INQUIRY

Mrs. Hurley (Margaret) yielded to question by Mr. Pardini.

Mr. Pardini: "Mrs. Hurley, earlier on second reading I raised a question as to whether this bill would be affected by the recent passage of House Bill No. 32, the minimum wage. On final passage, I again raised the question with Representative Parker. I am still not totally satisfied in my mind that we can exempt this youth corps. Have you been able to determine that these people would be exempt from the minimum wage so that the \$25 wage that is specified in this bill is adequate?"

Mrs. Hurley: "Yes, I have received assurance from the department that they are sure that they would not be affected. Besides the board, the room, the additional \$25, medical and hospital services, insurance, transportation, different types of equipment and things like this, they are sure that they do come within the minimum wage. I think Representative Parker has an added assurance on that line."

Mr. Pardini: "Mrs. Hurley, would this also include those people enrolled in this program who were day workers, who did not get the room and board? You and I discussed that, that

there is a segment of people employed in this program who do not go under the room and board provision, who are just day workers and travel back and forth."

Mrs. Hurley: "Yes, this is true. I wish that Representative Parker would reply to that."

Mr. Parker: "Representative Pardini, in answer to your question, I did contact the department and discussed this point with them. They felt that they had adequate protection under the language that was put forth in House Bill No. 32, and under other sections of the law that we didn't amend, dealing with minimum wage. Also, they told me that as the current state is now, that under state law in House Bill No. 32, if it should pass, they would be all right, but if the federal law, which is now in the courts, is ruled constitutional, then they are going to have to come back to us for some relief in that area, because the federal law is much, much stricter in their interpretation of what could be allowed as compensation for work done. But that would be a universal problem that all state governments will have, from all our institutions, etc. At least under our state law, in the opinion of the department and in the opinion from our own staff, we have covered the points adequately to protect the programs."

Mr. Pardini: "Specifically, Mr. Parker, did you ask about those people who did not receive room and board, who are day workers under this program?"

Mr. Parker: "Yes, I did."

POINT OF INQUIRY

Mr. Parker yielded to question by Mr. Barnes.

Mr. Barnes: "I believe, Representative Parker, that Mrs. Hurley referred to rehabilitation. Could you explain what type of young people are in this program? Is it a rehabilitation program?"

Mr. Parker: "I think on that point that I will defer to Representative Hurley. The program, as I understand it, is a youth conservation corps, hopefully to give some individuals an alternative to incarceration. I think Representative Hurley could explain it far more adequately than I."

Mrs. Hurley: "Representative Barnes, it is my understanding that it isn't necessary to be in trouble to be in this program—those that are reported to be in a problem area with potential problems. I don't think the point was made that these children are not in trouble with the law; they are just slightly incorrigible, perhaps."

Mr. Barnes: "I notice in the law it says residents 'of good character and health.' I am wondering what type of rehabilitation is required and why more than 40 weeks would be required for young people who are of good character and health?"

Mrs. Hurley: "I think the problem is related to maybe their own home situation. The point was made rather strongly that when these children do get out of their own home environment, where maybe they react improperly to the home situation, they get into another home environment that is part of the rehabilitative process."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2097, and the bill passed the House by the following vote: Yeas, 94; nays, 1; not voting, 3.

Mr. Newhouse: "Possibly, but I pay a lot of gas tax on that, which is the bigger fee."

SUBSTITUTE HOUSE BILL NO. 164:

The House resumed consideration of Substitute House Bill No. 164.

Ms. Sommers moved adoption of the following amendment by Representatives Sommers and Lee:

On page 8, line 28 following "department" and before "to" insert ", subject to review and advice of the Governor,"

Ms. Sommers spoke in favor of the amendment.

POINT OF PARLIAMENTARY INQUIRY

Mr. Pardini: "There is an amendment on my desk to page 6, section 4, line 24 by Representatives Leckenby and Martinis. It appears to me that is the first one that should be considered and it also appears to me that the impact, the adoption or the rejection of the Leckenby/Martinis amendment, would, at least in my own individual case, have some impact on how I vote on Ms. Sommers' amendment."

The Speaker: "The Speaker will check this, but the reason that the Leckenby/Martinis amendment wasn't considered first was because it wasn't on our desks."

Mr. Pardini: "I do think it would have some impact on Ms. Sommers' amendment."

The Speaker: "Representative Pardini, the Speaker has reviewed both amendments and I think they are or they might be remotely connected. They are dealing with separate portions of the bill. The amendment we are considering at the present time is in regard to the policy matters that the commission shall have control of, and the Leckenby/Martinis amendment has to do with who can fire the director. The commission is the one that sets the policy and the only connection would be that the director is carrying out that policy. We have no particular objection if the House would like to rule to consider the amendment on page 6 first. We would accept that motion."

MOTION

Mr. Pardini moved that the House consider the amendment by Representatives Leckenby and Martinis before final consideration of the amendment by Representatives Sommers and Lee.

The motion was carried.

Mr. Leckenby moved adoption of the following amendment by Representatives Leckenby and Martinis:

On page 6, line 24 after "until removed" insert "either (1) by the commission or (2)"

Representatives Leckenby and Perry spoke in favor of the amendment, and Representatives Hurlley (George) and Douthwaite spoke against it.

Mr. Charette demanded an electric roll call and the demand was sustained.

POINT OF PARLIAMENTARY INQUIRY

Mr. Chandler: "Would an amendment to the Leckenby amendment be in order at this time? Would I be permitted at this time to submit that?"

The Speaker: "Representative Chandler, the only way that this can be done is by consent of the House or by motion to that effect. So with the consent of the House, we will set this amendment over and we would have to proceed to page 8. The House has already decided that they want to consider the other one first. You have me in a dilemma, Representative Chandler."

MOTION

On motion of Mr. Charette, further consideration of Substitute House Bill No. 164 was deferred, and the bill was ordered placed on the calendar following Senate Bill No. 2163.

HOUSE BILL NO. 468, by Representatives Parker, Bagnariol, Shinpoch and Sommers:
Abolishing the state armory fund.

POINT OF ORDER

Mr. Newhouse: "In a friendly fashion I would like to challenge—under our rules only matters of appropriations and revenue are to be considered following the 50th working day. I point out that House Bill No. 468, while it does treat of a fund and transfer those funds to the general fund, really has no fiscal impact according to testimony given to the Rules Committee, that there are really no funds involved, that it's strictly the abolishing of those funds. While I can agree with the purpose of the bill, I would suggest that it does not have anything to do with appropriations or revenue as embodied in Joint Rule 26, so that we would be precluded from considering this bill until next session."

The Speaker: "Representative Newhouse, although it does not raise or lower revenues, it does have an impact upon the general fund in a positive manner because it is shifting money from a special fund into the general fund. Therefore, the Speaker feels that this is an appropriate matter because it does affect the general fund and the appropriation therefrom. I would think that it would be within the deadline, but we can argue that out further in Rules because we just won't bump it today then."

POINT OF ORDER

Mr. Polk: "Mr. Speaker, would I understand from your ruling that any matters that have been referred to the Revenue or Appropriations Subcommittees of Ways and Means because of their very nature of having something to do with the subjects, would therefore be excluded under our Joint Rules from the cut-off?"

The Speaker: "I don't think I went so far as to say something. I don't think I have interpreted the rules with quite that latitude."

Mr. Polk: "Something to do with?"

The Speaker: "This is an actual impact upon the general fund by increasing the general fund revenue base and therefore would have a direct effect upon appropriations being made out of the general fund. Therefore I think it is well within the interpretation of the ruling."

Mr. Polk: "Mr. Speaker, is the general fund the key in this?"

The Speaker: "I think so, either a subtraction from or an addition to would definitely affect an appropriation consideration."

House Bill No. 468 was read the second time and passed to Committee on Rules for third reading.

SENATE BILL NO. 2049, by Senators Odegaard, von Reichbauer, Newschwander, Fleming and Murray (by Committee on Education of the 43rd Legislature request):

MOTION

On motion of Mr. Charette, the House advanced to the seventh order of business.

THIRD READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 164, by Committee on Transportation and Utilities (Originally sponsored by Representatives Perry, Berentson, Martinis, Gilleland, Hansen, Patterson, McCormick, Ceccarelli, Clemente, Dunlap, Bender, Conner and Gaines:)

Creating a department of transportation.

The bill was read the third time and placed on final passage.

Representatives Perry and Eikenberry spoke in favor of the bill.

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Amen.

Mr. Amen: "Representative Perry, I see that there is a fiscal impact on this, at least for the first year; what do you see in the future on this—a savings or not by going this route?"

Mr. Perry: "The first year fiscal income within the bill is incorporated in a section that says that we should make every effort to obtain the moneys in circles other than the general fund. I read this to mean that we should use the motor vehicle excise taxes, those 18th amendment funds which we can legally use without using the general fund. It has always been the historical practice of the Department of Highways, and now I would hope that the practice can continue in the Department of Transportation, to raise those funds necessary for those purposes that the Department performs from its own sources, rather than from the general tax fund."

Mr. Conner spoke in favor of the bill.

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Perry, you said that this money does not come out of the general fund. The way I read the appropriations that are contained not only in this bill, but in the Governor's recommendations, for what they call public transportation (I guess they mean Mass Transit) they add up to about \$33 million all together. When you take the part that was recommended in the Governor's budget—it comes out of the motor vehicle excise tax that goes into the state general fund; therefore, in my opinion, that is the same thing as the general fund appropriation, because it really doesn't make any difference whether you take it out before it goes in or after it goes in—it still depletes the general fund by that much. Isn't that right?"

Mr. Perry: "Well, Representative Flanagan, if I may respond to you, the first part—I think you misunderstood me in saying this money did not come out of the general fund. I think that in view of the fact that the moneys in the motor vehicle fund are raised off of motor vehicles, it has always been a historical precedence here that the priorities dealing with motor vehicles and attendant transportation purposes are those to be served first. If we want to take a look, for instance at the 1971 act which set up the state assistance to local transportation areas and Metro, etc., where we agreed as a state policy that we would match every dime that was raised locally, we promised this and it was signed into law. We have to say, those of us who subscribed to this philosophy, that those moneys that are raised off of motor vehicles rightfully belong in this kind of endeavor."

Mr. Flanagan spoke in opposition to the bill, and Mr. Perry spoke again in favor of it.

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Zimmerman.

Mr. Zimmerman: "Representative Perry, we have passed bills out of this House before on the same subject and they have had trouble on the other side of the building. Do you see this as having a better chance of making it through the Senate at this particular time?"

Mr. Perry: "It is my understanding that this measure will receive much more favorable treatment than it has before; for instance, the Chairman of the Transportation Committee in the Senate before was never a devotee of this particular concept and he has indicated, as well as several other prominent Senators, that they will support the measure at this time."

Mr. Zimmerman spoke in favor of passage of the bill, and Representatives Savage and Freeman spoke against it.

Mr. Conner demanded the previous question and the demand was sustained.

Not voting: Representatives Bond, Parker, Williams.

Engrossed Substitute House Bill No. 164, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

ENGROSSED HOUSE BILL NO. 377, by Representatives Curtis and Hurley (George) - (by Department of Game request):

Increasing certain fees and licenses for game and game fish.

The bill was read the third time and placed on final passage.

Representatives Curtis and Conner spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Curtis yielded to question by Mr. Barnes.

Mr. Barnes: "Representative Curtis, does the Department of Game have any other duties other than management of hunting licenses and hunting animals? Does it have any duties such as preservation of endangered species, etc.?"

Mr. Curtis: "I'm certainly anything but an expert on the Department of Game, except on their self-sustaining basis, but yes, game propagation and enforcement of the game laws, etc."

Mr. Barnes: "I think then that if this is true, that this should not be described fully as a user's tax or a user's fee, it could also be considered a tax, at least in part. Do you think this is logical reasoning?"

Mr. Curtis: "No, I would not use the same terminology. I called it for what I entitled it, a user's fee increase."

Mr. Barnes: "And yet the Department of Game, which is self-sustaining through these licensees does have other duties that have nothing to do with game per se? Maybe Representative Zimmerman has an answer."

Mr. Zimmerman: "Well, I think that certainly you must recognize that the Game Department has been given a number of other jobs which they do to provide game to the hunters and fish for the fishermen. The program is partially financed by the personalized license plates, which we passed through this House. They have done a great number of

things—entries to rivers, ramps and boating, etc., but that is all part of the operation. It isn't simply a matter of providing birds and fish, but the sportsmen have been, through their licenses, providing the bulk of that. It is a matter of semantics what you call it, but it still is basically a user fee program in which the person who is paying in gets back a certain number of services. I think that it has been shown pretty adequately that they are faced with extremely increased costs to provide these services and that they will have to reduce those user's services in terms of game farms, in terms of facilities, if they do not get the necessary fee increase. I think that it is a logical step that we support this measure."

POINT OF INQUIRY

Mr. Curtis yielded to question by Mr. Flanagan.

Mr. Flanagan: "Representative Curtis, I also, always used to call the Game Department a self-supporting agency, but now isn't it true that most of the property that they acquire is acquired by using state bond issues or federal interagency funds which are generally taxpayers' moneys and not users' fees?"

Mr. Curtis: "I would assume that in terms of their capital acquisitions of property that is correct, but I know better than to joust with you on a revenue measure. You know where the money comes from and where it goes and you're correct. A lot of it is federal money and I suppose that is general taxpayer money."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 377, and the bill passed the House by the following vote: Yeas, 72; nays, 23; not voting, 3.

Mr. Randall moved adoption of the committee amendments to page 1, line 30 and page 4, line 1.

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Moon.

Mr. Moon: "Representative Randall, by striking the word 'employee' and making only officers of a corporation liable, would this make it possible for a corporation to hire somebody who is not an officer and still delegate them the authority and have that individual employee appropriate the moneys that were in trust in such a way that the moneys wouldn't be in trust and the individual that paid the sales tax with the intent that it be a sales tax could perhaps have it appropriated by an employee rather than just strictly an officer?"

Mr. Randall: "I think perhaps the intent of the amendment would cover that possibility because, you see, this keeps the officer of authority rather than an employee the liable person."

The amendments were adopted.

Mr. Newhouse moved adoption of the following amendments:

On page 1, section 1, line 26 after "failure" insert "and with intent to defraud"

On page 3, section 2, line 33 after "failure" insert "and with intent to defraud"

Mr. Newhouse spoke in favor of the amendments, and Representatives Randall and Moon spoke against them.

Mr. Randall spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Patterson.

Mr. Patterson: "Does the exemption apply to the property that is going on the assessment rolls during that calendar year or would this be a relief for property taxes that were assessed for the previous year?"

Mr. Randall: "This isn't an exemption. It allows the assessor to go out on August 1st or November 1st or any time during the year and, at your request, reassess your property at its destroyed value. If you have \$100,000 worth of property that now is destroyed and you only have \$3,000 worth of land, then that becomes the basis of your next years' taxes. The bill as originally written said that if you had paid your taxes by April 1st you would be refunded. This bill now says that will be used as an abatement against the following years' taxes, which is the more appropriate and more constitutional way to do business."

Representatives Curtis and Zimmerman spoke in favor of the bill.

MESSAGE FROM THE GOVERNOR

March 6, 1975

TO THE HONORABLE,
THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON
LADIES AND GENTLEMEN:

On this date I have approved HOUSE BILL NO. 100, entitled:

AN ACT Relating to revenue financing for pollution control and industrial development.

I am, however, increasingly fearful of the potential consequences of overextending the use of tax exempt revenue financing. The national trend toward such financing will, in my opinion, cause Congress to reexamine the whole area of tax exempt governmental bonds, and there is little doubt in my mind that the present opportunities in these bonds will be drastically restricted in the near future. To avoid this from occurring, state and local governments must exercise considerable prudence and caution in approving tax exempt revenue financing. And while I do not pass judgment on the bond financing which House Bill 100 deals with, I do urge the Legislature to scrutinize in the strictest manner future proposals to determine whether the standards set by the Internal Revenue Code are met.

I wish further to point out that even though I have approved House Bill 100, I do not believe the Legislature should attempt to influence the outcome of a pending decision in the State Supreme Court in this manner, and I seriously doubt whether the legislation will persuade the court one way or another.

Sincerely,
DANIEL J. EVANS
Governor.

Mr. Randall moved adoption of the committee amendment to page 1, line 13.

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Nelson.

Mr. Nelson: "I have a two-part question, Representative Randall, that deals with this amendment. The first one is how is the determination made as to the classification of single family residential property? Is it by use today; is it by land zoning; is it by comprehensive plan—what is the situation here? The second question is, in the language of the amendment it says the assessor shall not have the right to elect a formal hearing. Does this imply then that anyone else, such as the Department of Revenue, is also then denied from having the election of the right to go ahead with a formal hearing rather than an informal one, because it does declare that?"

Mr. Randall: "In answer to your first question, the language of current RCW's establishes unequivocally what a single family residential unit is. There is ample identification of a single family residential unit currently in the RCW's. To the second question, this says the current assessor shall not have the right, but as a matter of fact, the Department of Revenue does not have the right to take residential property on a board of tax appeals. They can take commercial and industrial property, but they do not have the right in residential, so there is no way that anyone else could request a formal hearing against a residential taxpayer."

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Randall, in the Revenue Committee when we got into this question of trying to make a procedure where the small property owner did not have to go to a formal hearing, as I remember the committee amendment, we had a sum of \$300,000. Nowhere in this committee amendment is there a sum of \$300,000. That's the amendment we voted on and adopted to this bill in the committee."

Mr. Randall: "In the committee we adopted this amendment as a single amendment, and we adopted a second amendment dealing with the \$300,000 limit. That one isn't in the books. I am going to request this bill be held and make a floor amendment on it."

MOTION

On motion of Mr. Charette, further action on House Bill No. 268 on second reading was deferred, and the bill was ordered placed on the calendar following Engrossed Senate Bill No. 2350.

HOUSE BILL NO. 587, by Representatives Ceccarelli, Berentson, Perry, Chatalas and Leckenby:

Representatives Kuehnle and Hansen spoke in favor of the amendment, and it was adopted.

The Clerk read the following amendment by Representative Kuehnle:

On page 2, after section 2 add a new section as follows:

"NEW SECTION. Sec. 3. If any excise tax due hereunder is not paid when due and payable, the unpaid tax shall bear interest at the rate of six percent per annum from the time such tax is due and payable: PROVIDED, The director may waive the interest on the unpaid excise tax when the department of motor vehicles determines that the cost of processing the collection of the interest exceeds the amount of interest due.

The tax hereunder shall be a specific lien on the travel trailer or camper from and after the date it first becomes due hereunder, and shall include all charges authorized by this chapter, which lien shall have priority to and be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which the travel trailer or camper may become charged or liable, after July 1, 1957, and no sale or transfer of any travel trailer or camper shall in any way affect the lien for such excise tax upon the trailer or camper."

With the consent of the House, Mr. Kuehnle withdrew the amendment.

Mr. Warnke moved adoption of the following amendment:

On page 2, line 8 insert the following:

"Sec. 4. Section 55, chapter 299, Laws of 1971 ex. sess. and RCW 82.50.400 are each amended to read as follows:

An annual excise tax which may be purchased on a quarterly basis is imposed on the owner of any travel trailer or camper for the privilege of using such travel trailer or camper in this state. The tax shall be collected for each calendar year, or fractional part thereof, by the department of motor vehicles or the county auditor of the county in which the travel trailer or camper is located at the time payment is made and shall be due on and after ((January 1st) the first day of each quarterly period or on the date the travel

No additional tax shall be imposed under this chapter upon any travel trailer or camper upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such travel trailer or camper has already been paid for the calendar year or fractional part thereof in which such transfer occurs.

The tax for such a quarterly period shall be one-fourth the amount charged for a corresponding twelve-month period, and shall further be reduced by one-twelfth for each full calendar month of the quarter that shall have elapsed at the time the quarterly tax is imposed.

Sec. 5. Section 56, chapter 299, Laws of 1971 ex. sess. as amended by section 2, chapter 144, Laws of 1972 ex. sess. and RCW 82.50.410 are each amended to read as follows:

The rate and measure of tax imposed by this chapter for each calendar year, or fractional part thereof, shall be one percent of the fair market value of the travel trailer or camper, as determined in the manner provided in this chapter: PROVIDED, That the calendar year shall be divided into ~~((twelve))~~ four parts corresponding to the ~~((months))~~ quarters of the calendar year and the excise tax upon a travel trailer or camper used for the first time in this state after the last of any ~~((month))~~ quarter shall only be levied for the remaining ~~((months))~~ quarters of the calendar year including the ~~((month))~~ quarter in which the travel trailer or camper is first used: PROVIDED FURTHER, That the minimum amount of tax payable shall be two dollars.

A travel trailer or camper shall be deemed used for the first time in this state when such vehicle was not previously licensed by this state for the year or any part thereof immediately preceding the year in which application for license is made."

Mr. Warnke spoke in favor of the amendment, and Mr. Newhouse spoke against it.

Mr. Conner demanded an electric roll call and the demand was sustained.

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Perry, as Chairman of the Transportation Committee, can you give this body any idea of the fiscal impact of this quarterly statement?"

Mr. Perry: "I can't right now, Representative Pardini."

POINT OF INQUIRY

Mr. Kuehnle requested Mr. Haussler to yield to question.

The Speaker (Mr. Thompson presiding): "Representative Kuehnle, the House is now considering a motion to suspend the rules and advance the bill to third reading and final passage."

Mr. Kuehnle: "Yes, Mr. Speaker, my question would relate to my vote on that motion."

Mr. Haussler yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Representative Haussler, the language of the Senate amendment which provides for the payment of the mileage fees authorized in RCW 43.03.060 for actual necessary transportation expenses, raises a question in my mind as to whether the term 'necessary transportation expenses' would be intended to mean railroad fare, bus fare, airline tickets, etc., or in your opinion, could it be interpreted to mean 40 cents a mile or 30 cents a mile or some other number such as that in the event that someone had an automobile that cost that much to drive?"

Mr. Haussler: "This merely provides 13 cents per mile and I am sure that this is all that was intended in the Senate amendment. Some time ago—last year in fact—we gave counties the right to set their own fees, but it did not include the county road department, so the engineer and maybe the assistant engineer at this time use their own cars and this would merely provide them with the 13 cents."

Mr. Kuehnle: "Is it your understanding that necessary transportation expenses refers to the use of public transportation?"

Mr. Haussler: "I don't think so, I think it is just provided for their own unit."

Mr. Kuehnle spoke against the motion to suspend the rules and advance the bill to final passage, and Mr. Newhouse spoke in favor of it.

The Speaker (Mr. Thompson presiding) reminded the House that one member could speak for the motion and one member could speak against it.

SECOND READING

ENGROSSED SENATE BILL NO. 2350, by Senators Walgren, Bottiger, Guess, Knoblauch, Beck and Sellar:

Defining bicycles as vehicles for purposes of "Rules of the Road."

The bill was read the second time.

Mr. Douthwaite moved adoption of the following amendment by Representatives Douthwaite and Berentson:

On page 1, section 2, beginning on line 21 after "three wheels" and before "arranged" insert "driven by chain drive"

Representatives Douthwaite and Berentson spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Douthwaite yielded to question by Mr. Amen.

Mr. Amen: "Representative Douthwaite, I believe there are some wheelchairs that are three-wheeled and driven with a chain. Would they come under this and would they have to follow the rules of the road?"

Mr. Douthwaite: "I was taking care of the child constituents and I haven't looked into the senior citizen impact here. To answer your question, the vehicle which has a wheel larger than 16 inches, which is driven by a chain, whether it be a two or three wheeled vehicle would be required to obey the rules of the road. I think to answer your question, yes, senior citizens on such vehicles would be covered."

The amendment was adopted.

On motion of Mr. Charette, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 2350 as amended by the House was placed on final passage.

Mr. Hansen spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 2350 as amended by the House, and the bill passed the House by the following vote: Yeas, 94; nays, 2; not voting, 2.

S., Hurley M., Jastad, Juelling, Kalich, Kilbury, King, Knowles, Kuehnle, Laughlin, Leckenby, Lee, Luders, Lysen, Martinis, Matthews, Maxie, May, McCormick, McKibbin, Moreau, Nelson, Newhouse, North, O'Brien, Pardini, Paris, Parker, Patterson, Perry, Peterson, Polk, Randall, Savage, Schumaker, Seeberger, Sherman, Shinpoch, Smith E. P., Sommers, Thompson, Tilly, Valle, Warnke, Whiteside, Wilson, Wojahn, Zimmerman.

Permitting fire districts to charge fees to reimburse themselves for funds expended on first aid vehicles and ambulances.

The bill was read the second time.

Committee on Local Government recommendation: Majority, do pass as amended. (For amendment, see Journal, Fifty-third Day, March 6, 1975.)

Mr. Laughlin moved adoption of the committee amendment.

POINT OF INQUIRY

Mr. Laughlin yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Representative Laughlin, I would like to know whether the waiver of the mentioned fees would be waived in total in all instances or whether you would envision that it would be an arbitrary type of thing where they would be waived in this case and not in that case, or whether they would be waived if they were not covered by an insurance policy. What is the intent of the committee amendment?"

Mr. Laughlin: "Representative Kuehnle, the intent was to waive charges if there were not a private ambulance service in the district. The fire district did not want to be in a competitive situation with private enterprise and that was the purpose of the committee amendment."

Mr. Kuehnle: "Well, if I interpret what you saying correctly, then you are indicating that if there was such a waiver that it would be applicable in all instances. If there were a private service operating then the fire district would charge for services, if there were no private ambulance service or private emergency service available then the fire district would in no instance charge for services, if they chose to waive at all?"

Mr. Laughlin: "Would you repeat the question, please?"

Mr. Kuehnle: "I am still trying to get to the matter of whether it's a case by case waiver or a total waiver. If I understand what you are saying correctly, they are going to charge if there is a private service available so that they are not creating an unfair competitive situation where there is a private service available and if there is no private service available then they may choose to waive charges and offer this as a free service, that they would do it one way or another in all instances, and not in an arbitrary case by case situation."

Mr. Laughlin: "I believe you are correct."

The committee amendment was adopted.

MOTION

On motion of Mr. Charette, further consideration of Engrossed Senate Bill No. 2082 was deferred, and the bill was ordered placed at the bottom of today's second reading of Senate bills.

SENATE BILL NO. 2051, by Senator Day:

Increasing professional engineer and land surveyor fees.

The bill was read the second time.

On motion of Mr. Gaspard, the rules were suspended, the second reading considered the third, and Senate Bill No. 2051 was placed on final passage.

Mr. Warnke spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Senate Bill No. 2051, and the bill passed the House by the following vote: Yeas, 95; nays, 2; not voting, 1.

Voting yea: Representatives Adams, Amen, Bagnariol, Barnes, Bauer, Bausch, Becker, Bender, Berentson, Blair, Boldt, Brown, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Curtis, Deccio, Douthwaite, Dunlap, Ehlers, Eikenberry, Eng, Erickson, Fischer, Flanagan, Fortson, Freeman, Gaines, Gallagher, Gaspard, Gilleland, Greengo, Haley, Hanna, Hansen, Hansey, Haussler, Hawkins, Hayner, Hendricks, Hurley G. S., Hurley M., Jastad, Juelling, Kalich, Kilbury, King, Knowles, Leckenby, Lee, Luders, Lysen, Martinis, Matthews, Maxie, May, McCormick, McKibbin, Moon, Moreau, Nelson, Newhouse, North, O'Brien, Pardini, Paris, Parker, Patterson, Perry, Peterson, Polk, Randall, Savage, Schumaker, Seeberger, Sherman, Shipoch, Smith E. P., Smith R., Sommers, Thompson, Tilly, Valle, Warnke, Whiteside, Williams, Wilson, Wojahn, Zimmerman, and Mr. Speaker.

Recovering attorney's fees in cases of illegal odometer replacement.

Mr. Deccio moved adoption of the following amendment:

On page 1, line 18 strike all of section 2.

Representatives Deccio and Kuehnle spoke in favor of the amendment, and Mr. Knowles spoke against it.

Mr. Deccio spoke again in favor of the amendment, and Mr. Knowles spoke again in opposition.

Mr. Smith (Rick) demanded an electric roll call and the demand was sustained.

Mr. Pardini spoke in favor of the amendment, and Mr. Leckenby spoke against it.

POINT OF INQUIRY

Mr. Knowles yielded to question by Mr. Newhouse.

Mr. Newhouse: "Representative Knowles, the contention that you made was, I guess, that the federal law required that this would not be possible anymore as provided in the .080 (or whatever it was in the 1969 act). Is there now some question whether or not the federal also requires it?"

Mr. Knowles: "The only question in my mind, Representative Newhouse, would be to statements made in support of this amendment. I don't believe that in committee, and you were there with me, we took the statement made by the Motor Vehicles Department that this was now current federal law. This kind of practice would not be tolerated and we accepted that from the individual there—there were no citations given or anything of that nature."

Mr. Deccio again spoke in support of the amendment.

POINT OF ORDER

Mr. Gaspard: "Mr. Speaker, I believe Representative Deccio is out of order in accordance with House Rule 52."

The Speaker (Mr. Conner presiding): "Representative Gaspard, your point if well taken. According to Rule 52 no member shall speak twice after the 50th day."

Mr. Martinis spoke against adoption of the amendment.

POINT OF INQUIRY

Mr. Deccio yielded to question by Mr. Nelson.

Mr. Nelson: "Representative Deccio, I want to understand the full impact of this amendment and I wonder if you could explain to the body exactly how many times the vehicle could be transferred from one dealership to another under the provisions of this amendment when you strike section 2."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, you have already ruled that under the rules a member can only speak once. I raise the point of order that you should be allowed to yield to a question to give that member an opportunity to violate the rules."

The Speaker (Mr. Conner presiding): "Your point is well taken. Rules 52 states that you may not speak twice on a motion without consent of a majority of the members of the House."

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Deccio to Senate Bill No. 2055, and the amendment was not adopted by the following vote: Yeas, 15; nays, 83; not voting, 0.

Voting yea: Representatives Barnes, Berentson, Brown, Curtis, Deccio, Gilleland, Hansey, Kuehnle, Nelson, Pardini, Patterson, Schumaker, Tilly, Whiteside, Wilson.

Voting nay: Representatives Adams, Amen, Bagnariol, Bauer, Bausch, Becker, Bender, Blair, Boldt, Bond, Ceccarelli, Chandler, Charette, Charnley, Chatalas, Clemente, Cochrane, Conner, Douthwaite, Dunlap, Ehlers, Eikenberry, Eng, Erickson, Fischer, Flanagan, Fortson, Freeman, Gaines, Gallagher, Gaspard, Greengo, Haley, Hanna, Hansen, Haussler, Hawkins, Hayner, Hendricks, Hurley G. MOTION

ENGROSSED SENATE BILL NO. 2171, by Senators Francis and Clarke (by Judicial Council request):

Imposing fine and jail for wilful failure to appear before superior court after release on bail or personal recognizance.

The bill was read the second time.

Committee on Judiciary recommendation: Majority, do pass as amended. (For amendment, see Journal, Fifty-fourth Day, March 7, 1975.)

On motion of Mr. Knowles the committee amendment was adopted.

On motion of Mr. Gaspard, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 2171 as amended by the House was placed on final passage.

Mr. Knowles spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Knowles yielded to question by Mr. Randall.

Mr. Randall: "In a little whispered conversation I just asked you if this is any crime and you answered, yes, it is; so let me pose this question to you: I am in Eastern Washington driving and I am charged with speeding or a traffic crime; I post the required bail; because I live on the West side I do not appear and forfeit the bail. Am I now charged with a second crime for having wilfully not appeared?"

Mr. Knowles: "You would not, because by the mere fact that you were requested to post bail you were put on your own personal recognizance. You forfeit the bail and that's all there is to it."

POINT OF INQUIRY

Mr. Knowles yielded to question by Mr. Charnley.

Mr. Charnley: "Representative Knowles, I agree very much with the purpose of this act, the one thing I would like to be clear on is it states the penalty for wilful failure to appear shall be a fine, etc., but before that it states '...failure to appear when required shall be presumed to be wilful.' I am concerned about a situation where a person very honestly could not be there because of some happenstance. If he can't be there does that then negate the term 'wilful' and therefore he wouldn't come under the act?"

POINT OF ORDER

Mr. Eikenberry: "Mr. Speaker, the point of order is that this question will in effect give the speaker, Representative Knowles, the second opportunity to speak on this bill and under Rule 52 as applied by the Speaker just a few minutes ago against Representative Deccio, he would be out of order."

SPEAKER'S RULING (MR. CONNER PRESIDING)

The Speaker (Mr. Conner presiding): "I believe, Representative Eikenberry, that this has been a practice of long standing and the Speaker is trying to grant some leeway and understanding."

Mr. Knowles: "In answer to your question, Representative Charnley, under present..."

PARLIAMENTARY INQUIRY

Mr. Eikenberry: "I would like to ask how we may know in the future when the Representative is in order in directing the question to another member and when is it not?"

SPEAKER'S RULING (MR. CONNER PRESIDING)

Mr. Conner: "It was the Speaker's feeling in the previous question that it was opening up the original intent of the bill and that is not the case in the recent question by Representative Charnley to Representative Knowles."

Mr. Knowles: "The nonappearance would be wilful in the absence of any legitimate excuse for that absence. I realize that in today's court procedures everyone is entitled to an attorney. If the individual was unable to appear due to sickness or any other proper excuse, it is a simple matter for his attorney to notify the court, ask for continuance or in some other manner notify the court of his inability to be there—the individual could do so himself. If the person just plain ignored the court appearance, made no attempt to contact his attorney or the court, just failed to appear, then it would be optional for the court whether or not they wanted to place this additional charge against him."

Mr. Savage spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Savage yielded to question by Mr. Pardini.

Mr. Pardini: "Mr. Savage, your explanation of the bill has me rereading it. It was my understanding that this just dealt with an employer for his own employees. Are you now saying that an employer could be liable for fund contributions of a subcontractor—for the employees of the subcontractor?"

Mr. Savage: "Sometimes he is. The main contractor, although he collects from the subcontractor, is supposed to collect for it. The subcontractor is supposed to deduct it and turn it over to the employer and that is where the rub comes in. The other day, I cited a case where a subcontractor claimed he wasn't liable for it and the main contractor said he was. The subcontractor is liable for it whenever he takes the job—here's the problem, the employer has a working agreement with the employees, the main contractor has a working agreement and that working agreement cannot be violated by a subcontractor."

Mr. Pardini spoke against the bill.

MOTION

Mr. Pardini moved that the House defer consideration of Engrossed Substitute Senate Bill No. 2259 until the next working day.

The Speaker: "Representative Pardini, the effect of your motion would be to move it beyond the cut-off date so we wouldn't be able to consider it until Friday."

Mr. Pardini withdrew the motion.

MOTION

On motion of Mr. Pardini further consideration of Engrossed Substitute Senate Bill No. 2259 was deferred, and the bill was ordered placed at the bottom of today's second reading calendar.

SENATE AMENDMENT TO HOUSE BILL

March 10, 1975

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 123 with the following amendment:

On page 1, line 11 after the period and before "Where" insert "Penalties so assessed shall be used by the department of game for purposes set forth in RCW 77.12.010," and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTION

Mr. Martinis moved that the House do concur in the Senate amendment.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mr. Hansey.

Mr. Hansey: "Representative Martinis, you just indicated that this diverts the funds to both game and nongame funds. We just looked up that RCW and it appears on reading it that it is diverting the funds strictly to the nongame fund the same as the personalized license plate money. I wonder if we could clarify that?"

Mr. Martinis: "Representative Hansey, I took a quick look at that section and it appears to me that it could be used for both, but I could be mistaken on it because it was a very quick glance."

MOTION

Mr. Haussler moved that the House do concur in the Senate amendments.

POINT OF INQUIRY

Mr. Haussler yielded to question by Mr. Pardini.

Mr. Pardini: "On page 1, line 7 we are extending this to any person who is or was an employee. Let's assume that a person was discharged for incompetence and a year later some action was brought against him, does this mean that the port district would have to defend it?"

Mr. Haussler: "The way it is written here, he would have that defense—am I wrong? I defer to Representative Charette."

Mr. Charette: "Representative Pardini, if you will read the language before that, the whole bill is permissive and it says that they may afford that defense. I would assume then it would be up to the commission to determine whether they would or not. The reason that amendment was put in is that there is a possibility that a former employee may be sued and it would give the opportunity for the commission to afford the defense."

Mr. Newhouse spoke in favor of the motion to concur in the Senate amendments.

The House concurred in the Senate amendments to Engrossed House Bill No. 410.

SIGNED BY THE SPEAKER

The Speaker announced that he was about to sign:

SENATE CONCURRENT RESOLUTION NO. 107,

SENATE CONCURRENT RESOLUTION NO. 108.

PROCLAMATION BY THE GOVERNOR

In accordance with the constitutional limitation in Article II, section 12 on the duration of legislative sessions, the 44th session of the Washington State Legislature will be adjourned on March 13, 1975, the sixtieth day of the session. It has become more apparent than ever that the 60-day limit to regular sessions of the legislature does not allow sufficient consideration of the problems our state faces today, and the legislature can no longer look on adjournment after 60 days as a realistic goal.

Final action on the major issues involving essential needs of our citizens is not forthcoming before the end of the regular session, and in recognition thereof I intend to call the legislature to convene in extraordinary session immediately following adjournment of the regular session. I trust the legislature, once convened, will take needed action on critical legislation in the areas of constitutional reform, transportation, energy, natural resources, human resources, law and justice, education, and governmental improvement.

NOW, THEREFORE, I, Daniel J. Evans, Governor of the State of Washington, by virtue of the authority vested in me by the Constitution, do hereby convene the Legislature of the State of Washington in extraordinary session in the Capitol at Olympia on the 14th day of March, A.D. 1975, at the hour of nine o'clock a.m., for the purposes stated herein.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia, this 12th day of March, A.D. Nineteen Hundred and Seventy-Five.

DANIEL J. EVANS,
GOVERNOR.

MOTION

On motion of Mr. Charette, reading of the Journal of the Sixtieth Day of the Forty-fourth Legislature was dispensed with and it was ordered to stand approved.

REPORT OF SPECIAL COMMITTEE

The committee appointed to inform the Governor that the Legislature was ready to adjourn sine die appeared before the bar of the House and reported that they had performed their mission.

The report was received, and the committee was discharged.

MOTION

On motion of Mr. Charette, the House of Representatives of the Forty-fourth Legislature adjourned sine die.

LEONARD A. SAWYER, Speaker.

DEAN R. FOSTER, Chief Clerk.
