## PART 2 - BASIC ELECTRICAL WORK

**Sec. 201.** RCW 19.28.101 and 1996 c 241 s 4 are each amended to read as follows:

(1) The director shall cause an inspector to inspect all wiring, appliances, devices, and equipment to which this chapter applies except for basic electrical work as defined in this chapter. The department may not require an electrical work permit for class A basic electrical work unless deficiencies in the installation or repair require inspection. The department may inspect class B basic electrical work on a random basis as specified by the department in rule. Nothing contained in this chapter may be construed as providing any authority for any subdivision of government to adopt by ordinance any provisions contained or provided for in this chapter except those pertaining to cities and towns pursuant to RCW 19.28.010(3).

(2) Upon request, electrical inspections will be made by the department within forty-eight hours, excluding holidays, Saturdays, and Sundays. If, upon written request, the electrical inspector fails to make an electrical inspection within twenty-four hours, the serving utility may immediately connect electrical power to the installation if the necessary electrical work permit is displayed: PROVIDED, That if the request is for an electrical inspection that relates to a mobile home installation, the applicant shall provide proof of a current building permit issued by the local government agency authorized to issue such permits as a prerequisite for inspection approval or connection of electrical power to the mobile home.

(3) Whenever the installation of any wiring, device, appliance, or equipment is not in accordance with this chapter, or is in such a condition as to be dangerous to life or property, the person, firm, partnership, corporation, or other entity owning, using, or operating it shall be notified by the department and shall within fifteen days, or such further reasonable time as may upon request be granted, make such repairs and changes as are required to remove the danger to life or property and to make it conform to this chapter. The director, through the inspector, is hereby empowered to disconnect or order the discontinuance of electrical service to conductors or equipment that are found to be in a dangerous or unsafe condition and not in accordance with this chapter. Upon making a disconnection the inspector shall attach a notice stating that the conductors have been found dangerous to life or property and are not in accordance with this chapter. It is unlawful for any person to reconnect such defective conductors or equipment without the approval of the department, and until the conductors and equipment have been placed in a safe and secure condition, and in a condition that complies with this chapter.

(4) The director, through the electrical inspector, has the right during reasonable hours to enter into and upon any building or premises in the discharge of his or her official duties for the purpose of making any inspection or test of the installation of new construction or altered electrical wiring, electrical devices, equipment, or material contained in or on the buildings or premises. No electrical wiring or equipment subject to this chapter may be concealed until it has been approved by the inspector making the inspection. At the time of the inspection, electrical wiring or equipment subject to this chapter must be sufficiently accessible to permit the inspector to employ any testing methods that will verify conformance with the national electrical code and any other requirements of this chapter.

(5) Persons, firms, partnerships, corporations, or other entities making electrical installations shall obtain inspection and approval from an authorized representative of the department as required by this chapter before

requesting the electric utility to connect to the installations. Electric utilities may connect to the installations if approval is clearly indicated by certification of the electrical work permit required to be affixed to each installation or by equivalent means, except that increased or relocated services may be reconnected immediately at the discretion of the utility before approval if an electrical work permit is displayed. The permits shall be furnished upon payment of the fee to the department.

(6) The director, subject to the recommendations and approval of the board, shall set by rule a schedule of license and electrical work permit fees that will cover the costs of administration and enforcement of this chapter. The rules shall be adopted in accordance with the administrative procedure act, chapter 34.05 RCW. No fee may be charged for plug-in mobile homes, recreational vehicles, or portable appliances.

The initial period must be spent under one hundred percent supervision of a master journeyman electrician, journeyman electrician, master specialty electrician working in that electrician's specialty, or specialty electrician working in that electrician's specialty. After this initial period, a person may take the specialty examination. If the person passes the examination, the person may work unsupervised for the balance of the minimum hours required for certification. Any applicant who has received training in the electrical construction trade in the armed services of the United States may be eligible to apply armed service work experience towards qualification to take the examination for an appropriate specialty electrician certificate of competency.

~~((i))~~ (j) The department must determine whether hours of training and experience in the armed services or school program are in the electrical construction trade and appropriate as a substitute for hours of work experience. The department must use the following criteria for evaluating the equivalence of classroom electrical training programs and work in the electrical construction trade:

(v) Electrical training programs of less than two years may not be credited towards qualification for journeyman electrician unless the training program is used to gain qualification for a four thousand hour electrical specialty.

~~((j))~~ (k) No other requirement for eligibility may be imposed.

(2) The department shall establish reasonable rules for the examinations to be given applicants for certificates of competency. In establishing the rules, the department shall consult with the board. Upon determination that the applicant is eligible to take the examination, the department shall so notify the applicant, indicating the time and place for taking the examination.

(3) No noncertified individual may work unsupervised more than one year beyond the date when the trainee would be eligible to test for a certificate of competency if working on a full-time basis after original application for the trainee certificate. For the purposes of this section, full-time basis means two thousand hours.

## **PART 7 - BOILER REPAIR**

**NEW SECTION. Sec. 701.** (1) Until July 1, 2004, the department of labor and industries shall cease to administer and enforce licensing requirements under RCW 19.28.091, certification requirements under RCW 19.28.161, and inspection and permitting requirements under RCW 19.28.101, as applied only to maintenance work on the electrical controls of a boiler performed by an employee of a service company.

(2) The electrical board and the board of boiler rules shall jointly evaluate whether electrical licensing, certification, inspection, and permitting requirements should apply to maintenance work on the electrical controls of a boiler performed by an employee of a service company. The electrical board shall report their joint findings and recommendations for legislation or rule making, if any, to the commerce and labor committee of the house of representatives and the commerce and trade committee of the senate by December 1, 2003.

If a person fails to renew the certificate by the renewal date, he or she must pay a doubled fee. If the person does not renew the certificate within ninety days of the renewal date, he or she must retake the examination and pay the examination fee.

The journeyman plumber and specialty plumber certificates of competency, the medical gas piping installer endorsement, and the temporary permit provided for in this chapter grant the holder the right to engage in the work of plumbing as a journeyman plumber, specialty plumber, or medical gas piping installer, in accordance with their provisions throughout the state and within any of its political subdivisions on any job or any employment without additional proof of competency or any other license or permit or fee to engage in the work. This section does not preclude employees from adhering to a union security clause in any employment where such a requirement exists.

(2) A person who is indentured in an apprenticeship program approved under chapter 49.04 RCW for the plumbing construction trade or who is learning the plumbing construction trade may work in the plumbing construction trade if supervised by a certified journeyman plumber or a certified specialty plumber in that plumber's specialty. The certificate shall authorize the holder to learn the plumbing construction trade while under the direct supervision of a journeyman plumber or a specialty plumber working in his or her specialty. The holder of the plumbing training certificate shall renew the certificate annually. At the time of renewal, the holder shall provide the department with an accurate list of the holder's employers in the plumbing construction industry for the previous year and the number of hours worked for each employer. An annual fee shall be charged for the issuance or renewal of the certificate. The department shall set the fee by rule. The fee shall cover but not exceed the cost of administering and enforcing the trainee certification and supervision requirements of this chapter. Apprentices and individuals learning the plumbing construction trade shall have their plumbing training certificates in their possession at all times that they are performing plumbing work. They shall show their certificates to an authorized representative of the department at the representative's request.

(3) Any person who has been issued a plumbing training certificate under this chapter may work if that person is under supervision. Supervision shall consist of a person being on the same job site and under the control of either a journeyman plumber or an appropriate specialty plumber who has an applicable certificate of competency issued under this chapter. Either a journeyman plumber or an appropriate specialty plumber shall be on the same job site as the noncertified individual for a minimum of seventy-five percent of each working day

unless otherwise provided in this chapter. The ratio of noncertified individuals to certified journeymen or specialty plumbers working on a job site shall be: (a) ~~((From July 28, 1985, through June 30, 1988, not more than three noncertified plumbers working on any one job site for every certified journeyman or specialty plumber; (b) effective July 1, 1988,))~~ Not more than two noncertified plumbers working on any one job site for every certified specialty plumber or journeyman plumber working as a specialty plumber; and ~~((c) effective July 1, 1988,))~~ (b) not more than one noncertified plumber working on any one job site for every certified journeyman plumber working as a journeyman plumber.

An individual who has a current training certificate and who has successfully completed or is currently enrolled in an approved apprenticeship program or in a technical school program in the plumbing construction trade in a school approved by the work force training and education coordinating board, may work without direct on-site supervision during the last six months of meeting the practical experience requirements of this chapter.

(5) The training to become a certified plumber must include not less than sixteen hours of classroom training established by the director with the advice of the advisory board. The classroom training must include, but not be limited to, electrical wiring safety, grounding, bonding, and other related items plumbers need to know to work under RCW 19.28.091.

(6) All persons who are certified plumbers before January 1, 2003, are deemed to have received the classroom training required in subsection (5) of this section.

However, if the master electrician or administrator dies or is otherwise incapacitated, the contractor's license is void within one hundred eighty days unless another master electrician or administrator is qualified by the board. The contractor must notify the department in writing within

ten days if the master electrician's or administrator's relationship with the contractor terminates due to the master electrician's or administrator's death or incapacitation.

(2) The department must issue an administrator's certificate to all applicants who have passed the examination as provided in RCW 19.28.051 and this section, and who have complied with the rules adopted under this chapter, or who qualify to obtain an administrator's certificate without examination under subsection (3) of this section. **"NEW SECTION. Sec. 1.** A new section is added to chapter 90.48 RCW to read as follows:

(1) In order to ensure that construction projects involving the use of fill material do not pose a threat to water quality, the department may require that the suitability of potential fill material be evaluated using a leaching test included in the soil clean-up rules adopted by the department under chapter 70.105D RCW in any water quality certification issued under section 401 of the federal clean water act and in any administrative order issued under this chapter, where such certification or administrative order authorizes the placement of fill material, some or all of which will be placed in waters of the state. Any such requirement imposed by the department in a water quality certification or administrative order issued prior to the effective date of this section is ratified and approved by the legislature as a valid and reliable method for determining concentrations of chemical constituents that can be present in fill material without posing an unacceptable risk of violating water quality standards, and shall be in effect as imposed by the department for all work not completed by June 1, 2003.

(2) Nothing in this section limits, in any way, the department's authority under this chapter.

**NEW SECTION. Sec. 2.** A new section is added to chapter 90.48 RCW to read as follows:

The department shall identify the leaching tests utilized for evaluating the potential impacts to water quality in situations where fill material is imported. The tests may include those identified in the soil clean-up rules adopted by the department under chapter 70.105D RCW. Within existing resources, the department shall assess whether this list of leaching tests provides appropriate methods for analyzing water quality impacts for all types of projects and in all circumstances where fill material is imported. The department shall also identify any gaps in leaching test methodology. The department shall report both the leaching test list and the list of test methodology gaps to the appropriate committees of the legislature by December 31, 2003.

Representative Upthegrove moved the adoption of amendment (485) to amendment (366):

On page 2, after line 8 of the amendment, insert the following:

**"NEW SECTION. Sec. 3.** (1) The legislature finds that construction projects may create environmental impacts on the project site and in surrounding areas. The legislature recognizes that the state's environmental and project review laws are intended to mitigate the impacts of construction projects for the benefit of citizens, property owners, and the public. The legislature also finds that the environmental impacts of large, complex construction projects may affect an area much larger than the project site and surrounding community.

(2) The legislature recognizes a concern that the importation of fill material according to the provisions of section 1 of this act for large, complex construction projects may pose environmental risk in an area much larger than the project site and surrounding community. The legislature also recognizes that identifying the areas affected by a large, complex construction project may be difficult.

(3) The legislature also finds that construction or expansion of large regional airports are large, complex construction projects which may raise the concern identified in subsection (2) of this section. The legislature finds that, while these projects provide benefits to the state, qualify as essential public facilities according to the state growth management act, and provide numerous job-making economic development benefits to businesses and individuals by moving goods to and from markets and by fostering travel, these projects may create substantial environmental and other impacts to local communities that prove financially disadvantageous and detrimental to the quality of life for residents in the impacted areas. This legislature finds that this concern is magnified when the construction project involves the importation of fill material, as fill importation creates the potential of introducing contaminants into the area or of exacerbating soil contamination in the area. The legislature also finds that fill importation raises the potential of affecting water quality if fill is placed in or near a water body or if contaminants from the soil leach into a surface or ground water body. The legislature recognizes a need to balance the pressing need for construction projects related to the construction or expansion or airport facilities and the impacts they may create.

(4) The legislature recognizes the inequitable burden borne by residents and communities of the surrounding areas affected by the activities, construction, or expansion of large regional airports. The Legislature therefore intends to establish a mechanism to provide mitigation to surrounding residents and communities affected by activities associated with large regional airports and the impacts of construction or expansion of those airports that involve the importation of fill material.

**NEW SECTION. Sec. 4.** A new section is added to chapter 36.70A RCW to read as follows:

(1) On or before October 1, 2003, the department shall establish an aviation mitigation zone for any large regional airport located in the state of Washington. An aviation mitigation zone shall only include the following:

(a) Cities with a population fewer than forty thousand adjacent to the city within which the large regional airport is located;

(b) Cities with a population fewer than ten thousand adjacent to a city qualifying for inclusion in the mitigation zone according to the criteria established by (a) of this subsection; and

(c) Any portion of any incorporated or unincorporated area that is within a 60 Ldn noise level contour of the large regional airport as determined by the aircraft noise measurement methodology described in 14 C.F.R., Appendix A to Part 150 -- Noise Exposure Maps, as of the effective date of this act.

(2)(a) For the purposes of this section, "Ldn" means yearly day-night average sound level.

(b) For the purposes of this section, "large regional airport" means an airport serving more than twenty scheduled jet aircraft flights per day operated by a port district in a county with a population greater than one million.

**NEW SECTION. Sec. 5.** A new section is added to chapter 84.08 RCW to read as follows:

(1) For the purposes of establishing aviation mitigation zones in accordance with the provisions of section 4 of this act, on or before September 15, 2003, the department shall develop a noise exposure map for any large regional airport meeting the criteria established by section 4 of this act. The noise exposure map shall be prepared in accordance with the methodology described in 14 C.F.R., Appendix A to Part 150 -- Noise Exposure Maps, as of the effective date of this act. The noise exposure map shall include a 60 Ldn noise level contour. The department may use noise exposure data collected or produced by an applicable port district when developing a noise exposure map required by this section.

(2) For the purposes of this section, "Ldn" has the same meaning as in section 4 of this act.

**NEW SECTION. Sec. 6.** A new section is added to chapter 84.36 RCW to read as follows:

(1) If any portion of a tract or parcel of real property is within an aviation mitigation zone established under section 4 of this act, the entire tract or parcel is exempt from port taxes.

(2) If any portion of a tract or parcel of real property is within an aviation mitigation zone established under section 4 of this act, the entire tract or parcel is exempt from property taxes levied for any state purpose.

(3) The county assessor shall not require an exemption application for properties that the assessor knows are eligible for exemption under this section based on an aviation mitigation zone established under section 4 of this act. However, a property owner may submit a written request to the assessor requesting exemption under this section. After determining whether the property is eligible for exemption under this section, the assessor shall give written notice of denial or approval to the property owner within thirty days of the date the request was received. A denial may be appealed to the board of equalization of the county in which the property is located within thirty days of the date the denial notice is mailed.

(4) For the purposes of this section, "port taxes" means taxes imposed by a port district that operates a large regional airport for which an aviation mitigation zone is established under section 4 of this act.

**NEW SECTION. Sec. 7.** A new section is added to chapter 84.55 RCW to read as follows:

The levy for a taxing district in any year shall be reduced as necessary to prevent exemptions under section 6(1) of this act from resulting in a higher tax rate than would have occurred in the absence of the exemptions under section 6(1) of this act.

**NEW SECTION. Sec. 8.** A new section is added to chapter 43.79 RCW to read as follows:

(1) The aviation mitigation account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for aviation mitigation purposes within the following:

(a) Any city included wholly or partially within the aviation mitigation zone established by section 4 of this act; and

(b) Any unincorporated territory included within the aviation mitigation zone established by section 4 of this act.

(2) Only the director of the department of community, trade, and economic development or the director's designee may authorize expenditures from the account established by this section.

**NEW SECTION. Sec. 9.** Section 6 of this act applies to taxes levied for collection in 2004 and thereafter."

## POINT OF ORDER

Representative Kessler requested a scope and object ruling on amendment (485) to amendment (366) to Substitution Senate Bill No. 5787.

## **SPEAKER'S RULING**

The Speaker (Representative Lovick presiding): "Substitute Senate Bill No. 5787 is entitled an act relating to "the use of a leaching test in state water quality certifications." The substitute bill, as passed by the Senate, authorizes the Department of Ecology to require use of a specified leaching test to evaluate the suitability of fill material that will be placed in the waters of the state.

Amendment (485) requires the Department of Community, Trade and Economic Development to establish an aviation mitigation zone for any qualifying large regional airport, provides tax preferences for properties within such zones, and establishes an aviation zone mitigation account.

The scope and object of the substitute bill is narrow – authorizing the Department of Ecology to require use of a certain water quality test. The amendment does not address testing or water quality certification and is clearly outside the scope and object of the bill.

Representative Kessler, your point of order is well taken."

Representative McDermott moved the adoption of amendment (479) to amendment (366):

### SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1057, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1)(a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state's commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2)(a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fisheries' violations seriously. When dealing with individuals convicted of only one violation, the license suspension review committee should only consider suspension for individuals that are convicted of violations that are of a severe magnitude and show a wanton disregard for the public's resource.

**Sec. 2.** RCW 77.15.700 and 2001 c 253 s 46 are each amended to read as follows:

The department shall impose revocation and suspension of privileges upon conviction in the following circumstances:

- (1) If directed by statute for an offense;
- (2) If the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife. Such suspension of privileges may be permanent. This subsection (2) does not apply to violations involving commercial fishing;
- (3) If a person is convicted twice within ten years for a violation involving unlawful hunting, killing, or possessing big game, the department shall order revocation and suspension of all hunting privileges for two years. RCW 77.12.722 or 77.16.050 as it existed before June 11, 1998, may comprise one of the convictions constituting the basis for revocation and suspension under this subsection;
- (4) If a person is convicted three times in ten years of any violation of recreational hunting or fishing laws or rules, the department shall order a revocation and suspension of all recreational hunting and fishing privileges for two years;
- ~~(5) If a person is convicted twice within five years of a gross misdemeanor or felony involving unlawful commercial fish or shellfish harvesting, buying, or selling, the department shall impose a revocation and suspension of the person's commercial fishing privileges for one year. A commercial fishery license revoked under this subsection may not be used by an alternate operator or transferred during the period of suspension).~~

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.15 RCW to read as follows:

(1) If a person is convicted of two or more qualifying commercial fishing violations within a three-year period, the person's privileges to participate in the commercial fishery to which the violations applied may be suspended by the director for up to one year. A commercial fishery license that is suspended under this section may not be transferred after the director issues a notice of suspension, or used by an alternative operator or transferred during the period of suspension, if the person who is the subject of the suspension notice is the person who owns the commercial fishery license.

(2) For the purposes of this section only, "qualifying commercial fishing violation" means either:

(a) A conviction under RCW 77.15.500, 77.15.510, 77.15.520, 77.15.530, 77.15.550(1)(a), 77.15.570, 77.15.580, or 77.15.590;

(b) A gross misdemeanor or felony involving commercial fish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold fish, other than shellfish, groundfish, or coastal pelagic species of baitfish totals greater than six percent, by weight, of the harvest available for inspection at the time of citation and the cumulative value of the unlawfully harvested fish is more than two hundred fifty dollars at the time of citation;

(c) A gross misdemeanor or felony involving commercial groundfish or coastal pelagic baitfish harvest, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued under this title, if:  
(i) The quantity of unlawfully harvested, possessed, bought, or sold groundfish or coastal pelagic baitfish totals greater than ten percent, by weight, of the harvest available for inspection at the time of citation and has a cumulative value greater than five hundred dollars; or (ii) the quantity, by weight, of the unlawfully commercially harvested groundfish or coastal pelagic baitfish is ten percent greater than the landing allowances provided under rules adopted by the department for species categorized as over-fished by the national marine fisheries service;  
or

(d) A gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals greater than six percent of the harvest available for inspection at the time of citation; and (ii) totals fifty or more individual shellfish.

(3)(a) The director may refer a person convicted of one qualifying commercial fishing violation to the license suspension review committee if the director feels that the qualifying commercial fishing violation was of a severe enough magnitude to justify suspension of the individual's license renewal privileges.

(b) The director may refer any person convicted of one egregious shellfish violation to the license suspension review committee.

(c) For the purposes of this section only, "egregious shellfish violation" means a gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals more than twenty percent of the harvest available for inspection at the time of citation; (ii) totals five hundred or more individual shellfish; and (iii) is valued at two thousand five hundred dollars or more.

(4) A person who has a commercial fishing license suspended or revoked under this section may file an appeal with the license suspension review committee pursuant to section 4 of this act. An appeal must be filed within thirty-one days of notice of license suspension or revocation. If an appeal is filed, the suspension or revocation issued by the department does not take effect until after the license suspension review committee has delivered an opinion. If no appeal is filed within thirty-one days of notice of license suspension or revocation, the right to an appeal is considered waived. All suspensions ordered under this section take effect either thirty- one

days following the conviction for the second qualifying commercial fishing violation, or upon a decision pursuant to section 4 of this act, whichever is later.

(5) A fishing privilege suspended under this section is in addition to the statutory penalties assigned to the underlying crime.

(6) For the purposes of this section only, the burden is on the state to show the dollar amount or the percent of a harvest that is comprised of unlawfully harvested, bought, or sold individual fish or shellfish.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.15 RCW to read as follows:

(1) The license suspension review committee is created. The license suspension review committee may only hear appeals from commercial fishers who have had a license revoked or suspended pursuant to section 3 of this act.

(2)(a) The license suspension review committee is composed of five voting members and up to four alternates.

(b) Two of the members must be appointed by the director and may be department employees.

(c) Three members, and up to four alternates, must be peer-group members, who are individuals owning a commercial fishing license issued by the department. If a peer-group member appears before the license suspension review committee because of a qualifying commercial fishing violation, the member must recuse himself or herself from the proceedings relating to that violation. No two voting peer-group members may reside in the same county. The opinion may be based on extenuating circumstances presented by the individual convicted of the qualifying commercial fishing violation or considerations of the type and magnitude of violations that have been committed by the individual. The maximum length of any suspension may not exceed one year.

(5) All opinions of the license suspension review committee must be by a majority vote of all voting members. ### SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1571, with the following amendment

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that there is an urgent need for vigorous enforcement of child support obligations. The legislature further finds that the duty of child support to provide for the needs of dependent children, including their necessary food, clothing, shelter, education, and health care, should not be

avoided because of where an obligor resides. A person owing a duty of child support who chooses to engage in behaviors that result in the person becoming incarcerated should not be able to avoid child support obligations.

The legislature also finds the current system of child support collections due from persons confined in state correctional facilities does not facilitate family preservation nor does it promote the best interests of children. The legislature intends that, particularly in instances of very low payment levels, child support deductions go directly to the person or persons in whose custody the child is and who is responsible for the daily support of the child. The legislature does not intend the child support system to be a mechanism for the support of government, but rather to directly assist children in need of support.

**Sec. 2.** RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:

(1) The secretary shall deduct from the gross wages or gratuities of each inmate working in correctional industries work programs, taxes and legal financial obligations. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. The secretary shall develop a formula for the distribution of offender wages and gratuities.

(a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:

(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(ii) Ten percent to a department personal inmate savings account;

(iii) Twenty percent to the department to contribute to the cost of incarceration; and

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

(b) The formula shall include the following minimum deductions from class II gross gratuities:

(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(ii) Ten percent to a department personal inmate savings account;

(iii) Fifteen percent to the department to contribute to the cost of incarceration; ~~((and))~~

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and

(v) Fifteen percent for any child support owed under a support order.

~~(c) ((The formula shall include the following minimum deduction from class IV gross gratuities: Five percent to the department to contribute to the cost of incarceration.~~

~~(4))~~ The formula shall include the following minimum deductions from class III gratuities:

(i) Five percent for the purpose of crime victims' compensation; and

(ii) Fifteen percent for any child support owed under a support order.

(d) The formula shall include the following minimum deduction from class IV gross gratuities:

(i) Five percent to the department to contribute to the cost of incarceration; and

(ii) Fifteen percent for any child support owed under a support order.

Any person sentenced to life imprisonment without possibility of release or parole under chapter 10.95 RCW or sentenced to death shall be exempt from the requirement under (a)(ii) or (b)(ii) of this subsection.

The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

In the event that the offender worker's wages or gratuity is subject to garnishment for support enforcement, the crime victims' compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

(2) The department shall explore other methods of recovering a portion of the cost of the inmate's incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

(3) The department shall develop the necessary administrative structure to recover inmates' wages and keep records of the amount inmates pay for the costs of incarceration and amenities. All funds deducted from inmate wages under subsection (1) of this section for the purpose of contributions to the cost of incarceration shall be deposited in a dedicated fund with the department and shall be used only for the purpose of enhancing and maintaining correctional industries work programs.

(4) The expansion of inmate employment in class I and class II correctional industries shall be implemented according to the following schedule:

(a) Not later than June 30, 1995, the secretary shall achieve a net increase of at least two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(b) Not later than June 30, 1996, the secretary shall achieve a net increase of at least four hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(c) Not later than June 30, 1997, the secretary shall achieve a net increase of at least six hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(d) Not later than June 30, 1998, the secretary shall achieve a net increase of at least nine hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(e) Not later than June 30, 1999, the secretary shall achieve a net increase of at least one thousand two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(f) Not later than June 30, 2000, the secretary shall achieve a net increase of at least one thousand five hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994.

(5) It shall be in the discretion of the secretary to apportion the inmates between class I and class II depending on available contracts and resources.

(6) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW.

**Sec. 3.** RCW 72.09.480 and 1999 c 325 s 1 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) "Cost of incarceration" means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.

(b) "Minimum term of confinement" means the minimum amount of time an inmate will be confined in the custody of the department, considering the sentence imposed and adjusted for the total potential earned early release time available to the inmate.

(c) "Program" means any series of courses or classes necessary to achieve a proficiency standard, certificate, or postsecondary degree.

(2) When an inmate, except as provided in subsection ~~((6))~~ (7) of this section, receives any funds in addition to his or her wages or gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to the following deductions ~~((in RCW 72.09.111(1)(a)))~~ and the priorities established in chapter 72.11 RCW:

(a) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(b) Ten percent to a department personal inmate savings account;

(c) Twenty percent to the department to contribute to the cost of incarceration;

(d) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and

(e) Fifteen percent for any child support owed under a support order.

(3) When an inmate, except as provided in subsection (7) of this section, receives any funds from a settlement or award resulting from a legal action, the additional funds shall be subject to the deductions in RCW 72.09.111(1)(a) and the priorities established in chapter 72.11 RCW.

~~((3))~~ (4) The amount deducted from an inmate's funds under subsection (2) of this section shall not exceed the department's total cost of incarceration for the inmate incurred during the inmate's minimum or actual term of confinement, whichever is longer.

~~((4))~~ (5) The deductions required under subsection (2) of this section shall not apply to funds received by the department on behalf of an offender for payment of one fee-based education or vocational program that is associated with an inmate's work program or a placement decision made by the department under RCW 72.09.460 to prepare an inmate for work upon release.

An inmate may, prior to the completion of the fee-based education or vocational program authorized under this subsection, apply to a person designated by the secretary for permission to make a change in his or her program. The secretary, or his or her designee, may approve the application based solely on the following criteria: (a) The inmate has been transferred to another institution by the department for reasons unrelated to education or a change to a higher security classification and the offender's current program is unavailable in the offender's new placement; (b) the inmate entered an academic program as an undeclared major and wishes to declare a major. No inmate may apply for more than one change to his or her major and receive the exemption from deductions specified in this subsection; (c) the educational or vocational institution is terminating the inmate's current program; or (d) the offender's training or education has demonstrated that the current program is

not the appropriate program to assist the offender to achieve a placement decision made by the department under RCW 72.09.460 to prepare the inmate for work upon release.

~~((5))~~ (6) The deductions required under subsection (2) of this section shall not apply to any money received by the department, on behalf of an inmate, from family or other outside sources for the payment of postage expenses. Money received under this subsection may only be used for the payment of postage expenses and may not be transferred to any other account or purpose. Money that remains unused in the inmate's postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

~~((6))~~ (7) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds in addition to his or her gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation ~~((and))~~, twenty percent to the department to contribute to the cost of incarceration, and fifteen percent to child support payments.

~~((7))~~ (8) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds from a settlement or award resulting from a legal action in addition to his or her gratuities, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation and twenty percent to the department to contribute to the cost of incarceration.

(9) The interest earned on an inmate savings account created as a result of the plan in section 4, chapter 325, Laws of 1999 shall be exempt from the mandatory deductions under this section and RCW 72.09.111.

(10) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW including, but not limited to, the collection of moneys received by the inmate from settlements or awards resulting from legal action."

### SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2056, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 39.04 RCW to read as follows:

When a municipality receives a written protest from a bidder for a public works project which is the subject of competitive bids, the municipality shall not execute a contract for the project with anyone other than the protesting bidder without first providing at least two full business days' written notice of the municipality's intent to execute a contract for the project; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted in determining the minimum two-day notice period.

**NEW SECTION. Sec. 2.** A new section is added to chapter 39.04 RCW to read as follows:

A low bidder on a public works project who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

**Sec. 3.** RCW 39.10.061 and 2002 c 46 s 2 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements; or

(b) The project involves construction at an existing facility which must continue to operate during construction; or

(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer's accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to self-perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:

(a) Adequate financial resources or the ability to secure such resources;

(b) History of successful completion of a contract of similar type and scope;

(c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;

(d) Current and projected workload and the impact the project will have on the subcontractor's current and projected workload;

(e) Ability to accurately estimate the subcontract bid package scope of work;

- (f) Ability to meet subcontract bid package shop drawing and other coordination procedures;
- (g) Eligibility to receive an award under applicable laws and regulations; and
- (h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder.

After publication of notice of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. If a general contractor/construction manager receives a written protest from a subcontractor bidder, the general contractor/construction manager shall not execute a contract for the subcontract bid package with anyone other than the protesting bidder without first providing at least two full business days' written notice of the general contractor/construction manager's intent to execute a contract for the subcontract bid package. Intermediate Saturdays, Sundays, and legal holidays are not counted in determining the minimum two-day notice period. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:

- (a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
- (b) The bid opening is managed by the public body; and
- (c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager."

On page 1, line 1 of the title, after "bidding;" strike the remainder of the title and insert "amending RCW 39.10.061; and adding new sections to chapter 39.04 RCW."

and the same is herewith transmitted.

April 9, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1058, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the educational attainment of children in foster care is significantly lower than that of children not in foster care. The legislature finds that many factors influence educational outcomes for children in foster care, including the disruption of the educational process because of repeatedly changing schools.

The legislature recognizes the importance of educational stability for foster children, and encourages the ongoing efforts of the department of social and health services and the office of the superintendent of public instruction to improve educational attainment of children in foster care. It is the intent of the legislature that efforts continue such as the recruitment of foster homes in school districts with high rates of foster care placements, the development and dissemination of informational materials regarding the challenges faced by children in foster care, and the expansion to other school districts of best practices identified in pilot projects.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.13 RCW to read as follows:

It is the policy of the state of Washington that, whenever practical and in the best interest of the child, children placed into foster care shall remain enrolled in the schools they were attending at the time they entered foster care.

**NEW SECTION. Sec. 3.** A new section is added to chapter 74.13 RCW to read as follows:

The administrative regions of the department shall develop protocols with the respective school districts in their regions specifying specific strategies for communication, coordination, and collaboration regarding the status and progress of foster children placed in the region, in order to maximize the educational continuity and achievement for foster children. The protocols shall include methods to assure effective sharing of information consistent with RCW 28A.225.330.

**NEW SECTION. Sec. 4.** A new section is added to chapter 74.13 RCW to read as follows:

(1) The department shall establish an oversight committee composed of staff from the children's administration of the department, the office of the superintendent of public instruction, and advocacy agencies to develop strategies for maintaining foster children in the schools they were attending at the time they entered foster care.

(2) The duties of the oversight committee shall include, but are not limited to:

- (a) Developing strategies for school-based recruitment of foster homes;
- (b) Monitoring the progress of current pilot projects that assist foster children to continue attending the schools they were attending at the time they entered foster care;
- (c) Overseeing the expansion of the number of pilot projects;

(d) Promoting the use of best practices, throughout the state, demonstrated by the pilot projects and other programs relating to maintaining foster children in the schools they were attending at the time they entered foster care; and

(e) Informing the legislature of the status of efforts to maintain foster children in the schools they were attending at the time they entered foster care.

**NEW SECTION. Sec. 5.** A new section is added to chapter 74.13 RCW to read as follows:

The department shall work with the administrative office of the courts to develop protocols to ensure that educational stability is addressed during the shelter care hearing.

**NEW SECTION. Sec. 6.** A new section is added to chapter 74.13 RCW to read as follows:

The department shall perform the tasks provided in sections 2 through 5 of this act based on available resources."

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

- (1) Apprenticeships are very rigorous and highly structured programs with specific academic and work training requirements;
- (2) There is a misperception that apprenticeships are only for noncollege bound students; and
- (3) The state should expand opportunities for individuals to progress from an apprenticeship to college by creating pathways that build on the apprenticeship experience and permit apprentices to earn an associate degree.

NEW SECTION. Sec. 2. A new section is added to chapter 49.04 RCW to read as follows:

- (1) An apprenticeship committee may recommend to its community or technical college partner or partners that an associate degree pathway be developed for the committee's program.
- (2) In consultation with the state board for community and technical colleges, the apprenticeship committee and the college or colleges involved with the program shall consider the extent apprentices in the program are likely to pursue an associate degree and the extent a pathway could reduce redundancy of course requirements between the apprenticeship and a degree.
- (3) If the apprenticeship committee and the college or colleges involved with the program determine that a pathway would be beneficial for apprentices and assist them in obtaining an associate degree, the apprenticeship committee may request that a pathway be established as provided in section 3 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.50 RCW to read as follows:

- (1) At the request of an apprenticeship committee pursuant to section 2 of this act, the community or technical college or colleges providing apprentice-related and supplemental instruction for an apprenticeship program shall develop an associate degree pathway for the apprentices in that program, if the necessary resources are available.
- (2) In developing a degree program, the community or technical college or colleges shall ensure, to the extent possible, that related and supplemental instruction is credited toward the associate degree and that related and supplemental instruction and other degree requirements are not redundant.
- (3) If multiple community or technical colleges provide related and supplemental instruction for a single apprenticeship committee, the colleges shall work together to the maximum extent possible to create consistent requirements for the pathway.

NEW SECTION. Sec. 4. (1) The state board for community and technical colleges shall convene a work group to examine current laws, administrative rules, and practices regarding related and supplemental instruction for apprentices that is provided by community and technical colleges.

(2) The objectives of the work group shall be to improve coordination of related and supplemental instruction by apprenticeship committees and community and technical colleges and remove or reduce barriers for apprentices to earn associate degrees. The work group shall develop common standards for when it is appropriate to make related and supplemental instruction courses graded rather than ungraded courses and clarify the standards for tuition waivers for related and supplemental instruction courses.

(3) The work group shall include, but not be limited to, representatives from the state board for community and technical colleges, the higher education coordinating board, the state apprenticeship council, the department of labor and industries, local apprenticeship committees, and community and technical colleges.

(4) The work group shall report its findings and recommendations to the legislature, including recommendations for legislative action if necessary, by December 15, 2003."

(b) A dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution;

(c) A student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982-1983 academic year, so long as such student's enrollment (excepting summer sessions) at an institution in this state is continuous;

(d) Any student who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state, whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five-year period before the student graduates from high school, and who enrolls in a public institution of higher education within six months of leaving high school, for as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year;

(e) Any person who has completed the full senior year of high school and obtained a high school diploma, both at a Washington public high school or private high school approved under chapter 28A.195 RCW, or a person who has received the equivalent of a diploma; who has lived in Washington for at least three years immediately prior to receiving the diploma or its equivalent; who has continuously lived in the state of Washington after receiving the diploma or its equivalent and until such time as the individual is admitted to an institution of higher education under subsection (1) of this section; and who provides to the institution an affidavit indicating that the individual will file an application to become a permanent resident at the earliest opportunity the individual is eligible to do so and a willingness to engage in any other activities necessary to acquire citizenship, including but not limited to citizenship or civics review courses;

~~((i))~~ (j) A student who meets the requirements of RCW 28B.15.0131: PROVIDED, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW 28B.15.012 and 28B.15.013. Except for students qualifying under subsection (2)~~((h))~~ (e) or (i) of this section, a nonresident student shall include:

### SENATE AMENDMENTS TO HOUSE BILL

April 9, 2003

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1095, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that chapter 4, Laws of 1999 sp. sess. strongly encouraged the forest practices board to adopt administrative rules that were substantially similar to the recommendations presented to the legislature in the form of the forests and fish report. The rules adopted pursuant to the 1999 legislation require all forest landowners to complete a road maintenance and abandonment plan, and those rules cannot be changed by the forest practices board without either a final order from a court, direct instructions from the legislature, or a recommendation from the adaptive management process. In the time since the enactment of chapter 4, Laws of 1999 sp. sess., it has become clear that both the planning aspect and the implementation aspect of the road maintenance and abandonment plan requirement may cause an unforeseen and unintended disproportionate financial hardship on small forest landowners.

(2) The legislature further finds that the commissioner of public lands and the governor have explored solutions that minimize the hardship caused to small forest landowners by the forest road maintenance and abandonment requirements of the forests and fish law, while maintaining protection for public resources. This act represents recommendations stemming from that process.

(3) The legislature further finds that it is in the state's interest to help small forest landowners comply with the requirements of the forest practices rules in a way that does not require the landowner to spend unreasonably high and unpredictable amounts of money to complete road maintenance and abandonment plan preparation and implementation. Small forest landowners provide significant wildlife habitat and serve as important buffers between urban development and Washington's public forest land holdings.

**NEW SECTION. Sec. 2.** A new section is added to chapter 76.09 RCW to read as follows:

(1) The state may not require a small forest landowner to invest in upgrades, replacements, or other engineering of a forest road, and any fish passage barriers that are a part of the road, that do not threaten public resources or create a barrier to the passage of fish.

(2) Participation in the forests and fish agreement provides a benefit to both the landowner in terms of federal assurances, and the public in terms of aquatic habitat preservation and water quality enhancement; therefore, if conditions do threaten public resources or create a fish passage barrier, the road maintenance and abandonment planning process may not require a small forest landowner to take a positive action that will result in high cost without a significant portion of that cost being shared by the public.

(3) Some fish passage barriers are more of a threat to public resources than others; therefore, no small forest landowner should be required to repair a fish passage barrier until higher priority fish passage barriers on other lands in the watershed have been repaired.

(4) If an existing fish passage barrier on land owned by a small forest landowner was installed under an approved forest practices application or notification, and hydraulics approval, and that fish passage barrier becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) The preparation of a road maintenance and abandonment plan can require technical expertise that may require large expenditures before the time that the landowner plans to conduct any revenue-generating operations on his or her land; therefore, small forest landowners should be allowed to complete a simplified road maintenance and abandonment plan checklist, that does not require professional engineering or forestry expertise to complete, and that does not need to be submitted until the time that the landowner submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. This act is intended to provide an alternate way for small forest landowners to comply with the road maintenance and abandonment plan goals identified in the forest practices rules.

**Sec. 3.** RCW 76.09.020 and 2002 c 17 s 1 are each amended to read as follows:

~~((For purposes of this chapter:))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Appeals board" means the forest practices appeals board created by RCW 76.09.210.

(3) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspidomorphi and Osteichthyes identified in the forests and fish report, the Columbia torrent salamander (*Rhyacotriton kezeri*), the Cascade torrent salamander (*Rhyacotriton cascadae*), the Olympic torrent salamander (*Rhyacotriton olympian*), the Dunn's salamander (*Plethodon dunni*), the Van Dyke's salamander (*Plethodon vandyke*), the tailed frog (*Ascaphus truei*), and their respective habitats.

(4) "Commissioner" means the commissioner of public lands.

(5) "Contiguous" means land adjoining or touching by common corner or otherwise. Land having common ownership divided by a road or other right of way shall be considered contiguous.

(6) "Conversion to a use other than commercial timber operation" means a bona fide conversion to an active use which is incompatible with timber growing and as may be defined by forest practices rules.

(7) "Department" means the department of natural resources.

(8) "Fish passage barrier" means any artificial instream structure that impedes the free passage of fish.

(9) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and

(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

~~((9))~~ (10) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner ~~((: PROVIDED, That))~~. However, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

~~((10))~~ (11) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(a) Road and trail construction;

(b) Harvesting, final and intermediate;

(c) Precommercial thinning;

(d) Reforestation;

(e) Fertilization;

(f) Prevention and suppression of diseases and insects;

(g) Salvage of trees; and

(h) Brush control.

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

~~((11))~~ (12) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

~~((12))~~ (13) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(14) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

~~((13))~~ (15) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

~~((14))~~ (16) "Application" means the application required pursuant to RCW 76.09.050.

~~((15))~~ (17) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

~~((16))~~ (18) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

~~((17))~~ (19) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

~~((18))~~ (20) "Small forest landowner" has the same meaning as defined in section 11 of this act.

(21) "Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

~~((19))~~ (22) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

~~((20))~~ (23) "Board" means the forest practices board created in RCW 76.09.030.

~~((21))~~ (24) "Unconfined avulsing channel migration zone" means the area within which the active channel of an unconfined avulsing stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

~~((22))~~ (25) "Unconfined avulsing stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex flood plain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

**NEW SECTION. Sec. 4.** A new section is added to chapter 76.09 RCW to read as follows:

(1) The board must amend the forest practices rules relating to road maintenance and abandonment plans that exist on the effective date of this section to reflect the following:

(a) A forest landowner who owns a total of eighty acres or less of forest land in Washington is not required to submit a road maintenance and abandonment plan for any block of forest land that is twenty contiguous acres or less in area;

(b) A landowner who satisfies the definition of a small forest landowner, but who does not qualify under (a) of this subsection, is only required to submit a checklist road maintenance and abandonment plan with the abbreviated content requirements provided for in subsection (3) of this section, and is not required to comply with annual reporting and review requirements; and

(c) Existing forest roads must be maintained only to the extent necessary to prevent damage to public resources.

(2) The department must provide a landowner who is either exempted from submitting a road maintenance and abandonment plan under subsection (1)(a) of this section, or who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section, with an educational brochure outlining road maintenance standards and requirements. In addition, the department must develop a series of nonmandatory educational workshops on the rules associated with road construction and maintenance.

(3)(a) A landowner who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section is only required to submit a checklist, designed by the department in consultation with the small forest landowner office advisory committee created in RCW 76.13.110, that confirms that the landowner is applying the checklist criteria to forest roads covered or affected by a forest practices application or notification. When developing the checklist road maintenance and abandonment plan, the department shall ensure that the checklist does not exceed current state law. Nothing in this subsection increases or adds to small forest landowners' duties or responsibilities under any other section of the forest practices rules or any other state law or rule.

(b) A landowner who qualifies for the checklist road maintenance and abandonment plan is not required to submit the checklist before the time that he or she submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. The department may encourage and accept checklists prior to the time that they are due.

(4) The department must monitor the extent of the checklist road maintenance and abandonment plan approach and report its findings to the appropriate committees of the legislature by December 31, 2008, and December 31, 2013.

(5) The board shall adopt emergency rules under RCW 34.05.090 by October 31, 2003, to implement this section. The emergency rules shall remain in effect until permanent rules can be adopted. The forest practices rules that relate to road maintenance and abandonment plans shall remain in effect as they existed on the effective date of this section until emergency rules have been adopted under this section.

(6) This section is only intended to relate to the board's duties as they relate to the road maintenance and abandonment plan element of the forests and fish report. Nothing in this section alters any forest landowner's duties and responsibilities under any other section of the forest practices rules, or any other state law or rule.

**Sec. 5.** RCW 76.09.055 and 2000 c 11 s 4 are each amended to read as follows:

(1) The legislature finds that the ~~((declines))~~ levels of fish stocks throughout much of the state require immediate action to be taken to help ~~((restore))~~ these fish runs where possible. The legislature also recognizes that federal and state agencies, tribes, county representatives, and private timberland owners have spent

considerable effort and time to develop the forests and fish report. Given the agreement of the parties, the legislature believes that the immediate adoption of emergency rules is appropriate in this particular instance. These rules can implement many provisions of the forests and fish report to protect the economic well-being of the state, and to minimize the risk to the state and landowners to legal challenges. This authority is not designed to set any precedents for the forest practices board in future rule making or set any precedents for other rule-making bodies of the state.

(2) The forest practices board is authorized to adopt emergency rules amending the forest practices rules with respect to the protection of aquatic resources, in accordance with RCW 34.05.350, except: (a)(i) That the rules adopted under this section may remain in effect until permanent rules are adopted, or until June 30, 2001, whichever is sooner; (ii) that the rules adopted under section 4(5) of this act must remain in effect until permanent rules are adopted; (b) notice of the proposed rules must be published in the Washington State Register as provided in RCW 34.05.320; (c) at least one public hearing must be conducted with an opportunity to provide oral and written comments; and (d) a rule-making file must be maintained as required by RCW 34.05.370. In adopting ~~(the)~~ emergency rules consistent with this section, the board is not required to prepare a small business economic impact statement under chapter 19.85 RCW, prepare a statement indicating whether the rules constitute a significant legislative rule under RCW 34.05.328, prepare a significant legislative rule analysis under RCW 34.05.328, or follow the procedural requirements of the state environmental policy act, chapter 43.21C RCW. Except as provided in section 4 of this act, the forest practices board may only adopt recommendations contained in the forests and fish report as emergency rules under this section.

**Sec. 6.** RCW 76.09.390 and 1999 sp.s. c 4 s 707 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, prior to the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations under the forest practices rules adopted under RCW 76.09.370, as specifically identified in the forests and fish report the seller shall notify the buyer of the existence and nature of such a continuing obligation and the buyer shall sign a notice of continuing forest land obligation indicating the buyer's knowledge thereof. The notice shall be on a form prepared by the department and shall be sent to the department by the seller at the time of sale or transfer of the land or perpetual timber rights and retained by the department. If the seller fails to notify the buyer about the continuing forest land obligation, the seller shall pay the buyer's costs related to such continuing forest land obligation, including all legal costs and reasonable attorneys' fees, incurred by the buyer in enforcing the continuing forest land obligation against the seller. Failure by the seller to send the required notice to the department at the time of sale shall be prima facie evidence, in an action by the buyer against the seller for costs related to the continuing forest land obligation, that the seller did not notify the buyer of the continuing forest land obligation prior to sale.

(2) Subsection (1) of this section does not apply to checklist road maintenance and abandonment plans created by section 4 of this act.

**NEW SECTION. Sec. 7.** A new section is added to chapter 76.13 RCW to read as follows:

(1) The legislature finds that a state-led cost-sharing program is necessary to assist small forest landowners with removing and replacing fish passage barriers that were added to their land prior to the effective date of this section, to help achieve the goals of the forests and fish report, and to assist small forest landowners in complying with the state's fish passage requirements.

(2) The small forest landowner office must, in cooperation with the department of fish and wildlife, establish a program designed to assist small forest landowners with repairing or removing fish passage barriers and assist lead entities in acquiring the data necessary to fill any gaps in fish passage barrier information. The small forest landowner office and the department of fish and wildlife must work closely with lead entities or other local watershed groups to make maximum use of current information regarding the location and priority of current fish passage barriers. Where additional fish passage barrier inventories are necessary, funding will be sought for the collection of this information. Methods, protocols, and formulas for data gathering and prioritizing must be developed in consultation with the department of fish and wildlife. The department of fish and wildlife must assist in the training and management of fish passage barrier location data collection.

(3) The small forest landowner office must actively seek out funding for the program authorized in this section. The small forest landowner office must work with consenting landowners to identify and secure funding from local, state, federal, tribal, or nonprofit habitat restoration organizations and other private sources, including the salmon recovery funding board, the United States department of agriculture, the United States department of transportation, the Washington state department of transportation, the United States department of commerce, and the federal highway administration.

(4)(a) Except as otherwise provided in this subsection, the small forest landowner office, in implementing the program established in this section, must provide the highest proportion of public funding available for the removal or replacement of any fish passage barrier.

(b) In no case shall a small forest landowner be required to pay more than the lesser of either: (i) Twenty-five percent of any costs associated with the removal or replacement of a particular fish passage barrier; or (ii) five thousand dollars for the removal or replacement of a particular fish passage barrier. No small forest landowner shall be required to pay more than the maximum total annual costs in (c) of this subsection.

(c) The portion of the total cost of removing or replacing fish passage barriers that a small forest landowner must pay in any calendar year shall be determined based on the average annual timber volume harvested from the landowner's lands in this state during the three preceding calendar years, and whether the fish passage barrier is in eastern or western Washington.

(i) In western Washington (west of the Cascade Crest), a small forest landowner who has harvested an average annual timber volume of less than five hundred thousand board feet shall not be required to pay more than a total of eight thousand dollars during that calendar year, a small forest landowner who has harvested an annual average timber volume between five hundred thousand and nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of sixteen thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between one million and one million four hundred ninety-nine thousand board feet shall not be required to pay more than a total of twenty-four thousand dollars during that calendar year, and a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of thirty-two thousand dollars during that calendar year, regardless of the number of fish passage barriers removed or replaced on the landowner's lands during that calendar year.

(ii) In eastern Washington (east of the Cascade Crest), a small forest landowner who has harvested an average annual timber volume of less than five hundred thousand board feet shall not be required to pay more than a total of two thousand dollars during that calendar year, a small forest landowner who has harvested an annual average timber volume between five hundred thousand and nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of four thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between one million and one million four hundred ninety-nine thousand board feet shall not be required to pay more than a total of twelve thousand dollars during that calendar year, and a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of sixteen thousand dollars during that calendar year, regardless of the number of fish passage barriers removed or replaced on the landowner's lands during that calendar year.

(iii) Maximum total annual costs for small forest landowners with fish passage barriers in both western and eastern Washington shall be those specified under (c)(i) and (ii) of this subsection.

(d) If an existing fish passage barrier on land owned by a small forest landowner was installed under an approved forest practices application or notification, and hydraulics approval, and that fish passage barrier becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) If a small forest landowner is required to contribute a portion of the funding under the cost-share program established in this section, that landowner may satisfy his or her required proportion by providing either direct monetary contributions or in-kind services to the project. In-kind services may include labor, equipment, materials, and other landowner-provided services determined by the department to have an appropriate value to the removal of a particular fish passage barrier.

(6)(a) The department, using fish passage barrier assessments and ranked inventory information provided by the department of fish and wildlife and the appropriate lead entity as delineated in section 10 of this act, must establish a prioritized list for the funding of fish passage barrier removals on property owned by small forest landowners that ensures that funding is provided first to the known fish passage barriers existing on forest land owned by small forest landowners that cause the greatest harm to public resources.

(b) As the department collects information about the presence of fish passage barriers from submitted checklists, it must share this information with the department of fish and wildlife and the technical advisory groups established in RCW 77.85.070. If the addition of the information collected in the checklists or any other changes to the scientific instruments described in section 10 of this act alter the analysis conducted under section 10 of this act, the department must alter the funding order appropriately to reflect the new information.

(7) The department may accept commitments from small forest landowners that they will participate in the program to remove fish passage barriers from their land at any time, regardless of the funding order given to the fish passage barriers on a particular landowner's property.

**NEW SECTION. Sec. 8.** A new section is added to chapter 76.09 RCW to read as follows:  
Section 7 of this act applies to road maintenance and abandonment plans under this chapter.

**NEW SECTION. Sec. 9.** A new section is added to chapter 76.09 RCW to read as follows:  
The department shall not disapprove a forest practices application filed by a small forest landowner on the basis that fish passage barriers have not been removed or replaced if the small forest landowner filing the application has committed to participate in the program established in section 7 of this act for all fish passage barriers existing on the block of forest land covered by the forest practices application, and the fish passage barriers existing on the block of forest land covered by the forest practices application are lower on the funding order list established for the program than the current projects that are capable of being funded by the program.

**NEW SECTION. Sec. 10.** A new section is added to chapter 77.12 RCW to read as follows:

In coordination with the department of natural resources and lead entity groups, the department must establish a ranked inventory of fish passage barriers on land owned by small forest landowners based on the principle of fixing the worst first within a watershed consistent with the fish passage priorities of the forest and fish report. The department shall first gather and synthesize all available existing information about the locations and impacts of fish passage barriers in Washington. This information must include, but not be limited to, the most recently available limiting factors analysis conducted pursuant to RCW 77.85.060(2), the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available. The inventory of fish passage barriers must be kept current and at a minimum be updated by the beginning of each calendar year. Nothing in this section grants the department or others additional right of entry onto private property.

**NEW SECTION. Sec. 11.** A new section is added to chapter 76.09 RCW to read as follows:

For the purposes of this chapter and sections 7 and 10 of this act, "small forest landowner" means an owner of forest land who, at the time of submission of required documentation to the department, has harvested from his or her own lands in this state no more than an average timber volume of two million board feet per year during the three years prior to submitting documentation to the department and who certifies that he or she does not expect to harvest from his or her own lands in the state more than an average timber volume of two million board feet per year during the ten years following the submission of documentation to the department. However, any landowner who exceeded the two million board feet annual average timber harvest threshold from their land in the three years prior to submitting documentation to the department, or who expects to exceed the threshold during any of the following ten years, shall still be deemed a "small forest landowner" if he or she establishes to the department's reasonable satisfaction that the harvest limits were, or will be, exceeded in order to raise funds to pay estate taxes or for an equally compelling and unexpected obligation, such as for a court-ordered judgment or for extraordinary medical expenses.

**NEW SECTION. Sec. 12.** The existing policy committees of the senate and house of representatives that deal with natural resources issues must review and study the implementation of this act, including checklist preparation and the meaning of both defined and undefined words in chapters 76.09 and 76.13 RCW, and report to the legislature by January 2004.

**NEW SECTION. Sec. 13.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

## SENATE AMENDMENTS TO HOUSE BILL

April 14, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1114, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.61.440 and 1997 c 80 s 2 are each amended to read as follows:

(1) Subject to RCW 46.61.400(1), and except in those instances where a lower maximum lawful speed is provided by this chapter or otherwise, it shall be unlawful for the operator of any vehicle to operate the same at a speed in excess of twenty miles per hour when operating any vehicle upon a highway either inside or outside an incorporated city or town when passing any marked school or playground crosswalk when such marked crosswalk is fully posted with standard school speed limit signs or standard playground speed limit signs. The speed zone at the crosswalk shall extend three hundred feet in either direction from the marked crosswalk.

(2) A county or incorporated city or town may create a school or playground speed zone on a highway bordering a marked school or playground, in which zone it is unlawful for a person to operate a vehicle at a speed in excess of twenty miles per hour. The school or playground speed zone may extend three hundred feet from the border of the school or playground property; however, the speed zone may only include area consistent with active school or playground use.

**Sec. 2.** RCW 77.65.510 and 2002 c 301 s 2 are each amended to read as follows:

(1) The department must establish and administer a direct retail endorsement to serve as a single license that permits the holder of a Washington (~~salmon or crab commercial fishing~~) license to commercially harvest retail-eligible species and to clean, dress, and sell his or her catch directly to consumers at retail, including over the internet. The direct retail endorsement must be issued as an optional addition to all holders of a (~~salmon or crab~~) commercial fishing license for retail-eligible species that the department offers under this chapter.

(2) The direct retail endorsement must be offered at the time of application for the qualifying commercial fishing license. Individuals in possession of a qualifying commercial fishing license issued under this chapter may add a direct retail endorsement to their current license at (~~the~~) any time (~~they renew their commercial fishing license~~). Individuals who do not have a commercial fishing license for (~~salmon or crab~~) retail-eligible species issued under this chapter may not receive a direct retail endorsement. The costs, conditions, responsibilities, and privileges associated with the endorsed commercial fishing license is not affected or altered

in any way by the addition of a direct retail endorsement. These costs include the base cost of the license and any revenue and excise taxes.

(3) An individual need only add one direct retail endorsement to his or her license portfolio. If a direct retail endorsement is selected by an individual holding more than one commercial fishing license issued under this chapter, a single direct retail endorsement is considered to be added to all qualifying commercial fishing licenses held by that individual, and is the only license required for the individual to sell at retail (~~the harvest of salmon or crab~~) any retail-eligible species permitted by all of the underlying endorsed licenses. The direct retail endorsement applies only to the person named on the endorsed license, and may not be used by an alternate operator named on the endorsed license.

(4) In addition to any fees charged for the endorsed licenses and harvest documentation as required by this chapter or the rules of the department, the department may set a reasonable annual fee not to exceed the administrative costs to the department for a direct retail endorsement.

(5) The holder of a direct retail endorsement is responsible for documenting the commercial harvest of salmon and crab according to the provisions of this chapter, the rules of the department for a wholesale fish dealer, and the reporting requirements of the endorsed license. Any (~~salmon or crab~~) retail-eligible species caught by the holder of a direct retail endorsement must be (~~landed in the round and~~) documented on fish tickets (~~as provided for by the department, before further processing~~).

(6) The direct retail endorsement must be displayed in a readily visible manner by the seller wherever and whenever a sale to someone other than a licensed wholesale dealer occurs. The commission may require that the holder of a direct retail endorsement notify the department up to eighteen hours before conducting an in-person sale of retail-eligible species, except for in-person sales that have a cumulative retail sales value of less than one hundred fifty dollars in a twenty-four hour period that are sold directly from the vessel. For sales occurring in a venue other than in person, such as over the internet, through a catalog, or on the phone, the direct retail endorsement number of the seller must be provided to the buyer both at the time of sale and the time of delivery. All internet sales must be conducted in accordance with federal laws and regulations.

(7) The direct retail endorsement is to be held by a natural person and is not transferrable or assignable. If the endorsed license is transferred, the direct retail endorsement immediately becomes void, and the transferor is not eligible for a full or prorated reimbursement of the annual fee paid for the direct retail endorsement. Upon becoming void, the holder of a direct retail endorsement must surrender the physical endorsement to the department.

(8) The holder of a direct retail endorsement must abide by the provisions of Title 69 RCW as they apply to the processing and retail sale of seafood. The department must distribute a pamphlet, provided by the department of agriculture, with the direct retail endorsement generally describing the labeling requirements set forth in chapter 69.04 RCW as they apply to seafood.

(9) The holder of a qualifying commercial fishing license issued under this chapter must either possess a direct retail endorsement or a wholesale dealer license provided for in RCW 77.65.280 in order to lawfully sell their catch or harvest in the state to anyone other than a licensed wholesale dealer.

(10) The direct retail endorsement entitles the holder to sell (~~wild-caught salmon or crab~~) a retail-eligible species only at a temporary food service establishment as that term is defined in RCW 69.06.045, or directly to a restaurant or other similar food service business.

**Sec. 3.** RCW 77.65.515 and 2002 c 301 s 3 are each amended to read as follows:

(1) Prior to being issued a direct retail endorsement, an individual must:

(a) Obtain and submit to the department a signed letter on appropriate letterhead from the health department of the county in which the individual makes his or her official residence or where the hailing port for any documented vessel owned by the individual is located as to the fulfillment of all requirements related to county health rules, including the payment of all required fees. The local health department generating the letter may charge a reasonable fee for any necessary inspections. The letter must certify that the methods used by the individual to transport, store, and display any fresh (~~salmon and crabs~~) retail-eligible species meets that county's standards and the statewide standards adopted by the board of health for food service operations; and

(b) Submit proof to the department that the individual making the direct retail sales is in possession of a valid food and beverage service worker's permit, as provided for in chapter 69.06 RCW.

(2) The requirements of subsection (1) of this section must be completed each license year before a renewal direct retail endorsement can be issued.

(3) Any individual possessing a direct retail endorsement must notify the local health department of the county in which retail sales are to occur, except for the county that conducted the initial inspection, forty-eight hours before any transaction and make his or her facilities available for inspection by a fish and wildlife officer, the local health department of any county in which he or she sells (~~salmon or crab~~) any legally harvested retail-eligible species, and any designee of the department of health or the department of agriculture.

(4) Neither the department or a local health department may be held liable in any judicial proceeding alleging that consumption of or exposure to seafood sold by the holder of a direct retail endorsement resulted in a negative health consequence, as long as the department can show that the individual holding the direct retail endorsement complied with the requirements of subsection (1) of this section prior to being issued his or her

direct retail license, and neither the department nor a local health department acted in a reckless manner. For the purposes of this subsection, the department or a local health district shall not be deemed to be acting recklessly for not conducting a permissive inspection.

**Sec. 4.** RCW 77.65.520 and 2002 c 301 s 4 are each amended to read as follows:

(1) The direct retail endorsement is conditioned upon compliance:

(a) With the requirements of this chapter as they apply to wholesale fish dealers and to the rules of the department relating to the payment of fines for violations of rules for the accounting of the commercial harvest of ~~((salmon or crabs))~~ retail eligible species; and

(b) With the state board of health and local rules for food service establishments.

(2) Violations of the requirements and rules referenced in subsection (1) of this section may result in the suspension of the direct retail endorsement. The suspended individual must not be reimbursed for any portion of the suspended endorsement. Suspension of the direct retail endorsement may not occur unless and until:

(a) The director has notified by order the holder of the direct retail endorsement when a violation of subsection (1) of this section has occurred. The notification must specify the type of violation, the liability to be imposed for damages caused by the violation, a notice that the amount of liability is due and payable by the holder of the direct retail endorsement, and an explanation of the options available to satisfy the liability; and

(b) The holder of the direct retail endorsement has had at least ninety days after the notification provided in (a) of this subsection was received to either make full payment for all liabilities owed or enter into an agreement with the department to pay off all liabilities within a reasonable time.

(3)(a) If, within ninety days after receipt of the order provided in subsection (2)(a) of this section, the amount specified in the order is not paid or the holder of the direct retail endorsement has not entered into an agreement with the department to pay off all liabilities, the prosecuting attorney for any county in which the persons to whom the order is directed do business, or the attorney general upon request of the department, may bring an action on behalf of the state in the superior court for Thurston county, or any county in which the persons to whom the order is directed do business, to seek suspension of the individual's direct retail endorsement for up to five years.

(b) The department may temporarily suspend the privileges provided by the direct retail endorsement for up to one hundred twenty days following the receipt of the order provided in subsection (2)(a) of this section, unless the holder of the direct retail endorsement has deposited with the department an acceptable performance bond on forms prescribed and provided by the department. This performance bond must be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under chapter 48.28 RCW and approved by the department. The bond must be filed and maintained in an amount equal to one thousand dollars.

(4) For violations of state board of health and local rules under subsection (1)(b) of this section only, any person inspecting the facilities of a direct retail endorsement holder under RCW 77.65.515 may suspend the privileges granted by the endorsement for up to seven days. Within twenty-four hours of the discovery of the violation, the inspecting entity must notify the department of the violation. Upon notification, the department may proceed with the procedures outlined in this section for suspension of the endorsement. If the violation of a state board of health rule is discovered by a local health department, that local jurisdiction may fine the holder of the direct retail endorsement according to the local jurisdiction's rules as they apply to retail food operations.

(5) Subsections (2) and (3) of this section do not apply to a holder of a direct retail endorsement that executes a surety bond and abides by the conditions established in RCW 77.65.320 and 77.65.330 as they apply to wholesale dealers.

**Sec. 5.** RCW 36.71.090 and 2002 c 301 s 9 are each amended to read as follows:

(1) It shall be lawful for any farmer, gardener, or other person, without license, to sell, deliver, or peddle any fruits, vegetables, berries, eggs, or any farm produce or edibles raised, gathered, produced, or manufactured by such person and no city or town shall pass or enforce any ordinance prohibiting the sale by or requiring license from the producers and manufacturers of farm produce and edibles as ~~((herein))~~ defined ~~((= PROVIDED, That))~~ in this section. However, nothing ~~((herein))~~ in this section authorizes any person to sell, deliver, or peddle, without license, in any city or town, any dairy product, meat, poultry, eel, fish, mollusk, or shellfish where a license is required to engage legally in such activity in such city or town.

(2) It is lawful for an individual in possession of a valid direct retail endorsement, as established in RCW 77.65.510, to sell, deliver, or peddle ~~((wild-caught salmon or crab))~~ any legally harvested retail- eligible species, as that term is defined in RCW 77.08.010, that is caught, harvested, or collected under rule of the department of fish and wildlife by such a person at a temporary food service establishment, as that term is defined in RCW 69.06.045, and no city, town, or county may pass or enforce an ordinance prohibiting the sale by or requiring additional licenses or permits from the holder of the valid direct retail endorsement. However, this subsection does not prohibit a city, town, or county from inspecting an individual displaying a direct retail endorsement to verify that the person is in compliance with state board of health and local rules for food service operations.

**Sec. 6.** RCW 82.27.020 and 2001 c 320 s 9 are each amended to read as follows:

(1) In addition to all other taxes, licenses, or fees provided by law there is established an excise tax on the commercial possession of enhanced food fish as provided in this chapter. The tax is levied upon and shall be collected from the owner of the enhanced food fish whose possession constitutes the taxable event. The taxable event is the first possession in Washington by an owner after the enhanced food fish has been landed. Processing and handling of enhanced food fish by a person who is not the owner is not a taxable event to the processor or handler.

(2) A person in possession of enhanced food fish and liable to this tax may deduct from the price paid to the person from which the enhanced food fish (except oysters) are purchased an amount equal to a tax at one-half the rate levied in this section upon these products.

(3) The measure of the tax (~~is the value of the~~) for all enhanced food fish, including retail-eligible fish sold with a direct retail endorsement pursuant to RCW 77.65.510, is the comparable sales price for similar species of fish at the point of landing.

(4) The tax shall be equal to the measure of the tax multiplied by the rates for enhanced food fish as follows:

(a) Chinook, coho, and chum salmon and anadromous game fish: Five and twenty-five one-hundredths percent;

(b) Pink and sockeye salmon: Three and fifteen one-hundredths percent;

(c) Other food fish and shellfish, except oysters, sea urchins, and sea cucumbers: Two and one-tenth percent;

(d) Oysters: Eight one-hundredths of one percent;

(e) Sea urchins: Four and six-tenths percent through December 31, 2005, and two and one-tenth percent thereafter; and

(f) Sea cucumbers: Four and six-tenths percent through December 31, 2005, and two and one-tenth percent thereafter.

(5) An additional tax is imposed equal to the rate specified in RCW 82.02.030 multiplied by the tax payable under subsection (4) of this section."

On page 1, line 1 of the title, after "fish;" strike the remainder of the title and insert "and amending RCW 77.08.010, 77.65.510, 77.65.515, 77.65.520, 36.71.090, and 82.27.020."

and the same is herewith transmitted.

## SENATE AMENDMENTS TO HOUSE BILL

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the department of fish and wildlife is responsible for the proper management of the state's diverse wildlife resources. Wildlife management often requires the department of fish and wildlife to immobilize individual animals in order for the animals to be moved, treated, examined, or for other legitimate purposes. The legislature finds that it is often necessary for the department to use certain controlled substances to accomplish these purposes. Therefore, the legislature finds that the department of fish and wildlife, in coordination with the board of pharmacy, must be enabled to use approved controlled substances in order to accomplish its legitimate wildlife management goals.

**NEW SECTION. Sec. 2.** A new section is added to chapter 69.50 RCW to read as follows:  
The department of fish and wildlife may apply to the department of health for registration pursuant to the applicable provisions of this chapter to purchase, possess, and administer controlled substances for use in chemical capture programs. The department of fish and wildlife must not permit a person to administer controlled substances unless the person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering controlled substances.

The department of health may issue a limited registration to carry out the provisions of this section. The board may adopt rules to ensure strict compliance with the provisions of this section. The board, in consultation with the department of fish and wildlife, must by rule add or remove additional controlled substances for use in chemical capture programs. The board shall suspend or revoke registration upon determination that the person administering controlled substances has not demonstrated adequate knowledge as required by this section. This authority is granted in addition to any other power to suspend or revoke registration as provided by law."

(1) The legislature recognizes that coordinated funding efforts are needed to maintain, develop, and improve the state's community outdoor athletic fields. Rapid population growth and increased urbanization have caused a decline in suitable outdoor fields for community athletic activities and has resulted in overcrowding and deterioration of existing surfaces. Lack of adequate community outdoor athletic fields directly affects the health and well-being of all citizens of the state, reduces the state's economic viability, and prevents Washington from maintaining and achieving the quality of life that it deserves. community outdoor athletic fields across the state of Washington. ((The purpose of RCW 79A.25.800 through 79A.25.830 is to create an advisory council to provide information and advice to the interagency committee for outdoor recreation in the distribution of the funds in the youth athletic facility grant account established in RCW 43.99N.060(4).))

Subject to available resources, the interagency committee for outdoor recreation((, in consultation with the community outdoor athletic fields advisory council)) may:

(1) Prepare and update a strategic plan for the development, maintenance, and improvement of community outdoor athletic fields in the state. In the preparation of such plan, the interagency committee for outdoor recreation may use available data from federal, state, and local agencies having community outdoor athletic responsibilities, user groups, private sector interests, and the general public. The plan may include, but is not limited to:

- (a) An inventory of current community outdoor athletic fields;
- (b) A forecast of demand for these fields;
- (c) An identification and analysis of actual and potential funding sources; and

(d) Other information the interagency committee for outdoor recreation deems appropriate to carry out the purposes of RCW 79A.25.800 through 79A.25.830;

**NEW SECTION. Sec. 703.** RCW 79A.25.810 (Community outdoor athletic fields advisory council) and 2001 c 245 s 1 & 1998 c 264 s 2 are each repealed.

### **SENATE AMENDMENTS TO HOUSE BILL**

April 14, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1409, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature finds that the littering of potentially dangerous products poses a greater danger to the public safety than other classes of litter. Broken glass, human waste, and other dangerous materials along roadways, within parking lots, and on pedestrian, bicycle, and recreation trails elevates the risk to public safety, such as vehicle tire punctures, and the risk to the community volunteers who spend their time gathering and properly disposing of the litter left behind by others. As such, the legislature finds that a higher penalty should be imposed on those who improperly dispose of potentially dangerous products, such as is imposed on those who improperly dispose of tobacco products.

(2) The legislature further finds that litter is a nuisance, and, in order to alleviate such a nuisance, counties must be provided statutory authority to declare what shall be a nuisance, to abate a nuisance, and to impose and collect fines upon parties who may create, cause, or commit a nuisance.

**Sec. 2.** RCW 70.93.030 and 2000 c 154 s 1 are each amended to read as follows:

~~((As used in))~~ The definitions in this section apply throughout this chapter unless the context ~~((indicates))~~ clearly requires otherwise~~((?))~~.

(1) "Conveyance" means a boat, airplane, or vehicle~~((?))~~.

(2) "Department" means the department of ecology~~((?))~~.

(3) "Director" means the director of the department of ecology~~((?))~~.

(4) "Disposable package or container" means all packages or containers defined as such by rules ~~((and regulations))~~ adopted by the department of ecology~~((?))~~.

(5) "Junk vehicle" has the same meaning as defined in RCW 46.55.010~~((?))~~.

(6) "Litter" means all waste material including but not limited to disposable packages or containers thrown or deposited as herein prohibited and solid waste that is illegally dumped, but not including the wastes of the primary processes of mining, logging, sawmilling, farming, or manufacturing~~((?))~~. "Litter" includes the material described in subsection (10) of this section as "potentially dangerous litter."

(7) "Litter bag" means a bag, sack, or other container made of any material which is large enough to serve as a receptacle for litter inside the vehicle or watercraft of any person. It is not necessarily limited to the state approved litter bag but must be similar in size and capacity~~((?))~~.

(8) "Litter receptacle" means those containers adopted by the department of ecology and which may be standardized as to size, shape, capacity, and color and which shall bear the state anti-litter symbol, as well as any other receptacles suitable for the depositing of litter~~((?))~~.

(9) "Person" means any political subdivision, government agency, municipality, industry, public or private corporation, copartnership, association, firm, individual, or other entity whatsoever~~((?))~~.

(10) "Potentially dangerous litter" means litter that is likely to injure a person or cause damage to a vehicle or other property. "Potentially dangerous litter" means:

(a) Cigarettes, cigars, or other tobacco products that are capable of starting a fire;

(b) Glass;

(c) A container or other product made predominantly or entirely of glass;

(d) A hypodermic needle or other medical instrument designed to cut or pierce;

(e) Raw human waste, including soiled baby diapers, regardless of whether or not the waste is in a container of any sort; and

### SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1512, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 77.36.020 and 1996 c 54 s 3 are each amended to read as follows:

The department shall work closely with landowners and tenants suffering game damage problems to control damage without killing the animals when practical, to increase the harvest of damage-causing animals in hunting seasons, and to kill the animals when no other practical means of damage control is feasible.

If the department receives recurring complaints regarding property being damaged as described in this section or RCW 77.36.030 from the owner or tenant of real property, or receives such complaints from several such owners or tenants in a locale, the commission shall ~~((consider conducting))~~ conduct a special hunt or special hunts or take remedial action to reduce the potential for such damage. The commission shall authorize either one or two antlerless permits per hunter for special hunts held in damage areas where qualified department staff, or their designee, have confirmed six incidents of crop damage by deer or elk.

As an alternative to hunting, the department shall work with affected entities to relocate deer and elk when needed to augment existing herds.

**Sec. 2.** RCW 77.12.150 and 1987 c 506 s 24 are each amended to read as follows:

(1) By emergency rule only, and in accordance with criteria established by the commission, the director may close or shorten a season for game animals, game birds, or game fish, and after a season has been closed or shortened, may reopen it and reestablish bag limits on game animals, game birds, or game fish during that season. The director shall advise the commission of the adoption of emergency rules. A copy of an emergency rule, certified as a true copy by the director or by a person authorized in writing by the director to make the certification, is admissible in court as prima facie evidence of the adoption and validity of the rule.

(2)(a) If the director finds that game animals have increased in numbers in an area of the state so that they are damaging public or private property or over-utilizing their habitat, the commission may establish a special hunting season and designate the time, area, and manner of taking and the number and sex of the animals that may be killed or possessed by a licensed hunter. ~~((The director shall determine by random selection the identity of hunters who may hunt within the area and shall determine the conditions and requirements of the selection process.))~~ The director shall include notice of the special season in the rules establishing open seasons.

(b) When the department receives six complaints concerning damage to commercial agricultural and horticultural crop production by wildlife from the owner or tenant of real property, or from several owners or tenants in a locale, the commission shall conduct a special hunt or special hunts or take remedial action to reduce

the potential for the damage, and shall authorize either one or two permits per hunter. Each complaint must be confirmed by qualified department staff, or their designee.

(c) The director shall determine by random selection the identity of hunters who may hunt within the area of the special hunt and shall determine the conditions and requirements of the selection process. Within this process, the department must maintain a list of all persons holding valid wildlife hunting licenses, arranged by county of residence, who may hunt deer or elk that are causing damage to crops. The department must update the list annually and utilize the list when contacting persons to assist in controlling game damage to crops. The department must make all reasonable efforts to contact individuals residing within the county where the hunting of deer or elk will occur before contacting a person who is not a resident of that county. The department must randomize the names of people on the list in order to provide a fair distribution of the hunting opportunities. Hunters who participate in hunts under this section must report any kills to the department. The department must include a summary of the wildlife harvested in these hunts in the annual game management reports it makes available to the public.

On page 1, line 1 of the title, after "crops;" strike the remainder of the title and insert "and amending RCW 77.36.020 and 77.12.150."

and the same is herewith transmitted.

**Sec. 4.** RCW 26.44.030 and 1999 c 267 s 20 and 1999 c 176 s 30 are each reenacted and amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(c) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(d) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement

agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

Public Safety and Education Account--State Appropriation \$987,000

Violence Reduction and Drug Enforcement Account--State Appropriation \$5,702,000

TOTAL APPROPRIATION \$844,299,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,237,000 of the fiscal year 2002 general fund--state appropriation, \$2,288,000 of the fiscal year 2003 general fund--state appropriation, and \$1,590,000 of the general fund--federal appropriation are provided solely for the category of services titled "intensive family preservation services."

(2) \$685,000 of the general fund--state fiscal year 2002 appropriation and \$701,000 of the general fund--state fiscal year 2003 appropriation are provided to contract for the operation of one pediatric interim care facility. The facility shall provide residential care for up to thirteen children through two years of age. Seventy-five percent of the children served by the facility must be in need of special care as a result of substance abuse by their mothers. The facility shall also provide on-site training to biological, adoptive, or foster parents. The facility shall provide at least three months of consultation and support to parents accepting placement of children from the facility. The facility may recruit new and current foster and adoptive parents for infants served by the facility. The department shall not require case management as a condition of the contract.

(3) \$524,000 of the general fund--state fiscal year 2002 appropriation and \$536,000 of the general fund--state fiscal year 2003 appropriation are provided for up to three nonfacility-based programs for the training, consultation, support, and recruitment of biological, foster, and adoptive parents of children through age three in need of special care as a result of substance abuse by their mothers, except that each program may serve up to three medically fragile nonsubstance- abuse-affected children. In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.

(4) \$1,260,000 of the fiscal year 2002 general fund--state appropriation, \$1,248,000 of the fiscal year 2003 general fund--state appropriation, and \$4,196,000 of the violence reduction and drug enforcement account appropriation are provided solely for the family policy council and community public health and safety networks. The funding level for the family policy council and community public health and safety networks represents a 25 percent reduction below the funding level for the 1999-2001 biennium. Funding levels shall be reduced 25 percent for both the family policy council and network grants. Reductions to network grants shall be allocated so as to maintain current funding levels, to the greatest extent possible, for projects with the strongest evidence of positive outcomes and for networks with substantial compliance with contracts for network grants.

(5) \$2,215,000 of the fiscal year 2002 general fund--state appropriation, \$4,394,000 of the fiscal year 2003 general fund--state appropriation, and \$5,604,000 of the general fund--federal appropriation are provided solely for reducing the average caseload level per case-carrying social worker. Average caseload reductions are intended to increase the amount of time social workers spend in direct contact with the children, families, and foster parents involved with their open cases. The department shall use some of the funds provided in several local offices to increase staff that support case-carrying social workers in ways that will allow social workers to increase direct contact time with children, families, and foster parents. To achieve the goal of reaching an average caseload ratio of 1:24 by the end of fiscal year 2003, the department shall develop a plan for redeploying 30 FTEs to case-carrying social worker and support positions from other areas in the children and family services budget. The FTE redeployment plan shall be submitted to the fiscal committees of the legislature by December 1, 2001.

(6) \$1,000,000 of the fiscal year 2002 general fund--state appropriation and \$1,000,000 of the fiscal year 2003 general fund-- state appropriation are provided solely for increasing foster parent respite care services that improve the retention of foster parents and increase the stability of foster placements. ~~((The department shall report quarterly to the appropriate committees of the legislature progress against appropriate baseline measures for foster parent retention and stability of foster placements.))~~

(7) \$1,050,000 of the general fund--federal appropriation is provided solely for increasing kinship care placements for children who otherwise would likely be placed in foster care. These funds shall be used for extraordinary costs incurred by relatives at the time of placement, or for extraordinary costs incurred by relatives after placement if such costs would likely cause a disruption in the kinship care placement. \$50,000 of the funds provided shall be contracted to the Washington institute for public policy to conduct a study of kinship care placements. The study shall examine the prevalence and needs of families who are raising related children and shall compare services and policies of Washington state with other states that have a higher rate of kinship care placements in lieu of foster care placements. The study shall identify possible changes in services and policies that are likely to increase appropriate kinship care placements.

(8) \$3,386,000 of the fiscal year 2002 general fund--state appropriation, \$7,671,000 of the fiscal year 2003 general fund--state appropriation, and \$20,819,000 of the general fund--federal appropriation are provided solely for increases in the cost per case for foster care and adoption support. \$16,000,000 of the general fund--federal amount shall remain unallotted until the office of financial management approves a plan submitted by the department to achieve a higher rate of federal earnings in the foster care program. That plan shall also be submitted to the fiscal committees of the legislature and shall indicate projected federal revenue compared to actual fiscal year 2001 levels. Within the amounts provided for foster care, the department shall increase the basic rate for foster care to an average of \$420 per month on July 1, 2001, and to an average of \$440 per month on July 1, 2002. The department shall use the remaining funds provided in this subsection to pay for increases in the cost per case for foster care and adoption support. The department shall seek to control rate increases and reimbursement decisions for foster care and adoption support cases such that the cost per case for family foster care, group care, receiving homes, and adoption support does not exceed the amount assumed in the projected caseload expenditures plus the amounts provided in this subsection.

(9) \$1,767,000 of the general fund--state appropriation for fiscal year 2002, \$2,461,000 of the general fund--state appropriation for fiscal year 2003, and \$1,485,000 of the general fund--federal appropriation are provided solely for rate and capacity increases for child placing agencies. Child placing agencies shall increase their capacity by 15 percent in fiscal year 2002 and 30 percent in fiscal year 2003.

(11) \$125,000 of the general fund--state appropriation for fiscal year 2002 and \$125,000 of the general fund--state appropriation for fiscal year 2003 are provided solely for a foster parent retention program. This program is directed at foster parents caring for children who act out sexually, as described in House Bill No. 1525 (foster parent retention program).

The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$280. If the number and timing of residents choosing to move into community settings is not sufficient to achieve the RHC cottage consolidation plan assumed in the appropriations in subsection (2) of this section, the department shall transfer sufficient appropriations from this subsection to subsection (2) of this section to cover the added costs incurred in the RHCs. The department shall report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of residents moving into community settings and the actual expenditures for all community services to support those residents.

These funds, along with funding provided for vendor rate increases, are sufficient to raise wages an average of fifty cents and cover the employer share of unemployment and social security taxes on the amount of the wage increase. In consultation with the statewide associations representing such agencies, the department shall establish a mechanism for testing the extent to which funds have been used for this purpose, and report the results to the fiscal committees of the legislature by February 1, 2002.

## SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1592, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs, has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation.

### PART I SPECIAL LICENSE PLATE REVIEW BOARD

NEW SECTION. Sec. 101. A new section is added to chapter 46.16 RCW to read as follows:  
SPECIAL LICENSE PLATE REVIEW BOARD CREATED. (1) The special license plate review board is created.

(2) The board will consist of seven members: One member appointed by the governor and who will serve as chair of the board; four members of the legislature, one from each caucus of the house of representatives and the senate; a department of licensing representative appointed by the director; and a Washington state patrol representative appointed by the chief.

(3) Members shall serve terms of four years, except that four of the members initially appointed will be appointed for terms of two years. No member may be appointed for more than three consecutive terms.

(4) The legislative transportation committee may remove members from the board before the expiration of their terms only for cause based upon a determination of incapacity, incompetence, neglect of duty, or malfeasance in office as ordered by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.

NEW SECTION. Sec. 102. A new section is added to chapter 46.16 RCW to read as follows:  
ADMINISTRATION OF THE BOARD. (1) The board shall meet periodically at the call of the chair, but must meet at least one time each year within ninety days before an upcoming regular session of the legislature. The board may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members, and it must have a quorum present to take a vote on a special license plate application.

(2) The board will be compensated from the general appropriation for the legislative transportation committee in accordance with RCW 43.03.250. Each board member will be compensated in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, in no event may a board member be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. Service on the board does not qualify as a service credit for the purposes of a public retirement system.

(3) The board shall keep proper records and is subject to audit by the state auditor or other auditing entities.

(4) The department of licensing shall provide administrative support to the board, which must include at least the following:

- (a) Provide general staffing to meet the administrative needs of the board;
  - (b) Report to the board on the reimbursement status of any new special license plate series for which the state had to pay the start-up costs;
  - (c) Process special license plate applications and confirm that the sponsoring organization has submitted all required documentation. If an incomplete application is received, the department must return it to the sponsoring organization;
  - (d) Compile the annual financial reports submitted by sponsoring organizations with active special license plate series and present those reports to the board for review and approval.
- (5) The legislative transportation committee shall provide general oversight of the board, which must include at least the following:
- (a) Process and approve board member compensation requests;
  - (b) Review the annual financial reports submitted to the board by sponsoring organizations;
  - (c) Review annually the list of the board's approved and rejected special license plate proposals submitted by sponsoring organizations.

**NEW SECTION. Sec. 103.** A new section is added to chapter 46.16 RCW to read as follows:  
**AUTHORITY AND RESPONSIBILITIES OF THE BOARD.** (1) The creation of the board does not in any way preclude the authority of the legislature to independently propose and enact special license plate legislation.

(2) The board must review and either approve or reject special license plate applications submitted by sponsoring organizations.

(3) Duties of the board include but are not limited to the following:

- (a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series and present those annual financial reports to the legislative transportation committee;
- (b) Report annually to the legislative transportation committee on the special license plate applications that were considered by the board;
- (c) Issue approval and rejection notification letters to sponsoring organizations, the department, the chairs of the senate and house of representatives transportation committees, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application;
- (d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The board may submit a recommendation to discontinue a special plate series to the chairs of the senate and house of representatives transportation committees.

## **PART II ELIGIBILITY REQUIREMENTS FOR A SPONSORING ORGANIZATION**

**NEW SECTION. Sec. 201.** A new section is added to chapter 46.16 RCW to read as follows:  
**ELIGIBILITY REQUIREMENTS.** (1) For an organization to qualify for a special license plate under the special license plate approval program created in sections 101 through 303 of this act, the sponsoring organization must submit documentation in conjunction with the application to the department that verifies:

- (a) That the organization is a nonprofit organization, as defined in 26 U.S.C. Sec. 501(c)(3). The department may request a copy of an Internal Revenue Service ruling to verify an organization's nonprofit status; and
- (b) That the organization is located in Washington and has registered as a charitable organization with the secretary of state's office as required by law.

(2) For a governmental body to qualify for a special license plate under the special license plate approval program created in sections 101 through 303 of this act, a governmental body must be:

**DISPOSITION OF REVENUES.** (1)(a) Revenues generated from the sale of special license plates for those sponsoring organizations who used the application process in section 301(3) of this act must be deposited into the motor vehicle account until the department determines that the state's implementation costs have been fully reimbursed. The department shall apply the application fee required under section 301(3)(a) of this act towards those costs.

(b) When it is determined that the state has been fully reimbursed the department must notify the house of representatives and senate transportation committees, the sponsoring organization, and the treasurer, and commence the distribution of the revenue as otherwise provided by law.

(2) If reimbursement does not occur within the two-year time frame, the special license plate series must be placed in probationary status for a period of one year from that date. Special plates issued before discontinuation are valid until replaced under RCW 46.16.233. The state must be reimbursed for its portion of the implementation costs within two years from the date the new plate series goes on sale to the public.

(3) The special license plate applicant trust account is created in the custody of the state treasurer. All receipts from special license plate applicants, except the application fee as provided in section 301(3) of this act, must be deposited into the account. Only the director of the department or the director's designee may authorize disbursements from the account. The account is not subject to the allotment procedures under chapter 43.88 RCW, nor is an appropriation required for disbursements.

(4) The department shall provide the special license plate applicant with a written receipt for the payment.

(5) The department shall maintain a record of each special license plate applicant trust account deposit, including, but not limited to, the name and address of each special license plate applicant whose funds are being deposited, the amount paid, and the date of the deposit.

- (b) Denied by the special license plate review board or the legislature the director shall provide a refund to the applicant within thirty days; or
- (c) Withdrawn by the special license plate applicant the director shall provide a refund to the applicant within thirty days.

**NEW SECTION. Sec. 303.** A new section is added to chapter 46.16 RCW to read as follows:

**SPECIAL LICENSE PLATE ON-GOING REQUIREMENTS.** (1) Within thirty days of legislative enactment of a new special license plate series for a qualifying organization meeting the requirements of section 201(1) of this act, the department shall enter into a written agreement with the organization that sponsored the special license plate. The agreement must identify the services to be performed by the sponsoring organization. The agreement must be consistent with all applicable state law and include the following provision:

"No portion of any funds disbursed under the agreement may be used, directly or indirectly, for any of the following purposes:

Disbursement of the revenue generated from the sale of the special license plate to the sponsoring organization is contingent upon the organization meeting all reporting and review requirements as required by the department.

(3) If the sponsoring organization ceases to exist or the purpose of the special license plate series ceases to exist, revenues generated from the sale of the special license plates must be deposited into the motor vehicle account.

(b) If the sponsoring organization is not able to meet the prepayment requirements in (a) of this subsection and can demonstrate this fact to the satisfaction of the department, the revenues generated from the sale of the special license plates must be deposited in the motor vehicle account until the department determines that the state's portion of the implementation costs have been fully reimbursed. ### SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1605, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 10.98 RCW to read as follows:

(1) The legislature finds that each of the state's justice agencies and the courts have developed independent information systems to address independent management and planning needs, that the state's justice information system is fragmented, and that access to complete, accurate, and timely justice information is difficult and inefficient.

(2) The legislature declares that the purpose of this act is to develop and maintain, in a cost-effective manner, a statewide network of criminal justice information that enables sharing and integrated delivery of justice information maintained in the state's independent information systems and that will:

(a) Maximize standardization of data and communications technology among law enforcement agencies, jails, prosecuting attorneys, the courts, corrections, and licensing;

(b) Reduce redundant data collection and input efforts;

(c) Reduce or eliminate paper-based information exchanges;

(d) Improve work flow within the criminal justice system;

(e) Provide complete, accurate, and timely information to criminal justice agencies and courts in a single computer session; and

(f) Maintain security and privacy rights respecting criminal justice information.

(3) Statewide coordination of criminal justice information will improve:

(a) The safety of the public and the safety of law enforcement officers and other public servants, by making more complete, accurate, and timely information concerning offenders available to all criminal justice agencies and courts;

(b) Decision making, by increasing the availability of statistical measures for review, evaluation, and promulgation of public policy; and

(c) Access to complete, accurate, and timely information by the public, to the extent permitted pursuant to chapters 10.97 and 42.17 RCW.

(4) The legislature encourages state and local criminal justice agencies and courts to collaborate in the development of justice information systems, as criminal justice agencies and courts collect the most complete, accurate, and timely information regarding offenders.

(5) The legislature finds that the implementation, operation, and continuing enhancement of a statewide justice information network that enables sharing and integrated delivery of information maintained in the state's independent information systems is critical to the complete, accurate, and timely performance of criminal background checks and to the effective communications between and among law enforcement, the courts, executive agencies, and political subdivisions of the state. The legislature further finds and declares that it is in

the best interests of the citizens of the state and for the enhancement of public safety that the Washington integrated justice information board be created as soon as possible.

(6) The legislature finds that the intent, purpose, and goals of this act will be implemented most effectively by a board having the power, authority, and responsibility to develop, maintain, and enhance a statewide justice information network that enables sharing and integrated delivery of justice information maintained in the state's independent information systems.

**Sec. 2.** RCW 10.98.160 and 1999 c 143 s 53 are each amended to read as follows:

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1624, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 80.36.005 and 2002 c 104 s 1 are each amended to read as follows:

The definitions in this section apply throughout RCW 80.36.410 through 80.36.475, unless the context clearly requires otherwise.

(1) "Community agency" means local community agencies that administer community service voice mail programs.

(2) "Community service voice mail" means a computerized voice mail system that provides low-income recipients with: (a) An individually assigned telephone number; (b) the ability to record a personal greeting; and (c) a private security code to retrieve messages.

(3) "Department" means the department of social and health services.

(4) "Service year" means the period between July 1st and June 30th.

(5) "Community action agency" means local community action agencies or local community service agencies designated by the department of community, trade, and economic development under chapter 43.63A RCW.

Sec. 2. RCW 80.36.410 and 2002 c 104 s 2 are each amended to read as follows:

(1) The legislature finds that universal telephone service is an important policy goal of the state. The legislature further finds that: ~~((4))~~ (a) Recent changes in the telecommunications industry, such as federal access charges, raise concerns about the ability of low-income persons to continue to afford access to local exchange telephone service; and ~~((2))~~ (b) many low-income persons making the transition to independence from receiving supportive services through community agencies do not qualify for economic assistance from the department.

(2) Therefore, the legislature finds that: (a) It is in the public interest to take steps to mitigate the effects of these changes on low-income persons; and (b) advances in telecommunications technologies, such as community service voice mail provide new and economically efficient ways to secure many of the benefits of universal service to low-income persons who are not customers of local exchange telephone service.

**Sec. 3.** RCW 80.36.420 and 1990 c 170 s 2 are each amended to read as follows:

The Washington telephone assistance program shall be available to participants of ~~((department))~~ programs set forth in RCW 80.36.470. Assistance shall consist of the following components:

(2) A waiver of deposit requirements on local exchange service, as set forth in RCW 80.36.460.

(3) A discounted flat rate service for local exchange service, which shall be subject to the following conditions:

(a) The commission shall establish a single telephone assistance rate for all local exchange companies operating in the state of Washington. The telephone assistance rate shall include any federal end user ~~((access))~~ charges and any other charges necessary to obtain local exchange service.

(b) The commission shall, in establishing the telephone assistance rate, consider all charges for local exchange service, including federal end user ~~((access))~~ charges, mileage charges, extended area service, and any other charges necessary to obtain local exchange service.

(c) The telephone assistance rate shall only be available to eligible customers subscribing to the lowest ~~((available))~~ priced local exchange flat rate service, where the lowest priced local exchange flat rate service, including any federal end user ~~((access))~~ charges and any other charges necessary to obtain local exchange service, is greater than the telephone assistance rate. ~~((Low income senior citizens sixty years of age and older and other low income persons identified by the department as medically needy shall, where single party service is available, be provided with single party service as the lowest available local exchange flat rate service.))~~

(d) The cost of providing the service shall be paid, to the maximum extent possible, by a waiver of all or part of ~~((the))~~ federal end user ~~((access))~~ charges and, to the extent necessary, from the telephone assistance fund created by RCW 80.36.430.

(4) A discount on a community service voice mailbox that provides recipients with (a) an individually assigned telephone number; (b) the ability to record a personal greeting; and (c) a secure private security code to retrieve messages.

**Sec. 4.** RCW 80.36.430 and 1990 c 170 s 3 are each amended to read as follows:

The telephone assistance excise tax shall be separately identified on each ratepayer's bill as the "Washington telephone assistance program." All money collected from the telephone assistance excise tax shall be transferred to a telephone assistance fund administered by the department.

(2) Local exchange companies shall bill the fund for their expenses incurred in offering the telephone assistance program, including administrative and program expenses. The department shall disburse the money to the local exchange companies. The department is exempted from having to conclude a contract with local exchange companies in order to effect this reimbursement. The department shall recover its administrative costs from the fund. The department may specify by rule the range and extent of administrative and program expenses that will be reimbursed to local exchange companies.

(3) The department shall enter into an agreement with the department of community, trade, and economic development for an amount not to exceed eight percent of the prior fiscal year's total revenue for the administrative and program expenses of providing community service voice mail services. The community service voice mail service may include toll-free lines in community action agencies through which recipients can access their community service voice mailboxes at no charge.

**Sec. 5.** RCW 80.36.440 and 1990 c 170 s 4 are each amended to read as follows:

(1) The commission and the department may adopt any rules necessary to implement RCW 80.36.410 through 80.36.470.

Local exchange companies shall ~~((file tariffs with the commission which))~~ waive deposits on local exchange service for eligible subscribers and ~~((which establish))~~ provide a fifty percent discount on the company's customary charge for commencing telecommunications service ((connection fees)) for eligible subscribers. Part or all of the remaining fifty percent of service connection fees may be paid by funds from federal government or other programs for this purpose. The commission or other appropriate agency shall make timely application for any available federal funds. The remaining portion of the connection fee to be paid by the subscriber shall be expressly payable by installment fees spread over a period of months. A subscriber may, however, choose to pay the connection fee in a lump sum. Costs associated with the waiver and discount shall be accounted for separately and recovered from the telephone assistance fund. ~~((Eligible subscribers shall be allowed one waiver of a deposit and one discount on service connection fees per year.))~~

**Sec. 8.** RCW 80.36.470 and 2002 c 104 s 3 are each amended to read as follows:

~~((d))~~ (e) For delegation in community-based care settings or in-home care settings, a registered nurse may delegate nursing care tasks only to registered or certified nursing assistants. (4) Prohibit a public official or candidate for public office from meeting with or distributing information to tenants in their individual mobile homes, manufactured homes, or park models, nor penalize any tenant for participating in these meetings or receiving this information;

(5) Evict a tenant, terminate a rental agreement, decline to renew a rental agreement, increase rental or other tenant obligations, decrease services, or modify park rules in retaliation for any of the following actions on the part of a tenant taken in good faith:

(a) Filing a complaint with any state, county, or municipal governmental authority relating to any alleged violation by the landlord of an applicable statute, regulation, or ordinance;

(b) Requesting the landlord to comply with the provision of this chapter or other applicable statute, regulation, or ordinance of the state, county, or municipality;

(8) Prevent the entry or require the removal of a mobile home, manufactured home, or park model for the sole reason that the mobile home has reached a certain age. Nothing in this subsection shall limit a landlords' right to exclude or expel a mobile home, manufactured home, or park model for any other reason, including but not limited to, ~~((fire and safety concerns provided such))~~ failure to comply with fire, safety, and other provisions of local ordinances and state laws relating to mobile homes, manufactured homes, and park models, as long as the action conforms to this chapter ((59.20 RCW)) or any other relevant statutory provision.

**Sec. 3.** RCW 59.20.073 and 1999 c 359 s 7 are each amended to read as follows:

(1) Any rental agreement shall be assignable by the tenant to any person to whom he or she sells or transfers title to the mobile home, manufactured home, or park model.

(2) A tenant who sells a mobile home, manufactured home, or park model within a park shall notify the landlord in writing of the date of the intended sale and transfer of the rental agreement at least fifteen days in advance of such intended transfer and shall notify the buyer in writing of the provisions of this section. The tenant shall verify in writing to the landlord payment of all taxes, rent, and reasonable expenses due on the mobile home, manufactured home, or park model and mobile home lot.

(3) The landlord shall notify the selling tenant, in writing, of a refusal to permit transfer of the rental agreement at least seven days in advance of such intended transfer.

(4) The landlord may require the mobile home, manufactured home, or park model to meet applicable fire and safety standards if a state or local agency responsible for the enforcement of fire and safety standards has issued a notice of violation of those standards to the tenant and those violations remain uncorrected. Upon correction of the violation to the satisfaction of the state or local agency responsible for the enforcement of that notice of violation, the landlord's refusal to permit the transfer is deemed withdrawn.

(5) The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant, and any disapproval shall be in writing. Consent to an assignment shall not be unreasonably withheld.

(6) Failure to notify the landlord in writing, as required under subsection (2) of this section; or failure of the new tenant to make a good faith attempt to arrange an interview with the landlord to discuss assignment of the rental agreement; or failure of the current or new tenant to obtain written approval of the landlord for assignment of the rental agreement, shall be grounds for disapproval of such transfer.

**Sec. 4.** RCW 59.20.080 and 1999 c 359 s 10 are each amended to read as follows:

(1) A landlord shall not terminate or fail to renew a tenancy of a tenant or the occupancy of an occupant, of whatever duration except for one or more of the following reasons:

(a) Substantial violation, or repeated or periodic violations of the rules of the mobile home park as established by the landlord at the inception of the tenancy or as assumed subsequently with the consent of the tenant or for violation of the tenant's duties as provided in RCW 59.20.140. The tenant shall be given written notice to cease the rule violation immediately. The notice shall state that failure to cease the violation of the rule or any subsequent violation of that or any other rule shall result in termination of the tenancy, and that the tenant shall vacate the premises within fifteen days: PROVIDED, That for a periodic violation the notice shall also specify that repetition of the same violation shall result in termination: PROVIDED FURTHER, That in the case of a violation of a "material change" in park rules with respect to pets, tenants with minor children living with them, or recreational facilities, the tenant shall be given written notice under this chapter of a six month period in which to comply or vacate;

(b) Nonpayment of rent or other charges specified in the rental agreement, upon five days written notice to pay rent and/or other charges or to vacate;

(c) Conviction of the tenant of a crime, commission of which threatens the health, safety, or welfare of the other mobile home park tenants. The tenant shall be given written notice of a fifteen day period in which to vacate;

(d) Failure of the tenant to comply with local ordinances and state laws and regulations relating to mobile homes, manufactured homes, or park models or mobile home, manufactured homes, or park model living within a reasonable time after the tenant's receipt of notice of such noncompliance from the appropriate governmental agency;

(e) Change of land use of the mobile home park including, but not limited to, conversion to a use other than for mobile homes, manufactured homes, or park models or conversion of the mobile home park to a mobile home park cooperative or mobile home park subdivision: PROVIDED, That the landlord shall give the tenants twelve months' notice in advance of the effective date of such change, except that for the period of six months following April 28, 1989, the landlord shall give the tenants eighteen months' notice in advance of the proposed effective date of such change;

(f) Engaging in "criminal activity." "Criminal activity" means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants. A park owner seeking to evict a tenant or occupant under this subsection need not produce evidence of a criminal conviction, even if the alleged misconduct constitutes a criminal offense. Notice from a law enforcement agency of criminal activity constitutes sufficient grounds, but not the only grounds, for an eviction under this subsection. Notification of the seizure of illegal

drugs under RCW 59.20.155 is evidence of criminal activity and is grounds for an eviction under this subsection. The requirement that any tenant or occupant register as a sex offender under RCW 9A.44.130 is grounds for eviction under this subsection. If criminal activity is alleged to be a basis of termination, the park owner may proceed directly to an unlawful detainer action;

(g) The tenant's application for tenancy contained a material misstatement that induced the park owner to approve the tenant as a resident of the park, and the park owner discovers and acts upon the misstatement within one year of the time the resident began paying rent;

(h) If the landlord serves a tenant three fifteen-day notices within a twelve-month period to comply or vacate for failure to comply with the material terms of the rental agreement or park rules. The applicable twelve-month period shall commence on the date of the first violation;

(i) Failure of the tenant to comply with obligations imposed upon tenants by applicable provisions of municipal, county, and state codes, statutes, ordinances, and regulations, including ~~this chapter ((59.20 RCW))~~. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(j) The tenant engages in disorderly or substantially annoying conduct upon the park premises that results in the destruction of the rights of others to the peaceful enjoyment and use of the premises. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(k) The tenant creates a nuisance that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to cease the conduct that constitutes a nuisance immediately. The notice must state that failure to cease the conduct will result in termination of the tenancy and that the tenant shall vacate the premises in five days;

(l) Any other substantial just cause that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days; or

(m) Failure to pay rent by the due date provided for in the rental agreement three or more times in a twelve-month period, commencing with the date of the first violation, after service of a five-day notice to comply or vacate.

(2) Within five days of a notice of eviction as required by subsection (1)(a) of this section, the landlord and tenant shall submit any dispute to mediation. The parties may agree in writing to mediation by an independent third party or through industry mediation procedures. If the parties cannot agree, then mediation shall be through industry mediation procedures. A duty is imposed upon both parties to participate in the mediation process in good faith for a period of ten days for an eviction under subsection (1)(a) of this section. It is a defense to an eviction under subsection (1)(a) of this section that a landlord did not participate in the mediation process in good faith.

(3) Chapters 59.12 and 59.18 RCW govern the eviction of recreational vehicles, as defined in RCW 59.20.030, from mobile home parks. This chapter governs the eviction of mobile homes, manufactured homes, park models, and recreational vehicles used as a primary residence from a mobile home park."

(b) If the information or record has been obtained by a juvenile justice or care agency in connection with the provision of counseling, psychological, psychiatric, or medical services to the juvenile, when the services have been sought voluntarily by the juvenile, and the juvenile has a legal right to receive those services without the consent of any person or agency, then the information or record may not be disclosed to the juvenile's parents without the informed consent of the juvenile unless otherwise authorized by law; or

(2) "Abuse" means the willful action or inaction that inflicts injury, unreasonable confinement, intimidation, or punishment on a vulnerable adult. In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. Abuse includes sexual abuse, mental abuse, physical abuse, and exploitation of a vulnerable adult, which have the following meanings:

(a) "Sexual abuse" means any form of nonconsensual sexual contact, including but not limited to unwanted or inappropriate touching, rape, sodomy, sexual coercion, sexually explicit photographing, and sexual harassment. Sexual abuse includes any sexual contact between a staff person, who is not also a resident or client, of a facility or a staff person of a program authorized under chapter 71A.12 RCW, and a vulnerable adult living in that facility or receiving service from a program authorized under chapter 71A.12 RCW, whether or not it is consensual.

(b) "Physical abuse" means the willful action of inflicting bodily injury or physical mistreatment. Physical abuse includes, but is not limited to, striking with or without an object, slapping, pinching, choking, kicking, shoving, prodding, or the use of chemical restraints or physical restraints unless the restraints are consistent with licensing requirements, and includes restraints that are otherwise being used inappropriately.

(c) "Mental abuse" means any willful action or inaction of mental or verbal abuse. Mental abuse includes, but is not limited to, coercion, harassment, inappropriately isolating a vulnerable adult from family, friends, or regular activity, and verbal assault that includes ridiculing, intimidating, yelling, or swearing.

(d) "Exploitation" means an act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.

(3) "Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(4) "Department" means the department of social and health services.

(5) "Facility" means a residence licensed or required to be licensed under chapter 18.20 RCW, boarding homes; chapter 18.51 RCW, nursing homes; chapter 70.128 RCW, adult family homes; chapter 72.36 RCW, soldiers' homes; or chapter 71A.20 RCW, residential habilitation centers; or any other facility licensed by the department.

(11) "Protective services" means any services provided by the department to a vulnerable adult with the consent of the vulnerable adult, or the legal representative of the vulnerable adult, who has been abandoned, abused, financially exploited, neglected, or in a state of self-neglect. These services may include, but are not limited to case management, social casework, home care, placement, arranging for medical evaluations, psychological evaluations, day care, or referral for legal assistance.

(12) "Self-neglect" means the failure of a vulnerable adult, not living in a facility, to provide for himself or herself the goods and services necessary for the vulnerable adult's physical or mental health, and the absence of which impairs or threatens the vulnerable adult's well-being. This definition may include a vulnerable adult who is receiving services through home health, hospice, or a home care agency, or an individual provider when the neglect is not a result of inaction by that agency or individual provider.

### **SENATE AMENDMENTS TO HOUSE BILL**

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1909, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the focus of transfer between institutions of higher education has been on students' accumulation of credits, where courses necessary for entry to each successive level of higher education have been individually identified and vary by institution and academic discipline. It is the legislature's intent to begin a process that will change the focus of transfer to defining and recognizing student competencies.

NEW SECTION. **Sec. 2.** (1) The higher education coordinating board, in consultation with the state board for community and technical colleges and the council of presidents, shall recruit and select institutions of higher education to participate in a pilot project to define transfer standards in selected academic disciplines on the basis of student competencies. Participants shall include one public four- year institution of higher education, two or more community or technical colleges that regularly transfer a substantial number of students to that four-year institution, and one or more private career colleges that prepare students in the academic disciplines selected under the pilot project. Such colleges shall be accredited and licensed under chapter 28C.10 RCW.

(2) The pilot project participants shall identify several academic disciplines to form the basis of the project and develop a work plan, timelines, and expected products for the project, which shall be presented by the higher education coordinating board in a preliminary report to the higher education committees of the legislature by December 1, 2004.

(3) Under the pilot project, participants shall develop standards, definitions, and procedures for quality assurance for a transfer system based on student competencies. It is the legislature's intent that under such a system, four-year institutions of higher education, in collaboration with two-year institutions of higher education, define the knowledge, skills, and abilities students should possess in order to enter an upper division program in a particular academic discipline. The two and four-year institutions providing lower division preparation for such an upper division program are responsible for certifying that a student meets the expected standards, but have flexibility to determine how to assess whether the student has obtained the necessary knowledge, skills, and abilities. Such assessments need not be based on completion of particular courses or accumulation of credits.

(4) The pilot project participants may request assistance in their work from the higher education coordinating board, the western interstate commission on higher education, the state board for community and technical colleges, or the council of presidents. The pilot project participants and the higher education coordinating board shall structure the work of the project in such a way that development costs for the project are absorbed within existing institution and agency budgets.

(5) In collaboration with the higher education coordinating board, the pilot project participants shall report to the higher education committees of the legislature by December 1, 2005, on the progress and status of the pilot project. The report shall identify any barriers encountered by the project and make recommendations for next steps in developing a competency-based transfer system for higher education.

(6) This section expires June 30, 2006."

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same is herewith transmitted.

### SENATE AMENDMENTS TO HOUSE BILL

April 14, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1943, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 82.24.020 and 1994 sp.s. c 7 s 904 are each amended to read as follows:

(1) There is levied and there shall be collected as provided in this chapter, a tax upon the sale, use, consumption, handling, possession or distribution of all cigarettes, in an amount equal to the rate of eleven and one-half mills per cigarette.

(2) An additional tax is imposed upon the sale, use, consumption, handling, possession, or distribution of all cigarettes, in an amount equal to the rate of five and one-fourth mills per cigarette. All revenues collected during any month from this additional tax shall be deposited in the violence reduction and drug enforcement account under RCW 69.50.520 by the twenty-fifth day of the following month.

(3) An additional tax is imposed upon the sale, use, consumption, handling, possession, or distribution of all cigarettes, in an amount equal to the rate of ten mills per cigarette through June 30, 1994, eleven and one-fourth mills per cigarette for the period July 1, 1994, through June 30, 1995, twenty mills per cigarette for the period July 1, 1995, through June 30, 1996, and twenty and one-half mills per cigarette thereafter. All revenues collected during any month from this additional tax shall be deposited in the health services account created under RCW 43.72.900 by the twenty-fifth day of the following month.

(4) Wholesalers (~~and retailers~~) subject to the payment of this tax may, if they wish, absorb one-half mill per cigarette of the tax and not pass it on to purchasers without being in violation of this section or any other act relating to the sale or taxation of cigarettes.

(5) For purposes of this chapter, "possession" shall mean both (a) physical possession by the purchaser and, (b) when cigarettes are being transported to or held for the purchaser or his or her designee by a person other than the purchaser, constructive possession by the purchaser or his or her designee, which constructive possession shall be deemed to occur at the location of the cigarettes being so transported or held.

**Sec. 2.** RCW 82.24.030 and 1995 c 278 s 2 are each amended to read as follows:

(1) In order to enforce collection of the tax hereby levied, the department of revenue shall design and have printed stamps of such size and denominations as may be determined by the department. The stamps must

be affixed on the smallest container or package that will be handled, sold, used, consumed, or distributed, to permit the department to readily ascertain by inspection, whether or not such tax has been paid or whether an exemption from the tax applies.

(2) Except as otherwise provided in this chapter, ~~((every person))~~ only a wholesaler shall cause to be affixed on every package of cigarettes, stamps of an amount equaling the tax due thereon or stamps identifying the cigarettes as exempt before he or she sells, offers for sale, uses, consumes, handles, removes, or otherwise disturbs and distributes the same: PROVIDED, That where it is established to the satisfaction of the department that it is impractical to affix such stamps to the smallest container or package, the department may authorize the affixing of stamps of appropriate denomination to a large container or package.

(3) Only wholesalers may purchase or obtain cigarette stamps. Wholesalers shall not sell or provide stamps to any other wholesaler or person.

(4) Each roll of stamps, or group of sheets, shall have a separate serial number, which shall be legible at the point of sale. The department of revenue shall keep records of which wholesaler purchases each roll or group of sheets. If the department of revenue permits wholesalers to purchase partial rolls or sheets, in no case may stamps bearing the same serial number be sold to more than one wholesaler. The remainder of the roll or sheet, if any, shall either be retained for later purchases by the same wholesaler or destroyed.

(5) Nothing in this section shall be construed as limiting any otherwise lawful activity under a cigarette tax compact pursuant to chapter 43.06 RCW.

**Sec. 3.** RCW 82.24.040 and 1995 c 278 s 3 are each amended to read as follows:

(1) Except as authorized by this chapter, no person other than a licensed wholesaler shall possess in this state unstamped cigarettes.

(2) No wholesaler in this state may possess within this state unstamped cigarettes except that:

(a) Every wholesaler in the state who is licensed under Washington state law may possess within this state unstamped cigarettes for such period of time after receipt as is reasonably necessary to affix the stamps as required; and

(b) Any wholesaler in the state who is licensed under Washington state law and who furnishes a surety bond in a sum satisfactory to the department, shall be permitted to set aside, without affixing the stamps required by this chapter, such part of the wholesaler's stock as may be necessary for the conduct of the wholesaler's business in making sales to persons in another state or foreign country or to instrumentalities of the federal government. Such unstamped stock shall be kept separate and apart from stamped stock.

~~((2))~~ (3) Every wholesaler licensed under Washington state law shall, at the time of shipping or delivering any of the articles taxed herein to a point outside of this state or to a federal instrumentality, make a true duplicate invoice of the same which shall show full and complete details of the sale or delivery, whether or not stamps were affixed thereto, and shall transmit such true duplicate invoice to the department, at Olympia, not later than the fifteenth day of the following calendar month. For failure to comply with the requirements of this section, the department may revoke the permission granted to the taxpayer to maintain a stock of goods to which the stamps required by this chapter have not been affixed.

~~((3))~~ (4) Unstamped cigarettes possessed by a wholesaler under subsection (2) of this section that are transferred by the wholesaler to another facility of the wholesaler within the borders of Washington shall be transferred in compliance with RCW 82.24.250.

(5) Every wholesaler who is licensed by Washington state law shall sell cigarettes to retailers located in Washington only if the retailer has a current cigarette retailer's license or is an Indian tribal organization authorized to possess untaxed cigarettes under this chapter and the rules adopted by the department.

(6) Nothing in this section shall be construed as limiting any otherwise lawful activity under a cigarette tax compact pursuant to chapter 43.06 RCW.

**Sec. 4.** RCW 82.24.050 and 1995 c 278 s 4 are each amended to read as follows:

(1) No retailer in this state may possess unstamped cigarettes within this state ~~((except as provided in this chapter))~~ unless the person is also a wholesaler in possession of the cigarettes in accordance with RCW 82.24.040.

(2) A retailer may obtain cigarettes only from a wholesaler subject to the provisions of this chapter.

**Sec. 5.** RCW 82.24.110 and 1999 c 193 s 2 are each amended to read as follows:

- (k) For any wholesaler or retailer or his or her agents or employees to fail to produce on demand of the department of revenue all invoices of all the articles herein taxed or stamps bought by him or her or received in his or her place of business within five years prior to such demand unless he or she can show by satisfactory proof that the nonproduction of the invoices was due to causes beyond his or her control;
- (l) For any person to receive in this state any shipment of any of the articles taxed herein, when the same are not stamped, for the purpose of avoiding payment of tax. It is presumed that persons other than dealers who purchase or receive shipments of unstamped cigarettes do so to avoid payment of the tax imposed herein;

- (n) To possess, sell, or transport within this state any container or package of cigarettes that does not comply with this chapter.

Violation of this section shall be punished as a class C felony under Title 9A RCW.
- (3) All agents, employees, and others who aid, abet, or otherwise participate in any way in the violation of the provisions of this chapter or in any of the offenses described in this chapter shall be guilty and punishable as principals, to the same extent as any wholesaler or retailer or any other person violating this chapter.

**NEW SECTION. Sec. 6.** A new section is added to chapter 82.24 RCW to read as follows:

- (1) It is unlawful for any person to knowingly manufacture, sell, or possess counterfeit cigarettes. A cigarette is "counterfeit" if:
  - (a) The cigarette or its packaging bears any reproduction or copy of a trademark, service mark, trade name, label, term, design, or work adopted or used by a manufacturer to identify its own cigarettes; and

    - (i) A conveyance used by any person as a common or contract carrier having in actual possession invoices or delivery tickets showing the true name and address of the consignor or seller, the true name of the

consignee or purchaser, and the quantity and brands of the cigarettes transported, unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

(ii) A conveyance subject to forfeiture under this section by reason of any act or omission of which the owner thereof establishes to have been committed or omitted without his or her knowledge or consent;

(3) Notwithstanding the foregoing provisions of this section, articles taxed in this chapter which are in the possession of a wholesaler (~~or retailer~~), licensed under Washington state law, for a period of time necessary to affix the stamps after receipt of the articles, shall not be considered contraband unless they are manufactured, sold, or possessed in violation of section 6 of this act.

**Sec. 8.** RCW 82.24.250 and 1997 c 420 s 7 are each amended to read as follows:

(1) No person other than: (a) A licensed wholesaler in the wholesaler's own vehicle; or (b) a person who has given notice to the board in advance of the commencement of transportation shall transport or cause to be transported in this state cigarettes not having the stamps affixed to the packages or containers.

chapter by remitting the tax or causing stamps to be affixed in the manner provided in rules adopted by the department.

(2) When stamps are required to be affixed, the person may deduct from the tax collected the compensation allowable under this chapter. The remittance or the affixing of stamps shall, in the case of cigarettes obtained in the manner set forth in RCW 82.24.250(7)(c), be made at the same time and manner as required in RCW 82.24.250(7)(c).

SUBSTITUTE HOUSE BILL NO. 1943 as amended by the Senate, having received the constitutional majority, was declared passed.

#### **SENATE AMENDMENTS TO HOUSE BILL**

April 15, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2007, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that the number of unsolicited commercial text messages sent to cellular telephones and pagers is increasing. This practice is raising serious concerns on the part of cellular telephone and pager subscribers. These unsolicited messages often result in costs to the cellular telephone and pager subscribers in that they pay for use when a message is received through their devices. The limited memory of these devices can be exhausted by unwanted text messages resulting in the inability to receive necessary and expected messages.

The legislature intends to limit the practice of sending unsolicited commercial text messages to cellular telephone or pager numbers in Washington.

**Sec. 2.** RCW 19.190.010 and 1999 c 289 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message or a commercial electronic text message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message or the commercial electronic text message is engaged, or intends to engage, in any practice that violates the consumer protection act.

(2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

(3) "Commercial electronic text message" means an electronic text message sent to promote real property, goods, or services for sale or lease.

(4) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

~~((4))~~ (5) "Electronic text message" means a text message sent to a cellular telephone or pager equipped with short message service or any similar capability, whether the message is initiated as a short message service message or as an electronic mail message.

(6) "Initiate the transmission" refers to the action by the original sender of an electronic mail message or an electronic text message, not to the action by any intervening interactive computer service or wireless network that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

~~((5))~~ (7) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

~~((6))~~ (8) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

~~((7))~~ (9) "Person" means a person, corporation, partnership, or association.

**NEW SECTION. Sec. 3.** A new section is added to chapter 19.190 RCW to read as follows:

(1) No person conducting business in the state may initiate or assist in the transmission of an electronic commercial text message to a telephone number assigned to a Washington resident for cellular telephone or pager service that is equipped with short message capability or any similar capability allowing the transmission of text messages.

(2) The legislature finds that the practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this section is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

**NEW SECTION. Sec. 4.** A new section is added to chapter 19.190 RCW to read as follows:

(1) It is not a violation of section 3 of this act if:

(a) The commercial electronic text message is transmitted at the direction of a person offering cellular telephone or pager service to the person's existing subscriber at no cost to the subscriber unless the subscriber has indicated that he or she is not willing to receive further commercial text messages from the person; or

(b) The unsolicited commercial electronic text message is transmitted by a person to a subscriber and the subscriber has clearly and affirmatively consented in advance to receive these text messages.

#### **SENATE AMENDMENTS TO HOUSE BILL**

April 15, 2003

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2012, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** Research has shown that early, intensive assistance can significantly improve reading and language skills for children who are struggling academically. This early research-based assistance has been successful in reducing the number of children who require specialized programs. However, by being effective in reducing the number of students eligible for these programs, school district funding is reduced.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.630 RCW to read as follows:

(1) The special services pilot program is created. The purpose of the program is to encourage participating school districts to provide early intensive reading and language assistance to students who are struggling academically. The goal of such assistance is to effectively address reading and language difficulties resulting in a substantially greater proportion of students meeting the progressively increasing performance standards for both the aggregate and disaggregated subgroups under federal law.

(2) A maximum of two school districts may participate. Interested districts shall apply no later than May 15, 2003, to the superintendent of public instruction to participate in the pilot program established by this section. The superintendent shall make a decision no later than June 15, 2003, regarding which two school districts may participate in the program.

(3) The pilot program is intended to be four years, to begin in the 2003-04 school year and conclude in the 2006-07 school year, unless the program is extended by the legislature.

(4) School districts participating in the pilot program shall receive state special education funding in accordance with state special education funding formulas and a separate pilot program appropriation from sources other than special education funds. The separate appropriation shall be calculated as follows:

(a) The school district's estimated state special education funding for the current year based on the school district's average percentage of students age three through twenty-one who were eligible for special education services in the 2001-02 and 2002-03 school years as reported to the office of the superintendent of public instruction;

(b) Less the school district's actual state special education funding based on the district's current percentage of students age three through twenty-one eligible for special education services as reported to the superintendent of public instruction.

(5) Participation in the pilot program shall not increase or decrease a district's ability to access the safety net for high cost students by virtue of the district's participation in this pilot program. Districts participating in this pilot program shall have access to the special education safety net using a modified application approach for the office of the superintendent of public instruction Worksheet A - demonstration of financial need. The superintendent shall create a modified application to include all special education revenues received by the district, all pilot program funding, and include expenditures for students with individual education plans and expenditures for students generating pilot program revenue. Districts participating in this pilot project that seek safety net funding shall convincingly demonstrate to the committee that any change in demonstrated need on the Worksheet A is not attributable to their participation in this pilot project.

(6) School districts participating in the program must agree to:

(a) Implement a tiered set of research-based instructional interventions addressing individual student needs that address reading and language deficits;

(b) Use multiple diagnostic instruments to identify the literacy needs of each student;

(c) Assure parents are informed of diagnosed student needs, and have input into designed interventions;

(d) Actively engage parents as partners in the learning process;

(e) Comply with state special education requirements; and

(f) Participate in an evaluation of the program as determined by the superintendent of public instruction. This may include contributing funds and staff expertise for the design and implementation of the evaluation. Districts shall annually review and report progress, including objective measures or indicators that show the progress towards achieving the purpose and goal of the program, to the office of the superintendent of public instruction.

(7) By December 15, 2006, the superintendent of public instruction shall submit a report to the governor and legislature that summarizes the effectiveness of the pilot program. The report shall also include a recommendation as to whether or not the pilot program should be continued, expanded, or otherwise modified.

(8) This section expires June 30, 2007.

**NEW SECTION. Sec. 3.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "adding a new section to chapter 28A.630 RCW; creating a new section; providing an expiration date; and declaring an emergency."

and the same is herewith transmitted.

### **SENATE AMENDMENTS TO HOUSE BILL**

April 15, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2076, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) At the time the higher education coordinating board was created in 1985, the legislature wanted a board with a comprehensive mission that included planning, budget and program review authority, and program administration;

(b) Since its creation, the board has achieved numerous accomplishments, including proposals leading to creation of the branch campus system, and has made access and affordability of higher education a consistent priority;

(c) However, higher education in Washington state is currently at a crossroads. Demographic, economic, and technological changes present new and daunting challenges for the state and its institutions of

higher education. As the state looks forward to the future, the legislature, the governor, and institutions need a common strategic vision to guide planning and decision making.

(2) Therefore, it is the legislature's intent to reaffirm and strengthen the strategic planning role of the higher education coordinating board. It is also the legislature's intent to examine options for reassigning or altering other roles and responsibilities to enable the board to place priority and focus on planning and coordination.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28B.80 RCW to read as follows:

(1) The board shall develop a statewide strategic master plan for higher education that proposes a vision and identifies goals and priorities for the system of higher education in Washington state. The board shall also specify strategies for maintaining and expanding access, affordability, quality, efficiency, and accountability among the various institutions of higher education.

(2) In developing the statewide strategic master plan for higher education, the board shall collaborate with the four-year institutions of higher education including the council of presidents, the community and technical college system, and, when appropriate, the work force training and education coordinating board, the superintendent of public instruction, and the independent higher education institutions. The board shall also seek input from students, faculty organizations, community and business leaders in the state, members of the legislature, and the governor.

(3) As a foundation for the statewide strategic master plan for higher education, the board shall develop and establish role and mission statements for each of the four-year institutions of higher education and the community and technical college system. The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(4) In assessing needs of the state's higher education system, the board may consider and analyze the following information:

- (a) Demographic, social, economic, and technological trends and their impact on service delivery;
- (b) The changing ethnic composition of the population and the special needs arising from those trends;
- (c) Business and industrial needs for a skilled work force;
- (d) College attendance, retention, transfer, and dropout rates;
- (e) Needs and demands for basic and continuing education and opportunities for lifelong learning by individuals of all age groups; and
- (f) Needs and demands for access to higher education by placebound students and individuals in heavily populated areas underserved by public institutions.

(5) The statewide strategic master plan for higher education shall include, but not be limited to, the following:

- (a) Recommendations based on enrollment forecasts and analysis of data about demand for higher education, and policies and actions to meet those needs;
- (b) State or regional priorities for new or expanded degree programs or off-campus programs, including what models of service delivery may be most cost-effective;
- (c) Recommended policies or actions to improve the efficiency of student transfer and graduation or completion;
- (d) State or regional priorities for addressing needs in high-demand fields where enrollment access is limited and employers are experiencing difficulty finding enough qualified graduates to fill job openings;
- (e) Recommended tuition and fees policies and levels; and
- (f) Priorities and recommendations on financial aid.

(6) The board shall present the vision, goals, priorities, and strategies in the statewide strategic master plan for higher education in a way that provides guidance for institutions, the governor, and the legislature to make further decisions regarding institution-level plans, policies, legislation, and operating and capital funding for higher education. In the statewide strategic master plan for higher education, the board shall recommend specific actions to be taken and identify measurable performance indicators and benchmarks for gauging progress toward achieving the goals and priorities.

(7) Every four years by December 15th, beginning December 15, 2003, the board shall submit an interim statewide strategic master plan for higher education to the governor and the legislature. The interim plan shall reflect the expectations and policy directions of the legislative higher education and fiscal committees, and shall provide a timely and relevant framework for the development of future budgets and policy proposals. The legislature shall, by concurrent resolution, approve or recommend changes to the interim plan, following public hearings. The board shall submit the final plan, incorporating legislative changes, to the governor and the legislature by June of the year in which the legislature approves the concurrent resolution. The plan shall then become state higher education policy unless legislation is enacted to alter the policies set forth in the plan.

**Sec. 3.** RCW 28B.80.330 and 1997 c 369 s 10 are each amended to read as follows:

### SENATE AMENDMENTS TO HOUSE BILL

April 10, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1218, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes the extreme dangers present when the safety of our citizens requires first responders such as police and fire fighters to evacuate and secure a building. In an effort to prepare for responding to unintended disasters, criminal acts, and acts of terrorism, the legislature intends to create a statewide first responder building mapping information system that will provide all first responders with the information they need to be successful when disaster strikes. The first responder building mapping system in this act is to be developed for a limited and specific purpose and is in no way to be construed as imposing standards or system requirements on any other mapping systems developed and used for any other local government purposes.

**NEW SECTION. Sec. 2.** A new section is added to chapter 36.28A RCW to read as follows:

(1) When funded, the Washington Association of Sheriffs and Police Chiefs shall create and operate a statewide first responder building mapping information system.

(2) All state agencies and local governments must utilize building mapping software that complies with the building mapping software standards established under section 3 of this act for any building mapped for this purpose after the statewide first responder building mapping information system is operational. If, prior to creation of the statewide building mapping information system, a local government has utilized building mapping software standards established under section 3 of this act, the local government may continue to use its own building mapping system unless the Washington association of sheriffs and police chiefs provides funding to bring the local government's system in compliance with the standards established under section 3 of this act.

(3) All state and local government-owned buildings that are occupied by state or local government employees must be mapped when funding is provided by the Washington association of sheriffs and police chiefs, or from other sources. Nothing in this act requires any state agency or local government to map a building unless the entire cost of mapping the building is provided by the Washington association of sheriffs and police chiefs, or from other sources.

(4) Once the statewide first responder building mapping information system is operational, all state and local government buildings that are mapped must forward their building mapping information data to the Washington association of sheriffs and police chiefs. All participating privately, federally, and tribally owned buildings may voluntarily forward their mapping and emergency information data to the Washington association of sheriffs and police chiefs. The Washington association of sheriffs and police chiefs may refuse any building mapping information that does not comply with the specifications described in section 3 of this act.

(5) Consistent with the guidelines developed under section 3 of this act, the Washington association of sheriffs and police chiefs shall electronically make the building mapping information available to all state, local, federal, and tribal law enforcement agencies, the military department of Washington state, and fire departments.

(6) Consistent with the guidelines developed under section 3 of this act, the Washington association of sheriffs and police chiefs shall develop building mapping software standards that must be used to participate in the statewide first responder building mapping information system.

(7) The Washington association of sheriffs and police chiefs shall pursue federal funds to:

(a) Create the statewide first responder building mapping information system; and

(b) Develop grants for the mapping of all state and local government buildings in the order determined under section 3 of this act.

(8) All tactical and intelligence information provided to the Washington association of sheriffs and police chiefs under this act is exempt from public disclosure as provided in RCW 42.17.310(1)(d).

**NEW SECTION. Sec. 3.** A new section is added to chapter 36.28A RCW to read as follows:

(1) The Washington association of sheriffs and police chiefs in consultation with the Washington state emergency management office, the Washington association of county officials, the Washington association of cities, the information services board, the Washington state fire chiefs' association, and the Washington state patrol shall convene a committee to establish guidelines related to the statewide first responder building mapping information system. The committee shall have the following responsibilities:

(a) Develop the type of information to be included in the statewide first responder building mapping information system. The information shall include, but is not limited to: Floor plans, fire protection information, evacuation plans, utility information, known hazards, and text and digital images showing emergency personnel contact information;

(b) Develop building mapping software standards that must be utilized by all entities participating in the statewide first responder building mapping information system;

(c) Determine the order in which buildings shall be mapped when funding is received;

(d) Develop guidelines on how the information shall be made available. These guidelines shall include detailed procedures and security systems to ensure that the information is only made available to the government entity that either owns the building or is responding to an incident at the building;

(e) Recommend training guidelines regarding using the statewide first responder building mapping information system to the criminal justice training commission and the Washington state patrol fire protection bureau.

(2)(a) Nothing in this section supersedes the authority of the information services board under chapter 43.105 RCW.

(b) Nothing in this section supersedes the authority of state agencies and local governments to control and maintain access to information within their independent systems.

**NEW SECTION. Sec. 4.** A new section is added to chapter 36.28A RCW to read as follows:

Units of local government and their employees, as provided in RCW 36.28A.010, are immune from civil liability for damages arising out of the creation and use of the statewide first responder building mapping information system, unless it is shown that an employee acted with gross negligence or bad faith."

On page 1, line 2 of the title, after "system;" strike the remainder of the title and insert "adding new sections to chapter 36.28A RCW; and creating a new section."

and the same is herewith transmitted.

~~((8))~~ (9)(a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes less than one year in jail, the court shall also suspend but shall not defer a period of

confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of financial responsibility for the future; (ii) not driving a motor vehicle within this state while having an alcohol concentration of 0.08 or more within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock or other biological or technical device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

~~((9))~~ (10) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

~~((10))~~ (11) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(4).

Highway Safety Account--Federal Appropriation \$15,744,000

The appropriations in this section are subject to the following conditions and limitations:

The commission may oversee up to four pilot projects implementing the use of traffic safety cameras to detect failure to stop at railroad crossings, stoplights, and school zones.

(1) In order to ensure adequate time in the 2003-05 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the commission must be authorized by December 31, 2003.

(2) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(3) The traffic safety commission shall use the following guidelines to administer the program:

(a) Traffic safety cameras may take pictures of the vehicle and vehicle license plate only, and only while an infraction is occurring;

(b) The law enforcement agency of the city or county government shall plainly mark the locations where the automated traffic enforcement system is used by placing signs on street locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic enforcement system;

If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the issuing agency within fourteen days of receiving the notice of traffic infraction. Puget Sound Ferry Operations Account--State Appropriation (~~(\$311,312,000)~~)

\$313,250,000

The appropriation in this section is subject to the following conditions and limitations and specified amounts are provided solely for that activity:

(1) The appropriation is based on the budgeted expenditure of (~~(\$35,159,000)~~) \$35,797,000 for vessel operating fuel in the 2001-2003 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount may not be expended. If the actual cost exceeds this amount, the department shall request a supplemental appropriation.

(2) The appropriation provides for the compensation of ferry employees. The expenditures for compensation paid to ferry employees during the 2001-2003 biennium may not exceed \$207,065,000 plus a dollar amount, as prescribed by the office of financial management, that is equal to any insurance benefit increase granted general government employees in excess of \$432.82 a month annualized per eligible marine employee multiplied by the number of eligible marine employees for the respective fiscal year, a dollar amount as prescribed by the office of financial management for costs associated with pension amortization charges, and a dollar amount prescribed by the office of financial management for salary increases during the 2001-2003 biennium. For the purposes of this section, the expenditures for compensation paid to ferry employees shall be limited to salaries and wages and employee benefits as defined in the office of financial management's policies, regulations, and procedures named under objects of expenditure "A" and "B" (7.2.6.2).

The prescribed salary and insurance benefit increase or decrease dollar amount that shall be allocated from the governor's compensation appropriations is in addition to the appropriation contained in this section and may be used to increase or decrease compensation costs, effective July 1, 2001, and thereafter, as established in the 2001-2003 general fund operating budget.

(3) The department shall issue a request for information from entities interested in purchasing advertising on board Washington state ferry vessels. The department shall evaluate the proposals and report back to the legislature's transportation committees in January 2002 regarding the potential for revenue from different types of advertising.

(4) The department may enter into contracts with private vendors to sell ferry tickets and medium at locations other than Washington state ferry terminals or facilities.

(a) The department may enter into the contracts only (i) with private vendors that are already established businesses offering goods for sale to the general public; and (ii) if it determines that the vendor's established location has the potential to serve a significant percentage of the customers using a particular ferry route.

(b) The department may adopt necessary rules and procedures to allow the use of credit and debit cards to purchase ferry tickets or medium from a private vendor who has contracted with the department to sell ferry tickets or medium. The department may establish a convenience fee to be paid by all persons purchasing ferry tickets and medium at locations other than Washington state ferry terminals or facilities. The convenience fee must be sufficient to offset the charges imposed on the department by the credit and debit card companies. In no event may the use of credit or debit cards authorized by this section create a loss of revenue to the state. The use of a personal credit card does not rely upon the credit of the state as prohibited by Article VIII, section 5 of the state Constitution.

(5) The legislature recognizes the value of a regional fare collection system to promote intermodal travel throughout Washington state ferries' Puget Sound service area and therefore encourages the department to resume participation in the regional fare coordination project (smart card). The department shall develop a request for funding of the on-going operating costs associated with the regional fare coordination project and shall present this request to the 2003 legislature. The request for funding shall be sufficient to support a system that prevents the disclosure of personally identifying information of persons who use a smart card to facilitate payment of ferry fares. The requested system may facilitate the disclosure of aggregate information on fare collection to governmental agencies or groups concerned with public transportation or public safety as long as the data does not contain any personally identifying information. The requested system shall not prevent the release of personally identifying information to law enforcement agencies when required by a subpoena.

Schedule A applies to vehicles either used exclusively for hauling logs or that do not tow trailers. Schedule B applies to vehicles that tow trailers and are not covered under Schedule A.

Every truck, motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle or unless the vehicle is used only for the purpose of transporting any well drilling machine, air compressor, rock crusher, conveyor, hoist, donkey engine, cook house, tool house, bunk house, or similar machine or structure attached to or made a part of such vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035.

**Sec. 102.** RCW 46.68.035 and 2000 2nd sp.s. c 4 s 8 are each amended to read as follows:

All proceeds from combined vehicle licensing fees received by the director for vehicles licensed under RCW 46.16.070 and 46.16.085 shall be forwarded to the state treasurer to be distributed into accounts according to the following method:

(1) The sum of two dollars for each vehicle shall be deposited into the multimodal transportation account, except that for each vehicle registered by a county auditor or agent to a county auditor pursuant to RCW 46.01.140, the sum of two dollars shall be credited to the current county expense fund.

(2) The remainder shall be distributed as follows:

(a) ~~((23.677))~~ 21.434 percent shall be deposited into the state patrol highway account of the motor vehicle fund;

(b) ~~((1.524))~~ 1.368 percent shall be deposited into the Puget Sound ferry operations account of the motor vehicle fund; ~~((and))~~

(c) 11.771 percent shall be deposited into the transportation 2003 account; and

(d) The remaining proceeds shall be deposited into the motor vehicle fund.

## PART II - SALES AND USE TAX

**Sec. 201.** RCW 82.08.020 and 2000 2nd sp.s. c 4 s 1 are each amended to read as follows:

(1) There is levied and there shall be collected a tax on each retail sale in this state equal to six and five-tenths percent of the selling price.

(2) There is levied and there shall be collected an additional tax on each retail car rental, regardless of whether the vehicle is licensed in this state, equal to five and nine-tenths percent of the selling price. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.

(3) Beginning July 1, 2003, there is levied and collected an additional tax of three-tenths of one percent of the selling price on each retail sale of a motor vehicle in this state, other than retail car rentals taxed under subsection (2) of this section. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.

(4) For purposes of subsection (3) of this section, "motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.

(5) The taxes imposed under this chapter shall apply to successive retail sales of the same property.

~~((4))~~ (6) The rates provided in this section apply to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020.

**Sec. 202.** RCW 82.12.020 and 2003 c 5 (EHB 1977) s 2 are each amended to read as follows:

(1) There is hereby levied and there shall be collected from every person in this state a tax or excise for the privilege of using within this state as a consumer: (a) Any article of tangible personal property purchased at retail, or acquired by lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7); or (b) any canned software, regardless of the method of delivery, but excluding canned software that is either provided free of charge or is provided for temporary use in viewing information, or both.

(2) This tax shall apply to the use of every service defined as a retail sale in RCW 82.04.050 (2)(a) or (3)(a) and the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state.

(3) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property or service taxable under RCW 82.04.050(2)(a) or (3)(a) purchased at retail or acquired by lease, gift, or bailment if the sale to, or the use by, the present user or his bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his bailor or donor.

(4) Except as provided in this section, payment by one purchaser or user of tangible personal property or service of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or service from the taxes imposed by such chapters. If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor; or in respect to the use of property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use; or in respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961, the tax imposed by this chapter does not apply.

(5) The tax shall be levied and collected in an amount equal to the value of the article used or value of the service used by the taxpayer multiplied by the rates in effect for the retail sales tax under RCW 82.08.020.

**Sec. 203.** RCW 82.12.045 and 1996 c 149 s 19 are each amended to read as follows:

(1) In the collection of the use tax on motor vehicles, the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. Upon such designation, it shall be the duty of each county auditor to collect the tax at the time an applicant applies for the registration of, and transfer of title to, the motor vehicle, except in the following instances:

(a) Where the applicant exhibits a dealer's report of sale showing that the retail sales tax has been collected by the dealer;

(b) Where the application is for the renewal of registration;

(c) Where the applicant presents a written statement signed by the department of revenue, or its duly authorized agent showing that no use tax is legally due; or

(d) Where the applicant presents satisfactory evidence showing that the retail sales tax or the use tax has been paid by ~~(him)~~ the applicant on the vehicle in question.

(2) The term "motor vehicle," as used in this section means and includes all motor vehicles, trailers and semitrailers used, or of a type designed primarily to be used, upon the public streets and highways, for the

convenience or pleasure of the owner, or for the conveyance, for hire or otherwise, of persons or property, including fixed loads, facilities for human habitation, and vehicles carrying exempt licenses.

(3) It shall be the duty of every applicant for registration and transfer of certificate of title who is subject to payment of tax under this section to declare upon ~~((his))~~ the application the value of the vehicle for which application is made, which shall consist of the consideration paid or contracted to be paid therefor.

(4) Each county auditor who acts as agent of the department of revenue shall at the time of remitting license fee receipts on motor vehicles subject to the provisions of this section pay over and account to the state treasurer for all use tax revenue collected under this section, after first deducting as ~~((his))~~ a collection fee the sum of two dollars for each motor vehicle upon which the tax has been collected. All revenue received by the state treasurer under this section shall be credited to the general fund. The auditor's collection fee shall be deposited in the county current expense fund. A duplicate of the county auditor's transmittal report to the state treasurer shall be forwarded forthwith to the department of revenue.

(5) Any applicant who has paid use tax to a county auditor under this section may apply to the department of revenue for refund thereof if he or she has reason to believe that such tax was not legally due and owing. No refund shall be allowed unless application therefor is received by the department of revenue within the statutory period for assessment of taxes, penalties, or interest prescribed by RCW 82.32.050(3). Upon receipt of an application for refund the department of revenue shall consider the same and issue its order either granting or denying it and if refund is denied the taxpayer shall have the right of appeal as provided in RCW 82.32.170, 82.32.180 and 82.32.190.

(6) The provisions of this section shall be construed as cumulative of other methods prescribed in chapters 82.04 to 82.32 RCW, inclusive, for the collection of the tax imposed by this chapter. The department of revenue shall have power to promulgate such rules as may be necessary to administer the provisions of this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by said director in remitting use tax revenue to the state treasurer.

(7) The use tax revenue collected on the rate provided in RCW 82.08.020(3) shall be deposited in the multimodal transportation account under RCW 47.66.070.

**Sec. 204.** RCW 82.08.064 and 2000 c 104 s 3 are each amended to read as follows:

(1) A sales and use tax rate change under this chapter or chapter 82.12 RCW shall be imposed ~~((+))~~ (a) no sooner than seventy-five days after its enactment into law and ~~((2))~~ (b) only on the first day of January, April, July, or October.

(2) Subsection (1) of this section does not apply to the tax rate change in section 201 of this act.

### **PART III - MOTOR AND SPECIAL FUEL TAXES**

**Sec. 301.** RCW 82.36.025 and 1999 c 269 s 16 and 1999 c 94 s 29 are each reenacted and amended to read as follows:

(1) A motor vehicle fuel tax rate of twenty-three cents per gallon ~~((shall apply))~~ applies to the sale, distribution, or use of motor vehicle fuel.

(2) Beginning July 1, 2003, an additional and cumulative motor fuel tax rate of five cents per gallon applies to the sale, distribution, or use of motor vehicle fuel. This subsection (2) expires when the bonds issued for transportation 2003 projects are retired.

**Sec. 302.** RCW 82.38.030 and 2002 c 183 s 2 are each amended to read as follows:

(1) There is hereby levied and imposed upon special fuel users a tax at the rate ~~((computed in the manner provided in RCW 82.36.025 on each))~~ of twenty-three cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature.

(2) Beginning July 1, 2003, an additional and cumulative tax rate of five cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel users. This subsection (2) expires when the bonds issued for transportation 2003 projects are retired.

(3) ~~((The tax))~~ Taxes are imposed ~~((by subsection (1) of this section is imposed))~~ when:

(b) Special fuel is removed in this state from a refinery if either of the following applies:

(i) The removal is by bulk transfer and the refiner or the owner of the special fuel immediately before the removal is not a licensee; or

(ii) The removal is at the refinery rack unless the removal is to a licensed exporter for direct delivery to a destination outside of the state, or the removal is to a special fuel distributor for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

(c) Special fuel enters into this state for sale, consumption, use, or storage if either of the following applies:

- (i) The entry is by bulk transfer and the importer is not a licensee; or

- (f) Dyed special fuel is used on a highway, as authorized by the internal revenue code, unless the use is exempt from the special fuel tax;
- (g) Dyed special fuel is held for sale, sold, used, or is intended to be used in violation of this chapter;
- (h) Special fuel purchased by an international fuel tax agreement licensee under RCW 82.38.320 is used on a highway; and
- (i) Special fuel is sold by a licensed special fuel supplier to a special fuel distributor, special fuel importer, or special fuel blender and the special fuel is not removed from the bulk transfer- terminal system.

~~((3))~~ (4) The tax imposed by this chapter, if required to be collected by the licensee, is held in trust by the licensee until paid to the department, and a licensee who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a felony, or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to collect the tax imposed by this section, or who has collected the tax and fails to pay it to the department in the manner prescribed by this chapter, is personally liable to the state for the amount of the tax.

**Sec. 303.** RCW 46.68.090 and 1999 c 269 s 2 and 1999 c 94 s 6 are each reenacted and amended to read as follows:

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

**SENATE AMENDMENTS TO HOUSE BILL**

April 15, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1712, with the following amendments:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9A.44.130 and 2002 c 31 s 1 are each amended to read as follows:

(1) Any adult or juvenile residing whether or not the person has a fixed residence, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation, or as otherwise specified in this section. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex

offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile: (a) Who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's intent to attend the institution; (b) who gains employment at a public or private institution of higher education shall, within ten days of accepting employment or by the first business day after commencing work at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's employment by the institution; or (c) whose enrollment or employment at a public or private institution of higher education is terminated shall, within ten days of such termination, notify the sheriff for the county of the person's residence of the person's termination of enrollment or employment at the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.

(3)(a) The person shall provide the following information when registering: (i) Name; (ii) address; (iii) date and place of birth; (iv) place of employment; (v) crime for which convicted; (vi) date and place of conviction; (vii) aliases used; (viii) social security number; (ix) photograph; and (x) fingerprints.

(b) Any person who lacks a fixed residence shall provide the following information when registering: (i) Name; (ii) date and place of birth; (iii) place of employment; (iv) crime for which convicted; (v) date and place of conviction; (vi) aliases used; (vii) social security number; (viii) photograph; (ix) fingerprints; and (x) where he or she plans to stay.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) **OFFENDERS IN CUSTODY.** (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) **OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION.** Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) **OFFENDERS UNDER FEDERAL JURISDICTION.** Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997,

must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) **OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED.** Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) **OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS.** Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) **OFFENDERS WHO LACK A FIXED RESIDENCE.** Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) **OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION.** Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) **OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE.** Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(a) "Sex offense" means:

(i) Any offense defined as a sex offense by RCW 9.94A.030;

(ii) Any violation under RCW 9A.44.096 (sexual misconduct with a minor in the second degree);

(iii) Any violation under RCW 9.68A.090 (communication with a minor for immoral purposes);

(iv) Any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a sex offense under this subsection; and

(v) Any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030 or this subsection.

(b) "Kidnapping offense" means: (i) The crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment, as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor's parent; (ii) any offense that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a kidnapping offense under this subsection (9)(b); and (iii) any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a kidnapping offense under this subsection (9)(b).

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(10) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (9)(a) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(11) A person who knowingly fails to register or who moves within the state without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (9)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (9)(b) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

**Sec. 2.** RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources (~~other than state funds~~), the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III registered sex offenders in the state of Washington. The web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county- operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee (~~of for~~) or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs."

On page 1, line 2 of the title, after "offenders;" strike the remainder of the title and insert "and amending RCW 9A.44.130 and 4.24.550."

There being no objection, the House refused to concur in the Senate Amendment to HOUSE BILL NO. 1712 and asked the Senate to recede therefrom.

**SENATE AMENDMENTS TO HOUSE BILL**

April 16, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1788, with the following amendments:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 39.10 RCW to read as follows:

(1) Public bodies may use a job order contract for public works projects when:

- (a) A public body has made a determination that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for public works projects or repair required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project;
- (b) The work order to be issued for a particular project does not exceed two hundred thousand dollars;
- (c) Less than twenty percent of the dollar value of the work order consists of items of work not contained in the unit price book; and
- (d) At least eighty percent of the job order contract must be subcontracted to entities other than the job order contractor.

(2) Public bodies shall award job order contracts through a competitive process utilizing public requests for proposals. Public bodies shall make an effort to solicit proposals from a certified minority or certified woman-owned contractor to the extent permitted by the Washington state civil rights act, RCW 49.60.400. The public body shall publish, at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public works will be done, a request for proposals for job order contracts and the availability and location of the request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:

- (a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;
- (b) The reasons for using job order contracts;
- (c) A description of the qualifications required of the proposer;
- (d) The identity of the specific unit price book to be used;
- (e) The minimum contracted amount committed to the selected job order contractor;
- (f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, proposal price and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on similar contracts; ability to meet time and budget requirements; ability to provide a performance and payment bond for the job order contract; recent, current, and projected work loads of the proposer; location; and the concept of the proposal;
- (g) The form of the contract to be awarded;
- (h) The method for pricing renewals of or extensions to the job order contract;
- (i) A notice that the proposals are subject to the provisions of RCW 39.10.100; and
- (j) Other information relevant to the project.

(3) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit final proposals, including sealed bids based upon the identified unit price book. Such bids may be in the form of coefficient markups from listed price book costs. The public body shall award the contract to the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public request for proposals.

(4) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body's decision on the protest.

(5) The public body shall issue no work orders until it has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as

provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(7) The maximum total dollar amount that may be awarded under a job order contract shall not exceed three million dollars in the first year of the job order contract, five million dollars over the first two years of the job order contract, and, if extended or renewed, eight million dollars over the three years of the job order contract.

(8) For each job order contract, public bodies shall not issue more than two work orders equal to or greater than one hundred fifty thousand dollars in a twelve-month contract performance period.

(9) All work orders issued for the same project shall be treated as a single work order for purposes of the one hundred fifty thousand dollar limit on work orders in subsection (8) of this section and the two hundred thousand dollar limit on work orders in subsection (1)(b) of this section.

(10) Any new permanent, enclosed building space constructed under a work order shall not exceed two thousand gross square feet.

(11) Each public body may have no more than two job order contracts in effect at any one time.

(12) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract. The alternate filing provisions of RCW 39.12.040(2) shall apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(13) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts.

(14) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for a job order contract must be determined as of the time of the execution of the job order contract and any extension or renewal.

(15) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the general conditions for Washington state facility construction. This will be the contractor's sole remedy.

(16) All job order contracts awarded under this section must be executed before July 1, 2007, however the job order contract may be extended or renewed as provided for in this section.

(17) For purposes of this section, "public body" includes any school district.

**Sec. 2.** RCW 39.10.020 and 2001 c 328 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(7) "Work order" means an order issued for a definite scope of work to be performed pursuant to a job order contract.

**Sec. 3.** RCW 39.10.067 and 2002 c 46 s 3 are each amended to read as follows:

In addition to the projects authorized in RCW 39.10.061, public bodies may also use the general contractor/construction manager contracting procedure for the construction of school district capital demonstration projects, subject to the following conditions:

(2) Under the job order contracting procedure described in section 1 of this act, bonds will be in an amount not less than the dollar value of all open work orders.

**Sec. 5.** RCW 39.30.060 and 2002 c 163 s 2 are each amended to read as follows:

(1) Every invitation to bid on a prime contract that is expected to cost one million dollars or more for the construction, alteration, or repair of any public building or public work of the state or a state agency or municipality as defined under RCW 39.04.010 or an institution of higher education as defined under RCW 28B.10.016 shall require each prime contract bidder to submit as part of the bid, or within one hour after the published bid submittal time, the names of the subcontractors with whom the bidder, if awarded the contract, will

subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW; and electrical as described in chapter 19.28 RCW, or to name itself for the work. The prime contract bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder's bid nonresponsive and, therefore, void.

(2) Substitution of a listed subcontractor in furtherance of bid shopping or bid peddling before or after the award of the prime contract is prohibited and the originally listed subcontractor is entitled to recover monetary damages from the prime contract bidder who executed a contract with the public entity and the substituted subcontractor but not from the public entity inviting the bid. It is the original subcontractor's burden to prove by a preponderance of the evidence that bid shopping or bid peddling occurred. Substitution of a listed subcontractor may be made by the prime contractor for the following reasons:

(a) Refusal of the listed subcontractor to sign a contract with the prime contractor;  
(b) Bankruptcy or insolvency of the listed subcontractor;  
(c) Inability of the listed subcontractor to perform the requirements of the proposed contract or the project;

(d) Inability of the listed subcontractor to obtain the necessary license, bonding, insurance, or other statutory requirements to perform the work detailed in the contract; or

(e) The listed subcontractor is barred from participating in the project as a result of a court order or summary judgment.

(3) The requirement of this section to name the prime contract bidder's proposed HVAC, plumbing, and electrical subcontractors applies only to proposed HVAC, plumbing, and electrical subcontractors who will contract directly with the prime contract bidder submitting the bid to the public entity.

(4) This section does not apply to job order contract requests for proposals under section 1 of this act.

**NEW SECTION. Sec. 6.** A new section is added to chapter 39.12 RCW to read as follows:

Job order contracts under section 1 of this act must pay prevailing wages for all work that would otherwise be subject to the requirements of this chapter. Prevailing wages for a job order contract must be determined as of the time the job order contract and any extension or renewal is executed.

**Sec. 7.** RCW 60.28.011 and 2000 c 185 s 1 are each amended to read as follows:

(1) Public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of:

(a) The claims of any person arising under the contract; and (b) the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant shall be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide

labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.020 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue and the materialmen and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW (~~(39.10.060)~~) 39.10.061. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Contract retainage" means an amount reserved by a public body from the moneys earned by a person under a public improvement contract.

(b) "Person" means a person or persons, mechanic, subcontractor, or materialperson who performs labor or provides materials for a public improvement contract, and any other person who supplies the person with provisions or supplies for the carrying on of a public improvement contract.

(c) "Public body" means the state, or a county, city, town, district, board, or other public body.

(d) "Public improvement contract" means a contract for public improvements or work, other than for professional services, or a work order as defined in RCW 39.10.020.

### SENATE AMENDMENTS TO HOUSE BILL

April 15, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1113, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 87.80.005 and 1996 c 320 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Area of jurisdiction" means all lands within the exterior boundary of the composite area served by the irrigation entities that comprise the board of joint control as the boundary is represented on the map filed under RCW 87.80.030.

(2) "Irrigation entity" means an irrigation district or an operating entity for a division within a federal reclamation project. For the purposes of this chapter, a water company, a water users' association, a municipality, a water right owner and user of irrigation water, or any other entity that provides irrigation water as a primary purpose, is an irrigation entity when creating or joining a board of joint control with an irrigation district or operating entity for a division within a federal reclamation project.

(3) "Joint use facilities" means those works, including reservoirs, canals, ditches, natural streams in which the irrigation entity has rights of conveyance under RCW 90.03.030, hydroelectric facilities, pumping stations, drainage works, reserved works as may be transferred by contracts with the United States, and system interties that are determined by the board of joint control to provide common benefit to its members.

(4) "Ownership interest" means the irrigation entity holds water rights in its name for the benefit of itself, its water users or, in federal reclamation projects, the irrigation entity has a contractual responsibility for delivery of water to its individual water users.

(5) "Source of water" means a hydrological distinct river and tributary system or aquifer system from which board of joint control member entities appropriate water.

**Sec. 2.** RCW 87.80.030 and 1996 c 320 s 4 are each amended to read as follows:

The petition for the creation of a board of joint control shall be addressed to the board of county commissioners, shall describe generally the relationship, if any, of the irrigation entities to an established federal reclamation project, the primary water works of the entities including reservoirs, main canals, hydroelectric facilities, pumping stations, and drainage facilities, giving them their local names, if any they have, and shall show generally the physical relationship of the lands being watered from the water facilities. However, lands included in any irrigation entity involved need not be described individually but shall be included by stating the name of the irrigation entity and all the irrigable lands in the irrigation entity named shall by that method be deemed to be involved unless otherwise specifically stated in the petition. Further, the petition must propose the formula for board of joint control apportionment of costs among its members, and may propose the composition of the board of joint control as to membership, chair, and voting structure. When a board of joint control includes irrigation entities other than an irrigation district or an operating entity for a division within a federal reclamation project as provided in RCW 87.80.005, the voting structure must be such that the votes apportioned to those entities are less than fifty percent of the total votes.

The petition shall also state generally the reasons for the creation of a board of joint control and any other matter the petitioners deem material, and shall allege that it is in the public interest and to the benefit of all the owners of the lands receiving water within the area of jurisdiction, that the board of joint control be created and request that the board of county commissioners consider the petition and take the necessary steps provided by law for the creation of a board of joint control. The petition shall be accompanied by a map showing the area of jurisdiction and the general location of the water supply and distribution facilities.

**Sec. 3.** RCW 87.80.130 and 1998 c 84 s 2 are each amended to read as follows:

(1) A board of joint control created under the provisions of this chapter shall have full authority within its area of jurisdiction to enter into and perform any and all necessary contracts; to accept grants and loans, including, but not limited to, those provided under chapters 43.83B and 43.99E RCW, to appoint and employ and discharge the necessary officers, agents, and employees; to sue and be sued as a board but without personal liability of the members thereof in any and all matters in which all the irrigation entities represented on the board as a whole have a common interest without making the irrigation entities parties to the suit; to represent the entities in all matters of common interest as a whole within the scope of this chapter; and to do any and all lawful acts required and expedient to carry out the purposes of this chapter. A board of joint control may, subject to the same limitations as an irrigation district operating under chapter 87.03 RCW, acquire any property or property rights for use within the board's area of jurisdiction by power of eminent domain; acquire, purchase, or lease in its own name all necessary real or personal property or property rights; and sell, lease, or exchange any surplus real or personal property or property rights. Any transfers of water, however, are limited to transfers authorized under subsection (2) of this section.

(2)(a) A board of joint control is authorized and encouraged to pursue conservation and system efficiency improvements to optimize the use of appropriated waters and to either redistribute the saved water within its area of jurisdiction, or((~~or~~)) transfer the water to others, or both. A redistribution of saved water as an operational practice internal to the board of joint control's area of jurisdiction, may be authorized if it can be made without detriment or injury to rights existing outside of the board of control's area of jurisdiction, including instream flow water rights established under state or federal law.

(b) Prior to undertaking a water conservation or system efficiency improvement project (~~which~~) that will result in a redistribution of saved water, the board of joint control must consult with the department of ecology and, if the board's jurisdiction is within a United States reclamation project, the board must obtain the

approval of the bureau of reclamation. The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users.

(c) A board of joint control does not have the power to authorize a change of any water right that would change the point or points of diversion, purpose of use, or place of use outside the board's area of jurisdiction, without the approval of the department of ecology pursuant to RCW 90.03.380 and, if the board's jurisdiction is within a United States reclamation project, the approval of the bureau of reclamation. Any change in place of use that results from a transfer of water between the individual entities of the board of joint control shall not result in any reduction in the total water supply available in a federal reclamation project. In making the determination of whether a change of place of use in an area covered by a federal reclamation project will result in a reduction in the total water supply available, the board of joint control shall consult with the bureau of reclamation.

(d) The board of joint control shall notify the department of ecology, and any Indian tribe requesting notice, of transfers of water between the individual entities of the board of joint control. This subsection (2)(d) applies only to a board of joint control created after January 1, 2003.

(3) A board of joint control is authorized to design, construct, and operate either drainage projects, or water quality enhancement projects, or both.

(4) Where the board of joint control area of jurisdiction is totally within a federal reclamation project, the board is authorized to accept operational responsibility for federal reserved works.

(5) Nothing contained in this chapter gives a board of joint control the authority to abridge the existing rights, responsibilities, and authorities of an individual irrigation entity or others within the area of jurisdiction; nor in a case where the board of joint control consists of representatives of two or more divisions of a federal reclamation project shall the board of joint control abridge any powers of an existing board of control created through federal contract; nor shall a board of joint control have any authority to abridge or modify a water right benefiting lands within its area of jurisdiction without consent of the party holding the ownership interest in the water right.

(6) A board of joint control created under this chapter may not use any authority granted to it by this chapter or by RCW 90.03.380 to authorize a transfer of or change in a water right or to authorize a redistribution of saved water before July 1, 1997.

NEW SECTION. Sec. 4. A new section is added to chapter 87.80 RCW to read as follows:  
The provisions of chapter . . . , Laws of 2003 (this act) shall not be construed or interpreted to authorize the impairment of any existing water rights."

On page 1, line 1 of the title, after "control;" strike the remainder of the title and insert "amending RCW 87.80.005, 87.80.030, and 87.80.130; and adding a new section to chapter 87.80 RCW."

and the same is herewith transmitted.

**Sec. 4.** RCW 9.94A.535 and 2002 c 169 s 1 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence unless it is imposed on an offender sentenced under RCW 9.94A.712. An exceptional sentence imposed on an offender sentenced under RCW 9.94A.712 shall be to a minimum term set by the court and a maximum term equal to the statutory maximum sentence for the offense of conviction under chapter 9A.20 RCW.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

The following are illustrative factors which the court may consider in the exercise of its discretion to impose an exceptional sentence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(1) Mitigating Circumstances

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance due to extreme youth, advanced age, disability, or ill health.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

The orders may also include attachment, receivership, or injunctive relief in regard to personal or real property pursuant to Title 7 RCW. In shaping the reach or scope of receivership, attachment, or injunctive relief, the superior court shall provide for the protection of bona fide interests in property, including community property, of persons who were not involved in the violation of this chapter, except to the extent that such interests or property were acquired or used in such a way as to be subject to forfeiture under RCW 9A.82.100(4)(f).

(4) Following a determination of liability, orders may include, but are not limited to:

(a) Ordering any person to divest himself or herself of any interest, direct or indirect, in any enterprise.

(f) Ordering forfeiture first as restitution to any person damaged by an act of criminal profiteering that is part of a pattern of criminal profiteering, or by an offense defined in section 1 of this act, then to the state general fund or antiprofitteering revolving fund of the county, as appropriate, to the extent not already ordered to be paid in other damages, of the following:

(i) Any property or other interest acquired or maintained in violation of RCW 9A.82.060 or 9A.82.080 to the extent of the investment of funds, and any appreciation or income attributable to the investment, from a violation of RCW 9A.82.060 or 9A.82.080.

(ii) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.

(g) Ordering payment to the state general fund or antiprofitteering revolving fund of the county, as appropriate, of an amount equal to the gain a person has acquired or maintained through an offense included in the definition of criminal profiteering.

(5) In addition to or in lieu of an action under this section, the attorney general or county prosecuting attorney may file an action for forfeiture to the state general fund or antiprofitteering revolving fund of the county, as appropriate, to the extent not already ordered paid pursuant to this section, of the following:

(a) Any interest acquired or maintained by a person in violation of RCW 9A.82.060 or 9A.82.080 to the extent of the investment of funds obtained from a violation of RCW 9A.82.060 or 9A.82.080 and any appreciation or income attributable to the investment.

(b) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.

(c) All proceeds traceable to or derived from an offense included in the pattern of criminal profiteering activity, or an offense defined in section 1 of this act, and all moneys, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate the commission of the offense.

(6) A defendant convicted in any criminal proceeding is precluded in any civil proceeding from denying the essential allegations of the criminal offense proven in the criminal trial in which the defendant was convicted. For the purposes of this subsection, a conviction shall be deemed to have occurred upon a verdict, finding, or plea of guilty, notwithstanding the fact that appellate review of the conviction and sentence has been or may be sought. If a subsequent reversal of the conviction occurs, any judgment that was based upon that conviction may be reopened upon motion of the defendant.

(7) The initiation of civil proceedings under this section shall be commenced within three years after discovery of the pattern of criminal profiteering activity or after the pattern should reasonably have been discovered or, in the case of an offense that is defined in section 1 of this act, within three years after the final disposition of any criminal charges relating to the offense, whichever is later.

(8) The attorney general or county prosecuting attorney may, in a civil action brought pursuant to this section, file with the clerk of the superior court a certificate stating that the case is of special public importance. A copy of that certificate shall be furnished immediately by the clerk to the presiding chief judge of the superior court in which the action is pending and, upon receipt of the copy, the judge shall immediately designate a judge to hear and determine the action. The judge so designated shall promptly assign the action for hearing, participate in the hearings and determination, and cause the action to be expedited.

(9) The standard of proof in actions brought pursuant to this section is the preponderance of the evidence test.

(10) A person other than the attorney general or county prosecuting attorney who files an action under this section shall serve notice and one copy of the pleading on the attorney general within thirty days after the action is filed with the superior court. The notice shall identify the action, the person, and the person's attorney. Service of the notice does not limit or otherwise affect the right of the state to maintain an action under this section or intervene in a pending action nor does it authorize the person to name the state or the attorney general as a party to the action.

(11) Except in cases filed by a county prosecuting attorney, the attorney general may, upon timely application, intervene in any civil action or proceeding brought under this section if the attorney general certifies that in the attorney general's opinion the action is of special public importance. Upon intervention, the attorney general may assert any available claim and is entitled to the same relief as if the attorney general had instituted a separate action.

(12) In addition to the attorney general's right to intervene as a party in any action under this section, the attorney general may appear as amicus curiae in any proceeding in which a claim under this section has been asserted or in which a court is interpreting RCW 9A.82.010, 9A.82.080, 9A.82.090, 9A.82.110, or 9A.82.120, or this section.

(13) A private civil action under this section does not limit any other civil or criminal action under this chapter or any other provision. Private civil remedies provided under this section are supplemental and not mutually exclusive.

(14) Upon motion by the defendant, the court may authorize the sale or transfer of assets subject to an order or lien authorized by this chapter for the purpose of paying actual attorney's fees and costs of defense. The motion shall specify the assets for which sale or transfer is sought and shall be accompanied by the defendant's sworn statement that the defendant has no other assets available for such purposes. No order authorizing such sale or transfer may be entered unless the court finds that the assets involved are not subject to possible forfeiture under RCW 9A.82.100(4)(f). Prior to disposition of the motion, the court shall notify the state of the assets sought to be sold or transferred and shall hear argument on the issue of whether the assets are subject to forfeiture under RCW 9A.82.100(4)(f). Such a motion may be made from time to time and shall be heard by the court on an expedited basis.

(15) In an action brought under subsection (1)(a) and (b)(i) of this section, either party has the right to a jury trial.

**Sec. 7.** RCW 9A.82.120 and 2001 c 222 s 16 are each amended to read as follows:

(1) The state, upon filing a criminal action under RCW 9A.82.060 or 9A.82.080 or for an offense defined in section 1 of this act, or a civil action under RCW 9A.82.100, may file in accordance with this section a criminal profiteering lien. A filing fee or other charge is not required for filing a criminal profiteering lien.

(2) A criminal profiteering lien shall be signed by the attorney general or the county prosecuting attorney representing the state in the action and shall set forth the following information:

(a) The name of the defendant whose property or other interests are to be subject to the lien;

(b) In the discretion of the attorney general or county prosecuting attorney filing the lien, any aliases or fictitious names of the defendant named in the lien;

(c) If known to the attorney general or county prosecuting attorney filing the lien, the present residence or principal place of business of the person named in the lien;

(d) A reference to the proceeding pursuant to which the lien is filed, including the name of the court, the title of the action, and the court's file number for the proceeding;

(e) The name and address of the attorney representing the state in the proceeding pursuant to which the lien is filed;

- (f) A statement that the notice is being filed pursuant to this section;
- (g) The amount that the state claims in the action or, with respect to property or other interests that the state has requested forfeiture to the state or county, a description of the property or interests sought to be paid or forfeited;
- (h) If known to the attorney general or county prosecuting attorney filing the lien, a description of property that is subject to forfeiture to the state or property in which the defendant has an interest that is available to satisfy a judgment entered in favor of the state; and
- (i) Such other information as the attorney general or county prosecuting attorney filing the lien deems appropriate.
- (3) The attorney general or the county prosecuting attorney filing the lien may amend a lien filed under this section at any time by filing an amended criminal profiteering lien in accordance with this section that identifies the prior lien amended.
- (4) The attorney general or the county prosecuting attorney filing the lien shall, as soon as practical after filing a criminal profiteering lien, furnish to any person named in the lien a notice of the filing of the lien. Failure to furnish notice under this subsection does not invalidate or otherwise affect a criminal profiteering lien filed in accordance with this section.
- (5)(a) A criminal profiteering lien is perfected against interests in personal property in the same manner as a security interest in like property pursuant to RCW (~~62A.9-302, 62A.9-303, 62A.9-304, 62A.9-305, and 62A.9-306~~) 62A.9A-301 through 62A.9A-316 or as otherwise required to perfect a security interest in like property under applicable law. In the case of perfection by filing, the state shall file, in lieu of a financing statement in the form prescribed by RCW (~~62A.9-402~~) 62A.9A-502, a notice of lien in substantially the following form:

#### NOTICE OF LIEN

Pursuant to RCW 9A.82.120, the state of Washington claims a criminal profiteering lien on all real and personal property of:

Name:

Address:

State of Washington

By (authorized signature)

On receipt of such a notice from the state, a filing officer shall, without payment of filing fee, file and index the notice as if it were a financing statement naming the state as secured party and the defendant as debtor.

(b) A criminal profiteering lien is perfected against interests in real property by filing the lien in the office where a mortgage on the real estate would be filed or recorded. The filing officer shall file and index the criminal profiteering lien, without payment of a filing fee, in the same manner as a mortgage.

(6) The filing of a criminal profiteering lien in accordance with this section creates a lien in favor of the state in:

(a) Any interest of the defendant, in real property situated in the county in which the lien is filed, then maintained, or thereafter acquired in the name of the defendant identified in the lien;

(b) Any interest of the defendant, in personal property situated in this state, then maintained or thereafter acquired in the name of the defendant identified in the lien; and

(c) Any property identified in the lien to the extent of the defendant's interest therein.

(7) The lien created in favor of the state in accordance with this section, when filed or otherwise perfected as provided in subsection (5) of this section, has, with respect to any of the property described in subsection (6) of this section, the same priority determined pursuant to the laws of this state as a mortgage or security interest given for value (but not a purchase money security interest) and perfected in the same manner with respect to such property; except that any lien perfected pursuant to Title 60 RCW by any person who, in the ordinary course of his or her business, furnishes labor, services, or materials, or rents, leases, or otherwise supplies equipment, without knowledge of the criminal profiteering lien, is superior to the criminal profiteering lien.

(8) Upon entry of judgment in favor of the state, the state may proceed to execute thereon as in the case of any other judgment, except that in order to preserve the state's lien priority as provided in this section the state shall, in addition to such other notice as is required by law, give at least thirty days' notice of the execution to any person possessing at the time the notice is given, an interest recorded subsequent to the date the state's lien was perfected.

(9) Upon the entry of a final judgment in favor of the state providing for forfeiture of property to the state, the title of the state to the property:

(a) In the case of real property or a beneficial interest in real property, relates back to the date of filing the criminal profiteering lien or, if no criminal profiteering lien is filed, then to the date of recording of the final judgment or the abstract thereof; or

(b) In the case of personal property or a beneficial interest in personal property, relates back to the date the personal property was seized by the state, or the date of filing of a criminal profiteering lien in accordance with this section, whichever is earlier, but if the property was not seized and no criminal profiteering lien was filed then to the date the final judgment was filed with the department of licensing and, if the personal property is an aircraft, with the federal aviation administration.

(10) This section does not limit the right of the state to obtain any order or injunction, receivership, writ, attachment, garnishment, or other remedy authorized under RCW 9A.82.100 or appropriate to protect the interests of the state or available under other applicable law.

(11) In a civil or criminal action under this chapter, the superior court shall provide for the protection of bona fide interests in property, including community property, subject to liens of persons who were not involved in the violation of this chapter, except to the extent that such interests or property were acquired or used in such a way as to be subject to forfeiture pursuant to RCW 9A.82.100(4)(f).

**NEW SECTION. Sec. 8.** Section 2 of this act expires July 1, 2004.

**NEW SECTION. Sec. 9.** Section 3 of this act takes effect July 1, 2004."

### SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1442, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 64.36 RCW to read as follows:

(1) An effective registration pursuant to this chapter is required for any party to offer to sell a timeshare interest. A promoter who offers to sell or sells revocable timeshare interests in incomplete projects or facilities is limited by and must comply with all of the requirements of RCW 64.36.025. If a promoter seeks to enter into irrevocable purchase agreements with purchasers for timeshare interests in incomplete projects or facilities, the promoter must meet the requirements in this section in addition to RCW 64.36.020 and the following limitations and conditions apply:

(a) The promoter is limited to offering or selling only fee simple deeded timeshare interests;

(b) Construction on the project must have begun by the time the irrevocable purchase agreement is signed and the purchaser must have the right to occupy the unit and use all contracted for amenities no later than within two years of the date that the irrevocable purchase agreement is signed;

(c) The promoter must establish an independent third-party escrow account for the purpose of protecting the funds or other property paid, pledged, or deposited by purchasers;

(d) The promoter's solicitations, advertisements, and promotional materials must clearly and conspicuously disclose that "THE PROJECT IS NOT YET COMPLETED; IT IS STILL UNDER CONSTRUCTION"; and

(e) The promoter's solicitations, advertisements, and promotional materials and the timeshare interest purchase agreement must clearly and conspicuously provide for and disclose the last possible estimated date for completion of construction of any building the promoter is contractually obligated to the purchaser to complete.

(2) The timeshare interest purchase agreement must contain the following language in fourteen-point bold face type: "If the building in which the timeshare interest is located and all contracted for amenities are not completed by [estimated date of completion], the purchaser has the right to void the purchase agreement and is entitled to a full, unqualified refund of all moneys paid."

(3) One hundred percent of all funds or other property that is received from or on behalf of purchasers of timeshare interests prior to the occurrence of events required in this section must be deposited pursuant to a third-party escrow agreement approved by the director. For purposes of this section, "purchasers" includes all persons solicited, offered, or who purchased a timeshare interest by a promoter within the state of Washington. An escrow agent shall maintain the account only in such a manner as to be under the direct supervision and control of the escrow agent. The escrow agent has a fiduciary duty to each purchaser to maintain the escrow accounts in

accordance with good accounting practices and to release the purchaser's funds or other property from escrow only in accordance with this chapter. If the escrow agent receives conflicting demands for funds or property held in escrow, the escrow agent shall immediately notify the department of licensing of the dispute and the department shall determine if and how the funds should be distributed. If the purchaser, promoter, or escrow agent disagrees with the department's determination, the parties have the right to request an administrative hearing under chapter 34.05 RCW. Funds may be released from the escrow account to the purchaser if the purchaser cancels within the cancellation period, or to the promoter only when all three of the following conditions occur:

- (a) The purchaser's cancellation period has expired;
- (b) Closing has occurred; and
- (c) Construction is complete and the building is ready to occupy.

(4) In lieu of depositing purchaser funds into an escrow account, the promoter may post with the department a bond in an amount equal to or greater than the amount that would otherwise be required to be placed into the escrow account.

(5) Any purchaser has the right to void the timeshare purchase agreement and request a full, unqualified refund if construction of the building in which the timeshare interest is located or all contracted for amenities are not completed within two years from the date that the irrevocable purchase agreement is signed or by the last estimated date of construction contained in the irrevocable purchase agreement, whichever is earlier.

(6) If the completed timeshare building or contracted for amenities are materially and adversely different from the building or amenities that were promised to purchasers at the time that the purchase agreements were signed, the director may declare any or all of the purchaser contracts void. Before declaring the contracts void, the director shall give the promoter the opportunity for a hearing in accordance with chapters 34.05 and 18.235 RCW.

(7) If the promoter intends to or does pledge or borrow against funds or properties, that are held in escrow or protected by a bond, to help finance in whole or in part the construction of the timeshare project or to help pay for operating costs, this must be fully, plainly, and conspicuously disclosed in all written advertising, in all written solicitations for the sale of the timeshare interests, in the registration with the director, and in the purchase agreement or contract.

(8) A promoter who obtains an effective registration for a revocable timeshare interest reservation must meet the requirements of this section in order to complete an irrevocable purchase agreement."

On page 1, line 1 of the title, after "timeshares;" strike the remainder of the title and insert "and adding a new section to chapter 64.36 RCW."

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature finds that Washington's innovation and trade-driven economy has provided tremendous opportunities for citizens of the state, but that there is no guarantee that globally competitive firms will continue to grow and locate in the state. The legislature also finds that developing an effective economic development strategy for the state and operating effective economic development programs, including work force training, small business assistance, technology transfer, and export assistance, are vital to the state's efforts to encourage employment growth, increase state revenues, and generate economic well-being. In addition, the legislature finds that there is a need for responsive and consistent involvement of the private sector in the state's economic development efforts. It is the intent of the legislature to create an economic development commission that will develop and update the state's economic development strategy and performance measures and provide advice to and oversight of the department of community, trade, and economic development.

**NEW SECTION. Sec. 2.** (1) The Washington state economic development commission is established to oversee the economic development strategies and policies of the department of community, trade, and economic development.

(2)(a) The Washington state economic development commission shall consist of at least seven and no more than nine members appointed by the governor.

(b) In making the appointments, the governor shall consult with organizations that have an interest in economic development, including, but not limited to, industry associations, labor organizations, minority business associations, economic development councils, chambers of commerce, port associations, tribes, and the chairs of the legislative committees with jurisdiction over economic development.

Representation shall derive primarily from the private sector, including, but not limited to, existing and emerging industries, small businesses, women-owned businesses, and minority-owned businesses, but other sectors of the economy that have experience in economic development, including labor organizations and nonprofit organizations, shall be represented as well. A minimum of seventy-five percent of the members shall represent the private sector. Members of the commission shall serve statewide interests while preserving their diverse perspectives, and shall be recognized leaders in their fields with demonstrated experience in disciplines related to economic development.

(3) Members appointed by the governor shall serve at the pleasure of the governor for three-year terms, except that through June 30, 2004, members currently serving on the economic development commission created by executive order may continue to serve at the pleasure of the governor. Of the initial members appointed to

serve after June 30, 2004, two members shall serve one-year terms, three members shall serve two-year terms, and the remainder of the commission members shall serve three-year terms.

(4) The commission chair shall be selected from among the appointed members by the majority vote of the members.

(5) The commission may establish committees as it desires, and may invite nonmembers of the commission to serve as committee members.

(6) The commission may adopt rules for its own governance.

**NEW SECTION. Sec. 3.** The Washington state economic development commission shall perform the following duties:

(1) Review and periodically update the state's economic development strategy, including implementation steps, and performance measures, and perform an annual evaluation of the strategy and the effectiveness of the state's laws, policies, and programs which target economic development;

(2) Provide policy, strategic, and programmatic direction to the department of community, trade, and economic development regarding strategies to:

(a) Promote business retention, expansion, and creation within the state;

(b) Promote the business climate of the state and stimulate increased national and international investment in the state;

(5) Meet with the chairs and ranking minority members of the legislative committees from both the house of representatives and the senate overseeing economic development policies; and

(6) Make a biennial report to the appropriate committees of the legislature regarding the commission's review of the state's economic development policy, the commission's recommendations, and steps taken by the department of community, trade, and economic development to implement the recommendations. The first report is due by December 31, 2004.

**NEW SECTION. Sec. 4.** (1) The Washington state economic development commission shall receive the necessary staff support from the staff resources of the governor, the department of community, trade, and economic development, and other state agencies as appropriate, and within existing resources and operations.

### **SENATE AMENDMENTS TO HOUSE BILL**

April 17, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1640, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.42.005 and 1991 c 347 s 1 are each amended to read as follows:

(1) It is the policy of the state of Washington to recognize and preserve water rights in accordance with RCW 90.03.010.

(2) The legislature finds that:

(a) The state of Washington is faced with a shortage of water with which to meet existing and future needs, particularly during the summer and fall months and in dry years when the demand is greatest;

(b) Consistent with RCW 90.54.180, issuance of new water rights, voluntary water transfers, and conservation and water use efficiency programs, including storage, ((should be the preferred)) all are acceptable methods of addressing water uses because they can relieve current critical water situations, provide for presently unmet needs, and assist in meeting future water needs. Presently unmet needs or current needs includes the water

required to increase the frequency of occurrence of base or minimum flow levels in streams of the state, the water necessary to satisfy existing water rights, or the water necessary to provide full supplies to existing water systems with current supply deficiencies; ~~(and)~~)

(c) The interests of the state and its citizens will be served by developing programs and regional water resource plans, in cooperation with local governments, federally recognized tribal governments, appropriate federal agencies, private citizens, and the various water users and water interests in the state, that increase the overall ability to manage the state's waters in order to resolve conflicts and to better satisfy both present and future needs for water; and

(d) Water banking as a function of the trust water program and as authorized by this chapter can provide an effective means to facilitate the voluntary transfer of water rights established through conservation, purchase, lease, or donation, to preserve water rights and provide water for presently unmet and future needs; and to achieve a variety of water resource management objectives throughout the state, including drought response, improving streamflows on a voluntary basis, providing water mitigation, or reserving water supply for future uses.

**NEW SECTION. Sec. 2.** A new section is added to chapter 90.42 RCW to read as follows:

(1) The department is hereby authorized to use the trust water rights program in the Yakima river basin for water banking purposes.

(2) Water banking may be used for one or more of the following purposes:

(a) To authorize the use of trust water rights to mitigate for water resource impacts, future water supply needs, or any beneficial use under chapter 90.03, 90.44, or 90.54 RCW, consistent with any terms and conditions established by the transferor, except that return flows from water rights authorized in whole or in part for any purpose shall remain available as part of the Yakima basin's total water supply available and to satisfy existing rights for other downstream uses and users;

(b) To document transfers of water rights to and from the trust water rights program; and

(c) To provide a source of water rights the department can make available to third parties on a temporary or permanent basis for any beneficial use under chapter 90.03, 90.44, or 90.54 RCW.

(3) The department shall not use water banking to:

(a) Cause detriment or injury to existing rights;

(b) Issue temporary water rights or portions thereof for new potable uses requiring an adequate and reliable water supply under RCW 19.27.097;

(c) Administer federal project water rights, including federal storage rights; or

(d) Allow carryover of stored water from one water year to another water year.

(4) For purposes of this section and section 6 of this act, "total water supply available" shall be defined as provided in the 1945 consent decree between the United States and water users in the Yakima river basin, and consistent with later interpretation by state and federal courts.

**NEW SECTION. Sec. 3.** A new section is added to chapter 90.42 RCW to read as follows:

(1) The department, with the consent of the water right holder, may identify trust water rights for administration for water banking purposes, including trust water rights established before the effective date of this section.

(2) An application to transfer a water right to the trust water program shall be reviewed under RCW 90.03.380 at the time the water right is transferred to the trust water program for administration for water banking purposes, and notice of the application shall be published by the applicant as provided under RCW 90.03.280. The application must indicate the reach or reaches of the stream where the trust water right will be established before the transfer of the water right or portion thereof from the trust water program, and identify reasonably foreseeable future temporary or permanent beneficial uses for which the water right or portion thereof may be used by a third party upon transfer from the trust water right program. In the event the future place of use, period of use, or other elements of the water right are not specifically identified at the time of the transfer into the trust water program, another review under RCW 90.03.380 will be necessary at the time of a proposed transfer from the trust water program.

**NEW SECTION. Sec. 4.** A new section is added to chapter 90.42 RCW to read as follows:

(1) The department shall transfer a water right or portion thereof being administered for water banking purposes from the trust water program to a third party upon occurrence of all of the following:

(a) The department receives a request for transfer of a water right or portion thereof currently administered by the department for water banking purposes;

(b) The request is consistent with any previous review under RCW 90.03.380 of the water right and future temporary or permanent beneficial uses;

(c) The request is consistent with any condition, limitation, or agreement affecting the water right, including but not limited to any trust water right transfer agreement executed at the time the water right was transferred to the trust water rights program; and

(d) The request is accompanied by and is consistent with an assignment of interest or portion thereof from a person or entity retaining an interest in the trust water right or portion thereof to the party requesting transfer of the water right or portion thereof.

(2) The priority date of the water right or portion thereof transferred by the department from the trust water program for water banking purposes shall be the priority date of the underlying water right.

(3) The department shall issue documentation for that water right or portion thereof to the new water right holder based on the requirements applicable to the transfer of other water rights from the trust water rights program. Such documentation shall include a description of the property to which the water right will be appurtenant after the water right or portion thereof is transferred from the trust water program to a third party.

(4) The department's decision on the transfer of a water right or portion thereof from the trust water program for water banking purposes may be appealed to the pollution control hearings board under RCW 43.21B.230, or to a superior court conducting a general adjudication under RCW 90.03.210.

**NEW SECTION. Sec. 5.** A new section is added to chapter 90.42 RCW to read as follows:

(1) The department shall seek input from agricultural organizations, federal agencies, tribal governments, local governments, watershed groups, conservation groups, and developers on water banking, including water banking procedures and identification of areas in Washington state where water banking could assist in providing water supplies for instream and out-of-stream uses. The department shall summarize any comments received on water banking and submit a report, including any recommendations, to the appropriate committees of the legislature for their consideration in the subsequent legislative session.

(2) By December 31st of every even-numbered year, the department shall submit a report to the appropriate committees of the legislature on water banking activities authorized under section 2 of this act. The report shall:

(a) Evaluate the effectiveness of water banking in meeting the policies and objectives of this chapter;

(b) Describe any statutory, regulatory, or other impediments to water banking in other areas of the state;

and

(c) Identify other basins or regions that may benefit from authorization for the department to use the trust water program for water banking purposes.

**NEW SECTION. Sec. 6.** A new section is added to chapter 90.42 RCW to read as follows:

Nothing in this act shall:

(1) Cause detriment or injury to existing rights or to the operation of the federal Yakima project to provide water for irrigation purposes, existing water supply contracts, or existing water rights;

(2) Diminish in any way existing rights or the total water supply available for irrigation and other purposes in the Yakima basin;

(3) Affect or modify the authority of a court conducting a general adjudication pursuant to RCW 90.03.210; or

(4) Affect or modify the rights of any person or entity under a water rights adjudication or under any order of the court conducting a water rights adjudication.

**NEW SECTION. Sec. 7.** Nothing in this act may be construed to:

(1) Affect or modify any treaty or other federal rights of an Indian tribe, or the rights of any federal agency or other person or entity arising under state or federal law;

### **SENATE AMENDMENTS TO HOUSE BILL**

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1734, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The intent of the adoption of the International Building Code by the legislature is to remain consistent with state laws regulating construction, including electrical, plumbing, and

energy codes established in chapters 19.27, 19.27A, and 19.28 RCW. The International Building Code references the International Residential Code for provisions related to the construction of single and multiple-family dwellings. No portion of the International Residential Code shall supersede or take precedent over provisions in chapter 19.28 RCW, regulating the electrical code; nor provisions in RCW 19.27.031(4), regulating the plumbing code; nor provisions in chapter 19.27A RCW, regulating the energy code.

(2) It is in the state's interest and consistent with the state building code act to have in effect provisions regulating the construction of single and multiple-family residences. It is the legislative intent that the state building code council adopt the International Residential Code through rule making granted in RCW 19.27.074, consistent with state law regulating construction for electrical, plumbing, and energy codes, and other state and federal laws regulating single and multiple-family construction.

(3) In accordance with RCW 19.27.020, the state building code council shall promote fire and life safety in buildings consistent with accepted standards. In adopting the codes for the state of Washington, the state building code council shall consider provisions related to fire fighter safety published by nationally recognized organizations. The state building code council shall review all nationally recognized codes as set forth in RCW 19.27.074.

(4) The legislature finds that building codes are an integral component of affordable housing. In accordance with this finding, the state building code council shall consider and review building code provisions related to improving affordable housing.

**Sec. 2.** RCW 19.27.031 and 1995 c 343 s 1 are each amended to read as follows:

Except as otherwise provided in this chapter, there shall be in effect in all counties and cities the state building code which shall consist of the following codes which are hereby adopted by reference:

(1) ~~((Uniform))~~ (a) ~~The International Building Code ((and Uniform Building Code Standards)), published by the International ((Conference of Building Officials)) Code Council Inc.;~~

~~(b) The International Residential Code, published by the International Code Council, Inc.;~~

(2) ~~((Uniform))~~ ~~The International Mechanical Code, ((including Chapter 13, Fuel Gas Piping, Appendix B-)) published by the International ((Conference of Building Officials)) Code Council Inc., except that the standards for liquefied petroleum gas installations shall be NFPA 58 (Storage and Handling of Liquefied Petroleum Gases) and ANSI Z223.1/NFPA 54 (National Fuel Gas Code);~~

(3) ~~The ((Uniform)) International Fire Code ((and Uniform Fire Code Standards)), published by the International ((Fire Code Institute)) Code Council Inc., including those standards of the National Fire Protection Association specifically referenced in the International Fire Code: PROVIDED, That, notwithstanding any wording in this code, participants in religious ceremonies shall not be precluded from carrying hand-held candles;~~

(4) Except as provided in RCW 19.27.170, the Uniform Plumbing Code and Uniform Plumbing Code Standards, published by the International Association of Plumbing and Mechanical Officials: PROVIDED, That ~~((chapters 11 and 12))~~ any provisions of such code affecting sewers or fuel gas piping are not adopted; and

(5) The rules ~~((and regulations))~~ adopted by the council establishing standards for making buildings and facilities accessible to and usable by the physically ~~((handicapped))~~ disabled or elderly persons as provided in RCW 70.92.100 through 70.92.160.

In case of conflict among the codes enumerated in subsections (1), (2), (3), and (4) of this section, the first named code shall govern over those following.

The codes enumerated in this section shall be adopted by the council as provided in RCW 19.27.074. The council shall solicit input from first responders to ensure that fire fighter safety issues are addressed during the code adoption process.

The council may issue opinions relating to the codes at the request of a local official charged with the duty to enforce the enumerated codes.

**Sec. 3.** RCW 19.27.080 and 1990 c 33 s 555 are each amended to read as follows:

Nothing in this chapter affects the provisions of chapters 19.27A, 19.28, 43.22, 70.77, 70.79, 70.87, 48.48, 18.20, 18.46, 18.51, 28A.305, 70.41, 70.62, 70.75, 70.108, 71.12, 74.15, 70.94, 76.04, 90.76 RCW, or RCW 28A.195.010, or grants rights to duplicate the authorities provided under chapters 70.94 or 76.04 RCW.

**Sec. 4.** RCW 19.27.110 and 1975-'76 2nd ex.s. c 37 s 1 are each amended to read as follows:

Each county government shall administer and enforce the ~~((uniform))~~ International Fire Code in the unincorporated areas of the county: PROVIDED, That any political subdivision or municipal corporation providing fire protection pursuant to RCW 14.08.120 shall, at its sole option, be responsible for administration and enforcement of the ~~((uniform))~~ International Fire Code on its facility. Any fire protection district or political subdivision may, pursuant to chapter 39.34 RCW, the interlocal cooperation act, assume all or a portion of the administering responsibility and coordinate and cooperate with the county government in the enforcement of the ~~((uniform))~~ International Fire Code.

It is not the intent of RCW 19.27.110 and 19.27.111 to preclude or limit the authority of any city, town, county, fire protection district, state agency, or political subdivision from engaging in those fire prevention activities with which they are charged.

It is not the intent of the legislature by adopting the state building code or RCW 19.27.110 and 19.27.111 to grant counties any more power to suppress or extinguish fires than counties currently possess under the Constitution or other statutes.

Each county is authorized to impose fees sufficient to pay the cost of inspections, administration, and enforcement pursuant to RCW 19.27.110 and 19.27.111."

On page 1, line 1 of the title, after "codes;" strike the remainder of the title and insert "amending RCW 19.27.031, 19.27.080, and 19.27.110; and creating a new section."

### SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1755, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 35.13 RCW to read as follows:

(1) The legislative body of a county, city, or town planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process for unincorporated territory by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between a county and any city or town within the county. The territory proposed for annexation must meet the following criteria: (a) Be within the city or town urban growth area designated under RCW 36.70A.110, and (b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous to the annexing city or town or one or more cities or towns.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city or town, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city or town and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in section 2 of this act.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance.

NEW SECTION. Sec. 2. A new section is added to chapter 35.13 RCW to read as follows:

(1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous to the territory proposed for annexation in section 1 of this act if:

(a) The county legislative body initiated an annexation process as provided in section 1 of this act; and

(b) The affected city or town legislative body adopted a responsive resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or

(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in section 1 of this act and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city or town may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the

county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in section 1(4) of this act and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35.13.080 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35.13.070 and 35.13.080. In addition to the provisions of RCW 35.13.070 and 35.13.080, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county.

**NEW SECTION.** **Sec. 3.** A new section is added to chapter 35A.14 RCW to read as follows:

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

The legislative body for either the county or an affected city may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in section 3(4) of this act and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35A.14.070 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35A.14.070. In addition to the provisions of RCW 35A.14.070, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county.

**Sec. 5.** RCW 36.70A.110 and 1997 c 429 s 24 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only

if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

On page 1, line 2 of the title, after "territory;" strike the remainder of the title and insert "amending RCW 36.70A.110; adding new sections to chapter 35.13 RCW; and adding new sections to chapter 35A.14 RCW."

and the same is herewith transmitted.

(1) The following property shall be exempt from taxation:

~~((+)) (a) All art, scientific, or historical collections of associations maintaining and exhibiting such collections for the benefit of the general public and not for profit, together with all real and personal property of such associations used exclusively for the safekeeping, maintaining and exhibiting of such collections; (and)~~

~~(b) If the property is not currently being used for an exempt purpose but will be used for an exempt purpose within a reasonable period of time, the nonprofit organization, association, or corporation claiming the exemption must submit proof that a reasonably specific and active program is being carried out to construct, remodel, or otherwise enable the property to be used for an exempt purpose. The property does not qualify for an exemption during this interim period if the property is used by, loaned to, or rented to a for-profit organization or business enterprise. ~~(b) The property is not used for pecuniary gain or to promote business activities for more than seven of the twenty-five days in the calendar year;~~

(ii) Except for the exemptions under RCW 84.36.030(4) ~~((and)),~~ 84.36.037, and 84.36.060(1) (a) and (b), the property would be exempt from tax if owned by the organization to which it is loaned or rented;

(b) The use of the property for fund-raising activities does not subject the property to tax if the fund-raising activities are consistent with the purposes for which the exemption is granted.

(3) The property must be irrevocably dedicated to the purpose for which exemption has been granted, and on the liquidation, dissolution, or abandonment by said organization, association, or corporation, said property will not inure directly or indirectly to the benefit of any shareholder or individual, except a nonprofit organization, association, or corporation which too would be entitled to property tax exemption. This property need not be irrevocably dedicated if it is leased or rented to those qualified for exemption under this chapter or RCW 84.36.560 for leased property, but only if under the terms of the lease or rental agreement the nonprofit organization, association, or corporation receives the benefit of the exemption.

(4) The facilities and services must be available to all regardless of race, color, national origin or ancestry.

### SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2073, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 40.14.070 and 1999 c 326 s 2 are each amended to read as follows:

(1)(a) County, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division. The archivist, a representative appointed by the state auditor, and a representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.

(b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

(2)(a) Except as otherwise provided by law, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:

(i) The records are six or more years old;

(ii) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established; or

(iii) The originals of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention,

preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(b) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020 that are not required in the current operation of the law enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency's retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic retention of any document, the association shall be permitted to destroy the paper copy of the document.

(c) Any record transferred to the Washington association of sheriffs and police chiefs pursuant to (b) of this subsection shall be deemed to no longer constitute a public record pursuant to RCW 42.17.020 and shall be exempt from public disclosure. Such records shall be disseminated only to criminal justice agencies as defined in RCW 10.97.030 for the purpose of determining if a sex offender met the criteria of a sexually violent predator as defined in chapter 71.09 RCW.

(3) Except as otherwise provided by law, county, municipal, and other local government agencies may, as an alternative to destroying noncurrent public records having no further administrative or legal value, donate the public records to the state library, local library, historical society, genealogical society, or similar society or organization.

Public records may not be donated under this subsection unless:

(a) The records are seventy years old or more;

(b) The local records committee has approved the destruction of the public records; and

(c) The state archivist has determined that the public records have no historic interest."

#### **SENATE AMENDMENTS TO HOUSE BILL**

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2111, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that ten years have passed since the state attempted to redefine the relationship with its institutions of higher education based on trust, evidence, and a new alignment of responsibilities, as articulated in chapter 363, Laws of 1993.

(2) However, the legislature also finds that the intent to combine institutional flexibility and authority to make decisions at the local level with accountability for achieving statewide goals and objectives has never been fully achieved, in part because there has not been an operating mechanism through which to implement this relationship.

(3) Therefore, the legislature intends to explore opportunities to create performance contracts between the state and public institutions of higher education. It is the intent of the legislature that such a contract would constitute a negotiated agreement between the state and an institution, where the state's primary interest would lie not in the management and operations of an institution, but in the institution's contribution to achieving agreed-upon statewide goals and objectives for higher education.

NEW SECTION. Sec. 2. (1) A work group on higher education performance contracts is established. The work group shall consist of members as follows:

- (a) The members of the house and senate higher education and fiscal committees;
- (b) One representative of the higher education coordinating board, appointed by the board;
- (c) One representative of the state board for community and technical colleges, appointed by the state board;
- (d) Two representatives of public four-year institutions of higher education, appointed by the council of presidents;
- (e) Two representatives of the community and technical colleges, appointed by the Washington association of community and technical colleges; and
- (f) One representative of the governor's office and one representative of the office of financial management, each appointed by the governor.

(2) The work group may invite input from other interested parties, including but not limited to faculty and student representatives and representatives of the business community. Within available funds, the work group may obtain additional expertise or engage consultants if necessary to carry out its work.

(3) The work group shall:

- (a) Examine the experience of other states in developing and implementing performance contracts with institutions of higher education;
  - (b) Consider the feasibility of implementing performance contracts in Washington;
  - (c) Identify whether amendments to current laws may be necessary to implement performance contracts;
- and

- (d) Develop guidelines and possible models for performance contracts, including:
  - (i) The types of indicators and benchmarks that could be included in a contract to measure an institution's progress in meeting the contract's objectives; and
  - (ii) The types of flexibility, exemptions, or commitments that could be included in a contract to reflect the state's obligation to an institution.

(4) The work group shall use legislative facilities and staff from senate committee services and the office of program research. Each nonlegislative member of the work group shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060. Travel expenses for the nonlegislative members shall be paid by their respective institutions or agencies.

(5) The work group shall report its findings and recommendations to the higher education and fiscal committees of the legislature by December 15, 2003.

NEW SECTION. Sec. 3. This act expires June 30, 2004."

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same is herewith transmitted.

### **SENATE AMENDMENTS TO HOUSE BILL**

April 10, 2003]

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2146, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person applying for a tax deferral under this chapter.

(2) "Department" means the department of revenue.

(3) "Eligible area" means a county with fewer than one hundred persons per square mile as determined annually by the office of financial management and published by the department effective for the period July 1st through June 30th, or a county that has a population of less than two hundred twenty-five thousand as determined by the office of financial management and has an area greater than two hundred twenty-five square miles.

(4)(a) "Eligible investment project" means an investment project in an eligible area.

(b) The lessor or owner of a qualified building is not eligible for a deferral unless the underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the deferral to the lessee in the form of reduced rent payments.

(c) "Eligible investment project" does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010(5), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part, or investment projects which have already received deferrals under this chapter.

(5) "Investment project" means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction of the project.

(6) "Manufacturing" means the same as defined in RCW 82.04.120. "Manufacturing" also includes computer programming, the production of computer software, and other computer-related services, and the activities performed by research and development laboratories and commercial testing laboratories.

(7) "Person" has the meaning given in RCW 82.04.030.

(8) "Qualified buildings" means construction of new structures, and expansion or renovation of existing structures for the purpose of increasing floor space or production capacity used for manufacturing and research and development activities, including plant offices and warehouses or other facilities for the storage of raw material or finished goods if such facilities are an essential or an integral part of a factory, mill, plant, or laboratory used for manufacturing or research and development. If a building is used partly for manufacturing or research and development and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.

(9) "Qualified machinery and equipment" means all new industrial and research fixtures, equipment, and support facilities that are an integral and necessary part of a manufacturing or research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery.

(10) "Recipient" means a person receiving a tax deferral under this chapter.

(11) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun. As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.

(12) "Wood biomass fuel" means a pyrolytic liquid fuel or synthesis gas-derived liquid fuel, used in internal combustion engines, and produced from wood, forest, or field residue, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma- arsenic.

**NEW SECTION. Sec. 2.** (1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application shall be made to the department in a form and manner prescribed by the department. The application shall contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department.

(2) The department shall rule on the application within sixty days. The department shall keep a running total of all deferrals granted under this chapter during each fiscal biennium.

**NEW SECTION. Sec.3.** (1) The department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project that is located in an eligible area as defined in section 1 of this act, if the investment project is undertaken for the purpose of manufacturing wood biomass fuel.

(2) This section expires July 1, 2009.

**NEW SECTION. Sec. 4.** (1) For the purposes of this section:

(a) "Eligible area" means a designated community empowerment zone approved under RCW 43.31C.020 or a county containing a community empowerment zone.

(b) "Eligible investment project" means an investment project undertaken for the purpose of manufacturing wood biomass fuel that is located in an eligible area.

(c) "Qualified employment position" means a permanent full-time employee employed in the eligible investment project during the entire year.

(2) In addition to the provisions of section 3 of this act, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment on which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

**NEW SECTION. Sec. 5.** (1) Each recipient of a deferral granted under this chapter after June 30, 2003, shall submit a report to the department on December 31st of the year in which the investment project is certified by the department as having been operationally completed, and on December 31st of each of the seven succeeding calendar years. The report shall contain information, as required by the department, from which the department may determine whether the recipient is meeting the requirements of this chapter. If the recipient fails to submit a report or submits an inadequate report, the department may declare the amount of deferred taxes outstanding to be immediately assessed and payable.

(2) If, on the basis of a report under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project are immediately due. For any taxes that are due, penalties and interest applicable to delinquent excise taxes shall be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

(3) Deferred taxes need not be repaid if the department determines, in accordance with the provisions of subsection (1) of this section, that the recipient has met the requirements of this chapter for the seven calendar years following the certification by the department that the investment project has been operationally completed.

**NEW SECTION. Sec. 6.** The employment security department shall make, and certify to the department of revenue, all determinations of employment and wages as requested by the department under this chapter.

**NEW SECTION. Sec. 7.** Chapter 82.32 RCW applies to the administration of this chapter.

**NEW SECTION. Sec. 8.** Applications, reports, and any other information received by the department under this chapter shall not be confidential and shall be subject to disclosure.

**NEW SECTION. Sec. 9.** A new section is added to chapter 84.36 RCW to read as follows:

(1) For the purposes of this section, "wood biomass fuel" means a pyrolytic liquid fuel or synthesis gas-derived liquid fuel, used in internal combustion engines, and produced from wood, forest, or field residue, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma-arsenic.

(2)(a) All buildings, machinery, equipment, and other personal property which is used primarily for the manufacturing of wood biomass fuel, the land upon which this property is located, and land that is reasonably necessary in the manufacturing of wood biomass fuel, but not land necessary for growing of crops, which together comprise a new manufacturing facility or an addition to an existing manufacturing facility, are exempt from property taxation for the six assessment years following the date on which the facility or the addition to the existing facility becomes operational.

(b) For manufacturing facilities which produce products in addition to wood biomass fuel, the amount of the property tax exemption shall be based upon the annual percentage of the total value of all products manufactured that is the value of the wood biomass fuel manufactured.

(3) Claims for exemptions authorized by this section shall be filed with the county assessor on forms prescribed by the department of revenue and furnished by the assessor. Once filed, the exemption is valid for six years and shall not be renewed. The assessor shall verify and approve claims as the assessor determines to be justified and in accordance with this section. Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.54 RCW to read as follows:

(1) Except for community and technical colleges, each degree-granting public or private postsecondary residential campus that provides on-campus or group housing shall provide information on meningococcal disease to each enrolled matriculated first-time student. Community and technical colleges must provide the information only to those students who are offered on-campus or group housing. The information about meningococcal disease shall include:

(a) Symptoms, risks, especially as the risks relate to circumstances of group living arrangements, and treatment; and

(b) Information on the vaccination that may prevent the student from contracting the disease, that students in the high-risk group consider receiving the vaccine, and where the vaccination can be received.

(2) This section shall not be construed to require the department of health or the postsecondary educational institution to provide the vaccination to students.

(3) The department of health shall be consulted regarding the preparation of the information materials provided to the first-time students.

(4) If institutions provide electronic enrollment or registration to first-time students, the information required by this section shall be provided electronically and acknowledged by the student before completion of electronic enrollment or registration.

(5) This section does not create a private right of action.

NEW SECTION. Sec. 2. This act takes effect July 1, 2004."

On page 1, line 3 of the title, after "institutions;" strike the remainder of the title and insert "adding a new section to chapter 70.54 RCW; and providing an effective date."

### SENATE AMENDMENTS TO HOUSE BILL

April 16, 2003

Mr. Speaker:

The Senate has passed HOUSE JOINT MEMORIAL NO. 4021, with the following amendment:

Beginning on page 1, after line 10, strike all material through "Washington." on page 3, line 2, and insert the following:

"WHEREAS, The State of Washington's economy is constructed on affordable and reliable electricity; and

WHEREAS, Energy prices in the Northwest are threatening businesses and industries, including aluminum companies; and

WHEREAS, The Bonneville Power Administration is proposing yet another rate increase to go into effect on October 1, 2003; and

WHEREAS, The proposed increase is 15% more than the current rates, which are already extremely high due to the more than 50% increase that has already occurred in the last couple of years; and

WHEREAS, This increase will cost the state's economy one billion dollars over the next three years; and

WHEREAS, Many industries moved to Washington to take advantage of low-cost hydroelectric power. They are now paying more for power in Washington than in most of their other locations in the nation; and

WHEREAS, Without affordable energy for these industries (aluminum, pulp and paper, aerospace, agriculture, etc.), thousands of family-wage jobs will be lost; and

WHEREAS, Many of these jobs are in rural and economically challenged areas. These industries are at the core of many Northwest communities and provide the foundation for numerous secondary employment opportunities and also provide substantial tax revenues; and

WHEREAS, The proposed rate increase will do more than jeopardize high paying jobs. The nation is suffering a severe recession and the Pacific Northwest is already the hardest hit region in the country; and

WHEREAS, Any increase in Bonneville Power Administration rates will only slow or prevent economic recovery as well as exacerbate the state's budget crisis; and

WHEREAS, The Bonneville Power Administration has the tools available to meet all of its legal obligations, including protecting fish and wildlife, without raising rates; and

WHEREAS, As a result of its \$500 million in prepayments to Treasury to avoid a rate increase, the Bonneville Power Administration can cut costs (not just slow its rate of growth) and utilize its newly acquired additional borrowing authority and the flexibility it has garnered; and

WHEREAS, This region simply cannot support an additional billion dollar hit to its economy over the next three years;

NOW, THEREFORE, Your Memorialists respectfully communicate their request for the Bonneville Power Administration to refrain from adopting rate increases at this time, unless absolutely necessary to preserve its bond rating, and to use other tools at its disposal to manage costs until economic recovery is in sight.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, Steven Wright, Administrator of the Bonneville Power Administration, Spencer Abraham, Secretary of Energy, Tom Ridge, Secretary of the Department of Homeland Security, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

and the same is herewith transmitted.

Milt H. Doumit, Secretary

There being no objection, the House refused to concur in the Senate Amendment to HOUSE JOINT MEMORIAL NO. 4021 and asked the Senate to recede therefrom.

### SENATE AMENDMENTS TO HOUSE BILL

April 16, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1250, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 79.90.480 and 1998 c 185 s 2 are each amended to read as follows:

Except as otherwise provided by this chapter, annual rent rates for the lease of state-owned aquatic lands for water-dependent uses shall be determined as follows:

(1)(a) The assessed land value, exclusive of improvements, as determined by the county assessor, of the upland tax parcel used in conjunction with the leased area or, if there are no such uplands, of the nearest upland tax parcel used for water-dependent purposes divided by the parcel area equals the upland value.

(b) The upland value times the area of leased aquatic lands times thirty percent equals the aquatic land value.

(2) As of July 1, 1989, and each July 1 thereafter, the department shall determine the real capitalization rate to be applied to water-dependent aquatic land leases commencing or being adjusted under subsection (3)(a) of this section in that fiscal year. The real capitalization rate shall be the real rate of return, except that until June 30, 1989, the real capitalization rate shall be five percent and thereafter it shall not change by more than one percentage point in any one year or be more than seven percent or less than three percent.

(3) The annual rent shall be:

(a) Determined initially, and redetermined every four years or as otherwise provided in the lease, by multiplying the aquatic land value times the real capitalization rate; and

(b) Adjusted by the inflation rate each year in which the rent is not determined under subsection (3)(a) of this section.

(4) If the upland parcel used in conjunction with the leased area is not assessed or has an assessed value inconsistent with the purposes of the lease, the nearest comparable upland parcel used for similar purposes shall be substituted and the lease payment determined in the same manner as provided in this section.

(5) For the purposes of this section, "upland tax parcel" is a tax parcel, some portion of which has upland characteristics. Filled tidelands or shorelands with upland characteristics which abut state-owned aquatic land shall be considered as uplands in determining aquatic land values.

(6) The annual rent for filled state-owned aquatic lands that have the characteristics of uplands shall be determined in accordance with RCW 79.90.500 in those cases in which the state owns the fill and has a right to charge for the fill.

~~(7)(a) For leases for marina uses only, ((beginning on June 11, 1998)) as of July 1, 2004, ((the annual rental rates in effect on December 31, 1997, shall remain in effect until July 1, 1999, at which time the annual water-dependent rent shall be determined by the method in effect at that time. In order to be eligible for the rate to remain at this level, a marina lease must be in good standing, meaning that the lessee must be current with payment of rent, the lease not expired or in approved holdover status, and the lessee not in breach of other terms of the agreement)) lease rates will be a percentage of the annual gross revenues generated by that marina. It is the intent of the legislature that additional legislation be enacted prior to July 1, 2004, to establish the percentage of gross revenues that will serve as the basis for a marina's rent and a definition of gross revenues. Annual rent must be recalculated each year based upon the marina's gross revenues from the previous year, as reported to the department consistent with this subsection (7).~~

~~(b) By December 31, 2003, the department will develop a recommended formula for calculating marina rents consistent with this subsection (7) and report the recommendation to the legislature. The formula recommended by the department must include a percentage or a range of percentages of gross revenues, a system for implementing such percentages, and the designation of revenue sources to be considered for rent calculation purposes. The department must also ensure, given the available information, that the rent formula recommended by the department is initially calculated to maintain state proceeds from marina rents as of July 1, 2003, and that if the department does not receive income reporting forms representing at least ninety percent of the projected annual marina revenue and at least seventy-five percent of all marinas, the current model for calculating marina rents, as described in subsections (1) through (6) of this section, will continue to be the method used to calculate marina rents, and the income method, as described in (a) of this subsection, will not be applied. In addition to the percent of marina income, the department shall determine its direct administrative costs (cost of hours worked directly on applications and leases, based on salaries and benefits, plus travel reimbursement and other actual out-of-pocket costs) to calculate, audit, execute, and monitor marina leases, and shall recover these costs from lessees. All administrative costs recovered by the department must be deposited into the resource management cost account created in RCW 79.64.020. Prior to making recommendations to the legislature, a work session consisting of the department, marina owners, and stakeholders must be convened to discuss the rate-setting criteria. The legislature directs the department to deliver recommendations to the legislature by December 2003, including any minority reports by the participating parties.~~

~~(c) When developing its recommendation for a marina lease formula consistent with this subsection (7), the department shall ensure that the percentage of revenue established is applied to the income of the direct lessee, as well as to the income of any person or entity that subleases, or contracts to operate the marina, with the direct lessee, less the amount paid by the sublease to the direct lessee.~~

~~(d) All marina operators under lease with the department must return to the department an income reporting form, provided by the department, and certified by a licensed certified public accountant, before July 1, 2003, and again annually on a date set by the department. On the income reporting form, the department may require a marina to disclose to the department any information about income from all marina-related sources, excluding restaurants and bars. All income reports submitted to the department are subject to either audit or verification, or both, by the department, and the department may inspect all of the lessee's books, records, and documents, including state and federal income tax returns relating to the operation of the marina and leased~~

aquatic lands at all reasonable times. If the lessee fails to submit the required income reporting form once the new method for calculating marina rents is effective, the department may conduct an audit at the lessee's expense or cancel the lease.

(e) Initially, the marina rent formula developed by the department pursuant to (b) of this subsection will be applied to each marina on its anniversary date, beginning on July 1, 2004, and will be based on that marina's 2003 income information. Thereafter, rents will be recalculated each year, based on the marina's gross revenue from the previous year.

(f) No marina lease may be for less than five hundred dollars plus direct administrative costs.

(8) For all new leases for ~~((marinas, or any))~~ other water- dependent uses, issued after December 31, 1997, the initial annual water-dependent rent shall be determined by the methods in subsections (1) through (6) of this section.

**NEW SECTION. Sec. 2.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "moorage;" strike the remainder of the title and insert "amending RCW 79.90.480; and declaring an emergency."

and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 1250, as amended by the Senate, having received the constitutional majority, was declared passed.

#### **SENATE AMENDMENTS TO HOUSE BILL**

April 14, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1418, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 77.55.060 and 1998 c 190 s 86 are each amended to read as follows:

(1) Subject to subsection (3) of this section, a dam or other obstruction across or in a stream shall be provided with a durable and efficient fishway approved by the director. Plans and specifications shall be provided to the department prior to the director's approval. The fishway shall be maintained in an effective condition and continuously supplied with sufficient water to freely pass fish.

(2) If a person fails to construct and maintain a fishway or to remove the dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice to comply has been served upon the owner, his or her agent, or the person in charge, the director may construct a fishway or remove the dam or obstruction. Expenses incurred by the department constitute the value of a lien upon the dam and upon the personal property of the person owning the dam. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the dam or obstruction is situated. The lien may be foreclosed in an action brought in the name of the state.

If, within thirty days after notice to construct a fishway or remove a dam or obstruction, the owner, his or her agent, or the person in charge fails to do so, the dam or obstruction is a public nuisance and the director may take possession of the dam or obstruction and destroy it. No liability shall attach for the destruction.

(3) For the purposes of this section, "other obstruction" does not include tide gates, flood gates, and associated man-made agricultural drainage facilities that were originally installed as part of an agricultural drainage system on or before the effective date of this section or the repair, replacement, or improvement of such tide gates or flood gates.

**Sec. 2.** RCW 77.55.100 and 2002 c 368 s 2 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld or unreasonably conditioned.

(2)(a) The department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection; or

(iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 77.55.110, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6) The department shall, at the request of a county, develop five- year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 77.55.110.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 77.55.110, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

(10) The department shall not require a fishway on a tide gate, flood gate, or other associated man-made agricultural drainage facilities as a condition of a hydraulic project approval if such fishway was not originally installed as part of an agricultural drainage system existing on or before the effective date of this section.

(11) Any condition requiring a self-regulating tide gate to achieve fish passage in an existing hydraulic project approval under this section may not be enforced.

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.55 RCW to read as follows:

Upon written request of adversely affected landowners of land designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW or the associated special districts under RCW 85.38.180, the department shall authorize the removal of the self-regulating function of any self-regulating tide gate installed because of a condition imposed by the department in an approval issued according to RCW 77.55.100 or during implementation of fish passage requirements pursuant to RCW 77.55.060. The department shall make authorizing the removal of the self-regulating function of any self-regulating tide gate a priority. The department shall pay for any tide gate removal required by this section within existing resources.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.85 RCW to read as follows:

(1) If a limiting factors analysis has been conducted under this chapter for a specific geographic area and that analysis shows insufficient intertidal salmon habitat, the department of fish and wildlife and the county legislative authorities of the affected counties may jointly initiate a salmon intertidal habitat restoration planning

process to develop a plan that addresses the intertidal habitat goals contained in the limiting factors analysis. The fish and wildlife commission and the county legislative authorities of the geographic area shall jointly appoint a task force composed of the following members:

- (a) One representative of the fish and wildlife commission, appointed by the chair of the commission;
  - (b) Two representatives of the agricultural industry familiar with agricultural issues in the geographic area, one appointed by an organization active in the geographic area and one appointed by a statewide organization representing the industry;
  - (c) Two representatives of environmental interest organizations with familiarity and expertise of salmon habitat, one appointed by an organization in the geographic area and one appointed by a statewide organization representing environmental interests;

### SENATE AMENDMENTS TO HOUSE BILL

April 16, 2003

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1973, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington's natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues.

The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each.

**Sec. 2.** RCW 43.330.090 and 1998 c 245 s 85 are each amended to read as follows:

(1) The department shall work with private sector organizations, local governments, local ~~((economic))~~ associate development organizations, and higher education and training institutions to assist in the development of strategies to diversify the economy, facilitate technology transfer and diffusion, and increase value-added production by focusing on targeted sectors. The targeted sectors may include, but are not limited to, software, forest products, biotechnology, environmental industries, recycling markets and waste reduction, aerospace, food processing, tourism, film and video, microelectronics, new materials, robotics, and machine tools. The department shall, on a continuing basis, evaluate the potential return to the state from devoting additional resources to a targeted sector's approach to economic development and including additional sectors in its efforts. The department shall use information gathered in each service delivery region in formulating its sectoral strategies and in designating new targeted sectors.

(2) The department shall ~~((ensure that the state continues to))~~ pursue a coordinated program to expand the tourism industry throughout the state in cooperation with the public and private tourism development organizations. ~~((The department shall work to provide a balance of tourism activities throughout the state and during different seasons of the year. In addition.))~~ The department, in operating its tourism program, shall:

(a) Promote Washington as a tourism destination to national and international markets to include nature-based and wildlife viewing tourism;

(b) Provide information to businesses and local communities on tourism opportunities that could expand local revenues;

(c) Assist local communities to strengthen their tourism partnerships, including their relationships with state and local agencies;

(d) Provide leadership training and assistance to local communities to facilitate the development and implementation of local tourism plans;

(e) Coordinate the development of a statewide tourism and marketing plan. The department's tourism planning efforts shall be carried out in conjunction with public and private tourism development organizations including the department of fish and wildlife and other appropriate agencies. The plan shall specifically address mechanisms for: (i) Funding national and international marketing and nature-based tourism efforts; (ii) interagency cooperation; and (iii) integrating the state plan with local tourism plans.

(3) The department may, in carrying out its efforts to expand the tourism industry in the state:

(a) Solicit and receive gifts, grants, funds, fees, and endowments, in trust or otherwise, from tribal, local or other governmental entities, as well as private sources, and may expend the same or any income therefrom for tourism purposes. All revenue received for tourism purposes shall be deposited into the tourism development and promotion account created in RCW 43.330.094;

(b) Host conferences and strategic planning workshops relating to the promotion of nature-based and wildlife viewing tourism;

(c) Conduct or contract for tourism-related studies;

(4) The department shall promote, market, and encourage growth in the production of films and videos, as well as television commercials within the state; to this end the department is directed to assist in the location of a film and video production studio within the state.

~~((3))~~ (5) In assisting in the development of a targeted sector, the department's activities may include, but are not limited to:

(a) Conducting focus group discussions, facilitating meetings, and conducting studies to identify members of the sector, appraise the current state of the sector, and identify issues of common concern within the sector;

(b) Supporting the formation of industry associations, publications of association directories, and related efforts to create or expand the activities or industry associations;

(c) Assisting in the formation of flexible networks by providing (i) agency employees or private sector consultants trained to act as flexible network brokers and (ii) funding for potential flexible network participants for the purpose of organizing or implementing a flexible network;

(d) Helping establish research consortia;

(e) Facilitating joint training and education programs;

(f) Promoting cooperative market development activities;

(g) Analyzing the need, feasibility, and cost of establishing product certification and testing facilities and services; and

(h) Providing for methods of electronic communication and information dissemination among firms and groups of firms to facilitate network activity.

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.12 RCW to read as follows:

The department shall manage wildlife programs in a manner that provides for public opportunities to view wildlife and supports nature-based and wildlife viewing tourism without impairing the state's wildlife resources.

**Sec. 4.** RCW 43.330.094 and 1997 c 220 s 223 are each amended to read as follows:

The tourism development and promotion account is created in the state treasury. All receipts from RCW 36.102.060(10) and 43.330.090(3)(a) must be deposited into the account. Moneys in the account received under RCW 36.102.060(10) may be spent only after appropriation. No appropriation is required for expenditures from moneys received under RCW 43.330.090(3)(a). Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 44.04 RCW to read as follows:

The legislative international trade account is created in the custody of the state treasurer. All moneys received by the president of the senate and the secretary of state from gifts, grants, and endowments for international trade hosting, international relations, and international missions activities must be deposited in the account. Only private, nonpublic gifts, grants, and endowments may be deposited in the account. A person, as defined in RCW 42.52.010, may not donate, gift, grant, or endow more than five thousand dollars per calendar year to the legislative international trade account. Expenditures from the account may be used only for the purposes of international trade hosting, international relations, and international trade mission activities, excluding travel and lodging, in which the president and members of the senate, members of the house of representatives, and the secretary of state participate in an official capacity. An appropriation is not required for expenditures. All requests by individual legislators for use of funds from this account must be first approved by the secretary of the senate for members of the senate or the chief clerk of the house of representatives for members of the house of representatives. All expenditures from the account shall be authorized by the final signed approval of the chief clerk of the house of representatives, the secretary of the senate, and the president of the senate.

**NEW SECTION. Sec. 2.** A new section is added to chapter 42.52 RCW to read as follows:

(1) When soliciting charitable gifts, grants, or donations solely for the legislative international trade account created in section 1 of this act, the president of the senate is presumed not to be in violation of the solicitation and receipt of gift provisions in RCW 42.52.140.

(2) When soliciting charitable gifts, grants, or donations solely for the legislative international trade account created in section 1 of this act, state officers and state employees are presumed not to be in violation of the solicitation and receipt of gift provisions in RCW 42.52.140.

**Sec. 3.** RCW 42.52.150 and 1998 c 7 s 2 are each amended to read as follows:

(1) No state officer or state employee may accept gifts, other than those specified in subsections (2) and (5) of this section, with an aggregate value in excess of fifty dollars from a single source in a calendar year or a single gift from multiple sources with a value in excess of fifty dollars. The value of gifts given to an officer's or employee's family member or guest shall be attributed to the official or employee for the purpose of determining whether the limit has been exceeded, unless an independent business, family, or social relationship exists between the donor and the family member or guest.

(2) Except as provided in subsection (4) of this section, the following items are presumed not to influence under RCW 42.52.140, and may be accepted without regard to the limit established by subsection (1) of this section:

~~((h))~~ (i) Unsolicited gifts from dignitaries from another state or a foreign country that are intended to be personal in nature.

**"NEW SECTION. Sec. 1.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of revenue.

(2) "Gross income" means all revenue, without deduction, that is derived from the performance of nursing facility services. "Gross income" does not include other operating revenue or nonoperating revenue.

(3) "Other operating revenue" means income from nonpatient care services to patients, as well as sales and activities to persons other than patients. It is derived in the course of operating the facility, such as providing personal laundry service for patients, or from other sources such as meals provided to persons other than patients, personal telephones, gift shops, and vending machine commissions.

(4) "Nonoperating revenue" means income from activities not relating directly to the day-to-day operations of an organization. "Nonoperating revenue" includes such items as gains on disposal of a facility's assets, dividends, and interest from security investments, gifts, grants, and endowments.

(5) "Patient day" means a calendar day of care provided to a nursing facility resident, excluding a medicare patient day. Patient days include the day of admission and exclude the day of discharge; except that, when admission and discharge occur on the same day, one day of care shall be deemed to exist.

(6) "Medicare patient day" means a patient day for medicare beneficiaries on a medicare Part A stay and a patient day for persons who have opted for managed care coverage using their medicare benefit.

(7) "Nonexempt nursing facility" means a nursing facility that is not exempt from the quality maintenance fee under section 4 of this act.

(8) "Nursing facility" has the same meaning as the term is defined in RCW 18.51.010; it does not include a boarding home as defined in RCW 18.20.020 or an adult family home as defined in RCW 70.128.010.

(9) "Nursing facility operator" means a person who engages in the business of operating a nursing facility or facilities within this state.

(10) "Nursing facility services" means health-related services to individuals who do not require hospital care, but whose mental or physical condition requires services that are above the level of room and board and can be made available only through institutional facilities.

(2) Each operator of a nonexempt nursing facility shall file a return with the department on a monthly basis. The return is due within thirty days after the end of each calendar month. The return shall include the following:

(b) Remittance of the nonexempt nursing facility operator's quality maintenance fee for that month.

**NEW SECTION. Sec. 3.** All of chapter 82.32 RCW, except RCW 82.32.045 and 82.32.270, applies to the fee imposed by this chapter, in addition to any other provisions of law for the payment and enforcement of the fee imposed by this chapter. The department may adopt rules, in accordance with chapter 34.05 RCW, as necessary to provide for the effective administration of this chapter.

**NEW SECTION. Sec. 4.** (1) By June 1st of each year, each nursing facility operator shall file a report with the department of social and health services listing the patient days and the gross income for the prior calendar year for each nursing facility that he or she operates.

(2) By August 1, 2003, the department of social and health services shall submit for approval to the federal department of health and human services a request for a waiver pursuant to 42 C.F.R. 433.68. The waiver shall identify the nursing facilities that the department proposes to exempt from the quality maintenance fee. Those facilities shall include at least:

(a) Nursing facilities operated by any agency of the state of Washington;

(b) Nursing facilities operated by a public hospital district; and

(c) As many nursing facilities with no or disproportionately low numbers of medicaid-funded residents as, within the judgment of the department, may be exempted from the fee pursuant to 42 C.F.R. 433.68.

(3) The department of social and health services shall notify the department of revenue and the nursing facility operator of the nursing facilities that would be exempted from the quality maintenance fee pursuant to the waiver request submitted to the federal department of health and human services. The nursing facilities included in the waiver request may withhold payment of the fee pending final action by the federal government on the request for waiver.

(4) If the request for waiver is approved, the department of social and health services shall notify the department of revenue and the nursing facility operator that no quality maintenance fee is due from the facility. If the request for waiver is denied, nursing facility operators who have withheld payment of the fee shall pay all such fees as have been withheld.

(5) The department of social and health services shall take whatever action is necessary to continue the waiver from the federal government.

(6) The department of social and health services may adopt such rules, in accordance with chapter 34.05 RCW, as necessary to provide for effective administration of this section and section 5 of this act.

**NEW SECTION. Sec. 5.** The department of social and health services shall prospectively add the medicaid cost of the quality maintenance fee under section 2 of this act to the nursing facility component rate allocation calculated after application of all other provisions of RCW 74.46.521.

**NEW SECTION. Sec. 6.** (1) Sections 1 through 5 of this act shall expire on the effective date that federal medicaid matching funds are substantially reduced or that a federal sanction is imposed due to the quality maintenance fee under section 2 of this act, as such date is certified by the secretary of social and health services.

(2) The expiration of sections 1 through 5 of this act shall not be construed as affecting any existing right acquired or liability or obligation incurred under those sections or under any rule or order adopted under those sections, nor as affecting any proceeding instituted under those sections.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. (1) Sections 1 through 3 of this act constitute a new chapter in Title 82 RCW. (2) Sections 4 and 5 of this act are each added to chapter 74.46 RCW.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect June 1, 2003."

**NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--  
MENTAL HEALTH PROGRAM**

**DEPARTMENT OF SOCIAL AND HEALTH SERVICES-MENTAL HEALTH PROGRAM**

**(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS**

General Fund--State Appropriation (FY 2004) \$204,296,000

General Fund--State Appropriation (FY 2005) \$204,137,000

General Fund--Federal Appropriation \$384,166,000

General Fund--Local Appropriation \$1,970,000

**TOTAL APPROPRIATION \$794,569,000**

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Regional support networks shall use portions of the general fund--state appropriation for implementation of working agreements with the vocational rehabilitation program which will maximize the use of federal funding for vocational programs.

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) \$4,222,000 of the general fund--state appropriation for fiscal year 2004, \$4,222,000 of the general fund--state appropriation for fiscal year 2005, and \$8,444,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and have been discharged from a state psychiatric hospital. Primary responsibility and accountability for provision of appropriate community support for persons placed with these funds shall reside with the mental health program and the regional support networks, with partnership and active support from the alcohol and substance abuse and from the aging and disability services administration. The department shall continue performance-based incentive contracts to provide appropriate community support services for individuals leaving the state hospitals under this subsection. The department shall first seek to contract with regional support networks before offering a contract to any other party. The funds appropriated in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

(d) At least \$904,000 of the federal block grant funding appropriated in this subsection shall be used for the continued operation of the mentally ill offender pilot program.

(e) The department is authorized to implement a new formula for allocating available resources among the regional support networks. The distribution formula shall use the number of persons eligible for the state medical programs funded under chapter 74.09 RCW as the measure of the requirement for the number of acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed in accordance with RCW 71.24.035(13)(a). The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to assure that total funding allocated to the regional support network in fiscal year 2004 increases by up to 5.0 percent over the amount actually paid to that regional support network in fiscal year 2003, and by up to an additional 5.0 percent in fiscal year 2005, if total

funding to the regional support network would otherwise increase by less than those percentages under the new formula, and provided that the nonfederal share of the higher medicaid payment rate is provided by the regional support network from local funds.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services are to be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) The department shall assure that each regional support network increases spending on direct client services in fiscal years 2004 and 2005 by at least the same percentage as the total state, federal, and local funds allocated to the regional support network in those years exceeds the amounts allocated to it in fiscal year 2003.

(h) The department shall reduce state funding otherwise payable to a regional support network in fiscal years 2004 and 2005 by the full amount by which the regional support network's total administrative expenditures as of December 31, 2002, exceed ten percent of total funding.

(i) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. In accordance with the Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds (including medical, long-term care, mental health, and substance abuse treatment) as may be necessary to finance a unified health care plan for the WMIP program enrollment. The state may withhold from calculations of "available resources" as defined in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in this pilot program.

(b) Participants shall participate in the cost of the program by paying (i) a monthly enrollment fee equal to fifty percent of any unearned income in excess of the medicaid medically needy standard; and (ii) a monthly premium equal to 5 percent of all unearned income, plus 5 percent of all earned income after disregarding the first sixty-five dollars of monthly earnings, and half the remainder;

(c) The department shall establish more restrictive eligibility standards than specified in this subsection to the extent necessary to operate the program within appropriated funds; and

(d) The department may require point-of-service copayments as appropriate, except that copayments shall not be so high as to discourage appropriate service utilization, particularly of prescription drugs needed for the treatment of psychiatric conditions.

(5) Sufficient funds are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(6) Sufficient funds are appropriated in this section for the department to provide an adult dental benefit equivalent to approximately 75 percent of the dental benefit provided during the 2001-03 biennium. The department shall establish the scope of services to be provided within the available funds in consultation with dental providers and consumer representatives.

(7) The legislature reaffirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(8) In accordance with RCW 74.46.625, \$52,057,000 of the fiscal year 2004 health services account appropriation, \$35,016,000 of the fiscal year 2005 health services account appropriation, and \$87,074,000 of the general fund--federal appropriation are provided solely for supplemental payments to nursing homes operated by rural public hospital districts. The payments shall be conditioned upon (a) a contractual commitment by the association of public hospital districts and participating rural public hospital districts to make an intergovernmental transfer to the state treasurer, for deposit into the health services account, equal to at least 98 percent of the supplemental payments; and (b) a contractual commitment by the participating districts to not allow expenditures covered by the supplemental payments to be used for medicaid nursing home rate-setting. The participating districts shall retain no more than a total of \$3,500,000 for the 2003-05 biennium.

(9) \$14,616,000 of the health services account appropriation for fiscal year 2004, \$12,394,000 of the health services account appropriation for fiscal year 2005, and \$27,010,000 of the general fund--federal appropriation are provided solely for additional disproportionate share and medicare upper payment limit payments to public hospital districts.

The payments shall be conditioned upon a contractual commitment by the participating public hospital districts to make an intergovernmental transfer to the health services account equal to at least 91 percent of the additional payments. At least 28 percent of the amounts retained by the participating hospital districts shall be allocated to the state's teaching hospitals.

(10) \$20,000,000 of the general fund--state appropriation for fiscal year 2004, \$20,000,000 of the general fund--state appropriation for fiscal year 2005, and \$40,000,000 of the general fund--federal appropriation are provided solely for grants to providers serving a disproportionate share of low-income and uninsured patients. For purposes of this subsection, providers may include, but are not limited to, hospitals, physicians, and transportation providers. In developing a methodology for distributing grants to hospitals, the department may consider relative net financial margins of hospitals.

(11) The department shall coordinate with the health care authority and with community and migrant health clinics to actively assist children and immigrant adults not eligible for medicaid to enroll in the basic health plan.

(12) The department shall separately track the total amount of any rebates obtained from drug manufacturers that are supplemental to the amounts required by federal law.

(13) \$156,000 of the general fund--state appropriation for fiscal year 2004 and \$1,403,000 of the general fund--federal appropriation are provided solely for a study to assess alternatives for replacing the existing medicaid management information system. The department shall report to the information services board and to the fiscal committees of the legislature by December 1, 2003, on the anticipated costs and benefits of the major alternative approaches.

(14) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. In accordance with the Washington medicaid integration partnership (WMIP) the department may combine and transfer such medicaid funds (including medical, long-term care, mental health and substance abuse treatment) as may be necessary to finance a unified health care plan for the WMIP program enrollment. The state may withhold from calculations of "available resources" as defined in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in this pilot.

(15) The department may employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(16) The department shall implement a combination of cost containment and utilization strategies sufficient to reduce general fund--state costs for durable medical equipment and supplies in fiscal year 2005 by approximately 5 percent below the level projected for fiscal year 2005 in the February 2003 forecast. In designing strategies, the primary strategy considered shall be selective or direct contracting with durable medical equipment and supplies vendors or manufacturers.

(17) The department shall, within available resources, design and implement a medical care services care management pilot project for clients receiving general assistance benefits. The pilot project shall be operated in at least two of the counties with the highest concentration of general assistance clients, and may use a full or partial capitation model. In designing the project, the department shall consult with the mental health division and its managed care contractors that include community and migrant health centers in their provider network. The pilot project shall be designed to maximize care coordination, high-risk medical management, and chronic care management to achieve better health outcomes. The pilot project shall begin enrollment on July 1, 2004.

(18) Within available resources and to the extent possible, the department shall evaluate and pilot a nurse consultant services program to assist fee-for-service clients in accessing medical information, with the goal of reducing administrative burdens on physicians and unnecessary emergency room utilization.

(19) The department shall include in any pending medicaid reform section 1115 waiver application, or in any existing section 1115 waiver, a request for authorization to provide optional medicaid services that have been eliminated in this act to American Indian and Alaska Native persons as defined in relevant federal law who are eligible for medicaid only to the extent that such services are provided through the American Indian health system and are financed with one hundred percent federal medicaid matching funds.

(20) The appropriations in this section reflect lower prescription drug cost trends resulting from implementation of Engrossed Second Substitute House Bill No. 1214 (prescription drugs). As provided in section 15 of Engrossed Second Substitute House Bill No. 1214, the department shall terminate the therapeutic consultation service four brand limit program component earlier than July 1, 2005, if, upon monitoring prescriber compliance with the preferred drug list and trends in the therapeutic consultation service four brand limit program component, the department determines the number of pharmacy claims that trigger the four brand edit exception under therapeutic consultation services is below 925 claims per month for three consecutive months.

Health Services Account--State Appropriation \$427,663,000

General Fund--Federal Appropriation \$2,711,000

**TOTAL APPROPRIATION \$448,723,000**

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the health services account--state appropriation is provided solely to increase the number of persons not eligible for medicaid receiving dental care from nonprofit community clinics, and for

interpreter services to support dental and medical services for persons for whom interpreters are not available from any other source.

(2) \$172,231,000 of the health services account--state appropriation is provided solely for expenditure in calendar year 2004 and \$96,292,000 of the health services account--state appropriation is provided solely for expenditure in calendar year 2005 to subsidize enrollment for persons in the basic health plan. In order to maximize the number of enrollees that the appropriation in the subsection can support, the health care authority is directed to make modifications in the basic health plan that will reduce the actuarial value of basic health plan coverage. Modifications may include changes in enrollee premium obligations, enrollee cost-sharing, benefits, and incentives to access preventive services. The health care authority shall base its enrollment policies during the 2003-2005 biennium on its September 6, 2001, administrative policy on basic health enrollment management.

(3) Within funds appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at a cost of ten dollars per covered worker per month.

(4) The health care authority shall require organizations and individuals which are paid to deliver basic health plan services and which choose to sponsor enrollment in the subsidized basic health plan to pay for the following: (i) A minimum of fifteen dollars per enrollee per month for persons below 100 percent of the federal poverty level; and (ii) a minimum of twenty dollars per enrollee per person per month for persons whose family income is 100 percent to 125 percent of the federal poverty level.

(5)(a) In coordination with the department of social and health services medical assistance administration and other interested entities, the administrator will identify and design pilot projects to improve health care coverage access, including review of proposals by entities that have received funding through the federal health resources and services administration community access program. The administrator may identify pilot projects that are found feasible and that will not require financial resources beyond those appropriated for the basic health plan or the medical assistance administration in the biennial operating budget. Pilot projects may include applying basic health plan or medical assistance subsidy payments toward employer-sponsored health insurance or other health insurance premium shares, rather than as direct payments to managed health care systems participating in the basic health plan or medical assistance program.

(b) The schedule of benefits for persons enrolled through a potential pilot project may differ from the benefits offered through the basic health plan, but shall be reasonably comparable in value to those benefits.

(c) By November 1, 2003, the administrator and the secretary of the department of social and health services shall jointly report to the health care committees of the senate and the house of representatives on their progress in developing the pilot projects, the requested implementation date of any pilot project under development, and any statutory changes needed to implement the pilot projects.

(6) Upon enactment of Engrossed Substitute House Bill No. 1299 (state purchased health care) during the 2003 legislative session, the administrator, in coordination with the department of social and health services and the department of labor and industries shall undertake an evidence-based review and assessment of the effectiveness of spinal cord stimulators and drug infusion pumps. In performing the assessment, the administrator and the departments shall consider the best available external clinical evidence derived from systematic research, and relevant coverage criteria and standards adopted by other federal and state health care programs.

(7) Within the amounts appropriated in this act, sufficient funding is provided for implementation of Second Substitute House Bill No. 1214 (prescription drugs).

(8)(a) To maximize opportunities to decrease administrative burdens for providers and plans participating in state purchased health care programs, the administrator, the assistant secretary for the medical assistance administration of the department of social and health services, and the director of the department of labor and industries, in collaboration with health carriers, health care providers, and the office of the insurance commissioner shall, within available resources, collectively:

(i) Assess each of the strategies in (b) of this subsection;

(ii) Take steps to implement by December 31, 2004, those strategies in (b) of this subsection that are feasible to implement, taking into consideration fiscal constraints, and federal or state statutory or regulatory barriers;

(iii) To the extent that a strategy in (b) of this subsection cannot be implemented by December 2004, identify the specific fiscal constraints, or the specific federal or state statutory or regulatory barriers, that prevent its implementation; and

(iv) On or before December 1, 2003, provide a progress report to the relevant policy and fiscal committees of the legislature on the activities provided in (a)(i) through (iii) of this subsection.

(b) The strategies to be assessed under this subsection include the following:

(i) Improve core services, including: Improving timeliness of claims processing and responses to provider inquiries; improving distribution of medical assistance program fee schedules; and clearly defining and communicating scope of coverage under managed care contracts;

(ii) Streamline current administrative practices, including: Maximizing the capacity for electronic billing and claims submission; and providing electronic access to eligibility, benefits exclusion, and authorization information;

(iii) Establish clear expectations, including developing clear auditing and data requirements for contracting managed health care plans; and improving consistency between edits in claims processing systems and published fee schedules;

(iv) Increase consistency with national and regional standards, including: Eliminating "local" billing codes wherever possible; adopting medicare's ambulatory patient classification system for outpatient hospital payments; and increasing the extent to which state agencies accept compliance with standards adopted by national managed care accreditation organizations as meeting agency requirements for managed care contractors; and

(v) Standardize similarities between agencies, including applying codes consistently across state-purchased health care programs; eliminating burdensome data collection by having state agencies collect data that is available from other state agencies; coordinating audits by state agencies; and standardizing definitions and interpretations of services.

(9) \$39,000 of the general fund--state appropriation for fiscal year 2004 and \$37,000 of the general fund--state appropriation for fiscal year 2005 are provided solely for administrative costs associated with providing health insurance coverage to state-funded individual providers through the basic health plan or an equivalent health plan determined by the terms of the collective bargaining agreement between the home care quality authority and the exclusive bargaining representative of individual providers. If an equivalent health plan is purchased under the terms of the collective bargaining agreement, the health care authority shall transfer the funds in this appropriation to the department of social and health services.

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 9.68 percent in the 2003-04 school year and 9.68 percent in the 2004-05 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of 12.24 percent in the 2003-04 school year and 12.24 percent in the 2004-05 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152.

This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,785 per certificated staff unit in the 2003-04 school year and a maximum of \$8,952 per certificated staff unit in the 2004-05 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$531.09 for the 2003-04 and 2004-05 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of \$5,422,000 outside the basic education formula during fiscal years 2004 and 2005 as follows:

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

**NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION.**

(1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 12E for the appropriate months, by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1S; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12E for the appropriate months.

(2) For the purposes of this section:

(a) "LEAP Document 1S" means the computerized tabulation establishing staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 25, 1999, at 16:55 hours; and

(b) "LEAP Document 12E" means the computerized tabulation of 2003- 04 and 2004-05 school year salary allocations for the appropriate months for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on April 14, 2003, at 04:09 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 9.04 percent for school year 2003-04 and 9.04 percent for school year 2004-05 for certificated staff and for classified staff 8.74 percent for school year 2003-04 and 8.74 percent for the 2004-05 school year.

General Fund--State Appropriation (FY 2005) \$440,668,000

General Fund--Federal Appropriation \$409,891,000

TOTAL APPROPRIATION \$1,288,199,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty- one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$25,746,000 of the general fund-- federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund-- state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high- cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(15) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

"Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

- (a) System refurbishment, acquisitions, and development efforts;
- (b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
- (c) Assessment of overall information processing performance, resources, and capabilities;
- (d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
- (e) Progress toward enabling electronic access to public information.

Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. However, during the 2003-05 fiscal biennium, earnings of the emergency reserve fund shall not be transferred. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in

this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated.

**Sec. 932.** RCW 82.14.200 and 1998 c 321 s 8 are each amended to read as follows:

There is created in the state treasury a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the statewide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

The department of revenue shall establish a governmental price index as provided in this subsection. The base year for the index shall be the end of the third quarter of 1982. Prior to November 1, 1983, and prior to each November 1st thereafter, the department of revenue shall establish another index figure for the third quarter of that year. The department of revenue may use the implicit price deflators for state and local government purchases of goods and services calculated by the United States department of commerce to establish the governmental price index. Beginning on January 1, 1984, and each January 1st thereafter, the one hundred fifty thousand dollar base figure in this subsection shall be adjusted in direct proportion to the percentage change in the governmental price index from 1982 until the year before the adjustment. Distributions made under this subsection for 1984 and thereafter shall use this adjusted base amount figure.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department

of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (6) and (7) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (2) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (2) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the total distribution under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Subsequent to the distributions under subsection (4) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a fourth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(6) Revenues distributed under subsections (2) through (5) of this section in any calendar year shall not exceed an amount equal to seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsections (3) through (5) of this section cannot be made because of this limitation, then distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties.

(7) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (3) through (5) of this section, then the distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) through (5) of this section to the counties.

(8) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion an amount to the county public health account created in RCW 70.05.125 equal to the adjustment under RCW 70.05.125(2)(b).

(9) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) and (8) of this section, then the additional revenues shall be credited and transferred as follows:

(a) Fifty percent to the public facilities construction loan revolving account under RCW 43.160.080; and  
(b) Fifty percent to the distressed county public facilities construction loan account under RCW 43.160.220, or so much thereof as will not cause the balance in the account to exceed twenty-five million dollars. Any remaining funds shall be deposited into the public facilities construction loan revolving account.

(10) During the 2003-2005 fiscal biennium, the legislature may transfer from the county sales and use tax equalization account to the state general fund such amounts as reflect the excess fund balance of the account.

**Sec. 933.** RCW 82.14.210 and 1996 c 64 s 1 are each amended to read as follows:

Into this account shall be placed such revenues as are provided under RCW 82.44.110(1)(e). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to January 1st of each year the department of revenue shall determine the total and the per capita levels of revenues for each city and the statewide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.155, multiplied by forty-five fifty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. (5) For a city with an official incorporation date after January 1, 1990, municipal sales and use tax equalization distributions shall be made according to the procedures in this subsection. Municipal sales and use tax equalization distributions to eligible new cities shall be made at the same time as distributions are made under subsections (3) and (4) of this section. The department of revenue shall follow the estimating procedures outlined in this subsection until the new city has received a full year's worth of revenues under RCW 82.14.030(1) as of the January municipal sales and use tax equalization distribution.

(a) Whether a newly incorporated city determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October municipal sales and use tax equalization distribution shall depend on the date the city first imposes the tax authorized under RCW 82.14.030(1).

(i) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of January 1st shall be eligible to receive funds under this subsection beginning with the April municipal sales and use tax equalization distribution of that year.

(iii) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of May 1st, June 1st, or July 1st shall be eligible to receive funds under this subsection beginning with the October municipal sales and use tax equalization distribution of that year.

(iv) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of August 1st, September 1st, or October 1st shall be eligible to receive funds under this subsection beginning with the January municipal sales and use tax equalization distribution of the next year.

(v) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of November 1st or December 1st shall be eligible to receive funds under this subsection beginning with the April municipal sales and use tax equalization distribution of the next year.

(b) For purposes of calculating the amount of funds the new city should receive under this subsection, the department of revenue shall:

(i) Estimate the per capita amount of revenues from the tax authorized under RCW 82.14.030(1) that the new city would have received had the city received revenues from the tax the entire calendar year;

(ii) Calculate the amount provided under subsection (3) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the tax authorized under RCW 82.14.030(1) is imposed.

(c) A new city imposing the tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution calculated under (b) of this subsection shall receive another distribution from the municipal sales and use tax equalization account. This distribution shall be equal to the calculation made under (b)(ii) of this subsection, prorated by the number of months the city imposes the tax authorized under RCW 82.14.030(2) at the full rate.

(d) The department of revenue shall advise the state treasurer of the amounts calculated under (b) and (c) of this subsection and the state treasurer shall distribute these amounts to the new city from the municipal sales and use tax equalization account subject to the limitations imposed in subsection (6) of this section.

(e) Revenues estimated under this subsection shall not affect the calculation of the statewide weighted average per capita level of revenues for all cities made under subsection (1) of this section.

(6) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3), (4), or (5) of this section, then the distributions under subsections (3), (4), and (5) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3), (4), and (5) of this section to the cities.

(7) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug-related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. Subsection (6)(a)(ii)(B) of this section shall not be construed to prohibit the department from granting general assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program;

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the social security number shall be provided to the department upon receipt.

(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal-aid assistance:

(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

(ii) To the extent authorized by the legislature in the biennial appropriations act, to recipients of temporary assistance for needy families whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received.

(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6)(a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(d) Persons found eligible for general assistance based on incapacity from gainful employment may, if otherwise eligible, receive general assistance pending application for federal supplemental security income benefits. Any general assistance that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(e) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information.

(f) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall ~~((not))~~ have their benefits ~~((terminated absent a clear showing of))~~ discontinued unless the recipient demonstrates no material improvement in their medical or mental condition ((or)). The department may discontinue benefits when there was specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who relinquish their child for adoption, remain otherwise eligible, and are not eligible to receive benefits under the federal temporary assistance for needy families program shall not have their benefits terminated until the end of the month in which the period of six weeks following the birth of the recipient's child falls. Recipients of the federal temporary assistance for needy families program who lose their eligibility solely because of the birth and relinquishment of the qualifying child may receive general assistance through the end of the month in which the period of six weeks following the birth of the child falls.

(h) No person may be considered an eligible individual for general assistance with respect to any month if during that month the person:

(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(7) "Applicant"--Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(8) "Recipient"--Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(9) "Standards of assistance"--The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(10) "Resource"--Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent. The department may by rule designate resources that an applicant may retain and not be ineligible for public assistance because of such resources. Exempt resources shall include, but are not limited to:

(a) A home that an applicant, recipient, or their dependents is living in, including the surrounding property;

(b) Household furnishings and personal effects;

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed five thousand dollars;

(d) A motor vehicle necessary to transport a physically disabled household member. This exclusion is limited to one vehicle per physically disabled person;

(e) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for

federal aid assistance. The department shall also allow recipients of temporary assistance for needy families to exempt savings accounts with combined balances of up to an additional three thousand dollars;

(f) Applicants for or recipients of general assistance shall have their eligibility based on resource limitations consistent with the temporary assistance for needy families program rules adopted by the department; and

(g) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property: PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(11) "Income"--(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him or her to decrease his or her need for public assistance or to aid in rehabilitating him or her or his or her dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In addition, for cash assistance the department may disregard income pursuant to RCW 74.08A.230 and 74.12.350.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(12) "Need"--The difference between the applicant's or recipient's standards of assistance for himself or herself and the dependent members of his or her family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his or her family.

(13) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(14) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.660.020 and 2001 c 158 s 3 are each amended to read as follows:

(1) Each district or consortia of school districts applying for ~~((state funds through this))~~ the alternative route certification program shall submit a proposal to the Washington professional educator standards board specifying:

- (a) The route or routes the partnership program intends to offer and a detailed description of how the routes will be structured and operated by the partnership;
- (b) The number of candidates that will be enrolled per route;
- (c) An identification, indication of commitment, and description of the role of approved teacher preparation programs that are partnering with the district or consortia of districts;
- (d) An assurance of district provision of adequate training for mentor teachers either through participation in a state mentor training academy or district-provided training that meets state-established mentor-training standards specific to the mentoring of alternative route candidates;
- (e) An assurance that significant time will be provided for mentor teachers to spend with the alternative route teacher candidates throughout the internship. Partnerships must provide each candidate with intensive classroom mentoring until such time as the candidate demonstrates the competency necessary to manage the classroom with less intensive supervision and guidance from a mentor;
- (f) A description of the rigorous screening process for applicants to alternative route programs, including entry requirements specific to each route, as provided in RCW 28A.660.040; and
- (g) The design and use of a teacher development plan for each candidate. The plan shall specify the alternative route coursework and training required of each candidate and shall be developed by comparing the candidate's prior experience and coursework with the state's new performance-based standards for residency certification and adjusting any requirements accordingly. The plan may include the following components:
  - (i) A minimum of one-half of a school year, and an additional significant amount of time if necessary, of intensive mentorship, starting with full-time mentoring and progressing to increasingly less intensive monitoring and assistance as the intern demonstrates the skills necessary to take over the classroom with less intensive support. For route one and two candidates, before the supervision is diminished, the mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the higher education teacher preparation program must both agree that the teacher candidate is ready to manage the classroom with less intensive supervision. For route three candidates, the mentor of the teacher candidate shall make the decision;
  - (ii) Identification of performance indicators based on the knowledge and skills standards required for residency certification by the state board of education;
  - (iii) Identification of benchmarks that will indicate when the standard is met for all performance indicators;
  - (iv) A description of strategies for assessing candidate performance on the benchmarks;
  - (v) Identification of one or more tools to be used to assess a candidate's performance once the candidate has been in the classroom for about one-half of a school year; and
  - (vi) A description of the criteria that would result in residency certification after about one-half of a school year but before the end of the program.
- (2) ~~((Districts may apply for program funds to pay stipends to both mentor teachers and interns during their mentored internship. For both intern stipends and accompanying mentor stipends, the per intern district request for funds may not exceed the amount designated by the BA+ 0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated for internships and mentorships that last less than a full school year. Interns in the program for a full year shall be provided a stipend of at least eighty percent of the amount generated by the BA+ 0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated for internships that last less than a full school year))~~ To the extent funds are appropriated for this purpose, districts may apply for program funds to pay stipends to trained mentor teachers of interns during the mentored internship. The per intern amount of mentor stipend shall not exceed five hundred dollars.

**Sec. 2.** RCW 28A.660.030 and 2001 c 158 s 4 are each amended to read as follows:

- (1) The professional educator standards board, with support from the office of the superintendent of public instruction, shall select school districts and consortia of school districts to receive partnership grants from funds appropriated by the legislature for this purpose. Factors to be considered in selecting proposals include, but are not limited to:
  - (a) The degree to which the district, or consortia of districts in partnership, are currently experiencing teacher shortages;
  - (b) The degree to which the proposal addresses criteria specified in RCW 28A.660.020 and is in keeping with specifications of program routes in RCW 28A.660.040;
  - (c) The cost-effectiveness of the proposed program; and
  - (d) Any demonstrated district and in-kind contributions to the program.
- (2) Selection of proposals shall also take into consideration the need to ensure an adequate number of candidates for each type of route in order to evaluate their success.
- (3) Funds appropriated for the partnership grant program in this chapter shall be administered by the office of the superintendent of public instruction.

**Sec. 3.** RCW 28A.660.050 and 2001 c 158 s 6 are each amended to read as follows:

The alternative route conditional scholarship program is created under the following guidelines:

- (1) The program shall be administered by the higher education coordinating board. In administering the program, the higher education coordinating board has the following powers and duties:
- (a) To adopt necessary rules and develop guidelines to administer the program;
  - (b) To collect and manage repayments from participants who do not meet their service obligations; and
  - (c) To accept grants and donations from public and private sources for the program.
- (2) Participation in the alternative route conditional scholarship program is limited to ~~((classified staff in routes one and two))~~ interns of the partnership grant programs under RCW 28A.660.040. The Washington professional educator standards board shall select ~~((classified staff))~~ interns to receive conditional scholarships.
- (3) In order to receive conditional scholarship awards, recipients shall be accepted and maintain enrollment in alternative certification routes through the partnership grant program, as provided in RCW 28A.660.040. Recipients must continue to make satisfactory progress towards completion of the alternative route certification program and receipt of a residency teaching certificate.
- (4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients that fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.
- (5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.
- (6) To the extent funds are appropriated for this specific purpose, the annual amount of the scholarship is the annual cost of tuition for the alternative route certification program in which the recipient is enrolled, not to exceed ~~((four))~~ eight thousand dollars. The board may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.
- (7) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in the student loan account authorized in RCW 28B.102.060."

SSB 6054 Prime Sponsor, Senate Committee On Ways & Means: Clarifying the application of the industrial welfare act to public employers. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that the enactment of chapter 236, Laws of 1988 amended the definition of employer under the industrial welfare act, chapter 49.12 RCW, to ensure that the family care provisions of that act applied to the state and political subdivisions. The legislature further finds that this amendment of the definition of employer may be interpreted as creating an ambiguity as to whether the other provisions of chapter 49.12 RCW have applied to the state and its political subdivisions. The purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of chapter 49.12 RCW and chapter 236, Laws of 1988 and resolve any ambiguity. It is the intent of the legislature to establish that, prior to the effective date of this act, chapter 49.12 RCW and the rules adopted thereunder did not apply to the state or its agencies and political subdivisions except as expressly provided for in RCW 49.12.265 through 49.12.295, 49.12.350 through 49.12.370, 49.12.450, and 49.12.460.

business, industry, profession, or activity in this state and employs one or more employees (~~and~~) but does not include the state, any state institution, any state agency, political subdivision of the state, or any municipal corporation or quasi-municipal corporation. However, for the purposes of RCW (~~49.12.270~~) 49.12.265 through 49.12.295 (~~and~~), 49.12.350 through 49.12.370, 49.12.450, and 49.12.460 only, "employer" also includes the state, any state institution, any state agency, political subdivisions of the state, and any municipal corporation or quasi-municipal corporation.

(b) On and after the effective date of this act, "employer" means any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state and employs one or more employees, and includes the state, any state institution, state agency, political subdivisions of the state, and any municipal corporation or quasi-municipal corporation. However, this chapter and the rules adopted thereunder apply to these public employers only to the extent that this chapter and the rules adopted thereunder do not conflict with: (i) Any state statute or rule; and (ii) respect to political subdivisions of the state and any municipal or quasi-municipal corporation, any local resolution, ordinance, or rule adopted under the authority of the local legislative authority before April 1, 2003.

(4) (~~The term~~) "Employee" means an employee who is employed in the business of the employee's employer whether by way of manual labor or otherwise.

(6) For the purpose of chapter 16, Laws of 1973 2nd ex. sess. a minor is defined to be a person of either sex under the age of eighteen years.

**Sec. 3.** RCW 49.12.187 and 1973 2nd ex.s. c 16 s 18 are each amended to read as follows:

This chapter shall not be construed to interfere with, impede, or in any way diminish the right of employees to bargain collectively with their employers through representatives of their own choosing concerning wages or standards or conditions of employment.

Employees of public employers may enter into collective bargaining contracts, labor/management agreements, or other mutually agreed to employment agreements that specifically vary from or supersede, in part or in total, rules adopted under this chapter regarding appropriate rest and meal periods.

**Sec. 4.** RCW 49.12.360 and 1989 1st ex.s. c 11 s 23 are each amended to read as follows:

(1) An employer must grant an adoptive parent or a stepparent, at the time of birth or initial placement for adoption of a child under the age of six, the same leave under the same terms as the employer grants to biological parents. As a term of leave, an employer may restrict leave to those living with the child at the time of birth or initial placement.

## SECOND READING

**SUBSTITUTE SENATE BILL NO. 5179, By Senate Committee on Parks, Fish & Wildlife  
(originally sponsored by Senators Oke, Mulliken, Rasmussen and T. Sheldon)**

### **Allowing the use of body-gripping traps in certain circumstances.**

The bill was read the second time.

With the consent of the House, amendments (444) and (443) were withdrawn.

Representative Buck moved the adoption of amendment (437):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 77.12 RCW to read as follows:

(1) The legislature finds that a professionally managed and regulated trapping program is not only vital to the health of Washington's wildlife populations, but is also consistent with the state's obligations to manage all natural resources in trust for the common good of all citizens.

(2) The legislature further finds that it is in the interest of all of the citizens of Washington to ensure that all trapping is done in accordance with sound scientific wildlife management principles using humane methods as set forth in this act. It is the legislature's intent to implement a sound furbearer management program, administered using sound science by the department of fish and wildlife, that addresses an animal problem as defined in RCW 77.08.010.

(3) The legislature further finds that humanely regulated trapping practices used to control animal problems contribute positively to the economic well-being of the state of Washington, to public health and welfare by assisting to control the spread of animal-borne disease, and to the protection of private and public property from damage resulting from uncontrolled animal populations.

(4) The legislature further finds that the sale, trade, or barter of wild animal pelts is consistent with the legislature's intent not to waste a valuable wildlife resource.

(5) The legislature recognizes that among the choices available for the trapping of animals, some may cause pain and suffering in the animals captured. The legislature further recognizes that some trapping methods can capture animals that are not targeted, including pets. It is the policy of the state of Washington to minimize the use of indiscriminate or painful traps and to use all traps humanely. When lethal trapping methods are used, such methods must be used in the most humane way that accomplishes the goal of reducing animal problems. All trappers in the state should use all practicable means necessary to avoid the capture of a nontargeted animal.

**Sec. 2.** RCW 77.08.010 and 2002 c 281 s 2 are each amended to read as follows:

It is the duty of every trapper to ensure that all trapping is done humanely. To ensure that this goal is met, all trappers must abide by the following:

(1) It is unlawful to use or authorize the use of any ~~((steel-jawed leghold trap, neck snare, or other))~~ body-gripping trap to capture any mammal ~~((for recreation or commerce in fur))~~ without a permit issued by the director, except no trap with teeth or serrated edges may be permitted. The director may only issue a permit under this section for the purposes of addressing an animal problem, nuisance bird problem, capturing live raptors for falconry, for furbearer management program needs, or for conducting scientific research.

(2) It is unlawful to knowingly buy, sell, barter, or otherwise exchange, or offer to buy, sell, barter, or otherwise exchange the raw fur of a mammal or a mammal that has been trapped in ~~((this state with a steel-jawed leghold trap or any other body-gripping trap, whether or not pursuant to permit-~~

~~(3) It is unlawful to use or authorize the use of any steel-jawed leghold trap or any other body-gripping trap to capture any animal, except as provided in subsections (4) and (5) of this section-~~

~~(4) Nothing in this section prohibits the use of a Conibear trap in water, a padded leghold trap, or a nonstrangling type foot snare with a special permit granted by [the] director under (a) through (d) of this subsection. Issuance of the special permits shall be governed by rules adopted by the department and in accordance with the requirements of this section. Every person granted a special permit to use a trap or device listed in this subsection shall check the trap or device at least every twenty-four hours-~~

~~(a) Nothing in this section prohibits the director, in consultation with the department of social and health services or the United States department of health and human services from granting a permit to use traps listed in this subsection for the purpose of protecting people from threats to their health and safety-~~

~~(b) Nothing in this section prohibits the director from granting a special permit to use traps listed in this subsection to a person who applies for such a permit in writing, and who establishes that there exists on a property an animal problem that has not been and cannot be reasonably abated by the use of nonlethal control tools, including but not limited to guard animals, electric fencing, or box and cage traps, or if such nonlethal means cannot be reasonably applied. Upon making a finding in writing that the animal problem has not been and cannot be reasonably abated by nonlethal control tools or if the tools cannot be reasonably applied, the director may authorize the use, setting, placing, or maintenance of the traps for a period not to exceed thirty days-~~

~~(c) Nothing in this section prohibits the director from granting a special permit to department employees or agents to use traps listed in this subsection where the use of the traps is the only practical means of protecting threatened or endangered species as designated under RCW 77.08.010-~~

~~(d) Nothing in this section prohibits the director from issuing a permit to use traps listed in this subsection, excluding Conibear traps, for the conduct of legitimate wildlife research-~~

~~(5) Nothing in this section prohibits the United States fish and wildlife service, its employees or agents, from using a trap listed in subsection (4) of this section where the fish and wildlife service determines, in consultation with the director, that the use of such traps is necessary to protect species listed as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq-)) violation of subsection (1) of this section. To prevent wastage, nothing in this section prohibits the sale, barter, or trade of an animal carcass or pelt, or the donation of an animal carcass or pelt for scientific research or public health training lawfully taken under this title-~~

(3)(a) All trapping of wild animals using body-gripping traps must be conducted by trappers licensed by the department under RCW 77.65.450, under a permit from the director, and in accordance with the rules developed by the commission as they relate to wildlife trapping. However, nothing in this section prohibits the use of commonly used traps by public or private property owners or their agents operating on their property to control the following nuisance wildlife: Moles, mice, rats, mountain beavers, gophers, and nutria.

(b) Furbearing mammals may not be taken from the wild and held alive for sale or personal use. All trapping of furbearing mammals must be conducted in furtherance of a wildlife trapping program being implemented by the department for an animal problem, for scientific research, or for mammal population management as defined by the commission by rule.

(c) Wildlife unintentionally trapped while trapping to manage an animal problem, or while conducting scientific research, must, if possible, be released unharmed immediately upon discovery. The commission may adopt by rule or guideline procedures for the handling of any animal that is unable to be released unharmed.

(d) Lawfully trapped wild animals, if not intended for release, must be humanely dispatched, or if intended for release, must be either immediately released or immediately taken to a rehabilitation center, if necessary. The commission may adopt by rule or guideline procedures for the humane dispatch of captured animals.

(4)(a) It is unlawful for a licensed trapper to fail to complete and submit to the department a report of catch postmarked on or before April 20th of each year. The report must be submitted to the department regardless of trapping success, and indicate the number, general location, and species of all animals captured, including those animals captured that were not part of an animal problem. The report must also include details for domestic pets captured in traps, the circumstances for each specific incident, and if the domestic pet was injured or released unharmed. Trappers who fail to submit an accurate report of catch shall have their trapping privileges suspended for one year. False reports are considered failure to report. It is the responsibility of each licensed trapper to obtain and submit a report of catch on forms provided by the department.

(b) The department shall maintain and analyze all catch reports received pursuant to (a) of this subsection. Data collected on catch reports must be presented to the appropriate legislative committees by November 30th of each year.

(5) Federal wildlife management agencies and their employees and agents, while acting lawfully within the scope of their authority, are not subject to the provisions of this section.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.12 RCW to read as follows:

The commission shall adopt appropriate rules regarding the types of traps and bait for use in capturing wildlife to ensure the humane treatment of captured animals. In adopting these rules, the commission may take into consideration the effectiveness of various trap sizes, approved best management practices, and the habitats in which the traps may be used. These rules must address the time intervals during which specific traps must be checked and animals removed. These rules may not allow for the use of traps with teeth or serrated edges or a neck or body snare attached to a spring pole or any spring pole type device. The commission must also adopt rules for the appropriate disposal of carcasses.

**NEW SECTION. Sec. 5.** A new section is added to chapter 77.12 RCW to read as follows:

The department shall institute a furbearer management program that addresses animal problems and shall only issue programmatic trapping, conditional use, or restricted use trapping permits, as those terms are defined in RCW 77.08.010, and trapping licenses or propose rules consistent with this program.

**Sec. 6.** RCW 77.65.450 and 1991 sp.s. c 7 s 3 are each amended to read as follows:

A state trapping license in combination with a programmatic trapping permit, conditional use trapping permit, or restricted use trapping permit from the director allows the holder to trap fur-bearing animals throughout the state in accordance with the rules adopted by the commission under section 4 of this act; however, a trapper may not place traps on public or private property without permission of the owner, lessee, or tenant where the land is improved and apparently used, or where the land is fenced or enclosed in a manner designed to exclude intruders or to indicate a property boundary line, or where notice is given by posting in a conspicuous manner. A state trapping license is void on April 1st following the date of issuance. The fee for this license is thirty-six dollars for residents sixteen years of age or older, ~~((fifteen))~~ twenty dollars for residents under sixteen years of age, and ~~((one))~~ two hundred ~~((eighty))~~ dollars for nonresidents. Licensed trappers age fifteen years and younger must be under the direct supervision of a licensed adult trapper when engaged in trapping activities. The fee for a programmatic trapping permit for residents sixteen years of age or older and nonresidents, for animal problems as that term is defined in RCW 77.08.010, is twelve dollars and fifty cents. A trapping license is valid for using body-gripping traps in combination with a permit for the control of animal problems, as that term is defined in RCW 77.08.010, or for scientific research. The live capture of raptors for falconry, or scientific research, by use of a foot snare or other body-gripping trap may also be authorized by rule of the commission.

**Sec. 7.** RCW 77.65.460 and 1987 c 506 s 82 are each amended to read as follows:

All persons purchasing a state trapping license ~~((for the first time))~~ after April 1, 2003, shall ~~((present certification of completion of))~~ complete a course of instruction in safe, humane, and proper trapping techniques or pass an examination to establish that the applicant has the requisite knowledge. Licensed trappers who have been active in state-regulated trapping since November 2000 are exempt from this provision.

The director shall establish a program for training persons in trapping techniques and responsibilities in urban, suburban, and rural settings, including the use of trapping devices designed to painlessly capture or

instantly kill. The director shall cooperate with ~~((national and state animal, humane))~~ recognized Washington state based animal shelters, wildlife rehabilitation centers, and similar entities providing animal care and rehabilitation services, hunter education, and Washington state based trapping organizations in the development and instruction of ((a curriculum)) trapper training. Upon successful completion of the course, trainees shall receive a trapper's training certificate signed by an authorized instructor. This certificate is evidence of compliance with this section.

**Sec. 8.** RCW 77.32.545 and 1998 c 190 s 121 are each amended to read as follows:

A property owner, lessee, or tenant may remove a trap placed on the owner's, lessee's, or tenant's posted or fenced property by a trapper. A property owner, lessee, or tenant who discovers a trap placed on any portion of his or her property that is not authorized by the owner, lessee, or tenant, may report the finding to the department, including whether a live animal is captured in the trap. The commission may adopt by rule or guideline procedures for the handling of live animals discovered in such traps.

Trappers shall attach to the chain of their traps or devices a legible metal tag with either the department identification number of the trapper or the name and address of the trapper in English letters not less than one-eighth inch in height.

When a property owner, lessee, or tenant presents a trapper identification number to the department for a trap found upon the property of the owner, lessee, or tenant and requests identification of the trapper, the department shall provide the requestor with the name and address of the trapper. Prior to disclosure of the trapper's name and address, the department shall obtain the name and address of the requesting individual in writing and after disclosing the trapper's name and address to the requesting individual, the requesting individual's name and address shall be disclosed in writing to the trapper whose name and address was disclosed.

**Sec. 9.** RCW 77.15.198 and 2001 c 1 s 5 are each amended to read as follows:

Any person who violates RCW 77.15.194 or 77.15.196 is guilty of a gross misdemeanor. The director shall not issue the violator a trapping license for a period of five years following the revocation. Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1233, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 74.13 RCW to read as follows:

(1) For the purposes of this section, "kin" means persons related by blood or marriage, including marriages that have been dissolved.

(2) The department shall plan, design, and implement strategies to prioritize the placement of children with willing and able kin when out-of-home placement is required.

These strategies must include at least the following:

(a) Development of standardized, statewide procedures to be used when searching for kin of children prior to out-of-home placement. The procedures must include a requirement that documentation be maintained in the child's case record that identifies kin, and documentation that identifies the assessment criteria and procedures that were followed during all kin searches. The procedures must be used when a child is placed in out-of-home care under authority of chapter 13.34 RCW, when a petition is filed under RCW 13.32A.140, or when a child is placed under a voluntary placement agreement. To assist with implementation of the procedures, the department shall request that the juvenile court require parents to disclose to the department all contact information for available and appropriate kin within two weeks of an entered order. For placements under signed voluntary agreements, the department shall encourage the parents to disclose to the department all contact information for available and appropriate kin within two weeks of the date the parent signs the voluntary placement agreement.

(b) Development of procedures for conducting active outreach efforts to identify and locate kin during all searches. The procedures must include at least the following elements:

(i) Reasonable efforts to interview known kin, friends, teachers, and other identified community members who may have knowledge of the child's kin, within sixty days of the child entering out-of-home care;

(iv) Establishment of a process for ongoing contact with kin who express interest in being considered as a placement resource for the child; and

(v) A requirement that when the decision is made to not place the child with any kin, the department provides documentation as part of the child's individual service and safety plan that clearly identifies the rationale for the decision and corrective action or actions the kin must take to be considered as a viable placement option.

(3) Nothing in this section shall be construed to create an entitlement to services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or the child or family is not eligible for such services.

**NEW SECTION. Sec. 2.** (1) The department of social and health services shall collaborate with one or more nonprofit community-based agencies to develop a grant proposal for submission to potential funding sources, including governmental entities and private foundations, to establish a minimum of two pilot projects to assist kinship caregivers with understanding and navigating the system of services for children in out-of-home

The report shall: Include data that demonstrates whether the pilot project reduced actual barriers to access to services; identify statutory and administrative barriers for kin who give care; and recommend ways to reduce or eliminate the barriers without adverse consequences to children placed with kin.

(2) This section expires January 1, 2007.

**NEW SECTION. Sec. 4.** A new section is added to chapter 74.13 RCW to read as follows:

(1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood or marriage, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more program or service would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor the implementation of recommendations contained in the 2002 kinship care report;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(3) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(4) The kinship care oversight committee shall report to the legislature and the governor on the status of kinship care issues by December 1, 2004.

(5) This section expires January 1, 2005."

On page 1, line 1 of the title, after "caregivers;" strike the remainder of the title and insert "adding new sections to chapter 74.13 RCW; creating new sections; and providing expiration dates."
