#### MOTION

It was moved by Senator Greive that the Senate adjourn until noon, Monday, April 26, 1965.

Senator Moriarty, Jr. demanded a roll call and the demand was sustained by Senators Woodall, Atwood, Redmon, Thompson, Jr., Williams, Stender, Guess, Kupka, and Sandison.

#### PARLIAMENTARY INQUIRY

Senator Moriarty, Jr.:

"Mr. President, would the President accept a motion to adjourn until 4:00 p. m., tomorrow afternoon?"

#### POINT OF ORDER

Senator Greive:

"Mr. President, on a motion to adjourn, you can't have a substitute motion."

Senator Woodall:

"Mr. President, a motion to adjourn to a certain time is amendable. A motion which tends to keep the houses working would take priority over the one that would tend to have us leave."

Senator Greive:

"Mr. President, I didn't say Senator Woodall is not correct. I said you couldn't have a substitute motion. Senator Moriarty asked if you would accept the motion to adjourn until tomorrow."

#### POINT OF INQUIRY

Senator Rasmussen:

"Mr. President, would Senator Moriarty yield to a question?"

"Senator Moriarty, what do you have in mind that can transpire that would require our presence here Sunday afternoon?"

Senator Moriarty, Jr.:

"Well, Senator Rasmussen, there are two conference committees working. There are a number of bills in the Committee on Rules and Joint Rules. There are a number of matters being taken up by the House of Representatives, and I firmly believe that if this Senate wants to get this job done, we ought to stay on the job and the best way to do it is to keep the members here. If we are going to adjourn, we should adjourn until late tomorrow afternoon."

Senator Rasmussen:

"Senator Moriarty, wouldn't you think it would be better to continue to work today, rather than come back Sunday afternoon?"

Senator Moriarty, Jr.:

"I most definitely do. But I don't seem to find much sentiment on the other side of the aisle. If you want to make a motion to adjourn until four this afternoon, I will be happy to vote for it."

**MOTION**

It was moved by Senator Moriarty, Jr. that the motion by Senator Greive be amended and that the Senate do now adjourn until 4:00 p. m., Sunday, April 25, 1965.

Senator Moriarty, Jr. demanded a roll call and the demand was sustained by Senators Raugust, Woodall, Williams, England, Atwood, Ryder, Freise, Thompson, Jr. and Stender.

**PARLIAMENTARY INQUIRY**

Senator Gallagher:

"Mr. President, point of parliamentary inquiry:  
"Is this motion now before us debatable?"

**REPLY BY THE PRESIDENT**

The President:

"The time is debatable, Senator Gallagher."

Debate ensued.

**POINT OF INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, would Senator Rasmussen yield:

"Senator, you mentioned concern about the Governor being able to take his children fishing tomorrow. Are you worried about the Governor's children going fishing, or are you going fishing on Sunday?"

Senator Rasmussen:

"I always get skunked, but I do like to see the children fish."

Further debate ensued.

**POINT OF INQUIRY**

Senator Gissberg:

"Mr. President, would Senator Thompson yield to a question?

"Senator Thompson, with respect to the junior college bill which is in the Rules Committee, you are perhaps aware of the fact that there is a problem in the minds of many of us here in the Senate as to what disposition is to be made of the funds that are available, in view of the fact that we passed a tuition bill for the community colleges. That is one of the problem areas within the conference on the main budget. Now, what, if any, is your thought about the use of the additional funds made available as a result of the increase in the tuition? Is it your impression that this increase was to be used as a part of the total appropriations for community colleges, or is it to be in addition thereto?"

Senator Thompson, Jr.:

"Mr. President:

"Senate Bill No. 555, which Senator Dore and I sponsored, raises approximately \$1.9 million a biennium by increasing the tuition fees. The Superintendent of Public Instruction originally requested, as I recall, \$31,500,000 for the community college program. It was my understanding there was contemplated five new colleges. The bill that we passed in the Senate, and which passed the House and is now in conference, contains the figure \$30,300,000. The impact of the \$1.9 million is related to two separate questions. One, we passed a tuition bill and I believe this was the real reason and the official reason that we passed it. We, as a body of legislators, felt that it was important, and that in order to have adequate community college programs in our state, we

would have to ask the students attending the community college program for a little more participation in the cost of the program. I do not, in my own mind, feel Senate Bill No. 555 in any sense guarantees any more community colleges during this session of the legislature.

"I then felt that if we do ask the students to contribute a little more toward the cost of the community college program, that we would see the wisdom of extending the community college program, because we have demonstrated the need for community colleges both in the academic field, but more important, in the vocational and technical field. On that basis, I felt we would extend the program. In the Ways and Means subcommittee, they did take House Bill No. 137 which authorized five community college starts and reduced it to two this biennium and three the next biennium. This bill, as I have been assured by many of you on the floor, will probably pass the Senate. Now we do know the House has some different feelings on this and it might be very important to get this bill into conference, if conference is indicated.

"Getting back to your question more directly, I feel we should probably treat this additional revenue in somewhat the same manner as we have other revenue that we have earmarked now by the tuition involving three state colleges. I think some place in between is where this money should be spent, part of it for the benefit of the general fund appropriation, and part of it for additional enrollees at community colleges."

Debate ensued.

#### ROLL CALL

JOHN A. CHERBERG, *President of the Senate.*

WARD BOWDEN, *Secretary of the Senate.*

## FORTY-THIRD DAY

### NOON SESSION

SENATE CHAMBER,  
OLYMPIA, WASH., Monday, April 26, 1965.

The Senate was called to order at noon by President Cherberg.

The Secretary called the roll and announced to the President that all Senators were present except Senators Atwood, McMillan and Stender.

On motion of Senator Greive, Senator McMillan was excused.

The Color Guard, consisting of Pages John Turner, Color Bearer, and Teresa Hallauer, presented the Colors.

Reverend Maurice L. Haehlen, pastor of the United Churches of Olympia, offered prayer as follows:

“Almighty God Thou Eternal Father of us all, we thank Thee for the knowledge that there is a wideness in Thy Mercy like the wideness of the sea and that Thou dost look with understanding and compassion on our problems. Show us what Thou wouldst have us to do through the duties that are next at hand. Sustain us in the knowledge that justice and truth can and will prevail as we open our lives to Thy leading. Amen.”

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

The Secretary read:

**SENATE RESOLUTION**  
No. 1965 EX -26

By Senator Lewis:

WHEREAS, The state department of general administration is responsible for lighting, patrol and maintenance of the capitol grounds; and

WHEREAS, The city of Olympia is responsible for providing similar services in the vicinity of the capitol grounds; and

WHEREAS, No property taxes are paid on land occupied by the capitol campus; and

WHEREAS, The capitol campus is expanding to include much of the area directly east of Capitol Way; and

WHEREAS, The city of Olympia lacks the safety, rescue, fire protection and other equipment necessary to provide essential services for the new buildings and the area adjacent to them; and

WHEREAS, The city of Olympia is not financially able to supply necessary equipment for this purpose.

Now, Therefore, Be It Resolved, That the legislative council make a study of the jurisdictional problems posed by the expansion of the capitol campus, and recommend to the fortieth session of the legislature a proper division of responsibility between the department of general administration and the city of Olympia for the maintenance of the area and the supply of necessary services thereto.

Be It Further Resolved, That copies of this resolution be transmitted by the Secretary of the Senate to the legislative council, to the department of general administration, and to the city of Olympia.

It was moved by Senator Lewis that the resolution be adopted.  
Debate ensued.

### POINT OF INQUIRY

Senator Kupka:

“Mr. President, would Senator Lewis yield to a question?”

“Senator Lewis, you mentioned there was no way of taking care of people in a

seven story building. I understand there are seven stories to this highway building. Is it because you don't have ladders or fire equipment that can reach that high?"

Senator Lewis:

"That's correct, Senator Kupka. We have no facilities now to reach up to the outside of the highway building. There are elevators and two stairways, but in the event of a bad smoke fire, and those of you who have talked to firemen know that this can happen, and people in a portion of a building can become isolated, we would have no way at all of getting people out of those upper floors."

Senator Kupka:

"After hearing about the obsolescence of a brand new building for the Highway Department, I wondered if they made a mistake and didn't put in fire escapes or fire equipment in the building."

Senator Lewis:

"No, Senator Kupka, I think the building is properly supplied with fire escapes, but in addition to that, you should have protection and provisions for getting people out of that building in an emergency situation. All we're asking is that the council study this and make a determination."

The motion was carried and the resolution was adopted.

**SENATE RESOLUTION**  
**No. 1965 EX -27**

By Senator Rasmussen:

WHEREAS, The Washington State Legislature has passed and the Governor has signed a law granting Supreme Court judges \$27,500 per year salary and the same law grants Superior Court judges \$20,000 per year salary; and

WHEREAS, There now exist a large number of pending court cases; and

WHEREAS, Justice is not served by delay; and

WHEREAS, The Supreme Court of Washington promulgates the rule for the operations of all courts; and

WHEREAS, We believe that the people of Washington through their legislators have provided a decent standard of living for judges during their working years and an excellent pension after retirement, with security for their wives and children in the event of their death; and

WHEREAS, The taxpayers of Washington are entitled to a reasonable number of hours of work and a reduction in the backlog of untried cases with a speedier trial; and

WHEREAS, The present two months' vacation in the summer when there are few, if any, trials in July and August and the further vacation in the spring and winter, impede the progress of justice and are an unnecessary expense to the public;

*Now, Therefore, Be It Resolved*, That the Senate of the state of Washington respectfully suggest to the honorable judges of the Supreme Court that they promulgate new rules of the court to provide for twelve months' operation of the courts every year and to further provide for the continuous operation by use of staggered vacations of four weeks per year.

It was moved by Senator Rasmussen that the resolution be adopted.

Debate ensued.

It was moved by Senator Gallagher that the resolution be referred to the Judiciary Committee.

Senator Herrmann demanded a roll call and the demand was not sustained.

The motion was carried on a rising vote and the resolution was referred to the Judiciary Committee.

The Secretary read:

It was moved by Senator Mardesich that the committee amendment be adopted.

Debate ensued.

**POINT OF INQUIRY**

Senator Dore:

"Mr. President, would Senator Mardesich yield?"

"Senator, I see Senator Foley is not on the floor at this time, but I thought you were going to take the amendment off when we put the monetary amount in the conference bill. That, at least, was my understanding."

Senator Mardesich:

"That was not my understanding, and as I understood Senator Foley's position, this was the reason that we made the amendment in committee."

Senator Herrmann:

"Mr. President, Senator Dore:

"If you will look at the wording of the bill, Senator, it doesn't state the amount. It merely says it will not exceed the amount of \$35,000 or if the amendment is adopted, \$50,000, and in the event the recommendation is before the committee, they would check with the auditor and would limit the amount, but it does not set the appropriation, just the ceiling."

The motion was carried and the committee amendment was adopted.

On motion of Senator Mardesich, the rules were suspended, Engrossed Senate Concurrent Resolution No. 10 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

"Answering a point in debate is not a personal privilege."

**RULING BY THE PRESIDENT**

The President:

"The Senator's point is well taken. For what purpose does Senator Greive rise?"

Senator Greive:

"To move that the rules be suspended to permit Senator Guess to answer me if he so desires."

**POINT OF ORDER**

Senator Rasmussen:

"Mr. President, point of order."

The President:

"The Senator will state his point of order."

Senator Rasmussen:

"I object to the procedure of raising the previous question and then looking around to determine if someone wants to speak and then moving to suspend the rules. I think that is entirely out of order. When you move the previous question, if the body desires to sustain it, then there is no chance for anybody else to talk. That is the way it should be. I think it is entirely out of order when you move the previous question. I think we should vote down the previous question to let the gentleman talk, not suspend the rules."

**PARLIAMENTARY INQUIRY**

Senator Gallagher:

"Mr. President, what is before the body?"

**REPLY BY THE PRESIDENT**

The President:

"The question before the body is shall the main question be put?"

Senator Greive:

"There is a motion to suspend the rules."

The President:

"The President did not recognize you for the purpose of making a motion, Senator Greive. The President believes the point of order presented by Senator Rasmussen is well taken to a point."

**POINT OF ORDER**

Senator Greive:

"Point of order, Mr. President:

"How does the presiding officer determine for what purpose he recognizes someone? Either you recognize him or you don't."

**RULING BY THE PRESIDENT**

The President:

"The President said: 'For what purpose do you rise, Senator Greive,' and if the President, in his discretion, does not wish to put your motion, he is quite in order."

Senator Greive:

"Mr. President, I would appreciate it if you would quote me the rule that so states."

The President:

"For what purpose does Senator Gallagher rise?"

**PARLIAMENTARY INQUIRY**

Senator Gallagher:

"Mr. President:

"What is before the body? I believe we should dispose of the question now before us, instead of letting somebody yield and prolong debate here. We have other business to take care of, and if the Chair would rule, and rule firmly, then I believe we would expedite matters here."

**RULING BY THE PRESIDENT**

The President:

"The President, in a sense has ruled, Senator Gallagher. The President ruled upon the point of order presented by Senator Herrmann to the effect that a point of debate was not a point of personal privilege. Senator Rasmussen also raised a point which the President said was correct in a certain sense. Any Senator may speak at any time upon a point of personal privilege.

"Now, you originally demanded the previous question. The President put a portion of the action to the Senate. Senator Greive moved to suspend the rules. The President believes that a part of Senator Rasmussen's criticism is well taken. The President, in the past, has allowed a certain amount of latitude—perhaps too much. Henceforth, if the members desire the previous question, no one will be recognized once the previous question has been requested. The President is putting that into effect at this time.

"The question is: Shall the main question be now put."

The demand for the previous question was sustained.

**ROLL CALL**

The Secretary called the roll on the final passage of Engrossed Senate Concurrent Resolution No. 10 and the resolution passed the Senate by the following vote: Yeas, 29; nays, 15; absent or not voting, 4; excused, 1.

Excused: Senator McMillan—1.

Engrossed Senate Concurrent Resolution No. 10 having received the constitutional majority, was declared passed.

**Senate Concurrent Resolution No. 22**, by Senators Morgan, Durkan and Knoblauch:

Supporting Kitsap county citizens' request that new navy ship be named "Port Orchard".

The resolution was read the second time in full.

On motion of Senator Morgan, the rules were suspended, Senate Concurrent Resolution No. 22 was advanced to third reading, the second reading considered the third, the resolution placed on final passage and adopted.

**Senate Bill No. 565**, by Senators Ryder, Moriarty, Jr., Foley and Dore:  
Relating to the apportionment of funds for educational purposes.

**REPORT OF STANDING COMMITTEE**

**Senate Bill No. 565:**

Senate Chamber,  
Olympia, Wash., April 22, 1965.

Relating to the apportionment of funds for educational purposes (reported by Committee on Ways and Means):

MAJORITY recommends that it do pass with the following amendment:

On page 1, lines 14 and 15, strike "other than the proceeds of the state property tax"

FRANK W. FOLEY, *Chairman*.

FRED H. DORE, *Chairman*,

Committee on Appropriations.

....., *Chairman*,

Committee on Revenue and Regulatory.

We concur in this report: R. Frank Atwood, Robert C. Bailey, Jack England, Michael J. Gallagher, R. R. Bob Greive, Ernest W. Lennart, August P. Mardesich, Charles P. Mariarty, Jr., Marshall A. Neill, John A. Petrich, Edward F. Riley, John N. Ryder, Albert C. Thompson, Jr., Walter B. Williams.

The bill was read the second time by sections.

It was moved by Senator Ryder that the committee amendment be adopted. Debate ensued.

**POINT OF INQUIRY**

Senator Woodall:

"Would Senator Ryder yield?"

"Does this bill take those federal moneys and change the apportionment ratio, as to the determination of how much is given locally?"

Senator Ryder:

"Senator Woodall, that was already in the bill we passed some time ago and has been signed by the Governor."

Senator Woodall:

"Yes. Is it also in this one again?"

Senator Ryder:

"This bill amends that bill."

Debate ensued.

**POINT OF INQUIRY**

Senator Gallagher:

"Does this get into the four mills?"

Senator Ryder:

"No, this has nothing to do with the four mills. As you remember the four mills was the amount that was left after taking ten mills at the state level. Now that is out. This equalizes at eighty-five percent the fourteen mills that are being levied now at the local level."

Further debate ensued.

## POINT OF INQUIRY

Senator Gallagher:

"Would Senator Raugust yield to a question?"

"Senator, I assume that you also support the position of the Chief Executive downstairs that we not only have to meet the current problems as far as spending is concerned, but we should increase taxes to wipe out the \$25 million deficit?"

Senator Raugust:

"I always believe in a balanced budget, and I am not for just shifting the indebtedness from one position to another to fool the people."

Senator Gallagher:

"Mr. President, I wonder if Senator Raugust would yield to another question?"

"In what area do you propose we raise this money? I think that you have served here for a long time."

The motion was carried and the committee amendment was adopted.

It was moved by Senator Hallauer that the following amendment by Senators Hallauer, Washington and Guess be adopted:

On page 1, section 1, line 22, beginning with "Eighty-five" strike all underlined material down to and including "thereof:" and insert "The amount of money which would be produced by eighty-five percent of the maximum levy for school purposes, on the taxable property within the school district, adjusted to thirty percent of true and fair value thereof, in accordance with the ratio of assessed valuation to actual valuation fixed, by the state board of equalization."

Debate ensued.

## POINT OF INQUIRY

Senator Rasmussen:

"Mr. President, would Senator Washington yield to a question?"

"Senator, you were one of the sponsors of this amendment with Senator Hallauer. If this amendment were adopted, would this in effect achieve equalization for the schools at the state level?"

Senator Washington:

"That is the purpose of it."

Senator Rasmussen:

"This would not preclude some dissatisfied school district having a taxpayer's suit and notice being given in the paper that twenty-one people were ready to file suit to force the assessment up to fifty percent. This would not preclude them from having such a suit?"

Senator Washington:

"It would be my opinion this would have no effect one way or the other."

Senator Rasmussen:

"So that the public would not be protected?"

Senator Washington:

"That would be my opinion."

Further debate ensued.

Senator Dore demanded a roll call and the demand was sustained by Senators Washington, Hallauer, Talley, Guess, Williams, Peterson (Ted), Greive and Morgan.

## ROLL CALL

The Secretary called the roll, and the amendment by Senators Hallauer, Washington and Guess was not adopted by the following vote: Yeas, 13; nays, 31; absent or not voting, 4; excused, 1.

Those voting nay were: Senators Atwood, Charette, Chytil, Connor, Cooney, Cowen, Donohue, Durkan, Foley, Freise, Gallagher, Gissberg, Hanna, Herrmann, Kupka, Lennart, Lewis, McCutcheon, Mardesich, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Rasmussen, Raugust, Redmon, Ryder, Sandison, Talley, Thompson, Jr., Woodall—31.

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 565 and the bill passed the Senate by the following vote: Yeas, 35; nays, 12; absent or not voting, 1; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Charette, Connor, Cooney, Cowen, Donohue, Dore, Durkan, England, Foley, Freise, Gallagher, Greive, Guess, Hallauer, Hanna, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lennart, Lewis, McCormack, Mardesich, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Riley, Thompson, Jr., Washington, Williams—35.

Those voting nay were: Senators Chytil, Gissberg, Henry, McCutcheon, Morgan, Neill, Raugust, Redmon, Ryder, Sandison, Talley, Woodall—12.

Absent or not voting: Senator Stender—1.

Rescinding House Joint Memorial No. 1, 1963 Extraordinary Session.

The resolution was read the second time in full.

#### POINT OF ORDER

Senator Chytil:

"Mr. President, I raise the point of order, whether this resolution is properly before us. Would the President check Rule 15 on page 245 of the Joint Rules?"

#### REPLY BY THE PRESIDENT

The President:

"The President believes that your point is to the effect that inasmuch as this particular legislative subject is attempting to repeal a memorial, that perhaps it should be in the form of a memorial, is that your point, Senator Chytil?"

Senator Chytil:

"Mr. President, if there are no objections, I will withdraw the point of order."

The President:

"If there are no objections, the point of order is withdrawn."

On motion of Senator Greive, Senate Joint Resolution No. 19 was ordered to retain its place on the second reading calendar for tomorrow.

**MOTION**

At 3:35 p. m., on motion of Senator Greive, the Senate adjourned until 10:30 a. m., Tuesday, April 27, 1965.

Grant that the hardships they endure and the casualties they suffer may not be in vain. Help us, who enjoy the freedom and security purchased with the lives of others, to display a like dedication in attacking our problems.

"Create among us a spirit of camaraderie, a foxhole's sense of mutual need, that will subordinate our personal differences and party philosophies to society's greater good. Bless with success the legislators' final assault on the stronghold of fiscal insolvency and give them a veteran's sense of accomplishment when the last shot has been fired, the dust has settled and they are off for home. **INTRODUCTION AND FIRST READING OF MEMORIAL**

The following was introduced, read first time by title and acted upon as indicated:

**Senate Joint Memorial No. 22**, by Senators Woodall and Redmon:

Memorializing the President and labor secretary to adjust the cutback of use of foreign farm laborers.

On motion of Senator Woodall, the rules were suspended, Senate Joint Memorial No. 22 was advanced to second reading and read the second time in full.

On motion of Senator Woodall, the rules were suspended, Senate Joint Memorial No. 22 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

Debate ensued.

**POINTS OF INQUIRY**

Senator Rasmussen:

"Mr. President, would Senator Woodall yield to a question?"

"Senator Woodall, is this memorial related to bringing a number of people to Washington or is it for the country as a whole?"

Senator Woodall:

"No, you don't memorialize Congress normally to effect an import policy for one state or one small area. It would be rather stupid to suggest that. The program is interrelated, of course. Some of the Braceros are used in Southern California, while certain Mexican people who are American citizens come north. The number who come north depends directly upon the number of Braceros who are available in California and other areas. If they have Bracero laborers available there, the local people come north. If they are not available, the local people find jobs locally, leaving an ultimate shortage here."

Debate ensued.

Senator McCormack:

"Mr. President, would Senator Woodall yield?"

"Senator, it is my understanding that the Bracero program is one under which workers come north for specific periods of time: Two months, one hundred twenty days, something of that kind, and then go back home again, is this correct?"

Senator Woodall:

"Yes."

Senator McCormack:

"Now, do you have people coming into the Yakima Valley and staying there? Do we have two problems, or is there just one? We know we have a large number of itinerant workers of foreign nationality in the Yakima Valley, people who are not registered. I am confused. Are there more permanent-type residents in the Yakima Valley? Could you elucidate that for me?"

Senator Woodall:

"Yes, we have, you might say really three situations: One is the Mexican people who have seen fit to become residents. They are year-around folks. I happen to have employed in my office the first Mexican secretary that any lawyer hired in the county, a girl who was going to school. She is now married to a Mexican who is a school teacher. They are permanent people, fine, substantial, year-around folks.

"Then we have another group. We use a term which is kind of a bad one: 'Dirt tramp,' to describe anyone who works in agriculture in one area and then in another. These people will come from Texas or Nevada or Arizona. They come into our valley and start work in the hops. Then they help get the beets started. They pick asparagus. Then they move over to Senator Lennart's country and work in the strawberries. They will work there and then they will come back when there are certain crops to pick over our way. Then they work through the hops. Some go into apple harvesting. Some go into Idaho to dig potatoes.

"The third situation is that of the Mexican nationals who are given special permits to come into this country and remain for a certain period of time. I have filled out many applications for farmers who guarantee menial type of employment at a minimum wage and a minimum number of hours per week in order that they will be able to return home when they have finished their period of work. They are temporary, but to the extent that these Bracero laborers are allowed to come into the country, more of our other Mexican people who are Americans from California and elsewhere come north. It is a question of the availability of jobs. If they get a job close to home, then, of course, there is no reason for them to come north.

"This has nothing to do with wages or conditions or the lack of suitable places to stay. It has nothing to do with the legislature either. I live in the area. I know I have on occasion taken a few people, friends of mine, to some of these various places where we have these camps to show them the fine facilities. There is a place just a mile and a half from my home where there are buildings for, I suppose, a hundred families. This is just a simple matter: We need a certain amount of these people in the country. Mr. Wirtz, United States Secretary of Labor, lifted the ban. I hold in my hand a copy of the Aberdeen Daily World of April 26, 1965. It says he allowed 1,500 Braceros to come into this country to help harvest asparagus and strawberries in San Joaquin and Salinas Valleys. There is some recognition, then, by Secretary Wirtz for the need of these laborers. We are merely pointing out that there is a need for them up here, as well as the need that he seems now to recognize exists down in California."

Debate ensued.

Senators Cowen, Knoblauch and Williams demanded the previous question and the demand was sustained.

#### PARLIAMENTARY INQUIRY

Senator Greive:

"Mr. President, parliamentary inquiry. Does this require a roll call?"

#### REPLY BY THE PRESIDENT

The President:

"Yes, it does, Senator."

## ROLL CALL

The Secretary called the roll on the final passage of Senate Joint Memorial No. 22 and the memorial passed the Senate by the following vote: Yeas, 37; nays, 3; absent or not voting, 9.

Senate Joint Memorial No. 22 having received the constitutional majority, was declared passed.

## POINT OF INQUIRY

Senator Knoblauch:

"Mr. President, would Senator Morgan yield to a question?"

Senator Morgan:

"Yes."

Senator Knoblauch:

"Senator Morgan, we have just had placed on our desks a notice of a meeting for May 4th. I was going to suggest that if you wanted to have a quorum present, either you are an optimist or pessimist if you expect us to be in session on May 4th."

Senator Morgan:

"Well, I have been told everything from a week, to two weeks, to the 4th of July, and I have been told this now for several weeks. I am taking a positive stand that we are just going to have to stay. I'll be here if I have to have a sleeping bag and a sack lunch. I am just one of the common herd. I only represent 84,000 people. I am not always advised on these things."

Senator Knoblauch:

"If we are adjourned on May 4th, are you going to get out your sleeping bag and still hold the meeting?"

Senator Morgan:

"Oh, you bet I am."

Senator Gallagher:

"Mr. President:

"I'd like to suggest that we take the weekend off and go over and try to get the asparagus in and maybe make ourselves a little money."

Senator Woodall:

"Mr. President, I am always glad when Senator Gallagher shows some leanings toward the farm bloc. Certain of his utterances always make me think of a farm, and we would hope he would come over and help us out and do a little good, honest toil."

**Senate Joint Memorial No. 23**, by Senators Hallauer, McCormack, Williams, Petrich, Hanna, Bailey, Herrmann, Thompson, Jr., Stender, Gallagher, Washington, Dore and Connor:

Rescinding House Joint Memorial No. 1, 1963 Extraordinary Session.

On motion of Senator Hallauer, the rules were suspended, Senate Joint Memorial No. 23 was advanced to second reading and read the second time in full.

On motion of Senator Hallauer, Senate Joint Memorial No. 23 was ordered to retain its place on the next second reading calendar of the Senate.

The memorial was read the second time in full.

On motion of Senator Hallauer, the rules were suspended, Senate Joint Memorial No. 23 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"I wonder if Senator Hallauer would yield to a question?"

Senator Hallauer:

"Yes."

Senator Moriarty, Jr.:

"Senator Hallauer, can you tell us how many states have adopted this memorial and how many have rescinded it, and how close the Constitution is to being amended? I don't mean to ask you a shotgun question, but I am curious as to how clear and present the danger is."

Senator Hallauer:

"Mr. President, Senator Moriarty does have a point. There were, as I recall the figures, and it has been some time since the bill was introduced and I last read the statistics, but to the best of my recollection, it did get up to a high water mark of about twenty-seven states, but then some eleven or twelve have rescinded. I think the main point here is not the clear and present danger aspect of it, but that we simply

made a mistake under the impression that all we were doing was acting on a memorial to Congress that didn't mean much, if anything. Actually, we were acting on a plea to Congress to call a constitutional convention. I know I didn't realize it until I went home and I happened to vote against the memorial when it was before us."

Debate ensued.

Senators Greive, Hallauer and Cowen demanded the previous question and the demand was sustained.

#### ROLL CALL

Absent or not voting: Senators England, Henry, Stender—3.

Excused: Senators McCutcheon, Mardesich—2.

Senate Joint Memorial No. 23 having received the constitutional majority, was declared passed.

#### PARLIAMENTARY INQUIRY

Senator Gissberg:

"Mr. President, parliamentary inquiry:

"Does this memorial take a constitutional majority to pass?"

#### REPLY BY THE PRESIDENT

The President:

"In answer to your inquiry, Senate Joint Memorial No. 23 needs a constitutional majority, Senator."

**SECOND READING OF BILLS**

**House Bill No. 387**, by Representatives Sheridan, Gallagher, Marzano, Savage, Marsh and O'Donnell:

Increasing industrial insurance pensions.

## POINT OF ORDER

Senator Moriarty, Jr.:

"Point of order, Mr. President:

"House Bill No. 387 is not within the purvue of the concurrent resolution which specifies the type of bill on which the Senate can now act inasmuch as it is not an appropriation or revenue bill."

Senator Lennart:

"Mr. President:

"We don't know. Before we get through, it will be a new bill."

Senator Greive:

"Mr. President:

"This bill has a million dollar impact on the state budget. As I understand it, the same matter was raised in the House. It has already been ruled to be within the purvue of the resolution and I think that we have had other bills this session that have been in the same position. I don't think there should be any particular question as to whether or not we can consider it at this time."

Senator Moriarty, Jr.:

"Mr. President:

"I don't think whatever the ruling was in the House that it has any bearing upon what the ruling should be in the Senate. I should also like to call the attention of the President to the title of this bill which says it is an act relating to industrial insurance and amending certain sections. I should also like to call the attention of the President to House Concurrent Resolution No. 22 which specifies that after twelve o'clock midnight, Tuesday, the 23rd day of March, neither House nor Senate shall consider any bills except appropriation, revenue or congressional reapportionment bills. Now every bill has some sort of impact financially on the state if it deals with any facet of state government. My point is that this bill, while it may have some form of financial impact, simply is not an appropriation bill. It is not so stated in the title of the bill. It is not a revenue bill, and under the concurrent resolution, we cannot now consider it."

## RULING BY THE PRESIDENT

The President:

"The President, ruling upon the point of order as presented by Senator Moriarty:

"The President believes that in the light of precedence established by past rulings in similar situations, that House Bill No. 387 does fall within the province of the resolution and is properly before the Senate for its consideration."

The bill was read the second time by sections.

It was moved by Senator Bailey that the following amendment by Senators Bailey and McCormack be adopted:

On page 2, line 12, add a new section to read as follows:

"Sec. 2. Section 51.36.010, chapter 23, Laws of 1961 and RCW 51.36.010 are each amended to read as follows:

Upon the occurrence of any injury to a workman entitled to compensation under the provisions of this title, he shall receive, in addition to such compensation and out of the medical aid fund, proper and necessary medical and surgical services at the hands of a physician of his own choice, if conveniently located, and proper and necessary hospital care and services during the period of his disability from such injury, but the same shall be limited in point of duration as follows:

In the case of permanent partial disability, not to extend beyond the date when compensation shall be awarded him, except when the workman returned to work before permanent partial disability award is made, in such case not to extend beyond the time when monthly allowances to him out of the accident fund shall cease; in case of temporary disability not to extend beyond the time when monthly allowances to him out of the accident fund shall cease: *PROVIDED, That after any injured workman has returned to his work his medical and surgical treatment may be continued if, and so long as, such continuation is deemed necessary by the supervisor of industrial insurance to be necessary to his more complete recovery;* in case of a permanent total disability not

to extend beyond the date on which a lump sum settlement is made with him or he is placed upon the permanent pension roll [But] : *PROVIDED, HOWEVER, That the supervisor of industrial insurance, solely in his discretion, may authorize continued medical and surgical treatment for conditions previously accepted by the department when such medical and surgical treatment is deemed necessary by the supervisor of industrial insurance to protect such workman's life.* [after any injured workman has returned to his work his medical and surgical treatment may be continued at the expense of the medical aid fund if, and as long as, such continuation is deemed by the supervisor of industrial insurance to be necessary to his more complete recovery.] In order to authorize such continued treatment the written order of the supervisor of industrial insurance issued in advance of the continuation shall be necessary."

Debate ensued.

#### POINT OF ORDER

Senator Moriarty, Jr.:

"Mr. President, I rise to a further point of order.

"My point of order is that House Bill No. 323, which was the amendment proposed by Senators Bailey and McCormack, is not an appropriation bill. Now Senator Bailey, in discussing his amendment, has admitted that he is attaching House Bill No. 323 to House Bill No. 387 by way of an amendment. In other words, the Senate is now considering the entire House Bill No. 323, which is an act relating to industrial insurance and medical aid. I would like a ruling from the Chair as to whether or not this is an appropriation bill."

#### RULING BY THE PRESIDENT

The President:

"The President, in ruling upon the point of order as presented by Senator Moriarty:

"The President rules that the resolution does not restrict amendments in any manner and, inasmuch as this is presented in the form of an amendment, it is in order. Therefore, the point as raised by Senator Moriarty is not well taken.

#### POINT OF INQUIRY

Senator McCutcheon:

"Mr. President, would Senator Bailey yield to a question?"

Senator Bailey:

"Yes."

Senator McCutcheon:

"Senator Bailey, your amendment is the underlined portion of House Bill No. 323?"

Senator Bailey:

"Yes."

Senator McCutcheon:

"In other words, it is not mandatory. The amendment provides that after any injured workman has returned to work, he may be continued, for as long as such continuation is deemed necessary by the supervisor of industrial insurance. It would not be mandatory on the supervisor in any sense?"

Senator Bailey:

"No, Senator McCutcheon, it is not. This has to be determined in each individual case by the supervisor of industrial insurance."

Debate ensued.

The motion was carried and the amendment was adopted.

It was moved by Senator Keefe that the following amendment be adopted:

On page 1, section 1, lines 13 and 14, after "month," in line 13 and before "in cases" in line 14, strike "in addition to any amount now or hereafter allowed" and insert "[in addition to any amount now or hereafter allowed] and one hundred dollars per month additional".

Debate ensued.

## POINT OF INQUIRY

Senator Hallauer:

"Would Senator Keefe yield to a question?"

Senator Keefe:

"Yes."

Senator Hallauer:

"What financial impact does this have?"

Senator Keefe:

"It is approximately \$100,000, Senator, and all of that comes out of the general fund."

Further debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator Keefe, the following amendment was adopted:

On page 1, section 1, lines 16 and 17, after "month," in line 16 and before "in cases" in line 17, strike "in addition to any amount now or hereafter allowed" and insert "[in addition to any amount now or hereafter allowed] and one hundred dollars per month additional".

It was moved by Senator Lennart that the following amendment be adopted:

On page 2, following "section." on line 11 add a new section to read as follows:

"NEW SECTION. Sec. 3. The provisions of this 1965 amendatory act shall not take effect until such time as the rate of the state sales tax has been increased to four and one-half percent."

Debate ensued.

Senator Greive demanded a roll call and the demand was sustained by Senators Lennart, Ryder, Talley, Washington, Connor, Rasmussen, Charette, Bailey and Gallagher.

**POINTS OF INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, would Senator Washington yield to a question?"

"Senator Washington, was the original highway building, the one that is now occupied by the Highway Department, built with a bond issue against the motor vehicle fund?"

Senator Washington:

"No, the present building was built, as I understand it, by revenue bonds to be paid for by rentals from whatever departments of the state occupy the building. The departments that use the building pay rent and that money is applied to amortize the bonds."

Senator Moriarty, Jr.:

"Would the Senator again yield?"

"The question really was whether the bonds were issued against the state gasoline tax, or motor vehicle fund revenue of any kind?"

Senator Washington:

"No, they were not."

Senator Moriarty, Jr.:

"In view of the constitutional provision which specifies that highway funds shall be used exclusively for highway purposes, would it be your opinion that if we build a Highway Department building with the proceeds of the bond issue against the motor vehicle fund or gasoline tax, as I understand it, could that building ever be used by anyone but the Highway Department?"

Senator Washington:

"I believe if the building is first built for this particular purpose and if, for some other reason, expansion was necessary, rather than have the building go to waste and not be used, certainly in order to amortize these particular bonds, other agencies could occupy this building and pay rent. I think the important thing is the intention that is entered into when you first construct the building; and, certainly it is designed for highway purposes only. If something unforeseen takes place, it could be salvaged and could be used and perhaps even disposed of to the state as a whole or to a private agency. The money that would come in would, of course, go into the motor vehicle fund."

Senator Kupka:

"Mr. President, would Senator Washington yield?"

Senator Washington:

"I yield."

Senator Kupka:

"Senator Washington, inasmuch as this is a relatively new building, maybe you can tell me if the Highway Commission was consulted when the plans were drawn, and were they part of the plan? Did the Highway Department request a certain kind of building suitable for their needs, or did someone just build this building and say: 'Mr. Highway Department, this is your space, now move in'?"

Senator Washington:

"No, the Highway Commission was consulted as far as the plans for the building were concerned. The general plan, however, was dictated by the amount of space that was available. It was necessary to construct a building with limited floor space on each floor and rise to the elevation of seven stories. It was a much superior building for highway purposes than the old transportation building. It was certainly a step forward. There were things that the highway department would prefer to have had done otherwise but they did accommodate themselves to the overall plan and approved the floor plan and space arrangement as it was set up. I believe there were some questions about the elevators. In the beginning the department did understand that they were going to be able to utilize a considerable more amount of the floor space, but in the end they were confined to less space than they had anticipated, but certainly the Department of General Administration did cooperate with the Highway Commission and the Highway Commission did accept the building as it was, because it was a great improvement over what they had had before in the old transportation building. But now that we have the additional property available and the building will be a two-story building and you will have much less travel by personnel from floor to floor, certainly it will be a step forward. It will be more efficient for the highway department, and I am sure the highway department or Mr. Prahl, the director of highways, are not critical of the means in which this building was designed, however, their method of operation in the use of computers, the use of photographic type engineering does require additional space, and these methods do not fit into their present facilities."

Senator Kupka:

"Senator, that just doesn't seem to add up as well as it should. I am wondering if we can be assured that if we build another building, we won't have to go through this again in a very short time. In my opinion, it appears that inasmuch as these plans were approved and gone over by people who were requesting the room, this sort of thing should not have occurred."

Senator Washington:

"I think as times change and as the program advances, it is obvious that the highway department could go into a space which is more efficient for their use at the present time. I don't believe the department, although they would like to have an additional building, would be asking for one at this time if it weren't part of an overall campus plan in which the Department of General Administration has been interested, and we in the legislature also have been interested. We wish to start a movement of offices. We would like the highway department to move from that building, the welfare and other departments to move out of the transportation building, and other departments can move out of the insurance building. Some of the offices downstairs can move over into that area. The highway department will then move and be able to provide themselves with more efficient space and I think it will be advantageous to all of us, although it wouldn't be one of those absolutely essential things if it weren't a part of the overall plan, and again this is not saying that the initial plans on the present building were wrong. They attempted to accommodate themselves to an office-type building and this was the only thing available at the time. It was a great improvement over the old building. The new building will be designed from the beginning, not just as an office building, but for the highway department and its own particular uses and purposes."

Senator Peterson (Ted):

"Mr. President, would Senator Washington yield?"

"Senator Washington, I made that inquiry in committee because after seeing what could be called a white elephant appearing as soon as Mr. Prahl took over and wanted a new building, I started getting a few calls from ever so many private companies to go in and formulate plans. I think you should go a little further in explaining how this building will start, who will have supervision and how you will select your architects and go on to construct a building that will follow specifications and plans now that they seem to know what they want."

Senator Washington:

"I think the basic answer to your question is that we now have additional space where we can construct a two-story building that encompasses a greater area. It will have a large floor space where most of the engineering work and drafting can be done on one floor. I want to point out again at the time this building was constructed, we were limited as to space which required a building with several floors of limited floor space rising to a height of seven stories. This building will be paid for by the motor vehicle fund, and the department will take part in the overall planning and the selection of the site. And, although I don't believe the Highway Commission is going to be able to select the architect, I believe that they will have a strong influence, certainly, in the selection. Since it will be done largely to the department's specifications in the beginning, they will have a better say as to the efficient use of it, rather than attempting to just have the floor space set up for their own purposes. They will have general charge of the entire design, and I think that we can't guarantee any more than any other building that is constructed that it will not have some architectural defect. However, I think this method of approach does guarantee more efficient design, solely as a highway building and not as an office building. Again I want to point out as far as Mr. Prahl is concerned, the nationally known management consultants who have studied the highway department, Booth, Allen and Hamilton, recommended much saving could be made in the engineering and overall administration costs by a building designed from the ground up for this particular purpose rather than attempting to adapt an office building type structure. If it had not been a part of the overall campus plan to take care of the needs of the legislators and also to move the welfare department into perhaps more modern office space which would be even more efficient than where they are, this building would not be absolutely necessary at this time."

Senator Riley:

"Mr. President, would Senator Washington yield?"

"Senator, we are now discussing a building which was built by bonds to be serviced through rentals. Now, Senator Washington, my question is: When the highway department moves out, who is going to rent this space and what are we going to pay for it in order to service the bonds outstanding?"

Senator Washington:

"There is the plan—and this is pointed out by Mr. Schneider, Director of General Administration, that perhaps the prime new tenant will be the Department of Public Assistance who will pay rent. He points out that when they are placed in space where rent is to be paid, additional funds will be forthcoming from the federal government in order to receive these funds. The parks department also has funds which will be available. They are now paying rent in another area. They are a very likely tenant to go into this building. Now it has to be feasible from an overall point of view before the bonds can be floated. The highway department or the Department of General Administration would not go ahead unless they are able to fill the old, present highway department building with tenants who would take up the slack and pay the bonds. There is no anticipation of having any vacant space and not being able to pay off the bonds."

Senator Riley:

"I am not certain I received the answer. I would like to know specifically, Senator Washington, whether or not there is an agreement, or will be an agreement before this ever starts, that there will be sufficient rentals on the existing building to pay the outstanding bonds?"

Senator Washington:

"Yes, there will be such agreements and I was trying to point out that there are also departments which will be moving in there."

Senator Woodall:

"Senator Washington, how many years will it take them to do this? Do you have any idea?"

Senator Washington:

"I believe, as I understand it, they should be in their new building within two years."

Senator Woodall:

"Is that based on the same engineers who told us when they would get the freeway done? Are they the same source of authority that you are now quoting?"

Senator Washington:

"Partly the same source, but I would also point out that in the construction field, where there are hundreds of years of background and experience, it is easier to determine when you are going to be able to complete a project than in the freeway business which is quite new and without too many precedents to go by."

Senator Woodall:

"One further question: If we grant this, do you suppose—you recall last time when we had a little bill up to see if we could speed things up, and we tried to bug Mr. Bugge a little bit, and he told us to leave him alone, there were all these things he had to do, which didn't get done, of course—will they use the fact that they were moving into a new building and concentrating on that as an excuse not to get other things done that they have promised us for the last four years?"

Senator Washington:

"I am quite sure they wouldn't use that for an excuse, Senator Woodall. I think it would be very clear that it was a poor excuse and I am sure that the engineers that will be used will not be highway engineers. They will certainly be building engineers."

Further debate ensued.

Senators Talley, Charette and Connor demanded the previous question and the demand was sustained.

The Speaker has signed: Substitute Senate Bill No. 504, and the same is herewith transmitted.

S. R. HOLCOMB, *Chief Clerk.*

House of Representatives,  
Olympia, Wash., April 28, 1965.

MR. PRESIDENT:

The House has passed: House Bill No. 713, and the same is herewith transmitted.

S. R. HOLCOMB, *Chief Clerk.*

On motion of Senator Petrich, the Senate reverted to the sixth order of business for the introduction of a bill.

#### FIRST READING OF HOUSE BILL

The following was read first time by title and acted upon as indicated:

**House Bill No. 713**, by Representatives Sawyer, Swayze, Humiston, Wang, Marzano, Brouillet, Sheridan, Bottiger, Gallagher, Rogers, Beck, Newschwander and Juelling (by Executive request):

An Act relating to highways; providing that the Tacoma Narrows bridge shall become toll free; adding a new section to chapter 13, Laws of 1961 and to chapter 47.56 RCW; repealing chapter 50, Laws of 1965 (uncodified); and declaring an emergency.

It was moved by Senator Petrich that the rules be suspended and that House Bill No. 713 be advanced to second reading and read the second time by sections.

Debate ensued.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"Would Senator Petrich yield to a question?

"Senator Petrich, isn't the emergency clause on the Tacoma Narrows bridge tolls in the omnibus highways bill passed some time ago and now in the House Highway Committee?"

Senator Petrich:

"Senator, yes it is on the omnibus highway bill, but for some reason the bill is now held up in the House and by further word of explanation, the tolls have now paid off the indebtedness chargeable against the Narrows bridge. Continuation of the tolls will create some problem because there is no particular allocation where those funds are going at the moment. There has been a scheduled termination of the tolls and in anticipation of the adoption of the omnibus bill prior to this time, a ceremony has been scheduled. In order to take care of this situation, this morning the House did pass House Bill No. 713 dealing with this problem."

The motion to advance House Bill No. 713 to second reading was lost on a rising vote.

#### PARLIAMENTARY INQUIRY

Senator Petrich:

"Mr. President, point of parliamentary inquiry:

"What is the vote necessary to suspend the rules, a simple majority?"

#### REPLY BY THE PRESIDENT

The President:

"No, a two-thirds majority was necessary, Senator Petrich. There were twenty yea votes and thirteen nay votes. If the Secretary's arithmetic is correct, it would require twenty-two.

"House Bill No. 713 is referred to the Committee on Highways."

Senator Petrich:

"Mr. President, having voted on the prevailing side, I do now move that the Senate reconsider the vote by which the rules were not suspended."

#### POINT OF ORDER

Senator Woodall:

"Point of order, Mr. President:

"The President has already placed the bill in the Highways Committee and that is where the bill now resides."

#### MOTION

It was moved by Senator Petrich that the Committee on Highways be relieved of further consideration of House Bill No. 713.

#### POINT OF ORDER

Senator Hallauer:

"Mr. President, point of order:

"Would it not be necessary to make a motion such as the one made by Senator Petrich on the first order of business, the order of business for motions?"

#### RULING BY THE PRESIDENT

The President:

"The President believes your point of order is well taken, Senator Hallauer."

#### MOTIONS

It was moved by Senator Petrich that the Senate revert to the first order of business for the purpose of making a motion.

The motion was carried on a rising vote.

It was moved by Senator Petrich that the Committee on Highways be relieved of further consideration of House Bill No. 713.

Debate ensued.

## POINTS OF INQUIRY

Senator Mardesich:

"Mr. President, would Senator Washington yield to a question?"

"Senator Washington, in view of the fact that you have made no comment on the motion, am I led to believe that in the future you will have no objection to relieving the committee of bills?"

Senator Washington:

"That all depends upon the nature of the bill. The fact that it may have technically moved into the committee and the committee had taken no action on it, and particularly since Senator Petrich talked to me whether or not I had any objection to having this bill moved up on second reading and I told him I had no objection, in these very unusual circumstances I have not objected to this particular bill. Certainly the discussion was had with me and my own statement I am making as a Senator and in this case as chairman of the highways committee and I have no objections to this bill not going to that committee."

Senator Mardesich:

"I assume, then, as long as your committee has taken no action, you have no objection to this type of motion?"

Senator Washington:

"Senator, I would certainly reserve the right to object under any circumstances. I don't believe that there is need to have a complete blanket rule that would take care of circumstances such as this where I did have a discussion and understanding with Senator Petrich. Certainly I am not taking this to be a precedent in all cases, but I do think it may be a point to keep in mind in that a rule has a reason and if there is no basic reason, just as chairman, I don't see that I need to get up and thump the table when technically a bill which has never been in my possession is being taken away again."

Senator Talley:

"Would Senator Washington yield to a question?"

"Is this matter taken care of in the highway omnibus bill?"

Senator Washington:

"Yes."

Senator Talley:

"All that is required then is that the House pass the highway omnibus bill and this matter is taken care of then?"

Senator Washington:

"Yes."

Senator McCutcheon:

"Mr. President, would Senator Moriarty yield?"

"Senator Moriarty, as the titular head of the minority party, could you inform me whether or not this is an executive request bill? I read the papers and I thought the Governor wanted this bill to go into effect eventually, of course, but there is a celebration going on up there and they have already announced I am to be on the platform and so is Senator Petrich and a number of other dignitaries. This is my question: I understand that the Governor thought this was a good idea and we should all like to go and get out of here. After all, the bonds are paid. The county of Pierce has been paid and there isn't an ounce of heroics that hasn't been gotten out of this already on both sides. The Governor had his share. We had our share. Let's have a big celebration and get the tolls off that bridge. It's a tremendous thing. What are we haggling about?"

Senator Moriarty, Jr.:

"The question, if I understand correctly, Senator McCutcheon, is that the Governor is interested and would like to see this bill go through. It so happens some of us disagree with him. Frankly, I see no reason why we should take the Pierce county

representative who happens to be chairman of the House Highway Committee off of the hot seat on this one."

Debate ensued.

It was moved by Senator Talley that the motion by Senator Petrich be made a special order of business for 11:00 a. m., tomorrow.

Debate ensued.

Senator Petrich demanded a roll call and the demand was sustained by Senators Knoblauch, Kupka, Charette, McCutcheon, Morgan, Rasmussen, Mardesich and Lewis.

**PARLIAMENTARY INQUIRY**

Senator McCormack:

"Point of parliamentary inquiry, Mr. President:

"This bill deals with highways in general, Mr. President, is that right?"

**REPLY BY THE PRESIDENT**

The President:

"It deals with the Tacoma Narrows bridge and the lifting of the tolls thereon."

Senator McCormack:

"Mr. President, my question is, could the highway omnibus bill be added to this as an amendment? Would it be a legitimate, germane amendment?"

**POINT OF ORDER**

Senator McCutcheon:

"Mr. President, point of order:

"This is anticipating something that hasn't been brought before the body and I don't think the President should pass in anticipation about what might happen in the future."

**REPLY BY THE PRESIDENT**

The President:

"The President could refer Senator McCormack to the rule which states when a bill is on second reading, it is subject to amendment."

Senator McCormack:

"Thank you, Mr. President."

**ROLL CALL**

The Secretary called the roll on the motion by Senator Talley that the motion by Senator Petrich be made a special order of business for 11:00 a. m., tomorrow and the motion was lost by the following vote: Yeas, 21; nays, 22; absent or not voting, 6.

Absent or not voting: Senators Durkan, England, Henry, Stender—4.

#### PARLIAMENTARY INQUIRY

Senator Petrich:

"Mr. President, do I understand that we are now on second reading with House Bill No. 713?"

#### REPLY BY THE PRESIDENT

The President:

"No, Senator Petrich. The Senate is still on the first order of business. The Highways Committee has just been relieved of further consideration of the bill. Therefore, unless the Senate wishes to take other action, House Bill No. 713 will be passed to second reading. In essence, it would be referred to the Committee on Rules and Joint Rules."

#### MOTIONS

It was moved by Senator Petrich that the rules be suspended, that House Bill No. 713 be advanced to second reading and take its place on the second reading calendar for today, immediately following consideration of House Bill No. 137.

The motion was carried.

It was moved by Senator Hallauer that the Committee on Constitution, Elections and Legislative Processes be relieved of further consideration of Reengrossed House Joint Resolution No. 25.

Debate ensued.

#### POINT OF INQUIRY

Senator Mardesich:

"Mr. President, would Senator McCutcheon yield?"

"Senator McCutcheon, having heard from Senator Washington on his position with respect to being relieved of further consideration of a bill, I was inclined to go along with him since he had no objection, but before I vote on this motion proposed by Senator Hallauer, I would like to hear from you as chairman of the committee what your position is?"

Senator McCutcheon:

"Thank you, Senator Mardesich, for asking this question. I am positive Senator Washington will go along with me on this and vote not to discharge the committee

in view of the fact while he was in favor of having the Narrows bridge bill brought out of his committee, he stated in a most persuasive manner, and his argument was unanswerable, that it hadn't reached his committee yet. It was in limbo or on the fly, and he didn't mind if it never got there.

"As far as I am concerned, I am not acquiescing and my position is totally different from that of Senator Washington. I do want to make a speech like Senator Hallauer did. May I have the floor?"

Debate ensued.

Senators Thompson, Jr., Williams and Peterson (Ted) demanded the previous question and the demand was sustained.

Senators Greive, Kupka and Gallagher demanded a Call of the Senate and the demand was sustained.

It was moved by Senator Hallauer that the Senate dispense with the Call of the Senate.

The motion was carried on a rising vote.

The President declared the question before the Senate to be the motion by Senator Hallauer that the Committee on Constitutions, Elections and Legislative Processes be relieved of further consideration of Reengrossed House Joint Resolution No. 25.

Senator Hallauer demanded a roll call and the demand was sustained by Senators Hanna, Charette, Rasmussen, Williams, Peterson (Ted), Atwood, Moriarty, Jr. and McCutcheon.

#### ROLL CALL

The Secretary called the roll and the motion by Senator Hallauer was lost by the following vote: Yeas, 13; nays, 28; absent or not voting, 8.

Those voting yea were: Senators Atwood, Charette, Freise, Hallauer, Hanna, Moriarty, Jr., Neill, Peterson (Ted), Rasmussen, Ryder, Washington, Williams, Woodall—13.

Absent or not voting: Senators Bailey, Durkan, Foley, Gissberg, Henry, McCormack, Riley, Stender—8.

#### PARLIAMENTARY INQUIRY

Senator Woodall:

"Point of parliamentary inquiry, Mr. President:

"When a bill is referred to a committee under specific instructions with a time limit, if the chairman of that committee, after due diligence, cannot obtain any action by his members, does not the prior mandate of the body automatically return the bill to the body to the end that the chairman cannot be deemed to have been deficient in his duties and so that he need not appear to be dilatory and be blamed for the failure of his members? Does not the bill automatically return at the end of the stipulated period?"

Senator Herrmann:

"Mr. President, point of parliamentary inquiry:

"Would not the action of the Senate now make this a moot question as far as this particular matter is concerned? I think the full body has decided."

## MOTIONS

Senator Thompson, Jr.:

"Mr. President:

"I move that the Chair take this under advisement and report back on the parliamentary inquiry at a proper time."

The motion was carried.

On motion of Senator Dore, the Senate advanced to the seventh order of business.

(a) Curricula designed for adult education, or

(b) A continuing course of activities designed to fulfill the cultural needs of the community, including, but not limited to, lectures and lecture forums, art, science and natural history exhibits, seminars, discussion groups, library discussion groups and consultative use of members of the faculty in the community] *curricula designed (1) as preparatory to admission to an institution of higher learning with advanced standing;*

*(2) as vocational-technical pursuits; and*

*(3) as an extension of vocational-technical pursuits.*

*(a) adult education; and*

*(b) a continuing course of activities designed for community service and to fulfill the cultural needs of the community."*

Renumber existing section 2 as section 3.

Debate ensued.

#### POINT OF INQUIRY

Senator Atwood:

"Mr. President, would Senator Thompson yield to a question?

"Senator, this amendment would not have the effect, would it, of forcing a district that just has a vocational-technical school to go into a community college program?"

Senator Thompson, Jr.:

"Senator Atwood, in Bellingham you have a very fine vocational and technical school. It is my understanding the Bellingham school board has never even discussed or requested community college consideration. It is also my understanding that the bill directs itself only to those districts that have a community college and would not affect the vocational or technical program that exists without a community college. Further, it is a different section of the law, so I can assure you that it would do nothing to impair the vocational-technical school you have in Bellingham."

Senator Atwood:

"One further question:

"It would not force the Bellingham school district to go into an educational curricula in conjunction with the vocational-technical school?"

Senator Thompson, Jr.:

"In my judgment, it would not."

Senator McCutcheon:

"Would Senator Thompson yield?"

"Putting that in reverse, would it force the community college, for instance in Tacoma, to have another vocational school?"

Senator Thompson, Jr.:

"I certainly don't think the Tacoma school district in developing its community college would go into the type of vocational-technical education that they have handled so well in the technical school with the equipment that is necessary and so forth. But there are many subject areas which could be identified as vocational-technical education that are not going to require a great deal of machinery. For example, data processing would be a subject that could be taught in a classroom and not require machinery and equipment that exists in a technical school today. I do not see this as duplicating the very fine program that you have in your technical school, but rather offering a vocational-technical education to all children."

Senator McCutcheon:

"Well, one more question: Don't we have a Board of Vocational Education as well as a Board of Education?"

Senator Thompson, Jr.:

"Yes, sir, we do, and this bill reads that a community college shall be an institution established with the approval of the state Board of Education, separate and apart from the state Board of Education, and maintained and appropriated by the school district."

Senator McCutcheon:

"Well, there is an overlapping here. You're trying to consolidate."

Senator Thompson, Jr.:

"Senator McCutcheon, I don't feel it is an overlapping actually. You and I know that the state Board of Education has exactly the same membership as the state Board of Vocational Education and I feel there is complete harmony in the current administration and this is merely to establish that community colleges in areas where they do not have the opportunity of vocational-technical training, will be assured of this because of the requirement that they offer both academic and vocational training. I repeat again, I do not feel that it impairs or jeopardizes the existing fine vocational-technical programs that exist in some nine vocational schools in our state."

#### MOTION

It was moved by Senator Rasmussen that Engrossed House Bill No. 137 hold its place on the second reading calendar for tomorrow.

Debate ensued.

The motion was lost.

The President declared the question before the Senate to be the adoption of the amendment to the amendment.

The motion was carried and the amendment by Senators Thompson, Jr., Riley and Neil to the committee amendment was adopted.

The President declared the question before the Senate to be the adoption of the committee amendment as amended.

The motion was carried and the committee amendment as amended was adopted.

On motion of Senator Thompson, Jr. the following amendment to the title was adopted:

In line 1 of the title of the printed and engrossed bills, after "colleges;" and before "amending" insert "amending section 1, chapter 198, Laws of 1961 and RCW 28.84.170;"

On motion of Senator Dore, the rules were suspended, Engrossed House Bill No. 137, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator McCutcheon:

"Mr. President, would Senator Petrich yield to a question?"

"Senator Petrich, were you on the subcommittee that drafted some of the legislation with reference to Edmonds, Clover Park and Walla Walla? I know you were."

Senator Petrich:

"Yes, Senator."

Senator McCutcheon:

"What is the purpose and intent of this act as you understand it as to the authorizing of community colleges in the districts of Edmonds, Clover Park and Walla Walla?"

Senator Petrich:

"Senator McCutcheon, members of the Senate, as chairman of the special subcommittee which handled this particular matter, as I understand it, it was the purpose and intent of this act, as presently amended, that there would be authorized upon the effective date of this measure, five new community colleges, namely; Seattle, Bellevue, Edmonds, Clover Park and Walla Walla. This was in accordance with the recommendation of five new community colleges by the interim Committee on Education. However, due to the fact that Seattle and Bellevue were further ahead in their program and planning and financing, and further due to the fact of the limitation of state funds available for this program throughout the state in support of the program, it was deemed in the wisdom of the committee and it was the purpose of this particular measure that these three, namely; Edmonds, Clover Park and Walla Walla, be authorized by this particular act as community colleges effective the date thereof, but would postpone their full operation and the commencement of their operation as schools."

Senator Freise:

"Mr. President, would Senator Petrich yield?"

"To carry on the questioning started by the Senator, when are those last three colleges to start: Edmonds, Clover Park and Walla Walla?"

Senator Petrich:

"Well, Senator, they are authorized now on the effective date of the act. They are to commence operations some time just immediately after September 1st, 1967."

Senator Rasmussen:

"Mr. President, would Senator Petrich yield?"

"Senator Petrich, wasn't it also thought that Clover Park would be able to get 240 acres free for this purpose?"

Senator Petrich:

"The purpose, Senator Rasmussen, was to authorize these starts because of the need and demand for community colleges throughout the area and specifically in Pierce county. As an aside, I expect that this will assist the community in Clover Park school district to acquire some surplus land from the federal government which they will need for their community college."

Further debate ensued.

**ROLL CALL**

"No, that is not correct. That will be part of the committee report as to its recommendation, but of course it would have to be authorized or ratified in the manner of an appropriation by the next session of the legislature."

The state highway commission shall adopt a long range plan for highway improvements, specifying highway planning objectives to be accomplished by [1975] *1981*, within the framework of revenue estimates for such period. The plan [initially] shall be based upon the construction needs for state highways as [reported in "A Report on Needs of the State Highway System" by] *contained in the current needs study report of the Washington state highway commission [dated July 1, 1960].* The long range objectives for the period ending in [1975] *1981* shall be as follows:

(1) One hundred percent completion of the presently established national system of interstate and defense highways;

(2) One hundred percent completion of the construction needs of those highways classified as a part of the principal state highway system;

(3) Declining percentages of completion of construction needs of those highways classified respectively as the major state highway system, the collector state highway system and the other state highway system.

**NEW SECTION.** Sec. 34. There is added to chapter 13, Laws of 1961 and to chapter 47.04 RCW a new section to read as follows:

Unless otherwise provided, whenever by statute a new highway or extension is added to either the primary or secondary state highway system, no existing city street or county road shall be maintained or improved by the state highway commission as a temporary route of such new highway or extension pending the construction of the new highway or extension on the location adopted by the state highway commission.

**NEW SECTION.** Sec. 35. There is added to chapter 19.28 RCW a new section to read as follows:

The provisions of this chapter shall not apply within the rights of way of state highways, provided the Washington state highway commission maintains and enforces an equal, higher or better standard of construction and of materials, devices, appliances and equipment than is required by this chapter.

Sec. 36. Section 81.53.260, chapter 14, Laws of 1961 and RCW 81.53.260 are each amended to read as follows:

Whenever the director of highways or the governing body of any city, town or county shall deem that the public safety requires signals or other warning devices, other than sawbuck signs, at any crossing of a railroad at common grade by any state or county highway, road, street, alley, avenue, boulevard, parkway or other public place actually open and in use or to be opened and used for travel by the public, he or it shall file with the utilities and transportation commission a petition in writing, alleging that the public safety requires the installation of specified signals or other warning devices at such crossing or specified changes in the method and manner of existing crossing warning devices. Upon receiving such petition, the commission shall set the matter for hearing, giving at least ten days' notice to the railroad company

or companies and the county or municipality affected thereby, or the director of highways in the case of a state highway, of the time and place of such hearing. At the time and place fixed in the notice, all persons and parties interested shall be entitled to be heard and introduce evidence, which shall be reduced to writing and filed by the commission. If the commission shall find from the evidence that public safety does not require the installation of the signal, other warning device or change in the existing warning device specified in the petition, it shall make findings to that effect and enter an order denying said petition in toto. If the commission shall find from the evidence that public safety requires the installation of such signals or other warning devices at such crossing or such change in the existing warning devices at said crossing, it shall make findings to that effect and enter an order directing the installation of such signals or other warning devices or directing that such changes shall be made in existing warning devices. The commission shall also at said hearing receive evidence as to the benefits to be derived by the railroad and the public, respectively, and shall on the basis of such benefits apportion the entire cost, including installation of such signals or other warning devices, other than sawbuck signs, between the railroad, municipality or county affected, or if the highway is a state road or parkway, between the railroad and the state: *Provided*, That the commission shall in no case apportion more than fifty percent of the cost of such installation or change in existing warning devices to the public body involved *unless the public body admits and makes a formal finding that benefit to the public exceeds fifty percent of the total cost and agrees to a greater apportionment measured by such benefit*, nor shall the commission require the public body involved to pay its share of the cost so apportioned sooner than one year from the date of the order: [*And*] *Provided further*, That no railroad shall be required to install any such signal or other warning device until the public body involved has either paid or executed its promise to pay to the railroad its portion of the estimated cost thereof. Nothing herein shall be deemed to foreclose the right of the interested parties to enter into an agreement providing for the installation of signals or other warning devices at any such crossing or for the apportionment of the cost thereof.

The investigation herein authorized may be instituted by the commission on its own motion, and the proceedings, hearing and determination thereon shall be the same as herein provided for the hearing and determination of any petition authorized by this section.

No part of the record, or a copy thereof, of the investigation herein provided for and no finding, conclusion or order made pursuant thereto shall be used as evidence in any trial, civil or criminal, arising out of an accident at or in the vicinity of any crossing prior to installation of signals or other warning devices pursuant to an order of the commission as a result of any such investigation.

Any order entered by the utilities and transportation commission under this section shall be subject to review, supersedeas and appeal as provided in RCW 81.04.170 through RCW 81.04.190.

Nothing in this section shall be deemed to relieve any railroad from liability on account of failure to provide adequate protective devices at any such crossing.

*"Public body" as used in this section shall mean city, town, county or state.*

Sec. 37. Section 46.44.037, chapter 12, Laws of 1961 as amended by section 53, chapter 3, Laws of 1963 extraordinary session and RCW 46.44.037 are each amended to read as follows:

Notwithstanding the provisions of RCW 46.44.036 and subject to such rules and regulations governing their operation as may be adopted by the state highway commission operation of the following combinations shall be lawful:

(1) A combination consisting of a truck tractor, a semitrailer, and a full trailer. In this connection a converter gear used to convert a semitrailer into a full trailer shall be considered to be a part of the full trailer and not a separate vehicle. A converter gear being pulled without load and not used to convert a semitrailer into a full trailer may be substituted in lieu of a full trailer or a semitrailer in any lawful combination.

(2) A combination consisting of three trucks or truck tractors used in driveaway service where two of the vehicles are towed by the third in double saddle mount position.

A combination consisting of a truck tractor, a semitrailer, and a full trailer when licensed for a total gross weight of seventy-two thousand pounds may be entitled to [a] *either an annual or temporary* special permit authorizing the combination to carry not more than four thousand pounds of gross weight in excess of the maximum allowed in RCW 46.44.044 upon the payment of the fees set forth in RCW 46.44.095

and on such highways and subject to such terms and conditions as the state highway commission shall prescribe pursuant to the provisions of RCW 46.44.095: *Provided*, That any state [highway] patrol officer who shall find any person operating a vehicle in violation of the conditions of a special permit issued under this section may confiscate such permit and forward it to the state highway commission which may return it to the permittee or revoke, cancel, or suspend it.

Sec. 38. Section 46.44.095, chapter 12, Laws of 1961, as amended by section 15, chapter 7, Laws of 1961 extraordinary session and RCW 46.44.095 are each amended to read as follows:

When fully licensed to the maximum gross weight permitted under RCW 46.44.040, a three-axle truck operated as a solo unit and not in combination shall be eligible to carry gross weight in excess of that permitted for such a vehicle in RCW 46.44.040 upon the payment to the state highway commission of a fee of sixty dollars for each two thousand pounds of excess weight: *Provided*, That the axle loads of such vehicles shall not exceed the limits specified in RCW 46.44.040 and the tire limits specified in RCW 46.44.042 or the wheelbase requirements specified in RCW 46.44.044.

When fully licensed to the maximum gross weight permitted under RCW 46.44.040 and when operated in combination with another vehicle, a three or more axle truck-tractor, a three or more axle truck and a three or more axle dromedary truck-tractor may be eligible under a special permit to be issued by the highway commission to carry additional gross loads beyond the limit specified for such vehicles in RCW 46.44.040 upon the payment of a fee of sixty dollars per two thousand pounds in excess weight but not to exceed one hundred and twenty dollars for the total excess weight: *Provided*, That the axle loads of such vehicles shall not exceed the limits specified in RCW 46.44.040 and the tire limits specified in RCW 46.44.042: *And provided further*, That the gross weight of a three or more axle truck operated in combination with a two or three-axle trailer shall not exceed seventy-six thousand pounds, and the gross weight for a three or more axle truck-tractor operated in combination with a semitrailer shall not exceed seventy-three thousand two hundred eighty pounds.

The special permits provided for in this section shall be issued under such rules and regulations and upon such terms and conditions as may be prescribed by the state highway commission. Such special permits shall entitle the permittee to carry such additional load in such an amount and upon such highways or sections of highways as may be determined by the state highway commission to be capable of withstanding such increased gross load without undue injury to the highway.

The fee for such additional gross weight shall be payable for a twelve month period beginning and ending on April 1st of each calendar year. The additional gross weight provided for herein can be purchased at any time and if purchased on or after July 1st of any year, the fee shall be seventy-five percent of the full annual fee and if purchased on or after October 1st the fee shall be fifty percent of the full annual fee and if purchased on or after January 1st the fee shall be twenty-five percent of the full annual fee.

*The state highway commission shall issue such special permits on a temporary basis for periods not less than five days nor more than ten days at a fee of one dollar per day.*

The fees levied in RCW 46.44.094 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state or any city or town within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.84 the fees provided for in RCW 46.44.037 and 46.44.095 shall be computed by the state highway commission by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.84 to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

The state highway commission shall prorate the fees provided in RCW 46.44.037 and 46.44.095 only if the name of the operator or owner is submitted on official listings of authorized fleet operators furnished by the department of licenses. Listings furnished shall also include the percentage of mileage operated in Washington, which shall be the same percentage as determined by the department of licenses for purposes of prorating license fees.

Sec. 39. Section 46.44.092, chapter 12, Laws of 1961 as amended by section 54, chapter 3, Laws of 1963 extraordinary session, and RCW 46.44.092 are each amended to read as follows:

No special permit shall be issued for movement on any two lane state highway outside the limits of any city or town where the overall width of load exceeds fourteen feet, or on any multiple lane state highway where the overall width of load exceeds thirty-two feet; except that on multiple lane state highways where a physical barrier serving as a median divider separates the oncoming and opposing traffic lanes, no special permit shall be issued for width in excess of twenty feet: *Provided*, That (1) these width limitations may be exceeded on state highways where the latest available traffic figures show that the highway or section of highway carries less than one hundred vehicles per day: *Provided further*, That in the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Uninterrupted vehicular traffic shall be maintained in one direction at all times; (b) maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five mile limit; (c) prior to issuing a permit a qualified highway department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made; (2) permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highway which have been designed and constructed for width in excess of such limitations; (3) these limitations may be rescinded when certification is made by military officials or by officials of public or private power facilities, when in the opinion of the highway commission, the movement or action is a necessary emergency movement or action: *Provided further*, That the structures and highway surfaces on the routes involved are determined to be capable of sustaining widths in excess of such limitation; (4) these limitations shall not apply to farmers moving farm machinery between farms during daylight hours if the movement does not pass along and upon any primary or secondary state highway for a distance greater than thirty-five miles, if properly patrolled and flagged; (5) these limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed forty thousand pounds and the overall width of load does not exceed sixteen feet: *Provided*, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the highway commission or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

Sec. 40. Section 81.80.060, chapter 14, Laws of 1961 and RCW 81.80.060 are each amended to read as follows:

Every person who engages for compensation to perform a combination of services which includes transportation of property of others upon the public highways shall be subject to the jurisdiction of the commission as to such transportation and shall not engage upon the same without first having obtained a common carrier or contract carrier permit to do so. Every person engaging in such a combination of services shall advise the commission what portion of the consideration is intended to cover the transportation service and if the agreement covering the combination of services is in writing, the rate and charge for such transportation shall be set forth therein. The rates or charges for the transportation services included in such combination of services shall be subject to control and regulation by the commission in the same manner that the rates of common and contract carriers are now controlled and regulated. Any person engaged in extracting, processing and hauling materials exclusively for the maintenance, construction or improvement of a public highway shall not be deemed to be performing a combination of services.

**NEW SECTION.** Sec. 41. The director of motor vehicles is the successor in interest to the director of licenses and is vested with all powers, duties and functions formerly vested in the director of licenses pursuant to Title 18 RCW, Title 21 RCW and chapter 43.24 RCW.

**NEW SECTION.** Sec. 42. **NEW SECTION.** Sec. 44. The department of motor vehicles is authorized to accept checks and money orders for payment of drivers' licenses, certificates of ownership and registration, motor vehicle excise taxes, gross weight fees and other fees and taxes collected by the department, in accordance with regulations adopted by the director. The director's regulations shall duly provide for the public's convenience consistent with sound business practice and shall encourage the annual renewal of vehicle registrations by mail to the department, authorizing checks and money orders for payment. Such regulations shall contain provisions for cancellation of any registrations, licenses or permits paid for by checks or money orders which are not duly paid and for the necessary accounting procedures in such cases.

Every such license shall be renewable on or before its expiration upon application prescribed by the department and the payment of a fee of four dollars.

**NEW SECTION.** Sec. 47. There is added to chapter 12, Laws of 1961 and to chapter 46.20 RCW a new section to read as follows:

Any police officer who has received notice of the suspension or revocation of a driver's license from the department of motor vehicles, may, during the reported period of such suspension or revocation, stop any motor vehicle identified by its vehicle license number as being registered to the person whose driver's license has been suspended or revoked. The driver of such vehicle shall display his driver's license upon request of the police officer.

Sec. 48. Section 46.82.140, chapter 12, Laws of 1961 and RCW 46.82.140 are each amended to read as follows:

Examinations for a driving instructor's certificate shall be prepared and conducted by a driving instructor's examination committee to be composed of a representative from the Washington state department of education, a representative of the [Washington state patrol] *department of motor vehicles* and a representative of the commercial driving schools. but shall receive any travel and other expenses incurred in such service. The director shall arrange for the examination of each applicant for an instructor's certificate and furnish the necessary clerical help to the examining committee.

Sec. 49. Section 43.60.050, chapter 8, Laws of 1965 and RCW 43.60.050 are each amended to read as follows:

The executive board shall be composed of [the director of highways, the chief of the state patrol, the director of licenses, the superintendent of public instruction, the director of labor and industries, and six] *fifteen* members to be appointed by the governor from among citizens of the state who are not officers, officials or employees of the state or any department or unit thereof, [or] *and* who are not officers, officials or employees of any city, town, county or other minor civil subdivision of the state.

From among its citizen members the executive board shall elect a chairman and a vice chairman of the board to serve in such capacities during their respective terms of office.

Sec. 51. Section 46.37.340, chapter 12, Laws of 1961 as amended by section 21, chapter 154, Laws of 1963 and RCW 46.37.340 are each amended to read as follows:

Every motor vehicle, trailer, semitrailer and pole trailer, and any combination of such vehicle operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(1) Service brakes—adequacy. Every such vehicle and combination of vehicles, except special mobile equipment as defined in RCW 46.04.552, shall be equipped with service brakes complying with the performance requirements of RCW 46.37.351 and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(2) Parking brakes—adequacy. Every such vehicle and [.] combination of vehicles, except motorcycles and motor-driven cycles, shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

(a) Trailers, semitrailers, or pole trailers of a gross weight not exceeding three thousand pounds, provided that:

(i) The total weight on and including the wheels of the trailer or trailers shall not exceed forty percent of the gross weight of the towing vehicle when connected to the trailer or trailers, and

(ii) The combination of vehicles, consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of RCW 46.37.351.

(b) *Trailers, semitrailers, or pole trailers manufactured and assembled prior to July 1, 1965 shall not be required to be equipped with brakes when the total weight on and including the wheels of the trailer or trailers does not exceed two thousand pounds.*

[(b)] (c) Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of RCW 46.37.351.

[(c)] (d) Trucks and truck-tractors having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. However, such trucks and truck-tractors must be capable of complying with the performance requirements of RCW 46.37.351.

[(d)] (e) Special mobile equipment as defined in RCW 46.04.552.

[(e)] (f) The wheel of a sidecar attached to a motorcycle or to a motor-driven cycle, or the front wheel of a motor-driven cycle need not be equipped with brakes, provided that such motorcycle or motor-driven cycle is capable of complying with the performance requirements of RCW 46.37.351.

(4) Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer and pole trailer with a gross weight in excess of three thousand pounds, manufactured or assembled after January 1, 1964, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen minutes, upon breakaway from the towing vehicle.

(5) Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1964, and used to tow a trailer, semitrailer or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(6) Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1964, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(7) Two means of emergency brake operation.

(a) Air brakes. After January 1, 1964, every towing vehicle, when used to tow another vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, shall be equipped with two means for emergency application of the trailer brakes. One of these means shall apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure which shall be not lower than twenty pounds per square inch nor higher than forty-five pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Vacuum brakes. After January 1, 1964, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (8) of this section, a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic and other pressure, and independent of other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(8) Single control to operate all brakes. After January 1, 1964, every motor vehicle, trailer, semitrailer and pole trailer, and every combination of such vehicles, except motorcycles and motor-driven cycles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control in the towing vehicle.

(9) Reservoir capacity and check valve.

(a) Air brakes. Every bus, truck or truck-tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without lowering such reservoir pressure

by more than twenty percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(b) Vacuum brakes. After January 1, 1964, every truck with three or more axles equipped with vacuum assistor type brakes and every truck-tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than forty percent.

(c) Reservoir safeguarded. All motor vehicles, trailers, semitrailers and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(10) Warning devices.

(a) Air brakes. Every bus, truck or truck-tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the air reservoir pressure of the vehicle is below fifty percent of the air compressor, governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(b) Vacuum brakes. After January 1, 1964, every truck-tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than eight inches of mercury.

(c) Combination of warning devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement.

Sec. 52. Section 9, chapter 77, Laws of 1963 and RCW 18.27.090 are each amended to read as follows:

(16) *Contractors on highway projects who have been prequalified as required by chapter 13 of the Laws of 1961, RCW 47.28.070, with the highway department to perform highway construction, reconstruction or maintenance work.*

**NEW SECTION.** Sec. 53. There is added to chapter 3, Laws of 1963, extraordinary session, a new section to read as follows:

The joint committee on highways is authorized and directed to study, analyze, report on and make recommendations to the 1967 Legislature prior to its convening concerning:

(1) The development of a comprehensive policy relating to freeways and expressways, including the desirability of constructing a state-wide system of urban and rural freeways to meet future transportation needs, methods of financing such a system of freeways, the related role of the state, cities and counties in constructing urban and rural freeways and expressways, standards of construction, the financing of adequate connecting approach roads and streets and methods to protect interchanges from undue traffic congestion.

(10) Reciprocity in the licensing and taxation of motor vehicles including the feasibility of placing license and weight fees on motor vehicle power units only.

(11) Highway and transportation needs between Washington and Alaska and to this end the committee may formulate recommendations concerning the same to federal agencies and the Congress of the United States.

(18) The future role of mass transit in the urban areas and its relation to highway planning and construction.

**NEW SECTION. Sec. 54.** (1) the joint committee on highways is authorized and directed to conduct a study with the cooperation of the department of highways, the department of motor vehicles, the Washington state patrol and the Washington utilities and transportation commission to devise procedures by which persons wishing to qualify a commercial vehicle for operation on our state highways may make application on a single form to the department of motor vehicles with such additional copies as may be required for distribution to the several agencies responsible for taxing and regulating commercial vehicles. Under such procedures the vehicle operator upon meeting all regulatory requirements and paying all required fees will be issued a single document certifying to the scope and duration of the qualification of the vehicle therein identified.

(2) The study shall include methods of reducing the evidence of qualification and identification required to be displayed on the outside of the vehicle to the minimum consistent with sound law enforcement.

(3) The study shall include a consideration of all means of promoting the standardization of vehicle qualification requirements between this and other states.

(4) To facilitate the study and accurately determine the administrative and enforcement problems connected with the use of a single application form and a single qualification form, the joint committee on highways and the departments named in subsection (1) are authorized and directed to implement the procedures described in subsection (1) and (2) for the qualification and identification of not more than three of the larger interstate commercial fleets, for the license year 1966. For the purposes of this pilot program and with respect to the vehicle fleets selected, each of the departments of state government is authorized and directed to adjust the qualification and permit period to a calendar year, adjusting fees accordingly and giving such credits or assessing such additional fees as may be necessary.

**NEW SECTION. Sec. 55.** There is hereby appropriated from the motor vehicle fund to the joint committee on highways for the biennium ending June 30, 1967, the sum of fifty thousand dollars, or so much thereof as shall be necessary.

**Sec. 56. Sec. 47.56.245, chapter 13, Laws of 1961 and RCW 47.56.245 are each amended to read as follows:**

The authority shall retain toll charges on all existing and future facilities until all costs of investigation, financing, acquisition of property, and construction [, maintenance, management, operation, repayment of past advances] advanced from the motor vehicle fund, and obligations incurred under RCW 47.56.250 and chapter 16, Laws of 1945 have been fully paid. With respect to every [future] facility completed after March 19, 1953, costs of maintenance, management and operation shall be paid periodically out of the revenues of the facility in which such costs were incurred. [with respect to each existing facility, costs of maintenance, management and operation together with an amortized payment upon advances from the motor vehicle fund in an amount reasonably anticipated to retire such advances during the toll life of

the facility shall be similarly paid to the extent that such payments shall not breach the obligation of any contract.]

**NEW SECTION.** Sec. 57. To the extent that revenues from the imposition of tolls and franchise fees for use of the second Lake Washington bridge authorized and constructed under the provisions of RCW 47.56.281 are insufficient to meet costs of maintenance and operation and required payments of principal, interest, and other charges incidental to the issuance, sale, and retirement of the bonds issued pursuant to the provisions of RCW 47.56.282 or on any subsequent refunding bond issues, the Washington state highway commission shall use moneys in the motor vehicle fund to pay such deficits.

**NEW SECTION.** Sec. 58. Any funds required to pay such deficits shall be from the proceeds of state excise taxes on motor vehicle fuels and shall be taken from that portion of the motor vehicle fund which is or may be appropriated for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet such deficits.

The proceeds of such excise taxes are hereby pledged to the payment of any such deficits in the costs of maintenance and operation of the bridge and in the payment of principal and interest which may arise on account of the bonds issued under the provisions of RCW 47.56.282, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, such deficits.

Sec. 59. Section 47.56.282, chapter 13, Laws of 1961 and RCW 47.56.282 are each amended to read as follows:

The authority is hereby authorized by resolution to issue and sell its revenue bonds in an amount sufficient to provide funds to pay all costs of construction of an additional Lake Washington bridge and approaches and all costs of construction or any alterations to the existing Lake Washington bridge or its approaches as a result of the construction of the additional bridge, including but not limited to all costs of survey, acquisition of rights of way, design, engineering, all expenses of issuance and sale of such bonds, and to pay interest on said bonds during construction and for six months after tolls are first imposed.

Said revenue bonds shall constitute obligations only of the Washington toll bridge authority and shall be payable both principal and interest [solely] from the tolls and revenues derived from the operation of said toll facility as hereinbefore constituted *and from any other moneys or funds available therefor*. Said bonds shall not constitute an indebtedness of the state of Washington and shall contain a recital on the face thereof to that effect, and shall be negotiable instruments under the law merchant. Such bonds shall include a covenant that the payment or redemption thereof and the interest thereon are secured by a first and direct charge and lien on all of the tolls and other revenues received from the operation of said toll facility and from any interest which may be earned from the deposit or investment of any such revenues, except for payment of costs of operation, maintenance and necessary repairs of said facility. The tolls and charges to be imposed shall be fixed in such amounts so that when collected they will produce revenues that shall be at least equal to expenses of operating, maintaining and repairing said toll facility, including all insurance costs, amounts for adequate reserves and coverage of annual debt service on said bonds, and all payments necessary to pay the principal thereof and interest thereon.

**NEW SECTION.** Sec. 60. Notwithstanding the provisions of RCW 47.56.220, the Washington state highway commission is authorized to design and construct an additional bridge across Lake Washington at a site in the vicinity of the first Lake Washington bridge.

Sec. 61. Section 47.60.140, chapter 13, Laws of 1961 and RCW 47.60.140 are each amended to read as follows:

The authority is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue producing and self-liquidating undertaking. The highway commission shall have full charge of the construction, rehabilitation, rebuilding, enlarging, improving, operation and maintenance of the ferry system, including toll bridges, approaches and roadways incidental thereto that may be authorized by the authority, including the collection of tolls and other charges for the services and facilities of the undertaking: *Provided*, That the authority shall have the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located

on the ferries, wharves, docks, approaches and landings, but no such leases or contracts shall be entered into for more than [five] ten years, nor without public advertisement for bids as may be prescribed by the authority: *Provided further*, That the authority may accept and continue leases and contracts for a period of ten years without advertisement or bid, if such leases or contracts were in effect or entered into at the time of the purchase of the Puget Sound ferry system, and any leases or contracts so made are hereby validated.

**NEW SECTION.** Sec. 62. The state highway commission in cooperation with the joint committee on highways, is authorized and directed to conduct a study of the feasibility and cost of constructing a limited access highway by the most feasible route from primary state highway No. 9 in the vicinity of Shelton to primary state highway No. 14 in the vicinity of Purdy.

**NEW SECTION.** Sec. 63. The state highway commission and the joint committee on highways are authorized and directed to undertake a survey and prepare a program for the utilization of federal aid funds available under 23 U.S.C. sec. 319, or any other similar federal program, providing for highway landscaping, safety rest areas and acquisition of strips of land adjacent to our highways for the preservation of its natural beauty. The program shall be submitted to the 1967 Legislature prior to its convening.

**NEW SECTION.** Sec. 64. Sections 11 and 12, chapter 278, Laws of 1961 and RCW 47.56.036 and 47.56.038 are each hereby repealed.

**NEW SECTION.** Sec. 65. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 66. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and sections 15, 16, 17, 21, 22, 23 and 56 shall take effect immediately. Sections 41 and 42 shall take effect July 1, 1965.

**POINT OF ORDER**

Senator Moriarty, Jr.:

"Point of order, Mr. President:

"I think maybe we have an amendment which expands the scope and object of the bill."

**RULING BY THE PRESIDENT**

The President:

"The President believes, in ruling upon the point of order as presented by Senator Moriarty, that the amendment as offered by Senator Talley pertains to highways and for that reason does not change the scope and object of the bill. In other words, highways are becoming broader every day."

**POINT OF ORDER**

Senator Mardesich:

"Mr. President, point of order:

"As I understand it, this amendment is in the exact form of the omnibus bill passed earlier. Having passed on that matter in that exact form, are we not now precluded from taking action on this amendment in this form?"

**RULING BY THE PRESIDENT**

The President:

"Senator Mardesich, there is the possibility that this amendment may not be the same as the highway omnibus bill in that there are amendments to the amendment being offered."

Senator Mardesich:

"In its present form, are we not now precluded from consideration?"

**REPLY BY THE PRESIDENT**

The President:

"Senator Mardesich, this subject is being offered in the form of an amendment, not in the form of a bill; therefore, the President believes it is in order."

Debate ensued.

It was moved by Senator Hanna that the following amendment to the amendment by Senator Talley be adopted:

On page 46, line 28, insert a new section to be known as section 66 as follows, and renumber section 66 of the printed bill as section 67, renumber any following sections consecutively.

Sec. 66. Section 10, chapter 96, Laws of 1961 as amended by section 55, chapter 3, Laws of 1963 extraordinary session, and RCW 47.42.100 are each amended to read as follows:

(1) No sign lawfully erected in a protected area prior to March 11, 1961, within a commercial or industrial zone within the boundaries of any city or town, as such boundaries existed on September 21, 1959, wherein the use of real property adjacent to the interstate system is subject to municipal regulation or control but which does not comply with the provisions of this chapter or any regulations promulgated hereunder, shall be maintained by any person after March 11, 1965.

(2) No sign lawfully erected in a protected area prior to March 11, 1961, other than within a commercial or industrial zone within the boundaries of a city or town as such boundaries existed on September 21, 1959, wherein the use of real property adjacent to the interstate system is subject to municipal regulation or control but which does not comply with the provisions of this chapter or any regulations promulgated hereunder, shall be maintained by any person after three years from March 11, 1961.

(3) No sign lawfully erected in a scenic area prior to the effective date of the designation of such area as a scenic area shall be maintained by any person after three years from the effective date of the designation of any such area as a scenic area.]

*Except as provided in subsection 3 of this section:*

(1) *No sign lawfully erected in a protected area where the entire width of the right of way was acquired by the state subsequent to July 1, 1956, which sign was erected prior to March 11, 1961, and which sign does not conform to requirements of this chapter or any regulations promulgated thereunder, shall be maintained by any person after March 1, 1966.*

(2) *No sign lawfully erected inside a scenic area or in a protected area where a portion of the right of way was acquired by the state prior to July 1, 1956, which sign was erected prior to March 11, 1961, and which sign does not conform to the requirements of this chapter or any regulations promulgated thereunder, shall be maintained by any person after March 11, 1967.*

(3) *No sign lawfully erected in a protected area where land use was clearly established by or pursuant to state law as of September 21, 1959, as industrial or commercial, which sign was erected prior to March 11, 1961, and which sign does not conform to requirements of this chapter or any regulation promulgated thereunder, shall be maintained by any person after March 11, 1967.*

Debate ensued.

#### POINT OF ORDER

Senator Greive:

"Mr. President, point of order:

"In my opinion, this constitutes two subjects under a single title and is, therefore, not properly before us. I ask for a ruling."

Senator Henry:

"Mr. President:

"I believe that Senator Greive is basing his objection upon the fact that he still believes that this bill pertains only to the Tacoma Narrows Bridge. I would remind him that the amendment as proposed by Senator Talley is the omnibus bill and the Chair has already ruled that highways are getting broader all the time. I cannot see why this cannot be encompassed within the amendment as offered by Senator Talley."

Senator Greive:

"Mr. President:

"If we were to follow this reasoning, a person could amend it to be the omnibus bill and then the sky would be the limit. It seems to me the constitutional provision

is such that you have to go back to the original bill and see whether or not this particular amendment fairly fits within the scope and object of that particular title, which it does not."

The President declared the Senate to be at ease.

The President called the Senate to order at 5:40 p. m.

#### RULING BY THE PRESIDENT

The President:

"The President, ruling upon the point of order as raised by Senator Greive wherein he suggests that House Bill No. 713 and the amendments are two subjects, rules:

"The President believes that the question can best be resolved by first explaining that the subjects before the Senate are House Bill No. 713, the adoption of the amendment as proposed by Senator Talley and the amendment to this amendment as proposed by Senator Hanna.

"The President has already ruled that the Talley amendment is germane to the title of House Bill No. 713, both relating to highways. The amendment to the amendment as proposed by Senator Hanna is in effect a part of Substitute House Bill No. 198 of the 1961 Session (Chapter 96, Laws of 1961), which is also an act relating to certain state highways.

"The President believes that the bill and the two proposed amendments relate to the subject of highways and are therefore properly before the Senate.

"The question before the Senate is the adoption of the amendment by Senator Hanna to the amendment by Senator Talley."

Debate ensued.

Senators Washington, Peterson (Ted) and Greive demanded a Call of the Senate.

Senator Greive demanded a roll call and the demand was sustained by Senators Washington, Morgan, Herrmann, Knoblauch, Petrich, Peterson (Ted), Hallauer and Rasmussen.

#### ROLL CALL

The Secretary called the roll, and the demand for a Call of the Senate was not sustained by the following vote: Yeas, 18; nays, 23; absent or not voting, 7; excused, 1.

Those voting yea were: Senators Bailey, Charette, Cooney, Donohue, Dore, Freise, Greive, Hallauer, Knoblauch, Lewis, Mardesich, Morgan, Neill, Peterson (Ted), Petrich, Rasmussen, Talley, Washington—18.

Those voting nay were: Senators Atwood, Chytil, Connor, Cowen, England, Gallagher, Guess, Hanna, Henry, Herr, Herrmann, Keefe, Kupka, Lennart, McCormack, McCutcheon, McMillan, Moriarty, Jr., Peterson (Lowell), Redmon, Ryder, Thompson, Jr., Williams—23.

Absent or not voting: Senators Durkan, Foley, Gissberg, Raugust, Riley, Sandison, Woodall—7.

Excused: Senator Donohue—1.

#### MOTIONS

It was moved by Senator Hallauer that House Bill No. 713 on second reading be made a special order of business for 11:00 a. m., tomorrow.

Debate ensued.

The motion was carried on a rising vote.

At 5:55 p. m., on motion of Senator Greive, the Senate adjourned until 10:30 a. m., Thursday, April 29, 1965.

**FORTY-SIXTH DAY**

**MORNING SESSION**

---

SENATE CHAMBER,  
OLMPIA, WASH., Thursday, April 29, 1965.

The Senate was called to order at 10:30 a. m. by President Cherberg.

Due to the emergency of the earthquake and damage to the Capitol building, there being no objections, the President declared the Senate to have given its permission to the House to adjourn until Monday, May 3, 1965.

The Secretary read:

**MESSAGE FROM THE HOUSE**

House of Representatives,  
Olympia, Wash., April 29, 1965.

MR. PRESIDENT:

Due to the earthquake damage to the Capitol the House has given consent to the Senate to adjourn until noon, Monday, May 3, 1965.

S. R. HOLCOMB, *Chief Clerk.*

The President placed the Senate at ease subject to the Call of the Chair and announced that should it be necessary to reconvene the Senate prior to noon, Monday, May 3, 1965, that he would notify each member.

The President called the Senate to order at 12:00 noon, Monday, May 3, 1965.

**PRESIDENT'S PRIVILEGE**

The President:

"Members of the Senate, ladies and gentlemen:

"The President being concerned about the welfare and safety of the members of the Senate, in addition to the ladies and gentlemen present in the gallery, asked for and received a report from the Governor's office as to the structural soundness and safety of the Capitol building.

"The Governor's Office has advised the President that after consultation with competent structural engineers, it has been determined that the Capitol building is a safe place in which to conduct the business of the legislature. Specifically, it was pointed out that the floor of the Senate and the House of Representatives is safe.

"However, the President is further advised that the Rotunda area between the two houses should remain closed because of a possible danger from falling plaster. Furthermore the use of the galleries in the Senate and in the House of Representatives should be restricted in such a manner that large groups are not brought into the galleries.

"The President believes that by and with the consent of the members, that attendance in each gallery should be limited to twenty-five visitors."

**MOTION**

At 12:03 p. m., on motion of Senator Greive, the Senate adjourned until 12:10 p. m., Monday, May 3, 1965.

JOHN A. CHERBERG, *President of the Senate.*

WARD BOWDEN, *Secretary of the Senate.*

## FIFTIETH DAY

---

### AFTERNOON SESSION

---

SENATE CHAMBER,  
OLYMPIA, WASH., Monday, May 3, 1965.

The Senate was called to order at 12:10 p. m. by President Cherberg.

The Secretary called the roll and announced to the President that all Senators were present except Senators Donohue, Kupka, McMillan and Stender.

On motion of Senator McCutcheon, Senator Donohue was excused.

On motion of Senator Hanna, Senators Kupka and McMillan were excused.

The Color Guard, consisting of Pages John Turner, Color Bearer, and Teresa Hallauer, presented the Colors.

Reverend Walter A. MacArthur, pastor of the First Methodist Church of Olympia, offered prayer as follows:

"Our Father, in this troubled time when all mankind stands in the valley of decision, we turn to Thee with hearts that are heavy with anxiety, with minds clouded with perplexity, with spirits dismayed by the world's distress. We come sobered by great issues, faced with great decisions. We have the awful consciousness that we are being died for in far-off alien lands.

"Lift us then, in this moment of prayer, to see the total scene. Set our hearts on high things. May no cherished resentments, no camouflaged selfishness, no ingrained prejudices choke and clog the channels of our public service. We pray in the Name of Christ. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

### PERSONAL PRIVILEGES

Senator Knoblauch:

"Mr. President and members of the Senate:

"Last Wednesday in the Senate Chamber I was sort of ridiculing the lady Senator from Bremerton, Mrs. Morgan, because she had called a committee meeting for May 4th at 2:00 p. m. I should have known that the ladies always have the last word.

"Then I heard a remark in the men's lounge by another fellow Senator bemoaning the fact this will be the first year in many years he would have to miss the Wenatchee Apple Blossom Festival parade, and I learned today Senator Hanna was able to go to Wenatchee over the weekend. I especially want to apologize to Senator Morgan about the meeting on the 4th of May."

Senator Morgan:

"Mr. President and gentlemen of the Senate:

"Senator Knoblauch, I heard you on the radio as I left Olympia. You were on a Puyallup radio station being interviewed and I was brought up-to-date on what had happened to the legislative building during the quake. I would like to say women have an intuition and the notice on the committee meeting still stands."

Senator Lennart:

"Mr. President, I should like to say a few words on personal privilege, too. First of all, I should relate that I had a very pleasant weekend. I was invited to stay overnight with Representative Beck from Port Orchard and then I had breakfast

with Senator McCutcheon. In retrospect, I penned these thoughts down this morning:

"If we had for one day escaped from the passionate unreasonableness along the political frontier, we would all have come out of the conflict less battered on both sides, each side blaming the other for the unnecessary delay, with a 'loner' now and then injecting blackmail. When we get home and settle down to maturity, the people may have cause to rejoice. I hope the homefolks will come to see that the wild oats sown down here will produce a tamer variety of tares. We hope, too, that the ultimate Recording Angel will have the charity to erase as well as to preserve, and that the guardian of the State's archives will not destroy one single map and trial balloon of the redistricting farce.

"In what has been in various ways recorded for posterity, too little has been said of our efforts; too much of political conniving and much too little about the dilemma. The press, for instance, only played the drums and left the orchestra out. Their fiffing made a monumental discord and became the Dominant's persistence. The television cameras, with their mikes and cords, were major distractions.

"On the comical side, and humor is so needed here, there was the eminent Senator who neatly laid down his frying pan and choppers for a fresh air rally, after approved Indian method, a gull flew away with the treasure—in a manner like the majority party itself, all sail and no anchor.

"Well, anyway, here we have been sitting, like interrogation marks, the unsolved riddle of a bewildered and bewildering session, incapable to adjust to circumstances, or to the uncharted course toward which we are drifting. And our drift is slow and clumsy. When something disastrous is about to happen we call a caucus. These caucuses are called by some trivia or presumed party advantage—or to be specific—a caucus is a party convulsion. Somewhere, it seems incredible, there is a maladjustment, somewhere we have gone wrong—as they term it when someone's awareness of failure drives him to drink. Since the tragedy is understandable, for us who inhabit this chamber, that is, that an eight-cylinder motor is doomed when it's firing on three cylinders, and that repairs should be made before it comes to a grinding halt. We ought to have done something about it.

"There is the \$42 million lemon, dangling like a mirage. This riddle has a parallel in the daylight savings time—the cosmic phenomenon of time—the relationship between physical events which inexorably move toward an end—when autumn sets in.

"But now the majority party has proved, beyond a doubt, that it can outfast Ghandi and come out with a grin—or should we term it affectionate toleration for the down-trodden Governor.

"And then this earthquake! Well, this empty, howling waste was here before the earthquake came. We have been lazily occupied in doing nothing, and each of us fulfills the most exalted requirement of laziness. Well, if this is to continue, Heaven, itself, may step in and take charge—an inverted visitation of one of those so-called judgments of God which now and then overtakes men!"

#### PRESIDENT'S PRIVILEGE

The President:

"Members of the Senate, Ladies and Gentlemen:

"It is with great sadness that the President announces the passing of Glenn Nysoe, son-in-law of Senator Donohue and husband of Janis Nysoe. The funeral services will be held today in Dayton.

"Members of the Senate and ladies and gentlemen:

"The Honorable Verne Sawyer, who has performed as 'Chief-Leather-Lungs' so well in the Senate has found it necessary to return to his place of employment in Toppenish. Mr. Sawyer's position will be filled by Mr. Joe Zaspel, who has been a bill clerk and who performed his work in that particular capacity in a highly commendable fashion. The President thought the members of the Senate might wish to greet Mr. Zaspel with a warm applause. Joe has made a very auspicious start and I am sure everyone agrees he will continue doing the job well."

#### POINT OF INFORMATION

Senator Lennart:

"Mr. President:

"Will this be a prolonged employment?"

**REPLY BY THE PRESIDENT**

The President:

"Joe, being dedicated, hopes perhaps it won't be too long. He wishes to return to his regular work as soon as possible."

**MOTION**

On motion of Senator Bailey, Senator McMillan was excused.

**SPECIAL ORDER OF BUSINESS**

The time having arrived, the Senate resumed consideration of House Bill No. 713 on second reading and the pending amendment by Senator Talley and the amendment to the amendment by Senator Hanna.

The President declared the question before the Senate to be the adoption of the amendment to the amendment by Senator Hanna.

Debate ensued.

The President called upon Senator Gissberg to preside.

Further debate ensued.

Senators Gallagher, Hanna and Atwood demanded the previous question and the demand was sustained.

Senators Washington, Rasmussen, and Petrich demanded a Call of the Senate.

The demand was not sustained on a rising vote.

Senator Washington demanded a roll call and the demand was sustained by Senators Redmon, Peterson (Ted), Williams, Petrich, Talley, Mardesich, Henry, Gallagher and Hanna.

The President resumed the Chair.

**ROLL CALL**

The Secretary called the roll and the amendment by Senator Hanna to the amendment by Senator Talley was not adopted by the following vote: Yeas, 16, nays, 26; absent or not voting, 4; excused, 3.

Those voting yea were: Senators Atwood, Bailey, Connor, Cooney, England, Gallagher, Guess, Hanna, Henry, Herrmann, Keefe, Lewis, Morgan, Peterson (Lowell), Raugust, Riley—16.

Those voting nay were: Senators Charette, Chytil, Cowen, Dore, Durkan, Freise, Gissberg, Greive, Hallauer, Knoblauch, Lennart, McCormack, McCutcheon, Mardesich, Moriarty, Jr., Neill, Peterson (Ted) Petrich, Rasmussen, Redmon, Ryder, Talley, Thompson, Jr., Washington, Williams, Woodall—26.

Absent or not voting: Senators Foley, Herr, Sandison, Stender—4.

Excused: Senators Donohue, Kupka, McMillan—3.

On motion of Senator Mardesich, the following amendment to the amendment by Senator Talley was adopted:

Strike "NEW SECTION. Sec. 55." and renumber the remaining sections consecutively.

It was moved by Senator Mardesich that the following amendment to the amendment by Senator Talley be adopted:

Strike all of section 33 and renumber the remaining sections consecutively.

Debate ensued.

On motion of Senator Guess, the amendment to the amendment was laid upon the table.

It was moved by Senator Rasmussen that the following amendment by Senators Knoblauch and Rasmussen to the amendment by Senator Talley be adopted:

In section 13 following subsection (6), add a new subsection as follows:  
 "(7) An extension of secondary state highway No. 5N, southerly from Eatonville to a junction with primary state highway No. 5 in the vicinity of Elbe."

Debate ensued.

#### POINT OF INQUIRY

Senator Washington:

"Would Senator Rasmussen yield to a question?

"This only provides for a study, is that correct?"

Senator Rasmussen:

"This merely provides for a study. This is in the same section where you have the other studies. They tell me that is the way you have to do it. You have to have a study first and then the recommendation."

Senator Washington:

"Was this presented to the Highway Committee in bill form?"

Senator Rasmussen:

"No, it wasn't, Senator Washington. During the rush of the regular session, I completely neglected to check on it. After the omnibus bill had passed, I had the highway engineer advise me as to why it wasn't in the highway system. He said the law provided they go as far as Eatonville, and he said also it would be a good idea to have a study."

The motion was carried and the amendment to the amendment was adopted.

It was moved by Senator Gissberg that the following amendment by Senators Gissberg and Greive to the amendment by Senator Talley be adopted:

Add two new sections following Sec. 66 as follows:  
 "NEW SECTION. Sec. 67. Section 35, chapter 3, Laws of Extraordinary Session, 1963, are amended to read as follows:

The joint fact-finding committee on highways, streets and bridges originally created by chapter 111, Laws of 1947, is hereby recreated and renamed the joint committee on highways. The renaming of said committee shall not affect any powers vested in it or duties imposed upon it by any other statute. All appropriations made to the committee under its former name shall continue to be available to said committee as renamed, the joint committee on highways. The committee shall consist of [seven] nine senators to be appointed by the president of the Senate and [eight] ten members of the House of Representatives to be appointed by the speaker thereof. A list of appointees shall be submitted before the close of each regular legislative session or extraordinary session following a regular session for confirmation of Senate members, by the Senate, and House members, by the House. Vacancies occurring shall be filled by the appointing authority.

*NEW SECTION.* Sec. 68. Membership authorized by this act on the joint committee on highways is hereby ratified, even though appointments are made prior to the effective date of this act."

Debate ensued.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"Mr. President, would Senator Gissberg yield?"

"Senator Gissberg, the language of the existing statute does not specify the ratio of membership. Under your amendment, would the ratio of membership in the Senate be six from the majority and three from the minority? Is that the intention?"

Senator Gissberg:

"Would you restate your question as to what the existing law is?"

Senator Moriarty, Jr.:

"As I understand it, the existing law does not specify the ratio of membership and in your remarks you stated the ratio of membership would be the same. At the present time there are seven members, five from the majority party and two from the minority party, if my understanding is correct, then my question to you is this: If the Senate membership is expanded to nine, will the ratio then be six from the majority and three from the minority?"

Senator Gissberg:

"Mr. President, I'm still a little confused in that I spoke of a ratio. I can't directly answer your question, Senator Moriarty, because it is my understanding it is not a political ratio now with respect to the choice of the committee. The ratio that I was speaking of was the ratio of membership between the House and the Senate. That ratio would remain the same. I am not aware of a political ratio in any shape or form."

Senator Moriarty, Jr.:

"Perhaps Senator Greive could answer my question?"

On motion of Senator Greive, further consideration of the amendment to the amendment was deferred until after consideration of all other amendments to the amendment.

It was moved by Senator Thompson, Jr., that the following amendment to the amendment by Senator Talley be adopted:

Following new section, "Sec. 65." add a new paragraph as follows:

*NEW SECTION.* Sec. 66. The highway commission is empowered to join financially or otherwise with any public agency or any county, city, or town in the state of Washington or any other state, or with the federal government or any agency thereof, or with any or all thereof for the planning, development and establishment of area-wide urban mass transportation systems in conjunction with new or existing highway facilities."

Debate ensued.

The motion was carried and the amendment to the amendment was adopted.

It was moved by Senator Morgan that the following amendment to the amendment by Senator Talley be adopted:

On page — of the amendment by Senator Talley, add a new section following section — to read as follows:

*NEW SECTION.* Sec. —. There is hereby appropriated from the motor vehicle fund to the Washington state highway commission for the biennium ending June 30, 1967, the sum of seventy-five thousand dollars, or so much thereof as may be necessary for preliminary engineering for a bridge at Rich Pass in Kitsap county."

Debate ensued.

Senator Greive demanded a roll call and the demand was sustained by

Senators Morgan, Petrich, Mardesich, Lewis, Knoblauch, Kupka, Cooney and Dore.

#### ROLL CALL

The Secretary called the roll, and the amendment by Senator Morgan to the amendment by Senator Talley was not adopted by the following vote: Yeas, 15; nays, 19; absent or not voting, 14; excused, 1.

Those voting yea were: Senators Chytil, Connor, Cooney, Cowen, Dore, Gallagher, Greive, Knoblauch, Kupka, McMillan, Morgan, Moriarty, Jr., Peterson (Ted), Petrich, Talley—15.

Those voting nay were: Senators Atwood, Charette, Freise, Gissberg, Guess, Hallauer, Hanna, Keefe, Lennart, Lewis, McCormack, McCutcheon, Mardesich, Redmon, Riley, Ryder, Thompson, Jr., Washington, Williams—19.

Absent or not voting: Senators Bailey, Durkan, England, Foley, Henry, Herr, Herrmann, Neill, Peterson (Lowell), Rasmussen, Raugust, Sandison, Stender, Woodall—14.

Excused: Senator Donohue—1.

It was moved by Senator Mardesich that the following amendment to the amendment by Senator Talley be adopted:

Strike "Sec. 61" and renumber the remaining sections consecutively.

#### POINT OF INQUIRY

Senator Washington:

"Mr. President, would Senator Mardesich yield to a question?

"Would you have any objection to making an exception to the concessions on the Colman Dock? This is the area where the Highway Commission was particularly concerned in being able to get concessionaires to put in the necessary improvements that should be amortized over a period of ten years, at least in this one instance."

Senator Mardesich:

"I understood the Colman Dock problem was one with which we were particularly concerned at this time. I was aware of that, which was, in fact, the reason I offered the amendment. I could see no reason, since the five year limitation was in effect in the past, why it should not remain in effect today. I grant that it may have a tendency to cause a faster write-off. However, the second time around it should then result in equal adjustment in the lease. I see no reason for an exception of the Colman Dock or anyone else."

Debate ensued.

The motion was carried on a rising vote and the amendment to the amendment was adopted.

On motion of Senator Thompson, Jr., the Senate returned to the fifth order of business.

The Secretary read:

It was moved by Senator Greive that the following amendment to the amendment by Senator Talley be adopted:

Debate ensued.

The motion was carried and the amendment to the amendment was adopted.

It was moved by Senator Charette that the following amendment to the amendment by Senator Talley be adopted:

Add a new section following section 66, renumbered section 63, to read as follows:

(2) The authority and direction were conferred upon the state highway commission, the toll bridge authority, and the joint fact-finding committee on highways, streets and bridges in 1959; and

(3) The state highway commission, toll bridge authority, and the joint fact-finding committee were further authorized and directed to engage and retain an independent engineering firm to prepare traffic, engineering and financial studies, and surveys; and

(4) The state highway commission has been previously granted the necessary authority to acquire rights of way and to proceed with the construction of the Naches tunnel; and

(5) The increased volume of intermountain cross-state automotive traffic in the past six years and future projected increases in traffic point up the desirability and imperative nature of having a rapid cross-state highway through Naches Pass.

*NEW SECTION.* Sec. 2. The Washington state highway commission is authorized and directed to complete its plans for a Naches Pass tunnel with dispatch, and is authorized and directed to commence immediate construction of a Naches Pass tunnel and cut-off on primary state highway No. 5 through the Cascade mountains.

*NEW SECTION.* Sec. 3. The state highway commission shall forthwith select and acquire, by purchase or condemnation, such lands as may be necessary to accomplish the directive given in section 2 of this act, and shall forthwith do all other acts and things necessary to carry out the purposes of this act, immediately and without delay."

Debate ensued.

The motion was lost and the amendment to the amendment was not adopted.

The Senate resumed consideration of the amendment by Senators Greive and Gissberg to the amendment by Senator Talley.

Debate ensued.

#### POINT OF INQUIRY

Senator Moriarty, Jr:

"Will Senator Greive yield?"

"I am going to direct the same question to you, Senator Greive, that I directed to Senator Gissberg earlier. Is it the intention or the understanding that the political membership will be six members from the majority and three from the minority party?"

Senator Greive:

"Yes, that is correct."

The motion was carried and the amendment by Senators Greive and Gissberg to the amendment by Senator Talley was adopted.

The President declared the Senate to be at ease.

The President called the Senate to order at 4:20 p. m.

It was moved by Senator Mardesich that the following amendment to the amendment by Senator Talley be adopted:

Strike all of "Sec. 36" and renumber the remaining sections consecutively.

Debate ensued.

#### POINT OF INQUIRY

Senator Rasmussen:

"Would Senator Washington yield to a question?"

Senator Washington:

"Yes."

Senator Rasmussen:

"Who requested this change in the law?"

Senator Washington:

"It was requested jointly by the Public Service Commission and people who came to us. The railroads, of course, are interested."

Senator Rasmussen:

"The Highway Commission did not request this change?"

Senator Washington:

"The Highway Commission was agreeable to the change."

The motion was carried and the amendment by Senator Mardesich to the amendment by Senator Talley was adopted.

On motion of Senator Petrich, the following amendment to the amendment by Senator Talley was adopted:

**MESSAGE FROM THE GOVERNOR**

State of Washington, Executive Department,  
Olympia, April 28, 1965.

LADY AND GENTLEMEN:

I am returning herewith, without my approval as to one item, **Substitute Senate Bill No. 42** entitled:

"AN ACT Adopting the capital budget and making appropriations for capital improvements; and declaring an emergency."

I have no objection to the appropriations contained in this bill, but I am concerned that it should take effect on July 1, 1965 when the next biennium commences.

This bill contains appropriations and reappropriations for capital improvement projects. The allotment of funds pursuant to this bill is intended to occur during the biennium commencing July 1, 1965; however with the exception of certain projects at the state universities and state colleges which take effect immediately, this bill will not take effect until ninety days after adjournment of this legislative session. It is difficult to predict the effective date of the bill; however it is obvious that it will be a month or more after the commencement of the next biennium.

This delay in making funds available could work a hardship with respect to projects previously authorized for which reappropriations have been made in this bill. It is unfortunate that the emergency clause in Section 10 was not expanded to make all portions of the bill effective no later than July 1, 1965. However, to relieve this problem, I have vetoed the language in Section 10 which restricts the operation of the emergency clause to appropriations from the building and capital projects accounts of the state universities and state colleges. By striking this language the entire act will become effective immediately. However, this does not mean that funds will be expended prior to the time intended by the legislature. Under Section 3 of the bill the Budget Director, with the approval of the Governor, must allot funds before any project can begin or any obligation can be incurred. The power to make such allotments can be used to give effect to the legislative intent that appropriations from the building and capital projects accounts of the state universities and colleges shall take effect immediately and that other appropriations shall take effect July 1, 1965.

With the exception of a certain item in Section 10, which I have vetoed for the reasons stated above, the remainder of the bill is approved.

Respectfully submitted,  
DANIEL J. EVANS, *Governor*.

It was moved by Senator Gissberg that the veto message of the Governor be referred to the Committee on Rules and Joint Rules.

Debate ensued.

## POINT OF INQUIRY

Senator Dore:

"Mr. President, would Senator Neill yield to a question?"

"Senator Neill, from your remarks I take it you believe Governor Evans has usurped the legislative process in vetoing this bill in the manner in which he did?"

Senator Neill:

"No, Senator, I do not agree. I started my remarks by saying I accept the remarks of Senator Gissberg on a plane which I am sure they were intended."

Senator Dore:

"Then, Senator Neill, I am confused. As I understood the remarks of Senator Gissberg, they were extremely critical of the method Governor Evans used in applying the red ink and actually changing the intent of this bill. You say you agree with him, but you said you agreed on the high plane of which he meant these remarks. Now I am a little country boy from Seattle and, of course, you are from the big city of Pullman, but I don't understand if you agree or disagree. If you agree with him, then Senator Gissberg has said in fact that the Governor has usurped the legislative process for which we alone have the responsibility. Do you agree with that? Please answer yes or no and then you can explain your answer later."

Senator Neill:

"Neither Senator Dore nor Senator Neill are going to attempt to answer for Senator Gissberg and if he would like to rise and put a different connotation on his remarks than I have placed on them, he is perfectly free to do so and then we can go from there."

Senator Dore:

"Would Senator Gissberg yield to a question?"

Senator Gissberg:

"My remarks speak for themselves and the press and everyone else can place such interpretation on them as they wish to make."

Senator Dore:

"I think the question was whether you would yield?"

The President:

The President resumed the Chair.

#### PARLIAMENTARY INQUIRY

Senator Ryder:

"Mr. President, parliamentary inquiry:

"I was a little inattentive at the time the amendment was read, but I believe that it strikes my full amendment and substitutes the amendment by Senators Dore and McMillan."

Senator Greive:

"Mr. President:

"Reed's Rule 130 provides that you can strike and insert. It seems to me that this would be proper."

Senator Ryder:

"Mr. President:

"I think we should vote on my amendment first and if it fails, then their amendment is in order."

Senator McMillan:

"Mr. President, I feel that the membership should have the opportunity of comparing these two resolutions. Now is the time and here is the place. Time is growing very near to adjournment, for which we are all hoping. Here is an opportunity this afternoon to discuss on the floor the relative merits of these two proposed amendments. I think now is the time to do it and to have a vote on that very matter. Certainly it is not injurious to the success of Senate Joint Resolution No. 24 to consider the amendment that we have proposed."

Senator Moriarty, Jr.:

"Mr. President, speaking on the point of order:

"I would like to refer the President to Reed's Rule 132 which states amendments can be made in three ways: First, by inserting words; second, by striking out words; third, by striking out words and inserting others. Here we have what is in fact a substitute amendment. I have lost the next reference, but in a later rule—I believe it is 140—it describes the amendment by striking out and inserting consists of a proposition to strike out certain words in the main question or pending question and insert certain other words. My point is that of course Senator Ryder's point is well taken and it is not proper for this amendment to be considered. Senator McMillan

would be correct in striking for instance the word 'thirty' and inserting the word 'twenty-five,' but he is not correct in striking the entire amendment and substituting his amendment."

Senator Greive:

"Mr. President:

"I think we have to read three rules together. I pointed out Rule 130 which says in effect once a paragraph is gone, that it would be hardly proper to strike and insert, and I think we had this once before in the session. Then we have to read Reed's Rule 133, amendment to the amendment, which provides that you can amend an amendment, and then you go to Reed's Rule 140, amendments by striking out and inserting, which provides the means by which this is to be done. In effect, we have to amend the amendment before it is adopted. At least that is the proper procedure and then you have an amendment to the amendment, and the method which Senator McMillan has employed here is an amendment to strike and insert, so it seems to me he is perfectly in order."

Senator Hallauer:

"Mr. President:

"Looking at Reed's Rules, the rule that strikes my eye and I think it should be given some attention, is Rule 134. It says amendments can only be considered one at a time, and when an amendment is pending, all other amendments must be confined to that. I find it very difficult to think that Senator McMillan's amendment, which strikes the first amendment, is confining itself to Senator Ryder's amendment, because it is a totally different amendment; and, further on in the rule it says the one amendment originally presented must be disposed of before another can be entertained."

#### RULING BY THE PRESIDENT

The President:

"The President, in ruling upon the point of inquiry:

"The President believes that Reed's Rule 140 applies, that portion which states: 'It is in most cases the substitution of one set of words for another.' The President believes that both Senator McMillan's amendment to the amendment and Senator Ryder's amendment should be considered. The President believes that it would be a more orderly process to consider Senator McMillan's amendment to the amendment first. If it is adopted, obviously the Senate would not care to adopt Senator Ryder's amendment. If Senator McMillan's amendment is not adopted, the Senate may then take Senator Ryder's amendment under consideration."

Debate ensued.

On motion of Senator Gallagher, Engrossed House Joint Resolution No. 7 was ordered to retain its place at the end of the second reading calendar for today.

On motion of Senator Greive, the Secretary was instructed to provide each Senator with a copy of the amendments by Senators Ryder and McMillan.

**SPECIAL ORDER OF BUSINESS**

The time having arrived, the Senate resumed consideration of Senate Joint Memorial No. 24 on second reading.

The memorial was read the second time in full.

On motion of Senator Washington, the following amendment was adopted:

On page 1, beginning on line 19, strike all material through line 23.

**POINT OF INQUIRY**

Senator Freise:

"Mr. President, would Senator Washington yield to a question?"

"Senator Washington, since putting my name on this measure as a sponsor or co-sponsor, it seems to me that one of the arguments in favor of the intertie was to the effect that the Bonneville Power Administration was losing about \$14 million a year and this would give the Bonneville Power Administration authority to dump a lot of power in California when we had a surplus. Some of the arguments, for instance lines 16 and 17 talks about \$100 million surplus. Is there any contradiction between the argument on the intertie and the statements set forth in lines 16 and 17?"

Senator Washington:

"I am not familiar with the exact figures of surplus they would have, but it is clear that the intertie was promoted and one of the basic reasons, as you state, was so that power wouldn't be going to waste over the dams, but we would be able to use water to generate electric power in California, Arizona and Nevada, and the money then could be used to amortize. I think on that basis we are going to be able to move ahead without having an increase in the Bonneville Power Administration rate. Certainly from everything I can gather, they have been very successful in making contracts for delivery of power at the present time and for the future, so I really strongly feel that we don't need to have an increase."

On motion of Senator McCormack, the following amendment was adopted:

On page 2, line 4, after "citizens; and" insert "that, instead, the payout period for the Bonneville Power Administration department be lengthened; and".

On motion of Senator Guess, the rules were suspended, Engrossed Senate Joint Memorial No. 24 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

Debate ensued.

It was moved by Senator Washington that Engrossed Senate Joint Memorial No. 24 be ordered to retain its place on the third reading calendar for tomorrow.

Debate ensued.

The motion was lost on a rising vote.

Further debate ensued.

Senators Hanna, Cooney and Guess demanded the previous question and the demand was sustained.

#### PARLIAMENTARY INQUIRY

Senator Gallagher:

"Mr. President, would a motion that the vote on final passage of this measure to a time certain be not in order?"

#### RULING BY THE PRESIDENT

The President:

"The demand for the previous question has been sustained. The President believes that the rules require that the main question be now put."

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Joint Memorial No. 24 and the memorial failed to pass the Senate by the following vote: Yeas, 23; nays, 18; excused, 8.

Those voting yea were: Senators Atwood, Cooney, Cowen, England, Freise, Greive, Guess, Hanna, Henry, Herr, Herrmann, Keefe, Lewis, McMillan, Mardesich, Moriarty, Jr., Peterson (Ted), Raugust, Redmon, Riley, Ryder, Thompson, Jr., Williams—23.

Those voting nay were: Senators Bailey, Charette, Chytil, Connor, Gallagher, Hallauer, Knoblauch, Kupka, Lennart, McCormack, McCutcheon, Morgan, Peterson (Lowell), Petrich, Rasmussen, Sandison, Talley, Washington—18.

Excused: Senators Donohue, Dore, Durkan, Foley, Gissberg, Neill, Stender, Woodall—8.

Engrossed Senate Joint Memorial No. 24, having failed to receive the constitutional two-thirds majority, was declared lost.

#### PERSONAL PRIVILEGES

Senator McCormack:

"Mr. President and members of the Senate, point of personal privilege:

"I wish to say that I do not believe that this issue was a public power-private power issue nor should it have been a party line issue. I think it was a matter of our opinion on what the Bonneville Power Administration should do with its rates. I wanted to make this clear. Senator Guess and I had a difference of opinion on this issue. I, for one, am pleased that the memorial was defeated. I do not think, however, that it should have been in our minds that this was a private-public power issue."

Senator Washington:

"Mr. President and members of the Senate:

"I voted 'no' on this particular measure because I think we should have had time to study it until tomorrow. There were matters brought up by Senator McCormack that deserved study. This was a highly important matter and one which I felt did not need to be rushed through this afternoon."

**PARLIAMENTARY INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, point of parliamentary inquiry:

"Would it be permissible under the rules of the Senate to resubmit Senate Joint Memorial No. 24 in slightly different form tomorrow?"

**REPLY BY THE PRESIDENT**

The President:

"The President believes that it would be in order for a Senate joint memorial to be introduced tomorrow in a different nature."

#### MOTION

On motion of Senator Neill, the rules were suspended and Senators Gissberg, Durkan and Woodall were excused from under the Call of the Senate.

#### PARLIAMENTARY INQUIRY

Senator Woodall:

"Mr. President, parliamentary inquiry:

"Mr. President, am I correct that that portion of Engrossed House Joint Resolution No. 7 which deals with the right of the legislature to grant relief to people who are property owners on account of age was stricken by the amendment which was adopted?"

Senator Greive:

"Mr. President:

"Since we will need some clarification of this, I would like to give my understanding. Senator McMillan's amendment amended the Ryder amendment. The Ryder amendment made no reference to the part that dealt with those over sixty-five, so it seems to me it isn't stricken and, if it is, I would like to know."

Senator Ryder:

"Mr. President, the amendment which I offered merely added a new section to the resolution as it came from the House. As I understood, Senator McMillan's amendment struck all of my amendment and substituted his, so it would now be substituted instead of mine."

Senator Moriarty, Jr.:

"Mr. President:

"The reason I ask the question, the Senate amendment by Senator Ryder read that on line 8, after new section, insert the following. Thus it would have stricken everything that was originally in the bill. When Senator McMillan's amendment was adopted in lieu of Senator Ryder's amendment, the only thing that we voted on was Senator McMillan's amendment, because Senator Ryder's amendment has stricken everything relating to the age proposition."

#### REPLY BY THE PRESIDENT

The President:

"The President believes, Senator Moriarty, that the amendment is in addition to Engrossed House Joint Resolution No. 7, and that no material was stricken."

#### NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Greive gave notice that he would, at the proper time, move to reconsider the vote by which Engrossed House Joint Resolution No. 7 passed the Senate.

#### POINT OF ORDER

Senator Moriarty, Jr.:

"Mr. President, point of order:

"My point of order is that the joint resolution is out of the Senate and in the House, and under previous rulings of the Chair, the matter is no longer before us. The reason that I am raising this point, Mr. President, is that if this matter is no longer before us and if that language be out of the amendment, then there is no reason to consider House Bill No. 190."

Senator Greive:

"Mr. President:

"Senator Moriarty's memory fails him. The President has ruled consistently that a motion to reconsider is of a higher rank than a motion to transmit."

Senator Moriarty, Jr.:

"My point of order is that the motion to transmit immediately to the House was put and passed and the Chair has previously ruled, if my memory is correct, that a motion to reconsider cannot be put after that motion has passed."

Senator Greive:

"Mr. President:

"If you will look at Rule 20, a motion to suspend the rules, which is what the other motion was, is under subsidiary motions and a motion to reconsider is second."

#### RULING BY THE PRESIDENT

The President:

"Members of the Senate, the President believes that a ruling would resolve the situation, to wit: That nothing was stricken from the measure and that the amendment by Senators McMillan and Dore is in addition to the measure."

**Engrossed House Bill No. 190**, by Representatives Bergh, Uhlman, and Smith:

Allowing property tax exemption for certain retired persons.

The bill was read the second time by sections.

It was moved by Senator Ryder that the following amendment be adopted:

On page 2, after subsection (6) of the House amendment to the printed bill by the Committee on Ways and Means, being line 10 of the engrossed bill, add a new subsection (7) to read as follows:

"(7) The combined income of the head of the household and his spouse, from all sources whatsoever, shall not be in excess of three thousand dollars (\$3,000) for the calendar year immediately preceding the year in which the real property is assessed and the taxes levied thereon."

Renumber the remaining subsections consecutively.

Debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator Greive, the rules were suspended, Engrossed House Bill No. 190, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 190, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 47; nays, 1; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Cowen, Donohue, Dore, Durkan, England, Foley, Freise, Gallagher, Gissberg, Greive, Guess, Hallauer, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lennart, Lewis, McCormack, McCutcheon, McMillan, Mardesich, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Redmon, Riley, Ryder, Sandison, Talley, Thompson, Jr., Washington, Williams, Woodall—47.

Those voting nay were: Senator Raugust—1.

Excused: Senator Stender—1.

Engrossed House Bill No. 190, as amended by the Senate, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

**Substitute House Bill No. 709**, by Committee on Ways and Means:

Prescribing limitations on property tax revenue.

The bill was read the second time by sections.

It was moved by Senator Williams that the following amendment be adopted:

On page 4, section 5, line 17, after the period following "section" add the following sentence:

"Nothing in this section shall permit a vote on a proposition submitted by petition to lower the regular property tax revenue for any taxing district to an amount less than the regular property tax revenue for that taxing district for the year 1965."

Debate ensued.

#### POINT OF INQUIRY

Senator Riley:

"Mr. President, would Senator Williams yield to a question?"

"Senator Williams, is this in effect what we thought of as the Williams bill, number five hundred and something?"

Senator Williams:

"A part of it, yes. The major part of it."

Senator Riley:

"Mr. President, one further question:

"In effect we are saying that if the millage is changed, it will not result in additional dollars? You might lower the millage but you could not change the dollar level?"

Senator Williams:

"Yes, Senator Riley. To amplify on this particular amendment, you are correct. The millage, if assessed values go up by other than new construction, drops proportionately. The voters of a district, if they want, can use part of that drop to increase their millage. We also provided that they can, by petition, reduce their millage by amendment if they go the petition route, but they cannot reduce it below the present dollar value for the district."

Senator Petrich:

"Mr. President, would Senator Williams yield?

"Senator, would the governing authority, assuming that in its wisdom it did not need the additional millage for the subsequent year, be under any limitation as to the lowering of the taxes to operate this particular phase of government if it so desired? In other words, is there any limitation in the wisdom of the junior taxing district not to ask for its millage if they don't need it?"

Senator Williams:

"They can go as low as they want. The amendment merely prevents the voters by petition from dropping far below the present level. We felt no taxing area should allow the voters to cut it way down and so they shouldn't drop below the level that they are collecting this year."

Debate ensued.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"Senator Greive, it's possible, is it not, that the Senate might not be around here tomorrow? Couldn't this be made a special order of business for this evening?"

Senator Greive:

"I think we will be here tomorrow."

Debate ensued.

S. R. HOLCOMB, Chief Clerk.

It was moved by Senator Greive that the Senate concur in the House amendment to Engrossed Senate Bill No. 565.

Debate ensued.

**POINT OF INQUIRY**

Senator Greive:

"Mr. President, would Senator Woodall yield to a question?"

"Senator Woodall, I'm speaking for myself. I think others feel the same way. If we were to vote against the amendment and put this measure into a conference committee, and if it came to pass that the House appointed a stubborn conferee who wanted to kill the bill, where would we be then? I think that's the thing that worries us."

Senator Woodall:

"Mr. President:

"I have no idea who might be appointed in the House. You know me well enough to know that when I say something, I say it with all sincerity and I personally would urge any members of my party who might be appointed to this committee to go for the proposition with a two year future extension to give us a chance to go through one election of county assessors. I would do everything within my power to make it come to pass that the bill would not be killed."

Senator Greive:

"Would you be willing to sound out sentiments and, if a conferee wasn't going along, bring the entire matter out before it went to free conference so that we could have a vote?"

Senator Woodall:

"I don't know who I would approach to sound out sentiment. Apparently it passed somewhat overwhelmingly in the House and I can only say, Senator Greive, with whatever influence I might have, I would sincerely go along with the proposition which supported this move but gave it a fixed, future date of two years from now. I will personally support that move."

Further debate ensued.

Senator Washington:

"Mr. President, would Senator Woodall or Senator Ryder or someone who is a little more familiar than I with procedures regarding money going to school districts yield to a question? It strikes me as being very possible that in the normal course of events, there would be a one year warning period and this bill couldn't go into effect in the next school year. Is that correct?"

Senator Ryder:

"Mr. President, Senator Washington:

"I believe that this act would take effect immediately and that the apportionment for the school starting with September would be effected by whatever is in this bill at the present time."

Further debate ensued.

Senators Durkan, Greive and Charette demanded the previous question and the demand was sustained.

Senator Washington demanded a roll call and the demand was sustained by Senators Greive, Bailey, Rasmussen, Talley, Mardesich, Peterson (Ted), Moriarty, Jr., and Raugust.

#### ROLL CALL

The Secretary called the roll and the Senate voted not to concur in the House amendment to Engrossed Senate Bill No. 565 by the following vote: Yeas, 23; nays, 25; excused, 1.

Those voting yea were: Senators Connor, Cooney, Cowen, Dore, England, Foley, Gallagher, Guess, Hallauer, Herr, Knoblauch, Kupka, McCormack, McCutcheon, Morgan, Moriarty, Jr., Peterson (Ted), Petrich, Rasmussen, Riley, Thompson, Jr., Washington, Williams—23.

Those voting nay were: Senators Atwood, Bailey, Charette, Chytil, Donohue, Durkan, Freise, Gissberg, Greive, Hanna, Henry, Herrmann, Keefe, Lennart, Lewis, McMillan, Mardesich, Neill, Peterson (Lowell), Raugust, Redmon, Ryder, Sandison, Talley, Woodall—25.

Excused: Senator Stender—1.

#### PARLIAMENTARY INQUIRY

Senator Woodall:

"Mr. President, point of parliamentary inquiry:

"Having failed to concur, do we now need the motion that we do not concur and ask the House to recede from its amendment to get this matter into conference? If so, I would so move."

Senator Greive:

"Mr. President:

"When I inquired earlier today, I was told that motion would not be necessary."

#### REPLY BY THE PRESIDENT

The President:

"The President believes that when the Senate refuses to concur, in essence it is also asking the House to recede therefrom. The President believes that the situation is covered by Reed's Rule 254:

"The motions to concur and to non-concur, being the opposite and sole alternative each of the other, a negative vote on the one is the same as an affirmative vote on the other."

"In essence, the Senate has refused to concur in the House amendment to the bill and has asked the House to recede therefrom. The President does not believe a motion is necessary."

It was moved by Senator Greive that the Senate immediately consider Senate Bill No. 558 and the House amendment thereto.

The motion was carried.

#### MOTION

On motion of Senator Woodall, Senator Neill was excused.

The Secretary read:

#### HOUSE AMENDMENT TO SENATE BILL

House of Representatives.  
Olympia, Wash., May 5, 1965.

MR. PRESIDENT:

The House has passed Senate Bill No. 558 with the following amendment:

On page 1, section 1, line 12, after the semicolon following "chapter" strike all of the material down to and including the period on line 17 and insert "the term of office of said commissioners shall be from June 11, 1953, until an agreement or compact binding on the state of Washington under the provisions of RCW 43.57.030 has been entered into: *PROVIDED, HOWEVER, That when a member of the commission is a member of the House of Representatives, his term on the commission shall expire when he ceases to be a member of the House, and when a member of the commission is a member of the Senate, his term on the commission shall expire when he ceases to be a member of the Senate.*" and the same is herewith transmitted.

S. R. HOLCOMB, Chief Clerk.

It was moved by Senator Hallauer that the Senate concur in the House amendment to Senate Bill No. 558.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"Mr. President:

"May I ask Senator Hallauer what would happen if a man died in the interim period who was serving on this commission? How would his successor be appointed?"

Senator Hallauer:

"Senator Moriarty and members of the Senate:

"The Speaker appoints the two House members and the President would have to appoint the Senate members. This was the prior situation and it would be the same in this situation. All we did was add the proviso in the House version."

The motion was carried.

#### ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 558, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 42; nays, 5; excused, 2.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Cowen, Donohue, Dore, Durkan, England, Foley, Gallagher, Gissberg, Greive, Hallauer, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lennart, Lewis, McCormack, McCutcheon, McMillan, Mardesich, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Sandison, Talley, Washington, Woodall—42.

Those voting nay were: Senators Freise, Guess, Ryder, Thompson, Jr., Williams—5.

Excused: Senators Neill, Stender—2.

Senate Bill No. 558, as amended by the House, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

It was moved by Senator Greive that the Senate immediately consider the House message and the report of the Free Conference Committee on Senate Concurrent Resolution No. 25.

The motion was carried.

The Secretary read:

**MESSAGE FROM THE HOUSE**

House of Representatives,  
Olympia, Wash., May 5, 1965.

MR. PRESIDENT:

The House has adopted the report of the Free Conference Committee on Senate Concurrent Resolution No. 25 and has passed the resolution as amended by the Free Conference Committee, and the same is herewith transmitted.

S. R. HOLCOMB, *Chief Clerk.*

**REPORT OF FREE CONFERENCE COMMITTEE**

Olympia, Wash., May 5, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Senate Concurrent Resolution No. 25, establishing a joint interim legislative committee on facilities and operations, have had the same under consideration, and we recommend that the following resolution be substituted for the original resolution, as follows:

"WHEREAS, Studies of the State Capitol Committee have emphasized the urgent requirements of the legislature and of a number of state agencies for more building space than the existing capitol buildings can provide; and

WHEREAS, All outstanding bonds for the construction of existing buildings on the capitol site have been retired, and the income from the capitol grant lands set aside by law for this purpose is and will be sufficient to service bonded indebtedness for new construction and remodeling at the rate of five hundred thousand dollars per annum, which is greatly in excess of normal or anticipated requirements;

Now, *Therefore, Be It Resolved*, By the Senate, the House of Representatives concurring, that a joint interim legislative committee on facilities and operations is hereby created, to consist of six senators (three from each political party) to be appointed by the President of the Senate, and six representatives (three from each political party) to be appointed by the Speaker of the House; the offices of chairman, vice chairman and secretary shall be elected from their number by majority vote of the committee members; and vacancies or resignations from the committee shall be filled by the chairman by the appointment of a new member who shall be from the same house and political party as the person he is replacing; and

*Be It Further Resolved*, That such joint interim committee shall inquire into and formulate recommendations concerning:

(1) Improved facilities for the various branches of state government including the legislature and its members; and

(2) Immediate, intermediate and long range plans as to how best to handle the workload of the legislature and to facilitate economies and efficiency in legislative operations; and

*Be It Further Resolved*, That such joint interim committee is authorized, empowered and directed to advise and consult with the State Capitol Committee on the need for construction and remodeling of the buildings contemplated under Substitute Senate Bill No. 504 of the 1965 Session and to give particular attention to so much of the construction and remodeling as will be designed to better enable the work of the legislature to be accomplished in a more efficient, effective and economical manner and to this end maintain a formal liaison relationship with the Legislative Council;

*Be It Further Resolved*, That the members appointed to the joint legislative facilities and operations committee shall be reimbursed for their expenses incurred while attending sessions of the committee and the State Capitol Committee in the amount of twenty-five dollars per day plus ten cents per mile in going to and coming from any such meetings, conferences, or hearings or in carrying out any business of the

committee as provided for in this resolution, whether within or without the state, the same to be paid upon their individual vouchers, approved by the chairman of the committee, from any moneys appropriated for the expense of the legislature, or from such other funds as may be made available therefor; and that the salaries and expenses of any expert, clerical, and other assistants employed by the committee shall be paid upon vouchers approved by the chairman of the committee from such funds."

*Senate Members*

FRED H. DORE  
HARRY B. LEWIS  
GORDON HERR

*House Members*

JAMES A. ANDERSEN  
JOHN L. O'BRIEN  
WILLIAM S. DAY

On motion of Senator Dore, the Secretary read the last of the report of the Free Conference Committee.

It was moved by Senator Dore that the report of the Free Conference Committee be adopted.

Debate ensued.

**POINT OF INQUIRY**

Senator Riley:

"Mr. President, would Senator Dore yield to a question?"

"Senator Dore, while I did not have the opportunity to have the resolution read in full, you in your brief report made reference to the fact that a liaison will be made with the legislative council. My question specifically is: When this report is finished, in what form will it be finished and to whom will this report be made?"

Senator Dore:

"Being an interim committee, it will report to the legislature. There is a sentence providing for that. I think the language reads in the bill that they will maintain a formal liaison, whatever that means, between the committee and the legislative council. They will keep them advised of their activities. I presume they will send a member to meetings and be advised of their progress."

Senator Riley:

"Would Senator Dore yield to another question?"

"Senator, at the conclusion of this committee hearing, whenever that will be, will there be a written report available to the fortieth session of the legislature?"

Senator Dore:

"That will be up to the committee members, but I assume as all other interim committees have done, they will make a formal, written report to the legislature, together with recommendations."

**POINT OF INQUIRY**

Senator England:

"Would Senator Dore yield to another question?"

"Senator Dore, since we were not afforded the opportunity to listen to all of the Conference Committee report, could you tell us how much this will cost?"

Senator Dore:

"There is no money in this particular resolution, but the budget bill which you have on your desk, provides \$25,000 for this committee."

The motion was carried and the report of the Free Conference Committee was adopted.

**ROLL CALL**

The Secretary called the roll on the final passage of Senate Concurrent Resolution No. 25, as amended by the Free Conference Committee, and the resolution passed the Senate by the following vote: Yeas, 41; nays, 7; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Donohue, Dore, Durkan, England, Foley, Freise, Gallagher, Gissberg, Greive, Guess, Hallauer, Hanna, Henry, Herr, Keefe, Knoblauch, Kupka, Lewis, McCormack, McCutcheon, McMillan, Mardesich, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Sandison, Talley, Washington, Williams, Woodall—41.

Those voting nay were: Senators Cowen, Herrmann, Lennart, Morgan, Riley, Ryder, Thompson, Jr.—7.

Excused: Senator Stender—1.

Senate Concurrent Resolution No. 25, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed.

#### MOTION

On motion of Senator Greive, the Senate proceeded to consideration of the Free Conference Committee report on Substitute House Bill No. 608.

The Secretary read:

#### REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., May 5, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Substitute House Bill No. 608, defining terms of and providing exemptions from certain excise taxes, have had the same under consideration, and we recommend that Substitute House Bill No. 608 be amended to read as follows:

(19) Sales to municipal corporations, the state, and all political subdivisions thereof of tangible personal property consumed and/or of labor and services rendered in respect to contracts for watershed protection and/or flood prevention. (21) Sales to nonresidents of this state of tangible personal property for use outside this state when the purchaser has applied for and received from the tax commission a permit certifying (1) that he is a bona fide resident of a state or possession other than the state of Washington, or of a foreign country, and (2) that he does agree, when requested, to grant the tax commission access to such records and other forms of verification at his place of residence to assure that such purchases are not first used substantially in the state of Washington.

Any person claiming exemption from retail sales tax under the provisions of this subsection must display a nonresident permit as herein provided, and any vendor making a sale to a nonresident without collecting the tax must examine such permit, identify the purchaser as the person to whom the nonresident permit was issued, and maintain records which shall show the permit number attributable to each nontaxable sale.

Permits shall be personal and nontransferable and shall be issued by the tax commission upon payment of a fee of one dollar. The commission may in its discretion designate independent agents for the issuance of permits, according to such standards and qualifications as the commission may prescribe. Such agents shall pay over and account to the commission for all permit fees collected, after deducting as a collection fee the sum of fifty cents for each permit issued.

Any person making fraudulent statements in order to secure a permit shall be guilty of perjury. The exemption provided for in this subsection shall not apply to sales of, cost of, or charges made for such labor and services, if the sand, gravel, or rock is used for other than public road purposes or is sold otherwise than as provided for in this subsection.

Sec. 15. Section 82.08.050, chapter 15, Laws of 1961 and RCW 82.08.050 are each amended to read as follows:

The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the tax commission pursuant to the provisions of RCW 82.08.060. The tax required by this chapter,

to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the commission, and any seller who appropriates or converts the tax collected to his own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the commission in the manner prescribed by this chapter, whether such failure is the result of his own acts or the result of acts or conditions beyond his control, he shall nevertheless, be personally liable to the state for the amount of the tax.

The amount of tax, until paid by the buyer to the seller or to the commission, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. *The tax required by this chapter to be collected by the seller shall be stated separately from the selling price and for purposes of determining the tax due from the buyer to the seller and from the seller to the commission it shall be presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter.*

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the commission, the commission may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the commission; and all of the provisions of chapter 82.32, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32, the fifteenth day of the month following the [bimonthly] tax period in which the purchase was made shall be considered as the due date of the tax.

Sec. 25. Section 82.26.020, chapter 15, Laws of 1961 and RCW 82.26.020 are each amended to read as follows:

(1) From and after [July 1, 1959] *June 1, 1965*, there is levied and there shall be collected a tax upon the sale, use, consumption, handling, or distribution of all tobacco products in this state at the rate of [twenty-five] *thirty* percent of the wholesale sales price of such tobacco products. Such tax shall be imposed at the time the distributor (a) brings, or causes to be brought, into this state from without the state tobacco products for sale, (b) makes, manufactures, or fabricates tobacco products in this state for sale in this state, or (c) ships or transports tobacco products to retailers in this state, to be sold by those retailers.

(2) A floor stocks tax is hereby imposed upon every distributor of tobacco products at the rate of twenty-five percent of the wholesale sales price of each tobacco product in his possession or under his control on July 1, 1959.

Each distributor, within twenty days after July 1, 1959 shall file a report with the commission, in such form as the commission may prescribe, showing the tobacco products on hand on July 1, 1959 and the amount of tax due thereon.

The tax imposed by this subdivision shall be due and payable within twenty days after July 1, 1959 and thereafter shall bear interest at the rate of one percent per month.

NEW SECTION. Sec. 26. There is added to chapter 15, Laws of 1961 and to chapter 82.04 RCW a new section to read as follows:

In computing tax under this chapter there may be credited against the amount of the tax the following items:

As to persons engaging in activities defined in RCW 82.04.120 (the definition of the term "to manufacture"), an amount not to exceed the tax actually paid under chapter 82.08 RCW (Retail Sales Tax) or chapter 82.12 RCW (Use Tax) by such persons or their lessors or their contract vendors, on materials, labor and services in the construction or major improvement of buildings, structures or other improvements to real property that is, to the extent of eighty-five percent or more of the value of the improvements, used or to be used in or related to the business of manufacture for sale or commercial or industrial use of any articles, substances or commodities: *Provided*, That this credit shall be allowable only against tax payable by the manufacturer and measured by the value of products or gross proceeds of sales of articles, substances or commodities manufactured in this state: *Provided further*, That this credit shall be allowable only against any tax payable which is attributable to manufacturing which involves the use of such construction or improvements: *And provided further*, That this credit shall not be allowable for tax paid on purchases of material, labor or services on which the supplier thereof became entitled to compensation prior to July 1, 1964.

Sec. 27. Section 82.32.060, chapter 15, Laws of 1961, as amended by section 1, chapter 22, Laws of 1963 and RCW 82.32.060 are each amended to read as follows:

If, upon application by a taxpayer for a refund or for an audit of his records, or upon an examination of the returns or records of any taxpayer, it is determined by the tax commission that within the two years immediately preceding the receipt of the commission of the application by the taxpayer for a refund or for an audit, or, in the absence of such an application, within the two years immediately preceding the commencement by the commission of such examination, a tax has been paid in excess of that properly due, the excess amount paid within such period of two years shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at his option. *Except as to the credits in computing tax authorized by section 26 of*

this 1965 amendatory act, no refund or credit shall be allowed with respect to any payments made to the commission more than two years before the date of such application or examination. Where a refund or credit may not be made because of the lapse of said two year period, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding the two year period may be offset against the amount of any tax deficiency which may be determined by the commission for such statutory assessment period. Notwithstanding the foregoing, no refund or credit shall be granted with respect to taxes paid prior to May 1, 1950, but where a refund or credit may not be made because the tax was paid prior to May 1, 1950, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding May 1, 1950, may be offset against the amount of any tax deficiency which may be determined by the commission for such preceding period.

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the tax commission within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: *Provided*, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the tax commission and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appeal from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the tax commission of a certified copy of the order or judgment of the court. *Except as to the credits in computing tax authorized by section 26 of this 1965 amendatory act*, interest at the rate of three percent per annum shall be allowed by the tax commission and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by him after May 1, 1949, and interest at the same rate shall be allowed on any judgment recovered by a taxpayer for taxes, penalties, or interest paid after such date.

Sec. 28. Section 82.48.100, chapter 15, Laws of 1961 and RCW 82.48.100 are each amended to read as follows:

This chapter shall not apply to:

Aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which are not engaged in carrying persons or property for commercial purposes;

Aircraft registered under the laws of a foreign country;

Aircraft which are owned by a nonresident and registered in another state: *Provided*, That if any such aircraft shall remain in and/or be based in this state for a period of ninety [consecutive] days or longer it shall not be exempt under this section;

Aircraft engaged principally in commercial flying which constitutes interstate or foreign commerce; and aircraft owned by the manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

Aircraft being held for sale, exchange, delivery, test, or demonstration purposes solely as stock in trade of an aircraft dealer licensed under RCW Title 14.

Sec. 29. Section 82.50.030, chapter 15, Laws of 1961 as amended by section 7, chapter 199, Laws of 1963 and RCW 82.50.030 are each amended to read as follows:

The rate and measure of tax imposed by this chapter for each calendar year shall be one *and one-half* percent of the fair market value of the house trailer, as determined in the manner provided in this chapter: *Provided*, That the calendar year shall be divided into twelve parts corresponding to the months of the calendar year and the excise tax upon a house trailer used for the first time in this state after the last day of any month shall only be levied for the remaining months of the calendar year including the month in which the house trailer is first used: *Provided further*, That the minimum amount of tax payable shall be two dollars.

A house trailer shall be deemed used for the first time in this state when such vehicle was not previously licensed by this state for the year immediately preceding the year in which application for license is made.

Sec. 30. Section 24, chapter 62, Laws of 1933 extraordinary session, and RCW 66.24.290 are each amended to read as follows:

Any brewer or beer wholesaler licensed under this title may sell and deliver beer to holders of authorized licenses direct, but to no other person, other than the board; and every such brewer or beer wholesaler shall report all sales to the board monthly, pursuant to the regulations, and shall pay to the board as an added tax for the privilege of manufacturing and selling the beer within the state a tax of one dollar per barrel of thirty-one gallons on sales to licensees within the state and on [the sale] sales to licensees within the state of bottled and canned beer shall pay a tax [on the same basis] computed in gallons at the rate of one dollar and fifty cents per barrel of thirty-one gallons. Each such brewer or wholesaler shall procure from the board revenue stamps representing such tax in form prescribed by the board and shall affix the same to the barrel or package in such manner and in such denominations as required by the board, and shall cancel the same prior to commencing delivery from his place of business or warehouse of such barrels or packages. Beer shall be sold by brewers and wholesalers in sealed barrels or packages. The revenue stamps herein provided for need not be affixed and canceled in the making of resales of barrels or packages already taxed by the affixation and cancellation of stamps as provided in this section.

The above tax shall not apply to "strong beer" as defined in this title.

**NEW SECTION.** Sec. 31. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

The following property shall be exempt from taxation:

All property, whether real or personal belonging to any nonprofit corporation or cooperative association and used exclusively for the distribution of water to its shareholders or members.

**NEW SECTION.** Sec. 32. If any phrase, clause, subsection or section of this act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the act shall not be affected as a result of said part being held unconstitutional or invalid.

**NEW SECTION.** Sec. 33. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect June 1, 1965.

*Senate Members*

MARTIN J. DURKAN  
WILLIAM A. GISSBERG  
PERRY B. WOODALL

*House Members*

HENRY BACKSTROM  
TOM COPELAND  
LEONARD A. SAWYER

It was moved by Senator Durkan that the report of the Free Conference Committee on Substitute House Bill No. 608 be adopted.

Debate ensued.

Senators Keefe, Moriarty, Jr. and Bailey demanded the previous question and the demand was sustained.

The motion was carried.

The President declared the question before the Senate to be the final passage of Substitute House Bill No. 608 as amended by the Free Conference Committee.

Further debate ensued.

**POINT OF INQUIRY**

Senator Ryder:

"Mr. President, I would like to ask Senator Durkan a question.

"Senator Durkan, I know that this may hurt you a little, but I would like to get the answer to this question. I understand that some of the taxes in this bill are to take effect on June 1st of this year. Is this correct? Would this raise about \$2 million before the end of the biennium?"

Senator Durkan:

"Mr. President:

"We moved the collection date up to June 1st. That is the answer to your question."

Senator Ryder:

"Mr. President, Senator Durkan:

"I found it on the sales tax and the liquor tax, but I did not find it on the use tax. Is this an oversight?"

Senator Durkan:

"No, there were some of the taxes that could not be collected, but as far as the drafting is concerned, it was June 1st."

Senator Ryder:

"On the use tax?"

Senator Durkan:

"That was my understanding."

#### PERSONAL PRIVILEGE

Senator Morgan:

"Mr. President, personal privilege, and I would like to have my remarks in the record:

"I am voting against the report of the Free Conference Committee on Substitute House Bill No. 608 which enacts nearly \$60 million taxes on some and removes taxation on others. I consider it inequitable and unjust. Most certainly I feel that special consideration for the gasoline industry as compared to the much larger taxes on the oil industry, is scandalous. Taxation removed from many, and larger taxes imposed on other businesses is totally unacceptable to this Senator and to my 84,000 constituents. The lack of a five cent cigarette tax and \$5 million from that, and the lack of a tax on gas dealers and nearly \$2 million from that have resulted in cuts for those who cannot lobby or speak for themselves.

"I shall be here as a Senator next time. I do not run this time. Next session and during the interim period, I shall tell all who ask the truth about this bill as I see it: Inequities in taxation in Washington state."

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 608, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 26; nays, 22; excused, 1.

Often we would have fainted unless we had believed to see the goodness of Thy hand in the midst of our endeavor, guiding and shaping, lifting and sustaining our spirits.

#### APPOINTMENT OF SPECIAL COMMITTEE

The President appointed a special committee consisting of Senators Raugust, Riley, Cowen, Lennart and Keefe to escort Senator John T. McCutcheon to a place of honor upon the rostrum.

The Secretary read:

#### SENATE RESOLUTION

No. 1965 EX -28

By Senators Keefe, Cowen, Lennart, Raugust and Riley:

WHEREAS, As this, the Thirty-ninth regular and special session of the Legislature draws near to adjournment it is particularly fitting that we, the members of this Senate body, pay particular tribute to the learned gentleman and attorney from Pierce county whose continued presence in this body with each new legislative session proclaims for all that more perfect integrity and ability which we deem this House of the Legislature to possess, Senator John T. McCutcheon; and

WHEREAS, John McCutcheon, having given freely of his time and service in both major political parties, has elevated, as few others in this state's history, the status of "politics," his loyalty being above everything else to his constituents, but when the time and circumstances warranted, serving in that party wherein he felt those constituents' needs could best be served, and giving of himself wholly to that party and its causes; whether as Assistant United States Attorney, member of the House of Representatives, candidate for state treasurer, for governor, or for Congress, or as a member of this body, whether as a Republican or Democrat, John McCutcheon, able to an extent realized but by few of his contemporaries, stands forth indeed as a leader among his fellow men; and

WHEREAS, Each of us in this chamber today may in truth testify to those particular attainments of Senator McCutcheon, his considerable education, both at the University of Washington and at the University of Indiana, reflected in his brilliant career in

the legal field, coupled with a broad background of knowledge obtainable only through years of diligent, tireless seeking of the truth in the solving of the day's problems, his warmth of character reflected perhaps at best when speaking upon the floor of this chamber, when his humor, his great wit and forensic ability is foreshadowed only by the honesty and integrity with which he speaks; his is a voice listened to, a voice heeded and respected, a voice that we, the members of this chamber, recollect with that degree of fondness reserved only for dear and good friends;

*Now, Therefore, Be It Resolved*, By the members of this Thirty-ninth regular and special session of the Senate, That we hereby extend to John McCutcheon the singular title of "Senator Extraordinary", that Senator McCutcheon's great contribution to the growth of this state is hereby acknowledged and commended, certainly that this state, during this session, was the first in this nation to successfully redistrict itself under the standard laid down by the Supreme Court of the land is in itself further proof of the capable determined leadership of Senator McCutcheon in meeting and facing the tasks at hand; whether as a boy growing up on a farm in the Chehalis valley, whether as a vice consul in Europe before World War I and noted world traveler, or whether as mayor of Stellacoom and life-time friend and resident among us, this day we do commend for all to know our fellow Senator, "John T. McCutcheon, Senator Extraordinary".

*And Be It Further Resolved*, That the Secretary of the Senate shall have suitably inscribed copies of this Senate Resolution and present sufficient copies of the same for him and his three fine children with our heartfelt compliments to the great Senator from Pierce county, John T. McCutcheon, Senator Extraordinary.

It was moved by Senator Raugust that the resolution be adopted.

#### PERSONAL PRIVILEGE

Senator Lennart:

"Mr. President and Senators:

"This is for me a great delight to come pay a tribute to a man whom I have known so many years. Legislators come and legislators go. Senators come and senators go. We observe that even governments come and governments go. But man is more than that. He is the founder of government.

"We have in this Great Northwest, in this great state, the means of great material prosperity. We have among us many people extracted from many races and mixtures of races from which the people have extracted the best that each county and district can give.

"We have in this Senate peace loving people and adventurous people, people who like to go over the strange trail into the unknown, and we have wise men, and Senator McCutcheon is one of those wise men that we like to touch to catch up some crumbs of the wisdom that he bestows upon us.

"I mentioned the other day that it was a very, very great statesman in ancestral times called Daniel. This man Daniel we know would rather be in the lion's den with God, than without the lion's den without God. He always reminds me of Senator McCutcheon.

"Well, you know Senator McCutcheon, and we are probably going over the hill into the undiscovered country pretty soon, but I am sure he will go down in flying colors, even if I don't. And, Senator, I have often thought—I have a beautiful summer home out in the islands here, and I have often thought, as I sit there and watch with delight beyond all words the sunset, and the deep, long lines of purple cloud edged with intolerable radiance and reflected below in light purple colors upon the sea, and the dying of it all away—then I have thought and often think of those lines of Shakespeare, and, often-quoted as they are, the poet would have us in touch with the sunset, and the sunset the way the poet meant it by these lines: 'We are such stuff as dreams are made of, and our little life is rounded with a sleep.'

"I know, Senator McCutcheon, you will go down in flying colors, but before that, we want you back here."

Senator Knoblauch:

"Mr. President and members of the Senate:

"I am only sorry that, being from Pierce county, I didn't have the privilege of being one of those who sponsored this resolution, because the Senator Extraordinary has been an idol of mine for a good many years. I had always hoped that I could base

my experience and ability in Olympia here along the lines of Senator John McCutcheon. No finer man has ever served Pierce county nor the state of Washington, and this is shown by the many, many years of service granted to him by the people whom he has served so well. How I wish I had the ability of John McCutcheon! I wish I had, Senator Extraordinary, your sharp wit and your ability on the floor as a debator. I wish I had your ability and your many years of experience of service to the people of your own community and to your district and to your state, and I want to assure you, Senator John, that this is not meant to be words of eulogy because we know that you have many, many years of public service ahead of you.

"In closing may I say that when I finish my term of public service, I hope that I will have earned the respect that everyone here in Olympia pays to that great man from Pierce county, Senator Extraordinary, John McCutcheon, today."

Senator McMillan:

"Mr. President and members of the Senate:

"I think that on occasions of this kind, after a long, frustrating period such as we have had in session here, it is most appropriate and it is greatly therapeutic to our nerves and makes us feel that service in the state Senate indeed has value.

"Now, when I returned to Olympia and service in the state Senate, after a long vacation, I came down here first in 1935. I was retired, but temporarily, happily, in the 1942 election, running again in 1958. One of the first pleasant experiences that was my privilege was greeting Senator McCutcheon.

"You know, I wondered how it was going to be here after such a long vacation. I remembered how it was in the old days when I was a much younger man and I wondered how I was going to fit in with those young fellows, those sharp politicians, fellows that have been up against the gun recently and I was somewhat of a retiree. I wondered: 'How are you going to get by down there?'

"But let me tell you, lady and gentlemen of the Senate, I was immediately put at ease by my good and valued friend, Senator McCutcheon. I wasn't long in feeling at home and that I belonged, and as time went on, I experienced a growing sense of fellowship with the membership of both sides of the aisle. Let me say my return to the Senate has been most rewarding and certainly it got off to a fine start from my valued friend, Senator McCutcheon."

Senator Moriarty, Jr.:

"Mr. President and members of the Senate:

"There are only one or two things that I would like to add to the compliments that are being directed toward our good friend from Pierce county. First, he is a fine man and a gentleman. Second, he is an outstanding Senator, and, third but not least, when he is on the other side, he is a fierce but noble adversary."

Senator Rasmussen:

"Mr. President:

"I, too, want to join with Senator Knoblauch. We younger members of the Pierce county delegation appreciate Senator McCutcheon's efforts, both in past sessions and during this session, and it is certainly with deep regret that we will sometimes cross swords and will cross swords again, but John and I have always managed to stay friends throughout the years. I think his service has been outstanding and I am sure that's the feeling of all of the members from Pierce county and we have so indicated."

Senator Morgan:

"Mr. President, Senator McCutcheon, gentlemen of the Senate:

"Speaking as the only woman in here, when I came into the Senate in 1961, it was pretty lonely and sometimes it is today, and never once have I been in the restaurant but what I felt free to go sit by Senator McCutcheon, because he regarded me, not as a woman, but as a Senator.

"I recall two years ago, the battle of the budget, when we had all become pretty overwrought. I left the committee room at about one in the morning, and I tore downstairs and I was going to cash in my chips and say, 'There's just no use.' And who was down there but Senator John. He said to me, 'You're a Senator. You go back up and fight, Senator Morgan.' I'll never forget that.

"Senator John, my mother loved you. She admired you. It has been a great pleasure for me to serve with you, Senator John McCutcheon."

The motion was carried and the resolution was adopted.

**PRESIDENT'S PRIVILEGE****The President:**

"The President at this time should like to request of the lovely and gracious daughter of Senator McCutcheon, Katherine McCutcheon, to please stand in order that the members of the Senate may properly recognize her. (Applause.)

"Senator McCutcheon, the Senate in its wisdom and keen judgment, has conferred upon you the title of Senator Extraordinary, which is, in all likelihood the first time in the history of the state of Washington that such a magnificent honor has been bestowed upon a member of the Senate.

"The members of the Senate and the President and the staff join in congratulating you and wishing you well in the years to come. The people present today would be delighted and honored to hear from you, Senator John McCutcheon."

**Senator McCutcheon:**

"Mr. President, Senator Riley, Senator Dixon, Senator Keefe, and to go right on down the line, Senator Raugust, Senator Lennart, Senator Cowen, Senator Rasmussen, Senator Morgan, Senator McMillan, Senator Knoblauch, Senator Moriarty, and everyone else:

"When I looked over here at that baldheaded man near the front row, I felt when I heard all these speeches that: Surely they're not talking about me. I thought maybe I was a little like the colored lady at her husband's funeral. You see, he really wasn't much of a man, and when she heard the speeches, she walked up to the casket to see if it was really him they were talking about.

"But I have always been, all my life, ambitious to be effective in public affairs, particularly in the affairs of my native state. I have tried for many offices, won some, lost many others, aspired far beyond my depth, and yet if I had gained every one of them, I wouldn't have been half as proud as I am standing here today before you people after hearing this. No man on this earth could feel or have a greater feeling of satisfaction.

"I am not deserving of this at all. I know this. And I am astounded that after all the pulling and hauling and all the screams—we all fight hard; we all forgive; some lose and some gain—things will come out.

"I walked out this morning among the trees and blossoms and looked up at that blue sky and those clouds, and I thought: Washington; oh, Washington, what a wonderful state we have here.

"We'll make our mistakes. We have economic prosperity, or will have. We will have our fights. We will have our government. It will always belong to the people.

"By the way, this was a great surprise to me, Mr. President, so I have a few notes here. You'll understand that I still have friends that tipped me off a little bit, but I didn't expect anything like this. There are many on this floor far more worthy than I for such an honor as this. We have all done our part. We all have our good sessions and we all have our bad sessions. We all do what we think we ought to do. That's all a man ever can do. I came down to this session and I wanted to upgrade the legislature. I've become very fond of this parliamentary body and have done my very best in that regard.

"I was thinking of all our weaknesses and all our good points. I was thinking in this session how you younger people—and I would mention a few—I see them on both sides of the aisle, but if I started mentioning names, I might overlook some—but I have read in the last two, three days when we have served on these conference committees, of these men working long and hard and with great capability. There are men on this floor who could easily be governor of the state of Washington and handle that job with a great deal of ability and dispatch.

"We all do our best that we can and we all do it with the brains that God has given us. I made a couple of moves this session that made me wonder whether I had any brains at all or not. If my votes on small matters on occasions have sometimes been a puzzle to my friends who have seen me on other occasions fighting like a bulldog, and then acting like I didn't know what was going on, I would remind you to remember that we are sometimes just guarding our rear, you know, for when we go back home. There is always the big battle coming up, and may I say at this time, I am seventy-three years old. I do not intend to retire at this time, but I am going to retire very, very soon. I hope to be back.

"I stood there a minute ago beside Bill Raugust and Ernie Lennart and I thought to myself, us three old grenadiers have been through the storm of fighting for our

health the last two or three years. Now of course I'll have to step out of the way, because soon or later—but, you know "Slim" can't live forever either, and you'll notice I used the term that his friends like to call him as a personal term of endearment.

"Now I could not leave this body with any hard feeling toward anybody at any time. When you enter the political battle you enter the battle of your life in this body. You divest yourself of all impediment so that you can gird your loins and you fight hard and you don't flinch and you don't foul, and you hit the line hard, as Teddy Roosevelt said.

"I'm very proud of my state. I'm proud of this body, and I'm proud of every one of you who have served here with me. A while ago I stood there for a moment and I had tears in my eyes. I'm ashamed, really. I've made so many mistakes. We all have. We have all done some good things and if I had anything to say, I want to encourage you younger men: Try and be courteous and considerate of each other at all times. Never give up your opinions if you think you are right, and don't be talked out of anything. I admire a good, strong adversary.

"With these few remarks—and I suppose I won't be back up here to make another speech like this, but I bid you an affectionate and warm good evening, and let's get back to work and get the work done and go home. Thank you."

The President:

"Senator Gerald Dixon, the President and all of the members of the Senate would be pleased to hear from you."

Senator Dixon:

"Mr. President and all of the members of the Senate:

"It is a great privilege to me to come up here today and say a few words. In the old days, I used to sit down there at the desk and say quite a few words, and I made a good record with the public of the state of Washington, a record wherein the last time I ran, nobody ran against me at all!

"I have known Senator McCutcheon, his wife and his daughter. They are lovely people, and, Senator McCutcheon, I wish you well, and to all the Senators I want to say that the public of the state of Washington are more aware today of what is going on in Olympia than they used to be twenty years ago. The newspapers are making a better spread of the news. What happens here is pretty well known to all of the electorate of the state of Washington.

"Now, to the younger men down here I say we need the young men because of their ideas and wars. It seems as though we are always fighting wars with somebody or something. But to the older men and women, we need counsel, and that is what you get from experience of the years as they go by.

"Now it has been a wonderful experience to me and has taken me back ten years just to come back here and be among the seats and the furniture and the place where I served for twenty-four years, and I have enjoyed every moment of it. I love you all, both sides of the aisle, and we need both parties, too. Don't forget that. God help us if we ever get into a one party system. We need both parties.

"Study what is going on. Keep up both parties. Listen to the voice of the public.

"Thank you very much."

The committee of honor escorted Senator McCutcheon to his seat.

The phrase "agencies headed by elective officials" used herein shall mean those executive offices or departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above named elected officials serve.

**NEW SECTION.** Sec. 4. In order to carry out the provisions of these appropriations and the state budget, the budget director, with the approval of the governor, may:

(1) Allot all or any portion of the funds herein appropriated, or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve available for subsequent allotment: *Provided*, That the budget director shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Agencies headed by elective officials; University of Washington; Washington State University; Central Washington State College; Eastern Washington State College; Western Washington State College; Washington State Apple Advertising Commission; Washington State Fruit Commission; Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of chapter 15.66 RCW; the legislative branch of state government including the legislative council, the legislative budget committee, the statute law committee, and any legislative interim committee; or the judicial branch of state government: *Provided, however*, That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved allotments or to incur a deficiency and any obligation so made shall be deemed invalid. Nothing in this section or in chapter 328, Laws of 1959 shall prevent revision of any allotment when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

(2) Issue rules and regulations to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

(3) Prescribe procedures and forms to carry out the above.

(4) Allot funds from appropriations in this act in advance of July 1, 1965, for the sole purpose of authorizing agencies to order goods, supplies or services for delivery after July 1, 1965. *Provided*, That no expenditures may be made from the appropriations contained in section 1 until after July 1, 1965.

**NEW SECTION.** Sec. 5. Except as otherwise provided in this act, any receipts from federal or other sources or from gifts or grants in excess of those estimated in the budget may be received and allotted by the governor but in the event that receipts shall be less than those estimated in the budget from any source the appropriation shall be limited to the amount actually received and allotments made as provided in section 4. Whenever possible, the receipt of federal or other funds which are not anticipated by the governor's budget or the legislature shall be used to support regular programs instead of using appropriated funds.

**NEW SECTION.** Sec. 6. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.

**NEW SECTION.** Sec. 7. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys, the budget director may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriations shall be necessary to effect such repayment.

**NEW SECTION.** Sec. 8. **NEW SECTION.** Sec. 10. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

**PARLIAMENTARY INQUIRY**

Senator Henry:

"Mr. President, point of parliamentary inquiry:

"Is it necessary to resolve ourselves into a Committee of the Whole to pass the budget bill?"

**REPLY BY THE PRESIDENT**

The President:

"The President thinks not, Senator. This matter is the adoption of a conference report, and cannot be amended or changed."

It was moved by Senator Foley that the report of the Free Conference Committee be adopted.

Debate ensued.

**POINTS OF INQUIRY**

Senator Washington:

"Mr. President, would Senator Foley yield to a question?

"Senator Foley, I have been asked to put this in the record for the purpose of future reference. It was the understanding that this appropriation relating to universities and colleges, was intended that the money for pay raises was to apply to the nonteaching staff as well as to the faculty at institutions of higher learning, is that correct?"

Senator Foley:

"That is my understanding, but the sum appropriated is a lump sum and the universities and colleges can dole it out in the manner that they best see fit."

Senator Washington:

"I understand that, but it was the intention that it could be used and should be used for both categories?"

Senator Foley:

"Certainly."

Senator Durkan:

"Mr. President, would Senator Foley yield to a question?"

"Senator Foley, as I understand it and I would like the record so to show, on page 13 of the appropriations bill under the Department of Institutions, Schools for the Blind and Schools for the Deaf, there is a lump sum appropriation in there which includes increases for salaries and teachers' salaries."

Senator Foley:

"Yes."

Senator Durkan:

"And that includes employees' salaries as well as teachers' salaries?"

Senator Foley:

"It does."

Further debate ensued:

Senator Moriarty, Jr.:

"Mr. President, I wonder if Senator Dore would yield:

"Senator Dore, in your remarks, I understood you to say as far as you knew there were no cuts from the budget level requested by Governor Rosellini?"

Senator Dore:

"To my knowledge and thinking about it there is one item I believe in the Rehabilitation Center which I think was cut \$8,000 below the request. Outside of that, I can't think of any. Oh, there is another one, too. The Department of Economic Development, Senator, I think there was a slight adjustment in that particular category."

Senator Moriarty, Jr.:

"One more question, Senator:

"How much money was the 'slight adjustment' in the Department of Economic Development?"

Senator Dore:

"In state funds, I think the final figure was around \$500,000."

Senator Riley:

"Mr. President, would Senator Foley yield to a question?"

"Senator Foley, could you give me an estimate of approximately how much more money is in this Engrossed Substitute Senate Bill No. 374 than was in the appropriation measure as we closed up the 1963 session? I think I am fairly close in my calculations that I have written down for my own information. This is \$160 million more than we appropriated two years ago, is that correct?"

Senator Foley:

"It is \$170 million more."

Senator Riley:

"Thank you. I am glad to have your more expert figure."

Debate ensued.

Senators Charette, Durkan and Kupka demanded the previous question and the demand was sustained.

The motion by Senator Foley that the report of the Free Conference Committee be adopted was carried.

MR. PRESIDENT:

Olympia, Wash., May 6, 1965.

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed Senate Bill No. 565, relating to the apportionment of funds for educational purposes, have had the same under consideration, and we recommend that Engrossed Senate Bill No. 565 be amended as follows:

That the House amendment by the Committee on Ways and Means on page 1 of the printed and engrossed bills be stricken.

On page 1, beginning on line 22 of the printed bill, being line 19 of the engrossed bill, strike everything down to and including the semicolon on line 24 of the printed bill, being line 21 of the engrossed bill, and insert

*"(1) Eighty-five percent of the amount of revenues which would be produced by the maximum levy permissible for any school district without a vote of the electors thereof during the school year 1965-1966 and during the portion of the school year 1966-1967 expiring December 31, 1966. For all school years and portions of school years thereafter, eighty-five percent of the amount of revenues which would be produced by a levy of fourteen mills on the assessed valuation of taxable property within the school district adjusted to twenty-five percent of true and fair value thereof as determined by the state tax commission's indicated county ratio."*

Renumber the remaining sections consecutively.

Debate ensued.

#### POINT OF INQUIRY

Senator Petrich:

"Mr. President, would Senator Charette yield to a question?"

Senator Charette:

"I will."

Senator Petrich:

"Senator, I notice in reading the report that there is a difference in dates between a school year and the annual period in which the assessments are made. Now, as I heard the report read, it appears to me that in the half school year commencing January 1, 1967, there possibly appears to be a situation wherein there is no provision made for the contribution by the state for the half school year, namely; January 1, 1967 to June, 1967."

Senator Charette:

"Senator Petrich, we worked this out with the representative from Superintendent Bruno's office and he assured the whole committee that there was a provision made as these payments are made monthly and they will be adjusted commencing January, 1967. The nineteen counties throughout the state that were affected by this bill because of their adverse position will have a revision as of January 1, 1967."

Senator Petrich:

"One further question, Senator:

"In view of the fact that there is a delay in the assessment and the levy of the taxes on the new assessed values, now, as I understand the provisions of the amendment as proposed by the Free Conference Committee, in the event the assessor was below the assessed value and then brought up his assessed value to the minimum requirements before January 1, 1967, would he then be entitled to receive the full benefits of the state contribution for school purposes even though the taxes which would be realized from the increased assessment would not come into the local school district until the succeeding year?"

Senator Charette:

"Senator Petrich, that is not my understanding of the bill. I think that most of us are familiar with the fact that the assessment rolls are made up in February and spread on the books each year to be collected at the beginning of the next year. This would force the assessor to take immediate action, in my opinion. If he is not active by January 1, 1967, it is going to be to the detriment of the schools in his county."

Senator Petrich:

"Senator, one further question:

"Perhaps my view may differ from yours, but the assessed valuations as of January 1 of this year do not affect our tax statements as of this year and as I understand it there is going to be a one year lapse between the time when the assessor catches up the assessed valuation and the time when the taxes are going to be realized against the assessment. If I am incorrect, please correct me."

Senator Charette:

"I think the assumption is correct, Senator Petrich, and it will then require the assessor to take immediate action because the taxes will take eighteen months to get these increased assessments on the rolls and the statements out to the taxpayers. If he doesn't take immediate action, then his school district is going to be punished for a year at the least."

Debate ensued.

## POINT OF INQUIRY

Senator Riley:

"Mr. President, would Senator Charette yield to a question?"

"Senator Charette, my question is simply this: With this delay in the effective date, with which I subscribe, will we then have, when we return in January, 1967, an opportunity to review at least the assessors' assessment levels for a period of one year so that in 1967 we will be in a better position to determine whether or not the formula is at the right level or whether it should be corrected or should be changed?"

Senator Charette:

"Yes."

The motion was carried and the report of the Free Conference Committee was adopted.

## ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 565, as amended by the Free Conference Committee and the bill passed the Senate by the following vote: Yeas, 36; nays, 10; absent or not voting, 1; excused, 2.

MR. PRESIDENT:

RICHARD "DICK" KING  
MRS. JOHN W. (KATHERYN) EPTON

It was moved by Senator McCormack that the report of the Free Conference Committee be adopted.

Debate ensued.

**POINT OF INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, would Senator McCormack yield to a question?"

Senator McCormack:

"Yes."

Senator Moriarty, Jr.:

"Senator, I read the Conference Committee report hastily and I noticed a \$27 million figure which I assume is the total of the \$16½ million bond issue and approximately the \$11 million Senate Joint Resolution No. 22 money. My question is whether the bond issue will go on the ballot as a \$27 million bond issue, or a \$16½ million bond issue?"

Senator McCormack:

"It will go on the ballot as a \$16½ million bond issue, but the \$27 million figure is authorization for that much construction based upon the bond issue and Senate Joint Resolution No. 22."

The President called upon Senator Gissberg to preside.

The motion was carried and the report of the Free Conference Committee was adopted.

**ROLL CALL**

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 40, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 46; nays, 0; absent or not voting, 1; excused, 2.

It was moved by Senator Washington that the Senate do concur in the House amendments to Engrossed Substitute Senate Bill No. 438.

Debate ensued.

#### POINTS OF INQUIRY

Senator Riley:

"Senator Washington, would you yield to a question?"

Senator Washington:

"I yield."

Senator Riley:

"Senator Washington, you have made reference to the additions made by the House Committee on Highways to Substitute Senate Bill No. 438, and I have looked the additions over and I have no criticism of them. Did the House delete anything from Substitute Senate Bill No. 438?"

Senator Washington:

"There was a change. The Senate provided for 150 days for the highway commissioners and 180 days for the chairman. The House reduced that to 120 days for the commissioners and 150 days for the chairman. Other than that, I know of no substantial change. Nothing we had in was stricken out."

Senator Riley:

"Mr. President, one further question:

"Did they damage my strong efforts to take care of south King county?"

Senator Washington:

"No, I would say that your sterling efforts remained intact."

Senator Guess:

"Mr. President, would Senator Washington yield?"

"Senator, on page 1, actually the second page of the amendment, in section 62, it says that dune buggies shall not be leased unless they have been inspected by the state commission on equipment. Is there such a commission?"

Senator Washington:

"Yes, there is such a commission. Lieutenant DeWitt Whitman is chairman of the Washington State commission on equipment. He also is with the interstate commission."

Senator Guess:

"Is there such a location where these buggies happen to be or do the inspectors go out where they are stored?"

Senator Washington:

"I think they would have to set up some regulations in order to take care of inspections. As I recall, this is an amendment by Senator Charette we added in the Senate to House Bill No. 713. I think this is one amendment where the language could possibly be improved, but I don't think it's going to cause enough problems to warrant not approving all of the amendments."

Senator Raugust:

"Will Senator Washington yield?"

"Senator Washington, on page 12, subsection (7) of the amendment, is this an extension or a study of an extension on the Eatonville highway to Elbe?"

Senator Washington:

"That is a study. It was also put on House Bill No. 713 when it was in the Senate."

Senator Freise:

"Mr. President, would Senator Washington yield?"

"Page 27, section 39, line 9 of the printed and engrossed bills, following "limit" and before the semicolon insert ": Provided, That when in the opinion of the highway commission a hardship would result, this limitation may be exceeded upon approval of the commission." To what limitation are they referring that may be exceeded?"

Senator Washington:

"On this permit for moving—now we did strike a matter in connection with the railroads and so on. That has not be reinstated. That was stricken out of House Bill No. 713, but it was a part of Engrossed Substitute Senate Bill No. 438, so that is back to the Senate intact. That doesn't involve a House amendment."

Senator Freise:

"Then Substitute Senate Bill No. 438 is the engrossed bill?"

Senator Washington:

"That we passed, yes."

Senator Freise:

"So that matter in connection with the railroads is now back in the bill?"

Senator Washington:

"Yes, that's right, and there is no amendment involved, so that isn't before us at the present time."

Senator Petrich:

"Would Senator Washington yield?"

"Senator Washington, with reference again going back to page 46 of the printed bill, the substitute bill, and the references to the various sections and the emergency clause, what is now section 66 of the printed bill as amended by the House, do you know what the section number is now because of the various sections that were added and deleted?"

Senator Washington:

"No, I'm sorry, I don't have it. We have the amendment to the title. I wonder if we could be at ease?"

**MOTION**

On motion of Senator Petrich, Engrossed Substitute Senate Bill No. 438 and the House amendments thereto was made a special order of business for 10:20 p. m.

**FIRST READING OF HOUSE RESOLUTION**

The following was read first time by title and acted upon as indicated:

**House Concurrent Resolution No. 38**, by Representatives Klein, Burtch and Copeland:

Providing for a Constitutional advisory council.

On motion of Senator Durkan, the rules were suspended, House Concurrent Resolution No. 38 was advanced to second reading and read the second time in full.

On motion of Senator Durkan, the rules were suspended, House Concurrent Resolution No. 38 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

**POINTS OF INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, would Senator Durkan yield?"

"Senator Durkan, as you know we are all for this resolution. However, some question has come up among some of the Senators as to who the membership of this advisory council must be insofar as members of the legislature are concerned. Are they limited to members of the legislative council or may they be any other person?"

Senator Durkan:

"Mr. President, it is my understanding by reading the resolution that the selection can be made without the council."

Debate ensued.

Senator McCormack:

"Mr. President, would Senator Durkan yield?"

"Senator Durkan; I noticed on line 17 and 18 of the second page under items 2(a) it says the following: 'Examine and analyze the Washington Constitution and its operation.'"

"Now, as I understand it, there is no provision in the Constitution or the statutes for any detailed mechanics for holding a constitutional convention, and I wonder if this subject matter would also be a subject for study by this committee?"

Senator Durkan:

"The answer is definitely yes. The subcommittee, as I understand it, is going to consider not only the Constitution but the mechanism for calling a constitutional convention and setting it up."

Further debate ensued.

**ROLL CALL**

Senator Moriarty, Jr.:

"Mr. President, would Senator McCormack yield to a question?

"Senator McCormack, is Hanford in your district?"

Senator McCormack:

"Mr. President, Hanford is in my district at the present time. However, due to the redistricting bill over which I had no control, I will be a neighbor to the Hanford district, whenever the redistricting goes into effect."

**SENATE RESOLUTION**  
No. 1965 EX -40

By Senators Greive, Freise, Atwood, Rasmussen, McCormack, Morgan, Gallagher, Kupka, Mardesich, Petrich, Cowen, Woodall, Guess, Dore, Knoblauch, Neill, Moriarty, Jr., Lewis, Redmon, Durkan, Bailey, Ryder, Foley, McMillan, McCutcheon:

WHEREAS, During the years in which Senator Raugust has served the Legislature he has earned the respect and admiration of all those who served with him; and

WHEREAS, His many accomplishments in the business world have brought Senator Raugust great fame throughout the Northwest; and

WHEREAS, Senator Raugust, as Mayor of Odessa, School Board member, Sunday School Superintendent and Commander of the American Legion, inspired all who came into contact with him to have pride in their association with him in civic affairs and Senator Raugust instilled in these people his own philosophy that to be successful one must always be trying; and

WHEREAS, As a world traveler and learned historian, Senator Raugust has been able to spread throughout the country good will to people of foreign nations, reflecting credit not only on himself but also on the United States and the state of Washington; and

WHEREAS, We the members of the Senate will dearly miss our good friend, Bill Raugust, when he departs from the Senate and we wish to thank him for his capable guidance in the past and assure him that we will remain devoted to the courageous principles which he has established during these past years,

Now, Therefore, *Be It Resolved*, That the members of the Senate do hereby extend best wishes to Senator Raugust at the time of his announced termination of Senate service; and

*Be It Further Resolved*, That the Secretary of the Senate be and he is hereby instructed to send a copy of this Resolution to Senator Raugust and his family at Odessa, Washington.

It was moved by Senator Knoblauch that the resolution be adopted.

**PERSONAL PRIVILEGE**

Senator Knoblauch:

"Mr. President and members of the Senate:

"One of the things I have always found hard to do is to say goodbye to a good friend. Even though this is a sad occasion tonight, it is also a happy one. Isn't it wonderful that one of our good citizens of the state has devoted more than twenty years of his life to public service. You know, sometimes you read in the papers and you hear over the press things said about politicians. Well, let me say that the image given politics by Senator Raugust has been a credit to democracy in these United States.

"I had the privilege of serving with Senator Raugust in the House and now for many years I have served with him in the Senate. Because of the redistricting, he now has terminated his public service life. Sad, yes, but also happy, because now he is going to have the time to devote many hours to his wonderful grandchildren.

"I suppose, Senator Raugust, that you probably in your time in the House and Senate have been able to bring to your district some very fine roads. You have been able to say that you assisted in the construction of several schools in your district, and also when you drive around your area, you will be able to say to yourself, 'Well, I had the privilege of helping to bring some of these things to my district.'

"Senator, you have made a lot of wonderful friends. We might be Democrats on this side and Republicans on the other. But I think all of us have a deep respect

for each other and I can assure you that each member of this Senate has an extremely high regard and affection for you and your many years of friendly service.

"Now that we have almost finished the sessions of the Rules Committee—I know we are not supposed to tell any secrets out of the Rules Committee, but Senator Raugust can go down in history as a builder of good roads for Washington State. I sit by him in the Rules Committee, and time after time he has said out loud: 'Well, this isn't my bill and I don't know, but it's good for the roads of Washington State and Senator Washington wants this to come out to the floor of the Senate,' and Senator Raugust has been a fighter in Rules Committee in behalf of good roads. I think one of the finest tributes that we can pay you, Senator Raugust, is to say to you: 'Well done, thou good and faithful servant.' "

#### Senator Greive:

"Mr. President, Lady and Gentlemen of the Senate:

"There is a little saying that I have had virtually all my life and it very well applies to Senator Raugust: 'Firmness is that admirable quality in ourselves and a detestable quality in others.'

"Senator Raugust is one the firmest men I know. When you are with him, it's great. When you are against him, it's hell. That's why he sits between Senator Knoblauch and myself in Rules. It takes two of us to watch him.

"Senator Raugust, seriously, is a man of principle and a man of dedication. In his departing this body, I can remember a few issues when he and I fought side by side. I can remember the timber bill laws. I can remember a vote tax Julia wanted and didn't get. I can remember saving Sunday for the family, which we lost. The thing I can remember most about my service with Senator Raugust was 1957 when we were working on another redistricting bill. The only regret I have is that I was author of the bill that eliminated his district this time. But I'd like to say this: We know Senator Raugust isn't stupid, and I have noted there is a little district still left. There is 'A' and 'B' district and it doesn't have a House member anymore. The House member is going to be director of agriculture. I'll bet anybody, including Senator Raugust, that he is going to come back as a House member next session."

#### Senator Washington:

"Mr. President and members of the Senate:

"Now, like some of you perhaps feel here in the Senate, that you are saying goodbye to Senator Raugust. I'm not because I feel sure we are both going to continue to serve for two years on the Joint Committee on Highways, and I'm going to welcome working with him as I have in the past.

"Now, I can speak of Senator Raugust as a neighbor. Our districts join each other. Senator Raugust not only is a businessman and active in civic duties and affairs in his own counties, but he has also been a business man in Moses Lake in my own county, so I know him not only here in the Senate, but I know him well between sessions, and he has that same reputation there in his home community and in my county that he has here: A man of real integrity, a man of real dedication and a hard worker and a true friend.

"I do want to again touch on the subject of highways because certainly that is the field in which he is best known. He was a member of the first Joint Committee on Highways. I first met him in 1949 when we both served on the Highway Committee in the House. He came over to the Senate and I know Senator Raugust in a way has had to endure a few jibes from members on the west side, but many times Senator Raugust and I have talked—we both had an area in the Columbia Basin. We needed help from every part of the state, and when we needed help from every part of the state, you gave it to us, and both of us, since then, I think, have had a statewide point of view. I know Senator Raugust has. He fought for the cross-sound bridge many, many miles away from his own district. People in his own district couldn't understand why, he a person from the wheat area, why he would try to do something that far away, something that was going to cost a lot of money. He has voted for the gasoline tax, he has supported and worked for continuing the freeway in this area, and again he points out that if you want to travel from Seattle to Spokane, you've got to travel through his county. Those roads that he worked so hard for, as he again points out, many more of the cars, if you look at them, the license plates on the roads going through Lincoln and Adams counties in Senator Raugust's district, will have license plates, they will have a 'C' or a 'B,' because the counties wherein he lives are rather sparsely

settled and many, many times a number of people from your areas in the west are enjoying these highways and they've got to go through his area if they want to go through the state.

"He has had a truly state-wide point of view. He has worked for the betterment of the state. He was lucky, maybe, from the highway point of view that he was from the center of the state and they had to go through his district.

"Senator Raugust, I also want to echo the statement made by Senator Greive. There is a little 'A' and 'B' district, and if I know you, come about two years from now, and I have watched your health improve; I have had concern for you in the past sometimes; you do let your temper get a little the better of you; sometimes I have to tell you to calm down and take it easy, but I know come two years from now your health is going to be even better and you are going to be running for election, and if I am lucky enough to be back here, I think we can toss some highway bills back and forth between the House and Senate again.

"I know the other members of the Senate join me in saying goodbye to you here, but looking forward to seeing you under the Capitol dome again."

Senator Neill:

"Mr. President, members of the Senate:

"Bill, we both know that it was neither your wish nor my wish that cast the lot that put you and I in the same district. We had some overpowering forces that followed this sort of an arrangement. Everything that's in this resolution about you, Bill, you deserve. These words being spoken about you here tonight you deserve, but they are premature. He still has a couple of years left in this term of office. He is still a member of the Senate, and it might well be we will be back here serving together before this time is out.

"Also, as has been expressed here, knowing Bill Raugust and his desire for public service, when that old fire bell rings at election time, I think we are going to find Bill right on the starting line; and, so Bill, we might miss you in the Senate, through no fault of yours or mine or anybody else's here particularly, but it isn't very far across the hall, so we will look forward to seeing you again."

Senator Cowen:

"Mr. President, Senator Bill:

"My speech will be very short. We all love you for your integrity, your honesty and your principles. I've known you longer, Bill, than any man in the Senate and served with you longer than any man here. We're all going to miss you, especially we are going to miss you in the Rules Committee."

The motion was carried and the resolution was adopted.

#### PRESIDENT'S PRIVILEGE

The President:

"Senator Raugust, the members of the Senate, the ladies and gentlemen present here, the members of the Secretary's staff and the President want to join in congratulating you upon this fine honor and, Bill, I would like to say that I am very proud to be the Lieutenant Governor, and one of the main reasons for that pride is because it gives me the privilege of working with a man of your character, your ability and your integrity, your honesty, and your all-around being a good fellow. Congratulations, Bill. Won't you speak to us?"

Senator Raugust:

"Mr. President, members of the Senate:

"The hour is late and I do not want to take much time. First, I want to say a million thanks for all the kind words that were spoken here. There are no hard feelings. Probably one of the greatest enjoyments of my life—and I have had many experiences—has been this experience of serving in the legislature, both in the House and the Senate. Many of the Senators that are here were with me in the House. Senator Riley recalled an incident to me when Senator McCutcheon and I were on the opposite side and defeated the plumbing bill for Ed Riley. That's quite a few years ago.

"But I do want to say this to you: I want to take just a few minutes to say I appreciate the words that were spoken and the resolution. A few years ago I was in New York, going back the Communist countries to see how they were operating—I and Dave

Hoefel whom some of you remember. He was also born in Russia, and just for clarification, my father's parents were Hollanders and my mother's parents were German. There is no Russian in me or Mr. Hoefel. We were at the old fort in New York down in the lower part of the town and in the background was Ellis Island and there was the Statue of Liberty. As they have discussed, I think adopted sons in fact probably appreciate more the fact they had the opportunity to come here and live and were adopted and had all the privileges than are the people in this country, who were born here and do not realize what might have happened to them if they had to stay where they were born. I have always thanked my Creator for that.

"Ellis Island at the time—it will be just sixty-six years this week that I landed at Ellis Island. I can just remember what happened. They took all our clothes off. They were fumigated. We went through a fumigator and people went through a big hall and they had four showers on and they washed them off and you came out the other side and got your clothes and put them on as they were fumigated.

"As I take these pictures and review them and I see Ellis Island and I see the opportunity that I had to participate in many things that has been by privilege to participate in, and to work with the many organizations that I have been with and I am with now, I can never be thankful enough. But a man of old says, there is a time for a man to be born and a time for a man to die. There is a time. God has put everything on time. Your sun rises on a certain time and it sets and the planets operate on a certain time. You accomplish things in time. When you start, you never know just when the time is going to be, but time is of the essence in what you are doing and so as the time comes when I came to this legislature, I never thought that I would serve twenty-four years. God willing that He will give me two more years and, it may be a little embarrassing—I didn't ask for this—but if we should have a special session, I'll be back if I am alive. But I have mentioned to you before, this has been one of the greatest opportunities.

"You have mentioned my travels. I am very thankful I have had the opportunity to travel. I might mention a few things that have happened. One of the most interesting things in my life—I am probably one of the few that has had tea and champagne with the Prince of Cambodia. At the time, we knew that we were losing. I want to say this to you, those of you who travel know that I am reminded of the American people. I remember a ball game, St. Louis was playing with the Boston Red Sox, and every time Williams came up to bat, the boo was so bad that he just got one little grounder and that's about all he could do. But because he was an outstanding man and because the United States was so far ahead and so much greater a country than any other one, he was not liked too well. Now, to you young people serving here, you have many years to serve and when I served here about the second session, I thought we were going to cure all the ills and we would settle all the problems. We are facing many problems and the interesting thing to me that happened is, my granddaughter was married to an engineer that is working on the moon project at New Orleans and I spent a day with them going through the project. They explained to me how man is going to the moon and how they will take them over there. But an interesting thing, he gave me one of his books and I found out that of the twenty outstanding people in our air-space program, nine of them are Germans who are, most of them, graduates of the University of Dörmstock, or the University of Berlin and they served under Hitler, in his guided missile program, which goes to show me that we cannot let down, that we have problems ahead of us and I think when we look at the world today, there is one job I would not want if I could have it, and that is President Johnson's job. It's a great job and creates great men.

"In conclusion, I want to say this to you, just as a warning: You are going to be where I am now. The time is going to come when you will stand here and you will probably say goodbye, if you have the opportunity. During World War I, I went to school for a while in the Navy at Harvard University and the rules were if you make an examination on Friday, you were at liberty on Saturday and Sunday, and going down to old North Church, I wandered down to a cemetery and there is a little book about this cemetery. It is supposed to be all of the descendants of the Pilgrims. The British, during the Revolutionary War, used the tombstones for shelters. And here is what I want to leave with you: It said on one of the tombstones—and I think it applies to young men and being where I am now—'Stop here my friends and cast an eye. Where thou art now, there once was I. Where I am now, you, too, must be. Prepare, oh friend, to follow me.'

"A young man came along and said he was from Harvard and said: 'To follow you, I'm not content, unless I know which way you went.' So take care, boys, in what you are doing.

"The Russians would say: 'Korosha'. You were very fine to me. In German: 'Got mit eich'. 'Auf Wiedersehen.' God be with you until we see you again."

The President:

"Thank you very much, Senator Raugust, for those most thrilling and heart warming remarks. I am certain the members of the Senate join with the President and everyone else in wishing you the very best of everything in the years to come."

The committee of honor escorted Senator Raugust to his seat.

#### PARLIAMENTARY INQUIRY

Senator Mardesich:

"Mr. President, point of parliamentary inquiry:

"Does the President intend to call a meeting of the Committee on Rules and Joint Rules tonight?"

#### REPLY BY THE PRESIDENT

The President:

"Not tonight, Senator."

Senator Mardesich:

"Mr. President, there is an extremely important bill—at least one which I feel is extremely important—in the Committee on Rules and Joint Rules. That's the one cent gas tax, which I feel is extremely important to the people of King, Snohomish and Pierce counties in particular. I realize we have worked a long day already, but I have also talked to a number of people who told me that they planned to leave tonight and do not intend to attend the session tomorrow. I wonder if the President, recognizing that might not consider his failure to call a meeting of the Committee on Rules and Joint Rules at this time might result in the death of that measure and the death of \$20 million worth of projects in King county, the death of \$10 million worth of projects for Pierce county, the death of something short of \$7 million in projects for the people in Snohomish county, for roads which are extremely important to all of those people, I am sure. I wonder if the President might not feel compelled, in view of the fact it might kill the bill, to consider calling a Rules Committee meeting tonight."

Senator Greive:

"Mr. President, answering Senator Mardesich, I do not believe that there are going to be many people absent who would make much difference. It is my understanding, as far as I know, there is only going to be one member who will not be here tomorrow that is here now, perhaps two. We do intend to come back at 10:30 a. m. in order to have a chance to call that meeting, and have a vote before some of the members have to leave, because I have been informed that many are going to stay around until noon."

Senator Morgan:

"Mr. President and gentlemen of the Senate:

"I know the hour is late, but it means a great deal to Kitsap county and we certainly need the help."

#### MOTION

"In the brooding silence of this still moment of prayer, Great God, we would wait for Thy presence to be felt. Grant us an inner greatness of spirit, a clearness of vision, a Godly gumption to meet and match the large designs of these demanding days.

"Stir up the whole body of the people to an active and creative participation in the affairs of State. We are so prone to let 'George' do it, and then complain about the way he does it.

"Now, we have faithfully done the work which was given us to do, in quietness and in confidence, we leave the result to Thy unerring judgment. What we have written, we have written, may our mistakes and failures, if any, be left in Thy merciful hands, our all-wise and benevolent God and Father. Amen."

"Mr. President, point of personal privilege:

"Last night about 1:30 in the morning I ran out of gas. I just got tired and went in and lay down in the majority caucus room and went sound asleep. As I was coming out of a very pleasant dream, I heard some eulogistic remarks being made about my friend, Senator Bill Raugust. I was embarrassed because I wasn't here. I didn't have my shoes on and I couldn't get them on fast enough, Senator Raugust, to come out and join with what the others said about you, and I do so now, and I don't want you to feel that I went home. I was waiting up for the last, but I didn't expect it to come at that moment, so I am here to join with all the rest in my very best wishes to you and I hope you will be back next session."

Senator Raugust:

"Mr. President and members of the Senate:

"I didn't want to speak this morning, but I do want to say this for my friend, Senator McCutcheon: He will always be in my memory so long as I live and regardless of which side of the aisle you are on, when you travel through my town, stop in. The coffee will always be on me, and you are a swell bunch of men and I'll never forget you."

On page 2, section 1, line 33 after "projects" and before "All" on page 3, line 1, strike "*which will relieve acute traffic congestion areas.*" and insert: "*during the four year period commencing July 1, 1965 and ending June 30, 1969 as follows:*"

*Thereafter the tax collected under this subdivision (2) shall be expended for such projects as may be designated by the legislature. The projects herein enumerated or hereafter designated, and the expenditure of funds therefor, shall in no manner affect the carrying out by the state highway commission and the department of highways of the projects proposed and scheduled in and by the "Highway commission biennial budget for highway construction, location and right-of-way acquisition" as presented to the 1965 legislature by the state highway commission and the department of highways."*

Debate ensued.

It was moved by Senator Woodall that the following amendment to the amendment by Senator Mardesich be adopted:

On page 5, following section 4, add a new section 5 as follows:

"NEW SECTION. Sec. 5. All laws relating to bill boards shall not apply to highways built with these funds."

Renumber the remaining section , "Sec. 6."

Debate ensued.

On motion of Senator Ryder, the amendment to the amendment was laid upon the table.

Senators Ryder, Peterson (Ted) and Sandison demanded the previous question and the demand was sustained on a rising vote.

#### POINT OF ORDER

Senator Greive:

"Mr. President, point of order:

"I would like to raise the point of order that this particular amendment is in direct violation of the eleventh amendment to the State Constitution in that it requires an appropriation for four years, rather than two."

Senator Gissberg:

"Mr. President, I would just like to state that while I dislike having to disagree with our majority floor leader, he is not stating the fact correctly. This is a two-year appropriation, only. It has a four-year allocation of projects. There is no four-year appropriation whatsoever in this bill. There is another amendment pending which takes care of the appropriation on a two-year basis. This is a four-year allocation of projects, and if you will read the first page of the amendment that is now being considered, it will be clear to the President that we are talking about only a two-year appropriation, but a four-year allocation of projects."

Senator Moriarty, Jr.:

"Mr. President, I would like to concur with the remarks of Senator Gissberg and also remind the President that if it were impossible to schedule matters beyond the end of the biennium, we could not have the priority programing Senator Washington has been talking about."

#### RULING BY THE PRESIDENT

The President:

"The President's ruling on the point of order as raised by Senator Greive:

"Amendment 11 to Article VIII, Section 4, of the Washington State Constitution provides in essence that the legislature shall make appropriations for payments to be made within one calendar month after the end of the next ensuing fiscal biennium. Therefore, this amendment restricts the appropriation of moneys so that the expenditures based on the appropriation may be advanced only within a twenty-five-month period.

"The amendment as proposed by Senator Mardesich does not appropriate money in any way, but merely sets up an allocation schedule for the highway projects. The President is advised that another amendment will be proposed which does appropriate funds in connection with this same issue and that the appropriation is for a two-year period.

"The point of order, therefore, is not well taken."

**MOTION**

On motion of Senator Moriarty, Jr., the rules were suspended and Senator Atwood was excused from under the Call of the Senate.

The President stated the question before the Senate to be the adoption of the amendment by Senator Mardesich.

Senator Washington demanded a roll call and the demand was sustained by Senators Greive, Donohue, Peterson (Lowell), Talley, Guess, Chytil, Moriarty, Jr., and Lewis.

**ROLL CALL**

The Secretary called the roll, and the amendment by Senator Mardesich was adopted by the following vote: Yeas, 24; nays, 18; excused, 7.

Those voting yea were: Senators Bailey, Charette, Connor, Dore, Durkan, England, Foley, Gallagher, Gissberg, Hallauer, Henry, Knoblauch, Kupka, Lewis, Mardesich, Morgan, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Rasmussen, Riley, Ryder, Sandison, Williams—24.

Those voting nay were: Senators Chytil, Cooney, Cowen, Donohue, Greive, Guess, Hanna, Herr, Herrmann, Keefe, McCutcheon, Neill, Petrich, Raugust, Redmon, Talley, Washington, Woodall—18.

Excused: Senators Atwood, Freise, Lennart, McCormack, McMillan, Stender, Thompson, Jr.—7.

It was moved by Senator Mardesich that the following amendment be adopted:

On page 5, section 4, line 3 after "and" and before the period on line 5, strike "*shall be expended for location, right-of-way acquisition and construction of state highway projects which will relieve acute traffic congestion areas*" and insert "*during the four year period commencing July 1, 1965 and ending June 30, 1969 shall be expended for the location, right-of-way acquisition and construction of the state highway projects enumerated in subdivision (2) of section 1 of this 1965 amendatory act, and thereafter for such projects as may be designated by the legislature*".

Debate ensued.

**POINT OF ORDER**

Senator Guess:

"Point of order, Mr. President:

"This amendment very clearly states that this will cover a four-year period, beginning July 1, 1965 and ending June 30, 1969, that this amount shall be expended for location, right-of-way acquisition and construction of state highway projects enumerated in subdivision (2). This, by its own language, is very clearly in violation of the Eleventh Amendment."

Senator Mardesich:

"Mr. President, the only point I'd like to make is that it will be allocated. However, the appropriation in the bill is limited to a two-year period and in the amendment that will be offered it is limited to a two-year period."

Senator Gallagher:

"Mr. President, a further clarification:

"I think the Senator has raised the point that the acquisition of right-of-way is provided for. This provides for a notice to property owners. It does not necessarily mean that funds will be appropriated. There is no intention of spending over a four-year period. Now, if I may, we had the same thing happen in the district in which I reside where the Highway Commission acquired rights-of-way up to the point of 70th N.E. and then decided to discontinue. Later on through hardship cases I think they did enter into letters of intent. At least it gave those property owners which were in line of the freeway some manner of relief as far as mental relief so this is not necessarily the expenditure of funds."

Senator Hallauer:

"Mr. President:

"I believe the point of order by Senator Guess is not well taken. A parallel case is the ten-year plan that the Highway Commission, itself, projects which calls for the expenditure of money over a ten-year period. This is merely a suggestion of expenditures over a four-year period. It is not illegal."

Senator Mardesich:

"If there be no objections from the Senate, I have no objection to changing the word 'expended' to 'allocated'."

There being no objection, the correction was made upon the amendment. Debate ensued.

Senators Gallagher, Gissberg and Peterson (Lowell) demanded the previous question and the demand was sustained.

It was moved by Senator Guess that the rules be suspended to permit Senator Washington to speak upon the amendment.

The motion was lost on a rising vote.

Senator Washington demanded a roll call and the demand was sustained by Senators Raugust, Talley, Guess, Redmon, Chytil, Woodall, Hanna and Greive.

#### ROLL CALL

The Secretary called the roll, and the amendment by Senator Mardesich was adopted by the following vote: Yeas, 26; nays, 16; excused, 7.

Those voting yea were: Senators Bailey, Charette, Connor, Dore, Durkan, England, Foley, Gallagher, Gissberg, Hallauer, Henry, Herr, Knoblauch, Kupka, Lewis, Mardesich, Morgan, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Riley, Ryder, Sandison, Williams—26.

Those voting nay were: Senators Chytil, Cooney, Cowen, Donohue, Greive, Guess, Hanna, Herrmann, Keefe, McCutcheon, Neill, Raugust, Redmon, Talley, Washington, Woodall—16.

Excused: Senators Atwood, Freise, Lennart, McCormack, McMillan, Stender, Thompson, Jr.—7.

The Secretary read the committee amendment to page 2, section 1, line 32.

#### POINT OF ORDER

Senator Henry:

"Mr. President, as I recall the first amendment by Senator Mardesich which was adopted struck that portion referring to congested areas, isn't that correct?"

Senator Washington:

"Mr. President, I wished to offer the Senate committee amendments because this one does provide that the funds will be spent in accordance with the priority program. If we adopt this amendment, I would hope that we might be able to clarify the amendment by Senator Mardesich."

The President declared the Senate to be at ease.

The President called the Senate to order.

On motion of Senator Moriarty, Jr., the committee amendments were laid upon the table.

It was moved by Senator Washington that the following amendment be adopted:

On page 5, line 12, add two new sections to read as follows:

"NEW SECTION. Sec. 6. There is hereby appropriated from the motor vehicle fund to the Washington state highway commission for the biennium ending June

30, 1967 the sum of twenty-one million seven hundred eighty-seven thousand dollars for location, rights-of-way acquisition and construction of state highway projects.

"NEW SECTION. Sec. 7. There is hereby appropriated from the motor vehicle fund to the department of motor vehicles for the biennium ending June 30, 1967 the sum of forty-eight thousand dollars for the collection of liquid fuel taxes."

#### POINT OF INQUIRY

Senator Gallagher:

"Mr. President, would Senator Washington yield to a question?"

"Senator Washington, is there any question in your mind as to the constitutionality of this appropriation within the bill? Is there some possibility that we might be placing ourselves in double jeopardy on the basis of recent Supreme Court rulings?"

Senator Washington:

"Mr. President:

"I believe there is still a serious question in the entire bill whether you call it 'expended' or 'allocated.' We have, in effect, contemplated the appropriation of funds for a four-year period, but in order to carry out even the first two years, I think, it would be advisable to have an amendment to perhaps place a little holy water on the bill."

Senator Gallagher:

"Well, I'm not so concerned about holy water as I am about hell water which you might possibly be pouring upon the bill, and I think if the measure passes, I am sure there are sufficient funds within the Governor's emergency funds to provide the necessary few dollars to carry out the purpose and intent of this act."

Senator Washington:

"I might say if there is any objection, I would be very happy to recall the amendment because I feel it is perhaps helping a bill that I am no longer in favor of, so with the permission of Senator Mardesich and Senator Gallagher, I will withdraw the amendment."

There being no objection, the amendment was withdrawn.

It was moved by Senator Guess that the following amendment be adopted:

On page 5, line 12, add a new section as follows:

"NEW SECTION. Sec. —. Sections 47.01.010 through 47.01.190, chapter 13, Laws of 1961 and RCW 47.01.010 through 47.01.190; sections 47.01.210 and 47.01.220, chapter 13, Laws of 1961 and RCW 47.01.210 and RCW 47.01.220 are hereby repealed."

Debate ensued.

On motion of Senator Riley, the amendment was laid upon the table.

The President declared the Senate to be at ease.

The President called the Senate to order.

#### MOTIONS

On motion of Senator Moriarty, Jr., the rules were suspended and Senators Guess and Raugust were excused from under the Call of the Senate.

On motion of Senator Gallagher, the rules were suspended, Substitute House Bill No. 655, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator Petrich:

"Mr. President, I would like to ask Senator Mardesich to yield to a question:

"Senator Mardesich, in considering the bill as presently amended, setting up the various allocations for projects throughout the state, I am concerned with one matter. I am now referring to the highway construction program for the 1965-67 biennium prepared by the Washington State Highway Commission which sets forth various

projects throughout the biennium. Particularly referring to Project No. 313, Tacoma Nalley Valley viaduct to Sprague Avenue, total amount, \$2,156,587 allocated. In referring to the bill as amended, on page five of your amendment that same project is listed at only \$100,000. Is it the intention of this bill as amended to cut down the allocation of that particular project in Pierce county from the \$2-million plus figure to \$100,000?"

Senator Mardesich:

"Mr. President and Lady and Gentlemen of the Senate:

"If you will look at the last page of the large amendment as offered, you will note that it says the projects herein enumerated or hereafter designated and the expenditure of funds therefor shall in no manner affect the carrying out by the state highway commission and the department of highways of the projects proposed and scheduled in and by the highway commission biennial budget for highway construction, location and right-of-way acquisition as presented to the 1965 legislature by the state highway commission and the department of highways.

"The reason that you see some projects appearing by name, at least in the original highway budget document and the project list in the amendment, is that this amendment speeds up the completion of those projects. Moneys allocated in the original projects list will be expended. This amendment will spend an additional amount to speed up completion of the projects. They are not one and the same. These moneys are in addition to the projects already designated and that is the reason for the last page of the amendment offered by me."

Senator Petrich:

"Will Senator Mardesich yield to another question?"

"Senator, am I correct then in assuming that this bill as presently amended supplements and is in addition to the allocation of the highway department in their proposed budget and proposed projects?"

Senator Mardesich:

"Your interpretation is the same as mine. My intention, when I drafted the amendment, and I am sure the intention of the majority which passed it was that this would be in addition to those projects listed in the regular budget."

Debate ensued.

#### MOTIONS

It was moved by Senator Talley that Substitute House Bill No. 655, as amended by the Senate, be referred to the Committee on Highways.

On motion of Senator Sandison, the motion by Senator Talley was laid upon the table.

Debate ensued.

Senators Ryder, Riley and Gallagher demanded the previous question and the demand was sustained.

#### ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 655, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 27; nays, 13; excused, 9.

Those voting yea were: Senators Bailey, Charette, Connor, Dore, Durkan, England, Foley, Gallagher, Gissberg, Hallauer, Henry, Herr, Knoblauch, Kupka, Lewis, McCutcheon, Mardesich, Morgan, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Riley, Ryder, Sandison, Wil-liams—27.

Those voting nay were: Senators Chytil, Cooney, Cowen, Donohue, Greive, Hanna, Herrmann, Keefe, Neill, Redmon, Talley, Washington, Woodall—13.

Excused: Senators Atwood, Freise, Guess, Lennart, McCormack, McMillan, Raugust, Stender, Thompson, Jr.—9.

Substitute House Bill No. 655, as amended by the Senate, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

It was moved by Senator Mardesich that the rules be suspended and that Substitute House Bill No. 655, as amended by the Senate, be immediately transmitted to the House.

#### PERSONAL PRIVILEGE

Senator Washington:

"Mr. President and members of the Senate:

"I would hope—and I would like this to be a matter of record—there is one last opportunity to recognize what has been done here, that you have really set the pattern and this isn't just going to affect highways. It's going to affect everything we do from now on. Before, there were only a limited number of things that you could trade on as far as highways were concerned. Now in everything that comes up, there will be thousands of items that you can trade on to get votes in every field of legislation. When it comes to redistricting next time, it's going to be a road here and a road there. When it comes to a school or an appropriation for a college, it's going to be for a road here or a road there. I'm speaking against the motion to transmit and I will take one minute and you can decide what you want to do. I would hope that someone who voted on the prevailing side would move to reconsider and then we can go back and pass the amendment which the committee on highways has put forth. We can pass this one-cent gasoline tax bill that we need so badly and let the highway commission operate the way they have in the past."

The motion by Senator Mardesich was carried and Substitute House Bill No. 655, as amended by the Senate, was ordered immediately transmitted to the House.

There being no objection, the Senate returned to the fifth order of business.

The Secretary read:

"That is a question the President wishes to have settled."

Senator Woodall:

"Mr. President:

The committee from the House comprised of Representatives Day, Clark and King appeared before the bar of the Senate to notify the Senate that the House was about to adjourn *Sine Die*.

The report was received and the committee retired.

**GOVERNOR'S MESSAGES ON SENATE BILLS VETOED,  
PARTIALLY VETOED OR NOT SIGNED**

January 26, 1965.

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval, **Senate Bill No. 2** entitled:

"AN ACT Relating to the legislature; providing for the re-districting and reapportionment thereof; repealing Chapter 5, Laws of 1957, Chapter 289, Laws of 1957 and Chapter 44.06 RCW; and declaring an emergency."

In my inaugural message on January 13, 1965, I urged the legislature to pass promptly a constitutional redistricting bill which would insure that the party which wins a majority of votes would win a majority of the seats in the legislature. Senate Bill No. 2 totally fails to meet this goal. I have reached this conclusion after a great deal of thought and after meeting with the chief proponents of the bill in the House and Senate.

After considering all of the facts I am convinced that this bill would thwart the will of the majority and guarantee perpetual control of the legislative process by one party.

As Governor, I have a responsibility to all the people of the state, Republicans, Democrats and Independents alike, to see that they have the right to choose by majority vote, the party which will lead the legislature. This bill would deprive the people of the fundamental goal of the two party system.

For these reasons I have vetoed Senate Bill No. 2.

Yesterday I called together the legislative leaders of both parties and urged them to lay aside partisan considerations and to negotiate in good faith a redistricting bill which will be fair to all of the people of the state. When such a bill is presented to me, I will approve it promptly.

It is now the 16th day of the legislative session. The public business is pressing and demands immediate action.

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

March 20, 1965.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate without my approval as to one item, **Senate Bill No. 6**, entitled:

"AN ACT Establishing a code of probate law and procedure, including the making and probating of wills, administration of estates of deceased persons and appointment of guardians of the persons and estates of minors, insane and mentally incompetent persons and administration of their estates; enacting a title of the

Revised Code of Washington to be known as Title 11—Probate Law and Procedure; providing penalties; repealing certain acts and parts of acts; and declaring an effective date.”

This bill culminates three years of work by the Washington State Bar Association to modernize the state probate code. Its enactment will eliminate unnecessary expense in the administration of estates, accelerate the settlement of decedent's estates, and liberalize the administration of small estates.

I am particularly pleased that the legislature chose to use this bill as a vehicle for the removal of appraisals of decedent's property from the area of political patronage. This provision of the bill will greatly assist in my desire to create confidence of the people of our state in clean government, and will reduce unnecessary expense to the survivors of a decedent.

The section of the bill numbered RCW 11.04.015 (1) (a) originally provided that if a person died without a will, the surviving spouse would receive all the net community estate. This section was amended by the legislature to provide that in certain situations the surviving spouse would receive only three-quarters of the net community estate.

The effect of this amendment is as follows:

1. If a person dies, leaving no children, one-half of the community property passes to the parents rather than the surviving spouse.
2. If no parents or children survive the decedent, one-half of the community property passes to brothers and sisters rather than the surviving spouse.
3. If no children, parents, or collateral heirs survive the decedent, one-half the community estate will escheat to the state.

This unintended effect would obviously defeat the entire purpose of enactment of a new probate code. To allow it to remain in the law during the next two years, even though the new code will not become effective, would be a disservice to the legislature. I have therefore vetoed the following language of Section 11.04.015 (1) (a):

“If the intestate is survived by issue or by either parent, three-fourths of”

The section will therefore read:

“(1) Share of surviving spouse. The surviving spouse shall receive the following share:

(a) The net community estate; and”

I urge that the legislature reenact this language at the next session of the legislature to insure that it accurately expresses their intent.

The remainder of Senate Bill No. 6 is approved.

Respectfully submitted,

DANIEL J. EVANS,

Governor.

March 17, 1965.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, **Senate Bill No. 29**, entitled:

“AN ACT Relating to education and the support of the common schools; amending section 3, chapter 276, Laws of 1959 and RCW 28.48.010; amending section 9, chapter 141, Laws of 1945 and RCW 28.48.030; and making an effective date.”

Senate Bill No. 29 changes the method of distributing state aid for schools from ten monthly payments from September through June to twelve monthly payments each year. The underlying purpose of this bill is to commit the state to a distribution in July and August of 1967 which the school districts of the state can anticipate in their planning for the 1966-67 school year, thus enabling them to carry out an improved educational program in the biennium ahead.

This aspect of the bill has been anticipated in Senate Bill No. 374, the Omnibus Appropriation Bill, which projects \$42,308,216 as the “carry-over” amount.

However, this deferral of \$42.3 million is not fiscally sound, if used entirely as a budget-balancing device. This would be tantamount to setting the fuse to a \$42 million bomb that will explode in the legislature’s face at the next session.

We should face up to the cost of supporting the needed increase in the level of educational services at this session, at least to the extent of \$20 million for deficit reduction. A measure such as Senate Bill No. 29 is sound only when included with an appropriation act and revenue measure that taken together result in a balanced budget accompanied by a \$20 million reduction in the general fund deficit. Therefore, I consider the bill premature at this time.

Moreover, Senate Bill No. 374 anticipates that the twenty-four payments to support school districts in 1965-67 will begin with September, 1965, rather than with July, 1965, as provided in Senate Bill No. 29. This aspect of Senate Bill No. 29 would serve to nullify, or at least to confuse the purpose of improving the educational program by projecting distributions after June 30, 1967, to pay part of the 1966-67 school year costs.

As written, Senate Bill No. 29 would mandate a distribution of between \$30 and \$35 million of General Fund tax money during July and August of *this* year, a period when *no* distribution would ordinarily be made, and a period for which school districts have already planned on the basis of no state aid.

The effect of this aspect of the bill would be to transfer to school district treasuries substantial sums of money in advance of actual need, to draw interest for their benefit at a corresponding increased cost to the hard-pressed General Fund.

The effective date of the act should be September 1, 1965.

For the foregoing reasons I have vetoed Senate Bill No. 29.

I will support a properly drafted measure to extend school aid payments to twelve months, if passed at the proper time.

Respectfully submitted,

DANIEL J. EVANS,

Governor.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith **Substitute Senate Bill No. 41** entitled:

“AN ACT Relating to state government and the support thereof; authorizing the issuance and sale of state general obligation bonds to provide for needful buildings for institutions of higher education, the department of institutions, the department of fisheries, the department of natural resources and other state agencies; providing ways and means to pay said bonds; making appropriations; and providing for submission of this act to a vote of the people.”

The bill as approved is to be submitted to the people for their adoption and ratification or rejection at the next general election in accordance with Section 8 of the bill. Certain items of the bill which I have not approved are to be submitted to the Senate at the next session of the Legislature.

This bill provides needed Capital improvements for the institutions of higher education, the department of institutions, certain reform facilities operated by the department of institutions in conjunction with the department of natural resources, the museum operated for the benefit of the state and the education of its people by the Washington State Historical Society, and in addition certain facilities for the department of fisheries and the department of commerce and economic development.

Substitute Senate Bill No. 41 must be submitted to a vote of the people because of the provision of Article VIII, Section 3 of the State Constitution. That section also provides that the indebtedness for which voter approval is sought “shall be authorized by law for some single work or object”.

After consultation with my own legal counsel, with the Office of the Attorney General and with attorneys who specialize in matters of law pertaining to bonds issued by governmental bodies, I have concluded that in its present form there is substantial doubt that Substitute Senate Bill No. 41 complies with the provisions of the State Constitution. There is no decision of the State Supreme Court which approves a bond issue as broad as that contained in Substitute Senate Bill No. 41. *State ex rel. Troy v. Martin*, 38 Wn. (2d) 501, held that a twenty million dollar bond issue to provide needful charitable, educational and penal institutions constituted a single “object” within the meaning of Article VIII, Section 3, of the Constitution.

Without the necessity of a test case, experienced bond attorneys approved a bond issue authorized by the 1957 Legislature for “buildings at state operated institutions and state institutions of higher education”. Substantially all of the \$40,575,000 in bonds authorized by this bill are intended to be used for our charitable, educational and penal institutions and other institutions operated by the Department of Institutions, which I believe clearly constitutes a single object within the meaning of the Constitution. However, lesser amounts have been included in this bill to provide buildings for the Department of Commerce and Economic Development and facilities for the Department of Fisheries. Moreover, some of the facilities of the Department

of Fisheries are not in the form of "buildings" as specified in the title of Substitute Senate Bill No. 41.

In order to avoid litigation over the constitutionality of this bill, which would delay the issuance of the bonds, and to avoid the risk that such litigation might result in the loss of the entire bond issue, I have vetoed the items in Section 6 which would have provided funds for the construction of facilities for the Department of Commerce and Economic Development and the Department of Fisheries, and I have vetoed those portions of the title and of Section 1 of the bill which refer to the Department of Fisheries. The total amount of the items vetoed is \$376,226. Since these bonds will not be issued until the 1967 legislature is in session, these projects can be considered at that time and funds appropriated as the legislature may deem necessary.

With the exception of the items which I have vetoed as set forth above, the remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS,

Governor.

April 28, 1965.

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to one item, **Substitute Bill No. 42** entitled:

"AN ACT Adopting the capital budget and making appropriations for capital improvements; and declaring an emergency."

I have no objection to the appropriations contained in this bill, but I am concerned that it should take effect on July 1, 1965 when the next biennium commences.

This bill contains appropriations and reappropriations for capital improvement projects. The allotment of funds pursuant to this bill is intended to occur during the biennium commencing July 1, 1965; however with the exception of certain projects at the state universities and state colleges which take effect immediately, this bill will not take effect until ninety days after adjournment of this legislative session. It is difficult to predict the effective date of the bill; however it is obvious that it will be a month or more after the commencement of the next biennium.

This delay in making funds available could work a hardship with respect to projects previously authorized for which reappropriations have been made in this bill. It is unfortunate that the emergency clause in Section 10 was not expanded to make all portions of the bill effective no later than July 1, 1965. However, to relieve this problem, I have vetoed the language in Section 10 which restricts the operation of the emergency clause to appropriations from the building and capital projects accounts of the state universities and state colleges. By striking this language the entire act will become effective immediately. However, this does not mean that funds will be expended prior to the time intended by the legislature. Under Section 3 of the bill the Budget Director, with the approval of the Governor, must allot funds before any

project can begin or any obligation can be incurred. The power to make such allotments can be used to give effect to the legislative intent that appropriations from the building and capital projects accounts of the state universities and colleges shall take effect immediately and that other appropriations shall take effect July 1, 1965.

With the exception of a certain item in Section 10, which I have vetoed for the reasons stated above, the remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

April 8, 1965.

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to one item, **Senate Bill No. 47** entitled:

“AN ACT Relating to judges salaries and pensions, and salaries of members of the legislature; amending section 1, chapter 144, Laws of 1953 as amended by section 1, chapter 260, Laws of 1957 and RCW 2.04.090; amending section 2, chapter 144, Laws of 1953 as amended by section 2, chapter 260, Laws of 1957 and RCW 2.08.090; and amending section 1, chapter 48, Laws of 1949, as last amended by section 2, chapter ....., Laws of 1965, as re-enacted by section 43.03.010, chapter ....., Laws of 1965, and RCW 43.03.010; and amending section 1, chapter 173, Laws of 1941 as last amended by section 1, chapter 3, Laws of 1965, and RCW 44.04.080.”

This bill increases the salaries of legislators and judges of the supreme and superior courts effective after the expiration of their respective terms of office. It also reduces the per diem of legislators to be received while in session from \$40 to \$25, effective January 1, 1967.

Section 3 of this bill provides that the increases in judicial salaries provided in sections 1 and 2 shall not be considered in computing retirement benefits. Under the judges' retirement system, a judge who qualified for full retirement benefits may retire on a pension of one-half his salary at the time of his retirement. Upon his death, his widow would receive one-half of his pension. It is my opinion that under the decisions of the Washington Supreme Court, including *Bakenhus v. Seattle*, 48 Wn. (2d) 695, 296 P. (2d) 536, the restriction contained in section 3 of this bill cannot lawfully be applied in computing pensions of those judges serving at the effective date of this act.

Moreover, I believe that it is important that we attract to the judiciary the most qualified persons possible. The pension benefits which accrue to judges upon retirement, and to their widows in the event of their death, are just as important in attracting qualified persons as the salary paid while they are serving on the bench.

I have vetoed Section 3 so that judicial pensions shall be based upon the

salary levels established in Sections 1 and 2 of the bill. The remainder of **Senate Bill No. 47** is approved.

Respectfully submitted,  
DANIEL J. EVANS,  
Governor.

March 23, 1965.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, **Senate Bill No. 50** entitled:

“AN ACT Relating to state government; establishing a state law enforcement officers’ training commission; providing for its organizational structure; defining its power and duties; establishing a law enforcement officers’ training fund; and amending section 3, page 421, Laws of 1873 as last amended by section 1, chapter 30, Laws of 1919 and RCW 10.82.070.”

This bill creates a Law Enforcement Officers’ Training Commission in order to improve standards of law enforcement throughout the state. I approve of this legislation in principle, however, I have vetoed certain items in Section 3 and all of Section 19.

Section 3 provides that the membership of the commission shall include the Attorney General, the Chief of the State Patrol and the Special Agent in charge of the Seattle office of the FBI, or their respective designees. Six other members of the commission are to be appointed by the Governor; however, the bill restricts the appointing power of the Governor to nominees submitted by various associations of sheriffs, chiefs of police, county commissioners and cities.

I believe these restrictions are contrary to sound public policy. The person who makes an appointment should be held responsible for it. If it is good, he deserves the credit; if it is bad, he deserves the blame. But no appointing power can properly be held to account for an appointment which he is not free to make in accordance with his own best judgment. When making appointments to this commission I will seek the advice and counsel of persons knowledgeable in the field of law enforcement. I will welcome suggestions from all interested parties and organizations, including those associations named in this bill. I believe any succeeding Governor would follow this example.

In exercise of the power of item veto, I have retained the basic make-up of the commission, in that six appointive members of the commission must include two sheriffs, two chiefs of police, one county commissioner, and one executive officer of a city. Only the requirement that the appointments be made from restricted lists submitted to the Governor has been removed.

Section 19 provides that funds appropriated or otherwise available to the commission shall be under the direct jurisdiction of the commission, and that vouchers shall be submitted to the State Treasurer. This is contrary to pro-

cedures established pursuant to the Budget and Accounting Act with respect to other state agencies. I do not believe that the legislature intended this commission to be exempt from the usual budgetary controls. Because I fear the provision is susceptible to that interpretation, I have vetoed Section 19.

The remainder of the bill is approved.

Respectfully submitted,  
 DANIEL J. EVANS,  
 Governor.

April 8, 1965.

To the Honorable,  
 The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to certain items, **Senate Bill No. 122** entitled:

“AN ACT Relating to commercial transactions; enacting a Uniform Commercial Code; repealing certain acts and parts of acts; and declaring an effective date.”

Passage of the Uniform Commercial Code represents a major accomplishment by the legislature—one in which each of you may take great pride. Its passage will improve the state's commercial climate, and thereby benefit all our citizens.

No legislation of the scope and complexity of the Uniform Commercial Code can be prepared without creating problem areas. The legislature has wisely chosen to set the effective date for the Code following the 1967 legislative session. This will give many groups an opportunity to review it carefully during the next two years, and to suggest solutions for those problems which exist. By separate letter I am urging the Washington State Bar Association to continue its study of those sections about which questions have been raised during this session. I urge legislators to participate in this review.

I have chosen to bring to the attention of those who will continue to study this bill three portions which I believe to be unsatisfactory.

#### **Specially Built Products**

My first point of concern is Section 2-616 which allows purchasers to terminate contracts for the manufacture and sale of specially built products in the event of an excusable delay (caused by an act of God). Subsection (3) denies commercial concerns the right to negotiate and agree to an allocation of the risks occasioned by such excusable delays.

Under Section 2-616, as now written, if a manufacturer incurs substantial costs in connection with the development and production of products for a particular customer, and then is delayed in making delivery by fire or other calamity beyond its control, the purchaser could terminate the contract without liability. I believe it is unreasonable to deny the manufacturer and the purchaser the right to bargain at arms' length for an allocation of the risks which would be occasioned by such an event.

It also should be observed that the termination of contracts under Section 2-616 occurs automatically in the event the purchaser fails to take any action within thirty days after learning of the delay. A purchaser unwittingly may

allow the termination of his contract, placing him in the position of having to negotiate with the seller for new terms of purchase; at a time when he no longer has any bargaining power.

In an effort to protect both buyer and seller, the state of Wisconsin has deleted this provision from its Code. I have elected to veto subsection (3) of Section 2-616, which will eliminate the provision that the type of contract involved in this section cannot be modified by mutual agreement.

### **Assertion of Defenses**

Section 9-206 deals with agreements not to assert defenses against assignees. By amendment, the following proviso was added: "Provided, That nothing in this act may be construed as depriving a buyer, as against an assignee, of asserting the defense of fraud or material misrepresentation by the seller."

I believe this amendment was intended to protect the consumer, which is a commendable objective. However, existing statutes protect consumers against agreements which waive the right to assert all defenses against assignees, including the defenses of fraud and material misrepresentation. RCW 63.14.150 provides:

"No provision of a retail installment contract or retail charge agreement shall be valid by which the buyer agrees not to assert against the seller or against an assignee a claim or defense arising out of the sale."

This statute applies to all retail sales of goods and services purchased primarily for personal, family or household use. Section 9-206 of the Code expressly preserves this statute, thus making the amendment unnecessary to protect the consumer.

Because the proviso applies to the entire Code, not just to this section, it might create unintended results with regard to negotiable instruments. The basic concept of negotiable instruments is that they must pass freely from one person to another, in much the same manner as currency. To subject an innocent holder of a negotiable instrument to unique restrictions would disrupt normal commercial transactions in the state of Washington, and result in a distinct hardship to all parties.

Therefore, I have vetoed the proviso at the end of Section 9-206 (1).

### **Financing Statements**

Section 9-402 (1) of the Code sets forth the minimum formal requirements of a financing statement, which is the instrument by which public notice of a security interest is given. One of the basic purposes of the Code is to adopt the principle that filing a simple and dependable "notice" that a lien is outstanding is preferable to filing the security instrument itself. Washington has previously adopted "notice filing" for certain security transactions. The notice is designed to direct a subsequent creditor or buyer to the source of the current and complete information regarding the prior lien. The Code extends this to all security transactions.

However, the legislature has amended Section 9-402 (1) to require that unnecessary information be inserted in the notice. Imposing these additional requirements enhances the opportunity for technical error, thus voiding a bona fide transaction without providing any greater notice or protection to the public. The opportunity for error by out-of-state companies is especially increased. In this regard, I note that Section 9-208 has been amended to

permit a debtor to require a secured party to send information regarding the status of his indebtedness and the collateral secured thereby to any person whom the debtor might designate. Thus, a prospective subsequent creditor easily can obtain reliable information concerning the prior security transaction. Therefore, I have vetoed the items in Section 9-402 (1) added by amendment to the original bill.

Section 9-402 (3) sets forth the form of a financing statement. To conform to the amendment discussed above, the legislature made provision for the addition of information in the financing statement required by subsection (1). Therefore, I have vetoed certain items appearing on lines 10 through 13 inclusive and lines 23 through 26 inclusive of subsection (3).

Apparently the Senate Judiciary Committee preparing its amendment to Section 9-402 (3) followed the California statute, because it inadvertently deleted the portion of the subsection which provides for the description of fixtures. It is not within my power to insert this portion of the Code which has been inadvertently omitted, but the 1967 legislature may wish to correct this omission.

The words "or timber" appears in two places in Section 9-402 (3). The California statute specifically deals with timber. Since the amendment discussed above followed California's section, these words were inadvertently included, when no reference to "timber" is contained in Section 9-402 (1). In order to correct the ambiguity existing between subsections (1) and (3), I have vetoed these words where they appear in Section 9-402 (3).

### Conclusion

With the exception of Section 2-616 (3), a certain item in Section 9-206 (1), and certain items in Section 9-402 (1) and 9-402 (3), which I have vetoed, the remainder of **Senate Bill No. 122** is approved.

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

March 20, 1965.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, **Senate Bill No. 126** entitled:

"AN ACT Relating to courts of limited jurisdiction; providing increases in salaries; changing the method of paying salaries of judges of courts of limited jurisdiction; amending section 100, chapter 299, Laws of 1961 and RCW 3.58.010; amending section 4, chapter 156, Laws of 1951 and RCW 3.16.004; and amending section 35.20.160, chapter 7, Laws of 1965 and RCW 35.20.160."

Section 2 of Senate Bill No. 126 directs that justices of the peace in cities over 20,000 shall not engage in the practice of law. This provision becomes effective 90 days after the adjournment of the regular session of the legislature.

Section 2 also provides for an increase in the compensation of these justices from \$6,500 per year to \$12,500 or two-thirds the amount of the salary provided by statute as the salary for superior court judges, whichever is greater. Pursuant to Article XI, Section 8, of the Washington State Constitution, the salary of these justices cannot be increased during their term of office. This would create a period in which a number of justices would be required to serve as full-time justices of the peace at a salary of \$6,500 a year.

The language of the statute is clear, and the unfortunate result would occur without regard to the intent of the legislature. To allow it to become law would undoubtedly result in litigation, which the legislature obviously did not intend.

I am informed that the Senate has added an amendment to Senate Bill No. 459, which correctly accomplishes what the legislature intended to accomplish by section 2 of Senate Bill No. 126. I urge that you take favorable action on that amendment.

For the above reasons, I have vetoed all of section 2 of Senate Bill No. 126, restoring the original statutory language of RCW 3.16.004. The remainder of Senate Bill No. 126 is approved.

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

April 2, 1965.

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval, **Senate Bill No. 229** entitled:

"AN ACT Relating to county commissioners; canceling notice requirement for purchases under five hundred dollars; and amending section 36.32.250, chapter 4, Laws of 1963 and RCW 36.32.250."

This bill would eliminate the requirement that counties post a notice of intention to let contracts or make purchases involving amounts of \$500.00 or less. Existing law requires posting of notice where the amount exceeds \$100.00. I have no objection to this proposed change in the law.

However, Senate Bill No. 229 amends RCW 36.32.250 which also was amended in the 1965 regular session of the legislature by Senate Bill No. 213, chapter 113, Laws of 1965. Senate Bill No. 229 does not refer to the earlier enactment in its title and does not include the changes in RCW 36.32.250 which were made by Senate Bill No. 213.

I am of the opinion that under Article 2, Section 37 of the State Constitution as interpreted by the Supreme Court in *State ex rel. Gebhardt v. Superior Court*, 15 Wn. (2d) 673, Senate Bill No. 229 would have the effect of superseding Senate Bill No. 213.

Members of my staff have discussed this problem with Senator Gissberg who sponsored Senate Bill No. 229, and he agrees that it would be undesirable to permit this bill to become law under these circumstances.

I trust that legislation similar to Senate Bill No. 229 can be introduced at the next session of the legislature in order to effect the amendment of the law contemplated by the legislature.

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

February 18, 1965.

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval, **Senate Bill No. 237** entitled:

“AN ACT Relating to the legislature; providing for the re-districting and reapportionment thereof; repealing Chapter 5, Laws of 1957, Chapter 289, Laws of 1957 and Chapter 44.06 RCW; and declaring an emergency.”

This bill obviously does not represent a serious effort on the part of the legislature to solve the difficult problem of redistricting. It seems to have been framed in such a way as to invite gubernatorial veto. Non-contiguous land areas have been included in one district in direct violation of the State Constitution. Many districts have such disproportionate populations that they violate the rules of “one man, one vote”. One district has been given three representatives instead of two, when other districts have a greater number of inhabitants and therefore are entitled to greater representation. And some portions of the state have been omitted entirely from the plan and other errors in describing districts appear throughout the bill.

The Honorable John T. McCutcheon, chairman of the Senate committee on redistricting, has been quoted in the press as stating during the debate on this bill:

“I don’t expect we could even carry this bill on this side of the aisle if we didn’t know Governor Evans would veto it.”

I would unhesitatingly veto this bill under any circumstances, but it is comforting to know that in this action I am supported by a majority of the legislators.

If we can agree that this is a bad bill, I trust that we can agree on a good one. Toward this end leaders of both parties in the House and Senate have been meeting with me this week in an effort to resolve the differences which have prevented the enactment of a fair, equitable and responsible re-districting law. It is my sincere hope that a redistricting plan acceptable to a majority of the legislature and to this office will be enacted soon.

However, I wish to make a record of some of the specific objections which I have to this bill in the hope that future bills may avoid these pitfalls.

First, I question the propriety of providing district 49 with three representatives, when it appears that its population of 69,593 people is less than the population of at least two other districts, to wit district 37 with 70,935 inhabitants and district 46 with 69,846 inhabitants. In this regard I call the attention of the legislature to the constitutional guidelines for redistricting contained in the attorney general’s letter of December 24, 1964 addressed to

my administrative assistant, Mr. James Dolliver. In that letter the attorney general said:

“ . . . if the legislature determines to retain the present number of senators (forty-nine) and representatives (ninety-nine) and, as well, the present number (forty-nine) legislative districts, it is evident that *forty-eight* legislative districts will have one senator and two representatives each and the *forty-ninth* district will have one senator and three representatives. The legislative district having this excess number of representatives should properly contain a somewhat higher population than *any* of the other districts. Using the figures set forth above, we have suggested that this “three representative” district might contain something in the neighborhood of seventy-five thousand to eighty thousand inhabitants.”

Second, I object strongly to dividing any county into an unnecessary number of districts. Senate Bill No. 237 is grossly unfair to Kitsap county in this regard. It would place portions of the county in three separate senatorial districts. Bainbridge Island would be joined with a part of Seattle. Bremerton would be split in two with a portion being joined with three census tracts in Kitsap county and other parts of the state as far away as the Canadian border in Whatcom county. The balance of Kitsap county would constitute district 23.

Third, I believe that the portions of Kitsap county included in district 41 are not contiguous as required by Article II, Section 6 of the Washington Constitution. These areas are a part of the mainland portion of Kitsap county and are separated from each other by several miles of additional land area which has been included in district 23.

Fourth, several districts appear to vary in population more than 15 percent from the population for an ideal district. These include districts 1-A, 16, 37, 41-A, 45 and 46. Moreover, in Seattle district 45 is underpopulated more than 15 percent, and adjoining district 46 is overpopulated more than 15 percent. These districts could easily be adjusted to equalize population. Again it is helpful to refer to the guidelines furnished by the attorney general in his letter of December 24, 1964 where he stated:

“In line with the proposition, noted earlier, that population density is a factor which can legitimately be considered, we are further advising that within the permissible general population ranges, *supra*, any underpopulated districts should generally be confined to sparsely populated rural areas. Likewise, any overpopulated districts should be located in densely populated urban or suburban areas.

“Furthermore, we should emphasize that in regard to the establishment of these ranges we are suggesting that the lesser, or ten percent “over and under” standard be adhered to as far as reasonably possible. Some clearly demonstrable justification should exist for any deviation in excess of this degree.

“Basically, we believe it probable that a legislative apportionment plan that conforms with these standards and guidelines can be defended. A plan which departs from these guidelines would, in our opinion, be most difficult to defend and would probably lead to protracted litigation in regard to the matter.”

For the reasons outlined above, I have vetoed Senate Bill No. 237. Moreover, I believe Senate Bill No. 237 is not only undesirable legislation, but is of doubtful validity. The letter of December 24, 1964 from the attorney general warns against adopting such a plan:

"Clearly, an apportionment plan which is only marginal or of doubtful validity should be avoided because of the possibilities of protracted litigation that could result in regard to determining the constitutionality of such a plan. Because the legislature will not be permitted to function in its normal manner until the court has approved its legislative apportionment plan, it is evident that the plan adopted and presented to the court must be one which will be *clearly acceptable*."

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

April 8, 1965.

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to one item, **Senate Bill No. 301** entitled:

"AN ACT Relating to elections; amending section 29.10.110, chapter 9, Laws of 1965 and RCW 29.10.110; amending section 29.51.060, chapter 9, Laws of 1965 and RCW 29.51.060; and adding new sections to chapter 9, Laws of 1965 and to chapters 29.04 and 29.10 RCW."

This bill makes a number of changes in the law relating to elections, and provides procedures for removing from the registration rolls the name of any person who no longer resides in the precinct in which he is registered.

Section 4 and Section 9 each provides that the Secretary of State shall cause appropriate forms to be designed to carry out the provisions of this amendatory act.

However, Section 9 also provides that some of the forms shall be furnished by the Secretary of State to the various county auditors and city and town clerks. The Secretary of State has never been required to furnish election supplies to the cities, towns and counties; and none of the budgets submitted to the legislature this session has provided for this expense.

In order that the bill will be consistent with past election procedures and not involve additional expense to the state, I have vetoed Section 9. The remainder of **Senate Bill No. 301** is approved.

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

March 23, 1965.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, **Senate Bill No. 310**, entitled:

“AN ACT Relating to public hospital districts; amending section 6, chapter 264, Laws of 1945, as amended by section 18, chapter 197, Laws of 1949 and RCW 70.44.060; amending section 10, chapter 264, Laws of 1945 and RCW 70.44.160; amending section 16, chapter 264, Laws of 1945 and RCW 70.44.170; and declaring an emergency.”

Section 5 contains the standard emergency clause requiring the act to take effect immediately. Imposition of an emergency clause defeats the right of the people to reject legislative action by referendum, and should be sparingly used.

Having carefully considered each section of Senate Bill No. 310, it is clear that no part of the act is necessary for the immediate preservation of public peace, health and safety, or the support of state government and its existing public institutions.

Section 5 is therefore vetoed. The remainder of Senate Bill No. 310 is approved.

Respectfully submitted,  
DANIEL J. EVANS,  
Governor.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, **Senate Bill No. 360** entitled:

“AN ACT Relating to labor relations; authorizing collective bargaining by and between agencies of the state and its political subdivisions and the employees thereof; and prohibiting certain practices.”

This bill purports to grant to employees of the state and certain political subdivisions the right to bargain collectively with their employers through labor organizations. I am satisfied that this statute is not necessary to confer this right upon public employees, and that, as written, the bill would contravene the merit systems now established at many levels of government.

Collective bargaining is not new to state or local government. At least nine collective bargaining agreements are in operation between organizations of public employees and state agencies; and more than thirty such collective bargaining agreements have been entered into with local units of government.

The state supreme court and the attorney general have ruled time and time again that such agreements are permissible under our laws as they now exist, without the need for Senate Bill No. 360. The supreme court ruled as early as 1947 that local government employees could organize and bargain collectively. This position was reaffirmed in 1958. The attorney general has issued similar opinions regarding city employees in 1951, county employees in 1957, and employees of municipal corporations generally in 1961. Therefore, no new law is needed to authorize the governing bodies of local units of government to enter into collective bargaining agreements, so long as those agreements do not transfer from the public officials elected by the people, the powers and duties which they alone were elected to perform, and so long as ultimate control over the public purse-strings is retained by those elected officials.

Nor is Senate Bill No. 360 needed in order to authorize collective bargaining at the state level of government. In 1960 the people enacted by initiative a system of personnel administration based on merit. Section 15 of this law requires the adoption of rules by the State Personnel Board to authorize collective bargaining agreements. These rules have been adopted, and agreements have been entered into by state agencies.

But it is the effect of Senate Bill No. 360 upon this merit system, and the merit systems established at countless local units of government, which concerns me most. I have noted from my examination of the laws of other states that invariably the authorization to bargain collectively has been made subject to the paramount principle of civil service. For example, the California law provides:

"Nothing contained herein shall be deemed to supersede the provisions of existing state law and the charters, ordinances and rules of local public agencies which establish and regulate a merit of civil service system or which provide for other methods of administering employer-employee relations. This chapter is intended, instead, to strengthen merit, civil service and other methods of administering employer-employee relations through the establishment of uniform and orderly methods of communication between employees and the public agencies by which they are employed."

Also, the federal government has exempted its employees from labor legislation to avoid any conflict with the federal civil service system. No state or federal law which I have examined conflicts so directly with the civil service system as Senate Bill No. 360.

Under state merit system rules, collective bargaining agreements are subject to certain limitations. For example, these agreements may not contravene any merit system rule or Central Budget Agency regulation promulgated under statutory authority. And the attorney general has similarly ruled that under existing law collective bargaining agreements at the local level may not conflict with any charter or ordinance (which would include a merit system provision). Merit system laws and rules often provide methods for resolving disputes through personnel boards or civil service commissions. Without the limitations contained in the laws of other states, Senate Bill No. 360 would undermine these procedures and ultimately the entire civil service system.

Section 15 of the state merit system initiative also limits the scope of bargaining to matters "which may be peculiar to an agency." This recognizes that many of the terms and conditions of public employment are fixed by the legislature and therefore cannot be bargained away. Senate Bill No. 360 without such restrictions conflicts with the merit system and derogates from the duties conferred by the people upon their elected representatives.

For the foregoing reasons I have vetoed Senate Bill No. 360; but I have not done away with the right of public employees to collectively bargain. This right still exists, but without Senate Bill No. 360 the people will be assured that collective bargaining agreements will continue to be subject to merit systems wherever they exist, and that statutory and constitutional duties of elective officials will not be transferred at the bargaining table to some other person or group not responsible to the will of the people.

Respectfully submitted,

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith without my approval, **Senate Bill No. 422**, entitled:

"AN ACT Relating to industrial insurance and compensation—  
right to and amount; and amending section 51.32.080, chapter  
23, Laws of 1961 as amended by section 3, chapter 274, Laws of  
1961 and RCW 51.32.080; amending section 51.32.040, chapter  
23, Laws of 1961 and RCW 51.32.040."

On April 9, 1965, I signed and transmitted to the Secretary of State **Senate Bill No. 39**, an act providing increased benefits under the Workmen's Compensation Act, totaling 2½ million dollars annually, payable to widows and families of fatally injured workmen and to workmen who have suffered temporary and permanent total disability from injuries sustained in the course of their employment. These benefits are payable from premiums paid solely by employers of the state. Senate Bill No. 39 had bi-partisan support on final passage, and I approved it to insure that the working men and women receive at least a portion of the increase in benefits which they deserve.

I have long recognized the need for increases in the benefits payable to injured workmen and their families. However, I also recognize that injured workmen, usually the more seriously disabled, have been victimized by unnecessarily technical processes built into the appellate structure of the Act, which permit unjustifiable delay in payment of awards, and which are totally foreign to the original intent of the framers of this progressive method of replacing lost earnings resulting from work-incurred injuries.

Toward the resolution of this distressing injustice in our industrial insurance program, I proposed in February to this legislature reasonable revisions in the appellate procedures of the Workmen's Compensation Act. My proposal was consistent with the procedures used by an overwhelming number of other states. It was consistent with proposals embodied in the Report of Suggested State Legislation of the Council of State Governments,

whose Advisory Committee on Workmen's Compensation included labor leaders such as Clinton Fair and Lawrence Smedley, both of the AFL-CIO. The proposal also follows the recommendations of former Secretary of Labor Goldberg and the present Secretary of Labor, Willard Wirtz. I have also discussed my proposal with the members of the Board of Industrial Insurance Appeals, who have indicated their support. It is clear that responsible labor leaders in this state recognize the need to meet this problem which the injured workman faces. Yet Senate Bill No. 422 makes no attempt to reduce the unfortunate delay in processing appeals.

In addition, Senate Bill No. 422 makes no attempt to adopt a schedule of benefits based upon a nationally recognized guide of relative values for various disabilities. Such a guide has been published by the Committee on Medical Rating and Physical Impairment of the American Medical Association. Its use would result in far greater uniformity among physicians in their rating of disability and drastically reduce the conflicts which result in lengthy appeals. Instead, Senate Bill No. 422 compounds the existing inequities in the present schedule.

Because of the vital necessity for immediate action to modernize our appellate procedure, and provide more adequate benefits for injured workmen than those contained in Senate Bill No. 422, and the need to base them on scientifically arrived at and nationally recognized standards, I sent to the legislature on April 9, before Senate Bill No. 422 was passed, a message containing a proposal which would provide benefits to permanently partially disabled workmen totaling \$3.8 million. This is \$1.3 million more than Senate Bill No. 422 provides, and would result in a total increase in benefits of \$6.3 million at this session of the legislature. This schedule of benefits was given to the president of the United Labor Lobby on April 8, when I discussed it with him at length. Yet Senate Bill No. 422 does not contain any of these increased benefits nor allow the injured workman to escape from the delay caused by the protracted legal proceedings of the present system.

I am disappointed that the president of the United Labor Lobby did not urge the legislature to amend Senate Bill No. 422 to include my proposal; however, there is still time for this legislature to adopt this increased benefit schedule and modernize appeals procedures, thereby accepting its responsibility and meeting the needs of the injured workmen.

Because Senate Bill No. 422 does not meet these needs, it is vetoed.

Respectfully submitted,

DANIEL J. EVANS,

Governor.

May 14, 1965.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, **Substitute Senate Bill No. 438** entitled:

"AN ACT Relating to highways and the operation of vehicles thereon."

This is the so-called "Highway Omnibus Bill of 1965". Section 33 of the bill is an amendment to the 1963 Highway Priority Programming Act, which required the State Highway Commission to plan for one hundred percent completion by 1975 of this state's portion of the national system of interstate highways and those highways classified as "principal highways". Section 33 of Substitute Senate Bill No. 438 would extend the time for completing these highways for an additional six years, to 1981.

I am reluctant to extend the time for completing this high priority highway system. The people need most of these highways now. To allow them to remain uncompleted for sixteen years would be poor highway planning. Limitations on available funds over the next ten years may require some adjustment in priorities established by the State Highway Commission. I request that the Highway Commission and the Joint Highway Interim Committee of the legislature reappraise the schedule of priorities and classification of highways to see if revisions are necessary to be sure that the highways carrying the greatest traffic loads are completed by 1975, rather than to postpone final completion for six more years, so that less important highways can be constructed at the same time.

Until such a reappraisal of priorities can be completed, I believe the Highway Commission and the Highway Department should exert every effort to meet the 1975 target date. For these reasons I have vetoed the items in Section 33 which amended "1975" to read "1981". The remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

April 19, 1965.

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to certain items, **Senate Bill No. 522**, entitled:

"AN ACT Relating to education; adding new sections to Title 28, RCW; repealing certain statutes; declaring an emergency; and fixing the expiration date of this act."

This bill enacts a new formula governing the apportionment of state funds to local school districts for maintenance and operation purposes. It represents a positive step forward in the field of school finance. Basically the bill measures all revenues, local and federal, available for maintenance and operation of common schools. Then it provides for the distribution of state money on the basis of need, to achieve as nearly as possible a guaranteed level of support for the public schools. This bill should greatly equalize the educational opportunities for school children throughout the state.

This is one of five bills which I proposed as a program to equalize the local tax support of schools and to provide schools with an assured base of local tax revenue, thereby reducing their reliance on special levies. The legislature failed to adopt the permanent parts of this program, thus I was

forced to veto Senate Bill No. 523 which imposed a temporary ten-mill state property tax for schools.

Section 1 of Senate Bill No. 522, which is returned herewith, provides for the distribution of proceeds of the temporary ten-mill state tax. Since there will be no such tax, this section is no longer appropriate and has been vetoed.

In section 2 of the bill returned herewith there is a reference to the state property tax on lines 29 and 30 of page 3, which is surplusage and has been vetoed.

Subparagraph (1) of section 2, appearing on page 4 of Senate Bill No. 522, provides that for purposes of determining state apportionment, property tax revenues will be recognized as a local resource to the extent of specified percentages of ten mills based upon assessed valuations adjusted to fifty percent of true and fair value according to ratios fixed by the State Board of Equalization. Since there will be no proceeds of a property tax "equalized at the state level" available to local school districts, I have vetoed subparagraph (1) of section 2.

The result of the veto of this item is to remove from the bill any specific legislative mandate that any property tax revenues be treated as a local resource in computing state apportionment; however subparagraph (7) of section 2 treats as a local resource "eighty-five percent of such other available revenues as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support . . . ." The state superintendent has advised me that he will utilize this authority to consider eighty-five percent of the local school property tax as a local resource. However, the legislature may wish to amend this statute to give more specific authority to the state superintendent and to provide some penalty in the event a school district fails to levy the maximum millage permitted by law without a vote of the people. Such provisions were contained in the school apportionment statutes repealed by this bill.

With the exception of Section 1 and the items in Section 2 described above which are vetoed, the remainder of Senate Bill No. 522 is approved.

Respectfully submitted,

DANIEL J. EVANS,

Governor.

April 17, 1965.

To the Honorable,  
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval, **Senate Bill No. 523** entitled:

"AN ACT Relating to revenue and taxation; amending section 84.52.050, chapter 15, Laws of 1961 as amended by section 1, chapter 143, Laws of 1961 and RCW 84.52.050; and declaring an emergency."

Let me remind you of three of the most serious problems facing the people of this state.

The first of these problems is that school districts rely far too heavily upon annual special property tax levies in order to provide the children of our state with a basic level of education. The average special levy for main-

tenance and operation purposes is now 8.7 mills and in many districts the levies are much higher. When a special levy is defeated the results are often disastrous. Vital programs are curtailed, teachers are laid off, and classroom loads on those who remain are increased. What is more important, the educational opportunity denied to the children of the school district can never be restored.

The second of these problems facing the people is that they do not share equally in the burden of providing a basic education for our children. This is due in part to the wide difference in the level of assessed valuations of property from one county to another. It is also due to the wide difference in the amount of special levies used to overcome the deficiencies in the basic 14 mill school tax. For example, in many areas of the state where assessed valuation is approximately 14% of the actual value of property, the owner of a \$10,000 home contributes as little as \$20 per year toward the education of children in the common schools. In contrast, such a homeowner in Spokane, where the assessment level is 23.4%, contributes more than \$60 per year, almost \$33 of which is derived from the basic 14 mill school tax and the balance from special levies. This is not the highest tax paid. The combined regular and special levies for school maintenance and operations produce a tax on a \$10,000 home of more than \$70 per year in Tacoma and almost \$90 per year in the Shoreline School District north of Seattle. These inequities should not be permitted to continue.

The third of these problems is the ever present threat that the average property tax could triple if the courts were to require the assessments of property at 50% of actual value as provided in the Constitution.

To provide a permanent solution to these pressing problems, I submitted to this legislature a five part program. This program would have reduced the average special levy from 8.7 mills to 2 mills and would have eliminated special levies in most school districts. It would have made the basic 14 mill school tax an assured base of support, guaranteeing equal basic educational opportunities to all children of the state. It would have guaranteed an equal school tax on properties of equal value throughout the state, so that all our citizens would pay their fair share of the school tax burden. The program would have protected the people from any increase in their property taxes without their consent as expressed through a majority vote at the polls. But most important, it would have lowered the constitutional level of assessed valuation from 50% to 30% of actual value.

The two key parts of the permanent solution offered by this program were embodied in Senate Joint Resolution No. 24 and Senate Bill No. 525.

Senate Joint Resolution No. 24 is a proposed constitutional amendment to reduce to 30% the required assessment level upon which all taxes are to be based. It also would assure school districts that their tax levies would be based upon the new constitutional assessment level. This proposal would have been submitted to a vote of the people at the 1966 general election.

Senate Bill No. 525 would have taken effect only after the constitutional amendment had been submitted to the people. It would have required the assessment of property at the constitutional level; but it would have prevented automatic tax increases. The bill would require taxing districts to reduce millage to offset increases in assessed values. As the tax base went up, the millage level would go down so that the dollar amount available to taxing

districts would not be affected by the program. Only through a special vote of the people could taxes possibly be raised.

These key proposals, together with the balance of my program, were considered at four public hearings, three in Olympia and one in Spokane. The Senate debated the proposed constitutional amendment for more than a week. The legislature became fully apprised of the problems facing our schools and our taxpayers and it had ample opportunity to understand my proposals. Nevertheless, the constitutional amendment failed to receive the necessary two-thirds majority required for passage, and no final vote was taken on Senate Bill No. 525.

The rejection of these measures was indeed shortsighted, and an action which I fail to understand. My proposal has not been rejected in favor of another solution to these problems. For, those who have joined together to defeat these measures have advanced no plan whatsoever to relieve the special levy problem, or to protect the taxpayer from excessive property taxes, or to equalize the local effort to support schools.

I cannot believe that the legislature is insensitive to these problems or unwilling to solve them. Once again, I urge the legislature to pass the permanent measures I have submitted to you.

The bill I have returned herewith is also a part of my program; however, this measure was designed to provide temporary relief from special levies pending adoption of the constitutional amendment. The legislature saw fit to pass the temporary measure before it knew whether or not the permanent plan of which it is a part would be adopted. The constitution does not permit me to withhold action on Senate Bill No. 523. Today is the last of the five days in which I must take action on this bill. Therefore, I must act upon this bill as if no permanent parts of my program will be adopted, even though such action may occur before the end of the special session.

It is my belief that adopting a temporary, stop-gap measure which would have the effect of raising taxes in some areas of the state, without giving the people an opportunity to vote on the entire program at the next election, would be unfair to the taxpayers of the state. Moreover, such action would alter the current pattern of special levies in school districts for two years without offering any permanent solution to the special levy problem. This could make special levies even more difficult to restore two years from now, and would compound the financial uncertainties which now plague local school districts.

For the foregoing reasons, I have vetoed Senate Bill No. 523.

Respectfully submitted,

DANIEL J. EVANS,

Governor.

To the Honorable,  
The Senate of the State of Washington  
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, **Senate Bill No. 570**, entitled:

---

“AN ACT Relating to highways; making appropriations; declaring an emergency; and providing an effective date.”

This bill was designed as a companion bill to Substitute House Bill No. 655, which would have increased the motor vehicle fuel tax by one cent per gallon. Senate Bill No. 570 appropriates for highway purposes over \$21 million, which is the amount the increased tax would have raised. The bill also contains an additional appropriation to the Department of Motor Vehicles to pay the costs of collecting the proposed additional tax.

The legislature did not pass House Bill No. 655, thus no revenues will be available to meet the appropriations contained in Senate Bill No. 570. Therefore, I have vetoed Senate Bill No. 570.

Respectfully submitted,

DANIEL J. EVANS,

Governor.
