## TWENTY-FIRST SESSION

### FIRST DAY.

SENATE CHAMBER,

OLYMPIA, WASH., Monday, January 14, 1929.

The Twenty-first Senate of the State of Washington assembled at the senate chamber in the state capitol, pursuant to law, at 12 o'clock, noon.

Lieutenant-Governor W. Lon Johnson, President of the Senate, called the Senate to order.

Rev. R. Franklin Hart, rector of St. John's Episcopal Church of Olympia, offered prayer.

The following certificate from the secretary of state was read by Victor Zednick, acting secretary of the Senate:

#### MESSAGE FROM THE SECRETARY OF STATE.

[SEAL]

J. GRANT HINKLE, *Secretary of State.*

The acting secretary called the roll, all members being present.

Justice Mark A. Fullerton of the supreme court of the State of Washington, administered the oath of office to the following Senators:

Horace E. Smith, Arthur L. True, Harve H. Phipps, W. J. Sutton, F. J. Wilmer, W. A. Frary, Charles F. Stinson, Arthur E. Cox, Jacob H. Miller, W. P. Gray, W. L. Dimmick, Charles W. Hall, F. G. Barnes, R. R. Somerville, J. H. Post, R. W. Condon, Henry Ball, E. Tatman, Ray Jacobson, Joseph A. St. Peter and R. W. Mize.

Justice Mark A. Fullerton addressed the members of the Senate.

Senator Metcalf nominated Senator Fred W. Hastings for President pro tempore of the Senate.

The acting secretary called the roll, and Senator Hastings was elected President pro tempore of the Senate by the following vote:

Those voting aye were: Senators Ball, Barnes, Cleary, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Charles W.), Hall (Oliver), Hartwell, Hastings, Heifner, Houser, Hurn, Jacobus, Knutzen, Landon, Lunn, Metcalf, Miller, Mize, Murphy, Norman, Oman, Palmer, Phipps, Post, St. Peter, Smith, Somerville, Stinson, Sutton, Tatman, Taylor, True, Williams, Wilmer, Wray—42.

Senator Metcalf nominated Herbert H. Sieler for secretary of the Senate.

The acting secretary called the roll, and Herbert H. Sieler was elected secretary of the Senate by the following vote:

Those voting aye were: Senators Ball, Barnes, Cleary, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Charles W.), Hall (Oliver), Hartwell, Hastings, Heifner, Houser, Hurn, Jacobus, Knutzen, Landon, Lunn, Metcalf, Miller, Mize, Murphy, Norman, Oman, Palmer, Phipps, Post, St. Peter, Smith, Somerville, Stinson, Sutton, Tatman, Taylor, True, Williams, Wilmer, Wray—42.

Senator Metcalf nominated Daniel McCush for sergeant-at-arms of the Senate.

The secretary called the roll and Daniel McCush was elected sergeant-at-arms of the Senate by the following vote:

Amend rule 62 to read as follows:

Rule 62. The east section of the south gallery is reserved for the use of the Governor and state officers and their families, for the families of senators, and for members of the House of Representatives and their families.

On motion of Senator Hastings, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Metcalf:

*Resolved*, That a committee of three Senators be appointed to notify the House of Representatives that the Senate is now organized and ready for business.

On motion of Senator Metcalf, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Murphy:

*Resolved*, That the Sergeant-at-arms be, and he is hereby instructed to purchase and deliver to the President of the Senate, the Secretary of the Senate, the Sergeant-at-arms and to each of the Senators ten dollars worth of postage.

On motion of Senator Murphy, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Hastings:

*Resolved*, That the courtesies of the Senate are hereby extended to all former Presidents and Secretaries of the Senate.

On motion of Senator Hastings, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Wray:

*Resolved*, That the use of Committee Room Number One be given to the newspapermen of the session of the legislature and that the Sergeant-at-arms be instructed to prepare and equip said room and deliver the keys to the newspapermen for the period of this session.

On motion of Senator Wray, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Condon:

*Resolved*, That the Committee on Senate Employees be and it is hereby fully empowered and authorized to fix and adjust all salaries of employees of the twenty-first Senate; and

*Be It Further Resolved*, That any employee of the Senate found lobbying for increase of pay shall be subject to discharge.

On motion of Senator Condon, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Landon:

*Resolved*, That the State Auditor be, and he is hereby, directed to draw his warrants for the payment of salaries of members and employees of the Senate every week of the session upon payrolls which shall be signed by the members and employees and certified by the President and Secretary of the Senate, and he is hereby authorized and directed to deliver the warrants so issued to the Secretary of the Senate, taking his voucher therefor.

On motion of Senator Landon, the resolution was adopted.

**SENATE RESOLUTION.**

By Senators Cleary and Hastings:

*Resolved*, That when the Senate adjourns today, it adjourn in memory of former Chief Justice Hiram E. Hadley.

On motion of Senator Cleary, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Murphy:

*Resolved*, That the Sergeant-at-arms be and he is hereby authorized to purchase three hundred fifty dollars (\$350.00) worth of postage stamps for mailing copies of bills as authorized by the Senate, and deliver said postage stamps to the bill clerk, taking his receipt therefor.

On motion of Senator Murphy, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Oman:

*Resolved*, That the President of the Senate be and he is hereby authorized to sign the payroll for the senators in their absence.

On motion of Senator Oman, the resolution was adopted.

**SENATE RESOLUTION.**

By Senator Palmer:

*Resolved*, That any member desiring to introduce a bill, resolution or memorial shall file the same with the Secretary of the Senate not less than twelve hours before the convening of the session; and that no bill, resolution or memorial shall be introduced which has not been in the hands of the Secretary for the time stated.

*Be It Further Resolved*, That all committee reports must be on the Secretary's desk at the time of convening of the morning or afternoon session, in order to be read at said session.

On motion of Senator Palmer, the resolution was adopted.

The President appointed Senators Metcalf, Cox and Charles W. Hall as a committee from the Senate to notify the House that the Senate was organized and ready to transact business.

The secretary read:

**SENATE RESOLUTION.**

By Senator Heifner:

*Resolved*, That it is the sense of the Senate that in purchasing supplies and other equipment for the use of the Legislature, Washington-made products be given preference, price and quality being equal.

On motion of Senator Heifner, the resolution was adopted.

Upon request of Senator Heifner, the following remarks were spread upon the journal:

**THE WISE AND OTHERWISE.**

There was a man with a slab of wood  
Who, thinking only of his personal good,  
Sent it away to be made into a chair,  
And paid freight both ways from here to there.

Another wise man with a slab of wood,  
Thought a chair would be just as good  
If he had it made where he grew the wood,  
For he used "Home Products" whene'er he could.

Now buying a chair is a personal affair,  
Like having children, or maybe red hair,  
Still there is a difference in buying a chair,  
Whether you buy it here or buy it there.

When I was a boy I heard of a gink,  
Who swam three rivers to get him a drink,  
And I think his children must have settled out here,  
Where so many people act just as queer.

Senator Metcalf reported that the Committee had notified the House that the Senate was in session and ready to transact business.

The secretary read:

**MESSAGE FROM THE SECRETARY OF STATE.**

DEPARTMENT OF STATE, OLYMPIA,  
January 14, 1929.

*To the President of the Senate, Senate Chamber, Olympia, Washington.*

SIR: I have the honor to transmit herewith, pursuant to section 12, Article III of the Constitution of the State of Washington, for the consideration of the Senate, the following bills passed by the House and Senate in the legislative session of 1927, and vetoed by the Governor, together with his veto message attached thereto.

They are Senate Bills Nos. 80, 90, 103, 122, 123, 129, 139, 148, 157, 175, 176, 181, 193, 197, 205, 228, 240, 278 and 290.

Very respectfully,

[SEAL]

J. GRANT HINKLE, *Secretary of State.*

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:  
(Through the Secretary of State).*

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Substitute Senate Bill No. 80, entitled: "An Act relating to elections, authorizing qualified electors absent from their precincts of residence to vote at general and primary elections, providing the method and manner of casting and recording such vote, providing penalties for violations thereof, and repealing certain acts in relation thereto."

This bill relates to absentee voting and in substance is a rewrite of the absentee voting law. There are some good features in the bill but the good features are more than counterbalanced by the bad features. I believe it is better to allow the absentee voting law to stand as now written rather than to permit the objectionable features of this bill to become a law. I am hopeful that in another two years the legislature will pass a bill embodying the good features of Substitute Senate Bill No. 80 and eliminating the objectionable features thereof. For these reasons Substitute Senate Bill No. 80 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:*

*(Through the Secretary of State).*

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Substitute Senate Bill No. 90, entitled: "An Act providing for and regulating the registration of voters, to prevent fraud, providing penalties for violations thereof, and repealing certain acts and parts of acts in relation thereto."

This bill is objectionable for many reasons. Public records should never be kept on loose leaves or cards, as the bill provides. The Secretary of State would be obliged to establish and maintain a permanent file of registered voters according to towns and precincts alphabetically arranged.

If this bill were permitted to become a law, it would mean the creation of an additional bureau at the state capitol. There are enough there now. The law would only add to the cost of government. Government is already costing too much.

For these reasons, Substitute Senate Bill No. 90 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:*

*(Through the Secretary of State).*

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, Senate Bill No. 103, without my approval, entitled: "An Act relating to wild animals and bounties therefor, and amending section 3708 of Remington's Compiled Statutes."

This bill would increase the bounty on cougars from twenty dollars to one hundred dollars, and leave the bounties on all other predatory animals unchanged.

I can see no reason why the bounty on cougars should be raised to one hundred dollars. Just as many cougars will be killed with the bounty at twenty dollars as at one hundred dollars. Therefore, Senate Bill No. 103 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Saturday, March 19, 1927.

*To the Honorable, the Senate of the State of Washington:*  
(Through the Secretary of State).

I am filing with the Secretary of State, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 122, entitled: "An Act relating to insurance and amending section 7230 of Remington's Compiled Statutes of Washington."

This bill would amend the law relating to life insurance policies, by making it more difficult for a widow to collect a life insurance policy upon the death of her husband. I have no sympathy with such a law. Senate Bill No. 122 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Saturday, March 19, 1927.

*To the Honorable, the Senate of the State of Washington:*  
(Through the Secretary of State).

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Substitute Senate Bill No. 123, entitled: "An Act relating to and providing for the support of indigent mothers, defining the powers and duties of certain officers in relation thereto, and repealing chapter 135 of the Laws of 1915 and chapter 103 of the Laws of 1919."

Existing laws provide more adequately for the support of indigent mothers than does Substitute Senate Bill No. 123. For this reason, Substitute Senate Bill No. 123 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:*  
(Through the Secretary of State).

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 129, entitled: "An Act relating to procedure for acquiring and appropriating land, real estate and other property for public uses of the State of Washington, and amending section 3 of chapter 98 of the Laws of 1925 (section 897 of Remington's Compiled Statutes; section 7667, Pierce's 1926 Code)."

This bill would amend section 897 of Remington's Compiled Statutes by giving power to the office, board, commission or other body acting for the State of Washington, to prosecute condemnation proceedings and certify to the Superior Court, in which the same is pending, the amount which the state has offered for the property. It provides, further, in the event the case is tried and the award of the jury or court is not higher in amount than that which the state has offered, that the cost of the action shall be taxed to and borne by the property owner.

Such a law might be used as a club by officers acting for the State of Washington, to beat down the prices to be paid small property owners. It is a dangerous

weapon and liable to abuse. The State of Washington should act fairly and honestly with the humblest of its citizens.

I am not willing that any officer of the State of Washington shall have any such power. Therefore, Senate Bill No. 129 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:*  
(*Through the Secretary of State.*)

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 139, entitled: "An Act relating to liens for labor and material furnished or used in the improvement of real property, and amending section 3 of chapter 24 of the Laws of 1893."

This bill would amend section 1131 of Remington's Compiled Statutes by giving a lien to any person who, at the request of the owner of any real property, plants or sets out trees or shrubs upon the same or any street or road in front of or adjoining the same, or who furnishes materials to be used in such improvements, or who furnishes any power shovel, grader or other machinery used for excavating or other purposes in such improvements.

Said section 1131, as it now stands, gives a lien to any person who, at the request of the owner of any real property, fills in or otherwise improves the same or any street or road in front of or adjoining the same.

The section as it now stands, is sufficiently broad and should not be extended. I am opposed to a policy that would give a lien to the owner of machinery used in doing such work.

Therefore, Senate Bill No. 139 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:*  
(*Through the Secretary of State.*)

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 148, entitled: "An Act relating to the deposit of State Funds in state depositories and amending sections 5549 and 5551 of Remington's Compiled Statutes."

This bill amends the existing law relating to security for the deposit of state funds in state depositories. It adds new matter to existing law and eliminates from existing law certain provisions essential for the safeguarding of state funds. The new matter is the permission of a state depository to file with the state treasurer first mortgage bonds of any railroad corporation incorporated under the laws of the United States or of any of the states which owns not less than 500 miles of standard gauge railroad, exclusive of sidings, within the United States, and which has not within five years failed regularly and punctually to pay at maturity principal and interest of its mortgage indebtedness. Everybody is familiar with the recent failure of a great railroad system owning and operating thousands of miles of railroad, a part of which is within the boundaries of this state. Had first mortgage bonds of this great corporation been filed with the state treasurer as security for state funds, the state would

stand to lose great sums of money. I am opposed to this bill on account of the new matter it contains.

The matter eliminated from existing law is as follows: "The aggregate market value of which shall not be less than the amount required in said deposit". I am opposed to the bill because it eliminates from the existing law provisions essential for safeguarding the state's money.

For both reasons, Senate Bill No. 148 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor*.

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,

*To the Honorable, the Senate of the State of Washington:  
(Through the Secretary of State).*

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Substitute Senate Bill No. 157, entitled: "An Act relating to chattel mortgages, and amending section 1 of chapter XCVIII of the laws of 1899, and declaring that this act shall take effect immediately."

This is a new chattel mortgage law. Enough chattel mortgage laws are already on the books.

Therefore, Substitute Senate Bill No. 157 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor*.

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:  
(Through the Secretary of State).*

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 175, entitled: "An Act creating a school equalization fund and providing for its distribution."

This bill, popularly referred to as an equalization measure, is in truth and in fact a relief act. While, in fact, it does provide relief in the case of the very poor school districts by a state-wide tax, it is only a make-shift and, if permitted to become a law, would more than likely delay a comprehensive re-organization of our public school system. The bill recognizes this need, but does not meet it.

I am hopeful that, at the next session of the legislature, such a comprehensive re-organization plan of our public school system will be worked out and devised as will afford general relief.

Believing that Senate Bill No. 175 would delay, rather than hasten, such urgently needed relief, Senate Bill No. 175 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor*.

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

The secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:*  
(Through the Secretary of State).

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 176, entitled: "An Act relating to savings and loan associations, and amending sections 3723, 3726 and 3728 of Remington's Compiled Statutes."

This is a proposed amendment of the laws relating to savings and loan associations.

Section 1 of the act would extend the power of such associations by permitting loans on real estate, which is to be improved, by a building or buildings, to be constructed with the proceeds of the loan. I fail to see the wisdom of the amendment contained in section 1 of the act.

Section 2 is a rewrite of Section 3726 of Remington's Compiled Statutes, as amended by section 6 of chapter 144 of the Session Laws of 1925. It contains a clause that is entirely meaningless and could only lead to confusion. The law is sufficiently confused now without adding to the confusion by approving section 2 of the act.

The amendment contained in section 3 of the act is of doubtful wisdom.

Therefore, Senate Bill No. 176 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

*To the Honorable, the Senate of the State of Washington:*  
(Through the Secretary of State).

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Substitute Senate Bill No. 181, entitled: "An Act authorizing cities of the first class to establish a pension system for superannuated and disabled street railway employees engaged in the maintenance, operation or betterment of street railway systems, owned and operated by such cities."

This bill will establish a pension system for, and provide for the retirement thereunder of, superannuated civil service officers and employees engaged in the maintenance, operation or betterment of street railway systems, owned and operated by cities of the first class. It further provides that any city establishing such a system shall, out of the gross revenues of the street railway system and as a cost of maintenance and operation thereof, contribute jointly with the employees to the creation and maintenance of any such fund. Provision is also made to the effect that a comprehensive plan and estimate of the cost of establishing and maintaining said system shall first be secured from a competent actuary.

Under existing laws, without the cost of any pension system or the cost of a comprehensive plan therefor, municipally owned street railways are struggling desperately to avoid the rocks of bankruptcy. This bill would put an added burden on them. I don't believe in a pension system, except on account of disability in the discharge of duty. Pensioning the superannuated puts a premium on indolence. It encourages thriftlessness and idleness. The bill is vetoed.

Yours very truly,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hastings, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Rules Committee.

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 193, entitled: "An Act authorizing the Commissioner of Public Lands to sell at public auction the southwest quarter of the northeast quarter and the southeast quarter of Section 36, Township 23 North, Range 5 East of Willamette Meridian, in King County, Washington, together with the timber located thereon."

This bill would authorize the Commissioner of Public Lands to sell two hundred acres of state land and the timber thereon in combination with one another, and not separately as now prescribed by law.

I see no reason why this particular tract should be sold in any manner different than that prescribed by law for the sale of all state land. This is a special act for the benefit of some private interest. Am opposed to such laws. Therefore, said bill is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

I am filing with the Secretary of State, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 197, entitled: "An Act to provide for the organization, operation, supervision and dissolution of cooperative savings and credit associations to be termed 'Credit Unions', and to define their powers".

I felt it my duty to veto a similar bill passed at the late Extraordinary Session of the Legislature. Senate Bill No. 197 is slightly different from the bill vetoed, but in its essential features is substantially the same. The supervisor of banking of this state has been advised by the superintendent of banks of the State of New York that investigations show in most cases the individuals do not understand the real purpose of a credit union and are not properly qualified to manage the affairs or assume the responsibility connected with the proper conduct of a banking institution.

Also that the members do not keep in touch with the affairs of the association. The directors do not attend meetings and as a result one or two officers manage the credit union without a proper regard for the interests of the members.

I would be very glad to add to the peace and happiness of those of our citizens whose wellbeing this bill was designed to advance, but the bill falls far short of being a benefit to those people. To them it would be a detriment, not a help. Feeling as I do, I cannot conscientiously approve this bill. Therefore, Senate Bill No. 197 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

Senate Bill No. 205, entitled: "An Act relating to and providing for liens upon grain crops for bags and bag twine and the filing, recording and foreclosure thereof."

This bill would give to the man, who sell grain bags and/or bag twine for sacking of grain, a lien to secure the price thereof of equal rank with that of lien given to the laborer who did the work of producing the grain and harvesting the same.

I am opposed to any such policy. The laborer should be paid first. Existing laws give the laborer a first lien and I favor such policy.

Therefore, Senate Bill No. 205 is vetoed.

I am filing with the Secretary of State, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 228, entitled: "An Act creating a Forest Products Research Department at the University of Washington and making an appropriation therefor".

By this bill there is created and established a forest products research department at the University of Washington and \$45,000.00 or so much thereof as may be necessary, is appropriated out of the general fund for the establishment thereof.

If this bill were permitted to become a law the entire \$45,000.00 would be spent and a new appropriation would be asked for at the next session of the Legislature. The people are already overtaxed. What the tax payer needs is less taxes. Government is already too expensive. Senate Bill No. 228 is vetoed.

This bill would permit the extension of boundaries of old diking districts by bringing in property situated outside of the boundaries thereof, and compelling the owners to contribute to the payment of outstanding obligations.

This bill should be vetoed for the same reasons that the bills passed at this session, permitting cities to create funds for the payment of old local improvement district bonds and obligations, were vetoed. I am opposed to any such scheme.

Let the owners of bonds issued in the past by diking districts, look to their securities and not to the property of people who had nothing to do with issuing the bonds or creating the obligations.

For these reasons, Senate Bill No. 240 is vetoed.

This bill adds new matter to section 5315 of Remington's Compiled Statutes. By the new matter, it is provided, among other things, that an interested party can not secure a recanvass of the votes without filing a bond with sufficient securities conditioned to pay all costs of making the recanvass in case the returns are found to be correct. What the amount of such bond will be is left to conjecture.

It vests an unlimited discretion in the body or board having the right to fix the amount of the bond. It could easily lead to favoritism and abuse.

This bill provides that a life insurance policy in which a corporation is a beneficiary or assignee, an assignment, release or relinquishment thereof executed by the president and secretary or other corresponding officers shall be deemed to have been made with the authority of the corporation.

A corporation acts through its board of directors or trustees, and all such assignments, releases or relinquishments should be executed by the proper officers pursuant to a resolution of the board of directors or trustees. The bill would confer too much power on the president and secretary.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:  
(Through the Secretary of State).*

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, Senate Bill No. 282, entitled: "An Act making appropriations for certain penal and reformatory institutions of the state, and providing for appointment of committee to make certain selections of lands, and declaring that this act shall take effect immediately."

This bill contains two items of appropriations, which I cannot approve. The first item of which I disapprove is the appropriation of \$50,000.00, for rehabilitation, replacement, repair of buildings and improvements of the jute mill plant at the state penitentiary. The sum of \$50,000.00 is entirely inadequate for the rehabilitation of said plant. Anyhow, the same should never be rehabilitated.

The second item of which I disapprove, is the appropriation of \$90,000.00, out of the general fund and placed in the penitentiary revolving fund to be used in buying raw material in manufacturing jute bags. A survey of jute mill operations discloses that all private manufacturers of jute cloth have discontinued operations in this country because they cannot compete with similar plants operating in India. No industrial operation would be successful unless financially sound. The largest manufacturing industry in the United States recently closed up, shipped the machinery to India to be used in a plant there. On shipping the machinery to India, the owner of the plant is quoted as follows: "I can see that it will be cheaper to manufacture in India than it would be here even if we had our jute given to us at our plant free of cost".

For these reasons, the appropriation of \$50,000.00 for the rehabilitation, replacement, repair of buildings and improvements of the jute mill plant, and the appropriation of \$90,000.00 for the penitentiary revolving fund are vetoed. The remainder of the appropriations in said Senate Bill No. 282 are approved.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

*To the Honorable, the Senate of the State of Washington:*  
(*Through the Secretary of State.*)

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, with my approval except as to section 29, Senate Bill No. 85, entitled: "An Act relating to the selection, control, management, sale, lease and disposition of lands and areas belonging to or held in trust by the state, defining the powers and duties of certain officers in relation thereto, providing for appeals, prohibiting certain acts in relation thereto and providing penalties for violations thereof."

This bill is approved with the exception of section 29, which section I disapprove. This section was added in the Senate by the insertion of the obnoxious provision that the Land Commissioner shall have the power to make public, or to refrain from making public, any report of any inspection and/or cruise of unsold timber and lands.

I have always maintained, and will continue to insist, that the Commissioner of Public Lands should be compelled to make public the cruise and inspection of timber land, because by so doing, higher prices will be obtained for the land and timber sold. Let the law be amended so the state will obtain more money, not less money, for its lands and timber.

For these reasons, I veto section 29 of Senate Bill No. 85, but the remainder of the bill is approved. Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

No public lands, except capitol building lands, or timber or other valuable materials thereon, shall be sold or offered for sale by the commissioner of public lands unless the same shall have been inspected, and any timber thereon cruised, within one year prior to the date of sale, by duly qualified inspector, or cruiser and a report in writing of such inspection and/or cruise filed in the office of the commissioner of public lands.  The commissioner of public lands, and the board of state land commissioners, shall have the power to make public, or to refrain from making public, any report of any inspection and/or cruise, filed as in this section provided, so long as the lands referred to in such report remain unsold, but when any such lands, or the timber thereon, shall have been sold and conveyed by the state, all such reports, or cruises, as the case may be, shall become public records.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 21, 1927.

To the Honorable, the Senate of the State of Washington:  
(Through the Secretary of State).

I am filing with the Secretary of State, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, Senate Bill No. 244, entitled: "An Act relating to the Columbia Basin Irrigation Project, defining the powers and duties of certain officers in relation thereto, making appropriations, and declaring that this act shall take effect immediately."

This bill is approved with the following two exceptions: First—So much of said bill as appropriates from the Reclamation Revolving Fund of the state treasury, for the biennium ending March 31, 1929, the sum of \$5,000.00, or so much thereof as may be necessary for the purpose of making investigations, outlining a plan and starting the formation of an irrigation district for the Columbia Basin irrigation project. This appropriation is vetoed. Second—So much of said bill as appropriates from the Reclamation Revolving Fund in the state treasury, for the biennium ending March 31, 1929, the sum of \$35,000.00, or so much thereof as may be necessary for the purpose of investigation of the seven reservoir and dam sites in the State of Washington, which were suggested in the report of the Columbia Basin Board of Engineers, and such other sites as have come to the attention of the director of conservation and development, including drilling operations that may be used in connection with the Columbia Basin project. This appropriation is vetoed.

I am approving that part of the bill which re-appropriates, from the Reclamation Revolving Fund for the biennium ending March 31, 1929, the sum of \$15,000.00, or so much thereof as may be necessary for investigations and reports upon possible power development in connection with the Columbia Basin project, together with the control and regulation of stream flow as it affects navigation and irrigation in the states of Oregon, Idaho, Montana and Washington, and for the purpose of making surveys and estimates, and the working out of tentative plans for the protection of property bordering on streams and lakes in case of a change in the elevation of water. I believe that is as much as should be attempted during the next biennium and, for that reason, veto the two appropriations mentioned above.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

## CHAPTER 260.

## SENATE BILL NO. 244.

For the purpose of making investigations, outlining a plan and starting the formation of an irrigation district for the Columbia Basin Irrigation Project there is hereby appropriated from the Reclamation Revolving Fund in the state treasury for the biennium ending March 31, 1929, the sum of five thousand dollars, or so much thereof as may be necessary.

For the purpose of investigation of the seven reservoir and dam sites in the State of Washington which were suggested in the report of the Columbia Basin Board of Engineers, and such other sites as have come to the attention of the director of conservation and development, including drilling operations, to be used in connection with the Columbia Basin Irrigation Project, there is hereby appropriated from the Reclamation Revolving Fund in the state treasury for the biennium ending March 31, 1929, the sum of thirty-five thousand dollars, or so much thereof as may be necessary.

The secretary read:

**Senate Bill No. 3**, by Senators Hastings, Condon and Metcalf, entitled: "An Act creating a joint committee of the Senate and House to arrange for, and making an appropriation for the expense of broadcasting the joint session of the legislature at the inauguration of the state elective officials, and declaring that this act shall take effect immediately."

The bill was read the first time by title, and on motion of Senator Hastings, the rules were suspended, the bill read the second time by title and referred to the committee of the whole.

On motion of Senator Wray, the Senate resolved itself into a committee of the whole to consider Senate Bills Nos. 1, 2 and 3.

The bills were considered in the committee of the whole, Senator Hastings in the chair, and reported back to the Senate with the recommendation that they do pass.

On motion of Senator Hastings, the report of the committee was adopted.

Senator Hastings moved that the reading had in the committee of the whole be considered the third reading of the bills and that the same be placed on final passage.

The motion carried.

The secretary called the roll on the final passage of Senate Bill No. 1, and it passed the Senate by the following vote:

Those voting aye were: Senators Ball, Barnes, Cleary, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Charles W.), Hall (Oliver), Hartwell, Hastings, Heifner, Houser, Hurn, Jacobus, Knutsen, Landon, Lunn, Metcalf, Miller, Mize, Murphy, Norman, Oman, Palmer, Phipps, Post, St. Peter, Smith, Somerville, Sutton, Tatman, Taylor, True, Williams, Wilmer, Wray—41.

Absent or not voting: Senator Stinson—1.

The bill, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The secretary called the roll on the final passage of Senate Bill No. 2, and it passed the Senate by the following vote:

Those voting aye were: Senators Ball, Barnes, Cleary, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Charles W.), Hall (Oliver), Hartwell, Hastings, Heifner, Hurn, Jacobus, Knutzen, Landon, Lunn, Metcalf, Miller, Mize, Murphy, Norman, Oman, Palmer, Phipps, Post, St. Peter, Smith, Somerville, Stinson, Sutton, Tatman, Taylor, True, Wilmer, Wray—40.

## SECOND DAY.

### MORNING SESSION.

SENATE CHAMBER,  
OLYMPIA, WASH., Tuesday, January 15, 1929.

The Senate was called to order at 10 o'clock a. m., by President Johnson, pursuant to adjournment.

Rev. Samuel Everton of the Central Baptist Church of Olympia offered prayer.

The secretary called the roll, all members being present except Senators Barnes and Condon, who were excused.

On motion of Senator Murphy, the reading of the journal of the previous day was dispensed with, and it was approved.

The secretary read:

**Senate Concurrent Resolution No. 1**, by Senator Conner, relating to adjournment of the Twenty-first Legislature of the State of Washington.

The resolution was read first time by title, and on motion of Senator Conner the rules were suspended, the resolution read second time and referred to the Rules Committee.

The secretary read:

**Senate Joint Resolution No. 1**, by Senator Palmer, relating to the submission of an amendment to section 13 of article IV of the State Constitution relating to the judiciary.

The resolution was read first time by title, and on motion of Senator Palmer the rules were suspended, the resolution read second time by title and referred to Committee on Constitutional Revision.

On motion of Senator Conner, the following letters in Chinook, containing practically the entire Chinook language, with translations thereof, as published in the Bellingham American, were ordered spread upon the journal:

Postmaster Hugh Eldridge, the first male white child born in Bellingham, got a letter the other day from one of the Indian boys with whom he played before there was a city here. Hugh still likes to hunt so naturally he and his "real" American friends of course choose such subjects for their communications. And quite naturally they write to each other in the language they used when they talked as boys. Here is the letter Hugh received written in Chinook. Below is the translation. Hugh's reply will be published soon.

LA CONNER, WASH., December 20, 1928.

Mr. Hugh Eldridge,  
Bellingham, Wash.  
My Good Friend Schul Okset:

I am your good friend but I felt bad because I did not answer your letter sooner. I guess you think I was sore at you. In your letter you wanted to know if there was lots of ducks here and if there was you would come down and we would hunt them together.

Say, Schul Okset, now this country is very poor—not like it was when there was plenty of good food. Now there is none—no ducks or deer or fish—everything good that used to be in our country is gone. The white people that have come into the country lately have done everything they can to get all the good places where there are things that are good to eat and there is nothing left for the rest of us. They have all the good duck grounds and they feed the ducks lots of oats and wheat and have gun clubs so when the ducks come to feed on the oats and wheat they kill great quantities of them so if you haven't any money to join a gun club you can't kill a single duck in a whole year.

Say friend, if your namesake, Chief Schul Okset, was here now and saw that all the good food that used to be here was gone, he would be very mad at the white people that had killed it off and no doubt would make them all hard to find. Schul Okset was different from all others; when he got mad he killed everybody he was mad at. He didn't use a gun or a bow and arrow or a knife; he had his magic club and he cast a tamahanwis spell on this great war club when he wanted to kill a lot of enemies. Yes, that great Chief Schul Okset was a great man—greater than any other chief. He was like George Washington, who won a great country and now we are always proud that he did so.

I think I had better quit writing so much. I don't want you to get a headache reading all I have got to say.

I would be very glad to see you and to talk over old times but I am a little afraid if I asked you to come down and shoot ducks with me that we wouldn't see a single duck down here.

Good bye Schul Okset and I hope you have a Merry Christmas and a Happy New Year.

WILLIE McCLUSKEY.

Several days ago the American published a letter received by Postmaster Hugh Eldridge from one of his boyhood Indian friends. The letter was written in Chinook, the language which Eldridge and Victor A. Roeder talked to their aboriginal playmates when they were the only ones which they possessed when they were boys in the early "60's."

Today we publish Mr. Eldridge's answer, both in the Chinook and the English translation. Better keep a copy as there are only about 300 words in the Chinook language and Hugh uses most of them in his reply. Then you will have a Chinook dictionary. Here is Hugh's letter in the language he and Roeder employed in their youth.

Here is what Hugh says in his letter in the language of those who came to Bellingham after 1885:

BELLINGHAM, WASH., January 4, 1929.

William McCluskey,  
Swinomish Reservation,  
LaConner, Wash.

Say, Willie, a little while ago I got your letter and I put in some time reading it over and now I get your ideas and you certainly talk straight. Yes Willie, this country has got very poor—no native pheasants, very few ducks and only a few salmon, very few deer and when I was a boy oh there was lots of everything. You remember the year this country was a hundred years old (Centennial) I came back from Olympia with Captain Roeder and two of his boys in a good sized boat. We stayed all night in the Swinomish Slough but we couldn't sleep. The Mallard ducks

would quack quack quack; the geese honk honk; then in a little while something would scare them and they would fly up with a noise like a cannon going off. There were thousands of them. Then in the fall of the year lots of dog salmon lots of silver salmon and lots of spring salmon were jumping in the salt water on their way to the creeks and rivers they go up to spawn and the native pheasants ran around like chickens. I wonder where they have gone now? I think they have gone to hunt for the wild pigeons and the buffalos. Yes Friend if Schul Okset was to come back here he would be mad, and I think he would first go to Olympia and see the officers there and say to them "Why haven't you protected all the good food that used to be here? The Indians are very poor now and can't get food and lots of the white people are just as badly off. It will be well for you to think this over and write a law in your book so everyone will understand they cannot use purse seines to catch all the salmon and the gun clubs cannot feed the ducks oats and wheat and then kill them all off. If they could not do this the ducks would be in their old feeding grounds and everyone could get a few, of them that hunted for them in the fields and sloughs." And if the officers did not do this, Schul Okset would get his temahonawis war club and clean out all the officers and all the white people that were destroying all the fish and ducks.

Say Willie, give my regards to all my Swinomish friends and I will be happy if this year is good to you and all your friends. When you come here come and see me.

Goodbye friend,  
HUGH ELDRIDGE.

**MESSAGE FROM THE SECRETARY OF STATE.**

DEPARTMENT OF STATE, OLYMPIA,  
January, 14, 1929.

*Secretary of the Senate, Senate Chamber, Olympia, Washington.*

DEAR SIR: I herewith transmit a certified copy of Senate Joint Resolution from the Idaho legislature which reached this office on April 16, 1927, after the State of Washington session of legislature had closed.

Yours very truly,  
J. GRANT HINKLE, *Secretary of State.*

THE STATE OF IDAHO, DEPARTMENT OF STATE, BOISE.

April 14, 1927.

*Secretary of State, State of Washington, Olympia Washington.*

SIR: I respectfully submit certified copies of Senate Joint Resolution, No. 2, as directed by the legislature of this state. Will you kindly give these copies to the presiding officers of each branch of the legislature of the State of Washington.

Yours very truly,  
FRED E. LUKENS, *Secretary of State.*

**Senate Joint Resolution No. 2** of the Legislature of Idaho proposing an application to Congress to call a Constitutional Convention for the purpose of amending the Constitution of the United States to make subject to taxation all evidence of indebtedness of the United States, the several states, municipal corporations, counties, and all taxing subdivisions and taxing units thereof, together with the interest on and income from such evidence of indebtedness.

On motion of Senator Palmer, Senate Joint Resolution No. 2 of the Legislature of Idaho was referred to the Committee on Revenue and Taxation.

The President appointed Senators Palmer and Metcalf as a committee to escort former Senator P. H. Carlyon to a seat beside the President.

There being no objection the Senate returned to the third order of business: Reports of select committees.

Senator Metcalf reported that the committee under Senate Bill No. 3 had met and prepared a program for the inauguration of elective state officers to be held tomorrow evening in the House Chamber.

#### JOINT SESSION.

---

The sergeant-at-arms of the House announced the arrival of the Senate at the door of the House.

The Speaker invited the Senators to seats within the House, and the President of the Senate to a seat at the Speaker's desk.

The joint session was called to order at 11:00 a. m.

The Speaker presided.

The secretary of the Senate called the roll, and all Senators were present except Senators Barnes, Condon and Palmer.

The clerk called the roll of the House; all members being present except Representatives Bach and Post.

The Speaker announced that this joint session was called for the purpose of canvassing the vote of the constitutional elective officers of the State of Washington.

The clerk read the following message from the secretary of state and the recapitulation of votes cast for various state officers:

**MESSAGE FROM THE SECRETARY OF STATE.**

DEPARTMENT OF STATE, OFFICE OF THE SECRETARY.

*To the Honorable Speaker of the House of Representatives, the Legislature of the State of Washington, Olympia, Washington.*

SIR: As required by section 4 of Article III of the State Constitution, I do hereby certify that I am the duly appointed and qualified Secretary of State of the State of Washington and custodian of the Seal of said state; that the returns I now submit to your Honorable Body purporting to be the returns of the General Election, held November sixth, nineteen twenty-eight, of the several counties of this state as to the votes cast in the said counties for the offices of Governor, Lieutenant Governor, Secretary of State, Treasurer, Auditor, Attorney General, Superintendent of Public Instruction and Commissioner of Public Lands, are the true and correct copies as sent to this office by the various county auditors of the thirty-nine counties in this state.

I do further certify that the containers in which these returns are transmitted to your Honorable Body are in exactly the same condition as when received by me in my official capacity as Secretary of State.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed hereto the Seal of the State of Washington, at the Capitol in Olympia, this 14th day of January, 1929.

On motion of Senator Hastings, the secretary was instructed to change the name of the Committee on Aviation to Committee on Aeronautics.

Lieutenant Governor, W. Lon Johnson, on the occasion of his retirement from the office of President of the Senate, addressed the members of the Senate complimenting them upon their earnestness and fidelity to their tasks as members of the legislature. He recommended to the Senate that earnest consideration be given to three problems which he believed to be of tremendous importance to the future of the State, which he listed as follows:

1—Development of logged-off, marginal and arid lands with particular reference to the Columbia Basin Project.

2—Adoption at this session of a definite policy of reforestation.

3—Provision that the state retain in perpetuity all titles to power sites now vested in the state for the benefit of posterity.

Senator Hastings, President pro tempore of the Senate, was called to preside.

The secretary read:

#### SENATE RESOLUTION.

By Senators Hastings and Landon:

*Resolved:* That the cordial and sincere thanks and high appreciation of the members of the Senate are hereby extended to retiring Lieutenant Governor W. Lon Johnson for the unusually capable, fair and efficient manner in which he has presided over the session of 1925, the extraordinary session of 1925 and the session of 1927 of the Senate, and that the best wishes of the members accompany him and his good wife as they again become private citizens of our state and Republic.

On motion of Senator Landon, the resolution was adopted.

At 1:33 p. m., on motion of Senator Condop, the Senate recessed until 7:15 p. m.

#### EVENING SESSION.

The Senate was called to order at 7:15 p. m., by President Johnson.

At 7:20 p. m., the Senate recessed to meet with the House in the House Chamber for the joint session to witness the inauguration of Governor

Roland H. Hartley and other constitutional elective officials and to hear the second inaugural message of Governor Hartley.

---

### JOINT SESSION.

---

The sergeant-at-arms of the House announced the arrival of the Senate at the door of the House.

The Speaker invited the members of the Senate to seats within the House, and the President of the Senate was escorted to a seat at the Speaker's desk.

The President of the Senate called the joint session to order at 7:30 p. m.

The President announced that the joint session would be at ease until 7:45 p. m., when the broadcast of proceedings was scheduled to begin.

At 7:45 p. m., the President called the joint session to order.

Mr. Lloyd Spencer, radio announcer, made the following announcement of the radio broadcast:

"Citizens of Washington: This broadcast of the inaugural ceremony, originating in the House of Representatives of the new capitol, Olympia, Washington, comes to you by provision of the Legislature. You will hear a joint session of the Senate and the House of Representatives of the twenty-first Legislature of Washington; You will hear Roland H. Hartley take the oath of office as Governor, which will be administered by the Chief Justice of the Supreme Court; and you will hear the Governor deliver his message to the Legislature.

"This ceremonial, the first of its kind in the United States, is broadcast not as an innovation or a novelty, but for a deeper purpose. Since the radio makes it possible to bring government closer to the fireside, this broadcast is provided so the people of Washington, even those who live in remote places and find it inconvenient to visit the capital, may gain a better understanding of the significance of the innaugural of the Governor and of the parliamentary formality of sessions of the Legislature.

"Moreover, it is being broadcast with the belief that it will help to stimulate popular interest in state government so there will be a more common understanding and a broader appreciation of the manner in which the Governor and other executive officers, the Legislature and the supreme court feel and discharge their respective responsibilities of representative government.

"Under our system of government, the people exercise the final authority. It is necessary, if our government is to endure, that the people stand guard and maintain contact with their chosen representatives. Therefore, it is desired that this broadcast stimulates men and women to the acceptance of their responsibilities of helping the legislature and the Governor to enact only such laws that will promote the progress, prosperity and contentment of the Commonwealth.

"On the opening day of the session, Monday, January 14, the returns from the various counties were transmitted to the Speaker of the House by the secretary of state, in accordance with the State Constitution.

"The legislature met in joint session Tuesday, and after canvassing the vote, Speaker Ed Davis declared the following elected: Roland H. Hartley,

Governor; John A. Gellatly, Lieutenant Governor; J. Grant Hinkle, Secretary of State; Charles Hinton, Treasurer; C. W. Clausen, Auditor; John H. Dunbar, Attorney General; Clarke V. Savidge, Commissioner of Public Lands and N. D. Showalter, Superintendent of Public Instruction.

"Certificates of election were signed by the Speaker of the House and the President of the Senate.

"The Legislature then arranged to meet in joint session tonight to witness the administration of the oath of office to Governor and the other constitutional elective state officials, and to receive the Governor's message of recommendations and his report of the state's institutions, departments and other state activities.

"You will now hear the proceedings of the joint session."

The secretary of the Senate called the roll of the Senate, all members being present.

The clerk of the House called the roll of the House, all members being present, except Messrs. Bach, Friese and Reed.

On motion of Mr. Davis, Speaker of the House, the President appointed Messrs. Ed Sims, J. H. Davis and John Anderson of the House and Senators Hurn and Metcalf of the Senate as a joint committee to notify the Governor that the legislature is in joint session and ready to receive his message.

The sergeant-at-arms announced the arrival at the door of the House of Acting Chief Justice Mark A. Fullerton of the Supreme Court of the State of Washington and Associate Judges Main, Parker, Tolman, Holcomb, Beals, Millard and French.

The President invited Acting Chief Justice Fullerton to a seat beside the President and the associate judges to seats at the right of the rostrum.

The President announced the absence of Chief Justice John R. Mitchell on account of illness.

The sergeant-at-arms announced the arrival at the door of the House of Mr. John A. Gellatly, lieutenant governor; Mr. J. Grant Hinkle, secretary of state; Mr. Charles Hinton, treasurer; Mr. C. W. Clausen, auditor; Mr. John H. Dunbar, attorney general and Mr. N. D. Showalter, superintendent of public instruction.

The President invited the above officials to seats at the left of the rostrum.

Mr. Clark V. Savidge, commissioner of public lands, was absent on account of sickness.

The Committee appointed to notify the Governor announced the arrival of the Governor of the State of Washington and he was escorted to a seat at the right of the President.

Dr. Elijah Hull Longbrake, of the First Methodist Church of Olympia, offered prayer.

Acting Chief Justice Fullerton administered the oath of office to Governor Roland H. Hartley.

Acting Chief Justice Fullerton administered the oath of office to the lieutenant governor, secretary of state, treasurer, auditor, attorney general and superintendent of public instruction.

W. Lon Johnson, retiring lieutenant governor, presented the gavel to Lieutenant Governor John A. Gellatly, with the following remarks:

"As retiring lieutenant governor of the State of Washington, I have the very great honor to welcome you as my successor. I know without question you will fill this responsibility with credit to yourself and honor to the state, and it gives me very great pleasure to present to you the gavel of the Senate of the State of Washington, over which body you will preside as President. I wish you all the happiness and success that is possible to come to anyone's life."

Lieutenant Governor Gellatly: "President Johnson, Senators and Members of the House, Ladies and Gentlemen: "In accepting this gavel I take it with no mean understanding of the meaning which it implies. The office of lieutenant governor is a constitutional office, with authority to preside over the State Senate; and the oath I have just taken along with the rest of the officers, and which the Governor has just taken, means as much to me as to those who have taken it before me.

"We are taking our office at this time under most auspicious circumstances. No one could help but swell with pride to be a member of an organization charged with the responsibility of looking after the state, such as we have. This beautiful building, fitted and equipped as it is by the men who have served before us, charges us with grave responsibilities, to the end that we shall carry on as they have done. There seems to be something in life which implies that each generation as it comes along will push farther, and serve better, if possible, by reason of the facilities and accommodations which our predecessors have left."

The President presented Governor Roland H. Hartley, who delivered his second inaugural message and addressed the joint session as follows:

*To the Honorable, the Legislature of the State of Washington:*

LADIES AND GENTLEMEN: This is an auspicious occasion. It is a new departure and marks an epoch in the state's history. For the first time a legislature has opened its biennial session and the state's elective officials been inducted into office in the permanent home of the executive and legislative branches of the state government. Inasmuch as the proceedings of the hour are being broadcast by radio, with thousands of citizens of this, and doubtless other states, listening in, we might with propriety, dilate upon the wonders of the State of Washington. We might tell of the attractiveness of the state's scenery, of the wealth of its natural resources, of the beginnings, growth and possibilities of its business, trade and industry, or of the high class and quality of its citizenry. In a word, with finely spun phrases of self-laudation and home pride, we might lull ourselves and our listeners into a state of unmindfulness of the seriousness of the business in hand and of the importance of the problems which confront us as a commonwealth.

No matter what the splendors of Washington's scenery, our people cannot live upon them. No matter what fertility may be locked up in the state's thousands of untilled acres; no matter how immense may be the unharnessed horse power in our streams; no matter how great the wealth of the uncut timber in our forests, or what myriad fishes swim our waters, or what minerals lie buried within our mountains; the real, the true value of these resources to this or to future generations, will be determined by how well-ordered is the program and how businesslike and fundamentally sound is the plan by which they are developed. In order to bring forth or to work out any well-ordered program or sound plan of development, we must begin with, or take as a base, the immediate welfare, prosperity and general well-being of the present-day citizen and taxpayer, regardless of his occupation or station in life.

Indeed, Washington is a great state! But if it is to grow and develop and go forward as it should, we must stop multiplying governmental activities, pyramiding taxes, expending dollars which do not exist and clamoring for new and bigger mortgages upon the future.

The wheat rancher of the Palouse Hills, the fruit grower of the Yakima Valley, the Puget Sound lumbermen, the Columbia River fishermen, the business man of

town or city, or the wage worker, is not so much interested in the potentialities of the future as he is in what relation the amount he must pay to the support of government bears to his income, profits or savings. He has a right to expect that we, as his representatives, see to it that taxation, whether direct or indirect, is halted at the present danger-line of confiscation and that the citizen is given an opportunity to get from under his already too heavy burden before he is crushed beneath the weight of new and expensive functions of government.

It is to this task that we, during the next sixty days, should turn our attention earnestly, energetically and cooperatively.

In my Inaugural Message to the Nineteenth Legislature four years ago, I said:

"We may as well face the fact, and face it squarely, that we are too much governed. The agencies of government have been multiplied, their ramifications extended, their powers enlarged, and their sphere widened, until the whole system is top-heavy. We are drifting into a dangerous and insidious paternalism, submerging the self-reliance of the citizen, and weakening the responsibility and stifling the initiative of the individual. We suffer not from too little legislation, but from too much. We need fewer enactments and more repeals. We need to call a halt until the majority's pocketbook catches up with the desires and clamor of minorities for more government and increased appropriations.

"The tax burden constitutes the gravest problem which today confronts the state and the nation. So much so that taxation is the great unsolved problem of government. Shifting the burden by no means lightens it. Finding new sources of revenue is ever fraught with the danger of opening up new avenues of expenditure. In dealing with the tax question, our first task is to reduce the cost of conducting the public's business, not to devise new ways and means of raising revenue to meet the mounting cost of government. This can be accomplished only by curtailing and simplifying the functions of government and by the practice of hard-headed, close-fisted economy in meeting the requirements of essential public service. Such practice will be in vogue during the next four years in those departments under the governor's control."

Such a practice has been in vogue during the past four years, and it is hoped that it may continue with more efficiency and greater benefit to the taxpayers.

What has transpired in the last four years is fresh in the minds of the people. I do not believe it is necessary to take your time on this occasion to reiterate details. So far as I am concerned, what has been done was done in the interests of courageous, efficient, good government. After four years of striving, I am more convinced than ever that there are many changes necessary in the governmental agencies as now constituted.

I realize that some of my recommendations for greater economy were so unexpected and so contrary to the long uncontrolled trend of public business as to appear drastic. But grievous conditions demand drastic action.

It is no easy task to close the sluices of public expenditure when the long opened gates have become so fixed in their grooves as to yield downward only to sledge-hammer blows.

Counting primary and general elections, I have made six campaigns for the governorship. In these I have visited nearly every nook and corner of the state, have met hundreds of thousands of the state's citizens, and have called upon them in their places of business and visited them in their homes. I know pretty well under what conditions the people live, labor and rear their families. I know that the young men and women who are being educated at public expense, and the institutionalized wards of the state, save perhaps those in the penitentiary, are enjoying more comforts and more elaborate and expensive surroundings than exist today in a majority of the homes of the state. I know, too, taxation has reached the limit for most of our people. This is particularly true of the farmer, the small business man and the home-owning wage earner.

Knowing this, and in view of the uncertainty which surrounds our whole system of taxation, I shall regard it as the performance of plain duty to disapprove any legislation calling for new appropriations, unless such legislation provides the means of its own financing in some manner which does not add to the already too great tax burden borne by the people as a whole.

The state constitution provides that the governor shall communicate to every session of the Legislature the condition of the state's affairs. I shall not at this time, however, present any details relative to the state's finances. Complete data and information as to the operation of all funds and the finances of all state departments

and institutions are set forth in the Governor's budget, which will be in your hands within a few days.

In general, it may be said that the state's business is being conducted upon a sound basis, and the state's finances are in a healthy condition. State government in all its branches is operating upon a cash basis, and the Treasurer's report at December 31, 1928, shows a cash balance in excess of \$16,000,000.00.

This great balance, however, does not necessarily reflect true economy in government. The real measure of economy is the amount taken from the people and put into the state treasury to defray the costs of government. The truth is, the state's affairs are today in better condition than are the private affairs of those from whose pockets has been taken the \$16,000,000.00 now in the state treasury.

#### STATE INSTITUTIONS.

By undertaking in this biennium a long-delayed building program, substantial progress has been made toward relieving the over-crowded condition in the state's penal and eleemosynary institutions. But with the completion of the buildings provided by the last Legislature, congestion in some of the institutions has not yet been relieved. This condition renders the proper care and discipline of inmates and patients difficult, and increases operating costs.

#### NORTHERN STATE HOSPITAL.

The Governor's last biennial budget carried an appropriation for two new ward buildings at the Northern State Hospital. The Legislature made appropriation for only one, which has been completed and occupied. Congestion still prevails. An additional unit and a special ward building for tubercular patients from all three hospitals are needed.

#### EASTERN STATE HOSPITAL.

All of the old custodial buildings near this hospital have been reconditioned and are now in use by the hospital. One new fire-proof ward building is recommended, and a dormitory for housing employees who are now quartered in rooms in the different wards. A residence is recommended for the Superintendent. At present he is quartered with his family in three small rooms over the administration building. This space is needed for ward doctors. A combination chapel and auditorium is needed. At present there is no place to hold religious services or facilities for amusements of any kind.

#### WESTERN STATE HOSPITAL.

A one-story working men's ward, detached from the main buildings, is recommended. This will facilitate carrying on the work on the farm, in the dairy and poultry yards. Such structure will be inexpensive and will provide expansion at nominal cost.

#### STATE PENITENTIARY.

Substantial progress has been made in providing healthful employment for prisoners. During the present biennium a tannery has been added, producing all leather used in the manufacture of shoes, leather and belting for all institutions. A modern cannery has been added, in which approximately sixteen thousand cases of canned fruits and vegetables were put up this year, sufficient to supply the twelve institutions. The total value of products turned out, based upon wholesale prices, was \$273,300.00, exclusive of farm and dairy products valued at \$100,000.00.

The old jute mill has seriously interfered with further expansion. Floor space occupied by this obsolete machinery is needed for further development of prison industries.

The penitentiary presents an urgent building need. The women's ward, as requested in my Message of 1927, should be built, fire-proof and equipped with modern clinical facilities.

The present male population is approximately eleven hundred, with only four hundred and sixty cells. No additional cells have been provided since the present cell blocks were installed, when the inmate population was less than four hundred. Even with two men in each cell, and all available space in basements inside of the wall fitted up for housing prisoners, further demands cannot be met without additional space. To relieve congestion, it is recommended that a fire-proof building be constructed outside the prison wall, to be used as trusty quarters.

## STATE REFORMATORY FOR WOMEN.

Chapter 249, Laws of 1927, created the Washington State Reformatory for Women and made appropriations of \$175,000.00 for the purchase of a site and the erection of buildings, and \$15,000.00 for operations. The committee provided for in the act was appointed. No site has been selected. It is obvious that the appropriation is by far insufficient for the purchase of land, erection of buildings and equipment of the institution ready for occupation and use. At best, the act must be viewed as a mere gesture.

Except for minor expenses of the committee, the appropriation is unexpended. Candidly, the state needs no such institution. The Washington State Reformatory for Women is just a new name for the familiar Women's Industrial Home and Clinic, which has been before the Legislature in one form or another for years.

I do not question the sincerity of those who have conceived and so dillgently promoted the plan, which is wholly unsound and impracticable. The number of women committing minor offenses, who might be incarcerated in such an institution for treatment and reformation, has been greatly magnified. It is the really criminal class which has drawn attention to this question. This class can be properly cared for at a minimum cost if the additional women's ward at the penitentiary is built as requested. Therefore, I recommend that no appropriation be made for the Washington State Reformatory for Women and that chapter 249 of the Laws of 1927 be repealed.

## STATE REFORMATORY.

The new cell house, for which appropriation was granted by the last Legislature, is practically completed and can be occupied as soon as equipment has been installed.

Satisfactory results have been obtained in the manufacture of brick. The employment situation has been improved by the addition of a farm purchased during the present biennium. Further expansion of existing industries and introduction of new ones are being worked out.

## PAROLES.

Before leaving the subject of penal institutions, I wish to renew my recommendation for a change in the indeterminate sentence law and a reorganization of the state's parole system. In my message to the Twentieth Session of the Legislature, it was pointed out that our penal registers are replete with glaring inequalities in the administration of justice.

These inequalities can be corrected by providing for indeterminate sentences with a fixed maximum, but no minimum. At each institution a complete history of each case could then be compiled, including the physical and moral fitness of the prisoner, his past record, and all circumstances attending the commission of the crime. The Parole Board could classify him, fix the time when he might be paroled based upon a merit system, determined by fixed and definite rules and regulations, reserving to the Governor the right of review in all cases. Such a system would be in keeping with the most advanced prison methods.

## STATE SOLDIERS' HOMES.

Demands for hospitalization are increasing at the Washington Veterans' Home at Retsil so as seriously to tax present facilities. It is, therefore, recommended that a fire-proof hospital be constructed and equipped. This will make available the present hospital building for additional accommodations for increasing demands of Spanish War and World War Veterans. At present practically every available bed in the institution is occupied.

The Veterans' and Soldiers' Homes are supported jointly from state and federal funds. The federal funds are paid to the state upon a basis of the population of the institutions and have been handled as non-appropriation funds. In order that the Legislature may be fully advised as to what expenditures are contemplated and may have full control over the finances of these institutions, it is recommended that the United States funds be made appropriation funds and that they be budgeted in the same manner as are state funds.

Residents of the Soldiers' Colony at Orting now receive from the commissary at the Soldiers' Home a monthly ration of groceries and an annual allowance for clothing. It is recommended that the statute be amended to provide cash payment in lieu of these allowances. If this is done, the affairs of the colony can be handled

through the general offices of the Department of Business Control at considerable saving in the cost of operation and, in my opinion, with greater satisfaction to the residents of the colony.

#### STATE DEPARTMENTS.

I shall not dwell upon the activities of the administrative code departments, except in cases where specific recommendations for legislative action are to be made.

In the Department of Licenses are some matters to which your attention should be given. The present law governing the licensing of motor vehicles of non-residents is not satisfactory. Our law allows reciprocity with other states, but permits the other states to dictate the terms of the reciprocity. At a recent conference between the Secretary of State of Oregon and Washington Director of Licenses, it was agreed to hold in abeyance enforcement of the non-resident laws pending the meeting of the legislatures of the two states. Joint committees from the two should immediately be named to consider this question.

The states of Oregon and Washington have so much in common, and travel back and forth across the boundary line is so frequent that friendly relations should not be allowed to become strained over so small a matter as an automobile license, nor should any citizen have just grounds for feeling aggrieved by the enforcement of the motor vehicle laws of either state.

Under the former administration, at an annual cost of about \$18,000.00 a year, the list of automobile owners was printed in sufficient quantities to supply the state highway patrol and other peace officers. The type set-up, paid for out of public funds, was then turned over without charge to private parties for the printing of additional copies for sale to the trade.

This practice has been discontinued and mimeographed copies substituted. On competitive bids, copies of the 1928 list were furnished the state free of cost and a similar contract has been entered into for 1929. Last year an unsuccessful bidder went to court and secured an order compelling the Director of Licenses to furnish him with facilities for copying the list from the records. The absurdity of such an order is apparent, when it is considered that every citizen has the same right as has this unsuccessful bidder, and there isn't room in the capitol grounds to accommodate all who might wish to copy and commercialize public records. The license records are public, to be sure, but it cannot be expected, within reason or common sense, that the Director is to be made a chore boy for anyone who may wish the records wholesale for trade purposes or for conducting straw ballots during political campaigns.

Legislation should be enacted to authorize the exclusive sale of one copy of the list to the highest bidder, from which printed or mimeographed copies are to be furnished to the state. I am informed such a plan is in successful operation in some states.

#### PUBLIC WORKS.

The cost of operation of the Department of Public Works is now paid from three sources—the general fund, the auto transportation fund and the public service revolving fund. The motor vehicle division is entirely self-supporting, all expenses being paid from the auto transportation fund, derived from an assessment of one per cent of the gross earnings of all motor stage and freight lines. The public utilities and transportation divisions should likewise be self-supporting, and as to operating costs, the work of this department carried on as a unit.

It is recommended that the fees now required of public utilities and transportation companies, other than motor, be sufficiently increased so that the department may carry on all of its activities without cost to the general taxpayer. It is further recommended that the auto transportation and public service revolving funds be abolished, and all receipts paid into the general fund. There is no more justification for setting up special funds in this department than for an insurance fund in the office of the Insurance Commissioner, a banking or savings and loan fund in the Department of Efficiency, or a lawyers', doctors', or barbers' fund in the Department of Licenses.

#### DEPARTMENT OF HEALTH.

The development of the pulp and paper industry has brought a new problem to the State Department of Health, that of stream pollution from industrial waste. During the present biennium much of the time of the sanitation division has been devoted to experiments to determine the effect of waste sulphite liquor from pulp mills upon fish life, and to devise methods of control and protection. This work

must be continued and inasmuch as the direct benefits will inure to the commercial fishing industry, it is recommended that a substantial part of the Health Department's appropriation be made from the fisheries fund, thereby relieving the general fund.

Similarly, a part of the expense of warring on predatory animals should be paid out of the state game fund. The entire cost of maintaining predatory animal hunters and the payment of wild animal bounties is paid now from general taxation. The animals upon which bounties are paid are more destructive of wild life than of domestic. For this reason, it is recommended that the entire appropriation for the payment of bounties be made from the state game fund, rather than from the general fund.

I am sure it will be found that these appropriations can be made without any new legislation. In each instance the work to be financed is clearly within the scope of that provided for in the fisheries and game acts.

#### LABOR AND INDUSTRIES.

Through years of operation the Workmen's Compensation Act has come to be regarded by employee and employer alike as a piece of truly constructive legislation. But by a series of court decisions, the scope of the act is being gradually extended beyond what was originally contemplated either by the framers of the act or the Legislature. Step by step compensable disabilities sustained through accident have been extended over the border line into the field of sickness and disease. In a word, the whole act has been stretched dangerously near the breaking point and unless the present trend is arrested, there is certain to be a reaction unfavorable to those most vitally interested—the workmen.

This subject warrants your attention, to the end that what really constitutes accidental injury may be clearly defined and the act thus saved from working its own undoing through misinterpretation.

#### SURETY BONDS.

If it were possible to lay before you a statement showing the hundreds of thousands of dollars which have been paid for premiums on surety bonds since statehood, you would be astounded. If this statement were to show in comparison the amounts recovered on losses, less the cost to which the state has been put in prosecuting claims against the bonding companies, there could be no mistake as to what a needless waste of money this wholesale bonding of state employees has been.

The state has millions of dollars invested in buildings, but carries no fire insurance, considering it good business and a saving of money to assume its own fire risks. But for some unaccountable reason, the statutes require each employee to give, at state expense, a surety bond before entering upon his duties. This is not good business. The statute should be changed to provide for one blanket bond of \$100,000.00 covering all state employees, with the exception of the State Treasurer. This amount would be ample to protect the state against any loss that might be sustained.

Another statute provides that on all public work the state must require a surety bond of the contractor in the full amount of the contract. This is entirely unnecessary. In the case of counties and other lesser municipal corporations, the law leaves the amount of the bond to the discretion of the contracting officials. The statute should be amended to allow similar discretion on the part of state officials, for the cost of the bond is always borne directly or indirectly by the state.

#### CONSERVATION AND DEVELOPMENT.

Gradually, the Department of Conservation and Development is clearing away the debris left from the state's disastrous venture into the reclamation field. Last biennium the Whitestone and White Bluffs wrecks were cleaned up, and more recently by means of a refunding plan the state has been put in a fair way to recover its investment in the Methow Valley Irrigation District. At the last session of the Legislature, the reclamation tax levy of one-half mill was suspended. This levy should now be repealed. There is sufficient money in the reclamation fund to more than care for all necessary expenditures.

In the hydraulics division of this department, there is a noticeable increase in the number of applications for water power rights. Water power is one of the state's most valuable assets. Extreme caution should be exercised to prevent the state's rights from being frittered away. Filing fees should be greatly increased and the law strengthened so as to insure that actual development will speedily follow the

granting of a permit and to render it impossible for any operator to hold his permit by turning a few shovelfuls of dirt each year.

#### STATE PARKS.

The idea back of the original state park movement was that of conservation. The expenditure of money for park purposes can be justified upon no other basis. For the state to acquire and to save from dissipation some of the outstanding natural beauty spots is all right. For the state to engage in the tourist camp business is all wrong.

The budget of the State Parks Committee calls for an appropriation of more than half a million dollars for carrying out an elaborate scheme including the purchase of additional lands, erection of buildings, the installation of community halls, kitchens, shower baths, playgrounds, rowboats and other knickknacks, and the addition to the state payroll of an army of custodians, tenders, caretakers and laborers.

Whence is to come the money? One hundred sixteen thousand dollars for out-buildings alone! If it were to come from the general fund at the present rate of levy, it would require the taxes which two of the state's millionaires pay on their mansions to build one park outbuilding, and one millionaire would have to pay taxes on his mansion 48 years to build one custodian's home.

Along with the automobile and improved highways, has come the tourist camp as a private industry—a new wealth-creating, tax-paying industry. Our Parks Committee proposes to destroy it by whittling some more acres off the tax roll and adding some more dollars to the public payroll.

Rainier National and Mt. Baker Parks, as places of outdoor recreation, are unsurpassed in the world. They were not developed by the national government buying bobsleds, skis and Alpine stocks. They were developed by private capital and private enterprise. Our state parks, if need should arise, should be developed in such a manner as to be sources of revenue, rather than drains upon the treasury.

The State Parks Committee is composed of the State Land Commissioner, State Treasurer and Secretary of State, ex-officio. In order that we may get back to the original park plan of scenic conservation, it is recommended that the Parks Committee be abolished and its duties turned over to the Department of Conservation and Development.

#### STATE ARCHIVES.

I again call attention to the deplorable condition of the state's archives. These contain many valuable records which must be preserved. No attempt has yet been made to catalogue and properly house and file them. An appropriation to put at least one full-time employee on this work is requested.

In the archives are thousands of duplicate vouchers and other records of no possible value. There is no authority by law for their destruction. The archives act should be amended to legalize the destruction of useless records under proper safeguards.

The Archives Committee is composed of the Secretary of State, Superintendent of Public Instruction and the Insurance Commissioner. The preservation of the state's records is in no sense related to the other official duties of these officers. I recommend the abolition of the committee. In a former message, I requested that the archives be made a department in the State Library. I am now of the opinion that a more satisfactory and economical plan is to turn them over to the Department of Business Control. If this is done, they can be handled at a nominal expense in connection with the general care and upkeep of the capitol buildings.

#### STATE LIBRARIES.

A former recommendation that the State and State Traveling Libraries be consolidated under the supervision of the State Law Librarian, did not find favor with the courts and the bar. Such a plan may not be advisable, but I know of no valid objection to the consolidation of the State and Traveling Libraries, with a view to discontinuing the work of the Traveling Library, the expense of which might well be saved. In the days of poor roads, slow travel and frontier life, there may have been need for such an institution. The days of isolation in the State of Washington are past, and with them the need for a Traveling Library has passed.

It is further recommended that the State Library Board be abolished and its duties performed by the Superintendent of Public Instruction.

## STATE CAPITOL COMMITTEE.

The State Capitol Committee, composed of the Governor, Commissioner of Public Lands and the State Auditor, has general control and supervision of the lands and timber in the capitol grant and of the erection of capitol buildings. The Land Commissioner by the nature of his elective duties can be expected in any administration to have knowledge of matters pertaining to land and timber. But any experience or training which any one of the three members may have received to fit him for his elective office does not necessarily carry with it any knowledge of building construction.

As soon as capitol buildings are completed they are turned over for care and maintenance to the Director of Business Control, who is also charged with responsibility for all building construction, equipment and upkeep at twelve state institutions. In other words, the duties of his directorship are such as to require a knowledge of building matters. Consequently, he would at all times be a valuable member of the Capitol Committee.

It is recommended that the law be amended to provide that the Governor, Commissioner of Public Lands and Director of Business Control shall constitute the State Capitol Committee.

## STATE FISHERIES BOARD.

In my opinion all provisions of law necessary for the control, regulation and conservation of the food fish industry can satisfactorily be carried out by the Director and Supervisor of Fisheries without the aid or assistance of a Fisheries Board. It is recommended that the State Fisheries Board be abolished and all powers now conferred upon it transferred to the Director of Fisheries.

## UNIFORM LAW COMMISSION.

I have yet to find any useful purpose served by the Uniform Law Commission, and again recommend its abolition.

## EIGHT HOUR DAY.

Eight hours is the legal working day in the State of Washington. During my administration employment in those departments under the Governor's control has been put upon that basis. Seven hours, however, constitute a day's work in the elective state offices other than that of the Governor. There is no reason why every state employee should not be required to work at least eight hours, when many of our citizens, who pay the salaries, are forced to labor far longer hours on the farm, in the office and business place. I renew my request for legislation to require all state offices with full complement of employees to be kept open eight hours each business day, except that where possible a half holiday may be allowed on Saturday.

## STATE PRINTING.

In my Message to the 1925 Extraordinary Session will be found details of the trust agreement under which the office of the Public Printer has been operated. Briefly stated, this trust, which is administered by three of the state's prominent bankers, provides that the Public Printer is to receive a salary of \$500.00 a month, and all net profits from the operation of the plant are to be paid into a trust fund which is to be tendered to the state, and at the termination of the trust the plant is to be sold and the proceeds likewise tendered to the state.

This plan has been in operation nearly four years. The report of the Public Printer shows that the plant has been fully paid for and new machinery of a cash value of \$11,403.39 has been added. The depreciated value of the plant, as fixed by the engineers of the General Appraising Company, is \$62,054.11. At the close of business December 31, 1928, there was on hand and in bank working capital of \$2,115.35 and \$8,592.65 cash in the trust account, including interest.

The report further shows that during my four years in office, state printing on requisitions signed by the Governor has amounted to \$380,479.47, compared to \$525,673.31 for the preceding four years, a reduction of \$145,194.04. Figuring cash on hand, value of plant and reduction in volume of printing, there has been saved more than \$200,000.00 during the four years.

While it is my purpose to continue the trust in accordance with its terms, I shall forthwith transmit to the Legislature the Public Printer's check in the sum of \$8,592.65 payable to the State Treasurer, together with copies of the trustee's resolu-

tion authorizing the payment, and of the Public Printer's report covering the period the trust has been in operation.

#### BIENNIAL REPORTS.

Still further reductions could have been effected had it not been for statutes requiring the printing of annual or biennial reports of elective and appointive officials. In many instances, this is a useless waste of money. The reports contain page after page of matter of no value, and find their way nowhere but to the wastepaper basket. Too often these reports are no more than political propoganda or attempts of officials to impress the world with their importance and justify their existence.

If desired, I shall be pleased to submit to your committees copies of official reports which speak for themselves.

I request the enactment of a law requiring biennial reports of all state offices and departments to be submitted in typewritten form to the Director of Efficiency, the duty of whom shall be to select such matter as is of value as permanent records, the matter so selected to be incorporated in a consolidated state report which shall be printed.

#### EDUCATION.

I shall not go at length into the question of education. My views are fully set forth in Messages to the Extraordinary Session, under dates of November 9 and December 8, 1925, and to the 1927 Session, under date of January 10.

Without any thought of depreciating the cause of education, or denying the right of the sons and daughters of any American citizen to equal educational opportunity. I wish to call attention to a few pertinent facts. First, we had the college or university and the grammar school. The grammar school did not quite reach up to the higher institutions. Then came the intermediate agency known as the high school. Only recently someone discovered that the grade school was not quite reaching up to the high school, and a new connecting link known as the junior high school was developed. Now we have the normal school asking for increased appropriations for training junior high school teachers, although such an institution has no legal status in the state's system of education.

More recently someone else has discovered that the high school is not quite reaching up to the college or university, and we have in the formulative stage the establishment of a new intermediate branch known as the junior college. The next step we may expect is requests by the normal school, the state college and the university for increased appropriations for training teachers for the junior college.

If we consider seriously the question of free public education, we find ourselves groping for an answer to the question: When and where do we stop? As to whether the introduction, one after another, of these new agencies, has been due to a push from below or a pull from above, or what elasticity or voids still exist between the upper and nether strata of our educational system, or as to whether these strata can ever be brought into fixed and definitely determined relationship, candidly I do not know, and I doubt if anyone else knows. But I do know, as everyone else knows, that with each new innovation the cost of education has been multiplied.

Across the path of every human endeavor there is a danger line over which safely we cannot go. Just so, there is a limit as to how much of each tax dollar safely can be taken for the purposes of education. Sometime, and that soon, somehow, somebody must determine that limit, if the cause of education is to endure and be saved from financial ruin. This can never be accomplished until the whole educational system is coordinated and administered as a unit and brought under centralized control. Therefore, I renew my recommendation for a State Board of Education of nine lay members, who shall be given general supervision and control over the institutions of higher education, and the submission of a constitutional amendment abolishing the elective office of Superintendent of Public Instruction.

If these recommendations are carried out the way will be opened for the engagement of a State Commissioner or Chancellor of Education and the plan can be put into operation without disturbing or destroying local administration of school affairs.

#### FIXED MILLAGES.

If there was ever any need for special tax levies, or so-called fixed millages for the higher educational institutions, that need passed with the enactment of the state budget law. The best that can be said of funds raised in this manner is that they

furnish spending officials with a splendid medium for extravagance, and are an impediment to economical administration.

Furthermore, it has been shown by the operation of the budget law that fixed millages are inequitable. The moneys derived from the present millages have more than met all of the operating expenses of all the educational institutions, with the exception of the Ellensburg Normal. This school has been forced to budget very closely to keep within its fixed revenues, while all of the other institutions have had millage balances to apply on capital outlays. This is especially true of the Cheney Normal. All of which means that the Ellensburg Normal was not represented as strongly as were the others at the last millage melon-cutting party.

This inequity has been intensified by a division of the normal school current fund, derived from land grant income, between the three schools upon the millage ratio. In other words, because Ellensburg was given too little millage, it was entitled to only the small end of the land grant income. This, of course, is in keeping with the time honored "gentlemen's agreement," by which for years our educational institutions have been financed.

The estimated receipts to the normal school current fund for the next biennium are \$92,500.00. This should be apportioned to the three normal schools upon a basis of their needs, and it is recommended that it be divided: \$7,500.00 to Cheney, \$23,000.00 to Bellingham, and \$62,000.00 to Ellensburg.

What is true of educational institutions relative to fixed millages, is likewise true of the Military Department, and every other department or institution which derives its finances from special tax levies. There is no more justification for a special university, state college or military levy than there is for a penitentiary or insane hospital levy. The money all comes from the same source and should be raised by one levy based upon the combined budgeted requirements of all institutions and departments. This would put an end to the popular pastime of an institution saying to the taxpayer who paid it, "This is our money, and we have a right to expend it as we please."

Legislation should be enacted to abolish all special tax levies except those for interest and bond retirement and the common schools, the receipts from which are not expended by the state; and to provide that in the future the general fund levy be made to cover all other expenses of state government which are to be paid from property taxes.

#### THE BUDGET.

In order more effectively to bring the state's finances under budgetary control, the Department of Efficiency, in cooperation with the State Auditor's office, has worked out and put into operation a new classification of accounts. Each month every expending agency is required to furnish a detailed statement showing its expenditures. These statements are checked and certified to by the State Auditor. For the first time in the state's history, the accounts of every department are in agreement with the Auditor's records, and it is possible at all times to ascertain in detail the exact status of every appropriation and to check the rate of expenditure with the departments' budget estimates.

A considerable saving in time and money can be effected by lessening the number of appropriations. To illustrate, in the past, three appropriations have been made for the general offices of the Department of Efficiency, under the headings "General Office," "Budget," and "Examination of State Affairs." This means that not only the department, but the Auditor, must keep books on three appropriations. But the most objectionable feature to such a plan is it permits the director, if he chooses, to pad his budget by pyramiding his estimated expenditures through three appropriations. In short, it gives him three tries at the Appropriation Committees of the Legislature instead of one. After the appropriations are made, they are in fact interchangeable. If one appropriation runs low, the entire payroll and other overhead expense may be switched to another.

Throughout the Governor's revised budget, you will find that requests for appropriations of this nature have been consolidated and I trust the appropriations will be made in that manner.

What is true of appropriations is likewise true of funds. There are too many of them. There is no necessity for a predatory animal, commission merchants', state fair, real estate and a number of other such special funds. They increase the cost of operations in the Auditor's and Treasurer's offices and are invariably an incentive

to extravagant expenditure. Wherever possible, these funds should be abolished and all balances and future receipts turned into the general fund.

Section 4 of Article VIII of the State Constitution provides that "no moneys shall ever be paid out of the treasury of this state, or any of its funds, or any of the funds under its management, except in pursuance of an appropriation by law."

It was the clear intent of the framers of the Constitution to give the Legislature control of the state's finances, but it falls by a whole lot to exercise such control today. Hundreds of thousands of dollars of state money is each year disbursed without appropriation or accounting on the books of the State Auditor and Treasurer.

Section 5501 of Remington's Compiled Statutes requires all state departments and institutions to deposit in the state treasury all moneys collected. Educational institutions are excepted, but required to report to the State Auditor all receipts to, and disbursements from, funds not carried in the treasury. The Supreme Court has given them exemption from this by holding that tuition fees and other receipts are not state finances within the meaning of the law. They are state finances and the law should be rewritten to so provide.

Legislation should be enacted to state plainly that every dollar received from any source by a state official or employee, in his official capacity, is state money and as such must be deposited in the state treasury and paid out only pursuant to an appropriation by the Legislature. It is futile to attempt accurately to appraise state needs and control expenditures so long as appropriations may be supplemented by expenditures from local, trust and other non-appropriation funds.

Requests for appropriations in this budget total \$66,850,970.00, compared to similar requests for the present biennium of \$60,249,164.00, an increase of more than \$6,000,000.00. The Governor has revised these requests downward in the amount of \$5,460,360.00. At first hand, some of the revisions may appear drastic, but I am confident close analysis based upon the present rate of expenditure, will show that in every instance the requested appropriation as revised by the Governor is sufficient to care for the legitimate needs of every department and institution, allowing for normal increases in the volume of business.

The budgets of all educational institutions have been revised so as to keep their expenditures for all purposes within their own revenues, taking nothing out of the general fund.

The requests of the three normal schools for new buildings have been denied. Increase in the enrollment at these institutions is not great, and I do not regard the need for these buildings so urgent but that they can be postponed without serious handicap until next biennium, or until such a time as the tax situation has improved.

The work of these three schools is fairly comparable in all respects. Now that the state has provided residences for all three presidents, there is no reason why their salaries should not be equal, and a revision has been made to this effect.

In the State College budget, I am asking that the appropriations for apiculture, cranberry investigation and the Prosser Experiment Station be made from the Washington State College fund rather than from the general fund. These projects are as much a part of the State College's general operations as any other, and if they cannot be considered as such, they should be discontinued. Likewise, I have transferred from the general to the Washington State College fund the appropriation to match the Smith-Lever federal fund. This, too, is an operations appropriation and should be carried in the general operations budget.

Your attention is directed to the fact that in the Veterans' Compensation Bond Retirement Fund the available cash is estimated, in round numbers, at \$4,000,000.00, while the total demands for the biennium are only \$2,000,000.00, leaving a balance of \$2,000,000.00. There is no necessity for carrying such a large balance. Provision should be made to speed up the retirement of bonds, to reduce the tax levy, or to invest the surplus in securities bearing a rate of interest in excess of the 2% which the banks pay.

The budget law provides that the Governor may declare emergencies to care for necessary expenditures, for which insufficient or no appropriation has been made, and fixes a limit of \$150,000.00 on the amount that can be so declared during any biennium. In the present biennium this amount has been insufficient to cover reimbursements to island counties, an appropriation for which was overlooked at the last session, and repairs to the Old Capitol Building, damaged by fire. I request that the amount be increased to at least \$250,000.00 and that it be appropriated. No emergency appropriation was made for this biennium. As a result, warrants issued upon emergency declaration are outstanding and bearing 6% interest.

The original draft of the state budget bill provided that the budget should be considered jointly by the appropriations committees of the two houses. This provision was stricken, but should be restored, if not by legislation, by joint rule.

The Department of Efficiency has complete data and information relative to the Governor's revisions, and if the appropriations committees, either in whole or through sub-committees, will confer with the department, the work of bringing forth the appropriations will be greatly facilitated.

#### SALE OF STATE LANDS.

By reason of legislation enacted last session, and by giving publicity to cruises and closer attention to appraisals, the state is deriving nearer full market value for its timber than ever before. I seriously doubt whether the same is true as to the sale of state lands.

In order that there may be a double check on valuations, legislation should be enacted to provide that no sale of state land of any kind, or of timber, shall be made until the appraisal fixed by the State Land Board or the State Capitol Committee be approved by the State Tax Commission. It is the business of the Tax Commission to study and to know sale, market and assessed values of all classes of lands in all parts of the state. No agency should be so well equipped and qualified to fix a fair valuation upon state lands. Lands offered for sale could readily be inspected by its field workers, and the appraisal set by board or committee could be checked at no large increase in operating costs.

In order that state lands, as soon as they pass into private ownership, may be placed on the tax rolls, the Tax Commission should be authorized to report each sale to the County Assessor of the county where the lands are located, and require his certificate that the same has been entered upon the records for taxation.

#### HIGHWAYS.

Since the beginning of the present biennium, the State Highway Department has placed under construction 614 miles of new work, consisting of 132 miles of concrete paving, 477 miles of grading and surfacing, and 44 bridges over 20 feet in length. There have also been approximately 326 miles of resurfacing placed under contract.

Besides the above work, several contracts under construction at the end of the last biennium were completed during the first year of the present biennium. These included six bridges over 20 feet in length, and 146 miles of grading and surfacing.

In addition to the above construction program, there has been completed an extensive road oiling and dust prevention program, which includes two East and West main highways and also some of the highways in Western Washington. This covers a total of about 800 miles of light and heavy oiling at a total cost of approximately \$580,000.00.

In the construction and improvement work, particular attention has been paid to the super-elevation of curves, to insure greater safety and ease of travel for the users of the state highways.

In other words, the department has successfully carried forward the highway program provided for by the Legislature at the last session. The fear that the highway funds had been greatly over-appropriated, that the money would be exhausted and the program halted for lack of funds, has not been realized.

It is estimated that all highway funds, including federal aid, for the coming biennium will total \$31,000,000.00. After deducting costs of collection, and distribution to counties for permanent highways, to cities and towns and to Island County, there remains a total of \$26,000,000.00 for expenditure by the Highway Department. Of this amount, approximately \$3,000,000.00 will be required in a reappropriation to care for work under contract at the close of the biennium and for the highway bridge over Lake Union in the city of Seattle, leaving \$23,000,000.00 for new work. The set-up in the Governor's budget for construction and betterments, exclusive of maintenance, is approximately \$17,000,000.00.

In my opinion, this amount is sufficient to carry forward a well balanced, carefully executed highway program, and as large a program as should be undertaken in any two-year period. Therefore, I recommend that the present gasoline tax of two cents a gallon be not increased. The people have far greater need for the revenue, which an additional tax would produce, for their own private uses than for its expenditure upon highways.

In this budget, for the first time, are given details showing the approximate mileage in each project and the kind and class of each proposed improvement, with

a segregation of engineering costs, so that members of the Legislature and the general public may know how many miles of paving, grading, surfacing or oiling is to be undertaken.

For the first time, also, operating costs of the district engineers' offices are budgeted and maintenance costs set up by districts. It is hoped the next budget will contain a detailed set-up of estimated expenditures for machinery and equipment. These new additions are made possible by the improved accounting methods which have been inaugurated in the Highway Department.

In chapter 250 of the Laws of the last session, the Legislature declared the policy that all state highways are to be free and open for public travel, without toll bridges. By negotiations with the State of Oregon, the bridge across the Columbia River at Vancouver has been acquired by the two states in accordance with provisions of chapter 252, Laws of 1927, and the same is now free of toll to all highway vehicles. However, purchase of the bridge cannot be finally consummated until an injunctive action now on appeal to the United States Supreme Court is disposed of. At the last meeting of the State Highway Committee the Attorney General informed us that there will be no trouble about this.

In further carrying out this policy, the Highway Engineer makes provision in his budget for the construction of a bridge over the Naselle River to eliminate the toll bridge on the Ocean Beach Highway. The Governor in his revision has inserted items of \$400,000.00 and \$61,000.00, respectively, for the purchase of the Kennewick-Pasco and Metaline Falls toll bridges. These figures are based upon estimates of the Highway Department made pursuant to Substitute House Joint Resolution No. 2, Extraordinary Session of 1925, and submitted to the last Legislature. If this program is carried out, the entire system of state highways will be freed from toll bridges.

The United States Torpedo Station at Keyport in Kitsap County, which is operated in connection with the Navy Yard at Bremerton, is of vital importance not only to the U. S. Navy, but to the state. At the present time the station is greatly handicapped by poor highway facilities. It is recommended that State Road No. 21 be extended to include Keyport, and that an appropriation of \$125,000.00 for its improvement be made. This item has not been included in the highway budget for the reason that Keyport is not at present on the state highway system.

Little need be said relative to the present hybrid organization of the Highway Department or to the conflicting duties and responsibilities of the State Highway Engineer and the State Highway Committee. Experiences of the past four years is enough to convince anyone, no matter on which side he may be partisan, that the present organization is not satisfactory and some change is imperative. What has happened is exactly what reasonably could be expected to happen in any organization or institution, either public or private, which has no directing head nor centralized supervision or control. Unless the present plan of organization is changed, past experiences will be repeated, if not during this administration, during some future administration.

The whole theory of the administrative code was to abolish government by boards, bureaus and commissions, and centralize responsibility in the Governor. In keeping with that sound policy, I recommend the abolition of the State Highway Committee and the creation of a State Department of Highways to be headed by a Director appointed by the Governor, such director to be clothed with the same authority of general supervision and control over the affairs of his department as is now exercised by the directors of the administrative code departments.

The duties of the elective positions of the State Auditor and Treasurer are not even remotely related to the construction and maintenance of highways. Of a necessity, their every action must be dependent upon the knowledge, advice and judgment of the state's engineers.

There is no more necessity for an ex-officio Highway Committee than for a Business Control Committee in the Department of Business Control, a License Committee in the License Department or similar committees in the other departments. Were there such committees, sooner or later the recent highway experience would be repeated in these departments.

#### HIGHWAY PATROL.

The last budget provided for a force of forty motorcycle men on the State Highway Patrol. The present budget is drawn upon a basis of sixty patrolmen. In my opinion, this increase calls for as rapid expansion as is advisable or necessary. With this increase, there will be an unappropriated balance of approximately \$400,000.00

in the Highway Safety fund, all of which is derived from automobile drivers' license fees. I recommend that an appropriation in this amount be made to the Motor Vehicle fund, so that it may be used to care for any really necessary items which may have been overlooked in the preparation of the highway budget.

#### METROPOLITAN LEASE.

Much has been said in recent months concerning the lease which the Metropolitan Building Company holds on the University tract in the heart of the business center of the City of Seattle. There is considerable difference of opinion as to whether existing statutes prohibit any modification of the terms of the lease by agreement between the University regents and the building company, or whether under the terms of the grant, legislation can be enacted to prohibit this. This matter, however, should receive the attention of your Judiciary Committees, and whether or not new legislation is enacted, constant vigilance should be exercised to the end that the University's interests in this great property are fully protected.

It is customary for leases between private parties on down-town property in Seattle to provide that all taxes on both land and buildings be paid by the lessee during the life of the lease. Unfortunately, the University's lease does not so provide. All buildings erected on the tract immediately become a part of the ground, are the property of the University and, consequently, exempt from taxation. This feature alone is worth millions of dollars to the lessees. Were the property taxed, the City of Seattle, King County and the State of Washington, during the life of the lease, would collect in excess of \$10,000,000.00 more than the building company will pay in rentals.

Every attempt of city, county or state to place a taxable valuation upon this leasehold, commensurate with its great worth, has been met by a lawsuit and thwarted by court action. In 1909 an attempted assessment of \$480,000.00 was reduced by the Supreme Court to \$96,000.00; in 1910 an assessment of \$810,000.00 was reduced to \$90,000.00; in 1911 the court again reduced the assessment from \$900,000.00 to \$90,000.00, and in 1926 the State Tax Commission's valuation of \$1,375,000.00 was reduced to \$700,000.00. As a result of the court's findings, the following year it was hammered still farther down to \$400,000.00, and now stands at \$450,000.00.

This but illustrates the inequalities of our taxing system and the battle which is brought on by every attempt to take taxes from those sources from which they should come. The farmer, the working man and the small householder either pays his taxes or hands the key to his home to the sheriff, because he cannot afford to go to court.

If possible, legislation should be enacted to enable assessing officials to fix and maintain a valuation on this leasehold commensurate with its true value.

#### GENERAL TAXATION.

The most vital question with which the Legislature must deal at this session, and probably at the following session, is that of general taxation. It is a question which cannot be dealt with hastily. It demands careful thought and deliberate action. Our present system is menaced, and in a measure threatened, with disintegration. Some remedy must be applied.

Tax litigation now pending, greatly complicates the situation. Until the issues involved in this litigation are determined, it is difficult, if not impossible, to map a course of action. If the railroads and the national banks are successful in their efforts, the state and the counties will sustain a loss of millions of dollars in tax revenues, which must be shouldered upon the other taxpayers.

Since the fall of 1925, three of the railroads operating in the state have been contesting their taxes in the state and federal courts in the 29 counties in which they operate, while a fourth company has been paying its taxes under protest. Taxes now involved amount to more than \$7,000,000.00, and by the time all of the 1928 cases are brought, the total will exceed \$8,000,000.00. In all probability the cases will finally be disposed of in the United States Supreme Court in 1931, at which time the taxes involved will amount to \$16,000,000.00.

In 1927 the Legislature appropriated \$50,000.00 for the defense of these actions. This money will have been exhausted in the trial of the first group of cases before the special master, and this is in addition to the cost to the counties. If appeals are taken, which means the printing of 13,000 pages of testimony and 2,800 exhibits, the cost will be doubled.

In my message to the 1925 Extraordinary Session, I said the laws relative to the valuation of railway properties by the state had been written for the railroads and the time might come when it would be necessary to rewrite these laws. In my opinion, that time has now arrived.

Let's end this nonsense of expending with one hand thousands of dollars through the Department of Public Works to determine that a railroad, for instance, is entitled to earn dividends upon a valuation of \$234,000,000.00 and then with the other hand expending more thousands of dollars through the Tax Commission and the Attorney General's office to defend a law suit in which the railroad insists that its property is worth only \$70,000,000.00 for taxation purposes. Let's end it by empowering and directing the Department of Public Works to ascertain the valuation of transportation and public utility properties for rate-making purposes, and saying that the properties shall be taxed upon that valuation.

Let's end it by requiring the railroads to pay taxes upon their terminals in the cities upon the same basis and at the same rates as other taxpayers, instead of spreading these excess valuations out into counties where the tax rate is low. If possible, let's prevent the railroads from seeking tax relief in federal courts and provide for the consolidation of cases in one suit in one court in one county, instead of 29 actions in 29 courts in 29 counties.

National banks have gone to court to contest the state's right to tax their stock. If they are successful, another great slice will have been pared off of state and county revenues. If the national banks escape taxation, obviously we cannot continue to tax the stock of state banks. To do so would bring on a wholesale conversion of state banks into national, in order that they too might escape taxation.

Until the railroad and bank cases are decided, our hands are practically tied in devising ways and means of making up the great losses which may be sustained. Never before in the state's history did the tax question present a more critical situation. It is not so serious to the state as to the counties, cities, towns and school districts, for the amount of state taxes, proper, involved is small compared to those of the lesser units.

Time will not permit of a further discussion of this subject upon this occasion. All phases of the taxation problem have been under serious consideration for months, and later in the session I hope to deal more fully with the subject in a special message.

Of one thing we can be sure. Appropriations must be held down to bare necessities, and new functions or projects of any kind calling for additional expenditures in any of the taxing units of the state, must not be undertaken.

#### CONCLUSION.

I have talked long. In conclusion, I can only reiterate what I have so often said. As governor, I wish nothing except to render real, genuine service and to do my duty without fear or favor. I realize that there are those present who may not agree with me, but I sincerely hope that we may honestly and conscientiously hold to our differences of opinion without rancor, bitterness or personalities. I realize that some of the actions I recommend may appear too vigorous, and some of my criticisms too caustic, but they are made in all sincerity and because I sense existing conditions which bode ill for the security and perpetuity of our institutions and of our government.

As you undertake your deliberations, may wisdom guide your judgments and success crown your efforts, to the end that it may be written that the Twenty-first Legislature was the best convened since statehood. And may we all find satisfaction in the feeling that we have contributed something worthwhile to the happiness, prosperity and general well-being of the people of our commonwealth.

ROLAND H. HARTLEY,  
*Governor.*

Olympia, Washington, January 16, 1929.

The President announced at this time that the Governor, other elective state offices and the acting chief justice and associate judges of the supreme court would retire to the state reception room for the reception of the members of the legislature and the public.

The Committee escorted the Governor, supreme court judges and the other elective officials to the state reception room.

At 9:40 p. m., on motion of Senator Metcalf, the joint session dissolved. The Senate reconvened in the senate chamber at 9:45 p. m., President Gellatly in the chair.

On motion of Senator Palmer, the Senate adjourned until 11:30 a. m. tomorrow.

*State, Granted, School and Tide Lands*—Senators Hastings, chairman; Cleary, Finch, Wilmer, Smith, Tatman, Frary.

*State Library*—Senators Hurn, chairman; Landon, Heifner, Phipps, Post.

*State Penal and Reformatory Institutions*—Senators Cox, chairman; Hurn, Heifner, St. Peter, Taylor, Tatman, Post.

On motion of Senator Metcalf, it was ordered that the matter of confirmation of committee assignments be made a special order of business at 2 o'clock p. m., on the day to which the Senate next adjourns.

Senator Hastings moved that the second inaugural message of Governor Roland H. Hartley be referred to the Rules Committee with instructions to segregate the items therein and refer them to the various committees for study and action thereon.

Senator Heifner requested the reading of a resolution which he had prepared bearing upon the same subject.

The secretary read:

WHEREAS, The message of Governor Roland H. Hartley delivered to the Legislature on the sixteenth day of January, 1929, contained recommendations of far reaching importance to the people of this state, and

WHEREAS, said recommendations demand serious considerations from the members of this body, therefore,

*Be It Resolved*, That the consideration of said recommendations be made a special order of business at ten o'clock a. m., Wednesday, January 23, at which time Senators may express their views on said recommendations.

Senator Heifner moved that the subject matter of the resolution be adopted as an amendment to the motion of Senator Hastings.

The amendment lost.

The motion of Senator Hastings carried.

The secretary read:

#### MESSAGE FROM THE HOUSE.

HOUSE OF REPRESENTATIVES,  
OLYMPIA, WASH., January 17, 1929.

The secretary read:

**MESSAGE FROM THE SECRETARY OF STATE.**

DEPARTMENT OF STATE, OFFICE OF THE SECRETARY.  
OLYMPIA, WASH., January 18, 1929.

*To the Honorable, the President of the Senate, the Legislature of the State of Washington, Olympia, Washington.*

SIR: I have the honor to advise that on the twenty-fifth day of October, 1928, Fred J. Chamberlain, a member of the Executive Committee of the Washington State Grange, for and on behalf of said committee tendered five (5) typewritten copies of a proposed measure, the same being intended to be an initiative to the Legislature of the State of Washington, accompanied by his affidavit giving the names and postoffice addresses of the members of said committee and that all members of said committee are legal voters, also that the name and postoffice address of the committee or organization proposing said initiative petition for submission to the Legislature is: "Executive Committee, Washington State Grange, 1007 Weller Street, Seattle, Washington."

Accompanying said petition and affidavit was a request that the Secretary of State give said proposed measure a serial number and transmit a copy thereof to the Attorney General for ballot title, as provided by law;

That said copies of the proposed measure were filed and the measure was given serial No. 1 and a copy thereof forthwith transmitted to the Attorney General for a ballot title; that on October 26, 1928 the following ballot title was received from the Attorney General:

"Ballot Title. Initiative Measure No. 1. An Act authorizing the establishment of public utility districts; providing for the construction, purchase, condemnation, acquisition, regulation, maintenance and operation thereby of plants, properties and facilities for the development and distribution of water and electricity for all purposes; authorizing such districts to levy taxes and to create local assessment districts for the

accomplishment of said purposes, and defining the powers and duties of such public utility district and of certain officers in connection therewith."

I further certify that the exact language of the above quoted ballot title was transmitted to Fred J. Chamberlain by telegram and confirmed by mail, as is required by law.

I further certify that on January 3, 1929 Fred J. Chamberlain for and on behalf of the aforesaid committee of the Washington State Grange and as a member thereof submitted petitions said to contain approximately fifty-eight thousand (58,000) names of legal voters for filing and canvass and requesting that the report of the final canvass and count be certified to the Legislature in the manner provided by law.

Accompanying said petitions was a statement of receipts and disbursements had in connection with the circulation of petitions which statement was verified by the affidavit of Fred W. Lewis, Secretary and member of the Executive Committee of the Washington State Grange.

On January 4, 1929 a preliminary canvass of names of voters who signed the petitions was made, the result of which indicated that there were apparently fifty-eight thousand four hundred thirty-one (58,431) names signed to said petition certified to by the registration officers of the several precincts in the state to be legal voters.

The petitions were accepted for further examination, canvass and count, as is required by law. The law requires that the sheets containing the signatures be detached in the presence of the Governor, or if he be absent, in the presence of another state officer. The Governor was absent and the sheets were detached in the presence of Josephine Corliss Preston, State Superintendent of Public Instruction. They were then bound in seventy-six volumes for convenience in filing and canvassing, as is permitted by law.

The final canvass and count have been concluded and I hereby certify that there are attached to said petitions the names of fifty-seven thousand nine hundred and thirty-nine (57,939) certified legal voters after rejecting the names of those who signed more than one petition.

A certified copy of the proposed measure and a certified copy of the affidavit accompanying it are transmitted herewith.

Respectfully submitted,

J. GRANT HINKLE, *Secretary of State.*

On motion of Senator Hastings, the communication from the secretary of state was ordered spread upon the journal and the petition referred to the Committee on Public Utilities.

The secretary read a report of Samuel J. Humes, state highway engineer, on a reconnaissance survey, Union Avenue, Tacoma, southerly to Lakeview, under chapter 314, Laws of 1927; a report on a reconnaissance survey, Junction Road to Centralia, under chapter 314, Laws of 1927; a report on a reconnaissance survey, La Grande to Sumner, under chapter 314, Laws of 1927.

On motion of Senator Hastings, the letters of transmittal and reports were referred to the Committee on Roads and Bridges.

#### SENATE JOINT RESOLUTION NO. 2.

By Senator Phipps:

Senate Joint Resolution, requesting Congress to intercede and act on behalf of the people of the State of Washington in the matter of injuries to persons and property in the State of Washington by reason of gases and fumes emitting from the smelter of the Consolidated Smelting and Refining Company, Ltd., of Canada, near Trail, British Columbia, Canada, upon lands of Northeastern Washington.

*Be It Resolved* By the Senate and House of Representatives of the State of Washington in legislative session assembled: That,

WHEREAS, There is situated near Trail, British Columbia, Canada, a certain smelting and refining plant for the treating and smelting of mineral ores, which said plant is owned and operated by the Consolidated Smelting and Refining Company, Ltd., and is one of the largest operated on the American continent, and located about eight miles north of the international boundary line, and due north of Stevens County, State of Washington; and

WHEREAS, It is conceded by responsible officials of said Consolidated Smelting and Refining Company, Ltd., that in excess of one thousand tons of sulphur dioxide (SO<sub>2</sub>) is emitted from the stacks of such smelter during every twenty-four hours; and

WHEREAS, About the year 1925 the stacks of such smelter plant were raised from a height of about 230 feet to a height of about 409 feet, and since the time of such raising of such stacks injury and damage from gases and fumes emitted therefrom has become very destructive to lands and homes in northern Stevens County, Washington; and

WHEREAS, Property owners of northern Stevens County, Washington, have complained of damages from such fumes and gases over an area of approximately 25 miles by 40 miles, and such damage is continuous and gradually spreading and increasing in degree of destruction; and

WHEREAS, Responsible officials of said Consolidated Smelting & Refining Company, Ltd., at a hearing before the International Joint Commission at Northport, Washington, on October 10th, 1928, stated that in their judgment such fumes and gases could not be controlled at such smelter plant unless at great and unreasonable expense and hardship, and thereupon requested of such Commission that the Consoli-

dated Smelting & Refining Company, Ltd., be permitted to come into the State of Washington and make private settlements for such damage, and that such settlements be approved by the said Commission as though testimony had been taken under Article X of the existing treaty, and, if this permission should be refused, that said Consolidated Smelting & Refining Company, Ltd., be permitted to purchase smoke easements in the State of Washington; and

WHEREAS, In the area now affected by such gases and fumes, there is a large acreage of property owned by the State of Washington, the County of Stevens, the government of the United States, and by private property owners, and if such gases and fumes are permitted to continue to lodge thereon the total market value of these lands so affected will be virtually destroyed, homes and farms will be abandoned, tax values destroyed, and tax burdens shifted to others who are property owners in the State of Washington; and

WHEREAS, The flow of these destructive gases and fumes in and upon the territory of the State of Washington from the above mentioned smelter plant can be avoided by the action of the said Consolidated Smelting & Refining Company, Ltd., either by reducing the height of the smelter smoke stacks, or by the use of modern smelter machinery and chemical processes now in use in other smelter plants:

*Therefore, Be It Resolved:* That the twenty-first legislative assembly, representing the people of the State of Washington, respectfully protest against the invasion of the territory of the State of Washington, and the rights of the people therein, by gases and fumes drifting through currents of the air from the plant of the Consolidated Smelting & Refining Company, Ltd., situated near Trail, British Columbia, Canada, and do hereby call upon the Congress of the United States to take immediate and proper steps:

1. To bring about the immediate cessation of the invasion of American territory and the rights of the people therein by gases and fumes drifting from the aforesaid smelter plant.
2. That, upon the permanent cessation of such invasion of gases and fumes from such smelter plant, that the State of Washington, Stevens County, and persons owning property therein be promptly paid and reimbursed for damages suffered by reason of such gases and fumes aforesaid.

*Be It Further Resolved:* That a copy of this resolution be forwarded to the Senate and House of Representatives of the United States, and to each of the Senators and Representatives from Washington in Congress, and to the Secretary of State for the United States, and to the members of the International Joint Commission at Ottawa, Canada, and at Washington, D. C.

The resolution was read the first time, and on motion of Senator Phipps the rules were suspended, the resolution was read the second time by title, ordered printed and referred to the Committee on Judiciary.

The secretary read:

### SENATE JOINT RESOLUTION NO. 3.

By Senator Hurn:

Senate Joint Resolution relating to the submission of an amendment to Article III of the State Constitution relating to the executive officers.

*Be It Resolved* By the Senate and House of Representatives of the State of Washington in legislative session assembled:

That at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1930, there shall be submitted to the qualified electors of this state for their adoption and approval, or rejection, an amendment to Article III of the Constitution of the State of Washington, so that sections 20, 21, 22, 23, 24 and 25 of said article as the same now reads, be stricken and omitted therefrom and repealed, and that the respective sections 1, 3, 10, 17, 19, 20 and 21 thereof shall read as follows:

Section 1. The executive department shall consist of a governor, lieutenant governor, secretary of state, and a treasurer \* \* \* \*, who shall be severally chosen by the qualified electors of the state at the same time and place of voting as for the members of the legislature.

Section 3. The lieutenant governor, secretary of state, *and* treasurer, \* \* \* \* shall hold their offices for four years respectively and until their successors are elected and qualified.

Section 10. In case of the removal, registration, death or disability of the governor, the duties of the office shall devolve upon the lieutenant governor; and in case of a vacancy in both the offices of governor and lieutenant governor, the duties of the governor shall devolve upon the secretary of state; \* \* \* \* *and in case of a vacancy in the office of governor, lieutenant governor, and secretary of state, the duties of the governor shall devolve upon the treasurer.* Any person succeeding to the office of governor as in this section provided, shall perform the duties of such office only until the disability be removed, or a governor be elected and qualified; and if a vacancy occur more than thirty days before the next general election occurring within two years after the commencement of the term, a person shall be elected at such election to fill the office of governor for the remainder of the unexpired term.

Section 17. The secretary of state shall keep a record of the official acts of the legislature, and executive department of the state, and shall, when required, lay the same, and all matters relative thereto, before each branch of the legislature, *and shall be auditor of public accounts,* and shall perform such other duties as shall be assigned him by law. He shall receive an annual salary of \* \* \* \* *five thousand* and dollars.

Section 19. The treasurer shall perform such duties as shall be prescribed by law. He shall receive an annual salary of \* \* \* \* *five thousand* dollars.

Section 20. *The governor, secretary of state \* \* \* \* and treasurer shall severally keep the public records, books and papers relating to their respective offices, at the seat of government, at which place also the governor, secretary of state and treasurer \* \* \* \* shall reside.*

Section 21. No person, except a citizen of the United States and a qualified elector of this state, shall be eligible to hold any state office, and the state treasurer shall be ineligible for the term succeeding that for which he was elected. The compensation of state officers shall not be increased or diminished during the term for which they shall have been elected.

The resolution was read the first time, and on motion of Senator Hurn the rules were suspended, the resolution was read the second time by title, ordered printed and referred to the Committee on Constitutional Revision.

The secretary read:

#### SENATE JOINT MEMORIAL NO. 1.

By Senators Dimmick and Colburn:

We, your memorialists, the Senate and House of Representatives of the State of Washington in legislative session assembled, most respectfully represent and petition as follows:

WHEREAS, The State of Washington and Yakima County have expended more than a Million Dollars in the construction and the maintenance of highways upon the Yakima Indian Reservation, and the completion of the Mt. Adams Highway is a necessity, for the protection of more than three billion feet of ripe merchantable timber, in the best interests of the United States, the State of Washington, and Yakima County, and for the benefit of the Indians upon said reservation.

Now, Therefore, The Legislature of the State of Washington respectfully petition the Congress of the United States to give early consideration to the completion of that portion of the Mt. Adams Highway between White Swan and the southerly limits of the Yakima Indian Reservation, within said reservation.

And your memorialists will ever pray.

The memorial was read the first time, and on motion of Senator Dimmick the rules were suspended, the memorial was read the second time by title, ordered printed and referred to the Committee on Memorials.

The secretary read:

GEO. MURPHY,  
R. W. CONDON,  
ARTHUR L. TRUE.

On motion of Senator Murphy, the report of the committee was adopted.

such initiative measure shall be enacted by the Legislature it shall be subject to the referendum petition, or it may be enacted and referred by the Legislature to the people for approval or rejection at the next regular election. If it is rejected, *or if no action is taken upon it by the Legislature before the end of such regular session*, the secretary of state shall submit it to the people for approval or rejection at the next ensuing regular general election."

There can be no question, in our opinion, that the provision for giving an initiative measure precedence over all measures except appropriation bills must be given effect. It is a provision of paramount law contained in the constitution and is phrased in mandatory terms. Even if it were otherwise it would be of mandatory force under article I, section 29, of the constitution. It might be thought that the further language of the section, which we have underscored, indicates that such a measure may be acted upon at any time before the close of the session and that it need not be acted upon at all and that this by implication negatives the mandatory force of the clause providing for the giving of precedence. We do not, however, think such language can be thus construed. To do so would be to read a manifest repugnance into the section and the provision for the giving of precedence would be wholly nullified in the face of the rule that a constitutional provision, like a statute, must be so construed as to give effect to each component part thereof. We think that part of the first section requiring the Legislature to enact or reject the measure without amendment "before the end of such regular session" is entirely consistent with the "precedence" clause because it may possibly have been conceived that even by giving due precedence an initiative measure may not, through delay of the secretary of state or by reason of a large volume of appropriation bills, be acted upon until at or near the close of the session. The underscored language of the third sentence is rather difficult to explain. It is clearly inconsistent with that part of the first section requiring the Legislature either to enact or reject the measure without amendment, and is, it must be conceded, inconsistent with the "precedence" clause of the first section. We think it was inserted simply out of an abundance of caution, the intention being that the right of the people to pass upon such a measure should not be thwarted through any non-action on the part of the Legislature. In other words, as we view it, the Legislature is mandatorily required to give precedence to an initiative measure but, if, for any reason, it fails to act upon it, the power of legislation reserved to the people by the seventh amendment is not to be defeated.

We come, then, to your specific inquiries which involve the question of the meaning to be given to the "precedence" provision. Does it mean that when an initiative measure comes before it the legislature must suspend all other business except that having to do with appropriation bills and do nothing else until the initiative measure is disposed of either by enactment or rejection? We think not. The provision must be reasonably construed. So construed, all that we think it means is that when such a measure comes before it, the Legislature must give it priority of consideration over other bills then pending except appropriation bills. That is to say, upon its introduction the measure must be placed ahead of other bills except appropriation bills upon the calendar for first reading and reference to the proper committee; when it comes before the committee it must be considered by the committee ahead of other bills then pending for consideration, except appropriation bills, and when reported back to the Legislative body it must take a similar course and must be given priority for the purpose of final action over other bills which have reached that particular stage of the legislative process. It does not mean that so long as such a measure is before the legislature the wheels of the Legislative machinery must be cleared of everything else until it is finally disposed of, but simply that, in the orderly course of events, such a measure must be given consideration ahead of other measures, except appropriation bills, which are in the same stage of Legislative routine. For example, if the committee has several bills before it for consideration when such a measure comes to it, the initiative measure must be considered first, but that does not prohibit the committee from reporting such bills as have theretofore been acted upon and are ready for report.

We think this will serve to answer all of your inquiries in the affirmative.

Yours respectfully,  
JOHN H. DUNBAR, *Attorney General*.

Senator Metcalf moved that the opinion of the Attorney General be mimeographed and copies placed upon the desks of the Senators.

Senator Conner offered an amendment to the motion that the opinion of the Attorney General be spread upon the journal.

Senator Metcalf accepted the amendment.

The motion as amended carried.

On motion of Senator Hastings, Initiative to the Legislature No. 1 was ordered printed.

Senator Houser moved that Initiative to the Legislature No. 1 be made a special order of business at 11 o'clock tomorrow morning.

The President held the motion out of order, Initiative to the Legislature No. 1 having been referred to the Committee on Public Utilities.

Senator Houser moved that the Committee on Public Utilities be instructed to report Initiative to the Legislature No. 1 back to the Senate today and that it be made a special order of business for 11 o'clock tomorrow morning.

The motion lost.

The secretary read:

**INTERIM REPORT OF JOINT COMMITTEE ON REVISION OF LAWS.**

*To the Senate and House of Representatives of the State of Washington in the Twenty-first Legislative Session assembled.*

MR. PRESIDENT AND MR. SPEAKER:

Senate Joint Resolution No. 6 of the nineteenth regular session of the Legislature provided that

WHEREAS, There are on the statute books of this state laws that are manifestly obsolete and whereas other statutes by reason of faulty drafting and numerous amendments are verbose, complicated, conflicting and contradictory;

*Therefore, Be It Resolved*, By the Senate and House of Representatives of the State of Washington:

That a joint sub-committee of three members of the rules and joint rules committee of the Senate and three members of the rules and order committee of the House of Representatives be appointed by said committees respectively with authority to employ a competent attorney who is experienced and expert in drafting of statutes, and a stenographer, and fix their compensation.

That said attorney shall during the time between the adjournment of the present session of the Legislature and the reconvening thereof in extraordinary session, examine as much of the statute law of this state as can be done in a thorough and painstaking manner, for the purpose of determining which of such statutes are obsolete, and should be repealed, and what portions thereof are conflicting, ambiguous, or contradictory and should be revised.

That said attorney shall prepare bills repealing or revising such statutes as the case may be, and at the beginning of the extraordinary session of the Legislature present to the judiciary committees of the Senate and House, such bills repealing and revising such statutes as can be prepared during the time heretofore specified.

Your Joint Committee on Revision of Laws created under the provisions of said resolution, continued at the extraordinary session of the nineteenth Legislature, and continued at the twentieth session of the Legislature, begs leave to report as follows:

During the interim between the adjournment of the nineteenth session and the convening of the extraordinary session your committee caused to be prepared, and to be introduced at the extraordinary session, bills repealing obsolete statutes and revising statutes found to be ambiguous, contradictory and conflicting as follows:

In the Senate 22 bills, of which 19 were passed by both houses and approved by the Governor, and three failed to pass both houses.

In the House 24 bills, of which 22 were passed by both houses and approved by the Governor; one was passed by both houses and vetoed by the Governor and passed by both houses notwithstanding the Governor's veto; and one failed to pass both houses.

Or a total of 46 bills introduced by your committee at the extraordinary session of 1925, 41 of which passed both houses and were approved by the Governor, one of which passed both houses and was vetoed by the Governor and passed both houses notwithstanding the Governor's veto; and 4 failed to pass both houses.

During the interim between the adjournment of the extraordinary session of 1925 and the convening of the regular session of the twentieth Legislature in 1927, your committee caused to be prepared, and to be introduced at the twentieth session bills repealing obsolete statutes and revising statutes found to be ambiguous, contradictory and conflicting as follows:

In the Senate 83 bills, of which 75 bills passed both houses and were approved by the Governor; 1 bill passed both houses, and was vetoed by the Governor and passed both houses notwithstanding the Governor's veto; 1 bill passed both houses and was vetoed by the Governor and failed to pass both houses notwithstanding the Governor's veto.

In the House 100 bills, of which 97 passed both houses and were approved by the Governor and 3 failed to pass both houses.

Or a total of 183 bills introduced at the twentieth session of 1927, of which 172 passed both houses and were approved by the Governor; 1 passed both houses, was vetoed by the Governor, and passed both houses notwithstanding the Governor's veto; 1 passed both houses, was vetoed by the Governor and failed to pass both houses notwithstanding the governor's veto; and 9 failed to pass both houses.

The bills introduced at the extraordinary session and at the session of 1927 which were enacted into laws repealed approximately 550 former legislative enactments, and 500 sections of Remington's Compiled Statutes.

During the interim between the adjournment of the twentieth session of the Legislature and the convening of the present session of the Legislature your committee caused to be prepared, and to be introduced at the present session bills repealing obsolete statutes and revising statutes found to be ambiguous, contradictory and conflicting as follows:

In the Senate 40 bills numbered respectively Senate Bill No. 4 to 44, inclusive, which bills have been referred to the Judiciary Committee of the Senate.

In the House 44 bills numbered respectively House Bill No. 1 to 44 inclusive, which bills have been referred to the Judiciary Committee of the House.

Or a total of 84 bills.

By House Joint Resolution No. 4 of the twentieth session of the Legislature your committee was authorized to continue the work of the repeal of obsolete statutes and the revision of ambiguous statutes and was further authorized to establish a Legislative reference library for the use of the Legislature, its committees and members and to install therein the necessary furniture, books and documents, including one set of the session laws of the territory and State of Washington to be kept in said legislative reference library and two complete sets of such session laws for the use of the judiciary committees of the Senate and House of Representatives, respectively, and to cause each of said sets of session laws to be carefully annotated showing all amendments and repeals thereof, and to employ a competent attorney and a stenographer to assist the committee in carrying out the provisions of the resolution, and to fix their compensation, and it was provided by such resolution that such compensation and the necessary expenses of establishing such legislative reference library, be paid from moneys appropriated for legislative expenses and/or moneys otherwise appropriated for such purposes.

No other moneys than those appropriated for legislative expenses were appropriated for the purpose of carrying out said resolution, and your committee was therefore limited to the balance of moneys appropriated for legislative expenses of the twentieth session of the Legislature.

Your committee with the funds available has caused to be prepared two complete sets of the session laws from the territorial code of 1881, down to and including the session laws of 1927, with marginal annotations showing all acts subsequently amended or repealed, and has caused said sets to be delivered to the Judiciary Committee of the Senate and the House, respectively, and has caused the 84 bills repealing obsolete statutes and revising ambiguous statutes above referred to, to be introduced at the present session of the Legislature.

These 84 bills if enacted will repeal approximately 375 former statutes and 500 sections of Remington's Compiled Statutes.

Respectfully submitted,  
RALPH METCALF, *Chairman*  
FRED W. HASTINGS  
E. A. SIMS  
F. B. DANSKIN  
PLINY L. ALLEN

And members of the Joint Committee  
on Revision of Laws.

#### MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, WASH., January 21, 1929.

*To the Honorable, the Senate and the House of Representatives of the State of Washington:*

In compliance with the provisions of section II of Article III of the Constitution of the State of Washington, I have the honor to submit herewith a list of the pardons, stays of sentence, reprieves, remissions of fines and forfeitures, and executive paroles granted since the date of the report to the Legislature of the 1927 session:

#### PARDONS—PENITENTIARY.

ERNIE DAHL—Sentenced September 22, 1926, from King County to a term of one to three years in the penitentiary for the crime of being a jointist. Pardon granted January 3, 1928. He had served his full minimum; had a clean prison record and was regularly paroled by the board. Pardon was granted to prevent deportation as his family and relatives are all in this country. Beyond this affair he has always borne a good reputation during his seventeen years residence in this country. Many citizens of this state recommended this action.

#### STAY OF SENTENCE—PENITENTIARY.

LYTLE S. ADAMS—Sentenced February 23, 1927, from Wahkiakum County to a term of fifteen months to fifteen years in the penitentiary for the crime of grand larceny. Stay of sentence granted February 24, 1928, for the purpose of investigation of the case, final disposition to be determined at a later time. Recommended by trial judge, complaining witness and others.

#### REPRIEVES—PENITENTIARY.

GEORGE LITZENBURGER—Sentenced from Whitman County November 4, 1926, to a term of not less than one nor more than five years in the penitentiary for the crime of bootlegging. Ninety-nine days reprieve granted June 16, 1927, upon the recommendation of the penitentiary parole board, the jurors in his case, and a large number of residents of his community.

W. J. TUBBS—Sentenced from Lincoln County, February, 1925, to a term of one to five years in the penitentiary for the crime of possession of intoxicating liquor. Ninety days reprieve granted September 2, 1927, upon the recommendation of the chairman of the parole board and superintendent of the state penitentiary, and a number of residents of his community.

#### REMISSIONS OF FINES AND FORFEITURES—COUNTY JAIL.

W. K. LEWTHWAITE—Sentenced from Thurston County, September 7, 1927, to a term of sixty days in jail and to pay a fine of \$250.00 and \$10.20 costs. Remission of the fine granted November 8, 1927, upon the recommendation of the trial judge, deputy prosecuting attorney, sheriff and numerous other prominent citizens of Thurston County, and his physician.

The secretary read:

**SENATE JOINT MEMORIAL NO. 2.**

By Senator Miller:

*To the Honorable Senators and Representatives in Congress Assembled:*

We, your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, most respectfully represent and petition as follows:

WHEREAS, the fruit industry in the United States in all its branches is constantly in a precarious situation because of the surplus crop for which there is no profitable market, such surplus affecting the price for the entire crop; and

WHEREAS, bananas produced with cheap labor in the tropics are in direct competition with the markets of this country with apples, prunes, oranges and other domestic fruits; and

WHEREAS, during the recent years the importation of bananas into this country has increased at the rate of ten per cent (10%) to fifteen per cent (15%) per annum and over two billion pounds (2,000,000,000) or one hundred and five thousand three hundred ninety (105,390) car loads were brought in duty free in 1927 to compete with crops produced by American labor on taxed land of the United States; and

WHEREAS, a protective tariff should provide protection for classes of industry.

Wherefore your Memorialists pray:

That Congress adopt a proper tariff upon bananas to the end that the horticultural industry of the United States will not continue to compete with cheap tropic labor.

And your Memorialists will ever pray.

*And Be It Further Resolved:* That a copy of this memorial be forwarded to each member of the delegation in Congress from Washington and to the Secretary of Agriculture of the United States.

The memorial was read the first time by title, and on motion of Senator Miller the rules were suspended, the memorial was read the second time by title, read third time and placed on final passage.

The secretary called the roll on the final passage of Senate Joint Memorial No. 2, and it passed the Senate by the following vote:

#### SENATE JOINT MEMORIAL NO. 3.

By Senator Norman:

*To the Honorable Senate and House of Representatives of the United States in Congress Assembled:*

Your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully memorialize the Congress of the United States as follows:

WHEREAS, The War Department is now leasing Sand Island, a sandbar in the Columbia River, for fishing purposes at an annual rental of \$46,000.00 per year, and

WHEREAS, There has already been paid over to the Government the sum of \$527,000.00 for fishing leases on Sand Island, and

WHEREAS, The fishing industry of Washington and Oregon has for many years voluntarily taxed itself for the propagation of salmon and the perpetuation of the industry and

WHEREAS, All the lease money received by the Government has come out of the fisheries of the Columbia River therefore we believe it should be used for the enlargement of the fisheries on said river rather than for other purposes.

Therefore, Your Memorialists respectfully urge that Congress pass the McNary Bill (S. 4841) which provides that all the lease money received for fishing on Sand Island, both that received in the past and that which may be received in the future, be used for the propagation of salmon in the Columbia River district.

It is expressly understood that the passage of this memorial by the State of Washington and Oregon is in no wise a waiver of their claims for Sand Island and is passed without prejudice to the rights of either state.

And your Memorialists will ever pray.

The memorial was read the first time, by title and on motion of Senator Norman the rules were suspended, the memorial read second time by title, read third time and placed on final passage.

The clerk called the roll of the House; all members being present except Representatives Bach, Roudebush and Shipley; all of whom were excused.

Mr. Reed moved that a committee of five, two from the Senate and three from the House, be appointed by the Chair to notify the Governor that the Legislature is now convened in joint session, ready to receive any message he may desire to present.

The motion carried, and the President appointed Senators Cleary and Barnes, and Representatives Hutchinson, Knapp and Hartung, to so notify the Governor.

At 4:05 p. m., the committee escorted the Governor to the rostrum.

The President of the Senate presented Governor Roland H. Hartley to the joint session.

Governor Roland H. Hartley addressed the joint session as follows:

*To the Honorable, the Legislature of the State of Washington.*

LADIES AND GENTLEMEN:

In my message to your honorable bodies at the opening of the present session, attention was called to the seriousness of the state's tax problem. That the present tax system is inadequate, inequitable and has in a measure broken down, is generally admitted. With this admission comes numerous and varied relief or corrective measures, the adoption of all of which would complicate, rather than clarify, the present situation and tend to intensify, rather than alleviate, present tax ills.

In attempting to work out a satisfactory solution, we are confronted not only by the inherent weaknesses of our present system, but by a complex accumulation which the mistakes in administration, through the years, have left upon our governmental doorstep. As a result of these weaknesses and mistakes, taxes have been pyramided upon those classes of property most accessible, until the "power to tax" has indeed become "the power to destroy." So it is, we find certain large taxpayers, who are financially able to do so, contesting not only the state's right to tax, but also its methods of taxation. This within itself is serious, but the real seriousness of the situation lies in the fact that the small taxpayer, who after all is the one most

grievously burdened, is powerless to halt or escape taxation because he lacks organization and finance.

As stated in my former message, the whole question of taxation cannot be dealt with hastily. This is true, whether we approach the question from the standpoint of working out fundamental changes in the present system or of correcting faulty administration, for present methods of administration, through years of use, have become, in fact, basic. In other words, assessed valuations have become so fixed as to require the work of many months, even years, to bring about an equalization as between different classes of taxable property, or between the same classes in different parts of the state. Fundamental changes in the system itself cannot be brought about by hasty, patchwork or piecemeal legislation. Any such an attempt is fraught with the danger that that which affords relief today may prove the burden of tomorrow.

The present crisis has been brought on by the national banks disputing the right of the state to tax their capital stock upon an ad valorem basis, and the railroads contesting the valuations placed upon their operating properties. Regardless of what may be the outcome of pending litigation, it is known that a definite, if not permanent, heavy loss in tax revenues has been sustained, for some of the banks and railroads are not now paying their taxes.

In handling any crisis, we must give our attention to direct causes. In dealing with the present tax crisis, the Legislature should first give attention to bank and railroad taxes, leaving the general phases of the question for later consideration.

The bank tax situation is daily becoming more critical. Since the Legislature convened, the Superior Court in King County has held that national banks cannot be taxed under existing laws. This was followed by a similar decision in Yakima County. Still more recently, the Superior Court in Spokane County has ruled that one of our largest state banks is not now subject to taxation and has ordered a refund of taxes paid in 1926 and 1927. In view of decisions of the Supreme Court of the United States in similar cases originating in other states, we are forced to the conclusion that under present laws all banks, both national and state, will escape taxation except upon their real and taxable personal property.

While this question involves more than the loss of revenue and strikes at the sovereign right of the states to tax institutions doing business within their borders, we here cannot deal with the question in its larger aspect. This can be done only by the several states acting cooperatively to secure national legislation. We can, however, admit the fact that our present method of taxing banks has broken down, and turn our attention to devising some new method by which they can be taxed.

In brief, banks are escaping taxation upon their capital stock, because under our constitution and existing laws other competing moneyed capital is exempt from taxation. The federal government, in section 5219 of U. S. Revised Statutes, provides four alternative methods by which the state may tax national banks. After careful study, the State Tax Commission has concluded that only one of the four is possible or practical in this state, that of an excise tax upon banks and all other financial corporations according to, or measured by, their net income.

A bill providing for such a tax has been drafted and is submitted herewith. This bill provides for an annual tax upon all financial corporations equal to five per cent of their net incomes. By financial corporations, is meant all those engaged in the business of lending money or dealing or trading in notes, mortgages, bonds, leases, conditional sales contract or other evidences of debt. This includes banks, both state and national; bond brokers; investment bankers; finance corporations; mutual savings banks; industrial loan, savings and loan, and building and loan associations or societies.

What constitutes earnings and the deductions allowable in arriving at net income, are set forth in detail in the bill. In every instance, the amount paid in taxes on tangible personal property is to be deducted from the five per cent tax. The tax is to be collected by the counties and distribution is to be made to the state, counties, school districts and other taxing units in the same manner as other taxes are collected and distributed.

Protest against this proposal doubtless will be heard from those financial institutions which have not been, or are not now, paying taxes other than those upon real and tangible personal property. Such protests will always be raised against any effort to extend our tax system to include untaxed classes. Most of our tax ills are due to the fact that step by step, year after year, we have broadened the scope and increased the cost of government, and at the same time we have, by one exemption after another,

narrowed the tax base, until today we face the problem of an overhead that is too great for its foundation. In an effort to widen the already too narrow tax base, we are now proposing a new tax system applicable to the field of finance, on a basis of equal treatment to all in that field. Let us not in advance condemn the plan to failure by making exceptions or allowing exemptions which in the end are certain to wreck the system.

It is argued that savings and loan associations, and other so-called mutual financial corporations, should be given exemption from taxation or allowed deductions which would render them practically so. It is argued that they are quasi public institutions, fostered by the state, that their money is derived from the small savings of many individuals and that any tax upon their earnings is a penalty upon thrift.

I do not grant validity to any of these arguments. These associations are an important factor in the field of finance and they cannot be left out of any system of taxation intended to encompass this field. They are in the business of lending money and deriving a profit therefrom. It matters not whether the money comes from few or many sources, any tax imposed upon the exercise of this privilege must include them.

It is true they have been nurtured and fostered by the state. The only reason why the millions which they control today are not in the pockets of their shareholders or members, or elsewhere, is because of the protection and supervision which the state has maintained over these funds. Certainly, then, there can be no valid objection to the payment of a small percentage of earnings to the support of the government which has made these earnings possible.

In this, as in every other age, genuine thrift is evidenced by the ownership of property. The greatest possible aid to thrift is the encouragement of home-owning to those of moderate means and small savings.

In considering this question of thrift, let us take as an example the salary or wage worker who has saved a thousand or more dollars. Can we say that as long as he has his money in a savings and loan association earning 5 or 6 per cent, it represents thrift, and to require him to pay a few dollars of his annual earnings to the support of government is to penalize thrift? He withdraws his money, becomes a borrower, rather than a shareholder of the savings association, and builds a home. Does his equity in that little home represent thrift or doesn't it? But what do we do to him? We require that home and its contents to pay practically one hundred per cent of the direct taxes necessary for the support of government.

Take another example. A laborer has a few hundred dollars in a savings and loan association. For the privilege of having it there, he pays nothing. In order to increase his earning capacity, he withdraws the money and makes first payment on an automobile. For that privilege, the privilege of ownership, we require him to pay a property tax; for the privilege of driving the machine, we require him to pay a fee for an operator's license; for the privilege of placing it upon the highways, he pays a vehicle license fee; and for the privilege of going anywhere in it, he pays a gasoline tax.

Just how can it be argued that thrift ends when savings cease to earn dividends in some mutual savings institution?

It should be borne in mind that the tax here proposed is not a tax upon the face value of evidences of debt, which would amount to double taxation, but is a small tax for the privilege of engaging in the business of dealing or trading in the evidences of debt.

I have carefully considered the effect of a five per cent tax upon the net earnings of mutual savings associations. In some instances, the tax could be paid out of amounts now carried in undivided profits without disturbing the present dividend rate and in no instance would the dividend rate be reduced more than a fraction of one per cent.

The enactment of the proposed bill will do much to avert the tax crisis which confronts us, and give us time carefully and deliberately to deal with the whole question of taxation. It will provide revenue in excess of that formerly paid by national and state banks, and open the way for the payment of back and protested taxes, convert a tax deficit into a surplus, put an end to present litigation, and relieve the counties of additional court costs without imposing an unjust burden upon any institution or citizen of the state.

I shall not discuss railroad taxes, other than to say that conferences now in progress with railway officials lead me to hope that within the next few days I shall be able to report that an agreement has been reached whereby railroads will pay their

back taxes, with the possibility that, as in the case of national banks, litigation may be ended and the state relieved of further court costs.

The State Tax Commission, created in 1925, was empowered to carry on its work along two major lines of endeavor: that of equalizing valuations and equitably distributing the burden of taxation upon the classes of property now taxed, and that of working out fundamental changes in the present system. Nearly every effort of the commission to equalize valuations has been met by stubborn resistance from those whose taxes it sought to raise. Most of its time has been consumed in formal hearings of protests and in collecting data and assembling information as evidence in court actions brought upon appeal from its rulings.

In spite of the fact that it has been occupied in court most of the time since its creation, the commission has succeeded in shifting valuations in excess of ten millions of dollars from the small taxpayers to public service and other large corporations whose property, in its opinion, was under-assessed. It has undertaken, and expects to complete in the next biennium, a comprehensive and detailed study of assessment ratios in all counties, giving special attention to the larger counties of Western Washington.

The importance of this work cannot be over-estimated, and it is imperative that it be carried on without interruption or further delay.

Any plan for reorganizing or revamping our present tax system must be comprehensive, must be thoroughly understood by the people, and above all must have the backing of public sentiment. Such a plan can be evolved only by carefully considering every factor which in any way contributes to the wealth of the state or the sustenance of its people, and by giving the people an opportunity to become familiar with the details of the plan while it is yet in the formative stage prior to its enactment into law.

In my opinion, such a plan can best be worked out by bringing the whole question of taxation under the deliberate study of some body, the membership of which is truly representative of farming, manufacturing, merchandising, labor, and all other major lines of activity, in which the people of the state of Washington are engaged.

I recommend the creation of a special non-salaried commission of nine or more of the state's most outstanding men, to work in conjunction with the Tax Commission in the consideration of all phases of the tax question. Sufficient funds should be appropriated to enable such a commission to call to assistance such trained men or experts as might be necessary and to hold hearings in different parts of the state.

A similar commission, appointed in 1921, brought forth valuable suggestions, the major part of which have been adopted with profit to the state. Since that time conditions have changed and new situations have developed, which I am sure can be satisfactorily dealt with in a similar manner.

Seemingly, there is a growing opinion that limited or general sales taxes offer a solution. A limited sales tax, the singling out of one or a group of commodities for general taxation, must at best be considered as a temporary makeshift. A single commodity devoted to a special use, may be successfully taxed for a special purpose based upon that use, as a tax upon gasoline for highway purposes. But any widespread system of sales taxes which does not provide equality, is certain, sooner or later, to prove unsatisfactory.

Advocates of this plan are of the opinion that a system of general sales, or more properly, a gross business or overturn tax, can be devised whereby all property taxes—state, county, city and district—can be taken off, and the tax rate held at so low a percentage as to be scarcely noticeable by those who pay it. Opinion is also held that without property taxes of any kind, Washington would be benefited, rather than handicapped, in competing with other states in business, trade or industry. However, there are no facts or figures upon which to base this belief, because none are available. One man's guess as to the state's gross volume of business or how large a tax rate would be necessary, is as good as another's.

In order that this question may be properly and intelligently considered, I request that the Tax Commission be given authority to require every business establishment, of every kind and nature, to furnish a statement showing its annual gross revenues, whether derived from goods and commodities sold or services rendered, such statements to be regarded as confidential data and used only for the purpose of making up estimates and working out schedules for a general tax system of this kind.

If this is done, facilities will have been provided for furnishing the next legislature with reliable, detailed information relative to every tax form or plan which might work an improvement upon our present system.

In conclusion, I wish to emphasize the fact that if the bank and railroad tax matters can be satisfactorily disposed of at this session, other phases of the tax question can be delayed to await further careful thought and study, a program which in my opinion will be more fruitful of good results than an attempt at this time to effect any material changes in our present system.

No matter what tax plan may be evolved, the only way to afford relief to the taxpayer is to stop spending his money. ROLAND H. HARTLEY, *Governor.*  
Olympia, Wash., February 6, 1929.

President Gellatly:

"Governor Hartley, we want to thank you for this message and the suggestions contained in it. I know I speak the sentiment of every member of the House and Senate when I say that this question you have touched upon is the one vital question to be considered by the Legislature, not only at this session but at the next. I can pledge to you the earnest consideration, by the Senate, of the suggestions you have made, and I know I can say as much for the members of the House; and I thank you for this message."

Upon conclusion of the Governor's message, the committee escorted the Governor from the House Chamber.

At 4:35 p. m., on motion of Senator Palmer, the joint session was dissolved.

The Senate re-convened in the Senate Chamber at 4:40 p. m.

At 4:45 p. m., on motion of Senator Landon, the Senate adjourned until 10 a. m. tomorrow.

**SENATE JOINT MEMORIAL NO. 4.**

By Senator Norman:

*To the Honorable Senate and House of Representatives of the United States in Congress Assembled:*

Your memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully memorialize the Congress of the United States as follows:

WHEREAS, the Honorable W. C. Hawley, representing the First Congressional District of the State of Oregon, has on January 23, 1929, introduced H. R. 16523 providing for the issuance by the United States Congress of a permit to Mayor J. C. Tenbrook of Astoria, Oregon to construct and operate a toll bridge of adequate clearances across the Columbia River from Astoria, Oregon, to the most feasible point on the Ilwaco peninsula, Washington, and

WHEREAS, the two ferries now plying between these two points provide inadequate service for the present and potential traffic which will move over the Roosevelt and Ocean Beach highways, now nearing completion in Oregon and Washington respectively, and which will connect with the proposed bridge, and

WHEREAS, the financial condition of the states of Oregon or Washington and of Pacific County, Washington and Clatsop County, Oregon will not permit of their financing a free bridge at this site for many years, and

WHEREAS, the Legislature of the State of Washington believes a bridge at the points indicated is greatly needed for the expansion of the Pacific coast and the northwest section, thereof, particularly, now, therefore

*Be It Resolved*, that we, your memorialists, the Senate and House of Representatives of the State of Washington now in session, respectfully request the Congress of the United States to cooperate with the interested governmental units and civic bodies of the Pacific Northwest in approving and passing H. R. 16523 granting to Mayor J. C. Tenbrook a congressional permit to construct a toll bridge of adequate clearances between a point at or near Astoria, Oregon, and the most feasible point on the Ilwaco Peninsula, Washington, spanning the Columbia River.

*Be It Further Resolved*, that copies of this memorial be dispatched to the honorable presiding officers of the United States Senate and the United States House of Representatives, to the chairman of the committee on foreign and inter-state commerce of the United States and to the chairman of the Senate and House of Representative committees on bridges of the foreign and inter-state commerce committee and to the governors of the states of Oregon and Washington.

And your memorialists will ever pray.

(See House Journal for memorial addresses.)

The President: "Members of the House and Senate: This ends the program for today. In closing, I wish to state that this service seems to indicate at least one outstanding fact that I imagine is in the minds of all of you. Twenty former members of the House and of the Senate have, during the past two years, gone on. This only points to the fact that these gilded halls in which we now speak of their memories and their attributes had nothing to do with their opportunities in life. It only makes stronger the suggestion and intimation that we give this world the best that is within us, while we have that opportunity. It seems almost unbelievable that only so recently these men occupied these seats, or similar seats, and participated in this kind of memorial program."

Lieutenant Governor John A. Gellatly, President of the Senate, on behalf of the joint session, thanked Madame Cecile Barbezat, and Mr. William L. West, soloists, and Mrs. A. C. Baker and Mrs. Curtis Egbert, accompanists, for the music rendered during the joint session.

On motion of Representative Davis (J. H.), the joint session dissolved at 4:00 p. m., and the Senate retired.

The Senate re-convened in the Senate Chamber at 4:04 p. m.

At 4:05 p. m., on motion of Senator Murphy, the Senate adjourned until 10:30 a. m., tomorrow.

The secretary read:

**REPORT OF SELECT COMMITTEE.**

*Hon. John A. Gellatly, President State Senate, Olympia, Washington.*

DEAR SIR: The Senate of the State of Washington in 1927 passed a resolution wherein was recited the present existing statutes of this state relating to the sterilization of "all feeble minded, insane, epileptic, habitual criminal, moral degenerates

and sexual perverts, who are persons potential to producing offspring who, because of inheritance of inferior or anti-social traits, would become a social menace or wards of the state" and further stated that,

WHEREAS, The Legislature is without authoritative information as to the extent to which the laws of this state relating to this subject have been carried into effect, and

WHEREAS, In the opinion of the Senate of the State of Washington, the continued procreation of the insane, the feeble-minded and the criminal members of society constitutes a grave danger to our civilization.

*Resolved*, That the President of the Senate is hereby authorized and directed to appoint a committee of three members of the Senate to make an exhaustive investigation of the operation of the laws above referred to and gather such other data as they may deem advisable for a full and comprehensive study of the questions involved; and said committee shall report their findings to the President of the Senate to be laid before the Legislature at the session of 1929.

Pursuant to the above resolution, Lieutenant Governor W. Lon Johnson, late in the year 1927 appointed a committee consisting of Senators Charles G. Heifner, chairman, Walter J. Taylor and J. A. McCauly. Shortly after the appointment of the committee Senator McCauly passed on to his reward. The other members of the committee have had little time to devote to this great question and the report herewith is far too brief and incomplete to do justice to a question which is absorbing the attention of world wide students of heredity, physiology, psychology, and penology. Our limited investigation proves, however, that the sentiment in favor of the sterilization of the feeble-minded, criminal and idiotic members of society is gaining headway, and that the judgment of the majority of legislators and of those in control of penal, reformatory and charitable institutions is definitely in favor of society taking the necessary steps to prevent the procreation of the subnormal and socially unfit boys and girls, men and women, who are already incarcerated in state institutions or who constitute a social menace to society.

The governors of all the states were communicated with in regard to what action, if any, may have been taken in the several states in enacting sterilization legislation. Our inquiry resulted in the following information:

ALABAMA has no law authorizing the sterilization of inmates of her penal or reformatory institutions but Dr. S. W. Welch, state health officer, writes that Dr. W. D. Partlow, superintendent of the Brice Hospital for the Insane, Tuscaloosa, Alabama, has sterilized a great many patients before permitting them to leave the asylum.

ARIZONA has no sterilization law.

ARKANSAS has no sterilization law.

CALIFORNIA has had a law authorizing sterilization of the insane and the feeble-minded since 1909. She has performed 6,077 operations, 3,347 on males, 2,730 on females, up to June 30, 1928. So far as known there have been only two fatalities among those operated upon. Dr. F. O. Butler, medical superintendent for the home of feeble-minded at Eldridge, California, says

"In conclusion I want to say that in California we think the law of sterilization of the insane and mentally deficient is one of the best things that has been done to prevent the insane from reproducing their kind and adding to the state's burden of caring for the same. *It is only to be regretted that we cannot reach out further, that is, sterilize those deficient who do not come to state institutions, it being estimated that there are perhaps 16,000 deficient in California alone who are being cared for outside of state institutions.*

COLORADO has no sterilization law, although Governor Adams favors such a law providing it authorizes the sterilization of the feeble-minded *outside of the state institutions as well as within.*

CONNECTICUT has a law making it discretionary with the superintendents of the penal and reformatory institutions to perform the operation of sterilization.

DELEWARE has a sterilization law.

FLORIDA, no report.

GEORGIA, no report.

IDAHO has a very good sterilization law enacted in 1925 but its constitutionality is being tested in the courts and, pending adjudication of this question, no operations have been performed upon the inmates of her state institutions.

INDIANA enacted a sterilization law in 1907. It was later declared unconstitu-

tional. Then in 1927 another act was passed but it is so cumbersome that it is not believed that it is workable.

IOWA has a very good sterilization law applicable to all inmates of her penal and reformatory institutions afflicted with insanity, idiocy, imbecility, feeble-mindedness or syphilis. Governor Hammill strongly approves of this law.

ILLINOIS has no sterilization law.

KANSAS has workable sterilization law under which a large number of operations have been successfully performed.

KENTUCKY has no sterilization law but bills are pending in the legislature and may soon become laws.

LOUISIANA, no report.

MAINE has a sterilization law which apparently permits the sterilization of the feeble-minded *before* as well as *after* being committed to a state institution. Dr. Vosburgh, superintendent of the state school for feeble-minded, strongly approves the law.

MARYLAND is giving serious consideration to this vital question.

MASSACHUSETTS has no law covering sterilization.

MICHIGAN has no sterilization law.

MINNESOTA has a workable law under which 77 insane persons and 165 feeble-minded have been sterilized.

MISSISSIPPI has no sterilization law.

MISSOURI has no sterilization law but a bill of this kind is pending in the present legislature.

MONTANA has a sterilization law for the insane but few operations under it have been performed.

NEBRASKA has a sterilization law.

NEW JERSEY has a sterilization law passed in 1911 and approved by the then Governor, Woodrow Wilson.

NEW HAMPSHIRE has no sterilization law.

NEW MEXICO has no sterilization law.

NEW YORK passed a sterilization law in 1912 which was declared unconstitutional in 1918.

NEVADA has a law for the sterilization of criminals only.

NORTH CAROLINA has a sterilization law.

NORTH DAKOTA has a sterilization law applicable to feeble-minded, insane and criminal.

OHIO has no sterilization law.

OKLAHOMA has no sterilization law.

OREGON has a sterilization law applicable to feeble-minded and the insane.

PENNSYLVANIA has no sterilization law but there is a strong sentiment in that state in favor of one.

RHODE ISLAND has no sterilization law.

SOUTH DAKOTA has a sterilization law.

SOUTH CAROLINA, no report.

TENNESSEE has no sterilization law.

TEXAS has no sterilization law.

UTAH has a very comprehensive sterilization law.

VERMONT has no sterilization law.

VIRGINIA has a very broad and comprehensive sterilization law and the constitutionality of this law has been affirmed by the supreme court of the United States. Concerning this case Arthur Brisbane, the well known writer, has this to say:

"The State of Virginia passed a 'sterilization law' and the case of a girl eighteen years old, sterilized under that law, and prevented from having children in future, was taken to the United States supreme court. The law of Virginia was upheld.

The mother of the eighteen-year-old girl was feeble-minded, the girl herself was feeble-minded and had given birth to a feeble-minded child. The highest court in Virginia decided that three generations of imbeciles are enough. The sterilization law was applied to the eighteen-year-old girl and unless the law is changed the sterilizing operation will probably be performed on that girl's feeble-minded daughter, when she reaches the age of motherhood.

Such a law makes possible great abuses, but it might be, as in Virginia, surrounded with safeguards. In ages past the weak minded and criminals were weeded out remorselessly by laws frightfully severe. In England alone thousands of children were executed for trifling thefts. Only a little more than a century ago the punishment for theft and other minor crimes was death, practically everywhere. Our more humane laws allow the majority of criminals to live, and, what is more dangerous, to breed.

Idiot or half-idiot, feeble-minded fathers and mothers produce feeble-minded children, potential criminals. Science, carefully supervised and restricted, might improve the human race by making impossible reproduction of the mentally unfit. The necessary measure involves no physical suffering, inflicts no hardships, except that it is made impossible for those treated to have children. To criminals and the feeble-minded that means little."

WEST VIRGINIA has no sterilization law.

WISCONSIN has a sterilization law since 1913 under which 248 operations have been performed.

WYOMING has no sterilization law.

WASHINGTON. Our law is crude, cumbersome, indefinite, unworkable. We need a new law.

As to the extent that our law is being enforced the following letters from the superintendents of our three hospitals and the state custodial school are illuminating:

September 25, 1928.

DEAR SENATOR:

I have your letter of the 24th inst., regarding the sterilization of feeble-minded persons, and am enclosing herewith, my reply to your questionnaire.

In regard to the statute referred to, "Prevention of Procreation," Chap. 53, page 162, Washington Laws of 1920-21, will say the statute as written is impractical and almost impossible of operation on account of section No. 3, which sets forth the purpose of the operation, and states: "No person shall be emasculated under the authority of this act except that such operation shall be found to be necessary to improve the physical, mental, neural and psychic condition of the inmate."

While I am not versed in law, it seems to me that this section nullifies the whole law in its application to feeble-minded cases especially. I do not favor wholesale sterilization, as such cases after operation, become a greater menace to society than before the operation was performed. A great deal has been written on this subject and there is just about as good an argument against sterilization as there is for it, so it is my opinion that authority should be given officials of state institutions to operate in such cases as may be found necessary, for the sole purpose of preventing procreation, which seems to have been the object of the law—this to apply to insane, feeble-minded and criminals, under the direction of the State Institutional Board of Health, to whom all cases should be referred. It should not, however, be necessary to show that the purpose of the operation is to improve the physical, mental, neural or psychic condition of the inmate, because it *does* not and *cannot* produce such an effect. The law should be more specific and with less proviso; otherwise, it cannot be enforced. Often times, feeble-minded children, especially, have feeble-minded parents, and through fear, or for other reasons, objections are raised which cannot be over-ruled under the provision of the act. Under these conditions, we have been able to operate only on cases where a mutual agreement has been reached between the institution and the relatives. The results show that no practical change has taken place in the patient, except the prevention of procreation. In other words, it does not affect the mentality, or the nervous or physical condition of the patient, so far as my obligation goes.

As I have stated, I am opposed to wholesale sterilization on feeble-minded grown-ups, or children before they are incarcerated in state institutions, provided they are the higher type of feeble-minded, or morons, except in carefully selected cases.

I do not know whether or not I have covered the subject, but a great deal has been written on this subject by good authorities, which would give you much more valuable information than I could possibly give.

Yours very truly,  
J. W. Doughty, M. D., *Superintendent.*

QUESTIONNAIRE.

Presented by C. G. Heifner.

1. How long have you been in charge of the institution under your control?  
A. More than fourteen years.
2. How many inmates are there, as of September 1, 1928? A. 1242.
3. Have you ever performed the sterilization operation on any of the patients under your charge? A. Yes.
4. If you have not performed the operation, has anyone else ever operated upon any of the inmates in your charge? A. Others have operated also.
5. If operations have been performed, do you think the patients were benefitted thereby? A. No.
6. Do you favor the enforcement of the law now on our statute books relating to the sterilization of feeble-minded persons? A. Yes.
7. Since our law only provided for the operation on persons who have been sent to our state institutions, would you deem it advisable to enlarge the scope of the law so as to provide for operating upon feeble-minded grown-ups or children before they are incarcerated in state institutions? A. Yes. In properly selected cases.

(Signed) J. W. DOUGHTY, M. D.

*Superintendent Northern State Hospital.*  
September 29, 1929.

DEAR SENATOR HEIFNER:

The Institutional Board of Health, consisting of the several superintendents of the state hospital, with the director of the state board of health as chairman, has met several times and examined state patients for sterilization and recommended to the department of business control any that should be operated on, with the consent of the patient, relatives or guardian.

I would respectfully request an appointment to discuss the subject and our state laws with you and assure you that the board would also no doubt be pleased to meet with your committee.

On September the first of this year we had a total patient population of 1908. This is the third year of my superintendency here and during that time we have performed no operations for sterilization. I am in favor of enforcing the law now on our statute books relating to the sterilization of feeble-minded persons with the consent of the patient, relative or guardian. I also think it advisable to enlarge the scope of the law so as to provide for operating upon feeble-minded grown-ups or children before they are incarcerated in state institutions; that is, with the consent of the patient and the relatives.

Yours very truly,  
C. E. TAYLOR, M. D., *Superintendent.*

MEDICAL LAKE, WASH., October 3, 1928.

DEAR SENATOR:

I have your letter of recent date regarding the matter of sterilization in the state institutions. In reply, I will answer your questions serially, and then add a few remarks.

1. How long have you been in charge of the institution under your control?  
A. Since October, 1913.
2. How many inmates are there, as of September 1, 1928? A. 1357.
3. Have you ever performed a sterilization operation on any of the patients under your charge? A. Yes, but not for the sole purpose of sterilization—incidental to other operation.
4. If you have not performed the sterilization operation has any one else operated on the inmates in your charge? A. No.
5. If the operations have been performed, do you think the patients were benefitted thereby? A. I would not expect any particular benefit in any form of psychosis with which I am acquainted.

6. Do you favor the enforcement of the law now on the statute books relating to the sterilization of feeble-minded persons? A. Yes, those who are allowed to run at large.

7. Since our law only provided for the operation on persons who have been sent to our state institutions, would you deem it advisable to enlarge the scope of the law so as to provide for operating upon the feeble-minded grown-ups or children before they are incarcerated in the state institutions? A. I do not see the point in sterilizing them and then committing them to a state institution. They should be sterilized if it is expected they will remain at large.

I wish to call your attention to my comment upon the present sterilization law, in the last biennial report of the department of business control. This sets forth very concisely my idea of this law. For fear that you may not have a copy of this report, I will quote a few sentences therefrom:

"As to the real efficiency of this law in preventing the procreation of the feeble-minded, mentally deficient, and insane, that are being committed to the state institutions, I personally have very serious doubts. In compiling statistical data, covering the Eastern State Hospital for a period of ten years it is found that the average age of the women received was 43 years and the average age of the men received, 52 years. In other words, the average individual committed to this institution had passed his or her reproductive period. Their families had been created before they were committed to an institution . . . .

It is my opinion that this law will prove only efficient—and that in a limited way—in the case of the higher grade feeble-minded boys and girls, particularly, who may be released from the State Custodial School. But this will by no means stop the steady flow of feeble-minded into these institutions, for the reason that there are large and unknown numbers of defective families who by some means or other are unable to get along in the world at large but bring into it a large number of children, many of whom eventually find their way into institutions for the feeble-minded. I am of the opinion, in other words, that until something is done to get at the source of supply, so to speak, very little will be accomplished along this line."

The operation of this law is not in the hands of each individual superintendent of the several institutions but is carried out by a special board of which the state commissioner of health is chairman. This board has done quite a little work, and I will refer you to Dr. A. E. Stult, state commissioner of health, who can, no doubt, furnish you with any detailed information you may desire.

Very cordially yours,

ALFRED S. OLIVER, JR., *Superintendent.*

STATE CUSTODIAL SCHOOL,  
MEDICAL LAKE, WASH., September 26, 1928.

MY DEAR SENATOR:

It is with pleasure that I acknowledge herewith receipt of your communication of September 21. Relative to the information referred to in the above mentioned letter on September 1, 1928 there were 1,075 inmates enrolled in this institution, of which 590 were males and 485 were females.

We have carried out the procedure as provided by law for the sterilization of certain inmates in eight different cases during the last two years. There is no question but what this operation is beneficial to the health of the patient, not to mention the fact that it protects society from the propagation of further defective individuals.

In certain cases the enforcement of the law for the castration of habitual criminals might possibly be carried out satisfactorily. It is my personal opinion that the same results may be obtained with sterilization. I am decidedly in favor of the enforcement of a law for the sterilization of the chronic insane, the feeble-minded, and moral perverts. While the sterilization work in this state has not been carried out as extensively as in some of our sister states, I believe that much good will be noted from time to time as this work progresses.

Very truly yours,

WALDO F. SMITH, *Superintendent.*

In addition to the above we found that our sister province of British Columbia appointed a Royal Commission in December, 1925, which made an exhaustive investigation of conditions in that province and recommended among other things "prevention of the feeble-minded reproducing their kind".

Your committee has had the benefit of the long experience and valuable suggestions of Hon. Harry Olson, Chief Justice of the municipal court of Chicago, who is perhaps the outstanding authority in the United States on the matters herein under consideration. In order not to unduly lengthen this report by going into a discussion of the facts of heredity and of the rights of individuals and of society, may we be permitted to say that Judge Olson and his associates in welfare work have recommended the enactment by all the states of a carefully prepared eugenical sterilization law. This proposed law clearly recognizes that mental disorder is a disease and should be treated like other diseases; that mental deficiency is an abnormality and that

"the duty of society and the state to the mentally afflicted in no way differs from its recognized duty towards the afflicted in body".

Judge Olson says: "life has become unsafe by reason of the presence of this type in society, despite industrial precautions and effects of police and courts. Their early and rapid multiplication increases the threat to civilization. All this is known to intelligent editors, physicians, lawyers, judges and social workers. When these facts become common knowledge protective legislation will be enacted. \* \* \* \* Psychopathic laboratories connected with the criminal courts of our large cities are rapidly disclosing to the public that hereditary mental defects lie at the bottom of most fundamental crimes. Industrial accidents due to mental deficiency are common enough to place the manufacturing, railroading and building industries on their guard. The increasing cost of maintenance of the insane and mental defectives has attracted the notice of the tax payer."

Your committee's opinions and conclusions are summed up in the following bill which we herewith introduce as embodying the best and most enlightened judgment of judges, legislators and social experts as to the kind of a law which should be enacted to protect both the state and society from the menace of continued propagation of the mentally, socially and criminally unfit members of society. If this bill is enacted into law, Washington will take the lead among her sister states in sterilizing her subnormal boys and girls and mental deficient *before* they are committed to state institutions and at the time they are most likely to produce offspring. This is a step into what some may call an unknown land, but the rights of all parties are safe-guarded and protected by the provisions of this bill. Pass this bill and in the course of time there will be fewer candidates for our asylums, penitentiaries and charitable institutions.

This bill places the burden of proof upon the state to establish that the person designated for sterilization is a menace to the next generation by reason of degenerate hereditary qualities. Legal objections to sterilization in certain cases are, so far as we can see, eliminated. The efficacy of such a law will turn upon questions of fact, and its enforcement upon public policy. Respectfully submitted.

CHARLES G. HEIFNER, *Chairman.*

I concur in this report: Walter J. Taylor.

On motion of Senator Heifner, the report of the committee was adopted.

On motion of Senator Heifner, 1200 copies of the report of the special committee were ordered printed to be attached to Senate Bill No. 220.

#### **REPORT OF STANDING COMMITTEE.**

SENATE CHAMBER,  
OLYMPIA, WASH., January 24, 1929.

MR. PRESIDENT:

We, your Committee on Fisheries, to whom was referred Senate Bill No. 51, entitled "An Act relating to fisheries, providing for the licensing for the taking or catching of salmon or other food or shell fish, and amending section 43, of chapter 31 of the Laws of 1915, as amended by section 1 of Chapter 180 of the Laws of 1921," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass as amended.

Commencing in line four of the printed bill, the same being line eight of the original bill, strike all of section 43 and insert in lieu thereof, the following:

Section 43. No license for taking or catching salmon or other food or shell fish required by this act shall be issued to any person who is not a citizen of the United States of the age of *sixteen* years or over, unless such person has declared his intention to become a citizen, and is and has been an actual resident of the state for one year immediately preceding the application for such license. Nor shall any license be issued to a corporation unless it is authorized to do business in this state.

Nothing herein contained shall be construed to prevent the issuance of licenses to Indians, providing such applicant possess the qualifications of residence hereinbefore required, nor prevent the renewal of licenses for fixed appliances by persons now holding the same; and on and after January 1, 1922, no license for the taking or catching of salmon or other food or shell fish, required by this act, shall be issued to any person who is not a citizen of the United States, or to any Indian not born in the United States, or to any corporation unless the holders of a majority of its stock are citizens of the United States: *Provided*, That corporations authorized to do business in this state and holding fishing licenses on January 1, 1922, shall be entitled to licenses and to the renewal thereof from time to time and shall be unaffected by the provisions of this section.

FRED NORMAN, *Chairman*.

We concur in this report: W. J. Taylor, J. H. Post, F. G. Barnes, Jos. St. Peter.

On motion of Senator Norman, the report of the committee was adopted.

#### SENATE JOINT MEMORIAL NO. 5.

By Senator Taylor: Relating to a tariff on lime, lime rock and hydrated lime.

The memorial was read the first time by title, and on motion of Senator Taylor the rules were suspended and the memorial was read.

The secretary read:

*To the Honorable, the Senate and House of Representatives of the United States in Congress Assembled:*

We, your memorialists, the Senate and the House of Representatives of the State of Washington in legislative session assembled, most respectfully represent and petition your honorable body as follows:

WHEREAS, The quarrying of lime rock and the manufacture of lime and hydrated lime is one of the important industries of the State of Washington; and

WHEREAS, Said industry is being carried on in the province of British Columbia with Chinese cooly labor; and

WHEREAS, The present United States tariff act imposes a duty on the importation of lime rock, lime and hydrated lime which is not equal to the difference in the cost of production of such products in the province of British Columbia with the low paid labor there used, and the cost of production of such products in the State of Washington with American labor;

Therefore, Your memorialists do most earnestly pray that your Honorable Body place a duty upon the importation of lime rock, lime and hydrated lime into the United States sufficient to cover the difference in cost of production in the United States and in foreign countries, and permit the manufacturers of such products in the United States to pay fair compensatory wages to their workmen, give them full time employment, and perpetuate the industry in the United States.

*Be It Further Resolved,* That this memorial be immediately telegraphed to the Senate and Representatives in Congress, of the State of Washington, and to the chairman of the Ways and Means Committee of the House of Representatives of the United States.

On motion of Senator Taylor, the rules were suspended, the second reading considered the third reading and the memorial placed on final passage.

#### MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Thursday, February 14, 1929.

*To the Honorable, the Senate of the State of Washington:*

I am returning herewith, without my approval, Senate Bill No. 29, entitled: "An Act relating to the exercise of the right of eminent domain by telegraph and telephone companies and repealing certain acts relating thereto."

If permitted to become a law, said Senate Bill No. 29 would repeal chapter 33 of the Laws of 1887-8, the same being sections 11339 and 11342 of Remington's Compiled Statutes; sections 7696 and 7697 of Pierce's Code.

In a note to the printed bill, it is stated: "We recommend the specific repeal of chapter 33 of '87-8, for the reason that it is obsolete and impliedly repealed by the constitution and later enactments."

The courts are better qualified than the Legislature and the executive departments of government to determine what laws are impliedly repealed by the constitution and later enactments. It is peculiarly the province of the courts to do so. The validity of said chapter 33 had better be left for court determination. Furthermore, as recent as December 19, 1913, the Supreme Court of this state had before it in the case of State of Washington, ex. rel. vs. the Superior Court, 77 Washington, page 31, the construction of Article 12, section 19 of the state constitution and section 11342 of Remington's Compiled Statutes. In that case the court held that said section 11342 which this bill would repeal is very much alive. This decision was rendered long after the passage of the telephone and telegraph act and general eminent domain act, the last of which was approved March 21st 1890. Consequently the repeal of said chapter 33, Laws of 1887-8, on the ground that it is obsolete and does not square with what the supreme court said about such enactment as recently as December, 1913.

For these reasons Senate Bill No. 29 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Conner, the veto message of the Governor on Senate Bill No. 29 was ordered spread on the journal, and Enrolled Senate Bill No. 29 was referred to the Judiciary Committee.

**REPORT OF STANDING COMMITTEE.**

SENATE CHAMBER,  
OLYMPIA, WASH., February 14, 1929.

MR. PRESIDENT:

We, a majority of your Committee on Roads and Bridges, to whom was referred Senate Bill No. 115, entitled "An Act relating to public highways, providing for the classification, laying out, construction and/or improvement thereof, providing revenues therefor, and for the closing and restricting the use thereof, in certain cases, defining the powers and duties of certain officers in relation thereto, making an appropriation, prescribing penalties, amending sections 2 and 5 of chapter 173 of the Laws of 1921, and section 3328-1 of Remington's Compiled Statutes, repealing chapter 35 of the Laws of 1911, and providing when the act shall take effect," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass with the following amendments:

Strike all after the enacting clause and substitute the following:

*Be it enacted by the Legislature of the State of Washington:*

Section 1. On or before the first day of August, 1929, the county commissioners of each county in this state shall make a survey of the highway situation in their respective counties, and shall prepare a master plan for the construction and/or improvement of the county roads of their respective counties. In preparing such master plan the board shall make a special study of the needs of its county for "farm to market" roads, roads connecting trade centers and connecting with each other and with the county seat, and roads which will be in effect feeders for the state highway in such county, roads and highways required for transportation of school children to the various school houses within the county and roads and highways required for rural mail routes. The board shall in its plan classify certain streets, roads and highways in its county both inside and outside of the corporate limits of cities and towns within the following classes:

(a) State highways, which shall include only such highways as shall have been established as state highways by legislative enactment, and

(b) Lateral highways, which shall include such other streets and roads within the county not classified as state highways, as can be constructed and/or improved to the standard hereinafter provided for lateral highways with the revenues which will be provided by and available for expenditure under the provisions of this act within a period of ten years from the first day of August, 1929. The plan proposed by the board shall be sketched upon a map which shall be on a scale of at least one inch to the mile, and which shall have designated upon it all the roads in the

county in accordance with the classification herein required upon such map in colors appropriate as to make them readily distinguishable; and which said map shall also show the location of the various school districts of the county and the location of the different school houses in such districts.

Sec. 2. During the month of September, 1929, the board shall hold a public hearing at the county seat to consider the adoption of the classification and master plan as proposed by the board and as shown on such map, and shall give notice of such hearing by publication in the official county paper at least two successive weeks preceding the date fixed for such public hearing. As soon as said map and master plan is prepared, the same shall be placed on display in the office of the county auditor for study and information of interested citizens of the county. Following the hearing the board shall finally adopt a master plan and map, as proposed by it or in accordance with changes the board may desire to make following such hearing. After said master plan and map shall have been finally adopted by the board, a copy of the same shall be furnished to the state highway engineer and shall be kept on file in the office of the state highway engineer; and thereafter no changes shall be made in such master plan or map except by the unanimous vote of the members of the board of county commissioners and the approval of the highway engineer.

Sec. 3. That in addition to the excise tax required to be paid by each distributor of liquid fuel under the provisions of chapter 173 of the Laws of 1921, as amended by chapter 81 of the Laws of 1923, or heretofore, or hereafter, otherwise amended, there shall be paid to the state treasurer by every such distributor, in the manner and at the times of paying the excise taxes provided for by said acts, an excise tax of one cent per gallon on all liquid fuel sold by him.

Sec. 4. Every person, firm or corporation, including distributors, who shall use liquid fuel for the purpose of operating motor vehicles, including motor trucks, upon the public highways of the state, or the political subdivision thereof, upon the sale or use of which liquid fuel the excise tax imposed by this chapter has not been theretofore paid, shall pay an additional tax of one cent per gallon upon all such liquid fuel so used, and, in so far as such liquid fuel is concerned, shall make the same reports and pay the same taxes as, and be subject to all the other provisions of this chapter relating to, distributors of liquid fuel: *Provided*, That any tourist or traveler coming into the state in a motor vehicle may transport, for his own use only, not more than twenty gallons of liquid fuel at one time and use the same for the purpose of operating such motor vehicle without the payment of said tax.

Sec. 5. Said excise tax of one cent additional per gallon shall be paid on or before the fifteenth day of each month to the state treasurer of the State of Washington, who shall receipt the distributor therefor, and on the next business day after the receipt of any such excise taxes, deposit in the state treasury the balance of moneys received for such excise taxes remaining on hand at the close of the preceding business day, after making all deductions and refunding all overpayments and all other sums required to be refunded by law in the following manner: Such balance to be placed in a fund to be known as the lateral highway fund, to the credit of each county of the state in the following manner: One-half of such fund to be credited and divided equally among all the counties of the state; and one-fourth of such fund to be credited to the respective counties in proportion to the number of registered motor vehicles in such county in the last preceding calendar year; and one-fourth of such fund to be credited to the respective counties in the proportion which the number of farms in each county bears to the total number of farms in the state as defined and enumerated in the last preceding federal census.

Sec. 6. On or before the tenth day of July in the year 1929, the state treasurer shall prepare and file with the board of county commissioners of each county an estimate of the receipts of the lateral highway fund which will be credited to such county for the ensuing year; and annually thereafter between the first and tenth days of July, the state treasurer shall prepare and file with the board of county commissioners of each county a statement of the receipts of said lateral highway fund credited to such county for the preceding year.

Sec. 7. All moneys collected under the provisions of this act and credited to the respective counties shall be used and expended for the construction and/or improvement of lateral highways only, under the provisions of this act, and shall not be expended or obligated until and unless budgeted at the time and in the manner required by law for other county road funds, and the amount budgeted shall be based upon the statement of the state treasurer: *Provided*, That in Class "A"

counties, the board of county commissioners may, by unanimous vote, expend such portion of the funds in the lateral highway fund to the credit of such county as the commissioner shall deem advisable, either by itself or in conjunction with other state, county, city or town or federal funds, for the construction and/or improvement of any bridge, viaduct, or highway in any city or town in such county, shall not be made unless the plans and specifications for such work shall have been submitted to and approved by the state highway engineer; and such expenditure shall not exceed such portion of moneys in said fund estimated to be available for expenditure by such county during the year the expenditure is to be made, as the assessed valuation of the property in such city or town bears to the total assessed valuation of the property in such county:

*Provided further,* That one-third of any moneys credited to any first class county in the lateral highway fund under the provisions of this act may be expended by the first class cities within such county, such expenditures to be made by such cities in proportion to the assessed valuation of the property within such cities, and to be made by the governing authorities of such cities for the construction and/or improvement of any lateral street or highway within such city, such expenditures to be made either independently or in conjunction with any other moneys that may be provided by such cities. All the plans and specifications for any such work shall be submitted to the state highway engineer for his approval and all payments for such work shall be made upon vouchers drawn upon the lateral highway fund by the governing authorities of such cities and the state highway engineer, and in case of final payment to be accompanied by certificate of approval of the state highway engineer.

Sec. 8. Every lateral highway constructed and/or improved under the provisions of this act shall be uniformly graded to a width of not less than nine feet, shall have proper bridges, drains, culverts, and shall be surfaced with macadam, stone, gravel or other suitable material at least as permanent and durable, not less than seven feet in width. No highway shall be constructed under the provisions of this act with a grade exceeding five per cent except where, by reason of physical conditions it is not feasible nor practicable to obtain such grades, but in no case shall such highway be constructed with a grade greater than ten per cent.

Sec. 9. The county engineer, if there be one, shall perform all engineering work in connection with, and supervise any construction and/or improvement work prosecuted under the provisions of this act, unless the board of county commissioners shall employ a construction engineer for that purpose; or if there be no county engineer, the board of county commissioners shall employ a construction engineer for that purpose.

Sec. 10. Whenever the board of county commissioners shall have passed a resolution for the construction and/or improvement of any highway, under the provisions of this act, and the same shall have received the approval of the state highway engineer, a certified copy thereof shall be transmitted to the county engineer, or construction engineer appointed as aforesaid, who shall thereupon make the necessary surveys and prepare profiles, maps, plans and specifications and an estimate of the cost of construction and/or improvement of the highway or section thereof described in the resolution, making such recommendations concerning deviations from existing lines as he shall deem advisable to obtain a shorter and more direct route, or to otherwise improve such highway.

Sec. 11. Upon the completion of such profiles, maps, plans, specifications and estimate, a copy thereof shall be transmitted to the state highway engineer, who shall thereupon examine the same and return the same to the board of county commissioners, making such changes therein or recommendations with reference thereto as he may deem advisable, and certifying his approval thereto. Upon the receipt of such profiles, maps, plans, specifications and estimate, the board of county commissioners may pass a resolution adopting the same, and that such highway or section thereof shall be improved under the provisions of this act. No resolution thereafter adopted by said board shall have the effect of rescinding or annulling the resolution so adopting such profiles, plans, specifications and estimate. The profiles, maps, plans, specifications and estimate as finally adopted by the board of county commissioners shall be filed in its office and become a permanent record of the board, and certified copies thereof shall be transmitted to the state highway engineer and to the county engineer or construction engineer, as the case may be.

Sec. 12. Whenever the board of county commissioners shall find it necessary for the purpose of constructing and/or improving any highway, straightening it or lessening the gradients thereof, or otherwise improving the same, to acquire or appropriate lands, real estate or other property, such board is hereby authorized to acquire the same by condemnation proceedings in the manner provided by law for the appropriation of lands, real estate or other property by private corporations authorized to exercise the right of eminent domain.

Sec. 13. When the board of county commissioners shall have finally adopted the profiles, maps, plans and specifications for the improvement and/or construction of any highway or section thereof, under the provisions of this act, said board shall advertise for bids for three successive weeks in the official newspaper of such county, and if it deem advisable in such other newspaper or publication as it shall determine, for the construction and/or improvement of such highway or section thereof according to such profiles, maps, plans and specifications, and shall award the contract to the lowest possible bidder, save that the board shall have the right to reject any or all bids. All contracts shall be on a form approved by the state highway engineer and shall be let on a lump sum or unit price basis. Before entering into any contract for such construction and/or improvement, it shall require a corporate surety bond in the full amount of the contract, or if the contract is to be awarded on a unit price basis, in the full amount of the total cost of said work, as determined by the unit price bid and the estimated quantities, conditioned that the party thereto will perform the work upon the terms, within the time and in accordance with the contract, profiles, maps, plans and specifications, and that such party will indemnify the county against any direct or indirect damages that shall be suffered or claimed for injuries to persons or property during the construction and/or improvement of such highway and until the same is accepted. Each bid shall be accompanied by a certified check in the sum equal to five per cent of the amount of such bid if upon a lump sum basis, and if upon the unit price basis five per cent of the total cost as determined by the unit prices and the estimated quantities, payable to the county, which shall be forfeited to the county upon the failure of the party, for a period of twenty days after any contract is awarded to such party, to enter into a proper contract and furnish satisfactory bonds as required by this act. The contract shall provide for payment and reserve from moneys earned in accordance with the provisions of chapter 166 of the Laws of 1921. No final payment shall be made until the state highway engineer shall have examined the work or caused the same to be examined and certify to the state auditor that such work has been fully completed in accordance with the contract and profiles, maps, plans and specifications governing such work. All payments to be made by the state upon contracts, entered into in accordance with the provisions of this act shall be made by the state treasurer from the lateral highway fund created by this act by the additional one cent excise tax upon the warrants of the state auditor issued upon the presentation of proper vouchers by the person entitled thereto, said vouchers to be approved by the board of county commissioners, and the state highway engineer, and, in case of final payment, to be accompanied by the certificate of the state highway engineer as aforesaid. Payments on such contracts may be made for lateral highways from the lateral highway fund in conjunction with money from the county general road and bridge fund, or from the road district fund of any road district in which the improvement or any part thereof is located, or any fund created by donation and placed in the possession of the county treasurer as a trust fund, for expenditures in connection with such improvement. Whenever such funds are to be used in conjunction with the lateral highway fund in paying for such improvement, the county commissioners shall adopt a resolution to that effect, and shall set aside in such funds the amount to be expended from said funds on such contract, and such funds so set aside shall be held and expended for that purpose and shall not be otherwise expended or used until the completion of the work and final payment on such contract. All payments from county funds, or from funds donated and placed in the possession of the county treasurer shall be paid by the county treasurer upon warrants drawn by the county auditor upon presentation of proper vouchers, approved by the board of county commissioners, and the state highway engineer. The state auditor shall issue no warrant for any purpose against the lateral highway fund unless there be sufficient money to pay such warrant in the fund on which it is drawn to the credit of the county affected. No changes or additions, or payments therefor, shall be made during the progress of the work, unless the same shall have been approved by the board of county commissioners by resolution and a copy of

said resolution shall have been transmitted to and approved by the state highway engineer. Whenever any contract is awarded upon the unit price basis, all extras and overruns, after having been approved by the board of county commissioners and state highway engineer shall be paid from the lateral highway fund, if there be sufficient money unobligated in said fund, or from county funds, as heretofore provided.

Sec. 14. Whenever a contract has been let for the construction and/or improvement of any highway in accordance with the provisions of this act, the contractors may and are hereby authorized to, whenever the engineer in charge of the work shall certify to the necessity thereof in writing, close any such highway or section thereof to the public, or limit the speed of vehicles thereon by putting up a sufficient obstruction and notice to the effect that such highway is closed or that the speed of vehicles is limited thereon. When such highway shall have been so closed to the public, or the speed of vehicles limited, any person disregarding such obstruction or notice and driving, riding or walking over any portion of such highway so closed, or in case the speed of a vehicle is limited, exceeding such speed limit, shall be deemed guilty of a misdemeanor. Nothing herein contained, however, shall relieve the contractors of the burden of keeping highways under construction at all times open to the public until the engineer in charge of the work shall have certified to the necessity for closing such highway or limiting the speed of vehicles thereon, and shall have filed such certificate in the office of the county auditor of the county within which such highway or section thereof is located.

Sec. 15. Whenever during the construction and/or improvement of any highway under this act, or after its completion, it may be necessary for the proper construction or maintenance thereof to open or maintain ditches or drains for the purpose of properly draining such highway, the county commissioners of the county within which such highway or section thereof is located, shall have the right to enter upon the lands adjacent thereto and to open any existing ditch or drain for the free passage of water for the purpose of draining such highway. Said county commissioners shall also be empowered to agree with the owner of any such lands upon the amount of damages, if any, sustained by him in consequence of such entry upon his lands and performance of the work hereby authorized, and the amount of damages so agreed upon shall be the road district charge and shall be audited and paid the same as other road district charges. If the county commissioners are unable to agree with such owner upon the amount of damages so sustained, the amount thereof shall be ascertained and determined and paid in the same manner as damages are ascertained, determined and paid by private corporations exercising the right of eminent domain.

Sec. 16. Whenever, under the terms of this act, any funds shall have been credited to any county of this state composed entirely of islands, the state treasurer shall quarterly, pay such funds to such county, and the same shall by such county be placed in its general road and bridge fund, and shall be expended by such county for the same purposes, by the same officers, and in the same manner as other moneys in said general road and bridge fund; and such counties shall be entitled to no other participation in, or disbursement from the lateral highway fund created by this act.

Sec. 17. For the purpose of carrying out the provisions of this act there is hereby appropriated for the biennium ending March 1, 1931, from the lateral highway fund of the state treasury the sum of five million dollars, not, however, to exceed the amount placed in said lateral highway fund to the credit of the respective counties from the additional one cent excise tax under the provisions of this act.

Sec. 18. Nothing in this act shall amend, change or affect any provisions of chapter 35, Laws of 1911, and the amendment thereto, or prohibit the use of funds provided by said chapter 35, Laws of 1911 and the amendments thereto on any road, street or highway as provided in said act.

Sec. 19. This act shall take effect and be in force on and after the first day of July, 1929.

Strike the title and in lieu thereof substitute the following:

An Act relating to public highways, providing for the classification, laying out, construction and/or improvement thereof, providing revenues therefor, and for the closing and restricting the use thereof in certain cases, defining the powers and duties of certain officers in relation thereto, making appropriation, prescribing penalties, and providing when the act shall take effect.

## THIRTY-SEVENTH DAY.

---

### MORNING SESSION.

---

SENATE CHAMBER,

OLYMPIA, WASH., Tuesday, February 19, 1929.

The Senate was called to order at 10 o'clock a. m., by President Gellatly pursuant to adjournment.

Rev. C. Thunberg of the Bethesda Ev. Lutheran Church of Olympia offered prayer.

The secretary called the roll, all members being present.

On motion of Senator Cox the reading of the journal of the previous day was dispensed with, and it was approved.

The secretary read:

#### HOUSE CONCURRENT RESOLUTION NO. 8.

By Committee on Rules and Order.

"Relating to the time limitation for introduction of bills."

The resolution was read the first time, and on motion of Senator Cleary, the rules were suspended, the resolution was read the second time by title and referred to the Committee on Rules and Joint Rules.

#### SENATE JOINT MEMORIAL NO. 7.

By Senator Wray.

Relating to the Harrison Narcotic Law of 1914.

The memorial was read the first time, and on motion of Senator Wray, the rules were suspended, the memorial was read the second and third time and placed on final passage.

*To the Honorable Senate and House of Representatives of the United States in Congress Assembled:*

Your memorialists, the Senate and House of Representatives of the State of Washington in legislative session assembled, most respectfully represent and petition as follows:

WHEREAS, when the Congress of the United States enacted the so-called Harrison Narcotic Law in 1914, it did confer upon the Commissioner of Internal Revenue, "the Right to Compromise", by *Accepting Money*, in Civil or Criminal Cases;

WHEREAS, this "Right to Compromise" in the Commissioner of Internal Revenue was first derived from the initial act of July 20, 1868, long prior to the manifestation of the drug addiction evil, and at a time when the Federal government was concerned, primarily with the collection of taxes on liquor and tobacco;

WHEREAS, the use of narcotics has spread unchecked, with such appalling rapidity, and is destroying the vitality and vigor of countless thousands;

WHEREAS, during the fiscal year ending June 30, 1928, 1221 cases were compromised by the United States Government *By Accepting Money* amounting to the sum of \$67,210.95, collected from offenders capable of paying, thereby discriminating in favor of the influential and rich violators, as against the small and poor offenders, and enabling them to escape punishment and to go unwhipped of justice and without feeling the sting of the law;

WHEREAS, this "Right to Compromise" is out of harmony with the spirit of narcotic law enforcement, and is unjust, unfair and un-American;

Now, Therefore, *Be It Resolved* That the Senate and House of Representatives of the State of Washington, now in session, do request the Congress of the United States to amend the Harrison Narcotic Law by eliminating the right to compromise in all criminal narcotic drug prosecutions.

*And Be It Further Resolved*, That a copy of this resolution be forthwith transmitted to the Senate and the House of Representatives of the United States at Washington, D. C., and to each Senator and Congressman from the State of Washington for their use in endeavoring to secure the passage of such legislation.

And your memorialists will ever pray.

The secretary called the roll on the final passage of Senate Joint Memorial No. 7, and it passed the Senate\* by the following vote:

Those voting aye were: Senators Ball, Barnes, Cleary, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Charles W.), Hall (Oliver), Hartwell, Heifner, Houser, Hurn, Jacobus, Landon, Miller, Mize, Murphy, Norman, Oman, Palmer, Phipps, Post, St. Peter, Smith, Somerville, Stinson, Sutton, Tatman, Taylor, True, Williams, Wilmer, Wray—38.

Absent or not voting: Senators Hastings, Knutzen, Lunn, Metcalf—4.

---

**JOINT SESSION.**

---

The sergeant-at-arms of the House announced the arrival of the Senate at the bar of the House.

The Speaker invited the Senators to seats within the bar of the House, and the President of the Senate was escorted to a seat at the Speaker's desk.

The President of the Senate called the joint session to order at 2:00 p. m.

The secretary of the Senate called the roll of the Senate; all Senators being present except Senators Ball, Jacobus, Knutzen and Landon, who were excused.

The clerk called the roll of the House; all members being present except Representative Bach, who was excused.

The President: "I take it that the members of the Senate and of the House and the visiting guests in the gallery understand that we are meeting in joint session today for the purpose of receiving a flag which the Daughters of the American Revolution wish to present to the state at this time—a state flag. I have been advised that in the reception room the elective state officers and the members of that organization are in waiting, and as President of the Senate I wish to appoint two members of the committee, and the Speaker will name a like committee from the House to escort these elective state officers and the members of that organization to this House Chamber."

The President appointed Senators Houser and Hurn, and the Speaker appointed Representatives Ratliffe, Johnson and Cory on this committee, and the committee retired.

The Sergeant-at-arms announced the arrival of the state elective officers and the representatives of the D. A. R. at the bar of the House, and the President invited them to seats upon the rostrum.

The President: "As the program calls for a reply to the dedication speech when it is made, the President wishes to appoint a committee from the Senate and the Speaker will appoint a committee from the House, to notify the Governor that the Senate and House are in joint session."

The President appointed Senators Condon and Hartwell, and the Speaker appointed Representatives Templeton, Kelly, and Westover as a committee to so notify the Governor.

At 2:10 the committee escorted the Governor to the rostrum.

President Gellatly presented Mrs. John Wallace, State Regent of the Daughters of the American Revolution, to the joint session, who addressed the joint session as follows:

Mrs. Wallace:

"Governor Hartley, Lieutenant Governor Gellatly, Mr. Speaker, Members of the Legislature:

"It is my high privilege and honor to present, in behalf of the Daughters of the American Revolution, the state flag of Washington for your beautiful Capitol Building. This state flag has been intimately and vitally connected with the history of the Daughters of the American Revolution.

"In 1914, at our Memorial Continental Hall in Washington, D. C., the home of our organization, we were requested to present our state flag. Our delegation looked into the matter and found that the State of Washington had no state flag. So we designed a state flag, not to be outdone by the other states in the Union.

"The green background was to typify our evergreen state, and the seal our own seal of Washington. As you look at this flag we would ask you not to see that it is the result of the silk mills, that it is painted with colors, but that it is the soul of our state. It represents the state, and we that live in it. It represents the sky above us, and it represents the air that we breathe. It represents all for which our state is noted. And it can never represent more than comes from the spirit of this state. It can never mean more than we represent, for any glory that may come to this flag is the glory which we give to it by the lives that we live. And as this flag may, in its folds, register the acts of this Legislature, we hope that it will act as a Holy Grail, leading you on to better and finer and broader citizenship in our great commonwealth. Mr. Governor, I present you with this flag."

The President of the Senate presented Governor Roland H. Hartley, who addressed the joint session as follows, on behalf of the state Senate, the House of Representatives, the elective state officers, and the people as a whole:

Governor Roland H. Hartley:

"Mr. President, Madam, Ladies and Gentlemen:

"It is a privilege to stand here this afternoon and in behalf of the people of this commonwealth to accept from the Daughters of the American Revolution this state flag—the emblem of the commonwealth. I hope that its time on earth will simply spell the most wonderful state in the union and those things that go for the betterment of our people. We thank you most sincerely—the people of the State of Washington."

At 2:20 p. m., on motion of Senator Metcalf, the joint session dissolved.

At 2:25 p. m., the Senate reconvened in the Senate Chamber.

#### GENERAL FILE.

Substitute Senate Bill No. 64, by Senate Committee on Judiciary, entitled, "An Act relating to estrays, providing for their detention, registration and sale, amending sections 3155, 3156, 3157, 3158, 3160, 3163 and 3164 of Remington's Compiled Statutes and Remington's 1927 Supplement thereto, and repealing sections 3166 and 3167 of Remington's Compiled Statutes," was read the third time.

**Senate Bill No. 268**, by Committee on Dikes, Drains and Ditches, entitled, "An Act relating to diking districts and providing for the issuance of refunding bonds therein," was read the third time.

On motion of Senator Barnes, the following amendments were adopted:

Amend by striking everything after the enacting clause and inserting in lieu thereof the following:

Section 1. Whenever any bonds of any diking or drainage improvement district of this state shall become payable and the board of county commissioners shall determine that it will be for the best interests of the owners of the lands included in such district to issue refunding bonds and to levy an assessment to meet the same they may levy such assessment and fix the time for the payment thereof at either ten or fifteen years, and fix the installments in which such assessment shall be paid as provided for the payment of assessments for the costs of construction under the provisions of chapter 176 of the Laws of 1913, and acts amendatory thereof; and they may issue refunding bonds of the district in the manner hereinafter provided, to provide funds with which to pay such outstanding bonds then payable.

If such refunding bonds are to be deposited with, and the refunding loan to be procured from, the United States, pursuant to any act of the Congress of the United States, the assessment to support said refunding bonds may be spread over such period of years, exceeding 15 and not exceeding 40, and shall become due in such installments, and bear such interest or no interest, as shall be required by the proper official of the United States or by said act of Congress; and the bonds shall be payable in such series, and at such times, and shall bear such rate of interest, or no interest as may be prescribed by such official of the United States or by such act of Congress. The board of county commissioners shall have power to contract for the sale of said bonds to the United States, and to procure a refunding loan from the United States, on such terms and under such regulations as the proper official of the United States or such act of Congress may prescribe; and it shall not in such case be necessary to sell such refunding bonds at public sale.

In case no sale of such refunding bonds can be made on more advantageous terms, the county commissioners may exchange such refunding bonds of the district at not less than par value and at not more than the rate of interest of the old bonds for an equal amount of the outstanding bonds of said district.

Sec. 2. The board shall determine the amount of the assessment necessary to be levied to provide funds to liquidate the bonds of the district then payable, including all bonds whose holders may consent to their payment before they are due, and shall cause such assessment to be apportioned to the lands of the district in proportion to the original assessment for construction costs of said district, and shall cause to be prepared an assessment roll showing the assessment apportioned against each tract, lot and parcel of land to be assessed and shall file such roll with the clerk of the board. Thereupon the board shall adopt a resolution which shall set forth:

1. A schedule showing the bonds outstanding against the district then payable which they propose to refund, and the assessment necessary to be levied to provide funds for the payment thereof.
2. That the assessment roll for the collection of the assessments proposed to be levied against the lands of the district is on file with the clerk of the board and open to the inspection of all persons interested.
3. That the commissioners propose to levy such assessments for collection in installments according to the schedule attached thereto.
4. A schedule showing the installments which such assessments are to be paid.
5. That the assessments contained in such assessment roll may be paid in full at any time prior to the expiration of thirty days after such assessment roll shall have been turned over to the treasurer for collection and he shall have published a notice to that effect, and that all assessments not so paid shall thereafter bear interest until due at a rate to be fixed therein.
6. That the commissioners propose to issue bonds under the provisions of chapter 176 of the Laws of 1913, and acts amendatory thereof, or otherwise, as stated in section 1 hereof, payable in ..... years (to be stated in the resolution,) to refund such outstanding bonds then payable.

7. A date which shall be not more than sixty nor less than thirty days from the date of the adoption of such resolution, on which the board will hear any objections offered to the proposed levy and issuance of refunding bonds, or to the assessment roll prepared by the commissioners.

Sec. 3. Upon the preparation of the roll and the adoption of the resolution, the clerk of the board shall cause to be published in two successive weekly issues of the county official newspaper, a notice containing a copy of the resolution and stating that on the date fixed therein for the hearing the board will meet and hear any objection offered to the proposed levy of the assessment or to the issuance of refunding

bonds or to the assessment roll or any assessment therein contained; and stating that all persons interested may file any objections they may have to the proposed levy or issuance of bonds or the assessment roll with the board of commissioners prior to the date fixed for such hearing. The last publication of such notice shall not be less than ten days prior to the date fixed for such hearing.

Sec. 4. The board shall meet on the day fixed in the notice or to which the hearing may have been adjourned, and shall consider all objections which shall have been filed, and may modify any action as proposed in said resolution; and may correct any errors in the assessment roll and shall confirm the roll as corrected and shall levy the assessments therein contained for collection as prescribed in the resolution or as finally adopted and shall enter an order confirming said roll.

Upon confirmation of the assessment roll and the levy of the assessments therein contained, the board shall cause the clerk to attach thereto a copy of the resolution and certify such roll and resolution and turn the assessment roll over to the county treasurer for collection in accordance with the resolution attached thereto.

If before or at the hearing herein provided for protests have been filed by the owners of lands bearing more than sixty per cent of the new assessment in the district objecting to the proposed levy and issuance of bonds, the board shall enter an order dismissing the proceedings and shall charge the cost thereof to the district as a maintenance charge.

Sec. 5. As soon as the assessment roll has been turned over to the treasurer for collection, he shall publish a notice in the official newspaper of the county, once a week for at least two successive weeks, that the said roll is in his hands for collection and that any assessments therein or any portion of any such assessments may be paid at any time on or before a date stated in such notice, which date shall be thirty days after the date of the first publication, without interest. All assessments levied as provided herein, which shall not be paid within thirty days as herein provided for shall be collected in the manner provided for the collection of assessments levied to pay the costs of construction in drainage improvement districts, and all the provisions of chapter 176 of the Laws of 1913, and acts amendatory thereof, shall govern the collection of such assessments so far as the same shall be applicable.

Sec. 6. Upon the expiration of thirty days from the first publication of the notice given by the treasurer as provided herein, the board of county commissioners may issue and sell refunding bonds of the district, payable as determined by them in their resolution, in the manner provided for the issuance of bonds to pay the costs of construction in drainage improvement districts; and all the provisions of law governing the issuance, sale and payment of such bonds shall govern the issuance, sale and payment of the bonds herein provided for, except as limited in section 1 hereof.

Sec. 7. The proceeds of all assessments paid within the thirty-day period herein provided for, and the proceeds of the sale of all refunding bonds, shall be paid into a proper fund to be established in the county treasury, and shall be applied to the payment of all outstanding bonds then due in the manner in which such bonds are required to be paid by the law under which they were issued, and such bonds shall be called and paid accordingly. The proceeds of all payments of assessments paid after the expiration of thirty days from the first publication of the notice given by the treasurer as herein provided, shall be paid into a fund to be established in the county treasury, to be known as the "refunding bonds redemption fund," and shall be applied to the payment of such bonds as provided by chapter 176 of the Laws of 1913, and acts amendatory thereof.

Sec. 8. The assessments contained in the original assessment roll of the district shall be satisfied and cancelled pro rata by the county treasurer to the amount of the principal of the old series of bonds that are thus retired.

The proceeds arising from the collection of the remainder of the assessments on the original assessment roll of the district shall be applied to the payment of the bonds of the original issue that are not thus retired.

Sec. 9. The powers and duties of the board of county commissioners to make supplemental assessments or reassessments against the lands of the district to make up deficiencies arising in certain cases, as now provided by law, shall be in nowise curtailed by this act, but shall continue to be in full force and effect after such refunding proceedings shall have been had.

Amend by striking the title and inserting in lieu thereof the following title: "An Act relating to drainage improvement districts and diking improvement districts and providing for the issuance of refunding bonds therein."

#### REPORT OF FREE CONFERENCE COMMITTEE.

OLYMPIA, WASH., February 27, 1929.

MR. PRESIDENT:

We, your Committee on Free Conference, to whom was referred Engrossed House Bill No. 54, entitled, "An Act relating to security for costs in actions or proceedings in justice's courts and amending section 1725 of the Code of Washington Territory of 1881," have had the same under consideration, and we recommend:

First: That the Senate recede from its amendments.

Second: That the Engrossed Bill be amended as follows:

Section 1, line 11 of the Engrossed Bill, being 6 of the printed bill, after the comma (,) after the word "corporation" insert the following: "as to all causes of action sued upon,".

Third: Line 15 of the Engrossed Bill, being line 9 of the printed bill, strike the word "a" and insert in lieu thereof the word "such".

Fourth: Add to the bill a new section, as follows:

"Sec. 2. In lieu of separate security for each action or proceeding in any court, the plaintiff may cause to be executed and filed in the court a bond in the penal sum of fifty dollars (\$50.00) running to the State of Washington, with surety approved by the court, and conditioned for the payment of all judgments for costs which may thereafter be rendered against him in that court. Any defendant or garnishee who shall thereafter recover a judgment for costs in said court against the principal on such bond shall likewise be entitled to judgment against the

sureties. Such bond shall not be sufficient unless the penalty thereof is unimpaired by any outstanding obligation at the time of the commencement of the action."

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
 OLYMPIA, Wednesday, February 27, 1929.

ROLAND H. HARTLEY, *Governor.*

*To the Honorable, the Senate of the State of Washington:*

LADIES AND GENTLEMEN:

I have today approved the following Senate Bills, entitled:

Senate Bill No. 78:

"An Act dedicating certain lands in the State University grounds as a public highway."

Senate Bill No. 39:

"An Act relating to local improvements in cities and towns, and repealing certain acts relating thereto."

Respectfully yours,

ROLAND H. HARTLEY, *Governor.*

ROLAND H. HARTLEY, *Governor.*

*To the Honorable, the Senate and the House of Representatives of the State of Washington:*

The Governor will be ready to deliver a message to the Legislature any time after 2:00 p. m. today.

Will appreciate it if you will designate the hour and place, and so inform me.

Respectfully yours,

ROLAND H. HARTLEY, *Governor.*

**MESSAGE FROM THE GOVERNOR.**

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
 OLYMPIA, Monday, February 25, 1929.

ROLAND H. HARTLEY, *Governor.*

*To the Honorable, the Senate of the State of Washington:*

I am returning herewith, without my approval, Senate Bill No. 30, entitled, "An Act relating to witnesses and repealing certain acts relating thereto."

Said Senate Bill No. 30, among other sections, repeals section 1214 of Remington's Compiled Statutes. Paragraph 1 of section 5 of Senate Bill No. 30 purports to be a re-write of paragraph 1 of section 1214 of Remington's Compiled Statutes. Both of said paragraphs forbid a husband or wife from testifying against the other. The law as it now stands makes an exception that such prohibition shall not apply to a civil action or proceeding by one against the other or for a criminal action or proceeding for a crime committed by one against the other. This is omitted from said Senate Bill No. 30.

For such omission, said Senate Bill No. 30 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Palmer, the veto message of the Governor was ordered spread upon the journal and the bill was referred to the Committee on Judiciary.

The secretary read:

**MESSAGE FROM THE GOVERNOR.**

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Wednesday, February 27, 1929.

ROLAND H. HARTLEY, *Governor.*

*To the Honorable, the Senate of the State of Washington:*

I am returning herewith, without my approval, Senate Bill No. 98, entitled, "An Act relating to cities of the third class, defining the powers of the council thereof, and amending section 15 of chapter 184 of the Laws of 1915."

Existing Statute, section 15 of chapter 184 of the Laws of 1915, (section 9128 of Remington's Compiled Statutes) provides, among other things, "No lease of streets or water front shall be for longer than ten years". Senate Bill No. 98 would extend the limit from ten years to thirty years for such lease.

To my mind, said Senate Bill No. 98 is a special-privilege bill. The state and municipal subdivisions thereof hold public domain as a sacred trust for the benefit of all the people. These rights should not be given to a privileged few at the expense of the many. The proposed extension is unreasonable. No street or water front should ever be leased for thirty years.

For these reasons, Senate Bill No. 98 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Hall (Chas. W.), the veto message of the Governor was ordered spread upon the journal and the bill was referred to the Committee on Municipal Corporations Other Than First Class.

On motion of Senator Hastings, the Senate returned to the first order of business.

The secretary read House Concurrent Resolution No. 10, relating to a joint session of the House and Senate for the purpose of hearing a message from the Governor.

On motion of Senator Hastings the resolution was adopted.

On demand of Senators Hall (Chas. W.), Palmer and Dimmick, a call of the Senate was ordered.

The secretary called the roll on the call of the Senate, all members being present except Senators St. Peter and Somerville.

The sergeant-at-arms locked the doors of the Senate Chamber.

On motion of Senator Hall (Chas. W.), the Senate proceeded under the call of the Senate.

Senators Post, Tatman and Dimmick moved the previous question.

The motion was lost.

On motion of Senator Phipps, the further call of the Senate was dispensed with.

At 1:58 p. m., the members of the Senate went to the House Chamber for the joint session.

---

### JOINT SESSION.

---

The sergeant-at-arms of the House announced the arrival of the Senate at the bar of the House.

The Speaker invited the Senators to seats within the bar of the House, and the President of the Senate was escorted to a seat at the Speaker's desk.

The President of the Senate called the joint session to order at 2 p. m.

The secretary of the Senate called the roll, all members being present.

The clerk called the roll of the House, all members being present except Representatives Butterworth and Bach, who were excused.

The President stated that the joint session had been called for the purpose of hearing a message from the Governor.

The President appointed Senators Wilmer and Hall (Chas. W.), and Representatives Culmbach, Canfield and Aspinwall as a committee to notify the Governor that the Senate and House were in joint session to receive his message.

At 2:08 p. m., the committee escorted the Governor to the platform.

The President of the Senate presented Governor Roland H. Hartley to the joint session, who addressed the joint session as follows:

*To the Honorable, the Legislature of the State of Washington.*

LADIES AND GENTLEMEN:

In conformity with a former special message, it now becomes my duty to report to your Honorable Bodies that efforts to effect a settlement of railroad tax litigation have failed and all negotiations to that end have been discontinued.

In order that you may clearly understand the situation, let me briefly review what has transpired. From 1913 to 1924, the taxes of one railroad company, for instance, were based upon a valuation in round numbers of one hundred and twenty-six million dollars, and other railroads in proportion. Taxes were paid on this basis without protest. In 1925, the state tax commission raised this valuation to about one hundred and thirty-one million dollars, and suit was instituted for a reduction. Refusal of some of the railroads to pay their taxes pending the outcome of this suit has resulted in the loss of revenue, presenting a most serious problem to many of our counties.

In the effort to bring about a settlement of this litigation, the county attorneys of the different counties involved were invited to confer with the attorney general and the representatives of the litigant railroads. That conference developed that the railroads represented would not consider any settlement except a reduction which would amount to a valuation of about ninety-eight million dollars for one railroad, as compared with its former valuation of one hundred and twenty-six million dollars, and reductions in similar proportions for other railroads contesting the validity of their taxes. Under such circumstances, no settlement was possible.

A law should be enacted to require any contesting taxpayer to pay his taxes before he can maintain an action to question the validity of the same and to simplify present legal procedure. While such a measure will not solve the tax problem, if enacted without delay, it will afford relief to the counties affected by pending and proposed railroad litigation and greatly reduce the cost of such litigation to the state and the counties.

There are only fifteen days remaining until the close of this session. This renders it imperative that prompt and energetic attention be given those matters of vital importance to the people of this state, and that consideration of all major questions be kept free from political combinations and group alliances.

A number of bills intended to carry out recommendations contained in the Governor's first message have been before you since early in the session. These bills were drafted and submitted at the request of the Rules Committees of the two Houses, with the assurance that they were to be given prompt, earnest and fair consideration in both Houses. It is not claimed that these proposals are perfect in every detail, but surely they provide a basis for reasonable solution of a number of problems of state government. They were submitted in good faith and are entitled to consideration, each upon its merits, with every member left free to vote his honest convictions, unhampered by caucus agreements or political maneuvers. If the issues which these measures involved cannot be so considered and settled at this session, it is futile to talk of a special session to consider any question now before the Legislature, and none will be called.

In conclusion, attention should again be called to the fact that two powerful groups, the banks and the railroads, are either protesting or refusing to pay their taxes. If this state of affairs is not corrected by proper legislation, it will only be a matter of time until other groups will refuse to pay their taxes, and our whole system of government be reduced to bankruptcy and chaos.

In a word, legislation must be enacted legally to tax national banks and to prohibit the non-payment of taxes by injunctive proceedings.

Upon the conclusion of the Governor's address, the committee escorted the Governor from the House Chamber.

At 2:17 p. m., on motion of Senator Palmer, the joint session was dissolved.

The Senate re-convened in the Senate Chamber at 2:21 p. m.

On demand of Senators Palmer, St. Peter and Post, a call of the Senate was ordered.

The secretary called the roll on the call of the Senate, all members being present.

The sergeant-at-arms locked the doors of the Senate Chamber.

On demand of Senators Murphy, Palmer and Houser, the previous question was ordered.

The secretary called the roll on the final passage of Senate Bill No. 116, and it failed to pass the Senate by the following vote:

Those voting aye were: Senators Ball, Cleary, Condon, Dimmick, Finch, Hall (Chas. W.), Hastings, Heifner, Houser, Jacobus, Landon, Metcalf, Murphy, Oman, Palmer, Wray—16.

Those voting nay: Senators Barnes, Colburn, Conner, Cox, Frary, Gray, Hall (Oliver), Hartwell, Hurn, Knutzen, Lunn, Miller, Mize, Norman, Phipps, Post, St. Peter, Smith, Somerville, Stinson, Sutton, Tatman, Taylor, True, Williams, Wilmer—26.

The bill having failed to receive the constitutional majority, was declared lost.

Senator Tatman moved that Senate Bill No. 253 be taken from the Committee on Roads and Bridges.

On demand of Senators Murphy, Oman and Conner, the previous question was ordered.

On demand of Senators Houser, Tatman, Murphy, Williams, Oman, Post, and Phipps, a roll call was ordered on the motion of Senator Tatman.

The secretary called the roll on Senator Tatman's motion and it was lost by the following vote:

Those voting aye were: Senators Houser, Knutzen, Norman, Palmer, Post, St. Peter, Tatman, Williams—8.

Those voting nay: Senators Ball, Barnes, Cleary, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Chas. W.), Hall (Oliver), Hartwell, Hastings, Heifner, Hurn, Jacobus, Landon, Lunn, Metcalf, Miller, Mize, Murphy, Oman, Phipps, Smith, Somerville, Stinson, Sutton, Taylor, True, Wilmer, Wray—34.

Senator Williams gave notice that at the proper time he would move to reconsider the vote by which Senate Bill No. 116 failed to pass the Senate.

Senator Houser moved that the further call of the Senate be dispensed with.

The motion was lost.

**Substitute Senate Bill No. 193**, by Senators Barnes, Norman, Mize, Knutzen, Dimmick, entitled, "An Act relating to taxation; and providing for payment by counties of assessments against county lands in certain cases," was read the third time.

The secretary called the roll on the final passage of Senate Bill No. 193, and it passed the Senate by the following vote:

Those voting aye were: Senators Ball, Barnes, Cleary, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Chas. W.), Hall (Oliver), Hartwell, Hastings, Heifner, Houser, Hurn, Jacobus, Knutzen, Landon, Lunn, Metcalf, Miller, Mize, Murphy, Norman, Oman, Phipps, St. Peter, Smith, Somerville, Stinson, Sutton, Tatman, Taylor, True, Williams, Wilmer, Wray—40.

Those voting nay: Senators Palmer, Post—2.

The bill, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Senator Conner, Senator Condon was excused 30 minutes.

**Senate Bill No. 84.**

MR. PRESIDENT:

We a minority of your Committee on Appropriations, to whom was referred Senate Bill No. 84, entitled, "An Act to establish an institution for the training, care and custody of feeble minded persons and making an appropriation," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do not pass.

....., *Chairman.*

We concur in this report: Arthur L. True, Reba J. Hurn.

Senator Palmer moved that the report of the majority of the Committee on Appropriations be adopted.

Senator Wray moved as a substitute motion that the reports of the committee be spread upon the journal and that the bill be read the third time.

The substitute motion carried.

On motion of Senator Landon, the Senate resolved itself into a committee of the whole to consider Senate Bill No. 84.

The bill was considered in the committee of the whole, Senator Frary in the chair, and reported back to the Senate with the recommendation that it do pass.

On motion of Senator Frary, the report of the committee was adopted.

Senator Wray moved that the reading had in the committee of the whole be considered the third reading of the bill and that the same be placed on final passage.

The motion carried.

On motion of Senator Palmer, the following remarks were ordered spread upon the journal:

In the school census reports rendered by the county superintendents of this state, June 30, 1926, it shows that 1171 feeble-minded boys and girls, 991 from west of the mountains and 180 from east of the mountains, were not in any school or in any institution. Two additional units or buildings were added to the State Custodial School at Medical Lake since the census of June 30, 1926; this addition increased the capacity of that institution from 845 to 1200.

Notwithstanding the fact that there have been one hundred three deaths in the institution and eighty-nine discharged, there are at present less than one hundred vacancies which are rapidly being filled.

In the school census reports of the state for 1928 (which are incomplete) there are recorded 766 persons of school age who are not in any school or institution. These names have been certified to and the list does not include any person under or over school age. This, as pointed out by Mr. Showalter, falls far below the actual number.

From the public schools of Seattle alone there have been excluded since 1916, because of feeble-mindedness, 765 boys and girls who were too low in mentality to even be admitted into the special classes for the mental defective. An average of sixty-four have been excluded annually from Seattle schools since 1916.

The secretary called the roll on the final passage of Senate Bill No. 84 and it passed the Senate by the following vote:

Those voting aye were: Senators Ball, Barnes, Cleary, Colburn, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Chas. By Senator Taylor:

*To the Honorable Senate and House of Representatives of the United States in Congress Assembled:*

We, your memorialists, the Senate and House of Representatives of the State of Washington in legislative session assembled most respectfully represent and petition your Honorable Body as follows:

WHEREAS, The coast line of the State of Washington from Cape Flattery to Grays Harbor is a rocky and dangerous coast having no life saving stations between the two points; and

WHEREAS, A steamer going ashore any place along this coast cannot readily be reached from the ocean on account of the rocks and shoals; and

WHEREAS, No equipment can be taken along the coast line because no road exists, and many lives have been lost because aid could not reach them; and

WHEREAS, A road along this coast would be of value in the saving of life and property and would be of great military value in case of foreign invasion; now

Therefore, We, your memorialists, in the name of and for the people of the State of Washington, do earnestly and respectfully petition and urge that your Honorable Body order and direct that an investigation and a survey of a road along the coast of Washington for the purpose of transporting life saving equipment and for national defense in time of need, be made.

**REPORT OF STANDING COMMITTEE.**

SENATE CHAMBER,  
OLYMPIA, WASH., February 26, 1929.

MR. PRESIDENT:

I, a part of your Committee on Educational Institutions, to whom was referred Senate Bill No. 206, entitled, "An Act creating a board of educational administration to perform the duties now required by law to be performed by the board of regents

of the University of Washington, the board of regents of the State College of Washington, the board of trustees of the State Normal School at Cheney, the State Normal School at Bellingham, the State Normal School at Ellensburg and the State Normal School at Centralia, empowering such board to employ necessary assistants and to prescribe rules and regulations governing the operation of such institutions, repealing all acts and parts of acts in conflict herewith, and declaring that this act shall take effect July 1, 1929," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass as amended.

Strike section 1, and substitute therefor the following:

"Section 1. For the purpose of administering the affairs of the University of Washington, the State College of Washington, the State Normal School at Cheney, the State Normal School at Bellingham, the State Normal School at Ellensburg and the State Normal School at Centralia, there is hereby created a board of educational administration to be known as the state board of regents. Said board shall consist of nine members, not more than two of whom shall be residents of the same county, who shall be appointed by the governor of the state by and with the advice and consent of the Senate, and who shall hold their offices respectively for a term of six years from the first Monday in July next succeeding their appointment and until their successors shall be appointed and shall qualify: *Provided*, That the members of the first board to be appointed after the taking effect of this act, shall be appointed for the terms beginning the first Monday in July, 1929, and expiring as follows: three members for the term expiring on the first Monday in July, 1930; three members for the term expiring on the first Monday in July, 1931; three members for the term expiring on the first Monday in July, 1932. Five members of said board shall constitute a quorum for the transaction of business. *Provided, further*, That no action shall be taken or authorized by the board except by a majority vote of the entire board. Whenever there shall be a vacancy on said board, from any cause whatever, it shall be the duty of the governor to fill such office by appointment, and the person or persons so appointed shall continue in office until the close of the legislature next thereafter, or until others are appointed and qualified in their stead. Each member of the board, before entering upon the duties of his office, must qualify by taking the usual oath of office before some officer authorized by law to administer the same and filing a copy of said oath with the secretary of state."

After section 5, insert the following to be known as Sec. 6, to read as follows:

"Sec. 6. Said board shall have power to appoint an executive advisor to the regents, who shall be a person trained and experienced in educational matters pertaining to institutions of higher learning, and who shall perform such duties as may be assigned him by the board of regents."

Renumber Sec. 6 and Sec. 7 to read Sec. 7 and Sec. 8 respectively.

**REPORT OF STANDING COMMITTEE.**

SENATE CHAMBER,  
OLYMPIA, WASH., March 4, 1929.

MR. PRESIDENT:

We, your Committee on Roads and Bridges, to whom was referred Senate Bill No. 253, entitled "An Act relating to motor vehicles, the fees for registration thereof and fixing an excise tax on the use of certain fuels thereby; amending section 15 of chapter 96 of the Laws of 1921, being section 6326 of Remington's Compiled Statutes of Washington, 1922, and repealing sections 1 and 2 of chapter 81 of the Laws of Washington, 1923, being sections 8328 and 8328-1 of Remington's Compiled Statutes of Washington, 1927 Supplement, and declaring when the provisions hereof shall take effect," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass as amended.

Strike all of the bill after the enacting clause and insert in lieu thereof the following:

"Section 1. That from and after the first day of December, 1929, the following fees for motor vehicle licenses shall be collected unless otherwise provided:

**ANNUAL FEES.**

**Motor Cycles**

All ..... \$7.50

**Automobiles**

Automobiles for private use ..... 7.50

Automobiles for hire ..... 7.50

and, in addition thereto, at the rated carrying capacity, per person.. 3.00

**Auto Stages**

Each auto stage ..... 7.50

and, in addition thereto, at the rated carrying capacity, per person 3.00

**Auto Stage Trailers**

Each trailer ..... 7.50

and, at the rated carrying capacity per person ..... 3.00

**Motor Trucks**

One ton or less ..... 7.50

and over 1 ton \$7.50 plus 60 cents per hundred weight for the maximum load to be carried thereon.

Trailers used as trucks shall be classified and rated as, and shall pay the same fee as hereinbefore provided for motor trucks as to registration and load.

**Dealers' Licenses**

Dealers in motorcycles ..... 10.00

Dealers in all other motor vehicles regardless of weight ..... 50.00

Additional dealers' license plates, bearing same number except motor cycle dealers' licenses ..... 10.00

**General Fees**

Duplicate license certificates, each ..... 1.00

Dealers' duplicate plates, each ..... 5.00

Transfer of motor vehicle license, each ..... 1.00

**Steam or Electric Vehicles**

An additional fee of fifty cents per hundred weight over and above the basic registration fee hereinabove provided in accordance with the purpose for which such vehicle is intended to be used, in lieu of the excise tax hereinafter provided.

Any truck and/or trailer, used for the purpose of transporting any well-drilling machine, air-compressor, rock-crusher, conveyor, hoist, donkey engine, cookhouse,

bunkhouse, toolhouse, or similar tool or structure attached to and made a part of such truck or trailer ..... \$5.00

*Provided*, It shall be unlawful for any private or corporation car to carry passengers for hire, except that this provision shall not apply to private automobiles that shall be operated for hire for a period of one week or less and for which a special permit so to operate shall have been obtained from the county auditor. The fee for any such permit shall be for each automobile the sum of five dollars (\$5.00).

At the time any application for a license or a transfer of license is made to the county auditor, the applicant shall pay to the county auditor the sum of twenty-five cents for each application, in addition to the license fee provided for in this section, which fee shall be paid to the county treasurer in the same manner as other fees, collected by the county auditor and credited to the county current expense fund.

From and after the first day of July, 1929, every distributor of liquid fuel, as defined by chapter 173 of the Laws of 1921, and every person, firm or corporation using liquid fuel for the purpose of operating motor vehicles on public highways in the State of Washington, upon the sale or use of which fuel the excise tax hereby imposed has not been heretofore paid, shall not later than the fifteenth day of each calendar month render a sworn statement to the director of licenses on all such liquid fuels used or sold by him in the State of Washington during the preceding calendar month, and pay an excise tax of four cents per gallon on all liquid fuel so used or sold, as shown by such statement in the manner and within the time provided by said chapter 173 of the Laws of 1921, as heretofore or hereafter amended;

*Provided*, That any person coming into this state may bring in and use not more than twenty gallons of such liquid fuel at any one time, in a container attached to and made a part of any vehicle, tax free. The excise tax hereby imposed shall be in addition to any other taxes provided by law, and payment of such taxes shall be made at the time and in the manner provided by said chapter 173 of the Laws of 1921, as heretofore or hereafter amended.

It shall be the duty of the state treasurer on the next business day after the receipt of any such excise taxes to deposit in the state treasury to the credit of the motor vehicle fund four-fifths of the balance of moneys received as excise taxes, on hand at the close of the preceding business day, after making all corrections and refunding all overpayments, and to deposit in the state treasury to the credit of a fund, which is hereby created, to be known as the "cross state highway fund" the remaining one-fifth of such balance, and all moneys in said cross state highway fund shall be appropriated and used for the purpose of paving a cross state highway beginning at the City of Seattle; thence by way of Renton and the Snoqualmie Pass to the City of Ellensburg; and thence, either by way of Vantage Bridge, and Quincy to a point at or near Soap Lake; thence northerly through Dry Falls State Park to a junction with State Road No. 2 at or near Coulee and thence east by way of Spokane to the Idaho-Washington state line; or, from Ellensburg thence by way of Yakima and Pasco to the City of Walla Walla, as may be determined by a commission composed of the Governor, as chairman, and the mayors of the cities of Seattle, Tacoma, Spokane and Walla Walla, which commission shall meet within ten days after the taking effect of this act and determine by resolution adopted and entered upon its minutes, the route of said cross state highway.

Sec. 2. That section 2 of chapter 173 of the Laws of 1921 and sections 1 and 2 of chapter 81 of the Laws of 1923 (sections 8328 and 8328-1 of Remington's Compiled Statutes, 1927 Supplement) shall be and are hereby repealed as of the first day of July, 1929; and that section 15 of chapter 96 of the Laws of 1921 (section 6326 of Remington's Compiled Statutes of 1922) shall be and is hereby repealed as of the first day of December, 1929."

Further amend the bill as follows:

Strike the title and insert in lieu thereof the following:

"An Act relating to motor vehicles, the fees for licenses therefor, and excise taxes on fuel to be used thereby, repealing certain acts relating thereto, and declaring when the provisions of this act shall take effect." OLIVER HALL, *Chairman*.

**REPORT OF STANDING COMMITTEE.**

SENATE CHAMBER,

OLYMPIA, WASH., February 21, 1929.

MR. PRESIDENT:

We, a majority of your Committee on Medicine, Dentistry, Pure Food and Drugs, to whom was referred House Bill No. 241, entitled "An Act relating to and regulating the possession, transportation, treatment and disposition of, dead human bodies, and licensing of embalmers and funeral directors, regulating the conduct in relation thereto, providing penalties for violation thereof, and repealing all acts and parts of acts in conflict therewith," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass with the following amendments:

Amend section 12, line 13 of the original bill, same being line 1 of the printed bill, strike all of section 12 after the number and insert in lieu thereof the following:

"For the purpose of carrying out the provisions of this act the director of licenses shall have power and it shall be his duty to adopt, promulgate and enforce, reasonable rules and regulations; to inspect the premises on which the business of funeral director or embalmer is conducted and for that purpose, to employ inspectors and to suspend or revoke licenses after hearing and notice to the licensee for violation of any of the provisions of this act or for violation of any rule or regulation prescribed pursuant thereto, or for the commission and conviction of a crime involving moral turpitude, or for the direct or indirect payment of a commission in order to secure business or for the selling or offering for sale of shares or certificates or for the selling or offering for sale of any interest in the business of any funeral director or embalmer or in the business of any person, corporation, firm or association owning or conducting an undertaking or embalming establishment, under promise of or purporting to give to the purchasers thereof a right to the service of such funeral director, embalmer, person, corporation, firm or association at a charge or cost less than that offered or given to the public at large."

Amend section 17, line 9 of the original bill, same being line 1 of the printed bill, strike all of section 17 after the number and insert in lieu thereof the following:

"Every person, corporation, firm or association who shall pay or cause to be paid directly or indirectly any sum of money or other valuable consideration for the securing of business for any undertaking and/or embalming establishment, and every person, corporation, firm or association who shall accept any sum of money or other valuable consideration directly or indirectly from any person, corporation, firm or association in order that any of the latter may secure such business shall be guilty

of a gross misdemeanor, and every person, corporation, firm or association who shall sell or offer for sale any share or certificate, or who shall sell or offer for sale any interest in the business of any funeral director or embalmer or in the business of any person, corporation, firm or association owning or conducting an undertaking or embalming establishment, under promise or representation that the purchaser thereof shall receive or be entitled to the services of such person, corporation, firm or association at a price or cost less than that open to the general public, shall be guilty of a gross misdemeanor unless such person, corporation, firm or association so selling or offering for sale any such share, certificate or interest in such business, shall first file and keep in full force and effect a bond running to the State of Washington in the penal sum of \$25,000.00, with good and sufficient surety company licensed to do business in this state, as surety, to be approved by and filed with, the secretary of state, conditioned to indemnify, protect and save harmless the purchaser of any such share, certificate or interest in such business, from any damage or loss sustained, or occasioned by any misrepresentation and/or fraud on the part of or the insolvency of such person, corporation, firm or association so selling such share, certificate or interest in such business.

"In the case of a purchaser of any such share, certificate or interest in such business sustaining damage or loss as herein specified, such purchaser, his heirs, executors and/or administrators shall have a cause of action against the principal and surety upon the bond herein provided for, for all damages so sustained, and in such action the full amount of damages so sustained may be recovered against the principal, but the recovery against the surety shall be limited to the amount of the bond."

W. J. TAYLOR, *Chairman*.

We concur in this report: Jos. St. Peter, C. F. Stinson, E. B. Palmer, W. P. Gray.

SENATE CHAMBER,

OLYMPIA, WASH., February 21, 1929,

MR. PRESIDENT:

We, a minority of your Committee on Medicine, Dentistry, Pure Food and Drugs, to whom was referred House Bill No. 241, entitled "An Act relating to, and regulating the possession, transportation, treatment and disposition of, dead human bodies, and licensing of embalmers and funeral directors regulating the conduct in relation thereto, providing penalties for violation thereof, and repealing all acts and parts of acts in conflict therewith," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do not pass.

....., *Chairman*.

We concur in this report: J. H. Miller, Reba J. Hurn.

On motion of Senator Taylor, the reports of the committee were received and the bill was read the third time.

On motion of Senator Murphy, the following amendment was adopted:

Amend section 3, lines 2 and 3, after the word "age" insert the word "and"; after the word "character" strike the comma, substitute a period, and strike the remainder of the sentence.

#### MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Thursday, March 7, 1929.

To the Honorable, the Senate of the State of Washington.

LADIES AND GENTLEMEN:

I have today approved the following Senate Bills, entitled:

Senate Bill No. 65:

"An Act relating to city firemen in certain cities and towns of the state, creating a relief, retirement and pension fund for such firemen and their widows, children, parents and dependents, providing for the maintenance and distribution thereof, and amending sections 3, 4, 5, 6, 7, 8, 9, 10, 12, 13, 14, 15, 16, 17, 18 and 19 of chapter 196, Laws of 1919."

Senate Bill No. 109:

"An Act relating to the compensation of eminent domain commissioners, and amending section 9236 of Remington's Compiled Statutes of Washington."

Very truly yours,

ROLAND H. HARTLEY, *Governor*.

The secretary read:

**MESSAGE FROM THE GOVERNOR.**

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Thursday, March 7, 1929.

*To the Honorable, the Senate of the State of Washington.*

I am returning herewith, without my approval, Senate Bill No. 56, entitled:

"An Act relating to salaries of justices of the peace in cities having over 300,000 or more inhabitants."

The bill increases salaries of justices of the peace in cities having over 300,000 population, from \$2,100.00 per annum to \$3,000.00 per annum. This increase of salary is not justified. Every increase of this character makes an addition call upon the taxpayer. The tax crisis which now confronts the people does not warrant the enactment into law of this bill.

Therefore, Senate Bill No. 56 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor*.

On motion of Senator Wray, the messages from the Governor were ordered spread on the journal and Senate Bill No. 56 was referred to the Committee on Rules and Joint Rules.

The secretary read:

SENATE PRESS GALLERY,  
March 11, 1929.

*To the Honorable, the Senate of the State of Washington:*

We, members of the Senate Press Gallery, personally and in behalf of our several newspapers, extend our thanks for the following things:

For the Senate's kindness in providing a comfortable room for the working members of the press;

For the Senate's kindness in giving press members the privileges of the lounge room;

For the many courtesies and considerations shown by the President and individual members of the Senate;

For the unvaried courtesy and helpfulness shown by Herbert Sieler, secretary; Daniel McCush, sergeant-at-arms, and members of their staffs.

Therefore, simply as a token of our appreciation, we petition your honorable body to suspend that irksome portion of rule 63.

#### REPORT OF STANDING COMMITTEE.

SENATE CHAMBER,  
OLYMPIA, WASH., February 21, 1929.

MR. PRESIDENT:

We, your Committee on Revenue and Taxation, to whom was referred Engrossed House Bill No. 106, entitled "An Act concerning taxes on the transfer of personal property of non-residents and to make uniform the laws of the states with reference thereto," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass as amended:

Renumber Sec. 2 to read "Sec. 3" and Sec. 3 to read "Sec. 4."

Add a new section to be known as "Sec. 2" to read as follows:

"Sec. 2. When the Inheritance Tax and Escheats Division is determining inheritance tax, in the manner provided by law, on the succession to property from a

decendent citizen resident of this state, if it is made to appear that an inheritance or succession tax has been assessed and paid in any other state, territory, district or possession of the United States, or foreign country on the succession to any part of such property of such estate located in or under the jurisdiction of this state, the court shall allow the successor by whom such inheritance tax has been paid, a credit of the amount so paid by him or in his behalf in such other state, territory, district or possession of the United States, or foreign country on that particular property, this credit to be applied on the tax assessed under the laws of this state, upon that particular property. *Provided, however,* That the amount of such credit so allowed shall in no case exceed the amount assessed or paid in this state on the succession of such successor in the said particular property so subject to inheritance tax elsewhere."

Add a new section to be known as "Sec. 5" to read as follows:

"Sec. 5. That in case this act or any part thereof shall be held unconstitutional, such holding shall only apply to this act or a part thereof and shall not apply to any other act."

E. J. CLEARY, *Chairman.*

We concur in this report: H. L. Williams, J. H. Miller, F. J. Wilmer, W. L. Dimmick, C. G. Heifner.

On motion of Senator Cleary, the report of the committee was received and the bill was read the third time.

The secretary read:

#### **REPORT OF SELECT COMMITTEE ON AMENDMENT TO THE SENATE RULES.**

We, your Select Committee on Amendment to the Rules, report that we have had under consideration the matter of the time and method of making motion for reconsideration, and recommend that Rule 27 of the Senate Rules be amended to read as follows:

Rule 27. After the final vote on any motion, resolution or bill, before the adjournment of that day's session, and at such time only, any member who voted with the prevailing side may give notice of reconsideration. Such motion to reconsider shall be in order only *under the order of motions* on the day immediately

following the day upon which such notice of reconsideration is given, and may be made by any member who voted with the prevailing side.

A motion to reconsider shall have precedence over every other motion, except a motion to adjourn; and when the senate adjourns while a motion to reconsider is pending or before passing the order of motions, \* \* \* \* the right to move a reconsideration shall continue to the next day of sitting. On and after the fifty-seventh day of the session a motion to reconsider shall only be in order on the same day upon which notice of reconsideration is given and may be made at any time that day. Motions to reconsider a vote upon amendments to any pending question may be made and decided at once.

## REPORT OF STANDING COMMITTEE.

SENATE CHAMBER,  
OLYMPIA, WASH., March 1, 1929.

MR. PRESIDENT:

We, your Committee on Banks and Banking, to whom was referred Engrossed House Bill No. 167, entitled "An Act relating to the investment of funds held in trust by corporations doing a trust business, and amending chapter 80 of the Laws of 1917," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass with the following amendment:

Amend Engrossed House Bill No. 167 by adding thereto a new section to be known as section 21, as follows:

Sec. 21. That chapter 80 of the Laws of 1917 be amended by adding thereto a new section to be known as section 48t to read as follows:

Section 48t. It shall be the duty of any corporation which shall invest trust funds under sections 48f, 48g, 48h, 48i, 48j and 48k of this act to retain in its possession such circulars, letters or other data that it may have acquired for the purpose of establishing that the securities it has purchased comply with the requirements of the above sections until the next regular or special examination by the supervisor of banking, deputy supervisor of banking or any bank examiner, at which time it shall give the person conducting the examination a list of all securities purchased by it under the above sections since the last examination, and at the same time shall furnish him with the data above referred to to facilitate the examination. Thereupon such examiner shall ascertain from such data whether or not such securities comply with the above provisions of this act. If the examiner is satisfied that the securities do comply with the above provisions he shall forward a statement to that effect to the supervisor of banking. If the supervisor shall be of the same opinion he shall forthwith give the corporation a statement to that effect, which shall be signed by the supervisor of banking or the deputy supervisor of banking, and thenceforward such statement shall be conclusive proof that the securities therein

described comply in all respects with the above provisions. If, in the opinion of the person conducting the examination, the data furnished him by the corporation is insufficient to enable him to form an opinion as to whether or not any security complies with the above requirements he shall so notify the corporation and further notify it that it shall obtain the requisite data within a reasonable time from such notification and forward it to the supervisor of banking. **MESSAGE FROM THE GOVERNOR.**

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 11, 1929.

*To the Honorable, the Senate of the State of Washington.*

LADIES AND GENTLEMEN:

I have today approved the following Senate Bill, entitled:

Senate Bill No. 104:

"An Act relating to the use of public highways, the licensing of motor vehicles, amending chapter 96 of the Laws of 1921, and providing penalties for violation thereof."

Yours very truly,

ROLAND H. HARTLEY, *Governor.*

The secretary read:

**MESSAGE FROM THE GOVERNOR.**

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 11, 1929.

*To the Honorable, the Senate of the State of Washington:*

I am returning herewith, without my approval, Senate Bill No. 137, entitled: "An Act relating to the security of real estate titles and regulating conveyances and the recording thereof."

There are many reasons why this bill should not become a law. The following are a few of them:

1. The bill deprives the public of the opportunity of ascertaining from the recording books in whom title to real property is vested. Even though such a deed, failing to show the marital status of the grantee, should not be received for record, the title, nevertheless, would pass to the grantee. The bill does not attempt to prevent the title from passing to the grantee. Such incomplete records would cause loss and confusion.

2. The county auditor by refusing to receive such a deed for record would leave it open for subsequent deeds and inferior liens to be recorded, to the damage of the real owner of the property or to the holders of such subsequent deeds and liens, and also cause further confusion in the public which depends upon the record books provided by statute as the books of notice and information respecting title to real property.

3. A spouse purchasing real property with separate funds, if required to thus show in the deed his or her marital status, would cause further confusion as to the separate or community character of the property.

4. Such a statute would seriously interfere with the selling and acquiring of property and is an unwarranted interference with the existing laws relating to the recording of deeds and the notice imparted thereby.

I do not believe the general benefits enjoyed by the public under the existing recording laws should be curtailed by Senate Bill No. 137 for special interests. Therefore, Senate Bill No. 137 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Palmer, the message of the Governor was ordered spread upon the journal and Senate Bill No. 137 was referred to the Committee on Judiciary.

The secretary read:

**MESSAGE FROM THE GOVERNOR.**

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 11, 1929.

*To the Honorable, the Senate of the State of Washington:*

I am returning herewith, without my approval, Senate Bill No. 105, entitled: "An Act for the protection of the owners of motor vehicles, to prevent fraud in the sale or incumbrance thereof, requiring the registration of title thereto, regulating the transfer or encumbrance thereof and providing penalties for violations thereof."

I vetoed a similar measure passed by the last session of the legislature. In vetoing that bill, among other things, I said:

"Its administration would be expensive. It would put an added tax upon every one of the four hundred thousand or more owners of motor vehicles in this state. It would create another bureau at the state capitol."

This bill is open to the same objection. It will require an appropriation of an enormous amount of money which would have to be paid by motor vehicle owners. If this bill were permitted to become a law it would necessitate every car owner in the state procuring a certificate of title. This is an entirely unnecessary expense.

The bill exempts automobile dealers from furnishing the automobile purchaser with a certificate of title. If one of the objects of the bill is to protect persons purchasing automobiles, there is no reason why the dealer should not furnish the purchaser with a certificate of title showing that he is buying the machine free and clear of claims, liens and encumbrances.

Existing registration laws afford ample protection to all persons having liens of any character on personal property, motor vehicles included.

There are other objections to the bill too numerous to mention herein. Therefore, Senate Bill No. 105 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Palmer, the message of the Governor was ordered spread upon the journal, and Senate Bill No. 105 was made a special order of business for 3 o'clock this afternoon.

The secretary read:

**MESSAGE FROM THE GOVERNOR.**

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,  
OLYMPIA, Monday, March 11, 1929.

*To the Honorable, the Senate of the State of Washington:*

I am returning herewith Senate Bill No. 199, entitled: "An Act relating to state forests, defining the powers and duties of the state forest board and other state officials in respect thereto, creating a forest development fund, providing for revenue therefor and disbursements therefrom, and amending sections 3 and 6 of chapter 154 of the Laws of 1923."

This bill is approved, with the exception of section 2, which is vetoed.

Section 2 amends section 6 of the existing law by eliminating the requirement that moneys placed in the forest development fund shall be *pledged* for the *sole* purpose of paying interest and principal on the bonds issued by the state forest board; and eliminates the provision that "any of such bonds shall be a first and prior claim and lien against said fund for the payment of principal and interest". There are about eight thousand dollars of outstanding bonds issued by the state forest board entitled to a prior claim and lien upon the moneys in the forest development fund. Section 6, as amended, will permit the state forest board to disregard the provisions of the existing law which provides that moneys in that fund are to be used in paying principal and interest on such bonds and it will permit the state forest board to use said funds for the purchase of, caring for, maintaining and administering lands for forest growing purposes, and would make it possible to deplete the fund pledged to pay the bonds, which would probably result in the bond holders demanding that the Legislature appropriate money from the general fund to pay the bonds caused by such a depletion of the forest development fund.

I do not believe the Legislature has power to destroy the fund created by the existing law in respect to outstanding bonds, nor do I see any reason for so doing.

Therefore, section 2 of Senate Bill No. 199 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Palmer, the message of the Governor was ordered spread upon the journal, and Senate Bill No. 199 was referred to the Committee on Rules and Joint Rules.

Amend the bill by adding at the end thereof a new section, to be known as Sec. 18, to read as follows:

"Sec. 18. That section 63 of chapter 178 of the Laws of the Extraordinary Session of 1925, page 524, be amended to read as follows:

"Section 63. It shall be unlawful for any person to in any manner hunt or trap any beaver in this state, except as otherwise provided in this act, or have in his possession alive or dead any beaver or part thereof that has been caught or killed in this state. Nothing in this section, however, shall be construed to prevent any person residing in this state from having in his possession or from buying, selling or handling skins of beaver lawfully caught or killed outside of this state. \* \* \* \*  
*Before any beaver skins are shipped or brought into this state it shall be the duty of the consignee or person in whose possession the beaver skins are, to make an affidavit before any person authorized to administer oaths, that each and every skin was lawfully taken without the State of Washington. Which affidavit shall accompany each shipment and the person, firm or corporation to whom the skins are delivered shall forthwith notify in writing the supervisor of game and game fish, and the county game commission, of the place where said skins are stored, or may be inspected and said supervisor of game and game fish, or county game commission, shall inspect said skins and if satisfied from said affidavit and an examination of each skin that they were not killed within the State of Washington shall, upon the payment of a fee of \* \* \* \* twenty-five cents (.25) for each skin, stamp said skins with the words 'killed outside the State of Washington' together with a facsimile signature of the supervisor of game and game fish. On said skins being so stamped, they may be offered for sale, and all fees so collected shall be paid one-half into the State Game Fund and one-half into the county game fund of the county in which the same are stamped.*"

and the same is herewith transmitted.

A. W. CALDER, *Chief Clerk.*

On motion of Senator Post, the Senate refused to concur in the House amendments to Engrossed Senate Bill No. 205, and asked the House to recede therefrom.

#### REPORTS OF STANDING COMMITTEE.

SENATE CHAMBER,  
OLYMPIA, WASH., March 12, 1929.

MR. PRESIDENT:

We, a majority of your Committee on Revenue and Taxation, to whom was referred Engrossed House Bill No. 217, entitled: "An Act providing for a tax measured by income upon banks and financial corporations; providing for the assessment and collection thereof; providing for certain offsets or deductions; providing certain penalties and for the collection and enforcement thereof; declaring that certain acts shall constitute a misdemeanor; repealing sections 28, 29, 30, 31 and 32 of chapter 130 of the Laws of the Extraordinary Session of 1925, and declaring that this act shall take effect immediately," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass with the following amendments:

Amend section 1, line 6 of page 2 of the original bill, being line 24 of the printed bill, by striking the period, inserting in lieu thereof a colon, and adding the following: "*Provided*, That the premium income of insurance companies shall not be included in gross income."

Add to section 7 of the printed bill the following:

(i) In the case of building and loan and savings and loan association and societies the return or dividend paid or credited on the shares of the members thereof up to and including four per cent thereon.

(j) In the case of mutual savings banks the amount of interest or dividends paid or credited to depositors up to and including four per cent thereon.

If any deduction provided for in subdivisions i and j is finally adjudged discriminatory against a national banking association, contrary to section 5219 of the Revised Statutes of the United States, or is for any reason invalid, in that event the tax of the favored taxpayer shall be recomputed by the commission, as of the time of the allowance of the deduction, by disallowing the deduction, and any difference between the amount of the tax as recomputed and the amount of the tax as originally computed shall be subject to the provisions hereof relating to original computations.

Amend section 13 of the bill as follows:

In line 24 of the engrossed bill after the word "more" insert the words "banks and/or".

In line 30 of the engrossed bill after the word "any" insert the words "bank or".

In line 31 of the engrossed bill after the word "another" insert the words "bank or".

Amend section 28 of the bill as follows:

In line 2 of the engrossed bill after the word "business" insert a comma (,) and the words "or owns and controls one or more banks and/or corporations,"

In line 8 of the engrossed bill after the word "office" strike the period and insert a comma and add the words "or subsidiary Bank or corporation".

In line 12 of the engrossed bill after the word "offices" insert the words "or subsidiary banks or corporations,"

**REPORT OF FREE CONFERENCE COMMITTEE.**

OLYMPIA, WASH., March 14, 1929.

MR. PRESIDENT:

We, your Committee on Free Conference, to whom was referred Re-Engrossed House Bill No. 298, entitled: "An Act relating to public parks, providing for the formation of metropolitan park districts in connection therewith, amending sections 4, 5, 7, 14, 15, 19 and 22 of chapter 98 of the Laws of 1907 and further amending said chapter by adding thereto four new sections to be known as sections 5-a, 5-b, 5-c and 19-a, and declaring that this act shall take effect immediately." have had the same under consideration, and we recommend that the Senate recede from the following amendment:

Amend section 2, line 7, after the words "other than Class A" insert the words: "and first class"; after the word "counties" and before the words "on the" at the end of the line, insert the words "and not to exceed two and one-half mills in first class counties,"

That the House concur in the following amendments:

Amend the bill. Following section 6, insert a new section to be known as section 7, as follows:

"Section 7. That section 8 of chapter 98 of the Laws of 1907 (section 6727 of Remington's Compiled Statutes) be amended to read as follows:

"Section 8. *In case such metropolitan park district through its board of commissioners desires to contract indebtedness as set forth and described in section 6, or in case the question of incurring indebtedness and issuing bonds as set forth and described in section 7 shall be submitted to the voters of such metropolitan park district and carried as hereinabove provided for, the commissioners of such metropolitan park district may issue the negotiable bonds of such district for the amount of such indebtedness and may dispose of said bonds either in payment of such indebtedness, or may advertise and sell said bonds in the open market for cash, but in no event shall said bonds be disposed of or negotiated at less than par.*" and renumber the succeeding sections accordingly.

Amend the bill by adding a new section to be numbered section 14, as follows:

"Sec. 14. That sections 9, 10, 11 and 12 of chapter 98 of the Laws of 1907, as amended by sections 3 and 4, chapter 131 of the Laws of 1909 (sections 6728, 6729, 6730, 6731 and 6732 of Remington's Compiled Statutes) are hereby repealed."

Amend title. In line 2, following the comma (,), after the figure "7" insert figure "8" and a comma (,)

Amend title. Following the comma (,) after the figures "19-a" insert the following: "and repealing sections 9, 10, 11, and 12 of said chapter,"

That the bill be further amended as follows:

Amend section 2 of the bill as follows:

In line 8 of the printed bill, the same being line \_\_\_\_\_ of the engrossed bill, after the words "in such district" strike the period (.) and insert a colon (: ) and the words:

"*Provided*, That in counties of the first class the levy shall not exceed two mills unless and until an increased levy of not to exceed a total of two and one-half mills shall have been authorized by a majority of the voters of the district voting upon the question of authorizing such increased levy at the general district election preceding the making of such levy, which question shall be submitted in the following form:

Shall the board of park commissioners of Metropolitan Park District of \_\_\_\_\_ (inserting the name of the city constituting the park district) be authorized to levy taxes in the year 19.... (inserting the year in which the election is held) at the rate of \_\_\_\_\_ mills (inserting the millage of the proposed levy) on all taxable property in said district? Yes.  No.

FRED SHOEMAKER

On motion of Senator Metcalf the report of the free conference committee was adopted.

On motion of Senator Metcalf, the amendments were adopted.

The secretary called the roll on the final passage of Re-engrossed House Bill No. 298 as amended, and it passed the Senate by the following vote:

Those voting aye were: Senators Ball, Barnes, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Charles W.), Hall (Oliver), Hartwell, Heifner, Houser, Hurn, Jacobus, Knutzen, Landon, Metcalf, Miller, Mize, Murphy, Oman, Palmer, Post, St. Peter, Smith, Somerville, Stinson, Taylor, True, Williams, Wray—34.

Absent or not voting: Senators Cleary, Hastings, Lunn, Norman, Phipps, Sutton, Tatman, Wilmer—8.

The bill, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

The Conference Committee on House Bill No. 429 presented a divided report.

Senator Conner raised the point of order that the report was out of order, for the reason that a majority in each house had not agreed to the report.

The President held the point of order well taken.

Senator Hall (Charles W.) moved that the report be considered a report of disagreement.

Senator Houser moved as a substitute motion, that the Senate members of the Conference Committee on House Bill No. 429 be discharged, and that a new conference committee, with the power of free conference, be appointed.

The substitute motion of Senator Houser carried.

The President appointed Senators Metcalf, Dimmick and Williams as the Senate Members of the conference committee with the power of free conference, on House Bill No. 429.

Ex-Senator Paulson briefly addressed the members of the Senate.

At 5:04 p. m., on motion of Senator Palmer, the Senate recessed until 8 o'clock this evening.

MR. PRESIDENT:

We, your Committee on Free Conference, to whom was referred House Bill No. 380, entitled: "An Act relating to taxation of inheritances and ascertaining, determining and collecting of such tax, providing a bond for payment of inheritance tax and providing certain transfers to be in contemplation of death, and amending sec-

tions 11202, 11206, 11211 and 11216 of Remington's Compiled Statutes, and adding to section 11216 of Remington's Compiled Statutes two new sections to be known as section 11216-A, section 11216-B, and adding to section 11201 of Remington's Compiled Statutes a new section to be known as 11201-A, providing a penalty for practicing a fraud upon the State of Washington relating to the ascertainment, determination and collection of inheritance taxes," have had the same under consideration, and we recommend that the Senate recede from its amendment to section 3 and that the House concur in the Senate amendment to section 6, and that the bill be further amended as follows:

Amend the title, line 2, by striking the words, "providing a bond for the payment of inheritance tax"

Amend the title, line five, by striking the words and figures, "section 11216-B".

Strike section 3 of the original bill and insert in lieu thereof the following:

"Sec. 3. That section 11211 of Remington's Compiled Statutes be amended to read as follows:

Section 11211. The superior court, having jurisdiction, shall appoint three suitable disinterested persons to appraise the estate and effects of deceased persons for inheritance tax purposes, and unless otherwise provided by order of the court, the appraisers appointed under the probate law to appraise the estate and effects of deceased persons shall be and constitute the appraisers under the provisions of this act: *Provided, however, That in all Class A, 1st, 2nd and 3rd class counties, one of such appraisers, in either case, shall be recommended by the supervisor of the inheritance tax and escheat division, and appointed by the court as one of the three appraisers, and shall receive a like compensation as each of the other appraisers.* The supervisor of the inheritance tax and escheat division or any person interested in the estate appraised, may file exceptions to the appraisement, which shall be heard and determined by the court having jurisdiction in probate of the estate involved. If, upon the hearing, the court finds the amount at which the property is appraised is its market value and the appraisement was fairly and in good faith made, it shall approve such appraisement; but if it finds that the appraisement was made at a greater or less sum than the market value of the property, or that the same was not fairly or in good faith made, it shall set aside the appraisement and determine such value. The supervisor of the inheritance tax and escheat division, or any one interested in the property appraised, may appeal to the supreme court from the order of the superior court in the premises."

And that the sections be renumbered accordingly.

*Provided*, That the motor vehicles exempt from license fees by section 17 of chapter 96 of the Laws of 1921 as amended by chapter 47 of the Laws of the Extraordinary Session of 1925, shall be exempt from the license fees provided for by this act.

*Provided*, It shall be unlawful for any private or corporation car to carry passengers for hire, except that this provision shall not apply to private automobiles that shall be operated for hire for a period of one week or less and for which a special permit so to operate shall have been obtained from the county auditor. The fee for any such permit shall be for each automobile the sum of five dollars (\$5.00).

At the time any application for a license or a transfer of license is made to the county auditor, the applicant shall pay to the county auditor the sum of twenty-five cents for each application, in addition to the license fee provided for in this section, which fee shall be paid to the county treasurer in the same manner as other fees, collected by the county auditor and credited to the county current expense fund.

From and after the first day of July, 1929, every distributor of liquid fuel, as defined by chapter 173 of the Laws of 1921, and every person, firm or corporation using liquid fuel for the purpose of operating motor vehicles on public highways in the State of Washington, upon the sale or use of which fuel the excise tax hereby imposed has not been theretofore paid, shall not later than the fifteenth day of each calendar month render a sworn statement to the director of licenses on all such liquid fuels used or sold by him in the State of Washington during the preceding calendar months, and pay an excise tax of three and one-half (3½) cents per gallon on all liquid fuel so used or sold, as shown by such statement, in the manner and within the time provided by said chapter 173 of the Laws of 1921, as heretofore or hereafter amended:

*Provided*, That any person coming into this state may bring in and use not more than twenty gallons of such liquid fuel at any one time, in a container attached to and made a part of any vehicle, tax free. The excise tax hereby imposed shall be in addition to any other taxes provided by law, and payment of such taxes shall be made at the time and in the manner provided by said chapter 173 of the Laws of 1921, as heretofore or hereafter amended.

From and after the first day of July, 1929, until the first day of January, 1930, it shall be the duty of the state treasurer on the next business day after the receipt of any excise taxes provided for in this act to deposit in the state treasury to the credit of the motor vehicle fund four-sevenths (4/7) of the balance of moneys received as such taxes, on hand at the close of the preceding business day, after making all corrections and refunding all overpayments, and reimbursing and repaying all excise taxes paid under the provisions of this act for liquid fuel purchased or used for the purposes for which reimbursements and repayments are provided for in chapter 173 of the Laws of 1921, as amended by chapter 81 of the Laws of 1923, or otherwise amended, and to deposit in the state treasury to the credit of a fund, which is hereby created, to be known as the "East and West Paved Highway Fund", the remaining three-sevenths (3/7) of such balance, and from and after the first day of January, 1930, it shall be the duty of the state treasurer on the next business day after the receipt of any excise taxes provided for in this act to deposit in the state treasury to the credit of the motor vehicle fund six-sevenths (6/7) of the balance of moneys received as such excise taxes, on hand at the close of the preceding business day, after making all corrections and refunding all overpayments, and reimbursing and repaying all excise taxes paid under the provisions of this act for liquid fuel purchased or used for the purposes for which reimbursements and repayments are provided for in chapter 173 of the Laws of 1921, as amended by chapter 81 of the Laws of 1923, or otherwise amended, and to deposit in the state treasury to the

credit of the said east and west paved highway fund the remaining one-seventh (1/7) of such balance, and the state treasurer shall from time to time transfer from said east and west paved highway fund to the permanent highway fund to the credit of the counties composed entirely of islands, respectively, the amounts of excise taxes paid by the residents of such counties under the provisions of this act, to be ascertained in the manner provided in chapter 54 of the Laws of 1919, as amended by chapter 98 of the Laws of 1923.

All moneys in said east and west paved highway fund shall be appropriated and used for the purpose of paving, and engineering incidental thereto east and west paved highways beginning at a junction at the most feasible point, with the Pacific Highway; thence by way of existing primary state highways to the city of Ellensburg; thence by way of existing primary state highways and/or a connection between existing primary state highways through Dry Falls State Park to the city of Spokane; and from Ellensburg by way of existing primary state highways to the city of Walla Walla; *Provided*, That the director of highways shall select for paving under the provisions of this act either the route terminating at the city of Walla Walla, or the route terminating at the city of Spokane, to be completely paved before any of the moneys in said east and west paved highway fund shall be used for paving the other route.

On the first day of July, 1929, section 2 of chapter 173 of the Laws of 1921, and sections 1 and 2 of chapter 81 of the Laws of 1923, (sections 8328 and 8328-1 of Remington's Compiled Statutes, 1927 supplement) shall be repealed.

On the first day of December, 1929, section 15 of chapter 96 of the Laws of 1921, (section 6326 of Remington's Compiled Statutes of 1922) shall be repealed.

For the purpose of paving the east and west state highway provided for in this act and engineering incidental thereto, there is hereby appropriated from the east and west state highway fund for the biennium ending March 31, 1931, the sum of \$3,100,000.00.

Sec. 2. Nothing in this act shall be construed as amending, modifying, or repealing chapter 88 of the Laws of 1929.

Further amend the bill as follows:

Strike the title and insert in lieu thereof the following: An Act relating to motor vehicles, the fees for licenses therefor, excise taxes on fuels to be used thereby, repealing certain acts relating thereto, declaring when certain provisions of this act shall take effect, and making an appropriation.

**REPORT OF FREE CONFERENCE COMMITTEE.**

OLYMPIA, WASH., March 14, 1929.

MR. PRESIDENT:

We, your Committee on Free Conference, to whom was referred House Bill No. 424, entitled: "An Act re-appropriating certain sums from the Motor Vehicle Fund for the purpose of construction and maintenance of state highways and declaring that this act shall take effect immediately," have had the same under consideration, and we recommend that the House concur in the Senate amendment to section 1, reading as follows:

"Amend section 1 of the bill as follows:

"Strike lines 6 to 14 inclusive of the original bill, the same being lines 1 to 7 inclusive of the printed bill, and insert in lieu thereof the following:

"Section 1. That the sum of five million, four hundred ninety seven thousand, five hundred sixty-nine and 10/100 dollars (\$5,497,569.10) from the motor vehicle fund or so much thereof as may be necessary be and the same is hereby re-appropriated for completing and maintaining work already under contract, or in progress and for new work on certain state roads hereinafter mentioned, the same being the unexpended balances of certain existing appropriations as shown by the State Auditor's books on December 31, 1928, the said balances being re-appropriated as follows: *Provided*, That no expenditures under authority of this act shall in any event exceed the amount of the unexpended balances shown by the State Auditor's books for the respective items."

Also we recommend that the House concur in the Senate amendment reading as follows:

"Amend section 1 of the bill as follows:

"Strike line 5 of page 3 of the original bill, being line 76 of the printed bill, and insert in lieu thereof the following:

" 'Stevenson-Nelson Creek and Greer Creek-Wind River be expended, Stevenson-Wind River and bridge construction.....\$103,910.26' "

Also we recommend that the House concur in the Senate amendment reading as follows:

"Amend section 1 of the bill as follows:

"Line 9, page 3 of the original bill, being line 82 of the printed bill, strike the entire line."

Also we recommend that the House concur in the Senate amendment reading as follows:

"Amend section 1 of the bill as follows:

**REPORT OF FREE CONFERENCE COMMITTEE.**

MR. PRESIDENT:

OLYMPIA, WASH., March 14, 1929.

We, your Committee on Free Conference, to whom was referred Engrossed House Bill No. 417, entitled "An Act relating to public highways, making appropriations for the location, rights of way, engineering, maintenance, improvement, construction and paving thereof, and the construction or purchase of bridges, prescribing the powers and duties of certain officers in relation thereto, and declaring that this act shall take effect immediately," and the Senate amendments thereto, have had the same under consideration, and we recommend that the Senate recede from its amendments and that the bill be amended as follows:

Strike all of the bill after the enacting clause and insert in lieu thereof the following:

"Section 1. For the location, right of way, engineering, maintenance, improvement, construction and/or paving of the respective state highways hereinafter specified, and the construction or purchase or condemnation of bridges, and maintenance and/or improvement of streets in cities and towns, there is hereby appropriated out of the Motor Vehicle Fund and the Highway Safety Fund in the state treasury, for the biennium ending March 31st, 1931, the respective amounts hereinafter specified for the respective highways and purposes specified: *Provided*, That, after the awarding of the contract for or completion of the project specified any allotment shall exceed the requirement, then, and in that event, the balance remaining of any such allotment shall be expended for the maintenance, engineering, construction, improvement and/or paving on the same highway, to be expended under the direction of the Director of Highways, except the amounts appropriated for cities and towns:

On motion of Senator Wray, the Senate resolved itself into a committee of the whole to consider Engrossed House Bill No. 417.

The bill was considered in the committee of the whole, Senator Wray in the chair, and reported back to the Senate with the recommendation that it do pass with the amendments of the Free Conference Committee.

On motion of Senator Wray, the report of the committee was adopted.

Senator Wray moved that the reading had in the committee of the whole be considered the third reading of the bill and that the same be placed on final passage.

The motion carried.

The secretary called the roll on the final passage of Engrossed House Bill No. 417 as amended, and it passed the Senate by the following vote:

Those voting aye were: Senators Barnes, Cleary, Colburn, Condon, Conner, Cox, Dimmick, Finch, Frary, Gray, Hall (Charles W.), Hall (Oliver), Hartwell, Hastings, Heifner, Houser, Hurn, Jacobus, Knutzen, Landon, Lunn, Metcalf, Miller, Mize, Murphy, Norman, Oman, Palmer, Phipps, Post, St. Peter, Smith, Somerville, Stinson, Sutton, Tatman, True, Williams, Wilmer, Wray—40.

Absent or not voting: Senators Ball, Taylor—2.

The bill, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

The secretary read:

**SENATE RESOLUTION.**

By Senator Murphy:

*Resolved*, That after the close of the session, the President and Secretary be authorized to execute proper vouchers to the State Auditor for the payment of any expenses that have been incurred by the Senate or that may be incurred in closing the business of the Senate, and which have not been paid at this time.

On motion of Senator Murphy, the resolution was adopted.

The secretary read:

**SENATE RESOLUTION.**

By Senator Hastings:

*Resolved*, That Herbert H. Sieler, Secretary of the Senate, be authorized and directed to have a copy of the Senate Journal, together with a suitable index therefor, prepared for the State Printer, and that he be allowed for this work and for compiling, editing, proof-reading and indexing the printed Journal the sum of four hundred (\$400.00) dollars, the amount allowed for that purpose in the appropriation bills. The State Auditor is authorized and directed to issue a warrant for one-half of the amount when the printer's receipt for copy is filed in his office, and the balance when the printer shall certify that the reading of the proof on the journal index has been completed and the same found to be correct.

On motion of Senator Hastings, the resolution was adopted.

The secretary read:

**SENATE RESOLUTION.**

By Senator Condon:

WHEREAS, We, the members of the Senate, have had present with us co-laborers during the twenty-first session, not only the members of the House of Representatives, but also representatives of the Fourth Estate; and

WHEREAS, The visiting newspaper correspondents of the various public journals of the state have, by their frequent courtesies, their close attention to business, and their careful and correct account of the proceedings, worked, as we have strived to do, for the best interest of the people of the State of Washington, always with a kindly fellow feeling and with loyalty to the papers they represent; now therefore,

*Be It Resolved*, That the Senate extend to E. Q. Anderson, E. E. Beard, J. Elmer Bovey, James DeK. Brown, H. E. Cassill, Sam L. Crawford, W. H. Curry, Marie Dunbar, E. B. Fussell, Jean Gorrie, Richard Hamilton, C. A. Hayes, Herman Hunt, Horace M. Lane, Earl H. Leif, Fielding Lemmon, J. L. Burton Lewis, H. L. Lewis, M. M. Mattison, George A. Miller, Wilbur A. Sanders and Llewellyn Williams its thanks for the courtesies and good will, its praise for good work well done, and the hope that in the twenty-second legislature all may meet again and renew old friendships.

On motion of Senator Condon, the resolution was adopted.

The secretary read:

**SENATE RESOLUTION.**

By Senator Sutton:

*Resolved*, That the thanks of the Senate is hereby extended to the pastors of Olympia who have served as chaplains during the session.

On motion of Senator Sutton, the resolution was adopted.

The secretary read:

**SENATE RESOLUTION.**

By Senator Wray:

WHEREAS, Members of the Legislature have enjoyed many kindnesses and courtesies extended to them by the residents of the capital city; and

WHEREAS, They have made our visit pleasant and our labors lighter during the sixty-day session; therefore

*Be It Resolved*, That the Twenty-first Senate of the State of Washington hereby expresses its appreciation of the hospitality of the citizens of Olympia.

On motion of Senator Wray, the resolution was adopted.

The secretary read:

**SENATE RESOLUTION.**

By Senator Palmer:

*Be It Resolved*, By the Senate, that the expense for clerk hire necessary in the certification of the session laws of 1929 as provided in Senate Bill No. 99 be paid out of the appropriation for legislative expenses.

On motion of Senator Palmer, the resolution was adopted.

## GOVERNOR'S MESSAGES ON SENATE BILLS VETOED.

---

Thursday, February 14, 1929.

To the Honorable

The Senate of the State of Washington.

I am returning herewith, without my approval, Senate Bill No. 29, entitled:

"An act relating to the exercise of the right of eminent domain by telegraph and telephone companies and repealing certain acts relating thereto."

If permitted to become a law said Senate Bill No. 29 would repeal chapter 33 of the Laws of 1887-8, the same being sections 11339 and 11342 of Remington's Compiled Statutes; sections 7696 and 7697 of Pierce's Code.

In a note to the printed bill it is stated: "We recommend the specific repeal of chapter 33 of '87/8, for the reason that it is obsolete and impliedly repealed by the constitution and later enactments."

The courts are better qualified than the Legislature and the executive departments of government to determine what laws are impliedly repealed by the constitution and later enactments. It is peculiarly the province of the courts to do so. The validity of said chapter 33 had better be left for court determination. Furthermore, as recent as December 19, 1913, the Supreme Court of this state had before it in the case of State of Washington, ex rel. vs. the Superior Court, 77 Washington, page 31, the construction of article 12, section 19 of the state constitution and section 11342 of Remington's Compiled Statutes. In that case the court held that said section 11342 which this bill would repeal is very much alive. This decision was rendered long after the passage of the telephone and telegraph act and general eminent domain act, the last of which was approved March 21, 1890. Consequently the repeal of said chapter 33, Laws of 1887/8, on the ground that it is obsolete does not square with what the supreme court said about such enactment as recently as December, 1913.

For these reasons Senate Bill No. 29 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

---

Monday, February 25, 1929.

To the Honorable

The Senate of the State of Washington.

I am returning herewith, without my approval, Senate Bill No. 30, entitled:

"An act relating to witnesses and repealing certain acts relating thereto."

Said Senate Bill No. 30, among other sections, repeals section 1214 of Remington's Compiled Statutes. Paragraph 1 of section 5 of Senate Bill 30 purports to be a re-write of paragraph 1 of section 1214 of Remington's Compiled Statutes. Both of said paragraphs forbid a husband or wife from testifying against the other. The law as it now stands makes an exception that

such prohibition shall not apply to a civil action or proceeding by one against the other or for a criminal action or proceeding for a crime committed by one against the other. This is omitted from said Senate Bill No. 30.

For such omission said Senate Bill No. 30 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

---

Thursday, March 21, 1929.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Substitute Senate Bill No. 44, entitled:

“An act providing for and regulating the registration of voters, to prevent fraud, providing penalties for violations thereof, and repealing certain acts and parts of acts in relation thereto.”

This bill contains many of the objectionable features contained in Substitute Senate Bill No. 90, vetoed at the last session of the legislature. In vetoing said Substitute Senate Bill No. 90, among other things, I said:

“The Secretary of State would be obliged to establish and maintain a permanent file of registered voters according to towns and precincts alphabetically arranged.

“If this bill were permitted to become a law, it would mean the creation of an additional bureau at the state capitol. There are enough there now. The law would only add to the cost of government. Government is already costing too much.”

What I said when I vetoed said Substitute Senate Bill No. 90 applies with equal force to Substitute Senate Bill No. 44.

Consequently, said Substitute Senate Bill No. 44 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

---

Wednesday, March 20, 1929.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 45, entitled:

“An act authorizing cities of the first and second class to establish, regulate and conduct public markets for the sale of farm, garden and dairy produce in the public streets, sidewalks and other public places, granting to such cities the power of eminent domain for such purposes, and authorizing such cities to rent stalls for the sale of such produce to producers thereof.”

This bill is class legislation. It unnecessarily extends the power of cities of the first and second classes. It tends to increase litigation and produce confusion.

Consequently Senate Bill No. 45 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

---

Thursday, March 21, 1929.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 47, entitled:

"An act relating to elections, authorizing qualified electors absent from their precincts of residence to vote at general and primary elections, providing the method and manner of casting and recording such vote, providing penalties for violations thereof, and repealing certain acts in relation thereto."

A similar act, Substitute Senate Bill No. 80, was passed by the last Legislature and was vetoed. In vetoing that bill, I said:

"This bill relates to absentee voting and in substance is a rewrite of the absentee voting law. There are some good features in the bill but the good features are more than counterbalanced by the bad features. I believe it is better to allow the absentee voting law to stand as now written rather than to permit the objectionable features of this bill to become a law. I am hopeful that in another two years the Legislature will pass a bill embodying the good features of Substitute Senate Bill No. 80 and eliminating the objectionable features thereof."

Senate Bill No. 47 has not eliminated these objectionable features. Therefore, it is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

---

Thursday, March 7, 1929.

To the Honorable

The Senate of the State of Washington.

I am returning herewith, without my approval, Senate Bill No. 56, entitled:

"An act relating to salaries of justices of the peace in cities having 300,000 or more inhabitants."

The bill increases salaries of justices of the peace, in cities having over 300,000 population, from \$2,100.00 per annum to \$3,000.00 per annum. This increase of salary is not justified. Every increase of this character

makes an additional call upon the taxpayer. The tax crisis which now confronts the people does not warrant the enactment into law of this bill.

Therefore, Senate Bill No. 56 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

---

Wednesday, March 20, 1929.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 67, entitled:

"An act relating to salaries of justices of the peace and constables."

This bill requires the levying of additional taxes. Taxes should be lowered, not raised. The way to lower taxes is to quit spending the people's money.

Because Senate Bill No. 67 increases taxes, it is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

---

Monday, March 25, 1929.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 79, entitled:

"An act authorizing and empowering any corporation to subscribe for and to acquire by purchase or otherwise, and hold, own, sell, assign and transfer shares of the capital stock of another corporation, and to participate in and vote said stock of any and all stockholders' meetings and validating existing holdings of stock by corporations, and amending chapter 27 of the Laws of 1905."

This bill, if it should become a law, will permit and authorize foreign corporations to subscribe for, acquire by purchase or otherwise, and to own, hold, sell and assign shares of the capital stock of any corporation. The bill further validates the existing holdings by any foreign corporation, whether doing business in this state or not, in the shares of stock of any other corporation. The existing law grants this privilege only to domestic corporations and foreign corporations authorized to do business in the state. This latter requirement in the existing law is a wholesome provision and should not be removed. It vests in the state the legal supervision of foreign corporations holding stock in a domestic corporation, and makes the foreign holding corporation amenable to the jurisdiction of the courts of the state. If Senate Bill No. 79 should become a law, the entire capital stock of a domestic corporation could be held by a foreign corporation and the domestic corporation controlled and operated by a foreign corporation so as to work injury to the residents of the state.

A glaring instance of the possible injury and damage that could be thus perpetrated upon the residents of the state is evidenced by the manipulations of an eastern electric company that owned and had control of the Black Rock Power & Irrigation Co., which was a subsidiary company of the eastern company, and which Black Rock Power & Irrigation Co. took over the holdings of the Hanford Irrigation & Power Company near Hanford and Priest Rapids on the Columbia River. The Black Rock Power & Irrigation Co. acquired control of the rights of the Hanford Irrigation & Power Company through foreclosure and refused to recognize the riparian rights of the farmers who had acquired the water rights from the Hanford Irrigation & Power Company, with covenants in the deeds that they had perpetual water rights. The Black Rock Power & Irrigation Co. refused to recognize these rights and brought suit to quiet title against 357 farmers in the Hanford Irrigation District. The farmers in that district scraped enough money together to protect their rights by appeal to the circuit court of appeals and to the supreme court of the United States, when it was finally determined that the farmers had this perpetual water right. In the meantime, through the machinations of the eastern company controlling or owning the stock of the Black Rock Power & Irrigation Co., the 357 farmers, with the exception of 13 of them, were gradually and systematically forced to succumb to the freeze-out campaign of the eastern electric company, and finally gave up and lost their lands, the title to which had been slandered and the value depreciated by the litigation instituted through the eastern electric company. This case is reported in 297 Fed. 905, and is entitled *Adamson v. Black Rock Power & Irrigation Co.*

In the last sentence of this bill the words which relate to the validation of stock held in existing corporations, "any such corporation" have been amended so as to read "any foreign corporation" which have the effect of validating the owning of stock held by foreign corporations in other corporations whether organized in this state or elsewhere. The word "foreign" was placed in the bill in conference committee the last night of the session. It was evidently inserted for the purpose of affecting a local or domestic corporation authorized to do business in the state who holds stock in another corporation.

Believing that the existing law should not be amended so as to liberate foreign holding corporations from the jurisdiction of the courts of the state, or to make it possible to work hardships upon residents of the state, Senate Bill No. 79 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

To the Honorable  
The Senate of the State of Washington.

I am returning herewith, without my approval, Senate Bill No. 98, entitled:

"An act relating to cities of the third class, defining the powers of the council thereof, and amending section 15 of chapter 184 of the Laws of 1915."

Existing statute, section 15 of chapter 184 of the Laws of 1915 (section 9128 of Remington's Compiled Statutes) provides, among other things, "No lease of streets or water front shall be for longer than ten years." Senate Bill No. 98 would extend the limit from ten years to thirty years for such lease.

To my mind, said Senate Bill No. 98 is a special-privilege bill. The state and municipal subdivisions thereof hold public domain as a sacred trust for the benefit of all the people. These rights should not be given to a privileged few at the expense of the many. The proposed extension is unreasonable. No street or water front should ever be leased for thirty years.

For these reasons, Senate Bill No. 98 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

To the Honorable

The Senate of the State of Washington.

I am returning herewith, without my approval, Senate Bill No. 105, entitled:

"An act for the protection of the owners of motor vehicles, to prevent fraud in the sale or encumbrance thereof, requiring the registration of title thereto, regulating the transfer or encumbrance thereof and providing penalties for violations thereof."

I vetoed a similar measure passed by the last session of the Legislature. In vetoing that bill, among other things, I said:

"Its administration would be expensive. It would put an added tax upon every one of the four hundred thousand or more owners of motor vehicles in this state. It would create another bureau at the state capitol."

This bill is open to the same objection. It will require an appropriation of an enormous amount of money which will have to be paid by motor vehicle owners. If this bill were permitted to become law, it would necessitate every car owner in the state procuring a certificate of title. This is an entirely unnecessary expense.

The bill exempts automobile dealers from furnishing the automobile purchaser with a certificate of title. If one of the objects of the bill is to protect persons purchasing automobiles, there is no reason why the dealer should not furnish the purchaser with a certificate of title showing that he is buying the machine free and clear of claims, liens and encumbrances.

Existing registration laws afford ample protection to all persons having liens of any character on personal property, motor vehicles included.

There are other objections to the bill too numerous to mention herein. Therefore, Senate Bill No. 105 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

Monday, March 11, 1929.

To the Honorable

The Senate of the State of Washington.

I am returning herewith, without my approval, Senate Bill No. 137, entitled:

"An act relating to the security of real estate titles and regulating conveyances and the recording thereof."

There are many reasons why this bill should not become a law. The following are a few of them:

1. The bill deprives the public of the opportunity of ascertaining from the recording books in whom title to real property is vested. Even though such a deed, failing to show the marital status of the grantee, should not be received for record, the title, nevertheless, would pass to the grantee. The bill does not attempt to prevent the title from passing to the grantee. Such incomplete records would cause loss and confusion.

2. The county auditor by refusing to receive such a deed for record would leave it open for subsequent deeds and inferior liens to be recorded, to the damage of the real owner of the property or to the holders of such subsequent deeds and liens, and also cause further confusion in the public which depends upon the record books provided by statute as the books of notice and information respecting title to real property.

3. A spouse purchasing real property with separate funds, if required to thus show in the deed his or her marital status, would cause further confusion as to the separate or community character of the property.

4. Such a statute would seriously interfere with the selling and acquiring of property and is an unwarranted interference with the existing laws relating to the recording of deeds and the notice imparted thereby.

I do not believe the general benefits enjoyed by the public under the existing recording laws should be curtailed by Senate Bill No. 137 for special interests. Therefore, Senate Bill No. 137 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 142, entitled:

"An act relating to, and authorizing and providing for the preparation of plans and specifications, and the construction, equipment and furnishing of an armory for the use of the national guard of Washington at Seattle; appropriating money from the military fund; creating a commission to superintend the construction, equipment and furnishing of said armory, and authorizing the promulgation of rules and regulations for the government thereof; and authorizing the sale or lease of certain state property now used for armory purposes in Seattle, and providing penalties for violation thereof."

This bill would appropriate \$7,500 for the purpose of a new armory in Seattle; creates commission to select a suitable site and thereafter to construct such armory building; authorizes said commission either to sell the existing state armory building for the highest and best price obtainable or to lease the building.

This bill puts the cart before the horse. Plans and specifications for a building have to take into consideration the site thereof. No site is yet selected for this building. Existing tax situation compels economy. The present Seattle armory is sufficient until such time as the tax situation improves. This bill would appropriate public money. We should cut appropriations in every way possible.

For these reasons Senate Bill No. 142 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable  
 The Senate of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 152, entitled:

"An act relating to hunting and fishing licenses and providing for the granting of the same to certain persons without fees."

This bill would grant a license to any resident of this state who became a resident of the Territory of Washington on or prior to November 11, 1889, and was on that date of the age of twenty-one years or over, to fish in any of the waters of the state or to hunt in the public forests in any of the unoccupied open country without the payment of the fee prescribed by law or any fee.

This is class legislation. Senate Bill No. 152 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Substitute Senate Bill No. 157, entitled:

"An act classifying counties by population, fixing the compensation of county officers, defining their powers and duties and repealing certain acts and parts of acts."

This is another tax-increasing measure. Salaries are not being raised in commercial, business and industrial fields, and this is no time for salary increases in governmental affairs. The cost of government is already sufficiently high.

Substitute Senate Bill No. 157 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 158, entitled:

"An act relating to the state teachers' retirement fund and providing for additional membership therein."

This bill provides for state teachers' retirement fund and authorizes any teacher of the state school for the deaf or the state school for the blind to become a member thereof.

This bill was drawn to permit teachers in the two institutions to become members of the state teachers' retirement fund.

There is no demand for this bill which would only add one more permissive statute of which we already have too many.

For this reason said Senate Bill No. 158 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

To the Honorable  
The Senate of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 162, entitled:

"An act relating to the removal of railroad terminals and division points and requiring permits therefor from the department of public works."

This bill would require every common carrier by railroad maintaining a terminal or division point within the state, desiring to move the same, to obtain a permit therefor from the department of public works. This bill unnecessarily interferes with the right of railroad companies to manage their own business. Nearly all of the railroads in this state are interstate railroads regulated by the Interstate Commerce Commission. The department of public works has no authority over them. Even if the department of public works did have authority over them, the bill should be vetoed anyway because it

serves no useful purpose, but tends only to embarrass the economic management of private business.

For these reasons, Senate Bill No. 162 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 170, entitled:

“An act relating to and continuing the work of the Cascade Tunnel Commission and making an appropriation therefor.”

At the legislative session of 1927 I vetoed an item of \$5,000 appropriated for the purpose of carrying on work of the Cascade Tunnel Commission. The reasons given for the veto were as follows:

“I disapprove and veto the item of \$5,000.00 for the purpose of carrying on the work of the Cascade Tunnel Commission appointed pursuant to joint resolution of the Senate and the House and continuing the Commission in office, conditioned, however, that the commissioners shall receive no moneys other than their actual expenses when away from their homes upon the conduct of the business, and that the money shall be used to pay the costs for employees and other charges in determining suitable location or locations for a low level tunnel, and make a report in time for consideration by the Legislature of the 1929 session. The promoters of this project asked for legislative recognition of the project and gave assurances that no appropriation was being asked from the state. For that reason, said item of \$5,000.00 is vetoed.”

The present bill appropriates out of the motor vehicle fund the sum of \$25,000, or so much thereof as may be necessary for the purpose of carrying out the provisions of this bill.

For the same reason I vetoed the \$5,000 appropriation for carrying on the work of the Cascade Tunnel enacted by the legislative session in 1927, Senate Bill No. 170 is also vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

Wednesday, March 20, 1929.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 171, entitled:

“An act relating to judges of the supreme and superior courts, fixing their salaries, providing for their retirement, creating a judges retirement fund, and providing for payments into, and from, the same.”

Senate Bill No. 171 would increase the salaries of supreme court judges elected after 1930 and of superior court judges elected after 1932. It is discriminatory as to superior court judges, in that the annual salaries of such judges in class A counties would be \$7,000.00; in first class counties \$6,000.00; and in all other counties \$5,000.00.

The bill also provides for the retirement, under certain conditions, of supreme and superior court judges on half salary at the time of retirement; for the creation of a special fund to be known as "The Judges' Retirement Fund," into which shall be paid eight per cent of the salary of each supreme and superior court judge; and the bill also provides, if at any time, the money in "The Judges' Retirement Fund" is insufficient to pay the one half salary due to all retired judges, that such shall be paid only their pro rata share of the funds available.

The bill would increase taxes, and for that reason alone it should be vetoed. It is a very inopportune time to think of increasing tax levies.

The bill should be vetoed because salaries of all superior court judges should be the same. They all perform identical duties and judges from the outside counties are constantly being called upon to hold court in class A and first class counties. Then why discriminate? If the judges desire to lay up eight per cent or more of their salaries for a rainy day, they may do so without a law compelling them to do it. People cannot be made thrifty by legislative enactment. The way to reduce taxes is to quit spending the people's money.

For these reasons, and others not necessary to mention, Senate Bill No. 171 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

To the Honorable

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 178, entitled:

"An act relating to the reservation of certain state lands from sale and lease."

This bill is meaningless in that the body of the bill conflicts with the title. The title of the act declares the same relates to the reservation of certain state lands from sale or lease. The act itself provides that when sold said lands shall be sold to the highest bidder. No hint of any reservation there.

The bill is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

Monday, March 11, 1929.

To the Honorable

The Senate of the State of Washington.

I am returning herewith Senate Bill No. 199, entitled:

"An act relating to state forests, defining the powers and duties of the state forest board and other state officials in respect thereto, creating a forest development fund, providing for revenue therefor and disbursements therefrom, and amending sections 3 and 6 of chapter 154 of the Laws of 1923."

This bill is approved, with the exception of section 2 which is vetoed.

Section 2 amends section 6 of the existing law by eliminating the requirement that moneys placed in the forest development fund shall be *pledged* for the sole purpose of paying interest and principal on the bonds issued by the state forest board; and eliminates the provision that "any of such bonds shall be a first and prior claim and lien against said fund for the payment of principal and interest." There are about eight thousand dollars of outstanding bonds issued by the state forest board entitled to a prior claim and lien upon the moneys in the forest development fund. Section 6, as amended, will permit the state forest board to disregard the provision of the existing law which provides that moneys in that fund are to be used in paying principal and interest on such bonds and it will permit the state forest board to use said funds for the purchase of, caring for, maintaining and administering lands for forest growing purposes, and would make it possible to deplete the fund pledged to pay the bonds, which would probably result in the bond holders demanding that the Legislature appropriate money from the general fund to pay the bonds caused by such a depletion of the forest development fund.

I do not believe the Legislature has power to destroy the fund created by the existing law in respect to outstanding bonds, nor do I see any reason for so doing.

Therefore, section 2 of Senate Bill No. 199 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 201, entitled:

"An act relating to the incorporation of insurance companies, and amending section 85 of chapter 49 of the Laws of 1911."

This bill would change existing law by permitting insurance corporations to issue shares of stock, the par value of which shall be not less than ten dollars each. The present law requires such shares to be of the par value of one hundred dollars each. No good reason has been given why this change should be made and I know of none. Securing stockholders at the low price of ten dollars per share is not conducive to the healthy and careful operation

of insurance companies. Such companies should be careful in their formation and growth and not impressed with speculative features.

Therefore, Senate Bill No. 201 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

The title of this bill should be changed. It should be entitled, “An act making it practically impossible to contest an election.”

Not being in sympathy with any such policy, Senate Bill No. 202 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 216, entitled:

“An act relating to a children’s code commission, defining its powers and duties and making an appropriation.”

This bill provides for another commission and, as a matter of course, the usual appropriation of the taxpayers’ money. Section 1, among other things, provides that the Governor shall appoint a commission which shall be known as the “Children’s Code Commission.” By section 2 it is made the duty of the commission to study and investigate existing laws and conditions relative to dependent, defective, neglected and delinquent children. The commission is also given power to draft such bills as may be necessary to carry out its recommendations and submit a report of its findings to the Legislature. It is also given power to issue subpoenas requiring the attendance of witnesses and the production of books and records in carrying out its investigations, and shall have access to all books and records of state, county, municipal and private institutions and agencies having the custody of or the placing out of children, except those maintained by religious organizations.

This bill should be vetoed for several reasons. There are plenty of laws now on the statute books for the protection of the children of the state. Too many bills are already drafted and presented to the legislature. There will

be an abundance of bills introduced at the next session of the Legislature without expending the taxpayers' money for commissions to draft more.

For these reasons and others not mentioned, Senate Bill No. 216 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 218, entitled:

"An act authorizing a survey of the natural resources of the State of Washington, defining the powers and duties of certain officers in relation thereto; repealing certain acts and parts of acts relating thereto; and making an appropriation."

This is another money-spending measure. The Legislature in 1927 appropriated \$50,000.00 for a geological survey. In vetoing that measure, I said:

"This bill proposes to divert the sum of fifty thousand dollars (\$50,000.00), or so much as may be necessary from the reclamation revolving fund, to pay the expenses of a geological survey.

"It is unfortunate to have a large unused surplus in any fund. Such surplus is an invitation to the money spenders. Money collected from the taxpayers for a specific purpose should be devoted to that purpose or turned into the general fund. Any attempt to expend such money in any other manner should be stopped. It is stopped—the bill is vetoed."

Present Senate Bill No. 218 is our old friend dressed up in new clothes. This time he wants \$25,000.00 more of the people's money.

Private enterprises will discover and develop all the resources of the state in due time without any assistance from the director of conservation and development. Private enterprises will be encouraged by lower taxes, not by higher levies. Any person, association or corporation that must be subsidized is of no benefit to the community or state.

For these reasons and others not mentioned, Senate Bill No. 218 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate, without my approval, Senate Bill No. 219, entitled:

"An act providing for the merger or consolidation of two or more corporations."

This bill provides for the merger or consolidation of two or more corporations and gives any stockholder of either corporation voting against the merger or consolidation the right to be paid the fair cash value of his stock. In case this value cannot be agreed upon the bill provides for having the same established in court proceedings. The procedure for such determination is long and complicated. If permitted to become a law this bill would hamper the management of business enterprises and for this reason said Senate Bill No. 219 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 220, entitled:  
 "An act to prevent the procreation of persons socially inadequate from defective inheritance, by authorizing and providing for the eugenical sterilization of certain potential parents carrying degenerate hereditary qualities. And making an appropriation."

This bill is a radical innovation. The sponsors of the bill were no doubt actuated by the highest motives and a sincere desire to promote the public good. I am of the opinion that the state should go slow in adopting any such innovation. It confers powers on certain officers that are liable to be abused. There seems to be no great public demand for such enactment, and for these reasons said Senate Bill No. 220 is vetoed.

Respectfully submitted,

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 241, entitled:

"An act authorizing the board of regents of the University of Washington and of the State College of Washington and the boards of trustees of the Washington State Normal Schools at Ellensburg, Cheney, and Bellingham, Washington, to acquire lands, buildings, and other structures and improvements for dormitory, housing, hospital, boarding and dining-room purposes and student activity purposes, and to make additions or improvements thereto for any and all of such purposes, and to contract to pay for the same out of and by the pledge of the net income thereafter arising from any or all of such lands, buildings or structures and additions or improvements thus acquired or from any or all of the buildings or structures of said institutions now or hereafter existing and used for any of the foregoing purposes; and also authorizing for the foregoing purposes the issuance of securities payable out of such net income: and authorizing the lease of portions of the campuses of said respective institutions for such purposes; validating contracts made heretofore and securities heretofore issued for any of the foregoing purposes by any of said boards: repealing chapter 91 of the Laws of the Extraordinary Session of 1925: and declaring that this act shall take effect immediately."

A similar bill was vetoed at the Extraordinary Session of the Legislature held in 1925 and 1926. In vetoing that bill, I said:

"While I am in sympathy with the primary purpose of this act, I consider that the powers herein conferred are too broad and comprehensive. Under the provisions, the boards of regents and trustees are permitted to lease campus lands without limitation as to area or time, and the buildings herein authorized may be used for student activities in general. In my opinion, their use should be limited to dormitory housing and boarding purposes."

The present bill is open to the same objections as was the one vetoed. I have no objection to the bill insofar as it provides for dormitory, housing, boarding and dining-room purposes. But the bill, in addition to all these, includes student activity purposes.

There is another objection to the bill. Section 2 provides that the securities issued bear interest not in excess of seven (7%) per cent. It is further provided that such securities shall be sold to the highest and best bidder, but does not require that such securities be sold at par. If sold below par, the securities would necessarily bear interest at a higher rate than 7%.

For these reasons, Senate Bill No. 241 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 247, entitled:

"An act authorizing the Commissioner of Public Lands to sell at public auction the southwest quarter of the northeast quarter and the southeast quarter of section 36, township 23 north, range 5 east of Willamette Meridian, in King County, Washington, together with the timber located thereon."

This is an old friend. With a slight change in description a similar bill was enacted in the legislative assembly of 1927 and vetoed. In vetoing the same I took occasion to say:

"This bill would authorize the commissioner of public lands to sell two hundred acres of state land and the timber thereon in combination with one another, and not separately as now prescribed by law.

"I see no reason why this particular tract should be sold in any manner different than that prescribed by law for the sale of all state land. This is a special act for the benefit of some private interest. Am opposed to such laws. Therefore, said bill is vetoed."

For the reasons given in vetoing the above referred to bill, Senate Bill No. 247 is vetoed.

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 259, entitled:

"An act relating to militia, and amending section 33 of chapter 134 of the Laws of 1909, as amended by section 1 of chapter 26 of the Laws of 1925."

This bill relates to the promotion list of the militia. The bill would amend existing laws by excluding warrant officers and enlisted men from receiving credits for services rendered for promotion. It was evidently designed to prevent the promotion of warrant officers and enlisted men. Some of our best military men have come up from the ranks. The doors of opportunity should never be closed against merit.

For this reason Senate Bill No. 259 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,

Monday, February 25, 1929.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to certain items of appropriation, Senate Bill No. 290, entitled:

"An Act making appropriations for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices, for the purchase of land, the construction of buildings and improvements for the various state institutions designated and mentioned, and for emergencies, and for sundry civil expenses of the state government, and for miscellaneous purposes for the fiscal biennium beginning April 1, 1929, and ending March 31, 1931, except as otherwise provided, and declaring that this act shall take effect immediately."

The item of \$150,000.00 for the state parks committee for all purposes is disapproved and vetoed. This calls for an expenditure for state parks' purposes in an amount three times the appropriation for the current biennium and is far in excess of the actual needs. As stated in my Message to the Twenty-first Legislature, reasonable expenditure for preservation of some of the state's outstanding natural beauty spots is justifiable, but there can be no valid reason why the state should engage in the business of maintaining and operating tourist camps and recreation places on any such a scale as contemplated by this appropriation. I should like to have approved an appropriation item sufficient to care for the state's parks in a reasonable manner had it been possible to do so. Under the law, I must either approve or disapprove the item in toto, and I cannot conscientiously give approval to the expenditure of such a large sum. Therefore, the item is vetoed.

The item of \$800.00 for the uniform law commission is disapproved and vetoed, for the reason that I fail to see that this commission serves any useful purpose and regard the expenditure as a needless waste of money.

The item of \$30,000.00 for the state traveling library is disapproved and vetoed for the same reason as the uniform law commission. The property of the traveling library can be cared for and looked after by the state librarian.

The item of \$23,700 for matching U. S. veterinary inspectors in the eradication of bovine tuberculosis is disapproved. This item was not included in the budget of, nor requested by the state department of agriculture. For this reason it is vetoed.

The item of \$150,000.00 appropriated from the general fund for the University of Washington operations is disallowed and vetoed. For the most part, the state's institutions of higher learning have stubbornly opposed every effort to abolish fixed millages and as long as they insist upon special tax levies, they should be required to live within the funds derived from these levies. The appropriation of \$3,738,300.00 from the University current fund and the University of Washington fund provides for a substantial increase over the appropriation for the current biennium and is ample for the University's needs without burdening the general fund with an additional appropriation.

The item of \$15,000.00 for the University's biological station appropriated from the University of Washington building fund is vetoed. Further

expansion at the biological station is not justifiable at this time, and this sum can well be saved to meet more urgent building needs at the University.

The item of \$127,736.58 appropriated from the general fund for the use of the State College of Washington, to match the Smith-Lever fund from the United States Government, is disapproved and vetoed. Although it has been the practice each biennium to appropriate from the general fund for this purpose, this is entirely unnecessary. The state college's so-called own funds are ample to meet all the needs of that institution for the next biennium without calling upon the general fund for an appropriation. The regulations under which the Smith-Lever fund is furnished to the college do not require that the fund be matched by an appropriation by the Legislature, but it can be matched by the college setting aside a sufficient amount from its own funds. This can be done without imposing any serious handicap upon the college or in any way interfering with or curtailing its operations.

The item of \$38,900.00 for new boilers and heating plant at the Cheney Normal School is disapproved and vetoed. An item of twenty-eight thousand dollars for this purpose was carried in the normal school's budget and is included in the appropriation of \$485,000.00 for operations.

The item of \$4,500.00 for the completion of the Walla Walla Armory is vetoed, for the reason that it was not requested or budgeted by the Military Department.

With the exception of the foregoing vetoes, Senate Bill No. 290 is approved.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Saturday, March 23, 1929.

To the Honorable  
 The Senate of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 295, entitled:

"An act relating to the government of cities of the second and third classes and cities organized under the commission form of government pursuant to chapter 116 of the Laws of 1911, as amended by chapter 103, Laws of 1913 (sections 9090 to 9113 inclusive, of Remington's Compiled Statutes), providing for the reorganization of such cities under the city manager plan; and declaring an emergency."

This bill provides for more experiments and more elections in municipal affairs. The state and all municipal subdivisions thereof must economize. There is no need of spending public money on experiments.

For these reasons said Senate Bill No. 295 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Friday, March 22, 1929.

To the Honorable

The Senate of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 303, entitled:

"An act consenting to the aquisition by the United States of land, water, or land and water, within the State of Washington for migratory bird reservations authorized by act of Congress of February 18, 1929."

By this bill, the State of Washington would give its consent to the acquisition by the United States by purchase, gift, devise, or lease of such areas of land or water, or land and water, in the State of Washington, as the United States may deem necessary for the establishment of migratory bird reservations.

The United States already has too much land in this state. Under this bill, land now on the tax rolls and contributing to the upkeep of government would be transferred to the United States and forever afterwards would be tax exempt. Too much valuable property in the State of Washington is already tax exempt. Existing state laws provide sufficient machinery to create game preserves by prohibiting shooting in certain areas without removing any property from the tax rolls.

Senate Bill No. 303 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

Friday, March 22, 1929.

To the Honorable

The Senate of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 304, entitled:

"An act relating to and regulating the maintenance and operation of hospitals for the care of persons suffering from general diseases, by counties and counties and cities jointly."

This bill would add to existing laws by empowering the board of county commissioners to appoint five persons who shall constitute a board of trustees to supervise and manage hospitals. There is no need of any such board. The bill would also authorize any county and city jointly or one or more counties jointly to establish hospitals. There is no necessity for this provision either.

Therefore said Senate Bill No. 304 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

Monday, February 25, 1929.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to certain items, Sub. Senate Bill No. 310, entitled:

"An act making appropriations and reappropriations for the construction of buildings, for maintenance and for sundry expenses at the various state institutions, schools, and state offices, for the relief of certain individuals, corporations, counties and municipalities, and for miscellaneous purposes for the biennium beginning April 1, 1929, and ending March 31, 1931, except as otherwise provided and providing this act shall take effect immediately."

I disapprove and veto the item of \$7,054.34 for Stevens County, Fruitland Irrigation District, tax for 1926-27 on part sec. 5, twp. 33, North Range 37 East, for the reason that the state is deriving no benefit from said irrigation district.

I disapprove and veto the item of \$520.08 for Douglas County; Donohue Road District No. 8, assessment NW $\frac{1}{4}$  SW $\frac{1}{4}$ , NE $\frac{1}{4}$  SW $\frac{1}{4}$ , SE $\frac{1}{4}$  SW $\frac{1}{4}$ , SW $\frac{1}{4}$  SW $\frac{1}{4}$ , NW $\frac{1}{4}$  SE $\frac{1}{4}$ , SE $\frac{1}{4}$  SE $\frac{1}{4}$ , SW $\frac{1}{4}$  SE $\frac{1}{4}$ , sec. 18, twp. 27, -27, (320 acres) \$149. 64; for Donohue Road District No. 4, assessment NW $\frac{1}{4}$  NW $\frac{1}{4}$ , NE $\frac{1}{4}$  NW $\frac{1}{4}$ , SW $\frac{1}{4}$  NW $\frac{1}{4}$ , SE $\frac{1}{4}$  NW $\frac{1}{4}$ , sec. 7-26-24; and NW $\frac{1}{4}$  NE $\frac{1}{4}$ , NE $\frac{1}{4}$  NE $\frac{1}{4}$ , SW $\frac{1}{4}$  NE $\frac{1}{4}$ , SE $\frac{1}{4}$  NE $\frac{1}{4}$ , sec. 12, 26-23, (320 acres) \$370. 44, because there is no record of any such district in the Land Commissioner's office.

I disapprove and veto the item of \$5,609.64 for Yakima County: Pomona Heights Irrigation District for 1917; Fr. SW $\frac{1}{4}$  NW $\frac{1}{4}$ , 6-14-19, tax, including penalty, \$4.83; Summitview Cowichee & Tieton Road Improvement District assessment for 1922-23-24-25-26, including interest: SE $\frac{1}{4}$  NW $\frac{1}{4}$  and NE $\frac{1}{4}$  SW $\frac{1}{4}$ , sec. 16-14-17, \$326.38; Drainage Districts No. 27 and 32, assessments and interest; 1927 and 1928: The pt SE $\frac{1}{4}$  SE $\frac{1}{4}$  NE $\frac{1}{4}$  NW $\frac{1}{4}$  ly S & E of diagonal line joining NE and SW cor thereof ex road ad the pt SW $\frac{1}{4}$  NW $\frac{1}{4}$  ly S of line drawn from NE cor NE $\frac{1}{4}$  SW $\frac{1}{4}$  NW $\frac{1}{4}$  to SW cor of said subd less R/W of sec. 16-10-21, \$11.98; Drainage District 32 and Sunnyside Valley Irrigation District taxes, 1921-22-23-24-25-26-27-28, and interest; the pt. This is vetoed for the reason that said

items were not certified by the Land Commissioner of the State of Washington.

I disapprove and veto the item of \$8,619.35: For relief of the City of Seattle for int. and principal for local improvement dists. 3277 and 4519 for the improvement of blocks 24 and 25, Lake Washington shore lands. It is disapproved and vetoed because this is a relief item and if passed must be paid regardless of whether correct or not. The item is not correct as it includes some items for which the state is not liable.

I disapprove and veto the item of \$25,000.00: For Department of Agriculture (for destruction predatory animals). This is disapproved and vetoed because the same was not requested by the Department of Agriculture.

I disapprove and veto the item of \$54.80: For J. L. Cross as administrator of the estate of LeRoy W. Cross, deceased: Refund of costs paid in supreme court of the State of Washington, said costs being taxed against the State of Washington. This is vetoed and disapproved because this item is already included in the same bill under the heading judgment.

I disapprove and veto the item of Relief of Emery and Nelson: For refund of merit rating credit; because it is wrong in principal and would necessitate revision of rates. This vetoed item is for \$634.87.

I disapprove and veto the item of relief of \$35.00 for Mrs. Lida M. Palmer: Refund of overpayment to the State Land Commissioner. This is disapproved and vetoed because there is no information available regarding this item. The Land Commissioner knows nothing about it.

I disapprove and veto the item of \$365.45 for the relief of Sarilda McKeown; also disapprove and veto the item of \$709.44 for the relief of A. K. Millary; also disapprove and veto the item of \$1,142.52 for the relief of Ethel B. Foley; also disapprove and veto the item of \$194.00 for the relief of J. B. Hergesheimer. Each of said parties above named, to-wit: the said Sarilda McKeown, A. K. Millary, Ethel B. Foley, and J. B. Hergesheimer, were county officers or employees who lost funds through a bank failure without having taken any or sufficient security. The payment of these items is the business either of the counties or the bonding companies who furnished the official bonds for such employees. It is not the state's business and the state should not pay any one of these items.

I disapprove and veto the item of \$56.00, for the relief of A. W. Platts, refund on truck license. No information is available on this item and it is evident that Mr. Platts is not entitled to the refund.

I disapprove and veto the item of \$1,649.21, from the Oregon License Fund, to be deposited and become part of the State Fisheries Fund, for the reason that Senate Bill No. 248 provides for the payment of this amount.

I disapprove and veto the item of \$15,000.00 for the military department, operation. This item was not included in the budget and sufficient money has already been appropriated for the military department.

I disapprove and veto the item of \$1,299.87, for Columbia Irrigation District: SW  $\frac{1}{4}$ , Ne'ly of Canal and south of ry, and SE  $\frac{1}{4}$ , lying N. of Canal and south of railroad, all in sec. 36, twp. 8, range 30, in Benton County, taxes for 1927.

I disapprove and veto the item of \$1,459.71, for Sunnyside Valley Irrigation District: State Addition to Prosser, blocks 1 to 8, incl. Taxes for 1925, 1926 and 1927.

I disapprove and veto the item of \$475.73, State Addition to City of Prosser, Benton Co., blocks 17 to 20 inclusive, blocks 21 to 24 inclusive, blocks 40 to 43 inclusive, blocks 44 to 47 inclusive, blocks 48 to 49 inclusive, and blocks 63 to 66 inclusive, taxes for 1925, 1926 and 1927.

I disapprove and veto the item of \$32.00, for Horse Heaven Irrigation District: SW  $\frac{1}{4}$  of section 16, twp. 6, range 27; SE  $\frac{1}{4}$  of section 16, twp. 6, range 27; N  $\frac{1}{2}$  of section 16, twp. 6, range 27, Benton County, taxes for 1927.

I disapprove and veto the item of \$2.14 for Kennewick Irrigation District: NW  $\frac{1}{4}$  NW  $\frac{1}{4}$ , sec. 16, twp. 9, range 27, Benton County, taxes for 1927.

I disapprove and veto the item of \$26.00 for Kennewick Irrigation District: NW  $\frac{1}{2}$  NW  $\frac{1}{4}$ , sec. 16, twp. 9, range 27, Benton County, taxes for 1927.

Each and all of said items are disapproved and vetoed for the reason that none of them were certified by the Land Commissioner or the Auditor of the State of Washington.

I disapprove and veto the item of \$275.00 for the State Treasurer from the motor vehicle fund for the reason that the amount is not correct, is not due to the state treasurer and the state treasurer is not entitled to any refund.

I disapprove and veto the item of \$5,000.00 for the state treasurer from the lateral highway fund to carry out the provisions of Senate Bill No. 115, for the reason that Senate Bill No. 115 does not impose sufficient additional duties on the state treasurer to warrant this appropriation. Sufficient money has already been appropriated for all the needs of the state treasurer for the ensuing biennium.

I disapprove and veto the item of \$10,000.00 for dedicatory exercises for the state capitol building. A similar amount was appropriated by the legislative session of 1927. In vetoing that item of appropriation I took occasion to say:

"I disapprove and veto the item of \$10,000.00 for Dedicatory Exercises for New State Capitol. The various departments of state can attend to the necessary details, correspondence and preliminary arrangements for such services without the spending of \$10,000.00. Officials, committees, organizations and persons taking part in the dedication of this magnificent Capitol will appreciate the honor, and will be glad to pay their own expenses and contribute their time and services in making the dedication an historic event. Therefore, this item of \$10,000.00 is vetoed."

What was said about such an appropriation in 1927 is true in 1929.

With the exception of the foregoing vetoes Sub. Senate Bill No. 310 is approved.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

Friday, March 22, 1929.

To the Honorable  
The Senate of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 311, entitled:

“An act relating to State Forest Board, and amending sections 5812-1 and 5812-9 of Remington’s Compiled Statutes, Supplement of 1927.”

This bill would change the personnel of the State Forest Board. There is no necessity for such change. Therefore, Senate Bill No. 311 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

To the Honorable  
The Senate of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 318, entitled:

“An Act relating to the withdrawal of certain state lands from sale and directing that they shall be used for state park purposes.”

This bill provides for the withdrawal from sale of certain state lands described in the bill and that the land so withdrawn shall be used for state park purposes.

There is an abundance of parks in the state. Public policy demands that such state lands as are described in this bill should be sold and placed on the tax rolls.

For these reasons Senate Bill No. 318 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

**GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED.**

---

Monday, February 11, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval, House Bill No. 3, entitled:

"An act relating to the payment of expenses of the legislature, repealing certain acts relating thereto and declaring that this act shall take effect immediately."

This bill purports to be a revision and repeal of former statutes relating to the payment of legislative expenses. Insofar as it is a revision and repeal measure, it is unobjectionable.

New matter, however, is included in the bill. This new matter makes the bill susceptible of at least two constructions, one of which is that on resolution of either House the state auditor would be obliged to draw warrants on vouchers for legislative expenses when the appropriation therefor had already been exhausted. If the court should so construe the law then either House could by resolution create against the state, without any appropriation therefor, a valid interest bearing obligation.

For this reason alone House Bill No. 3 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

---

Tuesday, February 26, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval as to section 5, but with my approval as to all the other sections, House Bill No. 34, entitled:

"An act relating to justice courts, fixing the venue of civil actions therein and the jurisdiction of justices of the peace in relation thereto, prescribing duties of justices of the peace, and repealing certain acts relating thereto."

I am vetoing section 5 of said House Bill No. 34 for the sole reason that it repeals section 1755 of Remington's Compiled Statutes. The repeal of said section 1755 is evidently an oversight on the part of the legislature.

For the reason that section 5 of said House Bill No. 34 repeals the law relating to the commencement of actions in justice's courts and contains no substitute therefor, said section 5 of House Bill No. 34 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

Monday, February 25, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval, House Bill No. 40, entitled:

"An act relating to actions for the recovery of damages for the injury and/or death of persons caused by wrongful or negligent acts, and repealing certain acts relating thereto."

Said House Bill No. 40 is a bill introduced by the Joint Committee on Revision of Laws. This bill is not what it purports to be. It is more than a revision. It is amendatory of chapter 191 of the Laws of 1927, which was introduced in the last session of the Legislature by the Senate Joint Committee on Revision of Laws.

Said chapter 191 of the Laws of 1927 gives the mother of an illegitimate child, on whom she is dependent for support, a right of action against a person causing the death of such illegitimate child by wrongful act. Said House Bill No. 40 deprives such mother of such right. This shall never be done with my approval.

I have no sympathy with such a policy and for that reason said House Bill No. 40 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Wednesday, February 13, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval, House Bill No. 43, entitled:

"An act relating to the selection, control, management, sale, lease and disposition of lands and areas belonging to or held in trust by the state and repealing certain acts relating thereto."

In a note to the printed bill it is stated, "We recommend the repeal of the acts enumerated in the foregoing bill \* \* \* \* for the reason that they are, in our opinion, superseded and impliedly repealed by chapter 255 of the Laws of 1927".

Chapter 61 of the Laws of 1905 and chapter 148 of the Laws of 1917 are not impliedly repealed by chapter 255 of the Laws of 1927.

Should I approve of this bill, it would probably be necessary to reenact certain parts of chapter 148 of the Laws of 1917 regarding the powers of county commissioners.

The whole of said House Bill is useless and unnecessary. If all these sections have been repealed by chapter 255 of the Laws of 1927 they are repealed and of no force. If of no force why repeal them again?

Therefore House Bill No. 43 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Thursday, March 7, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval, House Bill No. 58, entitled:

"An act relating to the power of justices of the peace in issuing warrants in criminal cases and amending section 1925 of Remington's Compiled Statutes of the State of Washington."

By this bill, when a justice of the peace issues a criminal warrant for the arrest and apprehension of a person, the warrant may be executed in any county of the state. The bill provides, however, when it is desired to execute the warrant outside of the county in which it is issued, the judge or commissioner of the superior court must endorse his approval on the warrant, the same to be attested by the clerk of the court, and under the seal of the court. This requirement would entail upon judges and commissioners of the superior court, who might have to pass upon the case on an appeal from the justice who issued the warrant, the duty of making a preliminary examination into the facts relating to the offense charged for the purpose of determining whether a crime had been committed and whether the criminal warrant should be executed in an outside county. Such investigations belong to the prosecuting attorneys and should not be imposed upon the superior court judges or court commissioners.

Believing that the jurisdiction of the justices of the peace should remain co-extensive with the boundaries of the county in which they are elected or appointed, House Bill No. 58 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

Saturday, March 23, 1929.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 64, entitled:

"An act relating to corporations and amending section 3805 of Remington's Compiled Statutes, 1927 Supplement."

Existing laws limit the life of corporations to 50 years. This bill provides that the time of existence of any corporation heretofore or hereafter organized, may be, at any time within five years prior to the expiration of its existence, extended by amendment to its articles for a definite number of years, not to exceed twenty-five years, and any such corporation, at any time within five years prior to the expiration of such extension, may by amendment to its articles once again extend the time of its existence for a definite number of years, not to exceed twenty-five years.

Under the law as it now is corporations may assume very broad powers. This policy may be changed within the next 25 or 50 years. Within that time it may become the policy of the state to restrict powers that corpora-

tions may take. It is best to go slow in making such changes. Let us take time to think it over. No harm can come from vetoing this bill. Harm might result in its approval.

Therefore, House Bill No. 64 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 68, entitled:

"An act relating to homesteads, and amending section 1 of chapter 193 of the Laws of 1927."

This bill provides that a homestead may be claimed at any time before sale and thus far is a good bill. A proviso, however, is attached that in the event the homestead is selected subsequent to the entry of any judgment it shall remain subject to said judgment unless the claimant shall, at any time before sale, pay all legally taxable costs paid or incurred by the judgment creditor subsequent to the entry of the judgment. The proviso destroys all the good contained in the first part of the bill and for that reason said House Bill No. 68 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 70, entitled:

"An act relating to and authorizing the establishment and maintenance of free county libraries and library service."

This is another bill that would increase taxes. Taxes should be reduced. The way to reduce taxes is to quit spending the people's money.

House Bill No. 70 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Wednesday, February 27, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval House Bill No. 85, entitled:

"An act relating to state parks, authorizing the state highway committee to grant franchises for roads and bridges therein, and defining the powers and duties of certain officers in relation thereto."

This measure delegates to the state highway committee authority to grant franchises for toll bridges, approaches and roadways within state parks, and binds the committee to make such franchises exclusive.

No. such authority is needed nor desired. The highway committee and the parks committee already have all the facilities necessary for making state parks accessible to the public and there are already too many agencies empowered to grant franchises for toll bridges.

If this bill should become a law, future legislatures may expect requests for appropriations for the purchase of more state parks in which to build more toll bridges.

House Bill No. 85 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 89, entitled:

"An act concerning the guardianship of incompetent veterans and of minor children of disabled or deceased veterans, and the commitment of veterans and to make uniform the law with reference thereto."

There is no need for any more guardianship laws. The present statutes are ample for all our citizens, whether veterans or children of veterans.

This bill provides for an unnecessary extension of federal power into matters of purely local concern. The less power given to federal bureaucrats, the better for our people.

House Bill No. 89 is, therefore, vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

Thursday, March 14, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval, House Bill No. 99, entitled:

"An act relating to intoxicating liquors, prohibiting the manufacture, transportation and sale, and fixing the penalties for violation thereof, and amending section 31 of chapter 2 of the Laws of 1915."

This bill, among other things, provides that every person convicted of the manufacture or transportation of intoxicating liquor for the purpose of sale, barter or exchange thereof, shall be deemed guilty of a felony and shall be punished by imprisonment of not less than one or more than five years.

Observation of the situation indicates that the fault is not so much with present laws as it is with the demand for intoxicating liquor and a lack of public sentiment for law enforcement. Increasing the penalty only serves to make harder the conviction of the offenders. The present statutes are ample. This bill amounts to a distortion of established penal standards in that it imposes far more severe penalties than for other crimes of similar grade. By this drastic increase of penalties it would, in my opinion, defeat the very object of its sponsors.

For these reasons House Bill No. 99 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 100, entitled:

"An act relating to intoxicating liquors and the seizure and forfeiture of vehicles used in the transportation thereof, and amending chapter 2 of the Laws of 1915 by adding a new section to be known as section 17-i."

This bill singles out transportation of intoxicating liquor for special legislation. Its provisions are more drastic and its penalties greater than for other offenses of a similar or worse degree and it would, in my judgment, be subject to many abuses of the power it confers. Among other things it provides when any sheriff, deputy sheriff, chief of police or policeman discovers any person unlawfully transporting intoxicating liquor for the purpose of sale, barter or exchange in any wagon, buggy, automobile, water or aircraft, or other vehicle, he shall arrest said person and take possession of such vehicle or conveyances."

Just how these enumerated peace officers are going to "discover" the unlawful transportation of intoxicating liquor without searching all the vehicles or conveyances enumerated in the bill is not pointed out. Under its provisions practically unlimited powers of search and seizure are granted

to peace officers which are not conferred in the enforcement of any other criminal statute. If permitted to become a law it would let loose an army of snoopers to harry, harrass, and annoy the traveling public. It would create a condition intolerable to a free people.

House Bill No. 100 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to section 2 thereof, House Bill No. 105, entitled:

"An act relating to liens for labor and materials furnished or used in the improvement of real property and granting a lien to all persons furnishing materials used in the improvement of real property, amending section 5 of chapter XXIV of the Laws of 1893."

Section 1 of said bill is approved.

Section 2 of said bill is an unreasonable and unnecessary extension of our lien laws and for that reason said section 2 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Wednesday, March 13, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval as to sections 11, 27, 28 and 29, but with my approval as to all the other sections, House Bill No. 116, entitled:

"An act creating and validating the organization, establishment and existence of water districts heretofore organized or established, or attempted to be organized or established, under chapter 161 of the Laws of 1913 and amendments thereto; validating and confirming all bonds, obligations, contracts, assessments, levies and all other acts proceedings and things heretofore executed, issued or done by such districts or their officers; authorizing the establishment of water districts, providing for the acquirement, construction, maintenance, operation, development and regulation of a water supply for all uses and purposes, public and private other than irrigation, with full power to regulate and control the use, distribution and price thereof, and providing the method of payment therefor, and for the annexation of territory thereto; and declaring that this act shall take effect immediately."

This bill relates to water districts. There is no objection to the same insofar as it provides for creating water districts and the operation and

maintenance thereof. It is, however, objectionable insofar as it would validate all such districts heretofore established or attempted to be established and insofar as it would validate all bonds, obligations, contracts, assessments, levies and all other acts, proceedings and things heretofore executed, issued or done by such districts or their officers. This bill was drawn with the evident intention of circumventing a decision of the supreme court in the case of Drum vs. University Place Water District, 144 Wash., 585. The findings of the court in that case may be summarized as follows: The boundaries of the district include approximately 4,500 acres. The district to be served comprises approximately 400 acres. More than 90% of the inhabitants live within the portion to be served. The petitioners for the improvement all resided within the limited area and the favorable vote for ratification of the district came therefrom. The enlarged area was included to have sufficient valuation to permit issuance of enough bonds to secure a water system for the part of the district intended to be served. No provision was made for supplying water to the other portion of the district. Upon this state of facts the court restrained the levy and collection of water district taxes upon some of the lands outside of the limited area.

While this bill by express terms does not apply to University Place Water District or to any other water district which has been expressly decreed to be void by the decision of the supreme court, yet it would apply to any other situation just as bad unless such water district was expressly decreed to be void by the supreme court. To this extent this bill would nullify that court decision. It would prevent a taxpayer from questioning the validity of such a tax.

Sections 11, 27, 28 and 29 are the validating portions of said bill. The law creating such water districts was declared unconstitutional and void by the supreme court in the case above referred to because it made no provision for a hearing on the question of property to be included within the territorial limits of the proposed district and made no provision for a hearing on the question of the benefits, and therefore violated the due process clause of the fourteenth amendment to the Federal Constitution. "An unconstitutional act is not a law; it confers no rights; it imposes no duties; it affords no protection; \* \* \* it is, in legal contemplation, as inoperative as though it had never been passed."

The supreme court having enjoined the levying and collection of taxes by water districts because of the unconstitutionality of the law, legislation validating such taxes is also unconstitutional and void.

For these reasons sections 11, 27, 28 and 29 of said House Bill No. 116 are vetoed. The remainder of the bill is approved.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

Wednesday, March 20, 1929.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 119, entitled:

"An act relating to the establishment of parental school districts and establishment and maintenance of Parental Schools by one or more counties and providing for commitment thereto of truant, dependent, or delinquent children of compulsory school age."

This is another measure that, if enacted into a law, would increase our taxes. It would create new and additional tax units with power to levy and collect taxes.

All that was said in vetoing House Bill No. 195 applies with equal force to House Bill No. 119, and for these reasons House Bill No. 119 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 121, entitled:

"An act relating to Planning Commissions and authorizing cities of the second and lesser classes and towns and counties of any class to provide for the appointment of Planning Commissions."

This bill provides that the legislative bodies of cities of the second and lesser classes, except cities of the first class, and the Boards of County Commissioners are authorized to appoint Planning Commissions. By other provisions, it is made the duty of the Planning Commission to investigate and report to and advise with the city and Town Councils and County Commissioners concerning proposed or projected streets, highways, drainage, irrigation, sanitation and other public improvement projects, either upon their own initiative or at the request of the body appointing them. The bill further provides that the Commission shall have no authority to incur any expenses or indebtedness or to levy any tax or assessment, but for the purpose of defraying the engineering and incidental expenses of such commission in connection with its duties, the board of county commissioners or the legislative body of the city or town may make an appropriation.

If the authorities of the cities or towns or the county commissioners of any county wish the advice of any body of any citizens, they may obtain the same now. They don't have to have a law authorizing them to do so. There is no doubt that such planning commissioners would get busy to spend money, thereby increasing taxes.

There is no need of any Planning Commission. There is need to save the taxpayer's money. Therefore, House Bill No. 121 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 130, entitled:

"An act relating to cities of the second class, providing a method for passage and publication, and the effect of ordinances thereof, and amending sections 57 and 58 of chapter 241 of the Laws of 1907, and declaring that this act shall take effect immediately.

Some good matter is contained in this bill, some not so good. The part providing for printing a digest of ordinances instead of the entire ordinance would make for economy, a well nigh forgotten word in governmental affairs. The proviso of the bill requiring such city at all times to keep on hand for the distribution to the public a sufficient number of printed copies of such ordinances tends too strongly the other way and renders the whole bill objectionable. What is saved at the spigot is wasted at the bung.

For this reason House Bill No. 130 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 131, entitled:

"An act relating to eminent domain proceedings in cities and towns, and amending sections 9263 and 9265 of Remington's Compiled Statutes of Washington."

This is a companion bill to House Bill No. 132, heretofore vetoed.

Said House Bill No. 131 contains the same inconsistencies as House Bill No. 132. For the reasons given in the veto of House Bill No. 132, said House Bill No. 131 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Thursday, March 14, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval, House Bill No. 132, entitled:

"An act relating to local improvements in cities and towns, and amending section 9402 of Remington's Compiled Statutes of Washington."

This bill is inconsistent with itself. It provides: "Whenever the legislative body of any city of the first class \* \* \* \* shall have \* \* \* \* by unanimous vote determined that the bonds for any improvement shall be payable on or before twenty-two (22) years \* \* \* \* such ordinance may provide that the principal sum \* \* \* \* may be paid in equal annual installments, the number (not less than ten) of such installments to be fixed by the legislative body at the time the work is ordered and ending with the twentieth year, together with interest on the unpaid installments, and that in each year thereafter, to and including the tenth year thereafter, one installment of interest on the principal sum \* \* \* \* shall be paid and collected and that beginning with the eleventh year one installment of the principal, together with the interest due thereon and on all installments thereafter to become due shall be paid and collected."

This bill authorizes the cities to pay for local improvements in more than ten equal annual installments but the inconsistency is found in that part which provides that the installments on the principal of the bonds shall begin with the eleventh year. It is evident if there are more than ten equal annual installments the bonds could not be paid within the time limited by the law.

This bill is a rewrite of chapter 117 of the Laws of 1925 for the purpose of making the provisions thereof applicable to first class cities of more than 75,000 inhabitants instead of as now where the law applies only to first class cities having a population of 300,000 or more.

This bill should not become a law because it would complicate local improvement districts in first class cities of 300,000 or more and it is doubtful if it would afford relief to first class cities of 75,000 or more. It is a matter of conjecture how the courts would construe the bill as one part is inconsistent with another part thereof.

I am unwilling to approve a bill containing these inconsistencies, therefore House Bill No. 132 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

Saturday, March 9, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval, House Bill No. 137, entitled:

"An act relating to driving motor vehicles while intoxicated and providing penalties for violation thereof."

Offhand this bill might be regarded as a medium for expediting the enforcement of present liquor laws. In fact it goes far beyond this sphere and strikes at the fundamentals of government. Since the beginning of government it has been an established custom to allow judges to exercise reasonable discretionary powers in meeting out justice to persons convicted of crimes of this grade. This bill, if enacted into law, would divest courts of this power, mean a radical and, in my opinion, a dangerous departure and would constitute an infringement of the inherent, as well as the legal rights of, the judiciary. In fact, its provisions are so drastic as to tend to accentuate and aggravate, rather than to correct, the evil with which it is supposed to deal.

Therefore, House Bill No. 137 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

Tuesday, March 19, 1929.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to section 5, House Bill No. 140, entitled:

“An act relating to, and to promote efficiency, order and economy in, the administration of the government of the state, prescribing the powers and duties of certain officers and departments, creating the department of highways and the office of the director of highways, and amending sections 2, 3, 4, and 7 of chapter 7 of the Laws of 1921, and declaring that this act shall take effect immediately.”

The purpose of this bill, as originally drafted, was to eliminate the dual and conflicting control and responsibility relative to the administration of the state highway laws by the creation of a department of highways similar to other administrative code departments, and to bring about general uniformity of the administration of the State's business under the code. By amendment a new section known as section 5, was written into the bill. This section provides that the state auditor shall have the power to inspect, examine and audit the books, accounts and records of the department of highways as often as he deems proper. The effect of this provision would be to bring about a conflict of authority, duties and responsibilities between the department of efficiency and the state auditor relative to the examination and audit of state offices, departments and institutions.

It is now the duty of the state auditor to audit all expense vouchers of the highway department as well as of all other offices and departments before drawing his warrants upon the same. However, the authority to examine state offices and departments is vested in the director of efficiency while the state auditor's power of examination is limited to counties, cities and other municipal corporations. To single out the highway department and to give the state auditor enlarged powers over this department, which he does not or cannot exercise over any other state department, is incon-

sistent with the general provisions of the administrative code and not in keeping with sound public policy.

Therefore, House Bill No. 140 is approved, with the exception of section 5, which is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

Monday, March 25, 1929.

To the Honorable  
The House of Representatives of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 153, entitled:

"An act relating to motor vehicles, the fees for licenses therefor, excise taxes on fuels to be used thereby, repealing certain acts relating thereto, declaring when certain provisions of this act shall take effect, and making an appropriation."

This bill provides for a reduction of motor vehicle license fees and an increase in the gasoline tax. In my second inaugural message to the Legislature I took occasion to say:

"I recommend that the present gasoline tax of two cents a gallon be not increased. The people have far greater need for the revenue, which an additional tax would produce, for their own private uses than for its expenditure upon highways."

I am still of the opinion that this recommendation is sound.

This bill would create an East and West Paved Highway Fund. The bill also provides that all money in said East and West Paved Highway Fund shall be appropriated and used for the purpose of paving, and engineering incidental thereto, East and West paved highways. A considerable sum of money was spent during the last biennium for road oiling and dust prevention purposes and this included two East and West main highways. This should suffice for the present. All highway paving, however desirable, cannot be done at once. The cost is prohibitive. The gasoline tax is sufficiently high now. There is no urgent necessity for paving East and West highways. However desirable it might be to reduce motor vehicle license fees, the increase in gasoline tax provided for in this bill is sufficient reason for vetoing it. Therefore, House Bill No. 153 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

Wednesday, March 20, 1929.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 195, entitled:

"An act relating to education; providing for the organization of junior college districts and the maintenance of junior colleges therein, and authorizing the levy of taxes therefor."

In my original message to the Twenty-first Legislature, I said:

"Appropriations must be held down to bare necessities and new functions or projects of any kind calling for additional expenditures in any of the taxing units of the state, must not be undertaken."

It was further stated that I should regard it as a performance of plain duty to disapprove any legislation which tended to add to the already too great tax burden borne by the people as a whole.

This bill provides for the creation of new taxing units and the levying of additional taxes, and would add to the load which the now overburdened taxpayer is forced to carry.

Education is too expensive. Out of every dollar paid for the support of government in the state, seventy-seven cents goes to education. The state is maintaining and long has maintained a university, a state college, three normal schools, high schools, grade schools and kindergartens. Recently a movement started for junior high schools, and more recently another for junior colleges and parental schools. The cost of education is already sufficiently high, and this pyramiding of educational functions must stop somewhere. It is imperative that educational costs be confined to bare necessities, until a satisfactory solution of the state's tax problem has been evolved.

It is a very inopportune time to add to tax burdens. Many of our school districts and some of our counties are facing bankruptcy. Thousands of tracts of land are being sold for delinquent taxes. Every parcel of land confiscated by the tax collector increases the burdens upon the unconfiscated remainder, which every year grows less. A halt must be called. The way to reduce taxes is to quit spending the people's money.

Therefore, House Bill No. 195 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

Thursday, March 21, 1929.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 208, entitled:

"An act relating to compensation for volunteer firemen; creating volunteer firemen's compensation boards and prescribing the powers thereof:

and empowering cities and towns to limit the membership of volunteer fire departments and to require physical examination of members; and to purchase insurance."

This bill provides for compensation of volunteer firemen injured while engaged in duty or who shall contract illness as a direct result of the performance of duty, or in case of death for compensation to the wife, or child, or children, or to dependent parents in case there is no wife or child.

A similar bill was enacted at the Extraordinary Session of 1925. In vetoing the same, I said:

"This bill provides for the compensation of volunteer firemen injured while engaged in the performance of their duties as such. It creates a compensation board, consisting of the mayor, three members of the council and five members to be elected by the fire department, which gives the firemen a majority on the board.

"Compensation is to be paid in cases of death, permanent or temporary disability. To meet the payments, which are to be handled upon an emergency basis, a special tax is to be levied, if need be, in excess of existing limitations.

"In many smaller cities and towns of the state, members of volunteer fire departments are now adequately protected by means of blanket health and accident policies, the premiums on which are paid from volunteer funds. There is no reason why this plan cannot be adopted in all municipalities which come under the provisions of this act.

"Again we are confronted with a proposal to create more governmental machinery, to impose another tax, and circumvent levy limits."

While the compensation board proposed to be created by said House Bill No. 208 differs in composition from that proposed to be created by the vetoed bill of the Extraordinary Session of 1925, yet said House Bill is obnoxious because it would create more governmental machinery to impose another tax and circumvent levy limits.

Therefore, House Bill No. 208 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 223, entitled:

"An act relating to horticulture and amending sections 1, 3, 5, and 26 of chapter 166 of the Laws of 1915, and amending section 13 of chapter 141 of the Laws of 1921, and repealing section 21 of chapter 166 of the Laws of 1915."

This is an unnecessary piece of legislation. It would extend the inspection laws to include herbs grown for ornamental purposes and vegetable plants grown in greenhouses. It provides for collecting and spending more

money. It would make necessary the employment of more inspectors. We have too many now.

The bill is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Thursday, March 21, 1929.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 239, entitled:

"An act empowering the granting of degrees by the state normal schools of Washington when conforming to prescribed curricula."

House Bill No. 47, passed at the extraordinary session of 1925, was vetoed. In vetoing the same, I took occasion to say:

"At the present time the degree of Bachelor of Arts in education is granted at the university and the state college. This degree has behind it four years of work, the last two of which are of full collegiate grade. The normal schools are not now equipped to duplicate this collegiate course. They propose, however, to grant the bachelor's degree upon their present four-year course.

"In other words, if the provisions of this bill become operative, a degree of bachelor of arts in education from the university or the state college will mean one thing, while the same degree from a normal school will mean something else. Any degree, when granted, should be evidence that the recipient thereof has completed a certain definite course of study and it should not be necessary to ascertain what school had granted it in order to know what kind of training the holder had received. In my opinion, the State of Washington cannot afford to have degrees of bachelor of arts in education of different grade or dignity.

"This, in my opinion, however, is not the most serious objection to this measure. It brings before us the whole question of higher education and reveals to us just another step toward the development in this state of five competing universities. Each school wants to branch out and expand, to add another study here, a new course there, and after while a new department, school or college established. This means more buildings, more equipment, more instructors and a bigger hole in the taxpayer's pocket.

"Despite arguments advanced in favor of this bill, I am still unconvinced that a four-year normal course, which includes numerous academic and collegiate subjects, is either necessary or desirable. In fact, there is reason to believe that normal school curriculum has already been expanded beyond actual needs and an effort should be made to simplify rather than to further enrich it with collegiate subjects. Certain it is if this bill becomes a law, the granting of degrees will become the primary function of normal schools, and more and more will they become competitive institutions with the state university and the state college."

I am of the same opinion now that I was when I vetoed said House Bill No. 47.

Consequently, House Bill No. 239 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 241, entitled:

"An act relating to, and regulating the possession, transportation, treatment and disposition of, dead human bodies, and the licensing of embalmers and funeral directors, regulating the conduct in relation thereto, providing penalties for violation thereof, and repealing all acts and parts of acts in conflict therewith."

This bill would tend to establish a monopoly in the undertaking business. We have too many monopolies now.

House Bill No. 241 is vetoed.

ROLAND H. HARTLEY,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 252, entitled:

"An act to regulate the practice of hair-dressing and beauty culture; authorizing and licensing schools for the teaching of the art of hair-dressing and beauty culture; licensing of persons to carry on such practices; providing penalties for the violation thereof, and amending sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14 and 15 and chapter 281 of the Laws of 1927."

The present law regulating the practice of hairdressing and beauty culture, enacted at the 1927 session of the Legislature, is adequate. It is neither necessary nor desirable to encumber the statute books with new legislation on this subject. Therefore, House Bill No. 252 is vetoed.

Respectfully submitted,  
ROLAND H. HARTLEY,  
Governor.

Thursday, March 14, 1929.

To the Honorable

The House of Representatives of the State of Washington.

I am returning herewith, without my approval, House Bill No. 258, entitled:

"An act relating to the drawing, or uttering, of bank checks or drafts for the payment of money, without funds to meet the same upon presentation, prescribing penalties for violation thereof, and amending section 1 of chapter 156 of the Laws of 1915."

This bill provides that anyone uttering a check or draft with intent to defraud shall be guilty of petit larceny if the instrument is for \$25.00 or less and if for more, grand larceny.

Sec. 2601-2 of Remington's Compiled Statutes, among other things, provides: "Any person who shall with intent to defraud make, or draw, or utter, or deliver to another person any check, or draft, on a bank or other depository for the payment of money, knowing at the time of such drawing, or delivery, that he has not sufficient funds in, or credit with said bank or depository, to meet said check, in full upon its presentation, shall be guilty of larceny."

Sec. 2605 of Remington's Compiled Statutes, among other things, provides: "Every person who shall steal or unlawfully obtain \* \* \* \* property of the value of more than twenty-five dollars, in any manner whatever, shall be guilty of grand larceny and be punished by imprisonment in the state penitentiary for not more than fifteen years." Said section further provides that every other larceny shall be petit larceny and shall be a gross misdemeanor.

The above quoted sections cover fully all the subject matter of House Bill No. 258 and said bill is vetoed for the reason that it is entirely unnecessary in that it only duplicates existing statutes and serves no useful purpose whatever.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

I am filing herewith to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 259, entitled:

"An act relating to education, and providing for the formation of joint union high school districts in connection therewith."

This bill proposes to extend the organization of union high school districts to school districts located in two or more adjacent counties.

The present law provides all the facilities necessary for the creation of the union high school districts and every extension of these facilities means increased taxes. For this reason, House Bill No. 259 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

Wednesday, March 20, 1929.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 261, entitled:

"An act establishing an air way from Spokane to Puget Sound, and making an appropriation therefor."

This is another measure for increasing taxes and for that reason alone should be vetoed. It should be vetoed for another reason. Aircrafts are already competing with other common carriers in carrying passengers and mail. Improvements in flying machines will increase this competition. It is unjust to tax other common carriers for the support of a competing industry. It is unfair to tax all of the people for the benefit of a favored one. The bill would increase taxes. The way to reduce taxes is to quit spending the people's money.

For these reasons House Bill No. 261 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 272, entitled:

"An act to prohibit the sale of eggs unfit for human food, to prevent deception in the sale of eggs, to protect the consuming public in the matter of quality and weight, regulating and standardizing the grading, classification, and labeling of all eggs displayed for sale, and providing penalties for the violation thereof."

This bill would necessitate the employment of more inspectors. Inspectors have to be paid. The ultimate consumer pays the cost whether the salary of such inspector comes from taxes or fees collected from the owners of commodities inspected. There are too many inspectors now.

Therefore House Bill No. 272 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 279, entitled:

“An act relating to water and water systems in cities and towns, authorizing such cities and towns to contract in relation thereto, and declaring that this act shall take effect immediately.”

This bill, would permit two or more cities or towns adjoining one another and occupying contiguous territory, to own and operate common water systems. It authorizes any such cities or towns to contract for a term of years with any owner or operator of any manufacturing or industrial plant for the supplying of such plant with water at a rate or rates for the entire period to be fixed at the time of the contract, whether such manufacturing or industrial plant is situated within or without the limits of the city or town. This bill would authorize such city or town to make special taxes to special interests at the expense of the great body of taxpayers. The right to make such special rates should not be granted.

Therefore, House Bill No. 279 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 284, entitled:

“An act relating to and authorizing the regulation of buildings and structures in cities and towns.”

House Bill No. 284 is another regulatory measure. It provides that the legislative body of cities and towns shall appoint a commission to be known as the zoning commission; that such commission shall make a preliminary report and hold public meetings before submitting its final report.

Section 1 of the bill is declaratory of the objects thereof which are for the purpose of promoting health, safety, morals, or the general welfare of the community, the legislative body of cities and towns is authorized to regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts, and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes. An excellent example of government sticking its nose into the private business of citizens. Such a law might be necessary

in London, New York, or Paris, and some day may be necessary in this state. It is not necessary now.

Therefore, House Bill No. 284 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 285, entitled:

“An act relating to navigation and providing in connection therewith for the regulation of pilotage on the Columbia River Bar and the Columbia River.”

The object sought to be accomplished by this bill is good, but the mechanics thereof are defective, cumbersome and unworkable, and the revenues provided are insufficient to carry out the provisions of the act.

Consequently, said House Bill No. 285 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 297, entitled:

“An act authorizing boards of county commissioners to convey certain lands to the United States Government.”

This bill would authorize county commissioners of any county which has heretofore, or hereafter, acquired any lands through foreclosure of tax liens or otherwise, which by reason of their location, topography or geological formation, are chiefly valuable for the purpose of developing and growing timber, and which are situated within the boundaries of any national forest, or in areas adjoining any national forest within which the United States government has authority to acquire land for national forest purposes, may, in their discretion, convey such lands to the United States government for national forest purposes, for such compensation as may be deemed equitable.

All lands conveyed to the United States would be permanently removed from the tax rolls. Ways and means should be devised for restoring to the

tax rolls such lands acquired through foreclosure of tax liens, instead of keeping them permanently off the tax rolls.

For this reason House Bill No. 297 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives, at the next session of the Legislature, without my approval, House Bill No. 298, entitled:

“An act relating to public parks, providing for the formation of metropolitan park district in connection therewith, amending sections 4, 5, 7, 8, 14, 15, 19 and 22 of chapter 98 of the Laws of 1907 and further amending said chapter by adding thereto four new sections to be known as sections 5-a, 5-b, 5-c, and 19-a, and repealing sections 9, 10, 11, and 12 of said chapter, and declaring that this act shall take effect immediately.”

This bill, among other things, provides for municipal golf courses. It also provides for increasing taxes. The 1927 session of the Legislature passed an act authorizing cities of the first class to acquire, construct, improve, maintain and operate municipal golf courses. I vetoed this bill and in so doing, said:

“This bill would authorize cities of the first class to acquire, construct, improve, maintain and operate municipal golf courses. It contains an emergency clause that the act is necessary for the immediate preservation of the public peace, health and safety, and shall take effect immediately. It is surprising how the state has survived the past forty years or more without municipal golf courses. Cities of the first class had better confine their activities towards giving the people good government. The people will find ways for recreation and amusement without municipal help.”

What was said two years ago is true today. Therefore House Bill No. 298 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 299, entitled:

“An act relating to the welfare of minor children, their care, custody, control and adoption, and providing penalties.”

Among other things this bill would make it unlawful for parents to place their children in the permanent care, custody or control of another person without an order of the court, but such custody and control could be relinquished to orphan asylums and home-founding societies without court action.

This is an unwarranted distinction and class legislation. The bill is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 314, entitled:

"An act relating to the government, powers and duties of cities of the third class and amending section 14 of chapter 184 of the Laws of 1915."

This bill amends the law regarding the powers and duties of cities of the third class by permitting such cities to enter into contracts, exclusive or otherwise, under such regulations as they may deem proper for the operation of motor propelled vehicles, for the transportation of passengers within such city, provided, that no contract or permit under this provision shall grant an exclusive right for the operation of such vehicle for a period greater than ten years.

This is an unwise extension of power and should not be granted.

For this reason said House Bill No. 314 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 339, entitled:

"An act relating to taxation and amending section 82 of chapter 130 of the Laws, Extraordinary Session of 1925, and declaring an emergency."

Under existing law, on the first Monday in January next succeeding the date of levy of taxes, the county auditor shall deliver to the county treasurer the tax rolls of his county for such assessment year. This bill would change the date of such delivery from the first Monday in January next succeeding the date of levy to on or before December 31st of each year.

There is no need for making any such change and there is no need for tinkering with the tax laws on inconsequential matters.

House Bill No. 339 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 347, entitled:

"An act relating to union high school districts and authorizing the incurring of indebtedness and the issuance of bonds for certain purposes by the vote of the electors in portions of such districts in certain cases."

This is another tax-increasing measure. Under existing laws some school districts making up union high school districts evidently have reached the constitutional limit of indebtedness. This bill would provide for further and additional tax levies by permitting every district composing the union high school district to issue bonds to the constitutional limit.

The present law is amply broad for all union high school districts. Authority should not be granted to incur further and additional expenses.

For these reasons House Bill No. 347 is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

To the Honorable

The House of Representatives of the State of Washington.  
 (Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 358, entitled:

"An act relating to intoxicating liquors and the importation, receipt, purchase, transportation, manufacture, possession, use, sale and disposition thereof, prescribing the powers and duties of certain officers in relation thereto, providing penalties and amending sections 7312, 7313, 7320, and 7324 of Remington's Compiled Statutes."

This bill would liberalize the existing statutes relating to intoxicating liquors. It would permit the sale of certain non-beverage alcoholic preparations approved by the United States Government regardless of the state prohibition law. Reputable drug stores are now under no handicap in selling alcoholic lotions, toilet waters and other preparations, and the effect of this

bill would be to legalize the sale of a wide variety of alcoholic tonics, and would open the door to circumvention of the state prohibition act.

It is vetoed.

Respectfully submitted,  
 ROLAND H. HARTLEY,  
 Governor.

"An Act relating to deceased human bodies, the ashes thereof, prohibiting the scattering or disposal of the ashes thereof and the burial, the cremation or disposal thereof except under certain conditions, and providing penalties for violation."

This bill limits the time necessary under present law to hold the ashes or bodies of deceased persons.

Such limits might work great injury in many cases. It is unnecessary legislation and is, therefore, vetoed.

 Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 363, entitled:

"An act relating to hay inspection service by the state department of agriculture, and providing for a contract between the state director of agriculture and the United States Department of Agriculture, with respect to such service."

This bill would authorize the state director of agriculture to enter into a contract with the United States Department of Agriculture to provide that inspectors of hay appointed by such director, shall be trained, licensed and supervised by the United States Department of Agriculture, and that said inspectors shall issue certificates of inspection authorized both by said director and by said United States Department of Agriculture. Also that the United States Department of Agriculture shall be paid for services rendered out of moneys appropriated for hay inspection, such a percentage of the total fees collected for hay inspection by the said director throughout the state, as may be mutually agreed upon between the contracting parties.

Another bill to spend the people's money! There are already too many inspectors, and too many bureaucrats on the payroll.

Therefore, said House Bill No. 363 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 364, entitled:

"An act establishing a laboratory, providing for a chemist, requiring the payment of certain fees, the publication of the analysis of commercial feeding stuffs and amending section 2729, Remington's Compiled Statutes and making an appropriation."

The state is already supporting laboratories and paying chemists at state institutions of higher learning. This bill would establish another laboratory, in Olympia, and would also add more chemists and employees to the payroll. It would seem that the state is already sufficiently supplied with laboratories and chemists without setting up another establishment. House Bill No. 364 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

Monday, March 25, 1929.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing with the Secretary of State, to be transmitted to the House of Representatives of the State of Washington at the next session of the legislature, without my approval as to certain items of appropriation, House Bill No. 417, entitled:

"An act relating to public highways, making appropriations for the location, rights of way, engineering, maintenance, improvement, construction and paving thereof, and the construction or purchase of bridges, prescribing the powers and duties of certain officers in relation thereto, and declaring that this act shall take effect immediately."

This bill is based upon the estimates of the state highway engineer submitted to the legislature in the governor's budget. These estimates represent a fair and equitable distribution of the highway funds. The legislature, however, has seen fit to make some changes in the estimates and has appropriated more money than will be available during the ensuing biennium. No fault is to be found with what the legislature did, except in the manner

of over-appropriation, and for this reason I disapprove and veto the following appropriation items:

For co-operation with City of Vancouver in the extension of Washington Street, 80 feet wide, from 19th Street to 24th Street, the same to be extended in curvature and/or diagonally across south half of block 14 Vaughn's First Addition, and north half block 14 and block 7 in Moody and Rothrock's Addition, to make such intersection; vacating all of lots 16, 21, 22, 23 and 24, and north 10 feet of lot 20 in said block 7, extending paving, curbing, sidewalk and lighting system from 11th Street to said intersection including balance lots vacated in said block 7 in order to make desirable intersection. (Balance of cost to be provided and paid for by City of Vancouver), \$75,000.00.

North Bend—East—Paving, \$100,000.00.

Bissell South—Location, Right of Way and construction, \$60,000.00.

Mansfield Easterly to connection State Road No. 2, at the most feasible point between Coulee and Baird, \$100,000.00.

Construction and/or improvement of a highway in Moran State Park to Summit of Mount Constitution—under direction of the State Highway Engineer, \$40,000.00.

For the construction of a highway from Fairfax to Spray Park in Pierce County in conjunction with the Bureau of Public Roads of United States, under the direction of the State Highway Engineer, \$200,000.00.

Snohomish-Cathcart Heights-Bothell in Snohomish County to be expended under full control of the State Highway Engineer—betterment and reconstruction, \$50,000.00.

From S. R. No. 1, at the most feasible point north of Marysville, thence through Arlington and Sedro Woolley to Belfast—location and engineering and report on feasibility, \$5,000.00.

From Sumner to La Grande in Pierce County—survey, \$5,000.00.

Survey from Ellensburg to a junction of S. R. No. 5 at or near mouth of American River in Yakima County, \$5,000.00.

S. R. No. 5 at Auburn Westerly to S. R. No. 1—Paving, \$100,000.00.

With the exception of the vetoed items, House Bill No. 417 is approved.

Respectfully submitted,

ROLAND H. HARTLEY,

Governor.

**JOINT RULES OF THE SENATE AND HOUSE OF REPRESENTATIVES****JOINT SESSION.**

**Rule 1.** Whenever there shall be a joint session of the two houses, the proceedings shall be entered at length upon the journal of each house. The lieutenant governor or president of the senate shall preside over such joint session, and the clerk of the house shall act as the clerk thereof, except in the case of the joint session held for the purpose of canvassing the votes of constitutional elective state officers, when the speaker shall preside over such joint session: Provided, That the lieutenant governor shall not act in said joint session except as the presiding officer, and in no case shall have the right to give the deciding vote.

**MOTIONS FOR JOINT SESSION.**

**Rule 2.** All motions for a joint session shall be made by concurrent resolution to be introduced by the house in which such joint session is to be held and when an agreement has once been made, it shall not be altered or annulled, except by concurrent resolution.

**BUSINESS LIMITED.**

**Rule 3.** No business shall be considered in joint session, other than that which may be agreed upon before the joint session is called.

**Conference Committee, Reports, Etc.****CONFERENCE COMMITTEE.**

**Rule 4.** In every case of difference between the two houses, upon any subject of legislation, either house may request a conference and appoint a committee of three for that purpose, and the other house also shall appoint a like committee to confer. The committees shall meet at a convenient hour, to be agreed upon by their respective chairmen, and shall confer upon the differences between the two houses as indicated by the amendment made in one and rejected in the other. But no committee on conference shall consider or report on any matter except that directly at issue between the two houses. The papers shall be left with the conferees of the house asking for such conference, and they shall present the report of the committee to their house. When such house shall have acted thereon, it shall transmit the same and the papers relating thereto, to the other, with a message certifying its action thereon. Every report of a committee of conference shall be read through in each house, before a vote is taken on the same.

**HOW MADE UP.**

**Rule 5.** The presiding officer of each house shall appoint a committee of three members, selecting them so as to represent the attitude of the majority and minority of their respective houses.

**FREE CONFERENCE COMMITTEE.**

**Rule 6.** In case of a failure of the conferees to agree, a report of such disagreement may be made and the power of free conference may be granted by the two houses, either to the same committee, or the committee may be discharged and a new committee appointed with the power of free conference, to whom the whole subject-matter embraced in the bill or resolution shall be committed, and the committee of free conference may report by new bill or resolution, or otherwise, and bills or resolutions so reported shall be treated as amendments, unless such bills or resolutions are comprised entirely of original matter, in which case they shall receive the treatment required in the respective houses for original bills or resolutions, as the case may be.

**REPORT OF CONFERENCE AND FREE CONFERENCE COMMITTEE, HOW MADE OUT; WHO RETURNED TO.**

**Rule 7.** Three copies of the report must be prepared, and the copy of the bill as agreed to by the committee with all amendments inserted must be returned to the house asking for such conference and which is in possession of the bill; it

shall act upon such report, and if an agreement is reported, keep one of the copies of the report for its journal and duly message its action together with the bill, the original copy of the report and the remaining duplicate to the other house, which if the conference report be concurred in and the bill concurred in as amended, shall be the bill that is finally passed.

#### **SIGNATURES ON REPORT.**

**Rule 8.** The original report must be signed personally by all members of the committee, the other two copies need not be personally signed, but the committee clerk must copy the signatures thereon.

#### **ADOPTION OF REPORTS.**

**Rule 9.** The report of a conference or free conference committee may be adopted by acclamation, but concurrence in the bill as amended shall be by roll call and the ayes and nays entered on the journals of the respective houses. The report must be voted upon in its entirety and cannot be amended.

#### **MESSAGES BETWEEN THE TWO HOUSES.**

**Rule 10.** Messages from the senate to the house of representatives shall be delivered by the secretary or assistant secretary, and messages from the house of representatives to the senate shall be delivered by the chief clerk or assistant, who shall be announced by the doorkeeper, enter within the bar, announce or deliver his message.

#### **FINAL ACTION ON BILLS, HOW COMMUNICATED.**

**Rule 11.** Each house shall communicate its final action on any bill or resolution or matter in which the other may be interested, in writing, signed by the secretary or clerk of the house from which such notice is sent.

#### **ENROLLED BILLS—PRESIDING OFFICER TO SIGN.**

**Rule 12.** After a bill shall have passed both houses, it shall be duly enrolled in duplicate by the enrolling clerk of the house in which it originated, and it shall be examined by the enrolling committee of such house, who shall carefully compare the enrollment with the engrossed bill as passed, correcting any errors that may be discovered in the enrolled bill, after which the bill shall be signed by the presiding officer of each house, in open session, first in the house in which it originated; whereupon, the secretary of the senate, or the chief clerk of the house, shall present the original to the governor, and the duplicate (for printer's copy) to the secretary of state, taking their receipts therefor.

#### **DISPOSITION OF ENGROSSED BILLS.**

**Rule 13.** Whenever any bill shall have passed both houses, the house transmitting the enrolled bill to the governor shall also file with the secretary of state the engrossed bill together with the history of such bill up to the time of transmission to the governor.

#### **TRANSMISSION OF DOCUMENTS.**

**Rule 14.** Each house shall transmit to the other all documents on which any bill or resolution may be founded.

#### **JOINT AND CONCURRENT RESOLUTIONS; MEMORIALS.**

**Rule 15.** Memorials addressed to Congress and other branches of the Federal government and all joint resolutions, up to and including the signing thereof by the presiding officer of each house, shall be treated in all respects as bills. Concurrent resolutions and other memorials may be adopted without a roll call.

#### **PRINTING FOR THE LEGISLATURE; JOINT COMMITTEE.**

**Rule 16.** The standing committees on printing of the two houses shall be a joint standing committee, which shall examine all matters proposed to be printed by concurrent order, and shall report what part of such matter is needful to print. It shall be the duty of the secretary of the senate and the chief clerk of the house to compare the bills introduced in each house before printing, and such bills as are introduced in both houses and are of the same wording shall only be printed in one house.

**SENATE BILLS IN THE HOUSE; HOUSE BILLS IN THE SENATE.**

**Rule 17.** Senate bills in the house, and house bills in the senate, shall be the special order on Wednesday of each week during the session.

**AMENDATORY BILLS.**

**Rule 18.** All amendatory bills shall refer to the section or sections of the official codes and statutes of Washington, and supplements thereto, and to the respective Session Laws, to be amended.

**AMENDATORY BILLS, HOW DRAWN.**

**Rule 19.** Bills introduced in either house intended to amend existing statutes, shall have the words which are amendatory to such existing statutes underlined in the original and printed bills. Any matter omitted in the existing statutes shall be indicated by not less than four stars or asterisks, with spaces of not less than two ems, and no bill shall be printed or acted upon until the provisions of this rule shall have been complied with.

**AMENDMENTS TO STATE CONSTITUTION; ACTION BY LEGISLATURE.**

**Rule 20.** Amendments to the state constitution may be proposed in either branch of the legislature by joint resolution; and if the same shall be agreed to by two-thirds of the members elected to each of the two houses, such proposed amendment or amendments shall be entered on their respective journals with the ayes and nays thereon. (Const., art. 23, sec. 1.)

**PUBLICITY OF PROPOSED AMENDMENTS TO STATE CONSTITUTION.**

**Rule 21.** The legislature shall provide methods of publicity of all laws or parts of laws, and amendments to the constitution referred to the people with arguments for and against the laws and amendments so referred, so that each voter of the state shall receive the publication at least fifty days before the election at which they are to be voted upon. (Const., art. 2, sec. 1d.)

**INITIATIVE PETITION BEFORE THE LEGISLATURE.**

**Rule 22.** Initiative petitions filed with the secretary of state not less than ten days before any regular session of the legislature shall take precedence over all other measures in the legislature except appropriation bills and shall be either enacted or rejected without change or amendment by the legislature before the end of such regular session. (Const., art. 2, sec. 1a.)

**ADJOURNMENT.**

**Rule 23.** Neither house shall adjourn for more than three days, nor to any place other than that in which they may be sitting, without the consent of the other. (Const., art. 2, sec. 11.)

**ADJOURNMENT SINE DIE.**

**Rule 24.** Adjournment sine die shall be made only by concurrent resolution.

**INTRODUCTION OF BILLS.**

**Rule 25.** No bill shall be considered in either house unless the time for its introduction shall have been at least ten days before the final adjournment of the legislature, unless the legislature shall otherwise direct by a vote of two-thirds of all the members elected to each house, said vote to be taken by yeas and nays and entered upon the journal, or unless the same be at a special session. (Const., art. 2, sec. 36.)

**COMMITTEE BILLS.**

**Rule 26.** A committee bill may originate in either house, provided the entire committee unanimously favors the introduction of such bill at a regularly called meeting of the committee. Each member of the committee shall endorse his name thereon. No bill shall be introduced as a joint committee bill.

**JOINT COMMITTEE MEETINGS.**

**Rule 27.** Whenever any standing committee of either house shall desire to arrange for a public hearing upon any subject of legislation pending before such committee, it shall be the duty of the chairman of such committee to consult with the chairman of the corresponding committee of the other house and endeavor to arrange a hearing by the joint committees of the two houses.

**EACH HOUSE JUDGE OF ITS OWN MEMBERSHIP.**

**Rule 28.** Each house of the legislature is the judge of the qualifications and election of its members, and shall try all contested elections of its members in such manner as it may direct.

**SESSIONS OF THE LEGISLATURE.**

**Rule 29.** The sessions of the legislature shall be held biennially, convening on the second Monday of January each odd year. Rem. Comp. Stat. 8177.

After the first legislature, the sessions shall not be more than sixty days. (Const., art. 2, sec. 12.)

**AMENDMENTS TO JOINT RULES.**

**Rule 30.** These joint rules may be amended by joint resolution agreed to by a majority of the members of each house, provided one day's notice be given of the motion thereof.

**JOINT RULES OF SPECIAL SESSION.**

**Rule 31.** The permanent joint rules adopted at the regular session shall govern any special session called during the same legislative biennium.

---

**RULES OF THE SENATE.**

---

**Rule 1.** The president shall call the senate to order each day of sitting at 10:00 o'clock a. m., unless the senate shall have adjourned to some other hour.

**QUORUM.**

**Rule 2.** A majority of all members elected to the senate shall be necessary to constitute a quorum to do business: Provided, That less than a quorum may adjourn from day to day until a quorum can be had.

**DUTIES OF THE PRESIDENT.**

**Rule 3.** The president shall take the chair and call the senate to order precisely at the hour appointed for meeting, and, if a quorum be present, shall cause the journal of the preceding day to be read. He shall preserve order and decorum, and in case of any disturbance or disorderly conduct within the chamber, shall order the sergeant-at-arms to suppress the same, and may order the arrest of any person creating any disturbance within the senate chamber. He may speak to points of order in preference to members, arising from his seat for that purpose, and shall decide all questions of order without debate, subject to an appeal to the senate by any three members, on which appeal no member shall speak more than once without leave of the senate. He shall have charge of and see that all officers, attaches and clerks perform their respective duties, and shall, in open session, sign all acts, addresses and joint resolutions. He shall sign all writs, warrants and subpoenas issued by order of the senate, all of which shall be attested by the secretary. He shall have general control of the senate chamber and lobby, and have the right to name any senator to perform the duties of the chair, but such substitution shall not extend beyond an adjournment, nor authorize the senator so substituted to sign any document requiring the signature of the president.

**PRESIDENT PRO TEM.**

**Rule 4.** Upon the organization of the senate the members shall select one of their number as president pro tem., who shall have all the power and authority, and who shall discharge all the duties of the lieutenant-governor, acting as president during his absence or inability to discharge the duties of his office.

In the event that the lieutenant-governor is acting as governor the senate shall also elect one of its members temporary president, who in the absence or disability of the president elected by the senate, shall have all the power and authority and who shall discharge the duties of such president.

#### SUBORDINATE OFFICERS.

**Rule 5.** The subordinate officers of the senate shall perform such duties as usually pertain to their respective positions in legislative bodies, under the direction of the president, and such other duties as the senate may impose upon them. The compensation of any employe of the senate shall not be increased except by a two-thirds vote of all members of the senate, and the names of all members voting thereon shall be entered in the journal. Under no circumstances shall the compensation of any employe be increased for past services.

**Rule 6.** The president shall appoint all special, joint and hereinafter named standing committees on the part of the senate: Provided, however, that the committee on rules and joint rules shall consist of the president and nine (9) senators, five (5) of whom shall be from Western Washington, and four (4) from Eastern Washington, of which the president shall be chairman, and Provided further, That the appointment of the said standing committees shall be subject to the confirmation of the senate, such confirmation to be made a special order on the day following the announcement of the appointment by the president.

In the event the senate shall refuse to confirm any committee or committees, such committee or committees shall be forthwith elected by the senate.

#### COMMITTEE REFERENCE.

**Rule 7.** When a motion is made to refer a subject, and different committees are proposed, the question shall be taken in the following order:

**First:** The Committee of the Whole Senate.

**Second:** A Standing Committee.

**Third:** A Select Committee.

#### DUTIES OF COMMITTEES.

**Rule 8.** The several committees shall fully consider all measures referred to them, and the Committee on Claims and Auditing shall carefully consider all items of expenditure ordered or contracted on the part of the senate or any of its employes, and report upon the same prior to the voucher being signed by the president and secretary of the senate authorizing the payment thereof.

The committees shall acquaint themselves with the interest of the state specially represented by the committee, and from time to time present such bills and reports as in their judgment will advance the interests and promote the welfare of the people of the state.

The Committee on Rules and Joint Rules shall have charge of the daily calendar of the senate and shall direct the secretary the order in which the business of the senate shall be transacted: Provided, however, That by a vote of the majority of the senate any bill may be advanced to any place on the calendar, and any bill may be withdrawn from the committee by a like majority of the senate and placed upon the calendar in such position as may be ordered. No committee shall sit during the daily session of the senate unless by special leave.

#### COMMITTEE REPORTS.

**Rule 9.** All reports of committees shall be signed by such members thereof as concur therein, and the report, with the names of the signers thereof, shall be read by the secretary, or at the secretary's desk by the member making the report, without a motion, unless the reading be dispensed with by the senate. The members of the committee not concurring in the majority report may prepare a written minority report, sign and present the same to the senate, and both majority and minority reports shall in all cases be spread in full upon the journal.

In all cases where a bill is reported back with proposed amendment, the bill and report shall go to general file without action on the report, unless by a suspension of this rule by two-thirds vote the senate shall otherwise order. If a majority report recommends the indefinite postponement of a bill, action may be taken on this report without the bill going to general file.

#### SENATE EMPLOYES.

**Rule 10.** No person other than the regular officers and regular employes of the senate shall be employed by the senate, or any committee thereof, except by consent of the senate having been previously obtained by resolution, which resolution shall be referred to the Committee on Senate Employes, and reported upon by that committee before action is taken thereon.

The senate shall elect a secretary, who shall perform the usual duties pertaining to such office. He shall appoint, subject to the approval of the senate, the necessary clerks and stenographers, whose hours of duty and assignments shall be under his direction and instructions and who may be dismissed by him at his discretion.

All other employes shall report to the sergeant-at-arms and be under his supervision and direction.

All senate employes shall remain on duty daily during the hours designated by the secretary and sergeant-at-arms, respectively.

#### **COMMITTEE OF THE WHOLE.**

**Rule 11.** In forming the committee of the whole, the president shall name a chairman to preside, and all bills considered shall be read by sections and the chairman shall call for amendments and debates thereon at the conclusion of the reading of each section. The body of the bill shall not be defaced or interlined, but all amendments (noting the page and line) shall be duly entered by the secretary on a separate paper as the same shall be agreed to by the committee, and so reported to the senate for action.

#### **RULES IN THE COMMITTEE OF THE WHOLE.**

**Rule 12.** The rules of the senate shall apply to proceedings in committee of the whole, except that the previous question shall not be ordered nor the ayes and noes demanded, but the committee may limit the number of times that any member may speak at any stage of the proceedings during its sitting.

#### **MESSAGES RECEIVED.**

**Rule 13.** Messages may be received by the president while the committee of the whole is sitting; in which case the president shall resume the chair, receive the message, and vacate the chair, in favor of the chairman of the committee.

#### **REPORT OF COMMITTEE OF THE WHOLE.**

**Rule 14.** A motion that the committee of the whole rise shall always be in order, and shall be decided without debate.

#### **SUSPEND RULES FOR COMMITTEE OF THE WHOLE.**

**Rule 15.** The senate may at any time, by a vote of the majority of the members present, suspend the rules and orders of the senate for the purpose of going into the committee of the whole for the consideration of any bill, memorial or resolution before the senate.

#### **ENROLLED AND ENGROSSED BILLS.**

**Rule 16.** The committees on enrolled and engrossed bills may report at any time during the sitting of the senate.

#### **ORDER OF BUSINESS.**

**Rule 17.** After the roll is called and journal read and approved, business shall be disposed of in the following order:

- FIRST. Presentation of petitions, memorials, resolutions and motions.
- SECOND. Reports of standing committees.
- THIRD. Reports of select committees.
- FOURTH. Messages from the governor and other state officers.
- FIFTH. Messages from the house of representatives.
- SIXTH. Introduction and first reading of bills.
- SEVENTH. Second reading and reference of bills.
- EIGHTH. Business on general file and third reading of bills.
- NINTH. Business lying on the table.
- TENTH. The orders of the day.
- ELEVENTH. Unfinished business.

#### **BUSINESS TO BE ANNOUNCED.**

**Rule 18.** The president shall, on each day, announce to the senate the business in order, agreeable to the preceding rule, and no business shall be taken up or considered until the class to which it belongs shall be declared in order.

**UNFINISHED BUSINESS.**

**Rule 19.** The unfinished business at the preceding adjournment shall have the preference on the orders of the day, excepting special orders, and no motion or any other business shall be received without special leave of the senate until the former is disposed of.

**READING OF BILLS.**

**Rule 20.** Every bill shall receive three readings previous to its passage. The president shall give notice at each, whether it be the first, second or third reading. The first and second readings may, by consent of a majority of the senate, be on the same day. The third reading of every bill shall be by sections, and upon its final passage the vote must be taken by yeas and nays, the names of the senators voting for and against the same to be entered upon the journal, and the majority of the members elected to the senate must be recorded thereon as voting in its favor to secure its passage by the senate.

**GENERAL FILE.**

**Rule 21.** If consent be not given by a majority of the senate to the second reading of a bill upon the day of its introduction, the bill shall lie upon the table until the next succeeding legislative day, when immediately following the "Introduction and first reading of bills" the same shall be read a second time.

Upon the second reading of a bill it shall be referred to the appropriate committee, unless it be a committee bill which may be immediately placed on general file.

**BILLS MAY BE COMMITTED.**

**Rule 22.** A bill may be committed with special instructions to amend at any time before taking the final vote.

**ONLY ONE SUBJECT.**

**Rule 23.** No bill shall embrace more than one subject, and that shall be expressed in the title.

**Rule 24.** No act shall ever be revised or amended by mere reference to its title, but the act revised or the section amended shall be set forth at full length.

**INTRODUCTION OF BILLS.**

**Rule 25.** No bill shall be introduced in the senate after the fiftieth day of the session except the legislature shall otherwise direct by a vote of two-thirds of all the members elected to each house, said vote to be taken by yeas and nays and entered upon the journal, or unless the same be at a special session: Provided, That the time limitation for introduction of bills shall not apply to substitute bills reported by standing committees for bills pending before such committees.

**LIMIT OF AMENDMENTS.**

**Rule 26.** No amendment to any bill shall be allowed which shall change the scope and object of the bill.

**RECONSIDERATION, HOW TAKEN.**

**Rule 27.** After the final vote on any motion, resolution or bill, before the adjournment of that day's session, and at such time only, any member who voted with the prevailing side may give notice of reconsideration. Such motion to reconsider shall be in order only under the order of motions of the day immediately following the day upon which such notice of reconsideration is given, and may be made by any member who voted with the prevailing side.

A motion to reconsider shall have precedence over every other motion, except a motion to adjourn; and when the senate adjourns while a motion to reconsider is pending or before passing the order of motions, the right to move a reconsideration shall continue to the next day of sitting. On and after the fifty-seventh day of the session a motion to reconsider shall only be in order on the same day upon which notice of reconsideration is given and may be made at any time that day. Motions to reconsider a vote upon amendments to any pending question may be made and decided at once.

**APPROPRIATION BILLS.**

**Rule 28.** Bills appropriating money shall be considered in committee of the whole senate, and no change in the amount appropriated shall be made outside of the committee of the whole.

No amendment to the general appropriation bill, commonly known as the budget, adding any new item, or items thereto not incorporated in the bill as reported by the committee on appropriations, shall be adopted, except by the affirmative vote of two-thirds of the senators elected.

**PRINTING OF BILLS, ETC.**

**Rule 29.** Unless otherwise ordered 700 copies of all bills of a general nature originating in the senate, shall be printed for the use of the senate and house of representatives: Provided, That on requests of the senator introducing the bill, additional copies of such bill may be printed.

Provided further, That any bill introduced by request shall not be printed, unless such printing be ordered by the senate, and then only such number as the senate shall designate.

**FURNISHING FULL FILE OF BILLS.**

**Rule 30.** Persons, firms, corporations and organizations within the state, desirous of receiving copies of all printed senate bills, shall make application therefor to the secretary of the senate, who shall refer all such requests to the Committee on Rules and Joint Rules.

The bill clerk shall send copies of all printed senate bills to such persons, firms, corporations and organizations as may be ordered by the Committee on Rules and Joint Rules.

**SPECIAL ORDER.**

**Rule 31.** The president shall call the senate to order at the hour fixed for the consideration of a special order, and announce that the special order is before the senate, which shall then be considered unless it is postponed by a two-thirds vote, and any business before the senate at the time of the announcement of the special order shall take its regular position in the order of business.

**WORDS TO BE UNDERLINED.**

**Rule 32.** All bills introduced in the senate, which are intended to amend existing statutes shall have the words which are amendatory to such existing statutes underlined or underscored, and wherever parts of existing statutes are omitted and no new matter inserted in lieu thereof, there shall be inserted in the new bill not less than four stars or asterisks with spaces of not less than two ems, so that in the printed bills which are presented for the perusal of the members, such new or amended matter, as well as such deleted matter may be easily discerned.

**JOINT RESOLUTIONS AND MEMORIALS.**

**Rule 33.** Joint resolutions and memorials addressed to congress, or either house thereof, or to the president of the UNITED STATES, or the heads of any of the national departments, or proposing amendments to the state constitution, shall be subject in all respects to the foregoing rules governing the course of bills.

**SENATE RESOLUTIONS.**

**Rule 34.** Resolutions, other than those referred to in Rule 33, shall be treated as motions in all proceedings of the senate.

**MOTIONS.**

**Rule 35.** No motion shall be entertained until it shall be seconded, or debated until announced by the president. It shall be reduced to writing and read by the secretary, if desired by the president or any senator, before it shall be debated, and by consent of the senate may be withdrawn before amendment or action.

**MOTION TO ADJOURN.**

**Rule 36.** A motion to adjourn shall always be in order. The name of the senator moving to adjourn, and the time when the motion was made shall be entered on the journal.

**PRECEDENCE OF MOTIONS.**

**Rule 37.** When a question is under debate, no motion shall be received but the following, in the rank named:

- 1st rank: Question of consideration.
- 2nd rank: To lay on the table.
- 3rd rank: For the previous question.
- 4th rank: To postpone to a day certain.  
To commit or recommit.  
To postpone indefinitely.
- 5th rank: To amend.

No motion to postpone to a day certain, to commit, to postpone indefinitely, being decided, shall again be allowed on the same day and at the same stage of the proceedings, and when a question has been postponed indefinitely it shall not again be introduced during the session.

**CALL FOR DIVISION.**

**Rule 38.** Any senator may call for a division of a question, which shall be divided if it embraces subjects so distinct that one being taken away a substantive proposition shall remain for the decision of the senate; but a motion to strike out and insert shall not be divided.

**PREVIOUS QUESTION.**

**Rule 39.** The previous question shall not be put unless demanded by three senators, whose names shall be entered upon the journal, and it shall then be in this form: "Shall the main question be now put?" When sustained by a majority of senators present it shall preclude all debate, and the roll shall be immediately called on the question or questions before the senate, and all incidental questions or questions of order arising after the motion is made after the previous question, and pending such motion, shall be decided whether on appeal or otherwise without debate.

**PRIORITY OF BUSINESS.**

**Rule 40.** All questions relating to the priority of business shall be decided without debate.

**TIE VOTE.**

**Rule 41.** The passage of a bill or action on a question is lost by a tie vote, but when a vote of the senate is equally divided, the lieutenant governor, when presiding, shall have the deciding vote on questions other than the final passage of a bill.

**THE YEAS AND NAYS.**

**Rule 42.** The yeas and nays shall be taken when called for by one-sixth of all the senators present, and every senator within the bar of the senate shall vote unless excused by the unanimous vote of the senate, and the votes shall be entered upon the journal, and the names of senators demanding the yeas and nays shall also be entered upon the journal.

**READING OF PAPERS.**

**Rule 43.** When the reading of any paper is called for, and is objected to by any senator, it shall be determined by a vote of the senate, without debate.

**MESSAGES.**

**Rule 44.** Messages from the governor, other state officers, and from the house of representatives may be considered at any time by consent of the senate.

**RULES OF DEBATE.**

**Rule 45.** When any senator is about to speak in debate, or submit any matter to the senate, he shall rise from his seat and standing in his place, respect-

fully address himself to "Mr. President," and when recognized shall, in a courteous manner, confine himself to the question under debate, avoiding personalities, and when finished shall resume his seat. No senator shall impeach the motives of any other member or speak more than twice (except for explanation) during the consideration of any one question, on the same day or a second time without leave, when others who have not spoken desire the floor, but incidental and subsidiary questions arising during the debate shall not be considered the same question.

#### **MAY CALL SENATOR TO ORDER.**

**Rule 46.** If any senator in speaking, or otherwise, transgresses the rules of the senate, the president shall, or any senator may call him to order, and when a senator shall be so called to order he shall resume his seat and not proceed without leave of the senate, which leave, if granted, shall be upon motion "that he be allowed to proceed in order," when, if carried, he shall confine himself to the question under consideration.

#### **POINTS OF ORDER.**

**Rule 47.** Every decision of points of order by the president shall be subject to appeal, and no discussion of a question of order shall be allowed except on appeal of three senators, and in all cases of appeal the question shall be, "Shall the decision of the chair stand as the judgment of the senate?"

#### **BREACH OF DECORUM.**

**Rule 48.** In cases of breach of decorum or propriety, any senator, officer or other person shall be liable to such censure or punishment as the senate may deem proper, and if any senator be called to order for offensive or indecorous language or conduct, the person calling him to order shall report the language excepted to, which shall be taken down or noted at the secretary's desk, and no member shall be held to answer for any language used upon the floor of the senate if business has intervened before exception to the language was thus taken and noted.

#### **RECOGNITION BY THE PRESIDENT.**

**Rule 49.** When two or more senators rise at the same time to address the chair, the president shall name the one who shall speak first, giving preference, when practicable, to the mover or introducer of the subject under consideration.

#### **OPENING AND CLOSING DEBATE.**

**Rule 50.** The author of a bill, motion or resolution shall have the privilege of opening and closing debate upon the same, unless the previous question has been moved and sustained.

#### **PROTEST MAY BE ENTERED.**

**Rule 51.** Any senator or senators may protest against the action of the senate upon any question, and have such protest entered upon the journal.

#### **QUESTION OF PRIVILEGE.**

**Rule 52.** Any senator may rise to a question of privilege and explain a matter personal to himself by leave of the president, but he shall not discuss any pending question in such explanation.

#### **ABSENCE FROM SESSION.**

**Rule 53.** No senator shall absent himself from the senate without leave, except in case of accident or sickness, and if any senator or officer shall absent himself his per diem shall not be allowed or paid him, and no senator, officer or attache shall obtain leave of absence or be excused from attendance without the consent of two-thirds of the members present.

#### **CALL OF THE SENATE.**

**Rule 54.** A call of the senate may be moved by three senators, whose names shall be entered upon the journal, and if carried by a majority of all present the secretary shall call the roll and note the absentees, after which the names of the absentees shall again be called. The doors shall then be closed and the

sergeant-at-arms directed to take into custody all who may be absent without leave, and all the senators so taken into custody shall be presented at the bar of the senate for such action as the senate may deem proper.

#### **ABSENT DURING ROLL CALL.**

**Rule 55.** A senator having been absent during roll call may ask to have his name called.

#### **ELECTION BY ROLL CALL.**

**Rule 56.** In all cases of election by the senate the votes shall be taken by yeas and nays, and no senator or other person shall remain by the secretary's desk while the roll is being called or the votes are being counted. No senator shall be allowed to vote except when within the bar of the senate, or upon any question in which he is in any way personally or directly interested, or be allowed to explain his vote or discuss the question while the yeas and nays are being called, or change his vote after the result has been announced.

#### **ANNOUNCEMENT OF VOTE.**

**Rule 57.** The announcement of all votes shall be made by the president, and the announcement of the result of any vote shall not be postponed.

#### **WITNESSES BEFORE THE SENATE.**

**Rule 58.** Witnesses summoned by or on behalf of the senate to appear before the senate, or any of its committees, shall be paid for each day's attendance three dollars; for each mile traveled in coming to the place of examination, ten cents; and nothing shall be paid for travel where the witness was served at the place of examination, and no mileage shall be paid except where the witness actually traveled for the purpose of giving testimony.

#### **USE OF SENATE CHAMBER.**

**Rule 59.** The senate chamber shall not be used for any but legislative business during the session, except by permission of the senate given by two-thirds vote.

#### **ADMISSION TO FLOOR OF SENATE.**

**Rule 60.** The sergeant-at-arms and doorkeepers shall not admit to the floor of the senate during the session any person other than a member of the senate, except:

The governor.

Members of the house of representatives.

State officers.

Officers and employes of the senate.

Representatives of the press or other persons designated by name by resolution of the senate and holding cards of admission signed by the president.

#### **ADMISSION TO SENATE.**

**Rule 61.** The sergeant-at-arms and doorkeepers shall not admit to the floor of the senate, during the time the senate is not in session, any person other than one requested by a senator, the president or secretary of the senate.

#### **SENATE GALLERY.**

**Rule 62.** The east section of the south gallery is reserved for the use of the governor and state officers and their families, for the families of senators, and for members of the house of representatives and their families.

#### **SMOKING NOT ALLOWED.**

**Rule 63.** Smoking shall not be allowed in the senate chamber during the session of the senate, nor shall indecorous conduct, boisterous or unbecoming language be permitted there at any time.

#### **REED'S PARLIAMENTARY RULES.**

**Rule 64.** The rules of parliamentary practice as contained in Reed's Parliamentary Rules shall govern the senate in all cases to which they are applicable, and in which they are not inconsistent with the rules and orders of this senate and the joint rules of this senate and the house of representatives.

**SUSPENSION OF RULES.**

**Rule 65.** No standing rule or order of this senate shall be rescinded or changed without a vote of two-thirds of the members, and one day's notice of the motion thereof; but a rule or order may be temporarily suspended for a special purpose by a vote of two-thirds of the members present. When the suspension of a rule is called, and after due notice from the president, no objection is offered, he may announce the rule suspended, and the senate may proceed accordingly; but this shall not apply to that portion of rule 20 relating to the third reading of bills, which cannot be suspended.

**PURCHASE OF SUPPLIES.**

**Rule 66.** The board of control shall furnish all necessary supplies for the senate upon the requisition of the sergeant-at-arms, when signed by the secretary of the senate.

**Rule 67.** Any senator shall have the right to compare an enrolled bill with the engrossed bill before the president signs the same.
