**SSB 5051** Prime Sponsor, Senate Committee On Commerce & Trade: Removing the sale of strong beer from the exclusive jurisdiction of the liquor control board. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 66.24.244 and 1998 c 126 s 3 are each amended to read as follows:

(1) There shall be a license for microbreweries; fee to be one hundred dollars for production of less than sixty thousand barrels of malt liquor, including strong beer, per year.

(2) Any microbrewery license under this section may also act as a distributor and/or retailer for beer and strong beer of its own production. Strong beer may not be sold at a farmers market or under any endorsement which may authorize microbreweries to sell beer at farmers markets. Any microbrewery operating as a

distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers.

(3) The board may issue an endorsement to this license allowing for on-premises consumption of beer, including strong beer, wine, or both of other manufacture if purchased from a Washington state-licensed distributor. Each endorsement shall cost two hundred dollars per year, or four hundred dollars per year allowing the sale and service of both beer and wine.

(4) The microbrewer obtaining such endorsement must determine, at the time the endorsement is issued, whether the licensed premises will be operated either as a tavern with persons under twenty-one years of age not allowed as provided for in RCW 66.24.330, or as a beer and/or wine restaurant as described in RCW 66.24.320.

**Sec. 2.** RCW 66.24.250 and 1997 c 321 s 13 are each amended to read as follows:

There shall be a license for beer distributors to sell beer and strong beer, purchased from licensed Washington breweries, beer certificate of approval holders (B5), licensed beer importers, or suppliers of foreign beer located outside the state of Washington, to licensed beer retailers and other beer distributors and to export same from the state of Washington; fee six hundred sixty dollars per year for each distributing unit.

**Sec. 3.** RCW 66.24.261 and 1997 c 321 s 14 are each amended to read as follows:

There shall be a license for beer importers that authorizes the licensee to import beer and strong beer manufactured within the United States by certificate of approval holders (B5) into the state of Washington. The licensee may also import beer and strong beer manufactured outside the United States.

(1) Beer and strong beer so imported may be sold to licensed beer distributors or exported from the state.

(2) Every person, firm, or corporation licensed as a beer importer shall establish and maintain a principal office within the state at which shall be kept proper records of all beer and strong beer imported into the state under this license.

(3) No beer importer's license shall be granted to a nonresident of the state nor to a corporation whose principal place of business is outside the state until such applicant has established a principal office and agent within the state upon which service can be made.

(4) As a requirement for license approval, a beer importer shall enter into a written agreement with the board to furnish on or before the twentieth day of each month, a report under oath, detailing the quantity of beer and strong beer sold or delivered to each licensed beer distributor. Failure to file such reports may result in the suspension or cancellation of this license.

(5) Beer and strong beer imported under this license must conform to the provisions of RCW 66.28.120 and have received label approval from the board. The board shall not certify beer or strong beer labeled with names which may be confused with other nonalcoholic beverages whether manufactured or produced from a domestic brewery or imported nor shall it certify beer or strong beer which fails to meet quality standards established by the board.

(6) The license fee shall be one hundred sixty dollars per year.

(2) A United States brewery or manufacturer of beer or strong beer, located outside the state of Washington, must hold a certificate of approval (B5) to allow sales and shipment of the certificate of approval holder's beer or strong beer to licensed Washington beer distributors or importers. The certificate of approval shall not be granted unless and until such brewer or manufacturer of beer or strong beer shall have made a written agreement with the board to furnish to the board, on or before the twentieth day of each month, a report under oath, on a form to be prescribed by the board, showing the quantity of beer and strong beer sold or delivered to each licensed beer distributor or importer during the preceding month, and shall further have agreed with the board, that such brewer or manufacturer of beer or strong beer and all general sales corporations or agencies maintained by them, and all of their trade representatives, corporations, and agencies, shall and will faithfully comply with all laws of the state of Washington pertaining to the sale of intoxicating liquors and all rules and regulations of the Washington state liquor control board. A violation of the terms of this agreement will cause the board to take action to suspend or revoke such certificate.

(3) The fee for the certificate of approval, issued pursuant to the provisions of this title, shall be one hundred dollars per year, which sum shall accompany the application for such certificate.

**Sec. 5.** RCW 66.24.290 and 1999 c 281 s 14 are each amended to read as follows:

By the twenty-fifth day of the following month, three percent of the revenues collected from this additional tax shall be distributed to border areas under RCW 66.08.195 and the remaining moneys shall be transferred to the state general fund.

(5) The board may make refunds for all taxes paid on beer and strong beer exported from the state for use outside the state.

(6) The board may require filing with the board of a bond to be approved by it, in such amount as the board may fix, securing the payment of the tax. If any licensee fails to pay the tax when due, the board may forthwith suspend or cancel his or her license until all taxes are paid.

~~((7) The tax imposed under this section shall not apply to "strong beer" as defined in this title.))~~

**Sec. 6.** RCW 66.24.320 and 1998 c 126 s 4 are each amended to read as follows:

(1) The annual fee shall be two hundred dollars for the beer license, two hundred dollars for the wine license, or four hundred dollars for a combination beer and wine license.

Upon request, the licensee shall provide to the board all necessary or requested information concerning the society or organization that will be holding the function at which the endorsed license will be utilized.

(b) If attendance at the function will be limited to members and invited guests of the sponsoring society or organization, the requirement that the society or organization be within the definition of RCW 66.24.375 is waived.

**Sec. 7.** RCW 66.24.330 and 1997 c 321 s 19 are each amended to read as follows:

There shall be a beer and wine retailer's license to be designated as a tavern license to sell beer, including strong beer, or wine, or both, at retail, for consumption on the premises. (2) The annual fee for the grocery store license is one hundred fifty dollars for each store.

(3) The board shall issue a restricted grocery store license authorizing the licensee to sell beer and only table wine, if the board finds upon issuance or renewal of the license that the sale of strong beer or fortified wine would be against the public interest. (a) The likelihood that the applicant will sell strong beer or fortified wine to persons who are intoxicated;

(b) Law enforcement problems in the vicinity of the applicant's establishment that may arise from persons purchasing strong beer or fortified wine at the establishment; and

(c) Whether the sale of strong beer or fortified wine would be detrimental to or inconsistent with a government-operated or funded alcohol treatment or detoxification program in the area.

If the board receives no evidence or objection that the sale of strong beer or fortified wine would be against the public interest, it shall issue or renew the license without restriction, as applicable. (3) The board shall issue a restricted beer and/or wine specialty shop license, authorizing the licensee to sell beer and only table wine, if the board finds upon issuance or renewal of the license that the sale of strong beer or fortified wine would be against the public interest. (c) Whether the sale of strong beer or fortified wine would be detrimental to or inconsistent with a government-operated or funded alcohol treatment or detoxification program in the area.

If the board receives no evidence or objection that the sale of strong beer or fortified wine would be against the public interest, it shall issue or renew the license without restriction, as applicable. ESB 5106 Prime Sponsor, Senator Hewitt: Concerning the annual consumptive quantity of a water right. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.03.380 and 2001 c 237 s 5 are each amended to read as follows:

(1) The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That the right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. A change in the place of use, point of diversion, and/or purpose of use of a water right to enable irrigation of additional acreage or the addition of new uses may be permitted if such change results in no increase in the annual consumptive quantity of water used under the water right. For purposes of this section, "annual consumptive quantity" means the estimated or actual annual amount of water diverted or withdrawn pursuant to the water right, reduced by the estimated annual amount of return flows, ~~((averaged over the two years of greatest use within the most recent five year period of continuous beneficial use of the water right))~~ in the year in which the largest volume of water was diverted or withdrawn for beneficial use under the right during the five years immediately preceding the date the holder of the water right applies for a change of the right to enable such an irrigation of additional acreage or such an addition of new uses or, if the water right has been held by the water right holder for less than five years on such date, in the year in which the largest volume of water was diverted or withdrawn for beneficial use under the right during the time the right has been held by the water right holder. When an application for a change of a right to enable such an irrigation of additional acreage or such an addition of new uses is considered by the department, the department must determine the ownership of the entire right but is to evaluate only the portion of the right directly involved in the proposal to irrigate the additional acreage or to add the new uses in determining whether to approve or disapprove the change.

(2) Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the department, and the application shall not be granted until notice of the application is published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water.

~~((2))~~ (3) If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

~~((3))~~ (4) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights.

~~((4))~~ (5) This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

~~((5))~~ (6)(a) Pending applications for new water rights are not entitled to protection from impairment, injury, or detriment when an application relating to an existing surface or ground water right is considered.

(b) Applications relating to existing surface or ground water rights may be processed and decisions on them rendered independently of processing and rendering decisions on pending applications for new water rights within the same source of supply without regard to the date of filing of the pending applications for new water rights.

(c) Notwithstanding any other existing authority to process applications, including but not limited to the authority to process applications under WAC 173-152-050 as it existed on January 1, 2001, an application relating to an existing surface or ground water right may be processed ahead of a previously filed application relating to an existing right when sufficient information for a decision on the previously filed application is not available and the applicant for the previously filed application is sent written notice that explains what information is not available and informs the applicant that processing of the next application will begin. The previously filed application does not lose its priority date and if the information is provided by the applicant within sixty days, the previously filed application shall be processed at that time. This subsection ~~((5))~~ (6)(c) does not affect any other existing authority to process applications.

(d) Nothing in this subsection ~~((5))~~ (6) is intended to stop the processing of applications for new water rights.

~~((6))~~ (7) No applicant for a change, transfer, or amendment of a water right may be required to give up any part of the applicant's valid water right or claim to a state agency, the trust water rights program, or to other persons as a condition of processing the application.

~~((7))~~ (8) In revising the provisions of this section and adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised.

(9) Notwithstanding any other provision of this section or RCW 90.44.100, a water right to use surface or ground water that has been applied to any beneficial use within the general category of an agricultural use may be changed to another agricultural use, within the other limitations of the water right, under the following conditions:

(a) A change in the type of crop irrigated under an agricultural irrigation water right may be made without providing notice to the department and does not constitute a change in the purpose of use of the right;

(b) A change from one agricultural use to another agricultural use that does not involve a change in the season of use of the water may be made after notification to, but without the approval of, the department;

(c) A change from one agricultural use to another agricultural use that involves a change in the season of use of water may be made after providing notice and opportunity for review to the department as described in this subsection. For these changes, the water right holder shall give written notice to the department that includes information describing the proposed change and providing evidence of beneficial use of the right. The water right holder may proceed with the change unless the department notifies the water right holder within forty-five calendar days that the proposed change raises concerns regarding potential impairment to other water rights. The director may extend the forty-five day period by an additional thirty calendar days if notice is provided to the water right holder within the forty-five day period. The department shall operate under a rebuttable presumption of no impairment of other water rights if the season of use is proposed to be changed from a period that is more critical for other water rights and streamflows to a period that is less critical. If the department determines that the proposed change raises concerns regarding potential impairment to other water rights, the proposed change may not proceed under this subsection (9);

(d) The department's determination under (c) of this subsection is not appealable. For a change that is not allowed under (c) of this subsection, the water right holder may subsequently apply for a change in right under subsection (1) of this section, RCW 90.03.390, or 90.44.100, in which case the department shall make a full and normal determination and render an appealable decision under those statutes. In making such a decision, the department is not bound by its earlier determination and the earlier determination may not result in a presumption of impairment of any water right; and

(e) The general category of an agricultural use of water under this subsection (9) is composed of, but not limited to, the beneficial uses of water for agricultural irrigation; frost protection; watering livestock; processing agricultural commodities; dust suppression; cleaning of agricultural animals, equipment, and facilities; and confined animal feeding operations with applicable land use and water quality permits.

**Sec. 2.** RCW 90.44.050 and 1987 c 109 s 108 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, after June 6, 1945, no withdrawal of public ground waters of the state shall be begun, nor shall any well or other works for such withdrawal be constructed, unless an application to appropriate such waters has been made to the department and a permit has been granted by it as herein provided(~~(- EXCEPT, HOWEVER, That)~~).

(2) Each of the following uses of public ground water is exempt from the permit requirements of subsection (1) of this section to the extent that the water is regularly used beneficially, and the right to use the water shall be entitled to a right equal to that established by a permit issued under the provisions of this chapter:

(a) Any withdrawal of public ground waters (~~(for stock watering purposes, or)~~) for the watering of a lawn or of a noncommercial garden not exceeding one-half acre in area(~~(-or)~~); and

(b) Except as provided in subsection (4) of this section, any withdrawal of public ground waters in an amount not exceeding five thousand gallons a day for:

(i) Single or group domestic uses ~~((in an amount not exceeding five thousand gallons a day, or for an industrial purpose in an amount not exceeding five thousand gallons a day, is and shall be exempt from the provisions of this section, but, to the extent that it is regularly used beneficially, shall be entitled to a right equal to that established by a permit issued under the provisions of this chapter: PROVIDED, HOWEVER, That))~~;

(ii) Stock watering purposes; or

(iii) An industrial purpose.

(3) However, the department from time to time may require the person or agency making any such small withdrawal to furnish information as to the means for and the quantity of that withdrawal ~~((: PROVIDED, FURTHER, That))~~. At the option of the party making withdrawals of ground waters of the state not exceeding five thousand gallons per day, applications under this section or declarations under RCW 90.44.090 may be filed and permits and certificates obtained in the same manner and under the same requirements as ~~((is))~~ provided in this chapter ~~((provided))~~ in the case of withdrawals in excess of five thousand gallons a day.

(4) Any withdrawal of water for stock watering purposes begun before the effective date of this section is exempt from the permit requirements of subsection (1) of this section to the maximum extent that water was withdrawn for those purposes under the right prior to the effective date of this section. Beginning on the effective date of this section, such a withdrawal begun before the effective date of this section continues to be exempt from the permit requirements of subsection (1) of this section for that maximum extent.

SSB 5120 Prime Sponsor, Senate Committee On Judiciary: Changing provisions relating to ignition interlock devices. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.20.720 and 2001 c 247 s 1 are each amended to read as follows:

(1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use,

consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device.

(2) ~~((If a))~~ (a) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device if the person is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and it is:

~~((a))~~ (i) The person's first conviction or a deferred prosecution under chapter 10.05 RCW and his or her alcohol concentration was at least 0.15, or by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration; ~~((or (b)))~~

(ii) The person's second or subsequent conviction; or ~~((c))~~

(iii) The person's first conviction and the person has a previous deferred prosecution under chapter 10.05 RCW or it is a deferred prosecution under chapter 10.05 RCW and the person has a previous conviction~~((the court shall order that after any applicable period of suspension, revocation, or denial of driving privileges, the person may drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device. The requirement to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device may not be suspended)).~~

(b) ~~The ((court))~~ department may waive the requirement for the use of such a device if ~~((the court makes a specific finding in writing))~~ it concludes that such devices are not reasonably available in the local area. Nothing in this section may be interpreted as entitling a person to more than one deferred prosecution.

(3) In the case of a person under subsection (1) of this section, the court shall establish a specific calibration setting at which the ignition interlock or other biological or technical device will prevent the motor vehicle from being started and the period of time that the person shall be subject to the restriction. In the case of a person under subsection (2) of this section, the ignition interlock or other biological or technical device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more, and the period of time of the restriction will be as follows:

(a) For a person (i) who is subject to RCW 46.61.5055 (1)(b), (2), or (3), or who is subject to a deferred prosecution program under chapter 10.05 RCW~~((;))~~; and (ii) who has not previously been restricted under this section, a period of ~~((not less than))~~ one year;

(b) For a person who has previously been restricted under (a) of this subsection, a period of ~~((not less than))~~ five years;

(c) For a person who has previously been restricted under (b) of this subsection, a period of ~~((not less than))~~ ten years.

For purposes of this section, "convicted" means being found guilty of an offense or being placed on a deferred prosecution program under chapter 10.05 RCW.

**Sec. 2.** RCW 46.20.311 and 2001 c 325 s 2 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law. Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned and/or operated by the person seeking reinstatement. Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(b)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or

46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned and/or operated by the person applying for a new license.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars."

**"NEW SECTION. Sec. 1.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each four-year institution of higher education and the state board for community and technical colleges shall develop policies that ensure undergraduate students enrolled in degree or certificate programs complete their programs in a timely manner in order to make the most efficient use of instructional resources and provide capacity within the institution for additional students.

(2) Policies adopted under this section shall address, but not be limited to, undergraduate students in the following circumstances:

(a) Students who accumulate more than one hundred twenty-five percent of the number of credits required to complete their respective baccalaureate or associate degree or certificate programs;

(b) Students who drop more than twenty-five percent of their course load before the grading period for the quarter or semester, which prevents efficient use of instructional resources; and

(c) Students who remain on academic probation for more than one quarter or semester.

(3) Policies adopted under this section may include assessment by the institution of a surcharge in addition to regular tuition and fees to be paid by a student for continued enrollment.

**NEW SECTION. Sec. 2.** (1) Each public four-year institution of higher education and the state board for community and technical colleges shall report to the higher education coordinating board by January 30, 2004, on the policies developed under section 1 of this act. The report shall include baseline data on the number and characteristics of students affected by the policies. If the policies were adopted before the effective date of this section, the report shall describe the impact of the policies.

(2) In the report, each four-year institution shall also describe policies developed and actions taken by the institution to eliminate barriers to timely completion of degree programs, including reducing the occasions where students cannot enroll in courses needed for their major due to overenrollment. The state board may select a sample of colleges to describe policies and actions to address course scheduling issues.

(3) The higher education coordinating board shall summarize the reports from the institutions and the state board and make a report to the higher education committees of the legislature by March 1, 2004. The report prepared by the higher education coordinating board shall include recommendations for additional legislative action, including whether increased tuition and fees should be uniformly charged to students as an additional incentive for timely completion of degree and certificate programs."

SSB 5144 Prime Sponsor, Senate Committee On Natural Resources, Energy & Water: Protecting forest land from exotic forest insects or diseases. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 76.06.010 and 1951 c 233 s 1 are each amended to read as follows:

The legislature finds and declares that:

(1) Forest insects and forest tree diseases which threaten the permanent timber production of the forested areas of the state of Washington are ((hereby declared to be)) a public nuisance.

(2) Exotic forest insects or diseases, even in small numbers, can constitute serious threats to native forests. Native tree species may lack natural immunity. There are often no natural control agents such as diseases, predators, or parasites to limit populations of exotic forest insects or diseases. Exotic forest insects or diseases can also outcompete, displace, or destroy habitat of native species. It is in the public interest to identify, control, and eradicate outbreaks of exotic forest insects or diseases that threaten the diversity, abundance, and survivability of native forest trees and the environment.

**Sec. 2.** RCW 76.06.020 and 2000 c 11 s 2 are each amended to read as follows:

~~((As used in))~~ The definitions in this section apply throughout this chapter(=) unless the context clearly requires otherwise.

(1) "Agent" means the recognized legal representative, representatives, agent, or agents for any owner(=).

(2) "Department" means the department of natural resources(=).

(3) "Owner" means and includes ~~((individuals, partnerships, corporations, and associations;))~~ persons or their agents.

(4) "Timber land" means any land on which there is a sufficient number of trees, standing or down, to constitute, in the judgment of the department, a forest insect or forest disease breeding ground of a nature to constitute a menace, injurious and dangerous to permanent forest growth in the district under consideration.

(5) "Commissioner" means the commissioner of public lands.

(6) "Exotic" means not native to forest lands in Washington state.

(7) "Forest land" means any land on which there are sufficient numbers and distribution of trees and associated species to, in the judgment of the department, contribute to the spread of forest insect or forest disease outbreaks that could be injurious to forest health.

(8) "Forest health" means the condition of a forest being sound in ecological function, sustainable, resilient, and resistant to insects, diseases, fire, and other disturbance, and having the capacity to meet landowner objectives.

(9) "Forest health emergency" means the introduction of, or an outbreak of, an exotic forest insect or disease that poses an imminent danger of damage to the environment by threatening the survivability of native tree species.

(10) "Forest insect or disease" means a living stage of an insect, other invertebrate animal, or disease-causing organism or agent that can directly or indirectly injure or cause disease or damage in trees, or parts of trees, or in processed or manufactured wood, or other products of trees.

(11) "Integrated pest management" means a strategy that uses various combinations of pest control methods, including biological, cultural, and chemical methods, in a compatible manner to achieve satisfactory control and ensure favorable economic and environmental consequences.

(12) "Native" means having populated Washington's forested lands prior to European settlement.

(13) "Outbreak" means a rapidly expanding population of insects or diseases with potential to spread.

(14) "Person" means any individual, partnership, private, public, or municipal corporation, county, federal, state, or local governmental agency, tribes, or association of individuals of whatever nature.

**NEW SECTION. Sec. 3.** A new section is added to chapter 76.06 RCW to read as follows:

The department is authorized to contribute resources and expertise to assist the department of agriculture in control or eradication efforts authorized under chapter 17.24 RCW in order to protect forest lands of the state.

If either the department of agriculture has not taken action under chapter 17.24 RCW or the commissioner finds that additional efforts are required to control or prevent an outbreak of an exotic forest insect or disease which has not become so habituated that it can no longer be eradicated and that poses an imminent danger of damage to the forested environment by threatening the diversity, abundance, and survivability of native tree species, or both, the commissioner may declare a forest health emergency.

Upon declaration of a forest health emergency, the department must delineate the area at risk and determine the most appropriate integrated pest management methods to control the outbreak, in consultation with other interested agencies, affected tribes, and affected forest landowners. The department must notify affected forest landowners of its intent to conduct control operations.

Upon declaration of a forest health emergency by the commissioner, the department is authorized to enter into agreements with forest landowners, companies, individuals, tribal entities, and federal, state, and local agencies to accomplish control of exotic forest insects or diseases on any affected forest lands using such funds as have been, or may be, made available.

The department must proceed with the control of the exotic forest insects or diseases on affected nonfederal and nontribal forest lands with or without the cooperation of the owner. The department may reimburse cooperating forest landowners and agencies for actual cost of equipment, labor, and materials utilized in cooperative exotic forest insect or disease control projects, as agreed to by the department.

A forest health emergency no longer exists when the department finds that the exotic forest insect or disease has been controlled or eradicated, that the imminent threat no longer exists, or that there is no longer good likelihood of effective control.

Nothing under this chapter diminishes the authority and responsibility of the department of agriculture under chapter 17.24 RCW.

**Sec. 4.** RCW 76.09.050 and 2002 c 121 s 1 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

- (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;
- (b) Which require approvals under the provisions of the hydraulics act, RCW 77.55.100;
- (c) Within "shorelines of the state" as defined in RCW 90.58.030;
- (d) Excluded from Class II by the board; or
- (e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, (d) involving timber harvesting or road construction on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides: (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or (ii) a conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and

directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.

**Sec. 5.** RCW 76.09.060 and 1997 c 290 s 3 and 1997 c 173 s 3 are each reenacted and amended to read as follows:

The following shall apply to those forest practices administered and enforced by the department and for which the board shall promulgate regulations as provided in this chapter:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the notification and application shall be signed or otherwise certified as acceptable. The application or notification shall be delivered in person to the department,

sent by first class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.17 RCW. The information required may include, but is not limited to:

- (a) Name and address of the forest landowner, timber owner, and operator;
- (b) Description of the proposed forest practice or practices to be conducted;
- (c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;
- (d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

- (e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

- (f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;

- (g) Soil, geological, and hydrological data with respect to forest practices;

- (h) The expected dates of commencement and completion of all forest practices specified in the application;

- (i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;

- (j) An affirmation that the statements contained in the notification or application are true; and

- (k) All necessary application or notification fees.

- (2) Long range plans may be submitted to the department for review and consultation.

- (3) The application for a forest practice or the notification of a Class II forest practice is subject to the three-year reforestation requirement.

- (a) If the application states that any such land will be or is intended to be so converted:

- (i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070 as now or hereafter amended;

- (ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

- (iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices rules.

- (b) Except as provided elsewhere in this section, if the application or notification does not state that any land covered by the application or notification will be or is intended to be so converted:

- (i) For six years after the date of the application the county, city, town, and regional governmental entities shall deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

- (A) The department shall submit to the local governmental entity a copy of the statement of a forest landowner's intention not to convert which shall represent a recognition by the landowner that the six-year moratorium shall be imposed and shall preclude the landowner's ability to obtain development permits while the moratorium is in place. This statement shall be filed by the local governmental entity with the county recording officer, who shall record the documents as provided in chapter 65.04 RCW, except that lands designated as forest lands of long-term commercial significance under chapter 36.70A RCW shall not be recorded due to the low likelihood of conversion. Not recording the statement of a forest landowner's conversion intention shall not be construed to mean the moratorium is not in effect.

- (B) The department shall collect the recording fee and reimburse the local governmental entity for the cost of recording the application.

- (C) When harvesting takes place without an application, the local governmental entity shall impose the six-year moratorium provided in (b)(i) of this subsection from the date the unpermitted harvesting was discovered by the department or the local governmental entity.

- (D) The local governmental entity shall develop a process for lifting the six-year moratorium, which shall include public notification, and procedures for appeals and public hearings.

- (E) The local governmental entity may develop an administrative process for lifting or waiving the six-year moratorium for the purposes of constructing a single-family residence or outbuildings, or both, on a legal lot and building site. Lifting or waiving of the six-year moratorium is subject to compliance with all local ordinances.

- (F) The six-year moratorium shall not be imposed on a forest practices application that contains a conversion option harvest plan approved by the local governmental entity unless the forest practice was not in compliance with the approved forest practice permit. Where not in compliance with the conversion option harvest plan, the six-year moratorium shall be imposed from the date the application was approved by the department or the local governmental entity;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and

(iii) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application or notification shall be signed by the forest landowner and accompanied by a statement signed by the forest landowner indicating his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of two years from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed. At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more than one forest practice may have an effective term of more than two years. The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than two years. Such rules shall include extended time periods for application or notification approval or disapproval. On an approved application with a term of more than two years, the applicant shall inform the department before commencing operations.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in section 3 of this act.

(a) For the purposes of this subsection, exotic forest insect or disease has the same meaning as defined in RCW 76.06.020.

(b) In order to minimize adverse impacts to public resources, control measures must be based on integrated pest management, as defined in RCW 17.15.010, and must follow forest practices rules relating to road construction and maintenance, timber harvest, and forest chemicals, to the extent possible without compromising control objectives.

(c) Agencies conducting or directing control efforts must provide advance notice to the appropriate regulatory staff of the department of the operations that would be subject to exemption from forest practices application or notification requirements.

(d) When the appropriate regulatory staff of the department are notified under (c) of this subsection, they must consult with the landowner, interested agencies, and affected tribes, and assist the notifying agencies in the development of integrated pest management plans that comply with forest practices rules as required under (b) of this subsection.

(e) Nothing under this subsection relieves agencies conducting or directing control efforts from requirements of the federal clean water act as administered by the department of ecology under RCW 90.48.260.

(f) Forest lands where trees have been cut as part of an exotic forest insect or disease control effort under this subsection are subject to reforestation requirements under RCW 76.09.070.

(g) The exemption from obtaining approved forest practices applications or notifications does not apply to forest practices conducted after the governor, the director of the department of agriculture, or the commissioner of public lands have declared that an emergency no longer exists because control objectives have been met, that there is no longer an imminent threat, or that there is no longer a good likelihood of control.

**Sec. 6.** RCW 17.24.171 and 1991 c 257 s 21 are each amended to read as follows:

(1) If the director determines that there exists an imminent danger of an infestation of plant pests or plant diseases that seriously endangers the agricultural or horticultural industries of the state, or that seriously threatens life, health, ~~((or))~~ economic well-being, or the environment, the director shall request the governor to order emergency measures to control the pests or plant diseases under RCW 43.06.010~~((44))~~ (13). The director's findings shall contain an evaluation of the affect of the emergency measures on public health.

(2) If an emergency is declared pursuant to RCW 43.06.010~~((44))~~ (13), the director may appoint a committee to advise the governor through the director and to review emergency measures necessary under the authority of RCW 43.06.010~~((44))~~ (13) and this section and make subsequent recommendations to the governor. The committee shall include representatives of the agricultural industries, state and local government, public health interests, technical service providers, and environmental organizations.

(3) Upon the order of the governor of the use of emergency measures, the director is authorized to implement the emergency measures to prevent, control, or eradicate plant pests or plant diseases that are the subject of the emergency order. Such measures, after thorough evaluation of all other alternatives, may include the aerial application of pesticides.

(4) Upon the order of the governor of the use of emergency measures, the director is authorized to enter into agreements with individuals ~~((or))~~, companies, or ~~((both))~~ agencies, to accomplish the prevention, control, or eradication of plant pests or plant diseases, notwithstanding the provisions of chapter 15.58 or 17.21 RCW, or any other statute.

(5) The director shall continually evaluate the emergency measures taken and report to the governor at intervals of not less than ten days. The director shall immediately advise the governor if he or she finds that the emergency no longer exists or if certain emergency measures should be discontinued."

ESSB 5192 Prime Sponsor, Senate Committee On Financial Services, Insurance & Housing: Managing the state's investments. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The outlook for the state's pension system is dramatically affected by the performance of the state investment board. The recent performance of all pension funds throughout the country has resulted in a greater attention to investment decisions.

The legislature has determined that additional fiduciary roles and responsibilities are appropriate for members of the investment board who are, solely in their board capacity, fiduciary trustees for fund beneficiaries.

The legislature also finds that an examination of in-state investment opportunities within the context of the state investment board's overall investment strategy for diversification and maximizing returns is an appropriate role of the state investment board.

NEW SECTION. Sec. 2. (1) Members of the state investment board, solely when acting in their board capacity, shall discharge their fiduciary duty to invest and to manage public and retirement funds with the highest standard of professional conduct for the exclusive benefit of fund beneficiaries. Consistent with this responsibility the board's investments are made in accordance with RCW 43.33A.110 mandating investment aimed at maximizing return at a prudent level of risk, and RCW 43.33A.140 establishing duties of diversification and care. Subject to these standards, the board shall examine economically targeted investments in Washington as potential investments for funds managed by the board. Economically targeted investments shall be made in accordance with the board's asset allocation policies and included within existing asset categories while conforming to all of the laws, policies, and procedures governing the state investment board.

(2) Subject to available resources, the board will establish a program to facilitate exchange of information between its private equity general partners and appropriate parties with knowledge of quality, economically targeted investment opportunities. This program will also include a clearinghouse function aimed at receiving information on potential economically targeted investments.

(3) The state investment board will provide a report on activity relating to economically targeted investments at least annually. This report will be distributed to the members of the state investment board, organizations representing board beneficiaries, the legislature, and the governor and may be included in the report provided for in RCW 43.33A.150.

(4) As used in this section, "economically targeted investments" means investments having the primary objective of investment return to funds managed by the board and the collateral objective of assisting the regional economy and the economic well-being of the state of Washington, its localities, and residents.

Sec. 3. RCW 43.33A.020 and 2002 c 303 s 1 are each amended to read as follows:

(1) The appeals board shall operate on either a part-time or a full-time basis, as determined by the governor. If it is determined that the appeals board shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor. If it is determined that the appeals board shall operate on a part-time basis, each member shall be compensated in accordance with RCW 43.03.250. The director of the environmental hearings office shall make the determination, required under RCW 43.03.250, as to what statutorily prescribed duties, in addition to attendance at a hearing or meeting of the board, shall merit compensation. This compensation shall not exceed ten thousand dollars in a fiscal year. Each member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with the provisions of RCW 43.03.050 and 43.03.060.

(2) The appeals board shall as soon as practicable after the initial appointment of the members thereof, meet and elect from among its members a chair, and shall at least biennially thereafter meet and elect or reelect a chair.

(3) The principal office of the appeals board shall be at the state capital, but it may sit or hold hearings at any other place in the state. A majority of the appeals board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act though one position on the board (~~(be)~~) is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The appeals board shall perform all the powers and duties granted to it in this chapter or as otherwise provided by law.

(4) The appeals board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members and upon being filed at the appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The appeals board shall either publish at its expense or make arrangements with a publishing firm for the publication of those of its findings and decisions which are of general public interest, in such form as to assure reasonable distribution thereof.

(6) The appeals board shall maintain at its principal office a journal which shall contain all official actions of the appeals board, with the exception of findings and decisions, together with the vote of each member on such actions. The journal shall be available for public inspection at the principal office of the appeals board at all reasonable times.

(7) The forest practices appeals board shall have exclusive jurisdiction to hear appeals arising from:

(a) An action or determination by the department, and the department of fish and wildlife, and the department of ecology with respect to management plans provided for under RCW 76.09.350; and

(b) A procedural determination of significance or nonsignificance by the department, pursuant to chapter 43.21C RCW, when the environmental review procedures of chapter 43.21C RCW are triggered by a sale of state timber that is to be harvested by either a class I, II, or III forest practice, as those terms are defined in RCW 76.09.050. When hearing an appeal under this subsection (7)(b), the board shall consolidate the hearing with any other appeals arising from the department's decision to make the particular track of timber available for public sale.

(8)(a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice (~~(or)~~), the approval or disapproval of any landscape plan (~~(or)~~), permit, or watershed analysis, or any procedural determination made by the department consistent with subsection (7)(b) of this section, may seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently

with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

**Sec. 2.** RCW 43.21C.075 and 1997 c 429 s 49 are each amended to read as follows:

(1) Because a major purpose of this chapter is to combine environmental considerations with public decisions, any appeal brought under this chapter shall be linked to a specific governmental action. The state environmental policy act provides a basis for challenging whether governmental action is in compliance with the substantive and procedural provisions of this chapter. The state environmental policy act is not intended to create a cause of action unrelated to a specific governmental action.

(2) Unless otherwise provided by this section:

(a) Appeals under this chapter shall be of the governmental action together with its accompanying environmental determinations.

(b) Appeals of environmental determinations made (or lacking) under this chapter shall be commenced within the time required to appeal the governmental action which is subject to environmental review.

(3) If an agency has a procedure for appeals of agency environmental determinations made under this chapter, such procedure:

(a) Shall allow no more than one agency appeal proceeding on each procedural determination (the adequacy of a determination of significance/nonsignificance or of a final environmental impact statement);

(b) Shall consolidate an appeal of procedural issues and of substantive determinations made under this chapter (such as a decision to require particular mitigation measures or to deny a proposal) with a hearing or appeal on the underlying governmental action by providing for a single simultaneous hearing before one hearing officer or body to consider the agency decision or recommendation on a proposal and any environmental determinations made under this chapter, with the exception of:

(i) An appeal of a determination of significance;

(ii) An appeal of a procedural determination made by an agency when the agency is a project proponent, or is funding a project, and chooses to conduct its review under this chapter, including any appeals of its procedural determinations, prior to submitting an application for a project permit;

(iii) An appeal of a procedural determination made by an agency on a nonproject action; or

(iv) An appeal to the local legislative authority under RCW 43.21C.060 or other applicable state statutes;

(c) Shall provide for the preparation of a record for use in any subsequent appeal proceedings, and shall provide for any subsequent appeal proceedings to be conducted on the record, consistent with other applicable law. An adequate record consists of findings and conclusions, testimony under oath, and taped or written transcript. An electronically recorded transcript will suffice for purposes of review under this subsection; and

(d) Shall provide that procedural determinations made by the responsible official shall be entitled to substantial weight.

(4) If a person aggrieved by an agency action has the right to judicial appeal and if an agency has an administrative appeal procedure, such person shall, prior to seeking any judicial review, use such agency procedure if any such procedure is available, unless expressly provided otherwise by state statute.

(5) If a decision by the board of natural resources to make a particular track of timber available for public sale leads to an appealable action under this chapter, then any appeal may only be heard by the forest practices appeals board consistent with RCW 76.09.220, and must be consolidated with any other appeals heard by the forest practices appeals board in connection with the particular timber sale. This subsection only applies to timber sales that are to be harvested under either a class I, II, or III forest practice, as those terms are defined in RCW 76.09.050.

(6) Some statutes and ordinances contain time periods for challenging governmental actions which are subject to review under this chapter, such as various local land use approvals (the "underlying governmental action"). RCW 43.21C.080 establishes an optional "notice of action" procedure which, if used, imposes a time period for appealing decisions under this chapter. This subsection does not modify any such time periods. In this subsection, the term "appeal" refers to a judicial appeal only.

(a) If there is a time period for appealing the underlying governmental action, appeals under this chapter shall be commenced within such time period. The agency shall give official notice stating the date and place for commencing an appeal.

(b) If there is no time period for appealing the underlying governmental action, and a notice of action under RCW 43.21C.080 is used, appeals shall be commenced within the time period specified by RCW 43.21C.080.

~~((6))~~ (7)(a) Judicial review under subsection ~~((5))~~ (6) of this section of an appeal decision made by an agency under subsection (3) of this section shall be on the record, consistent with other applicable law.

(b) A taped or written transcript may be used. If a taped transcript is to be reviewed, a record shall identify the location on the taped transcript of testimony and evidence to be reviewed. Parties are encouraged to designate only those portions of the testimony necessary to present the issues raised on review, but if a party

alleges that a finding of fact is not supported by evidence, the party should include in the record all evidence relevant to the disputed finding. Any other party may designate additional portions of the taped transcript relating to issues raised on review. A party may provide a written transcript of portions of the testimony at the party's own expense or apply to that court for an order requiring the party seeking review to pay for additional portions of the written transcript.

(c) Judicial review under this chapter shall without exception be of the governmental action together with its accompanying environmental determinations.

~~((7))~~ (8) Jurisdiction over the review of determinations under this chapter in an appeal before an agency or superior court shall upon consent of the parties be transferred in whole or part to the shorelines hearings board. The shorelines hearings board shall hear the matter and sign the final order expeditiously. The superior court shall certify the final order of the shorelines hearings board and the certified final order may only be appealed to an appellate court. In the case of an appeal under this chapter regarding a project or other matter that is also the subject of an appeal to the shorelines hearings board under chapter 90.58 RCW, the shorelines hearings board shall have sole jurisdiction over both the appeal under this section and the appeal under chapter 90.58 RCW, shall consider them together, and shall issue a final order within one hundred eighty days as provided in RCW 90.58.180.

~~((8))~~ (9) For purposes of this section and RCW 43.21C.080, the words "action", "decision", and "determination" mean substantive agency action including any accompanying procedural determinations under this chapter (except where the word "action" means "appeal" in RCW 43.21C.080(2)). The word "action" in this section and RCW 43.21C.080 does not mean a procedural determination by itself made under this chapter. The word "determination" includes any environmental document required by this chapter and state or local implementing rules. The word "agency" refers to any state or local unit of government. Except as provided in subsection ~~((5))~~ (6) of this section, the word "appeal" refers to administrative, legislative, or judicial appeals.

~~((9))~~ (10) The court in its discretion may award reasonable attorneys' fees of up to one thousand dollars in the aggregate to the prevailing party, including a governmental agency, on issues arising out of this chapter if the court makes specific findings that the legal position of a party is frivolous and without reasonable basis.

**NEW SECTION.** **Sec. 3.** A new section is added to chapter 79.01 RCW to read as follows:

The department shall not initiate the actual auction of any timber subject to an appeal under RCW 76.09.220(7)(b) until thirty days after the forest practices appeals board reaches its final ruling.

**Sec. 4.** RCW 34.05.010 and 1997 c 126 s 2 are each amended to read as follows:

The definitions set forth in this section shall apply throughout this chapter, unless the context clearly requires otherwise.

Adjudicative proceedings also include all cases of licensing and rate making in which an application for a license or rate change is denied except as limited by RCW 66.08.150, or a license is revoked, suspended, or modified, or in which the granting of an application is contested by a person having standing to contest under the law.

(b) "Licensing" includes the agency process respecting the issuance, denial, revocation, suspension, or modification of a license.

(10) "Mail" or "send," for purposes of any notice relating to rule making or policy or interpretive statements, means regular mail or electronic distribution, as provided in RCW 34.05.260. "Electronic distribution" or "electronically" means distribution by electronic mail or facsimile mail.

(11)(a) "Order," without further qualification, means a written statement of particular applicability that finally determines the legal rights, duties, privileges, immunities, or other legal interests of a specific person or persons.

(b) "Order of adoption" means the official written statement by which an agency adopts, amends, or repeals a rule.

(12) "Party to agency proceedings," or "party" in a context so indicating, means:

(b) A person named as a party to the agency proceeding or allowed to intervene or participate as a party in the agency proceeding.

(13) "Party to judicial review or civil enforcement proceedings," or "party" in a context so indicating, means:

(14) "Person" means any individual, partnership, corporation, association, governmental subdivision or unit thereof, or public or private organization or entity of any character, and includes another agency.

(15) "Policy statement" means a written description of the current approach of an agency, entitled a policy statement by the agency head or its designee, to implementation of a statute or other provision of law, of a court decision, or of an agency order, including where appropriate the agency's current practice, procedure, or method of action based upon that approach.

(16) "Rule" means any agency order, directive, or regulation of general applicability (a) the violation of which subjects a person to a penalty or administrative sanction; (b) which establishes, alters, or revokes any procedure, practice, or requirement relating to agency hearings; (c) which establishes, alters, or revokes any qualification or requirement relating to the enjoyment of benefits or privileges conferred by law; (d) which establishes, alters, or revokes any qualifications or standards for the issuance, suspension, or revocation of licenses to pursue any commercial activity, trade, or profession; or (e) which establishes, alters, or revokes any mandatory standards for any product or material which must be met before distribution or sale. The term includes the amendment or repeal of a prior rule, but does not include (i) statements concerning only the internal management of an agency and not affecting private rights or procedures available to the public, (ii) declaratory rulings issued pursuant to RCW 34.05.240, (iii) traffic restrictions for motor vehicles, bicyclists, and pedestrians established by the secretary of transportation or his designee where notice of such restrictions is given by official traffic control devices, or (iv) rules of institutions of higher education involving standards of admission, academic advancement, academic credit, graduation and the granting of degrees, employment relationships, or fiscal processes.

Service by mail is complete upon deposit in the United States mail. Agencies may, by rule, authorize service by electronic telefacsimile transmission, where copies are mailed simultaneously, or by commercial parcel delivery company.

**NEW SECTION. Sec. 5.** A new section is added to chapter 34.05 RCW to read as follows:

A procedural determination of significance or nonsignificance by the department of natural resources, pursuant to chapter 43.21C RCW, when the environmental review procedures of chapter 43.21C RCW are triggered by a sale of state timber that is to be harvested by either a class I, II, or III forest practice, as those terms are defined in RCW 76.09.050, shall proceed pursuant to this title as provided in RCW 76.09.220(8)(b).

**Sec. 6.** RCW 79.01.500 and 1988 c 202 s 59 and 1988 c 128 s 56 are each reenacted and amended to read as follows:

(1) Except as provided in subsection (2) of this section, any applicant to purchase, or lease, any public lands of the state, or any valuable materials thereon, and any person whose property rights or interests will be affected by such sale or lease, feeling himself aggrieved by any order or decision of the board of natural resources, or the commissioner of public lands, concerning the same, may appeal therefrom to the superior court of the county in which such lands or materials are situated, by serving upon all parties who have appeared in the proceedings in which the order or decision was made, or their attorneys, a written notice of appeal, and filing such notice, with proof, or admission, of service, with the board, or the commissioner, within thirty days from the date of the order or decision appealed from, and at the time of filing the notice, or within five days thereafter, filing a bond to the state, in the penal sum of two hundred dollars, with sufficient sureties, to be approved by the secretary of the board, or the commissioner, conditioned that the appellant shall pay all costs that may be awarded against him on appeal, or the dismissal thereof. Within thirty days after the filing of notice of appeal, the secretary of the board, or the commissioner, shall certify, under official seal, a transcript of all entries in the records of the board, or the commissioner, together with all processes, pleadings and other papers relating to and on file in the case, except evidence used in such proceedings, and file such transcript and papers, at the expense of the applicant, with the clerk of the court to which the appeal is taken. The hearing and trial of said appeal in the superior court shall be de novo before the court, without a jury, upon the pleadings and papers so certified, but the court may order the pleadings to be amended, or new and further pleadings to be filed. Costs on appeal shall be awarded to the prevailing party as in actions commenced in the superior court, but no costs shall be awarded against the state, the board, or the commissioner. Should judgment be rendered against the appellant, the costs shall be taxed against him and his sureties on the appeal bond, except when the state is the only adverse party, and shall be included in the judgment, upon which execution may issue as in other cases. Any party feeling himself aggrieved by the judgment of the superior court may seek appellate review as in other civil cases. Unless appellate review of the judgment of the superior court is sought, the clerk of said court shall, on demand, certify, under his hand and the seal of the court, a true copy of the judgment, to the board, or the commissioner, which judgment shall thereupon have the same force and effect as if rendered by the board, or the commissioner. In all cases of appeals from orders or decisions of the commissioner of public lands involving the prior right to purchase tidelands of the first class, if the appeal be not prosecuted, heard and determined, within two years from the date of the appeal, the attorney general shall, after thirty days' notice to the appellant of his intention so to do, move the court for a dismissal of the appeal, but nothing herein shall be construed to prevent the dismissal of such appeal at any time in the manner provided by law.

(2) Any appeal from a decision made by the department to sell a specified track of timber that is to be harvested by either a class I, II, or III forest practice, as those terms are defined in RCW 76.09.050, may only be heard under the procedures established in RCW 76.09.220, if a procedural determination of significance or nonsignificance by the department, pursuant to chapter 43.21C RCW, is also being appealed."

**"NEW SECTION. Sec. 1.** (1) The legislature finds that not all mineral resources of long-term commercial significance can be used as construction aggregates and not all regions of the state have sufficient supplies of construction aggregates. As a result, projects may not be completed timely, economically, and with the quality of aggregates necessary for long-term durability.

(2)(a) A committee is created to study the state's need for aggregate as recognized under subsection (1) of this section. The committee is comprised of the following:

- (i) The state geologist, representing the department of natural resources, who shall serve as chair;
- (ii) A representative of the association of general contractors;
- (iii) A representative of the governor;
- (iv) A representative of the Washington chapter of the American public works association;
- (v) An operating engineer representing the building and trades council;
- (vi) A representative of the aggregate and concrete association; and
- (vii) Representatives from three counties, including a county from east of the crest of the Cascade mountains, a highly urbanized county with aggregate supplies and affiliated industries within its urban area, and a rural county with aggregate supplies and affiliated industries within its agricultural, forested, or other rural areas.

(b) The committee shall:

(i) Determine whether the goals and requirements under chapter 36.70A RCW are being met with regard to the identification, designation, and supply of aggregate necessary to meet the twenty-year comprehensive plans and whether sufficient quality and quantity of aggregate is available to meet the transportation elements of the department of transportation, county, city, or municipal projects, and private projects;

(ii) Determine whether environmental review procedures allow the efficient processing of permit applications without reducing environmental protection and without undermining the expectation that a successful project will receive a permit in a timely manner;

(iii) Ensure the state has competitive and efficient industries by evaluating and identifying areas of redundant, duplicative, and costly regulations and suggesting remedies to eliminate those inefficient impediments;

(iv) Consider how the aggregate and affiliated industries should be regulated; and

(v) No later than December 15, 2003, prepare and submit to the legislature its findings and any legislation necessary.

(1) Development regulations adopted pursuant to RCW 36.70A.040 shall establish time periods for local government actions on specific project permit applications and provide timely and predictable procedures to determine whether a completed project permit application meets the requirements of those development regulations. The time periods for local government actions on specific complete project permit applications or project types should not exceed one hundred twenty days, unless the local government makes written findings that a specified amount of additional time is needed for processing of specific complete project permit applications or project types.

Such development regulations shall specify the contents of a completed project permit application necessary for the application of such time periods and procedures.

- (2) Providing a fire protection service system requires a shared partnership and responsibility among the federal, state, local, and regional governments and the private sector;
- (3) There are efficiencies to be gained by regional fire protection service delivery while retaining local control; and
- (4) Timely development of significant projects can best be achieved through enhanced funding options for regional fire protection service agencies, using already existing taxing authority to address fire protection emergency service needs and new authority to address critical fire protection projects and emergency services.

**NEW SECTION. Sec. 2. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Board" means the governing body of a regional fire protection service authority.
- (2) "Regional fire protection service authority" or "authority" means a municipal corporation, an independent taxing authority within the meaning of Article VII, section 1 of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, whose boundaries are coextensive

with two or more adjacent fire protection jurisdictions and that has been created by a vote of the people under this chapter to implement a regional fire protection service authority plan.

(3) "Regional fire protection service authority planning committee" or "planning committee" means the advisory committee created under section 3 of this act to create and propose to fire protection jurisdictions a regional fire protection service authority plan to design, finance, and develop fire protection service projects.

(4) "Regional fire protection service authority plan" or "plan" means a plan to develop and finance a fire protection service authority project or projects, including, but not limited to, specific capital projects, fire operations and emergency service operations pursuant to section 4(3)(b) of this act, and preservation and maintenance of existing or future facilities.

(5) "Fire protection jurisdiction" means a fire district, city, town, port district, or Indian tribe.

(6) "Regular property taxes" has the same meaning as in RCW 84.04.140.

**NEW SECTION. Sec. 3. PLANNING COMMITTEE FORMATION.** Regional fire protection service authority planning committees are advisory entities that are created, convened, and empowered as follows:

(1) Any two or more adjacent fire protection jurisdictions may create a regional fire protection service authority and convene a regional fire protection service authority planning committee. No fire protection jurisdiction may participate in more than one authority.

(2) Each governing body of the fire protection jurisdictions participating in planning under this chapter shall appoint three elected officials to the authority planning committee. Members of the planning committee may receive compensation of seventy dollars per day, or portion thereof, not to exceed seven hundred dollars per year, for attendance at planning committee meetings and for performance of other services in behalf of the authority, and may be reimbursed for travel and incidental expenses at the discretion of their respective governing body.

(3) A regional fire protection service authority planning committee may receive state funding, as appropriated by the legislature, or county funding provided by the affected counties for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred. Upon creation of a regional fire protection service authority, the authority shall within one year reimburse the state or county for any sums advanced for these start-up costs from the state or county.

(4) The planning committee shall conduct its affairs and formulate a regional fire protection service authority plan as provided under section 4 of this act.

(5) At its first meeting, a regional fire protection service authority planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) The planning committee may dissolve itself at any time by a majority vote of the total membership of the planning committee. Any participating fire protection jurisdiction may withdraw upon thirty calendar days' written notice to the other jurisdictions.

**NEW SECTION. Sec. 4. PLANNING COMMITTEE DUTIES.** (1) A regional fire protection service authority planning committee shall adopt a regional fire protection service authority plan providing for the design, financing, and development of fire protection services. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria; and

(b) The input of cities and counties located within, or partially within, a participating fire protection jurisdiction.

(2) The planning committee may coordinate its activities with neighboring cities, towns, and other local governments that engage in fire protection planning.

(3) The planning committee shall:

(a) Create opportunities for public input in the development of the plan;

(b) Adopt a plan proposing the creation of a regional fire protection service authority and recommending design, financing, and development of fire protection and emergency service facilities and operations, including maintenance and preservation of facilities or systems, except that no ambulance service may be recommended unless the regional fire protection service authority determines that the fire protection jurisdictions that are members of the authority are not adequately served by existing private ambulance service in which case the authority may provide for the establishment of a system of ambulance service to be operated by the authority or operated by contract after a call for bids; and

(c) Recommend sources of revenue authorized by section 5 of this act and a financing plan to fund selected fire protection service projects.

(4) Once adopted, the plan must be forwarded to the participating fire protection jurisdictions' governing bodies to initiate the election process under section 6 of this act.

(5) If the ballot measure is not approved, the planning committee may redefine the selected regional fire protection service authority projects, financing plan, and the ballot measure. The fire protection jurisdictions' governing bodies may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at a subsequent election or a special election. If a ballot measure is not approved by the voters by the third vote, the planning committee is dissolved.

**NEW SECTION. Sec. 5. TAXES AND FEES.** (1) A regional fire protection service authority planning committee may, as part of a regional fire protection service authority plan, recommend the imposition of some or all of the following revenue sources, which a regional fire protection service authority may impose upon approval of the voters as provided in this chapter:

- (a) Benefit charges under sections 24 through 33 of this act;
- (b) Property taxes under sections 15 through 18 and 20 of this act and RCW 84.09.030, 84.52.010, 84.52.052, and 84.52.069; or
- (c) Both (a) and (b) of this subsection.

(2) Taxes and benefit charges may not be imposed unless they are identified in the regional fire protection service authority plan and the plan is approved by an affirmative vote of the majority of the voters within the boundaries of the authority voting on a ballot proposition as set forth in section 6 of this act. The voter approval requirement provided in this section is in addition to any other voter approval requirement under law for the levying of property taxes or the imposition of benefit charges. Revenues from these taxes and benefit charges may be used only to implement the plan as set forth in this chapter.

**NEW SECTION. Sec. 6. SUBMISSION OF PLAN TO THE VOTERS.** The governing bodies of two or more adjacent fire protection jurisdictions, upon receipt of the regional fire protection service authority plan under section 4 of this act, may certify the plan to the ballot, including identification of the tax options necessary to fund the plan. The governing bodies of the fire protection jurisdictions may draft a ballot title, give notice as required by law for ballot measures, and perform other duties as required to put the plan before the voters of the proposed authority for their approval or rejection as a single ballot measure that both approves formation of the authority and approves the plan. Authorities may negotiate interlocal agreements necessary to implement the plan. The electorate is the voters voting within the boundaries of the proposed regional fire protection service authority. A simple majority of the total persons voting on the single ballot measure to approve the plan, establish the authority, and approve the taxes is required for approval. The authority must act in accordance with the general election laws of the state. The authority is liable for its proportionate share of the costs when the elections are held under RCW 29.13.010 and 29.13.020.

**NEW SECTION. Sec. 7. CERTIFICATION OF FORMATION.** If the voters approve the plan, including creation of a regional fire protection service authority and imposition of taxes, if any, the authority is formed. The appropriate county election officials shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the authority declaring the authority formed. A party challenging the procedure or the formation of a voter-approved authority must file the challenge in writing by serving the prosecuting attorney of each county within, or partially within, the regional fire protection service authority and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the authority's valid formation.

**NEW SECTION. Sec. 8. BOARD ORGANIZATION AND COMPOSITION.** (1) The board shall adopt rules for the conduct of business. The board shall adopt bylaws to govern authority affairs, which may include:

- (a) The time and place of regular meetings;
  - (b) Rules for calling special meetings;
  - (c) The method of keeping records of proceedings and official acts;
  - (d) Procedures for the safekeeping and disbursement of funds; and
  - (e) Any other provisions the board finds necessary to include.
- (2) The governing board shall be determined by the plan and consist solely of elected officials.

**NEW SECTION. Sec. 9. BOARD'S POWERS AND DUTIES.** (1) The governing board of the authority is responsible for the execution of the voter-approved plan. Participating jurisdictions shall review the plan every ten years. The board shall:

- (a) Levy and impose taxes as authorized in the plan and approved by authority voters;
  - (b) Enter into agreements with federal, state, local, and regional entities and departments as necessary to accomplish authority purposes and protect the authority's investments;
  - (c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the authority;
  - (d) Monitor and audit the progress and execution of fire protection service projects to protect the investment of the public and annually make public its findings;
  - (e) Pay for services and enter into leases and contracts, including professional service contracts;
  - (f) Hire, manage, and terminate employees; and
  - (g) Exercise other powers and duties as may be reasonable to carry out the purposes of the authority.
- (2) An authority may acquire, hold, or dispose of real property.
- (3) An authority may exercise the powers of eminent domain.

(4) An authority may enforce fire codes as provided under chapter 19.27 RCW.

**NEW SECTION. Sec. 10. TRANSFER OF RESPONSIBILITIES.** (1) All powers, duties, and functions of a participating fire protection jurisdiction pertaining to providing fire protection services may be transferred, by resolution, to the regional fire protection service authority.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the regional fire protection service authority. All real property and personal property including cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the participating fire protection jurisdiction in carrying out the powers, functions, and duties transferred shall be made available to the regional fire protection service authority. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the regional fire protection service authority.

(b) Any appropriations made to the participating fire protection jurisdiction for carrying out the powers, functions, and duties transferred shall, on the effective date of the resolution, be transferred and credited to the regional fire protection service authority.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the governing body of the participating fire protection jurisdiction shall make a determination as to the proper allocation.

(3) All rules and all pending business before the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the regional fire protection service authority. All existing contracts and obligations shall remain in full force and shall be performed by the regional fire protection service authority.

(4) The transfer of the powers, duties, functions, and personnel of the participating fire protection jurisdiction shall not affect the validity of any act performed before the effective date of the resolution.

(5) If apportionments of budgeted funds are required because of the transfers directed by the resolution, the treasurer under section 18 of this act shall certify the apportionments.

(6) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified as provided by law. RCW 35.13.215 through 35.13.235 apply to the transfer of employees under this section.

**NEW SECTION. Sec. 11. WITHDRAWAL.** (1) As provided in this section, a regional fire protection service authority may withdraw areas from its boundaries.

(2) The withdrawal of an area is authorized upon: (a) Adoption of a resolution by the board requesting the withdrawal and finding that, in the opinion of the board, inclusion of this area within the regional fire protection service authority will result in a reduction of the district's tax levy rate under the provisions of RCW 84.52.010; and (b) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the fire district or authorities of the fire district within which the area is located approving the withdrawal, if the area is located outside of a city or town. A withdrawal is effective at the end of the day on the thirty-first day of December in the year in which the resolutions under (b) of this subsection are adopted, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution.

(3)(a) The authority of an area to be withdrawn from a regional fire protection service authority as provided under this section is in addition to, and not subject to, section 10(6) of this act.

(b) The withdrawal of an area from the boundaries of a regional fire protection service authority does not exempt any property therein from taxation for the purpose of paying the costs of redeeming any indebtedness of the fire protection district existing at the time of withdrawal.

**NEW SECTION. Sec. 12. DISSOLUTION--ELECTION.** Any fire protection district within the authority may be dissolved by a majority vote of the registered electors of the district at an election conducted by the election officials of the county or counties in which the district is located in accordance with the general election laws of the state. The proceedings for dissolution may be initiated by the adoption of a resolution by the board. The dissolution of the district shall not cancel outstanding obligations of the district or of a local improvement district within the district, and the county legislative authority or authorities of the county or counties in which the district was located may make annual levies against the lands within the district until the obligations of the districts are paid. All powers, duties, and functions of a dissolved fire protection jurisdiction within the authority boundaries, pertaining to providing fire protection services may be transferred, by resolution, to the regional fire protection service authority.

**Sec. 13.** RCW 57.90.010 and 1999 c 153 s 24 are each amended to read as follows:

Water-sewer, park and recreation, metropolitan park, county rural library, cemetery, flood control, mosquito control, diking and drainage, irrigation or reclamation, weed, health, or fire protection districts, and any air pollution control authority or regional fire protection service authority, hereinafter referred to as "special districts," which are located wholly or in part within a county with a population of two hundred ten thousand or more may be disincorporated when the district has not actively carried out any of the special purposes or functions for which it was formed within the preceding consecutive five-year period.

**NEW SECTION. Sec. 14. DEBT AND BONDING.** Unless contrary to this section, chapter 39.42 RCW applies to debt and bonding under this section. The authority may borrow money, but may not issue any debt of its own for more than ten years' duration. An authority may issue notes or other evidences of indebtedness with a maturity of not more than twenty years. An authority may, when authorized by the plan, enter into agreements with the state to pledge taxes or other revenues of the authority for the purpose of paying in part or whole principal and interest on bonds issued by the authority. The contracts pledging revenues and taxes are binding for the term of the agreement, but not to exceed twenty-five years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge of the agreement.

**NEW SECTION. Sec. 15.** (1) To carry out the purposes for which a regional fire protection service authority is created, as authorized in the plan and approved by the voters, the governing board of an authority may annually levy the following taxes:

(a) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value;

(b) An ad valorem tax on all property located within the authority not to exceed fifty cents per thousand dollars of assessed value and which will not cause the combined levies to exceed the constitutional or statutory limitations. This levy, or any portion of this levy, may also be made when dollar rates of other taxing units are released by agreement with the other taxing units from their authorized levies; and

(c) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value if the authority has at least one full-time, paid employee, or contracts with another municipal corporation for the services of at least one full-time, paid employee. This levy may be made only if it will not affect dollar rates which other taxing districts may lawfully claim nor cause the combined levies to exceed the constitutional or statutory limitations or both.

(2) Levies in excess of the amounts provided in subsection (1) of this section or in excess of the aggregate dollar rate limitations or both may be made for any authority purpose when so authorized at a special election under RCW 84.52.052. Any such tax when levied must be certified to the proper county officials for the collection of the tax as for other general taxes. The taxes when collected shall be placed in the appropriate authority fund or funds as provided by law, and must be paid out on warrants of the auditor of the county in which all, or the largest portion of, the authority is located, upon authorization of the governing board of the authority.

(3) Authorities are additionally authorized to incur general indebtedness and to issue general obligation bonds for capital purposes as provided in section 14 of this act. Authorities may provide for the retirement of general indebtedness by excess property tax levies, when the voters of the authority have approved a proposition authorizing such indebtedness and levies by an affirmative vote of three-fifths of those voting on the proposition at such an election, at which election the total number of persons voting shall constitute not less than forty percent of the voters in the authority who voted at the last preceding state general election. Elections must be held as provided in RCW 39.36.050. The maximum term of any bonds issued under the authority of this section may not exceed ten years and must be issued and sold in accordance with chapter 39.46 RCW.

(4) For purposes of this section, the term "value of the taxable property" has the same meaning as in RCW 39.36.015.

**NEW SECTION. Sec. 16.** At the time of making general tax levies in each year, the county legislative authority or authorities of the county or counties in which a regional fire protection service authority is located shall make the required levies for authority purposes against the real and personal property in the authority in accordance with the equalized valuations of the property for general tax purposes and as a part of the general taxes. The tax levies are part of the general tax roll and must be collected as a part of the general taxes against the property in the authority.

**NEW SECTION. Sec. 17.** In the event that lands lie within both a regional fire protection service authority and a forest protection assessment area they shall be taxed and assessed as follows:

(1) If the lands are wholly unimproved, they are subject to forest protection assessments but not to authority levies;

(2) If the lands are wholly improved, they are subject to authority levies but not to forest protection assessments; and

(3) If the lands are partly improved and partly unimproved, they are subject both to authority levies and to forest protection assessments. However, upon request, accompanied by appropriate legal descriptions, the

county assessor shall segregate any unimproved portions which each consist of twenty or more acres, and thereafter the unimproved portion or portions are subject only to forest protection assessments.

**NEW SECTION. Sec. 18.** It is the duty of the county treasurer of the county in which the regional fire protection service authority created under this chapter is located to collect taxes authorized and levied under this chapter. However, when a regional fire protection service authority is located in more than one county, the county treasurer of each county in which the authority is located shall collect the regional fire protection service authority's taxes that are imposed on property located within the county and transfer these funds to the treasurer of the county in which the majority of the authority lies.

**Sec. 19.** RCW 84.09.030 and 1996 c 230 s 1613 are each amended to read as follows:

Except as follows, the boundaries of counties, cities and all other taxing districts, for purposes of property taxation and the levy of property taxes, shall be the established official boundaries of such districts existing on the first day of March of the year in which the property tax levy is made.

The official boundaries of a newly incorporated taxing district shall be established at a different date in the year in which the incorporation occurred as follows:

(1) Boundaries for a newly incorporated city shall be established on the last day of March of the year in which the initial property tax levy is made, and the boundaries of a road district, library district, or fire protection district or districts, that include any portion of the area that was incorporated within its boundaries shall be altered as of this date to exclude this area, if the budget for the newly incorporated city is filed pursuant to RCW 84.52.020 and the levy request of the newly incorporated city is made pursuant to RCW 84.52.070. Whenever a proposed city incorporation is on the March special election ballot, the county auditor shall submit the legal description of the proposed city to the department of revenue on or before the first day of March;

(2) Boundaries for a newly incorporated port district or regional fire protection service authority shall be established on the first day of October if the boundaries of the newly incorporated port district or regional fire protection service authority are coterminous with the boundaries of another taxing district or districts, as they existed on the first day of March of that year;

(3) Boundaries of any other newly incorporated taxing district shall be established on the first day of June of the year in which the property tax levy is made if the taxing district has boundaries coterminous with the boundaries of another taxing district, as they existed on the first day of March of that year;

(4) Boundaries for a newly incorporated water-sewer district shall be established on the fifteenth of June of the year in which the proposition under RCW 57.04.050 authorizing a water district excess levy is approved.

The boundaries of a taxing district shall be established on the first day of June if territory has been added to, or removed from, the taxing district after the first day of March of that year with boundaries coterminous with the boundaries of another taxing district as they existed on the first day of March of that year. However, the boundaries of a road district, library district, or fire protection district or districts, that include any portion of the area that was annexed to a city or town within its boundaries shall be altered as of this date to exclude this area. In any case where any instrument setting forth the official boundaries of any newly established taxing district, or setting forth any change in such boundaries, is required by law to be filed in the office of the county auditor or other county official, said instrument shall be filed in triplicate. The officer with whom such instrument is filed shall transmit two copies to the county assessor.

No property tax levy shall be made for any taxing district whose boundaries are not established as of the dates provided in this section.

**NEW SECTION. Sec. 20.** A new section is added to chapter 84.52 RCW to read as follows:

(1) If a fire protection district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular property tax levies of the fire protection district are limited as follows:

(a) The regular levy of the district under RCW 52.16.130 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(a) of this act;

(b) The levy of the district under RCW 52.16.140 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(b) of this act; and

(c) The levy of the district under RCW 52.16.160 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(c) of this act.

(2) If a city or town is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levies of the city or town shall not exceed the applicable rates provided in RCW 27.12.390, 52.04.081, and 84.52.043(1) less the aggregate rates of any regular levies made by the authority under section 15(1) of this act.

(3) If a port district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levy of the port district under RCW 53.36.020 shall not exceed forty-five cents per

thousand dollars of assessed value of taxable property in the district less the aggregate rates of any regular levies imposed by the authority under section 15(1) of this act.

(4) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority.

**Sec. 21.** RCW 84.52.010 and 2002 c 248 s 15 and 2002 c 88 s 7 are each reenacted and amended to read as follows:

Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows: (a) The portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; (b) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, shall be reduced on a pro rata basis or eliminated;

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to regional fire protection service authorities under section 15(1) (b) and (c) of this act and fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(f) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for regional fire protection service authorities under section 15(1)(a) of this act, fire protection districts under RCW 52.16.130, library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the

hypothetical state levy, as apportioned to the county under RCW 84.48.080, that was computed under RCW 84.48.080 without regard to the reduction under RCW 84.55.012.

**Sec. 22.** RCW 84.52.052 and 2002 c 248 s 16 and 2002 c 180 s 1 are each reenacted and amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by any taxing district, except school districts and fire protection districts, in which a larger levy is necessary in order to prevent the impairment of the obligation of contracts. As used in this section, the term "taxing district" means any county, metropolitan park district, park and recreation service area, park and recreation district, water-sewer district, solid waste disposal district, public facilities district, flood control zone district, county rail district, service district, public hospital district, road district, rural county library district, island library district, rural partial-county library district, intercounty rural library district, cemetery district, city, town, transportation benefit district, emergency medical service district with a population density of less than one thousand per square mile, cultural arts, stadium, regional fire protection service authority, and convention district, or city transportation authority.

Any such taxing district may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056 and 84.52.043, or 84.55.010 through 84.55.050, when authorized so to do by the voters of such taxing district in the manner set forth in Article VII, section 2(a) of the Constitution of this state at a special or general election to be held in the year in which the levy is made.

A special election may be called and the time therefor fixed by the county legislative authority, or council, board of commissioners, or other governing body of any such taxing district, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

**Sec. 23.** RCW 84.52.069 and 1999 c 224 s 1 are each amended to read as follows:

(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, regional fire protection service authority, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. The tax shall be imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A tax levy under this section must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW 29.30.111. A taxing district shall not submit to the voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district shall maintain a statement of the accounting which shall be updated at least every two years and shall be available to the public upon request at no charge.

(4) A taxing district imposing a permanent levy under this section shall provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure shall specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner shall have thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, shall certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29.13.020.

The referendum procedure provided in this subsection shall be exclusive in all instances for any taxing district imposing the tax under this section and shall supersede the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related

equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. If a regional fire protection service authority imposes a tax under this section, no other taxing district that is a participating fire protection jurisdiction in the regional fire protection service authority may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is limited in duration and that is authorized subsequent to a county emergency medical service levy that is limited in duration, shall expire concurrently with the county emergency medical service levy.

(7) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section.

(8) If a ballot proposition approved under subsection (2) of this section did not impose the maximum allowable levy amount authorized for the taxing district under this section, any future increase up to the maximum allowable levy amount must be specifically authorized by the voters in accordance with subsection (2) of this section at a general or special election.

(9) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(10) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority.

**NEW SECTION. Sec. 24.** (1) The governing board of a regional fire protection service authority may by resolution, as authorized in the plan and approved by the voters, for authority purposes authorized by law, fix and impose a benefit charge on personal property and improvements to real property which are located within the authority on the date specified and which have received or will receive the benefits provided by the authority, to be paid by the owners of the properties. A benefit charge does not apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization as, or including, a sanctuary or for purposes related to the bona fide religious ministries of the denomination or religious organization, including schools and educational facilities used for kindergarten, primary, or secondary educational purposes or for institutions of higher education and all grounds and buildings related thereto. However, a benefit charge does apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization for business operations, profit-making enterprises, or activities not including use of a sanctuary or related to kindergarten, primary, or secondary educational purposes or for institutions of higher education. The aggregate amount of these benefit charges in any one year may not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected. It is the duty of the county legislative authority or authorities of the county or counties in which the regional fire protection service authority is located to make any necessary adjustments to assure compliance with this limitation and to immediately notify the governing board of an authority of any changes thereof.

(2) A benefit charge imposed must be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the authority. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and is subject to contest on the grounds of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the authority. The governing board of an authority may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this

chapter is not applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state, but the property may be protected by the authority under a contractual agreement.

(3) For administrative purposes, the benefit charge imposed on any individual property may be compiled into a single charge, provided that the authority, upon request of the property owner, provide an itemized list of charges for each measurable benefit included in the charge.

(4) For the purposes of this section and sections 25 through 33 of this act, the following definitions apply:

(a)(i) "Personal property" includes every form of tangible personal property including, but not limited to, all goods, chattels, stock in trade, estates, or crops.

(ii) "Personal property" does not include any personal property used for farming, field crops, farm equipment, or livestock.

(b) "Improvements to real property" does not include permanent growing crops, field improvements installed for the purpose of aiding the growth of permanent crops, or other field improvements normally not subject to damage by fire.

**NEW SECTION. Sec. 25.** All personal property not assessed and subjected to ad valorem taxation under Title 84 RCW, all property under contract or for which the regional fire protection service authority is receiving payment for as authorized by law, all property subject to chapter 54.28 RCW, and all property that is subject to a contract for services with an authority, is exempt from the benefit charge imposed under this chapter.

**NEW SECTION. Sec. 26.** (1) The resolution establishing benefit charges as specified in section 24 of this act must specify, by legal geographical areas or other specific designations, the charge to apply to each property by location, type, or other designation, or other information that is necessary to the proper computation of the benefit charge to be charged to each property owner subject to the resolution.

(2) The county assessor of each county in which the regional fire protection service authority is located shall determine and identify the personal properties and improvements to real property that are subject to a benefit charge in each authority and shall furnish and deliver to the county treasurer of that county a listing of the properties with information describing the location, legal description, and address of the person to whom the statement of benefit charges is to be mailed, the name of the owner, and the value of the property and improvements, together with the benefit charge to apply to each. These benefit charges must be certified to the county treasurer for collection in the same manner that is used for the collection of fire protection charges for forest lands protected by the department of natural resources under RCW 76.04.610 and the same penalties and provisions for collection apply.

**NEW SECTION. Sec. 27.** Each regional fire protection service authority shall contract, prior to the imposition of a benefit charge, for the administration and collection of the benefit charge by each county treasurer, who shall deduct a percentage, as provided by contract to reimburse the county for expenses incurred by the county assessor and county treasurer in the administration of the resolution and this chapter. The county treasurer shall make distributions each year, as the charges are collected, in the amount of the benefit charges imposed on behalf of each authority, less the deduction provided for in the contract.

**NEW SECTION. Sec. 28.** (1) Notwithstanding any other provision in this chapter to the contrary, any benefit charge authorized by this chapter is not effective unless a proposition to impose the benefit charge is approved by a sixty percent majority of the voters of the regional fire protection service authority voting at a general election or at a special election called by the authority for that purpose, held within the authority. An election held under this section must be held not more than twelve months prior to the date on which the first charge is to be assessed. A benefit charge approved at an election expires in six years or fewer as authorized by the voters, unless subsequently reapproved by the voters.

(2) The ballot must be submitted so as to enable the voters favoring the authorization of a regional fire protection service authority benefit charge to vote "Yes" and those opposed to vote "No." The ballot question is as follows:

"Shall . . . . . the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) . . . . . be authorized to impose benefit charges each year for . . . . (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW . . . (section 15(1)(c) of this act)?

YES NO

(3) Authorities renewing the benefit charge may elect to use the following alternative ballot:

"Shall . . . . the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) . . . . be authorized to continue voter-authorized benefit charges each year for . . . . (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW . . . (section 15(1)(c) of this act)?

YES NO

**NEW SECTION. Sec. 29.** (1) Not fewer than ten days nor more than six months before the election at which the proposition to impose the benefit charge is submitted as provided in this chapter, the governing board of the regional fire protection service authority shall hold a public hearing specifically setting forth its proposal to impose benefit charges for the support of its legally authorized activities that will maintain or improve the services afforded in the authority. A report of the public hearing shall be filed with the county treasurer of each county in which the property is located and be available for public inspection.

(2) Prior to November 15th of each year the governing board of the authority shall hold a public hearing to review and establish the regional fire protection service authority benefit charges for the subsequent year.

(3) All resolutions imposing or changing the benefit charges must be filed with the county treasurer or treasurers of each county in which the property is located, together with the record of each public hearing, before November 30th immediately preceding the year in which the benefit charges are to be collected on behalf of the authority.

(4) After the benefit charges have been established, the owners of the property subject to the charge must be notified of the amount of the charge.

**NEW SECTION. Sec. 30.** A regional fire protection service authority that imposes a benefit charge under this chapter shall not impose all or part of the property tax authorized under section 15(1)(c) of this act.

**NEW SECTION. Sec. 31.** After notice has been given to the property owners of the amount of the charge, the governing board of a regional fire protection service authority imposing a benefit charge under this chapter shall form a review board for at least a two-week period and shall, upon complaint in writing of an aggrieved party owning property in the authority, reduce the charge of a person who, in their opinion, has been charged too large a sum, to a sum or amount as they believe to be the true, fair, and just amount.

**NEW SECTION. Sec. 32.** The Washington fire commissioners association, as soon as practicable, shall draft a model resolution to impose the regional fire protection service authority benefit charge authorized by this chapter and may provide assistance to authorities in the establishment of a program to develop benefit charges.

**NEW SECTION. Sec. 33.** A person who is receiving the exemption contained in RCW 84.36.381 through 84.36.389 is exempt from any legal obligation to pay a portion of the benefit charge imposed under this chapter as follows:

(1) A person who meets the income limitation contained in RCW 84.36.381(5)(a) and does not meet the income limitation contained in RCW 84.36.381(5)(b) (i) or (ii) is exempt from twenty-five percent of the charge;

(2) A person who meets the income limitation contained in RCW 84.36.381(5)(b)(i) is exempt from fifty percent of the charge; and

(3) A person who meets the income limitation contained in RCW 84.36.381(5)(b)(ii) shall be exempt from seventy-five percent of the charge.

**Sec. 34.** RCW 35.21.766 and 1975 1st ex.s. c 24 s 1 are each amended to read as follows:

Whenever a regional fire protection service authority or the legislative authority of any city or town determines that the fire protection jurisdictions that are members of the authority or the city or town or a substantial portion of the city or town is not adequately served by existing private ambulance service, the governing board of the authority may by resolution, or the legislative authority of the city or town may by appropriate legislation, provide for the establishment of a system of ambulance service to be operated by the authority as a public utility of the city or town, or operated by contract after a call for bids.

**NEW SECTION. Sec. 35. CAPTIONS.** Captions used in this act are not any part of the law.

NEW SECTION. Sec. 36. CODIFICATION. Sections 1 through 12, 14 through 18, and 24 through 33 of this act constitute a new chapter in Title 52 RCW.

NEW SECTION. Sec. 37. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SSB 5345 Prime Sponsor, Senate Committee On Agriculture: Excluding certain drainage infrastructure from fishway provisions. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that agriculture is a key industry for the state. The legislature also finds that agriculture is a way of life for many people whose families settled lands in the state and have actively farmed them for generations. The legislature further finds that agriculture is a cultural and historical component of many communities and represents the societal and economic foundation of many rural areas in Washington. In addition, the legislature finds that agricultural lands provide key wildlife habitat and open space for the enjoyment and economic benefit of the people of Washington.

(2) The legislature also finds that salmon recovery is a priority in Washington. The legislature recognizes that the listings of salmon and steelhead runs in Washington under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.) may impose obligations on state and local governments, as well as the citizens of Washington, to undertake recovery efforts to facilitate salmon recovery in the state. In addition to satisfying legal obligations, the legislature recognizes the importance of salmon recovery for sport, commercial, and tribal fishing industries, to respect the cultural importance of salmon to tribes and to the state, and for the economic vitality of many areas of the state. The legislature further recognizes that numerous efforts are under way across the state to promote fish habitat restoration and that millions of dollars of public funds have been dedicated to these efforts.

(3) The legislature further finds that agricultural lands and the agricultural industry can play an important role in salmon recovery. The legislature recognizes that all local governments are required by the growth management act, chapter 36.70A RCW, to designate agricultural lands of long-term commercial significance and that local governments planning under RCW 36.70A.040 are required to designate and protect these lands. The legislature also recognizes that agricultural lands, by being protected from development that will impair critical salmon habitat, are both an economic and an environmental resource for the state.

(4) The legislature declares that the productivity of agricultural lands cannot be sacrificed. The legislature finds that economic circumstances in the agricultural industry, encroaching development on agricultural lands and adjacent lands, and the restrictions imposed on farming in various land use and environmental regulations have resulted in significant losses of agricultural lands in this state. The legislature therefore declares that it is in the best interest of the state to establish policies that result in no net loss of the state's agricultural land base. The legislature also declares that it is in the best interest of the state to implement the hydraulics program and fish passage laws in ways that preserve the agricultural land base, including cooperative agreements between the department of fish and wildlife and affected landowners, and that achieve mutual landowner and fish habitat goals.

(5) The legislature finds that the hydraulic project approval provisions of this chapter have recently been implemented in ways that required restoration of salmon habitat by converting existing agricultural land. The legislature also finds that this has resulted in financial losses for agricultural producers and potential damage to previously productive agricultural land in Skagit county. The legislature further finds that failure to reconcile the goals of protecting agricultural lands of long-term commercial significance and fish passage requirements may lead to future damage to and potentially loss of productive agricultural lands in Skagit and other Washington counties.

(6) The legislature finds that efforts to restore salmon habitat should look first to opportunities that exist on public lands. The legislature recognizes the importance of restoring salmon habitat as part of the state's overall strategy for recovering salmon. The legislature also finds that public lands play a key role in the state's salmon recovery efforts and that the use of public lands can assist the state in this effort without raising concerns about potential impacts on private property rights.

(7) The legislature therefore declares that the purposes of this act are to:

(a) Clarify the purpose of the fishway and hydraulic project approval requirements of chapter 77.55 RCW as applied to works and projects related to drainage infrastructure including tide gates, flood gates, and pump stations;

(b) Create demonstration projects on specified streams to assess the effectiveness of self-regulating tide gates in achieving fish passage and to test their impact, if any, on surrounding agricultural lands;

(c) Prioritize the use of public lands for fish habitat restoration projects; and

(d) Establish a task force to review issues regarding the implementation of fishway and hydraulic project approval requirements as they relate to designated agricultural lands, analyze the effectiveness of the demonstration projects for fish habitat restoration, and report any legislative recommendations to the legislature.

**Sec. 2.** RCW 77.55.060 and 1998 c 190 s 86 are each amended to read as follows:

(1) Subject to subsection (3) of this section, a dam or other obstruction across or in a stream shall be provided with a durable and efficient fishway approved by the director. Plans and specifications shall be provided to the department prior to the director's approval. The fishway shall be maintained in an effective condition and continuously supplied with sufficient water to freely pass fish.

(2) If a person fails to construct and maintain a fishway or to remove the dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice to comply has been served upon the owner, his or her agent, or the person in charge, the director may construct a fishway or remove the dam or obstruction. Expenses incurred by the department constitute the value of a lien upon the dam and upon the personal property of the person owning the dam. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the dam or obstruction is situated. The lien may be foreclosed in an action brought in the name of the state.

If, within thirty days after notice to construct a fishway or remove a dam or obstruction, the owner, his or her agent, or the person in charge fails to do so, the dam or obstruction is a public nuisance and the director may take possession of the dam or obstruction and destroy it. No liability shall attach for the destruction.

(3) For the purposes of this section, "other obstruction" does not include tide gates or flood gates that were originally installed as part of an agricultural drainage system on or before the effective date of this section or the repair, replacement, or improvement of such tide gates or flood gates.

**Sec. 3.** RCW 77.55.100 and 2002 c 368 s 2 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld or unreasonably conditioned.

(2)(a) The department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection; or

(iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 77.55.110, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6) The department shall, at the request of a county, develop five- year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 77.55.110.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 77.55.110, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

(10) The department shall not require the installation of a self- regulating tide gate as a condition of hydraulic project approval for maintenance or replacement of agricultural drainage systems under this section unless the condition is consistent with a salmon recovery plan adopted according to chapter 77.85 RCW or a plan developed according to section 12 of this act, the affected landowners and the associated special taxing districts under RCW 85.38.180 have agreed to the installation, and all impacts have been fully compensated. Any condition requiring a self-regulating tide gate to achieve fish passage in an existing hydraulic project approval may not be enforced.

**Sec. 4.** RCW 77.55.110 and 2002 c 368 s 3 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department as to the adequacy of the means

proposed for the protection of fish life. This approval shall not be unreasonably withheld or unreasonably conditioned.

(2) The department shall grant or deny the approval within forty- five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit. The applicant may document receipt of application by filing in person or by registered mail.

(3) A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life.

(4)(a) The forty-five day requirement shall be suspended if ~~((4))~~:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; ~~((2))~~

(ii) The site is physically inaccessible for inspection; or ~~((3))~~

(iii) The applicant requests delay.

(b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(5) An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

(6) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance.

(7) If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

(8) The department may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(9) A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

(10) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.

(11) For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

(12) The department shall not require the installation of a self- regulating tide gate as a condition of hydraulic project approval for maintenance or replacement of agricultural drainage systems under this section unless the condition is consistent with a salmon recovery plan adopted according to chapter 77.85 RCW or a plan developed according to section 12 of this act, the affected landowners and the associated special taxing districts under RCW 85.38.180 have agreed to the installation, and all impacts have been fully compensated. Any condition requiring a self-regulating tide gate to achieve fish passage in an existing hydraulic project approval may not be enforced.

**NEW SECTION. Sec. 5.** A new section is added to chapter 77.55 RCW to read as follows:

The department shall comply with the requirements of this section when imposing conditions on approvals issued according to RCW 77.55.100 or 77.55.110 or during implementation of fish passage requirements according to RCW 77.55.060 for any project or work on or related to drainage infrastructure on lands designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW. The department shall:

(1) Employ a standard of no net loss of agricultural activity on lands designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW when interpreting the requirements of this section. When assessing the impacts of projects under this section, the department shall establish mechanisms, create conditions, and design strategies to effectuate this standard;

(2) Consider the quantity and quality of habitat necessary to ensure fish protection within the watershed of the work or project being considered as identified in assessments and plans prepared pursuant to sections 10 through 12 of this act or chapter 77.85 RCW;

(3) Prepare an environmental assessment of the benefits of the condition for fish protection and of the impacts to drainage infrastructure on designated agricultural lands and on public or private drainage or other infrastructure;

(4) Prepare an economic assessment of the costs of any impacts to drainage infrastructure on designated agricultural lands identified in subsection (2) of this section, including loss of agricultural crops or soil productivity, financial loss associated with crop failure, loss in market value or other financial impacts to the land, and an economic assessment of any impacts to or loss of public or private drainage or other infrastructure;

(5) Identify a source or source of funding of any financial impacts to designated agricultural lands determined according to subsection (4) of this section; and

(6) Determine the potential for a voluntary agreement made according to RCW 77.55.300 to provide adequate fish protection within the watershed or for habitat restoration programs or efforts within or outside of the watershed to address fish protection needs.

**Sec. 6.** RCW 77.55.280 and 2001 c 253 s 54 are each amended to read as follows:

(1) When a private landowner is applying for hydraulic project approval under this chapter and that landowner has entered into a habitat incentives agreement with the department and the department of natural resources as provided in RCW 77.55.300, the department shall comply with the terms of that agreement when evaluating the request for hydraulic project approval.

(2) Chapter . . . , Laws of 2003 (this act) does not limit the ability of the department and a private landowner or, if applicable, an associated special taxing district under RCW 85.38.180, to enter into a voluntary habitat incentives agreement under this section.

**Sec. 7.** RCW 77.55.290 and 2001 c 253 s 55 are each amended to read as follows:

(1) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under (a) and (b) of this subsection:

(a) A fish habitat enhancement project must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made fish passage barriers, including culvert repair and replacement;

(ii) Restoration of an eroded or unstable stream bank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety; and

(b) A fish habitat enhancement project must be approved in one of the following ways:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration; and

(vii) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3) Hydraulic project approval is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form (~~developed by the department of ecology permit assistance center~~) to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the

department and to each appropriate local government. Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts. In no more than forty-five days, the department shall either issue hydraulic project approval, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by hydraulic project approval. If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

Any person aggrieved by the approval, denial, conditioning, or modification of hydraulic project approval under this section may formally appeal the decision to the hydraulic appeals board pursuant to the provisions of this chapter.

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section.

**Sec. 8.** RCW 77.55.300 and 2000 c 107 s 229 are each amended to read as follows:

(1) ~~((Beginning in January 1998,))~~ The department of fish and wildlife and the department of natural resources shall implement a habitat incentives program based on the recommendations of federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the timber, fish, and wildlife cooperators, and other interested parties. The program shall allow a private landowner to enter into an agreement with the departments to enhance habitat on the landowner's property for food fish, game fish, or other wildlife species. In exchange, the landowner shall receive state regulatory certainty with regard to future applications for hydraulic project approval or a forest practices permit on the property covered by the agreement. The overall goal of the program is to provide a mechanism that facilitates habitat development on private property while avoiding an adverse state regulatory impact to the landowner at some future date. A single agreement between the departments and a landowner may encompass up to one thousand acres. A landowner may enter into multiple agreements with the departments, provided that the total acreage covered by such agreements with a single landowner does not exceed ten thousand acres. The departments are not obligated to enter into an agreement unless the departments find that the agreement is in the best interest of protecting fish or wildlife species or their habitat.

(2) A habitat incentives agreement shall be in writing and shall contain at least the following: A description of the property covered by the agreement, an expiration date, a description of the condition of the property prior to the implementation of the agreement, and other information needed by the landowner and the departments for future reference and decisions.

(3) As part of the agreement, the department of fish and wildlife may stipulate the factors that will be considered when the department evaluates a landowner's application for hydraulic project approval under RCW 77.55.100 or 77.55.110 on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of natural resources and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of hydraulic project approval shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(4) As part of the agreement, the department of natural resources may stipulate the factors that will be considered when the department evaluates a landowner's application for a forest practices permit under chapter 76.09 RCW on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of fish and wildlife and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of forest practices permits shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(5) The agreement is binding on and may be used by only the landowner who entered into the agreement with the department. The agreement shall not be appurtenant with the land. However, if a new landowner chooses to maintain the habitat enhancement efforts on the property, the new landowner and the departments may jointly choose to retain the agreement on the property.

(6) If the departments receive multiple requests for agreements with private landowners under the habitat incentives program, the departments shall prioritize these requests and shall enter into as many agreements as possible within available budgetary resources.

(7) This section does not abrogate the department's obligation to prioritize the use of public lands for fish habitat restoration projects.

(8) This section does not authorize the department to impose conditions requiring fish habitat restoration either on or affecting lands designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW in any approvals issued according to RCW 77.55.100 or 77.55.110 or during

implementation of fish passage requirements according to RCW 77.55.060 in the absence of a voluntary agreement entered into according to this section.

**Sec. 9.** RCW 77.55.310 and 2001 c 253 s 21 are each amended to read as follows:

(1) The director may authorize removal, relocation, reconstruction, or other modification of an inadequate fishway or fish protective device required by RCW 77.55.320 which device was in existence on September 1, 1963, without cost to the owner for materials and labor. The modification may not materially alter the amount of water flowing through the fishway or fish protective device. Following modification, the fishway or fish protective device shall be maintained at the expense of the person or governmental agency owning the obstruction or water diversion device.

(2) This section does not authorize the director to implement or impose fish habitat restoration conditions either on or affecting lands designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW except as authorized under RCW 77.55.300.

**NEW SECTION. Sec. 10.** A new section is added to chapter 77.55 RCW to read as follows:

Upon written request of the affected owners of land designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW or the associated special taxing districts under RCW 85.38.180, the department shall provide for the removal of the self-regulating function of any self-regulating tide gate installed because of a condition imposed by the department in an approval issued according to RCW 77.55.100 or 77.55.110 or during implementation of fish passage requirements according to RCW 77.55.060. The department shall make the tide gate removal of the self-regulating function of any self-regulating tide gate a priority and complete the removal within thirty days of receipt of the request of the owner or the associated special taxing district under RCW 85.38.180. The department shall pay for any tide gate removal required by this section within existing resources.

**NEW SECTION. Sec. 11.** A new section is added to chapter 77.55 RCW to read as follows:

#### **"PART 1 LEGISLATIVE INTENT AND DEFINITIONS**

NEW SECTION. Sec. 101. The legislature finds that the state has acted to plan for the protection and preservation of fish life by establishing policies that affect the protection of marine and freshwater habitat in the growth management act, the shorelines management act, the forest and fish plan, and the habitat conservation plan.

The legislature further finds that the state requires the examination of the environmental impacts of construction projects and work in Washington to minimize and mitigate the impact of those projects through the state environmental policy act.

The legislature further finds that while these various acts regulate the planning and design of upland projects, it is necessary to call on the expertise of the department of fish and wildlife to implement rules governing construction or work activities that occur below the ordinary high water line or other work specifically designated by the legislature in such a manner so as to protect fish life.

This policy recognizes that all such construction and work is to be permitted in a timely and efficient fashion with an aim toward preserving existing public and private property, preventing damage to the environment, protecting fish life, and permitting the efficient construction of new facilities.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water runoff devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

- (2) "Board" means the hydraulic appeals board created in RCW 77.55.170 (as recodified by this act).
- (3) "Commission" means the state fish and wildlife commission.
- (4) "Department" means the department of fish and wildlife.
- (5) "Director" means the director of the department of fish and wildlife.
- (6) "Emergency" means an immediate threat to life, the public, property, or of environmental degradation arising from weather or stream flow conditions or other natural conditions.
- (7) "Hydraulic project" means the construction or performance of work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or freshwaters of the state.
- (8) "Imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.
- (9) "Marina" means a public or private facility providing boat moorage space, fuel, or commercial services. Commercial services include but are not limited to overnight or live-aboard boating accommodations.
- (10) "Marine terminal" means a public or private commercial wharf located in the navigable water of the state and used, or intended to be used, as a port or facility for the storing, handling, transferring, or transporting of goods to and from vessels.
- (11) "Ordinary high water line" means the mark on the shores of all water that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in ordinary years as to mark upon the soil or vegetation a character distinct from the abutting upland. Provided, that in any area where the ordinary high water line cannot be found, the ordinary high water line adjoining saltwater is the line of mean higher high water and the ordinary high water line adjoining fresh water is the line of mean high water.
- (12) "Permit" means a hydraulic project approval permit issued under this chapter.
- (13) "Sandbars" includes, but is not limited to, sand, gravel, rock, silt, and sediments.
- (14) "Small scale prospecting and mining" means the use of only the following methods: Pans; nonmotorized sluice boxes; concentrators; and minirocker boxes for the discovery and recovery of minerals.
- (15) "Spartina," "purple loosestrife," and "aquatic noxious weeds" have the same meanings as defined in RCW 17.26.020.
- (16) "Streambank stabilization" means those projects that prevent or limit erosion, slippage, and mass wasting. These projects are limited to bank resloping, log and debris relocation or removal, planting of woody vegetation, bank protection using rock or woody material or placement of jetties or groins, gravel removal, or erosion control.
- (17) "Waters of the state" and "state waters" means all salt and fresh waters within the ordinary high water line and within the territorial boundary of the state.

## **PART 2**

### **DETERMINING HOW TO OBTAIN A HYDRAULIC PROJECT APPROVAL PERMIT**

**NEW SECTION. Sec. 201.** (1) In the event that any person or government agency desires to undertake a hydraulic project, the person or government agency shall, before commencing work thereon, secure the approval of the department in the form of a permit as to the adequacy of the means proposed for the protection of fish life.

(2) A complete written application for a permit may be submitted in person or by registered mail and must contain the following:

- (a) General plans for the overall project;
- (b) Complete plans and specifications of the proposed construction or work within the mean higher high water line in saltwater or within the ordinary high water line in freshwater;
- (c) Complete plans and specifications for the proper protection of fish life;
- (d) Notice of compliance with any applicable requirements of the state environmental policy act; and
- (e) Provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit as a condition of the application.

(3)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned. The department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

- (i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;
  - (ii) The site is physically inaccessible for inspection;
  - (iii) The applicant requests a delay; or
  - (iv) The application is not complete.
- (b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(4) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life. Issuance,

denial, conditioning, or modification of a permit shall be appealable to the board within thirty days of the notice of decision.

(5)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for a period of up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.220.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(6) The department may, after consultation with the permittee, modify a permit due to changed conditions. The modification becomes effective unless appealed to the board within thirty days from the notice of the proposed modification. The burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(7) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(8) The department or the county legislative authority may declare and continue an emergency. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection. The department, through its authorized representatives, shall issue immediately, upon request, oral approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency oral permit must be established by the department and reduced to writing within thirty days and complied with as provided for in this chapter. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(9) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

(10) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(11) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

**NEW SECTION. Sec. 202.** (1)(a) The department must develop general permits for common or routine activities to improve the predictability and efficiency of the hydraulic project approval program. At a minimum, the department must, by December 2004, develop general permits for the following activities:

- (i) Minor dredging of up to ten yards of sediment from an existing channel, berthing area, or boat ramp;
- (ii) Routine repair and maintenance of tide gates;
- (iii) Replacement of up to sixty pilings including construction of mooring dolphins and fender pilings;
- (iv) Routine repair or maintenance of road and highway structures such as culverts and ditches;
- (v) Routine repair and maintenance of bridge structures below the ordinary high water line; and
- (vi) Geotechnical or exploratory work conducted as part of project planning or development.

(b) The department may develop additional general permits for in-water construction activities as available resources allow.

(2) General permits must contain conditions necessary to protect fish life, and must clearly delineate predictable conditions and restrictions that project applicants may incorporate into project design and

construction. The department must develop, in consultation with an advisory committee, common technical provisions that must be incorporated into general conditions for each general permit.

(3) The department shall post electronically and otherwise make generally available the following information for each general permit:

(a) A description of activities covered;

(b) The conditions and practices a project applicant must follow to receive coverage under the permit; and

(c) A notice of intent form for use by applicants to include information on project location and habitat types affected.

(4) To receive coverage under a general permit, a project applicant must:

(a) Send a notice of intent to follow the conditions of a general permit to the department twenty-one days before construction is to begin; and

(b) Post the general permit prominently at the worksite.

(5) Within ten days of receipt of a notice of intent from a project applicant, the department must notify the applicant of the status of general permit coverage. Status includes permit approval, denial, or conditioning. Issuance, denial, conditioning, or modification of a permit shall be appealable to the board within thirty days of the notice of decision.

**NEW SECTION. Sec. 203.** (1) Certain federal and state regulatory review processes may provide review and protection of fish life that is equivalent to the review provided by the department under this chapter. This may include, among other permits, federal review of a project under the endangered species act (16 U.S.C. Sec. 1531 et seq.), a federal permit under section 404 of the federal water pollution control act (33 U.S.C. Sec. 1251 et seq.), state review of a project under section 401 of the federal water pollution control act (33 U.S.C. Sec. 1251 et seq.), or state review of shorelines under chapter 90.58 RCW.

(2) At any point in project development or permitting, an applicant may submit to the department a notice of intent to proceed under an equivalent regulatory review. The notice must include a description of the project, the habitat impacted, and the equivalent permits required for the project. The director or director's designee shall make a determination regarding the equivalency of other regulatory permits within fifteen days of receiving the notice. If the notice of equivalency is approved, the project is exempt from the requirement to receive hydraulic project approval under this chapter. If the notice of equivalency is denied, the department must provide the applicant, in writing, specific reasons why the other regulatory reviews will not adequately protect fish life. (3) Any person aggrieved by a decision under subsection (2) of this section may appeal the decision according to the provisions of chapter 34.05 RCW.

### **PART 3 EXEMPTION FROM HYDRAULIC PROJECT APPROVAL**

**NEW SECTION. Sec. 301.** The act of driving across an established ford is exempt from a permit. Driving across streams or on wetted streambeds at areas other than established fords requires a permit. Work below the ordinary high water line of state waters to construct or repair a ford or crossing requires a permit.

**Sec. 302.** RCW 77.55.330 and 2002 c 20 s 4 are each amended to read as follows:

The removal of derelict fishing gear does not require ~~((written approval))~~ a permit under this chapter if the gear is removed according to the guidelines described in RCW 77.12.865.

**NEW SECTION. Sec. 303.** (1) An activity conducted solely for the removal or control of spartina does not require a permit.

(2) An activity conducted solely for the removal or control of purple loosestrife and which is performed with handheld tools, handheld equipment, or equipment carried by a person does not require a permit.

### **PART 4 COMPLIANCE THROUGH GUIDELINES, AGREEMENTS, AND PAMPHLETS**

**Sec. 401.** RCW 77.55.150 and 1995 c 255 s 4 are each amended to read as follows:

~~(1) ((An activity conducted solely for the removal or control of spartina shall not require hydraulic project approval.~~

~~(2) An activity conducted solely for the removal or control of purple loosestrife and which is performed with hand held tools, hand held equipment, or equipment carried by a person when used shall not require hydraulic project approval.~~

~~(3))~~ By June 30, 1997, the department ~~((of fish and wildlife))~~ shall develop rules for projects conducted solely for the removal or control of various aquatic noxious weeds other than spartina and purple loosestrife and for activities or hydraulic projects for controlling purple loosestrife not covered by ~~((subsection (2)))~~ section

303(2) of this ~~((section, which projects will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state))~~ act. Following the adoption of the rules, the department shall produce and distribute a pamphlet describing the methods of removing or controlling the aquatic noxious weeds that are approved under the rules. The pamphlet serves as the ~~((hydraulic project approval))~~ permit for any project that is conducted solely for the removal or control of such aquatic noxious weeds and that is conducted as described in the pamphlet~~((;))~~. No further ~~((hydraulic project approval))~~ permit is required for such a project.

(2) From time to time as information becomes available, the department shall adopt similar rules for additional aquatic noxious weeds or additional activities for removing or controlling aquatic noxious weeds not governed by ~~((subsection (1) or (2) of this section))~~ sections 303 (1) and (2) of this act and shall produce and distribute one or more pamphlets describing these methods of removal or control. Such a pamphlet serves as the ~~((hydraulic project approval))~~ permit for any project that is conducted solely for the removal or control of such aquatic noxious weeds and that is conducted as described in the pamphlet~~((;))~~. No further ~~((hydraulic project approval))~~ permit is required for such a project.

~~((4))~~ As used in this section, "spartina," "purple loosestrife," and "aquatic noxious weeds" have the meanings prescribed by RCW 17.26.020.

~~((5))~~ (3) Nothing in this section shall prohibit the department ~~((of fish and wildlife))~~ from requiring a ~~((hydraulic project approval))~~ permit for those parts of hydraulic projects that are not specifically for the control or removal of spartina, purple loosestrife, or other aquatic noxious weeds.

**Sec. 402.** RCW 77.55.270 and 1997 c 415 s 2 are each amended to read as follows:

(1) Small scale prospecting and mining shall not require ~~((written approval))~~ a permit under this chapter if the prospecting is conducted in accordance with ~~((provisions))~~ rules established by the department.

(2) By December 31, 1998, the department shall adopt rules applicable to small scale prospecting and mining activities subject to this section. The department shall develop the rules in cooperation with the recreational mining community and other interested parties.

(3) Within two months of adoption of the rules, the department shall distribute an updated gold and fish pamphlet that describes methods of mineral prospecting that are consistent with the department's rule. The pamphlet shall be written to clearly indicate the prospecting methods that require ~~((written approval))~~ a permit under this chapter and the prospecting methods that require compliance with the pamphlet. To the extent possible, the department shall use the provisions of the gold and fish pamphlet to minimize the number of specific provisions of a written ~~((approval))~~ permit issued under this chapter.

~~((4))~~ For the purposes of this chapter, "small scale prospecting and mining" means only the use of the following methods: Pans, nonmotorized sluice boxes, concentrators, and minirocker boxes for the discovery and recovery of minerals~~((;))~~

**Sec. 403.** RCW 77.55.280 and 2001 c 253 s 54 are each amended to read as follows:

When a private landowner is applying for ~~((hydraulic project approval))~~ a permit under this chapter and that landowner has entered into a habitat incentives agreement with the department and the department of natural resources as provided in RCW 77.55.300 ~~((as recodified by this act))~~, the department shall comply with the terms of that agreement when evaluating the request for ~~((hydraulic project approval))~~ a permit.

**Sec. 404.** RCW 77.55.300 and 2000 c 107 s 229 are each amended to read as follows:

(1) Beginning in January 1998, the department ~~((of fish and wildlife))~~ and the department of natural resources shall implement a habitat incentives program based on the recommendations of federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the timber, fish, and wildlife cooperators, and other interested parties. The program shall allow a private landowner to enter into an agreement with the departments to enhance habitat on the landowner's property for food fish, game fish, or other wildlife species. In exchange, the landowner shall receive state regulatory certainty with regard to future applications for ~~((hydraulic project approval))~~ a permit or a forest practices permit on the property covered by the agreement. The overall goal of the program is to provide a mechanism that facilitates habitat development on private property while avoiding an adverse state regulatory impact to the landowner at some future date. A single agreement between the departments and a landowner may encompass up to one thousand acres. A landowner may enter into multiple agreements with the departments, provided that the total acreage covered by such agreements with a single landowner does not exceed ten thousand acres. The departments are not obligated to enter into an agreement unless the departments find that the agreement is in the best interest of protecting fish or wildlife species or their habitat.

(2) A habitat incentives agreement shall be in writing and shall contain at least the following: (a) A description of the property covered by the agreement~~((;))~~; (b) an expiration date~~((;))~~; (c) a description of the condition of the property prior to the implementation of the agreement~~((;))~~; and (d) other information needed by the landowner and the departments for future reference and decisions.

(3) As part of the agreement, the department ~~((of fish and wildlife))~~ may stipulate the factors that will be considered when the department evaluates a landowner's application for ~~((hydraulic project approval under RCW 77.55.100 or 77.55.110))~~ a permit on property covered by the agreement. The department's identification of

these evaluation factors shall be in concurrence with the department of natural resources and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of ~~((hydraulic project approval shall))~~ a permit must be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(4) As part of the agreement, the department of natural resources may stipulate the factors that will be considered when the department of natural resources evaluates a landowner's application for a forest practices permit under chapter 76.09 RCW on property covered by the agreement. The ~~((department's))~~ department of natural resources' identification of these evaluation factors shall be in concurrence with the department ~~((of fish and wildlife))~~ and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of forest practices permits shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(5) The agreement is binding on and may be used by only the landowner who entered into the agreement with the department. The agreement shall not be appurtenant with the land. However, if a new landowner chooses to maintain the habitat enhancement efforts on the property, the new landowner and the departments may jointly choose to retain the agreement on the property.

(6) If the departments receive multiple requests for agreements with private landowners under the habitat incentives program, the departments shall prioritize these requests and shall enter into as many agreements as possible within available budgetary resources.

**Sec. 405.** RCW 77.55.130 and 2000 c 107 s 18 are each amended to read as follows:

The department and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to ~~((RCW 77.55.100 and 77.55.110))~~ section 202 of this act are met.

## PART 5 SPECIAL PERMITS

**Sec. 501.** RCW 77.55.200 and 1991 c 279 s 1 are each amended to read as follows:

(1) In order to protect the property of marine waterfront shoreline owners it is necessary to facilitate issuance of ~~((hydraulic))~~ permits for bulkheads or rockwalls under certain conditions.

(2) The department shall issue a ~~((hydraulic))~~ permit with or without conditions within forty-five days of receipt of a complete and accurate application which authorizes commencement of construction, replacement, or repair of a marine beach front protective bulkhead or rockwall for single-family type residences or property under the following conditions:

(a) The waterward face of a new bulkhead or rockwall shall be located only as far waterward as is necessary to excavate for footings or place base rock for the structure and under no conditions shall be located more than six feet waterward of the ordinary high water line;

(b) Any bulkhead or rockwall to replace or repair an existing bulkhead or rockwall shall be placed along the same alignment as the bulkhead or rockwall it is replacing~~((;))~~. However, the replaced or repaired bulkhead or rockwall may be placed waterward of and directly abutting the existing structure only in cases where removal of the existing bulkhead or rockwall would result in environmental degradation or removal problems related to geological, engineering, or safety considerations; and

(c) Construction of a new bulkhead or rockwall, or replacement or repair of an existing bulkhead or rockwall waterward of the existing structure shall not result in the permanent loss of critical food fish or shellfish habitats; and

(d) Timing constraints shall be applied on a case-by-case basis for the protection of critical habitats, including but not limited to migration corridors, rearing and feeding areas, and spawning habitats, for the proper protection of fish life.

(3) Any bulkhead or rockwall construction, replacement, or repair not meeting the conditions in this section shall be processed under this chapter in the same manner as any other application.

(4) Any person aggrieved by the approval, denial, conditioning, or modification of a ~~((hydraulic))~~ permit ~~((approval))~~ under this section may formally appeal the decision to the ~~((hydraulic appeals))~~ board pursuant to this chapter.

**Sec. 502.** RCW 77.55.220 and 2002 c 368 s 7 are each amended to read as follows:

(1) ~~((The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.~~

~~((a) "Marina" means a public or private facility providing boat moorage space, fuel, or commercial services. Commercial services include but are not limited to overnight or live aboard boating accommodations.~~

~~((b) "Marine terminal" means a public or private commercial wharf located in the navigable water of the state and used, or intended to be used, as a port or facility for the storing, handling, transferring, or transporting of goods to and from vessels.~~

~~(2))~~ For a marina or marine terminal in existence on June 6, 1996, or a marina or marine terminal that has received a ~~((hydraulic project approval))~~ permit for its initial construction, a renewable, five-year ~~((hydraulic project approval))~~ permit shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

~~((3))~~ (2) Upon construction of a new marina or marine terminal that has received ~~((hydraulic project approval))~~ a permit, a renewable, five-year ~~((hydraulic project approval))~~ permit shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

~~((4))~~ (3) For the purposes of this section, regular maintenance activities are only those activities necessary to restore the marina or marine terminal to the conditions approved in the initial ~~((hydraulic project approval))~~ permit. These activities may include, but are not limited to, dredging, piling replacement, and float replacement.

~~((5))~~ (4) The five-year permit must include a requirement that a fourteen-day notice be given to the department before regular maintenance activities begin.

**Sec. 503.** RCW 77.55.340 and 2002 c 368 s 4 are each amended to read as follows:

(1) Notwithstanding any other provision of this chapter, all ~~((hydraulic project approvals))~~ permits related to storm water discharges must follow the provisions established in this section.

(2) ~~((Hydraulic project approvals))~~ Permits issued in locations covered by a national pollution discharge elimination system municipal storm water general permit may not be conditioned or denied for water quality or quantity impacts arising from storm water discharges. A ~~((hydraulic project approval))~~ permit is required only for the actual construction of any storm water outfall or associated structures pursuant to this chapter.

(3)(a) In locations not covered by a national pollution discharge elimination system municipal storm water general permit, the department may issue ~~((hydraulic project approvals))~~ permits that contain provisions that protect fish life from adverse effects, such as scouring or erosion of the bed of the water body, resulting from the direct hydraulic impacts of the discharge.

(b) Prior to the issuance of a ~~((hydraulic project approval))~~ permit issued under this subsection (3), the department must:

(i) Make a finding that the discharge from the outfall will cause harmful effects to fish life;

(ii) Transmit the findings to the applicant and to the city or county where the project is being proposed; and

(iii) Allow the applicant an opportunity to use local ordinances or other mechanisms to avoid the adverse effects resulting from the direct hydraulic discharge. The forty-five day requirement for ~~((hydraulic project approval))~~ permit issuance ~~((pursuant to RCW 77.55.100))~~ under section 201 of this act is suspended during the time period the department is meeting the requirements of this subsection (3)(b).

(c) After following the procedures set forth in (b) of this subsection, the department may issue a ~~((hydraulic project approval))~~ permit that prescribes the discharge rates from an outfall structure that will prevent adverse effects to the bed or flow of the waterway. The department may recommend, but not specify, the measures required to meet these discharge rates. The department may not require changes to the project design above the mean higher high water mark of marine waters, or the ordinary high water mark of freshwaters of the state. Nothing in this section alters any authority the department may have to regulate other types of projects under this chapter.

**Sec. 504.** RCW 77.55.210 and 1995 c 378 s 14 are each amended to read as follows:

A ~~((hydraulic project approval))~~ permit required by the department for a watershed restoration project as defined in RCW 89.08.460 shall be processed in compliance with RCW 89.08.450 through 89.08.510.

**Sec. 505.** RCW 77.55.290 and 2001 c 253 s 55 are each amended to read as follows:

(1) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under (a) and (b) of this subsection:

(a) A fish habitat enhancement project must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made fish passage barriers, including culvert repair and replacement;

(ii) Restoration of an eroded or unstable streambank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety; and

(b) A fish habitat enhancement project must be approved in one of the following ways:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

- (ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;
- (iii) By the department as a department-sponsored fish habitat enhancement or restoration project;
- (iv) Through the review and approval process for the jobs for the environment program;
- (v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;
- (vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration; and
- (vii) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3) ~~((Hydraulic project approval))~~ (a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the ~~((department of ecology))~~ permit assistance center to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts. ~~((In no more than))~~ Within forty-five days, the department shall either issue ~~((hydraulic project approval))~~ a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by ~~((hydraulic project approval))~~ the conditioning of a permit. If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(b) Any person aggrieved by the approval, denial, conditioning, or modification of ~~((hydraulic project approval))~~ a permit under this section may formally appeal the decision to the ~~((hydraulic appeals))~~ board pursuant to the provisions of this chapter.

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section.

**Sec. 506.** RCW 77.55.160 and 1998 c 190 s 89 are each amended to read as follows:

(1) Except for the north fork of the Lewis river and the White Salmon river, all streams and rivers tributary to the Columbia river downstream from McNary dam are established as an anadromous fish sanctuary. This sanctuary is created to preserve and develop the food fish and game fish resources in these streams and rivers and to protect them against undue industrial encroachment.

(2) Within the sanctuary area:

(a) The department shall not issue ~~((hydraulic project approval))~~ a permit to construct a dam greater than twenty-five feet high within the migration range of anadromous fish as determined by the department.

(b) A person shall not divert water from rivers and streams in quantities that will reduce the respective stream flow below the annual average low flow, based upon data published in United States geological survey reports.

(3) The commission may acquire and abate a dam or other obstruction, or acquire any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.

(4) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

**NEW SECTION. Sec. 507.** A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2) shall serve as a permit for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

**Sec. 508.** RCW 77.55.010 and 1993 sp.s. c 2 s 28 are each amended to read as follows:

The department ~~((of fish and wildlife))~~, the department of ecology, and the department of natural resources shall jointly develop an informational brochure that describes when permits and any other authorizations are required for flood damage prevention and reduction projects, and recommends ways to best proceed through the various regulatory permitting processes.

**NEW SECTION. Sec. 509.** (1) The department shall, at the request of a county, develop five-year maintenance permit agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for

work on public and private property for bank stabilization, bridge repair, removal of sandbars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(2) The department shall, at the request of any person or government agency, develop a renewable five-year maintenance permit agreement or a permit mitigation agreement to allow for work on public and private property for bank stabilization, bridge repair, removal of sandbars and debris, channel maintenance, and other flood damage repair and reduction activity under reasonable, agreed-upon conditions and times without obtaining permits for specific projects.

## PART 6 DENIAL OR CONDITIONING OF PERMIT

**Sec. 601.** RCW 77.55.350 and 2002 c 368 s 5 are each amended to read as follows:

Conditions imposed upon ~~((hydraulic project approvals))~~ a permit must be reasonably related to the project. The permit conditions must ensure that the project provides proper protection for fish life, but the department may not impose conditions that attempt to optimize conditions for fish life that are out of proportion to the impact of the proposed project.

**Sec. 602.** RCW 77.55.230 and 1996 c 276 s 1 are each amended to read as follows:

(1) The legislature finds that the construction of hydraulic projects may require mitigation for the protection of fish life, and that the mitigation may be most cost-effective and provide the most benefit to the fish resource if the mitigation is allowed to be applied in locations that are off-site of the hydraulic project location. The department may approve off-site mitigation plans that are submitted by hydraulic project permit applicants.

(2) If a hydraulic project permit applicant proposes off-site mitigation and the department does not approve the hydraulic permit or conditions the permit approval in such a manner as to render off-site mitigation unpracticable, the hydraulic project proponent must be given the opportunity to submit the hydraulic project permit application to the ~~((hydraulic appeals))~~ board for approval.

**Sec. 603.** RCW 77.55.090 and 2000 c 107 s 15 are each amended to read as follows:

When reviewing a mitigation plan under ~~((RCW 77.55.100 or 77.55.110))~~ section 201 of this act, the department shall, at the request of the project proponent, follow the guidance contained in RCW 90.74.005 through 90.74.030.

**Sec. 604.** RCW 77.55.120 and 2000 c 107 s 17 are each amended to read as follows:

Whenever the placement of woody debris is required as a condition of a ~~((hydraulic))~~ permit ~~((approval))~~ issued ~~((pursuant to RCW 77.55.100 or 77.55.110))~~ under section 201 of this act, the department, upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant.

**Sec. 605.** RCW 77.55.250 and 2000 c 107 s 21 are each amended to read as follows:

The department may not require mitigation for adverse impacts on fish life or habitat that occurred at the time a wetland was filled, if the wetland was filled ~~((under the provisions of RCW 75.20.300))~~ prior to 1995 for flood control and dredging projects located in the Cowlitz river from mile twenty-two to the confluence with the Columbia river, and in the Toutle river from the mouth to the North Fork Toutle sediment dam site at North Fork mile twelve, and to river mile three on the South Fork Toutle river, and volcano-affected areas of the Columbia river.

## PART 7 PENALTIES

**Sec. 701.** RCW 77.55.140 and 2000 c 107 s 19 are each amended to read as follows:

(1) The department may levy civil penalties of up to one hundred dollars per day for violation of any provisions of ~~((RCW 77.55.100 or 77.55.110))~~ section 201 of this act. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director or the director's designee describing the violation.

(2) Any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director. Appeals shall be filed within thirty days of receipt of notice imposing any penalty.

(3) The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

## PART 8 APPEALS

**NEW SECTION. Sec. 801.** (1) An expedited dispute resolution process is created to resolve disputes regarding permits issued or denied under this chapter. The expedited dispute resolution process may be initiated by a project applicant at any point prior to issuance or denial of the final permit. The forty-five day period for permit issuance or denial shall not be suspended while the dispute is resolved.

(2) When a project applicant requests the expedited dispute resolution process, the department must convene an expedited dispute resolution process committee within fourteen days. The expedited dispute resolution process committee consists of four members:

- (a) The project contractor or engineer;
- (b) A department engineer;
- (c) The department's regional program manager; and
- (d) An engineer or public works official designated by the local government with jurisdiction over the project.

(3) The expedited dispute resolution process committee must conduct a project review to determine whether the conditions in the proposed permit are reasonable and necessary to protect fish life. By majority vote, the committee may accept the permit conditions, reject the permit conditions and return the permit to the department for subsequent review, or determine alternative conditions to be included in the final permit.

(4) The department must provide to each project applicant notice of the applicant's right to an expedited dispute resolution process, and the procedures for informal and formal appeal. This information must also include:

- (a) Contact information for the department employee who will be reviewing the project;
- (b) Contact information for the department's regional program manager responsible for overseeing the regional hydraulic project activities at any point prior to the approval or denial of a permit;
- (c) The proper address to which requests for expedited dispute resolution must be sent; and
- (d) The proper address to which informal or formal appeals must be sent.

**NEW SECTION. Sec. 802.** (1) Issuance, denial, conditioning, or modification of a permit is appealable to the board within thirty days of the notice of decision.

(2) The burden of proof shall be upon the department to show that the denial or conditioning of a permit is solely aimed at the protection of fish life.

**Sec. 803.** RCW 77.55.170 and 2000 c 107 s 20 are each amended to read as follows:

(1) There is (~~hereby~~) created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board (~~shall~~) consists of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department (~~whose action is appealed under subsection (6) of this section~~). A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it (~~and that~~). The finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a (~~hydraulic approval~~) permit issued by the department (~~(a) Under the authority granted in RCW 77.55.110 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; or (b) under the authority granted in RCW 77.55.230 for off-site mitigation proposals~~).

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a (~~hydraulic approval pursuant to RCW 77.55.110~~) permit under section 201 of this act may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of (~~such approval~~) the permit.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

**Sec. 804.** RCW 77.55.180 and 1995 c 382 s 7 are each amended to read as follows:

(1) In all appeals, the ((hydraulic appeals)) board shall have all powers relating to administration of oaths, issuance of subpoenas, and taking of depositions, but such powers shall be exercised in conformity with chapter 34.05 RCW.

## **PART 9 FISHWAYS, FLOW, AND SCREENING**

**Sec. 901.** RCW 77.55.040 and 1998 c 190 s 85 are each amended to read as follows:

(1) A diversion device used for conducting water from a lake, river, or stream for any purpose shall be equipped with a fish guard approved by the director to prevent the passage of fish into the diversion device. The fish guard shall be maintained at all times when water is taken into the diversion device. The fish guards shall be installed at places and times prescribed by the director upon thirty days' notice to the owner of the diversion device.

(2) Each day the diversion device is not equipped with an approved fish guard is a separate offense. If within thirty days after notice to equip a diversion device the owner fails to do so, the director may take possession of the diversion device and close the device until it is properly equipped. Expenses incurred by the department constitute the value of a lien upon the diversion device and upon the real and personal property of the owner. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the action is taken.

**Sec. 902.** RCW 77.55.050 and 1993 sp.s. c 2 s 29 are each amended to read as follows:

It is the policy of this state that a flow of water sufficient to support game fish and food fish populations be maintained at all times in the streams of this state.

The director of ecology shall give the director notice of each application for a permit to divert or store water. The director has thirty days after receiving the notice to state his or her objections to the application. The permit shall not be issued until the thirty-day period has elapsed.

The director of ecology may refuse to issue a permit if, in the opinion of the director of ecology, issuing the permit might result in lowering the flow of water in a stream below the flow necessary to adequately support food fish and game fish populations in the stream.

The provisions of this section shall in no way affect existing water rights.

**Sec. 903.** RCW 77.55.060 and 1998 c 190 s 86 are each amended to read as follows:

(1) A dam or other obstruction across or in a stream shall be provided with a durable and efficient fishway approved by the director. Plans and specifications shall be provided to the department prior to the director's approval. The fishway shall be maintained in an effective condition and continuously supplied with sufficient water to freely pass fish.

(2) If a person fails to construct and maintain a fishway or to remove the dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice to comply has been served upon the owner, his or her agent, or the person in charge, the director may construct a fishway or remove the dam or obstruction. Expenses incurred by the department constitute the value of a lien upon the dam and upon the personal property of the person owning the dam. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the dam or obstruction is situated. The lien may be foreclosed in an action brought in the name of the state.

(3) If, within thirty days after notice to construct a fishway or remove a dam or obstruction, the owner, his or her agent, or the person in charge fails to do so, the dam or obstruction is a public nuisance and the director may take possession of the dam or obstruction and destroy it. No liability shall attach for the destruction.

**Sec. 904.** RCW 77.55.320 and 2001 c 253 s 48 are each amended to read as follows:

(1) A person shall not divert water from a lake, river, or stream containing game fish unless the water diversion device is equipped at or near its intake with a fish guard or screen to prevent the passage of game fish into the device and, if necessary, with a means of returning game fish from immediately in front of the fish guard

or screen to the waters of origin. A person who was, on June 11, 1947, otherwise lawfully diverting water from a lake, river, or stream shall not be deemed guilty of a violation of this section.

(2) Plans for the fish guard, screen, and bypass shall be approved by the director prior to construction. The installation shall be approved by the director prior to the diversion of water.

(3) The director or the director's designee may close a water diversion device operated in violation of this section and keep it closed until it is properly equipped with a fish guard, screen, or bypass.

**Sec. 1003.** RCW 76.09.050 and 2002 c 121 s 1 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, (~~RCW 77.55.100~~) section 201 of this act;

(c) Within "shorelines of the state" as defined in RCW 90.58.030;

(d) Excluded from Class II by the board; or

(e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, (d) involving timber harvesting or road construction on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides: (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or (ii) a conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and

directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

**Sec. 1004.** RCW 77.12.865 and 2002 c 20 s 2 are each amended to read as follows:

(1) As used in this section and RCW 77.12.870, "derelict fishing gear" includes lost or abandoned fishing nets, fishing lines, crab pots, shrimp pots, and other commercial and recreational fishing equipment. The term does not include lost or abandoned vessels.

(2) The department, in partnership with the Northwest straits commission, the department of natural resources, and other interested parties, must publish guidelines for the safe removal and disposal of derelict fishing gear. The guidelines must be completed by August 31, 2002, and made available to any person interested in derelict fishing gear removal.

(3) Derelict fishing gear removal conducted in accordance with the guidelines prepared in subsection (2) of this section is not subject to permitting under (~~RCW 77.55.100~~) section 201 of this act.

**"NEW SECTION. Sec. 1.** A new section is added to chapter 59.18 RCW to read as follows:

(1) For the purpose of this section, "drug and alcohol free housing" requires a rental agreement and means a dwelling in which:

(a) Each of the dwelling units on the premises is occupied or held for occupancy by at least one tenant who is a recovering alcoholic or drug addict and is participating in a program of recovery;

(b) The landlord is a nonprofit corporation incorporated under Title 24 RCW, a corporation for profit incorporated under Title 23B RCW, or a housing authority created under chapter 35.82 RCW;

(c) The landlord provides:

(i) A drug and alcohol free environment, covering all tenants, employees, staff, agents of the landlord, and guests;

(ii) An employee who monitors the tenants for compliance with the requirements of (d) of this subsection;

(iii) Individual and group support for recovery; and

(iv) Access to a specified program of recovery; and

(d) The rental agreement is in writing and includes the following provisions:

(i) The tenant may not use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, either on or off the premises;

(ii) The tenant may not allow the tenant's guests to use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, on the premises;

(iii) The tenant must participate in a program of recovery, which specific program is described in the rental agreement;

(iv) On at least a quarterly basis the tenant must provide written verification from the tenant's program of recovery that the tenant is participating in the program of recovery and the tenant has not used alcohol or illegal drugs;

(v) The landlord has the right to require the tenant to take a urine analysis test regarding drug or alcohol usage, at the landlord's discretion and expense; and

(vi) The landlord has the right to terminate the tenant's tenancy by delivering a three-day notice to terminate with one day to comply, if a tenant living in drug and alcohol free housing uses, possesses, or shares alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription.

(2) For the purpose of this section, "program of recovery" means a verifiable program of counseling and rehabilitation treatment services, including a written plan, to assist recovering alcoholics or drug addicts to recover from their addiction to alcohol or illegal drugs while living in drug and alcohol free housing. A "program of recovery" includes Alcoholics Anonymous, Narcotics Anonymous, and similar programs.

The

notice must specify the acts constituting the drug or alcohol violation and must state that the rental agreement terminates in not less than three days after delivery of the notice, at a specified date and time. The notice must also state that the tenant can cure the drug or alcohol violation by a change in conduct or otherwise within one day after delivery of the notice. If the tenant cures the violation within the one-day period, the rental agreement does not terminate. If the tenant does not cure the violation within the one-day period, the rental agreement terminates as provided in the notice. If substantially the same act that constituted a prior drug or alcohol violation of which notice was given reoccurs within six months, the landlord may terminate the rental agreement upon at least three days' written notice specifying the violation and the date and time of termination of the rental agreement. The tenant does not have a right to cure this subsequent violation.

(4) Notwithstanding subsections (1), (2), and (3) of this section, housing that is occupied on other than a transient basis by persons who are required to abstain from possession or use of alcohol or drugs as a condition of occupancy and who pay for the use of the housing on a periodic basis, without regard to whether the payment is characterized as rent, program fees, or other fees, costs, or charges, are covered by this chapter."

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed

by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources (~~other than state funds~~), the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders in the state of Washington.

(i) For level III offenders, the web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(ii) For level II offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county- operated web sites that offer sex offender registration information.

(6) A local law enforcement agency may post level II and level III community notification bulletins on the agency's web site for sex offenders residing within the agency's jurisdiction.

(7) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

~~((7))~~ (8) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

~~((8))~~ (9) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

~~((9))~~ (10) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

~~((10))~~ (11) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee ~~((of for))~~ or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs."

(2) Any person who violates this section commits a traffic infraction.

(3) This section does not prevent local authorities, with respect to streets and highways under their jurisdiction and within the reasonable exercise of their police power, from regulating the operation of neighborhood electric vehicles on streets and highways under their jurisdiction, including the prohibition of neighborhood electric vehicles on certain streets and highways, by resolution or ordinance of the governing body, if the regulation is consistent with the provisions of this title, except that:

(a) Local authorities may not authorize the operation of neighborhood electric vehicles on streets and highways that are part of the state highway system subject to the provisions of Title 47 RCW; and

(b) Local authorities are prohibited from establishing any requirements for the registration and licensing of neighborhood electric vehicles.

**Sec. 5.** RCW 46.61.688 and 2002 c 328 s 2 are each amended to read as follows:

This section does not apply to a vehicle occupant for whom no safety belt is available when all designated seating positions as required by federal motor vehicle safety standard 208 are occupied.

(3) Every person sixteen years of age or older operating or riding in a motor vehicle shall wear the safety belt assembly in a properly adjusted and securely fastened manner.

(4) No person may operate a motor vehicle unless all child passengers under the age of sixteen years are either: (a) Wearing a safety belt assembly or (b) are securely fastened into an approved child restraint device.

(5) A person violating this section shall be issued a notice of traffic infraction under chapter 46.63 RCW. A finding that a person has committed a traffic infraction under this section shall be contained in the driver's abstract but shall not be available to insurance companies or employers.

(6) Failure to comply with the requirements of this section does not constitute negligence, nor may failure to wear a safety belt assembly be admissible as evidence of negligence in any civil action.

**Sec. 6.** RCW 46.61.687 and 2000 c 190 s 2 are each amended to read as follows:

(1) Whenever a child who is less than sixteen years of age is being transported in a motor vehicle that is in operation and that is required by RCW 46.37.510 to be equipped with a safety belt system in a passenger seating position, or is being transported in a neighborhood electric vehicle that is in operation, the driver of the vehicle shall keep the child properly restrained as follows:

(a) If the child is less than six years old and/or sixty pounds and the passenger seating position equipped with a safety belt system allows sufficient space for installation, then the child will be restrained in a child restraint system that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system;

(b) If the child is less than one year of age or weighs less than twenty pounds, the child shall be properly restrained in a rear-facing infant seat;

(c) If the child is more than one but less than four years of age or weighs less than forty pounds but at least twenty pounds, the child shall be properly restrained in a forward facing child safety seat restraint system;

(d) If the child is less than six but at least four years of age or weighs less than sixty pounds but at least forty pounds, the child shall be properly restrained in a child booster seat;

(e) If the child is six years of age or older or weighs more than sixty pounds, the child shall be properly restrained with the motor vehicle's safety belt properly adjusted and fastened around the child's body or an appropriately fitting booster seat; and

(f) Enforcement of (a) through (e) of this subsection is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a forward facing child safety seat must ensure that the seat in use is equipped with a four-point shoulder harness system. The visual inspection for usage of a booster seat must ensure that the seat belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. The visual inspection for the usage of a seat belt by a child must ensure that the lap belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. In determining violations, consideration to the above criteria must be given in conjunction with the provisions of (a) through (e) of this subsection. The driver of a vehicle transporting a child who is under the age of six years old or weighs less than sixty pounds, when the vehicle is equipped with a passenger side air bag supplemental restraint system, and the air bag system is activated, shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) A person violating subsection (1)(a) through (e) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child passenger restraint system or a child booster seat, as appropriate, within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(3) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian; nor shall failure to use a child restraint system be admissible as evidence of negligence in any civil action.

(4) This section does not apply to: (a) For hire vehicles, (b) vehicles designed to transport sixteen or less passengers, including the driver, operated by auto transportation companies, as defined in RCW 81.68.010, (c) vehicles providing customer shuttle service between parking, convention, and hotel facilities, and airport terminals, and (d) school buses.

(6) The requirements of subsection (1)(a) through (e) of this section do not apply in any seating position where there is only a lap belt available and the child weighs more than forty pounds.

SSB 5474 Prime Sponsor, Senate Committee On Children & Family Services & Corrections: Creating a kinship caregiver's authorization affidavit. Reported by Committee on Children & Family Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature to assist children in the care of kin to access appropriate medical and education services. Children being raised by kin have faced barriers to medical care and school attendance because their kinship caregivers have not been able to verify that they are the identified primary caregivers of these children. Such barriers pose an especially significant challenge to kinship caregivers in dealing with school officials and health professionals when children are left in their care with little warning. To assist kinship caregivers in executing adequate and appropriate decisions regarding the educational and medical needs of a child in their care, a kinship caregiver's authorization affidavit is hereby created.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.13 RCW to read as follows:  
Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 2 through 5 of this act.

(1) "Kinship caregiver" means a person eighteen years of age or older who provides kinship care services to a child who resides with the caregiver and to whom the child is related by blood, adoption, marriage, or former marriage, including a brother, sister, stepbrother, stepsister, half-brother, half-sister, uncle, aunt, niece, nephew, first cousin, or any person denoted by the prefix "grand" or "great."

(2) "Kinship care services" means parent-like services and support provided to a child by a kinship caregiver.

(3) For a child defined as an "Indian child" under the federal Indian child welfare act, 25 U.S.C. Sec. 1901 et seq., the definition of "extended family member" under the federal Indian child welfare act shall apply.

**NEW SECTION. Sec. 3.** A new section is added to chapter 74.13 RCW to read as follows:

(1) A kinship caregiver who completes items 1 through 10 of the affidavit provided in section 5 of this act and signs the affidavit is authorized to enroll a child in school and consent to school-related medical care on behalf of the child in his or her care.

(2) A kinship caregiver who completes item 11 of the affidavit provided in section 5 of this act and signs the affidavit is authorized to consent, on behalf of the child in his or her care, to dental care and such medical care as necessary to preserve the life or health of the child.

(3) The affidavit shall not be valid if a kinship caregiver is unlawfully harboring a minor, pursuant to RCW 13.32A.080.

(4) The affidavit shall be in effect for twelve months after the date on which it is executed, and renewable every twelve months thereafter.

(5) The authority of a kinship caregiver to consent to or to refuse medical or dental care for a child is subordinate to any decision of the parent or other person having legal custody of the child, provided the decision of the parent or other person having legal custody of the child does not jeopardize the life, health, or safety of the child.

**NEW SECTION. Sec. 4.** A new section is added to chapter 74.13 RCW to read as follows:

(1) A person who acts in good faith reliance on a kinship caregiver's authorization affidavit, provided in section 5 of this act, to provide education services or medical or dental care, without actual knowledge of facts contrary to those stated on the affidavit, is not subject to criminal liability or to civil liability to any person, and is not subject to professional disciplinary action, for such good faith reliance if the applicable portions of the affidavit are completed. This section applies even if education services or medical or dental care are provided to a child in contravention of the wishes of the parent or other person having legal custody of the child as long as the person providing the education services or medical or dental care has no actual knowledge of the wishes of the parent or other person having legal custody of the child.

(2) A person who relies on the affidavit has no obligation to make any further inquiry or investigation.

(3) Nothing in this section relieves any person from liability for violations of other provisions of law.

(4) If the child ceases to reside with the kinship caregiver, the kinship caregiver shall notify within three days, excluding weekends and holidays, any and every school, health care provider, carrier, or other person or entity to whom the kinship caregiver has provided the affidavit that the child no longer resides with the caregiver. No further consent to school enrollment or medical care shall be given by the former kinship caregiver once the child ceases to reside with the former caregiver.

**NEW SECTION. Sec. 5.** A new section is added to chapter 74.13 RCW to read as follows:

The kinship caregiver's authorization affidavit must be in substantially the following form:

MAJORITY recommendation: Do pass as amended.

"NEW SECTION. Sec. 1. A new section is added to chapter 64.36 RCW to read as follows:

(1) An effective registration pursuant to this chapter is required for any party to offer to sell a timeshare interest. A promoter who offers to sell or sells revocable timeshare interests in incomplete projects or facilities is limited by and must comply with all of the requirements of RCW 64.36.025. If a promoter seeks to enter into irrevocable purchase agreements with purchasers for timeshare interests in incomplete projects or facilities, the promoter must meet the requirements in this section in addition to RCW 64.36.020 and the following limitations and conditions apply:

(a) The promoter is limited to offering or selling only fee simple deeded timeshare interests;

(b) Construction on the project must have begun by the time the irrevocable purchase agreement is signed, and the purchaser must have the right to occupy the unit and use all contracted for amenities no later than within two years of the date that the irrevocable purchase agreement is signed;

(c) The promoter must establish an independent third-party escrow account for the purpose of protecting the funds or other property paid, pledged, or deposited by purchasers;

(d) The promoter's solicitations, advertisements, and promotional materials must clearly and conspicuously disclose that "THE PROJECT IS NOT YET COMPLETED; IT IS STILL UNDER CONSTRUCTION"; and

(e) The promoter's solicitations, advertisements, and promotional materials and the timeshare interest purchase agreement must clearly and conspicuously provide for and disclose the last possible estimated date for completion of construction of any building(s) the promoter is contractually obligated to the purchaser to complete.

(2) The timeshare interest purchase agreement must contain the following language in fourteen-point bold face type: "If the building in which the timeshare interest is located and all contracted for amenities are not completed by [estimated date of completion], the purchaser has the right to void the purchase agreement and is entitled to a full, unqualified refund of all moneys paid."

(3) One hundred percent of all funds or other property that is received from or on behalf of purchasers of timeshare interests prior to the occurrence of events required in this section must be deposited pursuant to a third-party escrow agreement approved by the director. For purposes of this section, "purchasers" includes all persons solicited, offered, or who purchase a timeshare interest by the promoter within the state of Washington. An escrow agent shall maintain the account only in such a manner as to be under the direct supervision and control of the escrow agent. The escrow agent has a fiduciary duty to each purchaser to maintain the escrow accounts in accordance with good accounting practices and to release the purchaser's funds or other property from escrow only in accordance with this chapter. Should the escrow agent receive conflicting demands for funds or property held in escrow, the escrow agent shall immediately notify the department of licensing of the dispute and the department shall determine if and how the funds should be distributed. If the purchaser, promoter, or escrow agent disagrees with the department's determination, the parties have the right to request an administrative

hearing under chapter 34.05 RCW. Funds may be released from the escrow account to the purchaser if the purchaser cancels within the cancellation period, or to the promoter only when all three of the following conditions occur:

- (a) The purchaser's cancellation period has expired;
- (b) Closing has occurred; and
- (c) Construction is complete and the building is ready to occupy.

(4) In lieu of depositing purchaser funds into an escrow account, the promoter may post with the department a bond in an amount equal to or greater than the amount that would otherwise be required to be placed into the escrow account.

(5) Any purchaser has the right to void the timeshare purchase agreement and request a full, unqualified refund if construction of the building in which the timeshare interest is located or all contracted for amenities are not completed within two years from the date that the irrevocable purchase agreement is signed or by the last estimated date of construction contained in the irrevocable purchase agreement, whichever is earlier.

(6) If the completed timeshare building or contracted for amenities are materially and adversely different from the building or amenities that were promised to purchasers at the time that the purchase agreements were signed, the director may declare any or all of the purchaser contracts void. Before declaring the contracts void, the director shall give the promoter the opportunity for a hearing in accordance with chapters 34.05 and 18.235 RCW.

(7) If the promoter intends to or does pledge or borrow against funds or properties, which are held in escrow or protected by a bond, to help finance in whole or in part the construction of the timeshare project or to help pay for operating costs, this must be fully, plainly, and conspicuously disclosed in all written advertising, in all written solicitations for the sale of the timeshare interests, in the registration with the director, and in the purchase agreement or contract.

(8) A promoter who obtains an effective registration for a revocable timeshare interest reservation must meet the requirements of this section in order to complete an irrevocable purchase agreement."

Sec. 1.** The legislature finds that the use of anatomical gifts, including the donation of organ or tissue, for the purpose of transplantation is of great interest to the citizens of Washington state and may save or prolong the life or improve the health of extremely ill and dying persons.

The legislature further finds that more than eighty thousand people are currently waiting for life-saving organ transplants on the national transplant waiting list. More than one thousand two hundred of these people are listed at Washington state transplant centers. Nationally, seventeen people die each day as a result of the shortage of donated organs.

The creation of a statewide organ and tissue donor registry is crucial to facilitate timely and successful organ and tissue procurement. The legislature further finds that continuing education as to the existence and maintenance of a statewide organ and tissue donor registry is in the best interest of the people of the state of Washington.

**Sec. 2.** RCW 68.50.530 and 1996 c 178 s 15 are each amended to read as follows:

Unless the context requires otherwise, the definitions in this section apply throughout RCW 68.50.520 through ~~((68.50.630))~~ 68.50.620, sections 3 and 7 of this act, and 68.50.901 through 68.50.904.

**NEW SECTION. Sec. 3.** A new section is added to chapter 68.50 RCW to read as follows:

(1) The department of licensing shall electronically transfer all information that appears on the front of a driver's license or identicard including the name, gender, date of birth, and most recent address of any person who obtains a driver's license or identicard and volunteers to donate organs or tissue upon death to any Washington state organ procurement organization that intends to establish a statewide organ and tissue donor registry as provided under subsection (2) of this section. All subsequent electronic transfers of donor information shall be at no charge to this Washington state organ procurement organization.

(2) Information obtained by a Washington state organ procurement organization under subsection (1) of this section shall be used for the purpose of establishing a statewide organ and tissue donor registry accessible to in-state recognized cadaveric organ and cadaveric tissue agencies for the recovery or placement of organs and tissue and to procurement agencies in another state when a Washington state resident is a donor of an anatomical gift and is not located in this state at the time of death or immediately before the death of the donor. Any registry created using information acquired under subsection (1) of this section must include all residents of Washington state regardless of their residence within the service area designated by the federal government.

(3) No organ or tissue donation organization may obtain information from the organ and tissue donor registry for the purposes of fund raising. Organ and tissue donor registry information may not be further disseminated unless authorized in this section or by federal law. Dissemination of organ and tissue donor registry information may be made by a Washington state organ procurement organization to another Washington state organ procurement organization, a recognized in-state procurement agency for other tissue recovery, or an out-of-state federally designated organ procurement organization that has been designated by the United States department of health and human services to serve an area outside Washington.

(4) A Washington state organ procurement organization may acquire donor information from sources other than the department of licensing.

(5) All reasonable costs associated with the creation of an organ and tissue donor registry shall be paid by the Washington state organ procurement organization that has requested the information. The reasonable costs associated with the initial installation and setup for electronic transfer of the donor information at the department of licensing shall be paid by the Washington state organ procurement organization that requested the information.

(6) An individual does not need to participate in the organ and tissue donor registry to be a donor of organs or tissue. The registry is to facilitate organ and tissue donations and not inhibit persons from being donors upon death.

**Sec. 4.** RCW 68.50.540 and 1995 c 132 s 1 are each amended to read as follows:

(1) An individual who is at least eighteen years of age, or an individual who is at least sixteen years of age as provided in subsection (12) of this section, may (a) make an anatomical gift for any of the purposes stated in RCW 68.50.570(1), (b) limit an anatomical gift to one or more of those purposes, or (c) refuse to make an anatomical gift.

(2) An anatomical gift may be made by a document of gift signed by the donor. If the donor cannot sign, the document of gift must be signed by another individual and by two witnesses, all of whom have signed at the direction and in the presence of the donor and of each other and state that it has been so signed.

(3) If a document of gift is attached to or imprinted on a donor's motor vehicle operator's license, the document of gift must comply with subsection (2) of this section. Revocation, suspension, expiration, or cancellation of the license does not invalidate the anatomical gift.

(4) The donee or other person authorized to accept the anatomical gift may employ or authorize a physician, surgeon, technician, or enucleator to carry out the appropriate procedures.

(5) An anatomical gift by will takes effect upon death of the testator, whether or not the will is probated. If, after death, the will is declared invalid for testamentary purposes, the validity of the anatomical gift is unaffected.

(6)(a) A donor may amend or revoke an anatomical gift, not made by will, by:

~~((a))~~ (i) A signed statement;

~~((b))~~ (ii) An oral statement made in the presence of two individuals;

~~((c))~~ (iii) Any form of communication during a terminal illness or injury; or

~~((d))~~ (iv) The delivery of a signed statement to a specified donee to whom a document of gift had been delivered.

(b) A donor shall notify a Washington state organ procurement organization of the destruction, cancellation, or mutilation of the document of gift for the purpose of removing the person's name from the organ and tissue donor registry created in section 3 of this act. If the Washington state organ procurement organization that is notified does not maintain a registry for Washington residents, it shall notify all Washington state organ procurement organizations that do maintain such a registry.

(7) The donor of an anatomical gift made by will may amend or revoke the gift in the manner provided for amendment or revocation of wills, or as provided in subsection (6) of this section.

(8) An anatomical gift that is not revoked by the donor before death is irrevocable and does not require the consent or concurrence of a person after the donor's death.

(9) An individual may refuse to make an anatomical gift of the individual's body or part by (a) a writing signed in the same manner as a document of gift, (b) a statement attached to or imprinted on a donor's motor vehicle operator's license, or (c) another writing used to identify the individual as refusing to make an anatomical gift. During a terminal illness or injury, the refusal may be an oral statement or other form of communication.

(10) In the absence of contrary indications by the donor, an anatomical gift of a part is neither a refusal to give other parts nor a limitation on an anatomical gift under RCW 68.50.550.

(11) In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection (9) of this section.

(12) An individual who is under the age of eighteen, but is at least sixteen years of age, may make an anatomical gift as provided by subsection (2) of this section, if the document of gift is also signed by either parent or a guardian of the donor. A document of gift signed by a donor under the age of eighteen that is not signed by either parent or a guardian shall not be considered valid until the person reaches the age of eighteen, but may be considered as evidence that the donor has not refused permission to make an anatomical gift under the provisions of RCW 68.50.550.

**NEW SECTION. Sec. 5.** A new section is added to chapter 46.20 RCW to read as follows:

The department shall electronically transfer the information of all persons who upon application for a driver's license or identicaid volunteer to donate organs or tissue to a registry created in section 3 of this act, and any subsequent changes to the applicant's donor status when the applicant renews a driver's license or identicaid or applies for a new driver's license or identicaid.

**NEW SECTION. Sec. 6.** A new section is added to chapter 46.12 RCW to read as follows:

An applicant for a new or renewed registration for a vehicle required to be registered under this chapter or chapter 46.16 RCW may make a donation of one dollar or more to the organ and tissue donation awareness account to promote the donation of organs and tissues under the provisions of the uniform anatomical gift act, RCW 68.50.520 through 68.50.630. The department shall collect the donations and credit the donations to the organ and tissue donation awareness account, created in section 7 of this act. At least quarterly, the department shall transmit donations made to the organ and tissue donation awareness account to the foundation established for organ and tissue donation awareness purposes by the Washington state organ procurement organizations. All Washington state organ procurement organizations will have proportional access to these funds to conduct public education in their service areas. The donation of one or more dollars is voluntary and may be refused by the applicant. The department shall make available informational booklets or other informational sources on the importance of organ and tissue donations to applicants.

The department shall inquire of each applicant at the time the completed application is presented whether the applicant is interested in making a donation of one dollar or more and shall also specifically inform the applicant of the option for organ and tissue donations as required by RCW 46.20.113. The department shall also provide written information to each applicant volunteering to become an organ and tissue donor. The written information shall disclose that the applicant's name shall be transmitted to the organ and tissue donor registry created in section 3 of this act, and that the applicant shall notify a Washington state organ procurement organization of any changes to the applicant's donor status.

All reasonable costs associated with the creation of the donation program created under this section must be paid proportionally or by other agreement by a Washington state organ procurement organization.

For the purposes of this section, "reasonable costs" and "Washington state organ procurement organization" have the same meaning as defined in RCW 68.50.530.

**NEW SECTION. Sec. 7.** A new section is added to chapter 68.50 RCW to read as follows:

(1) The organ and tissue donation awareness account is created in the custody of the state treasurer. All receipts from donations made under section 6 of this act, and other contributions and appropriations specifically made for the purposes of organ and tissue donor awareness, shall be deposited into the account. Except as provided in subsection (2) of this section, expenditures from the account may be authorized by the director of the department of licensing or the director's designee and do not require an appropriation.

(2) The department of licensing shall submit a funding request to the legislature covering the reasonable costs associated with the ongoing maintenance associated with the electronic transfer of the donor information to the organ and tissue donor registry and the donation program established in section 6 of this act. The legislature shall appropriate to the department of licensing an amount it deems reasonable from the organ and tissue donation awareness account to the department of licensing for these purposes.

(3) At least quarterly, the department of licensing shall transmit any remaining moneys in the organ and tissue donation awareness account to the foundation established in section 6 of this act for the costs associated with educating the public about the organ and tissue donor registry and related organ and tissue donation education programs.

(4) Funding for donation awareness programs must be proportional across the state regardless of which Washington state organ procurement organization may be designated by the United States department of health

and human services to serve a particular geographic area. No funds from the account may be used to fund activities outside Washington state.

NEW SECTION. **Sec. 8.** Section 6 of this act takes effect with registrations that are due or become due January 1, 2004, or later."

(1) Upon every person engaging within this state in the business of manufacturing:

(a) Wheat into flour, barley into pearl barley, soybeans into soybean oil, canola into canola oil, canola meal, or canola byproducts, or sunflower seeds into sunflower oil; as to such persons the amount of tax with respect to such business shall be equal to the value of the flour, pearl barley, oil, canola meal, or canola byproduct manufactured, multiplied by the rate of 0.138 percent;

(b) Seafood products which remain in a raw, raw frozen, or raw salted state at the completion of the manufacturing by that person; as to such persons the amount of tax with respect to such business shall be equal to the value of the products manufactured, multiplied by the rate of 0.138 percent;

(d) Dairy products that as of September 20, 2001, are identified in 21 C.F.R., chapter 1, parts 131, 133, and 135, including byproducts from the manufacturing of the dairy products such as whey and casein; or selling the same to purchasers who transport in the ordinary course of business the goods out of state; as to such persons the tax imposed shall be equal to the value of the products manufactured multiplied by the rate of 0.138 percent. As proof of sale to a person who transports in the ordinary course of business goods out of this state, the seller shall annually provide a statement in a form prescribed by the department and retain the statement as a business record.

(2) Upon every person engaging within this state in the business of splitting or processing dried peas; as to such persons the amount of tax with respect to such business shall be equal to the value of the peas split or processed, multiplied by the rate of 0.138 percent.

If the activities are conducted both within and without this state, the amount of tax on such person shall be equal to the apportioned gross income of the business multiplied by the rate of .275 percent. The apportioned gross income shall be calculated by multiplying the apportionable income by a fraction, the numerator of which is the sum of the property factor, if any, the payroll factor, if any, and the sales factor, if any, and the denominator of which is three reduced by the number of factors that have a denominator of zero. The apportionment factors shall be calculated according to rules adopted by the department consistent with, but are not required to be identical to, the principles and concepts contained in chapter 82.56 RCW. The department shall work with affected industries to determine the appropriate methods for each factor in the apportionment formula, and may adopt a different apportionment formula for travel agents than for tour operators. If the provisions of this section do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition or the department may require the use of an alternative apportionment method, if reasonable, such as separate accounting, the exclusion of any one or more of the factors, or the inclusion of one or more additional factors. As used in this section, "apportionable income" means the gross income of the taxpayer, less applicable exemptions and deductions allowable under this chapter.

SSB 5520 Prime Sponsor, Senate Committee On Highways & Transportation: Authorizing the ferry system to use alternative public works contracting procedures. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 39.10.020 and 2001 c 328 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative public works contracting procedure" means the design-build and the general contractor/construction manager contracting procedures authorized in RCW 39.10.051 and 39.10.061, respectively.

(2) "Public body" means the state department of general administration; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every port district with total revenues greater than fifteen million dollars per year; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; ~~((and))~~ those school districts proposing projects that are considered and approved by the school district project review board under RCW 39.10.115; and the state ferry system.

(3) "Public works project" means any work for a public body within the definition of the term public work in RCW 39.04.010.

**Sec. 2.** RCW 39.10.051 and 2002 c 46 s 1 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the design-build procedure of public works contracting for public works projects authorized under this section: The state department of general administration; the state ferry system; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; and every port district with total revenues greater than fifteen million dollars per year. The authority granted to port districts in this section is in addition to and does not affect existing contracting authority under RCW 53.08.120 and 53.08.130. For the purposes of this section, "design-build procedure"

means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

(2) Public bodies authorized under this section may utilize the design-build procedure for public works projects valued over ten million dollars where:

(a) The construction activities or technologies to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; or  
(b) The project design is repetitive in nature and is an incidental part of the installation or construction;

or

(c) Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(3) Public bodies authorized under this section may also use the design-build procedure for the following projects that meet the criteria in subsection (2)(b) and (c) of this section:

(a) The construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost; or

(b) The construction of new student housing projects valued over five million dollars.

(4) Contracts for design-build services shall be awarded through a competitive process utilizing public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done, a notice of its request for proposals for design-build services and the availability and location of the request for proposal documents. The request for proposal documents shall include:

(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications, functional and operational elements, minimum and maximum net and gross areas of any building, and, at the discretion of the public body, preliminary engineering and architectural drawings;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. Evaluation factors shall include, but not be limited to: Proposal price; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected work loads of the firm; location; and the concept of the proposal;

(e) The form of the contract to be awarded;

(f) The amount to be paid to finalists submitting best and final proposals who are not awarded a design-build contract; and

(g) Other information relevant to the project.

(5) The public body shall establish a committee to evaluate the proposals based on the factors, weighting, and process identified in the request for proposals. Based on its evaluation, the public body shall select not fewer than three nor more than five finalists to submit best and final proposals. The public body may, in its sole discretion, reject all proposals. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection.

(a) Best and final proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for proposals. The public body may score the proposals using a system that measures the quality and technical merits of the proposal on a unit price basis. Final proposals may not be considered if the proposal cost is greater than the maximum allowable construction cost identified in the initial request for proposals. The public body shall initiate negotiations with the firm submitting the highest scored best and final proposal. If the public body is unable to execute a contract with the firm submitting the highest scored best and final proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing plans and specifications that adequately meet project requirements, the public body may award the contract to the firm that submits the responsive best and final proposal with the lowest price.

(6) The firm awarded the contract shall provide a performance and payment bond for the contracted amount. The public body shall provide appropriate honorarium payments to finalists submitting best and final proposals who are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects.

(7)(a) The authority provided to the state ferry system in this section is limited to projects concerning construction, renovation, preservation, demolition, and reconstruction of ferry terminals and associated land-based facilities.

(b) Before using the procedures outlined in this chapter for construction, renovation, or preservation projects, the state ferry system shall complete a request for proposal process to identify and select possible public or private partnerships in order to maximize the value of the project and the state's investment.

(i) The request for proposal shall consist of an open solicitation outlining functional specifications to be used as the basis for selecting partnerships in the project. Any responses to the request for proposal shall be evaluated, at a minimum, on the basis of compatibility with the state ferry system's core business, potential to maximize nonfarebox revenue, longevity of the possible partnership commitment, and benefit to the public users of the ferry system facilities.

(ii) If no responses are received, or those that are received are incompatible with ferry system operations, or do not meet the criteria stated in (b)(i) of this subsection, the state ferry system may proceed with the project while continuing to achieve state ferry system objectives without established partnerships.

**Sec. 3.** RCW 39.10.061 and 2002 c 46 s 2 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements; or

(b) The project involves construction at an existing facility which must continue to operate during construction; or

(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer's accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to self-perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county

in which the public work will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:

- (a) Adequate financial resources or the ability to secure such resources;
- (b) History of successful completion of a contract of similar type and scope;
- (c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;
- (d) Current and projected workload and the impact the project will have on the subcontractor's current and projected workload;
- (e) Ability to accurately estimate the subcontract bid package scope of work;
- (f) Ability to meet subcontract bid package shop drawing and other coordination procedures;
- (g) Eligibility to receive an award under applicable laws and regulations; and
- (h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder.

After publication of notice of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

- (7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:
  - (a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
  - (b) The bid opening is managed by the public body; and
  - (c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

(9) The authority provided to the state ferry system in this section is limited to projects concerning construction, renovation, preservation, demolition, and reconstruction of ferry terminals and associated land-based facilities."

SSB 5521 Prime Sponsor, Senate Committee On Health & Long-Term Care: Offering health insurance to small employers. Reported by Committee on Health Care

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.21.045 and 1995 c 265 s 14 are each amended to read as follows:

(1)(a) By January 1, 2004, an insurer offering any health benefit plan to a small employer shall offer and actively market to the small employer a single health benefit plan (providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan) featuring a limited schedule of covered health services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more (or less) comprehensive benefits than (the basic health plan, provided such plans are in accordance with this chapter) those included in the product offered under this subsection. Any health benefit plan offered by an insurer in addition to the plan offered under this subsection is subject to all requirements applicable to health benefit plans offered under this chapter. An insurer offering a health benefit plan (that does not include benefits in the basic health plan) under this subsection shall clearly disclose (these differences) all covered benefits to the small employer in a brochure approved by the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter (18.57 or 18.71 RCW but) 18.22, 18.57, or 18.71 RCW, a naturopath licensed under chapter 18.36A RCW, or a nurse licensed under chapter 18.79 RCW. The insurer may require that persons covered under this health benefit plan choose a single primary care practitioner for receipt of primary care services. The health benefit plan offered under this subsection is not subject to the requirements of RCW 48.21.130, ((48.21.140, 48.21.141,)) 48.21.142, 48.21.144, 48.21.146, ((48.21.160 through 48.21.197,)) 48.21.200, 48.21.220, ((48.21.225, 48.21.230, 48.21.235,)) 48.21.240, 48.21.244, 48.21.250, ((48.21.300,)) 48.21.310, ((or)) 48.21.320 (if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii)), or 48.43.045. If a health benefit plan offered under this subsection does not adhere to the requirements of RCW 48.43.045, the plan cannot offer services that would be within the permitted scope of practice of providers whose services would be covered but for the insurer's decision not to adhere to the requirements of RCW 48.43.045. The health benefit plan (is) authorized in this section may be offered to employers with not more than ((twenty-five)) fifty employees.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the ((basic health plan services)) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than ((four hundred twenty five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and)) three hundred seventy-five percent of the lowest rate for all age groups on January 1, 2000, and five hundred percent on January 1, 2004, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs ((not to exceed twenty percent)).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided

that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage.

(4) ~~((The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.))~~ Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "basic health plan," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

**Sec. 2.** RCW 48.44.023 and 1995 c 265 s 16 are each amended to read as follows:

**Sec. 4.** RCW 48.43.035 and 2000 c 79 s 24 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) Except as provided in subsection (2) of this section, all health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) A health carrier may require any sole proprietor or self-employed individual applying for a group health benefit plan to complete the standard health questionnaire designated under chapter 48.41 RCW. The exceptions to the health benefit questionnaire requirement provided in RCW 48.43.018(1) (a) through (c) apply to applications by sole proprietors or self-employed individuals for group health benefit plans.

(a) If, based upon the results of the standard health questionnaire, the sole proprietor or self-employed individual qualifies for coverage under the Washington state health insurance pool, the following apply:

(i) The carrier may decide not to accept the sole proprietor or self-employed individual's application for enrollment in its group health benefit plan; and

(ii) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the sole proprietor or self-employed individual's application for enrollment to both the sole proprietor or self-employed individual and the administrator of the Washington state health insurance pool. The notice to the sole proprietor or self-employed individual must state that the individual is eligible for health insurance provided by the Washington state health insurance pool, and must include information about the Washington state health insurance pool and an application for such coverage. If the carrier does not provide or postmark the notice within fifteen business days, the application is deemed approved.

(b) If the sole proprietor or self-employed individual applying for a group health benefit plan: (i) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (ii) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (iii) is not required to complete the standard health questionnaire under this subsection, the carrier shall accept the sole proprietor or self-employed individual for enrollment if he or she resides within the carrier's service area and provide or ensure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2).

(3) Except as provided in subsection ~~((5))~~ (6) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

~~((3))~~ (4) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the insurance commissioner;

(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;  
(f) Covered persons who materially breach the health plan; or  
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

~~((4) The provisions of)~~ (5) This section ~~((do))~~ does not apply in the following cases:

(a) A carrier has zero enrollment on a product; or

(b) For group health plans sold to groups other than small employer groups, a carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; or

(c) For group health plans offered to small employer groups, no sooner than October 1, 2003, a carrier discontinues offering a particular type of health benefit plan if: (i) The carrier provides notice to each group provided coverage of this type of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll in any other small employer group health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of individuals enrolled through the small employer group, individuals who may become eligible for such coverage, or the collective health status of groups enrolled in coverage of this type; or

(d) A carrier discontinues offering all small employer group health coverage in the state and discontinues coverage under all existing small employer group health benefit plans if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all small employer group health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered small employer group of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of the discontinuation and includes information in the notice that can help the small employer group identify alternative sources of coverage. In the case of discontinuation under this subsection, the carrier may not issue any small employer group health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (5) may be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or

(e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

~~((5))~~ (6) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 64.34 RCW to read as follows:

(1) The legislature finds, declares, and determines that:

(a) Washington's cities and counties under the growth management act are required to encourage urban growth in urban growth areas at densities that accommodate twenty-year growth projections;

(b) One of the growth management act's planning goals is to encourage the availability of affordable housing for all residents of the state and promote a variety of housing types;

(c) Quality condominium construction needs to be encouraged to achieve growth management act mandated urban densities and ensure that residents of the state, particularly in urban growth areas, have a broad range of ownership choices.

(2) It is the intent of the legislature that this act implement changes in the condominium act that encourage insurance carriers to provide liability insurance for condominium builders by: Providing for arbitration of disputes; ensuring that material facts and claims are presented as fully as possible in arbitration proceedings; confining judicial review of arbitration decisions to the arbitration record, except in very limited circumstances; requiring mandatory arbitration of disputes involving construction defects; and eliminating litigation over minor or insignificant problems, while continuing to protect consumers' legitimate claims regarding condominium construction.

(3) It is the further intent of the legislature that these changes in the condominium act ensure that a broad range of affordable homeownership opportunities continue to be available to the residents of the state and also assist cities' and counties' efforts to achieve the density mandates of the growth management act.

**Sec. 2.** RCW 64.34.100 and 1989 c 43 s 1-113 are each amended to read as follows:

(1) The remedies provided by this chapter shall be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. However, consequential, special, or punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.

(2) Any right or obligation declared by this chapter is enforceable by arbitration or judicial proceeding. Arbitration may be provided for in the declaration or by agreement of the parties. However, claims under RCW 64.34.443, 64.34.445, or 64.34.450 shall be subject to mandatory arbitration as set forth in this section. In any arbitration of claims under RCW 64.34.443, 64.34.445, or 64.34.450, the arbitrator may award reasonable attorneys' fees to the substantially prevailing party as set forth in this section.

(3) Mandatory arbitration for claims under RCW 64.34.443, 64.34.445, or 64.34.450 shall comply with the following minimum standards:

(a) All disputes shall be heard by one qualified arbitrator, unless the parties agree that three arbitrators shall be used. When three arbitrators are used, one shall be appointed by each of the disputing parties and the first two arbitrators shall appoint the third, who will chair the panel. If, within thirty days, the parties fail to agree on an arbitrator or the required number of arbitrators fail to be appointed, then an arbitrator shall be appointed by the presiding judge of the superior court of the county in which the condominium is located under RCW 7.04.050;

(b) An arbitrator must be a lawyer, retired judge, or have experience with construction and engineering standards and practices, written construction warranties, or construction dispute resolution and a person shall not serve as an arbitrator in any arbitration in which that person has any financial or personal interest;

(c) The arbitration hearing must be conducted in a manner that permits full, fair, and expeditious presentation of the case by both parties. The arbitrator shall be bound by the law of Washington state. Parties may be, but are not required to be, represented by attorneys. The arbitrator may permit discovery to ensure a fair hearing but may limit the scope or manner of discovery for good cause to avoid excessive delay and costs to the parties. Unless the parties agree otherwise or the arbitrator grants an extension for good cause, the arbitration hearing shall be completed within six months of the service of the list of defects in accordance with RCW 64.50.030;

(d) Except as otherwise set forth in this section, arbitration shall be conducted under chapter 7.04 RCW, unless the parties elect to use the condominium or construction dispute resolution rules of the American arbitration association, which are permitted to the extent not inconsistent with this section. The expenses of witnesses including expert witnesses shall be paid by the party producing the witnesses. Each party shall pay its own reasonable attorneys' fees unless the parties agree otherwise or unless the arbitrator awards reasonable attorneys' fees or any part thereof to any specified party or parties. All other expenses of arbitration shall be borne equally by the parties, unless they agree otherwise or unless the arbitrator awards such expenses or any part thereof to any specified party or parties; and

(e) Filing of a demand for arbitration commences an arbitration for purposes of RCW 64.34.452.

(4) Within twenty days after the arbitration decision and award is served on the parties, any aggrieved party may file with the clerk of the superior court in which the condominium is located a written notice of appeal and request for a trial in the superior court. Such a trial shall thereupon be held and shall include a right to a jury, if demanded. Such a trial shall be commenced on an expedited schedule within ninety days of the filing of the notice of appeal.

(a) Judicial review of an arbitration decision and award shall be confined to the record created by the arbitrator, except that, upon order of the court, the record may be supplemented by additional evidence or claim only if the additional evidence or claim relates to:

(i) Claims for disqualification of an arbitrator, when such claims were unknown to the appealing party at the time of arbitration;

(ii) Claims regarding matters that were improperly excluded from the arbitration record after being offered by the appealing party;

(iii) Claims regarding matters that were outside the jurisdiction of the arbitrator; or

(iv) Material facts regarding claims that have been arbitrated and that: (A) Were unknown at the time of the arbitration hearing by the party proposing their introduction where such a lack of knowledge was not the result of the party's prior refusal or failure to exercise reasonable diligence in the investigation of its claims or defenses; and (B) could not have been reasonably discovered at the time of arbitration where the failure to discover was not intentional or due to inexcusable neglect.

(b) Except when the court has authorized the record to be supplemented under this subsection (4), the parties may not conduct pretrial discovery. When pretrial discovery is permitted, the court shall, in its order regarding supplementing the record, establish the scope, timing, and extent of permissible discovery and shall require the moving party to disclose before trial the specific additional evidence they intend to offer.

(c) Offers of compromise and the assessment of costs and reasonable attorneys' fees shall be governed by RCW 7.06.050 and 7.06.060.

(d) The arbitration decision shall be in writing and must set forth findings of fact and conclusions of law that support the decision.

(e) Unless the parties agree otherwise, a complete verbatim record of the arbitration hearing shall be maintained that includes all exhibits offered by the parties. Video recording of the arbitration hearing is permissible only with the consent of the parties.

(f) Within forty-five days after entry of an order to submit the record, or within such other time as the court allows or as the parties agree, the arbitrator shall submit to the court a certified copy of the record for judicial review of the decision, except that the petitioner shall prepare at the petitioner's expense and submit the verbatim hearing record required under (e) of this subsection. If the parties agree, or upon order of the court, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the court. The petitioner shall pay the arbitrator the cost of preparing the record before the arbitrator submits the record to the court. Failure by the petitioner to timely pay the arbitrator relieves the arbitrator of responsibility to submit the record and is grounds for dismissal of the petition. If the relief sought by the petitioner is granted in whole or in part, the court shall equitably assess the costs of preparing the record among the parties. In assessing costs, the court shall take into account the extent to which each party prevailed and the reasonableness of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under this subsection (4)(f).

(g) Unless the parties agree otherwise, an appeal of an arbitrator's decision is an appeal of the full and complete decision.

(5) A declarant shall promptly amend the public offering statement to reflect any material change in the information required by this section.

**Sec. 5.** RCW 64.34.425 and 1992 c 220 s 23 are each amended to read as follows:

(1) Except in the case of a sale where delivery of a public offering statement is required, or unless exempt under RCW 64.34.400(2), a unit owner shall furnish to a purchaser before execution of any contract for sale of a unit, or otherwise before conveyance, a resale certificate, signed by an officer or authorized agent of the association and based on the books and records of the association and the actual knowledge of the person signing the certificate, containing:

(a) A statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration;

(b) A statement setting forth the amount of the monthly common expense assessment and any unpaid common expense or special assessment currently due and payable from the selling unit owner and a statement of any special assessments that have been levied against the unit which have not been paid even though not yet due;

(c) A statement, which shall be current to within forty-five days, of any common expenses or special assessments against any unit in the condominium that are past due over thirty days;

(d) A statement, which shall be current to within forty-five days, of any obligation of the association which is past due over thirty days;

(e) A statement of any other fees payable by unit owners;

(f) A statement of any anticipated repair or replacement cost in excess of five percent of the annual budget of the association that has been approved by the board of directors;

(g) A statement of the amount of any reserves for repair or replacement and of any portions of those reserves currently designated by the association for any specified projects;

(h) The annual financial statement of the association, including the audit report if it has been prepared, for the year immediately preceding the current year.

(i) A balance sheet and a revenue and expense statement of the association prepared on an accrual basis, which shall be current to within one hundred twenty days;

(j) The current operating budget of the association;

(k) A statement of any unsatisfied judgments against the association and the status of any pending suits or legal proceedings in which the association is a plaintiff or defendant;

(l) A statement describing any insurance coverage provided for the benefit of unit owners;

(m) A statement as to whether there are any alterations or improvements to the unit or to the limited common elements assigned thereto that violate any provision of the declaration;

(n) A statement of the number of units, if any, still owned by the declarant, whether the declarant has transferred control of the association to the unit owners, and the date of such transfer;

(o) A statement as to whether there are any violations of the health or building codes with respect to the unit, the limited common elements assigned thereto, or any other portion of the condominium;

(p) A statement of the remaining term of any leasehold estate affecting the condominium and the provisions governing any extension or renewal thereof; and

(q) A copy of the declaration, the bylaws, the rules or regulations of the association, and any other information reasonably requested by mortgagees of prospective purchasers of units. Information requested generally by the federal national mortgage association, the federal home loan bank board, the government national mortgage association, the veterans administration and the department of housing and urban development shall be deemed reasonable, provided such information is reasonably available to the association.

(2) The association, within ten days after a request by a unit owner, and subject to payment of any fee imposed pursuant to RCW 64.34.304(1)(1), shall furnish a resale certificate signed by an officer or authorized agent of the association and containing the information necessary to enable the unit owner to comply with this section. For the purposes of this chapter, a reasonable charge for the preparation of a resale certificate may not exceed one hundred fifty dollars. The association may charge a unit owner a nominal fee for updating a resale certificate within six months of the unit owner's request. The unit owner shall also sign the certificate but the unit owner is not liable to the purchaser for any erroneous information provided by the association and included in the certificate unless and to the extent the unit owner had actual knowledge thereof.

(3) A purchaser is not liable for any unpaid assessment or fee against the unit as of the date of the certificate greater than the amount set forth in the certificate prepared by the association unless and to the extent such purchaser had actual knowledge thereof. A unit owner is not liable to a purchaser for the failure or delay of the association to provide the certificate in a timely manner, but the purchaser's contract is voidable by the purchaser until the certificate has been provided and for five days thereafter or until conveyance, whichever occurs first.

**Sec. 6.** RCW 64.34.445 and 1992 c 220 s 26 are each amended to read as follows:

(1) A declarant and any dealer warrants that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear and damage by casualty or condemnation excepted.

(2)(a) A declarant and any dealer impliedly warrants that a unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:

- ~~((a))~~ (i) Free from defective materials; ~~(and~~  
~~(b))~~ (ii) Constructed in accordance with sound engineering and construction standards~~(, and)~~;  
(iii) Constructed in a workmanlike manner; and  
(iv) Constructed in compliance with all laws then applicable to such improvements.

(b) The implied warranty is applicable only if a failure under (a) of this subsection either does or will, or both: (i) Have a material adverse effect on the structural integrity of a unit or common element; (ii) result in a unit or common element being unsafe in any material respect when used for its intended purposes; (iii) substantially impair the sale of the unit if the defect were known; or (iv) materially impair the use of the unit or common element for its intended purpose.

(3) A declarant and any dealer warrants to a purchaser of a unit that may be used for residential use that an existing use, continuation of which is contemplated by the parties, does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(4) Warranties imposed by this section may be replaced, excluded, or modified as specified in RCW 64.34.450.

(5) For purposes of this section, improvements made or contracted for by an affiliate of a declarant, as defined in RCW 64.34.020(1), are made or contracted for by the declarant.

(6) Any conveyance of a unit transfers to the purchaser all of the declarant's implied warranties of quality, including as they may be replaced, excluded, or modified by an express written warranty as specified in RCW 64.34.450.

**Sec. 7.** RCW 64.34.450 and 1989 c 43 s 4-113 are each amended to read as follows:

(1) ~~((Except as limited by subsection (2) of this section))~~ For units intended for nonresidential use, implied warranties of quality:

(a) May be excluded or modified by written agreement of the parties; and

(b) Are excluded by written expression of disclaimer, such as "as is," "with all faults," or other language which in common understanding calls the buyer's attention to the exclusion of warranties.

(2) ~~((With respect to a purchaser of a unit that may be occupied))~~ For units intended for residential use, no ~~((general))~~ disclaimer of implied warranties of quality is effective, ~~((but a))~~ except that:

(a) A declarant ~~((and any))~~ or dealer may disclaim liability in an instrument signed by the purchaser for a specified defect or specified failure to comply with applicable law, if the specific defect or failure is known to exist at the time of disclosure and is disclosed in the public offering statement as required by RCW 64.34.410, or in another instrument signed by the buyer, and the disclaimer entered into and became a part of the basis of the bargain; and/or

(b) A declarant or dealer may replace or modify the implied warranties of quality provided under RCW 64.34.445 with an express written warranty of quality only if each of the following conditions are met:

(i) The express written warranty does not reduce protections provided to the purchaser by the implied warranty set forth in RCW 64.34.445;

(ii) The disclosure required by RCW 64.34.410(1)(z) is contained in a public offering statement as provided by RCW 64.34.410(3) and such disclosure is set forth in twelve-point bold face type in the declaration or amendment thereto;

(iii) The express written warranty is set forth in full in the declaration, an amendment to the declaration, or another recorded document; and

(iv) The unit purchaser who initially acquires the unit from the declarant expressly acknowledges in a recorded written conveyance or another recorded written instrument that the implied warranties of quality have been replaced or modified by the express written warranty.

**Sec. 8.** RCW 64.34.452 and 2002 c 323 s 11 are each amended to read as follows:

(1) A judicial proceeding or arbitration for breach of any obligations arising under RCW 64.34.443 ~~((and)),~~ 64.34.445, and 64.34.450 must be commenced within four years after the cause of action accrues: PROVIDED, That the period for commencing an action for a breach accruing pursuant to subsection (2)(b) of this section shall not expire prior to one year after termination of the period of declarant control, if any, under RCW 64.34.308(4). Such periods may not be reduced by either oral or written agreement, or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section.

(2) Subject to subsection (3) of this section, a cause of action or breach of warranty of quality, regardless of the purchaser's lack of knowledge of the breach, accrues:

(a) As to a unit, the date the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or the date of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and

(b) As to each common element, at the latest of (i) the date the first unit in the condominium was conveyed to a bona fide purchaser, (ii) the date the common element was completed, or (iii) the date the common element was added to the condominium.

(3) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

(4) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the statutes of limitation in this chapter and any applicable statutes of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.03.370 and 2002 c 329 s 10 are each amended to read as follows:

(1)(a) All applications for reservoir permits are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. The department may accept for processing a single application form covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:

(i) Development of storage facilities that will not require a new water right for diversion or withdrawal of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a reservoir where the water right for the source of the stored water authorizes the beneficial use.

(2)(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

(i) Aquifer vulnerability and hydraulic continuity;

(ii) Potential impairment of existing water rights;

(iii) Geotechnical impacts and aquifer boundaries and characteristics;

(iv) Chemical compatibility of surface waters and ground water;

(v) Recharge and recovery treatment requirements;

(vi) System operation;

(vii) Water rights and ownership of water stored for recovery; and

(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.

(3) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

(4) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

(5) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (3) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

(6) Where needed to ensure that existing storage capacity is effectively and efficiently used to meet multiple purposes, the department may authorize reservoirs to be filled more than once per year or more than once per season of use.

(7) This section does not apply to facilities to recapture and reuse return flow from irrigation operations serving a single farm under an existing water right as long as the acreage irrigated is not increased beyond the acreage allowed to be irrigated under the water right.

(8) In addition to the facilities exempted under subsection (7) of this section, this section does not apply to small irrigation impoundments. For purposes of this section, "small irrigation impoundments" means lined surface storage ponds less than ten acre feet in volume used to impound irrigation water under an existing water right where use of the impoundment: (a)(i) Facilitates efficient use of water; or (ii) promotes compliance with an approved recovery plan for endangered or threatened species; and (b) does not expand the number of acres irrigated or the annual consumptive quantity of water used. Such ponds must be lined unless a licensed engineer determines that a liner is not needed to retain water in the pond and to prevent ground water contamination. Although it may also be composed of other materials, a properly maintained liner may be composed of bentonite. Water remaining in a small irrigation impoundment at the end of an irrigation season may be carried over for use in the next season. However, the limitations of this subsection (8) apply. Development and use of a small irrigation impoundment does not constitute a change or amendment for purposes of RCW 90.03.380 or 90.44.055.

**Sec. 2.** RCW 90.03.380 and 2001 c 237 s 5 are each amended to read as follows:

(1) The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That the right may be transferred to another or to others and become appurtenant to any other land or place of use without loss

of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. A change in the place of use, point of diversion, and/or purpose of use of a water right to enable irrigation of additional acreage or the addition of new uses may be permitted if such change results in no increase in the annual consumptive quantity of water used under the water right. For purposes of this section, "annual consumptive quantity" means the estimated or actual annual amount of water diverted pursuant to the water right, reduced by the estimated annual amount of return flows, averaged over the two years of greatest use within the most recent five-year period of continuous beneficial use of the water right. Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therewith with the department, and the application shall not be granted until notice of the application is published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water.

(2) If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

(3) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights.

(4) This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

(5)(a) Pending applications for new water rights are not entitled to protection from impairment, injury, or detriment when an application relating to an existing surface or ground water right is considered.

(b) Applications relating to existing surface or ground water rights may be processed and decisions on them rendered independently of processing and rendering decisions on pending applications for new water rights within the same source of supply without regard to the date of filing of the pending applications for new water rights.

(c) Notwithstanding any other existing authority to process applications, including but not limited to the authority to process applications under WAC 173-152-050 as it existed on January 1, 2001, an application relating to an existing surface or ground water right may be processed ahead of a previously filed application relating to an existing right when sufficient information for a decision on the previously filed application is not available and the applicant for the previously filed application is sent written notice that explains what information is not available and informs the applicant that processing of the next application will begin. The previously filed application does not lose its priority date and if the information is provided by the applicant within sixty days, the previously filed application shall be processed at that time. This subsection (5)(c) does not affect any other existing authority to process applications.

(d) Nothing in this subsection (5) is intended to stop the processing of applications for new water rights.

(6) No applicant for a change, transfer, or amendment of a water right may be required to give up any part of the applicant's valid water right or claim to a state agency, the trust water rights program, or to other persons as a condition of processing the application.

(7) In revising the provisions of this section and adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised.

(8) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring a change or transfer of any existing water right to enable the holder of the right to store water governed by the right.

**Sec. 3.** RCW 90.44.100 and 1997 c 316 s 2 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public ground water as the original well or wells; (b) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public ground water as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right."

(2) Writs of garnishment may be issued in district court with like effect by the attorney of record for the judgment creditor, and the form of writ shall be substantially the same as when issued by the court except that it shall be subscribed only by the signature of such attorney.

(3) Except as otherwise provided in RCW 6.27.040 and 6.27.330, the superior courts and district courts of this state may issue prejudgment writs of garnishment to a plaintiff at the time of commencement of an action or at any time afterward, subject to the requirements of chapter 6.26 RCW.

**Sec. 2.** RCW 6.27.040 and 1987 c 442 s 1004 and 1987 c 202 s 134 are each reenacted and amended to read as follows:

(1) The state of Washington, all counties, cities, towns, school districts and other municipal corporations shall be subject to garnishment after judgment has been entered in the principal action, but not before, in the superior and district courts, in the same manner and with the same effect, as provided in the case of other garnishees.

**Sec. 3.** RCW 6.27.070 and 1987 c 442 s 1007 are each amended to read as follows:

(1) When application for a writ of garnishment is made by a judgment creditor and the requirements of RCW 6.27.060 have been complied with, the clerk shall docket the case in the names of the judgment creditor as plaintiff, the judgment debtor as defendant, and the garnishee as garnishee defendant, and shall immediately issue and deliver a writ of garnishment to the judgment creditor in the form prescribed in RCW 6.27.100, directed to the garnishee, commanding the garnishee to answer said writ on forms served with the writ and complying with RCW 6.27.190 within twenty days after the service of the writ upon the garnishee. The clerk shall likewise docket the case when a writ of garnishment issued by the attorney of record of a judgment creditor is filed. Whether a writ is issued by the clerk or an attorney, the clerk shall bear no responsibility for errors contained in the writ.

(2) The writ of garnishment shall be dated and attested as in the form prescribed in RCW 6.27.100. The name and office address of the plaintiff's attorney shall be indorsed thereon or, in case the plaintiff has no attorney, the name and address of the plaintiff shall be indorsed thereon. RCW 6.27.340(~~(=AND PROVIDED FURTHER, That)~~); and if the writ is not directed to an employer for the purpose of garnishing a defendant's earnings, the paragraph relating to the earnings exemption may be omitted and the paragraph relating to the deduction of processing fees may be omitted; and if the writ is issued by an attorney, the writ shall be revised as indicated in subsection (2) of this section:

The above-named plaintiff has applied for a writ of garnishment against you, claiming that the above-named defendant is indebted to plaintiff and that the amount to be held to satisfy that indebtedness is \$ . . . . ., consisting of:

	\$ . . . .
Balance on Judgment or Amount of Claim	
	\$ . . . .
Interest under Judgment from . . . . to . . . .	
	\$ . . . .
Taxable Costs and Attorneys' Fees

YOU ARE HEREBY COMMANDED, unless otherwise directed by the court, by the attorney of record for the plaintiff, or by this writ, not to pay any debt, whether earnings subject to this garnishment or any other debt, owed to the defendant at the time this writ was served and not to deliver, sell, or transfer, or recognize any sale or transfer of, any personal property or effects of the defendant in your possession or control at the time when this writ was served. Any such payment, delivery, sale, or transfer is void to the extent necessary to satisfy the plaintiff's claim and costs for this writ with interest.

YOU ARE FURTHER COMMANDED to answer this writ by filling in the attached form according to the instructions in this writ and in the answer forms and, within twenty days after the service of the writ upon you, to mail or deliver the original of such answer to the court, one copy to the plaintiff or the plaintiff's attorney, and one copy to the defendant, in the envelopes provided.

If, at the time this writ was served, you owed the defendant any earnings (that is, wages, salary, commission, bonus, or other compensation for personal services or any periodic payments pursuant to a nongovernmental pension or retirement program), the defendant is entitled to receive amounts that are exempt from garnishment under federal and state law. You must pay the exempt amounts to the defendant on the day you would customarily pay the compensation or other periodic payment. As more fully explained in the answer, the basic exempt amount is the greater of seventy-five percent of disposable earnings or a minimum amount determined by reference to the employee's pay period, to be calculated as provided in the answer. However, if this writ carries a statement in the heading that "This garnishment is based on a judgment or court order for child support," the basic exempt amount is forty percent of disposable earnings.

IF THIS IS A WRIT FOR A CONTINUING LIEN ON EARNINGS, YOU MAY DEDUCT A PROCESSING FEE FROM THE REMAINDER OF THE EMPLOYEE'S EARNINGS AFTER WITHHOLDING UNDER THIS WRIT. THE PROCESSING FEE MAY NOT EXCEED TWENTY DOLLARS FOR THE FIRST ANSWER AND TEN DOLLARS AT THE TIME YOU SUBMIT THE SECOND ANSWER.

If you owe the defendant a debt payable in money in excess of the amount set forth in the first paragraph of this writ, hold only the amount set forth in the first paragraph and any processing fee if one is charged and release all additional funds or property to defendant.

IF YOU FAIL TO ANSWER THIS WRIT AS COMMANDED, A JUDGMENT MAY BE ENTERED AGAINST YOU FOR THE FULL AMOUNT OF THE PLAINTIFF'S CLAIM AGAINST THE DEFENDANT WITH ACCRUING INTEREST, ATTORNEY FEES, AND COSTS WHETHER OR NOT YOU OWE ANYTHING TO THE DEFENDANT. IF YOU PROPERLY ANSWER THIS WRIT, ANY JUDGMENT AGAINST YOU WILL NOT EXCEED THE AMOUNT OF ANY NONEXEMPT DEBT OR THE VALUE OF ANY NONEXEMPT PROPERTY OR EFFECTS IN YOUR POSSESSION OR CONTROL.

JUDGMENT MAY ALSO BE ENTERED AGAINST THE DEFENDANT FOR COSTS AND FEES INCURRED BY THE PLAINTIFF.

**Sec. 5.** RCW 6.27.130 and 1988 c 231 s 27 are each amended to read as follows:

(1) When a writ is issued under a judgment, on or before the date of service of the writ on the garnishee, the judgment creditor shall mail or cause to be mailed to the judgment debtor, by certified mail, addressed to the last known post office address of the judgment debtor, (a) a copy of the writ and a copy of the ~~((judgment or, if it is a district court judgment, a copy of the))~~ judgment creditor's affidavit submitted in application for the writ, and (b) if the judgment debtor is an individual, the notice and claim form prescribed in RCW 6.27.140. In the alternative, on or before the day of the service of the writ on the garnishee or within two days thereafter, the

stated documents shall be served on the judgment debtor in the same manner as is required for personal service of summons upon a party to an action.

(2) The requirements of this section shall not be jurisdictional, but (a) no disbursement order or judgment against the garnishee defendant shall be entered unless there is on file the return or affidavit of service or mailing required by subsection (3) of this section, and (b) if the copies of the writ and judgment or affidavit, and the notice and claim form if the defendant is an individual, are not mailed or served as herein provided, or if any irregularity appears with respect to the mailing or service, the court, in its discretion, on motion of the judgment debtor promptly made and supported by affidavit showing that the judgment debtor has suffered substantial injury from the plaintiff's failure to mail or otherwise to serve such copies, may set aside the garnishment and award to the judgment debtor an amount equal to the damages suffered because of such failure.

(3) If the service on the judgment debtor is made by a sheriff, the sheriff shall file with the clerk of the court that issued the writ a signed return showing the time, place, and manner of service and that the copy of the writ was accompanied by a copy of a judgment or affidavit, and by a notice and claim form if required by this section, and shall note thereon fees for making such service. If service is made by any person other than a sheriff, such person shall file an affidavit including the same information and showing qualifications to make such service. If service on the judgment debtor is made by mail, the person making the mailing shall file an affidavit including the same information as required for return on service and, in addition, showing the address of the mailing and attaching the return receipt or the mailing should it be returned to the sender as undeliverable.

**Sec. 6.** RCW 6.27.140 and 1997 c 59 s 2 are each amended to read as follows:

(1) The notice required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in type no smaller than elite type:

#### NOTICE OF GARNISHMENT AND OF YOUR RIGHTS

A Writ of Garnishment issued ~~((by))~~ in a Washington court has been or will be served on the garnishee named in the attached copy of the writ. After receipt of the writ, the garnishee is required to withhold payment of any money that was due to you and to withhold any other property of yours that the garnishee held or controlled. This notice of your rights is required by law.

#### YOU HAVE THE FOLLOWING EXEMPTION RIGHTS:

**WAGES.** If the garnishee is your employer who owes wages or other personal earnings to you, your employer is required to pay amounts to you that are exempt under state and federal laws, as explained in the writ of garnishment. You should receive a copy of your employer's answer, which will show how the exempt amount was calculated. If the garnishment is for child support, the exempt amount paid to you will be forty percent of wages due you, but if you are supporting a spouse or dependent child, you are entitled to claim an additional ten percent as exempt.

**BANK ACCOUNTS.** If the garnishee is a bank or other institution with which you have an account in which you have deposited benefits such as Temporary Assistance for Needy Families, Supplemental Security Income (SSI), Social Security, veterans' benefits, unemployment compensation, or a United States pension, you may claim the account as fully exempt if you have deposited only such benefit funds in the account. It may be partially exempt even though you have deposited money from other sources in the same account. An exemption is also available under RCW 26.16.200, providing that funds in a community bank account that can be identified as the earnings of a stepparent are exempt from a garnishment on the child support obligation of the parent.

**OTHER EXEMPTIONS.** If the garnishee holds other property of yours, some or all of it may be exempt under RCW 6.15.010, a Washington statute that exempts up to five hundred dollars of property of your choice (including up to one hundred dollars in cash or in a bank account) and certain property such as household furnishings, tools of trade, and a motor vehicle (all limited by differing dollar values).

**HOW TO CLAIM EXEMPTIONS.** Fill out the enclosed claim form and mail or deliver it as described in instructions on the claim form. If the plaintiff does not object to your claim, the funds or other property that you have claimed as exempt must be released not later than 10 days after the plaintiff receives your claim form. If the plaintiff objects, the law requires a hearing

not later than 14 days after the plaintiff receives your claim form, and notice of the objection and hearing date will be mailed to you at the address that you put on the claim form.

THE LAW ALSO PROVIDES OTHER EXEMPTION RIGHTS. IF NECESSARY, AN ATTORNEY CAN ASSIST YOU TO ASSERT THESE AND OTHER RIGHTS, BUT YOU MUST ACT IMMEDIATELY TO AVOID LOSS OF RIGHTS BY DELAY.

(2) The claim form required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in type no smaller than elite type:

(1) A defendant may claim exemptions from garnishment in the manner specified by the statute that creates the exemption or by delivering to or mailing by first class mail to the clerk of the court out of which the writ was issued a declaration in substantially the following form or in the form set forth in RCW 6.27.140 and mailing a copy of the form by first class mail to the plaintiff or plaintiff's attorney at the address shown on the writ of garnishment, all not later than twenty-eight days after the date stated on the writ except that the time shall be extended to allow a declaration mailed or delivered to the clerk within twenty-one days after service of the writ on the garnishee if service on the garnishee is delayed more than seven days after the date of the writ.

(2) A plaintiff who wishes to object to an exemption claim must, not later than seven days after receipt of the claim, cause to be delivered or mailed to the defendant by first class mail, to the address shown on the exemption claim, a declaration by self, attorney, or agent, alleging the facts on which the objection is based, together with notice of date, time, and place of a hearing on the objection, which hearing the plaintiff must cause to be noted for a hearing date not later than fourteen days after the receipt of the claim. After a hearing on an objection to an exemption claim, the court shall award costs to the prevailing party and may also award an attorney's fee to the prevailing party if the court concludes that the exemption claim or the objection to the claim was not made in good faith. The defendant bears the burden of proving any claimed exemption, including the obligation to provide sufficient documentation to identify the source and amount of any claimed exempt funds.

(3) If the plaintiff elects not to object to the claim of exemption, the plaintiff shall, not later than ten days after receipt of the claim, obtain from the court and deliver to the garnishee an order directing the garnishee to release such part of the debt, property, or effects as is covered by the exemption claim. If the plaintiff fails to obtain and deliver the order as required or otherwise to effect release of the exempt funds or property, the defendant shall be entitled to recover fifty dollars from the plaintiff, in addition to actual damages suffered by the defendant from the failure to release the exempt property. The attorney of record for the plaintiff may, as an alternative to obtaining a court order releasing exempt funds, property, or effects, deliver to the garnishee and file with the court an authorization to release claimed exempt funds, property, or effects, signed by the attorney, in substantially the following form:

GARNISHMENT

Garnishee Defendant

SECTION I. On the date the writ of garnishment was issued ((by the court)) as indicated by the date appearing on the last page of the writ((, defendant (check one) . . . was . . . was not employed by garnishee; defendant (check one) . . . did . . . did not maintain a financial account with garnishee; and garnishee (check one) . . . did . . . did not have possession of or control over any funds, personal property, or effects of defendant.

At the time of service of the writ of garnishment on the garnishee there was due and owing from the garnishee to the above named defendant \$ . . . . . (On the reverse side of this answer form, or on an attached page, give an explanation of the dollar amount stated, or give reasons why there is uncertainty about your answer.)

If the above amount or any part of it is for personal earnings (that is, compensation payable for personal services, whether called wages, salary, commission, bonus, or otherwise, and including periodic payments pursuant to a pension or retirement program): Garnishee has deducted from this amount \$ . . . . . which is the exemption to which the defendant is entitled, leaving \$ . . . . . that garnishee holds under the writ. The exempt amount is calculated as follows:

Total compensation due defendant \$ . . . . .

LESS deductions for social security and withholding taxes and any other deduction required by law

\$ . . . . .

(list separately and identify)

Disposable earnings \$ . . . . .

If the title of this writ indicates that this is a garnishment under a child support judgment, enter forty percent of disposable earnings: \$ . . . . . This amount is exempt and must be paid to the defendant at the regular pay time after deducting any processing fee you may charge.

If this is not a garnishment for child support, enter seventy five percent of disposable earnings: \$ . . . . . From the listing in the following paragraph, choose the amount for the relevant pay period and enter that amount: \$ . . . . . (If amounts for more than one pay period are due, multiply the preceding amount by the number of pay periods and/or fraction of pay period for which amounts are due and enter that amount: \$ . . . . .) The greater of the amounts entered in this paragraph is the exempt amount and must be paid to the defendant at the regular pay time after deducting any processing fee you may charge.

Minimum exempt amounts for different pay periods: Weekly \$ . . . . .; Biweekly \$ . . . . .; Semimonthly \$ . . . . .; Monthly \$ . . . . .

List all of the personal property or effects of defendant in the garnishee's possession or control when the writ was served. (Use the reverse side of this answer form or attach a schedule if necessary.)); (A) The defendant: (check one) . . . was, . . . was not employed by garnishee. If not employed and you have no possession or control of any funds of defendant, indicate the last day of employment: . . . . .; and complete section III of this answer and mail or deliver the forms as directed in the writ;

(B) The defendant: (check one) . . . . did, . . . . did not maintain a financial account with garnishee; and  
(C) The garnishee: (check one) . . . . did, . . . . did not have possession of or control over any funds, personal property, or effects of the defendant. (List all of defendant's personal property or effects in your possession or control on the last page of this answer form or attach a schedule if necessary.)

SECTION II. At the time of service of the writ of garnishment on the garnishee there was due and owing from the garnishee to the above- named defendant \$ . . . . .

This writ attaches a maximum of . . . . percent of the defendant's disposable earnings (that is, compensation payable for personal services, whether called wages, salary, commission, bonus, or otherwise, and including periodic payments pursuant to a nongovernmental pension or retirement program). Calculate the attachable amount as follows:

Gross Earnings \$ . . . . .(1)

Less deductions required by law (social security, federal withholding tax, etc. Do not include deductions for child support orders or government liens here. Deduct child support orders and liens on line 7): \$ . . . . .(2)

Disposable Earnings (subtract line 2 from line 1): \$ . . . . .(3)

Enter . . . . percent of line 3: \$ . . . . .(4)

Enter one of the following exempt amounts\*: \$ . . . . .(5)

<u>If paid:</u>	<u>Weekly</u>	\$ . . . . .	<u>Semi-monthly</u>	\$ . . . . .
	<u>Bi-weekly</u>	\$ . . . . .	<u>Monthly</u>	\$ . . . . .

\*These are minimum exempt amounts that the defendant must be paid. If your answer covers more than one pay period, multiply the preceding amount by the number of pay periods and/or fraction thereof your answer covers. If you use a pay period not shown, prorate the monthly exempt amount.

Subtract the larger of lines 4 and 5 from line 3: \$ . . . . .(6)

Enter amount (if any) withheld for ongoing government liens such as child support: \$ . . . . .(7)

Subtract line 7 from line 6. This amount must be held out for the plaintiff: \$ . . . . .(8)

This is the formula that you will use for withholding each pay period over the required sixty-day garnishment period. Deduct any allowable processing fee you may charge from the amount that is to be paid to the defendant.

If there is any uncertainty about your answer, give an explanation on the last page or on an attached page.

**Sec. 9.** RCW 6.27.200 and 1997 c 296 s 6 are each amended to read as follows:

If the garnishee fails to answer the writ within the time prescribed in the writ, after the time to answer the writ has expired and after required returns or affidavits have been filed, showing service on the garnishee and service on or mailing to the defendant, it shall be lawful for the court to render judgment by default against such garnishee, after providing a notice to the garnishee by personal service or first class mail deposited in the mail at least ten calendar days prior to entry of the judgment, for the full amount claimed by the plaintiff against the defendant, or in case the plaintiff has a judgment against the defendant, for the full amount of the plaintiff's unpaid judgment against the defendant with all accruing interest and costs as prescribed in RCW 6.27.090: PROVIDED, That upon motion by the garnishee at any time within seven days following service on, or mailing to, the garnishee of a copy of ((~~a~~)) the first writ of execution or ((~~a~~)) writ of garnishment under such judgment, the judgment against the garnishee shall be reduced to the amount of any nonexempt funds or property which was actually in the possession of the garnishee at the time the writ was served, plus the cumulative amount of the nonexempt earnings subject to the lien provided for in RCW 6.27.350, or the sum of one hundred dollars, whichever is more, but in no event to exceed the full amount claimed by the plaintiff or the amount of the unpaid judgment against the principal defendant plus all accruing interest and costs and attorney's fees as prescribed in RCW 6.27.090, and in addition the plaintiff shall be entitled to a reasonable attorney's fee for the plaintiff's response to the garnishee's motion to reduce said judgment against the garnishee under this proviso and the court may allow additional attorney's fees for other actions taken because of the garnishee's failure to answer.

**Sec. 10.** RCW 6.27.250 and 2000 c 72 s 5 are each amended to read as follows:

(1)(a) If it appears from the answer of the garnishee or if it is otherwise made to appear that the garnishee was indebted to the defendant in any amount, not exempt, when the writ of garnishment was served, and if the required return or affidavit showing service on or mailing to the defendant is on file, the court shall render judgment for the plaintiff against such garnishee for the amount so admitted or found to be due to the defendant from the garnishee, unless such amount exceeds the amount of the plaintiff's claim or judgment against the defendant with accruing interest and costs and attorney's fees as prescribed in RCW 6.27.090, in which case it shall be for the amount of such claim or judgment, with said interest, costs, and fees. In the case of a superior

court garnishment, the court shall order the garnishee to pay to the plaintiff or to the plaintiff's attorney through the registry of the court the amount of the judgment against the garnishee, the clerk of the court shall note receipt of any such payment, and the clerk of the court shall disburse the payment to the plaintiff. In the case of a district court garnishment, the court shall order the garnishee to pay the judgment amount directly to the plaintiff or to the plaintiff's attorney. In either case, the court shall inform the garnishee that failure to pay the amount may result in execution of the judgment, including garnishment.

(b) If, prior to judgment, the garnishee tenders to the plaintiff or to the plaintiff's attorney or to the court any amounts due, such tender will support judgment against the garnishee in the amount so tendered, subject to any exemption claimed within the time required in RCW 6.27.160 after the amounts are tendered, and subject to any controversion filed within the time required in RCW 6.27.210 after the amounts are tendered. Any amounts tendered to the court by or on behalf of the garnishee or the defendant prior to judgment shall be disbursed to the party entitled to same upon entry of judgment or order, and any amounts so tendered after entry of judgment or order shall be disbursed upon receipt to the party entitled to same.

(2) If it shall appear from the answer of the garnishee and the same is not controverted, or if it shall appear from the hearing or trial on controversion or by stipulation of the parties that the garnishee is indebted to the principal defendant in any sum, but that such indebtedness is not matured and is not due and payable, and if the required return or affidavit showing service on or mailing to the defendant is on file, the court shall make an order requiring the garnishee to pay such sum into court when the same becomes due, the date when such payment is to be made to be specified in the order, and in default thereof that judgment shall be entered against the garnishee for the amount of such indebtedness so admitted or found due. In case the garnishee pays the sum at the time specified in the order, the payment shall operate as a discharge, otherwise judgment shall be entered against the garnishee for the amount of such indebtedness, which judgment shall have the same force and effect, and be enforced in the same manner as other judgments entered against garnishees as provided in this chapter: PROVIDED, That if judgment is rendered in favor of the principal defendant, or if any judgment rendered against the principal defendant is satisfied prior to the date of payment specified in an order of payment entered under this subsection, the garnishee shall not be required to make the payment, nor shall any judgment in such case be entered against the garnishee.

(3) The court shall, upon request of the plaintiff at the time judgment is rendered against the garnishee or within one year thereafter, or within one year after service of the writ on the garnishee if no judgment is taken against the garnishee, render judgment against the defendant for recoverable garnishment costs and attorney fees. However, if it appears from the answer of garnishee or otherwise that, at the time the writ was issued, the garnishee held no funds, personal property, or effects of the defendant and, in the case of a garnishment on earnings, the defendant was not employed by the garnishee, or, in the case of a writ directed to a financial institution, the defendant maintained no account therein, then the plaintiff may not be awarded judgment against the defendant for such costs or attorney fees.

**Sec. 11.** RCW 6.27.265 and 2000 c 72 s 6 are each amended to read as follows:

**Sec. 12.** RCW 6.27.320 and 2000 c 72 s 7 are each amended to read as follows:

In any case where garnishee has answered that it is holding funds or property belonging to defendant and plaintiff shall obtain satisfaction of the judgment and payment of recoverable garnishment costs and attorney fees from a source other than the garnishment, upon written demand of the defendant or the garnishee, it shall be the duty of plaintiff to obtain an order dismissing the garnishment and to serve it upon the garnishee within twenty days after the demand or the satisfaction of judgment and payment of costs and fees, whichever shall be later. The attorney of record for the plaintiff may, as an alternative to obtaining a court order dismissing the garnishment, deliver to the garnishee and file with the court an authorization to dismiss the garnishment in whole or part, signed by the attorney, in substantially the form indicated in RCW 6.27.160(3). In the event of the failure of plaintiff to obtain and serve such an order or release, if garnishee continues to hold such funds or property, defendant shall be entitled to move for dismissal of the garnishment and shall further be entitled to a judgment against plaintiff of one hundred dollars plus defendant's costs and damages. Dismissal may be on ex parte motion of the plaintiff.

**Sec. 13.** RCW 6.27.340 and 1988 c 231 s 34 are each amended to read as follows:

(1) Service of a writ for a continuing lien shall comply fully with RCW 6.27.110.  
(2) The caption of the writ shall be marked "CONTINUING LIEN ON EARNINGS" and the following additional paragraph shall be included in the writ form prescribed in RCW 6.27.100:

"THIS IS A WRIT FOR A CONTINUING LIEN. THE GARNISHEE SHALL HOLD the nonexempt portion of the defendant's earnings due at the time of service of this writ and shall also hold the defendant's nonexempt earnings that accrue through the last payroll period ending on or before SIXTY days after the date of service of this writ. HOWEVER, IF THE GARNISHEE IS PRESENTLY HOLDING THE NONEXEMPT PORTION OF THE DEFENDANT'S EARNINGS UNDER A PREVIOUSLY SERVED WRIT FOR A CONTINUING LIEN, THE GARNISHEE SHALL HOLD UNDER THIS WRIT only the defendant's nonexempt earnings that accrue from the date the previously served writ or writs terminate and through the last payroll period ending on or before sixty days after the date of termination of the previous writ or writs. IN EITHER CASE, THE GARNISHEE SHALL STOP WITHHOLDING WHEN THE SUM WITHHELD EQUALS THE AMOUNT STATED IN THIS WRIT OF GARNISHMENT."

(3) The answer forms served on an employer with the writ shall include in the caption, "ANSWER TO WRIT OF GARNISHMENT FOR CONTINUING LIEN ON EARNINGS," and the following paragraph shall be added (~~as the first paragraph~~) to section I of the answer form prescribed in RCW 6.27.190:

"If you are withholding the defendant's nonexempt earnings under a previously served writ for a continuing lien, answer only (~~this portion~~) sections I and II of this form and mail or deliver the forms as directed in the writ. Withhold from the defendant's future nonexempt earnings as directed in the writ, and a second set of answer forms will be forwarded to you later.

ANSWER: I am presently holding the defendant's nonexempt earnings under a previous writ served on . . . . . that will terminate not later than . . . . ., ((49)) 20. . .

If you are NOT withholding the defendant's earnings under a previously served writ for a continuing lien, answer ~~((the following portion of))~~ this entire form and mail or deliver the forms as directed in the writ. A second set of answer forms will be forwarded to you later for subsequently withheld earnings."

(4) In the event plaintiff fails to comply with this section, employer may elect to treat the garnishment as one not creating a continuing lien.

**Sec. 14.** RCW 6.27.350 and 1997 c 296 s 7 are each amended to read as follows:

(1) Where the garnishee's answer to a garnishment for a continuing lien reflects that the defendant is employed by the garnishee, the judgment or balance due thereon as reflected on the writ of garnishment shall become a lien on earnings due at the time of the effective date of the writ, as defined in this subsection, to the extent that they are not exempt from garnishment, and such lien shall continue as to subsequent nonexempt earnings until the total subject to the lien equals the amount stated on the writ of garnishment or until the expiration of the employer's payroll period ending on or before sixty days after the effective date of the writ, whichever occurs first, except that such lien on subsequent earnings shall terminate sooner if the employment relationship is terminated or if the underlying judgment is vacated, modified, or satisfied in full or if the writ is dismissed. The "effective date" of a writ is the date of service of the writ if there is no previously served writ; otherwise, it is the date of termination of a previously served writ or writs.

(2) At the time of the expected termination of the lien, the plaintiff shall mail to the garnishee three additional stamped envelopes addressed as provided in RCW 6.27.110, and four additional copies of the answer form prescribed in RCW 6.27.190~~((, (a)))~~. The plaintiff shall replace the text of section I of the answer form with a statement in substantially the following form ((added as the first paragraph): "ANSWER ((THE SECOND PART)) SECTION II OF THIS FORM WITH RESPECT TO THE TOTAL AMOUNT OF EARNINGS WITHHELD UNDER THIS GARNISHMENT, INCLUDING THE AMOUNT, IF ANY, STATED IN YOUR FIRST ANSWER, AND WITHIN TWENTY DAYS AFTER YOU RECEIVE THESE FORMS, MAIL OR DELIVER THEM AS DIRECTED IN THE WRIT((" and (b) with the following lines substituted for the first sentence of the form prescribed in RCW 6.27.190:))"

Amount due and owing stated in first	\$ . . .
answer	
Amount accrued since first answer	\$ . . .
<u>TOTAL AMOUNT WITHHELD</u>	<u>\$</u>

(3) Within twenty days of receipt of the second answer form the garnishee shall file a second answer, in the form as provided in subsection (2) of this section, stating the total amount held subject to the garnishment.

**Sec. 15.** RCW 3.62.060 and 1992 c 62 s 8 are each amended to read as follows:

Clerks of the district courts shall collect the following fees for their official services:

(1) In any civil action commenced before or transferred to a district court, the plaintiff shall, at the time of such commencement or transfer, pay to such court a filing fee of thirty-one dollars plus any surcharge authorized by RCW 7.75.035. No party shall be compelled to pay to the court any other fees or charges up to and including the rendition of judgment in the action other than those listed.

2SSB 5694 Prime Sponsor, Senate Committee On Ways & Means: Creating a pilot project to develop an integrated environmental permit system. Reported by Committee on State Government

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that environmental review and permitting, especially as applied to complex or controversial projects, can be characterized by multiple overlapping agency authorities, as a result of multiple governing statutes, generally adopted in isolation from one another, whose purposes and requirements may not be integrated and cause correspondingly uncoordinated implementation by administrative agencies. As a result, numerous and differing project descriptions, inconsistent administrative records, unproductive and redundant requirements, delays, and disproportionate costs caused by all of these may impede the making of sound and expeditious decisions by agencies and appropriate project changes by permit applicants, contrary to the intent and purpose of environmental review and permitting and the interests of permit applicants and the public.

A single project may be governed by local, state, federal, and tribal laws. A single project may be subject to all of the following requirements and others not listed here: (1) Federal section 404 permit, section 7 consultation, essential fish habitat consultation, section 401 water quality certification, section 402 waste discharge permit, section 402 general permit, section 4(f) parks and recreational lands use approval, superfund clean-up requirements, air quality conformity, underground storage tank removal, and coastal zone management program consistency certification; (2) state storm water pollution control plan approval, hydraulic project approval, aquatic lands use approval, historic and archaeological approval, archaeological excavation and removal permit, state model toxics control act clean-up requirements, asbestos removal, and air quality operating permit; and (3) local shoreline substantial development permit, conditional use permit or variance, shoreline design review, critical areas ordinance review, historic district approval, street use permit, demolition permit, grading permit, noise variance, storm water and drainage control approval, and utility approval.

The legislature finds that the public, as well as permit applicants, agencies, and affected parties, will benefit from an environmental review and permitting system that integrates and makes easily accessible the requirements and documentation for agency decision making, facilitating timely and effective participation in the process.

**NEW SECTION. Sec. 2.** The legislature intends to proceed in steps to develop and adopt an integrated permit system, working through the office of permit assistance, in cooperation with the department of transportation, the transportation permit efficiency and accountability committee, and local, state, federal, and tribal regulatory agencies. When implemented, the integrated permit system would integrate project design, environmental review, permitting, and mitigation elements into a single process. Major components of the integrated permit system are a unified project decision support document and a unified project administrative procedure. A unified project decision support document is intended to be a single document proactively developed to support and satisfy all needs for information, analysis, and evaluation; document and justify incremental project decisions; inform the public and interested parties; and support integration of project design, environmental review, permitting, and mitigation elements. A unified project administrative procedure is intended to harmonize, reduce, or eliminate duplicative or conflicting procedural requirements for environmental analysis, agency decision making, and public review and comment. A unified project decision support document might be implemented by intergovernmental agreement under existing law. A unified project administrative procedure may require changes to existing law.

The integrated permit system, including the unified project decision support document and unified project administrative procedure, will not modify or change any agency's substantive regulatory authority including that agency's responsibility and authority to issue and condition its specific permit(s). The integrated permit system will promote procedural changes which lead to greater efficiency while maintaining environmental and community safeguards. In developing new approaches for public involvement, care shall be taken to maintain or enhance the quality of public involvement opportunities.

The legislature intends by this act to authorize, through a pilot project, development of a guidance document for implementation of a unified project decision support document and development of recommendations for an integrated permit system and for changes to existing law needed for implementation of a unified project administrative procedure.

**NEW SECTION. Sec. 3.** (1) By December 1, 2005, the office of permit assistance shall develop a guidance document for creating a unified project decision support document for state and federal agencies and local governments that will be sufficient to support all regulatory decision making.

The office shall, in consultation with the department of transportation and the transportation permit efficiency and accountability committee, test and, as necessary, revise and add to the "unified permit binder" currently being developed by the department of transportation to provide a standardized outline, checklists, and templates for preparation of a single master support document for all regulatory decision making concerning a project. The office shall address regulatory decision-making processes under existing substantive authorities and administrative procedures, applicable existing statutory requirements for environmental review and permitting, information necessary for decision making, and existing requirements for public and agency involvement and its documentation. The resulting document shall be designed to be a complete, concise, and logically organized guidance document for creating a unified project decision support document for state and federal agencies and local governments.

(2) By December 1, 2005, the office shall develop recommendations for an integrated permit system to integrate the procedural aspects of project design, environmental review, permitting, and mitigation; develop recommendations for legislative changes to statutory authorizations and administrative procedures needed to establish the system; and develop detailed recommendations for full-scale testing of the system through one or more pilot projects.

The elements of the integrated permit system shall include use of a unified project decision support document available on the internet for purposes of public review and comment and for decision making by agencies and local governments with jurisdiction over the project; a unified project administrative procedure for regulatory decision making that harmonizes, reduces or eliminates duplicative, or conflicting procedural requirements for environmental analysis, public review and comment.

(3) The office shall fulfill the requirements of subsections (1) and (2) of this section using a pilot project of economic development significance, after obtaining agreement to participate in the pilot project from the project proponent and the state agencies and local governments with jurisdiction. As needed, the office may also seek agreement to participate from federal and tribal agencies with jurisdiction.

(4) The office shall submit a report to the standing legislative committees with jurisdiction by December 1, 2003, and December 1, 2004, regarding progress on subsections (1) and (2) of this section and by December 1, 2005, upon completion of subsections (1) and (2) of this section.

**NEW SECTION. Sec. 4.** (1) A unified project administrative procedure is the common, integrated process used for the development of a project-specific unified project decision support document.

(2) A unified permit binder is the same as a unified project decision support document.

(3) A unified project decision support document is a single document that contains and integrates all project-specific application, design, environmental review, permitting and mitigation analyses and evaluations needed to support permitting and regulatory decisions.

**NEW SECTION. Sec. 5.** This act expires December 31, 2005.

**NEW SECTION. Sec. 6.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2003, in the omnibus appropriations act, this act is null and void."

SSB 5695 Prime Sponsor, Senate Committee On Judiciary: Declaring buildings used for criminal activity to be a nuisance. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Building" includes, but is not limited to, any structure or any separate part or portion thereof, whether permanent or not, or the ground itself.

(2) "Criminal activity" means a pattern of criminal activity including felonies and misdemeanors.

**NEW SECTION. Sec. 2.** Every building or unit within a building used for the purpose of aiding, promoting, or conducting criminal activity is a nuisance which shall be enjoined, abated, and prevented, whether it is a public or private nuisance. In a multiunit building only the offending unit shall be declared a nuisance, and only the offending unit shall be enjoined, abated, and prevented. Nothing in this chapter shall apply to property used for the purpose of, or activity involved in, providing health services, food and financial assistance, treatment, counseling, training, religious services, education, civic involvement, or any social service or charitable assistance.

**NEW SECTION. Sec. 3.** Any person who resides, works in, or owns property in the same multifamily building, apartment complex, or within a one-block radius of the property where the nuisance is alleged to exist may bring an action as provided for in section 2 of this act by filing a complaint with a law enforcement agency in the county in which the property is located. Such action shall be commenced by the filing of a complaint alleging the facts constituting the nuisance. Such action may also be commenced by any public agency.

Any complaint filed under this chapter shall be verified or accompanied by affidavit. A copy of the complaint and affidavit must be served on the occupant and the owner of the property according to the rules of civil procedure. In addition to showing that the occupant and the owner or his or her agent has had an opportunity to abate the nuisance, the affidavit shall contain a description of all attempts by the applicant to notify and locate the occupant and the owner of the property or the owner's agent, including at least one attempt to notify the occupant and the owner or owner's agent by registered mail.

In addition, the affidavit shall describe in detail the adverse impact associated with the property on the surrounding neighborhood. "Adverse impact" includes, but is not limited to, the following: Any recent search warrants served on the property where evidence of criminal activity was seized; recent arrests of persons who frequent the property for purposes of criminal activity; a recent increase in the number of complaints made to law enforcement of illegal activity associated with the property which result in arrests for criminal activity; and recent increases in arrests for weapons violations of persons who frequent the property.

Upon receipt of the complaint, the law enforcement agency shall conduct an investigation into the allegations and, if probable cause is found that a violation of this chapter is occurring, the complaint and results of the investigation shall be filed in the county superior court. After receiving the complaint, the court shall grant a hearing as soon as practicable as required by section 6 of this act.

**NEW SECTION. Sec. 4.** Upon application for a temporary restraining order or preliminary injunction, the court may, upon a showing of good cause, issue an ex parte restraining order or preliminary injunction, preventing the occupant and all other persons, other than the owner, from removing or in any manner interfering with the personal property and contents of the place where the nuisance is alleged to exist and may grant such preliminary equitable relief as is necessary to prevent the continuance or recurrence of the nuisance pending final resolution of the matter on the merits. However, pending the decision, the stock in trade may not be so restrained, but an inventory and full accounting of all business transactions may be required. Such ex parte restraining order or preliminary injunction shall remain in effect no more than fifteen days from the date of issuance, except as provided in section 8 of this act.

The restraining order or preliminary injunction shall be served on the occupant and the owner personally or by handing to and leaving a copy with any person of suitable age and discretion who is in charge of the place or residing in the place. Where such a person cannot with reasonable diligence be served as described, the restraining order or preliminary injunction may be served by posting a copy in a conspicuous place and by thereafter mailing a copy by registered mail to the person to be served at his or her usual mailing address. The officer serving the order or injunction shall forthwith make and return into court an inventory of the personal property and contents situated in and used in conducting or maintaining the nuisance. Additionally a copy of the restraining order or preliminary injunction must be sent by registered mail to the occupant and the owner of the building.

**NEW SECTION. Sec. 5.** A temporary restraining order or preliminary injunction shall not issue under this chapter except upon the giving of a bond or security by the applicant, in the sum that the court deems proper, but not less than one thousand dollars, for the payment of such costs and damages as may be incurred or suffered by any party who is found to have been wrongfully restrained or enjoined. A bond or security shall not be required of the state of Washington, municipal corporations, or political subdivisions of the state of Washington.

**NEW SECTION. Sec. 6.** An action under this chapter shall have precedence over all other actions, except prior matters of the same character, actions under chapter 7.43 RCW, criminal proceedings, election contests, hearings on temporary restraining orders and injunctions, child dependency hearings, foreclosures by a legal owner, and actions to forfeit vehicles used in violation of the uniform controlled substances act.

**NEW SECTION. Sec. 7.** (1) If the complaint under this chapter is filed by a citizen, the complaint shall not be dismissed by the citizen for want of prosecution except upon a sworn statement made by the citizen and the citizen's attorney, if the citizen has one. The statement shall set forth the reasons why the action should be dismissed. The case shall only be dismissed if so ordered by the court.

(2) In case of failure to prosecute the action with reasonable diligence, or at the request of the plaintiff, the court, in its discretion, may substitute any other citizen consenting to be substituted for the plaintiff.

**NEW SECTION. Sec. 8.** A copy of the complaint, together with a notice of the time and place of the hearing of the action shall be served upon the occupant and the owner at least six business days before the hearing and as provided for in section 4 of this act. If the hearing is then continued at the request of any defendant, all temporary orders and injunctions shall be extended upon good cause shown.

**NEW SECTION. Sec. 9.** (1) Except as provided in subsection (2) of this section, if the existence of the nuisance is established in the action, an order of abatement shall be entered as part of the final judgment in the case. Plaintiff's costs in the action, including those of abatement, are a lien upon the building or unit within a building, subject to the lien of the legal owner. The lien is enforceable and collectible by execution issued by order of the court.

(2) If the court finds and concludes that the occupant or the owner of the building or unit within a building:

(a) Had no knowledge of the existence of the nuisance or has been making reasonable efforts to abate the nuisance;

(b) Has not been guilty of any contempt of court in the proceedings; and

(c) Will make reasonable efforts to immediately abate any such nuisance that may exist at the building or unit within a building and prevent it from being a nuisance within a period of one year thereafter, the court shall, if satisfied of the occupant's or the owner's good faith, order the building or unit within a building to be delivered to the occupant or the owner, and no order of abatement shall be entered. If an order of abatement has been entered and the occupant or the owner subsequently meets the requirements of this subsection, the order of abatement shall be canceled.

(3) For the purposes of determining whether the occupant or owner of the building or unit within a building made reasonable efforts to abate the nuisance, the court shall consider such factors as whether the occupant or owner:

(a) Terminated or attempted to terminate the tenancy or lease of a tenant or leaseholder where the nuisance is occurring if the tenant or leaseholder is involved in the criminal activity;

(b) Placed restrictions on the rental agreement or lease;

(c) Adopted feasible measures on the property to try to prevent the criminal activity;

(d) Cooperated with law enforcement to attempt to stop the criminal activity; and

(e) Any other factors the court finds relevant.

(4) If the court finds there is insufficient evidence to establish the existence of the nuisance, the court shall order the person to pay the occupant and the owner their reasonable attorney fees and costs to defend the action, any loss of rent or revenue experienced as a result of the action, restraining order, or preliminary injunction, and damages up to five hundred dollars to each.

**NEW SECTION. Sec. 10.** Any final order of abatement issued under this chapter shall:

(1) Direct the removal of all personal property subject to seizure and forfeiture under RCW 69.50.505 or other law from the building or unit within a building, and direct the commencement of proceedings to forfeit the property under the forfeiture provisions of RCW 69.50.505 or other law;

(2) If the building or unit is not subject to the interests of innocent occupants or innocent legal owners, provide for the immediate closure of the building or unit within a building against its use for any purpose, and for keeping it closed for a period of one year unless released sooner as provided in this chapter; and

(3) State that while the order of abatement remains in effect the building or unit within a building shall remain in the custody of the court.

**NEW SECTION. Sec. 11.** In all actions brought under this chapter, the proceeds and all moneys forfeited under the forfeiture provisions of RCW 69.50.505 or other law shall be applied as follows:

(1) First, to the fees and costs of the removal and sale;

(2) Second, to the allowances and costs of closing and keeping closed the building or unit within a building;

(3) Third, to the payment of the plaintiff's costs in the action; and

(4) Fourth, the balance, if any, to the owner of the forfeited property.

If the proceeds of the sale of items subject to seizure and forfeiture do not fully discharge all of the costs, fees, and allowances, the building or unit within a building shall then also be sold under execution issued upon the order of the court, and the proceeds of the sale shall be applied in a like manner.

A building or unit within a building shall not be sold under this section unless the court finds and concludes by clear and convincing evidence that the occupant and the owner of the building or unit within a building had actual or constructive knowledge or notice of the existence of the nuisance. However, this shall not be construed as limiting or prohibiting the entry of any final order of abatement as provided in this chapter.

**NEW SECTION. Sec. 12.** Whenever the owner of a building or unit within a building upon which the act or acts constituting the contempt have been committed, or the owner of any interest in the building or unit has been found in contempt of court, and fined in any proceedings under this chapter, the fine is a lien upon the building or unit within a building to the extent of the owner's interest, subject to the lien of the legal owner. The lien is enforceable and collectible by execution issued by order of the court.

**NEW SECTION. Sec. 13.** The abatement of a nuisance under this chapter does not prejudice the right of any person to recover damages for its past existence.

**NEW SECTION. Sec. 14.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 15.** Sections 1 through 14 of this act constitute a new chapter in Title 7 RCW."

**SSB 5708** Prime Sponsor, Senate Committee On Children & Family Services & Corrections: Providing a procedure for court-ordered contact with a child for nonparents. Reported by Committee on Juvenile Justice & Family Law

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature affirms that parents have a paramount right to raise their minor children. The legislature also recognizes that this paramount right must be considered in conjunction with a minor child's interest in maintaining the strong emotional bonds with others that the child has developed and relies upon. Therefore, the legislature intends to establish internally consistent and rigorous standards that must be met for a nonparent to obtain visitation with a minor child.

**NEW SECTION. Sec. 2.** A new section is added to chapter 26.10 RCW to read as follows:

(1) A nonparent may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact when all of the following criteria are satisfied:

(a) The applicant is an individual with a parent-like relationship with the child. To satisfy this criterion, the applicant must show that:

(i) His or her relationship with the child has been parental in nature for a substantial period of time;

(ii) A parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and

(iii) His or her relationship with the child is beneficial; and

(b) A parent or custodian has substantially interfered with the applicant's relationship with the child and the applicant has unsuccessfully attempted to resolve any disagreement with the parent or custodian before going to court.

(2)(a)(i) The court shall treat standing as a threshold issue. The applicant bears the burden of establishing standing. If the applicant does not satisfy this burden, the proceeding shall be dismissed.

(ii) Upon a finding that the applicant has standing, the applicant shall come forward with evidence to show that the child would very likely suffer harm if contact were not awarded. If the applicant presents evidence that could allow a reasonable factfinder to conclude that the child would very likely suffer harm, the burden shifts to the parent or custodian to present evidence why the decision to refuse contact is reasonable and in the best interests of the child.

(b) The court shall order contact if it finds that the applicant has satisfied the burden of showing by clear and convincing evidence that:

(i) The child would very likely suffer harm if contact is not awarded; and

(ii) The parent's or custodian's denial of contact was unreasonable and not in the child's best interests.

(3) If the court dismisses the proceeding for lack of standing, the court shall award reasonable and necessary costs and fees to the prevailing party unless there is a compelling reason to do otherwise. In all other cases, the court may award such costs and fees as it deems appropriate.

(4) If the parent or custodian fails to comply with a court order awarding contact between the nonparent and the child, the nonparent may file a motion to initiate a contempt action under RCW 26.09.160.

(5) For purposes of this section, the following definitions apply:

(a) "Applicant" means a nonparent who initiates a proceeding under this statute.

(b) "Contact" includes all court-ordered arrangements by which a nonparent is authorized to interact with a child other than custody, conservatorship, guardianship, or joint or shared custody.

(c) "Harm" means that denial of contact results in substantial loss and detriment to the child's physical, psychological, or emotional well-being. The likelihood of harm must be beyond the normal short-term distress a child suffers due to a change in circumstances.

(d) "Nonparent" includes any person not legally recognized as a parent whether or not related by blood or marriage.

(e) "Parent-like relationship" means a very significant relationship between a nonparent and a child in which the nonparent undertook responsibilities and tasks commonly performed by parents and commonly recognized as actions by someone in a parent-like relationship. Excluded from this category are baby-sitters or other employed caregivers.

(f) "Substantially interfered" means to have unreasonably and greatly diminished the amount and quality of contact a nonparent has had with the child. A reasonable reduction in the frequency or length of contact previously enjoyed with the child is not a substantial interference.

**Sec. 3.** RCW 26.09.160 and 1991 c 367 s 4 are each amended to read as follows:

(1) The performance of parental functions and the duty to provide child support are distinct responsibilities in the care of a child. If a party fails to comply with a provision of a decree or temporary order of injunction, the obligation of the other party to make payments for support or maintenance or to permit contact with children is not suspended. An attempt by a parent, in either the negotiation or the performance of a parenting plan, to condition one aspect of the parenting plan upon another, to condition payment of child support upon an aspect of the parenting plan, to refuse to pay ordered child support, to refuse to perform the duties provided in the parenting plan, or to hinder the performance by the other parent of duties provided in the parenting plan, shall be deemed bad faith and shall be punished by the court by holding the party in contempt of court and by awarding to the aggrieved party reasonable attorneys' fees and costs incidental in bringing a motion for contempt of court.

(2)(a) A motion may be filed to initiate a contempt action to coerce a parent to comply with an order establishing residential provisions for a child or awarding contact with a child to a nonparent under section 2 of this act. If the court finds there is reasonable cause to believe the parent has not complied with the order, the court may issue an order to show cause why the relief requested should not be granted.

(b) If, based on all the facts and circumstances, the court finds after hearing that the parent, in bad faith, has not complied with the order establishing residential provisions for the child or awarding contact with a nonparent, the court shall find the parent in contempt of court. Upon a finding of contempt, the court shall order:

(i) The noncomplying parent to provide the moving party additional time with the child. The additional time shall be equal to the time missed with the child, due to the parent's noncompliance;

(ii) The parent to pay, to the moving party, all court costs and reasonable attorneys' fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(iii) The parent to pay, to the moving party, a civil penalty, not less than the sum of one hundred dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan or court order awarding contact with a nonparent and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order, but in no event for more than one hundred eighty days.

(3) On a second failure within three years to comply with a residential provision of a court-ordered parenting plan or court order awarding contact with a nonparent, a motion may be filed to initiate contempt of court proceedings according to the procedure set forth in subsection (2)(a) and (b) of this section. On a finding of contempt under this subsection, the court shall order:

(a) The noncomplying parent to provide the other parent or party additional time with the child. The additional time shall be twice the amount of the time missed with the child, due to the parent's noncompliance;

(b) The noncomplying parent to pay, to the other parent or party, all court costs and reasonable attorneys' fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(c) The noncomplying parent to pay, to the moving party, a civil penalty of not less than two hundred fifty dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan or court order awarding contact with a nonparent and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order but in no event for more than one hundred eighty days.

(4) For purposes of subsections (1), (2), and (3) of this section, the parent shall be deemed to have the present ability to comply with the order establishing residential provisions or awarding contact with a nonparent unless he or she establishes otherwise by a preponderance of the evidence. The parent shall establish a reasonable excuse for failure to comply with the court-ordered contact with a nonparent or the residential provision of a court-ordered parenting plan by a preponderance of the evidence.

(5) Any monetary award ordered under subsections (1), (2), and (3) of this section may be enforced, by the party to whom it is awarded, in the same manner as a civil judgment.

(6) Subsections (1), (2), and (3) of this section authorize the exercise of the court's power to impose remedial sanctions for contempt of court and is in addition to any other contempt power the court may possess.

(7) Upon motion for contempt of court under subsections (1) through (3) of this section, if the court finds the motion was brought without reasonable basis, the court shall order the moving party to pay to the nonmoving party, all costs, reasonable attorneys' fees, and a civil penalty of not less than one hundred dollars.

**Sec. 4.** RCW 26.09.260 and 2000 c 21 s 19 are each amended to read as follows:

(1) Except as otherwise provided in subsections (4), (5), (6), (8), and (10) of this section, the court shall not modify a prior custody decree or a parenting plan unless it finds, upon the basis of facts that have arisen since the prior decree or plan or that were unknown to the court at the time of the prior decree or plan, that a substantial change has occurred in the circumstances of the child or the nonmoving party and that the modification is in the best interest of the child and is necessary to serve the best interests of the child.

(2) In applying these standards, the court shall retain the residential schedule established by the decree or parenting plan unless:

(a) The parents agree to the modification;

(b) The child has been integrated into the family of the petitioner with the consent of the other parent in substantial deviation from the parenting plan;

(c) The child's present environment is detrimental to the child's physical, mental, or emotional health and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child; or

(d) The court has found the nonmoving parent in contempt of court at least twice within three years because the parent failed to comply with a court order awarding contact with a nonparent or the parent failed to comply with the residential time provisions in the court-ordered parenting plan, or the parent has been convicted of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070.

(3) A conviction of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070 shall constitute a substantial change of circumstances for the purposes of this section.

(4) The court may reduce or restrict contact between the child and the parent with whom the child does not reside a majority of the time if it finds that the reduction or restriction would serve and protect the best interests of the child using the criteria in RCW 26.09.191.

(5) The court may order adjustments to the residential aspects of a parenting plan upon a showing of a substantial change in circumstances of either parent or of the child, and without consideration of the factors set forth in subsection (2) of this section, if the proposed modification is only a minor modification in the residential schedule that does not change the residence the child is scheduled to reside in the majority of the time and:

(a) Does not exceed twenty-four full days in a calendar year; or

(b) Is based on a change of residence of the parent with whom the child does not reside the majority of the time or an involuntary change in work schedule by a parent which makes the residential schedule in the parenting plan impractical to follow; or

(c) Does not result in a schedule that exceeds ninety overnights per year in total, if the court finds that, at the time the petition for modification is filed, the decree of dissolution or parenting plan does not provide reasonable time with the parent with whom the child does not reside a majority of the time, and further, the court finds that it is in the best interests of the child to increase residential time with the parent in excess of the residential time period in (a) of this subsection. However, any motion under this subsection (5)(c) is subject to the factors established in subsection (2) of this section if the party bringing the petition has previously been granted a modification under this same subsection within twenty-four months of the current motion. Relief granted under this section shall not be the sole basis for adjusting or modifying child support.

(6) The court may order adjustments to the residential aspects of a parenting plan pursuant to a proceeding to permit or restrain a relocation of the child. The person objecting to the relocation of the child or the relocating person's proposed revised residential schedule may file a petition to modify the parenting plan, including a change of the residence in which the child resides the majority of the time, without a showing of adequate cause other than the proposed relocation itself. A hearing to determine adequate cause for modification shall not be required so long as the request for relocation of the child is being pursued. In making a determination of a modification pursuant to relocation of the child, the court shall first determine whether to permit or restrain the relocation of the child using the procedures and standards provided in RCW 26.09.405 through 26.09.560. Following that determination, the court shall determine what modification pursuant to relocation should be made, if any, to the parenting plan or custody order or visitation order.

(7) A parent with whom the child does not reside a majority of the time and whose residential time with the child is subject to limitations pursuant to RCW 26.09.191 (2) or (3) may not seek expansion of residential time under subsection (5)(c) of this section unless that parent demonstrates a substantial change in circumstances specifically related to the basis for the limitation.

(8) If a parent with whom the child does not reside a majority of the time voluntarily fails to exercise residential time for an extended period, that is, one year or longer, the court upon proper motion may make adjustments to the parenting plan in keeping with the best interests of the minor child.

(9) A parent with whom the child does not reside a majority of the time who is required by the existing parenting plan to complete evaluations, treatment, parenting, or other classes may not seek expansion of residential time under subsection (5)(c) of this section unless that parent has fully complied with such requirements.

(10) The court may order adjustments to any of the nonresidential aspects of a parenting plan upon a showing of a substantial change of circumstances of either parent or of a child, and the adjustment is in the best interest of the child. Adjustments ordered under this section may be made without consideration of the factors set forth in subsection (2) of this section.

(11) If the court finds that a motion to modify a prior decree or parenting plan has been brought in bad faith, the court shall assess the attorney's fees and court costs of the nonmoving parent against the moving party.

**Sec. 5.** RCW 26.09.240 and 1996 c 177 s 1 are each amended to read as follows:

~~((4)) Under section 2 of this act, a person other than a parent may petition the court for visitation with a child ((at any time)) or may intervene in a pending dissolution, legal separation, or modification of parenting plan proceeding. ((A person other than a parent may not petition for visitation under this section unless the child's parent or parents have commenced an action under this chapter.~~

~~(2) A petition for visitation with a child by a person other than a parent must be filed in the county in which the child resides.~~

~~(3) A petition for visitation or a motion to intervene pursuant to this section shall be dismissed unless the petitioner or intervenor can demonstrate by clear and convincing evidence that a significant relationship exists with the child with whom visitation is sought. If the petition or motion is dismissed for failure to establish the existence of a significant relationship, the petitioner or intervenor shall be ordered to pay reasonable attorney's fees and costs to the parent, parents, other custodian, or representative of the child who responds to this petition or motion.~~

~~(4) The court may order visitation between the petitioner or intervenor and the child between whom a significant relationship exists upon a finding supported by the evidence that the visitation is in the child's best interests.~~

~~(5)(a) Visitation with a grandparent shall be presumed to be in the child's best interests when a significant relationship has been shown to exist. This presumption may be rebutted by a preponderance of evidence showing that visitation would endanger the child's physical, mental, or emotional health.~~

~~(b) If the court finds that reasonable visitation by a grandparent would be in the child's best interest except for hostilities that exist between the grandparent and one or both of the parents or person with whom the child lives, the court may set the matter for mediation under RCW 26.09.015.~~

~~(6) The court may consider the following factors when making a determination of the child's best interests:~~

- ~~(a) The strength of the relationship between the child and the petitioner;~~
- ~~(b) The relationship between each of the child's parents or the person with whom the child is residing and the petitioner;~~
- ~~(c) The nature and reason for either parent's objection to granting the petitioner visitation;~~
- ~~(d) The effect that granting visitation will have on the relationship between the child and the child's parents or the person with whom the child is residing;~~
- ~~(e) The residential time sharing arrangements between the parents;~~
- ~~(f) The good faith of the petitioner;~~
- ~~(g) Any criminal history or history of physical, emotional, or sexual abuse or neglect by the petitioner;~~

and

~~(h) Any other factor relevant to the child's best interest.~~

~~(7) The restrictions of RCW 26.09.191 that apply to parents shall be applied to a petitioner or intervenor who is not a parent. The nature and extent of visitation, subject to these restrictions, is in the discretion of the court.~~

~~(8) The court may order an investigation and report concerning the proposed visitation or may appoint a guardian ad litem as provided in RCW 26.09.220.~~

~~(9) Visitation granted pursuant to this section shall be incorporated into the parenting plan for the child.~~

~~(10) The court may modify or terminate visitation rights granted pursuant to this section in any subsequent modification action upon a showing that the visitation is no longer in the best interest of the child.)~~

**Sec. 6.** RCW 26.10.160 and 1996 c 303 s 2 are each amended to read as follows:

(1) A parent not granted custody of the child is entitled to reasonable visitation rights except as provided in subsection (2) of this section.

(2)(a) Visitation with the child shall be limited if it is found that the parent seeking visitation has engaged in any of the following conduct: (i) Willful abandonment that continues for an extended period of time or substantial refusal to perform parenting functions; (ii) physical, sexual, or a pattern of emotional abuse of a child; (iii) a history of acts of domestic violence as defined in RCW 26.50.010(1) or an assault or sexual assault which causes grievous bodily harm or the fear of such harm; or (iv) the parent has been convicted as an adult of a sex offense under:

(A) RCW 9A.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;

(B) RCW 9A.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;

(C) RCW 9A.44.086 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;

(D) RCW 9A.44.089;

(E) RCW 9A.44.093;

(F) RCW 9A.44.096;

(G) RCW 9A.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;

(H) Chapter 9.68A RCW;

(I) Any predecessor or antecedent statute for the offenses listed in (a)(iv)(A) through (H) of this subsection;

(J) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (a)(iv)(A) through (H) of this subsection.

This subsection (2)(a) shall not apply when (c) or (d) of this subsection applies.

(b) The parent's visitation with the child shall be limited if it is found that the parent resides with a person who has engaged in any of the following conduct: (i) Physical, sexual, or a pattern of emotional abuse of a child; (ii) a history of acts of domestic violence as defined in RCW 26.50.010(1) or an assault or sexual assault that causes grievous bodily harm or the fear of such harm; or (iii) the person has been convicted as an adult or as a juvenile has been adjudicated of a sex offense under:

(A) RCW 9A.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(B) RCW 9A.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(C) RCW 9A.44.086 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(D) RCW 9A.44.089;

(E) RCW 9A.44.093;  
(F) RCW 9A.44.096;  
(G) RCW 9A.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(H) Chapter 9.68A RCW;  
(I) Any predecessor or antecedent statute for the offenses listed in (b)(iii)(A) through (H) of this subsection;

(J) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (b)(iii)(A) through (H) of this subsection.

This subsection (2)(b) shall not apply when (c) or (e) of this subsection applies.

(c) If a parent has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter. If a parent resides with an adult or a juvenile who has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with the parent's child except contact that occurs outside that person's presence.

(d) There is a rebuttable presumption that a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection poses a present danger to a child. Unless the parent rebuts this presumption, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;

(ii) RCW 9A.44.073;

(iii) RCW 9A.44.076, provided that the person convicted was at least eight years older than the victim;

(iv) RCW 9A.44.079, provided that the person convicted was at least eight years older than the victim;

(v) RCW 9A.44.083;

(vi) RCW 9A.44.086, provided that the person convicted was at least eight years older than the victim;

(vii) RCW 9A.44.100;

(viii) Any predecessor or antecedent statute for the offenses listed in (d)(i) through (vii) of this subsection;

(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (d)(i) through (vii) of this subsection.

(e) There is a rebuttable presumption that a parent who resides with a person who, as an adult, has been convicted, or as a juvenile has been adjudicated, of the sex offenses listed in (e)(i) through (ix) of this subsection places a child at risk of abuse or harm when that parent exercises visitation in the presence of the convicted or adjudicated person. Unless the parent rebuts the presumption, the court shall restrain the parent from contact with the parent's child except for contact that occurs outside of the convicted or adjudicated person's presence:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;

(ii) RCW 9A.44.073;

(iii) RCW 9A.44.076, provided that the person convicted was at least eight years older than the victim;

(iv) RCW 9A.44.079, provided that the person convicted was at least eight years older than the victim;

(v) RCW 9A.44.083;

(vi) RCW 9A.44.086, provided that the person convicted was at least eight years older than the victim;

(vii) RCW 9A.44.100;

(viii) Any predecessor or antecedent statute for the offenses listed in (e)(i) through (vii) of this subsection;

(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (e)(i) through (vii) of this subsection.

(f) The presumption established in (d) of this subsection may be rebutted only after a written finding that:

(i) If the child was not the victim of the sex offense committed by the parent requesting visitation, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, and (B) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the parent requesting visitation, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the offending parent is in the child's best interest, and (C) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(g) The presumption established in (e) of this subsection may be rebutted only after a written finding that:

(i) If the child was not the victim of the sex offense committed by the person who is residing with the parent requesting visitation, (A) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the convicted or adjudicated person, and (B) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the person who is residing with the parent requesting visitation, (A) contact between the child and the parent in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the parent residing with the convicted or adjudicated person in the presence of the convicted or adjudicated person is in the child's best interest, and (C) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes contact between the parent and child in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child.

(h) If the court finds that the parent has met the burden of rebutting the presumption under (f) of this subsection, the court may allow a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection to have visitation with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(i) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who has been adjudicated as a juvenile of a sex offense listed in (e)(i) through (ix) of this subsection to have visitation with the child in the presence of the person adjudicated as a juvenile, supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(j) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who, as an adult, has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have visitation with the child in the presence of the convicted person supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(k) A court shall not order unsupervised contact between the offending parent and a child of the offending parent who was sexually abused by that parent. A court may order unsupervised contact between the offending parent and a child who was not sexually abused by the parent after the presumption under (d) of this subsection has been rebutted and supervised visitation has occurred for at least two years with no further arrests or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW and (i) the sex offense of the offending parent was not committed against a child of the offending parent, and (ii) the court finds that unsupervised contact between the child and the offending parent is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treating child sexual abuse victims who has supervised at least one period of visitation between the parent and the child, and after consideration of evidence of the offending parent's compliance with community supervision requirements, if any. If the offending parent was not ordered by a court to participate in treatment for sex offenders, then the parent shall obtain a psychosexual evaluation conducted by a state-certified sex offender treatment provider indicating that the offender has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child.

(l) A court may order unsupervised contact between the parent and a child which may occur in the presence of a juvenile adjudicated of a sex offense listed in (e)(i) through (ix) of this subsection who resides with the parent after the presumption under (e) of this subsection has been rebutted and supervised visitation has occurred for at least two years during which time the adjudicated juvenile has had no further arrests, adjudications, or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW, and (i) the court finds that unsupervised contact between the child and the parent that may occur in the presence of the adjudicated juvenile is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treatment of child sexual abuse victims who has supervised at least one period of visitation between the parent and the child in the presence of the adjudicated juvenile, and after consideration of evidence of the

adjudicated juvenile's compliance with community supervision or parole requirements, if any. If the adjudicated juvenile was not ordered by a court to participate in treatment for sex offenders, then the adjudicated juvenile shall obtain a psychosexual evaluation conducted by a state-certified sex offender treatment provider indicating that the adjudicated juvenile has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child which may occur in the presence of the adjudicated juvenile who is residing with the parent.

(m)(i) The limitations imposed by the court under (a) or (b) of this subsection shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting visitation. If the court expressly finds based on the evidence that limitations on visitation with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting visitation, the court shall restrain the person seeking visitation from all contact with the child.

(ii) The court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused the child, except upon recommendation by an evaluator or therapist for the child that the child is ready for contact with the parent and will not be harmed by the contact. The court shall not enter an order allowing a parent to have contact with the child in the offender's presence if the parent resides with a person who has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused a child, unless the court finds that the parent accepts that the person engaged in the harmful conduct and the parent is willing to and capable of protecting the child from harm from the person.

(iii) If the court limits visitation under (a) or (b) of this subsection to require supervised contact between the child and the parent, the court shall not approve of a supervisor for contact between a child and a parent who has engaged in physical, sexual, or a pattern of emotional abuse of the child unless the court finds based upon the evidence that the supervisor accepts that the harmful conduct occurred and is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing to or capable of protecting the child.

(n) If the court expressly finds based on the evidence that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent's or other person's harmful or abusive conduct will recur is so remote that it would not be in the child's best interests to apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection, or if the court expressly finds that the parent's conduct did not have an impact on the child, then the court need not apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court. This subsection shall not apply when (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), and (m)(ii) of this subsection apply.

(3) ~~(Any person may petition the court for visitation rights at any time including, but not limited to, custody proceedings. The court may order visitation rights for any person when visitation may serve the best interest of the child whether or not there has been any change of circumstances.)~~ A person other than a parent may petition the court for visitation with a child under section 2 of this act.

(4) The court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child. Modification of a parent's visitation rights shall be subject to the requirements of subsection (2) of this section.

(5) For the purposes of this section, a parent's child means that parent's natural child, adopted child, or stepchild.

## PART 2 - BASIC ELECTRICAL WORK

**Sec. 201.** RCW 19.28.101 and 1996 c 241 s 4 are each amended to read as follows:

(1) The director shall cause an inspector to inspect all wiring, appliances, devices, and equipment to which this chapter applies except for basic electrical work as defined in this chapter. The department may not require an electrical work permit for class A basic electrical work unless deficiencies in the installation or repair require inspection. The department may inspect class B basic electrical work on a random basis as specified by the department in rule. Nothing contained in this chapter may be construed as providing any authority for any subdivision of government to adopt by ordinance any provisions contained or provided for in this chapter except those pertaining to cities and towns pursuant to RCW 19.28.010(3).

(2) Upon request, electrical inspections will be made by the department within forty-eight hours, excluding holidays, Saturdays, and Sundays. If, upon written request, the electrical inspector fails to make an electrical inspection within twenty-four hours, the serving utility may immediately connect electrical power to the installation if the necessary electrical work permit is displayed: PROVIDED, That if the request is for an electrical inspection that relates to a mobile home installation, the applicant shall provide proof of a current building permit issued by the local government agency authorized to issue such permits as a prerequisite for inspection approval or connection of electrical power to the mobile home.

(3) Whenever the installation of any wiring, device, appliance, or equipment is not in accordance with this chapter, or is in such a condition as to be dangerous to life or property, the person, firm, partnership, corporation, or other entity owning, using, or operating it shall be notified by the department and shall within fifteen days, or such further reasonable time as may upon request be granted, make such repairs and changes as are required to remove the danger to life or property and to make it conform to this chapter. The director, through the inspector, is hereby empowered to disconnect or order the discontinuance of electrical service to conductors or equipment that are found to be in a dangerous or unsafe condition and not in accordance with this chapter. Upon making a disconnection the inspector shall attach a notice stating that the conductors have been found dangerous to life or property and are not in accordance with this chapter. It is unlawful for any person to reconnect such defective conductors or equipment without the approval of the department, and until the conductors and equipment have been placed in a safe and secure condition, and in a condition that complies with this chapter.

(4) The director, through the electrical inspector, has the right during reasonable hours to enter into and upon any building or premises in the discharge of his or her official duties for the purpose of making any inspection or test of the installation of new construction or altered electrical wiring, electrical devices, equipment, or material contained in or on the buildings or premises. No electrical wiring or equipment subject to this chapter may be concealed until it has been approved by the inspector making the inspection. At the time of the inspection, electrical wiring or equipment subject to this chapter must be sufficiently accessible to permit the

inspector to employ any testing methods that will verify conformance with the national electrical code and any other requirements of this chapter.

The journeyman plumber and specialty plumber certificates of competency, the medical gas piping installer endorsement, and the temporary permit provided for in this chapter grant the holder the right to engage in the work of plumbing as a journeyman plumber, specialty plumber, or medical gas piping installer, in accordance with their provisions throughout the state and within any of its political subdivisions on any job or any employment without additional proof of competency or any other license or permit or fee to engage in the work. This section does not preclude employees from adhering to a union security clause in any employment where such a requirement exists.

(2) A person who is indentured in an apprenticeship program approved under chapter 49.04 RCW for the plumbing construction trade or who is learning the plumbing construction trade may work in the plumbing construction trade if supervised by a certified journeyman plumber or a certified specialty plumber in that plumber's specialty. The holder of the plumbing training certificate shall renew the certificate annually. At the time of renewal, the holder shall provide the department with an accurate list of the holder's employers in the plumbing construction industry for the previous year and the number of hours worked for each employer. An annual fee shall be charged for the issuance or renewal of the certificate. The department shall set the fee by rule. The fee shall cover but not exceed the cost of administering and enforcing the trainee certification and supervision requirements of this chapter. Apprentices and individuals learning the plumbing construction trade shall have their plumbing training certificates in their possession at all times that they are performing plumbing work. They shall show their certificates to an authorized representative of the department at the representative's request.

(3) Any person who has been issued a plumbing training certificate under this chapter may work if that person is under supervision. Supervision shall consist of a person being on the same job site and under the control of either a journeyman plumber or an appropriate specialty plumber who has an applicable certificate of competency issued under this chapter. Either a journeyman plumber or an appropriate specialty plumber shall be on the same job site as the noncertified individual for a minimum of seventy-five percent of each working day

The ratio of noncertified individuals to certified journeymen or specialty plumbers working on a job site shall be: (a) ~~((From July 28, 1985, through June 30, 1988, not more than three noncertified plumbers working on any one job site for every certified journeyman or specialty plumber; (b) effective July 1, 1988,))~~ Not more than two noncertified plumbers working on any one job site for every certified specialty plumber or journeyman plumber working as a specialty plumber; and ~~((e) effective July 1, 1988,))~~ (b) not more than one noncertified plumber working on any one job site for every certified journeyman plumber working as a journeyman plumber. An individual who has a current training certificate and who has successfully completed or is currently enrolled in an approved apprenticeship program or in a technical school program in the plumbing construction trade in a school approved by the work force training and education coordinating board, may work without direct on-site supervision during the last six months of meeting the practical experience requirements of this chapter.

(5) The training to become a certified plumber must include not less than sixteen hours of classroom training established by the director with the advice of the board. The classroom training must include, but not be limited to, electrical wiring safety, grounding, bonding, and other related items plumbers need to know to work under section 301 of this act.

(6) All persons who are certified plumbers before January 1, 2003, are deemed to have received the classroom training required in subsection (5) of this section.

SSB 5715 Prime Sponsor, Senate Committee On Financial Services, Insurance & Housing: Creating the financial fraud alert act. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that financial fraud and crimes against financial institutions and merchants are increasing exponentially in Washington state. Until recently, these crimes cost businesses and consumers thousands of dollars in losses. They now cost millions of dollars. The legislature further finds that noncredit losses to financial institutions, and credit card, debit card, and check fraud against

merchants impose danger to consumers and their financial privacy, and burden law enforcement and public prosecutors with crimes that are difficult to detect and prosecute. The growth in financial fraud also provides opportunities for organized crime and terrorist organizations, and undermines the stability and reliability of financial and other businesses upon which commerce and the economy rely.

The legislature intends to enable financial institutions and merchants, to the extent permitted by federal law, to exchange information to prevent, detect, deter, and assist in the prosecution of financial fraud, bank robbery, money laundering, and other financial crimes.

Sec. 611-633); (c) subsidiaries, affiliates, service corporations of the persons in (a) and (b) of this subsection; (d) third-party service providers that provide servicing, processing, account maintenance, or security for the persons in (a), (b), and (c) of this subsection; or (e) any group, organization, or association consisting primarily of the persons in (a) through (c) of this subsection, including, without limitation, the Washington bankers association, the American bankers association, and other associations of banks, savings institutions, and/or credit unions, whether inside or outside the state of Washington. (1) Every prisoner, convicted of a crime committed before July 1, 1984, who has a favorable record of conduct at ~~((the penitentiary or the reformatory))~~ a state correctional institution, and who performs in a faithful, diligent, industrious, orderly and peaceable manner the work, duties, and tasks assigned to him or her to the satisfaction of the superintendent of the ~~((penitentiary or reformatory))~~ institution, and in whose behalf the superintendent of the ~~((penitentiary or reformatory))~~ institution files a report certifying that his or her conduct and work have been meritorious and recommending allowance of time credits to him or her, shall upon, but not until, the adoption of such recommendation by the indeterminate sentence review board, be allowed time credit reductions from the term of imprisonment fixed by the board.

**Sec. 5.** RCW 9.95.120 and 2001 2nd sp.s. c 12 s 333 are each amended to read as follows:

Whenever the board or a community corrections officer of this state has reason to believe a person convicted of a crime committed before July 1, 1984, has breached a condition of his or her parole or violated the law of any state where he or she may then be or the rules and regulations of the board, any community corrections officer of this state may arrest or cause the arrest and detention and suspension of parole of such convicted person pending a determination by the board whether the parole of such convicted person shall be revoked. All facts and circumstances surrounding the violation by such convicted person shall be reported to the board by the community corrections officer, with recommendations. The board, after consultation with the secretary of corrections, shall make all rules and regulations concerning procedural matters, which shall include the time when state community corrections officers shall file with the board reports required by this section, procedures pertaining thereto and the filing of such information as may be necessary to enable the board to perform its functions under this section. On the basis of the report by the community corrections officer, or at any time upon its own discretion, the board may revise or modify the conditions of parole or order the suspension of parole by the issuance of a written order bearing its seal, which order shall be sufficient warrant for all peace officers to take into custody any convicted person who may be on parole and retain such person in their custody until arrangements can be made by the board for his or her return to a state correctional institution for convicted felons. Any such revision or modification of the conditions of parole or the order suspending parole shall be personally served upon the parolee.

Any parolee arrested and detained in physical custody by the authority of a state community corrections officer, or upon the written order of the board, shall not be released from custody on bail or personal recognizance, except upon approval of the board and the issuance by the board of an order of reinstatement on parole on the same or modified conditions of parole.

All chiefs of police, marshals of cities and towns, sheriffs of counties, and all police, prison, and peace officers and constables shall execute any such order in the same manner as any ordinary criminal process.

Whenever a paroled prisoner is accused of a violation of his or her parole, other than the commission of, and conviction for, a felony or misdemeanor under the laws of this state or the laws of any state where he or she may then be, he or she shall be entitled to a fair and impartial hearing of such charges within thirty days from the time that he or she is served with charges of the violation of conditions of parole after his or her arrest and detention. The hearing shall be held before one or more members of the board at a place or places, within this state, reasonably near the site of the alleged violation or violations of parole.

In the event that the board suspends a parole by reason of an alleged parole violation or in the event that a parole is suspended pending the disposition of a new criminal charge, the board shall have the power to nullify the order of suspension and reinstate the individual to parole under previous conditions or any new conditions that the board may determine advisable. Before the board shall nullify an order of suspension and reinstate a parole they shall have determined that the best interests of society and the individual shall best be served by such reinstatement rather than a return to a ~~((penal))~~ correctional institution.

**Sec. 6.** RCW 9.95.440 and 2001 2nd sp.s. c 12 s 310 are each amended to read as follows:

In the event the board suspends the release status of an offender released under RCW 9.95.420 by reason of an alleged violation of a condition of release, or pending disposition of a new criminal charge, the board may nullify the suspension order and reinstate release under previous conditions or any new conditions the board determines advisable under RCW 9.94A.713(5). Before the board may nullify a suspension order and reinstate release, it shall determine that the best interests of society and the offender shall be served by such reinstatement rather than return to confinement.

**Sec. 7.** RCW 9.95.110 and 2001 2nd sp.s. c 12 s 331 are each amended to read as follows:

(1) The board may permit an offender convicted of a crime committed before July 1, 1984, to leave the buildings and enclosures of a state correctional institution on parole, after such convicted person has served the period of confinement fixed for him or her by the board, less time credits for good behavior and diligence in work: PROVIDED, That in no case shall an inmate be credited with more than one-third of his or her sentence as fixed by the board.

The board may establish rules and regulations under which an offender may be allowed to leave the confines of a state correctional institution on parole, and may return such person to the confines of the institution from which he or she was paroled, at its discretion.

(2) The board may permit an offender convicted of a crime committed on or after ~~((July))~~ September 1, 2001, and sentenced under RCW 9.94A.712, to leave a state correctional institution on community custody according to the provisions of RCW 9.94A.712, 9.94A.713, 72.09.335, and 9.95.420 through 9.95.440. (1) In order to ensure that construction projects involving the use of fill material do not pose a threat to water quality, the department may require that the suitability of potential fill material be evaluated using a leaching test included in the soil clean-up rules adopted by the department under chapter 70.105D RCW in any water quality certification issued under section 401 of the federal clean water act and in any administrative order issued under this chapter, where such certification or administrative order authorizes the placement of fill material, some or all of which will be placed in waters of the state. Any such requirement imposed by the department in a water quality certification or administrative order issued prior to the effective date of this section is ratified and approved by the legislature as a valid and reliable method for determining concentrations of chemical constituents that can be present in fill material without posing an unacceptable risk of violating water quality standards, and shall be in effect as imposed by the department for all work not completed by June 1, 2003.

(2) If the department utilizes a leaching test identified in subsection (1) of this section for a construction project, neither the project proponent nor any person or entity working on the project proponent's behalf may import fill material that contains heavy metals in concentrations that exceed the standards specified in the soil cleanup rules adopted according to chapter 70.105D RCW. If these rules specify more than one cleanup standard for a heavy metal, the department shall determine which standard applies.

(3) Nothing in this section limits, in any way, the department's authority under this chapter.

The tests may include those identified in the soil clean-up rules adopted by the department under chapter 70.105D RCW. "NEW SECTION. Sec. 4. The legislature finds that a large group of children spend a significant part of their lives in foster care. Each individual connected to a child in an out-of-home placement must have an abiding appreciation of the seriousness of the child's separation from his or her family and the past, whether that separation is short, long, or permanent in nature. It is the intent of the legislature to recognize and honor the history and the family connections that each child brings to an out-of-home placement.

The legislature finds that creating and sanctioning a connection between a child's birth parents and foster family, when appropriate, can result in better relationships among birth families, children, foster families, and social workers. Creating and sanctioning this connection can result in greater foster placement stability and fewer disruptions for children, as well as greater satisfaction for foster parents and social workers."

## PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

### **OR OPTION B**

#### **SUSPENDED DISPOSITION ALTERNATIVE**

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender is:

(a) Adjudicated of an A+ offense;

(b) Fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(ii) Manslaughter in the first degree (RCW 9A.32.060); or

(iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), robbery in the second degree (RCW 9A.56.210), residential burglary (RCW 9A.52.025), burglary in the second degree (RCW 9A.52.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), intimidating a witness (RCW 9A.72.110), violation of the uniform controlled substances act (RCW 69.50.401(a)(1) (i) or (ii)), or manslaughter 2 (RCW 9A.32.070), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

(c) Ordered to serve a disposition for a firearm violation under RCW 13.40.193; or

(d) Adjudicated of a sex offense as defined in RCW 9.94A.030.

### **OR**

#### **OPTION C**

#### **CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE**

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

### **OR**

#### **OPTION ((C)) D MANIFEST INJUSTICE**

If the court determines that a disposition under option A ((C)), B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

**Sec. 2.** RCW 13.40.160 and 2002 c 175 s 22 are each amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsections (2), (3), ~~((and))~~ (4), or (5) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsections (2), (3), ~~((and))~~ (4), and (5) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option ~~((€))~~ D of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (a)(i) Frequency and type of contact between the offender and therapist;
- (ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
- (iv) Anticipated length of treatment; and
- (v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option ~~((€))~~ D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

- (b)(i) Devote time to a specific education, employment, or occupation;
- (ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;
- (iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;
- (iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;
- (v) Report as directed to the court and a probation counselor;
- (vi) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;
- (vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense;

(viii) Comply with the conditions of any court-ordered probation bond; or

(ix) The court shall order that the offender may not attend the public or approved private elementary, middle, or high school attended by the victim or the victim's siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender's change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the victim or victim's siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days' confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days' confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim" may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under section 3 of this act.

(6) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

~~((6))~~ (7) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

~~((7))~~ (8) Except as provided under subsection (3) ~~((8))~~, (4), or (5) of this section, or option B of RCW 13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

~~((8))~~ (9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

**NEW SECTION. Sec. 3.** A new section is added to chapter 13.40 RCW to read as follows:

(1) When an offender is subject to a standard range commitment of 15 to 65 weeks, the court may:

(a) Impose the standard range; or

(b) Suspend the standard range disposition on condition that the offender complies with the terms of this mental health disposition alternative.

(2) The court may impose this disposition alternative when the court finds the following:

(a) The offender has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders, of axis I psychiatric disorder, excluding youth that are diagnosed as solely having a conduct disorder, oppositional defiant disorder, substance abuse disorder, paraphilia, or pedophilia;

(b) An appropriate treatment option is available in the local community;

(c) The plan for the offender identifies and addresses requirements for successful participation and completion of the treatment intervention program including: Incentives and graduated sanctions designed specifically for amenable youth, including the use of detention, detoxication, and in-patient or outpatient substance abuse treatment and psychiatric hospitalization, and structured community support consisting of mental health providers, probation, educational and vocational advocates, child welfare services, and family and community support. For any mental health treatment ordered for an offender under this section, the treatment option selected shall be chosen from among programs which have been successful in addressing mental health needs of juveniles and successful in mental health treatment of juveniles and identified as research-based best practice programs. A list of programs which meet these criteria shall be agreed upon by: The Washington association of juvenile court administrators, the juvenile rehabilitation administration of the department of social and health services, a representative of the division of public behavioral health and justice policy at the University of Washington, and the Washington institute for public policy. The list of programs shall be created not later than July 1, 2003. The group shall provide the list to all superior courts, its own membership, the legislature, and the governor. The group shall meet annually and revise the list as appropriate; and

(d) The offender, offender's family, and community will benefit from use of the mental health disposition alternative.

(3) The court on its own motion may order, or on motion by either party, shall order a comprehensive mental health evaluation to determine if the offender has a designated mental disorder. The court may also order a chemical dependency evaluation to determine if the offender also has a co-occurring chemical dependency disorder. The evaluation shall include at a minimum the following: The offender's version of the facts and the official version of the facts, the offender's offense, an assessment of the offender's mental health and drug-alcohol problems and previous treatment attempts, and the offender's social, criminal, educational, and employment history and living situation.

(4) The evaluator shall determine if the offender is amenable to research-based treatment. A proposed case management and treatment plan shall include at a minimum:

(a) The availability of treatment;

(b) Anticipated length of treatment;

(c) Whether one or more treatment interventions are proposed and the anticipated sequence of those treatment interventions;

(d) The education plan;

(e) The residential plan; and

(f) The monitoring plan.

(5) The court on its own motion may order, or on motion by either party, shall order a second mental health or chemical dependency evaluation. The party making the motion shall select the evaluator. The requesting party shall pay the cost of any examination ordered under this subsection and subsection (3) of this section unless the court finds the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim's opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition of not more than 65 weeks, suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more other local sanctions. Confinement in a secure county detention facility, other than county group homes, inpatient psychiatric treatment facilities, and substance abuse programs, shall be limited to thirty days. As a condition of a suspended disposition, the court shall require the offender to participate in the recommended treatment interventions.

(8) The treatment providers shall submit monthly reports to the court and parties on the offender's progress in treatment. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender's compliance with requirements, treatment activities, medication management, the offender's relative progress in treatment, and any other material specified by the court at the time of the disposition.

(9) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(10) An offender is ineligible for the mental health disposition option under this section if the offender is adjudicated of a sex or violent offense as defined in RCW 9.94A.030.

**Sec. 4.** RCW 13.40.165 and 2002 c 175 s 23 and 2002 c 42 s 1 are each reenacted and amended to read as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the

respondent if the evidence shows that the offender may be chemically dependent or substance abusing, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(2) The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner's information.

(3) The examiner shall assess and report regarding the respondent's relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (a) Whether inpatient and/or outpatient treatment is recommended;
- (b) Availability of appropriate treatment;
- (c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
- (d) Anticipated length of treatment; and
- (e) Recommended crime-related prohibitions.

(4) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option ((C)) D of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this section, inpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

**NEW SECTION. Sec. 5.** Because model adherence and competent delivery of research-based intervention programs is critical for reducing recidivism, the Washington state institute for public policy shall develop adherence and outcome standards for measuring effectiveness of treatment programs referred to in this act. The standards shall be developed and presented to the governor and legislature no later than January 1, 2004. The standards shall include methods for measuring competent delivery of interventions as well as success factors following treatment. The standards shall include, but not be limited to hiring, training and retaining qualified providers, managing and overseeing the delivery of treatment services, and developing quality assurance measures. The department shall utilize these standards to assess program effectiveness. The courts shall also

utilize these standards in determining their continued use of these alternatives. The courts shall not continue to use programs that do not comply with these standards.

**NEW SECTION. Sec. 6.** (1) A task force is created for the purpose of examining the coordination of information, education services, and matters of public safety when juvenile offenders are placed into public schools, following their conviction.

(2) The task force shall be chaired by the superintendent of public instruction and include a representative from the juvenile rehabilitation administration of the department of social and health services, the state board of education, associations which represent school teachers, administrators, and school boards, superior court judges, the Washington association of juvenile court administrators, prosecuting attorneys, the governor, attorneys whose practice includes criminal defense work for juvenile defendants, three groups whose primary purpose is the delivery of services to families and children, and law enforcement. The three groups who deliver services shall be selected by the superintendent of public instruction.

(3) The task force shall identify specific policies and statutory, administrative, and practice processes and barriers that may operate to impede: (a) The identification and delivery of appropriate and coordinated services to juvenile offenders who are placed in, or returned to public schools following conviction of an offense; and (b) transmittal of information regarding juvenile offenders who are returned to, or placed in, public schools following conviction of an offense. The task force shall recommend specific statutory and administrative changes as it finds appropriate to eliminate or reduce the barriers identified as a result of this subsection (3).

(4) The task force shall report its findings and recommendations to the governor, the legislature, and the agencies represented on the task force not later than December 1, 2003.

**NEW SECTION. Sec. 7.** Sections 5 and 6 of this act expire December 31, 2003.

**NEW SECTION. Sec. 8.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2003, in the omnibus appropriations act, this act is null and void."

ESSB 5904 Prime Sponsor, Senate Committee On Ways & Means: Concerning prescription drug assistance programs for seniors. Reported by Committee on Health Care

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that prescription drugs are an effective and important part of efforts to maintain and improve the health of Washington state residents. However, their increased cost and utilization is straining the resources of many people, particularly low-income elderly people who lack insurance coverage for such drugs. Furthermore, inappropriate use of prescription drugs can result in unnecessary expenditures and lead to serious health consequences. It is therefore the intent of the legislature to establish an evidence-based preferred drug list, develop programs to provide prescription drugs at an affordable price to those in need, and increase public awareness regarding their safe and cost-effective use.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:

(1) To the extent funds are appropriated specifically for this purpose, and subject to any conditions placed on appropriations made for this purpose, the department shall design the medicaid prescription drug assistance program. Neither the benefits of, nor eligibility for, the program is considered to be an entitlement.

(2) The department is directed to obtain necessary federal waivers to implement this program.

Consistent with federal waiver conditions, the department is authorized to charge enrollment fees, premiums, or point-of-service cost-sharing to enrollees of the program.

(3) Eligibility for this program is limited to persons:

(a) Who are eligible for medicare or age sixty-five and older;

(b) Whose family income does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services;

(c) Who do not otherwise have insurance that provides prescription drug coverage; and

(d) Who are not otherwise eligible under Title XIX of the federal social security act.

(4) The department is authorized to use a cost-effective prescription drug benefit design. Consistent with federal waiver conditions, this benefit design can be different than the benefit design offered under the medical assistance program. The benefit design may include a deductible benefit that provides coverage when enrollees incur higher prescription drug costs as defined by the department. The department also may offer more than one benefit design.

(5) The department is authorized to limit enrollment of persons who qualify for the program so as to prevent an overexpenditure of appropriations for this program or to assure necessary compliance with federal waiver budget neutrality requirements. The department shall not reduce existing medical assistance program eligibility or benefits to assure compliance with federal waiver budget neutrality requirements.

(6) No funds from an approved federal waiver that allows for the collection of premiums from medicaid clients will be used to finance the medicaid prescription drug assistance program.

(7) This program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the federal social security act.

(8) The department shall provide recommendations to the appropriate committees of the senate and house of representatives by November 15, 2003, on financing options available to support the medicaid prescription drug assistance program. In recommending financing options, the department shall explore every opportunity to maximize federal funding to support the program.

**NEW SECTION. Sec. 3.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The health care authority shall establish a prescription drug purchasing consortium and shall coordinate the participation of state agencies and private individuals in the consortium. The authority shall establish a preferred drug list for use as provided in this chapter through an evidence-based process that evaluates the efficacy of prescription drugs, considering safety, efficacy, likelihood of compliance, outcomes, and any unique impacts on specific populations based upon factors such as sex, age, ethnicity, race, or disability. The preferred drug list shall be used for entities and private individuals participating in the consortium.

(2) State purchased health care programs shall purchase prescription drugs through the consortium for those prescription drugs that are purchased directly by the state and those that are purchased through reimbursement of retail pharmacies. The administrator shall not require that any supplemental rebate offered by a pharmaceutical manufacturer for prescription drugs purchased for medical assistance program clients under chapter 74.09 RCW be extended to state purchased health care programs other than medical assistance, or to private individuals participating in the consortium. The administrator shall explore joint purchasing opportunities with other states to achieve quality cost-effective prescription drug coverage for those participating in the consortium.

(3) Participation in the purchasing consortium and other related activities is purely voluntary for individuals who lack insurance or are underinsured for prescription drug coverage. Unaffiliated individuals who participate in the consortium shall receive reduced costs comparable to those negotiated by the consortium for its preferred prescription drugs. The administrator may set reasonable fees, including enrollment fees for participating individuals, to cover administrative costs attributable to participation in prescription drug consortium activities. A private individual may limit their participation to one or more of the consortium's program components.

**NEW SECTION. Sec. 4.** A new section is added to chapter 41.05 RCW to read as follows:

The consolidated prescription drug purchasing account is created in the custody of the state treasurer. All receipts under section 3(3) of this act from the fees from the price discount program created in section 3 of this act must be deposited into the account. Expenditures from the account may be used only for the purposes of section 3 of this act. Only the administrator or the administrator's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION. Sec. 5.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The administrator shall establish and advertise a pharmacy connection program through which health care providers and members of the public can obtain information about manufacturer-sponsored prescription drug assistance programs. The administrator shall ensure that the program has staff available who can assist persons in procuring free or discounted medications from manufacturer-sponsored prescription drug assistance programs by:

(a) Determining whether an assistance program is offered for the needed drug or drugs;

(b) Evaluating the likelihood of a person obtaining drugs from an assistance program under the guidelines formulated;

(c) Assisting persons with the application and enrollment in an assistance program;

(d) Coordinating and assisting physicians and others authorized to prescribe medications with communications, including applications, made on behalf of a person to a participating manufacturer to obtain approval of the person in an assistance program; and

(e) Working with participating manufacturers to simplify the system whereby eligible persons access drug assistance programs, including development of a single application form and uniform enrollment process.

(2) Notice regarding the pharmacy connection program shall initially target senior citizens, but the program shall be available to anyone, and shall include a toll-free telephone number, available during regular business hours, that may be used to obtain information.

(3) The administrator may apply for and accept grants or gifts and may enter into interagency agreements or contracts with other state agencies or private organizations to assist with the implementation of this program including, but not limited to, contracts, gifts, or grants from pharmaceutical manufacturers to assist with the direct costs of the program.

(4) The administrator shall notify pharmaceutical companies doing business in Washington of the pharmacy connection program. Any pharmaceutical company that does business in this state and that offers a pharmaceutical assistance program shall notify the administrator of the existence of the program, the drugs covered by the program, and all information necessary to apply for assistance under the program.

(5) For purposes of this section, "manufacturer-sponsored prescription drug assistance program" means a program offered by a pharmaceutical company through which the company provides a drug or drugs to eligible persons at no charge or at a reduced cost. The term does not include the provision of a drug as part of a clinical trial.

**NEW SECTION. Sec. 6.** A new section is added to chapter 74.09 RCW to read as follows:

Each of the state's area agencies on aging shall implement a program intended to inform and train persons sixty-five years and older in the safe and appropriate use of prescription and nonprescription medications. To further this purpose, the department shall award a development grant of up to twenty-five thousand dollars to each of the agencies upon a showing that:

(1) The agency has the ability to effectively administer such a program, including an understanding of the relevant issues and appropriate outreach and follow-up;

(2) The agency can bring resources to the program in addition to those funded by the grant; and

(3) The program will be a collaborative effort between the agency and other health care providers and programs in the location to be served, including doctors, pharmacists, and long-term care providers.

**NEW SECTION. Sec. 7.** A new section is added to chapter 41.05 RCW to read as follows:

The authority may adopt rules to implement this act.

**NEW SECTION. Sec. 8.** By January 1, 2005, the administrator of the health care authority and the director of the department of social and health services shall submit to the governor and the legislature a progress report regarding the implementation of the programs created in this act."

#### PART IV - TECHNICAL AMENDMENTS

**Sec. 10.** RCW 70.87.020 and 2002 c 98 s 2 are each amended to read as follows:

(1) The purpose of this chapter is to provide for safety of life and limb, to promote safety awareness, and to ensure the safe(=) design, mechanical and electrical operation, ~~((erection, installation, alteration, maintenance, inspection, and repair of conveyances))~~ and inspection of conveyances, and performance of conveyance work, and all such operation, ~~((erection, installation, alteration,))~~ inspection, and ~~((repair))~~ conveyance work subject to the provisions of this chapter shall be reasonably safe to persons and property and in conformity with the provisions of this chapter and the applicable statutes of the state of Washington, and all orders, and rules of the department. The use of unsafe and defective ~~((lifting devices))~~ conveyances imposes a substantial probability of serious and preventable injury to employees and the public exposed to unsafe conditions. The prevention of these injuries and protection of employees and the public from unsafe conditions is in the best interest of the people of this state. ~~((Elevator))~~ Personnel performing work covered by this chapter must, by documented training or experience or both, be familiar with the operation and safety functions of the components and equipment. Training and experience must include, but not be limited to, recognizing the safety hazards and performing the procedures to which ~~((they))~~ the personnel performing conveyance work covered by this chapter are assigned in conformance with the requirements of ~~((the [this])~~ this chapter. This chapter establishes the minimum standards for ~~((elevator))~~ personnel performing conveyance work.

(2) This chapter is not intended to prevent the use of systems, methods, or devices of equivalent or superior quality, strength, fire resistance, code effectiveness, durability, and safety to those required by this chapter, provided that there is technical documentation to demonstrate the equivalency of the system, method, or device, as prescribed in this chapter and the rules adopted under this chapter.

(3) In any suit for damages allegedly caused by a failure or malfunction of the conveyance, conformity with the rules of the department is prima facie evidence that the ~~((operation, erection, installation, alteration, maintenance, inspection, and repair of the))~~ conveyance work, operation, and inspection is reasonably safe to persons and property.

**Sec. 11.** RCW 70.87.030 and 2002 c 98 s 3 are each amended to read as follows:

The department shall adopt rules governing the mechanical and electrical operation, ~~((erection, installation, alterations, inspection,))~~ acceptance tests, ~~((and repair of conveyances))~~ conveyance work, operation, and inspection that are necessary and appropriate and shall also adopt minimum standards governing existing installations. In the execution of this rule-making power and before the adoption of rules, the department shall consider the rules for ~~((the safe mechanical operation, erection, installation, alteration, inspection, and repair of conveyances))~~ safe conveyance work, operation, and inspection, including the American National Standards Institute Safety Code for Personnel and Material Hoists, the American Society of Mechanical Engineers Safety Code for Elevators, Dumbwaiters, and Escalators, and any amendatory or supplemental provisions thereto. The department by rule shall establish a schedule of fees to pay the costs incurred by the department for the work related to administration and enforcement of this chapter. Nothing in this chapter limits the authority of the department to prescribe or enforce general or special safety orders as provided by law.

The department may consult with: Engineering authorities and organizations concerned with standard safety codes; rules and regulations governing ~~((the operation, maintenance, servicing, construction, alteration, installation, and/or inspection of elevators, dumbwaiters, and escalators, etcetera))~~ conveyance work, operation,

and inspection; and the qualifications that are adequate, reasonable, and necessary for the elevator mechanic, contractor, and inspector.

**Sec. 12.** RCW 70.87.050 and 2002 c 98 s 4 are each amended to read as follows:

The ~~((operation, erection, installation, alteration, maintenance, inspection, and repair))~~ conveyance work on, and the operation and inspection of any conveyance located in, or used in connection with, any building owned by the state, a county, or a political subdivision, other than those located within and owned by a city having an elevator code, shall be under the jurisdiction of the department.

**Sec. 13.** RCW 70.87.060 and 1983 c 123 s 6 are each amended to read as follows:

(1) The person ~~((installing, relocating, or altering a))~~, elevator contractor, or public agency performing conveyance work is responsible for ~~((its))~~ operation and maintenance of the conveyance until the department has issued an operating permit for the conveyance, except during the period when a limited operating permit in accordance with RCW 70.87.090(2) is in effect, and is also responsible for all tests of a new, relocated, or altered conveyance until the department has issued an operating permit for the conveyance.

(2) The owner or his or her duly appointed agent shall be responsible for the safe operation and proper maintenance of the conveyance after the department has issued the operating permit and also during the period of effectiveness of any limited operating permit in accordance with RCW 70.87.090(2). The owner shall be responsible for all periodic tests required by the department.

**Sec. 14.** RCW 70.87.080 and 1983 c 123 s 8 are each amended to read as follows:

After July 1, 2004, the department may not issue a permit for conveyance work on private residence conveyances to a person other than an elevator contractor.

**Sec. 15.** RCW 70.87.100 and 2002 c 98 s 5 are each amended to read as follows:

(3) All new, altered, or relocated conveyances for which a permit has been issued, shall be inspected for compliance with the requirements of this chapter by an authorized representative of the department. The authorized representative shall also witness the test specified.

**Sec. 16.** RCW 70.87.125 and 2002 c 98 s 6 are each amended to read as follows:

(1) A license issued under this chapter may be suspended, revoked, or subject to civil penalty by the department upon verification that any one or more of the following reasons exist:

(b) Fraud, misrepresentation, or bribery in securing a license;

(c) Failure to notify the department and the owner or lessee of ~~((an elevator))~~ a conveyance or related mechanisms of any condition not in compliance with this chapter; ~~((and))~~

(d) A violation of any provisions of this chapter; and

(e) If the elevator contractor does not employ an individual designated as the primary point of contact with the department and who has successfully completed the elevator contractor examination. In the case of a separation of employment, termination of this relationship or designation, or death of the designated individual, the elevator contractor must, within ninety days, designate a new individual who has successfully completed the elevator contractor examination.

(2) The department may suspend or revoke a permit if:

(a) The permit was obtained through fraud or by error if, in the absence of error, the department would not have issued the permit;

(c) The conveyance has become unsafe.

(3) The department shall suspend any license issued under this chapter promptly after receiving notice from the department of social and health services that the holder of the license has been certified pursuant to RCW 74.20A.320 as a person who is not in compliance with a support order. If the person has continued to meet all other license requirements during the suspension, reissuance of the license shall be automatic upon the department's receipt of a release issued by the department of social and health services stating that the person is in compliance with the order.

(4) The department shall notify in writing the owner, licensee, or person ~~((installing the conveyance))~~ performing conveyance work, of its action and the reason for the action. The department shall send the notice by certified mail to the last known address of the owner or person. The notice shall inform the owner or person that a hearing may be requested pursuant to RCW 70.87.170.

~~((4))~~ (5)(a) If the department has suspended or revoked a permit or license because of fraud or error, and a hearing is requested, the suspension or revocation shall be stayed until the hearing is concluded and a decision is issued.

(b) If the department has revoked or suspended a license because the ~~((elevator personnel))~~ licensee performing the work covered by this chapter is working in a manner that does not effectively prevent injuries or deaths or protect employees and the public from unsafe conditions as is required by this chapter, the suspension or revocation is effective immediately and shall not be stayed by a request for a hearing.

(c) If the department has revoked or suspended a permit because the conveyance is unsafe or the conveyance work is not ~~((constructed, installed, maintained, or repaired))~~ permitted and performed in accordance with this chapter, the suspension or revocation is effective immediately and shall not be stayed by a request for a hearing.

The order is effective immediately, and shall not be stayed by a request for a hearing.

(2) The department shall prescribe a form for the order to discontinue operation. The order shall specify why the conveyance violates this chapter or is otherwise unsafe, and shall inform the owner or operator that he or she may request a hearing pursuant to RCW 70.87.170. A request for a hearing does not stay the effect of the order.

(3) The department shall rescind the order to discontinue operation if the conveyance is fixed or modified to bring it into compliance with this chapter.

(4) An owner or a person that knowingly operates or allows the operation of a conveyance in contravention of an order to discontinue operation, or removes a notice not to operate, is:

(a) Guilty of a misdemeanor; and

(b) Subject to a civil penalty under RCW 70.87.185.

(5) The department may conduct random on-site inspections and tests on existing installations, witnessing periodic inspections and testing in order to ensure satisfactory ~~((performance by licensed))~~ conveyance work by persons, firms, or companies performing conveyance work, and assist in development of public awareness programs.

(1) Any person aggrieved by an order or action of the department denying, suspending, revoking, or refusing to renew a permit or license; assessing a penalty for a violation of this chapter; or ordering the operation of a conveyance to be discontinued, may request a hearing within fifteen days after notice ~~((to))~~ of the department's order or action is received. The date the hearing was requested shall be the date the request for hearing was postmarked. The party requesting the hearing must accompany the request with a certified or cashier's check for two hundred dollars payable to the department. The department shall refund the two hundred dollars if the party requesting the hearing prevails at the hearing; otherwise, the department shall retain the two hundred dollars.

If the department does not receive a timely request for hearing, the department's order or action is final and may not be appealed.

(2) If the aggrieved party requests a hearing, the department shall ask an administrative law judge to preside over the hearing. The hearing shall be conducted in accordance with chapter 34.05 RCW.

**Sec. 19.** RCW 70.87.180 and 2002 c 98 s 9 are each amended to read as follows:

(1) The ~~((construction, installation, relocation, alteration, maintenance, or))~~ performance of conveyance work, other than maintenance, or the operation of a conveyance without a permit by any person owning or having the custody, management, or operation thereof, except as provided in RCW 70.87.080 and 70.87.090, is a misdemeanor. Each day of violation is a separate offense. ~~((No))~~ A prosecution may not be maintained ~~((where))~~ if a person has requested the issuance or renewal of a permit ~~((has been requested but upon which no action has been taken by))~~ but the department has not acted.

(2) The ~~((construction, installation, relocation, alteration, maintenance, or operation of a conveyance))~~ performance of conveyance work, other than the maintenance of conveyances as specified in section 4 of this act, without a license by any person is a misdemeanor. Each day of violation is a separate offense. ~~((No))~~ A prosecution may not be maintained ~~((where))~~ if a person has requested the issuance or renewal of a license ~~((has been requested by an applicant but upon which no action has been taken by))~~ but the department has not acted.

**Sec. 20.** RCW 70.87.200 and 1983 c 123 s 22 are each amended to read as follows:

(1) The provisions of this chapter do not apply where:

(a) A conveyance is permanently removed from service or made effectively inoperative; or

(b) Lifts, man hoists, or material hoists are erected temporarily for use during construction work only and are of such a design that they must be operated by a workman stationed at the hoisting machine.

(2) Except as limited by RCW 70.87.050, municipalities having in effect an elevator code prior to June 13, 1963 may continue to assume jurisdiction over ~~((the operation, erection, installation, alteration, or repair of elevators, escalators, dumbwaiters, moving walks, manlifts, and parking elevators))~~ conveyance work and may inspect, issue permits, collect fees, and prescribe minimum requirements for ~~((the construction, design, use, and maintenance of conveyances))~~ conveyance work and operation if the requirements are equal to the requirements of this chapter and to all rules pertaining to conveyances adopted and administered by the department. Upon the failure of a municipality having jurisdiction over conveyances to carry out the provisions of this chapter with regard to a conveyance, the department may assume jurisdiction over the conveyance. If a municipality elects not to maintain jurisdiction over certain conveyances located therein, it may enter into a written agreement with the department transferring exclusive jurisdiction of the conveyances to the department. The city may not reassume jurisdiction after it enters into such an agreement with the department.

**Sec. 21.** RCW 70.87.250 and 2002 c 98 s 13 are each amended to read as follows:

(1) Upon approval of an application, the department may issue a license that is ~~((biannually [biennially]))~~ biennially renewable. The fee for the license and for any renewal shall be set by the department in rule.

These temporary elevator mechanic licenses will be issued to those certified as qualified and competent by licensed elevator contractors. The company shall furnish proof of competency as the department may require. Each license must recite that it is valid for a period of thirty days from the date of issuance and for such particular ~~((elevators))~~ conveyance or geographical areas as the department may designate, and otherwise entitles the licensee to the rights and privileges of an elevator mechanic license issued in this chapter. A temporary elevator mechanic license ~~((must))~~ may be renewed by the department and a fee as established in rule must be charged for any temporary elevator mechanic license or renewal.

(3) The renewal of all licenses granted under this section is conditioned upon the submission of a certificate of completion of a course designed to ensure the continuing education of licensees on new and existing rules of the department. The course must consist of not less than eight hours of instruction that must be attended and completed within one year immediately preceding any license renewal.

(4) The courses must be taught by instructors through continuing education providers that may include, but are not limited to, association seminars and labor training programs. The department must approve the continuing education providers. All instructors must be approved by the department and are exempt from the requirements of subsection (3) of this section with regard to his or her application for license renewal, provided that such applicant was qualified as an instructor at any time during the one year immediately preceding the scheduled date for such renewal.

(5) A licensee who is unable to complete the continuing education course required under this section before the expiration of his or her license due to a temporary disability may apply for a waiver from the department. This will be on a form provided by the department and signed under the pains and penalties of perjury and accompanied by a certified statement from a competent physician attesting to the temporary disability. Upon the termination of the temporary disability, the licensee must submit to the department a certified statement from the same physician, if practicable, attesting to the termination of the temporary

disability. At which time a waiver sticker, valid for ninety days, must be issued to the licensee and affixed to his or her license.

(6) Approved training providers must keep uniform records, for a period of ten years, of attendance of licensees and these records must be available for inspection by the department at its request. Approved training providers are responsible for the security of all attendance records and certificates of completion. However, falsifying or knowingly allowing another to falsify attendance records or certificates of completion constitutes grounds for suspension or revocation of the approval required under this section.

**NEW SECTION. Sec. 3.** A new section is added to chapter 47.44 RCW to read as follows:

This chapter does not apply to leases issued for the deployment of personal wireless service facilities as provided in section 5 of this act.

**Sec. 4.** RCW 47.52.001 and 1961 c 13 s 47.52.001 are each amended to read as follows:

(1) Unrestricted access to and from public highways has resulted in congestion and peril for the traveler. It has caused undue slowing of all traffic in many areas. The investment of the public in highway facilities has been impaired and highway facilities costing vast sums of money will have to be relocated and reconstructed.

(2) Personal wireless service is a critical part of the state's infrastructure. The rapid deployment of personal wireless service facilities is critical to ensure public safety, network access, quality of service, and rural economic development.

(3) It is, therefore, the declared policy of this state to limit access to the highway facilities of this state in the interest of highway safety and for the preservation of the investment of the public in such facilities; except that the use of the rights of way of limited access facilities must be permitted for the deployment of personal wireless service facilities.

**NEW SECTION. Sec. 5.** A new section is added to chapter 47.04 RCW to read as follows:

(1) For the purposes of this section:

(a) "Right of way" means all state-owned land within a state highway corridor.

(b) "Service provider" means every corporation, company, association, joint stock association, firm, partnership, or person that owns, operates, or manages any personal wireless service facility. "Service provider" includes a service provider's contractors, subcontractors, and legal successors.

(2) The department shall establish a process for issuing a lease for the use of the right of way by a service provider and shall require that telecommunications equipment be co-located on the same structure whenever practicable. Consistent with federal highway administration approval, the lease must include the right of direct ingress and egress from the highway for construction and maintenance of the personal wireless service facility during nonpeak hours if public safety is not adversely affected. Direct ingress and egress may be allowed at any time for the construction of the facility if public safety is not adversely affected and if construction will not substantially interfere with traffic flow during peak traffic periods. The lease may specify an indirect ingress and egress to the facility if it is reasonable and available for the particular location.

(3) The cost of the lease must be limited to the fair market value of the portion of the right of way being used by the service provider and the direct administrative expenses incurred by the department in processing the lease application.

If the department and the service provider are unable to agree on the cost of the lease, the service provider may submit the cost of the lease to binding arbitration by serving written notice on the department. Within thirty days of receiving the notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or panel shall determine the cost of the lease based on comparable siting agreements. Costs of the arbitration, including compensation for the arbitrator's services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(4) The department shall act on an application for a lease within sixty days of receiving a completed application, unless a service provider consents to a different time period.

(5) The reasons for a denial of a lease application must be supported by substantial evidence contained in a written record.

(6) The department may adopt rules to implement this section.

(7) All lease money paid to the department under this section shall be deposited in the motor vehicle fund created in RCW 46.68.070.

**NEW SECTION. Sec. 6.** The process for issuing leases required in section 5(2) of this act must be established by the effective date of this act.

NEW SECTION. **Sec. 7.** The department of transportation shall report to the legislature on the implementation of the lease process. The department must submit this report to the house technology, telecommunications and energy committee and the senate technology and communications committee. An implementation report shall be submitted by January 15, 2004, and a status report shall be submitted by January 15, 2005.

NEW SECTION. **Sec. 8.** Applications for wireless site leases pending on the effective date of this act must be treated as applications under section 5 of this act with the consent of the applicant."

(b) Nothing in this subsection (2) shall preclude a local government from developing or amending its master program prior to the dates established by this subsection (2).

(3)(a) Following approval by the department of a new or amended master program, local governments required to develop or amend master programs on or before December 1, 2009, as provided by subsection (2)(a)(i) and (ii) of this section, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) of this section and shall not be required to complete master program amendments until seven years after the applicable dates established by subsection (2)(a)(iii) of this section. Any jurisdiction listed in subsection (2)(a)(i) of this section that has a new or amended master program approved by the department on or after March 1, 2002, but before the effective date of this section, shall not be required to complete master program amendments until seven years after the applicable date provided by subsection (2)(a)(iii) of this section.

(b) Following approval by the department of a new or amended master program, local governments choosing to develop or amend master programs on or before December 1, 2009, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) through (vi) of this section and shall not be required to complete master program amendments until seven years after the applicable dates established by subsection (2)(a)(iii) through (vi) of this section.

(4) Local governments shall conduct a comprehensive review of their master programs at least once every seven years after the applicable dates established by subsection (2)(a)(iii) through (vi) of this section. Except for those local governments listed in subsection (2)(a)(i) and (ii) of this section, the deadline for completion of the new or amended master programs shall be two years after the date the grant is approved by the department. Subsequent master program review dates shall not be altered by the provisions of this subsection.

(6)(a) Grants to local governments for developing and amending master programs pursuant to the schedule established by this section shall be provided at least two years before the adoption dates specified in subsection (2) of this section. To the extent possible, the department shall allocate grants within the amount appropriated for such purposes to provide reasonable and adequate funding to local governments that have indicated their intent to develop or amend master programs during the biennium according to the schedule established by subsection (2) of this section. Any local government that applies for but does not receive funding to comply with the provisions of subsection (2) of this section may delay the development or amendment of its master program until the following biennium.

(b) Local governments with delayed compliance dates as provided in (a) of this subsection shall be the first priority for funding in subsequent biennia, and the development or amendment compliance deadline for those local governments shall be two years after the date of grant approval.

(c) Failure of the local government to apply in a timely manner for a master program development or amendment grant in accordance with the requirements of the department shall not be considered a delay resulting from the provisions of (a) of this subsection.

SJM 8000 Prime Sponsor, Senator Fraser: Requesting the federal energy regulatory commission to withdraw a proposal affecting electricity. Reported by Committee on Technology, Telecommunications & Energy

MAJORITY recommendation: Do pass as amended.

Beginning on page 1, line 1, strike all material through "Washington." on page 2, line 37, and insert the following:

"TO THE HONORABLE GEORGE W. BUSH, PRESIDENT OF THE UNITED STATES, AND TO THE PRESIDENT OF THE SENATE AND THE SPEAKER OF THE HOUSE OF REPRESENTATIVES, AND TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES, IN CONGRESS ASSEMBLED, AND TO THE HONORABLE SPENCER ABRAHAM, SECRETARY OF THE UNITED STATES DEPARTMENT OF ENERGY, AND TO THE MEMBERS OF THE FEDERAL ENERGY REGULATORY COMMISSION, CHAIRMAN PATRICK WOOD, III, COMMISSIONER NORA M. BROWNELL, AND COMMISSIONER WILLIAM L. MASSEY:

We, your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully represent and petition as follows:

WHEREAS, The Federal Energy Regulatory Commission proposal establishing a standard market design (SMD) for electricity proceeds from the premise that a single market model will work for the entire nation, as a result it would fundamentally change the way the transmission system is operated, expand the Commission's authority in state decisions regarding resource adequacy and demand response, and dismantle the regional benefits derived from public power; and

WHEREAS, Washington state has a comprehensive electricity policy, which encourages efficiency while reflecting our unique resource base; and

WHEREAS, The Northwest electricity system is different from most of the rest of the nation, including substantial differences in the transmission ownership, a hydro-based system where the amount of energy

generated is limited by the amount of water in the rivers and behind the dams, complex legal arrangements for multiple uses of the water to meet diverse goals (power, irrigation, fisheries, recreation, and treaty obligations), and a hydro-based system that requires substantial coordination among plant owners and utilities, rather than the competitive market-based structure the SMD promotes; and

WHEREAS, The Northwest electricity system has produced affordable, cost-based rates and reliable service for our region; and

WHEREAS, Deregulation broke up traditional regulated utilities in order to create trading markets with the promise of lower costs, more consumer choice, more reliability, and fewer government bailouts. It in fact produced higher prices, more manipulation of consumers, volatility, brownouts, and bailouts running into the tens of billions; and

WHEREAS, The SMD would harm consumers in our region through increased costs and decreased reliability;

NOW, THEREFORE, Your Memorialists respectfully pray that the Federal Energy Regulatory Commission leave the Northwest electricity system in place and withdraw the Notice of Proposed Rulemaking establishing a Standard Market Design (SMD) for electricity; and

Your Memorialists further pray that in the event that the Federal Energy Regulatory Commission does not withdraw its proposal, the President and Congress take action to prevent the Federal Energy Regulatory Commission from proceeding with their proposal.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, the Honorable Spencer Abraham, the Secretary of the United States Department of Energy, the Members of the Federal Energy Regulatory Commission, Chairman Patrick Wood, III, Commissioner Nora M. Brownell, and Commissioner William L. Massey, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

SSJM 8002 Prime Sponsor, Senate Committee On Natural Resources, Energy & Water: Requesting forest health-related management activities on all state and national forests in Washington state. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Beginning on page 1, after line 10, strike all material through "Washington." on page 3, line 20, and insert the following:

"WHEREAS, Wildfires in forest areas are increasing at an alarming rate with the 2002 fire season one of the most severe since the 1940s; and

WHEREAS, There are over 180 million acres of public land near communities with a high risk of fire; and

WHEREAS, Forest health both in Washington state and throughout the nation has been on a steady decline in many forests over the last thirty years; and

WHEREAS, Forest insect infestations, disease, overly dense forests, weeds, and brush and shrub build-up are increasing problems; and

WHEREAS, Federal government agencies can help address the issues faced by forests in Washington by working closely with the state and local communities to restore damaged landscapes and appropriately reforest and manage lands near homes and urban areas;

NOW, THEREFORE, Your Memorialists respectfully pray that there be appropriate forest health-related management activities conducted on all forestland and on all Washington national forests. Appropriate forest management will enhance and protect the health of federal, state, and private forestlands. Such efforts will reduce the effects of catastrophic wildfire that threaten all forest values, including wildlife, water quality, and recreation opportunities. Appropriate management will protect communities within and surrounding the forests.

BE IT RESOLVED, That the United States Forest Service review the effectiveness of current fire fighting procedures and fire fighting procedures used in the past, including fire breaks established before fires and fire lines established during fires, to ensure that the most effective methods are used; and

BE IT FURTHER RESOLVED, That we strongly support federal management activities to reduce the risk of further spreading of insects and disease to state forestlands and private lands adjacent to federal lands; and

BE IT FURTHER RESOLVED, That we encourage the United States Forest Service to first focus management activities on federal lands that threaten adjacent private lands to decrease the risk of wildfire that

could spread on to privately owned timberland, and then request from Congress the authority to use revenue generated from harvest activities to fund ecosystem restoration and reforestation activities to benefit fish and wildlife and improve water quality; and

BE IT FURTHER RESOLVED, That we encourage the United States Forest Service to strongly consider current market conditions and the economic viability of timber sales when choosing harvest methods, encourage innovative and efficient logging techniques that ensure adequate protection for fish, wildlife, and water quality, and capture as much economic value from timber as possible without compromising water quality or wildlife habitat; and

BE IT FURTHER RESOLVED, That federal, state, and local agencies work together with the public to streamline the processes to jointly address all forest health issues in order to stem the tide of forest and grazing land wildfire, insect infestations, disease, and environmental degradation; and

BE IT FURTHER RESOLVED, That federal and state agencies work with all stakeholders to promote efforts that provide policy solutions and to conduct field operations so that our nation's public forests' health issues can be addressed; and

BE IT FURTHER RESOLVED, That Congress provide adequate funding levels for the United States Forest Service and continually assess the progress towards a healthy forest environment;

BE IT FURTHER RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, the Honorable Ann M. Veneman, Secretary of the Department of Agriculture, Dale Bosworth, Chief of the Forest Service, and the Honorable Gail A.   - (c) Relevant state agencies that have functions that involve hepatitis C or provide services to persons with hepatitis C;
  - (d) Local health departments;

- (2) The plan shall include implementation recommendations in the following areas:

(a) Hepatitis C virus prevention and treatment strategies for groups at risk for hepatitis C with an emphasis towards those groups that are disproportionately affected by hepatitis C, including persons infected with HIV, veterans, racial or ethnic minorities that suffer a higher incidence of hepatitis C, and persons who engage in high-risk behavior, such as intravenous drug use;

(b) Educational programs to promote public awareness about bloodborne infections and knowledge about risk factors, the value of early detection, screening, services, and available treatment options for hepatitis C;

(c) Education curricula for appropriate health and health-related providers covered by the uniform disciplinary act, chapter 18.130 RCW;

(d) Training courses for persons providing hepatitis C counseling, public health clinic staff, and any other appropriate provider, which shall focus on disease prevention, early detection, and intervention;

(e) Capacity for voluntary hepatitis C testing programs to be performed at facilities providing voluntary HIV testing under chapter 70.24 RCW;

(f) A comprehensive model for the prevention and management of hepatitis C; and

(g) Sources and availability of funding to implement the plan.

(3) The secretary of health shall develop the state plan described in subsections (1) and (2) of this section only to the extent that, and for as long as, federal or private funds are available for that purpose, including grants. Funding for this act shall not come from state sources.

(4) The secretary of health shall submit the completed state plan to the legislature by January 1, 2004. After the initial state plan is submitted, the department shall update the state plan biennially and shall submit the plan to the governor and make it available to other interested parties. The update and progress reports are due December 1, 2004, and every two years thereafter.

(5) The state plan developed pursuant to this section shall be developed using only available federal and private sources, including grants.

(6) This section expires June 30, 2007.

**Sec. 2.** RCW 49.60.172 and 1988 c 206 s 903 are each amended to read as follows:

(1) No person may require an individual to take an HIV test, as defined in chapter 70.24 RCW, or hepatitis C test, as a condition of hiring, promotion, or continued employment unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification for the job in question.

(2) No person may discharge or fail or refuse to hire any individual, or segregate or classify any individual in any way which would deprive or tend to deprive that individual of employment opportunities or adversely affect his or her status as an employee, or otherwise discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment on the basis of the results of an HIV test or hepatitis C test unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification of the job in question.

(3) The absence of HIV or hepatitis C infection as a bona fide occupational qualification exists when performance of a particular job can be shown to present a significant risk, as defined by the board of health by rule, of transmitting HIV or hepatitis C infection to other persons, and there exists no means of eliminating the risk by restructuring the job.

(4) For the purpose of this chapter, any person who is actually infected with HIV or hepatitis C, but is not disabled as a result of the infection, shall not be eligible for any benefits under the affirmative action provisions of chapter 49.74 RCW solely on the basis of such infection.

(5) Employers are immune from civil action for damages arising out of transmission of HIV or hepatitis C to employees or to members of the public unless such transmission occurs as a result of the employer's gross negligence.

**Sec. 3.** RCW 49.60.174 and 1997 c 271 s 6 are each amended to read as follows:

(1) For the purposes of determining whether an unfair practice under this chapter has occurred, claims of discrimination based on actual or perceived HIV or hepatitis C infection shall be evaluated in the same manner as other claims of discrimination based on sensory, mental, or physical disability; or the use of a trained dog guide or service animal by a disabled person.

(2) Subsection (1) of this section shall not apply to transactions with insurance entities, health service contractors, or health maintenance organizations subject to RCW 49.60.030(1)(e) or 49.60.178 to prohibit fair discrimination on the basis of actual HIV or actual hepatitis C infection status when bona fide statistical differences in risk or exposure have been substantiated.

(3) For the purposes of this chapter((?)):

(a) "HIV" means the human immunodeficiency virus, and includes all HIV and HIV-related viruses which damage the cellular branch of the human immune system and leave the infected person immunodeficient; and

(b) "Hepatitis C" means the hepatitis C virus of any genotype.

**NEW SECTION. Sec. 4.** A new section is added to chapter 50.20 RCW to read as follows:

(1) Credentialed health care professionals listed in RCW 18.130.040 shall be deemed to be dislocated workers for the purpose of commissioner approval of training under RCW 50.20.043 if they are unemployed as a result of contracting hepatitis C in the course of employment and are unable to continue to work in their profession because of a significant risk that such work would pose to other persons and that risk cannot be eliminated.

(2) For purposes of subsection (1) of this section, a health care professional who was employed on a full-time basis in their profession shall be presumed to have contracted hepatitis C in the course of employment. This presumption may be rebutted by a preponderance of the evidence that demonstrates that the health care professional contracted hepatitis C as a result of activities or circumstances not related to employment.

NEW SECTION. **Sec. 5.** Section 1 of this act does not create a private right of action."

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Criminal Justice & Corrections.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or

convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources other than state funds, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders in the state of Washington.

(i) For level III offenders, the web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(ii) For level II offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county- operated web sites that offer sex offender registration information.

(6) A local law enforcement agency may post level II and level III community notification bulletins on the agency's web site for sex offenders residing within the agency's jurisdiction.

(7) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

~~((7))~~ (8) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in

bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

~~((8))~~ (9) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

~~((9))~~ (10) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

~~((10))~~ (11) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee ~~((of or))~~ or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs."

ESSB 5776 Prime Sponsor, Senate Land Use & Planning (originally sponsored by Senator Doumit: Providing an appeal process for state agency permit decisions. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The purpose of this chapter is to reform the process of appeal and review of final permit decisions made by state agencies and local governments for qualifying economic development projects by establishing uniform, expedited, and consolidated appeal procedures and uniform criteria for reviewing such decisions in order to provide consistent, predictable, and timely review. The appeal process authorized in this chapter is intended to be the exclusive process for review of final decisions made by state agencies and local governments on permit applications for qualifying economic development projects, superseding other existing administrative board and judicial appeal procedures.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Board" means the environmental and land use hearings board.
- (2) "Final decision" means the highest and last decision available within the permit agency with respect to a permit application to the agency, including but not limited to decisions resulting from internal appeals available within the agency for the permit decision.
- (3) "Participating permit agency" means any permit agency in which the applicant for a qualifying project has filed an application for an environmental or land use permit necessary for the economic development project.
- (4) "Permit" means any license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to any regulatory or management program related to the protection, conservation, use of, or interference with the land, air, or water in the state. This document must be required to be obtained from a state agency or local government, including but not limited to counties, cities, and air agencies, prior to constructing or operating a qualifying project. Local government permits include, but are not limited to, subdivisions, binding site plans, planned unit developments, shoreline permits or other approvals under RCW 90.58.140, master plan approvals, site plan approvals, permits or approvals required by critical area ordinances, conditional use permits, variances, site-specific rezones authorized by a comprehensive plan or subarea plan, or other equivalent documents however titled or denominated. Local government permits excluded under this definition include the adoption or amendment of a comprehensive plan, subarea plan, legislative actions on development regulations, certifications by local health districts of water and sewer availability, and building, grading, flood hazard, utility connection, and other nondiscretionary construction permits.
- (5) "Permit agency" means any state agency or local government, including but not limited to air agencies, authorized by law to issue permits.
- (6) "Qualifying project" means an economic development project (a) that is located within a county that in its entirety qualifies as a distressed area as defined in RCW 43.168.020(3) and a rural natural resources impact area as defined in RCW 43.160.020, (b) that is reasonably expected to provide at least thirty full-time year-round jobs, (c) for which the project applicant reasonably believes will require a minimum of two permits prior to its construction or operation, (d) for which the applicant has timely requested from the office of permit assistance a determination designating the economic development project as a qualifying project, and (e) that is designated as a qualifying project by the office of permit assistance.

**NEW SECTION. Sec. 3.** The appeal process authorized in this chapter shall, notwithstanding any other provisions of law, be the exclusive process for review of the decisions made by participating permit agencies on permit applications for qualifying projects. This chapter does not apply to applications for certification by the energy facility site evaluation council pursuant to chapter 80.50 RCW. The superior court civil rules and the rules of appellate procedure shall govern procedural matters for the judicial appeal process under this chapter to the extent that the rules are consistent with this chapter.

**NEW SECTION. Sec. 4.** (1) An applicant for a permit for an economic development project that meets the criteria set forth in section 2(5) (a), (b), and (c) of this act must file with the office of permit assistance a request for a determination designating the economic development project as a qualifying project. Such request must be filed with the office of permit assistance no later than thirty days after the date the first application for a permit required for the economic development project is filed with the permit agency. The permit applicant must provide a copy of the request to each permit agency with which a permit application has or will be filed.

(2) The request must include (a) evidence that the economic development project is located within a county that in its entirety qualifies as a distressed area and a rural natural resources impact area, (b) evidence that the economic development project is reasonably expected to provide at least thirty full-time year-round jobs, and (c) a list of permits that the project applicant reasonably believes will be required prior to construction or operation of the economic development project.

(3) The office of permit assistance must (a) approve the request if it is reasonably satisfied that the requirements of subsection (2) of this section are met, (b) respond to such request no later than thirty days after the filing of the request, and (c) provide a copy of the designation decision to each permit agency responsible for project permits listed in the request.

**NEW SECTION. Sec. 5.** (1) An environmental and land use hearings board is hereby established within the environmental hearings office created under RCW 43.21B.005. The environmental and land use hearings board shall be composed of six members, as provided in RCW 90.58.170. The chairperson of the pollution control hearings board shall be the chairperson of the environmental and land use hearings board. The members of the environmental and land use hearings board shall receive the compensation, travel, and subsistence expenses as provided in RCW 43.03.050 and 43.03.060.

(2) All proceedings before the board or any of its members shall be conducted in accordance with such rules of practice and procedure as the board may adopt. In all such proceedings, the board shall have all powers relating to the administration of oaths, issuance of subpoenas, and taking of depositions as set forth in RCW 34.05.446. The board shall publish any such rules and arrange for the reasonable distribution thereof. Failure to adopt such rules shall not deprive the board of jurisdiction nor relieve the board of the duty to hear petitions for review filed under this chapter.

**NEW SECTION. Sec. 6.** (1) Proceedings for review under this chapter shall be commenced by filing a petition with the environmental and land use hearings board. The board may adopt by rule procedures for filing and service that are consistent with this chapter.

(2) Such petition is barred, and the board may not grant review, unless the petition is timely filed with the board and timely served on the following persons who shall be parties to the review of the petition:

(a) The participating permit agencies, which for purposes of the petition shall be (i) if a state agency, the director thereof, and (ii) if a local government, the jurisdiction's corporate entity which shall be served as provided in RCW 4.28.080; and

(b) Each of the following persons if the person is not the petitioner:

(i) Each person identified by name and address as applicant in the application to the participating permit agencies;

(ii) Each person identified in project application documents as an owner of the property at issue or, if none, each person identified as a taxpayer for the property at issue in the records of the county assessor.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section no more than twenty-one days after the issuance by the permit agency of the permit decision for the qualifying project.

(4) For the purposes of this section, the date on which a permit decision is issued is:

(a) Three days after a written decision is mailed by the permit agency to the project applicant or, if not mailed, the date on which the permit agency provides notice that a written decision is publicly available; or

(b) If (a) of this subsection does not apply, the date the decision is entered into the public record.

(5) Service on all parties shall be by personal service or by mail. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

**NEW SECTION. Sec. 7.** Standing to bring a petition under this chapter is limited to the following persons:

(1) The applicant and the owner of the property to which the permit decision is directed;

(2) A person aggrieved or adversely affected by the permit decision, or who would be aggrieved or adversely affected by a reversal or modification of the permit decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

- (a) The permit decision has prejudiced or is likely to prejudice that person;
  - (b) That person's asserted interests are among those that the permit agency was required to consider when it made its permit decision;
  - (c) A decision of the board in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the permit decision; and
  - (d) The petitioner has exhausted his or her administrative remedies to the extent required by law;
- (3) A participating permit agency under this chapter.

**NEW SECTION. Sec. 8.** A petition must set forth:

- (1) The name and mailing address of the petitioner;
- (2) The name and mailing address of the petitioner's attorney, if any;
- (3) The name and mailing address of the permit agency whose permit is at issue, if any;
- (4) A duplicate copy of the permit decision;
- (5) Identification of each person to be made a party under this chapter;
- (6) Facts demonstrating that the petitioner has standing to seek board review under this chapter;
- (7) A separate and concise statement of each error alleged to have been committed;
- (8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and
- (9) A request for relief, specifying the type and extent of relief requested.

**NEW SECTION. Sec. 9.** (1) Within seven days after receipt of service of the petition filed pursuant to section 6 of this act, the project applicant shall file with the board and serve on all parties an affidavit certifying all applications for permits that the project applicant has filed with participating permit agencies for the qualifying project, provided, however, that no permit may be included that has been appealed to an administrative hearings board outside the permit agency or to court prior to the date of service of the petition filed with the board under this chapter. The board shall request verification from the participating agencies of the permit applications certified in the project applicant's affidavit and of the expected date for final decision on the permit applications. Filing of the affidavit shall toll the schedule for hearing by the board until twenty-one days after issuance of the final permit decision on the last permit required for the qualifying project that has been certified in the project applicant's affidavit and verified by a participating agency as applied for, unless the petition filed and served by the petitioner relates to the final permit decision.

(2) Within seven days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project, the petitioner shall note an initial hearing on jurisdictional and other preliminary matters, and, if applicable, on other pretrial matters. This initial hearing shall be set no sooner than thirty-five days and no later than fifty days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project.

(3) The board shall contemporaneously process all such petitions in accordance with the case schedule requirements set forth in this act.

(4) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner.

(5) The defenses of lack of standing, untimely filing or service of the petition, lack of good faith or improper purpose in filing, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the board allows discovery on such issues.

(6) The petitioner shall move the board for an order at the initial hearing setting the date the permit decision records of the applicable permit agencies must be submitted, setting a briefing schedule, setting a discovery schedule if discovery is to be allowed, and scheduling one or more hearings on the merits.

(7) The parties may waive the initial hearing by scheduling dates for the hearings on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (5) and (6) of this section.

(8) A party need not file an answer to a petition for review filed pursuant to section 6 of this act.

**NEW SECTION. Sec. 10.** The board shall provide expedited review of petitions filed under this chapter. Any matter reviewed on the decision record as provided in section 13(1) of this act must be set for hearing within sixty days of the date set for submitting the decision record of all participating permit agencies, absent a showing of good cause for a different date or a stipulation of the parties. Any matter reviewed de novo as provided in section 13(3) of this act must be set for hearing or trial no later than one hundred twenty days after the initial hearing date. The board shall issue a final decision and order within thirty days after the final hearing required in this section.

**NEW SECTION. Sec. 11.** (1) A petitioner or other party may request the board to stay or suspend an action by a participating permit agency or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) The board may grant a stay only if the board finds that: (a) The party requesting the stay is likely to prevail on the merits, (b) without the stay the party requesting it will suffer irreparable harm, (c) the grant of a stay will not substantially harm other parties to the proceedings, and (d) the request for the stay is timely in light of the circumstances of the case.

(3) The board may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

**NEW SECTION. Sec. 12.** (1) Within forty-five days after entry of an order to submit the decision record, where applicable, or within such a further time as the board allows or as the parties agree, each participating agency shall submit to the board a certified copy of the decision record for board review of the permit decision, except that the petitioner shall prepare at the petitioner's expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the board, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the board.

(3) The petitioner shall pay the participating agency the cost of preparing the record before the participating agency submits the decision record to the board. Failure by the petitioner to timely pay the participating agency relieves the participating agency of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the board shall equitably assess the cost of preparing the record among the parties. In assessing costs the board shall take into account the extent to which each party prevailed and the reasonableness of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section.

**NEW SECTION. Sec. 13.** (1) For all permit decisions being reviewed that were made by quasi-judicial bodies or permit agency officers who made factual determinations in support of the decisions, after the conduct of proceedings in which the parties had an opportunity consistent with due process to make records on the factual issues, board review of factual issues and the conclusions drawn from the factual issues shall be confined to the records created by the quasi-judicial bodies or permit agency officers, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the records may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the permit decision, when such grounds were unknown by the petitioner at the time the record was created;

(b) Matters that were improperly excluded from the record after being offered by a party to a permit decision proceeding; or

(c) Matters that were outside the jurisdiction of the body or officer that made the permit decision.

(3) For permit decisions other than those described in subsection (1) of this section, the board review of the permit decision shall be de novo on issues presented as error in the petition.

(4) The board may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5)(a) The parties may not conduct pretrial discovery except with the prior permission of the board, which may be sought by motion at any time after service of the petition. The board shall not grant permission unless the party requesting it makes a prima facie showing of need. The board shall strictly limit discovery to what is necessary for equitable and timely review of the issues.

(b) If the board allows the record to be supplemented, or in any de novo proceeding under subsection (3) of this section, the board shall require the parties to disclose before the hearing or trial on the merits the identity of witnesses and the specific evidence they intend to offer.

(c) If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties, and the board shall take such request into account in fashioning an equitable discovery order under this section.

**NEW SECTION. Sec. 14.** (1) The board shall review the decision record and all such evidence as is permitted to supplement the record for review restricted to the decision record or is required for de novo review under section 13 of this act. The board may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the permit decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

- (b) The permit decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by an agency with expertise;
  - (c) The permit decision is not supported by evidence that is substantial when viewed in light of the whole record before the board;
  - (d) The permit decision is a clearly erroneous application of the law to the facts;
  - (e) The permit decision is outside the authority or jurisdiction of the body or officer making the decision;
- or
- (f) The permit decision violates the constitutional rights of the party seeking relief.
- (2) The board may affirm or reverse each permit decision under review or remand the permit decision to the appropriate permit agency for modification or further proceedings.

**NEW SECTION. Sec. 15.** (1) In order to obtain judicial review of a final decision of the environmental and land use hearings board, a party to the board case as consolidated shall timely file a petition for judicial review in the superior court for Thurston county and timely serve the board and all parties to the proceedings before the board by personal service or by mail. Such petition is timely filed and served only if it is filed and served on all parties no more than thirty days after the final decision and order of the board. Any party may apply for direct review by the court of appeals. An application for direct review must be filed with the superior court no more than ten days after the petition for judicial review is filed in superior court. The superior court must presume that: (a) The qualifying project presents fundamental and urgent issues affecting the public interest which require a prompt determination, and (b) delay in obtaining a final and prompt determination of such issues would be detrimental to a party and the public interest.

(2) The presumption set forth in subsection (1) of this section shall require the superior court to certify the board decision for direct review not less than ten days and not more than fifteen days after the application therefore is filed unless, based on a motion of a party filed with supporting excerpts from the record no more than ten days after the application is filed, the superior court finds that the economic development project does not meet the definition of a qualifying project.

(3) A motion as set forth in subsection (2) of this section shall be heard no more than fourteen days after the filing of the motion and shall be confined to certified excerpts from the record, which any party may produce. The court may make such findings upon a showing that the record contains clear, cogent, and convincing evidence to support such findings, which evidence has been testified to by at least one witness. It shall not be necessary to certify the entire record to the court for the purpose of hearing such motion.

(4) The court of appeals shall accept direct review of a case unless it finds that the superior court's certification under the standards contained in this section was clearly erroneous. Review by the court of appeals shall be restricted to the decision record of the permit agency and the board proceedings. All certified appeals shall be provided priority processing by the court of appeals.

**Sec. 16.** RCW 34.05.518 and 1995 c 382 s 5 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;

(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;

(c) An appeal to the court of appeals would be likely regardless of the determination in superior court;

and

(d) The appellate court's determination in the proceeding would have significant precedential value. Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

(i) Fundamental and urgent statewide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act).

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.

**Sec. 17.** RCW 36.70C.030 and 1995 c 347 s 704 are each amended to read as follows:

(1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:

(a) Judicial review of:

(i) Land use decisions made by bodies that are not part of a local jurisdiction;

(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board, the environmental and land use hearings board, or the growth management hearings board;

(b) Judicial review of applications for a writ of mandamus or prohibition; or

(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.

(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter.

**Sec. 18.** RCW 43.21B.005 and 1999 c 125 s 1 are each amended to read as follows:

Each member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with the provisions of RCW 43.03.050 and 43.03.060.

(7) The forest practices appeals board shall have exclusive jurisdiction to hear appeals arising from an action or determination by the department, and the department of fish and wildlife, and the department of ecology with respect to management plans provided for under RCW 76.09.350.

(8)(a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department: (a) Under the authority granted in RCW 77.55.110 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; or (b) under the authority granted in RCW 77.55.230 for off- site mitigation proposals.

**Sec. 22.** RCW 90.58.180 and 1997 c 199 s 1 are each amended to read as follows:

(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the shorelines hearings board by filing a petition for review within twenty-one days of the date of filing as defined in RCW 90.58.140(6).

Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department, the office of the attorney general, and the local government. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. The shorelines hearings board shall schedule review proceedings on the petition for review without regard as to whether the period for the department or the attorney general to intervene has or has not expired.

(2) The department or the attorney general may obtain review of any final decision granting a permit, or granting or denying an application for a permit issued by a local government by filing a written petition with the shorelines hearings board and the appropriate local government within twenty-one days from the date the final decision was filed as provided in RCW 90.58.140(6).

(4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:

- (a) Is clearly erroneous in light of the policy of this chapter; or
- (b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
- (c) Is arbitrary and capricious; or
- (d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or
- (e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5)(a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board.

ESSB 5904 Prime Sponsor, Senate Committee on Ways & Means: Concerning prescription drug  
assistance programs for seniors. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and  
without amendment by Committee on Health Care.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that prescription drugs are an effective and important part of efforts to maintain and improve the health of Washington state residents. However, their increased cost and utilization is straining the resources of many people, particularly low-income elderly people who lack insurance coverage for such drugs. Furthermore, inappropriate use of prescription drugs can result in unnecessary expenditures and lead to serious health consequences. It is therefore the intent of the legislature to establish an evidence-based preferred drug list, develop programs to provide prescription drugs at an affordable price to those in need, and increase public awareness regarding their safe and cost-effective use.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:

(1) To the extent funds are appropriated specifically for this purpose, and subject to any conditions placed on appropriations made for this purpose, the department shall design the medicaid prescription drug assistance program. Neither the benefits of, nor eligibility for, the program is considered to be an entitlement.

(2) The department is directed to obtain necessary federal waivers to implement this program. Consistent with federal waiver conditions, the department is authorized to charge enrollment fees, premiums, or point-of-service cost-sharing to enrollees of the program.

(3) Eligibility for this program is limited to persons:

(a) Who are eligible for medicare or age sixty-five and older;

(b) Whose family income does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services;

(c) Who do not otherwise have insurance that provides prescription drug coverage; and

(d) Who are not otherwise eligible under Title XIX of the federal social security act.

(4) The department is authorized to use a cost-effective prescription drug benefit design. Consistent with federal waiver conditions, this benefit design can be different than the benefit design offered under the medical assistance program. The benefit design may include a deductible benefit that provides coverage when enrollees

incur higher prescription drug costs as defined by the department. The department also may offer more than one benefit design.

(5) The department is authorized to limit enrollment of persons who qualify for the program so as to prevent an overexpenditure of appropriations for this program or to assure necessary compliance with federal waiver budget neutrality requirements. The department shall not reduce existing medical assistance program eligibility or benefits to assure compliance with federal waiver budget neutrality requirements.

(6) No funds from an approved federal waiver that allows for the collection of premiums from medicaid clients will be used to finance the medicaid prescription drug assistance program.

(7) This program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the federal social security act.

(8) The department shall provide recommendations to the appropriate committees of the senate and house of representatives by November 15, 2003, on financing options available to support the medicaid prescription drug assistance program. In recommending financing options, the department shall explore every opportunity to maximize federal funding to support the program.

**NEW SECTION. Sec. 3.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The health care authority shall establish a prescription drug purchasing consortium and shall coordinate the participation of state agencies and private individuals in the consortium. The authority shall establish a preferred drug list for use as provided in this chapter through an evidence-based process that evaluates the efficacy of prescription drugs, considering safety, efficacy, likelihood of compliance, outcomes, and any unique impacts on specific populations based upon factors such as sex, age, ethnicity, race, or disability. The preferred drug list shall be used for entities and private individuals participating in the consortium. In administering prescription drug benefits under state purchased health care programs, agencies shall honor an endorsing prescriber's direction to dispense a prescription drug as written on the prescription order.

(2) State purchased health care programs shall purchase prescription drugs through the consortium for those prescription drugs that are purchased directly by the state and those that are purchased through reimbursement of retail pharmacies. The administrator shall not require that any supplemental rebate offered by a pharmaceutical manufacturer for prescription drugs purchased for medical assistance program clients under chapter 74.09 RCW be extended to state purchased health care programs other than medical assistance, or to private individuals participating in the consortium. The administrator shall explore joint purchasing opportunities with other states to achieve quality cost-effective prescription drug coverage for those participating in the consortium.

(3) Participation in the purchasing consortium and other related activities is purely voluntary for individuals who lack insurance or are underinsured for prescription drug coverage. Unaffiliated individuals who participate in the consortium shall receive reduced costs comparable to those negotiated by the consortium for its preferred prescription drugs. The administrator may set reasonable fees, including enrollment fees for participating individuals, to cover administrative costs attributable to participation in prescription drug consortium activities. A private individual may limit their participation to one or more of the consortium's program components.

**NEW SECTION. Sec. 4.** A new section is added to chapter 41.05 RCW to read as follows:

The consolidated prescription drug purchasing account is created in the custody of the state treasurer. All receipts under section 3(3) of this act from the fees from the price discount program created in section 3 of this act must be deposited into the account. Expenditures from the account may be used only for the purposes of section 3 of this act. Only the administrator or the administrator's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION. Sec. 5.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The administrator shall establish and advertise a pharmacy connection program through which health care providers and members of the public can obtain information about manufacturer-sponsored prescription drug assistance programs. The administrator shall ensure that the program has staff available who can assist persons in procuring free or discounted medications from manufacturer-sponsored prescription drug assistance programs by:

(a) Determining whether an assistance program is offered for the needed drug or drugs;

(b) Evaluating the likelihood of a person obtaining drugs from an assistance program under the guidelines formulated;

(c) Assisting persons with the application and enrollment in an assistance program;

(d) Coordinating and assisting physicians and others authorized to prescribe medications with communications, including applications, made on behalf of a person to a participating manufacturer to obtain approval of the person in an assistance program; and

(e) Working with participating manufacturers to simplify the system whereby eligible persons access drug assistance programs, including development of a single application form and uniform enrollment process.

(2) Notice regarding the pharmacy connection program shall initially target senior citizens, but the program shall be available to anyone, and shall include a toll-free telephone number, available during regular business hours, that may be used to obtain information.

(3) The administrator may apply for and accept grants or gifts and may enter into interagency agreements or contracts with other state agencies or private organizations to assist with the implementation of this program including, but not limited to, contracts, gifts, or grants from pharmaceutical manufacturers to assist with the direct costs of the program.

(4) The administrator shall notify pharmaceutical companies doing business in Washington of the pharmacy connection program. Any pharmaceutical company that does business in this state and that offers a pharmaceutical assistance program shall notify the administrator of the existence of the program, the drugs covered by the program, and all information necessary to apply for assistance under the program.

(5) For purposes of this section, "manufacturer-sponsored prescription drug assistance program" means a program offered by a pharmaceutical company through which the company provides a drug or drugs to eligible persons at no charge or at a reduced cost. The term does not include the provision of a drug as part of a clinical trial.

**NEW SECTION. Sec. 6.** A new section is added to chapter 41.05 RCW to read as follows:  
The authority may adopt rules to implement this act.

**NEW SECTION. Sec. 7.** By January 1, 2005, the administrator of the health care authority and the secretary of the department of social and health services shall submit to the governor and the legislature a progress report regarding the implementation of the programs created in this act."

**SSB 5912** Prime Sponsor, Senate Committee on Highways & Transportation: Creating the Produce Railcar Pool. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. FINDINGS AND INTENT.** The legislature finds that an actively coordinated and cooperatively facilitated railcar pool for transportation of perishable agricultural commodities is necessary for the continued viability and competitiveness of Washington's agricultural industry. The legislature also finds that the rail transportation model established by the Washington Grain Train program has been successful in serving the shipping needs of the wheat industry.

It is, therefore, the intent of the legislature to authorize and direct the Washington department of transportation to develop a railcar program for Washington's perishable commodity industries to be known as the Washington Produce Railcar Pool. This railcar program should be modeled from the Washington Grain Train program, but be made flexible enough to work with entities outside state government in order to fulfill its mission, including, but not limited to, the federal and local governments, commodity commissions, and private entities.

**NEW SECTION. Sec. 2. DEFINITION.** As used in this act "short line railroad" means a Class II or Class III railroad as defined by the United States Surface Transportation Board.

**NEW SECTION. Sec. 3. DEPARTMENTAL AUTHORITY.** In addition to powers otherwise granted by law, the department may establish a Washington Produce Railcar Pool to promote viable, cost-effective rail service for Washington produce, including but not limited to apples, onions, pears, and potatoes, both processed and fresh.

To the extent that funds are appropriated, the department may:

- (1) Operate the Washington Produce Railcar Pool program while working in close coordination with the department of agriculture, interested commodity commissions, port districts, and other interested parties;
- (2) For the purposes of this program:
  - (a) Purchase or lease new or used refrigerated railcars;
  - (b) Accept donated refrigerated railcars; and
  - (c) Refurbish and remodel the railcars.
- (3) Hire, in consultation with affected stakeholders, including but not limited to short line railroads, commodity commissions, and port districts, a transportation management firm to perform the function outlined in section 5 of this act; and
- (4) Contribute the efforts of a short line rail-financing expert to find funding for the project to help interested short line railroads in this state to accomplish the necessary operating arrangements once the railcars are ready for service.

**NEW SECTION. Sec. 4. FUNDING.** To the extent that funds are appropriated, the department shall fund the program as follows: The department may accept funding from the federal government, or other public or private sources, to purchase or lease new or used railcars and to refurbish and remodel the railcars as needed. Nothing in this section precludes other entities, including but not limited to short line railroads, from performing the remodeling under sections 1 through 6 of this act.

**NEW SECTION. Sec. 5. RAILCAR POOL MANAGEMENT.** (1) The transportation management firm hired under section 3(3) of this act shall manage the day-to-day operations of the railcars, such as monitoring the location of the cars, returning them to this state, distributing them, arranging for pretrips and repairs, and arranging for per diem, mileage allowances, and other freight billing charges with the railroads.

(2) The railcar pool must be managed over the life of the railcars so that the railcars will be distributed to railroads and port districts around the state for produce loadings as market conditions warrant or to other users, including out-of-state users by contractual agreement, during times of excess capacity.

(3) To maximize railcar availability and use, the department or the transportation management firm may make agreements with the transcontinental railroad systems to pool Washington-owned or Washington-managed railcars with those of the railroads. In such instances, the railroad must agree to provide immediately an equal number of railcars to the Washington railcar pool.

(4) The department shall act in an oversight role to verify that the railcar pool is managed in accordance with subsections (2) and (3) of this section.

**NEW SECTION. Sec. 6. PRODUCE RAILCAR POOL ACCOUNT.** The produce railcar pool account is created in the custody of the state treasurer. All receipts from per diem charges, mileage charges, and freight billing charges paid by railroads and shippers that use the railcars in the Washington Produce Railcar Pool must be deposited into the account. Expenditures from the account may be used only for the purposes of sections 1 through 5 of this act. Only the secretary of transportation or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**Sec. 7.** RCW 43.79A.040 and 2002 c 322 s 5, 2002 c 204 s 7, and 2002 c 61 s 6 are each reenacted and amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(1) The charter use of Washington State Ferry vessels when established route operations and normal user requirements are not disrupted is permissible. In establishing chartering agreements, Washington State Ferries shall consider the special needs of local communities and interested parties. Washington State Ferries shall use sound business judgment and be sensitive to the interests of existing private enterprises.

(2) Consistent with the policy as established in subsection (1) of this section, the ~~((general manager))~~ chief executive officer of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:

(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington State Ferries.

(b) Charter rates for vessels must be established at actual vessel operating costs plus ~~((fifty percent of such actual costs rounded to the nearest fifty dollars))~~ a market-rate profit margin. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby.

(c) ~~((Recognizing the need for stabilized charter rates in order to encourage use of vessels, rates must be established and revised July 1st of each year and must remain fixed for a one year period unless actual vessel operating costs increase five percent or more within that year, in which case the charter rates must be revised in accordance with (b) of this subsection.))~~

(d) ~~All charter agreements must be in writing and substantially in the form of (e) of this subsection and available, with calculations, for inspection by the legislature and the public.~~

The Lessee remains responsible for property damage in excess of \$350.

5. WSF is responsible only for the navigational operation of the chartered ferry and in no way is responsible for directing voyage activities, providing equipment, or any food service.

6. Other than for hazardous materials transport, the voyage activities must be conducted exclusively on the passenger decks of the assigned ferry. Voyage patrons will not be permitted to enter the pilot house or the engine room, nor shall the vehicle decks be used for any purpose other than loading or unloading of voyage patrons or hazardous materials.

7. The Lessee recognizes therefore the right of WSF to cancel a voyage commitment without liability to the Lessee due to unforeseen circumstances or events that require the use of the chartered vessel on its scheduled route operations. In the event of such a cancellation, WSF agrees to refund the entire amount of the charter fee to the Lessee.~~

~~10. The Lessee agrees to hold WSF harmless from, and shall process and defend at its own expense, all claims, demands, or suits at law or equity, of whatever nature brought against WSF arising in whole or in part from the performance of provisions of this agreement. **Sec. 2.** RCW 47.60.140 and 1995 1st sp.s. c 4 s 2 are each amended to read as follows:

(1) The department is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue-producing and self-liquidating undertaking. The department has full charge of the construction, rehabilitation, rebuilding, enlarging, improving, operation, and maintenance of the ferry system, including toll bridges, approaches, and roadways incidental thereto that may be authorized by the department, including the collection of tolls and other charges for the services and facilities of the undertaking. The department has the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located on the ferries, wharves, docks, approaches, parking lots, and landings, including the selling of commercial advertising space and licenses to use the Washington State Ferries trademarks, but, except as provided in subsection (2) of this section, no such leases or contracts may be entered into for more than ten years, nor without a competitive contract process, except as otherwise provided in this section. The competitive process shall be either an invitation for bids in accordance with the process established by chapter 43.19 RCW, or a request for proposals in accordance with the process established by RCW 47.56.030. All revenues from commercial advertising, concessions, parking, leases, and contracts must be deposited in the Puget Sound ferry operations account in accordance with RCW 47.60.150.

(2) As part of a joint development agreement under which a public or private developer constructs or installs improvements on ferry system property, the department may lease all or part of such property and improvements to such developers for that period of time, not to exceed fifty-five years, or not to exceed thirty years for those areas located within harbor areas, which the department determines is necessary to allow the developer to make reasonable recovery on its initial investment. Any lease entered into as provided for in this subsection that involves state aquatic lands shall conform with the Washington state Constitution and applicable statutory requirements as determined by the department of natural resources. That portion of the lease rate attributable to the state aquatic lands shall be distributed in the same manner as other lease revenues derived from state aquatic lands as provided in RCW 79.24.580.

(3) The department shall include in the strategic planning and performance assessment process, as required by RCW 43.88.090, an analysis of the compatibility of public and private partnerships with the state ferry system's core business, and the department's efforts to maximize nonfarebox revenues and provide benefit to the public users of the ferry system facilities. The department shall include an assessment of the need for an open solicitation to identify and select possible public or private partnerships in order to maximize the value of projects and the state's investment in current and future ferry system operations.

(a) When the department determines that an open solicitation is necessary, a request for proposal shall be released, consisting of an open solicitation outlining functional specifications to be used as the basis for selecting partnerships in the project.

(b) Any responses to the request for proposal shall be evaluated, at a minimum, on the basis of compatibility with the state ferry system's core business, potential to maximize nonfarebox revenue, longevity of the possible partnership commitment, and benefit to the public users of the ferry system facilities.

(c) If no responses are received, or those that are received are incompatible with ferry system operations, or do not meet the criteria stated in (b) of this subsection, the state ferry system may proceed with state ferry system operating strategies designed to achieve state ferry system objectives without established partnerships.

**Sec. 3.** RCW 47.60.150 and 1999 c 94 s 26 are each amended to read as follows:

Subject to the provisions of RCW 47.60.326, the schedule of charges for the services and facilities of the system shall be fixed and revised from time to time by the commission so that the tolls and other revenues deposited in the Puget Sound ferry operations account for maintenance and operation, and all moneys in the Puget Sound capital construction account available for debt service will yield annual revenue and income sufficient, after allowance for all operating, maintenance, and repair expenses to pay the interest and principal and sinking fund charges for all outstanding revenue bonds, and to create and maintain a fund for ordinary renewals and replacements: PROVIDED, That if provision is made by any resolution for the issuance of revenue bonds for the creation and maintenance of a special fund for rehabilitating, rebuilding, enlarging, or improving all or any part of the ferry system then such schedule of tolls and rates of charges shall be fixed and revised so that the revenue and income will also be sufficient to comply with such provision.

All income and revenues as collected by the ferry system from any source shall be paid to the state treasurer for the account of the department and deposited into the Puget Sound ferry operations account. Nothing in this section requires tolls on the Hood Canal bridge except as may be required by any bond covenants.

**Sec. 4.** RCW 47.60.326 and 2001 1st sp.s. c 1 s 1 are each amended to read as follows:

(1) In order to maintain an adequate, fair, and economically sound schedule of charges for the transportation of passengers, vehicles, and commodities on the Washington state ferries, the department of transportation each year shall conduct a full review of such charges.

(2) Prior to February 1st of each odd-numbered year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing biennium. The commission on or before July 1st of that year shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing biennium commencing July 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, July 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:

- (a) The amount of subsidy available to the ferry system for maintenance and operation;
- (b) The time and distance of ferry runs;
- (c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
- (d) The efficient distribution of traffic between cross-sound routes;
- (e) The desirability of reasonable commutation rates for persons using the ferry system to commute daily to work;
- (f) The effect of proposed fares in increasing walk-on and vehicular passenger use;
- (g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;
- (h) The estimated revenues that are projected to be earned by the ferry system from commercial advertisements, parking, contracts, leases, and other sources;

(i) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected revenues from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

(5) The provisions of RCW 47.60.330 relating to public participation shall apply to the process of revising ferry tolls under this section.

(6) Under RCW 43.135.055, the transportation commission may increase ferry tolls included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(7) Notwithstanding the provisions of this section and chapter 81.28 RCW, and using sound business judgment, the chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the transportation commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

**Sec. 5.** RCW 47.60.330 and 1983 c 15 s 26 are each amended to read as follows:

(1) Before a substantial expansion or curtailment in the level of service provided to ferry users, or a revision in the schedule of ferry tolls or charges, the department of transportation shall consult with affected ferry users. The consultation shall be: (a) By public hearing in affected local communities; (b) by review with the affected ferry advisory committees pursuant to RCW 47.60.310; (c) by conducting a survey of affected ferry users; or (d) by any combination of (a) through (c). Promotional, discount, and special event fares that are not part of the published schedule of ferry charges or tolls are exempt. The department shall report an accounting of all exempt revenues to the transportation commission each fiscal year.

(2) There is created a ferry system productivity council consisting of a representative of each ferry advisory committee empanelled under RCW 47.60.310, elected by the members thereof, and two representatives of employees of the ferry system appointed by mutual agreement of all of the unions representing ferry employees, which shall meet from time to time with ferry system management to discuss means of improving ferry system productivity.

(3) Before increasing ferry tolls the department of transportation shall consider all possible cost reductions with full public participation as provided in subsection (1) of this section and, consistent with public policy, shall consider adapting service levels equitably on a route-by-route basis to reflect trends in and forecasts of traffic usage. Forecasts of traffic levels shall be developed by the bond covenant traffic engineering firm appointed under the provisions of RCW 47.60.450. Provisions of this section shall not alter obligations under RCW 47.60.450. Before including any toll increase in a budget proposal by the commission, the department of transportation shall consult with affected ferry users in the manner prescribed in (1)(b) of this section plus the procedure of either (1) (a) or (c) of this section."

## SECOND READING

### **SUBSTITUTE SENATE BILL NO. 5248, by Senate Committee on Highways & Transportation (originally sponsored by Senators Horn, Haugen, Prentice, Oke and Stevens)**

#### **Achieving transportation workforce efficiencies.**

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Transportation was adopted. (For committee amendment, see Journal, 73rd Day, March 26, 2003.)

With the consent of the House, amendments (331), (335), and (334) were withdrawn.

## MOTION

On motion of Representative Clements, Representative Delvin was excused.

Representative Ericksen moved the adoption of amendment (357):

Strike everything after the enacting clause and insert the following:

The legislature finds that there is a pressing need for reform of the way in which the transportation system in Washington is constructed and maintained. The legislature finds that if the private sector can perform a service faster and in a more economical manner than state government, as demonstrated under chapter 354, Laws of 2002, then the department of transportation should not be hindered by state law from providing services in the most cost-effective manner. The legislature also finds that reforming current laws governing the payment of prevailing wages to ensure the accuracy of such wages is necessary to recapture public support for future expansion of the transportation system in Washington. The legislature intends that ten pilot projects should be conducted in a wide variety of locations in Washington state, both urban and rural, to test the process of having the department of transportation draft its own permits, subject to a single review by the regulatory agencies, in order to evaluate the use of this streamlined process.

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;

(b) Any retirement system or retirement benefit; or

(c) Rules of the director of personnel or the Washington personnel resources board adopted under section 203, chapter 354, Laws of 2002.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4).

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to:

(a) Management rights established in RCW 41.80.040; or

(b) With respect to the department of transportation, the department's purchase of services by contract or any matters governed by RCW 41.06.142.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

~~((7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142.))~~

(1) The committee shall select and conduct permit reform pilot projects in three locales: (a) Urban near built-out conditions; (b) urban centers serving as crucial rural connectors; and (c) rural corridors critical to statewide economic productivity. The pilot projects must test the assignment of responsibilities such as selected permit drafting and selected compliance activities to the department.

(2) The committee shall commence efforts to apply streamlining lessons learned from the streamlined permit process for the pilot projects to as many other transportation projects of statewide significance as quickly as possible. In reporting to the legislature, the committee may recommend statutory or regulatory changes that would result in streamlining for future projects.

(3) The department and permitting agencies shall apply an interim interdisciplinary permit review process for the pilot projects as set forth in this section. This process must provide coordinated review and approval of permit applications; provide coordinated and consolidated public hearings where required by one or more regulatory agencies under state law; and coordinate timelines for permit decision making.

(4) The committee shall give notice to the legislative authority of each affected county and city of the projects the committee has designated as pilot projects. Each county and city notified must be offered the opportunity to participate in the pilot projects as provided for in this chapter. The department shall provide funding assistance for participation.

(5) The committee shall develop a dispute resolution process to resolve conflicts in interpretation of environmental standards and best management practices, mitigation requirements, permit requirements, assigned responsibilities, the streamlined process for pilot projects set forth in this section, and other related issues by September 1, 2001. The dispute resolution process may not abrogate or supplant any appeal right of any party under existing statutes. The dispute resolution process must be designed to include federal agencies if they choose to participate. The dispute resolution process must be applied to the pilot projects.

(6) The streamlined process for the pilot projects must be based on the following model:

(a) Step 1: The department and permitting agencies will agree on coordination for environmental review under the state and national environmental policy acts, including document preparation, public comment opportunities, and timelines.

(b) Step 2: For each project, the department will convene a meeting of all entities with permitting authority to review:

(i) The proposed conceptual design for the project and alternative routes, construction approaches, or mitigation approaches;

(ii) All known reviewing entities, permit application and approval requirements, and timelines; and

(iii) A coordinated timeline that allows all statutory requirements to be met.

(c) Step 3: The department will draft all necessary permits to proceed with the preferred alternative using relevant agreements with permitting agencies.

(d) Step 4: The department will provide public notice in conformity with all applicable statutes and regulations and allow the required time for public hearings and written comments.

(e) Step 5: The department may revise the draft permits after consideration of public comments and applying all relevant agreed upon standards.

(f) Step 6: All permits will be disseminated to permitting agencies for final review. All reviews will be completed within forty- five days, at which time the permitting agencies will act upon the permit and either approve the permit or return it without approval.

(g) Step 7: If the permit is returned to the department without approval, the permitting agencies will have one opportunity to identify errors or omissions and any remaining specific deficiencies or circumstances not previously addressed by agreements between the department and agencies that must be met or addressed to be compliant with applicable law. The department may revise the permit as warranted and resubmit the permit to the permitting agency, which will have fifteen days from receipt of the revised permit to take final action.

(h) Step 8: Disputes related to permit decisions will be addressed by the dispute resolution process established by the committee.

(7) The committee shall select ten projects from the project lists that accompany any transportation budget passed in 2003 that are funded but do not yet have state permits in place. The committee should select projects in both urban and rural areas located from a wide variety of locations within Washington state. These will be designated as "Department of Transportation Permit Drafting Pilot Projects." These projects are not required to be projects of statewide significance under this chapter. The department of transportation will draft its own state permits under RCW 47.06C.080(2) and using a timeline developed by the committee. These permits drafted by the department are subject to a single review by state regulatory agencies before approval or denial. The process must be monitored by the committee and used to implement increased drafting of permits by the department of transportation on other projects.

(1) The "prevailing rate of wage", for the intents and purposes of this chapter, shall be the rate of hourly wage, usual benefits, and overtime paid in the locality, as hereinafter defined, to the majority of workers, laborers, or mechanics, in the same trade or occupation. In the event that there is not a majority in the same trade or occupation paid at the same rate, then the average rate of hourly wage and overtime paid to such laborers, workers, or mechanics in the same trade or occupation shall be the prevailing rate. If the wage paid by any contractor or subcontractor to laborers, workers, or mechanics on any public work is based on some period of time other than an hour, the hourly wage for the purposes of this chapter shall be mathematically determined by the number of hours worked in such period of time.

(2) The "locality" (~~for the purposes of this chapter shall be the largest city in~~) is the county wherein the physical work is being performed.

(3) The "usual benefits" for the purposes of this chapter shall include the amount of:

(a) The rate of contribution irrevocably made by a contractor or subcontractor to a trustee or to a third person pursuant to a fund, plan, or program; and

(b) The rate of costs to the contractor or subcontractor which may be reasonably anticipated in providing benefits to workers, laborers, and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program which was communicated in writing to the workers, laborers, and mechanics affected, for medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the foregoing, for unemployment benefits, life insurance, disability and sickness insurance, or accident insurance, for vacation and holiday pay, for defraying costs of apprenticeship or other similar programs, or for other bona fide fringe benefits, but only where the contractor or subcontractor is not required by other federal, state, or local law to provide any of such benefits.

(4) An "interested party" for the purposes of this chapter shall include a contractor, subcontractor, an employee of a contractor or subcontractor, an organization whose members' wages, benefits, and conditions of employment are affected by this chapter, and the director of labor and industries or the director's designee.

(1) All determinations of the prevailing rate of wage shall be made by the industrial statistician of the department of labor and industries. By January 1, 2004, the industrial statistician shall determine the prevailing rate of wage using a stratified random sampling method.

(2)(a) A stratified random sampling method must be used to the broadest extent possible, subject to available resources.

(b) If it is determined by the industrial statistician that sample size, strata size, or other factors do not permit the effective use of a stratified random sampling method, an equally reliable statistical method must be used.

(3) In order to ensure a fair and scientifically accurate stratified random sampling survey, the industrial statistician may consult with recognized experts in statistics and sampling, or with representatives of labor unions or business organizations regarding the necessary scientific methods, implementation parameters, and resource allocations.

(4) The department of labor and industries shall report to the legislature by December 1, 2004, and December 1, 2005, on the implementation of the stratified random sampling method.

Section 2 of this act takes effect July 1, 2004."

(1) \$149,959,000 of the Puget Sound capital construction account-- state appropriation, and \$34,800,000 of the Puget Sound capital construction account--federal appropriation are provided solely to implement the activities and projects included in the transportation executive information systems project list named 03HTCPL4--house transportation committee project list. In order to provide the flexibility needed to manage a large ferry construction program with a significant amount of federal funds, changes to the list may occur under the following conditions and restrictions:

(a) Projects that have unplanned carry-forward expenditures from the 2001-03 biennium may be added to the list in order to complete the project following approval by the office of financial management;

(b) Projects that were completed in the 2001-03 biennium and do not require expenditure in the 2003-05 biennium may be removed from the list following approval by the office of financial management;

(c) Projects may be added when the department of transportation identifies the projects associated with activity funding allocations as long as the activity allocation is reduced by the amount of the projects added following approval by the office of financial management;

(d) If planned construction of a project is unavoidably delayed, the department may advance construction of a similar project provided that funding has been identified to complete both projects following approval by the office of financial management;

(e) In order to maximize federal funding and ensure that the state does not lose any available federal funds, projects may be added to the list that utilize additional federal funds provided that state match is available and there are no projects where the state funds can be supplanted following approval by the office of financial management; and

(f) In the event of an emergency, the department is allowed to add emergency projects to the list and delay currently funded projects in order to fund the emergency projects following approval by the office of financial management.

The department will provide every calendar quarter to the house transportation committee and the senate highway and transportation committee a report detailing any changes to the project list and the reasons for the change.

(2) The Puget Sound capital construction account--state appropriation includes \$45,000,000 in proceeds from the sale of bonds authorized by RCW 47.10.843 for vessel and terminal acquisition, major and minor improvements, and long lead time materials acquisition for the Washington state ferries. The transportation commission may authorize the use of current revenues available to the motor vehicle account in lieu of bond proceeds for any part of the state appropriation.

(3) Of the funds appropriated in this section, \$5,337,000 is provided for emergency repairs, \$77,272,000 is provided for terminal preservation and improvements, \$84,191,000 is provided for vessel preservation, \$13,283,000 is provided for passenger-only vessel and terminal preservation and improvements, and \$4,676,000 is reappropriated for work not completed in the 2001-03 biennium.

(4) The Washington state ferries must prepare a strategic plan for the placement of multimodal terminals in Washington state. This plan should, at a minimum, identify and evaluate potential sites for multimodal terminals, and identify and evaluate possible financing options for placement of these terminals. No improvement funds may be spent on new terminals until the strategic plan has been completed. The department must report to the transportation committees of the legislature by December 1, 2004, on the options, strategies, and recommendations for locating and financing multimodal terminals.

(5) The Washington state ferries must conduct an analysis of the long-term need for the Shaw Terminal. At a minimum, this analysis should address the viability and role of the terminal, as well as the availability and suitability of alternative methods of accessing Shaw Island. No preservation funds may be spent on the Shaw Terminal until the Shaw Terminal analysis has been completed. The department must report to the transportation committees of the legislature by December 1, 2003, on the options, strategies, and recommendations for the Shaw Island terminal.

(6) The department of transportation should work with the Washington state treasurer and others, as appropriate, to identify and evaluate alternative financing options to add new boats to the Washington state ferries system. This evaluation should be focused on providing the department future flexibility. The current financing plan assumes that two auto boats and one passenger-only boat will be financed through revenues generated through mechanisms provided in current law, with an additional 2 auto boats and one passenger-only boat financed through additional revenues. The department shall evaluate the possibilities of financing a fifth auto boat

through operating savings, additional financing mechanisms, or a combination of the two approaches. In developing a plan for new boats, the department shall work with other parties interested in acquiring similar boats to determine if partnerships can be developed that would reduce the costs per boat for all parties through contracting with a shipbuilder for a larger number of boats to be delivered. The department must report to the transportation committees of the legislature by December 1, 2003, on the options, strategies, and recommendations for financing alternatives.

(7) The department shall evaluate the existing process for designing and building new vessels. In reviewing the process, the department shall compare and contrast standard shipbuilding industry methods with current authorized design-build processes; including the industry use of owner's requirements or functional specifications as a basis for developing contract specifications and contract guidance drawings. Additional analysis of existing processes with industry practices should include a comparison of the impact of the two approaches on the overall, long-term vehicle operating, maintenance, and preservation costs. A report of the findings shall be provided to the transportation committees of the legislature by December 1, 2004.

(8) The next new class of auto ferries shall be known as the "San Juan" class ferry.

Puget Sound Ferry Operations Account--State Appropriation (~~(\$311,312,000)~~)

\$312,612,000

The appropriation in this section is subject to the following conditions and limitations and specified amounts are provided solely for that activity:

(1) The appropriation is based on the budgeted expenditure of \$35,159,000 for vessel operating fuel in the 2001-2003 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount may not be expended. If the actual cost exceeds this amount, the department shall request a supplemental appropriation.

(2) The appropriation provides for the compensation of ferry employees. The expenditures for compensation paid to ferry employees during the 2001-2003 biennium may not exceed \$207,065,000 plus a dollar amount, as prescribed by the office of financial management, that is equal to any insurance benefit increase granted general government employees in excess of \$432.82 a month annualized per eligible marine employee multiplied by the number of eligible marine employees for the respective fiscal year, a dollar amount as prescribed by the office of financial management for costs associated with pension amortization charges, and a dollar amount prescribed by the office of financial management for salary increases during the 2001-2003

biennium. For the purposes of this section, the expenditures for compensation paid to ferry employees shall be limited to salaries and wages and employee benefits as defined in the office of financial management's policies, regulations, and procedures named under objects of expenditure "A" and "B" (7.2.6.2).

The prescribed salary and insurance benefit increase or decrease dollar amount that shall be allocated from the governor's compensation appropriations is in addition to the appropriation contained in this section and may be used to increase or decrease compensation costs, effective July 1, 2001, and thereafter, as established in the 2001-2003 general fund operating budget.

(3) The department shall issue a request for information from entities interested in purchasing advertising on board Washington state ferry vessels. The department shall evaluate the proposals and report back to the legislature's transportation committees in January 2002 regarding the potential for revenue from different types of advertising.

(4) The department may enter into contracts with private vendors to sell ferry tickets and medium at locations other than Washington state ferry terminals or facilities.

(a) The department may enter into the contracts only (i) with private vendors that are already established businesses offering goods for sale to the general public; and (ii) if it determines that the vendor's established location has the potential to serve a significant percentage of the customers using a particular ferry route.

(b) The department may adopt necessary rules and procedures to allow the use of credit and debit cards to purchase ferry tickets or medium from a private vendor who has contracted with the department to sell ferry tickets or medium. The department may establish a convenience fee to be paid by all persons purchasing ferry tickets and medium at locations other than Washington state ferry terminals or facilities. The convenience fee must be sufficient to offset the charges imposed on the department by the credit and debit card companies. In no event may the use of credit or debit cards authorized by this section create a loss of revenue to the state. The use of a personal credit card does not rely upon the credit of the state as prohibited by Article VIII, section 5 of the state Constitution.

(5) The legislature recognizes the value of a regional fare collection system to promote intermodal travel throughout Washington state ferries' Puget Sound service area and therefore encourages the department to resume participation in the regional fare coordination project (smart card). The department shall develop a request for funding of the on-going operating costs associated with the regional fare coordination project and shall present this request to the 2003 legislature. The request for funding shall be sufficient to support a system that prevents the disclosure of personally identifying information of persons who use a smart card to facilitate payment of ferry fares. The requested system may facilitate the disclosure of aggregate information on fare collection to governmental agencies or groups concerned with public transportation or public safety as long as the data does not contain any personally identifying information. The requested system shall not prevent the release of personally identifying information to law enforcement agencies when required by a subpoena.

## **POINT OF ORDER**

Representative Kessler requested a Scope and Object ruling on amendment (358) to amendment (344).

## **SPEAKER'S RULING**

Mr. Speaker (Representative Lovick presiding): "Substitute House Bill No. 1163 is the state transportation budget for the 2003-05 biennium. It provides state funds for various transportation projects.

Amendment 358 relates to the governing board of a regional transportation authority that receives no funds in the budget bill. The purpose of the amendment - to require changes in the method by which the authority's board members are chosen - is completely external to the purpose of the bill, providing state funds for various transportation projects.

The amendment is therefore beyond the scope and object of the bill.

Representative Kessler, your point of order is well taken."

The question before the House was the adoption of amendment (344) as amended.

The amendment as amended was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

**"PART I - INTENT**

NEW SECTION. **Sec. 101.** The legislature finds that the state's transportation system is in critical need of repair, restoration, and enhancement. Bridges and major highway structures are at risk of failure during a seismic episode; ferry vessels are aged and nearing the end of their useful life; increased traffic congestion on state highways and local roadways threatens the state's economic vitality and quality of life; highways in some areas are experiencing high accident rates; and the mobility of persons with special needs or who live in rural areas has been greatly impaired by cuts in public transportation services, thus threatening our citizens' ability to access health care, job opportunities, and educational institutions. The revenues generated by this act are dedicated to funds, accounts, and activities that are critically necessary to improve the delivery of state transportation projects and services.

**PART II - LICENSE FEES**

**Sec. 201.** RCW 46.16.070 and 1994 c 262 s 8 are each amended to read as follows:

Schedule A applies to vehicles either used exclusively for hauling logs or that do not tow trailers. Schedule B applies to vehicles that tow trailers and are not covered under Schedule A.

Every truck, motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle or unless the vehicle is used only for the purpose of transporting any well drilling machine, air compressor, rock crusher, conveyor, hoist, donkey engine, cook house, tool house, bunk house, or similar machine or structure attached to or made a part of such vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035.

**Sec. 202.** RCW 46.68.035 and 2000 2nd sp.s. c 4 s 8 are each amended to read as follows:

All proceeds from combined vehicle licensing fees received by the director for vehicles licensed under RCW 46.16.070 and 46.16.085 shall be forwarded to the state treasurer to be distributed into accounts according to the following method:

(1) The sum of two dollars for each vehicle shall be deposited into the multimodal transportation account, except that for each vehicle registered by a county auditor or agent to a county auditor pursuant to RCW 46.01.140, the sum of two dollars shall be credited to the current county expense fund.

(2) The remainder shall be distributed as follows:

(a) ~~((23.677))~~ 21.963 percent shall be deposited into the state patrol highway account of the motor vehicle fund;

(b) ~~((4.524))~~ 1.411 percent shall be deposited into the Puget Sound ferry operations account of the motor vehicle fund; and

(c) The remaining proceeds shall be deposited into the motor vehicle fund.

**NEW SECTION. Sec. 203.** Revenues attributable to the increased gross weight fees under section 201 of this act must be expended solely on transportation projects that directly benefit the movement of freight.

**NEW SECTION. Sec. 204.** The increased gross weight fees under section 201 of this act apply to registrations that become payable after July 1, 2003.

### PART III - VEHICLE TRANSFER TAX

**NEW SECTION. Sec. 301.** A new section is added to chapter 82.44 RCW to read as follows:

(1) There is levied and there shall be collected a vehicle transfer tax on motor vehicles for the privilege of using the transportation system in this state. The tax authorized by this section shall be in addition to any other taxes authorized by law and shall be imposed on any retail sale, lease, or use of a motor vehicle upon which a state tax is imposed under chapter 82.08 or 82.12 RCW. However, the tax imposed by this section does not apply to the rental of a motor vehicle. The rate of the tax shall equal forty-six one-hundredths of one percent of the selling price when a state tax is imposed under chapter 82.08 RCW, or forty-six one-hundredths of one percent of the value of the article used when a state tax is imposed under chapter 82.12 RCW. The meaning ascribed to words and phrases in chapters 82.04, 82.08, and 82.12 RCW, insofar as applicable, have full force and effect with respect to the tax imposed by this section.

(2) For the purposes of this section, "motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.

(3) The tax imposed in this section shall be collected and remitted in the same manner as excise taxes collected under chapters 82.08 and 82.12 RCW. The department of revenue shall collect and administer the tax imposed by this section. All administrative provisions in chapters 82.08, 82.12, and 82.32 RCW, insofar as they are applicable, apply to the tax imposed under this section. The department of revenue has the power to adopt rules as may be necessary to administer the provisions of this section. In the collection of tax imposed by this section, the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. The county auditors shall collect and remit the tax imposed by this section in the same manner as the tax collected under RCW 82.12.045. NEW SECTION. Sec. 2. By November 30, 2004, the office of the superintendent of public instruction, in consultation with educators, parents, organizations representing special education, organizations representing educational interpreters and the interests of deaf and hearing impaired children, and other interested parties, shall conduct a comprehensive review and analysis of the qualifications and competencies required of educational interpreters who assist deaf and hearing impaired students. The review shall include an analysis of all state and federal requirements for meeting the educational needs of deaf and hearing impaired students, including the requirement to provide educational interpreters, and shall identify all funding sources available to pay for those educational needs. The office shall make recommendations to the governor, appropriate legislative committees, and the state board of education on the following options:

(1) Requiring that all educational interpreters for deaf students and hard of hearing students meet national registry standards;

(2) Requiring the state board of education or the office of the superintendent of public instruction, as appropriate, to establish competencies for educational interpreters;

(3) Identifying state and national training programs that could prepare educational interpreters to meet and maintain any standards or competencies necessary to serve deaf and hearing impaired students;

(4) Studying the feasibility of using distance learning options as a way to both maintain the quality and increase the availability of educational interpreters;

(5) Requiring the office of the superintendent of public instruction, in cooperation with institutions of higher education that have a deaf studies program, to provide a training program for educational interpreters. #### **COLLOQUY**

Representative Armstrong: "Does Engrossed Senate Bill No. 5256 create or add new requirements to the administrative procedures act for significant legislative rules?"

Representative Haigh: "No, Engrossed Senate Bill No. 5256 simply affirms the 1995 regulatory reform act in clarifying that "members of the public affected by administrative rules must have the opportunity for a meaningful role in their development." The Supreme Court got it right in its Hillis decision: "before adopting a rule" means meaningfully before. Engrossed Senate Bill No. 5256 affirms the 1995 regulatory reform act in providing that the public be provided that opportunity for a meaningful role in their development before a rule is adopted. In 2001, the Shorelines Hearing Board applied the 1995 regulatory reform act correctly to invalidate regulations when the agency had not made the cost benefit analysis available to the public until after the public comment period had closed. More recent Superior Court decisions have raised questions about this requirement of the 1995 regulatory reform act, and Engrossed Senate Bill No. 5256 resolves those questions."

With the consent of the House, the House deferred action on ENGROSSED SENATE BILL NO. 5256 and the bill held its place on Third Reading.

### **POINT OF ORDER**

Representative Nixon requested a scope and object ruling on amendment (387) to the committee amendment Engrossed Senate Bill No. 5379.

### **SPEAKER'S RULING**

The Speaker (Representative Lovick presiding): "In ruling on the scope and object challenge to amendment (387), the Speaker first notes that the amendment is drawn to the amendment proposed by the Children and Family Services Committee. The committee amendment has not been adopted by the body. Therefore, for purposes of the ruling, the Speaker looks to the bill as it passed the Senate and was introduced in the House.

Engrossed Senate Bill No. 5379 is entitled an act relating to "dependency petition hearings." The bill requires that dependency and termination hearings, which currently are open only to persons with a direct interest in the case, be open to the public, with certain exceptions.

Amendment (387) also requires the proceedings to be open to the public, but sets forth different exceptions, and expands the persons eligible to attend a proceeding that has been closed to the general public. The amendment additionally regulates access and dissemination of video recordings of the proceedings.

The bill and the amendment both revise the standards for public access to dependency and termination hearings. The different standards they propose present a policy choice for the body; not a change in the scope and object of the bill.

Representative Nixon, your point of order is not well taken."

Representative Carrell moved adoption of amendment (398) to the committee amendment.

Strike everything after line 2 of the amendment and insert the following:

"New section. Sec. 1. The legislature affirms that parents have a paramount right to raise their minor children. The legislature also recognizes that this paramount right must be considered in conjunction with a minor child's interest in maintaining the strong emotional bonds with others that the child has developed and relies upon. Therefore, the legislature intends to establish internally consistent and rigorous standards that must be met for a nonparent to obtain visitation with a minor child.

New section. Sec. 2. A new section is added to chapter 26.10 rcw to read as follows:

for purposes of section 3 of this act, the following definitions apply:

- (1) "applicant" means a nonparent who initiates a proceeding under this statute.
- (2) "contact" includes all court-ordered arrangements by which a nonparent is authorized to interact with a child other than custody, conservatorship, guardianship, or joint or shared custody.
- (3) "harm" means that denial of contact results in substantial loss and detriment to the child's physical, psychological, or emotional well-being. The likelihood of harm must be beyond the normal short-term distress a child suffers due to a change in circumstances.
- (4) "nonparent" includes any person not legally recognized as a parent whether or not related by blood or marriage.
- (5) "parent-like relationship" means a very significant relationship between a nonparent and a child in which the nonparent undertook responsibilities and tasks commonly performed by parents and commonly recognized as actions by someone in a parent-like relationship. Excluded from this category are baby-sitters or other caregivers who provided care for compensation or with the expectation of compensation, either directly or indirectly, in whole or in part. Compensation does not include incidental funds that the parent provides to the nonparent to be used for the benefit of the child.
- (6) "substantially interfered" means to have unreasonably and greatly diminished the amount and quality of contact a nonparent has had with the child. A reasonable reduction in the frequency or length of contact previously enjoyed with the child is not a substantial interference.

New section. Sec. 3. A new section is added to chapter 26.10 rcw to read as follows:

(1) a nonparent who is related to the child by blood, marriage, or adoption may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact under the following circumstances:

- (A) (i) the application is filed during a pending dissolution, legal separation, or modification of a parenting plan;  
(ii) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and  
(iii) the relationship between the applicant and the child is beneficial to the child and to the applicant; or
- (B)(i) the application is filed within twelve months from the date a final order is entered in a dissolution, legal separation, or modification of a parenting plan or within twelve months of the death of one of the child's parents;  
(ii) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions;  
(iii) the child's parent or custodian has substantially interfered with the applicant's relationship with the child;
- (iv) the applicant has unsuccessfully attempted to resolve any disagreement with the parent or custodian before going to court; and  
(v) the relationship between the applicant and the child is beneficial to the child and to the applicant.

(2) notwithstanding subsections 1 (a) and (b) of this section, a nonparent who is related to the child by blood, marriage, or adoption may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact under the following circumstances:

- (I) the application is filed within twelve months following the effective date of this act;
- (ii) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and  
(iii) the relationship between the applicant and the child is beneficial to the child and to the applicant.

(3) a nonparent who is not related to the child by blood, marriage, or adoption may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact under the following circumstances:

- (A) the application is filed during a pending dissolution, legal separation, or modification of a parenting plan;
- (B) the applicant is an individual with a parent-like relationship with the child;
- (C) the relationship has been parent-like in nature for a substantial period of time;
- (D) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and  
(E) the relationship between the applicant and the child is beneficial to the child and to the applicant.

(4) notwithstanding subsection 3 of this section, a nonparent who is not related to the child by blood, marriage, or adoption may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact under the following circumstances:

(A) the application is filed within twelve months following the effective date of this act;  
(B) the applicant is an individual with a parent-like relationship with the child;  
(C) the relationship has been parent-like in nature for a substantial period of time;  
(D) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and

(E) the relationship between the applicant and the child is beneficial to the child and to the applicant.

(5)(a) the court shall treat standing as a threshold issue. The applicant bears the burden of establishing standing. If the applicant does not satisfy this burden, the proceeding shall be dismissed.

(B) upon a finding that the applicant has standing, the applicant shall come forward with evidence to show that the child would very likely suffer harm if contact were not awarded. If the applicant presents evidence that could allow a reasonable fact finder to conclude that the child would very likely suffer harm, the burden shifts to the parent or custodian to present evidence why the decision to refuse contact is reasonable and in the best interests of the child.

(6) the court shall order contact if it finds that the applicant has satisfied the burden of showing by clear and convincing evidence that:

(A) the child would very likely suffer harm if contact is not awarded; and

(B) the parent's or custodian's denial of contact was unreasonable and not in the child's best interests.

(7) if the court dismisses the proceeding for lack of standing, the court shall award reasonable and necessary costs and fees to the prevailing party unless there is a compelling reason to do otherwise. In all other cases, the court may award such costs and fees as it deems appropriate.

(8) if the parent or custodian fails to comply with a court order awarding contact between the nonparent and the child, the nonparent may file a motion to initiate a contempt action under rcw 26.09.160.

**Sec. 4.** Rcw 26.09.240 and 1996 c 177 s 1 are each amended to read as follows:

~~((4))~~ a person other than a parent may petition the court for visitation with a child under section 3 of this act ~~((at any time or may intervene in a pending dissolution, legal separation, or modification of parenting plan proceeding)).~~ ~~((a person other than a parent may not petition for visitation under this section unless the child's parent or parents have commenced an action under this chapter.~~

~~(2) a petition for visitation with a child by a person other than a parent must be filed in the county in which the child resides.~~

~~(3) a petition for visitation or a motion to intervene pursuant to this section shall be dismissed unless the petitioner or intervenor can demonstrate by clear and convincing evidence that a significant relationship exists with the child with whom visitation is sought. If the petition or motion is dismissed for failure to establish the existence of a significant relationship, the petitioner or intervenor shall be ordered to pay reasonable attorney's fees and costs to the parent, parents, other custodian, or representative of the child who responds to this petition or motion.~~

~~(4) the court may order visitation between the petitioner or intervenor and the child between whom a significant relationship exists upon a finding supported by the evidence that the visitation is in the child's best interests.~~

~~(5)(a) visitation with a grandparent shall be presumed to be in the child's best interests when a significant relationship has been shown to exist. This presumption may be rebutted by a preponderance of evidence showing that visitation would endanger the child's physical, mental, or emotional health.~~

~~(B) if the court finds that reasonable visitation by a grandparent would be in the child's best interest except for hostilities that exist between the grandparent and one or both of the parents or person with whom the child lives, the court may set the matter for mediation under rcw 26.09.015.~~

~~(6) the court may consider the following factors when making a determination of the child's best interests:~~

~~(A) the strength of the relationship between the child and the petitioner;~~

~~(B) the relationship between each of the child's parents or the person with whom the child is residing and the petitioner;~~

~~(C) the nature and reason for either parent's objection to granting the petitioner visitation;~~

~~(D) the effect that granting visitation will have on the relationship between the child and the child's parents or the person with whom the child is residing;~~

~~(E) the residential time sharing arrangements between the parents;~~

~~(F) the good faith of the petitioner;~~

~~(G) any criminal history or history of physical, emotional, or sexual abuse or neglect by the petitioner;~~  
and

~~(H) any other factor relevant to the child's best interest.~~

~~(7) the restrictions of rcw 26.09.191 that apply to parents shall be applied to a petitioner or intervenor who is not a parent. The nature and extent of visitation, subject to these restrictions, is in the discretion of the court.~~

~~(8) the court may order an investigation and report concerning the proposed visitation or may appoint a guardian ad litem as provided in rcw 26.09.220.~~

~~(9) visitation granted pursuant to this section shall be incorporated into the parenting plan for the child.~~

~~(10) the court may modify or terminate visitation rights granted pursuant to this section in any subsequent modification action upon a showing that the visitation is no longer in the best interest of the child.)~~

**Sec. 5.** Rcw 26.10.160 and 1996 c 303 s 2 are each amended to read as follows:

(F) rcw 9a.44.096;

(H) chapter 9.68a rcw;

(I) any predecessor or antecedent statute for the offenses listed in (a)(iv)(a) through (h) of this subsection;

(J) any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (a)(iv)(a) through (h) of this subsection.

This subsection (2)(a) shall not apply when (c) or (d) of this subsection applies.

(B) the parent's visitation with the child shall be limited if it is found that the parent resides with a person who has engaged in any of the following conduct: (i) physical, sexual, or a pattern of emotional abuse of a child; (ii) a history of acts of domestic violence as defined in rcw 26.50.010(1) or an assault or sexual assault that causes grievous bodily harm or the fear of such harm; or (iii) the person has been convicted as an adult or as a juvenile has been adjudicated of a sex offense under:

(A) rcw 9a.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(B) rcw 9a.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(E) rcw 9a.44.093;

(F) rcw 9a.44.096;

(G) rcw 9a.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(H) chapter 9.68a rcw;

(I) any predecessor or antecedent statute for the offenses listed in (b)(iii)(a) through (h) of this subsection;

(J) any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (b)(iii)(a) through (h) of this subsection.

This subsection (2)(b) shall not apply when (c) or (e) of this subsection applies.

(C) if a parent has been found to be a sexual predator under chapter 71.09 rcw or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter. If a parent resides with an adult or a juvenile who has been found to be a sexual predator under chapter 71.09 rcw or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with the parent's child except contact that occurs outside that person's presence.

(D) there is a rebuttable presumption that a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection poses a present danger to a child. Unless the parent rebuts this presumption, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter:

(I) rcw 9a.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;

(Ii) rcw 9a.44.073;

(Iii) rcw 9a.44.076, provided that the person convicted was at least eight years older than the victim;

(V) rcw 9a.44.083;

(Vi) rcw 9a.44.086, provided that the person convicted was at least eight years older than the victim;

(Vii) rcw 9a.44.100;

(Viii) any predecessor or antecedent statute for the offenses listed in (d)(i) through (vii) of this subsection;

(Ix) any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (d)(i) through (vii) of this subsection.

(E) there is a rebuttable presumption that a parent who resides with a person who, as an adult, has been convicted, or as a juvenile has been adjudicated, of the sex offenses listed in (e)(i) through (ix) of this subsection places a child at risk of abuse or harm when that parent exercises visitation in the presence of the convicted or adjudicated person. Unless the parent rebuts the presumption, the court shall restrain the parent from contact with the parent's child except for contact that occurs outside of the convicted or adjudicated person's presence:

(I) rcw 9a.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;

(Vii) rcw 9a.44.100;

(Viii) any predecessor or antecedent statute for the offenses listed in (e)(i) through (vii) of this subsection;

(Ix) any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (e)(i) through (vii) of this subsection.

(F) the presumption established in (d) of this subsection may be rebutted only after a written finding that:

(I) if the child was not the victim of the sex offense committed by the parent requesting visitation, (a) contact between the child and the offending parent is appropriate and poses minimal risk to the child, and (b) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(Ii) if the child was the victim of the sex offense committed by the parent requesting visitation, (a) contact between the child and the offending parent is appropriate and poses minimal risk to the child, (b) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the offending parent is in the child's best interest, and (c) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(G) the presumption established in (e) of this subsection may be rebutted only after a written finding that:

(I) if the child was not the victim of the sex offense committed by the person who is residing with the parent requesting visitation, (a) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the convicted or adjudicated person, and (b) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(Ii) if the child was the victim of the sex offense committed by the person who is residing with the parent requesting visitation, (a) contact between the child and the parent in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child, (b) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the parent residing with the convicted or adjudicated person in the presence of the convicted or adjudicated person is in the child's best interest, and (c) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes contact between the parent and child in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child.

(H) if the court finds that the parent has met the burden of rebutting the presumption under (f) of this subsection, the court may allow a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection to have visitation with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is

willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(I) if the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who has been adjudicated as a juvenile of a sex offense listed in (e)(i) through (ix) of this subsection to have visitation with the child in the presence of the person adjudicated as a juvenile, supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(J) if the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who, as an adult, has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have visitation with the child in the presence of the convicted person supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(K) a court shall not order unsupervised contact between the offending parent and a child of the offending parent who was sexually abused by that parent. A court may order unsupervised contact between the offending parent and a child who was not sexually abused by the parent after the presumption under (d) of this subsection has been rebutted and supervised visitation has occurred for at least two years with no further arrests or convictions of sex offenses involving children under chapter 9a.44 rcw, rcw 9a.64.020, or chapter 9.68a rcw and (i) the sex offense of the offending parent was not committed against a child of the offending parent, and (ii) the court finds that unsupervised contact between the child and the offending parent is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treating child sexual abuse victims who has supervised at least one period of visitation between the parent and the child, and after consideration of evidence of the offending parent's compliance with community supervision requirements, if any. If the offending parent was not ordered by a court to participate in treatment for sex offenders, then the parent shall obtain a psychosexual evaluation conducted by a state-certified sex offender treatment provider indicating that the offender has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child.

(L) a court may order unsupervised contact between the parent and a child which may occur in the presence of a juvenile adjudicated of a sex offense listed in (e)(i) through (ix) of this subsection who resides with the parent after the presumption under (e) of this subsection has been rebutted and supervised visitation has occurred for at least two years during which time the adjudicated juvenile has had no further arrests, adjudications, or convictions of sex offenses involving children under chapter 9a.44 rcw, rcw 9a.64.020, or chapter 9.68a rcw, and (i) the court finds that unsupervised contact between the child and the parent that may occur in the presence of the adjudicated juvenile is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treatment of child sexual abuse victims who has supervised at least one period of visitation between the parent and the child in the presence of the adjudicated juvenile, and after consideration of evidence of the adjudicated juvenile's compliance with community supervision or parole requirements, if any. If the adjudicated juvenile was not ordered by a court to participate in treatment for sex offenders, then the adjudicated juvenile shall obtain a psychosexual evaluation conducted by a state-certified sex offender treatment provider indicating that the adjudicated juvenile has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child which may occur in the presence of the adjudicated juvenile who is residing with the parent.

(M)(i) the limitations imposed by the court under (a) or (b) of this subsection shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting visitation. If the court expressly finds based on the evidence that limitations on visitation with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting visitation, the court shall restrain the person seeking visitation from all contact with the child.

(ii) the court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused the child, except upon recommendation by an evaluator or therapist for the child that the child is ready for contact with the parent and will not be harmed by the contact. The court shall not enter an order allowing a parent to have contact with the child in the offender's presence if the parent resides with a person who has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused a child, unless the court finds that

the parent accepts that the person engaged in the harmful conduct and the parent is willing to and capable of protecting the child from harm from the person.

(Iii) if the court limits visitation under (a) or (b) of this subsection to require supervised contact between the child and the parent, the court shall not approve of a supervisor for contact between a child and a parent who has engaged in physical, sexual, or a pattern of emotional abuse of the child unless the court finds based upon the evidence that the supervisor accepts that the harmful conduct occurred and is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing to or capable of protecting the child.

(N) if the court expressly finds based on the evidence that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent's or other person's harmful or abusive conduct will recur is so remote that it would not be in the child's best interests to apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection, or if the court expressly finds that the parent's conduct did not have an impact on the child, then the court need not apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 rcw as to domestic violence is within the discretion of the court. This subsection shall not apply when (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), and (m)(ii) of this subsection apply.

~~(3) ((any person may petition the court for visitation rights at any time including, but not limited to, custody proceedings. The court may order visitation rights for any person when visitation may serve the best interest of the child whether or not there has been any change of circumstances.))~~ a person other than a parent may petition the court for visitation with a child under section 3 of this act.

(4) the court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child. Modification of a parent's visitation rights shall be subject to the requirements of subsection (2) of this section.

(5) for the purposes of this section, a parent's child means that parent's natural child, adopted child, or stepchild.

**Sec. 6.** Rcw 26.09.160 and 1991 c 367 s 4 are each amended to read as follows:

(1) the performance of parental functions and the duty to provide child support are distinct responsibilities in the care of a child. If a party fails to comply with a provision of a decree or temporary order of injunction, the obligation of the other party to make payments for support or maintenance or to permit contact with children is not suspended. An attempt by a parent, in either the negotiation or the performance of a parenting plan, to condition one aspect of the parenting plan upon another, to condition payment of child support upon an aspect of the parenting plan, to refuse to pay ordered child support, to refuse to perform the duties provided in the parenting plan, or to hinder the performance by the other parent of duties provided in the parenting plan, shall be deemed bad faith and shall be punished by the court by holding the party in contempt of court and by awarding to the aggrieved party reasonable attorneys' fees and costs incidental in bringing a motion for contempt of court.

(2)(a) a motion may be filed to initiate a contempt action to coerce a parent to comply with an order establishing residential provisions for a child or awarding contact with a child to a nonparent under section 3 of this act. If the court finds there is reasonable cause to believe the parent has not complied with the order, the court may issue an order to show cause why the relief requested should not be granted.

(B) if, based on all the facts and circumstances, the court finds after hearing that the parent, in bad faith, has not complied with the order establishing residential provisions for the child or awarding contact with a nonparent, the court shall find the parent in contempt of court. Upon a finding of contempt, the court shall order:

(I) the noncomplying parent to provide the moving party additional time with the child. The additional time shall be equal to the time missed with the child, due to the parent's noncompliance;

(Ii) the parent to pay, to the moving party, all court costs and reasonable attorneys' fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(Iii) the parent to pay, to the moving party, a civil penalty, not less than the sum of one hundred dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan or court order awarding contact with a nonparent and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order, but in no event for more than one hundred eighty days.

(3) on a second failure within three years to comply with a residential provision of a court-ordered parenting plan or court order awarding contact with a nonparent, a motion may be filed to initiate contempt of court proceedings according to the procedure set forth in subsection (2)(a) and (b) of this section. On a finding of contempt under this subsection, the court shall order:

(A) the noncomplying parent to provide the other parent or party additional time with the child. The additional time shall be twice the amount of the time missed with the child, due to the parent's noncompliance;

(B) the noncomplying parent to pay, to the other parent or party, all court costs and reasonable attorneys' fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(C) the noncomplying parent to pay, to the moving party, a civil penalty of not less than two hundred fifty dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan or court order awarding contact with a nonparent and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order but in no event for more than one hundred eighty days.

(4) for purposes of subsections (1), (2), and (3) of this section, the parent shall be deemed to have the present ability to comply with the order establishing residential provisions or awarding contact with a nonparent unless he or she establishes otherwise by a preponderance of the evidence. The parent shall establish a reasonable excuse for failure to comply with the court-ordered contact with a nonparent or the residential provision of a court-ordered parenting plan by a preponderance of the evidence.

(5) any monetary award ordered under subsections (1), (2), and (3) of this section may be enforced, by the party to whom it is awarded, in the same manner as a civil judgment.

(6) subsections (1), (2), and (3) of this section authorize the exercise of the court's power to impose remedial sanctions for contempt of court and is in addition to any other contempt power the court may possess.

(7) upon motion for contempt of court under subsections (1) through (3) of this section, if the court finds the motion was brought without reasonable basis, the court shall order the moving party to pay to the nonmoving party, all costs, reasonable attorneys' fees, and a civil penalty of not less than one hundred dollars.

**Sec. 7.** Rcw 26.09.260 and 2000 c 21 s 19 are each amended to read as follows:

(1) except as otherwise provided in subsections (4), (5), (6), (8), and (10) of this section, the court shall not modify a prior custody decree or a parenting plan unless it finds, upon the basis of facts that have arisen since the prior decree or plan or that were unknown to the court at the time of the prior decree or plan, that a substantial change has occurred in the circumstances of the child or the nonmoving party and that the modification is in the best interest of the child and is necessary to serve the best interests of the child.

(2) in applying these standards, the court shall retain the residential schedule established by the decree or parenting plan unless:

(A) the parents agree to the modification;

(B) the child has been integrated into the family of the petitioner with the consent of the other parent in substantial deviation from the parenting plan;

(C) the child's present environment is detrimental to the child's physical, mental, or emotional health and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child; or

(D) the court has found the nonmoving parent in contempt of court at least twice within three years because the parent failed to comply with a court order awarding contact with a nonparent or the parent failed to comply with the residential time provisions in the court-ordered parenting plan, or the parent has been convicted of custodial interference in the first or second degree under rcw 9a.40.060 or 9a.40.070.

(3) a conviction of custodial interference in the first or second degree under rcw 9a.40.060 or 9a.40.070 shall constitute a substantial change of circumstances for the purposes of this section.

(4) the court may reduce or restrict contact between the child and the parent with whom the child does not reside a majority of the time if it finds that the reduction or restriction would serve and protect the best interests of the child using the criteria in rcw 26.09.191.

(5) the court may order adjustments to the residential aspects of a parenting plan upon a showing of a substantial change in circumstances of either parent or of the child, and without consideration of the factors set forth in subsection (2) of this section, if the proposed modification is only a minor modification in the residential schedule that does not change the residence the child is scheduled to reside in the majority of the time and:

(A) does not exceed twenty-four full days in a calendar year; or

(B) is based on a change of residence of the parent with whom the child does not reside the majority of the time or an involuntary change in work schedule by a parent which makes the residential schedule in the parenting plan impractical to follow; or

(C) does not result in a schedule that exceeds ninety overnights per year in total, if the court finds that, at the time the petition for modification is filed, the decree of dissolution or parenting plan does not provide reasonable time with the parent with whom the child does not reside a majority of the time, and further, the court finds that it is in the best interests of the child to increase residential time with the parent in excess of the residential time period in (a) of this subsection. However, any motion under this subsection (5)(c) is subject to the factors established in subsection (2) of this section if the party bringing the petition has previously been granted a modification under this same subsection within twenty-four months of the current motion. Relief granted under this section shall not be the sole basis for adjusting or modifying child support.

(6) the court may order adjustments to the residential aspects of a parenting plan pursuant to a proceeding to permit or restrain a relocation of the child. The person objecting to the relocation of the child or the relocating person's proposed revised residential schedule may file a petition to modify the parenting plan, including a change of the residence in which the child resides the majority of the time, without a showing of adequate cause other than the proposed relocation itself. A hearing to determine adequate cause for modification

shall not be required so long as the request for relocation of the child is being pursued. In making a determination of a modification pursuant to relocation of the child, the court shall first determine whether to permit or restrain the relocation of the child using the procedures and standards provided in rcw 26.09.405 through 26.09.560. Following that determination, the court shall determine what modification pursuant to relocation should be made, if any, to the parenting plan or custody order or visitation order.

(7) a parent with whom the child does not reside a majority of the time and whose residential time with the child is subject to limitations pursuant to rcw 26.09.191 (2) or (3) may not seek expansion of residential time under subsection (5)(c) of this section unless that parent demonstrates a substantial change in circumstances specifically related to the basis for the limitation.

(8) if a parent with whom the child does not reside a majority of the time voluntarily fails to exercise residential time for an extended period, that is, one year or longer, the court upon proper motion may make adjustments to the parenting plan in keeping with the best interests of the minor child.

(9) a parent with whom the child does not reside a majority of the time who is required by the existing parenting plan to complete evaluations, treatment, parenting, or other classes may not seek expansion of residential time under subsection (5)(c) of this section unless that parent has fully complied with such requirements.

(10) the court may order adjustments to any of the nonresidential aspects of a parenting plan upon a showing of a substantial change of circumstances of either parent or of a child, and the adjustment is in the best interest of the child. Adjustments ordered under this section may be made without consideration of the factors set forth in subsection (2) of this section.

(11) if the court finds that a motion to modify a prior decree or parenting plan has been brought in bad faith, the court shall assess the attorney's fees and court costs of the nonmoving parent against the moving party.

**Consolidating fire service mobilization responsibilities within the Washington state patrol.**

The bill was read the second time.

Representative Lovick moved the adoption of amendment (381):

On page 4, after line 26, insert the following:

**"NEW SECTION. Sec. 5.** (1) Because of the possibility of a disaster of unprecedented size and destruction, including acts of domestic terrorism and civil unrest, that requires law enforcement response for the protection of persons or property and preservation of the peace, the need exists to ensure that the state is adequately prepared to respond to such an incident. There is a need to (a) establish a mechanism and a procedure to provide for reimbursement to law enforcement agencies that respond to help others in time of need, and to host law enforcement agencies that experience expenses beyond the resources of the agencies; and (b) generally to protect the public safety, peace, health, lives, and property of the people of Washington.

(2) It is hereby declared necessary to:

(a) Provide the policy and organizational structure for large-scale mobilization of law enforcement resources in the state, using the incident command system, through creation of the Washington state law enforcement mobilization plan;

(b) Confer upon the chief of the Washington state patrol the powers provided in this chapter;

(c) Provide a means for reimbursement to law enforcement jurisdictions that incur expenses when mobilized by the chief under the Washington state law enforcement mobilization plan; and

(d) Provide for reimbursement of the host law enforcement agency when it has:

(i) Exhausted all of its resources; and

(ii) Invoked its local mutual aid network and exhausted those resources.

**NEW SECTION. Sec. 6.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agency" means any general purpose law enforcement agency as defined in RCW 10.93.020.

(2) "Board" means the state law enforcement mobilization policy board.

(3) "Chief" means the chief of the Washington state patrol.

(4) "Chief law enforcement officer" means the chief of police or sheriff responsible for law enforcement services in the jurisdiction in which the emergency is occurring.

(5) "General authority Washington peace officer" means a general authority Washington peace officer as defined in RCW 10.93.020.

(6) "Host agency" means the law enforcement agency that requests statewide mobilization under sections 6 through 11 of this act.

(7) "Mobilization" means a redistribution of regional and statewide law enforcement resources in response to an emergency or disaster situation.

(8) "Mutual aid" means emergency interagency assistance provided without compensation pursuant to an agreement under chapter 39.34 RCW.

(9) "Resource coordination" means the effort to locate and arrange for the delivery of resources needed by chief law enforcement officers.

(10) "State law enforcement resource coordinator" means a designated individual or agency selected by the chief to perform the responsibilities of that position.

**NEW SECTION. Sec. 7.** (1) The state law enforcement mobilization policy board shall be established by the chief and shall have representatives from each of the regions established in section 10 of this act. In carrying out its duty, the board shall consult with and solicit recommendations from representatives of the state and local law enforcement and emergency management organizations, and regional law enforcement mobilization committees.

(2) The board shall establish and make recommendations to the chief on the refinement and maintenance of the Washington state law enforcement mobilization plan, including the procedures to be used during an emergency or disaster response requiring coordination of local, regional, and state law enforcement resources.

(3) The chief shall review the Washington state law enforcement mobilization plan, as submitted by the board, recommend changes as necessary, and may approve the plan. The plan shall be consistent with the Washington state comprehensive emergency management plan. The chief may recommend the plan for inclusion within the state comprehensive emergency management plan established under chapter 38.52 RCW.

**NEW SECTION. Sec. 8.** (1) Local law enforcement may request mobilization only in response to an emergency or disaster exceeding the capabilities of available local resources and those available through existing mutual aid agreements. Upon finding that the local jurisdiction has exhausted all available resources, it is the responsibility of the chief to determine whether mobilization is the appropriate response to the emergency or disaster and, if so, to mobilize jurisdictions under the Washington state law enforcement mobilization plan.

(2) Upon mobilization, the chief shall appoint a state law enforcement resource coordinator, and an alternate, who shall serve jointly with the chief law enforcement officer from the host agency to command the mobilization effort consistent with incident command system procedures.

(3) Upon mobilization, all law enforcement resources including those of the host agency and those that responded earlier under an existing mutual aid or other agreement shall be mobilized. Mobilization may include the redistribution of regional or statewide law enforcement resources to either direct emergency incident assignments or to assignments in communities where law enforcement resources are needed.

(4) For the duration of the mobilization:

(a) Host agency resources shall become state law enforcement mobilization resources, under the command of the state law enforcement resource coordinator and the chief law enforcement officer from the host agency, consistent with the state law enforcement mobilization plan and incident command system procedures; and

(b) All law enforcement authorities providing resources in response to a mobilization declaration shall be eligible for expense reimbursement as provided by this chapter.

(5) The chief, in consultation with the regional law enforcement resource coordinator, shall determine when mobilization is no longer required and shall then declare the end to the mobilization.

**NEW SECTION. Sec. 9.** (1) The state law enforcement resource coordinator, or alternate, shall serve in that capacity for the duration of the mobilization.

(2) The duties of the coordinator are to:

(a) Coordinate the mobilization of law enforcement and other support resources within a region;

(b) Be primarily responsible for the coordination of resources in conjunction with the regional law enforcement mobilization committees, in the case of incidents involving more than one region or when resources from more than one region must be mobilized; and

(c) Advise and consult with the chief regarding what resources are required in response to the emergency or disaster and in regard to when the mobilization should end.

**NEW SECTION. Sec. 10.** (1) Regions within the state are initially established as follows and may be adjusted as necessary by the state law enforcement policy board, but should remain consistent with the Washington state fire defense regions:

- (a) Central region - Grays Harbor, Thurston, Pacific, and Lewis counties;
- (b) Lower Columbia region - Kittitas, Yakima, and Klickitat counties;
- (c) Mid-Columbia region - Chelan, Douglas, and Grant counties;
- (d) Northeast region - Okanogan, Ferry, Stevens, Pend Oreille, Spokane, Adams, and Lincoln counties;

- (f) Olympic region - Clallam and Jefferson counties;
- (g) South Puget Sound region - Kitsap, Mason, King, and Pierce counties;
- (h) Southeast region - Benton, Franklin, Walla Walla, Columbia, Whitman, Garfield, and Asotin counties;

(i) Southwest region - Wahkiakum, Cowlitz, Clark, and Skamania counties.

(2) Within each of the regions there is created a regional law enforcement mobilization committee. The committees shall consist of the sheriff of each county in the region, the district commander of the Washington state patrol from the region, a number of police chiefs within the region equivalent to the number of counties within the region plus one, and the director of the counties' emergency management office. The police chief members of each regional committee must include the chiefs of police of each city of ninety-five thousand or more population, and the number of members of the committee shall be increased if necessary to accommodate such chiefs. Members of each regional mobilization committee shall select a chair, who shall have authority to implement the regional plan, and a secretary as officers. Members serving on the regional mobilization committees shall not be eligible for reimbursement for meeting-related expenses from the state.

(3) The regional mobilization committees shall work with the relevant local government entities to facilitate development of intergovernmental agreements if any such agreements are required to implement a regional law enforcement mobilization plan.

(4) Regional mobilization committees shall develop regional law enforcement mobilization plans that include provisions for organized law enforcement agencies to respond across municipal, county, or regional boundaries. Each regional mobilization plan shall be consistent with the incident command system, the Washington state law enforcement mobilization plan, and regional response plans adopted prior to the effective date of this act.

(5) Each regional plan, adopted under subsection (4) of this section shall be approved by the state law enforcement mobilization policy board before implementation.

**NEW SECTION. Sec. 11.** The state patrol in consultation with the Washington association of sheriffs and police chiefs and the office of financial management shall develop procedures to facilitate reimbursement to jurisdictions from funds appropriated specifically for this purpose when jurisdictions are mobilized under the Washington state law enforcement mobilization plan.

Nothing in this chapter shall be construed or interpreted to limit the eligibility of any nonhost law enforcement authority for reimbursement of expenses incurred in providing law enforcement resources for mobilization.

**NEW SECTION. Sec. 12.** Sections 6 through 11 of this act are each added to chapter 43.43 RCW. "

Representative Moeller moved the adoption of amendment (404):

On page 12, after line 14, insert the following:

**"NEW SECTION. Sec. 14.** (1) The legislature finds that the inability of cities and towns to continue to utilize the petition method of annexation established by RCW 35.13.125 through 35.13.160 and 35A.14.120 through 35A.14.150 poses a threat to the public peace, health, and safety, and to the support of the state government and its existing public institutions. This threat results from, without limitation, the absence of a statutory means for municipal annexation of property that is unoccupied, or that is occupied only by persons ineligible to vote in city or town elections; the inability of cities and towns to complete annexations that are necessary for orderly implementation of plans, regulations, and ordinances relating to growth management; and the uncertainty regarding enforceability of agreements for municipal water and sewer service provided by cities and towns to customers outside municipal boundaries. The legislature further finds that this threat results from the decision of the Washington state supreme court in *Grant County Fire Protection District No. 5 v. City of Moses Lake*, 145 Wn.2d 702 (2002), holding that the petition method of annexation authorized by RCW 35.13.125 through 35.13.160 and 35A.14.120 through 35A.14.150 is unconstitutional.

(2) The legislature intends this act to provide for a limited method of annexation by cities and towns based on utility service or utility agreements with property owners.

**Sec. 15.** RCW 35.13.180 and 1994 c 81 s 11 are each amended to read as follows:

(1) City and town (~~(councils of second class cities and towns)~~) legislative bodies may by a majority vote annex new unincorporated territory outside the city or town limits, whether contiguous or noncontiguous for park, cemetery, or other municipal purposes when such territory is owned by the city or town or all of the owners of the real property in the territory give their written consent to the annexation.

(2) City and town legislative bodies may by a majority vote annex new unincorporated contiguous territory outside the city or town limits where the city or town provides, or by agreement with property owners has committed to provide, retail sewer or retail water service to at least seventy-five percent of the territory proposed for annexation.

(3) Territory annexed pursuant to subsection (2) of this section must be within the urban growth areas established pursuant to RCW 36.70A.110, or, for jurisdictions not planning under RCW 36.70A.040, otherwise qualified for annexation.

(4) Prior to a city or town legislative body voting on an annexation pursuant to subsection (2) of this section, the legislative body shall fix a date for a public hearing thereon and cause notice of the hearing to be published in one issue of a newspaper of general circulation in the city or town. The notice shall also contain a legal description of the territory proposed for annexation, shall be posted in three public places within the territory proposed for annexation, and shall specify the time and place of the hearing and invite interested persons to appear and voice approval or disapproval of the annexation.

(5) Following the hearing, the city or town legislative body shall determine by ordinance whether annexation shall be made. Subject to RCW 35.02.170, the legislative body may annex all or any portion of the

proposed area but may not include in the annexation any territory not described in the notice. Upon passage of the ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed territory is located.

**Sec. 16.** RCW 35A.14.300 and 1981 c 332 s 7 are each amended to read as follows:

(1) Legislative bodies of code cities may by a majority vote annex territory outside the limits of such city whether contiguous or noncontiguous for any municipal purpose when such territory is owned by the city.

(2) Legislative bodies of code cities may by a majority vote annex contiguous territory outside the limits of such city where the city provides, or by agreement with property owners has committed to provide, retail sewer or retail water service to at least seventy-five percent of the territory proposed for annexation.

(3) Territory annexed pursuant to subsection (2) of this section must be within the urban growth areas established pursuant to RCW 36.70A.110, or, for jurisdictions not planning under RCW 36.70A.040, otherwise qualified for annexation.

(4) Prior to a city legislative body voting on an annexation pursuant to subsection (2) of this section, the legislative body shall fix a date for a public hearing thereon and cause notice of the hearing to be published in one or more issues of a newspaper of general circulation in the city. The notice shall also contain a legal description of the territory proposed for annexation, shall be posted in three public places within the territory proposed for annexation, and shall specify the time and place of the hearing and invite interested persons to appear and voice approval or disapproval of the annexation.

(5) Following the hearing, if the city legislative body determines to effect the annexation, they shall do so by ordinance. Subject to RCW 35A.14.410, the ordinance may annex all or any portion of the proposed area but may not include in the annexation any territory not described in the notice. Upon passage of the annexation ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed territory is located.

**NEW SECTION. Sec. 17.** The method of annexation provided for in sections 15 and 16 of this act shall be an alternative to existing methods, not superseding any other.

**Sec. 18.** RCW 64.06.020 and 1996 c 301 s 2 are each amended to read as follows:

**POINT OF ORDER**

Representative Schindler requested a Scope and Object ruling on amendment #404 to Substitute Senate Bill No. 5409.

## **SPEAKER'S RULING**

The Speaker (Representative Lovick presiding): "Under precedent established by previous rulings in the House, the Speaker first looks to the title of a bill in determining scope and object questions. Substitute Senate Bill No. 5409 is entitled an act relating to "providing a new direct petition annexation method". Amendment #404 does not relate to the direct petition annexation method, but rather a method of annexation based on utility service or utility agreements. The Speaker therefore finds that the amendment is beyond the scope and object of the bill.

Representative Schindler, your point of order is well taken."

There being no objection, the rules were suspended, the second reading considered the third and the bill as amended by the House, was placed on final passage.

Representatives Romero and Schindler spoke in favor of passage of the bill.

The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Substitute Senate Bill No. 5409, as amended by the House.

On page 15, after line 13 of the amendment, insert the following:

**"NEW SECTION. Sec. 7.** The legislature finds that since 1995, large numbers of oak and tanoak trees have been dying in the coastal counties of California. The legislature also finds that the disease causing the tree loss, which is commonly referred to as Sudden Oak Death Syndrome, has, as of the effective date of this act, been confirmed in twelve California counties, and one Oregon county. The legislature also finds that in addition to affecting several species of oak, this disease has been confirmed to affect several plant species common in Washington's forests, including Douglas Fir, big leaf maple, huckleberry, rhododendron, madrone, and manzanita. The legislature recognizes that the state of California and the United States department of agriculture have adopted restrictions on the movement of articles that may host the disease, and the state of Oregon and the Canadian government have adopted restrictions on the importation of potential host articles. The legislature finds that an introduction of Sudden Oak Death Syndrome into Washington could cause potential damage to the state's forest health, leading to both economic and ecological losses.

**NEW SECTION. Sec. 8.** A new section is added to chapter 17.24 RCW to read as follows:  
The department and the department of natural resources shall coordinate their Sudden Oak Death Syndrome response efforts with other plant pest agencies and private organizations to exchange information, monitor the confirmed incidences of the disease, and take action as appropriate under existing plant pest control authorities to prevent the introduction of the disease into Washington and to control or eradicate the disease if it is determined to be present in the state."

Correct the title.

## POINT OF ORDER

Representative Schoesler requested a scope and object ruling on amendment (382) to Substitute Senate Bill No. 5144.

There being no objection, the House deferred action on SUBSTITUTE SENATE BILL NO. 5144, and the bill held its place on Second Reading.

### **SUBSTITUTE SENATE BILL NO. 5751, By Senate Committee on Natural Resources, Energy & Water (originally sponsored by Senator Hargrove)**

#### **Concerning the sale of valuable material from state lands.**

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Agriculture & Natural Resources was adopted. (For committee amendment, see Journal, 82<sup>nd</sup> Day, April 4, 2003.)

Representative Buck moved the adoption of amendment (383):

On page 5, after line 33, insert the following:

"**Sec. 5.** RCW 43.21C.037 and 1997 c 173 s 6 are each amended to read as follows:

(1) Decisions pertaining to (~~applications for Class I, II, and III forest practices, as defined by rule of the forest practices board under RCW 76.09.050,)~~ the following are not subject to the requirements of RCW 43.21C.030(2)(c) as now or hereafter amended:

(a) Applications for class I, II, and III forest practices, as defined by rule of the forest practices board under RCW 76.09.050; and

(b) Individual sales of valuable materials, as that term is defined in RCW 79.01.038, from state trust lands, including federally granted trust lands, forest board transfer lands, forest board purchase lands, and community college reserve trust lands, that are harvested under a class I, II, or III forest practices application, if a programmatic detailed environmental impact statement has been finalized for the ten-year sustained yield plan required under chapter 79.68 RCW.

(2) When the applicable county, city, or town requires a license in connection with any proposal involving forest practices (a) on lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, or (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, then the local government, rather than the department of natural resources, is responsible for any detailed statement required under RCW 43.21C.030(2)(c).

(3) Those forest practices determined by rule of the forest practices board to have a potential for a substantial impact on the environment, and thus to be Class IV practices, require an evaluation by the department of natural resources as to whether or not a detailed statement must be prepared pursuant to this chapter. The evaluation shall be made within ten days from the date the department receives the application. A Class IV forest practice application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. This section shall not be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action regarding a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted.

**NEW SECTION. Sec. 6.** A new section is added to chapter 79.01 RCW to read as follows:

Individual sales of valuable materials from state trust lands, including federally granted trust lands, forest board transfer lands, forest board purchase lands, and community college reserve trust lands, that are harvested under a class I, II, or III forest practices application, are not subject to the requirements of RCW 43.21C.030(2)(c) if a programmatic detailed environmental impact statement has been finalized for the ten-year sustained yield plan required under chapter 79.68 RCW."

Correct the title.

## POINT OF ORDER

Representative Rockefeller requested a scope and object ruling on amendment #383 to Substitute Senate Bill No. 5751.

## SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "In ruling on the point of order raised by Representative Rockefeller, the Speaker finds that Substitute Senate Bill No. 5751 is entitled an act relating to "sales of valuable materials". The bill amends several sections of Chapter 79.01 RCW, the Public Lands Act, that relate to the dollar amounts and notice requirements for sales of valuable material under DNR purview.

The amendment also relates to the sales of valuable materials, and fits within the title of the bill. But its provisions are not related to the dollar amounts and notice requirements for such sales. Rather, the amendment relates to requirements for environmental impact statements and includes changes to the State Environmental Policy Act, Chapter 43.21C RCW.

The Speaker therefore finds that the amendment is beyond the scope and object of the bill. Representative Rockefeller, your point of order is well taken."

There being no objection, the rules were suspended, the second reading considered the third and the bill as amended by the House, was placed on final passage.

Representatives Rockefeller and Schoesler spoke in favor of passage of the bill.

The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Substitute Senate Bill No. 5751, as amended by the House.

SUBSTITUTE SENATE BILL NO. 5751, as amended by the House, having received the necessary constitutional majority, was declared passed.

**ENGROSSED SUBSTITUTE SENATE BILL NO. 5776, By Senate Committee on Land Use & Planning (originally sponsored by Senators Doumit, Morton, Hargrove, Mulliken, Rasmussen, Swecker, Haugen, Zarelli, Reardon, Parlette, McAuliffe and Winsley)**

**Providing an appeal process for state agency and local government permit decisions for economic development projects.**

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Appropriations was not adopted. (For committee amendment, see Journal, 85<sup>th</sup> Day, April 7, 2003.)

Representative Kessler moved the adoption of amendment (393):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The purpose of this chapter is to reform the process of appeal and review of final permit decisions made by state agencies and local governments for qualifying economic development projects, by establishing uniform, expedited, and coordinated appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely review. The appeal process authorized in this chapter is intended to be the exclusive process for review of final decisions made by state agencies and local governments on permit applications for qualifying economic development projects, superseding other existing administrative board and judicial appeal procedures.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the environmental and land use hearings board established in this chapter.

(2) "Final decision" means the highest and last decision available within the permit agency with respect to a permit application to the agency, including but not limited to decisions resulting from internal appeals available within the agency for the permit decision.

(3) "Participating permit agency" means any permit agency in which the applicant for a qualifying project has filed an application for an environmental or land use permit that is required for the qualifying project.

(4) "Permit" means any license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to any regulatory or management program related to the protection, conservation, use of, or interference with the land, air, or water in the state. This document must be required to be obtained from a state agency or local government, including but not limited to counties, cities, and air agencies, prior to constructing or operating a qualifying project. Local government permits include, but are not limited to, subdivisions, binding site plans, planned unit developments, shoreline permits or other approvals under RCW 90.58.140, master plan approvals, site plan approvals, permits or approvals required by critical area ordinances, conditional use permits, variances, and site-specific rezones authorized by a comprehensive plan or subarea plan or other equivalent documents however titled or denominated. Local government permits excluded under this definition include the adoption or amendment of a comprehensive plan, subarea plan, legislative actions on development regulations, certifications by local health districts of water and sewer availability, and building, grading, flood hazard, utility connection, and other nondiscretionary construction permits.

(5) "Permit agency" means any state agency or local government, including but not limited to air agencies, authorized by law to issue permits.

(6) "Qualifying project" means an economic development project that is (a) located within a county that in its entirety qualifies as a distressed area as defined in RCW 43.168.020(3) and a rural natural resources impact area as defined in RCW 43.160.020, (b) designed to provide at least thirty full-time year-round jobs, and (c) designated as a qualifying project by the office of permit assistance established under chapter 43.42 RCW if a request for a determination of such designation is made to the office by the project applicant as provided under this chapter.

**NEW SECTION. Sec. 3.** The appeal process authorized in this chapter shall, notwithstanding any other provisions of this code, be the exclusive process for review of the decisions made by participating permit agencies on permit applications for a qualifying project. This chapter shall not apply to applications for certification by the energy facility site evaluation council pursuant to chapter 80.50 RCW. The superior court civil rules and the rules of appellate procedure shall govern procedural matters for the judicial appeal process under this chapter to the extent that the rules are consistent with this chapter.

**NEW SECTION. Sec. 4.** (1) Any applicant for a project that meets the criteria set forth in section 2(6)(a) and (b) of this act may use the process of appeal and review of this chapter by filing with the office of permit assistance a request for a determination of designation as a qualifying project as required in section 2(6)(c) of this act. Such request shall be filed with the office no later than thirty days after the filing with a permit agency of the first application for a permit relating to the subject project that is filed after the effective date of this act. No requests may be filed with the office of permit assistance after December 31, 2010. The request shall include a list of permits that the project applicant reasonably believes will be required for the subject project.

(2) The office of permit assistance shall: (a) Respond to such request within thirty days after the filing of the request; and (b) if the office determines to designate the project as a qualifying project under section 2(6)(c) of this act, contemporaneously provide a copy of the designation response to all permit agencies responsible for the project permits listed in the request. The office of permit assistance shall provide notice of any project

designation to the code reviser for publication in the state register and to any persons that have filed with the office of permit assistance a general request for such notice. Nothing in this section creates an independent cause of action or affects any existing cause of action.

(3) All final decisions of a permit agency notified under subsection (2) of this section shall include the following sentence: Any appeal of this decision shall be in accordance with the provisions of this chapter.

**NEW SECTION. Sec. 5.** (1) An environmental and land use hearings board is hereby established within the environmental hearings office created under RCW 43.21B.005. The environmental and land use hearings board shall be composed of six members, as provided in RCW 90.58.170. The chairperson of the pollution control hearings board shall be the chairperson of the environmental and land use hearings board. The members of the environmental and land use hearings board shall receive the compensation, travel, and subsistence expenses as provided in RCW 43.03.050 and 43.03.060.

(2) All proceedings before the board or any of its members shall be conducted in accordance with such rules of practice and procedure as the board may adopt. In all such proceedings, the board shall have all powers relating to the administration of oaths, issuance of subpoenas, and taking of depositions as set forth in RCW 34.05.446. The board shall publish any such rules and arrange for the reasonable distribution thereof. Failure to adopt such rules shall not deprive the board of jurisdiction nor relieve the board of the duty to hear petitions for review filed under this chapter.

**NEW SECTION. Sec. 6.** (1) Proceedings for review under this chapter shall be commenced by filing a petition with the environmental and land use hearings board. The board may adopt by rule procedures for filing and service that are consistent with this chapter.

(2) Such petition is barred, and the board may not grant review, unless the petition is timely filed with the board and timely served on the following persons who shall be parties to the review of the petition:

(a) The participating permit agencies, which for purposes of the petition shall be (i) if a state agency, the director thereof, and (ii) if a local government, the jurisdiction's corporate entity which shall be served as provided in RCW 4.28.080; and

(b) Each of the following persons if the person is not the petitioner:

(ii) Each person identified in project application documents as an owner of the property at issue or, if none, each person identified as a taxpayer for the property at issue in the records of the county assessor.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance by the permit agency of the permit for the qualifying project.

(4) For the purposes of this section, the date on which a permit decision is issued is:

(a) Three days after a written decision is mailed by the permit agency to the project applicant or, if not mailed, the date on which the permit agency provides notice that a written decision is publicly available; or

(b) If (a) of this subsection does not apply, the date the decision is entered into the public record.

(5) Service on all parties shall be by personal service or by mail. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

**NEW SECTION. Sec. 7.** Standing to bring a petition under this chapter is limited to the following persons:

(1) The applicant and the owner of the property to which the permit decision is directed;

(2) Another person aggrieved or adversely affected by the permit decision, or who would be aggrieved or adversely affected by a reversal or modification of the permit decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

(a) The permit decision has prejudiced or is likely to prejudice that person;

(b) That person's asserted interests are among those that the permit agency was required to consider when it made its permit decision;

(c) A decision of the board in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the permit decision; and

(d) The petitioner has exhausted his or her administrative remedies to the extent required by law;

(3) A participating permit agency under this chapter.

**NEW SECTION. Sec. 8.** A petition must set forth:

- (9) A request for relief, specifying the type and extent of relief requested.

**NEW SECTION. Sec. 9.** (1) Within seven days after receipt of service of the petition filed pursuant to section 6 of this act, the project applicant shall file with the board and serve on all parties an affidavit certifying all applications for permits that the project applicant has filed with participating permit agencies for the qualifying project, provided, however, that no permit may be included that has been issued and appealed to an administrative hearings board or to court prior to the date of service of the petition filed with the board under this chapter. The board shall request verification from the participating agencies of the permit applications certified in the project applicant's affidavit and of the expected date for final decision on the permit applications. Filing of the affidavit shall toll the schedule for hearing by the board until twenty-one days after issuance of the final permit decision on the last permit required for the qualifying project that has been certified in the project applicant's affidavit and verified by a participating agency as applied for, unless the petition filed and served by the petitioner relates to the final permit decision.

(2) Within seven days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project, the petitioner shall note an initial hearing on jurisdictional and other preliminary matters, and, if applicable, on other pretrial matters. This initial hearing shall be set no sooner than thirty-five days and not later than fifty days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project.

(3) If petitions for review of more than one permit issued by participating permit agencies for a qualifying project are filed with the board, the board shall contemporaneously process all such petitions in accordance with the case schedule requirements set forth in this act.

(4) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner.

(5) The defenses of lack of standing, untimely filing or service of the petition, lack of good faith or improper purpose in filing, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the board allows discovery on such issues.

(6) The petitioner shall move the board for an order at the initial hearing that sets the date on which the permit decision record or records of the applicable permit agency or agencies, if any, must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and schedules a hearing or hearings on the merits.

(7) The parties may waive the initial hearing by scheduling with the board a date for the hearing or hearings on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (5) and (6) of this section.

(8) A party need not file an answer to a petition for review filed pursuant to section 6 of this act.

**NEW SECTION. Sec. 10.** The board shall provide expedited review of petitions filed under this chapter. Any matter reviewed on the decision record as provided in section 13(1) of this act must be set for hearing within sixty days of the date set for submitting the decision record of all participating permit agencies, absent a showing of good cause for a different date or a stipulation of the parties. Any matter reviewed de novo as provided in section 13(3) of this act must be set for hearing or trial no later than one hundred twenty days after the initial hearing date. The board shall issue a final decision and order within thirty days after the final hearing required in this section.

**NEW SECTION. Sec. 11.** (1) A petitioner or other party may request the board to stay or suspend an action by a participating permit agency or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) The board may grant a stay only if the board finds that: (a) The party requesting the stay is likely to prevail on the merits, (b) without the stay the party requesting it will suffer irreparable harm, (c) the grant of a stay will not substantially harm other parties to the proceedings, and (d) the request for the stay is timely in light of the circumstances of the case.

(3) The board may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

**NEW SECTION. Sec. 12.** (1) Within forty-five days after entry of an order to submit the decision record, where applicable, or within such a further time as the board allows or as the parties agree, each participating agency shall submit to the board a certified copy of the decision record for board review of the permit decision, except that the petitioner shall prepare at the petitioner's expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the board, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the board.

(3) The petitioner shall pay the participating agency the cost of preparing the record before the participating agency submits the decision record to the board. Failure by the petitioner to timely pay the participating agency relieves the participating agency of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the board shall equitably assess the cost of preparing the record among the parties. In assessing costs the board shall take into account the extent to which each party prevailed and the reasonableness of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section.

**NEW SECTION. Sec. 13.** (1) For all permit decisions being reviewed that were made by quasi-judicial bodies or permit agency officers who made factual determinations in support of the decisions, after the conduct of proceedings in which the parties had an opportunity consistent with due process to make records on the factual issues, board review of factual issues and the conclusions drawn from the factual issues shall be confined to the records created by the quasi-judicial bodies or permit agency officers, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the records may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the permit decision, when such grounds were unknown by the petitioner at the time the record was created;

(b) Matters that were improperly excluded from the record after being offered by a party to a permit decision proceeding; or

(c) Matters that were outside the jurisdiction of the body or officer that made the permit decision.

(3) For permit decisions other than those described in subsection (1) of this section, the board review of the permit decision shall be de novo on issues presented as error in the petition.

(4) The board may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5)(a) The parties may not conduct pretrial discovery except with the prior permission of the board, which may be sought by motion, subject to any applicable rules adopted by the board, at any time after service of the petition. The board shall not grant permission unless the party requesting it makes a prima facie showing of need. The board shall strictly limit discovery to what is necessary for equitable and timely review of the issues.

(b) If the board allows the record to be supplemented, or in any de novo proceeding under subsection (3) of this section, the board shall require the parties to disclose before the hearing or trial on the merits the identity of witnesses and the specific evidence they intend to offer.

(c) If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties, and the board shall take such request into account in fashioning an equitable discovery order under this section.

**NEW SECTION. Sec. 14.** (1) The board shall review the decision record and all such evidence as is permitted to supplement the record for review restricted to the decision record or is required for de novo review under section 13 of this act. The board may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the permit decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

(b) The permit decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by an agency with expertise;

(c) The permit decision is not supported by evidence that is substantial when viewed in light of the whole record before the board;

(d) The permit decision is a clearly erroneous application of the law to the facts;

(e) The permit decision is outside the authority or jurisdiction of the body or officer making the decision;

or

(f) The permit decision violates the constitutional rights of the party seeking relief.

(2) The board may affirm or reverse each and every permit decision under review or remand the decision for modification or further proceedings involving the permit agencies.

**NEW SECTION. Sec. 15.** (1) In order to obtain judicial review of a final decision of the environmental and land use hearings board, a party to the board case as consolidated shall timely file a petition for judicial review in the superior court for Thurston county and timely serve the board and all parties to the proceedings before the board by personal service or by mail. Such petition is timely filed and served only if it is filed and served on all parties within thirty days after the filing of the final decision and order of the board. Service by mail shall be deemed effective on the date of deposit with the United States postal service. Any party may apply for direct review by the court of appeals. An application for direct review must be filed with the superior court within ten days after the filing of the petition for judicial review. In considering an application for direct review

under this chapter, it shall be presumed that: (a) The qualifying project presents fundamental and urgent issues affecting the public interest which require a prompt determination, and (b) delay in obtaining a final and prompt determination of such issues would be detrimental to a party and the public interest.

(2) The presumption set forth in subsection (1) of this section shall require that the superior court certify the direct review not less than ten days, and not more than fifteen days, after the filing of the application therefore, unless, upon motion of a party with supporting excerpts from the record within ten days after the filing of such application, the superior court finds that: (a) The project is not a qualifying project, or (b) the project will not in fact provide new employment within the county in which the project is located. The court may make such findings upon a showing that said record contains clear, cogent, and convincing evidence to support such findings, which evidence has been testified to by at least one witness competent to testify on employment matters.

(3) A motion as set forth in subsection (2) of this section shall be heard within fourteen days after the filing of the motion and shall be confined to certified excerpts from the record, which any party may produce. It shall not be necessary to certify the entire record to the court for the purpose of hearing such motion.

(4) The court of appeals shall accept direct review of a case unless it finds that the superior court's certification under the standards contained in this section was clearly erroneous. Review by the court of appeals shall be restricted to the decision record of the permit agency and the board proceedings. All certified appeals shall be provided priority processing by the court of appeals.

**Sec. 16.** RCW 34.05.518 and 1995 c 382 s 5 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;

(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;

(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and

(d) The appellate court's determination in the proceeding would have significant precedential value. Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

(i) Fundamental and urgent statewide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act).

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.

**Sec. 17.** RCW 36.70C.030 and 1995 c 347 s 704 are each amended to read as follows:

(1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:

(a) Judicial review of:

(i) Land use decisions made by bodies that are not part of a local jurisdiction;

(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board, the environmental and land use hearings board, or the growth management hearings board;

(b) Judicial review of applications for a writ of mandamus or prohibition; or

(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.

(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter.

**Sec. 18.** RCW 43.21B.005 and 1999 c 125 s 1 are each amended to read as follows:

(1) There is created an environmental hearings office of the state of Washington. The environmental hearings office shall consist of the pollution control hearings board created in RCW 43.21B.010, the forest practices appeals board created in RCW 76.09.210, the shorelines hearings board created in RCW 90.58.170, the environmental and land use hearings board created in chapter 43.-- RCW (sections 1 through 15 of this act), and the hydraulic appeals board created in RCW (~~75.20.130~~) 77.55.170. The chairman of the pollution control hearings board shall be the chief executive officer of the environmental hearings office. Membership, powers, functions, and duties of the pollution control hearings board, the forest practices appeals board, the shorelines hearings board, and the hydraulic appeals board shall be as provided by law.

(2) The chief executive officer of the environmental hearings office may appoint an administrative appeals judge who shall possess the powers and duties conferred by the administrative procedure act, chapter 34.05 RCW, in cases before the boards comprising the office. The administrative appeals judge shall have a demonstrated knowledge of environmental law, and shall be admitted to the practice of law in the state of Washington. Additional administrative appeals judges may also be appointed by the chief executive officer on the same terms. Administrative appeals judges shall not be subject to chapter 41.06 RCW.

(3) The administrative appeals judges appointed under subsection (2) of this section are subject to discipline and termination, for cause, by the chief executive officer. Upon written request by the person so disciplined or terminated, the chief executive officer shall state the reasons for such action in writing. The person affected has a right of review by the superior court of Thurston county on petition for reinstatement or other remedy filed within thirty days of receipt of such written reasons.

(4) The chief executive officer may appoint, discharge, and fix the compensation of such administrative or clerical staff as may be necessary.

(5) The chief executive officer may also contract for required services.

If it is determined that the appeals board shall operate on a part-time basis, each member shall be compensated in accordance with RCW 43.03.250. The director of the environmental hearings office shall make the determination, required under RCW 43.03.250, as to what statutorily prescribed duties, in addition to attendance at a hearing or meeting of the board, shall merit compensation. This compensation shall not exceed ten thousand dollars in a fiscal year. Each member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with the provisions of RCW 43.03.050 and 43.03.060.

A majority of the appeals board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act though one position on the board be vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The appeals board shall perform all the powers and duties granted to it in this chapter or as otherwise provided by law.

(4) The appeals board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members and upon being filed at the appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The appeals board shall either publish at its expense or make arrangements with a publishing firm for the publication of those of its findings and decisions which are of general public interest, in such form as to assure reasonable distribution thereof.

(6) The appeals board shall maintain at its principal office a journal which shall contain all official actions of the appeals board, with the exception of findings and decisions, together with the vote of each member on such actions. (8)(a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department: (a) Under the authority granted in RCW 77.55.110 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; or (b) under the authority granted in RCW 77.55.230 for off-site mitigation proposals.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 77.55.110 may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

**Sec. 22.** RCW 90.58.180 and 1997 c 199 s 1 are each amended to read as follows:

(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the shorelines hearings board by filing a petition for review within twenty-one days of the date of filing as defined in RCW 90.58.140(6).

Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department, the office of the attorney general, and the local government. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. The shorelines hearings board shall schedule review proceedings on the petition for review without regard as to whether the period for the department or the attorney general to intervene has or has not expired.

(2) The department or the attorney general may obtain review of any final decision granting a permit, or granting or denying an application for a permit issued by a local government by filing a written petition with the shorelines hearings board and the appropriate local government within twenty-one days from the date the final decision was filed as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW. The board shall issue its decision on the appeal authorized under subsections (1) and (2) of this section within one hundred eighty days after the date the petition is filed with the board or a petition to intervene is filed by the department or the attorney general, whichever is later. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

(4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:

(a) Is clearly erroneous in light of the policy of this chapter; or

(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or

(c) Is arbitrary and capricious; or

(d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or

(e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5)(a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to

adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board.

**Protecting forest land from exotic forest insects or diseases.**

## SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "In ruling upon the point of order raised by Representative Schoesler, the Speaker would first note that the challenged amendment is drawn to the committee amendment. The committee amendment has not been adopted or rejected by the body. The Speaker must consider the bill as it stands before the House, and that is the substitute Senate Bill.

The title of Substitute Senate Bill No. 5144 is an act relating to "protecting forest health". The bill amends statutes relating to the Department of Natural Resources and the Department of Agriculture

to require coordination of efforts to control or eradicate forest insects and diseases, provides exemptions from forest practice permits when necessary to control and eradicate such insects and diseases, and empowers the Commissioner of Public Lands to declare a forest health emergency for the control and eradication of such insects and diseases.

Amendment (382) relates to the forest health issue posed by Sudden Oak Death Syndrome and requires the Department of Agriculture and the Department of Natural Resources to coordinate their responses to control and eradicate the disease.

While the bill deals with the topic of forest health in general terms, the amendment merely specifies one disease to be addressed within the framework set forth in the bill. The Speaker therefore finds that the amendment does not change the scope and object of the bill.

Representative Schoesler, your point of order is not well taken."

Representative Rockefeller spoke in favor of the adoption of the amendment.

### POINT OF ORDER

Representative Schindler requested a scope and object ruling on the committee amendment to Substitute Senate Bill No. 6012.

### SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "In ruling on the point of order raised by Representative Schindler to the Local Government committee amendment to Substitute Senate Bill No. 6012, the Speaker finds and rules as follows:

Substitute Senate Bill No. 6012 is entitled an act relating to "shoreline management". This is a broad title encompassing the general topic of shoreline management. The bill establishes shoreline management guidelines in statute, and includes repeal of RCW 90.58.060 and .080.

The amendment also relates to shoreline management guidelines. It establishes a staggered statutory schedule for development of shoreline management guidelines and requirements for periodic reviews. The Speaker would note that it amends the same two statutes cited above that the bill would repeal.

This simply presents a policy choice for the body to decide. The Speaker finds that the committee amendment is within the scope and object of the bill.

Representative Schindler, your point of order is not well taken."

With the consent of the House, amendment (308) was withdrawn.

Representative Schindler moved the adoption of amendment (389) to the committee amendment:

Beginning on page 1, after line 2 of the amendment, strike everything and insert the following:

"**Sec. 1.** RCW 90.58.080 and 1995 c 347 s 305 are each amended to read as follows:

Local governments shall develop or amend, within ~~((twenty-four))~~ sixty months after the adoption of guidelines as provided in RCW 90.58.060, a master program for regulation of uses of the shorelines of the state consistent with the required elements of the guidelines adopted by the department."

### **COLLOQUY**

Representative Jarrett: "The final sentence of Section 2(3)(a) in Engrossed Substitute Senate Bill No. 6012 applies only to the city of Everett. What is the effect of this language on the ongoing litigation in which the city of Everett's recently revised shoreline master program has been challenged?"

Representative Romero: "This language has no effect on the ongoing litigation. The parties to that litigation will have to comply with whatever the court orders. This language addresses the time line requirements, but does not address the validity of the substance of the master program that the court will decide."

SB 5725 Prime Sponsor, Senator Zarelli: Providing tax incentives to support the state's semiconductor cluster. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. FINDINGS.** The legislature finds that the welfare of the people of the state of Washington is positively impacted through the encouragement and expansion of family wage employment in the state's manufacturing industries. The legislature further finds that targeting tax incentives to focus on key industry clusters is an important business climate strategy. The Washington competitiveness council has

recognized the semiconductor industry, which includes the design and manufacture of semiconductor materials, as one of the state's existing key industry clusters. Businesses in this cluster in the state of Washington are facing increasing pressure to expand elsewhere. The sales and use tax exemptions for manufacturing machinery and equipment enacted by the 1995 legislature improved Washington's ability to compete with other states for manufacturing investment. However, additional incentives for the semiconductor cluster need to be put in place in recognition of the unique forces and global issues involved in business decisions that key businesses in this cluster face.

Therefore, the legislature intends to enact comprehensive tax incentives for the semiconductor cluster that address activities of the lead product industry and its suppliers and customers. Tax incentives for the semiconductor cluster are important in both retention and expansion of existing business and attraction of new businesses, all of which will strengthen this cluster. The legislature also recognizes that the semiconductor industry involves major investment that results in significant construction projects, which will create jobs and bring many indirect benefits to the state during the construction phase.

The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller shall retain a copy of the certificate for the seller's files.

(2) To be eligible under this section the manufacturer or processor for hire must meet the following requirements for an eight-year period, such period beginning the day the new building commences commercial production, or a portion of tax otherwise due shall be immediately due and payable pursuant to subsection (3) of this section:

(a) The manufacturer or processor for hire must maintain at least seventy-five percent of full employment at the new building for which the exemption under this section is claimed.

(b) Before commencing commercial production at a new facility the manufacturer or processor for hire must meet with the department to review projected employment levels in the new buildings. The department, using information provided by the taxpayer, shall make a determination of the number of positions that would be filled at full employment. This number shall be used throughout the eight-year period to determine whether any tax is to be repaid. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(c) In those situations where a production building in existence on the effective date of this section will be phased out of operation during which time employment at the new building at the same site is increased, the manufacturer or processor for hire shall maintain seventy-five percent of full employment at the manufacturing site overall.

(d) No application is necessary for the tax exemption. The person is subject to all the requirements of chapter 82.32 RCW. A person taking the exemption under this section must report as required under section 11 of this act.

(3) If the employment requirement is not met for any one calendar year, one-eighth of the exempt sales and use taxes shall be due and payable by April 1st of the following year. (4) The exemption applies to new buildings, or parts of buildings, that are used exclusively in the manufacturing of semiconductor materials, including the storage of raw materials and finished product.

(5) For the purposes of this section:

(a) "Commencement of commercial production" is deemed to have occurred when the equipment and process qualifications in the new building are completed and production for sale has begun; and

(b) "Full employment" is the number of positions required for full capacity production at the new building, for positions such as line workers, engineers, and technicians.

(c) "Semiconductor materials" has the same meaning as provided in RCW 82.04.260(13).

**SALES TAX EXEMPTION FOR GASES AND CHEMICALS.** (1) The tax levied by RCW 82.08.020 shall not apply to sales of gases and chemicals used by a manufacturer or processor for hire in the manufacturing of semiconductor materials. This exemption is limited to gases and chemicals used in the manufacturing process to grow the product, deposit or grow permanent or sacrificial layers on the product, to etch or remove material from the product, to anneal the product, to immerse the product, to clean the product, and other such uses whereby the gases and chemicals come into direct contact with the product during the manufacturing process, or uses of gases and chemicals to clean the chambers and other like equipment in which such processing takes place. For the purposes of this section, "semiconductor materials" has the same meaning as provided in RCW 82.04.260(13).

(2) A person taking the exemption under this section must report under section 11 of this act. No application is necessary for the tax exemption. The person is subject to all of the requirements of chapter 82.32 RCW.

**BUSINESS AND OCCUPATION TAX JOB CREDIT.** (1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under RCW 82.04.260(13) for persons engaged in the business of manufacturing semiconductor materials. For the purposes of this section "semiconductor materials" has the same meaning as provided in RCW 82.04.260(13).

(2)(a) The credit under this section shall equal three thousand dollars for each employment position used in manufacturing production that takes place in a new building exempt from sales and use tax under sections 5 and 6 of this act. A credit is earned for the calendar year a person fills a position. Additionally a credit is earned for each year the position is maintained over the subsequent consecutive years, up to eight years. Those positions that are not filled for the entire year are eligible for fifty percent of the credit if filled less than six months, and the entire credit if filled more than six months.

(b) To qualify for the credit, the manufacturing activity of the person must be conducted at a new building that qualifies for the exemption from sales and use tax under sections 5 and 6 of this act.

(c) In those situations where a production building in existence on the effective date of this section will be phased out of operation, during which time employment at the new building at the same site is increased, the person is eligible for credit for employment at the existing building and new building, with the limitation that the combined eligible employment not exceed full employment at the new building. "Full employment" has the same meaning as in section 5 of this act. The credit may not be earned until the commencement of commercial production, as that term is used in section 5 of this act.

(3) No application is necessary for the tax credit. The person is subject to all of the requirements of chapter 82.32 RCW. In no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. No refunds may be granted for credits under this section.

(4) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been claimed shall be immediately due. The department shall assess interest, but not penalties, on the taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be retroactive to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(5) A person taking the credit under this section must report under section 11 of this act.

(6) Credits may be taken after July 1, 2017, for those buildings at which commercial production began before July 1, 2017, subject to all of the eligibility criteria and limitations of this section.

(2)(a) A person who reports taxes under RCW 82.04.260(13) or who claims an exemption or credit under sections 5 through 10 of this act, shall make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The report shall not include names of employees. The report shall also detail employment by the total number of full-time, part-time, and temporary positions. (1) Thousands of citizens in the state have disabilities, including blindness or visual impairment, that prevent them from using conventional print material.

(2) Governmental and nonprofit organizations provide access to reading material by specialized means, including books and magazines prepared in braille, audio, and large-type formats.

(3) Access to time-sensitive or local or regional publications, or both, is not feasible to produce through these traditional means and formats.

(5) Creation and storage of information by computer results in electronic files used for publishing and distribution.

(6) The use of high-speed computer and telecommunications technology combined with customized software provides a practical and cost-effective means to convert electronic text-based information, including daily newspapers, into synthetic speech suitable for statewide distribution by telephone.

(7) Telephonic distribution of time-sensitive information, including daily newspapers, will enhance the state's current efforts to meet the needs of blind and disabled citizens for access to information which is otherwise available in print, thereby reducing isolation and supporting full integration and equal access for such individuals.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that local governments in the state of Washington face enormous challenges in the area of criminal justice and public health. It is the legislature's intent to allow local governments to raise revenues in order to better protect the health and safety of Washington state and its residents. It is further the intent of the legislature to provide local governments relief from regulatory burdens that do not harm the public health and safety of the citizens of the state as a means of minimizing the need to generate new revenues authorized under this act.

**NEW SECTION. Sec. 2.** A new section is added to chapter 82.14 RCW to read as follows:

(1) A county legislative authority may submit an authorizing proposition to the county voters and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must include the purposes for which the proposed sales and use tax will be used. The rate of tax under this section shall not exceed three-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(2) The tax authorized in this section is in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county.

(3) The retail sale of new motor vehicles, and the lease of new motor vehicles for up to the first thirty-six months of the lease, are exempt from tax imposed under this section.

(4) One-third of all money received under this section shall be used solely for criminal justice purposes. **Sec. 3.** RCW 36.70A.130 and 2002 c 320 s 1 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. A county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. A county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefore. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(b) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. The schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities in compliance with the schedules in this section shall have the requisite authority to receive grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030. Only those counties and cities in compliance with the schedules in this section shall receive preference for grants or loans subject to the provisions of RCW 43.17.250.
