#### **SENATE AMENDMENTS TO HOUSE BILL**

April 9, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1219, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 43.320.110 and 2002 c 371 s 912 are each amended to read as follows:

There is created a local fund known as the "financial services regulation fund" which shall consist of all moneys received by the divisions of the department of financial institutions, except for the division of securities which shall deposit thirteen percent of all moneys received, except as provided in section 2 of this act, and which shall be used for the purchase of supplies and necessary equipment; the payment of salaries, wages, and utilities; the establishment of reserves; and other incidental costs required for the proper regulation of individuals and entities subject to regulation by the department. The state treasurer shall be the custodian of the fund. Disbursements from the fund shall be on authorization of the director of financial institutions or the director's designee. In order to maintain an effective expenditure and revenue control, the fund shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

~~((Between July 1, 2001, and December 31, 2001, the legislature may transfer up to two million dollars from the financial services regulation fund to the digital government revolving account. During the 2001-2003 fiscal biennium, the legislature may transfer from the financial services regulation fund to the state general fund such amounts as reflect the excess fund balance of the fund and appropriations reductions made by the 2002 supplemental appropriations act for administrative efficiencies and savings.))~~

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.320 RCW to read as follows:

(1) The securities prosecution fund is created in the custody of the state treasurer and shall consist of all fines received by the division of securities under RCW 21.20.400(2), 21.20.110, and 21.20.395 and all undistributed funds from orders of disgorgement and restitution under RCW 21.20.110(8) and 21.20.390(6). At the conclusion of the prosecution, the attorney general or prosecuting attorney shall provide the director with an accounting of fund expenditures, a summary of the case, and certify his or her compliance with any rules adopted by the director relating to the administration of the fund.

(4) If the balance of the securities prosecution fund reaches three hundred fifty thousand dollars, all fines received by the division of securities under RCW 21.20.400(2), 21.20.110, and 21.20.395 and all undistributed funds from orders of disgorgement and restitution under RCW 21.20.110(8) and 21.20.390(6) shall be deposited in the financial services regulation fund until such time as the balance in the fund falls below three hundred fifty thousand dollars, at which time the fines received by the division of securities under RCW 21.20.400(2), 21.20.110, and 21.20.395 and all undistributed funds from orders of disgorgement and restitution under RCW 21.20.110(8) and 21.20.390(6) shall be deposited to the securities prosecution fund until balance in the fund once again reaches three hundred fifty thousand dollars.

(1) Any person who willfully violates any provision of this chapter except RCW 21.20.350, or who willfully violates any rule or order under this chapter, or who willfully violates RCW 21.20.350 knowing the statement made to be false or misleading in any material respect, ~~((shall upon conviction be fined not more than five thousand dollars or imprisoned not more than ten years, or both; but no))~~ is guilty of a class B felony punishable under RCW 9A.20.021(1)(b). (1) The director may by order deny, suspend, revoke, restrict, condition, or limit any application or registration of any broker-dealer, salesperson, investment adviser representative, or investment adviser; or censure or fine the registrant or an officer, director, partner, or person ~~((occupying))~~ performing similar functions for a registrant; if the director finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer or investment adviser, any partner, officer, director, or person ~~((occupying))~~ performing similar functions:

(a) Has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false, or misleading with respect to any material fact;

The director may not enter an order on the basis of an order under another state securities act unless that order was based on facts that would constitute a ground for an order under this section;

(f) Is the subject of an order, adjudication, or determination, after notice and opportunity for hearing, by the Securities and Exchange Commission, the Commodities Futures Trading Commission, the Federal Trade Commission, or a securities or insurance regulator of any state that the person has ~~((willfully))~~ violated the Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Advisers Act of 1940, the Investment Company Act of 1940, the Commodities Exchange Act, the securities, insurance, or commodities law of any state, or a federal or state law under which a business involving investments, franchises, business opportunities, insurance, banking, or finance is regulated;

(k) Has failed to pay the proper filing fee within thirty days after being notified by the director of a deficiency, but the director shall vacate an order under this subsection (1)(k) when the deficiency is corrected;

(2) The director, by rule or order, may require that an examination, including an examination developed or approved by an organization of securities administrators, be taken by any class of or all applicants. The director, by rule or order, may waive the examination as to a person or class of persons if the administrator determines that the examination is not necessary or appropriate in the public interest or for the protection of investors.

(3) The director may issue a summary order pending final determination of a proceeding under this section upon a finding that it is in the public interest and necessary or appropriate for the protection of investors.

(4) The director may not impose a fine under this section except after notice and opportunity for hearing. The fine imposed under this section may not exceed ~~((five))~~ ten thousand dollars for each act or omission that constitutes the basis for issuing the order. If a petition for judicial review has not been timely filed under RCW 34.05.542(2), a certified copy of the director's order requiring payment of the fine may be filed in the office of the clerk of the superior court in any county of this state. The clerk shall treat the order of the director in the same manner as a judgment of the superior court. The director's order so filed has the same effect as a judgment of the superior court and may be recorded, enforced, or satisfied in like manner.

(5) Withdrawal from registration as a broker-dealer, salesperson, investment adviser, or investment adviser representative becomes effective thirty days after receipt of an application to withdraw or within such shorter period as the administrator determines, unless a revocation or suspension proceeding is pending when the application is filed. If a proceeding is pending, withdrawal becomes effective upon such conditions as the director, by order, determines. (7) In any action under subsection (1) of this section, the director may charge the costs, fees, and other expenses incurred by the director in the conduct of any administrative investigation, hearing, or court proceeding against any person found to be in violation of any provision of this section or any rule or order adopted under this section.

(8) In any action under subsection (1) of this section, the director may enter an order requiring an accounting, restitution, and disgorgement, including interest at the legal rate under RCW 4.56.110(3). The director may by rule or order provide for payments to investors, rates of interest, periods of accrual, and other matters the director deems appropriate to implement this subsection.

(9) The director shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the director's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

**Sec. 5.** RCW 21.20.390 and 1995 c 46 s 7 are each amended to read as follows:

Reasonable notice of and opportunity for a hearing shall be given(~~(= PROVIDED, FURTHER, That)~~). The director may issue a (~~temporary~~) summary order pending the hearing which shall remain in effect until ten days after the hearing is held and which shall become final if the person to whom notice is addressed does not request a hearing within (~~fifteen~~) twenty days after the receipt of notice; or

(2) The director may without issuing a cease and desist order, bring an action in any court of competent jurisdiction to enjoin any such acts or practices and to enforce compliance with this chapter or any rule or order (~~hereunder~~) adopted under this chapter. The court may grant such ancillary relief, including a civil penalty, restitution, and disgorgement, as it deems appropriate. Upon a proper showing a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The director may not be required to post a bond. If the director prevails, the director shall be entitled to a reasonable attorney's fee to be fixed by the court.

(3) Whenever it appears to the director that any person who has received a permit to issue, sell, or otherwise dispose of securities under this chapter, whether current or otherwise, has become insolvent, the director may petition a court of competent jurisdiction to appoint a receiver or conservator for the defendant or the defendant's assets. The director may not be required to post a bond.

(4) The director may bring an action for restitution or damages on behalf of the persons injured by a violation of this chapter, if the court finds that private civil action would be so burdensome or expensive as to be impractical.

(5) In any action under this section, the director may charge the costs, fees, and other expenses incurred by the director in the conduct of any administrative investigation, hearing, or court proceeding against any person found to be in violation of any provision of this section or any rule or order adopted under this section.

(6) In any action under subsection (1) of this section, the director may enter an order requiring an accounting, restitution, and disgorgement, including interest at the legal rate under RCW 4.56.110(3). The director may by rule or order provide for payments to investors, interest rates, periods of accrual, and other matters the director deems appropriate to implement this subsection.

**Sec. 6.** RCW 21.20.395 and 1998 c 15 s 18 are each amended to read as follows:

(1) A person who, in an administrative action by the director, is found to have knowingly or recklessly violated any provision of this chapter, or any rule or order under this chapter, may be fined, after notice and opportunity for hearing, in an amount not to exceed (~~five~~) ten thousand dollars for each violation.

(2) A person who, in an administrative action by the director, is found to have knowingly or recklessly violated an administrative order issued under RCW 21.20.110 or 21.20.390 shall pay an administrative fine in an amount not to exceed twenty-five thousand dollars for each violation.

(3) The fines paid under subsections (1) and (2) of this section shall be deposited into the securities prosecution fund.

(4) If a petition for judicial review has not been timely filed under RCW 34.05.542(2), a certified copy of the director's order requiring payment of the fine may be filed in the office of the clerk of the superior court in any county of this state. The clerk shall treat the order of the director in the same manner as a judgment of the superior court. The director's order so filed has the same effect as a judgment of the superior court and may be recorded, enforced, or satisfied in like manner.

**Sec. 7.** RCW 9A.20.021 and 1982 c 192 s 10 are each amended to read as follows:

### SENATE AMENDMENTS TO HOUSE BILL

April 15, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1444, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 42.30.110 and 2001 c 216 s 1 are each amended to read as follows:

(1) Nothing contained in this chapter may be construed to prevent a governing body from holding an executive session during a regular or special meeting:

(a) To consider matters affecting national security;

(b) To consider the selection of a site or the acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price;

(c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, final action selling or leasing public property shall be taken in a meeting open to the public;

(d) To review negotiations on the performance of publicly bid contracts when public knowledge regarding such consideration would cause a likelihood of increased costs;

(e) To consider, in the case of an export trading company, financial and commercial information supplied by private persons to the export trading company;

(f) To receive and evaluate complaints or charges brought against a public officer or employee.

However, upon the request of such officer or employee, a public hearing or a meeting open to the public shall be conducted upon such complaint or charge;

(g) To evaluate the qualifications of an applicant for public employment or to review the performance of a public employee. However, subject to RCW 42.30.140(4), discussion by a governing body of salaries, wages, and other conditions of employment to be generally applied within the agency shall occur in a meeting open to the public, and when a governing body elects to take final action hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action shall be taken in a meeting open to the public;

(h) To evaluate the qualifications of a candidate for appointment to elective office. However, any interview of such candidate and final action appointing a candidate to elective office shall be in a meeting open to the public;

(i) To discuss with legal counsel representing the agency matters relating to agency enforcement actions, or to discuss with legal counsel representing the agency litigation or potential litigation to which the agency, the

governing body, or a member acting in an official capacity is, or is likely to become, a party, when public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the agency.

This subsection (1)(i) does not permit a governing body to hold an executive session solely because an attorney representing the agency is present. For purposes of this subsection (1)(i), "potential litigation" means matters protected by RPC 1.6 or RCW 5.60.060(2)(a) concerning:

(A) Litigation that has been specifically threatened to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party;

(B) Litigation that the agency reasonably believes may be commenced by or against the agency, the governing body, or a member acting in an official capacity; or

(C) Litigation or legal risks of a proposed action or current practice that the agency has identified when public discussion of the litigation or legal risks is likely to result in an adverse legal or financial consequence to the agency;

(j) To consider, in the case of the state library commission or its advisory bodies, western library network prices, products, equipment, and services, when such discussion would be likely to adversely affect the network's ability to conduct business in a competitive economic climate. However, final action on these matters shall be taken in a meeting open to the public;

(k) To consider, in the case of the state investment board, financial and commercial information when the information relates to the investment of public trust or retirement funds and when public knowledge regarding the discussion would result in loss to such funds or in private loss to the providers of this information;

(l) To consider proprietary or confidential nonpublished information related to the development, acquisition, or implementation of state purchased health care services as provided in RCW 41.05.026.

(2) Before convening in executive session, the presiding officer of a governing body shall publicly announce the purpose for excluding the public from the meeting place, and the time when the executive session will be concluded. The executive session may be extended to a stated later time by announcement of the presiding officer.

**Sec. 2.** RCW 41.05.026 and 1991 c 79 s 1 are each amended to read as follows:

(c) Education curricula for appropriate health and health-related providers covered by the uniform disciplinary act, chapter 18.130 RCW;

(d) Training courses for persons providing hepatitis C counseling, public health clinic staff, and any other appropriate provider, which shall focus on disease prevention, early detection, and intervention;

(e) Capacity for voluntary hepatitis C testing programs to be performed at facilities providing voluntary HIV testing under chapter 70.24 RCW;

(f) A comprehensive model for an evidence-based process for the prevention and management of hepatitis C that is applicable to other diseases; and

(3) The secretary of health shall develop the state plan described in subsections (1) and (2) of this section only to the extent that, and for as long as, federal or private funds are available for that purpose, including grants. Funding for this act shall not come from state sources.

(4) The board of health may adopt rules necessary to implement subsection (2)(b) of this section.

(5) The secretary of health shall submit the completed state plan to the legislature by January 1, 2004. After the initial state plan is submitted, the department shall update the state plan biennially and shall submit the plan to the governor and make it available to other interested parties. The update and progress reports are due December 1, 2004, and every two years thereafter.

(6) The state plan recommendations described in subsection (2)(b) of this section shall be implemented by the secretary of health only to the extent that, and for as long as, federal or private funds are available for that purpose, including grants.

(7) This section expires June 30, 2007.

**Sec. 2.** RCW 49.60.172 and 1988 c 206 s 903 are each amended to read as follows:

(1) No person may require an individual to take an HIV test, as defined in chapter 70.24 RCW, or hepatitis C test, as a condition of hiring, promotion, or continued employment unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification for the job in question.

(2) No person may discharge or fail or refuse to hire any individual, or segregate or classify any individual in any way which would deprive or tend to deprive that individual of employment opportunities or adversely affect his or her status as an employee, or otherwise discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment on the basis of the results of an HIV test or hepatitis C test unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification of the job in question.

(3) The absence of HIV or hepatitis C infection as a bona fide occupational qualification exists when performance of a particular job can be shown to present a significant risk, as defined by the board of health by rule, of transmitting HIV or hepatitis C infection to other persons, and there exists no means of eliminating the risk by restructuring the job.

(4) For the purpose of this chapter, any person who is actually infected with HIV or hepatitis C, but is not disabled as a result of the infection, shall not be eligible for any benefits under the affirmative action provisions of chapter 49.74 RCW solely on the basis of such infection.

(5) Employers are immune from civil action for damages arising out of transmission of HIV or hepatitis C to employees or to members of the public unless such transmission occurs as a result of the employer's gross negligence.

**Sec. 3.** RCW 49.60.174 and 1997 c 271 s 6 are each amended to read as follows:

(1) For the purposes of determining whether an unfair practice under this chapter has occurred, claims of discrimination based on actual or perceived HIV or hepatitis C infection shall be evaluated in the same manner as other claims of discrimination based on sensory, mental, or physical disability; or the use of a trained dog guide or service animal by a disabled person.

(2) Subsection (1) of this section shall not apply to transactions with insurance entities, health service contractors, or health maintenance organizations subject to RCW 49.60.030(1)(e) or 49.60.178 to prohibit fair discrimination on the basis of actual HIV or actual hepatitis C infection status when bona fide statistical differences in risk or exposure have been substantiated.

(3) For the purposes of this chapter((?)):

(a) "HIV" means the human immunodeficiency virus, and includes all HIV and HIV-related viruses which damage the cellular branch of the human immune system and leave the infected person immunodeficient; and

(b) "Hepatitis C" means the hepatitis C virus of any genotype.

NEW SECTION. **Sec. 4.** A new section is added to chapter 50.20 RCW to read as follows:

(1) Credentialed health care professionals listed in RCW 18.130.040 shall be deemed to be dislocated workers for the purpose of commissioner approval of training under RCW 50.20.043 if they are unemployed as a result of contracting hepatitis C in the course of employment and are unable to continue to work in their profession because of a significant risk that such work would pose to other persons and that risk cannot be eliminated.

(2) For purposes of subsection (1) of this section, a health care professional who was employed on a full-time basis in their profession shall be presumed to have contracted hepatitis C in the course of employment. This presumption may be rebutted by a preponderance of the evidence that demonstrates that the health care professional contracted hepatitis C as a result of activities or circumstances not related to employment.

### SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1376, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.03.250 and 1987 c 109 s 83 are each amended to read as follows:

(1) Any person, municipal corporation, firm, irrigation district, association, corporation, or water users' association hereafter desiring to appropriate water for a beneficial use shall make an application to the department for a permit to make such appropriation, and shall not use or divert such waters until he or she has received a permit from the department as in this chapter provided. The construction of any ditch, canal, or works, or performing any work in connection with said construction or appropriation, or the use of any waters, shall not be an appropriation of such water nor an act for the purpose of appropriating water unless a permit to make said appropriation has first been granted by the department(~~(= PROVIDED, That)~~).

(2) A temporary permit may be granted upon a proper showing made to the department to be valid only during the pendency of such application for a permit unless sooner revoked by the department(~~(= PROVIDED, FURTHER, That)~~).

(3) Nothing in this chapter (~~(contained)~~) shall be deemed to affect RCW 90.40.010 through 90.40.080 except that the notice and certificate (~~(therein)~~) provided for in RCW 90.40.030 shall be addressed to the department, and the department shall exercise the powers and perform the duties prescribed by RCW 90.40.030.

(4) No permit is required to capture or use water in rain barrels, cisterns, constructed ponds, or other storm water facilities for capturing runoff from residential, commercial, or industrial properties, or from public facilities, regardless of whether the captured water is put to beneficial use. The captured water may not be transferred to or used in a water resource inventory area (WRIA), as defined in RCW 90.82.020, other than the water resource inventory area in which the water is captured, and may not be stored in a manner that creates a public nuisance as specified in RCW 17.28.170.

**Sec. 2.** RCW 90.03.370 and 2002 c 329 s 10 are each amended to read as follows:

(1)(a) All applications for reservoir permits are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir

shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. The department may accept for processing a single application form covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:  
(i) Development of storage facilities that will not require a new water right for diversion or withdrawal of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a reservoir where the water right for the source of the stored water authorizes the beneficial use.

(2)(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

(i) Aquifer vulnerability and hydraulic continuity;

(ii) Potential impairment of existing water rights;

(iii) Geotechnical impacts and aquifer boundaries and characteristics;

(iv) Chemical compatibility of surface waters and ground water;

(v) Recharge and recovery treatment requirements;

(vi) System operation;

(vii) Water rights and ownership of water stored for recovery; and

(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.

(3) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

(4) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

(5) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (3) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

(6) Where needed to ensure that existing storage capacity is effectively and efficiently used to meet multiple purposes, the department may authorize reservoirs to be filled more than once per year or more than once per season of use.

(7) No permit is required to capture or use water in rain barrels, cisterns, constructed ponds, or other storm water facilities for capturing runoff from residential, commercial, or industrial properties, or from public facilities, regardless of whether the captured water is put to beneficial use. The captured water may not be transferred to or used in a water resource inventory area (WRIA), as defined in RCW 90.82.020, other than the water resource inventory area in which the water is captured, and may not be stored in a manner that creates a public nuisance as specified in RCW 17.28.170.

(8) This section does not apply to facilities to recapture and reuse return flow from irrigation operations serving a single farm under an existing water right as long as the acreage irrigated is not increased beyond the acreage allowed to be irrigated under the water right that applies to the property.

(9) In addition to the facilities exempted under subsection (8) of this section, this section does not apply to small irrigation impoundments. For purposes of this subsection, "small irrigation impoundments" means surface storage ponds less than ten acre feet in volume used to impound irrigation water under an existing water right where use of the impoundment: (a)(i) Facilitates efficient use of water; or (ii) promotes compliance with an approved recovery plan for endangered or threatened species; and (b) does not expand the number of acres irrigated or the annual consumptive quantity of water used. Water remaining in a small irrigation impoundment at the end of an irrigation season may be carried over for use in the next season; however, the limitations of this subsection (9) apply to such a carry over."

On page 1, line 2 of the title, after "requirements;" strike the remainder of the title and insert "and amending RCW 90.03.250 and 90.03.370."

and the same is herewith transmitted.

**SENATE AMENDMENT TO HOUSE BILL**

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1335 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 79A.05.380 and 1993 c 182 s 1 are each amended to read as follows:

The legislature recognizes the increase in water-oriented recreation by users of human and wind-powered, beachable vessels such as kayaks, canoes, or day sailors on Washington's waters. These recreationists frequently require overnight camping facilities along the shores of public or private beaches. The legislature now creates a water trail recreation program, to be administered by the Washington state parks and recreation commission. The legislature recognizes that the effort to develop water trail sites is a continuing need and that the commission provides beneficial expertise and consultation to water trail user groups, agencies, and private landowners for the existing Cascadia marine trail and Willapa Bay water trail.

**Sec. 2.** RCW 79A.05.385 and 1993 c 182 s 2 are each amended to read as follows:

In addition to its other powers, duties, and functions, the commission may:

(1) Plan, construct, and maintain suitable facilities for water trail activities on lands administered or acquired by the commission or as authorized on lands administered by tribes or other public agencies or private landowners by agreement.

~~(2) (Provide and issue, upon payment of the proper fee, with the assistance of those authorized agents as may be necessary for the convenience of the public, water trail permits to utilize designated water trail facilities. The commission may, after consultation with the water trail advisory committee, adopt rules authorizing reciprocity of water trail permits provided by another state or Canadian province, but only to the extent that a similar exemption or provision for water trail permits is issued by that state or province.~~

~~(3))~~ (3) Compile, publish, distribute, and charge a fee for maps or other forms of public information indicating areas and facilities suitable for water trail activities.

~~((4))~~ (4) Contract with a public agency, private entity, or person for the actual conduct of these duties.

~~((5))~~ (5) Work with individuals or organizations who wish to volunteer their time to support the water trail recreation program.

(6) Provide expertise and consultation to individuals, agencies, and organizations in the continued development of water trail sites in this state.

**Sec. 3.** RCW 79A.05.410 and 1993 c 182 s 7 are each amended to read as follows:

The commission may ~~(, after consultation with the water trail advisory committee,)~~ adopt rules to administer the water trail program and facilities on areas owned or administered by the commission. Where water trail facilities administered by other public or private entities are incorporated into the water trail system, the rules adopted by those entities shall prevail. The commission is not responsible or liable for enforcement of these alternative rules.

**NEW SECTION. Sec. 4.** Any unspent balance of funds in the water trail program account created in RCW 79A.05.405 as of June 30, 2003, must be transferred to the state parks renewal and stewardship account created in RCW 79A.05.215. All receipts from sales of materials under RCW 79A.05.385 and all monetary civil penalties collected under RCW 79A.05.415 must be deposited in the state parks renewal and stewardship account. Any gifts, grants, donations, or moneys from any source received by the commission for the water trail program must also be deposited in the state parks renewal and stewardship account. Funds transferred or deposited into the state parks renewal and stewardship account under this section must be used solely for water trail program purposes.

**Sec. 5.** RCW 79A.05.630 and 2000 c 11 s 50 are each amended to read as follows:

Lands within the Seashore Conservation Area shall not be sold, leased, or otherwise disposed of, except as ~~(herein)~~ provided in this section and section 6 of this act. The commission may, under authority granted in RCW 79A.05.175 and 79A.05.180, exchange state park lands in the Seashore Conservation Area for lands of equal value to be managed by the commission consistent with this chapter. Only state park lands lying east of the Seashore Conservation Line, as it is located at the time of exchange, may be so exchanged. The department of natural resources may lease the lands within the Washington State Seashore Conservation Area as well as the accreted lands along the ocean in state ownership for the exploration and production of oil and gas ~~(;- PROVIDED, That))~~. However, oil drilling rigs and equipment will not be placed on the Seashore Conservation Area or state-owned accreted lands.

Sale of sand from accretions shall be made to supply the needs of cranberry growers for cranberry bogs in the vicinity and shall not be prohibited if found by the commission to be reasonable, and not generally harmful or destructive to the character of the land ~~(;- PROVIDED, That))~~. However, the commission may grant leases and permits for the removal of sands for construction purposes from any lands within the Seashore Conservation Area if found by the commission to be reasonable and not generally harmful or destructive to the character of the

land(~~(- PROVIDED)~~). Further, That net income from such leases shall be deposited in the state parks renewal and stewardship account.

NEW SECTION. Sec. 6. At the request of the city of Long Beach, the state parks and recreation commission shall convey to the city of Long Beach all commission-owned lands lying between 5th street southwest and 4th street northwest, and lying between 8th street northwest and 14th street northwest, all lying between the 1889 ordinary high tide line (also known as the western boundary of upland ownership) and the line of ordinary high tide of the Pacific ocean, and all lying within sections 8 and 17, township 10 north, range 11, west, W.M., Pacific county, Washington. The city of Long Beach must maintain these lands for city park purposes, including open space, parks, interpretive centers, or museums. The title, and any other documents necessary for the transfer of these lands, will include covenants ensuring that the city of Long Beach will maintain all conveyed land as a city park. If the city of Long Beach breaches these covenants, ownership of all park lands conveyed under this section reverts to the state parks and recreation commission.

RCW 79A.05.400 (Water trail recreation program--Permits) and 1993 c 182 s 5;

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "amending RCW 79A.05.380, 79A.05.385, 79A.05.410, and 79A.05.630; creating new sections; and repealing RCW 79A.05.400, 79A.05.405, and 79A.05.420."

and the same is herewith transmitted.

Milt H. Doumit, Secretary

### **POINT OF ORDER**

Representative Simpson requested a scope and object ruling on the Senate amendment to Substitute House Bill No. 1335.

### **SPEAKER'S RULING**

Mr. Speaker (Representative Lovick presiding): "Substitute House Bill No. 1335 is an act relating to the "water trail recreation program". The bill eliminates the water trail permit, Water Trail Advisory Committee and Water Trail Program Account.

The Senate amendment authorizes the transfer of certain state parks lands. The amendment is unrelated to the purpose of the underlying bill and is clearly beyond its scope and object.

Representative Simpson, your point of order is well taken."

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1335 and asked the Senate to recede therefrom.

### **MOTIONS**

On motion of Representative Clements, Representatives McDonald and Pflug were excused. On motion of Representative Santos, Representatives Edwards, Grant, Kessler, McIntire and Sullivan were excused.

### **SENATE AMENDMENTS TO HOUSE BILL**

April 11, 203

Mr. Speaker:

and the same is herewith transmitted.

Milt H. Doumit, Secretary

## SENATE AMENDMENTS TO HOUSE BILL

April 9, 2003

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1057, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1)(a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state's commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2)(a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fisheries' violations seriously. When dealing with individuals convicted of only one violation, the license suspension

review committee should only consider suspension for individuals that are convicted of violations that are of a severe magnitude and show a wanton disregard for the public's resource.

**Sec. 2.** RCW 77.15.700 and 2001 c 253 s 46 are each amended to read as follows:

The department shall impose revocation and suspension of privileges upon conviction in the following circumstances:

- (1) If directed by statute for an offense;
- (2) If the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife. Such suspension of privileges may be permanent. This subsection (2) does not apply to violations involving commercial fishing;
- (3) If a person is convicted twice within ten years for a violation involving unlawful hunting, killing, or possessing big game, the department shall order revocation and suspension of all hunting privileges for two years. RCW 77.12.722 or 77.16.050 as it existed before June 11, 1998, may comprise one of the convictions constituting the basis for revocation and suspension under this subsection;
- (4) If a person is convicted three times in ten years of any violation of recreational hunting or fishing laws or rules, the department shall order a revocation and suspension of all recreational hunting and fishing privileges for two years;
- ~~(5) If a person is convicted twice within five years of a gross misdemeanor or felony involving unlawful commercial fish or shellfish harvesting, buying, or selling, the department shall impose a revocation and suspension of the person's commercial fishing privileges for one year. A commercial fishery license revoked under this subsection may not be used by an alternate operator or transferred during the period of suspension).~~

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.15 RCW to read as follows:

(1) If a person is convicted of two or more qualifying commercial fishing violations within a three-year period, the person's privileges to participate in the commercial fishery to which the violations applied may be suspended by the director for up to one year. A commercial fishery license that is suspended under this section may not be transferred after the director issues a notice of suspension, or used by an alternative operator or transferred during the period of suspension, if the person who is the subject of the suspension notice is the person who owns the commercial fishery license.

(2) For the purposes of this section only, "qualifying commercial fishing violation" means either:

(a) A conviction under RCW 77.15.500, 77.15.510, 77.15.520, 77.15.530, 77.15.550(1)(a), 77.15.570, 77.15.580, or 77.15.590;

(b) A gross misdemeanor or felony involving commercial fish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold fish, other than shellfish, groundfish, or coastal pelagic species of baitfish totals greater than six percent, by weight, of the harvest available for inspection at the time of citation and the cumulative value of the unlawfully harvested fish is more than two hundred fifty dollars at the time of citation;

(c) A gross misdemeanor or felony involving commercial groundfish or coastal pelagic baitfish harvest, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued under this title, if:  
(i) The quantity of unlawfully harvested, possessed, bought, or sold groundfish or coastal pelagic baitfish totals greater than ten percent, by weight, of the harvest available for inspection at the time of citation and has a cumulative value greater than five hundred dollars; or (ii) the quantity, by weight, of the unlawfully commercially harvested groundfish or coastal pelagic baitfish is ten percent greater than the landing allowances provided under rules adopted by the department for species categorized as over-fished by the national marine fisheries service; or

(d) A gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals greater than six percent of the harvest available for inspection at the time of citation; and (ii) totals fifty or more individual shellfish.

(3)(a) The director may refer a person convicted of one qualifying commercial fishing violation to the license suspension review committee if the director feels that the qualifying commercial fishing violation was of a severe enough magnitude to justify suspension of the individual's license renewal privileges.

(b) The director may refer any person convicted of one egregious shellfish violation to the license suspension review committee.

(c) For the purposes of this section only, "egregious shellfish violation" means a gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals more than twenty percent of the harvest available for inspection at the time of citation; (ii) totals five hundred or more individual shellfish; and (iii) is valued at two thousand five hundred dollars or more.

(4) A person who has a commercial fishing license suspended or revoked under this section may file an appeal with the license suspension review committee pursuant to section 4 of this act. An appeal must be filed

within thirty-one days of notice of license suspension or revocation. If an appeal is filed, the suspension or revocation issued by the department does not take effect until after the license suspension review committee has delivered an opinion. If no appeal is filed within thirty-one days of notice of license suspension or revocation, the right to an appeal is considered waived. All suspensions ordered under this section take effect either thirty- one days following the conviction for the second qualifying commercial fishing violation, or upon a decision pursuant to section 4 of this act, whichever is later.

(5) A fishing privilege suspended under this section is in addition to the statutory penalties assigned to the underlying crime.

(6) For the purposes of this section only, the burden is on the state to show the dollar amount or the percent of a harvest that is comprised of unlawfully harvested, bought, or sold individual fish or shellfish.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.15 RCW to read as follows:

(1) The license suspension review committee is created. The license suspension review committee may only hear appeals from commercial fishers who have had a license revoked or suspended pursuant to section 3 of this act.

(2)(a) The license suspension review committee is composed of five voting members and up to four alternates.

(b) Two of the members must be appointed by the director and may be department employees.

(c) Three members, and up to four alternates, must be peer-group members, who are individuals owning a commercial fishing license issued by the department. If a peer-group member appears before the license suspension review committee because of a qualifying commercial fishing violation, the member must recuse himself or herself from the proceedings relating to that violation. No two voting peer-group members may reside in the same county. All peer-group members must be appointed by the commission, who may accept recommendations from professional organizations that represent commercial fishing interests or from the legislative authority of any Washington county.

(d) All license suspension review committee members serve a two- year renewable term.

(e) The commission may develop minimum member standards for service on the license suspension review committee, and standards for terminating a member before the expiration of his or her term.

(3) The license suspension review committee must convene and deliver an opinion on a license renewal suspension within three months of appeal or of referral from the department. The director shall consider the committee's opinion and make a decision and may issue, not issue, or modify the license suspension.

(4) The license suspension review committee shall collect the information and hear the testimony that it feels necessary to deliver an opinion on the proper length, if any, of a suspension of a commercial license. The opinion may be based on extenuating circumstances presented by the individual convicted of the qualifying commercial fishing violation or considerations of the type and magnitude of violations that have been committed by the individual. The maximum length of any suspension may not exceed one year.

(5) All opinions of the license suspension review committee must be by a majority vote of all voting members. Alternate committee members may only vote when one of the voting members is unavailable, has been recused, or has decided not to vote on the case before the committee. Nonvoting alternates may be present and may participate at all license suspension review committee meetings.

(6) Members of the license suspension review committee serve as volunteers, and are not eligible for compensation other than travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(7) Staff of the license suspension review committee must be provided by the department.

**Sec. 5.** RCW 77.65.030 and 2001 c 244 s 2 are each amended to read as follows:

The application deadline for a commercial license or permit established in this chapter is December 31st of the calendar year for which the license or permit is sought. The department shall accept no license or permit applications after December 31st of the calendar year for which the license or permit is sought. The application deadline in this section does not apply to a license or permit that has not been renewed because of the death or incapacity of the license or permit holder. The license or permit holder's surviving spouse, estate, ~~((or))~~ estate beneficiary, attorney in fact, or guardian must be given ~~((a reasonable opportunity))~~ an additional one hundred eighty days to renew the license or permit.

**NEW SECTION. Sec. 6.** Section 5 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "violations;" strike the remainder of the title and insert "amending RCW 77.15.700 and 77.65.030; adding new sections to chapter 77.15 RCW; creating a new section; and declaring an emergency."

The percentage rate of gross operating revenue to be paid in any period may be decreased by the commission by general order entered before the fifteenth day of the month preceding the month in which the fee is due.

(e) The offender shall comply with any crime-related prohibitions.

(6) An offender convicted of a felony sex offense against a minor victim after June 6, 1996, shall comply with any terms and conditions of community placement imposed by the department relating to contact between the sex offender and a minor victim or a child of similar age or circumstance as a previous victim.

(7) Prior to or during community placement, upon recommendation of the department, the sentencing court may remove or modify any conditions of community placement so as not to be more restrictive.

**Sec. 5.** RCW 9.94A.705 and 2000 c 28 s 23 are each amended to read as follows:

Except for persons sentenced under RCW 9.94A.700(2) or 9.94A.710, when a court sentences a person to a term of total confinement to the custody of the department for a violent offense, any crime against persons under RCW 9.94A.411(2), or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under RCW 9.94A.660, committed on or after July 25, 1999, but before July 1, 2000, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (2). When the court sentences the offender under this section to the statutory maximum period of confinement, then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.728 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Except as provided in section 3 of this act, the department shall supervise any sentence of community placement or community custody imposed under this section.

**Sec. 6.** RCW 9.94A.715 and 2001 2nd sp.s. c 12 s 302 are each amended to read as follows:

(1) When a court sentences a person to the custody of the department for a sex offense not sentenced under RCW 9.94A.712, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 2000, the court shall in addition to the other terms of the sentence, sentence the offender to community custody for the community custody range established under RCW 9.94A.850 or up to the period of earned release awarded pursuant to RCW 9.94A.728 (1) and (2), whichever is longer. The community custody shall begin: (a) Upon completion of the term of confinement; (b) at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (2); or (c) with regard to offenders sentenced under RCW 9.94A.660, upon failure to complete or administrative termination from the special drug offender sentencing alternative program. Except as provided in section 3 of this act, the department shall supervise any sentence of community custody imposed under this section.

(2)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of reoffending, or the safety of the community, and the department shall enforce such conditions pursuant to subsection (6) of this section.

(b) As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department under RCW 9.94A.720. The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of the offender's community custody based upon the risk to community safety. In addition, the department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to obey all laws.

(c) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions. The department shall notify the offender in writing of any such conditions or modifications. In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(3) If an offender violates conditions imposed by the court or the department pursuant to this section during community custody, the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.94A.737 and 9.94A.740.

(4) Except for terms of community custody under RCW 9.94A.670, the department shall discharge the offender from community custody on a date determined by the department, which the department may modify, based on risk and performance of the offender, within the range or at the end of the period of earned release, whichever is later.

(5) At any time prior to the completion or termination of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.631 and may be punishable as contempt of court as provided for in RCW 7.21.040. If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender's compliance with the condition.

(6) Within the funds available for community custody, the department shall determine conditions and duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection.

(7) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to any of the following: (a) The crime of conviction; (b) the offender's risk of reoffending; or (c) the safety of the community.

**Sec. 7.** RCW 9.94A.720 and 2002 c 175 s 14 are each amended to read as follows:

(1)(a) Except as provided in section 3 of this act, all offenders sentenced to terms involving community supervision, community restitution, community placement, or community custody~~((, or legal financial obligation))~~ shall be under the supervision of the department and shall follow explicitly the instructions and conditions of the department. The department may require an offender to perform affirmative acts it deems appropriate to monitor compliance with the conditions of the sentence imposed. The department may only supervise the offender's compliance with payment of legal financial obligations during any period in which the department is authorized to supervise the offender in the community under section 3 of this act.

(b) The instructions shall include, at a minimum, reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender's address or employment, and paying the supervision fee assessment.

(c) For offenders sentenced to terms involving community custody for crimes committed on or after June 6, 1996, the department may include, in addition to the instructions in (b) of this subsection, any appropriate conditions of supervision, including but not limited to, prohibiting the offender from having contact with any other specified individuals or specific class of individuals.

(d) For offenders sentenced to terms of community custody for crimes committed on or after July 1, 2000, the department may impose conditions as specified in RCW 9.94A.715.

The conditions authorized under (c) of this subsection may be imposed by the department prior to or during an offender's community custody term. If a violation of conditions imposed by the court or the department pursuant to RCW 9.94A.710 occurs during community custody, it shall be deemed a violation of community placement for the purposes of RCW 9.94A.740 and shall authorize the department to transfer an offender to a more restrictive confinement status as provided in RCW 9.94A.737. At any time prior to the completion of an offender's term of community custody, the department may recommend to the court that any or

all of the conditions imposed by the court or the department pursuant to RCW 9.94A.710 or 9.94A.715 be continued beyond the expiration of the offender's term of community custody as authorized in RCW 9.94A.715 (3) or (5).

The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender's ability to pay. The department may pay for these services for offenders who are not able to pay.

(2) No offender sentenced to terms involving community supervision, community restitution, community custody, or community placement under the supervision of the department may own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the violation process and sanctions under RCW 9.94A.634, 9.94A.737, and 9.94A.740. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection has the same definition as in RCW 9.41.010.

**Sec. 8.** RCW 9.94A.545 and 2000 c 28 s 13 are each amended to read as follows:

Except as provided in RCW 9.94A.650, on all sentences of confinement for one year or less, in which the offender is convicted of a sex offense, a violent offense, a crime against a person under RCW 9.94A.411, or felony violation of chapter 69.50 or 69.52 RCW or an attempt, conspiracy, or solicitation to commit such a crime, the court may impose up to one year of community custody, subject to conditions and sanctions as authorized in RCW 9.94A.715 and 9.94A.720. An offender shall be on community custody as of the date of sentencing. However, during the time for which the offender is in total or partial confinement pursuant to the sentence or a violation of the sentence, the period of community custody shall toll.

**Sec. 9.** 2002 c 290 s 30 (uncodified) is amended to read as follows:

Section 2 of this act expires ((July 1, 2004)) on the effective date of section 9, chapter..., Laws of 2003 (section 9 of this act).

**Sec. 10.** 2002 c 290 s 31 (uncodified) is amended to read as follows:

Sections 7 through 11 and 14 through 23 of this act take effect ((July 1, 2004, and apply to crimes committed on or after July 1, 2004)) on the effective date of section 9, chapter..., Laws of 2003 (section 9 of this act).

**Sec. 11.** RCW 70.96A.350 and 2002 c 290 s 4 are each amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance abuse treatment and treatment support services for offenders with an addiction or a substance abuse problem that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; and (b) the provision of drug and alcohol treatment services and treatment support services for nonviolent offenders within a drug court program. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance abuse treatment program, but does not include the following services: Housing other than that provided as part of an inpatient substance abuse treatment program, vocational training, and mental health counseling; and

(b) "Treatment support" means transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) ~~((Savings to the state general fund resulting from implementation of chapter 290, Laws of 2002, as calculated))~~ Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

~~(4)(a) ((The department of corrections, the sentencing guidelines commission, the office of financial management, and the caseload forecast council shall develop a methodology for calculating the projected biennial savings under this section. Savings shall be projected for the fiscal biennium beginning on July 1, 2003, and for each biennium thereafter. By September 1, 2002, the proposed methodology shall be submitted to the governor and the appropriate committees of the legislature. The methodology is deemed approved unless the legislature enacts legislation to modify or reject the methodology.~~

~~(b) When the department of corrections submits its biennial budget request to the governor in 2002 and in each even numbered year thereafter, the department of corrections shall use the methodology approved in (a) of this subsection to calculate savings to the state general fund for the ensuing fiscal biennium resulting from reductions in drug offender sentencing as a result of sections 2 and 3, chapter 290, Laws of 2002 and sections 7, 8, and 9, chapter 290, Laws of 2002. The department shall report the dollar amount of the savings to the state treasurer, the office of financial management, and the fiscal committees of the legislature.~~

~~(c))~~ For the fiscal biennium beginning July 1, 2003, ~~((and each fiscal biennium thereafter,))~~ the state treasurer shall transfer ~~((seventy five percent of the amount reported in (b) of this subsection))~~ eight million nine

hundred fifty thousand dollars from the general fund into the criminal justice treatment account, divided into eight equal quarterly payments. ((However, the amount transferred to the criminal justice treatment account shall not exceed the limit of eight million two hundred fifty thousand dollars per fiscal year. After the first fiscal year in which the amount to be transferred equals or exceeds eight million two hundred fifty thousand dollars, this limit)) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

~~((d))~~ (b) For the fiscal biennium beginning July 1, 2003, and each biennium thereafter, the state treasurer shall transfer ~~((twenty five percent of the amount reported in (b) of this subsection))~~ two million nine hundred eighty-four thousand dollars from the general fund into the violence reduction and drug enforcement account, divided into eight quarterly payments. The amounts transferred pursuant to this subsection (4)~~((d))~~ (b) shall be used solely for providing drug and alcohol treatment services to offenders confined in a state correctional facility ~~((receiving a reduced sentence as a result of implementation of chapter 290, Laws of 2002 and))~~ who are assessed with an addiction or a substance abuse problem that if not treated would result in addiction. ~~((Any excess funds remaining after providing drug and alcohol treatment services to offenders receiving a reduced sentence as a result of implementation of chapter 290, Laws of 2002 may be expended to provide treatment for offenders confined in a state correctional facility and who are assessed with an addiction or a substance abuse problem that contributed to the crime.~~

~~((e))~~ (c) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in ~~((e))~~ (a) of this subsection to the division of alcohol and substance abuse for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the division of alcohol and substance abuse from the criminal justice treatment account shall be distributed as specified in this subsection. The department shall serve as the fiscal agent for purposes of distribution. Until July 1, 2004, the department may not use moneys appropriated from the criminal justice treatment account for administrative expenses and shall distribute all amounts appropriated under subsection (4)~~((e))~~ (c) of this section in accordance with this subsection. Beginning in July 1, 2004, the department may retain up to three percent of the amount appropriated under subsection (4)~~((e))~~ (c) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the division from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The division of alcohol and substance abuse, in consultation with the department of corrections, the sentencing guidelines commission, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance abuse treatment providers, and any other person deemed by the division to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the division from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The division shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, substance abuse treatment providers, and the division. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The funds shall be used solely to provide approved alcohol and substance abuse treatment pursuant to RCW 70.96A.090 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.28.170(3)(b).

**NEW SECTION. Sec. 12.** The Washington state institute for public policy shall study the results of the changes in earned release under section 1 of this act. The study shall determine whether the changes in earned release affect the rate of recidivism or the type of offenses committed by persons whose release dates were affected by the changes in this act. The Washington state institute for public policy shall report its findings to the governor and the appropriate committees of the legislature no later than December 1, 2008.

**NEW SECTION. Sec. 13.** The legislature intends to revise and improve the processes for billing and collecting legal financial obligations. The purpose of sections 13 through 27 of this act is to respond to suggestions and requests made by county government officials, and in particular county clerks, to assume the collection of such obligations in cooperation and coordination with the department of corrections and the administrative office for the courts. The legislature undertakes this effort following a collaboration between local officials, the department of corrections, and the administrative office for the courts. The intent of sections 13 through 27 of this act is to promote an increased and more efficient collection of legal financial obligations and, as a result, improve the likelihood that the affected agencies will increase the collections which will provide additional benefits to all parties and, in particular, crime victims whose restitution is dependent upon the collections.

**Sec. 14.** RCW 9.94A.760 and 2001 c 10 s 3 are each amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender's monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the legal financial obligations, until the

obligation is completely satisfied, regardless of the statutory maximum for the crime. The department (~~of corrections shall~~) may only supervise the offender's compliance with payment of the legal financial obligations (~~for ten years following the entry of the judgment and sentence, or ten years following the offender's release from total confinement, whichever period ends later~~) during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3 of this act, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department (~~is~~) and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94A.634, 9.94A.737, or 9.94A.740.

(11)(a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.

(b) Beginning January 1, 2004, the administrative office of the courts shall mail individualized monthly billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(c) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(d) The county clerk shall provide the (~~department with individualized monthly billings for each offender with an unsatisfied legal financial obligation and shall provide the department~~) administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(e) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(12) The department (~~(may)~~) shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk(~~(, or)~~). The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility for collection pursuant to subsection (4) of this section. The costs for collection services shall be paid by the offender.

(13) Nothing in this chapter makes the department, the state, the counties, or any (~~(of its)~~) state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, community placement, or community supervision, and who remains under the jurisdiction of the court for payment of legal financial obligations.

**Sec. 15.** RCW 9.94A.750 and 2000 c 28 s 32 are each amended to read as follows:

This section applies to offenses committed on or before July 1, 1985.

(1) If restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the offense.

(4) For the purposes of this section, the offender shall remain under the court's jurisdiction for a term of ten years following the offender's release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period is longer. Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years for payment of restitution. ~~((If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period.))~~ The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during either the initial ten-year period or subsequent ten-year period if the criminal judgment is extended, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department only during any period which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3 of this act, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution may be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section. In addition, restitution may be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim's medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a proceeding in superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim's child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim's child. For the purposes of this subsection, the offender shall remain under

the court's jurisdiction until the offender has satisfied support obligations under the superior court or administrative order but not longer than a maximum term of twenty-five years following the offender's release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(7) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(8) This section does not limit civil remedies or defenses available to the victim or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim.

**Sec. 16.** RCW 9.94A.753 and 2000 c 226 s 3 and 2000 c 28 s 33 are each reenacted and amended to read as follows:

This section applies to offenses committed after July 1, 1985.

(1) When restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days except as provided in subsection (7) of this section. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the crime.

(4) For the purposes of this section, for an offense committed prior to July 1, 2000, the offender shall remain under the court's jurisdiction for a term of ten years following the offender's release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years for payment of restitution. For an offense committed on or after July 1, 2000, the offender shall remain under the court's jurisdiction until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The portion of the sentence concerning restitution may be modified as to amount, terms, and conditions during any period of time the offender remains under the court's jurisdiction, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department (~~for ten years following the entry of the judgment and sentence or ten years following the offender's release from total confinement. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction~~) only during any period which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3 of this act, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section unless

extraordinary circumstances exist which make restitution inappropriate in the court's judgment and the court sets forth such circumstances in the record. In addition, restitution shall be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim's medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a civil superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim's child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim's child. For the purposes of this subsection, the offender shall remain under the court's jurisdiction until the offender has satisfied support obligations under the superior court or administrative order for the period provided in RCW 4.16.020 or a maximum term of twenty-five years following the offender's release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(7) Regardless of the provisions of subsections (1) through (6) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the judgment and sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(8) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(9) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim.

**NEW SECTION. Sec. 17.** A new section is added to chapter 9.94A RCW to read as follows:

If an offender with an unsatisfied legal financial obligation is not subject to supervision by the department for a term of community placement, community custody, or community supervision, or has not completed payment of all legal financial obligations included in the sentence at the expiration of his or her term of community placement, community custody, or community supervision, the department shall notify the administrative office of the department of the termination of the offender's supervision and provide information to the administrative office of the courts to enable the county clerk to monitor payment of the remaining obligations. The county clerk is authorized to monitor payment after such notification. The secretary of corrections and the administrator for the courts shall enter into an interagency agreement to facilitate the electronic transfer of information about offenders, unpaid obligations, and payees to carry out the purposes of this section.

**Sec. 18.** RCW 9.94A.780 and 1991 c 104 s 1 are each amended to read as follows:

(1) Whenever a punishment imposed under this chapter requires supervision services to be provided, the offender shall pay to the department of corrections the monthly assessment, prescribed under subsection (2) of this section, which shall be for the duration of the terms of supervision and which shall be considered as payment or part payment of the cost of providing supervision to the offender. The department may exempt or defer a person from the payment of all or any part of the assessment based upon any of the following factors:

(a) The offender has diligently attempted but has been unable to obtain employment that provides the offender sufficient income to make such payments.

(b) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.

(c) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the department.

(d) The offender's age prevents him or her from obtaining employment.

(e) The offender is responsible for the support of dependents and the payment of the assessment constitutes an undue hardship on the offender.

(f) Other extenuating circumstances as determined by the department.

(2) The department of corrections shall adopt a rule prescribing the amount of the assessment. The department may, if it finds it appropriate, prescribe a schedule of assessments that shall vary in accordance with the intensity or cost of the supervision. The department may not prescribe any assessment that is less than ten dollars nor more than fifty dollars.

(3) All amounts required to be paid under this section shall be collected by the department of corrections and deposited by the department in the dedicated fund established pursuant to RCW 72.11.040.

(4) This section shall not apply to probation services provided under an interstate compact pursuant to chapter 9.95 RCW or to probation services provided for persons placed on probation prior to June 10, 1982.

(5) If a county clerk assumes responsibility for collection of unpaid legal financial obligations under RCW 9.94A.760, or under any agreement with the department under that section, whether before or after the completion of any period of community placement, community custody, or community supervision, the clerk may impose a monthly or annual assessment for the cost of collections. The amount of the assessment shall not exceed the actual cost of collections. The county clerk may exempt or defer payment of all or part of the assessment based upon any of the factors listed in subsection (1) of this section. The offender shall pay the assessment under this subsection to the county clerk who shall apply it to the cost of collecting legal financial obligations under RCW 9.94A.760.

**Sec. 19.** RCW 9.94A.637 and 2002 c 16 s 2 are each amended to read as follows:

(1)(a) When an offender has completed all requirements of the sentence, including any and all legal financial obligations, and while under the custody and supervision of the department, the secretary or the secretary's designee shall notify the sentencing court, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(b)(i) When an offender has reached the end of his or her supervision with the department and has completed all the requirements of the sentence except his or her legal financial obligations, the secretary's designee shall provide the county clerk with a notice that the offender has completed all nonfinancial requirements of the sentence.

(ii) When the department has provided the county clerk with notice that an offender has completed all the requirements of the sentence and the offender subsequently satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court, including the notice from the department, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(2) The court shall send a copy of every signed certificate of discharge to the auditor for the county in which the court resides and to the department. The department shall create and maintain a data base containing the names of all felons who have been issued certificates of discharge, the date of discharge, and the date of conviction and offense.

(3) An offender who is not convicted of a violent offense or a sex offense and is sentenced to a term involving community supervision may be considered for a discharge of sentence by the sentencing court prior to the completion of community supervision, provided that the offender has completed at least one-half of the term of community supervision and has met all other sentence requirements.

(4) Except as provided in subsection (5) of this section, the discharge shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certificate of discharge shall so state. Nothing in this section prohibits the use of an offender's prior record for purposes of determining sentences for later offenses as provided in this chapter. Nothing in this section affects or prevents use of the offender's prior conviction in a later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

(5) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender's obligation to comply with an order issued under chapter 10.99 RCW that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence. An offender who violates such an order after a certificate of discharge has been issued shall be subject to prosecution according to the chapter under which the order was originally issued.

(6) Upon release from custody, the offender may apply to the department for counseling and help in adjusting to the community. This voluntary help may be provided for up to one year following the release from custody.

**NEW SECTION. Sec. 20.** A new section is added to chapter 36.23 RCW to read as follows:

The Washington association of county officials, in consultation with county clerks, shall determine a funding formula for allocation of moneys to counties for purposes of collecting legal financial obligations, and report this formula to the legislature and the administrative office of the courts by September 1, 2003. The

Washington association of county officials shall report on the amounts of legal financial obligations collected by the county clerks to the appropriate committees of the legislature no later than December 1, 2004, and annually thereafter.

**NEW SECTION. Sec. 21.** A new section is added to chapter 2.56 RCW to read as follows:

By October 1, 2003, and annually thereafter, the administrative office of the courts shall distribute such funds to counties for county clerk collection budgets as are appropriated by the legislature for this purpose, using the funding formula recommended by the Washington association of county officials. The administrative office of the courts shall not deduct any amount for indirect or direct costs, and shall distribute the entire amount appropriated by the legislature to the counties for county clerk collection budgets. The administrative office of the courts shall report on the amounts distributed to counties to the appropriate committees of the legislature no later than December 1, 2003, and annually thereafter.

The administrative office of the courts may expend for the purposes of billing for legal financial obligations, such funds as are appropriated for the legislature for this purpose.

**NEW SECTION. Sec. 22.** A new section is added to chapter 9.94A RCW to read as follows:

Notwithstanding any other provision of state law, monthly payment or starting dates set by the court or the department before or after the effective date of this section shall not be construed as a limitation on the due date or amount of legal financial obligations, which may be immediately collected by civil means. Monthly payments and commencement dates are to be construed to be applicable solely as a limitation upon the deprivation of an offender's liberty for nonpayment.

**Sec. 23.** RCW 4.56.100 and 1997 c 358 s 4 are each amended to read as follows:

(1) When any judgment for the payment of money only shall have been paid or satisfied, the clerk of the court in which such judgment was rendered shall note upon the record in the execution docket satisfaction thereof giving the date of such satisfaction upon either the payment to such clerk of the amount of such judgment, costs and interest and any accrued costs by reason of the issuance of any execution, or the filing with such clerk of a satisfaction entitled in such action and identifying the same executed by the judgment creditor or his or her attorney of record in such action or his or her assignee acknowledged as deeds are acknowledged. The clerk has the authority to note the satisfaction of judgments for criminal and juvenile legal financial obligations when the clerk's record indicates payment in full or as directed by the court. Every satisfaction of judgment and every partial satisfaction of judgment which provides for the payment of money shall clearly designate the judgment creditor and his or her attorney if any, the judgment debtor, the amount or type of satisfaction, whether the satisfaction is full or partial, the cause number, and the date of entry of the judgment. A certificate by such clerk of the entry of such satisfaction by him or her may be filed in the office of the clerk of any county in which an abstract of such judgment has been filed. When so satisfied by the clerk or the filing of such certificate the lien of such judgment shall be discharged.

(2) The department of social and health services shall file a satisfaction of judgment for welfare fraud conviction if a person does not pay money through the clerk as required under subsection (1) of this section.

~~((3) The department of corrections shall file a satisfaction of judgment if a person does not pay money through the clerk's office as required under subsection (1) of this section.))~~

**NEW SECTION. Sec. 24.** A new section is added to chapter 9.94A RCW to read as follows:

The provisions of sections 13 through 27 of this act apply to all offenders currently, or in the future, subject to sentences with unsatisfied legal financial obligations. The provisions of sections 13 through 27 of this act do not change the amount of any legal financial obligation or the maximum term for which any offender is, or may be, under the jurisdiction of the court for collection of legal financial obligations.

**Sec. 25.** RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:

(1) The secretary shall deduct taxes and legal financial obligations from the gross wages ~~((or))~~, gratuities, or workers' compensation benefits payable directly to the inmate under chapter 51.32 RCW, of each inmate working in correctional industries work programs, ~~((taxes and legal financial obligations))~~ or otherwise receiving such wages, gratuities, or benefits. The secretary shall develop a formula for the distribution of offender wages ~~((and))~~, gratuities, and benefits. The formula shall not reduce the inmate account below the indigency level, as defined in RCW 72.09.015.

(a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:

(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(3) The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

(4) In the event that the offender worker's wages ~~((e))~~, gratuity, or workers' compensation benefit is subject to garnishment for support enforcement, the crime victims' compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

~~((2))~~ (5) The department shall explore other methods of recovering a portion of the cost of the inmate's incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

**NEW SECTION. Sec. 26.** A new section is added to chapter 51.32 RCW to read as follows:

If the department of labor and industries has received notice that an injured worker entitled to benefits payable under this chapter is in the custody of the department of corrections pursuant to a conviction and sentence, the department shall send all such benefits to the worker in care of the department of corrections, except those benefits payable to a beneficiary as provided in RCW 51.32.040 (3)(c) and (4). Failure of the department to send such benefits to the department of corrections shall not result in liability to any party for either department.

**Sec. 27.** RCW 51.32.040 and 1999 c 185 s 1 are each amended to read as follows:

(1) Except as provided in RCW 43.20B.720 (~~and~~), 72.09.111, 74.20A.260, and section 26 of this act, no money paid or payable under this title shall, before the issuance and delivery of the check or warrant, be assigned, charged, or taken in execution, attached, garnished, or pass or be paid to any other person by operation of law, any form of voluntary assignment, or power of attorney. Any such assignment or charge is void unless the transfer is to a financial institution at the request of a worker or other beneficiary and made in accordance with RCW 51.32.045.

(2)(a) If any worker suffers (i) a permanent partial injury and dies from some other cause than the accident which produced the injury before he or she receives payment of the award for the permanent partial injury or (ii) any other injury before he or she receives payment of any monthly installment covering any period of time before his or her death, the amount of the permanent partial disability award or the monthly payment, or both, shall be paid to the surviving spouse or the child or children if there is no surviving spouse. If there is no surviving spouse and no child or children, the award or the amount of the monthly payment shall be paid by the department or self-insurer and distributed consistent with the terms of the decedent's will or, if the decedent dies intestate, consistent with the terms of RCW 11.04.015.

(b) If any worker suffers an injury and dies from it before he or she receives payment of any monthly installment covering time loss for any period of time before his or her death, the amount of the monthly payment shall be paid to the surviving spouse or the child or children if there is no surviving spouse. If there is no surviving spouse and no child or children, the amount of the monthly payment shall be paid by the department or self-insurer and distributed consistent with the terms of the decedent's will or, if the decedent dies intestate, consistent with the terms of RCW 11.04.015.

(c) Any application for compensation under this subsection (2) shall be filed with the department or self-insuring employer within one year of the date of death. The department or self-insurer may satisfy its responsibilities under this subsection (2) by sending any payment due in the name of the decedent and to the last known address of the decedent.

(3)(a) Any worker or beneficiary receiving benefits under this title who is subsequently confined in, or who subsequently becomes eligible for benefits under this title while confined in, any institution under conviction and sentence shall have all payments of the compensation canceled during the period of confinement. After discharge from the institution, payment of benefits due afterward shall be paid if the worker or beneficiary would, except for the provisions of this subsection (3), otherwise be entitled to them.

(b) If any prisoner is injured in the course of his or her employment while participating in a work or training release program authorized by chapter 72.65 RCW and is subject to the provisions of this title, he or she is entitled to payments under this title, subject to the requirements of chapter 72.65 RCW, unless his or her participation in the program has been canceled, or unless he or she is returned to a state correctional institution, as defined in RCW 72.65.010(3), as a result of revocation of parole or new sentence.

(c) If the confined worker has any beneficiaries during the confinement period during which benefits are canceled under (a) or (b) of this subsection, they shall be paid directly the monthly benefits which would have been paid to the worker for himself or herself and the worker's beneficiaries had the worker not been confined.

(4) Any lump sum benefits to which a worker would otherwise be entitled but for the provisions of this section shall be paid on a monthly basis to his or her beneficiaries.

**NEW SECTION. Sec. 28.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 29.** (1) Sections 1 through 12, 20, and 28 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2003.

(13) "Secure facility" means a residential facility for persons civilly confined under the provisions of this chapter that includes security measures sufficient to protect the community. (1)(a) The secretary is authorized to site, construct, occupy, and operate (i) a secure community transition facility on McNeil Island for persons authorized to petition for a less restrictive alternative under RCW 71.09.090(1) and who are conditionally released; and (ii) a special commitment center on McNeil Island with up to four hundred four beds as a total confinement facility under this chapter, subject to appropriated funding for those purposes. The secure community transition facility shall be authorized for the number of beds needed to ensure compliance with the orders of the superior courts under this chapter and the federal district court for the western district of Washington. The total number of beds in the secure community transition facility shall be limited to twenty-four, consisting of up to fifteen transitional beds ~~((shall be limited to fifteen))~~ and up to nine pretransitional beds. The residents occupying ~~((these))~~ the transitional beds shall be the only residents eligible for transitional services occurring in Pierce county. In no event shall more than fifteen residents of the secure community transition facility be participating in off-island transitional, educational, or employment activity at the same time in Pierce county. The department shall provide the Pierce county sheriff, or his or her designee, with a list of the fifteen residents so designated, along with their photographs and physical descriptions, and ~~((#))~~ the list shall be immediately updated whenever a residential change occurs. The Pierce county sheriff, or his or her designee, shall be provided an opportunity to confirm the residential status of each resident leaving McNeil Island.

(b) For purposes of this subsection, "transitional beds" means beds only for residents (~~(in halfway house status)~~) who are judged by a qualified expert to be suitable to leave the island for treatment, education, and employment.

(2)(a) The secretary is authorized to site, either within the secure community transition facility established pursuant to subsection (1)(a)(i) of this section, or within the special commitment center, up to nine pretransitional beds.

(b) Residents assigned to pretransitional beds shall not be permitted to leave McNeil Island for education, employment, treatment, or community activities in Pierce county.

(c) For purposes of this subsection, "pretransitional beds" means beds for residents whose progress toward a less secure residential environment and transition into more complete community involvement is projected to take substantially longer than a typical resident of the special commitment center.

(3) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a total confinement facility on McNeil Island.

(4) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the county in which the secure community transition facility established pursuant to subsection (1) of this section is located may not be conditionally released to a setting in that same county less restrictive than that facility.

(5) As of June 26, 2001, the state shall immediately cease any efforts in effect on such date to site secure community transition facilities, other than the facility authorized by subsection (1) of this section, and shall instead site such facilities in accordance with the provisions of this section.

(6) The department must:

(a) Identify the minimum and maximum number of secure community transition facility beds in addition to the facility established under subsection (1) of this section that may be necessary for the period of May 2004 through May 2007 and provide notice of these numbers to all counties by August 31, 2001; and

(b) ~~(In consultation with the joint select committee established in section 225, chapter 12, Laws of 2001 2nd sp. sess.,)~~ Develop and publish policy guidelines for the siting and operation of secure community transition facilities ~~(by October 1, 2001; and~~

~~(c) Provide a status report to the appropriate committees of the legislature by December 1, 2002, on the development of facilities under the incentive program established in RCW 71.09.255. The report shall include a projection of the anticipated number of secure community transition facility beds that will become operational between May 2004 and May 2007. If it appears that an insufficient number of beds will be operational, the department's report shall recommend a progression of methods to facilitate siting in counties and cities including, if necessary, preemption of local land use planning process and other laws).~~

(7)(a) The total number of secure community transition facility beds that may be required to be sited in a county between June 26, 2001, and June 30, 2008, may be no greater than the total number of persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made on April 1, 2001. The total number of secure community transition facility beds required to be sited in each county between July 1, 2008, and June 30, 2015, may be no greater than the total number of persons civilly committed from that county or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made as of July 1, 2008.

(b) Counties and cities that provide secure community transition facility beds above the maximum number that they could be required to site under this subsection are eligible for a bonus grant under the incentive provisions in RCW 71.09.255. The county where the special commitment center is located shall receive this bonus grant for the number of beds in the facility established in subsection (1) of this section in excess of the maximum number established by this subsection.

(c) No secure community transition facilities in addition to the one established in subsection (1) of this section may be required to be sited in the county where the special commitment center is located until after June 30, 2008, provided however, that the county and its cities may elect to site additional secure community transition facilities and shall be eligible under the incentive provisions of RCW 71.09.255 for any additional facilities meeting the requirements of that section.

(8) In identifying potential sites within a county for the location of a secure community transition facility, the department shall work with and assist local governments to provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities, great weight shall be given by the county and cities within the county to:

(a) The number and location of existing residential facility beds operated by the department of corrections or the mental health division of the department of social and health services in each jurisdiction in the county; and

(b) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

(9)(a) "Equitable distribution" means siting or locating secure community transition facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one county, or in any one jurisdiction or community within a county, as relevant; and

(b) "Jurisdiction" means a city, town, or geographic area of a county in which ~~((district))~~ distinct political or judicial authority may be exercised.

**Sec. 4.** RCW 71.09.275 and 2001 2nd sp.s. c 12 s 211 are each amended to read as follows:

~~(1) ((By August 1, 2001, the department must provide the appropriate committees of the legislature with a transportation plan to address the issues of coordinating the movement of residents of the secure community transition facility established pursuant to RCW 71.09.250(1) between McNeil Island and the mainland with the movement of others who must use the same docks or equipment within the funds appropriated for this purpose.~~

~~(2))~~ If the department does not provide a separate vessel for transporting residents of the secure community transition facility established in RCW 71.09.250(1) between McNeil Island and the mainland, the ~~((plan))~~ department shall ~~((include at least the following components))~~:

(a) ~~((The))~~ Separate residents ~~((shall be separated))~~ from minors and vulnerable adults, except vulnerable adults who have been found to be sexually violent predators.

(b) ~~((The))~~ Not transport residents ~~((shall not be transported))~~ during times when children are normally coming to and from the mainland for school.

~~((3))~~ (2) The department shall designate a separate waiting area at the points of debarkation, and residents shall be required to remain in this area while awaiting transportation.

~~((4))~~ (3) The department shall provide law enforcement agencies in the counties and cities in which residents of the secure community transition facility established pursuant to RCW 71.09.250(1)(a)(i) regularly participate in employment, education, or social services, or through which these persons are regularly transported, with a copy of the court's order of conditional release with respect to these persons.

**Sec. 5.** RCW 71.09.290 and 2001 2nd sp.s. c 12 s 214 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the enactment of chapter 236, Laws of 1988 amended the definition of employer under the industrial welfare act, chapter 49.12 RCW, to ensure that the family care provisions of that act applied to the state and political subdivisions. The legislature further finds that this amendment of the definition of employer may be interpreted as creating an ambiguity as to whether the other provisions of chapter 49.12 RCW have applied to the state and its political subdivisions. The purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of chapter 49.12 RCW and chapter 236, Laws of 1988 and resolve any ambiguity. It is the intent of the legislature to establish that, prior to the effective date of this act, chapter 49.12 RCW and the rules adopted thereunder did not apply to the state or its agencies and political subdivisions except as expressly provided for in RCW 49.12.265 through 49.12.295, 49.12.350 through 49.12.370, 49.12.450, and 49.12.460.

However, this chapter and the rules adopted thereunder apply to these public employers only to the extent that this chapter and the rules adopted thereunder do not conflict with: (i) Any state statute or rule; and (ii) respect to political subdivisions of the state and any municipal or quasi-municipal corporation, any local resolution, ordinance, or rule adopted under the authority of the local legislative authority before April 1, 2003.

Employees of public employers may enter into collective bargaining contracts, labor/management agreements, or other mutually agreed to employment agreements that specifically vary from or supersede, in part or in total, rules adopted under this chapter regarding appropriate rest and meal periods.

(3) The commissioner:

(a) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection (1) of this section, with (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities, if the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information;

(b) May receive documents, materials, or information, including otherwise either confidential or privileged, or both, documents, materials, or information, from (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities and shall maintain as confidential and privileged any document, material, or information received that is either confidential or privileged, or both, under the laws of the jurisdiction that is the source of the document, material, or information; and

(4) No waiver of an existing privilege or claim of confidentiality in the documents, materials, or information may occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in subsection (3) of this section.

(5)(a) Documents, materials, or information, which is either confidential or privileged, or both, which has been provided to the commissioner by ~~((a))~~ (i) the national association of insurance commissioners and its affiliates and subsidiaries, ~~((b))~~ (ii) regulatory or law enforcement officials of other states and nations, the federal government, or international authorities, or ~~((c))~~ (iii) agencies of this state, is confidential and privileged only if the documents, materials, or information is protected from disclosure by the applicable laws of the jurisdiction that is the source of the document, material, or information.

#### MESSAGE FROM THE SENATE

April 21, 2003

Mr. Speaker:

The Senate refuses to concur in the House amendment to SUBSTITUTE SENATE BILL NO. 5310 and asks the House to recede therefrom.

There being no objection, the House insisted on its position in its amendment to SUBSTITUTE SENATE BILL NO. 5310 and asked the Senate to concur therein.

**SENATE AMENDMENTS TO HOUSE BILL**

April 10, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2088 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 35.67.020 and 1997 c 447 s 8 are each amended to read as follows:

(1) Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits(~~(, with)~~). Every city and town has full jurisdiction and authority to manage, regulate, and control them and, except as provided in subsection (3) of this section, to fix, alter, regulate, and control the rates and charges for their use.

(2) Subject to subsection (3) of this section, the rates charged under this section must be uniform for the same class of customers or service and facilities furnished. In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors:

~~((1))~~ (a) The difference in cost of service and facilities to the various customers;  
~~((2))~~ (b) The location of the various customers within and without the city or town;  
~~((3))~~ (c) The difference in cost of maintenance, operation, repair, and replacement of the various parts of the system;  
~~((4))~~ (d) The different character of the service and facilities furnished various customers;  
~~((5))~~ (e) The quantity and quality of the sewage delivered and the time of its delivery;  
~~((6))~~ (f) The achievement of water conservation goals and the discouragement of wasteful water use practices;

~~((7))~~ (g) Capital contributions made to the system, including but not limited to, assessments;

~~((8))~~ (h) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

~~((9))~~ (i) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

**Sec. 2.** RCW 35.92.020 and 1997 c 447 s 9 are each amended to read as follows:

(1) A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030(~~and~~). A city or town shall have full authority to manage, regulate, operate, control, and, except as provided in subsection (3) of this section, to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town.

(2) Subject to subsection (3) of this section, the rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors:

~~((1))~~ (a) The difference in cost of service and facilities to customers;  
~~((2))~~ (b) The location of customers within and without the city or town;  
~~((3))~~ (c) The difference in cost of maintenance, operation, repair, and replacement of the parts of the system;

~~((4))~~ (d) The different character of the service and facilities furnished to customers;  
~~((5))~~ (e) The quantity and quality of the sewage delivered and the time of its delivery;  
~~((6))~~ (f) Capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments;

~~((7))~~ (g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

~~((8))~~ (h) Any other factors that present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

**Sec. 3.** RCW 36.89.080 and 1998 c 74 s 1 are each amended to read as follows:

(1) Subject to subsections (2) and (3) of this section, any county legislative authority may provide by resolution for revenues by fixing rates and charges for the furnishing of service to those served or receiving benefits or to be served or to receive benefits from any storm water control facility or contributing to an increase of surface water runoff. In fixing rates and charges, the county legislative authority may in its discretion consider:

~~((1))~~ (a) Services furnished or to be furnished;

~~((2))~~ (b) Benefits received or to be received;

~~((3))~~ (c) The character and use of land or its water runoff characteristics;

~~((4))~~ (d) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user;

~~((5))~~ (e) Income level of persons served or provided benefits under this chapter, including senior citizens and disabled persons; or

~~((6))~~ (f) Any other matters which present a reasonable difference as a ground for distinction.

(2) The rate a county may charge under this section for storm water control facilities shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(3) Rates and charges authorized under this section may not be imposed on lands taxed as forest land under chapter 84.33 RCW or as timber land under chapter 84.34 RCW.

(4) The service charges and rates collected shall be deposited in a special fund or funds in the county treasury to be used only for the purpose of paying all or any part of the cost and expense of maintaining and operating storm water control facilities, all or any part of the cost and expense of planning, designing, establishing, acquiring, developing, constructing and improving any of such facilities, or to pay or secure the payment of all or any portion of any issue of general obligation or revenue bonds issued for such purpose.

**Sec. 4.** RCW 36.94.140 and 1997 c 447 s 12 are each amended to read as follows:

(1) Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it ~~((and))~~. Except as provided in subsection (3) of this section, every county shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges for the service and facilities to those to whom such service and facilities are available, and to levy charges for connection to the system.

(2) The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility. In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

~~((4))~~ (a) The difference in cost of service to the various customers within or without the area;

~~((2))~~ (b) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;

~~((3))~~ (c) The different character of the service and facilities furnished various customers;

~~((4))~~ (d) The quantity and quality of the sewage and/or water delivered and the time of its delivery;

~~((5))~~ (e) Capital contributions made to the system or systems, including, but not limited to, assessments;

~~((6))~~ (f) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;

~~((7))~~ (g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

~~((8))~~ (h) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a county may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

(5) The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system.

**Sec. 5.** RCW 57.08.005 and 1999 c 153 s 2 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing

water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6)(a) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(b) The rate a district may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a byproduct of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or

surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(7) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(8) To compel all property owners within the district located within an area served by the district's system of sewers to connect their private drain and sewer systems with the district's system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district's comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(10) Subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district's systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district's sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(11) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(12) To employ such persons as are needed to carry out the district's purposes and fix salaries and any bond requirements for those employees;

(13) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner's discretion is necessary in carrying out their duties;

(14) To sue and be sued;

(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(16) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

- (18) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;
- (19) To establish street lighting systems under RCW 57.08.060;
- (20) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and
- (21) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage.

**Sec. 6.** RCW 57.08.081 and 1999 c 153 s 11 are each amended to read as follows:

(1) Subject to RCW 57.08.005(6), the commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer or drainage service and facilities.

(2) In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system. Prior to furnishing services, a district may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by this section.

(3) The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the auditor of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district's bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

(4) The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys' fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

(5) In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of thirty days.

(6) A district may determine how to apply partial payments on past due accounts.

(7) A district may provide a real property owner or the owner's designee with duplicate bills for service to tenants, or may notify an owner or the owner's designee that a tenant's service account is delinquent. However, if an owner or the owner's designee notifies the district in writing that a property served by the district is a rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the district shall notify the owner or the owner's designee of a tenant's delinquency at the same time and in the same manner the district notifies the tenant of the tenant's delinquency or by mail. When a district provides a real property owner or the owner's designee with duplicates of tenant utility service bills or notice that a tenant's utility account is delinquent, the district shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee. After January 1, 1999, if a district fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by this subsection (7), the district shall have no lien against the premises for the tenant's delinquent and unpaid charges.

**Sec. 7.** RCW 84.33.210 and 2001 c 249 s 6 are each amended to read as follows:

**Managing clean and sober housing.**

Representative Veloria moved the adoption of the following amendment (499):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 59.18 RCW to read as follows:  
(1) For the purpose of this section, "drug and alcohol free housing" requires a rental agreement and means a dwelling in which:  
(a) Each of the dwelling units on the premises is occupied or held for occupancy by at least one tenant who is a recovering alcoholic or drug addict and is participating in a program of recovery;  
(b) The landlord is a nonprofit corporation incorporated under Title 24 RCW, a corporation for profit incorporated under Title 23B RCW, or a housing authority created under chapter 35.82 RCW, and is providing federally assisted housing as defined in chapter 59.28 RCW;  
(c) The landlord provides:  
(i) A drug and alcohol free environment, covering all tenants, employees, staff, agents of the landlord, and guests;  
(ii) An employee who monitors the tenants for compliance with the requirements of (d) of this subsection;  
(iii) Individual and group support for recovery; and  
(iv) Access to a specified program of recovery; and  
(d) The rental agreement is in writing and includes the following provisions:  
(i) The tenant may not use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, either on or off the premises;  
(ii) The tenant may not allow the tenant's guests to use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, on the premises;  
(iii) The tenant must participate in a program of recovery, which specific program is described in the rental agreement;  
(iv) On at least a quarterly basis the tenant must provide written verification from the tenant's program of recovery that the tenant is participating in the program of recovery and the tenant has not used alcohol or illegal drugs;  
(v) The landlord has the right to require the tenant to take a urine analysis test regarding drug or alcohol usage, at the landlord's discretion and expense; and  
(vi) The landlord has the right to terminate the tenant's tenancy by delivering a three-day notice to terminate with one day to comply, if a tenant living in drug and alcohol free housing uses, possesses, or shares alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription.  
(2) For the purpose of this section, "program of recovery" means a verifiable program of counseling and rehabilitation treatment services, including a written plan, to assist recovering alcoholics or drug addicts to recover from their addiction to alcohol or illegal drugs while living in drug and alcohol free housing. A "program of recovery" includes Alcoholics Anonymous, Narcotics Anonymous, and similar programs.

(3) If a tenant living for less than two years in drug and alcohol free housing uses, possesses, or shares alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, the landlord may deliver a written notice to the tenant terminating the tenancy for cause as provided in this subsection. The notice must specify the acts constituting the drug or alcohol violation and must state that the rental agreement terminates in not less than three days after delivery of the notice, at a specified date and time. The notice must also state that the tenant can cure the drug or alcohol violation by a change in conduct or otherwise within one day after delivery of the notice. If the tenant cures the violation within the one-day period, the rental agreement does not terminate. If the tenant does not cure the violation within the one-day period, the rental agreement terminates as provided in the notice. If substantially the same act that constituted a prior drug or alcohol violation of which notice was given reoccurs within six months, the landlord may terminate the rental agreement upon at least three days' written notice specifying the violation and the date and time of termination of the rental agreement. The tenant does not have a right to cure this subsequent violation.

(4) Notwithstanding subsections (1), (2), and (3) of this section, federally assisted housing that is occupied on other than a transient basis by persons who are required to abstain from possession or use of alcohol or drugs as a condition of occupancy and who pay for the use of the housing on a periodic basis, without regard to whether the payment is characterized as rent, program fees, or other fees, costs, or charges, are covered by this chapter unless the living arrangement is exempt under RCW 59.18.040."

**"NEW SECTION. Sec. 1.** The legislature finds that prescription drugs are an effective and important part of efforts to maintain and improve the health of Washington state residents. However, their increased cost and utilization is straining the resources of many people, particularly low-income elderly people who lack insurance coverage for such drugs. Furthermore, inappropriate use of prescription drugs can result in unnecessary expenditures and lead to serious health consequences. It is therefore the intent of the legislature to develop programs to provide prescription drugs at an affordable price to those in need, and increase public awareness regarding their safe and cost-effective use.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:

(1) The Washington institute for public policy shall report to the appropriate committees of the legislature by November 15, 2003, on the projected five-year costs, benefits, enrollment levels, and implications for other state-funded medicaid services of a medicaid waiver program that would provide prescription drug benefits to persons aged sixty-five and older who would not otherwise be eligible for medicaid. The department shall actively cooperate and assist the institute in preparation of this report.

(2) The report shall assess at least three alternative benefit designs, involving differing enrollee premium levels, point-of-service cost-sharing arrangements, and deductible levels.

(3) For each alternative benefit design, the institute shall provide five-year estimates of the number of state residents who would be eligible for the program, the number who would seek coverage, and the projected cost of covering all applicants if eligibility for the program were limited to legal residents aged sixty-five and older with incomes at or below: (a) One hundred fifty percent of the federal poverty level; and (b) two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

(4) For each alternative benefit design and income eligibility level, the institute shall estimate the type and amount of medicaid expenditures on behalf of senior citizens that would need to be avoided as a result of the medicaid waiver program in order to meet federal budget neutrality requirements; the likelihood of avoiding such expenditures; and an assessment of the impacts upon the state budget and upon enrollment in the medicaid waiver program if the cost avoidance needed to meet federal budget neutrality requirements is not achieved.

(5) The report shall include suggestions about how the medicaid waiver drug benefit should be designed to promote coordination with, and avoid duplication of, drug benefits that may be made available under the federal medicare program.

**NEW SECTION. Sec. 3.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The health care authority shall implement a program whereby it negotiates with prescription drug manufacturers for price discounts, comparable to those preferred prices it negotiates for its own purchases, to be available to any Washington resident:

- (a) Whose family income does not exceed two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services;
- (b) Who does not otherwise have insurance that provides prescription drug coverage; and

(c) Who is: (i) At least fifty years old; or (ii) between the ages of nineteen and forty-nine and is otherwise eligible for benefits under Title II of the social security act, federal old age, survivors, and disability insurance benefits.

(2) The administrator shall charge participants in this program an annual enrollment fee sufficient to offset the cost of program administration.

(3) The price discounts available pursuant to this section shall not be at the expense of retail pharmacies.

(4) Within one hundred twenty days following the establishment of a pharmacy and therapeutics committee by the administrator for the purpose of evaluating the efficacy of prescription drugs, the drug utilization and education council within the department of social and health services shall be disbanded and its functions transferred to the pharmacy and therapeutics committee.

(5) In administering prescription drug benefits under state purchased health care programs, agencies shall honor an endorsing prescriber's direction to dispense a prescription drug as written on the prescription order.

(6) The preferred drug list shall exclude drugs used to treat mental illness, cancer, the acquired human immunodeficiency virus, and diabetes.

(7) The administrator shall not impose requirements for prior approval based on a preferred drug list for a biologic product as defined in section 351 of the Public Health Services Act; 42 U.S.C. 262.

(8) This program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the social security act, or by June 30, 2009.

**NEW SECTION. Sec. 4.** A new section is added to chapter 41.05 RCW to read as follows:

The consolidated prescription drug purchasing account is created in the custody of the state treasurer.

All receipts under section 3(2) of this act from the fees from the price discount program created in section 3 of this act must be deposited into the account. Expenditures from the account may be used only for the purposes of section 3 of this act. Only the administrator or the administrator's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION. Sec. 5.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The administrator shall establish and advertise a pharmacy connection program through which health care providers and members of the public can obtain information about manufacturer-sponsored prescription drug assistance programs. The administrator shall ensure that the program has staff available who can assist persons in procuring free or discounted medications from manufacturer-sponsored prescription drug assistance programs by:

(a) Determining whether an assistance program is offered for the needed drug or drugs;

(b) Evaluating the likelihood of a person obtaining drugs from an assistance program under the guidelines formulated;

(c) Assisting persons with the application and enrollment in an assistance program;

(d) Coordinating and assisting physicians and others authorized to prescribe medications with communications, including applications, made on behalf of a person to a participating manufacturer to obtain approval of the person in an assistance program; and

(e) Working with participating manufacturers to simplify the system whereby eligible persons access drug assistance programs, including development of a single application form and uniform enrollment process.

(2) Notice regarding the pharmacy connection program shall initially target senior citizens, but the program shall be available to anyone, and shall include a toll-free telephone number, available during regular business hours, that may be used to obtain information.

(3) The administrator may apply for and accept grants or gifts and may enter into interagency agreements or contracts with other state agencies or private organizations to assist with the implementation of this program including, but not limited to, contracts, gifts, or grants from pharmaceutical manufacturers to assist with the direct costs of the program.

(4) The administrator shall notify pharmaceutical companies doing business in Washington of the pharmacy connection program. Any pharmaceutical company that does business in this state and that offers a pharmaceutical assistance program shall notify the administrator of the existence of the program, the drugs covered by the program, and all information necessary to apply for assistance under the program.

(5) For purposes of this section, "manufacturer-sponsored prescription drug assistance program" means a program offered by a pharmaceutical company through which the company provides a drug or drugs to eligible persons at no charge or at a reduced cost. The term does not include the provision of a drug as part of a clinical trial.

April 17, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2195, with the following amendments:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The superintendent of public instruction shall report to the governor, the state board of education, and the house of representatives and senate education committees on:

(a) The review, prioritization, and identification of the essential academic learning requirements and grade level content expectations in accordance with the following timelines:

(i) In the content areas of reading, writing, math, and science by November 1, 2004;

(ii) In the content area of social studies by November 1, 2005;

(iii) In the content area of the arts by November 1, 2006; and

(iv) In the content area of health and fitness by November 1, 2007; and

(b) Subject to available funding, the results of independent research on the alignment and technical review of the reading, writing, and science content areas of the Washington assessment of student learning for fourth and seventh grades and for high school. The review shall be comparable to the research conducted on the mathematics assessments.

(2) By November 30, 2004, the superintendent of public instruction shall report to the governor, the state board of education, and the house of representatives and senate education committees on the feasibility of returning the results of the Washington assessment of student learning, including individual student performance information, to schools, teachers, and parents in the same school year in which the assessment is administered. Subject to available funding, beginning no later than 2006, the results of the math component of the spring administration of the high school Washington assessment of student learning shall be available to students, parents, and schools before June 1st of each year.

(3) By November 30, 2006, subject to available funding, the academic achievement and accountability commission shall report to the governor, the superintendent of public instruction, the state board of education, and the house of representatives and senate education committees on the results of its review of the student performance scores needed to meet all grade level content standards on the Washington assessment of student learning. In its report, the commission shall include a schedule for the regular review and adjustment of the student performance scores. If the commission makes any change or adjustment to the student performance standards, then the changes shall not be implemented until after the conclusion of the subsequent legislative session, providing an opportunity for the legislature to take action if any action is deemed warranted by the legislature.

**Sec. 2.** RCW 28A.655.070 and 1999 c 388 s 501 are each amended to read as follows:

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the academic achievement and accountability commission.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline.

(3) In consultation with the academic achievement and accountability commission, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5)(a) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

~~((5))~~ (b) Assessments measuring the essential academic learning requirements in the content areas of reading, writing, mathematics, and science shall be available for voluntary use by school districts and shall be required to be administered by school districts according to the following schedule unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements.

(c) By the 2005-06 school year, the superintendent of public instruction shall develop high school level assessments for the content area of social studies. The assessments shall be designed to be classroom or project-based so that they can be administered by school staff and scored at the school level. Once the assessments are developed school districts shall administer the social studies assessments and shall report the student scores to the superintendent of public instruction.

(d)The superintendent of public instruction shall post on the website of the office of the superintendent model classroom-based assessments for the content areas of arts, and health and fitness that may be used by school districts. If a school district uses any of the models on the website, the district shall report such use to the office of the superintendent of public instruction.

(6) By September 2006, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) In order to assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts information on classroom-based and other assessments that may provide additional achievement information for individual students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

~~((6))~~ (9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

~~((7))~~ (10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

~~((8))~~ (11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

~~((9))~~ (12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.655 RCW to read as follows:  
Successful completion of the high school assessment developed under RCW 28A.655.070 and administered statewide shall lead to a certificate of mastery. The certificate of mastery shall be obtained by most students at about the age of sixteen, and is evidence that the student has successfully mastered the essential academic learning requirements during his or her educational career. The certificate of mastery shall be required for graduation but shall not be the only requirement for graduation.

**NEW SECTION. Sec. 4.** RCW 28A.655.060 (Essential academic learning requirements--Statewide academic assessment system--Certificate of mastery--Educational pathways--Accountability--Reports and recommendations--Washington commission on student learning, creation and expiration) and 2001 2nd sp.s. c 20 s 1, 1999 c 373 s 501, 1998 c 225 s 1, & 1997 c 268 s 1 are each repealed."

### SENATE AMENDMENTS TO HOUSE BILL

April 9, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1933, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that the final decision and order in *Everett Shorelines Coalition v. City of Everett and Washington State Department Of Ecology*, Case No. 02-3-0009c, issued on January 9, 2003, by the central Puget Sound growth management hearings board was a case of first impression interpreting the addition of the shoreline management act into the growth management act, and that the board considered the appeal and issued its final order and decision without the benefit of shorelines guidelines to provide guidance on the implementation of the shoreline management act and the adoption of shoreline master programs.

(2) This act is intended to affirm the legislature's intent that:

(a) The shoreline management act be read, interpreted, applied, and implemented as a whole consistent with decisions of the shoreline hearings board and Washington courts prior to the decision of the central Puget Sound growth management hearings board in *Everett Shorelines Coalition v. City of Everett and Washington State Department of Ecology*;

(b) The goals of the growth management act, including the goals and policies of the shoreline management act, set forth in RCW 36.70A.020 and included in RCW 36.70A.020 by RCW 36.70A.480, continue to be listed without an order of priority; and

(c) Shorelines of statewide significance may include critical areas as defined by RCW 36.70A.030(5), but that shorelines of statewide significance are not critical areas simply because they are shorelines of statewide significance.

(3) The legislature intends that critical areas within the jurisdiction of the shoreline management act shall be governed by the shoreline management act and that critical areas outside the jurisdiction of the shoreline management act shall be governed by the growth management act. The legislature further intends that the quality of information currently required by the shoreline management act to be applied to the protection of critical areas within shorelines of the state shall not be limited or changed by the provisions of the growth management act.

**Sec. 2.** RCW 90.58.030 and 2002 c 230 s 2 are each amended to read as follows:

As used in this chapter, unless the context otherwise requires, the following definitions and concepts apply:

(1) Administration:

(a) "Department" means the department of ecology;

(b) "Director" means the director of the department of ecology;

(c) "Local government" means any county, incorporated city, or town which contains within its boundaries any lands or waters subject to this chapter;

(d) "Person" means an individual, partnership, corporation, association, organization, cooperative, public or municipal corporation, or agency of the state or local governmental unit however designated;

(e) "Hearing board" means the shoreline hearings board established by this chapter.

(2) Geographical:

(a) "Extreme low tide" means the lowest line on the land reached by a receding tide;

(b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department: PROVIDED, That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining salt water shall be the line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;

(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of statewide significance" within the state;

(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated shorelands, together with the lands underlying them; except (i) shorelines of statewide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(e) "Shorelines of statewide significance" means the following shorelines of the state:

(i) The area between the ordinary high water mark and the western boundary of the state from Cape Disappointment on the south to Cape Flattery on the north, including harbors, bays, estuaries, and inlets;

(ii) Those areas of Puget Sound and adjacent salt waters and the Strait of Juan de Fuca between the ordinary high water mark and the line of extreme low tide as follows:

(A) Nisqually Delta--from DeWolf Bight to Tatsolo Point,

(B) Birch Bay--from Point Whitehorn to Birch Point,

(C) Hood Canal--from Tala Point to Foulweather Bluff,

(D) Skagit Bay and adjacent area--from Brown Point to Yokeko Point, and

(E) Padilla Bay--from March Point to William Point;

(iii) Those areas of Puget Sound and the Strait of Juan de Fuca and adjacent salt waters north to the Canadian line and lying seaward from the line of extreme low tide;

(iv) Those lakes, whether natural, artificial, or a combination thereof, with a surface acreage of one thousand acres or more measured at the ordinary high water mark;

(v) Those natural rivers or segments thereof as follows:

(A) Any west of the crest of the Cascade range downstream of a point where the mean annual flow is measured at one thousand cubic feet per second or more,

(B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer;

(vi) Those shorelands associated with (i), (ii), (iv), and (v) of this subsection (2)(e);

(f) "Shorelands" or "shoreland areas" means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous floodplain areas landward two hundred feet from such floodways; and all wetlands and river deltas associated with the streams, lakes, and tidal waters which are subject to the provisions of this chapter; the same to be designated as to location by the department of ecology.

(i) Any county or city may determine that portion of a one-hundred- year-flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therefrom.

(ii) Any city or county may also include in its master program land necessary for buffers for critical areas, as defined in chapter 36.70A RCW, that occur within shorelines of the state, provided that forest practices regulated under chapter 76.09 RCW, except conversions to nonforest land use, on lands subject to the provisions of this subsection (2)(f)(ii) are not subject to additional regulations under this chapter;

(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state;

(h) "Wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities,

wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas to mitigate the conversion of wetlands.

(3) Procedural terms:

(a) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;

(b) "Master program" shall mean the comprehensive use plan for a described area, and the use regulations together with maps, diagrams, charts, or other descriptive material and text, a statement of desired goals, and standards developed in accordance with the policies enunciated in RCW 90.58.020;

(c) "State master program" is the cumulative total of all master programs approved or adopted by the department of ecology;

(d) "Development" means a use consisting of the construction or exterior alteration of structures; dredging; drilling; dumping; filling; removal of any sand, gravel, or minerals; bulkheading; driving of piling; placing of obstructions; or any project of a permanent or temporary nature which interferes with the normal public use of the surface of the waters overlying lands subject to this chapter at any state of water level;

(e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds five thousand dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state. The dollar threshold established in this subsection (3)(e) must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2007, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, Seattle, Washington area, for urban wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect. The following shall not be considered substantial developments for the purpose of this chapter:

(i) Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;

(ii) Construction of the normal protective bulkhead common to single family residences;

(iii) Emergency construction necessary to protect property from damage by the elements;

(iv) Construction and practices normal or necessary for farming, irrigation, and ranching activities, including agricultural service roads and utilities on shorelands, and the construction and maintenance of irrigation structures including but not limited to head gates, pumping facilities, and irrigation channels. A feedlot of any size, all processing plants, other activities of a commercial nature, alteration of the contour of the shorelands by leveling or filling other than that which results from normal cultivation, shall not be considered normal or necessary farming or ranching activities. A feedlot shall be an enclosure or facility used or capable of being used for feeding livestock hay, grain, silage, or other livestock feed, but shall not include land for growing crops or vegetation for livestock feeding and/or grazing, nor shall it include normal livestock wintering operations;

(v) Construction or modification of navigational aids such as channel markers and anchor buoys;

(vi) Construction on shorelands by an owner, lessee, or contract purchaser of a single family residence for his own use or for the use of his or her family, which residence does not exceed a height of thirty-five feet above average grade level and which meets all requirements of the state agency or local government having jurisdiction thereof, other than requirements imposed pursuant to this chapter;

(vii) Construction of a dock, including a community dock, designed for pleasure craft only, for the private noncommercial use of the owner, lessee, or contract purchaser of single and multiple family residences. This exception applies if either: (A) In salt waters, the fair market value of the dock does not exceed two thousand five hundred dollars; or (B) in fresh waters, the fair market value of the dock does not exceed ten thousand dollars, but if subsequent construction having a fair market value exceeding two thousand five hundred dollars occurs within five years of completion of the prior construction, the subsequent construction shall be considered a substantial development for the purpose of this chapter;

(viii) Operation, maintenance, or construction of canals, waterways, drains, reservoirs, or other facilities that now exist or are hereafter created or developed as a part of an irrigation system for the primary purpose of making use of system waters, including return flow and artificially stored ground water for the irrigation of lands;

(ix) The marking of property lines or corners on state owned lands, when such marking does not significantly interfere with normal public use of the surface of the water;

(x) Operation and maintenance of any system of dikes, ditches, drains, or other facilities existing on September 8, 1975, which were created, developed, or utilized primarily as a part of an agricultural drainage or diking system;

(xi) Site exploration and investigation activities that are prerequisite to preparation of an application for development authorization under this chapter, if:

(A) The activity does not interfere with the normal public use of the surface waters;

(B) The activity will have no significant adverse impact on the environment including, but not limited to, fish, wildlife, fish or wildlife habitat, water quality, and aesthetic values;

(C) The activity does not involve the installation of a structure, and upon completion of the activity the vegetation and land configuration of the site are restored to conditions existing before the activity;

(D) A private entity seeking development authorization under this section first posts a performance bond or provides other evidence of financial responsibility to the local jurisdiction to ensure that the site is restored to preexisting conditions; and

(E) The activity is not subject to the permit requirements of RCW 90.58.550;

(xii) The process of removing or controlling an aquatic noxious weed, as defined in RCW 17.26.020, through the use of an herbicide or other treatment methods applicable to weed control that are recommended by a final environmental impact statement published by the department of agriculture or the department jointly with other state agencies under chapter 43.21C RCW.

**Sec. 3.** RCW 90.58.090 and 1997 c 429 s 50 are each amended to read as follows:

(1) A master program, segment of a master program, or an amendment to a master program shall become effective when approved by the department. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(2) Upon receipt of a proposed master program or amendment, the department shall:

(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments generally or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department's discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes. The receipt by the department of the written notice of agreement constitutes final action by the department approving the amendment; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide written notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines.

(4) The department shall approve the segment of a master program relating to critical areas as defined by RCW 36.70A.030(5) provided the master program segment is consistent with RCW 90.58.020 and applicable shoreline guidelines, and if the segment provides a level of protection of critical areas at least equal to that provided by the local government's critical areas ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) The department shall approve those segments of the master program relating to shorelines of statewide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the statewide interest. If the department does not approve a segment of a local government master program relating to a shoreline of statewide significance, the department may develop and by rule adopt an alternative to the local government's proposal.

~~((5))~~ (6) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its

jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

~~((6))~~ (7) A master program or amendment to a master program takes effect when and in such form as approved or adopted by the department. Shoreline master programs that were adopted by the department prior to July 22, 1995, in accordance with the provisions of this section then in effect, shall be deemed approved by the department in accordance with the provisions of this section that became effective on that date. The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department's action. The department's approved document of record constitutes the official master program.

**Sec. 4.** RCW 90.58.190 and 1995 c 347 s 311 are each amended to read as follows:

(1) The appeal of the department's decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(~~((4))~~) (5) is governed by RCW 34.05.510 through 34.05.598.

(2)(a) The department's decision to approve, reject, or modify a proposed master program or amendment adopted by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board with jurisdiction over the local government. The appeal shall be initiated by filing a petition as provided in RCW 36.70A.250 through 36.70A.320.

(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter (~~and chapter 36.70A RCW~~), the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of a growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

(3)(a) The department's decision to approve, reject, or modify a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date of the department's written notice to the local government of the department's decision to approve, reject, or modify a proposed master program or master program amendment as provided in RCW 90.58.090(2).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program amendment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government's master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act. The aggrieved local government shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program amendment, provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program amendment.

**Sec. 5.** RCW 36.70A.480 and 1995 c 347 s 104 are each amended to read as follows:

(1) For shorelines of the state, the goals and policies of the shoreline management act as set forth in RCW 90.58.020 are added as one of the goals of this chapter as set forth in RCW 36.70A.020 without creating an order of priority among the fourteen goals. The goals and policies of a shoreline master program for a county or city approved under chapter 90.58 RCW shall be considered an element of the county or city's comprehensive

plan. All other portions of the shoreline master program for a county or city adopted under chapter 90.58 RCW, including use regulations, shall be considered a part of the county or city's development regulations.

(2) The shoreline master program shall be adopted pursuant to the procedures of chapter 90.58 RCW rather than the goals, policies, and procedures set forth in this chapter for the adoption of a comprehensive plan or development regulations.

(3) The policies, goals, and provisions of chapter 90.58 RCW and applicable guidelines shall be the sole basis for determining compliance of a shoreline master program with this chapter except as the shoreline master program is required to comply with the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105.

(a) As of the date the department of ecology approves a local government's shoreline master program adopted under applicable shoreline guidelines, the protection of critical areas as defined by RCW 36.70A.030(5) within shorelines of the state shall be accomplished only through the local government's shoreline master program and shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section.

(b) Critical areas within shorelines of the state that have been identified as meeting the definition of critical areas as defined by RCW 36.70A.030(5), and that are subject to a shoreline master program adopted under applicable shoreline guidelines shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section. Nothing in this act is intended to affect whether or to what extent agricultural activities, as defined in RCW 90.58.065, are subject to chapter 36.70A RCW.

(c) The provisions of RCW 36.70A.172 shall not apply to the adoption or subsequent amendment of a local government's shoreline master program and shall not be used to determine compliance of a local government's shoreline master program with chapter 90.58 RCW and applicable guidelines. Nothing in this section, however, is intended to limit or change the quality of information to be applied in protecting critical areas within shorelines of the state, as required by chapter 90.58 RCW and applicable guidelines.

(4) Shoreline master programs shall provide a level of protection to critical areas located within shorelines of the state that is at least equal to the level of protection provided to critical areas by the local government's critical area ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) Shorelines of the state shall not be considered critical areas under this chapter except to the extent that specific areas located within shorelines of the state qualify for critical area designation based on the definition of critical areas provided by RCW 36.70A.030(5) and have been designated as such by a local government pursuant to RCW 36.70A.060(2).

(6) If a local jurisdiction's master program does not include land necessary for buffers for critical areas that occur within shorelines of the state, as authorized by RCW 90.58.030(2)(f), then the local jurisdiction shall continue to regulate those critical areas and their required buffers pursuant to RCW 36.70A.060(2)."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "amending RCW 90.58.030, 90.58.090, 90.58.190, and 36.70A.480; and creating a new section."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1933, as amended by the Senate, having received the constitutional majority, was declared passed.

## SENATE AMENDMENTS TO HOUSE BILL

April 25, 2003

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1571, and under suspension of the rules returned bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that there is an urgent need for vigorous enforcement of child support obligations. The legislature further finds that the duty of child support to provide for the needs of dependent children, including their necessary food, clothing, shelter, education, and health care, should not be avoided because of where an obligor resides. A person owing a duty of child support who chooses to engage in behaviors that result in the person becoming incarcerated should not be able to avoid child support obligations.

The legislature also finds the current system of child support collections due from persons confined in state correctional facilities does not facilitate family preservation nor does it promote the best interests of children. Unless otherwise proscribed by federal law or court order, the legislature intends that, particularly in instances of very low payment levels, child support deductions go directly to the person or persons in whose custody the child is and who is responsible for the daily support of the child. The legislature does not intend the child support system to be a mechanism for the support of government, but rather to directly assist children in need of support.

**Sec. 2.** RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:

(1) The secretary shall deduct from the gross wages or gratuities of each inmate working in correctional industries work programs, taxes and legal financial obligations. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. The secretary shall develop a formula for the distribution of offender wages and gratuities.

(a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:

(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(ii) Ten percent to a department personal inmate savings account;

(iii) Twenty percent to the department to contribute to the cost of incarceration; and

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

(b) The formula shall include the following minimum deductions from class II gross gratuities:

(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(ii) Ten percent to a department personal inmate savings account;

(iii) Fifteen percent to the department to contribute to the cost of incarceration; ~~((and))~~

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and

(v) Fifteen percent for any child support owed under a support order.

~~(c) ((The formula shall include the following minimum deduction from class IV gross gratuities: Five percent to the department to contribute to the cost of incarceration-~~

~~(d)))~~ The formula shall include the following minimum deductions from class III gratuities:

(i) Five percent for the purpose of crime victims' compensation; and

(ii) Fifteen percent for any child support owed under a support order.

(d) The formula shall include the following minimum deduction from class IV gross gratuities:

(i) Five percent to the department to contribute to the cost of incarceration; and

(ii) Fifteen percent for any child support owed under a support order.

Any person sentenced to life imprisonment without possibility of release or parole under chapter 10.95 RCW or sentenced to death shall be exempt from the requirement under (a)(ii) or (b)(ii) of this subsection.

The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

In the event that the offender worker's wages or gratuity is subject to garnishment for support enforcement, the crime victims' compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

(2) The department shall explore other methods of recovering a portion of the cost of the inmate's incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

(3) The department shall develop the necessary administrative structure to recover inmates' wages and keep records of the amount inmates pay for the costs of incarceration and amenities. All funds deducted from inmate wages under subsection (1) of this section for the purpose of contributions to the cost of incarceration shall be deposited in a dedicated fund with the department and shall be used only for the purpose of enhancing and maintaining correctional industries work programs.

(4) The expansion of inmate employment in class I and class II correctional industries shall be implemented according to the following schedule:

(a) Not later than June 30, 1995, the secretary shall achieve a net increase of at least two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(b) Not later than June 30, 1996, the secretary shall achieve a net increase of at least four hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(c) Not later than June 30, 1997, the secretary shall achieve a net increase of at least six hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(d) Not later than June 30, 1998, the secretary shall achieve a net increase of at least nine hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(e) Not later than June 30, 1999, the secretary shall achieve a net increase of at least one thousand two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(f) Not later than June 30, 2000, the secretary shall achieve a net increase of at least one thousand five hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994.

(5) It shall be in the discretion of the secretary to apportion the inmates between class I and class II depending on available contracts and resources.

(6) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW.

**Sec. 3.** RCW 72.09.480 and 1999 c 325 s 1 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) "Cost of incarceration" means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.

(b) "Minimum term of confinement" means the minimum amount of time an inmate will be confined in the custody of the department, considering the sentence imposed and adjusted for the total potential earned early release time available to the inmate.

(c) "Program" means any series of courses or classes necessary to achieve a proficiency standard, certificate, or postsecondary degree.

(2) When an inmate, except as provided in subsection ~~((6))~~ (7) of this section, receives any funds in addition to his or her wages or gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to the following deductions ~~((in RCW 72.09.111(4)(a)))~~ and the priorities established in chapter 72.11 RCW:

- (a) Five percent to the public safety and education account for the purpose of crime victims' compensation;  
(b) Ten percent to a department personal inmate savings account;  
(c) Twenty percent to the department to contribute to the cost of incarceration;  
(d) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and  
(e) Fifteen percent for any child support owed under a support order.

(3) When an inmate, except as provided in subsection (7) of this section, receives any funds from a settlement or award resulting from a legal action, the additional funds shall be subject to the deductions in RCW 72.09.111(1)(a) and the priorities established in chapter 72.11 RCW.

~~((3))~~ (4) The amount deducted from an inmate's funds under subsection (2) of this section shall not exceed the department's total cost of incarceration for the inmate incurred during the inmate's minimum or actual term of confinement, whichever is longer.

~~((4))~~ (5) The deductions required under subsection (2) of this section shall not apply to funds received by the department on behalf of an offender for payment of one fee-based education or vocational program that is associated with an inmate's work program or a placement decision made by the department under RCW 72.09.460 to prepare an inmate for work upon release.

An inmate may, prior to the completion of the fee-based education or vocational program authorized under this subsection, apply to a person designated by the secretary for permission to make a change in his or her program. The secretary, or his or her designee, may approve the application based solely on the following criteria: (a) The inmate has been transferred to another institution by the department for reasons unrelated to education or a change to a higher security classification and the offender's current program is unavailable in the offender's new placement; (b) the inmate entered an academic program as an undeclared major and wishes to declare a major. No inmate may apply for more than one change to his or her major and receive the exemption from deductions specified in this subsection; (c) the educational or vocational institution is terminating the inmate's current program; or (d) the offender's training or education has demonstrated that the current program is not the appropriate program to assist the offender to achieve a placement decision made by the department under RCW 72.09.460 to prepare the inmate for work upon release.

~~((5))~~ (6) The deductions required under subsection (2) of this section shall not apply to any money received by the department, on behalf of an inmate, from family or other outside sources for the payment of postage expenses. Money received under this subsection may only be used for the payment of postage expenses and may not be transferred to any other account or purpose. Money that remains unused in the inmate's postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

~~((6))~~ (7) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds in addition to his or her gratuities, ~~except settlements or awards resulting from legal action,~~ the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation ~~((and)),~~ twenty percent to the department to contribute to the cost of incarceration, and fifteen percent to child support payments.

~~((7))~~ (8) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds from a settlement or award resulting from a legal action in addition to his or her gratuities, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation and twenty percent to the department to contribute to the cost of incarceration.

(9) The interest earned on an inmate savings account created as a result of the plan in section 4, chapter 325, Laws of 1999 shall be exempt from the mandatory deductions under this section and RCW 72.09.111.

(10) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW including, but not limited to, the collection of moneys received by the inmate from settlements or awards resulting from legal action."

On page 1, line 1 of the title, after "payments;" strike the remainder of the title and insert "amending RCW 72.09.111 and 72.09.480; and creating a new section."

### SENATE AMENDMENTS TO HOUSE BILL

April 25, 2003

Mr. Speaker:

The Senate receded from its amendment to HOUSE BILL NO. 1712, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9A.44.130 and 2002 c 31 s 1 are each amended to read as follows:

(1) Any adult or juvenile residing whether or not the person has a fixed residence, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation, or as otherwise specified in this section. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile: (a) Who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's intent to attend the institution; (b) who gains employment at a public or private institution of higher education shall, within ten days of accepting employment or by the first business day after commencing work at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's employment by the institution; or (c) whose enrollment or employment at a public or private institution of higher education is terminated shall, within ten days of such termination, notify the sheriff for the county of the person's residence of the person's termination of enrollment or employment at the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.

(3)(a) The person shall provide the following information when registering: (i) Name; (ii) address; (iii) date and place of birth; (iv) place of employment; (v) crime for which convicted; (vi) date and place of conviction; (vii) aliases used; (viii) social security number; (ix) photograph; and (x) fingerprints.

(b) Any person who lacks a fixed residence shall provide the following information when registering: (i) Name; (ii) date and place of birth; (iii) place of employment; (iv) crime for which convicted; (v) date and place of conviction; (vi) aliases used; (vii) social security number; (viii) photograph; (ix) fingerprints; and (x) where he or she plans to stay.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) **OFFENDERS IN CUSTODY.** (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) **OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION.** Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) **OFFENDERS UNDER FEDERAL JURISDICTION.** Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) **OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED.** Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS.

Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered

shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(10) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (9)(a) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor."

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. DEFINITIONS.** The definitions in this section apply throughout this chapter and section 9 of this act unless the context clearly requires otherwise.

(1) "Public agency" means any county, city, or other local government agency or any state government agency, board, or commission.

(2) "Public transportation" means the same as "public transportation service" as defined in RCW 36.57A.010 and includes passenger services of the Washington state ferries.

(3) "Nonmotorized commuting" means commuting to and from the workplace by an employee by walking or running or by riding a bicycle or other device not powered by a motor.

(4) "Ride sharing" means the same as "flexible commuter ride sharing" as defined in RCW 46.74.010, including ride sharing on Washington state ferries.

(5) "Car sharing" means a membership program intended to offer an alternative to car ownership under which persons or entities that become members are permitted to use vehicles from a fleet on an hourly basis.

(6) "Telework" means a program where work functions that are normally performed at a traditional workplace are instead performed by an employee at his or her home at least one day a week for the purpose of reducing the number of trips to the employee's workplace.

**NEW SECTION. Sec. 2. TAX CREDITS--BUSINESS AND OCCUPATION AND PUBLIC UTILITY TAXES.** (1) Employers in this state who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to their own or other employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2013, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per employee per year.

(2) Property managers who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to persons employed at a worksite in this state managed by the property manager for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2013, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per person per year.

(3) The credit under this section is equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per year. The credit may not exceed the amount of tax that would otherwise be due under chapters 82.04 and 82.16 RCW.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

**NEW SECTION. Sec. 3. TAX CREDIT FILING.** (1) Application for tax credit under section 2 of this act may only be made in the form and manner prescribed in rules adopted by the department.

(2) The credit under this section must be taken or deferred under section 4 of this act against taxes due for the same fiscal year in which the amounts for which credit is claimed were paid to or on behalf of employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting and must be claimed by the due date of the last tax return for the fiscal year in which the payment is made.

(3) Any person who knowingly makes a false statement of a material fact in the application for a credit under section 2 of this act is guilty of a gross misdemeanor.

**NEW SECTION. Sec. 4. TAX CREDIT LIMITATIONS.** (1) The department shall keep a running total of all credits accrued under section 2 of this act during each fiscal year. No person is eligible for tax credits under section 2 of this act if the credits would cause the tabulation for the total amount of credits taken in any fiscal year to exceed two million two hundred fifty thousand dollars. This limitation includes any credits carried forward under subsection (2)(b) of this section from prior years.

(2)(a) No person is eligible for tax credits under section 2 of this act in excess of the amount of tax that would otherwise be due under chapter 82.04 or 82.16 RCW.

(b) A person with taxes equal to or in excess of the credit under section 2 of this act, and therefore not subject to the limitation in (a) of this subsection, may defer tax credits for a period of not more than three years after the year in which the credits accrue. A person deferring tax credits under this subsection (2)(b) must submit an application in the year in which the tax credits will be applied. This application is subject to eligibility under subsection (1) of this section for the fiscal year in which the tax credits will be applied.

(3) No person is eligible for tax credits under section 2 of this act in excess of two hundred thousand dollars in any fiscal year. This limitation does not apply to credits deferred in prior years under subsection (2)(b) of this section.

(4) No person is eligible for tax credits, including deferred credits authorized under subsection (2)(b) of this section, after June 30, 2013.

(5) Credits may not be carried forward or carried backward other than as authorized in subsection (2)(b) of this section.

**NEW SECTION. Sec. 5. FUND TRANSFER.** (1) The director shall on the 25th of February, May, August, and November of each year advise the state treasurer of the amount of credit taken under section 2 of this act during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(2) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, shall deposit to the general fund a sum equal to the dollar amount of the credit provided under section 2 of this act from the multimodal transportation account.

**NEW SECTION. Sec. 6. COMMUTE TRIP REDUCTION REPORTING.** The commute trip reduction task force shall determine the effectiveness of the tax credit under section 2 of this act, the grant program in section 9 of this act, and the relative effectiveness of the tax credit and the grant program as part of its ongoing evaluation of the commute trip reduction law and report to the legislative transportation committee and to the fiscal committees of the house of representatives and the senate. The report must include information on the amount of tax credits claimed to date and recommendations on future funding between the tax credit program and the grant program. The report must be incorporated into the recommendations required in RCW 70.94.537(5).

(1) The department of transportation shall administer a performance-based grant program for private employers, public agencies, nonprofit organizations, developers, and property managers who provide financial incentives for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, including telework, before July 1, 2013, to their own or other employees. However, no employer is eligible for both grants provided under this section and tax credits under section 2 of this act within the same fiscal year.

(2) The amount of the grant will be determined based on the value to the transportation system of the vehicle trips reduced. The commute trip reduction task force shall develop an award rate giving priority to applications achieving the greatest reduction in trips and commute miles per public dollar requested and considering the following criteria: The local cost of providing new highway capacity, congestion levels, and geographic distribution.

(3) No private employer, public agency, nonprofit organization, developer, or property manager is eligible for grants under this section in excess of one hundred thousand dollars in any fiscal year.

(4) The total of grants provided under this section may not exceed seven hundred fifty thousand dollars in any fiscal year.

(5) The department of transportation shall report to the department of revenue by the 15th day of each month the aggregate monetary amount of grants provided under this section in the prior month and the identity of the recipients of those grants.

**Sec. 11.** RCW 70.94.527 and 1997 c 250 s 2 are each amended to read as follows:

(1) Each county with a population over one hundred fifty thousand, and each city or town within those counties containing a major employer (~~(shall, by October 1, 1992,)~~) may adopt by ordinance and implement a commute trip reduction plan for all major employers. The plan shall be developed in cooperation with local transit agencies, regional transportation planning organizations as established in RCW 47.80.020, major employers, and the owners of and employers at major worksites. The plan shall be designed to achieve reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee by employees of major public and private sector employers in the jurisdiction.

(2) All other counties, and cities and towns in those counties, may adopt and implement a commute trip reduction plan.

(3) The department of ecology may, after consultation with the department of transportation, as part of the state implementation plan for areas that do not attain the national ambient air quality standards for carbon monoxide or ozone, require municipalities other than those identified in subsection (1) of this section to adopt and implement commute trip reduction plans if the department determines that such plans are necessary for attainment of said standards.

(4) A commute trip reduction plan shall be consistent with the guidelines established under RCW 70.94.537 and shall include but is not limited to (a) goals for reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee; (b) designation of commute trip reduction zones; (c) requirements for major public and private sector employers to implement commute trip reduction programs; (d) a commute trip reduction program for employees of the county, city, or town; (e) a review of local parking policies and ordinances as they relate to employers and major worksites and any revisions necessary to comply with commute trip reduction goals and guidelines; (f) an appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain waiver or modification of those requirements; and (g) means for determining base year values of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals on an annual basis. Goals which are established shall take into account existing transportation demand management efforts which are made by major employers. Each jurisdiction shall ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year. The goals for miles traveled per employee for all major employers shall not be less than a fifteen percent reduction from the worksite base year value or the base year value for the commute trip reduction zone in which their worksite is located by January 1, 1995, twenty percent reduction from the base year values by January 1, 1997, twenty-five percent reduction from the base year values by January 1, 1999, and a thirty-five percent reduction from the base year values by January 1, 2005.

(5) A county, city, or town may, as part of its commute trip reduction plan, require commute trip reduction programs for employers with ten or more full time employees at major worksites in federally designated nonattainment areas for carbon monoxide and ozone. The county, city or town shall develop the programs in cooperation with affected employers and provide technical assistance to the employers in implementing such programs.

(6) The commute trip reduction plans adopted by counties, cities, and towns under this chapter shall be consistent with and may be incorporated in applicable state or regional transportation plans and local comprehensive plans and shall be coordinated, and consistent with, the commute trip reduction plans of counties, cities, or towns with which the county, city, or town has, in part, common borders or related regional issues. Such regional issues shall include assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction. Counties, cities, or towns adopting commute trip reduction plans may enter into agreements through the interlocal cooperation act or by resolution or ordinance as appropriate with other jurisdictions, local transit agencies, or regional transportation planning organizations to coordinate the development and implementation of such plans. Transit agencies shall work with counties, cities, and towns to take into account the location of major employer worksites when planning transit service changes or the expansion of public transportation services. Counties, cities, or towns adopting a commute trip reduction plan shall review it annually and revise it as necessary to be consistent with applicable plans developed under RCW 36.70A.070.

(7) Each county, city, or town implementing a commute trip reduction program shall, within thirty days submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under RCW 70.94.537.

(8) Each county, city, or town implementing a commute trip reduction program shall submit an annual progress report to the commute trip reduction task force established under RCW 70.94.537. The report shall be due July 1, 1994, and each July 1st thereafter through July 1, 2006. The report shall describe progress in attaining the applicable commute trip reduction goals for each commute trip reduction zone and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction task force.

(9) Any waivers or modifications of the requirements of a commute trip reduction plan granted by a jurisdiction shall be submitted for review to the commute trip reduction task force established under RCW 70.94.537. The commute trip reduction task force may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.

(11) Each county, city, or town implementing a commute trip reduction program shall ensure that employers that have modified their employees' work schedules so that some or all employees are not scheduled to arrive at work between 6:00 a.m. and 9:00 a.m. are provided credit when calculating single-occupancy vehicle

use and vehicle miles traveled at that worksite. This credit shall be awarded if implementation of the schedule change was an identified element in that worksite's approved commute trip reduction program or if the schedule change occurred because of impacts associated with chapter 36.70A RCW, the growth management act.

(12) Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.

(13) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated (~~((either))~~) within (~~((the state's eight largest))~~) counties that (~~((are required to))~~) develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program or used primarily for van or car pooling purposes.

**Sec. 13.** RCW 82.12.0282 and 2001 c 320 s 5 are each amended to read as follows:

The tax imposed by this chapter shall not apply with respect to the use of passenger motor vehicles used as ride-sharing vehicles by not less than five persons, including the driver, with a gross vehicle weight not to exceed 10,000 pounds where the primary usage is for commuter ride-sharing, as defined in RCW 46.74.010, by not less than four persons including the driver when at least two of those persons are confined to wheelchairs when riding, or passenger motor vehicles where the primary usage is for ride-sharing for persons with special transportation needs, as defined in RCW 46.74.010, if the vehicles are used as ride-sharing vehicles for thirty-six consecutive months beginning with the date of first use.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated (~~((either))~~) within (~~((the state's eight largest))~~) counties that (~~((are required to))~~) develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program or used primarily for van or car pooling purposes.

**Sec. 14.** RCW 82.44.015 and 1996 c 244 s 7 are each amended to read as follows:

The registered owner of one of these vehicles shall notify the department of licensing upon termination of primary use of the vehicle in commuter ride sharing or ride sharing for persons with special transportation needs and shall be liable for the tax imposed by this chapter, prorated on the remaining months for which the vehicle is licensed.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated (~~((either))~~) within (~~((the state's eight largest))~~) counties that (~~((are required to))~~) develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. (1) Except as provided by RCW 41.50.255 and subsection (6) of this section, all expenses of the administration of the department (~~and~~), the expenses of administration of the retirement systems, and the expenses of the administration of the office of the state actuary created in chapters 2.10, 2.12, 41.26, 41.32, 41.40, 41.34, 41.35, (~~and~~) 43.43, and 44.44 RCW shall be paid from the department of retirement systems expense fund.

(2) In order to reimburse the department of retirement systems expense fund on an equitable basis the department shall ascertain and report to each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, or 41.40.010, the sum necessary to defray its proportional share of the entire expense of the administration of the retirement system that the employer participates in during the ensuing biennium or fiscal year whichever may be required. Such sum is to be computed in an amount directly proportional to the estimated entire expense of the administration as the ratio of monthly salaries of the employer's members bears to the total salaries of all members in the entire system. It shall then be the duty of all such employers to include in their budgets or otherwise provide the amounts so required.

(3) The department shall compute and bill each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, or 41.40.010, at the end of each month for the amount due for that month to the department of retirement systems expense fund and the same shall be paid as are its other obligations. Such computation as to each employer shall be made on a percentage rate of salary established by the department. However, the department may at its discretion establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter.

(4) The director may adjust the expense fund contribution rate for each system at any time when necessary to reflect unanticipated costs or savings in administering the department.

(5) An employer who fails to submit timely and accurate reports to the department may be assessed an additional fee related to the increased costs incurred by the department in processing the deficient reports. Fees paid under this subsection shall be deposited in the retirement system expense fund.

(a) Every six months the department shall determine the amount of an employer's fee by reviewing the timeliness and accuracy of the reports submitted by the employer in the preceding six months. If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(c) The department shall adopt rules implementing this section.

(6) Expenses other than those under RCW 41.34.060(~~(2)~~) (3) shall be paid pursuant to subsection (1) of this section.

(2) Advise the legislature and the governor regarding pension benefit provisions, and funding policies and investment policies of the state investment board.

(3) Consult with the legislature and the governor concerning determination of actuarial assumptions used by the department of retirement systems.

(4) Prepare a report, to be known as the actuarial fiscal note, on each pension bill introduced in the legislature which briefly explains the financial impact of the bill. The actuarial fiscal note shall include: (a) The statutorily required contribution for the biennium and the following twenty-five years; (b) the biennial cost of the increased benefits if these exceed the required contribution; and (c) any change in the present value of the unfunded accrued benefits. An actuarial fiscal note shall also be prepared for all amendments which are offered in committee or on the floor of the house of representatives or the senate to any pension bill. However, a majority of the members present may suspend the requirement for an actuarial fiscal note for amendments offered on the floor of the house of representatives or the senate.

(5) Provide such actuarial services to the legislature as may be requested from time to time.

(6) Provide staff and assistance to the committee established under (~~RCW 46.44.050~~) section 1 of this act.

(4) Receive the results of the actuarial audits of the actuarial valuations and experience studies administered by the pension funding council pursuant to RCW 41.45.110. The select committee on pension policy shall study and make recommendations on changes to assumptions or contribution rates to the pension funding council prior to adoption of changes under RCW 41.45.030, 41.45.035, or 41.45.060.

This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred forty hours per month. Any monthly benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2) Any retired teacher or retired administrator who enters service in any public educational institution in Washington state and who has satisfied the break in employment requirement of subsection (1) of this section shall cease to receive pension payments while engaged in such service, after the retiree has rendered service for more than one thousand five hundred hours in a school year. When a retired teacher or administrator renders service beyond eight hundred sixty-seven hours, the department shall collect from the employer the applicable employer retirement contributions for the entire duration of the member's employment during that fiscal year.

(3) The department shall collect and provide the state actuary with information relevant to the use of this section for the (~~joint~~) select committee on pension policy.

### **SENATE AMENDMENTS TO HOUSE BILL**

April 25, 2003

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1233, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 74.13 RCW to read as follows:

(1) For the purposes of this section, "kin" means persons eighteen years of age or older to whom the child is related by blood, adoption, or marriage, including marriages that have been dissolved, and means: (a) Any person denoted by the prefix "grand" or "great"; (b) sibling, whether full, half, or step; (c) uncle or aunt; (d) nephew or niece; or (e) first cousin.

(2) The department shall plan, design, and implement strategies to prioritize the placement of children with willing and able kin when out-of-home placement is required.

These strategies must include at least the following:

(a) Development of standardized, statewide procedures to be used when searching for kin of children prior to out-of-home placement. The procedures must include a requirement that documentation be maintained in the child's case record that identifies kin, and documentation that identifies the assessment criteria and procedures that were followed during all kin searches. The procedures must be used when a child is placed in out-of-home care under authority of chapter 13.34 RCW, when a petition is filed under RCW 13.32A.140, or when a child is placed under a voluntary placement agreement. To assist with implementation of the procedures, the department shall request that the juvenile court require parents to disclose to the department all contact information for available and appropriate kin within two weeks of an entered order. For placements under signed voluntary agreements, the department shall encourage the parents to disclose to the department all contact information for available and appropriate kin within two weeks of the date the parent signs the voluntary placement agreement.

(b) Development of procedures for conducting active outreach efforts to identify and locate kin during all searches. The procedures must include at least the following elements:

(i) Reasonable efforts to interview known kin, friends, teachers, and other identified community members who may have knowledge of the child's kin, within sixty days of the child entering out-of-home care;

(ii) Increased use of those procedures determined by research to be the most effective methods of promoting reunification efforts, permanency planning, and placement decisions;

(iii) Contacts with kin identified through outreach efforts and interviews under this subsection as part of permanency planning activities and change of placement discussions;

(iv) Establishment of a process for ongoing contact with kin who express interest in being considered as a placement resource for the child; and

(v) A requirement that when the decision is made to not place the child with any kin, the department provides documentation as part of the child's individual service and safety plan that clearly identifies the rationale for the decision and corrective action or actions the kin must take to be considered as a viable placement option.

(3) Nothing in this section shall be construed to create an entitlement to services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or the child or family is not eligible for such services.

**NEW SECTION. Sec. 2.** (1) The department of social and health services shall collaborate with one or more nonprofit community-based agencies to develop a grant proposal for submission to potential funding sources, including governmental entities and private foundations, to establish a minimum of two pilot projects to assist kinship caregivers with understanding and navigating the system of services for children in out-of-home care. The proposal must seek to establish at least one project in eastern Washington and one project in western Washington, each project to be managed by a participating community-based agency.

(2) The kinship care navigators funded through the proposal shall be responsible for at least the following:

(a) Understanding the various state agency systems serving kinship caregivers;

(b) Working in partnership with local community service providers;

(c) Tracking trends, concerns, and other factors related to kinship caregivers; and

(d) Assisting in establishing stable, respectful relationships between kinship caregivers and department staff.

(3) Implementation of the kinship care navigator pilot projects is contingent upon receipt of nonstate or private funding for that purpose.

(4) For the purposes of this section, "kinship" has the same meaning as "kin" given in section 1(1) of this act.

(5) This section expires January 1, 2007.

**NEW SECTION. Sec. 3.** (1) The department of social and health services shall report to the legislature and the governor on the implementation of the kinship care navigator pilot projects with recommendations on statewide implementation of the pilot projects one year following implementation of the pilot projects. The report shall: Include data that demonstrates whether the pilot project reduced actual barriers to access to services; identify statutory and administrative barriers for kin who give care; and recommend ways to reduce or eliminate the barriers without adverse consequences to children placed with kin.

(2) This section expires January 1, 2007.

**NEW SECTION. Sec. 4.** A new section is added to chapter 74.13 RCW to read as follows:

(1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood or marriage, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian

child welfare act, and a set of principles. ### **SENATE AMENDMENTS TO HOUSE BILL**

April 16, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2215, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.70.180 and 2001 c 272 s 10 and 2001 c 64 s 9 are each reenacted and amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale. However, an amount not to exceed thirty-five dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The documentary service fee is not represented to the purchaser or lessee as a fee or charge required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount up to thirty-five dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer or lessee of a vehicle a written order or offer to purchase or lease, or a contract document signed by the buyer or lessee, which:

(a) Is subject to the dealer's, or his or her authorized representative's future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee, either (i) to deliver to the buyer or lessee the dealer's signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer or lessee, including but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

**Sec. 2.** RCW 63.14.010 and 1999 c 113 s 1 are each amended to read as follows:

In this chapter, unless the context otherwise requires:

(1) "Goods" means all chattels personal when purchased primarily for personal, family, or household use and not for commercial or business use, but not including money or, except as provided in the next sentence, things in action. Representative Murray moved the adoption of the following amendment (489):

On page 6, after line 25, insert the following:

"NEW SECTION. Sec. 6. A new section is added to chapter 46.04 RCW to read as follows:

"Motorized foot scooter" means a device with no more than two ten- inch or smaller diameter wheels that has handlebars, is designed to be stood or sat upon by the operator, and is powered by an internal combustion engine or electric motor that is capable of propelling the device with or without human propulsion.

For purposes of this section, a motor-driven cycle, a moped, an electric-assisted bicycle, or a motorcycle is not a motorized foot scooter.

Sec. 7. RCW 46.04.332 and 2002 c 247 s 4 are each amended to read as follows:

"Motor-driven cycle" means every motorcycle, including every motor scooter, with a motor that produces not to exceed five brake horsepower (developed by a prime mover, as measured by a brake applied to the driving shaft). A motor-driven cycle does not include a moped, a motorized foot scooter, or an electric personal assistive mobility device.

Sec. 8. RCW 46.16.010 and 2000 c 229 s 1 are each amended to read as follows:

(1) It is unlawful for a person to operate any vehicle over and along a public highway of this state without first having obtained and having in full force and effect a current and proper vehicle license and display vehicle license number plates therefor as by this chapter provided. Failure to make initial registration before operation on the highways of this state is a misdemeanor, and any person convicted thereof must be punished by a fine of no less than three hundred thirty dollars, no part of which may be suspended or deferred.

Failure to renew an expired registration before operation on the highways of this state is a traffic infraction.

(2) The licensing of a vehicle in another state by a resident of this state, as defined in RCW 46.16.028, evading the payment of any tax or license fee imposed in connection with registration, is a gross misdemeanor punishable as follows:

(a) For a first offense, up to one year in the county jail and a fine equal to twice the amount of delinquent taxes and fees, no part of which may be suspended or deferred;

(b) For a second or subsequent offense, up to one year in the county jail and a fine equal to four times the amount of delinquent taxes and fees, no part of which may be suspended or deferred;

(c) For fines levied under (b) of this subsection, an amount equal to the avoided taxes and fees owed will be deposited in the vehicle licensing fraud account created in the state treasury;

(d) The avoided taxes and fees shall be deposited and distributed in the same manner as if the taxes and fees were properly paid in a timely fashion.

(3) These provisions shall not apply to the following vehicles:

(a) Motorized foot scooters;

(b) Electric-assisted bicycles;

~~((b))~~ (c) Farm vehicles if operated within a radius of fifteen miles of the farm where principally used or garaged, farm tractors and farm implements including trailers designed as cook or bunk houses used exclusively for animal herding temporarily operating or drawn upon the public highways, and trailers used exclusively to transport farm implements from one farm to another during the daylight hours or at night when such equipment has lights that comply with the law;

~~((c))~~ (d) Spray or fertilizer applicator rigs designed and used exclusively for spraying or fertilization in the conduct of agricultural operations and not primarily for the purpose of transportation, and nurse rigs or equipment auxiliary to the use of and designed or modified for the fueling, repairing, or loading of spray and fertilizer applicator rigs and not used, designed, or modified primarily for the purpose of transportation;

~~((e))~~ (f) "Special highway construction equipment" defined as follows: Any vehicle which is designed and used primarily for grading of highways, paving of highways, earth moving, and other construction work on highways and which is not designed or used primarily for the transportation of persons or property on a public highway and which is only incidentally operated or moved over the highway. It includes, but is not limited to,

road construction and maintenance machinery so designed and used such as portable air compressors, air drills, asphalt spreaders, bituminous mixers, bucket loaders, track laying tractors, ditchers, leveling graders, finishing machines, motor graders, paving mixers, road rollers, scarifiers, earth moving scrapers and carryalls, lighting plants, welders, pumps, power shovels and draglines, self-propelled and tractor-drawn earth moving equipment and machinery, including dump trucks and tractor-dump trailer combinations which either (i) are in excess of the legal width, or (ii) which, because of their length, height, or unladen weight, may not be moved on a public highway without the permit specified in RCW 46.44.090 and which are not operated laden except within the boundaries of the project limits as defined by the contract, and other similar types of construction equipment, or (iii) which are driven or moved upon a public highway only for the purpose of crossing such highway from one property to another, provided such movement does not exceed five hundred feet and the vehicle is equipped with wheels or pads which will not damage the roadway surface.

Exclusions:

"Special highway construction equipment" does not include any of the following:

Dump trucks originally designed to comply with the legal size and weight provisions of this code notwithstanding any subsequent modification which would require a permit, as specified in RCW 46.44.090, to operate such vehicles on a public highway, including trailers, truck-mounted transit mixers, cranes and shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached.

(4) The following vehicles, whether operated solo or in combination, are exempt from license registration and displaying license plates as required by this chapter:

## SECOND READING

### **ENGROSSED SUBSTITUTE SENATE BILL NO. 5889, By Senate Committee on Agriculture (originally sponsored by Senators Swecker and Rasmussen)**

#### **Concerning a livestock nutrient management program.**

The bill was read the second time. There being no objection, the committee amendment by the Committee on Agriculture and Natural Resources was adopted. (For committee amendment, see Journal, 82<sup>nd</sup> Day, April 4, 2003.)

Representative Linville moved the adoption of amendment (517):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A livestock nutrient management program is essential to ensuring a healthy and productive livestock industry in Washington state. The goal of the program must be to provide clear guidance to livestock farms as to their responsibilities under state and federal law to protect water quality while maintaining a healthy business climate for these farms. The program should develop reasonable financial assistance resources, educational and technical assistance to meet these responsibilities, and provide for periodic inspection and enforcement actions to ensure compliance with state and federal water quality laws. The legislature intends that by 2006, there will be a fully functioning state program for concentrated animal feeding operations in the state, and that this program will be a single program for all livestock sectors.

The legislature finds that a livestock nutrient management program is necessary to address the federal rule changes with which livestock operations must comply. Furthermore, budgetary conditions demand efficient and effective governance. In addition, many of the existing requirements and goals for dairy farms will be completed by December 2003, and revisions will be needed.

**NEW SECTION. Sec. 2.** (1) A livestock nutrient management program development and oversight committee is created comprised of the following members, appointed as follows:

(a) The director of the department of agriculture, or the director's designee, who shall serve as committee chair;

(b) The director of the department of ecology, or the director's designee;

(c) A representative of the United States environmental protection agency, appointed by the regional director of the agency unless the agency chooses not to be represented on the committee;

(d) A representative of commercial shellfish growers, nominated by an organization representing these growers, appointed by the governor;

(e) A representative of an environmental interest organization with familiarity and expertise in water quality issues, appointed by the governor;

(f) A representative of tribal governments as nominated by an organization representing tribal governments, appointed by the governor;

(g) A representative of Washington State University appointed by the dean of the college of agriculture and home economics;

(h) A representative of the Washington association of conservation districts, appointed by the association's board of officers;

(i) Three representatives of dairy producers nominated by a statewide organization representing dairy producers in the state, appointed by the governor;

(j) Two representatives of beef cattle producers nominated by a statewide organization representing beef cattle producers in the state, appointed by the governor;

(k) One representative of poultry producers nominated by a statewide organization representing poultry producers in the state, appointed by the governor;

(l) One representative of the commercial cattle feedlots nominated by a statewide organization representing commercial cattle feedlots in the state, appointed by the governor; and

(m) A representative of any other segment of the livestock industry determined by the director of agriculture to be subject to federal rules regulating animal feeding or concentrated animal feeding operations.

(2) The state department of agriculture shall provide staff for the committee. The department of agriculture may request staff assistance be assigned by the United States environmental protection agency to assist the director in staffing the committee.

(3) The committee shall establish a work plan that includes a list of tasks and a projected completion date for each task.

(4) The committee may establish a subcommittee for each of the major industry segments that is covered by the recently adopted federal regulations that pertain to animal feeding operations and concentrated animal feeding operations. The subcommittee shall be composed of selected members of the full committee and additional representatives from that major segment of the livestock industry as determined by the director. The committee shall assign tasks to the subcommittees and shall establish dates for each subcommittee to report back to the full committee.

(5) The committee shall examine the recently adopted federal regulations that provide for the regulation of animal feeding operations and concentrated animal feeding operations and develop a program to be administered by the department of agriculture that meets the requirements and time frames contained in the federal rules. Elements that the committee shall evaluate include:

(a) A process for adopting standards and for developing plans for each operation that meet these standards;

(b) A process for revising current national pollution discharge elimination system permits currently held by livestock operations and to transition these permits into the new system; and

(c) In consultation with the director, a determination of what other work is needed and what other institutional relationships are needed or desirable. The committee shall consult with representatives of the statewide association of conservation districts regarding any functions or activities that are proposed to be provided through local conservation districts.

(6) The committee shall review and comment on proposals for grants from the livestock nutrient management account created in RCW 90.64.150.

(7) The committee shall develop draft proposed legislation that includes:

(a) Statutory changes, including a time line to achieve the phased- in levels of regulation under federal law, to comply with the minimum requirements under federal law and the minimum requirements under chapter 90.48 RCW. These changes must meet the requirements necessary to enable the department of agriculture and the department of ecology to pursue the United States environmental protection agency's approval of the transfer of the permitting program as it relates to the concentrated animal feeding operations from the department of ecology to the department of agriculture;

(b) Statutory changes necessitated by the transfer of functions under chapter 90.64 RCW from the department of ecology to the department of agriculture;

(8) The committee shall provide a report by December 1, 2003, to appropriate committees of the legislature that includes the results of the committee's evaluation under subsection (5) of this section and draft legislation to initiate the program.

(9) This section expires June 30, 2006.

**Sec. 3.** RCW 90.64.030 and 2002 c 327 s 1 are each amended to read as follows:

(1) Under the inspection program established in RCW 90.64.023, the department may investigate a dairy farm to determine whether the operation is discharging pollutants or has a record of discharging pollutants into surface or ground waters of the state. Upon concluding an investigation, the department shall make a written report of its findings, including the results of any water quality measurements, photographs, or other pertinent information, and provide a copy of the report to the dairy producer within twenty days of the investigation.

(2) The department shall investigate a written complaint filed with the department within three working days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. Within twenty days of receiving a written complaint, a copy of the findings shall be provided to the dairy producer subject to the complaint, and to the complainant if the person gave his or her name and address to the department at the time the complaint was filed.

(3) The department may consider past complaints against the same dairy farm from the same person and the results of its previous inspections, and has the discretion to decide whether to conduct an inspection if:

(a) The same or a similar complaint or complaints have been filed against the same dairy farm within the immediately preceding six-month period; and

(b) The department made a determination that the activity that was the subject of the prior complaint was not a violation.

(4) If the decision of the department is not to conduct an inspection, it shall document the decision and the reasons for the decision within twenty days. The department shall provide the decision to the complainant if the name and address were provided to the department, and to the dairy producer subject to the complaint, and the department shall place the decision in the department's administrative records.

(5) The report of findings of any inspection conducted as the result of either an oral or a written complaint shall be placed in the department's administrative records. Only findings of violations shall be entered into the data base identified in RCW 90.64.130.

(6) A dairy farm that is determined to be a significant contributor of pollution based on actual water quality tests, photographs, or other pertinent information is subject to the provisions of this chapter and to the enforcement provisions of chapters 43.05 and 90.48 RCW, including civil penalties levied under RCW 90.48.144.

(7) If the department determines that an unresolved water quality problem from a dairy farm requires immediate corrective action, the department shall notify the producer and the district in which the problem is located. When corrective actions are required to address such unresolved water quality problems, the department shall provide copies of all final dairy farm inspection reports and documentation of all formal regulatory and enforcement actions taken by the department against that particular dairy farm to the local conservation district and to the appropriate dairy farm within twenty days.

(8) For a violation of water quality laws that is a first offense for a dairy producer, the penalty may be waived to allow the producer to come into compliance with water quality laws. The department shall record all legitimate violations and subsequent enforcement actions.

(9) A discharge, including a storm water discharge, to surface waters of the state shall not be considered a violation of this chapter, chapter 90.48 RCW, or chapter 173-201A WAC, and shall therefore not be enforceable by the department of ecology or a third party, if at the time of the discharge, a violation is not occurring under RCW 90.64.010(18). In addition, a dairy producer shall not be held liable for violations of this chapter, chapter 90.48 RCW, chapter 173-201A WAC, or the federal clean water act due to the discharge of dairy nutrients to waters of the state resulting from spreading these materials on lands other than where the nutrients were generated, when the nutrients are spread by persons other than the dairy producer or the dairy producer's agent.

(10) As provided under RCW 7.48.305, agricultural activities associated with the management of dairy nutrients are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity has a substantial adverse effect on public health and safety.

(11) This section specifically acknowledges that if a holder of a general or individual national pollutant discharge elimination system permit complies with the permit and the dairy nutrient management plan conditions for appropriate land application practices, the permit provides compliance with the federal clean water act and acts as a shield against citizen or agency enforcement for any additions of pollutants to waters of the state or of the United States as authorized by the permit.

(12) A dairy producer who fails to have an approved dairy nutrient management plan by July 1, 2002, or a certified dairy nutrient management plan by December 31, 2003, and for which no appeals have been filed with the pollution control hearings board, is in violation of this chapter. Each month beyond these deadlines that a dairy producer is out of compliance with the requirement for either plan approval or plan certification shall be considered separate violations of chapter 90.64 RCW that may be subject to penalties. Such penalties may not exceed one hundred dollars per month for each violation up to a combined total of five thousand dollars. The department has discretion in imposing penalties for failure to meet deadlines for plan approval or plan certification if the failure to comply is due to lack of state funding for implementation of the program. Failure to register as required in RCW 90.64.017 shall subject a dairy producer to a maximum penalty of one hundred dollars. Penalties shall be levied by the department.

**Sec. 4.** RCW 90.64.120 and 1993 c 221 s 13 are each amended to read as follows:

(1) Nothing in this chapter shall affect the ~~((department's))~~ department of ecology's authority or responsibility to administer or enforce the national pollutant discharge elimination system permits for operators of concentrated dairy animal feeding operations, where required by federal regulations or to administer the provisions of chapter 90.48 RCW.

(2) Unless the department of ecology delegates its authority under chapter 90.48 RCW to the department of agriculture pursuant to RCW 90.48.260, and until any such delegation of authority receives federal approval, the transfer specified in section 6 of this act shall not preclude the department of ecology from taking action related to animal feeding operations or concentrated animal feeding operations to protect water quality pursuant to its authority in chapter 90.48 RCW. Before taking such actions, the department of ecology shall notify the department of agriculture.

**Sec. 5.** RCW 90.64.150 and 1998 c 262 s 15 are each amended to read as follows:

The ~~((dairy waste))~~ livestock nutrient management account is created in the custody of the state treasurer. All receipts from monetary penalties levied pursuant to violations of this chapter must be deposited into the account. Expenditures from the account may be used only ~~((for the commission))~~ to provide grants ~~((to local conservation districts for the sole purpose of assisting dairy producers to develop and fully implement dairy nutrient management plans))~~ for research or education proposals that assist livestock operations to achieve compliance with state and federal water quality laws. The director of agriculture shall accept and prioritize research proposals and education proposals. Only the ~~((chairman of the commission))~~ director or the ~~((chairman's))~~ director's designee may authorize expenditures from the account. (16) Amounts specified in this section in the conditions and limitations on appropriations of the violence reduction and drug enforcement account may be reduced by up to five percent by the department to effectively manage the reduced appropriation level of the account.

**NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--  
MENTAL HEALTH PROGRAM**

**DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM**

**(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS**

General Fund--State Appropriation (FY 2004) \$209,033,000

General Fund--State Appropriation (FY 2005) \$213,936,000

General Fund--Federal Appropriation \$371,141,000

General Fund--Local Appropriation \$1,970,000  
Health Services Account--State Appropriation \$2,450,000  
TOTAL APPROPRIATION \$798,530,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Regional support networks shall use portions of the general fund--state appropriation for implementation of working agreements with the vocational rehabilitation program which will maximize the use of federal funding for vocational programs.

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and adult services program for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) \$4,222,000 of the general fund--state appropriation for fiscal year 2004, \$4,222,000 of the general fund--state appropriation for fiscal year 2005, and \$8,444,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and have been discharged from a state psychiatric hospital. Primary responsibility and accountability for provision of appropriate community support for persons placed with these funds shall reside with the mental health program and the regional support networks, with partnership and active support from the alcohol and substance abuse and from the aging and disability services administration. The department shall continue performance-based incentive contracts to provide appropriate community support services for individuals leaving the state hospitals under this subsection. The department shall first seek to contract with regional support networks before offering a contract to any other party. The funds appropriated in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

(d) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services are to be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(e) The health services account appropriation is provided solely for implementation of strategies which the department and the affected regional support networks conclude will best assure continued availability of community-based inpatient psychiatric services in all areas of the state. Such strategies may include, but are not limited to, emergency contracts for continued operation of inpatient facilities otherwise at risk of closure because of demonstrated uncompensated care; start-up grants for development of evaluation and treatment facilities; and increases in the rate paid for inpatient psychiatric services for medically indigent and/or general assistance for the unemployed patients. The funds provided in this subsection must be: (i) Prioritized for use in those areas of the state which are at greatest risk of lacking sufficient inpatient psychiatric treatment capacity, rather than being distributed on a formula basis; (ii) prioritized for use by those hospitals that do not receive low-income disproportionate share hospital payments as of the date of application for funding; and (iii) matched on a one-quarter local and three-quarters state basis by funding from the regional support network or networks in the area in which the funds are expended. Payments from the amount provided in this subsection shall not be made to any provider that has not agreed that, except for prospective rate increases, the payment shall offset, on a dollar-for-dollar basis, any liability that may be established against, or any settlement that may be agreed to by the state, regarding the rate of state reimbursement for inpatient psychiatric care. The funds provided in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the distribution formula established pursuant to RCW 71.24.035.

(f) The department is authorized to implement a new formula for allocating available resources among the regional support networks. The distribution formula shall use the number of persons eligible for the state medical programs funded under chapter 74.09 RCW as the measure of the requirement for the number of acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed in accordance with RCW 71.24.035(13)(a). The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to assure that total funding allocated to the regional support network in fiscal year 2004 increases by up to 5.0 percent over the amount actually paid to that

regional support network in fiscal year 2003, and by up to an additional 5.0 percent in fiscal year 2005, if total funding to the regional support network would otherwise increase by less than those percentages under the new formula, and provided that the nonfederal share of the higher medicaid payment rate is provided by the regional support network from local funds.

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,785 per certificated staff unit in the 2003-04 school year and a maximum of \$8,952 per certificated staff unit in the 2004-05 school year.

Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 3.4 percent from the 2002-03 school year to the 2003-04 school year and 2.5 percent from the 2003-04 school year to the 2004-05 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(1) \$9,015,000 of the general fund--state appropriation for fiscal year 2004 and \$20,917,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district providing the increases in the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 8.67 percent for school year 2003-04 and 8.67 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation

per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(2) \$5,424,000 of the general fund--state appropriation for fiscal year 2004 and \$12,256,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula classified staff units of one percent effective September 1, 2003, and another salary adjustment of one percent effective on September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to classified staff units and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 9.03 percent for the 2003-04 school year and 9.03 percent for the 2004-05 school year for classified staff. The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in this part V of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(3) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

General Fund--Federal Appropriation \$409,762,000

**TOTAL APPROPRIATION \$1,272,559,000**

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 2003-04 and the 2004-05 school years, each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$25,746,000 of the general fund-- federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection

(8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to \$120,000 per year of the amount provided from the general fund--federal appropriation in this subsection (8) to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund-- state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high- cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(15) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

**INFORMATION SYSTEMS PROJECTS** Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

- (a) System refurbishment, acquisitions, and development efforts;
- (b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
- (c) Assessment of overall information processing performance, resources, and capabilities;
- (d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
- (e) Progress toward enabling electronic access to public information.

(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology

project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.155, multiplied by forty-five fifty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the statewide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the statewide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (6) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) For a city with an official incorporation date after January 1, 1990, municipal sales and use tax equalization distributions shall be made according to the procedures in this subsection. Municipal sales and use tax equalization distributions to eligible new cities shall be made at the same time as distributions are made under subsections (3) and (4) of this section. (a) Whether a newly incorporated city determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October municipal sales and use tax equalization distribution shall depend on the date the city first imposes the tax authorized under RCW 82.14.030(1).

(ii) Calculate the amount provided under subsection (3) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the tax authorized under RCW 82.14.030(1) is imposed.

(c) A new city imposing the tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution calculated under (b) of this subsection shall receive another distribution from the municipal sales and use tax equalization account. This distribution shall be equal to the calculation made under (b)(ii) of this subsection, prorated by the number of months the city imposes the tax authorized under RCW 82.14.030(2) at the full rate.

(d) The department of revenue shall advise the state treasurer of the amounts calculated under (b) and (c) of this subsection and the state treasurer shall distribute these amounts to the new city from the municipal sales and use tax equalization account subject to the limitations imposed in subsection (6) of this section.

(e) Revenues estimated under this subsection shall not affect the calculation of the statewide weighted average per capita level of revenues for all cities made under subsection (1) of this section.

(6) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3), (4), or (5) of this section, then the distributions under subsections (3), (4), and (5) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3), (4), and (5) of this section to the cities.

(7) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

(8) During the 2003-2005 fiscal biennium, the legislature may transfer from the municipal sales and use tax equalization account to the state general fund such amounts as reflect the excess fund balance in the account.

**NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--  
MENTAL HEALTH PROGRAM**

**DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM**

**(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS**

General Fund--State Appropriation (FY 2004) \$208,608,000

General Fund--State Appropriation (FY 2005) \$210,505,000

General Fund--Federal Appropriation \$387,270,000

General Fund--Local Appropriation \$1,970,000

**TOTAL APPROPRIATION \$808,353,000**

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Regional support networks shall use portions of the general fund--state appropriation for implementation of working agreements with the vocational rehabilitation program which will maximize the use of federal funding for vocational programs.

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) \$4,222,000 of the general fund--state appropriation for fiscal year 2004, \$4,222,000 of the general fund--state appropriation for fiscal year 2005, and \$8,444,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and have been discharged from a state psychiatric hospital. Primary responsibility and accountability for provision of appropriate community support for persons placed with these funds shall reside with the mental health program and the regional support networks, with partnership and active support from the alcohol and substance abuse and from the aging and disability services administration. The department shall continue performance-based incentive contracts to provide appropriate community support services for individuals leaving the state hospitals under this subsection. The department shall first seek to contract with regional support networks before offering a contract to any other party. The funds appropriated in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

(d) At least \$904,000 of the federal block grant funding appropriated in this subsection shall be used for the continued operation of the mentally ill offender pilot program.

(e) The department is authorized to implement a new formula for allocating available resources among the regional support networks. The distribution formula shall use the number of persons eligible for the state medical programs funded under chapter 74.09 RCW as the measure of the requirement for the number of acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed in

accordance with RCW 71.24.035(13)(a). The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to assure that total funding allocated to the regional support network in fiscal year 2004 increases by up to 5.0 percent over the amount actually paid to that regional support network in fiscal year 2003, and by up to an additional 5.0 percent in fiscal year 2005, if total funding to the regional support network would otherwise increase by less than those percentages under the new formula, and provided that the nonfederal share of the higher medicaid payment rate is provided by the regional support network from local funds.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services are to be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) The department shall assure that each regional support network increases spending on direct client services in fiscal years 2004 and 2005 by at least the same percentage as the total state, federal, and local funds allocated to the regional support network in those years exceeds the amounts allocated to it in fiscal year 2003.

(h) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. In accordance with the Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds (including medical, long-term care, mental health, and substance abuse treatment) as may be necessary to finance a unified health care plan for the WMIP program enrollment. The state may withhold from calculations of "available resources" as defined in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in this pilot program.

(7) The legislature reaffirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(8) In accordance with RCW 74.46.625, \$52,057,000 of the fiscal year 2004 health services account appropriation, \$35,016,000 of the fiscal year 2005 health services account appropriation, and \$87,074,000 of the general fund--federal appropriation are provided solely for supplemental payments to nursing homes operated by rural public hospital districts. The payments shall be conditioned upon (a) a contractual commitment by the association of public hospital districts and participating rural public hospital districts to make an intergovernmental transfer to the state treasurer, for deposit into the health services account, equal to at least 98 percent of the supplemental payments; and (b) a contractual commitment by the participating districts to not allow expenditures covered by the supplemental payments to be used for medicaid nursing home rate-setting. The participating districts shall retain no more than a total of \$3,500,000 for the 2003-05 biennium.

(9) \$14,616,000 of the health services account appropriation for fiscal year 2004, \$12,394,000 of the health services account appropriation for fiscal year 2005, and \$27,010,000 of the general fund--federal appropriation are provided solely for additional disproportionate share and medicare upper payment limit payments to public hospital districts.

The payments shall be conditioned upon a contractual commitment by the participating public hospital districts to make an intergovernmental transfer to the health services account equal to at least 91 percent of the

additional payments. At least 28 percent of the amounts retained by the participating hospital districts shall be allocated to the state's teaching hospitals.

(10) \$20,000,000 of the general fund--state appropriation for fiscal year 2004, \$20,000,000 of the general fund--state appropriation for fiscal year 2005, and \$40,000,000 of the general fund--federal appropriation are provided solely for grants to providers serving a disproportionate share of low-income and uninsured patients. For purposes of this subsection, providers may include, but are not limited to, hospitals, physicians, and transportation providers. In developing a methodology for distributing grants to hospitals, the department may consider relative net financial margins of hospitals.

(11) The department shall coordinate with the health care authority and with community and migrant health clinics to actively assist children and immigrant adults not eligible for medicaid to enroll in the basic health plan.

(12) The department shall separately track the total amount of any rebates obtained from drug manufacturers that are supplemental to the amounts required by federal law.

(13) \$156,000 of the general fund--state appropriation for fiscal year 2004 and \$1,403,000 of the general fund--federal appropriation are provided solely for a study to assess alternatives for replacing the existing medicaid management information system. The department shall report to the information services board and to the fiscal committees of the legislature by December 1, 2003, on the anticipated costs and benefits of the major alternative approaches.

(14) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. In accordance with the Washington medicaid integration partnership (WMIP) the department may combine and transfer such medicaid funds (including medical, long-term care, mental health and substance abuse treatment) as may be necessary to finance a unified health care plan for the WMIP program enrollment. The state may withhold from calculations of "available resources" as defined in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in this pilot.

(15) The department may employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(16) The department shall implement a combination of cost containment and utilization strategies sufficient to reduce general fund--state costs for durable medical equipment and supplies in fiscal year 2005 by approximately 5 percent below the level projected for fiscal year 2005 in the February 2003 forecast. In designing strategies, the primary strategy considered shall be selective or direct contracting with durable medical equipment and supplies vendors or manufacturers.

(17) The department shall, within available resources, design and implement a medical care services care management pilot project for clients receiving general assistance benefits. The pilot project shall be operated in at least two of the counties with the highest concentration of general assistance clients, and may use a full or partial capitation model. In designing the project, the department shall consult with the mental health division and its managed care contractors that include community and migrant health centers in their provider network. The pilot project shall be designed to maximize care coordination, high-risk medical management, and chronic care management to achieve better health outcomes. The pilot project shall begin enrollment on July 1, 2004.

(18) Within available resources and to the extent possible, the department shall evaluate and pilot a nurse consultant services program to assist fee-for-service clients in accessing medical information, with the goal of reducing administrative burdens on physicians and unnecessary emergency room utilization.

(19) The department shall include in any pending medicaid reform section 1115 waiver application, or in any existing section 1115 waiver, a request for authorization to provide optional medicaid services that have been eliminated in this act to American Indian and Alaska Native persons as defined in relevant federal law who are eligible for medicaid only to the extent that such services are provided through the American Indian health system and are financed with one hundred percent federal medicaid matching funds.

(20) The appropriations in this section reflect lower prescription drug cost trends resulting from implementation of Engrossed Second Substitute House Bill No. 1214 (prescription drugs). As provided in section 15 of Engrossed Second Substitute House Bill No. 1214, the department shall terminate the therapeutic consultation service four brand limit program component earlier than July 1, 2005, if, upon monitoring prescriber compliance with the preferred drug list and trends in the therapeutic consultation service four brand limit program component, the department determines the number of pharmacy claims that trigger the four brand edit exception under therapeutic consultation services is below 925 claims per month for three consecutive months.

General Fund--State Appropriation (FY 2004) \$39,000  
General Fund--State Appropriation (FY 2005) \$37,000  
State Health Care Authority Administrative Account--State Appropriation \$18,273,000  
Health Services Account--State Appropriation \$427,663,000  
General Fund--Federal Appropriation \$2,711,000  
TOTAL APPROPRIATION \$448,723,000

The appropriations in this section are subject to the following conditions and limitations:

- (1) \$6,000,000 of the health services account--state appropriation is provided solely to increase the number of persons not eligible for medicaid receiving dental care from nonprofit community clinics, and for

interpreter services to support dental and medical services for persons for whom interpreters are not available from any other source.

(2) \$172,231,000 of the health services account--state appropriation is provided solely for expenditure in calendar year 2004 and \$96,292,000 of the health services account--state appropriation is provided solely for expenditure in calendar year 2005 to subsidize enrollment for persons in the basic health plan. In order to maximize the number of enrollees that the appropriation in the subsection can support, the health care authority is directed to make modifications in the basic health plan that will reduce the actuarial value of basic health plan coverage. Modifications may include changes in enrollee premium obligations, enrollee cost-sharing, benefits, and incentives to access preventive services. The health care authority shall base its enrollment policies during the 2003-2005 biennium on its September 6, 2001, administrative policy on basic health enrollment management.

(3) Within funds appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at a cost of ten dollars per covered worker per month.

(4) The health care authority shall require organizations and individuals which are paid to deliver basic health plan services and which choose to sponsor enrollment in the subsidized basic health plan to pay for the following: (i) A minimum of fifteen dollars per enrollee per month for persons below 100 percent of the federal poverty level; and (ii) a minimum of twenty dollars per enrollee per person per month for persons whose family income is 100 percent to 125 percent of the federal poverty level.

(5)(a) In coordination with the department of social and health services medical assistance administration and other interested entities, the administrator will identify and design pilot projects to improve health care coverage access, including review of proposals by entities that have received funding through the federal health resources and services administration community access program. The administrator may identify pilot projects that are found feasible and that will not require financial resources beyond those appropriated for the basic health plan or the medical assistance administration in the biennial operating budget. Pilot projects may include applying basic health plan or medical assistance subsidy payments toward employer-sponsored health insurance or other health insurance premium shares, rather than as direct payments to managed health care systems participating in the basic health plan or medical assistance program.

(b) The schedule of benefits for persons enrolled through a potential pilot project may differ from the benefits offered through the basic health plan, but shall be reasonably comparable in value to those benefits.

(c) By November 1, 2003, the administrator and the secretary of the department of social and health services shall jointly report to the health care committees of the senate and the house of representatives on their progress in developing the pilot projects, the requested implementation date of any pilot project under development, and any statutory changes needed to implement the pilot projects.

(6) Upon enactment of Engrossed Substitute House Bill No. 1299 (state purchased health care) during the 2003 legislative session, the administrator, in coordination with the department of social and health services and the department of labor and industries shall undertake an evidence-based review and assessment of the effectiveness of spinal cord stimulators and drug infusion pumps. In performing the assessment, the administrator and the departments shall consider the best available external clinical evidence derived from systematic research, and relevant coverage criteria and standards adopted by other federal and state health care programs.

(7) Within the amounts appropriated in this act, sufficient funding is provided for implementation of Second Substitute House Bill No. 1214 (prescription drugs). In the event that neither Second Substitute House Bill No. 1214 nor Engrossed Substitute Senate Bill No. 5904 are enacted, the administrator shall:

(a) Adopt a preferred drug list, in consultation with a pharmacy and therapeutics advisory committee established by the administrator. The committee shall use an evidence-based process to evaluate the efficacy of prescription drugs, considering safety, efficacy, likelihood of compliance, outcomes, and any unique impacts on specific populations. For each therapeutic class reviewed, the committee must identify the prescription drugs determined to be most clinically effective, and if applicable, equally effective.

(b) Coordinate prescription drug purchasing by state purchased health care programs, using the preferred drug list as the basis for prescription drug purchasing. In administering prescription drug benefits under state purchased health care programs, agencies shall honor an endorsing prescriber's direction to dispense a prescription drug as written on the prescription order or to continue therapy with antipsychotic, antidepressant, chemotherapy, antiretroviral, or immunosuppressive drugs;

(c) Explore joint prescription drug purchasing opportunities with other states; and

(d) Establish drug utilization management policies and prescriber and consumer education policies for state purchased health care programs.

(8)(a) To maximize opportunities to decrease administrative burdens for providers and plans participating in state purchased health care programs, the administrator, the assistant secretary for the medical assistance administration of the department of social and health services, and the director of the department of labor and industries, in collaboration with health carriers, health care providers, and the office of the insurance commissioner shall, within available resources, collectively:

(i) Assess each of the strategies in (b) of this subsection;

(ii) Take steps to implement by December 31, 2004, those strategies in (b) of this subsection that are feasible to implement, taking into consideration fiscal constraints, and federal or state statutory or regulatory barriers;

(iii) To the extent that a strategy in (b) of this subsection cannot be implemented by December 2004, identify the specific fiscal constraints, or the specific federal or state statutory or regulatory barriers, that prevent its implementation; and

(iv) On or before December 1, 2003, provide a progress report to the relevant policy and fiscal committees of the legislature on the activities provided in (a)(i) through (iii) of this subsection.

(b) The strategies to be assessed under this subsection include the following:

(i) Improve core services, including: Improving timeliness of claims processing and responses to provider inquiries; improving distribution of medical assistance program fee schedules; and clearly defining and communicating scope of coverage under managed care contracts;

(ii) Streamline current administrative practices, including: Maximizing the capacity for electronic billing and claims submission; and providing electronic access to eligibility, benefits exclusion, and authorization information;

(iii) Establish clear expectations, including developing clear auditing and data requirements for contracting managed health care plans; and improving consistency between edits in claims processing systems and published fee schedules;

(iv) Increase consistency with national and regional standards, including: Eliminating "local" billing codes wherever possible; adopting medicare's ambulatory patient classification system for outpatient hospital payments; and increasing the extent to which state agencies accept compliance with standards adopted by national managed care accreditation organizations as meeting agency requirements for managed care contractors; and

(v) Standardize similarities between agencies, including applying codes consistently across state-purchased health care programs; eliminating burdensome data collection by having state agencies collect data that is available from other state agencies; coordinating audits by state agencies; and standardizing definitions and interpretations of services.

(c) \$39,000 of the general fund--state appropriation for fiscal year 2004 and \$37,000 of the general fund--state appropriation for fiscal year 2005 are provided solely for administrative costs associated with providing health insurance coverage to state-funded individual providers through the basic health plan or an equivalent health plan determined by the terms of the collective bargaining agreement between the home care quality authority and the exclusive bargaining representative of individual providers. If an equivalent health plan is purchased under the terms of the collective bargaining agreement, the health care authority shall transfer the funds in this appropriation to the department of social and health services.

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,785 per certificated staff unit in the 2003-04 school year and a maximum of \$8,952 per certificated staff unit in the 2004-05 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of \$5,422,000 outside the basic education formula during fiscal years 2004 and 2005 as follows:

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic

education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

**NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION.**

**SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION**

(1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 12E by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1S; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12E.

(2) For the purposes of this section:

(a) "LEAP Document 1S" means the computerized tabulation establishing staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 25, 1999, at 16:55 hours; and

(b) "LEAP Document 12E" means the computerized tabulation of 2003-04 and 2004-05 school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on April 24, 2003, at 04:09 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 9.04 percent for school year 2003-04 and 9.04 percent for school year 2004-05 for certificated staff and for classified staff 8.74 percent for school year 2003-04 and 8.74 percent for the 2004-05 school year.

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and  
(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

General Fund--State Appropriation (FY 2005) \$425,257,000

General Fund--Federal Appropriation \$409,861,000

**TOTAL APPROPRIATION \$1,268,575,000**

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

**NEW SECTION. Sec. 902. INFORMATION SYSTEMS PROJECTS.**

**INFORMATION SYSTEMS PROJECTS** Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

- (a) System refurbishment, acquisitions, and development efforts;
- (b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
- (c) Assessment of overall information processing performance, resources, and capabilities;
- (d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
- (e) Progress toward enabling electronic access to public information.

(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(8) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. **Sec. 935.** RCW 82.14.200 and 1998 c 321 s 8 are each amended to read as follows:

There is created in the state treasury a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the statewide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

The department of revenue shall establish a governmental price index as provided in this subsection. The base year for the index shall be the end of the third quarter of 1982. Prior to November 1, 1983, and prior to each November 1st thereafter, the department of revenue shall establish another index figure for the third quarter of that year. The department of revenue may use the implicit price deflators for state and local government purchases of goods and services calculated by the United States department of commerce to establish the governmental price index. Beginning on January 1, 1984, and each January 1st thereafter, the one hundred fifty thousand dollar base figure in this subsection shall be adjusted in direct proportion to the percentage change in the governmental price index from 1982 until the year before the adjustment. Distributions made under this subsection for 1984 and thereafter shall use this adjusted base amount figure.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (6) and (7) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (2) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (2) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the total distribution under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Subsequent to the distributions under subsection (4) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a fourth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(6) Revenues distributed under subsections (2) through (5) of this section in any calendar year shall not exceed an amount equal to seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsections (3) through (5) of this section cannot be made because of this limitation, then distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties.

(7) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (3) through (5) of this section, then the distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) through (5) of this section to the counties.

(8) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion an amount to the county public health account created in RCW 70.05.125 equal to the adjustment under RCW 70.05.125(2)(b).

(9) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) and (8) of this section, then the additional revenues shall be credited and transferred as follows:

(a) Fifty percent to the public facilities construction loan revolving account under RCW 43.160.080; and

(b) Fifty percent to the distressed county public facilities construction loan account under RCW 43.160.220, or so much thereof as will not cause the balance in the account to exceed twenty-five million dollars. Any remaining funds shall be deposited into the public facilities construction loan revolving account.

(10) During the 2003-2005 fiscal biennium, the legislature may transfer from the county sales and use tax equalization account to the state general fund such amounts as reflect the excess fund balance of the account.

**Sec. 936.** RCW 82.14.210 and 1996 c 64 s 1 are each amended to read as follows:

There is created in the state treasury a special account to be known as the "municipal sales and use tax equalization account." Into this account shall be placed such revenues as are provided under RCW 82.44.110(1)(e). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to January 1st of each year the department of revenue shall determine the total and the per capita levels of revenues for each city and the statewide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.155, multiplied by forty-five fifty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the statewide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the statewide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (6) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (6) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) For a city with an official incorporation date after January 1, 1990, municipal sales and use tax equalization distributions shall be made according to the procedures in this subsection. Municipal sales and use tax equalization distributions to eligible new cities shall be made at the same time as distributions are made under subsections (3) and (4) of this section. The department of revenue shall follow the estimating procedures outlined in this subsection until the new city has received a full year's worth of revenues under RCW 82.14.030(1) as of the January municipal sales and use tax equalization distribution.

(a) Whether a newly incorporated city determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October municipal sales and use tax equalization distribution shall depend on the date the city first imposes the tax authorized under RCW 82.14.030(1).

(i) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of January 1st shall be eligible to receive funds under this subsection beginning with the April municipal sales and use tax equalization distribution of that year.

(ii) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of February 1st, March 1st, or April 1st shall be eligible to receive funds under this subsection beginning with the July municipal sales and use tax equalization distribution of that year.

(iii) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of May 1st, June 1st, or July 1st shall be eligible to receive funds under this subsection beginning with the October municipal sales and use tax equalization distribution of that year.

(iv) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of August 1st, September 1st, or October 1st shall be eligible to receive funds under this subsection beginning with the January municipal sales and use tax equalization distribution of the next year.

(v) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of November 1st or December 1st shall be eligible to receive funds under this subsection beginning with the April municipal sales and use tax equalization distribution of the next year.

(b) For purposes of calculating the amount of funds the new city should receive under this subsection, the department of revenue shall:

(i) Estimate the per capita amount of revenues from the tax authorized under RCW 82.14.030(1) that the new city would have received had the city received revenues from the tax the entire calendar year;

(ii) Calculate the amount provided under subsection (3) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the tax authorized under RCW 82.14.030(1) is imposed.

(c) A new city imposing the tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution calculated under (b) of this subsection shall receive another distribution from the municipal sales and use tax equalization account. This distribution shall be equal to the calculation made under (b)(ii) of this subsection, prorated by the number of months the city imposes the tax authorized under RCW 82.14.030(2) at the full rate.

(d) The department of revenue shall advise the state treasurer of the amounts calculated under (b) and (c) of this subsection and the state treasurer shall distribute these amounts to the new city from the municipal sales and use tax equalization account subject to the limitations imposed in subsection (6) of this section.

(e) Revenues estimated under this subsection shall not affect the calculation of the statewide weighted average per capita level of revenues for all cities made under subsection (1) of this section.

(6) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3), (4), or (5) of this section, then the distributions under subsections (3), (4), and (5) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3), (4), and (5) of this section to the cities.

(7) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

(8) During the 2003-2005 fiscal biennium, the legislature may transfer from the municipal sales and use tax equalization account to the state general fund such amounts as reflect the excess fund balance in the account.

**Sec. 937.** RCW 86.26.007 and 1997 c 149 s 914 are each amended to read as follows:

The flood control assistance account is hereby established in the state treasury. At the beginning of the 1997-99 fiscal biennium and each biennium thereafter the state treasurer shall transfer four million dollars from the general fund to the flood control assistance account. Moneys in the flood control assistance account may be spent only after appropriation for purposes specified under this chapter (~~or, during the 1997-99 fiscal biennium, for transfer to the disaster response account~~). During the 2003-2005 fiscal biennium, the legislature may transfer from the flood control assistance account to the state general fund such amounts as reflect the excess fund balance of the account.

(2) The credit is equal to the greater of the amount of qualified research and development expenditures of a person or eighty percent of amounts received by a person other than a public educational or research institution in compensation for the conduct of qualified research and development, multiplied by the rate provided in RCW 82.04.260(3) in the case of a nonprofit corporation or nonprofit association engaging within this state in research and development, and the rate provided in RCW 82.04.290(2) for every other person.

(3) Any person entitled to the credit provided in subsection (2) of this section as a result of qualified research and development conducted under contract may assign all or any portion of the credit to the person contracting for the performance of the qualified research and development.

(4) The credit, including any credit assigned to a person under subsection (3) of this section, shall be taken against taxes due for the same calendar year in which the qualified research and development expenditures are incurred. The credit, including any credit assigned to a person under subsection (3) of this section, for each calendar year shall not exceed the lesser of two million dollars or the amount of tax otherwise due under this chapter for the calendar year.

(5) Any person taking the credit, including any credit assigned to a person under subsection (3) of this section, whose research and development spending during the calendar year in which the credit is claimed fails to exceed 0.92 percent of the person's taxable amount during the same calendar year shall be liable for payment of the additional taxes represented by the amount of credit taken together with interest, but not penalties. Interest shall be due at the rate provided for delinquent excise taxes retroactively to the date the credit was taken until the taxes are paid. (6) Any person claiming the credit, and any person assigning a credit as provided in subsection (3) of this section, shall file an affidavit form prescribed by the department which shall include the amount of the credit claimed, an estimate of the anticipated qualified research and development expenditures during the calendar year for which the credit is claimed, an estimate of the taxable amount during the calendar year for which the credit is claimed, and such additional information as the department may prescribe.

The department shall prepare reports on each assessment and deliver their reports by September 1, 1997, September 1, 2000, and September 1, 2003. Motor Vehicle Account--State Appropriation \$150,000**

The appropriation in this section is subject to the following conditions and limitations: The motor vehicle account--state appropriation is a one-time reappropriation and is provided solely for the Beacon Rock state park entrance road project. WASHINGTON TRAFFIC SAFETY COMMISSION  
Highway Safety Account--State Appropriation \$2,017,000  
Highway Safety Account--Federal Appropriation \$15,744,000  
School Zone Safety Account--State Appropriation \$3,059,000  
TOTAL APPROPRIATION \$20,820,000**

The appropriations in this section are subject to the following conditions and limitations:

(1) The commission may oversee up to four pilot projects implementing the use of traffic safety cameras to detect failure to stop at railroad crossings, stoplights, and school zones.

(a) In order to ensure adequate time in the 2003-05 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the commission must be authorized by December 31, 2003.

(b) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(c) The traffic safety commission shall use the following guidelines to administer the program:

(i) Traffic safety cameras may take pictures of the vehicle and vehicle license plate only, and only while an infraction is occurring;

(ii) The law enforcement agency of the city or county government shall plainly mark the locations where the automated traffic enforcement system is used by placing signs on street locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic enforcement system;

(iii) Cities and counties using traffic safety cameras must provide periodic notice by mail to its citizens indicating the zones in which the traffic safety cameras will be used;

(iv) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(v) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the issuing law enforcement agency, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(vi) Infractions detected through the use of traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120;

(vii) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction will be dismissed against the business if it mails to the issuing agency, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the issuing agency within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use;

(viii) For purposes of the 2003-05 biennium pilot projects, infractions generated by the use of traffic safety cameras are exempt from the provisions of RCW 3.46.120, 3.50.100, and 35.20.220, and must be processed in the same manner as parking violations; and

(ix) By June 30, 2005, the traffic safety commission shall provide a report to the legislature regarding the use, public acceptance, outcomes, and other relevant issues regarding traffic safety cameras demonstrated by the pilot projects.

The appropriation in this section is subject to the following conditions and limitations and specified amounts are provided solely for that activity:

(1) The appropriation is based on the budgeted expenditure of ~~\$(35,159,000)~~ \$35,797,000 for vessel operating fuel in the 2001-2003 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount may not be expended. If the actual cost exceeds this amount, the department shall request a supplemental appropriation.

(2) The appropriation provides for the compensation of ferry employees. The expenditures for compensation paid to ferry employees during the 2001-2003 biennium may not exceed \$207,065,000 plus a dollar amount, as prescribed by the office of financial management, that is equal to any insurance benefit increase granted general government employees in excess of \$432.82 a month annualized per eligible marine employee multiplied by the number of eligible marine employees for the respective fiscal year, a dollar amount as prescribed by the office of financial management for costs associated with pension amortization charges, and a dollar amount prescribed by the office of financial management for salary increases during the 2001-2003 biennium. For the purposes of this section, the expenditures for compensation paid to ferry employees shall be limited to salaries and wages and employee benefits as defined in the office of financial management's policies, regulations, and procedures named under objects of expenditure "A" and "B" (7.2.6.2).

The prescribed salary and insurance benefit increase or decrease dollar amount that shall be allocated from the governor's compensation appropriations is in addition to the appropriation contained in this section and may be used to increase or decrease compensation costs, effective July 1, 2001, and thereafter, as established in the 2001-2003 general fund operating budget.

(3) The department shall issue a request for information from entities interested in purchasing advertising on board Washington state ferry vessels. The department shall evaluate the proposals and report back to the

legislature's transportation committees in January 2002 regarding the potential for revenue from different types of advertising.

(4) The department may enter into contracts with private vendors to sell ferry tickets and medium at locations other than Washington state ferry terminals or facilities.

(a) The department may enter into the contracts only (i) with private vendors that are already established businesses offering goods for sale to the general public; and (ii) if it determines that the vendor's established location has the potential to serve a significant percentage of the customers using a particular ferry route.

(b) The department may adopt necessary rules and procedures to allow the use of credit and debit cards to purchase ferry tickets or medium from a private vendor who has contracted with the department to sell ferry tickets or medium. The department may establish a convenience fee to be paid by all persons purchasing ferry tickets and medium at locations other than Washington state ferry terminals or facilities. The convenience fee must be sufficient to offset the charges imposed on the department by the credit and debit card companies. In no event may the use of credit or debit cards authorized by this section create a loss of revenue to the state. The use of a personal credit card does not rely upon the credit of the state as prohibited by Article VIII, section 5 of the state Constitution.

(5) The legislature recognizes the value of a regional fare collection system to promote intermodal travel throughout Washington state ferries' Puget Sound service area and therefore encourages the department to resume participation in the regional fare coordination project (smart card). The department shall develop a request for funding of the on-going operating costs associated with the regional fare coordination project and shall present this request to the 2003 legislature. The request for funding shall be sufficient to support a system that prevents the disclosure of personally identifying information of persons who use a smart card to facilitate payment of ferry fares. The requested system may facilitate the disclosure of aggregate information on fare collection to governmental agencies or groups concerned with public transportation or public safety as long as the data does not contain any personally identifying information. The requested system shall not prevent the release of personally identifying information to law enforcement agencies when required by a subpoena.

(2) The remainder shall be distributed as follows:

- (a) ~~((23.677))~~ 21.963 percent shall be deposited into the state patrol highway account of the motor vehicle fund;

### PART III - SALES AND USE TAX

**Sec. 301.** RCW 82.08.020 and 2000 2nd sp.s. c 4 s 1 are each amended to read as follows:

- (1) There is levied and there shall be collected a tax on each retail sale in this state equal to six and five-tenths percent of the selling price.
- (2) There is levied and there shall be collected an additional tax on each retail car rental, regardless of whether the vehicle is licensed in this state, equal to five and nine-tenths percent of the selling price. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.
- (3) Beginning July 1, 2003, there is levied and collected an additional tax of three-tenths of one percent of the selling price on each retail sale of a motor vehicle in this state, other than retail car rentals taxed under subsection (2) of this section. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.
- (4) For purposes of subsection (3) of this section, "motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.
- (5) The taxes imposed under this chapter shall apply to successive retail sales of the same property.

- (4) Except as provided in this section, payment by one purchaser or user of tangible personal property or service of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or service from the taxes imposed by such chapters. If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor; or in respect to the use of property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use; or in respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961, the tax imposed by this chapter does not apply.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 39.10 RCW to read as follows:

(1) Public bodies may use a job order contract for public works projects when:

- (a) A public body has made a determination that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for public works projects or repair required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project;
- (b) The work order to be issued for a particular project does not exceed two hundred thousand dollars;
- (c) Less than twenty percent of the dollar value of the work order consists of items of work not contained in the unit price book; and
- (d) At least eighty percent of the job order contract must be subcontracted to entities other than the job order contractor.

(2) Public bodies shall award job order contracts through a competitive process utilizing public requests for proposals. Public bodies shall make an effort to solicit proposals from a certified minority or certified woman-owned contractor to the extent permitted by the Washington state civil rights act, RCW 49.60.400. The public body shall publish, at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public works will be done, a request for proposals for job order contracts and the availability and location of the request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:

- (a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;
- (b) The reasons for using job order contracts;
- (c) A description of the qualifications required of the proposer;
- (d) The identity of the specific unit price book to be used;
- (e) The minimum contracted amount committed to the selected job order contractor;
- (f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, proposal price and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on

similar contracts; ability to meet time and budget requirements; ability to provide a performance and payment bond for the job order contract; recent, current, and projected work loads of the proposer; location; and the concept of the proposal;

(g) The form of the contract to be awarded;

(h) The method for pricing renewals of or extensions to the job order contract;

(i) A notice that the proposals are subject to the provisions of RCW 39.10.100; and

(j) Other information relevant to the project.

(3) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit final proposals, including sealed bids based upon the identified unit price book. Such bids may be in the form of coefficient markups from listed price book costs. The public body shall award the contract to the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public request for proposals.

(4) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body's decision on the protest.

(5) The public body shall issue no work orders until it has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(7) The maximum total dollar amount that may be awarded under a job order contract shall not exceed three million dollars in the first year of the job order contract, five million dollars over the first two years of the job order contract, and, if extended or renewed, eight million dollars over the three years of the job order contract.

(8) For each job order contract, public bodies shall not issue more than two work orders equal to or greater than one hundred fifty thousand dollars in a twelve-month contract performance period.

(9) All work orders issued for the same project shall be treated as a single work order for purposes of the one hundred fifty thousand dollar limit on work orders in subsection (8) of this section and the two hundred thousand dollar limit on work orders in subsection (1)(b) of this section.

(10) Any new permanent, enclosed building space constructed under a work order shall not exceed two thousand gross square feet.

(11) Each public body may have no more than two job order contracts in effect at any one time.

(12) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract. The alternate filing provisions of RCW 39.12.040(2) shall apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(13) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts.

(14) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(15) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the general conditions for Washington state facility construction. This will be the contractor's sole remedy.

(16) All job order contracts awarded under this section must be executed before July 1, 2007, however the job order contract may be extended or renewed as provided for in this section.

(17) For purposes of this section, "public body" includes any school district.

(1) The bond mentioned in RCW 39.08.010 shall be in an amount equal to the full contract price agreed to be paid for such work or improvement, except under subsection (2) of this section, and shall be to the state of Washington, except as otherwise provided in RCW 39.08.100, and except in cases of cities and towns, in which cases such municipalities may by general ordinance fix and determine the amount of such bond and to whom such bond shall run: PROVIDED, The same shall not be for a less amount than twenty-five percent of the contract price of any such improvement, and may designate that the same shall be payable to such city, and not to the state of Washington, and all such persons mentioned in RCW 39.08.010 shall have a right of action in his, her, or their own name or names on such bond for work done by such laborers or mechanics, and for materials furnished or provisions and goods supplied and furnished in the prosecution of such work, or the making of such improvements: PROVIDED, That such persons shall not have any right of action on such bond for any sum whatever, unless within thirty days from and after the completion of the contract with an acceptance of the work by the affirmative action of the board, council, commission, trustees, officer, or body acting for the state, county or municipality, or other public body, city, town or district, the laborer, mechanic or subcontractor, or materialman, or person claiming to have supplied materials, provisions or goods for the prosecution of such work, or the making of such improvement, shall present to and file with such board, council, commission, trustees or body acting for the state, county or municipality, or other public body, city, town or district, a notice in writing in substance as follows:

To (here insert the name of the state, county or municipality or other public body, city, town or district):

Notice is hereby given that the undersigned (here insert the name of the laborer, mechanic or subcontractor, or materialman, or person claiming to have furnished labor, materials or provisions for or upon such contract or work) has a claim in the sum of . . . . . dollars (here insert the amount) against the bond taken from . . . . . (here insert the name of the principal and surety or sureties upon such bond) for the work of . . . . . (here insert a brief mention or description of the work concerning which said bond was taken).

(here to be signed)

Such notice shall be signed by the person or corporation making the claim or giving the notice, and said notice, after being presented and filed, shall be a public record open to inspection by any person, and in any suit or action brought against such surety or sureties by any such person or corporation to recover for any of the items hereinbefore specified, the claimant shall be entitled to recover in addition to all other costs, attorney's fees in such sum as the court shall adjudge reasonable: PROVIDED, HOWEVER, That no attorney's fees shall be allowed in any suit or action brought or instituted before the expiration of thirty days following the date of filing of the notice hereinbefore mentioned: PROVIDED FURTHER, That any city may avail itself of the provisions of RCW 39.08.010 through 39.08.030, notwithstanding any charter provisions in conflict herewith: AND PROVIDED FURTHER, That any city or town may impose any other or further conditions and obligations in such bond as may be deemed necessary for its proper protection in the fulfillment of the terms of the contract secured thereby, and not in conflict herewith.

(2) Under the job order contracting procedure described in section 1 of this act, bonds will be in an amount not less than the dollar value of all open work orders.

**Sec. 5.** RCW 39.30.060 and 2002 c 163 s 2 are each amended to read as follows:

(1) Every invitation to bid on a prime contract that is expected to cost one million dollars or more for the construction, alteration, or repair of any public building or public work of the state or a state agency or municipality as defined under RCW 39.04.010 or an institution of higher education as defined under RCW 28B.10.016 shall require each prime contract bidder to submit as part of the bid, or within one hour after the published bid submittal time, the names of the subcontractors with whom the bidder, if awarded the contract, will subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW; and electrical as described in chapter 19.28 RCW, or to name itself for the work. The prime contract bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder's bid nonresponsive and, therefore, void.

(2) Substitution of a listed subcontractor in furtherance of bid shopping or bid peddling before or after the award of the prime contract is prohibited and the originally listed subcontractor is entitled to recover monetary damages from the prime contract bidder who executed a contract with the public entity and the substituted subcontractor but not from the public entity inviting the bid. It is the original subcontractor's burden to prove by a preponderance of the evidence that bid shopping or bid peddling occurred. Substitution of a listed subcontractor may be made by the prime contractor for the following reasons:

- (a) Refusal of the listed subcontractor to sign a contract with the prime contractor;
- (b) Bankruptcy or insolvency of the listed subcontractor;
- (c) Inability of the listed subcontractor to perform the requirements of the proposed contract or the project;
- (d) Inability of the listed subcontractor to obtain the necessary license, bonding, insurance, or other statutory requirements to perform the work detailed in the contract; or
- (e) The listed subcontractor is barred from participating in the project as a result of a court order or summary judgment.

(3) The requirement of this section to name the prime contract bidder's proposed HVAC, plumbing, and electrical subcontractors applies only to proposed HVAC, plumbing, and electrical subcontractors who will contract directly with the prime contract bidder submitting the bid to the public entity.

(4) This section does not apply to job order contract requests for proposals under section 1 of this act.

**NEW SECTION. Sec. 6.** A new section is added to chapter 39.12 RCW to read as follows:

Job order contracts under section 1 of this act must pay prevailing wages for all work that would otherwise be subject to the requirements of this chapter. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

**Sec. 7.** RCW 60.28.011 and 2000 c 185 s 1 are each amended to read as follows:

(1) Public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of:  
(a) The claims of any person arising under the contract; and (b) the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant shall be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.020 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue and the materialmen and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW ((39.10.060)) 39.10.061. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may

accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Contract retainage" means an amount reserved by a public body from the moneys earned by a person under a public improvement contract.

(b) "Person" means a person or persons, mechanic, subcontractor, or material person who performs labor or provides materials for a public improvement contract, and any other person who supplies the person with provisions or supplies for the carrying on of a public improvement contract.

(c) "Public body" means the state, or a county, city, town, district, board, or other public body.

(d) "Public improvement contract" means a contract for public improvements or work, other than for professional services, or a work order as defined in RCW 39.10.020.

### MESSAGE FROM THE SENATE

April 26, 2003

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 2056 and has passed the bill as recommended by the Conference Committee.

### REPORT OF CONFERENCE COMMITTEE

We of your CONFERENCE COMMITTEE, to whom was referred **ENGROSSED SUBSTITUTE HOUSE BILL NO. 2056, Public works bidding**, have had the same under consideration and we recommend that:

All previous amendments not be adopted, and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 39.04 RCW to read as follows:

When a municipality receives a written protest from a bidder for a public works project which is the subject of competitive bids, the municipality shall not execute a contract for the project with anyone other than the protesting bidder without first providing at least two full business days' written notice of the municipality's intent to execute a contract for the project; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

NEW SECTION. Sec. 2. A new section is added to chapter 39.04 RCW to read as follows:

A low bidder on a public works project who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

Sec. 3. RCW 39.10.020 and 2001 c 328 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative public works contracting procedure" means the design-build and the general contractor/construction manager contracting procedures authorized in RCW 39.10.051 and 39.10.061, respectively.

(2) "Public body" means the state department of general administration; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every port district with total revenues greater than fifteen million dollars per year; every public hospital district with total revenues

greater than fifteen million dollars per year utilizing the design-build procedure authorized by RCW 39.10.051 and every public hospital district, regardless of total revenues, proposing projects that are considered and approved by the public hospital district project review board under section 7 of this act; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; and those school districts proposing projects that are considered and approved by the school district project review board under RCW 39.10.115.

(3) "Public works project" means any work for a public body within the definition of the term public work in RCW 39.04.010.

**Sec. 4.** RCW 39.10.051 and 2002 c 46 s 1 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the design-build procedure of public works contracting for public works projects authorized under this section: The state department of general administration; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; every public hospital district with total revenues greater than fifteen million dollars per year; and every port district with total revenues greater than fifteen million dollars per year. The authority granted to port districts in this section is in addition to and does not affect existing contracting authority under RCW 53.08.120 and 53.08.130. For the purposes of this section, "design-build procedure" means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

(2) Public bodies authorized under this section may utilize the design-build procedure for public works projects valued over ten million dollars where:

(a) The construction activities or technologies to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; or  
(b) The project design is repetitive in nature and is an incidental part of the installation or construction;

or

(c) Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(3) Public bodies authorized under this section may also use the design-build procedure for the following projects that meet the criteria in subsection (2)(b) and (c) of this section:

(a) The construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost; or

(b) The construction of new student housing projects valued over five million dollars.

(4) Contracts for design-build services shall be awarded through a competitive process utilizing public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done, a notice of its request for proposals for design-build services and the availability and location of the request for proposal documents. The request for proposal documents shall include:

(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications, functional and operational elements, minimum and maximum net and gross areas of any building, and, at the discretion of the public body, preliminary engineering and architectural drawings;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. Evaluation factors shall include, but not be limited to: Proposal price; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected work loads of the firm; location; and the concept of the proposal;

(e) The form of the contract to be awarded;

(f) The amount to be paid to finalists submitting best and final proposals who are not awarded a design-build contract; and

(g) Other information relevant to the project.

(5) The public body shall establish a committee to evaluate the proposals based on the factors, weighting, and process identified in the request for proposals. Based on its evaluation, the public body shall select not fewer than three nor more than five finalists to submit best and final proposals. The public body may, in its sole discretion, reject all proposals. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection.

(a) Best and final proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for proposals. The public body may score the proposals using a system that

measures the quality and technical merits of the proposal on a unit price basis. Final proposals may not be considered if the proposal cost is greater than the maximum allowable construction cost identified in the initial request for proposals. The public body shall initiate negotiations with the firm submitting the highest scored best and final proposal. If the public body is unable to execute a contract with the firm submitting the highest scored best and final proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing plans and specifications that adequately meet project requirements, the public body may award the contract to the firm that submits the responsive best and final proposal with the lowest price.

(6) The firm awarded the contract shall provide a performance and payment bond for the contracted amount. The public body shall provide appropriate honorarium payments to finalists submitting best and final proposals who are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects.

**Sec. 5.** RCW 39.10.061 and 2002 c 46 s 2 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board and those public hospital districts proposing projects that are considered and approved by the public hospital district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements; or

(b) The project involves construction at an existing facility which must continue to operate during construction; or

(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer's accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to self-perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the

available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:

(a) Adequate financial resources or the ability to secure such resources;  
(b) History of successful completion of a contract of similar type and scope;  
(c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;  
(d) Current and projected workload and the impact the project will have on the subcontractor's current and projected workload;

(e) Ability to accurately estimate the subcontract bid package scope of work;  
(f) Ability to meet subcontract bid package shop drawing and other coordination procedures;  
(g) Eligibility to receive an award under applicable laws and regulations; and  
(h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder.

After publication of notice of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. If a general contractor/construction manager receives a written protest from a subcontractor bidder, the general contractor/construction manager shall not execute a contract for the subcontract bid package with anyone other than the protesting bidder without first providing at least two full business days' written notice of the general contractor/construction manager's intent to execute a contract for the subcontract bid package; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:  
(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;  
(b) The bid opening is managed by the public body; and  
(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

**NEW SECTION. Sec. 6.** A new section is added to chapter 39.10 RCW to read as follows:

(1) In addition to the projects authorized in RCW 39.10.061, public hospital districts may also use the general contractor/construction manager contracting procedure for the construction of public hospital district capital demonstration projects, subject to the following conditions:

(a) The project must receive approval from the public hospital district project review board established under section 7 of this act.

(b) The public hospital district project review board may not authorize more than ten demonstration projects valued between five and ten million dollars.

(2) Public hospital districts may also use the general contractor/construction manager contracting procedure for the construction of any public hospital district capital project that has a value over ten million dollars and that has received approval from the public hospital district project review board established under section 7 of this act.

**NEW SECTION. Sec. 7.** A new section is added to chapter 39.10 RCW to read as follows:

(1) The public hospital district project review board is established to review public hospital district proposals submitted by public hospital districts to use alternative public works contracting procedures. The board shall select and approve qualified projects based upon an evaluation of the information submitted by the public hospital district under subsection (2) of this section. Any appointments for full terms or to fill a vacancy shall be made by the governor and shall include the following representatives, each having experience with public works or commercial construction: One representative from the department of health; one representative from the office of financial management; two representatives from the construction industry, one of whom works for a construction company with gross annual revenues of twenty million dollars or less; one representative from the specialty contracting industry; one representative from organized labor; one representative from the design industry; one representative from a public body previously authorized under this chapter to use an alternative public works contracting procedure who has experience using such alternative contracting procedures; one representative from public hospital districts with total revenues greater than fifteen million dollars per year; and one representative from public hospital districts with total revenues equal to or less than fifteen million dollars per year. Each member shall be appointed for a term of three years, with the first three-year term commencing after July 27, 2003. Any member of the public hospital district project review board who is directly affiliated with any applicant before the board must recuse him or herself from consideration of the application.

(2) A public hospital district seeking to use alternative contracting procedures authorized under this chapter pursuant to section 6 of this act shall file an application with the public hospital district project review board. The application form shall require the district to submit a detailed statement of the proposed project, including the public hospital district's name; the current projected total budget for the project, including the estimated construction costs, costs for professional services, equipment and furnishing costs, off-site costs, contract administration costs, and other related project costs; the anticipated project design and construction schedule; a summary of the public hospital district's construction activity for the preceding six years; and an explanation of why the public hospital district believes the use of an alternative contracting procedure is in the public interest and why the public hospital district is qualified to use an alternative contracting procedure, including a summary of the relevant experience of the public hospital district's management team. The applicant shall also provide in a timely manner any other information concerning implementation of projects under this chapter requested by the public hospital district project review board to assist in its consideration.

(3) Any public hospital district whose application is approved by the public hospital district project review board shall comply with the public notification and review requirements in RCW 39.10.030.

(4) Any public hospital district whose application is approved by the public hospital district project review board shall not use as an evaluation factor whether a contractor submitting a bid for the approved project has had prior general contractor/construction manager procedure experience.

## SENATE AMENDMENT TO HOUSE BILL

April 26, 2003

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1689, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature recognizes that much work on municipal storm water management has already occurred throughout the state by counties, cities, and ports. The legislature also recognizes that municipal separate storm sewer systems face challenges that are different from other types of storm sewer systems and that implementing these programs involves great effort, significant costs, and inherent difficulties in identifying sources and controlling introduction of pollutants from a wide variety of sources that may contribute to the contamination of storm water discharged through municipal separate storm sewer systems. The legislature finds that phase one and phase two municipal separate storm sewer system permits developed by the department of ecology under the national pollutant discharge elimination system permit program of the federal clean water act (33 U.S.C. Sec. 1251 et seq.) need to identify storm water management mechanisms to best achieve environmental benefits and satisfy federal clean water act requirements in the most cost-effective manner.

(2) The legislature recognizes the need to determine whether it is in the state's interest to integrate municipal separate storm sewer system permit programs developed under phase one and phase two of the national pollutant discharge elimination system permit program. The legislature finds that coordinated permit programs and cooperative storm water management programs between and among local governments may reduce costs and enhance program effectiveness.

(3) The legislature finds that issues associated with storm water management are significantly different in eastern Washington, Puget Sound, and other areas of western Washington. The legislature also finds that the federal phase two permits developed by the department of ecology must recognize these differences.

**NEW SECTION. Sec. 2.** (1) The department of ecology shall establish a permit development advisory group for the geographic areas draining to Puget Sound in western Washington to advise and assist the department regarding permits for municipal separate storm sewer systems. The permit development advisory group shall work within a facilitated process according to subsection (2) of this section to review the issues identified in section 5 of this act and to make recommendations and submit reports to the legislature according to section 6 of this act. The permit development advisory group, which may include up to eighteen members, of which at least half shall be representatives of local government, shall:

(a) Review and address the issues specified in section 5 of this act and any other issues regarding municipal separate storm sewer systems for which the department of ecology requests advice and assistance; and

(b) Advise and assist the department of ecology in drafting a permit or permits for municipal separate storm sewer systems in geographic areas draining to Puget Sound in western Washington as required by federal regulations implementing phase two of the national pollutant discharge elimination system permit program under the federal clean water act (33 U.S.C. Sec. 1251 et seq.).

(2) At its first meeting, the permit development advisory group shall establish an executive committee with a minimum of three and a maximum of five members. The executive committee shall include representatives of local government, business associations, and environmental organizations. The executive committee shall advise and assist the department of ecology to develop a request for proposals for a facilitator to work with and facilitate the permit development advisory group's review of the issues identified in section 5 of this act and to develop recommendations and submit reports to the legislature according to section 6 of this act. The executive committee also shall review the responses to the request for proposals and select the facilitator. The department of ecology and the executive committee shall work expeditiously to select a facilitator who can begin working with the permit development advisory group by June 1, 2003.

(3) This section expires June 30, 2005.

**NEW SECTION. Sec. 3.** (1) The department of ecology shall develop a municipal separate storm sewer system permit or permits that address the issues and needs of municipalities operating these systems in eastern Washington. The department shall use the existing storm water advisory group it has established in eastern Washington to advise and assist the department regarding permits for municipal separate storm sewer systems to be issued in eastern Washington. The eastern Washington storm water advisory group shall:

(a) Review and address the issues specified in section 5 of this act as they pertain to eastern Washington and any other issues regarding municipal separate storm sewer systems for which the department of ecology requests advice and assistance; and

(b) Assist and advise the department of ecology in drafting a permit or permits for municipal separate storm sewer systems in eastern Washington as required by federal regulations implementing phase two of the national pollutant discharge elimination system permit program under the federal clean water act (33 U.S.C. Sec. 1251 et seq.).

(2) This section expires June 30, 2005.

**NEW SECTION. Sec. 4.** (1) The department of ecology shall establish a permit development advisory group for the coastal and southwest areas in western Washington to advise and assist the department regarding permits for municipal separate storm sewer systems. The permit development advisory group shall:

(a) Review and address the issues specified in section 5 of this act and any other issues regarding municipal separate storm sewer systems for which the department requests advice and assistance; and

(b) Advise and assist the department in drafting a permit or permits for municipal separate storm sewer systems in coastal and southwest Washington as required by federal regulations implementing phase two of the national pollutant discharge elimination system permit program under the federal clean water act (33 U.S.C. Sec. 1251 et seq.).

(2) This section expires June 30, 2005.

**NEW SECTION. Sec. 5.** (1) The permit development advisory group for Puget Sound areas in western Washington established in section 2 of this act, the eastern Washington storm water advisory group identified in section 3 of this act, and the permit development advisory group for coastal and southwest areas in western Washington established in section 4 of this act shall review and make recommendations to the department of ecology regarding the development of permits for municipal separate storm sewer systems. Issues considered by these groups shall include the:

(a) Types of discharges being regulated under these permits;

(b) Areas being regulated by these permits under phases one and two of the federal national pollutant discharge elimination system permit program as they relate to municipal borders;

(c) Issuance of these permits on a watershed basis;

(d) Integration of permits and permit requirements for phase one and phase two of the federal national pollutant discharge elimination system permit program;

(e) Application of these permits to ground water discharges;

(f) Level of effort required of municipalities to satisfy permit requirements regarding:

(i) Public education and outreach;

(ii) Public participation and public involvement;

(iii) Illicit discharge detection and elimination;

(iv) Construction site runoff control;

(v) Postconstruction runoff control;

(vi) Pollution prevention and good housekeeping;

(vii) Implementation of applicable total maximum daily loads; and

(viii) Program evaluation and reporting;

(g) Protection for shellfish areas;

(h) Costs and benefits associated with each permit element not required under federal law;

(i) The use of land use planning and existing land use plans and rules as a best management practice for storm water management; and

(j) Potential funding sources for implementation of permit requirements.

(2) This section expires June 30, 2005.

**NEW SECTION. Sec. 6.** (1) No later than December 15, 2003, the permit development advisory groups established and identified in sections 2, 3, and 4 of this act shall report regarding their work to the appropriate committees of the legislature.

(2) After the permits are developed but no later than December 1, 2004, the department of ecology shall submit a final report to the appropriate committees of the legislature regarding these permits and the work of the advisory groups. The department shall also identify any legislative recommendations from these groups or from the department based on the work of these groups.

**NEW SECTION. Sec. 7.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "permits;" strike the remainder of the title and insert "creating new sections; providing expiration dates; and declaring an emergency."

and the same is herewith transmitted.

Milt H. Doumit, Secretary

There being no objection, the House refused to concur in the Senate Amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1689 and asked the Senate to recede therefrom.

**NEW SECTION. Sec. 11.** In recognition of the significant losses incurred by seed producers in the state from a recent seed company bankruptcy and the increasing diversity of and changes in the state's seed industry, the department of agriculture shall conduct a study of alternative methods of reducing the risk of nonpayment of producers from seed company bankruptcies and increasing the financial recovery for seed producers should such bankruptcies occur. The study shall evaluate alternative methods of addressing issues relating to nonpayment of producers, including the potential of establishing an indemnity fund, and how the costs of providing and maintaining such a fund would be borne. The department shall evaluate whether establishing an indemnity fund would be in addition to or as a substitute for any current bonding requirements for various types of seed crops and seed contracts, including bailment contracts. The department shall establish an advisory committee including representatives of producers and seed companies of various types of agricultural seeds grown in this state to assist it in the study.

The department shall report the results of the study, including any recommended legislation in bill form, to the governor and to the appropriate committees of the legislature by December 1, 2003."

#### PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

#### **OPTION B** **SUSPENDED DISPOSITION ALTERNATIVE**

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender is:

(a) Adjudicated of an A+ offense;

(b) Fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(ii) Manslaughter in the first degree (RCW 9A.32.060); or

(iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), robbery in the second degree (RCW 9A.56.210), residential burglary (RCW 9A.52.025), burglary in the second degree (RCW 9A.52.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), intimidating a

witness (RCW 9A.72.110), violation of the uniform controlled substances act (RCW 69.50.401(a)(1) (i) or (ii)), or manslaughter 2 (RCW 9A.32.070), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

- (c) Ordered to serve a disposition for a firearm violation under RCW 13.40.193; or
- (d) Adjudicated of a sex offense as defined in RCW 9.94A.030.

**OR**

**OPTION C  
CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE**

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

**OR**

**OPTION ((C)) D  
MANIFEST INJUSTICE**

If the court determines that a disposition under option A ((~~or~~)), B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

**Sec. 3.** RCW 13.40.160 and 2002 c 175 s 22 are each amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsection((~~s~~)) (2), (3), ((~~and~~)) (4), (5), or (6) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsection((~~s~~)) (2), (3), ((~~and~~)) (4), (5), or (6) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option ((C)) D of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (a)(i) Frequency and type of contact between the offender and therapist;
- (ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
- (iv) Anticipated length of treatment; and
- (v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option ((C)) D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

- (b)(i) Devote time to a specific education, employment, or occupation;
- (ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;
- (iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;
- (iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;
- (v) Report as directed to the court and a probation counselor;
- (vi) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;
- (vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense;
- (viii) Comply with the conditions of any court-ordered probation bond; or
- (ix) The court shall order that the offender may not attend the public or approved private elementary, middle, or high school attended by the victim or the victim's siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender's change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the victim or victim's siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days' confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days' confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim" may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under section 4 of this act.

(6) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under section 5 of this act may impose the disposition alternative under section 5 of this act.

(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

~~((6))~~ (8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

~~((7))~~ (9) Except as provided under subsection (3) ~~((6))~~, (4), (5), or (6) of this section, or option B of RCW 13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

~~((8))~~ (10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

**NEW SECTION. Sec. 4.** A new section is added to chapter 13.40 RCW to read as follows:

(1) When an offender is subject to a standard range commitment of 15 to 65 weeks, the court may:

(a) Impose the standard range; or

(b) Suspend the standard range disposition on condition that the offender complies with the terms of this mental health disposition alternative.

(2) The court may impose this disposition alternative when the court finds the following:

(a) The offender has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders, of axis I psychiatric disorder, excluding youth that are diagnosed as solely having a conduct disorder, oppositional defiant disorder, substance abuse disorder, paraphilia, or pedophilia;

(b) An appropriate treatment option is available in the local community;

(c) The plan for the offender identifies and addresses requirements for successful participation and completion of the treatment intervention program including: Incentives and graduated sanctions designed specifically for amenable youth, including the use of detention, detoxication, and in-patient or outpatient substance abuse treatment and psychiatric hospitalization, and structured community support consisting of mental health providers, probation, educational and vocational advocates, child welfare services, and family and community support. For any mental health treatment ordered for an offender under this section, the treatment option selected shall be chosen from among programs which have been successful in addressing mental health needs of juveniles and successful in mental health treatment of juveniles and identified as research-based best practice programs. A list of programs which meet these criteria shall be agreed upon by: The Washington association of juvenile court administrators, the juvenile rehabilitation administration of the department of social and health services, a representative of the division of public behavioral health and justice policy at the University of Washington, and the Washington institute for public policy. The list of programs shall be created not later than July 1, 2003. The group shall provide the list to all superior courts, its own membership, the legislature, and the governor. The group shall meet annually and revise the list as appropriate; and

(d) The offender, offender's family, and community will benefit from use of the mental health disposition alternative.

(3) The court on its own motion may order, or on motion by either party, shall order a comprehensive mental health evaluation to determine if the offender has a designated mental disorder. The court may also order a chemical dependency evaluation to determine if the offender also has a co-occurring chemical dependency disorder. The evaluation shall include at a minimum the following: The offender's version of the facts and the official version of the facts, the offender's offense, an assessment of the offender's mental health and drug-alcohol problems and previous treatment attempts, and the offender's social, criminal, educational, and employment history and living situation.

(4) The evaluator shall determine if the offender is amenable to research-based treatment. A proposed case management and treatment plan shall include at a minimum:

(a) The availability of treatment;

(b) Anticipated length of treatment;

(c) Whether one or more treatment interventions are proposed and the anticipated sequence of those treatment interventions;

(d) The education plan;

(e) The residential plan; and

(f) The monitoring plan.

(5) The court on its own motion may order, or on motion by either party, shall order a second mental health or chemical dependency evaluation. The party making the motion shall select the evaluator. The requesting party shall pay the cost of any examination ordered under this subsection and subsection (3) of this section unless the court finds the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim's opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition of not more than 65 weeks, suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more other local sanctions. Confinement in a secure county detention facility, other than county group homes, inpatient psychiatric treatment facilities, and substance abuse programs, shall be limited to thirty days. As a condition of a suspended disposition, the court shall require the offender to participate in the recommended treatment interventions.

(8) The treatment providers shall submit monthly reports to the court and parties on the offender's progress in treatment. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender's compliance with requirements, treatment activities, medication management, the offender's relative progress in treatment, and any other material specified by the court at the time of the disposition.

(9) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(10) An offender is ineligible for the mental health disposition option under this section if the offender is adjudicated of a sex or violent offense as defined in RCW 9.94A.030.

**NEW SECTION. Sec. 5.** A new section is added to chapter 13.40 RCW to read as follows:

Any charter county with a population of not more than seventy thousand shall establish a pilot program to implement the community commitment disposition alternative contained in this section. The pilot project shall be limited to five beds.

(1) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under this section may impose a community commitment disposition alternative and:

(a) Retain juvenile court jurisdiction over the youth;

(b) Confine the youth in a county detention facility for a period of time not to exceed thirty days; and

(c) Impose a term of postrelease community supervision for up to one year.

If the youth receives a standard range disposition, the court shall set the release date within the standard range. The court shall determine the release date prior to expiration of sixty percent of the juvenile's minimum term of confinement.

(2) The court may impose this community commitment disposition alternative if the court finds the following:

(a) Placement in a local detention facility in close proximity to the youth's family or local support systems will facilitate a smoother reintegration to the youth's family and community;

(b) Placement in the local detention facility will allow the youth to benefit from locally provided family intervention programs and other research-based treatment programs, school, employment, and drug and alcohol or mental health counseling; or

(c) Confinement in a facility operated by the department would result in a negative disruption to local services, school, or employment or impede or delay developing those services and support systems in the community.

(3) The court shall consider the youth's offense, prior criminal history, security classification, risk level, and treatment needs and history when determining whether the youth is appropriate for the community commitment disposition alternative. If the court finds that a community commitment disposition alternative is appropriate, the court shall order the youth into secure detention while the details of the reintegration program are developed.

(4) Upon approval of the treatment and community reintegration plan, the court may order the youth to serve the term of confinement in one or more of the following placements or combination of placements: Secure detention, an alternative to secure detention such as electronic home monitoring, county group care, day or evening reporting, or home detention. The court may order the youth to serve time in detention on weekends or intermittently. The court shall set periodic reviews to review the youth's progress in the program. At least fifty percent of the term of confinement shall be served in secure detention.

(5) If the youth violates the conditions of the community commitment program, the court may impose sanctions under RCW 13.40.200 or modify the terms of the reintegration plan and order the youth to serve all or a portion of the remaining confinement term in secure detention.

(6) A county may enter into interlocal agreements with other counties to develop joint community commitment programs or to allow one county to send a youth appropriate for this alternative to another county that has a community commitment program.

(7) Implementation of this alternative is subject to available state funding for the costs of the community commitment program, including costs of detention and community supervision.

The Washington association of juvenile court administrators shall submit an interim report on the pilot program established in this section to the legislature and appropriate committees by December 31, 2004, and submit a final report to the legislature and the appropriate committees by June 30, 2005.

This section expires July 1, 2005.

**Sec. 6.** RCW 13.40.165 and 2002 c 175 s 23 and 2002 c 42 s 1 are each reenacted and amended to read as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent or substance abusing, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(2) The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner's information.

(3) The examiner shall assess and report regarding the respondent's relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (a) Whether inpatient and/or outpatient treatment is recommended;
- (b) Availability of appropriate treatment;
- (c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
- (d) Anticipated length of treatment; and
- (e) Recommended crime-related prohibitions.

(4) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option ((C)) D of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this section, inpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.
